## Accident takes one man's life

A Carson City man was killed and two others injured in a head-on collision on M-21 Wednesday afternoon, just west of Sealed Power.

According to Clinton County Sheriffs Department, Robert Lee Richardson, 41, of 209 S. Abbott, Carson City, was pronounced dead on the scene after the pick-up truck he was driving was struck head-on by a white Blazer truck, driven by Mark John Bancroft, 27, of 105 S. Morton, St. Johns.

Deputies said Bancroft's vehicle was eastbound on M-21 at approximately 4 p.m., when it apparently crossed over the centerline and collided with Richardson's vehicle.

Bancroft was taken to Clinton Memorial Hospital, then transferred to Ingham Medical Center where he was listed in critical condition.

A passenger in Richardson's vehicle, Calvin DuFlo, 32, of Alma, was also injured and taken to Clinton Memorial Hospital. He was transferred to Gratiot Community Hospital in Alma where he was listed in stable condition.

The accident remains under investigation.

## Area sports becomes way of life for area 'Doc'

By SUSAN OWENS  
Staff Writer

When it comes to knowing St. Johns football, there's no one like Doc!

Dr. A.N. Sauders, trainer for the St. Johns football team, as well as a Chiropractic doctor in the St. Johns area, has been working with St. Johns athletic teams for more than 22 years. During that time, he has received enough honorary signed footballs, basketballs and baseballs to fill an en-

tire wall in his main office in St. Johns. Another wall is filled with autographed team photos, with the earliest one dating back to 1962.

"I haven't missed a year," he said, admitting he loves what he is doing. His love for football is what lead to his interest in the St. Johns teams. While continuing his chiropractic practice, he attends seminars regarding athletic injuries and takes what he learns to the sidelines of the fields.

He said his highlight

came in 1981 when he was voted honorary member of the Michigan High School Football Coaches Association. He and Earl Lancaster, also from St. Johns, were chosen by coaches from all around Michigan for their outstanding contribution to high school sports.

"I love it," he said. "You're down on the sidelines and know everything that's going on."

"And you develop a relationship with certain boys," he added. "You'd be surprised how many of the boys stop in just to say 'hi' when they are back in town."

For right now, "Doc," (as he is fondly called by the Redwing teams), plans to keep on helping the players in every way he can. After so many years of doing so, it is no longer simply a hobby or a past-time. Now, it's a way of life.

## Open House set for St. Johns Fire Hall

According to St. Johns Fire Chief Clare Maier, an Open House will be held at the St. Johns Fire Department, Sunday, Oct. 14, as a final event of Fire Prevention Week.

During the Open House, firemen will be available to display the newest in equipment, provide rides for children, demonstrate the "Jaws of Life," as well as answer any questions someone might have about fire fighting. Cider and donuts will also be available. Everyone is invited to attend.

The Open House begins at 1 p.m.

FOOTBALL IS A WAY OF LIFE. Doc Sauders has become a permanent fixture on the football field after years of helping areas boys in athletic events. Above, he stands next to his wall of honorary "thank you notes" for all he has done throughout the years.

## MADD to hold all-day workshops

MADD (Mothers Against Drunk Drivers) will hold its second annual all-day workshop on Saturday, Oct. 13, in the Architecture Building on the campus of Lawrence Institute of Technology in Southfield, from 8 a.m. until 4 p.m. All are welcome and invited to attend. A \$15 registration fee includes luncheon and placement of the attendees' names on the regular mailing list of the chapter nearest their homes.

The program will include presentations on the present status of the drunk driving problem in Michigan, the work of the Michigan Drunk Driving Task Force, and panels reviewing the criminal justice system and drunk driving; assistance to surviving victims of drunk driving crashes; programs for students; and both Project "LifeRide" and "Safe-Ride." These projects are aimed at getting people home safely during the holiday periods; "Safe-Ride," in conjunction with the Explorer Division of the Boy Scouts, is for high school youth every Friday and Saturday night.

MADD has 15 chapters in Michigan with more forming in counties from Ohio into the U.P., and from Lake St. Clair to Michigan. The objective of their work is to support the surviving victims of drinking and driving crimes in their grief and in the criminal cases; the second objective is to ensure that the police, prosecutors and judges do their jobs effectively under the law. One way MADD does this is by monitoring the court rooms. For more information about the workshop (or MADD itself), inquiries can be sent to MADD, Box 12, Atlas, MI 48411, or calls can be made to local MADD chapters.

## New officers to be installed into banking association

On Oct. 10, the National Association of Bank Women, North Central Group, will have their installation of new officers. The dinner meeting will be held at Bintz Apple Mountain, Freeland, beginning at 6:30 p.m.

Catherine Keeley, Chairman of the North

Central Group, will install the new officers who are as follows: Chairman: Sally Van Ness, NewCentury Bank, Frankenmuth; Vice Chairman, Marilyn Swogger, Isabella Bank and Trust, Mt. Pleasant; Secretary, Barbara Nichols, NewCentury Bank, Bay City; and Treasurer, Janie

Williamson, Chemical Bank, Au Gres.

The guest speaker will be Mr. Thomas Jaffke, Executive Vice President and Trust Officer of NewCentury Bank, Frankenmuth. Jaffke will speak on "Changes in Banking and How They Affect Trust Departments."

With more than 30,000 members nationwide, the National Association of Bank Women, Inc., is the largest individual membership association in the banking industry and the only one which represents the interests of women banking executives. Its services and programs are directed toward the encouragement of professional excellence and career growth for all women in the banking industry.

# Voter Registration terminates

If you want to vote in this year's Presidential election; you must be registered by Oct. 9th. You can register at your city or township clerk's office or at any office of the Secretary of State.

"There is an estimated 300,000 unregistered voters in rural Michigan. Hence, there is an unusually good important reason why Michigan farm leadership is pushing for greater rural voter registration. There has never been an election in the past that was so vital to the survival of the family farm concept of farming," said Richard K. Stout, Executive Director of the League of Rural Voters.

Michigan's largest dairy cooperatives say dairy farm operations in the state are folding at the rate of one per day this year, nearly 50 percent higher than during an average year.

Many Michigan farmers are facing a financial crisis. Last year, acting alone, FmHA initiated 13 foreclosures and joined other lien holders in 33 ad-

ditional foreclosure actions. The number of foreclosures in 1983 was almost double the number in 1979. Over 50 percent of Michigan farmers with FmHA loans are delinquent. The amount owed FmHA by Michigan farmers is over \$500 million dollars.

The candidates elected to the Congress this year will be responsible for writing the all important 1985 Farm Bill. The impact of this legislation will be felt by farmers and other rural Americans for years to come. For this reason alone, there is an imperative need for a larger percentage of rural voices to be heard in our government. The League of Rural Voters urges all eligible citizens to register by Tuesday, Oct. 9, and to vote Nov. 6.

The League of Rural Voters also reminds you that you need to reregister if you changed your name or address since the last election or have not voted during the past five years.

