St. Johns sets tax due dates

A skimpy agenda liberally sprinkled with routine items permitted the St. Johns city commission to adjourn their meeting only 40 minutes after the call to order Monday night but the abbreviated session was long enough for the establishment of a due date for summer taxes.

In accordance with a directive from the state tax commission, the city earlier this year withheld official billings for summer taxes pending outcome of an appeal by the county equalization committee. Final determination of that appeal was made public last week indicating that equalized levies for the year were in order.

In the wake of that decision, the city commission Monday night set Nov. 5 as the date of billing for 1969 summer taxes with a penalty date of Dec. 22.

Upwards of 90 per cent of the city residents have already paid an amount equal to last year's taxes but a 7.81 per cent increase over those amounts will be reflected in the Nov. 5 billings.

City Attorney Paul Maples, in advising the commission on procedures for the unusual billing commented, "The timing is terrible. But there is nothing we can do about it. It's the decision of the tax commission."

It was pointed out during the discussion that winter tax billings will also be made during the period of time from Nov. 5 to Dec. 22 but the two taxes will not be due concurrently.

In other action, the commission gave City Manager Harvey Weatherwax the nod to proceed with further testing of the Railroad St. sewer to determine current capacity. According to Weatherwax the span under study extends from Baker Street to Swegles. Conflicting engineering reports have left the effectiveness of the sewer in question.

Further action completed by the commission involved the reappointment of Dr. Wesley Stephenson to the zoning board of appeals and James McKenzie to his current seat on the board of review.

—Granted approval for the St. Johns Jaycettes to use, rent free, the municipal auditorium for their annual "Lunch with Santa" program Dec. 6 and 13.

—Approved a resolution establishing Nov. 9-16 as American Education Week in the city and granted permission for a banner on Clinton Ave. to recognize the event.

Central National robbed of \$7,500 at Pewamo

Investigation continued Tuesday morning into the armed robbery of the Pewamo branch of the Central National Bank in which a calm gunman escaped with \$7,500.

Showing a pistol, the bandit pushed a note demanding money to teller Catherine J. Heckman.

He then left the bank and departed in a waiting auto parked a block away.

The car, described as a 1968 or 1969 four-door Chevrolet Im-

pala, was driven by an accomplice. Ionia sheriff's deputies said the auto was gold with a black vinyl top.

"It's the first time it's happened and I hope it's the last," said Mrs. Heckman.

The robber entered the branch shortly after 2 p.m. Tuesday, Oct. 21 and found Mrs. Heckman alone in the front office.

Manager Robert Barker was in a rear office with a customer. The man, described as between 18 and 25 and about 5-foot-9,

was wearing a gray hooded sweatshirt and dark glasses.

The driver of the get-away car was described as a slender man, about 25 with a neatly trimmed mustache. He was wearing a black and red jacket or hunting shirt.

An investigation was being conducted by FBI officials, State Police and Ionia County Sheriff's Department.

The bank is at the corner of Main and State Streets.

DeWitt Township approves \$4.5 million sewer project

DeWitt Township officials have approved their \$4,405,900 sewer project.

Federal funds will pay \$1,060,900 and the remaining \$3,345,000 will be financed by the issuance of bonds, under the newly formed

Tourist booth stationed at Daley's

Relocation of the Chamber of Commerce information booth was completed recently when members of the board of directors and county road commission workers moved the booth to a site adjacent to Daley's Restaurant.

The booth had originally been situated on a site at the corner of Baldwin and U.S. 27 but city officials feared traffic difficulties and requested it be moved. The new location provides parking area off the main highway.

According to tourism chairman, Stan Cowan, it is hoped plans can be completed to man the booth yet this fall. Electricity and telephone service must be installed to make the booth ready for service.

Virgil Zeeb headed up the group which relocated the booth.

Clinton County Department of Public Works.

In a roll call vote Thursday night, Township officials approved the issue 5-2, with Theodore Powell, and Al Johns, opposed, William Purves, Oliver Angell, Donna Syverson, Herbert Hardie, and Ronald Zeeb voted in favor.

Johns then qualified his "no" vote saying he personally had always favored the sewer system, but after talking with citizens who had elected him to represent them he felt obliged to cast a "no" vote. He also promised the board his full cooperation on the project.

Clinton County supervisors signed the contracts Monday afternoon.

The next item on the agenda toward completion of the sewers will be the selling of bonds.

Supervisors were informed at their meeting on Wednesday by Dale Chapman and Donald Haske, DPW official that the DeWitt board had defeated their sewer project at a meeting earlier in the week and the vote was later considered unofficial because one member was not notified in advance.

The new sewer system will provide residents with a first class treatment plant which will meet the Water Resources Commission requirements for water

pollution as established for 1972 according to Haske. The plant will be designed to accommodate

5.85 mills needed to balance budget

The annual budget for Clinton County which was first submitted to the Board of Supervisors Oct. 13, meeting was adopted unanimously at a special meeting Oct. 22.

The state equalized value of real and personal property, subject to taxation in the County is \$147,625,799 and millage was set at 5.85 to raise the \$863,610.92 necessary for a balanced budget.

Supervisors Gerald Shepard of Bath Township, Gerald Lankford of DeWitt City and Township, Duane Chamberlain of Ovid, and William Hufnagel of Dallas and Westphalia Township served on the appropriations and finance committee.

Chairman Walter Nobis of Essex, Lebanon and Bengal Townships, described the budget as, "real tight," and commended the committee for their efforts.

Villages may contract Sheriff's Department for more protection

Clinton County Supervisors have approved a plan which opens the way for increased police protection in villages and townships through the sheriff's department.

Under the plan, townships wishing more comprehensive protection from the sheriff's department would be allowed to contract the department and thereby finance a good part of the cost.

At a special meeting last week, the supervisors authorized Sheriff Percy Patterson to enter into a written agreement with the Village of Fowler.

Details of the agreement were yet to be determined.

The plan came as a result of a plea from Fowler Trustee Blaine Douglas who appeared before the board a week earlier asking for assistance.

Douglas was not granted additional protection for Fowler because of budget limitations but it was suggested that the village and the sheriff's department might enter into such an agreement as proposed in a motion last week from Supervisor Robert Montgomery, R-Eagle.

"The board is more than willing to do what they can to facilitate this thing," Montgomery said later.

"But I don't think it's up to us to go out and collar these people and say, 'Hey, how would you like more police protection,'" he added.

Montgomery said he understood that Westphalia was interested in such an arrangement but that no one from that village had yet made a request to the supervisors.

"I feel others will take advantage of the program in the future," said Supervisor Gerald Lankford, R-DeWitt, himself a veteran of several years in police work. "We are hoping more will come into the program but so far only Fowler has come to us. We will be happy to have others join."

Although Montgomery said no definite cost figures had been determined, he indicated that as additional villages and townships worked out agreements with the sheriff's department, the additional revenue would allow for an increase in the size of the department.

"Not only would that improve their (the villages) police protection," he said, "but it would benefit the whole county."

When asked just what was meant by increased police protection, Montgomery noted that presently sheriff's deputies may

get to Fowler "two or three times a night."

But under the pending agreement, he thought deputies would be able to patrol the area through

at least one entire shift.

Hopefully, as the program gains in popularity, he thought the added revenue would eventually allow the deputies to patrol

some of these areas on a round-the-clock basis.

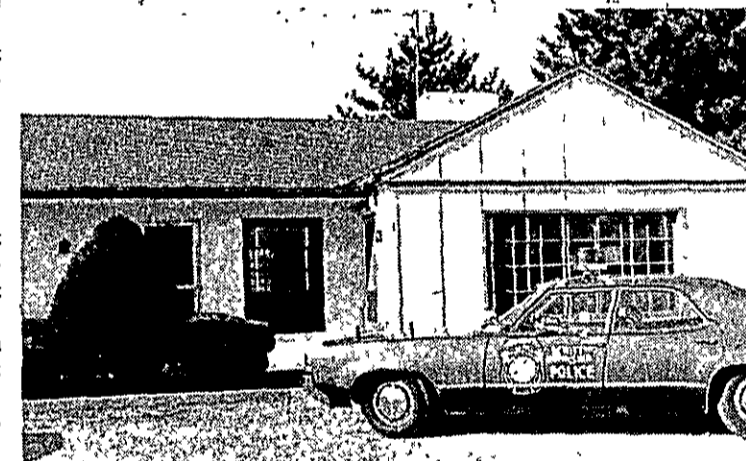

"As usual, money is the hang-up," he said.

As in many villages and town-

DeWitt, Bath oppose possible shutdown of magistrates office

By SHIRLEY KARBOR
News Staff Writer

This is the office of Magistrate Gordon Willyoung which may be closed if the county does not provide additional funds to help finance its operation.

Magistrate Gordon Willyoung, had indicated he may close his private office which serves the DeWitt Township Traffic Bureau in November.

But verbal and written opposition to the proposed closing were brought to Clinton County supervisors at a special meeting Wednesday.

The DeWitt office is located on US-27 in the Green Acres Motel. It has served as Magistrate Willyoung's private office during his 12 years as a justice of the peace and last January, with the approval of supervisors the DeWitt Township Traffic Bureau office was established there.

Since that time Willyoung has received no reimbursement from the county for use of the office, or his wife's secretarial work.

When supervisors approved salary increases for county employees at their Oct. 13 meeting, a proposed \$500 increase for the magistrate was denied by an 8-3 vote, and his salary left at \$10,000 per-year.

Supervisors have said they felt the original salary of the magistrate was set high to begin with, and gave this as reason for the "no" vote.

Duane Smith, Bath Township supervisor, appeared at the

Drivers License Bureau to open Mondays all day

The Clinton County Board of Supervisors has opened the driver's license bureau on Monday mornings.

The office, located in the Court House, has been closed Monday mornings but because of several requests supervisors decided to open the bureau for a full eight-hour day on Mondays.

In addition to Monday, the bureau will be open from 8 a.m. to noon and from 1 p.m. to 5 p.m. Tuesday through Friday.

The bureau is also open Saturday mornings. A road examiner will not be at the bureau Monday and Saturday mornings but Sheriff Percy Patterson has agreed to make arrangements for road tests at those times for people making appointments.

MR AND MRS GEORGE SWAGART

Celebrate anniversary

An Open house celebrating the Golden Wedding Anniversary of Mr. and Mrs. George Swagart is being held by their children at the United Methodist Church at St. Johns, Mich., Nov. 2nd from 2 p.m. to 5 p.m. All friends and relatives are invited.

Mr. and Mrs. Swagart are former residents of St. Johns and have many friends and relatives residing in the area. They were married Nov. 6, 1919, in the

Methodist parsonage and lived here until 1938, when they moved to Cooks, in the upper peninsula.

Mr. Swagart worked for the Federal Forestry Department until he retired in 1960.

They have four children, Gaylord and Gerald of Cooks, Leonard of St. Johns, and Isedeane Swagart Applebee of Warren, Mich.

There are 13 grandchildren.

DeWitt sewer project

twice the number of original customers.

Because of the limited time available, before the deadline, supervisors established Oct. 24 at 8 p.m. as the maximum time left for DeWitt officials to reconsider the project, sign the contract with the DPW, and still meet the deadlines of the Michigan Municipal Finance Commission.

Ray Stauder, of Stauder-Barch and Associates of Gross Point, financial consultant, then presented his views to supervisors on the proposed plans and the financial problems facing DeWitt Township citizens.

Included in his statement was a projected forecast on interest rates, bond issues, citizens living on fixed incomes, labor and construction costs and other pertinent data.

He said only a few people had attended the Tuesday night meeting and no serious objections to the project had been given with the exception of one man living on a fixed income.

Stauder then stated he felt the 25 years allotted in the contract to residents for payment of the \$2,000 "tap in" fee would be within most income ranges. He further forecast costs would go "onward and upward."

Stauder said, "I can't guess where the interest rates are going, but I believe I can still program this for seven per cent."

An open-end interest clause in the contract had been the major

concern of township officials, but Chapman said he felt they had still left the door open on the project.

Supervisors then asked Roy Andrews, supervisor of DeWitt, to contract township officials and try to set a meeting date as soon as possible with township officials and see if they would reconsider their "no" vote on the project. If action could be taken soon the supervisors could still meet to act immediately to prepare a proposal for the State Finance Commission.

Supervisor Andrews then contacted DeWitt Township officials and a meeting was scheduled by them for 8 p.m. Thursday night at the township hall.

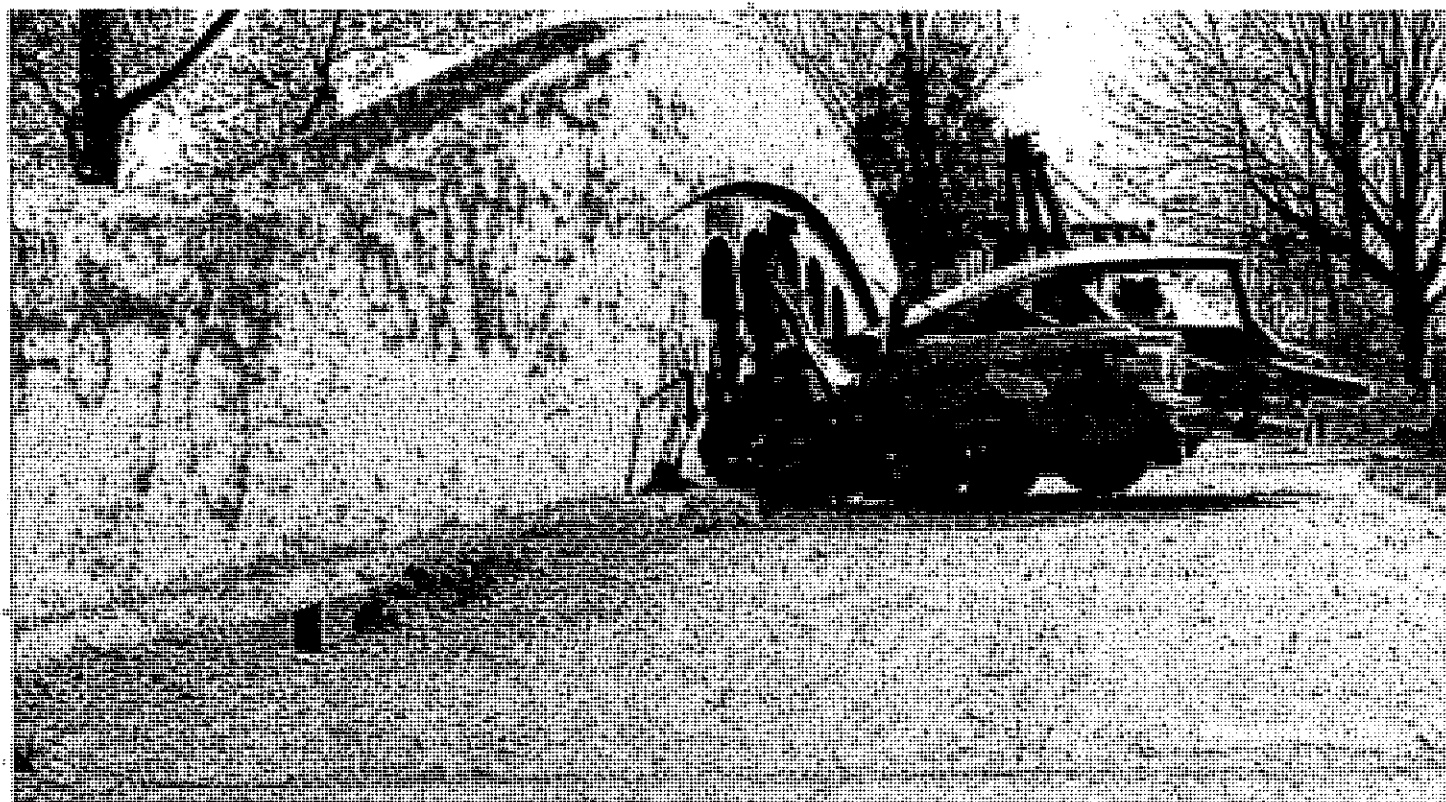

After some discussion on construction and finances, Herbert Hartke presented the sewer motion which was supported by Ronald Zeeb,

Death in the afternoon

By RON KARLE
Editor

A 43-year-old Webberville man was fatally injured Friday afternoon when his auto veered over the centerline and slammed into a concrete bridge in Dallas Township.

