ht s Sale

St. Johns Chamber of Commerce's Moonlight Madness Sale will have an unusual twist this year as the sale will get underway in bright daylight and conclude by the light of the moon. The annual sale is slated from noon until 9 p.m. on Wednesday, Oct. 11.

Firefighters needed

A training course for new firefighters will be initiated in the near future if the City of St. Johns receives four or five applications to become firefighters. Persons interested who live and work in the city should contact Fire Chief Clare Maier. Presently the force is down to 14 men.

No contract

The St. Johns Education Association (SJEA) met Monday night to look over their proposed teaching contract. However, the group failed to ratify the contract, opting for further clarification on the elementary planning time language. No vote was taken, but SJEA President Bill Barger said he expects a vote by Thursday, Sept. 28. The SJEA represents 180 teachers.

New column

A special column written by senior citizen Ruth Delo about senior citizen activities, concerns and upcoming events is featured on the editorial page of this week's Clinton County News. Ruth's column will be appearing from time to time and the staff of the County News welcomes her informative articles and hopes the Clinton community will enjoy reading them.

Big brush, little teeth

Bill Donahue, the Clinton County News general manager buys the first toothbrush from the St. Johns Exchange Club. Offering Donahue the toothbrushes are Milo Rowell, John Fitch, (holding the giant tooth brush) and John Rehmann. The toothbrush sale begins Sept. 29 and runs until Sept. 30. The

Exchange Club donates money to the Clinton County Fair, Boy's Club, sends a youth to Boy's State, sends handicapped children to the circus and sponsors a Christmas party for underprivileged youth. The members are asking a dollar donation. (Photo by Sue Kiley)

DeWitt farmer tries working with gasahol

By Sue Kiley
Staff Writer

DeWitt
Take a bushel of corn, ferment it and the by-product is alcohol. Mix the homemade alcohol with gasoline and it becomes gasahol, the newest kind of fuel used to operate a car.
To some it may sound crazy or even impossible, but DeWitt farmer Harold Lietzke sees it as a soon-to-be reality.

Lietzke has been working on the possibility of starting regional gasahol manufacturing plants in Michigan since last winter. However, he said it has been a pet theory of his for the past 20 years.
"I never thought I'd see it in my lifetime," the DeWitt resident said. "Now it is one of those topics which has come of age."
The researching farmer said he sees the production of gasahol throughout

the state as a way to use the area's own products, employ its people, and not have to rely on importing oil from Arab countries.

"The thing of it is, then they come back over to the United States and buy our farms," Lietzke said, referring to the middle Easterners.

The alcohol derivative can be made from anything containing sugar or starches such as Illinois corn, Idaho potatoes, Texas sorghum, Wisconsin whey, Nebraska wheat, Michigan sugar beets, Florida sugar cane, or Canadian artichokes.

A meeting is being planned for Oct. 4 in Lansing to discuss the possibilities of manufacturing the new fuel. It is hoped to establish three or four regional plants in the state. One of the places considered is the Breckenridge-St. Louis area.

"The plants are too complex to try to operate on a small scale basis," he explained. "You can't have little plants on little farms."

The actual plants aren't expected to employ a large number of people, but they will be giving the farmers a market for their crops and bring money back into the community. They will employ people for developing, constructing and operating the plants.

"I'm involved with this project," he said, "because I feel I owe it to my kids and grandchildren. I have an obligation to them."

Some of the major benefits of using gasahol to consumers according to a study done by the Illinois Department of Agriculture are: no carburetor adjustment; it is already marketed in 10 states; tests show cars using gasahol have six percent better mileage; there is less wear on the motor; and it is higher octane-rated fuel.

Benefits to the country are: burning gasahol cuts pollution by at least 30 percent; almost eliminates carbon monoxide; would reduce the trade deficit; could help stabilize the American dollar; would create 550,000 new jobs in America.

Farmers would benefit by being able to use farm commodity surplus; eliminating \$7 billion needed to pay farmers not to produce.

Lietzke says he feels Michigan is way

Bypass of St Johns recommended

Lansing
An alignment for a new US-27 Freeway from the Lansing area north to Ithaca by passing St. Johns to the east will be recommended to the State Highway Commission today, Sept. 27, by the Department of State Highways and Transportation.

The department will recommend a new alignment for the southern half of the 31-mile route and construction along the existing highway for the northern segment. It is basically the same as the route recommended last year by Wilbur Smith and Associates, an engineering consulting firm hired by the commission four years ago to study the area's transportation needs.

The department proposes:
—Construction of a four-lane freeway connecting US-127 freeway north of Lansing with existing US-27 freeway just south of Ithaca. The estimated cost, including engineering and right-of-way, is \$86.5 million.

An alignment approximately 1.2 miles east of US-27 from US-127 north to Kinley Road, north of St. Johns, and along the existing highway from that point north to the freeway at Ithaca.

In a summary of its study of alternative proposals, the department said:

"This recommendation is judged to be in the best overall public interest, taking into consideration both the need for fast, safe and efficient transportation and the trade-offs required between the competing values attached to the social, economic, environmental and transportation effects by the many interest groups."

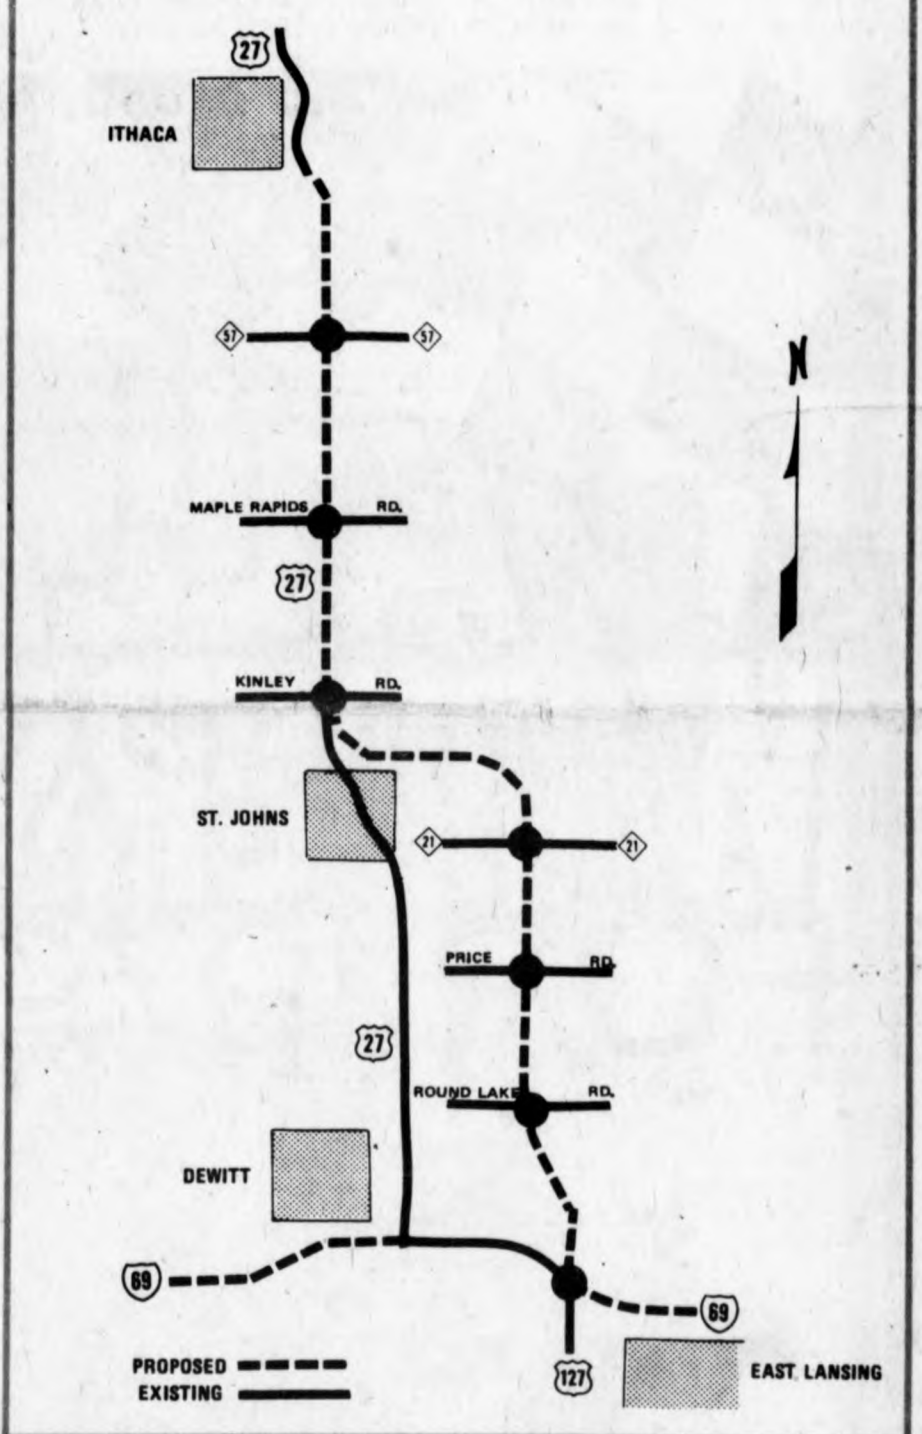

Construction along the existing highway south of St. Johns, the department said, would severely disrupt residential and commercial properties, much more so than in the area north of St. Johns.

Also, it said, the existing four-lane

highway south of the city would continue to be heavily used by local traffic, since the area is growing steadily. Planners also concluded that the initial savings in prime agricultural

Recommended route for US-27

New health code enlists comments

By Patrice Hornak
Editor

Clinton County
A new era of public health services is dawning in Michigan and the citizens throughout the state are being asked to voice their concerns and needs.

Under Part 23 of the State Public Health Code (PA 368) which was signed into law by Governor William Milliken July 25, a list of health concerns listed in their priority must be prepared statewide, with the assistance of health professionals, taxpayers and health department staff personnel.

The Mid-Michigan District Health Department (MMDHD) to which Clinton County belongs, will be holding an area meeting for health professionals Wednesday, Oct. 4, at 3 p.m. in the Clinton Intermediate School District Building on US-27. At 7:30 p.m., a similar meeting is slated for all county residents.

"We want to encourage the public to attend this meeting," says MMDHD Director Joseph S. Latoff. Health concerns could cover a myriad of topics including: toxic chemicals, sewage disposal, housing, immunizations, smoking, nutrition, availability of health services, mental illness, hearing, accidents and influenza.

"The new Public Health Code has

been under development for several years, and significantly improves the manner in which public health services are determined, organized and delivered. One of the most important improvements is the required inclusion of local community concerns as one factor in determining which services are to be provided," says Latoff.

After the local meetings, the MMDHD Board of Health will review the ideas brought forth and send its recommendations to the State Health Department.

The State Health Department will determine a uniform statewide set of minimum health services and then it will fund up to 50 percent of these programs. Currently it funds up to 20 or 30 percent of some services offered by the MMDHD, and for other services does not contribute anything.

The code dictates that the State Health Department reimburse local governing bodies for the basic services as well as any service that is unique at a 20 percent level in 1979, 30 percent in 1980, 40 percent in 1981 and 50 percent from 1982 on.

The State Health Department's decision on basic services is due Dec. 1. By March 30, the proposed statewide program will be submitted to the legislature to be included by fiscal year 1979-80.

Fill 'er up

equipment to the family car. The product is called gasahol and is being experimented with throughout the country. (Photo by Sue Kiley)

Elsie man dies after being hit by Grand Trunk train

Jerry Atkinson, 2251 W. Mead, and Don Pease, 801 E. State, display the antlers from a moose Atkinson shot while hunting in Alaska Sept. 16. The animal was killed near Paxton, weighed from 1,400 to 1,500 pounds and the antlers had a spread of 64 inches, one of the largest their hunting guide had seen in several years. (Photo by Tom Nowak)

Clinton County

A Grand Trunk train claimed the life of a 37-year-old Elsie man as he was walking down the tracks early last Wednesday morning.

Edward Hugh Hyde of 20349 Ferden Rd. was pronounced dead at the scene by the Medical examiner on Sept. 20 at 6 a.m. following the accident.

According to Clinton County Sheriff deputies' reports, Hyde was struck by the train at about 5:45 a.m. throwing him several feet west of the crossing and severing both his legs. The incident happened one-half mile north of Elsie on Hollister Road.

Assisting the Clinton County Sheriff's Department were both the Ovid and Elsie police departments.

The accident is still under investigation.

Two other serious accidents occurred in the county according to police reports.

Paul T. Barnes of 400 E. Higham St., St. Johns, lead two Clinton patrol cars and two St. Johns police vehicles on a chase east of St. Johns Sept. 24 at 9:23 p.m.

Barnes was westbound on M-21 as he was pursued by the patrol cars. A Clinton County deputy attempted to stop the auto, but Barnes continued down the road. He lost control of the vehicle, slid into a ditch on the north side of the highway backwards near Bauer Road.

The car flipped at least one time before finally coming to rest in a field. The 19-year-old driver was thrown from the car causing serious injuries. He was taken to Clinton Memorial Hospital by ambulance.

Barnes was cited for reckless driving and fleeing and eluding a police officer.

Gary L. Mudget, 29, of 609 N. Morton, Lot 28, St. Johns, was traveling at a high speed according to police reports and couldn't make the curve on Forest Hill Road near Walker Road. The car went out of control, into a ditch, and hit several small trees. The car rolled and struck several more trees. The vehicle went into the air from the northside of the road to the south and came down on its top. The driver was thrown from the car and flew 25 feet. Mudget was

seriously injured in the accident which occurred Sept. 9 at 9:23 p.m. and taken to Clinton Memorial Hospital.

The Sheriff's Department also handled three minor accidents.

Deputies investigated the following breaking and entering and larceny cases:

Walter Zier, 14500 Lowell reported 25 gallons of gas taken from his auto Sept. 2. Gerald Blanchard, 6869 W. Grand River Highway

reported two microphones and speakers taken from McNamara's Construction Co.

Virgil Yanz, reported the larceny of a camera, tools, and food items from his car while it was parked at 3680 W. Pratt Rd.

Gary Floate, 230 N. Ewer, Maple Rapids, reported the grill from his 1975 Chevrolet stolen.

The Royal Scot Bar on Grand River reported the theft of golf flag poles and

flags. Linda Kohagen reported tools and a tool box taken from 10542 E. 2nd St., Fowler.

Richard Armstrong, 2450 N. US-27 reported the theft of a radio, tape player, and dealer plate from Massey's Used Cars on Sept. 9.

Cassie Mack, 2300 W. Alward Rd., reported money and a desk drawer taken from her residence.

I-Squad cracks five more cases in county

Clinton County

Five persons were arrested by the Clinton County Investigative Squad during the past week for breaking and enterings as well as larcenies occurring in the county.

Dennis Braden of Detroit, was arrested and charged

with larceny by trick which happened at the Taste Freeze on S. US-27, St. Johns. The I-Squad was also assisted by the St. Johns Police Department.

Ronald L. Clark, 839 E. Oakland, Lansing, was arrested and charged with the breaking and entering of a residence sometime between July 8 and July 22 at the Glen Saxton home at 13590 Wacousta Rd. Over \$600 worth of old coins were

taken from the home. Robert Marvin Conway, Maple Rapids, was arrested and charged with car theft (UDAA). The arrest stems from the theft of a 1971 Ford Maverick located at 29520 US-27, DeWitt.

Two Lansing men, Louis C. Potts, and Gordon L. Preston, were arrested and charged for the breaking and entering of a Bath home on Aug. 31. Stereo equipment was taken.

\$100 taken in DeWitt Twp B&E

DeWitt Township police report the breaking and entering of the Douglas Huizer residence at 15819 N.E. St., Lansing Sept. 23 sometime between noon and 7:30 p.m. Taken was \$100 in cash and change. The incident is still under investigation.

There were three personal injury accidents which were listed as minor. Seven property damage accidents also happened in the township, two of those being hit and run.

Three juveniles were reported to have run away from home over the weekend.

Boy loses foot in freak accident

DeWitt A two-year-old DeWitt boy is in serious condition after he was severely injured by a riding lawn mower his father was driving Saturday afternoon, according to DeWitt City police officers. Samuel Russell was mowing his lawn at 315 W. Washington and turned to

look where another child was playing by the mower. At the same time, two-year-old Jerome Russell ran in front of the vehicle. His foot was caught under the mower and severed just above the ankle.

The youth was taken to Sparrow Hospital by ambulance where he is in the intensive care unit.

Named to family consultation center

Alma Ms. Byers-Blaksmith, former staff psychologist at the Clinton County Counseling Center in St. Johns since June of 1967, has joined the Family Consultation Center staff in Alma.

She is a graduate of the masters program in clinical psychology at Central

Michigan University and she joins Ellen VanDeMark and Ronald Fanslow at the Alma center.

The Family Consultation Center is a private outpatient clinic designed to provide a full range of psychological and educational services to residents of mid-Michigan communities.

Elsie sewer bonds approved

By Tom Nowak
Staff Writer

St. Johns
The Clinton County Board of Commissioners Tuesday gave its approval to a \$3.4 million sanitary sewer project for the village of Elsie.

Richard Hawks, chairman of the Department of Public Works committee, said the project will be paid for by a \$2.3 million grant from the Environmental Protection Agency and the state of Michigan and \$1.3 million in bonds.

The village also expects a \$195,000 grant from the Farmers Home Administration, which would reduce the amount to be bonded.

The FHA is going to buy the bonds at five percent over 40 years, he said, so the sale would not require the county to pledge its full faith and credit.

Hawks said the biggest

obstacle the project faces is to get approval of the bond sale from the Municipal Finance Commission before any of the tax-limitation proposals on the ballot go into effect, assuming one is passed.

He said the Headlee Amendment, if passed, might force a vote on the project. Hawks said that if such a vote did come up, he felt Elsie voters would approve it. But if the finance commission acted quickly, a vote would not be needed.

The sewer project began about two years ago, Hawks said, and preliminary steps were almost completed when a court law suit held up the funds. Elsie was left out of the picture then, but the project was given funding when more federal money was made available.

Since the project was originally proposed, Hawks said, the cost to the village has gone up from \$900,000 to

\$1.3 million. He said the increase was partly due to inflation and partly to the great number of sewer projects going on and the amount of money available.

The project, which will serve the entire village and 21 homes in Duplain Township near the village is expected to begin sometime this year, and be completed in 18 months.

Treatment of the sewage will be done in a lagoon system.

The board also held a public hearing on the allocation of \$384,000 in Federal Revenue Sharing Funds. Nobody was there to suggest how the money should be spent, however.

Thomas Woodruff, Bath Township supervisor, did say that he believed the money should go toward county roads.

More discussion on the allocation of the money will be held at the Oct. 10

meeting, along with budget for the next fiscal year.

Concert slated at Free Methodist

St. Johns

The Free Methodist Church invites area residents to share in a concert with Bob and Becky on Sunday, Oct. 1, at 6 p.m.

A performance by Bob and Becky will feature the fresh sounds of Honeytree, Bill Gaither, Ralph Carmichael, Andrae Crouch and others.

Bob and Becky have been sharing their faith in Jesus Christ through gospel music since they met while traveling with the YFC Spurriows.

Born and raised in Michigan, Bob graduated from MSU, where he currently serves as director of

payrolls. Becky, a Wisconsin native, attended Taylor University and received her degree from Michigan State University. She is devoting her time to writing and arranging music, after teaching music for several years in the Lansing area.

Bob and Becky have led a number of Christian musical groups and presently are active in the music program of their home church as senior and teen choir directors.

The Free Methodist Church is located at 305 Church St. in St. Johns.

New face at O-E

Jan Amsterburg has been appointed the new director of Adult and Community Education at Ovid-Elsie High School for the 1978-79 school year. The new director graduated from Michigan State University with a degree in English. He was also the case worker for the Big Brother and Big Sister program in St. Johns. He and his wife Carol live in St. Johns and have a two year-old daughter, Andrea. Shown with Amsterburg are two O-E students, Phillis Ackels, and Cathey Batora. The new director is planning to set up some new and different enrichment classes like radio, cooking, photography, and belly and disco dancing. (Photo by Sue Kiley)

SJ orders new police, fire radio equipment

By Patrice Hornak
Editor

St. Johns

New radio equipment for the St. Johns Fire and Police Departments will be on the way after city commissioners voted to purchase \$8,000 worth of base stations, consoles and antennas.

The decision came at Monday night's commission meeting, despite reservations by Commissioners Donald Roesner and John Hannah who felt the St. Johns governing body should wait until the November election to see how the city will be effected by the Tisch or Headlee Amendments.

The motion by Commissioner Richard Starck to purchase the much-needed fire department radio equipment and the not-so-urgent police department equipment was approved on a 3-2 vote. Starck said inflation would raise the cost of the equipment and approval now would save money in the long run.

The equipment is listed in this year's city budget. Present equipment will be utilized in other capacities.

Also at Monday night's meeting, Commissioners approved two requests to install metered parking on two St. Johns downtown streets. A request from the St. Johns Credit Union to make six non-metered parking spaces into seven parking spots on private property was shot down but the city agreed to put up meters on the six parking spaces located at the corner of spring street and M-21 to facilitate credit union customers.

The credit union will be moving to the former Farmers Mutual Insurance building next month.

Fifteen-minute parking restrictions will be placed on three parking spaces at the corner of Walker and Spring Streets, just north of Central National Bank, following a request from the bank. The city also voted to make the south side of Walker Street

down to Dr. Grost's office designated for two-hour parking.

An agreement with Fedewa Enterprise which had filed a lawsuit against the city in May of 1977 was reached. Fedewa Enterprises wants to build an additional 50 units onto the senior citizen housing in north St. Johns, but will be required to meet requirements for the storm drain clean-up. The rezoning of this property for the 50 units was guaranteed, however the project has to go through the Planning Commission.

Also, at Monday's meeting, crossing guards from the city appeared before the commission and asked for a raise. They receive \$100 a month, the same wage which was offered 14 years ago when crossing guards were instituted in St. Johns. A recommendation will be made at the next commission meeting.

Marvin Schroeder joins St Johns dental practice

St. Johns

Dr. Marvin Schroeder, a native of California and a recent resident of Wisconsin, has joined Dr. Junius Johnson in his dental practice.

Dr. Schroeder, 39 years of age, is a 1964 graduate of the Loma Linda University dental school in California. He and his wife, Willmana have seven children ranging in age from five to 21 years of age. Currently they are living in a St. Johns apartment and hope to find a home in the near future.

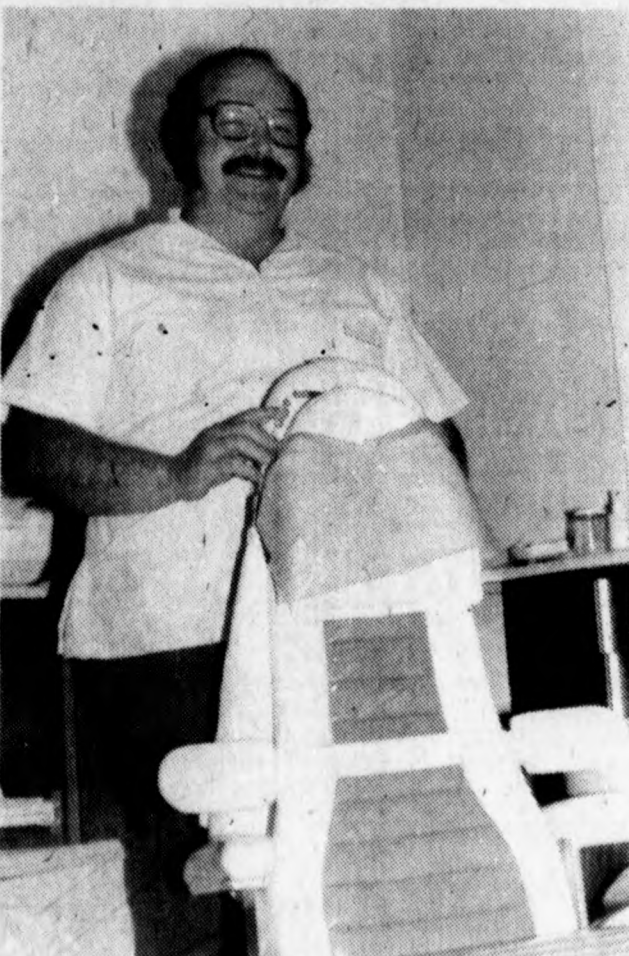

Dr. Schroeder became acquainted with Dr. Johnson at a dental meeting at Hinsdale Hospital in Chicago.

Besides dentistry, Dr. Schroeder enjoys playing the trombone, camping, backpacking and fishing.

Health clinic set

The DeWitt Community Public Health Clinic will be held at the South DeWitt Church of Christ, 2931 Herbi-son Rd., DeWitt Thursday Sept. 28.

Immunizations are from 4-6 p.m. and blood pressure screening from 7-8 p.m.

Dr. Marvin Schroeder joined Dr. Junius Johnson's practice at 107 Spring St., St. Johns about two weeks ago. A California native, he says he is "glad to be here." (Photo by Patrice Hornak)

Win up to \$10,000 instantly!
First Grand Prize:
\$500,000 in one lump sum.

It's the new instant game from the Michigan Lottery. Just rub the spots on the ticket. Pairs, three or four of a kind, full houses and straights win. You could win up to \$10,000 instantly or qualify for the Grand Drawing where someone will win \$500,000 in one lump sum. All two's (deuces) are wild, so you can use them any way you want. Play today.

