## Political glow, warmth apparent as election nears

Like the sun rising in the east, politics is taking on a brighter glow around Clinton County as the Nov. 5 general election date nears and candidates for various offices warm up to the voters.

In almost unprecedented variety, this year's election has a little bit of everything for everybody. There is partisan politics and there is non-partisan politics. There are candidates and there are issues—at all levels of government. Some candidates are opposed for the jobs they seek; others have no competition. Still others are running on write-ins, without the benefit of having their names on the ballot.

The main ballot, on a big 19x20-inch sheet for the paper-ballot precincts, will give voters a selection from presidential candidates, for six different political parties on down through Congressional and state legislative offices, through state educational posts, through county offices and down to township offices.

Only the Republicans have candidates for all those offices—or most of them. At the county level, all candidates for county offices—including the new 11-man board of supervisors—are Republicans, with the exception of Jack Andrews, who's running unopposed as a Democrat for the District 10 supervisor's seat. There is no candidate on the ballot for prosecuting attorney, but Patrick Kelly of St. Johns is seeking a write-in election.

In addition to tending to national, state and county duties, voters in St. Johns will be electing two new city commissioners from among at least three announced write-in candidates—John W. Hannah, Robert H. Wood and John Lynch.

DEWITT HAS CONTESTS FOR ALL its city offices. Mayor Elden Smith is seeking reelection with opposition from Marshall C. Warren. DuWayne Ziegler and Paul Mulford are seeking a two-year seat on the city council. There are three four-year seats up for grabs, with Lawrence Keck, Paul Hartwigsen, Andrew K. Traxler, Jack Scott, Roger Overway and John Platt as candidates. All of the townships have one or more officers to elect, some with opposition and some without.

On a separate non-partisan ballot, there is competition between Harold Reed and Roland Duguay, both of St. Johns, for the judgeship in the Clinton County District Court which will take effect Jan. 1. There's also competition for bench seats on the Michigan Supreme Court and the District Michigan Court of Appeals.

For the voters who can't get excited about the election of people, there is a multitude of state and local issues to deal with.

There are five just for the state. Voters will have to decide "yes" or "no" on:

- 1) Whether the state should have a graduated income tax;
- 2) whether the state should go on daylight savings time in the summer months;
- 3) whether the state should bond for \$335 million to be used for matching funds to combat pollution;
- 4) whether the state should bond for \$100 million for matching funds to improve recreation facilities; and
- 5) whether elected state officials should be allowed to run for state office while holding another office.

CLINTON COUNTY ALSO HAS AN issue on the ballot. The board of supervisors is asking for a fixed millage of 18 mills, split definitely among the schools, county and townships. Presently the millage totals 15 mills, with the allocation board arguing every year about which unit gets how much millage.

Bath Township voters have two propositions facing them—one for a 1-mill tax for five years to finance fire equipment and a building and site, and the other for liquor sale, by the glass.

DeWitt Township has a proposal to become a charter township. Olive Township and DeWitt city voters will all be voting on liquor by the glass proposals, too.

## Mom, 2 kids killed in crash

A Lansing mother and two of her children were killed early Tuesday afternoon when the car she was driving slammed into a tree on Francis Road and split in half. Another son was injured. The mother was Mrs. Linda Kay Cairl, 28, of 6300 S. Washington Avenue, Lansing. The names of the children had not yet been learned at press time. The little boy who was injured, however, is named Adam, and he is about 3 years old. He was reported in "fair" condition at Clinton Memorial Hospital.

The triple fatality raised the county's traffic death toll to 27, about 340 per cent higher than at the same time last year. The Clinton County Sheriff's Department was still trying to locate the husband and father of the victims late Tuesday afternoon in an effort to determine which way Mrs. Cairl might have been driving. Her car hit a two-foot-in-diameter tree of the west side of Francis Road, about a half-mile south of M-21.

The impact of the crash broke the car in half, and it was hauled to St. Johns in two pieces. Sheriff's officers said it was raining at the time of the accident, about 12:30 p.m.

## 16 mail boxes vandalized

What may have been a prank in the minds of some persons is a federal offense to Postmaster J. D. Robinson, and he is taking seriously the actions of vandals who damaged 16 rural mail boxes this past weekend.

Robinson pointed out that such action is in violation of federal statutes and upon being advised of the damaged boxes he immediately contacted postal inspectors as well as the office of the Clinton County sheriff.

"These people work pretty close together," Robinson explained, "and if they catch anyone involved in these acts, those persons will be prosecuted to the fullest extent of the law."

Robinson did not indicate what area of the county the damages occurred but explained that with the approach of Halloween sheriff's deputies are maintaining a more concentrated vigil out in the rural areas of the county.

## Supervisors have busy 2 days

# 'Lame duck' board not limping

The Clinton County Board of Supervisors may be a "lame duck" board because of the new one-man, one-vote board that takes over in January, but the current group of 22 men isn't sluffing off much.

Last week the board met for 5 1/2 hours and passed on such things as the county budget for 1969, appropriations, salary schedules and equalization. Those were the important topics. They also considered and acted on a multitude of smaller items.

Then they came back this past Monday and worked for another 4 1/2 hours.

Among their activities were only a couple of instances where items of business were specifically set aside for the new board

## Perfect autumn day for a field trip

One of the big advantages of a rural neighborhood school is the abundance of the great outdoors on a warm, sunny, fall day. Riley school fourth grade teacher Mrs. Naomi Tenney took advantage of just one of those days last week to take her group on a hike west of the school and into one of the wooded areas nearby. Such nature hikes always produce plenty of examples of leaves, brush, flowers or whatever the teacher wants to talk about.

This is the rear portion of a station wagon in which a Lansing mother and two of her small children were killed early Tuesday afternoon on South Francis Road. The car went off the roadway and hit a tree, splitting it in two. A third small child in the car was injured.

## Chest drive at 25% 1st week

Clinton County's Communities Chest drive is off to a flying start, reports Ink White, general campaign chairman. White estimated that 25 per cent of the county's \$23,683 quota had been accounted for during the first week of the drive.

First cash report in the campaign came Friday from Mrs. Wayne Loomis, Bath Township chairman, whose \$71 initial payment represents 13 per cent of her township quota of \$575. "We are confident we will reach quota," she said.

Rolan W. Sleight, special gifts chairman, said his division has already exceeded \$600 and will complete their solicitation this week.

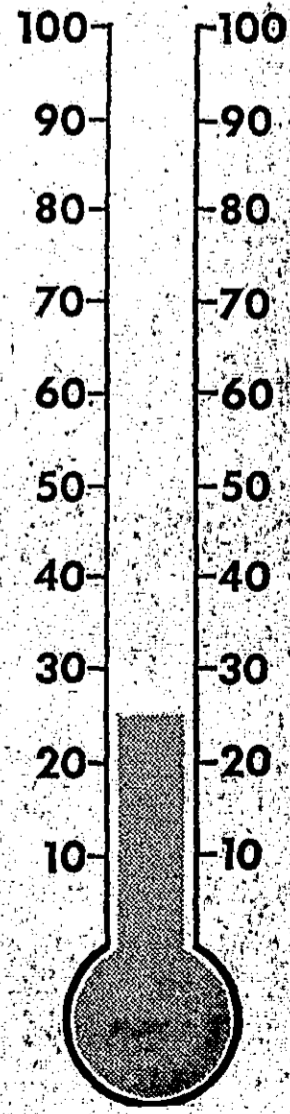

In Watertown Township, Chairman Margaret Thingstad's 30 workers are engaged in a complete canvass of the area. Mrs. Richard Kohls, Chairman

of the St. Johns Woman's Division, plans to get her canvass in the residential area of the city under way this week.

Industrial plant campaigns began in the county last week under Sexton of St. Johns. Sexton said his division workers are meeting with a generous response, but actual figures on contributions from each establishment are not yet available.

Leon Brewbaker heads the

He indicated he could have the study completed by the board's Nov. 4 meeting, and the supervisors authorized him to proceed.

The board told the St. Johns Chamber of Commerce the county would pay, upon proper billing, \$439.10 toward a Christmas lighting project that will focus this year on the courthouse square. The Chamber said the county's money would be used, in part, to buy a special cart.

of a central switchboard operation for all county courthouse phones. He said he thinks such a system would improve the efficiency of the courthouse communications and that it could be installed for about the same cost as the present set-up.

immediate effect. Paul Nobis of 5813 W. Walker Road, St. Johns, was reappointed to a six-year term on the Clinton County Road Commission. His present term expires Dec. 31.

Ben Swanchara, who has been a janitor at the courthouse, was hired to be dog warden for the northern part of the county, replacing William Werner who resigned. Swanchara lives in Bingham Township. The other dog warden for the county is Howard Hoover of Riley Township. Swanchara will not begin his new duties, however, until Nov. 1.

Monday the board approved, with one supervisor opposed, a bid of the Ray Kern Office Supply Co. of Lansing for partitioning for the present supervisors room to make offices for the new district court. The bid, the only one received or sought, was for \$3,017.10. The board also approved having the office supply firm install the partitions in December for another \$300.

The partition will be a solid-wall type 84 inches high. It will partition off the south end of the supervisors room into two offices, leaving the courtroom proper at the north end. The partition is of Italian Cherry and costs \$24 per lineal foot. There will be six doors involved.

WILLIAM GRAEF, St. Johns district manager for the General Telephone Co., appeared before the board and offered to do a study to determine the feasibility

# 7-one-room schools auctioned for \$12,235

Seven rural schools owned by the St. Johns School District are now private property, the result of a public auction in which the school board sold the buildings and sites for a total of \$12,235.

Bidding on the properties by the 110 persons who attended the auction was spirited and, like any auction, entertaining. The buildings and sites sold anywhere from \$275 at the low end to a high of \$4,175.

That highest amount was paid by Karl L. and Joyce J. Keyes of 10104 Bond Road DeWitt, for the Lemm School at the corner of Bond and Chadwick roads in Olive Township. The brick school

is located on one acre of land, and it has a tornado shelter outside the building.

The Simmons School on Chadwick Road a quarter-mile west of Airport Road in Riley Township brought the next highest amount of money. It, along with a half-acre site, was purchased by Mr. and Mrs. Richard Newman of 4468 Chadwick Road, DeWitt, for \$3,100. The Newmans' property surrounds the school site.

south of Maple Rapids Road in Greenbush Township sold for \$975 and was purchased by Vincent Z. Towne of 3633 Hyde Road, R-3, St. Johns. The site is one-half acre in size.

An Oak Park couple, Leon and Valerie O. Wabozny, purchased the Jason School and its one acre of land at the corner of Lowell and Jason roads in Riley Township. They paid \$1,510 for it.

The Merle Beach School at Jason and DeWitt roads in Olive sold for \$1,075 and was purchased by Alton and Reva Taylor of R-2, DeWitt. A acreage involved here was five-eighths of an acre.

The Cedar Lake School, which involved only a quarter-acre of land at the corner of Linton and St. Clair roads in Victor Township, was bought for \$275 by Robert and Dale Moon of 311 Wight Street, St. Johns.

Harvey J. French of R-3, St. Johns, was the high bidder for the Parker School at the corner of Krepss and Walker Roads in Bingham Township. He paid \$1,125 for the school and its half-acre site.

Auctioneer for the sale, held in the high school auditorium, was school board Secretary Fred Meyer. Pictures of each of the schools were shown on a projection screen during the time of bidding on each one.

Board President Parr announced there would be at least two more auctions. One would be for the auction of school bells removed last week from the schools sold, and the other would be for the remaining one-room schools that are still being used in the near-by St. Johns area. The schools would not be sold until after this school year; no date has been set yet for the auction of the school bells.

The Lemm School at the corner of Chadwick and Bond Roads in Olive Township brought \$4,175 — the highest price for any of the seven schools sold at public auction last Wednesday evening.

# Musical festival Sunday at Ovid

OVID—A musical festival will be held at the United Church of Ovid Oct. 27 at 7:30 p.m.

The church three years ago made a major improvement in the quality of their music program by investing in a pipe organ in the Front Street building of the United Church. This organ was rebuilt from the pipes in the Main Street building, and several ranks were added making an instrument worth some \$25,000. It is called the Kaltrider Organ because of the builder.

The church needs to complete its payments this year and felt that the general public ought to be part of this music ministry.

Tickets may be purchased from Rev Gordon Spalenka, Mrs Donna Kusenda, Mrs Betty Everts, at the church office and also from senior choir members.

The program for the evening will open with words of welcome by Rev Spalenka followed by the musical program Organ solo "A Prelude and Fugue," performed by Mrs L.G. Crugher; a flute solo, "Minuet from L'Arlesienne Suite," played by Mary Alice Bates and accompanied by Mrs Jackson Bates; a vocal solo "His Eye Is on The Sparrow," sung by Mike Everts; a violin solo, "Song To The Evening Star," will be

done by Mrs Cyril Tremblay; organ solo, "Fanfare" done by Mr Roger Mathies; a vocal solo "Bless This House" will be sung by Mr Mike Everts; a piano and organ duet, "Moonlight Sonata," by Miss Juva Lee Wilkins and Mrs J. Bates; a vocal solo, "How Rich I Am," sung by Gordon Vandemark; a piano solo, "Rondo Capriccioso," by Miss J.L. Wilkins; a vocal solo, "The Publican," will be done by Thomas Fowler; piano and organ duets, "Pans Angelicus" and "Rhapsody" by Mrs L.G. Crugher and Roger Mathies; a vocal duet, "Last Night I Dreamed," composed and sung by Sheryl and Shella Pulliam; and an organ solo, "In There Is Gladness," will be performed by Mrs L.G. Crugher.

### WILL INSTALL LIGHTS NEAR NEW SCHOOL

The Ovid Village council has approved the installation of a mercury vapor street light on First Street near the junior high school. This will replace an incandescent light in the area where buses sometimes unload children in the evening.

### Flannel-craft, Bible school discussed

Flannel-craft and suggestions for Bible school were discussed at the Oct. 8 meeting of the Ladies Missionary Society of the St. Johns Baptist Temple. The next meeting of the Society will be Nov. 12. Mrs Connie Coe will have devotions, and refreshments will be furnished by Mrs Gladys Decker, Mrs Bonnie Johnson and Mr Barbara Brewbaker.

### John Browns host reception

Mr and Mrs John Brown of rural Maple Rapids were host and hostess on Sunday, Oct. 13, at a wedding reception at the Ithaca Country Club for newlyweds Mr and Mrs Mark Allyn. They had been married in August at Stanford University, Palo Alto, Calif.

Mrs Allyn is the former Maureen McClou, daughter of Mr and Mrs Jack McClou of Ithaca. The Allens are now enroute to New York where Mr Allyn will work on his doctor's degree.

**Brewbaker wins CPU designation**

Leon A. Brewbaker, a local insurance agent for the past 13 years and presently with the Allaby Insurance Co., has been awarded the designation "Chartered Property Casualty Underwriter" by the American Institute for Property and Liability Underwriters. The presentation was made Oct. 9 at an all-industry luncheon in New Orleans, La. The luncheon coincided with the annual meeting of the Society of CPCU at the Roosevelt Hotel.

The CPCU designation was awarded to 461 persons who completed a series of five comprehensive examinations on subjects such as insurance, economics, government, law, finance and management. Candidates must also meet professional standards with regard to education, experience, character and age.

The American Institute, of Bryn Mawr, Penn., is a non-profit educational organization, supported by the property and liability insurance industry.

### Voting machine workshop for voters tonight

If you think you may have some problems figuring out voting machines on election day Nov. 5, St. Johns City Clerk Thomas Hundley is the man to help you out.

Hundley has announced he will hold a voter workshop tonight (Thursday) and next Wednesday, Oct. 30, to give voters instructions on how to operate the machines—particularly as they pertain to the write-in election of city commissioners and the county prosecuting attorney.

The clerk said the explanation will take only about 10 minutes. He'll be at city hall both evenings between 7 and 8:30 p.m. to help out anybody interested in learning the procedure before they have to do it on election day.

\$413,100 to be spent in St. Johns district

Gen Tel improvements outlined

General Telephone Co. plans to spend \$413,000 in its St. Johns district for expansion and improvement of local and long distance telephone service in 1969, the company announced last week.

St. Johns exchange projects will total about \$219,100. Included are four projects that were begun this year and which will be completed in 1969.

figure also included central office switching equipment for proposed extended area service with Carson City and specialized equipment to convert pay stations to "local prepay," where money is inserted to get a dial tone rather than when party answers.

The Carson City exchange has four projects, three of which are completion of 1968 work. These include additional pole lines and local service cable to provide for some reduction in parties per line; central office equipment for the proposed extended area service with Hubbardston; and additional long distance circuits to Vicksburgville.

lines and local service cable to provide for some reduction in parties per line and to provide urban grades of service to some customers who now have rural service.

tion of both local and long-distance service involving all six districts in the central division, Trezise said in summarizing projects for the new year.

For your car your home your life and your health State Farm is all you need to know about insurance. See me. RON HENNING

TO BE STARTED IN 1969 for completion in 1970 are preliminary engineering for a building addition to provide space for local and long distance equipment, and preliminary engineering for more long distance circuits to Crystal and Lansing.

