Nine of ten say St. Johns safe, friendly and clean

Survey says city is just what small town should be

How do St. Johns residents feel about their city? With the help of a Grand Rapids consulting firm, St. Johns' Planning Commission asked them in a 42-question survey.

What they got back were some eye-opening answers about local housing, employment, shopping and leisure activities.

The survey was mailed out to city water customers in mid-October, along with stamped, self-addressed envelopes, and hand-delivered to mobile-home parks, nursing homes and apartments. More than a third of the 2,553 surveys distributed (34.3 percent) were returned, and city officials plan to use them to help formulate a master plan for future development.

Meanwhile, the survey answers provide some general impressions of how local residents evaluate their community. Following is the first in a series examining the results.

By PETER W. BRONSON

The ideal small town is friendly, attractive and safe, and that's why most people chose to live in St. Johns, according to a recent survey.

Asked what they liked most about the town they live in, 95 percent of St. Johns' residents named appearance; another nine-out-of-ten chose fire protection, with police protection close behind. And given a chance to comment, local citizens overwhelmingly remarked that their neighbors are friendly.

The location and size of St. Johns is "just right," according to eight-out-of-ten residents, even more like the

city's drinking water, and about 70 percent say they're satisfied with local schools.

"The city of St. Johns scored highly on most points," Dave Landman of the Grand Rapids consulting firm Williams and Works said. Landman performed the survey on behalf of the city's planning department as part of a \$15,000 contract to develop a new master plan for the city. "Most citizens reported that they are satisfied with municipal services being provided and with the general quality of life in St. Johns," he said.

But every bed of roses has a few thorns, and some residents took advantage of a chance to air their pet peeves when asked what they liked least about the city.

Topping the list of dislikes was taxes. Of those who mailed back surveys, 61 percent said city taxes are too high. Though three-quarters of the survey answers said the city is responsive to the taxation situation, many

suggested areas where city services could be cut or combined to save money.

Unfortunately for city planners, many areas where cuts were suggested — welfare, the sheriff's department and school personnel salaries — are not under their jurisdiction.

Also near the top of local residents' gripe list are bumpy sidewalks, pot-holed roads and storm water drainage.

More useful to planning commissioners, however, were answers to questions about housing and development. Many of the 875 survey respondents — about 42 percent — said they had no opinion about the city's zoning ordinance, but most did offer opinions about their housing and neighborhoods.

The survey indicated more than half of the city's residents moved to St. Johns within the last 10 years;

Local teens blamed for recent break-ins

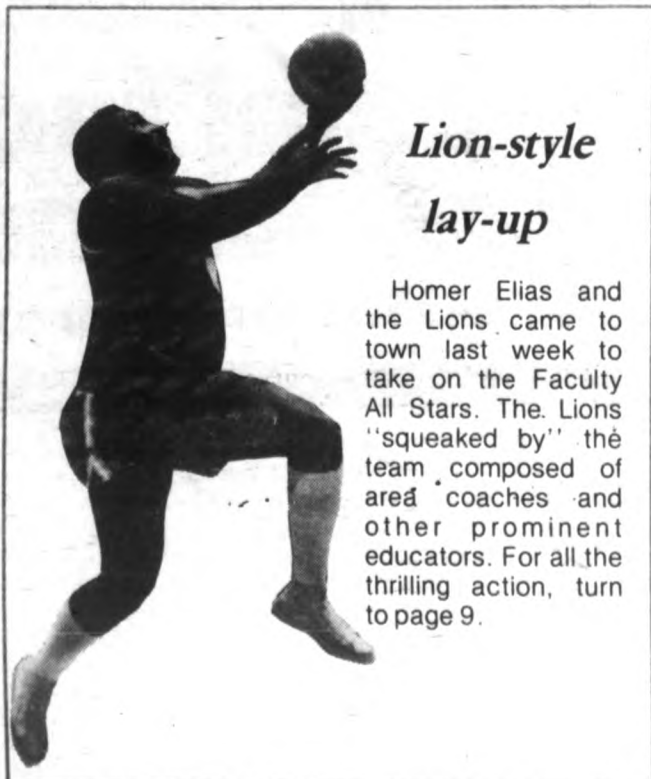

Three teens believed responsible for a half-dozen breaking and enterings in St. Johns in recent months were apprehended by St. Johns Police early Tuesday morning, April 6, reports said.

Charged with breaking and entering was Mart William Smaltz, 18, of 209 W. Park, St. Johns. The other two suspects were juveniles, and a police department spokesperson said warrants for their arrest would be sought through probate court.

Smaltz was arraigned in 65th District Court and bond was set at \$2,000, reports said.

The three suspects were apprehended inside Ranch Roller Rink, 1405 N. US-27, St. Johns, near 1:40 a.m., reports said, when officers at the scene recovered \$86.37 in cash, some candy and other miscellaneous items. The three suspects are also believed to have been responsible for three previous break-ins at the roller rink, two at the Sasparilla Saloon and one at a Clinton Avenue car wash, reports said.

The juveniles were taken to Greenhaven foster care home to await hearings in probate court, reports said.

To farmers, EDC spells relief from high interest

By PETER W. BRONSON

Michigan lawmakers believe farmer's deserve a break today, and many in Clinton County may soon take advantage of a "Blue-Light-Special" previously offered only to big-time developers like McDonalds and K mart.

The magic formula, which can reduce farmers' interest rates by four to five percent, is EDC, which stands for Economic Development Corporation.

EDC's were set up by the state under Public Act 338 in 1974 in an attempt to encourage business to stay or relocate in Michigan. Local EDCs are allowed to grant low-interest, tax-free bonds to developers whose projects provide jobs and increase local tax revenues. EDC financing requests have since become routine for firms like K mart, McDonalds and others who insist they would not build in Michigan without it.

But the law was amended a year ago, opening EDC use up to farmers and the forestry industry. Richard Allen of Allen Consultants, who authored the amendment, says Clinton County farmers can now use EDC bonds to purchase just about anything they need to farm except seed and livestock — even land.

"Farmers are very enthusiastic all over the state," Allen says. Clinton is one of the first five counties to take advantage of the legislation, along with Eaton, Gratiot, Shiawassee, Genesee and Calhoun, he said, but another 12 are waiting in line and about eight more are right behind them.

Response to the legislation locally has been very good, Don Lowell of the Clinton County EDC said, and Allen, whose firm assists counties in setting up special farming EDCs, agreed.

"Things look very good," he said. "One Clinton County (farm equipment) dealer has had two applications worth about \$150,000."

How does the EDC work for farmers? Not as it was intended, Allen admits.

His amendment was meant to give farmers a chance to apply for tax-free EDC bonds. Once the bonds were approved, usually in the amount of a proposed equipment purchase or building construction cost — most EDCs have no limit — they could be sold to a financial institution in need of a tax shelter. The buyer, usually a bank, could then ask a much lower interest rate on the bonds, and the farmer's interest on his purchase could be cut by as much as half, from a possible rate of 16 percent to as low as 8 percent.

But banks in Michigan, suffering from a sluggish economy, are not profitable enough to need tax shelters, at present, and few buyers for bonds can be found, Allen said. So EDC bonds are no good to farmers, for now.

