

# Republicans (again) sweep county elections

Clinton voters went to the polls Tuesday in one of the best non-Presidential election turnouts in recent years, despite the cold and rain that drifted through the county.

And the voters were explicit. They do not want to pay more taxes, and according to the vote, Clinton county residents won't have to pay more for a while at least.

At press time, with 80 per cent of the votes tallied, Clinton voters rejected the assessment of .75 mills to pay for the county's participation in the Tri-County Airport Authority.

The county voters turned down the proposal (Proposal D on the ballot) with 7,082 against and 4,950 in favor.

The Authority, indeed, appeared doomed as Eaton County voters rejected the proposal almost two to one. With 42 per cent of the precincts reporting, Eaton voters downed the plan 6,614 against and 3,609 in favor.

CLINTON VOTERS followed the state-wide sentiment in rejecting by a three to one margin the first of the major proposals on the ballot.

Proposal A, which would have allowed the state to borrow the sum of \$100 million and issue general obligation bonds for low income housing to stem the growth of slums, was downed by a vote of 7,883 to 3,672.

The plan would have allowed grants, loans and advances to municipalities in Michigan and redevelopment corporations for low cost housing. The bonds would have then been repaid through the state's general fund.

Proposal B was another soundly defeated measure in the county, by a two to one vote.

The proposal, which would have enfranchised the 18-year old in Michigan, failed by a vote of 7,933 to 4,010 with all but three townships reporting.

ONE OF THE HOTTEST issues in the central Michigan area that appeared on Tuesday's ballot was Proposal C, the banning of state aid to non-public schools.

State-wide, Proposal C received an approximately two-to-one approval, but Clinton voters weren't as positive.

The anti-Parochial measure passed by a vote of 7,543 to 4,953 with all but three townships in.

This reverses the proposal by Gov. William Milliken that issued \$22 million in aid to non-public schools.

Opponents of the amendment claimed that if the measure passed all state aid, including health services, would be eliminated from

the private schools. At this date, no school administrators are positive about the total effect of the amendment.

ANOTHER ISSUE THAT met defeat in Clinton county was the fixed millage proposal which would have eliminated the county tax allocation board and establish a maximum millage limit.

The proposal, as it appeared on the ballot, would have set a 6.5 The plan was rejected by almost two to one with 6,674 against and 4,366 in favor.

IN THE RACE for the state house seat in the 87th district, R. Douglas Trezise, former mayor of Owosso, defeated Democrat Robert Duzenbury of Shaftsburg and American Independent Party candidate Dale F. Calder by a comfortable margin.

Trezise, who was seeking the seat vacated by Rep. William S. Ballenger (R-Ovid), won with 4,323 compared to Duzenbury's 3,703 and Calder's 99.

In the 88th state house district incumbent Richard Allen, a Republican, defeated Democrat challenger Mary Kurka by more than 1,000 votes.

Allen's votes totaled 2,795 while Mrs. Kurka collected 1,690.

IN THE 30TH district state senate race, Ballenger defeated his Democratic opponent Cedric Root of Charlotte by about 3,000 votes. Ballenger, who will succeed Emil Lockwood in the senate, gathered 7,800 votes compared to Root's 4,913.

U.S. Rep. Garry Brown (R-Kalamazoo) topped the Third District race by defeating his Democratic opponent Richard Ensen 4,960 to 2,983.

## Ballenger, Trezise to share St. Johns downtown offices

Since William S. Ballenger and R. Douglas Trezise were elected in Tuesday's general election they'll be sharing office space to greet citizens in St. Johns.

That was the decision Trezise, Republican candidate for the 87th state House seat, announced at a luncheon last week before the St. Johns Rotary Club.

"Bill and I have discussed sharing the costs of the office he now uses in St. Johns and working out a schedule of office hours," Trezise said.

Ballenger, a Republican, is vacating the 87th district house seat to run against Democrat Cedric Root for the 30th district state senate seat.

Trezise said it is important that a legislator maintain a two-way communication with the people in his district "if he is to be effective in his legislative work."

He discussed future legislation on education and finance, crime, campus unrest, drug abuse and environmental problems.

# Council approves priorities on new municipal garage

By TIM YOUNKMAN Editor

The DeWitt City Council Monday night appropriated \$1,000 from the city street fund to provide electrical installation and lumber materials for the new DeWitt Municipal Garage.

Approximately \$175 to \$200 was involved in the electrical installation.

DeWitt City Administrator Eldon Smith said that a local resident had offered to assist in the installation work.

The city accepted a \$675 bid from Lloyd Ballard of the DeWitt Lumber Company for lumber and insulation.

Smith also discussed the installation of a new furnace for the building and indicated that it would cost between \$745 and \$850 for a 140,000 BTU oil furnace. Discussion on the furnace was tabled until the next meeting.

In other action, the council: —Authorized the purchase of a new city truck from a state auction sale. The \$2,425 vehicle was described as an International V-8 with an under-carriage grader. The city is currently looking for further attachments for the truck.

—Discussed the plans to provide city wide rubbish pick-up with the new disposable bag system. Residents would purchase the bags from the city for 20 cents and pick-up would be provided.

They spoke with representatives from several rubbish hauler firms who were seeking information in order to supply bids to the city on the service.

They were told that the service would be offered to approximately 450 homes in the city limits and that the haulers would only be required to pick-up the bags.

Bids would be submitted at a later date, they told the council. —Approved spending \$500 to upgrade the east side of Shavey Road.

—Approved the expense of removing two trees within the city, one on Wilson Street and another on Logan Street.

—Authorized the billing of the owners of 39 lots in the Lake Geneva area who had failed to mow their lots when requested by the city. If payment is not forthcoming, they would be applied to the tax rolls, the council indicated.

# UAW strike causes lay-offs

By TOM McELENEY News Staff Writer

The United Auto Workers (UAW) have started the eighth week of their strike against General Motors and things aren't looking up for many people, including many in the St. Johns area.

Layoffs because of the strike are very evident at Sealed Power Corp., Bee's Chevrolet-Oldsmobile, Inc. and Cains Buick-Pontiac, all in St. Johns.

The only directly-related firm in the area that hasn't been forced into layoff procedures is Federal - Mogul Corp. in St. Johns.

E.A. Idzkowski, manager of the Federal - Mogul plant in St. Johns, says, "The 49-day work stoppage at General Motors has substantially reduced our pro-

duction orders. However, we are not planning any labor force adjustments at this time. If the strike were to continue for a further substantial period of time we would review our labor force and be forced to make necessary adjustments in line with business reduction."

Federal-Mogul is a major supplier of engine and transmission parts to the big three auto makers and a strike against any of these three affects our normal level of business, according to Idzkowski.

Finishing work for General Motors is presently being done by Federal-Mogul. These are orders presently in house. They are now diverting their productive efforts to take care of our other non-automotive customers which are an important part of their business.

Sealed Power Corp. announced that 17 probational employees

were laid off a week after the strike against GM began. They also laid off 30 regular employees last Friday, according to plant personnel manager Robert Gill.

ASKED HOW long he thought it would take Sealed Power to resume full production after the strike ends, Gill said, "Three or four weeks would be needed if the strike were settled tomorrow."

Fifty per cent of Sealed Power's production is geared for General Motors.

Asked about the two other car makers and their orders for parts, Gill added, "Orders received from both Ford and Chrysler are the same. If any change had occurred, it would be a small increase in orders."

"We have made a 25 per cent reduction in workers as of now and I would guess that more layoffs would result if the strike went through November," said

Gill. Now? What about the auto dealers who have no product to sell?

As anyone might guess, the hardest hit people are those running and working in an automobile dealership.

Bernard Feldpausch, owner-manager of Bee's Chevrolet - Oldsmobile, Inc., said that the slowdown started for his dealership about ten days before the strike hit. He said layoffs had taken place all throughout the dealership including people working in sales, service, parts and the body shop.

"Customers are becoming slow on many things which include more than cars," said Feldpausch. "We aren't getting any parts from the GM warehouses and are getting to the point where other dealers won't give up their extra stock, either."

## St. Louis man struck by car near death

A 49-year-old St. Louis man is in critical condition in the intensive care ward at Lansing's Sparrow Hospital after he was struck by a car while walking along US-27 near Round Lake Road in DeWitt.

Michael Michalovic, 617 Michigan Ave., St. Louis was critically injured when he apparently walked into the path of an auto driven by Robert William Zuker, 46, 211 W. McConnell St., St. Johns.

According to DeWitt Township Police Bruce Angell, Michalovic started to cross the highway shortly before 7 p.m. Tuesday, Oct. 27.

Angell said Michalovic was wearing dark clothing and was not clearly visible in the dusk rush-hour traffic.

Michalovic suffered extensive injuries including a broken pelvis, two broken legs, fractured skull and internal injuries.

The pedestrian-auto accident was one of three reported to DeWitt Township police during a 72-hour period last week.

## Ovid-Elsie teenagers die in car, train crash

Two Ovid-Elsie High School girls were killed Sunday in Fairfield Township of Shiawassee County when their auto struck a train.

LuAnn Fay Dumond, 16, 7400 W. Riley Road, Elsie, driver of the vehicle and Joanne E. (Jody) Hudson, 14, 660 McBride Owosso were both thrown from the car at impact.

Miss Dumond was pronounced dead on arrival at Owosso Hospital. Miss Hudson died hours later at Sparrow Hospital in Lansing.

According to reports, the Dumond vehicle had stopped at a railroad crossing on Carland Road in the Village of Carland and pulled into the path of the oncoming train. The train dragged the auto 1,600 feet after the collision.

Miss Dumond was the daughter of Mr. and Mrs. L. Dale Dumond. Miss Hudson was the daughter of Mr. and Mrs. Clifford Hudson.

Miss Dumond, a sophomore at Ovid-Elsie, was born Aug. 5, 1954, and resided most of her life in the Carland area.

She attended Carland United Methodist Church and was a member of the Girl Scouts, Future Homemakers of America, and 4-H Rough Riders Horse Club.

She is survived by her parents, two brothers, Larry at home and David, serving in the army in Germany; grandparents Mr. and Mrs. Clyde Dumond of Carland and Mr. and Mrs. Don Taylor of Ovid; great-grandparents Mr. and Mrs. Earl Darling of Carland and Mrs. Bernice Taylor of Chapin; one great-great-grandparent, Mrs. Addie Dumond.

Funeral services will be held at Carter Funeral Home in Elsie today at 2 p.m. Burial will be in Fairfield.

Miss Hudson was a freshman at Ovid-Elsie and attended the Burton Methodist Church.

## Two youths escape from County Home with bonds

A widespread search for two teen-age boys is being carried on by St. Johns City Police and the Clinton County Sheriff's Department.

The boys, both 15, escaped from the Clinton County Children's Home in St. Johns Sunday afternoon taking \$15,000 in negotiable bonds with them.

The bonds taken were in the names of Mr. and Mrs. Edwin Nobis, operators of the home, who were absent at the time of the escape. The bonds turned out to be the Nobis' life savings.

Mrs. Barbara Helbeck, an attendant at the Home, was lured to the Boys' cell by a request for a mop to pick up some water on the floor. When Mrs. Helbeck opened the cell door, one of the boys reportedly threatened her with a knife and demanded her purse.

They took \$15 and a set of car keys from the purse and locked

Mrs. Helbeck in the cell.

On the way out of the home, they stole a desk safe containing \$15,000 in bonds and a small amount of cash. They then stole a blue 1969 Chevrolet station wagon owned by Mrs. Helbeck. The car's license number is DHC-180.

Police and sheriff's deputies are still searching for the pair after an all-night search was conducted by St. Johns Police Sunday night.

Sheriff's Detective Sgt. Richard May said one of the two boys was the same one involved in the theft of a car last month which eventually sidestepped a scout car belonging to the Sheriff's Department.

The boy's accomplice in the auto theft, also a resident of the Children's Home, was questioned by Det. Sgt. May but refused to answer questions concerning the Sunday afternoon escape and robbery.

Among the cash stolen was one \$20 bill, one \$2 bill and ten silver dollars, according to St. Johns Police.

# Groundbreaking conducted for Stylemaster home firm

Official groundbreaking ceremonies were conducted Thursday morning for the initial building of a complex which will house Stylemaster Homes, Inc., the newest addition to the St. Johns manufacturing community.

Approximately 30 persons were present at the location of the plant on Gibbs Street one block west of Morton Street as pictures of officials were being taken. A total of 50 persons at-

## Keep cars, buses separate school officials advise

St. Johns High School officials have requested that parents who bring their children to the high school and pick them up could help the traffic situation by unloading passengers in the parking lot.

They said that the bus drivers find the circle drive in front congested when parents use the area for their children.

Officials said that parents of Rodney B. Wilson school children should park in front of the main entrance on Cass Street when leaving or picking up students.

These buses now arrive and depart at the back entrance on McConnell Street.

They added that these plans will make it easier for parents and drivers if cars and buses are separated around the school buildings.

tended a luncheon at Daley's following the groundbreaking during which time Joe Lebrato told the gathering of the firm's appreciation for being in St. Johns.

Lebrato, president of Stylemaster, introduced Ben Wieber, plant supervisor; Bill Kindler, projects manager; Ralph Lebrato, treasurer and Charles Lebrato, manager of the construction and remodeling phase of the business.

ALSO ADDRESSING the group was Bill Boyd of the office of Economic Expansion, a division of the State Commerce Commission. Boyd praised the persons in attendance for their interest in the development of the Clinton County area and touched on interest areas which are of mutual benefit to the community and the new firm.

James Leon, vice-chairman of the St. Johns Area Development Corp. presented Ralph Lebrato a desk set in commemoration of the event.

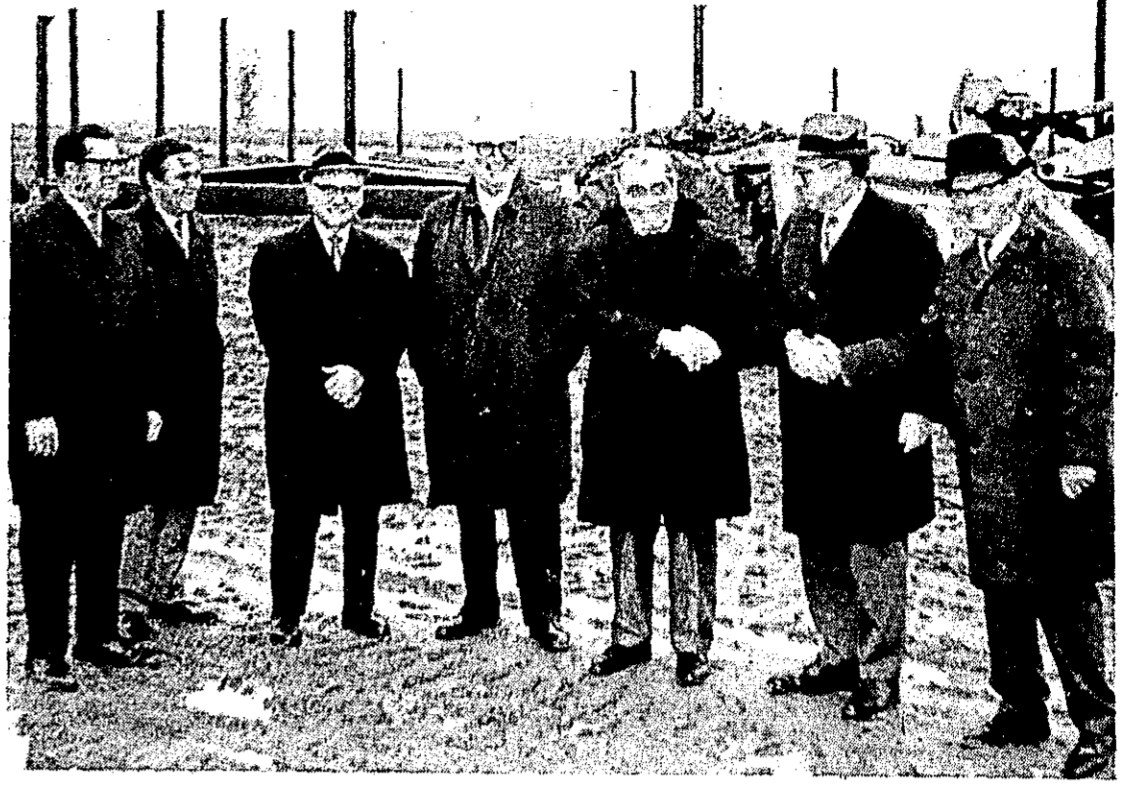

According to Lebrato, activi-

ties at the site of the plant have been going smoothly and complete erection of the building is anticipated within six weeks. Initial production will involve the manufacture of truss and panel units with complete modular home units scheduled for the production line within a year.

Construction work has been part of the Lebrato business for over 25 years and modular production has evolved from their earlier conventional experience. At present they have modular projects underway in three cities in Michigan and an expanding market for the modular home prompted them to seek location in the state.

"We picked St. Johns because it is strategic," Joe Lebrato commented during his remarks to the luncheon group. "But we're glad we did. With such a fine group of people like you we can't miss."

The luncheon was attended by city and county officials as well as representatives from county business and industry

# Annual higher education night planned for county

The Annual County Higher Education Night will be held Nov. 5 for Clinton County high school juniors, seniors and their parents.

The program will start in the cafeteria of St. Johns High School, at 7:30 p.m. with a brief orientation period.

