County votes funds to complete soil mapping

Federal unit drops map aid

Supervisors balked Monday but then voted 13-8 to provide another \$1,437.45 a year for four years to complete a tri-county soil mapping project.

What irked them most was their belief that the soil mapping was to have been done by now on a \$6,000 total appropriation made by the board back in 1964.

William C. Roman of the Tri-County Regional Planning Commission made the request for additional funds in a letter to the board, and he told them in person Monday that unless funds are provided to offset a withdrawal from the project by the Housing and Urban Development agency (HUD), the soil mapping of the tri-county area would have to be terminated.

HUD, along with Michigan State University, the Tri-County Regional Planning Commission and the Soil Conservation Service have sponsored the soil mapping the last three years. Roman said the mapping is just about exactly half done in Ingham-Clinton-Eaton area.

HUD has withdrawn from the project this year, Roman said, because of a "cut-back" in appropriations by Congress. He said the money (\$19,166) would have to be made up by the local units—county boards and the county road commissions—if the project is to be completed. A total of \$57,500 will be needed each year, with Tri-County paying \$9,548 from its annual appropriations from the three counties.

SUPERVISOR Derrill Shinnery of Greenbush Township said he recalled that the county had entered into an agreement with Tri-County for \$6,000 for the full mapping, and other supervisors said they were led to believe the same thing. Roman, who hadn't joined Tri-County at the time of the agreement in 1964, said all his records indicated the agreement was for the first half of the mapping.

A check of the board of supervisors' minutes failed to turn up any indication of the time limit the board was concerned about.

After the noon recess the board voted approval of the request, pointing out they thought it only fair to the rest of the townships not already mapped. Their \$1,437.45 appropriation for the next four years, however, doesn't obligate the Clinton County Road Commission which is being asked for \$479.15 per year.

The vote in favor of an extended agreement was 13-8, with one supervisor absent. Voting yes were Supervisors Gerald Shepard of Bath, Maurice Gove of Bingham, George Moore of Duplain, Russell Howe of Eagle, Derrill Shinnery of Greenbush, George Austin of Ovid, Norman Thelen of Riley, Claude Underhill of Victor, Herman Openlander of Watertown, Charles Coletta, Tom Hundley and Rex Sirrine of St. Johns and Gerald Lankford of the City of DeWitt.

Voting no were Supervisors Raymond Mayers of Bengal, Reginald Nelson of DeWitt, John Seftington of Essex, Walter Nobis of Lebanon, Earl Barks of Olive, Walter Thelen of Westphalia and Elden Smith of the City of DeWitt.

TOWN WENT WILD OVER PEACE PACT

CLINTON REPUBLICAN OF NOV. 14, 1918

DETAILED LOCAL CELEBRATION

OF END OF WORLD WAR I 50 YEARS AGO

(A reproduction of the entire front page of the 1918 Clinton Republican appears on this week's editorial page.)

News that Germany had surrendered was received over the telephone by Leslie G. Brown of the Bell company Monday morning a little after 3. He called up Rev E.A. Armstrong of the Methodist Episcopal church and it was not long before the chimes were pealing out the glad news in national airs. Rev John Lynch, of St. Joseph's church, got the news about the same time, did not wait to dress, and had the honor of ringing the first bell. Other bells followed, steam whistles, processions of men, women and children carrying flags, tin pans and everything that would make a noise. Automobiles added to the din by tying tin cans and other noise-making apparatus on the rear of the auto and driving at breakneck speed about town. Men with guns went along the sidewalk firing them, pistols were fired, and this performance was kept up for hours. When the grocers put their wares on the sidewalk in front of the stores, the marchers would put the goods inside. The tanks did not open in the morning, as all business was suspended temporarily to give full rein to the peace celebration. In one of the processions Rev John T. Lynch carried the bass drum. Old and young, men and women, little and big children joined in Thanksgiving service. As the morning advanced flags were displayed from every house, store, and building possessing one, the flags of our Allies being freely shown along with others. Truck loads of boys and men paraded the streets. Autos were decorated with flags and a continuous performance was kept up all the forenoon.

The Afternoon

The afternoon was a repetition of the morning, but interest flagged before night and the crowd was greatly reduced by 6 o'clock. Soon after supper, however, the people began coming and the celebration was on again. The streets were soon packed with autos and in front of the court house it was difficult to get along the walks at all. Trucks, tractors and autos equipped with noise-making devices paraded the streets. A particularly noisy equipment bore a banner, "Bengal-can you hear Kaiser Bill now?" The Greenbush band was here and the Liberty band headed a procession up Clinton Avenue to the court house square, led by Rev E.A. Armstrong with his hat full of flags, and Rev John T. Lynch, resplendent in a silk hat. Home guard members and others fired guns at frequent intervals, people carried klaxon horns and every variety of squawker.

The Kaiser Tried

On the band stand an image of the Kaiser was stationed between two soldiers and Prosecuting Attorney Fehling arraigned the culprit, charging him with every crime in the decalogue and then some. When he had finished Judge Moinet reviewed the case, adding to the charges any that the prosecuting attorney might have omitted. It was the sentence of the court that the Kaiser be shot, which was done and his miserable remains cremated on the big bonfire. Thus ended the big peace celebration.

Notes

A heavily loaded truck was run up and down the sidewalks on Clinton Avenue during the forenoon, crushing the flagstone and cement walk in places. This was great fun. The next morning workmen were putting in new walks. The Black Cats were out in force, adding their mite to the general din.

Nick Pappas took the piano from his candy store out on the front walk and people danced to the stirring music. A bunch of boys from Hayes Wheel plant raised \$10.25 and gave the amount to the local Red Cross. They used a push cart and gave rides up the avenue to numerous citizens at a nickel a ride.

A.G. Jones and E.B. Parr made dramatic speeches from an automobile in front of the post office and at other points. So far as known no accidents marred the general jollity and good spirit of the day.

The electric sign in front of Nick Pappas' store was shot up, probably by accident, and caused Mr Pappas several dollars damage.

Wood and Hannah new commissioners

Robert Wood and John W. Hannah recorded victories Tuesday in the all-write-in campaign for two seats on the St. Johns City Commission.

Wood polled a total of 592 votes and Hannah garnered 507 to beat out the third write-in candidate, John Lynch, who had a total of 247 votes.

Wood is a St. Johns attorney and has formerly been justice of the peace and associate municipal judge. Hannah is shop superintendent at the Clinton County News. Both men will attend their first city commission meeting next Monday evening.

Wood was the top vote-getter in the two city precincts, with Hannah holding a one-vote edge in the absentee balloting. Here is a precinct-by-precinct look at the results:

WOOD: 269 in Precinct 1; 207 in Precinct 2 and 116 in absent voters precinct; total of 592 votes.

Hannah: 210 votes in Precinct 1, 180 in Precinct 2 and 117 votes in the absent voters precinct; total of 507 votes.

Lynch: 139 votes in Precinct 1, 92 votes in Precinct 2 and 16 votes in the absentee ballots; total of 247 votes.

The results of the city commission race weren't known until shortly after 2 a.m. Wednesday. Precinct workers weren't able to get started counting the ballots — with the exception of (Story continued on Page 14-A)

ROLAND DUGUAY,
Judgeship Leader

Roland Duguay takes lead in district judge race

Roland Duguay appeared to be heading toward victory in his quest for the Clinton County dis-

trict judgeship as of 4:30 a.m. Wednesday.

With nine of 30 regular and

absentee voter precincts reporting, Duguay was holding a 3-2 lead over Harold Reed. Duguay had 2,515 votes and Reed had 1,892.

Duguay, presently the Clinton County prosecuting attorney, carried most of the precincts that had reported at 4:30. Reed carried Bath 2 and Eagle Township and came within a few votes of Duguay in Bengal Township.

ELECTION NOTE

Olive Township had a great turnout. A total of 592 voters cast ballots, compared to a registration of about 710. Twenty-five absentee votes were among the total.

Bath OKs millage, liquor

BATH — Bath Township voters approved an additional one-mill tax for five years and liquor by the glass in the general election Tuesday.

The liquor by the glass proposal passed by only three votes — 689-686. It lost in the Bath 1 precinct by 281 yes to 379 no and by a 19-26 vote in the absentee voting, but Precinct 2's overwhelming 389-281 tally was just enough to pass the measure.

All three precincts approved the one-mill tax levy, which will be spread for five years to pay for the purchase of fire trucks, fire equipment and establishment of a fire building and site fund.

Township voters also gave Gerald Shepard a rousing 905 votes for district supervisor (in District 11), including 454 votes in Precinct 1, 409 votes in Precinct 2 and 42 absentee votes.

Clinton goes for Nixon

Clinton County went, as expected, for Richard M. Nixon for President of the United States in Tuesday's election.

Although all precincts had not been reported at press time, Nixon and running mate Spiro Agnew were enjoying a substantial lead in Clinton County over Democrat Hubert Humphrey and America's Independent George Wallace.

Incomplete totals clearly reflect the Republican victory trend with the Nixon-Agnew team holding a comfortable margin of 1,796 votes over Humphrey-Muskie and a whopping lead over Wallace-LeMay of 3,496. The count at 4:30 a.m. Wednesday morning showed the leaders with 4,110, runners-up with 2,314 and Wallace-LeMay with 614. These totals represented 12 reporting precincts.

In the third district congressional race, Garry Brown held a solid lead over Thomas L. Keenan, 3,708 to 1,577. This lead was reflected on reports of nine precincts.

Republican Charles Chamberlain led his Democratic opponent in the sixth Congressional District by 272 votes. On the strength of six reporting precincts the totals were 835 to 563.

Voters streamed to the polls all over Clinton County Tuesday, and this lineup outside the two St. Johns precincts was typical. Line-ups were long yet near the 8 o'clock deadline, and the last vote in St. Johns wasn't registered until 10 p.m.

Open house held for C. Dunhams

Mr. and Mrs. Clifford Dunham of 4217 Hollister Road, Elsie, were honored Sunday afternoon, Oct. 27, at an open house in the United Methodist Church Fellowship Hall at Elsie. This is the church the couple have attended the past 54 years.

The occasion was planned by their daughter, Mrs. Rolland Hankey of Litchfield, Mrs. Luman Hall and Mrs. Earl Whitlock of St. Johns and Mrs. Asa Stewart and Mrs. Harold Dunham of Elsie, all sisters of the Dunhams, assisted in the serving of cake, coffee and punch.

Dunham was a farmer and had worked for the Agricultural Stabilization Conservation Service for 13 years before his retirement six years ago.

Mr. and Mrs. Stephen Vaysabel and Mrs. Sidney J. Keys spent Saturday evening at Canada's largest supper club, the Elmwood Casino in Windsor. The occasion was the 40th wedding anniversary of the Keys. They heard Earl Grant, television star, organist, pianist, singer, dancer and an all star cast backed by a large band.

The annual card party for the benefit of the Elsie Public Library will be held Tuesday, Nov. 12, at 7:45 p.m. at the Knight Elementary School. Mrs. Lawrence Hess is general chairman with Mrs. Orpha Clement in charge of the ticket sales. Hostesses will be Mrs. Norman Blakeley, Mrs. Asa Stewart, Mrs. Robert Baker, Mrs. Pat Poran and Mrs. Lunsford Melvin. Tickets may be secured from the clubwomen.

Mrs. Anna Dunay represented the Elsie Chapter OES at a reception and dinner honoring Worthy Grand Matron Lucille Koken of the Michigan Grand Chapter at Ann Arbor Saturday evening.

Mr. and Mrs. Sills installed Nov. 2

Mr. and Mrs. C. Hubert Sills were installed as worthy patron and matron of Elsie Chapter No. 69 OES at the Masonic Temple

Saturday evening.

Installing officer was Mrs. Faye Stephenson of Clare; marshal, Emma Everts of Clare; chaplain, Mrs. Norman Smith of Flushing and organist, Mrs. Edith Archer of Chesaning.

They also installed associate patron and matron, Mr. and Mrs. Stanley Loznak; secretary, Mrs. Lella Wilson; treasurer, Mrs. Esolda Irving; conductress, Mrs. Sharon Schult; associate conductress, Mrs. Robert Baker; chaplain, Mrs. Archie Moore; marshal, Mrs. Alex Dunay; organist, Mrs. Anne Praay; Adah, Mrs. George Blayney; Ruth, Mrs. Luman Hall; Esther, Mrs. Mae Goodrich; Martha, Erna Vincent; Electa, Mrs. Doreen Kridner; warder, Mrs. Blaine Lentz; and sentinel, John Hall.

The program was opened with presentation of flags and a welcome by retiring Worthy Matron Mrs. Archie J. Moore. She also presented several guests: Mrs. Goldie Soderland of Mount Morris, Grand Representative of Washington and Oregon; Mrs. Anna Dunay of Bannister, Grand Representative of Oregon and Michigan; the Clinton County Assn. OES officers; and the guest officers for the evening.

The special music was furnished by Miss Patricia Kridner of St. Johns. Following the installation, the retiring matron and patron, Mr. and Mrs. Moore, were presented with an electric clock from their officers.

In accepting her new office, Mrs. Sills asked for continued cooperation of the officers and pledged herself to prompt opening of each meeting and discharge of her duties for the good of the Chapter.

These announcements were made: Line officers' school of instruction Nov. 15 at Flint and local school of officers Nov. 18 at Maple Rapids with Grand Organist Cecile Hayes of Fenton as instructor.

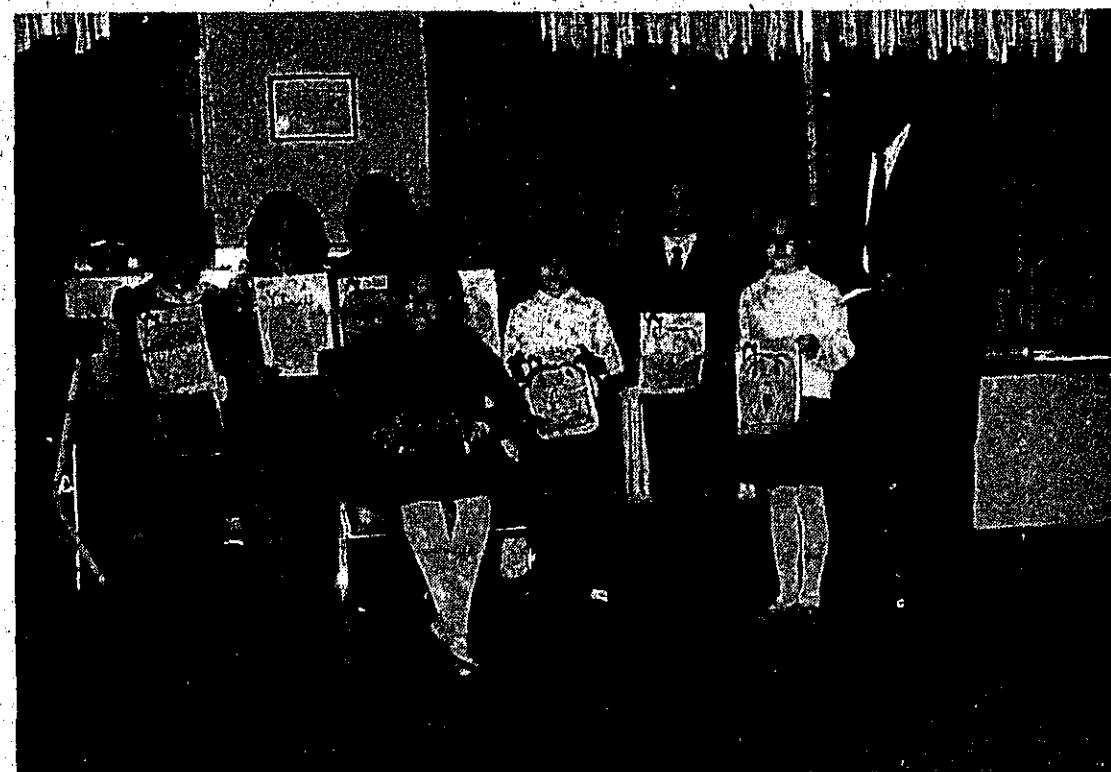

There will be officers' practice on Nov. 4 and the other installation dates of area chapters will be Nov. 8 at Ovid and Nov. 9 at Maple Rapids.

Mrs. Sills reminded members that regular Chapter meetings are held on the first Thursday of the month at 8 p.m. and urged a good attendance for the next meeting, Nov. 7.

There were over 80 present for the installation ceremonies from Detroit, Flint, Lansing, Pentwater, Clare, Harrison, Chesaning, Maple Rapids, Dewitt and Ovid.

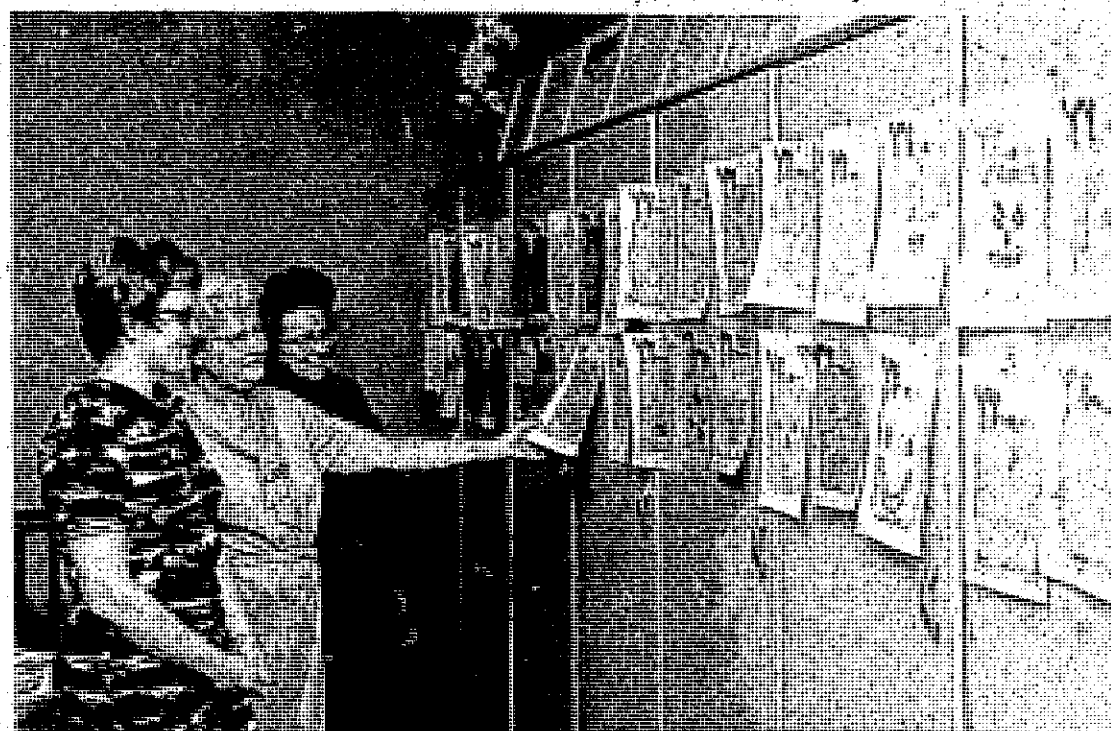

A reception for the new officers and guests was held in the dining room with Mr. and Mrs. A. W. Cobb, Mr. and Mrs. Stanley Loznak and Mr. and Mrs. Leonard Tilton in charge.

The serving table was centered with a round cake with an open Bible inscribed "Rose Marie and Hubert Sills - 1968" in an arrangement of white cross and

COLOR CONTEST WINNERS GET THEIR PRIZES

Winners in the Clinton National Bank and Trust Co.'s Halloween pumpkin coloring contest pose with their artwork and bank President W. S. Lusk Saturday morning after receiving their prizes. Seated at the front is Jill Cook, grand prize winner from the fourth grade at East Essex School. Other winners are Brenda Bancroft, Lori Mack, Lynne Buggs, Harry Todociuk, Linda Domki, Thomas Dicken and Lisa Cook. Absent was Jeff Van Fleet. Full details on the contest winners is in the bank's advertisement on Page 1-B.

Judging of the 120 entries in the Clinton National Bank's Halloween coloring contest took considerable thought by the judges, but they considered it fun and interesting. The judges were Mrs. Karlene Echart, Mrs. Pauline Reed, and Mrs. Shirley Karber of the Clinton County News staff.

cup with red roses and surrounded with tiny cakes in the color of the star points.

Mrs. Faye Stephenson and Mrs. B. T. Hampton, both of Clare and aunts of Mrs. Sills, presided at the tea and coffee service while the committee served ice cream and cake.

The guests were seated at tables centered with mums and candles circled with ivy and the serving window was made attractive with many beautiful roses from the Loznak gardens.

The Elsie Chapter OES was represented at various chapter occasions recently. Mr. and Mrs. Alex Dunay attended the Ashley installation where Mrs. Dunay served as installing organist. Mrs. Dunay was a guest at the St. Louis installation the following night; and Mrs. Lella Wilson and Mrs. Dunay will attend a special meeting at the Montrose chapter next Tuesday.

Three Elsie area families were among the two busloads who recently went from Owosso to Washington, D. C. in observance of the 50th anniversary of the Declaration of the Republic of Czechoslovakia. They were Mr. and Mrs. Ed Fornusek and son, Eddy, Mr. and Mrs. Gilbert Fett and daughters and Mr. and Mrs. Frank Winkler and family. In Washington the children participated in the celebration. The dance group from Owosso, under the direction of Mr. and Mrs. Anton Cech, performed at the Statler-Hilton Hotel in the presidential ballroom. They placed three wreaths while at Arlington National Cemetery—the tomb of the unknown soldier by Eddy Fornusek; John F. Kennedy by Danny Stasa, and due to the rain and wet condition the guard placed the wreath on the grave of Robert F. Kennedy.

Ralph C. Woodard has arrived in Florida to spend the winter months. He was accompanied there by his son and daughter-in-law, Mr. and Mrs. Walter Woodard of Midland who returned home by plane. Mr. Woodard will reside at the Simpson Hotel in Mt. Dora, Fla.

Mrs. Evelyn Colwell of South San Gabriel, Calif., visited her sister and family, Mrs. Beatrice Wilson and friends in Elsie. She is staying with her sister and family, Mr. and Mrs. Frank Khovosky of Owosso. She will return to California Nov. 3.

Resolution thanks residents

Here is the official wording on a resolution signed last week by St. Johns Mayor Charles Coletta and City Clerk Thomas Hundley, thanking citizens for their volunteer work on city recreation projects this summer.

The resolution was passed recently by the city commission.

"WHEREAS, The City of St. Johns is operating on an austerity budget, and in their endeavor to

reduce expenditures had to terminate certain services, and

"WHEREAS, The operation of the city swimming pool and park was one of said services so terminated, and

"WHEREAS, A number of interested citizens and organizations took it upon themselves to raise funds with which to operate said swimming pool, and

"WHEREAS, Said citizens and

organizations devoted time and effort to the operation of said pool and park, and

"WHEREAS, Without the time and effort of these citizens and organizations the youth of our community would not have been able to utilize said pool facilities, and the community in general would not have been able to utilize said park facilities.

