## 2nd severe storm of year buttons up Clinton

### 7 inches of drifting snow close schools, many roads; driving dangerous

November's second severe snowstorm all but buttoned up most of Clinton County Tuesday.

Schools closed, stores and shops were late in opening or never opened, traffic crawled over main thoroughfares and snowplows waged an almost fruitless battle against the storm.

An estimated six to seven inches of snow had fallen by early Tuesday afternoon, and still it came down in wind-blown blankets.

DRIVING WAS extremely hazardous, and only the state highways and main county roads were open. The storm came on the heels of a light snow and rain Monday which began freezing on late Monday afternoon. When the storm hit, the combination of snow on top of ice made driving and walking treacherous.

Road Commission Clerk Don Ewing said 20 units of snow removal equipment, with two men to each truck, were on snow removal duty Tuesday, and eight had been out working on state highways in the county Monday night.

All roads were slippery, he said, and most local roads were impassable. "We're trying to keep the primary and state roads clear today," Ewing said. "By tomorrow (Wednesday) we ought to be able to start on the local roads."

THE STORM WAS forecast to

let up Tuesday afternoon, but at 1:15 p.m. it was still going and blowing strong.

There were no serious accidents because of the storm, but there were numerous cases of cars sliding off the road and being stuck in snow banks. The snow was wet and almost on the verge of slush; temperatures hovered around the 27-degree mark.

General Telephone Co. said the storm didn't cause quite the overload on long distance circuits that the Nov. 2 and 3 storm did. The phone company experienced no particular problems because of the storm.

ST. JOHNS STREET crews went home to bed about noon Tuesday after battling with the storm for 13 hours. They didn't make too much headway during the daylight hours, because the snow was drifting badly. "They can't do too much of anything when traffic is using the streets," City Manager Ken Greer said. "They'll be back on duty tonight just as soon as the traffic thins out."

#### NEWS IN BRIEF

Two lighted angels which were to be used in the Christmas display at the top of Clinton Avenue will not be used this year because there was an insufficient length of wiring with them and not enough time to run the extra wiring prior to the official lighting Friday...

It's not too bad being grounded by bad weather but when you're flying and can't get down, you're really in trouble. A bird friend of Clinton County News Business Manager Al Haight had lots of trouble landing at his house Tuesday, where the snow storm all but engulfed his landing strip. Six to seven inches of snow fell in the Tuesday storm.

## Bank holdup case may go to grand jury next week

Bank robbery charges against three Valley Farms men will probably be brought before a federal grand jury in Grand Rapids next week, the U. S. commissioner's office reported Tuesday.

The action may come next Wednesday.

The three suspects — James Ray Eubanks, 21, John W. Stevens Jr., 23, and Charles Leon Beckner, 22 — are presently housed in the Kent County Jail in Grand Rapids under \$25,000 bond each.

The trio is charged with holding up the Clinton National Bank and Trust Co.'s Valley Farms office of \$27,050 last Monday afternoon. They were arrested the following morning after an all-night stakeout of Stevens' home at 222 Wieland Road by FBI agents, state police and sheriff's officers.

Bond of \$25,000 each for the suspects was not obtained and they are in the Kent County Jail now.

Meanwhile, FBI agents and state police are rounding up the loot from the holdup. State police said Tuesday a total of \$24,737.50 has been recovered to date; the bank reported \$27,050 had been taken in the holdup.

Armed with search warrants, officers last Tuesday searched the Stevens home and found thousands of dollars in currency, wrapped in cloth or brown paper bags, hidden throughout the house. Several thousand dollars was found in a package under a bed.

TWO BANK BAGS containing pennies and dimes also were recovered. Sawed-off shotguns and several handguns, including pistols, were found hidden in the house, Sgt. Harold Simmons of the state police said. Sawed-off shotguns and a pistol were reportedly brandished by the three bandits who entered the Valley Farms office of

the Clinton National Bank at 4:10 p.m. last Monday, Nov. 21, less than an hour before closing.

The only persons in the double-trailer building were Manager Robert LaFave and tellers Mrs. Phyllis Rhyndard and Mrs. A. Nell Weaver. They were forced into an employees lounge and made to lie on the floor. Two of the bandits emptied the safe while the other went for the car. They were masked while inside the bank but reportedly had been seen unmasked outside.

THE MONEY recovered from the suspects' home is being held pending disposition of the case. But the loss to the bank was brief. Claim Supt. John F. Wetlaufer of the TransAmerica Insurance Group turned over an insurance check for \$27,050 to Clinton National Vice President and Cashier John Rumbaugh last Tuesday afternoon, less than 24 hours after the holdup. The claim was handled through A.T. Allaby Insurance.

## Dentist here part of medical mission team to islands

Dr. R. L. Wohlers, St. Johns dentist, is leaving next Wednesday for a Caribbean trip, but it's not the which most folks take or dream of taking.

Dr. Wohlers is joining four Chicago-area medical men for a 10-day medical missionary visit to the San Blas Islands off the Atlantic coast of Panama.

It will be a field type of medical work, Dr. Wohlers explained. He and the others—three physicians and a medical technician—will rough it, sleeping in their clothes and probably most of the time on the ground.

THEY'LL TAKE TWO — or three-day excursions to the islands, located 15-20 miles off Panama, then return to their base at Balboa to clean up and replenish supplies before flying back to the islands.

Dr. Wohlers said the inhabitants of the islands are mostly full-blooded Indians who are still somewhat primitive. They don't speak Spanish, so the missionaries will need an Indian interpreter. The doctors take their own equipment for providing medical assistance to the Indians.

All five of the men taking the trip are members of the Seventh Day Adventist Church, but the missionary trips are not sponsored by the church. They started about a year and a half ago when a Seventh Day Adventist missionary gave the idea to some doctor friends of his in the Chicago area.

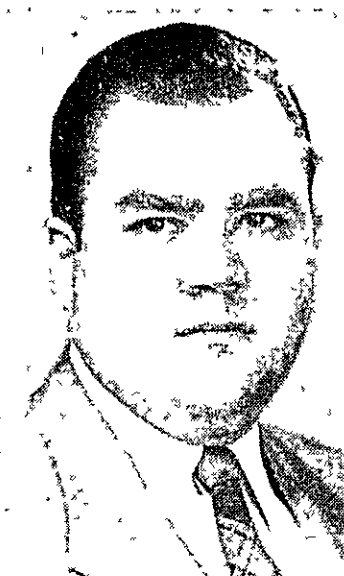

A GROUP HAS BEEN going down to the islands twice a year. This will be Dr. Wohlers' first such trip, and he said it will help fulfill an ambition of his of a number of years. He applied for the opportunity to take the trip six months ago.

He has taken a series of inoculations for the trip already, but he said it will be necessary to take others as well as med-

icines while there to prevent illnesses common to the tropics.

Dr. Wohlers will fly to Chicago the morning of Dec. 7 to meet the rest of the missionary team. They'll then fly to Miami and will be in Panama that evening. They'll take a small plane from Balboa, on the east coast, out to the islands.

It will be a relatively short missionary trip, with Dr. Wohlers returning to Chicago Dec. 10 and to St. Johns the morning of the 20th.

DR. R. L. WOHLERS

## Renewal meeting Dec. 13

The first of a series of informational meetings on the proposed urban renewal program for St. Johns will be held Dec. 13 at 7:30 p.m. in the upstairs of the municipal building.

Representatives of Vilcan-Leman and Associates, the engineering firm which has made the proposals, will be on hand to discuss the plans. Terry Foster, assistant urban renewal director for the city, will be in charge of the program.

The city tentatively plans three such informational meetings prior to holding a public hearing on urban renewal — if the city's application for a grant from the federal government is approved.

The application for the grant was to be sent in to the Housing and Urban Development Authority in November, but Monday the city was still awaiting final texts on several of the studies that form the application.

## Santa will be back

Santa Claus will be back, kids!

After his initial visit here Friday night, Santa indicated he'll be more than happy to visit with children each Saturday afternoon between now and Christmas from 3 to 5 p.m. at the Grand Trunk railroad depot in St. Johns. He'll pass out candy and consider toy requests.

The Clinton Theater will be open for free matinees for children each Saturday afternoon. The theater will open at 1 p.m. and the show will start at 1:30. St. Johns Chamber of Commerce Retail Division is sponsoring Santa's visit and the free movie.

## Art gallery Yule bazaar to open

The Lansing Community Gallery, 124 Ionia Street, Lansing, will open its Christmas Art Bazaar with a reception and coffee this Sunday, Dec. 4.

Gallery hours for the bazaar, which will run through Dec. 21, are 11-5 p.m. on Wednesdays and 1-5 p.m. on Sundays.

BEAUTY OF YULE TREE EASY ATTENTION GETTER

St. Johns' Christmas tree on the courthouse lawn was officially lit Friday night, and the flashing colored lights at the base of the tree painted a changing picture that made even the youngsters stop and take notice. Looking up at the star on top of the tree are Lori Foster, 7 (left), Christy Foster, 8, Carol Morriss, 15, Lee Morriss, 11, and Cindy Lanterman, 12. An estimated 500 persons watched the tree lighting ceremony, parade and the passing out of candy by Santa.

### FHA to collect clothing for needy children

Many Americans have been shocked to hear Jesse Stuart, one of the nation's leading poets and a native of Tennessee, tell of children in the American southern mountains who walk to school barefoot in the snow.

The Future Homemakers of America of Rodney B. Wilson High School, to aid children through Save the Children Federation's donated clothing program in just such areas as Stuart described, is readying headquarters for its local project.

COLLECTIONS WILL be made Dec. 5 through 9 at the high school. The FHA members urged residents to bundle up all good, wearable clothing no longer need-

ed, such as sweaters, low-heeled shoes, pants, dungarees, mittens, blankets, coats, dresses, skirts and underwear. Not only children's clothing, but adult and infant apparel for winter and summer is badly needed.

Though much of the federation's donated clothing goes to American southern mountains, thousands of pounds are shipped to Mexico each year and additional clothing is stockpiled to meet, upon request, emergencies at home and abroad.

AT FEDERATION clothing centers in Kentucky, Tennessee and Virginia, serviceable garments are made available to children and their parents at prices they can afford to pay. Clothing is also available, free of charge, through county welfare and school attendance authorities to those who cannot afford to pay.

### School closings told on radio

St. Johns Public Schools has announced the call letters of radio and television stations that will be notified in the event bad weather forces the closing of schools.

On snow days, parents and students are urged to listen to WJR, Detroit; WLS, Lansing; WJIM radio and TV, Lansing; WLX radio and TV, Lansing; WFYC, Alma; or WRB, St. Johns for announcements.

All will be notified before 7 a.m. if schools are to be closed because of weather.

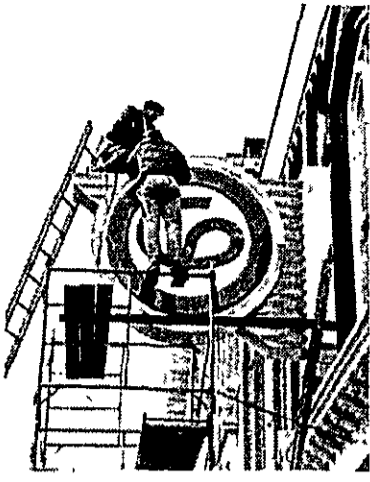

School officials asked parents and students to refrain from calling the school on questionable days, because personnel and phones must be utilized to notify the stations so that everyone can get the school information.

### Twin brothers hurt in crash

Twin brothers William John and John William Suchowsky of St. Johns were injured when their car rolled for 90 feet off Shepardsville Road a half-mile south of the Clinton-Grafton county line early Sunday.

The driver, William John, of 202 S. Lansing, was in fair condition Monday at Clinton Memorial Hospital. His twin brother, John William of 610 N. Clinton Avenue, was released after treatment of injuries. Both are 20 years old.

Clinton County sheriff's officers said the car traveled 175 feet after skidding off the road, then rolled over for 90 feet before coming to a stop rightside up. The crash occurred at 12:15 a.m. Sunday.

Workmen put up a new sign for Consumers Power Co.'s St. Johns office last Tuesday. The CP, besides representing Consumer's slogan of "continuing progress," might also mean "climbing power" for the workmen, who are three stories above the street.

## Autos may be added to spring sports show

Plans for next spring's farm, home and sports show in St. Johns swelled this week with the announcement that automobiles may be added, making the event an Auto, Farm, Home and Sports Show.

Nearly half of the 35 booths which will be available inside Smith Hall for the show have already been spoken for, according to Mrs. Betty Jane Minsky, Chamber of commerce secretary-

manager. Andrew Voorhees of Houghton Lake, hired by the Chamber to sell booth space and promote the show, will be in St. Johns possibly yet this week to complete arrangements for booth space.

The booths will be eight feet deep and will sell for \$10 a front foot inside Smith Hall. A model of the booth will be on display in the Chamber office.

Prices for exhibit space outside Smith Hall will be negotiated with the interested parties and will depend upon space used, material needed, etc. A number of large displays are anticipated, and the committee planning the

show—Bob Dittmer, Hugh Wallace and Mrs. Minsky—is considering putting up a large tent over a lot of the smaller outside displays such as tents, campers and trailers.

The big show is planned for April 6, 7 and 8.

**CRASH DRIVER BRUISED**  
Elizabeth Irene Kirkpatrick of Dexter Trall, R-4, St. Johns suffered bruises last Friday morning when her car overturned on Francis Road just north of Townsend. She told sheriff's officers she swerved to avoid a deer and lost control. The car rolled over three times.

### 4 persons hurt in DeWitt crash

Four persons were injured in a three-vehicle accident about 2:30 p.m. Sunday on US-27 near Dill Road in DeWitt Township.

Bruce Angell, DeWitt Township police chief said a truck driven by Alfred J. Lounds, 39, of 8635 Taft Road, struck the rear of a car driven by James I. Mosher, 55, of 12945 Wood Street, Bath. Mosher's car was pushing another vehicle driven by his wife, Ilene.