INCLUDED IN THE Ashley exchange's \$23,500 budget is \$10,800 to complete a central office dial equipment (100 lines) addition to provide for exchange growth and some additional one- and two-party service.

THE BATH EXCHANGE in the Grand Ledge district is tabbed for \$106,000 worth of improvement. Included are central office dial equipment and specialized central office equipment for addition of "touch calling," additional long distance circuits to Lansing are also planned in 1969.

He pointed out that an additional \$1,616,800 will be expended for long distance cable and related facilities. Replacement of worn-out or outmoded tools, furniture, vehicles, telephone instruments, lines, cable and poles-called "routine budget" expenditures-will cost over \$2,289,300 he said.

# 'Lame duck' county board still not limping

ridge tape sound system that would coordinate musical notes with flashing multi-colored lights around the base of the courthouse Christmas tree.

The board was told by Brandon White, representing the Chamber, that the recorder could also be used to provide music for other county activities that the board might want to use it for.

In two separate instances, the board figured "we done him wrong" and made some salary adjustments. Supervisor Derrill Shinabery of Greenbush Township arose to suggest that the board did Probate Judge Timothy Green an injustice by not allowing him a proposed salary increase a week earlier. He noted Judge Green was the only elected official not granted a raise and he did not think it fair in light of the work the judge did not only at the courthouse but out of his own office.

the coordinator of the soldiers and sailors relief fund from \$20 to \$30 per month. The coordinator is Rex Sirrine of St. Johns. They also approved an increase of \$250 for salaries of the Clinton County road commissioners. The commissioners' salaries in 1969 will be \$1,750. While the county board sets the salaries, the county general fund does not pay the money; it comes from road commission funds.

Monday the board referred to the prosecuting attorney and the road commission a letter demanding payment of a claim totaling \$13,789.20 for the "wrongful" cutting down of six trees on the property of Richard and Lena Burns at 3430 Clark Road.

THE BURNS, THROUGH AN attorney, claimed the trees were cut down May 3 by the road commission without proper notice or payment. Included were a 10-foot-in-circumference cottonwood, a 7-foot cottonwood, 20-inch, 18-inch and 17-inch

maple trees and an 8-inch cherry tree.

The Burns valued the trees at \$4,592.40, including \$1,825 for the big cottonwood, and noted that the law permits tripling of damages in cases like this. The Burns' attorney sent a similar request to the road commission, not sure just which body should pay the damages. The supervisors felt the jurisdiction was the road commission's.

Zoning Administrator William Coffey told the board at its Oct. 14 meeting that he's going to start cracking down on violations of conditions under which special use permits are granted. The first of these, he said, was a revoking of the special use permit of Mr and Mrs William Wallace to operate a junk salvage yard south of Maple Rapids.

Coffey charged that Wallace did not comply with conditions as to fence and yard around the salvage yard. Without the fence, he said the location on top of a hill made it an eyesore to the surrounding neighborhood. (The Wallaces had the property rezoned in 1965 so that a special use permit could be obtained.)

Coffey said he would allow Wallace a reasonable amount of time to get the junk cleaned up.

The board also gave Coffey the go-ahead on his proposal to write some authority into the new zoning ordinance for the county to be able to order demolition of buildings that have been condemned and tagged by the zoning administrator. "Ninety per cent are beyond repair," Coffey said, "and we have to do something to get rid of them."

## Mrs Robert Rand guest speaker

The St. Johns Child Study Club met Oct. 16 at the home of Mrs Henry Burkhart. There were 18 members present and five guests.

Mrs Robert Rand was guest speaker for the evening. She spoke on "Mother, as a Concerned Citizen."

The club reports they have six members scheduled to attend the Child Study Club Conference Friday, Oct. 25, at the Holiday Inn in Midland.

At the next regular meeting they will present Dave Fisher as guest speaker. His subject will be "Mental Retardation."

## Fall color peak reaches central state region

Peak fall color conditions are expected in the central and southern portions of the Lower Peninsula the weekend of Oct. 26 with some color remaining in scattered areas slightly north, according to the Michigan Tourist Council.

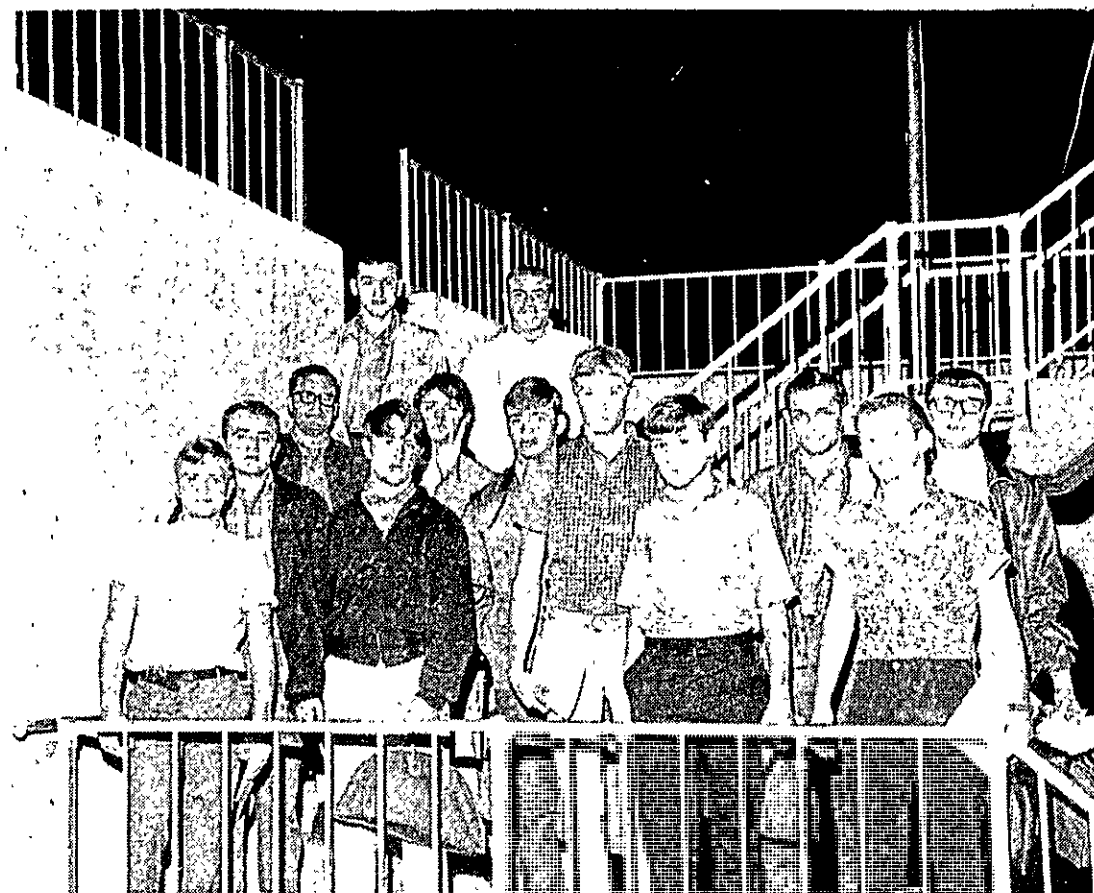

Central and southern county observers predict the best color viewing in their areas should begin toward the latter part of the week with maximum conditions prevailing through Saturday and Sunday.

Brisk winds have taken an early toll of color in the upper one-third of the Lower Peninsula. Cadillac and Petoskey areas, however, expect color to hold from 25 to 40 per cent of post-maximum viewing through the coming weekend.

## Kidney machine keeping DeWitt woman alive

DeWITT — A \$10,000 kidney machine is keeping a rural DeWitt woman alive.

Mrs. Mel A. Rademacher of 8275 Loomis Road, R-2, DeWitt, has suffered for some time with a severe kidney disease and recently spent 10 months in a hospital.

Her husband's insurance company paid for 80 per cent of the cost, but the remaining amount, coupled with huge hospital bills and financial turmoil has made things rough for the family. The Rademachers have five children

ranging in age from 6 to 13. Rademacher is a foreman at Oldsmobile, Building 23. Carl W. Davis launched a collection at the plant and gained \$350 to help the Rademachers. He also arranged for a "Betty Rademacher Fund" to be opened at the Woodworth State Bank in DeWitt.

To help pay some of the bills and finish payment of the kidney machine, Rademacher has sold his car and is selling his pickup camper rig.

Another immediate and expensive need is for a special hospital bed with a hydraulic lift.

## Study group gets driving tips

The Brown Bees Study Group was entertained Oct. 15 by hostess Mrs. Charles Kalver at the Sweden House in Lansing. Mrs. Oscar Johnston gave the lesson on "Tips for Women Drivers," and the abuse of drugs and medicine was discussed.

Mrs. Clarence Bauerle gave the council report, and plans were made to attend the Christmas workshop at Smith Hall Nov. 5. Twelve members of the group were present for the meeting.

The next gathering will be Nov. 19, with Mrs. Floyd Hamer as hostess and Mrs. Jean Seyfried as co-hostess.

## End 3-week stay in America

Dr. and Mrs. Earl Purchase arrived home safely in Dordrecht, The Netherlands, after a three-week stay in the States. They took their son to the University of Maryland, where he will finish his senior year before entering the US Marine Corps, and entered their daughter Laurie in Sullins College, Va.

While in Michigan they visited Mr. and Mrs. Ralph Purchase of Grandville and Mr. and Mrs. John Brown of Maple Rapids, as well as Mrs. Irene Verhulst of Maple Valley and Ashley.

Harry Bolyard of Middleton has won a vacation for himself and Mrs. Bolyard. The trip will cover the International Mutual Fund Dealers Conference in San Francisco and an eight-day tour of Hawaii. The prize was given by the M.V. Gray Investment Co. of Midland.

The Bolyards will also stop and visit a few days with their daughter and family, Jack and Barbara Schnepps of Las Vegas, Nev.

The Bolyards left Oct. 18.

## Higher parcel post rates now in effect

Postmaster J. D. Robinson reminded postal customers today that higher parcel post and catalog rates went into effect Saturday (October 19).

The rate increase will average 10.5 per cent and in most cases will mean an additional 10 cents postage per parcel. The higher rates were approved by the Interstate Commerce Commission in July.

Under the new rates the minimum charge for local parcel delivery will go from 40 to 50 cents. The minimum charge for parcels destined outside the local delivery area will be raised from 50 cents to 60 cents.

Almost all parcels that are charged up to \$1.10 under present rates will go up 10 cents. This accounts for more than 80 per cent of all parcel post, the Postmaster pointed out.

There will be a 15-cent hike on most parcels now charged between \$1.10 and \$4, and a 20-cent increase on parcels now charged over \$4. Parcel post rates are based on the weight of the package and the distance it is mailed.

Higher rates for the delivery of packages and catalogs are required to bring revenue from this type of mail within four per cent of operating costs, as required by law, the postmaster explained. The higher rates are designed to put parcels and catalogs, which are fourth-class mail, on a break-even basis.

## Mrs. Dorr Anderson in 1-man art show opening here Sunday

The St. Johns Woman's Club will sponsor Mrs. Dorr Anderson in a one-man art show, the first to be presented in this area.

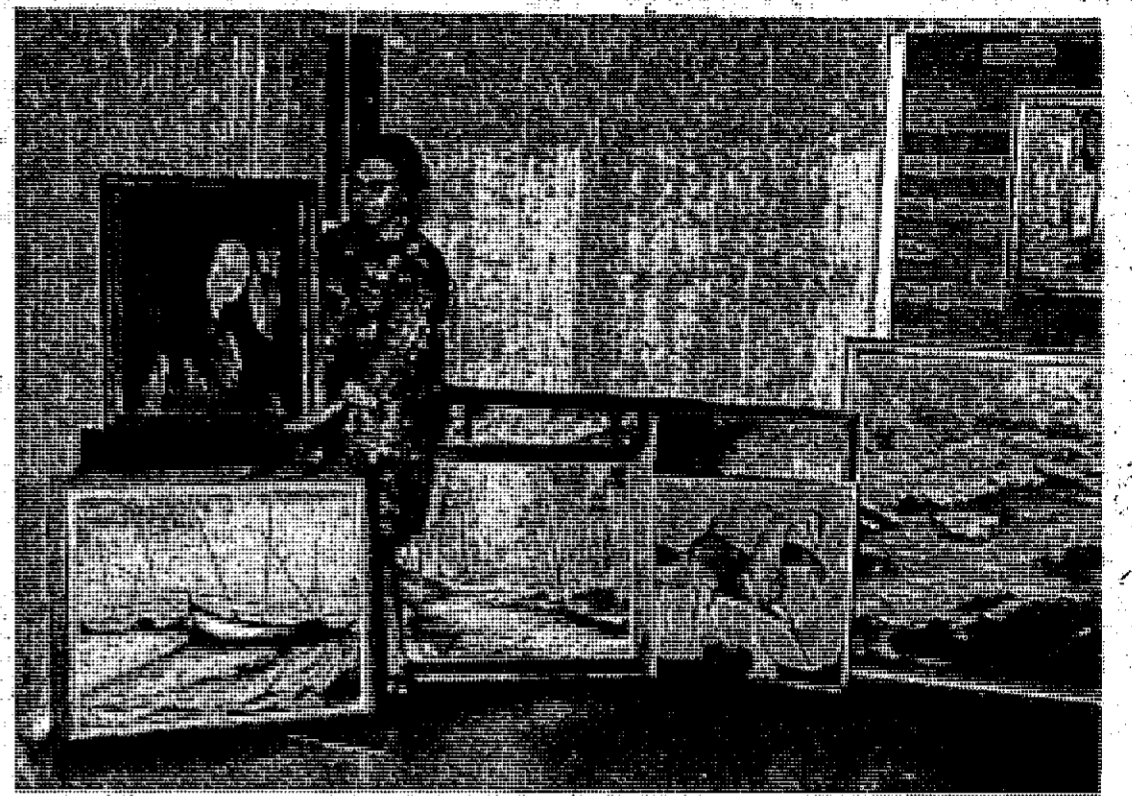

The opening reception will be Sunday, Oct. 27, from 2 p.m. to 5 p.m. in the community room of the Central National Bank. The show will be open each day thereafter from 2 until 5 p.m. through Nov. 2 and Friday evening from 7 until 9.

Mrs. Anderson displays great variety in her work. She will present landscapes, portraits, still life, acrylics and semi-abstracts. The paintings will be done in oils, charcoals and pen and ink wash drawings. Some of her work will be on sale at the exhibit.

She's a member of the Lansing Art Guild, Lansing Community Art Gallery and the St. Johns Arts and Crafts. Mrs. Anderson has been painting the past nine years and started with adult education classes.

She says "I haven't been able to lay the brush down since." Some works take as little as two hours to complete, while others may take months to finish. She has been studying with Harry Worst at Community College for the past five years. She now teaches a beginners' art course every Thursday afternoon.

It is the hope of the St. Johns Woman's Club to encourage a more active interest in the arts. Anyone interested in joining the St. Johns Arts and Crafts Club may do so by contacting either Mrs. Rosaine DeCamp, Mrs. Margaret Hart or Mrs. Gladys Schueller. They meet every Tuesday evening, and the club is open to both men and women.

Mrs. Dorr Anderson shows some of the paintings she'll exhibit in her one-man art show next week at the Central National Bank.

## Hazel Beebe chairman of Nov. 1, event

Nov. 1 is the day church women all over the United States will be joining together to celebrate World Community Day.

Mrs. Hazel Beebe is chairman for the Clinton County Council of Church Women United. This year's meeting will be held at the St. Johns Episcopal Church. There will be a tea served at 1:30 p.m. and the program will begin at 2 p.m.

The same program of worship service is used by all councils in the United States. The program is a play "Dangerfield Newby Moves Up Town." This deals with the problem of a dying inter-city church.

The cast of characters are taken by Rev. William H. Work, assistant director of the Lansing Area Council of Churches, the Rev. John Furlmester of Mount Hope Presbyterian Church, Mrs. Kent Allender of St. David's Episcopal Church, and the Rev. Steven E. Ramey, pastor of Redeemer Evangelical Lutheran Church.

This year money (\$3) is being donated to buy blankets and materials. The funds are sent to the Church World Service Center at Nappanee, Ind. and the blankets and materials purchased are then sent wherever the need is the greatest.

All women are welcome to attend this meeting.

## K of C plans Fall Festival dance

The St. Johns Knights of Columbus will sponsor a Fall Festival Dance this Saturday evening, Oct. 26, from 9 p.m. to 1:30 a.m. in the St. Joseph School Gymnasium. There will be round and square dancing, with band music provided. Tickets are available at the door.

## St. Johns phone book in mail

Information on everything from area codes to overseas calls can be found in the new General Telephone directory now being delivered to customers in Fowler, Maple Rapids, Mulh, Pevamo, and St. Johns.

William Graef, district manager for the company, said there are no major changes in the new directory.