You'll go wild over it!

MICHIGAN LOTTERY

Editorial Page

Koenigsknecht is easy to spell; try Laurie

It's getting to the point where first names are more difficult to spell than last names. I would rather tackle a Koenigsknecht anyway than a Laurie, a Sherry or a Debby.

Do you know there are probably a half-dozen ways to spell Laurie: Lauri, Lori, Lorry, Laury, Laurie and Lorie. Everyone wants to spell his name differently, but for those who make their livelihood trying to spell names accurately, the attempt to separate the unique from the mundane is causing quite a problem.

And, a word also should be said for those who have such unconventional names as Farrah (very hot name for the past two TV seasons), Micoie, Whitney, Courtney, Raenee and Kara.

It's always interesting to read the "New Arrivals" column to see what parents have named their newborns. Sue Kiley is in charge of assembling this information and every once in a while she will chuckle and say, "You'll never believe this one."

Occasionally she will get a birth announcement with several names scratched out. You can tell the parents couldn't decide how to spell the child's name. Should it be Rebeccah, Rebecca or Rebeckah? They can't take the baby home until it has a name, so a decision

ultimately had to be made. Now, I can't blame parents for coming up with unusual names, especially in the case of the feminine gender. After all, how many times have I been told, "You have an unusual name." People who live in glass houses can't throw stones. But, sometimes I wonder at the sanity of some parents.

For instance, while looking through a ballet program I was amazed at the many unusual first names of the young dancers. Then I happened across a gem: Charmen Whipple. Who would ever do that to their child? Some protective parent will surely get their jollies when their daughter grows up and he can say, "Please! Don't squeeze the Charmen," in true Mr. Whipple style.

WJR radio out of Detroit has their annual Hortense Waffle Day—a day honoring all those people with unusual names. It's always fun to catch J.P. McCarthy's program highlighting the zaniest names. Have you ever met Hog?

That is downright mean and cruel to name a child in that manner. Someone must be getting a big chuckle out of it, though. Hopefully, Ima will marry Sam Angel at age four.

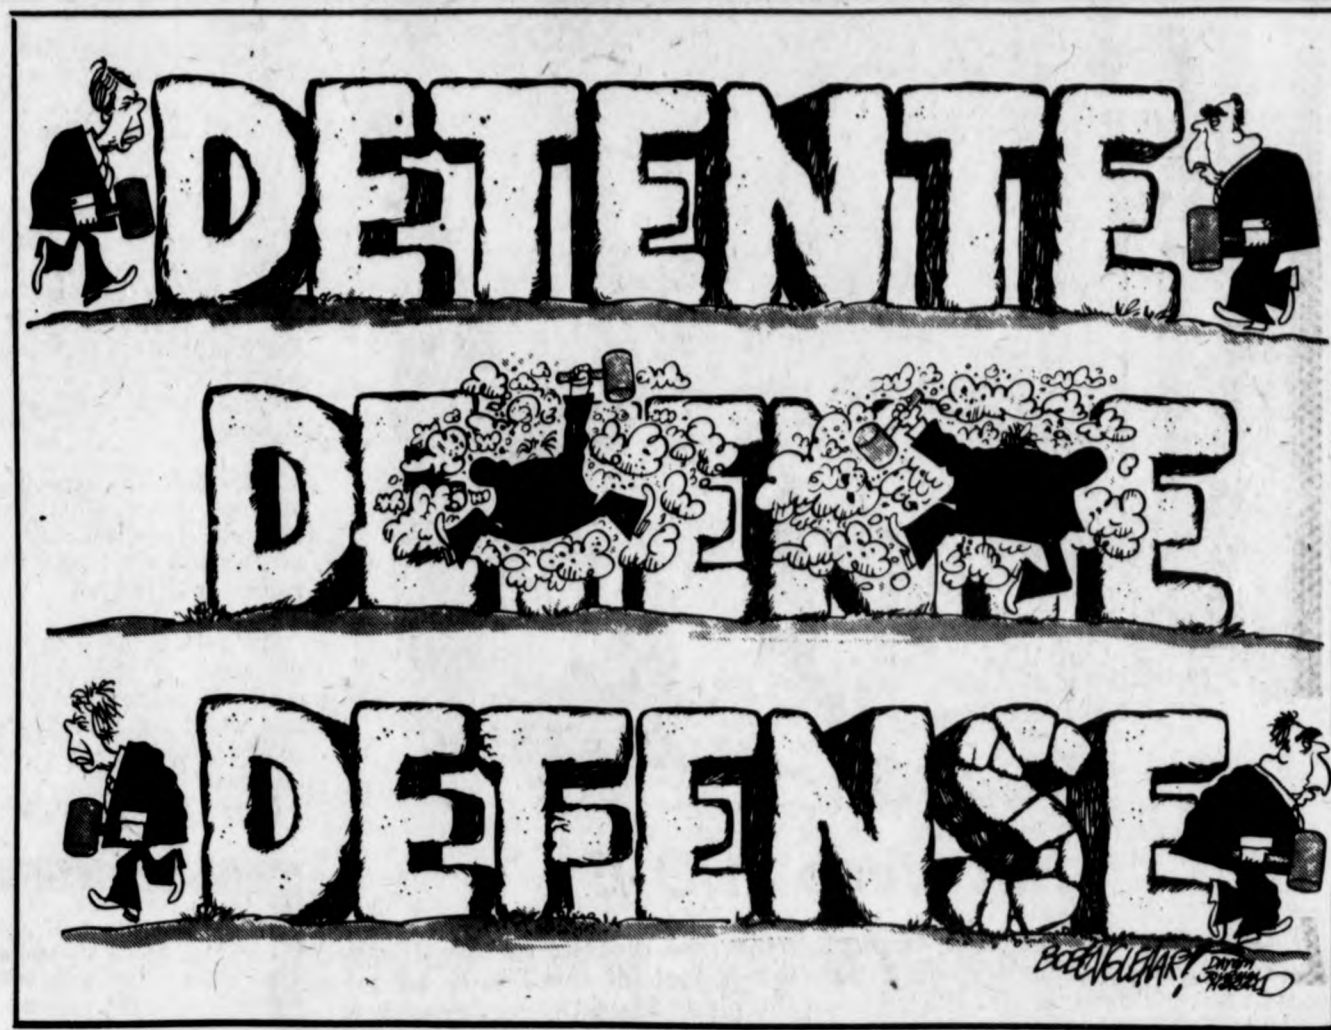

About a year ago, a man wanted to change his name to a number. I forget

By Patrice Hornak

the number, but it was something like 24 or something. The courts told him no go. Individuality has met its limit.

So much for first names. We all have one. We can't do without one. Some people would like to, however.

NEW COLUMN

Senior citizen update

By Ruth Delo

I will try to make this column one that will be of interest to you seniors. I have never tried to do anything like this before so I hope you will help me as much as you can.

I am a senior citizen and at present I am working in the Senior Citizen office on a part-time basis. I live in the Village Square Senior Citizen Housing on the

north end of St. Johns. I am a member of the United Methodist Church on M-21 in St. Johns and a Red Cross Volunteer at Clinton Memorial Hospital.

Last year I organized a Senior Citizen Bowling League here in St. Johns. There was a very good turnout, and they seemed to enjoy it. Many had never bowled before and learned how to bowl even if they were in their 70's and 80's. Many enjoyed it so much they are now anxious bowlers.

I am only telling you this to emphasize the fact that I am really interested in Seniors and what is happening to them. They are a great concern of mine.

I am going to try to make this column an informative one on many topics. If you have any thoughts or ideas that would help me I would very much appreciate them. Comments either good or bad are very welcome. So, until next time...

★ Gasahol (Continued from page 1A)

behind other states, not only in the manufacturing of gasahol but also in studying its possibilities or alternatives. He said states like Nebraska and Illinois are farther along in their research and development. Both states are producing and using gasahol.

There is going to be a definite need for some other fuel source after 1980 when leaded gasoline will be banned. In a recent issue of Business Week it said one gasoline substitute (MMT) has already been banned from the markets because it was proven to be ineffective and dangerous. Lietzke admitted alcohol could possibly be banned after Oct. 19, 1979.

"I really feel we need to use alcohol," he said. "We have the excess grain and we have the technology." He added the product had already passed the two

million-mile test in Nebraska with no problems.

Lietzke brought some of the alcohol mixture back from Illinois and is mixing it with gasoline for use in his vehicles.

"We've used it ourselves and you can really tell the difference," he said. "The engine in one of the cars has stopped dieseling... there is no question it will work."

He said farmers would probably grow two types of crops, one for feed and one for the making of alcohol which would be sold at a lower price. He also said about two and a half gallons of alcohol can be made from one bushel of corn.

The State of Illinois broke the figures down like this: 240 million bushels of corn has a current alcohol value in excess of \$800 million. Wheat holdings

of 11 million bushels equals 27 million gallons of alcohol with a current value of \$86 million.

According to Lietzke using gasahol is the best source of solar energy. He added no solar energy would be viable until the year 2,000 except alcohol.

"There is only so much coal, oil and gas, but the food products will always be renewable with proper management of farms," he said.

Presently there is a tax credit option pending in conjunction with an energy bill on the federal level. "That's what I feel Economic Development funds should be used for," he said.

In conclusion he commented, "There are leaders, followers and those people who are in between... all I know is we aren't going to get anywhere just sitting around talking."

★ Bypass (Continued from page 1A)

land realized by utilizing the existing highway would be reduced and possibly eliminated if, as is probable, displaced businesses and residents relocated within the project area.

In the area north of St. Johns, the department said the availability of two lanes of existing US-27 as a service road, together with the new freeway, would provide adequate highway service for projected volumes of both local and through traffic.

Planners said the impact on the natural environment would be less on the existing highway than with construction along a new alignment. Using of the existing highway would salvage prime agricultural land initially, they said, but relocation of displaced property owners would later reduce and possibly eliminate any savings.

The department proposes to build interchanges at Round Lake, Price and Maple Rapids roads, M-21 and M-57 and

existing US-27 north of St. Johns at Kinley Road.

Grade separations would be built at Clark, Howe, Chadwick, Alward, Green, Center Line, Taft, Townsend, Walker, Scott French, Livingston, Mead, Wilson, Roosevelt, Grant, Johnson, Buchanan and Pierce Roads.

There would be no crossings at Herbison, Wood, Parks, Wildcat, Steel, Williams, Marshall, Hyde, Gratiot, Ranger, Garfield, Hayes, Roggy and

Bagley Roads.

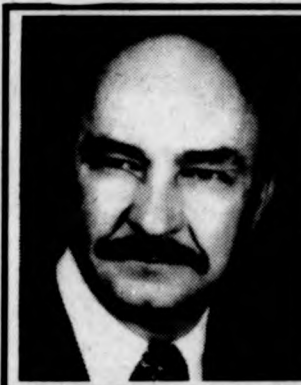

The Department also recommended the commission approve continuing a program of safety improvements to existing US-27 between DeWitt and St. Johns.

Democratic ties loosening

By Richard L. Milliman

If you keep your ear to the ground - which admittedly is a difficult posture from which to keep your eyes on things - you might detect an ever-so-slight shifting in party loyalties in the United States. The ranks of Independent voters seem to be growing.

If this is true, then the political fabric of the country may well be in for some major alterations.

Many political observers, including this one, have felt that something was going on, but had nothing more tangible than hunch to cite. Now comes a recent poll by the Louis Harris survey (conducted nationally for Gannett News Service) that seems to provide some basis for the political shift theory.

Harris recently reported that only 43 percent of Americans now view themselves as Democrats, compared with 50 percent who saw themselves as Democrats only two years ago. In 1978, Harris reported, 51 percent of Americans view themselves as either Republicans or Independents, while on the eve of the 1976 presidential election, Democrats outnumbered Republicans and Independents combined by a 50-46 margin.

"These are not massive shifts," Harris noted, "but they are significant because they indicate that under President Carter, Democratic Party fortunes and loyalties appear to be eroding.

"Voters seem to be less party-oriented than ever before. This decline in party loyalties hurts the Democrats more than the Republicans, since the Democrats have enjoyed a better than 2 to 1 edge in party affiliation in modern times."

Still, even if Harris is right, if you lined up all the Republicans on one side, and all the Democrats on the other, the Democrats would win every time - without taking into account the decisions of the Independents.

But, if Harris is right, it also means that Republicans, by attracting most of the Independents, stand a good chance of winning.

That may be why many Republicans these days seem to be trying to broaden their base beyond the usual Republican voters to attract Independents and even some loosely-tied Democrats. Their pitch irks many down-line Republicans, but it is necessary in many cases to win.

The same softening of hard-core party-line is apparent

in some Democratic circles, too, much to the annoyance of old-line, hard-core Democratic loyalists; again, the reason comes from the roots of the Harris poll: In more and more cases, Democrats need the votes of Independents to win.

Of course, these shifts are not true in every voting district. In fact, with apportionment being what it is, Democrats enjoy an overwhelming majority in the Congress, in the Michigan Legislature, and in some other bodies despite the closeness of overall political loyalties.

Harris' conclusions about Democratic slippage in certain categories are mighty interesting, too. He reports these findings, for example:

- Among blacks, Democratic affiliation has slipped in two years from 80 percent to 66 percent, while Republican affiliation has not budged from the 8 percent level of 1976, and the number of blacks who see themselves as political Independents has doubled from 9 to 18 percent. Obviously, Democrats cannot take this voting bloc for granted any more.

- Among union members, a similar fall-off was noted, from 58 percent Democratic affiliation in 1976 to 49 percent in 1978, while Independents rose from 20 to 30 percent. Again, Republicans have a fighting chance for union votes.

- Among women, Democratic affiliation dropped from 51 to 42 percent, Republican ties stayed at 25 percent, and the number of Independents rose from 21 to 26 percent.

- In the South, the Democrats slipped from 62 to 52 percent, Republicans rose from 12 to 17 percent, and Independents rose from 19 to 25 percent. Harris calls this trend "surprising" in view of the presence in the White House of a President from the Deep South.

"What is happening," Harris summarizes of the Democratic slippage, "is that the general decline in party loyalties that cut back the Republican party base to 18 percent in 1974 is seriously eroding Democratic strength."

The political coalition put together back in the Franklin Roosevelt days - combining union members, the South, blacks and other minorities - has made the Democratic party practically unchallenged on the national level. It appears this coalition could be coming apart for a major national realignment.

LETTERS TO THE EDITOR

CRW says thanks

On behalf of all the members of Tri-County Community Radio Watch, Clinton Division, we would like to say thanks to Mrs. John Rumbaugh and the Clinton County Historical Society for letting us share in their festival of 1978. Thanks to all the merchants in the Clinton County area who gave in donations to help out our hourly drawings, news media of the Clinton County News for their coverage and to all the fine people who helped to support

us in this CB Festival.

Thanks to Sheriff Hufnagel for letting us put him in our make believe jail and working with us. Without all you people our goal of putting CB radios in the Sheriff Dept. autos so that they can

work directly with us on the Emergency Channel 9 of the CB would not have been realized.

Jerry & Sharon Reha

St. Johns Education Association

PERSONALITY PROFILE

Ask Larry, he knows about country's events

By Sue Kiley
Staff Writer

Essex Center

Larry Warnke can tell you how the crops are doing in Dodge City, what the weather is like in Little Rock, Ark., and who's the latest hit on Broadway in New York City and he's never been to any of those places. How does he know what's going on around the country without actually being there... via daily newspapers.

However, it's not just one newspaper, but several during the course of a year. Warnke strategically subscribes to newspapers across the country according to what special event is happening in that particular area. He sends \$6 to a newspaper somewhere in the country and tells them to send a paper until the money runs out.

"I got interested in collecting newspapers while I was in the service," Warnke said. "I saw them getting papers and found out how other people lived, how their local governments were run, and how people spent their leisure time."

He said he and his family do not watch the "idiot box" much but instead spend a major portion of their time reading the papers after dinner. The Warnke family, including eight children, has been scanning various papers for the past two and a half years.

Two weeks before one paper is scheduled to run out, he sends in his \$6 to another paper so there is always one in the mailbox waiting to be read.

Warnke has been able to keep up with such cases as the "Wilmington 10 in North Carolina. When the story about Carol Ann Fugate came out, the Warnkes got the news first through a paper in Indianapolis before it even hit the radio stations here.

The Los Angeles Times more than paid for itself in one issue alone. The family clipped at least \$6.50 worth of store coupons for everything from corn flakes to coffee. "We got our money's worth there," he commented.

Each person in the family has his own special section of the paper he likes to read. For the kids, it is the funnies; dad

and the boys like the sports; and everyone finds something to hold his interest. A lot of what the Warnkes read is trivia, and they also make assessments of a certain areas just by what they see in the papers.

They have found Tulsa, Okla. has the lowest unemployment rate in the country, namely 2.3 percent. They even picked up the fact there are a lot of Catholics in Scranton, Pa. by reading the obituaries.

The family finds reading different newspapers is a good source of education, with many subjects to choose from. Larry has the papers he wants picked out until the year 2021. "It actually makes you feel like you are part of the town even though you've never been there," Warnke commented. "I can see trends in taxes, droughts happening to farmers and industries moving from place to place."

In addition to his newspaper collection, the part-time farmer also collects county road maps. Every day he sends out a 10 cent postcard asking for a county road map. However, he never offers to pay for them.

"Sometimes they send them and sometimes they don't," he commented. "It's their option."

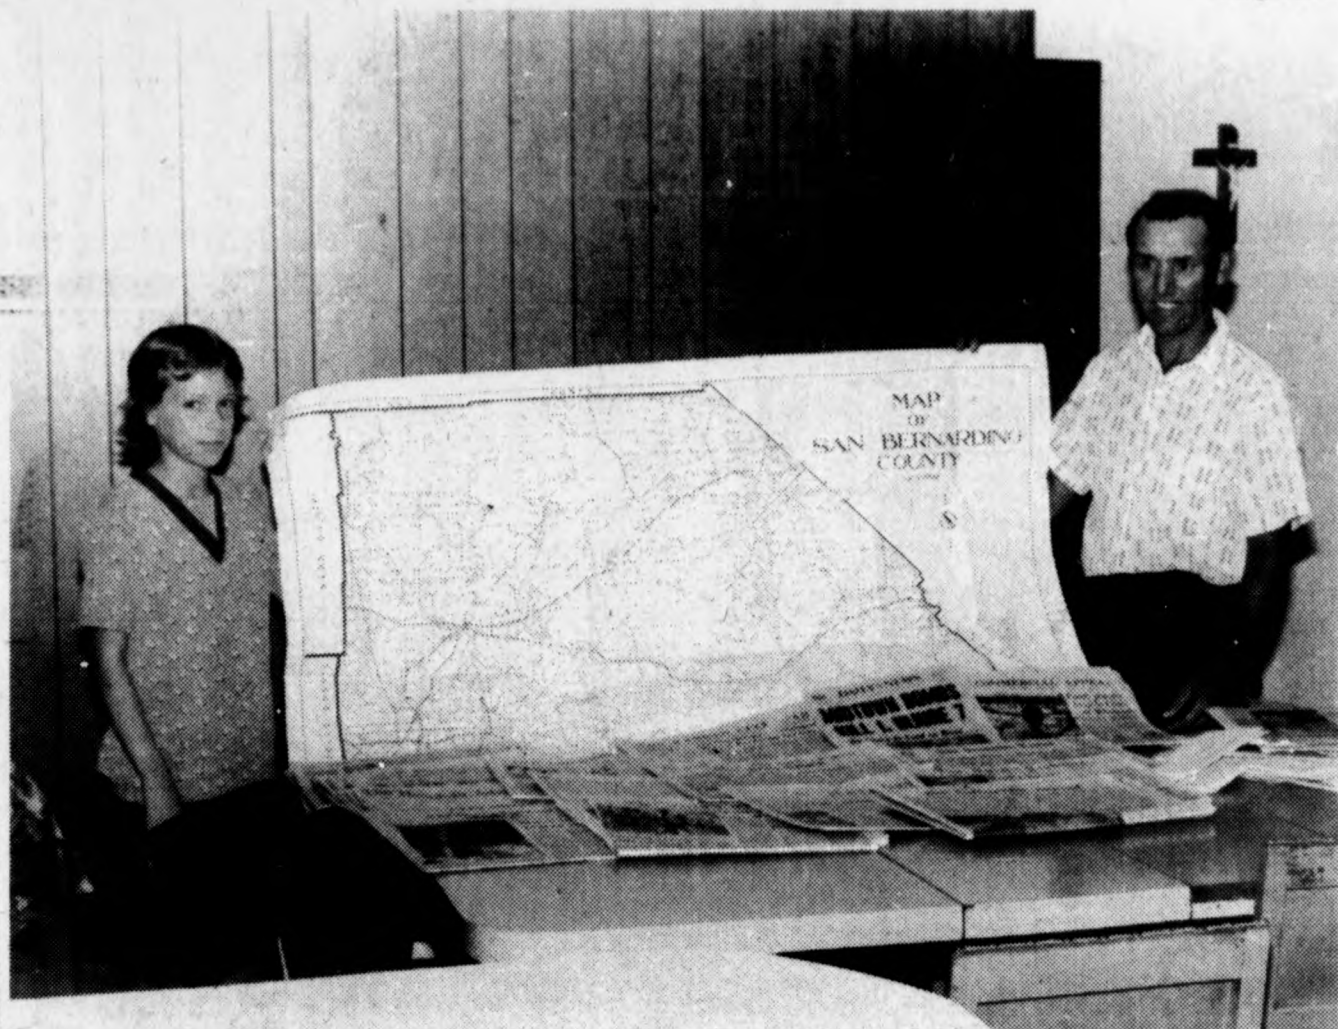

So far he has over 1,000 maps with 400 counties connecting each other. He has all of Michigan's 83 county road maps. The Warnkes also take the road maps when they travel. If they want to take a back road to avoid traffic or are faced with a detour they know what road to take. He also noted each map is different from the size to the color to what the map has to offer.

Even if there is no name on the papers he receives from different areas, he still receives them in the mail. "The post office knows it has to be me," he said with a grin.

He tries to take papers in towns with at least 15,000 population. He gets the names of the papers from the library in Lansing which lists all papers from weeklies, to religious, to dailies.

His newspaper hobby costs him about \$54 yearly.

"Some people say that is a lot of money to spend on a hobby," Warnke said. "Heck, some people spend more than that on beer in a month."

Larry and Kathleen Warnke

Local bikers to fight birth defects

By Patrice Hornak
Editor

Eureka
There are those who enjoy bike riding for the fun of it. And, this Saturday, there will be those who will be riding their bikes for the fun of others.

The Clinton County March of Dimes Bike-a-thon is slated to get underway Saturday, Sept. 30, at 8 a.m., with registration to begin at 7:30 a.m. according to Thomas Nemcik, coordinator of the bike-a-thon in Clinton County.

This is the second consecutive year the bike-a-thon has been staged in Clinton County. Eaton and Ingham County March of Dimes Bike-a-thons will also be held in concurrence with the Clinton Bike-a-thon.

"It's not a race," stresses Nemcik who says the value of the bike-a-thon comes from pledges collected by the bikers, rather than the first to cross the 50-mile finish line. Small trophies will be awarded to the top two finishers, based upon the total money collected for the March of Dimes during the bike-a-thon.

Bikers will accept pledges of 10 cents per mile or more from friends and relatives, and then will test their endurance Saturday. The number of pledges per mile and the number of miles traveled will determine how much the biker will contribute to fight birth defects through the March of Dimes.

Bikers hailing from throughout Clinton County will gather at Eureka

Elementary Saturday morning. They must supply their own bikes. Bikers under the age of 18 must have their registration and waiver forms signed.

A 10-mile course driven five times will take bikers east on Hyde Road to Watson Road; then south on Watson to French Road; west on French to Welling road; and then north on Welling to Hyde Road. All roads are blacktopped and will be monitored by Community Radio Watch (CRW).

Two checkpoints will be established, one at the half-way mark and another at the finish at Eureka Elementary. Rest rooms will be available at the school. McDonald's Restaurant of St. Johns will be providing orange drink to all bike-a-thon participants and Clinton National Bank and Trust will be giving away popcorn. Cards for free McDonald's hamburgers will also be given to participants.

Last year 25 persons took part in the bike-a-thon. This year Nemcik is hoping to double that number. Last year's bikers earned close to \$1,000, all of which went to the March of Dimes.

Students signed up to ride Saturday are from Ovid and Elsie Junior High Schools, Rodney B. Wilson Junior High in St. Johns, DeWitt Middle School, Fowler Middle School and Eureka Elementary.

Pledge forms and additional information may be obtained by contacting Nemcik at Clinton National Bank and Trust's main office in downtown St. Johns. A rain date has been set for Oct. 1.

Looking ahead

FAIRLANE TOUR—The Clinton Memorial Hospital Auxiliary will sponsor a trip to Fairlane in Dearborn on Thursday, Oct. 5. For reservations call Irene Zeeb, 224-4338 or 224-3234 or Barbara MacKinnon, 224-3823 by Oct. 1.

HEALTH CLINIC—The Mid-Michigan District Health Department community health clinic will be held at the United Methodist Church, 119 Elm St., Carson City Monday, Oct. 2. Blood pressure screening will be from 1:30 to 2:30 and immunizations from 2:30 to 4 p.m. The W.I.C. program will be from 1:30 to 4:30 p.m.

