Voters head for polls.

Tuesday climaxes campaign

Approximately 23,000 Clinton County residents have the opportunity Tuesday to go to the polls to express their choices for president and vice-president, representatives in the US Senate and House, State House, state boards, county officers and township, and, in 1 case, city officers.

Voters will also decide the fate of 5 state proposals, plus some proposals on the local level.

Those candidates running for office on the county, township or city level are profiled in this week's County News. Those seeking election with opposition to county offices are published in Sec B and township and city aspirants with opposition are published in Sec A.

Also published in this week's County News in Sec A are local proposals.

ON THE NATIONAL level, voters expecting to see 2 or 3 tickets for president are, instead, faced with 6 candidate teams. Incumbent Pres Richard Nixon and running mate, Spiro Agnew, of course, constitute the Republican Party, with George McGovern and Sargent Shriver representing the Democratic Party.

A glance to the right on the ballot shows 4 other party offerings. Running on the American Independent ballot are John G Schmitz and running mate Thomas J Anderson. The Socialist Labor Party offers Louis Fisher and Genevieve Gunderson while the Socialist Workers Party has Linda Jenness and Andrew Pully. Gus Hall and Jarvis Tyner represent the Communist Party.

In the Congressional race, according to polls, a tight contest exists between incumbent US Sen Robert P Griffin (Rep) and his Democratic opponent Frank J Kelly.

Four areas of Clinton will be casting their ballots for US Congress.

In the 5th District, incumbent Gerald Ford is opposed by Democrat, Jean McKee, Charles Chamberlain, 8th Dist Republican incumbent is opposed by Robert Cam (Dem).

Garry Brown (Rep), incumbent in the 3rd Dist is opposed by James Brignall (Dem).

In the 10th Dist, Republican incumbent, Elford A Cederberg is opposed by Democrat Bennie D Graves.

ON THE STATE level, Rep R Douglas Trezise (Rep) is opposed by Democrat Francis Spaniola in the 87th Dist and Dale Warner (Rep), incumbent in the 56th is opposed by John P Huhn (Dem).

Incumbent Stanley M Powell (Rep) is seeking another term in the 88th Dist, with opposition by Dem Kenneth Sommers (Dem) and a local American Independent Party candidate, Dale Calder.

Clinton voters will also be stamping their approval or disapproval of Daylight Savings Time, property tax reform, a graduate income tax, abortion reform and payments and bonuses to veterans.

Those proposals are published in this week's County News.

Clinton residents will also be selecting 2 choices each to serve on 3 university boards and the State Board of Education.

Running for the state board are Charles E Morton and Gurnecindo Salas, Democrats, and William A Sederburg and Edmund F Bandette, Republicans.

RUNNING FOR MSU trustee are Tom Downs and Donna O'Donnohue on the Democratic slate and Aubrey Radcliffe and Jack M Stack on the Republican ticket.

University of Michigan regent candidates are Marjorie Lansing and Thomas A Roach Democrats, and Deane Baker and Lawrence B Lindemer on the Republican ticket.

Board of Governor candidates for Wayne State University are Michael A Einheuser and Kathleen Straus, Democrats, and Kurt R Keydel and Wilber M Brucker Jr Republicans.

DeWitt seeking fiscal year change

City of DeWitt, by ballot proposal Nov 7, is seeking to change the fiscal year for the unit from January to January to begin on the first day of July and end on the last day of June.

City officials say operating on the July to July basis enables the unit to better determine state-shared revenues and feel approval of the proposal will

improve the fiscal efficiency of the local unit.

Also on the ballot in DeWitt is the proposal "shall the sale of spirits in addition to beer and wine be permitted for consumption on the premises with the city of DeWitt under the provisions of the law governing same?"

Westphalia asks for road mills

One of the 2 local proposals on the Westphalia Township ballot asks for 2 mills for a 5-year period to be used on a matching fund basis for the rebuilding of 5 miles of Grange Road in Westphalia Township.

The township share will be 25% while the Clinton County Road Commission will pay 75% of the cost.

Rebuilding will consist of ditching and grading of the roadbed, to include 10 inches of sand cushion, 6 inches of processed road gravel, topped with a 2-inch blacktop mat.

A 5-year project, estimated cost is \$56,000 per mile. Based on a 1972

valuation of \$6,949,500, a 2-mill levy will raise nearly \$14,000 per year.

OFFICIALS of the township report rebuilding of Grange Road would lighten the traffic load on Wright Road and provide an alternate route across the area.

It is expected, if approved, the project would extend the life of the roadbed for many years and maintenance of the blacktop mat would be a "small item for 10 or 15 years."

Reported cost to a home owner with a \$20,000 farm would be \$20 per year. A farm owner with a \$40,000 farm would pay \$40 a year.

Q. When numbering our houses in the country, whom do we contact to receive and record our number and is there a directory available? AG, ST JOHNS

A. 1-2-3... that's how easy it can be! Just call Consumers Power Co's new service at 373-6286 in Lansing. When the owner of a newly-constructed house requests electricity and/or gas they are assigned and provided numbers. If the home was previously occupied call Consumers at 224-2378, and they'll look through their files and come up with the number. If you're serviced by the Rural Electric Association, they don't provide numbers. County directories are available at the courthouse through clerk Ernest Carter.

Q. What has ever happened to the "Straw Ballot" we used to get? Is there any way a copy of the DeWitt Township proposals and a list of candidates be printed in the Clinton County News? This would save so much time if these proposals be read prior to coming to the polls. It is very difficult for people to stand and read a ballot (especially the elderly) when the lighting is so poor and other people are waiting in line. They feel obligated to hurry, thus either not voting on proposals or voting in a hurry just to clear the booth for the next voter. MD, LANSING

A. This week's edition of the Clinton County News is devoted to the Nov 7 election. Where contests exist, pictures and backgrounds of candidates are printed in an effort to inform the voters. As you turn the pages, you'll find a list of township proposals that'll be on Tuesday's ballot, The "Straw Ballot" you refer to has not gone down to defeat. Rodney B Wilson Junior High students in St Johns took their own "Straw Poll" for the '72 election. And you can read all about it in the COUNTY NEWS today.

Speak Out

LAST WEEK'S QUESTION:

The US Postal Service has recently changed their service with all mail going to large centers for distribution. Do you feel the service is better, worse or the same?

WORSE 100%

"The new Postal service is very disappointing. It now takes 3 days to get mail to a town within walking distance. We should know it happened twice within 2 weeks". "We used to get letters from away the next day and now it takes 2 days". "We receive our payroll by mail and it started arriving Saturday, when we are closed, instead of Friday."

THIS WEEK'S QUESTION:

When you go to the polls Tuesday, will you vote yes or no to allow the state to borrow \$266,000,000 to provide veterans of Vietnam and other conflicts with tuition payments or a service bonus.

YES NO

To express your opinion, mail a card with your vote and comments to the County News or call 224-2361, day or night.

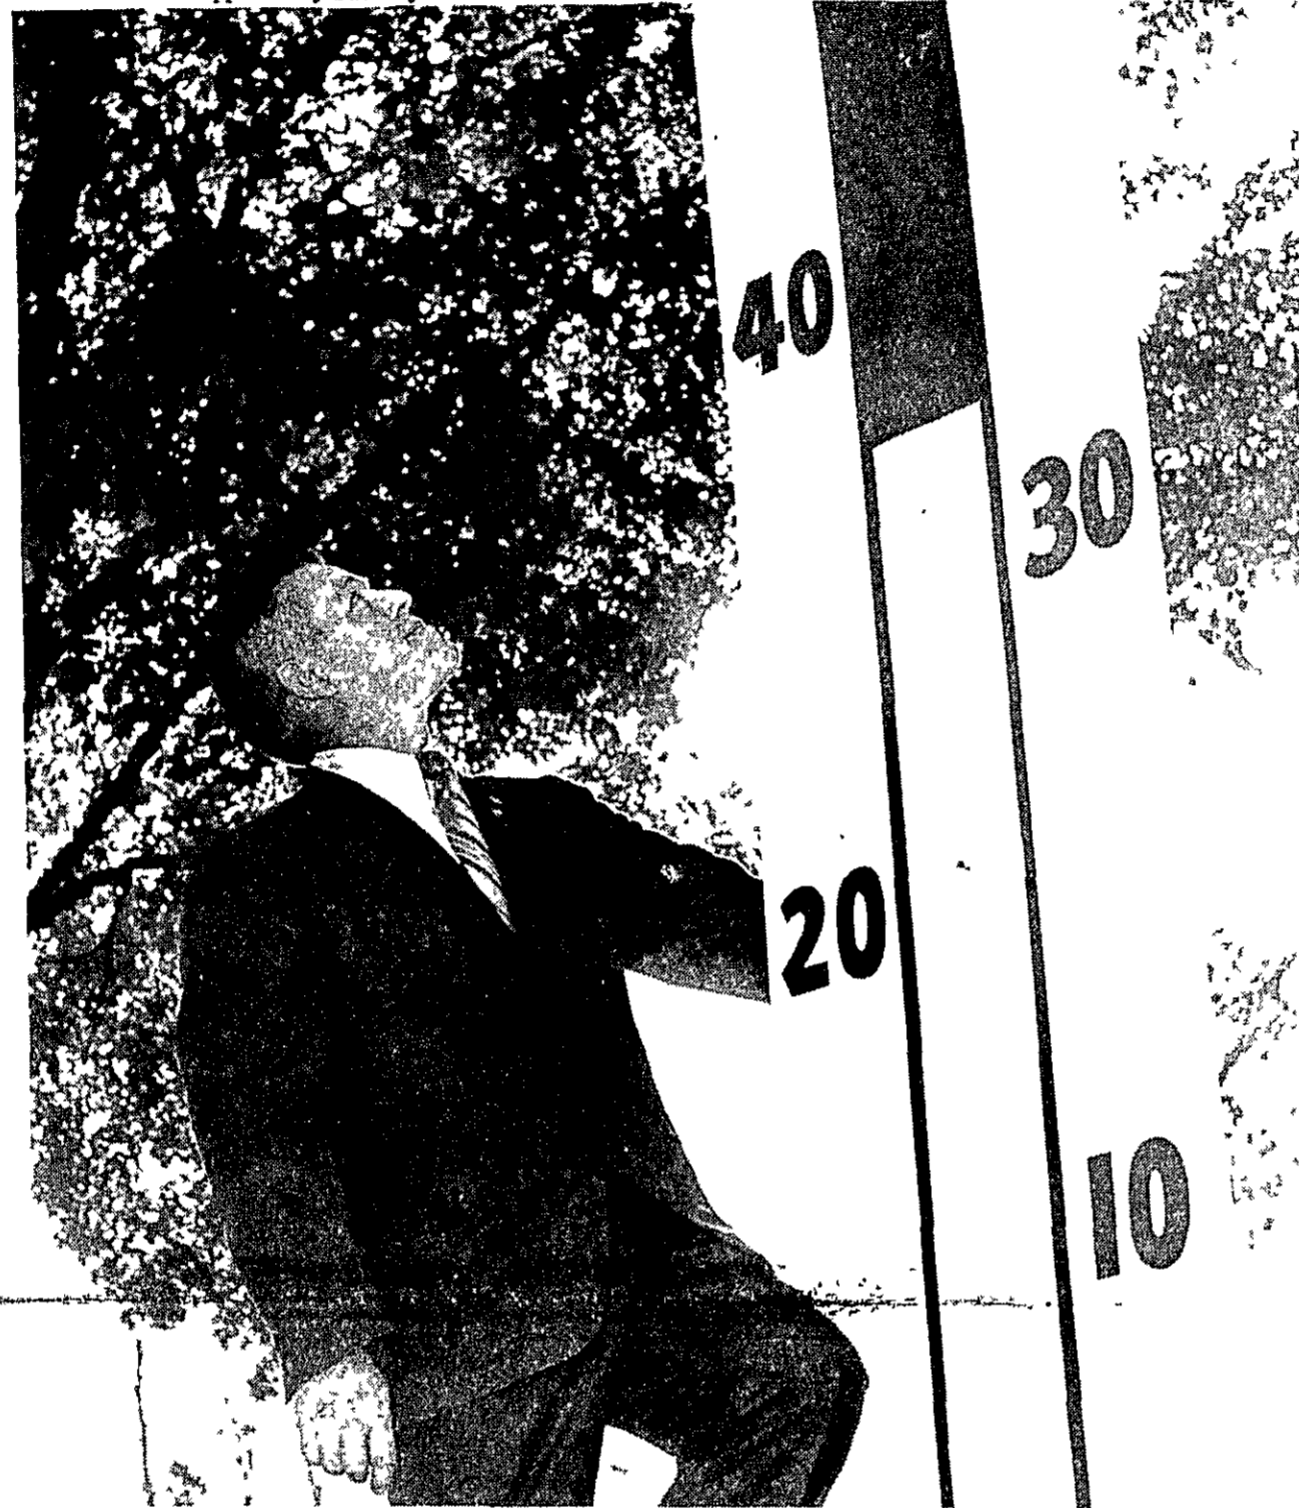

Rodney B election poll

It may not be Gallop or Harris, but the Rodney B Junior High School Poll predicts 59% of the vote for Pres Richard Nixon.

Members of the 6th grade class polled their parents and returned to class with the following results.

Nixon - 59%, McGovern - 23%, Wallace - 1%

The Socialist Labor Party also received 1% and no opinion was listed by 17%.

Sam Serrell, chairman of the Clinton County United Fund Drive surveys the progress of the campaign on the "generosity thermometer" located at the southend of Clinton Avenue in St Johns. Three progress report luncheons will be held in the near future. The first 2 will be at the Colonial Restaurant and the final one at Rodney B Wilson Junior High School. Officials of the campaign have set the St Johns goal at \$29,000 and efforts are being concentrated to industries and places of business rather than door-to-door solicitation. Workers are in demand in the areas of DeWitt, Wacousta and Westphalia for the campaign which ends Nov 16.

St Johns Schools to reinstate shuttle buses

ST JOHNS - The St Johns School board reinstated a shuttle bus service for city high school students at a special board meeting last Wednesday evening.

Last year, because of an austerity budget, this service was deleted from the program.

The shuttle buses will be in 3 locations; the north side of Perrin-Palmer School, the north side of East Ward School and the parking lot of the Lutheran Church on US-27.

Students wishing to ride the bus to the high school should gather at one of

these locations at 8:15 am. The bus will leave at 8:20. At the close of school students will be bused back.

School officials put the service into operation again at the request of a number of parents whose children had, in some cases, 2 miles to walk to school.

In other action Gordon Vandemark, high school principal, told the board that smoking by high school students is increasing, especially among freshmen and sophomore students.

He said 8 students had been suspended for 5 days each recently. Five were freshmen and sophomores.

Vandemark said school rules prohibit smoking on school property and the rule is hard to enforce. He said there is not enough personnel to staff the areas where the students are smoking. Most of the smoking is being done in rest rooms at the school.

School officials felt the rules on the issue should be enforced and later Vandemark defined the school's policy to the Clinton County News.

He stated the first offense will carry an immediate 5-day suspension from school and the student must make up all work missed during the suspension period.