## Subcommittee passes new patent act

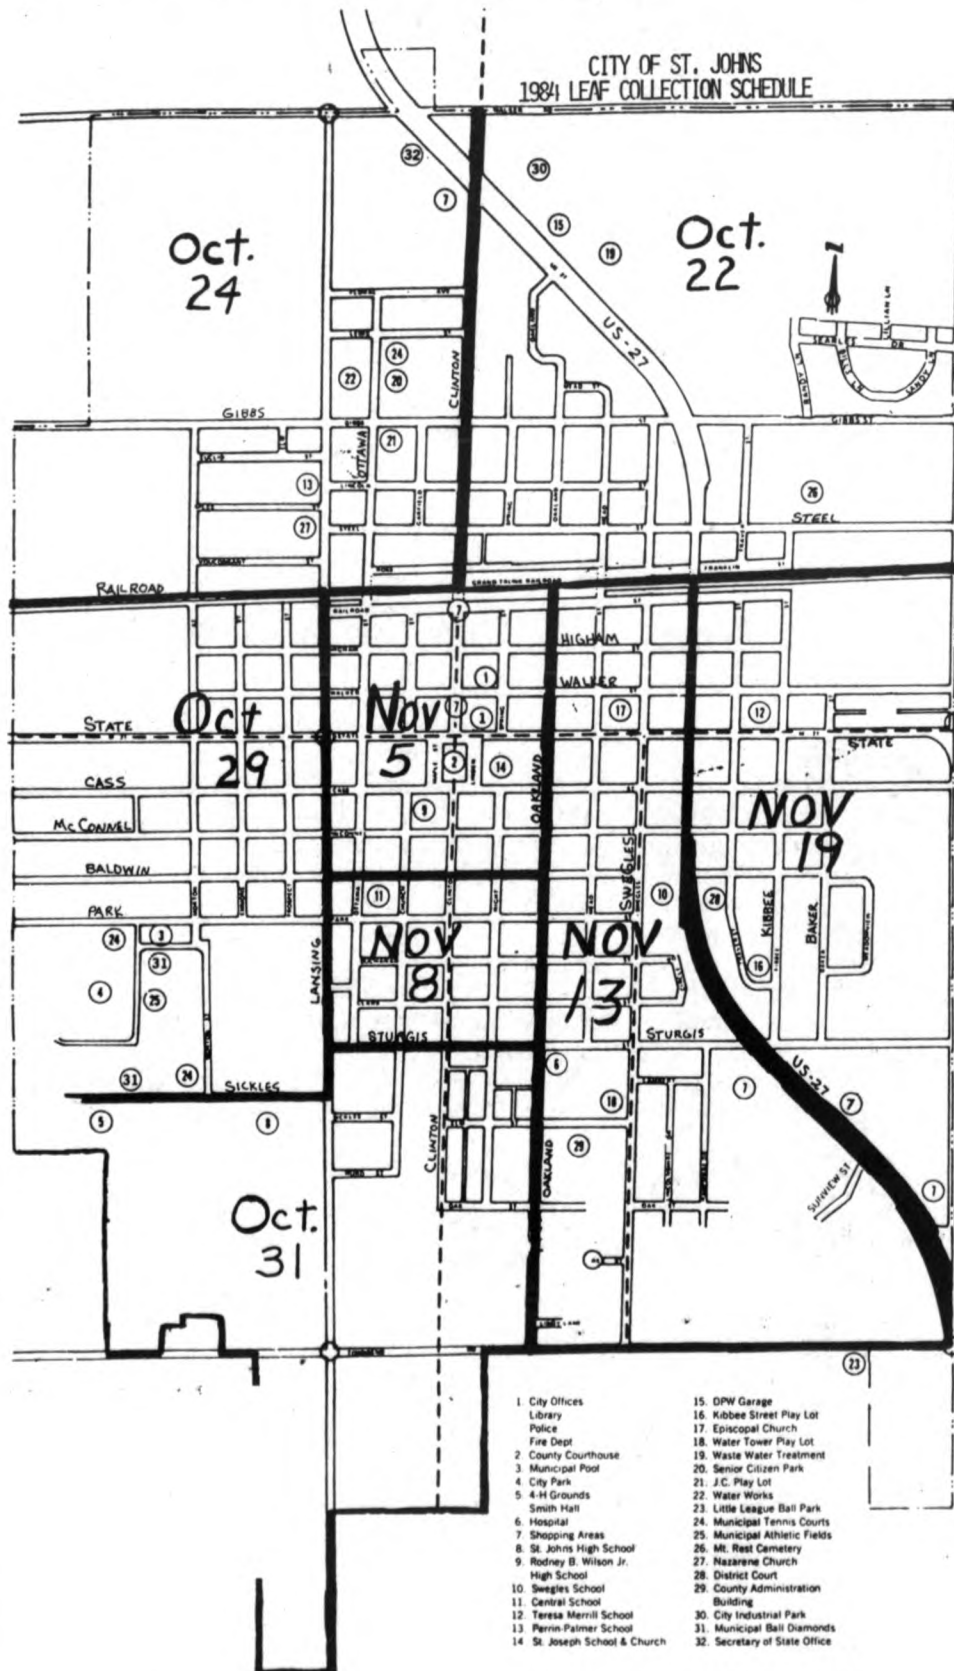

Congressman Don Albosta (D-St. Charles) today announced that provisions of H.R. 4814, the Patent Invention Protection Act, which he introduced earlier this year, have been incorporated in H.R. 6286, the Patent Housekeeping Act, cleared by the Judiciary Subcommittee on Courts, Civil Liberties and the Administration of Justice. Further action is anticipated.

This major patent legislation increases the effectiveness of patent law by providing to holders of U.S. Patents protection from unfair foreign competition. Under this new, comprehensive legislation, process patent foreign infringers would now be liable to penalties for reporting

goods produced overseas through U.S. patented methods. It also makes administration improvements in the Patent and Trademark Office.

"There is a desperate need to stimulate continued investment in America by offering protection to the inventors of American patents and patent processes," Albosta said. "Under the present law, a patent can be stolen, produced overseas and the product then sold in this country with no way for the inventor to stop it. This legislative measure will make sure that those who import, sell or use a stolen product or process be liable as an infringer and pay stiff penalties," he added.

**LEAF PROGRAM BEGINS.** The City of St. Johns will soon begin its annual leaf collection program. Please have all leaves placed at the curb on the date specified for your area of the city.

## Badge Beat

On Sept. 30, Officer Lindeman, of the DeWitt Township Police Department, responded to a man-with-a-gun call at 9:32 p.m.

Upon arrival to the Green Acres Motel, at 15564 N. East, police found Terry Kay Cooney, 39, of Coldwater, carrying a gun in which he had reportedly pointed at the female he was with and took money from her. He was arrested for carrying a concealed weapon and armed robbery.

Kimberly Sue Nostrant, 22, of Lansing, was also arrested for larceny. Possession of substance is still under investigation.

DeWitt City Police arrested three persons on Sept. 28, for possession of open alcohol in an automobile. Danny Joe Weston, 18, of St. Johns, was arrested, as well as two 14 year olds whose names have not been released.

City Police also arrested Edward Lee Sleight on Sept. 29 for reckless driving and fleeing and eluding police officers.

The Clinton County Sheriffs Department is currently investigating a larceny that occurred Sept. 27 at the residence of Dominic Massey, on US-27, St. Johns.