"The directory is larger this year because of expanded listings in both the white and the yellow pages, he said. "Community names appear in bold, enlarged type at the upper, outside corner of each page to help customers locate names and numbers."

"Emergency numbers are located on page one," Graef added. "We want these numbers to be readily available and easy to find."

The alphabetical index and table of contents for the directory appear on the inside front cover.

THE LIST FOR frequently called numbers again appears on the inside back cover and a localized exchange area map, printed in conjunction with the continental U.S. area code map, appears again in the directory.

All types of calls—station to station, person to person, conference, collect, overseas, mobile, and marine—and a graphic description of the three rate periods appear on page seven.

Graef cautioned customers to leaf through the old directory carefully before replacing it with the new edition.

"Many times important papers, letters, or even money, are placed in the telephone directory for safe keeping and forgotten,"

## Maple Rapids New Books at the Maple Rapids Public Library include "Hey, Preach, you're Comin' Through" by David Wilkerson.

Certainly nothing could hit harder and deeper than this shocking report on what is happening to American youth today. Dave Wilkerson is on the scene; he has talked with kids in bad trouble, youth on our college campuses, the flower children, the junkies and the hippies, and his words ring with truth and authority.

Marijuana, LSD, illicit sex the runaways, drop-outs—these are the alarming subjects that Dave Wilkerson knows so well.

Dave has an answer—the only answer to youth's desperate and catastrophe-filled search for reality and happiness. The answer speaks loudly to the parents of today's teen-agers and to the phonies of the adult generation. It speaks equally to youth who stand, lonesome, tempted and often without conviction, at the crossroads of decision.

Whether or not you are ready to accept Dave's answer, you will find yourself compelled to join the young hoodlums who admitted incredulously, "Hey, Preach, you're comin' through."

Other new books are, "Days and Days of Darling Sam" by Lorraine McLaughlin, "All the Children of the World," by Helen Doss, "How Now Brown Cow," by Jean Tamburine, "Ranger in Skirts," by Shirley Sargent, "Gunsmoke Law," by Charles Roscoe, "Toppaz," by Leon Uris, "The Queen's Confession," (the Story of Marie Antoinette) by Victoria Holt.

He said, "Also, remember to transfer that list of frequently called numbers from the old directory to the new one."

This year more than 6,900 General Telephone directories will be distributed throughout the St. Johns area, he said.

MISS MARY L. KIGER

## Mary Kiger wed to Kenneth Mitts

Miss Mary L. Kiger, daughter of Mr and Mrs Kenneth F. Kiger of R-1, Vicksburg, and Kenneth B. Mitts, son of Mr and Mrs Earl W. Mitts of Fayette City, Pa., were united in marriage Oct. 19.

The candlelight ceremony was performed at 7 p.m. at the DuPlain United Methodist Church with Rev Walt Easton performing the double ring ceremony. The bride was given in marriage by her father.

The altar was decorated with vases of white and fall-colored mums. There were candles with ivy along the walls and in the candelabrum. Music was played by Mrs Donald Temple and soloists were Miss Mary Temple and Miss Mary Holt.

The bride chose a gown of satin peau d'ange with an empire bodice and an A-line floor-length skirt with a detachable chapel train appliqued with Venice lace. Her veil was chapel length with three tiers of silk illusion and trimmed with the same Venice lace used on the gown. The veil was held in place with a pillbox crown. She carried a bouquet of white roses and chrysanthemums with ivy.

The matron of honor, Mrs Lois Ames of Lansing, and the bridesmaids, Mrs Cheryl Suttiff of Henderson and Miss Anna Kidd of Lansing, were dressed alike. They wore dresses in avocado green crepe with empire bodices appliqued with Venice lace, with A-line over skirts of ivory chiffon and ivory chiffon floor-length trains held in place with large avocado green bows. The gowns were made by the bride and Miss Anna Kidd. Their veils were of short green illusion held in place by Venice lace, matching the lace on the dresses. They carried baskets of various fall-colored mums.

The bride's mother chose a gown of cranberry wine and avocado green, sheath style with cranberry and black accessories. The groom's mother wore a green and white two-piece suit with brown accessories. They each had shoulder corsages of white roses and chrysanthemums.

### Engaged

SUSAN MARIE KLEIN

Mr and Mrs Paul Klein of 11336 West Clinton Street, Fowler, wish to announce the engagement of their daughter, Susan Marie Klein, to Michael Francis Platte, son of Mr and Mrs Francis Platte of 6868 Grange Road, Westphalia.

The bride-elect is a graduate of Fowler High School class of 1966 and she attended Lansing Community College. She is presently employed by the State of Michigan in the Department of Education.

The prospective bridegroom is a graduate of Pewamo-Westphalia High School class of 1966. He has completed six months of active training and is now a Private First Class in the Army Reserves. He is employed by the Tucker Construction Co. of Lansing.

An April 25 wedding is being planned.

### Miss Fleischer honored at bridal showers

Special guests present for the wedding were Mrs Sarah E. Post, grandmother of the bride, and Mrs Earl L. Mitts of Connelisville, Pa.

For her going-away outfit, the bride chose an avocado green, navy and brown blend suit with cape and cap, accented with brown accessories. After a honeymoon through New England and New York the couple will be at home at R-1, Vicksburg.

The bride is a graduate of Elsie High School and Bronson School of Nursing in Kalamazoo. She is presently employed at Bronson Methodist Hospital, Kalamazoo. The groom is a graduate of Connelisville Joint Senior High and is presently employed as branch manager of Industrial State Bank and Trust Co. at Kalamazoo.

Miss Jean Fleischer was guest of honor at two bridal showers in the past two weeks. The first was a Tupperware shower at the home of Mrs Betty Ellsworth at Holt. Guests present at this "surprise" shower were the bride-elect's paternal aunts and cousins and a few friends.

Miss Linda Castner and Miss Anna Leonard were hostesses at the second miscellaneous shower held at the home of Linda Castner. Guests were former classmates.

Miss Fleischer will become the bride of Frederick Cook II of Pewamo next month.

## Planning a holiday wedding?

Wonderful. It's really a beautiful time for a wedding. It's a busy time, too, and we want to remind you to save enough time to pick out a beautiful ring. Last-minute shopping of any kind is bad enough and you certainly don't want to buy your wedding band that way. We can help, if you'll come see us. We have the most beautiful group of ArtCarved wedding rings you'll ever see and one of them is just the one you want.

Mrs Robert Valentine  
Phone 862-4342

The Bannister Women's Society of Christian Service held their pledge service and Charter meeting recently.

Rev Wayne Sparks conducted the pledge service. He asked that members not only pledge money but to pledge their service as well.

The Service of Celebration for the Charter meeting followed. Mrs Walter Miller gave a musical prelude. Vice-president Mrs Robert Valentine gave an invitation to membership. Mrs Ivan Hofferbert gave the call to worship.

Mrs Thomas Bradley gave the heritage. She told of some of the work of the past presidents. Past president pins were presented to Mrs Raymond Stewart, Mrs Ivan Hofferbert, Mrs Edna Nowlin and Mrs Richard Moore. Other past presidents, Mrs Clifford Casler and Mrs William LeClear were unable to attend but will also receive past president pins.

Mrs Robert Valentine gave the meditation "Bread of Life." The Bread of Life was symbolized by a loaf of bread placed on the altar surrounded by its four basic ingredients. The presentation of the ingredients was given by Mrs Ray Canfield, Mrs Ivan Hofferbert, Mrs King Terrell and Mrs Ray-

mond Stewart. Each member came forward to sign the Charter roll and then two by two entered Wesley Center to partake of the Agape Feast. Mrs Ray Canfield sang a solo before the meal was served. Mrs Elmer Leydorf, Mrs Richard Moore, and Mrs Thomas Moore served the feast of homemade bread rolls, fruit and cheese.

Don't forget the monthly roller skating party at the Fenmore rink, Friday, Oct. 25 at 7:30. It is sponsored by the Bannister UMYF but all are welcome to attend.

The Annual United Nations Night will be held Thursday evening, Oct. 24 at the Bannister United Methodist Church. Beginning at 7:30, Mr and Mrs Charles Hazel of St. Johns will show slides of their trip to the British Honduras. A potluck-dessert luncheon will follow.

Sunday guests of Mr and Mrs Roy Saylor were Mr and Mrs Vincent Wilson, Mr and Mrs Robert Saylor, Mr and Mrs R.G. Peck and family of Ovid, Archie Stratton and Mrs Ethel Stadck of Owosso.

Monday visitors of Mr and Mrs Frank Leydorf were Mr and Mrs Ralph Long of Ashley. Mrs Edna Nowlin was a Thursday visitor. Friday afternoon callers were Mrs Elsie Boog of Ashley, Loyal Ryan of Baldwin, Mrs Chester Bishop of St. Johns and Mrs

Lulu Addison of Bannister. Mrs Ivan Scott and Mrs Minnie Scott and their granddaughters were Saturday visitors.

Layman Sunday was observed at the Bannister United Methodist Church Sunday morning. Lay Leader Ray Canfield gave the sermonette using the theme "Time." The senior choir sang the anthem, James Valentine and Todd Moore served as acolytes.

The Junior Choir of the Bannister United Methodist Church assisted. Rev Wayne Sparks in conducting a worship service for the patients of the Maple Valley Nursing Home Sunday afternoon.

An area youth rally was held Sunday evening at the Main St. Building of the Ovid United Church. Approximately 60 young people attended. Rev Father Ed Koneczka of Bannister's St. Cyril's Catholic Church explained a Contemporary Folk Mass. He was assisted by youth of his parish. Frank Dudash played the guitar as the Rev Father Koneczka led his young people in singing. Discussion groups met and then reported to the group as a whole.

Mrs Ann Dunay, Grand Representative of Oregon, attended installation services Tuesday evening at Mason, honoring Mr and Mrs James Maddix, worthy patron and worthy matron.

Mrs Ann Dunay attended Radiant Chapter Wednesday evening in St. Johns.

Mr and Mrs Alex Dunay and Pat attended the Bocek-Skaryd wedding in Bannister on Saturday.

**East Essex carnival set Nov. 2**

The East Essex Parents Club is planning a carnival at the East Essex School Nov. 2, from 7:30 till 10:30. Many merchants in the area have donated prizes, and club members are busy making the tickets.

The proceeds from the carnival will go toward the purchase of much-needed kitchen equipment. The public is invited to attend and visit the many fun booths offered. Mrs Mary Ann Schlark will have charge of the bake walk, Mrs Priscilla Gove the bean bag toss, Mrs Sue Albers the fish pond, Mrs Mary Snyder the country store, Mrs Donna Smith and Mrs Eilene Plowman the spook house, and Mrs Joyce Dush the popcorn and candy. The name of the fortune teller is a secret. Wendy Smith and Marcia Motz will present a puppet show.

Prizes will be awarded throughout the evening, and there will be a drawing for a 25-pound turkey. Refreshments will be available. Tickets may be purchased from any student or at the door.

The club wishes to thank Mr Noel Smith who is installing playground equipment at the school, for his great contribution to the club and for the school children.

A TOUCH OF MEXICO AT EAST ESSEX

Mrs Janet Remus' sixth grade class at East Essex School wound up a study section on Mexico recently, and this table of items and pictures and costumed senioritas tell some of the things they learned about the United States' neighbor to the south. The girls are Debbie Butler (left), Melanie Nemick, Dori Kus, Susan Mitchell and Laura Gillespie. The class had a Spanish dinner featuring Mexican foods.

Members of the East Essex Parents Club are busy working on tickets for their school carnival Nov. 2 at 7:30 p.m. Left to right are Priscilla Gove, Pat Mitchell, Penny Cox, Donna Smith, Eilene Plowman, Mary Ann Schlark, and Judy Paks. Not present for the picture were Mrs Albers, Mrs Havens, Mrs Snyder, and Mrs Dush.

**Bridgeville**

By Mrs Thelma Woodbury

Mr and Mrs Bruce Hulbert and sons and Jim Boots were Sunday dinner guests of Mr and Mrs Douglas Hulbert.

Mr and Mrs Orval Woodbury of Beaverton were overnight guests of Mr and Mrs John Woodbury Friday and they all attended the Woodbury-Wieher wedding and reception in St. Johns.

Mr and Mrs Jay DeLong of Lansing were Sunday dinner guests of Mr and Mrs John Woodbury, after which they went on a color tour near Weldman. They also called on Mr and Mrs Albert Flansburg of rural Alma.

The chicken supper and fair at Bridgeville Hall Friday evening was a great success. They wish to thank everyone who helped.

Self-confidence is truly a name-brand on any market.

**4-H Club Chatter**

By JOHN AXLSWORTH  
Extension 4-H Youth Agent

Clinton county has received a certificate of recognition for an outstanding county-wide 4-H community beautification program from the Federal Extension Service and Sears-Roebuck Foundation and the National 4-H Service Committee. "Operation Cleanup" was the beautification program conducted in April where over 360 4-H members and leaders participated in cleaning up over 200 miles of county roadsides. I would like to thank all the members and leaders who helped with this project and to make this award possible.

The fall general leaders meeting was held Monday evening at Smith Hall. Certificates, fair premiums, 4-H pins and awards were given out to the leaders. Any organizational leader who was not present should pick up their material at the Extension office. Any leaders interested in having one of the 4-H citizenship delegates, or Canadian 4-H exchange delegate speak at their club programs, should contact them as soon as possible for setting up their program.

The 4-H trip award winners to Chicago will be meeting on Tuesday evening, Oct. 29, at 8 p.m. at the Extension office. They will be working out final plans for the trip to Chicago over the Thanksgiving holiday weekend. Eighteen 4-H'ers have been awarded the trip.

The Fowler Busy Bees 4-H Club held an open house for all interested boys and girls to enroll in the club. Seventy youth enrolled. New leaders this fall include Mrs Jan Thelen in sewing and Floyd Messer in woodcraft. The officers held a meeting Oct. 13 at the home of their organizational leader, Mrs Frances Feldpausch, and set up their winter program.

The Willing Workers 4-H Club members held their winter election and elected the following officers: president, Kathy Bergdolt; vice president, Diane Kirkpatrick; secretary, Maryann Sehke; treasurer, Bonnie Britten; and news reporter, Shirley Morehouse. New leaders this fall include Judy Boettger, Jean Ditts and Betty Schumaker. They will be working under the direction of Ethel Flegler, the organizational

leader. The club will hold its next meeting Nov. 4 at the home of Dianna Kirkpatrick.

The Pioneer Trail Riders 4-H Club ended their year's work with a trail ride and potluck dinner. The members rode their horses over eight miles of trails and enjoyed the afternoon of recreation and food. Debbie Wheeler was in charge of the trail ride. The members will not meet again until spring when they will organize for the summer program.

The Four Corners 4-H Club held their organizational meeting for the winter program. Kam Washburn was elected president for the new year. Other officers included: secretary, Mary Temple; treasurer, Matthew Peck; news reporter, Pam Jewell; song leaders, Melody Jewell, Annette Zucksworth and Debra Pumpford; food box, Marie Blakely; flag sentinel, David Cerny; and

safety, Renee Bashore and Larry Bernath. Pam reports that there are about 40 members in the club, including 12 new leaders.

Marcia Tait is the new president for the Jolly Knitters 4-H Club for the new year. Other officers include: vice president, Brian VanVleet; secretary, Ruth DeBoer; treasurer, Susan Falvor; and news reporter, Charles Lee Tait. Game committee for November is Julie Tait and Bruce Hebler and cleanup committee is Susan Peterson and Loene Tait. The roll call for the Nov. 12 meeting is an Indian name. There are 11 members in the club under the direction of Nancy Baker and Gweneth Tait.

The Saddlemates 4-H Club members are holding a Halloween party and hayride on Saturday, Oct. 26, at 7 p.m. The committee of Elina Tobias, Marie Keeper, Ann Oliner and Dennis Duddy are working out the details. The members have enrolled in the veterinary science project for the winter program. They discussed the horse judging clinic held recently at St. Johns and read articles on judging parts

of horses.

The Green Clover Girls 4-H Club is the new name selected by the members of the past Country Club Corners 4-H Club. Mary Snyder is the organizational leader of the club. The result of the election is as follows: president, Jill Bunce; vice president, Robin Clark; secretary, Sheila Snyder; treasurer, Polly Bunce. The club will meet the second Tuesday of each month with next meeting at the Oakleys' home Nov. 12 at 7:30 p.m. The club plans to hold a hayride in the near future.

## DeWitt finds 'Quiz Bowl' experience very exciting

*Spirit Week was wild at Bath*

By DAVE HORVATH  
DeWitt High

Time winner Comstock Park, 210-180.

The tension was intense at Bath High Friday night, Oct. 11, as the four queen candidates awaited the announcement of which one would be the 1968 Homecoming Queen. The candidates were: Miss Roberta Six, Miss JoAnn Schroeder, Miss Carol Dunavant, and Miss Sally Osenga.

The festivities took place during half-time of the game. The Bath High School Band, under the direction of Mr Ken Koolman, played several pop tunes and afterwards the class representatives, class floats, and queen candidates were driven around the football field.