"BE IT THEREFORE RESOLVED; that the city commission of the City of St. Johns hereby extend their vote of appreciation and thanks to all the citizens and organizations here involved; and that the city commission, in proud of the civic interest and concern shown by said citizens and organizations."

People who take themselves too seriously seldom enjoy life.

The self-satisfied man has reached the jumping off place.

Men who get into the habit of knocking will never make a hit.

Chest drive soaring: 80% of goal reached

Clinton County's Communities Chest drive had achieved 80 percent of its \$23,683 goal Tuesday, reported Ink White, county campaign chairman.

White said he was confident that returns from outcounty areas and scattered reports still forthcoming from St. Johns, division chairmen would put the county over the top in its 1968 united fund-raising effort.

Federal-Mogul Division of St. Johns was responsible for the greatest spurt towards the campaign goal this week. Incomplete reports from the plant indicated that the company and its employees would reach \$4,750 in this year's drive — fully \$500 over their last year's effort.

Down in Watertown Township, Mrs. S. K. Thingstad reported that her workers had accounted for a total of \$533 in contributions early this week.

Chairmen at Bath, Ovid, Elsie, Maple Rapids, Fowler and Westphalia said that the drive was

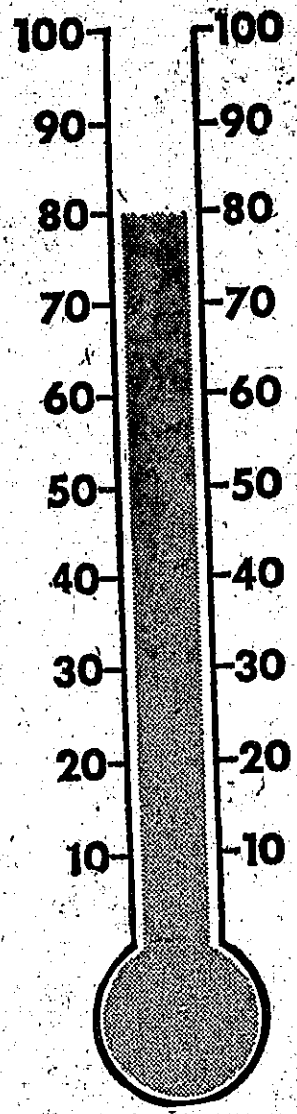

continuing in their communities and they hoped to make final reports late this week.

Stephen Bakita, chairman of county schools and government agencies, had accounted for more than \$2,000 from his group Monday. Bakita said several areas were still unreported.

Leon Brewbaker, chairman of the professional division, hoped to have solicitation completed within his group by Wednesday afternoon. "We're definitely ahead of last year," Brewbaker said Monday.

William H. Patton, St. Johns commercial division chairman, said his team captains had promised to complete the solicitation in their 11 groups by Thursday of this week. Reports from the commercial division have been lagging in recent days.

Mrs. Helen Kohls, chairman of the Women's division, said the residential canvass of St. Johns would be completed this week.

Edward Idzkowski (left), general manager of the Federal-Mogul Corp.'s St. Johns plant, presents a \$500 check to Central Michigan University President William B. Boyd for use as a scholarship for a CMU industrial education student from the St. Johns School District.

F-M establishes \$500 scholarship for local student

A \$500 award to be used for scholarship support for an industrial education student from the St. Johns School District has been given to Central Michigan University by the Federal-Mogul Corp.

Presentation of the check was made to CMU President William B. Boyd last week by Ed Idzkowski, general manager of Federal-Mogul's St. Johns plant.

The money will be used to enroll a St. Johns area student next year in the CMU-based Partnership Vocational Education Project, a five-year experimental program which utilizes an interdisciplinary approach to industrial-technical education. The project also features increased student teaching and on-the-job industrial internship experiences.

The project, now in its fourth year, is supported by a \$496,000 Ford Foundation grant, the largest industrial-technical education grant ever funded by the foundation. The CMU project has drawn international attention since it was begun in 1965.

UNDER TERMS OF THE Federal-Mogul scholarship, the corporation will provide the scholarship recipient with \$500 a year for each of his five years at CMU. It is hoped that the recipient will return to St. Johns to teach after receiving his degree.

"There are many opportunities for rewarding careers in industry for high school graduates, particularly for those who have been educated to meet the requirements of modern industry," Idzkowski said in making the presentation.

"Simple manual skills, such as those taught in the time-honored manual arts courses, are no longer sufficient. We need young people with technological training, good communication skills, facility for human relationships and motivations and a sound understanding of industry's function in the competitive economy."

Chairman Walter Nobis appointed the board as a committee of the whole to attend the Michigan State Association of Supervisors' meetings Dec. 8-12 in Lansing. Tourism, district courts and crime control will be the general topics for this last session of the association before the new boards of supervisors take over.

economic structure of our society," he explained.

"All of this can be taught at the high school level, and we would like to be of assistance to the St. Johns School Board in developing an industrial arts curriculum at the new high school that would meet the needs of local industry and thereby benefit the graduates who will make their careers in this field," Idzkowski said.

"We believe that Central Michigan University's imaginative new concept of industrial education deserves support and encouragement, and we are told that the St. Johns School System, like virtually every other school system in the country, can always use additional teaching skills of this kind. We hope that this scholarship will serve both purposes."

EARL LANCASTER, superintendent of St. Johns Public Schools, said criteria for the selection of the student have not been firm yet and may not be known for sure until near the time of selection next spring.

"This is a tremendous thing," Lancaster commented. "The more we can do with this vocational education thing the better, and we're happy to see industry helping out."

Students accepted on the Partnership Vocational Education Project at Central spend their first two years on campus in a program of general and specialized education, including a freshman year inter-departmental sequence culminating in an independent study.

The remaining three years consist of alternating semesters of on-campus courses and off-campus, on-the-job paid internships in cooperating schools and industries.

The program results in a bachelor's degree and teaching certificate.

New county zoning nears adoption stage

Substantial amendments to Clinton County's rural zoning ordinance may be ready for adoption before the first of the year.

The board of supervisors set the wheels in motion Monday by authorizing the zoning commission and the board's zoning committee to set up a public hearing on the amendments as soon as possible.

Earl Barks, chairman of the zoning committee, reported Monday the ordinance amendments should be completely reviewed by Nov. 13, at which time it would be sent to Tri-County Regional Planning Commission for printing. That should be completed by Nov. 20, Barks said, and then there must be 30 days elapsing before a public hearing can be held and the ordinance acted upon by the supervisors.

The current board of supervisors indicated a strong desire to put the new zoning laws in effect before their terms expire and a new county board takes office. Their meeting Monday was recessed subject to the call of the chairman in the event a special meeting probably will be handled the same way.

Engineer Don Haske and members of the Clinton County Road Commission appeared briefly at the supervisors meeting Monday morning to give their side of a claim against the county by Richard and Lena Burns of 3430 Clark Road for \$13,789.20 because some trees on their property had been cut down by the road commission.

HASKE SAID THAT when the right-of-way for Clark Road im-

provements was staked out, the trees were 10 to 12 feet inside the right-of-way and would have to be cut down. He said the attorney for the Burns requested a delay in the cutting because he wanted to get an injunction, and the road commission waited. When the agreed-upon time had elapsed, Haske said, he checked with circuit court but found no request for an injunction had been made, so he ordered the trees cut down.

The Burns claimed last month, in a letter from their attorney, that the trees had been cut without proper notice. They valued the six trees at \$4,592.40 and noted that the law permits tripling of damages, in such cases—thus their claim of \$13,789.20.

The board of supervisors formally referred the problem to the road and bridge committee, but the general feeling of the board and the road commissioners seemed to be in favor of defending the road commission's action in court, if necessary. A hearing will be held sometime about Nov. 20 in an effort to get the problem ironed out.

A motion to "encourage" a substitution of the Michigan Employment Security Commission in St. Johns was defeated by a 15-6 vote. The substitution was proposed to act as a clearing house for employment opportunities particularly for youth in the northern part of the county. It would be operated only part time and would be of no cost to the county, according to Supervisor Maurice Gove of Bingham Township, who introduced the motion.

Ironically, Gove and Elden Smith of DeWitt, who supported the motion ("to get it on the floor," he said), voted against the measure, along with Supervisors Raymond Mayers, William Hurling, Reginald Nelson, George

Austin, Norman Thelen, Herman Openlander, Rex Strine and Gerald Lankford. Voting in favor were Supervisors Charles Coletta, Thomas Hundley, Walter Thelen, Claude Underhill, John Setterington and Gerald Shepard.

In other business Monday:

*THE BOARD appointed Warren Coffman to another term of three years on the Social Services Board.

*Identification of dog warden vehicles was approved by the board, along with a three-month trial basis of an electronic telephone answering service for the dog wardens.

*The board's budget hearing for 1969 budget has been scheduled for Monday, Dec. 2, in the supervisor's room.

*The board decided on an 11-10 show-of-hands vote not to close the courthouse on Friday, Nov. 29, the day after Thanksgiving. It was pointed out the courthouse has been closed on election day and will be closed again next Monday for Veterans' Day.

Chairman Walter Nobis appointed the board as a committee of the whole to attend the Michigan State Association of Supervisors' meetings Dec. 8-12 in Lansing. Tourism, district courts and crime control will be the general topics for this last session of the association before the new boards of supervisors take over.

MRS. RANDEE W. FLOWERS

Cora Ann Boldrey, Randee Flowers wed

Miss Cora Ann Boldrey, daughter of Mary Boldrey of St. Johns and Sterling Boldrey of Roscommon, was united in marriage Saturday, Oct. 12, to Randee W. Flowers, son of Mr. and Mrs. Wilbur Flowers of 5612 N. Scott Road.

St. John's Lutheran Church was the scene of the double ring service, performed by Rev. Robert Koepfen at 7:30 p.m. The bride was given in marriage by her father.

The altar flowers were white gladioli with small white mums. Mrs. Robert Boettger was organist, and Mrs. Robert Prang was soloist.

The bride selected a white floor-length gown of silk organza over white peau de sole with a cowl neckline, three-quarter length bell sleeves and a cathedral length train of silk organza. The front of the gown had appliques of lace with white sequins and seed pearls attached. Her veil was shoulder-length white silk illusion, secured with a headpiece of silk organza flowers and loops. She carried an arm bouquet of white sweetheart roses and baby mums.

Mrs. Geraldine Reiger, sister of the bride, served as matron of honor. Miss Diane Eisler, Mrs. Rosemary Maggie, Miss Candy Mishler, and Mrs. Carolyn Beck were bridesmaids. They wore gowns of ivory and rust crepe, with empire waists and three-quarter length sleeves; they wore floor length with rust trains. Their headpieces were burlap ribbon bows with silk illusion (ivory) veils. They carried bouquets of dried strawflowers and other dried flowers in gold and green.

Ziegs - Bancroft vows said at Ovid

Miss Mary Louise Ziegs, daughter of Mrs. Alfred Ziegs of Ovid and the late Mr. Ziegs, was united in marriage to Gale Russell Bancroft USN, son of Mr. and Mrs. Dale M. Bancroft of Ovid, at 7:30 p.m., Oct. 26 in the United Church at Ovid.

Rev. Gordon E. Spalenka performed the double ring service before an altar decorated with white mums and fresh huckleberry. There were two standing white baskets flanking the chancel filled with all-white flowers.

The bride's gown was a floor length, A-line creation of silk-facel peau with appliques of chintilly lace sprinkled with seed pearls. Matching lace edged the elbow length sleeves and the detachable court train. The bouffant veil floated from her headpiece of lace petals and aurora crystals. Her bouquet was a cascade arrangement of apricot roses, white stephanotis and fresh hawthorne ivy.

The bride was given in marriage by her brother, Edward A. Ziegs.

Matron of honor was the bride's sister, Mrs. Kathleen Welter of

Lansing. Bridesmaids were Mrs. Cynthia Herron, Mrs. Sharida Heinrich, Miss Judy Bailey and Miss Pat Boughton. The matron of honor was attired in a floor length gown of fern green linen with fitted bodice. The free-flowing back featured three small linen rosettes. Her headpiece was a combination of petals and velvet looped ribbon in the same shade as the gown. She carried an English nosegay of miniature roses and baby mums tied with gold velvet ribbon.

The bridesmaids were gowned identically to the matron of honor, except the color they wore was marigold and their headpieces were in gold. They carried nosegays tied with fern green ribbon.

Flower girl was Becky Slocum of Lansingburg and ring bearer was Christopher Bancroft of St. Johns.

Best man was Dennis Love of Mount Pleasant; groomsmen were Lee Morrill, Mike Everts, Dean Simpson and Gregory Bancroft, brother of the groom.

The bride's mother selected a coat and dress ensemble of fern green oriental silk and matching

MRS. GALE RUSSELL

accessories. The groom's mother wore an A-line dress of gold linen with gold and fern green accessories.

John E. Craig was soloist and Roger Matthies accompanied him on the organ.

A reception was held at the Main Street Church in Ovid immediately following the ceremony. Those serving were Mrs. Doris Boughton, Mrs. Elaine Morrill, Mrs. Inez Schrader and Mrs.

Edna Austin. There were 300 guests present for the occasion.

After a wedding trip to northern Michigan they will continue on to Charleston, S. C., where the groom will be stationed aboard the USS Thorneback.

The groom is a graduate of Ovid High School and attended Lansing Community College. The bride graduated from Ovid-Elsie High School in 1967.

Janet Kay Martin new Mrs. Dennis Scott

Miss Janet Kay Martin, daughter of Mr. and Mrs. William J. Martin of 108 S. Traver Street, became the bride of Dennis George Scott, son of Mr. and Mrs. George Scott of 7801 Crooked Lake Road, Brighton, on Oct. 11 at 8 p.m.

The marriage was solemnized by Rev. Harold Homer in a double ring service at the First United Methodist Church. The bride was escorted to the altar by her father. Bronze mum plants were used at the altar. The organist was Mrs. Barbara Davis and soloist was Tom Fowler who sang "O Perfect Love" and "The Lord's Prayer."

The bride chose a gown of white crepe with a scoop neckline and lace bell-shaped sleeves with an A-line skirt that fell from an empire waistline. A wide chapel length train trimmed in the same accenting lace was attached at the shoulders. Her headpiece was of crystals and seed pearls with three tiers of silk illusion in elbow length. Her bouquet was all white rose buds, carnations and baby mums.

Matron of honor was Mrs. Marvin E. Ball, sister of the bride, and bridesmaids were Carol L. Martin, sister of the bride, and Martha Reid, Doreen Scott, sister of the groom, and Mrs. Edward Coletta. They wore gowns of gold antique linen with empire waistlines and A-line skirts, bell sleeves with lace appliques on the sleeves, bodice and necklines. Their headpieces were gold satin bows with short veils. All carried bouquets of bronze mums and yellow pom poms with gold streamers.

FOR HER DAUGHTER'S wedding, Mrs. Martin wore a sleeveless brown crepe dress with matching accessories. Mrs. Scott wore a long sleeved dress of green crepe with gold accessories. They each had corsages of white carnations and yellow mums.

Richard Feely served as best man and groomsmen were James Scott, brother of the groom, William Hawes, Dennis Hartman and Frank DeLuca. Ushers were Kenneth Patch and Michael Galvach.

A reception was held immediately following the ceremony in the Masonic Temple in St. Johns. Those serving were Miss Bonnie Sharick, Miss Maryanne Pentlak, Mrs. James Misaros, Miss Joyce Hummel, Mrs. Robert Martin, Mrs. Raymond Griffin and Mrs. Gail Lyon.

For her going away outfit, the bride selected a charcoal grey and white dress with black accessories with a corsage of white and yellow mums.

After a northern Michigan honeymoon, the newlyweds will make their home at 1614 Portage Street, Kalamazoo.

Hospitality is a very Fine Art

By JIM HICKMAN

In mid-Victorian times when aristocratic hostesses sat in their throne like chairs and poured tea, the ultimate of gracious living was achieved. At her elbow, standing magnificently on a heavy teakwood table, were a large silver tray and matching teapot and creamer such as might have been found in a royal silversmith's establishment.

The Grand Lady of those days knew that a silver service was the mark of culture among her social friends—and today the Lady who would serve tea or coffee, at luncheon, after dinner or for a midnight snack knows that her silver service is as important as was the one the Grand Dame used a hundred years ago.

If you would be a gracious hostess surely you would like one of our lovely silver services in genuine Sterling. Such a service includes a large silver tray, a large coffee pot, 10 inches tall, a staty teapot and a sugar and creamer, in the same hand chased design, to complete the set.

If there is someone to whom you want to give a magnificent gift—for a wedding anniversary or a wedding itself—come in and see these silver services. They are priced from \$175.00 to \$1115.00 and may be purchased, of course, on easy terms if desired.

MRS. MICHAEL JAMES BURNHAM

Flint girl bride of Michael Burnham

On Saturday, Oct. 19, Miss Marilyn Diane Johnson, daughter of Mr. and Mrs. Donald K. Johnson, of 2363 E. Coldwater Road, Flint, became the bride of Michael James Burnham, son of Mr. and Mrs. James Burnham of St. Johns.

The double ring service was performed by Rev. Ellis Hart and Rev. William Stone at the Mt. Morris Methodist Church.

The bride was given in marriage by her father. The church altar was done in arrangements of pink and white gladioli and mums on white pedestals with one low arrangement of gladioli and carnations on the altar.

"O Perfect Love," "Wedding Prayer," and "The Lord's Prayer" were sung by Coni Burnham, accompanied by Mrs. Edith Schoepbach.

The bride chose an A-line dress with lace sleeves and lace appliques on the skirt. It featured a high neckline and rolled collar, with a wattle train. The gown was encrusted with beads, crystals and pearls. Her veil was fingertip length of silk illusion. The headpiece was encrusted with crystals, beads and pearls. She carried a cascade arrangement of eucharis lilies, ivy, camellia leaves and baker's fern.

KATHY JOHNSON was maid of honor, and the bridesmaids were Pat Burnham, Ann Smith, Rita Washburn, Laura Johnson and Beth Johnson. They wore A-line dresses trimmed with white Venetian lace accented with Dior bows. Their headpieces matched their dresses. They carried bouquets of carnations and white snowdrift mums.

Mrs. Johnson selected an aqua suit of worsted silk with matching accessories for her daughter's wedding. The groom's mother wore a turquoise suit with black accessories. They each had a corsage of cymbidium orchids. John Burnham served as best man and groomsmen were Alan Johnson, Howard Nutt, Robert Shabery and Lyle Welch. Acolytes were Jeff Burnham and Steve Culver.

Flower girl was Tammy Brown of Fenton and the ring bearer was David Culver of Mt. Morris. The reception for 250 guests was held immediately after the ceremony in the church parlor. Those serving were Mrs. Robert Mott, Mrs. Ethel Culver, Miss Jean Bohman, Mrs. Lanny Freed, Mrs. Mark Joblonski and Miss Andrea Kutchnik.

For her going away outfit the bride selected a forest green knit dress and coat trimmed in mint green. After a trip to Niagara Falls and the New England states the newlyweds will make their home in Naperville, Ill.

The groom is a graduate of St. Johns High School in 1964 and Michigan State University in 1968. He is a member of Phi Mu Epsilon honorary. The bride is a floriculture major at Michigan State University.

MR. AND MRS. WILLIAM F. KISSANE

Judith Rivest wed to William Kissane

Miss Judith Annette Rivest, daughter of Mr. and Mrs. Frank Rivest of Elsie, became the bride of William F. Kissane, son of Mr. and Mrs. Byron Kissane of St. Johns, on Oct. 25 at 7:30 p.m. at St. Cyril's Catholic Church in Bannister. Rev. Douglas Osborn, a former classmate of the groom, performed the ceremony, assisted by Deacon Michael Howell.

The bride was given in marriage by her father. The double ring ceremony was performed before an altar decorated with white mums and gladioli. Mrs. Frank Winkler was organist and the youth choir of St. Cyril's sang.

The bride chose a traditional white gown with bell sleeves of chantilly lace. It featured a full skirt and the train of chantilly lace was attached at the shoulders. Her veil was bouffant illusion, elbow length with a pearl on petals headpiece. She carried a cascade bouquet of white carnations and pink rosebuds.

The reception was held at St. Cyril parish hall in Bannister immediately following the ceremony. Host and hostess for the reception were Mr. and Mrs. Robert Fox. There were 300 guests in attendance.

Jaycettes sponsor program

Nov. 15 deadline to nominate for women's service award

Nov. 15 is the deadline for nominations for a new community service award which the St. Johns Jaycettes will present to a young woman of the community.

Mrs. Richard (Nancy) Wells, chairman of the community service award program, said the Jaycettes hope to find a young woman who has learned to balance the needs of her family with the needs of the community.

"In doing this we are sure that other young women will discover in serving the community, that the home and family, as well as the community, are enriched," she said.

The purpose of the award is to recognize and honor young women

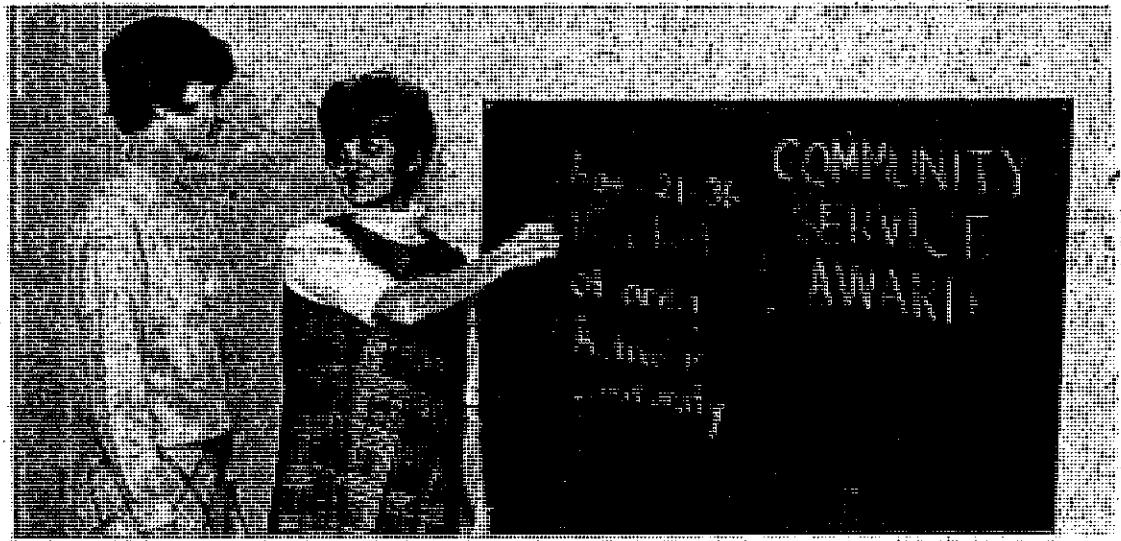

for outstanding service to the community. The award will be made at a special program in December. The award is similar to a distinguished service award which the Jaycettes present to an outstanding young man in the community each year. This is the first time for the woman's award here.

