ST JOHNS, MICHIGAN 48879

42 Pages

November 8, 1973

Mr and Mrs Roger Beebe and daughter, Annette, 2 years old, participate in the infant swimming classes at St Johns High School Saturday mornings. They are enrolled in an 8-week course with the next course to start Jan 5. Persons may call 224-2394 for additional information.

## St Johns elects Arehart, Wilcox

ST JOHNS—St Johns has 2 new city commissioners following the Tuesday election that saw 2 incumbents lose to 2 challengers.

John Arehart and Gerald Wilcox were both elected to 4-year positions on the Commission, defeating incumbents Dr James Grost and Jeanne Rand.

Arehart topped the vote-getters in Precinct 1 with Arehart getting 172 and Wilcox 165. Dr Grost received 141 and Rand 109.

In the 2nd precinct Arehart received 110 votes, Wilcox was next with 96, Dr Grost received 77 and Rand received 83.

IT WAS AREHART again in the 3rd precinct with 156 votes with Wilcox receiving 135, Dr Grost was 5 back with 130 and Rand received 93.

Arehart topped the 4th Precinct with 150 votes and Wilcox finished with 137. Dr Grost was close behind with 131 and Rand received 104.

In the 5th Precinct, it was once again Arehart, walking away with 148 votes while Wilcox held a strong hold for the 2nd spot with 95 votes. Dr Grost received 81 and Rand finished with 84 in that precinct.

Dr Grost took the absentee voter department with 32 votes. Jeanne Rand received 28

absentee votes, Wilcox 19 and Arehart 14. It is estimated that approximately 1200 people voted in the election.

Following the Tuesday election, a reorganization meeting will be held Monday night at 8 pm.

At that meeting a new mayor and vice-mayor will be selected by the commission.

CURRENT MAYOR is Robert Wood and vice-mayor is Jeanne Rand.

Also to be selected are members of the Planning Commission, Library Board, Board of Appeals, Parking Board, Board of Review and Park Board.

## County funeral home purchase reversed

ST JOHNS—What was to be the new Clinton County District Court Building became undone Tuesday morning when a necessary 2/3 vote failed, on a 2nd time around, to approve the purchase of Hoag Funeral Home as the District Court building.

It was revealed at the Tuesday meeting that problems had arisen since the decision 2 weeks ago to purchase the funeral home for \$140,000 to be used as a District Court.

One of the major problems was the information that it was not legal for the county to purchase such a piece of property on a land contract.

Also posing a problem was the vote of Derril Shnabery, chairman of County Board of Commissioners. Shnabery is a sales agent for Briggs Realty which handled the sale of the funeral home. He removed himself from the board at the meeting Tuesday to remove any possible conflict of interest.

Because of the problems which prevented closing the sale another vote was taken and it failed to achieve the 2/3 majority needed. Providing the no votes against the measure were Roger Overway, Duane Chamberlain and Harold Martin.

Voting to approve the purchase were Maurice Gove, Don Gilson, Virginia Zeeb, Alta Reed, Dyle Henning, William Hufnagel and Gerald Shepard.

Among those opposed to the purchase was Overway, who questioned why plans from the building authority were not used in providing the building.

Harold Martin, another who voted not to purchase the site, referred the mention of a lawsuit brought up earlier by Don Gilson who said that owners of the property have been told they can start a suit against the county, evidently referring to the damages incurred by the owners getting out of the

funeral home business on the assumption the county would purchase the building.

In the afternoon session, Gerald Wilcox reported to the County News that a straw vote of the County Commission re-affirmed a desire to study the Building Authority approach to the District Court problems.

The building and land is listed in St Johns City Hall as being assessed at an equalized valuation of \$34,000 or a total value of \$68,000.

## Township wins 1 sewer battle

ST JOHNS -- Circuit Court Judge Leo Corkin granted Bath Township a summary judgement last week against arguments of a group of people opposing the proposed sewer system in Bath Township.

Pat Berrardo, attorney for the township, called the actions by the plaintiffs "hogwash".

The plaintiffs claimed the township could not build a sewer system for the amount of money announced, but Berrardo presented evidence that the contractor had extended

the bid on the job into December.

With that evidence, Judge Corkin said he felt the township had as much of a contract at the price announced by the township and granted the summary judgement.

During the testimony, Berrardo referred to an alleged statement by Omer Thereaux printed in the Lansing State Journal Aug 30.

That statement was "We'll do anything we can to keep it (sewer project) tied up . . . and we've got a few ideas hot to, too."

## Publisher Dale Stafford

### dies at age 65.

Dale Stafford, editor of The (Greenville) Daily News, resident and benefactor to Greenville for the past 22 years, died Sunday at Bldgett Memorial Hospital, Grand Rapids. Mr Stafford was 65.

The Greenville News, Inc. also owns the Clinton County News, St Johns, as well as 3 other mid-Michigan weekly newspapers.

A brief memorial service was held at 1 pm Monday at Brown-Teman Funeral Home. Interment was at Forest Home cemetery.

Mr Stafford was born Jan 25, 1908 in St Louis. He was a graduate of Lansing High School and attended Michigan State University and the Detroit College of Law.

He began his newspaper career as sports editor of the now defunct Lansing Capital News when he was only 17. After one year on the Capital News staff, Mr Stafford entered Michigan State University where he became the school's first athletic publicity director while still a student. The university was later to honor him with a distinguished alumni award for his work in the communications field.

In 1929 Mr Stafford joined the Pontiac Press as a reporter, became that newspaper's first photographer and rose to the position of sports editor, a field of coverage he dearly enjoyed and studied.

In 1937 he became a reporter for the

DALE STAFFORD

Associated Press, covering primarily labor disputes that plagued Detroit during that era. He was later named Michigan sports

editor of the Associated Press and in January 1941 became sports editor of the Detroit Free Press, a position he held for the next 4 years.

In 1945 Mr Stafford was named assistant managing editor and subsequently managing editor of the Free Press, a title he retained until he left Detroit to go to Greenville in 1951.

During his years as managing editor of the Free Press, that newspaper's circulation rose to surpass the other 2 Detroit dailies for the first time in its history.

Mr Stafford purchased the Greenville paper Dec 1, 1951. He later converted the newspaper to the first offset daily in Michigan and one of the first in the nation. Under Mr Stafford's direction, The Daily News became a leader in its field and received numerous editorial and typography awards. The Daily News became the blueprint for the growth of offset daily production in Michigan under his leadership. As a result, Mr Stafford was a much sought after lecturer in the United States and abroad.

Although giving up the position of publisher of The Daily News to his son John, who for several years was editor of the Gratiot County Herald, Mr Stafford retained the title of editor of the Greenville publication.

Mr Stafford had a deep affection for trees which led him annually to give away thousands for the beautification of the Greenville, Belding, Montcalm County area. Most of the trees lining Greenville's Lafayette St are there because of Mr Stafford's generosity and desire for an attractive main street. He also personally financed Greenville's first summer recreation program from which the present program has grown.

For the betterment of these and other community projects, the family has established the Dale Stafford Community Enrichment Fund. Contributions can be made to the fund.

Mr Stafford served as president of the Greenville Area Chamber of Commerce and for 9 years was on the board of directors at United Memorial Hospital. He was also a director of the Montcalm County United Fund and was active in soil conservation work, a project that won him an award as Michigan's top conservationist.

He was also a director of First State Bank of Greenville, Lu Van, Inc of Belding, and Edison Travel Bureau, Ft Myers Beach.

In the field of education, Mr Stafford was one of the original trustees of Grand Valley State College and was national president of the Michigan State University Alumni Assn.

In addition, Mr Stafford was past Michigan president of the Associated Press, past president of the Michigan Press Assn, board chairman of Inland Daily Press Assn and a member of Sigma Delta Chi, a national journalistic fraternity.

Mr Stafford is survived by his wife, Vivian, whom he married May 5, 1931 in Bowling Green, Ohio; one son, John, president of Greenville News Inc, and 3 grandchildren, Robert, Michael and Julie.

## SJAE, Holzhei earn awards

ST JOHNS -- Robert Holzhei and the St Johns Education Association have won public relations awards from the Michigan Education Association for excellence in developing and implementing local community relations programs for teachers.

Called the "E. Dale Kennedy Award for Public Relations," the prize is named after the past-executive secretary of the MEA.

According to the judges, the award was presented to Robert Holzhei, past-president of the SJAE and local high school teacher, for his work in St Johns, and also his public relations efforts for the Western Eight Coordinating Council of the MEA.

"Holzhei was the chief architect of the St Johns PR program and the guiding force that sustained the effort over a long period of time. His creative mind and ability to capitalize on opportunities for good public relations have stood both him and his membership in good stead," said judges.

"Never in the history of public relations has there been anyone so imbued with missionary zeal of public relations and so

tenacious about making sure the job gets done -- and done well," stated the judges. St Johns EA became one of the first small locals in Michigan to attempt a well balanced, multi-faceted, positive PR program in a non-crisis situation.

Determined to improve community-teacher relations, the SJAE leadership attained results by utilizing all resources available.

Among other things, the SJAE published a community newsletter, sponsored a five minute radio program, ran weekly newspaper ads, utilized radio and TV for human interest and educational news.

According to the judges, it was, "One of the most creative and comprehensive small local PR programs ever."

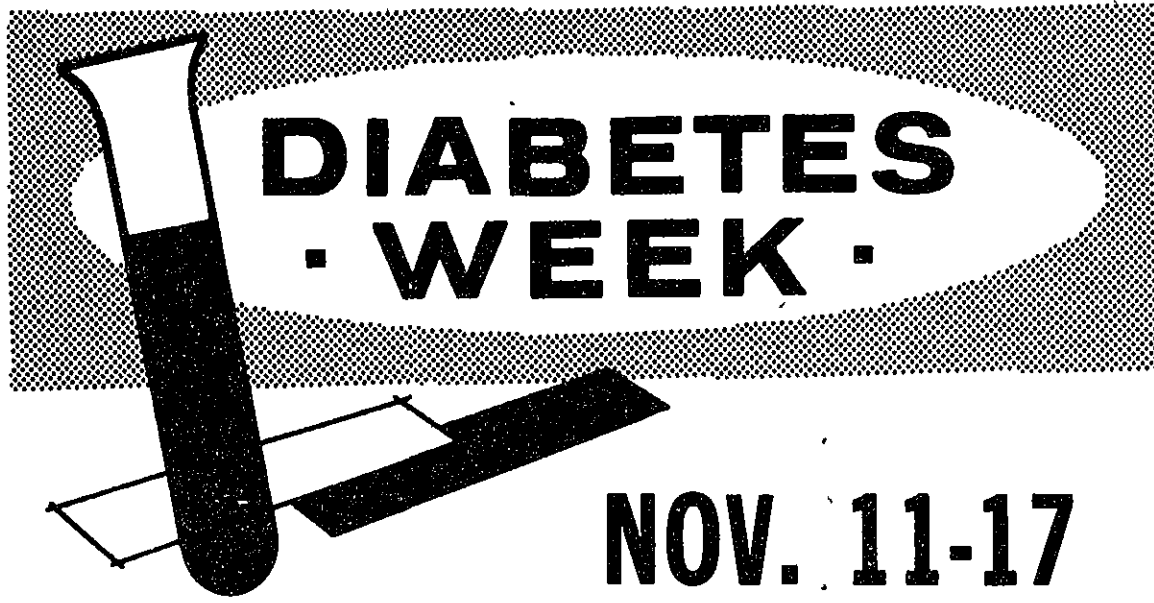

Western Eight Coordinating Council, which was chaired by Robert Holzhei during the past year, was awarded 5 of the 8 PR honors given throughout the state.

The council consists of 13 school districts in Eaton and Clinton Counties.

From a distance, the smoke may have made passers-by think the whole IGA Store was on fire, but it was just a roofing tar machine here being doused by St Johns firemen.

## Central National Bank to award annual scholarship to outstanding athlete

Harold Wellman (left), president of Central National Bank and Earl Lancaster, St. Johns superintendent of schools inspect the announcement of a scholarship to be awarded annually by the bank to the schools most outstanding senior athlete.

ST. JOHNS - Central National Bank and the St. Johns School District have announced an annual scholarship to be awarded by the bank to the outstanding St. Johns High School senior athlete.

Conditions of the \$250 scholarship award are:

I He must be voted the Outstanding Senior Athlete by the Athletic Council of the St. Johns High School.

II The recipient may claim this award at Central National Bank upon enrolling in the institution of higher learning.

III The award will be held for the recipient for a period of one college school year commencing the fall following the awarding of the scholarship and ending at the beginning of the next fall term. If the award is not claimed at the end of the one year period it goes to the runner up of that year whose name will be of file in the Athletic Directors office.

Qualifications of the Outstanding Senior Athlete:

The following criteria are used in the selection of the Outstanding Athlete:

1. The number of athletic activities and accomplishments.

2. Leadership accomplishments.

3. Citizenship within and outside of athletics.

4. Minor consideration should be given to past athletic history in case of a close decision between two candidates.

5. Scholarships.

The monetary conditions of this scholarship may be changed upon mutual consent of the following parties:

President of Central National Bank or his designee.  
Superintendent of Schools  
Principal of the High School.

Presenting \$60 for the United Fund to chairman Charles Huntington are students of Rodney B. Wilson High School who represent students who raised the money during a recent Saturday Clean-Up Day. Presenting the money are (from left) Kelly McElroy; Mark Kemper, 8th grade president; Jeff Cox, Student Council president and Art Balls, 7th grade class president.

## New veterinarian opens practice in St. Johns area

ST. JOHNS - Robert Malesky, DVM, has opened a veterinarian practice, at Rt 1, Colony Rd, between Grove and Lowell Rd.

In practice a little over a month, Malesky comes to the St. Johns area from Stockbridge where he was in practice and also taught at Michigan State University.

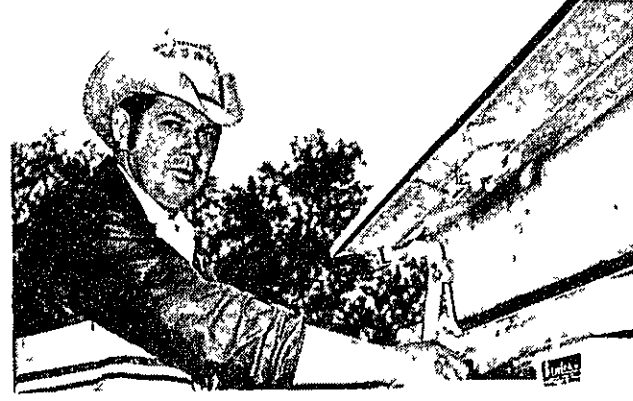

A 1971 graduate of MSU who also holds an associate degree in business administration, he was born and raised in Detroit.

He served with the US Army from 1960 to 1963.

Currently he is primarily in the large animal practice and will expand into the small animal area when clinic facilities are completed.

He is currently in negotiations to open a clinic facility in St. Johns on South US-27.

He and his wife, Penny, are the parents of 2 girls, Dana, 2, and Sara, 1.

ROBERT MALESKY AND MOBILE LAB

## Gary Larsen conducts gun safety program

ST. JOHNS - Ninety-two students received gun safety instruction the week of Oct 23-25, with the program conducted by Gary Larsen, a St. Johns High School science teacher.

He was assisted in the program at Rodney B. Wilson Junior High by James Martindale, John Minsky and Sam Serrell, in securing materials, getting equipment and administering the program.

A total of 89 of the students participating in the program attend Rodney B. Wilson.

## St. Johns schools set parent conference dates

The St. Johns Public Schools are planning Parent Conferences at the elementary, junior high and senior high levels.

Elementary conferences are scheduled from 12:30 - 3:30 pm Nov 14-15-16. Elementary students will be dismissed at 11:45 am on these conference days.

The junior and senior high schools will hold scheduled parent conferences Thursday, Nov 15 from 1:30 - 3:30 pm.

Any parent who has not been notified about a conference and would like to talk with their son or daughters' teachers may call

the school and schedule a conference time.

Evening sessions will also be held starting at 7 pm in both the junior and senior high schools.

During the evening sessions, parents will have the opportunity to go through an abbreviated form of their son or daughters' class schedule.

Secondary students will be dismissed at 1 pm from the junior high and 1:10 pm from the senior high Thursday, Nov 15.

Notices will be sent home during the week of Nov 5 giving more detailed information.

**This is Goldie Moore Week**

Goldie is retiring after being a 4-H leader for 25 years. Beginning with a small group those many years ago, she led it into a large club known today as the Olive 4-H Projects Club. In addition she has served on many county committees and was a member of the 4-H Council for several years. Goldie and her husband Raymond are members of the Friendly Farmers Community Farm Bureau Group. She is an active member of the Clinton County Farm Bureau, Women and the Friendly Neighbors Extension Group. In addition to these activities Mrs. Moore serves as an organist for the Hope Lutheran Church of DeWitt.

# Last week we made a lady angry with us

Probably angrier than she'd been for a long time. Because when you're embarrassed, anger comes a little easier-and we know she was embarrassed. Overdrawn checking accounts make people embarrassed. Then when we remind them about the overdraft they sometimes become angry.

With this in mind we long ago came up with an overdraft protection service called "Checkmate". It's a standing line of credit that is automatically deposited into your checking account if a check is written for more than you have on hand. It's a convenient service that keeps checks from bouncing and people from becoming embarrassed. We do everything we can to keep customers from becoming angry with us. Unfortunately there was one lady last week who did not have Checkmate. We're sorry we made her angry.

**DAR meets**

River Wabwaysin Chapter, Daughters of the American Revolution met with Mrs. H. Manning Bross.

The meeting was called to order by the Regent Miss Maralyse Brooks. The President General's message was read by Mrs. John Caudy. The National Defense report was given by Miss Shirley

Pouch on "Why Stoop to Equality" by Phyllis Schlafly. This address was given at the National Defense Luncheon at the DAR Congress and was on the rights women will lose if the Equal Rights Amendment is passed.

The program was given by Mrs. Bross and was on preserving records. Her grandfather

the Rev. G.S. Northrup kept records of the marriages and funerals he performed from 1882-1939 which included many familiar names to those present.

Guests included Dr. H.M. Bross, Mr. and Mrs. Lloyd Campbell, Mr. and Mrs. Frederick Fleischer, Mrs. Kenneth Jones and Mr. Leo Pouch. Miss Brooks and Mrs. Dale Calder attended the fall State Conference, at the Hospitality Inn, East Lansing, which is replacing the State Conference normally held in March.

MRS MICHAEL KOENIGSKNECHT

**Diane George weds Michael Koenigsknecht**

**FOWLER** -- Diane M. George, daughter of Mr and Mrs Norman J. George, S. Main St., became the bride of Michael D. Koenigsknecht, son of Mr and Mrs Alfred Koenigsknecht, E. M-21, Fowler, on Oct 6 at the Holy Trinity Church in Fowler, Father Schmitt officiated at the double ring ceremony before an altar decorated with blue and white roses and carnations. Music for the occasion was provided by the church choir and organist Bernita Halfmann.

Pewamo, cousin of the bride; and Shelly Martin of Westphalia as flower girl.

The attendants wore light blue gowns featuring royal blue empire ribbon and apron ruffle in front. Their small veils were accented by royal blue ribbons. Each carried a bouquet of white and blue roses and sweetheart roses.

Both the mother of the bride and the mother of the groom chose light blue floor length gowns and had yellow corsages.

The bridal gown featured an empire waist accented with a bow. The front of her gown was trimmed in lace and she had a small train in back. Her long veil was trimmed in lace. The bridal bouquet consisted of white and blue roses and small sweetheart roses, accented by white and blue streamers.

Mariene George of Fowler served as her sisters maid of honor. Her other attendants included Nancy George, Fowler, sister of the bride; Diane Koenigsknecht, Fowler, sister of the groom; Mrs Carol Antes, Fowler, sister of the groom; Denise Schaefer,

Serving as best man was James O. Koenigsknecht. Groomsman were Larry Koenigsknecht, Dale Koenigsknecht, Tom Koenigsknecht, and Ken Koenigsknecht, all brothers of the groom. Randy Antes, nephew of the groom assisted as ring bearer. Fred Antes and Gene Simon seated the guests.

A reception for 400 guests was held at Holy Trinity Hall following the ceremony.

The couple are now residing at 11330 W 2nd St, Fowler. Both the bride and her husband are 1972 graduates of Fowler High School.

MRS EDWIN SANBORN

**Lansing ceremonies unite Evelyn Schneider, Edwin Sanborn**

**LANSING** -- Evelyn Catherine Schneider became the bride of Edwin Gene Sanborn of September 29 at St. Therese Church in Lansing. The bride is the daughter of Mr and Mrs Alvin A. Schneider, 4801 W. Stoll Rd. The groom is the son of Mr and Mrs Howard A. Sanborn of Musgrove Highway, Sunfield, Mich.

The Fr. Lawrence Delaney performed the double ring ceremony before an altar decorated by white glads and blue carnations. Music was provided by James Schaefer and Val Hill.

The bride wore a gown of white organza and chantilly lace featuring bishop sleeves, a high neckline, ribbed empire silhouette, and a detachable chapel train trimmed with sequined scalloped chantilly lace. Her long veil of illusion outlined in scalloped chantilly lace was secured by a camelot headpiece. She carried a bouquet of red roses and white carnations accented by baby's breath.

blue daisies and white pom-poms along with baby's breath.

The mothers of the bride and groom wore identical A-line sleeveless dresses of pink and mint green respectively. Each had a corsage of red roses.

Ken Goodwin of Portland served as best man. Groomsman were John McCormack of Sunfield; William Sandborn, Lake Odessa, brother of the groom and Tim Beech, Portland. Bill Sumner of Portland and Steve Andrus of Illinois seated the guests. Brian Sandborn, Lake Odessa, nephew of the groom, was ringbearer.

A reception for 500 guests was held at St. Therese Hall in Lansing. Mr and Mrs Ted Stiffler and Mr and Mrs Vincent Brandall were host and hostess. Serving were Mrs Jean Schneider, Barb Volk, Jean McCormack and Joann Schneider.

Special guests present included Mrs Anna Schmitt, Westphalia; Edward Schneider, Charlotte; Mr and Mrs Alfred Goodrich, Sunfield; and Mr and Mrs Riley Sandborn of Portland.

Following a wedding trip to North and South Carolina, the newlyweds will reside in Lake Odessa.

The bride is a 1971 graduate of Waverly High School. Her husband is a 1969 graduate of Portland High School.

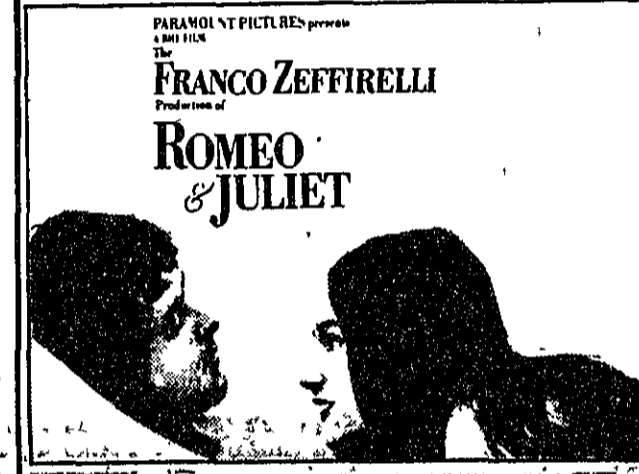

An open house honoring the 50th wedding anniversary of Mr and Mrs Elmer Marten will be held Sunday, Nov 11 from 2-5 pm at St. Peter Lutheran Hall, 8964 Church Rd, Riley Twp. Hosts will be their daughters and sons-in-law, Mr and Mrs Leonard Jastram, Mr and Mrs Albert Flak and their grandchildren.

