## Merry 4th Thursday in December

There are only 29 more shopping days 'till Christmas.

But some residents of Clinton County don't count shopping days.

For them the days are just days, and they're often long days, cold days and hungry days, and Christmas Day may be just the fourth Thursday in December.

These are Clinton County's poor. According to Betty Silm of the Office of Economic Opportunity (OEO) who is in charge of the Christmas Clearing Program this year, there are at least 30 families in St. Johns alone who won't have a very merry Christmas on their own. Some of these families have eight or 10 children.

Are children responsible for their family's poverty?

In the past the Christmas Clearing Program co-ordinated donations of

Christmas baskets to needy families. The donations of toys and food came from community organizations who assumed responsibility for one or more families.

This year the program is off to an extremely slow start, says Mrs. Silm, and so far, no donations or promises of help have been received.

She asks that anyone or any organization wishing to help or having names of needy families, contact her at 224-3302 or come to the OEO office at 106 Maple St. In this way all families can hopefully be taken care of and duplications avoided, she says.

Mrs. Silm is also looking for an organization to repair toys and the possibilities of collecting usable second hand toys for needy children.

But hurry—there's only 29 shopping days 'till Christmas.

## Supervisors approve \$23,000 budget for Tri-County planning

By BOB CALVERLEY  
News Staff Writer

In a 6-4 vote, Clinton County Board of Supervisors Monday appropriated \$23,000 as its share of the tentative 1970 budget for the Tri-County Regional Planning Commission.

A similar motion was defeated Nov. 3.

"After Tri-County reform we made a moral commitment to see Tri-County through one more year and we won't live up to our responsibility to the other counties if we renege at this time," Supervisor Roy Andrews had said earlier.

Andrews earlier was fearful that defeat of the measure would have dropped Clinton County from all Tri-County activities, including the proposed airport authority.

"If not approved, in my opinion, we'd be out of Tri-County," Andrews told the News before the vote. "My greatest concern is that if we don't meet our commitment on this, our part in the airport authority would be in jeopardy."

"I feel the difference of opinion on the board is very sincere," he added. "It's a matter of priorities of where the money is to be spent."

In asking for reconsideration of the issue, Andrews pointed out that Tri-County had definitely

ly taken steps to improve its operation and deserved another year of support.

Tri-County was reorganized last spring by Clinton, Ingham and Eaton Counties because of its large debt and alleged financial mismanagement. Most of the commissioners were replaced and a new director hired.

Before any more money was appropriated, Chairman Walter Nobis felt that the people should know what had happened to the original heavy debt which a U.S. Housing and Urban Development audit now shows to be only \$2,252.

Supervisor Maurice Goye wanted Tri-County to understand that it was responsible only for regional planning and that Clinton County would do its own county planning.

However he said, "Pulling out would be too drastic a step."

When called to a vote, Supervisors Andrew Cobb, Duane Chamberlain, Roy Andrews, Maurice Goye, Gerald Shepard and Robert Montgomery supported the appropriation while William Hummel, Claude Urdahl, Hill, Rex Sirrine and Walter Nobis were opposed.

Immediately after the vote, a resolution to be sent to Tri-County was passed, stating that Tri-County be used primarily in a coordinating function and that money not be spent on planning which duplicated local planning.

PLAQUE FOR "SISTER CITY"

Commissioner Jeanne Rand has a plaque for officials in St. Johns' "sister city" during a nine-day visit to Stann Creek, British Honduras. A group of St. Johns delegates left Sunday for Stann Creek, named the community's sister city two years ago.

## Chamber announces holiday decorations schedule in St. Johns

Chamber of Commerce president, Brandon White, this week announced the schedule for erection of Christmas decorations in St. Johns. In announcing the program White extended appreciation to the Jaycees and Rotary Club for contributions of manpower and money in support of the project.

White explained that all service organizations and some businesses in the St. Johns area had been contacted this year to participate but indicated at time of announcement that the two mentioned were the only definite replies.

Assembling the decorations

will begin at 8:30 a.m. Sunday, Nov. 23. It is planned that decorations this year will also be placed at outlying shopping areas at Southgate Center and Andy's IGA.

White pointed out that the continuing program of decoration purchases included the addition this year of a manger starter set.

The Chamber of Commerce and County Board of Supervisors share costs in this program for all decorations used in the area of the courthouse.

The new starter set, including figures of Joseph, Mary and the Christ child will be positioned on the courthouse lawn.

## No oil is struck in Ovid Township

Rumors that the McClure Oil Company last week struck oil at an exploratory well in Ovid Township proved false.

What happened, according to G. D. Ellis, assistant petroleum geologist for the State of Michigan, was that the drill punched through a shallow formation of oil and gas.

"There is a small amount of oil and gas and a lot of water," Ellis said. He explained that such occurrences are "pretty common" for exploratory wells.

"Only about one out of twenty-five exploratory wells find oil," he said, "and the odds of having a profit-making operation are even greater still."

Based on studies of a Michigan State University geologist, Dr. James H. Fisher, McClure Oil has sunk \$120,000 into a gamble that the 100 million barrel Albin-Scipio field extends into Clinton County.

## DeWitt Council rejects trash bid

BOB CALVERLEY  
News Staff Writer

The DeWitt City Council Monday night rejected a bid from Harry Reamer for trash pickup, approved a Standard Oil Corp. gasoline bid and allowed an ex-

ception to the zoning ordinance. The council decided to allow a house on Cherry St. to be built on a lot too small to meet zoning requirements, since the lot in question is bracketed by two houses leaving the owner no practical way of increasing his lot size.

Mayor Laurence Keck noted that the owner had already paid for the installation of sewers and that it would hardly be fair for the city not to let him build his house.

The Standard Oil bid for gasoline was accepted although a Leonard bid was lower, because better service had been given in the past. Councilman John Hiatt said more than \$40 had been lost last year because Leonard failed to produce records necessary for the city to collect a gaso-

line tax rebate from the state. Trash will continue to be hauled away by the City of DeWitt. The council decided that the \$260 a month bid by Harry Reamer, could be used better somewhere else.

In other action the council decided to:

- Purchase two snow tires for the police car from the lowest local bidder, if within 10 per cent of the lowest overall bid.
- Look into possibilities for obtaining Federal funds.
- Permit Consumers Power to build gas mains to the apartments on DeWitt Rd. north of Clinton St.
- Pay bills as reviewed by the Budget Committee.

At the next council meeting on Dec. 1, the budget will be acted on.

## Sales tax diversions are tallied

Clinton County treasurer Valma Beaufore last week mailed checks to government units totaling \$111,943.65, representing sales tax diversions for the quarter ending Sept. 30.

Total amounts received by the various townships, cities, and villages were Clinton County's share of monies collected through the state sales tax program. Returns to the county averaged \$2.95 per capita for the three-month period.

DeWitt Township received the greatest amount, \$18,912.45; St. Johns was returned the next largest amount, \$16,581.95, and Bath Township was next with \$11,009.40 received.

This was the final payment for 1969. Payments over the four quarters totaled \$440,185.20 for an average of \$2.90 per capita.

Here is a breakdown of returns for the final quarter to governments united within Clinton County eligible for sales tax diversion receipts:

### TOWNSHIPS

Bath, \$11,009.40; Bengal, \$2,634.35; Bingham, \$3,958.90; Dallas, \$3,156.50; DeWitt, \$18,912.45; Duplain, \$3,368.90; Eagle, \$3,339.40; Essex, \$2,047.30; Greenbush, \$3,941.20; Lebanon, \$1,982.40; Olive, \$4,183.10; Ovid, \$3,805.50; Riley, \$2,896.90; Victor, \$3,646.20; Watertown, \$5,923.60 and Westphalia, \$3,011.95 for a total of \$77,818.05.

### CITIES

St. Johns, \$16,581.95 and DeWitt, \$3,652.10, for a total of \$20,234.05.

### VILLAGES

Eagle, \$416.95; Elsie, \$2,752.35; Fowler, \$2,519.30; Hubbardston, \$97.35; Maple Rapids, \$2,014.85; Ovid, \$4,439.75 and Westphalia, \$1,652.00 for a total of \$13,891.55.

## Supervisors approve planning study

By BOB CALVERLEY  
News Staff Writer

The Clinton County Board of Supervisors Monday appropriated \$40,000 to hire Commonwealth Associates Inc. for an 18 month planning and engineering service, to include studies of water supply, waste treatment systems, solid waste, land use and population.

The total cost breaks down as follows: base mapping, \$9,500; environmental conditions analysis, \$4,000; land use and population studies, \$14,000; and systems planning, \$12,500.

Supervisor Robert Montgomery, reconsidering an action passed Nov. 4 moved that special use permits not be permanent but be issued for a specific period of time. The motion carried. Laurence McLaren of the Mid-Michigan District Health Department asked the supervisors to ask the state to raise their (the state's) contribution to the Health Department from 20 cents per capita to 35 cents per capita.

When he pointed out that County expenditures for the Health Dept. had risen from \$58,000 to \$118,000 recently, while state aid remained the same, the board agreed to look into the matter.

In other action the board decided to:

- Notify each township and village that if they want assistance from the Dept. of Public Works a written request must be filed by Jan. 1, in order to be eligible for aid.
- Purchase a typewriter stand for the Friend of the Court Office, a desk for the Information Office in the County Courthouse, a new \$618 file for the Register of Deeds, and install buzzers on the doors of the Children's Home.
- Pay the balance of the '69 allocation (\$2,500) for mental health.
- Close the courthouse on Dec. 26 and Jan. 2.
- Form a committee to study all fees and licenses with the possibilities of updating them to gain more income.

## Ballenger questions aspects of ed reform

State Rep. William S. Ballenger, R-Ovid, last week indicated "reservations" concerning certain aspects of Gov. Milliken's educational reform package.

In a joint appearance with Rep. Dick Allen, R-Ithaca, Ballenger told the Riley Elementary School PTA his main concerns are with certain provisions of the 1970-71 state school aid bill, the local school district reorganization measure and a bill which would rescind the property tax credit on the state income tax.

He also said he doubts that a 16-mill uniform statewide property tax would grant sufficient property tax relief which he believes can only be derived if the state levy is set from 10 to 12 mills.

Ballenger added that he feels that "the governor's dedication to meaningful and beneficial educational reforms is unquestionable," and said he is "optimistic" that at least part of the governor's program can be acted on before the end of the year. He added, however, that action on

WILLIAM S. BALLENGER

much of it may be deferred until as late as next spring.

Ballenger is to speak before the St. Johns Education Association Wednesday, Dec. 3, at Rodney B. Wilson Auditorium in St. Johns at 8 p.m.

## You'll need to show title for 1970 license

If you plan to buy your Michigan plates early this year—commercial and trailer plates are already on sale and passenger and motorcycle plates go on sale Saturday Nov. 15—it will be necessary that you have your vehicle title.

Secretary of State James M. Hare says some vehicle owners have already suffered frustration because they have become used to showing their previous year's registration in place of the title. "Under a new law passed last

year and which was made effective with this licensing year, it is now necessary to show your title along with proof of liability insurance, prepared or filled-out application, and enough cash to handle the transaction," says Hare.

He said that because Michigan law for the past several years stipulated that titles be sent to lien holders, such as banks and finance companies, there may be some vehicle owners who still do not have titles in their possession, although these lien holders were obliged by law to send the titles to the owners by Jan. 1.

So, he has urged that owners with Michigan financing check into their title situation right away. He said he anticipated more problems with out-of-state lien holders. "If you have a lien on your vehicle with an out-of-Michigan financing agency, all Michigan license plate branch offices have forms that may be filled out and sent to the lien holder requesting use of the title," Hare said. The title is sent to the branch office making the request and after the plate transaction is completed, the title is returned by the branch offices to the out-of-state financial institution.

# 500 attend 'Don't Drink the Water'

If numbers alone are an indication of success, the current offering of the St. Johns First Nighters was a master stroke. Then, when the total attendance of nearly 500 persons for the two nights is coupled with the excellent presentation by the cast, "Don't Drink the Water" was indeed a triumph.

Based on the activities of an American caterer and his family who are forced to take refuge in the U.S. Embassy of a Communist country, the story opens briskly and maintains a speedy pace for almost two hours.

The tale is interwoven with the bungling of the ambassador's son, Axel; the American family wishing to get home and the ultimate marriage of the inept Axel and Susan Hollander, daughter of the caterer.

EUGENE LIVINGSTON, a spark in most every First Nighter presentation, directed the play and performed in the

role of Hollander; one which provided him a perfect vehicle to again present his natural style and engaging projection of humor. As in previous roles, Livingston carried the lead not to the audience but away from them and every ticket holder in the theatre hung on the edge of their seat awaiting his next line. It was an excellent performance and could be compared most favorably with the summer stock presentation viewed earlier by this writer.

A newcomer to Michigan and First Nighters, Martha Lear exhibited an unaffected wit in her part as Livingston's wife. Yet, when the role called for her to display fear over a planned escape from the embassy she did so with convincing sobs, and the scene, much in contrast to the theme of the play, was filled with humanness through her adept acting and sense of character.

ney, played by Howard Gentry, another newcomer, drew much applause from the audience at curtain call. Gentry's role called for him to narrate to some extent and at times throughout the play he spoke directly to the audience. These brief interludes along with an excellent portrayal

of a slightly disturbed priest will cause First Nighter followers to look with anticipation for Gentry's name in future casts.

Tom Fowler and Teresa Smith carried strong roles in the play as the ambassador's son and the Hollander's daughter, respectively. Several scenes called for

the two alone on stage and their exchanges were projected in a style that complemented their parts. While neither had the humorous lines which marked the roles of Livingston, Mrs Lear and Gentry, Tom and Teresa brought out the character of their parts with effective subtleness.

Perhaps much of the play's success can be directly attributed to many of the supporting roles. A hilarious scene involving a rabbit highlighted John Bradley's role as a chef and Leon Ludwig was ideal as Krojack, a Communist police authority. His menacing expressions and coarse voiced presentation was most convincing.

Others who accented the events of the play with periodic appearances were Wayne Gossett, the efficient ambassador's aide; Carla Vincent, an embassy secretary; Glen Hills, a sultan and John Martin as the ambassador.

Gossett brought laughter not only through his lines but also through circumstances of the play which caused him to wind up with a banged up head, a broken arm and a gunshot wound in the leg.

Much credit should be extended also to the people behind the scenes for excellent props, sound effects and lighting. Many plaudits are warranted for these and other tasks which lend themselves to a successful play but are not always part of the program. One such recognition should be made to Janice Pyle, who not only served as prompter throughout rehearsals but coordinated many of the activities for the production. Wayne Hicks, too, was behind the scenes as he has been for several years, but he stepped forward to give the Saturday performance comments.

In general, "Don't Drink the Water" can join with other offerings of the First Nighters as a most successful presentation. And it must be encouraging to the members to have set a record for attendance after setting so many records for fine performances. —RAH

### O-E board considering space needs

The Ovid-Elsie board of education met in regular session last week but left hanging the decision of changing a shop area in the Junior High School to classroom space.

The shop area under consideration is in the building which was formerly the high school but is now occupied by the Junior High grades.

Members of the board, in declining action, agreed to tour the facilities in time to reconsider the move at their next meeting.

The Girls' Athletic Assn. received a nod from the board for use of the high school gymnasium and Principal Blaine Lentz was instructed to work out scheduling details.

In another approval for facility use, the board granted the National Farm Organization permission to use the cafeteria-auditorium two times next year for county and state conventions. Dates set for these events by the NFO are April 11, 1970 and Oct. 10, 1970.

### Jaycettes plan Christmas program

The annual Jaycettes Christmas program, planned in conjunction with Chamber of Commerce activities, gets underway Saturday Dec. 6 when the first "Lunch with Santa" is held for youngsters in the auditorium of city hall.

Heading up this year's activities for the Jaycettes are Carol Maples and Linda Wycoff.