He was identified as Charles Ernest Bigford.

Sheriff's deputies estimated the speed of the vehicle at more than 80 miles an hour when it struck the bridge over Stoney Creek on Grange Road, about three miles north of Westphalia.

Bigford was the 16th traffic victim in Clinton County this year. At this time last year, 27 persons had lost their lives on Clinton County roads.

They didn't know who he was—only that he was dead.

He died violently and alone.

He drew a last anguished breath on a concrete bridge in the country, while underneath, a brownish-black brook rippled past a field of dry, autumn-tanned grass and a stone grotto to Our Lady.

A wrist watch was found about 15 feet from the mixture of blood and oil which marked where he had come to rest.

It had been ripped from his arm in the last moments, flattened and stopped at three minutes to one.

What bothered you was that by three minutes to two no one knew.

And you wondered about the people who cared; the ones who would cry when they found out that he was dead.

Meanwhile, the people who come to these things were there doing their jobs.

Some tried not to look concerned for this person none of

them knew and some had seen it so many times before they had conditioned themselves against feeling.

The sheriff's deputy was making notes because he would have to fill out the forms when he got back. Identification would have to be made and people told.

Another man was chewing on a cigar as he went about the business of dragging away what used to be a car.

People driving by slowed as they always do and looked and drove on awed, then put it out of their mind further on down the road. It would be an item of conversation later.

Earlier, a hopeful ambulance had sped to the little bridge in the country; sirens and flashers pushed wondering motorists to the shoulders of the road.

There was little need for speed on the return trip.

It was getting on to three minutes to three when the little gathering drifted off into the quietness of the countryside.

A wrecker had dragged the hulk away as the jagged metal protested against the asphalt road; pictures had recorded death for the newspaper; details noted for the record.

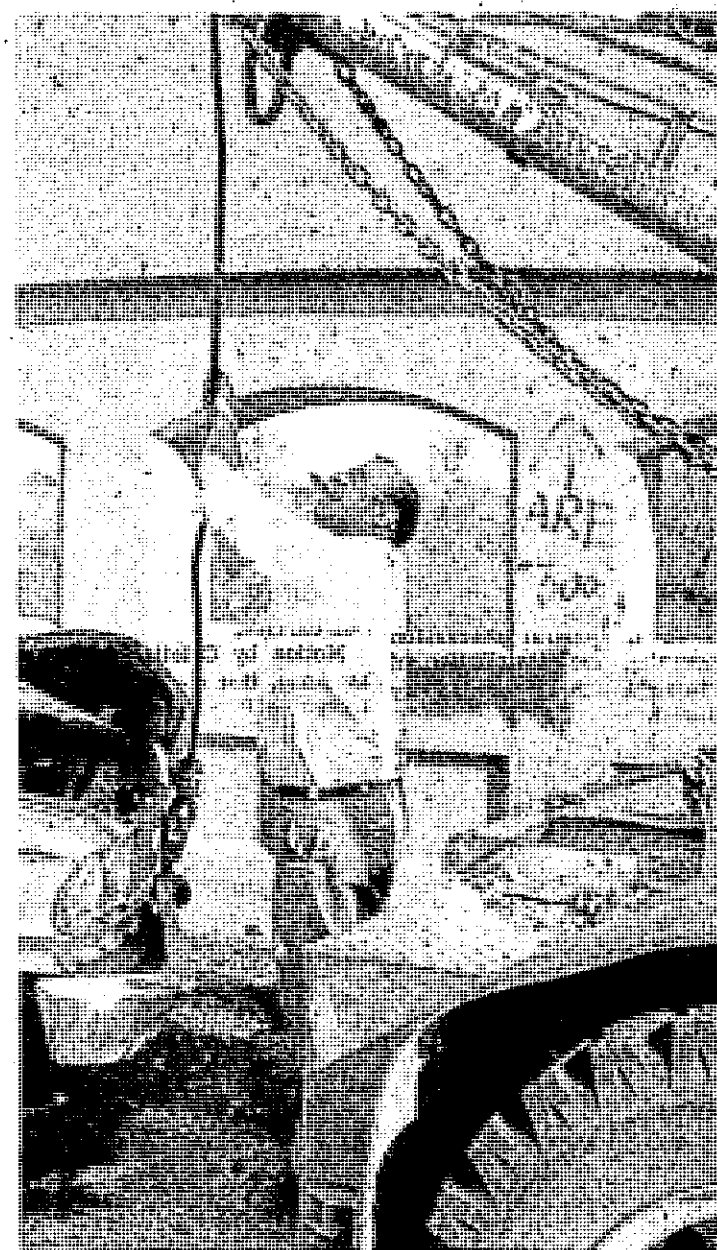

Only the glass remained, as it always does, to mark the spot.

And soon that too would be brushed aside by speeding cars.

And by three minutes to four, most people driving over that little bridge didn't know.

That a 43-year-old Webberville man was fatally injured Friday afternoon when his auto veered over the centerline and slammed into a concrete bridge, raising Clinton County's 1969 highway death toll to 16 as compared to 27 at the same time last year.

What bothered you was that by three minutes to two no one knew.

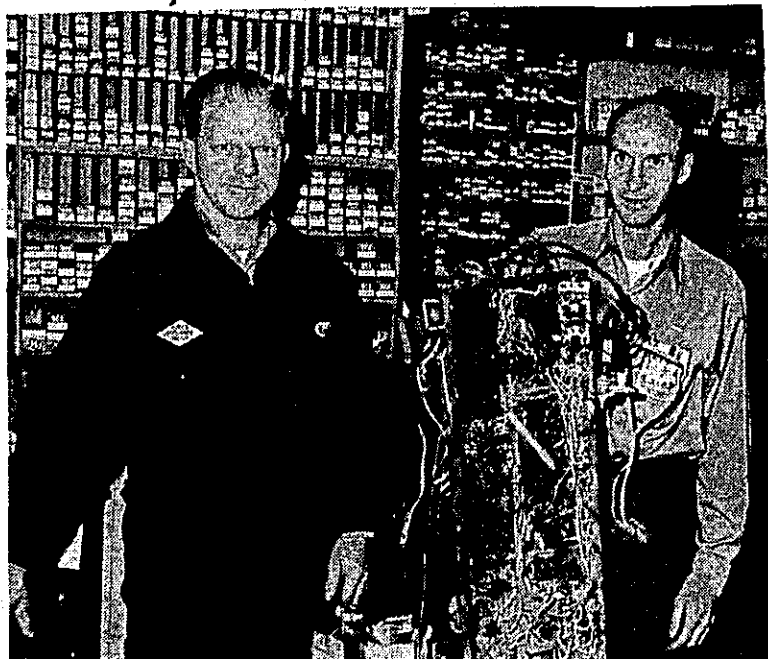

The people who come to these things had work to do.

Swimming pool to open at St. Johns High School

The song says we got trouble right here in River City. Starts with "T" and it rhymes with "P" and that stands for pool. But in St. Johns, pool stands for fun because beginning Tuesday, Nov. 4, the olympic size swimming pool at the high school will be ready for public swimming.

In announcing a tentative schedule, Supt. Earl Lancaster promised, "We'll do whatever the demand is for."

The Board of Education last week approved evening rates for

students at 25 cents and 50 cents, for adults.

On family nights, the entire family, regardless of size, can swim for \$1.

Ten weeks of half-hour swimming lessons will also be offered at \$4 for the entire course.

The pool may also be rented by groups and clubs for \$37.50 from 6:30 p.m. to 10 p.m., and for \$17.90 from 3:30 p.m. to 5:30 p.m. on open dates.

All rates are based on operational expenses, mainly to pay

four senior life guards and a water safety instructor.

Here is the tentative schedule:

Monday
3:30 p.m.—5:30 p.m.—High school students.
6:30 p.m.—8 p.m.—Pool available for rent by clubs and groups.
8:15 p.m.—9:45 p.m.—Open swimming.

Tuesday
3:30 p.m.—5:30 p.m.—Faculty.
6:30 p.m.—9:45 p.m.—Open swimming.

Wednesday
3:30 p.m.—5:30 p.m.—High school students.
6:30 p.m.—9:45 p.m.—Adults only.

Thursday
3:30 p.m.—5:30 p.m.—Third through ninth graders.
6:30 p.m.—9:45 p.m.—Family night.

Friday
Because of athletic events and other activities, the pool will be closed on this night unless, however, there is a large enough demand.

Saturday
10 a.m.—10:30 a.m.—Beginners swimming lessons.
10:30 a.m.—11 a.m.—Beginners swimming lessons.
11 a.m.—11:30 a.m.—Intermediate swimming lessons.
11:30 a.m.—noon—Advance beginners swimming lessons.
1 p.m.—5 p.m.—Open swimming.

Here is a waterless view of the high school swimming pool which will be open to the public beginning Nov. 4.

Four generations were present for the celebration.

Minutes of the City Commission Meeting

Municipal Building Commission Room
ST. JOHNS, MICHIGAN

September 22, 1969

The regular meeting of the city commission was called to order at 7:30 p.m. by Mayor Wood. Reverend Homer gave the invocation.

Motion by Grost, supported by Coletta, to approve the minutes of September 8, 1969. Motion carried.

Motion by Rand, supported by Coletta, to approve the warrantist Motion carried.

Motion by Hannah, supported by Grost, to table the Bond Issue discussion. Motion carried.

Motion by Rand, supported by Coletta, to approve the agenda. Motion carried.

Mr Douglas Pardee appeared before the city commission requesting consideration on a water bill that he felt was too high. The city manager stated that this would be reviewed and Mr Pardee would be contacted.

Mr Ray Spitzer told the city commission that a traffic hazard exists on Sturgis Street and something should be done to protect the children walking to school. It was his opinion that sidewalks should be installed in this area. General discussion concerning the installation of sidewalks throughout the city followed.

The city manager read a communication from Betty Jane Minsky requesting the city commission's permission to locate a mobile Cancer Society Unit on State Street, October 4, 1969. Motion by Grost, supported by Hannah, to grant permission to locate the Cancer Society Unit on State Street if this proposal meets with the approval of the centennial committee. Motion carried.

General discussion concerning the sweeper rental-purchase agreement be tabled for further study. Motion carried.

The following statement was made by Commissioner Hannah. "Mr Mayor, I believe that any and all negotiations pertaining to the long term leasing of that portion of the city park, known as the football field should be cancelled.

"Attempts to arrive at a deal of some kind with the school authorities to rebuild the so-called Railroad Street sewer to handle increased sewage loads caused by the new high school on Sickles Street date back to correspondence between the City and School as early as 1967.

"At that time, and in other negotiations since, the school has not disclaimed a responsibility for the added load to the city sewage system and the possible discomfort to citizens along the sewer route.

"Since 1967 they have stated several times their desire to cooperate with the city on the construction of this piece of sewer, but have stated that they have no way to finance a share of the \$50,000.00 job.

"In an effort to get some action started as soon as possible, a committee of city commissioners recently met with a committee of school officials and offered a plan of leasing to them the city park football field for a period of twenty years for a total of \$25,000.00, half of the cost of the proposed sewer. This was countered with the request for the city to also include in the lease, the training field and parking lot.

"I do not believe the city commission has the authority to enter into any such long term lease of city park property and are referred to an opinion given by the city attorney several months ago where a request was made by the school to the City for a long term lease of the football field. The City's authority to enter into such a lease was strongly questioned,

"Therefore I move that any negotiations concerning a long term lease of the city park football field be terminated and the construction of the Railroad Street sewer be placed on the city's construction program, to be constructed by the city when funds are available; also to authorize the mayor to write the school and inform them of same."

The above motion was supported by Commissioner Grost. Motion carried.

Motion by Coletta, supported by Grost, to appoint Dr Stephenson to the Zoning Board of Appeals. Motion carried.

Motion by Hannah, supported by Grost, to appoint Lyle Hutton to the Planning Commission. Motion carried.

The Mayor stated that he had met with Mr Hoag and Mr Sirrine and that it appeared that they could not reach an agreement concerning a shared telephone answering service for their ambulance calls.

Motion by Coletta, supported by Rand, to deny the request from AAA Ambulance Service to have the police department act as their answering service. Motion carried.

Motion by Coletta, supported by Rand, that the request from Lawrence B. Slade to drop Kent E. Daley as partner on 1969 Class C and SDM Licenses located at 314 N. Clinton Street, St. Johns, Michigan, Clinton County, be considered for approval. It is the consensus of this legislative body that the application be recommended for issuance. Motion carried.

The Mayor read a communication from Representative Balenger in regard to the Walker Street parking lot.

The city clerk read the following recommendation from the planning commission:

"Motion by Member Morriss, supported by Member Rand, to recommend to the city commission that the following parcels of land described as:

Commencing at the North 1/4 Corner Run South 930 feet, West 633.3 feet, Southwest 338.6 feet, Northwest along US-27 519 feet, North 677 feet, East 18 feet, North 94 feet, West 18 feet, North 33 feet, East 1213 feet, to the point of beginning

be rezoned under Ordinance No. 131 to the following categories.

1. That part of the above described parcel of land having frontage on US-27 to a depth of 300 feet be zoned General Commercial.

2. The balance of the above described parcel be zoned M-1.

My justification for this zoning recommendation is to make the industrial land consistent with the Traver property which is consistent with the category of Ordinance No. 187. Motion carried.

Motion by Coletta, supported by Rand, to adopt the planning commission's recommendation and to instruct the city clerk to arrange for the necessary public hearings. Motion carried.

The city clerk read a planning commission request:

"Motion by Member Rand, supported by Member Carpenter, that Mr William Graef represent the planning commission and that Mr William Morriss to act as his alternate and to request that Mr Charles Coletta represent the city commission." Motion carried.

Motion by Hannah, supported by Rand, that the planning commission request be adopted. Motion carried.

Motion by Grost, supported by Coletta, to adjourn at 8:30 p.m. Motion carried.

This is the first Christmas you can give a Kodak Instamatic® camera for less than \$10.

It's the new 44 and it's everything a Kodak Instamatic camera should be. Just drop in the film and take really good, sharp color slides, or black-and-white snaps. Indoors or after dark, you just pop on a flashcube. Less than \$10 dollars? Less than \$10 dollars!

134. Forget about keeping your weather eye out—our lowest-priced electric-eye model sets the lens automatically for clear pictures under a variety of light conditions. A signal lights up when you need to use a flashcube. Complete outfit, less than \$30.

124. This handsome, compact camera, like all Kodak Instamatic cameras, has drop-in loading. Just drop in a film cartridge. No settings. No experience needed. Which makes it a wonderful first camera. Complete outfit, less than \$22.