A letter will be sent to the parents or, in some cases, a phone call will be made requesting a conference with all parties concerned in the principal's office. The student may be assigned to the detention opportunity room upon recommendation of the principal to make up lost time.

If a 2nd offense occurs, an indefinite suspension will be put into effect and a hearing will be scheduled with the superintendent if the student and his parents desire. It will be the recommendation of the principal to the superintendent that the student be expelled for the remainder of the year.

Owosso physician to offer services

ST JOHNS - Starting Saturday, Nov 4 Robert W Clifford, MD of Owosso will be holding a clinic at Clinton Memorial Hospital and will be treating patients with problems of the ear, nose and throat nature.

Dr Clifford will be at the emergency room of the hospital each Saturday, at

10 am and as the need for operative services develop will be associated with John R Hofstra MD who will administer anaesthetics.

Persons wishing to made appointments with Dr Clifford may call his office in Owosso or appointments

circulation jumps by over 1000

The Clinton County News circulation jumped by over 1000 readers recently with the purchase of the former Ovid Banner subscriber list.

Those persons holding current subscriptions to the Banner will receive the Clinton County News on a 6-month complimentary basis.

The Banner, owned by George and Donna Wilbur, ceased publication in

December, 1971.

Since the closing of the Banner, the Clinton County News has extended news coverage to fill the void created by the absence of an area news publication.

Both the Clinton County News and North Clinton Shopping News also service the advertising needs of the entire Ovid-Elsie area.

P-W is 8th victim of Fowler Eagles

Pewamo - Westphalia became the 8th victim of the Fowler victory march Friday as Fowler defeated the Pirates for their 8th victory with no defeats.

A tough defensive battle, the scoring was held in the 1st 3 quarters to just 6 points, scored just before the end of the 1st half.

Scott Spicer put the 1st TD on the scoreboard on a 1-yard plunge to give Fowler a 6-0 lead at halftime.

The third quarter passed with neither team scoring, but the Fowler offense began rolling in the final quarter and posted 3 more touchdowns by the end of the contest.

RICK EPKEY scored 1st in the final quarter when he hauled in a 12-yard pass from Spicer. It was Epkey again for the

next score, intercepting a pass and returning for a 64-yard touchdown run. Epkey also caught the pass for the 2-point conversion to give Fowler a 20-0 edge.

Larry Halfman added the final touchdown on a 38-yard run.

Fowler picked up 198 total yards, 158 rushing and 40 more through the air. P-W had a total offense of 122 yards with 115 on the ground and 7 in the air.

The Pirates threatened in the 1st quarter, but lost the ball on a fumble on the Fowler 2-yard-line and a touchdown was called back because of a penalty.

FOWLER HOPES to make it 9 in a row Friday when they host Bellevue. P-W takes on Webberville in an away game. The Pirates'

record is 3-5 for the season.

Pewamo - Westphalia junior varsity gridgers, meanwhile, were busy winning their 7th game without a loss, while handing the Fowler Jayvees their 1st loss of the season.

The Jayvee Marauders won the contest 8-0 when Phil Piggot scored from the 14 on a reverse and Larry Theis ran over the 2-point conversion.

Theis led the Marauder running attack with 101 yards in 18 carries. P-W had a total of 254 yards on the ground with another 28 in the air.

Fowler picked up 84 yards rushing and 48 in the air.

A Pewamo-Westphalia runner dives for yardage against a tough Fowler defense. The Fowler defense held P-W scoreless as the Eagles rolled to their 7th straight victory 26-0.

Redwings lose shot at title

Hopes for a 1st place conference tie for St Johns were dashed Friday night at the Redwings fell to Grand Ledge 14-0.

A victory over Grand

Ledge would have given St Johns a shot at Alma in 2 weeks with a victory there meaning a share of the league title.

Now Grand Ledge is

assured of a tie and a possible conference championship.

The Redwings record is 3-2 in the league with Grand Ledge at 5-1.

First loss in 14 games

O-E shocked by Corunna

Frosh tie Grand Ledge

St Johns freshmen and Grand Ledge frosh battled to a 6-6 gridiron tie at Grand Ledge Thursday night.

Neither team scored until the 4th quarter with Grand Ledge drawing 1st blood with 9 minutes left in the game.

On 4th and 5, Redwing Tim Tim Knause tossed a TD pass to Carl Bashore from the 13-yard-line for the tying score with 25 seconds left in the game.

Both teams were unable to score the conversion. More action took place following the St Johns kickoff after the TD.

Grand Ledge attempted to pass and it was intercepted by Nick Pytlowanyj and he returned to the Grand Ledge 40. Time permitted St Johns

2 more plays, but they were unable to reach the endzone.

Coach Roger DePaape said, "this was a typical St Johns-Grand Ledge football game. There was tremendous hitting by both teams."

He singled out linebacker, Jeff Brasington and defensive back, Nick Koernigsnecht as defensive standouts. Coach John Wilcox had special praise for the play of Carl Bashore.

The tie game means St Johns freshmen have the best record in freshmen football in the West Central Conference, finishing the conference schedule with a 4-0-1 record.

They play East Lansing in a non-conference game Thursday at home. Kickoff time is 7 pm.

NEITHER TEAM was able to put the ball across in the opening half and Grand Ledge scored the first of their 2 touchdowns on a 1-yard run by Joe Hughes. Dan Hansen booted the extra point to give Grand Ledge a 7-0 lead.

Hughes added another touchdown in the final quarter on a 44-yard run. Hansen again kicked the extra point and that was the extent of the scoring for the evening.

Unable to mount a strong threat, the Redwings were held to 58 yards in the contest.

The Redwings have a chance to play the role of "spoiler" in Alma's case. They take on Alma in 2 weeks and a victory over the Panthers would eliminate them from title contention.

The Marauders of Ovid-Elsie were beaten by Corunna 24-0 in their final Mid-Michigan B Conference game, after winning 14 straight league games in the last 3 years.

Both teams were unable to sustain an offense on the 1st series of plays, but, on 3 and 8, the Corunna quarterback connected on a 55-yard scoring pass to halfback, Ray Lawcock. The extra point was successful.

Ovid-Elsie took the ball and drove to the 28-yard-line where they lost the ball on downs.

Corunna came right back on a 37-yard pass play and halfback Bill Golombisky's 35-yard touchdown run added the 2nd Corunna score. Randy Thayer added his 2nd extra point con-

version of the game to give Corunna a 14-0 lead.

CORUNNA'S last touchdown was set up by an O-E fumble on their own 20-yard line. Thayer pulled in a 19-yard pass to the 1-yard-line.

The Marauder defense held for 3 downs, but, on 4th down, Golombisky picked up his 2nd touchdown of the game. Golombisky was a standout on offense and defense for Corunna. O-E coach, Mark O'Donnell, said, "He's a hard runner and weighs 195 pounds at 6'2".

O'Donnell added "he's only a junior."

The only scoring in the 2nd half came on a 23-yard field goal by Thayer.

O-E picked up only 49 yards rushing and Tom Kirinovic, a Marauder

quarterback, hit on 7 of 18 passes for another 66 yards. Corunna completed only 4 of 13 in the air, but picked up 147 yards on those 4 passes.

For O-E on defense, Dan Egbert led in tackles with 16 and Lynn Webster was next with 14.

OVID-ELSIE will entertain Saginaw Bridgeport Friday for O-E Dads' Night. O'Donnell said he is regrouping his squad and is hoping some injured players will be ready for action.

Fullback Rick Staples was hurt in the 1st half of the Corunna game and had to sit out the rest of the game with a sprained ankle.

Tom Kirinovic, quar-

terback, was bruised quite badly, but O'Donnell is hoping he will be ready for the Bridgeport game.

Bridgeport has won only 1 game this year, but plays all Class A opponents in a rough schedule. They have an enrollment over 1800 students, so the Marauder coach has warned his team will not be able to let up at any point.

THE FRESHMAN team picked up the 4th victory of the year with a 20-12 win over Corunna. Kevin Byrnes scored 2 touchdowns and Wyrick scored the other one. They tangled with Bridgeport Tuesday for their final game of the season.

Junior Varsity Marauders lost a heartbreaker 7-6 against Corunna, with the winning touchdown called back late in the game because of a penalty.

Paul Case scored the only TD. The Jayvees have a 5-2 record, with the 2 losses by a total of 3 points; an 8-6 loss to Chesaning and a 7-6 loss to Corunna.

Their final game was also Tuesday night against Bridgeport. Those scores were unable to meet the County News deadline and will be published in next week's edition.

Bath Bees win 6-0

Bath's Bees took advantage of a Williamston fumble to take their 2nd victory of the season and the 1st in conference play with a 6-0 win Friday. With both teams unable to sustain offensive drives, the Bees' Gary Smith pounced on a fumbled punt on the Williamston 18-yard line.

The Bees offense then moved the ball to the 1-yard-line, with Fritz Ordway, quarterback, taking the ball in for the score.

Bath held the Williamston offense to 56 yards on the ground and 27 in the air while the Bees picked up 114 rushing yards and 18 yards on 2 completed passes in 3 attempts.

ROD ADAMS led the Bath defense with 14 tackles followed by Don Bass with 12 tackles and a recovered fumble.

Bath will host Fowlerville Friday evening.

DeWitt Panthers roll over Webberville 28-0

DeWitt had little trouble with Webberville Friday night, rolling over the visitors 28-0.

The Panthers started the scoring in the 1st quarter when a 25-yard pass from Bob Wright to Steve Balman set up a scoring opportunity. Rich Albertson took advantage of the field position charged in from the 9-yard line. Chris McNeely kicked the extra point, the 1st of 4 for McNeely in the game.

In the beginning of the 3rd quarter, Jerry Marriott blocked a Webberville punt, setting up another score for the Panthers. Once again it was Albertson, scoring from the 9-yard-line. McNeely's extra point gave DeWitt a 14-0 lead.

McNeely also aided the defensive cause, intercepting a pass on the 35-yard-line in the 3rd quarter. Duane Schooltz scampered in from the 35, McNeely booted the extra point and it was 21-0 for the Panthers.

WEBBERVILLE again fell victim to an interception in the last quarter when Gary Bouts picked off an enemy aerial on the 25-yard-line and ran it back to the 15. Albertson scored his 3rd touchdown of the game, scoring from the 15. McNeely's extra point ended the scoring at 28-0.

Albertson carried the ball for 91 yards on his way to 3 touchdowns and Schooltz picked up 120 yards in 19 carries.

Bob Wright, a sophomore in his first starting assignment at quarterback, was 3-for-3 in the air and Schooltz made it a perfect passing night for the Panthers completing 2 passes on as many attempts.

DeWitt rolled to 301 total yards, while the Panther

defense held Webberville to 126.

Defensively Gary Bouts and Jerry Marriott led the Panthers. Bouts tackled 16 Webberville runners and assisted in bringing down 13 more. Marriott was responsible for 13 tackles.

TWO SOPHOMORES, Steve Ruble and Bruce Brown combined for 16 tackles.

Brown also intercepted a pass, joining the interception ranks of Tom Ashley, McNeely and Bouts. DeWitt travels to Olivet Friday evening.

For league tie Junior Varsity Redwings take on Alma Thursday

After 2 strong wins over Lansing Waverly and Hastings, the St Johns Junior Varsity Redwings fell victim to Grand Ledge Thursday 20-12.

It was the 1st loss of the season and they still have a shot at a tie for the league title with Alma, who is undefeated. The Redwings take on Alma at 7 pm Thursday. St Johns is 5-1-1 for the season.

Coach Al Werbish commented, "It's a very big game for us. If we can regroup and pick up our spirit after this loss, we have a great chance of beating Alma."

The Junior Varsity Redwings earned their shot at the title tie with those 2 wins over Waverly and Hastings.

In the Waverly game, a 21-14 victory, Brian Pertler, Danny Salazar and Harold Wellman scored a touchdown apiece and Drew Carpenter kicked the 3 extra points to lead the Redwings.

THE NEXT WEEK at Hastings, the Redwings continued their strong play to down Hastings 28-8. The score at half-time was 7-0, St Johns, but the Redwings put the game on ice with 2 TDs from Salazar and a 50-yard touchdown pass from Ted Loznak to Ray Schneider.

Carrying an unbeaten record into this week's game, with 1 tie, St Johns suffered a bad 2nd half against the Grand Ledge to lose their 1st game 20-12.

After leading 12-6 at half-time, St Johns faltered in the 2nd half, with Grand Ledge scoring 3 times.

Danny Salazar scored first on a 4-yard run. Drew Carpenter's kick missed and St Johns led 6-0.

In the last play of the 1st half, Brian Pertler tossed to Ted Loznak on a 45-yard touchdown play.

A FUMBLE in the 3rd quarter was the beginning of the end for the Redwings. Grand Ledge recovered on the 35, ran it to the St Johns 20 and scored 3 plays later. From there on, St Johns had trouble with mistakes, with Grand Ledge going on to take the 20-12 victory.

Werbish is confident his team can bounce back, a confidence that has been justified by his squad throughout the season.

Since the beginning of the season, 6 offensive and 6 defensive players have been lost from the starting lineup.

With 12 players off his roster, Werbish said the replacements have been doing the job.

Radiant Chapter installs officers

The Chapter room of the Masonic Temple in St Johns was full Saturday night for installation of the new officers of Radiant Chapter No 79, Order of the Eastern Star. Geraldine Workman and Mark Eaton were installed as Worthy Matron and Worthy Patron. Both held the same positions last year.

Other officers installed were: Katherine Williams, associate matron; John Williams, associate patron; Jean DeVore, conductress; Imogene Heuer, associate conductress; Dorothy Steves, secretary; Lloyd Atkinson, treasurer; Mrs Dorothy Cressman, chaplain; Elizabeth Henry, marshal; Mildred Countyman, organist; Norma Ursery, Adah; Ruth Mehney, Ruth; Arlene Hoag, Esther; Susan Bross, Martha; Frances Luther, Electa; Frank Ursery, sentinel; Daniel Bross, warder.

Violet Pope acted as installing officer, with Eshter Bradley assuming the duties of installing marshal. Leila Wilson of Elsie Chapter served as installing chaplain and Barbara Amstutz was installing organist.

Daniel Bross, installing soloist, sang "Recessional" by De Koven, "He Touched Me" by Galtier, "The Lord Is My Light" by Speaks and a new song, "We Honor

Thee, Our Eastern Star" set to the melody of Wagner's "Evening Star." He was accompanied by Hila Bross.

An honor guard of 6 Knights Templar led by Sir Knight, Lyle Bradley served with the assistance of 5 Rainbow Girls.

Following the service of installation, the worthy matron and worthy patron were presented with gifts from the officers of the chapter and from Radiant Chapter itself, as well as from the 3 couples who were initiated into membership during the past year. They were also presented with hand-written copies of the new song.

Special guests who were introduced included grand committeewoman Mrs Donna Couling of DeWitt; past grand committeewomen, Esther Hall of Howell, Leila Wilson of Elsie, and Joann Mulder of St Louis, who is also an officer of the Isabella-Gratiot District Association; Elizabeth Henry of St Johns, Margaret Hicks of Maple Rapids, and Althea Kraft of Wacousta, all officers in the Clinton County Association.