Qualifications are not hard to meet. All nominees must be at least 21 years of age and not yet 36 by next June 30 and must be a resident of this area. The nominee should be a woman whose participation in community affairs has served the community in ways which will endure.

"IT IS IMPORTANT to note that the service given by the nominee need not be just that given during the year preceding the award," Mrs. Wells said. "It should include all her activities that indicate a continuing dedication, to, and interest in, her community."

The recipient of the local award will be nominated by the St. Johns Jaycettes for consideration for a State Four Outstanding Young Women Award.

Nomination forms are still available from Mrs. Wells and from other award committee members - Mrs. Barry (Ricki) Dean, Mrs. Hugh (Lynn) Banning and Mrs. Roger (Pat) Freeman.

Chairman Mrs. Nancy Wells (right) and Mrs. Ricki Dean check over the few requirements necessary for nominees for the Community Service Award being presented for the first time this year by the St. Johns Jaycettes.

Squash: try these recipes

By HELEN B. MEACH
Extension Home Economist

Mary New Bride bought a box of frozen squash for her John because he said his mother always fixed elegant squash, come November.

But last week when eating out with the gals she was served squash baked in the shell with baby sausages. How delicious! Mary's reaction, "I'll bet I can fix that for John"—so off to the market.

But when she got there, confusion! How would one select the best one from so many sizes, shapes, colors. All were new to Mary.

Butternut would be a good beginner's squash. It is pale tan to yellow in color, both inside and out. Some are quite small in size and not very hard. The butternut has a small seed cavity at the base and a long tapering neck.

The fine grain, mealy texture has a buttery, nutty flavor.

It is easily cooked in a small amount of water. When fork-tender, scoop from the shell, whip while adding butter, salt, pepper and a bit of brown sugar if you like. That's all there is to it and you have squash as good as mother makes.

BUTTERCUP SQUASH is turban shaped. The bluish-green color skin is thickly warted. Usually weighing three to five pounds, they are heavy for their size. They store well. The dark orange flesh is slightly dry. They taste good either steamed, baked or boiled.

Acorn squash, sometimes called Table Queen, is acorn shaped, has a hard, dark green shell with deep ridges. The flesh is yellow and fibrous. One squash usually gives two servings. Baking acorn squash is the most popular cooking method. Of-

ten meats or brown sugar are baked in the cavity.

Hubbard squashes come green, golden orange, and greyish blue. They are usually very large with rough, warty skins and all three have a similar flavor. Usually, Hubbard is sold by the piece. Steaming or baking are the easiest cooking methods.

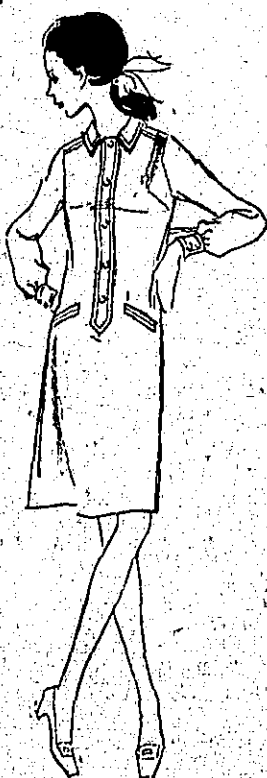

Hard-shell squashes are a good source of vitamin A and iron. Useful amounts, too, of vitamin C and other vitamins and minerals are in squash. A half cup of baked butternut squash provides about 128 per cent of the daily recommended allowance of vitamin A.

DeWitt has college and Career Club

By DAVE HORVATH
DeWitt High School

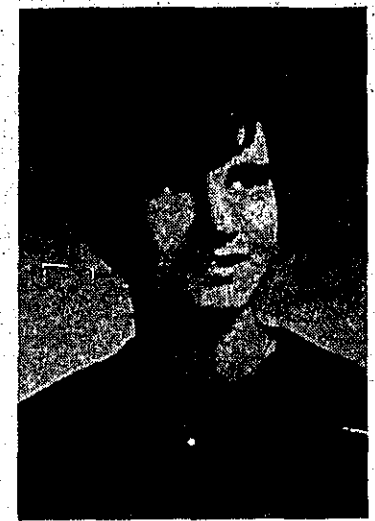

DeWITT—To enable its students to more fully understand college life and the business world, the DeWitt High School Administration has created a College and Career Club. Sponsors, Mr Don S. Mueller, Principal, and Mr Donald Melvin, Counselor, state that the purpose of the club is to orientate the

juniors and seniors with college information and job opportunities for a high school or college graduate.

The twin clubs meet separately every fourth Thursday and present to their members various college officials and business representatives of the area. Last week the Career Club members, who are in the process of establishing a constitution and electing officers, heard from Mr Brouck of Lansing-Community College Business Department. Mr Brouck spoke to the potential computer processors, secretaries, and other business trainees on the immediate need for such personnel, and the many details involved.

In their second meeting, the College Club members ratified their constitution and elected the officers. Roger Kaminski, senior, was chosen president, while Brian Wood and Shelley Keck, juniors, were chosen vice-president and secretary respectively.

Speakers for the College Club were Mr Berry Stearns, LCC Counselor, who related general information about the college; and Mr George Boroff, LCC teacher in applied technology, who spoke on apprenticeship labor. Future speakers will represent Central Michigan University, Michigan State University, and Western Michigan University.

230 students find East Olive School exciting

The East Olive Elementary School is in its first year of use, with an enrollment of 230 students.

It is located on Green Road between Williams and Krepps roads. The exterior of the school presents a modern one-story brick structure, with a main

roof. The grounds have ample parking and playground areas surrounded by a countryside view.

Gordon Vandemark is principal at the new school. The grades are from kindergarten through eight. There are seven class-

rooms, a library, office space, teachers' lounge, all-purpose gym and a kitchen.

The halls open into project areas, with glass walls between the classroom and the project areas. A group of students work on an art or science project while the teacher conducts her regular class activities.

They also serve as cloak rooms, display areas, and storage is also possible.

The school has some equipment as modern as an intercom system, and a master clock that automatically rings the school

bell, but they are making do in other areas. They are still in the process of moving in furniture and equipment from the now vacated schools. This includes desks, chairs and storage shelves.

MRS BETTY WILBUR says "Some items we still need are more library shelves, furniture for the teachers' lounge and kitchen equipment for the cafeteria program". All of the students now have to carry their lunch to school.

The staff appreciates the sound proofing used in the school, the lighting, the folding partitions between rooms and the comfortable heating system.

The teachers, parents and students have all shown a willingness to cooperate and work for the items still needed by the school.

The Parents Club held a carnival Oct. 29 to raise funds for new gym equipment. They have some used outdoor equipment, but it hasn't been installed as yet.

Halls and classrooms have been decorated with the art work from each class, making a colorful and gay display throughout the entire school.

Divided Dollar

The slang expression, "two bits," meaning 25 cents in American money, came to us from the West Indies, where they used Spanish dollars. Dollars there were cut into eight pieces or "bits," each worth 12½ cents, in exchange for American money.

P-W praises band members

By GAIL COTTER

PEWAMO - WESTPHALIA-- The band has been outstanding this year. They have played during the half-time at all the home football games and also played at the pep rallies. Mr. Spencer, and the band members practiced hard. Some of the tunes they play are "Lonely Bull," "Spanish Flea," "Can Can" and our school song "Onward Pirates."

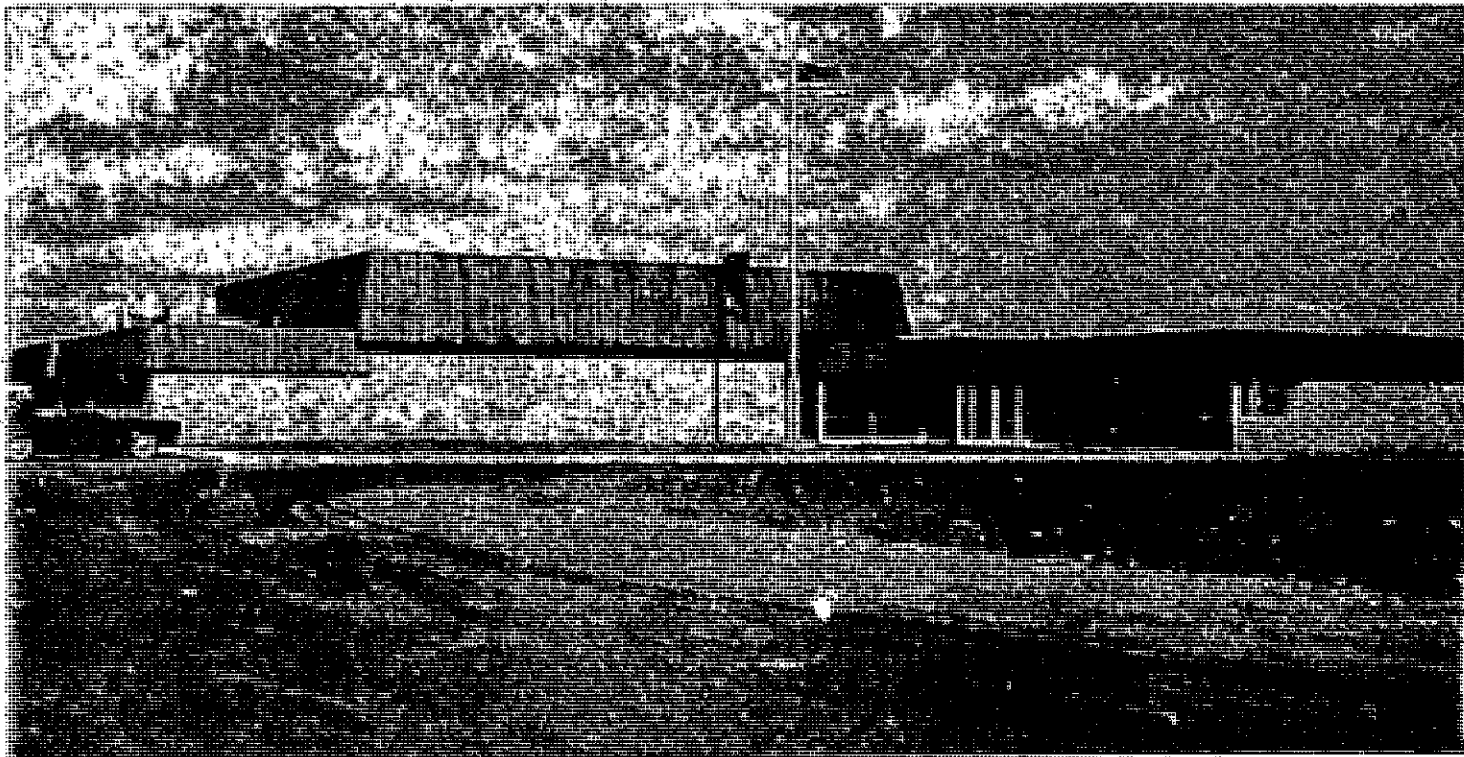

ON LEAGUE exchange day, P-W will send Maryann Droste, Nancy Bengel, Randy Schafer and Sherry Thelen to DeWitt. DeWitt in turn, will send four representatives to our school.

On Wednesday, the members of the Future Teachers Club acted as hostesses and guides for the students' parents. On that day, the parents came to pick up their children's report cards and ask questions of their teachers. Coffee and cookies were served.

The FHA is working hard on selling Christmas candles. They are red, blue, green and yellow and it is definitely a successful project.

"Dog Waltz"

According to legend, one of the waltzes in Chopin's Opus 64 acquired the sobriquet of the "Dog Waltz" because it was inspired by the sight of George Sand's dog chasing its own tail.

NEW EAST OLIVE SCHOOL ON GREEN ROAD

Mrs. Lucille Eggleston teaches first grade at the East Olive School. The class is working on art projects for the school carnival.

Mrs. Stephne Staples teaches the seventh and eighth grade classes at East Olive School. In their free time, Ken Kelley plays the guitar while they sing songs.

Hunting activity tops Michigan November events

Big game hunting and related activities dominate the Michigan outdoor scene in November, according to the Michigan Tourist Council Calendar of Events.

The bow and arrow deer hunting season, which started the first of October, ends Nov. 14, followed by the start of the fire-arm deer season Nov. 15-17, and the several special hunter's fetes and celebrations that go with it.

Plans for Grayling's 10th annual Red Coat Roundup Nov. 14-17 will include a buck pole displaying the hunter's trophies, to be set up in the community parking lot. Prizes will be offered in several categories.

The Hunter's Ball at Croton-Hardy Nov. 22 will feature two bands as well as contests with prizes.

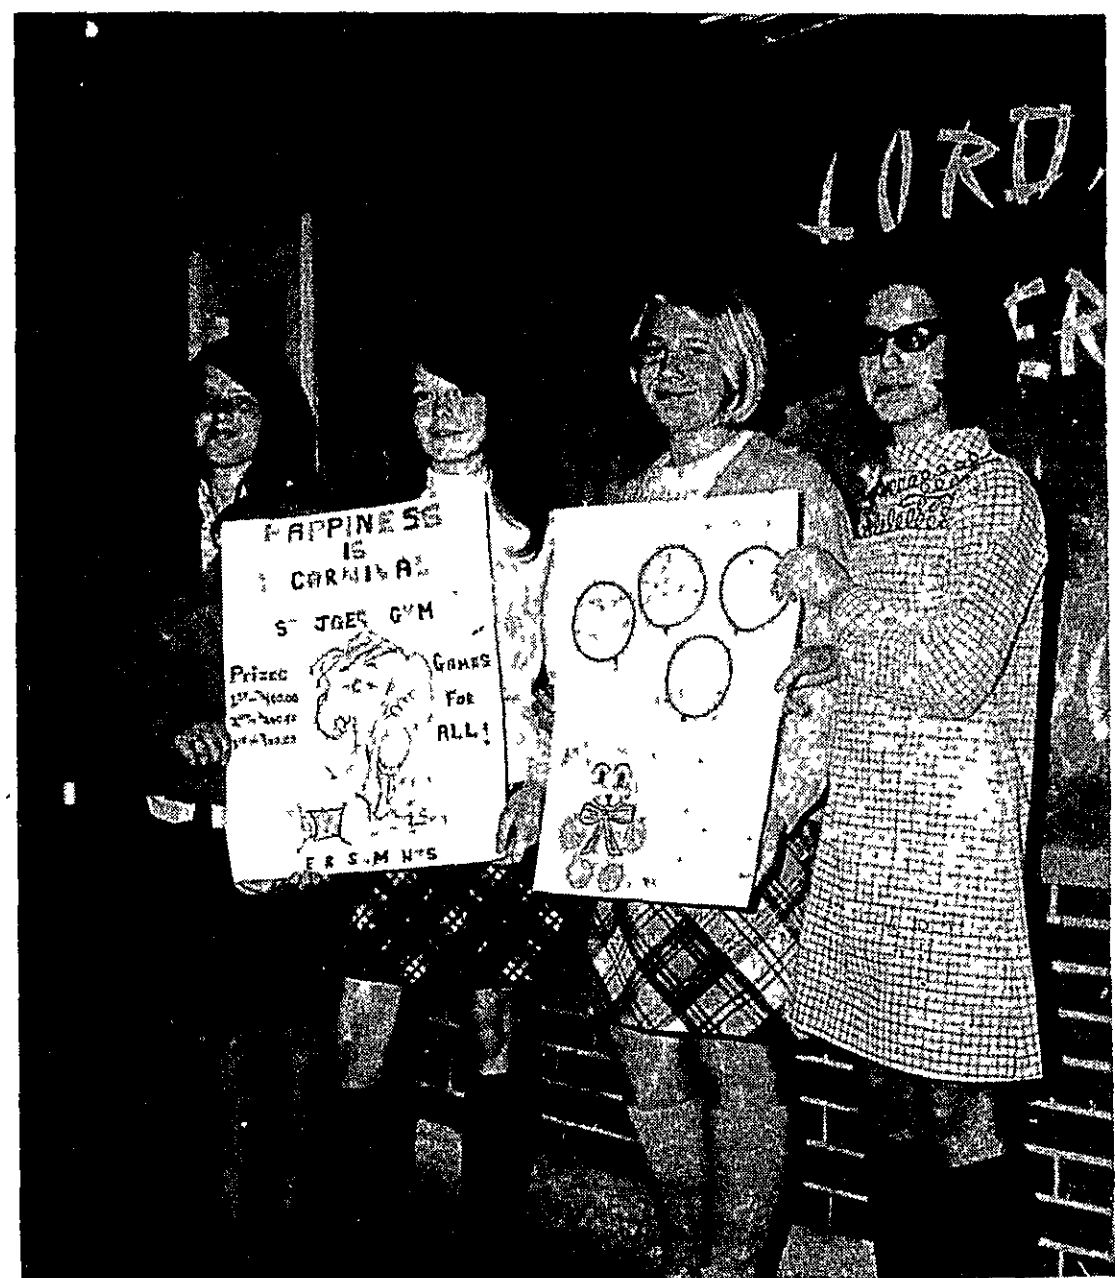

Other November events include the Buck Pole Contest at Mancelona, the Buck Derby at Whittemore, and the annual Christmas Tree Harvest Festival at Kalkaska Nov. 23, which will preview the holiday season. The last day of November is the first day of the nationally-acclaimed Detroit Auto Show, Nov. 30-Dec. 8, featuring a display of outstanding and popular domestic and foreign cars.

Copies of the Michigan Calendar of Events are available without charge from the Michigan Tourist Council, Stevens T. Mason Building, Lansing, 48926.

Eureka

Mrs. Gordon Waggoner

P. F. Halloween party enjoyed by 30 members

The Pilgrim Fellowship of the Eureka Congregational Christian Church held a Halloween party Saturday night at the Amos barn on Williams Road.
A hay ride with 30 people was enjoyed by all on the moonlight night. On returning to the decorated barn, a sliding bar of fire lit the bonfire. This light in the darkness was quite a sight to see.
Mrs. Wesley Smith, formerly from Haiti, was the guest speaker of the evening. She told the group of real life stories that happened in Haiti.
Adults attending were Mr. and Mrs. Henry Howard, the group's leaders, Mr. and Mrs. Bruce Amos, Mr. and Mrs. Wendell Waggoner and Mr. and Mrs. Gordon Waggoner.

CLARK'S ANNUAL HALLOWEEN PARTY
The annual Halloween party was held in the barn of Mr. and Mrs. Carroll Clark. Each year they put on a Halloween party for the community. A large group of small fry, school children and adults joined in the fun and games in the decorated barn. A hay ride was also enjoyed by the group, with refreshments served.

OPEN HOUSE AT EUREKA
There will be an open house at the Eureka Elementary School, Sunday, Nov. 10, from 2-5 p.m. This is National Education Week so plan to come and visit at your child's school. Also a door prize will be given every hour at 3, 4, and 5 o'clock.

BIRTHDAYS
Mrs. Fidelis Cameron and Mrs. Velma Witt celebrated their birthdays last Sunday, Nov. 3.

47th ANNIVERSARY
Mr. and Mrs. Orrin Blaké celebrated their 47th wedding anniversary Tuesday, Nov. 5.

Mr. and Mrs. Frank Ruess left last week Tuesday for their home in Florida, where they spend the winter months.

Mr. and Mrs. Milford Clark of Elsie were Friday dinner guests of their daughter, Mr. and Mrs. Gale Wood and family of Middleton. On their return home they were supper guests of their daughter, Mr. and Mrs. Gordon Waggoner and girls of Eureka.

Friday evening Mr. and Mrs. Gordon Waggoner and Gloria called on Mr. and Mrs. Roger Shutes, Scott and Tracy in St. Johns.

R. S. Schrauben - M. R. Wilkinson

PEWAMO(c)-Graveside services for infant Renee Sue Schrauben were Monday at 11 a.m. at Easton Cemetery. Rev. Lester Bailey officiated.

Renee Sue was born Friday morning, Nov. 1, at Ionia County Memorial Hospital and died Friday evening at Butterworth Hospital in Grand Rapids.

Surviving are the parents, Mr. and Mrs. Kenneth Schrauben, and a twin brother Rodney Scott; her paternal grandmother, Mrs. Cornelia Schrauben of Pewamo; maternal grandparents, Mr. and Mrs. Gene W. Clark of Ionia; two great grandmothers, Mrs. Maud Honsinger of Bradenton Fla., and Mrs. Edith Elzinga of Grand Rapids.

Merle R. Wilkinson, 68, of R-1, Eagle passed away Nov. 4, after a brief illness. Funeral services will be held at the Peters and Murray Funeral Home in Grand Ledge today, Nov. 7, at 1 p.m. Burial will take place at North Eagle Cemetery with Rev. Douglas Smith officiating.

Mr. Wilkinson was born in Grafton County Sept. 7, 1900, the son of Mr. and Mrs. Floyde Wilkinson. He was a resident of the Eagle area since 1932, and was a custodian.

Survivors include his wife, Sadie, one son, Raymond, of Muskegon; one step-son, Paul Piper Jr., of Grand Rapids; two step-daughters, Mrs. Betty Dover of Chelsea, and Mrs. Virginia Juenker of Alpena; two grandchildren; nine step-grandchildren; three great-step-grandchildren; and one brother, Leonard, of Lansing.

Mrs. E.L. Albaugh

ELSIE(c) - Funeral services for a former Elsie resident, Mrs. Ethel L. Albaugh, 68, of 116 W. Nickels Street, Midland, were held Saturday at the Calvary Baptist Church in Midland with the Rev. Mark Dickerson officiating. Burial was made in Midland Memorial Gardens. Mrs. Albaugh passed away Wednesday.

Mrs. Albaugh was born in Clinton County on June 7, 1900, the daughter of Leon and Lillia Leach. She attended St. Johns County Normal School and is a graduate of Elsie High School. In 1937 she moved from Elsie to Midland.

She married Leon Albaugh at Owosso on Oct. 13, 1935. She taught in the rural schools for 18 years, she also did post-graduate work at Mount Pleasant.

Surviving are her husband, Leon; one daughter, Mrs. Joyce Poltrak of Freeland; two brothers, Harold Leach of Holland, and Howard Leach of Midland; one sister, Mrs. John Quick of Owosso; and several nieces and nephews; and six grandchildren.

Edith A. White

LAINGSBURG-Mrs. Edith A. White, 80, died Thursday at a Lansing hospital following a heart attack at her home on Alward Road. A lifetime Laingsburg area resident, she was a member of the Horton Grange, charter member of the Victor Civic Club, charter member of the Reed Cemetery association and was the association president at the time of her death.

Surviving are a daughter, Mrs. Helen Weston and a son, John Elno White, both of Lansing; six grandchildren; and two brothers, Ed and Don Sleight, both of R-5, St. Johns. Services were held at 1 p.m. Nov. 2, at Laingsburg Congregational Church with burial in Reed Cemetery. The McDougall Funeral Home was in charge of arrangements.