"If McDonalds and K mart can use it, why not get the individual farmer in on it too," Allen said. "I see it as a grass roots movement."

That's where DeKalb came in. One of the nation's biggest agriculture businesses, DeKalb is doing very well, and does need a tax shelter.

So DeKalb has made applications to five county EDCs, including Clinton's, and been given approval for a total bond sale of \$5 million in each. With a better credit rating and a larger bond package than an individual farmer could offer for sale, DeKalb has had little trouble finding buyers, and sold \$800,000 in Michigan EDC bonds to Mellon Bank of Pittsburgh Dec. 15, 1981.

The proceeds of the sale, which amount to a low-interest loan, are then being used to purchase equipment for lease to farmers.

Farmers can pick out a new combine or tractor, lease it from DeKalb for from 12 to 13 percent interest — compared to about 16 percent for an outright purchase — and write-off their total lease payments as an operating cost at tax time, Allen explained.

For the farmer, the savings are still substantial, since DeKalb has promised, in most cases, not to charge interest rates higher than that payed on the EDC bonds.

Farmers are already saving as much as \$4,500 on a five-year lease of a new \$32,000 truck, Allen said.

DeKalb, meanwhile, gets the depreciation on the equipment it leases. Leases are rent-to-own, and vary in length from five to 10 year agreements. But even more beneficial, DeKalb gets to write off the entire amount of the bond purchase, all \$800,000, as investment tax credits, he explained.

DeKalb is happy. They pay less to the federal government at tax time.

Farmers are happy. They get new equipment at lower cost, and can also write off lease payments at tax time.

Equipment dealers, many of whom have been facing slumping sales worse than those plaguing the auto industry, are also happy.

Local EDCs, struggling in a poor bond market are happy with a shot in the arm from new applications and new revenue from application fees, paid by DeKalb.

And Allen is happy. His firm prepares applications and acts as DeKalb's representative. His fee is paid by DeKalb.

In fact, the entire state should be happy with the way things have worked out, Allen said. "The whole intent

was that agriculture is our number-two industry. If we've got some problems with our number-one, then let's stimulate number-two as much as we can," he said.

"We didn't anticipate any of the economic implications, but if McDonalds and K mart can use it, why not get the individual farmer in on it too. I personally see it as a grass roots movement."

So who is unhappy? Maybe Uncle Sam.

Allen, who has calls his amendment a "Tisch Tax-Cut on Washington," says there may be moves afoot in congress to eliminate programs like his that divert the flow of taxes to the federal government. The mood in Washington, along with "Reagonomics," could result in legislation tightening loopholes that make EDCs possible, he said.

"If it does affect them (EDCs), I would be very disap-

Farm machinery has been hard to move off dealers' lots lately, thanks to high interest rates, but two requests which may result in sales under a new EDC law that cuts interest rates by 45 per-

cent have been made to S & H Farm Equipment in St. Johns, according to consultant Richard Allen.

pointed. This is not the kind of program they are trying to stop."

In fact, according to one EDC analyst, the present set-up between DeKalb and local farmers may be a good example of what President Reagan means by Supply-Side Economics. DeKalb's wealth, in the form of new investments, will "trickle down" to local farmers and implement dealers.

"This was established well before supply-side came along, but it has become more viable as a result of those theories," Allen admitted.

Meanwhile, farmers who want to buy land or buildings will have to find someone besides DeKalb to buy their bonds or wait for the economy to improve.

DeKalb's not interested in buildings or land, Allen said. "It's easier to do a tractor or a combine that a milking parlor or barn." In case of default on lease payments, he explained, "It's a lot easier to dispose of a tractor or combine."

Critics call amendment a big mistake

To others, law spells taxpayer troubles

By PETER W. BRONSON

Clinton County farmers may soon be lining up to take advantage of savings on equipment purchases made possible by a new state law, but not everyone thinks the change is for the better.

Eaton County has already processed two applications for \$150,000 each under the amended Economic Development Corporation (EDC) legislation which makes low-cost financing available to farmers as well as big businesses. Clinton County is not far behind, and local farmers could apply for similar breaks tomorrow and get them by the end of a week, Richard Allen of Allen Consultants in Lansing said.

But when Allen presented his package to Eaton County farmers last summer, some in the crowd pointed out what they saw as flaws in the legislation.

Under the amended EDC, tax breaks are given to lenders who pass the savings on to borrowers in the form of lower interest rates (see related story). But, critics point out, someone eventually must make up the difference in uncollected tax revenue, which grows along with the number of groups eligible for EDC aid and the number of projects approved for such aid by local EDCs.

"You can take money away from Washington for a while, but sooner or later they're going to get it back," Lon Smith of Smith Bros. Elevators pointed out during the meeting last July. He said EDC aid should not be extended to farmers just because business and industry takes advantage of it.

"Just because we made a foolish mistake in one sector of the economy is no reason to make the same mistake again."

Smith and others in Clinton and Eaton counties were particularly critical of EDC aid which financed construction of Westmac's new grain elevator north of Grand Ledge in Eagle. Along with a group of elevator operators, Smith charged Westmac gained unfair advantage over existing competition with the use of EDC aid, and criticized the aid as a government handout.

Doug Inglis, a former staff member of the Eaton County EDC and Charlotte farmer, also was critical of the amendment offering EDC aid to farmers.

"The EDC act was intended to create jobs," he pointed out. "But little by little, that criteria is getting watered down. You've got to ask yourself how far can

you go from free enterprise to a socialist economy. You have to draw the line where public purpose leaves off and private purpose begins."

The amendment making EDC available to farmers exempts them from a requirement that applicants prove they will create jobs. Allen insists money from farmer's EDC investments will be injected into communities, however, creating more jobs at implement dealerships and other businesses as the money circulates throughout an EDC project area. He points out profits from bonds recently sold to Mellon Bank in Pittsburgh will be used to purchase equipment locally.

"That's non-Michigan money. Too often these days money is leaving the state," he said in a recent phone interview.

But in addition to possible threats from a budget-cutting congress in Washington, frantically searching for additional sources of tax revenue to keep programs alive, the Michigan EDC act could not withstand a constitutional test in the courts, Inglis claims.

"Constitutionally, we're entitled to equal protection under the law," he said. "What's so special about farmers? Aren't we setting up a special class entitled to tax breaks?"

Given the same advantages, a homeowner could reduce his mortgage interest rate by almost half, provided banks were healthy enough to desire tax sheltered bond purchases.

And considering the possible shot in the arm to home sales a nearly 50 percent cut in interest rates could provide, banks might soon be thriving.

So why not provide EDC aid to homebuyers, real estate agents, small business owners and others? Critics say it may only be a matter of time before the state does.

But like membership in an exclusive club, EDC aid would be valueless if available to all, critics contend. The federal government would find other ways to regain lost tax revenue and added-on purchase taxes could soon inflate sale prices, wiping out the benefit of EDC aid.

Meanwhile, however, Michigan is one of the first states with such a program, and farmer's can make hay while the sun shines through their tax loophole, Allen says.

"This is a chance to get the other 49 states to subsidize us for a change," he said.