Newly elected worthy matrons and worthy patrons from other chapters included Mr and Mrs Robert Baler of Elsie, Mr and Mrs Donald Stevens of DeWitt, Mrs Mildred McDonough and

Charles Throop of Wacousta, and Mr and Mrs John Brown of Maple Rapids.

Helen Cressman and Mildred Atkinson had charge of the guest book and Mr and Mrs Raymond Eick acted as host and hostess at the reception which followed the service.

VICKIE SNYDER Engaged

ASHLEY - Mr and Mrs Clifford Snyder, R-1, Ashley, announce the engagement of their daughter Vickie, to Don Layman, son of Mr and Mrs Mark Layman, Newport News, Va.

The couple are graduates of Eastern Mennonite High School, Harrisonburg, Va. The bride-elect is currently employed in Harrisonburg and the prospective groom is a freshman Bible major at Eastern Mennonite College, Harrisonburg.

A June wedding is planned by the couple.

Simons honeymoon at Grand Bahama

PEWAMO - Ann Marie Miller became the bride of Roy Anthony Simon Saturday, Oct 7 at St Joseph's Catholic Church. Msgr Thomas J Bolger officiated at the 2 pm double ring service before an altar decorated with yellow and white mums with candles. Red carnations were used for accent.

Mrs Theresa Ladinski was soloist and organ selections were played by Mrs Cornelia Schafer.

The bride is the daughter of Mr and Mrs Edmund L Miller of 249 Washington Street, Pewamo and the groom is the son of Mr and Mrs Alvin L Simon of R-1, Pewamo.

MR AND MRS ROY SIMON

The bride, given in marriage by her father and mother, chose a gown of silk organza over taffeta featuring daisy trim around the neckline, cuffs and horizontally around the A-line skirt. Sheer lantern sleeves and a bow around the empire style waistline decorated the gown. Her full-length mantilla veil was edged with daisy trim and she carried a long cascade bouquet of red sweetheart roses and pink and white carnations.

Mary Jane Miller, sister of the bride, of Pewamo was maid of honor and assisting as bridesmaids were Sue Kellen of Portland, Mrs Dave Harrison, Westphalia and Mrs Kenneth Miller, Pewamo, sister-in-law of the bride. They wore dresses of peacock blue chiffon over taffeta with white lace at the waistline with a lace bib and a lace trimmed collar. Their full dolman sleeves featured wide cuffs. Bunches of peacock blue flowers formed their headpieces and each carried a clutch bouquet of pink sweetheart roses, yellow carnations and white mums with a touch of baby's breath.

Larry Simon was his brother's best man. Groomsmen were Kenneth Miller, brother of the bride and Stanley Wirth and Phil Wirth, the groom's friends. Mike Miller, brother of the bride and Ron Simon, the groom's brother, were ushers.

A reception for 450 guests followed at St Mary's Hall in Westphalia. Special guests were Mr and Mrs Arnold Schafer and Mrs Edith Miller.

Following a wedding trip to Grand Bahama Island, the new Mr and Mrs Simon are at home at 4908 Wright Rd, Fowler.

BY HILA BROSS

Mr and Mrs John Bradley and Mr and Mrs Edward Martis returned Saturday from a week's vacation trip to Las Vegas, Nev.

Mrs Bruno Mazzolini recently attended a performance of Verdi's opera, "La Traviata", in which her son, Joseph, sang the leading tenor role. The opera was presented by a professional company five times, at Calvin College in Grand Rapids. Mrs Mary Crosby and Mr and Mrs LeRoy Mazzolini accompanied their mother to Grand Rapids to hear their brother sing, and Mrs Mary Stone was also a part of the group. Joseph Mazzolini, a former resident of St Johns, has been a professional singer for a number of years and is now teaching at a school of music in Detroit. He was soloist at a concert held at Westwood Mall in Jackson, Sunday, Oct 22.

Kristin Livingston of Orchard Lake, and Spencer Martis were guests of their grandparents, Mr and Mrs Alden Livingston, several days last week.

Mrs Basil Deibert is home from a three weeks' vacation trip. She accompanied her brother, Perry Doyen of Shepardsville, on a motor trip to Kerrville, Texas, where they visited their brother, Wendell Doyen, and his family. She then went on to see friends and relatives in Florida and Pennsylvania.

Mrs Jack Dietrich and son, Jeff, and Mrs Floyd Countryman were in Ann Arbor Friday.

Dr. and Mrs Linton Budd of Kirksville, Mo, were in Michigan a few days last week to see their son and his wife, Mr and Mrs Michael Budd, and their baby in Eaton Rapids, as well as Dr Budd's mother, Mrs Roland E Benson, and Mr Benson of St Johns.

Mr and Mrs Rex Foland recently enjoyed a hunting trip to the Laramie area in Wyoming. They shot two antelopes, two elk and a deer.

Mrs K L Jones was hostess at a bridge luncheon for 12 guests Saturday afternoon. Those who came from out of town were her daughter, Mrs William Oglesbee of Gregory, her sister, Mrs Carl Schutt of Jackson, and cousins, Mrs Bion Bates, Mrs Jackson Bates and the Misses Myra and Beulah Jackson of Ovid; and Mrs Sidney J Keys of Elsie.

Mrs Esther Hall of Howell, was a Saturday night house guest of Mrs Geraldine Workman. The two ladies, with Mrs Joan Mulder of St Louis, and Mrs Leila Wilson of Elsie, toured the Upper Peninsula together last summer, in company with the "Grand Family" of the Order of the Eastern Star in Michigan. They were all present Saturday night when Mrs Workman was installed for her second term as Worthy Matron of Radiant Chapter, No 79 OES.

Fifty-one members of the Desprez family gathered Sunday afternoon to honor Frank Desprez on the occasion of his 85th birthday. Dinner was served at Smith Hall and the afternoon was spent socially. The guests included Mr Desprez' sister, Mrs Loretta Desprez Rademacher; his three children, Gaylord Desprez, Mrs Rozella Desprez Hyde, and Allen Desprez; 8 grandchildren and 23 great-grandchildren. The youngest member of the family present was 8-weeks-old Sarah Moore of Portland, whose mother is the former Rosalie Desprez. In addition to Portland and the St Johns area, guests came from Kent, Ohio and Cleveland, Ohio.

Friends of Bement Public Library will hold their Annual Meeting Thursday evening, Nov 2, at the Municipal Auditorium in St Johns. Prizes will be awarded to the children who are winners in the book report competition of the Library's Summer Reading Club. The program will be given by the Drama Club of St Johns High School, who will present scenes from their forthcoming production of "The Wizard of Oz." Five new Board members will be elected and refreshments will be served at the beginning of the evening. Twenty-five members of the Northwest Frontier

Chapter of the Daughters of the American Colonists met for lunch at the First Congregational Church Monday, Oct 23, with Mrs H F Millman and Mrs H M Bross as hostesses. The program was presented by Mrs K L Jones, a guest of the chapter, assisted by Mrs

Bross. She discussed music of the Colonial period of American history, demonstrating with songs and group singing. Election of officers was held and Mrs Clyde Wilcox of Marshall, was chosen Regent. Members came from Coldwater, Kalamazoo, Jackson, Lansing, East Lansing, and Okemos, as well as Marshall and St Johns.

A St Johns area resident, Sheila Pulliam, daughter of Mr and Mrs Jerry Pulliam of 3340 N US-27 is a member of the Olivet College Choir.

Among 450 new students at Anderson (Ind) College is

Beth Darlene Stork, St Johns.

The Church of God liberal arts school anticipates enrollment to exceed 2,000 during the 1972-73 year with students on campus from over 40 states and 15 foreign countries.

Miss Stork, daughter of Mr and Mrs L Dean Stork, 101 N Lansing, who graduated from St Johns High School, anticipates a major in education.

The very least you should know about Senator Bob Griffin.

You should know who he is.

Robert P. Griffin is one of your two United States Senators. He has been for 6 years. He's running for re-election this fall.

You should know he's got muscle.

In just one term, Bob Griffin has made himself (in Newsweek's words) "... a force to be reckoned with" in the Senate. His colleagues elected him to be the Minority Whip, one of the top 4 leadership posts in the Senate. It's a position from which he can — and often does — influence Presidents.

You should know some of the things he's done for Michigan.

Bob Griffin convinced the President that the auto excise tax should be repealed. That meant thousands of jobs for Michigan.

Senator Griffin re-instated a supplemental food program for undernourished infants and pregnant mothers in Detroit's ghetto.

He blew the whistle on forced school busing, and introduced a Constitutional amendment to prohibit transportation of pupils on the basis of race, color or creed.

He's a consistent and persistent battler against pollution. ("Watchdog of the Great Lakes," he's been called.)

You should know some of the things he's done for the country.

Bob Griffin co-authored the Landrum-Griffin Act, the "bill of rights" for rank and file union members.

He's helped millions of students attend college with low-interest education loans, through his National Student Loan Program.

He's the Senator who stood up to two Presidents, to rebuild and defend the integrity of the U. S. Supreme Court.

He's fighting now for bills to protect the pensions of workers, and to provide a cost-of-living escalator clause for social security benefits.

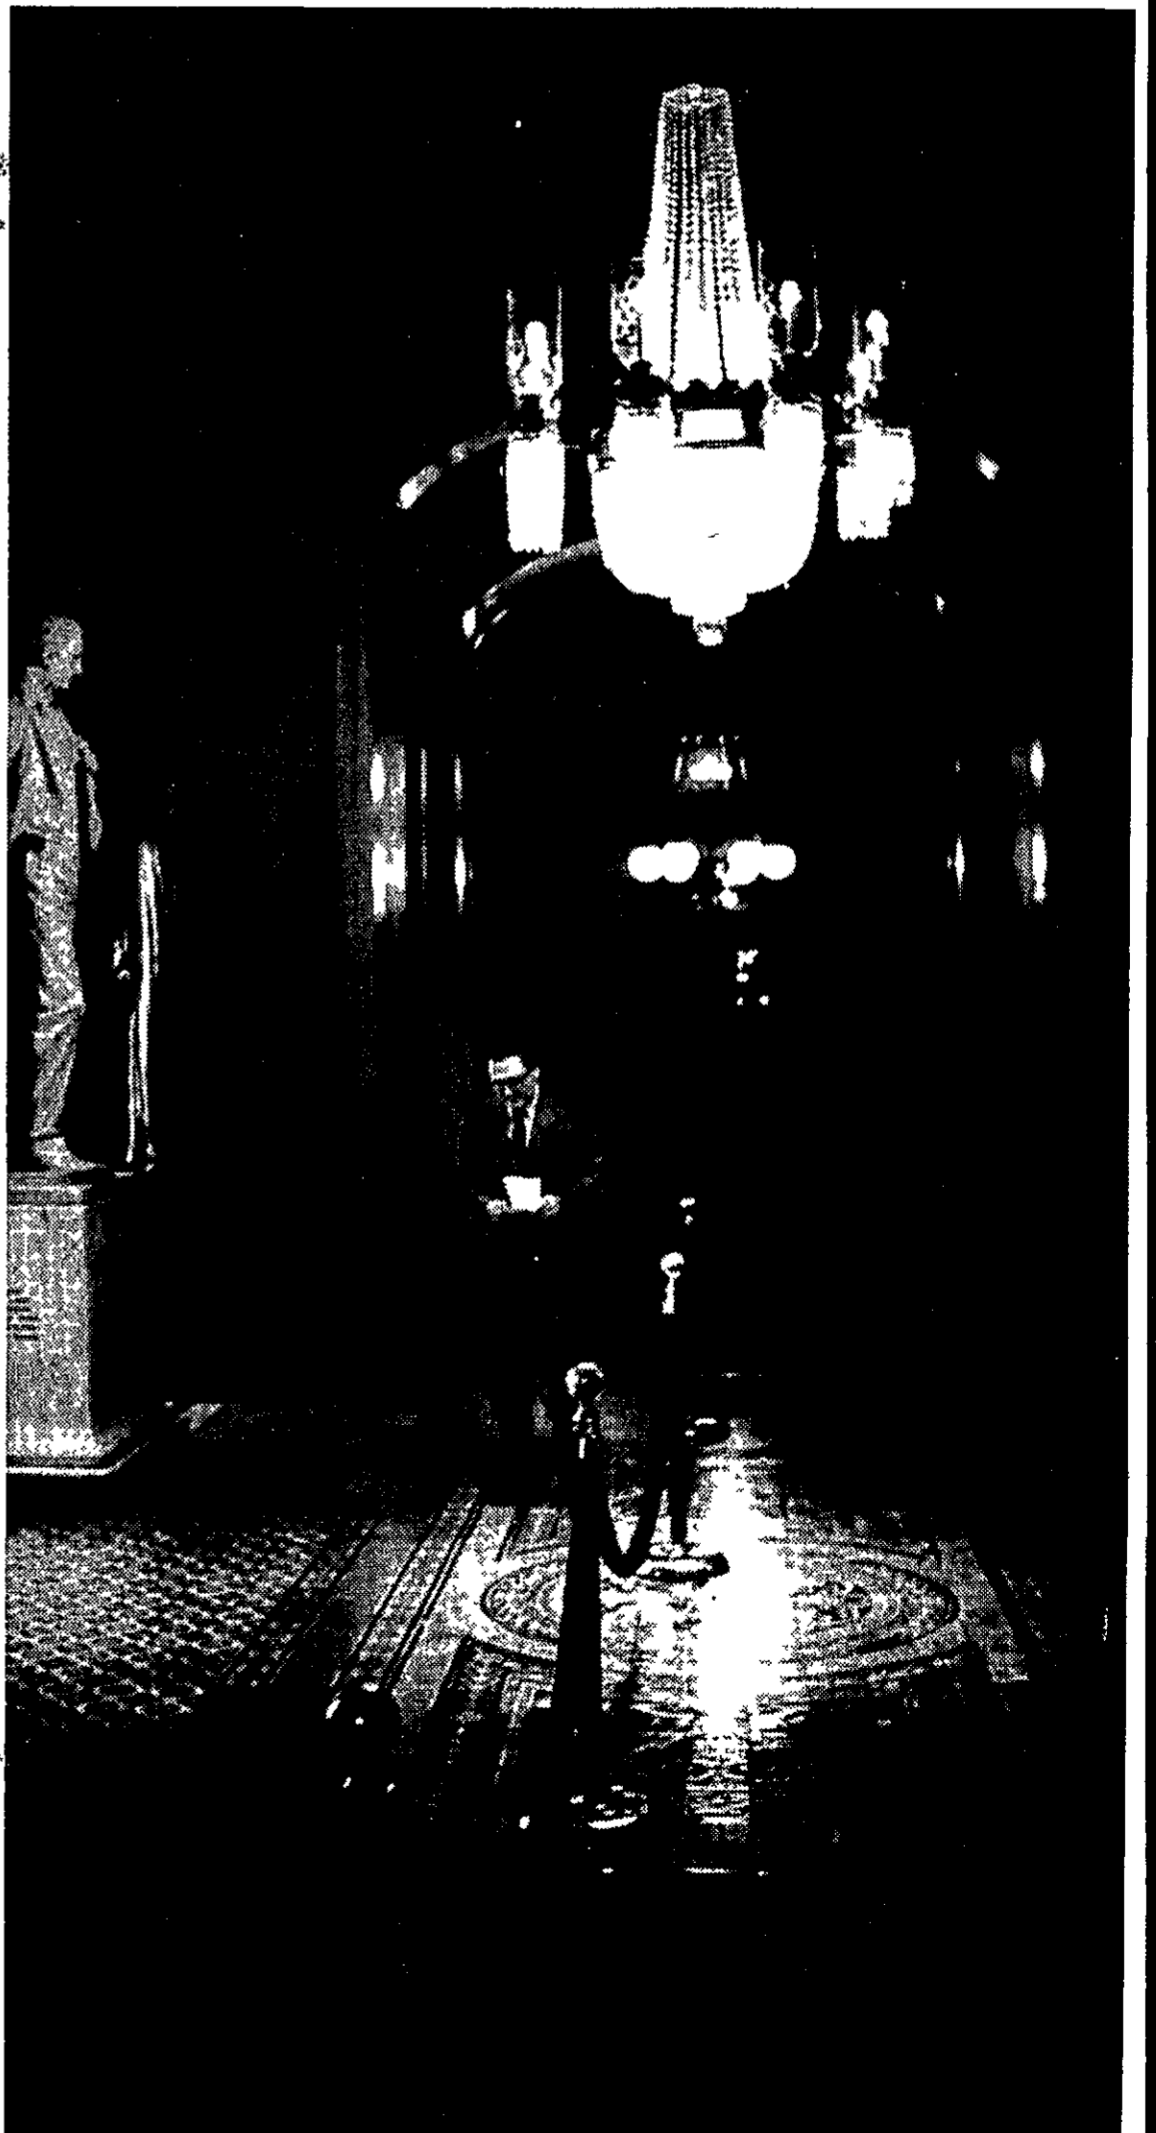

You should know what people say about him:

"... an independent Republican with a conscience but no political price tag," says the Detroit News.