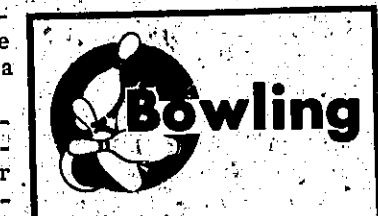

St. Therese Catholic Church in Lansing will present its annual "Shower of Roses" card party in the main auditorium of Lansing's Civic Center on Nov. 7, at 8 p.m.

4-H Club Chatter

By JOHN AYLWORTH
Extension 4-H Youth Agent

The County 4-H Club officers training conference will be held on Thursday, Nov. 14, at 7:30 p.m. at Smith Hall in St. Johns. Adult resource leaders will work with the club officers on their role and responsibility as a local club officer. All club presidents, vice presidents, secretaries, treasurers, news reporters and song leaders should plan on attending this training meeting. A film called "Man Enough For The Job" will be shown following the training session. Parents and leaders are invited to attend also.

The 4-H Crop Show sponsored by the St. Johns Exchange Club will be held on Thursday, Nov. 7, at 7 p.m. at the St. Joe Social Hall in St. Johns. Thirty-seven 4-H crop members, leaders, and parents will join with the Exchange Club members for the special program. The members will exhibit a sample of their crop project and have it evaluated by George McQueen, Clinton County Extension agricultural agent.

The November teen leader meeting will be held on Thursday, Nov. 7, at Smith Hall in St. Johns. All older youth interested in the teen leader project should plan on attending. The main items of business includes the election of officers, planning the yearly program and Christmas activities.

The Teen Leader Club will now have a gavel to conduct their meetings, thanks to the Olive 4-H Projects Club. The Olive Club was awarded a gavel earlier this year for being an honor club, but since they already had one, they voted to give this one to the County Teen Leader Club, which is not eligible to compete for this award.

The 4-H Service Club held their Halloween party Saturday evening but did not hold the election since only eight members showed up. Judy Whitlock, vice-president, and her committee had lined up an excellent agenda; program and decorations. With a small attendance, the question arises as to whether there is interest enough to keep the service club going. If you have any interest in the service club, please contact Judy Whitlock or one of the officers.

The Happy Hustlers 4-H Club members held their annual achievement meeting. Kathy Schaefer was the featured speaker, showing slides of her trip to the National 4-H Citizenship Short Course at Washington, D.C., this past summer. Certificates, pins, awards

and premiums were presented to the members. Special music was provided by the Makara and Kurncz girls. Beth Henning and Ann Kurncz were elected to initiate new members.

The Eagle Beavers 4-H Club members have elected new officers for the coming year. They are: president, Vickie Pingel; vice president, Bonnie Henretty; secretary and news reporter, Susan Pohl; treasurer, Cindy Graham; and refreshments, Myrna Payne. The club's next meeting will be Nov. 19 when the club will attend the Clothing-A-Rama program at Smith Hall to hear Mr. Polachek discussing different fabrics, etc. Mothers are urged to accompany their daughters to the program.

The Four Corners 4-H Club members held an educational tour of the Michigan Milk Processors Plant in Ovid. The members saw cottage cheese being processed, the steps in making butter and in packaging, how milk is dried and how whey is made.

A group of the Happy Hustlers 4-H members taking the indoor gardening project toured the Ovid Greenhouse. The members were interested in learning how to force bulbs to bloom, how bulbs were planted, stored and then brought out of bloom at the correct time. The soil is handled seven different times before the plant is planted. The soil used is peat from Canada and is sterilized at 160-180 degrees. It is kept at a desired temperature until used. Glen Deisler is the new owner of the Greenhouse. Mr. Briggs explained how the greenhouse functions and with correct heat, light and water how they can hurry or stall a flower from blooming. Each member and driver received a plant from the greenhouse.

The Pioneer Trail Riders 4-H members voted to continue their club next spring. During the winter they will be studying their books and magazines so they will be ready to go again in April. Dortha Beachman won a 4-H Youth Week Award trip to MSU and Nina Heath won a Detroit 4-H trip. The club celebrated the October birthdays of four members. All members received their certificates, pins and premium money.

The Busy Green Clovers 4-H Club met Monday, Oct. 21, at the home of Raymond Stewart. Two new projects, tractor and auto safety, were discussed. New officers for the winter are: Diane Porubsky, president; Floria Swanson, vice-president; Jim Stewart, secretary-treasurer; and Glenn Haltemani, representative.

Open Letter from VAN W. HOAG

Dear friends,
The members of our medical profession, be they doctors, dentists, nurses, bring a great deal of dedication as well as knowledge to their work.
A conscientious concern for the patient is as necessary to healing as are the medical skills. When the need arises, they serve long and late and they merit the high esteem that our community feels for the medical profession.

Respectfully,

3 tie for prize in grid contest

It was a good week last week for picking football winners, and as a result there was a three-way tie for the prize money in the Clinton County News football contest.

Betty Jolly of 109 E. Steel Street, David Hyler of 506 Church Street, and Walter Dick Sr. of 1106 Wight Street all missed only two selections and ironically all used 48 as their tie-breaker score (the correct tie-breaker score was 52).

DeWitt's upset of Potterville threw just about everybody, including the three winners.

The win was the second this year for Hyler, but this time his share is but \$7. A check for that amount will be sent to each of the winners. There's another football contest this week.

Freshmen grid team dumps Chesaning 15-6

by PATTI ZUKER
St. Johns High

St. Johns' Little Redwings wrapped up their '68 football season by defeating the Chesaning Indians 15-6. St. Johns kicked off and the first quarter was basically a defensive battle. But with 4:20 left in the first period of play, Chesaning was caught behind the St. Johns goal line for a Redwing safety and the first two points of the game.

In the second quarter, with only 2:20 run off the clock, Ken Schueller connected with Denis LeVeck for a 75-yard touchdown run on a pitch-out-pass play. The extra point attempt was unsuccessful and the score stood 8-0. With 5:29 left in the half, Chesaning got on the scoreboard with a 60-yard TD. The half time score was 8-6.

With 7:51 left in the third period, Ken Schueller went over from about the five yard line for St. Johns' second tally of the night. The extra point pass to Denis LeVeck was good and the Redwings led 15-6. The fourth quarter was dominated by good defense on the part of both teams and neither of them scored further. The victory gave the Little Wings a 3-2-1 overall season record.

Laingsburg sets records in 40-0 win

LAINGSBURG — The Laingsburg Wolfpack had the time of their lives Friday night, all at the expense of the hapless Fowler Eagles.

Coach John Connelly's charges rolled to a 40-0 victory over Fowler, setting school records in rushing and total yardage in the process.

The Wolfpack scoring came with big chunks of yardage that helped set the records. Senior Joe Jodway, who had never carried the ball from scrimmage before, ran 67 yards through the line for a touchdown on the Wolfpack's first play from scrimmage and got the first touchdown.

Then came a long string of them — Jim Turek ran three yards; Terry Hull ran 16 yards on a reverse play for a TD; Gary Koonter passed to Dick Divine for 25 yards and a TD; Mike Rann passed 26 yards to Ray Leonard for a touchdown; and Ray Curtis threw the bomb to Divine on a 79-yard TD play.

Laingsburg set a new school record with 304 yards rushing and 506 total yards gained. That included 202 yards passing.

Jodway ended up gaining 119 yards in 10 carries during the evening.

Marauders dump Olivet 27-14, give coach 99th victory

By FRAN FOWLER
Ovid-Elsie High

OVID — ELSIE (c) — The O-E Marauders defeated Olivet 27-14 last Friday to give Coach Mark O'Donnell his 99th victory.

Olivet led 14-7 when the fourth quarter began but the Marauders weren't finished yet, as Dave Long ran 68 yards to the six yard line setting up the touchdown.

Denny Barrett went over two plays later, getting six points. The extra point failed so the Marauders were still behind, 14-13.

Later in the fourth Daryl Melvin raced 77 yards for a touchdown with Long running the extra point to give O-E a 20-14 lead.

O-E got its last touchdown as Long ran 15 yards for a score, Dan Mulder got the extra point.

Olivet scored the first time they had the ball as Tom Hendricks ran 60 yards off tackle for the touchdown. Randy Horn kicked the extra point.

O-E then scored on a long run by Long but the official was "faked out" on the play and blew it back after he was stacked up with a one foot gain without the ball.

The Marauders tied the score just before half-time when Long ran 21 yards for a touchdown. Ron Lover got the extra point.

IN THE THIRD quarter Olivet recovered on O-E fumble and Hendricks carried the ball over

12 yards on the first play. Horn kicked the extra point.

O-E had nine first downs to six for Olivet. Ovid-Elsie rolled up 355 yards to Olivet's 148. Melvin gained 105 yards in eight carries, Long had 96 yards in six carries, and Lover had 82 yards in 20 attempts.

O-E's leading tacklers were Bolton, Guyski, Heinze, and Weir.

Ovid-Elsie is now 4-4 for the season. They play host to St. Johns at home this week.

Winless Bath drops finale 12-0

BATH — The Bath Bees didn't taste much honey this year, and Friday night they ran out of chances by losing to Webberville 12-0 in the final game of the season.

The Bees wound up the season with a 0-7 league mark and a 0-8 over-all record.

Fullback Ray Griswold of Webberville scored both of the Spartans' touchdowns, ramming up the middle for 42 yards in the second quarter and 35 yards in the fourth. Bath was looking for outside runs both times.

Coach Ron Skorch's Bees threatened three times during the game, moving inside the 20 yard line each time but then losing the ball.

The loss was only the second by a shutout by Bath this year. P-W beat them 7-0 in the only other scoreless defeat. Although they lost eight games, only the 36-6 beating by Dansville in the opener and 39-18 by Potterville were by wide margins.

9 area youths attend 'Dimes' conference.

The St. Johns football banquet will be held this Sunday evening at 6:30 p.m. at Smith Hall. Persons attending are asked to bring a dish to pass. Robert Dittmer of WRBJ will be master of ceremonies, and all three football teams will be honored.

Wrapping up the '68 football season for the JV footballers, the Junior Varsity Redwings defeated the Lakewood Vikings 38-0 on Thursday, Oct. 31. The Junior Wings had a final season record of 7-0-1.

St. Johns got on the scoreboard early in the first period of play. With 9:42 remaining in the first quarter, Dave Flormoen scored the first Redwing tally of the night. Rick "Rocky" Bolder made the extra point and the Wings led 7-0.

In the second quarter, St. Johns added three more touchdowns. With only 3:15 gone from the second period, Gary Burk made the second TD of the night and Rocky Bolder added the extra point. Burk came up with his second score of the game with 1:12 left in the half and with only 30 seconds showing on the clock, quarterback Randy Atkinson intercepted a Viking pass and scored the final tally of the first half. St. Johns then led 26-0.

Bolder made the only score of the third period with 9:45 remaining on the clock. The final Redwing tally came late in the fourth quarter as Jim Davis caught a 16-yard pass from Atkinson in the end zone. The point after was no good and the final score was 38-0 in favor of the JV West Central Conference.

St. Johns Lineman of the Week

Ed Molnet was a key to the St. Johns offense, blocking and opening up holes for the ball carriers all evening against Lakewood. On defense he tied for the most tackles with nine from his linebacker spot and intercepted one pass and returned it 73 yards to set up St. Johns' second TD.

Wings grind out 18-0 win at Lakewood

The St. Johns Redwings have looked more impressive, but they were good enough on offense and strong enough on defense to easily defeat Lakewood 18-0 last Friday to wrap up a perfect season in the West Central Conference.

The Wings had a 7-0 conference year to take first place, and they're 7-1 over-all. St. Johns closes out its football season this Friday night at Ovid-Elsie.

St. Johns scored one touchdown in the first, second and fourth quarters and held a wide statistical edge in beating Lakewood Friday night. The St. Johns defense looked sharp both in the line and in the secondary, picking off three Lakewood passes and recovering two fumbles.

Lakewood got no closer to the St. Johns goal than the 29 yard line, that time in the second quarter.

FROM THE START, it was a grind 'em out type of ball game. St. Johns got only short yardage on its first 11 plays from scrimmage before Chuck Green finally broke away and ran 18 yards to get the Wings' first touchdown drive hopped up. A few plays later quarterback Tim Durner rolled 10 yards on a fourth-and-two situation, and then Chuck Romig ran 17 yards to the three yard line before going over for the touchdown on the next play.

Neither team could get much going until St. Johns got a drive under way late in the half. It was keyed by a beautiful, diving catch of a pass by Dave Gaffney on a fourth-down and six situation; the play gained 27 yards. Durner gained eight yards on another roll-out and then flipped a pass to end Jon Berkhausen for the final 10 yards and a touchdown. The score came with only 12 seconds left in the half.

Neither team scored in the third quarter, but it was guard Norm Moinet who set up the fourth-quarter touchdown for St. Johns with a pass interception late in the third stanza. Moinet intercepted the pass at about his own 25 and ran it all the way down to the Lakewood two yard line before he was caught and pulled down.

After a penalty set St. Johns back, Romig scored his second touchdown with a nine-yard sweep around the left end with 11:26 left in the game.

Jeff Slim, St. Johns' extra point kicker, had his problems, missing three consecutive extra-point tries, with a stiff cross-ankle adding to his miseries.

MOINET'S INTERCEPTION was typical of the miseries that St. Johns gave Lakewood all evening. Typical situation No. 1: Lakewood had a mild threat going after the first St. Johns touchdown. Halfback Ray Smith nearly ran the kickoff back for a TD but he was caught at mid-field. The Vikings rammed the ball down to the St. Johns 29 on six plays, but then Chuck Green intercepted a Jerry Hamp pass to end the threat.

In the third quarter, on their second series of plays, Lakewood fumbled the ball at mid-field, and Jerry Feighner recovered for St. Johns. On Lakewood's next series, they picked up two first downs and got as far as the 36 of St. Johns before Moinet made his interception.

In the fourth quarter, Lakewood fumbled again, and Craig

Bartholomew pounced on this one. Then late in the game Bob Smith of St. Johns intercepted a pass from Chuck Henney.

CATCH OF THE YEAR

Dave Gaffney (80) of St. Johns makes what was probably the catch of the year of a pass from quarterback Tim Durner Friday night. Gaffney had cut toward the sidelines, but the pass was behind him and he turned and made a dive for the ball, catching it just before he hit the ground. It was good for a 27-yard gain. No. 32 defending for Lakewood is Mark

Quarterback Tim Durner (13) of St. Johns turned runner several times Friday night and picked up good yardage each time. On this play late in the first half, he picked up eight yards on an end sweep and set the stage for his TD pass to Jon Berkhausen.

DeWitt pulls biggest upset in beating Potterville 31-26

By JIM SOULE
DeWitt High School

DEWITT (c)—All stops were pulled out here Friday night, as the DeWitt Panthers pulled off the upset of the year, defeating the Potterville Vikings 31-26. The loss dropped the Vikings to second place in the CMAC league with a 5-2 record. The Panthers finish 3-4.

The game was a see-saw battle, right down to the end. DeWitt made the upset in the last 30 seconds on a "sleeper" pass play for a 53-yard touchdown from Rick Cole to Steve Tew. DeWitt had other big scores that all contributed to the win. Jim Ashley scored twice, once on a two-yard run and again on a 55-yard pass play from Mike Botke. Ed Fosnight also scored on a 35-yard pass play, with Botke throwing. Botke scored on the ground, too, by running a 14 yard sweep for the touch-

down. Don Brown converted one extra point.

Potterville had scattered scoring also. Bruce McMurray scored two touchdowns, one on a 55-yard run and the other on a 30-yard run. Gary Shaver scored on a 55-yard pass from Dick Diana. Shaver also scored a touchdown on a one-yard run. Ron Boyer added their two extra points.

Coach Gary Roberts was pleased to see his offense work as he felt they really could. He singled out the fine offensive and defensive line play of Roger Wardell, Jeff Tew, Leroy Ward, Chris Brown, Jim Soule and Clayton Conkle as playing big parts in the victory.

DeWitt will close out the season next Friday with an away game at Morrice.

P-W Pirates win CMAC title

PEWAMO - WESTPHALIA—The Pirates hauled up the Jolly Roger Saturday night and joined it with the Central Michigan Athletic Conference flag after they defeated Portland St. Patrick's 20-7 to win the CMAC title.

DeWitt's upset of Potterville Friday night gave Pewamo - Westphalia the chance they needed, and Coach Bill Marks' Pirates were more than up to the occasion the next night.

The win gave the P-W a 6-1 league record, with their only loss being a 14-13 decision to Potterville two weeks earlier. Potterville, Webberville and Laingsburg wound up in a second-place tie with 5-2 records.

The visiting Pirates drew first blood at Portland, in big and dramatic fashion. Quarterback Mike Miller, hit Tom Barker on a 66-yard pass play for a touchdown in the first quarter, and then Don Pohl caught a Miller pass for the extra point.

St. Patrick's came back later in the quarter, marching down to the P-W 8 yardline from where

down. He scored the extra point to tie it up.

MILLER TRIED a quarterback sneak late in the first half, found daylight and ran 28 yards for the Pirates' go-ahead touchdown with two seconds left on the clock, and P-W took the half-time break with a 13-7 lead.

Bill Freund scored the final P-W touchdown with a three-yard run in the third quarter, capping a 70-yard drive. Freund also ran for the extra point.

It was a defensive battle the rest of the way. St. Patrick's did penetrate to the Pewamo-Westphalia 15 in the fourth quarter, but a pass interception killed that danger for the Pirates. P-W had a first-quarter scoring threat die on the 24 yard line when they fumbled the ball to St. Pat's.

The Pirates wound up with 290 yards rushing against Portland St. Pat's, while connecting on four of eight passes for 93 yards. St. Pat's had 109 yards rushing and 154 yards on 13 completions out of 24 passes.

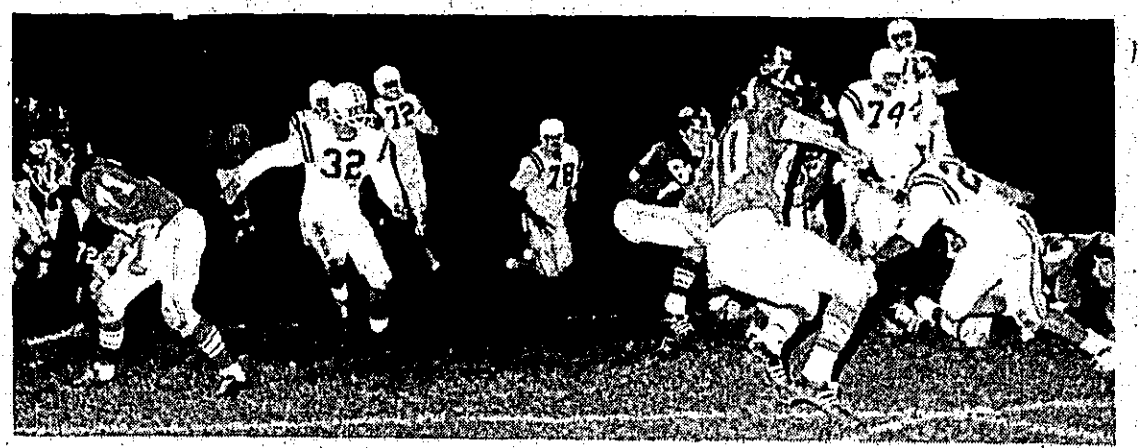

The P-W Pirates, a Cinderella team all year after a meager 2-5-1 record in 1967, jelled beautifully for Coach Marks and wound up as the leading defensive team in the league and the third best offensive team. The Pirates defense yielded only 42 points in seven league games and only 48 in the eight season games. The most points scored against them was 14 by Potterville, while the Pirates whitewashed three teams, Bath, Fowler and DeWitt.

The Pirates' best offensive night was against Fowler Oct. 11 when they scored a 30-0 victory.

ST. JOHNS BACK OF THE WEEK

Chuck Romig was the workhorse for the Redwings, carrying the ball 24 times for 94 yards and two touchdowns. On defense he made eight tackles, second highest for the team, from his linebacker spot.

Dave Gaffney (80) of St. Johns blocks the camera's view of the ball carrier, but just behind him Chuck Romig is scooting toward St. Johns' first touchdown Friday night at Lakewood. Other St. Johns players identifiable are Gale Crawley (71), Doug Thurston (72) and Roger Davis (62). Lakewood players trying to fill up the big hole Romig scored through are Mark Lake (32), Gary Krebs (72), Tim Loftus (78), Steve Garlinger (74) and Ray Smith (22). St. Johns scored two other touchdowns to win 18-0.

Late safety beats Fulton

MIDDLETON — Fulton High School's "Dirty Dozen Plus One" — the nickname for their 13-man football squad — played Central Montcalm to a standoff until the last minute of the game Friday night before losing 8-6 on a safety.

Coach Al Fischer's Pirates had put up a goal line stand only seconds earlier, stopping Central Montcalm on the two yard line after they'd gotten a first down on the five. But Central Montcalm's hard defensive rush trapped a Fulton ball carrier in the end zone for a safety with about a minute left in the game.

Fulton had drawn first scoring blood in the game when quarterback Keith Leslie swept into the end zone from six yards out on a keeper play. Central Montcalm tied the score with 10 seconds left in the half when Mike Mazzola rifled a pass to Bill Brammon for 24 yards and a TD.

It was the second week in a row that Fulton had only 13 players in uniform. Coach Fischer praised his defensive unit for a swell job, with Bob Gray and Doug First leading the way with 24 and 20 tackles, respectively.

Fulton finished the season with a 1-4-1 record in Tri-Central play and a 1-6-1 overall mark.

A day-dreamer usually comes up with a theory that often hits a practical snag. The road to ruin is traveled when one lives above his means.

Ovid-Elsie JVs win 6th game

OVID-ELSIE — Ovid-Elsie's JVs picked up their sixth victory of the year with a 25-0 verdict over Olivet last Thursday evening.

Quarterback Greg McKay passed to Kurt Kristin for the first score, covering 12 yards. McKay had a hot night as he connected on 11 of 14 attempts

and was seven for seven in the second half. He also scored one TD on a quarterback sneak.

Steve Melvin and Tom Hachinski each scored a TD on short runs.

Brad Parker led the defense with eight tackles, and John Winkler had six along with two pass interceptions.

All of us get dizzy once in a while. But when it occurs too often, it might be a warning that you are in danger of suffering a stroke. Other warnings include: blacking out, numbness in an arm or leg, temporary loss of speech, memory, or vision in one or both eyes. The Michigan Heart Assn. says don't disregard such symptoms. See your doctor now. If you are in danger of a stroke, there are new medical techniques that can avert it. For more information write or call the nearest association regional or heart information office.

Thank You...

I wish to extend a note of appreciation to all who supported me in my bid as candidate for County Coroner.

Ballenger, Allen victorious

Republicans Richard Allen in the 88th District and William Ballenger in the 87th have apparently won easy victories in their hunt for state legislative seats.