MR AND MRS MARK SMITH

### Joan Ribar, Mark Smith married in St Johns

ST. JOHNS -- St. Joseph Catholic Church provided the setting for the Sept 29 wedding of Joan Lea Ribar and Mark A. Smith. Fr Matt Fedewa officiated while Fr Sylvester Fedewa was commentator at the double ring ceremony. Organist Mrs Ray Schneider and soloist Mr Vandemark provided the music for the occasion. The altar was decorated by white gladiolas with mint green mums.

The bride is the daughter of Mr and Mrs A.J. Peplau, 1307 Marshall Rd and Mr and Mrs Khalil H Ribar, 201 Devon Hill Dr, Mason. The groom is the son of Mr and Mrs Joseph Smith of 708 S. Baker St.

The bride chose an A-line gown of white nottingham lace featuring a high neck accented by a ruffle, a fitted bodice, and bishop sleeves. Her fingertip veil was secured by a lace bishop cap accented with seed pearl trim. She carried a cascade bouquet of white wood fiber roses with mint green stephanotis and lily of the valley.

Marie Wood of St Johns attended as matron of honor. Serving as her other attendants were Patricia Hine of St Johns and Betty Goodman of Portland. Darlene Kruger of DeWitt was flower girl.

The attendants wore multi-color green floral gowns with white picture hats accented by trim matching their gowns. Their bouquets consisted of orange asters and mint green roses with a lighted white candle in the center of each.

Lily of the valley was added to the bouquet of the matron of honor.

The mother of the bride chose a mint green floor length gown with white lace trim. The groom's mother selected a pink floor length gown with a matching jacket. The bride's stepmother wore a peach floor length gown. Each had a corsage of white feathered carnations with rose buds to match their dresses.

Serving as best man was Bruce Pline. Groomsman were Charles Smith and Joe R. Smith. Matt van Acker attended as ring bearer. Joseph Bodo and Doug Thurston seated the guests.

A dinner, dance was held following the ceremony for 400 guests at St. Joseph School Gym. Serving were Irene Pline, Jane Vitek, Diane and Dorene Gust, Diane Vitek, Maureen Burkhardt, Connie Batholomew, Diane Johnson, Kathy Loomis, and Diane Kramer.

Special guests included Mr and Mrs Robert Heath of Wauwatosa, Wis; Mrs Emma Tefft, Plainville, Conn; Elsie Walsh, New Britain Conn; Mr and Mrs George Peplau, Berlin, Conn; and Steve Yadron and Mary Johnson of Chicago, Ill.

Following a wedding trip to the eastern states the couple are residing on Wildcat Rd, Route 6, St Johns.

The bride is a 1970 graduate of St Johns High School and is employed at Bell Telephone. Her husband is a 1968 graduate of St Johns and is presently employed at BJ Painting

MR AND MRS WILLIAM CARR

### Heather Ann Lowe weds William Carr

MAPLE RAPIDS -- On Sept 1 Heather Ann Lowe, daughter of Rowland and Lois Lowe, became the bride of William John Carr, son of Edward B and Arlyne Carr of Rainbow Lake at the Congregational Church in Maple Rapids. The Rev Paul R. Jones of Eureka performed the double ring ceremony before an altar decorated by baskets of golden and yellow mums and white glads. Soloist Erland Gleason was accompanied by Mrs Helen Howe.

The bride chose an empire style gown of polished nylon over taffeta featuring a high neckline and Bishop sleeves. Her chapel train was accented by white ribbon and lace. A petal headpiece secured her waist length veil. She carried a bouquet of yellow roses and stephanotis accented by baby's breath and green ivy.

Amy Lowe, Maple Rapids, sister of the bride, Carol Lowe, sister of the bride, and Colleen Chick, cousin of the bride, all of Maple Rapids; Edith Upton, St Johns; and Becky Upton, Maple Rapids. Kelly Lowe of Maple Rapids was her sister's Jr. bride.

The attendant's gowns were of pink, mint green, blue, orchid, yellow, and apricot chiffon over taffeta. Each girl wore a picture hat corresponding to the color of her dress.

The bride's mother chose a floor length gown of lime green with long sleeves and had a corsage of green carnations and white roses. The groom's

mother wore a floor length gown of medium blue with short sleeves and had a corsage of blue carnations and white roses.

Edward W Carr of Wyoming, Mich, served as his brothers best man. Groomsman were Mark Adams, Ronald Ryan, Alan Heuney, Jeff Baxter, and James Smith. Each of the groomsman wore a shirt and boutonniere corresponding to the color of the girls dresses. Mark Lowe, brother of the bride, Larry Chick, and Russell Swanson seated the guests.

Following the ceremony a reception was held at the VFW Hall in St Johns for 300 guests. Host and hostess were Mr and Mrs Jerome Smith. Serving at the reception was the Dorcas Circle of the Congregational Church.

Special guests present included Mr and Mrs William Kilgus, grandparents of the groom from New Jersey; Mr. and Mrs William Bauer, aunt, and uncle of the groom, also from New Jersey; Mrs Nellie Wilson, grandmother of the bride; and Mr and Mrs Robert Norman, friends of the groom.

Following a northern honeymoon, the couple are residing at 2431 Meyer Ave, Wyoming, Mich. The bride is a 1971 graduate of Fulton High School and Alma School for Practical Nursing. Her husband is also a 1971 graduate of Fulton and attended Montclair Community College. He is now employed as a welder in Grand Rapids.

Miss Kathryn Bowerman was honored Tuesday evening with a linen shower at the West Owosso Savings Bank. Hostesses for the evening were Mrs Warren Barker of Owosso and Mrs Michael Leydorf of Kincheloe Air Force Base. After games, Miss Bowerman was assisted in opening her many gifts by Mrs Leydorf. Lunch was then served by the hostesses from a gaily decorated table in fall colors. Centering the table were fresh gold and yellow marigolds. Mrs John Bowerman of Lansing and Mrs Elmer Leydorf of Bannister attended the punch and coffee.

Miss Bowerman has an altar date with Jeffrey Leydorf on Oct 27.

The Bannister United Methodist Church spent Sunday afternoon with a time of goal setting for the coming year. Rev Richard Johns from Faith

Methodist in-Lansing was the guest and leader for the group of 35 people that attended. Mrs Elmer Leydorf led the group in singing accompanied by Mrs Walter Miller and Mrs John Schlarf.

Dan Parsons and Rachel Houska of the St Johns First Nighters presents a stage light to Don Thayer representing Ovid-Elsie High School. The light, 1 of 2 presented to the school, were in thanks by the First Nighters for the use of the school auditorium and other drama facilities last year when the group performed "The Miracle Worker" for residents of the Ovid-Elsie area.

REDWING DEFENSE BRINGS DOWN ALMA RUNNER DURING WET AND SLIPPERY GAME FRIDAY NIGHT

# Matter of inches costs Redwings another victory

ALMA—An oh, so close extra point attempt by Drew Carpenter was ruled wide and sent the Redwings into overtime Friday night with Alma taking the victory 12-9 on a touchdown in the overtime.

It was the 2d game in a row that a matter of inches meant defeat. A week earlier the Redwings missed by inches a touchdown that would have knocked off Grand Ledge.

After a scoreless 1st half, Alma took the 2d half kick-off and drove 66 yards for a touchdown. Mike Cowdrey scored the TD on a 6-yard run. The extra point kick was way off, but Alma led 6-0.

St Johns tied the game in the 4th quarter when Harold Wellman zipped into the end zone from the 17-yard line.

It was then that Carpenter kicked for the extra point, but the officials ruled that it was wide of the mark.

THE GAME then went into overtime and St-Johns got the ball 1st. They were unable to put it in for the score, but Carpenter kicked a 27-yard field goal on 4th down to put the Redwings ahead 9-6.

Alma, however, came back on the 1st play and went 10 yards for a touchdown.

St Johns had 118 yards rushing in the contest with another 16 in the air for 230 total offensive yards. Rusty Waggoner led the rushing with 73 yards in 24 carries. Wellman carried the ball 8 times for 36 yards and 1 touchdown. Barz

carried the ball once for 13 yards.

Brian Perlier was 2-for-9 in the air for 16 yards.

Although St Johns had 4 passes intercepted, the defense also picked up 4 fumbles. Recovering fumbles were Mark Barz, Jim Lynch, Jeff Hazle and Dick Parker. Barz also

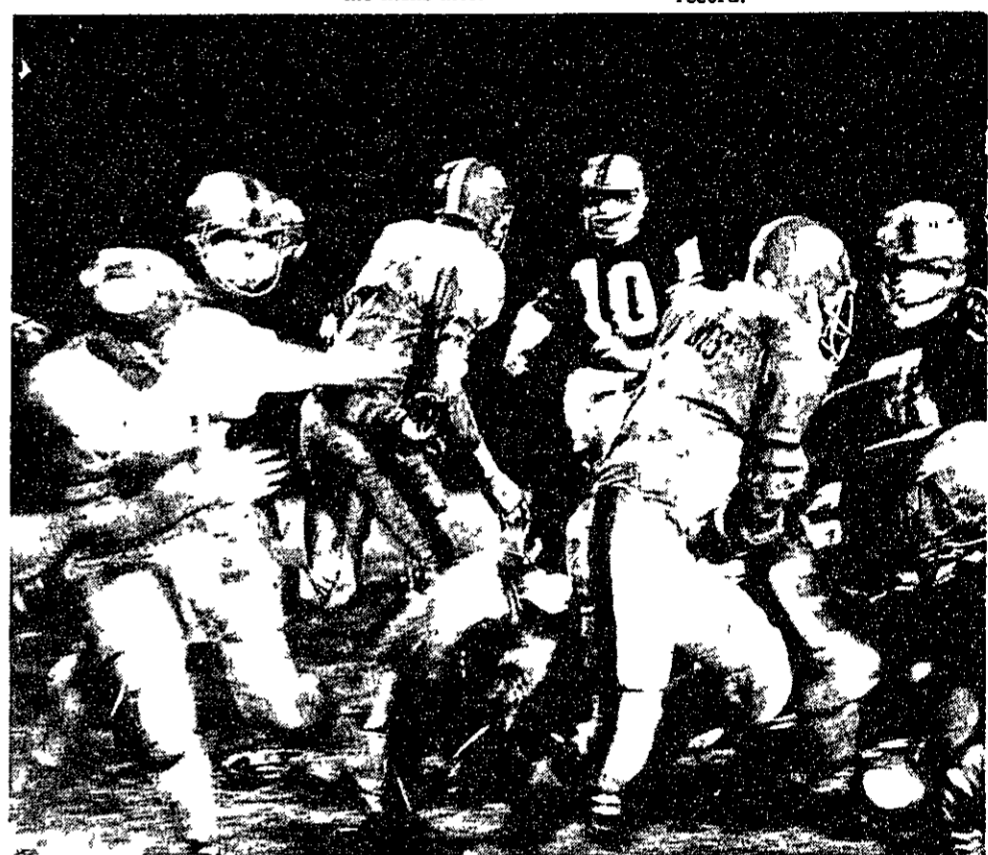

intercepted a pass.

ALMA GROUND out 206 yards rushing and had 24 in the air for 230 offensive yards.

Coach Ernie Becker said, "We did play good enough to win, but the game is a matter of inches, not only on the runs, but the kicks also."

Becker looked toward Friday and the "tough one against Ovid-Elsie" that will conclude the 1973 Redwing football season.

St Johns finished the conference season with a 3-3 record and currently has a 4-4 season record.

## P-W Pirates roll to 5th straight victory 35-12

Pewamo-Westphalia picked up their 5th straight victory Friday night, rolling over Webberville 35-12.

The Pirates scored twice in the 2nd quarter and had 1 touchdown in each of the other 3 quarters.

P-W scored in the opening when Steve Simon capped a 56-yard drive with a 4-yard touchdown run. Randy Walter kicked the extra point to give P-W a 7-0 lead.

They scored again in the 2nd period when Pat Thelen tossed a 20-yard touchdown pass to Dan May. Walter's kick for the extra point was blocked.

Thelen again went to the airways for the Pirates' next score, connecting on a 56-yard scoring combination with Walter. Dean Miller ran the 2-point conversion to give the Pirates a 21-0 halftime lead.

Walter picked up the next Pirate score, going in from the

1-yard and then kicking the extra point.

ANOTHER PASS from Thelen got the final P-W touchdown, this time a 4-yard pass to Dan May. Walter kicked the extra point.

Webberville's scoring came in the 3rd quarter on a 1-yard run by Don Griswold and in the 4th quarter on a Griswold pass to Tom Cole that covered 9 yards. Both conversion attempts failed.

The Pirates ran for 166 yards and Thelen zinged the Webberville pass defense for 212 yards. He was picked for 19.

Webberville picked up 91 yards rushing and 95 in the air.

Randy Walter led the rushing for the Pirates with 62 yards in 10 carries. He also had 6 pass receptions. Dan May caught 4 passes and Larry Theis hauled in 1 aerial.

DEFENSIVELY the Pirates were paced by Steve Simon with 5 solo tackles and 7 assists, and Mark Spitzley with 4 solo tackles and 5 assists. Spitzley also blocked an extra point and a punt.

The Pirates will be going for their 6th straight win when they travel to Olivet in the last game of the season.

The Pirates are now 5-2 while Olivet has a 3-5 record.

RICK MOODY ENTERS THE END ZONE UNTOUCHED AS HE SCORES DEWITT'S 2D TOUCHDOWN IN THE FIRST GAME TO BE PLAYED IN THE PANTHERS NEW STADIUM

## DeWitt opens stadium with 12-0 victory

DEWITT - What better way to open a new football stadium than with a victory - and that's what the DeWitt Panthers did Friday night as they defeated Olivet 12-0.

Both touchdowns came on long runs that stung the Olivet defense - 1 by Rick Moody and the other by Al Brown.

Brown scored in the opening quarter when he raced 58-yards

into the end zone. The DeWitt 2-point conversion failed.

In the 3d quarter, it was Moody's turn to take a touchdown journey when he returned a punt 52 yards to put the Panthers ahead 12-0.

Brown led the rushing for the Panthers with 102 yards and scored his 6th touchdown of the season.

Leading the defensive shutout

for the Panthers were Joe Cavanaugh with 18 tackles, Randy Berkimer with 16 and Paul Simon with 14 tackles.

DeWitt is 4-4 for the season and Olivet is 3-5.

DeWitt football fans will have another opportunity to see the Panthers perform in the new stadium when they play host to Laingsburg in the final game of the 1973 season.

## St Johns girls win league

Twin victories last week over Alma and Charlotte clinched the West Central Conference Basketball Championship for St Johns.

The Varsity and J.V. squads both finished 12-0 in the Con-

ference with one non-conference loss to Holt.

The Varsity squad is now preparing for the State Class B District Tournaments to be held in Chesaning beginning Nov. 26.

The following games are

added to the Varsity schedule: Nov. 8, 7:00 pm, home, Corunna; Nov. 13, 8:00 pm, home, Bath; Nov. 20, 7:00 pm, away, Lakewood. The games are to help prepare the girls for District Tournaments.

## Injuries hurt Ovid-Elsie,

Ovid-Elsie, racked by injuries early in their game with Bridgeport Friday, gave up 3 touchdowns in the 1st half before they could get organized. But, it was too late as they fell 22-12.

On the opening kick-off Randy Bowles, the O-B fullback and leading tackler suffered a badly bruised thigh and 5 minutes later, Rob Nethaway, 6'3", 275-pound tackle who doubles as fullback sprained his ankle as he went in for a touchdown on a short yardage situation.

The touchdown that put Nethaway out of the rest of the game with the sprained ankle was nullified because of an off-side penalty.

In the 2nd half, Ovid-Elsie looked like a different ball club as they scored twice and lost another on a dropped pass in the end zone.

Fullback Jody Jorae, filling in for the injured Bowles, picked up the Marauders' 1st touchdown on a 6-yard run 4 minutes into the 1st quarter. Later in the 3rd quarter, a short punt gave Ovid-Elsie the ball on the Bridgeport 3-yard line.

Two plays later, quarterback Perry Munson hit John Hubbard on a 15-yard pass play. Both attempts after the touchdowns failed.

Later in the 4th quarter, Ovid-Elsie drove twice inside the Bridgeport 20-yard line, but

could not pick up the score. The defense, which gave up the 22 points in the 1st half, held Bridgeport to 4 1st downs in the 2nd half.

Jack Bashore, a junior, led the defense with 11 tackles and 2 other juniors, Jim Quine and Dennis Cross had 9 apiece. Brian Welton, junior defensive end, had 6 solo tackles and returned an intercepted pass 42 yards to set up the Marauders' 1st score.

Coach Mark O'Donnell said, "It's really rough when our 3 co-captains Tomasek, Nethaway and Bowles are injured and not playing in the game. The boys who filled in for them did a good job, but the bad thing is that it is doubtful whether they will be able to play in our final game with St Johns."

That game is Friday at St Johns. The Ovid-Elsie freshmen defeated Bridgeport's freshmen 16-0.

# Fowler edges Bellevue in double overtime 6-0

BELLEVUE -- After 4 scoreless quarters and 1 scoreless overtime, Fowler's John Pung scored for Fowler to give the Eagles a 6-0 double overtime victory over Bellevue. The Eagles threatened several times during regulation play, but couldn't get the ball into the end zone. Just before the end of regulation play, they were stopped a foot from the goal line and again in the 1st overtime.

John Pung finally picked up the victory for the Eagles in the 2d overtime on a touchdown run from the 3-yard line.

Fowler ground out 205 yards on the ground with 25 more in the air while holding Bellevue to 35 yards rushing and 12 yards in the air.

Terry Thelen led the offense for Fowler with 80 yards in 22 carries. Bob MacKinnon picked up 60 yards in 17 carries.

Defensively the Eagles were led by Ken Halfman with 15 tackles and Lee Feldpausch with 14.

Steve Spicer said, "the entire defensive squad did a fine job. The ball game was played within their 40-yard line. They only passed the 50-yard line once."

FOWLER IS now 6-2 and play the last game of the season Friday when they host Fulton.

The Fulton Pirates, new to the CMAC this year, started out hot, winning their first 3 games, but they've dropped the last 5.

# Fowlerville takes league, defeats Bath

FOWLERVILLE -- Bath gave it a whirl, but it wasn't enough to stop Fowlerville from winning their 5th straight Ingham County League Championship with a 12-6 victory over the Bees Friday.

Fowlerville fumble. Fritz Ordiway took the ball in from the 1-yard line and the Bees went for the 2-point conversions. That failed, and the score was tied 6-6.

Fowlerville wasted little time in gaining back the advantage by taking the opening kickoff on an 80-yard drive and score.

Fowlerville controlled the ground game with 196 rushing while Bath picked up 60 yards on the ground.

Fowlerville had 54 yards in the air while Bath had 20. Bath finished the season at 4-4.

Fowlerville scored in the 2d quarter when Doug Benneth scored from the 17-yard line. The score followed a 72-yard drive by the Gladiators. The extra point attempt was unsuccessful. Bath tied the league champions in the 3d quarter when the Bees took advantage of a

# MSU hockey coach to speak in St Johns

ST JOHNS -- Amo Bessone, MSU hockey coach, will address the St Johns Exchange Club Thursday, Nov 8 at Jeanne Beans.

Amo Bessone, who has completed 22 seasons behind the Michigan State University hockey bench, has been a coach, father and teacher to hundreds of Spartan athletes.

The likeable Bessone has been instrumental in building the schools hockey program. His many years of hard work will be rewarded with a new 7,000 seat arena complex, scheduled to open for the 1974-75 season.

For Bessone, success is winning, and that's just what he had the Spartans doing last year. The native of Sagamore, Mass. celebrated his 22nd season at State with a school

record for most victories -- 23. The total mark was 23-12-1. Over the years, Bessone coached teams have been at the top of the national scene three different times and have captured the Big Ten title on three occasions.

The 1972-73 season was year No 27 in the coaching business for Amo, who started at Westfield (Mass.) High in 1946, moved to the head spot at Michigan Tech two years later and came to State to stay in 1951.

Not so surprising, some of Amo's sweetest victories have come with Tech the opposition. A 4-3 victory in March of 1956 enabled State to advance to the NCAA finals, which the Spartans won over Clarkson.

He has taken Michigan State sextets to the NCAA's in 1958-59, in 1965-66, and in 1966-67. Bessone was named "Coach of the Year" after his NCAA crown, by the National Collegiate Hockey Coaches' Association.

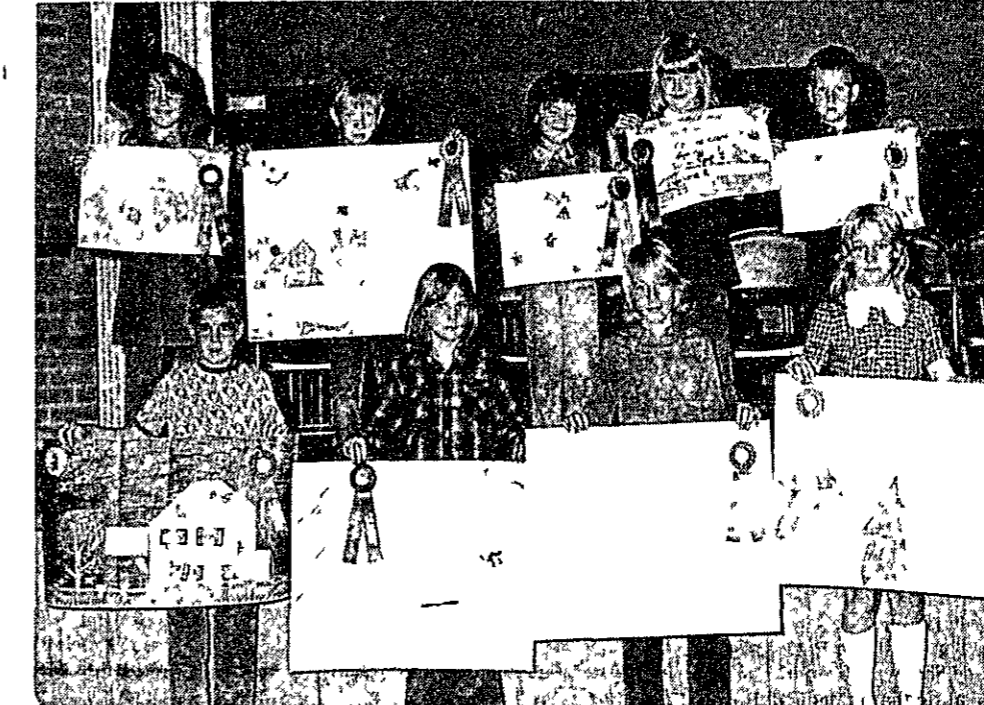

Judge Fred Lewis (far right), director of the Heather Pipers bagpipe band of St Johns demonstrates the bagpipe technique to (from left) Jim Shane of the St Johns High School Marching Band; Kathy Zamarron, cheerleader; Debbie Sharrick, flag bearer, and Jay Anthes, drum major. All will be among the participants in the St Johns musical fun night Nov 10 at the high school.