According to deputies, Massey reported that someone had taken a yellow, 14-inch McCullach

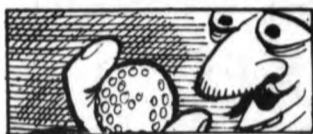

chain saw from his basement. Value was listed at \$239.

Frank Karek, of 9978 E. Round Lake Road, reported that someone had gotten into the pop machine outside of K's Market Sept. 25 and took approximately \$25-\$30. Suspect(s) apparently used a key to gain entry to the machine and no damage was done. The case remains under investigation.

On Sept. 27, Matthew Brocker, 15, of Norris Road, DeWitt, was injured when the three-wheel vehicle he was driving collided with a motorcycle. The motorcycle was driven by Timothy Blizzard, 16, also of Norris Road, DeWitt.

According to deputies, Brocker was apparently northbound on the west edge of Norris Road, while Blizzard was southbound. As the vehicles attempted to pass, they side-swiped each other. Both subjects were taken to St. Lawrence Hospital for treatment by Lansing Mercy.

In a separate incident on Sept. 30, Karrie Euper, 17, of Parks Road, was northbound on DeWitt Road when she lost control of her vehicle and rolled over. Euper and a passenger, Julie Hoffman, 17, of Scott Road, sought their own treatment. Euper was cited for careless driving.

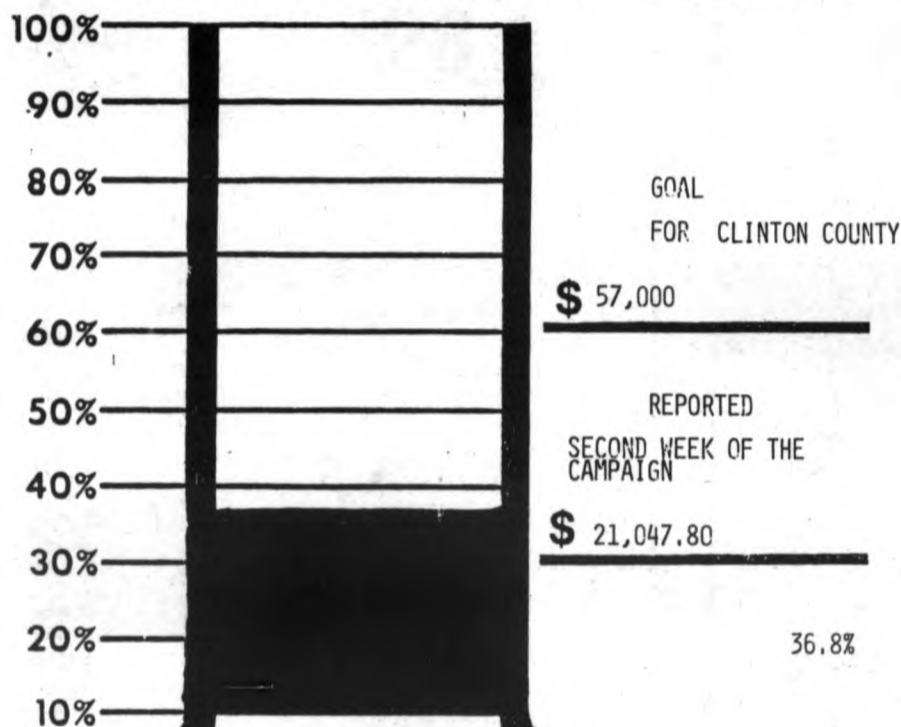

There are 336 dimples on an average golfball.

### Tiger trivia

Q. What did Alan Trammell and Lou Whitaker do in their first major league game?

A. Trammell collected two hits, and Whitaker had three. Both of the infielders made their major league debut in the same contest in Sept. of 1977.

\*\*\*\*

Sparky Anderson, the current manager of the Detroit Tigers, is the only major league manager to win 100 or more games in a season in both leagues. The 50-year-old Tiger skipper twice led the National League's Cincinnati Reds to more than 100 wins during the 1970s, then guided the Tigers to 104 wins and an American League East title in 1984.

# Everyone's a winner with the state lottery

By SUSAN OWENS  
Staff Writer

"Watching people become millionaires has been an exciting thing," said State Lottery Commissioner Michael J. Carr. "However, not many people realize that everyone benefits from the lottery. Forty-one percent of the revenues go to education."

During the 1982-83 fiscal year, \$221 million was given to the State School Aid Fund which helps insure the quality of education provided for elementary and secondary school children. The money was channeled to cover state costs of special, vocational and compensatory educational programs, as well as cover most of the funding for school transportation.

Without the aid of the lottery given to education, a taxpayer could expect to be paying approximately \$70 more from wage earners in the \$20,000 annual income bracket.

Carr also explained that the state lottery provides additional money for the community in which the lottery is available. There are approximately 7,000 licensed agents spread throughout the state, ranging through 19 business categories. The agents have indicated that lottery sales have provided considerable income for their businesses with nearly \$35 million earned in commissions during the past fiscal year. The \$4,788 average has increased 57.7 percent from five years earlier.

He added that although it cannot be equated exactly, total commissions represent an average income for approximately 1,400 jobs.

"That money goes back into the local community," he said. "Because of the popularity, we create jobs."

While seeking a statewide geographic spread of ticket agents, lottery officials select locations that offer strong pedestrian traffic patterns. Almost anyone wishing to play one of the games will find a conveniently placed agent in the course of daily activity.

Six percent of the total lottery revenues are given to the sales agent commissions.

Three percent of the revenues are used for operating costs of the lottery. According to Carr, Michigan continues its outstanding record of low operating costs as a percentage of revenues produced.

One percent of the revenues are also used for bank commissions.

Of course, the largest percentage of the revenues go to the winners of the Michigan State Lottery -- 49 percent. More than 18 million individual cash prizes have been given away in the past fiscal year, that's double the state's population. Millions of other players of instant games won free tickets. Big winners with prizes ranging

from \$25,000 up to \$2,000,000 appeared more than 160 times and represented 42 Michigan counties and five out-of-state locations.

Carr said that the majority of winners received the numerous \$2 to \$10 awards, more than 775,000 won amounts between \$11 and \$49. Some 367,000 captured between \$50 and \$99 amounts, while nearly 289,000 received between \$100 and \$499.

In the \$500 to \$999 range were some 104,000 with increased luck placing nearly 9,000 in the \$1,000 and up range. Five new lottery-created millionaires during the fiscal year brought the Michigan total to 58 since the lottery began in 1972.

There have been at least 11 different games introduced by the lottery during the year, including the latest Lotto.

Lotto guarantees a weekly jackpot of \$1 million or more and the prize grows from week to week until a winner picks the right six numbers. For \$1 a player may choose six numbers from one through 40 in hopes of matching in any order the six numbers picked once a week by a special machine designed for the task.

Multiple winners will share the jackpot. Smaller prizes go to people who match five or four of the numbers. Twenty five percent Lotto sales go into the jackpot pool, nine percent goes into the pool for winners matching five of the numbers and 11 percent of the sales will go into the pool for winners matching four numbers.