A Kodak Carousel projector for less than \$60! It's the 600, and it's as dependable as gravity (gravity gently lowers each slide into place). So there's never any jam-up. The tray is spillproof and there's 500 watts for big, brilliant screen pictures.

WE HAVE A COMPLETE LINE OF MOVIE CAMERAS & PROJECTORS. WE HAVE ALL THE POLAROID'S TOO!

Items from England used for wedding ceremony

ELSIE (c)—The United Church of Ovid was the setting for the ceremony that united Nancy Jo Cross and Barry James Mead in marriage Saturday, Oct. 4.

The Rev. Walter Kargus performed the nuptial vows exchanged by the daughter of Mr. and Mrs. Robert Cross and the son of Mr. and Mrs. Harold Mead of Ovid.

The double ring candlelight ceremony, including an anniversary candle took place before an altar decorated with arrangements of large chrysanthemums, pink carnations, gladiolus and English Ivy with white satin and pearl wedding bells.

Organist Roger Matthies played traditional wedding music and accompanied Miss Patricia Kridner as she sang "I Love You Truly" and "The Wedding Prayer."

For her wedding, the bride, chose a floor length gown of rose point lace and taffeta fashioned with an empire waist, long tapered sleeves and scalloped neckline.

The A-line taffeta skirt was designed with a rose point lace panel reaching to the hemline and a detachable train with rows of lace and taffeta extending from the shoulders to chapel length.

A crown of tiny lace roses with crystal drops secured the shoulder length veil and she carried

a formal cascade bouquet of red roses, white carnations, and English Ivy centered with a large white Cattleya orchid surrounded by red sweetheart roses and lilies-of-the-valley.

The bride also carried a lucky horseshoe in her bouquet and wore silver slippers of English tradition with a sixpence in her shoe, presented by the groom's parents.

Beverly Mead, sister of the groom, was maid of honor, and wore pink linen featuring a mandarin neckline banded with nylon lace pink rosebuds on the sleeves and full length back panel. Her headpiece was cabbage roses and held a floor length train of blue nylon net.

She carried a cascade arrangement of pink and white carnations patterned after the bridal bouquet.

Bridesmaids were Carolyn Lindauer, Debra David and Becky Latz. They were gowned identically to the maid of honor in blue linen with headpieces of blue cabbage roses and full length trains. They each carried European designed bouquets of English Ivy with miniature pink and blue carnations and baby's breath.

Rex Chamberlain was best man while Richard Mead, Michael Everts, and Rick Cross were groomsmen.

Ushering the guests were Bob

Unbehaun, Ronnie Mead and Randy Cross.

Dawn Unbehaun of Ovid served as flower girl and Barry Moore of Elsie as ring bearer.

Dawn was gowned in pink chiffon with pink lace and had pink ribbons in her hair. She carried a basket of roses, carnations and baby's breath.

The mother of the bride wore a blue linen A-line dress with wrist length lace sleeves. The mother of the groom wore a powder blue ensemble with silver accessories. Both had corsages of yellow roses and white carnations.

The guests of honor were the bride's great-grandmother, Mrs. Nina Wheatley of St. Charles and grandparents, Mr. and Mrs. William Cross and Mrs. Lella Wilson of Elsie. Mr. and Mrs. Warren Davidson of Ovid were special guests of the groom.

Following the ceremony, the newlyweds received their 500 guests at the Ovid Veterans Hall.

During the reception and dance, music was furnished by the Hubbards Orchestra with Mr. and Mrs. Jerry Ward as host and hostess. Mrs. Larry Patterson was in charge of the guest book.

The bride's table was centered with a five tiered wedding cake decorated with lucky symbols of English tradition sent to

the bride by the groom's relatives in England, along with tiny pink and blue roses, white bells and miniature attendants. The cake was topped with a replica of a diamond English

crown featuring the miniature bride couple.

The cake was made by Mrs. Fern King, and cut by Mrs. Louisa Whitehead of Ovid and Mrs. Lynn Wheatley.

Mrs. Rice is Musicale host

Mrs Robert Rice was the hostess when the St. Johns Morning Musicale met for their regular meeting on the morning of October 17. Twenty members and guests were present.

Mrs William Kemper gave the commentary on the lives of Mendelssohn and Brahms in a most interesting manner. Mrs Basil Delbert played the piano solo "Consolation" by Mendelssohn.

Mrs Robert Rice, accompanied by Mrs Duane Davis at the piano, sang four selections by Brahms, translated from the German they were "On Sunday Morning," "Love," "My Thoughts are With You," and "Treachery."

The Ensemble completed the program by singing two numbers, "Which is the Properist Day to Sing," and "Lift Thine Eyes" from The Elijah by Mendelssohn. The group listened to a recording of the Fourth Movement of the Italian Symphony by Mendelssohn.

During the business meeting a thank you note from Miss Ann Fedewa was read in appreciation of the contribution made to the High School piano fund in Miss Mary Fedewa's name.

The next meeting will be held at the home of Mrs John Caudy on November 6.

Township Assn. holds initial meeting Oct. 16

About 100 members and friends of the Clinton County Township Officers Association met at the United Methodist Church in St. Johns, Thursday October 16 at 7:00 o'clock dinner.

The speaker for the evening was Robert Robinson from the State Township Association.

He presented Clinton County with a plaque which read—"This County Chapter Charter is awarded to the Township Officials of Clinton County in recognition of organizing a County Chapter of the Michigan Townships Association, to establish and promote better Township Government;" signed, Joseph Parisi Jr., Executive Director.

A group of young people from the church sang several numbers.

Lose 10 lbs. in 10 days on Grapefruit Diet

HOLLYWOOD, CALIF.

(Special) - This is the revolutionary grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of couples have been passed from hand to hand in factories, plants and offices throughout the U.S. and Canada.

Word of its success has spread like wildfire because this is the diet that really works. We have testimonials in our files reporting on the success of this diet. If you follow it exactly, you should lose 10 pounds in 10 days. There will be no weight loss in the first four days. But you will suddenly drop 5 pounds on the 5th day. Thereafter you will lose one pound a day until the 10th day. Then you will lose 1 1/2 pounds every two days until you get down to your proper weight. Best of all, there will be no hunger pang. Now revised and enlarged, this new diet plan lets you stuff yourself with foods that were formerly "forbidden," such as big steaks trimmed with fat, roast or fried chicken, rich gravies, mayonnaise, lobster swimming in butter, bacon fats, sausages and scrambled eggs. You can eat until you are full, until you cannot possibly eat any more. And still lose 10 pounds in the first ten days plus 1 1/2 pounds every two days thereafter until your weight is down to normal.

The secret behind this new "quick weight loss" diet is simple. Fat does not form fat. And the grapefruit juice in this new diet acts as a catalyst (the "trigger"), to start the fat burning process. You stuff yourself on the permitted food listed in the diet plan, and still lose unsightly fat and excess body fluids. When the fat and bloat are gone you will cease to lose weight and your weight will remain constant. A copy of this new and startlingly successful diet plan can be obtained by sending \$2 to GRAPEFRUIT DIET PUBLISHERS, 1213 Premier Way S.W., Calgary 6, Alberta. Moneyback guarantee. If after trying the diet plan you have not lost 7 pounds in the first seven days, and 1 1/2 pounds every two days thereafter, simple return the diet plan and your \$2 will be refunded promptly and without argument. Tear out this message as a reminder. Decide now to regain the trim attractive figure of your youth, while enjoying hearty breakfasts, lunches and dinners. (adv.) Dept. No. 1018-22.

DeWitt City completes sewer project

Elden Smith, city administrative director, said Tuesday morning that the DeWitt City sewer project has now been completed with the DeWitt High School and Middle School the first to connect to the extension. Contractors for the project were Smith Engineers of Lansing who completed the project 30 days ahead of schedule. R. W. Parle and Associates of Benton Harbor were consulting engineers. City Council members praised the work done by both firms.

Smith said, the \$208,500 project is an extension of the city's present system beginning at the Cherry Street Junction and includes 138 properties on the East and South side of Lake Geneva and the DeWitt school facility at Herbison Road. Home owners are now connecting to the system and have until Dec. 31 to complete hook-up.

Three attend Episcopal convention

Three delegates from St. Johns were among those attending the Episcopal Convention of the Diocese of Michigan held at Saginaw October 24 and 25. Representing St. Johns Episcopal Church were the Rev Hugh Banninga, Leonard Henry and Henry Dellar.

Religious unity was expressed during the meeting with various segments of the gathering being conducted at facilities of different religions. The convention proper was held in the St. Paul Roman Catholic Seminary while the banquet was held in the First Presbyterian Church. Caucuses and workshops took place in the St. Johns Episcopal Church of Saginaw.

According to the representatives, momentous decisions regarding the racial situation were made during the convention. In addition the delegates voted an amendment to lower the church voting age from 18 years old to 16.

Announcements

St. Johns Welcome Wagon Newcomers Club will meet at 8 p.m. Wednesday, Nov. 5 at the Central National Bank Community Room. Mrs Jean Leon, president of the organization, extends an invitation to all newcomers or anyone interested in meeting new people, to attend.

Mrs Pat Gossett, hospitality chairman, will be greeting guests and members with name tags and introductions, and members of the First Nighters Club will give a sneak preview of their upcoming production, "Don't Drink the Water," by Woody Allen. For additional information or if you need transportation call Martha Lear, membership chairman, or Shirley Casler.

Members of the ladies auxiliary to St. Johns VFW Post 4113 please be at the home Nov. 6, at 8 p.m. to welcome the ninth district president for her official visit. All chairmen are asked to bring notebooks. A Halloween social hour with costumes optional will be held after the meeting.

Art group invites new memberships

The St. Johns Art Guild held a general meeting Wednesday evening, Oct. 15, at the home of Romaine DeCamp. The following officers were elected for the year. President - Gladys Schueler, Vice President - Georgianna Kelly, Sec-Treasurer, Rose Tarr; Publicity - Joan Ernst.

Plans were discussed for the art show to be held in the spring. Any one interested in joining the Guild should contact one of the officers.

Painting sessions will be held every Tuesday evening at 7:30 in the Art Room of the Junior High School. Anyone who would like to paint with a group is welcome.

First Assembly of God has country singer

T. Texas Tyler, billed as "The man with a million friends," and one of the foremost country and western artists for many years, will be featured at the First Assembly of God Church, Friday, Oct. 31, at 7:30 p.m., according to Rev Joseph F. Eger, Jr., pastor.

It will mark one of the first appearances in this area by T. Texas Tyler, a man who, for many years spent his time touring throughout the United States and Canada headlining "Grand Ole Opry" shows, appearing with

his large bands in ballrooms, clubs; and on TV and other forms of entertainment.

Tyler will tell in this service the story of how he decided to quit this life after 28 years to become a preacher of the Gospel. He was converted in the early part of 1958 and has since devoted his full time to Gospel work. He was catapulted to nationwide fame in 1948 with his smash hit "Deck of Cards" which he wrote himself. Some of his other big record hits were: "Remember Me," "Bumping Around," "Courtin' in the Rain," and many others.

Tyler is one of the very few country and western artists to appear in concert at New York's famed Carnegie Hall. He has also been under contract to Columbia Studios in Hollywood in making of Western movies. He will be playing his guitar and singing many gospel songs Friday. Tyler is an ordained minister. A love offering will be taken during the service for Tyler's ministry. He will also have his gospel albums after the service. The service is open to the public and admission is free.

Ovid- Elsie school board lists salaries

Confirmation of salaries for principal positions in the Ovid-Elsie School district were released Monday night at the school board meeting.

For the 1969-70 school year Blaine Lentz, high school principal, will receive \$15,350; Hugel Leonard, North and East Elementary principal \$15,350; Larry

Nicholas, E. E. Knight principal, \$12,750; William Case, Ovid Junior High principal \$11,200; Nyal Fliegel, Elsie Junior High principal, \$11,000; and Dean McKay, assistant principal at the high school, \$11,000.

In other action officials, —Heard a report by Dean McKay regarding students driving cars to school and student parking permits. It was noted that the 33 buses transporting 1,964 students had placed heavy traffic conditions on Hollister Road and McKay voiced concern about snow removal in the parking area this winter. The matter was tabled and additional reports will be given to members at a later date.

—Heard a report on the FFA Club trip to Kansas City, Kan., by Earl Selbert. He said the convention voted for the first time to allow "girl" members into the club after a heated debate over the issue.

—Accepted a bid from Gale's of Elsie, for 18 bus tires as listed for \$1,080, (\$60 per-tire). Old tires will be traded in and the new ones mounted for the stated cost.

—Tabled the matter concern-

ing annexation of approximately 120 acres to the Ovid-Elsie School district, pending a meeting with St. Johns school officials.

P-W group visits MSU

On Saturday Oct. 6, thirty-nine Pwamoo-Westphalia FHA girls went to Michigan State University to the Regional Convention.

Connie Theis presided over the meeting and Rosanne Stump gave the treasurer's report and assisted throughout the day. Chris Casari gave a report on her trip to Colorado for the National Convention. She also presented the new national goals.

Mary Davarn and Mary, Low, Kellen were the voting delegates to represent P-W.

Two girls from our chapter ran for offices. They were Donna Pung who ran for song leader and Julie Spitzley who ran for reporter. Unfortunately both of these girls lost.

Alice Huhn, Ruth Thelen and Bonnie Fedewa also entered an exhibit. It showed the importance of managing one's time.

Mrs Ballenger named GOP women treasurer

Mrs William S. (Bunny) Ballenger of rural Ovid has been re-elected to a second two-year term as treasurer of the 8,000 member Republican Women's Federation of Michigan.

Mrs Ballenger, wife of the State Representative from the 87th House District, was chosen by her sister delegates at the three-day annual RWFM Convention near Petosky last week.

The 87th District includes part of Clinton and all of Shiawassee Counties.

Mrs Ballenger has served as a delegate to every Shiawassee County Republican Convention since 1966 and as a delegate to the State GOP Convention in the fall of 1968. In the summer of 1967, she was a delegate to the Young Republican National Convention in Omaha, Nebraska.

She has also served as treasurer of the Shiawassee County Republican Women's Club, 1967-68; adviser to the Ovid-Elsie

Teen-Age Republican Club; Middlebury Township Committeewoman; and as co-illustrator of a Republican Women's cookbook. Last year, she was selected by the Shiawassee Chapter of the Daughters of the American Revolution as "Outstanding Young Woman of 1969."

Mrs Ballenger is also a member of the Shiawassee County Historical Society and has been active in Project Outreach, a U.S. government-sponsored program through which works of fine art are exhibited in various Michigan communities under the auspices of the Detroit Institute of Arts.

Accompanying Mrs Ballenger to Harbor Springs as delegates from Shiawassee County were Mrs Philip Moore; Mrs Harry Roszman; Mrs Alvin M. Bentley, Jr.; and Mrs Joseph H. Woodard.

Arson charged in Elsie fire

Danny Ray Walker, 21, of 921 S. Nafus St., Oosso, was arrested Monday morning and charged with arson of the Ovid Farmers Elevator at Elsie.

He was taken before Judge Roland Duguay where he waived examination and bond was set at \$1,500. A circuit court date will be set later.

The arrest by Deputy Richard May climaxed several months of intensive investigation by Clinton County and other police officials.

The elevator was destroyed by fire on the morning of June 5.