City says the darndest things in sample comments

By PETER W. BRONSON

Most people think life in St. Johns is a bowl of cherries. Others say it's the pits.

"Most activities are for the same social class. Only the rich businessman can bowl here," one city resident grumbled when asked "What do you like least about St. Johns?" in a survey conducted by the city planning commission (See related story).

Although by far the majority of the 875 who returned surveys rated the city highly and said St. Johns was a fine place to live, questions which asked for comments rather than fill-in-the-blank check marks elicited a few surprising answers.

More than 90 percent said they were satisfied with city fire protection, but "firemen speeding with sirens screaming" was the number-one gripe of one survey respondent, likely among the 10 percent minority.

Police also were rated highly by more than 80 percent, but they got their lumps too.

"Put police on bicycles like they do in Albion," one local suggested when asked how to save energy. Also, attitude of the police was listed among dislikes on two surveys chosen randomly for representative comments.

The city looks good to most who responded, but others found fault with poor sidewalks, dirty streets, commercial growth along US-27, "tastelessness in 'beautifying' downtown storefronts," and "homes and porches that are cluttered 365 days a year."

As for small town friendliness, touted by a majority of survey respondents as St. Johns' best feature, some, along with the disgruntled bowler, drew another picture. They complained about the attitude of public servants and store personnel and cited "social class differences."

In fact, although survey percentage totals were mostly positive, indicating most city residents feel good about their town, complaints outnumbered com-

City survey surprises

almost three quarters own their own homes, compared to about one in five who rent; and the most popular reason given for moving to St. Johns was purchase of a home, which nearly all who answered said they preferred to renting.

Surprising, however, according to Landman, was the number who said they would prefer to rent, about 14 percent. He speculated they may be among the equally surprising nearly 40 percent who said they were not sure if they would be moving during the next 12 months. Landman blamed both on hard times.

"This was higher than anticipated and may reflect the current economic conditions in Michigan," he said.

Almost all who answered said they liked the parking in their neighborhood, and when it comes to new development, about three-out-of-four support new industrial development.

"Most people (76.2 percent) are in favor of industrial growth. This seems to be in response to the need for jobs, since the need for a larger tax base as a method of lowering city taxes was not outstanding," Landman said.

plaints by more than two-to-one in the comment, or open-ended question segment of the survey.

While some said they liked the city's beautiful trees, others saw only a leaf problem and complained about lack of leaf pickup; while some said they like the small town-country feeling, others said St. Johns is just plain dull and griped about "absence of nightlife, restaurants and cultural activities." There is "nothing for young people to do," they said.

Things people said they like most about the city included: closeness of schools, shops and churches; safety and a low crime rate; quality of parks and schools; good environment for raising children; old houses and neighborhoods; and "good investment potential."

On the negative side, areas criticized included: banking; city park problems; traffic noise; teachers being overpaid; non-residents getting jobs in St. Johns; lack of water recreation areas; high cost of living; "political misuse"; new apartment buildings; lack of shopping variety; and "forced promotion of hospital philosophy."

The survey said women outnumber men in the city in every age group but the over-46 classification, but that's not news to one older gentleman who complained there aren't enough women in St. Johns, according to a city spokesperson.

Apparently, there's just no way to please some people. Asked what was liked least about St. Johns, one resident replied, "the weather."

"I don't know what we can do about that," City Assessor Diane Edwards said.

Announcement

Trees are being sold by the City of St. Johns and prices have dropped from a year ago, a city employee says.

The city will coordinate the sale of maples, honeylocust, evergreen and ash trees. Deciduous trees are \$55 and evergreens, including pines and spruces, are \$45, reports said. Planting, staking, wrapping, mulching and a one-year guarantee is included in the price.

Deciduous trees range in height from eight to 12 feet and evergreens will range from three to four feet. Residents can order the trees through the city's

Tree Planting Program and obtain reduced, volume rates, by picking up an order blank at City Hall, 121 E. Walker St.

Drug-buy cash blown in the wind as suspect bolts

An undercover cop traded cash for cocaine near a DeWitt bar Wednesday, March 31, then watched almost \$9,000 get blown away on gusting winds when a suspect tossed his profit in the air and ran, attempting to elude arrest.

According to Tri County Metro Narcotics Squad Lt. Gene Wrigglesworth, a five-month investigation led to the arrest of the Lansing man and a DeWitt resident.

Wrigglesworth said Daniel Ford Tate, 26, of 11651 US-27, DeWitt, was arrested at his home near 8 p.m. and charged with delivery of and conspiracy to deliver 50 grams — about two ounces — of cocaine.

Shone Allen Six, 31, of 910 Cleveland, Lansing, was ar-

rested a few minutes earlier in the parking lot of Micky's Bar on US-27 in DeWitt, Wrigglesworth said, when an undercover officer allegedly bought four ounces of cocaine from Six.

"We paid him \$8,800 which he promptly threw up in the air," Wrigglesworth said.

When confronted by the officer and told he was being charged, Six threw the cash, in \$50 and \$100 bills, into the air and took off running, Wrigglesworth said.

Caught in gusting winds, the money blew into US-27 as officers at the scene scrambled after Six and the money, Wrigglesworth said. Both were eventually recovered. Asked if anyone volunteered to help chase down the

cash, Wrigglesworth replied, "We didn't let it be known what we were looking for."

Six was also charged with delivery and conspiracy to deliver cocaine, reports said. Both charges carry a 10-year minimum prison sentence, Wrigglesworth said.

Tate was released after posting a \$75,000 bond, set at his arraignment. Six remains lodged in Clinton County Jail awaiting a preliminary exam, Wrigglesworth said, and also faces charges in Eaton and Ingham county courts.

A third suspect is likely to be arrested soon as a result of the investigation, and undercover officers have made similar drug buys in Eaton and Ingham counties, Wrigglesworth said.

The street value of the cocaine seized from Six and Tate was estimated at \$13,000, he said.

Assisting in the arrests and investigation were officers from the Clinton County Sheriff's Department, St. Johns Police, DeWitt Township Police and City of DeWitt Police, reports said.

Three hurt in triple-car US-27 collision

A St. Johns teen was among three persons injured in a three-car chain-reaction accident on US-27 just north of Herbison Rd. in DeWitt Tuesday afternoon, March 31, DeWitt Township Police reports said.

Receiving minor injuries in the accident was Karen Scott, 17, of 119 Lewis St., St. Johns. Miss Scott was a passenger in an auto driven by Earl Scott, 42, of the same address. Scott and another passenger in his auto, Charlene Scott, also of the Lewis Street address, were both uninjured.

Also injured were Maxine Korman, 38, and Trudy Thomas, 24, both Harrison residents. Ms. Korman received minor injuries and Ms. Thomas was treated and released at Sparrow Hospital in Lansing, a hospital spokesman said.

Ms. Korman was cited for failing to stop in an assured clear distance, DeWitt Township police reported. The accident occurred when Ms. Korman struck the Scott vehicle in the rear as Scott attempted to slow for a vehicle turning off US-27 onto Herbison, reports said.