Officials said the odds of winning are one and 3.8 million for jackpot winners, one in 18,800 for the five-number gamble and one in 456 for players choosing four of the numbers.

Carr added that the new Lotto is expected to be the most popular game the commission has introduced. Other games include the Daily 3, in which players choose three winning numbers. Their sales reached \$316,634,804 during the fiscal year. The Daily 4 showed a sharp gain from the previous year with a total play of \$87,539,528. The Instant scratch off Games have also been popular, including the Top Ten, the Surprise Package, Michigan Baseball and Loose Change, as well as the Superfly.

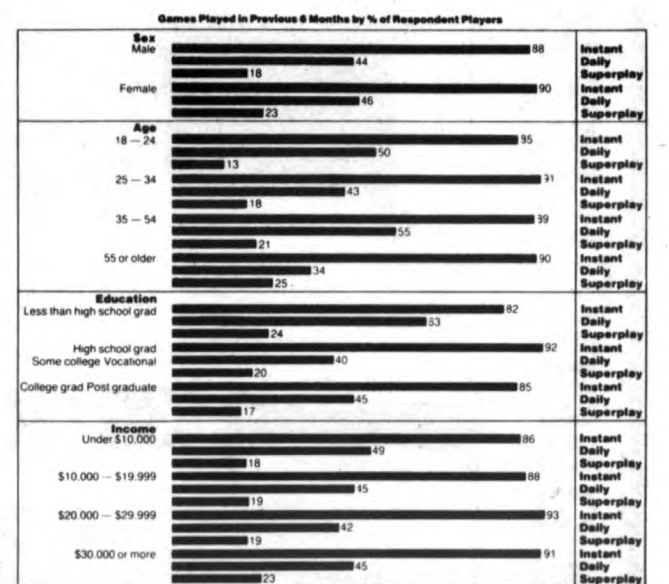

A research survey, conducted during the past year, revealed that Michigan citizens have strong awareness of Lottery games and 60 percent have played some time.

The survey covered 800 households spread among three Southeast Michigan counties and 10 other urban areas in the state. More than 90 percent of respondents were aware of both the instant and daily games and 78 percent knew of the Superplay. Among those who have played, nine of 10 reported playing a Lottery game within the previous six months.

Reflecting a positive attitude about the lottery, 80 percent of players agreed that it "is a good thing" with up to 90 percent agreeing "it is fun to play."

Of respondent players, average spending on the Lottery each month was approximately \$14 with nearly two thirds spending less than \$10.

Carr said he expects the increasing popularity of all the lottery games to increase in the upcoming years, noting that as more and more people realize that others profit from the revenues, more and more people will take their chance at winning.

## Local student is commended in program

Fulton High School has been notified that one of its seniors has been designated a Commended Student in the 1985 Merit Program. James G. Sturgell, principal, recently announced that Matthew Winsor placed in the top five percent of over one million participants in the 30th annual competition and will receive a Letter of Commendation in honor of outstanding promise for future academic success.

An officer of National Merit Scholarship Corporation (NMSC), which administers the program, stated that "The exceptionally high test performance of young people who are named Commended Students in the extremely competitive Merit Program is deserving of recognition in their communities. To acknowledge the attainments of academically talented students and to credit schools for the part they play in the development of these youth are important in a nation that values excellence. We sincerely hope that their accomplishments thus far will motivate these students to pursue higher education and to acquire the skills they need to become productive adults and contributing citizens in a free society."

Participants entered the current Merit Program by taking the PSAT/NMSOT in the fall of 1983, when most of them were juniors. Although the qualifying test scores of the 35,000 Commended Students designated nationwide were very high, they were slightly below the level required for Semifinalist standing in the competition for some 5,500 Merit Scholarships to be awarded in 1985. The 15,000 Semifinalists in this year's competition were announced publicly by NMSC on Sept. 13.

## Tickets available for Clinton Capers

Tickets for the Oct. 25, 26 and 27 production of "Clinton Capers" are available to all area residents. The Clinton Memorial Hospital Auxiliary, a volunteer organization, sponsors the biennial event, with all proceeds used for hospital projects and equipment. Most recently, the Auxiliary funded the renovation and redecoration project of patient rooms and other areas.

Tickets are available from any Auxilian or may be purchased in the hospital gift shop or Human Resources Department at Clinton Memorial. Cost is \$3 for students and \$5 for adults.

The production is scheduled for 8 p.m. each evening in the Pocius Auditorium at St. Johns High School.

For more information, please contact the Human Resources Department at 224-6881, ext. 285.

## Arthritis Specialist to address Diabetics

Carol Beals, M.D., a Board Certified Rheumatologist in Lansing, will be the featured speaker at the Oct. 9 meeting of the CMH Diabetic Club. Dr. Beals, an Internist, specializes in arthritis-related problems. She will discuss "Arthritis and the Diabetic Patient" at the meeting, which is scheduled to begin at 7:30 p.m. in the hospital Conference Room.

Barbara Bandt, a registered nurse at Clinton Memorial, will moderate the program.

The Diabetic Club, "In Stride With Diabetes," is an educational, social club for diabetics of all ages. Membership is free and open to the public. Interested family members are also invited to attend. For more information, please contact the CMH Education Department at 224-6881, ext. 283.

## Schools honored at ceremony

Dorothy I. Schoals, retired controller of Clinton Memorial Hospital, was recently honored at the 25th Anniversary celebration of the Central Michigan Chapter of the Healthcare Financial Management Association (HFMA). HFMA is a national organization of 74 chapters with a total of 25,000 members.

Schoals has been granted a Life Membership by the Central Michigan Chapter and the National Board. In addition, a "Dorothy I. Schoals Chairperson of the Year Award" has been established and is presented annually.

She was employed at Clinton Memorial Hospital for 20 years and is a resident of DeWitt.

## Index of Prices shows two percent decline

The Index of Prices received by Michigan farmers for all farm products averaged 129 percent of its 1977 base for the month ending September 15. This represents a 2 percent decline from August, according to the Federal/State Michigan Agriculture Reporting Service. However, prices were unchanged from September of 1983. The Index of Prices paid by farmers, nationwide, for commodities and services, interest, taxes and farm wage rates for September was 165 percent of its 1977 base. This was unchanged from August but 2 percent above a year earlier. Compared with August, the feed and feeder livestock indexes were lower but the fuels and energy index was higher.

In Michigan, dairy products, and poultry and eggs were the only commodity groups which increased from last month. Individual commodities with stronger prices were limited to hay, calves, milk and eggs. These increases did not offset the price decreases for corn, soybeans, potatoes, hogs, slaughter cows, steers and heifers. Winter wheat, oats, and dry beans were unchanged from the previous month.

Nationally, the September All Farm Products Index of Prices received by farmers decreased 3 percent from August to 139 percent of its 1977 average. Lower prices for potatoes, hogs, cattle, oranges, soybeans and corn were partially offset by higher prices for milk, tobacco, peaches, broilers, and apples. The September index was 2 percent above a year ago.

## Free flowering trees for fall planting

Ten free flowering trees will be given to people who join the National Arbor Day Foundation during October 1984.

