

## Firemen set open house

**ST. JOHNS**—The St. Johns Fire Department will hold an open house for Fire Prevention Week, Sunday, Oct. 12 from 1 to 5 p.m.

The trucks will be on display and families, children and interested citizens can talk with the volunteer staff, tour the firehall and look over the equipment.

Refreshments and special handouts for the children will be available.

## Gifted program to be reviewed

The Clinton County Association for Academically Talented will meet Monday, Oct. 13, at 7:30 p.m. at the Intermediate School District Office on US-27, St. Johns. A survey of gifted programs in Shiawassee, Ingham and Eaton counties will be given by Jennie McCampbell with follow-up discussion. Open to the public.

## Have a home energy audit

Save money and energy this winter with a home energy audit. The only charge is \$5 for the computer print-out. For further information call CRV, 324-8285.

## Doughnuts for sale

The St. Johns Lions Club will be selling doughnuts by the dozen to help finance their eye program. Lions members will be at Krogers, Andy's IGA, Parr's and the Wheel-Inn on Thursday and Friday Oct. 23, 24 during late afternoon and evening hours, peddling 1,600 dozen doughnuts for their special program. The Lions provide glasses for the needy, eye testing and help support an eye bank.

## 10th grader shoots 1st deer

St. Johns tenth grader, John Jakus of 3785 Green Road shot his first deer on his first bow and arrow hunt, the first day of season, Wednesday, Oct. 1 at 7:30 a.m. Jakus brought down a nice six-point buck just at daybreak.

## Candidates Night planned

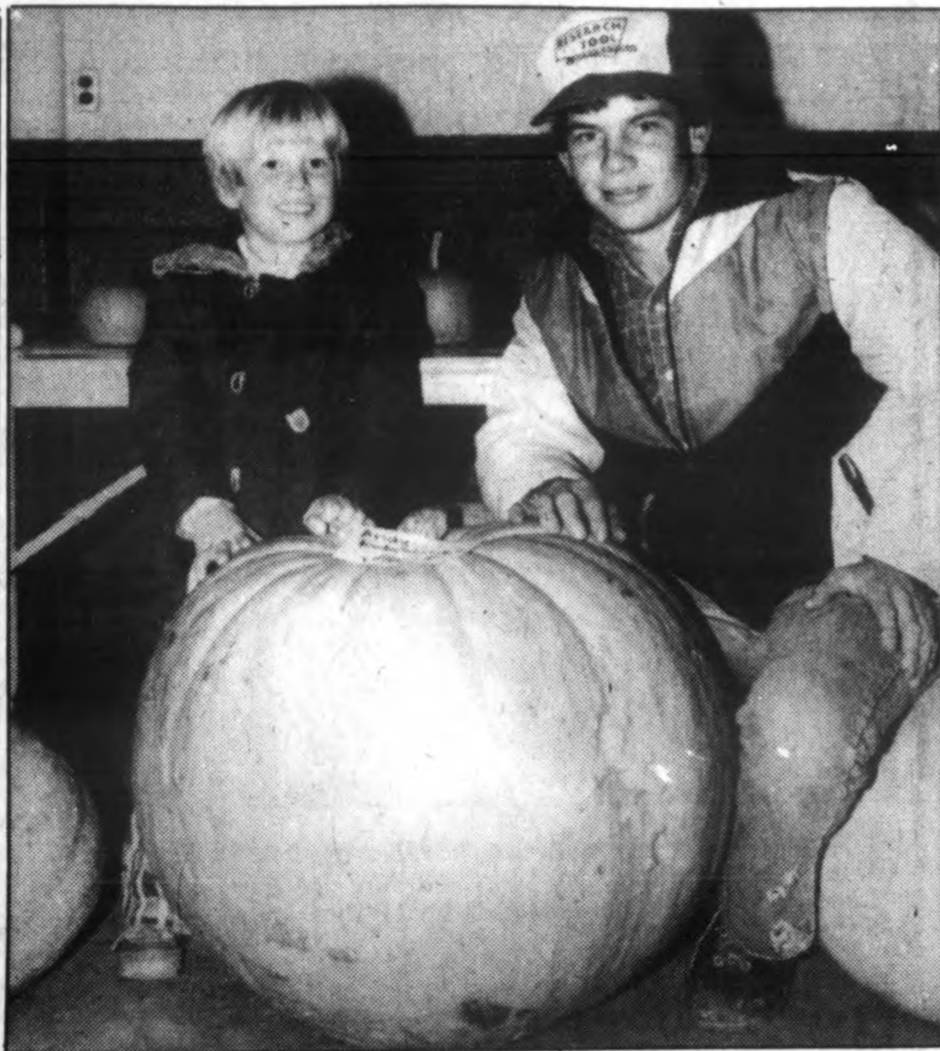

A Candidates Night will be held Tuesday, Oct. 21 at 7:30 p.m. at the St. Johns High School Library to examine the candidates and issues in the presidential election.

Representatives of the Clinton County Republican and Democratic parties will explain the national and local issues and their candidate's stands on them. Also present will be representatives of John Anderson and Ed Clark.

## Help start Explorers

There will be a special meeting for persons interested in helping start an Explorer Scouting program in the St. Johns area, Tuesday, Oct. 14 at 7:30 p.m. in the Conference Room at Clinton Memorial Hospital.

The St. Johns Kiwanis Club is interested in sponsoring such a group if enough adult interest is shown. The Explorer program is co-ed and for ages 14½-20. For more information contact Rod Fuller, 224-3961.

## The biggest one

Andy Todosciuk walked away with top honors in the pumpkin growing contest held in conjunction with Fall Harvest held at Smith Hall, Monday, Oct. 6. Todosciuk's pumpkin weighed in at 160 pounds. Troy Zell placed second in the contest while Brian Stewart came in third. Steven Korienek looks on hoping one day he too can grow pumpkins as big as Todosciuk's. (Photo by Sharon Randall)

## Ball slated for Farm Bureau meeting

The 61st annual meeting of the Clinton County Farm Bureau to be held Tues., Oct. 14 will feature former State director of agriculture, B. Dale Ball.

Ball is a 1939 graduate in Soil Science from Michigan State University. Joining the Michigan Department of Agriculture in 1951, he became Deputy Director in 1953, and director in 1965.

Under Ball's leadership, Michigan agricultural exports increased from less than \$50 million in 1966 to \$388 million in 1976-77.

In March and April of 1969 Ball attended the Michigan Economic

Mission to Japan. After that he attended food trade missions in Switzerland, Tunisia, Toronto, England, West Germany, Egypt, Italy, Greece, and Morocco.

Ball received an award from President Habib Bourguiba for suggestions he made in 1973 to the Tunisian government on the more efficient use of irrigation in that country.

The business meeting will begin at 8:30 p.m. Among the things being discussed at this year's meeting will be proposed resolutions and the election of delegates to the state annual conven-

tion. There will also be an election of directors for Clinton County's 1680 member organization and the presentation of annual reports.

Director terms expiring include Bengal/Riley, Ovid/Victor, Eagle/Watertown, and one at large representative. A resolution granting authority to the board to raise the county portion of dues beginning in 1982 will also be presented.

Tickets to the annual meeting are on sale now from community group secretaries, directors and at the county office at \$5 per person.

## FOUR ALREADY GONE

# MMHD lays-off 37 employees

By Jean Martin

Thirty-seven employees of the Mid-Michigan Health Department will be placed on indefinite lay-offs over the next six weeks. In action taken Oct. 1 by the Mid-Michigan Health Department Board, which services Clinton, Gratiot and Montcalm Counties, it was decided to eliminate the Home Health Services program offered by the department and to slash other existing departments.

Beginning Monday, Oct. 6 four sanitarians were to be laid off, leaving one sanitarian for the Clinton County area. The lack of sanitarians to conduct peric tests, which determine whether a proposed building site offers a suitable drainage field, will further slow Clinton County's

lagging construction industry, according to MMHD Director Joseph Latoff. Food service inspections which have never been adequate, according to Latoff, will be delayed even further.

Three clerk typists and clerk typists II will be fazed out as various departments are reduced, and three homemakers will be transferred to another service. In all, a total number of man hours equal to 37.12 employees will be eliminated in an effort to pare \$25,000 from the health department's 1980 budget.

Another \$25,000 of the additional \$50,000, the board estimates they will need to get through the rest of the calendar year is expected to be provided by the three counties involved. Clinton and Montcalm have agreed to

## United Way drive kicks off

**CLINTON COUNTY**—The United Way fund drive has kicked off here with most calls starting the first of October.

Area chairman Matthew Armitage said his committee was being "realistic" and had set the drive goal at

\$51,000, the same as last year. "Industry is down 35 percent in employees," he said, "and industry gives the largest share of total United Way dollars"

Armitage said he and County

Vice-Chairman Gayle Desprez, have put together an ambitious crew of United Way personnel for this year's drive and were optimistic about matching last year's total. "Greater participation is

## Jackson Nursing Home closed

By Sharon Randall

**ST. JOHNS**—A battery of state agencies closed down Jackson Nursing Home, Wednesday, Oct. 1 forcing families of its 13 elderly boarders to find housing and care for them elsewhere.

The Michigan Department of Public Health, Michigan Department of Social Services, the State Fire Marshall's office and Clinton County Department of Social Services, working through the

Prosecuting Attorney's office, asked Circuit Court Judge Randy Tahvonen to close the home.

Complaints basically centered around the fact that the 13 boarders, all over 70 years of age, had need requirements beyond what the Jackson staff could provide. Since 1977 the Jackson facility owned and operated by Anna and John Jackson and their son Duane, was listed as a boarding house. All 13 clients were self-paying.

"It was basically an unlicensed facility," Prosecutor Jon Newman said. "The inspection showed that the 13 elderly persons were not able to care for their own basic physical needs without assistance." State law requires that persons in a boarding house facility must be ambulatory and able to take care of their own basic needs.

Newman also stated that the facility

## Attorney General's office stops coupon scheme promoter

By Sharon Randall

**ST. JOHNS**—Complaints from citizens here spurred an investigation by the Attorney General's Consumer Protection division and has closed down a number of promotion schemes across the state.

Attorney General Frank Kelley issued a warning to organizations this week asking them to give careful consideration to proposals by fund raisers before they lend their good name to them.

A coupon scheme promoted by Victor Franklin in St. Johns, using the Clinton Senior Center's name, came to a halt when area residents became aware that the solicitation was misleading and the center was receiving a very small part of the money being collected.

Complaints filed against Franklin with Prosecuting Attorney Jon Newman and the Attorney General's office led to an investigation that caused him to immediately cease four such promotions he was operating in Michigan and culminated last week when an assurance of discontinuance was filed.

The assurance is "not an admission of guilt," the Attorney General's office said, "but a promise to stop doing what they are doing until legally licensed." According to Patrick Isom, assistant attorney general in charge of consumer protection, the assurance of discontinuance is used to give the person being investigated time to work out the problem instead of going to court.

## Ovid-Elsie seeks millage

**OVID-ELSIE**—Ovid-Elsie Schools will seek three extra mills from voters in a special election, Nov. 24 in an attempt to raise \$300,000 to help the district out of the financial bind it found itself in after an auditor's report in August.

Cuts totaling \$209,845 have been made from the general fund budget and include supplies, travel expenses, 15 teacher aides, a part-time secretary, three housekeepers and four custodians.

The three mills will enable the district to balance the budget for this school

## Special program here for Child Protection Month

The Clinton County Council for the Prevention of Child Abuse/Neglect will present a special program with Dr. Thomas Rutledge of Mott Children's Health Center, Flint, Wednesday, Oct. 22 at 7:30 p.m. at the St. Johns Junior High Auditorium, as a special tribute for Child Protection Month.

Rutledge heads behavioral services at the center which provides counseling services to abusive and neglectful parents.

His topic, "Why are there children?" is a light, sometimes humorous, thought provoking, audience participating, illustration of ideas aimed at eliciting greater respect for and increasing the self-esteem of parents.

Rutledge is a graduate of the doctoral program in clinical psychology at Michigan State University. He has served as psychologist at community mental health clinics in Genesee and Saginaw counties and has worked at Napa State Hospital and Joliet State Prison.

Darlene Engels, committee member of the local council said her organization is looking for more members, especially on a countywide basis. "We would like to get more people interested in the council and participating with our preventive program," she said. The council meets the second Wednesday of the month at the Congregational Church in St. Johns across from the post office.