It had served as a landmark along the Maple River for more than 135 years. Losses were estimated at \$50,000 or more, including some \$7,000 worth of grain stored in the 30 by 60 foot structure.

Grain loss included 1,500 bushels of soybeans, 1,500 bushels of corn, 300 bushels of oats and about 15 tons of fertilizer.

The elevator site has since been graded and converted to a park in honor of the late Mrs Merle Green of Elsie.

Sales award to Joseph Trefil

Joseph Trefil was recently announced the outstanding salesman in the nation for the week ending Oct. 11 by the Moorman Mfg. Co. of Quincy, Illinois.

Mr Trefil's recognition was merited by his sales and service contribution for the week. Among sales leaders he was ranked first out of more than 2,000 field representatives throughout the United States.

Mr Trefil resides on Route 1 Perrinton, Michigan.

FLAG FROM CAPITOL

Mrs Ethel Huot, principal of the Swegles Elementary School, was presented a flag which had flown over the nation's capitol at the Swegles P-TA meeting last week. Presenting the gift from Congressman Gary Brown was Robert Ditmer, president of the P-TA.

Mrs Schoals honored

Dorothy I. Schoals, business manager of the Clinton Memorial Hospital, was awarded a certificate and \$50 in cash for her entry in the 11th annual Search for New Hospital Achievements Contest.

Mrs Schoals' award was among \$5,000 in cash awards given to 37 employees in 26 Michigan hospitals for ideas submitted in the contest.

Her entry was a multi-purpose

form used in admitting, dietary and nursing departments representing a savings of approximately \$2,500 annually.

A total of 342 entries were received this year representing an estimated \$1.5 million in actual and potential savings to Michigan hospitals.

Awards were presented by H. Allen Barth, executive director of the Michigan Hospital Association at the organization's mid-year meeting at Traverse City.

Two are winners at St. Joe Carny Announcements

Jeff Schnader and Mark DeBoer were two most happy fellows last week after winning prizes which were part of the annual St. Joseph School Carnival.

DeBoer was winner of the top prize, a Sno-Jet snowmobile while a portable TV went to Schnader. The later gift was donated by Mr. and Mrs Bob Purtil.

The snowmobile was purchased at Bee's Chevrolet.

The St. Johns Knights of Columbus will sponsor a building fund benefit dance this Saturday in the St. Joseph School gym from 9 p.m. 'til 1 a.m. Round and square dance music will be furnished by the St. Johns Music Makers, and lunch, ice, and mix will be furnished. The general chairman for this year's Harvest Ball is Pat Kelly. The public is cordially invited to attend.

Magistrate

(Continued from Page 1-A)

board meeting and said, "We've been informed Magistrate Willoughby may close his private office in November and I feel you should realize the important implications this will have as far as Bath Township is concerned. Before his office opened our police officers were continually in St. Johns for warrants, arraignments and to get information needed. I speak from experience. I've rode patrol with Bath officers and when they needed the magistrate, even as late as 10 or 11 at night, he is available to them."

"The office saves both the police officers and residents in the Bath and southern area and saves considerable mileage and inconvenience."

Eldon Smith, administrative director of DeWitt City then told supervisors, the office meant a great convenience to residents and police units in the DeWitt area.

Chairman Walter Nobis, said the supervisors couldn't take action of the matter until the board received an official notice, the office would be closed.

Smith, then added he "understood" a letter had been sent to the supervisors concerning the situation, and Chairman Nobis confirmed he had received a letter from Judge Roland Duguay and produced it from papers on his desk. The communication was read later to supervisors by Ernest Carter, clerk.

At the opening of the meeting, Carter had reported no communication had been received, but the letter was addressed to the Clinton County Board of Supervisors, Walter Nobis, chairman, and dated Oct. 15.

In his letter Duguay praised the work of Willoughby and presented data on the DeWitt office, confirming items stated by other officials and then questioned why Mrs. John Anderson, an employee in the district court, was denied a \$100 per-year salary increase. He requested a written reply

from supervisors.

Supervisor Lankford, then confirmed Duguay's recommendation and said Mrs. Anderson worked very hard and was probably the best qualified person in the county for the job, but her salary was on an equal basis with other employees at the court house.

Bruce Angell II, chief of police in DeWitt Township, appeared before the board and asked them to seriously reconsider the salary of Magistrate Willoughby. If this would keep the office open to police officers and citizens in DeWitt Township.

"It used to take an officer approximately two hours to drive to St. Johns, transact business and return," he said.

He later added he would consider \$500 a nominal fee, for the tremendous number of man hours saved by the magistrate's office, and felt officials should do everything possible to avoid the extra miles to police and taxpayers in the southern section of the county.

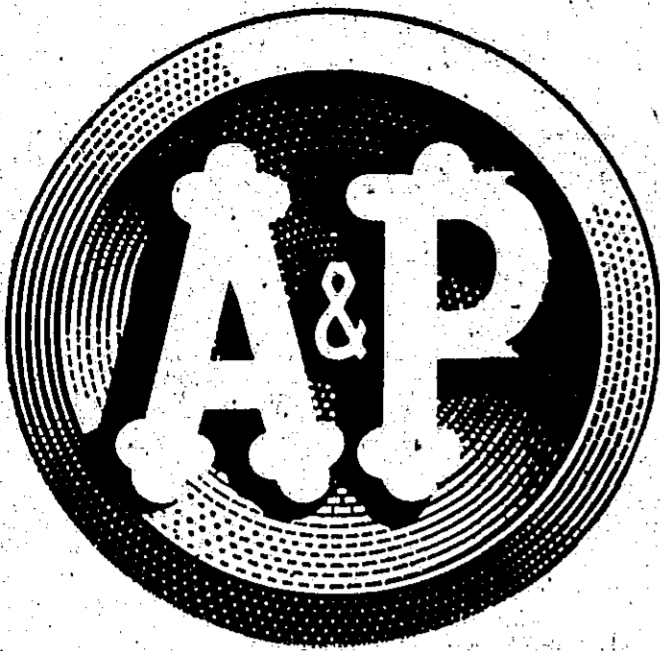

Magistrate and Mrs. Willoughby handle a great deal of paper work at the office, and persons who plead guilty to a traffic ticket can pay fines there. During the first three months of its operation the office collected a total of \$7,307 in fines.

When Bath and DeWitt officials were questioned about using the DeWitt City office of Patrick Kelly, prosecuting attorney, they agreed the idea was good, but they were not receiving the service they needed from the facility.

Some were told when they called there to return later or go to St. Johns where law books were more readily available.

Most agreed that Prosecutor Kelly was doing a fine job as prosecuting attorney and the idea of the office which was opened this summer was basically sound, but didn't work. Supervisors are paying \$250 per month towards the expenses of the branch office.

Supervisor Gerald Shepard then made the motion the magistrate's salary be turned over to the salary and personnel committee for review, and the motion passed unanimously.

Open Letter from VAN W. HOAG

Dear friends,

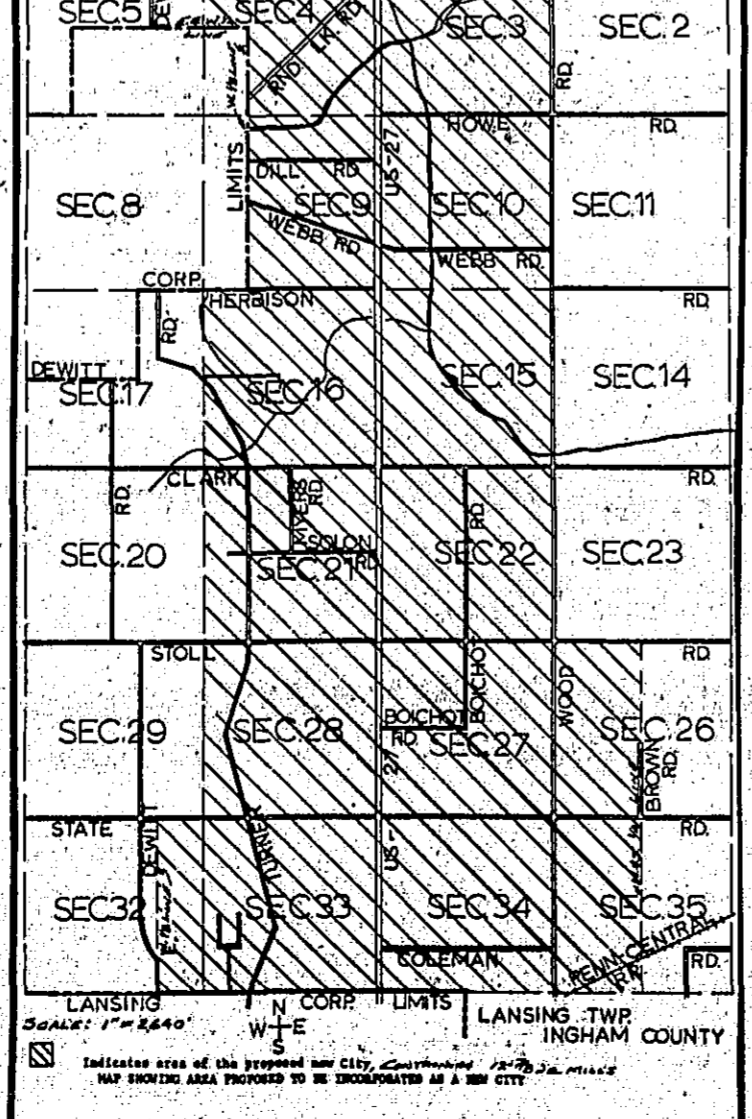

It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family.

The clergyman should be consulted in matters that concern him before any decisions are made.

DNR predicts high bear kill for U.P.

Michigan bear hunters notched a relatively low kill during the Sept. 10-14 season in the Gaylord and Mio districts, but their counterparts in the Upper Peninsula got off to a good start with more action in offing through Nov. 5, reports the Department of Natural Resources (DNR).

In both cases, DNR game men are generally happy about this season's bear harvests.

They programmed the permit-controlled bear hunt in the Gaylord and Mio districts for a conservation kill of not more

than 50 animals.

Their efforts to keep the bear harvest on the "safe side" in those two areas were successful, as less than 25 animals were estimated taken by a limited field of under 850 permit holders.

"Known" bear kills totaled 11 animals in the Gaylord District and only two in the Mio District. Even with the higher projected kill estimate, DNR game men assure that the district's bear populations were not hurt by the short hunt which marked the first time have animals have legally come under the gun in the northern Lower Peninsula since 1964.

Thus, the Upper Peninsula's 1969 bear season is shaping up as another good one comparable to last year when 860 of the animals were harvested there during the same period. That early-season kill figure for the Upper Peninsula is by far the best on DNR records covering the period which goes back to 1959.

Bear hunters above the Straits had particularly good success during the first 10 days of the season, and their ranks during the early going included a fair number of sportsmen from such far-away places as Texas, Tennessee, and Washington.

Since the earlier action, gun pressure on the burly animals has tapered off. By mid-September, "known" bear kills stood at 80-plus in the Baraga District, 23 in the Crystal Falls District, 24 in the Escanaba District, and 86 in the Newberry District.

Bear hunters above the Straits had particularly good success during the first 10 days of the season, and their ranks during the early going included a fair number of sportsmen from such far-away places as Texas, Tennessee, and Washington.

O-E JV's win sixth

Ovid-Elsie's Junior Varsity defeated St. Louis 30-12 last week on a pair of touchdowns from Gordon Baker.

Coming from behind, Ovid-Elsie's Junior Varsity defeated St. Louis last week 30-12 when Gordon Baker scored a pair of touchdowns and quarterback Ron Mead ran for one and passed to Randy Byrnes for another.

Baker got his first on a three-yard run in the closing moments of the first half to tie it at 6-6. In the second half the Raiders scored twice within three minutes when Mead scrambled 20 yards for his first score and moments later St. Louis fumbled to set up a 35-yard scoring pass from Mead to Byrnes.

Baker scored his second touchdown in the final period and Allan Cobb nailed the St. Louis quarterback in the end zone for a two-point safety.

Mead passed to Glen Bensinger and Bill Foran for a pair of two-point conversions.

Frank Dudash, who blocked a St. Louis punt, led the O-E defensive effort with 14 tackles.

The Raiders will seek their seventh season victory Thursday when they travel to Olivet.

St. Louis rallies, downs O-E, 22-8

Holding an 8-0 lead at half-time, Ovid-Elsie fell to the second half scoring of Dwight Adams Friday as St. Louis tripped the Raiders, 22-8.

Air attack halts Bath

Sparked by a tight defense and a pair of touchdown pitches by quarterback Jack Mellen, Williamston blanked Bath Friday night and took over sole possession of first place in the Ingham County League by an 18-0 count.

Bath, now 3-3 in league competition, forced the visitors to take to the air by effectively halting their efforts on the ground. Once the aerial attack began, however, Mellen completed 12 of 19 for a total 173 yards.

His first scoring effort was a 70-yard completion for a touchdown. Ed Dunn scored the first of Williamston's three fatalities on a five-yard run.

Eight members of Michigan State's 1969 soccer team call Kingston, Jamaica, their home, and six of the Spartans hail from St. Louis, Mo.

Lamprey control results in 1970

First results of lamprey control work will be seen on Lake Huron in 1970, clearing the way for the Department of Natural Resources to step up its trout plantings in the area's tributary streams, it was announced last week at a meeting of the Natural Resources Commission.

DNR Fish Chief Wayne Tody reported that the Lake Huron control program will start showing dividends next year when chemical treatment is carried out on Michigan's Au Sable River and Ontario's Saugeen and Bayfield rivers.

With that being the happy prospect, Tody also reported that the DNR hopes to stock Lake Huron with brown and rainbow trout

Redwings trip Alma

★★★ ★★★ ★★★
**Silm paces 20-8 victory;
 'much-improved' Charlotte next**

By RON KARLE
 Editor

You can tell that Jeff Smith is a little worried. He's saying things like "a much-improved team... the best balanced backfield the scouts have seen all year... everybody can do everything."

That's Charlotte he's talking about. They're four and three on the season; not exactly tearing up the league but he knows they can beat him.

On top of that his Redwings just came off a game they were expected to win, which they did without too much trouble.

That was a 20-8 affair over in Alma last weekend.

And the only Panther touchdown came on first play after nine clean red and white jerseys were substituted late in the game.

Actually, Alma didn't exactly roll over and play dead.

"A couple of offensive linemen told me that Alma had the best linemen they've faced all year," said Smith.

In the first period, St. Johns took over the ball on their own 24 and moved to the Alma 15, but a Tim Durner pass to Jeff Silm was incomplete in the end zone and the quarter ended in a scoreless tie.

The Redwings then lost the ball on downs when Charlie Green was stopped at the 12, three yards short of a first down to open the second period.

After the ball exchanged hands several times, the Redwings marched 70 yards in nine plays to score when Silm swept around left end for six yards with just less than three minutes remaining in the half. Silm also kicked the extra point to give the Redwings a 7-0 lead at halftime.

In the third quarter, St. Johns moved the ball from their own 13-yard line for another touchdown in a drive that took 14 plays. Highlighting the drive was

a Durner pass to Dave Fiermoen, good for 32 yards which put the ball on Alma's 18.

Six plays later Silm scored his second of the night when he cracked over from the two despite a stubborn Panther defense. The conversion attempt was wide to the left and with 36 seconds left in the period, St. Johns led 13-0.

In the fourth quarter Alma drove down to the Redwing 19 and fumbled. It was recovered by Rich Stoddard on the St. Johns 15.