Mr. and Mrs. Mosher and their son, Jeffrey, 12, suffered minor injuries and were treated at Sparrow Hospital and released. Lounds, who was ticketed for failure to stop in assured clear distance, is reported in fair condition at the same hospital. He suffered a crushed chest.

Angell said he policed seven accidents in the same area Sunday afternoon during a heavy traffic period.

### Elections cost set at \$7,700

It cost Clinton County taxpayers about \$7,700 this year to help pick state lawmakers and executive branch officials and to pick local level officials. That's roughly 19¢ for every county resident.

That's the figure which County Clerk Paul Wakefield reported Monday as the county cost for running the primary election in August and the general election in November. Slightly more than half of the total was for the general election.

The cost is up somewhat over previous elections because, for the first time, township offices were listed on the same ballot with other offices and thus the bills for the election include costs previously paid by the townships.

The county board of supervisors discussed briefly, but didn't make a decision, at its last meeting the possibility of pro-rating some of the election cost back to the townships. The board meets again next Monday.

# Communities Chest drive climbs to \$19,623

Clinton County's Community Chest contribution totals soared to new heights this week, but everything is still nearly \$7,000 short of the goal of \$26,500.

As of Monday the Community Chest officials reported contributions of \$19,623.61—which is 74 per cent of the goal.

Several areas of the county have not been heard from yet, so the figure will, without a doubt, be much higher before the current drive is over.

Here's how the total so far breaks down!

SEVERAL TOWNSHIPS in the county have no organized drive, and so contributions to the Chest are not being solicited personally. These include the town-

ships of Riley, Bingham, Olive, Greenbush and Essex. Persons in those townships are invited, however, to make contributions to the Clinton County Communities Chest by mailing their donations to the Chest in care of Charles Huntington at the Clinton National Bank and Trust Co. Huntington is Chest treasurer.

Total Chest contributions this year will be divided among nine agencies — the American Red Cross, Lansing Child Guidance, Boy Scouts, Girl Scouts, Salvation Army, St. Vincent DePaul Society, 4-H Fair Fund, Michigan United Fund and the Michigan Children's Aid Society.

**MILO ROWELL** headed up the business and professional drive in St. Johns, and Lawrence Sexton was chairman for the Industrial drive. Mrs. Fred Lewis was chairman for the residential drive.

## OK purchases for new park

The State Conservation Commission has approved the purchase of 363 more acres for the new Sleepy Hollow State Park in Ovid and Victor Townships.

At its October meeting the commission approved 13.2 acres for purchase at \$3,000 and at the November session approved the purchase of 350.41 acres for \$145,800.

The latter portion is in five areas and had been optioned previously.

The Sleepy Hollow State Park is scheduled for completion in 1974 and will cost about \$1,789,000, Conservation Department officials said. Beach house construction at the park is scheduled for 1968-69, campgrounds in 1969-70 and completion in 1974.

Funds are expected to be allocated in the 1967-68 fiscal year budget of the Conservation Department. Federal aid for the new park is also being sought.

"I think we're moving about as fast as we can," said Robert O. Dodge, parks and recreation section chief. "There's some questions about the development, but I think it just takes time to work these out."

### BANK GETS INSURANCE

The Clinton National Bank wasn't out much money for very long following the robbery last Monday. Tuesday afternoon, less than 24 hours after the hold-up, John F. Wettlaufer (right), claim superintendent for Trans America Insurance Group, presented John Rumbaugh, vice president and cashier, with a check for \$27,050 to cover the loss. Bruce Lanterman (left) of Allaby Insurance Agency which handled the claim, looks on. Related story on Page 1-A

**NO INJURIES IN CRASH**  
Two Lansing drivers were involved in a two-car crash on US-27 south of Taft Road Friday evening when one slowed for a third car making a U-turn. No one was injured. Harold C. Crofts, 87, of Lansing, said he could not pull into the other lane of traffic because of cars there, and his auto hit the rear of one driven by Rosella M Brooks of Lansing.

### Mechanical failure blamed for crash

A tie rod end apparently broke loose and caused a car driven by Michael W. Lewis, 17, of Mead Road, Elsie, to go out of control and overturn on West High Street in Ovid early Sunday afternoon. Lewis was not hurt. Lewis said he hit a chuck hole and the car slid. He was unable to stop it.

## DHIA meeting Saturday

The annual meeting of the Clinton County Dairy Herd Improvement Assn. will be held this Saturday, Dec. 3, at which time trophies will be presented for production achievements.

The meeting will start at noon with a dinner in the basement of the Bingham Grange Hall, corner of US-27 and Taft Road. Russell Ormsby, president of the county group, urged all DHIA and owner sampler members to attend.

Regular association business will be conducted, and there will be a review of the annual herd and cow production report. Trophies will be presented for the high cow, high herd under 35 cows, high herd of 35 or more cows and the high 4-H dairy cow. A report from the state DHIA office will be given. An entertaining magician act will be presented to close the program.

All 4-H members who kept production records during 1966 will be guests of the association at the meeting.

## MMPA local meet here Dec. 6

The annual meeting of the Ovid Local of Michigan Milk Producers Assn. will be held next Tuesday, Dec. 6, at Smith Hall in St. Johns. Dinner will be served at noon for members and their wives.

Glenn Lake, MMPA president, will be the main speaker. Director George Austin and market committeemen Frank Rivest, Velmar Green and Glenn Webster will be present.

The business session will include election of officers and delegates for the coming year. Also on tap will be discussion and proposal of amendments of policy for the coming year. Topics for discussion include the Class I base proposal, the Great Lakes Federation and closed contract legislation.

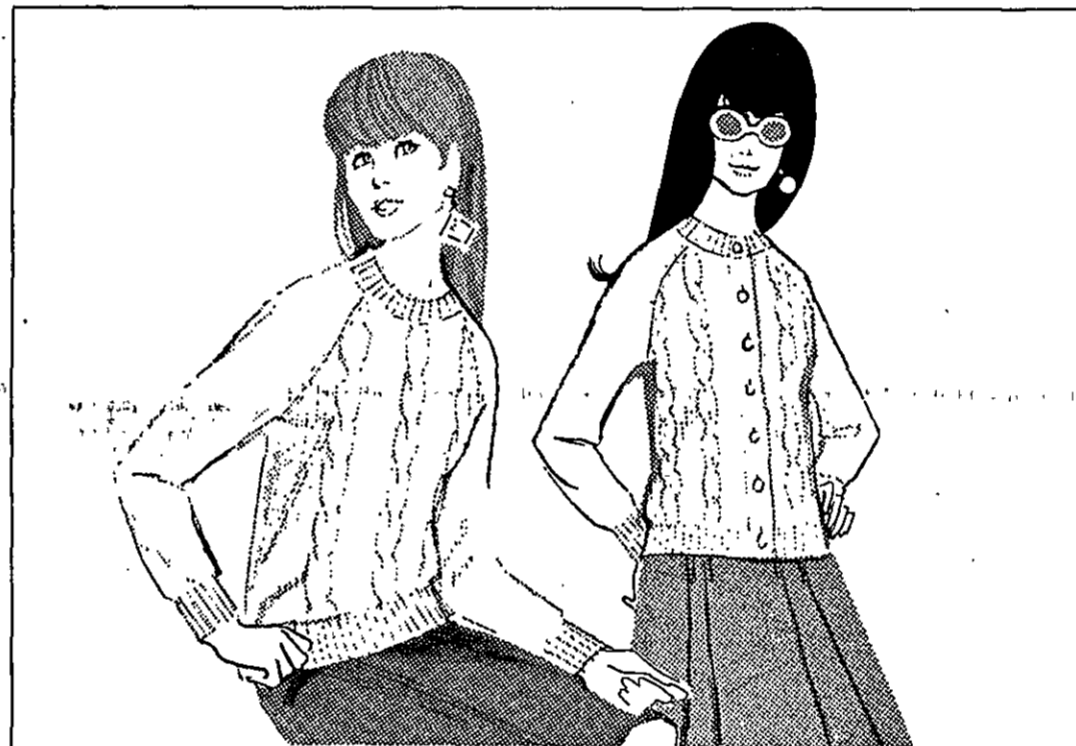

## Westphalian in charge at newest Capitol Savings

Kenneth Platte of Westphalia has been named manager of the new office of Capitol Savings and Loan Assn. at 308 S. Bridge Street in Grand Ledge.

In announcing the opening of the new office, Robert E. Clark, executive vice president of the association, pointed to the continued population growth in the area as a factor in selecting the new location. Capitol, with main offices in downtown Lansing, now has offices also in Detroit, Pontiac, Okemos, St. Johns, Southfield and Grand Ledge.

**Service club chiefs speak to FB group**

Two urban representatives were present at the Monday night meeting of the Looking Glass Valley Community Farm Bureau group.

Rex McCully, president of the Grand Ledge Rotary Club and an employee of Michigan National Bank, and Harry Hopkins, a member of the Grand Ledge Lions Club and president of Imperial Village Corp., were guests at the November meeting.

Mr. and Mrs. Mark Oliver of Clark Road were hosts. Herman Openlander gave an account of the beginnings of the Farm Bureau organization. After the discussion topic was concluded, the urban guests gave a summary of the projects of their respective service organizations. Each then told of the duties of his own occupation in Grand Ledge.

THE GROUP planned a Christmas potluck dinner for the December meeting with exchange students as possible guests. A desire was expressed by members to plan a joint meeting with other Eagle-Waterfront groups and hear a representative of the Tri-County Regional Planning Commission.

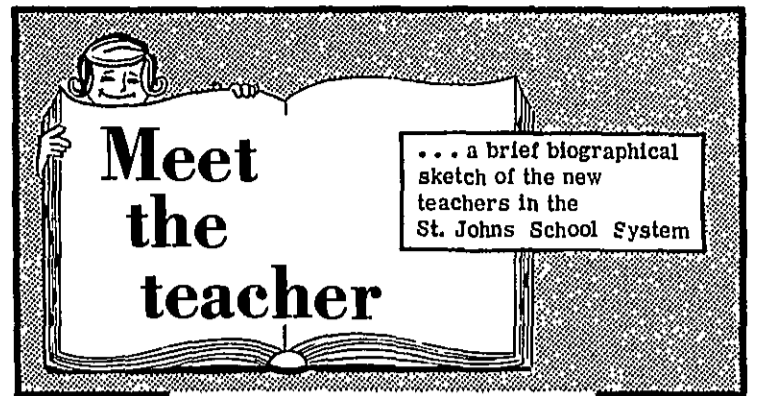

**Will name 4 to 4-H Council**

Four leaders will be elected next Thursday evening, Dec. 8, to sit on the Clinton County 4-H Council for three-year terms. Their election will come at the annual 4-H Leader Recognition Banquet scheduled for 7 p.m. at Smith Hall.

4-H leaders with three, five, 10, 15 and 20 years of service will be honored, as will several organizations who have given meritorious service to the 4-H program over the past few years.

Aunt Marge Schmidt, "Danny" and Cowboy Ken will appear Friday night at a Boys 'n Girls Roundup at the First Baptist Church in St. Johns.

MRS LEROY J. THELEN

### Florida honeymoon for LeRoy J. Thelens

**FOWLER**—Now honeymooning in Florida are Mr and Mrs LeRoy J. Thelen, who were married Saturday morning at Most Holy Trinity Church of Fowler.

The bride is the former Miss Barbara Jean Barker of Lansing, daughter of Mr and Mrs William Barker of Pawamo. Mr and Mrs Leonard Thelen of Fowler are the parents of the bridegroom.

Rev Albert J. Schmitt officiated at the double ring service.

**FOR HER WEDDING**, the bride selected a silk organza a-line gown fashioned with a cathedral length train. Her shoulder-length veil was secured with a cluster of roses. She carried a prayer book with a white orchid and ivy attached.

Miss Jo Anne Braska of Lansing was the maid of honor and the bridesmaids were Miss Linda Cvetnich of Lansing, Miss Diane Thelen of Fowler and Mrs Frank Simon of Lansing.

The attendants wore green velvet and cream crepe floor-length empire style gowns. Their headpieces were green velvet bows and they carried yellow and bronze chrysanthemums with ivy.

**FOR HER daughter's wedding**,

Mrs Barker chose a two piece royal blue suit. The mother of the bridegroom selected a medium blue lace over taffeta dress. They both had yellow sweetheart rose corsages.

Peter Edinger of Fowler served as best man and the groomsmen were Mark Welber of Fowler, Frank Simon of Lansing and Donald Thelen of Fowler. Seating the guests were Alvin Myers and Peter Schmitt.

Special guests were the grandparents of the groom, Mr and Mrs Charles Piggott.

**ASSISTING AT THE** reception held at Holy Trinity Hall, following the ceremony, were Mrs Edward Pettit, Mrs Peter Schmitt, Miss Elaine Hufnagel and Miss Mary Jo Weber.

After their southern honeymoon, the newlyweds will make their home at 112 Woodlawn Avenue, Lansing.

The bride is a graduate of Pawamo-Westphalia High School and the bridegroom graduated from Fowler High School.

MRS RICHARD F. ESSENBERG

### Richard F. Essenberg weds Melody K. Lyon

ST. JOHNS—Miss Melody K. Lyon, daughter of Mrs Coral J. Smith of 806 DeWitt Drive, DeWitt, became Mrs Richard F. Essenberg Nov. 12, in a 2:30 p.m. service at the First Methodist Church of St. Johns.

Rev Keith Bovee performed the service.

The bridegroom is the son of Mr and Mrs Gene Cornwell of 205 Prospect Street, St. Johns.