## Merchants go all out for Harvest Days

**ST. JOHNS**—Merchants here have turned out to support a Harvest Days promotion sponsored by the Chamber of Commerce which includes an auto show, sports and recreational show, farmers' market, street fair, pancake brunch and daily raffles.

They will couple special in-store promotions with outside street activities in an all out harvest sale.

Wednesday, Oct. 15 the first block of Clinton Avenue will be closed to vehicle travel and area sport and recreational vehicle dealers will display new equipment.

Thursday, Oct. 16, the second block of the downtown area will be closed so area automobile dealers can show off new model cars.

Friday, the first block will be closed for a farmers' market and street fair, activities which run through Saturday.

The Chamber will sell cider by the glass, doughnuts, Coke and hot dogs throughout the promotion. The street fair includes doll clothes and handmade items, toys, antiques, quilts and handmade Christmas articles.

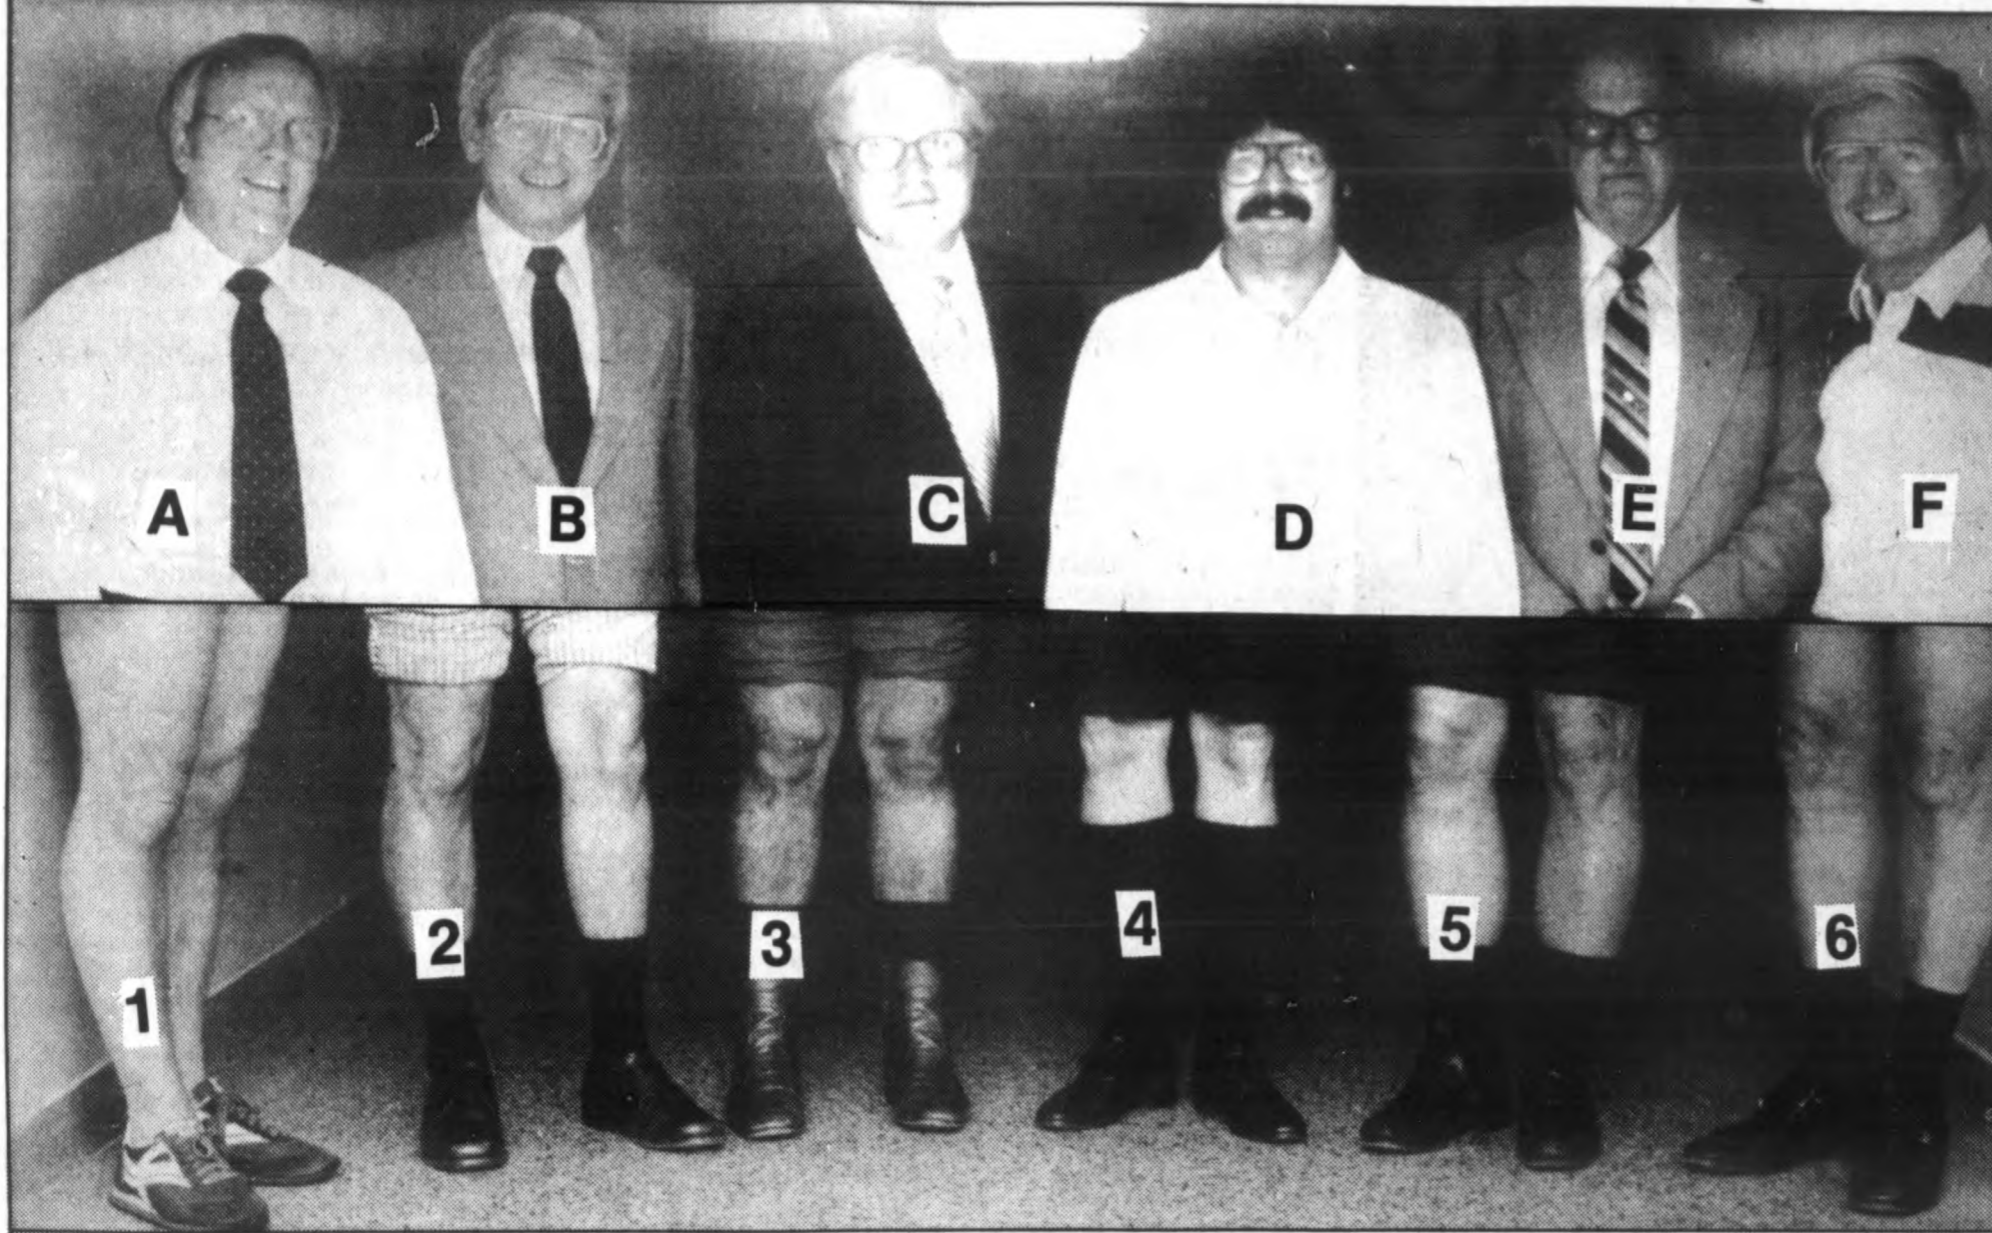

Glass and collectibles and painting on barnwood, homemade candy, stained glass, flowers, calico cats, ruffled pillows and wood fiber flowers are on

the list for the street fair. Farm produce includes apples, pumpkins and Indian corn. Beck's will be on the street fair with produce and sausage and Kroger's is to bring plants and produce.

Saturday from 9 a.m. to 1 p.m. the Senior Citizen Center will sponsor a pancake brunch, serving pancakes, sausage and applesauce at their center.

According to Chamber manager, Jody Smith, nearly every downtown business has donated items for daily raffles. Capitol Savings and Loan, Central National Bank and Clinton Bank and Trust have each donated \$50 savings accounts for the drawings. Krogers have given two \$20 gift certificates and a \$25 gift certificate. Other prizes include decorated cakes, leather belts, radios, a desk set, a pizza, an American flag, baby blanket, clocks, a lamp, booster cables, a tune-up kit, personalized stationery, a camera outfit, lots of gift certificates and free passes to "Herbie Goes Bananas."

A new downtown store, "The Yarn Winder" will not be open in time for the promotion but they are offering a raffle prize which will be redeemed when they open in November. Dean's Christmas Toy Shop will be open for the special promotion week and remain open through the holiday season.

Can you match these legs to these faces? Only the contestants know for sure, but if anyone in Clinton County can match the body with the legs they will receive two free tickets to Clinton Memorial Hospital Auxiliary's

"Clinton Capers". "Clinton Capers" will be held on both Friday, Oct. 24 and Saturday, October 25. Featured in the photo are: Brandon White, Paul McNamara, Dr. James Grosz, Rod Fuller, Roy Briqqs and Randy

Humphrey. Entries must be received by Oct. 17 at the home of Mrs. Terri Warren, 402 S. Lansing, St. Johns, MI 48879. (Photo by Sharon Randall)

## St Johns man dies in one car crash

ST. JOHNS—Glen Wilkie, 44, of North DeWitt Road, St. Johns died in a car crash Saturday, Oct. 4 at about 12:55 a.m. after the driver of the car lost control of the vehicle while traveling southbound on US-27 just north of Kinley Road.

Kay F. Wilkie, 41, driver of the car told sheriff's deputies she lost control of the vehicle as it swerved, hitting the left guardrail and flipping over. Both occupants were thrown from the car.

Wilkie was pronounced dead on arrival. Mrs. Wilkie received minor injuries.

In other car accidents reported this week by the Clinton County sheriff's department, Laurie A. Olson, Portland, received serious injuries after she lost control of the vehicle she was driving on Lehman Road just south of Jones Rd. on Sept. 28 at 10:30 a.m. The car went into the ditch and rolled over. Ms. Olson was taken to St. Lawrence Hospital.

In a separate incident happening Oct. 3 at 7:45 a.m. Kathleen J. Corey, Ovid, received serious injuries and was taken to Owosso Memorial Hospital as she was traveling southbound on Shepardsville Road.

## Arson suspected in DeWitt fire

DEWITT—Clinton County Sheriff's deputies are investigating the cause of an early Sunday morning house fire which is believed to arson.

Reports indicate a vacant house owned by Robert Ball, of Andrews, Indiana, located at 8846 S. Williams Road went up in flames at about 2 a.m. The DeWitt City Volunteer Fire Department was called to the scene of the two-story frame house.

The burnt structure and the vacant house adjacent to the property are both for sale. No one was injured in the incident.

## Volunteers promote education about home fire safety

By Sue Kiley White

DEWITT—Four DeWitt firefighters along with the help of "Blazer the Fire Dog" will be instructing third graders at Riley, Olive and DeWitt Schools on fire safety Oct. 9 in conjunction with National Fire Prevention Week, Oct. 5 through 11.