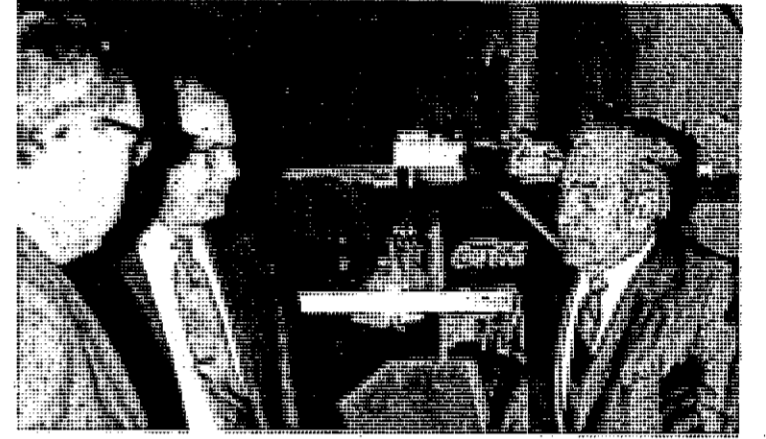

After this, the students and their parents will visit with representatives of the college of their choice for a forty minute period; and then go to the second college of their choice for another

forty minute period. This will give every student and his parents an opportunity to visit with representatives of two colleges.

We expect to have representatives from Adrian College, Albion College, Alma College, Aquinas, Central Michigan University, Ferris State College, General Motors Institute, Grand Valley State College, Joan Jewett, Lansing Business University, Lansing Community College, Lake Superior State College, Sault

St. Marie, Madonna College, Michigan State University, Michigan Tech. University, Nazareth, Northwood, Northern Michigan University, Olivet College, Saginaw Valley College, Spring Arbor College, Western Michigan University, University of Michigan, Ann Arbor, University of Michigan, Flint.

All students and parents interested in obtaining helpful information regarding college should plan to attend.

Discussing future growth plans Thursday for the newest of the St. Johns industries, Stylemaster, are Harold Wellman, Charles Coletta and Joe Lebrato, company executive.

Students from Swegles School, S. Swegles St., St. Johns, show off the float they made to commemorate National Education Week in St. Johns. Mrs. Ethel Huot, principal of Swegles School, said the children, kindergarten through fifth grade, helped assemble the float and, to her knowledge, it was the youngest group of children in the area to build one. # Drugs taken in Fowler

Recent investigation of a robbery at Finkbeiner's Pharmacy in Fowler on Sept. 29 has turned up a list of articles taken in the theft.

Clinton County Sheriff's Det. Sgt. Richard May reported Monday that several items including seven pages of various drugs were among the property missing from the pharmacy.

May said that any information given to him regarding the theft of the drugs will be kept strictly confidential.

To many people, "law and order" simply means to lay down the law and give the order.

# Carnival Saturday

It's getting to be that time of year again; time for the annual Carnival sponsored by St. Joseph's Home School Council in St. Johns.

This year's festivities will take place on Saturday night from 5 to 10 p.m. in St. Joseph's Gym. Chairmen for the carnival are Joan and Leon Miller with Jean Vitous serving as co-chairman.

What is termed a "bigger and better" carnival by those involved will be highlighted with two prizes; a Sno-Jet snowmobile and a "dressed pig."

Attractions at the carnival will include many new booths; among them, a butcher shop, a fortune teller and a spook house. Many "white elephant" articles will be sold throughout the night and cartoons will be shown at half-hour intervals all evening.

The public is cordially invited to attend. Tickets can be purchased from any St. Joseph student and will be available at the door Saturday night.

THIS COULD BE YOURS

The Sno-Jet snowmobile pictured here is the grand prize being awarded Saturday night during the annual St. Joseph "Carnival". Pictured from the left are Mrs. Joan Miller, Leon Miller, Robert Purtil, sitting atop the machine, and Mrs. Jean Vitous. The Carnival will run from 5 to 10 p.m. Saturday evening in the St. Joseph Gym. Ticket prices for the snowmobile are 50 cents or three for a dollar from any St. Joseph student or at the door.

## DeWitt school budget shows modest surplus

The DeWitt school system will have a little bit of money to work with during the school year.

According to the new school budget for 1970-71 approved last week by the DeWitt Board of Education, total operating revenue will outweigh total projected costs by about \$12,107.

The total operating revenue for 1970-71 was recorded as \$1,194,041 and the total projected costs were listed as \$1,181,934. Included in the costs were \$314,179 for elementary schools, \$240,221 for the middle school and \$267,403 for the high school. Other costs were summer school, \$6,000; administration, \$54,511; transportation, \$95,420; operation of plant, \$123,000; maintenance of plant, \$10,400; fixed charges \$39,800 and capitol outlay, \$31,000.

The budget recorded \$420,093 in local revenue, \$727,248 in state aid (net) and a total state aid of \$765,248.

The district will receive \$8,700 in Title I federal revenue.

Textbooks and school supplies that have been required expenses of the district according to a recent supreme court ruling will cost the district \$18,300 in the high school, \$19,500 in the elementary schools and \$18,000 in the middle school.

Supt. James Ritchie told the board members that the district's enrollment had increased 113 students, "the greatest increase in the metropolitan area of Clinton County in numbers and percentage."

St. Johns High School students will be knocking on doors throughout the city Nov. 2-Nov. 12 in their annual magazine sales drive.

This time the revenue will be used through the student council to help deter the costs of the gymnasium scoreboards, assemblies and student lounge furniture.

The magazine drive quota this year will be \$5,400. Cash awards and prizes are being offered to spur the sales with \$30 going to the student with the most sales and \$20 to the second highest. In addition, the highest home room will be awarded \$30.

Students will receive 19 percent of their sales as payment for their efforts. The program is sponsored by the Quality School plan owned by Readers Digest and Time-Life Inc.

Students fell short of their quota last year when they sold \$4,300 of the needed \$4,500.

## St. Johns ed meet features MSU speakers

St. Johns School District will sponsor an in-service education meeting for teachers Monday, Nov. 9, featuring speakers from Michigan State University.

Dr. Ernest Melby, professor of education at MSU, will be the keynote speaker for the first of two half-day meetings for St. Johns teachers.

Dr. Melby is known throughout the country as a distinguished educator.

After the main address, elementary teachers will meet with Dr. William Joyce of MSU to discuss and demonstrate a method of teaching social studies.

The junior and senior high school teachers will meet by departments. The public has been invited to the meetings which begin at 12:45 p.m. in the high school auditorium. The sessions will adjourn about 4 p.m.

## State crews begin repair of death trap

A death-trap intersection along U.S. 27 in Gratiot County has finally attracted the attention of the Department of State Highways.

Construction is under way on elaborate facilities designed to improve traffic conditions at the intersection of U.S. 27 and M 57 in Gratiot County, the department announced.

Left-turn lanes are being built in the median of U.S. 27, a four-lane divided highway, where it crosses M 57 at Old Corners, 10 miles north of St. Johns.

The department said a stop-and-go traffic light also will be installed at the intersection.

Detectors now being installed will activate a cycle of the light when M 57 traffic approaches the intersection from either direction or when U.S. 27 traffic enters one of the left-turn lanes.

At other times, the light will be green for U.S. 27 traffic. Large flashing "Signal Ahead" will be installed one mile from the intersection in all four directions and two miles north and south of the intersection on U.S. 27.

Unlighted signs will be erected 750 feet from the intersection on the M 57 approaches.

## Westphalia gains sanitary sewage bond approval

The Village of Westphalia, through the Clinton County Sanitary Sewage Disposal System Number three, received approval for a \$870,000 share of the sewage bonds, according to Atty. Gen. Frank J. Kelley.

Kelley, chairman of the Municipal Finance Commission, said the proceeds will be used to pay part of the cost of constructing a sanitary sewage disposal system to service Westphalia.

The bonds are to be issued in anticipation of the payment of the amounts to be paid to the county under a certain contract dated June 30 calling for Westphalia to pay the cost of the system, Kelley said.

The full faith and credit of the village is pledged for the required payments to the county, Kelley added.

## US-27 speed zones changed

Two speed limit zones will be changed soon on U.S. 27 (Whittemore Street) in St. Johns, the Department of State Highways said last week.

The 35 miles-per-hour zone from Steel Street south will be extended southward 700 feet from Baldwin Street where school children cross the highway.

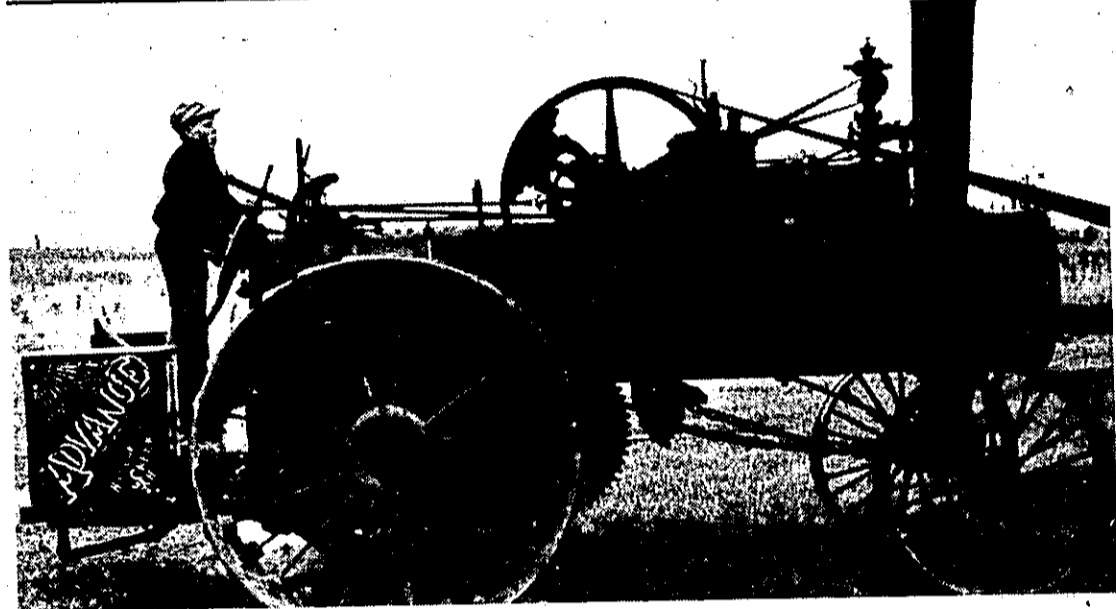

The 45 mph zone, starting south of the 35 mph zone, will be extended southward past the shopping center. Other U.S. 27 speed limits in St. Johns will not be changed.

The speed limit changes are authorized in a traffic control order signed by Henrik E. Stath, State Highway Director, and Lt. Col. Melvin G. Kaufman, Acting State Police Director. They will be enforced as soon as signs are posted.

By Mrs Harold Crowley

The Women's Society of the Price United Methodist Church met, Oct. 28 at the church for a dinner meeting with Mrs Helen Hunt and Mrs Harold Crowley as hostesses.

ALL READY TO GO!

With a little help from the weather this ancient steam engine could be stacking up dollars for a boys camp this weekend while threshing oats on land near Bee's Chevrolet-Olds dealership on US-27 south of St. Johns. The unit, owned by Wayne Kimler of Alma is a 1909 Advance and boasts 16 horses of power. The threshing, delayed recently by inclement weather, is tentatively scheduled for this weekend complete with several other attractions including a tug of war between a tractor and the 1969 Redwing football squad; a hot air balloon, a Civil War cannon, a food stand and garage sale of items left from the recent little league auction. If weather again cancels the event, Bernie Feldpausch indicated it will be rescheduled.

## MSU announces food science scholarships

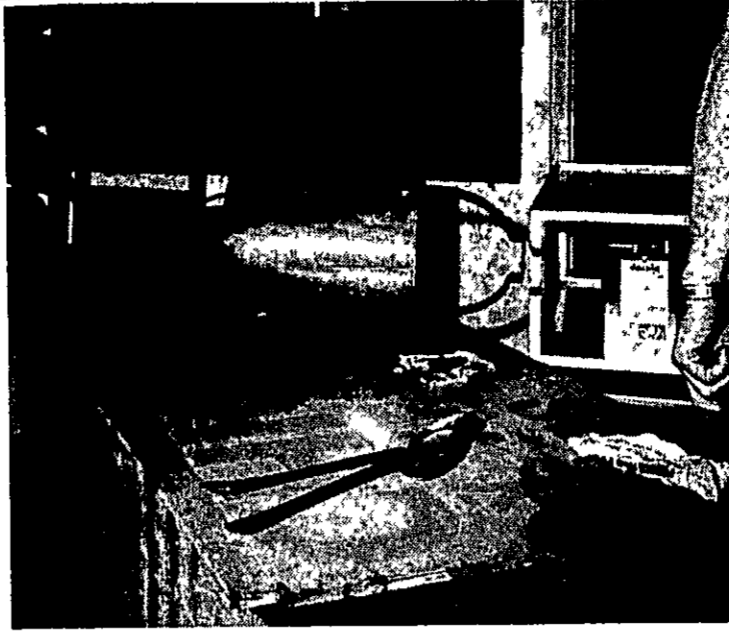

Michigan State University's Department of Food Science announced that a number of scholarships are available to high school seniors planning to major in food science at MSU.

The scholarships are being provided by various professional organizations and food industries, such as the Institute of Food Technologists, General Foods and the Michigan Food Industry.

More than 15 scholarships are available, with stipends ranging from \$300 to \$1,000 per year, and will be awarded primarily on the basis of past academic record.

Scholarship applications should be completed by Feb. 1, 1971, for students planning to enter college next fall term.

Further information on these scholarships and application procedures may be obtained by contacting the Department of Food Science, Michigan State University, East Lansing, Mich. 48823.

VFW BLAZE

St. Johns firemen were called out Friday night to extinguish a small fire at the Veterans of Foreign Wars (VFW) hall on N US-27.

The blaze and damage was mainly confined to a small storage area in the building. The fire erupted when flames jumped from a barbecue grill and ignited adjacent items.

## Pewamo

By MRS. IRENE FOX, Correspondent—Phone 824-2021

Blue Star Mothers meeting and Mrs. Bruce Hutting at Carson City was their mother, Mrs. Irene Fedewa of Pewamo.

Mr. and Mrs. Patrick Klein were visitors of her mother, Mrs. Louis Herald at Ford Hospital in Detroit. Mrs. Herald is much improved.

Pewamo 21 Club is having a B.O.B. Dance on Saturday, Nov. 7 from 9 p.m. to 1 a.m. Music by Doug Campbell Band.

Frank Hartis was transferred from the Kenneth Wilson home to the Mrs. Joseph Schaefer Nursing Home in Grand Ledge on Saturday, Oct. 31 after a check-up with his doctor at Ionia.

Addresses of our servicemen must be sent in to the Blue Star Mothers Club at once, as overseas mail must be mailed in November to reach them by Christmas. In doing so they will receive their gift of money.

Callers of Mrs. Mable Cook Sunday afternoon, Nov. 1 were her daughter and husband, Mr. and Mrs. Clare Boak and family of Lansing.

Clyde Shoemaker of W. Walker Road, north of Pewamo, was transferred from Carson City Hospital where he had been a patient following an accident with a corn picker to Lansing General Hospital. Mrs. Shoemaker stayed with her daughter and husband, Mr. and Mrs. Roger Leonard in Lansing so she could be with Mr. Shoemaker.

Linda Fox, daughter of Mr. and Mrs. Carl Fox of W. North Street, Pewamo, was admitted at Lansing General Hospital Sunday, Nov. 1 as a surgical patient. She will have surgery on her knee, Monday, Nov. 2. Her room is number 158. She expects to be home the later part of this week.

Cathy Cvetnich was the honored guest at two pre-nuptial showers. Brenda Miller gave a shower at the home of her parents, Mr. and Mrs. Jack Miller. Classmates attended and games were played with many nice gifts for the bride-to-be. Mrs. Jack Miller baked the two large cakes that were served. A kitchen shower was given by Bonnie Cherpes of Mulv. Cathy became the bride of David Cummins Saturday, Oct. 31 at a nuptial mass at St. Joseph's Church, Pewamo. A reception was held at the 21 Club, Pewamo.

# Comets singe Redwings to share conference lead

By TOM MCELENEY  
News Staff Writer

By now, you probably know the score was 7-6. You must also know that St. Johns was on the losing edge. What you might not know is that it was some of the best executed football you'll ever see. There undoubtedly were people who left the game Friday that blamed the loss on quarterback Randy Atkinson for missing the extra point attempt after the touchdown he engineered. But

that's the catch. He engineered the touchdown. There was no one to blame for the results of the game. Both teams had great offense and defense. St. Johns spent a lot of time in Comet territory but great defensive work on the part of Grand Ledge prevented further scoring by the Redwings after the early second period score. Grand Ledge was the same. People on the scene know of the explosive running attack launched by Grand Ledge during the night.

The Redwing defense just kept denying those last few yards that would have meant paydirt. After the game outside a very quiet locker room, Head Coach Jeff Smith said, "I have nothing to complain about - the kids played well. It's the way the game goes."

HE WAS RIGHT. Everybody on the Redwing team deserves a lot of praise. They've given area people a lot of fine football entertainment this year and the next two games against Alma at home Friday and against Ovid-Elsie there Friday will be filled with the same exciting entertainment and two more Redwing victories.

Friday's battle opened up with the kickoff return which brought the ball to rest on the SJ 25. The running game was then started by St. Johns with Dave Flermoen, Larry Hayes and Steve Mead sharing the duties. After moving the ball 17 yards to the SJ 43, the Redwings were forced to punt. Grand Ledge took over and began a march to the end zone that ate up about nine minutes of the first period.

The touchdown march by Grand Ledge was marred by five penalties, three against the Comets and two against the Redwings. The two offside penalties accessed to St. Johns set up the Grand Ledge score on the SJ 5. Comet fullback Scott Kerr ran the ball in from one yard out a play later with 1:52 remaining in the first period.

The game-deciding extra point was good and Grand Ledge was on top 7-0. Again, St. Johns received the kickoff from Grand Ledge. The Redwings immediately began to

come back with Gary Burk's return to the SJ 34. From there, the Redwings gained four first downs and went in for their own score with 8:39 remaining in the second period.