THE FLOOR LENGTH gown worn by the former Miss Lyon was made of heavy satin in an a-line style and accented along the scalloped neckline with lace and sequins that also covered the bodice of the dress. A floor length satin train extended from the bride's shoulders and was carried by her niece, Annette Lyon. The bridal bouquet was of a large white chrysanthemum surrounded by smaller gold chrysanthemums and set off with tiny green leaves and trailing satin ribbons.

Mrs Carol Lyon, sister-in-law of the bride, was the maid of

honor. The bridesmaids were Miss Phyllis Hampton and Miss Leona Bailey.

THE MAID OF HONOR and bridesmaids wore floor length gowns. They were empire waist style with gold velvet tops and white brocade skirts. The headpieces were pillbox hats covered with gold velvet and shoulder length mesh. All three carried a medium sized chrysanthemum surrounded by small white ones. Larry Devereaux of St. Johns was best man and the groomsmen were Bruce Stine of Lansing and Steve Simmons of St. Johns.

The brother of the bride, Carl Lyon and the groom's brother-in-law, Russ Heniser served as ushers.

SISTERS OF THE BRIDE, Tanya and Robin Lyon, served coffee and punch at the reception that followed the ceremony in the church parlor.

Later in the evening another reception was given later at the home of Russ and Betty Hentisor.

### Russell-Sandborn vows repeated Nov. 12

PORTLAND—Miss Elizabeth Anne Sandborn of Portland became the bride of Thomas J. Russell of Pewamo Nov. 12 at Portland Methodist Church. Rev Robert Treat officiated at the double ring service.

The bride, a graduate of Portland High School, is the daughter of Mr and Mrs Riley Sandborn of 4133 W. Grand River Avenue, Portland. Her husband is the son of Mr and Mrs Seth Russell of Pewamo and a graduate of Pewamo-Westphalia High School.

For the 7 p.m. ceremony, the new Mrs Russell wore an empire style gown of satin brocade taffeta fashioned with a detachable chapel train and bell shaped sleeves. A satin pill box secured her shoulder length veil. She carried a cascade arrangement of white chrysanthemums.

THE HONOR attendant was Kathleen Higbee, niece of the bride and the bridesmaid was Marcia Sandborn. Their gowns were of gold chiffon with gold brocade bodices, oval necklines and floating back panels. Gold headpieces held their short veils. They both carried a single bronze chrysanthemum.

Rebecca McCrumb was the flower girl and she wore a gown styled like the bride's. Christopher Sandborn was the ring bearer.

Robert Rathborn of Pewamo was the best man and Donald Volk, nephew of the bride, of Eagle was the groomsmen. Seating the guests were Gary Sandborn of Hastings and Kendall Sandborn of Portland, brothers of the bride.

THE MOTHER OF THE bride was attired in a green and blue brocade ensemble and had a yellow chrysanthemum corsage. Mrs Russell, mother of the groom, chose a two piece suit of royal blue with matching accessories. Her corsage was of white chrysanthemums.

The newlyweds greeted guests at the Fellowship Hall of the church and later at the 21 club hall in Pewamo.

Mrs Amy Russell, grandmother of the groom, of Muir was a special guest.

Guests were from Lansing, Westphalia, Lyons, Muir, Greenville, Sunfield, Belding, Grand

Ledge, Eagle, Lake Odessa, Hubbardston and Ionia.

THE NEWLYWEDS are now making their home in rural Portland.

Mrs Russell, who attended Lansing Community College, is employed by the Ionia County Board of Education. Russell is employed at Oldsmobile of Lansing.

### Mrs Blank hosts WCTU Monday

The Mary Smith Union of WCTU was entertained at the home of Mrs Pearl Blank of State Street Monday evening. President Mrs Gordon Salisbury had charge of the meeting. The theme was "United Gratefulness" which was to be seen in the lives of the Pilgrims.

The opening prayer was offered by Mrs Agnes Wells. The Scripture was read by Mrs Goldie Brooks and was followed by a prayer given by Mrs Claud Holcomb.

Mrs Salisbury presented a program taken from "Union Signal."

The meeting closed with a prayer offered by Mrs Pearl Blank.

### Circles plan for Methodist Yule Bazaar

The Elizabeth, Mary Martha and Ruth Circles of the First Methodist Church met Tuesday, Nov. 22, at a joint meeting in the church lounge with 29 members and three guests present.

Refreshments were served by Mrs Wilbur Brandt, Mrs William Marten, Mrs Gerald Bunge and Mrs Carl Zacharias of the Ruth Circle.

Worship was given by Mrs Frank Swagart. "Women of the Bible" was presented by Mrs Glen Osgood, who selected Dorcas and Lydia as the subjects of her program.

Plans for the baked goods booth of the bazaar to be held Dec. 1, were made.

The afternoon circles will meet Jan. 24 at the church, with the Elizabeth Circle acting as hostesses.

## Gary W. Morrisons to live in Owosso

OVID—Now making their home at 509 1/2 E. Mason Street, Owosso, are Mr and Mrs Gary William Morrison, who were married at the Ovid First Baptist Church Saturday, Nov. 19. Rev Earl Coplin officiated at the double ring service.

The bride is the daughter of Mr and Mrs Lawrence Buck of Ovid and the bridegroom is the son of Mr and Mrs Wilfred Morrison Sr. of Rye, N. H.

For the 7 p.m. candlelight ceremony, the new Mrs Morrison wore an empire style gown of crepe with a Alencon lace jacket and a chapel train. Her shoulder length veil fell from a pearl headpiece. White carnations with a cross of burgundy miniature roses cascaded over her white Bible.

MISS BEVERLY Cupchack of Owosso was the maid of honor. She was attired in an empire

gown fashioned with a burgundy velvet bodice and a pink crepe skirt. Her headpiece was a pink crepe pillbox with a matching veil and she carried a basket of pink carnations and miniature pink roses.

The bridesmaids were Mrs John Elliot of Saginaw and Mrs Michael Gordon of Elsie, sisters of the bride. They were costumed similarly to the maid of honor. Their headpieces were burgundy pillboxes with pink veils and they carried baskets of pink carnations and miniature burgundy roses.

Jul and Joni Elliot, nieces of the bride, were the flower girls. Their gowns were of white

crepe accented with pink velvet. John Elliot Jr. carried the rings.

THE MOTHER of the bride selected a three piece burgundy and white suit. Her corsage was of pink roses.

Alan Welter of Lansing served as the best man and the groomsmen were John Elliot Sr. of Saginaw and Michael Gordon of Elsie. The ushers were Mark Welter and Dennis Buck.

A reception, hosted by Mr and Mrs Guy Bancroft Sr., followed the wedding at the Veterans Hall of Ovid. The 150 guests present were registered by Sharon Wittenberg.

Honored guests were Mr and

Mrs Albert Buck, grandparents of the bride.

Assisting at the reception were Mrs Dale Albaugh, Mrs Miles Beecher, Mrs Tony Waydak, Mrs Nora Spayde, Mrs Margorie Martin, Mrs Maxine Mitchell, Mrs Wilma Fivecoat and Mrs Amelia Tejkl.

THE NEW MRS Morrison changed to a two piece olive green suit before leaving for their Canadian honeymoon.

The bride is a graduate of Ovid High School and Michigan College of Beauty Culture of Flint and the bridegroom graduated from Portsmouth High School of New Hampshire.

# First 9 games on road put Marauders behind 8-ball

OVID-ELSIE—If ever a basketball team had a tough row to hoe, it's this year's Ovid-Elsie Marauders.

Although they opened the season Tuesday evening at St. Johns, it will be practically two months—Jan. 27, to be exact—before they play in front of a home crowd.

Counting the St. Johns game, the Marauders play their first nine games on the road, with the hope their new gym will be ready in time for the last seven to play at home.

BESIDES THAT HANDICAP, Coach Jerry Meredith has the job of forging one team out of two, because last year Ovid and Elsie were playing as separate high schools. Even with two ex-teams to draw from, the Marauders have only three seniors on this year's squad.

"Without a decent gym to practice in and our first nine games on the road, our players

have a tough assignment ahead of them in their first year in the Mid-Michigan B League," Coach Meredith said.

Meredith is looking for problems, especially with St. Johns and Lakewood, but he feels the Marauders could finish strong "as our younger kids mature on the floor and improve."

TWO SENIOR guards, Mike Seybert and Sam Sincropl, are expected to provide the leadership on the basketball court for the new Marauders. Seybert lettered his last two seasons at Elsie and has good speed and a good shooting eye. Sincropl was Ovid's third guard last year and got a lot of experience in the tournaments. He's a good shooter, too, with quick hands, and Meredith said he's a hawk on defense.

The only other senior on the squad really isn't there—yet. Ron Green, a six-foot forward, suffered a football injury and will be out of action until January.

Coach Meredith has 12 juniors and three sophomores to choose from in rounding out his basketball squad.

JUNIORS INCLUDE Jerry Gazda, a hustling 5-10 forward who's a good rebounder and was number six man for the Romans last year; L. D. Jones, a 5-11 forward who's a good shooter and rebounder and who lettered for Elsie the past two years; and 6-3 center Don Young, who's one of the best shooters on the ball club.

Also expected to see a lot of action are Dave Latz, 6-0 center; Cesarlo Garcia, 5-11

forward; Dan Flegel, 5-9 guard; Tony Bocek, 5-10 guard; and Richard Enslack, 5-10 guard.

Rated as having a good chance to start at center is 6-3 sophomore Jerry Weir, who Meredith said is big and strong and a fair shooter. Two other sophomores should also be a lot of help this year—Daryl Melvin, a 5-11 guard who is a good shooter and who may play both guard and forward; and Dave Klabak, a 5-9 guard who may have a time getting in stride following a football injury.

OTHER PLAYERS on the squad include juniors Bob Shinaberry, Rod McCreery, Jerry Korienek and Dave Patterson.

Coach Meredith believes the Marauders have enough material this year to perhaps pull a few surprises. In the Mid-Michigan B League, Meredith looks for Corunna, Chesaning and Ithaca to be the powers—Corunna on the strength of Harvey and Dutcher, Ithaca because of Ross Carter

and Chesaning because of the veteran team they have returning.

While hoping to play their home games in the new gymnasium at the new high school, Ovid-Elsie is prepared to rent gymnasiums in surrounding communities so they can handle the crowds that couldn't be accommodated at either Elsie or Ovid.

Ernest Pardee, St. Johns bowler who carries a 172 average, whipped up a record 849 series Sunday in the Lad Slingerland-State Journal 3-6-9 bowling tournament in Lansing.

It could mean a \$700 windfall in time for Christmas. Pardee rolled games of 288, 236 and 267 for a 793 actual series, and he had a 58-pin handicap. In the 3-6-9 tournament each contestant received three automatic strikes each game and then has the added benefit of bowling four games and throwing out the worst one of the four.

Pardee's "worst" was 213. He had 26 total strikes in the three games that counted. Ten of those strikes, including three free ones, came in his 288 game. On his 11th toss he left the 5 and 8 pins but converted for the 288 total.

"AT FIRST I WAS sticking on the approach and not reaching out with the ball," Pardee said. "Then I began to pay attention to what I was doing and the ball started coming into the pocket."

The \$700 first prize money is still not Pardee's. There's still one more weekend in the tournament, but things look pretty bright. Pardee plans to be on hand at the All Star Lanes in Lansing Sunday, if his score is still tops, to watch the final day of bowling. Sixty-two St. Johns bowlers rolled last Sunday.

The largest flag in the world is the "Stars and Stripes" annually displayed by J. L. Hudson's store in Detroit. The flag is 104 feet by 235 feet and weighs 500 pounds.

## Fulton should be improved

MIDDLETON—Fulton High School Basketball Coach Ron Schafer is looking forward to a much-improved team this year over last. Although the Pirates won the St. Johns district tournament in early spring, they finished the year with a miserable 4-16 record.

This year should be different. Schafer has eight returning lettermen, including four starters.

"We have good depth this year, and we'll have good over-all speed," Schafer said. "I am very confident we'll improve on last year's record."

FIVE OF THE lettermen are seniors: 5-7 Terry Proko, 5-7 Brent Bailey, 6-3 Greg Demott, 6-2 Dan Eyer, and 5-5 Dan Barrett. The other three lettermen are juniors Jeff Gray (6-3), Randy VanSickle (6-0) and Randy Loudonbeck (5-9).

Other squad members this year are Rick Troub, a 5-9 junior; Tom Palne, a junior at 5-9; Denny Upton, 5-9 senior;

and Ed Setterington, a 5-9 senior.

The Pirates opened the season Tuesday with a road game at Portland St. Patrick's. Their home opener will be this Friday against Vestaburg, and then the Pirates will square off against Portland Dec. 9 in their first Tri-Central League game.

## Trophy for free throw proficiency

The Clinton County News is this week announcing the establishment of a new athletic trophy aimed at increasing the proficiency in free throw shooting by area basketball players.

Players at St. Johns, Bath, DeWitt, Pewamo-West-phalia, Fulton, Ashley, Ovid-Elsie and Laingsburg high schools are eligible.

The trophy will be called the "Clinton County News Award for proficiency in free throw shooting," and will be figured on the best percentage (to four decimal places) on 40 or more free throw attempts.

The award will be a handsome traveling plaque, bearing a standout figure of a basketball player. The plaque will bear a plate on which the name of the winner and his school will be engraved each year. The plaque will be offered for display in the school of the winner for a year; each winner each year will receive a smaller trophy as a keepsake.

The Clinton County News staff—longtime basketball fans for both news coverage purposes and for strictly enjoyment—has always recognized the importance of the free throw to the game of basketball. Free throws have won many basketball games, and missed free throws have lost many. The young man who can step to the free throw line with several thousand eyes on him and consistently put the ball through the hoop 15 feet away is a valuable man not only as a scorer but as a morale builder. We seek to honor the Clinton area high school player who can make the free throw more often than anyone else.

All regular season and Christmas tournament games will count. Boys with 40 or more free throws at the end of the regular season will be eligible to have their free throw percentages calculated for the award.