The Foundation will give two White Dogwood, two American Redbud, two European Mountainash, two Washington Hawthorn and two Flowering Crab trees to members joining during October. The free trees are part of the Foundation's efforts to improve the quality of life in America by encouraging tree planting.

"The Foundation is encouraging more people to plant trees in the fall, which is an excellent time for tree planting," John Rosenow, the Foundation's executive director, said. "So we're giving these free flowering trees to people who make a \$10 membership contribution during October."

"These trees were selected because they will give a colorful flowering of pink, white and red blossoms throughout the spring," Rosenow added. "The six-to-twelve inch trees will be sent postpaid at the right time for planting between Oct. 15 through Dec. 10, with enclosed planting instructions. The trees are guaranteed to grow, or we will replace them free of charge."

To become a member of the Foundation and to receive the free trees, a \$10 membership contribution should be sent to Flowering Trees, National Arbor Day Foundation, 100 Arbor Avenue, Nebraska City, NE 68410, by Oct. 31, 1984.

Describing Six Flags AutoWorld's IMAX Cinema as a "big show" is almost an understatement. IMAX is the largest film format in the world, and the screen is six stories high and 75 feet wide.

But size is only one important element in the AutoWorld IMAX theater. AutoWorld visitors will watch "Speed," a motion picture specially produced for AutoWorld by McGillivray-Freeman Films, creators of the acclaimed film "To Fly," featured at the Smithsonian's Air and Space Museum.

The IMAX Cinema is one of many innovative attractions at Six Flags AutoWorld.

The AutoWorld IMAX theater is one of only a handful in the world to have the IMAX format, which uses a frame size ten times larger than standard motion pictures. But there are other features which distinguish the AutoWorld facility. It is the first IMAX film to use dazzling, mind-blowing computer-animated special effects, which become more special when magnified on the huge screen. It is also one of only a few theaters in the world to have a sophisticated digital six-track sound system.

The film "Speed" was specially produced for

the automotive theme of AutoWorld. Combining unusual special effects with spectacular film footage, the producers have created an entertaining look at our fascination with speed—from the caveman chasing his prey on foot, to the astronaut, soaring above the earth at 25,000 miles per hour. Albert Einstein, the father of speed, is the spiritual navigator for the 23-minute film, which is a carefully edited exploration of the social, historical, comical and scientific aspects of speed—a truly modern phenomenon.

"It is difficult to adequately describe the visual magnitude of the IMAX Cinema," said AutoWorld General Manager Tom Major. "Just saying it is six stories high doesn't do it justice. The film completely fills your peripheral vision, providing a video experience like you have never seen before. This is truly a case where you have to see it to appreciate it."

The IMAX theater seats 500 people before the huge screen. In the theater lobby there is a special display area, with murals depicting interesting facts about speed.

Less than an hour's drive east of St. Johns and just off I-75, the \$70 million AutoWorld is the world's largest indoor entertainment complex.

**MARAUDER OFFENSE GETS SMOTHERED BY REDWINGS**-Somewhere in the midst of all this muddle is an Ovid-Elsie ball carrier. Three defensive Redwings move in to stop further Marauder progress. St. Johns scored two touchdowns in the game, one on a 16-yard pass play from Brian Bates to Marty Martens and the other on a spectacular punt return by Fred Fleming. Ovid-Elsie's lone score came with only 41 seconds left in the game when quarterback Mike Schneider hit Scott Winans on a 16-yard aerial completion for paydirt.

**MARTENS SCORES TOUCHDOWN ON BATES AERIAL**-This is the scene following a completed pass from St. Johns quarterback Brian Bates to receiver Marty Martens in the third quarter Friday night at Ovid-Elsie. Martens has some Marauder opposition here as he carries the pigskin over the line for six points. Attempting to prevent the Redwing score is Ed Coleman (20) and another unidentifiable Marauder. The Redwings after being held scoreless throughout the first half, came back to down the Ovid-Elsie team 14-8.

**WINANS CARRIES THE BALL FOR OVID-ELSIE ON A SWEEP**-Scott Winans swings his way to the left side with an alert St. Johns Redwing in dead pursuit. Winans scored the only Marauder touchdown in Friday night's big confrontation at Marauder Stadium. Ovid-Elsie fell to their ninth straight loss to the Redwings, dropping a strong defensive game, 14-8. Ovid-Elsie continues their winless streak this season at 0-5, while St. Johns levels out their season to a 2-1 conference slate and 3-2, overall. Photos and game coverage by Harold Schmalz, CCN.

## Healthier weeds are easier to kill

Believe it or not, a healthy weed is easier to kill than an unhealthy one.

"That's why fall is the best time to eliminate the weeds that can spoil an otherwise beautiful lawn," says Shawn McBurney, a research technician specializing in turf care at Michigan State University. "Even though most weeds aren't blooming at this time, they're thriving as they are busy storing up reserves for the long winter months."

Even though they are applied to the leaves of the weed, any herbicide used must get down into the roots to kill the plant. This is best accomplished when the plant is healthy. In northern Michigan, the best time for weed control is from mid-August through September; in the southern parts of the state, September to mid-October. Generally, the herbicide should be applied before the first heavy frost, though an unusually hard early frost should not keep homeowners from applying herbicide if temperatures return to normal and give the plants a chance to become active again.

Three basic chemicals are used for lawn weed control. The first, 2,4-D, will effectively control most broadleaf weeds, such as dandelions. The second, MCPP, will control most broadleaf weeds, plus clover and chickweed. This chemical is more expensive and is sometimes combined with 2,4-D.

The third chemical, dicamba, can be used on the rare, more difficult weeds, but it is difficult to obtain. Unlike the other two, it can be absorbed by plant roots, so it is very dangerous to use around trees or shrubs. If this chemical can be found, it will likely be found in combination with the other two.

"The first and sometimes most difficult thing the homeowner should do is properly identify the weed," McBurney says. "Lawn and garden centers, local libraries and county Extension agents should have information on and description of weeds, as might grain elevators and florists. Without proper identification of the weed, the homeowner is taking a blind guess at what herbicide to apply."

McBurney also strongly recommends applying fertilizer to the lawn within one week either before or after you apply the weed killer. The fertilizer will not make weeds more difficult to kill, but it will encourage the grass to fill in empty spots where weeds are destroyed.

## Fertilizer users urged to read all of product labels

As with any chemical, it is very important to carefully read the entire label on packages of herbicide and fertilizer. Heeding warnings and following instructions are crucial, especially on dosage amounts.

"Herbicide application is one area where more is not better," McBurney says. "Too heavy an application can burn off the leaves of the plant before the chemical can reach the roots. This temporarily injures the plant but doesn't kill it. Her-

bicides don't have much of an apparent immediate effect on weeds, so you need to resist the temptation to apply a second dose, or this temporary injury could occur."

The key points to remember are proper identification of the weed, careful reading of herbicide label instructions and warnings, and application of fertilizer so that the grass fills in areas where weeds are killed. Following these guidelines will help make healthy, weed-free lawns possible.