Scott's vehicle was pushed into a third vehicle driven by Brian Rahn, 17, of 13518 Blackwood, DeWitt. He and two passengers in his car,

Kevin Rahn, 13, and Karen Rahn, 9, both of the same address, were uninjured, reports said.

All three vehicles were headed south on US-27, reports said.

Unseasonably icy roads were blamed for a rash of accidents along I-69 in Bath Township Saturday, April 3, which damaged nine vehicles and left two persons injured.

The accident occurred in the area of Marsh Road

within one eight-hour period beginning near 7 p.m. as wind-driven snow made the highway treacherous, a department spokesperson said.

More bad weather caused

two semi trucks to jack-knife along the same stretch of highway Tuesday, April 6, reports said.

No serious injuries were caused in any of the accidents, reports said.

Our opinion

Thanks to CISD, program stays put

Several reasons were cited when the St. Johns Board of Education voted to discontinue participation in the Migrant Education Program. We argued at the time that the decision was wrong, and that reasons given for it were not backed up by convincing facts.

St. Johns will no longer assist the children of migrant working families who wish to attend summer school, but we are glad to learn the Clinton Intermediate School District (CISD) may. Fortunately, for participants and taxpayers footing the bills, CISD participation may allow migrant children to remain in the St. Johns area for summer school classes; they will not be forced to travel out of their way to attend classes in another less-centrally-located and economical setting as was first feared when St. Johns dropped out of the program.

When confronted by supporters of the migrant program at a recent board meeting, some board members stuck by their original complaints. Although administration budget figures indicated the school system made about \$6,000 on the program, they said hidden

costs like insurance and depreciation on facilities could have resulted in a loss for the district. We still would like to know where costs amounting to more than \$6,000 can be concealed when administration figures took into account everything from phone bills to pencils.

If costs were higher than could be shown, there would have been no problem in hiking the bill to the Montcalm Intermediate School District, which administers the program. Any reasonable charge is usually allowed and will be paid by the federal government, a Migrant Education Program director said.

We suspect, as was suggested by Superintendent Don Burns, that the real problem was one of public relations. Board members failed to adequately explain to their complaining constituents why school district buses traveled throughout the county carrying relatively small numbers of program participants.

Though the actual number of children riding in buses may often have been larger than appeared, since many were too small to

be seen in bus windows, even a score of kids in a 60-passenger bus certainly looks like an inefficient waste of taxpayers' money. Unfortunately, in this case it was not.

We believe any program which gave less fortunate youngsters a chance to improve their lot in life through education is a bargain at any price. For St. Johns and other participating school districts whose revenues from the program are usually far in excess of costs, the program also could be viewed as a welcome contribution to school budgets by the federal government.

The Intermediate School District should have no such public relations problem, according to Superintendent Larry Schwartzkopf, since county residents are already accustomed to seeing a small group of students riding in the CISD's smaller buses.

The CISD board is expected to vote on the adoption of the Migrant Education Program April 19. We urge them to fill the shoes left empty by the St. Johns School Board and give the children of migrant workers in Clinton County the opportunities they deserve.

Chamber notes

By Jody Smith

Kathy Foltner will be the speaker at the April 15 Chamber of Commerce membership meeting. Her program will emphasize the importance of hearing conservation. The information she will present will benefit every employer, not just industry.

Kathy will explain the federal hearing regulations as well as MIOSHA standards which must be met. She says that at the present time the federal regulations are enforced and understood, but that MIOSHA hearing regulations are frequently misunderstood.

At first it would seem that to put the MIOSHA programs into practice will involve great expense, but according to Ms. Foltner they will save money over the long run. The system should reduce worker compensation claims in the future. Implementation, however, will involve some expense.

Kathy will emphasize the need for employers to provide hearing testing, employee education and noise surveys. The format of the talk will allow plenty of room for questions and answers.

Kathy has a master's degree and is a clinical audiologist at the Audio Vestibular Testing Center in Lansing.

The luncheon will take place at noon at the Municipal Building auditorium and the cost is \$4 per person. Anyone interested is invited to attend. Call the Chamber office with your reservation.

Special Olympics events are extra special to kids

To the editor:

My name is Kathy Zabihaylo and I'm chairperson for the county chapter of Michigan Special Olympics. We provide sports activities for children who cannot compete in regular sports. The goal of Special Olympics is not just for the children to have fun. It is designed to help improve the physical and intellectual skills that enable them to become more independent and confident.

This year we are planning local bowling, swimming and track and field events. All handicapped children from our county are encouraged to participate. Some of these children are invited to go on to state finals. We will be providing Saturday morning workshops to teach new skills. These will include floor hockey, basketball and possibly bowling and swimming.

We need your help. The events cost an average of \$45 for each child for a year. You can make a child's dream come true by sending your tax-deductible check made payable to Clinton County Special Olympics. Please mail it to: Clinton County Special Olympics, c/o Kathy Zabihaylo, 107 W. Baldwin, St. Johns, 48879.

Redwing team was tops, and fans can show pride

To the editor:

The basketball season is over, but students and fans of the St. Johns Redwings should be very proud of their team.

I cannot remember a basketball schedule for a St. Johns team that had as strong competition as this 1981-82 team had: teams like Eaton Rapids, Mt. Pleasant, Okemos and Ionia which were highly ranked in the

state. The 'Wings played a very respectable game against Flushing in the Class A District at Owosso.

Couch Werbish has done an excellent job this year in consideration of all the problems that took place off the basketball court.

Win or lose, the Redwings of 1981-82 have done an outstanding job for the school, the students and the fans.

Lions make snack of County All Stars

"We're going to let them win," DeWitt's John Blumberg said before his Faculty All Stars took on the Detroit Lions basketball team. "After all, the fans came to see the Lions play. They didn't come to see us."

Blumberg was right. He and his teammates "let" the Lions coast to a 104-81 victory (at least that's the way county bureaucrats Tom Warstler and Jack Nelson remembered the score).

The score, however, wasn't the important thing. It was the Big Brothers and Big Sisters Program that was the real winner as all proceeds from the event went to their programs.

The Lions, composed of Dexter Bussey, James Hunter, Homer Elias, Rick Kane, Ken Fantetti, James Herrell, Ed Murray and Larry Lee, combined their athletic talents and some comedy borrowed from the Harlem Globetrotters to put on a two-hour show for local fans.

The faculty team responded with some strong individual performances - especially by some of the area's basketball coaches. Al Werbish showed a fine shot from the corner, Bob Foreback did a splendid job running the team from his point-guard position, while Blumberg and Steve Spitzley showed the same hustle that their high school squads demonstrated all year.

The Lions agreed. "Those guys ain't too bad," mammoth Homer Elias commented as he trotted off the floor at halftime.

COMMISSION ORDER

(under authority of Act 230, P.A., 1925, as amended)

1982 YOUTH PHEASANT HUNTING PROGRAM

The Natural Resources Commission at its meeting of March 12, 1982, rescinded the 1982 Youth Pheasant Hunting Program Order of February 12, 1982, and under authority of Section 3, Act 230, P.A. 1925, as amended, adopted rules and regulations for the 1982 Youth Pheasant Hunting Program as follows:

Designation of Experimental Areas

The Rose Lake Wildlife Research Area is designated as an experimental game management area, not to exceed 40,000 acres in size, for the period of August 1 to August 31, 1982.