Periodic checks with coaches during the coming season will keep readers abreast of some of the top free throw shooters and how they are doing.

### Clinton county church musicians met Sunday

Fourteen interested people met Sunday afternoon at the Congregational Church in St. Johns for a preliminary meeting of a county-wide society of church musicians. Mrs Manning Bröss was elected temporary chairman and Mrs Earl Haas, temporary secretary.

The group will work closely with the County Ministerial Association, as it will be primarily concerned with church music.

Its first offering to the community will be a choral work to be presented during the Lenten season. The following members were elected to make a choice of such a work: Harold Brown, Gordon Vandemark, Mrs A. L. Woodbury and Miss Cynthia Jones. The result of their investigations will be presented at the next meeting, and rehearsals will begin shortly after Christmas.

# 8 hurt, 4 still in hospital after 2-car crash

Eight persons were injured—four are still in the hospital—in a two-car collision at US-27 and Maple Rapids Road late Friday night.

State police reported the two autos were driven by Cesar Medina, 16, of 510 W. Gibbs Street, St. Johns, and Melvin Billings Jr., 31, of Lansing.

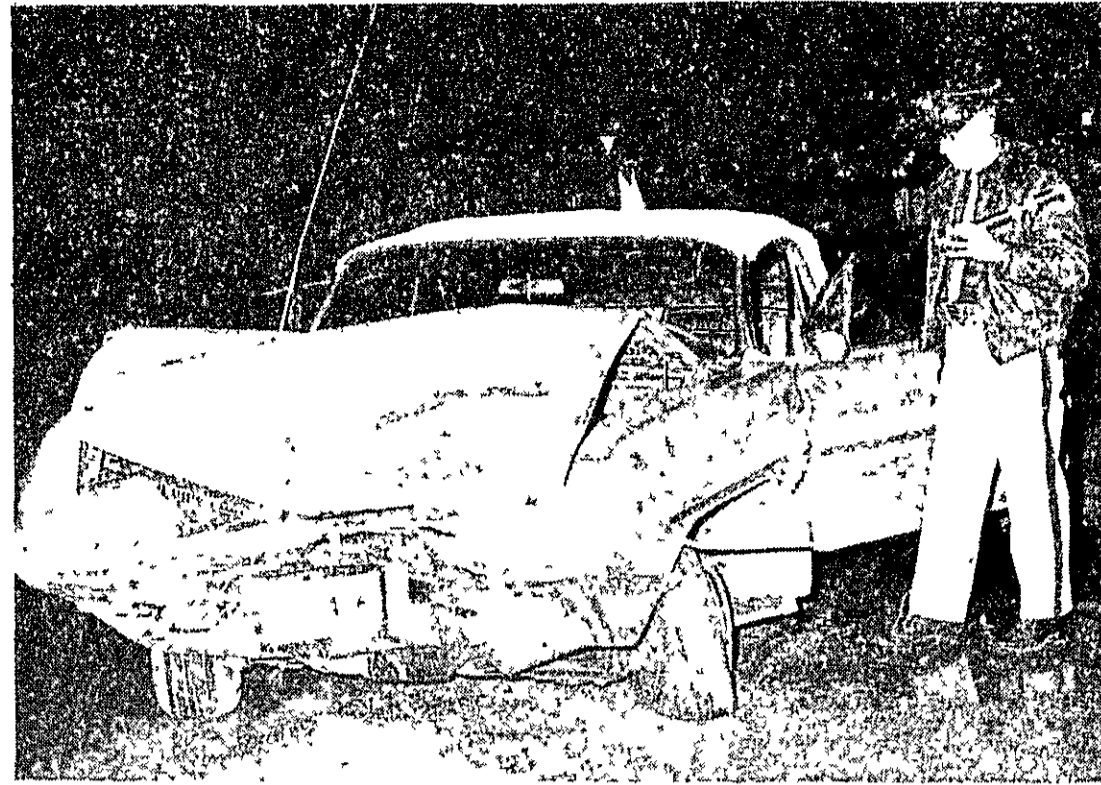

Officers said Medina, traveling east on Maple Rapids Road, failed to stop at the stop sign for the southbound lanes of US-27 and proceeded on through the yield sign before crossing the northbound lane. The Billings car, going north on US-27, struck Medina's broadside.

BOTH AUTOS WERE knocked down an embankment on the northeast corner of the intersection. The accident happened at 11 p.m.

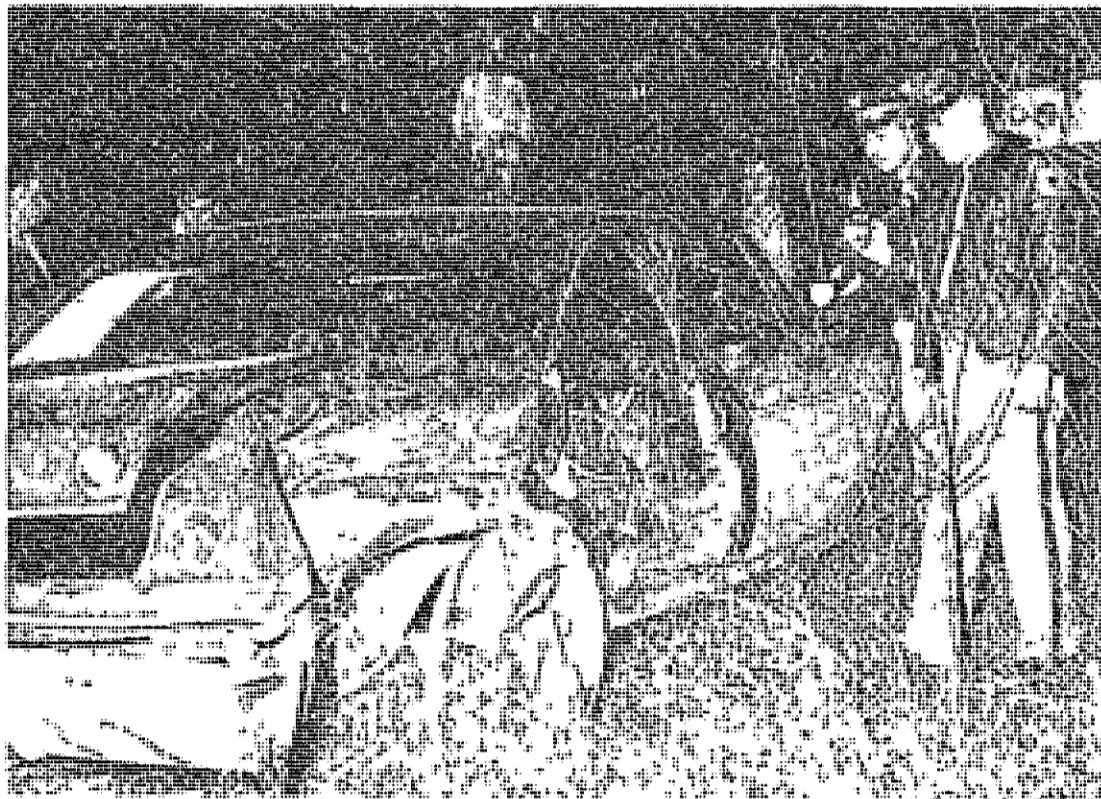

Most seriously injured was Mrs. Carol Billings, who suffered knee injuries and a dislocated right hip. She was reported in "fairly good" condition Monday evening in Sparrow Hospital. Her husband, as well as passengers Danny Wooten, 19, and William Winqwest, both of Lansing, were treated at Sparrow and then released.

Medina and two of his passengers remained in Clinton Memorial Hospital in St. Johns Monday evening, and all were described as in "fair" condition. The passengers included Sterling Boldry, 16, of 313 1/2 N. Clinton Avenue, and Douglas Rhines, 16, of 609 N. Morton Street, both of St. Johns. William Elsie, 16, of R-5, St. Johns was released from the hospital earlier.

State police said the accident is still under investigation.

Clinton County Deputy Sheriff Richard May looks over the smashed car driven by Melvin Billings Jr. of Lansing which collided with another on US-27 at Maple Rapids Road late Friday night. Billings and three others in his car were hurt and four in the other auto were injured.

Clinton County deputies Ray Terpening (left) and Richard May look at the Cesar Medina car which was struck at US-27 and Maple Rapids Road Friday night as Medina attempted to cross the highway. Both autos involved went off an embankment into a deep gully. Eight persons were hurt.

# Booth prizes offered at Yule Bazaar

St. Joseph's Altar Society announced there will be several booth prizes offered at their Christmas Bazaar in addition to the knitted afghan, donated by Mrs. Richard Cramer, which will serve as the doorprize.

A 21" doll with wardrobe will be awarded at a special drawing at "Santa's Workshop," the homemade toy booth. "Thin Ladies Paradise," which will feature baked goods will offer a cake decorated in keeping with the holidays.

The bazaar is scheduled from 11 a.m. until 2 p.m. and from 5 until 9 p.m. at St. Joseph's School Dec. 8. A luncheon will be served from 11 to 2 and free coffee and doughnuts will be available in the evening.

Mrs. Steven Hopko is the chairman of the bazaar and Mrs. Mary Ewing is the co-chairman.

BOOTHS featured will include a Teen Gift Booth, Christmas Treasures (white elephants), grab bag, Pathways to Heaven (religious articles), aprons, Knit and Stitch Post (knitted articles and fancy work), Santa's Workshop (homemade toys), Christmas decorations, candles and jellies, Thin Ladies Paradise and general donations.

A budget today is just an orderly way people have found of living beyond their means.

### Why The Christian Science Monitor recommends you read your local newspaper

Your local newspaper is a wide-range newspaper with many features. Its emphasis is on local news. It also reports the major national and international news.

THE MONITOR COMPLEMENTS YOUR LOCAL PAPER

We specialize in analyzing and interpreting the important national and international news. Our intention is to bring the news into sharper focus. The Monitor has a world-wide staff of correspondents—some of them rank among the world's finest. And the Monitor's incisive, provocative editorials are followed just as closely by the men on Capitol Hill as they are by the intelligent, concerned adult on Main Street.

WHY YOU SHOULD TRY THE MONITOR  
You probably know the Monitor's professional reputation as one of the world's finest newspapers. Try the Monitor; see how it will take you above the average newspaper reader. Just fill out the coupon below.

# Spend carefully - enjoy holidays more

By HELEN B. MEACH Extension Home Economist

With Christmas shopping lists still growing, and the purse already shrinking, are you attracted to the "buy now-pay later" plans?

For family peace of mind and economic status AFTER Christmas, shop as carefully for credit as you would for a precious gift for a loved one.

You need the credit plan best suited to your family. It's not a happy experience to distribute gifts and then face the new year with a burden of debts that you can't meet. They have to be paid sometime, so it's smart to look ahead and see what your financial situation may be when payments are coming due.

DO YOU HAVE large seasonal expenses like fuel, taxes, and spring clothes for the family coming up? Do you have other credit obligations? Is it already a struggle to get everyday expenses like groceries and gasoline out of the paycheck? Could you change your spending pattern... cut down a little here and there to make room for these future payments?

Make a list of future spending obligations and consider how much more debt you have room for. Although many guidelines have been proposed for the amount of debt a family can carry, each family has to arrive at their own answer. But looking at your present spending pattern, anticipated big future expenses, your income, and any reserve you have—savings or insurance—can help you decide whether you can buy now because you don't have to pay right now.

respected? Are the location of the firm and their business hours convenient?

Many people aren't even aware of some of the places they can get credit. Sources include lending agencies; banks, credit unions and small loan agencies. Many retail stores offer a variety of credit plans.

The smart shopper looks for terms with as large a down payment as possible and a short payment period. This sounds like the opposite of what is usually called the "easy payment" plan, but it will be easier on your pocketbook because it will cost you less in the long run.

AND A SMART shopper looks ahead to other times when it will be necessary to use credit and keeps a good credit rating by

meeting payments promptly. Consider how long the item will last before you decide whether to buy it on credit or not, and how long you will take to pay for it.

Holiday shoppers who buy for children often lament that some toys just don't last long enough for the children to enjoy them. It isn't fun for adults to be making payments on something which hasn't lasted as long as the debt has.

The usual signs of diabetes are increase in thirst, constant hunger, frequent urination, loss of weight, intense itching, easy tiring, pain in fingers and toes, changes in vision, and slow healing of cuts and bruises. However, diabetes may be present without any signs at all.

**CHURCH NOTES**  
Michael Ask, an exchange student from Sweden, who makes his home with the Roy Davis family this year, spoke at Sunday School last Sunday. He told a great many things about his home and their customs. At the close of his talk he sang two songs in Swedish accompanying himself on his guitar.  
The Christmas tree and program will be held Sunday evening, Dec. 18, at 8.  
The Women's Society of Christian service will meet Thursday evening, Dec. 1, at 8 with Mrs Eugene Havens.

**HOLY LAND TRIP**  
Miss Kathleen Biddinger recently returned from a trip to the Holy Land. She was with a group of people from the Cathedral of Tomorrow of Dayton, Ohio. They left Nov. 13 and returned Nov. 27. They traveled 14,000 miles by TWA plane. From New York they stopped at Amsterdam, Holland; Vienna, Austria and Athens, Greece and arrived in Ammon, Jordan one day before the war broke out there.  
They visited Jerusalem and were at the Jordan River. While there, she was baptized in the river. She says it is so very beautiful she would like to live there even though the food wasn't so good. Anyone who has been there really gets a much different outlook on life. There were 66 in the party.

Thanksgiving Day guests at the home of Mr and Mrs Alden Livingston were Mr and Mrs K. L. # Turkey gobbled, eyes now on Christmas Ball

By GAY BOND  
St. Johns High School

With the turkey being disposed of and the pumpkin pie being devoured, the students at R. B. Wilson waddled back to school Monday after a well-deserved vacation.