# St Johns varsity musical fun night set for Nov 10

ST JOHNS--St Johns Varsity in the high school gymnasium. Night, a musical fun night will Admission charge is \$1 for adults, 50 cents for children and pre-schoolers will be admitted free of charge.

Participating will be the marching band, 9th grade band, cheerleaders, flag bearers, baton twirlers and Heather

Pipers bagpipe band of St Johns under the direction of Fred Lewis and Trixie's Pixies.

Winners of the Ovid Halloween party poster contest are (front, from left) Dickie Gleason, 4th grade, 1st place; Charlotte Larson, 4th grade, 2d place; Doug Nordahl, 6th grade, 1st place; Barbara Lundke, 6th grade, 3d place; Erica Elder, 3d grade, 2d place; Terry Pouch, 2d grade, 3d place; Desiree Hanke, 2d grade, 2d place; Bonnie Wheeler, 2d grade, 1st place; John Buck, 2d grade, 2d place. Dickie Gleason, Charlotte Larson and Terry Pouch attend North Elementary School while the rest attend East Elementary. The party was held Oct 31 from 6-8 pm at the Ovid Veterans' Hall, where children were treated to cider and donuts.

# Rotary Club presents 2d in travel-adventure series

On Wednesday evening, Nov 14, the St Johns Rotary Club will present its 2nd program of the "Travel and Adventure Series," Bolivian adventure, at 7:30 pm in the St Johns High School Auditorium.

A resident of East Lansing, Romain Wilhelmsen, who presents the program, attended St Joseph's College for 2 years and graduated from Pasadena Playhouse. He started his professional career on the stage and enjoyed 2 successful seasons on Broadway. his heart was not in acting so he left the stage for a life of adventure and exploration.

When he had gathered enough history on an area to speculate where old treasures might be located, he set out to find and film them. He has not only found lost cities, missions and

forts, but treasure, weapons of war, and armor that had not been seen for centuries.

His adventure and exploration films, photography, and narrative, help make Romain Wilhelmsen one of the country's most successful travel and adventure artists.

"Bolivian Adventure" is the story, written on film of a search for beauty in the "Tibet of the Western World." From the 2-mile high jewel of the Andes Mountains, Lake Titicaca--the Earth's highest large body of water, to the

strange and silent green world of the Amazon rain forest the trail leads on a search for treasure, legend and adventure. In the heights there is the ancient pre-Inca city of Tahuanaqui, claimed by some to be man's oldest large city. In this city live the Aymara Indians who claim to be the sons of the sun.

Season passes may be obtained at the main bank and branches of Central National and Clinton National Banks.

# Undeclared freshmen win championship

St Johns freshmen football team finished the 1973 season undefeated after defeating East Lansing 38-14. This is the 2d year in a row the freshmen Redwings have won the championship.

Terry Sehke ran for touchdown runs of 4 yards, 16 yards, 3 yards and ran for 3 2-point conversions.

He carried the ball 37 times and gained a whopping 235 yards rushing.

Quarterback Jerry Bashore scored on a 1-yard run and Mark Barrett scored on a 1-yard run. Jerry Bashore passed to Steve Keilen for a 2-point conversion.

Mark Geller scored 60 yards in 6 carries.

THE REDWINGS picked up a total of 334 yards rushing and hit on 3 of 7 passes for 16 yards.

Bob Dickman recovered a fumble and Dan Jorae intercepted a pass.

Roger DePaep and John Wilcox, freshmen coaches, said, they thought the offense line did a fantastic job and the blocking of upback Jeff Smith was excellent.

## Frank Stasa

**BANNISTER (c)** -- Funeral services for Frank J. Stasa, 90, of Flint were held at St. Cyril's Catholic Church in Bannister Wednesday Oct. 31. The Rev. Fr. Thomas Kowalczyk officiated with burial in Ford Cemetery. Arrangements were made by Carter Funeral Home of Elsie. Mr. Stasa died Sunday, Oct. 28, at Flint McLaren Hospital.

He was born in Czechoslovakia June 8, 1883. He had resided in Elsie for 45 years before moving to Flint 14 years ago. Mr. Stasa was married to the former Jennie Tomecek, who died in August 1970.

His life work was farming. He is survived by 2 daughters, Mrs. Mary Chrasiek of Flint and Mrs. Frances Tatson of Lansing; 2 sons, Joe of Ashley and Frank, Jr. of Maple Rapids, and several grandchildren and great grandchildren.

## Della Corkin

**ST. JOHNS**—Della Corkin, 84, 305 E. McConnell, died Nov. 2 at Clinton Memorial Hospital. Funeral services were held Saturday, Nov. 5 at St. John's Episcopal Church. The Rev. Hugh Banning officiated. Burial was in Mt. Rest Cemetery.

She was born in Kansas on Sept. 16, 1889, the daughter of Schuyler Ross and Senilda Mitts. She was married to Thomas E. Corkin.

She was a member of the St. John's Episcopal Church, the Blue Star Mothers Altar Guild, Woman's Guild Episcopal. She resided most of her life in St. Johns.

Survivors include 1 son, Circuit Judge Leo W. Corkin of St. Johns; 1 sister, Irene LaRowe of St. Petersburg, Fla.; and 2 granddaughters.

## Uriah Stout

**LANSING**—Uriah L. Stout, 83, 102 W. Fairfield, Lansing, died Saturday, Nov. 3 at the Lansing Hospital. Services were held at Lee R. Rummell Funeral Home in DeWitt on Wednesday, Nov. 7, with Rev. Murle Eastman officiating. Burial took place in DeWitt Cemetery.

He was born March 9, 1890 in Kent County, the son of Leander and Mary Stout. He was married to July Thornton on Feb. 18, 1914 in Lake City, Mich.

He was a master mechanic at Reo Motors and later at Oldsmobile. He resided most of his life in the Lansing area.

Survivors include 1 son, Royal of Lansing; 1 daughter, Mrs. Elena Buck, Lansing; 1 sister, Mrs. Lulu Robinson, Lansing; 11 grandchildren; 10 great-grandchildren.

## Gregory Andrus

**ST. JOHNS**—Gregory Allen Andrus, 5, 603 Church St. died

Nov. 3 at University Hospital in Ann Arbor following a long illness. Services were held at Osgood Funeral Home on Tuesday, Nov. 6 with the Rev. Justin Shepard officiating. Burial took place in Mt. Rest Cemetery.

He was born in Carson City, Mich. on April 15, 1968, the son of Rodney A. Andrus and Annette Dershem. He resided all of his life in St. Johns.

He is survived by his parents; 1 sister, Michelle Rene; his grandparents, Mr. and Mrs. Earl Andrus of St. Johns and Mr. and Mrs. Francis Dershem of St. Johns; and his grand-mother, Mrs. Harlan Dershem of St. Johns.

## Mrs Emma Hafner

**DETROIT**—Mrs. Emma Louise Hafner, 87, of Detroit, died Oct. 30 at Allan Dee Nursing Home Center in Detroit. Services were held Friday, Nov. 2 at Most Holy Trinity Catholic Church in Fowler with Rev. Fr. A. Hafner officiating. Burial took place in Holy Trinity Cemetery.

She was born on May 11, 1886 in Fowler, the daughter of Joseph Hafner and Catherine Ulrich. She was a former Fowler resident and resided the last 10 years in Detroit. She was a member of St. Joseph's Catholic Church in Detroit, the Senior Citizens, and the AM Association for Retarded Persons. She was a court reporter for the Wayne Co. Probate Court.

Survivors include 1 sister, Mrs. Tina Martin, St. Johns; and 2 brothers, Fr. Aloysius Hafner, Bay City, and Frank Hafner of Huron S.D.

## Mrs Dortha Dumont

Services were held Friday, Nov. 2 from Lee R. Rummell Funeral Home in DeWitt for Mrs. Dortha Ann Dumont, 56, 5643 Wilson Rd, Harrison and former resident of Park Lake. She died Oct. 31 at Clare Osteopathic Hospital.

Rev. Lavern Bretz officiated with burial at Pleasant Hill Cemetery, Bath.

She was born April 7, 1917 in Clinton County, the daughter of Rank and Sara Suggate.

On Nov. 11, 1937, she was married in Lansing to Charles L. Dumont Sr. She spent most of her life in the Park Lake area.

She was formerly employed at Ingham Medical Hospital.

She is survived by her husband, Charles; 3 daughters, Mrs. Rosetta Meyers, Mrs. Elizabeth Meyers and Mrs. Mary Hart all of Bath; 2 sons, Charles L. Dumont Jr. of DeWitt and Thomas E. Dumont of Harrison; brother, Harold Suggate of Bath, and 20 grandchildren.

# Urban League to open St Johns office

**ST. JOHNS**—A new recruitment and referral center will be opened in Clinton County on Nov. 6 in the Social Services Building on State Street in St. Johns.

The Greater Lansing Urban League, Career Opportunity Center is going to open a Clinton County office in St. Johns. Franklin Ferguson, director of the center was announced.

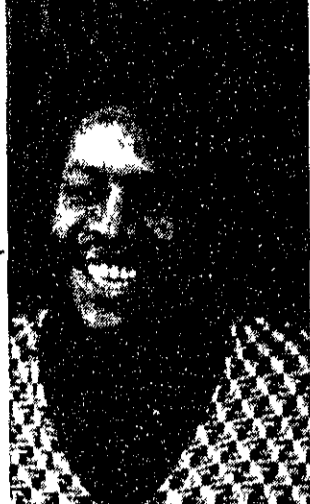

Since 1966, the Greater Lansing Urban League has been conducting employment programs in the Lansing area to employ the disadvantaged. The Career Opportunity Center is a new endeavor on the league's part to incorporate all of these programs under one roof, and the concept is being funded by the Department of Labor through the Tri-County Manpower Area Planning Council.

The Career Opportunity Center offers extensive vocational counseling, including aptitude and preference testing, interviewing techniques, and occupation information.

In addition, the center offers several job placement options. One of these options is the On-the-Job-Training Program. An individual seeking employment or who does not have skills in the job they are seeking can be hired by an employer and receive on the job training.

During the time the applicant is working and being trained, the program may reimburse the employer part of the trainee's wages.

For those interested in going into building construction trades, the center offers a Labor Education Advancement Program (LEAP) which works with applicants to aid them in getting into apprenticeship training programs. These apprenticeship training programs can vary from 3 to 5 years before an individual is a

journeyman. In addition to these 2 programs, the center offers direct job placement so an individual coming to the center who has a specific skill can be placed directly on the job.

by the Greater Lansing Urban League to establish an outreach office in the Clinton County area. Ferguson said, "Lovell Humes, a Field Representative, and Ms. Terri Giannola will be the 2 center personnel who will operate the

Clinton County office on a part time basis."

Humes has been with the Greater Lansing Urban League as a Trainee Advisor and a Field Representative on the On-the-Job-Training Program for the past two years. He has worked with employers in the St. Johns area in the past.

Ms. Giannola has been with the Greater Lansing Urban League since the new contract began in October and was with the Lansing School District Special Services Program for a year before coming to the league.

The office will be opened Tuesdays from 9-12 on a trial basis, and the hours will be extended as the need arises. The Greater Lansing Urban League, Career Opportunity Center has been endorsed by the Clinton County Board of Commissioners and is a non-fee agency to both the applicants and the employers.

## Eagle

**Frederick Van Amburg** and hunting party returned from Colorado last Friday with 1 mule deer and 1 antelope.

Mrs. Dolores Van Amburg is entertaining her parents Mr. and Mrs. Orval Bennett and grandmother and aunt from Oklahoma this week.

Lou Wilson is back in the hospital again.

This community extends its sympathy to the family of Lucy Cody who passed away Monday. She was loved by all who knew her.

Mabel Helen Hazen, Higbee of Portland will be installed as worthy matron of the Eastern Star, Saturday night at Portland. Mabel Helen was born and raised in Eagle.

Posters and a new Rupp snowmobile tell the story of the upcoming St. Joseph's Catholic School Carnival, Saturday, Nov. 10. On help to display the posters and snowmobile are (from left) Elaine Brockmyre, carnival chairman; Mrs. Paul Minarik, whose husband is president of the home school carnival; Mrs. Marion Kurnez, co-chairman and John Briganti, of St. Joseph's School. The posters were designed by elementary school students. The carnival will be from 5-10 pm in the school gym and will include a luncheon, variety of games, candy booth, cake walk and white elephant sale. First prize is the snowmobile and 2d prize will be \$100.

# It's carnival time at St Joe's School

**ST. JOHNS** -- The annual home-school carnival at St. Joseph's Catholic School will be Saturday, Nov. 10, from 5 pm to 10 pm, at the school gym.

It begins at 5 pm with a luncheon in the social hall, of sloppy joes, hot dogs, potato chips, and soft drinks, at low family rates.

In the school gym there will be games and prizes for all ages, including 26 booths.

There will be a cake walk, candy booth, elder and doughnuts, popcorn, country store, white elephant, jarco, roll-a-score, teddy bear pitch, balloon dart, tic-tac-toe, penny

pitch, basketball throw, spook house, fish pond, fortune telling and ring toss games.

The final event will end the evening by drawing the winners of the 25 horsepower 2 cycle, 294 cc, 1973 Rupp Sport snowmobile as 1st prize, and \$100 as 2d prize

Breaking ground for the 5000 square foot addition to the Duplain Church of Christ are (from left) Lyle Fiegel, Jack Schwark, Bill Nicholson, Justin Shepard, Jack Hayes, Luman Hall, Marie Bancroft, Roger Smith and Mark Smith. The new addition will house 15 classrooms and is expected to be completed in about 1 month.

# Beet industry offers 13000 in scholarships

High school or college students pursuing Home Economics or Agriculture careers are eligible to apply for \$3000 in scholarships being offered by the Beet Sugar Industry of Michigan. College studies may be taken at any accredited Michigan college or university offering course work leading to a degree in Home Economics or Agriculture.

application form and submit it transcript to the Beet Sugar Association. Deadline to apply for next forward it with an official fall's stipends is March 31, 1974

Awards are based on scholastic ability, financial need, extra-curricular participation and citizenship. Application forms have been mailed to all Michigan high schools and are also available by contacting the Scholarship Selection Committee, Farmers & Manufacturers Beet Sugar Association, 506 Second National Bank Building, Saginaw, Michigan 48607.

Two scholarships for \$1500 each are being offered this year. More than \$37,000 has previously been awarded in the scholarship program, which has been jointly sponsored by the growers and processors of Big Chief and Pioneer Sugar since 1955.

Prospective students are requested to complete the

**CORRECTION TO CLINTON COUNTY BOARD OF COMMISSIONER MINUTES APPEARING NOV. 1, 1973**

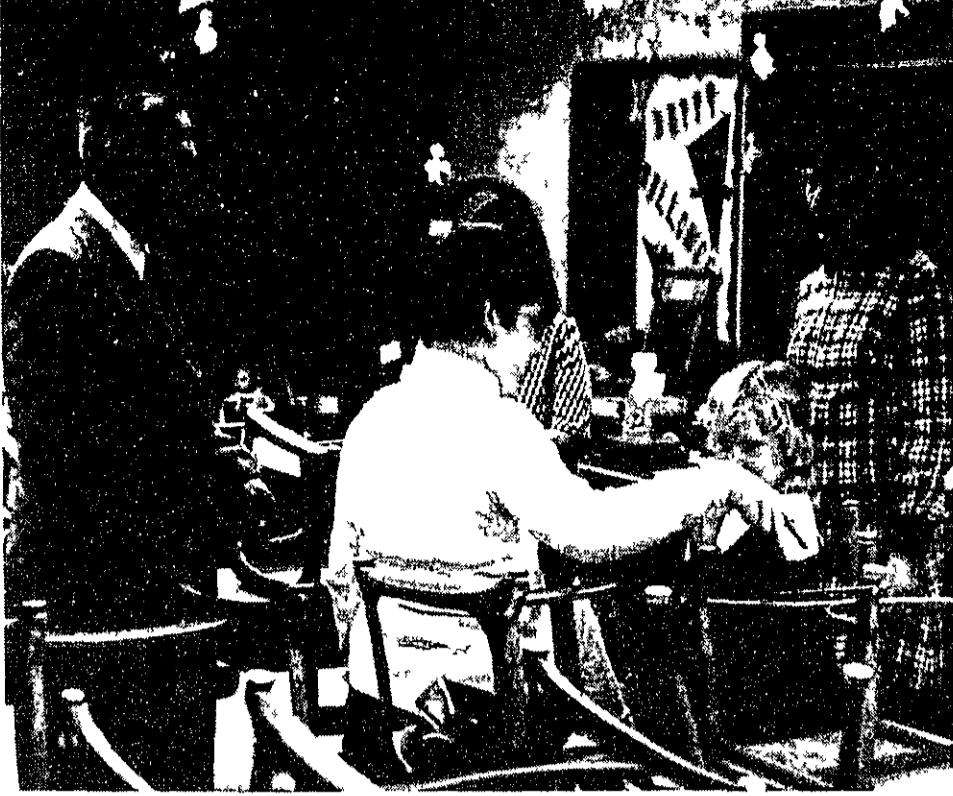

\* Below is the corrected version of a paragraph appearing in last week's Clinton County News involving minutes of the County Board of Commissioners:

CHAIRMAN CALLED ON P. BERARDO, BATH CHARTER TOWNSHIP ATTORNEY, WHO BRIEFLY REVIEWED THE BATH CHARTER TOWNSHIP SEWER SITUATION. HE THEN PRESENTED A BOND RESOLUTION FOR CLINTON COUNTY SANITARY SEWAGE SYSTEM NO. 4, (CHARTER TWP. OF BATH) IN THE AMOUNT OF \$3,550,000. (THE TOTAL COST OF THE PROJECT TO BE \$4,297,684). STATE GRANTS WILL PROVIDE THE DIFFERENCE.

(\* Last week's version indicated that federal grants were also included with state. This was in error.)

Signed,  
Gerald Shepard,  
Chairman of Finance Committee  
and  
Ernest E. Carter,  
Clinton County Clerk

### Ovid-Elsie Area Schools hold open houses

PARENTS VISIT DURING OVID-ELSIE SCHOOLS, OPEN HOUSE

#### Author, speaker here Nov 8

Mrs Ella May Miller, author and radio speaker of Harrisonburg, VA, will be guest speaker on Thursday, Nov 8, at 10 am for a carry-in luncheon meeting at Bethel Mennonite Church, located 10 miles north of St Johns on US-27. Mrs Miller is speaker on

Heart to Heart, a women's broadcast treating from a Christian perspective the practical problems every homemaker faces. Mrs Miller is the author of three books: I Am A Woman, A Woman In Her Home, and Ella May's Favorite Recipes.

She and her husband, Samuel E. Miller, a pastor and college professor, are the parents of four children. The Millers' interest in church and family life has led them to share in family conferences and counseling across the United States and Canada.

Teachers and administrators met with more than 500 parents in the Ovid-Elsie School System last week in several different open-house programs in celebration of American Education Week.

Activities began on Monday evening with a special program describing courses and various other school functions at the Ovid Junior High School.

The Ovid-Elsie High School started its open-house on Tuesday and continued it on Wednesday and Thursday. It consisted of a coffee hour curriculum discussion along with building tours from 8 to 9 am, followed by classrooms open for observation all day each of those three days. A Day Care Center, run by Home

Ecology classes, was also featured for high school parents with small children.

Wednesday was the key day for the other four buildings in the district. East elementary in Ovid was open all day Oct 24 for parental visits. North Elementary in Ovid on the other hand, had a special program from 4 to 6 pm, with emphasis on meeting each of the parents and showing them various displays of student work in the All Purpose Room, and E.E. Knight Elementary in Elsie as well as the Elsie Junior High School were both open for parental visits Wednesday morning, afternoon, and evening, with the latter being for special classroom programs.

#### Riley school has Halloween party

A Halloween Party was held at Riley Elementary School Wednesday night, Oct 31.

Approximately 200 children with parents attended the party, featuring movies and refreshments.

The movies were purchased from the Lansing Library

Dale Hugelot donated the pumpkin that weighed 106 pounds.

Because of the success of the party, it is planned again for next year.

Members of St Johns Central School 2d and 5th grade classes display posters and demonstrate audio visual equipment the 5th grade is attempting to purchase through the collection of 12,000 Campbell Soup Cans. Fifth grade students displaying their posters are (left) Melissa Zimmerman and Julie Smith, (front) David Higgins and Jeff Ploszak and (right) Patricia Barnes and Gloria Mater. Second grade students using the equipment in their room are (left, rear) Mary Bentley and (front) Susan Caster and (right, front to rear) Jody Russell, Raymond Tucker and David Livingston.

#### Central School wants your soup labels

Central School is in the midst of a special collection drive aimed at obtaining greatly needed audio-visual equipment. The program, Labels for Education, is sponsored by Campbell Soup Company and offered to elementary schools, both private and public. "Between now and December 8, we hope to collect enough Campbell's Soup labels to earn cassette tape recorders," said Principal Mike O'Connor. "Our students are saving

their labels, and they would appreciate it if friends of the school would do the same. Anyone wanting to help out can leave their labels in the drop boxes at the following merchants: Andy's IGA, D&C Store, or Krogers." Any Campbell's Soup can label counts in the drive. More than 70 audio-visual equipment items are being offered. A participating school sends in the assigned number of labels for the particular items selected.

#### Bath Twp discuss police vacations

BATH TWP -- During their regular meeting Monday night, Bath Twp supervisors named a new fire chief, sold a police car, took action to allow the purchase of new police car and discussed vacation time for members of the police dept.

It was announced that Burton Cowdry will resign as fire chief, effective Dec 1 and will remain on the department as a fireman.

Named to replace him was Robert Meyers, current assistant chief.

The board voted to sell a used 1970 Plymouth police car for a high bid of \$201.01 to Woody's Sport Shop and authorized the police chief to enter into a purchasing program through the state police to purchase a new car for the department.

The board also discussed employee benefits and during the discussion, some disagreement arose about vacation time for police department members.

It was announced that members of the department who are full time receive 2 weeks vacation the 1st year and 3 weeks after 5 years.

Both John Snyder and Richard Morrill disagreed and Snyder said 2 weeks was too much the 1st year and also that 3 weeks after 5 years was too much to grant.

The matter is currently being studied by the township attorney.

#### Meeting set to discuss tax changes

Ovid and Middlebury Townships are sponsoring a meeting Thursday, Nov 15 at 7:30 pm at Ovid Veterans Memorial Building to discuss Public Act 20 and changes in the senior citizen and veterans homestead tax exemptions.

A representative from the State Treasury office will be present at the meeting. The public is invited.