The Holly, Ionia, Pinckney, and Sleepy Hollow put-take areas are designated as experimental game management areas, not to exceed 5,000 acres each in size, for the period September 15 to September 30, 1982. Participants in the 1982 Youth Pheasant Hunt on September 18 and 25 on these areas will not be required to possess a put-take permit.

Application Procedures

To qualify for this hunt, a person shall have completed their Hunter Safety Education Training Course between the dates of January 1, 1982, and July 15, 1982, and shall not have reached their 17th birthday before September 15, 1982. They shall make application on a postage prepaid form available from their Hunter Safety Education Instructor or the Law Enforcement or Wildlife Divisions. Information required on this form shall be: applicant's Hunter Safety Education Certificate number, instructor number, applicant's name and address, choice of hunting area and date desired, and the statement, "My son/daughter, (name) has my permission to participate in the Youth Hunt at the area and on the date indicated above," signed by a parent or guardian.

An applicant may submit only one application and apply for only one hunting date. Duplicate applications will be rejected. No application postmarked later than 12 o'clock midnight, July 15, 1982, will be accepted. Maximum numbers of hunters allowed per hunt on each area is as follows: Rose Lake Wildlife Research Area - 30; Sleepy Hollow State Park - 60; the Holly, Ionia, and Pinckney Recreation Areas - 75 each. On over-subscribed dates, drawings will be held to determine successful applicants. Only successful applicants will be notified by July 30, 1982.

Hunting Restrictions

Each hunter shall possess a 1982 passbook and small game hunting stamp, plus a validated permit. Each hunter must be accompanied by a parent, guardian, or person authorized by parent or guardian who is at least 21 years of age and who will not be allowed to carry a gun. Shotguns only must be used. Both youth and parent/guardian must wear a vest, jacket, or cap of highly visible fluorescent blaze or flame orange color. Backtag must be worn.

Season Dates

Rose Lake Wildlife Research Area:	August 14, 21, and 28, 1982
Holly, Ionia, and Pinckney Recreation Areas and Sleepy Hollow State Park:	September 18 and 25, 1982

Shooting Hours

Rose Lake Wildlife Research Area:	7 a.m. to 12 Noon, Daylight Saving Time
Holly, Ionia, and Pinckney Recreation Areas and Sleepy Hollow State Park:	8 a.m. to 12 Noon Daylight Saving Time

Bag Limits

The bag limit shall be two (2) pheasants. At the Rose Lake Area, only male pheasants may be taken. On the Holly, Ionia, Pinckney, and Sleepy Hollow areas, either sex may be taken. At all areas, hunters must return to a designated check-in location at the conclusion of their hunt to report results and present their birds for examination. For validation purposes, birds will be sealed with a 1980 put-take seal before leaving the area.

Volleyball competition in the city of DeWitt (upper left) began just this year, but proved to be popular with area residents. In St. Johns (upper

right), the battles on the volleyball courts have been going on for many winters. (Photos by David Olds)

'Anonymous' athletes show skills in Clinton County sports

The sports media has traditionally focused on the big-money sports and has often ignored athletic events that feature participation and not "victory at all costs."

The same has been true of the coverage of individual athletes. Sports writers love to write about stars like Magic Johnson and Larry Bird at the professional level, Sam Vincent and Anthony Carter in the college programs and Jeff Casler and Tim Deak on the local scene.

There are millions of athletes in the United States today that seldom, if ever, get their names on the sports pages. It doesn't mean they're not good enough or don't work hard enough. It simply means that they are participating in events or programs that have failed to catch the media's attention. Several hundred of these "anonymous" athletes are in Clinton County.

Not all basketball in the area, for example, is played by the St. Johns Redwings, the DeWitt Panthers or the Fowler Eagles. This past winter there has been donkey basketball, firemen basketball and Detroit Lions' basketball.

There is also St. Johns City League basketball. Teams like the Fowler Flames, The Independents and the Ford Broncos battle it out each week to see who's the best and to have a little fun. Names like Karl Drake, Wayne Fedewa, Bill Piozak and Bill Martin are not household words to most Mid-Michigan basketball fans. There are many, however, that claim many of the city-league stars can play ball with the very best of the prep teams.

City-league volleyball is another sport that has a dedicated band of followers. The city of St. Johns has sponsored both mens' and womens' volleyball for a number of years and the program has been popular with many county residents. "Stars" from past and present seasons include such local luminaries as Suzle Williams, Helen Kus, Deb Conklin, Lorri Verlinde, Bonnie Kebler and Sharon Jorae.

The city of DeWitt is a newcomer to volleyball competition, but its initial venture into sponsoring a league this winter was quite successful. More than 50 area athletes participated in the coeducational competition.

Swim clubs are also a popular activity for many area residents. The St. Johns Sea Lions feature 95 young athletes ranging in age from six to 14 and participation takes precedence over winning, according to club chairman Cindy Vitek.

"We encourage the bottom-of-the-line swimmer just as much as we do the top swimmers," she explains.

Mrs. Vitek credits coaches Fred Meyer, Jim Martindale, Art Stratton, Judy Parsons and Janet Newhall with much of the club's success.

"They put in an enormous amount of volunteer hours," she explains. "But so do a lot of the parents. The meets just couldn't take place without the parents."

Just as active as the Sea Lions is the DeWitt Swim Club. Swimmers like Trevor Wilcox, Stacy Shipps, Brandon Neiman, David Dalton and Matt Diaz spend

their winter months training for weekend meets against other area teams. Some have hopes of becoming future stars of their high school team, while others simply do it for the fun of participating.

Whether the arena is the basketball floor, the swimming pool, the volleyball court or the bowling alley, there are many "anonymous" athletic heroes in Clinton County.

Some sports can make very strange bedfellows

Ken Gornstein

I was recently at a softball practice at Okemos High School, watching Coach Dan Stolz and his Chieftains preparing for the 1982 season. That in itself is not unusual.

What was unusual, though, was the fact that they were working out in the school's gymnasium, where the basketball team was practicing just a week previous.

That got me thinking. What if we were able to combine any two sports to form an even more interesting one? What kind of possibilities are there?

AUTO RACING and WATER POLO — Executives of Ford, General Motors, Chrysler and AMC compete to see who can keep their heads above water the longest. Any team that takes a "pit stop" in the pool is automatically eliminated.

BASEBALL and RIFELRY — If you think Nolan Ryan throws bullets, you haven't seen anything yet. This game adds new excitement to the brushback pitch. George Steinbrener is named the game's first "Executive of the Year" for shooting his mouth off.

ICE SKATING and BOXING — In this combination sport, players skate around an ice arena with reckless abandon, stopping periodically to fight each other for no apparent reason. What do you say we call it "Hockey?"

SURFING and SOCCER — Who cares?

FOOTBALL and FISHING — Quarterback Bart Starfish and his offensive line watch their opponents' flounder. Yep, the catch of the day. Of course it's always nice to have 250 pounds of tackle on your side.