ATKINSON passed and ran the Redwings to that score. Mead

the next play moved the ball down to the SJ 5. There, Comet quarterback Lynn Vandersteen tried a right sweep that failed with no yards gained. This brought up 4th down and three yards after a two-yard gain by Grand Ledge. The Redwing defense rose to

VANDERSTEEN COMPLETED a pass to Comet end Jack Decker for 19 yards and a first down. On the next play, Wakefield was at it again, this time with the able assistance of Luane Lumbert. The two of them hog tied Vandersteen for a nine-yard loss with 25 seconds remaining in the half.

The next play was a pass but the receiver was Ken Schueller of St. Johns who intercepted the Comet aerial. But, an offside penalty against St. Johns nullified the interception. So, on the next play, Mr. Schueller did the trick again, this time in the end zone to stop the Comet drive with six seconds remaining.

Halftime went by very slowly for the fans who were waiting to see more action out of these two excellent Class A teams. The Redwings kicked off to Grand Ledge to begin the second half. The Comets began another touchdown march that included big runs by Hughes. St. Johns dug in at their own 20 yard line and held Grand Ledge, again. The ball went over to St. Johns on downs.

The Redwings then gained another first down but were again forced to punt at the end of the second series. On the first play from scrimmage after the punt, you guessed it, Wakefield blitzed and dropped Hughes for a four-yard loss. Grand Ledge ended up punting but a bad pass from the center position to the punter, Dan Schlappi, caused Schlappi to pick the ball up and try to run with it. He was brought down on the

44 yard line of Grand Ledge where St. Johns took over with 3:20 remaining in the third quarter.

A PENETRATION of eight yards was made to the GL 36 where fourth down and two yards to go arose. The fourth down running attempt failed as Hayes was dropped after gaining only one yard.

Grand Ledge then gained a first down but, as St. Johns, had to punt on the next series. St. Johns took the ball over on their own five yard line with 10:40 remaining in the game. The Redwings did get a drive going but a holding penalty after a ten-yard run by Flermoen put the ball on the SJ 28. St. Johns punted.

Grand Ledge then went from their own 49 and gained two first downs while moving the ball to the SJ 27 where a costly delay-of-games penalty moved the ball back five yards to the SJ 32.

St. Johns took over on downs and the rest of the game saw with both teams gaining possession of the ball once again before time ran out. The game was hard-fought and very costly to St. Johns in more ways than one. They lost their chance for an outright title in the West Central Conference and an undefeated season. They also had numerous injuries. Included among these injuries are Ed Boettger, John Smit, Dennis LaVeck and Steve Mead. This could hurt against Alma Friday night at Memorial Field.

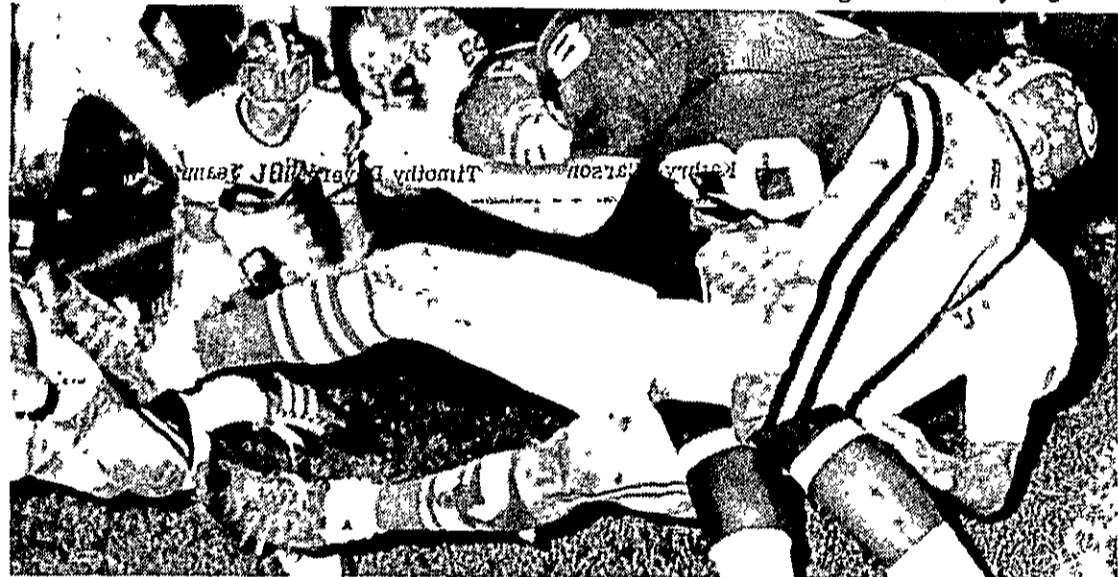

Continued on Page 7A

Redwing cheerleader Carol Yurek watches the progress of the game intently, but some what sadly, as her Redwing classmates dropped a heartbreaker to Grand Ledge 7-6.

Redwing quarterback Randy Atkinson (10) lunges for extra yardage during Friday night's cliffhanger with the Comets of Grand Ledge. This play was part of the only touchdown drive of the night for St. Johns. Grand Ledge won 7-6 to capture a share of the West Central Conference lead. (News Photos by Ed Cheeney)

From another angle, it's Atkinson (10), partially obscured, diving for further yardage against a tough and well-balanced Comet defense.

and Hayes gained 12 of the 66 yards. Atkinson then missed the extra point attempt as it went off to the left of the goal posts.

St. Johns tried an onside kick-off but the ball was snagged by Comet lineman Jerry Wohlsehoid who ran the ball back 32 yards to the SJ 28.

On the second play, Roy Pederson recovered a Grand Ledge fumble on the SJ 11. Then, after an eight-yard run by Hayes and an excellent screen pass from Atkinson to Pederson, Atkinson had the ball taken away and the Comets recovered on the SJ 35.

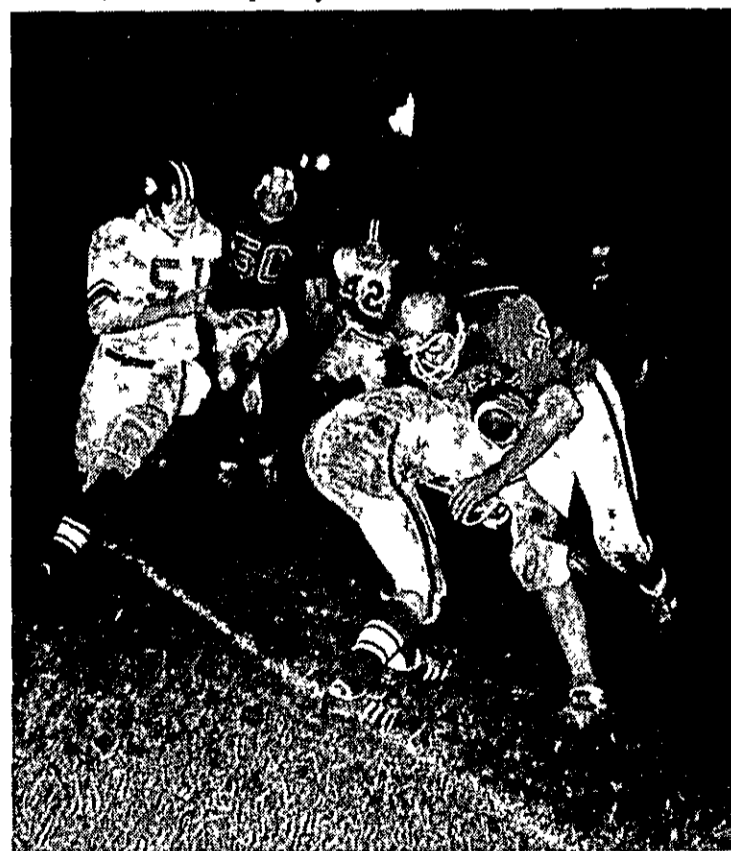

Halfback Joe Hughes from Grand Ledge was in the spotlight next. He gathered 25 yards in three plays and put the ball on the SJ 6. But that was it for Grand Ledge.

Larry Wakefield led a blitz and nailed Mr. Hughes for a four-yard loss to the SJ 10. However, an offside penalty on

the occasion and held the Comets at their own three-yard line. St. Johns took over.

Flermoen and Atkinson then ran for a first down but two incomplete passes on the next series forced the Redwings to punt with 55 seconds left in the first half.

DeWitt Panther Mike Moody is about to be cut down by an unidentified Fowler Eagle after a long gain during the Panthers' 70-yard touchdown drive late in the fourth quarter. Coming up to put on the clamps is Stan Weber (51). Late on the play are Roger Wardell (50) of DeWitt and Leon Schneider (42) of Fowler.

Fowler's Scott Spicer connected on five of 16 passes for 79 yards.

Feldpausch led the Eagles' ground attack with 164 yards in 12 tries.

DeWitt was credited with 18 first downs while Fowler rushed for eight, and the Eagles attack was impressive with 318 total yards to DeWitt's 286.

DeWitt's win insures them of their second straight Central Michigan Conference championship, with a 6-0 league record and 6-1 overall.

Fowler dropped to a 3-3 record in CMAC play and 4-3 overall.

## Panthers win second straight crown DeWitt's 'engineer' directs late rally, trip Eagles 16-8

By TIM YOUNKMAN  
Editor

DeWitt quarterback Ron Wilcox should go into engineering. That's what he did Friday night against a rugged Fowler Eagle squad, according to Coach Gary Roberts.

With the score tied 8-8 and 3:10 left in the final quarter, Roberts' squad took over the ball on their own 30-yard-line. Roberts said that he allowed Wilcox to call all the shots himself in the final drive that covered 70 yards in 10 plays and two touchdowns, although one of them was called back on a penalty.

"Wilcox engineered the whole drive himself," Roberts said. "He kept getting the first downs and we didn't have to call time out."

Wilcox connected for three passes in five attempts during the drive and flipped the final pass with 36 seconds left in the game for the 16-8 victory.

The Eagles grow uneasy at the start of the game when they fumbled on the DeWitt 15-yard-line and the Panthers recovered. The game became more tense for Fowler when DeWitt capped a 15-play drive with a one-yard sneak by Wilcox to take an early lead. The drive covered 86 yards including four first downs.

The drive bogged down at the nine-yard-line with a fourth-and-two situation, but Mike Moody, a junior halfback, took a

Wilcox handoff and crashed through for four yards to the five. Wilcox added two more points after the TD with an end sweep for the conversion and DeWitt led 8-0.

Mike Cole (12) seems to have second thoughts as he starts to cut upfield but the thundering footsteps of Fowler end Roger Nobach (81) are right behind. Nobach brought Cole down after a good gain in the 16-8 title-clincher for the Panthers Friday night.

FROM THAT point, the game became a defensive battle for both sides, much to the surprise of Roberts.

DeWitt was forced to kick on fourth down three times during the remaining minutes of the first half.

Fowler lost the ball on downs three times and punted once before the halftime buzzer sounded, with DeWitt in the lead 8-0.

DeWitt took the kick and started another drive. DeWitt took the second-half kick-off and started a drive from their own 48-yard-line only to run out of gas on the Fowler five where the ball was turned over on downs.

On the first play from scrimmage after that exchange, speedy Steve Feldpausch broke up the middle, breaking several tackles in the secondary and raced 95 yards for Fowler's touchdown.

FELDPAUSCH TOOK the hand off for the conversion and swept right end, for the extra points to tie the game 8-8.

The game settled down into a defensive battle again, with both teams exchanging the ball twice before Wilcox set up that final game winning drive.

Dan Ruble picked off the final toss with 36 seconds left and fell into the end zone for the tie-breaker.

Moody led the DeWitt carriers with 65-yards rushing and Wilcox collected a total yardage of 165, including his six completed passes of 15 attempts.

'B' champs roll

Marauders remain undefeated in loop, blank Chesaning 14-0

A stout defense led by Rick Staples, Frank Dudash and Frank Quine limited Chesaning to a total offense of seven yards as the Ovid-Elsie Marauders rolled to a 14-0 victory Friday night.

The shutout was the third of the season for the Marauders, who have clinched the Mid-Michigan B crown.

Staples led the defense in solo tackles with 11 while Quine recorded nine.

Junior linebacker Dudash had nine solo tackles, tackled the Indian quarterback in the end zone for a two point safety, recovered a fumble and blocked a punt for his night's work.

Dick Bates led the Marauder rushing with 103 yards in ten carries while quarterback Gregg McKay tossed scoring passes to Cal Woodard and Tim Bouck.

For the evening, the Marauders rolled up 242 yards, 149 over land and 93 by passing.

WHILE THE INDIAN offense couldn't move, the defense played well, stopping Ovid-Elsie four times inside the Indian 20-yard line.

The first score was set up by

Bates who swept the end for a 35-yard gainer after an exchange of punts. With a first down on the Indian six, McKay stepped back and fired to Woodard who made a diving reception for the score. The try for extra points failed.

Late in the first quarter the Marauders were driving again. With Bates running around end and Ron Lover punching thru the line, the Marauders pushed to the Indian 18 where the Chesaning defense held.

Following an exchange of punts, Chesaning had a first and 10 at the 16.

Attempting to pass, Indian quarterback Robb Kopchitz dropped back into the end zone where Dudash said hello and dropped him for the safety.

TIME RAN OUT in the first half as Woodard took a McKay flip over the line and sprinted toward the goal.

In trying to out run the secondary Woodard lost the handle on the ball and Chesaning recovered on the twenty.

Following intermission the Chesaning defense adjusted to keep Bates from sweeping the

ends for yardage.

Neither team could sustain a drive and a total of five punts were exchanged.

The punting continued into the final stanza until Dudash came up with a fumble.

Glen Besinger then sprinted to a first down at the Indian nineteen. Next, Bouck beat his man and took McKay's pass for a 19 yard touchdown.

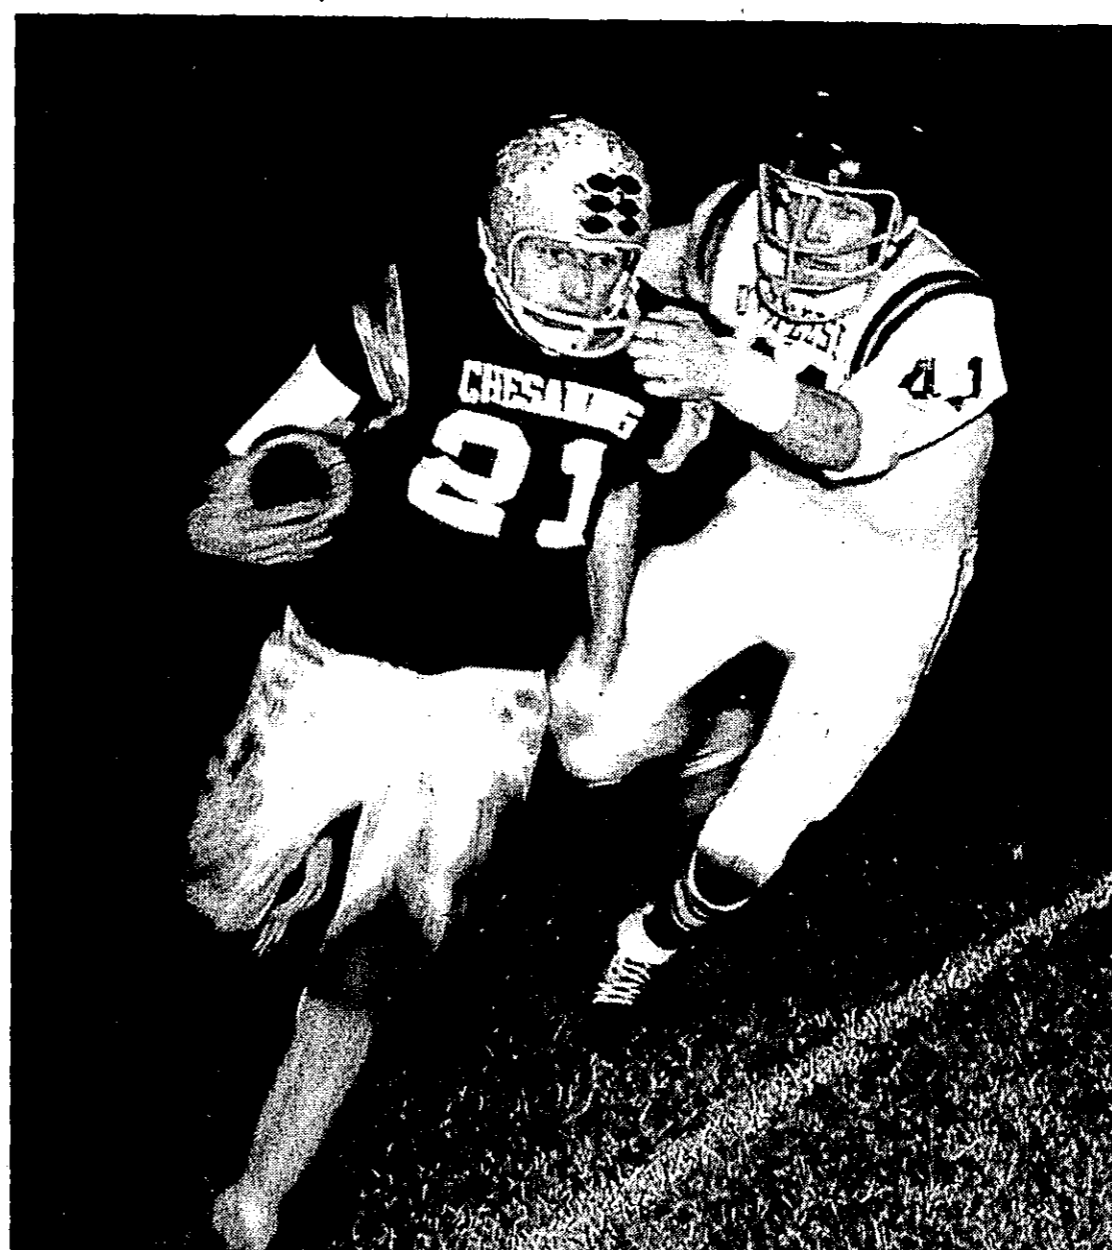

Chesaning received and three plays later were in punt formation. Dudash broke thru to block the punt and give the Marauders a first down at the Indian 31. The Indians held and took over. With time running out Marauder Bob Byrnes intercepted an Indian pass to insure the shutout.