"... he's proving himself a successful and tenacious David in a city of Goliaths," says the Washington Daily News.

"... he's a political moderate with a reputation for going against the establishment," says Newsday.

"... he's one of the most effective Senators in Michigan's history," says the Detroit Free Press.

Women's club members hear Mrs Buehler

ST JOHNS — Mrs Gertrude Buehler, St Johns Public School nurse urged that adults be aware of their job of changing the negative patterns of influence that affect today's young people. Her talk was given to members of the St Johns Woman's Club, Oct 18, in

Wilcox Hall of the Congregational Church. Having served this community as school nurse for the past 25 years, Mrs Buehler discussed the changing times that have brought drug and alcohol problems, venereal disease, and abortion into the

school age group here. Warning adults not to judge the youth here too harshly, she stressed that "they're a nice group of kids," that "they're very bright, honest, and have good values," and predicted that "they're going to build a better world."

She advised that the better relationship the older generation has with the youth is the best help for prevention of their problems, and added "don't preach but discuss."

She explained that instant communication came on the scene with TV in the home, the sex craze that permeated the nation in best sellers, drive-in theatres, adult movies, popular magazines and newspapers have been largely responsible for a national change in attitude toward sex that has strongly affected the youth.

"Whatever is happening to our kids is because of us, she pointed out. "Please don't call them 'these dirty kids!' It's not all bad. They are

saying that love is the answer, and they're right. We need to show more love for each other."

She said another changing social influence came after the Korean War when our young servicemen were left all over the world, and at home people were choosing the better things money could buy, but both mother and father often worked to provide them.

Also, she added, that by depending so heavily on medicines in daily life, we set the stage for taking drugs.

"Alcohol is still the worst problem," she said.

Of the local sex education program she said, "It is very well done," and that "they know more of the biology maybe than I do" from the readily available magazine articles and books. However a few went to New York for abortions last year, she mentioned and added that she was not sure that she would like to see a "wholesale abortion pat-

tern."

She pointed out that Michigan Law permits high school students to attend family planning sessions and to go to a doctor for venereal disease treatment by themselves, without parental knowledge.

Adding that penicillin is not a sure cure for venereal disease, she explained that it was given for a time for too many things and some bacteria have become penicillin resistant.

Indicating that birth through high school is the most important time for learning self control and good judgment, she explained that drugs or alcohol at a party cause young people to miss out on all the social learning. "You need some inhibitions to keep your self-respect; people on drugs don't have the controls, self assurance, or self respect."

She went on to comment that maybe the overall attitude toward sex is improved "that sex is really beautiful in its place, but its

place is not on the street, in the alley."

Concerning the generation gap Mrs Buehler remarked, "There had better be one — you don't want adults to be like adolescents or adolescents like adults."

She predicted optimistically that the pendulum will swing the other way with our young generation when they reach adulthood and with the way they raise their children.

Women's Club members will consider another important phase of community life at their next meeting Nov 1 at the home of Mrs Roy C Davis, 5605 N US-27 with the program, "Renew Your Citizenship" to be given by Mrs William Esher, public affairs chairman.

Their first meeting of the year was a dessert tea for club members and guests on Oct 4 at which a number of members modeled a selection of fashions from the downtown "Julie K" Shop.

Surviving are: two sons, Leland of Ashville, NC and Harold (Mike) of Elsie; four grandchildren, and seven great-grandchildren.

Blue Star Mothers

ST JOHNS - The Blue Star Mothers held their October meeting on Oct 24 at the Congregational Church.

Serviceman's Hospitality chairman, Joyce Thrush reported that she had attended the departure of the last inductees who will leave from St Johns. "The draft office being moved to Lansing our inductees will leave from there," she said.

The hospital report was given by Eloise Pease. She gave an account of the chapter representatives, Edna Eldred, Ruth Barrett, Bertha Henning, Pauline Rice, Jessie Finch, Pauline Burk and chairman Virginia who were in Grand Rapids to the Veterans Facility and entertained 79 men with games and refreshments on Oct 20.

Plans were made for the boxes that will be sent overseas to be packed and mailed by Nov 15.

The chapter has dish mops, choppers, scissors and some place mats for sale.

The refreshment committee for next meeting is Eloise Pease, Della Corkin, Dorothy Welch and Evelyn Sulka.

Member Rose Randolph and family were remembered in our opening prayer for the loss of her husband.

Open Letter

from VAN W. HOAG

Dear friends,

It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family.

The clergyman should be consulted in matters that concern him before any decisions are made.

Respectfully,

Van W. Hoag

NATAL members hear Mrs Shriver

Four area nurses, members of NATAL, Nurses Association to Assure Life, recently attended a campaign meeting in Lansing, presided over by Eunice (Kennedy) Shriver, wife of Democratic vice-president elect Sargent Shriver. Beverly Smith, LPN, president of NATAL, asked Mrs Shriver to re-state her stand on "One Million for Life Campaign" to enable NATAL to implement her plan. "One Million for Life Campaign" calls for the signatures of 1*million adoptive parents for unwanted babies. The campaign is designed to erase the need for abortions. Nurses attending from this area were Millie Droste, Diane George, Bernice Thelen and Sue Thelen.

Bath Schools set conferences

The first term ends Tuesday, Nov 7 with report cards for the Bath Elementary and Middle Schools going home on Wednesday, Nov 8.

Parent-Teacher Conferences are scheduled for Thursday, Nov 9 from 1-5 pm and 7-9 pm.

There will be no school on conference day for students. Parents who cannot attend conferences on this day are

reminded that appointments may be made with teachers for other times by calling the school offices.

Fifth graders at St Johns Central School have been learning the ins and outs of elections by using their own version of the 2 party system. The class had run off nominations and chose their candidates. Running on the "Bears" ticket is Leslie Hazel for president and her running mate, Theresa Fosmoe, vice-presidential candidate. On the "Lions" ticket is Terry Knaus, candidate for president and his running mate for vice-president, Todd Bakita. The candidates for both parties have placed campaign signs throughout the school and passed out campaign stickers to their fellow classmates. When will the class vote? You guessed it, right along with everyone else on Nov 7.

Christmas workshop set in Clinton

To help everyone get into the Christmas spirit early enough to make a few gifts, the Extension Women's Clubs of Clinton County are arranging a large idea display.

The clubs have been working to develop original, inexpensive gifts for a creativity boost.

Several local handicraft stores and craft artists are also arranging a display.

As an added attraction, Mrs Shirley Minda, Fashion Director for the cutlery firm J Wiss & Sons, will present the program, "Cutting Creatively" at 7:30 pm.

Along with samples of clothing she will display and explain the new "Paper Tole" art craft that is sometimes called dimensional decoupage.

Answering all questions regarding cutlery tools, Mrs Minda will also give hints on their care and put to rest a few old wives tales.

Literature and directions for artcraft will be distributed both by Mrs Minda and the Extension Groups.

If you can't get into the Christmas spirit early enough, come to Smith Hall, Nov 9, anytime from noon to 9 pm.

St Johns school plans conferences

St Johns Parent-Teacher conferences for the St Johns school district were announced this week.

Conferences for all elementary students in grades 1 thru 6 will be held the afternoons of Nov 7, 8 and 9. Students will attend classes in the morning as usual and will be dismissed at 11:30 am on each of those days.

Kindergarten students will attend school as usual as conferences for this grad will be held in January.

Nov 9 is the date set for conferences for junior and

senior high students. School officials have sent out letters to parents of children with whom they feel a conference is especially important. Others not receiving letters but wishing to make an appointment with a teacher may contact the principal's office. Classes for both junior high and high school students will be in session in the morning only.

Open houses are planned at the junior high on Nov 8 from 7 to 9 pm and at the high school on Nov 9 from 7 to 9:30 pm. Parents will be running through an abbreviation of their child's schedule.

All adult classes scheduled at the high school on Nov 9 have been cancelled.

Area administrators hear Dr Hogancamp

The Mid-Michigan School Administrators Association, an organization of central office-school administrators from Shiawassee and Clinton Counties, including Chesaning, met Thursday, Oct 26, according to Donald D Kenney, of the organization.

Meetings are usually held monthly and attempt to help local superintendents in resolving problems in the administration of schools. October's meeting con-

cerned the teacher tenure act, its relation to master contracts and its applicability to school administrators. Guest speaker was Dr Richard Hogancamp, superintendent of schools in Allen Park.

Dr Hogancamp reviewed the tenure act and briefly discussed cases brought before the tenure commission since its inception.

The next meeting of the Mid-Michigan School Administrators Association will be in late November and will center around the subject of insurance and insurance bidding.

Greenbush GOP rally

In spite of inclement weather, a large crowd attended the Republican Rally held at Uncle John's Cider Mill, north US-27, Oct 23.

Bill Gnodtke, County finance chairman, acted as Master of Ceremonies.

The Maple Rapids Twirlers Square Dance Club furnished exhibitions during the evening with Wendell Law calling.

Greenbush Township has a newly organized Republican Club. Eugene Livingston is chairman; Harriet Motz, vice-chairman; Janet Cox, treasurer; Mary Welton, secretary.

US Rep Cederberg and Mrs Cederberg from Midland were present as well as Rep Stanley Powell from Ionia.

The door prize, a 41 piece set of dishes, courtesy of Ben Beck of Beck's Market, was won by Doris Livingston.

Three gallons of sweet cider donated by John and Carolyn Beck, was won by Harriet Motz. Francis Motz won the old-fashioned costume prize of a pitcher and six glasses, donated by J O Gower Hardware.

The "oldest Republican voter prize" was split between Luman Hall and Ottilie Nobis. Each has been a Republican

years. Each received a 1/2 bushel of apples from the Dan Beck Orchards.

An "on the spot cider-pressing exhibition" was demonstrated. County Clerk, Ernest Carter, acted as "official sheriff" and fined people 10 cents for being too well dressed. Prosecutor Jon Newman, drain commissioner Dale Chapman and Congressman Cederberg acted as judges for the best old-fashioned costume.

Also present for the occasion were Clinton County Republican Chairman, James Palmittier; Liz Nobis, vice-chairman; and Register of Deeds, William Krebel.

St Johns High School SJH Happenings by Theresa Huard

John Furry, director of guidance, Mr LeFevre and Mrs Scramlin, have been keeping themselves busy these past few weeks with the PSAT/NMSQT, SAT, ACT and the competitive scholarship tests. The preliminary scholarship aptitude test/national merit scholarship qualifying test

(PSAT/NMSQT) was given to any junior, who wished to take the test, Monday, Oct 23 from 8:30 to 10:30 in the library. The PSAT/NMSQT measures verbal and mathematical abilities, important in college work. Taking this test is the first step in establishing eligibility for all merit

scholarships, special scholarships, and achievement scholarships. Most colleges require either the American College test (ACT) or the scholastic aptitude test (SAT) which are given to seniors and are nonprofit organizations that provides comprehensive information about students for colleges, universities and scholarship programs. Both tests are given several times during the year and can be taken at Michigan State University or at Lansing Community College. The cost of these tests are \$3. Another test that is being given to seniors is the competitive scholarship test. This test should be taken by any student applying for financial aid in college and is given Nov 11. With all these tests being given, the counselors still have found time to help many confused seniors in their careers and college choices.

Fulton High School On the scene with Cheryl Snyder

The fast pace that usually follows the opening of a school year has slowed down at FHS.

Mr Chuck Naidl was at Fulton Wednesday for an assembly on reptiles. Mr Naidl displayed spiders, lizards, turtles, and snakes. Among these creatures was a tarantula, a snapping turtle, rattlesnakes and many other poisonous reptiles. The unusual but interesting assembly ended with directions on how to treat a poisonous snake bite.

Carson City-Crystal was handed a defeat as the varsity football team won their fifth straight game 20-14. Touchdowns were made by Larry Badge, Tim English and Bill Baxter. Bill also successfully ran for a 2 point conversion.

Since CCC is our oldest rival, all of the cheerleaders led the student body in old cheers at the pep assembly. The "Golden Oldie" pep assembly was held Thursday afternoon since there wasn't any school Friday. Gerard Reaume, center on the varsity team gave a pep talk.

The girls basketball teams still remain undefeated, beating MSD Monday night. The varsity beat the Tartars 33-15. Helen Skea led with 12 points with Cindy Kerkes dumping in 11 points. Also scoring were Martha Salisbury with Cindy Kerkes dumping in 11 points. Also scoring were Martha Salisbury with 4, Cheryl Snyder, Jill Mahler, and Chris Upham adding 2 points a piece.

The junior varsity girls team won 28-17. High scorer was Kim Wineland with 12 points, next to Diane Donahue's 7 points. Kathy Sorrell pitched in 5 points while Pam Fox and Beth Baxter helped with 2 points a piece.

The J.V. football team couldn't get it all together Thursday night. The Pirates lost to Carson City Crystal 20-16. Things will be looking brighter next Thursday night when they will be in action against Beal City at home.

After the game Friday night the cheerleaders held a victory dance in the student commons. Steve Stadler from CMU was the disc jockey.