DEWITT BLOODMOBILE the Ladies Auxiliary of the DeWitt City volunteer fire department will sponsor a bloodmobile Wednesday, Sept. 27 at the DeWitt Memorial Building.

HISTORICAL COMMISSION—The Clinton County Historical Commission will meet Thursday, Sept. 28, at 7:30 p.m. at the First Congregational Church (now Church of God) in Ovid.

SMORGASBORD SUPPER—The Shepardsville Church will sponsor a smorgasbord supper at the church Thursday, Sept. 28. Turkey and swiss steak, along with all the trimmings will be served. There will be a free-will offering. A bake sale will be held in conjunction with the supper.

MARSF—Monday, Oct. 2, at 6 p.m. the Clinton County Chapter of the M.A.R.S.P. will have a catered dinner at East Olive Elementary School on Green Road. Spouses are invited.

ART EXHIBITION—The Raza Fine Arts Exhibition will run from Sept. 26 through Oct. 1 at the Center for the Arts in Lansing. Festival performers include Lori Lopez, El Ballet Folklorico Lopez, Ballet Folklorico Latino, Ballet Hispanico, Ritmo and the Chicano Artistic and Literary Organization.

10,000-METER RUN—LCC will co-sponsor the Women's 10,000-Meter Run Sunday, Oct. 8 at 10:30 a.m. beginning at Riverfront Park. The run is open to all women in the eight age divisions. Phone 373-7111 for more information.

Excitement builds for SJHS

(Editor's note: Betsy Johnson is a senior at St. Johns High School and the daughter of Mrs. Rae (Kenneth) L. Johnson of St. Johns. She is a member of Drama Club, Girl Scouts, Model United Nations Assembly (MUNA), and the Congregational Youth Fellowship. She also is news editor for her school newspaper and was a member of the tennis team.)

By Betsy Johnson

Excitement is beginning to build at St. Johns High School as Homecoming plans get underway.

Student Council has chosen the theme of "Circus" and classes are beginning to plan their floats. Committees have been formed to plan details of the parade, half-time show, queen election, downtown window painting, high school door decoration, and spirit week.

A social hour will follow the Homecoming game with Alma Oct. 13. The Homecoming dance will be Oct. 14.

Julie Dakers is Student Council president and Gary Larsen is the group's advisor. Other activities at St.

Johns are beginning this month with a number of clubs getting organized.

Photo Club held its first meeting Sept. 25. Model United Nations Assembly, MUNA met Sept. 20. Fellowship of Christian Athletes and Spanish Club also met.

Drama Club is holding its annual membership drive this month. Their activities began this summer when they chose their contest play, "Pygmalion". Try-outs were held and the following cast was chosen:

Clara Eynsford Hill—Kim Japinga; Mrs. Eynsford Hill—Sue Smith; Freddy

Eynsford Hill—Paul Magsig; Eliza Doolittle—Midge Carson; Col. Pickering—Doug Huntley; Henry Higgins—Mike Eldridge; Mrs. Pearce—Lisa Foy; Mrs. Higgins—Maid—Carol Huguelet; and Mrs. Higgins—Julie Dakers.

Robert Koger and Leah Smith are advisors for the club. There are several new teachers this fall at S.J.H.S. They are: Bernice Fox, Jill Goode, John Koczman, Diane Penix, Janet Silas, Diane Vaught, William Waldron and Charles Wolf.

"I just modernized my business. I got a pushbutton phone."

"Sure, I love old things. But I always appreciate new, more efficient ways of doing things. That's why I just had General Telephone install a pushbutton phone in my antique store. It really is faster—you can actually punch an entire seven-digit number in the time it takes to dial a 9 on a rotary phone. I make fewer dialing errors too. And somehow it makes me feel more businesslike. It even surprises me! As attached as I am to all my antiques, the one object in my store that I'd have the hardest time giving up is my new pushbutton phone."

Thinking of switching to pushbuttons? Give us a call and let's talk.

GENERAL TELEPHONE

One shot at an insulator can drop a city in its tracks.

I know, because I'm a Consumers Power lineman, and it's my job to search for the cause of a power failure. People who shoot out insulators forget that a single shot can bring down a house, a factory, a hospital or even an entire city. That's why Consumers Power offers substantial rewards for information resulting in either the arrest and arraignment, or the apprehension of persons responsible for damage to our property. So, if you have information concerning such an incident, please contact a local police agency or call Consumers Power.

Mr. and Mrs. John W. Warstler

Signs, Warstler repeat wedding vows

The First Congregational Church of St. Johns was the site of the marriage for Christine Julia Ann Signs and John William Warstler on Aug. 19, Rev. David A. Lord officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Raymond Signs, 905 E. Sturgis and Mr. and Mrs. Donald Warstler, 2671 E. M-21 all of St. Johns.

The bride was escorted down the aisle by her parents to an altar decorated with multi-colored snap dragons and zinnias. The altar, bridal and reception flowers came from bride's parents garden, for the 3:30 p.m. ceremony.

Music for the ceremony was provided by Bryan Payne and John Eldridge on violins, with Diantha Witteveen on the piano. Nancy Warstler and Julie Saccone played guitars and sang "Love Song". Ms. Saccone sang "Song Birds," also. The prelude was "Golden Sonata" and the processional was "Evergreen". Fred Lewis, a friend of the couple played "Highland Wedding" on the bagpipes for the recessional.

For her wedding the bride chose a floor length white, Qiana gown featuring a fitted bodice trimmed with Venice lace which formed cap sleeves. The dress was designed with a high neck-

line and fell into a chapel length train. Her veil was secured with a Juliet cap which were both trimmed in lace matching the dress.

She carried an arm bouquet of white delphiniums, Queen Ann's lace, Chinese Forget-Me Nots, and asters.

Maid of honor for her sister was Marla Signs. Bridesmaids were Peggy Greene, Sandy Nelson, Laurie Springer and Michelle Signs. Flower girl was Christy Butler, cousin of the bride.

The attendants wore floor length gowns of green Qiana featuring a shirred bodice and spaghetti straps. The slightly flared skirt fell from the high waistline. Each wore a sheer green jacket with elbow length sleeves. The flower girl wore a light green Qiana knit dress with a sheer overlay secured by a velvet ribbon at the empire waistline.

The bridesmaids wore florettes of delphiniums and baby's breath in their hair. They carried arm bouquets of multicolored delphiniums, Queen Anne's lace, bachelor buttons, asters, and miniature carnations. The flower girl carried a basket of miniature carnations, daisies and delphiniums.

Both the bride and groom's mothers wore floor length

mauve color gowns of Qiana. They wore corsages of bachelor buttons and miniature carnations.

Best man for the couple was Louis Spase. Grooms-men were Tom Warstler, Paul Prezewozniak, Malcolm Moulds, and John Eldridge. Ring bearer was Nathan Lounds, nephew of

the groom. Acolyte was Eric Signs and usher was Ray Signs both brothers of the bride and groom.

A dinner reception was held at the Slovak Hall in Bannister following the ceremony for 375 people. Music was provided by the Plaids of Alma.

Special guests present at

the ceremony were Mr. and Mrs. William Elliot, and Mrs. John Warstler, grandparents of the groom and Mildred Bakita, special aunt of the bride.

Host and hostess for the reception was Mr. and Mrs. Edward Loznak, aunt and uncle of the bride.

The bride and groom

graduated from St. Johns High School in 1975 and 1973 respectively. Both are attending Northern Michigan University in Marquette.

The couple took a wedding trip to Mackinac Island and the Upper Peninsula. They are making their new home at 1750 Gray St. Marquette.

Jane Ann Thelen becomes September bride in Westphalia

Wedding vows were exchanged by Jane Ann Thelen and Larry Herman Finkbeiner at St. Mary's Church in Westphalia on Sept. 23 at 1 p.m. Father James Schmitt officiated at the double ring ceremony.

The bride was escorted down the aisle by her mother and father to an altar decorated with bouquets of glads and mums in mixed fall colors.

Parents of the couple are Mr. and Mrs. Francis Thelen, Portland, and Mr. and Mrs. Rodney Finkbeiner, Middleville.

Organist for the ceremony was Caroline Spitzley. Singers were Evelyn Hengesbach, Rosie Smith, Alice Bengel and Gladys Bengel.

For her wedding the bride chose a floor length white gown with a chapel length train trimmed with pearls. The gown was designed with Chantilly lace fitted sleeves, with lace trimming the skirt and fitted bodice. The veil was of the matching Chantilly lace and trimmed with pearls.

The bride carried a bouquet of fuji mums, orange sweetheart roses, white daisy mums, and baby's breath.

Matron of honor was Linda Wieber, Westphalia. Bridesmaids were, Anne Marie Finkbeiner, Middleville; Ann Marie Smith, Fowler; and Wanda Thelen, Westphalia.

The attendants wore peach halter style gowns with fall color floral walking length capes. Each wore a single peach rose in her hair and carried a tiny trio of roses with baby's breath.

The groom's mother wore a wine color floor length gown of flowered print. The bride's mother wore a sea green color floor length gown

with a gathered neckline and long sleeves. Both mothers wore carnations made of pink sweetheart roses and white carnation pieces.

Bestman was Gary Finkbeiner. Grooms-men were Al Finkbeiner, Mike Fedewa, and Phil Thelen. Ushers were Craig Kenyon and Rick Thelen.

A reception for the couple was held at the Fowler Conservation Club with 400 guests attending.

Serving at the reception was Marlene, Ruth, and Gail Thelen; Mary Kay Hanes, Tammy Feldpausch, Chris Kenyon, Brenda Masch; and Deb and Audrey Schafer.

Special guests at the wedding were Mr. and Mrs. Sylvester Blundy, Mr. and Mrs. Arthur Kenyon, and Mr. and Mrs. Herman Finkbeiner.

The bride is a 1975 graduate of Pewamo-Westphalia High School and the groom is a 1975 graduate of Fowler High School.

The couple took a wedding trip through Michigan and are making their new home on Main Street in Westphalia.

Mrs. Larry H. Finkbeiner

BEFORE YOU GO ANYWHERE, BEGIN WITH A TRAVEL AGENT.

THE REASON

A good travel agent can help you far beyond an ordinary ticket seller. She is a specialist with experience and ability, who can show you how to travel the best way... within your budget!

THE COST

In most cases, nothing. For example, a travel agent arranging your transportation gets a commission from the airline. The cost to you? Exactly the same you'd pay at the airline counter.

THE ADVANTAGES

Planning your trip can be fun. Arranging the details isn't. Save yourself the headaches of telephone calls, hotel correspondence, transportation schedules and connections. That's your travel agent's business. And, she can often save you money with special arrangements you may not know about.

Call your travel agent (Savas, of course) today. It's the right way to begin a trip you'd like to remember always.

Engaged

Mr. and Mrs. Rowland Lowe, Maple Rapids, announce the engagement of their daughter, Carol Jean to Randy Ryan, son of Mr. and Mrs. Kenneth Ryan also of Maple Rapids.

The bride-elect is a 1978 graduate of Fulton High School and is attending M.J. Murphy Beauty College. The prospective groom is a 1977 graduate of Fulton High School and is employed at Federal Mogul.

The couple is planning an October wedding date.

Carol Lowe

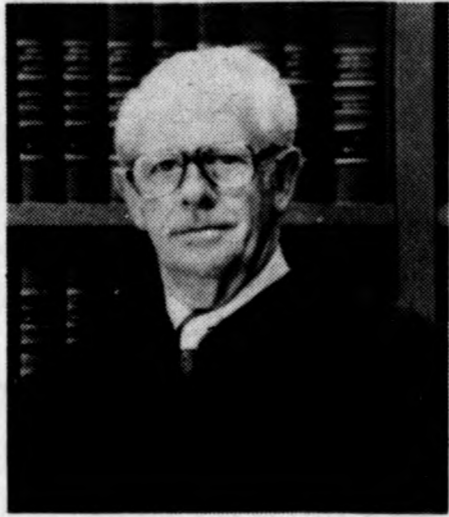

Open house

Mr. and Mrs. Clyde (Helen Walker) Crabb of 1201 Willow St., Owosso will celebrate their 50th wedding anniversary at the home of their son Derwyn Crabb, 1932 E. Hibbard Rd., Owosso on Sun. Oct. 1 from 2 until 5 p.m. They were married on Oct. 3,

1928 in St. Johns by the late Rev. G.S. Northrup. They have two sons Derwyn of Owosso and LeMoyné of Evansville, Ind.; seven grandchildren and one great-granddaughter. All relatives and friends are invited. No gifts please.

Miller, Moinet exchange vows

Mr. and Mrs. James L. Moinet

Marilyn Sue Miller became the bride of James Lee Moinet on Aug. 26 at 6 p.m. at the First Baptist Church in St. Johns. Pastor Peter Nieuwkoop officiated at the double ring ceremony which was performed before an altar decorated with baskets of mums, gladiolas, carnations, daisies and cattails.

Organist for the wedding was Mrs. Doris Lozinak with Mrs. Mary Ann Green singing "Shepherd of Love." Bill Roll and Nancy Warstler sang and played the "Wedding Song."

The bride approached the altar with her father wearing a floor length, white gown fashioned in a soft jersey knit with chiffon overlay. The dress was designed with a sheer yoke fashioned with peau dong lace extending over the shoulders to form a cap sleeve. Both the front and back yokes were outlined by sheer Belgium lace ruffle. A fully lined bodice met the sheer yoke

and was caught by a satin ribbon at the waist. An A-shaped skirt was fashioned with a combination of peau dong and Belgium laces that formed a flounce. The flounce flowed into a full chapel train.

A picture frame hat with matching laces and flounce extended over the brim. She carried a Colonial bouquet of peach, orange, brown, and off white roses trimmed in peach ribbon.

Nancy Warstler, was maid of honor. Bridesmaids were Kathy, Marcia, Jane and Marybeth Miller, sisters of the bride and Barb Karber, a friend, all of St. Johns. Flower girl was Leanne Miller, also a sister of the bride.

The attendants wore floor length dresses with empire waists made of double knit in colors, apricot, peach, tangerine, copper and rust. They wore baby's breath in their hair and carried a small bouquet of flowers containing peach, beige, and

brown roses fastened with a soft peach ribbon.

Parents of the couple are Mr. and Mrs. Leon Miller, Airport Road, and Mr. and Mrs. Norman Moinet, Sr., 1002 E. Cass Street, all of St. Johns.

For her daughter's wedding Mrs. Miller chose a blue chiffon, floor length dress with a sheer cape and a blue tinted mum and carna-

tion corsage. The groom's mother wore a floor length beige gown with a flower print. She wore a corsage of carnations and mums tinted to match her dress.

Best man was Mark Green, cousin of the groom. Groomsmen were Bob Moinet, Ted Lozinak, Tim Pjozsak, Bill Roll and Mike Green. Teddy Bedell, was

ring bearer. Ushers were Mike and Ed Moinet, brothers of the groom.

Serving at the reception which was held in the church gym with 225 guests attending was Louise and Jane Law, Marci Walker, Annelise Favior, Nancy Miller, Peggy and Marie Favior, Mary Anne Green, Julie Green, Alan Miller and Kimmie Bedell.

Special guests present were Mr. and Mrs. Verne Mosher, Mrs. Ruth Moinet, and Mark Miller.

The bride and groom graduated from St. Johns High School in 1977 and 1975 respectively. The couple took a wedding trip to northern Michigan and are making their new home at 605 Locust, DeWitt.

Haas, Leonaitis united in Illinois ceremony

Douglas Haas of Marengo, Wis. and Laurie Leonaitis of Waukegan, Ill. were married Aug. 26, 1978 at 4 p.m. at the Lutheran Redeemer Church in Waukegan, with the Rev. Walter D. Kreger officiating. The bridegroom is the son

of Mr. and Mrs. Earl Haas of 1001 W. Taft Road, while the bride is the daughter of Mr. and Mrs. Walter Leonaitis of Waukegan, who escorted her to the altar.

The bride wore a floor-length gown of ivory organza

and satin with silk venise lace. Her bodice was fashioned with a scoop neckline and long-cuffed bishop sleeves.

Her skirt fell from a modified waistline into a soft A-line silhouette sweeping into a chapel-length train. The headpiece was a matching lace cap with a laced fingertip length veil.

The mother of the bride wore a floor-length deep pink silk chiffon gown with long, full sleeves and V-neckline and a corsage of matching pink rosebuds.

The mother of the groom wore a floor-length beige

knit with a cowl neckline and full pleated skirt. Her corsage was of yellow rosebuds.

The maid of honor was Kerrie Leonaitis of Waukegan, sister of the bride, while Tim Race of St. Johns was the best man. Mary Saxon of Waukegan was a bridesmaid, and Bruce Haas of St. Johns, brother of the groom, was groomsman. Mark Konchan, cousin of the bride, was the organist.

A reception for the couple was held at Rook's in Waukegan, and the pair is now at home in Bayfield, Wis. They attend Northland College in Ashland, Wis.

Births

A girl, Nichole Marie, was born to Mr. and Mrs. Dwight Craig of Rt. 1 Elsie Sept. 17 at Carson City Hospital. She weighed 9lbs 2oz. The baby has one brother. Grandparents are Mr. and Mrs. Gary Lawrence and Mr. Gaylord Craig. The mother is the former Michelle Lawrence.

A boy, Alexandro, was born to Mr. and Mrs. Orta-Eduardo and Beverly of St. Johns Sept. 17, 1978 at Clinton Memorial Hospital. He weighed 6lbs. 8oz. The baby has one sister. Grandparents are Norman and Bessie Cairns and Ruperto and Elvira Orta. The mother is the former Beverly Cairns.

A girl, Christina Marie, was born to Ms. Cathy Salisbury of 1505 St. Clair Rd., Ovid Sept. 18, 1978 at Clinton Memorial Hospital. She weighed 4lbs. 15oz. Grandparents are Mr. and Mrs. Robert C. Salisbury of Ovid.

A girl, Jennifer Leigh, was born to Mr. and Mrs. Martin M. Szarka of St. Johns Aug.

22, 1978 at Clinton Memorial Hospital. She weighed 6lb. 15oz. The baby has one brother. Grandparents are Mr. and Mrs. John Szarka and Mr. and Mrs. J.D. Serrine. The mother is the former Leigh Ann Serrine.

Mr. and Mrs. Michael Thomas Montry, 203 Lancer Lane, Lansing, became the parents of a son, Nicholas Palmer, on Sept. 14 at Sparrow Hospital.

Rural America Must Be Maintained As A Rewarding Place To Live And Work

Government and politicians have been tampering with the family farm and it's time something be done while the institution is still alive. Al Cederberg is working to stop the big foreign investors from buying up our farm land. He's fought hard and he's starting to win on changing the inheritance laws that force families to sell their land to pay taxes. He's co-

sponsored a bill to help develop export markets and give farmers a fair and reasonable return on their investment. He's voting to block illegal Argentine beef and the dumping of sugar in the United States. He feels the well-being of the family farm is everyone's well-being. don't you?

"good work Al"

CONGRESSMAN ELFORD A. CEDERBERG

Authorized and paid for by the committee to keep the good work of Al Cederberg. Michael A. Forgest, Treasurer

St. Johns, your car insurance just went down

17%

When you stop to think how much car insurance costs, what you can save at AAA is a bundle.

We've lowered car insurance rates in your area and wherever we can. We've lowered rates on vans, pick-up trucks and campers everywhere in Michigan.

So if your car insurance rates are still going up, call your local AAA office. Talk to one of our sales representatives about our new lower rates.

For once, wouldn't it be nice to see one of your bills get smaller?

Obituaries

Robert Sanders

Robert R. Sanders, 51, of 400 S. Clinton Ave., St. Johns passed away Monday, Sept. 25, 1978 at Carson City Hospital.

Funeral services will be at St. Johns Episcopal Church Thursday, Sept. 28 at 2 p.m. Burial will be in Mt. Rest Cemetery. Pastor Lew Towler will officiate. Visitation will be at the Osgood Funeral Home. He was born in Ionia March 3, 1927 to John and Edith (Ruch) Sanders. He resided 17 years in the St. Johns area. He married Dorothy Edwards in Lansing Oct. 24, 1959.

Mr. Sanders was a member of St. Johns Episcopal Church, St. Johns Masonic Lodge and he was a veteran of World War II. He was employed 27 years at Fisher Body.

Surviving are his wife, Dorothy; two daughters, Nichalo Every of Remus and Michelle Sanders of Alma; one son, Gavin Sanders of Lansing; three granddaughters; a sister, Mrs. Sherry Ladisky of St. Johns.

Edward Hyde

ELSIE
Funeral services were held for Edward H. Hyde, 37, of Ferden Rd., Elsie at the Carter Funeral Home, Elsie with the Rev. Jeffery Zak officiating and burial in Middlebury Cemetery, Ovid, on Friday, Sept. 22.

Mr. Hyde was killed Wednesday morning after being struck by a train on the Ann Arbor Railroad track. No road vehicles were involved in the accident which remains under investigation according to the Clinton County Sheriff's Department.

Mr. Hyde, a construction employee, was an Elsie resident most of his life. He was born to Charles and Doris Hyde, April 23, 1941, in Ovid.

Survivors are his parents; a brother Robert of Elsie; two sisters, Mrs. Kathryn Wiltsee of Owosso and Mrs. Carol Beehler of Rose City.

Mary Saylor

ELSIE
Funeral services for Mary H. Saylor, a resident of the Elsie and Bannister areas for most of her 73 years, were held Monday, Sept. 25,

at the Carter Funeral Home, Elsie with the Rev. Emmett Kadwell officiating. Burial was in Riverside Cemetery, Elsie.

Mrs. Saylor resided on Cleveland Road in rural Bannister and passed away Thursday afternoon in Gratiot Community Hospital.

She was born April 17, 1905 in Cleveland, Ohio to Michael and Barbara Lucas and married Virgil Long in North Star in 1925. In 1937 she married Orin Saylor.

Survivors are a brother, Mike of Bannister; daughters, Mrs. Marie Schreiner of Bannister; sons, Richard, Glenn, Stanley and Duane Saylor, all of Bannister, Ray Saylor of Ashley and Clifford Long of Falls Creek, Ore.; 20 grandchildren; and six great-grandchildren. A daughter, Barbara, preceded her in death.

Reginald Conklin

ELSIE
Funeral services were held for Reginald Conklin, 72, of 144 W. Oak St., Elsie on Wednesday, Sept. 20, with the Rev. David Miles officiating and burial in Riverside Cemetery, Elsie.

A life-long Elsie resident, Mr. Conklin, a former Elsie Fire Department chief for 18 years and also a butcher, passed away Sunday at the Carson City Hospital after an illness of several years.

He was born Nov. 14, 1905 in Elsie to Claude and Dora Conklin, he married Gertrude Stiff March 9, 1927 in Elsie. He belonged to the Elsie United Methodist Church.

Survivors include his wife; daughters, Mrs. Barbara Meiser of Montrose and Mrs. Claudia Howard of Elsie;

brothers Bernard, Durward, Claude Jr., and Keith, all of Elsie; five grandchildren; and 10 great grandchildren.

The family suggests that friends wishing to make memorial contributions direct them to the Elsie United Methodist Church Women.

Ruth Beach

ELSIE
Funeral services for Mrs. Ruth E. Beach, a resident of the Flint and Elsie areas most of her life, were held Saturday morning, Sept. 23 at the Carter Funeral Home, Elsie with minister Gary Yeager officiating. Burial was in Ferris Center Cemetery, Vestaburg.

Mrs. Beach died Wednesday afternoon at the Durand Convalescent Center. She was 73 and resided at 8480 Juddville Road, Elsie.

She was a retired employee of the AC Spark Plug factory in Flint and a church organist for more than 50 years.

She was born Sept. 3, 1905 in Chapin Township to Joseph and Mabel Somers in Saginaw County and attended the Chicago Conservatory of Music. She married Lyle Beach on June 5, 1924 in Bay City. She was a member of the First Church of Christ in Owosso.

Mrs. Beach is survived by a son, Jerry of Woodland; daughters, Mrs. Carolyn Watkins of Eagle Pass, Texas and Mrs. Josephine Darling of Elsie; 13 grandchildren; and eight great grandchildren. A sister, Florence Zey, preceded her in death.

The family suggested that friends wishing to make memorial contributions direct them to the First Church of Christ in Owosso.

Chloe's Column

By Chloe Padgett
Extension Home Economist

A fad is a temporary, usually irrational pursuit of some action by many people which excites attention.

The key words are temporary and irrational. Dieters try a fad with high expectations of quick weight loss and are instead quickly discouraged.

The con game is unique in that its victims are active participants in the crime. The victims want something for nothing so badly that they become blind to the possibility that all they may lose is money and maybe their health.

Some dieters do not want to make the effort to change poor eating habits, to give up favorite foods, to count calories or to study nutrition. Rather, they fall for the advertising of a book, pill, or mail order diet that promises quick, easy weight loss while they eat all their favorite foods.

The way we feel is a mixture of fact and emotion.

A drink made from lemon juice, milk and lard may make you feel great in the morning and eager to start the day. Who can argue that it works for you? The effectiveness of some diet concoctions depends on the expectations of its users.

Anyone can call himself a nutritionist and go out and write a book without fear of a lawsuit. There is no protection for the term. Consequently, some writers of fad diets have very little, if any, nutritional background.