The winning class float was made by the sophomores, advised by Mr Harland Cook. The senior float took second place, the junior float took third place, and the freshman float came in fourth.

Finally the long awaited announcement was made. Miss Carol Dunavant, daughter of Mr and Mrs F.R. Dunavant of 5565 Clark Road, was named as the queen. She was crowned by last year's Homecoming Queen, Miss Rose Ann Day. The members of the queen's court were: Miss Roberta Six, Miss Sally Osenga, and Miss JoAnn Schroeder.

At the Homecoming Dance held Saturday night, Oct. 12, the Homecoming King was presented. He was Tom Feguer, son of Mr and Mrs Herbert Feguer of 5593 Slight Road.

King Tom and Queen Carol reigned over the dance and during the intermission everyone was given the opportunity to take pictures of the royalty.

The dance featured the Party-stor Band.

DeWitt—DeWitt High School's "Quiz Bowl" team put forth a victorious effort, defeating Comstock Park's team Oct. 10, 210-180. It was the first time that DeWitt had been invited to participate in the WZZM, Channel 13 (Grand Rapids) production, "The High School Quiz Bowl."

Chosen last spring in a preliminary test questioning, 15 students competed for a spot on the four-man regular team, or for a position as an alternate. Questions were asked in the five different fields of science, math, English, history, and a general category, and each student had to respond with a simultaneous, oral answer. At the end of the testing, the four students with the highest scores were chosen as regulars. Representing DeWitt were Andy Paquet, Linda Chapel and Dave Horvath, seniors, and Shelley Keck, a junior.

DeWitt's and Comstock Park's teams and teacher advisors met in the WZZM studios centered in a Downtown Grand Rapids Hotel. There, they met the host for the show, Don Michaels, who gave them some last minute instructions. Once they were on the air, the questions began, and their nervousness faded, and at the halfway point, the game was tied, 110-110.

The Quiz Bowl is similar to the NBC show, College Bowl, only the questions are on a high school level. A sample question would be, "The famous riddle of the Sphinx was 'What walks on four legs in the morning, on two at noon, and on three in the evening?' What was the correct answer and who gave it? The answer is MAN and it was given by OEDIPUS." Such were some of the questions asked in the first half.

The second half proved to be an exciting one also, with the lead seeing-sawing back and forth. But when the whistle sounded ending the game, DeWitt had beaten two-

## Final Rodney B. homecoming filled with pageantry, success

By PATTI ZUKER  
St. Johns High School

The final homecoming for Rodney B., which was held last Friday, Oct. 18, was a roaring success as the varsity Redwings stomped the Alma Panthers by a score of 46-7. During the half time ceremonies a parade of the class floats and representatives was held for the capacity crowd. Because the freshmen do not construct a float, their representative, Miss Cathy Stoddard, rode in a convertible. The sophomore representative, Miss Mary Pat Sirrine, rode on a float made up of large red spirit jug centered around "The Spirit of '71." The junior representative, Miss Diane Fedewa, reigned over the junior float, a large phonograph, with "Cherish" as the theme.

The float constructed by the senior class of '69 had Rodney B. as its background, with the queen and four representatives sitting in front.

The representatives, Lexa Swatman, Debby Westland, Judy Whitlock and Patti O'Leary, were all seated in white wrought iron chairs. Above Queen Shari Liszewski's head was a large clock

commemorating the year Rodney B. was founded, the year of its first official homecoming and the year the class of '69 completed their freshman year and will complete their senior year. The girls' names were on red banners on the side of the float.

Carrying the crown with which Shari was crowned was Johnny Warren, 4-year-old son of Mr and Mrs Win Warren. Four-year-old Connie Koengsknecht, daughter of Mr and Mrs Nick Koengsknecht, carried the long-stemmed red roses which were presented to Shari by Mrs Leon Kellogg.

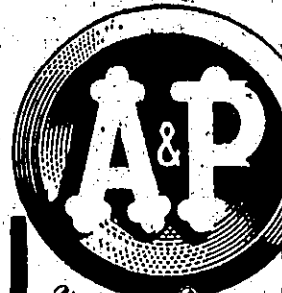

A SYSTEM OF HAVING gold cords for graduating seniors who have maintained a B average all through their high school years has met with the approval of the senior class. A survey was taken recently to gather the reactions to the idea of such a program. Out of 197 seniors polled, 129 were in favor of an honor cord system, 64 were opposed, and four wanted more information.

The cords would serve as a reward for individual scholastic achievement. This would eliminate the lopsidedness of honoring

only two people from a class of over 200—the valedictorian and salutatorian. The cords would enable a much larger percentage of the class to be recognized. The issue will be taken up with underclassmen and the student council in the near future.

The Junior Classical League held their annual slave auction and initiation during the past week. Many of the students were subjected to a gooey mess of peanut butter and flour, as they wandered through the halls of RBW blindfolded. The money received for first year Latin students (the slaves) will be used for the JCL banquet to be held in the spring.

The GAA is planning a hayride for Oct. 26. Many of the 135 members will be attending with their dates. Afterwards they will be served cider and doughnuts. The club is now participating in a series of volleyball games in which all of the girls are involved. The winning team of the tournament will play a faculty team in the near future. The club also plans to compete with area schools in a basketball tournament.

If your kid's been hiding out lately when he gets on the phone, take the hint. There are probably some things he'd rather discuss without an audience around. And he's entitled. After all, asking a girl out at his age is hard enough. But when the whole family's listening in, a guy could freeze. Help loosen young Don Juan's tongue. Call

your General Telephone business office and get him an extension phone. Then he can have his tête-à-têtes without feeling self-conscious. When a kid feels you don't want to listen in on all his private conversations, he's more apt to tell you about them. An extension phone gives him that choice.

## Bank sponsoring coloring contest

Teachers in grades one through four in Clinton County schools are invited to pay particular attention to Page 1-B this week where the Clinton National Bank tells all about a Halloween coloring contest it is sponsoring through this paper.  
Many of the teachers' young artist - students may want to enter it and seek one of the nine prizes being offered. They may use the pumpkin in the illustration or draw their own on an 8 1/2 x 11 paper and then color it. Complete details are on the contest page.  
Consistency in all things is a man's most precious asset.

## Men in Viet Nam to get voice, movies for Xmas

The national president of the Ladies Auxiliary to the Veterans of Foreign Wars, Mrs Elmer (Lora) Waters, will show Michigan members a pilot film on "Movies from Home" when she visits Jackson, Oct. 25-26.  
The film demonstrates how to get filmed messages from families to American servicemen in Viet Nam.  
Mrs Leroy R. Pahl, Michigan VFW Auxiliary president, said members in her state will work with television and military personnel to get as many movies as possible ready for Christmas delivery.  
"The armed forces tell us our Christmas deadline is Dec. 1," said Mrs Pahl.  
Members of St. Johns Auxiliary No. 4113 who are planning to greet the national president are Eloise Hambleton, president, and several members.

## Civil defense topic for Legion ladies

Clinton County civil defense Director Charles Frost showed a film, "Knowledge Is Protection," at the recent meeting of the American Legion Auxiliary in St. Johns.

The group was told that individual self-protection and family security are the foundation stones of national civil defense and emergency planning. A question and answer session followed the film showing.

The national commander of the American Legion, William E. Goldbraith, urged members of the Legion and Auxiliary to participate in and promote civil defense. "In Time of Emergency," a citizens handbook on nuclear attack and national disaster, was given to each member.

## Open Letter

from VAN W. HOAG

Dear friends,

As our living standard improves, it becomes more difficult to sense the hunger . . . frustration . . . even despair, of the unfortunate in our community who often suffer afflictions and privations through no fault of their own. The UNITED FUND offers that one time each year to share our blessings with the unfortunate - let us be truly generous.

Sincerely,

Van W. Hoag

Halfback Rick Cole (25) of DeWitt tries to squirm past a determined Webberville tackler during this first-half action in the Panthers' game with the Spartans Friday night. **Pirates lose 14-13, drop into title tie**

**POTTERVILLE**—The Pewamo-Westphalia Pirates' hopes for an outright CMAC football championship were severely

dampened, though not permanently scuttled, Friday night by their chief rival for the crown, Potterville.

**Central Raiders win 2 games**

Central Junior High School's Redwing Raiders scored two more football victories during the last two weeks and are still undefeated going into an Oct. 23 game at Portland.

The Redwing Raiders defeated the St. Joseph Ponies 13-6 Oct. 9, with Jim Viers and Doug Gross scoring touchdowns. Burnell Grieve kicked the extra point.

The Raiders played New Lothrop Oct. 16 and won 19-8. Touchdowns were made by Greg Lundy, Doug Gross and Bob Molnet. Sam Staley made the one extra point.

Raider coaches are Mike Humphrey and Roger DePaepe.

The Vikings snapped P-W's undefeated string of games with a 14-13 win over the Pirates, throwing the league race into a deadlock between the two teams. Both are now 4-1 for the league season and 5-1 overall.

It was a broken play for Potterville on the final extra point try that spelled defeat for Coach Bill Mark's Pirates. Potterville had scored on a 13-yard pass from Dick Diana to Bruce McMurray to take a 13-6 lead over P-W in the third quarter. On the try for the 14th point, the snap from center went awry, but the placekick holder, Diana, got hold of it anyway and went around the oncharging Pirates and ran in for the extra point.

That put the pressure on Pewamo-Westphalia to redouble its win. . . and they couldn't. They did manage one touchdown,

though, in the fourth quarter when Bill Freund ran into the end zone from three yards out and then added the extra point. But that was the one point shy.

Both teams scored their other touchdowns in the first half. Potterville's was on a run of two yards by McMurray in the first quarter, with Ron Boyer kicking the extra point. P-W hustled back in the second quarter, with Mike Miller connecting on a 51-yard scoring play with a pitch to Tom Barker. But the extra point attempt failed, and that was the victory margin.

Potterville was ranked fifth in the state prior to the game.

Pewamo Westphalia has games remaining with DeWitt and third-place Portland St. Patrick's, while Potterville has to play Fowler and DeWitt.

**Ovid-Elsie wins 2 games**

**OVID-ELSIE**—The Ovid-Elsie junior varsity football team picked up two victories over the past two weeks, defeating Corunna 19-14 and Chesaning 8-7.

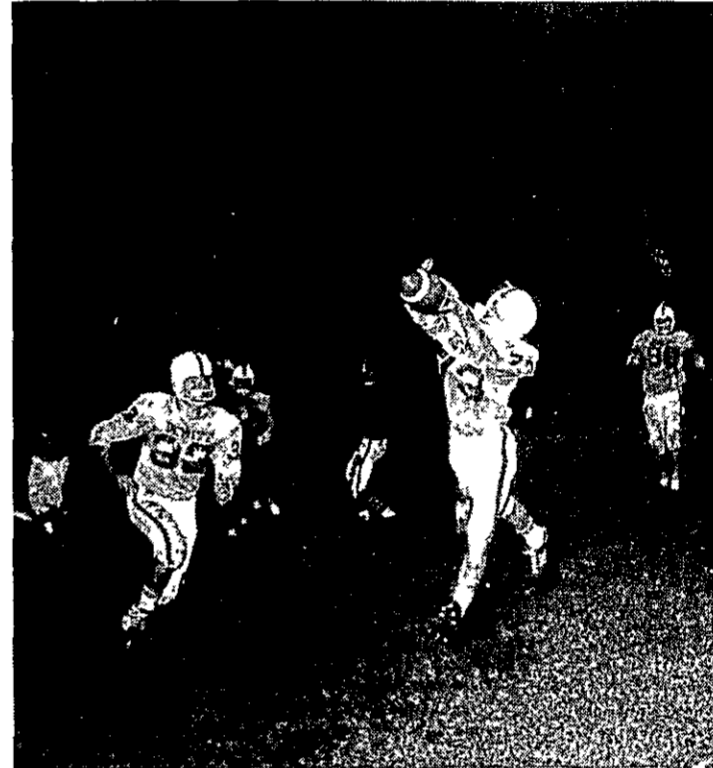

On Oct. 10, quarterback Greg McKay passed for one TD and ran for another in the victory over Corunna. Steve Melvin scored the last touchdown after he set it up with a pass interception on the Corunna 25-yard line.

Last Thursday against Chesaning, Ovid-Elsie picked up 320 total yards but could cross the goal line only one time. They got to the one-yard line once only to fumble the ball to Chesaning; but on the next play, Ron Galgo and Duane Weiber tackled the Chesaning quarterback in the end zone for two points that eventually spelled victory.

With less than three minutes in the game, fullback Walt Schock went off tackle for 25 yards and O-E's only TD. Schock had 178 yards rushing for the night.

Chesaning scored on a 70-yard pass play in the second quarter. This week O-E entertains the St. Louis JVs.

Self-sufficiency has never been known to secure efficiency.

Sophomore end Dan Ruble (73) stretches for a pass Friday night against Webberville, while Ron Wilcox (33) comes in to help and Jeff Tew (99) gives a sympathetic jump in the background; DeWitt lost the game 13-9.

**Webberville takes DeWitt**

By JIM SOULE  
DeWitt High School

**DEWITT**—Webberville continued on to another win Friday night as they defeated the DeWitt Panthers here 13-0.

DeWitt's offense failed to score as they were again plagued by fumbles.

Webberville took over the ball in the second quarter on DeWitt's one yard line after the DeWitt center called the ball over the

punter's head. Two plays later Don Lunsted took it in for six points.

Webberville scored again in the fourth quarter after DeWitt fumbled the ball on their own 15. They took it to the five, where Lunsted took it in for six more points. The extra point came on a pass from Steve Chase to Lunsted.

Webberville is 4-2 in season play and 3-2 in league play. DeWitt is 3-3 and 2-3 respectively.

**Fowler scores . . . wins**

**FOWLER**—It seemed like ages since Fowler had scored a touchdown, but Friday night they popped the cork and came up with five of them, just enough to edge out a winless but stubborn Bath Bees 30-26.

It was the first time since they beat Fulton 12-7 in the season's opener that Coach Blaine Douglas' boys had been across an opponents' goal line. They had been shut out four straight times since then.

Gary Feldpausch, the only senior starter on the Eagles squad, got three touchdowns against Bath on runs of 45, six and six yards. Brother Steve got one, but it was the big and final one

when he ran 40 yards for a touchdown with five minutes left in the game.

That wiped out a 26-24 lead that Bath had been hanging onto. The Bees, yet without a win in six games, had gotten two touchdowns from Dave Ankey on 40- and 20-yard passes from quarterback Dave Briggs, one from Don Nichols on a 60-yard sweep, and the other one on a broken play in which Mark Dunkel picked up a fumble and tossed to Tom Cooley in the end zone.

Fowler's fourth of their five touchdowns came when Clare Thelen intercepted a Bath pass and returned it 35 yards for the score.

# Redwings clinch league title with 46-7 sweep over Alma

Here comes Chuck Green (20) circling left for a big yardage gain after blocking protection against Panthers Paul Painter and another unidentified would-be tackler. No. 72 for St. Johns is Doug Thurston. Alma players trailing in the background are Steve Richards (76) and Bernie Painter. St. Johns won 46-7.

Quarterback Tim Durner (13) looks over the Alma defense before calling the final signal that sent halfback Chuck Green into the end zone for St. Johns' seventh touchdown in a 46-7 rout of Alma Friday night. Robert Knight (51) is shown centering the ball. No. 28 for Alma is Herb Larson.

Why the St. Johns Redwings shouldn't be ranked high among state Class B football teams is a mystery to St. Johns fans after their favorite team rolled to an almost errorless 46-7 win over second-place Alma last Friday evening. It clinched at least a tie for the league championship.

While amassing their highest single-game point total of the year with a balanced passing and running attack, the Redwings were holding Alma to only plus four yards rushing and two first downs.

Sparked again by workhorse Mike Green, the Wings piled up 220 yards rushing and added 165 via the air and made 12 first downs. Only one fumble on the second play from scrimmage spoiled an almost flawless performance.

The victory put St. Johns over the hump in the West Central Conference championship race. They're now 5-0 in the league, and need only a victory over Charlotte or Lakewood to take the title outright. Charlotte is 0-5 and Lakewood is 1-4. Both, however, have been known to give high-flying Tedwing teams of the past some embarrassing moments.

Alma's loss to St. Johns Friday night was only their second in league play. They had been holding onto a second-place tie with Hastings with a 3-1 mark. But St. Johns didn't take too long to show the visiting Panthers why they (St. Johns) were in first place.

all night, and that went for 24 yards and their only touchdown with just under two minutes left in the game.

The Redwings took just over four minutes to establish their authority. They lost the ball on a fumble on the second play from scrimmage (about their only error of the night) but held Alma on downs at the 37 yard line. Then after getting a first down at the 47 yard line, fullback Mike Green bounced through a big hold, shook off a couple of linebackers and broke clear for 53 yards and the first touchdown. Jeff Slim's extra point kick was good.

