## Administrative Services Memorandum

To: Public Safety Committee  
 From: Craig Longnecker  
 Date: April 18, 2019  
 Subject: Child Care Fund Budget Update

Below is a summary of projected child care fund expenditures for 2019:

### CHILD CARE FUND

	Original Budget	Amended Budget	Projected Expenditures	Variance	County Cost (Over)Under

DHHS In Home Care	150,200	150,200	150,200		
DHHS Social Welfare	8,000	8,000	8,000		
<b>Subtotal</b>	<b>\$ 458,200</b>	<b>\$ 458,200</b>	<b>\$ 330,164</b>	<b>\$ 128,036</b>	<b>\$ 64,018</b>
<b>TOTAL</b>	<b>\$ 1,517,207</b>	<b>\$ 1,517,207</b>	<b>\$ 1,293,666</b>	<b>\$ 223,541</b>	<b>\$ 119,523</b>

Note: More detailed information will be provided by DHHS & Juvenile Court at the meeting. Please also note that the projected expenditures only account for current placements, actual costs may be higher depending upon the number of additional placements. Also, children become wards of the State when parental rights have been terminated. When this happens the State charges the County for the County's share of the State Ward costs, as opposed to the County paying the full amount for County Wards and then seeking reimbursement from the State.

## 2017 -19 Complaints by Agency

## Keep Them Here – Serve Them Here

The Michigan Juvenile Code, Act 288 of 1939, 712A.1, Section 1 (3), clearly states the vision and mission of legislators for serving juveniles in Michigan. It states, in part:

(2) Except as otherwise provided, proceedings under this chapter are not criminal proceedings.

(3) This chapter shall be liberally construed so that each juvenile coming within the court's jurisdiction receives the care, guidance, and control, preferably in his or her own home, conducive to the juvenile's welfare and the best interest of the state. If a juvenile is removed from the control of his or her parents, the juvenile shall be placed in care as nearly as possible equivalent to the care that should have been given to the juvenile by his or her parents.

In keeping with this vision and mission (and legislative authority), this court in partnership with the county and state has developed programming for neglected, abused, and delinquent youth. These service components are funded through the Child Care Fund (50% state and 50% county funded). They are designed for youth who are at greatest risk of out-of-home placement. Youth are assessed for risk and needs using the YLS/CMI – Youth Level of Service/Case Management Inventory and a Case Management Plan is developed for each youth.

### Child Care Fund

**In-home Care – Intensive Home and Community-based Services (IHCBS)** - From October 1st, 2018 to March 31, 2019 there have been 21 youth served through this program component. In-Home Care (IHC) program expenditures are restricted to new or expanded programs that are alternatives to out-of-home institutional or foster care. IHC funds may not be used to duplicate services.

**Green Haven Usage** – From October 1, 2018 to March 31, 2019, a total of 8 separate youth have resided at Green Haven for a total of 163 days of either secure detention or residential care in the open setting. A total of 12 non-resident youth also received 31 days of day treatment and educational services at the facility.

#### Institutional Care

- **Court Operated Detention**– From October 1, 2018 to March 31, 2019, no youth were placed in another court, county, or tribe operated facility.
- **Private – In-state Residential Care** - From October 1, 2018 to March 31, 2019, no youth were placed in residential treatment programs.

### Community Connections Making A Difference

#### Community Service Programs

A part-time Compliance Officer is funded through the IHCBS program component. He meets with youth to ensure compliance with the youth's court orders, Consent Agreements, and treatment plans. Among his many duties is verifying attendance and level of participation in community service. Community service is viewed as a win-win endeavor. It allows youth to build new strengths and engagement in special interests; it assists youth and families in identifying positive community

resources and activities; and it encourages youth to participate in purposeful activities that provide physical, social and/or emotional benefits. Non-profit and service groups benefit through volunteer labor. Community service also helps develop more positive attitudes between victims, offenders, communities, and the court. Since October, the Compliance Office has coordinated Community Service with youth and various organizations and activities such as the Knights of Columbus Fish Fry; New Hope Pet Rescue-Adoption Days; Lions Recycling Center, Headstart; CASA Headquarters, and the C-I-S Trail System.