COLLEGE BASKETBALL and POCKET BILLIARDS — Coaches compete to offer poverty-stricken recruits a big "cushion" with plenty of "green." The biggest phrase heard in this sport is: "Ten-thousand dollars in the side pocket." By the

way, inviting Digger Phelps to any of these games is definitely asking for trouble.

LACROSSE and RUGBY — I don't know what this sport would consist of, but I'll be you'd find it on ESPN four times a week at 3 a.m.

GYMNASTICS and HORSE RACING — These sports combine to form, what else, pommel horse racing. Also, watch your step in the floor exercise.

OK, sports fans, it's time for you to put your thinking caps on and come up with a few of your own. If you get a brilliant idea, jot in down on paper and send it with your name and city to Ken Gornstein, sports editor, Box 1510, East Lansing, 48823.

The best ones (within reason) will be printed in a later column.

Ken Gornstein is sports editor of the Towne Courier.

Fowler Flames take title

The Fowler Flames have won the regular season competition in the St. Johns City Basketball League.

The Flames (11-1) clinched first place by nipping the Wildcats (5-7) by a 49-48 score last Wednesday night. George Simon led the Flames with 16 points, while Karl Drake paced the Wildcats with 12 points.

Twilligers and Rehmanns both won to tie for second place with 10-2 marks.

Twilligers registered a thrilling 43-37 overtime win over Allaby & Brewbaker (5-7). Kurt McGee scored 10 points for the winners, while Wayne Fedewa had 10 for the losers.

Rehmanns had an easier time, winning over Wilcox Engineering (2-10) by a 78-47 score. Al Harr had 18 points for the winners and Bill Pioszak scored 14 for the losers.

Sillmans (9-3) took a close 53-51 game from Dry Dock'd (7-5). Dick Wiles scored 14 points for the winners, while Larry Slade scored 18 for the losers.

Ford Broncos (7-5) overpowered North Construction (2-10) by a 77-52 score. Steve Hengesbach and John Bauer paced the Broncos with 18 points apiece, while Mike Graff and Stan Simon each scored 14 for North Construction.

M & M (3-9) defeated the Independents (0-12) by a 48-45 score. John DeBrabander led the winners with 15 points, while Craig Tiedt and Tom Beachum each had 14 for the losers.

City teams now move into tournament competition. Preliminary games are scheduled for April 7 and the championship games are scheduled for April 14.

Local runners look good

County athletes did well at the "Run for the Green" 10-kilometer road race held on March 20 at the Waverly Middle School.

Ron Womboldt of DeWitt finished third overall with an excellent 34:14 time, according to information just released by race officials.

Other county runners participating in the race included Steve Fair of Bath (12th), Ed Townsend of Bath (13), Pete Motz of St. Johns (35), Larry Smith of Bath (58), Chad Thompson of St. Johns (70), Ruben Ramon of DeWitt (71), LuAnn Feldpausch of Fowler (82), Tom Marshall of DeWitt (103), Harry Thompson of St. Johns (106) and Roy Ebert of St. Johns (128).

A total of 135 runners were able to finish the 6.2 mile course. Jed Hopfensperger from Midland was the overall winner in a record time of 30:50.

PLANNING COMMISSION

BUILDING CODE ENFORCEMENT OFFICERS: ELECTRICAL, PLUMBING, MECHANICAL

The County of Clinton is currently studying the feasibility of assuming the enforcement responsibilities of the Michigan Construction Code from the State of Michigan Department of Labor. If determined feasible, the Department of Development Control would be responsible for discharging the responsibilities of enforcement under the provisions of Act 230 of 1972, for mechanical, electrical and plumbing within Clinton County except for those cities, villages and townships which have by ordinance assumed responsibility for the administration and enforcement of the Act and Code.

Individuals interested in contracting with the County for inspection services based on a fee per inspection basis should submit an application for employment and a resume prior to Friday April 30, 1982 to the County of Clinton Administrative and Personnel Department located in the Clinton County Courthouse, St. Johns, Michigan, 48879. Applications are available Monday thru Friday, 8:00 A.M. to 12:00 noon and 1:00 P.M. to 5:00 P.M. Applications received after Friday April 30, 1982 will not be considered.

Should you have any questions, please contact Jack Nelson, Director, Department of Development Control, at 224-6761, Ext. 221.

ZONING BOARD OF APPEALS

LEGAL NOTICE

Notice is hereby given that the Clinton County Zoning Board of Appeals will conduct a public hearing on Monday, April 19, 1982 at 8:00 P.M. in the Conference Room of the Clinton County Service Center located at 306 E. Elm Street, St. Johns, Michigan.

The subject of the public hearing will be the consideration of the following cases:

AB-2-82 Watertown Charter Township - Dimensional Variance Request

An application for appeal has been filed by Mr. Dennis Harvey, 8913 Clark Road, Grand Ledge, Mi. The applicant seeks relief from Art. 5, Sec. 5.3.1(1)(a) of OR-1-78, the Clinton County Zoning Ordinance. Relief, if granted, would allow the continued use of a 3456 square foot accessory building which was constructed without the acquisition of a land use permit and in excess of the square footage limitation of 900 square feet. The applicant seeks relief from Section 6.6.3(F)(2) USES PERMITTED UNDER SPECIAL CONDITIONS of the zoning ordinance which states two acres shall be provided for the one animal housed in a barn or stable and one additional animal may be kept for each additional acre of land. The applicant owns 5 acres and has 6 horses.

The legal description for the subject parcel is as follows: Part of the NW 1/4 of NW 1/4, Sec. 20, T5N-R3W, Watertown Twp., Clinton County, Mi desc. as: Beg. at a pt. on N. ln. of sd. Sec. which is 528' N89°30'12"E of NW cor. of sd. Sec; th. cont. alg. sd. N. ln. N89°30'13"E 330', th. S. 0°05'12"E 660', th. S89°30'12"W 330'; th. N0°05'12"W 660' to POB, cont. 5 Ac. m/l & subj. to visible easements, r/o/w & restr. of record.

AB-3-82 Bath Charter Township - Dimensional Variance

An application for relief of the provisions of the Clinton County Zoning Ordinance has been filed by Mr. Kurt Kreager on behalf of Dutch Hills Mobile Home Park, 16400 Upton Road, East Lansing, Michigan. Relief, if granted, would allow a variation of Art. 6, Sec. 6.11.3(G) rule No. 944 and 945 of the ordinance which requires that mobile home park developments be setback thirty feet from adjoining property lines and an environmental buffer be constructed within the required setbacks. The applicant is proposing a ten (10) foot setback for a proposed 17 unit expansion of Dutch Hills Mobile Home Park on the following legally described parcel of property:

A part of Sec. 34 & 35, T5N-R1W, Bath Twp., Clinton Cty., Mi., desc. as fol: Com. at W 1/4 cor. Sec. 35, T5N-R1W, Bath Twp., Clinton Cty., Mi; th. N00°39'07"W alg. W. ln. of sd. Sec. 35, 657.74', th. S89°31'32"W 800', th. N. 78°59'46"E. 1013.23'; th. N 34°08'50"E 308.95'; th. N. 86°35'00" 854.86'; th. S00°20'07"E 294.62'; th. N89°39'53"E 100.00' to a pt. on W. 1/8 ln. of sd. Sec. 35; th. S00°20'07"E alg. sd. 1/8 ln. 704.47'; th. S. 47°10'18"W. 213.46' to a pt. on E-W 1/4 ln. of sd. Sec. 35; th. S89°37'53"W alg. sd. 1/4 ln. 1163.24' to POB. Together with an easement & r/o/w recorded in Liber 362 of Deeds. Pg. 302 & liber 362 of deeds, page 308, Clinton County Records.