There is nothing magical about weight reduction, despite the promises implied in the ads. The body never frivolously throws away calories just because they are in good supply. Once the body's needs are met, extra calories are stored in the liver and muscle as glycogen, ready for quick withdrawal when needed.

If the caloric surplus becomes greater than the storage space for glycogen, the extra calories are converted to fat and stored in adipose tissue. When there is

a calorie shortage, stored fat will be withdrawn from the adipose tissue and used for energy. This is the fundamental principle which the willing victims of diet con artists do not understand—or refuse to accept.

Every pound of body fat represents, 3,500 kilocalories or calories with a Capital C. The only way to get rid of that pound of fat is to burn up 3,500 calories by consuming less food energy than required for body maintenance.

For example, if you neither gain nor lose weight when eating 1,800 calories a day, cutting back to 1,300 calories will mean 500 calories of fat must be burned. This will result in a weight loss of about a pound each week.

To use the same example, cutting off another 500 calories would enable a weekly loss of two pounds. Unfortunately, 800 calories a day would also probably cause a nutritional loss as well.

The body requires approximately 54 nutrients to meet its daily needs, including vitamins, 17 minerals and eight amino acids. A dieter would be hard pressed to get the adequate amount of these nutrients into a day's supply of food which totaled less than 1,000 calories.

A close look at the diet pills on the market shows that the weight loss they promise comes from the low caloric diet plan which is included with them, not the pill. Some

pills do contain vitamins, but it is the enclosed diet which enables weight loss. The vitamins could be purchased much more economically as vitamin pills, if they were needed at all.

Powders which provide protein and other nutrients and are substituted for two of the three daily meals are generally safe, but expensive. They also don't teach good eating habits. You can't stay on a powder forever. If your eating habits haven't changed when you return to regular eating, the weight may also return.

Finally, some diet plans, such as liquid protein, are just plain dangerous. A diet of straight protein can lead to nausea, headaches and even death when used without medical supervision.

Fowler news

Mr. and Mrs. Clare Boak and son Kevin were visitors of Mrs. Lula Boak Saturday. Kevin and his grandmother, Mrs. Mabel Cook of Pewamo, and her sister of Detroit are leaving today to visit Mrs. Cook's daughter in Colorado.

Mr. and Mrs. Carl Boak were guests of Mrs. Lula Boak on Sunday.

Mr. and Mrs. Hilary George and family of Lansing spent Sunday with his parents, Mr. and Mrs. Reynold George.

A girl, Jadine Marie, was born to Mr. and Mrs. Jerry Jorae of Rt. 2, Fowler, Sept. 2, at Carson City Hospital.

She weighed 7lbs. 8oz. The baby has one brother and 2 sisters. Grandparents are Mr. and Mrs. Donald Jorae and Mr. and Mrs. Frank Kobel. The mother is the former Mary Lee Spitzley.

A boy, Jeffery Jason, was born to Mr. and Mrs. Daniel Henning of St. Johns Aug. 28, 1978 at Carson City Hospital. He weighed 7lbs. 13oz. The baby has two brothers. Grandparents are Mr. and Mrs. Ronald Henning and Mr. and Mrs. Leonard Kanaski. The mother is the former Mary Ann Kanaski.

A boy, Jeffrey Jason, was born to Mr. and Mrs. Thomas Meyer of Rt. 6 St. Johns Sept. 11, 1978. He weighed 8lbs. 6½oz. The baby has one brother. Grandparents are Mr. and Mrs. Otto Meyer Jr., Mr. and Mrs. Gerald Parland. The mother is the former Rebecca Hall.

Miss Gloria L. Longoria, 2643 E. French Rd., St. Johns, became the parent of a son, Joshua Daniel, on Aug. 25 at Sparrow Hospital.

Mr. and Mrs. Richard Koenigsnecht, 910 N. Oakland, St. Johns, became the parents of a son, Richard Joseph, on Aug. 28 at Sparrow Hospital. The mother is the former Sheryl Pulliam.

Mr. and Mrs. Michael J. Wurm, Laingsburg, became the parents of a daughter, Raenee Katherine on Aug. 31 at Sparrow Hospital.

Mr. and Mrs. Eric G. Hall, Haslett, became the parents of a son James Daniel on Aug. 29 at Sparrow Hospital.

Mr. and Mrs. Timothy Fink, Townsend Road, St. Johns, became the parents of a daughter, Tryce Jayne on Sept. 5 at 8:16 a.m. at St. Lawrence Hospital. The mother is the former Laura Allan.

Mr. and Mrs. Darrell A. Buck, 6590 E. Price, St. Johns, became the parents of a boy, Devon Patrick, on Sept. 6 at 3:07 a.m. at St. Lawrence Hospital. The mother is the former Darlene Orweller.

Mr. and Mrs. Dallas H. Rogers, 819 E. Webb Dr., DeWitt, became the parents of a daughter, Michole Suzanne, on Sept. 12 at 10:36 p.m. at St. Lawrence Hospital. The mother is the former Susan Noble.

Mr. and Mrs. Steven H. Schafer, 4038 W. Herbison Rd., DeWitt, became the parents of a son, Steven Andrew on Sept. 16 at 5:58 pm. at St. Lawrence Hospital. The mother is the former Ann Crighton.

Mr. and Mrs. Kenneth Plotner, 744 E. Gier, Lansing, became the parents of a daughter, Nicole Dawn, at Sparrow Hospital.

Mr. and Mrs. Curtis A. Louckes, 13065 Prairie View, DeWitt, became the parents of a daughter, Andrea Leigh at Sparrow Hospital.

Dr. and Mrs. Richard E. Martzke, 1120 Seymour, Grand Ledge, became the parents of a son, Adam Clark, on Sept. 15 at Sparrow Hospital. The mother is the former Christina Clark.

B

Not enough in 2nd half; St Johns loses 21-20

By Bill Donahue
General Manager

St. Johns

After all the post game ifs, maybes and could-have-beens were hashed over, St. Johns was looking back at their second straight conference defeat knowing that Swan Valley's 21-20 victory was even narrower than the single point difference the scoreboard showed.

Mistakes...both teams made 'em.

Big plays...ditto.

Penalties...a bone for contention on Redwing coach Joe Gonzales' part. An interference call that Gonzales felt should have been made, wasn't.

"We played well enough to win," Gonzales stated, "but that big play was the call that wasn't made. We would have had first down and five

yards to go for the go ahead touchdown". That came late in the fourth quarter and stalled a Redwing drive that ended in a missed 35-yard field goal try by Tim Grost.

St. Johns and Swan Valley actually played two ball-games in one.

The first half was a tough defensive struggle that saw the Redwings capitalize on a Buz Zamarron interception and 30-yard return that eventually netted the game's first touchdown via Bob Sutherland's 2-yard blast. Rod Lounds' point after touchdown kick was no good and St. Johns took their 6-0 lead to the halftime locker-room.

Swan Valley took the second half kickoff and rattled off a torrid four-play, 57-yard drive. Their kick was true and the Vikings held their first lead of the night,

7-6.

Scoring in the third quarter went on at a rapid rate, as the Redwings followed close on the heels of Swan Valley's score by taking the ensuing kick and marching 69 yards in seven plays. Quarterback Craig Goff sprinted 16 yards for the score. The 2-point conversion pass missed and St. Johns lead 12-7.

The Vikings jumped back on the scoring bandwagon, as they took St. Johns' kickoff and ripped 55 yards in two plays. Again their kick for the extra point was good and they lead 14-12.

Both team defenses seemed to play the third period in a daze, and St. Johns capitalized next on the scoring spree as Rod Lounds burst up the middle on a perfectly executed double fake hand-off play that went

53 yards for the Redwings' final score. Goff passed to Mike Stafford for the 2-point conversion and a 20-14 advantage. There were 37 seconds left in the third quarter and the teams had see-sawed the lead back to St. Johns original 6-point halftime margin by scoring 28 points.

Swan Valley kept up the pace in the fourth quarter for one more drive, as they took the next kickoff and zipped 73 yards in two plays. Their point after kick was good for the final victory margin, 21-20.

Lounds and Goff were singled out by Gonzales for their fine offensive performances. Lounds had 90 rushing yards, 31 more on two pass receptions and 68 yards on 3 kickoff returns.

St. Johns takes their 1-2 season record and 0-2 in Mid-Michigan B league play to Corunna Friday, Sept. 29.

Backfield in motion

The St. Johns backfield, shown in action here, had a productive night against Swan Valley Friday, racking up 184 yards, but the

Redwings still came up on the short end of the 21-20 score. (Photo by Bill Donahue)

Panther defense holds off Haslett 7-0

Haslett

The DeWitt football team used an outstanding defensive performance to defeat Haslett 7-0 Friday in a Capital Circuit game.

The stingy Panthers allowed Haslett a total of 52 yards, 49 on the ground. And that figure would be even lower if Haslett hadn't broken off a 33-yard run near the end of the first half when DeWitt was laying back.

Coach Ron Mead said the key to the defense was the domination by the seven men playing on the inside of the 5-2 defense.

"The cornerbacks and halfbacks only made seven tackles the whole game," he said. "They didn't have to make tackles because the ball never got that far. Our inside men played super."

Mead cited three players for their defense. Todd Noyce shut down the Haslett option from his defensive end position, while Mike

Church played well after switching from end to tackle. Randy DeWey, who was at a new position, also stood out, Mead said.

But the outstanding athlete on the field, according to Mead, was Mark Bokovoy. He had five solo tackles and five assists, rushed for 36 yards and scored the only touchdown of the game.

That score came in the third period, and was set up by a fumble recovery by Gene Carroll on the Haslett 29-yard line. It took DeWitt six plays to punch the ball in.

Offensively, DeWitt had 160 yards rushing and 22 yards passing. Though those figures—and the number of points—weren't that impressive, Mead said the offense managed to control the ball. He also said it didn't pass up the scoring opportunities like it did in the loss to Charlotte, pointing out that the DeWitt score came as a result of a Haslett mistake.

Quarterback Mark Moody was three for five passing for 22 yards, with Dale Challiss catching two of those for 21 yards. Scott Tallman had 70 yards in 18 carries, while Dave Strouse had eight carries for 35 yards.

Mike Churchill had four solos and six assists, Noyce had four solos and five assists, Church had three solos and four assists and DeWey had two solos and four assists.

DeWitt, 2-1 on the season and 1-1 in the Capital Circuit, hosts Okemos Friday. DeWitt handed Howell its only loss last season, and even though the Chieftains are only 1-2, with losses to Howell and Holt, Mead expects a tough game.

"They were beat bad by Howell," he said, "but you have to believe they're going to put their offense together pretty soon. They have a history of coming alive about the fourth or fifth game of the season."

Springport

County cross country teams clearly established themselves among the state powers in Class C last week, as they took three of the top four places in the Springport Invitational Thursday.

DeWitt, the defending Class C state champions, won the tournament with 72 points. Bath was second with 89, East Jackson third with 102, and Pewamo-Westphalia fourth with 125.

Ron Hensley of DeWitt was the top finisher with Roland Hensley of the Panthers second. Dale Tarrant of Bath was sixth, Mike Wilson of DeWitt eighth, Greg McGary of Bath 10th, Kurt Bengel of P-W 12th, Doug Konen of Bath 13, Trent Schafer of P-W 15th and Scott Simon of P-W 18th.

DeWitt Coach Tom Mauro said that the Panthers weren't running at full strength, with Tony Faggion out with bronchitis and Paul DeSmith running while he

was ill.

Howard Roberson, coach of Bath, said the race indicated how far the Bees had come since Tarrant, Konen and McGary rejoined the team. The last time Bath faced East Jackson the Bees lost by 20 points—Thursday they beat East Jackson by 13.

"The kids are starting to run a lot better," Roberson said. "We were within 17 points of DeWitt and are still improving—we're going to be pretty good by the end of the season."

Mauro agreed with Roberson's evaluation.

"Bath looked real good," he said. "They're coming on as a potential power. If they stick together, they could represent the county at the state finals."

DeWitt also won the girls' portion of the race. Lori Grendys finished eighth, Liz Jensen ninth, Monique DeSmith 13, Cheryl Leach 20th and Chris Boehmke 36.

The Panthers had 89 points to Potterville's 104.

In the junior varsity race, P-W runners finished one-two. Tim Cook won the race and Mark Coble was second. Coach John Ellis said no team score was kept, but if there had been team standings P-W would have won.

All three teams also had dual action last week. DeWitt whipped Haslett 16-41 in a Capital Circuit meet. Ron Hensley was first, Roland Hensley second, Wilson third, DeSmith fourth and Dennis Wissern sixth.

The Panthers are rated second in the state in the coaches poll, right behind St. Louis. Mauro said Louis earned first place because of its invitational wins, but that he was not that concerned with what the ratings said.

"We want to be ready for the regionals and state," he said.

P-W set a school record in

a three-way run with Saranac and Portland. The Pirates beat Saranac 18-45 and Portland 15-50, the latter being the best score ever recorded by a P-W team.

Overall, Bengel was first in 16:47. Schafer was second, Simon fourth, Joe Weber fifth and Mike Fedewa sixth. Bath recorded three conference wins last week, beating Leslie 17-43, Stockbridge 17-44 and Dansville 17-46.

McGary was first in 16:54, a record for the Dansville course. Tarrant was one second behind in second place, and Konen was third at 16:58. Joe Kerckaert was

seventh, Kyle Kelly eighth and Randy Willis ninth.

The big event for all three schools will be the Haslett Invitational on Saturday. The lineup will be similar to that of the upcoming Class C regional, which means that many of the top C teams in the state will be there, including Breckenridge, another area power.

"The race between Breckenridge and DeWitt should tell a lot about what kind of shape DeWitt is in as a team," Roberson said. "It'll be a good picture of the coming regional, and it'll show who has got to improve in the next few weeks."

Fulton stops Laingsburg

Laingsburg

A firm defense, and a strong running attack paced Fulton to this third win of the football season, a 21-12 league victory over Laingsburg.

Coach John Wachsmuth credited Laingsburg with playing its best game of the season, even the best game he had ever seen a Wolfpack team play. But he also said that the score did not indicate the extent to which Fulton dominated.

"Defensively we played well," he said. "Laingsburg's two touchdowns were't ground out—one was a muffed punt and the other was a long pass, a break-down in the secondary."

"Offensively we had some miscues, but we didn't have as many penalties as in previous games. Overall, the score was not a true indication of how the game went."

Fulton scored first with 6:54 to go in the first period on an eight-yard run by Brad Winsor. Winsor also ran in the conversion to make the score 8-0.

The next Pirate touchdown came on a one-yard run by Jeff McVannel. Larry Fisk kicked the conversion, and Fulton was up 15-0 with 11:03 to go in the first half.

Laingsburg scored in the third quarter on a controversial play following a Wolfpack punt. Wachsmuth said Fulton muffed the punt and Marle Brink of Laingsburg picked up the ball and carried it into the end zone. Wachsmuth protested that the ball should have been blown dead, but the referees prevailed and Laingsburg had six points.

The Pirates answered with

9:19 to play in the game, when Buzz Hanson scored on a 14-yard run. The conversion failed.

The final score of the game came less than a minute later, when Brink passed 62 yards to Kirk Chauncey for a touchdown. The conversion failed, and Fulton was a 21-12 winner.

The Pirates had 19 first downs to six for Laingsburg, and they outrushed the Wolfpack 282 to 84. Laingsburg had 96 yards passing to four for Fulton.

Individually, Winsor was the top rusher with 120 yards in 20 attempts. Hanson had 59 yards, and Gary Moore carried 11 times for 58 yards.

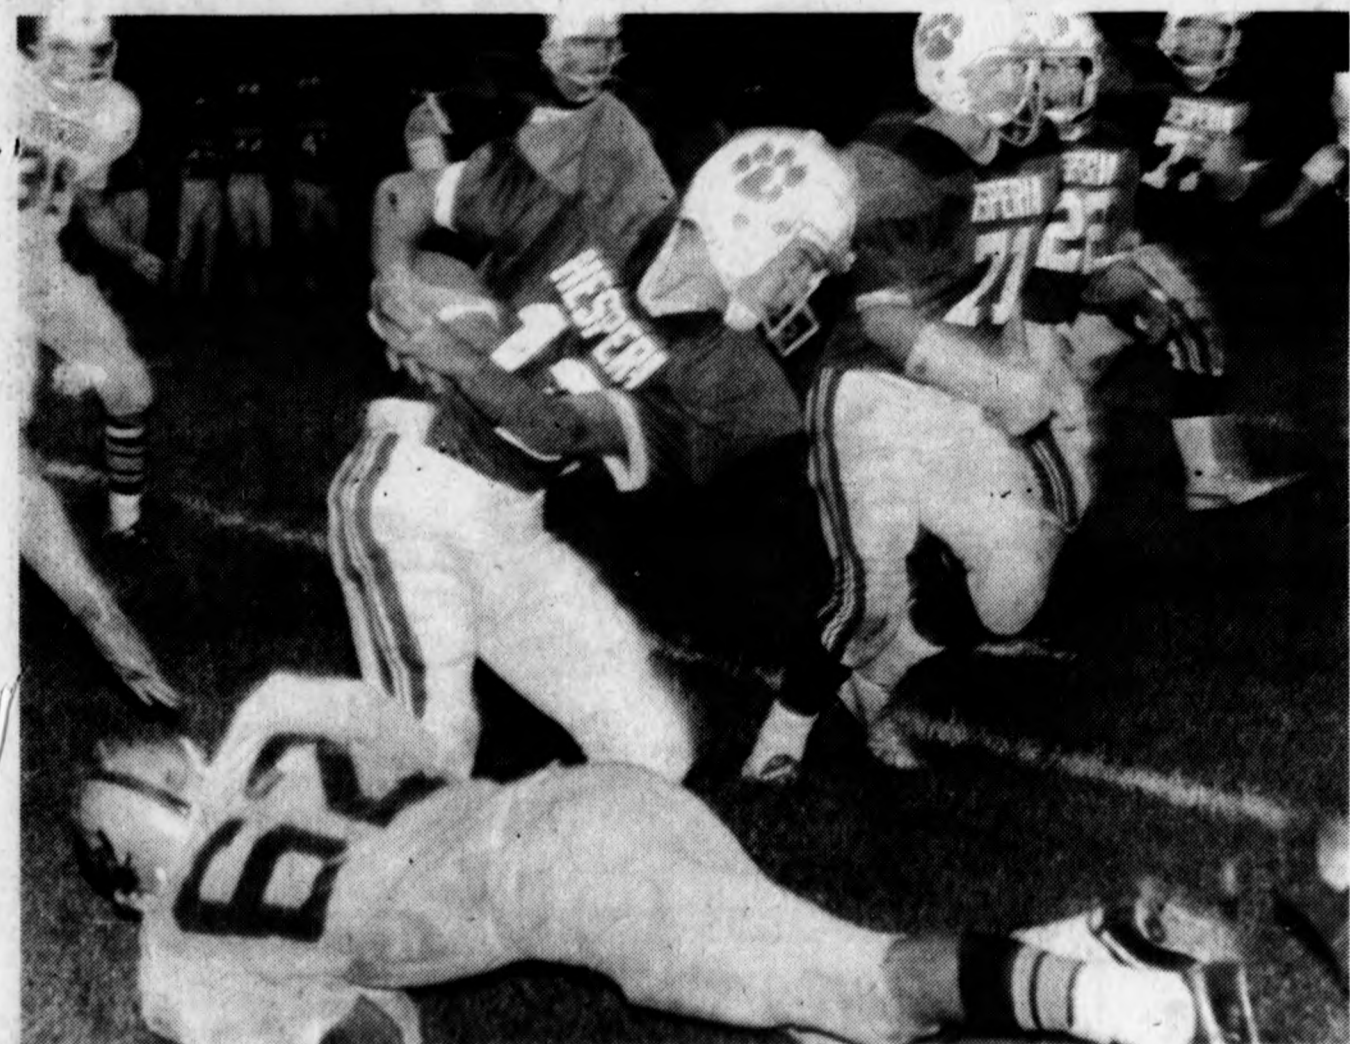

Tim Williams led the defense with 14 tackles and a fumble recovery, Mitch Price has 12 tackles and a fumble recovery, McVannel had 12 tackles and Moore had an interception.

The win left Fulton, 3-0 overall, 2-0 in the CMAC, while Laingsburg is 0-3. Friday Fulton hosts Potterville, another winless team. The Vikings lost 39-0 to Bellevue last weekend, and have yet to score this season.

"Potterville is not one of the stronger teams in the league," Wachsmuth said, "but we must still be prepared. Last year was the same kind of thing—a team may have a disappointing season, but if you beat Fulton, that makes your year."

"So every week, we have to prepare as if we were playing the number-one team in the state. We can't afford to have a let-down, and we are going to practice and play as intensely as we can."

Pirates win third straight, 20-12

Hanging on

P-W's Roy Miller doesn't have Dean Patrick of Hesperia by very much, but with other

Pirate defenders on the way he has him by enough. (Photo by Patrice Hornak)

Westphalia

Pewamo - Westphalia maintained its unblemished record Friday by beating Hesperia 20-12 in a non-league game.

"I thought we played extremely well," Coach Bill Marks said. "It was our best effort of the year."

The Pirates turned in their third strong defensive performance, holding the visitors to 85 yards on the ground and 36 yards passing. P-W accumulated 208 yards rushing and 71 passing.

P-W opened its scoring in the second quarter on a 75-yard run Kevin Fedewa. Warren Hengesbach kicked the conversion. Later that period P-W scored on a 27-yard pass from Dan Miller to Darryl Fedewa. Hengesbach added the conversion.

Hesperia answered that period with a 22-yard run by Dan Laisure for a score. The kick for the conversion was blocked.

P-W got its final score in the third quarter, when Miller carried the ball in on a one-yard run. The Panthers

added their final touchdown on an eight-yard run by Mark Tozer in the fourth period.

P-W allowed the Panthers just five first downs while picking up eight.

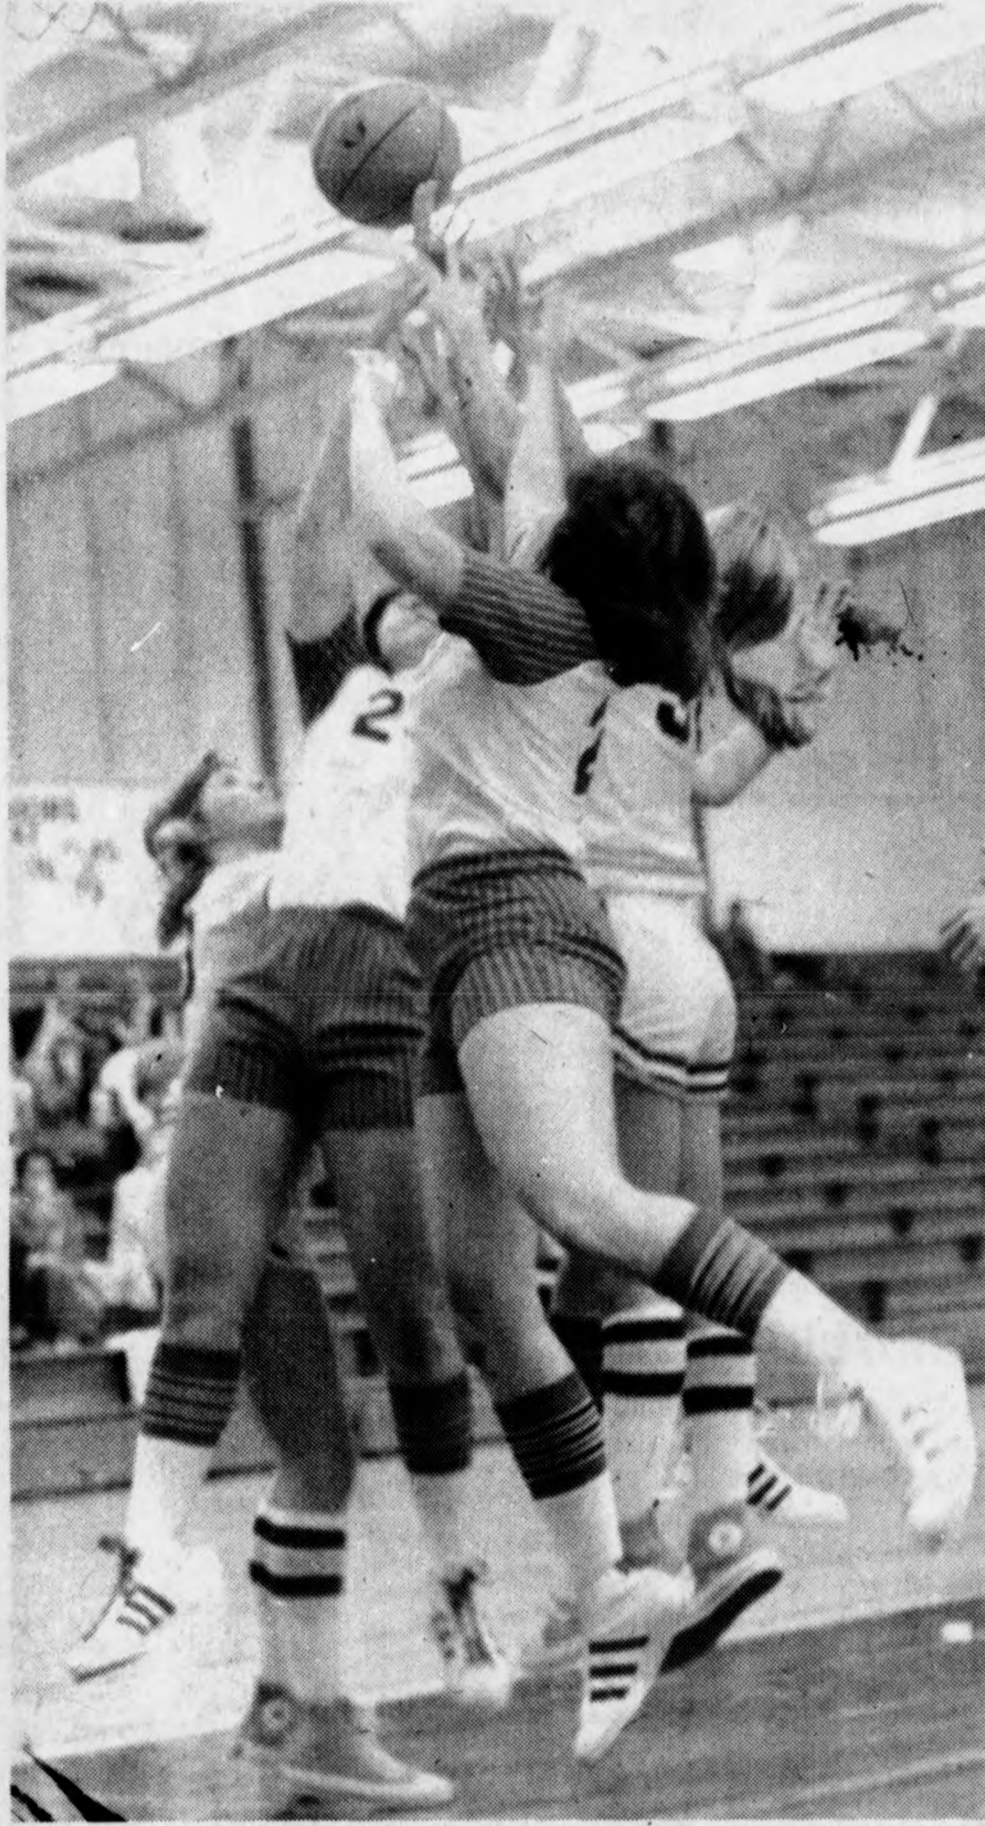

Offensively, Miller led P-W with two-for-two passing and 90 yards rushing. Kevin Fedewa had 92 yards in three carries. Stan Piggott and Darryl Fedewa each had one reception for 37 and 27 yards, respectively.