A slide show which was purchased by the firefighters will be shown to the children. In addition they will be given

a test, fire safety handouts, and the plans for a home fire escape.

"We hope they will take the plan home and work it out with their brothers and sisters and parents," said Doug Twiss, DeWitt firefighter. "We also will impress upon them to memorize the fire department number and to never use it unless there is a fire."

The third graders will also be given red fire hats donated by Clinton County

Independent Insurance Agents consisting of Allaby and Brewbaker, The Willard Reed Agency, Lanterman's, Mel Warren Agency, the MacKenzie Agency, the Ovid-Elsie Service Office and the Carter Melvin Agency of Elsie.

The firefighters will visit Riley Elementary School at 8:30 a.m. and then head for East Olive Elementary where they will give a 10:30 a.m. program. They are scheduled to talk to Scott School

students in DeWitt at 2 p.m.

At another time the firefighters will visit grades one through five at Riley and East Olive Elementary and first and second graders at Scott School.

This is the second year firefighters have visited the schools during fire prevention week. Firefighters are Twiss, Brian Zeeb, Brad Ward and Brother Kurt Munn. These firefighters take the day off of work and talk to about 203 children.

"We've always had a fire prevention program for the DeWitt Schools," said Twiss. "The schools are also super cooperative."  
In addition a fire drill will be held at each school. The

children are instructed about the fire triangle and all safety features.

"The program really holds the kids interest," said Twiss. "And we really enjoy doing it for them."

## Car slams into tv repair shop

In a freak accident a wheel came off from a car and smashed through the window of Paradise Radio and Television Service at 110 N. Whittemore in St. Johns. The car was driven by Larry Ryder of St. Louis. Local police reported that a 6x10 foot plate glass window and two microwave carts were damaged in the mishap.

Two people were injured Friday afternoon, Oct. 3 when a car driven by Cecilia Fitzpatrick of R#1 Fowler pulled out of the Burger King in St. Johns into the path of a car being driven by Theodore W. Schlarf of Ithaca. Damon and Eva Tilden of Alma, passengers in the Schlarf car, were taken to Clinton Memorial Hospital; and Mrs. Fitzpatrick was ticketed.

A large amount of money was stolen from an unlocked safe at the Drake Station at 1201 N. US-27 on Sun., Oct. 5. The incident is still under

investigation by the St. Johns Police Dept.

Two separate incidents of tire-slashing were reported Friday night, Oct. 3. Two tires were reported slashed at the city park while a car belonging to Bernice Fox of R# 3 St. Johns was parked near the 4-H buildings sometime between 7:30 and 9:30 p.m. Later Herb Estes of 311 S. Ottawa reported that one of his tires had been slashed at his residence sometime late Friday night or early Saturday morning.

Two bicycles were reported stolen. Kelly Romanczuk of 609 N. Morton, lot 102 reported that a black boys 10-speed was stolen from his residence on Oct. 2. On Oct. 6 a blue Schwinn 10-speed was reported stolen by Gerald Hufnagel of 1010 S. Lansing. The bicycle was taken from Rodney B. Wilson Junior High sometime during school hours.

## Chimney fire doused

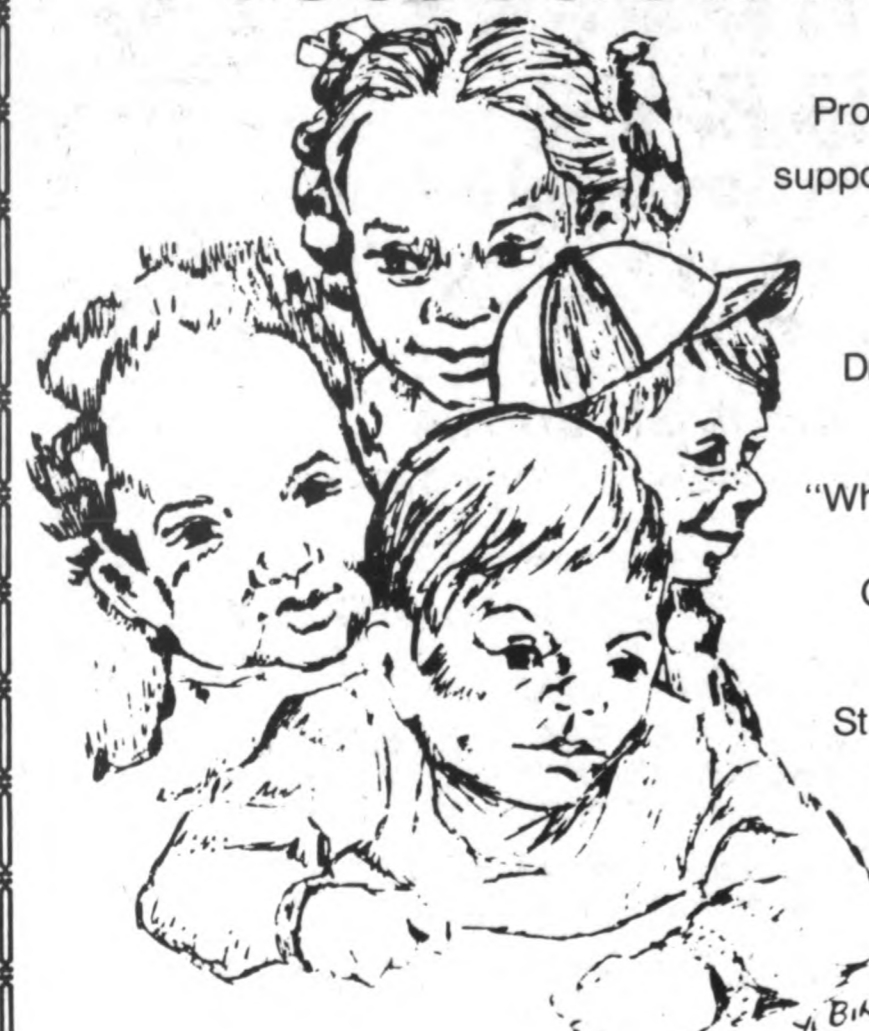

The St. Johns fire department responded to a call at the home of Fran Mott of 2422 W. French Rd. on Sept. 27 to put out a chimney fire. The fire was confined to the chimney and no loss was reported.

On Sept. 29 there was a grass fire reported at the

corner of Parks and Loomis Rd. Firemen report that the owner of the property is unknown.

At 4:51 p.m. on Fri., Oct. 3 firemen were called to the home of Duane Eckley of 109 S. Traver to investigate a report of smoke.

Because incumbent Congressman Don Albosta has turned down several opportunities to debate Dick Allen in one-on-one debates on the issues, Senator Allen is initiating a series of paid columns on federal issues to inform the voters. The following is the first in a series of open letters written personally by 10th Congressional District Republican Candidate State Senator Dick Allen.

## The Major Issues

Dear Voters:

If we are going to change our country we are first going to have to change Congress. If we are fed up with an economic policy that has resulted in inflation, and Tenth District unemployment and interest rates all in the fourteen percent range, then we have to change the body that has set those policies... the U.S. Congress!

And if we are going to change Congress, Don Albosta, the Democratic Congressman from outside St. Charles will have to be replaced.

You might fairly ask, "But is Don Albosta, serving on the Post Office and Public Works committees, really responsible for the economic havoc wreaked by our current Congress?"

The answer is yes. The Democratic Congressional leadership in control and only slightly changed through 26 years is responsible, and our congressman - by supporting them and voting with them 84% of the time - is definitely part of the problem.

Here's my analysis of where the Democrats have failed our economy:

For more than three decades following World War II the economic policy of the Democratic party leaders has been to stimulate our economy through programs that put a lot of money in peoples hands, encouraged spending and discouraged thrift, savings, and investments.

For a time it worked, primarily because we had excess productive capacity following the war and a practically limitless supply of cheap Middle East oil.

Extra money pumped into people's hands through budget deficits and thousands of loose give-away programs simply causes inflation, high imports, unemployment and misery. Yet our Congress under the same old leaders persists in the same old policy!

We desperately need a change! Economic policies - which I will elaborate on in later columns - must encourage thrift, savings and investment in America.

Most people in this country now believe we need a change in our economic policy and a change in Congress. They believe that Republicans would be better suited to lead us during these times. But buttressed by self-promoting taxpayer paid mailings, staff, speeches and press releases, they are not aware that their own Democratic Congressman is part of the problem.

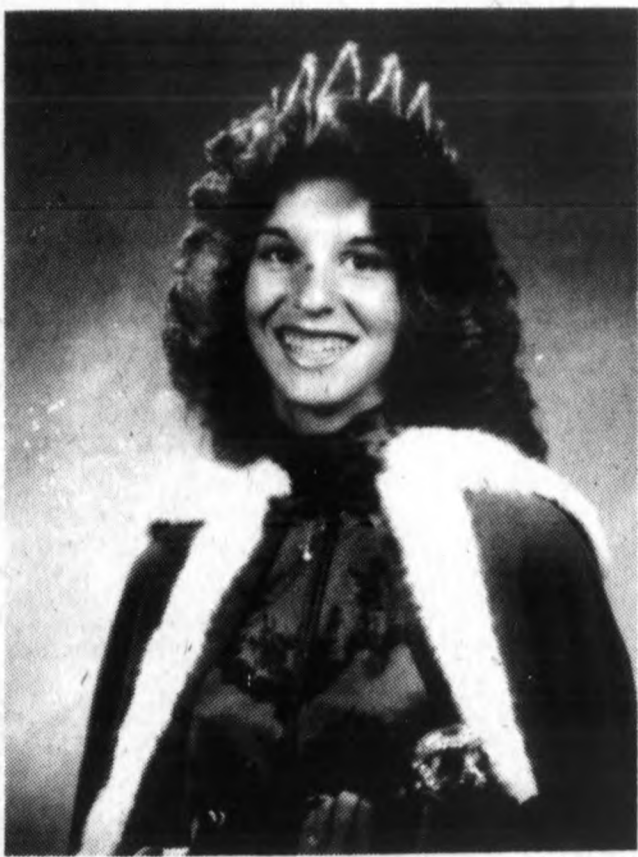

We can make a change in this country. But we will have to start by changing Congress. And voters in the 10th, one of only three possible swing districts in Michigan, will have to speak out for change by electing Dick Allen!

We need your help.

## Lions open re-cycling center

ST. JOHNS—The St. Johns Lions Club with some financial support from the city will open a Re-cycling Center, Saturday, Oct. 11 at the corner of Steel and Swegles Streets where they now support a paper drop-off box.

A conservation effort, the project is an attempt to re-use natural resources and to save tax dollars by diverting waste from area landfills.

The new Re-Cycling Center will accept glass bottles and jars, aluminum, and newspapers. Volunteers will be ready to help unload your car. The center is to be open every month on the

second Saturday from 9 a.m.-4 p.m. and the fourth Thursday from 7 to 9 p.m.

Lions Club member Dale Kuenzli said the city has subsidized the project with \$3,700 that went into bins and glass crusher equipment. He said the public will have to be trained on how to bring in waste materials and an instruction sheet is available.

Glass bottles and jars must be rinsed clean but labels need not be removed. All metal caps and rings have to be taken off and colored bottles should be sorted by color.

Only bottles are accepted, other glass such as window plate, windshields are

currently not being accepted.

Aluminum may be re-cycled such as television trays and other baking trays. All aluminum cans have round bottoms and do not have side seams.

All types of household aluminum items such as coffee pots, pans, framing from lawn furniture, aluminum siding and screens are accepted.

Newspapers must be tied and bundled securely. Grocery sacks if separated from newspapers and tied are accepted. IBM cards can be boxed or bundled and cardboard, if broken down and tied securely will be taken in for re-cycling.

## Schools show enrollment drop

By Jean Martin

CLINTON COUNTY—Fourth Friday enrollment figures were down for all school districts in the county this year.

St. Johns, the largest district in the county, had expected to lose about 50 students. Early figures are still incomplete, but Superintendent Dr. Donald Burns now estimates that the number will be closer to 100 fewer students enrolled.

Bath School Superintendent Kenneth Dyer reports enrollments for the year are down in his district by about 45 pupils, and the count includes nine adult education students. Using the formula of \$355 per student plus \$46 per mill, Dyer estimates the district could lose \$1,827 per student in state aid if the 32 mill tax were to pass. Enrollments in the district total 1218 this year.