AWAY WE GO

Marauder Ted Bates is off and running around end for some of his 103 yards against Chesaning. Tackle Tom Houghson prepares to cut down Indian Gary Webb in Friday night's Marauder win.

ANOTHER LOSS

Chesaning halfback Joe Pacek goes nowhere as Marauder Dan Bowles breaks thru to toss the Indian for a loss. The Marauder defense held Chesaning to minus 3 yards rushing in recording their third shutout of the season.

Chesaning fifth shutout victim of O-E JV squad

The Ovid-Elsie JV's recorded their fifth shutout of the season and their seventh straight victory Thursday as they blanked Chesaning 18-0.

Quarterback Dan Kirinovic scored two touchdowns on short runs and Dan Egbert passed another strike to end Randy Loynes for the final score.

Loynes was the leading tackler for the Junior Marauders and was credited with two blocked punts during the contest.

Coach Russ Pope said some of the Marauder parents were upset last week when he failed to record the Ovid-Elsie 56-0 victory over Ithaca in totaling points on the season.

He revised his calculations this week noting that the Marauder JV's have outscored their opponents 252-26 this season.

Hunters should buy hay, straw across Straits

Deer hunters headed north across the straits should plan to buy their hay or straw in the upper peninsula.

That's the advice from B. Dale Ball, director, Michigan Department of Agriculture.

Ball said hunters and other people who take unfumigated straw or hay into the U P are in violation of the cereal leaf beetle quarantine.

"Although the entire lower peninsula is under quarantine for this insect pest, the upper peninsula has escaped infestation, and we want to keep it that way," Ball explained.

He said hunters could unknowingly transport the insects along with their hay.

Bees lose sting, homecoming game

Bath dropped its second conference loss Friday night at the hands of Fowlerville and their razzle-dazzle quarterback Ed Bailer.

Paul Stoll, the Bee's strong-armed quarterback, connected on seven of 12 pass attempts, but the bone-crusher came early in the game when one of his passes was intercepted by Bailer.

Bailer, who plays both offense and defense with skill, dashed 100 yards with the stolen goods

to score the first points of the game.

In the next frame, Bailer tossed a 51-yard TD strike to end Joe Sober and hit Larry Davis for the conversion. That was all the scoring needed to spoil the spirit of Bath's homecoming crowd.

Bath just couldn't get their offensive plans moving to upset the Ingham County League leader. The loss dropped the Bees' record to 4-2-1 overall and 3-2-1 in league competition.

Fowlerville's league leading record is 6-0 and 6-0-1 overall.

First loss

Michigan State's 29-0 football loss to Notre Dame in 1970 was the first at the hands of the Irish in Spartan Stadium since 1949.

Fulton takes third head for state

Fulton - Middleton's cross country squad was the only Clinton County area team to win a berth for the state finals Saturday by placing in the top three last week during the regional meet in Flint.

Mayville topped all teams in the meet with 76 points, followed by Williamston at 100 and Fulton with 102.

DeWitt, one of the favored teams, placed out of the money in fourth with 105 points.

Duane Drake placed third with a time of 13:41, Gary Rehm was eighth at 14:06, Rick Burhans placed 14th at 14:25 and Lee Walker was 18th with 14:29. The state finals will be held Nov. 7 in Ypsilanti.

P-W title lost, tie St. Paul 6-6

Owosso St. Paul capped a 70-yard fourth quarter drive Friday night with a touchdown to tie P ewa mo-Westphalia, depriving the Pirates of any share in the Central Michigan Athletic Conference championship this season.

Dan Weber, the Pirate speedster, dashed 26 yards in the second quarter for the P-W score, but the point after conversion failed.

The game stayed that way until Owosso's Paul Caponi dove over from the one yard-line with 10:21 remaining in the game to tie the score.

The Pirates picked up 193 total yards, 103 on the ground and 91 more via the airways. P-W quarterbacks completed six of 14 passes without an interception.

Owosso gained 80 yards rushing and 90 through the air on six of 12 pass attempts. The Pirates picked off one of the passes.

Coach Bill Marks indicated after the game that the penalties, seven of them, came at times when the Pirates were just gaining momentum. P-W was penal-

ized a total of 75 yards. St. Paul's Blue Waves were penalized four times for 40 yards.

The loss drops the Pirates to second place in the CMAC standings with a respectable 4-1-1 record, 5-1-1 overall. St. Paul's conference record is now 3-2-1-1 4-2-1 overall.

Redwings lose

Continued from Page 7A
A number of college scouts were present Friday night, according to Smith. Some of them reportedly said the game was a very good game between two very good teams. According to Smith again, Mead and Atkinson have already received inquiries from colleges in the area of playing college ball.
Statistically, Grand Ledge was on top in all categories. First downs went to the Comets 15 to 13. Rushing yardage was 161 for Grand Ledge compared to 148 for St. Johns. Passing netted 91 yards for Grand Ledge and 58 for St. Johns. Atkinson didn't throw at all in the third quarter.
INDIVIDUALLY, Atkinson gained 42 yards and one touchdown, Fiermoen gained 51 yards, Hayes gained 34 and Mead chalked up 21. Pederson was the lone pass receiver for St. Johns bringing in five catches for the 58 total yards passing.
Smith didn't have any comments on Alma, the team St. Johns faces Friday. The Panthers had a very successful season this year during the first half of their schedule. But, they have lost two out of their last three games and are 4-2 in the conference.
Smith doesn't look for an easy game as it all. He's worried because of the numerous injuries and the fact that Alma has a very respectable team.
Friday's game is at St. Johns and begins at 8 p.m. If you get to the field and can't find a seat, why don't you take a drive to Lake Odessa and root for Lake-wood as they try to defeat Grand Ledge. If both St. Johns and Grand Ledge win Friday, they will tie for the conference championship. Both teams have to win for at least a share of the title.
If you have ever wanted to come out and cheer for the home team when they needed it, be there Friday night. Don't think the Redwing Machine is out of gas simply because of last week's squeaker. See you there!

ARDEN PETERSON

## Peterson to speak at 4-H fete

Arden Peterson, program leader of the 4-H programs at Michigan State University will be the speaker at the Clinton County 4-H leaders recognition banquet, Monday Nov. 9.

The program will be held at Smith Hall in St. Johns beginning at 7 p.m.

Peterson will demonstrate "Leadership in Action" by involving the audience in his presentation.

Peterson is a well known leadership instructor in recreation and camping in Michigan and

other states.

He has served as chairman of the national 4-H recreation development committee and national 4-H leisure education committee.

Peterson has received the meritorious service award from Oklahoma State University and has written numerous articles.

He is presently a member of the board of trustees at Adrian College and a member of the board of directors of Wesley Credit Union.

## Gen Tel plans \$8.1 million expansion in Clinton area

Record service improvement and expansion expenditures exceeding \$8 million are planned for 1971 by General Telephone for its central Michigan service area, according to B. R. Davies, central division manager for the company.

Davies said the program includes improvement and expansion of both long distance and local service in all seven of the districts included in his division.

The seven districts, which include 49 exchanges, are headquartered at Alma, Durand, Edmore, Grand Ledge, Mr. Pleasant, Owasco and St. Johns.

Central division headquarters are also at Owasco.

In five years, the company has spent nearly \$30 million for service improvement and expansion in central Michigan.

"Major projects to expand local and long distance service and provide for service improvement and exchange growth will require a substantial portion of the \$8.1 million program," Davies said.

He said additional poles, lines, underground cable, central office equipment, and land and building additions planned for 1971 to provide for local ser-

vice improvements and exchange growth will cost \$3,825,700.

Long distance cable and radio circuits, interoffice trunking, switchboards, "ticketers" and other specialized long distance equipment will require an additional \$1,185,200.

Relatively smaller projects to meet 1971 growth requirements within the division will cost \$3,141,400, Davies added. These projects include primarily telephone and related apparatus and limited extensions of outside plant.

New equipment within the division will require central office building additions to be made at DeWitt, Bancroft and Swartz Creek.

A new building will be constructed between Fowler and Pawama for the new electronic exchange which will serve both communities. Cost for these additions are estimated at \$292,000.

Davies pointed out that the company has been faced with unprecedented growth in long distance calling in recent years.

He said General Telephone customers statewide placed 26,381,817 long distance calls during the first seven months of 1970, an increase of nine per cent over

the same period a year ago. Total calls placed during the seven-month period reached 463,849,000, an increase of over four per cent.

"The central division total calling volume has reached over 100,769,000 calls during the first seven months of this year and our long distance volume is up 6.3 per cent," Davies said.

The 1971 improvement and expansion program represents an average investment of over \$79 for each of the 102,602 telephones in the central division.

The division has a total capital investment of over \$63,321,000 in land, buildings and equipment and has 645 employees.

General Telephone has more than 445,000 telephones in service in 486 Michigan Communities. The company operates in 61 of the state's 83 counties.

## County Athletic Club opens doors Monday

It's time to get even with that guy who kicked sand in your face last summer.

Training for the 1971 Golden Gloves Boxing Championships begins Monday at the Clinton County Athletic Club in downtown St. Johns.

The Club, remodeled over the past summer with new walls, lighting fixtures and some new equipment, will be open every night Monday through Friday from 7 to 9 p.m. for boys to come and workout in preparation for tournament which starts in Lansing on Jan. 12, 1971.

All boys interested in entering this year's tournament must fill out a registration entry form with signed permission from their parents. The age limits are 16 to 26 as of Jan. 1, 1971.

Boys will be classified according to division and weight. The three divisions are: sub-110, 110 and 125 pounds of age and who have never had a sanctioned bout; novice, 16 through 19 years of age and who have not won five

or more sanctioned bouts, and open, 20 through 26 years of age or those who have won five or more sanctioned bouts.

Weight classes number eleven. They are: light flyweight, 106 lbs. and under; flyweight, 107-112 lbs.; bantamweight, 113-119; featherweight, 120-125; lightweight, 126-132; light welterweight, 132-139; welterweight, 140-147; light middleweight, 148-156; middleweight, 157-165; light heavyweight, 166-178; and heavyweight, over 178 lbs.

Boys that plan on training at the Athletic Club are asked to bring their own gym clothes and tennis shoes. Showers are furnished at the Club.

The Club will be supervised and coached by Walter Pierce, Ernie George and Wayne Beaufore.

The district Golden Gloves start in Lansing on Jan. 12 and extend through Feb. 3 with the district finals. Feb. 6 marks the state finals in Grand Rapids.

## Business notes

By MIKE PREVILLE  
News Advertising Manager

Charlie Brown would say, "Rats".

We're going to have to take a quick course in calendar reading. According to the County News, this Saturday is November 3. . . at least that's the way we had it in the Min-A-Mart ad.

To set it straight, Min-A-Mart's Happy Time sale will continue thru Sunday, November 8!

Big Mama sat next to some real nice folks at the Ovid/Elsie-Chesaning football game Friday night.

Mr. and Mrs. Tom Pumford were telling her, they used to live in Chesaning. . . that their son, Tom, a defensive starter for the Marauders was playing against some old friends from Chesaning. . . that a brother and sister-in-law, Mr. and Mrs. Don Pumford still lived in Chesaning. . . and that they had a bet on the game.

Not the run of the mill, usual-

type bet but. . . the loser would prepare a family style chicken dinner.

We'd like to be there when Tom and his family visit Chesaning to collect that bet. . . you see Mrs. Don Pumford will be fixing chicken for twenty.

The Don's have nine children and the Tom's seven.

We finally discovered why we have always waited till the last minute to Christmas shop. Every year December 24th finds us fighting crowds and every year we vow to shop early the next.

Here it is November 4th and even though we shopped early, we're still going to fight the crowds the 24th. Why? Because we couldn't wait to present the presents. Everything we picked out and up early is now in use. As

Remember your high school days. . . your college or service days. Those strong friendships that over the years and miles are reduced to an exchange of Christmas cards and a promise to write.

They're like embers, slowly fading from a lack of attention.

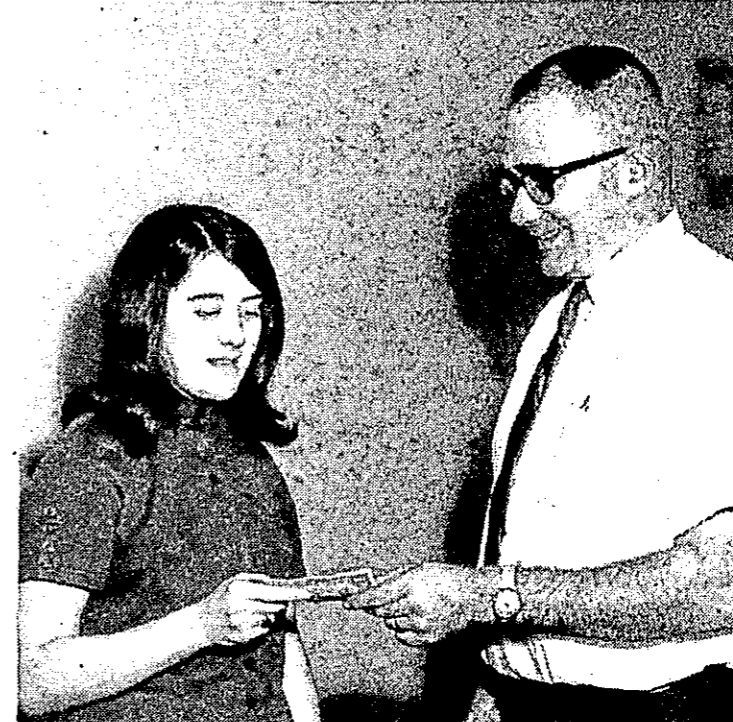

One of our friendships has been stirred into flame again. He's 34 or 35 and faces 9 hours of heart surgery following a "massive" attack. The attack happened last June.

Of course he hasn't worked since. . . spent one long time recovering, resting, building up some strength, being tested and retested. . . and finally pronounced operable with an 80 per cent chance. Without the operation. . . he can watch the clock and wait.

We didn't think there was a thing we could do except feel sorry for him. . . Jan and the (I think) four children. But, there is. It isn't much.

A pint of blood. We've never given. We're the type of yahoo who thinks if we were meant to give blood there would have been a tap. Funny, we don't think that way anymore.

Alright, all you big arm chair quarterbacks, stand up. . . no, no second thought sit down and take a look at this week's winner of the County News Football Contest. She's Crystal Hyler, 16, of St. Johns. She and Mary (that's right another girl) Gehringer picked 13 of 16 contests correctly. Crystal's point estimate in the tie-breaker (52 points compared to the actual of 63) gave her the \$20.00 prize. What's the world coming to?

Crystal Hyler, of St. Johns out experted the County football experts this week and won the County News' Football Contest. Presenting her with the \$20.00 is advertising manager Mike Preville.

### Bird feed time

Bird lovers should begin now to prepare feeding stations and laying in seed stores, said George McQueen, Clinton County extension agent.

He suggests that suet, meat scraps or peanut butter be set out for insect-eaters such as woodpeckers and nuthatches. Sunflower seeds, millet seed, cracked corn or scratch feed will satisfy the seed-eating species such as cardinals, sparrows and winter finches.

### 1,239 enrollment

## St. Johns High School Class A status

Increased enrollment has pushed St. Johns High School into a Class A rating for all school events including sports.

A figure of 1200 is the cut-off point between Class B and A schools in Michigan and St. Johns recorded a total of 1239 students on a recently held count day.

High School Athletic Director Duane Wrick said the switch would mainly effect both the state track and basketball tournaments attended by St. Johns. The Redwings will also have to contend for ranking among all other Class A schools in Michigan in sports, including football.

"We'd rather not be in Class A," said Wrick. "Our own feelings are that there should be an A and AA for the difference in such schools as Grand Ledge, Ionia and ourselves. If not this, then the limit for Class B should be raised to a figure of about 1500."

Other officials at the high school said the new classification wouldn't have much of an effect on anything else. The only difference would be more proportional monies for the additional students.

Ninth grade at St. Johns High School numbers 315. Other divi-

sions and their numbers in the high school are 10th grade with 324, 11th grade with 299, 12th grade with 286, vocational students with 11, special education with 15 and evening students with 64. Vocational and evening students aren't included in the count.

A further increase was noted throughout the entire school system.

A total increase of 129 from the same count day in 1969 was recorded. Of this 129, 100 are regular students and 29 are vocational and evening school students. This raises the system total to 4,169.

Numbers recorded at other schools in the St. Johns system are: Swegles, 237; Perrin, 238; Central, 397; East Ward, 70; St. Joseph, 106; Olive Center, 117; Rodney B. Wilson (RBW), 6th grade, 171; Riley, 379; East Olive, 182; Eureka, 164; East Essex, 166; RBW Junior High (full-time), 559, and RBW Junior High (shared time equivalency).

## Open Letter from VAN W. HOAG

Dear friends,

The funeral director, as well as the clergyman has a responsibility to ease the grief of the bereaved family. His counsel can be relied upon in the difficult time from the hour of passing to the final service.

To relieve the sorrow of the distraught survivors and to add a comforting memory picture is the funeral director's sincere concern.