MARAUDER QUARTERBACK ATTEMPTS TO ELUDE REDWING TACKLERS-Mark Schneider of the Ovid-Elsie Marauders attempts to gain some yardage here in first half action in Friday night's contest on the home turf against the St. Johns Redwings. Although held scoreless through three quarters of play, Schneider finally put the Marauders on the scoreboard with a completed pass to Scott Winans near the end of the game to prevent a total whitewash for the night. Redwings Kevin Aylesworth (63) and Scott Nelson (9) are seen here in defensive action.

CONKLIN'S PROGRESS IS STOPPED BY REDWING DEFENSES-Wade Conklin, running back for the Marauders (33), has a Redwing grappled around him as he attempts to gain some yardage in first half action at Ovid-Elsie Friday night. Other Marauders visible on the scene are Jeff Walker (57) and Tim Mikulka (64). O-E suffered their fifth straight loss on the season as they dropped this important Mid-Michigan-B contest 14-8 to St. Johns.

HERE COMES THE HIT-Brett Ruess(42) of Ovid-Elsie gains some valuable real estate here in Friday night's game with the St. Johns Redwings. In spite of a good running game performed by Coach Russ Pope's squad in the first half, the Marauders eventually fell to a 14-8 loss after two Redwing touchdowns were scored in the third quarter.

## Tiger Trivia

Q. Who was the last Tiger pitcher to hit a home run during the regular season?

A. Lefthander Les Cain hit a homer in 1970, and another in 1971.

Q. Which current Tiger was born in Hawaii?

A. Veteran pitcher Milt Wilcox.

Q. When was the last time two Tiger pitchers won 20 or more games in the season?

A. In 1971, lefty Mickey Lolich won 25 games, and righty Joe Coleman notched 20 to lead the Tigers to a second place finish.

Q. What former Tiger, currently with the Chicago Cubs, is a gravedigger in the off-season?

A. Richie Hebner, who played first base for Detroit in the early 1980's.

Q. What uniform number did Tiger Hall-of-Famer Ty Cobb wear?

A. The "Georgia Peach" did not wear a number, since uniforms did not have numbers in the early days of baseball.

Q. Which current Tiger was born in Hawaii?

A. Veteran pitcher Milt Wilcox.

Q. Which current Tigers have been all-stars in either the American or the National League?

A. Lance Parrish, Alan Trammell, Lou Whitaker, Darrell Evans, Chet Lemon, Jack Morris, Sid Monge, John Grubb, Willie Hernandez, Aurelio Lopez and Ruppert Jones.

Q. Who is the only one-time Tiger player to hit over 500 home runs in his career?

A. Third baseman Eddie Matthews, who spent most of his career with the Braves in Milwaukee and Atlanta. Matthews was a member of the 1968 World Championship Tiger team.

Q. Which current Tigers have been all-stars in either the American or the National League?

A. Lance Parrish, Alan Trammell, Lou Whitaker, Darrell Evans, Chet Lemon, Jack Morris, Sid Monge, John Grubb, Willie Hernandez, Aurelio Lopez and Ruppert Jones.

Q. Who holds the Tiger record for most games appeared in by a pitcher in a season?

A. "Ready Freddie" Scherman appeared in 69 games for the Tigers in 1971. (Willie Hernandez is almost a sure bet to break that mark this season.)

Q. Which two Detroit Tigers stole home so far during the 1984 season?

A. Barbaro Garbey, and Lance Parrish each swiped home on the back end of double steals earlier this year.

# NO INTEREST NO ASTERISK

## NO KIDDING

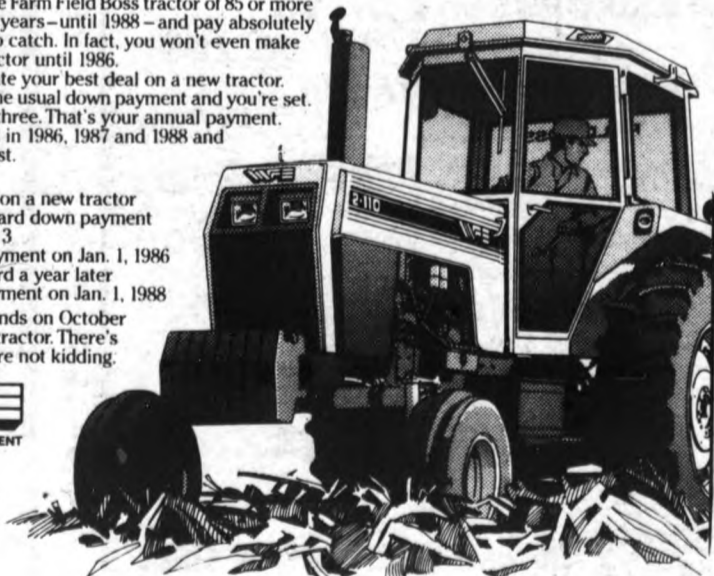

You can finance a White Farm Field Boss tractor of 85 or more horsepower for over 3 years—until 1988—and pay absolutely no interest charges. No catch. In fact, you won't even make a payment on your tractor until 1986.

Come in and negotiate your best deal on a new tractor. Give me a trade-in or the usual down payment and you're set. Divide the balance by three. That's your annual payment. Make a single payment in 1986, 1987 and 1988 and you're done. No interest.

Here it is again:

- Get our best price on a new tractor
- Deduct your standard down payment
- Divide the total by 3
- Make your first payment on Jan. 1, 1986
- Pay the second third a year later
- Make your last payment on Jan. 1, 1988

No waiting. This offer ends on October 31st. There's no better tractor. There's no better rate. And we're not kidding.

## Job's Daughters meet in Ovid

Ovid Bethel No. 36, International Order of Job's Daughters, met recently with twelve daughters and eight Council members present.

Introductions were given to Mary Jo St. John, Raini Woodworth, Jeanne Leavitt, Susan Leavitt, Wendy Colborn, and Kelly St. John, all Past Honored Queens of the Bethel. Also introductions went to Diane Chamberlain, Grand Representative to Indiana; Mrs. Mickey Besko and Barbara Higgins, Past Bethel Guardians; Mrs. Sue Chamberlain, Bethel Guardian; and Don Chamberlain, Associate Bethel Guardian.

The Majority ceremony was given for three members. Receiving the degree were Raini Woodworth, Mary Jo St. John, and Jeanne Leavitt.

Heather Walter reported on a recent car wash. Communications on a hayride in Montrose and a workshop were read. The "Lighted Cross" ceremony was given.

Remarks were given by Sue Chamberlain, Don Chamberlain, and Susan Leavitt, Grand Bethel Choir Member.

## Search begins for future Miss National teenager

The search is on to find that special teenager who combines personality, intelligence and appearance to represent Michigan in the 14th Annual Miss National Teen-Ager Pageant. The state pageant will be held at the Amway Grand Plaza Hotel in Grand Rapids on March 30 and 31. The winner will compete in the 14th Annual Miss National Teen-Ager to be held in Florida, August, 1985.

All teenage girls between the ages of 13 and 18 are eligible for this pageant. Finalists will be judged on scholastic achievement, leadership, poise, personality, and appearance. Finalists will have a choice of presenting a two minute talent or a 100 word essay on "What's Right About America." There is no swimsuit competition.