## Legal Notices

**NOTICE OF MORTGAGESALE**  
Default having been made in the conditions of a certain mortgage made on the 18th day of January, 1968, between STANLEY J. COWAN and MAJORIE I. COWAN, husband and wife, Mortgagors, and CAPITOL SAVINGS & LOAN ASSOCIATION, Mortgagee, and recorded in the office of the Register of Deeds for Clinton County, Michigan on November 27, 1972 in Liber 268, Pages 552 and 553, on which mortgage there is claimed to be due at the date of this notice for principal and interest, the sum of Twenty Two Thousand Five Hundred Ninety Three and fifty-three 100ths (\$22,593.53) Dollars and an attorney fee of Seventy Five and no 100ths (\$75.00) Dollars allowed by law, as provided in said Mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof;

**NOTICE IS HEREBY GIVEN** that by virtue of the power of sale contained in said mortgage and the statute in such case made and provided, on the 7th day of December, 1973, at 10:00 o'clock in the forenoon, the undersigned will, at the North entrance of the Clinton County Courthouse in the City of St. Johns, County of Clinton, State of Michigan, that being one of the places where the Circuit Court for the County of Clinton is held, sell at public auction to the highest bidder the premises described in the said Mortgage, or so much thereof as may be necessary to pay the amount as aforesaid due on said Mortgage, with seven (7) percent interest, and all legal costs, together with said attorney fee, which said premises are described as follows in said mortgage:

Lot No. 1 of Meadowview Subdivision, Section Sixteen (16) T7N, R4W, City of St. Johns, Clinton County, Michigan. Subject to easements, restrictions, and rights of way of record.

The length of the redemption period as provided by law is six (6) months from the time of sale.

Dated: November 7, 1973.

**MORTGAGE SALE**  
Default having been made in the terms and conditions of a certain mortgage made by ROBERT N. KINGMAN and VIRGINIA M. KINGMAN, his wife of the Township of Olive, Clinton County, Michigan, Mortgagor, to OAKLAND NATIONAL BANK, a National Banking Association, now known as MICHIGAN NATIONAL BANK, OAKLAND of Oakland County, Michigan Mortgagee, dated the 20th day of MARCH A.D., 1972, and recorded in the office of the Register of Deeds, for the County of Clinton and State of Michigan on the 10th day of APRIL A.D., 1972 in Liber 264 of Mortgages, on page 840, which said mortgage is claimed to be due, at the date of this notice, for principal and interest, the sum of ELEVEN THOUSAND EIGHT HUNDRED NINETY-EIGHT DOLLARS and TEN CENTS -- (\$11,898.10).

And no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof. Now, therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on Thursday, the 28th day of NOVEMBER, 1973, at 11:00 o'clock A.M., said mortgage will be foreclosed by a sale at public auction to the highest bidder at the North Door to the Clinton County Courthouse in the City of St. Johns, Clinton County, Michigan (that being the building where the Circuit Court for the County of Clinton is held) of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage with the interest thereon as provided in said Mortgage and all legal costs, charges and expenses, including the attorney fees allowed by law, and also any sums which may be paid by the undersigned, necessary to protect its interest in the premises. Which said premises are described as follows: All that certain piece or parcel of land situate in the Township of Olive, in the County of Clinton and State of Michigan and described as follows, to wit:

Beginning at the Southeast corner of Section 22, Town 6 North, Range 2 West; thence West 1042 feet along the South section line; thence North 611 feet; thence East 680 feet; thence South 367.5 feet; thence East 362 feet; thence South 243.5 feet to the point of beginning, Olive Township, Clinton County, Michigan. Subject to the rights of the public and any governmental unit in any part thereof taken, used or deeded for street, road or highway purposes.

The redemption period shall be 6 month(s) from the date of such sale.

Dated: October 18, 1973.

**NOTICE OF MORTGAGE FORECLOSURE SALE**  
DEFAULT HAVING BEEN MADE in the conditions of a certain mortgage made by STACY R. ALLEVA of 2421 North Larch Street, Lansing, Michigan, Mortgagor, to BANK OF LANSING, of Lansing, Michigan, Mortgagee, dated May 31, 1966 and recorded in the office of the Register of Deeds, Clinton County, Michigan, in Liber 246, page 838, on June 6, 1966, which mortgage was assumed by RALPH LENTI, of 4324 North East Street, Lansing, Michigan 48906.

Mortgagee having elected under the terms of said mortgage to declare the entire principal and accrued interest thereon due, which election it does hereby exercise, pursuant to which there is claimed to be due and unpaid on said mortgage on the date of this notice for principal, interest and abstracting, the sum of THIRTEEN THOUSAND EIGHT HUNDRED SEVENTY FOUR AND 19 100 DOLLARS (\$13,874.19) and no civil action or suit or proceeding at law or in equity having been instituted to recover the debt secured by said mortgage, or any part thereof.

**NOW THEREFORE**, by virtue of the power of the sale contained in said mortgage and pursuant to the statutes in such cases made and provided, **NOTICE IS HEREBY GIVEN** that on Friday, December 14, 1973, at 10:00 in the forenoon at the North Front entrance of the Court House in St. Johns, Clinton County, Michigan (that being the place of holding the Circuit Court within the said County) said mortgage will be foreclosed by a sale at public auction to the highest bidder of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due as aforesaid, and any sum which may be paid by the undersigned at or before said sale for taxes and or insurance on said premises, and all other sums paid by the undersigned, pursuant to law and to the terms of said mortgage, and all legal costs and expenses, including the attorneys fees allowed by law, which premises are described as follows:

The South 154 feet of the West 200 feet of the north half of the south half of the northwest quarter of Section 34, Town 5 North, Range 2 West, Township of DeWitt, Clinton County, Michigan, subject to an easement over the west 50 feet thereof for highway purposes.

The Mortgagor, his successors and assigns or any person lawfully claiming from or under it, shall within one (1) year from the date of the aforesaid foreclosure sale be entitled to redeem the entire premises sold, by paying to the purchaser, his executors, administrators, or assigns, or to the register of deeds in whose office the deed is deposited for the benefit of such purchaser, the sum which was bid therefor, with interest from the time of the sale at the rate percent borne by the mortgage plus any other sums required to be paid by law.

**Cards of Thanks and In Memoriam**

**ANDREWS** — I wish to thank Dr. Stephenson, Dr. Fitzsimmons, nurses, coaches, friends, relatives for the cards and visits while in the hospital and since returning home.  
Gary Andrews 28-1-p-30

**ROSE** — The family of Charles Rose would like to express their appreciation to all for the kindness shown the family at the time of the death of our husband, father and grandfather. Special thanks to Rev. Ted Otto for his comforting words. To all who sent flowers and cards. The neighbors and friends who served lunch after the funeral. And all who brought food to the house. Thank you Becky Mock for taking care of our babies for the week. Also to Hollman Funeral Home for their kindness shown. May God bless everyone of you.  
Vera Rose  
Earl and Pauline Beagle  
Barbara Rose  
Gary and Paula Jean Clark  
LeRoy and Bonnie Beagle  
28-1-p-30

**SCHMITT** — I wish to thank my neighbors, relatives, and friends for their cards and flowers, prayers, visits, while I was in the hospital and since I returned home.  
Mr. Robert L. Schmitt 28-1-p-30

**REAUME** — We wish to thank the communities of Maple Rapids and Fowler for the warm concern and donations after our house burned.  
Elwood Reaume and family  
28-1-p-30

**IN MEMORY**  
In memory of our beloved father, Lloyd Meyers who passed on to his heavenly home Oct. 29, 1970.  
Father, we missed you when Jesus came that day to take you home to heaven and there is where you stayed. We would not wish you back again to face this world of sin, even though our hearts are broken, your place is home with him.  
Sadly missed by his children, Mary, Barbara, Gary, Richard, Joyce, and Donna who loved him then, now, and forever.  
28-1-p-31

**MAPLE RAPIDS**  
MRS. JOYCE RUMSEY  
127 West Main Street  
Maple Rapids, 682-4243

Mr and Mrs Wilbur Baneroff returned recently from a 10 day trip. They spent three days at Madison, Tenn enjoying a conducted tour of Nashville visiting the Upper Room, Cowboy Hall of Fame and the Parthenon. Also the Hermitage, President Andrew Jackson's restored home and one day in Oppe Land.

Sunday they went to the Smoky Mountains and Gallenburgh then on to Cannonsburg Pa to the home of his brother Mr and Mrs Bruce Bancroft. During their visit there they attended the races at Meadow Lands and the Ice Capades at the Pittsburgh Arena.

Mrs Ilene Barren is home from Carson City Hospital. Visiting her are Mrs Barren's sister Mr and Mrs Jack Baker of Florida who plan on having Mrs Barren return with them to their home in Florida for the winter.

A baby shower was held Wednesday night for Mrs Ben Coffin formerly Cindy Bird at her grandmother's home in Maple Rapids. Mrs Brenda Coffin and Carolyn Packinson helped with the entertainment. The table setting was pink and blue with a stork as centerpiece. About 18 guests were present and Mrs Coffin received many gifts for the coming event.

Mrs Nelson Rumsey called on Mrs Dean Price in St Johns Friday afternoon.

Bradley Jennings of St Louis spent the week with his aunt and uncle Mr and Mrs Donald Elkins and family.

## Middlebury News

Middlebury Township held its Annual 4-H Fall Achievement Sunday afternoon, Oct 14 at the Middlebury United Methodist Church. The affair was especially planned as a surprise to honor Mrs Open Semans (Esther), who is retiring this year after having served as a 4-H leader for seventeen years. About 80 4-H members, leaders, parents, and friends attended. Lynn Putnam presided and welcomed the guests. Joyce Whitmyer led the "Pledge of Allegiance" and the 4-H Pledge. Kenneth Parmenter and Marsha Garber were elected to the 4-H Council and as Teen representatives Julie Shepard and Karen Potter. Sue Parmenter played a flute solo accompanied at the piano by her mother, Marge Parmenter. Leaders Esther Semans, Marge Parmenter, Marsha Garber, Kaye Potter, and Loreta Warren presented pins and checks to their club members. Susan Bracey received her special eight year plaque. Kathy Jordan gave a tribute to leaders speaking especially to Esther for her many years of fine leadership. Al Root also spoke and presented a plaque to Esther for outstanding leadership and her faithful years of service. Kathy Jordan was presented a Michigan 4-H Key Club award plaque and bracelet in recognition of outstanding achievement and contribution to 4-H and youth work. Marsha Garber's group presented a clever skit on personal appearance. The dining room was decorated in fall colors and refreshments were served from a linen covered table decorated with a fall arrangement and candles and featured a cake in green and white with the 4-H emblem and the inscription "Best Wishes, Esther." Several gifts were also presented to Esther.

The Natural Resources Commission at its meeting on July 13, 1973, under the authority of Act 230, P.A. 1925, as amended, rescinded the order approved July 10, 1970, and effective October 1, 1970, for a period of five years which restricted hunting of bobcats in the Lower Peninsula and approved the following rules and regulations for the hunting of bobcats: Zone 1: No closed season (statutory) Zone 2: January 1 through February in Emmet, Cheboygan, Presque Isle, Otsego, Montmorency, and Alpena counties. Hunting by permit only. Zone 3: No open season. 27-3

With PCA, I paid interest only on the money I needed, when I needed it, and not a penny more.

A PERSONAL LOOK AT THE NEWS

### Between the lines

with Jim Edwards

## Say 'hello' to winter

It's over, there's no use fighting it.

Summer, fall and whatever Indian Summer is have all gone. Don't pay any attention to the calendar, the cold, cold blasts of winter are upon us and the snow will soon be hiding the ground until next spring.

For some winter is the joyful time of snowmobile riding, skiing etc.

For others, including several of the County News staff, it means weeks of cold weather, sloppy footing and getting home after dark.

But, Michigan's seasons all have their good points. As much as you might dislike one, it always makes another that much more enjoyable.

But, as far as the ice and snow of winter are concerned, some of us feel it's much like the man hitting himself over the head because it felt so good when he stopped.

JE

### ONE YEAR AGO

Nov 8, 1972

Three Clinton County persons were injured near Corinth, Greece Oct 31 when a bus skidded from a rain slicked highway and slid down an embankment.

State Senator William S. Ballenger (R-Owosso) announced today that financially hard-pressed county health departments in the mid-Michigan area can look nearly \$300,000 in new funds due to the passage of a bill he co-sponsored which was recently signed into law.

A breaking and entering Sunday, sometime between midnight and 3 am, netted \$2500 worth of merchandise from Gower's Hardware in Eureka.

With 2/3 of the Clinton vote in at press time this morning, Clinton voters joined in the Nixon-Agnew sweep and figures indicated the probable outcome of several local elections.

John R. Aylsworth, 4-H youth agent for Gratiot, Shiawassee and Clinton Counties, has received national recognition for a program he helped initiate in Clinton County.

according to a report made by City Manager Ralph Precious at Tuesday night's commission meeting.

A longevity pay plan for non-elected county employees was approved Monday by the Clinton County board of supervisors in it's November meeting.

The Clinton County communities chest campaign - off to such a good start early this month - is lagging this week, according to reports from Lawrence G. Sexton of St. Johns, chairman of the drive.

### 25 YEARS AGO

Nov 4, 1948

The St Johns city commission rescinded their resolution opposing the routing of the new US-27 within the city limits at their meeting here Tuesday night.

Repeal of the sales tax diversion amendment was blocked by an overwhelming vote in Tuesday's election. The defeat of the Proposal No 2 assured local governments and school districts of a continuing share of the sales tax dollar.

Incumbent Probate Judge Jean Corbin was a more than 2-to-1 winner in her race against Alva Wert, local attorney for reelection in Tuesday's voting in Clinton County. The Probate Judgeship was the only contested county office this year.

Anna Ketcham, 76, St. Johns school teacher for many years, died at the Randall Nursing Home in this city Tuesday. Miss Ketcham had been in poor health since she fractured her hip in a fall, just about a year ago.

### TEN YEARS AGO

November 7, 1963

The city commission voted Tuesday night to share with eight area property owners the cost of obtaining a permanent injunction against construction of the proposed Ice Pond drain in the northeast corner of the city.

An \$850,000 water system expansion project proposed for St Johns is off to a good start,

REP DOUGLAS TREZISE  
87th District

One of those simple ideas which turns into a complicated controversy has been before our House taxation Committee for the past couple of weeks.

It is called the "Tax Tribunal Bill" and it has as its objective the creation of a single court-like body to hear all cases involving appeals from taxes.

We already have several commissions, boards, etc., working in this appeals area. Trying to sort them out and consolidate their functions in one body turns into a messy job of legislation.

The motivation for the bill comes from the general complaints over the most controversial of those existing bodies, the State Tax Commission. In its present capacity, this commission has responsibilities for equalizing assessed property values throughout the state and thus, has a direct effect on the amount of property tax you and I pay.

However, that same State Tax Commission is the agency to which we appeal if we are dissatisfied with the final assessment on our property.

So, the commission is expected to impartially judge a case which, in effect, is a challenge to its own equalization decision.

Even though everything done by the commission may have been exactly right, the taxpayer doesn't feel he has had a fair

shake in this procedure.

The tax Tribunal is envisioned as an independent panel which would take testimony from both sides, evaluate it and make a decision.

Once we agree on the need for this independent group, we get into all sorts of controversy.

How large a tribunal do we need? Should the members be attorneys, assessors, appraisers or just laymen? Should this same tribunal be charged with hearing appeals on income taxes, sales taxes, franchise taxes and others?

These and many other questions are facing our committee. We have heard from many witnesses and very little unanimity has shown up. It's this very lack of a consensus which tells me to tread lightly into this new area.

In working on this bill, we should not lose sight of our original objective which was to provide the average taxpayer with a fair and equitable appeal from property tax assessments. We should design our tax tribunal to do that job and do it well. Later, other responsibilities can be added if it seems necessary and possible.

We should make it easy to seek an appeal and provide for prompt hearings and impartial decisions. If we can accomplish that, we will have taken a big step forward for Michigan's harassed taxpayer.

"Whatcha doing?" wife asked. "I'm writing my column," I answered. "That's a funny way to write a column." "Whaddy mean?" I asked her. "Do you always write while standing on your head and reading Mad magazine?" "I'm just getting a start - I haven't had any good ideas come to mind yet." "Don't hold your breath." "What was that?" "Never mind. Say, why don't you write about closing the door on your foot this morning?"

Patiently, I explained to her, "There's nothing unusual about shutting my foot in the door. I know it's not an everyday occurrence for a lot of people, but it has been known to happen to others besides myself."

"The oven door?" "Well, I was the victim of circumstances and I don't really wish to discuss it any further."

Not one to give in she said, "I guess you're right. I wouldn't want to discuss it either if my foot got slammed in the oven door while pushing a pan in with my foot because I was too lazy to get a pot holder."

"Enough's enough," I warned. "Very cleverly worded," she cowered. "Look," I impatiently said, "if you haven't got any ideas why not leave me alone? My mind will

shoot out something in a minute." "Aren't you afraid you might be a bit short on ammunition?"

I started to get angry, but she grinned, saying, "Look, I'm just kidding you. I really do have an idea for you."

"Yeah?" I offered, "Tell me about it." "People like to read about other people's hobbies. Why don't you write a few paragraphs about your hobby?"

Fuzzled, I answered, "But I don't have any hobbies." "Sure you do," she countered, "maybe they're not really hobbies, but they sure are things other people don't do."

"I still don't understand," by this time not really caring to hear any more.

"Look," she asked, "how many people do you know who take their socks off with their toes or turn the pages of a book with their nose. The other day I caught you changing radio stations in the car with your foot. It just doesn't seem to me that there are that many people who do such strange things with their feet and noses."

"Humph," I snorted, "Now, if you don't mind, I'll just go back to work."

"Ok," she said walking away, "just don't call me again when you have to have your sock untangled from the typewriter keys."

## "If It Fitz . . .

### Walk, do not run

Editor, Lapeer County Press

" By Jim Fitzgerald

Photographers caught up with Elliot Richardson the Sunday morning after he quit being Richard Nixon's man for all jobs. The result, in newspapers all over the world, was pictures of Richardson in short pants, running when he could have been walking.

Just when I was beginning to trust him. The trouble with this country is it is run by men who could sleep in on Sunday mornings, but don't. I am sick of reading about presidential aides who chin themselves 1,456 times every morning before eating railroad spikes for breakfast.

I gag at congressmen who skip lunch and go to a gym where they pound on each other because it feels so good when they stop.

It was easy to stifle a sob when I heard about the sweat-suited senator who was mugged while jogging through a slum. What did he expect, rose petals strewn in his path?

If God had intended man to swim or sink, He would have invented Ivory soap. The big shots should learn to float with the tide, coast in neutral, and walk on the grass.

RELAX. Sure, the fastest runner will get free TV time to explain his shortcuts. But what does it profit a man if he wins the sweepstakes but loses his place in line at the Laurel and Hardy Film festival?

It is a paradox. The big problem is there are too many Gung Ho men in Washington. But if a guy isn't Gung Ho, his only chance at the White House is on a guided tour.

This nation respects — and elects — men who never waste a minute. Men who do push-ups in the backseat and go to bed with dictaphones. This nation rejects men who loiter around pretty girls and are always late getting back from lunch.

Obviously, it should be the other way around. The ambitious men, with rowing machines and cots in their offices, have made a terrible mess of things. They have forgotten that noses weren't created for grindstones. Noses were created to smell a flower or a dirty little kid wrapped around your neck at 5:30 every evening.

A LAZY MAN knows about noses. And he knows that sometimes the greatest thing to do is to do nothing at all. Just sit and watch and remember nice things. Go fishing without a pole. Go walking without a sweat suit.

The Wall Street Journal, told about a high-powered businessman who had a marvelous aquarium in his office. But he ordered it removed because too many visitors wanted to talk about the fish, instead of talk business. He didn't have the time to waste. Poor man.

The Washington wizards never waste time. They waste money and power and consciences as they run, run, run for the power and the glory and the wealth. Breathing deeply all the way, and doing isometrics at stop lights.

Ironically, when the world begins to blow up, the official advice will be:

WALK, do not run, to the nearest exit.

## Milliken announces grants

Gov William G. Milliken Friday announced approval of Economic Opportunity grants totaling \$347,871. The grants are:

-\$70,425 to the Capital Area Economic Opportunity Committee, Inc., the community action agency serving Eaton, Ingham, Clinton, and Shiawassee Counties.

-\$20,250 to Five-Cap, Inc., the community action agency serving the counties of Manistee, Mason, Lake and Newaygo.

-\$131,250 to the Governing Board of the Community Action Program, Inc., the community action agency serving Grand Rapids and Kent County.

-\$23,748 to the Jackson-Hillsdale Area Commission on Economic Opportunity.

-\$73,950 to the Genesee County Community Action Agency, the community action agency serving Genesee County.

-\$28,248 to the Calhoun Community Action Agency.

These grants represent funding for the 3-month period of November 1, 1973 through Jan 31, 1974, and provide for the continuation of on-going programs.

## Letters to the Editor

Dear Sir:

When I see the news in the papers and on TV I think of the scene in Jerusalem nearly 2000 years ago when the mob yelled "crucify him, crucify him". What a sad commentary on our thinking! President Nixon stopped the war which he inherited and brought the prisoners home with honor. He brought about friendly relations with two potential enemies, Russia and China. His foreign policy is the best we have had in many years. Although he is considered a "weakened president" he is making every effort (apparently successfully) to bring about lasting peace in the Middle East and the world. He is trying to bring about better conditions at home by cutting down on waste and some of the expensive pork barrel projects so dear to the hearts of many members of Congress. In spite of all this good, because he

has been accused, but not yet convicted, of wrong doing, his political enemies cry "impeach him". After observing politics for over 50 years I wonder how many Democrats are above reproach and never indulged in dirty politics. What about stealing the election from Mr Nixon in 1960? Was that strictly

honorable? I hope that the President's supporters, and I am sure there are still many, will make themselves heard. Let us have a Christian attitude and not let the radicals control our thinking.

Miss Carmen Tranchell  
St Johns, Mich.

## Service news

Pvt Purves

FT KNOX, KY -- Army Private Matthew A. Purves, 20, son of Mr and Mrs Leon M. Trierweiler, 5261 W. Herbison Road, DeWitt completed 8 weeks of basic training at the US Army Training Center, Armor, Ft Knox, Ky.

Nothing will ever be accomplished if one waits until he can do it so well that people can find no fault with it.

He received instruction in Drill and Ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and Army history and traditions.

## TODAY'S Real Estate

by HANK FURMAN

Will Durant once wrote in one of his most famous editorials: "If I could live my life again I would marry early . . . I would have an individual home, no matter where I had to move to get it. As for happiness, I would look for it . . . In our partnership, in helping our home, and our children to grow. For a home must grow too, with the care and love of years until it becomes a part of us -- an old friend to whom we willingly return!" What better reasons for owning a home of your own!

And the friendly, experienced staff at FURMAN REALTY CO, 1515 North U.S. 27, 224-3236 will take a personal interest in helping you find a home that will grow with you and your family. And when you list your present home with us, you can be assured of its maximum coverage to qualified buyers through MLS. Open: 8:30-5 Mon-Fri; 9:30-3 Sun; & by app't.

# View from the Senate

By SEN. WILLIAM S. BALLENGER

The nation's Capitol may seem to be a pretty unsettled place nowadays, but Lansing is hardly less so.

Longtime Capitol observers simply cannot remember a time when a series of unrelated, rapid-fire developments created such an unusual (and shaky) situation as now exists in the State Senate.

The present set of circumstances was set in motion back in the 1970 general election when Michigan voters created a stand-off in the upper chamber by electing 19 Republican and 19 Democrat Senators. That tie, added to the normal difficulty of passing even slightly controversial legislation.