Respectfully,

*Van W. Hoag*

NO TROUBLE FINDING A PARKING PLACE HERE

Looking north across the street from the Oldsmobile Assembly Plant in Lansing, it's evident that there aren't too many people working at the General Motors facility. The parking places are courtesy of the United Auto Workers who are on strike against GM. The strike is in its eighth week. (News Photos by Tom McElenny)

## Strike hurts

Continued from Page 1A

ASKED WHAT cutbacks in sales were the result of the strike, Feldpausch said, "New car sales are off 40 per cent with used cars off 30 per cent. Retail parts and service are off between 25 and 30 per cent and wholesale parts sales are off 35 per cent."

A great assault is being made on junk parts dealers in many major Michigan cities. Dealers are just that desperate.

Feldpausch said the only information he had on the GM strike is what has been told to

him by Oldsmobile representatives who talk of the first two weeks of January as the settlement date.

Norman Cain, owner-manager of Cains, Inc., 210 W. Higham, St. Johns, expressed much the same feelings that Feldpausch did.

Cain said layoffs do exist at his dealership and that he believes the slowdown period for car dealers started six months before the UAW strike began against GM.

Cain says his new and used

car sales are both down 50 per cent, at least.

"Parts sales have just quit," said Cain. "And, service is practically nil. Sure many of the area dealers were distributing their surplus of parts but this isn't occurring anymore. Dealers know they have to back a car sale with the parts and service necessary to make the customer happy."

Cain said, "The guy driving around in a 66 model automobile with 70,000 miles on it is saying to himself, 'I might as well have the old car tuned up and wait for the discounts to come back on the new cars.'"

ASKED ABOUT information concerning the strike, Cain reported, "GM doesn't tell you anything except for the regular sales letters sent to all dealers. I don't know anything else about it."

What about the strikers themselves? Now that they have gotten in their hunting and fishing, and have done the needed repairs on their homes, many of them are pretty anxious to get back to work.

This fact has been evidenced by George Eberhard, director of the Clinton County Social Services office. Eberhard is probably one of the closest persons to the strikers while the strike is in progress. His office distributes food stamps and Aid to Dependent Children (ADC) benefits.

Eberhard told the County Board of Commissioners last week that 867 parties registered for food stamps in a ten-day period from Oct. 5 to the 15. This is in addition to the regular 234 parties receiving the monthly stamps.

Eberhard's office has over 900 applicants and recipients at the present time.

"Many of the people coming into the office to pick up their food stamps are, for the most part, talking about getting back to work and hope for a quick end to the strike," said Eberhard.

Thus, the strike continues today. Behind closed doors, possibly a good sign, the bargaining wheels are turning toward a hopeful settlement of this eight-week-old mess.

Area people are suffering greatly now. What will another two months do to things?

## Red Cross needs gifts

Red Cross Hospital Volunteers at Traverse City State Hospital will begin the task of wrapping Christmas presents for patients during the week of Nov. 9.

**OSGOOD FUNERAL HOMES**  
ST. JOHNS FOWLER  
MAPLE RAPIDS OVID

This year, as during the past fourteen, the hospital urges civic organizations, clubs, churches, schools and all other groups, as well as individuals, to take part in this extremely important program.

The gifts for the patients need not be expensive but they must be new. Also, gifts should not be wrapped but a sufficient amount of wrapping paper should be sent.

An inexhaustible list of items exists. This includes all sorts of cosmetics, shaving preparations, hair preparations, inexpensive items of clothing, cigarettes, tobacco, pipes, etc. for men. For women there is jewelry clothing items, gloves, purses, nightwear, stationery and gift cosmetics.

The hospital also has well over 100 children and gifts for young people would include all types of model kits, coloring books, paint-by-number set, children's books, games, puzzles, and of course, items of clothing.

It is urgent that gifts be received at the hospital in November, if possible, and not later than Dec. 10.

Additional information regarding types of gifts and mailing or shipping instructions can be obtained by simply writing the Community Relations Department, Box C, Traverse City, Mich., 49684. Groups with gifts ready already should send them to this same address.

## Three injured in County Line auto accident

Three people were injured Saturday evening in an accident involving two cars at 3621 County Line Road in Greenbush Township, according to Clinton County Sheriff's Deputies.

A car owned and driven by Stephen R. Mead, 17, 1450 E. Alward Rd., DeWitt, was heading east on County Line Road with its lights off when it struck a car driven by Fern L. Schmid, 33, R-1, St. Johns.

The Schmid car, with seven passengers, was backing out of the Charles Laplow Jr. residence at 3621 County Line Rd. when it was struck by the Mead auto. There were six people in the Mead auto, including Mead.

Injured in the accident were Randy Atkinson, 17, of Scott Road, St. Johns, and Carl Yurek, 17, 408 E. Higham, St. Johns. They were treated and released from Clinton Memorial Hospital. Atkinson suffered severely bruised ribs.

Mrs. Schmid suffered a broken arm and was the only injury in her car.

Mead was charged with not having his headlights on after sunset.

MR. AND MRS. THEODORE HALITSKY

Couple honeymoon in northern Michigan

St. Joseph Catholic Church in St. Johns was the setting for the Saturday, Oct. 3 marriage ceremony of Elizabeth Ann Kus and Theodore Kent Halitsky. Rev. William Hankerd performed the double ring ceremony before an altar decorated with bouquets of white gladiolus. The bride is the daughter of Mrs. Emil Kus of 309 East Higham Street, St. Johns and the groom's parents are Mr. and Mrs. Nick Halitsky of 422 Meadowview Drive, St. Johns. The bride was given in marriage by her brother, Emil Kus Jr. and approached the altar in an empire-style gown of angel silk organza featuring sheer bouffant sleeves and an overlay of floral patterned lace, accented with seed pearls, defining the bodice, hemline and cuffs. The lace was repeated on the flowing train. A double tiered crown with lace petals, edged in seed pearls and drop crystal miniatures secured her three tiered veil and she carried a bouquet of red sweetheart roses, white miniature carnations, white streamers and ivy. Joanne Hojsak, cousin of the bride, served as maid of honor and was assisted by bridesmaids, Jan Crowell, sister of the groom, Candy Pierson, cousin of the groom, Sherry Kus, sister of the bride and Sharon Howe, friend of the bride. Tina Maki of St. Johns was flower girl. The attendants wore Mediterranean blue empire-style floor-length dresses with sheer bouffant sleeves, ruffles accented the neckline and fitted cuffs of the gowns. Mediterranean blue flowers secured their matching veils and they carried bouquets of miniature white mums accented with blue ribbon and ivy. Tom Helms, friend of the groom was best man and serving as groomsmen were Stan Helms and Rod Walling, friends of the groom and Dan Kus, brother of the bride, Darrin Crowell, nephew of the groom, was ring bearer. Seating the guests were ushers, Jim Pierson, cousin of the groom and Joe Ocedek, cousin of the bride. Following the ceremony a reception was held at St. Joseph's Social Hall. For travel on their wedding trip to the Upper Peninsula the new Mrs. Halitsky chose a navy knit skirt and vest with matching accessories. Upon return they will make their home at 306 1/2 North Whittemore Street, St. Johns. The couple are both graduates of Rodney E. Wilson High School.

Mayor Wood names Girlstown Day in St. Johns

By ANNETTE WHITE News Society Editor

Mayor Robert Wood proclaimed Nov. 7 as Girlstown Day in St. Johns at the Commission meeting held Monday, Oct. 26. He urged local citizens to appropriately observe that day as a time commemorating a significant educational effort in St. Johns. Girlstown, a home where young girls with special problems can receive needed assistance to help them return to normal community living, is located at Loch Rio, near Belleville. Participating in the ground breaking ceremonies will be the president of the Michigan State Federation of Women's Clubs, Mrs. Edward R. Green, Local members of the St. Johns Women's Club, who have participated in supporting the present home since 1958 will also be in attendance. It is licensed by the Michigan Dept. of Social Services as a non-profit corporation consisting of representatives of the Michigan State Federation of Women's Clubs. The first unit was dedicated on June 12, 1958 and has served nine girls at a time, which is its capacity. Unresolved problems of emotionally disturbed children have interfered with their personalities, their relationships with others, and their adjustment to society. Girlstown provides a home with the type of program that helps the girls to develop their own personalities and to overcome their emotional problems. The home specializes in care for girls from 12 to 16 years of age so that the girls will have the opportunity to become emotionally stable and return to normal community living. More than 74 girls, from all areas of Michigan, have been residents of the home, several of which have gone on to schools of higher education or sought employment. Through the years, more and more applications from various parts of Michigan have to be turned down due to lack of room.

Old time game theme of Country Club dance

An old time "after the game" atmosphere will set the theme of a dance Saturday night at Clinton County Country Club. Nickel beer, peanuts and a "block long" bar will be the featured attractions along with dancing from 9 to 1 and snacks from 11 p.m. Reservations to the casual dress affair can be made by calling Mrs. William Chalmers, 224-7515 or Mrs. Rollin Huard, 224 6071. Serving on the committee for the dance are Mr. and Mrs. Mel Warren, Mr. and Mrs. Gordon Iacovoni and Mr. and Mrs. Brandon White.

The project, called Action 70, emphasizes and adds to the activities and concerns that Girl Scouts have in the fields of understanding and overcoming prejudice through people to people projects, caring about and becoming involved in helping the handicapped, lonely and aged people in their areas, and becoming actively involved in many phases of improving the environment and arousing the action of concerned citizens against those who despoil the air, water and land, the forests and animal life. About 8,700 Girl Scouts in 480 troops, helped by 1,450 adult Scouts, will choose one or more of these fields for intensive action over a period of two or more years. Representatives of these troops will bring a pledge of each troop's commitment to action to a giant rally to be held at Everett Senior High School in Lansing on Saturday, Nov. 7 from 1 to 3 p.m. The combined efforts of the 10,000 girls and adults involved should have a big impact on the communities in which they live. They will be inviting the moral support and guidance of many organizations, as well as equipment, sometimes a strong back or a deft helping hand of other concerned citizens in the community. The Girl Scouts are launching this project with enthusiasm, setting their goals high and counting on the encouragement and support of all citizens of their communities. People with suggestions for projects the Scouts can do or who wish to offer help may call: Mrs. John Nessman, Bath.

Members of the Michigan State Federation of Women's Clubs throughout the state will be traveling to Belleville on Saturday, Nov. 7 for the annual open house at Girlstown. This year, the highlight of the afternoon will be the ground breaking ceremonies at the site where the second home will be built. This unit will house 12 girls and will be built with funds pledged by Women's Clubs and friends.

Participating in the ground breaking ceremonies will be the president of the Michigan State Federation of Women's Clubs,

Former grad Benedict appointed firearms head

Gerald C. Benedict, son of former St. Johns resident Margaret C. Benedict and the late Gerald C. Benedict of Maple Rapids, has been a United States Treasury Agent since 1959. Benedict graduated from Rodney E. Wilson High School in 1952 and enlisted in the Army Security Agency the following fall. Following his release from the Army in 1955, he enrolled at Michigan State University. He joined the "Bass Lansing Police" Department in 1958 and worked as a patrolman until he received his Bachelor of Science degree in Police Administration at the end of the 1959 summer term. Benedict was accepted in the Treasury Department as an enforcement agent and was assigned to the Jeffersonville, Ind. office of the Alcohol, Tobacco and Fire-

arms Division as a special investigator. In 1966, while stationed in Norfolk, Va. he applied for and was accepted to participate in the Federal Government's Management Intern Program. Following a year's training, which included graduate work in public administration at the George Washington University in Washington, D.C., he was assigned to duties of an Operations Coordinator in the Enforcement Branch of the Alcohol, Tobacco and Firearms Division in Washington, D.C. His duties included the co-ordination of significant criminal investigations through out the Nation, responding to inquiries by members of Congress, testifying in Federal Courts with respect to the registration status of machine guns, short barreled weapons, incendiary and explosive bombs and other similar destructive devices and special projects assigned by the Division Director. Because of the anticipated enacted explosive legislation by Congress which is designed to reduce the number of senseless bombings throughout the nation, the Nation office of the ATF Division is slated for extensive reorganization to handle the increased workload. Presently Benedict is scheduled to become Chief of the Technical Services Section in the Firearms Branch of the division. His section's duties will include providing communication and ordinance evaluation assistance to the 1500 special investigators throughout the Nation. Benedict, and his wife, the former Shirley Clark, also of St. Johns and their five children reside in the Washington suburb of Springfield, Va.

Through the years, more and more applications from various parts of Michigan have to be turned down due to lack of room.

More than 74 girls, from all areas of Michigan, have been residents of the home, several of which have gone on to schools of higher education or sought employment.

Unresolved problems of emotionally disturbed children have interfered with their personalities, their relationships with others, and their adjustment to society. Girlstown provides a home with the type of program that helps the girls to develop their own personalities and to overcome their emotional problems. The home specializes in care for girls from 12 to 16 years of age so that the girls will have the opportunity to become emotionally stable and return to normal community living.

Marilee Baese bride of Richard Zruna

Marilee Baese became the bride of Richard Zruna Saturday, Oct. 17 at the Shepherdville Methodist Church, Rev. Roger G. Witt-rup performed the double ring service before an altar decorated with a centerpiece of yellow rosebuds, white mums and blue star flowers. Garlands of smilax, white mums and star flowers decorated the altar rail. The bride is the daughter of Mr. and Mrs. Robert Baese of Route 2, Ovid and the groom's parents are Mr. and Mrs. Joe Zruna of Owosso. The bride, given in marriage by her father, approached the altar wearing floor-length gown of Peau taffeta with an applique Chantilly lace bodice which formed the stand-up neckline. The semi-Bishop sleeves were accented by cavalier cuffs and matching scalloped lace with tiny clusters of seed pearls edged the A-line skirt. Appliques of lace enhanced the full removable train. Her elbow-length veil of illusion was secured in place with a crown of pearls and crystals and she carried a cascade-style bouquet of rosebuds, white mums, baby breath, blue star flowers and ivy. Richard Baker served as best man and was assisted by groomsmen, Lynn Baese, Fred Shimunek and Leonard Huyck. Ring bearer was Glenn Morrill. The couple greeted guests at the reception which was held at the YFW Hall in Ovid. Mr. and Mrs. Richard Morrill of East Lansing served as host and hostess. Special guests were the grandparents of the couple, Mrs. Marie Zruna and Mr. and Mrs. Wilbert Palmer. Following their wedding trip to Northern Michigan, Wisconsin and Minnesota the couple will make their home at 221 West McArthur, Corunna. The bride is a graduate of Ovid-Elsie High School and the groom is a graduate of Owosso High School. They are both employed at Triggs-Miner in Corunna.

## SCHOOL NEWS

The Citizen's Curriculum committee toured the high school vocational education facilities at their last meeting on Oct. 21. Vocational teachers were in their departments and gave a brief presentation of the work they are doing.

Previous to the tour Bert LeFevre, guidance director, and Duane Wirick, assistant principal, discussed what happens to seniors after graduation and how many students fail to complete high school.

LeFevre reported that about 32 per cent enroll in four year degree programs with another 20 per cent enrolling in 2 year terminal programs. This includes Lansing Community College, Lansing Business University, two year programs at Ferris State College and similar programs. Other students enter various occupations from service to cosmetology.

Vocational teachers present to explain their programs were Terry Adams, drafting; Terry Seybert, building trades; Don Munger, agriculture; Martha Foust, homemaking; Larry Button, auto mechanics; Ken Osentoski, metals; Terry Voss, power mechanics; Bill Swears, business education; Dave Fosgett, electronics.

The dropout rate computed by comparing the number of students in each grade in the fall with those who complete the grade was reported by Mr. Wirick to be 2.9 per cent for 1969-70. Rates for previous years computed on the same basis were:

1968-69	2.6%
1967-68	5.6%
1966-67	4.6%
1965-66	4.6%
1964-65	6.85%
1964-64	7.25%
1962-63	7.8%
1961-62	8.9%
1960-61	4.25%

Except for the year 1960-61, the general trend of students dropping out during the school year has been downward from 8.9 in 1961-62 to 2.9 for 1969-70. Mr. Wirick said, "no figures had been computed by taking a ninth grade group and following them through until they graduate."

The next meeting will be on Wednesday, Nov. 11 at the High School Library.

Pewamo

By Mrs Irene Fox

Married

PEWAMO (C)—Debra Alice Cook of Okemos became the bride of Max Robert Saldan of Ionia October 16. Six large bouquets of white gladiolus, bachelor buttons purple asters and pink carnations graced the altar of St. Mary's Church in Westphalia, where Fr. Aloysius Miller heard their wedding vows at 5 p.m.

Parents of the bride are Mrs Mary Cook of 1886 Hamilton Road Okemos and Frederick Cook of 52 Divine Highway, Pewamo. The groom is the son of William Rose of 205 South Virginia, Portland.

For her wedding the bride chose an empire gown of white peau de sole with appliques of reembrodered Alencon lace with a train falling from the shoulders. Her finger tip veil was held in place by a white satin pill box and she carried a colonial bouquet of white roses, white mums, ferns and baby's breath.

Maid of honor was Mrs Larry Piggott of Westphalia and other attendants were Mrs Ron Nelson of Rockford, aunt of the bride and Denise Guersy.

Best man was Robert Speckin of Ionia and groomsmen were Dean Cook of Okemos.

Seating the guests were Fred Cook Jr, brother of the bride and Jerry Rose, brother of the groom.

The reception was held at the Credit Union Hall, Ionia.

The groom has served two years with the armed forces including an 8 month tour of duty in Viet Nam.

After a three day honeymoon in the lower peninsula the couple will be at home at 326 N. Dexter in Ionia.

Local Red Cross personnel received pledge of continuing support from the Clinton County Ministerial Association in their effort to maintain the canteens for servicemen.