Alma gained a yardage advantage on an exchange of punts with St. Johns to move in to the St. Johns 30, but again the defense put a stop to the mild threat, and that set the stage for TD No. 2 in the first quarter. On the first play from scrimmage, quarterback Durner guided a pass to Gaffney cutting across to the right side of the field, and Gaffney outran two persistent defenders to complete a 70-yard touchdown play.

Slim's kick made it 14-0.

ALMA WAS FORCED to punt after losing 15 yards on two plays, and St. Johns scored again with 9:44 left in the half. Terry Maier had set up the play by returning an Alma punt to the Alma 39, and after Chuck Green picked up five yards, Durner knifed another pass to Gaffney and he was off for another TD. Slim's kick missed.

After forcing another Alma punt, St. Johns put together one of its two sustained drives of the night. Starting on their own 35, the Wings strung together four first downs and made it to the 15 yard line and then opened up another hold for Mike Green to shake himself through and into the end zone. Slim's extra point kick made the score 27-0 with 2:36 left in the half.

St. Johns was to score again before intermission, this time

### ST. JOHNS LINEMAN OF THE WEEK

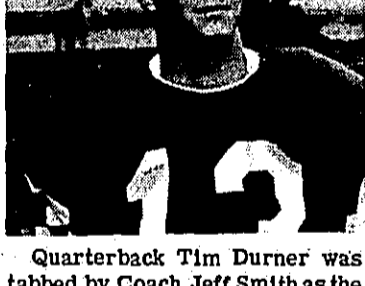

All night long the name of Brian Ballinger, No. 73, was being broadcast on the PA system as he keyed the St. Johns defense of their goal. Ballinger led the team in tackles.

THE REDWINGS scored almost at will, both through the air and on the ground. Fullback Mike Green got three touchdowns, quarterback Tim Durner passed to end Dave Gaffney for a pair, Durner scored on himself, and halfback Chuck Green scored one. It was 14-0 at the end of the first quarter and 33-0 at half-time.

Shining just as bright as the offense was the St. Johns defense. The Redwings held Alma to only 4 yards net rushing for the night, including a minus 30 yards in the second half. A hard-charging line caught Alma quarterbacks Alan Studer and Roy Hernandez for huge losses seven times during the game to account for most of the negative yardage.

The visiting Panthers were able to complete only one pass

### ST. JOHNS BACK OF THE WEEK

Quarterback Tim Durner was tabbed by Coach Jeff Smith as the back of the week for his performance in the St. Johns-Alma game. Durner completed seven out of 13 passes for 165 yards and two touchdowns and also scored one himself in the 46-7 rout of Alma.

## Win 98 for O'Donnell

# Ovid-Elsie upsets Chesaning 13-6

By FRAN FOWLER  
Ovid-Elsie High

OVID-ELSIE (c)—It was No. 98 for Coach Mark O'Donnell as the Ovid-Elsie Marauders beat the Chesaning Indians 13-6 last Friday.

The Indians, who had gone into this game in first place, now find themselves in second as Corunna beat St. Louis to gain the first spot. Ovid-Elsie is now in third place.

"The kids really wanted this one bad for coach (O'Donnell)," said assistant Joe Thering following the game.

The Marauders already had six points in the second quarter and had seven more in the third before Chesaning was able to get six in the third quarter. The Marauders were inside the 10 yard line five other times but failed to go over.

The Marauders went 62 yards on the ground for their first score but only a few yards each time they moved. Ron Lover went off left tackle from one yard for the score.

After a big gain by Dave Long, the Marauders again sent Lover over the goal in the third quarter on the same play. Long ran in the extra point on a pass-option sweep.

The Indians got their score on a 52-yard drive with Denny Tithof going the last four yards on a sweep.

LOVER OUTGAINED all the Indians as he got 101 yards on 31 carries. Melvin had 92 and Long 69. The defensive standouts were Ben Sloat, Phil Seybert, Frank Wenkler, Charlie Hunze, Greg Finch and Dennis Bolton. The Marauders had 15 first downs to six for Chesaning. The

Marauders had a total of 353 yards to the Indians 100. O-E had 273 yards rushing and 80 passing while Chesaning had 75 yards rushing and 25 in the air.

Next week the Marauders travel to St. Louis.

### U of M student contest winner

The Clinton County News this week sent a check for \$20 to a student in Ann Arbor — the farthest distance that we've sent a football contest winner's prize in the last couple of years.

Robert Brom of 727 Packard No. 7, University of Michigan, was the winner last week on the basis of 17 correct selections out of 21 games. He was the only one with that good a record, primarily because of a number of upsets among the games listed in the contest.

It probably should be noted that Brom DID pick the U of M to beat Indiana.

## Wolves shade St. Pat's with late TD, 27-25

PORTLAND — The Laingsburg Wolfpack dealt Portland St. Patrick's CMAC title hopes a blow Saturday night by scoring in the last minutes of the game to win 27-25.

Gary Koonter passed to Ray Curtis on a 46-yard scoring play to wipe out a 25-20 lead by St. Patrick's going into the last minute. Koonter passed for two other touchdowns, with Dick Divine on the receiving end, and Ray Curtis scored the other. Mike Simon scored two touchdowns and an extra point to lead the Shamrocks in a losing effort.

with the aid of a break, Alma's punter, Dave Walsh, had been getting wild passes from center throughout the half, and finally one got away from Walsh. By the time he was able to get the ball he was snowed under and fumbled. St. Johns took it on the 10, Chuck Green picked up eight yards on a screen pass from Durner, and then Mike Green blasted over left tackle with 8 seconds left to make it 33-0.

St. Johns got the ball again after a successful on-side kick, but Durner's attempted long pass on the last play fell incomplete.

ANOTHER ALMA fumbled to St. Johns' sixth touchdown. The Wings recovered it on the Panthers' 26 yard line, and five plays later Durner sneaked the ball over from the two yard line. He had set up the score with a 14-yard pass play to end Jon Berkousen. Slim's kick made it 40-0.

St. Johns' last touchdown drive started in the third quarter and wound up in the fourth. The Redwings made three first downs, highlighted by a nine-yard run by Jeff Slim, a 15-yard screen pass from Durner to Chuck Romig and a 12-yard sweep by Chuck Green. Green then banged into the line three straight times, finally getting his first touchdown of the year from two yards out with 10:30 left in the game.

That wound up St. Johns' scoring, although they threatened at the end of the game by getting down to the 13 yard line. Craig Bartholomew attempted a

### Fowler council holds meeting

The Fowler Village Council held their regular meeting last Monday evening. Building permits by Fedewa Bros. for a residence on W-3rd Street was approved and on S. Sorrell denied.

Police protection for Halloween was discussed. A motion was made to hire two cars and four officers of Greater Lansing Special Police in addition to Leonard Thelen. Motion was supported and carried.

Fedewa Builders Inc. was represented at the meeting to discuss plans they have for building a laundry as a start of a shopping plaza on East M-21. Their building permit had been denied because of the present water system. Due to the absence of President Edinger, a special meeting will be called in the next few weeks to reconsider the request.

Bids were submitted for cementing the drying beds at the sewer plant. A bid of \$175. by Platte was accepted.

It was agreed to gravel N. Drive St. and prepare the first block for asphalt surfacing in 1969.

Motion was made to pay bills amounting to \$2175.49 with the exception of \$40.60 to St. Johns Municipal Court pending clarification.

### JAYCEES DONATE TO BAND

This past week the Band Boosters were presented a \$70.47 check from the Jaycees. The Fowler Jaycees have been aware of the great financial bind the Band Boosters have and still are experiencing. As in the past, to aid a community project, they willingly came forward with sponsoring a Social Party. All the proceeds from this party was donated to the Band Boosters. A spokesman for the Boosters stated that the money would be used towards the band uniforms. They expressed their appreciation to the Jaycees and all who helped to raise this money.

Dates in the near future are being set for additional programs to gain finances to pay for the band uniforms.

He's scheduled to beat Westphalia at 1 p.m., Fowler at 1:45, Maple Rapids at 2:30, Euroka at 3, Elsie at 3:30, Ovid at 4 and St. Johns at 4:30 p.m.

## Ambulance service bills disturb county

Here are some miscellaneous items of business transacted by the Clinton County Board of Supervisors during their meetings of Oct. 14 and Oct. 21:

Referred to committee for recommendation was a request for an electronic telephone answering service for the county's two dog wardens. Also being considered is short wave radio for their cars as a possible route to savings in time and mileage.

The board's audit committee was asked to check with the prosecutor concerning attempts to collect unpaid ambulance service bills turned over to the county by private ambulance operators. Supervisors noted an increase of "uncollectible" bills being submitted to the county, with the feeling expressed that the county should demand more efforts by the operators before coming to the county.

The printing, veterans and government committee will study a request from the City of St. Johns for county participation in a proposed courthouse lawn memorial for county men who have lost their lives in military service to the United States.

THE BOARD approved a \$494 bid to paint shingles on the courthouse roof after attempts to sandblast stains failed to work entirely satisfactorily.

Supervisor Reginald Nelson of DeWitt Township reported the State of Michigan has deferred action on ownership of the Capitol City Airport until after the new county boards of supervisors take office. He said a legislative committee has proposed a compromise which they thought the new county boards might accept — a recommendation that the state maintain control of the airport, with a three-county-and-state board to be set up to work out airport needs in the three counties.

### Cargo vans to aid state's 'sister' country

Six motor-driven vans will leave Michigan Nov. 1 for British Honduras with their cargo of hope for the residents of that country.

Materially the trucks will be loaded with farm machinery, large appliances, school and hospital equipment and many other items considered necessities in this country but luxuries to the people of that small country just north of the Panama Canal.

The Michigan Partners of the Alliance—a non profit organization functioning under the auspices of the Alliance for Progress—has as its partner country British Honduras, where the per capita income is less than \$200 annually.

The purpose of the Michigan Partners of the Alliance is to build a creative and enduring partnership between our people and the people of the Central American country. A small town named Stann Creek is a direct partner to St. Johns.

Since the formation of the Michigan Partners in February 1966, a nine-member program development team traveled to British Honduras to survey problems and needs. Dr Eugene Friesen, pastor of the St. Johns Pilgrim United Methodist Churches was on that team.

Several projects have developed since the group returned and helping to fill these vans is a project Clinton residents can take part in directly.

This summer a group of St. Johns area residents, from the Pilgrim United Methodist Churches traveled by bus to our partner country and can relate the needs of the people. The group spent 7 days touring the country meeting and working with its citizens.

The vans will be driven by students of a truck drivers course in Lansing who will make this drive as part of their final exam. They will leave Nov. 1, and until that time area residents are asked to donate: 1) used farm equipment in good repair; 2) appliances; 3) anything of value for schools, hospitals, civic groups, and churches.

Donated items may be left at the Pilgrim United Methodist parsonage at the corner of DeWitt and Parks roads. More information may be obtained by contacting Dr Eugene Friesen.

This is an opportunity to share in a project not of charity but of hope—hope given to a group of people which will help them to help themselves," he said.

"Michigan could not have chosen a better partner than British Honduras. Given the necessary guidance, assistance, tools, and encouragement these sincere people will emerge a new nation achieving full economic and social maturity."

The board formally struck from the minutes of their September meeting a motion calling for the firing of Robert Yager, sanitarian with the Mid-Michigan Health Department. Supervisors acknowledged they had no authority over the hiring and firing of the department's personnel, although they maintained displeasure with Yager's work.

Prosecutor Roland Duguay presented slight modifications in resolutions the board passed in September providing for the borrowing of funds for the balance of 1968. He said the new clauses in the two related resolutions would more fully explain the needs of the county and would meet the requirements of a new form request of the finance commission. The board approved. They are seeking to borrow \$150,000 to meet "unforeseen costs not provided in the budget for the current year."

The board passed a resolution requiring a deposit of 50 per cent of the estimated cost of preliminary survey work when drain officials do surveying for new drainage districts within subdivisions. Drain Commissioner Dale Chapman requested the fee, pointing out that the county could otherwise lose considerable money if subdividers decide costs are too high for a drainage district after the county has done preliminary work.

CIVIL DEFENSE Director Charles Frost was granted permission to attend a state civil defense meeting in Muskegon in December.

Supervisors Gerald Shepard of Bath Township and Maurice Gove of Bingham Township were appointed Clinton's representatives on the new Tri-County Mental Health Board that will take effect Jan. 1.

The board approved a \$1,164.72 appropriation request for the Grand River Watershed Council.

A request for a phone and floor carpeting in the circuit court assignment clerk's office was approved. The carpeting was requested because the office is above the county clerk's vault

and has some acoustical problems. The board approved an additional \$360 appropriation for the Children's Aid Society because expenses of the society for county residents exceeded the \$2,636 reimbursement this year.

### Guild plans special activity

Members of the St. Elizabeth's Guild of the St. Johns's Episcopal Church will go to the "Bishop's Day" luncheon at St. Paul's in Lansing instead of having their regular Nov. 4 meeting in St. Johns.

Twelve members of the Guild present at the last meeting Oct. 7 made pads for use by cancer patients, while at the same time discussing a Life Magazine article read by program chairman Florence Disler.

President Mrs Carolyn Campbell reported that Church Women United of Clinton County will meet Nov. 1 at 1 p.m. in the Episcopal Church undercroft.

### 298 shots at free clinic

The free monthly immunization clinic was held Oct. 16, sponsored by the Mid-Michigan Health Department. Some 221 people attended, and a total of 298 shots given. These included: Diphtheria, pertussis, and tetanus 77; diphtheria and tetanus 14, smallpox 55, measles vaccine 31, oral polio 89, TB test 32.

The next clinic will be held at Bath on Nov. 13. St. Johns will have another clinic Nov. 20 at St. Joseph Catholic Church basement.

"Let's talk dry cleaning"

by Dana Antes

Holiday occasions, with extra eating and drinking, often mean spots and stains and soiling on your better dresses, evening gowns and cocktail dresses, as well as on Dad's best suit. On delicate, fragile fabrics such stains are often colorless and don't show up until after they've "aged" a bit. Then they begin to turn a brownish color. They'll also become visible when exposed to air or especially to heat.

We have special techniques for dealing with many such stains, which won't come out in regular cleaning. One technique is called "spot digesting". It uses the same principle our bodies use to digest food. A special "live" enzyme is used to "digest" the stain prior to cleaning, without harming the fabric or its color. This has to be done at carefully controlled temperatures.

Such techniques are just one evidence of how much today's reliable dry cleaner has become a specialist. You can rely on our special knowledge, equipment and skills to give the glamour treatment to your garments... and do it safely! Remember... if your clothes aren't becoming to you, they should be coming to us!

## Number increasing Large grain dryers popular

The number of large on-the-farm grain drying units in Michigan is small but increasing, according to George McQueen, Clinton County Extension agricultural agent.

"The dozen or more such units drying 40,000 or more bushels need to have capacity to dry as much as 3,000 to 4,000 bushels on some days and average about some days and average about 2,000 bushels a day," he reports.

According to McQueen and Robert L. Maddex, Michigan State University agricultural engineer, the "drying" operation can be quite successful in this large sized operation.

In the drying operation, they explained, the grain is removed from the heated air drying unit at about 17 per cent and placed in a steeping bin. After being allowed to stand for eight hours the corn is cooled with a low air flow of unheated air.

This air cooling removed another three to four per cent of moisture at a rather low cost to the operator.

MADDEX SAYS THE grain is

not subjected to high stresses of high temperatures at the end of the drying cycle. This reduces cracking and scorching of the grain. At the same time, the cost of drying is reduced.

"This process may also be tied to the "automated batch" or "continuous flow systems" of mechanized grain handling, comments Maddex.

The agricultural engineer says

much planning and development needs to go into any system, large or small. Grain harvesting, handling, storage and drying must be tied together in a total program.

"A farmer should look over many operations and find the one he thinks would best fit his crop system, available labor and plans for the future," Maddex concludes.

## Handling of corn needn't be confusing

By GEORGE McQUEEN Extension Agricultural Agent

It may seem confusing if not impossible to plan a corn handling system for your farm. When separated into segments or steps, however, it becomes easier to match all parts.

First would be method of harvest. What kind and size of a machine will you be using? One should plan on only 15 good harvesting days each fall. Will you be harvesting ears or shelled corn and do you want to use it as dry corn or as silage?

## Treat fields now for yellow rocket

The presence of yellow rocket in alfalfa next spring can be greatly cut back by treating fields this fall with MCPA, says George McQueen, Clinton County Extension agricultural agent.

Applied at the rate of a half pound of actual chemical per acre after one or two killing frosts, MCPA will eliminate much of the yellow rocket that will otherwise be seen in alfalfa fields next spring. Many other broadleaf weeds will be controlled too. However, spraying in the fall after legumes become dormant is necessary to prevent injury.

Waiting until next spring or late winter to spray is hazardous since the legumes may not be dormant and injury will occur. Also MCPA should not be applied in the year the alfalfa is seeded, McQueen cautions.

A man has to weather a real storm before he realizes how much he's worried over squalls.

Try to make both ends meet. Magnify your personal grievances and the burden will soon be more than you can carry.

