

# Next week . . . Clinton County election returns

## Republicans dominate county office seekers

**Editor's Note:** This is the third installment of a series to acquaint residents with candidates and issues in the November 3rd general election.

A sprinkling of Democrats, a large number of incumbent Republicans and a few new GOP candidates comprise the mix surrounding the meat of Clinton County office seekers in the upcoming general election Nov. 3.

Ten of eleven county commissioners seek re-election with a new name—that of Robert Dittmer—added to their ranks while throughout the townships most names on the ballot are those of incumbents.

General county proposals include a fixed millage proposition and a question of whether Clinton should participate in an airport authority with Ingham and Eaton counties and the city of Lansing.

Aside from county issues, two townships will be voting on local questions as well as the city of DeWitt. St. Johns and DeWitt will also elect candidates to city offices.

### COUNTY COMMISSIONERS

A total of eleven candidates—ten Republicans and one Democrat—are seeking election to seats on the county commission. Incumbent members and their districts are:

District 1 (Duplain and Greenbush Twp.) Andrew W. Cobb.

District 2 (Essex, Lebanon and Bengal Twp.) Walter G. Nobis, currently serving as chairman of the commission.

District 3 (Precinct 3, city of St. Johns and Precincts 1 and 2, Bingham Twp.) Maurice Gove.

District 5 (Ovid Twp.) Duane H. Chamberlain.

District 6 (Victor, Olive and Riley Twp.) Claude Underhill.

District 7 (Dallas and Westphalia Twp.) William Hufnagel.

District 8 (Eagle and Watertown Twp.) Robert M. Montgomery.

District 9 (City of DeWitt, Precincts 1 and 4, DeWitt Twp.) Gerald Lee Lankford.

District 10 (Precincts 2, 3 and 5, DeWitt Twp.) Roy F. Andrews.

District 11 (Bath Twp.) Gerald E. Shepard.

All incumbents except Andrews in the tenth district are Republicans. Andrews is a Democrat. The candidate for District 4 which includes precincts 1, 2 and 4 of the city of St. Johns is Robert Dittmer.

Dittmer a Republican has been active in area politics and sought the GOP nomination for state representative in the 1968 primary

election which was won by William Ballenger. Dittmer defeated Rex Sirrine in the August primary and as are all other commission candidates, is running unopposed.

### ST. JOHNS

After a period of two years which has seen the city of St. Johns struggling to overcome financial problems, voters will go to the polls with no city issue pending.

Two candidates, however, are seeking one seat on the city commission.

Incumbent Charles Coletta will be after his fourth term on the commission after having served continuously since 1946 and twice during that time as the city's mayor.

His opponent is Roy Ebert who is seeking public office for the first time. He is an employee of Federal-Mogul and in recent months has been active in a community group organized to bring

about traffic control changes at the intersection of Sturgis St. and US-27.

### DEWITT

In DeWitt, voters will be faced with a slate of ten candidates seeking office and a charter revision proposal concerning slow tax payers.

Incumbent Mayor Lawrence Keck is being challenged by Stanley Tenney while Keith Blizard and Theodore Ward are seeking a two-year term on the council. Only one will be elected. Three four-year council seats are up for grabs in DeWitt with a list of candidates that number six. They are: Robert Ballard, Raymond DeWitt, Floyd Fowler, Jr., Paul Mulford, Ronald Simon and DuWayne Ziegler.

The issue in the DeWitt city election calls for a charter revision which would allow the city treasurer to return the unpaid tax rolls to the county treasurer

two months earlier than at present. Currently the unpaid rolls are returned in November and if the proposal is accepted by the voters the month of September will be the time unpaid rolls will return to the county.

### BATH TOWNSHIP

No issues in Bath Township but one Democrat and five Republicans are seeking offices in township government. Supervisor, Duane L. Smith; Clerk, Lee D. Reasoner; Treasurer, Iona Wiks; Trustees, Dan A. Carlton (D), Richard L. Morrill.

### BENGAL TOWNSHIP

Candidates for local offices in Bengal Township are all members of the Republican party. Supervisor, Marshall R. Hicks; Clerk, Rudolph Mohrke; Treasurer, Donald Harper; Trustee, Harold Armbrustmacher; Constable, Carl Feldpausch.

### BINGHAM TOWNSHIP

No Democrat candidates for township offices. Supervisor, Harold Benson; Clerk, Barbara Davis; Treasurer, Wilbur Brandt; Trustee, Neil Barnhart; Constable, William Klissane, Raymond Doyle.

### DALLAS TOWNSHIP

All Republican candidates. Supervisor, George R. Martin; Clerk, Josephine C. Goerge; Treasurer, Leo J. Koenigknecht; Trustee, Ronald L. Spitzley.

### DEWITT TOWNSHIP

A Democrat and two proposals are added to DeWitt Township ballots.

The first proposal calls for a decision whether the township should incorporate as a charter township. The other proposal asks if the present 15 mills shall be increased by one mill per year for 1971, 1972, 1973 and 1974 for the purpose of repairing, maintenance and replacing

fire apparatus and equipment and operating township police department.

The candidates for office are: Supervisor, Milton J. King (D); Oliver S. Angell; Clerk, Donna B. Syverson; Treasurer, Ronald Zeeb; Trustees, Herbert Hardtke, William J. Purves.

### DUPLAIN TOWNSHIP

All Republican candidates. Supervisor, George Moore; Clerk, Kelley E. Carter; Treasurer, John Hall; Trustee, Walter Kaufman, Jr.; Constable, Lawrence Hess.

### EAGLE TOWNSHIP

No Democrats. Supervisor, Russell Howe; Clerk, Alice Sullivan; Treasurer, Carl G. Lietzke; Trustee, Dale R. Volk; Constable, Leo C. Murphy.

### ESSEX TOWNSHIP

Supervisor, John M. Settelington; Clerk, Verne E. Upton; Treasurer, Waldo LaRue; Trustee,

Winners in the poster contest at St. Joseph's School in St. Johns are from the left: Linda Hein, a seventh grader; Jean Buggs, a seventh grader; Pam Motz, another seventh grader, and Cindy Wieber, a fifth grader. The contest was held in conjunction with the annual upcoming St. Joseph's School Carnival. The posters are displayed in downtown St. Johns businesses.

## Commissioners raise salaries, debate budget

Salary raises, a report from the social service office and heated debate over the new county budget made up the regular meeting of the County Commissioners Monday.

Circuit Judge Leo W. Corkin received an additional \$150 allotment from Clinton County to bring his total allotment to \$4,000.

Friend of the Court Agnes R. Danley received an additional \$500 that boosted her yearly salary from \$7,500 to \$8,000.

Both raised were made following a comparison of county salaries in Clinton and Gratiot counties.

George Eberhard, of the department of social services for Clinton County, spoke to the county commissioners concerning the great number of food stamps that were issued during a ten-day period this month from Oct. 5 to Oct. 15.

Of the 867 parties in the county that applied for the Federal Food Stamp program, over 800 were awarded the stamps, according to Eberhard. Eberhard said some of the applicants were denied the stamps but that this figure didn't exceed 50.

Eberhard also commented that many of the people who obtained food stamps are trying to obtain Aid to Dependent Children benefits. But he said the chief difference in obtaining the two is that to be eligible for food stamps, only liquid assets in the form of cash is judged as income. With ADC benefits, all personal possessions are totaled to find whether the person deserves the benefits or not.

The commissioners spent the rest of the day debating sections of the new county budget.

## City adds two leaf pickups to regular schedule

The city of St. Johns will augment the regular gutter pickup of leaves on Nov. 3 and Nov. 10 with curbside pickup of bagged leaves.

The city requested that leaves only be put into the bags as they would be landfilled in a separate part of the landfill area.

The city will continue to use gutter pickup with the leaf vacuum and street sweeper while the weather allows up to Nov. 6.

## One week remains

# Chest drive reports 18 per cent

Clinton County's Community Chest Drive is flourishing to say the least. Monday's report placed the current total at 18 percent or \$4,494 of the \$25,000 goal with only 5 1/2 days left.

County Chairman Wayne F. Hicks told his chairmen that they would have to concentrate their efforts during this last week to make the goal set for the county. Area advisor and coordinator Fred Alexander re-emphasized Hicks' statement and told division chairmen that they were going to have to ring bells morning, noon and night to get the job done.

Divisions and amounts reported for each were the professional division headed by St. Johns Mayor Robert Wood, \$300 or 17 percent of its goal of \$1,800; the special gifts division headed by Roland Sleight, \$914 or 65 percent of its \$1,500 goal; area division headed by County 4-H Director John Alysworth, \$329.25 or 9 percent of its \$4,000 goal; industrial division headed by Jim Leon, \$420 or 5 percent of its \$11,500 goal; commercial division headed by Barry Dean, \$2,130 or 28 percent of its \$7,500 goal, and

schools and government division headed by Steve Bakita, \$400 or 15 percent of its \$2,800 goal.

These reports were presented at Monday's weekly report luncheon at the L and R restaurant in St. Johns. Sponsors for these weekly luncheons are Federal-Mogul, Saylor-Beall, Sealed Power, General Telephone, Clinton National Bank and Central National Bank.

Monday is the closing date for the county campaign and companies are asked to contact Wayne Hicks if they haven't been con-

**Editors Note:** This article produced exclusively for the Clinton County News by three assignment writers is an in-depth analysis of the state's third congressional district, and the two candidates on the ballot for the post next week.

U.S. Rep. Garry Brown, Republican, seeking his third term in the third district, says a congressman should consider himself not only a public representative but also a personal representative of his constituents.

Brown, 47, says the federal government must be a responsible trustee of public monies. He says he is concerned with making sure governmental policies are clear and relevant to the public.

"No institution or program is justifiable unless it is effectively responding to the people and needs it is intended to serve," he says.

Brown admits he has made some "mistakes" during his first two terms but says none of them included neglecting the welfare and interests of his constituents.

He voted against further expenditures on the SST and space program to bring about tighter control of taxpayer's dollars. He criticizes the Johnson Administration for spending too much on defense. He favors spending less on defense and more on human resources.

He says this would include increases in job training, skills upgrading programs, social security benefits and tax deductions for medical expenses of the elderly.

He also makes a strong issue on the state of the economy. He

He says the federal government should expand efforts in research and technology to control pollution. But he favors local handling of administrative and control programs.

He says he has introduced legislation which promotes public

But he is against federal fire-arm registration, favoring state control.

He has not taken a specific stand on legalizing marijuana and says he won't support change in the present treatment of hard drug offenders.

Brown favors the 18-year-old vote but says other privileges and responsibilities must be included with the right to vote. He doesn't define what these privileges and responsibilities are.

Richard A. Enslin, Brown's Democratic opponent, is no stranger to politics.

Enslin, 39, served two years as a Kalamazoo County District Court Judge. Prior to that he was director of the Peace Corps in Costa Rica. He campaigned for and won the judgeship in absentia while serving there.

While on the bench in Kalamazoo, Enslin sponsored three programs instrumental in gaining national recognition for that city.

These include an opportunity program which provided jobs for unemployed youths, a rehabilitation program for first offenders and a detoxification program for alcoholics.

The programs helped Kalamazoo win an All-America city award in March. The award is sponsored by Look magazine and the National Municipal League and is granted for progressive steps in urban development.

## Formal ground breaking at new plant Thursday

Although construction has been underway for two weeks, official groundbreaking ceremonies at the site of St. Johns' newest industry will be held Thursday morning at 11 a.m.

According to Ralph Lebrato, treasurer of Stylemaster Homes Inc., the new plant, located on Gibbs Street a block north of Morton Street should be ready for production shortly after the first of the year.

Thursday's activities will include a picture-taking session with plant officials and local dignitaries followed by a luncheon at Daley's Restaurant.

WILLIAM STEINKE

## William Steinke P-W school head heart victim

William Steinke, 55, superintendent of Pewamo-Westphalia Community Schools died at Carleton City Hospital, Wednesday Oct. 21. He had been hospitalized following a heart attack suffered a week ago.

Mr. Steinke was born July 10, 1915 at Edmore. He received a Bachelor of Arts degree from Central Michigan University, Mt. Pleasant, in 1947 and a Master's of Arts degree from the University of Michigan in 1952.

He was presently well advanced toward his Educational Specialist Degree.

He was an educator for 23 years, beginning his teaching career at Browns School, Edmore High School, Blanchard and Port Austin schools before becoming superintendent of Pewamo-Westphalia 10 years ago.

He was a member of the National School Public Relations Association; American Association of School Administrators of Michigan; Michigan Association of School Boards; Association of School Superintendents; Knights of Columbus; American Legion; St. Joseph Altar Society and was treasurer of Pewamo 21 Club.

He is survived by his wife, Barbara, one son Thomas, Saginaw, four brothers, Graham of Sheridan, John and Edward of Stanton and Donald of Detroit.

Funeral services were held Friday at Pewamo-Westphalia High School Gymnasium with Mgr. Thomas Boiger officiating. Burial was in St. Joseph Cemetery, Pewamo.

# County commissioners approve 1971 budget

### Remember what you decided last January 13?

Wasn't that the day your dried-out nasal passages really got to you? Your peeling wallpaper took a turn for the worst, and your last favorite plant collapsed into the dust! Didn't you say something like "I've had it! We've got to get some humidity into this house."

Well, this heating season, why not play it smart. Be comfortable from the beginning! All your dry-air problems can be solved with a West Bend Automatic Humidifier. That's all. It doesn't even cost much. And just think, all that spring-fresh humidified comfort will feel like a winter vacation.

## Weatherwax reads final paving cost

City Manager Harvey Weatherwax made his final street paving report to the St. Johns City Commission Monday night at their regular meeting.

Weatherwax told the commissioners that sections of 14 streets in St. Johns were paved with blacktop at a cost of \$81,482.78. He said this figure only included the 6,248 1/2 tons of blacktop that were laid down.

Additional costs will come from raising man-holes covers around town and the spraying of tar coat over the old street surfaces. Weatherwax went on to say that the final cost figure would probably be in the neighborhood of \$85,000. The commissioners seemed very satisfied with the final report.

Commissioner John Hannah asked Weatherwax if it would be possible to have Spartan Asphalt Co. cover an additional section of street on Walker St. between Clinton Ave. and Brush St.

Commissioner Dr. James Groat agreed with Hannah that the street section is in need of resurfacing.

Hannah then made a motion to get the street paved if it could be done for the same price as the other street sections around St. Johns. The motion passed unanimously.

## Brown, Ensen race in third

Continued from Page One

Ensen has based his campaign around the success of these programs combined with an attack on Brown's voting record. He says Brown's record shows a lack of concern for social issues.

He says a publication recently ranked Brown 18th among 19 state congressmen in voting on consumer-oriented issues.

Brown disagrees, saying that ranking must be "Democratic oriented."

Ensen also favors a reorientation of priorities, with less military spending. He blames excess military spending on the Nixon Administration and thus on Brown.

But Brown says the Nixon Administration is only trying to break the spending patterns

ride in on a Hart sweep, it seems doubtful this alone would be enough. Assuming that the other

The main concern in the Ensen camp may be that their candidate's strongest argument against Brown is that Brown is behaving as a Republican. And this is surely political suicide in the third district, with its Republican legacy.

Therefore, even if Ensen does

variables come Ensen's way along with a Hart landslide, Ensen could win in extremely close circumstances.

But political history and tradition in this district point away from the possibility of these variables combining for a Democratic win.

Accordingly, we pick Brown to win by five percentage points.

## Milliken names Trezise

R. Douglas Trezise, Republican candidate for the 87th district state house seat, has been appointed to serve on the state's Special Commission on Local Government by Gov. William G. Milliken.

Trezise is an Owosso City councilman and a former mayor. The commission consists of 37 leaders of municipal, township and county governments. State officials, political scientists from the major universities and people from the private sector

who are knowledgeable in local government.