Thirteen plays later, with the ball on the Alma 17, Durner passed to Fiermoen who pulled it in as he crossed the goal line. Silm kicked another extra point and St. Johns led 20-0 with little more than four minutes left in the game.

But less than two minutes later, Alma's quarterback Harry Ward stunned nine Redwing substitutes when he galloped around left end for 65 yards and a touchdown.

Ward then added two more when he fired a conversion pass to Pete Mellinger, with 2:35 left in the game.

Silm was the leading rusher, picking up 92 yards in 16 carries while Green added another 78 in 15 attempts.

Durner picked up 139 yards in the air when he completed 11 passes in 22 attempts.

St. Johns' offensive effort totaled 392 yards with 201 rushing and 191 in the air, good for 24 first downs.

Alma, meanwhile, rushed for 158 yards and passed for another 43, completing four of six, for a total offense of 201 yards and 11 first downs.

So now there's Charlotte. "I think we can be up and be in for a heck of a game," said Smith. "I think Charlotte is that good."

And you can tell he's not kidding. St. Johns 0 7 6 7 - 20
 Alma 0 0 0 8 - 8

Named Lineman of the Week mainly for his pass blocking, Bob Knight also impressed Head Coach Jeff Smith with his offensive play at center. "When he snaps that ball, he's gone," said Smith. "That really helps."

Larry Wakefield, a senior linebacker and offensive guard, led the team in tackles with 12 against Alma. "He's fought his way to a starting position and ever since he's started at linebacker, he's led the team in tackles," notes Head Coach Jeff Smith.

Junior Steve Mead, who goes both ways at the guard spot, has been "a pleasant surprise on defense," says Head Coach Jeff Smith. "He's such a hustler," adds Smith. Two weeks ago Mead was named Lineman of the Week when he led the club with 14 tackles against Hastings.

Tim Durner, the Redwings' senior quarterback was named Back of the Week for the second time this season "for his overall leadership qualities," says Head Coach Jeff Smith. "When things get a little tough, he's helped get the offense moving all season."

DeWitt nips Potterville, 34-30, for 7th straight, CMAC lead

They're making definite championship noises over in DeWitt.

Things like DeWitt 34, Potterville 30.

That was the final when the two previously undefeated Central Michigan Athletic Conference powers met last week.

Quarterback Joe LaMacchia paced the DeWitt attack with three touchdowns as the Panthers ran their season record to 7-0 and took over sole possession of first place in the conference.

A victory against Fowler this week would assure the title and cap a perfect season.

on a pair on one-yard runs and the other on a 13-yard dash, while Ron Brown and Jim Ashley added two more on six- and two-yard runs respectively.

Kim VanTilburg scored twice for Potterville, first on a 10-yard run and again when he took in an 11-yard pass from Mike Sherman.

Other Potterville touchdowns

were scored by Rick Metzmaker on a 10-yard pass from Sherman and a one-yard run by Sherman.

Marty Lankford and Brown each ran two-point conversions for DeWitt, while Bruce McMurray scored two and Mike VanFossen one two-point conversion.

LaMacchia's 13-yard scoring run with 1:30 left in the game clinched it for the Panthers, but the Vikings narrowed the final margin to four points with 19 seconds remaining on Sherman's 11-yard pass to VanTilburg.

Big rivalry

Michigan State football games at Michigan have drawn eight of the ten largest crowds since official national attendance records have been maintained. The most ever in the 35-game series that started in 1897.

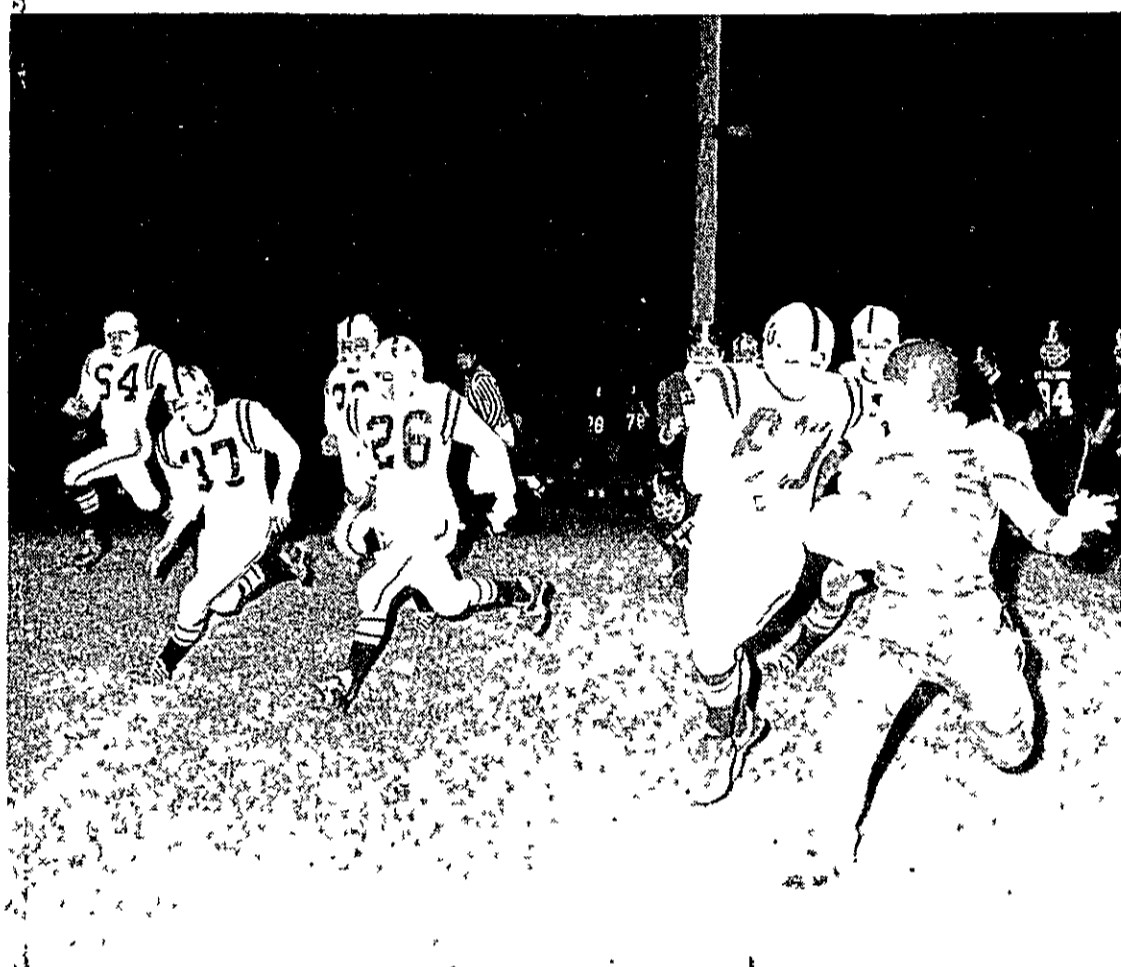

TDs cheap

The 70 points scored by Michigan State and Notre Dame in their 1969 football clash at Notre Dame (N.D. won it, 42-28) were the most ever in the 35-game series that started in 1897.

Painful pass

Huge Michigan State sophomore tight end Jim Nicholson, 6-7 and 267, made the first pass reception of his Spartan career early in the SMU game. It was good for nine yards but Nicholson was bowled over on the ensuing tackle and knocked out of the rest of the game with a knee sprain.

Six determined Pirates move in on St. Pat's Mike Simon.

Laingsburg falls, 22-8

Feldpausch leads Fowler to 1st win

Steve Feldpausch rushed for more than 100 yards as usual. He continued a pace averaging one touchdown a game as usual.

And Fowler won which was unusual.

Feldpausch scored his sixth and seventh touchdowns of the season and rushed for 163 yards in 20 carries as the Eagles took their first victory of the season, 22-8, over Laingsburg.

Feldpausch, a junior halfback, scored on off tackle runs of 20 and 69 yards and slanted off tackle for a two-point conversion. Eric Feldpausch added another two-point conversion run.

In the third quarter, defensive end Gary Pung intercepted a pitchout and dashed 37 yards for the final Fowler TD.

Laingsburg scored when Dick Rowley stole a Fowler fumble in mid-air before going all the way.

Leading Fowler's defensive effort was Dick Webber with nine tackles.

The Eagles are now 1-5 in Central Michigan Athletic Conference play and 1-6 over all, while Laingsburg is winless on the season.

Fowler concludes its season Friday at DeWitt which is leading the league and is 7-0 overall.

Raiders win title

Fulton blanked by Portland, 27-0

The Portland Raiders clinched their second consecutive Tri-Central title Friday by shutting out Fulton, 27-0.

The undefeated Raiders made it 20 wins in a row scoring 13 points in each half.

Don Davis paced the Raiders when he fired a 28-yard scoring pass to Dave Hoorst and added another six points on a one-yard scoring run.

In the second half, Glen Ries banged over from the two and Keith Pine dashed from the seven to add a dozen more points while Jim Thompson kicked one extra point and Al Pine ran for two more on a conversion.

The pirates are now 1-4 in conference play and 2-5 overall.

This week Fulton meets Carson City in another Tri-Central match.

Weber romps

Early TD's push P-W past St. Patrick, 14-12

Coach Bill Marks calls Danny Weber "a top-notch back."

And Friday night the junior Pewamo-Westphalia fullback showed why as he scored 14 first-period points to pace the Pirates to a 14-12 victory over Portland St. Patrick.

Weber picked up his first score on a two-yard run and then came back later in the period and dashed 82 yards for six more.

He then swept end for a two-point conversion.

St. Patrick began working on the deficit when Tom Brown ran 62 yards for a touchdown in the same quarter.

Then in the third period, Dan Bengal plunged from the one-yard line for the second Shamrock touchdown.

Weber finished the night with 184 yards in 18 carries while middle Guard Jerome Phelen paced the Pirate defensive unit with 20 tackles.

P-W picked up 222 yards in total offense—all on the ground—

as their only two attempted passes were incomplete.

St. Patrick, meanwhile, rushed for 227 yards and added another 57 in the air completing six of 12 passes for a total offensive effort of 284 yards.

The Shamrocks also led in first downs picking up 12 to P-W's eight. The Pirates were charged with 75 yards in penalties while St. Patrick was set back 40.

P-W concludes the season Friday in another Central Michigan Athletic Conference game at Owosso St. Paul.

The Pirates are now 3-2 in conference play and 4-2-1 on the season.

Lucky break

Michigan State first-string football defensive back Harold Phillips of Detroit was not recruited by Spartan coaches. He came to school through the Higher Education Opportunity Commission in the Motor-City, and then reported for ball.

Teacher Joyce Honchell assists children with number work sheets at Olive Center. The children enjoy their own private study booths for pencil and paper activity.

Focus on Olive Center kindergarten program

Almost all children enter Kindergarten with great natural curiosity about themselves and people, about nature and all of their surroundings.

What happens to this natural curiosity as children progress through school?

The Kindergarten Center idea being tried in the Olive Center School this fall will—it is hoped—encourage all children to develop as individuals as well as becoming members of a group. It is believed that the program will encourage a child to use and further develop his inquisitiveness.

Both teachers, Kaye Walters and Joyce Honchell, were chosen because they were well qualified, both through training and experience to work with kindergartners, and they were willing and anxious to try different approaches.

There are also two aides, Hilda Chant and Darlene Lawrence.

Approximately 60 students are in the three-room building all of the time.

Mrs. Walters works with the children in developing reading readiness and the other areas associated with language arts—speaking and conversational habits, colors, the alphabet, printing, interpreting pictures etc.

Mrs. Honchell works with the children in activities which will encourage the children to learn about arithmetic and science.

Mrs. Chant has responsibility for helping with restrooms for helping with restroom periods, snack time (graham crackers and milk) and recess

activities. This is done in the hallway where a bench and table have been built.

The third room is an "activity" room where Mrs. Lawrence has the children for creative activities—like film-strips, games, stories, movies, art materials, clay, colors, paints, paper, chalk etc. Toys are also available for the children to use.

The children are divided into four groups of about 15 each, and they go from one room to another for the different parts of the program with about a half hour spent in each area.

Carpeted areas are in two of the classrooms for story time and group activities. Small study carrels have been built along the walls where students can work by themselves with seatwork, look at books, color pictures and such activity.

The best feature of the program is that the groups can be small enough—about 15 in each group—so that much more individual attention is given to each child.

Teachers can not only do a better job in getting children prepared for the so-called fundamentals, but they can also help children develop confidence in themselves and to adjust more readily to the social activities which are also an important part of school readiness.

Plans are being made to compare the progress of the children in this program with the progress made in the regular kindergarten room with one teacher and 25 to 30 children.

Emphasis is placed on the individual needs of each child. They

are accepted where they are, with a determined effort being made to allow each child to progress at his own rate.

Efforts are also made to determine and correct physical, mental and emotional problems which may keep a child from learning.

The teachers work hard to provide opportunities for self-expression, self discipline and self confidence.

Emphasis is also placed on how a child learns as well as on what is learned. Teachers and aides—with the smaller groups—have an excellent opportunity to observe how a child behaves in several situations and to listen to his comments. These observations are used in planning the classroom activities.

It is hoped that the program will allow for greater interaction between teachers, aides and students. It is through such interaction that much learning occurs.

A visit to the Center will show that this is not a program for a teacher who doesn't want to keep busy. The teachers and aides have children with them all the time.

Working with smaller groups requires great creativity and sensitivity to children. A real effort is made to adapt the activities to the child rather than to make the child conform to a program.

The project is based on five areas of concentration:

Perceptual skills—both visual and motor. This includes such things as color recognition, learning left and right, concepts of distance, up and down, less than and more than, muscle and eye coordination etc.

Cognitive skills—this implies the ability to see things in relation to other things, which is what we all have to do.

Oral communication skills—this consists of proper word pronunciations, associating sounds with letters, oral expression and good speech habits.

Communication and expression of attitudes and feelings—Students are taught that attitudes and feelings are also ways of communicating. They are encouraged to express feelings as well as verbal expression.

Social skills—Every effort is made to see that the children learn to live and work together, and that we need to consider others as well as ourselves when we say or do something. Self discipline is encouraged.

Program objectives teach self respect and encourage free expression as children are helped to become independent, while developing self-discipline, and assuming responsibility for group living.

Parents are welcome to visit at any time.

Camporee draws 251 Scouts, adults

Daniel Woolner, chief of the Okemos Council No. 271, reports 251 boys and adults attended the Chippewa District Camporee at Camp Mapleton, on Shepardsville Road, Oct. 10-12.

The Scouts represented 13 communities including 12 from Clinton County and one from Portland.

Patrols competed in five events, including first aid, junior olympics, camp-crafts, camp-site, and tree identification.

Troop No. 60 received the Presidential ribbon award as the No. 1 Troop at camp. Carl Slim serves as their Scoutmaster. Troop No. 585 of Ovid was first runner-up in over all scoring. Eugene Peterson is their scoutmaster.

Marvin Whitford of Eureka was camporee chief and Douglas Cook served as district chairman. Dale Shooltz of Maple Rapids was district camping and activity chairman.

Two new troops, one from East DeWitt and another from Riley School attended the camporee for the first time, and both gave outstanding performances. The East DeWitt Troop received six ribbons for patrol and the Riley School five. Orville Devereaux is scoutmaster for East DeWitt and Leonard Henry for the Riley School.