The Industrial Arts department at Fulton is offering a course for juniors and seniors called "Lawn and Garden Shop." This course is organized to build lawn and garden equipment for re-sale. These items include lawn rollers, utility carts for the lawn and

garden tractors, snow blades for small tractors, picnic tables, and reconditioning play equipment for the yard. One of the basic objectives of the course is to salvage reusable materials from old machinery collected by the class. Many people's junk is our prized possession.

The course is a lab course with the primary emphasis on skill improvement and creativity through project design and construction from reusable materials.

State lists 5 proposals on ballot

State Proposal A: Proposal to Change Michigan to Daylight Saving Time.

The proposed law would change Michigan to Daylight Saving Time from the last Sunday in April until the last Sunday in October of each year. Should this proposed law be approved? YES NO

Proposal B: Proposal to Allow Abortion Under Certain Conditions.

The proposed law would allow a licensed medical or osteopathic physician to perform an abortion at the request of the patient, if (1) the period of gestation has not exceeded 20 weeks, and (2) if the procedure is performed in a licensed hospital or other facility approved by the Department of Public Health. Should this proposed law be approved? YES NO

Proposal C: Proposal to Limit Property Tax For School, County and Township Purposes and to Provide That the Legislature Shall Establish a State Tax Program for Support of Schools.

The proposed amendment would: (1) ban a property tax for general school operation purposes; (2) limit the property tax to allocated amounts for specified county, township and school purposes, the total not to exceed 26 mills; and (3) require the legislature to establish a tax program for raising and distributing funds for public elementary and secondary schools; and (4) require the legislature to provide for distributing supplemental funds, based on local need, for specified purposes. Should this amendment be adopted? YES NO

Proposal D: Proposal to Remove Constitutional Ban Against Graduated Income Tax.

The proposed amendment would enable the legislature to impose a flat rate or graduated state income tax and to enact laws to permit local units to levy a flat rate or graduated income tax. Should this amendment be adopted? YES NO

Proposal E: Proposal to Allow the State to Borrow \$266,000,000 for Tuition Payments and Bonuses to Vietnam and Other Veterans.

The proposal would allow the State of Michigan to borrow the sum of \$266,000,000 to provide veterans of the Vietnam and other conflicts with tuition payments to educational institutions or a service bonus. The state shall issue general obligation bonds of the state to secure the said amount and shall pledge the full faith and credit of the state for the payment of principal and interest. The method of repayment shall be from the general fund of the state. Should this proposal be approved? YES NO

This crane is lifting one of the several units of data processing equipment into the third floor window of the Clinton National Bank and Trust Company. The equipment, which was delivered Oct 24 to the bank, is housed in a specially constructed area on the third floor. Before the system could be delivered to the bank the area had to be prepared with its own air purification system. Total poundage hoisted through the window Tuesday was 10,600 pounds. The equipment is scheduled to go into operation today (Wednesday).

Legion supports proposal E

ST JOHNS -- Bill Atkin, post commander of St Johns American Legion Post No 153 announced this week the unanimous support by local Legion members of Proposal E facing voters, Tuesday, Nov 7.

In making the announcement, Atkin said he urges all local residents voting in the general election to seriously consider Proposal E.

The state proposal if passed would allow the State of Michigan to borrow the sum of \$266,000,000 to provide veterans of the Vietnam and other conflicts with tuition payments to educational institutions or a service bonus. The state shall issue general obligation bonds of the state to secure the said amount and shall pledge the full faith and credit of the state for the payment of principal and interest. The method of repayment shall be from the general fund of the state.

Gen Tel announces appointment

Roman Koenigsnecht has been named General Telephone service office supervisor at St Johns, according to an announcement by W J Langeland, St Johns district manager for the company.

Koenigsnecht will be responsible for all customer contacts made through the St Johns service office and for supervision of the work force assigned to that office. Included is the responsibility for processing work orders, clearing trouble and maintaining customer records for the exchange communities of Ashley, Carson City, Fowler-Pewamo, Hubbardston, Maple Rapids, Middleton, Mui, Palo, Pompeii and St Johns.

Hired by General Telephone as a lineman in 1957, Koenigsnecht worked as a frameman, testman and chief combinationman at St Johns before being promoted to district construction and maintenance supervisor there in 1967. In 1971, he was named district plant supervisor. Koenigsnecht and his wife, the former Mary Ann Martin of Westphalia, live at Fowler with their 6 children: Carol, 16; Diane, 15; Thomas, 13; Daniel, 11; Denise, 9; and Debra, 8.

O-E FFA taking fruit orders

OVID-ELSIE -- The Ovid High School Future Farmers of American organization is sponsoring a fruit sale which will continue until Nov 20. Orders are now being sent through the school to Florida for navel oranges, grapefruit and tangeloes.

Those involved in the sale stated that mixed cases of oranges and grapefruit will be available and also half cases of the 3 items may be ordered. Anyone wishing to place orders may contact an ag member at the O-E High School or by calling the office. The orders will be delivered the 2nd week in December.

Volunteers help at Bath Elementary

"The response from parents indicating a willingness to share time and talents in the interest of children has been gratifying," report Bath School officials. Sixteen difficult areas where parents might help were given primary consideration: collections, crafts, ditto machine, hallway volunteers, hearing test volunteers, ideas and services, lunchroom volunteers, materials, musical, newsletter, playground volunteers, project volunteers, telephone volunteers, trips to tell about, tutoring, and teacher helpers. There have been some 466 services volunteered with well over 100 different individuals indicating a willingness to serve. The most immediate effect of the program has been in the hallways, lunchroom and school playground where numerous mothers help every day since the beginning of school.

Suicide

The Oct 23 death of Donald Dwight Randolph, 53, 4473 S DeWitt Rd, St Johns has been ruled suicide.

His body was discovered with his car on McNeil Road, just south of Maple Rapids Rd, Oct 23 at 9:23 pm.

An autopsy report stated he died of stab wounds in the chest, determined to be self-inflicted.

Heads drive for Stack

The campaign committee to elect Jack M. Stack, MD to the Board of Trustees of Michigan State University has announced the selection of Mrs Virginia Schmalz, 800 W Baldwin, St Johns as Clinton County Chairman for the Stack for MSU Committee.

Dr Stack is widely known throughout the State for his leadership in such areas as mental health, as well as his service to the Michigan Republican Party.

He has served as vice-chairman of the Republican State Finance Committee since 1969.

He presently serves as vice-president of the Michigan Society for Mental Health and was appointed last September by Governor Milliken to the Michigan Mental Health Advisory Council which is advisory to the Governor, the Legislature and the Department of Mental Health.

Dr Stack is a member of Peace Lutheran Church in Alma where he is a family physician. He is married to the former Carol Anderson of Frankfort and Jack and Carol have 4 children, Molly, Matt, Mike and Marty.

Westphalia wins blood contest

FWLER - The Fowler Jaycee sponsored Blood Mobile was held on Wednesday, Oct. 11.

This year Fowler residents donated 92 units compared with Westphalia's 101 in the village's semi-annual contest with Westphalia. The competition now stands at an even 3 apiece.

Using touch tone phones coupled with General Telephone's new electronically controlled Fowler Telephone offices more than 600 calls were made to area residents informing them of the blood drive.

Involved in the calling were 5 volunteers - Mary

Hufnagel, Beth Thelen, Janet Tiedt, Audrey Hall and Helen Hufnagel who worked with Mrs. Mary Jo Weber, coordinator.

This was the second time a high speed electronic system has been put to a charitable use. Supervising the operation was Ronan Koenigsnecht of General Telephone.

There were 20 new names on the Fowler donor list and 19 potential donors who could not give.

Those 111 who registered to donate in Fowler were:

FINANCIAL REPORT FOR 1971-72
for
Ovid-Elsie Area Schools
8989 Colony Road
Elsie, Michigan 48831

As required by the Michigan Administrative Code-R 340.351. School districts employing a superintendent, Rule 1. The board of education of each school district employing a superintendent, except a first class district, shall publish an annual financial report in a newspaper having significant general circulation.

The general financial condition of the Ovid-Elsie School District is good. During the 1971-72 school year, the district operated within its budget. The district served an official enrollment of 2471 pupils in grades kindergarten through twelve with a staff of one hundred and six certificated teachers, six administrators and one hundred and sixty-eight non-certificated personnel. The goal for the 1972-73 school year is to improve on what we now have and contemplate for an even greater instructional program. We can do so with your continued help and cooperation, such as your approval of one mill for the construction of a bus maintenance garage to service our fleet of thirty-six buses.

We will try to keep everyone informed of developments and improvements within our schools and look forward to many successful and rewarding years together.

The following are some important facts and interesting information:

REVENUES

Local - Revenue raised within the school district for operating the schools and available to the district in the amount produced. The major source of local revenue in most districts is the general property tax levy.

Intermediate - Revenue collected from a political subdivision other than a school district, the state or federal government. Note: This does not include resources received from intermediate school districts. Such revenues are recorded under the caption of "incoming transfers."

State - Sum of State Direct Appropriation plus State Redistribution of Federal Funds.

State Direct Appropriation - All funds received from the state which are appropriated by the state out of state funds. The major source of state revenue in most districts is the State School Aid membership allowance.

State Redistribution of Federal Funds - Amounts received or to be received from the federal government but allocated to the state for distribution to school districts. The major source of such revenue in most districts is Title I of the Elementary and Secondary Education Act of 1965.

Federal - Amounts received or to be received directly from the federal government.

Gifts and Bequests - Assets received from philanthropic foundations, private individuals or private organizations. Such funds do not create a liability for repayment by the district.

Incoming Transfers - Amounts received or to be received from other school districts or from other funds and which do not create a liability to be repaid. Distinction is made between incoming transfers and revenues. Transfers are separate to avoid counting of revenues in both the subject district or subject fund and in the district or fund from which the transfer originated.

Expenses - Sum of Elementary, Secondary and Instructional Salaries.

Elementary - Expenditures for Grades K-6 in school districts which hold classes beyond the eighth grade, or for grades 1-8 in districts which do not hold classes beyond the eighth grade. This term includes kindergartens and nursery schools if they are under the control of the local board of education.

Secondary - Expenditures for programs from the seventh through twelfth grades in school districts which hold classes beyond the eighth grade including junior high schools, the different types of high schools, and vocational or trade high schools.

Instructional Salaries - The salaries paid teachers and other professional staff who assist directly in the educational process.

Administration - Those activities which involve the general regulation, direction and control of the affairs of the school district system-wide, and not confined to one school, subject, or narrow phase of school activity.

Attendance - Those activities which have as their primary purpose the promotion and improvement of the attendance of children at school through enforcement of compulsory attendance laws and other means.

Health Services - Activities in the field of physical and mental health such as medical, dental, psychiatric, and nurse services in the nature of inspection, treatment, etc.

Transportation - Those activities which relate to the conveyance of pupils to and from school activities, either between home and school or on trips for curricular or co-curricular activities.

Operation - Those activities concerned with keeping the physical plant open and ready for use. They include cleaning, heating, lighting, communications, power, moving furniture, handling stores, and other repeated activities on a somewhat regularly scheduled basis either daily, weekly, monthly or seasonal.

Maintenance - Those activities concerned with keeping the grounds, buildings, and equipment at the original condition of completeness or efficiency either through repair or replacement of component parts or entire assemblies.

Fixed Charges - Expenditures of a generally recurrent nature which are not readily allocable to other expenditure accounts such as insurance payments and interest paid on short-term loans.

Capital Outlay - Expenditures which result in the acquisition of fixed assets or additions to fixed assets. They include expenditures for land, buildings, the improvement of grounds or site, the construction of buildings, additions to buildings, the remodeling of buildings, and the purchase of initial or additional equipment.

Community Services - Activities carried on for the benefit of the community. These include Recreation, Civic Activities, Public Libraries, Welfare Activities and Other Community Service Activities.

Student Services - Activities not directly a part of the regular instructional program which are carried on for the benefit of public school pupils. These include Food Services, Bookstores and Student Body Activities.

Outgoing Transfers - Amounts disbursed or to be disbursed to other school districts or to other funds and which do not create assets to be received in the future. Distinction is made between outgoing transfers and expenditures. Transfers are separate to avoid double counting of expenditures; once in the subject district or subject fund and again in the district or fund in which the transfer terminated.

Card of Thanks

CROOK—We wish to thank the ladies of the WSCS, UMC, the OES, Blue Star Mothers, friends and neighbors for the many acts of kindness and the beautiful floral offerings during the passing of our dear sister and mother Maude Crook. Also Rev. Abe Castor for his comforting words and the Osgood Funeral Home and Abbott Chapel. We especially thank the Rivard Nursing Home and Carson City Hospital for the wonderful care given her during her last illness. Mary Cole, Thelma Pullon and Richard Ely. 27-1p-nc

CRAMER — May I express my thanks to Doctors and staff of the Clinton Memorial Hospital for the good care given me while in the hospital. Thanks for cards, prayers. It was very much appreciated. Bless you all. Marguerite A. Cramer. 27-1p-nc

OCHIS—Special thanks to Mr. and Mrs. Ross Meyers and Mr. and Mrs. Leo Brunner and also to my family and relatives and friends for the surprise Birthday Party. Also for the wonderful gifts and money. Jane Ochis. 27-1p-nc

COOK—I wish to thank the doctors, Fr. Benjamin, hospital staff of St. Lawrence Hospital for their wonderful care while in the hospital, also neighbors, friends, relatives for cards, visits and food brought in after returning home especially my family for their help. Mrs. Anne E. Cook. 27-1p-nc

BARKS—Words cannot express my appreciation to all my friends for the cards, visits, flowers, gifts and calls during my recent illness. A special thank you to Reverends Bretz and Eastman for their visits and prayers. May God bless each one of you. Elsa Barks. 27-1p-nc

HENTHORN — My humble thanks to all who extended comforting sympathy in my recent sorrow, the death of my dear mother, Florence Rice. For the Masses, floral tributes and cards I am deeply grateful. Mrs. Arthur Henthorn. 27-1p-nc

In Memoriam

In memory of our beloved father Lloyd E. Myers who entered into eternal rest October 29, 1970.

You cannot say, you must not say, That he is dead, he is just away. With a cheery smile and a wave of the hand, He has wandered into an unknown land, And left us dreaming how very fair, It needs must be since he lingers there, So think of him faring on, as dear, In the love of there as the same, and say, He is not dead, he is just away. Sadly missed by his children and grandchildren. 27-1p-nc

REP. RICHARD FRISKE
AMERICAN PARTY CANDIDATE FOR CONGRESS

ELECT RICHARD FRISKE

To Represent the 10th District in
THE CONGRESS

HE KNOWS YOUR PROBLEM —

RICHARD FRISKE is a farmer. He is a successful farmer, but he knows what it means to try to farm at a profit under some of the present "bureaucratic" rulings of government agencies. He also knows the problems of the small businessman, industry and labor.