At its first meeting, Oct. 13 the Commission heard Milliken ask for a review of Michigan's local government structure, an examination of relationships between local governments themselves and their relationships with state, a study of fiscal powers of local government and for recommendations concerning regional governments and future development of local government in Michigan.

# Central National Bank acquires new service

Central National Bank of St. Johns has announced that they have acquired the services of Mortgage Associates, Inc., for the issuance of both Federal

Housing Administration (F.H.A.) and Veteran Administration (V.A.) loans.

Harold Wellman, president of the bank, said Thursday that the new service for these types of loans would be provided for people served by the bank from Owosso to Portland in a 25-mile radius around St. Johns.

Thomas Walters, branch manager for Mortgage Associates in Lansing, said that the company is 35 years old, is headquartered in Milwaukee, Wis., and has 17 branches in the midwest, including the one in Lansing.

"The service is now available," said Wellman. "It unfreezes every tight real estate market in the area through the loans offered."

Walters said the Central National Bank has provided an unlimited amount of funds for the operation of the new loan service. He also added, "Mortgage Associates is the largest originator of F.H.A. and V.A. loans in the midwestern states."

NEW SERVICE AT CENTRAL NATIONAL BANK

Thomas Walters, left, branch representative for Mortgage Associates, Inc., makes final arrangements with Harold Wellman, president of the Central National Bank in St. Johns, to incorporate the services of Mortgage Associates into the Central Bank system. The new service will allow greater leverage with regard to Federal Housing Administration and Veterans Administration loans.

## DeWitt's K-2 will sponsor coffee hour

The David Scott Elementary School in DeWitt will hold parent-teacher coffee hours next week for kindergarten, first and second grades.

Donald Powell, principal of the elementary schools in DeWitt, said the second grade pupils' parents are invited to the coffee hour Tuesday, Nov. 3 where demonstrations will be held in reading and science lessons.

The kindergarten parent-teacher coffee hour will be held Nov. 4. Teachers will explain the kindergarten program and answer questions about the school. There will be an opportunity to sign up for the future parent-teacher conferences.

The coffee hour for first grade pupils' parents will be Nov. 5. All programs begin at 7 p.m. for the American Education Week event.

## Red Cross sponsors 'Voices from home'

The American Red Cross will offer its "Voices from Home" service during November this year for dependents of U.S. servicemen.

The Red Cross supplies a three-inch tape that runs for 15 minutes and can be made during office hours Monday through Friday, 8:30 a.m. to 5 p.m. or through special arrangements. The group also supplies the tape recorder.

Red Cross spokesmen indicated that the service is also available for international students.

The group headquarters is located at 1800 E. Grand River Ave., Lansing or telephone 484-7461, extension 4 for taping appointments, which are free.

## District Court

Harley Elton Parker, 24, 6635 Richardson Court, Park Lake, Bath, was convicted of malicious destruction under \$100. He was sentenced to 10 days in the county jail and \$100 in costs and fines.

Gary Keith Fineout, 30, Upton Road, Elsie pleaded guilty to a reduced charge of use of firearms while intoxicated. He was sentenced Monday in district court to a sentence of 85 days in the county jail and \$43 in costs and fines.

The 85-day jail sentence was reduced to 25 days in jail at the end of which time Fineout would begin a one-year probation period.

Michael H. Honsowitz, 21, 132 Smith St., Portland, was convicted Thursday of speeding 95 miles per hour (M.P.H.) in a 55 M.P.H. zone. He was sentenced to three days in the county jail and \$100 in costs and fines.

Charles E. Anderson, 29, 608 E. Cass St., St. Johns, was convicted Monday in district court of driving a revoked or suspended license and received a sentence of three days in the county jail and \$75 in costs and fines.

Mrs. Porter C. Parks

Mr. and Mrs. Roy Hittle of Charlotte were pleasantly surprised when Mr. and Mrs. Roger Balmer, Mr. and Mrs. Dell Schmidtman and family helped them celebrate their 33rd wedding anniversary Friday evening. Afterwards the Hittles spent the weekend in the Roger Balmer home.

Mr. and Mrs. Roger Balmer, Mrs. Dell Schmidtman and Mrs. George Balmer attended a Travelogue with Mr. Hittle. George Balmer and Dell Schmidtman with other members of Riley Bible Church spent the weekend at Camp Baruch near Grayling.

Mrs. Edward Fuhr is in St. Lawrence Hospital recovering from surgery.

# Root sees Parochial major issue

By TIM YOUNKMAN Editor

Cedric Root, Democratic candidate for the state's 30th district senate seat, claims the Parochial issue to be "the uppermost in the minds of voters" in the district.

Root said that in a recent poll in two cities of the district voters overwhelmingly opposed Parochial.

"It was about 70 to 30 opposed," he said. Root said that if the current proposal C, the amendment to the state constitution banning aid to private schools, would pass things would be left as is except for the present \$22 million appropriation sent to non-public schools.

"Private schools are a privilege in this state," Root said. "The public schools could absorb the private schools," he added. He indicated that time sharing programs of a reciprocal nature would not conflict with the ideals of public education.

The opponents of the amendment, the supporters of Parochial, have expressed concern in recent weeks that the private schools in Michigan face extinction if Parochial is not allowed to continue.

"If they would make their phase-out known without creating emergencies" the public systems could accommodate the children, Root said.

"The idea of dumping these children on the public school system is a disguised threat," Root said.

The existence of a private school system should not cost more for the taxpayer, he said. Root said that the idea of the proposal is to separate private schools from secular and that it is not limited to religious schools.

"We don't want the Black Panthers supported by the state," he said.

Another important issue in the Root campaign is the drug abuse problem in Michigan.

"We must define terms. Drugs are not abused by prescription when administered clinically," Root said.

"Other than that, they are abused," he added.

Root had definite opinions on the current drug legislation. "The laws adequately take care

solved "through cooperation of agencies," he said.

Another issue, according to Root, is the property tax in the state.

"I am sure it needs readjusting," he said. "Many people have fixed incomes so we must readjust the real property tax." He suggested increasing the income tax.

He said that he was surprised that the issue of gun control was so much discussed in this district.

"It's a big thing here," he said. "People are opposed to registration of long guns."

"Ownership of guns doesn't cause crime, people cause crime," Root commented.

Root, 46, is contending for the seat vacated by Emil Lockwood who is the Republican candidate for the secretary of state post. Root is opposed by Republican William S. Ballenger of Ovid.

Root and his wife Kathleen have four children and two grandchildren.

**Election is via clerk's office**

By TOM McELENEY  
News Staff Writer

Suppose the weather picture for Tuesday was rain and sleet with no let-up in sight until Wednesday. Undoubtedly, some people would refrain from going to the polls to cast their vote in the general election.

Whether you're one of these or not, did you ever think of the work that is put in by the county clerk's office getting ready for the election.

Working in the clerk's office are County Clerk Ernest Carter, Deputy County Clerk Mrs. Willard Krebel, and deputy clerks Mrs. Gordon Ripple and Mrs. Robert Betz.

There is no realistic starting date for the preparation work done by the office, it is a year round operation. If a date had to be set, though, it would be April 6, which this year is the date that all incumbent judicial officials had to file affidavits of candidacy.

This is one of 61 deadline dates associated with the primary in August and the general election on Tuesday.

Included among these 61 are three in April, three in May, 16 in June, 8 in July 8 in August, 7 in September, 6 in October, 6 in November and two in January.

Nearly all of the duties of the county clerk's office are performed in conjunction with the elections.

The office has all their duties lined up on a timetable and, when outside sources are late with

their deadlines, then the task for the county office becomes that much harder.

Supplies from binding companies, from paper companies and from the state designate the time when all facets of the operation can start to turn together. This year, both supplies from the Doubleday Co. and seals from the state of Michigan were late and, this caused delay in the efficiency of the clerk's office.

When the supplies arrive, they can be delivered if the ballots have been checked by the clerk for mistakes in names, positions, proposals, etc. Each ballot for each precinct must be looked over thoroughly before they are delivered to the precincts. "There is no second chance for corrections on a voting ballot," said Carter.

The office also has to send proof ballots to each of the candidates for all offices. The sending of these ballots were delayed this year because of court decisions on the anti-parochial amendment and the tri-county airport authority.

Each of these proof ballots have to be sent to the candidate by registered mail and the cost for mailing them from the Clinton office was over \$100.

While the constant work goes on for the election, the office also has to take care of daily matters that include a constant backlog of material from the County Commission meetings and Circuit Court proceedings.

The months of work and patience is culminated on election night. All township and city clerks

are required to turn their votes in to the County Clerk's office the night of the election after they close their polls.

All of the clerks have to deliver their returns in sealed envelopes.

When all of the returns are received by the county office, it's usually dawn of the next day. No extra help is put on for the evening's load of work and no day off is given either while all other government employees get the day of election off.

With all this under their belts, the clerk's office still isn't finished with the election work because in order for an election to be official, a canvassing board must be set up to check and doublecheck the election results.

The canvassing board, consisting of two republicans and two democrats chosen by the county commissioners and headed by the county clerk. They meet at 1 p.m. Nov. 4 to begin canvassing the county's votes. A period of two weeks is allotted for the canvassing to take place.

"Usually," says Mrs. Krebel, "the canvass takes two days and none of the elections are final until they are canvassed."

All school and special elections are also canvassed by the county clerk's office.

The final duty for the office is to receive the expense accounts of those newly-elected county and township officials. They have 20 days to report to the office after the general election and ten days after the primary in August.

EDUCATION ASSOCIATION MEETS THEIR LEADER

Charles Agerstrand, standing president of the St. Johns Education Association, delivers a few remarks before introducing Howard O. Ward to the association member, from the St. Johns area. Ward, seated to Agerstrand's right, is the regional representative from the Michigan Education Association. The presentation was made at a dinner-meeting at Daley's in St. Johns. Patricia Dunay, daughter of Mr. and Mrs. Alex Dunay, has been invited to speak and lead a discussion on the topic "Sex Education for the Mentally Retarded" at the Fall Workshop for the State Student Council for Exceptional Children on Nov. 7.

It will be held at Grand Valley State College in Grand Rapids. Later a paper will be compiled from the results and published. Miss Dunay is now teaching special education at the Roscommon Schools.

Mrs. Dora Lowrey was taken to the Midland Hospital following a fall in her home last week. She sustained a fractured collar bone.

Stanley Loznak, who has been ill for several weeks and recently underwent major surgery at the Henry Ford Hospital has returned to his home much improved.

Mrs. Sidney West has returned home following treatment at the Owosso Memorial Hospital last week.

A son, Eric Glen Larsen, was born to Mr. and Mrs. Glen Larsen of Grand Blanc on Friday, Sept. 16. Mrs. Larsen is the former Shirley Cobb of Elsie.

Mrs. Paul Platner, who recently underwent surgery at the Owosso Memorial Hospital has returned to her home.

Mrs. Lunsford Melvin passed out tickets to the members to sell for the annual "Library Benefit Card Party" scheduled Nov. 10 in the Elsie Junior High Gymnasium. Mrs. Loyal Hinkley is general chairman of the party and tickets may be purchased from any member of the club.

Mrs. Horn reported on the "Mental Health Center" office in St. Johns. Service can be obtained during the week and therapists are on duty in Lansing for emergency care.

Announcement was made of the West Central District Convention in Grand Rapids the following day and that Mrs. Horn, Mrs. Scott and Mrs. Lawrence Hess planned

to attend the session. The meeting closed with "The Club Collect".

**KEYS TRAVEL TO NIAGARA FALLS**

After a marriage of 42 years, five children and six grandchildren later, Mr. and Mrs. Sidney Keys made it to Niagara Falls for the first time last week.

They were accompanied by their cousins, Mrs. Ella Livingston Schutt of Jackson and Mrs. Adele Jones of rural St. Johns, who hosted a dinner in their honor at the Heritage Tower in the Crown Suite Dining Rooms high over the illuminated Niagara Falls Friday evening. They also viewed the complete Niagara Scene from the outdoor observation deck atop the Tower.

The return trip followed the route from Niagara through Weldon, St. Thomas and the MacDonald-Carter Freeway to the Ambassador Bridge at Detroit and the Chrysler Freeway.

# Redwings axe-hammer Hastings: Grand Ledge next - -

By TOM McEENEY  
News Staff Writer

Last Friday, it was like rolling off a log for St. Johns Redwings as they buried Hastings Saxons 34-7 but this coming

Redwing Head Coach Jeff Smith adds a little extra feeling from the sidelines during Friday night's encounter with the Hastings Saxons. St. Johns won 34-7. (Photo by Ed Chappell)

Friday, the log might have to be picked up and carried.

Coach Jeff Smith's charges will have their work cut out for themselves when they face Grand Ledge at Grand Ledge at 8 p.m. The Comets streaked to a 34-0 victory over mid-season title contender Alma Friday night.

If St. Johns wins Friday, they'll be the 1970 West Central Conference Champions. But, if they get big heads from last week's drubbing, they're liable to get beat.

Smith went out on one of his famous limbs and said that if the Redwings win Friday, they'll be assured of a 7-2 season. He's correct in predicting that outcome because after Grand Ledge comes Alma and almost cross-town rival Ovid-Elsie.

Friday's game was all St. Johns. An attempt at a quick score was made by Randy Atkinson as he passed to running back Dave Flermoen in the end zone but Flermoen was one step shy of the catch. So, the Redwings had to wait for more plays before they marched into the Saxon end zone and a 6-0 lead with 8:23 remaining in the first period.

The Redwings kicked off to Hastings but they had to punt. The kick was returned to the Hastings 45 where Steve Mead ran for 20 yards and Roy Pederson caught a 14-yard flare pass from Atkinson to set up the second Redwing score of the night. Atkinson passed ten yards to Dennis LaVeck and the score was 12-0 St. Johns. Neither the first PAT nor the second were successful.

St. Johns booted the pigskin again. This time, Hastings sustained a small drive to their 49 yard line before Saxon quarterback Ted Fitzgerald threw a pass that was intercepted by

From their own 34, St. Johns got a couple of first downs but were forced to punt on the Hastings 36 yard line. Atkinson's punt traveled 28 yards to the eight yard line of Hastings. This started the second period.

Hastings gained a first down but again had to punt from their own 23 yard line. St. Johns received the punt and took over on the Saxon 39. Flermoen and Atkinson then combined for 31 yards running in four plays before Hayes ran for eight yards and the third score of the night. Atkinson then hit Flermoen in the end zone for the two-point conversion which made it 20-0.

The kickoff team then got further practice as they gave the ball to Hastings again. The Saxons ran it back to their own 38. After four plays, it was punting time again.

This time, the Redwings started on their own 32 yard line. But, Dave Flermoen got them out of there quick with a 40 yard romp to the Saxon 28. Four plays later, after a seven-yard run by Atkinson, a ten-yard pass reception by LaVeck and an eight-yard run by Gary Burk, Atkinson ran for two and the touchdown with 2:41 remaining in the first half. Atkinson made the PAT and the score was 27-0.

Hastings took the next kickoff but three plays after that, Hayes intercepted another Fitzgerald pass on the SJ 22 and ran it back 20 yards to the H 42.

The ball was then moved down to the H 11 with a ten-yard run by Atkinson, a 19-yard scamper by Mead, a nine-yard pass reception by Smit and a nine-yard run by Flermoen. St. Johns then tried a field goal with seconds left in the half that failed. Halftime score: 27-0.

Third quarter action saw St. Johns receive the kickoff and

it back to the SJ 36. And, quicker than you could say, "Go to it," the Redwings were back at their hobby of collecting touchdowns.