The canteens are held each month in the community room of the Central National Bank, the dates are set by the Selective Service Board.

In providing this service the Red Cross hopefully relieve a part of the anxiety of Clinton County draftees as they leave home to serve their country.

The clergy schedule for the coming year is as follows: November, Rev. Harold Homer, United Methodist; December, Rev. Robert Koeppen, St. Johns Lutheran; January, Rev. Averill Carson, First Congregational; February, Rev. Carl Stone, Church of God; March, Rev. Wesley Manker, Church of the Nazarene; April, Rev. Hugh Bannings, St. Johns Episcopal; May, Rev. Edgar McLaughlin, Retired; June,

Rev. Paul Travis, First Baptist; July, Rev. R. Bentley, Free Methodist; August, Rev. Paul Jones, Eureka Congregational; September, Father's Hanker or Simon, St. Joseph's Catholic Church.

The interest of the Ministerial Association in the Red Cross Canteen was established by Rev. Hugh Bannings, past president of the group and will continue under the leadership of Rev. Carl Stone.

Lodge Notes

Radiant Chapter 79 of the Order of Eastern Star held its public installation of officers Saturday evening, Oct. 24 at the Temple in St. Johns.

By Mrs Don Warren Phone 834-5020

Claud Speiss will be host to members of the Burton Farmers Club Thursday evening, Nov. 5 at his home on West Hibbard Road. Potluck supper will be held at 7:30 p.m.

Mr. and Mrs. Charles Warren left to spend the winter months at their home in Lakeland, Fla. Mr. and Mrs. William Rysberg of East Lansing spent the evening with their parents, the Warrens, before they left.

The Middlebury W.S.C.S. of the United Methodist Church met recently at the church with members of the Laingsburg W.S.C.S. as guests. The meeting was called to order by program chairman, Esther Semans. Devotions were conducted by Florence Garber, Vice president, Letha Furnish welcomed the group. Helen Potter sang a solo, "He", accompanied by Rita Whitmyer. Mrs. Semans then introduced the guest panelists, Rev. Earl Copelin of the Ovid First Baptist Church, Rev. Street of the Laingsburg Church of the Nazarene and Rev. Dale Ferris of the Laingsburg and Middlebury United Methodist Church. The questions each one discussed were "Why am I a member of their (My) particular denomination?" "What are the basic principles of Christian religion?" and lastly "Is My Church relevant in the world today?"

A question and answer period followed. Prayer by Mrs. Garber closed the program. Hostesses Dorothy Jordan, Letha Furnish and Loreta Warren served refreshments from the tea table decorated with fall colors and flowers after table grace by Rev. Ferris.

Mr. and Mrs. Ira Bollinger attended the Memorial service of Lucy Mack at Edmore Tuesday.

Mr. and Mrs. Howard McDonough attended the funeral of Mrs. McDonough's uncle, Carl Melterberger in Battle Creek.

Mr. and Mrs. Alfred Patterson entertained Sunday for dinner Mr. and Mrs. Forest Shipman and family and Mr. and Mrs. Stuart Patterson and family of Owosso.

Mr. and Mrs. Carlton Kimball of Half Moon Lake and Mrs. William Staines of St. Johns called at the Charles Rose home Wednesday.

Mrs. Carl Peterson of New Mexico and Donald Forward of Boulder, Col. spent the past week with their parents, Mr. and Mrs. Maurice Forward.

Mr. and Mrs. Otis Seaman of Summer were Sunday dinner guests of Mr. and Mrs. Ira Bollinger.

Club meeting held in Tecumseh

An outstanding program feature at the annual fall meeting of the South Central District of the Michigan Federation of Music Clubs was an organ recital presented by Mrs. Donald Bush, organist of the United Methodist Church of Tecumseh where the meeting was held on Oct. 23. Her selections included: "Diferencias (Variations)" by Cabezon, "The Fifers" by Andrieu (St. Anne) Fugue in E-Flat Major (B.W.V. 552), Brahms "O Wie Selig Seld Thr Doch, Thr Frommen" and "O Welt, Tch Muss Dich Lassen", and Mendelssohn's "Sonata, No. 1, in F Minor".

The presentation was enjoyed by members of the St. Johns Morning Musicals who attended the all day session; Mrs. Harold Lundy, Mrs. Clifford Lumbert, Mrs. Duane Davis, Mrs. Richard Jacoby, and Mrs. Goldie Brooks.

Mrs. M. Cedric Dowling, president of the Michigan Federation of Music Clubs was the luncheon speaker.

The newly formed chorus of the host Tecumseh Music Club entertained with vocal selections in the musical interlude of the morning.

The theme "Information Begets Inspiration" filled the entire schedule of the day.

Inspiration" filled the entire schedule of the day.

★ CARDS OF THANKS

HALTERMAN - It is with deepest gratitude that we express our sincere thanks to the many friends and relatives for the prayers, cards, food, beautiful floral offerings, contributions to favorite charities and the Firemen Equip. Fund and for the many acts of kindness shown us at the loss of our beloved father, brother and grandfather. Special thanks to the DeWitt Firemen and Auxiliary and the many area Fire Departments for their final tribute, to Lee and Delores Rummel for their many courtesies and to Rev. Thomas Toy for his very comforting words. -The family of Glenn "Dutch" Halterman. 27-1p

PLAZA - Both of us would like to extend our sincere thanks to all our relatives and friends who helped make our 25th anniversary a most memorable occasion. May God bless all of you as richly as we have been blessed. -Mr. and Mrs. Joe Myers. 27-1p

KLOECKNER - We would like to express our sincere thanks to Frs. Millers and Gutha, Geller Funeral Home, all relatives, friends and everyone who made contributions of flowers, masses and food and the ladies who prepared the meal. Also all the words of kindness expressed of my husband and father. -Mrs. Mathias Kloeckner and children. 27-1p

FEDEWA - At this time when we are so deeply saddened by the great loss of our little Beth we discover the true greatness of friends, neighbors and relatives. We just can't express our thanks in words or feelings. We're grateful to each and everyone of you. John, Helen, Joyce, Tom and Ellen Fedewa. 27-1p

SAGE - We wish to extend our heartfelt thanks and appreciation for the acts of kindness, messages of sympathy and beautiful floral offerings received from our many dear friends, working associates, scouters and Legionnaires in our sad bereavement in the loss of our beloved husband and father Norman Sage. God bless you one and all. -Marge Sage and sons, Douglas, Les and Chris. 27-1p

MYERS - We wish to thank our many friends and relatives for their many acts of kindness due to the loss of our husband and father. We are grateful to all those who brought in food and also for the gifts of money. Words cannot express our gratitude. We also wish to thank the staff at Clinton Memorial Hospital, the nurses, Drs. Stephenson, Bennett and the Osgood Funeral Home for all their many services. We also wish to thank Rev. Stone for his visits to the hospital and his comforting words. We will always remember the thoughtfulness of all those who helped in our time of need. May God bless each and everyone of you. -The family of Lloyd E. Myers. 27-1p

### REACHING

The empty arms reach skyward—soon to grasp the cold blasts of winter.

### LOOKING AHEAD

The real work has just begun for most Clinton County residents. Leaves by the bushel keep cluttering the lawn, but once they're gone for the year the inevitable snowfalls will keep homeowners busy. Don Gilson of St. Johns gets to the task of raking a front yard full of the colorful leaves.

### HALLOWEEN ART

4-H Chatter

New glass drive

By JOHN AYLSWORTH

The Clinton County 4-H Teen Leaders are asking people to do their bit for the environmental control problem by saving their glass containers for them instead of hauling them to the dump.

The second pick up of glass containers will be held this Saturday, Nov. 7 from 10 a.m. to 2 p.m. In St. Johns people are asked to set out their glass containers in a sack or box along the curb by 10 a.m. for the 4-H'ers to pick up. People who live outside of St. Johns are asked to contact a local 4-H club or bring the glass bottles to the fairgrounds between 10 a.m. and 2 p.m. at the quonset building.

The 4-H'ers plan to pick up the glass containers the first Saturday of each month.

The cooperation and assistance of all people is greatly appreciated. Last month the 4-H'ers took 4,920 pounds to the glass plant at Charlotte.

The youth ask that the food jars be free from food but you do not have to take the labels off. Proceeds from the money made from the glass container project will go to the National 4-H Center Expansion Drive and County 4-H projects.

All glass bottles, containers, jugs, etc. are welcome.

The St. Johns Exchange Club will hold its Annual 4-H Crop Show and dinner on Thursday, Nov. 5, 7 p.m. at Smith Hall in St. Johns.

The Exchange Club honors the 4-H youth who raised a crop project this past summer; not only will they see the crops raised on display but learn about agriculture as well.

Dr. Bernard Knezek, associate professor, crops and soils department at Michigan State University will be the speaker. Knezek will speak on Farming and Ecology.

More than 230 Clinton County 4-H leaders and spouses will be attending the annual 4-H Leaders

Recognition Banquet on Monday, Nov. 9, 7 p.m. at Smith Hall in St. Johns.

The banquet is sponsored by the county 4-H council. Leaders with 3, 5, 10, 15, 20 and 25 years of leadership will be recognized and eight 4-H members will receive the Michigan 4-H Key Club Award.

Arden Peterson, Program Leader - 4-H and Youth, from MSU will be the speaker involving all the audience in "Leadership In Action."

Several 4-H talent numbers will be presented also.

The Clinton County 4-H group who will be visiting Chicago over the Thanksgiving holiday met Thursday evening to plan their four day activities Nov. 27-30. The eighteen members plus their chaperones, Mr. and Mrs. William Holley, will be visiting the livestock exposition, rodeo, stage play, Museum of Science and Industry, Merchandise Mart, the large department stores, see the Christmas decorations and parade, plus the highlights of the Windy City.

In order to see everything they can pack in the four days, they plan to leave on the 5:15 a.m. train from Lansing on Nov. 27 and return home about 9 p.m. on Nov. 30. Members who have gone on this trip before have indicated the experience of this trip was tremendous.

In case you missed the first part of the 4-H Photo Fun Club TV program last week, the second part of the six part series will be shown this Saturday, Nov. 7, 7:30-8 a.m. on WKZO-TV, Kalamazoo.

Although the program is designed for 9-12 year-olds, it will be of interest to other age youth as well who are interested in taking pictures with a camera.

The Knitty Knitters 4-H members have elected Diana Waters as president for the coming year. Other officers include: Sue Miller, vice president; Connie Banagis, secretary; Leanne Walters, treasurer; Luann Rummell, reporter and Cheryl Stroub, flag bearer. The dues are 10 cents per month for each member. The members held a Halloween party on Oct. 26.

The Nimble Fingers 4-H Club members have elected the following officers: Lori McQueen, president; Laurie Lounds, vice president; Harry Moldenhauer, secretary; Christy Foster, treasurer; Lori Lashaway, newsre-

porter; Mike Kanaski and Julie Snater, recreation and Patty Meyers, song leader.

The members discussed the 4-H roller skating activities and where they would hold their business and project training sessions.

The club donated \$10 to the National 4-H Center Expansion Drive in Washington, D.C. making a total of \$50 donated as their club's fair share contribution.

Charlie's Gang 4-H members have contributed \$5 to the National 4-H Center drive. The center is owned and operated by the National 4-H Club Foundation in behalf of the Cooperative Extension Service of the State Land Grant Universities and the U.S. Department of Agriculture.

The present facility was purchased and remodeled through the support of business, industry, and the Nation's 4-H members.

Conservation funds available

Funds will be available this fall for carrying out soil, water, woodland and pollution abatement practices, according to Nick Smith, chairman of the Michigan State Agricultural Stabilization and Conservation committee.

Smith said that the basic purpose of the AC program is to conserve and improve natural resources for future generations. The program is the means through which all people including farmers share the costs of conserving these essential natural resources, he said.

It increases the rate of application of the research, education, technical, credit, and other services of the Department of Agriculture in actual accomplishment of essential conservation work on the land. About a million farmers take part annually.

Smith said that ACP has eliminated the run-off of millions of tons of top soil. It has kept the soil where it can feed future generations and reduced pollution of the nation's waterways.

It has benefited wildlife, increased hunting, fishing and other recreational purposes for all people. It has been estimated that 85 per cent of ACP cost share funds in Michigan have contributed to abating pollution of streams, rivers and lakes, Smith said.

Mr. and Mrs. Charles Hazle pause for a moment during their tour of the 4-H national headquarters.

St. Johns 4-H leaders attend national meet

Mr. and Mrs. Charles Hazle of St. Johns were among 28 Michigan volunteer 4-H leaders, members of the State 4-H Council, in Washington, D.C. last week attending a 4-H forum at the groups national center.

Theme of the leadership discussions was "Leadership Principles and Practices," emphasizing better understanding of leadership roles, skills and techniques, finding resources for programs and a deepened commitment to work with young people.

The state council, organized in Michigan in 1950, coordinates the work of county and area 4-H Youth programs and advises on state wide policies.

The 28 representatives in Washington will aid in planning the 1971 Michigan 4-H Leadership, an activity they conduct each spring.

Extension youth programs are conducted by the 4-H Youth Programs division of the cooperative extension service of Michigan State University.

Labels are answer

Care and cleaning labels in clothes may seem to be the answer for consumers who find the variety of fibers and finishes overwhelming.

But developing labels that

carry adequate information to help the homemaker or dry-cleaner decide exactly the best care, to come up with lasting labels and to hold to an acceptable cost, is not as simple as it may seem.

LCC needs soloists for LansSymphonic

The next presentation of the LansSymphonic Choir following its appearance with the Lansing Symphony on Nov. 28 will be its Solo, Choral, and Dance rendition of Henry Purcell's "Laudamus Te and Jubilate Deo" which it will perform on Sunday, March 21 in Everett High School at 8:15 p.m.

Two sopranos, four altos, one tenor and two basses will be needed for this work.

Auditions for the classical solo parts will be held in Room 118 Old Central-Lansing Community College at 7:30 p.m.

The accompanist will be furnished, but it is suggested that singers bring music to sing of the sacred classical nature.

Instructions need to be both brief and yet specific enough for correct interpretation. Without a doubt a system of easily read and understood symbols would be necessary. Symbols are not easy to devise.

Labels now sewn into garments don't always stay sewn on. Stitch labels come off. Woven labels usually fray with laundering. So - what kind of label will last?

And how is the manufacturer to judge just how much the consumer knows about fibers, fabrics and their care? How much experience has she already had? Some individuals need more information than others. Words have different meanings to different people. Will consumers be willing to pay the extra costs permanent labels would necessitate?

These and others are all serious considerations for manufacturers trying to meet consumer requests and needs.

The picture isn't always as simple as we consumers first think. We need to look at both sides of the question.

AGRICULTURE IN ACTION

by GARY A. KLEINHENN MICHIGAN FARM BUREAU

Every "litter" bit does hurt the taxpayer's pocketbook as pointed out recently at the Keep Michigan Beautiful, Inc. annual meeting on the Michigan State University campus.

The nation's annual bill for the removal of litter from public and private property is one billion dollars. In Michigan, to clean up the 9,222 miles of roadsides, cost to the taxpayer is more than \$600,000 a year. That's about 18,000 truckloads of junk. With two men picking and heaving into a dump truck and one man driving, estimated cost is \$12.50 an hour per truck.

Removing litter from public property alone costs an estimated \$500,000,000 while an average of 1,304 pieces of litter is dropped on every mile of the nation's primary highways each month.

In just one state, roadway debris contributed to 21 fatal and 1,068 non-fatal accidents during a twelve month period. And in ten states litter was cited as the major reason for closing fishing streams, hunting grounds and/or beaches.

Every 12 minutes a home is destroyed or damaged by a fire starting in rubbish; and one-hundred-thirty lives are lost annually in litter-fed fires.

Litter cost is going up. On the federal level, the House Appropriations Subcommittee reports that litter clean up of the 752.2 million acres of federal parks, forests and other public lands will cost more than 21.5 million dollars during fiscal 1971 - up 12 percent over last fiscal year.

Keep Michigan Beautiful, Inc. is a non-profit organization established by private citizens and financed by private contributions for the principal purpose of promoting a cleaner and more beautiful state. And as one indivi-

dual graphically communicated, "It is designed to control 'The March of Civilization'."

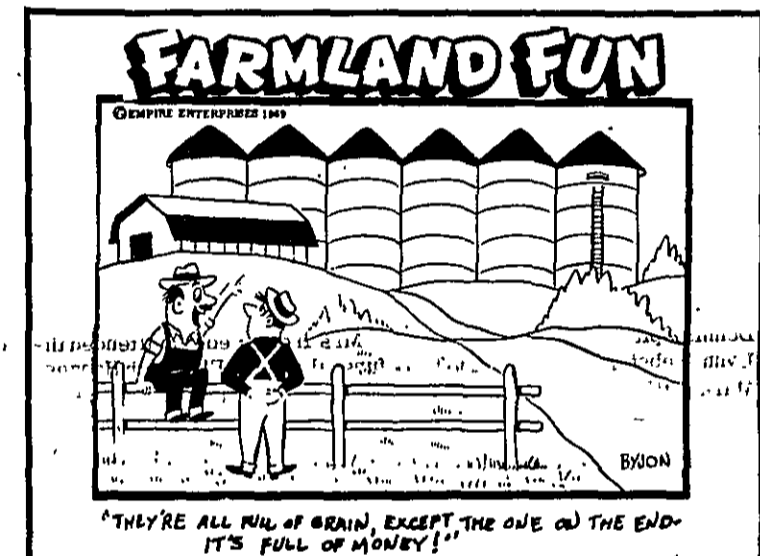

Since litter campaigns became prevalent, to put a halt to the waste, positive results can be cited. According to the National Litter Index, based on the number of miles traveled on highways each year relative to the cost of litter removal from these roads, the index dropped 3.5 points in one year.

For every citizen, as we see it - every little bit helps.