Several weeks ago, Republican Senator Anthony Stamm of Kalamazoo was stricken with a massive stroke, and he is still confined to University Hospital in Ann Arbor. This left Republicans one vote short on the Senate floor, at least temporarily.

This was followed by the felony conviction in Detroit Circuit Court of Democratic Senator Charles Youngblood of Detroit on a charge of conspiracy to bribe an official of the State Liquor Control Commission. Youngblood, who faces possibly expulsion by the Senate if his conviction is upheld by higher courts (or perhaps earlier), has notified Senate leaders that he will not

attend Senate sessions until his case is settled. This evens the vote again.

In the meantime, 2 Democrat State Senators, Coleman Young and Stanley Novak, are seeking Detroit municipal offices. Senator Young is leading in polls in his race for Mayor of Detroit, and Senator Novak is generally considered to have a fair chance of being elected to the Detroit Common Council. Depending upon the outcome of the November 6 election, Democrats may temporarily be one or two votes short if either or both Senators prove victorious and have to be replaced in a special election.

But from Washington, DC, come 2 more possible developments which, if they transpire, could cut into that wafer-thin Republican Senate margin -- again probably temporarily.

One was the nomination of Congressman Gerald Ford of Grand Rapids to be Vice President, replacing Spiro T. Agnew, who resigned after deciding not to contest a Federal charge of evasion of income taxes.

If Ford is confirmed by Congress, he would vacate his Congressional seat, at which point not just one but 2 Republican State Senators, Robert VanderLaan and Milton Zaagman of Grand Rapids, evinced interest in seeking it.

Both are well known in the Grand Rapids area and have served in the Senate since 1962. Senator Zaagman is President Pro Tempore of the Senate, and Senator VanderLaan is Majority Leader, the single most important position in the entire chamber.

Success by either of these men in seeking Ford's seat in Washington would create another temporary vacancy in the Michigan senate and require not only the naming of either a new President Pro Tem or Majority Leader but also another special election.

Another development in Washington that may affect the Senate situation was the announcement some time ago that Congressman James Harvey of Saginaw is in line for a Federal judgeship.

If he in fact gets the appointment, his Congressional seat would have to be vacated, and 2 Senate Republicans, Robert Richardson of Saginaw and Alvin J. DeGrow of Pigeon, and one Senate Democrat, Jerome Hart of Saginaw, have been mentioned as possible candidates for it. If any of the 3 wins, the Senate balance again will be out of whack until the vacancy created by one of the senator's victory is filled in still another special election.

The next few weeks could be so uncertain and tumultuous I don't know whether we can stand it!

Dale Hardman of St Johns views the message in Redwing Lanes telling the tale of his 736 night last week. Hardman rolled games of 277, 248 and 211 on his way to the 736 series.

# I-69 highway section gets OK

LANSING -- The State Highway Commission today approved the design and alignment of a section of planned I-69 Freeway to extend from I-96 east to US-27 in Clinton County.

The 8.5-mile project is the middle segment of a freeway to run west, north and east of Lansing. It will connect on one end with existing I-69 at Charlotte and on the other with existing M-78 near Perry. M-78 between Perry and I-75 at Flint will be renumbered I-69.

Plans approved today by the Commission provide for interchanges at existing I-96, Airport Rd, DeWitt Rd and the US-27 and US-127 interchange. In addition, existing ramps at the I-96 and Grand River Avenue (Interstate 96 Business Loop) interchange would be reconstructed and additional ramps built to provide access to Francis Road. Minor relocations are planned for small sections of Francis and Stoll Roads.

Structures over the freeway would be built at Eaton Highway, Grand River Avenue, relocated Francis Road, Lowell Road, Clark Road and Turner Road.

The proposal still needs approval by the Federal Highway Administration (FHWA). The plan is one of three

alternate proposals considered by the Department of State Highways and Transportation and discussed at a public hearing at DeWitt on July 26, 1972. Fifteen of 16 federal, state and local agencies which commented on the three alternatives favored the plan approved today. The other two proposals generally follow more northerly routes.

Department planners told the Commission that the preferred plan would provide the fastest, safest and most efficient service for both local and through traffic. It also would provide for the best operation of both the existing local road system and proposed future state highways in the area.

Estimated cost of the project is \$1.4 million. Work on the I-69 Freeway through the Lansing area is scheduled to get underway late in 1976 or in 1977. It will be part of the national 42,500-mile Interstate freeway system.

The general corridor through which the freeway will run already has received Commission and FHWA approval. Hearings on proposed design and alignment of the segments between Charlotte and I-96 and between US-27 and I-96 near Perry will be held within the next few months.

# Consumers asks use priority system

LANSING -- Consumers Power Company has filed application with the Michigan Public Service Commission for authority to establish a system of priorities in event it should become necessary to curtail natural gas service to commercial and industrial customers.

John B. Simpson, senior vice president for gas operations, said the curtailment program should be regarded solely as prudent contingency planning. It establishes 6 categories of gas service, with highest priority being assigned to residential customers, and to customers providing services essential to public health and safety.

The company serves approximately 920,000 gas customers in 40 counties of Michigan's lower peninsula. Of these, 851,000 are residential customers.

Simpson explained: "Any large company which provides essential services to the public, as does Consumers Power Company, must constantly anticipate possible problems and plan ahead for such contingencies, even though the contingency may never occur."

The company has contingency plans for various possible mishaps and natural disasters which might affect its service to customers, and the gas curtailment plan should be considered one of these."

Simpson said the company

does not presently anticipate that it will be necessary to impose curtailments during the forthcoming heating season. At the same time, he said, it cannot predict when a worsening of its gas supply situation, or an unanticipated increase in demand, may make it necessary to impose such curtailments.

The company delivers approximately 360 billion cubic feet of natural gas annually to customers of all categories. Most of this gas is purchased from Panhandle Eastern Pipe Line Company and its wholly-owned subsidiary, Trunkline Gas Company.

However, these interstate suppliers have imposed progressively greater cutbacks in deliveries of natural gas, until the shortfall presently is on the order of 200 million cubic feet daily. The cutbacks are expected to continue worsening in 1974.

Consumers Power Company had hoped to obtain additional gas from a newly-discovered field in southern Louisiana, but the federal power Commission ruled it was "not in the public interest" for the company to pay 64 cents a thousand cubic feet of gas at the wellhead, and refused to approve the purchase.

The company, meanwhile, is producing synthetic gas at the rate of 100 million cubic feet daily at its Marysville,

Michigan, gas reforming plant, at a cost in excess of \$1.50 per thousand cubic feet. Eventually, the Marysville plant will produce 200 million cubic feet of synthetic gas daily, but this will not be before mid-1974.

Simpson said the curtailment plan establishes 6 categories, ranging from commercial and industrial customers using gas for boiler fuel in excess of 3,334 thousand cubic feet per monthly billing period downward through smaller commercial and industrial users. The last -- or paramount priority -- category takes in residential customers, and those using gas for services that are essential to public health and safety. These would be the last to be curtailed, if cutbacks should become necessary.

In the event that curtailment does become necessary, the contingency plan provides that the commercial or industrial user shall be given written notice at least 10 days prior to the effective date of curtailment.

This notice would give the starting date, the authorized monthly volumes available for the customer's use, and the period of time the curtailment would be in effect. Any customer who ignored the order and exceeded his allocation would be subject to a heavy surcharge of \$7.50 per thousand cubic feet of excess use.

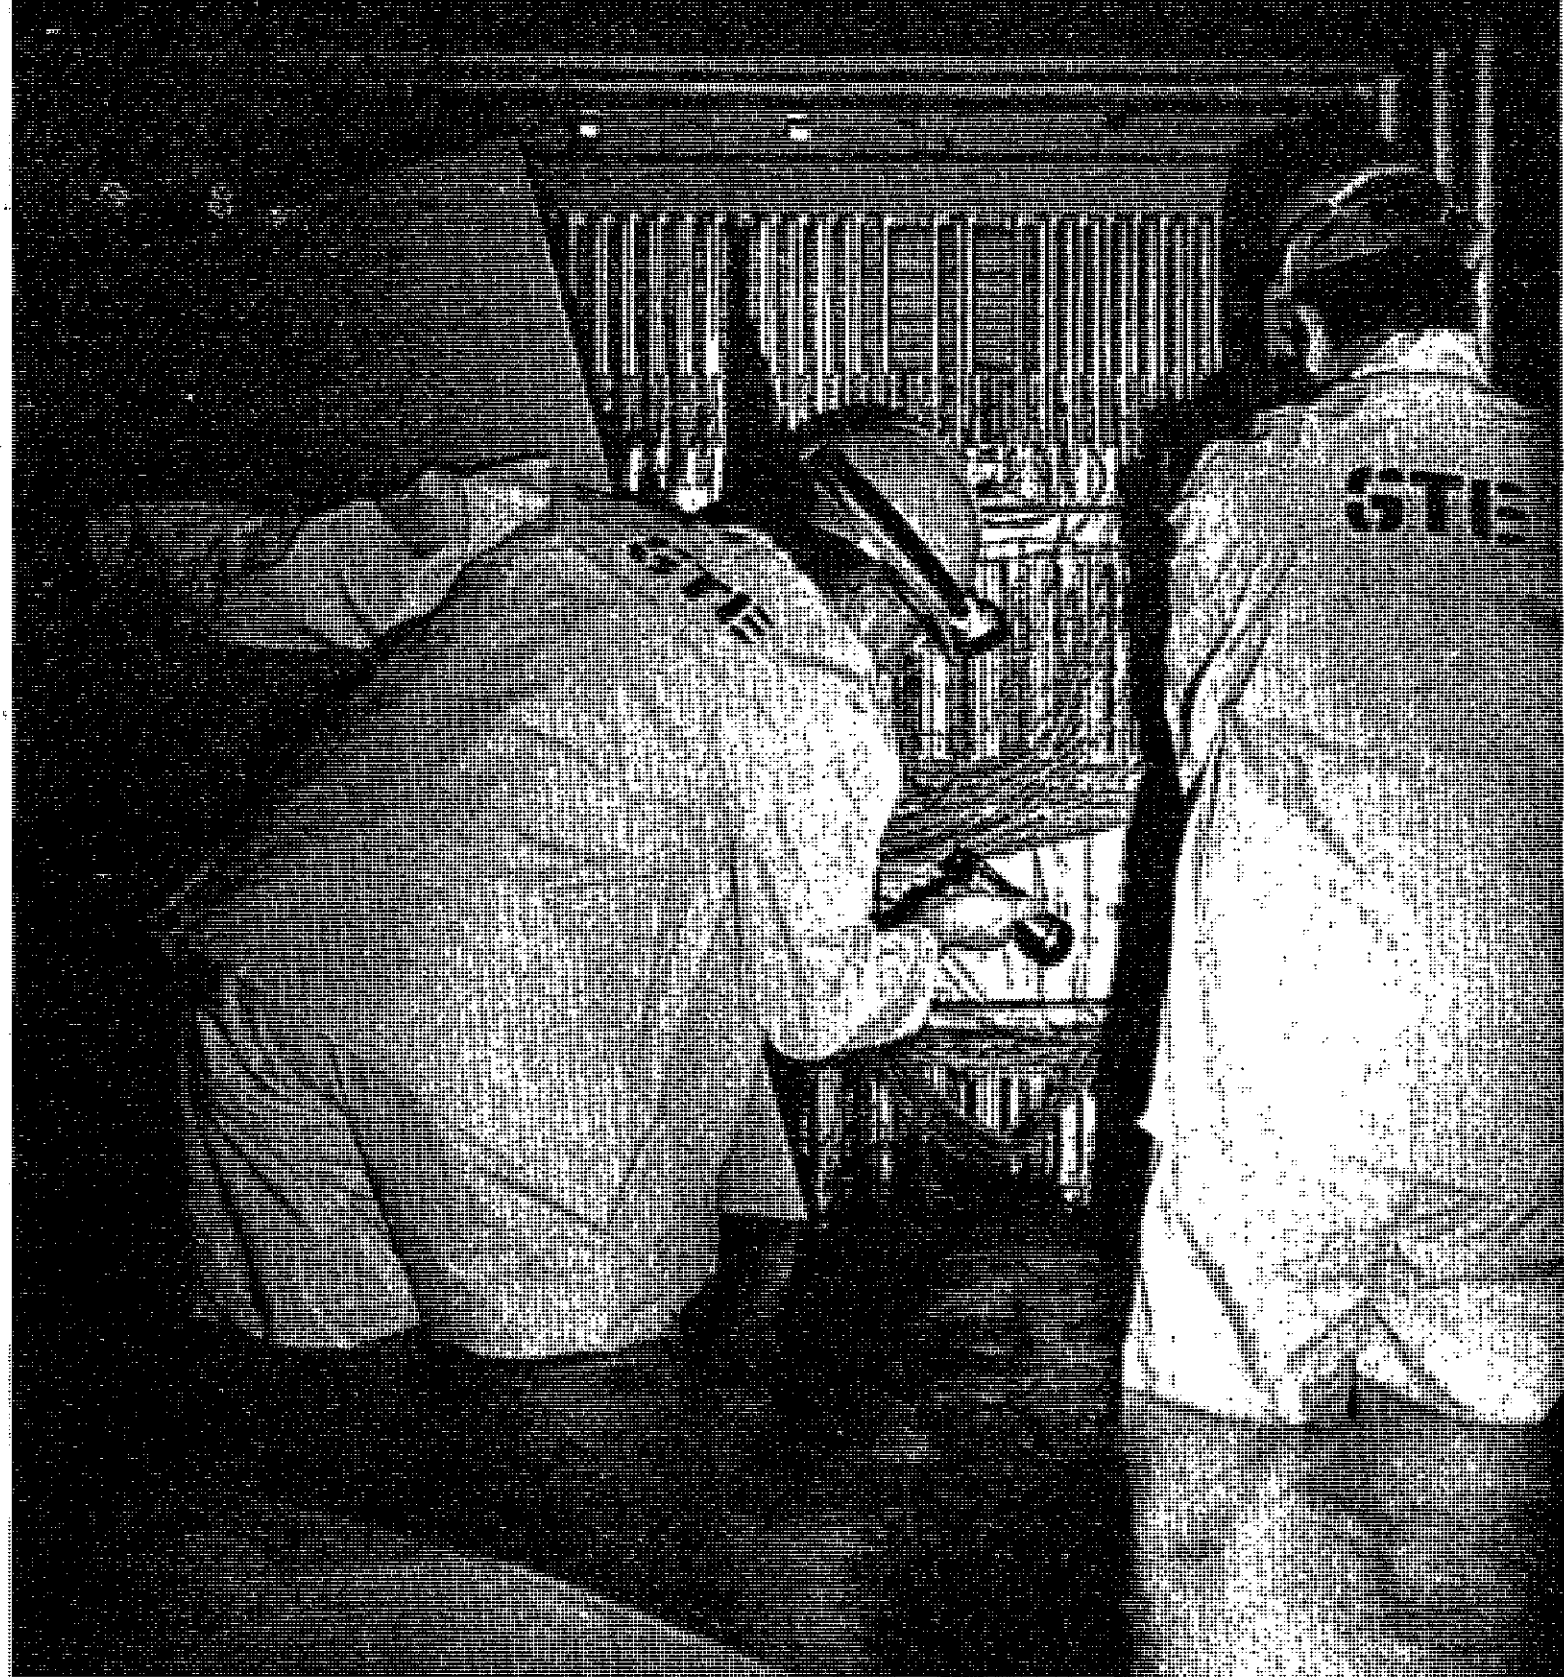

## Carland News

by Mrs. Pudge Deming

Rally Day was held Sunday at the Brethren in Christ Church, 1 mile east of Carland which began an annual event to be held each October, with special features each Sunday, Oct 14, Wesley Russell of Detroit will perform Christian magic for the Sunday School hour, and the public is invited.

Mr and Mrs Edward Greene and son, Jim, were happily surprised this week, when their son, Thomas and his wife, Mindy, came from Chicago to visit them for 2 days.

# WHEN YOUR PHONES ARE OUT WE'VE GOT TO FIX THEM FAST BECAUSE WE OWN THEM.

They called Agnes just a tropical storm. But she caused some of the biggest floods ever recorded in several areas where we operate.

In one city alone, she knocked out the phone equipment of 13 major industrial customers.

We replaced or repaired the bulk of this equipment in just three days.

Most of our customers were back in touch with the world while they were still pumping out their basements.

The point is, we have a large investment in phone equipment. And an equally large commitment to servicing that equipment.

So we get at trouble fast, whether it's caused by flood, fire, vandals,

rodents, or even dust.

We don't send you a bill for repair service, either.

If you owned all that equipment you'd have to do it yourself.

And that could cost you a bundle.

When it comes to telephone service, we serve you best when you don't buy a thing.

## Teen awareness team

By JOHN AYLSWORTH

Three Clinton County 4-H teens attended Teen Awareness Team training at Kettunen Center near Tustin Oct 25-27, 1973. Team members Bonnie

Schafer, Kathy Valentine and John McDougall, composed a presentation about 4-H in Clinton County that will be used in this county to recruit new members, tell others about 4-H

through radio programs, programs for other organizations, displays, newspaper articles, etc. The team received training in many communication skills. Photography, broadcasting, creative arts, graphics, news writing and public speaking were taught.

The Photography Course was taught by Jack Worthington, Program Technician for 4-H programs. They learned basics about using a camera and to tell a story with pictures to create more interest. Methods for making slide tape presentations were also shown. Students used polaroid cameras to take pictures of what was happening at Kettunen Center. They put the pictures together to tell the story of what Teen Awareness training was all about.

Making puppets, composing skits, puppet shows and other communicating skills that can be used to tell about 4-H were methods taught by Evelyn Maehel, 4-H Program Assistant in Creative Arts at

Michigan State University. Jeannie Croope, a graduate at MSU, helped her in this Creative arts training.

Roger Brown, Extension Editor in radio and television, taught the session on broadcasting. Members of this class made 30 second Public Service Announcements about 4-H in their county. These could be used on their own local radio stations.

How to make a good poster, slide tape presentation, was a learning experience in the Graphics training. Colleen Seely, Extension 4-H Youth Editor from MSU taught this session.

News writing, taught by Linda Christensen, Extension Marketing Editor from MSU, was learned by some teens. A news release was written by members of the class about the training we were having at Kettunen Center. A good way to use words and abbreviations and other rules in news writing were taught in this class.

Clinton County now has a Teen Awareness Team that we can use to tell others about 4-H.

Cake decorating will be taught at Smith Hall November 5, 7 and 14 for those interested in it. Marbeth Hynes will be teaching this course beginning at 7:30 pm on those evenings. She will give tips on ways to correct some of the things she finds wrong on some of the 4-H Fair exhibits. If you would like to attend these workshops, please call the Extension Office. We will actually be using decorating tubes and frosting, so bring these things with you along with a cake pan to practice on.

## Ovid-Elsie area schools

### Special Meeting-October 22, 1973

The meeting was called to order at 8:20 pm by President Hill with the following members present: D. Hill, M. Green, F. Rivest, G. Webster and C. Bracey. Members absent: R. DePond and R. Semans.

It was moved by G. Webster and supported by C. Bracey to dispense with the reading of the minutes of the October 8, 1973 regular meeting and approve them as printed. Motion carried.

It was moved by C. Bracey and supported by F. Rivest to approve payment of general fund bills represented by checks numbered 178 through 199 in the amount of \$76,725.95. Motion carried.

The general fund financial report was read and approved.

R. Semans entered the meeting at 8:27 p.m.

A letter was received by Mrs Doris Jablowski regarding changing the bus route of bus No 681. Mrs Jablowski was present to tell her ideas on why she thought the route should be changed. With her were Mrs Ivah Risley and Mrs Jean Toth. The Board directed Mr Kenney to keep Mrs Jablowski informed on the matter.

R. DePond entered the meeting at 8:37 pm.

A letter was received from the Village of Ovid requesting use of the garage at the Jr High in Ovid for storing the old Republic fire truck. It was moved by M. Green and supported by R. Semans to have Superintendent Kenney check to see if there is adequate space and inform the Village of Ovid of his findings. Motion carried.

It was moved by R. DePond and supported by G. Webster to adopt the 1973-74 Budget as presented by Superintendent Kenney. Motion carried.

Superintendent Kenney reported that he gave testimony at a State Hearing on student expulsion. For students expelled locally the State first calls for appeal to the Intermediate District and then the State. Superintendent Kenney felt that an examination of local district procedure was satisfactory but a review of restrictions on expulsion should be strictly a local matter.

It was moved by F. Rivest and supported by R. Semans to approve interest payment of Debt I payable to Detroit Bank and Trust Company in the amount of \$39,946.29. Motion carried.

It was moved by C. Bracey and supported by R. DePond to approve interest payment of Debt II payable to Clinton National Bank & Trust in the amount of \$3,125.25. Motion carried.

It was moved by M. Green and supported by G. Webster to approve interest payment of Debt III payable to Clinton National Bank & Trust in the amount of \$6,156.88. Motion carried.

Ken Kellogg appeared before the Board to raise questions about student attendance as it relates to grading.

President Hill then recognized the visitors, who were: Ken Kellogg, Hazel Hinkle, Bus Coordinator; William Case, Ass't Principal, O-E High School; Hugel Leonard, Principal, East Elementary; Larry Nicholas, Principal E.E. Knight & Bannister Elementaries and Nyal Flegel, Principal, Ovid & Elsie Jr. Highs.

It was moved by G. Webster and supported by R. DePond to adjourn the meeting at 9:40 pm with an executive session following. Motion carried. Charles E. Bracey, Secretary

## 4-H team places 4th in nation

EAST LANSING. — Michigan's 4-H Meat Judging Team, including a member from St. Johns, placed 4th in the national 4-H meat judging contest in Kansas City, Mo. Oct 16-19.

Team member Tim Grau, Chelsea, placed 6th in the overall contest. Other team members included: Myra Jackman, Romeo; Jim Core, Traverse City; and Jay Miller, St. Johns. Team alternate was Barbara Whiting, Owosso.

The judging contest consisted of beef, veal, lamb and pork carcass classes and included oral reason evaluations. The team also visited the American Royal Livestock show and commercial operations of the livestock and meat industry in Kansas City.

The trip for the Michigan team was sponsored by various livestock organizations through the Michigan 4-H Foundation.

## Pewamo farm receives centennial designation

A farm owned by Louis and Ruth Spitzley, Route #1 Box 24, Pewamo, has been designated as a Centennial Farm by the Division of Michigan History.

The farm, located in Dallas Township, has been in the possession of the family since 1867. It was originally purchased Dec 19, 1867 by Philip Cook, great grandfather of the present owner, from Robert and Vera Spitzley.

Secretary of State Richard H Austin, whose Department administers the Centennial Farm program, said the program was inaugurated in 1948. Since then, more than 3000 Michigan farms have been certified as Centennial Farms. Certificates are provided by the Division of Michigan History. Large metal markers

are provided by the Detroit Edison and Consumers Power Companies.

Explains Austin, "A Centennial Farm is one which has been in the continuous possession of the same family for 100 years or more."

For this purpose, the Michigan History Division considers a farm to be either 10 or more acres having estimated farm product sales of more than \$50 yearly, or less than 10 acres having estimated sales of at least \$250 yearly.