HE WILL REPRESENT YOU —

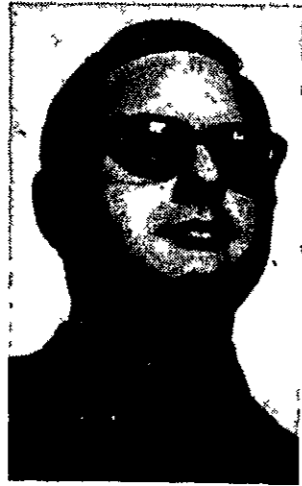

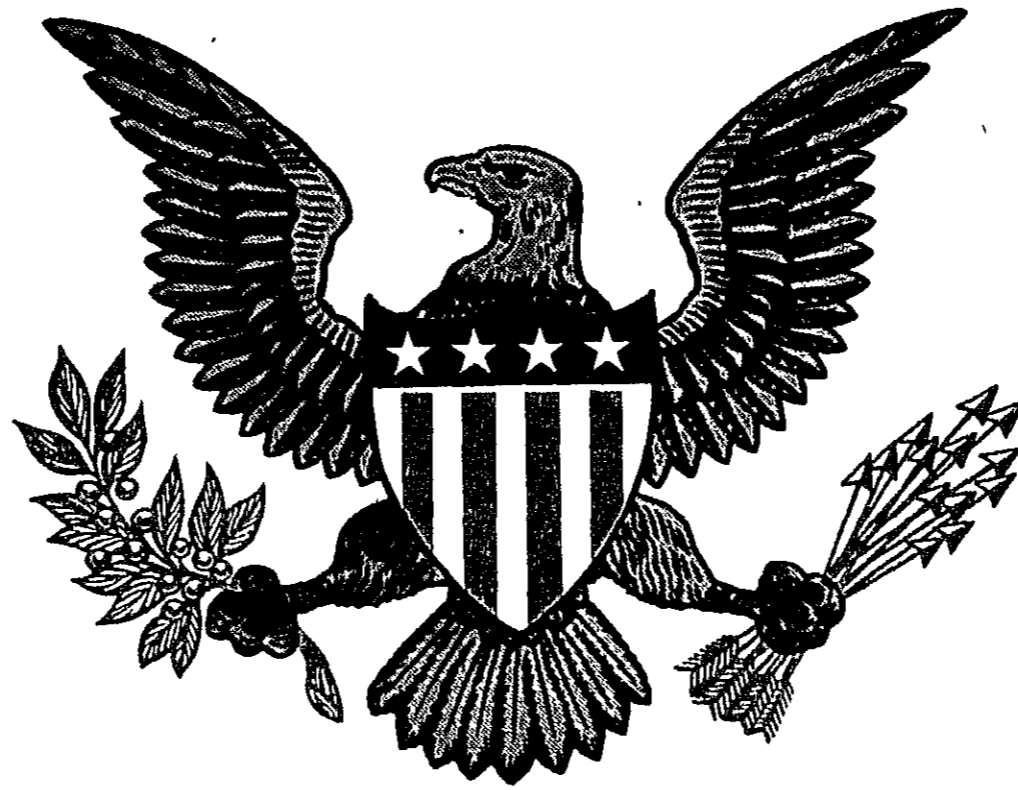

He rejects the idea that a "socialist bureaucrat" knows more about how to run your business than you do. His voice in Congress will be heard speaking for you, not the "special interests."

HE BELIEVES IN CONSTITUTIONAL GOVERNMENT —

He believes in "constitutional government" where the voice of the citizen can be heard, and the rights of minorities are protected. He knows that all majorities were once "minorities." Under "Constitutional Republic" given to us by the framers of the Constitution of the United States, this nation has prospered. FRISKE believes that returning to the "Constitution" as our guide, will again make this nation prosperous, and FREE FROM THE OPPRESSION OF BUREAUCRATS.

Only 2 candidates unopposed for Clinton commission

DISTRICT 1 Duplain-Greenbush

An 11-year member of the Clinton County Board of Supervisors, incumbent Derrill M. Shinabery is seeking reelection as

Derrill Shinabery
commissioner on the Republican ticket.

He was appointed to the board of commissioners in 1971 to fill a vacancy created by the resignation of Andrew Cobb. During his years as supervisor, he served as board chairman (1966-67) and was active on the finance committee and allocation board.

A salesman for Briggs Realty in St. Johns, Shinabery is a native of Clinton County and was Greenbush Township supervisor for 14 years. He is a member of Fram Bureau, Maple Rapids Masonic Lodge and is an active conservationist. He is a charter member of the Michigan Flying Farmers and previous owner of a dairy and beef cattle farm. Shinabery and his wife, Laura, have 4 married children, Gwen, Vangie, Armond, Marcia and Connie.

Helen Wiltsee

The Democratic opponent for District 1 commissioner is Helen S. Wiltsee, 146 W. Pine, Elsie, who is also seeking public office for the first time.

Mrs. Wiltsee is a retired teacher from Roseville having taught 37 years. She was instrumental in organizing the American Federation of Teachers in 1940, the first branch established in Roseville. She acted as executive secretary of the group. She has also been selected as Teacher of the Year and was presented a medal by the Governor of Michigan.

Born in Elsie, Mrs. Wiltsee received her A.B. and Master's Degree from the University of Michigan. She has been president of the American University Women in Owosso for 2 years and is president of the Green School Extension Group of Duplain Twp.

Mrs. Wiltsee, who has a son, still owns the family farm in Duplain Twp on Watson Road.

DISTRICT 2 Lebanon, Essex, Dallas Twp.

William Hufnagel

William Hufnagel, 65, Route 2, Fowler, is a Republican incumbent unopposed. He represents District 7 which has been reapportioned to District 2. He has been a commissioner since 1963.

Hufnagel, a farmer in his district, was Dallas Township supervisor from 1963-68. He and his wife, Matilda have 2 sons, Leon of Marlette and William of Fowler. He is a member of the Farm Bureau, Knights of Columbus and the Holy Name Society of Holy Trinity Church. He is on the board of directors of the Federal Land Bank.

DISTRICT 3 Bengal, Riley, Westphalia Twp.

Harold L. Martin

Harold L. Martin of Westphalia is unopposed for District 3 representative on the Clinton County Board of Commissioners.

District 3, composed of Riley, Westphalia and Bengal townships, was organized under the new reapportionment plan recently approved by the state.

Martin has been a lifelong resident of Clinton County and is a veteran of World War II. He also operated a gravel business in the area for 25 years. The district has 4,366 residents with nearly half in Westphalia Township.

DISTRICT 4 Western portion - City of St. Johns Bingham Twp.

Maurice Gove, 59, Route 2, St. Johns, Republican incumbent, operates a farm in Bingham Township.

He is a former Bingham Township supervisor, school board member, and is currently on the Tri-County Community Mental Health board and the Mid-Michigan

Maurice Gove

Health Department board. Gove and his wife, Leola have 3 children. They are Connie, 19, Norman, 15, and Alan, 11.

He is a member of the Farm Bureau, Clinton County Gideon Chapter, Michigan Farm Management and Rural Appraisers and the St. Johns Church of God.

He also served 15 years on the old board of supervisors before it was reorganized into the present board of commissioners.

Lynn Henning

Lynn Henning, 20, is seeking election to the county board of commissioners as a Democrat from District 4.

Son of Mr. and Mrs. Gerald Henning, the 20-year-old St. Johns High School graduate lives with his family on Route 6 and is single. He is a Michigan State University junior studying journalism and plans to work on the campus newspaper. He was sports editor for the Lansing Community College newspaper for 2 years.

Henning is employed at Kroger's in St. Johns and is active in the Clinton County Democratic Party and the McGovern campaign. He is a member of St. Joseph Catholic Church and is on the parish council.

DISTRICT 5 City of St. Johns

Don Gilson

Don Gilson, a real estate salesman for Houghten Realty in St. Johns is seeking the fifth district county commissioner's seat. He retired from his post as personnel manager of Federal Mogul Corporation's St. Johns plant early this year after 21 years with the firm. Prior to working at Federal Mogul, he spent 18 years as manager of the A & P Store in St. Johns.

The 59-year-old Gilson and his wife, Muriel, reside at 601 S. Oakland St. and have 1 son, Kenneth, also of St. Johns.

An active community leader, he presently is a member of the Clinton Memorial Hospital board of trustees and a member of the Masonic Blue Lodge and Knights Templars. He is also a member of the Lansing Executives Club and the Lansing Industrial Association.

Gilson was president of the St. Johns Area Chamber of Commerce twice, served on the United Fund Campaign as chairman of the Industrial Division and served for 6 years as a member of the board of trustees at the Congregational Church and is a past chairman of the group.

Mrs. Terry

(Dorothy) Cornwell

Seeking a seat on the county board of commissioners from District 5 is Democrat Mrs. Terry (Dorothy) Cornwell, 707 Spring.

A homemaker, Mrs. Cornwell is making her first bid for elective office. She has lived in Clinton County 20 years and works summers for the Michigan Migrant Education program. She is active in the Jaycettes.

Mrs. Cornwell and her husband, who is a Central Elementary teacher, have 2 children, Becky, 2, and Jennifer, 8 months.

If you don't vote, don't complain

Once again it is the public's right and duty to elect their choices to represent them in office from the White House right on down to local offices.

There are those who will not vote Tuesday. They are also, in many cases, the ones we will have to listen to for the next 4 years as they complain about our "rotten" government.

Fortunately, in Clinton County, voter interest seems to be a little above average.

The county clerk's office reports a total of 24,348 persons registered to vote. That figure represents an increase from April to July of 1,291 and, from July to Aug, 2,725.

That is nearly 50% of the total population of the county registered with the 1970 census listing Clinton with 48,492 a total that is, most likely, over 50,000 by now.

Then again, it is one thing to have a respectable number of persons registered—it is another to have most of them vote come election day.

A report of a registration drive in a state college precinct signed up 350 voters. A further check found only 103 of those registered had voted.

Each citizen has a right to his "say," but the edge is taken off a bit when he refuses to exercise that "say" at the polls.

JGE

View from the Senate

By SEN. WILLIAM S. BALLENGER

If a usually reliable Detroit newspaper poll is correct and public opinion doesn't change drastically in the next two or three weeks, it would appear that Michigan voters again will reject a graduated state income tax (Proposal D) in the November 7 general election.

If this transpires, backers of Proposal C—the proposal that would shift one major source of revenue for education from property taxes to some other form of taxation—will have to start looking around for other ways of picking up an estimated \$1 billion or so that will be lost in property taxes if Proposal C passes.

Although technically separate issues, the property tax reform proposal and the graduated income tax plan have been closely linked because many backers of easing the property taxes had hoped to shift most of the burden to persons in higher income brackets.

FREDERICK P

CARRIER, who does the polling for The Detroit News, has said about 60 per cent of the people questioned favored the Proposal to limit local property taxes for school purposes, 30 per cent opposed and 10 per cent were undecided.

This appears to be a wide enough margin to indicate that that proposal will pass although, in recent days, the plan has been subject to some attacks.

The Carrier poll also showed 49 per cent of the people interviewed opposed a graduated income tax as against 39 per cent in favor and 12 per cent undecided.

While this, too, would appear to indicate the graduated income tax will lose, the margin of opposition is far less than in 1968 and 1970, when similar questions were put to the voters. In 1968, the proposal was soundly defeated by a margin of 2,025,052 to 614,826. In 1970, it was rejected roughly 2-1. If the latest poll is borne out, there appears to

have been a rather marked shift in feelings of the people toward the graduated income tax. This is largely due, undoubtedly, to constant hammering by union leaders who contend that a flat rate income tax is regressive—that is, it puts too much burden on low income families.

Some opponents of the graduated income tax proposal say that its passage would extend to local units of government—even to school districts—the right to levy the graduated income tax on the people.

In voting on Proposal C—lowering the limits on property taxes—Michigan voters will be weighing whether they want lower property taxes urgently enough to be willing to accept the inevitable increase in whatever other taxes must be levied to make up for the loss in property taxes.

Educational costs continue to rise in Michigan, even as they do in almost every other state in the nation, and revenue must be provided to meet their needs—if not by one source, then by another.

The proposals on the ballot November 7 do not spell out what the replacement taxes will be. However, some figures have been mentioned, such as a flat rate income tax of 6.2 per cent or a graduated income tax running as high as 14 per cent.

In addition, the Governor has mentioned the possibility of levying a "value-added tax" or "profits and payroll tax" of about 2 per cent. This is somewhat like a sales tax added to each step in the manufacture or increase in value of a product.

People should have the right to choose property tax relief if they wish—and it appears now that they will—but they should not do so because they think that it will automatically mean less taxes for them over-all in the end. In fact, it may mean more over-all taxes for some (levied differently) and less for others, particularly retirees, senior citizens living on fixed incomes, and low-income home owners with large families.

ONE YEAR AGO
Nov 3, 1971

By the first of December, St. Johns will have a new doctor. He's Dr Herand Garapetian, 35, an internal medicine specialist currently working at McClaron General Hospital in Flint.

There's new hope for unemployed persons on the public assistance rolls in Clinton County. The Michigan Employment Security Commission announced the opening of a work incentive program within the county to be headed by Donald O Berndt of Owosso.

"Because of his great interest and love of children" the Pediatrics Department of Clinton Memorial Hospital will be known as the P F Stoller Pediatric Department. The announcement was made following a meeting of the hospital medical staff. They acted after Dr Stoller's widow requested they so be used.

Clinton County may be getting a vocational training center. At least it could if the county intermediate office and the state agree on a proposal. Representatives from the 6 Clinton County boards of education met last week with the intermediate board and superintendent and voted to go ahead with plans to develop a county-wide vocational school.

St. Johns will be getting a new shiny red fire truck within the next month. But there is no place to put it. Weatherwax told city commissioners the truck would be arriving but 1 of the older trucks would have to be moved out to the DPW garage to make room for it.

Clinton County Republican Headquarters were set up this week in the vacant building at 113 W Higham Street to provide a base of operations for county political workers during the "home stretch" before next week's state and county election.

Clinton voters will go to the polls next Tuesday to cast what many observers forecast will be the greatest off-year outpouring of ballots.

Questions about Social Security

Q. I am 19 and receiving monthly social security survivors benefits as a student. I am going to transfer to another college soon. Will I need to do anything to have my checks continued?

A. Yes. You should notify social security as soon as you enroll in a different school. Otherwise, your payments may stop when the first school tells you are no longer attending.

Q. I have been working for a contractor and paying into social security for the past 20 years. I am usually off work at least 3 or 4 months out of every year. After I reach 62 next month, can I collect social security retirement benefits for those months I don't work?

A. Yes, you may be able to

While seated at last in the bath tub Away from the cares of the day I'm lazily watching soap bubbles Leisurely floating my way; I pursue but it dodges my clutches Each time that I blindly grope I'm hoping to multiply bubbles When I catch that cake of soap!

Each time I'm convinced it is cornered It backs up to give me the slip Like a half-back turning the corner It pulls away from my grip; Now surely it's there in the corner Or am I a blundering dope? To be failed by a slippery slicker That elusive morsel of soap!

Somewhere in the annals of plumbing Someone must have gathered a clue On how to re-capture lost soap cakes Or what is a bath to do? Relentlessly pursuers perseoeth Up, down and around every slope Once captured it mostly has vanished That elusive bath-room soap.

"If It Fitz . . .

Duffy's off his pom pon

Editor, Lapeer County Press

By Jim Fitzgerald

Some terrible things are happening at our institutions of higher learning. And I guess I should feel guilty about it.