Mead, Atkinson and Hayes ran the ball at Hastings until a 15-yard holding penalty put the ball on the SJ 47. The situation was second down and 17 yards to go for the first down. Atkinson handed off to Mead and No. 64 raced 36 yards to the Hastings 17 where Atkinson then ran the remaining yards for a 17-yard touchdown, with 8:36 left in the third quarter. The PAT was good

End John Smit (85) takes a reception from Randy Atkinson and drives for yardage against the Hastings Saxons. Smit was one of the five receivers for St. Johns during the game.

and St. Johns dominated 34-0. Smith now began emptying the Redwing bench. . . The word shouldn't be bench because I haven't seen one Redwing grudge sit on that green board all season long.

The reserves did a respectable job. St. Johns kicked off to Hastings and a few plays later, St. Johns had the ball again on an interception by Ron Acker, his first of the year. The ball rested

on the Hastings ten-yard line. Gary Burk then ran seven yards on the next play to the Hastings three yard line. But, illegal procedure on SJ put the ball on the H 15. Redwing reserve quarterback Ken Schueller was then thrown for a ten-yard loss to the H 25.

Hastings finally took the ball over on downs with 5:32 left in the third quarter. On the next play, Jim Findlay almost intercepted for the Redwings. But, on the play after that, Mead did intercept on the 21 yard line and

intercepting a Hastings pass on the goal line. The Redwing machine produced 304 yards rushing for the night compared to 79 passing. Hastings emerged with 104 rushing and 42 passing. First downs were close but honors went to St. Johns with a 19-15 edge.

Atkinson and Schueller combined to complete 8 of 16 passes against the same percentage, five for ten, for Hastings. The Redwings grabbed four Saxon passes and recovered one Saxon fumble. Hastings had no interceptions and recovered one Redwing fumble.

Individual rushing honors went to Mead with 94 yards in seven carries. Runners - up in the rushing department were Flermoen with 80 yards in six carries and Atkinson with 69 yards in eight carries. There were seven other ground gainers for the Redwings.

Most of Hastings 164 yards were gained against the reserve defense with only 40 of them being gained in the first half.

In the passing department for the Redwings, LaVeck caught three aeriels for 43 yards, Smit, Hayes, Pederson and Flermoen were the other receivers for the night.

Offensively, Smith said, "This was our best game of the year. Execution of plays and blocking assignments were carried out the best they have all season. We could have called any play and it would have worked."

Defensively, Smith wasn't at all satisfied. He said the whole defensive effort was poor all night. Tackle-wise, Larry Wakefield got 12 for top honors with seven each for Mead, Gary Rademacher, Gary Koenigsnecht and Luane Lumbert. In all, there 27 tacklers during the night for St. Johns, a good example of Smith's game participation philosophy.

St. Johns will travel to Grand Ledge Friday for what will be the biggest game of the year for the Redwings. The Comets, 4-1 in the West Central Conference, will be out for blood.

Jock Clarey, athletic director at Hastings High School has seen both teams, St. Johns and Grand Ledge. After the game Friday, Clarey said, "Quickness is the only thing that will give St. Johns a victory Friday night. If they don't have that, I look for a win by Grand Ledge."

Alma's Head Coach commented, "Grand Ledge has the best team I've seen in the conference in four years."

Dad's night finds DeWitt Panther fathers going up against their well trained sons on the scrimmage line. But it's all in fun during pre-game introductions at the DeWitt football stadium.

## Panthers crush Potterville, aim for championship

It took but two minutes for the hungry DeWitt Panthers to roll across an inexperienced Potterville Viking squad Friday night to record the first of 44 points while shutting out the visitors from the south.

The win, largest point total of the year for Coach Gary Roberts and his Panthers, boosts DeWitt to a 5-0 Central Michigan conference record, best in the league.

"I was surprised," Roberts remarked concerning the high score. "They had some young kids in there," he said.

DeWitt's Mike Moody crashes through the line for a good gain against the inexperienced Viking defense. It took three Vikings to haul Moody down on this second quarter gain.

He noted that DeWitt was substituting freely throughout the game and utilized an entire reserve squad for the second and parts of the fourth quarters.

"They held us in pretty good in that third quarter," he said. DeWitt scored once in that period.

Roberts said that the team members were upset about remarks after the Pewamo-Westphalia game indicating that they backed into the win, 20-14 a week ago.

He added that the Panthers were out to prove that they could win the championship again this year.

The mood of the game was set when the Panthers took the kickoff and scored in four plays on a one-yard plunge by quarterback Ron Wilcox. The extra-point attempt failed, but DeWitt led 6-0 with 10 minutes still remaining in the first quarter.

Potterville took the kickoff but sputtered on three straight incomplete passes and an unsportsmanlike conduct penalty, forcing a punt.

DeWitt took the ball on the Viking 48-yard-line, but another unsportsmanlike conduct against Potterville brought the ball deep in enemy territory.

The Panthers clawed for four first downs in six plays and scored on halfback Tony Vetraino's dive into the middle. A Wilcox to Steve Tew's pass notched the two-point conversion for a 14-0 lead with 7:02 remaining in the period.

Potterville took the ball on the following kickoff and again stalled on four straight plays that

included two brilliant Panther defensive moves.

With second down and eight yards to go, Dan Davis broke through the offensive line to drop quarterback Jeff Carpenter in his tracks for a loss.

On the next play, third and 14-to-go, defensive back Tom Ashley slapped away Carpenter's pass to the sidelines that could have started the Viking machine rolling.

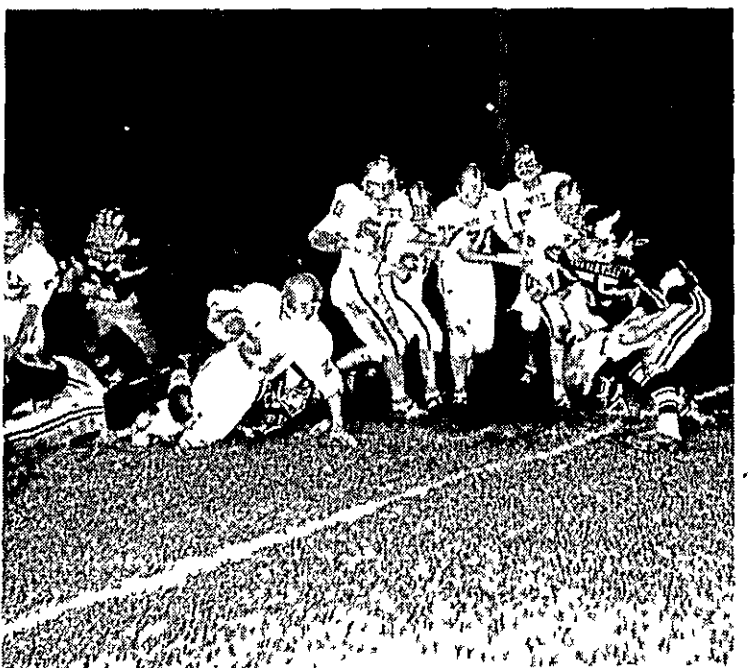

DeWitt took the ball with 5:20 left in the quarter and five first-downs later Kurt Kluge stormed over from the one with the 20th point of the first period. Wilcox, forced to run when his receivers were covered, shot through the line for the extra two points.

Roberts sent in other players during the second quarter to give them playing time in preparation for next year's campaign. The Viking defense stiffened and the score remained 22-0 at halftime.

The Panthers doubled their score in the second half with an 11-yard-run by Mike Moody and extra-point by Wilcox in the third quarter.

Vetraino and Duane Shooltz scored in the fourth period. Vetraino on a nine-yard-run and Shooltz with a five-yarder. Quarterback Chuck Berkmer converted the two-point attempt after Shooltz's TD.

The Panthers are all alone in the CMAC lead and could clinch at least a tie by winning one of their remaining two contests with Fowler and Portland St. Patrick. Should DeWitt win both, they would repeat as undefeated

Jim Ashley was the Panther workhorse during the first half Friday night against Potterville. Here he dives for a short gain against a stiffening Viking defense.

conference champs. "They're pretty good," Roberts said of the Fowler Eagles. He said that he rated speedy Steve Feldpausch in a class with All - State P-W hopeful Dan Weber.

"We don't particularly want to share the championship," Roberts added.

Tommy Love, senior from Sylva, N.C. and Michigan State's leading football ground gainer in 1968, has been knocked out of action for the second straight season by a bad knee.

Michigan small game hunters are advised by the Department of Natural Resources that the 1970 sharp-tailed grouse season in Upper Peninsula areas closes October 15, same as last year.

In an effort to clear up some other apparent confusion over the season, the DNR also points out that Dickinson and Iron counties have been re-opened to sharp-tailed shooting this season while Delta County has been placed off limits.

Baraga, Gogebic, Keweenaw, and Menominee counties plus Drummond, Neebish, and Sugar Islands remain closed to taking sharp-tails in 1970 because of the birds' scant numbers there.

Houghton County's bag limits on sharp-tails have been raised to 2 birds per day, 4 in possession, and 8 on the season. These same limits cover Dickinson, Iron, Marquette, and Ontonagon counties.

# Marauders win Mid-Michigan B crown, smash Corunna 14-8

The Ovid-Elsie Marauders broke through for a final raid on Corunna's rugged defense Friday night to capture the Mid-Michigan B conference crown in the last nine seconds of the game.

Halfback Ron Lover broke off tackle for a spectacular 89-yard touchdown dash, Cal Woodward and Tom Hughson threw the two key blocks springing Lover free for the score.

It was a come from behind game and a battle against the clock for the Marauders.

Corunna jumped off to a first quarter lead when Don Butcher rambled 45 yards for a touchdown and two more for the two-point conversion.

But that was it for Corunna. Robb Byrnes intercepted a Corunna pass and scrambled 60

yards to the enemy 15-yard-line to set up the last second touchdown in the first half to tie the game.

It was Byrnes' fourth interception in as many games.

Gregg McKay tossed the 15-yarder to Byrnes for their first tally and tossed another to Tim Beuck for the conversion.

Coach Mark O'Donnell said that Gary Rivest and Frank Quine led the defense with 16 and 15 tackles respectively.

The Marauders netted 283 total yards, 239 on the ground and 44 by the airways while Corunna gathered 170 on the ground and 23 in the air.

The Marauders notched 12 first downs compared to Corunna's eight.

Ovid-Elsie will face Chesaning Friday night, but the outcome will not effect the conference championship. The trophy belongs to O-E this year.

The O-E junior varsity squad won their sixth straight game by crushing Corunna's JV's 34-14. They had topped Bullock Creek a week ago 28-12. The JV

team has outscored opponents this year by an amazing 178-26 margin. Joe Thering and Tom Bartol are the Marauder JV coaches this season.

The Eagles took a quick 6-0 lead on a 10-yard sprint by quarterback Scott Spicer. The conversion failed.

Steve Feldpausch iced the game in the third quarter when he took a handoff and scrambled 38 yards for a touchdown. The conversion kick was blocked, but Fowler had won the game.

The Wolfpack fought back for a late fourth quarter touchdown on a seven-yard toss from Hurst to end Randy Wrobel, but it wasn't enough to surpass the Eagle attack.

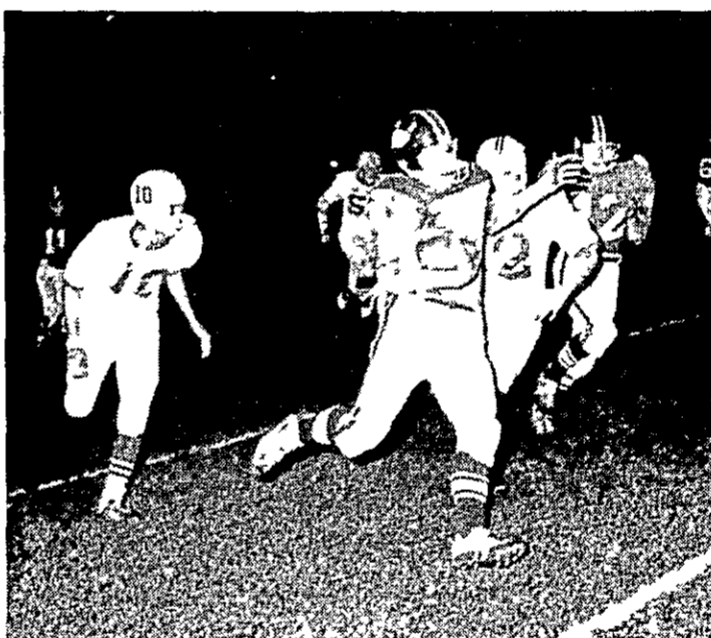

The Pack turned around and took the lead away in the first period when quarterback Jack Hurst hit the CMAC scoring leader Ron Goetschy on a 15-yard strike. Hurst rumbled over for the two-point conversion to up the score to 8-6.

But Fowler put the game away for good when Clare Thelen drove over the goal from the eighty-yard line. The conversion pass went incomplete.

## Pirates ruin Shamrocks

The Pevamo-Westphalia Pirates resumed their winning ways Saturday night by storming Portland St. Patrick's Shamrocks 20-6, to stay in the race for the Central Michigan conference championship.

One minute later the picture had changed when Albert Fedewa grabbed an 80-yard pass from John Bengel to tie the game. Dan Weber took the toss from Bengel to shift the lead for P-W's two-point conversion.

The Shamrocks shocked the Pirates early in the game when they marched down the field in the first three minutes and scored on a one-yard run by Al Schraub-en.

With seven seconds left in the first quarter the Pirates put the game out of reach as Bengel teamed up with Weber for a big 50-yard bomb and six more points.

Bengel added the final touches in the third quarter on a one-yard plunge.

The Pirates collected 234 yards, 44 on the ground and 190 in the air. The Shamrocks could only muster 121 yards, 101 on the ground and 20 in the air.

Portland moved the ball better on the ground collecting 9 first downs to the Pirate's two. P-W connected on 7 for 15 pass attempts while St. Patrick's went 4-12.

"It was a good team effort," commented Pirate Coach Bill Marks.

"The team was sparked by Albert Fedewa, John Bengel and Charles Thelen," he added.

The Pirates will move back home Friday night against Owosso St. Paul and a bid for the piece of the CMAC crown.

## Stoll passes three TDs to top Williamston

The Bath Bees squeezed past Williamston Friday night with a thrilling come from behind drive that spanned 60 yards and topped by Paul Stoll's 18-yard toss to Brad Schabily.

After Stoll's game stealing 60-yard pass play, he helped stop a late fourth quarter surge by Williamston by intercepting a pass by Sharpe.

The Bees drove through the air for 153 yards and 50 more on the ground. Sharpe was on the beam with five passes for 129 yards.

Don Adams, who blocked a punt setting up the Bees' first tally, was noted for 15 bone-crushing tackles.

Bath is now 3-1 in the Ingham County League. They'll face Fowlerville Friday night at home.

Scoring by quarters:  
Bath 0 0 12 6-18  
Williamston 0 0 6 8-14

Stoll tossed two other TD passes to Schabily for all of the Bath scoring.

Neither Bath's Bees nor Williamston's Hornets could sting enough for a score in the first half.

Bath scored twice in the third period while Williamston's quarterback John Sharpe hit Mark Hilla on a 19-yard scoring pattern.

The Hornets went ahead on a 45-yard pass play with Sharpe hitting Hilla again and a two-point conversion brought the Hornets a lead 14-12.

GOOD HUNTING!

If there's a shortage of pheasants Floyd Bulock of St. Johns is unaware of it as his English setter "Duke" has flushed nine cocks and three hens so far this season. Two of the birds were shot within seconds by Bulock on his acreage last Saturday morning. The three year old dog was shipped to Bulock from London, Kentucky at the age of six months and, as can be observed, has turned out to be an excellent hunter. Bulock was recently re-elected as president of the Oldsmobile Outdoor Club.

By Mrs Don Warren  
Phone 834-5020

Mr. and Mrs. Charles Warren spent several days last week visiting their daughter and family, M. and Mrs. Greg Lill at Wheaton, Ill.