Applications for Centennial Farm recognition are obtainable from: Centennial

Farm Program, Division of Michigan History, Michigan Department of State, Lansing, Michigan 48918.

### Shepardsville

The Church at Price was well filled Sunday morning, Oct 28 to hear the Gospel Troubadors present their program. A chorus in Spanish was sung by the children of Mr and Mrs Joe Toth, who are the director and manager of the group.

The Administrative Board of the Shepardsville Church is scheduled to meet on Monday evening, Nov 5.

# FOOTBALL

**WIN \$20!**  
IN EVENT OF TIES, PRIZE WILL BE DIVIDED EQUALLY

"PICK-A-WINNER"

# CONTEST

**TIE BREAKER** — Select the team you think will win... and estimate the total points you believe will be scored by BOTH teams.

**THIS WEEK'S WINNER**  
**PATRICIA RIVEST**  
135 W. Oak St.  
Ovid, Mi.

- Join the fun! You can win \$20 cash, paid by The Clinton County News each week to the person who guesses the most winners of the high school and college football games listed on this page. Shop the ads and read the rules to find out how you can cash in!
1. Read every ad on this page. An important game will be listed in each ad for your selection.
  2. On a separate sheet of paper, write the name of each merchant on this page and after his name, the name of the team you select as the winner of the game listed in his ad. List in sequence 1 thru 16.
  3. Be sure and print your name and address plainly on your entry.
  4. Mail your entry to Contest Editor, The Clinton County News, St. Johns, before 6 pm Friday or deliver it personally to The Clinton County News office before 5 pm Friday. Mail must be postmarked no later than 6 pm Friday.
  5. Contest winners will be announced each week in The Clinton County News.
  6. Only one entry per person is allowed.
  7. Remember — Your guesses plus the names of the merchants, must be on a SEPARATE sheet of paper... not on this page.
  8. See copy at left for tie breaker.

# Fowler News

A birthday dinner was held on Sunday Oct 28 at the home of Mr and Mrs Charlie Boak in honor of Mrs Lula Boak's 83rd birthday. Guests were Mr and Mrs Cecil Boak, Mr and Mrs Carl Boak of St Johns, Mr and Mrs Vernon Benjamin and daughter Laurie, and Mr and Mrs Clare Boak and family of DeWitt.

Mrs Nora Braun, Mrs Anna Spitzley, Mrs Pauline Trieweller, Mrs Rose Rademacher, and Mrs Elizabeth Droste helped Mrs Margaret Fedewa celebrate her birthday on Wednesday.

Mr and Mrs Henry George were pleasantly surprised on Thursday evening. The occasion was the 15th wedding anniversary. Guests were their brothers, and sisters and sister-in-laws and brother-in-laws.

Charles Spaulding of Lansing and Carl Boak of St Johns were Wednesday afternoon visitors

and supper guests of Mrs Lula Boak. Mr Spaulding also visited Mr and Mrs Vernon Benjamin on Sunday and he also visited Mr and Mrs Glenn Webster of near Elsie and he also visited Mr and Mrs Edward Ernst before returning to his home in Lansing.

Mr and Mrs Larry Thelen and family were dinner guests on Sunday of Mr and Mrs Martin Thelen and family and afternoon and supper guests were Mr and Mrs Bruce Campbell of Lansing.

The children of Mr and Mrs Charles Halfmann had a tonsillectomy at the Carson City Hospital on Friday and are doing fine.

Mr and Mrs Jim Long of Jefferson Wisconsin spent several days with her mother Mrs Emma Vance.

Mrs Caroline Geller and daughters attended a Stanley

party at the home of Mr and Mrs Francis Martin of Westphalia on Monday evening.

Eileen Boak of St Johns was a Saturday visitor of Mrs Lula Boak and she also brought along a corsage which was sent to her by Mr and Mrs Calvin Boak of Tucson Ariz as a birthday gift for his mother Mrs Lula Boak which was held on Sunday.

Mr and Mrs Dale Van Loon of Owosso were Sunday afternoon visitors of Mrs Nora Braun.

Judy and Lourie Benjamin were Friday evening visitors of Mrs Lula Boak.

Dr Kenneth Vance of Ann Arbor spent the weekend with his mother Mrs Emma Vance.

Mr and Mrs Clare Boak and family were Sunday evening visitors of Mrs Lula Boak.

Mr and Mrs Herman Fandel of Westphalia were Sunday afternoon visitors of Mrs Nora Braun.

Don't guess -- soil test

By WILLIAM LASHER  
Extension Agriculture Agent

Don't guess, soil test! That seems to be a familiar phrase but it still means a lot. Any time now is a good time to take a soil sample and bring it in for testing.

For general rotation crops, soils should be tested once every 3 years. There is an advantage to testing the last sod year of a rotation because lime, if needed, can be spread before breaking the sod.

Before sampling a field, size it up for differences in soil characteristics. Consider its productivity, topography, drainage, color of top soil and post management. If these features are uniform throughout the field each composite sample can represent 10-20 acres. If there is a great variation in these features, divide the field ac-

ordingly, and take a soil sample from each predetermined area. From each predetermined area prepare a composite sample by taking 20 samplings consisting of vertical cores about 1/2 inch square and to plow depth. These should then be well mixed and then put in a small bag or box. A shovel, trowel auger or probe could be used to take the soil sample.

Avoid sampling unusual areas unless you sample and package them separately as those close to gravel roads, dead furrows, underbrush piles, or old fence rows or previous locations of manure piles.

You can make more money using the best analysis and correct amount of fertilizer and the best way to determine the kind and amount of fertilizer to use is by soil test.

# Pewamo

ph. 593-3359

Mr and Mrs Tom Parks Sr of St Johns were visitors of Arnold Hattis and his father, Frank Hattis, at the Ionia Manor Friday afternoon.

Mrs Clara Caston and Mrs Anna Fedewa were visitors of Dr and Mrs Lestie Coston at Hastings during the past week.

John Cotter called on Mrs Frances Alton at the Ionia Manor.

Mr and Mrs James Cotter Sr spent Monday, Oct 8, with their sister, Mrs Al Radmacher at Alma.

Mr and Mrs Frank Ormston of rural St Johns were Tuesday dinner and afternoon guests of Mrs Laurine Schafer.

Mrs Grace Bissell entertained the pedro club at her home Tuesday afternoon, Oct 9.

Mr and Mrs Leon Thelen and family of St Johns, Mr and Mrs Andrew Lutig and family, Mr and Mrs Al Fugie and family, Mrs Joan Daniels of Lansing, Mrs Vera Cook and Mrs Dolly Cook meet at Fitzgerald Park in Lansing for a potluck dinner and afternoon Sunday.

Mr and Mrs Ray Kramer were present at the 25 wedding anniversary honoring Mr and Mrs Norman Haskins at Lake Odessa. The celebration was held in a hall at Lake Odessa.

The following from this area, Mr and Mrs Ray Kramer and family, Mr and Mrs Gerald Kohagen and family attended a bridal shower given by Kathy and Julie Kohagen at the home

of Mrs Julia Fox at Carson City, Sunday afternoon, Oct 7. The honored guest was Rose Gurnee who will become the bride of John Kohagen on Nov 9. Bridal games were played with gifts going to the bride to be. Many lovely gifts were received by the bride to be, Rose Gurnee. Lunch and refreshments were served. A Nov 9 wedding is planned.

Mr and Mrs Jack Parks and their mother Mrs Dorothy Parks, left Aug 25. They went to Gettysburg, Lancaster, Barry Pa. saw the flood damage of last year, then to Walkins Glen New York. Jack and Sharon came home Sept 2. Mrs Dorothy Parks spent 7 more weeks with cousins in Wilkins Glen and Corning New York. While there went fishing and camping on Indian River near St Lawrence River and then to Washington D.C. a few days. Mr and Mrs Montgomery Bills of Corning New York brought Mrs Dorothy Parks home Oct 22 stayed a day and visited the family of Mrs Dorothy Parks, before returning home.

Several from this area attended the funeral of Carl H. Byers Sr, 81 of Lansing at the Church of the Resurrection, Monday at 10:00 am. Survivors include one son Carl H. Byers, Jr Lansing, 3 daughters, Miss Catherine A. Byers of Lansing, Mrs Betty Timpont of Mouth Oregon and Mrs Patricia Werner of Pewamo. Blue Star

Mothers meeting was held Wednesday evening Oct 24 at the elementary school. 4 members attended, Mrs Hilda Schafer being the hostess, assisted by Mrs Vera Cook. Minutes were read and approved. Mrs Ann Bower received the mystery package, cookies and coffee were served by committee followed by pedro. First in pedro was Mrs Bernita Cook. Consolation went to Mrs Cornella Schafer. Hostess for November party will be Mrs Bernita Cook.

Mrs Irene Fedewa and daughters Mrs Bruce Hutting and Mrs Kathleen Lawless of Portland were visitors of Mr and Mrs Hardy and family of Troy.

Mrs Julia Fox and daughter Julie Kohagen of Carson City were Sunday afternoon visitors of Mrs Irene Fox.

Nov 7 Turkey Supper, family style, starting at 5:00 pm. Pewamo Methodist Church.

Mrs Irene Fedewa and Mrs Irma Johnson of East Jordan, were among the 38 persons taking the guided tour by the Lansing and Kalamazoo diocese. They were in 9 different states. An audience with Archbishop Gene Jarod, visiting the capitol, Washington D.C. Gettysburg, Bethesda, Maryland, Blue Ridge Mountains, Smoky Mountains, Tennessee, Kentucky and many more places of interest during the two weeks tour.

## Catholic Regional Assembly Sunday, Nov. 11

The first Regional Assembly for Catholics in the Ingham, Eaton and Clinton county area will be held Sunday, Nov 11, in Lansing.

The Assembly will begin at 1:30 pm at the Center for Religious Studies, 228 N. Walnut. The Rev William Fitzgerald of Kalamazoo will speak. The meeting is part of a program begun by Bishop Zaleski to encourage parishes of a region of the Diocese to unite to share concerns and find solutions.

The Lansing area with its 19 parishes is one of 7 such regions. Fr Richard Groshek has been appointed to coordinate the development. "There are many needs larger than any one parish," said Fr Groshek. "Together we can share our solutions and perhaps find answers for the whole community".

The speaker, Fr Fitzgerald, is well known in the Lansing area because of previous assignments at St Thomas, East

Lansing and as Director of Religious Education for the Diocese. The talk will be followed by in depth discussions in areas of family life, adult education, the elderly and prayer. Each group will be led by a director.

"All interested parishioners are invited", said Fr Groshek, "and we are especially asking members of parish councils and pastors to implement this project of our bishop".

## Daryl Melvin in MSU human medicine

EAST LANSING -- Daryl R. Melvin, 8401 Island Road, Elsie, is a member of the entering class at Michigan State University's College of Human Medicine.

A graduate of Michigan State University, he completed premedical coursework and earned a B.S. in microbiology. While attending MSU, he was a member of Phi Kappa Phi and

Tau Sigma scholastic honoraries.

This year's entering class of 93 new M.D. students includes a record number of women -- 34 -- and is the largest first-year class to be admitted to the College of Human Medicine. Doctor of medicine degrees will be awarded upon the students' completion of individually paced studies. Many in about three and one-half years.

## North Bengal

By Mrs. Wm. Ernst

Sunday Oct 28 supper guests of Mrs William Ernst and Maxine were Mr and Mrs Edwin Mohnke of South Bengal, Mr and Mrs Robert Beckhorn of Ionia and William S. Ernst of Battle Creek.

Mr and Mrs Urban Thelen and family and Mr and Mrs Alex Thelen and family attended the Simmon-Luttig wedding and reception on Saturday, Oct 27 at Holy Trinity Church at Fowler.

Mr and Mrs Herman Noller of rural Hubbardston were Tuesday, Oct 23 visitors of Mrs William Ernst and Maxine.

Mr and Mrs Louis Moritz enjoyed a trip to Traverse City and other places of interest along the Lake Michigan shoreline on Wednesday Oct 24.

Mrs William Ernst and Maxine spent Thursday, Oct 25 with the former's sister Agnes Bearndt and Peggy Mowhatt of rural Six Lakes.

Keith Thelen, who attends MSU, spent the weekend with his parents, Mr and Mrs Claude Thelen and family.

Saturday evening Oct 27, Mrs William Ernst and Maxine spent Thursday Oct 25 with the former's sister Agnes Bearndt and Peggy Mowhatt of rural Six Lakes.

Keith Thelen, who attends MSU, spent the weekend with his parents, Mr and Mrs Claude Thelen and family.

Saturday evening Oct 27, Mrs William Ernst and Maxine visited Mr and Mrs Edwin Mohnke of South Bengal. Other guests of the Mohnke's were Mr and Mrs Robert Finkbeiner and

family of McHenry, Illinois and Mr and Mrs Clare Moritz and children of rural Grand Ledge.

## Carland News

by Mrs. Pudge Deming

Mrs Edith Simpson and Mrs Helen Latz of rural Carland have returned this week from a vacation, touring the country of Switzerland.

This tour of Switzerland was sponsored by the John Wesley College of Owosso.

Mrs Kirby Hudson of Carland still remains a patient in the Owosso Memorial Hospital, where she has been for the past several weeks.

## Carland News

by Mrs. Pudge Deming

A Halloween Party was held by the Carland United Methodist Church Sunday School Classes this week, as they joined all classes to play games, show off Halloween costumes, accept prizes, and play "trick or treat" with their teachers, Mrs Lois Bowen of rural Ovid, Mrs Joan Parks of rural Elsie, and Mrs Patricia Chamberlain of rural Ovid.

Refreshments were served to the boys and girls before they departed.

## Shepardsville

MRS. JOHN SPENCER  
Ph. 834-2615

Ian Patrick, infant son of Mr and Mrs Gary Sage, was baptized during the worship service. The infant's grandparents witnessed the ceremony.

It was also announced that services will be held as usual on Oct 28. There will be no Church School, arrangements will be made to take the children over to the Price Church. The Gospel Troubadors of East Lansing will be presenting the worship service and the congregation of the Shepardsville church have been invited to attend. The time is 11 am.

Mrs Charles Palen, Jr, Mrs Charles Walker, and Mrs John Spencer of the Ovid-Duplain Library Club attended West Central District Federation in Owosso Thursday, Oct 18.

Dr John R. Bartlett and son Tad, have returned to their home in Rochester, N.Y. after spending the past week visiting his parents, Mr and Mrs Spencer Bartlett.

The Colony Community Club held a business meeting some time ago and elected officers for the new year. Serving as president is Emerson Dunham,

first vice-president is Don Temple; second vice-president is Florence Ewer; secretary, Rosetta Becker; Dorothy Harmon, treasurer, and Bob Kelley as the representative on the Park Board.

They have already had a Bingo Party hosted by Mr and Mrs Charles Walker. The next event is a progressive pedro party scheduled for November 24.

They also would like people to know that the hall is available for private parties, Emerson Dunham of Elsie is the person to contact.

## Worn Windshield Wipers Can Endanger Driver

**IN A BLIND** — A windshield splashed with winter road slush can provide a moment of terror to any motorist. For a fraction of a moment he is practically blind. It takes good wipers to clear away the obstruction as quickly as possible and restore safe visibility. Replace those worn wipers before poor winter weather sets in.

Like so many other crucial devices, your car's windshield wipers are most likely to fail just when you need them most. During the winter months, windshield wipers have to fight snow, ice, slush, and road salt, as well as the usual rain.

And that is when clear vision is extra important, due to hazardous road conditions. So now is the time to check your wiper blades carefully, and to replace them if they're not in perfect condition.

How should they be checked? And what are the signs that a wiper blade isn't up to par?

The best time to check your blades is during a rainstorm, or just afterwards, when there's dirty water on the roads. Or you can check them by using your windshield washer or as you go through a carwash. Or even by having someone spray water on your windshield with a hose.

Whenever you choose to test your wipers, you should be sure to check them at all wiper-speed rates they can be set for. And also be sure to check for all of the following signs of malfunctioning.

**Streaking** — arcs of unwiped moisture within the wiping area;

**Hazing** — a thin, hard-to-see-through film covering most or all of the wiping area even after the blade has just wiped;

**Hopping** — a jumpy motion, accompanied by a "chattering" noise as the blade sweeps across the windshield, with some areas left unwiped;

**Scalloping** — a ragged outer edge in the wiping pattern;

**Rattling** — no visible signs of problems, but the wiper blade assemblies sound as if they're very loose.

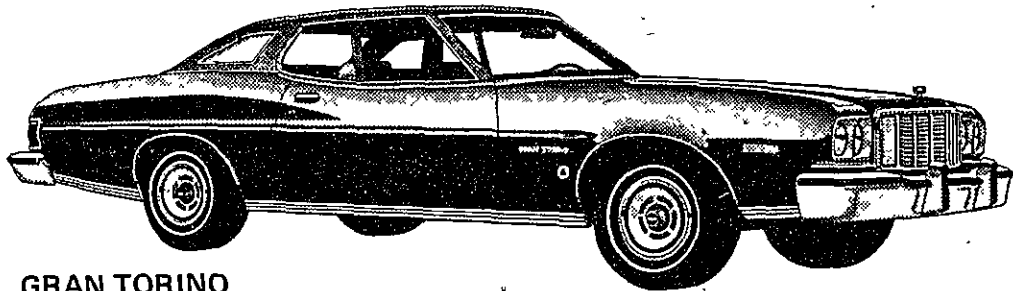

If any of these symptoms are present, you should replace as much of your wiper assemblies as is necessary to eliminate the problem. In many cases, all that's needed is new squeegees (the rubber strips that actually wipe the windshield). Try replacing the squeegees first, and if this doesn't solve the problem, replace the entire wiper-blade assemblies.

When you do replace all or part of your wiper blades, replace both at the same time; if one is "shot," the other is usually about to give up, as well. And good vision is too important to risk for a few dollars.

One final tip. If you are replacing your wiper blades, consider the new, molded polycarbonate variety. They last longer than the old metal type, and cut down on glare and rattle, as well.

### More Vehicles Boosting Need For Mechanics

Five years from now there will be a need for at least 100,000 more mechanics beyond the approximately 600,000 we have now. With more than 120,000,000 cars expected on the roads in 5 years, that is a conservative estimate.

With car population growing at the rate of 3.4 million a year, there is now only one mechanic for each 170 vehicles. The ideal is one for each 80 cars.

Young people apparently do not understand the earnings and opportunities in the job. Average hourly earnings of mechanics in Detroit are now \$6.13, with some making much more. \$25,000 a year is not unusual.

No auto mechanic will ever be out of work, says the industry, and when "young people" are urged to get in, the ladies are not excluded.

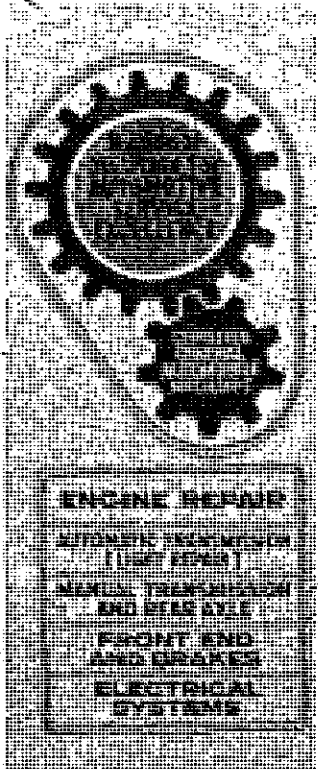

<b>HINTS FOR TRANSMISSION MAINTENANCE</b>	<b>YOU NOTICE . . .</b>	<b>THIS MAY MEAN . . .</b>	<b>CAUSED BY . . .</b>	<b>YOU SHOULD . . .</b>
<p>Avoid quick starts. Give your gears a chance to shift gradually. A smooth take-off is easier on the passengers, too.)</p>	<p>a chattering sound when car first begins to move with a manual transmission.</p>	<p>the clutch is not engaging properly</p>	<p>oil on the clutch, or you may have worn parts</p>	<p>have a qualified mechanic check out the problem</p>
<p>If your car has a manual transmission, avoid riding the clutch. When your foot rests on the clutch pedal, often the clutch won't engage properly. Also additional frictional heat is built up between clutch pressure plate and lining, causing both to wear out prematurely.</p>	<p>same as above with an automatic transmission</p>	<p>the clutch is not engaging properly</p>	<p>a worn clutch or bands</p>	<p>have a qualified mechanic check out the problem</p>
<p>Periodically, check transmission fluid level and differential fluid level. Change the transmission fluid at recommended intervals and whenever fluid becomes contaminated. If necessary, have all parts cleaned at this time.</p>	<p>your car doesn't respond to engine speedups</p>	<p>your clutch is slipping</p>	<p>a worn clutch or one out of adjustment</p>	<p>have a qualified mechanic check out the problem</p>
<p>Replace transmission filter or clean fluid-screen when fluid is changed and as otherwise required. Check and/or change transmission modulator if your car is so equipped. Also adjust bands (if your transmission has them) at intervals recommended by the manufacturer or more often as necessary.</p>	<p><b>NOTE:</b> There are a number of other transmission problems too complicated for discussion here. If your transmission does things or makes noises that seem strange, don't ignore these symptoms of malfunction. You'll find it more convenient and more economical to correct transmission problems as early as possible.</p>			

The transmission system of the average car is something most motorists take for granted. While transmission usually will run efficiently for many miles

with a minimum of maintenance, there are still critical adjustments and services that must be performed. The Fram Corporation offers some tips on

transmission care in a new booklet it has prepared for the car owner. For information on receiving it, write Fram Corporation, Providence, R. I. 02916.

**Quality Sign**

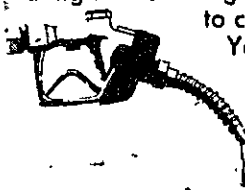

**SHOWS THEY KNOW** — If you're looking for proven competence of an auto mechanic, this orange and blue shoulder patch on his uniform is one sure-fire indication. The patch and the specialty emblems shown in tones are awarded to auto service personnel who can pass a thorough examination on one or more car systems skills. More than 30,000 mechanics have taken the tests, administered by the National Institute for Automotive Service Excellence, an independent, non-profit organization. Facilities having certified mechanics also will have a display card on the premises.

# Three timely reasons why your car should be tuned regularly.

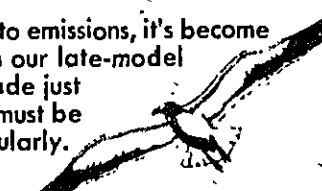

## To save gasoline.

During the current gasoline shortage, it's important for us all to conserve the amount of gas we use. Yet tests have shown an untuned car uses 8.2% more gasoline than a tuned car on the average. And that's more than a gallon in every tankful.

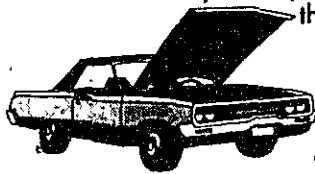

## To save our environment.

In recent tests and talk about auto emissions, it's become clear that the pollution controls on our late-model cars are working. And it's been made just as clear that the pollution devices must be maintained and the cars tuned regularly. To keep harmful emissions down.

## To save yourself from winter weather worries.

Other tests by Champion Spark Plug Company have shown that an untuned car is especially troublesome during winter. Cars needing tune-ups had twice as many "won't starts" as tuned cars. And the untuned cars took an average of 15% longer to start.