All eyes are now on the Christmas Ball on Dec. 17. It was decided that the dance would be closed, open only to the students and graduates of Rodney B. Wilson High School and their dates. The event will be for couples only.

RULES WERE SET on the dress code for this affair. Boys will be asked to wear coats and ties. For the girls it was decided that dresses and suits were appropriate, but no floor-length formals will be worn.

Tickets will be sold starting today (Thursday) for \$2 a couple.

The Sound and Sonnettes will furnish the music. The group consists of a four-piece band and a female trio. They have a Motown sound and have been compared to the world-famous Supremes.

The magazine sale was a grand success, with a grand total of \$5,896.91 as the final figure. Room 213, French I, was the high room. Their teacher, Robert LaBrie, will be going to Chicago with two lucky students from the \$30 club.

PHIL ANDERSON, Cathy Zuker and Dan Law were accepted from the high school to participate in the Honors Choir. The Honors Choir is designed for the opportunity of outstanding students in the state to work together in a choir situation.

Members chosen for the Honors Choir are tested on ability and chosen on individual merit. In former years they were chosen by quartets but it was changed to individual. Each school is allowed four students.

ST. JOHNS WILL host this organization for the second year. It will be meeting here again in January, February and March. One of the foremost choral directors in the U.S., Roger Wagner, will be helping at these times.

Last week at the student council meeting, Marcia Parr and Gay Bond showed slides of the countries they visited this past summer. Marcia Parr visited Finland while Gay Bond visited Sweden. Then the student council held a discussion on providing scholarships for the students participating in exchange programs. It was decided to set aside \$300 for this purpose.

This week closes as the last week of the second marking period.

## Miss Piggott named P-W's 'good citizen'

PEWAMO - WESTPHALIA - Mary Ann Piggott, a senior and daughter of Mr and Mrs Gerald Piggott, has been selected by the Pewamo-Westphalia senior students and the staff to be the recipient of the Good Citizenship Award for the school year 1966-1967.

Miss Piggott holds membership in the Science Club and Junior Classical League. She has held the office of secretary of the Girls Athletic Assn., and is presently the secretary of student council and vice president of the Future Teachers of America. She is a member of Young Ladies Sodality of St. Mary, Westphalia.

Citizenship refers to the girl as a citizen of her school and does not pertain to her nationality. Other criteria used in making the selection for this award are dependability, service, leadership, and patriotism.

This citizenship award is sponsored by the Stevens Thomson Mason Chapter DAR of Ionia.

## FIREMEN DISTRIBUTE CANNISTERS

St. Johns volunteer firemen volunteer for a lot of things other than just fighting fires. Last Tuesday was an example. Four of them, including Jim Karber (left) and Ray Fleischer, distributed more than 40 muscular dystrophy cannisters to stores around the business areas of St. Johns. The cannisters are to receive contributions for the fight against muscular dystrophy.

## Fowler juniors plan smorgasbord Dec. 3

By JOANNE THELEN  
Fowler High School

The junior class is planning a smorgasbord to be held on Saturday, Dec. 3 from 5 to 7 p.m. It will be in the high school cafeteria and will be open to the public.

The food for the smorgasbord is to be furnished by the students of the junior class. Each student has to prepare three dishes of food, each containing enough for 10 people. The menu will consist of cake, jello, salad, meat loaf, chicken, ham, baked beans, scalloped potatoes, scalloped corn, potato salad and beverages.

Each student was assigned a dish to bring. Advance tickets will be on sale and can be purchased from any junior. Tickets will also be sold at the door.

The art class is busy making decorations for the occasion. The decorations will be hollies and green leaves giving the cafeteria a Christmas atmosphere. Everyone is spending a lot of time to prepare for it and they hope it is a success.

THE FOWLER Student Council met Nov. 18 with President Rose Koenigsnecht in charge. Stan Pohl and Judy Kramer gave a report on the Exchange Day at Bath. The council was also informed that they will have to relocate a new activity room because Room 109, the art room, will not be available. A constitution committee was suggested and accepted. The committee will include in the constitution the membership, requirements, duties, elections, etc. of the council.

A member of the council from each class was chosen. They are senior John Luttg, who will head the committee as chairman; junior Joe Koenigsnecht, sophomore Doug Messer and freshman Don Koenigsnecht. One member from each individual class who is not in the council was also appointed to help compose the constitution. They are senior Cheryl Weber, junior Ruth Ann George, sophomore Don Thelen and freshman Tom Piggott.

Supervised study time in the various classes was discussed. Also a group of students was appointed to look over the various assemblies with Mr Stork.

DUE TO THE Thanksgiving

holiday, there was no school Nov. 24 and 25. The students were treated to a special Thanksgiving meal by our cafeteria cooks. It consisted of turkey, dressing, potatoes and gravy, cranberry sauce, ice cream and cookies.

The F.H.S. Eagles began their basketball season Friday, Nov. 25, by challenging and defeating Freesoil. Because of the distance the team had to travel for this game they stayed overnight with members of the Fowler varsity and junior varsity team. Likewise our cheerleaders put up the Freesoil cheerleaders for the night. The Freesoil team and their cheerleaders returned to Freesoil after attending a breakfast served in the FHS cafeteria.

# New journalism club to publish O-E paper

By CATHY ROBINSON  
Ovid-Elsie High School

A new club is getting under way at Ovid - Elsie - the Journalism Club. President is Richard Easlick; vice president, Mary Marton; secretary, Linda Sturgis; treasurer, Mick Goscinski; and parliamentarian, Bruce Byrnes.

The advisor of the club is Mr Foreback the journalism teacher. This club will publish the school paper, the "Maraudian" next semester. Requirements for getting into the club are, one semester of journalism and at least a "C" average during that semester.

Now the club is earning money by selling blue and gold Marauder basketball pins. A constitution is being finished and will be presented to the Journalism club at the next meeting.

THE OVID-ELSIE Band is now in concert season. Their first concert will be held on Sunday,

Dec. 18, in the Elsie High School gym. Under the direction of Donald Thayer, the band participated in all home football games, the MSU Band Day and the Chesaning Band Day.

Some of the band members are planning to play in the solo and ensemble festival which will be

held sometime in February; the exact date and place is not yet known.

The band had a few difficult times during marching season but seemed to perform well in spite of them. The concert season for the Ovid-Elsie band promises to be a success

**Road Commission Weekly Report**

The Board of Clinton County Road Commissioners made decisions on new equipment last week. From bids taken in October the board awarded the contract for an asphalt distributor to Telford and Doan of Lansing, who bid a Littleford. The purchase of a motor grader was from Wolverine Tractor and Equipment Co. of Detroit and Grand Rapids who bid a Gafion Model 160. Total purchases of new equipment delivered in 1966 is \$84,935.40 with orders given for \$33,052.37 more that will probably be delivered after Jan. 1.

The commission held a special meeting Monday. Negotiations were resumed with representatives of Local 794 on the proposed contract for 1967. The group discussed shift and work classification and agreed on a new scale for regular night men.

RUSSELL LAWLER, commission labor attorney, then presented the Union with the proposals of commission for payraises and fringe benefits in the 1967 contract. They agreed to make a study of these proposals and bring back an answer at the next meeting. Thursday, Dec. 8 was set as the next meeting to be called at 10 a.m.

The next regular commission meeting will be held on Monday, Dec. 5.

Monday brought winter to Clinton County. High winds Sunday night brought down many trees across roads and crews were busy Sunday night and Monday removing them. Salt trucks were out early Monday and continued to spread throughout the day.

**SANTA HAS HIS HANDS FULL IN FIRST VISIT HERE**

Santa Claus (buried in the crowd at lower right) could barely turn around for a quick picture Friday night while passing out candy canes to hundreds of youngsters who swarmed around his train (provided by the 40 & 8) at the head of Clinton Avenue. It was nearly half an hour before all the youngsters had been served and were on their way home. Santa will be back in St. Johns each Saturday between now and Christmas to talk with youngsters at the Grand Trunk Depot.

for Christmas?

During the month of December, Mrs Lester (Beth) Dean, of our Southgate office will be making another of her beautiful feathered Christmas trees.

Mrs Dean will be making the tree at our Southgate office where it will be on display for all interested persons to see; Mrs Dean will also demonstrate and explain how she constructs these beautiful trees.

Stop in . . . see this tree being made. Mrs Dean will give you all the particulars, if you are interested, in making your own feathered tree for Christmas.

While you're there . . . be sure and register. Before Christmas someone from those who register will be presented with the feathered tree, Mrs Dean will be making at our Southgate office.

(At right; Mrs Lester (Beth) Dean is shown with the feathered tree that she made last year in her home, which was featured in the Clinton County News shortly before Christmas.)

**Citizens of the Third District:**

To all those who worked so hard to make my election possible, I extend sincerest thanks. Your loyalty, your efforts, and the warmth of your friendship will not be forgotten. To Congressman Todd, with whom I differ philosophically, I offer my congratulations for the way he conducted himself while representing the Third District. He should also be commended for the improved way he maintained contact with the people. I will endeavor to do as well. I am fully aware of the magnitude of the responsibilities you have given me. I am alert, too, to the duty I owe ALL the citizens of this District.

You have placed an obligation upon my shoulders and at the same time imposed a trust upon me. The obligation is welcome. The trust, I assure you, will be fulfilled.

We no longer have to read the Bible by the light of a single candle. We can shine a whole battery of floodlights upon God's Holy Book if we want to. But sometimes we tend to interpret our lives in terms of technical achievement only.

One night, while traveling, we stopped at a motel. In the stillness of the room, I heard my young son reading to his younger brother. I listened, surprised, for he was reading the motel's Bible. He stumbled over some of the words, but still there was a clarity to his meaning as he pronounced them. Passages, spoken in his childish voice, had a certain simplicity.

Children approach things directly, with open minds and hearts. In this fashion, my young sons were approaching the Bible. In this fashion, so should many of us return to it again. Bring the Bible back into your life. You will find a guiding light to help you in the church of your choice.

**What'd you expect us to put our Overhead Cam Six in?**

**An ordinary car?**

Our revolutionary 165-hp OHC 6 is so revolutionary we had to do something special with it. So we made it standard in all Tempests and LeMans. You see, it was inspired by those famous overhead cam engines in expensive European sports cars. With a few Pontiac refinements, of course. And with a power reserve for expressway passing you'd normally expect from a V-8.

We even offer a 215-hp version that makes a lot of big V-8s seem awfully extravagant. Which is why we say, with a six like this who needs an eight?

Incidentally, a four-way hazard warning flasher, backup lights, and GM's energy absorbing steering column are some of the safety features also standard in Tempests and LeMans. How can you resist seeing your Pontiac dealer today?

### CLINTON COUNTY SUPERVISORS' PROCEEDINGS

Monday, November 7, 1966  
The Clinton County Board of Supervisors met on this date at 10:00 A.M. Prayer was offered by Supervisor Carter, a pledge of Allegiance was given to the flag. Roll was called and a quorum reported. Minutes of the last session were read and approved.  
A letter of resignation from Roy C. Davis, as a member of the Clinton County Zoning Appeal Board, was read to the Board. A motion made by Supervisor Cressman and supported by Supervisor Buck, that the resignation be accepted, was voted and carried.  
Following a committee report, a motion was made by Supervisor Coletta and supported by Supervisor Angell, that this Board concur with action taken by the Salary and Clerk Hire Committee in the hiring of Gerald V. Wilcox of Lansing, Michigan, as a County Engineer, with a salary of \$12,500 per year. Motion carried.  
A motion was made by Supervisor Buck and supported by Supervisor Hufnagel, that the Department hereby created be known as the Clinton County Engineering Department. Motion carried.  
A motion was made by Supervisor Buck and supported by Supervisor Clark, that the Equipment Committee be given power to spend an amount up to \$200,000.00 for equipment to be used in the newly formed engineering department. Motion carried.  
A motion was made by Supervisor Tiedt and supported by Supervisor Carter, that the Chairman of the Board of Supervisors be authorized to sign a prior service agreement with the Retirement Board of the Michigan Municipal Employees Retirement System. Motion carried.  
At this time Representatives of the Ingham County Mental Health Board spoke to the Board of Supervisors.  
Harvey Darling, President of the Village of Ovid, came before the Board to request a letter from the County Board of Supervisors stating that plans of the Village for a sanitary sewer system meets with the approval of the Board of Supervisors and does not conflict with any County plans for furnishing such sewer system to residents of the Village of Ovid.  
A motion was made by Supervisor Cressman and supported by Supervisor Carter, that this Board concur with the foregoing request and that a letter be written to the Village of Ovid for that purpose. Motion carried.  
A Representative of the Village of Westphalia made a request for the same type of letter, after which a motion was made by Supervisor Shepard and supported by Supervisor Gove, that this Board concur with the request of the Village of Westphalia and that a similar letter be furnished to them as that furnished to the Village of Ovid. Motion carried.  
A motion was made by Supervisor Buck and supported by Supervisor Hufnagel, that reading of Supervisors expense accounts be dispensed with and they be paid as presented was voted and carried.  
The Chairman then declared a recess until 1:30 P.M.  
Following a presentation by Gerald Walter, Zoning Administrator, a motion was made by Supervisor Coletta and supported by Supervisor Austin, that this Board concur with action of the Clinton County Zoning Commission taken in session on October 13, 1966, and that approval be given for the operation and maintenance of a Medical Research Center for animals on the following described parcel of land: The NW1/4 of the NE1/4 of Sec. 16, except the S 15 acres, in the Township of Bath, Motion carried.  
Members of the Eagle Village Board, together with their attorney, Norman J. White, came before the Board to present a petition and resolution of the Village Board for the annexation of certain property to the Village of Eagle. After some discussion a motion was made by Supervisor Howand and supported by Supervisor Cressman that this Board approve the request to annex certain properties to the Village of Eagle.  
A motion was made by Supervisor Carter and supported by Supervisor Kriebel, that the vote on the foregoing motion be tabled until the December meeting. Motion carried.  
At this time Hadden Headley from the State Tax Commission spent considerable time explaining to the Board new regulations of the Tax Commission concerning the assessment of real and personal properties for the coming year.  
A motion was made by Supervisor Carter and supported by Supervisor Howe, that the Equalization Committee of the Board of Supervisors be given power to act in hiring of an Equalization Director. Motion carried.  
On motion made and supported the Board adjourned to Monday, December 5, 1966.