The Middlebury WSCS will meet Tuesday evening, Oct. 27 at the Middlebury United Methodist Church at 8 p.m. with Dorothy Jordan, Letha Furnish and Loreta Warren as hostesses. Devotions will be lead by Florence Garber and Esther Semans will be in charge of the program. There will be no business meeting as the program will feature a panel discussion of religions with several ministers as guest

participants. The Laingsburg WSCS will also be guests at this meeting.

Mr. and Mrs. Don Warren and family spent Sunday at Midland as guests of Mr. and Mrs. Glenn Warren.

**MORE THAN EVER... AMERICA NEEDS**

*Garry Brown*

The people of Michigan's 3rd District have learned that with Garry Brown representing them in Washington, they indeed have a man of the people on their side.

Throughout Garry's career in government, in the Michigan State Senate, where he served two terms, and in the U.S. House of Representatives, where he is completing his second term, Garry has endeavored to make government more

responsible to the people. All the people. His concern is reflected in the tremendous volume of mail he answers, for he is never too busy to personally help thousands of people who write to him each year.

Garry Brown has been a responsible, effective, concerned Congressman. His experience in government is invaluable. More than ever... America needs Garry Brown.

CIDER, DONUTS AND A FALL AFTERNOON

Cider and donuts were two of the chief ingredients needed Sunday afternoon in DeWitt as the Clinton County Republican Party held an old-fashioned cider barrel rally at the DeWitt High School Athletic Field. Sunny weather and a beautiful afternoon gave local candidates a good chance to meet their constituents and discuss issues of the coming election on Tuesday. (News Photo by Tom McEleney)

### 'Cougar Country' challenges the current movie sex craze

Can a motion picture company grow in the industry today without catering to the demand for sex on the screen? A new Utah film company thinks so and is rapidly proving its point.

American National Enterprises, Inc., of Salt Lake City, produces and distributes outdoor and adventure films. All of its new movies are designed as family entertainment. American National Enterprises' management believes that's what the public wants. The past five years this philosophy has been proven sound by increasing numbers of people lining up at the box office.

American National Enterprises' next release, "COUGAR COUNTRY," is a story based on the first two years in the life of a young mountain lion. Filmed in the mountain wilderness of Colorado, the high country scenery is spectacular. "Cougar Country" takes the viewer into an area untouched by man.

"Cougar Country" vividly portrays the protective instinct all animals have for their young. While "Whiskers" is growing and learning by experience, his very existence is guaranteed by his mother's presence. She is constantly on watch for danger that would threaten her adventurous offspring. The dangers are many, ranging from prowling coyotes to powerful eagles and bears. In one of the many comical scenes, "Whiskers" learns all

### Plan group working on master study

A system of one-way traffic patterns was considered by the planning and zoning committee as the group met in special session to advance work on a master plan for St. Johns.

The pattern, which merely is being eyed by the planners, calls for north-south traffic to use Brush and Spring Streets, respectively, and east-west traffic to be routed along Walker and Higham Streets.

The commission has a series of meetings scheduled each Thursday through November and December and hopes to have a plan prepared for public hearing early next year.

Members of the St. Johns planning and zoning commission are Bill Morris, Jean Rand, Mayor Robert Wood, Thomas Hundley, Jim Moore, Lyle Huntoon, Ron Huard, Gerald Wilcox and Doug Carpenter.

## Minutes of WATERTOWN CHARTER TOWNSHIP

Meeting called to order by Supervisor Openlander with all Board members present. Also present Commissioner Montgomery, Darwin Root, County Sanitarian, Jim Doll, Leon Esch and Jack Ryan.

Minutes of the September meeting were read and approved.

The Treasurer's report was read and placed on file.

Bills were read and motion made to pay same in Orders 216 thru 234 in the Contingent Account, and Orders 36 and 37 in the Cemetery Account.

Mr Root, the County Sanitarian, pointed out that the State had recently informed him that landfills will no longer be licensed unless they comply under Act 87 of 1965, and that he will have to insist that Watertown Township comply or be closed down. The Act states that in order to operate a landfill properly at least 6 inches of fill dirt must be bulldozed over the day's refuse, each operating day.

Mr Root stated he would work along with our Board if we needed a reasonable length of time in order to investigate all angles. After much discussion the Board agreed that we would attempt to inaugurate an opening of the sanitary landfill at Wacousta every other week, and that we will comply with the requirements as set up by the State and County, but that we needed sufficient time to post notification to inform the public that effective January 2, 1971, the Wacousta Sanitary Landfill would be open only every other week. Motion made and carried.

Motion made and supported that our public budget hearing meeting would be set for Monday night, October 26th, 1970, 8:00 p.m. at the Township Hall.

The Board studied the proposed 1971 budget as submitted and motion made that it be passed for consideration at the public hearing. Motion carried.

The Clerk presented to the Board the names of the election workers to conduct the General Election November 3rd. There were no objections.

The Supervisor mentioned the fixed millage issue for Clinton County that will go on the November ballot. Mr Thingsstad talked briefly about the Airport vote to be on the same ballot, and of the importance the passage of same will be to Clinton County and Watertown Township.

There being no further business, meeting adjourned.

MILDRED McDONOUGH, Clerk

## Village of Fowler Council Meeting FOWLER, MICHIGAN

## CITY OF DEWITT Ordinance No. 61

An Ordinance adjusting compensation schedules of Mayor and Councilmen.

The City of DeWitt Ordains: As provided in City Charter, Chapter 4, Section 4.4, the compensation of Mayor and Councilmen shall be determined by Ordinance; provided, however, that no change in such compensation shall be effective during the term of office for which any member of the Council, making the change, was elected.

The Mayor and each Councilman elected to terms beginning December 1970 shall receive ten dollars (\$10.00) for each regular and special meeting which he attends, but the compensation shall not exceed three hundred dollars (\$300.00) in any fiscal year. The Mayor, in addition, shall receive the sum of two hundred dollars (\$200.00) per year.

Two Council positions will not qualify for this adjusted compensation until the expiration of said terms: November 1972.

This Ordinance shall become effective on date of first regular Council meeting of the month of December 1970.

DOROTHY KECK, City Clerk

**Open Letter** from VAN W. HOAG

Dear friends,

The funeral director, as well as the clergyman has a responsibility to ease the grief of the bereaved family. His counsel can be relied upon in the difficult time from the hour of passing to the final service.

To relieve the sorrow of the distraught survivors and to add a comforting memory picture is the funeral director's sincere concern.

Respectfully,

*Van W. Hoag*

MRS RICHARD JAMES CAPEL

### Simon - Capel rites read in Pewamo

Msgr Thomas J. Bolger performed the nuptial Mass uniting in marriage Joan Anna Simon and Richard James Capel Saturday, Oct. 24 at St. Joseph's Catholic Church in Pewamo. Yellow and bronze mums decorated the altar for the 1 p.m. service.

The bride is the daughter of Mr. and Mrs. Norbert Simon of R-1, Pewamo and the groom is the son of Mrs. Howard Covert of 429 North Cass Street, Vassar.

The bride was given in marriage by her father and approached the altar wearing a gown of nylon organza trimmed with applique daisies. Ruffles of Chantilly lace accented the bodice, Bishop sleeves and high neckline which flowed into a chapel-length train. Her shoulder-length veil was secured in place by a flower headpiece and she carried a cascade bouquet of pink rosebuds and white baby mums.

The bride's sister, Jane Simon, served as maid of honor and was assisted by bridesmaids, Marie Simon, another sister of

the bride, Susan Trieweller of Lansing, friend of the bride and Betsy Covert, sister of the groom. The attendants wore empire waisted short sleeve gowns featuring a dark green velvet bodice with Nile green nylon and acetate skirts. They wore yellow stephanotis in their hair and carried a cascade bouquet of bronze Fuji mums and yellow baby mums.

Friend of the groom, David Lerner of Lansing was best man and serving as groomsmen were Ronald Simon and Kenneth Simon both brothers of the bride and Howard Covert, brother of the groom. Ushers were Thomas Thelen of Westphalia and Dennis Goodman of Portland, both cousins of the bride. The couple greeted 300 guests at the 5 p.m. reception held at

St. Joseph's Hall.

Special guests at the wedding and reception were Mr. and Mrs. John A. Thelen of Westphalia, grandparents of the bride and grandparents of the groom, Mrs. Roy Capel of Scranton, Pa. and Mr. and Mrs. Harvey Atkinson of Vassar.

Following their wedding trip to Hawaii the couple will make their home in Lansing.

LORENE LOU LUMBERT

### Engaged

Mrs Bertalou Lumbert of Pewamo announces the engagement of her daughter, Lorene Lou to Richard John Sprague, son of Mr and Mrs Richard Charles Sprague of Big Rapids.

The bride-elect is employed at Carson City Hospital.

The prospective groom is employed at A.O. Smith in Ionia and has served a tour of duty in the Navy.

A March 20 wedding is being planned by the couple.

### LEGION NOTES

The Edwin T. Stiles Unit 153 of the American Legion Auxiliary held its regular meeting Tuesday, Oct. 20 at 8 p.m. with president Kay Mishler presiding.

Marge Pardee, rehabilitation chairman, reported she had started to purchase gifts for the veterans who are patients at the Saginaw Veterans Hospital, to give to their families at Christmas.

Two reservations for Girls State to be held June 13 thru 20 at Eastern Michigan University in Ypsilanti will be sent in. One to be sponsored by the Legion Auxiliary and the other by the St. Johns Woman's Club.

A civil defense program was held and pamphlets passed out to members attending.

The next meeting will be Nov. 17 at 8 p.m. honoring the past presidents and Gold Star Mothers of the Unit and initiation of new Auxiliary members.

**Jaycettes plan to honor area young woman**

The St. Johns Jaycettes are searching the area for a woman active in the community to be honored with the Jaycettes' Outstanding Young Woman Award. The purpose of the award is to recognize and honor young women for outstanding service to their communities.

To be eligible for the award the woman must be between the ages of 21 and 35 and be a resident of the area. Nomination forms have been mailed to civic, school, and church groups in the area in order that they can nominate someone deserving from their group. Individuals may also nominate someone on their own.

Forms must be returned to the Jaycettes no later than Nov. 15. The judging of the nominees will be done by an objective group of community leaders. The recipient of the local award will later be considered for a state-wide award.

Questions or requests for nomination forms should be directed to Mrs Kent Daley, 224-3018.

Duplain WSCS met at the home of Mrs. Max Hott on Wednesday, Oct. 14. The program on Calcutta was presented by Mrs. Donald Temple.

The Colony Hobby Club met Thursday with Mrs. Keith Kimball at her residence in St. Johns. Members worked on articles they had previously worked on and some members made Christmas ornaments.

Grove Bible Church setting of Cleland rites

A candlelit sanctuary at the Grove Bible Church was the setting for the marriage of Verna Slagell and Terry Cleland.

Rev. Robert Prange performed the double ring ceremony at 7 p.m. on October 2 before an altar decorated with white gladiolus and pink and white carnations.

The bride chose a floor length gown of Chantilly lace over taffeta. It was styled with a simple waist, stand-up scalloped collar, full Bishop sleeves and an A-line skirt with a long chapel train.

Best man was Bill Rozen while groomsmen were Raymond Vitek, brother-in-law of the groom, Roger Dershem and James Gur-

ski, all of St. Johns. Ring bearer was Greg Slider of St. Johns, ushers were Eldon Whitford of East Lansing, Ronald Kindel of DeWitt, both cousins of the bride, James Wesmer, and Douglas Walton, both of St. Johns.

Special guests present were Mr and Mrs Charles Nunemaker of St. Johns, grandparents of the bride and Mr and Mrs Willis Mygrants of St. Johns, grandparents of the groom.

Following the ceremony a reception was held in the Social Hall of the church. When the new Mr and Mrs Cleland left on their honeymoon to Northern Michigan the bride was wearing a light gray and blue plaid pant suit with black accessories.

The newlyweds are making their first home at 112 1/2 Floral Avenue, St. Johns.

Home owners, farmers and other small businessmen unite! Join in a taxpayers revolt! Vote NO on ALL millage for whatever purpose! It is the only way we can bring the champagne appetites of our wage and salary paid fellow citizens down within range of our beer incomes! If they accept free food stamps, free textbooks and schools for their excess children, (and ecologists tell us all children over two per family are definitely in excess of our requirements to "replenish the earth"); —If they accept welfare payments, streets, sewers and other public services, let them accept their fair share of the cost when they are flush with fat paychecks, by payment for all public services from an income tax, and then we who do not strike will not be penalized by confiscation of our hard earned property for their inflation producing excesses, such as the cost of high living they incur by ill-considered spending on snowmobiles, ATVs, boats, spectator sports and liquor. We shall only then realize more togetherness as a nation through cooperation by everyone in keeping demands for public services within our collective means through a sensible system planned parenthood and recognized civic responsibility. 25-2p

# Emig named Webb-Ring VP

Robert Emig (r) is congratulated on being promoted to vice-president of Webb-Ring, Inc. by company president, W. Harding Wall. Emig will continue to manage the company's local store, Lester Lake Jewellery.

Robert Emig of St. Johns was named vice-president of Webb Ring Inc., owners of Lake's Jewelry Store, during the company's managers meeting Wednesday.

Emig, manager of the St. Johns with the firm's home offices in and a member of the board of directors of the firm, which has 65 years combined experience in the jewelry field both in diamond importing, wholesale and retail. His primary function will include corporate management credit and accounts receivable.

Emig, a native of Ft. Wayne, Ind. and a veteran of World War II and Korea, has banking and financial experience and is a member in good standing with the Gemological Institute of America.

Webb-Ring owns five Michigan stores in St. Johns, Midland, Niles, Portage and Battle Creek with the firms home offices in Chicago, Ill.

The company was formed in 1962 by W. Hardy Wall and Charles W. Becken and the St. Johns store was purchased from Lester Lake in 1966.

Wall is currently the company president and Becken is secretary-treasurer.

They indicated that the firm's stores are unique in that they offer the same selection of merchandise as the large-city firms due to their designing and importing facilities.

When we were a youngster living in Sault Ste. Marie our home had a fireplace. We loved that fireplace...we could roast hotdogs, marshmallows and popcorn all winter.

Ever since those days we have always wanted a fireplace, especially around Christmas...for ever since we moved out of that house Christmas always seemed to lack that certain magic.

And this week as we were fixing Karber's fireplace ad we felt a wave of nostalgia. We drive home thinking how we could knock out the west wall and how nice it would be to again stare into a dancing flame.

We told Alice about our plans and...Christmas Eve she's going to let us burn papers in the burner barrel...that's one reason we call her Big Mama.

The County will be giving away (FREE) ten pairs of tickets to the Holiday on Ice show to be held this year Nov. 17 thru 21 at Lansing's Civic Center. Five names can be found in the Classified pages this week and next and all you have to do to win a pair of tickets is be one of those named.

Tickets are for Tuesday, Nov. 17 and must be picked up by Nov. 13.

The Clinton County Farm Bureau's board of directors voted unanimously Tuesday night (Oct. 20) to re-elect Lee Ormston to his fourth term as county president.

Also elected to office were Neil Harte, vice-president and Robert Kissane executive committee.

Kissane will replace Jim Becker as the third member on the committee.

The elections were held at the annual board reorganizational meeting in the Farm Bureau Center.

Other members were nominated to the commodity advisory committee, including Maurice Gove, field crops, Richard Woodhams, livestock, Frank Sipkovsky, vegetables, Robert Grams, dairy and Dennis Phillips, fruit.

A list of delegates to the state annual meeting in Grand Rapids was finalized and plans made for county participation in the activities surrounding the convention.

A dinner preceded the meeting and was served by the women's committee headed by Mrs. Levi Blakeslee and assisted by Mrs. Francis Dershem, Mrs. Wilbur Brandt and Mrs. Gerald Gove.