Ballenger had a 13,963 to 7,898 lead over Richard Duzenbury with 41 of 56 precincts in Clinton and Shiawassee counties reporting. In Clinton County he had a 2,496 to 1,223 lead with eight of 17 precincts reporting.

Allen had a bulge of 11,244 to 7,394 over Democrat Joe Davey in the 88th District. In Clinton County his margin was 1,848 to 968 with seven precincts reporting.

ELECTION NOTE

Greenbush Township also had a good response from citizens, with about 95 per cent of the registered voters casting ballots. The total vote was 570.

the absentee ballots — until after 11 a.m. The last votes were cast after 11 a.m.

The write-in status of the city commission race was responsible, to a great extent, for both the large turnout of voters and the long lines that grew longer as the day went on.

The fact that names had to be written in for both commission seats resulted in a longer-than-usual stay behind the voting machine curtain and a slower turnover of voters.

When the polls opened at 7 a.m. Tuesday voters were lined up from the doorway below the library up the stairs and out to the street. As the day wore on, two lines formed — one for each precinct — and they stretched for 25 to 30 yards in each direction.

At 8 p.m., the closing time for the polls, the line for Precinct 1 stretched south and around the corner of the municipal building nearly to the main entrance to the building on the south side.

TWO OTHER persons received write-in votes for commission seats. Dr. S.R. Russell received 11 votes in Precinct 1, and Dr. W.F. Stephenson got 8 votes in the first precinct.

Some 2,137 out of St. Johns' 2,800 registered voters cast ballots — about 75 per cent. There were 904 votes cast in Precinct 2, 981 votes in Precinct 1 and 252 absentee votes were returned.

Notice To Bidders

THE CITY OF ST. JOHNS

LANDFILL OPERATION

SPECIFICATIONS

The City of St. Johns will receive sealed bids plainly marked "Landfill Operation Bid" on the outside of the envelope until 1 p.m. EST November 11, 1968, at the City Manager's office, 121 E. Walker St., St. Johns, Michigan. Said bids will be publicly opened and read at the above time and then referred to the City Commission on November 11, 1968 at 7:45 p.m. for awarding or rejection.

The City of St. Johns reserves the right to reject any or all bids and to waive any defects in the bidding in the best interest of the City of St. Johns and to accept the proposal which in the opinion of the City Commission is the most advantageous to the City.

Copies of the specifications may be obtained from the City Manager's office, 121 E. Walker St., St. Johns, Michigan.

Clinton voters nix 18-mill limitation

Clinton County voters solidly rejected a proposal for an 18-mill tax limitation with definite fixed amounts for schools, county and townships.

Although very few of the county precincts had been accounted for at presstime at 4:30 a.m. Wednesday, the measure was losing by about a 3-2 margin.

The total was 2,140 in favor and 3,129 opposed in 10 precincts.

Clinton County was pretty much going along with the rest of the state on the five state-wide proposals, although on Proposal 4 for bonding for \$100 million for improvement of recreation facilities, the vote was 2,470-2,469 with 10 of the 30 precincts reporting.

On proposal one (graduated income tax), Clinton County was re-

jecting the idea 1,370 yes to 3,918 no — a 3-1 margin. On the daylight savings time proposal, Clinton was against it by a 3,266-2,481 margin.

The anti-sewage proposal was passing 3,372 to 1,931. Proposal 5 was rejected soundly in the county 980 yes to 4,139 no.

ton County is proceeding on schedule, Roman told the supervisors, with field work now being done in Riley, Bengal, Greenbush, Duplain and Ovid Townships. Maps aren't yet ready on those areas. Not done yet are Essex, Lebanon, Dallas and Westphalia townships.

Soil maps of Bath, Dewitt, Watertown, Eagle, Olive, Victor and Bingham townships are completed and available, he said.

Clinton County's share of the total request for additional money is 10 per cent, Roman said, while Ingham pays 75 per cent and Eaton County 15 per cent.

Negro history expert to speak here Monday

The teaching of Afro-American history will be the topic for James A. Banks, a graduate assistant completing his doctoral thesis at MSU, when he addresses teachers in the St. Johns school system next Monday, Nov. 11.

The released time faculty meeting is open to the public for the talk. It will be at 2:30 p.m. at the high school. His talk will complement an exhibit on Afro-American history on display at Niles Hall at the United Methodist Church next Monday and Tuesday.

Banks, 27, was born at Marianna, Ark. He has a wide background in educational fields in addition to a year and a half of teaching in elementary schools in Joliet and Chicago, Ill., as well as an impressive list of academic honors and awards.

He graduated with high scholastic honors from Chicago City College, with high honors from Chicago Teachers College in 1964 and was awarded an NDEA fellowship in elementary education (social studies) at Michigan State in 1966.

HE WAS A TEACHING assistant in education at MSU in the summer of 1967, and has been an instructor and consultant in Negro history at a number of workshop sessions and is currently consultant to the U.S. Office of Education Follow-Through Program.

He has written a number of

JAMES BANKS

articles for publication on topics dealing with mathematics, race relations in education and education in general. He has authored three books—"Discovering Modern Elementary Mathematics," "Negro Americans: A History for Young People," and "An Inquiry Approach: Teaching About the Negro and Race Relations"—and wrote a chapter for the book "Racial Crisis in American Education."

His PhD dissertation, which is now in progress and expected to be completed in April 1969, is entitled "A Content Analysis of Elementary History Textbooks: The Treatment of the Negro and Race Relations."

While parents are invited and encouraged to visit school at any time during the year, next week will bring a special invitation during American Education Week.

And special days have been lined up for parent-teacher conferences.

Tuesday, Wednesday and Thursday afternoons, Nov. 12, 13 and 14, have been scheduled as conference times for all grades at all elementary schools. In addition, kindergarten teachers will have conferences on Monday, Wednesday and Friday mornings, since they have double sessions. Parents will receive appointment dates from the schools.

At Central Junior High School, conference will be held one day only—Wednesday, Nov. 13, from 10-12 a.m. and 1-3 p.m. Students will not be in school on this day.

AT THE HIGH school, parents whose last names begin with the letters A through L should come Tuesday, Nov. 12; those in the M-Z group should come Thursday, Nov. 14. Hours are from 7:30-9:30 p.m. both nights.

Principal B. Stanley Poulos pointed out, however, that if parents find it difficult or impossible to attend on the scheduled nights, they can come on the other one.

On a less serious note, parents are invited to open houses at several of the schools next week. Doors will be open and teachers and principals extend a welcome to tour their schools on these dates:

Eureka School—Sunday, Nov. 10, from 2-5 p.m.

Central School — Wednesday, Nov. 13, from 7-9 p.m.

East Olive School—Tuesday, Nov. 12, from 7-9 p.m.

High School—Tuesday, Nov. 12, and Thursday, Nov. 14, from 7:30-9:30 p.m., the same hours as parent-teacher conferences.

Other schools will have open houses at other times because of the problem of coordinating all schools in one week along with parent conferences.

DEAD-END

The only time it's too late to learn is when you've decided you know it all.

Afro-American history exhibit scheduled here

George Norman's Afro-American History Exhibit, widely acclaimed by citizens educators and historians as one of the finest of its kind in the nation, will be on display next Monday and Tuesday, Nov. 11 and 12, in Niles Hall of the First United Methodist Church in St. Johns.

The display will be open to the public on both days and Monday evening. Its appearance in St. Johns was timed to coincide with American Education Week next week.

School officials say they hope many teachers will take their classes to see the exhibit and then discuss it. The exhibit is recommended for students from the fifth grade up.

The exhibit contains, in pictorial form, many little-known facts relating to Afro-American history, culture and heritage. Each display panel is self-descriptive, colorful and factual, yet designed as simple enough so that even small children would have little difficulty understanding its contents.

Highlights of the exhibit include "Great Men in World History," "The Black Soldier," "The Black

Cowboy," and "The Art of Charles White." Other panels include a series on the Golden Age of Africa, the Black Madonnas and pictorial biographies of great Afro-American men and women whose accomplishments serve as an inspiration to young men of all races.

George Norman, who compiled the exhibit, contends that too many Americans, black and white, have scant knowledge of the fact that the black man has a proud heritage of notable achievement. He said the exhibit

is intended to strengthen the black man's confidence and assurance that he has historical roots deep within the soil and Western civilization and to restore to history missing pages whose absence has crippled America's ability to understand her black citizens.

According to Norman, this can only be done by a truthful and accurate recounting of the black man's remarkable story, and he hopes the contents displayed in the exhibit will serve this high purpose.

Borrowing a car for a joyride isn't the biggest crime in the world. But it's a start.

Outstanding young farmer sought by Jaycees here

A program designed to bring about a better understanding of the problems and achievements of the farmers in Clinton County was announced today by the St. Johns Jaycees.

A survey of farmers between the ages of 21 and 35 will be climaxed with the naming of the county's "Outstanding Young Farmer of 1968-69."

Agriculture is America's oldest and biggest industry and because of the acumen and efficiency of the men engaged in this industry, ours is the best fed, best clothed nation in the world. It is hoped by the St. Johns Jaycees that the OYF program will result in a better understanding and appreciation of the role the farmer plays in our daily lives.

Candidates will be interviewed by Jaycee committee members who will assist the candidates in completing the information forms. Reports compiled by the Jaycees on the basis of their interviews will be given to a special judging committee composed of agricultural leaders in the county which will select Clinton County's "Outstanding Young Farmer." The judging is on the basis of the applicant's agriculture career progress, conservation practices and community service.

The winner will be announced at the Jaycee OYF program on Tuesday, Dec. 10, in St. Johns. The county winner will be entered in the state contest in March.

Co-chairman for the 1968-69 ASC PROGRAM

Make early announcement of reseed programs

Last week Secretary of Agriculture Freeman announced that a reseed program would be available on 1968 and earlier year crops for the 1969-70 program year. In Michigan the reseed program applies to wheat, oats, barley, corn and soybeans.

The announcement had a two-fold purpose. First, it was designed to give as much advance notice as possible to farmers of the availability of a reseed program for the 1969 - 70 program year. Secondly, it was to emphasize

OYF program are John Aylsworth and Tom Peacock.

If anyone knows of an outstanding young farmer in the county under 36 years of age and would like to nominate him, they should contact the Extension office with his name, age and address.

THE NEWS IN BRIEF

Shirley Lake, employed by the Clinton National Bank, has been appointed secretary of the new women's committee of the Lansing chapter of American Institute of Banking.

David Lindsey Cropsey, son of Mr. and Mrs. Harmon Cropsey of 5833 W. Howe Road, DeWitt, has been elected athletic director of Chi Alpha Pi Literary Society at Bob Jones University in Greenville, S.C. He is a junior majoring in mathematics in the College of Arts and Sciences.

STORAGE PAYMENT rates for the 1969-70 reseed period have not been announced. However, in past reseed programs the storage rates have been about the same as those paid to approved warehousemen in the farm grain storage agreement.

All producers eligible for price support will have an opportunity to request reseed loans prior to the maturity date for the 1968 crops. These maturity dates are April 30 for wheat and barley, May 31 for oats, and July 30, 1969 for corn and soybeans.

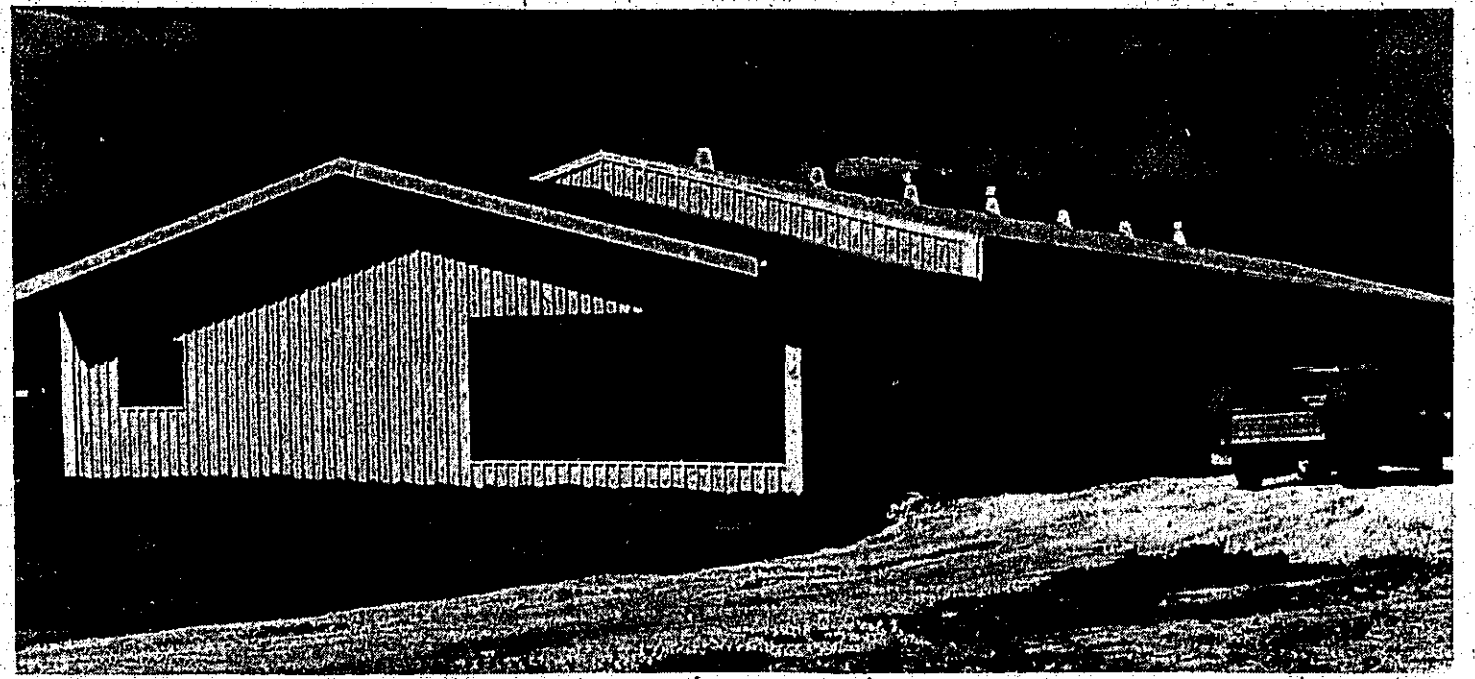

Currently there are nearly 2 1/2 million bushels of corn under reseed loan in Michigan. Here in Clinton County there are 42,982 bushels of corn under reseed loan from prior year crops. Producers with corn on the farm are earning storage payments from the CCC for holding these crops at the farm level. Producers still have title to the corn and may redeem the loans any time up until the maturity date. Storage payments are earned and will be paid regardless of whether the loans are repaid or delivered to CCC under the Price Support Program.

With the 1968 crop corn harvest underway and harvest nearly completed on 1968 crop soybeans, I would like to remind producers about the price support program on these two important crops.

THE 1968 CORN loan rate in Clinton County is \$1.09 per bushel. Producers who participated in the feed grain program are eligible for price support. All soybean producers are eligible for price support. The 1968 crop soybean loan rate for Clinton County is \$2.45 per bushel.

With the current market price for corn and soybeans well below price support level, producers should consider using the price support loan program to promote orderly marketing and insure themselves of at least the price support loan rate on their crop. Remember, the price support program is a marketing tool and will be effective only to the extent that the program is used by farmers. For further details and eligibility for loans, contact your local county ASCS office.

The cravat, as a term for a man's necktie, was originated by the French in the reign of Louis XIV to describe the neck scarf worn by the Croatian soldiers enlisted in the Royal Croatian regiment.

NEW PHILLIPS IMPLEMENT BUILDING WILL BE THIS STYLE

Harold Phillips, owner of Phillips Implement Co. in St. Johns, has announced plans for a new and larger building on property on the north side of M-21 about a mile west of St. Johns. The building will look similar to this and will be located between Moriarty Lumber and Farmers Petroleum. The 60x100-foot building is larger than Phillips' present building at 313 N. Lansing Street and will feature considerably more outdoor storage area. Phillips said no definite date has been set for the start of construction.

Feeder prices higher but weights lower at cooperative sales

Fewer lightweight cattle brought higher prices per pound but less total income to northern Michigan and Upper Peninsula beef raisers at cooperative sales in October.

Terry Greathouse, Michigan State University Extension animal husbandry specialist, reports only 8,259 head sold at the sales at six locations compared with 10,462 in 1967. County agricultural agents believe calf raisers are holding back more heifer calves for breeding purposes.

Average weight at 1968 sales was 457 pounds compared with 524 in 1967. Even though the price per hundredweight was \$28.82 in 1968 compared with \$25.71 in 1967, total income for calf raisers slumped from \$1,354,389 to \$1,081,213. This was because of a 20 per cent drop in the number of animals sold.

Southern Michigan feeders paid an average of \$131.17 a head at the sales for cattle to put in their feedlots, compared with \$133.72 a year ago. This was

because the average weights were lower—a factor which most cattle feeders like.

A number of southern Michigan feeders have established contacts through previous purchases of native Michigan-raised cattle

and are buying direct from the ranches, MSU county agents report.

Sales were held at Alpena, Baldwin, Bruce Crossing, Rapid River, Gaylord and West Branch.

New 4-H tractor program planned

Want to learn, new tractor skills and have fun at the same time? Do you want to hire out as a farm hand next summer?

John Aylsworth, Extension 4-H youth agent, is asking these questions to boys and girls in Clinton County at the present time. He wants them to join a 4-H tractor or "live power" program. Leader training session for current and prospective leaders will be held at Dec. 4, 1968. Actual club programs will get underway shortly after the first of the year.

The 4-H tractor program teaches boys and girls about care, maintenance and safe operation of farm tractors and machinery. Members "learn by doing" and participate in tours, meetings, contests, etc.

Next spring, the 4-H Tractor Clubs in Clinton County will hold a county 4-H tractor operators contest, where club members will see who can do the best job of maneuvering a tractor and implement through a prescribed course layout.

The 4-H Tractor Program is also important to youths under 16 years of age who plan to work on farms as hired hands next summer. Last Jan. 1, a U.S. Department of Labor order went into effect which prohibits youths under 16 years of age from working for wages on their own home farm at certain hazardous jobs, including tractor and farm machinery operation.

Harvested fields need new care

Neglecting fields now that harvest is over can contribute to soil erosion, says George McQueen, Clinton County agricultural agent.

In late fall and early spring, there are periods of rainfall, melting snow and rapid run-off. When this occurs on sloping, unprotected land, the result is water erosion.

This gradual loss over an entire field may not seem great, but the total soil loss may be five to 20 tons per acre.

The erodible topsoil contains most of the soil humus and much available plant food, says McQueen. In these top few inches are the most favorable conditions for plant growth.

Bare fields of sloping land are very vulnerable to erosion. While it may be too late to plant cover crops to hold the soil, it is not too late to mulch critical areas.

Russell G. Hill, Michigan State University soil conservation specialist, reports that more than 50 per cent of the usual between-crop erosion can be eliminated by shredding corn stalks after harvest and leaving the mulch until seeded preparation in the spring. Other crop residues such as bean and small-grain straw may also be used as mulch.

Where wind erosion is a factor, shallow disking of the mulch is effective for holding the material in place. On critical erosion areas, mulches such as manures and straw should be spread in a thin layer, Hill says.

BEET SUGAR INDUSTRY OF MICHIGAN

AGRI-BUSINESS IN ACTION...

Sugarbeet growers in Michigan's Saginaw Valley have played a vital role in the agri-business economy of our state since the turn of the century. Their progressive efforts combined with those of the state's two processing companies have boosted the dollar value of the sugarbeet crop to nearly \$35 million dollars annually. In 1968 farmers in 17 Michigan counties harvested over 84,000 acres of beets. A crop that will produce nearly 350 million pounds of sugar for the Michigan market.

If you live in the Saginaw Valley-Thumb area of Michigan, you no doubt know someone that helps fill Michigan's "sugar bowl" each year. It makes good sense to buy a Michigan grown product. Help yourself to Michigan Made Pure Sugar the next time you shop. Ask for it by name—Pioneer or Big Chief. These brands in the red, white and blue bags represent the finest that Michigan agri-business has to offer.

It's hectic at school cafeteria 400 eat at their table

By SHIRLEY KARBEN
News Staff Writer

How does it feel to serve lunch to 400?

"Hectic and noisy," says Mrs. Mary Cornwell, manager of St. Joseph school cafeteria.

Five days a week, two shifts

Dwane Hein, third grader at St. Joseph School, looks mighty pleased with his lunch consisting of orange juice, sloppy joe, dill slices, French fries, fruit jello and milk.

Mrs. Elenore VanElls, Mrs. Hilda Weed and Mrs. Jennie Smith are the kitchen personnel who help Mrs. Mary Cornwell cook and serve lunch to 400 St. Joseph School children daily.

per day is how the lunch hour is carried out. The first group, grades first through four, arrive at 11:15. The first graders are a little shorter, and find it difficult to reach the pass-through window, so their plates are set on the table with the food on it. The rest of the students walk by the serving area, and the food is placed on their plates.

Grades five through eight eat lunch at noon. If a student doesn't like a certain food he can say so, but Mrs. Cornwell and the other servers keep an eye out to make sure no one takes all cookies or cake. The menu is published once a week in the church bulletin so that each day the student knows what is being served in the dining room. Well-balanced meals are required and must meet government standards to have the school eligible for surplus foods items.

The type A lunch program is a guide to well-balanced lunches. It is designed to help in planning lunches that supply the kind and amount of foods children need. To meet the requirements of the National School Lunch Program, the type A lunch must contain as a minimum: One half pint fluid whole milk served as a beverage, two ounces of lean meat, poultry or fish; or two ounces of cheese; or one egg; or one-half cup of cooked dry beans or peas; or four tablespoons of peanut butter; or an equivalent quantity of any combination of the above listed foods. To be counted in meeting this requirement, these foods must be served in a main dish or in a main dish and one other menu item.

A THREE-QUARTER cup serving consisting of two or more vegetables or fruits or both, in raw or cooked form is also a requirement. A serving of full-strength vegetable or fruit juice may be counted to meet not more than one-fourth cup of this requirement.

Another is one slice of bread either whole grain or enriched; or a serving of other bread such as corn bread, biscuits, rolls or muffins, made of whole grain or

enriched meal or flour.

Two teaspoons of butter or fortified margarine is a requirement. This may be used as a spread on bread, as a seasoning, or in the preparation of other foods in the lunch.

These five food groups form the foundation of the lunch. When these foods are used in the amounts specified and in combination with other foods needed to satisfy the appetite, the lunches will generally meet one-third of the daily dietary allowances recommended by the National Research Council for 9 to 12 year old boys and girls.

To meet the nutritional needs of teenagers (particularly boys) it is important to serve larger portions or seconds of protein-rich foods, main dish items and other foods in the lunch. Since younger children in the elementary grades are not always able to eat the full type A lunch, the regulations permit serving lesser amounts of three components in the lunch, provided that such food allowances are based on the lesser food needs of these children.