As in the past, the lunch programs will be held on consecutive Saturdays, Dec. 6 and 13, and will be highlighted by the taking of polaroid snapshots of youngsters seated on Santa's lap.

A donation of 50¢ for the lunch will be accepted and a charge of \$1 will be made for photos.

Lunchtimes are 11:30 to 12:30.

In addition to the lunch, a story hour will be held both Saturdays between 10 a.m. and 11 a.m. for youngsters through the third grade. The story hour will be held in the library.

Topping off the activities will be a poster contest among all students in the area promoting the event.

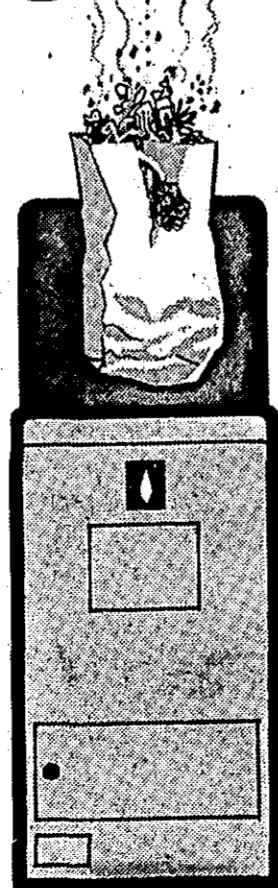

Times for judging of the posters have not been set but dead-

lines for entries are Friday Nov. 14 or Saturday Nov. 15.

Mrs Maples also announced that extra picture taking hours

have been arranged between 3 p.m. and 5 p.m. on each of the days "Lunch with Santa" will be held.

The baby has four brothers and two sisters. Grandparents are Mrs Matilda Schafer of Fowler and Mrs Irene Schueller of Fowler. The mother is the former Julia Schafer.

MRS DENNIS HILL

**Fitzpatrick-Hill vows exchanged**

Mary Ellen Fitzpatrick became the bride of Dennis J. Hill at 1 p.m. Nov. 15 in a double ring ceremony conducted by Father Beahan at the Most Holy Trinity Catholic Church in Fowler.

The bride is the daughter of Mr and Mrs Arthur Fitzpatrick, 11258 W. Third Street, Fowler and the groom is the son of Mr and Mrs Hal Hill, 1435 Roosevelt Street, Lansing.

Given in marriage by her father, the bride wore a long sleeved empire gown of nylon marguerite over satin with re-embroidered appliques on the A-line skirt and sleeves, and a detachable chapel length train with appliques. The headpiece consisted of a band of daisies and petals securing a veil of silk illusion and the bride carried a cascade of white mums and yellow roses.

ried a cascade of white mums and yellow roses.

Mrs Delmer Smith of Lansing, the bride's sister was Matron of Honor. Bridesmaids were Mrs. Richard Bauer of Lansing and Mrs. Robert Thelen, both friends of the bride.

The attendants were dressed in identical long sleeved floor length gowns with bodices of beige lace over taffeta, pumpkin colored sashes and the bottom of copper velvet, with ruffles at the neck and wrist. The headpieces were copper velvet bows with small beige flowers.

The church was decorated with baskets of bronze and gold mums.

Mrs Fitzpatrick chose an alpine green ensemble with brown accessories and Mrs Hill wore a gold dress and matching coat. Both mothers wore corsages of bronze and gold mums.

Best man was the groom's brother, Richard Hill of Lansing. Jim Symmes of Charlotte, cousin of the groom and Richard Bauer of Lansing, a friend of the groom, were groomsmen. John Symmes, cousin of the groom and Larry Fitzpatrick of Fowler, brother of the bride, were the ushers.

A reception was held at the V.F.W. Hall in St. Johns at 5:30 p.m. for 200 guests. Mrs. Donna Crawley, Mrs. Bill Payne, and Mrs. Jim Whitney served the wedding cake. Serving at the bride's table were Mrs. Bob Doepker, Mrs. Jerry Spitzley, and Mrs. Bernice Simon.

The bride is a 1962 graduate of Fowler High School and the groom graduated from St. Mary's High School, Lansing and attended Michigan State University.

The couple will honeymoon in Florida and other southern states and plan to live in Lansing.

JEAN ROSE THELEN

**Engaged**

**FOWLER**—Mr and Mrs Julius A. Thelen, 852 N. Maple Street, announce the engagement of their daughter, Jean Rose, to Stanley C. Pohl. He is the son of Mr and Mrs Joseph Pohl, 724 Lyons Road, Portland.

The bride-elect is a 1968 graduate of Fowler High School and is employed by Michigan Department of Civil Service.

The prospective bridegroom is a 1967 graduate of Portland St. Patrick High School, is employed by Oldsmobile and is attending Lansing Community College. A May 23 wedding is planned.

**Edna Eldred president of Blue Stars**

The Blue Star Mothers, Chapter 88, elected Edna Eldred president for the coming year at a meeting Nov. 11.

Fannie Wier was elected first vice president; Francis Haltsky, second vice president; Alma Boak secretary, and Grace Shipley, financial secretary.

Tellers were Myrtle Tolles and Grace Shipley.

**Some hints for wives of 'now-and-then' hunters**

When the average sedentary husband decides to go off on a big hunting trip with the boys, it is time for his wife to take note. Thousands of these same average sedentary husbands come to grief each autumn because they are not physically fit.

If your husband's favorite sport is sitting in front of a television set cheering on the home team, you can be sure he is not in proper condition for walking miles up and down hills, exposure to all sorts of weather, or eating and sleeping under largely primitive conditions.

TYPICAL of the woes that afflict most hunters are physical exhaustion, muscle strain and rupture, slipped discs, bruises and cuts, shin splints, and other ailments associated with loss of physical tone and endurance.

These mishaps might be avoided, according to advice given by the makers of Bayer Aspirin, if the now-and-then hunter had a complete medical check-up, engaged in some prior physical conditioning, and packed

a good medical kit in his duffel bag.

AS HIS wife and chief mentor, it is up to you to see that he does all three.

A doctor's examination helps to establish individual guidelines for exercise. Most important is an electrocardiogram for men over 40 who plan to embark on a strenuous exercise program.

Bird hunters, deer stalkers and those hunting mountain-inhabiting game especially need exercise to develop endurance.

YOUR HUNTER will profit most from such exercises as push-ups, deep knee bends, body twisting, and touching the floor. It might encourage him if you joined him in doing these exercises. By the way, it will do wonders for your figure, too. Jogging and stationary running will help build up reserve strength in the heart and muscles around the lungs.

Even if in good condition, any hunter can be injured or fall ill far from the nearest doctor or hospital. A well-equipped medical kit may prevent disability or even death.

A GOOD basic kit should include a first-aid manual, elastic bandage or one-inch surgical tape for binding strains and sprains, talcum powder to prevent foot discomfort, an antacid to relieve stomach distress brought on by his own cooking, a laxative such as milk of magnesia, a tube of petroleum jelly for burns or chapped lips, an insect repellent to prevent insect bites, an antihistamine lotion for relieving those that happen anyway, an antibiotic or antiseptic ointment for minor cuts, and aspirin to relieve headaches and tired aching muscles.

The kit might also contain tweezers, scissors, a triangular bandage, sterile bandage compresses in several sizes and gauze roller bandage.

Certainly, a first-aid manual and medical kit don't substitute for the care of a physician. But out in the wilderness, they will surely help. And the safe return of the man of your house is worth your attention to these details.

**Senior Citizens hear exchange student speak**

Miss Heidi Sukr, a bright, charming exchange student from Oldenburg, Germany, was the speaker at the Senior Citizens' meeting on November 11. She seems well versed in the history of her country and told many interesting things about it.

She said Oldenburg is a beautiful city with many parks and some factories. Houses are mostly made of stone and nearly everyone travels by train. The climate is somewhat milder than ours. There is considerable difference in the school systems and although she is a senior in our high school she will have to go another year in Germany.

The Senior Citizen Rhythm Band has been invited to put on a program for an organization in Fowler on December 17 at 8:30 p.m. This means considerable practice for the band so all members are urged to be present for rehearsal at the next meeting which will be on Nov. 25.

It was voted to have just one meeting in December, which will be the annual Christmas party on the 16th. There will be an exchange of 75-cent gifts, the men giving to men and the women to women.

**Congregation group visits synagogue**

The Mable Mater Division of St. Johns Congregational held their monthly meeting Oct. 28 in the church basement.

There were 11 members present. A tour was made of the Jewish synagogue in East Lansing and Rabbi Frankel addressed the group. Following, the group returned to the church for their business meeting.

A bake sale has been planned for Nov. 20 in the connection with the fair and members will decorate cookies in the church kitchen during the Nov. 18th meeting.

Devotions were given by Twila Robertson and refreshments were served by Kay Eckert and Diane Waltz.

**Announcements Graduates**

The East Essex Parent's Club is planning a Fall Carnival for Saturday, Dec. 6 from 7:30 to 10:30 p.m. Fun, games and prizes for kids of all ages. Prizes will be drawn every half hour. Attractions include: cartoons; fish pond; candy and popcorn; Santa's Shop, featuring hand made articles; a spook house; and bake walk. Proceeds will go towards purchasing items for the school.

Cathy E. Halstead, daughter of Mr and Mrs Virgil Halstead of R-1, St. Johns, received her diploma Sept. 8, from Lansing Business University where she completed a secretarial course. She spent two weeks at home with her parents before returning to Lansing where she plans to work.

VIETNAM GIFT BOX

Richard (Dick) Worrall and his wife Hazel have been sending weekly boxes to their son Douglas, stationed in Vietnam, for several months. Douglas appreciates "food" items. Here they prepare a box containing wrapped hard candy, and cans of beef stew, sardines, potato salad, jello, fruits, meats, soups and puddings. Individual packets of mustard and catsup are included along with packages of popcorn, cheese spreads, smoked salami, homemade cookies (wrapped in Glad bags) and lemonade sweetened with sugar. The postal department requests the sender to address boxes on the inside as well as the outside wrapper and include a list of contents on a slip inside the box. Packages weighing up to 30 pounds and measuring 60 inches in combined girth and length may be sent "PAL" service for the regular postal rate plus an additional \$1 for air service. The Worrall family says it takes about eight days for delivery to Vietnam and a package sent to their son Dennis, in Korea, takes approximately two weeks.

### Senior ladies honored at

### Fowler

Honoring the senior ladies of St. Paul Lutheran Church, Fowler, highlighted the October meeting of the Ladies Aid.

Of the 12 ladies over 70 years of age who were invited to the special dinner, 11 were present. All the honored guests received a "mum" corsage made of art foam backed by nylon net.

Hostesses for the dinner were Mrs Eunice Graf and Mrs Gladys Sillman. Mrs Loretta Rossow and Mrs Betty Fox were in charge of decorations and the program.

The business meeting followed the dinner. The final results received on the question of the chicken supper indicated by a very close margin that there would be no chicken supper this year. All bazaar items which have been received to date will be sold at subsequent Family Nights.

Lutheran World Relief is asking for blankets and warm bedding which can be made from old woolen clothing (tin patches from the best part of the garment and sewed together. The ladies will begin working on this project in November.

**Teen teachers' at Fowler learn from reversed roles**

By BOB CALVERLEY  
News Staff Writer

Fowler High School survived a day in the hands of 35 seniors who became teachers, custodians, cooks, and administrators Nov. 12.

Teen Involvement Day, meant to open lines of communications, was so successful that both students and teachers were enthusiastic about holding similar programs in the future.

Dean Stork, principal of Fowler High, looked forward to expanding the same idea to involve even more students.

Many students, both those teaching and those in their classes, began expecting a "fun" day, but such was not the case.

Often the "student-teachers" were sterner disciplinarians. And when they found themselves completely on their own as teachers for the entire day, they found there was a lot of work involved in teaching.

"I've got two people convinced not to be teachers," said Gary Schray, social studies teacher. The teachers benefited from

the program too. Several teachers reported that students performing as teachers for the first time in their lives were able to get through to some students that the regular teachers had been unable to reach.

One senior, who spent the day as janitor, decided he wouldn't forget to wipe his muddy feet from now on.

Students and teachers agreed at the end of the day they understood each other better.

"After five hours of class," said one teacher, "I got tired of being a student."

This will climax several months of an Improvement Program by the church members and friends that has resulted in many changes to the interior. Sunday will be the service of Thanksgiving for the accomplishments.

**GREEN SCHOOL EXTENSION CLUB**

The Green School Extension Club met at the home of Mrs Ann Praay on Tuesday. A Thanksgiving dinner with turkey and all the "trimmings" was enjoyed by all. Dinners were sent to two members absent because of illness.

Following the dinner, the meeting was called to order by the secretary, Mrs Praay, acting in the absence of the chairman and co-chairman. Plans were made for the December meeting, which is to be a Christmas party including husbands.

The mystery package was won by Mrs Milson Young. The lessons were presented by the Council Member, Mrs Raymond Thornton following the council report from the county.

The lesson on "Pressing" was very instructive. This was followed by "Food for Older Folk" and Mrs Praay completed her report on Hawaii which was begun at a previous meeting.

The group will meet at the Village Inn at 1:30 p.m. on Dec. 4 for their Christmas party.

Pewamo

By MRS. IRENE FOX, Correspondent—Phone 824-2021

Ensign Bruce Kramer graduated and was commissioned from the Newport Naval Academy in Newport, Rhode Island on Oct. 24, 1969. He was home from Oct. 27 until Nov. 7. Bruce then flew to California where he will be for the next six weeks. On Dec. 22 he will rejoin his ship the "Tulaska" which is in the Mekong Delta. Mr. and Mrs. Bruce Kramer, Dan and Brenda, Mrs. Anna Fedewa and Mrs. Regina Kramer went to Newport Rhode Island for Bruce's graduation and commissioning. On Thursday afternoon they attended the "Dress Parade" and the exchanging of the flags from the graduating class to the new class. On Friday morning at 11:00 they attended the graduation exercises for 450 Ensigns. On Saturday they went to the tip of Cape Cod and visited Plymouth. They stopped at Niagara Falls and many other points of interest. A pre Thanksgiving dinner for their children and grandchildren was Sunday Nov. 9 at the home of Mr. and Mrs. Clyde Shoemaker of Walker Rd. Their grandson Michael Collins who was home on furlough will report at Fort Sill, Oklahoma later this month where he will be taking officer's training.

A miscellaneous bridal shower was given at the home of Mr. and Mrs. Thomas Bohlen of Carson honoring bride elect MaryAnn Smith, who will become the bride of Claire Schneider, son of Mr. and Mrs. Claire Schneider of Pewamo. Cake, ice cream and refreshments were served. MaryAnn received many lovely gifts. Those who helped at the Nov. 11 and 12 quilting bee were Mrs. Vera Spitzley, Mrs. Rose Stump, Mrs. Dora Schafer, Mrs. Anna Huhn, Mrs. Charles Cook, Mrs. Mary Goodman, Mrs. Myron Schafer, Mrs. Roman Hafner, Mrs. Cornelia Schrauben, Mrs. Irene Smith, Mrs. Hilda Schafer, Mrs. Dorothy Heckman, Mrs. William P. Smith, Mrs. Bertha Martin, Mrs. Betty Jandernoa, Mrs. Irene Fedewa, Mrs. Mable Cook and Mrs. Irene Fox. Christmas party starting with a potluck on Dec. 9 by the ladies of the Altar Society at the parish hall starting at 6:30 p.m. Members of the Blue Stars will have their meeting on Nov. 26 with Mrs. Theresa Simon as hostess, starting at 8 p.m. Ralph Doane was admitted as surgical patient at the Clinton Memorial Hospital on Sunday November 16, surgery on Monday.