County harvest

Clinton County farmers harvested 10,000 acres of Oats for grain in 1969, according to Phil Doctor of the Michigan Crop Reporting Service. Production amounted to 600,000 bushels, an average of 60.0 bushels per acre. This compares to the 1968 crop of 885,000 bushels from 14,500 acres.

Mr. Doctor says that Clinton is one of the larger Oat producing counties in Southern Michigan.

# St. Johns teens visit Honduras

Teenagers from St. Johns were part of a caravan trip to Belize, British Honduras during a work camp experience sponsored by the West Michigan Conference of the United Methodist Church.

Kathleen Williams, Kathy Beagle and Nancy Sharick, with 23 other teens, traveled through the country in a renovated school bus operated by Howard Williams, Parks Road, St. Johns.

This enthusiastic group of Michigan youth logged nearly three weeks of time "on the road" to and from British Honduras. Additionally, 10 days of "backbreaking work" under the semitropical sun were donated to help the Belizean Methodists realize their dream of building a new 13 classroom school.

The materials for this building were taken from another site being cleared for a new Methodist Youth Center in downtown Belize.

The St. Johns teenagers visited the sister city of their home town—Stann Creek Town.

They participated in dedication ceremonies of a new organ that the Pilgrim United Methodist Church and the DePeal Music Company secured for use in the Stann Creek Town Methodist Church.

Judging from the "wheezing sounds" produced by the old organ which required frantic foot pedal action, the new organ arrived in the "nick of time".

The youths had the unique opportunity to visit the newly built capitol city of Belmopan which had been officially dedicated the week prior to their visit.

The new capitol complex was picturesque in its jungle mountain setting located approximately 50 miles southwest of the former capitol of Belize City.

While in the new capitol, they were highly honored by the invitation to visit Prime Minister George Price who personally met each member of the caravan group and discussed with them the challenge that his develop-

ing and soon to be independent country was facing.

The Premier expressed his appreciation for the enthusiastic reception given him by the student body of St. Johns High School in April.

He commented on the lovely facilities and complemented the St. Johns High School band for their fine performance.

At the request of the St. Johns student representatives, he presented an autographed picture of himself which was given to Gordon Vandemark, school principal, for permanent display.

Dr. Eugene Friesen, director of the Ingham Medical Community Mental Health Center in Lansing, and a board member of the Michigan Partners of the Americas, co-ordinated the activities of this work camp in British Honduras.

He is the former minister of the Pilgrim United Methodist Church in rural St. Johns.

## Gen Tel, Bell revamp state phone charges

General Telephone, along with other Michigan telephone companies, has introduced a new, simplified method of charging for long distance calls made within Michigan.

The new method stemmed from an application filed by Michigan Bell Telephone with the Michigan Public Service Commission which approved it for Bell as well as for other Michigan telephone companies.

The new system eliminates the "initial period" and "day, evening, night rate" concept in favor of a flat rate per minute based on mileage and substantial discounts when calls are dialed direct by the customer during certain time periods.

The new interstate rates, which were effective at 12:01 a.m. Oct. 20, are based on mileage between "rate centers," a central point within an exchange.

The new per-minute rates are 0-20 miles 5 cents; 21-25 miles, 10 cents; 26-30 miles, 15 cents; 31-50 miles, 20 cents; 51-100 miles, 25 cents; 101-200 miles, 30 cents; over 200 miles, 35 cents.

Discounts for direct-dialed calls include: 20 per cent on weekdays from 7 a.m. to 5 p.m.

and on Sundays from 5 p.m. to 11 p.m.; 40 percent at all other times and on Christmas, New Year's, July 4th, Labor Day and Thanksgiving.

When the holiday falls on a Sunday, the discount is also applicable the following Monday.

Discounts do not apply to operator-handled calls except where Direct Distance Dialing (DDD) is not available to the customer. For person-to-person calls, the discount does not apply and a 50-cent additional charge is made.

The new rate determining method will not affect the company's "Nickel-a-Minute" service rate. However, the Sunday time segment for the special "Nickel-a-Minute" service has been changed to 7 a.m. to 5 p.m. The time period for all other days remains 10 p.m. to 7 a.m.

Another special service offered by the company—Call Pak—has been discontinued since the new method of determining rates eliminates the advantages Call Pak previously offered.

Complete details of the new intrastate rate structure will be provided to all General Telephone customers with their November billing.

# Apple growers face low prices

Apple growers face a bleak situation because of disastrously low "depression level" prices. The Michigan Agricultural Cooperative Marketing Association (MACMA) estimates Michigan apple growers will gross three to six million dollars less on this year's crop than in 1969.

"This, despite the fact that the crop is larger than last year's wipes out all chances for any net income for this year—most growers will be fortunate to cover their costs.

Prices paid by processors for apples used to make apple sauce and slices are down over 20 percent from last year and 50

percent from 1968 levels. MACMA is particularly involved in marketing its members' apples sold for processing—over half of the apples sold in Michigan are used by the processing industry.

Growers are disheartened with the processing industry. Some believe the processor was not aggressive enough in establishing fair prices.

In bending to the trade, they are simply "biting the hand that feeds them." A prominent grower, Ray Meckley, located near Jackson, "It is time for processors to protect their source of raw product supply with moderate price increases."

Meckley recently dumped 600 bushels of processing apples in a ravine to dramatize the growers' dilemma because, as he put it, "the processor's price is very low. On top of that, he also wants me to pay transportation to his plant, and this just is not economically feasible. I may as well dump the apples."

Much of the growers' dilemma is shared by processors. Both segments of the industry have suffered rising costs and, with finished product prices being forced down, both growers and processors are caught in the squeeze.

The main reason for the disastrous price cuts is that apple growers in Michigan and the whole nation have been blessed with favorable weather conditions and expanded production for the last two years.

All this from the same trees the produce barely enough apples to supply the demand in 1966, 1967 and 1968.

MACMA, as the growers' marketing organization, is working to come up with a plan to direct the apple crop to its best economic use and to avoid oversupplying markets.

This will help insure the consumer a stable supply of apples and apple products and at the same time, insure the grower an adequate return for his fruit.

Another year like 1970 and many orchards will be abandoned, and the state and national apple supply will be permanently reduced.

## Elsie

By MRS. NEVA KEYS, Correspondent

### ELSIE PTA MEETS

The Elsie P.T.A. met Monday at the E. E. Knight Elementary School. The Cub Scouts under the leadership of Mrs. Lyle Craven led the Pledge of Allegiance and the Cub Scout pledge.

The program was on "Drug Abuse" and was presented by Michigan State Police Bill Zimmerman and Gary Ernst. They showed slides on the different kinds of drugs such as marijuana and heroin and the equipment that is used to give the drugs.

They had a kit available for the parents to look at to show how young people use and pass these drugs on to other people.

The short business meeting conducted by president, Archie J. Moore consisted of a discussion on the hot lunch program, use of blinker lights on school buses within the village and the upcoming carnival.

A "thank-you" was extended to the Future Teachers Club for furnishing baby-sitters and to the refreshment committee.

The next meeting will be Monday, Nov. 16 at the Knight Elementary School.

### ELSIE REPRESENTED AT TRIENNIAL ASSEMBLY

"Forward to Peace in God's Cathedral", the 33rd Triennial Assembly of the General Grand Chapter, Order of the Eastern Star, was held in Milwaukee, Wis. Oct. 17-22 with representatives from all parts of the world.

Attending from this area were Mrs. Lella Wilson and Mrs. Anna Dunay of the Elsie Chapter, Mrs. Berna Thomas of Ithaca and Mrs. Dorothy Ries of St. Louis Chapters.

The four ladies flew to Milwaukee where they stayed at the Pfister Hotel and went by "shuttle bus" to the various hotels, motels and meeting places.

The first day was spent with registration of the hundreds of delegates and visitors. The Michigan delegation was headquartered in the Downtown Motor Inn and all business sessions were in the Milwaukee Auditorium.

This was "first" for the Elsie Chapter OES to be represented

at a Triennial Assembly and the local women deemed it an honor and a wonderful experience to relate to their OES Chapters.

Mr and Mrs Al Wickerham spent a couple of days in Ohio. They visited Andrew Ortner and uncle at Wakeman and Alva Wickerham a cousin at Clyde.

# Computer finds Michigan farm cost increase tops Midwest

Michigan farm population's cost of living increases led the Midwest with a \$469 yearly increase.

AGRIFAX, a farm record service computer offered by Production Credit Association, reported that the 1969 costs of living on

farms in Michigan was \$7,398 compared with \$6,929 in 1968. Wisconsin was second in this region with a \$341 increase. That state's 1969 living cost was \$6,387 in 1969 and \$6,046 in 1968.

Minnesota recorded an increase of \$187 from the 1969 cost of \$6,578. North Dakota realized a \$24 increase from \$7,058 to \$7,082.

The data reveals that inflation is affecting the living expenses of farm families in much the same way as urban residents.

AGRIFAX, a computerized record keeping service made available to farmer members of PCAs.

The data covers the states of Michigan, Minnesota, North Dakota, and Wisconsin, 1095 farmers who used AGRIFAX in 1968 had an average family living expense of \$6,384.

By 1969, the number of Agrifax users had grown to 2066 farm operators. They reported an average living expense of \$6,669, or \$285 higher than 1968. Figures apply only to farms owned by operators who are enrolled in the AGRIFAX program.

In 1970, an estimated 5,000 farmers will be using AGRIFAX. While AGRIFAX is available to farmers in most parts of the nation, its application has been most widespread here in the Upper-midwest.

Valuable as the present functions of AGRIFAX are to the members, the system has only scratched the surface of its po-

tential. Farmers could ask the computer how much he would increase his income if he doubled the size of his dairy herd, or some other contemplated change in his present operation. If the computer is given all of the variables that are pertinent it can sort out all of the data and return the information in such a way that it would explain the advantages and disadvantages or economies of scale.

Considering other technological advances made in farming during the last decade, electronic data processing and record keeping is a must for the modern farm operator.

AGRIFAX evolved from a 1965 Michigan research project that sought ways of satisfying the farmers' requirements for a fast, efficient and inexpensive way to keep farm records.

The Production Credit Association and the Federal Intermediate Credit Banks also needed better records to assist in processing farm loan applications. AGRIFAX is a service that can help the farmer greatly in analyzing profit-loss performance, while providing as a by-product, information that can help PCAs be more beneficial to the farmer.

The cost of living data is just one of many subjects that can be extracted from the data fed into the computer. Since it first offered the service to member farmers, acceptance and growth has been substantial. Enrollment nearly doubled in 1969 over 1968, growing from 1,530 to 2,842.

THOSE DALY TRIPLETS

A trio of skating charmers from Minneapolis, Miss. are the Daly triplets, Deborah, Patricia and Barbara who again are featured with HOLIDAY ON ICE INTERNATIONAL. Try and tell them apart when the skating spectacular comes to the Lansing Civic Center, Tuesday Nov. 17 thru Saturday Nov. 21.

# Three of a kind act feature of 'Holiday'

There are three of them on the road but there are ten more back home. We're referring to the Daly Triplets now in their fourth year with HOLIDAY ON ICE INTERNATIONAL. The world's largest ice revue brings its Silver Anniversary edition to the Civic Center in Lansing, Tuesday, Nov. 17 thru Saturday Nov. 21.

Barbara, Debby and Patricia Daly have seven brothers and three sisters at home, which is St. Paul, Minn., a city of skaters.

The Daly family is a close one which is true of most large families, and the triplets enjoy returning home at the end of a HOLIDAY tour for the few weeks vacation they get.

They admit that the rest of the family pampers the three girls now that they are "on the road" the greater part of the year. These young ladies are representatives of their generation.

They love clothes and particularly enjoyed shopping for shoes in South America when HOLIDAY made a visit there. When the company plays resort

areas, you can find the Dalys on the beach or beside a swimming pool sunning during their spare time.

And, of course, they like to date which is most young girl's number one hobby.

The 21-year-old attractive look-alikes often confuse the company manager and his wife, Wilma and Ed Leary, and sometimes their friends because of the strong resemblance each bears to the other.

All three girls find each day more exciting than the last in their travels with HOLIDAY ON ICE.

Community budget

Here it is November and before you realize what is happening the demands of another Christmas shopping season will be upon you.

Our mobility sometimes makes it easy to forget that many of the purchases we make in other markets can often be made more economically right here at home.

But aside from the obvious outward advantages of trading locally, there are many hidden benefits. Merchants are the first to contribute or assist in community projects such as sponsors for little league teams or scout troops.

They buy advertising space in school annuals and athletic programs and they contribute to church white elephant sales.

Top this community participation off with the taxes paid by local merchants and you can get a pretty good idea of how important they are—and how important it is that we patronize them regularly.

Much of any merchant's community support budget is secured during the Christmas shopping period. And that's as good a time as any for shoppers to support the budget.

The McClure Oil Company of Alma gambled \$120,000 to search for oil or petroleum in Ovid Township.

A nine-member committee made up of Tri-County supervisors and Lansing councilmen voted unanimously in favor of a proposed legislative package that was thought would form the basis for transfer of the state-owned Capital City Airport to a local tri-county authority.

A proposed 178-acre subdivision was set for construction on the west side of DeWitt and was given the name Millbrook Meadows. It is said that it will utilize a "New England" motif.

General Telephone announced that they intended to spend a total of \$1 million in the St. Johns district in 1970 to improve present services and create new ones.

In a continuous rain, such as the one experienced during this year's homecoming, the Redwings of St. Johns sank the Charlotte Orioles 19-0 at Memorial Field.

The Panthers of DeWitt staged a 54-0 rout of Fowler for their eighth straight victory of the season. They led 18-0 at the end of the first period, 33-0 at the half, 40-0 at the third quarter and 54-0 at the end.

TEN YEARS AGO Nov. 3, 1960

Both political parties in Clinton County are concentrating their efforts to get 16,000 voters to the polls on Nov. 8 for the presidential election.

The 1960 Clinton County Community Chest Drive reported a total of near \$16,000 had been collected toward the goal of \$33,500 for the county.

Letters to the Editor

Dislikes plan to ban sport vehicles

Dear Editor:

"Why are we turned down?" The city commissioners have asked several times for more tax money and have been turned down and they ask why.

Now I am going to give a personal reason. You have read the news of how the commissioners are in favor of banning recreational vehicles on private property in St. Johns.

A major portion of the estate of the late Mrs. Edward W. Fehling of St. Johns will go to Clinton Memorial hospital here, according to terms in her will.

The people have finally begun to think like the modern generation of kids and are starting to say no to some of the commissioners' wild ways of trying to make St. Johns into a high class subdivision town.

laws they should check and see just how much money we recreational vehicle owners give back to the city thru license plates, gas tax, sales tax, and insurance on these new cars and trucks all purchased in St. Johns.

My personal view is that one commissioner should read some of the travel trailer magazines and see what has happened to towns that have adopted codes banning the parking of recreation vehicles on private property inside the city.

You might ask some of the other owners what they think of these laws before they are made. Our big sister city of Lansing does not even ban trailers in the private yards of citizens.

Van McClintock St. Johns, Mich.

P.S. I forgot to say that the new tarvia streets are sure nice to drive on. My gas tax rebate money helped pay for these and also gas tax rebate money from the snowmobile that I have parked in my back yard helped to pay.

IF IT FITZ . . .

Wash that window!

By JIM FITZGERALD

One way to leave your wife speechless is to rob her of the stuff from which she fashions her most frequent speeches.

For 15 years, my wife Pat made the same speech about the picture window in our family room.

"That window has never been washed on the outside and your mother is coming this weekend," she would say.

Or: "That window has never been washed on the outside and it's Christmas."

Or: "That window has never been washed on the outside and the sun is shining."

My first suggestion, made about 1955, was that she go outside and wash it herself.

So I graciously took down the lousy storm window and hollered at Pat to bring out her cruddy soap and water and wash the stupid glass before I struck my gracious foot through it.

5 years later I happened to be passing through the backyard on

my way to the poolroom. I looked at the storm window and noticed it was screwed to the house with those funny screws that have "s" on their heads, instead of "P's."

The next time I saw Pat I explained to her that our screwdriver was for - screws, not +s. She tried to tell me it didn't make any difference but I knew better.

The next Christmas my rotten kids gave me a + screwdriver. 10 years later I happened again to be in the backyard, having taken a wrong turn on my way to Detroit.

So I graciously took down the lousy storm window and hollered at Pat to bring out her cruddy soap and water and wash the stupid glass before I struck my gracious foot through it.

So the task was finally accomplished. And I have never seen my wife so happy.

That night we cancelled plans to fly to Monte Carlo to dine with the Rainiers. Instead, we sat home and looked out the window.

Two weeks later, Pat was still pulling strangers in off the street. "Look at the window," she told them.

The paperboy thinks she is nuts. She wouldn't pay him until he finally guessed "what looks different in this room?"

When the weather is nice, she watches TV from outside, sitting on top of a step ladder, a peeping Pat. The kids communicate with her by semaphore, closing and opening the drapes.

But the biggest change in our domestic life is the conversation gap. Now that she can no longer complain about that dirty window, she can't think of a thing to say to me.

Which leaves me plenty of time to ponder about how delicious it would have been if, after 15 years, it had turned out the dirt was on the inside. But Onward and Upward.

Mac's Moments

Pot-Pourri

By TOM McEENEY

It's pot-pourri week, so bear with the variety.

My first subject is a bit of looking back on yesterday's general election.

How many of you people went to the polls Tuesday and voted a straight ticket, either Republican or Democrat?

Did you know every person you voted for and why you voted for him, outside of the fact that he was a republican or a democrat?

To beat an old cliché, the times are changing and voting a straight party ticket just isn't my idea of the right thing to do.

I would without hesitation if I had studied the candidates and ended up thinking all the right people were republican or democrat.