Frank E. Heckman had 11 tackles and Darryl Fedewa had 11, while Piggott had an interception.

Marks cited the play of Miller at quarterback and Heckman, Darryl Fedewa and Doug Schafer on defense as standing out for the Pirates.

Next Saturday P-W travels to Portland for a 7:30 game with St. Patrick, a 21-14 loss to Webberville Friday. P-W is 3-0 and 2-0 in the league, while Hesperia dropped to 1-2. The Panthers' previous loss was to state-ranked Shelby.

Redwing girls roll to 2 wins

Push and shove

Two St. Johns rebounders battle a Waverly player under the St. Johns' basket. Chances are one of the Redwings won that contest, just as the Redwings did all night in a 51-32 non-league win. (Photo by Tom Nowak)

Waverly

The St. Johns girls' basketball team, traditionally a power in mid-Michigan, appears to be strong again this year.

The Redwings opened the year with a 73-17 drubbing of Hemlock at Hemlock, then followed with an easy 51-32 win over Waverly Thursday.

St. Johns dominated Hemlock from the opening tip, outscoring the Huskies 22-4 in the first period, 28-2 in the

second, and 21-4 in the third. The Redwings only had two girls in double figures that game, with Denise Henning scoring 11 and Marcia Geller hitting 10.

But St. Johns had 13 girls see action and all scored at least one field goal. Hemlock did not have a player with more than four points.

St. Johns' defense played a big part in the victory over Waverly. The Warriors were outscored 19-12 in the first

period, but they had even more trouble with the St. Johns zone in the second period and could only score two points. Waverly managed six points in the third period and 12 in the fourth.

Again, the Redwings had a balanced scoring attack. Denise Henning led St. Johns with 16 points, most coming on short jump shots, but the Redwings had 10 players in the scoring column.

The Redwing junior varsity, also big winners traditionally, opened with a pair of victories.

Tuesday they defeated Hemlock 47-31. The Redwings had a nine-point lead at the end of the first half, but they were outscored by Hemlock 16-8 to narrow the gap to one. St. Johns regained control in the final period, however, to get the win.

Ann Purtil led St. Johns

with 12 points, while Denise Thelen had 10, Kim Kloechner and Lori Kus each had nine. K. Hughes had 20 for the Huskies.

Against Waverly, St. Johns had only a one-point lead after one period but stretched it to 11 at the half and 15 after three quarters.

Thelen was high scorer with 16, and Purtil added 10. St. Johns hosts Ionia Thursday and is at Corunna Tuesday.

Marauders pick up 2nd win

By Tom Nowak
Sports Writer

Elsie

Here's another O-E football trivia question: When was the last time a Marauder football team had a winning record a third of the way into the season?

The answer: 1972, when the Marauders compiled a 8-1 record. But that long wait is finally over, as the Marauders moved their record to 2-1 Friday with a 12-6 win over Bullock Creek.

Nobody is predicting that the 1978 Marauders will go 8-1, of course—even Coach Russ Pope is still shooting for three victories this season. But the team, along with a large home crowd, still was pleased with the exciting, although sloppy victory.

The Ovid-Elsie defense played its finest game of the season, allowing winless Bullock Creek 35 yards rushing and 51 yards passing and the offense finally did what Pope said it had to do—move the ball on the ground.

But the Marauders also made seven serious mistakes, which not only kept Bullock Creek in the game but almost handed the Lancers the ball game.

"With five lost fumbles and two blocked punts, it looks like we should have lost," Pope said. "But the

defense came through when it had to."

The O-E defenders held Bullock Creek without a first down until just eight minutes were left in the game—the Lancers only picked up four total—and Midland was held to minus 18 yards total offense in the first half.

For a few minutes, it looked as if the O-E offense was going to be just as overpowering. After returning the opening kickoff to their own 33, the Marauders ran the ball up all the way to the Bullock Creek 14. From there Ron Bukovic hit Bruce Davis with a 14-yard touchdown pass and with 3:01 gone, O-E was up 6-0.

After a kickoff and an exchange of punts, O-E had the ball on its own 35-yard line. A pair of incomplete passes and an intentional grounding penalty forced the Marauders to kick.

But two Lancers broke through the O-E line, Steve Smith blocked the kick and took the ball into the end zone for a touchdown. The kick for the extra point was wide, and with 3:24 to go in the first quarter the score was 6-6.

The Marauders had their most successful and most frustrating offensive drive in the second quarter. O-E, relying on the strong inside running of Lyle Huntoon and Kurt Tellar, moved the ball

from its own 34 to the Bullock Creek 3-yard line. But on second-and-goal from the 3, Huntoon fumbled and Bullock Creek took over with 1:33 left in the half.

O-E was in trouble midway through the third quarter when Smith blocked another O-E punt and the Lancers had the ball on the Marauder 21. But a holding penalty and a 14-yard sack by Matt Fabus drove Bullock Creek far out of scoring position and forced a punt.

O-E took over on its own 21 and started the final scoring drive of the night. Huntoon was the workhorse of the march, carrying for 30 yards, but the key play was a 27-yard halfback pass from Ray Bowles to Tim O'Donnell.

Three plays later, Huntoon broke two tackles and raced into the end zone from 13 yards out. The kick was wide, and O-E was up 12-6

with 9:49 to play.

The Marauders forced Bullock Creek to turn the ball over on its next possession, but on second-and-nine O-E fumbled the ball away at midfield.

A face mask penalty against O-E on the next play put the Lancers near the 30, but on fourth and less than a yard to go Brian VanWert, substituting for the regular Lancer quarterback who was injured earlier, fumbled the ball and O-E took over.

It appeared as if O-E was going to get out of the hole, as Tullar broke for 20 yards on the first play. But he fumbled on the next play, and Bullock Creek had its last chance.

So with 3:23 left and 47 yards to go for at least a tie score, the Lancers started to move. Smith and Scott Schuler alternated carrying the ball with more effective-

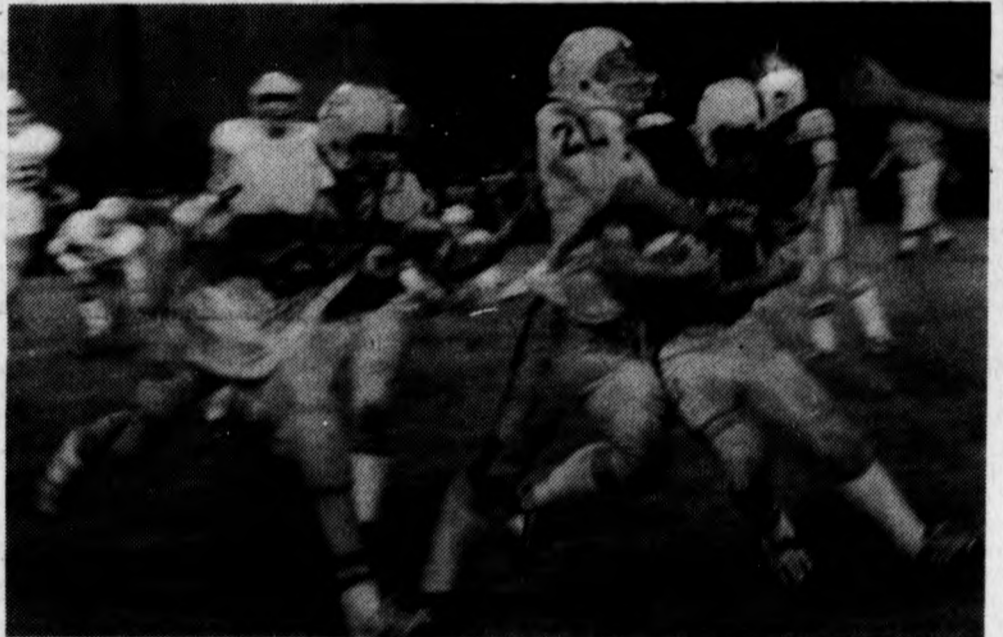

ness than they had all night, and a pass from Van Wert to Dave Allen gave the Lancers first-and-ten from the O-E 14 with 1:30 to go.

The Marauders held Bullock Creek to five yards in the next three rushes, however, and Tod Herblet knocked down a pass in the end zone with eight seconds left to preserve the win.

Huntoon led the O-E offense with 87 yards rushing, while Tullar was right behind with 79 yards.

Bowles was named defensive player of the week for his hard hitting, while Larry Knutsen was cited for his blocking. Fabus led with 15 hits on defense, while Bowles had 14.

O-E goes to Hemlock next week. The Huskies, 3-0, just squeaked past Chesaning 7-6 Friday, and Pope says that if O-E can hold onto the ball, it could make a close game of it.

Stopped cold

Football Contest

WIN \$20.00 CASH

Contest Rules

AWARDED EACH WEEK TO THE MOST SKILLFUL PROGNOSTICATOR.

THIS WEEK'S WINNER
Kevin Schmitt, Fowler
(13 correct)

1. The football contest is open to everyone except employees of Clinton County News and their families.
2. All entries must be completed and postmarked no later than 5 p.m. Friday on the week the games are played. Entries may also be delivered to the newspaper offices in St. Johns before 5 p.m. Friday.
3. If mailed, please address to FOOTBALL CONTEST, Clinton County News, 120 E. Walker, St. Johns, MI 48879.
4. Names of the winners will be published in this ad every Wednesday following the games.
5. In the event more than one person correctly picks the same number of winners, the person whose total points for tie breaker game will be declared the winner.
6. Entries are limited to one per person.
7. Must show I.D. when picking up prize money; minors should be accompanied by parent.

Eagles fall to Olivet

Fowler's football team played a good defensive game, but Olivet played a little better and came away with a 14-6 CMAC victory Friday night.

Coach Steve Spicer said Fowler's problems were caused by the combination of Olivet's ball control offense in the second half and Fowler's inexperienced offensive line.

"Our young kids in the offensive line had problems with blocking," he said. "They got a little confused

and had trouble picking up their men."

Fowler only managed 86 yards rushing and four yards passing. Olivet wasn't much better, with 80 yards on the ground and 22 yards in the air. But Fowler turned the ball over five times, four times by interceptions and once after a fumble. Olivet did not turn the ball over.

Olivet struck first in the opening period on a three-yard run by Ken Schriener. The successful conversion came on a pass to Jim DeGroot from Todd Gesner.

After fielding a punt on the Olivet 40-yard line, Fowler scored on a pass from Neil Hufnagel to Doug Koenigs-knecht. The run for the point after touchdown failed.

Olivet capped the scoring with a 70-yard, time-consuming drive capped by a three-yard run by Gosner. The Olivet kick was blocked.

Fowler only had the ball for 2:20 in the fourth period, and rushed for only 13 yards in the second half.

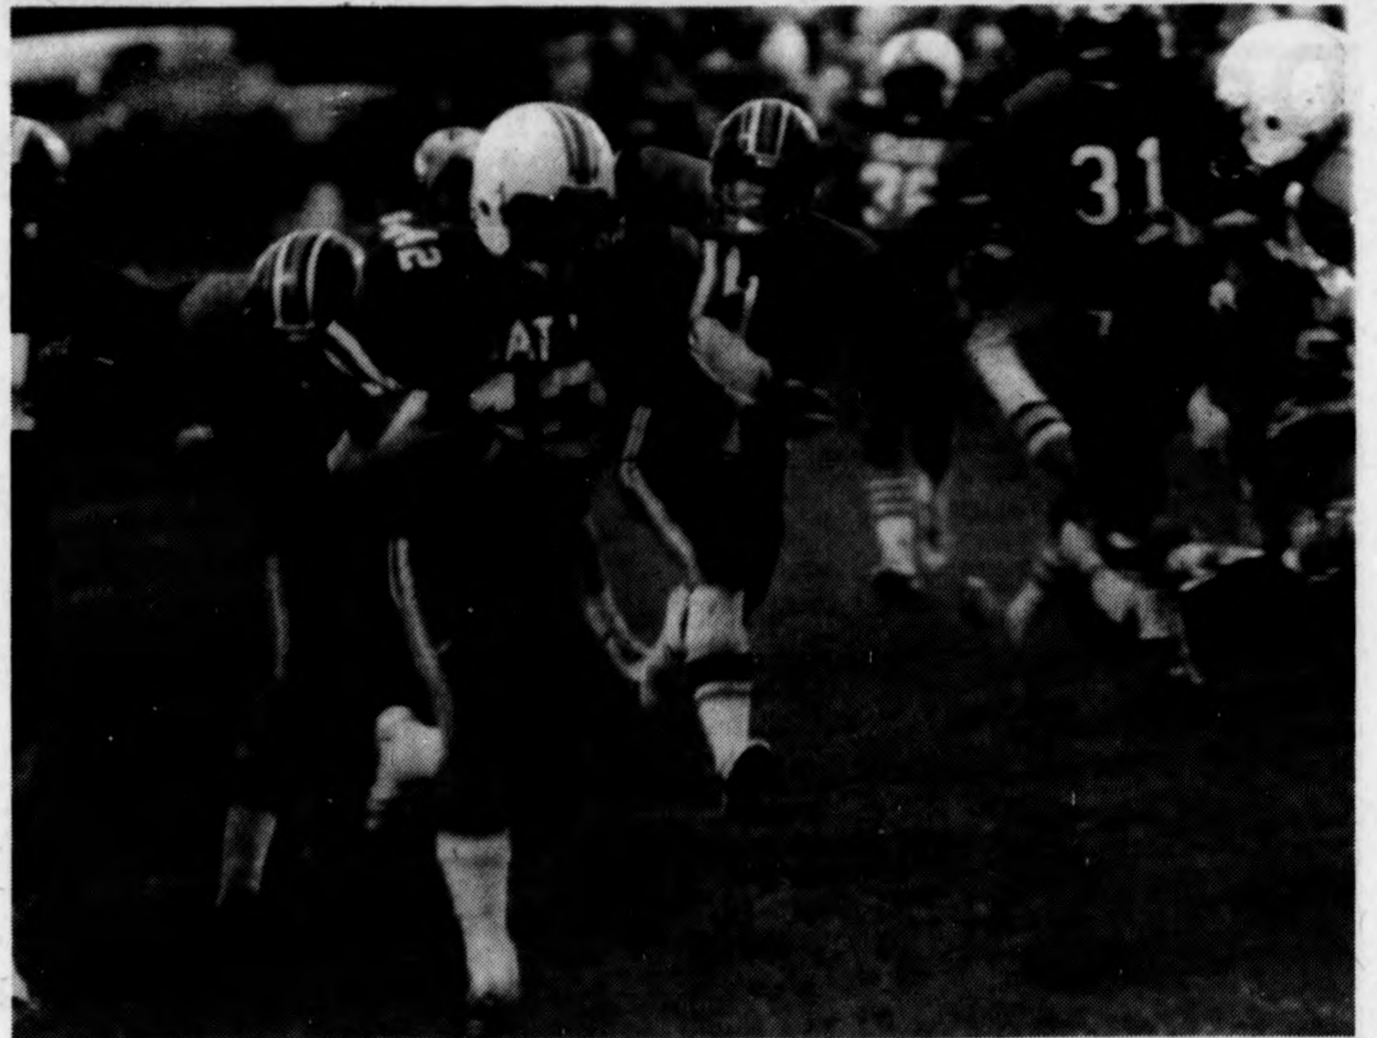

Dan Braun was Fowler's top rusher with 73 yards in 19 carries. Defensively, Dave

Wieber led with 17 tackles.

Friday Fowler travels to Laingsburg for its first road game. The Wolfpack lost its third game of the season Friday, falling to undefeated Fulton 21-12.

"Laingsburg kept the score respectable, and that was as close as anybody has gotten to Fulton," Spicer said.

"They have good size and decent speed. Even though they're 0-3, they got beat by two undefeated teams. (Fulton and Pewamo-Westphalia)."

Reggie Clark breaks away from the Stockbridge defenders in Bath's 14-13 loss to the Panthers. (Photo by H. William Lewis)

P-W golfers 2nd at Oscoda

Pewamo-Westphalia's golf team proved that it is one of the top teams in the state by finishing second in the

Oscoda Invitational. The Pirates were tied with Rochester Adams after 18 holes with a score of 327, but eventually lost the playoff. P-W did win the Class C-D

division of the competition. Coach Doug Rearick said P-W's performance proved the Pirates could play with any team in the state, regardless of class.

Rochester Adams, for example, beat Birmingham Brother Rice in a dual match earlier in the year. Brother Rice is the defending Class A champion and, according to Rearick, was expected to repeat. It was Brother Rice's first loss in two years.

P-W also finished ahead of Mt. Pleasant, expected to be among the top teams in Class B, and Dearborn, another Class A school.

Jeff Bengel shot a 78 to lead P-W, and that score was good for second place out of 120 golfers. Mike Belen had a 79, sixth place overall, Jack Cotter had 81 and Jeff Belen had an 89.

Tuesday P-W traveled to Ionia and defeated the Bulldogs 155-158. Mike Belen was low for P-W with 36, while Jack Cotter had a 37 and Bengel and Jeff Belen each had 41.

"I just hope we're not peaking too early," Rearick said. "Last year we peaked just when we had to."

Wednesday P-W hosts Fulton and Fowler, and Friday the Pirates travel to the Ludington Invitational. Tuesday they meet Portland St. Patrick.

In the clear

Bees handed ICL loss

By Randy Matthews
Correspondent

The Stockbridge Panthers defeated the Bath Bees, 14-13, in the ICL play last Friday evening.

Bath scored both its touchdowns in the first quarter on runs by Reggie Clark of 10 and 16 yards. Don Cronk kicked an extra point on two attempts for the night.

Reggie Clark rushed for 124 yards on 20 carries for a 6 yard-per-carry average.

Chris Foote, the Bee's sophomore quarterback, passed the ball 16 times completing seven for 170 yards.

Ron Easlick led in tackles with 12, and recovered two fumbles. Foote, playing middle linebacker, also had 12 tackles.

"We blew some chances to score," assistant coach Mel Comeau said. "It was our speed against their size, and with the field muddy like it

was, we just couldn't run."

Stockbridge scored its first touchdown in the second quarter on a pass from Ryan Garrett to Keith Corson, making the score 13-7. Then in the fourth quarter, Bruce Galloway ran for a touchdown from 10 yards out.

Garrett completed the conversion, making the final score 14-13.

Bath is now 1-1 in the league, and plays Dansville at home next Friday. Stockbridge remains undefeated and presently shares the league lead with Fowlerville.

Bath golfers lose 3

Bath A young Bath High school golf team dropped three dual meets last week.

Bath lost to ICL opponents Leslie, 171-180, and Fowlerville, 165-189, and a non-league match to DeWitt 159-172. The Bees also finished seventh in the nine-team Perry Invitational.

Against Leslie, Les Vitzke led the Bees with a 39. Jeff Geasler followed

with a 41, Bill Orr had a 47 and Randy Canfield a 53.

Vitzke led Bath against Fowlerville, shooting a 42. Kent Conley had a 49, Jim Barnard a 48 and Geasler a 50.

Geasler was the low man for the Bees against DeWitt along with Vitzke, both with 41. Conley shot a 44, and Orr had 46.

At the Perry Invitational, Vitzke was the Bees' low

scorer with 80. Geasler had an 88, Conley a 94 and Canfield a 96.

The losses left Bath with a 1-6 dual record, but Coach Dick Wilt said he is satisfied with the Bees' effort.

"I think we're playing as well as we can," he said, "but we're a young team."

The Bees have two seniors, three juniors, three sophomores and a freshman. They were also hurt when Kurt Conley was lost to a knee injury and Dan Kelly was hurt in an accident and could not compete.

DeWitt swimmers lose

Lansing The DeWitt girls' swim team lost its first meet of the season Thursday, falling to Sexton 50-32.

DeWitt's outstanding performance of the week belonged to Ann Hill, who had two record-setting races against the Big Reds.

Hill set the school record in the 100-yard freestyle with a time of 1:01.8, and she tied

the school mark in the 50-yard freestyle with a time of 0:28.

The Panthers also competed in the Sexton Relays Saturday, finishing eighth. Eastern won the event with 235 points, while DeWitt had 88.

Tuesday the Panthers open their home season against Okemos at 7:00.

Tuff-Kote rustproofs every van and truck twice.

Only Tuff-Kote rustproofs twice with their exclusive 2-Step System.

When it comes to rustproofing your new van or truck, once is not enough. At Tuff-Kote we rustproof them twice with our 2-Step System. That's why we feel that no one in the world can rustproof vehicles better than Tuff-Kote.

Step 1. Penetrant. No matter how new your van or truck is, it's probably already started rusting. Tuff-Kote applies a unique penetrant which creeps down to the bare metal and displaces moisture to stop that existing rust.

Step 2. Sealant. Secondly, Tuff-Kote applies a special aluminum sealant. This locks out moisture, salt, and grime to keep new rust from starting again.

Warranty. We're so confident our rustproofing system is the best, we guarantee our work with a warranty that covers both new vans and trucks. (Check your dealer for complete limited warranty details.) So bring your new van or truck to Tuff-Kote, the world's largest automotive rustproofing.

We'll rustproof it twice with our 2-Step System. And no one else in the world does that.

Tuff-Kote Car Preservation Center

Only the world's largest automotive rustproofers rustproofs your car twice.

DeWitt girls defeat Charlotte

By Mark Szalajski
correspondent

DeWitt
The DeWitt girls' basketball team split a pair of games last week, dropping a 63-46 score to Lansing Everett, and taking a 71-65 decision from Charlotte.

Against Evelyn Johnson and her teammates from Class A Everett, DeWitt's Kelly Robinson put in the first two of the night, but it went steadily downhill from there. Everett ran up seven straight points before Julie Wey scored on a layup. At the end of the first quarter, Everett was up by six, 12-6.

The Vikings continued to dominate play even though the Panthers triple-teamed Johnson whenever she got the ball. With 2:33 remaining in the period, Everett's lead had swelled to 13, but by the end of the half the Panthers cut it to nine, 27-18.

DeWitt played Everett even for most of the third quarter. Coach Frank Deak called a time-out at 2:24 and immediately after Johnson picked up her fourth foul. Things were looking up for DeWitt, but Evelyn's teammates picked up the slack and held a 43-29 advantage with a quarter to play.

DeWitt came out hot in the fourth period, scoring six straight points and cutting the Viking lead to eight, 43-35. This is as close as the Panthers would come, however, as Johnson put in a three-point play, building Everett's margin to eleven. DeWitt's Robinson fouled out with 5:32 to play, sealing the

Panthers' fate. Everett ran out the clock and took a 63-46 victory.

Evelyn Johnson hit 15 out of 23 shots from the floor, scoring a game-high 36 points for the Vikings. Kelly Robinson had 15 for DeWitt.

Thursday against Charlotte, the story was different for DeWitt. Even though the Charlotte scored the game's first eleven points, DeWitt took a couple time-outs to regroup, outscored the Orioles 13-1 the remainder of the period.

The second quarter was mostly a run-and-gun game with the DeWitt shooters getting the best of the action. At the end of the first half, DeWitt held a 31-25 advantage.