Duffy Daugherty, football coach at Michigan State University, blames the alumni for his poor teams. He says MSU graduates don't help him recruit good football players.

"Other schools have the alumni help more in recruiting," Duffy told a newspaper reporter. "They go to the local alumni club in a town where they want a player and have the club get the guy a summer job, or talk up the school. We need more of this kind of thing. I'm not interested in moral support. I'm interested in financial support."

I must confess: my hands are not clean. I have been an MSU alumnus for 20 years and I have never once patted a high school quarterback on the rump and offered him \$500 a week for changing light bulbs in my darkroom if he would fight, fight, fight for MSU.

I'm in trouble closer to home, too. A member of the local school board has rapped the school administration and her own board as a bunch of losers. One thing that disturbed her is that the high school band couldn't find time in its Homecoming schedule to furnish accompanying music while the pom pon girls pomed their poms.

Again, I must blush guiltily. Once I watched through my back window as my daughter and her pom pon team practiced. They jumped up and down and waved balls of shredded paper in the air.

"It is hard to believe," I told my wife, "but I think it might be possible that pom pon girls are as boring as baton twirlers."

(It must be pointed out here that I play no favorites. My other daughter was a baton twirler. I mention these things as part of my

that they are trailing in the balloting and stand a very good chance of losing the election.

"However, it's not quite that simple. One candidate was asked, 'You have been trailing your opponent, but the latest projected forecast showed you picking up several more precincts and giving you the lead.

Do you feel this is a meaningful indication of a possible victory if your opponent does not get more votes?' He answered, 'I'm not sure I understand the implication of your query. It would appear you are asking if I will win if I receive more votes than my opponent. Unless they've suddenly turned this area into Chicago, that's the way it usually works'."

"We're sure our viewers realize that emotions run high during this election night and the previous statement meant no reflection on the broadcasting business or Chicago politics. Spiro, where are you when we need you?"

"Back to election central we have 3 1/4% of the nation's vote tabulated and are now predicting the outcome of all races except the 3-man race for pollution control officer for Los Angeles, where all 3 candidates have refused to admit they've won the contest."

"Here is a late bulletin and, my gosh, this can't be happening. All computers were programmed inside out and backwards for tonight's election and we must tell you all results are wrong.

"I'm afraid you'll all have to wait, as your forefathers did, until all the votes are counted to find out who won."

usual head-em-off-at-the-pass policy. The theory is that angry parents won't hit me on the head for knocking what their kids do as long as my kids do it too.)

At any rate, there is obviously something wrong with me.

I don't really care if Duffy Daugherty never wins another football game. He is well paid and so are his assistants and his players. They are involved in a business that is about as amateur as General Motors. If Duffy and company can't fill all the seats in the stadium, then the MSU trustees should hire someone who can.

I've been one of the rah-rah fans at Michigan State games for almost 30 years. But I don't kid myself that the MSU Spartans are much different than the Detroit Lions. They are all professional entertainers, competing for fans' dollars.

And if the Lions coach blamed me when he lost, I'd tell him to take a head-first dive into his water bucket. Duffy Daugherty can go dive in the same place.

Likewise, I can't get upset about the plight of the pom pon girls. It is dismaying that a school board would spend time arguing about such nonsense. I strongly favor school sports, with all the trimmings. They can be fun and I'm all for having fun. But first things first . . .

The other day a guy tried to sell me a \$100 ticket on a Cadillac. The money would go to a worthy cause, he said -- to buy football uniforms for 8th graders.

I told him to come back when he was raising money to improve the curriculum so that Johnny might be able to read and write on his graduation day. He looked at me as if I were nuts.

According to the rest of the world, I guess I am.

HOW MUCH ARE YOU ACTUALLY PAYING FOR DETERGENT? -- Dishwashing liquids are mostly water. The only significant difference between your favorite and any other brand is the quantity and the quality of detergent added to the water.

That difference can be very significant, because it determines that very important factor, price.

How can the consumer, faced with the wide range of prices and claims made by manufacturers, tell which product is the best detergent buy? A test of "dispan mileage" is the best method. This is the number of dishes a fixed measure of a given product will wash.

Laboratory tests can easily be duplicated in your own home. Use a uniform measure -- a cupful, for instance -- of each detergent to be tested in about six quarts of water. The true worth of the dishwashing liquid will be revealed by the number of dishes it washes before its suds are used up.

SUPPOSE A cupful of Product A, at 75 cents a quart, washes 40 dirty dinner plates while the same amount of Product B, at 30 cents a quart, washes only 8. That means it will take five times as much of Product B to wash as many dishes as a quart of Product A will clean. The REAL COST of Product B is thus not 30 cents per quart, but \$1.50, twice as much as the "expensive" Product A.

What of the products' other competitive factors, such as kindness to hands? They are not significant. All products are about equal in mildness. A sensible practice whenever you have to put your hands in hot water is to wear rubber gloves. They protect hands from hot water as well as detergents. Colors, smells and opaqueness (or clarity) change only the appearance of the product, not its effectiveness.

In view of the concern for ecology these days, many manufacturers are labeling their products "biodegradable." Most liquid dishwashing detergents, whether labeled biodegradable or not, have little or no phosphorus in them to threaten the environment.

To make the best of the dishpan mileage available, we suggest making an estimate of the dishes to be washed before adding detergent to the water. Figuring two small bowls or saucers or plates as equivalent to one dinner plate and allowing extra detergent for silver and pots and pans, estimate the number of dinner plates and pour or squirt accordingly.

If you are using Product A, which washes 40 dishes per cupful of detergent, use half a cupful for 20 plates, a quarter for 10.

IF YOU SQUEEZE, just squeeze once. Two squirts of those handy squeeze bottles can easily provide twice as much detergent as you really need.

These tips have been sent to us by Anne Field, Extension Specialist, MSU.

Letters to the Editor

Is it murder?

Mr Editor:
In regard to the letter Mr Snyder wrote in the Oct 18, issue of the Clinton County News, he stated the automobile is the number one killer; I beg to differ with him on this point. The automobile is the number one cause of death but abortion is the number one killer. People who travel in automobiles have a choice as to whether they want to gamble with life when they travel the roads. The aborted child, however, has no chance to consider a choice on the automobile, war or cancer as a possible way he might die, or a chance at a full useful life.

Then there is this big hassle as to the mothers right to choose life or death for her child, she does have plenty of time for a choice, before conception, not after. There are many methods of contraception that can be used and these methods can be a lot cheaper in a child bearing life-time than the cost of even one abortion. This bringing the issue of money into the picture. As everyone knows money is the root of all evil, and in the abortion issue the roots are very big and deep. Insurance companies will have policies to cover abortion in no time, and up and goes everyone's rates again. Doctors, hospitals and these insurance companies stand to make a great deal of money if abortion is made (legal???) If it were not for the money to be made on abortion, this issue would never have gotten to the ballot.

In conclusion, I wonder if this type of murder is made legal, how about if we let a convicted killer go free if he pays for the funeral of his victim?? This makes about as much sense as abortion doesn't it? Sincerely, Mr and Mrs C.F. Schaefer

We all read with interest the many letters in your paper pro and con about abortion. How many of us go to the Bible? I haven't seen anything so far, but it is all so simple and understandable.

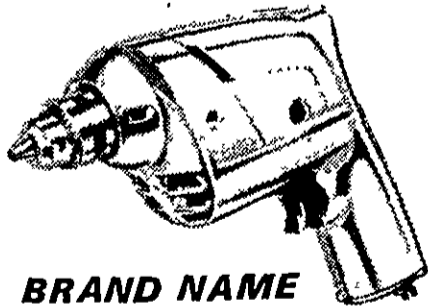

Exodus 20-13 "Thou shalt not kill" which is one of Gods commandments. Romans 12-1 "I beseech you therefore brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service."

While you are about it please read the entire chapter. Also many places in the New Testament, we are told "Our bodies are a

"No" vote

Sir;
In regard to your poll on Proposal B, my husband and I would like to voice our opinion. We are both very much opposed to abortion reform and will both definitely vote no on Proposal B.

In all fairness, I think that our two signatures should be counted as two people against Proposal B and not just one letter against it. Sincerely, Lois Feldpausch Ronald Feldpausch

An issue of morality

To the Editor:
We have read with great interest the articles in the paper concerning abortion, both pro and con, and now feel we must voice our opinions concerning this vital matter.

We feel that first, one must ask himself: is abortion a law which is necessary? In this day and age, with all the contraceptives available, there should not be unwanted pregnancies. Instead of all the money being spent on this campaign for abortion reform, wouldn't it be wiser to use these funds to educate people on the methods of birth control and contraceptives, preventing life before it begins rather than ruthlessly taking it after it has started?

Next, do we really have the right to decide over life and death? That is what this issue really boils down to. Irregardless of what some people say, this is truly a life and death matter. We surely would not want to have to answer for the death of an innocent and defenseless victim.

The right of a woman to control her own body is the big cry of abortion reform supporters. What about the body of the individual within the woman? Does he or she not also have certain rights, among those, life? Life begins at the time of conception, all the necessary makings of a human being present at that time. It merely takes a period of time for these elements to develop. As the embryo develops into a fetus, then into a baby, a toddler, a youngster, a teenager, an adult, etc., we throughout our time of existence on earth are constantly changing and developing as the years pass on.

There is an issue of morality involved in this instance. If one believes in God, he cannot, in true and clear conscience, vote yes on this proposal and still go to church and hold his head high believing he did the true, christian thing when the destruction of life is clearly against the dictates of God.

With abortion reform, there is also another encroaching, hideous aspect as to life and death, creeping upon us. If we vote yes on this proposal and it passes, who is to say that in five or ten years, legislation may be enacted to eliminate those over 70, or physically or mentally handicapped, or

perhaps those who are just deemed to be of no use to society (in which event abortion reform supporters better heed warning; they are indeed as much a threat and menace to the safety and well-being of our society and world as air pollution, crime on the streets, violence, etc., and they may one day find themselves doomed as they seek to doom completely innocent and defenseless human beings.)

Surely everyone placed on this earth is here for a purpose, so to the unborn individual is here for a purpose also; one cannot help but wonder how many of the helpless victims abortion reformers seek to destroy would eventually grow up to be -- Michaelangelos; Leonardo DeVincis; Louis Pasteurs; Jonas Salks; George Washingtons and Abraham Lincolns, etc???

As to Mr Snyder and Mrs Desprez, whose letters in support of abortion reform appeared in previous issues, had your mothers been given the choice between life and death of the unborn individual within their bodies, just think, you both could have ended up-in a garbage can-dead. Now, that doesn't sound like such a pleasant thought, does it? Perhaps you might want to reconsider your stand on this important issue.

Sincerely,
MR & MRS GALE VAN BURGER
MR & MRS WILLIAM ROZEN
St. Johns

She says, "vote no"

To the Editor:
I am writing in response to an article, Senator Bursley had in the State Journal, complaining about the Ohio Couple supporting the right to life movement.

It is most pleasing to learn that there are even people in other states who have enough concern for the right to life of the unborn, to make their services available to defeat this hideous proposal.

Mr Bursley and the pro-abortionist are accusing us, who are against eliminating the life within, of trying to impose our morals on all the people of Michigan. Of course, we are trying to impose morality, and are proud of it. We would hate to be on the side of the pro-abortionist and promote IMMORALITY. We are also against legalizing drunk driving, arson, assault and battery, slander, blackmailing, robberies, etc. These are lesser crimes than Murder.

Christ in his gospel said "Let the little children come unto Me and forbid them not." Are we going to stand in their way by preventing the life that awaits them? Are we, the voter, going to allow people to destroy their own flesh and blood? Please, VOTE NO on PROPOSAL B.

Urge voters know judge candidates

Dear Sir:
As you may know, I have been an active volunteer in the campaign of Judge Mary Coleman for the Michigan Supreme Court. But, putting aside her candidacy for a moment, let me comment on the importance of this state wide non partisan race:

As important as the Supreme Court is to Michigan, less than 60% of those voting each 2 years bother to vote at all for this non Partisan spot. Some people feel they did vote for it when they pulled their party lever; others just can't sort out the candidates so don't vote at all and still others don't even realize that the non-partisan ticket is there.

This year, we urge (1) that people study the qualifications of the candidates and (2) that they pull these non partisan levers first, then vote their party choice.

For years the Supreme Court winners have been those who won a popularity

contest - and all too frequently, only because they had a good political name.

IN A RECENT Detroit News editorial, endorsing Judge Coleman, the comment was made that our Supreme Court is among the nation's least respected - a sad blow for all of us proud to be Michiganders.

And let me quote further: "This is the Court that licenses teenagers as criminals by holding that they can neither be confined after their 21st birthday (for juvenile crimes) nor sent to Juvenile Court waiver for trial as adults." This in effect will release 400 hardened criminals to our streets, unless the Supreme Court reverses its decision.

These are the justices who virtually stopped enforcement of marijuana laws by ruling present laws valid - without agreeing as to what made them unconstitutional."

And we can quote many more decisions which affect YOU.

Please help this situation by voting for the Supreme Court candidates, Judge Mary Coleman and Judge James Thorburn, on Nov. 7.

Yours very truly,

Pray for the unborn

To the Editor:
One of the most tragic issues ever, will come before every registered voter next week when they go to the

polls - that of Abortion Reform for the State of Michigan. To date much has been said for and against the issue.

One of our State Representatives recently spoke to a group on Proposal B. These were his closing remarks and I quote: "If your God and your church say it's a sin for you to have an abortion, don't have one, but don't try to stop me - My God and my church say it's not." There are many different churches true, but GODS? There is only one and let's leave the decision up to HIM, the only giver of life, to decide who should live and who should die.

Many of us are sharing in the blessings of children through adoption, what a pity to keep such a precious thing from others unable to have natural born sons or daughters. I can't imagine a society that could be this selfish.

Accuse us of shoving our moral and religious beliefs down your throats all you wish, but the day will come when men must face the MAKER to account for their misdeeds. Proposal B, if passed, could result in the mass murder of the unborn, God forbid that they be guilty of this too.

By this time next week, your vote will have been cast for or against this proposal. I pray that your choice will be the right one.

Pray for the unborn - God won't let you down.
MRS BRUCE FITZPATRICK

Response to

Jack H Svendsen

Editor;

I am a senior at St Johns High School and would like to respond to the reply by Jack H. Svendsen concerning Charles Tait's letter. Where was his reply? Mr Svendsen didn't answer one question; all he seemed to be doing was cutting Charles Tait down. For Mr Svendsen's benefit, let me revise the question that Charles Tait seem to be asking.

Where can kids go other than downtown, if not involved with the band, sports, or drama? We are not talking about the kids in volved with these activities, but with the ones who aren't. But then you ask, why aren't they involved with these activities. First, you must be a musician to be in the band. This cuts out the kids who don't play an instrument.

Second, only a certain number of kids can be on teams in sports which leaves most kids outside of sports. Third, not all kids are in-

terested in dramatics, so where can these kids go? And then there is a fourth reason, what if the kids aren't interested in any of these activities? They have the right not too.