Mrs. Joseph J. Fox visited her sister Mrs. Mary Simon at Clinton Memorial Hospital at St. Johns Sunday. Mrs. Simon broke her hip Friday evening Nov. 14 at her home in Westphalia, also injuring her shoulder. Mrs. Pauline Cook of Lansing was hostess to her Handi Club on Thursday. There were fourteen members present. Cards furnished the entertainment. Mr. and Mrs. Kenneth Parks announce the birth of their grandson Michael Dale, born Nov. 10. His parents are Mr. and Mrs. Lauren Parks of Maple Rapids. Michael has one sister Laure and one brother Dennis. Troy Simon was born at the Carson City Hospital Tuesday Nov. 11 weighing ten pounds and three ounces. Parents are Mr. and Mrs. Stanley Simon, Mrs. Simon is the former Barbara Fernholz. Grandparents are Mr. and Mrs. Julius Simon and Mr. and Mrs. Art Fernholz of Fowler. Mrs. Frederick Schmitz is one of the lucky deer hunters. Mrs. Schmitz got hers Sunday morning and now has three deer in the four years she has been hunting. Frederick Schmitz Jr. son of Mr. and Mrs. Frederick Schmitz of Cook Rd. left by plane Friday morning, Nov. 14 to Ft. Ord California for military service.

The Woman's Literary Club met at the new Elsie Public Library Tuesday evening with librarian, Mrs. Orpha Clement and Mrs. Everett Rule as hostesses and Mrs. Ralph Stull as program chairman. Mrs. Gordon Showers, wife of the Elsie United Methodist Church minister, delighted her audience with an informal review of Virginia Law's "Appointment: Congo." "A white cross stands over a grave in Central Congo" she said, "with the inscription 'Here Lies Burieligh Law—a man who described himself as a jack-of-all-trades for the Lord.'" The author, wife of that man, not only wrote his story, but her own, as she revealed her efforts to create a near normal life for a growing family in a different culture. Mrs. Showers told how this couple went to Batetela, Congo in 1950 as the first Lay missionaries sent by the Methodist Missions Board. The Lay Missionary was a new venture, but Burieligh who would rather repair a motor than prepare a sermon had a sense of dedication and mission which spoke for his Lord far beyond that any sermon could ever do. Mrs. Showers also related how giving the Bishop a haircut, manufacturing a Christmas tree or holding quiet while her husband shot a cobra over her head delighted the author's dedication to the tasks at hand, and instilled in her children such a love for the 'Congolese' people that five years after a rebel soldier had killed her husband, her son went back to the same mission to minister. She described this story as one of devotion, courage, love and unselfish dedication and a new interpretation of the term "missionary" as one who uses whatever his talents may be in service to others. Mrs. Robert Bloomer was in charge of the business meeting when reports of recent events were made. Mrs. Viva Scott, Mrs. Loyal Hinkley and Mrs. Duane Green represented the club at the West Central District convention of the MSFWC in Ionia last month and related some of the important parts of the program. The card party sponsored earlier in the month cleared \$114.00 to be donated to the Elsie Public Library. Mrs. Lunsford Melvin was in charge of arrangements. Mrs. Viva Scott and Mrs. Durdward Conklin, co-chairmen of the Fall Trading Post announced that the project was the

most successful in the many years it has been the club's major money-making project. The workers commented that the merchandise brought in for sale was in better saleable condition than previous years. The success of the project will greatly aid in financing the club's community projects as well as returning a large percentage to those who brought in the articles. A penny collection for the Loch Rio Girlstown project at Bellville was started. At the close of the program, refreshments and a social hour were enjoyed with Mrs. Lawrence Hees, Mrs. Blanche Bates and Mrs. Jack Hawes as the committee in charge. The Dec. 9 meeting will be a Christmas party with an exchange of "white elephants" at the home of Mrs. Stanley Loznak.

Doug Japinga admits he's got some "big shoes to fill."

Japinga has inherited the job of head basketball coach from Bill Swears, now assistant principal of St. Johns High School.

Under Swears' direction last year, the Redwings finished with a 12-2 mark for the West Central Conference championship and were 13-3 overall.

"Bill was one of the finest basketball coaches in the area, if not the state," said Japinga.

Japinga, who is also chairman of the Communication Arts Department, is not new to the St. Johns basketball scene. He has behind him six years as junior varsity coach and two as freshman coach.

"This year's seniors were my JV team two years ago," he said. "I don't feel that far removed from them because Bill and I worked very close together."

"I've had them all at one time or another," he added. "The juniors on the club were my sophomore JV's two years ago."

Like most coaches assessing prospects for an upcoming season, Japinga attempts to walk the line between pessimism and optimism.

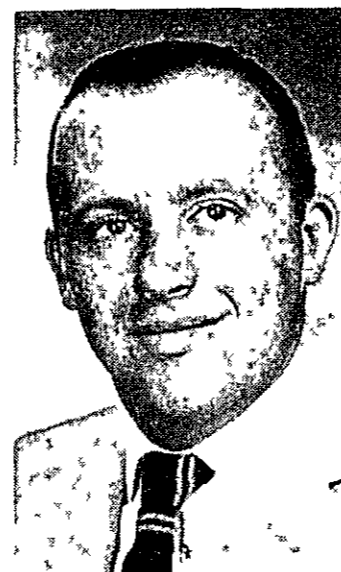

But he does admit "we've got some ball players. We could be a good club" and he looks on it as "a challenge to be working with a fine group of kids."

Japinga thinks his players have made good progress in the early practice sessions in preparation for the season opener Tuesday, Nov. 25 at Ovid-Elsie. Thus far, the club has been free of injuries.

He's lost five lettermen from last year's championship squad but returning are eight lettermen who Japinga expects will handle "the lion's share of playing."

DOUG JAPINGA 'Big shoes to fill.'

BILL SWEARES One of the best

In addition to returning lettermen, Japinga has several promising prospects up from last year's JV squad to choose from in rounding out the team which he feels will carry 13 to 15 players.

Among the returning starters from last year's team are Bob

Rehmann, a 6-foot-2 senior forward. "He's a strong boy," said Japinga. A good scorer and a good rebounder. He demoralized Lakewood in the championship game last year.

Another returning starter is Dean Elster, a 6-foot-4 junior forward, termed as an "effective

shooter" by Japinga. Last season he led the team in scoring with an average of about 15 points a game.

The third returning starter is Dave Gaffney, a 5-foot-11 senior guard.

"He'll be our quarterback, or our floor general, I think," said Japinga. "He's an excellent passer and a good defensive ball player."

Charlie Green, just out of a football uniform, is back for basketball again this year. Green, a senior guard, started one game last season but is expected to see a little more action this year.

"Charlie's a good defensive ballplayer and can be a good scorer," said Japinga. "He's very steady, very consistent."

Center Dan Rademacher, up from the junior varsity, was a starter in summer varsity basketball.

"He's got a nice soft shot and nice moves around the net," said Japinga. "I hope we can help him become a good rebounder."

Roger Davis, another recruit from the football team, is a senior at center or forward. "He's extraordinarily aggressive, rugged and strong," said Japinga. "He's a smart ball player and uses his head."

Senior guard Rich Stoddard, also fresh off the gridiron, is termed as "very clever with the ball. He's a good playmaker and a good defensive player," said Japinga.

Another returning letterman is senior guard Greg Kirby, another footballer on the squad. "He gives you good all-around hustle, although he didn't play a lot last year," said Japinga.

The eighth returning letterman is Terry Nobis, a senior guard who "seems like he's improved since last year, averaging 15 or 16 points a game."

Up from the junior varsity squad are Randy Atkinson and Steve Mead, both juniors.

"Mead's a 6-foot-3, is a good strong kid and a good rebounder," said Japinga. "Some night he'll hit for 2-plus points. He was the leading scorer with the junior varsity last year, averaging 15 or 16 points a game."

Atkinson, a starting forward on the JV's last year, is termed by Japinga as "a strong, good kid—a hustler. He and Mead were probably the best JV scorers." Japinga noted that last year Atkinson hit for 33 points against Lakewood last year.

Rounding out the squad are Mike Brown and Brian Carpenter, both juniors. Brown last year was a starting guard for the JV's and Carpenter played at forward.

Basketball practice is well underway as the Redwings prepare for Tuesday's season opener at Ovid-Elsie. Here Greg Kirby arches one as Bob Rehmann and Rich Stoddard look on.

## JVs scrappers, says Young

When last year's crop of freshman basketball players moved to the junior varsity at St. Johns, they took their coach with them.

That's Mike Young, the new JV coach replacing Doug Japinga who now heads the varsity squad.

"I had these guys last year as freshmen and we were 6-4," said Young. "I think we held our own in the freshman conference."

Young, who is also JV basketball coach, looks for a strong hustling JV basketball club.

"I just think we'll scrap, but other than that I don't know," he said. "I'm new to JV basketball."

He expects to pare the 26 candidates down to about 13 players by the time the season opens at Ovid-Elsie Tuesday, Nov. 25.

Nine candidates were starters on last year's freshman squad.

MIKE YOUNG New to JV Basketball

## Cross country team ends with 5-2 mark

St. Johns cross country team wound up with a 5-2 record for the season and finished second to Charlotte last week in a conference meet at a cold and rainy Hastings Country Club Course.

Bill French finished eighth to lead St. Johns. Others finishing for St. Johns were Fred Root, 11th; Gary Moon, 17th; Rick Flagal, 20th; Rich Jones, 24th; Pete Motz, 27th; and Jon Pierson, 30th.

Charlotte, who took five of the first ten places and defeated St. Johns earlier this year, won the Class B State Championship for

the second year in a row.

"We've had trouble with injuries all season," said St. Johns coach Linden Lade.

St. Johns finished fifth at the regionals out of seventeen teams.

## Ballinger, Davis and Green named 1969 Redwing standouts

By RON KARLE  
Editor

More than 400 persons attended the St. Johns Redwings football banquet last week to honor the most important part of the football program—the players.

Eighteen seniors were awarded letters along with 27 juniors and team manager Jim Wierman. The players selected tackle Brian Ballinger as Most Valuable Player, named guard Roger Davis 100 per cent player and picked halfback Chuck Green as Honorary Captain.

Ballinger, a 5-foot-11, 175-pound defensive standout and co-captain, was credited with the second highest number of tackles for the season with 82. He was credited with seven solo tackles.

Following the Ionia game, Ballinger was named Lineman of the Week by Head Coach Jeff Smith for an "outstanding job of blocking on offense." In that game he was in on 15 tackles.

Davis, a 6-foot-2, 185-pound senior, was in on 61 tackles and credited with four solos.

Following the Mason game, Davis was named Lineman of the Week and a week later, Smith named his Honorary Captain describing his play as "fantastic. . . like a sledge hammer on a little sapling when he blocks people."

Green was the team's leading ground gainer with 1,050 yards for the season. He picked up 604 rushing in 103 carries for an average of 5.9 yards per carry. He caught 29 passes for 421 yards for an average gain of 14.5 yards. He scored 60 points, 30 rushing and 30 receiving.

Green led the team in interceptions with seven and tied for the lead in fumble recoveries with two.

He was named Honorary Captain of the Week for his play in the Mason game when he picked up 154 yards in pass receptions and rushed for 52 more. The following week against Lakewood, Green was named Back of the Week when he rushed for 115 yards and scored three touch-

Head Coach Jeff Smith reviews the season at the annual Redwing football banquet. Smith awarded 19 letters to seniors and Assistant Coach Phil Desper (left) gave out 17 junior letters. Seated next to the speaker's rostrum is Clinton County News Editor Ron Karle, who was toastmaster for the evening.

downs. At the banquet, the team gave a \$250 savings bond to Coach Smith's two-month-old son Erik Allen. "That was the finest gift I ever got from a group of players," Smith said later.

The team also gave trophies to Smith and Assistant Coach Phil Desper, plus gifts to the coaches' wives.

In compiling a season record of 7-1-1 and a conference record of 5-1-1, the Redwings scored 214 points to their opponents' 99 and finished second in the West Central Conference.

The team rushed for 2,688 yards compared to 1,655 for the opposition.

Another 1,037 yards were gained passing on 67 completions in 140 attempts, while the opposition was held to 506 yards passing, completing 35 of 103 attempts.

St. Johns ran 350 plays and picked up 165 first downs while their opponents ran 322 plays for 103 first downs. The Wings were penalized 500 yards while the opposition suffered 392 yards for infractions.

St. Johns was forced to punt 24 times for an average distance

of 35 yards while the opposition punted 36 times, averaging 28 yards.

The Redwings fumbled 13 times and lost seven while their opponents fumbled 14 times while also losing seven.

The team's leading tackler was junior Larry Wakefield who was in on 87 tackles and was credited with 16 solos. Wakefield was named Back of the Week for his "fine defensive play" as a linebacker against Hastings. Following the Alma game, he was named Honorary Captain when he led the team in tackles with 12.

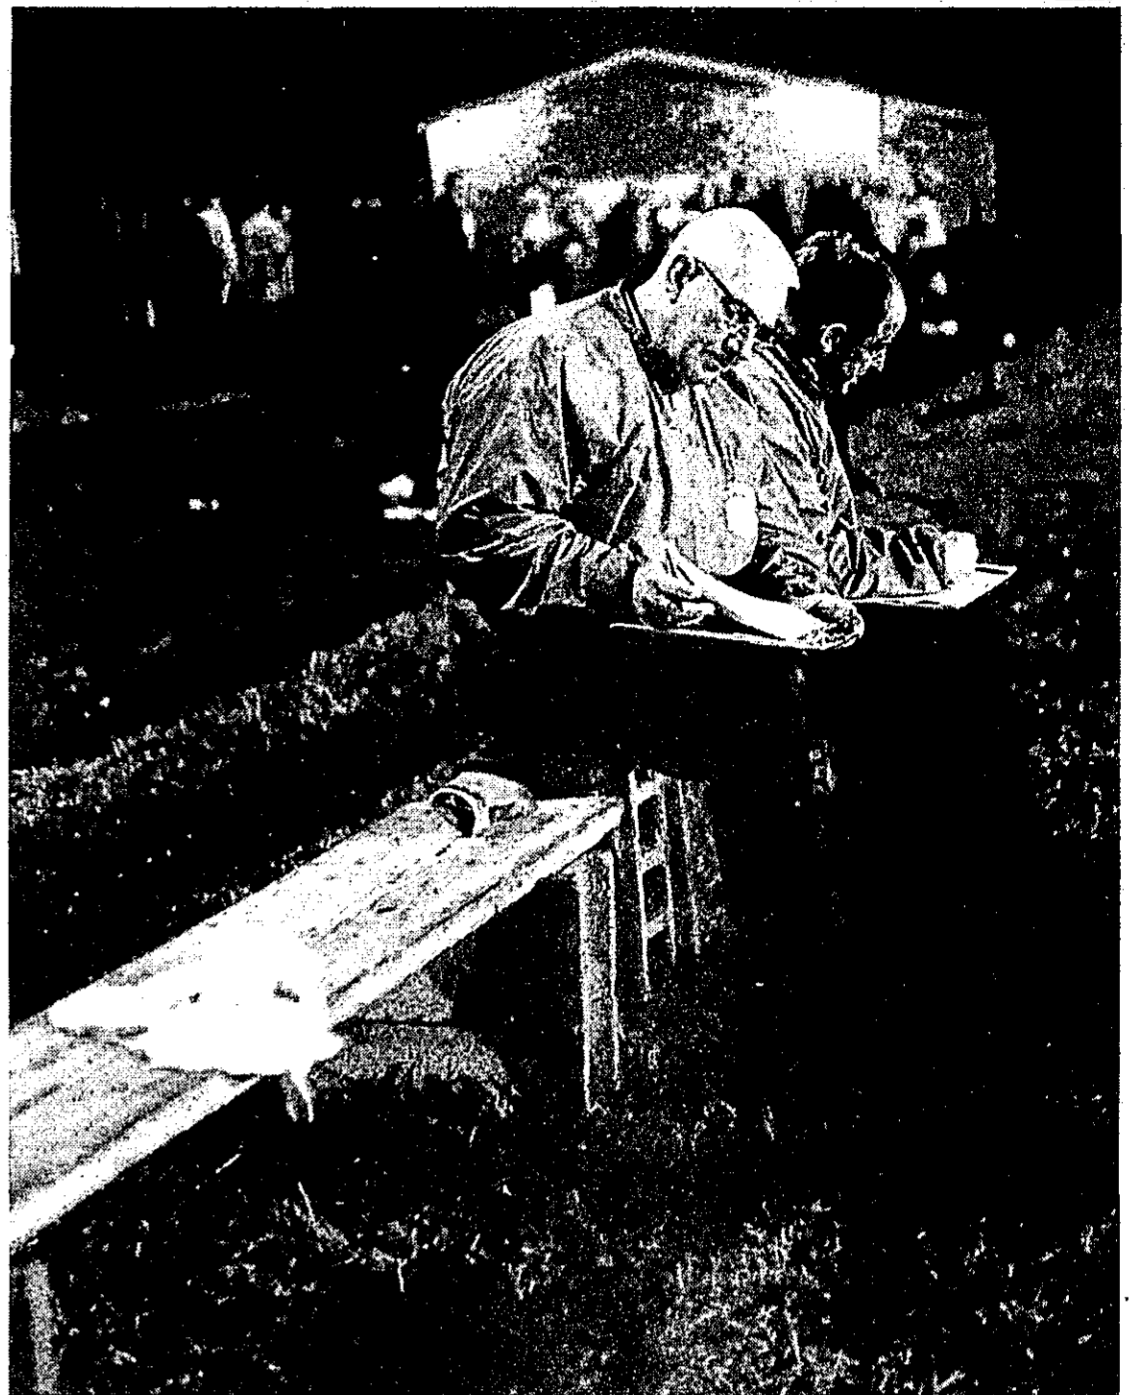

Senior Back Jeff Silm was the leading point-getter with 84. Silm ran for 10 touchdowns, picked up another eight points receiving and kicked 16 more. In 108 carries Silm gained 526 yards for an average gain of 4.9 yards. He also caught six passes for another 111 yards. Following the Ionia game Silm

was named both Back of the Week and Honorary Co-Captain when he rushed for 93 yards and scored two touchdowns.