More gasoline. Cleaner air. Trouble-free driving. They all can be yours if you take your car in for a tune-up. Once each year or every 10,000 miles. With the spark plug brand 22 million people have switched to, Champion.

Toledo, Ohio 43661

**Better plugs for everyone.**

# Do-It-Yourself Safety—Check Belts, Hoses

Today's cars are more complicated than ever, but there are still some under-the-hood things you can do for yourself. Some, like checking your battery, radiator, and oil

level, are things you probably already do. But you may not have realized that you can also check your own belts and hoses in a jiffy, without special tools or training.

The Gates Rubber Company offers the following tips on checking belts and hoses.

## BELTS

Most belts look fine on the top, even when they're in terrible condition. So, when you're checking your car's V-belts, be sure you look at the sides and bottoms. Here's what to look for:

- Cracks on the underside are rapidly made larger by flexing. Belt can break without warning.
- Glazing — slick hard sides cause low battery and overheating.
- Grease-softened undercore and slick sides cause slipping — also rot rubber.
- Peeling — Undercore peels or frays at bottom corners so that belt runs rough — soon fails.
- Split belt — Top of belt may look good, but undercore may be split or sides badly worn.

And while you're checking the condition of your V-belts, you should also check to be sure that they're properly tensioned. A loose and slipping belt slows fan, pump and generator — causes poor cooling, overheating, battery failure. It is difficult to over tension a belt with ordinary tools.

Check belt tension and tighten as necessary. As a rule of thumb, tension is proper when belts can be pushed down about 1/4" at midpoint between pulleys.

## HOSES

Many hose defects can be spotted just by looking, but it's always a good idea to check each hose for softening or hardening, by squeezing. Rubber hoses should be firm, but not brittle. Things to check for are the following:

- Cracks and breaks cause leaks that can't be stopped by tightening clamp. Squeeze. If cracks go to cords, replace hose.
- Hardened hose is stiff — transmits shock to radiator — fails without warning. You can't seal by tightening clamps.
- Swelling — Spongy ends or swelling indicate that hose has been ruined by oil or grease.
- Hidden failure—Hose may look good, but it may be deteriorated inside, clogging radiator with particles. Squeeze it, and replace if soft.
- Worn clamps—When checking hose, replace clamps that can't be tightened. If you replace hose, always replace clamps.

## More Tire Mileage

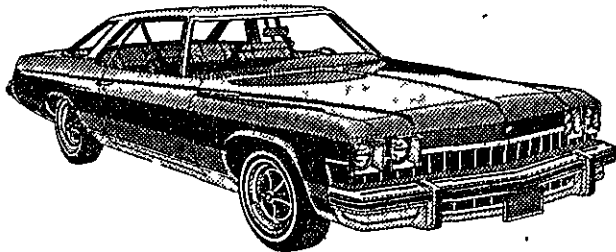

Let your wife do the driving.

According to Goodyear Tire and Rubber Company, women average 30,000 miles on tires while men average only 20,000, with some men getting as little as 12,000 miles.

Of course the area of the country, road conditions and driving speeds influence tire wear.

Most wives don't travel 70 mph to the grocery store so maybe this explains Goodyear's findings.

## Saving Two Gallons Per Car Is Goal

*"If everyone in this country used one less gallon of gasoline a week, there wouldn't be a shortage."*

That dramatic statement was contained in a newspaper advertisement run by one of the nation's leading oil companies. It seems like an enormous task to cut down on gasoline consumption by more than 200 million gallons a week or 10 plus billion gallons a year. But when the problem is examined on an individual vehicle-by-vehicle basis, the task is not as overwhelming as it first appears.

Consider this. There is about one motor vehicle in this country for every two persons. Thus, if every vehicle would use two fewer gallons of gasoline a week, there would be no shortage.

### Tune-up is Key

According to Champion Spark Plug Company, saving this amount of fuel can be achieved, even without reducing the amount of driving done.

The major part of that savings can be achieved by making sure the car's engine is in tune. Tests conducted by Champion in the United States, Canada and Mexico showed what a fuel waster an untuned engine can be.

Cars were tested with an engine overdue for tune-up. (More than 10,000 miles traveled since the last tune-up.) Next cars were checked with new spark plugs installed and then with a complete tune-up.

### New Plugs Help

With new plugs alone, there was an average fuel savings of 6.2 per cent. Once a complete tune-up was performed, average savings was 8.2 per cent.

Thus between one and two gallons of gasoline per tankful can be saved by a tuned engine. So, if you use a tankful of gas a week, you've almost done your part to help alleviate the fuel shortage.

In addition, a tuned engine starts more easily and considerable fuel is wasted in hard-starting situations.

### Other Assets

There are a variety of ways to help make up the rest of the gallonage to bring weekly savings to over two gallons a week.

- Make sure your tires are properly inflated. Underinflated tires are gas wasters.
- Accelerate smoothly. "Hot rod" type starts consume enormous amounts of fuel.
- "Play" the traffic lights and avoid stop and start driving as much as possible. If you have to spend long periods of time idling, it's better to shut off the engine.
- Watch your speed. You use over 25 per cent more fuel traveling at 70 miles per hour than you do at 50.

Here's What You Must Do to . . . . .

# Get Your Auto to Last Longer

## Keep it from Junk Heap Prematurely by Taking Care of Key Systems

With new car sales hovering around all-time record volumes this year, the pundits and prophets have offered a wide variety of reasons for the boom. Among the reasons most often cited was this: Cars in the near future may be higher in price due to emissions and safety systems mandated by the government.

Still it seems that many 1973 and 1974-model car buyers want to take advantage of lowest possible prices now and presumably want to keep these cars as long as they can. Certainly, new cars will continue to be attrac-

tive buys for millions of motorists annually. The thrill of new car ownership is a never-ending one.

### Lamentable History of Neglect

While the theory is sound, the motoring public will have to do a lot better job than they have been doing if they want their new cars to last. For the lamentable history of car neglect that has been so evident in this country has always meant that vehicles are ready for the scrap heap well before their time.

There are more motor vehicles junked in this nation every year than there are vehicles registered in all of South America. Only five nations in the world have more cars than the number of cars relegated to scrap heaps here each year.

And a large proportion of our derelict vehicle population got that way because of neglect.

If you want to get your car that extra couple of years, you must pay more attention to car care.

The benefits of car care outweigh the costs considerably.

For example, the nationally-syndicated columnist Sylvia Porter recently noted, "Tune-ups pay for themselves in savings on fuel consumption and engine wear. And as gas prices climb, a tune-up will more than pay for itself."

Other instances of how caring for a car lengthens its lifespan and saves money in the meantime are many.

- Changing oil and oil filters and lubrication at recommended intervals helps prevent premature engine and chassis wear.

- Balancing and rotating tires and aligning wheels add 25 per cent or more to the life of a set of tires.

This does not even take into consideration the servicing of safety components that help prevent accidents. Certainly keeping brakes, lights, tires, windshield wipers in good operating condition are keys to safe driving. Maintaining the cooling system is another must for trouble-free driving.

Also, many cars are premature junkyard candidates because of body neglect. So, keeping a car clean, free of rust spots and dents can add years and value to your car.

### Winter Especially Hard on Cars

In this fall and winter season approaching, the elements are particularly hard on a car. In colder climates, the ignition and cooling systems especially take a severe beating.

So, to make sure your car gets through the season in good shape and to add those extra years of life to your vehicle, bring it in to your favorite service outlet for a thorough check-up and for necessary services.

This Care For Your Car section is devoted to helping you know what it takes to keep your car young as the miles and months pile on.

## Radiator Care Helps Cool It this Season

If you're like most motorists, you probably have your car tuned up once or twice a year, to prevent trouble and assure that you're getting the most your car has to offer in the way of performance and fuel economy.

Those tune-ups you've been getting are fine for your car's ignition and fuel systems. But they do nothing for the car's cooling system.

Unless your engine is kept at just the right temperature, it will perform poorly, waste fuel, and possibly even burn itself out long before its normal life expectancy.

The heart of your car's cooling system is the radiator, which contains the coolant that is pumped through passages in the engine block, to keep the engine from overheating. The coolant absorbs the heat from the engine, and then is pumped back through the radiator, where it is cooled

off by the fan.

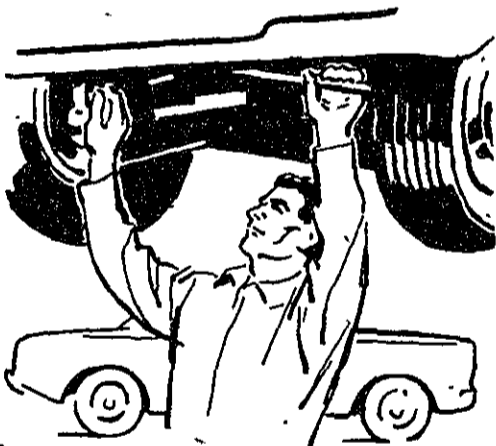

So in order for your car's cooling system to do its job properly, the radiator, water pump, thermostat and fan must all be operating efficiently — which means that the belts and hoses which connect these key elements must also be in tip-top shape.

This means that just as you have the ignition and fuel system tuned up periodically, you need to have your cooling system checked out and tuned up, too. The Gates Rubber Company calls this a "Tune-Up Number 2," and has prepared the accompanying checklist for automotive service technicians to use in performing this second tune-up. Clip it out and take it with you next time you're planning to have your car serviced.

### Remember Washers

When putting anti-freeze into your car, don't forget the windshield washer fluid.

## Housecleaning Hook Ya? Well, Start by Visiting Your Auto Supply Store

If the grease and grime created by the do-it-yourselfers at your house has you working overtime in the laundry room, the following information may help.

Go to your local automotive supply store or the parts jobber frequented by automobile mechanics, and buy some mechanics' hand cleaner.

Not the old fashioned abrasive stuff of years gone by, the kind that took the skin away with the dirt... but the new kind of creamy product that won't hurt sensitive skin and really does an excellent cleaning job. Most can be used with or without water.

They are treated with lanolin (or similar products), and even have an an-

tiseptic agent built into the formula to help heal the minor nicks and scratches that are part and parcel of most Saturday afternoon projects.

Most manufacturers supply dispensers to hold the hand cleaner container so that you can dispense the cleaner efficiently and economically. Their low cost permits installation of one in the garage and one in the basement workshop for real convenience.

You will also find the auto store a revelation in terms of household helps that you don't see advertised on TV.

There are bags of easy-to-use floor cleaner that eat up garage floor grease fast and save you the job of

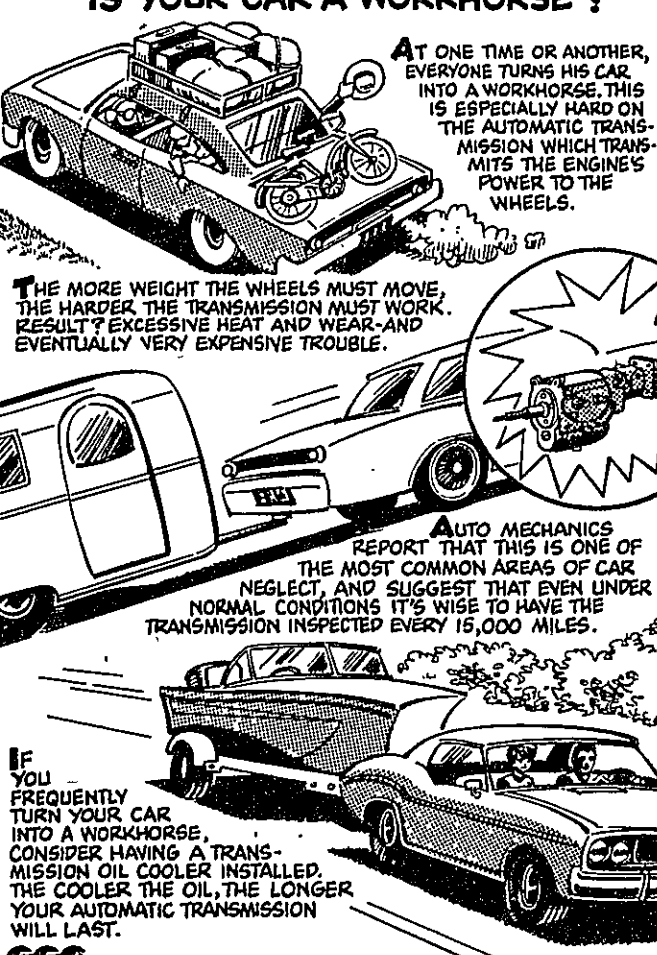

cleaning up the grime that used to be tracked into your house. There are adhesives, super lubricants, squeak stoppers, rust and stain removers, sealers, degreasers that you spray or brush on and hose off with water... to mention just a few.

Some of these products you may find in your hardware store, but many are strictly auto supply store fare, because they are the professional materials used by professional mechanics... but many have application in and around the house.

Check the Parts and Supplies stores near you. Then do a little browsing and ask some questions.

Your pantry shelves may soon be stocked with a variety of auto products right along with your favorite detergents. And pretty soon you'll wonder how you ever got along without them.

**IS YOUR CAR A WORKHORSE ?**

AT ONE TIME OR ANOTHER, EVERYONE TURNS HIS CAR INTO A WORKHORSE. THIS IS ESPECIALLY HARD ON THE AUTOMATIC TRANSMISSION WHICH TRANSMITS THE ENGINE'S POWER TO THE WHEELS.

THE MORE WEIGHT THE WHEELS MUST MOVE, THE HARDER THE TRANSMISSION MUST WORK. RESULT? EXCESSIVE HEAT AND WEAR-AND EVENTUALLY VERY EXPENSIVE TROUBLE.

AUTO MECHANICS REPORT THAT THIS IS ONE OF THE MOST COMMON AREAS OF CAR NEGLIGENCE, AND SUGGEST THAT EVEN UNDER NORMAL CONDITIONS IT'S WISE TO HAVE THE TRANSMISSION INSPECTED EVERY 15,000 MILES.

IF YOU FREQUENTLY TURN YOUR CAR INTO A WORKHORSE, CONSIDER HAVING A TRANSMISSION OIL COOLER INSTALLED. THE COOLER THE OIL, THE LONGER YOUR AUTOMATIC TRANSMISSION WILL LAST.

### Engine Maintenance is Revealed By Study as Critical Factor In Lowering Emissions

Laboratory and test track probes give indisputable proof that the cars of today are built to emit significantly less carbon monoxide (CO) and hydrocarbon (HC) than cars of the 1960s.

But what about performance of vehicles actually in the hands of the average driver, operating in typical everyday driving conditions?

According to a survey of 1,370 privately-owned and operated cars throughout the United States, vehicles of 1970s are running about twice as clean as models built prior to 1968.

The survey, conducted by Champion Spark Plug Company, showed the following results:

MODEL YEAR	AVERAGE CO EMISSIONS (At Idle)	AVERAGE HC EMISSIONS (At Idle)
Pre-1968	4.7 per cent	723 PPM
1968-1969	3.8 per cent	450 PPM
1970 and newer	2.9 per cent	308 PPM

Reason for the cleaner-running car, according to Champion, is the anti-pollution systems designed and installed by the car manufacturer.

Due to these new devices, prospects for rapid improvement in the nation's air quality are excellent. According to the Motor Vehicle Manufacturer's Association, 17 out of 20 cars now on the road have some form of emission control.

Forty-three per cent have crankcase controls only, 33.3 per cent have crankcase and exhaust controls and 8.2 per cent have crankcase, exhaust and fuel evaporation controls.

As the older, non-controlled or not-fully controlled cars are scrapped, cars in operation will be emitting at only a fraction of present-day levels.

The Champion tests, conducted in nine U.S. cities, showed that engine maintenance continues to be vital to keeping emissions low.

In the Phoenix tests, there was an average reduction of 50 per cent in CO and 40 per cent in HC at idle after tune-up.

Similar reductions in harmful emissions were noted in Denver tests as well.

Other cities participating in the test were Dayton, Ohio; New Orleans, Louisiana, Chicago, Illinois; San Ramon, California; Norman, Oklahoma; Dallas, Texas and Memphis, Tennessee.

**SHOWS THEY KNOW** — If you're looking for proven competence of an auto mechanic, this orange and blue shoulder patch on his uniform is one sure-fire indication. The patch and the specialty emblems shown in tones are awarded to auto service personnel who can pass a thorough examination on one or more car systems skills. More than 30,000 mechanics have taken the tests, administered by the National Institute for Automotive Service Excellence, an independent, non-profit organization. Facilities having certified mechanics also will have a display card on the premises.

**Low Mileage Cars Require Attention**

Owners of low-mileage cars — those driven on the average of 7,000 miles or less annually — may believe their cars stay in "mint" condition because of the low mileage. In fact, unless the owner takes extra care of these vehicles, their "prized" possessions may be turning into prize headaches.

The low-mileage car owner may believe he should get recommended service at normally suggested mileage intervals. But, maintenance schedules are planned for automobiles driven the average of 10,000 or 12,000 miles per year.

The engine, especially, suffers as a result of short-distance driving — often, because it does not have time to warm up properly. Vital lubrication of the engine's moving parts is restricted.

It is this proper lubrication that minimizes wear within the engine. With normal usage, dust and the wear particles are carried to the drip pan by the oil.

But an engine must be allowed to run after it has warmed up — in order for the (warm) oil to flow freely, and carry away all or most of the damaging particles.

# Put Car on 'I-C-E,' Canadian Council Advises

## Experts List Three Major Factors Affecting Auto Performance When Temperature Drops

If you've put off having your car serviced for cold weather, let the word ICE serve as a reminder. I, C and E are the initials for the Ignition, Cooling and Electrical systems, the three main factors affecting your car's dependability when temperatures drop.

According to Car Care Council of Canada, these are the points that should get attention:

**IGNITION SYSTEM** — You may be well advised to invest in a tune-up if you're nearing the 10,000 mile mark since the last time that work was done. This usually involves replacement of distributor points, condenser, and rotor plus spark plugs (and sometimes wiring). The service includes adjustment of ignition timing, idle speed and

automatic choke. Your mechanic also will check on the condition of the various

filters and pollution control devices so essential to efficient engine operation.

**COOLING SYSTEM**—There's more to cooling system maintenance than flushing the radiator and replacing the anti-freeze. The system should be pressure tested for potential leaks. Hoses and belts should be examined and replaced as necessary.

The thermostat, which maintains engine temperature within specified limits, should be checked, too. If

it's not working properly you could have either an overheating engine or reduced engine efficiency. A faulty thermostat also can cause your car's heater to lose its effectiveness.

**ELECTRICAL SYSTEM**—That sickening "click-click" that signifies a dead battery may be nothing more than a corroded connection creating an abnormal resistance in your starting circuit. Or it could be a problem in your

car's alternator or voltage regulator.

Then again, it could be the battery itself. A battery's average life is from 26 to 36 months. To play it safe, have your car's charging circuit, battery and connections checked while you are in command of the situation.

Ask your mechanic for a safety check, too, including tires, exhaust system, lights, brakes, windshield wipers and washers, shock absorbers and steering mechanism.

## Slippery Driving Hazards Come From Wet Leaves, Patchy Ice

Autumn and winter driving can hold numerous hidden hazards. Wet leaves on the road surface or patches of ice on bridges or shady pavement can be far more dangerous than driving on newly fallen snow.

If you run into icy stretches or slick pavement, reduce speed but don't slam on the brakes. If you brake too hard, you're likely to lose traction and start skidding. Also, avoid any abrupt steering movements.

If your car should go into a slide, don't panic — turn the steering wheel in the direction the car is sliding and allow the car to reduce speed by taking your foot off the accelerator. If you must use the brake, pump it gently.

If you have stopped on a slippery surface, accelerate slowly, in this situation as well. Sudden movements can cause your car to go out of control.

In cold, rainy weather bridges freeze sooner than the rest of the road surface. Be especially careful to avoid skids on bridges.

### Car in Condition?

Compulsory car checks are turning up interesting facts about the cars we drive.

Headlights are out of adjustment on 38% of all cars. 40% have improper tire pressure.

20% have contaminated transmission fluid.

49% have some form of ignition system breakdown.

28% have carburetor malfunctions and 35% have incorrect timing.

These are the areas your service outlet should look at the next time you put your car in for a check. In at least three of these areas the fix is fast, simple and costs very little.

What You Can Do While . . .

## Waiting for the Tow Truck to Come

Waiting for a tow truck to help your car get started in winter is not one of life's most enchanting pastimes. Chances are, you're late for work, an important appointment or anything preferable to waiting for the wrecker.

It's too cold to practice your putting on the front lawn and you don't dare risk a short nap for fear that the road service driver may come and go before you can spot him.

So, what do you do?

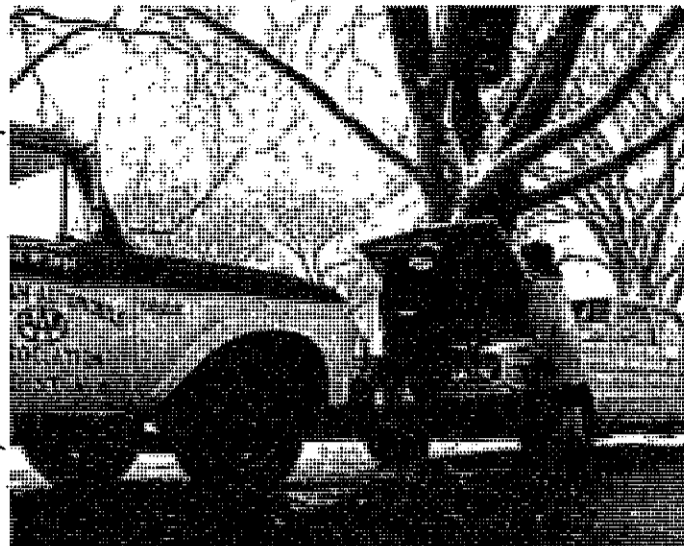

Here's a suggestion that can both help occupy your time and prove helpful in preventing future starting problems. Pay attention to the signals your car is giving you while you are at-

tempting to start it. Analyze the sounds and the odors and try and figure out just what the problem is.

No, it's not as simple as "my battery is run down." Your battery may be run down, all right, but most likely any battery problem is caused by malfunction of some other component.

If while attempting to start the engine, you hear the starter cranking but nothing happens, suspect one or more of the following conditions, Champion Spark Plug Company suggests. (The strong odor of gasoline may be present, too.)