It seems everyone lumps the job of keeping kids busy and happy onto the school. This is evident by the lack of support by the community towards Our House, the local teen center which had to close because of lack of funds. The major question is then asked, is it the job of the school to provide kids with activities or is it the community's job? Maybe Mr Svendsen would like to answer this instead of cutting down Mr Tait, who I wish to thank for speaking out.

A. Randemacher

Yours truly, James Barnes
PS In reply to Mr Svendsen's remark about Charles Tait's education, I wouldn't be a bit surprised if Mr Tait was close to having straight A's in high school.

It's murder

To the editor:
Please oh, please everybody vote no in Proposal B, on abortion. It is murder no matter which way you look at it. Those babies have every right to life we had and have and want to have.

Many a man sees his duty, but can't find anyone who'll do it.

Ballenger disagrees with Proposal C criticism

State Senator William S. Ballenger took issue Oct 10 with recent criticism of Proposal C on the Nov 7 general election ballot leveled by State Supreme Court Justice Eugene Black and the Detroit News.

Proposal C, which polls estimate Michigan citizens favor by a nearly 2-1 margin, would permit shifting the chief school financing burden from locally levied property taxes to the state income tax.

"For the most part, the News and Justice Black have criticized Proposal C not for what the proposal does but for what they feel it fails to do," said Ballenger at a meeting of the DeWitt PTA.

Far from opening loopholes or lifting present ceilings on property taxes, Proposal C changes absolutely nothing in the Constitutional provisions concerning bonding millage," said Ballenger. "Proposal C deals solely with operating millage. Those who seek change in the bonding provisions should address themselves to that separate issue, instead of seeking to confuse the issue with which Proposal C is concerned."

"PROPOSAL C passes, millage levied by cities, villages, charter counties, charter townships, charter authorities or for debt requirement by any governmental unit (including bonding for building schools) would continue to be excluded from Constitutional limitation, as would millage levied by community college districts - just as they have been excluded from the State Constitution ever since it was adopted by voters in 1963," he added.

Ballenger said that other criticism of Proposal C seems to be divided into two basic arguments: First, that the proposal would not reduce the over-all level of taxation; and, secondly, that state financing would mean a loss of "local control".

Continued Ballenger: "To the first argument, I would emphasize that there is simply no magic method by which any state can improve the quality of education (and put poorly-financed districts on a sound fiscal basis) while reducing taxes in the process. Proposal C calls for a shift in taxation, not an over-all reduction. Some individuals will pay more and some, particularly retirees and senior citizens, less.

"The argument about 'local control' is a highly dubious one. In some states, which provide a very large portion of the funds for education, we find fewer state restrictions than in other states where the state

provides only a low percentage of the funds. As a matter of fact, I might point out that the federal government provides a very small, almost negligible, portion of the average school district's budget in Michigan. Yet by its extensive system of tightly defining the use of its funds and its requirements for matching funds, the federal government has exercised an unduly large control over public education in Michigan.

"If Proposal C fails to win an emphatic endorsement by the voters on November 7, it seems very probable that our present system of locally levied property taxes will soon be outlawed by the courts, anyway. This will leave the Legislature with the problem of enacting a totally new revenue-distribution system without

the highly desirable mandate from the people that Proposal C represents. Should this occur, it would make it that much harder for the Legislature to enact an adequate revenue program. The result could be disastrous to the schools and the school children of our state."

4-H Chatter

By JOHN AYLWORTH

The County 4-H Leaders Recognition banquet will be held Monday, Nov 13, 7 pm, Smith Hall in St Johns sponsored by the County 4-H Council and Clinton National Bank and Trust Company. The banquet is for 4-H leaders and spouses in recognition for their time and effort in working with the 4-H youth in Clinton County.

Mrs. Jerome V MacEachin, St Thomas Aquinas Church in East Lansing, will be the speaker providing a humorous program for the leaders and guests.

Leaders with 3, 5, 10, 15, 20 and 25 years of service to 4-H clubs will be recognized as well as a "Friend of 4-H Award" will be given to some individual or organization who has given meritorious service to the 4-H club program over the past few years. 4-H Key Club awards will be given to 9 4-H members.

Four leaders will be elected to serve a 3 year term on the County 4-H Council representing each of the four districts in the county. Present Council members whose terms expire include Donna Smith-Northwest, Russ Libey-Northeast, George Hazle-Southeast and Jeanette Beachmau-Southwest.

Seven 4-H clubs were honored at the fall leaders meeting Monday as 4-H Honor Clubs this past summer. They are: Tail Waggers, Happy Hustlers, Ear Floppers, Four Corners, Prairie, Nimble Fingers and Olive 4-H Projects. An Honor Club is any club scoring 850 points or more this past summer by local club activities participation, county activities and state events for bonus points. Each of the clubs were given their choice of a gavel, motto banner, pledge banner, 4-H banner or recreation book. Premiums, certificates, pins and trip award lists and 4-H calen-

dars were passed out. Any club not present for the leaders meeting are asked to stop by the Extension Office to pick up their material.

Nov 15 is the deadline for youth to enroll in the winter 4-H program. Any youth interested in joining should contact his local 4-H leader or contact the Extension Office in St Johns before that deadline.

4-H Teen Leaders will be holding their regular monthly meeting on Thursday, Nov 2, 7:30 pm at Smith Hall in St Johns. It will be get acquainted night as the program will be devoted to different kinds of recreation following a business meeting. All new 4-H Teen Leaders are urged to attend to get acquainted with the other Teen Leaders.

A horse judging roundup is scheduled for Dec 8-9 at Michigan State University in East Lansing. The program is open to anyone 14 years of age or older with an interest in horses. The objectives of this short course are to provide basic information on judging horse classes.

Topics to be covered include "Inherited Unsoundnesses", "Relationship of Form to Function in Horses", "Procedure for Judging Performance Horses", plus demonstrations in halter class, showmanship, pleasure classes, driving classes, etc. The registration cost is \$7.50 for full time or \$5 for Saturday only. Registration should be completed by Dec 3 and will be limited to 350 people.

The Willing Workers 4-H members, enrolled for the winter program. The members set the date for their next few meetings, premium money, to be passed out and when the club will go roller skating this winter.

The Olive 4-H Projects Club members will hold their annual fall achievement meeting and dinner on

Sunday, Nov 5, 1:00 pm at the Riley School. Premiums, certificates, pins and trip awards will be presented to the members at this time.

Ag exports in state total \$106.6 million

Michigan agricultural exports totaled \$106.6 million during the last year, according to B. Dale Ball, director of the Michigan Department of Agriculture.

"This is \$6.4 million less than the previous year's record figure. The decrease is directly attributable to crippling dock strikes during the year," Ball explained.

According to tabulations by MDA's Marketing division, Michigan ranked 24th nationally in total agricultural exports. The state was second in export of

vegetables and vegetable preparations at \$24.3 million, fourth in dairy products at \$6.3 million, seventh in fruit and fruit preparations at \$4.6 million.

"Agricultural sales to foreign markets are important to Michigan," Ball continued. "They contribute to a healthy economy, especially in our rural areas."

Decreases were noted in wheat, feed grains and soybeans. These exports accounted for \$45 million of total overseas agricultural sales.

Gen Tel delivers area directories

One of the most widely used publications in the United States—the telephone directory—is now being delivered to General Telephone customers in Fowler-Pewamo, Maple Rapids, Muir and St Johns.

William Langeland, district manager for the company, said although there are no major format changes in the new direc-

tory, he suggests customers familiarize themselves with the location of important information within the directory.

The alphabetical index and table of contents for the directory appear on the inside front cover and the list for frequently called numbers appears on the inside back cover. A localized exchange area map, printed in conjunction with the Continental US Area Code Map, also appears again in the directory.

"Places for you to write in emergency numbers are conveniently located on 'Page One,'" Langeland pointed out. "We want the location of these numbers readily available and easy to find."

INSTRUCTIONS for all types of calls—station-to-station, person-to-person, conference, collect, overseas, mobile and marine—and a graphic description of both interstate and intrastate long distance rates appear in the introductory pages of the new directory. Included is an explanation of the discounts applicable for dialing intrastate long distance calls direct.

An explanation of the Michigan State Law concerning threatening, obscene, nuisance or harassment calls also appears in the new directory as well as the procedure to follow in cases where this statute is violated.

Langeland suggested customers carefully leaf through their old directory before replacing it with the new edition.

"Often important papers, letters and even money, are placed in the telephone directory for safekeeping and forgotten," he said. "Remember, also, to transfer that list of frequently called numbers from the old directory to the new one."

The directory is larger this year because of expanded listings in both the white and yellow pages, the manager said. He added that General Telephone would distribute more than 8500 directories in the St Johns area this year.

Farm Tips

Silo gas can kill

By WILLIAM LASHER
Extension Agriculture Agent

face practically every farmer. There are alternatives which he must consider as: 1) let livestock glean the fields during the fall and winter, 2) disc and plow, 3) disc and apply anhydrous ammonia, 4) do nothing until next spring.

Amazing agriculture

American agriculture has performed some amazing production feats which have helped all of us who eat. They have increased their production of food and fiber many fold and improved the quality substantially at the same time.

Some people have been making charges that the beef industry has conspired to hold down cattle production to increase prices.

This is far from the truth. Production efficiency in livestock has responded to consumer demands for beef by turning out enough fresh beef to provide each American with 53 pounds more beef per person per year than 20 years ago. Even though farmers have increased production, they've not been able to increase it fast enough to suit all the steak eaters.

If our present beef eating trends continue, it is expected America will set a new record of consuming 115 pounds per capita in 1972.

Another amazing fact is that if the price of beef and beef cattle had increased at the same rate as the average per capita take-home pay in the U.S. since 1951, housewives would be paying an average of 72 cents more for every pound of beef they purchased at their local meat counter. Also, cattle raisers would be receiving an average of \$73.15 per hundred weight for cattle on-the-hoof rather than the \$33.20 per hundred weight they received in mid-September, 1972.

The quality of meat we are eating today is much higher. Presently, 60 percent of our American beef production is choice grade compared to a third in 1952.

No other segment of our economy has been able to increase production so greatly as our amazing American agriculture and yet they are faced with tremendously increased production costs while receiving prices equal to those of 20 years ago.

On Oct 16 the Literary of the Crescent Club met at the home of Oneta Barthel for a cooperative dinner. Fall colors decorated the tables. Following this the newly elected chairman, Marie DePond, opened the business meeting with a discussion on how to use the money in the treasury or how to give help in any way to community. Ethel Conn was appointed to call at the nursing home and asked if members could render any service.

She spoke of seeing many fence posts cut from beautiful marble in the country which is still ruled by a dictator. Most of the people are seen wearing black or gray clothing. They flew the southern route but came back through Greenland and Iceland.

Two new members were added to the Department, Diane Hill and Judy Leep. Co-chairman, Janet Bates was in charge of the program. Her title "Jaun-

ting With Janet" was well presented with slides and an interesting talk on Spain. She, with a 28 member group, 15 of which were Spanish students, spent 9 days in and around Madrid. The tapestry is used not only for beauty but also for insulation as there is no central heating in these great buildings.

Shepardsville

By Lucille Spencer

Mrs Richard Barker of Lansing was a recent caller on Mr and Mrs John Spencer.

Mrs Francis Hall, Mrs Karl Smith and Mrs John Spencer attended a district workshop at the Bannister United Methodist Church on Thursday, Oct 19. This workshop was for newly elected officers for the Women's Society of Christian Service.

The Berean Circle of the Shepardsville WSCS met at the home of Donna Heltinger on Thursday evening, Oct 19. The ladies in charge of the program were the ones who attended a Winning Women's retreat held recently in Kalamazoo. The hostess served light refreshments following the meeting.

The Ovid-Duplain Library Club will meet on Friday, Nov 3 at the Shepardsville United Methodist Church. The program will be on candidates, issues and the ballot. Mrs Richard DePond, Ovid Township Clerk will be a special guest.

Members are asked to bring their gifts for the Traverse City Hospital. These gifts are to be brought unwrapped.

Roll call will be to name something for which we are grateful. Hostesses will be Mrs CH Green, Mrs Leonard Hall, Mrs Hubert Hilton and Mrs Clayton Sherwin.

Ballenger blasts Frank Kelly as derelict in duty

Attorney General Frank J Kelly today was charged by his own state senator with dereliction of duty and cynically using his state office to promote his quest for a seat in the US Senate. State Senator William S Ballenger (R-Owosso), whose 30th Senatorial District covers Delta Township, Eaton County, where Kelly resides, said a carefully researched survey of and by the 19-man Senate Republican caucus has revealed two dozen outstanding requests for formal opinions from the Attorney General—many more than two years old and one which was submitted nearly 4 years ago.

Ballenger said he believes that, if opinion requests by Democratic Senators and by members of both parties in the 110-member House were also totaled up, the number of outstanding opinion requests could number in the hundreds.

"I call attention to the fact that under state law, it shall be the duty of the attorney general... to give his opinion upon all questions of law submitted to him by the Legislature." Ballenger said. "But Mr Kelly's track record on this point is so notoriously poor that many legislators have long since given up bothering to make formal opinion requests of the Attorney General."

THE 31-YEAR-OLD lawmaker said some of the subjects listed in outstanding requests include busing, residency requirements for school administrators, lobbying activity, taxation, pregnant or married students in K-12 schools, and various potential conflicts of interest.

"The Attorney General certainly can't plead in-

sufficient staff or funding by the Legislature as the reason for his inability to perform his job properly. I say this because the Attorney General has been strangely selective in deciding which opinions to issue and when. As a general rule, it seems that if the opinion request involved is a political hot potato or doesn't offer Mr Kelly maximum political mileage for himself, it somehow gets shoved onto the back burner. Yet others can come back quickly.

"I simply can't understand how Frank Kelly could afford the time to debate Senator Robert Griffin two or three times a week, as he has requested. Quite clearly, he should be using such time to begin to properly discharge one of the most important duties of his office.

"If the Attorney General would also spend less time initiating superfluous political propaganda and simply do the job which he was elected to do, the people of Michigan would be a whole lot better off.

Americans spend less on food than anyone else

Statistics won't lower food prices, but these facts may help you see the whole picture...

Even in this time of rising prices, we spend less of our after-tax income on food in this country than people anywhere else in the world. The source for that statistic is the United States Department of Agriculture. Specifically, we spend 12.5% of our income for food at the super market, and another 3.3% for food eaten out. So the total food expense is 15.8%. Now compare that to some other countries.

England	22%
France	23%
Japan	29%
Italy	33%
Russia	45% to 50%

FOOD PRICES HAVE GONE UP THE LEAST OF ANY MAJOR CONSUMER EXPENSE

This seems surprising, but the fact is: food prices haven't gone up as much as most other prices. The source for this fact is the United States Department of Labor.

Compare the statistics:

Food in the super market	up 29% in ten years
Clothing	up 33% in ten years
Recreation	up 34% in ten years
Housing	up 37% in ten years
Medical Care	up 58% in ten years

We notice food prices more, of course, because we buy food more often, and usually pay cash. But... food prices have actually gone up least of any major consumer expense.

Statistics don't lower prices, but they can help you see the whole picture.