Co-captain and quarterback Tim Durner passed for 893 yards, completing 59 in 132 attempts for an average gain of 15.4 yards and 44.7 per cent "accuracy." Durner had a rushing average of 1.1 yards per carry, gaining 38 yards in 34 attempts. He rushed for 26 points. He was named Back of the Week following the Mason game when he passed for 263 yards, completing 14 of 22.

Fullback Ron Waggoner tied Green with a 5.9 rushing average as he picked up 359 yards in 61 carries and scored 12 points. He was named Back of the Week when he rushed for 103 yards against Charlotte and scored a touchdown.

In addition to Ballinger and Wakefield, other defensive leaders were Steve Mead with 75 tackles and five solos; Jeff Silm, 66 tackles and five solos; Roger Davis and Dan Rademacher each with 61 tackles and four solos; Dick Rademacher with 58 tackles and six solos; Scott Bennett, 52 tackles and eight solos; Larry Zuker 40 and two; Rich Stoddard, 33 and six; and Terry Martin with 30 tackles.

Statisticians Ralph Lynam (left) and Bob Serrine didn't have glamorous jobs but they were at every game collecting data for coaches, players and newspapers.

**Wierman 'the finest' manager**

This is Jim Wierman, student manager of the St. Johns football team. Jim was awarded a letter at the football banquet last week along with 45 varsity football players. When Head Coach Jeff Smith was asked about Jim's contribution to the team, he said, "You should ask (Supt.) Earl Lancaster about Jim. In his 38 years of coaching and administrating, Lancaster says Jim Wierman is the finest trainer-manager he's ever seen. I agree."

## Burnett still gives apples away

A former St. Johns resident who has made his mark in the world of advertising was among those discussed in an article in the autumn issue of Chicago Magazine.

Leo Burnett, now 77 and perhaps one of the most successful founders of advertising agencies, is recognized in an article entitled "It Sure Doesn't Taste Like Tomato Juice!" which is devoted to the various advertising agencies in the windy city.

Burnett's agency, the Leo Burnett Company, is recognized as the top advertising firm in the city and he is credited with being "one of the keenest editors of advertising living today."

Following are some major excerpts from the article:

Among Chicago advertising agencies, the Mother Cow is the Leo Burnett Company. There

is hardly a Chicago agency worth its 15 per cent that doesn't have at least half a dozen key staffers (or a president) who came up through Leo Burnett. It is the world's fourth largest U.S. agency and the only one of the top ten headquartered outside New York. Its 1,260 employee office in the Prudential Building is the largest single agency entity in the world under one roof. Under other roofs, the Leo Burnett Company employs nearly 2,000 more persons in New York, Hollywood, Canada and Europe. It recently merged with London Press Exchange, a network of 19 agencies in 24 countries—the largest agency merger in history. It also owns the D.P. Brother agency in Detroit.

Leo Burnett, now 77, is still working a schedule that would (and does) make younger men weary. By no means the great-

est writer in the business, Burnett is one of the keenest editors of advertising living today.

One of his mottoes is, "Every writer needs a crap detector." There is a cleanliness, freshness and vigor to his agency's work that is seldom equalled elsewhere. From his somewhat crowded and uncomfortable offices have come The Jolly Green Giant, Tony the Tiger, Real Gusto, Marlboro Country, Charlie the Tuna and Hubert the Harris Lion, like a constellation of Leo twinkling in the Friendly Skies of United.

Youngest of the world's super-agencies, Leo Burnett began in depression 1935 with \$700,000 in billing. One original account, Green Giant, is still there. Skippers said Leo would be on the street peddling apples in six

months. Defiantly, he said he'd be giving away apples and, for 33 years, a bowl of fresh apples has fragrant his reception rooms. Still, for all the great agency's candor and success, an occasional client or employee bites his last apple and, with a lingering taste of sour grapes, moves to another agency. Personnel turnover in

this business is constant and no less than four newspaper columnists make a living reporting the shifts in Chicago accounts and personnel!

"Seersucker" is the name of a type of fabric; it is also a name for the fellow who believes completely in fortune tellers.

### INTRODUCING SWIFT'S PREMIUM BUTTERBALL TURKEYS

What can be more traditional than a tender, juicy, golden-brown roast turkey for Thanksgiving? Treat your family to the best of that all-American tradition with a delicious Swift's Premium BUTTERBALL TURKEY... The Aristocrat of fine birds. Each bird is USDA Grade A... and top of the flock. Select a turkey worthy of Thanksgiving... choose a BUTTERBALL.

### ONLY GRADE A TURKEYS ARE SOLD AT KROGER.....

Look for the official U.S. INSPECTION MARK which tells you each Kroger turkey has been carefully inspected for wholesomeness by the United States Department of Agriculture, and that it has been handled under strict sanitary conditions, protectively wrapped, and accurately labeled. Every Turkey sold at Kroger carries this USDA Grade A label... If you want the very best, don't settle for anything less than a Grade A Turkey from Kroger.

*The Bennetts live here. That's Grandmother Bennett's Bible on the window sill, and the whole family goes to the church across the snow covered field.*  
*John Bennett works in the local bank. Martha, his wife, is president of the PTA, and they have three lovely children. Grandmother Bennett has been living with them for the past couple of years, since she broke her hip. She can't always get to church in wintertime and that's why she calls this her window. When she can't be in church, it helps to be able to see it.*  
*To her, the church steeple represents a great many things, and brings back many memories. Her son was married in that church. Her husband was buried from it. Her grandchildren were christened in it. The Church has helped her to bear grief, in hours of sorrow; and it has seemed to put a benediction upon her happiness, in times of joy. Most important of all, whatever the occasion, whatever the crisis . . . the Church has always been there.*  
*To Grandmother Bennett, the most comforting thing in the world is knowing that it always will be there.*

AGRICULTURE IN ACTION by GARY A. KLEINHENN Michigan Farm Bureau

This is called capitalism

A four year experiment with an incentive pay plan for public school teachers was listed as a possible cure for many of our educational reform reports to the fall session of the Legislature. It's only a short, two paragraph section in a lengthy report, and perhaps only an insert to help maintain the status quo, however, on the surface the idea appears to be packed with sound sense.

The proposal, a turn-about from the long established seniority pay scale system; if approved would be conducted in a limited number of school districts in the state.

Incentive pay is not a new idea. It's one of the elements that went into the building of this country.

It's better named 'capitalism.'

Where a man who has the desire and energy to do a better job than the next, receives a greater reward. It is also labeled a key to progress.

And progress is what farmers and non-farmers alike expect their children to gain from their educations in our school systems.

Almost all of us can look back to our school days and remember those special few teachers who did a little extra, who cared a little more, and who opened wider the panoramic gates of learning for students, to a bigger world than previously imagined.

But many teachers are not that professional, talented, or for that matter have the incentive to try harder. An incentive pay scale in this experiment could prove the greatest prescription available to pick up a limping educational system.

As the Governor has said, "Quality education is not only our highest goal but also our best investment."

Teachers who are doing outstanding work should be properly rewarded, and in turn it is believed that such incentives would create favorable competition for the enhancement of the teaching profession, and in the end offer its greatest reward to the futures of Michigan's sons and daughters.

Pomona Grange meets

Clinton County Pomona Grange met with Olive Grange Saturday Nov. 8. The business meeting was held in the forenoon with Worthy Master Clarence Hill presiding.

In the afternoon Mrs Hill gave an excellent report of the State Grange meeting at Ionia. The Soc wants the State Grange to meet there in 1970, Big Rapids in 1971 and Grand Rapids in 1972.

Mr Hill discussed the finances of the State Grange and Steven Thelen told of the events which took place on Saturday which is youth day at Michigan State Grange.

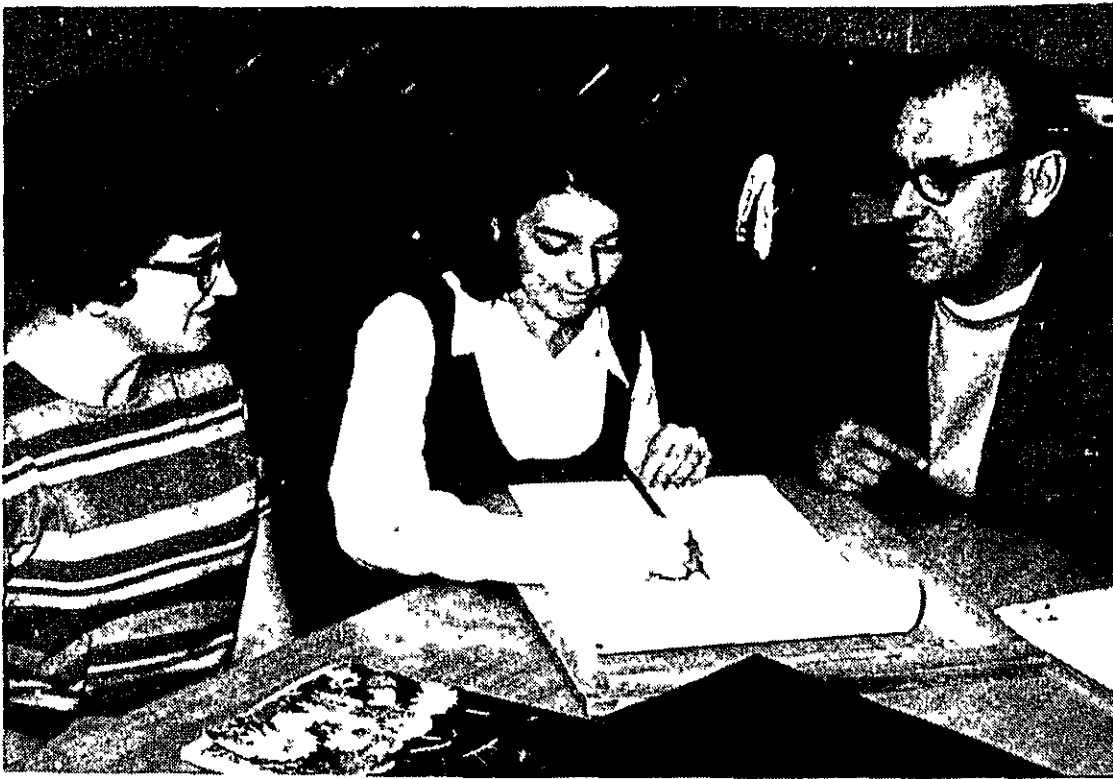

A. J. Thelen discussed the Smith plan for a change in the Legislature from Ann Arbor. The next Pomona grange meeting will be with Bingham Grange.

Mrs Arlene Smith and her daughter, Wendy, of Route 3, St. Johns discuss sketching with Arden Peterson, state 4-H youth program leader, at a 4-H cultural arts leaders workshop which was held at the Michigan 4-H Leader Training Center near Cadillac recently. The workshop provided 4-H leaders with experience in charcoal and pastel art mediums and aimed to develop leadership abilities which will encourage youth to develop their creative talents.

Indoor gardening activities for 4-H'ers

Indoor gardening can resolve the conflict between Michigan winters and the urge to have a green thumb.

There is a 4-H indoor gardening activity within the range of ability and interest of almost every boy and girl, says John Aylsworth, extension 4-H youth agent. And the many activities can be carried out in any home situation.

Indoor gardening activities provide a contact with nature, provide practice in manual skills and emphasize learning by doing. The project also provides opportunities to make gifts.

Projects in indoor gardening show how plants grow and then how to care for them. Repotting, watering, fertilizing, and dividing house plants are some aspects covered.

The project also covers making dish gardens and terrariums. Members can learn to make wood, meadow or desert dish gardens and woods or tropical terrariums.

Potting and bringing into bloom hardy spring flowering bulbs such as daffodils, tulips, hyacinths and minor bulbs brighten homes during the winter.

Plaques made from dried materials make excellent gifts. Seeds, pods, nuts, cones, dried flowers, foliage and branches can fit together in interesting designs.

Interested youth, and adults who would like to be leaders for this project, should contact the county extension office at 1003 South Oakland, St. Johns.

Bannister

By MRS. ROBERT VALENTINE — Phone 862-4342

UNITED NATIONS DAY HELD The Bannister United Methodist Church held their annual observance of United Nations on Monday, Oct. 20. Approximately 65 attended the potluck supper which included many foreign foods.

Several adults and children were dressed in costumes of other countries. Prizes were given to Mrs Mildred Bradley, Miss Carrie Miller, Robert and Bruce Valentine. Special guests were Mrs Katherine Hucko and her two children. They have been in the United States for only three months. They originally lived in Czechoslovakia. Mrs Mildred Bradley served as interpreter.

Bingham Grange to meet

Bingham Grange will meet at the hall on Sunday, Nov. 23, at 1 p.m. with a potluck Thanksgiving dinner. Traditional turkey is to be furnished by the grange.

as Mrs Hucko told, a little about her native country.

Another guest for the evening was Kurt Bengtson, an IFYE student from Sweden staying with Mr and Mrs Raymond Stewart and family. He showed slides and told of his native country.

Ray Canfield of Ovid was the lay speaker at the Sunday morning worship services at the Bannister United Methodist Church. The Junior choir was directed by Mrs John Schlart with Mrs Clifford Casler as organist. Chris Canfield and Brian Valentine served as acolytes. Prelude and postlude were played by Mrs Casler on the organ and Mrs Elmer Leydorf on the piano.

Mrs Floyd Walters returned to her home Saturday after being a patient at Carson City Hospital. Mrs Robert Moore has returned to her home after spending a few days as a patient at Ann Arbor Hospital.

Oct. 23 callers of Mr and Mrs Frank Leydorf were Mr and Mrs Floyd Nehaway and Mrs Frances Jones of rural Bannister and Mrs Edna Nowlin of rural Elsie.