### **Y.E.S. Program**

Plans are being made for the next session of the Y.E.S. program to begin in June and conclude in August. Staff are anticipating a group of approximately 10 youth to participate.

### **Teen Court**

Teen Court has been in existence in Clinton County since 2008, providing youth a hands-on approach to learning the basics of the juvenile justice system. The process provides an opportunity for the juvenile respondents to be judged by their peers which can aid in stopping patterns of negative behavior, promote self-esteem, and assist in developing a healthy attitude toward authority. Schools participating in the Teen Court program are Clinton County RESA Criminal Justice classes, Ovid-Elsie, Bath and DeWitt High Schools. Juvenile Court staff conduct training with each class emphasizing the importance of confidentiality and gathering the necessary background information related to the case to make an informed recommendation to the court for terms of probation.

### **CRESA Work-based Learning Project**

Clinton County Juvenile Court participated in Clinton County RESA's Work-Based Learning Program along with several other community criminal justice and human service agencies during the 2017-2018 school year. The Work-Based Learning Program allows for second year Criminal Justice class students to shadow officers and staff from the various agencies in their daily functions on a weekly basis. Clinton County Juvenile Court was able to provide opportunities to the students to conduct visits and compliance checks with youth at school, at home, in the community and to observe court proceedings. Students were also given the opportunity to complete some documentation with the guidance of the probation officers, including writing case notes, scoring assessments, and developing case plans. The program ran throughout the 2018-19 academic year.

### **Truancy Intervention Program (TIP)**

The Youth Intervention Program is offered to any pre-adjudicated middle or high school youth in Clinton County that may be in need of mental health services. Youth are referred by area schools and/or juvenile court and offered the opportunity to complete a MAYSI screening during a face-to-face appointment with a CMH Youth Intervention Specialist. The CMH Intervention Specialist then helps link the youth with the appropriate services to address various categories such as substance use, anger, depression, suicidal thinking, trauma, and signs of mental/emotional distress. This is a free service and it is a choice of the youth and his/her parent/guardian to follow the recommendations unless they are court ordered.

## Trends and Updates

**Raise The Age** – Under House bills and Senate bills, seventeen-year-olds would be included in the juvenile justice system rather than the adult court system. The Legislature has been discussing “raise the age” policy for several terms. With the House and Senate moving on the same timeline, it appears this term the bills have their best shot to reach the governor’s desk. Uncertainty regarding the reimbursement rates and costs to counties and the appropriation process remains high. Conceptually, almost every stakeholder supports the concept but the main barrier is funding.

**Criminal Responsibility to Stand Trial** - Due process requires that a juvenile must be afforded the right to counsel during court proceedings. This right to counsel means little if the juvenile is unaware of the proceedings or unable to communicate with counsel because of a psychological or developmental disability

**MIP-ALCOHOL** – Under 17 years of age, 1<sup>st</sup> Offense, Civil Infraction handled by District Court;  
2<sup>nd</sup> Offense for Juveniles, Misdemeanor handled by Juvenile Court.

**MIP-MARIJUANA (MRTMA)** Under 17 years of age, 1<sup>st</sup> and 2<sup>nd</sup> Offenses, Civil Infractions handled by District Court; currently, there are no penalties or sanctions included for third violations for persons less than 18 years of age.

**School Safety Information Policy** – An agreement between schools, law enforcement agencies, and the Prosecuting Attorney establishing protocols for matters relating to school safety and the exchange of information affecting school safety.

**MI Mental Health Court Grant Program – Juvenile** – Grant funds are available for courts to establish problem-solving or specialty courts. Adult Drug Courts, Mental Health Courts, and Veterans Treatment Courts are already established. The feasibility of a Michigan Mental Health Court Grant Program for juveniles in Clinton County is being explored.