### JUDGMENT OF FORECLOSURE

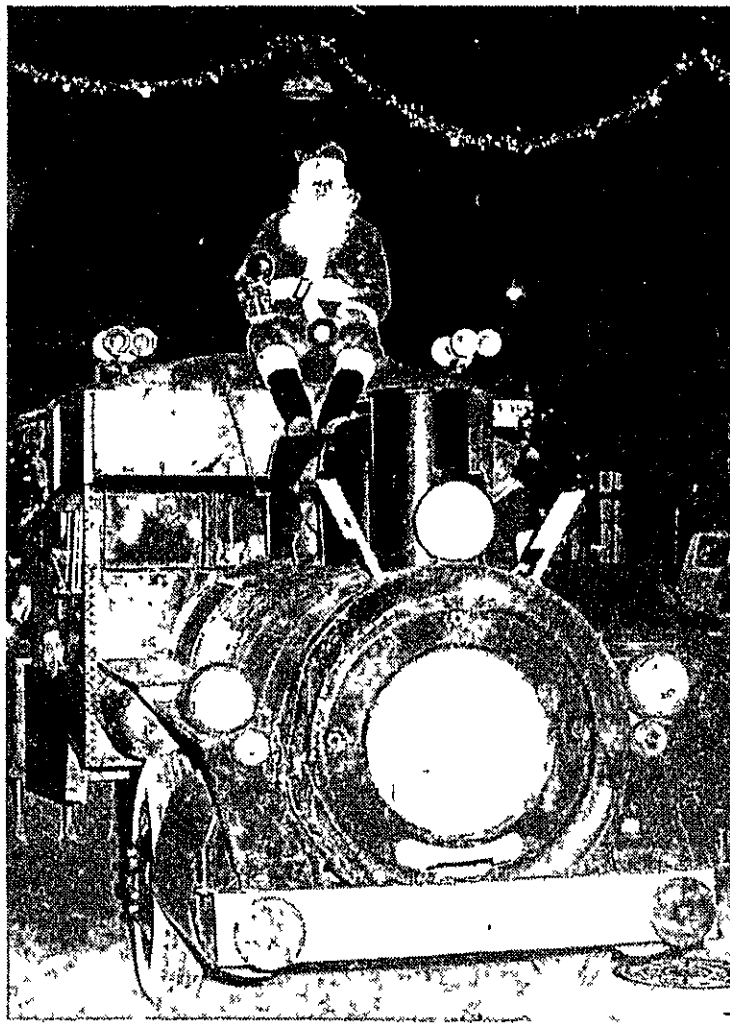

**STATE OF MICHIGAN—In the Circuit Court for the County of Clinton.**  
**DONALD H. ANDERSON and FAYE ANDERSON, His Wife, Plaintiffs,**  
vs.  
**ALBERT HOPPES and MARY HOPPES, His Wife, Defendants.**  
At a session of said Court, held at the Courthouse in the City of St. Johns, Michigan, on the 10th day of October, 1966.  
Present: Honorable Leo W. Corkin, Circuit Judge.  
This cause having been brought on to be heard on the Complaint, filed therein, and the proofs having been taken in open Court and after hearing the proofs as aforesaid and the arguments of counsel, on motion of Wilfred A. Dupuis, Attorney for the said Plaintiffs, It is Ordered and Adjudged, that this Court by virtue of the authority therein vested, Doth Order and Adjudge, that there is due to the Plaintiffs upon the mortgage mentioned and set forth in the Complaint, for principal and interest, the sum of Ten Thousand, Four Hundred and Fifty Dollars (\$10,450.00), and the said Defendants, Albert Hoppes and Mary Hoppes, his wife, are each personally liable to the said Plaintiffs, Donald H. Anderson and Faye Anderson, his wife, for the payment thereof, that the said Defendants pay, or cause to be paid, to the said Plaintiffs the said sum adjusted to be due to them, together with interest thereon at the rate of 6% per annum from and after the date of this Judgment, until paid in full, and the costs of this suit paid by said Plaintiffs, and an attorney's fee in the amount of Seventy-Five and no/100 Dollars (\$75.00), on or before June 15, 1967, together with the interest accruing from the date of this order to the date of payment, and in default thereof, that all and singular of the said premises described in the Complaint of this action, and hereinbefore set forth in such terms as may be sufficient to raise the amount as aforesaid adjudged to be due to the Plaintiffs, with the interest thereon and the costs in this case, and the costs and expenses of sale, and which may be sold separately without material injury to the parties interested, to be sold at public auction, to be held on the premises of the Sheriff for the County of Clinton, that the said sale be held in the County of Clinton, at 10:00 A.M. on December 15, 1966, that the said Sheriff give public notice of the time and place of such sale, according to the course and practice of this Court, and the statute in such case made and provided, and that the Plaintiff or any of the parties in this cause may become the purchaser; that the said Sheriff execute a deed to the purchasers of said premises, on the date of said sale; and that the said Sheriff thereon add and adjudge to be due as aforesaid, 6% per annum from the date of this judgment, or so much thereof as the amount realized from the sale of the premises aforesaid will pay the same; and that the said Sheriff file receipts for the amounts so paid, and file the same with a report of such sale and of his doings thereon; and that he bring the surplus money arising from said sale, if any there be, into this Court without delay, to abide the further order of this Court.  
And It is Further Ordered and Adjudged, that the purchase or purchasee of such sale, the Defendants, Albert Hoppes and Mary Hoppes, wife, be forever barred, and every part thereof, and all equity of redemption, and claim, and every part thereof, which shall not be paid prior to the time herein set on, be deemed from such sale.  
And It is Further Ordered and Adjudged, that the purchase or purchasee of the said premises, or the Register of Deeds of proof of the payment of taxes or insurance premiums, the said sums so paid shall be added to the amount herein determined to be due, all according to the statute in such case made and provided.  
And It is Further Ordered and Adjudged, that the purchase or purchasee of the said premises at such sale be let into possession of such portions of the said premises as have been so redeemed; and that any of the parties to this action who may be in possession of any part thereof, and any person who, since the commencement of this action, has taken possession of the same, or either of them, deliver possession thereof to such purchaser, on or before the date of the Sheriff for said premises, and a certified copy of the Order confirming the report of such sale, after such deed has become operative.  
And It is Further Ordered and Adjudged, that if the money arising from said sale shall be insufficient to pay the amount as aforesaid, the balance to be due to the Plaintiffs, with the interest thereon, and costs and expenses of the sale, as aforesaid, that the said Sheriff specify the amount of such deficiency in his report of said sale, and by virtue of this judgment, so far as the same can be ascertained, the mortgagee in this action, are situate in the County of Clinton, and are more particularly described as follows:  
All that part of the NE 1/4, Section 6, Twp. N and W of Lookingglass River, except 2.23 acres in the NW corner except 40 acres in NE corner and except commencement of 154 rods of the N 1/4 post of Section 6, thence East to the Lookingglass River as it flows in Section 6 and thence back into Section 6, to the North and South 1/4 line, Section 6, thence North along the 1/4 line

## ASCS community elections Dec. 6

Election of ASCS community and county committees will be held in December.

Community committees will be selected at election meetings Dec. 6 at 2 p.m. in each community. Notices of the election sites for each community were mailed Nov. 22 to each farm owner and operator in the county.

The elected chairman, vice chairman, and regular member of the community committees will serve as delegates to the ASCS county convention.

THE COUNTY convention will be held at 2 p.m. Thursday, Dec. 15, at Smith Hall in St. Johns and is open to the public.

This year one member will be elected for a three-year term. Two alternates will be elected for one-year terms. Two members of this year's ASCS county committee remain on the county committee due to the staggered terms put into effect last year. Both county and community committees will take office Jan. 1.

PROGRAMS administered by the committees include: Agricultural Conservation Program, Commodity Loans, Voluntary Wheat and Feed Grain Program, Sugar Act Program, National Wool Program, Farm Storage Facility Loans, Conservation Reserve, and Cropland Adjust-

ment Program. Other duties may be assigned to the committees by the secretary of agriculture as the need arises.

William M. Smith, office manager at the local ASCS office, urged all farm owners and operators to attend their community elections Dec. 6. Elections will be held in township halls with the exception of Bath and Essex. Bath will be held in the fire hall in Bath, and Essex will be held in the Maple Rapids Village Hall. All elections will be at 2 p.m.

Any farm owner or operator in a community who is eligible to participate in any one of the farm programs is eligible to vote.

### ASC PROGRAM

## 1967 Cropland Adjustment Program details told

Continuation of the Cropland Adjustment Program for 1967 with the dual objective of farm and nonfarm benefits through shifting cropland presently not needed for agricultural production into long-term conservation, recreational and open space uses is announced as follows:

The program for 1967 provides generally higher rates for putting land under the CAP. These rates reflect the improvement in commodity prices and apply to those crops for which surplus potential continues to exist.

THE GREENSPAN provisions of the program will continue to help state and local governments acquire cropland for nonfarm uses such as preservation of open spaces and natural beauty, wildlife habitat and recreation, and the prevention of air and water pollution.

The 1967 program is geared to the changed need for agricultural production. As a result, the program is aimed at those crops with surplus implications such as feed grains. The program will continue to emphasize the shift of land to public benefit uses which also conserve soil and water to meet future needs.

Even though about 30-35 million base acres can go back into production under the 1967 wheat and feed grain programs along with more than 2 million acres from expiring conservation reserve contracts, there is need to prevent over-expansion of acreage in many crops, including feed grains, to avoid returning to costly surplus buildups.

THE PROGRAM is expected to be of particular benefit to farmers who want to retire or take

jobs in industry, or from other reasons want to change their production pattern. The program provides means by which they can shift their land into new uses and at the same time apply needed conservation measures for long-time benefit to the land.

The program for 1967, which reflects the flexibility of the Food and Agriculture Act of 1965, offers contracts of five to 10 years. Participants will receive adjustment payments related to the value of crops normally produced on the land. They also will be eligible for conservation cost-sharing on land put under the program. More than 36,000 agreements covering 2 million acres of cropland were signed under the 1966 CAP.

IN ADDITION, where appropriate, those who agree to permit free public access for fishing, hunting, hiking, or trapping in accordance with State and Federal regulations, may get additional per-acre payments. Of the 2 million acres of land put under the program in 1966, about 500,000 acres are open without charge to the public for these uses under this public access feature of the program.

Farmers who participate will receive payments based on the past use and the productivity of the land. For land that would otherwise produce corn and grain sorghum, rates in Michigan will be 50 to 52 cents per bushel for corn and 40 cents per bushel for grain sorghum with varying rates for corn by counties within these ranges. The payment will be determined by the number of acres and the farm yield per acre. These rates compare to 1966 rates of 40 to 42 cents per bushel for corn and 32 cents per bushel for grain sorghum.

AFTER PLACING all of the acreage of corn and grain sorghum in the program, farmers may include other cropland. Rates for this cropland will average in Michigan \$7.40 per acre, compared to about \$5 per acre for the 1966 program. Wheat and barley acreage are included in this group instead of having individual rates as for 1966.

### Plan test of feed value of late-cut corn silage

Many farmers have wondered about the value of silage cut late in the season for feeding beef cattle.

By next spring they may have an answer. Michigan State University beef cattle researchers have started an extensive feeding project. Silage harvested at three different times, and cut both fine and medium, will be fed during the winter to cattle at MSU's Beef Cattle Research Center at East Lansing.

Dr. Hugh Henderson, Extension-Research animal husbandry scientist, will test silage harvested in mid-September, mid-October and mid-November. Part of each cutting will be fine-chopped and part of it medium-chopped.

Delay in cutting the silage means a reduction in quantity and also in the number of tons that can be packed in a silo. Late-cut silage has less moisture and, as a result, the silage does not pack in the silo. Field losses are also great for late-cut silage.

The research work is part of several experiments being carried out at the Beef Cattle Research Center during the winter feeding period.

W. M. SMITH  
County ASC Manager

All of the land taken out of production under the program will be put to conservation uses with cost-sharing provided for conservation practices. Wildlife plantings and conservation measures which preserve open space and enhance natural beauty will be emphasized. Other practices authorized for cost-share assistance fall within the general category of preventing erosion or air and water pollution, and measures to provide better outdoor recreation.

THE PROGRAM is again designed to protect local communities by limiting the amount of land that can be put under the program.

Agricultural Stabilization and Conservation county committees will administer the program. Details on how the program applies to an individual farm is available at our ASCS county office.

JAMES W. PRINCE

### Prince named to market council

J. W. Prince, president of the Wolverine Stock Yards Co. of St. Johns, will take office today (Thursday) for a one-year term as a member of the Livestock Market Council of the Certified Livestock Markets Assn.

Prince will attend the trade association assembly of that organization in Kansas City, Mo., Dec. 10 and 11. Officers, councilmen and directors will conduct the first business meeting on those dates.

The meeting of livestock marketmen will exert particular attention toward intensive development and expansion of competitive livestock market services; application of those services to produce fully stable price levels for all livestock bought and sold in such manner; and reflection of those values in an increasing consumer volume of beef, pork and lamb sales.

Over 825 trade and service-mark competitive livestock market businesses, each of which sells and merchandises livestock by auction, make up the trade association of certified livestock markets. Last year they sold more than 88 million head of livestock at values which exceeded \$7 billion.

Shady reputations are due to the casting of reflections.