No illusion

There is one agency, the Federal Bureau of Investigation, that has no illusions about the type of campus disorders that caused more than \$3 million of damage to colleges and universities between September 1968 and April 1969.

Inasmuch as breaking the law is a customary part of revolutionary tactics, many enforcement agencies will become involved in campus strife.

"As inflation continues to take its sharp bite, Secretary of Commerce Maurice H. Stans points out that it stems primarily from \$50 billion in government deficits over the past five years."

As the delusion that government hand-outs are free is stripped away, the true generosity of voters and taxpayers will be put to a severe test—along with their foresight.

10 YEARS AGO TODAY (Nov. 19, 1959)

Nearly \$80,000 in Christmas club checks were mailed out to members by the St. Johns banks the past week.

At a special meeting last Wednesday evening of the board of education of the P-W community school the date of Thursday, Dec. 15, was set for voting on the new bond issue for construction of a new high school.

Only successful people know the bitterness of defeat.

C. Douglas Pardee of St. Johns has been granted Michigan registration as an architect, according to word received this week from the State Board of registration for architects, professional engineers and land surveyors.

The Christmas season officially starts this Friday in St. Johns when Mayor Rex Sirrine throws the switch which will illuminate the big Christmas tree at the head of Clinton Avenue.

25 YEARS AGO TODAY (Nov. 16, 1944)

Pfc. Floyd Peterson, son of Mr and Mrs Earl Peterson of Elsie, who was reported missing in action since last Sept. 23, has been awarded the Bronze Star for bravery in action in France.

How old is a deer hunter? Why is a deer hunter? Those may sound like foolish questions, but there must be some answer.

In Clinton County 400 deer licenses have been issued by two hardware stores—it likely means that many farmers and factory workers have been saving up their gasoline for an annual outing in the north woods.

Sometimes when we take steps to remedy a evil, it's backward steps.

50 YEARS AGO TODAY (Nov. 20, 1919)

A new high school for St. Johns seems to be dead for another generation. The biggest school meeting held in District 4 for years took place in the high school room and passageways leading to the high school room Monday night.

City Manager T. H. Townsend, Hon. William Smith, and John C. Hicks and others spoke for the new high school and the Brush Street site.

There was a considerable number who said little, some of whom live on their income and do not want any public improvements because it would cut into their money.

Growing up

It takes a heap of planning, Before you lay the keel Of that dream home you are building, Of mortar, brick and steel;

It takes a lot of waiting For the little ones to grow, With help for every step they take— They are so weak and slow;

It takes a lot of grit to grow In ways you had not planned, To learn life's ever changing rules And come to understand;

It takes a lot of grace to live With neighbors, kin, and friends, To keep a proper balance And pick up all loose ends;

Christmas needs

By RON HUARD

Wifey broke out the Christmas catalogues the other day after having them well hidden since their arrival sometime in July.

Liking each occasion in its own place, she believes in not getting the kids too excited about Christmas until mid-November, at least, and then while resurrecting the holiday publications, she also takes inventory on the housecleaning chores needed for the season.

Now this is a routine with which I'm, in complete agreement, it's not that I care whether the kids get excited in July, it's just that after six months of ideas the Christmas budget fits their wishes about as closely as would a battleship on Stoney Creek.

In any event, the catalogues have joined the stack of periodicals on our magazine rack and already their pages are dog-eared from use.

Under normal conditions the kids' after-school hours are spent climbing cupboards and swinging on the refrigerator door looking for some goodies to tie them over until dinner.

Occasionally the stillness is broken by a sigh or an "oh,

gee" but generally a library atmosphere prevails.

Then, after all the readers have switched from day-dreams, to night-dreams, that's when the real concerns of Christmas come into consideration.

Slowly, wifey moistens her finger to turn a page, but I take her hand tenderly in mine and our eyes meet.

Then, squeezing her hand slightly, I whisper: "When you gonna start cleaning the house for the holidays, hon?"

'IF IT FITZ . . .

Too beat?

By JIM FITZGERALD

At first, when Spiro Agnew said I belonged to "an effete corps of impudent snobs," I didn't know whether to be mad or glad.

I have always wanted to belong to a corps. The word has a glorious ring to it as opposed to corp, which jingle jangles, or corpse, which just kind of lays there and does nothing for me, or crops, which depend too much on the weather.

But corps conjures up visions of Marines landing and drums and bugles playing, Patriotic. I'll bet Agnew himself belongs to several corps (the plural is spelled the same as the singular, otherwise the members might feel like maggots).

The impudent snob business sounded ok, too. To be impudent means to be bold. There's a TV show called

"The Bold Ones" and the ones are all fearless heroes who unselfishly catch crooks, distribute justice and frighten germs, all for the good of mankind. Which is good enough for me.

As for a snob, I've always wanted to be one. A snob is a guy on top who looks down on the jerks below. My trouble has always been that there was no one down there. To see anyone at all, I had to look up, which is tougher on the neck and the pride.

Which brings us to effete. Words are my business, so it is embarrassing to admit, but I didn't know what the heck that meant. So I reached for the dictionary which said effete means: "that has brought forth offspring, exhausted; no longer capable of producing; worn out,

exhausted, spent and sterile." Is the vice president saying our corps of impudent snobs is too pooped to procreate? Too beat to begat?

If he is right, I'm suddenly not feeling so impudent. But he is wrong and I hereby request to be drummed out of the corps. I may be a grandfather, and I may look more than I leap, but still, the Vice President has no right to slur my manhood.

In fact, that was a pretty censorable thing for our No. 2 leader to be saying in public. The movie people would rate that speech "R" and Spiro's own 14-year-old daughter couldn't listen to it. She'd be better off at a nice clean peace rally if she could escape her dungeon and swim the moat.

I hate to be impudent, but it's better than impotent. Onward and Upward.

GRASSROOTS OPINION

COMMENTS FROM OTHER PAPERS

SWANVILLE, Minn., NEWS: "Far too many people who take an active part in political work make the mistake of putting the party number one, and the operation of government second."

MOUNT OLIVE, N.C., TRIBUNE: "President Nixon's plan for changing the welfare system in this country to a program of 'family assistance'... could scarcely draw killing opposition from anybody except deadbeats among welfare recipients and those political and social leaders who, for some reason, have always promoted deadbeat welfareism."

PETALUMA, Calif., ARGUS-COURIER: "Inflation is the cruellest tax of all. It penalizes everyone and the poorest most of all. No one is missed. The thrifty suffer ill rewards for their self-denial. Pensioners and others with fixed incomes find their living conditions ever more difficult."

My mother and father came to visit me last week.

They drove something like 1,500 miles from Florida to see me and you know what we did.

We dusted. I don't care if a bachelor was 94 years old and spent three solid weeks cleaning beforehand.

You know what they'd do if his mother came to visit. They'd dust.

Just a week before, in honor of the upcoming occasion, I vacuumed. That's something. Most guys I know in my situation don't even own a vacuum cleaner, much less know how to operate one.

Most of my friends, in fact, think I have a fetish about neatness. Neatness is simply putting your stuff in nice piles instead of scattering it around.

But this thing mothers have about dust is the strangest thing of all.

Now if you had last week's

dishes filling the sink or hadn't taken out the trash in eight weeks or something like that, you'd have to admit your mother would have a point.

But what's a little friendly dust?

Especially if it's evenly applied. Fathers, of course, understand.

When your father comes to see you, you shake hands open a bottle and talk about important things like the Lions or where to get the best price on anti-freeze.

At this point, your mother sort of fades into the background.

That's because she's obsessed with finding a dust rag. Then your father says, "What's your mother doing?" "I dunno, I think she's getting ready to dust."

A voice from the closet asks, "Don't you have an apron?" "Yeah, just last week they had a special on them and I

picked up a half a dozen, I wear them out so fast, you know."

But that doesn't deter a mother determined to dust, and she does without an apron which must be unethical or something.

When this ritual is over she'll come and sit with my father and me and astound us by asking something like "Who's Gordie Howe?" if we're talking hockey, or Denny McLain in baseball or Alex Karras in football.

Then she'll slyly work the conversation around to something like "How can you stand to live like this?" "Like what?"

"Like this. You sure must not be allergic to dust or you'd be dead by now."

But her concern for my dust doesn't fool me at all.

And you know, if she ever comes over and doesn't worry a little, I will.

She doesn't know it, but she's a saint.

Dusting time

From the state house

As Republican leader on the Public Health Committee, I am probably better acquainted with this Department's activities than with most other areas of State Government.

Now you're soon going to hear about one of their programs, rubella vaccination. Rubella, called "German" or "three day" measles is a mild disease which caused little suffering at the time of infection.

were about 100 infant deaths and 350 abnormal pregnancies.

Not only do each of these cases cause a terrible tragedy in some Michigan family, but in total they are a burden on all of us as taxpayers. Many cases have multiple defects including blindness, deafness and mental retardation requiring institutionalization.

The relationship between Rubella and birth defects was not known until fairly recently. And until this year it did not make much difference since there was no known prevention.

Like the U.S. Cavalry, it seems to be arriving in the nick of time as authorities have predicted the worst outbreak of Rubella since 1964.

The Department is distributing the vaccine to local health departments with the recommendation that free immunization clinics be held in all schools for children in grades kindergarten through third. Mothers cannot be directly protected because of possible effects of the vaccine in early, perhaps unknown, pregnancies.

epidemic in the bud preventing most of the predicted tragic and expensive results.

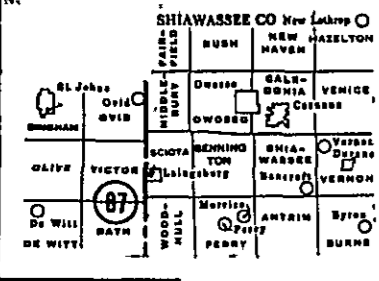

There are still some problems. There may be a severe strain on the limited manpower and financial resources of some of our fairly recently organized local health departments.

Unpreventable tragedies are just tragedies. But those which could have been prevented are a disgrace. So we'll hope for complete cooperation of state officials, local officials, taxpayers and parents.

By WILLIAM S. BALLENGER  
State Representative

One of the most important parts of Governor William G. Milliken's educational reform program for Shiawassee and Clinton Counties is unquestionably his proposal to reorganize and consolidate local school districts throughout Michigan.

Under the terms of either HB 3883 or SB 1081, fully nine of the 18 school districts which are either entirely or partially included in Clinton and Shiawassee Counties would be severely affected, if not rubbed out completely. These districts are Byron, Bath, DeWitt, Laingsburg, Morrice, New Lothrop, Perry, Pewamo-Westphalia, and Fulton.

If either HB 3883 or SB 1081 becomes law, the number of local school districts in Michigan would be reduced from 653 to about 250 or less. This transformation would be accomplished either by "voluntary means" prior to July 1, 1971, or on a mandated basis between that date and July 1, 1973, by which time the Governor hopes each new or remaining district would offer a full K-12 program and contain at least 2000 students, except where the latter requirement would necessitate "more than a reasonable amount" of time on a school

bus or force a school district to be larger than a single county.

THIS REORGANIZATION would be supervised by a seven-member committee appointed by the Governor—one representing the Upper Peninsula, one representing the area above the Bay City-Muskegon line, and five fairly representing the remainder of the state—with the State Superintendent of Public Instruction (or Director of Education) serving as a non-voting chairman.

If this state committee does not approve a locally-adopted plan of consolidation and reorganization by July 1, 1971, the state committee itself would work out plans. Such plans could be protested, but after a hearing and review, the finding of the state committee would be final.

As of today, Michigan is down to 653 school districts, with fully 530 providing K-12 programs. The remaining 123, in which children have no legal high school "home," are scattered throughout 31 of the state's 83 counties. But 45 of these 123 are located in just two counties—Huron and Ionia.

Nine of these non-high school districts are operating three-

room schools; 14 are operating two-room schools; 56 are operating one-room schools; and 10 are "closed" districts that operate no schools at all.

OBVIOUSLY, THIS PART of the Governor's program will be extremely difficult for any State Representative from Shiawassee or Clinton County to accept in its present form.

Strangely, my own personal decision in this matter is complicated by another of the Governor's recommendations—that of "Educald" or "Parochialid." Why? Well, the Governor is advocating the granting of state aid to non-public schools in Michigan regardless of their size and organization. But at the same time he is saying that all the public schools in Michigan will have to be of a certain size and organization by July 1, 1973, or else!

In other words, the Governor seems willing to opt for a dual school system composed of public school districts medium-to-large in size and of non-public school districts, many of which will be extremely small. The parent who still prizes the unique value of a small school will be forced to send his child to a non-public school—provided, of course, that he can pay the tuition and provided his child is accepted, for non-public schools are not like public schools. They're not open to everyone and they don't have to take you.

## 4-H Chatter Training session

By JOHN AYLSWORTH  
Extension 4-H Youth Agent

The 4-H Officers Training Conference will be held Thursday, Nov. 20 at 7:30 p.m. at the Rodney B. Wilson Jr. High School in St. Johns. Adult resource people will work with the various local club officers on their duties and responsibility in their office. Working with the Presidents and Vice Presidents will be Al Root, Extension 4-H - Youth Agent, Secretaries and Treasurers, Frank Kapp, Extension 4-H - Youth Agent, Newsreporters, Ron Karle, Editor Clinton County News, Recreation Leaders, Jane Smith and Diann Kanaski - Teen Leaders and I will be working with the first and second year leaders. I hope each club will have their officers attend this training session.

Are there any youths interested in learning to tool leathercraft as a project? Eugene Lamb of St. Johns has offered to serve as the leathercraft leader. He has lots of equipment and plans that he will allow the youth to use in their work. Mr Lamb learned his skills in leather work from a craftsman while stationed in Alaska during his Service tenure. 4-H members can belong to another club and still take the leathercraft project. If there are some adults and youth who would like to learn more about leathercraft please contact the County Extension Office, 1003 South Oakland, or call 224-3288.

41 4-H Teen Leaders from Clinton, Gratiot and Shlawassee counties participated in the area youth Recreation Workshop Saturday which was held in St. Johns. The Teen Leaders learned many ideas and suggestions in the area of dance, games and drama that they can use in any meeting. The sessions were planned and conducted by Teen Leaders from Shlawassee and Clinton County who attended the State wide Teen Recreation Workshop held in January this year at Camp Kett. Evaluation from the members showed they thought the day's program was very good and enjoyable but wonder why more members did not participate.

Clinton County has received \$153,500 toward their goal of \$1500,00 as their fair share toward the National 4-H Center expansion drive in Washington D.C. The latest contributions of \$5,000 was received from the Bath All Purpose Club and an additional \$10,000 was received from the Nimble Fingers 4-H Club. The 4-H members are being asked to raise a total of \$1 per member for the National 4-H Center campaign within the next three years.

Arlene Smith, Cultural Arts 4-H Leader in French's Corners 4-H Club attended the State wide 4-H Cultural Arts Leaders Workshop and reported it was excellent. She learned many ideas in basic drawing, perspectives and pastels. Mrs Smith would be willing to share her ideas and suggestions with any other leaders or members interested in the Cultural Arts project in painting and drawing. Wendy Smith, a Teen Leader in the French's Corners Club, attended this training workshop also.

Nearly 200 4-H members and guests will attend the 4-H roller skating activity Thursday, Nov. 20 at the Ranch Roller Rink in St. Johns from 7 p.m. - 10 p.m. This 4-H activity is sponsored by the County 4-H Council. The following 4-H clubs will participate in this month's roller skating event: Maple River Craftsmen, Charlie's Gang, Elsie 4-Corners, Westphalia 4-H, Handy Andys, Pioneer Trail Riders, Riverside Riders, Bengal Beavers, Kountry Kousins, Lucky Riders and We-Hah-Kay-Asta Clubs. Any 4-H clubs wishing to go roller skating on the third Thursday between December and April should contact the Extension Office for reservations.