## ASC PROGRAM

ASC programs help economy of our county

WE HAVE BEEN ASKED several times recently "What do the ASCS programs administered by your office mean to the farmers in our county?"

The two largest programs are the feed grain and wheat programs. This year feed grain producers received diversion payments of \$874,541 and price support payments of \$277,899. These payments are estimates, because we have a few producers who have not received their payment this year due to failure to fully comply with program regulations. These feed grain payments were earned by 1,564 producers in our county.

This year wheat producers in our county earned \$590,000 in wheat certificate payments. These payments were earned by 1,531 producers.

The domestic wheat marketing certificates were \$1.38 per bushel, based on the producer's projected production for the wheat acreage planted up to 40 per cent of his allotment. Based on the national average price support of \$1.25 per bushel, and certificates

at \$1.38, the return per bushel was \$2.63.

WE HAVE 570 farmers participating in the agricultural conservation program this year; they will earn in excess of \$100,000. The practices that use the most of our funds are: liming, tile drainage, green manure, and winter cover crop.

We had 197 wool and lamb producers who earned payments in the amount of \$25,573.02.

This is the last year for eight producers participating in the soil bank program, as their agreements expire this year. They earned an annual payment of \$5,294.45.

There are eighty-eight producers participating in the cropland adjustment program. These producers earned a total annual payment of \$111,549.85. Twenty-six of these producers also signed up to allow hunting on their farms and earned a total annual payment of \$4,922.65.

This year we have 16 farmers producing sugar beets. Last year only four farmers produced beets in our county. The payment they received was \$4,642.

## FFA initiates 14 'greenhands' in P-W ceremony

PEWAMO — The Pewamo-Westphalia Future Farmers of America initiated 14 "greenhands" into their chapter Oct. 8 in a ceremony in the Pewamo-Westphalia cafeteria.

Those accepted into the FFA organization were Larry Cook, Albert Fedewa, Steve Holden, Roy Huhn, John Knoop, Gary Pline, Leroy Rademacher, Rick Schafer, Frank Spitzley, Dennis Thelen, Duane Thelen, Ronald Thelen, Steve Thelen and Tom Thelen.

On the same night 14 members were elevated from "greenhand" to "Chapter Farmer" degree. Those who received their "Chapter Farmer" degrees were Bruce Arens, Larry Fedewa, Tom Fedewa, Darrel Hengesbach, Dan Kellen, Alan Piggott, Ken Pohl, Dennis Pung, Michael Schafer, Joe Schneider, Steve Schneider, Ken Simon, Mark Simon and Dan Weber.

BOARD OF DIRECTORS OF THE CLINTON COUNTY FARM BUREAU

Members of the board of directors for 1968-69 of the Clinton County Farm Bureau pose following their meeting and election of officers last Tuesday night at the L&L Restaurant. Standing are Francis Motz, Robert Kissane, Jim Becker (third member of the executive committee), President Lee Ormston, Vice President Neil Harte and Dan Thelen; seated are Bruce Mehney, Ken Geisenhover, Lewis Lonier and Mrs David Morris. Not present for the picture were Andrew Cobb and Dennis Phillips.

**Shepardsville**

By Lucille Spencer

(omitted last week)  
The Afternoon Circle of the Shepardsville WSCS met at the home of Mrs Ray Jones on Thursday afternoon, Oct. 10. There were 10 members present.

The secretary, Mrs John Spencer, reported on the Conference Magazine, Highlights, and future programs were discussed. The Afternoon Circle will have charge of the next general meeting's program, in January. The November meeting will be at the home of Mrs Bertha Mead. Mrs Lena Gutshall and Mrs Eva Baker will have the program and devotions. The thank offering will be received at this time.

Mrs John Spencer was in charge of devotions. The scripture reading was from Colossians 1. The meditation was on the Deeper Life. Mrs Charles Walker had the program. She chose as her topic two different articles stating where some of the money will be going from the prayer and self - denial offerings. The topics selected were Urban Life - New Focus for World Mission, and Mission Schools - Their Quality and Care.

For the closing prayer, Mrs Spencer read from Col. 1:9-14. This was St. Paul's prayer to the people of Colossus.

On Thursday evening, Oct. 10, a family night was held at the Shepardsville Church. The purpose was for the people to get better acquainted with their pastor, Rev Howe and his family. About 60 enjoyed a potluck supper.

After the supper, all gathered in the sanctuary for a short program. Mrs Leona Swender was in charge. The program opened with all singing Trust and Obey. Then followed two songs by Helen Squiers and Edith Walker. They sang Lavender Blue, Lavender Green and I Believe. This was followed by two readings "The Oak Tree Talks" and "The Gate of the Year" given by Velma Smith, Michael

Swender then rendered two Piano selections. All sang Blessed Assurance. There were a few remarks by Rev Howe. Clare Alderman offered the Benediction.

The officers of the Methodist Men's Club were installed in a brief ceremony during the Worship Hour, Sunday morning. The officers for the ensuing year are: president, Mr Dale Squers; vice-president, Warren Gutshall; secretary and treasurer, Mr Sam Sherwood; publicity chairman, Mr Ralph Baker, chairman of worship, Mr Clare Alderman. The office of program chairman is vacant at the present time, due to the passing of Mr Clyde Morrill.

Part of the Worship Service on Sunday morning was for the presentation of pledges for the Fund of Reconciliation. The purpose of this fund is to present our offerings to support God's mighty purpose of reconciliation and reconstruction through the church. This fund was decided on at the recent meeting uniting the Methodist Church and the Evangelical United Brethren Churches into one body. This program will be carried on for the next four years.

Next Sunday will be observed as Laymen's Sunday at the Shepardsville United Church. Mr Francis Ferden will be bringing the message.

Jerry Sherwood will be returning to San Francisco on Oct. 17. He has been spending the past 30 days visiting his parents and friends in this area. He will be attending a naval electronics school for a year.

Mrs Ruth Mitchell is still confined to Clinton Memorial Hospital. She would appreciate hearing from her friends.

Mr and Mrs Max Walasek and daughter, Agnes attended the wedding of their son, Steve to Miss Alice Heckman in Lansing. The ceremony took place at St. Mary's Cathedral at 1 p.m.

There was a reception following the ceremony.  
The first American to govern what now is Michigan was Gen. Arthur St. Clair who was governor of the Northwest Territories from 1787 to 1800.

**Booklet outlines feeder sale guidelines**

A new publication entitled "Proposed Standards and Guidelines for Cooperative Feeder Sales" has been prepared by the Cooperative Extension Service at Michigan State University.

The 35-page booklet suggests rules, regulations and eligibility requirements for participation in cooperative feeder sales. In addition, it proposes cattle health standards, operating procedures and advertising and promotion techniques. Also contained are a number of sample forms including an unloading dock receipt, scale ticket, pen sheet, purchase agreement and consignment form.

Some of the suggested rules and regulations are: 1) all cattle consigned must grade USDA good or higher according to the official USDA feeder cattle grading standards; 2) all cattle consigned must weigh at least 300 pounds at the time of sale; 3) all cattle must be properly castrated; 4) all cattle consigned to the sale must be healthy, sound and thrifty; 5) all cattle will be weighed and identified individually by ear tag number.

Sections dealing with sanitation of sale facilities, sorting and grading, calfhood vaccination for brucellosis and parasite control also are included in the booklet. The publication was prepared by a committee of nine MSU professors and Cooperative Extension agents. Co-chairmen were David L. Cole, Department of

**Egg prices decline**

Michigan egg prices, which reached a 1968 high in September, should maintain lower levels in October, says a Michigan State University agricultural economist.

Dr Henry Larzelere reports that while prices paid by wholesale distributors in Detroit for grade A large eggs vaulted to 54 cents in September, they have fallen back to the mid 40s in the last few weeks. The MSU egg specialist says that store prices are usually about 12 cents more a dozen than those paid by wholesale distributors.

Larzelere says the recent decline in prices is due, in part, to consumers not buying at last month's high levels. Store prices frequently reached 70 cents a dozen for grade A large eggs in September.

Many consumers complained that they had never seen eggs so high. However, the average cost of eggs in September was about the same as that in September 1966, Larzelere points out. Last year prices were lower than usual in the fall, he adds.

For the next few months egg prices should continue about 10 cents above those paid last year, Larzelere predicts.

Agricultural Economics and Terry R. Greathouse, Department of Animal Husbandry.

Copies of the report may be obtained from the Bulletin Office, Department of Information Services, Michigan State University, East Lansing, Mich., 48823.

**Report herd productions**

A report of milk production levels attained by dairy cows in the area has been received from Holstein-Friesian Association of America. The actual food production output, under official DHIR testing rules, by these local Registered Holsteins is:

Lily Pond Rag Apple Penny 5476503, a five-year-old, produced 22,750 pounds of milk and 917 pounds of butterfat in 365 days; Green Meadow Rachel Pamela 5943199, a three-year-old, had 20,100 pounds of milk and 901 pounds of butterfat in 345 days; Deholme Progress Mabel 5737841, a seven-year-old, had 19,150 pounds of milk and 829 pounds of butterfat in 365 days; Green Meadow Venus Fern 5034610, a seven-year-old, had 22,020 pounds of milk and 766 pounds of butterfat in 355 days; Green-Meadow Venus Dorann 6346178, a two-year-old, had 17,030 pounds of milk and 646 pounds of butterfat in 365 days.

**Lane markings in experiment**

The Department of State Highways is experimenting with extruded thermoplastics in an effort to find longer lasting lane marking material for use on state highways.

The plastics contain thousands of microscopic glass beads for reflective purposes and are said to have life expectancies of three to seven years.

Standard lane marking paint has a life of six months to a year and must be repainted at least once a year.

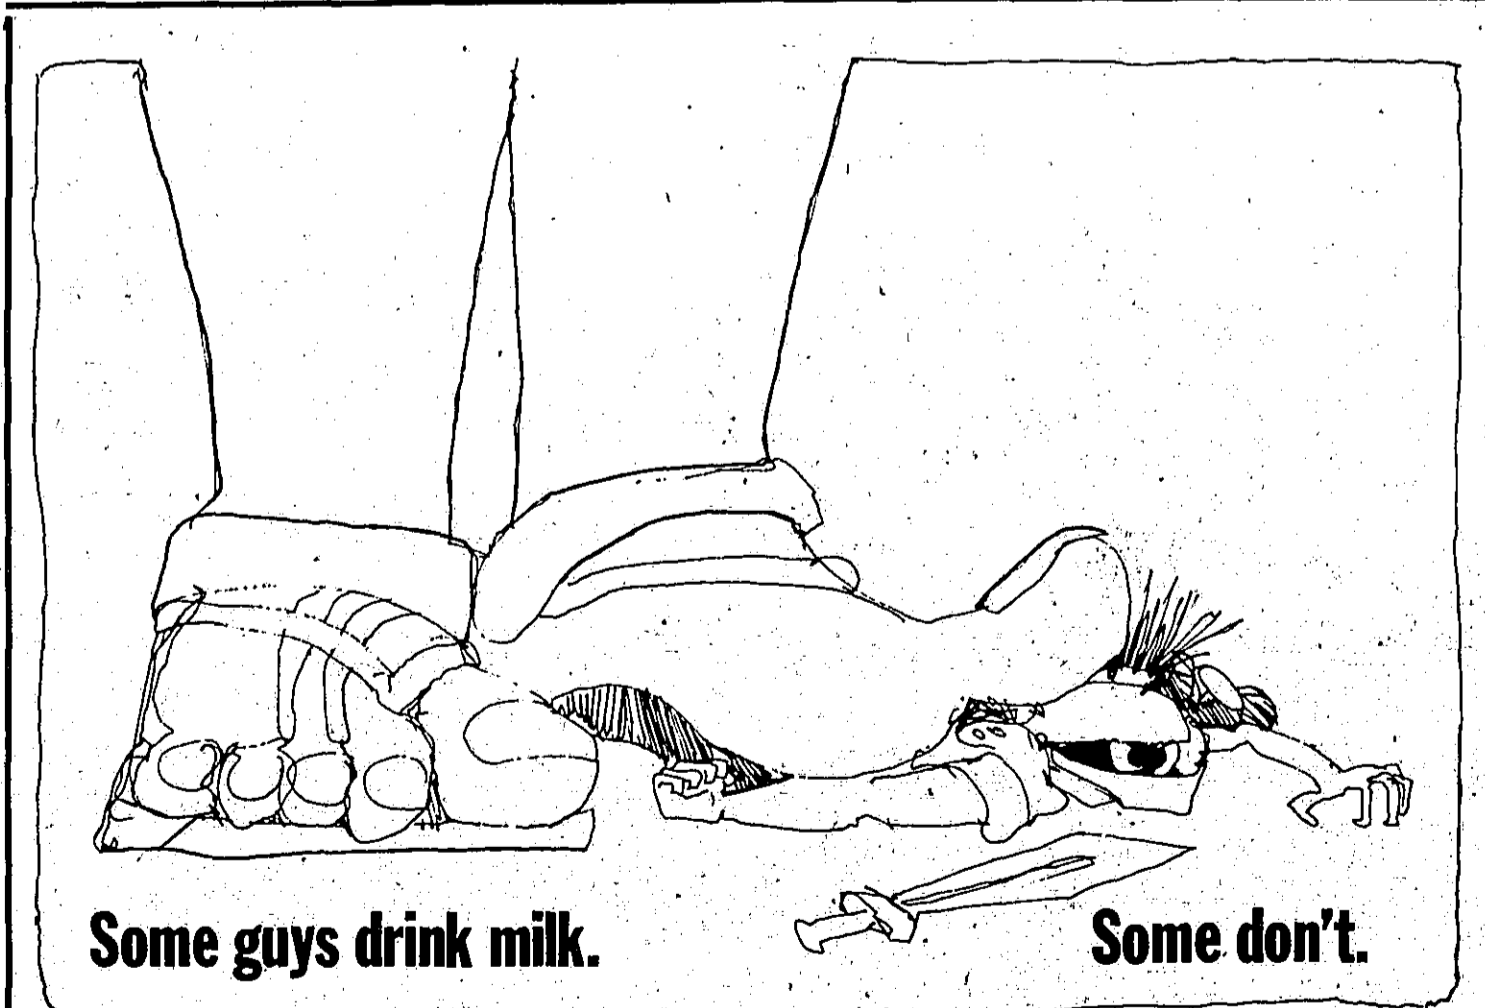

All are owned by Duane & Velmar Green, Green Meadow Farms, Elsle.

These new production figures may be compared to the estimated annual output of 8,513 pounds (3,959 quarts) of milk and 315 pounds of butterfat by the average U.S. dairy cow, notes the National Holstein Association.

Gourds festive decoration

By HELEN B. MEACH Extension Home Economist The garden has given up its golden harvest of pumpkins to the grandchildren. I expect they will make the grandest jack-o-lanterns in all the world!

The gourds were picked very carefully so that they might be used for festive table decorations for mother, grandmother and the neighbors.

Grandson Bob made a cutting of the gourds because each gourd was ripe before cutting it from the vine. He used the clippers and left an inch or more of stem.

The gourds harvested were carefully washed in sudsy water, rinsed and dried. Now they are set aside until they are completely dried inside--so dry that the seeds rattle when the gourds are shaken.

Bright shining gourds are inexpensive and lovely for fall decoration. Following this treatment, these hard fruits can be preserved to last indefinitely.

Here is a "Did You Know Story" to tell about your gourd. It is a true story, too. Once upon a time on the Island of Haiti (165 years ago) King Henri Christophe set up his exotic reign. Then he learned that his treasury was barren.

Years of warfare against Napoleon's troops had ruined the economy of the once-rich colony. The freed slaves had so little money that a taxation program was impossible.

The sly king looked around for something that his subjects simply could not do without--and he settled on gourds because these hardy plants were used as kitchen utensils, dinnerware, water basins and drinking vessels.

By gathering in the gourds after harvest and plating it in his empty treasury, he had a commodity every person on the island had to buy. To this day, the paper currency in that tropical republic is called the "gourde" note.

This is evidence of how really valuable these hard-shelled fruits can be!

DeWitt By Virginia Ackerman Slight in day will take place Oct. 27 and Nov. 3 from 10 a.m. to 3 p.m., sponsored by the DeWitt Can Club. Range is one-half mile east of Francis Road on Stoll Road, 50¢ a gun, targets will be furnished.

A father and son banquet will be held at the Community Church Saturday, Oct. 26 at 7 p.m. Tickets may be purchased from members of the Naomi Circle.

Christmas workshop here planned Nov. 5

Christmas workshop, a county-wide project sponsored by the Clinton County Cooperative Extension Council, will be held at Smith Hall Tuesday, Nov. 5, from noon until 9 p.m.

Christmas Workshop is not just for Extension clubs but for other organizations as well. Those wishing to have a table display may get particulars by calling Mrs. Frank Swagart or Mrs. William Vitous.