## Dairy men show recovery

Michigan dairy farmers have started showing some recovery from the depressed prices for wholesale milk during 1964 and 1965.

L. H. (Hi) Brown, Michigan State University Extension agricultural economist, believes average prices in 1967 will be about 80 to 90 cents a hundred-weight higher than 1964.

Although total Michigan milk production continues to be lower than it was for the same month a year ago, fewer farmers are leaving the dairy enterprise. It is estimated that nearly 25 per cent of the state's dairymen either quit farming or changed major farm enterprises in the last three years.

BASED ON 116 identical dairy farms with MSU Tei Farm records in 1964 and 1965, Brown has projected the income and cost of operation of these farms for 1966 and 1967.

He estimated that while gross income may be up 23 per cent for these farms this year, the gross cost will increase about 13 per cent. The average of these 116 farms shows a gross income in 1966 of \$42,800 and a cost of \$41,600. The average size herd was

56 cows and the farm 265 acres. Brown estimates the hourly income of the operator for labor and management will reach \$2.16 an hour. "This is a great increase over the 81 cents an hour he actually earned in 1965," the agricultural economist explained.

THESE ESTIMATES apply only to the farms in the sample, and an estimate for all dairy farms in Michigan would be considerably below these, the agricultural economist indicated.

Brown says: "The operator's investment in his business in increasing and will continue to do so. Inflation in the prices for cows, land, feed, equipment and labor all enter into increased costs. Average investment of these 116 farmers was \$102,000 in 1964 and will reach \$125,000 by 1967."

# Bigger tractors replacing labor on state farms

Michigan farmers are meeting the farm labor shortage by using larger, more powerful tractors to cover more acreage each hour. Members of the Michigan Co-operative Extension Service find farmers using higher powered tractors to pull more plowshares, bigger disks and wider planting machines.

One Michigan county agricultural agent reports more than 80 new tractors, 90-horsepower or greater, in use this year in one small but highly efficient farming area in his county.

MICHIGAN WEATHER has something to do with this change. Farm scientists say the limited number of good farming days in spring and fall, when work is heaviest, makes it necessary to "get a lot done" when the time is right. Farmers owning big machines keep them going from dawn till dusk and often into the night.

If they do not have full-time employees to share the tractor driving time, they employ some former farmer who is working in a factory and willing to work some extra hours for additional income.

Farmers are also moving to-

ward tractors with more comfort, convenience, and ease of operation. That's because they feel this leads toward greater efficiency and less fatigue which researchers say often brings on accidents and personal injuries.

WHILE LARGE TRACTORS do not meet every farming situation, they are more extensively used in crop farming where corn, small grains, soybeans, beans, sugarbeets and potatoes are major crops.

The use of large tractors is another example where farmers are using bigger investments in equipment to replace labor which they find it hard to get, one agricultural scientist said.

# State FB board younger

The accent appears to be on youth within the state's largest farm organization, the Michigan Farm Bureau. Although without change in the line-up of its top officers, the average age of Farm Bureau leadership has dropped dramatically following recent elections.

In the annual re-organization session which each year follows the statewide Farm Bureau convention, Elton R. Smith, Kent County dairyman, was re-elected president for his third one-year term.

Dean Pridgeon, Branch County swine producer, was re-named vice-president, and David Morris, Grand Ledge cattleman, retained his position as "third member" of the executive committee.

ALSO RE-NAMED were Dan E. Reed, secretary - manager; William Wilkinson, assistant secretary, and Leon Monroe, treasurer. All three are of the Lansing area.

In naming four new members to the 16-member board, voting delegates placed obvious emphasis on youth. Seated for their first terms on the board were John Laurie, 26, Cass City; Raymond Launstein, 27, Williamston; Nicholas Smith, 32, Addison; and Richard Wieland, 39, Ellsworth.

Laurie and Smith join present board member, Robert Zeeb Bath, as present participants in the Kellogg Foundation leadership training program. The program is a three-year effort to involve potential farm leaders in a number of training experiences, including a visit abroad in their final year.

IN OTHER ACTION, the Farm Bureau board named voting delegates to represent Michigan at the forthcoming American Farm Bureau Federation convention in Las Vegas, Dec. 4-8. Delegates include: Elton Smith, Caledonia; Dean Pridgeon, Montgomery; David Morris, Grand Ledge; Kenneth Bull, Bailey; and Robert Zeeb, Bath.

A number of youthful contest winners have received all-expense trips to the Las Vegas meeting. Included is the new Michigan Farm Bureau "Queen," Mrs Charlotte Theummel, 24, Huron County; Myron Kokx, 17, Fremont winner of the "Discussion Meet" contest; and 17-year-old Patricia Miller, Byron Center, whose "moods from Mary Poppins" won the state "Talent Find" contest.

# County dairy income 4th highest in state

Clinton may be about the fourth highest dairy county in Michigan.

An analysis of the 1964 agricultural census figures by Michigan State University agricultural economist Dr Karl Wright gives Clinton a \$6.4 million annual income from dairying.

Sanilac was far ahead as the top dairy county with \$15.5 million income. Second was Huron County, which adjoins Sanilac to the north, with \$9.1 million, and Lapeer to the southwest was third with \$8.1 million.

Dr Wright reports that the top eight counties in the state produced 30 per cent of all milk income in 1964, and 25 counties accounted for 70 per cent of the milk production.

The others in the top eight were Ingham with \$6.3 million, extremely close to Clinton; Ionia with \$6.1 million; St. Clair with \$5.8 million; and Washtenaw with \$5.7 million.

Wright noted that the 1964 agricultural census figures have changed materially in the last two years. However, he said, the change probably has resulted in the dairy industry being more heavily concentrated in these counties than the 1964 report shows.

The other 17 counties in order were Allegan, Kent, Tuscola, Hillsdale, Shiawassee, Isabella, Ottawa, Livingston, Lenawee, Eaton, Montcalm, Jackson, Saginaw, Calhoun, Branch, Barry and Macomb.

# Maple Rapids

By MRS. WILBUR BANCROFT, Correspondent—Ph. 682-3553

At the regular meeting of the Maple Rapids Chapter No. 76, OES, Nov. 21, plans were made to observe the 75th anniversary Dec. 19. Members are to wear clothing or jewelry in keeping with the occasion. Refreshments will be a Dutch treat box social.

For the Christmas party every member is to bring a 75 cent gift to exchange. The following committees were appointed; examining-Hubert Fogleson, Doris Hicks and Lucille Paine; entertainment, Margaret Hicks, Winifred Walker, Mary Beth Upton and Vivian Wiseman; sunshine, Grace Upton and Winifred Stewart; publicity, Hazel Wright; inventory, Hazel Wright, Lucille Paine and Doris Hicks.

The four outstanding young women Jaycee project were Hazel Wright, Donald Kendall and Grace Upton.

Ed Carr Jr. bagged a deer the hard and rather expensive way. He hit it with the family car on the way home from bowling Thursday evening about two miles east of Maple Rapids. The deer was killed instantly, but no one in the car was injured. About \$100 damage was done to the car.

Rev and Mrs Rudy Wittenbach and son entertained their daughter, Mr and Mrs Robert Ulrich and daughters of Morenci and

# 1967 CAP rates increased

The 1967 Cropland Adjustment Program sign-up began on Nov. 14, 1966, announced Frank Light, Chairman of the Michigan ASC State Committee. Interested farmers should file requests at the county Agricultural Stabilization and Conservation Service office.

The Department of Agriculture's 1967 Cropland Adjustment Program is geared to the changed need for farm crops. It still seeks to divert agricultural land not needed for agricultural production and aims at surplus crops and those which could quickly become surplus. For Michigan, these are rice, corn, and grain sorghums, for which an over-expansion of acreage could again cause costly surplus build-ups.

LIGHT FURTHER explained that the 1967 Cropland Adjustment Program provides generally higher rates for putting land under agreement. These rates reflect an average for the State of Michigan of \$36.90 an acre for diverting corn from production, approximately \$8 higher than in 1966; an average of \$16 per acre for grain sorghums, \$4 higher than in 1966; and all other cropland acreage on the farm may be included in an agreement at an average rate of \$8, which is \$3 higher than in 1966.

The greenspan provisions of the program are still in effect they provide assistance to state and local governments to acquire cropland for non-farm uses, such as, preservation of open spaces and natural beauty, wildlife habitat, recreation and prevention of air and water pollution.

IN ADDITION TO the regular annual adjustment payments, producers may earn additional money by establishing wildlife food and habitat or establishing recreational facilities for general public use.

Agricultural Stabilization and Conservation county committees will administer the program. Details are now available for an individual farm in the local county ASCS office.

# Spitler wins high appraisers honor

The Society of Real Estate Appraisers' board of governors has awarded the Senior Residential Appraiser designation to LaRue G. Spitler, staff appraiser for Capitol Savings & Loan Assoc., Lansing, who lives at 712 Church Street, St. Johns.

Spitler is a member of the society's Lansing chapter and has had seven years of experience in appraising residential properties. He has appraised income properties in addition to single-family homes and has

been associated with his present organization for six years.

Attainment of the SRA membership designation requires extensive practical appraisal experience, ability, knowledge of the current real estate market and adherence to the society's code of ethics.

Only 3,700 appraisers of the society's membership of over 17,000 throughout the United States, Canada and Puerto Rico have qualified for this designation which carries the professional endorsement of the Society.

Kind acts are stepping stones to contentment and happiness.

Cure the disease; the cough will take care of itself

Four years ago this fall newspaper people attending the Illinois Press Assn. convention in Springfield had the opportunity to hear some frank and logical discussion about public aid from C. Virgil Martin, former head of the Illinois Public Aid Commission.

Public aid is the cough, not the disease, Martin said. He feels people should spend more time finding the cause of the need for public assistance and not so much time attacking public aid in itself.

Public aid is a local problem, and outsiders can't solve it. We on the local level should find out what the problem is and then set out to get rid of it.

The major problem as Martin sees it is automation. He says businesses which automate are not paying attention to those people it puts out of work.

Another problem is in many high school curriculums. Martin believes there is not enough emphasis on community vocational skills—those which students could use at home without college training. (This emphasis is slowly changing now, however.) He said that since colleges are becoming so crowded, there are going to be more and more high school graduates who will not be able to attend college. Unless these people are educated in some community vocation, Martin believes, the chances are

that many will eventually be on public assistance roles.

Until the number of people on public aid can be reduced, additional clerical help should be hired to reduce paper work, which Martin described as "fantastic." This will allow case workers to get out in the field.

We feel, like Martin, that public aid is indeed a "cough," and it is going to take a many-pronged effort by business, educators and just plain citizens to get rid of the disease. Cure the disease and the cough will take care of itself.

In thumbing through the Congressional Record the other day I came across a speech, made by a representative, to the members of the house.

The speech was titled, "Unwarranted Criticism." When one finished reading the article, all you could get out of it was that this representative didn't think it right for the people of the United States to criticize our President.

The article went on to say that the President was being criticized for some of the things congress did. Such as authorizing more money for some projects than the President had originally asked.

It is my understanding that the President of the United States can either sign or veto bills. If this is still the case, then the question is why did the President sign these appropriations if he thought they were too large.

As long as he approved the appropriations, which at times were for more than he had asked, then he must have thought it was all right. Thus, he alone can be criticized for them.

As long as he has the right to make the final decision on what bills and appropriations will be signed, then I believe that he is the man to criticize.

This is no different than a merchant in St. Johns, DeWitt, Fowler or anywhere else. The owner or manager has the final say about his place of business. If the service, commodity or anything else you purchase is not up to the standards you thought you paid for, then you will criticize. Your criticism will come either in the form of, telling the owner or manager about your criticism, or you will

refuse to patronize his establishment. This also is a form of criticism.

And, if he is an average merchant, he will be criticized more than he will be praised. Americans are like that. We all seem to be freer with our criticism than with our praise. Ask any merchant.

Be that as it may, criticism never really hurt anyone anyway. In fact, one can learn more from criticism than from praise. When one is praised, we tend to pass it off. When we are criticized, we usually think about it awhile. Even if it's only to decide if we deserved it.

But, Americans on the whole are becoming more and more allergic to criticism. Especially constructive criticism, if there is a difference in criticism. For in my opinion they are one in the same. Of course, I will rule out criticism that is motivated by hate, bigotry or malice.

I am not saying that we should criticize and not praise. Because, praise has its place and is very beneficial in many instances. But, I think that criticism has its place also and that we should not be adverse to it, or try to squelch it. (Like the Representative in his speech).

Criticism and praise are like two football teams. If one has the ball all the time, the game is uninteresting and meaningless. But, with equal opportunity with the ball, it can become a great game to watch.

Thus I believe that criticism has its place in our society. I know that over the years I have learned many things this way.

And, if you think I am trying to tell you something... you're probably right.

RAMBLIN' with Rink

By LOWELL G. RINKER

I got to thinking about my freshman beanle the other day. I don't know why; it was just one of those thoughts that pop into your head from time to time. I was watching a football game on TV at the time, I recall, and maybe I was remembering the games I witnessed at Bradley University.

My alma mater, at Peoria, Ill., has always had pretty fair football teams. Billy Stone, who used to play with the Chicago Bears, was head coach. He usually put together a team that gave Bradley fans something to cheer about, and such was especially the case my freshman year.

OVER THE COURSE of my thought processes the other day, I remembered our homecoming game in 1957 when we played Colorado State on the spur of the moment because our scheduled opponent team was almost entirely sidelined by Asian flu. Colorado State was a pretty good team that year, well-respected nationally. They happened to be in the Midwest so Bradley was able to schedule them. We beat them something like 20-14, but the outcome was never in doubt.

I remember the game extremely well, because I never should have been there. I myself had been bedridden most of that week with the Asian flu, but the thud and crunch of a football game on a crisp, clear fall day was too much. I went, which I shouldn't have, and the next day through half the next week I was down in bed with what was left of the flu and with a strong head and chest cold.