The Knit 'N' Stitch 4-H club members plan to ask Kathy Nichols to show her slides of her experiences this past summer on the National 4-H Teen Caravan Program to Japan at their next club meeting. Fair premium money was passed out to the members. Demonstrations were given by Ruth Brya, Linda Bappert and Kathy Bappert.

Diann Kanaski has been elected president of the Nimble Fingers 4-H club for the winter program. Other officers include: Vice President, Teri Rewerts; Secretary, JoAnq Kanaski;

Treasurer, Laurie Lounds; Newsreporter, Jean Buggs; Recreation Leaders, Leonard Kanaski, Brian Puetz, and Debbie Phelps; and Song Leader, Phyllis Dershem. The officers plan on attending the Officers Training Conference, Nov. 20 at St. Johns and the members set a date to go roller skating. The honor club sheets, group activities, demonstrations and community service projects were discussed by the members.

The Jolly Knitters 4-H members plan to make two dozen cookies per family and send them to the Ovid Convalescent home. The members discussed about going to the National 4-H Center in Washington D.C. as a group. Names were drawn for the 75¢ gift exchange that will be held at their Christmas Party, Dec. 15.

## State Crop Report

By MICHIGAN CROP REPORTING SERVICE

### CROP COMMENTS FOR WEEK ENDING NOV. 8 FINAL REPORT

Fall harvest is still progressing slowly as most fields are too wet to support harvest equipment. Soil moisture was adequate to surplus in all areas of the State. Three and one-half days were considered suitable for fieldwork during the week.

Corn is about one-half harvested, sugar beets and soybeans over 80 per cent, with dry beans and potatoes about completed. Apple harvest is rapidly ending. Activities for the week consisted primarily of chores related to winterizing. Many farmers were preparing for the deer season.

REVIEW OF 1969 SEASON After a very early false start in late March, fieldwork fell as much as nine days behind normal by mid-May. Soil moisture supplies were generally considered surplus throughout the planting season and this condition existed until late July.

Progress of spring plantings lagged considerably behind a year earlier and somewhat behind normal. Not all of the intended acreage of oats, and corn was planted because of wet soils. In many instances, fields were allowed to lay idle as farmers could not get into the fields before it was too late to plant.

Harvest of wheat and oats was slowed considerably by the excess moisture and progress was the latest in recent years. Wheat quality was lowered due to sprouting in the standing grain.

The slowness of the oat harvest reflected the late planting. Haying progressed at a nearly normal rate but quality of the early cuttings left much to be desired. However, some excellent quality second, third and even fourth cutting hay was made.

Excess moisture and cooler than normal temperatures slowed development of all spring planted crops. By mid-August, warm temperatures and no rainfall depleted soil moisture supplies. This condition continued until early October and resulted in reduced prospects for most vegetable and row crops. The warm temperatures forced crop development to a near normal pattern.

Harvest of late crops started on about a normal schedule. Following a quick maturity caused by the weather conditions, the harvest of dry field beans ran as much as over two weeks ahead of normal. Sugar beet digging was delayed as heating was experienced in stockpiled beets. Corn and soybean harvest slipped behind normal progress in the latter part of October.

Fruit growers had a good year for production. No wide spread freezes were experienced in the spring. Reasonably good pollinating weather was experienced and most of the major producing areas experienced a good set on the major fruit crops. Production of all major fruit crops was greater than the year earlier.

Production of vegetable crops was generally lower than a year ago. Vegetable growers experienced the frustration of the wet spring and dry summer. However, strong active markets allowed many growers to experience a very good year.

### Cranberries can be fixed differently

Mrs Robert Wood describes this recipe as "quite different" and indicates it's one of her favorites by submitting it for publication in this special holiday recipe section.

#### JELLIED CRANBERRY and RASPBERRY SALAD

- 1 1/2 cups boiling water.
  - 2 pkgs. raspberry jello
  - 1 pkg. (10 oz.) frozen raspberries
  - 1 lb. can jellied cranberry sauce
  - 1 tsp. shredded orange peel
  - 1/4 cup lemon juice
  - 1/2 cup ginger ale.
- Dissolve jello in boiling water. Add frozen berries and stir until melted. Beat with electric mixer until smooth. Add remaining ingredients. Pour into mold and refrigerate.

### Time for Traditional Pie

Tradition requires pies for holiday entertaining, and Spicy Squash Pie fills the traditional role with modern shortcuts. The crust, made with convenient pie crust mix, is subtly spiced. And the filling combines frozen squash with the rich flavors of spices and cream.

#### Spicy Squash Pie Makes one 9-inch pie

- |   |                                    |
|---|------------------------------------|
| <b>Crust:</b>                             | 1/2 cup granulated sugar           |
| One-half pkg. (1 cup) Flako Pie Crust Mix | 1/2 cup firmly packed brown sugar  |
| 1/2 teaspoon cinnamon                     | 1 1/2 teaspoons cornstarch         |
| 1/2 teaspoon nutmeg                       | 1/2 teaspoon salt                  |
| 2 to 2 1/2 tablespoons cold water         | 2 teaspoons cinnamon               |
|   | 1/2 teaspoon nutmeg                |
| <b>Filling:</b>                           | 1/2 teaspoon ginger                |
| 2 eggs                                    | 1/4 teaspoon cloves                |
| One 12-oz. pkg. frozen squash, thawed     | 1/4 teaspoon allspice              |
|   | 1 cup half and half or light cream |

Heat oven to hot (425°F.). For crust, empty contents of package into bowl; stir in cinnamon and nutmeg. Sprinkle cold water by tablespoonfuls over mix; stir with fork until just dampened. Form into ball. (If too dry, add a little more water.) Roll dough out on lightly floured board or canvas to form 13-inch circle. Fit loosely into 9-inch pie plate. Trim; fold edges under; flute.

For filling, beat eggs until light and fluffy; add squash and combine well. Add sugars, cornstarch, salt and spices. Gradually stir in half and half.

Pour filling into crust. Bake in preheated oven (425°F.) 15 minutes. Reduce heat to moderate (375°F.). Bake an additional 35 to 40 minutes or until knife inserted into center of pie comes out clean. Cool completely. Top each serving with sweetened whipped cream and chopped pecans.

### Dressing just in time for Thanksgiving

Mrs Millie Wassa offers this tempting suggestion for turkey dressing just in time for the Thanksgiving holiday.

#### TURKEY DRESSING

- 8 cups bread-cubed
  - 1/2 lb. pork sausage
  - 1 can cream of mushroom soup
  - 1 can water
  - 1/2 onion diced
  - 3 stalks celery and leaves
- Fry sausage about half-done—set aside. Fry onion and celery in shortening until tender. Combine all ingredients together. Add 1/2 tsp. salt—1 tsp. poultry seasoning and 2 eggs. Mix well. Stuff in turkey.

MRS MILLIE WASSA  
601 Lambert Dr.  
St. Johns, Mich.

### Cranberry relish always a favorite

Mrs Edward Kraft, a regular contributor of news to Clinton County News, joins other chefs of the area by submitting one of her favorite recipes.

#### CRANBERRY RELISH

- 1 lb. fresh cranberries, ground
  - 1 whole lemon, ground
  - 1 large can crushed pineapple
  - 2 cups white sugar
- Mix all together and let stand 24 hours before serving.
- To make into a molded salad, use:
- 1 pkg. cherry jello
  - 1 1/2 cups water
  - 1 cup cranberry relish
- This cranberry relish will keep for weeks in refrigerator or can be frozen.

## Don't Let Oily, Musty Water Spoil That Good Meal

The good cook is extra careful when it comes to assembling the ingredients for her dinner party. She selects choice meats, fresh vegetables, a proper blend of spices, tasty water . . .

Water's contribution to a good meal only begins with the long, cool glassful positioned alongside each plate. If it is not crystal clear and pleasing to the palate it can spoil the flavor of foods and drinks, no matter how good the other ingredients are and how carefully they are prepared.

The task of the good cook has been complicated in recent years as a result of the increasing use by municipalities of chlorine and other chemicals to purify fresh water reserves. While these elements counter pollutants in once-clear rivers, streams and lakes, they can also impart objectionable color and odor as well as a musty, peaty or even oily taste to the water piped into homes.

However, the kitchen tap can now be converted into a fresh mountain stream through the use of the Aqua-Guard Water

Filter which attaches directly to the faucet without affecting normal use. The device filters water through activated charcoal, the same material which is said to give Tarayton cigarettes a fresh taste.

Coffee made with activated charcoal-filtered water has added richness; tea is brisker; salad ingredients rinsed in fresh water are tastier; soups and boiled vegetables retain their true flavors; frozen juices taste freshly squeezed; even ice cubes are naturally better and this improvement carries over to drinks.

Activated charcoal has been countering the influence of chlorine for a full half century since it was discovered during the late stages of World War I that a gas mask with the versatile black stuff at its heart would provide Allied troops with real protection from chlorine gas.

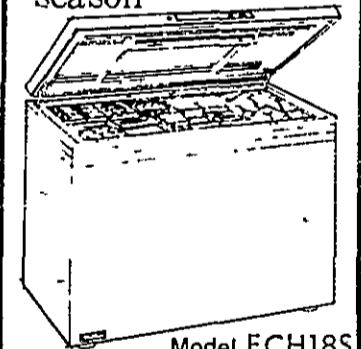

In addition to its use in certain cigarettes and in water filtration, activated charcoal protects the tastebuds in a variety of other ways.

## AVOID CAT-ASTROPHES . . . KEEP KITTY OUT OF KITCHEN

A Siamese who liked dark corners was once shut into the oven with the muffins and baked for ten minutes at 375° before he was rescued. He lived to tell the tale, but the experience could hardly be said to have done him any good.

Of all the rooms in the house, the kitchen is probably the most hazardous - and the most attractive - to your feline householder. If you are wise, you will stop your ears against his plaintive protests, and keep Puss out of this fascinating domain, advises Felicia Ames, Director of the Friskies Cat Council.

To a curious Felix, half-open cupboards are tailor-made for exploring the mysteries of crockery. It is more than possible that Felix will manage to get in quite easily, will even enjoy a quiet nap in the salad bowl without incident, but getting out is something else again. You have automatically kicked the door shut on your way out of the kitchen, and now you can't hear his frantic miaows of claustrophobia. Cats become easily frightened by incarceration, even if it is of their own making. If Felix manages to emerge without having kicked over your most careful arrangements, not to mention breaking your favorite mixing bowl, it will be a small miracle.

There are other problems: Small kittens are easily stepped on in the traffic between sink and stove. Even grown-up cats who hang around your ankles hoping for a handout are in danger of wounded toes or tenderized tail. Your startled reaction to his howl of anguish may well be another disaster, as a dish shatters to the floor or lands on his head.

Aster, as a dish shatters to the floor or lands on his head.

A cat's natural instinct to snatch any tasty morsels within leaping distance insures that a cat in your kitchen means eventually a cat on the stove. Scorched fur, burned paw-pads, or even a scalding can best be avoided by not letting him share in meal preparations no matter how much he begs to be included.

This is especially true at holiday time when roasts and fowl are usually the main course of a meal, and where the tasty twine used in tying them often entices Mr. Felix into swallowing it as his entree of the day. Result: possibly serious damage to his gastrointestinal tract and an emergency trip to the veterinarian.

No, it is not true that cats always enjoy a quiet nap in the salad bowl without incident, but getting out is something else again. You have automatically kicked the door shut on your way out of the kitchen, and now you can't hear his frantic miaows of claustrophobia. Cats become easily frightened by incarceration, even if it is of their own making. If Felix manages to emerge without having kicked over your most careful arrangements, not to mention breaking your favorite mixing bowl, it will be a small miracle.

For more useful and entertaining lore on how to bring up your feline, read Felicia Ames's new book *The Cat You Care For*, lavishly illustrated by the famous photographer Walter Chandoha. It is available at your nearest paperback outlet (price 95c) or by writing to Carnation Co., Friskies Cat Book, Box 200B, Pico Rivera, Calif. 90660.

There is more simplicity in the man who eats caviar on impulse than in the man who eats Grapenuts on principle.

## Some low-cal recipes

Here are a couple of holiday treats for weight watchers from Mrs Douglas Wooley of Elsie.

### NO-CALORIE ICE CREAM

- 1 cup water
- 1 1/3 cup dry milk
- 1 tsp. artificial sweetener
- 1 6 oz. can frozen unsweetened orange juice
- 1 drop pineapple extract or flavoring or 6 oz. frozen unsweetened strawberries.

Place water in large bowl, add dry milk. Chill mixture for one hour. While chilling, chill beaters. Meanwhile, remove orange juice from container to thaw.

Whip milk mixture for 5 minutes, add sweetener and juice-extract, or strawberries. Beat 5 minutes more. Pour mixture into freezing container, freeze till solid. Makes 4 servings.

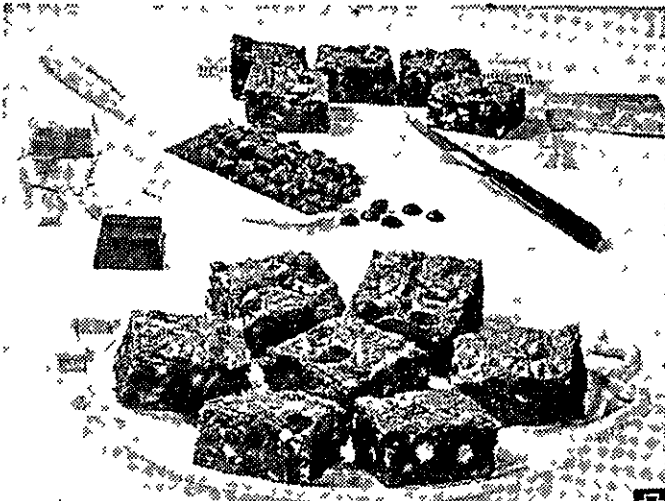

MRS DOUGLAS WOOLEY  
563 N. Ovid  
Elsie,

### VERY LOW-CAL EGG NOG

- 4 oz. canned skim milk
- 2 eggs
- 1 tsp. vanilla
- 1 tsp. artificial sweetener.

Blend.  
One generous serving.

## Double-Rich Brownies

Who can resist a brownie? No one, especially when it's dark and rich with two kinds of chocolate. These moist and chewy brownies have unsweetened chocolate in the batter and semi-sweet chocolate chips sprinkled on top for added flavor and a polka dot look.

### DOUBLE CHOCOLATE BROWNIES

- |  |                                    |
|--|------------------------------------|
| 2 squares Baker's Unsweetened Chocolate  | 1/4 teaspoon salt                  |
| 1/3 cup butter or other shortening       | 2 eggs                             |
| 3/4 cup unsifted all-purpose flour       | 1 cup sugar                        |
| 1/2 teaspoon double acting baking powder | 1 teaspoon vanilla                 |
|  | 1/2 cup chopped nuts               |
|  | 1/2 cup semi-sweet chocolate chips |

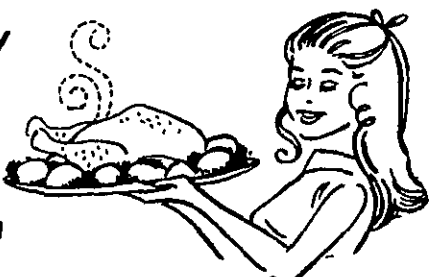

Melt chocolate with butter over hot water. Mix flour with baking powder and salt. Beat eggs well; then gradually beat in sugar. Beat in chocolate mixture and vanilla. Add flour mixture and mix well. Stir in nuts. Spread in a greased 8-inch square pan. Sprinkle with chocolate chips. Bake at 350° for 25 minutes (for moist chewy brownies) or about 30 minutes or until cake tester inserted in center comes out clean (for cake-like brownies). Cool in pan; then cut into squares or rectangles. Makes about 20 brownies.