A campfire was sponsored Saturday evening for parents and guests. Three other troops held a family picnic on Sunday including troop No. 67 of Bath; Troop No. 77 of DeWitt and Troop No. 60 of Wacousta.

Announcements

The Maple Twirlers will host a "Witches Prowl" at the Maple Rapids School gym on Friday, Oct. 24, with Wendell Law as caller. There will be special door prizes and a carry-in lunch. All area square dancers are invited to attend.

Ovid-Elsie well represented at FFA national meet

More than 300 high school students, teachers and parents represented the Michigan Association of Future Farmers of America (FFA) in Kansas City, Mo. last week at the 42nd Annual National FFA Convention.

The national convention attracted 12,000 FFA members and guests from 50 states and Puerto Rico. An outstanding

Career in Agriculture Show focused attention on the increasingly broad opportunities in the many fields of agriculture.

THE MICHIGAN delegation was headed by Robert Craig, State FFA President from Ovid-Elsie, and Paul Grill, State FFA Secretary, Fowlerville, serving as the State's "official delegates." Two delegates from each state form the Convention's voting

body. John Goebel, East Jordan, and Eric Armentrout, Clare, were Michigan's alternate delegates.

Eleven outstanding young men from Michigan received the American Farmer Degree, highest achievement offered by the organization.

THIS AWARD is limited to one for each 1,000 active members. Michigan is entitled to 11 by having an active membership of more than 10,000 FFA students in 179 communities.

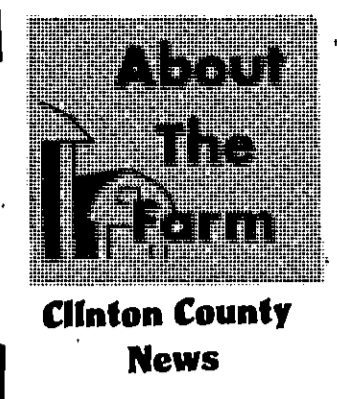

The American Farmer selection is based on outstanding achievement in agricultural development and rural leadership.

Five Michigan FFA members participated in the National FFA Band which will include 121 members from 43 states.

THREE Michigan FFA Chapters have entries in the National Chapter Award Program, and will send representatives to Kansas City to hear the results of their year-long efforts. These top ranked chapters are Ovid-Elsie Cassopolis and Corunna.

The Ovid-Elsie Chapter also followed closely the announcement of national awards for outstanding activities in promoting farm safety. Their report was judged to be Michigan's best representative.

FIVE national agricultural contests were conducted at Kansas City during the Convention. Michigan's top teams were selected last May in state competition and include Ovid-Elsie, meats judging; Williamston, dairy cattle judging; Plainwell, dairy products; Rudyard, livestock judging and Ravenna, poultry judging.

Farm Bureau pays dividend

In a continuing effort to encourage driver safety, the 13th Farm Bureau Mutual auto dividend in 20 years will begin arriving in policyholder mailboxes after Nov. 1.

The new dividend, 10 per cent of the semi-annual premium for some 50,000 Michigan auto policyholders, will add up to \$280,000. Total auto dividends paid during the firm's 20-year history now exceed \$2,100,000.

"Driver safety, that's the key," said Nile L. Vermillion, Executive Vice President of Farm Bureau Insurance Group, in announcing the dividend. "As an insurance company we have a responsibility to encourage safe driving through dividends—showing that safety really does pay. But ultimately, only the individual motorist can make the decision to drive carefully, defensively, safely. Farm Bureau Mutual auto policyholders have."

The latest auto dividend was approved by Farm Bureau Insurance Board of Directors effective Oct. 20.

In the last three years, Farm Bureau Mutual has paid out more than \$800,000 in auto dividends to policyholders while most auto insurers have been raising rates.

4-H Chatter

By JOHN AYLWORTH
Extension 4-H Youth Agent

I had a very enjoyable task last Thursday of showing Miss Elsie Joberg around the county in seeing various agriculture practices which were new to her. Miss Joberg is a 1969 International Farm Youth Exchangee from Norway and is presently staying with the Esten Beachnau family of R-1 Eagle. Elsie will be leaving Michigan Nov. 2 for California before returning to her home in Norway. She has been in the United States since last May and has lived with host families in Texas and Michigan before coming to Clinton County Oct. 19.

As she lives on a 30-acre farm in South Norway near the city of Tonsberg, Norway, population 17,000, Elsie remarked that Americans use much larger farm equipment than they do. During the day we visited the Harold Lietzke Farm near DeWitt where they make pellets from Alfalfa hay, the Centennial Farm Market near DeWitt where she saw cider being made, how sugar beets were harvested on the Duane Davis farm south of St. Johns. All of these practices were new visually to Miss Joberg.

During our conversation about schools, Elsie said that in Norway a child must go to school for nine years and then they can either drop out of school or go on for further schooling, if they pass the examinations. A student may go on to a Real school for two or three years then to Gymnas School for three or four years and then to a University for schooling in their special field of training.

A pleasant task

Miss Joberg said that farmers eat four times a day at 7:30 a.m., noon, 4 p.m. and 7 p.m., while most business people eat about the same time as we do here. In Norway the food is prepared a little differently, they eat more fish and lamb and use more whole wheat bread instead of white bread.

American food agrees with Elsie as she said she had gained 12 pounds since May. Near her home there is a lot of fish, lobster, shrimp and oysters caught and used in their meals. Because the average size of farm in Southern Norway is only four acres of cropland, most farmers also work in a factory, fish or work in the forests to make a living.

Before coming to the United States Elsie worked with the mentally retarded youngsters in Norway and feels it is a worth while project.

Those who have met Elsie have found her charming and an excellent representative from Norway to the United States.

While in Clinton County Elsie

has been sponsored by the Mary Queen of Heaven Circle of Westphalia. In the United States the IFYE program is conducted by the National 4-H Club Foundation in behalf of the Cooperative Extension Service. Financial sponsorship is provided by friends of 4-H through the Cooperative Service and the National 4-H Club Foundation. Anyone interested in learning more about the IFYE program should contact the Extension Office in St. Johns for details.

Five 4-H Clubs, Bengal Community, Olive 4-H Projects, Nimble Fingers, Kountry Kousins and Elsie 4 Corners were honored Monday evening at the General Leaders meeting in St. Johns, at Smith Hall. The clubs became Honor Clubs this past summer by scoring a minimum of 900 points out of a possible 1,200 points in clubmembers activities and participation in the County 4-H Program. The clubs received their choice of a travel or

4-H Club banner for their award. All clubs are eligible to compete for this honor and all clubs who score a minimum number of required points will be recognized.

The Fund Drive is underway for the National 4-H Center Expansion Campaign to enlarge the Center at Washington D.C. to handle 4-H members and leaders who participate in the National training programs. Michigan's fair share of the 8 million dollar drive is \$75,000 and based upon the County Enrollment of 1,500 members. The county goal is \$1500 or at the rate of \$1 per member. Clubs are asked to raise this amount over a three year period or sooner if possible. A program on the National 4-H Center was shown at the 4-H General Leaders meeting Monday evening.

Reservations are coming in for the 4-H Crop Show scheduled for Thursday Nov. 6, at the United Methodist Church in St. Johns at 7 p.m. The dinner and program is sponsored by the St. Johns Exchange Club. Reservations are to be in the Extension Office by October 30.

Eighteen older 4-H members who received the County 4-H Award trip to Chicago Nov. 28 - Dec. 1, will be meeting in the County Extension Office Thursday, Oct. 30, at 8 p.m. to make final plans and details for their trip.

4-H leaders teaching or interested in Cultural Arts training in Charcoal and Pastels projects should plan to attend the leader training meeting at Camp Kett near Tustin on Nov. 6 and 7. The State wide training conference is to provide leaders an opportunity to develop skill and confidence in the creative arts and experience with Charcoal and Pastel art mediums. There is no cost to Clinton County leaders. Anyone interested in attending should contact the County Extension Office by Thursday Oct. 30.

The French's Corner 4-H Club members have elected Ann Graham as their new President for the winter program. Other officers include Marcia Motz as Vice President; Julie Havens as Secretary and Newsreporter, Debbie Butler as Treasurer. The members had a "wefner" roast last Friday evening to start the year off right. The club will meet the third Monday of each month, 7:30 p.m. for their business meetings.

The Stuch and Chatter 4-H club held their organizational meeting and elected the following officers: President, Sandy Nelson; Vice President, Janie Hinton; Secretary and Newsreporter, Cindy Splitter; Treasurer, Roxanne Splitter and Health officer, Julia Swanchara. Mrs. Esther Plowman is the organizational leader and she explained the 4-H Creed to the members. The club will meet the second Tuesday of each month with special work sessions between meetings. The members enjoyed a Halloween Party, Oct. 28.

Dan Barz is the new President of Charlie's Gang 4-H club for the winter program. Other officers include Vice President Ron Dilts; Secretary Mark Barz; Treasurer Earl Flegler Jr. and Newsreporter Mark Martens. The members received their fair premium money and certificates and enrolled for the winter projects.

ASCS provides hunting areas

Throughout the 1969 hunting season, there again will be 2,100 farms in Michigan open to public hunting.

Nick Smith, Chairman of the Michigan State ASC Committee, notes that these hunting areas, approximately 250,000 acres; 2/3 of which are in the lower 1/3 of the State, are made available through the Cropland Adjustment Program under which farmers retire cropland from production of surplus crops and divert the land to conservation and recreational uses.

THE FARMS that are enrolled in the public access program receive a small additional payment which is based on the hunting potential of the areas they offer.

The hunting potential is rated by the Department of Natural Resources.

The public access farms are identified by a large green and white sign usually posted at the farm headquarters and reads in part, "Hunting permitted with-

out charge."

Smith says that it is still the responsibility of the hunter to identify himself at the farm headquarters and learn the boundaries of the area available.

The Horton trespass law applies to public access farms as well as any other private land.

THE LAND owner is not required to allow more hunters than recommended by the game biologist as recorded on his agreement.

All hunting on public access lands is regulated by the same laws and rules established by the Michigan Department of Natural Resources for all areas in the State.

A list of the public access farms in any county, which gives the name, address, township and section, may be obtained from any county ASCS office, the Michigan State ASCS Office, or any Department of Natural Resource area field office.

Electric Heating

PROVIDES A "SPECIAL" KIND OF COMFORT

The warmth of electric heating is something really special—so clean, quiet, even-tempered and draft-free... like bringing the sun indoors. But more than that, it's the kind of heating comfort that caters to your personal needs with individual room thermostats, a wide variety of heating systems to choose from—or even a combination of various systems. It's thrifty heating, too. The equipment is so simple and compact it costs less to buy and install. Maintenance is practically nothing. When you build or modernize why not get electric heat and make your comfort complete?

Wheat measurement avoids costly losses

Making sure that wheat acreage planted this fall fully meets the wheat program provision will pay off for participating producers in the State during 1970, says Nick Smith, Chairman of the Michigan Agricultural Stabilization and Conservation State Committee.

"It's always good business to know the correct acreage of the wheat you plant," Smith said, "and it is especially important this year because of the program provisions under which we operate."

Failure to certify to the exact acreage being devoted to wheat

can result in a substantial reduction in the payment otherwise earned under the wheat program. "If a farmer is not sure about his acreage," says Smith, "a measurement service is available through local county ASCS offices, and now is a good time to apply for the service. Once your acreage has been staked off by an ASCS reporter, compliance will be assured if you abide by the staked areas."

If a producer requests measurement service and the service discloses that he has planted more than the permitted acreage or is deficient of diverted acreage, he will still have time to alter his acreage to fully comply.

On the other hand, producers will not be able to change their certifications when the farm is checked and the acreage is found to be in error. Errors in reporting by producers can result in loss of all or a substantial part of their wheat payment.

"Guessing about acreages can be costly," says Smith, "and no one should lose money, either through overplanting or underplanting." "Local ASCS offices will provide information about measurement service and explain other details of the farm programs."

Request measurement service at the county ASCS offices. The charge for a typical farm is modest.

Hybrid wheats in Michigan?

Research to produce Michigan hybrids of soft white winter wheat is well under way at the Michigan State University Agricultural Experiment Station.

Wheat hybrids are needed so Michigan farmers can increase production and maintain quality of this wheat which is used extensively in pastries, reports Dr. Clyde Trupp, MSU crop scientist in charge of the research project.

TO EVALUATE potential hybrid combinations, Trupp and his colleagues made about 300 crosses during the 1968-69 season and are planning more for the coming year.

Studies are also in progress to determine what attributes are necessary in the parent plants to give the hybrids resistance to diseases and insects common to Michigan.

RESEARCH with the cereal leaf beetle has shown that the new hybrids should be highly pubescent (have large numbers of leaf hairs) for maximum resistance to the insect pest.

These hybrid varieties should also have greater hardiness and more effective resistance to mildews and rust.

State Crop Report

By MICHIGAN CROP REPORTING SERVICE FOR WEEK ENDING OCT. 18

Continued showers brought soil moisture supplies up to the adequate to surplus range. A few areas are still considered to be short, however. Only three days were considered to be suitable for field activity as some areas reported standing water in fields.

About 90 per cent of the corn crop is now safe from frost. Some areas received additional frosts during the week which is beneficial in helping to dry the crop. Some farmers were starting to crib ear corn while others were busy harvesting shelled corn where conditions allowed them in the field.

A few were still engaged in silo filling. At slightly over 10 per cent complete, some progress was made with the harvest of corn for grain and is now on about the same schedule as a year ago.

Soybean harvest lagged somewhat during the week.

At one-third complete, progress of harvest is about three days behind the 1968 progress and four days behind normal. As of Oct. 1, production was expected to total 10,692,000 bushels.

This quantity, if realized, would be 11 per cent less than production of a year ago. Dry weather in August and September limited the set of pods and development of beans.

Digging of potatoes is three-fourths completed and is on about the same schedule as recent years. The production estimate of fall potatoes is 6,980,000 hundredweight. This is 7 per cent above the 1968 production.

Harvest of sugar beets showed some progress during the week and is one-fifth complete. This is six days behind the 1968 schedule and four days behind normal.

Planting of winter wheat was virtually complete.

Progress of planting followed a normal pattern throughout the season. The increased moisture supply will allow the crop to go into the winter season in good condition.

EXTENSION GROUPS TO SPONSOR WORK SHOP

Extension groups throughout Clinton County will sponsor their annual Christmas work shop Nov. 4 at Smith Hall in St. Johns. Hours have been set for noon until 9 p.m. and the public is invited. Mrs. Clare Maier, Mrs. R.G. Warstler, Mrs. Gordon Matter, Mrs. Joan Hudson, and Mrs. Ed Grams, members of the "B and B" and the "Double N" extension groups display some of the items that will be on sale and several demonstrations have been planned. Little Timothy Maier, front, inspects one of the pillows designed with the "young folk" in mind.

Swine herds are on the decline

In the past quarter century the number of swine herds in Michigan has decreased by almost two-thirds.

But, swine numbers are still about the same. This means that the volume per farm is increasing and the small inefficient herds are gradually disappearing, says F. Earl Haas, Clinton County Extension Director.

For an up-to-date look at new developments affecting Michigan's swine industry Haas cites the 1969 Report of Swine Research recently released by the Michigan State University Agricultural Experiment Station.

The report features sections on the future of Michigan's swine industry, nutrition, breeding and diseases.