AB-4-82 Bingham Township - Dimensional Variance

An application for relief of the provisions of the Clinton County Zoning Ordinance, specifically, Art. 7, Sec. 7.2(10), has been filed by Mr. Nolan K. Yogi, Asst. General Counsel of The Way International d/b/a The Way of Michigan. The variance, if granted, would allow the continued operation of a biblical research and teaching center with offices and meeting rooms for teaching, religious workshops, which is

closer to a side property line than allowed by the above referenced section of the zoning ordinance.

The legal description of the effected property is as follows: Com. at NE cor. of W 1/2 of NW 1/4 of Sec. 18, T7N-R2W, th. W. 260', S. 335', E. 260', N. 335' to pl. of beg.

AB-5-82 Eagle Township - Review of Administrative Decision and/or Variance

An application for review of the zoning enforcer's decision to deny a land use permit for the construction of a single family dwelling on a parcel of property which is not afforded public road frontage has been filed by Mr. Kenneth Granger, 5025 W. Saginaw St., Lansing, Mi 48919. The applicant also seeks a variance from Sec. 6.2 of the 1971 Clinton County Zoning Ordinance which requires public road frontage, should the enforcing officers decision be upheld.

EA158A - SE 1/4, Sec. 14, T5N-R4W, S. of LGR exc. E 1/2 of E 1/2 of SE 1/4, & exc. beg. at S 1/4 cor., th. N. 496', E. 541', S. 240', E. 604', S. 256', W. to 1/4 post to beg. & exc. Lot 1-33 of W.W. Subd.

AB-6-82 Olive Township - Dimensional Variance to permit duplex conversion

An application for a dimensional variance has been filed by Mr. Charles J. Vaughn, 10960 DeWitt Road, DeWitt, Mi. The applicant seeks relief from Sec. 6.5.5.A LOT AREA and Sec. 6.5.5(E) FRONTYARDS of OR-1-78, the Clinton County Zoning Ordinance. Appeals Board action is necessitated since the applicant proposes a change of use from a single family to a two-family dwelling. A frontyard and lot area variance is required since the ordinance allows duplex conversion predicated upon acquisition of a special use permit and compliance with the districts site development requirements. The building in question is closer to the r/o/w of DeWitt and Cutler Roads than permitted by the zoning ordinance for a duplex unit and the lot area is smaller than required for the A-1, Agricultural zone district.

Legal Description: Beg. at S 1/4 cor. of Sec. 32, T6N-R2W, Olive Twp., Clinton County, Mi; th. N89°46'18"W 190 ft. alg. S. ln. of sd. Sec; th. N00°14'57"E 230' // with N-S 1/4 ln. of sd. Sec; th. S89°46'18"E 190'; th. S00°14'57"W 230' alg. N-S 1/4 ln. to POB cont. 1.0 Ac. m/l Subj. to easements for DeWitt Rd. alg. E'ly 33' thereof; also subj. to easement for Cutler Rd alg. S'ly 33' thereof, and subj. to all easements and restr. of record.

AB-7-82 - Victor Township - Dimensional Variance

An application for two dimensional variances has been filed by Mr. Lawrence Tharp, 9312 Oakdale Drive, Lingsburg, Mi. The applicant proposes the construction of an addition 6.5' from Oakdale Drive and 4' from the South property line. Schedule A Sec. 6.18.2 of the Clinton County Zoning Ordinance requires a 10' sideyard and a 40' frontyard setback in a R-1B, One-Family Low Density zoning district.

Legal Description: Lot 33 of Oakdale Park, a platted subd. located in Section 28, Victor Township, Clinton County, Michigan.

The appeal application(s) and OR-1-78, the Clinton County Zoning Ordinance are available for public inspection in the Department of Development Control located at 1003 S. Oakland Street, St. Johns, Mi between 8:00 A.M. - 12 Noon and 1:00 P.M. - 5:00 P.M., Monday through Friday. Interested persons are requested to attend the hearing and voice their opinions in respect thereto or written comments may be forwarded to the Department. Dairy Tour a winner

Approximately 200 area residents celebrated April Fool's Day by attending the 1982 Clinton County Dairy Tour.

The tour, coordinated by the Cooperative Extension Service, has been a county tradition since 1965. This year's activities featured visits to three area farms known for their excellent dairy-management methods.

The event began at CarDale Farms on Anderson Road where a Guernsey herd of 189 registered cows and a new free-stall barn was featured. At the Straub farm on N. Essex Center Road, discussions centered on bunker-silo management and a diet that has eliminated dry hay. The final stop on the tour was the farm of Ken and Jan Thelen on Parks Road where observers viewed dairy cattle that are able to produce an average of 17,985 pounds of milk annually, almost 3,000 pounds more than the average production per cow in Clinton county.

Dairying is the largest single industry in Clinton County with a gross income of over \$30 million, according to Extension Agricultural Agent Roberta Weber.

Participants in the 1982 Clinton County Dairy Tour discuss successful management at the farm of Ken and Jan Thelen on Parks Road. Ap-

proximately 200 area residents attended the day-long activities which have been a county tradition since 1965.

Card of Thanks 403

CARD OF THANKS: PERHAPS YOU SENT a lovely card, or sat quietly in a chair. Perhaps you sent a funeral spray, if so we saw it there. Perhaps you spoke the kindest words as any friend could say, perhaps you were not there at all, just thought of us that day. Whatever you did to console our hearts, we thank you so much whatever the part.

The family of Bonny Garlock
I WOULD like to thank my family, friends, and neighbors, for the cards, flowers, visits and telephone calls I received while in the hospital and since returning home. Florence Lane.

 1/2 pound soy or whole-wheat macaroni
 2/3 c. grated Parmesan cheese
 1 pt. (2 c.) low fat cottage cheese

Heat the oil in a frying pan and saute the onion, celery and garlic in it until softened. Stir in tomato paste, water and herbs. Salt and pepper to taste and simmer, uncovered, for 5 minutes. Meanwhile, cook the macaroni in salted, boiling water until tender. Drain and spread 1/2 of the macaroni in a 2 quart casserole. Top with 1/2 of the Parmesan cheese, 1/2 of the cottage cheese and 1/2 of the sauce. Repeat with a second layer, saving a little of the Parmesan to top the sauce. Cover and bake in a 350 degree oven for 30 to 35 minutes. Serves 4 to 5.

COUNTRY PEA SOUP
 Double up on those meals for real economy. Use that ham bone in this recipe. Make lots and freeze.