## Mary French has a treat for sweet teeth

Mrs Mary French of St. Johns, has contributed 10 of her favorite recipes—most a delight for any sweet tooth.

She offers everything from Texas bonbons to caramels, a special no-bake "mystery" fruit cake and Southern pecan pie.

Then you may wish to try her delicious fruit loaf or apple-nut hot bread or maybe thumbprint cookies.

And if you're thirsty by now, Mrs French suggests her fruit-flavored punch highlighted with ginger ale.

Her frozen party salad will be a delight at any party or meal.

And don't forget to try her Garlic casserole bread, too.

### THUMBPRINT COOKIES

Mix thoroughly:  
1/2 c. shortening or oleo  
1/4 c. brown sugar  
1 egg yolk  
1/2 tsp. vanilla  
Sift together and stir in:  
1 c. sifted flour  
1/4 tsp. salt.

Roll into 1" balls. Dip in slightly beaten egg whites. Roll in 3/4 c. finely chopped nuts.

Place about 1" apart on ungreased baking sheet and press thumb gently into center of each. Bake until set. Cool. Place in thumbprint, your choice of jelly.

Bake 10 to 12 minutes in 375 degree oven. Makes 2 doz. cookies.

### GARLIC CASSEROLE BREAD

1 cup milk  
3 tbsp. sugar  
2 tsp. salt  
2 tbsp. butter  
1 cup warm water (105 to 115 degree)

2 pkgs. or cakes yeast  
1/2 tsp. garlic powder  
4 cups unsifted flour  
Scald milk; stir in sugar, salt, and butter; cool to lukewarm. Measure warm water into large warm bowl. Sprinkle or crumble in yeast; stir until dissolved.

Stir in luke warm milk mixture. Add garlic powder and flour, beating until blended, about 2 minutes. Cover; let rise in warm place, free from draft, about 40 minutes or until more than doubled in bulk.

Stir down, and beat vigorously, about 1/2 minute. Turn into buttered 1 1/2-quart casserole or 9-inch tube pan. Bake immediately in moderate oven (375 degrees) about 1 hour or until done. Serve warm, brushing with melted butter if desired. Makes 1 large loaf.

### NO-BAKE MYSTERY FRUIT CAKE

1 pkg. spice or white cake mix  
4 cups candied mixed fruit  
1/2 cup candied red cherries  
1/2 cup candied green cherries  
1/2 lb. seedless raisins  
1 cup cut-up dates  
4 cups pecans  
1 recipe Seven Minute Frosting or 1 pkg. fluffy white frosting mix.

Prepare and bake cake according to label directions; cool and crumble into large bowl. Add mixed fruits, cherries, raisins, dates and pecans.

Prepare frosting from regular recipe or mix according to label directions; stir into first mixture and toss together.

Pack mixture tightly into two foil-lined 9x5x3 inch loaf pans; pat down with buttered hands; cover and chill at least 24 hours. To serve, slice with sharp

knife and serve cold. Keep refrigerated.

Makes about 6 pounds.

### FRUIT LOAF

Combine 1 2/3 cups graham cracker crumbs with 1/3 cup brown sugar, 1/3 cup chopped walnuts, 1 teaspoon cinnamon. Spread 1/3 of this mixture in the bottom of a 9x5x3 inch loaf pan. Dissolve 1 3 - ounce package lemon-flavored gelatin in 1 cup hot water. Chill until syrupy. Stir in 2 1-pound jars fruits for salad, well-drained, and 1 large ripe banana, sliced. Spread half of fruit mixture over crumbs. Repeat layers and top with remaining crumbs. Chill until set. Garnish with whipped cream just before serving. Makes 6 to 8 servings.

### APPLE-NUT HOT BREAD

Yeast dough:

1/4 c. melted butter  
1/2 c. milk  
1/3 c. sugar  
1 tsp. salt  
1 pkg. yeast  
1/4 c. lukewarm water  
2 eggs, beaten  
2 1/2 c. sifted flour

Heat milk. In a mixing bowl, combine butter, sugar, and salt with milk. Cool to lukewarm. Dissolve yeast in lukewarm water. Add yeast to milk mixture. Stir in eggs. Add flour gradually to yeast mixture, blending well. Place dough in buttered bowl, cover, let rise in warm place about 1 hour or until dough is double in bulk.

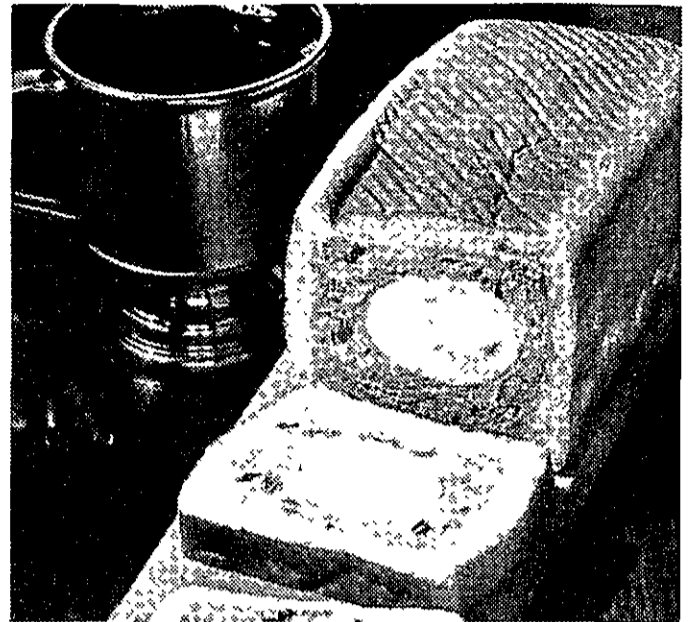

Filling:

3/4 c. packed brown sugar  
2 Tbsp. flour  
1/2 tsp. cinnamon  
1/4 tsp. allspice  
1 1/4 c. cubed apples  
3/4 c. chopped nuts  
1/2 c. raisins  
1/3 c. melted butter

Combine all ingredients except butter. Add butter and blend well.

Turn dough over in bowl and punch down to original size. Spread one - half of dough over bottom of 9-inch round buttered cake pan. Spoon one-half of filling onto top of sweet dough in pan. Cover filling with second half of dough. This layer will not quite reach to edges of pan. Spread remaining filling over top of dough. Cover with a cloth. Let rise in a warm place. Bake in

## Liver Pate' In A Shell

Tasty meat fillings baked in pastry crusts kept French housewives busy for hours. But streamlined Liver Pate' in a Shell offers the same good eating, without the fuss.

No elaborate molds are necessary. Just hollow an unsliced bread loaf and fill with a flavored blend of mushrooms, liver sausage, cottage cheese and butter. Liver Pate' in a Shell provides its own garnish, too — a center row of hard cooked eggs surrounded by green scallion bits adorns each slice.

To equal the nutritious filling, prepare this party loaf with "enriched" bread. Only bread that clearly states "enriched" on the label offers the much needed and often neglected B-vitamins, thiamine, niacin and riboflavin, and the mineral, iron.

### LIVER PATE' IN A SHELL one loaf

1 loaf (1 lb.) enriched white bread, unsliced  
2 packages (8 oz. each) liver sausage spread  
1 cup (8 oz.) small curd creamed cottage cheese  
1 cup (8 oz.) butter  
1 can (4 oz.) mushroom stems and pieces, drained  
1 cup chopped scallion tops  
1 tablespoon steak sauce  
1 teaspoon seasoned salt  
1/2 teaspoon pepper  
5 to 6 hard cooked eggs

Cut end slice off bread; hollow. Cream together liver sausage, cottage cheese and butter. Blend in mushrooms, scallions, steak sauce, salt and pepper. Fill bread cavity with liver sausage mixture, centering eggs end to end. Chill until serving.

moderate oven (375 degrees) for 30 to 35 minutes.

Aluminum foil on bottom of oven will catch any melted filling.

### SOUTHERN PECAN PIE

PASTRY:

1 c. sifted all-purpose flour  
1/2 tsp. salt  
6 Tbsp. shortening  
2 Tbsp. cold water  
Sift flour and salt together into a bowl. Cut in half of shortening until mixture looks like meal; then the remaining until particles are size of peas. Add water, mixing lightly with a fork. Shape into ball. Roll out on lightly floured cloth covered board. Place in a 9-inch pie pan loosely and flute edge.

PECAN FILLING:

4 eggs  
1 c. brown sugar  
1 c. dark corn syrup  
2 Tbsp. melted butter  
1/8 tsp. salt  
1 c. pecan halves  
Beat first five ingredients together with rotary beater. Pour into pastry lined 9-inch pie pan. Sprinkle pecan halves over filling. Bake in moderate hot oven (375 degrees) 45-50 minutes. Yield 8-10 servings.

### TEXAS BONBONS

Delicious no-cook candy morsels . . . easy for children to make.

2 (1 lb.) boxes confectioners sugar  
1 (15 oz.) can sweetened condensed milk  
1/4 c. butter, melted  
1 (3 1/2 oz.) can flaked coconut. (optional)  
Mix all ingredients in a large mixing bowl, use your hands if necessary. Shape into balls, smaller than a walnut; let set about 1 hour.

Melt 12 (1 oz.) squares unsweetened chocolate (or 12 oz. semi-sweet chocolate chips) with 1 oz. paraffin wax. Dip balls and place on wax paper. (Use round toothpick to dip balls).

Leave the chocolate over warm water while you dip. After chocolate has started to set, go back and fill toothpick holes with chocolate. Do not refrigerate. Makes about 11 doz. bonbons.

### CARAMELS

Delicious — flour prevents stickiness.

1/2 lb. butter or margarine  
2 c. light corn syrup  
2 c. sugar  
2 (15 oz.) cans sweetened condensed milk  
1/2 c. sifted flour  
1 tsp. vanilla  
In heavy saucepan, melt butter. Add corn syrup and sugar. Boil for 5 minutes over medium heat, stirring constantly. Add 1/2 cans of sweetened condensed milk.

Mix flour thoroughly with remaining milk; then add to corn syrup-sugar mixture.

Boil until mixture darkens and forms a medium-hard ball (240 degrees). Stir constantly or mixture will stick.

Add vanilla and pour into buttered 9x13x2" pan. Allow to cool. Cut into 1" pieces with sharp, buttered knife. Wrap pieces in small squares of waxed paper. Makes about 5 dozen pieces.

# So Pretty, So Stylish, Who Would Guess This Torte Takes So Little Time

It looks like you spent all day in the kitchen — but is really quick and easy to make. It's a root beer-flavored party torte, developed to help you and your family celebrate any occasion in style.

Three mixes — for cake, vanilla pudding and whipped topping — cut preparation time to a bare minimum. You'll find this root beer torte so tasty you'll want to make it often.

### This recipe gives message of good flavor

Almost every housewife has a favorite salad and this one from Mrs Anthony Pohl has a cryptic name but its ingredients quickly spell out a message of tempting goodness.

#### RIBBON SALAD

- 1 pkg (3 oz.) each Jello; lemon, lime and raspberry
- 3 cups boiling water
- 1 cup miniature marshmallows or diced marshmallows
- 1 1/2 cups cold water
- 2 pkgs (3 oz. ea.) cream cheese, softened
- 1/2 cup mayonnaise
- 1 cup whipped cream
- 1 can (1 lb. 4 1/2 oz.) crushed pineapple

Dissolve jello flavors separately, using 1 cup boiling water for each. Stir marshmallows into lemon gelatin, set aside. Add 3/4 cup cold water to lime jello; pour into a 13x9x2 inch pan. Chill until set, but not firm. Add 3/4 cup cold water to raspberry gelatin. Then add cream cheese to lemon mixture; beat until blended. Chill until slightly thickened. Then blend in mayonnaise, whipped cream and crushed pineapple. Chill until very thick; spoon gently over lime gelatine, chill until set, but not firm. Meanwhile, chill raspberry gelatin until thickened; pour over lemon gelatin. Chill until firm. To serve, cut in squares. Makes about 10 cups or 12 to 15 servings. Note: If deeper green and red layers are desired, use 6 oz. pkgs of jello and 2 cups boiling water and 1 1/2 cups cold water for each large package.

### Jell-o perfect for holidays

Mrs Millie Wassas' molded lime Jell-O salad sounds good anytime of the year, but should be a special treat for the holiday season.

- MOLDED LIME JELLO SALAD**
- 20 marshmallows
- 2 cups water
- 1 pkg lime jello
- 1 3 oz. pkg. cream cheese
- 1/2 cup chopped pecans
- 1 small can crushed pineapple (drained)
- 1/2 cup whipping cream

Melt marshmallows in the water over low flame. When hot add jello. Stir. Cool but do not let set. Stir cream cheese until soft. When jello is cool, whip well until all large bubbles disappear. Add cream cheese and whip well. Add pecans and crushed pineapple. Beat the whipping cream until stiff peaks form and then fold it into the jello mixture. Put in mold and chill overnight.

#### Root Beer Party Torte

- 4 eggs
- 1 package yellow cake mix (2-layer)
- 1 package instant vanilla pudding mix
- 3/4 cup root beer
- 1/2 cup salad oil
- 1 cup confectioners' sugar
- 1/2 cup root beer
- 2 envelopes whipped topping mix
- Ice cold root beer

Beat eggs until thick and lemon-colored; add cake mix, pudding mix, 3/4 cup root beer and oil. Beat 10 minutes at medium speed. Pour into 2 greased and floured 9 x 1-1/2 inch cake pans. Bake at 350° for 35 to 40 minutes or until done. Cool 10 minutes; remove from pans.

Boil confectioners' sugar and 1/2 cup root beer together for 2 minutes. Spoon over cakes, puncturing top with long fork tines so that liquid will penetrate cake. Cool and chill.

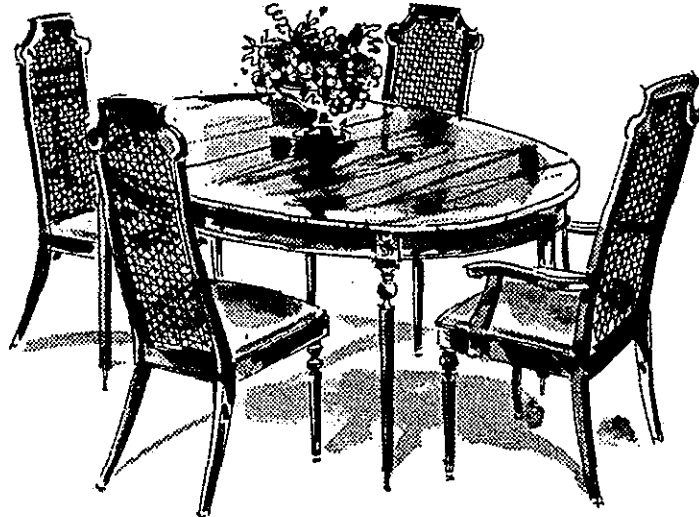

At serving time, cut each layer in half horizontally to make 4 layers. Whip topping mix as directed on package, substituting cold root beer for milk. Set aside about one cup of whipped topping for

# Answers to Turkey Questions

By Martha Logan

Q. How can you tell when a turkey is done?

A. The use of a roast meat thermometer is recommended. It should be inserted into the thickest portion of the thigh, next to the body cavity. This is the portion of the turkey that is the last to cook done. For final checking, be sure the thermometer has not been displaced. When the turkey is done, the temperature should read about 180° to 185° F.

As a further check, cover the thumb and forefinger with a paper towel. Pinch the thickest portion of the thigh. If the turkey is done, the meat will feel very soft.

Q. Why does the roasting time for poultry sometimes vary from the recommended printed timetables?

A. The shape, quality, and temperature of the bird; the roasting pan; method used (dry vs. moist heat); and oven temperature all influence the roasting time.

Q. What is the advantage of a deep-basted turkey?

A. Each slice of white meat of deep-basted turkey is tender and juicy. This is because liquid fat is added where hand basting cannot reach and the turkey inner bastes as it roasts. Butterball Swift's Premium Turkeys are deep basted, both the regular and the stuffed.