The workshop is not open for commercial selling. There will be many interesting displays, including tiny chairs made from bear cans, candles, r e c i p e s , c r a f t s a n d a r t s , a n d o t h e r g o o d i e s . Items of pride, such as hand-painted ceramics, a picture, a knitted afghan, antiques, hand-made hats, a prize possession from another county, can be displayed on the "Brag Table." Punch, coffee, and cookies will be served all day, and there will be a special table of candies, cookies, breads, and jams for sale. A table display of many of the booklets available at the Extension office and information on how to join an Extension Club will be set up by Mrs. Livia Cardfield.

It is believed that commercial car washing began in Portland, Ore., in 1912. The automobile laundry was housed in a 60 x 40 foot building. Covered with hand and dirt, an automobile was driven in one end of the building and would emerge, 15 minutes later, from the other end with its brass burnished and a new mat shining, for a \$1.50 charge.

Myler and Harry Chapman of Williamston were Sunday dinner guests of Mrs. Beas Pearson. Mr. and Mrs. Urban Hengschbach of Portland spent Sunday with Mr. and Mrs. Charles Lonier. Mrs. Ann Burrell spent a few days the past week with her sister, Mrs. Frances Bush of Grand Lodge.

South Watertown By Mrs. Bruce Hodges

Mr. and Mrs. Don Fozzel and Mrs. Cielia Fozzel called on Mr. and Mrs. Kenneth Hammond of St. Johns Monday evening.

Mr. and Mrs. Carl Kleibush of Uica were weekend guests of Mr. and Mrs. Robert Fedewa attended the open house honoring the Suburban Bridge Club at a fall luncheon Tuesday.

Mr. and Mrs. Bruce Hodges spent the weekend in Grand Rapids as guests of Mrs. Herbet Rogers. Mrs. Emily Boss of DeWitt was a Saturday luncheon guest of Mrs. Leah Nourse.

Mrs. William Smith and children of Berrien Springs spent Sunday with Mr. and Mrs. Glenn Oliver. Mr. and Mrs. John Stoll and his wife are with the army in Guam.

Miss Faith Barton was hostess to a holiday party for the Crusaders of Maranatha Church Friday evening. A buffet with outdoor refreshments and games followed the party.

Mr. and Mrs. Romuald Lonier were weekend guests of Mr. and Mrs. Fred Ainslie of Arlington Heights Ill.

One worry brings on another and before long you've several worries to replace the one. Those with reasons for their actions seldom need excuses.

Mr. and Mrs. Robert Diller were also of her trips to Sweden and Norway with her Danish sister. The boys, Dale Feldpausch, Rick Warren, Bob Cartwright and Douglas Barker, were a part of the Foreign Language League, a non-profit organization that look 165 students from all parts of the United States to universities in England, Holland, Germany and Italy. A part of each day was spent in study and the rest in sightseeing. Some college credit is earned for this.

The boys enjoyed their contacts with their European friends and learned from them as they tried to correct some preconceived ideas learned about America from our movies and TV programs.

Much was also learned about their own country from their fellow students from all parts of the States and all returned with a new appreciation of it, the boys said.

President Mrs. Marion Welling said plans were perfected and reservations made for the meeting of the West Central District of the Federation of Women's Clubs to be held in Grand Oct. 24. Fine arts chairman, Mrs. Winchell Brown, requested entries from club members for her exhibit at the meeting.

Mrs. John Rumbaugh, chairman of Home Life and Religion department, read an article from "The Club Woman" office magazine of the National Federation, regarding the present moral climate of the nation, stoked in part by movies, TV, and books. The federation by taking stand, hopes to make a change in this medium, and asks each club to commit itself to these programs. The local club voted to take an active part.

### THINK ON THESE THINGS

A devotional message written each week by a pastor of a Clinton County church

By JUSTIN SHEPARD  
MINISTER  
Duplain Church of Christ

In considering "whatever things are honest," we must necessarily mention the fine art of "stretching the truth." Are you familiar with it? Gooseberries are to be heard of weighing twice as much as possible, and unseen showers of frogs fall regularly when newspapers are slack. If a cart goes by and rattles the lid of an old woman's teapot, it is put down as an earthquake. Fine imaginations are not scarce. They see comets every night and hear rare tales every day. All their molehills are mountains. All their ducks are swans. They have learned the multiplication table and use it freely.

Nobody is fit to clean their shoes! They are the cream of creation. They are as strong as Samson, and could pull a team, only they will not try it for fear of hurting the horses. Their wealth is enormous; they could pay off the national debt. If they keep shop they turn over several millions in the year and only stop for the sake of the neighbors. They sell goods at the lowest prices, in fact under cost price. If they take a farm it is only for amusement, and to show the poor natives how to do it. "Did you ever see such a horse?" "Why sir, it could be the wind!" "That cow-let me tell you about her, there is not such another in the county; just notice the swing of her tail! Yes sir that boy of mine is intelligent, far beyond his years, a perfect prodigy." Like his father did you say? "A very kind remark and there is a deal of truth in it. I am one too many for most people. Just look over the farm. Was there ever such a field of turnips—too many moles did you say? Ah! Now there is a story! Do you know that our moles throw up bigger hills than any others, and are supposed to be of a fine old stock now almost lost? Did you notice that tremendous thistle? Isn't it enough to make a Scotchman jump for joy? It shows the extraordinary richness of the soil; and indeed, our last year's crop of wheat was so heavy, I thought we should never get it home. It nearly broke the wagons; we had half the county here to see it threshed, and the oldest men said they never heard tell of the like. It is a mercy that steam is invented, or we never could have threshed it by hand."

(The art of stretching—continued next week.)

### New water meter OK'd at Elsie

ELSIE—Elsie residents will have remote water meters installed at their homes beginning this fall, allowing for village employees to read the meters regularly without tramping through the house.

The village council voted last week to start the work as soon as possible, with Elsie employees doing the job. It will be well into next year, however, before all the present in the house meters are replaced with the new ones.

The new meters will cost residents \$15. After they are installed, the village will assess each water user an extra \$5 per quarter for three quarters until the cost is paid.

The actual meters will still be in the homes, but they'll be connected to a dial on the outside of the home that will allow village employees to read them more conveniently.

The village council also last week approved the installation of about two-thirds of a block of new sidewalk on the north side of the 200 block of East Pine Street. Kaufman Construction Co. is expected to start the work yet this fall at an estimated cost of 60 cents per square foot. Some half-dozen property owners affected will be assessed 50 per cent of the cost, with the village at-large paying the other half.

### DeWitt bans students from outside district

DeWITT—The DeWitt Board of Education met last night and set a policy banning students who live outside the district from enrolling in the local school system. Five non-resident students now in the high school will be allowed to remain until they graduate.

The board rejected a \$700 offer for timber on the high school property and announced the site would be used for an outdoor laboratory. Two new school buses will be financed through the Woodruff State Bank at a cost of \$15,554. Mrs Suzanne Maslanski was hired to teach choir in the high school.

To assist our readers at this busy time, we extend to all an invitation to submit holiday recipes or ideas for a special "Kitchen Ideas" supplement to be published in November.

All materials should include the recipe or idea, typed or clearly written in as brief but complete form as possible.

Send with your name and address to Clinton County News, 120 E. Walker Street, St. Johns, Mich. 48879. The deadline is Nov. 1.

Please include all important details, such as oven temperatures, timing, etc. Include your name.

Ideas for table settings, center pieces, gifts, or work and time saver tips will be appreciated.

### Guatemala teaching experience exciting for St. Johns girl

The beautiful mountainous country of Guatemala was the summer home this year of Jean M. Schaefer, 20, daughter of Albert J. Schaefer of East M-21, St. Johns.

Miss Schaefer spent 10 weeks teaching at the American School in Guatemala City. The intern teaching program was sponsored by Michigan State University where Miss Schaefer is a junior in the school of home economics.

Guatemala, a Central American country, is about the size of Pennsylvania and has a population of nearly 3 million.

Miss Schaefer taught eighth grade math to American and Guatemalan children. Although her classes were in English, Miss Schaefer enrolled in courses to improve her Spanish.

When she wasn't teaching, Miss Schaefer was learning about Guatemalan culture. She traveled extensively through the small but picturesque country.

MAYAN RUINS and Antigua, the old Spanish colonial capital, reminded Miss Schaefer of the civilizations that flourished many years ago in Guatemala. She also visited several beautiful lakes that were isolated high in volcanic mountain ranges.

"Guatemala is a land of contrasts," Miss Schaefer said. She saw families living in huts and eating only tortillas and black beans. Most of the nation's wealth is concentrated in the hands of a few very influential people.

Guatemala City, the capital, is the trade center for the country.

"The Central Market was one of the most fascinating places I visited," Miss Schaefer said. "All the Indians from the surrounding countryside bring their produce into town to sell. Each wears his native costume, creating a colorful scene."

Before returning to the United States, Miss Schaefer traveled through Mexico. In Mexico City, she spent an exciting afternoon at a bullfight.

The recent political unrest in Guatemala did not spoil her summer. She had been aware of the disrupting factions and anti-United States sentiments, Miss Schaefer said, but the Guatemalans she met on her trip were all very courteous and helped make her stay memorable.

It's a poor rule that won't work both ways—money talks, but it just won't listen.

MAJOR ANDERSON

### Anderson decorated twice

U.S. Air Force Maj. David D. Anderson, son of Mr and Mrs Dale W. Anderson of R-1, St. Johns, has been decorated with the Distinguished Flying Cross (DFC) and the Bronze Star Medal at the Armed Forces Staff College at Norfolk, Va.

Major Anderson was awarded the DFC for extraordinary achievement while participating in aerial flight as lead navigator of a flight of three UC-123 Provider aircraft near Djamp, Viet Nam on Oct. 3, 1967, while leading his flight against a heavily defended crop target, the major's aircraft was severely damaged by intense automatic weapons fire. At an altitude of 100 feet, Major Anderson navigated the aircraft through a series of valleys to a safe recovery at Bien Hoa Air Base.

The major received the Bronze Star Medal for his meritorious service as an operations staff officer at Tan Son Nhut Air Base, Viet Nam. He displayed superior professional ability and initiative in the performance of his duties.

He is presently a student at the Armed Forces Staff College at Norfolk, Va.

Major Anderson, a graduate of Rodney B. Wilson High School, received his B.S. degree and commission in 1959 from the U.S. Air Force Academy. His wife, Robin, is the daughter of Mr and Mrs Robert L. Tracy of Arlington, Va.

### NEWS ITEMS OFTEN FORCED OUT

The late appearance of correspondence and other news items from around the county is not necessarily the fault of the correspondents. Frequently the amount of news collected and contributed exceeds the amount of space available, and it is then necessary to withhold some items until the following week.

### We Are Proud of Our New Flag

### HOW TO DISPLAY THE FLAG

Respect should always be shown for the flag and the following practices are recommended: The flag should always be raised and lowered by hand. It should be displayed only between sunrise and sunset. When raising the flag, it should be unfurled first. Do not raise the flag while it is furled. After unfurling, hoist it quickly to the top of the staff. When lowered, it should be done slowly and with dignity. When the flag is displayed other than being flown from a staff, it should be displayed flat, whether indoors or out. When displayed in a window, it should be displayed with the stars uppermost and to the flag's own right (on the left of the observer). It should not be allowed to touch the ground or floor, nor to brush against objects. Place no objects on or over the flag and do not use the flag as part of costume or uniform.

Road and Coleman Road projects. Considerable fill has been hauled on the Clark Road, Alward Road and Upton Road projects and crews are presently hauling material to the Colony Road project west of Wright Road.

of course, and increases the cost considerably. A man and a truck cost just about as much per day hauling five loads or 10, but the cost of the gravel that is hauled decreases considerably on the larger number of loads.

neither the county nor the contractors have been completely blameless in the past both in the manner of hauling the material nor in the way pits have been left as eyesores after the material has been mined.

probably much can be done to rectify past mistakes so that the bad image of a gravel pit will be changed.

Brother, sister describe it

6-week study tour in Europe impressive, exciting, interesting . .

(Editor's Note: Jane and Pete Allaby, daughter and son of Mr. and Mrs. A. T. Allaby of St. Johns, were among a half-dozen St. Johns youths who spent about six weeks in Europe this summer on a study tour sponsored by the Foreign Language League Schools. This is the first of a two-part series written by them.)

By JANE ALLABY and PETE ALLABY

When we signed up for this trip, neither of us realized what learning experiences we were getting into. We left Philadelphia with 183 American students. There were nine from St. Johns and Mrs. Beatrice Barnum was our counselor. We learned a great deal about America and Europe. We can't begin to list each thing but we will try to give you an impression of each country as we saw it. Our first stop was in London. We noticed a relaxed atmosphere about the people—no rushing around trying to get anywhere in a hurry. This is the "European mood" and very prevalent all over Europe. We were impressed by the mini-skirts and long hair. The people there are more individualistic than we are. Every Sunday the flower people gather in Hyde Park; the most surprising thing there is the "Speakers Corner" where anyone can make a speech on any subject except to criticize the queen. Very few pay attention to these speakers. It seems like it is a form of British amusement.

The English people have a great sense of tradition and history. They really don't care about today, as they did about their golden years.

Shopping on Carnaby Street was one of the many things we did in London. The shops were really quite impressive. There was music everywhere and some boutiques even had live bands.

When you walked into a shop you didn't hear our traditional "May I help you?" but instead you just looked until you found what you wanted. An all day excursion to Shakespeare Country, including Oxford, was very pleasant. We had known that the Lumbert family was in London but imagine our surprise to meet them at a rest stop on their way to Stratford, too. In the evening we attended "Dr Faustus" at the famous Shakespearean Theatre. The acting, lighting, and sound effects were superb. London was especially pretty as we returned about midnight.

Besides seeing all the other "musts" while visiting London, we took a boat trip down the River Thames. We passed under the London Bridge (sold to Arizona and in the process of being torn down), past the spot where the Pilgrims set sail for Holland and on down to Greenwich. It was a long walk up the hill to the observatory and the clock, but it was worth the effort.

HOLLAND WAS OUR next stop. We crossed the North Sea on a six hour boat ride. The climate was very different than what we had experienced in London. It was quite warm with the sun shining brightly. We were impressed with the Netherlands being so modern, and disappointed in the lack of windmills, although we were taken later to a low swampy area near Rotterdam that had very picturesque windmills in every direction. We toured one that was still in operation.

The Dutch people are very energetic and ingenious by nature, having had to fight the sea for generations.

The Netherlands is really a beautiful place, and we swam in the North Sea. We were located near Leiden where the Pil-

grims lived for 10 years. Farmers were harvesting flower bulbs. Each field is surrounded with a narrow canal for a fence.

We visited the house that Anne Frank lived in when she was caught by the Nazis. They had a very ingenious plan, and it is sad that they did not escape it. We were told that Mr Frank is still living in Holland. We visited the Peace Palace where the World Court and the Court of Arbitration are held. It is a beautiful Building, impossible to describe.

I (Pete) especially liked it because I hope to be a lawyer someday, and who knows — I might be there defending the USA.

We also visited Delft, a town that is noted the world over for its pottery. Everyone bought some. Amsterdam, the "Venice of the North" fits its nickname almost perfectly. There are over 300 canals there and we had the chance to take a long boat ride through many of them.

WHILE THERE WE visited a diamond cutter, which was very interesting, and had the opportunity to try on rings valued up to \$15,000. On our free time we shopped for food consisting of peanut butter, jelly, and bread for the long trip to Rome. We knew we'd be provided with food, but you know the adage "always be prepared." Besides we were just plain hungry for peanut butter. Little did we know that our coordinator was using his free time to contact a Foreign Language League agent in Cologne, Germany, to assure our needs and comfort while on this long ride from Leiden to Rome.

We left Holland by tour bus for a six-hour ride through the beautiful countryside, stopping at a very modern rest area for lunch just before reaching the German border. The German Autobans are superb; buses just floated over them. We kept seeing signs that read "Köln-100 kilometers later," "Köln-25 kilometers." Suddenly the great Gothic Cathedral of Cologne loomed before our eyes. Only then did we realize that Köln in the German spelling for Cologne.

After crossing the Rhine, we went directly to the railroad station, received our train ticket and checked our luggage. Trains play a very important role in Europe. Every city has a huge train station in the very center of town. This station was directly across the street from the famed cathedral.

The league agent then took us on a tour of the cathedral (the steeples still show the scars of the war) and a short walk to a typical German restaurant where we were served a typical German meal. Then we had free time to walk around in the very modern shopping plaza until 10 that evening.

THIS SAME AGENT made arrangements for us to have a special train of three couches with compartments for six. Special seats made up into bunk-

like beds, complete with pillows and blankets. We boarded at midnight for our 24-hour ride to Rome. As we were told that we'd be passing through a corner of Switzerland early in the morning, we fell into our bunks immediately to get a little needed shut-eye. By six o'clock we were wide awake and snapping pictures like mad of the gorgeous Swiss Alps.