## Business notes

By MIKE PREVILLE  
News Advertising Manager

Eight football experts were right on 15 of 16 games in this week's County News Football Contest. James Sjoberg of St. Johns estimated the tie breaking game points at 28 (the actual points scored was 26) to be named the \$20.00 winner.

The seven who were tied with James were; Mike Humphrey, St. Johns; David Hyler, St. Johns; Mike Pearson, DeWitt; Charles Spaulding, Lansing; Steve VanVleet, St. Johns; Jeffrey Thelen, St. Johns and Mark Wood, St. Johns.

Be sure and vote Tuesday, November 3rd and be sure to stop in the County News Tuesday evening. There will be coffee and donuts and up to the minute election returns all night.

Congratulations are in order for Bob Emig at Lake's Jewelry. Bob is now a vice-president of Webb-Ring, Inc., the company that purchased Lake's back in 1966.

When we asked him what this meant, he just said, "more headaches".

### 4-H photo fun

By JOHN AYLSWORTH

A series of six photography programs will begin on Saturday, Oct. 31 on WKZO channel 3 Kalamazoo from 7:30 - 8 a.m. 4-H and other youth interested in photography will have an opportunity each week to learn about their cameras and how to take better pictures.

The series introduces young people to cameras, film, picture composition and turns common errors into learning situations.

The 4-H Photo Fun Club programs are designed for 9-12 year-old youth with Dick Arnold, Farm Radio Director at WKAR, Michigan State University serving as the photography project leader.

The youth will learn how to use a camera to take clear, sharp pictures which convey a message or preserve a memory and how photographs can help record progress made in 4-H projects. They will learn how to tell stories with photos and to record events, ideas and situations that surround their daily activities.

There will be a members manual for any youth who would like to follow the program. In areas where people can receive channel 3 the 4, 5 and 6 grades in the schools are being contacted to see if the youths would be interested in this activity about photography.

There is no cost to the program supplies. Anyone not contacted at their school who would like a booklet should contact the County Extension Office, 1003 South Oakland, St. Johns or call 224-3288.

The county 4-H enrollment deadline is Nov. 16. Any youth interested in belonging to a local 4-H club should contact the club leader in their area. There are many projects to choose from that will fit their needs and interest.

The Westphalia 4-H club took a giant increase in membership when it jumped from 57 in 1970 to 84 girls in 1971 4-H year. Under the direction of Esther Pung and her four assistant leaders the girls will be taking 66 projects in clothing and 21 projects in knitting.

The officers elected for the coming year include Cindy Irner as president; Pam Heiden as vice-president; Tammy Thelen as secretary and news reporter; Ruth Smith as treasurer; and Lu-

Ann Simon and Jayne Riley as song and recreation chairmen. The dues will be 10 cents per meeting and the members will hold the business meetings the first Tuesday of each month. The members contributed \$20 toward their fair share to the National 4-H Center Drive.

The Fowler Busy Bees 4-H club will have nearly 100 Boys and Girls enrolled this fall. The organizational leader Mary Catherine Fedewa reports that they have 18 new leaders along with the nine from last year to assist the youth in clothing, knitting, leather, tractor and maybe handicraft.

The officers for the club this fall are as follows: Kathy Spitzley, president; Pam Snyder, vice-president; Gerilyn Thelen, secretary; Stephanie Schaefer, treasurer; Bonnie Schaefer, news-reporter; Linda Jandernoa, recreation leader and Jane Piggott, song leader.

The members will be planning their program next month and indicate they would like to go roller skating a couple of times for a group activity.

The Maple Rapids Riders 4-H club members have been busy raising funds for their club activities and have contributed \$15.00 as their fair share to the National 4-H Center Expansion Drive at Washington D.C.

The club under the direction of Mrs. Lloyd Wheeler had a very successful first year program of learning to ride and take care of their horses.

The Double M 4-H horse club members will be planning a horse show to be held in the spring around May. During the winter the members will be meeting the 2nd Monday of every month. Fair premiums will be passed out at their next meeting on November 10. The members discussed having a trail ride but decided it was too late in the fall to have one. Lela Clark is the new organizational leader of the Double M club.

The Maple River Craftsmen 4-H members have elected Becky Kaufman as their President for the winter program. Other officers include Lana Williams as vice-president; Dennis Baese as secretary; John Dunham as treasurer; Lola Thornton as news-reporter and David Baese as recreation leader.

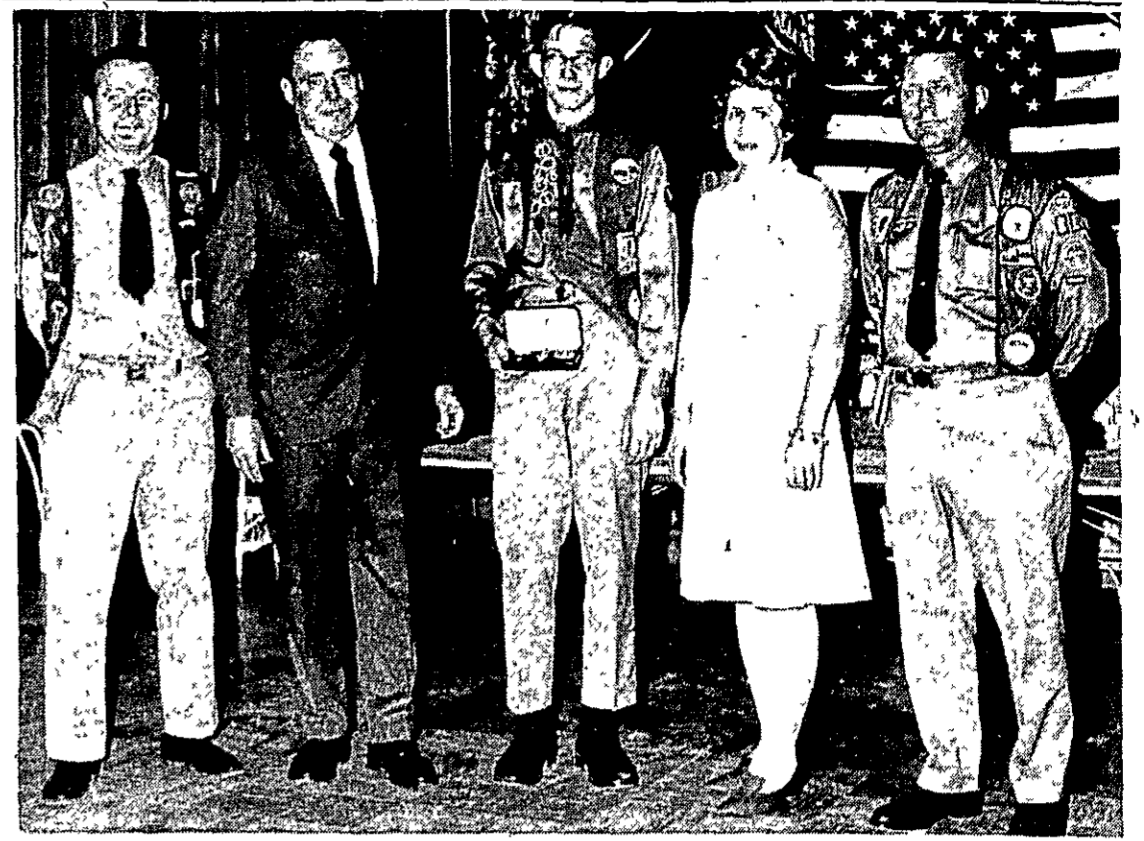

The club held a family potluck dinner Monday evening at the Colony Community Club hall in the Colony. The leaders of the club are Russell and Mary Libey, Edith Kaufman, Ivah Risley, Emerson and Jean Dunham, and Herman Baese.

The Parker's Workers 4-H club has 10 members under the leadership of Mrs. William Parker. It was mentioned that the club donated \$5.00 to the National 4-H Center Drive in Washington D.C. The disposable glass bottle project the 4-H Teen Leaders

are conducting was discussed and members are to bring the glass they collected to the next meeting. Following the business meeting the members worked on their projects.

Sandy Volk was elected as president of the Eagle Beavers for the Winter clothing club. Other officers include: Mary Jo Biergens, vice-president; Carolyn Bennett, secretary-treasurer; Susan Pohl, news-reporter; Monica Heiler, recreation leader; Laura Rousch, refreshments. ### Tree foundation joins anti-pollution drive

The Michigan Shade Tree & Horticultural Research Foundation has joined the fight against air pollution.

Pointing up the important role played by trees in combating air pollution by removing carbon dioxide from the air and giving off oxygen the foundation is making available attractive two and one quarter inch plastic 2-color buttons to be worn by persons wishing to support the campaign.

The buttons feature a tree with the green leaves forming the words POLLUTION SOLUTION and bear the equation CO-2 (Carbon Dioxide) plus a Tree equals O-2 (Oxygen). The Foundation officers declare that an acre of growing trees provides four tons of oxygen a year, enough to support 18 persons.

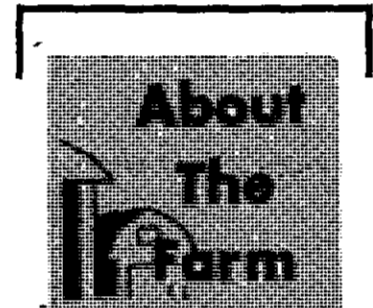

Through photosynthesis carbon dioxide is removed from the air and oxygen is released to dilute the pollution in the air. Some trees filter out airborne ash, dust and offensive odors as well as some gaseous pollutants. Research will determine which species of trees will best do this, they point out.

Proceeds from the sale of the buttons will help finance the air pollution fight as well as the foundation's research program. The foundation is seeking mem-

bers at \$10 each and donations in any amount.

The Michigan Association of Nurserymen has contributed \$1,000.

The buttons at \$1 each (less in quantity) and information on membership and donations are available from MST&HRF Pres. Theodore J. Haskell, Dept. of Parks and Recreation, City Hall, Lansing, Mich. 48933. Phone (517) 372-5000, Ext. 244.

# Farm Bureau report

The Michigan Tax Appeals Board has finally issued a ruling on an extremely important sales tax case dealing with potato harvesting equipment, specifically the special self-unloading box that is used to load potatoes from the harvester and transport them to the farm storage or the processor.

The board ruled, as a result of an appeal, that such boxes will remain exempt from the sales tax.

Many farmers may have forgotten that this important issue arose back in the fall of 1968 when two implement dealers were cited by the Department of Revenue for failure to pay sales taxes on stone pickers used for clearing fields of stone for potato production and stone boxes used on the potato harvester. Also, the special self-unloading bulk box.

Farm Bureau has been involved in this issue from the start. Considerable time was spent in the area taking pictures and interviewing the implement dealers involved, along with individual potato farmers.

As a result of a preliminary hearing in November, 1968, the Department of Revenue finally agreed that the use of the stone picker and stone box was a part of potato production and would remain exempt from the sales tax.

They, on the other hand, ruled that the special bulk box, because it was used on the highway, on a licensed vehicle and as a part of transportation, would remain taxable.

In May, 1968, after consultation with Farm Bureau Attorney William Wilkinson, the lawyer retained by the implement dealers involved, filed an appeal on this issue with the State Board of Tax Appeals. The hearing before the Board of Tax Appeals was held on December 4 and 5, 1969. The Board asked for further legal briefs to be prepared before reaching a decision.

The decision of the Board was released in October, 1970. In its ruling that the potato bulk boxes in question are exempt from sales tax, the Board said in part that "the record in this case supports the contention that bulk potato boxes are necessary to the mechanical harvesting of potatoes... (which) must be stored in a favorable environment in only minutes after they are uncovered and that such an operation can involve the local public roads and vehicles that must be licensed whether such vehicles are hauling to a commercial storage or to a farmer's storage a short distance down the road. No testimony indicated that hauling for great distances was involved."

The Board went on to say that the administrative rule which had been used by the Department of Revenue "clearly applies to licensed motor vehicles, but does not mention removable special-ized attachments.

This far-reaching, precedent-

setting decision affects every farmer. If the board had not ruled in favor of exemption of the potato box in question, it could mean that other similar farm equipment would also become taxable under the sales tax, which, in turn, could have led to a continuing loss of the agricultural sales tax exemption for machinery and other farm production supplies by the process of regulations and interpretations by the taxing authorities.

Others involved, besides Farm Bureau, in this two-year-old case were the Michigan Potato Industry Council and the Michigan Farm and Power Equipment Association.

Problems similar to this arise very often in many areas, Farm Bureau, over the years, has fought to maintain the sales tax exemption for farm equipment, seeds, fertilizers, etc. and other production supplies since it was achieved back in the early 1930's.

The biggest battle, of course, was in the present Legislature, when the effort to remove most of these exemptions was finally defeated. There are, however, other cases concerning the regulations, now pending in which Farm Bureau will be involved.

## MSU short courses fill farm needs

Two Michigan State University short courses are helping to fill needs in the farm shop and equipment field.

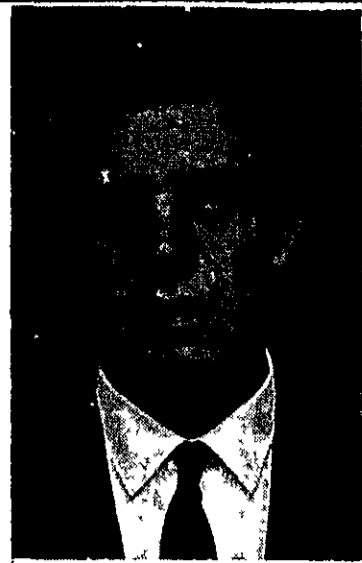

What may be the oldest—and most successful—farm and power equipment training course in the nation will be graduating its 25th class in March, 1971 at MSU. More than 400 students have completed the course in the past quarter century, and 42 are currently enrolled.

Students can concentrate on engines, machinery, transmissions, hydraulics, electrical systems and metal work... or they can specialize in management of a retail organization (dealership).

They can also work out combinations of the two areas. The 18 month program includes on-the-job training between the first and second year.

MSU's newest short course, Electrical Technology for Agriculture, started this fall with 23 students. This course was developed because farm and electrical industries now have more jobs than people to fill them.

The short course will prepare students to become electricians in rural areas or to work with farmstead equipment dealers. They'll get training in wiring, electric motors, controls, structures and designing farmstead equipment systems.

WALTER G. NOBIS

## Nobis elected 4-H county fair chairman

Walter Nobis of Fowler was re-elected Chairman of the Clinton County 4-H Fair Association for 1971, during the voting at the annual meeting of the organization Oct. 19.

Other officers elected were George Hazle of St. Johns, vice-president, John Aylsworth of St. Johns, secretary and Earl Haas of St. Johns, treasurer.

The other directors are Russell Libey of Elsie and Mrs. Raymond Thornton of Elsie.

The 1971 4-H Fair dates were scheduled for Aug. 16-18.

The group discussed improvements in the facilities including new dressing quarters and lights in the quonset building, new wash-racks for livestock, judges stand at the arena, new the stalls for beef cattle, cement slabs for hogs, loading ramp and wiring of food stands.

Some suggestions for improvements in the 1971 Fair include better lighting between the quonset building and Smith Hall and between the horse barn and arena, a fenced off area for the horses to practice, a new unloading ramp, having all projects in by Monday noon and a better public address system.

Hazle and Nobis were named to three-year terms on the board of directors.

## MSU surveys corn blight

How bad was the corn leaf blight situation in Michigan? What is the condition of the Michigan corn crop?

Michigan State University Cooperative Extension Service staff are surveying farmers and testing plant samples to help answer these questions.

Extension field staff will measure yields, stalk and root lodging, and effects of cultural practices.