Among the contributors to the report are nationally known scientists Dr. E.R. Miller and Dr. D.E. Ulrey who recently received awards from the American Feed Manufacturers' Association and the American Society of Animal Sciences for their research efforts in swine nutrition.

Also of great interest to swine producers, says Haas, is a sec-

tion of the report which deals with Vitamin E and/or Selenium deficiencies, a nutritional disease which has increased as producers discontinue the use of pastures and switch to total confinement swine operations.

The 1969 Report of Swine Research (Research Report 99) is available at your local county extension office, or may be obtained by writing to Bulletin Office, Agriculture Hall, Michigan State University, East Lansing, 48823.

Sling-shot time

It's an old story, but never boring, about the little guy who beats the giant.

Like the tale of David and Goliath, a small group of only 350 school teachers in Detroit are opposing the giant union. It's a miss-match, as if Little Orphan Annie were fighting Jack Dempsey. Honey, pack that sling shot real well!

It's a match of freedom of choice versus compulsory unionism.

Miss Christine Warczak, President of the newly formed "Detroit Teachers Opposed to Compulsory Unionism" and a school teacher for seven years, is dedicated to voluntary unionism for Detroit teachers, not compulsory unionism.

The friction began when it was announced that Detroit teachers' new contract, effective in early 1970, requires that teachers either join the Detroit Federation of Teachers (DFT) or pay a fee equal to union dues to the union for negotiation services.

"The right to a job should not be conditioned upon paying a union," Miss Warczak said. In fact this poorly financed upstart organization that dares to defy the rich clutching octopus arms of the union is taking steps to challenge the union hierarchy in the local courts—and in the federal courts if necessary.

Farmers everywhere will be observing these events with much more than a passing interest. Threatened with farm labor unionization on a compulsory basis (not voluntary), their cause is closely aligned with these school teachers.

"Compulsory unionism is often called the new slavery and essentially this type of unionism adopts the communist theory that there should be only one party to which everyone should give allegiance and support. Inside the party there may be disagreements, but no one is permitted to go outside and support any opposition movement," says Donald R. Richberg, author of "Labor Union Monopoly, A Clear and Present Danger" and a lifetime fighter for the legitimate rights of labor.

As President Christine Warczak has said, "They want to destroy freedom of choice. It is contrary to everything Democratic, everything we stand for in this country."

U.S. wildlife is an agricultural crop

Wildlife in the United States is largely an agricultural crop. Like other agricultural crops, its welfare and production rest mainly in the hands of the private landowner or operator.

Agricultural land constitutes about 75 per cent of the United States, most of which is privately owned. By its very size this segment of land harbors most of the wildlife.

But the principal use of this land is not the production of wildlife—it is the production of food, fiber, and wood products.

The farmer or rancher can accept or reject the production of fish and wildlife. By his decisions he can either help or hinder the welfare of his wildlife tenants. The landowner also determines whether hunting or fishing will be permitted on his land.

According to Stanley Baird, Chairman of the Clinton County Soil Conservation District, our present abundance of agricultural wildlife is due in large part to our soil and water conservation program.

"A good conservation program benefits wildlife in many ways. Grass waterways, hedgerows, and protected streambanks furnish travel lanes; ponds provide new bodies of water for fish, waterfowl, and other wildlife; crop rotations and stripcropping furnish food and 'edge'; and wildlife habitat and wetland management provide food, cover, water, and living space for many species," says Lloyd B. Campbell, District Conservationist for the U.S. Soil Conservation Service located at 100 S. Ottawa St., St. Johns. The agency helps individuals apply these practices.

During fiscal year 1969, according to Arthur H. Cratty, State Conservationist for the Soil Conservation Service in Michigan, the following wildlife practices were established on private lands in Michigan: 21 miles of

field borders, 1,008 ponds, 77 miles of hedgerows, 5,116 acres of wetland management, 43,059 acres of wildlife habitat management, 15 miles of stream-bank protection, 69 miles of field windbreaks, 3,720 acres of cropland converted to wildlife and recreation, and 26,400 acres of non-cropland converted to wildlife and recreation.

The growing interest of urban and suburban people in outdoor recreation, including bird watching, wildlife photography, hiking, and associated forms of nature study, make non-game birds and mammals of increasing importance. Both benefit from habitat improvements landowners make on their property.

As our population increases and land use becomes more intensive, planned production of wildlife will become more and more important in meeting the demand for this crop says Charles Smith, biologist for the Soil Conservation Service in Michigan.

Experience clearly shows that wildlife can thrive and reproduce in an agricultural setting. And a rural landscape that is good habitat for wildlife is also a good place for people.

IFYE student visits Eagle

Mr and Mrs Esten Beachnau of R-1, Eagle, are the host family for Miss Else Joberg an International farm youth exchange from Norway. Miss Joberg arrived Oct. 18, and will spend 10 days with the family. She speaks very little English and has always lived on a farm. Her interests include club activities, agriculture, dancing, sports and crafts. Her home address is 3157 Barkaker, Tonsberg, Norway where she has one brother and two sisters.

Falling leaves can insure evergreens

The falling leaves that will be drifting by your window this fall can help protect your evergreens from "winter burn." They can help; that is, if you make the proper use of them.

"Winter burn" is actually damage that occurs when roots imprisoned in hard, cold soil are unable to replace the moisture lost through the foliage during periods of warm winter weather. According to the American Association of Nurserymen, a blanket of loosely piled leaves, brush, and dry grass around the base of the tree or shrub provides just the simple and effective protection needed.

The winter mulch you create when you rake your lawn should be deep enough to store moisture and warmth, but at the same time it must be airy. If the leaves tend to mat down (as maple leaves will, for instance), arrange the mulch in thin layers with bits of brush between them. A depth of from four to twelve inches is indicated, depending on how cold you think it will be this winter.

Speaking of evergreens, the nurserymen point out that this is a good time of year to plant them, and since they keep their good looks all year around they'll be especially welcome in the season that's on its way. Plan

to plant the shrubs or trees where you can see them from your window for a touch of cold-weather cheer. As entrance plantings they'll add a special note of welcome.

And if you've been planning to move some of your evergreens, perhaps to provide a screen or border for a special area of the yard, this is a safe season for transplanting. Be sure to dig holes of really ample size, and pack the best soil available around the roots in their new location.

With more time this season for special garden activities, the care you give your evergreens—mulching, planting, or transplanting—will pay happy rewards.

RECEIVES 15-YEAR PIN

Gerald Atkinson, left, presented Donald Henry his 15-year veterans pin in Scouting last week. Both men serve Troop 81, Chief Okemos Council, District 5. Henry has actually completed 17 years in Scouting. He lives at 607 E. Higham and has had two sons in Scouting. His son Dale was a Life Scout and is presently serving with the Navy. His son David was a 1st Class Scout and is now in the Air Force. He says, "Scouting gets in your blood and I feel everyone should have at least one civic project. I like the challenge and teaching boys to make the best of any situation." He estimates he has trained more than 200 boys between the ages of 11 and 13, and says camping, and trips to Washington D.C., and throughout Michigan have been some of the highlights of his Scouting career.

By Mrs. Florence L. Wittchell

The Women's Society of the Christian Service of the United Methodist Church have selected the following chairmen for the "Fall Bazaar." Mrs. Dorothy Sklapyk will have the new fall booth specializing in Thanksgiving articles; Mrs. Joanne Slocum, toys and dolls; Mrs. Dorothy Wailing, handicraft; Mrs. Ruth Mielke, Christmas decorations; and Mrs. Doris Fisher and Mrs. Florence Wittchell will sell candy and baked goods.

Hours for the Bazaar have been set from 4 till 8 p.m. and a smorgasbord supper will be served in the church dining room from 5 till 7 p.m. under the supervision of Mrs. Ruth Nessman.

Mr and Mrs Abbott Nelson are spending several weeks touring Arizona and other points of interest. They recently visited Durt Nelson in Chino Valley, Ariz.

Mrs. Ethel Webster is ill at General Hospital in Lansing. Her condition, according to the hospital is satisfactory.

Mrs. Lawrence Harte of Center Road, Bath, was hostess to the Sunshine Circle of the WSCS recently.

Mr and Mrs Roscoe Wittchell recently visited their son Ralph Wittchell and his family in Omaha, Neb. They returned home Oct. 14.

Two 4-H'ers will win \$400 scholarships

Winners of two college scholarships of \$400 each will be announced at the 1969 National 4-H Congress. The grants, given by The Milwaukee Road, are open to present or former 4-H members in this state and 11 others served by the railroad.

Candidates for the scholarships must have completed at least one year of 4-H and may be juniors or seniors in high school, high school graduates planning to attend college or now enrolled in college.

They must indicate an interest and desire to learn more about the marketing and transportation of grain.

Applications also must be accompanied by a statement of the candidates interests in these subjects and indicate methods by which marketing and transportation may be improved in his local area.

The Cooperative Extension Service screens the applicants records and designates the winners of the awards. The names of the winners will be announced at the National 4-H Congress to be held in Chicago, Nov. 30 - Dec. 4.

The Milwaukee Road has supported 4-H programs for 45 years through the National 4-H Service Committee.

More information about the 4-H Grain Marketing-Transportation scholarship program may be obtained from the county extension office.

parking lot of the Pewamo Elementary School. The vandalism occurred sometime Monday night. The wires were thrown on the garage roof.

Dr and Mrs Leslie Caston of Hastings visited their mothers, Mrs Anna Fedewa and Mrs Clara Caston during the past week.

A Blue Star Mothers meeting will be held Oct. 22 at 8 p.m. at the Elementary School. Mrs Ardis Ludwick will be hostess. Mrs Bertha Doane was taken by Geller Ambulance to Carson City Hospital at 1 a.m. Oct. 17. Mrs Clara Caston was admitted as a medical patient at Ionia County Memorial Hospital Oct. 15.

Several from this area attended the funeral Saturday at Most Holy Trinity Church in Fowler for Leo Schafer, 73.

The Viet Nam honor roll

Names and mailing addresses of Clinton County men serving in the Armed Forces in Viet Nam will be published in this column on a periodic basis. Parents and friends of soldiers serving there are invited to send us their names and addresses so that they may be published. The listings will be repeated periodically, so this newspaper should be alerted to any changes of address. We do reserve this listing for only those members of our armed services actually serving in Viet Nam.

Seaman CHARLES C. BATTORF, USN, son of Mrs Joyce E. Robbins of 983 Webb Road, Dewitt, is serving aboard the USS Ranger off the Southern California coast.
The ship recently participated in Operation Bell Express, a combined Navy - Marine exercise, preparing the units for conditions they will meet not only in Southeast Asia, but throughout the Western Pacific area.
The participating fleet had to evade Navy aircraft acting as enemy surveillance planes as one of the many maneuvers included in the exercise.
In one respect, Bell Express might be compared to a graduation exercise, since each unit was evaluated and graded on its performance.

St. Johns Honor Roll

Here is the honor roll at St. Johns High School for the first marking period.

To gain academic honors, students must have at least a "B" average.

For every "B" a student earns two points, an "A" earns three points and a "C" one point.

Total points for each student are listed in the column to the right.

If a student receives even one "D" he is not eligible for honors.

The average class load is five subjects. The number in parenthesis indicates a student's class load is more or less than five subjects.

Scholarships worth \$800 to be awarded

Two college freshmen will receive \$800 scholarships this year given by Successful Farming through the Edwin T. Meredith Foundation. Winners of the grants will be announced during the 48th National 4-H Congress in Chicago, Nov. 30 - Dec. 4. The Cooperative Extension Service will select the scholarship winners from present or former 4-H members now enrolled in their first year of college. Selection also will be limited to qualified candidates from this state and 14 other states across the country.

In announcing the available educational grants, the National 4-H Service Committee noted that winners will be selected on the basis of their applications as judged on four points. Additional information about the scholarships is available from the county extension agent or state 4-H Office.

Something different

In a very short time, something new will occur in the world of transportation. The 747 jet airliner will appear on the air lanes of the world in scheduled passenger service. Its inaugural flights will be accompanied by more than the usual press coverage that comes with the introduction of a new airplane. The 747 is different. Unprecedented attention has been given to providing comfort and a feeling of spaciousness to those aboard. Instead of a long tubular fuselage, there are individual salons, several galleys (kitchens), numerous stewardesses and a luxurious lounge. Great effort has been directed toward developing new methods of handling passengers and baggage on the ground—efforts to the tune of hundreds of millions of dollars expended for facilities by a single airline.

The global role of the 747 was well expressed by Mr Najeeb E. Halaby, president of Pan American World Airways, when he said, "I'm a great believer . . . in meeting and talking to each other. I don't think it's realistic to carry on a love affair by telephone. I don't think major corporations can do business with full success around the globe, by memo. And I don't think it's possible for nations to live in peace without being able to exchange citizens freely and en masse. . . I would predict that this 747 is going to be the greatest people to people machine man has ever devised."

The full significance of the 747 as a great new means of transport may take months or years to grasp. In this respect, it is not unlike most happenings of historic import that must wait upon the wisdom of hindsight for recognition.

Good words

On a small island in the Potomac river at the virtual heart of the nation's capital stands the Theodore Roosevelt Memorial. The National Park Service maintains the island in its natural wooded state. The Memorial, dedicated two years ago, was recently the subject of a moving commentary by Mr James J. Kilpatrick. Mr Kilpatrick noted quotations of Teddy Roosevelt on the Memorial as words that belong to a different age—an age that many of our young today would call square and cornball. To youth Roosevelt said, "I want to see you game, boys. I want to see you brave and manly, and I also want to see you gentle and tender. Be practical as well as generous in your ideals. Keep your eyes on the stars, but remember to keep your feet on the ground. Courage, hard work, self-mastery, and intelligent effort are all essential to successful life. Alike for the Nation and the individual, the one indispensable requisite is character."

Concludes columnist Kilpatrick, Teddy Roosevelt has been dead for fifty years. God knows we need his like today.

DICKINSON, N. D., PRESS: "President Nixon certainly knew that he was initiating a long and potentially bruising legislative struggle in asking Congress for legislation converting the postal service from a politics-ridden cabinet department to a semiautonomous government corporation. The immediate reaction, as expected, was cool in the power centers on Capitol Hill. . . Congress has a very deep and practical vested interest in the Post Office as is, perhaps the fastest and most politically productive reservoir of patronage in the government. . . But the least we have a right to expect from our stamp and subsidy dollars is efficient, dependable service, and that is the promise reorganization holds out."

LITCHFIELD, Minn., INDEPENDENT REVIEW: "The American people want more and more government service each year and they have the idea the government can do everything from brightening up stum areas to feeding the starving people in other countries. As Americans we seem to think that Uncle Sam is some individual that has unlimited funds which come from some unknown source. Most of us seem to forget the only place Uncle Sam can get funds is right from us. We seem to forget the more we demand the more we are required to pay. Rather than complaining about the amount we pay perhaps it would be wise to take stock of what we are doing and cut down in many areas. Our governing bodies are guilty of listening too much to the demands of the 'have nots' and those that 'have' are getting a little tired of footing the bill."

MICHIGAN MIRROR

Smokes grow costly

While cigarettes have been taking quite a beating lately from many different corners, there is one beneficial aspect about them no one has proposed abolishing—they're taxable.

On Oct. 1, for the first time in history, there was a tax imposed on cigarettes in every state of the union.

On Oct. 9, to bring the matter closer to home, Gov. Milliken asked the Legislature to raise Michigan's cigarette tax from seven cents to 12 cents per pack.