The teams exchanged baskets in the third quarter and with 4:00 on the clock, DeWitt led 38-33. Then DeWitt got hot, outscoring the Orioles 12-4 for the remainder of the quarter, and taking a 50-37 lead into the final period.

DeWitt was seemingly in control, leading by 12, 60-48, midway through the quarter. Then, in 16 seconds, Charlotte stole and shot their way to eight points, cutting the Panthers lead to four. Debbie Lusty fouled out for DeWitt with 3:10 left and a minute later Charlotte had the lead down to one point, 66-65.

Robinson hit on a couple of free throws to give the Panthers a little breathing room. Charlotte then turned the ball over after another DeWitt score, giving the Panthers the ball and a

five-point lead with 1:20 to go.

DeWitt stalled successfully, passing and dribbling through a frantic Charlotte defense. Charlotte finally fouled Lori Noch and she hit a free throw with 18 seconds left.

Charlotte couldn't get the ball through the basket in the final seconds, giving DeWitt a hard fought 71-65 victory.

Kelly Robinson played exceptionally well, scoring 33 points and grabbing 23 rebounds for DeWitt. Kathy Spagnuolo added 11 for the victors.

This week DeWitt plays Shepherd and Haslett, both on the road.

A winning serve

Bonnie Eisler of St. Johns defeated Tammy Boughton of DeWitt 6-1, 7-5 Friday. (Photo by Tom Nowak)

Redwings beat DeWitt

St. Johns

The St. Johns tennis team beat DeWitt Friday in a non-league match 6-1, while earlier in the week the Redwings fell to Sexton 6-1 and DeWitt was beaten by Okemos 5-0.

In the Redwing-Panther match, Bonnie Eisler of St. Johns beat Tammy Boughton 6-1, 7-5 in the first singles. Julie Dakers of St. Johns beat Janet Wick 6-2, 6-1 in the second singles. Sue Willard of DeWitt beat Sue Coleman in the third singles 6-4, 6-3, and Michelle English of St. Johns beat Val Ouderkerk in the last singles spot 4-6, 6-4, 6-3.

Shelia Hays and Cindy Madsen won the first doubles match over Terri Corr and Heather Alfred of DeWitt 6-3, 6-4. The Redwings' Lisa Foy and Tama Sweeney beat Jeannine Freland and Lori

Boughton 6-1, 7-5, and Terri Ritz and Beth Hunt of St. Johns beat Tara Pallick and Lisa Keck 6-2, 6-4.

Wednesday the Redwing ran into a more experienced Sexton team, which was playing its sixth meet while St. Johns was in its second.

The only winner for St. Johns was the third doubles team of Ritz and Hund, which won 6-1, 6-2. The second doubles team of Foy and Sweeney went three sets before losing to Natalie Riddle and Karen Hauck 6-7, 6-1, 6-1.

Eisler lost 6-2, 6-1, Dakers fell 6-4, 6-2, Coleman lost 2-6, 1-6, and English lost 7-6, 6-1. In doubles, Madsen and Hays lost 6-1, 6-2.

St. Johns' coach John Koczman said both meets were building meets for the Redwings, and he added that the Redwings were hurt by

the absence of third singles player Linda Pattison, who was ill.

"The win against DeWitt should help build self-confidence," he said. "Our girls did play a good meet, a determined meet, and they got a most needed win."

DeWitt had no more luck in Wednesday's match against Okemos, which was shortened because of rain. Unfortunately for DeWitt, Coach Marc Servis said, the Panthers' two best efforts were stopped by the showers. The doubles team of Ferland and Lori Boughton and the fourth singles spot, played by Corr, both were doing well when the rain came.

St. Johns, 1-2, hosts Ionia Tuesday. DeWitt, 1-3, is at Lansing Catholic today, at Everett Friday and at home Monday against Ionia.

Redwing golfers win 2 of 3

St. Johns
The Redwing golf team raised its season record to the .500 mark by taking two of three matches last week.

On Sept. 19 St. Johns defeated Corunna 438-444 at the Clinton County Country Club, but Thursday the Redwings fell to Chesaning 405-415 at Chesaning. Friday they beat Ithaca 160-188.

Against Corunna, Jim DeDyne was the low man with an 81. Tom Teichert had an 85, Jeff Kemper 87, Kathy Teichert 90 and Paul Duguay 95. Jim Hoeng led Corunna with an 86.

St. Johns shaved 23 strokes off its score against Chesaning, but the Indians' answered with a school-record score of 405. A key man for Chesaning was Jim Wesley, who shot a 92 two days before but came back with a 76 against the Redwings.

For St. Johns, Dedyne was again the leader with a 79. Kathy Teichert had a strong round of 81, Kemper an 83, Tom Teichert 85 and Brian Barrett 87.

Coach Mike Humphrey said after the Ithaca match that the team is starting to jell.

"They are playing much better than they have been playing," he said. "I hope we can surprise the league leader—Alma—which may be looking past us."

Dedyne was again the leader against Ithaca, this time with a 38. Kemper had a 40, Tom Teichert 41 and Kathy Tiechert 41.

The Redwing junior varsity had no trouble defeating the Chesaning JVs 434-653. Kurt Conley had an 83 for St. Johns, followed by Paul Duguay's 87, Rod Crowell's 88, Jon Warren's 90 and Craig Teidt's 96.

Chesaning's first two players had scores of 95 and 96, but after that the score ballooned to 128, 130 and 184.

Against Ithaca, the JVs won 178-224. Barrett and Crowell led with 43, while Duguay and Conley had 46.

Last week's action left the varsity 2-2 in the MMB and 3-3 overall, while the junior varsity is 4-1 overall and 2-1 in the league.

Maruders win in MMB

Corunna Ovid-Elsie's girls' basketball team evened its season record at 1-1 and took its first MMB win last week, beating Corunna 48-46.

The Maruders were up by a healthy margin for most of the game, but had to fight off

the Cavaliers at the close. Saphomore Jennifer Litomisky led O-E with 16 points and 18 rebounds, while Eldina Marriage chipped in 12 points.

Tuesday O-E is at Hemlock.

O-E outruns Hemlock

Hemlock The Ovid-Elsie cross country defeated Hemlock 25-30 in the MMB meet last Tuesday.

Dave Toth won the race for O-E, finishing in 17:07. Jack Miller was second at 17:15, Don Miller sixth at 17:37, Jeff Garlock seventh, at 17:49

and Doug Kadolph ninth at 18:17.

T.J. Peters was Hemlock's top finisher, coming in third in 17:16.

O-E is entered in the Haslett Invitational Saturday, then is at Chesaning Tuesday.

Fulton loses in CMAC

Olivet The Fulton girls' basketball team gave Olivet a good run, but still came up short and dropped the CMAC game 48-44.

Olivet, whose record moved to 4-0 with the win, trailed by three at the end of the first period, but outscored the Pirates 20-15 in the second quarter to take the lead. The Eagles also led at the end of the third

quarter.

Jill Moore led the Fulton scorers with 12 points, while Sandy Price had 10 and Beth Batway nine. Price also led in rebounding with 10, and she stood out on defense, holding Olivet's Lori Money to eight points, about 12 below her average.

Fulton, 3-3 overall 11 and 0-1 in the CMAC, is at Pottersville tonight.

Fulton x-country wins

Stanton Fulton's cross country team squeaked by Central Montcalm 28-29 in a non-league meet Sept. 19.

Jim Slavik was the top finisher for the Pirates, winning the race in 16:52. David Drake was fourth at 17:50, Chris Price sixth at 18:04, Larry Baker eighth at 19:07 and Matt Baker ninth at 19:28.

Todd Chapin was the top finisher for Central Mont-

calm, finishing second at 17:21.

Thursday Fulton finished ninth out of 14 teams competing in the Class II race at the Springport Invitational. Slavik, who finished fifth at 16:20, and Drake, 20th at 17:23, were the only Pirate medal winners.

Fulton is on the road twice this week, at Pottersville Thursday and at the Haslett Invitational Saturday.

Bath beats Fowler

By Jenni Snider Correspondent

Bath The Bath girls' basketball team won two games last week, beating Leslie 68-28 and Fowler 62-47.

The Bees had no trouble in their home opener against Leslie, as they rolled to a 30-7 halftime lead.

Bath had four team members in double figures. Amy Schaubly led with 14, Tammy Tucker and Ruth Miehle had 12 and Patti Kloekner had 11. High Scorer for Leslie was Kathy

Shipman with 10.

Bath's real contest came Sept. 20 when they traveled to Fowler. Bath led the entire game, but it never had it easy. After taking a 32-24 halftime lead, the Bees saw Fowler close the gap to five points after three periods.

High scorer for the game was Kat Schmitt of Fowler with 21 points. Shably and Ros Schneider had 15 and Sue Parkey had 12.

Bath, 3-0, is at Pinckney Thursday and hosts Perry Tuesday. Fowler hosts Laingsburg tonight and Pottersville Monday.

DeWitt golfers win 2

DeWitt The DeWitt golf team won a pair of dual matches last week, beating Mason 169-172.

Against Mason, Mike Touné was low with a 40. Jeff Moody and Mark White had 42 and Dennis Wiser had 45. Dwayne Putnam had 40 for

Mason.

Greg Overway led against Bath with a 37. Moody and White each had 40 and Touné had 42.

DeWitt, 2-3 overall and 1-3 in the league, meets Howell tonight, Perry Thursday and Williamston Friday.

O-E golfers lose pair

Elsie The Ovid-Elsie golf team dropped two MMB matches, falling to Alma 413-494 and to Hemlock 442-448.

Against Hemlock on Sept. 19, Tom Hatta led O-E with an 83, while Terry Howard and Mike Ginther each shot 85.

The Maruders ran into a powerhouse at Alma Thursday, as the Panthers are 7-0 and expected to be state-

rated. Tom Hatta led O-E with a 92, while Jack McCormick paced Alma with 76.

The junior varsity also lost twice, falling to Hemlock 252-258 and to Alma 610-701. Bob Skriba and Lyman Keisler led against the Huskies with 47 and 48.

Coach Tom VanDeventer said that even though the Maruders are 3-4 overall and 0-4 in the league, he was

not disappointed because of the strong teams in the conference.

He said his goal for the season is a 6-6 record, and if the Maruders reach that they will be the first O-E golf team not to finish with a losing record.

Today O-E is at St. Louis, Thursday at St. Johns, Monday at Ithaca and Tuesday at Swan Valley.

Pirates split pair

Westphalia The Pewamo-Westphalia girls' basketball team moved its record to 3-1 last week, beating Saranac 40-24 but losing to Pottersville 40-33.

Coach Bonnie Somero said the Pirates' efforts were hampered by the loss of center Sharon Witgen, who missed the two games with a severely sprained ankle.

Her replacement, Rita Lenneman, filled in well, Somero said, hitting double figures twice and grabbing seven rebounds each game.

"Rita did a good job," Somero said. "But the team was psychologically hurt by the loss of Witgen."

Against Saranac, P-W's defense completely shut down the Redskins in the

first half, allowing only four points. The Pirates scored nine points the first period and 10 in the second to take a comfortable 19-4 halftime lead.

P-W stretched the gap to 33-12 by the end of the third quarter and coasted to the win.

Sandy Smith led the Pirate scorers with 19 points. Lenneman added 10.

Lenneman and Judy Spitzley led the rebounding with seven, while Smith pulled down six. Lenneman also had five assists, while Spitzley had five steals.

Neither team had a hot hand in the P-W-Pottersville game, but the Pirates always had the worst of it. P-W was outscored in the first half 25-13, but they

outscored Pottersville 20-15 in the second half to narrow the gap.

Both teams were cold from the floor in the first half and 18 percent in the second, while Pottersville shot 29 and 21 percent. P-W also had a poor night at the free throw line, shooting five of 15 for 33 percent.

Spitzley was the individual leader for P-W with 12 points and 18 rebounds. Lenneman followed with 11 points and seven rebounds. Therese Simon and Gina Pline had six and five rebounds.

Simon also had four steals and four assists.

P-W returns to CMAC action Wednesday, hosting Portland St. Patrick.

ORDINANCE NO. 105

RATE AND MANDATORY CONNECTION ORDINANCE

AN ORDINANCE TO PROVIDE FOR THE OPERATION OF THE CLINTON COUNTY SANITARY SEWAGE DISPOSAL SYSTEM NO. 5 (VILLAGE OF ELSIE) ON A PUBLIC UTILITY BASIS UNDER THE PROVISIONS OF ACT 94, PUBLIC ACTS OF MICHIGAN, 1933, AS AMENDED AND TO PRESCRIBE THE RATES TO BE CHARGED FOR THE USE OF SAID SYSTEM; TO PROVIDE FOR THE MANDATORY CONNECTION TO SAID SYSTEM AND TO PROVIDE FOR OTHER MATTERS RELATIVE TO SAID SYSTEM.

THE VILLAGE OF ELSIE HEREBY ORDAINS:

Section 1. It is hereby determined to be desirable and necessary, for the public health, safety and welfare of the Village of Elsie, that the Clinton County Sanitary Sewage Disposal System No. 5 (Village of Elsie) be operated by said Village as lessee of Clinton County and the Clinton County Department of Public Works under Act 185 of 1957, as amended, on a public utility rate basis in accordance with the provisions of Act 94, Public Acts of Michigan, 1933, as amended.

Section 2. Whenever the words "the System" are referred to in this ordinance, they shall be understood to mean the complete Clinton County Sanitary Sewage Disposal System No. 5 (Village of Elsie), including treatment facilities, all sewers, pumps, lift stations, and all other facilities used or useful in the collection and disposal of domestic, commercial or industrial wastes, including all appurtenances thereto and including all extensions and improvements thereto, which may hereafter be acquired.

Whenever the words "revenues" and "net revenues" are used in this ordinance, they shall be understood to have the meanings as defined in Section 3, Act 94, Public Acts of Michigan, 1933, as amended.

Section 3. The operation and maintenance of the System shall be under the supervision and control of the Village of Elsie, subject to the terms of the contract dated September 11, 1978 between the County of Clinton and the Village of Elsie. Pursuant to the terms of such contract the Village of Elsie has retained the exclusive right to establish, maintain and collect rates and charges for sewer collection and disposal service and in such capacity the Village Council of the Village of Elsie may employ such person or persons in such capacity or capacities as it deems advisable and may make such rules, orders and regulations as it deems advisable and necessary to assure the efficient establishment, maintenance and collection of such rates and charges.

Section 4. Rates to be charged for service furnished by the System shall be as follows:

Sewer Use Charges

A. Premises with water service: Sewer use charges shall be at the rate of \$1.05 per 1,000 gallons of water used monthly, with a minimum charge of \$4.25 for the first 4,000 gallons.

B. Premises without water service: Sewer use charges to each single-family residential premises shall be in the flat amount of \$8.50 per month. Each premises other than a single-family residence shall pay a quarterly charge of \$8.50 multiplied by a factor representing a ratio of sewage use by such class of premises to normal single-family residential sewage use, as reflected in the last three years metered water usage or, if inapplicable, in the schedule attached hereto and approved as Appendix A. Provided, however, that the minimum monthly charge to any premises shall be \$8.50.

C. Sewer use charges shall be the same for users of the System both within and outside of the Village.

Connection Charge

A. Direct Connection: For each direct connection within the Village to lines of the System there shall be charged a fee of One Thousand Seven Hundred (\$1,700.00) Dollars per single-family residence equivalent.

B. Indirect Connection: In order to defray the proportional share of the treatment facilities and the necessary oversizing of trunks and pumping stations, for each indirect connection within the Village to the System there shall be charged a fee of Eight Hundred Fifty (\$850.00) Dollars per single-family residence equivalent. An indirect connection shall be defined as one made to lines added to the System after its original construction, the cost of which is paid from special assessments or private funds.

C. Out of Village Users: Out of Village users shall pay direct and indirect connection charges in accordance with the same terms as Village users, except that such charges shall be in the amounts of Twenty-eight Hundred (\$2,800.00) Dollars and One Thousand Four Hundred (\$1,400.00) Dollars respectively.

D. Equivalent User Factor: Each premises other than a single-family residence shall pay either a direct or indirect connection charge multiplied by a factor representing a ratio of sewage use by such class of premises to normal single-family residential use, as reflected in the last three years metered water usage or, if inapplicable, in Appendix A.

E. Payment of Connection Charge: Connection charges as set forth above shall be due and payable in cash upon application for connection to the System, or said charges for other than new construction may be paid in installments with interest at the annual rate of 6% per annum on the unpaid balance, over a period of Thirty (30) years. If paid in installments, the first installment of said connection charge shall be payable upon application for connection, and all subsequent installments plus interest shall be payable annually with each succeeding July 1st sewer use charge billing thereafter.

Industrial Cost Recovery Charge

The Village Council shall establish a system of industrial cost recovery charges applicable to any user of the System consistent with the terms and conditions of the Federal Grant financing part of the cost of the System, which charges shall be collected, held and used in the manner required by said Federal Grant.

Special Rates

For miscellaneous or special services for which a special rate shall be established, such rates shall be fixed by the Village Council.

Billing

Bills will be rendered quarterly on January 1, April 1, July 1 and October 1, payable without penalty within thirty (30) days after the date thereon. Payments received after such period shall bear a penalty of five per cent (5%) of the amount of the bill.

Enforcement

The charges for services which are under the provisions of Section 21, Act 94, Public Acts of Michigan, 1933, as amended, made a lien on all premises served thereby, unless notice is given that a tenant is responsible, are hereby recognized to constitute such lien, and whenever any such charge against any piece of property shall be delinquent for six (6) months, the Village official or officials in charge of the collection thereof shall certify annually, on April 1st of each year, to the tax-assessing officer of the Village the facts of such delinquency, whereupon such charge shall be by him entered upon the next tax roll as a charge against such premises and shall be collected and the lien thereof enforced, in the same manner as general Village taxes against such premises are collected and the lien thereof enforced. Provided, however, where notice is given that a tenant is responsible for such charges and service as provided by said Section 21, no further service shall be rendered such premises until a cash deposit in the amount of \$50.00 shall have been made as security for payment of such charges and service.

In addition to the foregoing, the Village shall have the right to shut off water and/or sewer service to any premises for which charges for sewer services are more than three (3) months delinquent, and such service shall not be reestablished until all delinquent charges and penalties and a turn-on charge, to be specified by the Village Council, have been paid. Further, such charges and penalties may be recovered by the Village by court action.

Section 5. No free service shall be furnished by said System to any person, firm or corporation, public or private, or to any public agency or instrumentality.

Section 6. It is hereby determined and declared that public sanitary sewers are essential to the health, safety and welfare of the people of the Village of Elsie; that all premises on which structures in which sanitary sewage originates are situated shall connect to the System at the earliest reasonable date as a matter for the protection of the public health, safety and welfare of the people of the Village of Elsie, and therefore, all premises on which structures in which sanitary sewage originates are situated or become situated and to which sewer services of the System shall be available shall connect to said System within ninety (90) days after the mailing or posting of notice to such premises by the appropriate Village official that such services are available. Said notification and enforcement of this Section shall be in conformity with Act 288 of the Public Acts of Michigan of 1972, except that the Village may require connection to the System of structures more than 200 feet from a sanitary sewer, upon a specific finding by the Village Council, supported by recited facts, that such connection is necessary to abate pollution or otherwise to protect the public health.

Section 7. The rates hereby fixed are estimated to be sufficient to provide for the payment of the expenses of administration and operation, such expenses for maintenance of the said System as are necessary to preserve the same in good repair and working order, to provide for the payment of the contractual obligations of the Village to the County of Clinton pursuant to the aforesaid contract between said County and the Village of Elsie as the same become due, and to provide for such other expenditures and funds for said System as this ordinance may require. Such rates shall be fixed and revised from time to time as may be necessary to produce these amounts.

Section 8. The System shall be operated on the basis of an operating year commencing on July 1 and ending on the last day of June next following.

Section 9. The revenues of the System shall be set aside, as collected, and deposited in a separate depository account in Clinton National

Alpha Eta holds fall meeting

St. Johns Delta Kappa Gamma met The Alpha Eta Chapter of Sept. 19 in the conference

Joins sorority

Melanie Nemcik

Melanie Nemcik became an active member of the Alpha Theta Sorority November 29, 1977. Final initiation ceremonies were held at the Embers in Mt. Pleasant following a four week period of pledging. Winter term 1977 Melanie was elected as a Panhellenic Representative of the Alpha Theta Sorority to the Panhellenic Council. Within Panhellenic Council Melanie was elected Secretary for the 78-79 school year. Melanie is a junior at Alma College majoring in history. She is the daughter of Mr. and Mrs. Lawrence E. Nemcik, who reside at 4113 West Maple Rapids Road, St. Johns.

room of the Central National Bank. New officers for the year are: President Estelle Geller; 1st Vice-President Alice Thrun; 2nd Vice-President Joan Zatkovic; Recording Secretary Karen Lusk; Corresponding Secretary Helen Mowl; Treasurer Evelyn Weiland. The president introduced the new members: Patricia Barlow, Nancy Lashaway, Sharon Mayhew, Patricia Nixon and Mary Porubsky. Estelle Geller and Alice Thrun reported on convention and workshop meetings they had attended. The president explained some of the legislative changes that were adopted at the international convention in Chicago. Plans are already underway for the 1980 convention. Alice Thrun and Louise Somerlot presented a skit displaying pictures, each of

which portrayed symbols pertaining to the Society. Following the business meeting each of the various committees met to plan their year's work. The next meeting will be Oct. 12 at the Curwood Castle in Owosso.

John Stiles promoted

Marine Staff Sergeant John E. Stiles, son of Fredrick E. Enos of Route 1, Elsie, has been promoted to his present rank while serving with the 3d Force Service Support Group, Okinawa. He joined the Marine Corps in March 1968.

Sealed Power mounts campaign

Charging up for the United Way campaign at Sealed Power are these volunteers who will be asking their fellow workers to contribute to the 1979 campaign. Clinton County has set a goal of \$53,000 and the tri-county area served by the Capital Area United Way has set a \$3.6 million goal. (From left, seated) Evelyn Walker and Janice Weber, (back row) Clinton Industry Campaign Chairperson Dave Dodd, Diane Davis, Maureen Hauptert, Jean Archambault, Marilyn Speer, Pat Butten, Barbara Grubaugh and Maxine Lahr who is a campaign staff representative from the Capital Area United Way. (Photo by Patrice Hornak)

business in Michigan, in an account to be designated SEWER SYSTEM RECEIVING FUND (hereinafter, for brevity, referred to as the "Receiving Fund"), and said revenues so deposited shall be transferred from the Receiving Fund periodically in the manner and at the times hereafter specified.

(A) OPERATION AND MAINTENANCE FUND

Out of the revenues in the Receiving Fund there shall be first set aside quarterly into a depository account, designated OPERATION AND MAINTENANCE FUND, a sum sufficient to provide for the payment of the next quarter's current expenses of administration and operation of the System and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

(B) CONTRACT PAYMENT FUND

There shall next be established and maintained a depository account, to be designated CONTRACT PAYMENT FUND, which shall be used solely for the payment of the Village's obligations to the County of Clinton pursuant to the aforesaid contract. There shall be deposited in said fund quarterly, after requirements of the Operation and Maintenance Fund have been met, such sums as shall be necessary to pay said contractual obligations when due. Should the revenues of the System prove insufficient for this purpose, such revenues may be supplemented by any other funds of the Village legally available for such purpose.

(C) REPLACEMENT FUND

There shall next be established and maintained a depository account, designated REPLACEMENT FUND, which shall be used solely for the purpose of making major repairs and replacements to the System if needed. There shall be set aside into said fund, after provision has been made for the Operation and Maintenance Fund and the Contract Payment Fund, such revenues as the Village Council shall deem necessary for this purpose.

(D) IMPROVEMENT FUND

There shall next be established and maintained an Improvement Fund for the purpose of making improvements, extensions and enlargements to the System. There shall be deposited into said fund, after providing for the foregoing fund, such revenues as the Village Council shall determine.

(E) SURPLUS MONEYS

Moneys remaining in the Receiving Fund at the end of any operating year, after full satisfaction of the requirements of the foregoing funds, may, at the option of the Village Council, be transferred to the Improvement Fund or used in connection with any other project of the Village reasonably related to purposes of the System.

(F) BANK ACCOUNTS

All moneys belonging to any of the foregoing funds or accounts may be kept in one bank account, in which event the moneys shall be allocated on the books and records of the Village within this single bank account, in the manner above set forth.

Section 10. In the event the moneys in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund, any moneys and/or securities in other funds of the System, except sums in the Contract Payment Fund derived from tax levies, shall be transferred to the Operation and Maintenance Fund, to the extent of any deficit therein.

Section 11. Moneys in any fund or account established by the provisions of this Ordinance may be invested in obligations of the United States of America in the manner and subject to the limitations provided in Act 94, Public Acts of Michigan, 1933, as amended. In the event such investments are made, the securities representing the same shall be kept on deposit with the bank or trust company having on deposit the fund or funds from which such purchase was made. Income received from such investments shall be credited to the fund from which said investments were made.

Section 12. The owner or owners of a single family residence, in which residence said owner or owners reside and upon which a connection charge

has been imposed, may submit a hardship application to the Village seeking a deferment in the partial or total payment of the connection charge provided for herein, based upon a showing of financial hardship, subject to and in accordance with the following:

(a) The owners of the premises shall, under oath, complete a hardship application provided by the Village Council, and file said application, together with all other information and documentation reasonably required by the Village, with the Village Council not less than 60 days prior to the due date of the annual installment of such charge. Any such deferment shall be for the current annual installment only. An application shall be completed and filed by each and every legal and equitable interest holder in the premises, excepting financial institutions having security interests in the premises.