Enrollments at Ovid-Elsie stand at 2,226. This figure is down from 2,268 and represents a loss of 42 students from last year.

DeWitt Schools have lost 38 students when compared with last year's figures. Officials attribute this loss, at least in part, to the fact that DeWitt is not offering adult education this year.

Fowler Schools report a loss of 17 students when

compared with last year. Enrollments in the Fowler Schools this year total 744.

Superintendent Roy Thelen of the Pewamo-Wesphalia Schools reports an enrollment of 919 students. This represents a loss of 10 students from last year's count.

Figures for the Intermediate School District's special education classes were not immediately available.

Parochial schools in the county also generally reported a small drop in enrollment.

St. Joseph's in St. Johns has 246 students enrolled now as compared with 250 last year at this time.

St. Joseph's, Pewamo reports an enrollment of 96. Last year 102 students were enrolled.

St. Mary's in Westphalia showed the largest drop in enrollment from 338 last year to 288 as of last Friday.

The enrollment of the Adventist School in St. Johns remained steady with 13 pupils, and the Grove Christian School in Victor Twp. gained one student. They now have an enrollment of 106.

The St. Peter Lutheran School in Riley Twp. reports an enrollment of 56, a gain of three students over last year's figures.

## Howell named circulation director

**Bob Howell**

Bob Howell has been named circulation director of the 12 Lansing-area publications owned by Suburban Communications Corporation (SCC), it was announced this week by Zane Fox, general manager.

Howell started his career in circulation with The Detroit Times. When the Hearst Corporation closed The Times in 1960, he went to work for The Detroit News for eight years.

The new circulation director also worked for newspapers in Ohio and New York before joining the Livingston County Press, then owned by Richard L. Milliman, in 1979.

Suburban Communications purchased the Milliman publications in June of this year.

With the combination of SCC's Towne Courier Publications and the newspapers and shoppers formerly owned by Milliman in the suburban Lansing area, Howell said, the division hopes to implement new ideas to improve delivery and sales.

Howell attended the Detroit Institute of Technology and served in the U.S. Army air force during World War II. A resident of Webberville, he is married and the father of four children.

The Lansing-area newspapers owned by SCC include The Towne Courier in East Lansing, The Enterprise in Williamston, The Ingham County News in Mason, The Grand Ledge Independent, Delta-Waverly This Week, The Charlotte Republican Tribune, the Portland Review & Observer, The Clinton County News in St. Johns and The DeWitt/Bath Review.

Shoppers published by SCC in the Lansing area include the New Shopper in Ingham County, The Reminder in Grand Ledge and the Independent Penny Saver in Portland.

## Election of ISD Board discussed

By Jean Martin

CLINTON COUNTY—A bill that will make possible the popular election of local Intermediate Schools District boards has been voted out of committee in the Michigan Senate, according to Dave Medema, an assistant to Senator Stephen Monsma of

Grand Rapids who met recently with Clinton County Citizens for Special Education to explain the operations of Senate Bill No. 573.

The bill, he explained, grew out of a conflict within Kent County between parents and the administration and board members of the Intermediate School District.

Because ISD boards are appointed by representatives of the local school districts within the Intermediate District, they do not always feel a pressing need to be responsive to the public, Medema said. They make decisions about how monies are to be spent within the Intermediate District without having been elected by the tax payers, he added.

The original bill, according to Medema, would have required popular election of ISD boards. In its present form the bill provides for a petition process to put the question of popular election on the ballot for the next scheduled November election.

The bill provides for a state commission to oversee

the election and to choose the number of board members to be elected based upon the one man, one vote principle.

"This is not just a special education problem," Medema emphasized.

A spokesman for the local parent group, Nona Edsenga, expressed concern because Sen. Richard Allen who represents Clinton County says that he has not taken a position on this bill. He did, however, vote to take the bill out of committee.

"Selected boards are wrong," declared Mrs. Edsinger. "They are spending our tax dollars, and there is nothing we can do if they are not responsive to us. They don't have to be accountable because we can't recall them."

## Ticker Club broadens scope

The Ticker Club at Clinton Memorial Hospital has broadened the scope of its educational services. Started as an educational, social club for people who have had heart attacks, Ticker Club now invites the participation of people with hypertension, cardiac arrhythmia, post cardiac surgery, congestive heart failure or other circulatory problems.

At the next meeting on Oct. 14 at 7:30 p.m. in the Clinton Memorial Conference Room, the guest speaker will be Robert Ledegerber, Registered Pharmacist. At this meeting, the Medication Series will continue and everyone is asked to bring their medica-

tions with them.

Ticker Club is sponsored by the Special Care Unit nursing staff at the Hospital. Educational programs with guest speakers and demonstrations provide information about diets, activities and exercise, medications, personality types and the anatomy and physiology of heart disease. It also provides social contact among people with similar problems.

Family members are invited to attend. There are no dues and membership is not limited to patients treated at Clinton Memorial Hospital. For more information, call 224-6881, Ext 293, or 283.

## OUR OPINION

### County needs Care Center

The closing of Anna Jackson's boarding home for elderly citizens by state agencies last week draws into sharp focus the desperate need for a Care Center facility in Clinton County.

Thirteen elderly persons, aged 74-94, were routed from the home upon order of the Prosecutor's office after state health agencies found conditions unsafe.

While the move was probably warranted with the evidence presented, the fact remains that 13 people are homeless again. Families were forced to immediately find other facilities most of which were out of the county. Several of the patients had to be taken to Clinton Memorial Hospital until they could find housing elsewhere.

People who visited their family members at the Jackson Home several times a day will now be driving 10 to 20 miles, one way, for those visits.

Clinton County is aware of this need and rallied with financial support last year to a fund raiser for a Care Center facility here.

At present the project waits for final approval of a \$2.5 million loan from Farmers' Home Administration which is expected to come sometime this month.

"All our paperwork is done, the papers are filed, and we are awaiting a letter of condition from FHA," a Care Center spokesperson said.

Sadly, the wait is even harder for the 13 displaced boarders from the Jackson Home. They need the Care Center now.

## CHAMBER NOTES

### New business announced

By Jody Smith  
Manager

The Chamber of Commerce is happy to announce that there is a new business in the area. Ronald C's Flowers and Gifts is located at 1002 North Lansing St., adjacent to Cornwell Catering.

Ron C is actually Ronald Whitefield, a lifelong resident of St. Johns who lives on Jason Road. He attended Michigan State University for two years where he majored in floriculture. Through the employ of Lansing florists over the past few years he has gained a variety of experiences and interests which give his shop a unique flavor for the St.

Johns community.

Ron's special interest in flower sales is total home decorating. His past home decorations have included the Christmas arrangements for the Governor's Mansion in Lansing and floral designs for the Ford White House. He also likes to do flowers and plants for parties and receptions.

His flowers and gifts include both fresh and dried floral arrangements and artificial creations with natural textures. This Christmas he will be offering completely decorated Christmas trees, both fresh cut and artificial. Interested parties may call him for consultation or ideas for a special tree for office or home.

Like any new small business, his day is filled with bookkeeping, phone calls and deliveries. He credits his parents for giving him back-up support when he has needed it.

Being new in the business community, he said he was surprised by the response of others in his same profession. He appreciated the time he has received help from another local florist. He knows the benefits of cooperation in any trade; it translates into providing whatever the customer wants.

Starting a new business is a tremendous undertaking and means a whole lot of hard work. It certainly is the wish of the Chamber that Ronald C's is successful.

### Jean Martin joins News staff

The Clinton County News and the DeWitt/Bath Review have added a part-time writer to the news staff.

Jean Martin

Jean Martin, a St. Johns native, who has a varied writing background in freelance work, joined the staff in September. She will be covering the Bath Township Board meetings and the Bath Board of Education meetings for the Review and be writing general news a feature articles for both newspapers. She is a graduate of Rodney B. Wilson High School and attended Albion, the University of Michigan and Michigan State University.

Many of her history related articles have appeared in the Clinton County News in the past several years and she is an active

member of the Clinton County History, 1980, book committee.

Mrs. Martin has been employed at the Bement Public Library and the Clinton County Intermediate School District. She has been a substitute teacher and has taught religious education at St. Joseph School. She is involved in Cub Scout work

and is a member of the Clinton County Historical Society. She is also well known as a local photographer.

Jean and her husband Jack who live on North Ottawa Street have four children.

## THROUGH THE LENS OPENING

### Bold Mother Nature

Nature comes through as a bold and powerful force in this compelling photo by Cayle Beagle of St. Johns. Captured on a cold, cloudy visit to Tower Falls in Yellowstone National Park in July of 1978, this picture hangs in the family's livingroom. Beagle used Tri-X film with an 800 ASA, 1/125 sec at f4. He first became interested in photography while a student at Albion college and started taking pictures and developing at the same time. "It's still magic," he said.

## TO THE EDITOR

### Railroad book written

Railroad buffs in this area may be interested in a new book written by Charles R. Foss, who resides in Byron Center, MI. Mr. Foss has spent four years, and \$14,000 worth of expense in the research and material used in the book titled "Evening Before The Diesel." The book will contain photos and pictures from Clinton County and should be of interest to many people. The pre-publication price is \$41.95 through Nov. 30th. The book is published by Pruett Publishing Co., 3235 Prairie Ave., Boulder, Col. 80301.

Sincerely,  
Shirley Karber

### Thanks to Jacksons

To the Editor:  
We wish to express a special thanks to the Jacksons for their service to the community over the many years. Our brother-in-law has been in their Home for the Aged for 1 1/2 years and was treated with kindness and concern, kept clean and fed very well. He was very upset to have to leave his "home." Many people have benefited from their care over the years and these services will be a great loss to this area.

## SENIOR CITIZEN UPDATE By Ruth Delo

An interview with Brenda Hamilton, director of the Senior Citizen office in St. Johns, brought forth the following information.

The Health Screening for Seniors, has just been completed. They were scheduled to complete 180 people for the program, and at least 50 or 60 more seniors were unable to be scheduled. There were several seniors who had to be sent to their doctors with discoveries of some medical problems.

October 17 is the date for the next Area Wide meeting for Senior Citizens. It will be held at St. Mary's Hall in Westphalia, with a noon potluck dinner. The guest speaker will be Tess Canja, editor of Aging Alert. She will talk on the different proposals, for the November election. (Especially on the Tish Tax Program)

There probably will be another home heating assistance program this year but as yet they are not sure how it is to be administered. The Senior Citizen office, will contact many individuals by mail, when they are sure of the details. Watch for news notices for announcement of the beginning of the heating assistance program.

The weatherization program is a program that will provide insulation, weather stripping, caulking and storm windows. All labor and materials will be provided at no cost to those individuals who will qualify under the low income guide lines.

Just a reminder that the Homestead Property Tax rebate will soon be starting up again. Call the Senior Citizen office for more information, after you receive your tax statement.

Legal Aide is still available every Tuesday morning, by appointment only.

Transportation, in the van, is still provided for trips for

Doctors appointments, medical prescriptions and grocery shopping.

Here is a list of the nutrition sights in our area—  
Monday—12 p.m., Westphalia at St. Mary's; 12 p.m., Bath at Park Lake Improvement League.

Tuesday—12 p.m., Maple Rapids at Methodist Church; 12 p.m., DeWitt at St. Jude's; 1 p.m., Ovid at Ovid Junior High.

Wednesday, Thursday and Friday—12:30 p.m., St. Johns at Drop-in Center.

Wednesday—1 p.m., Elsie at E.E. Knight Elementary; 5 p.m., Fowler at Waldron Elementary.

A senior Citizen discount directory, which is published by the Tri-County on Aging is available at the Senior Citizen office at \$1.50 per copy. It provides listings of business establishments, within the Tri County Area, that have discounts for Senior Citizens. Different categories would include, Banks, Appliance stores, automotive, Beauty Salon and Barber Shops, clothing stores and many others.

Any questions or information needed, call the Senior Citizen Office, 100 S. Ottawa St., St. Johns, telephone # 224-7998.

Benefit Dance for the Senior Citizen Drop-in Center will be held Friday, Oct. 10 from 8 to 12 p.m., at the Fowler Conservation Club. It features the Stevens orchestra with Zip Waltz calling the square dances and peppy music for the round dances. It \$2.00 per person including refreshments. All ages are welcome, so come on out for a fun evening.  
So, until next time...

## A View from Sturgis Street By Tom Sherby

Well, what is happening to our institution of marriage? It seems to me that every time I turn around, someone I know or a friend of a friend is getting a divorce. At the rate we are going now, it seems to me that half of the people getting married today will be divorced by the year 2000.