To those who can remember the time when cigarettes were two packs for a quarter, the prospect of paying that much alone in state taxes on them seems a little drastic. But a 12 cent rate isn't even unusual any more.

Iowa was the first state to impose a tax on cigarettes in 1921. Michigan was a relative latecomer to the scene, waiting

By Elmer E. White

until 1947 to levy the first tax on smokers.

Prior to 1947, some 32 states had levied taxes on cigarettes and seven more joined the bandwagon that year.

A 12 cent rate would by no means make Michigan the highest taxing state, either. That distinction belongs to Connecticut, which charges 16 cents for every pack of cigarettes sold there.

Other states higher than 12 cents are Florida (16¢), New Jersey (14¢), Oklahoma, Tennessee, Pennsylvania, Minnesota and Rhode Island (13¢), and Arkansas (12.25¢).

States already charging 12 cents are New York, Vermont, Massachusetts, Maine, Illinois, North and South Dakota and New Mexico.

Hare Keeps Trying

Secretary of State James M. Hare is one of those persons who truly deserve the title political pro."

He is as astute a politician and has as many contacts as any man in Lansing.

Yet, he has one pet project that he has never been able to get the Legislature to go along with. That is a financial disclosure provision for campaigns.

The seven-term officeholder, who is retiring after the current term he is serving expires, is going to make one more try.

He served notice on the Legislature he will be after it again next January to enact "total reform of Michigan's financial disclosure laws with particular emphasis on more effective controls over reporting of political campaign contributions and spending."

Hare said the bill he is pushing "will not limit political participation but will require the participants to be open and honest."

Can anyone tell me why an institution such as schools should not be able to establish guidelines for student dress? And can anyone else tell me why parents shouldn't encourage youngsters to follow these suggestions?

Personal freedom is important, but let's face it; enough is enough. I don't think that suggesting what is appropriate to wear to school is a severe infringement on anyone's rights. It is, in fact, an element of training which the kids must encounter sooner or later and it might just as well be sooner."

It may be a bit old fashioned but among the first things I learned was the value of presenting a neat personal appearance appropriate to the situation or event I was part of. People don't wear football uniforms to concerts or cock-

Tight Money

Desire

I hope that I may never be A hopeless helpless retiree, With nothing left for me to do, But watch and wait till life is through;

I do not here and now desire, That I might set the world on fire, But in the calm of my retreat I crave no symptoms of defeat.

I'd like with others of my kind, To cherish thoughts of things behind, And yet retain a forward feel, That tells me I am still for real; I'd like the fellowship of friends Long after active routine ends, And when the wind is calm I wish To bait my hook for wily fish.

Though age will ever take its toll, Let me still cling to cherished goal, And when my active days shall end Let me ne'er burden a loved friend; So would I still maintain a place Of usefulness in life's swift race, And when I face the setting sun, Some may recall small laurels won.

tail dresses to funerals. How incongruous it would be to walk into a bank and see the vice-president perched on his swivel chair, feet on the desk, all bundled up in a cuddly flannel bathrobe.

Obviously there is nothing basically wrong with doing these things, but out of respect for the rights of others (and of self) it only seems natural to abide by generally accepted guidelines.

Somewhere along the line youngsters must face up to the fact that society will always support certain limits of acceptance. Glossing over this reality with the wax of personal freedom is merely spreading an overprotective coat . . . and that's the kind that chips away quickly under pressure.

And speaking of incongruities, Ken Munger offers this

one: Picture, if you will, the driver who meticulously adjusts all the buckles and straps to make sure he is securely restrained by protective seat belts then lights a cigarette and proceeds contentedly down the street. The smoke might take longer but its results are the same as unused safety belts.

It seems as if we have become a nation of experts. There is little that takes place now days that we don't question and readily propose what we feel to be more reasonable ideas. From the use of IBM's to changing a tire, we on the street have the perfect answer to every question. The only problem is that we experts have so many solutions.

Detrimental to health or not, I always knew that anything tasting as icky as diet sodas just couldn't be all good.

'IF IT FITZ . . .

A turncoat

By JIM FITZGERALD

Mostly to help General Carl Turner and the military-munitions complex, I infiltrated a peace rally on Moratorium Day.

But I admit I hedged my bet, just in case my theory didn't work. I told my wife to spend that day driving around town with her headlights on.

The marvelous thing about a democracy is the instant control we little people have over big things.

Imagine. All I had to do was stand in front of the court house and listen to some anti-war speeches and presto! Hanoi is encouraged and the Vietnam war is prolonged, Nixon said so. And maybe General Turner won't have to sell his guns.

Imagine again. Just in case my presence was misunderstood, and actually aided the protesters' efforts to end the war, I had a perfect self-destruct mechanism. All my wife had to do was flick on her carlights and she wiped out my stand at the court house. The Nixon men said beaming bulbs in the sunshine meant non-support for Moratorium Day. My wife could cancel my vote without getting out of the car, a curb service which might soon be offered on election days. What a splendid country.

It took no small amount of bravery to attend the Moratorium program. Peace rallies aren't very big in 6,000-population towns and at first I figured it would be a pretty harmless thing. But then some smart people wised me up. Our city manager went on the radio and said the cops were ready for trouble. The VFW com-

From the state house

By DICK ALLEN 88th District Representative

At first glance it seems a logical sequence.

Problem 1: The heavy reliance on the property tax for educational finance causes an excessive burden on many people.

Problem 2: Uneven distribution of wealth in the form of property causes a great variation in the quality of education offered children in various areas of the State.

Problem 3: School boards and Superintendents are forced to spend so much time with millage votes and financial issues they have limited time to concentrate on local educational affairs.

Solution: Collect a uniform statewide property tax, reduce it from the present 25 mill average to 16, supplement this with income and cigarette tax money and distribute it in some uniform manner.

This is the present proposal and it has a certain logic. But I'm not so sure . . . A couple of lines from Alice in Wonderland have always stuck in my mind.

Alice. "It's very simple. If you take one from 65 that leaves 64."

Rabbit. "Well . . . I'd kind of like to see that on paper."

I'm a little like Rabbit, not quite convinced.

First of all, I would like to see a more drastic move away from the property tax. But even assuming we can't, is a State Property Tax a step forward?

I have always believed that as for justice, no major tax is as inequitable as the property tax. But as a source of revenue for local governments, it does have some big pluses.

It is easy to identify the exact location of property and, therefore, unlike many other taxes, there is no doubt which district or unit should get the money. It is difficult to move property to avoid a local tax. The revenue is uniform and predictable from year to year, a huge advantage to governmental units lacking large borrowing powers.

So the property tax is basically unjust but has some strong advantages as a source of money for local schools and communities. My conclusion . . . The property tax should remain a local tax.

There are other ways of

mander said the rally was run by Communist dupes. Spiro Agnew said war protesters get mail from Hanoi. And an anonymous phone call warned that I'd make an easy target among all those unwashed demonstrators because I'm over 30 and don't even have long sideburns.

I was scared, I'll admit. But I was also worried about General Turner. I figure he's one of the big things we little people should do something about. So I contributed one more warm body to the rally, determined to do my backwash best to keep the general in business.

You've read about General Turner. He's lately been defending himself before a congressional investigating committee. The Chicago police chief says he gave General Turner a mess of guns to be put in an Army museum. Turner admits he sold the guns and pocketed the dough. But, says the general, the chief knew darn well the guns were for him and not for the Army. The

chief says the general is a liar.

I'm really not concerned about which man is fibbing. What bugs me is this: What is one of our generals doing selling his guns?

Hasn't he got anyone to shoot?

What's this country coming to, anyway? Geez. We obviously need every war we can get. Otherwise, we won't be getting our money's worth out of our generals. And if there's one thing we don't need, it's more waste in the Pentagon.

Also, a war shortage could increase welfare problems. Munition companies would fall and they wouldn't be able to hire retired generals as vice presidents. All that brass on breadlines would be embarrassing to our great nation.

So that's why I was a turncoat at the peace rally. In my devious way, I was fighting a war gap.

Onward and Upward?

Winter . . .

aaugh!

By RON KARLE, Editor

There's no use pretending. It's here.

At first I thought it kind of cute with the leaves turning all those colors and everything.

Nothing I like more than a colorful summer, I rationalized.

Then they fired Bill Gadsby and I thought it rather strange

because he was a hockey coach.

The furnace clicked on one morning but I didn't mind. It was "just to get the dampness out of the air, anyway."

And then the most ominous sign of all: The baseball season ended. When those fellows give up you know it's serious.

I pretended not to notice. But last week it happened. It snowed on me.

Blowing and driving in my eyes and down my neck.

Winter . . . aaugh!

It was the day I went over to the PX and bought a hand-warmer.

Even then, I expected the lady to react incredulously: "A hand-warmer? This time of year?"

But she didn't. In fact, she had lots of them in stock and after proper consideration I chose a slick little number for a buck-forty-nine.

Not only was the hand-warmer supply geared for an arctic expedition, but they had all those woolly type things right out there where it seemed like only a few days ago all those shelves were filled with fishing stuff.

I should have known because only a few days before, I discovered one of them.

They never think in terms of ice and sleet and slush and cold feet and runny noses.

You probably know the kind. They'll tell you something like "Ah yes, a little nip in the air puts a little bounce in the old step."

Then they go on about cheery firesides and hot chocolate and all that stuff.

Well, I got to chatting with John Hannah the other day about the inevitability of winter and before I knew it, he was talking like winter wasn't such a bad idea.

And when he told of his earlier days in the Upper Peninsula, I knew for sure: he was one of them.

But his kind isn't the worst. There's a special breed of people known as skiers, who live for that white stuff and the cheery firesides and hot chocolate.

Give me a good old steaming 95 degrees anytime.

Who ever heard of getting stuck in the sunshine?

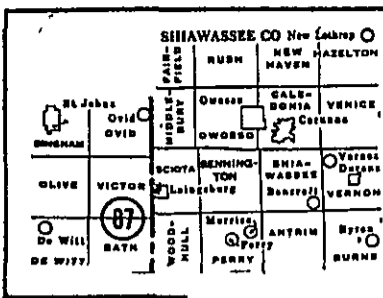

But I've got a solution and one of these days I'm going to bring it up to the boss.

What this paper needs is a Miami Beach bureau.

Even he's got to admit our Jal-Lal coverage hasn't been that exceptional lately.

JOHN DAY, Ore., BLUE MOUNTAIN EAGLE: "A welfare recipient has received money for golf permits and greens fees from the city because physicians say he needs 'special therapeutic experience.' His bid to buy a race horse with city funds was turned down." The city involved is the City of New York, a huge, disorganized metropolis that will be impoverished by welfare if current trends continue. It's easy to see why. As a postscript, it should be noted that the 'special therapeutic experience' was apparently of dubious value. The man was in court for a hearing on four counts of grand larceny and three of petty larceny."

View from the 87th

By WILLIAM S. BALLENGER
State Representative

A small minority of persons receiving public assistance under the ADC program have recently been demonstrating for increased clothing allowances. They are contending that the Legislature only hands them \$22 to clothe each child for an entire year. So they are demanding an additional \$75 emergency dole for each school child.

In the first place, their claim that only \$22 is allocated to clothe each child is simply not true. In a very carefully researched statement recently, Governor Milliken pointed out that the real figure averages out to about \$135 per child. This is a 75 per cent increase over the 1962-63 level of \$76.68 per child, which certainly outstrips any cost of living rise during the same period.

The \$22 figure is an additional allowance for clothing, not the total allowance. It comes from a \$3,000,000 appropriation to improve the level of personal expense funds for school children in ADC families.

This \$135 figure is in addition to basic payments for food, shelter, health and other public assistance benefits. Under the 1969 - 70 Social Services appropriation bill, the average basic monthly allowance for a family of four is approximately \$217. This is a 58 per cent increase from the \$138 per month average seven years ago, and is a substantial improvement over the approximately \$100 monthly average just last year.

I have pointed out repeatedly that no state budget has been increasing as rapidly as that for Social Services. Since 1962-63, the basic caseload appropriation has exploded from \$55 million to over \$158 million. That's an increase of about 190 per cent.

I think it's abundantly clear that the State of Michigan is making a definite attempt to meet its responsibilities in this area.

Sure, I recognize that even present welfare allotments are "not enough" for a high standard of living in today's United States. But, on the other hand, many other families who are breaking their necks to support themselves do not "have enough" either. And in many cases their total wages are less than what some welfare families have.

The public welfare system is not, has never been, and should not be designed to provide its recipients with a luxurious standard of living. It is to provide, to the best of the state's ability, the basic necessities of life. This is exactly what we are trying to do. We are also trying to improve the services offered. The growth of the program over the past several years proves that.

Michigan citizens are now receiving over one half billion dollars in public assistance, with about half of that amount coming from State funds. There has been a 36 per cent increase over the last year in total ADC appropriations alone, from about \$117 million last year to this year's figure of over \$158 million.

But I cannot stress emphatically enough that these are funds from the pockets of taxpayers all over this state. ADC payments are not made from some magical bottomless fund. They come out of the paychecks of Michigan citizens.

Mrs Ray Sherman had dinner Oct. 18 with Mr and Mrs Don Sullivan.

Mr and Mrs Roger Balmer went to Charlotte, Oct. 19 and visited relatives.

Mrs Clyde E. Jenks Jr. and baby visited Mr and Mrs Eldoris Hahn Oct. 18. Mr and Mrs Melvin McRoberts and Debra Espie of Lansing visited on Oct. 19. Mr and Mrs Jay Witt and family, and the Harold Kelley family visited Clare Witt Oct. 18.

Mr and Mrs Otto Dickinson visited Mrs Ivora Dush, Oct. 19. Mr and Mrs Clyde E. Jenks and son of Lansing visited Mr and Mrs Porter Parks and girls Oct. 18.

Mr and Mrs Stu Heber of Lansing, Mr and Mrs Franklin Wells and family were Sunday dinner and supper guests of Mr and Mrs Don DuMond.

Because of this fact, I believe that the basic emphasis of our welfare effort must be toward self-help. Our aim is not to create a permanent welfare life for present recipients and their children, but to assist them to escape the welfare rolls.

Some of the more militant welfare demonstrators express the belief that they have some sort of "right" to welfare benefits. In my opinion, the only people with a "right" to public assistance are those who are physically or mentally disabled. We assist other people because we have accepted a social responsibility to do so. That social responsibility is to help them achieve independence, not to guarantee them a permanent life of ease.

Another major point of the welfare clothing demonstrators is that the Director of the State Social Services Department should declare an "emergency" and approve an immediate increase in clothing allotments. Under Section 14 of the Social Services Appropriation bill, the department director has sole authority to declare emergencies which would allow release of additional funds.

This centralized authority

was granted to eliminate the widespread inequities built into the system when each county had this power. Because of this, welfare recipients in some counties operated under one set of rules while a different set applied to other areas.

However, research clearly shows that the alleged lack of clothing simply does not constitute an emergency. If, as some claim, the state expected a child to be clothed on \$22 per year, there might be some basis for emergency action. However, as I have stated, this claim is not accurate.

Furthermore, the Legislature deliberately took steps to provide a specific appropriation for improving clothing allowances. This legislative mandate also removes clothing from emergency status. In addition, an Attorney General's letter dated Sept. 8, 1969, declared that clothing does not constitute an emergency.

All of these factors—the misrepresentations of clothing allowances, legislative efforts to appropriate as much as possible for this purpose, the Attorney General's letter — all show clearly that these demands for emergency clothing assistance are just not justified.