THOUGHT PROCESSES continuing, I recalled the pre-game activities that took place on the campus the day before the Bradley-Colorado State game. It included the burning of the beanles, during which time the freshmen marked the end of the initiation period by throwing their green beanles on a bonfire.

I was confined to my room with the flu, but I watched the activity taking place less than 100 yards the other side of my window. I'm glad I was inside instead of out, because I don't believe I could have thrown my beanle on the fire.

It was probably a typical

beanle—green felt-like material with a thin red brow and a red block "B". By the time that homecoming game rolled around it was rather beat up in appearance, having been stuffed in my back pocket whenever going into classroom buildings and being whisked out and worn when outside of buildings.

POLICING OF THE beanle policy was done by the Bradley B Club, made up of varsity letterwinners. Woe be to the frosh who was caught without his beanle on. The B Clubbers were almost always armed with a pressurized can of green lacquer or paint which they used to paint a bright green "B" on the head of the beanle-less. (From what I was told, the only way to get it out was to rub it out with butter!)

I was always pretty good about wearing my beanle, but there were times when I forgot. I would run from classroom to dormitory as fast as I could, looking inconspicuous as possible and as innocent as possible. One time I told a curious B-Clubber a little white lie ("I'm a sophomore") and he let it go at that, probably because he was alone.

THE ONLY TIME I was in serious trouble over the beanle was when I was a sophomore and a bunch of them cornered me, thinking I was a freshman. I did some pretty fancy talking, and finally somebody came along who knew me, and I was saved.

My beanle hung in my room all that freshman year and then was packed away with other freshman year mementos. I remember digging it out several years ago and giving it to my daughter, and it may still be in the bottom of her toybox. I wonder if...

Highway slaughter: time to put on the brakes—hard

Bugging auto companies won't stop slaughter on our highways; long-winded Congressional vote getting, likewise.

A new shoulder-strap safety belt won't help much either. It only keeps the body from being cut up too much—after the soul has departed.

For the past six months we've conducted our own survey on the roads, highways, and turnpikes. What we saw proves U. S. motorists will continue to commit suicide or homicide at an ever-increasing annual rate.

Here are a few things we observed: Drunken driving, oldsters with poor reflexes, youngsters with no manners or judgment, state police making their "quota" of fly-specking tickets, greedy justices of the peace, sleepy drivers, stupid drivers, good drivers trapped by circumstances beyond their control, lousy directional signs, peeping-tom state cops hiding in the weeds waiting for suckers who don't know their rights.

Also, people who signal right and then go left, drivers with their girl friends on their lap while they drive 55 mph, drivers going 25 mph in a 60 mph zone, slickers going through a village at 50 mph, country cops "catching" city suckers, and city cops, who had a bad day, making it up with hostility-directed arrests.

We also saw courteous policemen, excellent drivers, courteous drivers, proper signs, and well operated automobiles. These were pretty much in the minority. It may have been due to the tourist season when drivers are not used to regular or professional driving and road courtesy.

We want to get across to the United States Congress, state and city motor vehicle departments, that poor, reckless, drunken, sleepy, non-judgment, and stupid driving is raising our slaughter on the highways to all-time highs annually.

We could do with helpful and courteous state policemen, losing licenses for drunken driving, plus jail sentences, slow lanes on freeways and turnpikes, awards for good driving and courteous driving, state police graduate driving schools for refresher courses, annual or bi-annual reaction and health tests for all drivers, and stiffer tests for new drivers.

Most of all, we need national standards in our traffic laws. And we need a highly-paid, reasonable, and courteous motor vehicle force to back the whole thing up. Until then, all of us are sitting ducks for the highway slaughter.

Prediction from out of the past materializes

BY ELMER E. WHITE Michigan Press Assn.

Political predictions are often as deceiving and uncertain as weather forecasts, but occasionally even long-range projections written by journalists in the political field can be favorably reviewed.

One such example is a prediction made over a year ago when Gov. George Romney appointed Robert J. McIntosh, a former Congressman from Port Huron, to head the strategic State Department of Commerce.

Long-time captial observers noted this post, newly created through the reorganization of state government, was one which would allow McIntosh to do quite a bit of traveling on behalf of Romney personally as well as on official business.

POLITICALLY ASTUTE McIntosh could get the new department in good administrative shape by the time of the 1966 election, the pundits said, and then he would be free to resign, turning the department over to a trained assistant and directing his efforts at the governor's 1968 potential.

Having come back into state government as a trouble-shooter for Romney, McIntosh had quickly become one of the few really close confidantes of the Governor.

(With these observations and predictions set down in October 1965 when McIntosh was appointed to Commerce, it came as little surprise this year when McIntosh resigned from the department less than a month after Romney's sweep at the polls.

ROMNEY REMAINED coy about McIntosh, but the former congressman openly admitted he intended to direct his future efforts at boosting the governor as

a potential Republican presidential nominee in 1968.

Coyness on Romney's part came as no surprise. In each of his previous political steps, he has waited for what he considered the right moment to announce his intentions even if his announcement was what everyone else had been stating as fact for months.

With the prospect of a serious third party candidate, Alabama's ex-Gov. George Wallace, Republicans soon will be pinning down prospects such as Romney so the troops can be brought in line for the '68 battle.

DEMOCRATS announced their legislative program two years ago when they took majority control. The proposals were unveiled just days before Republican Gov. George Romney made his program known to the Legislature.

The two programs were very similar, both in general and specific terms. That they would be similar was known to the Democrats. Their early introduction was aimed at being able to take credit for accomplishing "their program."

This year the Democrats lost the majority, but one of the few remaining office-holders from the party has again jumped the gun on the governor.

NOT QUITE NEW, but with a few fresh proposals, the traffic safety program announced by Secretary of State James M. Hare contains many of the ideas pushed unsuccessfully in previous years by himself, the governor, the State Safety Commission and several other agencies.

Implied consent legislation in drunk driving cases, state-sponsored annual vehicle inspection, more leeway in applying the point

system in certain cases, periodic physical examinations for drivers, and generally stricter enforcement of laws against delinquent drivers were among the priorities on Hare's list.

Since there has been an implied threat against Michigan's federal highway funds if some substantial traffic safety legislation is not enacted, many of the segments of Hare's legislative program are sure to be included in Gov. Romney's "State of the State" address to the Legislature two months hence.

SURPRISE WAS EXPRESSED by some political observers that the 18-year-old vote referendum did not fare better with Michigan voters than it did.

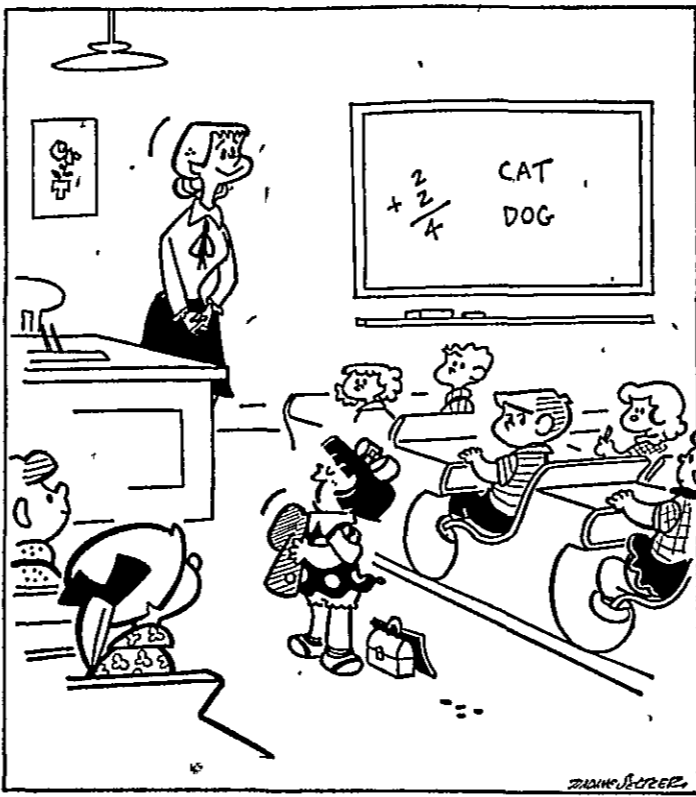

After all, they noted, the Republican governor was behind it, as were many leaders of the Democratic Party. And it sailed through both houses of the Legislature with almost no opposition on its way to the ballot test.

The key to defeat seemed to lie in two factors. Lowering the voting age by three years would be a rather radical move and Michigan voters, in the main, tend to be conservative in change.

A SECOND FACTOR, well known to the politicians who had to vote on it before it could be considered by the people, was that history tended to foreclose passage. Never in history has the franchise been granted to any group on the first request.

Why the overwhelming support from political leaders? It could do no harm to support a proposal they were quite sure would lose, but failure to endorse it could prove fatal if by some quirk it had passed.

Spruce gum had pleasant role in the unhurried era

HAYDN PEARSON

It may be over-simplification to assert contemporary cross currents are due to the decline of spruce gum. Time was, half a century ago, when a lad laid in a winter's supply come November.

A century ago the commercial spruce gum industry was important. Professional gum pickers went into the woods and harvested the crop. It was cooked, cut, and wrapped and sold in drug stores, four sticks for a nickel.

A farm boy, however, was not interested in the commercial product. He knew certain spruce trees in the woodland that were a dependable source. Foresighted youths went into the woods in spring and made cuts just below a branch. From these cuts the gum would ooze during the summer, and in the late autumn one could

harvest sizeable chunks of the amber-colored product.

One does not claim that he did not need a long stick or two of the red paper covered gum from the candy counter in the general store. But when finances were tight, resources went for jaw-breakers, hard-sugar candies or Gibraltars. Spruce gum did not require coin of the realm.

A moderate-sized wad helped pass the hours in district school when a lad was waiting his turn to come to the front of the room to recite the capitals of the states east of the Mississippi. It may be that teacher knew what was going on. But in the days when a teacher taught nine grades and was a sympathetic friend, she overlooked certain situations.

We do not know how many of

today's mature citizens found solace in spruce gum. But we believe the resinous secretion of the evergreens played a pleasant role in the era when men were satisfied to go through life at eight miles an hour behind a sleek Morgan roadster.

The "Low Down" From the Congressional Record By Joe Crump

Who needs an ombudsman?

Senator Edward V. Long (Mo) ... "The concept of ombudsman has started to interest many people across the nation ... I ask unanimous consent to insert ... in the Record ... the (condensed) article, WE NEED AN OMBUDSMAN, by Thomas E. Eichhorst."

What can you do if a bureaucrat irritates you, or delays too long, or requires too much red tape, or petulantly denies what you want?

This problem is of increasing importance as government agencies proliferate and their activities become even more encompassing. The answer, like many other reforms, is the result of the political experimentation in that great practical laboratory of social programs - Scandinavian government; it is the ombudsman.

THE OFFICE OF ombudsman, inaugurated in 1809, is but another part of Sweden's development of a bureaucracy bound by the rule of law.

The value of this office has become more widely known and the practice has now jumped half-a-world to New Zealand, where the ombudsman was recently appointed. At present, England, Australia, and several of the western provinces of Canada are considering setting up a similar program.

The ombudsman, which in Swedish means agent, is an official appointed, usually by the legislature, to see that the people are treated properly by their government. The ombudsman is not unlike the man who hears complaints in a large department store. He is the man who hears every grievance, no matter how fanciful or far-fetched. Indeed, he concerns himself with the pettifoggling complaints no one else in the impersonal government seems to bother about.

THE SUCCESS OF the program depends on the personality of the

man chosen for the office. To properly perform his duties, the ombudsman should combine an intimate knowledge of state government and the leading political and administrative personalities with profound belief in freedom and democracy; be shrewd, tolerant, good humored, and be imbued with a sense of value and the limits of his office, and be without vanity or self-importance. Every country which has established the office has been blessed with an able and very human administrator with a penchant for anonymity—just what the position requires.

If, as a result of his investigations, the ombudsman finds that the bureaucrat's actions were wrong, he can publicly or privately reprimand him. In other cases, the ombudsman might refuse to criticize a past decision of a government worker, but probably would suggest guidelines for future actions.

The threat of possible criticism by the ombudsman has had a desirable effect upon public officials and civil servants.

Having an agent for the citizenry, inside the bureaucracy itself, would have a salutary effect on all state workers—the merit system employee as well as the patronage jobholder.

A GRASSROOTS COMMENT The bureaucrats continue to multiply. Two new cabinet posts have been established: The Department of Housing and Urban Development, and the Department of Transportation.

The other departments continue to expand. For example: The Department of Agriculture now has over 75 divisions, service sections and corporations. They cover everything literally from soup to nuts.

Anyone who has had a hassle with the VA, FHA, Social Security or the Internal Revenue folk will appreciate how helpful it would be to have someone offering unbiased advice.

Ombudsman, welcome. —J. C.

MICHIGAN MINUTEMEN AMMUNITION FOR

Be a Michigan Minuteman. Take a minute to tell someone how mighty Michigan is as the nation's Water Wonderland: -It has 3,000 miles of shore on four of the five Great Lakes. -Its Great Lakes seacoast, served by the St. Lawrence Seaway, stretches out longer than the distance from the top of Maine to Florida's tip.

-IT HAS THE greatest supply of fresh water of any state.

-It has 11,037 inland lakes and 36,350 miles of streams.

-It has the world's busiest waterway, the Detroit River. Enough fresh water for every manufacturing plant in every city in America flows by Detroit each afternoon.

-Its famous locks at Sault Ste. Marie constitute the second busiest waterway in the world. More tonnage passes through these locks in an eight-month Great Lakes navigation season than through either Panama or the Suez Canal in a full year.

-It has no spot farther than 65 miles from the Great Lakes.

-It has no community more than six miles from an inland lake or stream.

Don't find fault—until you first find a workable remedy.