In the 1968 presidential election, I was a student at the University of Iowa in Iowa City.

My vote was about as split as one could get. I voted for a republican president because I thought he could do the job better than his democratic opponent.

I voted for a democratic U.S. Senator in the form of former Iowa Governor Harold Hughes.

I did this because I had looked closely at his record and that of the man running against him and, again, voted for the man I thought could do the better job.

A week ago Sunday, at Clinton County's Republican Party rally in DeWitt, I had to laugh at a car that was being used to drive the GOP candidates around DeWitt.

It was loaded with signs supporting republican candidates. I thought to myself that it would be a shame if people simply voted for these people because their names were on the same car with a dozen other stickers.

Does this make sense to you? It sure doesn't to me.

This is pot-pourri, so here goes.

I've been in many towns throughout my short life and have seen many governmental bodies decree laws and proclaim holidays but I have to take my hat off to the city commission of St. Johns and any other people responsible for the repair of 14 city streets during these past few weeks.

Its the best job I've ever seen anywhere, bit city or small village.

If there are any other lowa football fans in the immediate area, don't worry. State still has to face the Hawkeyes in Basketball and a series of other sports this year. I did get to cheer for the Hawkeyes once during their close loss to the Spartans on Oct. 24. I believe it was when the final gun went off. I knew then that State was finished scoring.

Ray Nagle is any your relation to Jerry Burns?

Keeping on the sports track for a while longer, how many high school football coaches

do you know that play their whole squad during nearly every game of the season?

Head Coach Jeff Smith of the St. Johns Redwings seems to be one of these rare types. A week ago Friday during the game against Hastings was a prime example.

The Redwings were leading 34-0 after 3 1/2 minutes of the third quarter and Mr. Smith began to empty his bench. By the time the fourth quarter had arrived, practically every player on the Redwing squad had seen action. This wasn't the first time for such a move. Smith's been doing this for the whole season and, for his whole coaching career as far as I know.

The St. Johns School system is pretty lucky to have such a dynamic leader and person heading up their football program.

And, they better hold onto him if they can. Iowa may be looking for a new head coach, soon.

How about the UAW strike against General Motors which is entering its eighth week?

How many of the GM workers are actually in favor of a strike that has lasted this long and that has cost so much money, let alone the damage it has done to our not-exactly-robust economy?

I don't think that many people are for the strike. I think it's a big move on the part of Leonard Woodcock to show his strength to the American people.

You've shown it, Lenny. It's time for a little seriousness!

TAKING FIVE

Nothing is sacred

By RON HUARD

People who study such things tell us that most newlyweds' arguments spring from money, in-laws and burnt dinners. But looking back three or four hundred years to my earthly married days I have reason to dispute this.

One of the things that prompted wife to become easily disgusted with me was my lack of interest in leaping ceilingward over every social invitation.

"We should never have gotten married," she used to say. "I couldn't keep you down in those days. Now all you want to do is hide out in that silly basement with your hammer and nails."

"It's not that bad," I'd coo. "We went to the park last year and then three months ago we went to get the car washed. Can't you sit down once in a while?"

"I sit down all day long staring at these walls. I'd like to stare at somebody else's walls for a few hours," she'd cry. "Well, why not try the basement with me?"

I guess my suggestion was not too effective cuz I don't ever remember seeing her in the basement, but through the years I've learned to enjoy looking at other people's walls. In effect, she's taught me to leap ceilingward.

But all this comes to mind because of a well reported social gathering a week or so ago. From reports I've read, I'm almost tempted to retreat to my basement ways or at least be darn sure of who's extending the invites.

Seems that a whole mess of people leaving a boxing match received invitations to attend a celebration. "Course the usual party elements were heralded and reports indicate that upwards of a hundred or so revelers laid their knuckles to the door of the given address.

That's when the fun began.

As the party goes entered the house they were unceremoniously herded to the basement where not too friendly hosts

relieved their guests of all valuables and money.

And the games those people played!

It just was not the type party to attend if you easily succumb to goose-pimples.

But the worst part came after all the goodies were stacked in a pile. The hosts generously divided the loot and immediately departed the party, leaving all those guests without money, dignity or a thing to do—and if you've ever been to a party where there was nothing to do you've got a good idea of how uncomfortable those people must have been.

It's a strange and discouraging turn of events. Just when wife had me trained to enjoy an evening away from my hammer and nails I hear of such things as this. Why, it's enough to rattle even a jet-setter.

The most worrisome thing, though, is where the action took place. In the basement!

Nothing seems to be sacred anymore.

# Strange gods

By REV. HUGH BANNINGA

I want to talk about strange gods today. This is the human tendency to attribute divine power to that which is not the Almighty God Himself.

Food is one of the strange gods. St. Paul saw this in the church at Philippi. He wrote, "For as I have often told you, and now tell you with tears in my eyes, there are many whose way of life makes them enemies of the Cross of Christ."

They are heading for destruction. Appetite is their god, and they glory in their shame. Their minds are set on earthly things.

Food is used in a variety of ways to draw people to church. Some of the positive ways, of which I heartily approve, are the church supper or pot-luck and the coffee hour after the worship service.

However, there are some approaches used to attract people to the church that I do not recommend. One U.S. senator once said that there were churches in our national capitol which have cocktail lounges to attract "patrons".

I certainly do not think this sort of approach is needed.

There is the story about the adult church school class which had a coffee and donut break which took up most of the class period. It seems that the class was more interested in eating than in talking about their divine Creator. A worship service followed the class period, but none of the class stayed around for that. The minister remarked that this was the usual procedure from Sunday to Sunday.

It is not that food is improper in the Church or outside of it; but food is certainly a poor substitute for the spiritual bread that is supposed to be available within the Church. Perhaps you think it is strange to label food as a god.

Well, think about the question, "Do you eat to live or do you live to eat?" Which is your philosophy? St. Paul saw that food had become a false god in his day and he remarked, "Appetite of the belly is their god and they glory in their shame."

Science is another one of the strange gods. Every time a new rocket is launched into space, every time an anti-missile mis-

sile intercepts its target on a test run, this god of science is saluted. Millions for missiles and Pennies for missions. Ever read this statement before? You probably have.

The question is whether this statement is an over-exaggeration. I don't think it is. This is a statement of fact. Now don't get me wrong—I'm a firm believer in a strong national defense system.

But for a nation to put its ultimate trust in science as the god who will protect us from all danger is not only idolatry but sheer stupidity!

America blows the trumpets of industry while the Marxist "bibles" have ours out-published. We stake our "all" on the great god science and believe that we can defeat the Communists with this great god.

I wonder if we are aware of the fact that the Communists have this same god on their side?

Another strange god is entertainment. That "idiot box", as it is called, dominates our lives today. We can sit for hours, blasted by fantastic commercials and insane programs, and think nothing of it.

We can sit and let our God-given intellects get rusty from inactivity and let our spiritual life drain out of us like sand through a sieve.

There are many people who have no need for a TV Guide—they have all the programs catalogued in their minds.

We have become a people who would rather be entertained than put forth the effort to entertain ourselves. Because of this fact,

we get such terms as the "Flabby American" and such programs as the President's physical fitness program to correct the situation.

When I was at St. Christopher's Church in Detroit, the church school teachers asked their students to write on a piece of paper what special talents they had of what hobbies they were interested in. Almost all of the papers were turned in with just two words on them—"Watch Television." This is tragic!

There is an old Danish fable which tells about a spider that slid down a single filament of web from the lofty timbers of a barn and established himself on a lower level. There he spread his web, caught flies, grew sleek and prospered.

One Sunday afternoon, wandering about his premises, he saw the thread that stretched up into the dark unseen above him, and he thought, "How useless!" And he cut that thread. Then his whole web collapsed and he was soon stepped on by one of the animals.

The moral of this story is the eternal truth that when we try to do without God, we collapse. When we cut the thread that holds us in living touch with the Unseen above us, we fall. In other words, when Man tries to put himself or something else as a substitute for Almighty God, he is doomed to failure.

When Man attributes divine power to such false gods as food, science and entertainment, he put himself on a course of self-destruction.

### CELEBRATES ANNIVERSARY

On Oct. 13, 1920 Miss Nellie Spencer and Chauncey Green were married at the home of the bride's parents, Mr. and Mrs. E. G. Spencer by Rev. R. V. Bird-sall of the Shepardsville Methodist Church.

Sunday, Oct. 11, at the Shepardsville United Methodist Church an open house was held to honor the Greens on their 50th wedding anniversary.

The Greens have resided in the Ovid area for the past several years. Present at the open house were Mrs. Floyd Betzer and Mrs. Carl George who were guests at the wedding 50 years ago.

Guests were present from Lansing and East Lansing, Springport, Detroit, Whittemore Lake, Climax, Bronson, Troy, Adrian, Concord, Williamston and the surrounding area.

The guest book was in charge of Mrs. Lawrence Warren and Mrs. Albert Warren.

Wedding cake was cut and served by Mrs. Robert Heldreth, coffee and punch by Mrs. Guy Cox, Mrs. Hilma Stelljes and Mrs. Ermina McKay.

The hosts were the couple's three children, Mrs. Ermina McKay, Mrs. Don Craig, Mrs. Ben Green and sister-in-law, Mrs. John Spencer. The couple also have seven grandchildren and a great grandson.

The serving table was centered by a three-tiered wedding cake and golden mums centered the other tables. Other decorations were in keeping with the occasion.

Mr. and Mrs. Barry Mead are spending some time with his parents, Mr. and Mrs. Max Miller. Mrs. John Spencer and Mrs. Charles Walker of the Ovid Duplain Lincoln Club accompanied Mrs. Glen Horn, Mrs. Lawrence Hess and Mrs. Viva Scott of the Elsie Literary Club to Grand Rapids on Thursday, Oct. 15 to attend the 49th annual convention of West Central District Women's Clubs.

Merlie Baese was guest of honor at three showers over the weekend of Oct. 11. On Oct. 10 there was a miscellaneous shower given by Mrs. John Novak, Mrs. Jim Nuneman and Mrs. Al Snell at the Snell home on Vandecar Road in Owosso. Several games were played with prizes being won by Mrs. Bill Nolph, Mrs. Rana Schults, Door prize was won by Mrs. Harold Mau. On Sunday, Oct. 11, the bride's aunts, Mrs. Richard Bates and Mrs. Merlie Baese entertained at a kitchen shower at the Baese home on 181and Road, Elsie. Games were played with prizes being won by Mrs. Lewis Baese, Mrs. Robert Baese and Mrs. Leonard Huyck. The door prize was won by Mrs. Gale Baese. The same Sunday evening there was a personal shower given at the Joe Zruna home on Vande-

car Road by Mrs. Fred Shumenic Mrs. Kenneth Eiston and Mrs. Les Lahring. Bridal bingo was played with prizes going to Mrs. Fred Rummer, Mrs. Donald Palmer, Mrs. Leonard Huyck and Kella Stinebower. Miss Baese will be married on Oct. 17 to Richard Zruna.

A miscellaneous shower was held at the Shepardsville United Methodist Church on Wednesday evening, Oct. 14 for Vicki Hood. Games were played with prizes going to the bride-to-be. Hostesses for the shower were members of the Berean Circle. They served light refreshments. Miss Hood has an altar date with Michael Swender on Oct. 23 at the Duplain Church of Christ in Rochester Colony.

WCSM MEET  
The Berean Circle of the Shepardsville WCSM met at the home of Mrs. Clare Alderman on Thursday evening, Oct. 15.

During the business meeting it was voted to have a Chinese Auction in November and to make a donation to Jo's Operation Telephone Home.

Mrs. Albert Fellow had the program. She used as her topic, "Family Cluster, Reality or Illusion," taken from the study book Risk and Reality. The hostesses served light refreshments.

Mrs. Frank Hegwood and children of Inkster were Sunday afternoon callers of her grandfather, John Spencer and Mrs. Spencer.

Leo Spencer of Detroit was an overnight guest of the John Spencers on Oct. 18. Mr. and Mrs. Wayne Flegle have returned home after spending the past week at Big Bay-de-Noc in the Upper Peninsula and Grass Lake and other points in the upper part of the lower peninsula.

## A look at education

By REP. WILLIAM S. BALLENGER

Because it takes more money than any other governmental service, education is the biggest problem of the state government. Right now, things other than money seem to be bothering people in connection with education, if recent polls are any indication of how things are going in that field.

A recent poll of legislative candidates by the Associated Press showed the general opinion was for "more money" for education.

There is no doubt, of course that more money will be needed to finance education in the future because of the erupting population and constantly rising costs of salaries and services. But other polls—admittedly not very scientific—would seem to indicate a rather substantial disenchantment among people with the educational system as it exists today in Michigan.

For instance, one newspaper poll asked this question: "Are you satisfied with the education children are getting in public schools?"

Some of the answers may have been influenced by the emotionalism over Parochial, but an astonishing number—almost 74 percent of those responding to the telephone question—indicated dissatisfaction with the education children are getting today.

Some of the answers included: "The entire school system needs a revamping." "How can children learn decency when the teachers are indecent themselves?" "The teachers are unfit, not the

schools." Discipline is not enforced.

On the other hand, there were favorable comments like "Every-one at our high school is getting a great education" and "It's not the schools—if they would listen more, they would learn more."

The same Detroit metropolitan newspaper asked another question: "Do you feel a person needs a college education to become a success?"

The percentages were even more startling with more than 80 percent of those replying giving a "No" answer.

Among the "No" comments were: "I have a Phi Beta Kappa key and am struggling—my brother dropped out of college and makes \$60,000 a year" and "Too much emphasis is put on education." Another respondent said: "Experience counts above all else."

Amount the less than 20 percent who felt a college education was necessary for success, there were these answers: "It means extra pay and added status." "You can't even fill out an application without a college degree." "The dumbest person in the world can get by with that sheepskin." "A high school education will take you as far as the assembly line."

As noted, the poll was a ran-

dom one and not intended to be considered scientifically conceived, but the percentages of the answers alone seem worthy of consideration by educators, who must justify their expenditures to the Legislature.

If the public really "gets on its ear" and demands less government spending, feelings like those expressed in the polls, if scientifically verified, conceivably may result in even greater financial trouble than education now generally faces.

## Elsie

By MRS. NEVA KEYS, Correspondent

"Friendship" will theme the program of Elsie Chapter O.E.S. No. 69 as its corps of new officers take over with Mrs Sharon Schulz as worthy matron and John Hall, worthy patron, following their installation Saturday evening at the Masonic Hall.

The impressive ceremonies were attended by friends, family and visitors from Lansing, St. Johns, Owosso, Corunna, Chesaning, Webberville, Ashley and area towns.

Mrs Stanley Loznak, outgoing worthy matron opened the program with words of welcome to the guests and appreciation to her officers for their cooperation during the past year. She also presented gifts to her officers.

On behalf of the chapter, she paid a special tribute to W.S. Lusk of DeWitt for his 50 years of service to the Order and was presented a gold certificate and a pin denoting his service to the Elsie Chapter.

Mrs Loznak introduced special guests and presented the installing officers: Mrs Gladys Reynolds, Williamston, installing officer; Mrs Martha Maxa, Ashley, marshal; Mrs Anna Dunay, Bannister, chaplain; and Mrs Edith Archer, Chesaning, organist. Mrs Donivan Williams was guest soloist for the ceremonies.

The gavel, which was used by the new worthy matron while she was Honored Queen of the Job's Daughters, was presented to her again by her mother, Mrs Cayle Sloat, for use during her tenure of office. For her installation ceremony, her husband, Gary Schultz, escorted her from the altar to the East.

Other officers installed were: Mr and Mrs Robert Baker, associate patron and matron; Mrs Lella Wilson, secretary; Mrs Esolda Irving, treasurer; Mrs Malcolm Lusk of St. Johns, conductress and Mrs Donald Temple, associate conductress; Mrs C.H. Sills, chaplain; Luman Hall, marshal; Mrs Anne Praay, organist; Star Points, Elisabeth Levey, Dortha Planter, Jean Cobb, Gladys Hall and Doreen Kridner; Erna and Vincent, warden; and C.H. Sills,

Mrs Isolda Irving.

sentinel. Robert Kridner and Alex Dunay were flag bearers.

Following the installation worthy matron Sharon Schulz relayed the program theme for the year by means of a large display. Ribbon streamers extending as rays from a large styrofoam star with colored points listed Charity, Kindness, Trust, Faith and Love as the chosen words of guidance.

She chose the open Bible as a symbol and the lily-of-the-valley as her selected flower. She gave the poem, "Friendship is a Road" reflecting the thought that wherever one goes in life, friends, young and old, will be there to help guide and direct one's actions. "Kindness, she said, is shown by acts to others and by putting trust in those around us we can see the results of love and faith.

Mrs Schultz announced a School of Instruction to be held jointly with the Maple Rapids Chapter at Maple Rapids on Dec. 7 with Myrtle Ordway of Chesaning, Grand Organist as the instructor and Line Officers School on Nov. 18 at Swartz Creek. She also reminded members that the next regular meeting is Nov. 5 and she would desire a good attendance of officers and members.

After the ceremonies, a social hour in the dining room honored the new officers with Mr and Mrs Alex Dunay as hosts and Corrine Schultz and Patricia Dunay attending the guest book.

Brown, orange and yellow were used in the decorative scheme with autumn flower bouquets and rose bowls. Centerpieces at the tables were ceramic elves, which were given later by the new matron to installing officers.

Mr and Mrs Leslie Sturgis, Mr and Mrs Leonard Tjotson, Mrs Lella Wilson assisted Mrs Schultz as the social committee. The serving table was centered by a large cake in the shape of an open Bible with the names of "Sharon and John" inscribed. The cake was served with ice cream Dortha Planter, Jean Cobb, Gladys Hall and Vincent, warden; and C.H. Sills, Mrs Isolda Irving.
