Clinton County Facilities Master Plan

Infrastructure Committee Planning Process

Importance of Reviewing Current Priorities

- ▶ Prior to engaging in an analysis of all Clinton County facilities, it will be important to review current priorities, given the opportunity for funding under the American Rescue Plan. This funding must be obligated by 2024 and spent by 2026.

Review of Current Priorities Under Capital Improvement Plan

- ▶ Public Safety Facility Renovations/New
- ▶ Maintenance/EOC Facility Additions
- ▶ Training/Multiuse Facility

Public Safety Facility

- ▶ Back in 2018 an analysis was done of the Public Safety Facility. Hobbs + Black (H+B) met with county staff to develop a plan to address issues with the existing facility.
- ▶ H+B will review that effort and explain how the environment has changed since that analysis was done.

Maintenance/EOC Facility

- ▶ As part of the public safety facility analysis, H+B also considered future expansion of the Maintenance/EOC facility.
- ▶ This effort will also be reviewed.

Training/Multiuse Facility

- ▶ As part of the analysis of the Public Safety Facility, the addition of a training center was considered.
- ▶ Subsequent discussion has coalesced around the possibility of making this facility a Training/Multiuse Facility.
- ▶ H+B can review the pros and cons of making this a stand alone facility versus part of the Public Safety Facility.

Moving forward.....

- ▶ H+B will have completed a facility tour of all Clinton County buildings prior to this meeting.
- ▶ Since their Public Safety Facility expert will be in attendance it will be important to get his thoughts on our current priorities.
- ▶ The committee may want a comparative analysis done of the Public Safety Facility.
- ▶ Facility tours will be scheduled for committee members.
- ▶ There will be a plan to involve the Sheriff and Chief Judge in discussions regarding changes to the Public Safety Facility.
- ▶ Moving forward the committee will continue to look at other priorities and long-term facility needs for the county in an effort to develop a comprehensive master plan.