(b) Hardship applications shall be reviewed by the Village Council, and after due deliberation of hardship applications, the Village Council shall determine, in each case, whether there has been an adequate showing of financial hardship, and shall forthwith notify the applicants of said determination.

(c) An applicant aggrieved by the determination of the Village Council may request the opportunity to appear before the Village Council in person for the purpose of showing hardship and presenting any argument or additional evidence. A denial of hardship following such a personal appearance before the Village Council shall be final and conclusive.

(d) In the event that the Village Council makes a finding of hardship, the Village Council shall fix the amount of partial or total deferment of the charge so imposed, and in so doing, shall require an annual filing of financial status by each applicant, providing that upon a material change of financial status of an applicant, said applicant shall immediately notify the Clerk of the Village so that a further review of the matter may be made by the Village Council, and provided further that the duration of the deferment granted shall be self-terminating upon the occurrence of any one of the following events:

- (1) A change in the financial status of any applicant which removes the basis for financial hardship;
- (2) A conveyance of any interest in the premises by any of the applicants, including the execution of a new security interest in the premises or extension thereof;
- (3) A death of any of the applicants.

(e) Upon a determination of the Village Council deferring all or part of the charges imposed, the owners of the premises shall, within one month after such determination, execute and deliver to the Village as the secured party a recordable security instrument covering the premises, guaranteeing payment of the deferred amounts on or before the death of any of the applicants, or, in any event, upon the sale or transfer of the premises. Said security interest shall guarantee payment of an amount necessary to cover all fees and charges deferred and all costs of installation and connection, if applicable, the consideration for said security interest being the grant of deferment pursuant to this Ordinance.

Section 13. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

Section 14. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are, to the extent of such conflict, hereby repealed.

Section 15. This ordinance shall be published once, in full, in the Clinton County News, St. Johns Elsie Advertiser, Elsie, a newspaper of general circulation within the boundaries of the Village and qualified under State law to publish legal notices, promptly after its adoption, and the same shall be recorded in the Ordinance Book of the Village and such recording authenticated by the signatures of the President and Village Clerk.

Section 16. This ordinance shall become effective immediately upon its adoption.

ORDINANCE DECLARED ADOPTED.

3 exchange students at Fulton

(Editor's note: Micky Friesen is a junior at Fulton High School and she is active in the flag corp, band, pom pom squad, volleyball team and the school newspaper, "The Pirate's Patch." She is the daughter of John and Kay Friesen of 10720 Bliss Rd., Perrinton.)

By Micky Friesen
This year, at Fulton High School there are three exchange students: Ardy Jensen from Denmark who is staying with the Ray Fricke family, Sharzad Otimiski from Iran who is with the Al Hamp family, and Truda Hansen from Norway with the Bill Friesen Jr. Family. Faculty-wise, Fulton has

new instructors Mrs. Mary Gray as librarian and World History teacher; Miss Kathy Joeseph, assistant band director; and Jeff Reynolds in biology. Also, Miss Margret Numemaker is the new athletic director. There is a new added shop and agricultural building made possible by federal grants. Construction had begun in the winter of last year. "The Pirate's Patch" has started work, with their first results of the 1978-79 year out Friday, Sept. 22 also the Yearbook committee is underway with Mrs. Gray. The band has added some new flare, along with Miss Joeseph, there is a rifle and flag corp.

Senior citizens enjoy meals, socializing

By Sue Kiley
Staff Writer

Clinton County
Some good food, a little bingo and cards, mixed with a lot of friendship and socializing equals the senior citizen nutrition program in Clinton County.

The nutrition program started in 1976 and is funded by Tri-County on Aging. Over 23,000 meals have been served to nearly 1,000 senior citizens in the county. The eight sites for meals are Bath, DeWitt, St. Johns, Ovid-Elsie, Fowler, Westphalia and Maple Rapids. "Bingo," one woman calls out as she raises her hand during one of the meals.

Some of the players are more intense than others as they were waiting for their dinner to be served at the Bath Middle School cafeteria last Monday afternoon. One lady, apparently being bored, was reading a book. Another gentleman bothered by flies held his cards in one hand and fly swatter in the other.

Caller for the game, Lucy Jacobi, who is also coordinator for Bath, DeWitt and St. Johns meal programs announced there were only five more bingos left.

"I've gotta win this time," Hilda Miller, a regular participant at the meal program said. She didn't win that day, but she commented

there were other days when she won a lot. Instead of bingo cards, they were using playing cards and were awarded quarters for winning.

The meal consisted of peaches, sloppy joes, peas and salad. Each person had a favorite seat and table picked out with a friend or two on each side.

Two of the sites (Maple Rapids and Westphalia) do their own cooking for the meals. The other places eat at school cafeterias and hire a cook and assistant.

The purpose of the once a week event is to provide a nutritious meal and a social atmosphere for the seniors of the community. Most of the meals are served at noon, while other areas pick the time they want to have their dinner. A lot of times it revolves around the school's schedule.

"I like the friendship, getting together and the food," Mrs. Miller said.

Some of the seniors helped serve the meal. They were instructed to place a cup sideways for milk, up for coffee, and upside down for tea. After the meal was served a blessing was said by one of the senior citizens.

"This is only the second time I have been here," Ruby Kell said. "I really enjoy it though."

For some it is their only social outing of the week. For others it is just one more time to get

together with friends or to meet new people.

"It's a good way of communicating with others," Kitesie Douglas said. "I work during the summers and then come back almost every week in the winter," she added. "I'd like to see more people turn out, though."

Matt Boyd, has been coming to the meals since they started. "Everybody knows me," he said. "It's alright, I guess," he continued with a grin. "I just like coming out to see people." He did say he felt a little outnumbered at times with all the females around.

Meal time is one of sharing also. One woman went around showing the award she won during a recent art display. A Bath resident, June Burnett, visited the seniors during meal time stopping to chat for a moment before seeing another person she knows.

"The seniors really look forward to the meals," Gen Drouin, Clinton County aging coordinator said. "It's their time to have fun."

A donation for the meal is asked, with 15 cents returned to the state for every dinner served.

What happens at the nutrition meals is up to the coordinator and the senior citizens themselves. From the looks of activities at the Bath program, there's never a dull moment.

Friendship

Matt Boyd seem oblivious to what is going on around him while attending one of the Senior Citizen Nutrition Meals in Bath. The meals are a time where seniors can enjoy each others company, eat a good hot meal, play games, hear lectures, go on field trips, and even exercise. (Photo by Sue Kiley)

UMW say farewell to Connie Henry

Connie Henry was the honored guest at a farewell party given by the Lowe United Methodist Women Sept. 13 at the home of Caroline Anderson, with Helen Murton and Marbeth Hynes as co-hostesses. After a brief business

meeting, the group of 20 women played games and enjoyed a cake made by Marbeth Hynes. At the close of the meeting, Connie was presented with a gift in appreciation for her active participation in the UMW and church.

Obituary

Emery Jones

Emery E. Jones, 77 of 1206 Corunna Ave., Owosso, a former Ovid resident, passed away Monday, Sept. 18, 1978 at Shiawassee Medical Care Facility after being ill for several years.

Funeral services were held at the Houghton Chapel-Osgood Funeral Homes, Wednesday, Sept. 20 at 3:30 p.m. Rev. David Novak officiated and burial was in Eureka Cemetery.

Mr. Jones was born in Clinton County Nov. 5, 1900 to Charles V. and Ella Mae (Hesey) Jones. He attended

Price School and resided in Ovid most of his life. In 1950 he moved to Owosso.

On Dec. 19, 1925, he married Fannie VanAmburg in Clinton County. Surviving are three daughters, Mrs. Betty Ray of Flint, Mrs. Bernita Rathbun of Owosso and Mrs. Janet Smith of Owosso; eight grandchildren; six great grandchildren; and two sisters, Mrs. Gladys Fivecoat of Ovid and Mrs. Novella (Sally) Francis of Union Lake. A brother and four sisters preceded Mr. Jones in death.

How Much Will It Cost?

You ask this whenever you make a purchase, and there's certainly nothing the matter with asking it when you make funeral arrangements.

You shouldn't have to overspend to get the help you need and deserve at life's most difficult time.

Local bean marketer to receive MSU alumni award

East Lansing Michigan State University President Edgar Harden has been selected to receive an Honorary Alumnus Award from MSU's College of Agriculture and Natural Resources Alumni Association. Howard Tanner, director of the Michigan Department of Natural Resources

(DNR), and F. Dale Kuenzli, manager of the Valley Marketing Cooperative in St. Johns will receive Outstanding Alumnus Awards. The awards will be presented Saturday, Oct. 7, at the college's 4th Annual Autumnfest reunion at Jenison Field House on campus. About 1,500 people

are expected to attend. As manager of the Valley Marketing Cooperative, a newly-formed company in St. Johns, Kuenzli is responsible for marketing about 20 percent of the state's bean crop. Michigan is a leader in dry bean production, with an annual market of about \$120 million.

Kuenzli received a B.S. in agricultural education in 1959 and an M.A. in vocational education in 1964 from MSU. He taught vocational agriculture at Elkton Pigeon Bay Port High School for five years before joining the Michigan Elevator Exchange's bean department. He served as department assistant manager for six years and manager for eight years. For two years Kuenzli

served as president of the Michigan Bean Shippers' Association, one of the organizations which purchased the Saginaw Valley Beet and Bean Research Farm now leased by MSU for field studies. The association's chief activities include bean inspection, promotion and research. In January, Kuenzli was appointed by the governor to serve on the nine-member Michigan Bean Commission. He will represent the bean

shipping industry for a three-year term. Kuenzli is also an industry representative on the Michigan Crop Improvement Association. He owns a 60-acre cattle and hog farm and is a Clinton County 4-H leader.

Local youth honored at dairy VIP day

St. Johns Jill Swagart of St. Johns will be one of 45 Michigan 4-H'ers to be honored at the McDonald Cooperative Dairy Company's V.I.P. Day, Oct 11 in Flint. "The youths participating in the event were dairy demonstration or dairy science award winners within their own counties," according to Arthur Forbush, chairman of McDonald's board of trustees. "McDonald's sponsors this annual event to encourage student interest in dairy science," Forbush says.

While in Flint, the 4-H'ers will see presentations on milk procurement and processing, tour the McDonald milk and ice cream plants, visit the loan museum and the General Motor's truck plant.

In the evening the group will be feted at a banquet featuring presentations about the importance of dairy science to the industry by McDonald's president, James Cowan; other McDonald executives; and Michigan State University 4-H youth dairy specialist, Gale Baumgardner.

Fowler farm gets designation

Fowler A farm owned by Edward and Carolyn Weber Route No. 2, Box 175, Fowler, has

been designated as a Centennial Farm by the Division of Michigan History.

The farm, located in Dallas Township, has been in the possession of the family since 1856. It was originally purchased Dec. 30, 1856 by Mathias Weber, great grandfather of the present owner, from John Peter Miller.

A Centennial Farm is one which has been in the continuous possession of the same family for 100 years or more.

For this purpose, the Michigan History Division considers a farm to be either 10 or more acres having estimated farm product sales of more than \$50 yearly, or less than 10 acres having estimated sales of at least \$250 yearly. A centennial farm comprises only the land and not the farm buildings, which may be remodeled or even new.

Applications for Centennial Farm recognition are obtainable from: Centennial Farm Program, Division of Michigan History, Michigan Department of State, Lansing, Michigan 48918.

Homemade quilts

The Women's Fellowship of the Congregational Christian Church in Maple Rapids will sponsor a bazaar Oct. 5 beginning at 4 p.m. Four homemade quilts will be sold by sealed bids. Helping to make the quilts were

(from left, front row) Avis Messer, Lila Hoover and Harriet Scott, (back row) Hazel Wright, Madge Underwood and Lorene Foerch. (Photo by Patrice Hornak)

'Credit and Women' topic of program

St. Johns "Credit and Women" will be the focus of a Family Living-Cooperati Extension Service program, Oct 3, at 1 p.m. at Smith Hall in St. Johns. This program is open to all interested persons at no charge. Free babysitting will be provided by the Sunshiner Extension Study Group.

Types of credit and development a record of credit worthiness will be discussed. Also included will be the application of the Equal Credit Opportunity Act to Women. The credit rights of all persons will be covered.

For a complete listing of Family Living Program offerings, contact the Cooperative Extension Service, 306 Elm Street, St. Johns or call 224-3288.

Balanced capacity means more harvestability for your money

International 715 Combine

Every component of these international machines is perfectly matched for balanced capacity harvesting. The deep-ledge cutterbar gives you better feeding in thick or thin stands. Massive 22-in. diameter cylinder for full-width threshing-and-fin-and-wire straw walkers are almost plug-free. Opposed-action cleaning system works at top efficiency in any terrain.

- IH 95 hp diesel engine.
- Quick-Attach universal feeder for fast header changeover.
- Grain headers from 10 to 20 ft.—corn heads for 3 or 4 rows.
- Comfort-control cabs are standard for all-weather convenience.
- Options: electronic monitor warns of slowdowns in 6 combine functions; hydrostatic drive; flexible, floating cutter bar.

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF CLINTON NOTICE OF FORECLOSURE MORTGAGE SALE

DEFAULT HAVING BEEN MADE in the terms and conditions of a certain Mortgage made by GERALD L. PATTISON and PATRICIA A. PATTISON, husband and wife, of Route 3, St. Johns, Michigan, Mortgagee, to CENTRAL NATIONAL BANK, as Mortgagee, dated the 12th day of September, 1977, and recorded in the Office of the Register of Deeds for the County of Clinton, State of Michigan, on the 12th day of September, 1977, and amended on the 28th day of December, A.D. 1977, and recorded in the Office of the Register of Deeds for the County of Clinton, State of Michigan, on the 12th day of December, A.D. 1977, in Liber 264 of Mortgages, Page 197, Clinton County Records. That said Mortgage is the first Mortgage on record, there being a second Mortgage from GERALD PATTISON and PATRICIA A. PATTISON to REO I. PATTISON and ARTHELLA M. PATTISON, which Mortgage is dated May 26, 1976, recorded on the 29th day of September, 1976, in the Office of the Register of Deeds of Clinton County, Michigan, in Liber 285, Page 410 of Mortgages. The Mortgage of CENTRAL NATIONAL BANK OF ST. JOHNS is claimed to be due the date of this Notice for principal and interest in the amount of EIGHTEEN THOUSAND ONE HUNDRED TWENTY-TWO and 93/100 (\$18,122.93) DOLLARS;

NOW, THEREFORE, by virtue of the power of sale contained in said Mortgage, and pursuant to the statutes of the State of Michigan in such case made and provided, Notice is hereby given that on Friday, the 29th day of September, A.D., 1978, at 10:00 a.m., Daylight Savings Time, said Mortgage will be foreclosed, by sale at public auction, to the highest bidder, on the front Courthouse steps in the City of St. Johns, County of Clinton, State of Michigan, that being the place for holding Circuit Court in the County of Clinton, State of Michigan, and being the County in which the premises described in said Mortgage are located, and so much thereof as may be necessary to pay the amounts due as aforesaid on said Mortgage with interest thereon at the rate of ten (10) percent, and all legal costs, charges and expenses and delinquent taxes, interest and penalties due thereon, and attorney fees allowed by law; also any sums which may be paid by the underwriter to protect its interest in said premises, which premises are legally described as follows:

Part of the NW 1/4 of the NW 1/4 of Section 10, T8N, R2W, described as follows: Beginning at the NW corner of said Section 10, running thence East 247.5 feet, thence South 528 feet, thence West 247.5 feet, thence North 528 feet to the point of beginning, Greenbush Township, Clinton County, Michigan.

There being more than two-thirds of the original indebtedness still due and owing, the redemption period will be six (6) months from the date of sale as aforesaid.

Dated at St. Johns, Michigan, this 31st day of August, A.D., 1978.

MAPLES & WOOD By: Paul A. Maples Attorney for Plaintiff, Central National Bank of St. Johns 306 North Clinton Avenue St. Johns, Michigan 48879

IT IS FURTHER ORDERED that the fees or costs of publication be paid by Clinton County.

State of Michigan in the Probate Court for the County of Clinton. NOTICE OF HEARING AND ORDER TO SHOW CAUSE. File No. 19543

IN THE MATTER OF THE ESTATE OF ALMEDA S. TABER, Deceased.

At a session of said Court held in the City of St. Johns in said County on the 22nd day of September, 1978, Present: Hon. Timothy M. Green, Judge of Probate.

IT IS ORDERED, that on January 17, 1979, at 9:30 a.m., a hearing be held in the Probate Courtroom in the City of St. Johns and that unless those persons named herein appear and show cause to the contrary, an order of assignment and distribution will be made by the court of those portions of the estate to which said persons might be entitled as though said persons were deceased.

IT IS FURTHER ORDERED, that this order be published once each month for four months and that copies thereof be served by certified mail on those persons named at their last known addresses.

Timothy M. Green, Judge of Probate Harold B. Reed (P-19294) Attorney for said Estate 305 East State Street St. Johns, Michigan 48879 Telephone 517-224-7484

LEGAL NOTICE

Notice is hereby given that the Clinton County Zoning Commission will conduct a Public Hearing on October 19, 1978 in the Clinton County Service Center, 306 E. Elm Street, St. Johns, Michigan.

The subject of the Public Hearing will be the consideration of the following items: (1) The feasibility of allowing single-family dwellings to be constructed upon private drives, which is now prohibited by the 1971 Clinton County Zoning Ordinance.

(2) The amendment of Article 4, Section 4.2.7 of OR-178 in the following manner: Change Section 4.2.7 from— Two-Thirds Vote: The concurring vote of two-thirds (2/3) members of the majority of total membership shall be necessary to reverse...

TO The concurring vote of a majority of the total membership of the Board of Appeals shall be necessary to reverse...

PURPOSE: An application for a Special Use Permit has been filed by Rev. Dennis Dean on behalf of the Bible Covenant Church, 9943 Temporary 149, Haslett, Michigan, pursuant to Sec. 8.15 of the 1971 Clinton County Zoning Ordinance, as amended, to permit a 10'x36' addition to the existing church to be utilized as a narthex on the following described parcel of land:

LEGAL DESCRIPTION: (Ba 328) Com. at a point in North line of M-78 said point being 18 rods 5 ft. SW of intersection of N. line of M-78 and E. line of Sec. 25, thence North 20 rods, West 12 rods, South 28 rods 15-1/2 ft. to N. line of M-78, th. NE along said N. line of M-78, 15 rods 6-1/2 ft. to beg., Sec. 25, T5N-R1W.

The amendment application, OR-178 and Special Use Permit application are available for public inspection in the Department of Development Control, 306 E. Elm Street, St. Johns, MI, during the hours of 8:00 A.M. to 5:00 P.M., Monday through Friday. Please call (517) 224-6761, Ext. 221 or 222 for further information.

A field trip will commence from the Department of Development Control on October 11, 1978 at 9:00 a.m.

J. Anthony Nelson, Zoning Administrator 39-141

STATE OF MICHIGAN IN THE CIRCUIT COURT FOR THE COUNTY OF CLINTON: ORDER TO ANSWER FILE NO. 6229 DM GCR 120.5

VERA MAE WICK plaintiff vs. HARRY LESTER WICK defendant. On Aug. 1, 1978, an action was filed by Plaintiff, in this Court to obtain a decree of absolute divorce.

IT IS HEREBY ORDERED that the Defendant, HARRY LESTER WICK, shall answer or take such other action in this Court as may be permitted by law on or before November 1, 1978. Failure to comply with this Order will result in a Judgment by Default against such Defendant for the relief demanded in the Complaint filed in this Court.

IT IS FURTHER ORDERED that the fees or costs of publication be paid by Clinton County.

When crossing guards say stop--do it

By Sue Kiley
Staff Writer

St. Johns

St. Johns motorists had better start stopping for crossing guards or face possible arrest for a misdemeanor.

Crossing guards have been instructed to get the license numbers of cars who do not stop while they are in the road helping children across the street.

In the past there have been problems with motorists only slowing down, not coming to a complete stop, or not waiting until the guard was back on the curb. In these situations, the crossing guards' hands were tied. Now they have some recourse.

St. Johns police officer Donald Lenon is in charge of the 10 people responsible for the school children's safety while crossing the street. He gave the guards a four-hour training session consisting of slides, a training film, classroom and on-the-street instruction.

The crossing guard program was started about 14 years ago, with some people having the job for that long. The city started out with three persons in 1964 and has since built up to the present 10.

The biggest problem most of the guards have encountered has been when motorists do not wait until the guards are back on the sidewalk before continuing on their way.

Chief Lyle French said the owners of the vehicles will be held responsible for not obeying the law, not the drivers.

Since the new law went into effect, some cities have given their crossing guards ticket books. They have the authority at that time to give the offender a citation.

In St. Johns, however, the guards get the description of the car and license number and then it is up to the local police to follow up on it. So far Chief French has received two complaints

from crossing guards of people not stopping.

"I think it is a good idea to have this kind of law," French said. "No one is in that big of a hurry they can't wait for a few minutes."

To St. Johns' credit there have never been an accident, according to the police chief, at any intersection where there have been crossing guards.

The guards will be wearing bright orange vests and carrying hand held stop signs. They are located at the following corners during the school year in the morning, lunch time and after school: Swegles and Sturgis; Lincoln and Lansing; Baldwin and Lansing; State and Oakland; Baldwin and Morton; Lincoln and Clark; Traver and M-21; Baldwin and US-27; Church and Sturgis; and US-27 and M-21.

"I urge all motorists to be extremely careful while driving for the safety of the children," French concluded.

Local effects of transportation package outlined

By Patrice Hornak
Editor

Clinton County

If the proposed transportation package being debated in the State Legislature goes through, Clinton County may see its county road allocation increase by almost 80 per cent, but gas and license plate fees would also take a leap upward.

According to figures released by Senator Richard Allen's office, (R-Alma) Clinton County roads presently receive \$1,573,307 and under the proposed transportation package, that amount would increase \$403,657 to almost \$2 million.

Cities and villages in Clinton County stand to get an additional \$2.3 million, led by St. Johns which now receives \$124,425 and may get \$156,298 or a \$31,873 increase under the proposed bill. DeWitt which now receives \$41,872 would get an increase of \$10,726.

Also slated for increases would be Eagle which gets \$4,438 now and would get an additional \$1,137; Elsie now at \$22,790 with a \$5,838 increase; Fowler now at \$18,519 with a \$4,744 increase;

Maple Rapids now at \$14,817 with a \$3,796 increase; Ovid now at \$33,240 with a \$8,515 increase; and Westphalia now at \$17,662 with a \$4,524 increase.

Also included in the proposed transportation package is one inter-city bus line through Clinton County, and an additional rail passenger line running from Kent County (Grand Rapids) to Wayne County (Detroit).

A couple state highway improvement programs are also proposed under the package including the extension of US-127 east to the existing freeway near Perry totaling 18.7 miles with a completion date for 1982; and the I-96 business loop (Grand River Avenue) to be widened to five lanes for 3.5 miles from I-96 to Waverly Road, with a 1984 completion date.

The proposed transportation package which the Michigan Senate is contemplating will try to raise \$168 million annually to improve highways and public transit.

Gasoline taxes would be raised from 9 to 11 cents a gallon, diesel fuel from 7 to 9 cents a gallon and license plate fees by 30 percent to pay for the proposed

improvements.

The House passed the bills Sept. 14, despite state-wide opposition from taxpayers. A Detroit Free Press poll showed 92 percent of the people against the transportation tax boost and a Gannett News Service poll showed taxpayers opposed by a 4-1 margin.

Last week Senator Allen said, "Our mail and calls seem split between local officials who say the package is now favorable to our area and private citizens who still have the feeling that Detroit is the major beneficiary."

"The original package was, in my opinion, heavily biased toward the southwest Michigan metropolitan area. As you can see from local data, that is not so much the case now. We have worked hard to shift benefits to our area with some success," he said.

"The question remains, of course, whether local roads need more money and whether a user fee-type tax should be increased in the face of obvious citizen concern over high taxation." As of last week, Senator Allen had not completely made up his mind on whether to vote for the package or against it.

Descendants of Clinton pioneers offered special certificates

By Patrice Hornak
Editor

Clinton County

If you can prove your forefathers were residents of Clinton County from 1830 to 1890, you can receive a special centennial family certificate from the Clinton County Genealogical Society.

The certificate which is being offered until April, may be obtained by writing the Society in care of Mary Calder, 110 Lewis St., St. Johns. A gold certificate will be given to those with Clinton pioneers who settled between 1830 and

1849, and silver certificates will be given to those with ancestors who settled from 1850 to 1890.

President of the Clinton County Genealogical Society and a descendant of three Clinton pioneers, Dale Calder, says 20 qualified applications have been received since April, and more are waiting to be processed.

"We are receiving inquiries from as far away as California, Texas, Florida and Maine," says Calder. The first to qualify for the gold certificate was Freida Bollinger of Traverse City, a descendant of Elkannah Peck.

To qualify for a centennial family certificate, an applicant must be able to prove lineage by official records such as census records, county histories, tombstone inscriptions, survey maps, birth and death and marriage records, Bible records, military records, dated newspaper notices, diaries as well as a number of other sources.