### Hearty Autumn Dish

Plan for corn pudding to grace your autumn dinner tables often. Nutritious as well as good tasting, it is a lovely way to serve vegetables. A generous serving of this robust corn pudding is sure to please the heartiest of appetites.

#### Corn Pudding

- |                           |   |
|---------------------------|---|
| 2 tablespoons corn starch | 1 (1-pound, 1-ounce) can cream style corn |
| 1 teaspoon sugar          | ¼ cup margarine, melted                   |
| 1 teaspoon salt           | 3 egg yolks, slightly beaten              |
| 1 cup milk                | 3 egg whites                              |

Mix corn starch, sugar and salt. Gradually add milk. Mix in corn, margarine and egg yolks. Beat egg whites until soft peaks form when beater is raised; fold into corn mixture. Pour into greased 1½-quart casserole. Set into pan of hot water to depth of 1½ inches. Bake in 350°F. (moderate) oven 1 hour and 10 minutes or until knife inserted in center comes out clean. Makes 6 servings.

## PUSH-BUTTON OVEN CLEANER HOLIDAY BOON

Holiday activities seem to start earlier and earlier each year.

By Halloween most store owners are getting ready to display Thanksgiving and Christmas decorations. Greeting cards are ordered and lists are made for mailing. Local merchants soon begin receiving supplies of Christmas trees which were cut from the forests in August! And, Mom brings out her prettiest table linens and polishes the family silver.

Pre-holiday house cleaning and preparations have become a huge task, often leaving mom exhausted by Thanksgiving. However, if she organizes her work and paces herself to allow for relaxation along the way, her energy will last into the new year.

When organizing her cleaning time, the wise homemaker will list her chores and try to complete the most dreaded ones first. One chore that would top that big list would be oven cleaning.

And a clean range is a necessity for the busy holiday hostess. Fortunately, modern oven and range cleaning aids ease that job tremendously.

Baked-on oven soils are never simple to remove, but the job no longer requires the fussing it once did. An aerosol oven cleaner with ammonia loosens baked-on food substances with a minimum of effort and great effectiveness. Food spatters and grease come off the broiler and range burners, too, without difficulty.

## Try These New 'Tricks' with Paper Towels

Bright, pretty kitchens offer inspirations for the clever cooks — experts in the culinary arts. They're well versed in the art of cutting chores to a minimum, leaving precious minutes for their creative talents.

The paper towel, long an indispensable kitchen aid, now comes to the rescue for even more daily duties. As an example, disposable Kleenex towels are at home in the refrigerator. Try lining the vegetable crisper with the towels. They will protect the crisper bottom from food stains, and when it's cleaning time, will make wipe-ups a minute job.

Food preparation and disposable paper towels go hand-in-hand. Salad fanciers long have known the trick of putting washed, torn, salad-ready greens in a plastic bag, along with a few crumpled paper towels. A shake of the bag and the towels absorb the excess water in the greens.

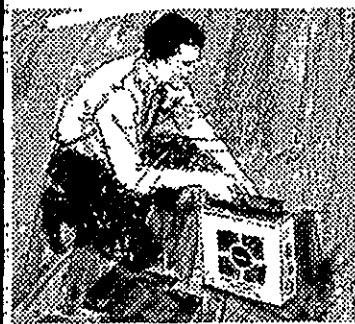

Soups welcome paper towels, too, for skimming grease from the surface. The homemaker who loves to prepare homemade soup uses absorbent paper towels when the soup has cooled slightly. She pulls a few across the surface, and the grease adheres to the towels.

Although the kitchen is a working area, it is an attractive room where color is splashed, making the cook's work even more pleasant. Bright counter accessories, fresh paint, interesting wall decor, and gay, decorative paper towels make the kitchen a picture-pretty room. Five border-decorated towels are printed in two-tone color combinations of blue with green, pink with orange, or avocado and emerald green. Add deep, deep solid shades of avocado green, persian blue, and antiqued gold and pastel shades of pink, aqua, and yellow — and there's a rainbow from which to select.

## Holidays Are Golden Roast Birds In Foil Tents

All things change it seems—including the traditional turkey.

Turkey breeders now are providing birds that are lighter in weight, yet possess much more white meat.

New cooking times are called for with these turkeys, and the latest word on roasting comes in a book devoted to aluminum foil cookery.

Roasting times can be cut 15 minutes, according to information in Margaret Mitchell's *Mealtime Magic Cookbook*, the first foil cookbook.

The book recommends that a foil "tent" be used to keep the turkey moist, while allowing for even browning. The tent is made from a sheet of heavy-duty super-strength foil about two or three inches longer than the bird.

Crease the foil lengthwise down the center and place over the breast of the turkey, pressing firmly over breast and legs. For full browning, remove foil tent 15-20 minutes before roasting time is completed.

The turkey should be placed on a rack in a foil-lined roasting pan. The lining cuts clean-up time — important during the busy holiday season.

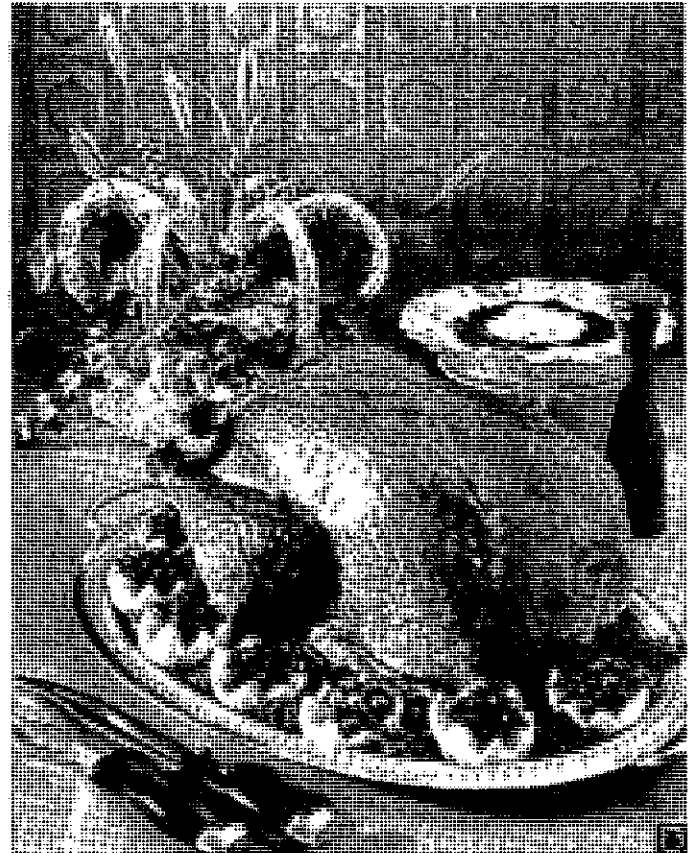

Garnish the turkey platter with whole oranges cut with a scallop design and filled with whole cranberry relish.

As a tasty accompaniment, try slices of fresh oranges, beets, and Bermuda onion in a dish made by molding double-thick heavy-duty Alcoa Wrap over an inverted nine-inch pie pan. This fruit-vegetable medley is sprinkled with melted butter and brown sugar, then heated in the broiler 3-5 minutes.

An exciting table centerpiece that displays the brightest of fall's flowers and leaves is a Swedish crown made of aluminum foil created by designer Conny of Alcoa.

To make the crown, crush three 3-ft. long pieces of foil. Find their centers, and criss-cross them; binding them together with heavy thread, so they resemble spokes of a wheel. Bend each spoke into an arch.

Next, make a foil wreath by loosely crushing a 2-ft. length of foil leaving one end open. Form the foil into a circle, by placing the crushed end into the open end and crushing them together. This foil cir-

ROASTED UNDER AN ALUMINUM FOIL TENT, your holiday turkey will be golden brown and extra delicious. Alcoa Wrap's cookbook, Margaret Mitchell's *Mealtime Magic*, tells you how to do it.

cle should be 11-in. in diameter.

Place the six foil ends inside the circle. Fasten each end to the circle by crushing around the joint with a small piece of foil. Now, gently depress the center, where the foil sections intersect, bending the sections outward to form a crown.

Next, criss-cross two pieces of foil, each 22 inches long.

Place the crown in the center and crush the overlapping foil around the bottom circle to give the crown a bottom.

Arrange fall flowers, leaves, and fruit inside the crown, using clay, florist foam or a flower holder as a base.

## Root Beer-y New Stand-up Banana Split

Rating as one of the all-time favorite ice cream confections is the banana split. Now, from Root Beer Institute, comes a recipe for a split with a new taste and shape.

The split takes a new shape by using a root beer mug instead of the usual long, flat dish. And the sauce is a tasty blend of root beer and walnuts. They'll stand up and cheer for this . . .

### STAND-UP ROOT BEER SPLIT

12 oz. root beer  
1 cup sugar  
½ cup light corn syrup  
¼ cup (½ stick) butter  
½ teaspoon salt  
¾ cup light cream  
½ cup chopped walnuts

Bananas  
Vanilla ice cream  
Chocolate ice cream  
Whipped cream, optional  
Maraschino cherries

Combine root beer, sugar, corn syrup, butter and salt in heavy saucepan. Bring to a boil, stirring to dissolve sugar; boil 8 to 10 minutes or until slightly thickened. Reduce heat and slowly pour

## 'CLAP HANDS FOR THESE LINED VINYL HOUSEHOLD GLOVES, GALS

How many times a day do you turn on the water at the kitchen sink? Forty? Sixty? A hundred, maybe? If you're like most homemakers, you'd probably lose track if you tried to count the number.

Chances are, every time you do turn on that water, you get your hands wet — and, chances are, most of the time you're using soap or detergent, scouring powder, scrubbing pads or whatever. Great though these kitchen helpers may be, they can be hard on your hands.

Consider, too, the other jobs you do in the kitchen that may be rough on hands — cleaning the oven, mopping or waxing the kitchen floor, or defrosting the refrigerator.

Thin, durable household gloves provide the protection you need when doing any of these kitchen jobs. They keep skin smooth and soft, and protect against germs, dirty ob-

to hot water. And household gloves really solve a problem for homemakers who may be allergic to detergents or other cleaning aids.

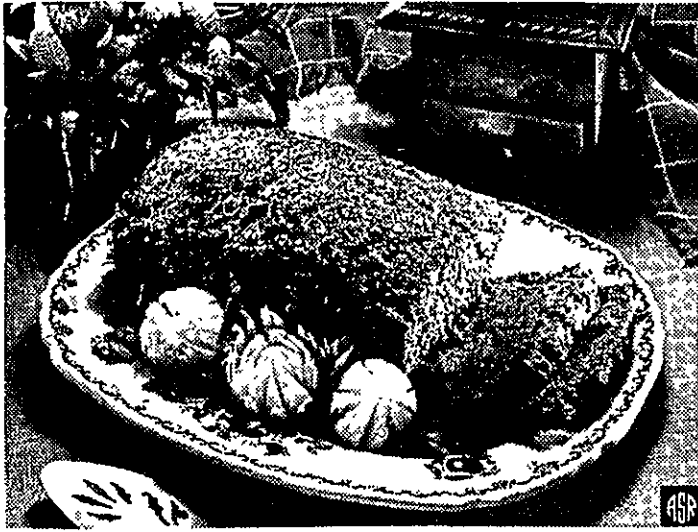

New, waterproof Glad Hands vinyl gloves, for example, are fully resistant to detergents and other cleaning solutions, greases and oils. They're made of extra-tough, non-stiffening vinyl that's thin and remains soft and pliable. Longer, turn-back cuffs keep arms dry from dribbles and drips, and for safety's sake, palms and fingers have generous anti-slip texturing. Last, but probably first in importance, Glad Hands gloves are comfortable to wear: they're the only vinyl gloves available that are fully lined with a soft, cushiony lining that absorbs perspiration.

These gloves come in color, too — a choice of blue, pink or yellow. At less than a dollar a pair, you can afford to color coordinate gloves to jobs.

The bloom on ripe grapes that enhances their beauty and suggests freshness and vigor is actually a whitish layer of fungi. These fungi provide yeasts for the fermentation in wine-making.

in cream, stirring constantly. Bring to a boil. Remove from heat and add nuts. Cool. Makes 2½ cups.

To make split: Cut banana in half decorating the top. Spread remaining topping between layers. Finish top with spooned dollops of topping or make rosettes using a pastry tube.

When your hectic schedule permits little time for meal preparation, get in the swing with a zingy meatloaf. The flavor is reminiscent of the one Mother used to make, but all of the time-consuming steps are eliminated. Use a new preblended seasoning mix made just for meatloaf. Mix, shape and pop in the oven—it really is a short cut.

**Candy cane  
cookies — a  
holiday treat**

Mrs Bruce Fowler sends along a special Christmas treat for the holiday season. Her candy cane cookies should be as popular with the older folks as they are with the small fry.

**CANDY-CANE COOKIES**

Mix together:

- 1 c. shortening (half butter)
  - 1 c. sifted conf. sugar
  - 1 egg
  - 1 1/2 t. almond extract
  - 1 tsp. vanilla
- Sift and add to above:
- 2 1/2 c. flour
  - 1 tsp. salt

Divide dough in half. Add 1/2 tsp. red food coloring to one half. Chill dough. On board that has been lightly floured use scant

tsp. of each color and twist and shape to form candy cane. Put on ungreased baking sheet and bake 10 min. - 375 deg. While still hot, sprinkle with mixture of:

- 1/2 c. crushed peppermint stick
- 1/2 c. gran. sugar

Note:

The shorter and fatter the canes, the easier they are to handle.

To keep meat and poultry products free from poisonous bacteria at home, store them promptly in the coldest part of the refrigerator, advise Michigan State University home economists. Loosen the wrappings of fresh meats and poultry to allow some circulation of air. Store cured and smoked products in their original wrappings, and follow any storage directions which are printed on the label.

The gifts you make yourself will mean so much more and cost so much less, why not make your spare time profitable at the holiday time?

**Baked carrots  
and gum drop  
cookies**

Mrs Levi Blakeslee, of St. Johns, has just the thing to brighten that holiday table with her scrumptious butter baked carrots.

And for dessert, she offers gum drop cookies... m-m-m-m.

**BUTTER BAKED CARROTS**

- 6-7 med. sized carrots
  - 3/4 c. water
  - 1/4 c. butter
  - 2 Tbsp. chopped onion
  - 1/4 c. diced celery
  - 3 Tbsp. flour
  - 1/2 tsp. salt
  - 1/8 tsp. pepper
  - 1 1/2 c. liquid (carrot liquid and milk)
  - 1/2 c. fine dry bread crumbs
  - 3 Tbsp. butter, melted
- Cook carrots in 3/4 c. water until tender, about 15 - 20 min. Drain and save liquid. Melt 1/4 c. butter in sauce pan. Saute onion and celery until tender. Add flour, salt and pepper and mix well. Add carrot liquid and milk gradually. Cook stirring constantly until sauce is smooth and thick. Cut carrots in lengthwise sticks and put in baking dish. Pour sauce over carrots. Combine bread crumbs and melted butter, mix well. Sprinkle over carrots. Bake at 350 degrees for 20 min. or until the crumbs are nicely browned.
- 6 servings.

**GUMDROP COOKIES**

- 1 1/2 c. orange slices (cut up)
  - 1-3 1/2 oz. pkg. flaked coconut.
  - 1/2 c. chopped nuts
  - 2 c. flour
- Mix above and set aside.
- 3 eggs, and 1 Tbsp. cold water, beat until foamy
  - Add 2 c. brown sugar
  - 1/2 tsp. salt
- Add orange slice mixture. Mix then pour in 15x10 1/2 in. pan. Bake 375 degree oven 15 min. or until done. Cut in squares when cold. Turn out of pan while warm.