The cafeteria is government-subsidized with any available surplus foods. Powdered milk, butter, cheese, flour, rice and beans are nearly always available each month. Other items may vary. This month they have a surplus of frozen turkeys, chickens and orange juice. In canned goods the surplus is peaches, peas, corn and pineapple. The cafeteria sends an inventory of what they have left at the end of each month to the government; they then send the school the foods they have in surplus to feed the correct number of students.

They really use the electric roasters, but the potato peeler is seldom used. Potatoes are now available in all - ready - to - use form and Mrs. Cornwell feels the peelers aren't really necessary anymore.

She would like to have more freezer space, preferably a new walk-in type freezer, and some day, air-conditioning.

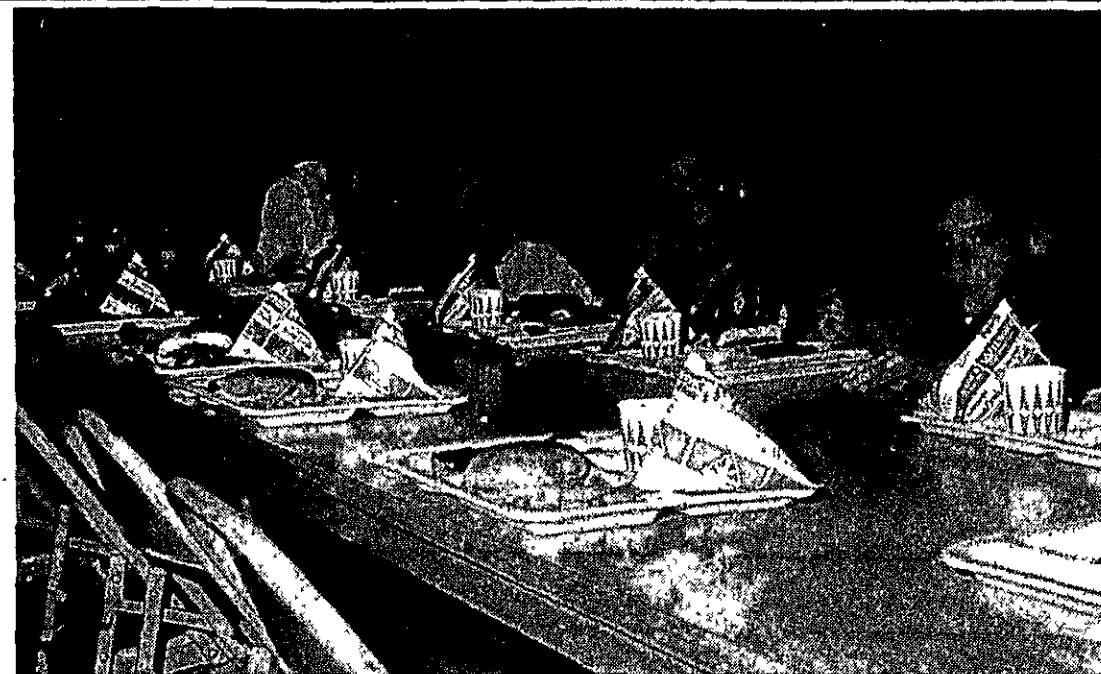

The cafeteria facilities are sometimes rented for private functions, but are used free of charge for church - sponsored functions.

Laundry (towels and aprons) is done by a commercial service.

THE CAFETERIA is reimbursed by the government 4 cents per meal.

Inspections of the cafeteria are done periodically by the government, and they must meet certain requirements to be eligible for the government - surplus items. One regulation is that all kitchen employees must have a TB check.

Mrs. Cornwell has three adult helpers in the kitchen—Mrs. Elenore VanElls, Mrs. Jennie Smith and Mrs. Hilda Weed. A total of 17 hours labor per day is required to prepare and serve lunch and clean up the kitchen afterwards. These women are experienced and run a fast and efficient operation. Mrs. Cornwell says

These first graders at St. Joseph get special service, because they are a little short for the cafeteria window service. The food is placed on the table for them.

"The first month we were here it took much longer."

The cafeteria is run on a non-profit basis. However, they do make enough to replace worn-out equipment and can add little to it each year. Many school cafeterias have failed because of improper management resulting in losses to the school system.

The cost per meal is 40 cents. If, however, the student eats his lunch there on a weekly basis the cost drops to 35 cents per meal.

A typical weekly menu is as follows: MONDAY—Ham and scalloped potatoes, green beans, apricots, bread and butter, and milk. TUESDAY—Orange juice, meat loaf, hash brown potatoes, buttered corn, raspberry shortcake, bread and butter, and milk. WEDNESDAY—Turkey and dressing, mashed potatoes, gravy, celery sticks, cranberry applesauce, bread and butter, and milk. THURSDAY—Orange juice, hot dog on a bun, French fries, dill slices, chocolate custard, and milk. FRIDAY—Macaroni and cheese, buttered peas, fruit cup, bread and butter and milk.

THROUGH EXPERIENCE they have learned that the children in

this area don't like stewed tomatoes, chop suey, Spanish rice, or sauer kraut. Their favorite meals are sloppy joe with French fries, beans with ham, hot dogs and turkey dinner.

Each student starts through the line by either paying for his lunch or getting his weekly food card punched. This card is punched once for each meal. They then pick up a sturdy six-compartment type tray, the necessary silverware and start through the line. All hot foods are served from an open serving window in front of a steam table. Boy volunteers then give each student a carton of milk, straws and any juice if it's on the menu for that day. Gilbert Martinez, Ben Sanchez and Tom Zuker are some of the boys who help.

Service squad girls play a very important part in the low cost and efficient operation of the cafeteria. As each group of students finish their meals they bring their trays and paper to a clean-up window. The service squad volunteers (often Marianne Fedewa and Julia Pungdo this) clean off any leftovers and pass the dirty dishes through to the dishwashing equipment.

The dishes are then sterilized

and ready for reuse in a matter of minutes. Other volunteers wipe off tables and custodian Marvin Harr cleans the floor.

DINING ROOM supervision is done by the sisters and lay teachers. Few rules are required here, but each grade does have its own assigned table to eat at. (In this way the kitchen help doesn't have any work to do in the dining room). The cafeteria will seat 250 students, and there are dishes and silver to accommodate 300.

The equipment includes both gas and electric. Stoves, ovens and dishwasher are gas. Meat slicer, mixers, potato peeler, steam table, coffee pots, two garbage disposals, refrigeration (including a walk-in cooler) freezers and four large roasters are all electric.

Four area policemen will be honored Nov. 12 at the second annual Law Enforcement Recognition Luncheon sponsored by the Chamber of Commerce of Greater Lansing. The honorees, who won't be named until the luncheon, will be presented with plaques for their selection as outstanding officers in their communities...

Local couple awarded trip to California

Due to a record of outstanding mutual funds sales, The M. V. Gray Investments, Inc. of Midland, awarded Mr. and Mrs. Richard Amstutz of St. Johns a nine-day round trip to San Francisco, Calif., for the International Mutual Funds Dealers Conference. Amstutz has been a registered representative with the M. V. Gray Investments, Inc. for the past two years, and may sell over three hundred mutual funds as well as most single issues. The winning sales record of Amstutz was for the period of June through September.

Over 4,000 mutual funds dealers, registered representatives, and bankers from all over the world met at the Hilton Hotel in San Francisco for the International Mutual Funds Dealers Conference. Of special interest was a president's reception held in the Hilton Continental Ballroom which included a receiving line of over 100 presidents of major funds.

Following the Mutual Funds conference, Mr. and Mrs. Amstutz enjoyed an extended visit to Las Vegas and Hoover Dam.

College lauds RBWHS staff

"It's not very often we hear from a college commending us for giving a student good preparation," B. Stanley Pouls, principal of Rodney B. Wilson High School in St. Johns points out.

But such a letter was received Oct. 17. He got the letter from Robert Miller, chairman of the Chemistry Department at Adrian College, complimenting the school staff, and particularly the math and science teachers, for "excellent preparation" for Theodore Lietzke.

Lietzke, son of the Harold Lietzkes of Chadwick Road, is a sophomore at Adrian majoring in chemistry.

The official board of the Shepardsville church will meet at the church on Thursday evening (tonight) at 8 p.m.
Mrs. Francis Hall flew to Phoenix on Friday to visit Mr. Hall's sister, Ruth. She returned Sunday afternoon.

Mrs. Lucille Pellow and Mrs. Grace Baker left Tuesday for Mesa, Ariz., where they plan to spend the winter months with Mrs. Pellow's sister and husband, Rev. and Mrs. Glenn Frye.

The Afternoon Circle of the Shepardsville W.S.C.S. will meet on Thursday afternoon, Nov. 14, at

the home of Mrs. Clarence Mead. Mrs. Lena Gutshall will be in charge of the program and Mrs. Eva Baker will have the devotions. Thank Offering envelopes are to be brought to this meeting.

Callers of Mr. and Mrs. John Spencer this past week were Mr. and Mrs. Israel Crane of Woodbury on Monday afternoon and Mrs. Don Powers of St. Johns on Saturday afternoon. Mr. and Mrs. Crane left on Friday for Lakeland, Fla., to spend the winter.

Morningstar Chapter No. 279, O.E.S. of Ovid, will have a public installation of their officers on Friday evening, Nov. 8, at 8 p.m. The regular meeting is on Nov. 12.

The Ovid-Duplain Library Club met at the Shepardsville United Methodist Church on Friday, Nov. 1. Mrs. Christine Snyder was in charge of the program on state government.

Jerry Sherwood, son of Mr. and Mrs. Sam Sherwood, is attending Naval School Command on Treasure Island, San Francisco, Calif. 94130.

Steve Komives returned home from Clinton Memorial Hospital last Wednesday. Bill Muller of Detroit was there on Saturday and Sunday.

Miss Helen Hebel of Ann Arbor spent the weekend with her brother, Robert Hebel Sr. and other relatives.

Armistice Day newspapers in display at Bement Public Library

Bement Public Library in St. Johns has on display original Armistice Day newspapers, according to Mrs. Cleo Desprez, acting librarian.

The newspapers, contributed by Mrs. Jeanette Rosekrans, are 50 years old but in very good condition. Armistice Day was made a federal holiday with a law adopted in 1938. In 1954 Congress changed the name to Veterans Day to honor all United States veterans, Great Britain, France and Canada observe the day as Remembrance Day.

The following lists include some of the recent additions to the bookshelves at the Bement Public Library. In the case of Children's Library books, they provided good reading for every type of reader—slow, rapid or indifferent. For adults and teenagers, the new selections offer interest in the past, concern for future problems and entertainment.

MRS. DESPREZ SAID THAT IF the library doesn't have a book or magazine that is requested, the library will endeavor to obtain it through the Inter-Loan Library Service, which is free.

The library is open from noon to 8 p.m. Monday through Friday and Saturday from 10 a.m. to 5 p.m. "To supply that small fraction of distraction necessary for good concentration," Mrs. Desprez said, "we offer you background music from our new FM radio."

Space does not allow a complete listing of new books added at the library during recent months, but these are some of them:

OFFICIAL NOTICE OF SALE

\$2,700,000.00

DEWITT PUBLIC SCHOOLS

CLINTON COUNTY, MICHIGAN

School Building And Site Bonds

Sealed bids for the purchase of general obligation bonds to be issued by DeWitt Public Schools, Clinton County, Michigan, of the par value of Two Million Seven Hundred Thousand Dollars (\$2,700,000 will be received by the undersigned at the Fuerstenau Junior High School Building, DeWitt, Michigan, in said School District, until 8:00 o'clock, P.M., Eastern Standard Time, on the

21st day of November, 1968,

at which time and place said bids will be publicly opened and read.

Said bonds will be dated November 1, 1968, will be coupon bonds in the denomination of Five Thousand Dollars (\$5,000) each, will be numbered consecutively in direct order of maturity from one (1) to five hundred forty (540), both inclusive, will bear interest from their date at a rate or rates not exceeding five and one-half per cent (5 1/2%) per annum, expressed in multiples of 1/20 of 1%, the difference between the highest and lowest rates bid shall not exceed 2%. Said interest will be payable on the first day of May, 1969, and semi-annually thereafter on the first day of November and May in each year. The interest rate on any one bond shall be at one rate only and represented by one interest coupon for each coupon period, and all bonds maturing in the same year must carry the same interest rate. Accrued interest to date of delivery of such bonds shall be paid by the purchaser at time of delivery.

Said bonds will mature serially as follows:

\$ 25,000 on May 1 of each of the years 1969, 1970 and 1971;
\$ 50,000 on May 1 of each of the years 1972 to 1977, both inclusive;
\$ 75,000 on May 1 of each of the years 1978 to 1983, both inclusive;
\$100,000 on May 1 of each of the years 1984 to 1988, both inclusive;
\$125,000 on May 1 of each of the years 1989 to 1993, both inclusive; and
\$150,000 on May 1 of each of the years 1994 to 1998, both inclusive.

Both principal and interest will be payable at a bank or trust company to be designated by the original purchaser of the bonds, which paying agent qualifies as such under the Statutes of the State of Michigan or of the Federal Government, subject to the approval of the School District. A likewise qualified co-paying agent may also be so designated.

Bonds of this issue maturing in the years 1969 to 1983, inclusive, are not subject to prior redemption. The right is reserved of redeeming bonds maturing in the years 1984 to 1998, inclusive, at the option of the district, in inverse numerical order, on any interest payment date on or after May 1, 1983, at par and accrued interest to the date fixed for redemption, plus a premium as follows:

2 1/2% on each bond called for redemption prior to May 1, 1986;
2% ON EACH BOND CALLED FOR REDEMPTION ON OR AFTER May 1, 1986, but prior to May 1, 1989;
1 1/2% on each bond called for redemption on or after May, 1989, but prior to May 1, 1992;
1% on each bond called for redemption on or after May 1, 1992, but prior to May 1, 1995;
1/2 or 1% on each bond called for redemption on or after May 1, 1995, but prior to May 1, 1997.

2% on each bond called for redemption on or after May 1, 1986, but prior to May 1, 1989;

Notice of redemption shall be given to the holders of bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds, and in case of registered bonds thirty (30) days notice shall be given by mail to the registered holder at the registered address. No further interest payable on bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the School District has money available for such redemptions with the paying agent.

The bonds are to be issued for the purpose of erecting, furnishing and equipping a new junior high school building; remodeling the present high school building and erecting, furnishing and equipping additions thereto; erecting, furnishing and equipping an addition to the Scott Elementary School; erecting, furnishing and equipping a bus maintenance and storage garage; constructing and equipping physical education facilities; acquiring additional land for site purposes and developing and improving sites.

For the purpose of awarding the bonds the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from December 1, 1968, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the School District. Each bidder shall state in his bid the interest cost to the School District, computed in the manner above specified. No proposal for the purchase of less than all the bonds or at a price less than 100% of their par value will be considered.

The bonds of this issue may be registrable as to principal only on books kept by the paying agent.

The bonds are to be issued pursuant to the provisions of Chapter 12, Part II, Act 269, Public Acts of Michigan, 1955, and the School District is authorized and required by law to levy upon all taxable property therein such ad valorem taxes as may be necessary to pay these bonds and the interest thereon, without limitation as to rate or amount.

A certified or cashier's check in an amount of \$54,000.00, drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of the School District, must accompany each bid as a guarantee of good faith on the part of the bidder; to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest shall be allowed on the good faith checks and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail. Payment for said bonds shall be made in Federal Reserve Funds.

Bids shall be conditioned upon the unqualified approving opinion of Miller, Canfield, Paddock and Stone, Attorneys, 2500 Detroit Bank and Trust Building, Detroit, Michigan, a copy of which opinion will be printed on the reverse side of each bond, and the original of which will be furnished without expense to the purchaser of the bonds at the delivery thereof. The School District shall furnish bonds ready for execution at its expense. Bonds will be delivered without expense to the purchaser at Detroit, Michigan; Chicago, Illinois; or New York, New York.

Inquiries with respect to this bond issue should be addressed to the First of Michigan Corporation, 1200 Buhl Building, Detroit, Michigan, 48226. (Telephone 313-982-2055) Financial Consultants for the School District.

The right is reserved to reject any and all bids. Envelopes containing the bids should be plainly marked "Proposal for Bonds".

Strategy

It's Tim's move, and he is taking a long time thinking it over. In chess, if you're a good player, you don't play quickly. If you do, your opponent may outwit you.

Military strategy, they say, is based on the rules of chess. So are many of the "higher games" in business and finance. Yet, when it comes to life itself, the rules of chess apply in only a limited way. In life, you can't be totally objective. You can't exist on logic alone.

The Church teaches that though we surely need logic in order to live successfully, we also need compassion, tolerance, love, understanding, and the strength that comes with faith.

Although life is not a game, we must have the help and strength of the Church to discover those rules that will determine our ultimate destiny.

THINK ON THESE THINGS

A devotional message written each week by a pastor of a Clinton County church

By JUSTIN SHEPARD
Minister
Duplain Church of Christ

The past 20 years have produced the greatest market of consumer goods ever assembled in America. For two decades now housewives and their husbands have displayed an insatiable appetite for freezers, TV sets, dishwashers, garbage disposals, synthetic washers, dryers and a multitude of other products. When appetites diminish, manufacturers are quick to start with all manner of new things or variations of the old; frostless freezers, wash-and-wear clothing, iron-free fabrics, nylon rugs, orlon suits, dyed dresses, plastic housewares, multicycle washers, electric can openers, stereo and high fidelity, barbeque equipment, automatic ovens, pre-cooked meals, instant coffee, ride 'em power lawn mowers, air conditioners and what have you?

Credit buying has become the key to a new way of life. Most folks agree that they aren't having a good time unless they are doing or buying what they can't afford. With the advancements of "charge-plate" heaven are some not-too-bright halos. Mental unrest and anxieties have increased. In spite of the labor-saving, do-it-yourself devices, few people have as much time as they did 20 years ago; hence, six hours of the day off are spent grinding through bumper-to-bumper traffic on the way to the beach. Another side effect has been the moral revolution; (I suppose you're tired of hearing of this by now!).

Listen to General Omar Bradley: "Our knowledge of science has clearly outstripped our capacity to control it. We have too many men of science and too few men of God. We have grasped the mystery of the atom and rejected the Sermon on the Mount. Man is stumbling blindly through a spiritual darkness while toying with the secrets of life and death. We have achieved brilliance without wisdom, power without conscience. We live in a world with nuclear giants and Christian infants. We know more about war than we do about peace, more about killing than living."

These sound more like a preacher than a five-star general. Faith in Christ is not a spiritual aspirin to combat the evils of life. The acceptance of Christ as Lord and Saviour is the door to eternal life. In the middle of the world of material possessions lives have never been emptier. But when a man comes to Christ, the search is over. Life in the superlative begins. Real living begins not with material possessions but with a personal relationship with Jesus Christ.

'BLUE CHIP' FOR JAYCEES

The St. Johns Jaycees were one of several chapters in District 11 which received a "blue chip award" at the recent fall board meeting held at the St. Joseph School cafeteria. Jack Downing, past president of the local Jaycees, receives the award and congratulations from Robert Padgett, state Jaycee president. At right is Gary Quigley of St. Johns, district II vice president. The award is based on membership increase during last year.

Poculis heads Ionia evaluating team

B. Stanley Poculis, Rodney B. Wilson High School principal, is chairman of the North Central Evaluation team that will visit Ionia High School early next month.

This is a routine seven-year visit made to all North Central member schools for purposes of accreditation. A number of other high school administrators and college people will be on the evaluation committee.

It's next to impossible for a narrow-gauge man to progress on a standard gauge track.

World Book Lore

(THIS IS NOT A HAPPY ENDING!)

General "Gentleman Johnny" Burgoyne, who was forced to surrender his army to the Americans at Saratoga in 1777, had been a playwright before the war.

25 youths net \$100 for UNICEF

DeWITT—Twenty-five DeWitt junior high students—members of the junior high fellowships of the DeWitt United Methodist Church and the DeWitt Community Church—participated in a suburban UNICEF drive Sunday, Oct. 27.

In a one-hour blitz between 4:30 and 5:30 p.m., the teen UNICEF supporters collected \$100.51.

Young people participating were Beth Greene, Kathy Tolson, Becky Boule, Nancy Brandon, Denise Hatt, Gina Every, David Every, Rickie Post, Jim Rowland, Diann Scott, Linda Ritter, Barb Rowland, Cheryl Smith, Kathy Ferguson, Diane Tolson, Sandy Lewis, Della Scott, Stephanie Lewis, Mary Pierce, Frances Chapel, Myrna Harold, Karen Decatur, Diane Foster, Janine Decatur and Tyler Conkle.

Adult volunteers, who drove cars for the youths, included Rev. Sidney Rowland, Mr. and Mrs. Archie Magsig, Mrs. Alice Scott, Mrs. Albert Dewey, Ronald Conkle, Tom Kromer, Mrs. Galla DeFoe and Rev. Bert Verméulen.

After the fund drive, designed to raise money for food and medicine for children in need, the teens met at the Charles Scott residence at 3825 Alvin Street (IdleCrest subdivision) for a Halloween party.

2 COMMISSIONERS CLOSE OUT SERVICE

Last week was the final city commission meeting for two St. Johns city commissioners -- Gerald Irer on the left and Rex Sirrine. Irer, a Clinton Avenue barber, served one six-year term on the commission. Sirrine finished his 24th year as commissioner, having been elected to four terms. Neither were candidates for reelection; Sirrine was elected Tuesday to a term as St. Johns representative on the county board of supervisors.

Band gives final grid performance

By PATTI ZUKER
St. Johns High School

The fall marching season for the Redwing band was brought to a close last Friday, Oct. 25, as the Redwing varsity football team defeated the Charlotte Orioles 33-0. The band performed before the game and then a series of half time numbers including "Exodus," "Sunny" and "Sabre Dance," dedicated to Mr. James Bargar for his assistance and loyalty in furthering the interests of the band and a special arrangement of "Swanee" by Walter P. Cole, band director.

The junior high band, consisting of sixth, seventh and eighth graders, joined the Redwing band in two numbers, "America" and the St. Johns Fight Song. The senior band members were honored at their final marching performance as they played "Zing."

The two band majorettes, Miss Jane Weber and Miss Cathy Cronkite, who assist drum major Scott Heibek, have been attired in new uniforms for several previous performances. The girls' outfits are black velvet shorts and a black velvet coat with tails, lined in white satin. To contrast their striking appearance are a jabot and cuffs of white lace and high white boots. Jane and Cathy have both been majorettes for two seasons.

A new precedence has been set at RBW as the band members chose a band sweetheart from the senior band members, Jane Weber, daughter of Mr. and Mrs. Ben Weber, was presented with a bouquet of a dozen long stemmed red roses by Scott Heibek as her title was announced during the half-time show.

The FHA was assisted Tuesday night in collecting donations for UNICEF by the FHA. The United Nations International Children's Emergency Fund is the only branch of the U.N. that is solely concerned with the needy children of the world. The money will be used to provide such things as vaccines to prevent disease, antibiotics to cure them, and garden tools to give the needy a fresh start with better implements.