The winner will receive a \$2,000 Savings Bond, a 4-year tuition scholarship to Oklahoma City University, a full tuition modeling scholarship from Barbizon International, and an all-expense paid entrance fee to the National Pageant. The

talent winner will receive a \$4,000 tuition scholarship from Millikin University, Decatur, Illinois. The essay winner will receive a Savings Bond. Citizenship winners (one senior and one underclass student) will receive \$10,000 each tuition scholarships to Eckerd College, St. Petersburg, Florida, and the opportunity to compete for up to \$24,000 in tuition scholarships at the regional and national levels. A pageant par-

ticipant with potential in business, computer systems management, food service or hospitality related programs, will be selected for a full two year tuition scholarship from Johnson and Wales College, Providence, Rhode Island, to obtain an associate in Science degree.

For an application and further information, write to Dwight Jordan, state director, Miss National Teen-Ager, P.O. Box 248, Decatur, Illinois 62525.

## Adult classes open at Fulton program

The Fulton Adult and Community Education program still has openings in classes for adults who are interested in Computers, Typing, Word Processing, Office Skills and Welding.

Anyone who is interested in one of these classes will be put on an individualized program designed to meet their specific needs and interests.

"We have qualified instructors who are interested in working with adults whether they are taking the class for enjoyment or self-improvement," reported Roger Thelen, Community Education Director.

Interested adults should contact the Community Education Office at 236-5130.

# Student takes seat on school board

October 8, Marcia Freed took her seat as the first student on the Fulton Board of Education. Freed was elected from amongst 18 students who volunteered for the post. Those who volunteered met with their principal, James Sturgell, and voted for their "second choice." Sturgell acknowledged that "each student was obviously his or her own best choice." An alternate, Kevin Sherrick, was also elected. He will share responsibilities with Freed and fill in when she is absent.

The idea of having a student sit at the Board table was prompted by Board Trustee, Mrs. Peggy Torok. Torok had attended a meeting sponsored by the Michigan Association of School Boards last year where a board member from the Detroit area described how their district was try-

ing this idea. Torok said, "It makes sense to me that since so many of our decisions have direct impact on students we will benefit from hearing from a student leader."

This step is the latest in a series of steps to assure student involvement in the decisions around them. Sturgell started a Student Advisory Council in 1981 which still meets periodically with him to discuss concerns, problems, and ideas. Last year Fulton Schools along with eight other schools in the Gratiot-Isabella Intermediate School District took part in a "Student Leadership Forum" sponsored by Alma College and the Department of Education. Ninth through twelfth graders from nine schools explored common problems, brainstormed solutions, and finally made recommendations which were received by the area Boards and Administrators. Another "Student Leadership Forum" is set for February 1985.

Meanwhile, due to the large amount of interest in the student school board seat, Sturgell has approached School Superintendent, Ned S. Curtis, with the idea of developing a "Junior School Board" which would consider the same issues as the full Board. This idea is being explored.

Freed is the daughter of Mr. and Mrs. Lawrence Freed of Ithaca. Sherrick is the son of Mr. and Mrs. Dean Sherrick of Middleton.

# Scout award presented to local resident

James Elmer Peck, 16, of 609 Richmond Street, Alma, has earned the highest award the Boy Scouts of America offers to Scouts, The Eagle Award.

Peck will be recognized with a potluck at 1 p.m. and ceremonies following at 2 p.m., on Oct. 14, at the United Methodist Church, corner of Downie and Gratiot, Alma.

A member of Scout Troop no. 610, Peck is one of approximately two percent of all Boy Scouts who attain the Eagle rank, according to Scoutmaster Frank Fuller. He joins other outstanding American citizens who have become Eagle Scouts, among them former President Gerald R. Ford, Jr.; astronaut Neil A. Armstrong; Secretary of Housing and Urban Development, Samuel R. Pierce, Jr.; and Washington, D.C., Mayor Marion Barry.

Each Eagle Scout candidate must earn 21 merit badges and successfully complete a community, church or synagogue-related service project to earn his Eagle. As his service project, Peck planted seedling pines for the City of Alma.

For his troop, Peck has served as scribe, senior patrol leader and assistant senior patrol leader.

Peck is a member of The United Methodist Church and the Senior High Methodist Youth Fellowship (MYF). Now a junior at Alma High School, Peck is the football team manager and is a member of the Alma High School Band and the Junior Sports Boosters. His other activities include bowling. He also works part-time at Wendy's.

He is the son of James and Rose Peck, of Alma. He is the grandson of Ethel and Lawrence Petersen, of Elsie.

# Tidbits of baseball

No player in major league baseball history has ever hit 20 doubles, 20 triples, 20 home runs and collected 200 hits in the same season. ....

However, Ryne Sandberg of the Chicago Cubs made a bid to do that this season, but fell short by

just one triple and one home run. ....  
Earl Wilson, a pitcher for the 1968 World Champion Detroit Tigers, belted seven home runs that season, and hit over 30 during his career.

Members of the St. Johns Woman's Club and the Elsie Women's Literary Club combined forces last Wednesday for lunch and an extended tour throughout Duplain Township and the Elsie area. The afternoon began at the Elsie Family Restaurant where Mrs. Lawrence Hess delivered a historical review of the Elsie area. Following her presentation, several members of both clubs began an auto tour which began at Green Meadow Farms, the location of the world's largest registered Holstein dairy herd. Hosting the Green Meadow tour throughout the premises were several members of the Green family. Stops further along the way included the old Railroad Depot (pictured); the formerly used old steel structured bridge over the Maple River, several local industries; some churches; the Elsie Library as well as some cemeteries and other historical sites. Mrs. Hess is shown in one of the above photos delivering her address to the ladies' group as Mrs. Roger Adams, president of the Elsie club and Mrs. Jean Leon, president of the St. Johns organization look on. ## Women's Clubs join in Elsie

Fifty-eight members of the St. Johns Woman's Club and the Elsie Woman's Literary Club met Wednesday, October 3, for lunch at the Elsie Family Restaurant.

Mrs. Jean Leon, president of the St. Johns Woman's Club, opened the first meeting of the year, announcing new officers, Mrs. Dorothea Barnes, vice-president, Mrs. Marta Giesecke, recording secretary, Mrs. Winnie McDowell, corresponding secretary, and Mrs. Iva Schafer, treasurer. Mrs. Adele Jones was program chairman for the day and Mrs. Genevive Gilson and Mrs. Necia Beck were hostesses.

Mrs. Roger Adams, president of the Elsie Woman's Literary Club, introduced the speaker, Mrs. Lawrence Hess, from the historical department of the Elsie Library, who gave a detailed history of the Elsie and Rochester Colony areas and described an auto tour which followed the luncheon.

The tour included stops at the world famous Green Meadow Dairy Farm, the Hancock Industries Plant, the Methodist and Baptist Churches, Elsie Library, cemeteries, and historical mill sites. The group followed the Old Maple River Road back to St. Johns.

the St. Johns Woman's Club, a demonstration of basket weaving by Mrs. Mary Rappuhn, will be held at the home of Mrs. Iva Schafer, October 17. Guests are always welcome.

## Personal safari featured

With the children just back in school and the holidays coming right up, now is the time to do something fun for yourself.