MSU crop specialists and plant pathologists will analyze grain samples to determine the effect of the corn blights on crop yields and quality.

People think the English economist Malthus may have been a little loony when he promoted the idea that eventually the world's population would starve itself to death as folks would become too numerous and food would become too scarce. That was more than a hundred and fifty years ago. Modern philosophers have discounted Malthusian theories because we're pretty sure we won't eat ourselves out of existence. On the other hand...we could build ourselves out of existence if we don't protect the land.

It may sound a little far-fetched until we consider that in Michigan alone more than 50,000 acres of the good earth each year is sealed under a coffin lid of buildings and highways. Nationally, more than one million acres a year is the estimate of newly entrapped land. Combined with this fact, the bystanding land and water which bears the brunt of resulting soil erosion and water pollution also becomes the victim of the nation's growth. With this "progress" perhaps the Malthusian theory could come true—not because of his ability to fortify the earth from nature's gifts.

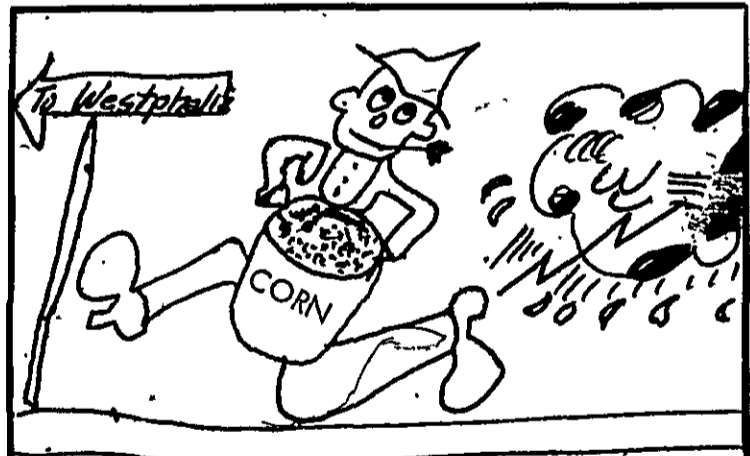

Man began farming thousands of years ago. The difference today is that the fast pace of destruction we now live gives man the foresight to see that we don't have thousands of more years left—but understanding the problem is no guarantee that action will be taken.

So protection of agriculture as a natural resource, just like the forests, waterways and wildlife, becomes an issue of serious magnitude.

A root cause of this waste is the value of the dollar. Simply stated, geographic location determines a land's desirability, therefore, property tax on farm land skyrockets as the city sprawl draws nearer. Meanwhile, farmers, through economic pressures are forced to sell and more fertile land becomes buried.

A proposal to solve this dilemma is now in the Michigan Legislature. House Bill 2533 is designed to only retard the disappearance of land by a reduction of high property taxes on agricultural land. At any time of voluntary sale, a special rollback tax to make the sale equitable to non-farm land sales would be imposed. The action would permit the farmer to continue his food supply to the nation and would promote positive maintenance of one of our priceless natural resources.

# The dangers of Proposal C

The Michigan State Attorney General and Superintendent of Public Instruction agree that, Proposal C:

**WOULD REPEAL** the following services to 274,000 children attending non-public schools:

- Remedial reading and speech correction
- Counseling services for physically and mentally handicapped and emotionally disturbed children
- Visiting teachers for delinquent children
- School diagnostic services

**COULD REPEAL**

- Health and nursing services
- Street crossing guards

**WOULD TERMINATE** the following services now being provided non-public school children through public schools:

- Driver training and vocational education courses
- Shared time classes in such academic courses as math and science

**JEOPARDIZES**

\$60 million in federal funds to educationally deprived children in public schools due to the discriminatory nature of the proposal language.

## Proposal C goes beyond "Parochialism" It denies current services to private schools

**Governor William G. Milliken:**  
"I oppose Proposal C on the November 3 ballot. It would substantially cripple our non-public school system, and could destroy it. It also would lower the quality of education in non-public schools. I believe it would be a major step backward and would harm the entire State. I intend to vote against the amendment."

**Senator Sander M. Levin, Democratic Candidate for Governor:**  
"I oppose Proposal C because it would prohibit all public aid to non-public schools. I have consistently supported the use of public monies to provide auxiliary services at non-public schools such as teacher consultant services for mentally handicapped and emotionally disturbed children, and other visiting teacher services. I also oppose Proposal C because it could eliminate shared time programs for non-public students, which I have consistently supported."

**U.S. Senator Phillip A. Hart:**  
"The proposed amendment is inconsistent with my long held beliefs that parochial students and schools should be given as much government help as the Constitution will allow. I intend to vote against Proposal C."

**Mrs. Lenore Romney, Republican Candidate for U.S. Senate:**  
"Proposal C goes well beyond parochialism. I oppose Proposal C because it would severely curtail non-public education in Michigan. It would eliminate a wide range of services necessary for the health and welfare of children attending non-public schools. I intend to vote no on Proposal C."

### Economic Impact on Michigan Taxpayers:

One out of 8 Michigan school children now attends a non-public school. Detroit has a ratio of 1 out of 5, Saginaw 1 out of 4, Grand Rapids and Bay City 1 out of 3.

Consider the impact on Michigan taxpayers if Proposal C passes and forces the wholesale closing of non-public schools which now enroll 274,000 students.

Based on the current \$1,000 average cost per student per year in public schools, the increased operating cost of educating 274,000 additional children in public schools would be \$274,000,000 each year or \$1.5 million every school day.

**AS A TAXPAYER, ARE YOU WILLING TO:**  
— INCREASE your state personal income tax by 20% . . . . . Increase state corporate income taxes by 20% . . . . . and raise local property taxes by \$137,000,000 annually?

# Clinton County Commission Proceedings

TUESDAY, SEPTEMBER 8, 1970

The Clinton County Board of Commissioners met Tuesday, Sept. 8, 1970, at 9:00 a.m. Prayer was offered by Maurice Gove. A pledge of Allegiance was given to the flag. Roll was called and a quorum reported. Present were Andrew Cobb, Walter Nobis, Maurice Gove, Rex Sirrine, Duane Chamberlain, Claude Underhill, William Hufnagel, Robert Montgomery, Gerald Lankford, Roy Andrews and Gerald Shepard. All members were present.

Minutes of the Aug. 24th meeting were presented. Corrections were made. It was moved by Gove supported by Chamberlain to approve the minutes as corrected. Voted and carried.

Communications were presented.

1. A letter from Dave Lee, United Press International Broadcasters of Michigan protesting the adoption of Rule No. 33 by the Board, banning the use of tape recorders at meetings of the Board, was read. It was moved by Underhill supported by Cobb to receive and place on file. Voted and carried.

2. A resolution from the DeWitt Township Board approving the formation of an airport authority to own and operate airports, was read. It was moved by Lankford supported by Gove to receive and place on file. Voted and carried.

3. A letter from Timothy Green, local attorney regarding Airport Tax Cases was read. It was moved by Cobb supported by Montgomery to receive and place on file. Voted and carried.

4. A bill from the law firm of Green and Maples in the amount of \$282.10 for services rendered on the Airport Tax Cases was presented. It was moved by Montgomery supported by Andrews to pay the bill. Voted and carried.

5. RE: Commission Rule governing use of tape recordings at Commission meetings was read.

Prosecuting Attorney, Patrick Kelly's opinion states that the Board does have the right to regulate the use of such devices at Board meetings. He cited statutes substantiating his position.

The Board recessed for committee meetings at 9:55 a.m. Upon again being called to order, Chairman Nobis announced the bid opening by the Department of Public Works, Maple Rapids project set for Tuesday, Sept. 15, 1970 at 2:00 p.m. and the West-phalia project, Thursday, Sept. 17, 1970 at 2:00 p.m. Bid openings to be conducted at the County Road Commission Offices.

Commissioners Shepard, Chairman of the Finance Committee presented a resolution regarding excess of tax roll. Shepard moved supported by Montgomery to adopt the following resolution and to send a copy of the same to each assessing unit within the county. Voted and carried.

### RESOLUTION

BE IT RESOLVED that the Clinton County Board of Commissioners do hereby authorize taxes to be entered either as 1 total sum or in separate columns for each taxing unit, in compliance with MCLA 211.39.

Commissioner Gove gave a report on activities of the Community Mental Health Board. He stated that they have hired a person to deal with drug use. They favor the co-ordinating program. He moved supported by Andrews to adopt the following resolution. Voted and carried.

### RESOLUTION

WHEREAS, this Board of Commissioners recognizes the increasing problems resulting from drug use and drug abuse in Clinton County; and

WHEREAS, the severity of the effects of these drugs is brought to our attention daily; and

WHEREAS, the scope of the drug problem spans the area of responsibility of many of the County Departments, such as Public Health, Mental Health, Social Services, the County Sheriff and the various courts; and

WHEREAS, the Board of Commissioners is interested in the development for the residents of Clinton County, a comprehensive drug program to embody the various methods of drug treatment and education;

NOW, THEREFORE, be it resolved that this Board of Commissioners hereby does express its desire that such a comprehensive program should be developed by and coordinated within Clinton County.

BE IT FURTHER RESOLVED, that this Board of County Commissioners designate and hereby does designate the Clinton, Eaton and Ingham Mental Health Board as the applicant for State and Federal grants and as its official agent for planning and implementation of a comprehensive drug program to be approved by this Board of Commissioners;

BE IT FURTHER RESOLVED; that when presented with the details of such a program and a budget, this Board will give its serious consideration to supplemental funding for said program, including the non-mental aspects such as detoxication and education.

Commissioner Lankford moved supported by Andrews to permit Radio Station WRBJ to use a tape recorder to record proceedings of the Board until such time as the privilege is revoked by Board action. On a roll call vote, those voting aye were Gove, Sirrine, Chamberlain, Montgomery, Lankford and Andrews. Nay were Cobb, Nobis, Underhill, Hufnagel and Shepard. 6 ayes, 5 nays. Motion declared lost. (A two-thirds majority vote required for passage)

Tom McEneaney, Newsreporter for Clinton County News was introduced.

Commissioner Lankford presented the following Committee Report:

Government and Personnel Committee Meeting, 27 August 70, 9:00 a.m. Present Lankford, Cobb, Gove and Montgomery. Adjourned 12:00 noon.

1. General discussion on Civil Defense Program for 1971 was held. Committee approved Lankford to discuss our local plan and service annexes with the Deputy State Civil Defense Director and report back to committee.

2. Approved step-increase for Jean Gavenda, Equalization Department from \$4,200 to \$4,400 upon recommendation of Equalization Director effective 1 September 1970.

3. Approved step-increase for Janet Murray, Register of Deeds Office from \$4,500 to \$4,700 upon recommendation of Register of Deeds effective 1 September 1970.

4. Approved step-increase for Detective Sergeant, Richard May, from \$7,500 to \$7,600 upon recommendation of Sheriff Patterson effective 1 September 1970.

5. Patrick A. Kelly requested permission to advertise for a full-time Assistant Prosecuting Attorney. As this is a non-classified position, committee only has power for recommendation to the full Board. Committee authorizes Mr. Kelly to advertise for an assistant with a salary range up to, at hiring, \$13,000 and two step raises of \$500 each at 6 month intervals upon his recommendation pending final approval of County Board.

6. Discussion held with Dan Chisholm, Probation Department regarding hiring an assistant probation officer as recommended by Probate Judge in letter to committee. Mr. Chisholm recommends that we hire an assistant who is capable of working with female offenders and also has the ability to do the general office work within his department. Committee recommends discussion with Ways and Means Committee on the availability of funds, before hiring. Approved by Ways and Means Committee for funding.

7. Letter received from Maple Rapids Fire Department requesting permission to purchase old sirens from Sheriff Department for \$10 each and the two used tear drop flasher lights at \$15 each. As this equipment is not being used, Committee recommends its sale. Letter given to Chamberlain for action.

8. Resolution from Kalamazoo County R/E Form L-4026. Upon recommendation of Mr. Thelen, Equalization Director, committee recommends Resolution be received and placed on file.

9. Committee approved the hiring of Mr. F. Bruce Wood effective 15 September 1970, as assistant employee in the Equalization Department, starting salary \$8,000.

Lankford moved supported by Cobb to approve items 1, 5, 6, 7, 8 and 9. Voted and carried.

Commissioner Chamberlain reporting for Building and Grounds Committee gave a list of recommended repairs to the Courthouse as estimated by E.C. Byers Company of Grand Rapids for a total cost of \$10,910. Action was deferred until a later time.

Commissioners expense accounts were read. It was moved by Lankford supported by Shepard to approve Commissioners expense accounts as presented. Voted and carried.

The Board then recessed for lunch at 11:45 a.m.

### P.M. SESSION

Upon again coming to order, Commissioner Shepard reports that the Sheriff Department has nearly depleted their 1970 budget and is in need of additional funds. The reason largely due to contracts for special services with governmental units within the County. He moved, supported by Hufnagel to transfer the sum of \$25,000 from the contingency fund to the Sheriff's Department. Voted and carried.

Commissioner Andrews reported on progress being made in drafting the amendment to County Zoning Ordinance. It is expected to be ready for approval on or before Jan. 1, 1971.

Commissioner Chamberlain reported on changes required by the State Building Inspector on stair-way railings within the Courthouse. Action is being taken to comply with the stipulation.

Commissioner Shepard reported on the State's required certification of County Equalization Directors with a certification fee of \$150.

Commissioner Lankford calls attention to a new law effective Jan. 1, 1971 requiring a minimum of a 250 hours training course in order to qualify as a law enforcement officer. This could involve considerable expense to the County.

The request by Emiel DeSander to reconsider his re-zoning request came up for consideration. It was moved by Montgomery supported by Gove to re-consider the request by Mr. DeSander to rezone his property. Voted and carried.

It was moved by Hufnagel supported by Montgomery to approve the recommendations of and the action taken by the Zoning Commission, at their July 28 meeting and re-zone the property from G, Industrial to C, commercial with approval for a Mobile Home Court.

Six (6) interested people were present. William Johns, DeWitt Township Trustee gave reasons why the Township Bard and Planning Commission are opposed to the project.

Commissioner Andrews stated that the proximity to the airport is his main objection.

Commissioner Chamberlain has viewed the site both by land and from the air and is favorable to it.

On a roll call vote, those voting aye were Cobb, Nobis, Gove, Sirrine, Chamberlain, Underhill, Hufnagel, Montgomery, and Shepard. Nays were Lankford and Andrews. 9 ayes, 2 nays. Motion declared carried.

There being no further business to come before the meeting it was moved by Montgomery supported by Hufnagel to adjourn at this time and to meet again Friday, Sept. 25, 1970 at 8:00 p.m. Voted and carried.

Meeting adjourned.

ERNEST E. CARTER Clerk

WALTER G. NOBIS Chairman

### FRIDAY, SEPTEMBER 25, 1970

The Clinton County Board of Commissioners met Friday, Sept. 25, 1970 at 8:00 p.m. Prayer was offered by Maurice Gove. A pledge of Allegiance was given to the flag. Roll was called and Maurice Gove, Rex C. Sirrine, Duane Chamberlain, Claude Underhill, William Hufnagel, Gerald Lankford, Roy Andrews and Gerald Shepard. Robert Montgomery was absent due to illness. Minutes of the previous meeting were presented. On motion of Gerald Shepard supported by William Hufnagel the minutes be approved as corrected. Voted and carried.

Communication from Michigan Grand River Watershed Council was read. Andrew Cobb gave a report on attending the meeting. On motion of Andrew Cobb supported by William Hufnagel that the communication be placed on file. Motion carried.

The resignation of W.S. Lusk, as County Director of Economic Stabilization, was read and a motion was made by Andrew Cobb and supported by Maurice Gove that the resignation be accepted. Motion carried.

A motion was made by Gerald Lankford supported by Rex Sirrine to appoint C. Lester Jenkins, Director of Economic Stabilization Board. Motion carried.