PASTOR WILLARD FARRIER

Willard Farrier is the pastor of the new South Riley Bible Church, which began services Sunday (Nov. 3) in a building a half-mile east of Francis Road on Chadwick. Sunday school is at 10 a.m. and worship services at 11.

Turkey is good buy

Wholesale turkey prices are up this fall, but consumers can still expect to find a good buy on a Thanksgiving bird this year.

While wholesale prices for a family-size hen turkey (10 to 14 pounds) will probably run three to four cents more per pound than in 1967, store prices will not necessarily follow wholesale prices, reports a Michigan State University agricultural economist.

Dr. Henry Larzelere, who is also a member of the Poultry Survey Committee, explains that stores usually offer turkeys as promotional or sale items just prior to Thanksgiving to build holiday trade for the store's overall business.

Larzelere also points out that there is no real turkey shortage.

Blue Star Mothers complete memorial plans for Nov. 10

The Blue Star Mothers met with Mrs. Nellie Wilson. Plans for the dedication of the new Servicemen's Memorial were completed. It will be held on Sunday, Nov. 10, at 2 p.m. Also, the members are collecting things for the Servicemen's boxes for Christmas delivery. The next meeting will be with Mrs. Belle Schmidt.

Dinner guests of Mr. and Mrs. Wilbur Bancroft and family, were Mr. and Mrs. Bruce Bancroft and daughter Julie, of Lansing Miss Tammy Houghton of St. Johns and Miss Adele Zammaron of Perrinton.

This community was shocked and saddened by the tragic death of Mrs. Linda Kay Cairl, and her two small sons. Our sympathy is extended to her family.

The Maple Rapids Improvement Association Doctor's Fund Committee mailed checks to the citizens, refunding the loans they gave to start the project. The next project to be undertaken is the toilet facilities at the baseball park.

New books at the Maple Rapids Public Library include: a biographical novel of Sam Houston by Noel Gerson—The Stinger by Max Brand; All About Prehistoric Cave Man by Sam and Beryl Epstein; Adventures of Elephant Boy by Leonard Willerby; That Lively Man, Ben Franklin by Jeanette Eaton; Dover goes to Pot by Joyce Parter; Poor Richard's Almanack by Ben Franklin; A History of Warfare by Field Marshall Viscount Montgomery of Alamein; Ghost Ships of the Great Lakes

Mr. and Mrs. Darling visit San Juan

ELSBIE—The last thing that Mr. and Mrs. Oliver Darling of Elsie expected to see on their vacation jet flight to the "Island of the Sun" was the filming of a new movie.

There it was in San Juan, Puerto Rico, the shooting of the motion picture "Che" by 20th Century Fox in its first week of filming. The featured stars are Omar Sharif, who portrays a Cuban revolutionary leader Ernesto "Che" Guevara and Jack Palance playing Cuban Premier Fidel Castro.

Most of the filming was done at El Morro Castle in Old San Juan and the scenes were a simulation of the executions performed right after the rebels had entered Havana and overthrown the Batista regime.

To add to the excitement, a picket line circled the El Morro by the actors and technicians union on the second day of shooting. They were trying to get higher wages for some of the extras and concessions on hiring local talent from 20th Century Fox.

All about were scores of bearded extras in fatigues, portraying Cuban revolutionary troops who passed through the ancient fort while tourists looked on, wondering what was going on. They saw many of the cast at the Puerto Rico Sheraton Hotel, its dining room and floor shows.

The Maple Rapids WSCS members are very busy completing preparations for their annual church fair and turkey supper to be held on Nov. 7. They plan to open the fancy work booths at 5 p.m. and serve the supper at 5:30 and 7 p.m. until all are served.

They have also been tying off a quilt at Mrs. Nellie Ble-masters for the fair.

Mrs. Selma Bailey spent from Thursday through Saturday with her brother's family, the Ivan Clarks, at Houghton Lake. She also called on her cousin Mr. and Mrs. Earl Behner. On Sunday she was a guest of Mr. and Mrs. John

Schmidt at a birthday dinner honoring Mrs. Gary Snyder. Mr. and Mrs. Clare Kidder of Mt. Pleasant were Sunday evening callers and luncheon guests of Mrs. Bailey.

Mr. and Mrs. Wilbur Bancroft attended the afternoon session of the State Board of National League of Postmasters, held at the Holiday Inn at Bay City, Saturday. In the evening a retirement dinner party was held at the Rex State House for Mrs. Martha Cameau of Munger, Mich. There were 21 in attendance, including State President Harry Lo Drangfield of Channing and National Vice President Clair Hill and Mrs. Hill of Burlington.

Even a married woman is entitled to her own private affairs.

Once the phone rings for the lady of the house, it works like Pavlov's bell. The whole gang (including the dog) decides they're hungry. They swarm around the kitchen noisily feeding their canine appetites while whetting their appetites for gossip, and that's the end of mother's privacy. Even if you don't go for the idea of not being in on Mom's conversations, she's still got a right to say what she wants without a clamoring, chomping audience around.

Make a special sacrifice for mother. Give up

on eavesdropping forever and get her an extension phone for the bedroom.

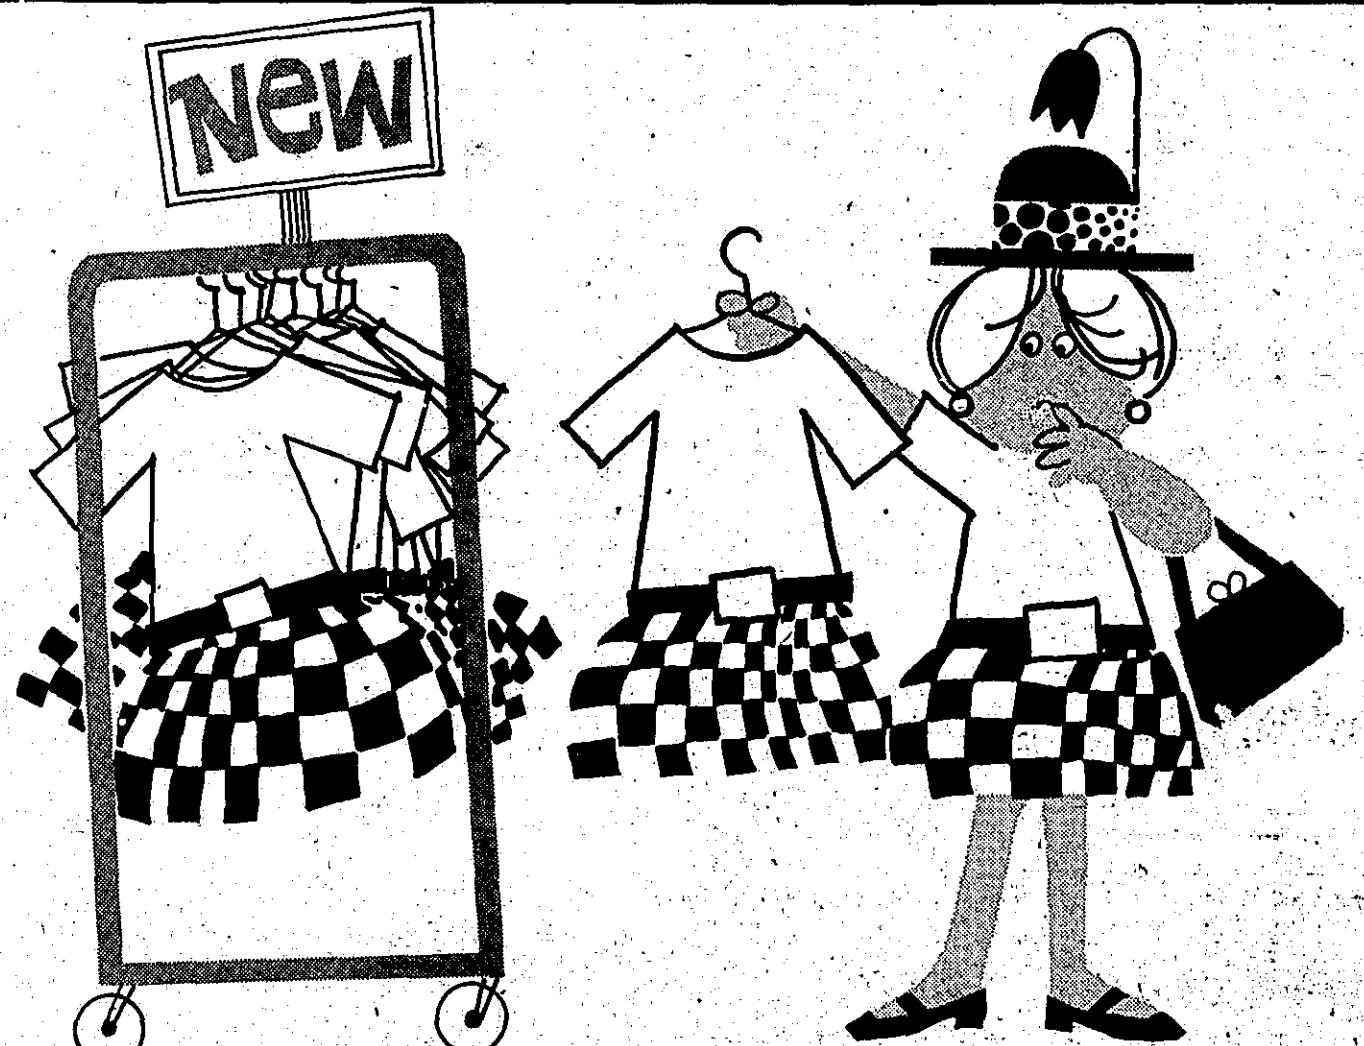

Far away from the kitchen. And far away from the kiddies.

One call to your General Telephone business office takes care of the whole thing.

Leaving her to her own private affairs can make her feel like that old, used-to-be, single, independent self again.

That's something every mother needs. Even if it's only for a couple of minutes a day.

Give her an extension phone. General Telephone

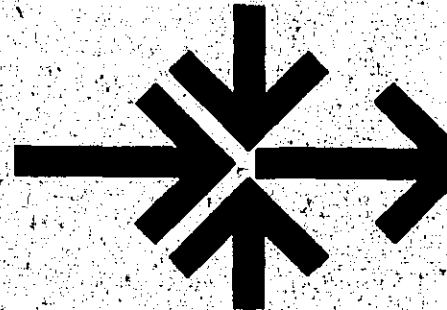

who'd want a new dress if it were just like your old one?

How much fun would be left in fashion if all style were standardized? This system would cut down on shopping time. But it would also cut down on your individuality.

In turn, standardization would cut down on advertising, there'd be a cutback in production. And if we worked hard to do so, we might wreck the economy.

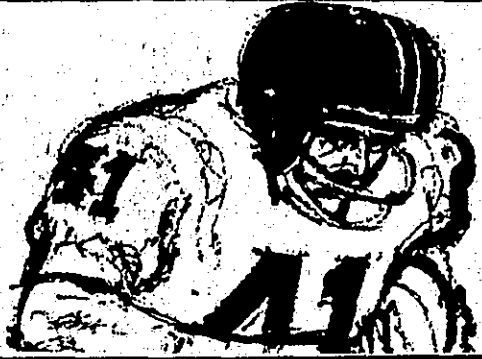

Wouldn't we be better off to leave things the way they are? Today's advertising is already policed by the world's smartest detective... the American consumer.

There are lots of takers when call is 'Snack time'

By HELEN B. MEACH
Extension Home Economist

If mom calls out "snacktime," she's likely to get more takers than if she cries "Breakfast's ready!" A recent study turned up the unusual fact that more people report snacks as their third meal of the day than report breakfast. And the snack food industry is doing all in its power to keep things just that way.

It might be fair to call the snack food field a three-ring circus. People who buy snacks are in a party mood; manufacturers walk on tightropes to create zany new products with ever zany names; and retailers, rely on the hustler tactics of an old-time medicine show in merchandising.

Despite the rather impulsive basis for snack food sales, the field has been growing rapidly.

Potato chips, pretzels, nuts, and crackers, crackers, crackers are popped into American mouths at a rate equivalent to about two billion dollars in sales each year. Chain store buyers estimate the number of snack foods on the market has probably doubled in the last few years.

THIS IS NOT to suggest that the breakfast food industry is giving up without a struggle. The number of different cereal items has grown in 10 years from 93 to 110, and within this total there have been many individual changes as varieties fight it out among themselves for a profitable position. Also, within the past 10 years several whole new concepts of breakfast foods have been introduced... "instant" liquid breakfast mixes; frozen "toaster" versions of hard-to-make breakfast specialties such as waffles, french toast, and even the bacon to go with them; and jam filled toaster tarts, a new idea that is fast assuming best-selling proportions. Many of the "quick" or "instant" breakfast items are advertised as snack

specialties as well as breakfast foods... an indication that merchandising men are well aware of America's shifting interest toward casual snacking.

This is just another in a long line of changing American food habits. In 1952, our changing tastes led us away from butter and gave up the sales lead to margarine. In 1953, lard was the victim of our fickle fancies and lost its place to hydrogenated vegetable shortenings. There have been other changes, too... so many, in fact, that 50 per cent of the items for sale in today's food markets were not there 10 years ago.

There are some short-range changes noticeable in fresh fruit and vegetable supplies this week. Blue concord grapes, cauliflower, squash and eggplant are in evidence, and the first of the russet pear varieties are beginning to show alongside the Bartlett's. Soon, the countdown to frost will begin... and while Michigan citizens are of many different political persuasions this election fall, they can get together with full accord on the subject of frost... the later the better!

'Leather look' invades today's fashion scene

By LORRAINE SPRAGUE
Extension Home Economist

"The leather-look" has invaded the current fashion scene. Every one—from babes in bassinets to Golden Agers—is being offered leather-look garments made from anything from high grade hides to ground-up leather left-overs to various blends of vinyls and plastics. All they have in common is the leather-look: supple, lustrous, rich-looking, and rugged.

More than ever before, today's shopper of these leather-look garments must depend on the hangtags and information salespersons to know just what she is buying and the care she must expect to give it.

This discussion today centers on the look-a-likes, not real animal hides. These look-a-likes commonly bear the title of "fake-leathers."

One type of fake leather is that made from nylon fibers knit into tricot fabric which is then embossed with a leather grain. It looks very much like leather and adapts very well to both trims and entire garments. It is attractive, drapes well and most important, it "breathes," a characteristic which allows air to circulate freely throughout the fabric. Hand washing in a mild detergent and warm suds is recommended. Machine washing damages the embossing.

ANOTHER TYPE of fake-leather is a three-ply sandwich construction: a cotton fabric with a thin foam center and a vinyl topping. Such fabric looks and feels almost like the real thing; it comes in all shades of leather-browns with an attractive antiqued finish. Since the non-porous vinyl face surface does not "breathe" such fabrics are not suitable for slacks or total-

body outfits. It does make up into vests, skirts, some jackets and similar garments. Hand sponging or gentle machine washing for small garments is recommended usually. Consult the hangtag for specific details of care.

A cotton base with a polyurethane topping makes up a third type of fake leather. Cleaning recommendations are hand sponging with a sudsy cloth. The polyurethane construction allows a degree of porosity so that this fake-leather fabric breathes almost as well as natural leather. This material is being used for men's and women's outerwear, including rainwear, as well as for dresses and skirts. It is relatively inexpensive, is stain and spot resistant and it is very soft and pliable.

The fourth type of fake leather really isn't fake at all: it's made of scraps of real leather, pulverized to a fine powder, bonded to rayon or nylon fabric, dyed, coated with polyurethane and then embossed. You should see the words "genuine milled leather" identifying it. It seems to have many good points; less expensive than leather hides, can be handled in straight cuts like fabric, is supple and drapable, is porous and responds favorably to various cleaning methods. Since this product contains real leather, it must conform to Government regulations so all garments made of genuine milled leather must carry identifying hangtags.

Fake leathers are very evident in ready-mades but as yet are not generally available to the home sewer. General care instructions are to look for a hangtag and follow its care instructions carefully. Don't plan on tossing all such garments into the washer and dryer. Play safe by gently stroking the surface with a sponge or soft cloth dipped into suds, rinse with a damp cloth and hang to air dry. But try out this fashion fabric. It's tough, it's attractive, it's new, and it's fun. The in-crowd loves it.

Negotiators meet monthly

Negotiating committees for the St. Johns Board of Education and the St. Johns Education Assn. are meeting monthly this year in an effort to head off any problems before they become serious. This year's contract between the board and the teachers calls for these monthly get-togethers.

Teacher members of the committee are Roger Freeman, Walter Cole and Alice Thrun. Board representatives are William Richards, Fred Meyer and Supt. of Schools Earl Lancaster.

St. Johns negotiations for the current school year were completed by early last June. An early agreement again is one goal of the monthly meetings.

Meet Joanne Keys Wilson

Former Elsie woman appearing as singer in Miami Beach, Fla.

Elsie

By Mrs Neva Keys

ELSIE(c) — Joanne Keys Wilson, an alumnus of Elsie High School, has been appearing nightly at the beautiful Eden Roc in Miami Beach, Fla. She is featured for her song and piano stylings during the early cocktail hour preceding the big-name entertainment in the hotel's famous night club, Harry's American Show Room.

Joanne is the eldest daughter of Mr and Mrs Sidney J. Keys of Elsie. This is not the first appearance for Joanne at the Eden Roc, as she entertained at the mezzanine piano bar in the hotel's lobby during four evenings of the Republican convention.

Her longest engagement on Miami Beach was five months at the new Holiday Inn. Other engagements were at the luxurious Diplomat at the Hollywood-by-the-Sea, the Coach Room of the Colonial Inn, the Singapore Resort Hotel, Algiers and Old Forge Restaurant and Lounge (a Miami landmark).

For several years she appeared at many of the Miami and Hollywood country clubs and exclusive private clubs as accompanist for Broadway musical stars and entertaining groups.

SHE ALSO SERVED as rehearsal accompanist for others who performed with such shows as Barry Ashton's "Toujours Paris", presently at the Americana, and Sammy Spear's orchestra. Joanne has appeared on Poppy Field's radio show as accompanist for the popular singer, Mark Eastham, and was invited to return for her own performance.

ance on Author's Night when guests were John Jeasler, Miami News columnist and Marylin Marks, head writer for the "Honey-mooners" of the Jackie Gleason show.

During recent years she was accompanist for many small musical combos and also accompanied larger groups.

Joanne was accompanist for the North Miami Civic Orchestra during her earlier years in Florida and performed, for public concerts.

One year she was selected as accompanist for the North Shore Heights Woman's Club in presenting the annual North Shore Vanties, "The Green Gloves Revue", a benefit that netted \$1,000 for the South Florida Hospital. It featured Joanne as pianist. Her brother, Bud Keys, also an alumnus of Elsie High School, was featured in Latin-American songs.

Another year she was accompanist for the Tin Pan Band for the Sons and Daughters of Italy for their charities.

Joanne has given much of her musical talents to various churches as organist and choir director, particularly the Church of the Master (Presbyterian), her family church in Miami.

Only last month, Joanne provided music for the sixth annual Unity Retreat for the Southeastern Region representing seven

states and several countries of the Caribbean at the Americana Hotel. She played the Sunday evening service of the four-day retreat.

A NEW EXPERIENCE for Joanne was performing as an extra in the new movie, "Midnight Cowboy", recently filmed by Dustin Hoffman of "The Graduate" fame.

Joanne received her early training in the Elsie area, studying piano with the late, Miss Lillian Spivey of Ovid, organ with Mrs Harold Burk of Owosso and vocal training with Mrs Mae Goodrich, head of vocal music in the Elsie schools.

She was an accompanist for numerous vocal groups and ensembles in high school and a member of Mrs Goodrich's popular "Triple Trio" girls' singing group. She supplied music for various civic and service organizations and participated in musicals, operettas and recitals in addition to being organist at the Elsie Methodist Church.

During her high school years, Joanne heard and personally met many artists through membership in the Owosso Area Concert Association. While a junior, she was selected for membership in the National Music Camp at Interlochen where she spent eight weeks during the summer of 1947 studying organ, piano and choral work.

Joanne represented her school at the Music Educators National Conference in Detroit the following spring as a member of the All-State Chorus. She also participated in state music festivals at Michigan State University and the University of Michigan.

DURING HER senior year Joanne was chosen by Dr Eugene F. Grove, then head of the music department of Alma College, to be accompanist for the Central Michigan Music Festival held in Perry with several hundred musicians from five area high schools performing.

As a music major, she attended Alma College studying under Glen C. Stewart, Miss Rose Lee Reed, and Dr Eugene Grove. She was a member of the a cappella choir which made concert tours of the state, appeared on Alma Radio Station, WFCY and was selected to the queen's court for the 1948 homecoming at Alma College.

Later Joanne transferred to MSU where she studied under Mrs Helen Shell, organist of the People's Church at East Lansing and was a member of the women's chorus under the direction of Richard Klausell.

After her marriage to Kenneth E. Wilson of Detroit they lived in the Detroit area and in Levittown, Pa.

Joanne and her family moved to Miami in 1955 where she con-

JOANNE KEYS WILSON

tinued her music studies, and also added Yiddish, French and Italian songs to her repertoire.

In addition to all of this activity, Joanne and her husband have four children—Brant 17, Stephen 16, Jeffrey 13, and Mark 8. With out the cooperative efforts of other entire family through these years, Joanne says she could never have carried on her musical career.

Joanne and her family now live at 14421 N. W. 16th Court, Miami, Fla. 33167.

Veterans Day 1968

The commitment of the United States to battle in Viet Nam did not come because of direct attack against the territory or the armed forces of this nation. Our immediate survival is not the reason young men are called upon to fight as they were, for example, on the day of Pearl Harbor. Then the threat could be easily seen; there was nothing abstract about it.

And, World War I was "the war to end wars." The young men were called, and the nation stood behind them.

Now, in the jungles of Asia, they fight again, and this time perhaps for the most urgent cause of all—to gain time in which the governments of the two great nuclear powers can recognize the realities of this age which they have created and learn new ways to settle their differences.

Veterans Day is observed on Nov. 11, for the purpose of honoring those veterans living and dead who have served in the U.S. armed forces in time of war. Special honor should be accorded to the veterans of Viet Nam—the men who still fight there and those who have yet to go. They do more than defend their country's honor and ideals which in itself would be enough. They are buying time for the survival of civilization itself.

It's not the 'in' thing

For quite awhile now, the use of marihuana has been touted in some circles as a harmless diversion that can provide a stimulating new experience.

It is appropriate at this time to remind those who still cling to this misconception that the American Medical Assn. and the National Research Council have stripped marihuana of its aura of "respectability" and shown it for what it is—a dangerous drug.

In a recent statement, the two groups, among the most qualified authorities on the subject, emphasized that just because marihuana is not physically addicting does not mean it is not dangerous.