At Milan, Italy, our three coaches were attached to another train. We were told later that the League was tracking us on

ROLAND J. DUGUAY Your Clinton County Prosecuting Attorney

Qualified Experienced Dedicated Proven Ability

THIS COURT WILL BE A VERY IMPORTANT PART OF OUR COUNTY'S JUDICIAL SYSTEM. IT NEEDS THE VERY BEST MAN THAT YOU CAN CHOOSE TO ORGANIZE IT, AND TO KEEP IT OPERATING AT PEAK EFFICIENCY. ITS IMPORTANCE CANNOT BE MINIMIZED. IT IS VITAL THAT AS A VOTER, YOU FIND OUT WHO IS THE MOST QUALIFIED MAN TO DO THE JOB.

With ten years of legal experience, Roland J. Duguay, became Prosecuting Attorney for Clinton County by Special Appointment of Circuit Judge, Leo W. Corkin. He came at a time when we were sorely in need of a dedicated and qualified man to be Chief law enforcement officer for our County. He quickly turned chaos into a highly respected and dignified office. With his devotion, fairness, and hard work, he gained the respect of all his fellow Attorneys, Judges, police officers, County officials and Supervisors alike. They are his strongest supporters, and can attest to his ability, qualifications and proper judicial temperament. If you have any questions, ask the men who have worked with him, and who should know.

Roland J. Duguay graduated from U. of D. Law School. He is Vice President of the Clinton-Gratiot Bar Association and member of the Tri-County Law Enforcement and Crime Control Policy Committee.

## Kill pollution

We are now getting the opportunity to put our "vote" where our "mouth" is.

Of late, everyone has been harping on pollution. It's been the "in thing" to do. All we had to do to harp on pollution was open our mouths. We used different whipping boys from time to time, but the main point was always the same: that pollution simply was bad.

We get a chance to do something about what we've been harping on so long on Nov. 5. There will be two state proposals on the ballot. They will provide \$435,000,000 for very critical needs in Michigan—sewage treatment plants, sewers, parks and recreation. When matched with federal and local funds, the result will be \$1.37 billion for these critical items.

Now we get our chance. We get to vote "yes" for clean water or go on doing nothing more about dirty streams, dying lakes and dead fish than crabbing about them.

Bond issues are the economical way to finance these projects, and putting them off will merely increase the costs of what we must do. Construction costs are soaring. Land costs are climbing. And interest rates are lower now than they may be several years from now.

If these proposals are not passed, there is a day not far ahead when drinking water will be delivered to your home in bottles and cost as much or more as soft drinks. Most of us will have to camp in our own backyards to assure finding a space not already filled. And our inner cities may well be worse than they are today.

We are getting our chance to stop harping and start voting.

We urge you to consider state proposals 3 and 4 on Nov. 5.

## Get out the vote

In the last election, one third of the nation's eligible citizens failed to vote and thereby carry out the first obligation that every U.S. citizen owes to himself and his country. Between now and election day, every voter should take the time to familiarize himself with candidates and the point of view they represent.

In this year's general election, the American people will select a President and thousands of other office holders including U.S. senators and representatives, governors and state legislators. These officials will make and administer the laws of the land under which we all must live. They will decide on the role of government in our lives, the amount of taxes we must pay, the wars we must fight and how many of our young men must serve in which branches of the armed forces and for how long. Every voter owes it to himself to take part in selecting the best men and women to carry out these vital functions.

If you expect to be away from home on election day, Nov. 5, arrange to cast an absentee ballot. It is estimated absentee voting accounts for from 1 per cent to 6 per cent of the total vote. This can mean victory or defeat for the candidates of your choice. This November, know the issues and the people—then VOTE.

## GRASSROOTS OPINION

HARRISONBURG, Va., NEWS-RECORD: "The federal government has come up with some bizarre ideas, but little to compare with the latest plan for auto safety cooked up by the new Department of Transportation. It would require all drivers to keep logbooks like airplane pilots so that used car buyers would know of the vehicle's maintenance and accident record. This would work about as well as four flat tires. Drivers who get themselves into trouble by forgetting to get gasoline at the last service station or ignoring the puddle of oil on the garage floor aren't likely to keep a log faithfully."

ODESSA, Tex., AMERICAN: "When government planners in Washington consider the quandary in which they find themselves after their spending programs fail to accomplish the desired ends, they ask for more of the same. There's never a thought expressed among the bureaucrats that perhaps a mistake was made and it might be well to reconsider whether there is any value in the program."

## LETTERS TO THE EDITOR

### Reed clarifies district court plan

Dear Sir:

In discussing the new district court with various residents of the county, I find a certain amount of misinformation and confusion regarding the number of magistrates who will be appointed. Perhaps this should be clarified, as it may be that some of the appointments being anticipated will not materialize, at least not immediately.

The statute which created the district court requires that in a county such as Clinton the board of supervisors shall provide for one magistrate. In its discretion, the board of supervisors may provide for additional magistrates. In all cases, the magistrate will be appointed by the district judge, subject to approval and confirmation by the county board of supervisors.

Since the county board of supervisors will have the last word as to how many magistrates will be appointed and who they will be, it would be most presumptuous for either candidate for district judge to make promises or predictions in this area.

The statute requires that the magistrate sit in the county seat and in each incorporated city within the county which does not have a traffic bureau office. The presiding judge may designate other locations for the magistrate, but this is subject to the requirement that the board of supervisors must provide facilities for the magistrate. Until a traffic bureau is established, again within the discretion of the county board of supervisors, and an office established in the City of DeWitt, it would appear that St. Johns and DeWitt would have the services of a magistrate. Whether this will be the same magistrate or two magistrates will depend on the board of supervisors.

As a former member of the county board of supervisors for some years and well acquainted with its procedures, I would expect that the board will study with some care the needs of the various communities in the county before authorizing additional magistrates. As an illustration of the fact that fragmentation of the court is not always desired, I would cite the fact that the municipal court of St. Johns serves the villages of Fowler, Maple Rapids, Westphalia, and Ovid by choice of the villages.

Very truly yours,  
HAROLD B. REED  
Municipal Judge

### Ex-Bath principal praises late superintendent

Dear Editor:

"And to esteem them very highly in love for their work's sake."

"And be at peace among yourselves." Thessalonians 5:13.

In Loving Memory of Lloyd H. Latchaw:

It was my good fortune and pleasure to have been personally and professionally associated with Lloyd Latchaw for the past 14 years, in Sand Creek Community Schools, the Bath Community Schools, and during his "all-too-brief" retirement years.

During that time I found him to be a most capable and dedicated proficient school administrator, who always kept the welfare and education of "his" boys and girls foremost in his mind.

He was a most understanding "boss". He was personally concerned for his employees, both his professional staff and his custodians, bus drivers, and lunch room workers. He was never too busy to help out or talk "it" over.

His first "love" was the "little folks". He visited the rooms frequently and was often to be seen talking to them on the playground or in the halls of the elementary school.

## 'IF IT FITZ' . . . One a week is plenty

By JIM FITZGERALD

Something a poet said recently has given me nerve enough to write a column my mother said I wouldn't dare write or she'd shoot me. It's about taking baths.

The poet is Phillip G. Bronstein who, the newspapers said, intends to write some angry verse about such folk heroes as Mr Clean and the White Knight.

"The soap companies, the plumbing industry and Madison Avenue have brainwashed the people of this country," Bronstein said. "Everybody is jumping in and out of their tubs and showers. The entire nation is obsessed with being clean. One Saturday night bath a week is enough for the normal human being."

Boy, I hope Mother read that. The first bath I can remember, I was probably about 4 years old. I had been playing

hide and seek with my older sister, Terrible Jean, and some other roughnecks. They couldn't find me because I'd hidden in a barrel in my grandfather's barn. It was a barrel of tar. Jean finally pried me free. When we got home, the neighbors thought the block was being integrated.

Mother usually supervised the baths at our house. This didn't mean she scrubbed backs. She guarded the bathroom door and checked against fake baths. I was not above filling the tub with water and then stirring it with a stool to produce the sounds of a boy bathing. I would also soak a towel and splash water on the floor. Then I'd dampen my hair in the sink, button my pajamas to my neck, and run for bed.

The tar bath was something else. It was man's work and my

father rolled up his sleeves and scrubbed with a brush usually used on the basement floor. He got me so clean he said I should probably be re-introduced to my sisters so they wouldn't think a stranger was sticking his nose in the frosting bowl. The bath hurt, but there was one consolation. I'd fallen in the tar on Tuesday which was not a regular bath day. Wednesday was. So at least, after getting so clean on Tuesday, I could skip Wednesday's bath. I thought. But mother sentenced me to the tub again Wednesday anyway, simply because it was Wednesday.

From that day forward I have known that my mother and mothers everywhere are duped shills for the soap industry. I wouldn't be surprised if most of them are getting kickbacks from Proctor & Gamble — probably free cold

cream, the better to slither with.

I perfected my fake bath technique in high school. I was on the tennis team which practiced everyday. On bath nights I'd tell Mother I didn't need one because I'd taken a shower at school after practice. Beautiful. Until the Sunday, the pastor took up a special collection to remodel the school gym which was in such poor shape "the shower hasn't worked in two years." Oh my.

Incidentally, old dogs can do old tricks. Today, I tell my golf buddies I'll skip a shower at the club because I'll take one when I get home, and I tell my wife the same thing I told Mother about tennis practice. Only the game has changed.

Poor Bronstein is absolutely correct. A bath a week is enough. In fact, what with the incredible powers of Command and Right Guard, a well-sprayed man might go dry even longer if he is careful. He should always know which way the wind is blowing and position himself accordingly. And he should never perspire (I'd say sweat but Mother is angry enough already).

I realize that, on hot days, a man must remain completely inactive to avoid perspiration. Which I think is marvelous. I often just sit in a cool tub all day. The only trouble is I can't sleep for fear someone will turn the water on.

Onward and Upward.

## "Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

### FIBS AND FICTION OF TV SPECIALS EXPOSED

Rep. Henry B. Gonzalez (Texas) . . . Several months ago, CBS produced a film which purported to show the extent of hunger in America. That film opened with a picture of a tiny infant being treated with a resuscitator, while the narrator intoned:

"This baby is dying of starvation. He was an American. Now he is dead."

"It was shocking, almost terrifying scene, and probably one of the (most) provocative films ever seen on television anywhere. But the question immediately arises. Was the picture really conveying the truth? The fact is, Mr. Speaker, that it was not. The fact is that CBS News did not have a picture of a baby dying of malnutrition, but a baby dying because it was born prematurely. Some premature babies are born when the mother is malnourished, but in this case, the mother was healthy and well nourished. CBS has never bothered to document its claim and does not deny my contention that it is a false one . . .

"I have ample proof that CBS produced a shocking picture, but one that was simply not true. Yet the network now has beautiful and expensive brochures touting their programs, and featuring that same picture . . .

"In yet another instance, the CBS Chicago affiliate showed a program about marijuana smoking. As part of the show, there was a film segment showing a 'pot party' where numbers of people sat around smoking marijuana. The fact is that it was not a real 'pot party' but one that was staged by the television program's producers. Not only did the program show a false picture, but it broke the law in order to get it — promoted the

breaking of the law to get a picture that was fictitious.

"The network owns the station, but it claims to have no responsibility for this incident. The station management for its part claims that it knew nothing about the staged party and was not responsible for it.

"There is no law which says it is illegal for a network to broadcast a lie, no law against broadcasting the most blatant falsehoods, no law saying that the truth shall be the responsibility of the broadcaster . . .

"Mr. Speaker, I am introducing a bill that will require the networks to get a license. I believe that any monopoly must be held accountable to the public. I believe that if the Federal Communications Commission is empowered to grant or withhold a license to the networks, they will at last be accountable. Otherwise they can continue to make a mockery of journalistic responsibility. They can continue to peddle fiction and call it fact . . .

"I seek not to create a censor, and would fight against anyone who did. I seek only to restore some sense of public responsibility into networks which, like the robber barons of old, have none."

### A GRASSROOTS COMMENT

The basis of journalistic responsibility is factual reporting. Ethel suits and suits for slander against newspapers are ample proof that a degree of control is present.

The First Amendment to the Constitution providing for freedom of speech, could not, by any stretch of the imagination, envisage radio or television reporting; a medium where fact and fiction intermingle.

Continued irresponsible TV Network reporting, either in Specials, Documentaries or News Programs could make licensing control a must.—J. C.

## Paul Pride:

Paul Pride says: "It's nice to have another new store in downtown St. Johns to fill in those unsightly gaps. Despite its age, St. Johns should be proud of its business district and appearance. Filling up empty store buildings is one good way to improve the picture."

Michigan's Constitution, which went into effect Jan. 1, 1964, provides for four year terms for state senators and two year terms for state representatives. The old document prescribed two year terms for both houses of the Legislature.

With happy memories of the Detroit Tigers still floating around Michigan, it seemed appropriate that Robert Murton of 2801 N. MICHIGAN MIRROR

Ask more college aid

BY ELMER E. WHITE Michigan Press Assn.

Greatly-expanded tax aid for the state's public colleges and universities is the goal of the Michigan Conference of the American Association of University Professors (AAUP).

A study shows that present funding falls woefully short of meeting the institutions' needs to provide for quality education.

It is our conviction that the next few years will be crucial for higher education in Michigan," the organization said.

State colleges and universities currently receive \$226.6 million a year in tax funds. They have been assigned a "target" figure of \$240.3 million for fiscal 1969-70 by Gov. George Romney.

THE AAUP SAYS the governor and legislature should refrain from clamping a ceiling on appropriations to colleges and universities and dole out whatever sum is necessary to make them the best in the country.

"The state can afford it, and any other course is self-defeating in that it provides an inadequate education for the future leaders of the communities of the state," it said, pointing to economic studies showing that personal income rose 5.23 per cent in Michigan last year.

"Michigan is the seventh most populous of the 50 states; it is a major industrial state, and ranks in the top 10—as it should—in gross product, average earnings and family income."

Specifically, the AAUP suggested the Legislature appropriate not less than \$700 per year for each freshman and sophomore enrolled at a state-supported institution, \$1,300 for juniors and seniors, \$2,000 for master degree graduate students, and \$4,000 for doctoral degree and professional students.

Michigan State University and the University of Michigan, the state's two largest schools, now receive an average of \$1,344 and \$1,628 per student, respectively, in state aid.

The AAUP also called for additional funds to boost faculty salaries to an average minimum of \$12,400 annually for professors, \$11,170 for associate professors, \$8,520 for assistant professors and \$7,250 for instructors.

HIGHLY CRITICAL was the organization of the state's present budgetary process, which involves a review of each school's tax fund request by the governor's office, the budget bureau, the Senate appropriations committee and finally the Legislature itself.

It said none of the agencies is properly qualified to determine the colleges' needs, yet they invariably pare down the spending blueprints.

"The annual scramble for appropriations by our institutions of higher education is highly wasteful of time and effort for all concerned," said AAUP.

"The process is crude, irrational and unsatisfactory. Neither the bureau, the governor, nor the committee is adequately trained or staffed to evaluate or reconcile the conflicting demands."

Suggested by the AAUP was legislation turning over to the State Board of Education full authority to scrutinize the spending requests and determine financial needs.

Another recommendation proposed the board establish "minimum support standards" for all institutions, based on the objective of providing quality education for all in Michigan who desire it.

"Finally," the AAUP said, "We urge all responsible officials to develop and agree upon a long-range, state plan for higher education and more courageous than any of the preliminary drafts we have so far been furnished."

JIM BROWN OF MASON has been nominated to replace the late Rep. Charles J. Davis of Onondaga on the Republican ballot for the 59th house district seat in the Nov. 5 election.

Davis died recently of a heart attack. He had served in the house since 1962.

Brown was tapped by the Ingham and Jackson county Republican committee under a state law granting them authority to select a ballot replacement in the event a candidate dies before an election.

Brown has a political background in Michigan. His grandfather, the late Vernon J. Brown, was lieutenant governor in 1945-46.

I have never known a more loving husband, father and grandfather than Lloyd Latchaw. His family life was a great pleasure to him. With the birth of his grandchildren his life became even richer, as did the lives of his grandchildren. Lloyd was proud of his children, Saradel, Harold, and Raymond, and of his lovely wife, Ivel, and they returned in measure his love, loyalty, and admiration.

The community of Bath has lost a great friend and citizen in his death, but, in a greater sense, he will never die so long as the many children he helped to train and educate live, for he will live on in their hearts and minds.

We were truly blessed to have had a man such as Lloyd Latchaw to head our schools and to be so vital a part of our community. May God truly bless the memory of this fine man and be with his family during their grief.

So long as we have men like Lloyd Latchaw in charge of the schools of our community, state, and nation, we can be sure that America will be a progressively better place in which to live.

I can say sincerely, and with pride, it was an honor to have known and to have served with Lloyd Latchaw. He will be truly missed by all who knew him.

How much fun would be left in fashion if all style were standardized? This system would cut down on shopping time. But it would also cut down on your individuality.

In turn, standardization would cut down on advertising, there'd be a cutback in production. And if we worked hard to do so, we might wreck the economy.

Wouldn't we be better off to leave things the way they are? Today's advertising is already policed by the world's smartest detective... the American consumer.