What is going on? Why are more people getting divorced than ever before? What is it that holds some marriages together while others end in the divorce courts? I have puzzled over this question a great deal, for a long time. I certainly do not have all the answers but I do have some observations about what helps make marriages work.

I believe that to begin with, a marriage has a better chance of succeeding if the couple has realistic expectations of marriage. Too many people expect too much of marriage. Some fly into marriage as an escape from an unhappy family life. Others feel that love will keep problems at a distance. It seems very important to be realistic about what marriage - any marriage - can and cannot do. Above all, it is not an automatic ticket to happiness and security. If it is going to work, it takes constant tending.

In my experience, both personally and professionally, there are two main ingredients, closely related, that exist in marriages that survive: mutual commitment to the relationship and the ability to talk to each other.

For me, commitment can mean a number of things. Mainly, it means that both people because they are fond of one another and respect each other, have the faith and the will that they can, together, come to grips with and work out most problems. Most problems (but not all) are resolvable. Most can be worked out.

The willingness and ability to talk things out, to tackle a marriage or personal problem while it is fresh, is basic. Some people, especially men, seem to have a real problem

being able to talk about how they feel and about what troubles them. Time and again I have seen one partner in the marriage left in the dark, about what is going on because of the other's silence. Sometimes I think that silence is a way of being angry, a very destructive way. Sometimes the person is genuinely at a loss about how to say what he or she feels. This is a tragedy, because I believe countless marriages could be saved if this unwillingness or inability to talk things out could be overcome. I believe that the difference lies in the strength of the commitment.

I am not entirely sure why that commitment is not as strong in some people. I believe part of the reason is that our prosperity as a nation has created in many of us the feeling and expectation that we should get what we want. If we want a better car, we discard the old one. If we are not pleased with our marriage the temptation is to shed our spouse and try someone new! After all, do we not deserve the best?

There was a time when most people could not afford to separate. People had to stay together. I wonder how many of those marriages were worked out, because other alternatives were not readily available.

The institution of marriage is in trouble. A lasting commitment by both people and the ability and willingness of people to talk things out are essential to the survival of a marriage.

The Clinton County News invites area photographers to submit their creative photos for our new column, "Through the Lens Opening," that will run each week on the editorial page.

Pictures will be chosen for publication by the editorial and photo staff. Bring your photos in or send them by mail including information on how you shot the picture, your film type and camera setting.

The district is also struggling to repay the \$948,379 bank loan it defaulted on Aug. 31. Agreement reached with the year and start re-payment of the \$203,278 general fund deficit auditors uncovered in August.

banks involved, Clinton Bank and Trust and Central National Bank, both of St. Johns, calls for installment payments for the loan. The district must pay 10 percent of unpaid principal on Nov. 1 and Dec. 1; 20 percent payments, Feb. 1 and Mar. 1; and the remaining 40

percent by April 1 of next year. School districts are allowed two years to make up for deficit spending. Ovid-Elsie has not had a significant millage increase in several years. Since 1975, extra operating millage has raised 1.25 mills.

the key," Armitage said, explaining that the committee was striving for a higher percentage of participation in every area.

Serving on the 1980 committee are Terry Hall, commerce and financial coordinator; Steve Bakita, education coordinator; Hugh Banninga, government coordinator; William Richards, Jr., village and community area coordinator. Armitage also serves as special gifts, industrial and professional coordinator.

With United Way volunteers calling on businesses and organizations all this month, Armitage asked that people cooperate. "Where we really need help is in courteous treatment of our volunteers," he said. "We are spending our time because we believe that by collecting this way we are freeing up dollars to be used where they will do some good," he said.

The largest percentage of United Way work is done by volunteers, both in

raising the funds and distributing them. "As a result we end up with a lower percentage of donated money being eaten up in administrative costs," he said.

Armitage, who heads Federal-Mogul in St. Johns, said companies also give and if they contribute as much as they did last year, they will be giving more per capita. "This plant will give even though business is down 40 percent so far this year," he pledged.

## Scholastic Aptitude tests will be given Oct 25

ST. JOHNS—Loren Perry, director of guidance at St. Johns High School, has announced that students in St. Johns will be taking the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) on Oct. 25. The test is designed primarily to be taken by juniors but can also be made available to seniors under certain

circumstances. Students who plan to take the 1980 PSAT/NMSQT will receive a complete sample test for practice, along with

an answer key and scoring instructions. When scores are reported in December, each student will receive a Report of Student Answers, including the correct answers as well as the answers the

student gave. To allow students to refer to the original questions, schools will return test booklets with scores. Students will continue to receive About Your PSAT/NMSQT Scores, a booklet of general information on college planning.

The PSAT/NMSQT is co-sponsored by the College Board and National Merit Scholarship Corporation. It is administered annually to more than one million students and measures verbal and mathematical abilities that are important in college work. The PSAT/NMSQT is also the qualifying test for students who wish to participate in the nationwide scholarship competitions administered by National Merit Scholarship Corporation.

## De Witt examines tax proposals

By Sue Kiley White

**DEWITT**—Voters in Michigan will have to know their ABC's and know them well when it comes time to push the levers in the Nov. 4 election. In an effort to make clear at least three of the proposals on the ballot the DeWitt School Board held a Tax Proposals Forum last Monday night in the high school auditorium.

Speaking in behalf of Proposal A. (Smith/Bullard) was Judy Reynolds, a representative of the League of Women Voters. John Ward explained Proposal C. (Legislative-Executive). Speaking for the Tish II or Proposal D was David Hoskins. Superintendent Steve Garrett acted as moderator and Bob Valentine represented the school board.

Ted Ferris, economist and director's assistant of the Senate Fiscal Agency, explained what negative effects each of the proposals would have on the state and various programs. About 70 people attended the informal session.

Some of the major provisions outlined with the tax questions of 1980 include the following:

**PROPOSAL A**—Reduces property taxes by 50 percent or more in exchange for a 1 to 1½ percent increase in income tax. Requires equal per pupil funding for education by the legislature after a five year phase-in period. Puts local control of education into the constitution. Almost eliminates property taxes for senior citizens and puts a limit on property tax business will for schools.

This proposal is endorsed by the Michigan Education Association, League of Women Voters of Michigan, State Police Troopers Association, Michigan Township Association, Council on Alcohol Abuse and Public Interest Research Group of Michigan.

**PROPOSAL D**—Lowers the assessed valuation on property by 50 percent of what it was in 1978, cutting real estate taxes by one-half their 1978 levels effective in 1981. The Tish Amendment will limit the increase of assessments on residential and agricultural property, as finally equalized for the 1978 tax year to two percent a year beginning in 1982 and limit other property assessment increases to the rate of inflation. Also has provisions to prevent the legislature from imposing a new tax or

increasing the rate or base of any tax that was in effect in 1978, unless approved by 60 percent of the voters voting on the question in a general election. Local government and school tax issues will be determined by simple majority as usual. Under the Tish Amendment, senior citizens over 62 would not be required to pay local school district operating millage. Renters would receive credit also.

Endorsed by Richard Headlee, Robert Tisch and the Realtors Association.

**PROPOSAL C**—Provides a \$7,100 SEV (State Equalized Value) exemption per homestead (first \$14,200 of true cash value) for all operating (non-debt) millage levied. Provides \$140 grant to renters. Increases sales and use taxes from four percent to 5.5 percent and earmarks proceeds from the additional 1.5 percent levy for homestead property tax relief and phase-out of the sales tax on residential energy use. Requires the state to reimburse local units of government for lost property tax revenue to the extent

increased sales tax revenues are available.

Endorsed by the Legislative and Executive Leaders and the two major political parties.

"These are not simple programs," said Ward explaining Proposal C. "but none of them are simple."

With Proposal C, non food and drug items will be going up as far as taxes are concerned. However, Ward indicated, 20 percent of Michigan's trade with these items comes from out of state business.

"No one will be hurt by the proposal," he said. "Most people should come out exceedingly well."

Hoskins explained Proposal D first of all by saying, "There are three tax proposals, but only one is a tax cut."

"The value of your home (or the amount of taxes that you pay) has no relationship to the amount of services that you receive," he said.

In his speech, Hoskins continued to knock the legislature for the job it has been doing and also put a lot of blame on the three big automakers in the state.

"Tisch is not going to cut education," he said. "Never again will K-12 programs receive any less than they received in October of 1980."

Ms. Reynolds explained Proposal A by saying it was a state-wide system for funding school systems. In addition they will be financing elementary and secondary education not based on property taxes.

"Proposal A will give equal and quality education," she said. "We will have local control in the schools and do away with local allocation boards."

Ms. Reynolds stated DeWitt area residents would see a 37 percent decrease in their property taxes with Proposal A and then see a 76 percent increase in school money received.

"The League of Women Voters believes Proposal A is

fairer because it is based on the ability to pay through an income tax," she said. "It is important to develop a new plan to finance education... the children are too important to suffer."

Ferris, noted most people do not know how the Michigan tax system works citing the circuit breaker as a major example. He said the circuit breaker began in 1973. This circuit breaker is sensitive to growth in property taxes.

"These are difficult times for the state of Michigan," he said. "In Michigan taxes grew by 10 percent. After Proposition 13 there was a 40 percent increase in taxes in California."

He added, "The bottom line is, there is no free lunch." He noted with Proposals A and D, the circuit breaker credits will fall 10 percent. With C, the circuit breaker will remain the same.

"With C you are talking about a shift," he said. "Perhaps there is too much reliance on the sales tax. With D (Tisch) cuts would be made in basic state services, which includes the Department of Natural Resources, the state police and mental health and social services."

He explained that Proposal A (Smith/Bullard) is the only proposal to deal with school tax reform. He added, "If we are going to equalize how much each student is given, how about equalizing the teacher's salaries?"

By Sue Kiley White

**ST. JOHNS**—Retirement is normally looked upon as a time of rest and relaxation for many people after reaching the age of 65. However, for many others the hours seem to drag with nothing to do.

Abner Turner of St. Johns conquered this boredom by turning to the cap and scarf knitting pastime. Using a new type of loom rather than needles Turner can make a cap in five hours and a scarf in the same amount of time.

By redesigning the loom, Turner scaled down his time of eight hours for a scarf to five. This enables him to produce more of the warm accessories in a week's time.

Miss Michigan was presented a cap and scarf set just recently by Turner when she attended a Lions Club party in St. Johns. In addition, Turner has donated several sets of the caps and scarves to the Vietnam refugees living in St. Johns.

The Lions Club furnishes some of the yarn for Turner, and the finished products are then given to local organizations such as the Retired Senior Volunteers Program (RSVP) and the Big Brothers and Big Sisters.

Turner's wife Marian noted that so many times "retirees just give up." She added, "It's pleasurable to do something for someone else when you have time on your hands."

Grandpa Turner as he is known to many of the local children moved to St. Johns after retiring from his butcher and meat cutter job in Detroit. He was employed in this profession for 46 years.

"In 1924 I got married and needed a job," he began. "I just went into this store and told the guy I wanted to be a meat cutter."

He started out in Carleton, Michigan and later became the head meat cutter at the Dearborn Public Market. Henry Ford was a regular customer of this market and it was Turner's responsibility to see that the meat was properly aged and cut.

"Everything had to be just perfect," he remembered. Being an employee of an old-time, independent grocery

store Turner put in a lot of long hours, putting in between 12 and 14 hours a day. During the week he worked from 6 a.m. to 6 p.m. Saturdays however he worked from 6 a.m. to 10 p.m., because everything had to be spotless and ready to go on Monday morning.

"We didn't have unions back then," he said. "The top pay was something like \$35 a week."

In the meat business, Turner was known as a "jack-of-all-trades." He was a butcher and meat cutter and was a sausage maker. He made the hot dogs, the lunch meats and the liverwurst.

"During the Depression I remember selling meat house to house in the country," he said. "Of course, we were selling porkchops two pounds for a quarter and the best porterhouse steak was only 45 cents."

Turner has been a member of the St. Johns Lions club for seven years and was awarded the Distinguished Service Award for 1980. He is also a member of the RSVP and is on the Board of Directors for the Big Brothers and Big Sisters program. His wife has been a Red Cross Volunteer at Clinton Memorial Hospital for the past three years.

Mrs. Turner has helped her husband in Lions Club activities too by counting and bagging donuts for their annual sale and helping with dinners and counting money. They also play cards with the Senior Citizens every other week.