For one thing, those who use it repeatedly can become psychologically dependent—preoccupied with smoking "pot." This can lead to neglect of personal hygiene and of productive tasks and eventually to becoming a burden to society. It can also lead to taking other drugs and to psychiatric problems.

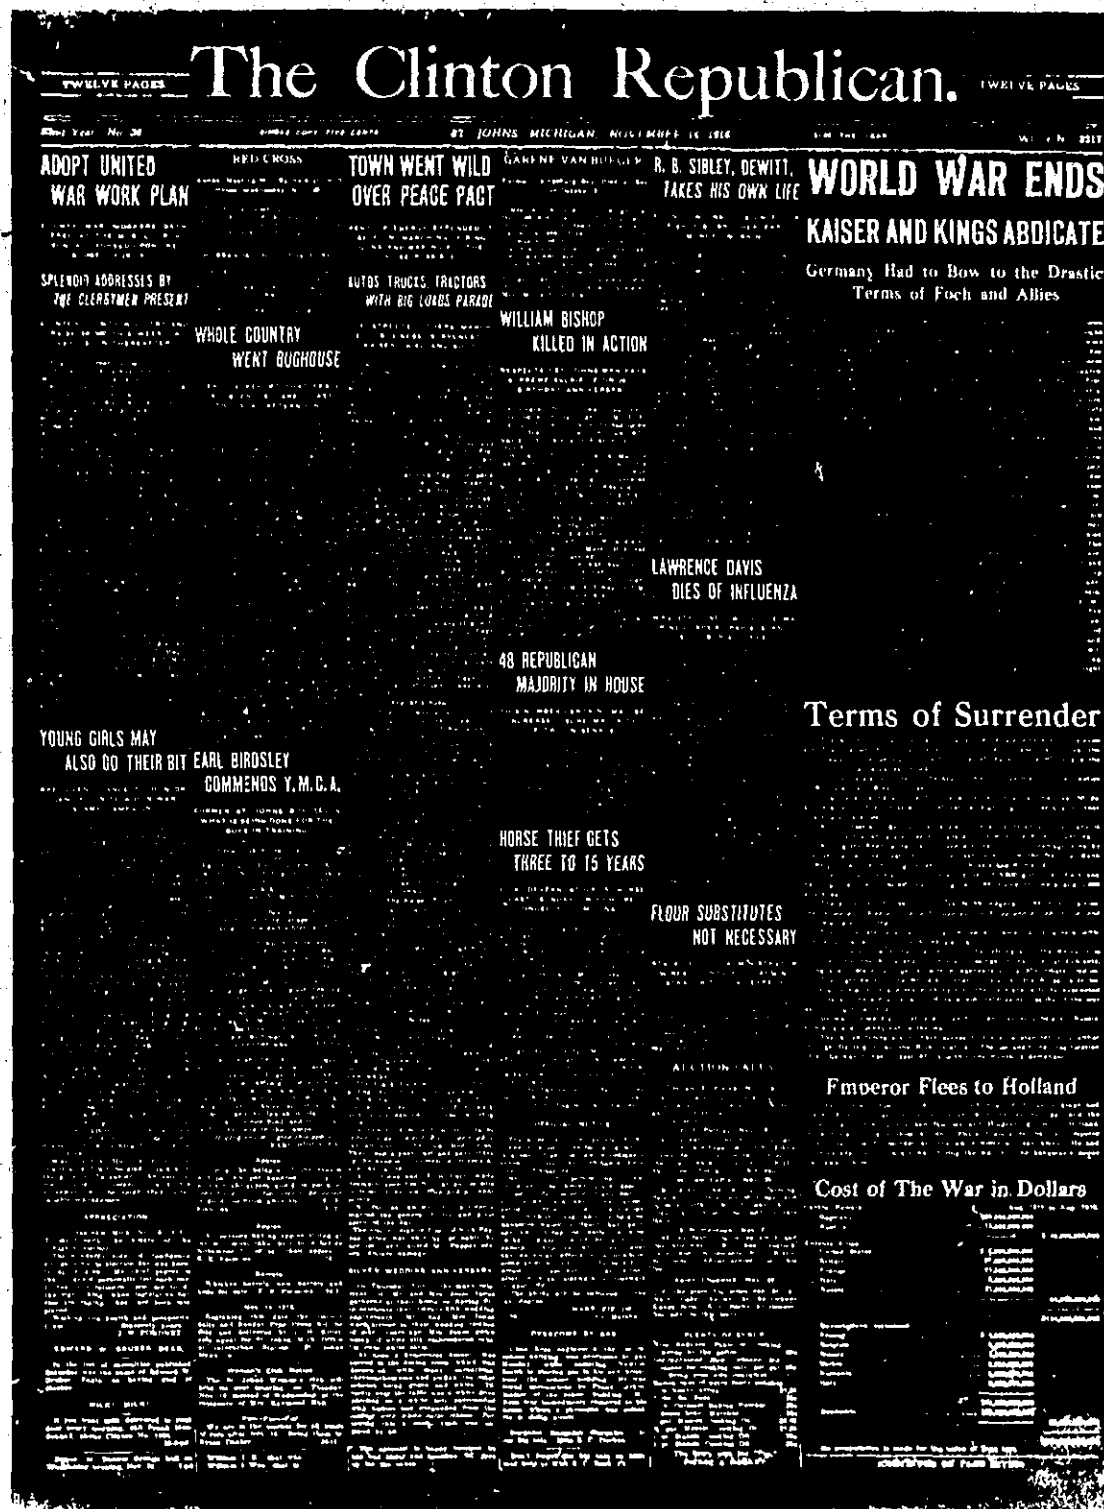

What about those who use marihuana only sporadically?

Unlike the typical drinker of alcohol, the typical smoker of marihuana uses the drug for the express purpose of becoming intoxicated. He doesn't take one or two puffs. He keeps dragging until he is "high"—and, at that point, he's every bit as dangerous as a drunk in social situations like driving a car.

Getting high—whether on alcohol, pot, LSD, or "speed"—is an attempt to dodge the responsibility of coming to grips with reality. The real world may not be a pretty one to some, but it's the only one we have and evasive flights into the treacherous fantasy world of drug euphoria will do nothing to make it better.

The medical and pharmaceutical professions and others in the scientific community are the first to acknowledge that more needs to be known about the long-range effects of marihuana and other drug abuse. As research continues, however, it is well to remember that there already is considerable evidence that such drug does indeed have deleterious effects.

While science works to sift out further findings, none of us should be deluded into believing that the abuse of marihuana or any other intoxicating drug is either safe or the "in" thing to do.

LET THE GLAD NEWS BE PROCLAIMED

This is a reproduction of the front page of the Clinton County Republican of Nov. 14, 1918, proclaiming the end of World War I and the peace celebration that the armistice unleashed in St. Johns. This print was made from microfilm records of the Clinton County News. The article "Town Went Wild Over Peace Pact" in column three is reprinted in a Page 1 feature this week in the County News.

'IF IT FITZ ...'

Clowns can cry, too

By JIM FITZGERALD

I like to write columns that start out like this:

THE KIDS WERE amazed when I got home from the football game Saturday and went directly to bed. It was only 10 p.m. and I usually don't retire until after the Johnny Carson show.

The thing is, I wanted to make sure I had a bed.

A few days earlier, my wife had sold the bed we'd shared for several hundred years. I just came home one evening and it was gone, smackdab disappeared. This was the final shot in her lengthy campaign to buy new bedroom furniture—which would not be delivered for a week. In the meantime, we could sleep in the guest room which automatically ceases to be a guest room whenever our oldest daughter comes home for the weekend. Then it becomes her room again.

So Dear Old Dad was flopping early, just in case. But the kids...

AND YOU CAN see how the column would continue from there. An innocent attempt to amuse you with an only-slightly exaggerated account of the domestic tragedies which make bloody the brow of me, the average husband. But sometimes the chuckles and wisecracks come hard. Especially when I just read about Scottie Damaschke.

Scottie is a 2 1/2-year-old boy who lives with Mr. and Mrs. Frank Damaschke in Port Huron. They love Scottie and he loves them. They are the only parents he has ever known. But there is a problem—Scottie's skin is black and the Damaschkes' skin is not.

This is a big hairy deal, of course. The Damaschkes want to keep Scottie. No one else wants him. But still, the couple have been in and out of probate, circuit and appeals courts for months. And the future looks like more of the same—endless legal battles plus the constant fear that any minute their boy may be taken from them.

Black people and white people

just aren't supposed to live that close. Goodness, one judge wondered, who would that black boy expect to date when he is in high school? How would he explain the difference between him and his parents? There are real problems.

But why?

I spend a lot of time wondering why. I wondered extra hard recently when I heard from a friend whose daughter is seriously ill in Ann Arbor hospital. Some of the nurses and attendants in his daughter's ward are black and some are white. The patients also come in various shades. Please listen to what my friend wrote:

"They are color blind in the wards, where black children and white children lie side by side in their beds. You don't think in terms of black or white, but in terms of individuals and their problems."

"The important thing is that you find yourself not caring whether a nurse or an aide or a therapist is black or white or orange or green, for these people

are doing important jobs and doing them well. The boy with one leg or the young girl that's paralyzed or the small child awaiting a new life with heart surgery—do you care if that child is black or white? Does it really make a difference?

"I know I am guilty of oversimplification and perhaps too prejudiced by emotion, but when I see a black nurse tenderly holding a white baby with a tube coming out of its throat—rocking it gently and murmuring words of compassion; of a white nurse gently tending to a black youngster that lies immobile and in pain; when I see this I am touched by the thought that such color blindness is a wonderful thing, and all too rare in this world of ours today."

ALL TOO RARE. And that's why, some days, it's impossible to write funny things about how I lost my bed.

Clowns can cry, too... cry for a civilization which must go to court because two white people love a black boy.

RAMBLIN' WITH RINK

In the doghouse at Halloween

Halloween can be a traumatic experience when you are left alone in a house with a traumatic dog. Our dog fits this description, and last Thursday night fits the description, too, because I was left alone while my daughter was out trick or treating.

Button, said dog, goes wild whenever the doorbell rings. She goes wild in the sense that she barks her head off and makes like the most ferocious thing since the creature from the dark lagoon. She's 99 per cent noise, and the rest of her is so old as to be written off as worthless for protection. But she bluffs well.

Thank goodness it was a warm night, for I was able to leave the inside front door open so I could see the kids coming up the walk and could get to the door before they rang the bell. Occasionally they rang it anyway, resulting in a volley of barking that maybe made the kids more frightened than frightening.

BEFORE THE FIRST group of spooks and goblins came, I decided to shut the dog up in Kathy's playroom so she wouldn't be a bother. This usually produces nothing but dark looks, but this night she began to yelp and whine; there wasn't much we could do but bring her out to the living room. Knowing that she would be down out of her chair and under my feet trying to get out the door to sniff over the spooks, I put her leash on and fastened it around the leg of the chair. This allowed her a certain freedom of movement but did prevent her from getting close to the door.

It did not keep her mouth shut. She was down out of her chair at the arrival of each youngster or group, straining at

the leash and her nose quivering for some indication of who it was. Whenever the doorbell would ring, she would go into a tirade.

The barking raised havoc with my tape recorder. I had fastened my microphone to the doorway and, unbeknownst to the youngsters who tramped to the door, taped many of their requests and comments. The barking of the dog about knocked the ear-plug out when I later transcribed the tape.

What was perhaps the worst part of the evening's experience was to bear up under some plenty dirty looks from Button. She would hop back up in her chair after each group of youngsters left or would walk as far as she could toward the kitchen, turn her back to me and sit down. When she would turn to-

ward me, she would alternate with the "darn you" look in her eyes and the pleading "Please!" expression.

I felt like a dog myself. After my family returned and some of my fans who think I look like Pat Paulson had been there, traffic onto the porch slowed down, and we took the leash off Button. She never did warm up to me again that evening, but she did to Kathy and the good wife, who sat themselves on the floor to divvy up Kathy's loot.

Even when I offered Button a piece of chocolate candy, she refused to have much to do with me. She mouthed it, but then let it drop on the rug, where it soon became stuck. Now my wife's got me in the dog house, too.

GRASSROOTS OPINION

DYERSBURG, Tenn., MIRROR: "There is no doubt in anyone's mind that driving at an excessive rate of speed on any highway is a dangerous practice that flirts with death and injury to those who speed and to those on the same highway with the speeder. But there is a reverse side to the coin of automobile driving. The other side and a big menace is the too slow driver. He is the infuriating 'creeper' who moseys along a public highway at a rate of 15 to 30 miles per hour. The reasons for his 'creeper' might be anything from lack of faith in his handling of the car to the fact that he's always enjoying the scenery. One fact though is always apparent—he's completely oblivious to the piled up string of traffic stretching behind him on curves and hills."

WATERVILLE, Minn., ADVANCE: "Income tax, state tax, federal tax, sales tax, luxury tax, inheritance tax, improvement tax, etc., etc., etc. You name it, we've got a tax on it. Now comes the surtax. Even the citizens' patience is being 'taxed' but that seems to make no difference to our legislators or administrators. As long as they can think of anything to tax, they slap it on and then let us worry about finding some way to pay it."

GRANGEVILLE, Idaho, FREE PRESS: "Competition, the good American democratic way of life, keeps people alert, on their toes and interested in what is going on."

BAY SHORE, N. Y., ISLIP BULLETIN: "The privilege of voting is something of which we would not want to be deprived, yet so many of us find it too inconvenient even to register and cast our ballot. Many of us talk a lot, complain a lot about everything, curse the people in office, from the lowly councilman to the fellow who lives a pretty lonely life in a big white house on Pennsylvania Avenue in Washington, yet we do very little outside of our own little tightly structured world that is constructive. The least we can do is vote."

A look into the past

THE NOT-TOO-DISTANT PAST

Being as how Phillips Implement Co. observed its 15th anniversary in St. Johns last weekend, it is only fitting that we run this picture showing how the building on North Lansing Street looked shortly after owner Harold Phillips came here and before he remodelled.

Clinton needs 60% more physicians, report contends

Clinton County should have about 60 per cent more doctors—and Michigan 25 per cent more—just to meet present needs, a study by the Michigan Health Council of East Lansing indicates.

Preliminary results of a medical manpower study in 14 southwestern Michigan counties, including Clinton, show the counties need an additional 289 physicians if they are to meet current demands for medical services.

Clinton County now has 14 medical doctors, the report notes, 13 of which are in private practice. Twelve of these have a general practice while one specializes in general surgery.

The Report contends Clinton County needs nine more physicians, including five in general

practice, one in general surgery, one in internal medicine, one in obstetrics-gynecology and one in pediatrics.

The need for doctors locally and statewide comes as no surprise to the Michigan Health Council, according to John A. Doherty, MHC executive director.

"NEARLY EVERY DAY WE receive calls from doctors and other health leaders asking for help in obtaining additional doctors for their communities. Some doctors are becoming desperate about their situations. Some medical doctors with many years of specialized training in surgery and other medical specialties are having to go back to general practice because of the acute shortage of family physicians." Physicians and hospital administrators who

took part in the study estimated a need for 99 additional general practitioners and 190 medical specialists. They reported opportunities for 38 trained in internal medicine, 28 pediatricians, 22 psychiatrists, 21 obstetrician-gynecologists, and 13 general surgeons.

There currently are 1,176 physicians within the 14-county area—386 general practitioners and 790 specialists—serving a population of approximately 1,300,000, reports Doherty.

More than 90 per cent of the doctors interviewed believe the shortage of physicians would be helped immeasurably by expanding the two-year College of Human Medicine at Michigan State University to a full four-year, degree-granting institution. They also felt that medical schools at Wayne State University and the Uni-

versity of Michigan should be expanded. Students currently enrolled in medical schools should be encouraged to pursue careers in family or clinical medicine, the survey participants said.

If the Southwestern Michigan survey requests are projected for all of Michigan, Doherty said the state would need upwards of 2,000 more practicing physicians. This alarming figure is much worse than a 1966 estimate by the Michigan Health Council which predicted the state was some 600 to 1,000 doctors short of meeting present medical needs of its citizens. An expanding population probably will make the future patient-to-medical doctor ratio even worse than the present 840-to-1 Doherty predicts.

THE STUDY WAS CONDUCTED with a grant from the Michigan Foundation for Medical and

Health Education in the counties of Allegan, Barry, Berrien, Branch, Calhoun, Cass, Clinton, Eaton, Hillsdale, Ingham, Jackson, Kalamazoo, St. Joseph and Van Buren.

The Michigan Health Council's statistical summary on the 14 counties studied noted that Clinton County had only one community hospital (Clinton Memorial Hospital in St. Johns) with 85 beds. It estimated county population in 1970 at 47,800.

There are presently some 10,050 physicians in the state now, including only 2,208 in general practice and only 6,350 in private practice. Some 2,000 more physicians are needed.

Nationwide there are 293,874 physicians, including 179,641 in private practice and only 64,957 in general practice. A total of 50,000 more physicians are needed in the United States, the report contends.

MICHIGAN MIRROR

Plan to improve

With little fanfare, a handful of state legislators has set out to strengthen the Michigan House of Representatives.

The goal of the effort is to make the 110-member body more efficient and thereby cut law-making costs.

Rep. Martin D. Buth, R-Comstock Park, chairman of a special house rehabilitation study committee, said several changes have been suggested.

Then include cutting house members' expenditures, eliminating "no - vote" explanations and streamlining preliminary debate procedures.

Rep. Don Pears, R-Buchanan, a committee member, said he would like to see the legislative schedule revised. He suggested advancing the deadlines for drafting and introducing bills.

"This would avoid the pileup of bills with too few days to consider them at the end of the session," Pears said.

ACCORDING TO PEARS, the present system of clearing the backlog of bills in a hurry before final adjournment results in "round - the - clock sessions which often defeat good and pass bad legislation."

The handling of guest introductions also needs improvement, Pears said. "It is necessary to have visiting groups recognized, but something should be worked out to reduce the time this takes," he said.

Rep. Michael Novak, D-Detroit, doesn't believe reducing the number of legislators is the right approach. A better idea, he says, is stronger committee makeup.

"A small group won't be efficient unless there is committee reorganization," Novak said. "The house needs more committees to handle the large number of bills."

Rep. Albert Kramer, D-Oak Park, disagrees. He says there should be fewer, not more, committees.

"We should consolidate to avoid overlapping and conflict," Kramer added. "Fewer committees with a larger membership will eliminate having to look for a quorum."

Committees should also be able to coordinate bills rather than approve several on the same subject, Kramer said. "Instead of waiting for a bill to be printed, members should have duplicate copies available to them immediately."

Rep. George Montgomery, D-Detroit, agrees committee membership should be more closely regulated.

"NO MEMBER SHOULD be on four or five committees, and minor committees shouldn't be allowed to meet in prime times (Tuesday, Wednesday and Thursday mornings)," he said.

Novak suggested committee chairmen be compelled to call meetings as soon as they receive a bill. "All too often they wait until there is a pile of them," he said.

Also, Novak added, the no-vote explanations are often a "waste of time." These are an individual's reasons for voting negatively on a measure.

Montgomery concurred that the no-vote explanation "has been much abused lately with much material not to the point."

Other representatives pointed out that members' expenditures need examination and new regulation. The question of how to curtail expenses, however, seems unanswerable. Some "progress" has been made with the use of phones in the capitol, giving toll free service to the Detroit area.

Another topic of considerable discussion is how to regulate the amount of mail members can charge to the state. "It amounts to an almost continuous mailing," said Pears.

Attempts were made to fix limits on the number of news releases a representative may mail at state expense. But the argument is raised that sparsely-

populated areas rely heavily on such releases and shouldn't be restricted to a specific quota.

Another suggestion which rarely gets off the ground is to allot a certain amount of money for news releases and other mailings. When this money is depleted, the theory goes, the representative makes up the difference from his own pocket.

Whatever the case, the study committee promises to come up with concrete recommendations for presentation to the 1969 legislature.

If past history is any indicator, it will take more than a handful of lawmakers to convince a house majority that change is in order.

Florence, Italy, a high spot for touring St. Johns youths

(Editor's note: This is the last part of a two-part series written by two local youths who spent six weeks touring Europe this past summer as members of a group of Foreign Language League students. The first part was published two weeks ago.)

By PETE ALLABY and JANE ALLABY

Mr. Sapranco, our very nice travel agent while in Rome, met us at the train station and had four tour buses waiting for us. Our boys, with the help of the bus drivers, made quick work of loading our luggage and we were off to our new lodging places. It was a warm night, and the streets were alive with people and traffic. Parts of the city could be taken for any large city in the United States. But viewing the ruins is another story in itself.

Florence was the place most of us were waiting for, not especially because we were art lovers but because we were tourists who wanted to buy a lot of goods. The stores had gorgeous merchandise, and most of us did buy a lot. We stayed within walking distance of Michaelangelo Institute displaying his famous David. We could walk to the Uffizi gallery where flood marks from the Arno River could still be seen.

It was the mayor of Florence who received our token of a key from St. Johns. He was very gracious and presented each of us a Michaelangelo Book (printed in Italian), then served us punch and cookies.

WE ALSO HAD AN opportunity to swim in the Mediterranean Sea. A person cannot describe the beauty of the blue, blue water. We took side excursions to the Leaning Tower of Pisa. It was an awesome structure with a glorious past.

In Germany we stayed in a castle. It is used as a boy's school during the winter and costs \$150 per month for tuition.

Salzburg had a very musical atmosphere because a music festival was going to start that night. We saw where "Sound of Music" was made, and anyone who saw

Cathy Nuser receives her diploma from the school during ceremonies in the ballroom of a German castle.

the movie would know what a big thrill that was.

We also visited the concentration camps at Dachau. We really can't describe the feeling we had walking through there and seeing all of the torturous mechanisms.

WE LEFT GERMANY on July 31, and stopped at Shannon International Airport in Ireland to refuel and then we were off again for the United States. As soon as we landed in Philadelphia we realized it was the end of the most memorable summer that we could experience.

We enjoyed our summer immensely and learned a lot about people, life in general, and America. We could not have learned

as much from any book in such a short time.

We appreciated the letters that we received from the many friends made on this trip, and a special thanks to Mrs. Beatrice Barnum.

Special note: October and early November is the only time to apply for next summer. Any student between the ages of 16 and 19 with good school grades and a desire for European culture and travel is invited to apply.

This particular trip is the very popular throughout the United States and fills up very quickly. Persons interested should contact Mrs. Barnum immediately at 601 N. Clinton Avenue, St. Johns.

SJHS students commended

The cramped conditions at St. Johns High School this year have forced study hall into the balcony of the auditorium, but so far students are taking the move in good stride.

Principal B. Stanley Pocus commended the students for being "most cooperative under very adverse study conditions - poor lighting, books and writing materials on their laps, and uncomfortable seats."

Last year's study hall on the second floor east wing was converted during the summer into two classrooms because of the large enrollment.

Jalopy

The expression "jalopy" for an automobile originated in the 1900s. Because of a shortage of cars in Mexico, many were shipped to Jalapa, Mexico, for resale and thus arose the corrupted term "jalopy," meaning an automobile.