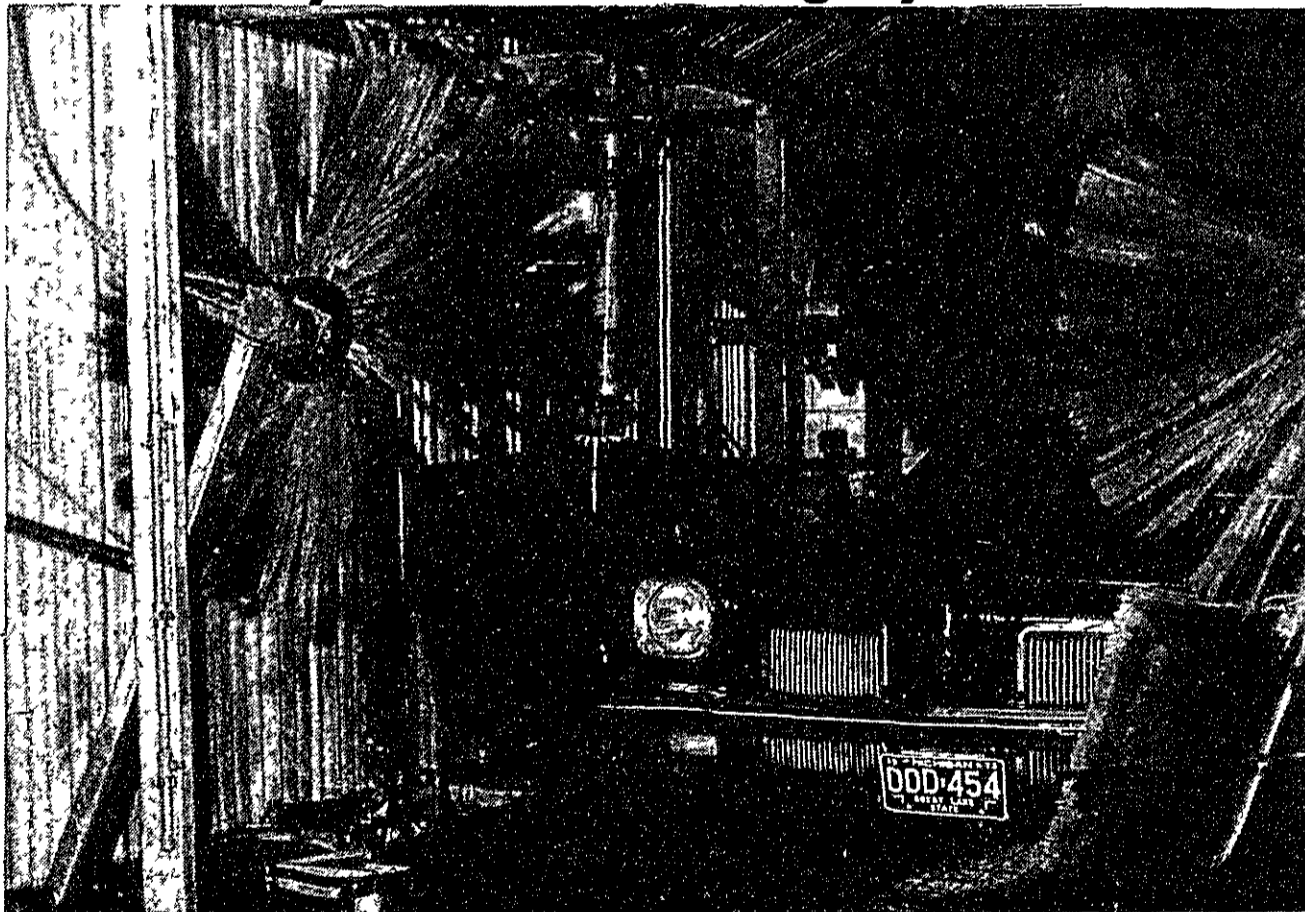

- Worn spark plugs
- Cracked distributor cap
- Worn rotor

More than half of the 50 plus million road service calls made annually by tow trucks are for starting trouble. Hard-starting remains the No. 1 problem faced by motorists. Yet, according to

# WE HAVE WHAT IT TAKES

To wash your car thoroughly in minutes!

Anytime You Need Your Car Washed Just Drive On Out To Randolph's Speedy Car Wash

The Self-Service Bays are open 24 hours at just 25¢. The Full Brush Speedy Car Wash is open from 9 to 9 seven days. It washes top, sides, bottom, front, and back. The Full Brush Bay has Five Processes. (1) Pre-Wash, so the dirt doesn't scratch your car while going through the brushes (2) Washes (3) Rinses (4) Waxes (5) Dries, with the big blowers. All in just 2 minutes.

Whenever you feel like washing your car, day or night, just stop at Randolph's. That'll do the job!

## Checklist—

### Tune-Up

### Number 2

1. Visually check coolant level for indication of leaks or excessive oil content.
2. Check with pressure tester for internal and external leaks.
3. Visually check oil for water content.
4. Test thermostat for proper opening and closing.
5. Check heater valves.
6. Check heat gauge for accuracy.
7. Drain and back flush cooling system.
8. Clean radiator core of bugs and check for clogging.
9. Clean engine heavily covered with grease and oil.
10. Test radiator pressure cap.
11. Check radiator neck cap seat for nicks or scratches that could release pressure.
12. Check water pump bearings.
13. Check fan blades and pulley for alignment and balance.
14. Inspect all hose and clamps for deterioration.
15. Check core plugs and drain cocks for leakage.
16. Refill system with coolant and check for airlocks.
17. Recheck entire system for leaks.
18. Check and adjust tension of V-belts.
19. Check and reset ignition timing to eliminate ping.
20. In cases where cooling system continues to overheat, check other possible causes.
21. Replace belts, hose, clamps, thermostat and cap as necessary.

# Get Your Winter 'Whoa' Power Ready—Have Brakes Checked

Dependable brakes on a car are a year-round necessity — but, in many areas, winter brings more frequent split-second demands on the brakes.

Like other automotive parts, brakes can be affected by temperature changes. Pre-winter inspection may reveal a need for brake adjustment.

A thorough brake and wheel inspection may also reveal that wheels are out of alignment, which causes excessive tire wear.

Brakes, as well as wheels, may be out of balance after long trips on hot pavement and bumpy side roads during the summer. If your car pulls to the right or left when stopped from a slow speed — less than 10 miles per hour — the brakes are out of balance and your car is unsafe. On wet pavement, unbalanced brakes can cause a car to skid.

Brake balancing and a good alignment job provides the motorist with extra protection for winter driving, because the car will respond better in unfavorable driving conditions.

Brake systems should be inspected every 10,000 miles, if dependable stopping efficiency is to be maintained. If frequent braking and fast stops are required in your driving, earlier inspections are a wise practice.

Many otherwise cautious drivers will delay brake

service until brakes signal their distress with grinding, squealing or slapping noises. At this point, drums or discs probably are scored too deeply for refinishing—and new ones will have to be installed, which increases repair cost.

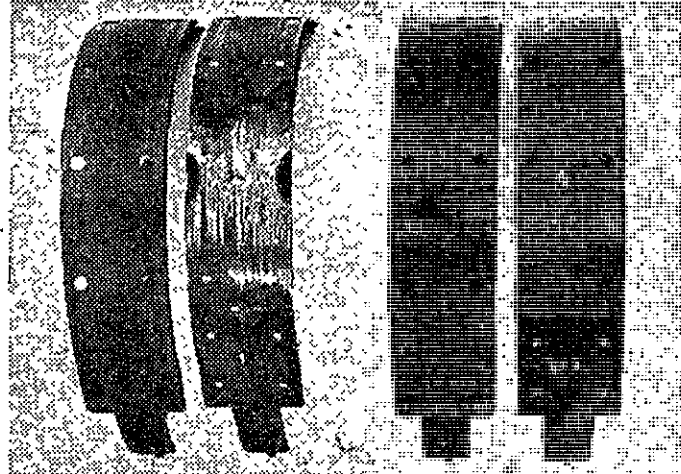

When having brakes inspected, be sure the shop has capable personnel and the right equipment to do the job thoroughly. The importance of describing any symptoms of brake wear to your mechanic, and giving him a chance to explain to you what may be required

to correct it, is a necessary part of good service.

Motorists can protect their cars from the serious brake malfunctions that cause accidents and major expense — with regular brake inspections, simple adjustments and repairs.

If you have not already taken your car in for its winter brake checkup, the time to do it is now.

If adjustments are not needed, you're money ahead — if they are, the repair cost will be small, compared to the loss that could be suffered due to brake failure.

Take a look at these brake shoes from a car that . . . "seemed to be stopping okay . . . just pulling a little bit to one side." Brake linings worn to this extreme are not only a safety hazard, they also damage the brake drums. The result: a higher than normal repair bill. Note, too, that the wear on the left side is much greater than on the right, a good case in point for having all four brakes checked. Car Care Council asks, how long has it been since you've had your brakes checked?

## ATTENTION! CAR OWNERS GET YOUR CAR READY

There's nothing finer than to be able to drive on the roads in this fine country of ours . . . BUT . . . WHEN YOU DO make sure your car is in top condition while you're doing it. Take your car to your local service station and have it made 'WINTER READY'. A thorough check of your car's battery, brakes, tires, lights, etc. could save your life and others as well. Call for an appointment and have your car serviced for winter driving TODAY!

### Lengthy Stretch Shortens Trip

Tests conducted in the U.S. have come out with some facts on how a motorist's ability to drive is impaired by long stretches behind the wheel.

On the average, after four hours of driving, a motorist takes 20 per cent longer between corrections of the steering wheel.

The automobile with a fatigued driver drifts more than twice as far from the center of the lane.

If there is a blow-out before the driver regains control, the car will swerve three times as far as when he is fresh and alert.

Tests were made in a Cornell Aeronautical Laboratory (CAL) Inc. simulator in Buffalo, and are being followed up by over-the-road driving in actual vehicles. Both set of tests are for the U.S. Department of Transportation.

The simulator puts the "driver" into conditions he'd actually find on the road with these conditions being controlled and set up by a computer. He "drives" by means of a steering wheel and accelerator and brake pedals.

The value of rest pauses in long distance driving also acquired some support from the tests, says CAL's magazine, Research Trends.

## Car Air Conditioners Need Winter Action

In the wintertime, when a car's heater is in daily use, many motorists neglect to safeguard the cooling capabilities of their air conditioners. Even though the owner has paid \$250 to \$400 or more for an auto air conditioning unit, he cannot take its trouble-free operation for granted.

According to automotive manufacturers, the air conditioner should be turned on and allowed to run for at least five minutes each week in cold weather, or during periods when it is not in frequent use. These workouts allow the fluids to freely circulate and flush the system, thereby reducing hose clogging. A weekly circulation of the air conditioner fluid also lubricates the seals and other fittings vital to its efficient operation.

The fluid — or refrigerant — might be termed the life blood of the air conditioning system. If circulation of the fluid is impaired or if it becomes contaminated with air or water, the air conditioner will not cool sufficiently — or it may fail completely.

Based on the average of 10,000 miles of driving per year, your car's air conditioning system should be checked and serviced once a year — or every 10,000 miles,

whichever comes first. This inspection and service should include the following:

- Check cooling system coolant
- Clean intake filters
- Clean condenser fins
- Test the pressure of the system
- Check Freon supply
- Tighten all hardware (compressor mounts, condenser mounts, and evaporator mounts)
- Inspect system for leaks (compressor, hoses, couplings and valves)

The five-minute weekly workout during cold spells or periods of infrequent use, plus the annual inspection and preventive maintenance as suggested here, are normally all that's needed to keep an air conditioning system in good working order year after year.

The cost of an annual inspection and tune-up won't break your budget — but major repairs or full replacement resulting from improper attention could.

Its value and many benefits notwithstanding, the auto air conditioner probably needs less attention than any other automotive system. But the attention it does require is important to its continued efficiency and to the owner's pocketbook.

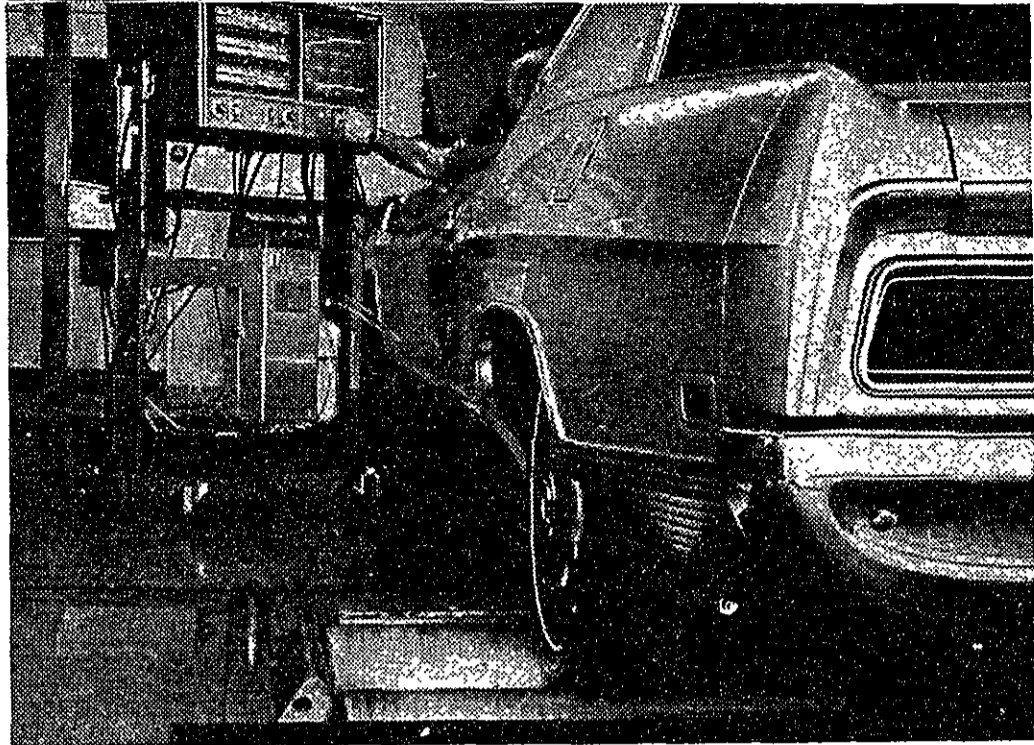

### Weight on Tires

If you will be using a trailer, camper or motor home be sure to check the weight you are putting on your tires. Surveys show about 20% of all recreation vehicles are exceeding the maximum loads their tires should carry.

You can check with your

tire dealer, your vehicle owner's manual or your dealer to determine maximum tire load. Then have your vehicle weighed, fully loaded, on a public scale.

A vehicle with overloaded tires will handle poorly and in case of a blowout control problems will greatly increase the chance of a serious accident.

**THE NEW TUNE-UP** — The days when tune-up and other critical automotive services could be performed with tools that fit comfortably in the technician's back pocket are fading into history. Today, with demands of keeping emissions low and performance up to rigidly prescribed standards, the automotive service industry is utilizing space-age tools for accurate diagnosis. A chassis dynamometer under the car's rear wheels can simulate any condition a car is apt to encounter on the road. An electronic engine analyzer (upper left) can monitor everything that's going on under the hood including emission of hydrocarbons and carbon monoxide. A visit to a well-equipped shop and any needed adjustments can assure any driver that his car is ready for the tough fall and winter driving ahead. (Photo: Courtesy of Clayton Manufacturing Company)

It Takes More than Anti-Freeze to . . .

## Prepare Your Car for Winter

Getting your car ready for winter's severe temperatures and driving conditions should involve a lot more than just adding anti-freeze. The American Petroleum Institute has developed a check list that may help you get ready for the cold weather ahead.

But first, let's look at anti-freeze. Today's cars are designed to use the "permanent" or ethylene glycol type — not the older "alcohol" base variety. Although it is called permanent anti-freeze, it should be replaced at least once a year, or if your car is equipped with air conditioning, twice a year.

### Change Anti-Freeze

Anti-freeze solutions also act as rust inhibitors and water-pump lubricants and contain additives that lose their effectiveness after a year's driving.

When changing anti-freeze, begin with a careful check of the condition of the radiator hoses, thermostat, and radiator. Have your mechanic "pressure test" your cooling system. Replace worn hoses before they leak.

If all systems check out, drain and flush the radiator. Replace the coolant liquid with a 50-50 mixture of water and ethylene glycol type anti-freeze. This will offer maximum protection. Do NOT use 100% anti-freeze, use the 50-50 mixture—it's cheaper and more efficient.

Do not overfill the radiator; fill only one or two inches from the top — if it is too full, the overflow that

occurs when the engine heats up will spill the anti-freeze onto the street. Check the tension and

condition of your fan and generator belts. These are critical to proper cooling and battery charging. Check with your service station about the multi-grade oil suitable for winter use.

### Remember Snow Tires

Get your snow tires put on early and avoid the long wait during the first snow fall.

Park your car in a garage, if possible, to keep the en-

gine from getting cold. Drive on the "top half" of the tank. This prevents water condensation from forming in your tank which can freeze and plug your fuel lines. In other words, don't wait until the tank is almost empty to fill it up.

### Warm-Up Vital

Be sure to give your car a moment or two to warm up properly, but don't let it idle for long periods of time.

## CHARGE

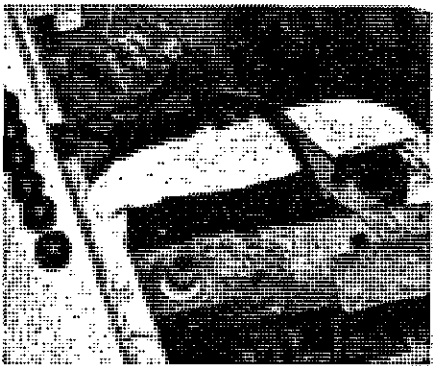

If you've ever had to decide between the inconvenience of a car that won't start and the potential complications of using battery booster cables, here's some advice. Once you learn the proper way of using the life-giving cables, the risk of botching the job is minimal. A word of caution before you even begin: Buy the best cables available. Poor quality cables won't last long and can do damage to the car's electrical system.

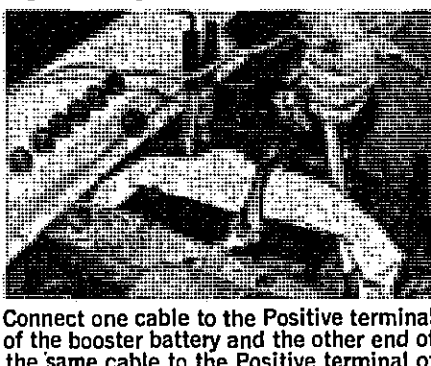

When using cables make sure the vehicles are not touching one another to avoid creating a dangerous electric circuit. Then make sure all battery-operated accessories like lights, radios and heater are turned off. Set your parking brakes and have transmission in neutral or park.

Locate on both batteries the Positive and Negative terminals. These may either be indicated by the letter POS for Positive and NEG for Negative, or by the plus sign (+) for Positive and minus sign (-) for Negative. It may be necessary to use a rag to wipe off grime to locate the markings. The rag becomes further useful as

... a cover for the vent holes, since removing the vent caps on both batteries and covering with a cloth is a safety precaution. Not removing the caps creates the danger of an explosion. Now with the engines still turned off it is time to connect the cables themselves in the following manner:

Connect one cable to the Positive terminal of the booster battery and the other end of the same cable to the Positive terminal of the weak battery. Take the other cable and connect to the Negative terminal of the booster battery and to a ground connection of the disabled vehicle (such as the engine block). Start the engine of the booster car and then the engine of the weak car. Once the engine is started disconnect in the reverse order.

If you still have qualms about doing it, then by all means call a professional service outlet. But better yet, get your car's ignition system in shape and avoid the need of ever having to use the cables.

## Power Steering Maintenance Is Simpler than You Think

If your car has power steering, you may be under the impression that this device is extremely complex, and can be serviced only by a highly trained specialist using special tools.

Actually, this is not the case. A power steering system is considerably more complicated than a non-power system. But most power steering maintenance work can be done by the average automotive service technician.

At the heart of your car's power steering system is the hydraulic pump that supplies the pressure to turn your car's wheels when you turn the steering wheel. This pump rarely breaks down, however, provided you make sure its supply of hydraulic fluid does not get too low.

So the most important thing to do to keep your car's power steering system out of trouble is to have the fluid level checked periodically.

And when you have the fluid checked, you should also have the serviceman check the hoses that connect the pump to the other elements in the power steering system. Because leakage here is the main cause of fluid loss, which in turn is the main cause of power steering troubles.

One other item that should be checked periodically is the belt that connects the hydraulic pump to your car's engine. If this belt breaks, your whole power steering system will conk out instantly.

How can you tell if your power steering system needs attention? Usually, the first sign is either an unusual noise (squealing, chattering, or knocking sound) or a change in the "feel" of your steering (sluggishness, jerkiness, or a tendency to pull to one side).

If any of these symptoms occur, you should waste no time in getting your system checked; early attention can prevent big problems later. Better still, you should have your fluid, hoses and pump-drive belt checked every month or two even if you don't notice any signs of trouble.

## Low Mileage Cars Require Very Special Attention

Owners of low-mileage cars — those driven on the average of 7,000 miles or less annually — may believe their cars stay in "mint" condition because of the low mileage. In fact, unless the owner takes extra care of these vehicles, their "prized" possessions may be turning into prize headaches.

The low-mileage car owner may believe he should get recommended service at normally suggested mileage intervals. But, maintenance schedules are planned for automobiles driven the average of 10,000 or 12,000 miles per year.

The engine, especially, suffers as a result of short-distance driving — often, because it does not have time to warm up properly. Vital lubrication of the engine's moving parts is restricted.

It is this proper lubrication that minimizes wear within the engine. With normal usage, dust and the wear particles are carried to the drip pan by the oil.

But an engine must be

allowed to run after it has warmed up — in order for the (warm) oil to flow freely, and carry away all or most of the damaging particles. When moving parts are thus lubricated, they're cushioned by the oil from vibration and shock — caused by the firing of combustion charges when starting the engine or accelerating.

A fast-deteriorating exhaust system is another common problem with older low-mileage cars. Condensation settles in the pipes causing rust from the inside. The poor fuel consumption of the little-used engine further contributes to a faulty exhaust system — due to excessive residue, which clogs the muffler and increases emulsions.

If you're a short-distance driver who wants to get more good years out of your car, get a tune-up, oil change, filters change, inspections of vital parts and systems at about twice the frequency suggested for cars driven 10,000 to 12,000 miles per year.

## Slippery Driving Hazards Come From Wet Leaves, Patchy Ice

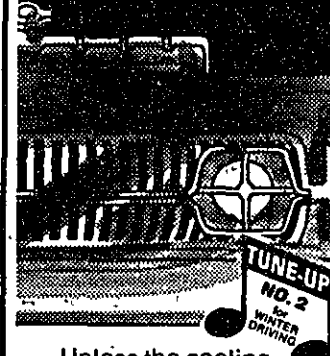

Autumn and winter driving can hold numerous hidden hazards. Wet leaves on the road surface or patches of ice on bridges or shady pavement can be far more dangerous than driving on newly fallen snow.

If you run into icy stretches or slick pavement, reduce speed but don't slam on the brakes. If you brake too hard, you're likely to lose traction and start skidding. Also, avoid any abrupt steering movements.

If your car should go into a slide, don't panic — turn the steering wheel in the direction the car is sliding and allow the car to reduce speed by taking your foot off the accelerator. If you must use the brake, pump it gently.

If you have stopped on a slippery surface, accelerate slowly, in this situation as well. Sudden movements can cause your car to go out of control.

## Put your cooling system in shape for Winter.

Unless the cooling system is in top shape, your car's performance will suffer. You may experience poor-fuel economy, breakdowns—even a shortened life for your car.

To prevent these problems, get Tune-Up No. 2—a complete check-up of your car's cooling system.

And if key parts need replacement, specify Gates, the top quality line of V-belts, hose, radiator caps and thermostats. They're available everywhere.