Turner has been asked by many groups to demonstrate his revolutionary knitting techniques. The first time he taught a workshop at Smith Hall for 75 women. He was teaching another group at the Methodist Church how to make the double thickness caps and scarves.

He says he will teach anyone who wants to learn how to make them, if they just give him a call. He will also make any color cap or scarf a person might desire.

So now as the cold months are approaching you can find Grandpa Turner working away in the corner room of his Clinton Avenue home pouring out the scarves and caps to keep everyone warm this winter.

## Looking Ahead

**TICKER CLUB** will meet in the Clinton Memorial Hospital Conference Room Tuesday, Oct. 14 at 7:30 p.m. The Medication Series will continue with guest speaker Robert Ledegerber, Registered Pharmacist. Participants are asked to bring their medications to the meeting with them. For more information, call 224-6881, Ext. 293 or 283.

**PANCAKE SUPPER**—Sponsored by Wacousta Methodist Church Building Committee, proceeds going to the building fund, Saturday, Oct. 25, 4-8 p.m. All you can eat pancakes, ham and homemade applesauce at the Watertown Township Complex on Wacousta Road; \$3 for adults, \$1.50 for children under 12.

**AUCTION**—The Wacousta Community United Methodist Church will hold an Auction with lunch refreshments available Saturday, Oct. 11, starting at 10:30 a.m. at the Watertown Township Complex on Wacousta Road. Proceeds will go to the building fund.

was in violation of many fire and safety codes that "were too substantial to be allowed to exist or go uncorrected."

Families of the 13 patients have protested the closing, particularly that officials were uncaring in the time allowed to close the home. Mrs. Don Gilson and Mrs. Clare Maier, who had family members in the Jackson facility, both spoke highly of Anna Jackson and the care they felt their relatives received.

"I visited once or twice every day for a year and a half and never, never saw

anything wrong," Mrs. Gilson said. She reported that her brother-in-law, Kenneth Peffer, was "fed beautifully and everything was kept clean." Peffer, she said, was 86 years old and had trouble with his legs and with walking.

Mrs. Maier said she was also a frequent visitor to the home where her mother had been a boarder for nine years. "She loved it there," Mrs. Maier said. "It was home, it was clean. I have nothing but good to say about the place or the people."

Both Mrs. Maier and Mrs. Gilson protested that officials had come to inspect the home at 6:30 a.m. and that the families of the 13 boarders were given until 5 p.m. to have them out of the facility. Newman said the early morning inspection was necessary "to get a true picture of conditions before staff arrived." He said the Jacksons were "elderly themselves" and unable to adequately care for their boarders during the time staff was not present in the home.

## ★ Promoter stopped

Con't from page 1

"If Franklin sells any more goods or services he has agreed not to include that the funds will be used for charitable purposes until he is properly licensed and the charity is licensed," Isom explained, Monday.

He has also been required to donate the unsold coupon books to the Clinton Senior Center. "If they wish to sell them on their own behalf, they are worth up to \$6,900," Isom said. Franklin also was required to pay for the cost of the investigation.

"This stopped the problem, made sure the charity is getting some money and assured that state costs were covered," he reported.

The warning issued by Kelley said that consumers should "know the nature of the organization seeking funds and specific details regarding how the money will be used before making a contribution."

"Occasionally responsible civic organizations have made the mistake of allowing a promoter to use their name in a fund raising effort in return for a small percent," he said. "Community groups should be careful not to allow the enticement of easy dollars to blind them to their responsibility to supporters as well as other risks." Kelley said many of these schemes involve deception and violation of licensing laws by both the promoter and the

organization.

The promoters set up an operation staffed by temporary employees and use the name of a local group in their promotion. "Often the scheme makes lots of money for the promoter with as little as 10 percent going to the good cause," Kelley explained. "This cynical trading on the good name of a local organization does a disservice to a community and makes it harder for a legitimate organization to conduct a fundraising drive," he stated.

The Consumer Protection Act prohibits among other things, high pressure tactics, false claims as to how money will be used and other misleading practices. If you get a telephone call by someone claiming to represent a community organization and wanting you to support them by buying something, ask for the name and address of the caller and an explanation of how the money is to be spent. If the caller doesn't give you a straight satisfactory answer, call the Attorney General's office. They can check immediately to see if the charity and promoter are licensed, if they are not an investigation will take place to determine if enforcement action should be taken.

To contact the Attorney General's Consumer Protection Division write 525 W. Ottawa, Lansing, MI 48913 or call 373-1152.

## ★ MMHD lay-offs

Con't from page 1

pay their share of the \$25,000, but Gratiot County commissioners are reluctant to spend more money on public health this year.

"I'll be glad to appropriate more money to the health department when the health department is the only game in town," declared board member Ryan Webster, from Gratiot County.

The three counties which make up the Mid-Michigan Health Department's catchment already are rated numbers 81, 82 and 83 out of Michigan's 83 counties in the amount of money they provide annually to run their health departments.

By far the largest cuts ordered by the MMHD board will be made in the nursing staff. By eliminating the home health care program 14 nurses and nine home health aides will be laid off. The target date for closing the home health care program is Oct. 17.

Home health service nurses provide skilled nursing care to people, mostly the elderly and infants, who have recently been released from the hospital. They are also responsible for teaching the patients and their families to care for themselves in their own homes in the event that an illness should prove to be long-term or chronic.

The health department is reimbursed for most of the cost of home health care services by Medicare, Medicaid, and Blue Cross. The program costs MMHD about \$1,000 a month over and above the reimbursable amounts to care for approximately 100 people in the tri-county area.

"Home health doesn't fully pay its own way," said board member Richard DePond, of Clinton County.

The board is counting on back payments connected with the reimbursements for home health services to balance the budget, according to DePond.

A recent audit found three years worth of overpayments in the home health care program which will have to be repaid. This is in addition to the Women's, Infants, and Children's program money that was recently recalled because it had been diverted to the MMHD general fund.

"This board of health wants to go back to basic services, and we need to get that (reimbursement) money out of the pipeline to balance our budget," explained Latoff.

"We'll do only what we absolutely have to," said board member Glenn Webster, of Clinton County. "Home health care is not a mandated service."

Nursing supervisor Mildred Baldwin told the board that she had been instructed as early as Sept. 26 that she was to accept no more referrals to the program.

"Does your vote tonight legally cover (the nurses) for the decision you made last Friday?" she asked.

"If anybody's tail gets chopped it will be ours," Glenn Webster assured her.

"We're nurses and we can always get jobs," she added. "But we're concerned about our patients."

Webster assured her that the board is working with Clinton Memorial Hospital to set up home health care in this area.

Gratiot County does have a certified provider in their hospital, according to Marie Mrozinski a spokesperson for the state health department. Montcalm County residents, however, will probably have to look towards Grand Rapids, she indicated.

# No-till planting can save fossil fuel in county

By Jean Martin

Area farmers are looking for ways to conserve the diesel fuel needed to run the large machinery they use for planting and harvesting their cash crops.

According to James Squires of the Clinton County Soil Conservation Service, farmers are trying out several methods of conservation tilling.

Perhaps the most radical of these new approaches is "no-till."

The concept of no-till was introduced into the hill country of the eastern United States about 20 years ago as a method of halting erosion. It was generally assumed that it could not be used on many different types of soil, so it has only recently been tried in other regions of the country.

Conventional planting would require that a field be plowed, disked and, perhaps, dragged or leveled before planting could begin. This not only takes a lot of fuel, but also involves large expenditures in labor and time. And, during a wet season such as many experienced in mid-Michigan this year, time can become a critical factor.

No-till, as the name suggests, is simply a method of planting without tilling the soil. It seems to be especially well adapted to the planting of corn and soybeans. After careful preparation of the soil with herbicides as in conventional planting, one additional chemical, paraquat, a drying agent, is used to defoliate the ground cover. The specially modified equipment tills a

shallow and narrow space just wide enough to plant. The savings in diesel fuel are obvious, and soil compaction problems are reduced because four or five trips over the field have been completely eliminated. Looser soils mean less work for the tractor engine and even more fuel savings.

On the Benson farm in Clinton County this year, Tom Benson found that to plant and spray on one of his fields took .82 gallons of diesel fuel per acre. Plowing, disk, leveling and planting last year took 5.64 gallons per acre. The no-till method represents a savings of 4.82 gallons per acre for this particular field. Other figures collected from across the nation suggest that an average of 5 gallons per acre could be saved using the no-till

method. Considering the about 85,000 acres of corn and soybeans planted this year in Clinton County alone, the magnitude of fuel savings that would be possible becomes apparent, conservation officials say.

No-till is not a panacea and it is not a substitute for good farm management. Instead it means that the farmer must learn a whole new method of farm

management.

The farmer employing no-till must rely completely upon spraying to control weeds and insects. Herbicide production itself, of course, requires large quantities of fossil fuel. A farmer who is already using herbicides as a part of his conventional farming program will, however, probably only have to add the defoliant, paraquat. The

energy equivalent of this would probably be less than one-half gallon of diesel fuel per acre.

Changing to no-till also means a modification in equipment. The Clinton County Soil Conservation

District provides a special planter for farmers who want to sample the no-till method. Eventually, of course, anyone wanting to switch to no-till planting

would have to convert his present planter. Many of the newer planters are designed to be used as both no-till and conventional planters.

On the farm, as in so many areas of modern society, the problem of fuel conservation ultimately becomes one of attitude adjustment. As Lowell Burchett of Kansas State University puts it, "To switch to no-till two things have got to change—your mind and your planter."

## Clinton to discuss tax proposals in forum

Clinton County residents will make some serious decisions during the November election and it will probably pay to learn as much about the issues as possible.

To help become acquainted with the state tax, prisons and drinking age proposals, a special meeting will be held Thursday, Oct. 23, at 8 p.m. at Smith Hall located at the County Fairgrounds in St. Johns.

The session is co-sponsored by the Cooperative Extension Service and Clinton County Farm Bureau and features Bob Craig who is public affairs specialist for

Farm Bureau and Alan Cropsey, Representative from Clinton County.

This will be an objective review of each of the proposals, telling the intent of each proposal and as much as possible, explaining the consequences of each. This is strictly an educational meeting which will objectively analyze each issue.

Discussion will focus only on the state issues, not local issues. The topics include: Smith-Bullard School Financing Tax Shift (Proposal A); Drinking Age (Proposal B); Executive-Legislative Tax Shift (Proposal C); Tisch Tax Cut (Proposal D); and Prison Construction (Proposal E).

## SJ Alumni Band performance planned for Oct 31

The annual St. Johns Alumni Band halftime performance is slated for Friday, Oct. 31. All alumni are to meet at the high school band room at 6 p.m. for preparations to march and play during the halftime ceremonies. Alumni are to wear dark trousers or slacks and a red jacket or sweater. Instruments will be available.

A get together is planned

after the game.

"Marching is like riding a bicycle, once you learn, you never forget," said Walt Cole. "Contact your friends who were in the Redwing Band and let's make this yearly event great."

## Redwing defense steals the show

By Tim Jeffery

There are nicknames such as Steel Curtain, Silver Rush and Doomsday Defense around the NFL, but never have any of them so dominated a ball game the way the St. Johns Redwings (no ferocious nickname to date) did Friday night against Alma. The visitors were held to minus 14 yards of total offense and zero first downs.

The Redwing offense put 13 points on the board to give the team its second straight 13-0 victory. Three other scoring opportunities failed to click which could have possibly made it 34-0.

Once again, as has been the case all season, the defense stole the show for St. Johns. Through five games thus far, the opposition has scored a total of 29 points. Only eight of those have come in the first half, which indicates the opportunities St. Johns has had, to take early leads. Had the offense been able to produce a bit better, the team could possibly be 4-1 or even 5-0 today.

The past is history though and what lies ahead seems to be looking brighter each minute for Coach Joe Gonzales. The quarterback situation has been somewhat up in the air all season, but Redwing fans may have gotten a taste of the future in the fourth quarter of Friday's game.

Sophomore Steve Gonzales playing in his first varsity action, calmly tossed a 9-yard touchdown pass to Doug Sleep with 5:09 left in the ball game. The scoring play came on a fourth and goal situation and capped a beautiful 15 play, 74-yard drive. The march was engineered by Gonzales who had been switched to quarterback after intercepting a pass to give St. Johns the ball.