Xerox copies of these records, along with the applications, will become the property of the Clinton County Genealogical Society. No original copies of documents are to be sent.

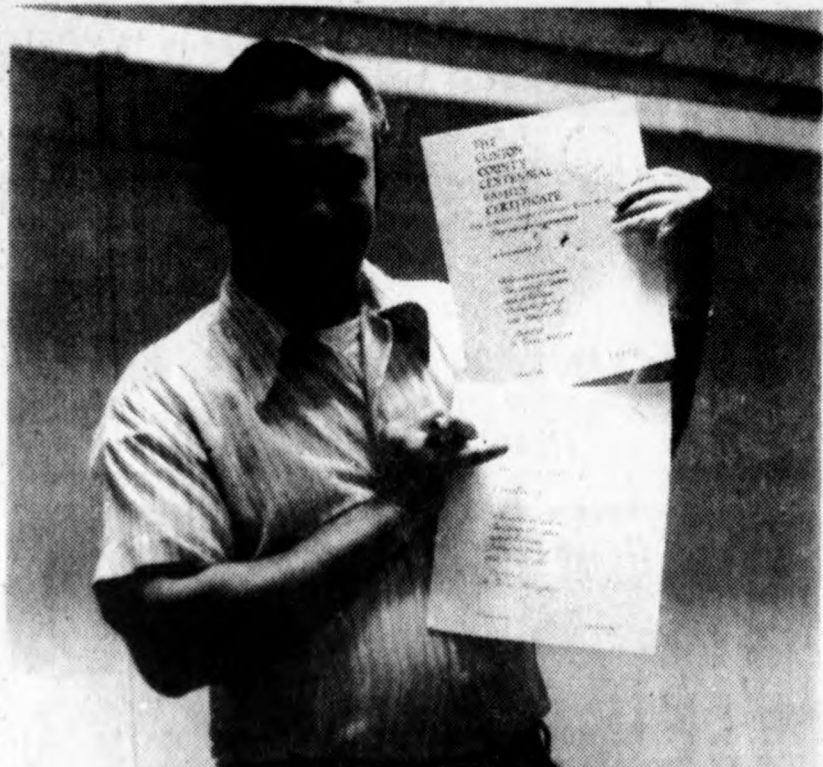

With the information gathered through the certificate program, the Society plans to publish two volumes of genealogical and biographical information. Volume one will be titled, "The Golden Book of Clinton County Pioneers, 1830 to 1849," and the second volume will be called, "The Silver Book of Clinton County Pioneers, 1850 to 1890."

Both books will be published and sold by the Clinton County Genealogical Society which will add its own research to the accumulated materials.

Calder says an account published in 1880 fails to give a great deal of history on early Clinton pioneers because those listed in the book paid to get in it. "No money, no ink," says Calder who says this is "regrettable for those who sweat it out clearing the forests of this area."

Calder has done extensive research on Clinton pioneers, and just recently discovered that Captain David Scott, founder of DeWitt, was tried and convicted for selling booze to the Indians. "Complimentary or not, as long as it is the truth, we're going to include it," he says. "Not all of them were saints by any stretch of the imagination," he concluded.

The Gold and Silver certificate program has drawn more interest from DeWitt and Ovid Townships than any other townships in the county.

Dale Calder

CENTRAL NATIONAL BANK

Now offers 24 hour banking by telephone

It's available 24 hours a day, 7 days a week, 365 days a year. It's easy, quick and convenient to use.

Clip & Save For Future Reference

Special Bank by Phone Number:

224-4200

How to use:

1. Call 224-4200.
2. Give your name, phone number, amount to be transferred and account numbers as requested.
3. The person calling must be a signer on both accounts.
4. Calls received before 3:00 p.m. will be credited to the same day, calls received after 3:00 p.m. will be credited to the next banking day.
5. An acknowledgement of each transaction will be mailed to you.

From your home, or place of business, you may now transfer funds from your savings to your checking account, or from your checking to your savings account. You may also make a payment on any loan which you might have with Central National Bank, by simply dialing 224-4200.

The New 1979 Oldsmobiles Are Here!

SEE THEM NOW AT

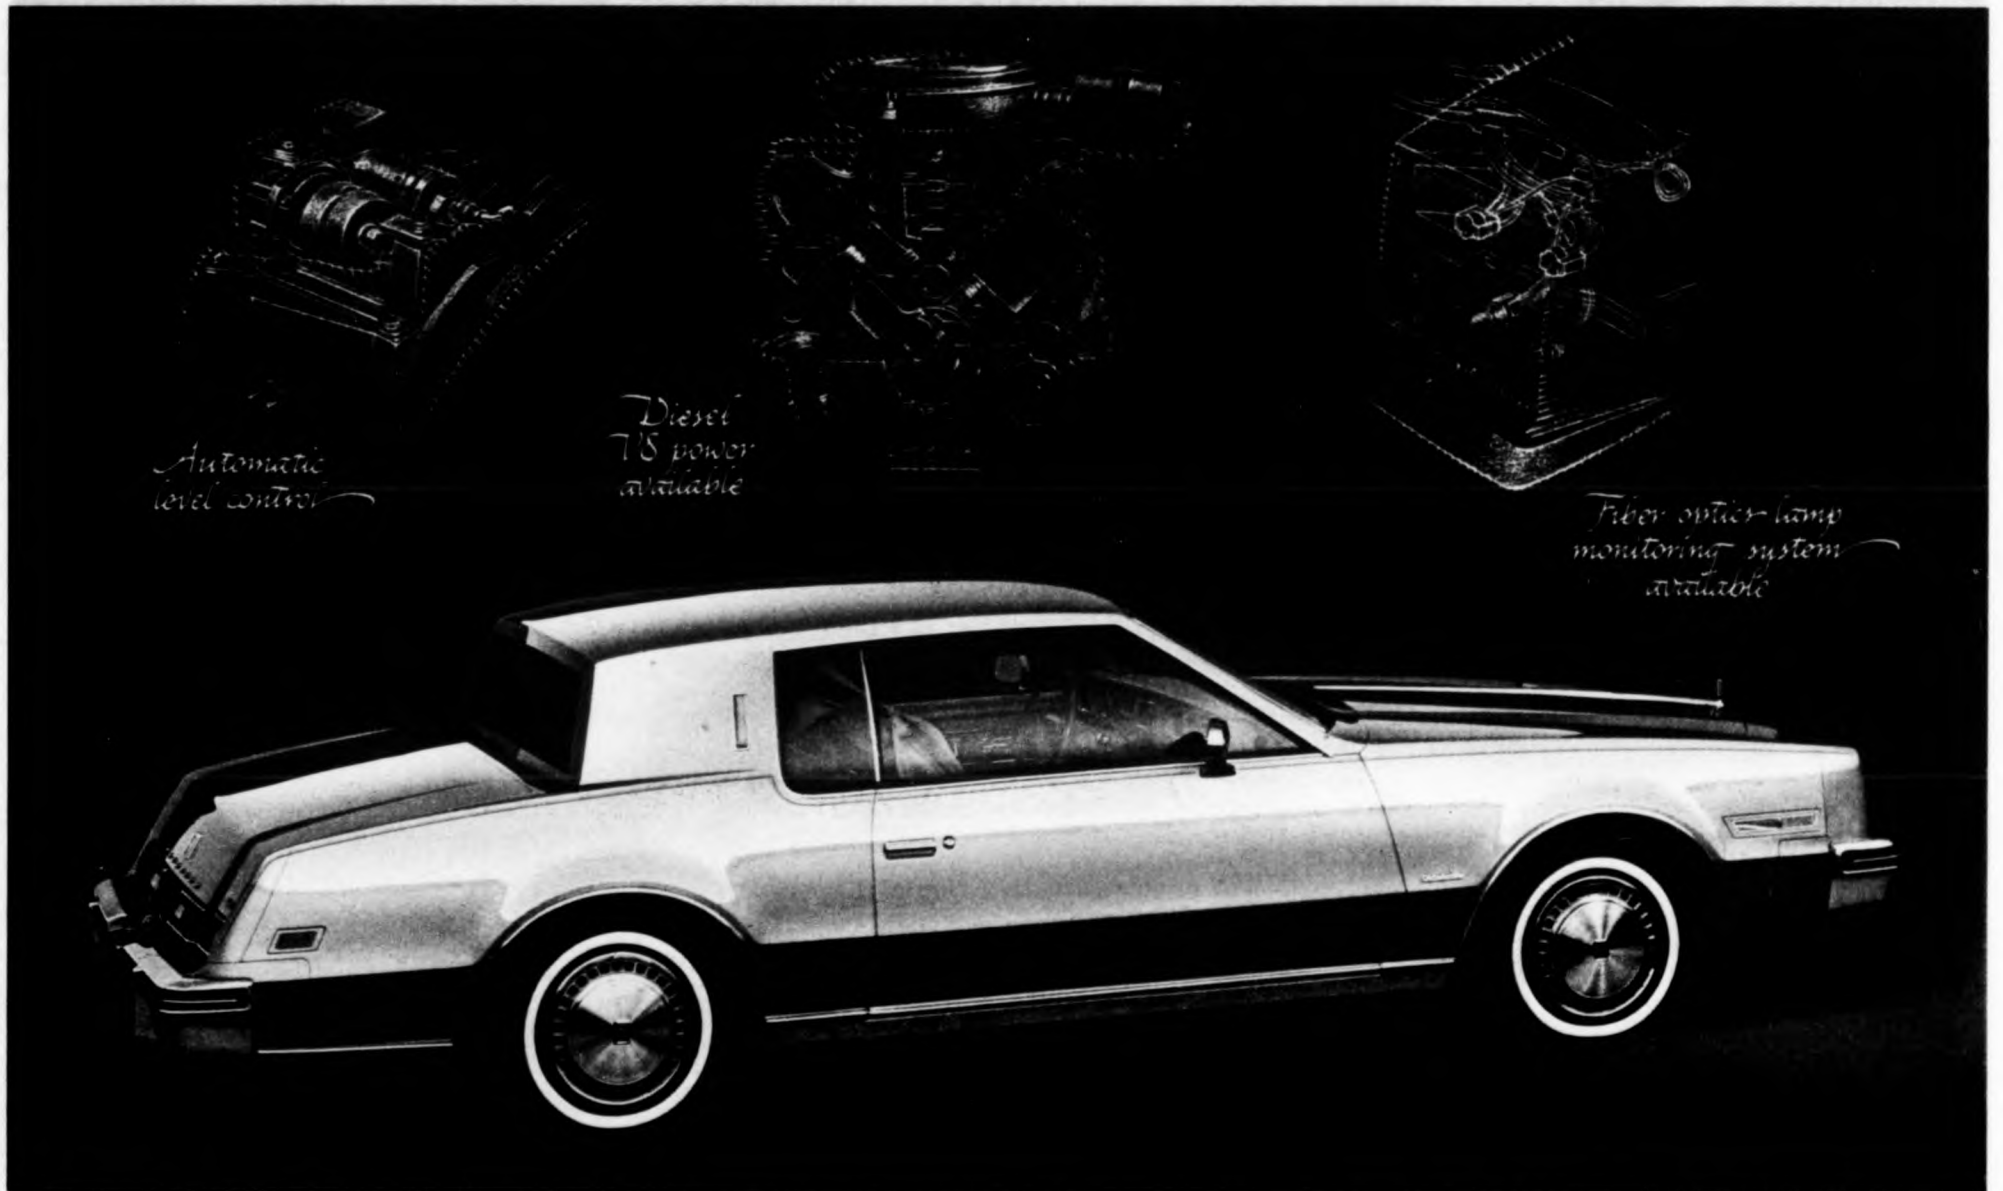

BEE'S Chevy-Olds, Inc.

Leonardo da Vinci, circa 1500

In man's search for a new measure of excellence...

1979 OLDSMOBILE

Automatic level control

Diesel T8 power available

Fiber optic lamp monitoring system available

DISCOVER THAT GREAT OLDS FEELING. TAKE A TEST DRIVE TODAY!

In the continuing search for excellence...
Oldsmobile engineering contributes to new advances
in the 1979 Oldsmobiles.
Another step in America's longest automotive heritage.

"...to build one carriage in as nearly perfect a manner as possible..."

From the minutes of the directors' meeting which established the Olds Motor Vehicle Company—August 21, 1897.

1979 begins our 82nd year of offering cars to meet that criterion—more experience than any other American car name.

And through the years, Olds has participated in the development of these major innovations:

—The first fully automatic transmission, making driving easier than ever before.

—The first high-compression V8 production engine, making possible new levels of performance.

—Front-wheel drive for contemporary American automobiles.

—In the last two years, the introduction of a new generation of space-efficient full-size and mid-size models. Plus the introduction of the world's first diesel V8 engine (5.7 litres) for passenger cars—available in full-size Oldsmobile models.

—And this year, a new state of the art in personal luxury car design, the all-new, front-wheel drive Toronado.

Plus, the introduction of a new, smaller, 4.3-litre diesel V8 engine

Test models log thousands of miles during ride, handling, braking and acceleration evaluation.

developed especially for mid-size cars—and available in Cutlass models—only from Oldsmobile!

So you can see why people have come to expect engineering excellence in Oldsmobiles—and

why our reputation for fine cars has grown.

Cars Designed for Our Times

It was a bold concept—but one America had been waiting for: cars which offer the traditional qualities Olds owners expect—but in a space-efficient form.

It took new, computer-age approaches to achieve that result. New design concepts to pare off pounds and inches, yet leave the smooth ride intact. New space efficiency to make them trimmer outside, yet offer more rear seat

A new-generation Cutlass designed from the inside out for space efficiency, comfort.

legroom inside. New weight-reducing materials. New anti-corrosion measures. All this plus Body by Fisher have been brought together through innovative engineering to produce new Delta 88, 98, Custom Cruiser, Cutlass and Toronado models, which are better cars for our times.

Here's another welcome surprise. The trim, compact Olds Omega and sporty Starfire are also well suited to meet today's needs.

Read about them all. Then discover that great Olds feeling with a test drive.

Today, many Olds dealers offer the option to buy or lease.

A Word About Engines

The Oldsmobiles shown in this catalog are equipped with GM-built engines produced by various divisions. See your Olds dealer for complete details about engine sources and availability.

Many components were "road tested" by computer simulation before a single car was built.

Now Oldsmobile Offers the Benefits of a Diesel V8 in Full-Size and Mid-Size Cars

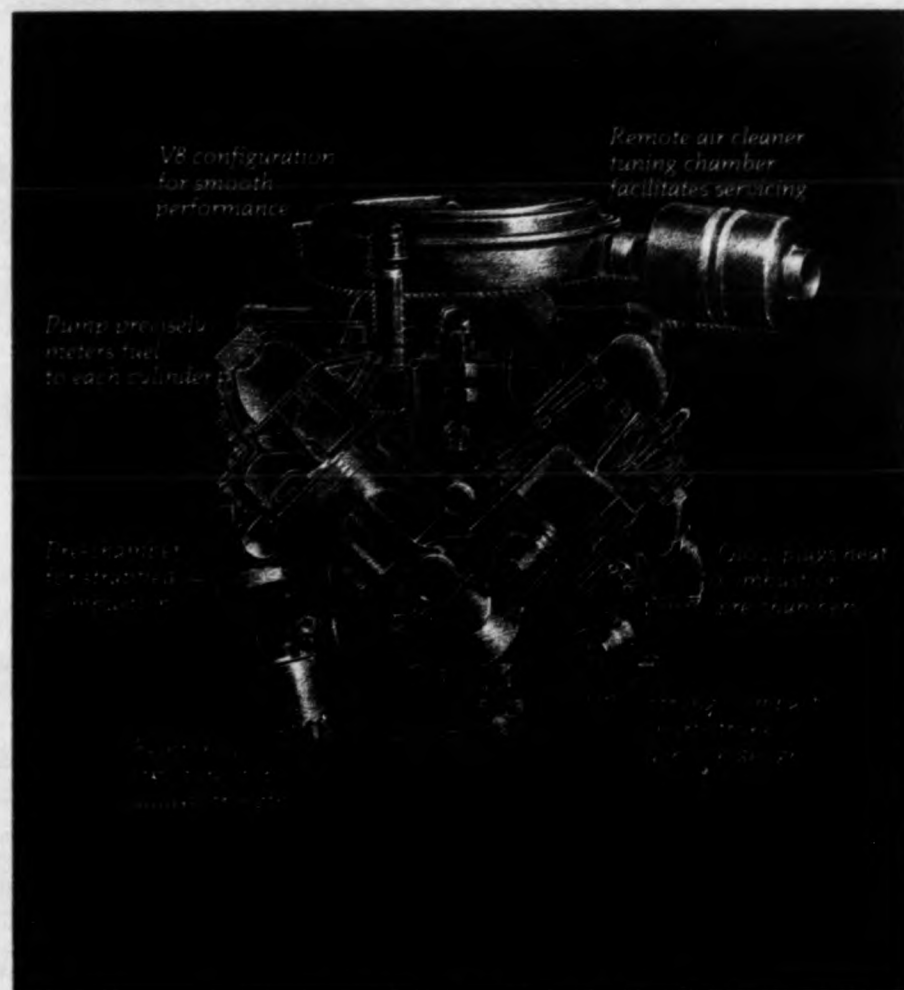

Last year, Oldsmobile introduced the world's first diesel V8 in a passenger car, a 5.7-litre engine

available in Delta 88, 98 and Custom Cruiser.

Now Olds is offering a new, smaller, 4.3-litre diesel V8, specifically designed for mid-size cars—and available on Cutlass models. These diesels are special because they offer the benefits of a diesel with the smoothness and quietness you might not expect of a diesel.

Maintenance is simplified, because there are no spark plugs, distributor or carburetor to replace or adjust. Just change the oil and filter every 3,000 miles, and check crankcase ventilation every 6,000 miles. Other than that, its schedules are similar to other Olds models.

Now you can have diesel power in the size of car or wagon you want—only Oldsmobile makes it available in 19 different models! You really owe yourself a test drive in a diesel V8-powered Olds!

V8 configuration for smooth performance

Remote air cleaner tuning chamber facilitates servicing

Pump precisely meters fuel to each cylinder

Pre-ignition resistance

Low-plug heat

TORONADO

A new state of the art in personal luxury car design.

Fourteen years ago, Toronado reintroduced front-wheel drive to American cars, and a new state of the art was born in personal luxury cars.

For 1979, engineers have refined the front-wheel drive and added a new independent four-wheel suspension, along with an automatic ride leveling system. They have shortened Toronado's turning radius, trimmed it down for new weight efficiency, equipped it with steel-belted radial-ply tires developed to complement the suspension system.

Results: A new driving experience in a car long famous for roadability. Impressive road-gripping traction, response and directional stability.

And in the new inner world of

Toronado, you feel sheltered from the noises of the outer world. The atmosphere is serene, the comfort is deep and spacious. You notice a ride that is smooth and quiet. It's a fresh new driving experience that lets you relax and enjoy the many luxuries that surround you.

But beyond all else, there is that magical experience that transcends mere engineering specifics. It is yours to discover at your Olds dealer's. Once you've experienced the mastery of the open road and the luxurious inner world of Toronado, you'll find new meaning in the term personal luxury car.

Below, the beautiful new Toronado. Vinyl roof coverings available. 1. Toronado's luxurious inner world. Lustrous leather available in the seating areas.

First diesel V8 (4.3-litre) designed exclusively for mid-size cars—only from Oldsmobile.

CUTLASS

Millions of satisfied owners know there's something very special about a Cutlass.

Over the last four years, more mid-size buyers have chosen a new Cutlass than any other car.

What has caused that kind of popularity for Olds Cutlass goes far beyond its traditional styling leadership.

It's many things working together that makes a Cutlass so popular.

It's solid engineering for space efficiency and a smooth ride.

It's a roomy, comfortable interior for active, growing families.

It's trim size—for impressive maneuverability in busy city traffic—and easy parking.

And perhaps most important is Cutlass versatility, a fact that makes Cutlass different cars to different people. It's a stylish, practical car and a lot of value for the money to Cutlass Supreme buyers.

It's a grand touring car with reclining bucket seats and special suspension components to Cutlass Calais buyers.

It's the luxury of bigger, more expensive cars in a practical size for Supreme Brougham buyers.

For function- and practical-minded buyers, there are the Cutlass Salon and Cutlass Salon Brougham.

And wagon enthusiasts will really appreciate the smooth-riding, space-efficient Cutlass Cruisers.

And every 1979 Oldsmobile Cutlass may be ordered with an available diesel V8 engine!

Talk to a Cutlass owner and he might just tell you it's more than just a car. It's a feeling—a feeling of pride and satisfaction. A feeling that this car is "my car, a car that's

so right for me." If you haven't discovered that great Cutlass feeling for yourself, it's time to take a test drive in the 1979 Olds Cutlass of your choice. See your Olds dealer.

Below center, the beautifully designed Cutlass Supreme. Below left, the hard-working, smooth-riding Cutlass Cruiser Brougham. Below right, the practical, functional Cutlass Salon Brougham. 1. Available Supreme Brougham interior with genuine leather in the seating areas. 2. Cutlass Cruiser Brougham's available divided seat. Very handsome, very comfortable. 3. Cutlass Calais features grand touring comfort, includes reclining front bucket seats. Very relaxing.

DELTA 88

Space. Comfort. Practicality. Nice surprises
for families who didn't think they could afford a full-size Oldsmobile.

Extensive anti-corrosion measures
to help protect your investment.

The way to design a car for the American family is to begin with what today's families need. So Delta 88 provides ample space for six adults. Seats are full-foam, comfortable and long-wearing.

Set a Delta 88 in motion and you begin to appreciate the engineering more fully. The ride is big and smooth, quiet and solid.

But Delta 88 is also full of surprises—because it is a *new-generation* family car. Trim, agile for today's needs. Maneuverability is smooth in city traffic. And parking is a pleasure.

When you consider you can have all this at an affordable price, plus

a reputation for quality and value—it's easy to see why families are gravitating to Delta 88 in record numbers.

Delta 88 also offers you a choice. Elegance and luxury in Delta 88 Royale. While the Delta 88 is right for the more budget-minded. If you still get excited about fine road cars, there's 88 Holiday Coupe— with bucket seats, console, T-handle shifter and a great feel of the road.

And, a diesel V8 is available in 88.

Below front, Delta 88 Holiday Coupe. Rear, Delta 88 Sedan. 1. Available: a Royale Brougham interior. 2. Put yourself in the driver's seat of the 88 Holiday Coupe. Very sporty!

A special 98 acoustical package wraps you in an ambience of quiet, comfort and elegance.

NINETY-EIGHT

A beautiful marriage of luxury and logic.

The 1979 Olds Ninety-Eight is an impressive luxury automobile—with solid engineering and tasteful attention to detail. But in a changing world, even the most luxurious car should have its practical side. Ninety-Eight is a big, roomy car with

a smooth ride. Yet it is so agile in city traffic. And, a 5.7-litre diesel V8 is available. The 98 price? It makes luxury very logical.

Below, the 98 Regency Sedan. 1. The elegant Regency interior, with available leather in the seating areas.

Smooth ride is patterned after luxurious 98 Regency.

CUSTOM CRUISER

A working wagon with the comfort and ride of an Olds.

Custom Cruiser delivers what you expect in a working wagon. Plus some very pleasant surprises. You expect room for six. And get it! Plus, a third seat is available. You expect room for cargo. You get over 87 cubic feet of it with back seats

down—plus a tailgate that swallows 4-foot-wide paneling. The surprises? The way it moves through busy city traffic. The ride—soft and smooth. And, a diesel V8 is available!

1. Choose between rich velour (shown) or glove-soft vinyl at no extra charge.

OMEGA Oldsmobile elegance.
Practical size. Affordable price.

The Omega choice. Pick Omega and get solid value features at a budget-flattering price. Pick Omega Brougham and you can enjoy the luxury of our

"little limousine" with its elegant brushed-knit interior. Or go sporty with our available SX package. Affordable ways to look like a million!

STARFIRE The sport and spirit are standard.

In many other cars you'd pay extra for bucket seats, sport console, 4-speed manual shifter, dual sport mirrors, rallye wheels, rear stabilizer

bar, rear hatch door, fold-down rear seat, sport steering wheel and AM radio. They're standard on Starfire! So is excitement! Test-drive a Starfire!

A Word About Assembly, Components and Optional Equipment in These Oldsmobile Products

The Oldsmobile products described in this brochure are assembled at facilities of General Motors Corporation operated by Oldsmobile Division, the GM Assembly Division or GM of Canada. These vehicles incorporate thousands of different components produced by various divisions of General Motors and by various suppliers to General Motors. From time to time during the manufacturing process it may be necessary in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Oldsmobile products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Oldsmobile products and will provide the quality performance associated with the Oldsmobile name. □ With respect to extra-cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest you verify that your car includes the optional equipment you ordered, or if there are changes, that they are acceptable to you.

Oldsmobile reserves the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models, and also to discontinue models.

□ NOTE: Not all accessories and items of equipment shown on the models illustrated in this brochure are standard. Some are extra cost and available only on specific models. For specific prices and availability, check your Oldsmobile dealer.

Printed in U.S.A. 8-78

Now you've seen and read about each of the exciting new Oldsmobiles for 1979! For a closer look, stop by our convenient location. Look over all of our beautiful new Oldsmobiles . . . and discover the one that's right for you. Then take a test drive. We think you'll be very favorably impressed!