2 c. dried split peas
 1 c. diced onion
 1 c. diced celery
 1 bay leaf
 1 tsp. sugar
 1 tsp. salt
 6 c. water
 1 ham bone
 1 c. chicken broth
 1/2 stick oleo

Rinse the peas, then combine in a kettle with onion, celery, bay leaf, sugar, salt, ham bone and water. Bring to a boil and skim, then cover and simmer 45 minutes to an hour until peas are tender. Remove bone and bay leaf. Puree the soup in the processor or blender, then return to the pan. Stir in the chicken broth, bring back to the boil and taste for seasoning. Take off the heat and stir in the oleo. Serve hot with croutons.

POTATOES ESCALLOPED IN BEER

1 1/2 pounds potatoes, sliced thin
 1 large onion, sliced thin
 1 c. light beer
 salt, white pepper
 3 tbsp. cold butter
 1/2 c. heavy cream

Beginning with onions, layer onions and potatoes in a buttered baking dish, salting and peppering as you go. Pour the beer over, dot the top with butter, then bake at 425 degrees for 10 minutes. Reduce the heat to 375 degrees and bake 50 minutes more. Ten minutes before the dish is finished pour the cream over the top and continue to bake. The top should be golden when done. Serves 4.

Smelt dipping spring tradition

A smelt-dipping trip is a tradition for thousands of Michiganians who head for lakes and rivers to scoop up bucketfuls during April and May spawning runs, according to the Automobile Club of Michigan.

"Entire families and carloads of friends head for their favorite fishing spots and often stand up to their chests in 40-degree water all night long to dip for smelt," stated James Drury, Auto Club Travel Operations manager.

Smelt sell for up to \$3 a pound at state food stores. Whether broiled in flour or deep-fried in batter, they are considered one of the Great Lakes' best-tasting fish.

Fifty-three Great Lakes smelt hot spots -- including Canada's Point Pelee National Park and the Wheatley area southeast of

Detroit -- are listed on Auto Club's 1982 Smelt Guide.

Since smelt runs are triggered partly by snowmelt, this winter's record and near-record snowfalls in many parts of the state should produce an excellent season, Auto Club observers predict.

Best runs of smelt averaging 8 inches long and weighing about 2 ounces each usually occur between 11 p.m. and 3 a.m. in 42- to 45-degree water temperatures. Occasional runs also occur during daylight hours.

"Lake Huron beaches and tributaries traditionally have been sites of the state's best runs," Drury said. This year, anglers predict best Lake Huron runs between April 13 and April 30.

"While many Lake Michigan rivers are spotty, best runs should be from April 15-25," he added.

In the Upper Peninsula, best Lake Superior runs occur from the second to third week of May. Along Lakes Huron and Michigan in the U.P., nights from mid-April to early May are best.

Peak Canadian activity at Point Pelee usually takes place around April 20, but runs could vary by much as a week due to the weather.

Anglers are reminded that hand nets may be used for smelt up to one-half mile upstream from any river mouth from March 1-May 31 south of Highway M-72 and from April 10-May 31 north of M-72. Large dip nets up to 9 feet square are allowed on some streams by permit only. The State Department of Natural Resources 1982 Michigan Fishing Guide should be consulted for more information.

Business briefs

Dick McCrumb of Grand Ledge, district manager of Family Record Plan, Inc., was honored at the Direct Selling Association convention and awards banquet Tuesday, April 6, in Los Angeles.

McCrumb was honored by his company for selling 400 orders in two consecutive years.

Family Record Plan, in business since 1946, is an international direct sales corporation, based in Los Angeles, specializing in family portraits and photographic studio advertising.

McCrumb's wife, Judy, accompanied him to Los Angeles for the convention.

Dennis R. McMullen of Delta Township has been promoted to manager of financial systems at Auto-Owners Insurance Company.

McMullen, of 8515 Huckleberry Lane, will be responsible for the management of investment, collection and accounting systems. He previously was an administrator in the data services department.

Food drive sponsored by nursing homes

"Caring Enough To Share" is the theme adopted by Lansing area Provincial House nursing homes for food drives they are sponsoring to support the Community Food Bank from April 5 to 19.

Drop-off boxes will be set up in each of the four skilled nursing homes to collect short-term, emergency food for needy families in the area. Residents and staff members are asking for community support of their food drive through donations of food items, primarily non-perishables, or money.

Lansing area hospitals, originators of the "Caring Enough To Share" theme, will hold food drives April 10 to 30.

McLellan, Schlaybaugh & Whitbeck, a Lansing law firm, announced Tuesday that it is merging with Michigan's largest legal partnership, Dykema, Gossett, Spencer, Goodnow & Trigg, based in Detroit.

Stephen D. Winter is a partner in the Lansing firm and a resident of Wacousta.

The merger, which takes effect April 1, will allow the 143-lawyer Dykema firm into the "fast-growing Lansing market," according to Richard D. McLellan, managing partner of the Lansing firm. "At the same time, it will enable the Lansing office to expand significantly to accommodate the growing demand for energy, banking and administrative law services," he added.

"In addition, we will be able to strengthen our services for local businesses in the areas of taxation, labor law, and pension and estate planning," McLellan said.

The merger is expected to lead to a sizable increase in the staff of the 28-employee Lansing firm, which will have remodeled and expanded offices on the entire floor of the Michigan National Tower it now occupies in downtown Lansing, McLellan said, adding that he anticipates the Lansing office doubling the size of the current number of attorneys in the near future.

The Lansing firm was founded in 1974 by McLellan and Rex E. Schlaybaugh Jr., both former members of Governor William G. Milliken's executive office staff. William C. Whitbeck, who joined the firm in 1975, was an aide to Governor George Romney and served as a special assistant to the Secretary of Housing and Urban Development and as a member of the Reagan Presidential Transition Team in 1980.

The Dykema firm, one of the 75 largest in the nation, was founded in 1926. Its principal office is in the Renaissance Center in Detroit, and the firm has offices in Ann Arbor, Jackson, Battle Creek, Bloomfield Hills and Washington, D.C.

With the addition of the Lansing office, the firm will have 154 lawyers.

Spring cyclists bring on added traffic dangers

When the white stuff finally disappears, spring will bring extra hazards to the road -- motorcycles and bicycles will become a part of the traffic picture.

The Lansing Area Safety Council and Tri-County area police officials have some suggestions to both bicyclists and motorcyclists to help prevent accidents.

Most car/motorcycle accidents occur because the driver of the car did not see the cyclist. For maximum visibility, motorcycle riders should always drive with the headlight on -- day or night -- and the driver should stay out of the blind spots of other vehicles.

A crash helmet and protective clothing with long sleeves and long pant legs, heavy boots and gloves are a necessity.

Beginning motorcyclists or those who want to brush up on riding skills can sign up for a three-week course sponsored by Michigan State University's Highway Traffic Safety Program. The 22-hour program includes classroom instruction and 14 hours of on- and off-road practice. The classes will be conducted May 3-19 and June 14-30.

Bicyclists are required by law to obey the same traffic laws motor vehicles. When in the street, bicyclists must travel in the same direction as traffic as close to the edge of the road as possible and must use hand signals to alert drivers when they intend to turn or stop.

Bicycles are required to be equipped with brakes, horn or bell which can be heard 100 feet away, a front light visible from 600 feet and a rear reflector.