Earlier, the Redwings had put the first touchdown of the contest on the board via the pass. Todd Deitrich, who enjoyed an outstanding ball game both ways, pounced on an Alma fumble 28 yards from paydirt. Scott Palmer took the team in, using five plays. The score came on a 14-yard Palmer to Bruce Fedewa aerial. Rich Kingsley booted the extra point which made it 7-0 with 7:00 left in the opening half.

Needless to say, the Panthers never seriously threatened the St. Johns end zone. Kevin Jennings the leading Alma ground gainer coming into the game, was held to just 3 yards. Quarterback Joel Preville hit 2 of 16 passes for 7 yards.

Alma intercepted a second quarter pass on its own 15-yard-line to stop one Redwing threat. On another occasion in the same quarter, the Panthers were forced to

punt from the end zone. The ball traveled just 25 yards, but St. Johns fumbled on the runback to wipe out an opportunity for excellent field position.

The rushing leader for St. Johns was Fedewa with 62 yards on seven carries, most of which were on counters. Fullback Ed Hollenbeck picked up 60 yards in eight tries, while Dean Sharick added 38 yards. Coach Gonzales was extremely pleased with the work by Hollenbeck, both running the ball and blocking.

The leading pass receivers for the Redwings were Doug Sleep and Steve Gonzales with two grabs each. Fedewa caught the other completion which was good for the touchdown.

Obviously, Coach Gonzales was very happy with the defensive during the Redwing Homecoming. "Defensively, it was one of the top if not the top efforts, since I

St. Johns displayed an awesome defense in Friday's 13-0 win over Alma. The Panthers were held to negative yardage and failed to pick up a first down the entire evening. On this

particular play Alma's running back was stopped cold illustrating almost every play. (Photo by Jan Smith)

have been a coach here. I give a lot of credit to Coaches Bob Tissot and Nick Koenigsnecht who coordinate the defense. The outstanding defensive performers were Graham Rice, Rich Mathias and Dietrich. Also Gary Campbell saved us another touchdown by knocking down a pass. He patrols beautifully back there," he stated.

The coach went on to add, "On offense the line blocked well. Guys like Mathias, Dietrich, Bruce Riley a new man who played the whole game and is only a sophomore, Dave Maples, Eric Silm and Kevin Scott were outstanding. Our ends Sleep and Campbell also blocked better this week."

The next action for St. Johns is Friday at Ionia. Earlier in the season, Ionia took Chesaning into overtime which shows they are capable of playing well, despite a poor record. Palmer is expected to start for the Redwings in the every-changing quarterback spot as the team tries to raise its record to 4-2.

## One Man's Views

By Tim Jeffery

It seems as though the jinx was cast upon Bath's gridders prior to Friday night's loss to Stockbridge. During the week the Bees made appearances on Lansing's Channels 6 and 10 news. They were also mentioned in the Free Press All-State Board column on Wednesday.

Now that Bath has lost, they shouldn't fall from the limelight. If they play up to expectations a win over Dansville Friday night is highly possible.

Five games into the season and just 21 players strong, DeWitt has managed to surpass all of last season's win total. Coach Gale Thornton has done a tremendous job in his first year. Many people figured the Panthers' for dead last in the Capital Circuit. A win over Okemos doesn't seem likely but the Cats may very well given the unbeaten Chiefs a rough battle.

Later in the season DeWitt gets a chance to show the area teams what it can do, with back to back confrontations against Ovid-Elsie and Bath. The game with O-E is an interesting one because Thornton will be facing a coach he played under in his high school days. The individual is Russ Pope, who has also pieced together a fine football team this season.

The Marauders had trouble hanging onto the football in Friday's showdown at Chesaning. However should Corunna be able to knock off Chesaning, OE will likely be playing St. Johns for a share of the MMB title.

After St. Johns lost to Chesaning two weeks ago many people wrote them off. It's a different story now after two straight 13-0 wins. This Redwing team has several juniors playing key roles, which may mean an even bigger year lies ahead next season.

Looking at the CMAC race, Fowler appears headed for a big meeting with Olivet, although the once beaten P-W team may have something to say about the matter. The Pirates were defeated earlier by Olivet, but won a big one Friday night over Fulton.

As for Fulton, the season has been a case of "close but no cigar." Both P-W and Olivet dealt Fulton crushing blows.

Conceivably, Fowler could lose to either P-W or Olivet and still make the playoffs. Eagle coach Steve Spicer would prefer beating both CMAC contenders through, which would virtually guarantee his Fowler team a playoff berth.

## Fowler gridders keep perfect record 16-0

By Tim Jeffery

Friday night's ball game between Fowler and Potterville will go down in the books as a 16-0 win for the visiting Eagles, but it was a contest which would have easily seen Fowler score twice more. The defensive unit played well once again and the offense moved the ball, however a pair of golden opportunities went astray for Coach Steve Spicer's club.

Fowler opened the scoring late in the first half when Tom Weber slanted off tackle for a 5-yard touchdown. The play completed a 65-yard march. Quarterback Luke Hufnagel hit Lloyd Feldpausch on the extra point try to give the team two points.

The first half saw no further scoring, although the Eagles turn the ball over on downs late in the second period, deep in Viking territory.

A long punt return set up the final Eagle touchdown. The ball was brought back to the Potterville 34-yard-line, from where Fowler proceeded to march into the end zone. The score came on an 11-yard Hufnagel pass to Doug Cook. Weber ran the conversion in to make it 16-0.

On another third quarter occasion, Fowler had a first down inside the Viking 10-yard-line, only to be hit with a penalty first, and then lose the ball on a fumble. In the fourth quarter, the Eagles were stopped inside the 20-yard-line when a fourth down try failed.

The second half, although only one touchdown was scored, belonged almost entirely to Fowler. The ground

game chewed up yardage, preventing Potterville from being able to give its Homecoming crowd anything to cheer about. The Eagles dominated the ball enough to where the punt team never had to be used. Potterville was forced to punt four times for an average of 23 yards a kick.

Weber lead the rushers with 100 yards on 20 carries. Feldpausch added 75 yards in 14 attempts and Ken Wieber picked up 50 more with eight tries. Earl Johnson, the leading rusher for Potterville throughout the year could only pick up 29 yards in eight attempts. Viking quarterback Mike O'Neil gained 33 yards on 12 carries to pace his team on the ground.

Hufnagel completed two passes, both of which were caught by Cook. The tosses were good for a total of 29 yards. O'Neil hit on 4 of 12 passes, netting just 1-yard. Both quarterbacks were intercepted once.

Feldpausch enjoyed another fine game from his linebacker position, coming up with 16 tackles. Steve Thelen had 14 tackles and Kurt Thelen has 12 to contribute to the fine defensive effort. Greg Armbrustmacher was credited with the Fowler interception.

The Fowler specialty teams played a big role in the contest, specifically the punt return unit. Weber had punt returns of 44 and 55 yards, while Cook had one for 27 yards.

Fowler travels to Laingsburg Friday to face the Wolfpack. Portland St. Pat's knocked off Laingsburg last week dropping them to 2-3 on the year. The big

one for Fowler comes a week from Friday when Olivet pays a visit. Should Fowler win at Laingsburg and Olivet win at home against St. Pats in this week's action, the two clubs will face each other with identical 6-0 records and the CMAC title on the line.

## Redwing netters move mark to 10-0

The St. Johns tennis team kept its perfect record intact last week by defeating Owosso and Corunna. The victories raised Coach Melanie Humphrey's Redwings to 10-0 on the year.

The win over Owosso was a tight 4-3 decision. Winners for the Redwings included Kris Teetens the number one singles player by scores of 6-2, 6-2. The doubles tandems of Tricia Barnes-Ellen Witteveen, Irenna Garapetyan-Michele O'Con-

nor and Caren Rojas-Sharon Barnes were winners by respective scores of 6-3, 6-4; 6-0, 6-1 and 6-0, 6-4.

The win against Corunna came a little easier with the score being 6-1. Redwing winners were Tetens 6-0, 6-1, Debbie Phillips 4-6, 6-2, 6-0, Theresa Hyde 6-3, 6-0, Witteveen-Barnes 6-0, 6-1, Garapetyan-O'Connor 6-2, 6-0 and Juliet Garapetyan-Leslie Smith 6-2, 6-4. Smith was seeing her first varsity action for St. Johns.

## SJ wins cross country meet

The weather was cold and the ground was damp on Saturday, but the St. Johns cross country team managed to forget the tough conditions and nip DeWitt for the Clinton County News Cross Country Meet title. The Redwings finished with 31 points, followed by DeWitt's 32 and Ovid-Elsie's 68. In the girls' competition DeWitt won by a forfeit.

Ted Wissner of DeWitt finished first with a course record time of 16:43. Paul Pjuszak of St. Johns finished

second, just one second behind Wissner. Redwing Jerry Peters took third with a clocking of 16:56.

DeWitt's Jeff Mulder was fourth at 17:24, followed by Dennis Wissner also of DeWitt at 17:29. Sixth was Dan Matson of St. Johns with his time of 17:29.5. Seventh was Stan Bloomfield of O-E with a mark of 17:38. Next was DeWitt's Tracy Boutwell at 17:39, followed by St. Johns' Eric Root at 17:50. Rounding out the medal winners was Craig Smith of

Ovid-Elsie with a time of 18:10.

Cheryl Leach and Monique DeSmith finished one and two in the girls' race. Both girls are from DeWitt and finished with times of 21:08 and 21:36 respectively. Julie Bennett of St. Johns was third at 22:20, followed by Debbie Hammon of DeWitt with a mark of 22:35, Lori Mazzullo also of DeWitt at 22:57 and Laura Miller of O-E at 23:01.

## Fowler girls win twice

The Fowler girls' basketball team won a pair of league games last week to up its record to 4-3 overall and 3-2 in the CMAC. The first action saw the Eagles knock off Potterville 50-45 and then two nights later beat Laingsburg 56-49.

In the contest with Potterville, Fowler took a 12-point halftime lead and managed to hang on for the victory, despite the Vikings outscoring them 16-10 in the fourth quarter. Jane Goerge led Fowler with 16 points while Becky Klein chipped in with 12. Connie Feldpausch grabbed 10 rebounds for the Eagles.

Forward Susie Brandt led Potterville with 17 points, while teammates Lorna Buck

and Sue Bouton had 11 and 10 points respectively.

The win over Laingsburg saw Fowler rally in the fourth quarter to wipe out a Wolfpack lead. The Eagles outscored the visitors 19-6 in quarter number four. Much of the damage was done from the free throw line where the winners hit 8 of 13 in the final stanza.

Goerge again led Fowler in scoring, this time with 17 points. Klein added 15 markers, while Lana Hafner grabbed 14 rebounds and Feldpausch pulled down 13.

Theresa Beatty and Kathy Sparks each scored 12 points for Laingsburg and freshman Jodi Palmer scored 11.

## Marauders dumped by Chesaning 23-0

By Tim Jeffery

The big showdown for first place in the MMB turned out to be more of a big letdown for Ovid-Elsie than anything else. The Indians of Chesaning proved to be tough in the trenches and 196-pound running back Ramon Persons powered his way for 127 yards as Chesaning rolled to a 23-0 win.

The offensive performance by the Marauders netted just 130 yards, 52 of which came on the ground. O-E was limited to 12 plays from scrimmage in the second half as the turnover bug hit five times. For the entire evening the swarming Indian defense forced seven turnovers.

On the opening series, Chesaning ground out yardage taking them to the O-E 15-yard-line. Then the Marauders got one of their only breaks of the evening when the Indians fumbled the football, halting the drive.

The Indians wouldn't let the fumble get in the way of the Homecoming fun through as they got on the scoreboard later in the opening quarter with a pass from Dennis Brafield to Persons, covering 33-yards. Tony Hengesberg booted the extra point.

The score remained 7-0 through the first half as the O-E offense continued to sputter. The nightmarish second half began horribly even before the Marauders could get back out onto the playing field. Thinking they had 20 minutes to spend in the lockerroom, what with the Chesaning Homecoming activities taking place, the Marauders were shocked to learn of a 15-yard penalty to be marked off as they kicked to begin the third quarter. The referees called a delay of game penalty for not being back out on time.

The hosts took the kickoff and proceeded to march upfield, until on fourth and two, Persons smashed into the line and appeared to be stopped. However the Indian running back bounced off and romped outside for 31 yards and a touchdown. The drive covered 63 yards and took 12 plays.