William Coffey, Zoning Administrator, reported on denial of Fedewa Brothers rezoning from State Department, Office of Economic Expansion.

Duane Chamberlain gave a report on the Property Management Committee. On motion of Duane Chamberlain supported by Roy Andrews that the Board approve the recommendation of the Committee. Motion carried.

Sept. 8, 1970 meeting

1. Approved purchase of railings for front inside steps of Courthouse to comply with state regulation. Cost of \$100 plus installation.
2. Approved the sale of surplus police car sirens to the Fowler and Maple Rapids Fire Departments for \$10 each.
3. Approved purchase of electronic siren for the remaining police car. Estimated cost \$150.
4. Discussed painting of the interior of the Social Services Building. Decided to get an estimate of the cost.

Sept. 14, 1970 meeting

1. Provide a room and furnishings for the secretary to the Juvenile Probation Office. Consider the consolidation of the Child Welfare and Juvenile Probation Offices.
- 1A. Committee approved the spending of up to \$500 for desk, chairs, file cabinets and small items for the Juvenile Probation Office. The committee recommends that the Board approve purchase of a new wide carriage typewriter at a cost not to exceed \$500.
- 1B. After discussion, committee approved use of the room south of the present Probation Office if the Departments were not combined. If combined, they could use the "Kitchen" and the present office. The Civil Defense store room to be used by the Board for a cloak and committee room, and the vacated offices on the main floor be used by Social Security, State examiners and others.
2. Approved remodeling a back room in the Health and Education Building at a cost of \$100.
3. Committee recommends to the Board, to hire the D.C. Byers Company to repair and paint the Courthouse by their recommendations and at their estimated cost of \$10,910, if approved by the Finance Committee.

A motion was made by Gerald Lankford supported by William Hufnagel to approve the appointing of Jon Newman, as Assistant Prosecutor. Motion carried.

A motion was made by Gerald Lankford supported by Duane Chamberlain that the Board of Road Commissioners be added to the pay roll for medical coverage. Motion lost.

Nominations were presented for the appointment of two members to the Tri-County Airport Authority Commission. Roy Andrews nominated Richard Marsh, Walter Nobis nominated Harold Wellman and Maurice Gove nominated Roy Andrews. Gerald Shepard moved that nominations be closed, which was supported by Duane Chamberlain. A motion was made by Gerald Shepard supported by Maurice Gove that the highest number of votes cast were for a four year term and the next highest votes cast for three year term. Ballots were cast with the following results:

Harold Wellman 8 votes, Richard Marsh 7 votes, Roy Andrews 5 votes, Wellman and Marsh declared appointed.

### Wheat referendum postponed

Since the House and Senate Agricultural Committees approved a general farm bill on October 7, the Congress, on October 8, authorized an extension of 30 days after they adjourn for holding the wheat referendum which was originally scheduled for October 15.

This was announced by Nick Smith, Chairman of the Michigan State ASC Committee today.

The farm bill, as approved, closely parallels the Administration's request and will probably be approved by the President as written. The main provisions of the bill, as approved by both Committees, include a \$1.25 per bushel payment for wheat, and 70 per cent of parity for Feed Grain payments in 1971 and 1972.

Other wheat provisions include a three-year set-aside program with the Price Support payment based on the difference between the market price and parity for the domestically produced portion of the wheat.

The wheat acreage under the set-aside program has a 15 million acre culling if the program receives full participation from farmers.

### Feed hay every day

Calves eat more hay if it is fed daily than if a large amount is fed at one time and left for several days, points out Jack Little, Michigan State University extension dairyman. Hay left in front of calves longer than a day becomes stale and unpalatable, says the Upper Peninsula specialist.

Western Michigan University has the largest Business Education Department in Michigan.

### Fulton school-church survey planned

A school-church survey will be conducted in the Fulton area during November.

Pastors of 10 area churches are uniting in a cooperative effort to become better acquainted with the families of the Fulton area and the surrounding communities of their churches.

The participating churches are New Haven Church of the Brethren, North Shade and Pleasant Grove United Brethren, Middleton, Perrinton and Pompeii United Methodist, Fulton Full Gospel, Bethel Mennonite, Maple Rapids Congregational and United Methodist.

Supt. Waino Pihl of the Fulton schools is also participating in the survey in an effort to provide more help for handicapped children in the Fulton school area.

The survey will be conducted by church workers starting Sunday, November 1 and will continue throughout the month.

### OK substitute

Ground soybeans are a satisfactory replacement for soybean meal in rations for milking cows, according to Donald Hillman, Michigan State University dairy nutritionist.

Urea should not be mixed with feeds containing raw soybeans, because an enzyme in the beans releases ammonia from the urea and causes the feed to become unpalatable, warns Hillman.

Character has very little market value unless it has been put to the supreme test.

Mapping the area for the Fulton district school-church survey are, from left, Rev. Harold Cox, Middleton United Methodist; Rev. Fred Wing, Fulton Full Gospel and acting president of the Fulton Ministers Association; Rev. Burt Cole, Perrinton and Pompeii United Methodist; Rev. William Hunt, North Shade and Pleasant Grove United Brethren; Rev. Calvin Kaufman, Bethel Mennonite; Supt. Waino Pihl of Fulton Schools; Rev. Robert Meyers, Maple Rapids Congregational; and Rev. John Hurst, New Haven Church of the Brethren. Not pictured but participating is Rev. Charles Van Lente, Maple Rapids Methodist.

STEPHEN TARR

### Tarr completes insurance course

Stephen Tarr, 508 Wight St., St. Johns, has completed a basic training course at Michigan State University's Fire and Casualty Insurance Institute, according to a Farm Bureau Insurance Group report.

Tarr has been assigned to the Farm Bureau Insurance Group Agency managed by John Lynch and located at 409 E. Gibbs St., St. Johns.

The institute provides complete instruction in all areas of fire and casualty insurance to prepare students for the State Licensing Examination. Insurance companies throughout the state utilize this program to prepare new agents for entry into the insurance field.

A graduate of Rodney B. Wilson High School, Tarr is currently attending Ferris State College in Big Rapids.

Most news not happy

GUEST EDITORIAL  
Kalamazoo Gazette

It was a letter much like many others we receive regularly these days. It was written with care; it was sincere, and it was obviously the result of real concern about the state of the nation and the world. It said, in summation, "I wish you would fill a paper full of good things sometime." And a couple of pages later it concluded with this message:

"I know this will get filed in the waste basket but it might be something to use in case there is no other news to write." Well, we didn't file it in the waste basket. We called the writer to verify an address prior to using it in our Letters to the Editor column. The writer said she hadn't intended that we publish the letter, just read it.

Well, we'd like that letter writer and everyone else too, to know that we really don't take any great joy from the fact that much of the major news of the day is not happy. In fact, most newspapermen we know feel much the same frustration about our daily task.

But the fact remains that there simply are no days in which "there is no news to write about." And the day we provided a paper filled with nothing but "good" news would be the day we would be clobbered for failing to tell our readers what really happened. And we would deserve it.

Actually, there is a sizeable amount of "good" news in every Gazette. When you consider the space allotted to stories of home and family living, sports, education (it isn't all bad, you know), labor, governmental affairs, business and industrial development, religion and the activities of just plain people whether in their clubs, organizations or individually, the "good" far outweighs the "bad."

We know because we put it in the paper and we don't "bury" it as is so often charged by the reader who fails to find his particular project on Page 1.

What really happens is that the readers themselves tend to be more interested in the varieties of "bad" news, whether it be war, crime, scandal of some sort or other tragedies which occur.

That's a form of human nature and we really don't design the Kalamazoo Gazette to play to that characteristic. We don't "sell more papers," as we often hear, on the days the news is more "sensational" than when it is not. Almost all our papers are delivered to the homes of our subscribers, not peddled on the streets where garish headlines can be a factor.

These are difficult days in which to try to keep the public informed. Information slams into our lives from every direction. Our problems at every level are complex and the opinions as to their solution are many and strong.

Today we'd just like to remind our readers that newspapermen aren't much different from anyone else. We have kids who have to be educated, bills which have to be paid. We have houses which have leaky faucets and cars which have seen better days. We have sons in service and daughters who play guitars loudly. We pay the same taxes everyone does and we don't like it. We worry about inflation, war, race relations, jobs, electing good public officials and the generation gap.

Some days, just as you do, we wish we'd chosen some other profession. But news is our business and news is what's happening, not what we wish was happening. So that's what we try to bring you, as honestly and calmly as possible.

And we continue to believe that, way down deep, that's what you really want us to do.

Robbery at Pewamo bank, hospital charges lower, county men return home

ONE YEAR AGO October 29, 1969 The Central National Bank branch in Pewamo was robbed of \$7,500 by two gunmen on Oct. 21, both escaping with the money. A man entered the bank pushed a note demanding money across the teller's counter to Catherine J. Heckman and left with the money to join his partner who drove the get-away car. An investigation was conducted by FBI officials, State Police and the Ionia County Sheriff's Department.

Clinton County supervisors approved a plan that opened the way for increased police protection in villages and townships through the sheriff's department. Under the plan, townships wishing more comprehensive protection from the sheriff's department would be allowed to contract the department and thereby finance a good part of the cost.

County supervisors also adopted the new budget for 1970 of \$1,225,112.92. The swimming pool at St. Johns High School was opened for use by the people of the Clinton County area for a small price on certain nights during the week.

The gridders from St. Johns High School stopped the Alma Panthers 20-6 in a game that was all Redwings. Alma didn't score till late in the game when Head Coach Jeff Smith substituted the second team on defense.

The DeWitt Panthers nipped Potterville 34-30 for their seventh straight victory of the season and sole possession of first place in the Central Michigan Athletic Conference.

TEN YEARS AGO October 27, 1960 Harold B. Reed local administrator of the Clinton Memorial Hospital released figures showing that average daily patient costs at the St. Johns Hospital are below those same average figures for both state and area hospitals. It was discovered that local costs are \$7 below the state average and \$9 below that of the Lansing-Jackson area.

Clinton County residents didn't have to go barefoot during the winter of 1945. The federal office of Price Administration declared all shoes ration free. Since the rationing began on Feb. 7, 1943, each civilian has been entitled to six pairs of rationed shoes—slightly more than two pairs yearly per person.

The rationing situation was further reduced with the announcement by the OPA that the points on butter and shortening would be reduced from 12 to 8 points per pound. At markets throughout the county, sirloin steak was going for 39 cents a pound while port-erhouse steaks were 47 cents a pound. Potatoes were 49 cents for a 15-pound bag. Chuck roast was topping the market at 26 cents per pound.

25 YEARS AGO November 1, 1945 One hundred, forty-nine men returned from the armed service to their homes in Clinton County this week. All of the discharged men were required to report to their draft board within ten days after discharge.

Leon Terry, of Plymouth, bought the Pierce Pastry shop from Walter Pierce, who said he had no definite plans for the future but intends to remain in St. Johns as a citizen. Terry intends to move into St. Johns as soon as possible when a house is available for his family.

New lounge rooms and dining facilities are included in the new rededication of the American Legion building on East Walker Street. The newly-remodeled building will be open to the public for the first time next Thursday, Nov. 8 for the annual Edwin T. Stiles Post's chicken dinner at 7:30 p.m.

'IF IT FITZ . . . The FBI in action by JIM FITZGERALD

Law enforcement has made great strides in this country since the vulgar old days when G-men gunned down James Cagney and George Raft. There may even be some truth to the gossip that J. Edgar Hoover is now doing Pat Nixon's hair. You youngsters probably don't even recognize the term "G-men". That's short for "Government men". That's what they used to call the FBI back in the 1920's before Efram Zimbalist Jr. was born and Ed Sullivan was the only thing to watch Sunday nights. Those were bootlegging days when Hoover was young but certainly not gay. G-men had just been issued guns and they lost no time in rat-tat-tatting themselves a rugged reputation. They were tough and they scared the crooks. They were nice to have around if you expected John Dillinger for dinner. But goodness, you'd hardly want a G-man stationed permanently in your boudoir. He might show up in a checkered jacket, scratching, and spit tobacco juice in the phylodendron. That was yesterday. Today's FBI man is ever-ready to have tea with Queen Elizabeth. He's a college grad with a degree in horticultural criminology. He's dressed fit to pallbear and he's so polite he never points his gun without first announcing he's from the FBI (This gentlemanly gesture admittedly gives the criminal a headstart but so what? The FBI knows that fleeing crooks always end up on the top of water towers and where can they go from there?)

A present issue of Life magazine showed the modern FBI man in action. The story was about Attorney General Mitchell's wife Martha, the Washington hostess with the mostest mouth. Two of the pictures showed how the FBI helped Martha solve some crucial problems of state. Martha needed to iron a dress to wear later to an important reception. She also needed a

loose thread snipped from the back of the dress she was wearing. She obviously needed the FBI. And, fortunately, an FBI agent was present, guarding Martha against Communists. The pictures show the agent maneuvering the hand-iron with incredible dexterity and capturing the wayward thread through intense concentration. Professional criminologists were probably fascinated to note that the agent wore horn rimmed glasses for ironing, but took them off for snipping. It is typical that Life didn't

give the FBI agent's name. He was identified only by occupation. The FBI is made up of selfless men who want no personal glory for their marvelous achievements. They want only to protect you taxpayers, you people who pay their salaries, from wrinkled dresses and loose threads.

If an ordinary, glory-mad maid had been pictured ironing that dress, she would probably have demanded that Life print her name. But there was no maid around that day. She was probably out fighting the Mafia. Somebody has to.

Enthusiasm W.E. DOBSON. It pluck and skill have brought you far— But something seems your path to bar— It just might prove your lucky star— Enthusiasm! The man who knows the stuff he's got— Finds he can aid his cause a lot— If he exhibits on the spot— Enthusiasm! Two folks may have an equal store— Of what it takes to put it o'er— Success belongs to him with more— Enthusiasm! It's not something that you can't do— If you resolve that it's for you— So rouse yourself a little through— Enthusiasm! The world belongs to those who ask— Get rid of that old sour-dough mask! And bring with you to do your task— Enthusiasm! There's other virtues man must own— And for their lack one can't atone— But he'll go far on it alone— Enthusiasm!

TAKING FIVE A no-no By RON HUARD

There can be little doubt that the world is populated with people who endured unhappy childhoods. And according to psychiatrists, this is a no-no. A recent news wire story went into great detail on how the current unrest in our country all stems from persons with revolutionary personalities. Of course, the story points out, these people are the products of an unhappy childhood.

For various reasons they either hated their father or mother or they suffered scarring defeats in younger years. A long list of scientific explanations finally bubble down to the fact that the guy enjoys release through flinging a bomb.

On top this disastrous element of my childhood, I hated school. I couldn't get good marks cuz I was afraid of Jack Holloway who used to beat me up every week of the year except during Lent. The teachers were always picking on only me and I spent more time in the principal's office than the furniture.

Course these visits were accompanied by punishment at home 'cuz I happened to have parents who supported the school, another fact that lent great unhappiness to my young days. I would get lickings and my bike would be impounded for years and years, and my weekly work around the house would be increased and in general mine was really a miserable existence. I often contemplated suicide, but I knew that would make everybody so very happy and that was the last thing I wanted.

The only thing that kept me going was the hope that someday, when I was sixteen or seventeen, I would begin to have a life of my own. One that would finally present me with the happiness the constitution said I had the right to pursue.

But, you know, things didn't change too much. There they were right on top of me still. Wanting to know how come I came home from the school dance so late or where did that new jackknife come from or is there any truth that I was with the group of guys who got caught drinking beer at Knob Hill. They just wouldn't let up and, boy, I really hated them in those days.