Later in the quarter, O-E fumbled inside its own 20-yard-line to give Chesaning another opportunity. The Indians couldn't go in for six, but kicker Hengesberg hit on a 27-yard field goal try to make it 17-0.

Finally, to add more hurt to the Marauder wounds, Steve Bitterman scooped up a fumble at the Chesaning 48-yard-line and raced 52 yards for another score. The fumble came after O-E had pieced together three first downs and appeared to be making a move.

O-E quarterback Rich Winkler had a tough night connecting on 6 of 18 passes, with two being intercepted. The six completions totaled 78 yards, with Mark Carter catching three of them for 27 yards. Scott Miller led all O-E rushers with 27 yards.

Brafield completed 6 of 16 passes for Chesaning for 88 yards as he directed the attack to 216 total yards and 14 first downs. Persons did most of the damage with his 127 yards on 22 carries.

Ryan Ackels, as he has done all year, played an outstanding game defensively. He was credited with 22 tackles including a quarterback sack. Linebacker Scott Hudecek had 13 tackles.

Chesaning did nothing fancy in grinding out the win as O-E Coach Russ Pope explained. "They ran only about four or five different plays. They've got the best offensive line blocking I've seen all year and I just don't think anybody will knock them off."

The Marauders face Corunna this week, which won't be any easier than the Chesaning contest. "The loss to Chesaning was the worst my kids have ever taken here and we'll have to really pick it up to beat Corunna," Pope explained.

The Cavaliers have lost only once this season and feature a tough defense. The game is a must for both teams if either hopes for a shot at the league crown.

# PW wins key battle

By Tim Jeffery

A first quarter touchdown by Dar Hengesbach proved to be all the scoring needed for Pewamo-Westphalia Friday night in an 8-0 win over tough league foe Fulton. Both teams had shown explosive offenses earlier in the year, but this night was to be dominated by the defenses.

The visiting Fulton team played without its leading ball carrier, Wayne Bond who was out with an injury. Rod Robbe did a fine job taking over the bulk of the ground attack, but could never break a long one against an aggressive P-W defense.

The host Pirates didn't exactly walk over Fulton's defense either as they were held to 185 yards of total offense, with 159 coming on the ground.

Fulton had a chance to score early in the contest but failed. The Pirates took the opening kickoff and marched deep into P-W territory, piecing together four first downs. Then on fourth down, kicker Jeff Waldron missed a 30-yard field goal by about two feet. The kick fell just short of the mark.

The lone touchdown came with close to three minutes left in the opening stanza when Mike Pohl hit Hengesbach with the touchdown pass of 11 yards. The play finished a march of 80 yards and took eight plays. A 22-yard Pohl to Hengesbach pass and a 32-yard run by Kevin Fedewa were the key plays in the drive. Fedewa also carried in the two-point conversion.

P-W had trouble hanging onto the football in the third quarter but Fulton failed to capitalize. First it was a P-W fumble on its own 35-yard-line that presented the visitors with a chance. They couldn't pick up a first down though and turned it over on downs.

Then on P-W's first play from scrimmage, they fumbled again. This gave Fulton another first down at the 35-yard-line. The Pirate defense rose to the challenge for the second straight time and stopped Fulton on fourth down.

Fulton had one last ditch effort late in the game. A fourth down and long situation was successful when Scott Winsor hit Mark LaLone with a 29-yard pass to put the ball at P-W's 40-yard-line. Then, like it had so many other times in the contest, the Pirate defense put an end to the drive.

P-W coach Mike Folk felt the contest was won in the trenches stating, "I thought our offensive and defensive lines were the keys and of course our linebackers played very well. We feel as though we beat a very good football team."

As for John Wachsmuth, the Fulton mentor, he stated, "Defensively we shoot to hold our opponent to a

touchdown or six points. We did just that although they did get the extra point, but the defense did the job. Offensively we sputtered and as a unit we just didn't function. Give P-W a lot of credit, I think they have a fine football team."

Fedewa lead all ball carriers in the game with 66

yards in 11 carries. Team-mate Brian Praff added 55 yards on 16 tries. For Fulton Robbe picked up 65 yards in 22 attempts.

Defensively, Kurt Shafer, Kevin Smith and Gary Hengesbach each were credited with 10 tackles for P-W. Robbe had 15 stops while Winsor had 13 for

Fulton. Wachsmuth also singled out Waldron, Jim Fricke, Karl Verway and Ed Ritenburgh for their defensive efforts.

Both teams are back in action Friday, with P-W facing Bellevue and Fulton meeting Pottersville. Bellevue is 0-5 on the season while Pottersville is 2-3.

Fulton quarterback Scott Winsor tries to elude a tackle by Kevin Smith of P-W during the 8-0 Fulton loss Friday night. Both teams' defenses played very well, with the game's lone touchdown coming in the first quarter. (Photo by Tim Jeffery)

# DeWitt cagers split 2 games

The competition for the DeWitt basketball team went from one extreme to the other in last week's action. On Tuesday night the Panthers played host to the winless Mason Bulldogs, while two nights later it was

unbeaten Williamston's turn to visit DeWitt. Both the guests left town with their respective zeros still intact. Jeannie Marriott tossed in 17 points in the contest with

Mason, a game in which DeWitt came out on top 58-32. She also led the rebounding totals with 10 grabs. Linda Noch chipped in with eight Panther points, while teammates Patty Lusty and Julie Brown hit for seven.

The victory raised Dave O'Dell's Panthers to 2-1 in the league and 4-3 overall. For Mason it was loss number five against no wins.

Thursday night, Williamston was paced by 14 points each from Jenny Freeman and Kelly Kuri in handing DeWitt a 57-44 non-league defeat. The Hornets took a nine point lead into the fourth quarter, only to see DeWitt cut it to five, however the Panthers could

get no closer as they were forced to press Williamston and were eventually hurt by free throws.

The visitors shot 13 free throws in the final quarter compared to DeWitt's total of zero. One Panther that did spend some time on the line though was Noch who hit five

of six charity tosses and totaled 11 points. Teammate Marriott with 12 markers while Suzi Dalman chipped in with nine points. Marriott also led Panther rebounders with 12.

# SJ roundballers up record to 6-0

The St. Johns girls' basketball team followed the pattern of its first five games by opening up a huge first quarter lead against Alma in the only action of the week for the Redwings. St. Johns blew it open from the start with a 18-4 opening stanza and coasted the rest of the way to a 62-45 win.

The victory raised the Redwings to 3-0 in the MMB and 6-0 overall. Alma dropped to 0-3 in the league. In the lopsided opening frame, Denise Thelen had six points and four steals as the defense and the running game jelled.

Eight St. Johns players got into the scoring column. Sue Pearsall paced the team with 15 points. Thelen finished with 13 markers and center Lori Kus added 11. Other Redwing scorers were Kim Kloeckner with eight, Anne Stafford with six, Connie Koenigsnecht, Ann Purtil and Gretchen Banninga with four, three and two points respectively.

The rebounding margin went to St. Johns by a 60-35 count. Kus lead the way with 20 followed by Kloeckner with 12. Thelen finished with nine steals and four assists to lead the respective categories.

Alma was paced by Marda Kapp with 21 points and 16 rebounds. Diane Kennett added eight points for the Panthers.

LEGAL NOTICE

STATE OF MICHIGAN IN THE 65-2 DISTRICT COURT File No. LC-140-80

DARWIN C. & MARY V. DUDLEY, Plaintiff, vs. BRUCE & FONDA C. NEWELL & Subsequently transferred to JAMES HENDERSON, Defendants.

ORDER TO ANSWER At a session of said Court held in District Courtrooms, St. Johns, Michigan, on the 18th day of September, 1980.

PRESENT: THE HONORABLE F.M. LEWIS, District Judge. This matter having come on before the Court on the motion of D. Dennis Dudley, attorney for the above named Plaintiffs, from which it satisfactorily appears that:

1. On August 29, 1980, an action was filed by the above named Plaintiffs against the Defendants, Bruce and Fonda C. Newell, and James Henderson for FORECLOSE a land contract dated September 11, 1978, said real estate being described as:

Commencing at the quarter post on the East Line of Section 24, Town 5 North, Range 1 West, running thence West 16 rods, thence South 10 rods, thence East 16 rods, thence North 10 rods to point of beginning.

2. The whereabouts of James Henderson cannot be ascertained after diligent search and inquiry, and that the Summons in this matter has been served on the Defendant last known address and address of this property and that service of process cannot reasonably be made on the defendant James Henderson in the normal matter provided for under court rule.

3. Service of process by publication is reasonably calculated to give the Defendant, James Henderson actual notice of this proceeding and an opportunity to be heard.

WHEREFORE ORDERED that the Defendant, James Henderson cause his appearance and answer to be entered in the action on or before the 6th day of November, 1980.

IT IS FURTHER ORDERED that this Order be published in the CLINTON COUNTY NEWS, a newspaper published and circulated within Clinton County, said publication to be continued once each week for 6 weeks in succession.

11) For a two-family dwelling: Two (2) or more residential buildings of similar or different character may be permitted on a lot when a site plan is submitted to and approved by the Village Council, and when the following site development requirements have been complied with:

1) Minimum Site Area: No group housing development shall be established on a lot or parcel having a width of less than one hundred (100) feet.

2) Minimum Lot Area: No group housing development shall be established on a lot or parcel having a width of less than one hundred (100) feet.

3) Maximum Lot Coverage: Not more than thirty-five percent (35) of the net area within proposed lines of lot or parcel housing project, including accessory buildings, shall be covered by buildings.

4) Yards and Other Open Space: a) Between Buildings: The minimum horizontal distance between buildings (front to front, rear to rear, or side to side) shall be at least fifty (50) feet.

b) Between Ends of Buildings: The horizontal distance between ends of buildings shall be twenty (20) feet for one (1) or two (2) story buildings. These distances shall be increased by not less than five (5) feet for every story added, but the minimum distance between buildings may be decreased by as much as ten (10) feet toward one (1) end if it is increased by a similar distance toward the other end, and consistent modifications are permitted by the Planning Commission to accommodate plans which are not conventional in their relationships to other buildings.

c) Closed Courts: No closed courts shall be permitted. However, open arcades or garden walls not over six (6) feet in height shall be deemed enclosing features.

d) Yard Dimensions: For buildings up to thirty-five (35) feet in height, no building shall be set back from the front or rear street; sixty (60) feet from rear property line; twenty (20) feet to an interior side property line; each one (1) foot of building height above thirty-five (35) feet, one (1) foot shall be added to required front, side, and rear yards.

e) Usable Open Space: A minimum usable open space area of thirty (30) square feet per dwelling unit shall be provided within group housing developments.

5) Building Height: The maximum height of buildings housing the principal use shall be governed by the yard and lot area requirements. Accessory buildings shall not exceed fifteen (15) feet in height.

6) Signs: Signs shall be in accordance with requirements specified in Article VI, Section 6.2.3.

7) Off-Street Parking Spaces: Shall be provided as specified in Section 6.2.5.

8) Private Streets: Private streets shall be subject to the same requirements as public streets, PROVIDED that the following minimum requirements are met:

a) All streets, roadways, or private access drives will be paved to a minimum width of twenty (20) feet when parking is prohibited. Additional widths for streets may be required by the Planning Commission based upon the particular density and building relationship group housing development.

b) No dead end street or roadway shall serve more than one (1) dwelling unit as a means of vehicular access.

c) Suitable turning facilities shall be provided for vehicles at the terminus of all dead end streets. The minimum turning radius of fifty (50) feet shall be required for all turnarounds, and additional width may be required by the Planning Commission based upon the particular density and building relationship group housing development proposal.

d) Satisfactory arrangements shall be made with the Planning Commission regarding the maintenance and repair of streets, roadways or access drives.

9) Regularity of Proceedings: The Village Council of the Village of Maple Rapids has conclusively determined that the proposed ordinance was duly approved by the Maple Rapids Village Council, and that a public hearing has been held thereon, after giving due notice as required by Ordinance No. 26 and Amendments thereto.

10) Effective Date: This Ordinance shall take effect 20 days after its passage.

I hereby certify that the foregoing constitutes a true and complete copy of Ordinance No. 52, duly adopted by the Village Council of the Village of Maple Rapids, County of Clinton and State of Michigan, at a regular meeting held on the day of 1980, and that public notice of said meeting was given pursuant to Act No. 261, Public Acts of Michigan, 1968, including in the case of a special or rescheduled meeting, notice by publication or posting at least Twelve hours prior to the time set for the meeting.