Well, I suppose if I sat down for a few hours with a psychiatrist he'd say, "Mr. Huard, you've really had a tough life. Your childhood was spoiled by domineering parents, you were challenged on all sides by your brothers and sisters and the schools forced their will on you at every turn. It is truly remarkable that you haven't thrown a bomb in your life."

Well, I hope my kids hate me . . . If they don't they may be in trouble.

She praises Maple Rapids fire squad. To Editor: In reading your Editorial in last week's paper you listed Volunteer Fire Depts. of Clinton County and Maple Rapids was omitted. We do have a good one composed of 19 volunteers, who can be depended on any time and in any kind of weather.

Al Brunner, fire chief, is sure a necessary number, is available at all times, to get the fire engine on its way and because Fire Prevention Week was so recently observed this would be a good time for our citizens of the Maple Rapids community to thank the volunteers for their faithfulness and loyalty to us.

MARY COLE 219-E, Adelaide St. Maple Rapids. Editor's Note: We regret having omitted the Maple Rapids Volunteer Firemen from our comments and extend appreciation to Mary Cole for calling our attention to this oversight.

Student claims Rodney B. is 'the greatest'. Dear Editor: I wonder what is happening at high school? Well, I'm cleaning the walls and the outside at Rodney B, as a helper to Jerry. What are the High school (students) doing about their mess? We got a clean school. What do you think a janitor is for? We all help Jerry clean the school ground.

Rodney B. is still the greatest in St. Johns. BILL REEVES

Letters to the Editor. Road employee replies to reader's letter. To the Editor: This is sort of an answer to the letter you published in your last issue from a Mr. Roy Wilhelm of Bath township. I am a grader operator employed by the Clinton County Road Commission. I did a small amount of work on Sleigh Road and sand was hauled in by the employees but the rest of the work was done by Contractors. So don't blame the workers for this "poor" job. Clark Road was also contracted out except for sand and gravel, too.

Halloween. Halloween night is lots of fun. Trick-or-treating is lots of fun too! You get loads and loads of candy and gum. Yes, fun just seems to stick like glue! The moon and the stars, in a pitch black sky; Seem glowing and vivid, almost alive! The witch and her cat, sit by a big pot; Brewing and stewing some evil plot. But Halloween night is fun all the time. Even if bats swoop from the sky. So quick! Skaff Hurry and Hide! You may not get through this safe and alive! MICHELLE DESPREZ Age: 10 5th grade Riley School

# Help through AA.

By REV. HUGH BANNINGA

Some interesting questions are raised in the 23rd chapter of the Book of Proverbs. In the 29th verse we read, "Whose is the misery? Whose the remorse? Whose are the quarrels and the anxiety? Whose gets the bruises without knowing why? Whose eyes are bloodshot?"

The answers to these questions come in the final verses of Chapter 23. Again, we read, "Those who linger late over their wine, those who are always trying some new spiced liquor. Do not gulp down the wine, the strong red wine, when the droplets form on the side of the cup; in the end it will bite like a snake and sting like a cobra."

"Then your eyes see strange sights, your wits and your speech are confused; you become like a man tossing out at sea, like one who clings to the top of the rigging; you say, 'If it lays me flat, what do I care? If it brings me to the ground, what of it? As soon as I wake up, I shall turn to it again.'"

This last statement is the plight of the alcoholic. He says, "As soon as I wake up, I will turn to the bottle again." When a man or woman reaches this point, it is impossible for them to solve their drinking problem on their own.

They need outside help. They need other people who understand the problem to help them. Most important, however, for the person who has a drinking problem, is a desire for help. I am happy to say that help is now available in Clinton County. Alcoholics Anonymous

has begun a chapter in St. Johns. Quoting from the "AA Grapevine", "Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism."

"The only requirement for membership is a desire to stop drinking. There are no dues or fees for AA membership; we are self-supporting through our own contributions. AA is not allied with any sect, denomination, politics, organization or institution; does not wish to engage in any controversy, neither endorses nor opposes any causes."

Our primary purpose is to stay sober and help other alcoholics to achieve sobriety."

In order to achieve sobriety the alcoholic attempts to follow "The Twelve Steps." They are as follows:

1. We admitted we were powerless over alcohol...that our lives had become unmanageable.
2. Came to believe that a Power greater than ourselves could restore us to sanity.
3. Made a decision to turn our will and our lives over to the care of God as we understood Him.
4. Made a searching and fearless moral inventory of ourselves.
5. Admitted to God, to ourselves, and to another human being the exact nature of our wrongs.
6. Were entirely ready to have God remove all these de-

fects of character.

7. Humbly asked Him to remove our shortcomings.

8. Made a list of all persons we had harmed and became willing to make amends to them all.

9. Made direct amends to such people wherever possible, except when to do so would injure them or others.

10. Continued to take personal inventory and when we were wrong promptly admitted it.

11. Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out.

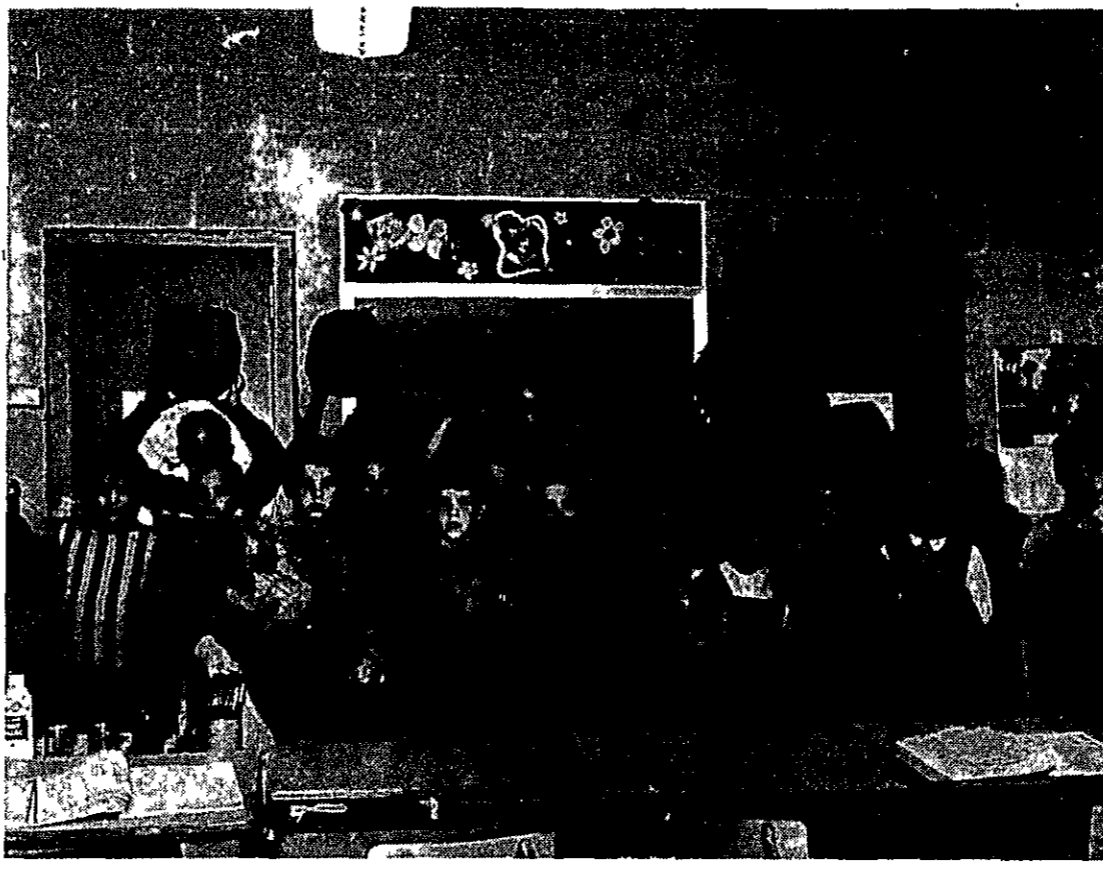

12. Having had a spiritual awakening as the result of these steps, we tried to carry this message to alcoholics, and to practice these principles in all our affairs."

The Alcoholics Anonymous are a wonderful and dedicated group of people. Anyone who is seeking help with a drinking problem is invited to attend the weekly meetings which are held in the basement of the Episcopal Church on Thursdays at 8 p.m.

Alyon is another group that meets on Thursday nights at 8 p.m. in the education building of the Episcopal Church. This group is made up of family members of the alcoholic.

The purposes of Alyon is to explore ways of helping the individual family members of the alcoholic.

The address of the Episcopal Church is 404 E. Walker St. For additional information call 224-7966.

## PUMPKINS COST TOO MUCH? MAKE YOUR OWN!

The third grade class of St. Joseph's school in St. Johns seems to have had that idea as they display their works of art during a picture taking session last Friday. The paper-mache pumpkins will be used by the youngsters to trick or treat with this Saturday night.

# Warming the rhetoric

By REP. WILLIAM S. BALLENGER

The closer an election date comes, the hotter the campaign rhetoric gets.

In their eagerness to impress the voters and be sure that they get out to vote, campaigners frequently fill the air with charges and countercharges, innuendoes, and truths, mistruths and half-truths.

So it is often difficult for the average voter to separate the political wheat chaff—to coin a cliché.

A look at the record to refresh one's memory is the best way to determine whether a particular party has done its job well enough to warrant supporting it at the polls.

In the last four years under a Republican governor, the Legislature (controlled two of those years by Republicans and two years under bi-partisan leadership) has:

1. Enacted a \$300 million program of new housing, with no increase in taxes.
2. Launched a \$335 million attack on pollution by enabling the people to approve a bond issue for use in cleaning up the state's water system.
3. Launched a \$100 million attack on the state's deficient recreation facilities by enabling people to approve a bond issue for providing more state and city parks and recreation areas.
4. Took giant steps to combat rising incidence of crime by tightening control of dangerous explosives, approving mandatory police training, opening new state police posts (now 61) and expanding state police labs, greatly enlarging the safe streets programs to where it is a \$7.8 million effort, strengthening the grand jury system and passing many other anti-crime measures.
5. Further broadened the war on pollution by requiring industries to report the amount and type of pollutants they dump into waterways, assessing them fees to help monitor pollution, and passing legislation permitting individuals to sue persons, agencies or corporations suspected of polluting Michigan's environment.
6. Vastly increased financial support to education on all levels (state school aid this year is \$969 million and appropriations to higher educational institutions total \$330 million).
7. Heightened the war on the rapidly burgeoning drug problem by providing \$250,000 for help of local drug programs and voting \$316,000 to acquire and help operate the Detroit Marine Hospital as a drug treatment center.
8. Increased minimum wage levels.
9. Increased aid to elderly citizens by increasing aid to old-age assistance programs and by liberalizing tax exemptions for senior citizens to the tune of \$3.1 million.
10. Tightened many loopholes in the state's tax system.
11. Provided an annual \$3.5 million subsidy to the Mackinac Bridge Authority to sharply reduce tolls on that picturesque span, a move that has brought sharp increases in the number of vehicles using the bridge and has brought untold millions in new tourist dollars to all of Michigan.
12. Enabled Michigan citizens

to vote again on the issue of lowering the voting age to 18 years and to vote on another proposed \$100 million housing bond issue.

13. Increased payments to families of unemployed workers and made them eligible for assistance for longer periods of time.

14. Provided additional funds for further expanding and improving Michigan's excellent highway system.

15. Applied subtle pressure on university administrators to crack down on campus disruptions that have been interfering with the education of thousands of Michigan young people.

16. Added materially to the campaign against mental retard-

ation, including providing a 200-bed addition to the center at Muskegon.

17. Created a Youth Division to coordinate efforts of several state agencies working on problems of Michigan's young people.

18. Temporarily lifted the ceiling on mortgage loan interest rates to encourage building of more homes during the period of tight money.

19. Authorized setting up an osteopathic college in Michigan. The list is endless. These are just a few of the accomplishments under a Republican Governor as well as Republican and Democratic legislators in the last four years.

# Annual income quiz sent to state war veterans

More than 34,000 Michigan veterans and dependents who receive monthly VA pension checks have been alerted they will receive annual income questionnaires with their November 1 check. Robert M. FitzGerald, Director, Michigan VA regional Office in Detroit, made the announcement today.

FitzGerald pointed out 1971 pension payments will be based on information submitted by the recipients. He urged prompt response to the questionnaire as payments will be withheld unless the form is completed and returned no later than January 15.

VA pension payments go to veterans totally and permanently disabled from injury or illness not connected with military service. Widows and children of deceased veterans may also be eligible for such pensions if they meet certain income limitations.

Parents of deceased veterans who receive dependency and indemnity compensation payments are also required to fill out and return the questionnaire.

Pension payments, unlike service connected compensation, are based on the amount of income a recipient receives from other sources. The income questionnaire requests information on the amount of income the beneficiary received in 1970 and the amount anticipated in 1971.

FitzGerald emphasized that failure to return the questionnaire could not only cause pension payments to cease, but could cause a refund of payments received during 1970.

Pensioners who need assistance in completing the questionnaire may contact the VA Office nearest them.

# Facts of emotionalism

By TIM YOUNGMAN

It appears that some basic facts concerning issues in the general election next week have been obscured by the rampant emotionalism involved with campaigns delivered pro and con.

Every civic and professional organization has issued a policy statement deploring certain proposals and advocating others.

Most arguments have been responsible and plausible, but there seems to be an ever-growing number of negativistic-reactionary news releases that make no sense.

For example, there are groups in this state that are opposed to the concept and implementation of Parochialism. Some have argued that state aid will contribute the church-state concept of government.

That religion or personal political ideals can be taught at the taxpayers expense in a private institution.

These may be valid arguments.

But what of the groups that use these ideas as a smoke-screen to fulfill their religious or ethnic bias.

Do they REALLY fear a church and state merger, or is it simply a means to the end of petty prejudice.

The motives behind the arguments are as important as the arguments themselves.

Another issue that pops up every election year is the hate literature that floods the American market place and mailbox.

They play on fear. The ultra-Left and ultra-Right use public mails to call for the abolition of a governmental system as

we know it. Both are equal in strength, both would desire a legalized purist dictatorship. The fact that they exist in our nation is not as frightening as the attitudes expressed toward each group by the average citizen.

The Leftist is feared to the point of paranoia. He is seen as a major threat to the peace and tranquility of the country. He is found only on the college campus or the big-city ghetto, because that is where our civil disturbances have been evident lately.

He is either black, brown, Oriental, or a bearded, long-haired "hippie type." The so-called clean-cut kid just couldn't be a Communist rabble-rouser.

On the other hand, the Rightist is not feared by the average citizen. Mr. Public can't readily identify the para-militarist in passing—he can't come up with a physical-handle type identification.

In the past two elections, a new Right-wing political party has exhibited the desire to exterminate, once in power, all liberals, blacks, Jews and Catholics. That would reduce us to a pre-Civil War population and as they tell us would make the world a fit place in which to raise your children.

That concept almost succeeded in 1940 and it cost a million Allied lives and six million other victims to stop that ideal. The villains of the European Theater were not Communists. They were Right-wing ultra-conservatives.

Why should we fear them any less today?

The American conscience is the reason this nation has succeeded with the democratic experiment. The lack of conscience at election time could result in an abrupt end to that experiment.

## IT'S JUST GOOD BUSINESS TO JOIN THE UAW

The Rt. Rev. Bernard J. Sheil Catholic Bishop once said: "If a Non-Union worker in a partially organized industry is receiving a good income, it is quite probably because his Non-Union employer, in order" to keep the Union out, "meets, or nearly meets, the higher wage and hours standard of Union establishments. Clearly such Non-Union employees are eating the fruits of others' sacrifices. The workers in the Union shops perhaps risked their jobs to get their Union recognized, and pay monthly dues to keep it going. It is a categorical injustice for Non-Union employees, enjoying the common benefits, to refuse to carry their share of the common burden."