On October 16 and 17, the Cooperative Extension Service will be coordinating a program entitled, "A Personal Safari." On the two day safari, you will have a chance to visit "Self-Esteem Junction" and "Low Stress Alley." At each stop of the class, you will be exploring ways to manage the stress in your life, including relaxation techniques and confidence building activities.

The personal safari will take place from 1:30 to 3:30 p.m. at the Cooperative Extension Office. The cost for this two-part series is only \$1.00. To pre-register call Dawn Harris, Extension home economist, at 224-3288 or 669-3663 before October 12. Pre-registration for this class is required.

This was the second area toured by the St. Johns Woman's Club. Mrs. Adele Jones, who has written a fine history of the Maple Rapids area, conducted another tour of that area in the fall of 1982. The next meeting of

## Corn promotion committee formed

The Michigan Corn Growers Association has announced the formation of the Corn Promotion Committee of Michigan, under Public Act 232 of 1965. The Committee will serve as a temporary organization to oversee a grower referendum on a checkoff program for corn sold for grain. The funds derived from the checkoff will be used for research and promotional programs.

Tentative plans call for the Corn Committee to conduct a referendum sometime in the summer of 1985, on a voluntary checkoff of 1/2 cent per bushel, applying only to corn sold for grain.

This means that growers who do not want to participate in the corn checkoff will be able to either claim an exemption, or ask for their money back. Also, corn used for feed by a grower, will not be subject to the checkoff.

Mark Mitchell, Grand Blanc farmer and chairman of the temporary committee feels, "We have a real opportunity here in Michigan to pursue research projects that will help Michigan growers. While it's true that major companies are involved with corn variety research, such opportunities as irrigation are virtually ignored in our state."

Other members of the committee, in addition to Mitchell are David Diehl, Jr. of Dansville, Steven Gazdag of Kalamazoo, Carl Moore of Cedar Springs, Ray Schaub of Ithaca, James Shaw of Bad Axe, Warren Wooden of Cassopolis, Bernard Neuenfeldt of Hemlock, Kam Washburn of Elsie, Martin LaPointe of Erie, and Johns Broadhurst of Milan. Broadhurst represents elevator and handler interests on the Committee.

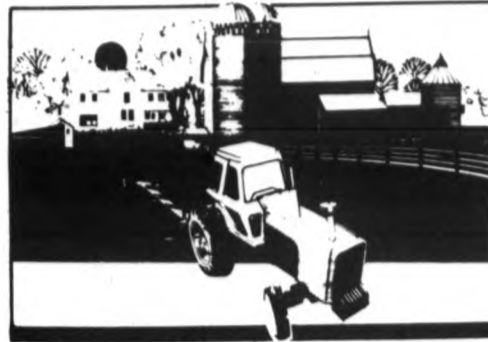

All corn growers are invited to make suggestions or comments about the program by contacting one of the Corn Promotion Committee members or by writing to the Corn Promotion Committee of Michigan, at P.O. Box 26003, Lansing, Michigan 48909.

## Plan divides owners

Dad had his own ideas about farming. So Mike Chaffin came up with a clever way to own his own farm, but share expenses with his family. For nearly a year, the 19,000 combined acres of Chaffin Farms of Gratiot County have run smoothly under three separate ownerships.

A "spinoff sole proprietorship" allows Mike, his brother, Mark, and father Bob to have independent ownerships. The family shares the cost of equipment, inputs such as fertilizers and chemicals, and operating expenses. In the October 6 issue of Michigan Farmer magazine, the Chaffins talked about their formula for maximizing farm profits.

By balancing machinery investment against farm acreage, the family decided what percentage of overhead each owner will pay. "We can farm together and still do our own thing," Mike Chaffin points out. "After planting, we just settle up on the account."

### Big apple crops promise low prices

Sipping newly pressed cider and munching freshly made doughnuts are as much a part of the fall scene in Michigan as football games, brightly colored leaves and Indian summer, according to the Automobile Club of Michigan.

"There is no greater pleasure in the fall than taking the family to a cider mill to watch ripe apples being squeezed into a delicious juice and then sampling the finished product," stated Auto Club Travel Operations Manager Jim Drury.

"Michigan's apple crop this year is bigger and better than last year and prices for cider and doughnuts are only slightly above last fall," Drury added.

The United States Department of Agriculture predicts that 19 million bushels of Michigan apples will be picked this year compared to last year's 18 million bushels.

"Jonathan, Northern Spy, Red Delicious, McIntosh and Ida Red apples should be larger and of better quality than last year's crop because of a better growing season," Drury pointed out. A gallon of cider averages \$2.37 per gallon and ranges from \$1.30 to \$5.00. A dozen doughnuts averages \$2.29, with costs running from \$1.85 to \$3.00.

Many facilities also offer such activities as wagon and train rides, puppet shows, petting animal zoos and candle dipping.

### Tiger Trivia

Q. Who is the only one-time Tiger player to hit over 500 home runs in his career?

A. Third baseman Eddie Matthews, who spent most of his career with the Braves in Milwaukee and Atlanta. Matthews was a member of the 1968 World Championship Tiger team.

Q. Who is the only one-time Tiger player to hit over 500 home runs in his career?

# Volunteers give time to Clinton Memorial Hospital

Clinton County is very fortunate in having so many caring people in their midst. An example of this is the many types of services that volunteers give to the Clinton Memorial Hospital.

Marilyn Wood is the volunteer co-ordinator for the hospital. She is in charge of all the volunteers that work for the hospital. She says the volunteers

give their time because they want to do it. Each gets their reward from the satisfaction they get from the things they do.

The giving of their time is for many a way to thank the hospital for the care they were given while they were a patient in the hospital.

Every spring the hospital gives the volunteers a recognition dinner in conjunction with National Hospital Week. Last year the total volunteer hours, within Clinton Memorial Hospital, were 16,110.25.

The group of volunteers include Red Cross volunteers, Auxiliary junior volunteers, Gift Shop, Sewing Group, and the Puppet Committee.

The Red Cross volunteers provide service at the reception desk in the hospital lobby. They greet the public, hand out visitor cards, sort and deliver mail to patients, deliver flowers, and run errands. When patients are admitted to the hospital, it is the responsibility of the Red Cross volunteers to take the patient to their assigned room in a wheelchair.

Others assist the nursing staff on the floors. They help deliver meals to the patients, help feed the patients, help pass fresh water and arrange and water patients flowers. They try to spend time with the patients, read their mail if they are unable to do so, visit with them, and other things, trying to make that patient a little happier.

The purpose of the Auxiliary volunteers is to support the hospital by helping to improve its health care through expanded programs and services. They furnish the television system in each room, the birthing table, and the centralized nursing monitor console in the special care unit.

Junior volunteers are 15 year-old girls and boys who are presently from St. Johns, DeWitt, Fowler, Pewamo, Westphalia, and Elsie. This volunteer

work is open to all students of this age group in this area.

They work after school from 3:30 p.m. to 6:00 p.m. and also on Saturday and Sunday. Their duties consist of helping to deliver meal trays, feeding patients if necessary, delivering late mail and flowers, running errands for the nurses, and sometimes doing such things as folding papers or stuffing envelopes.

The Gift Shop is manned by Auxiliary volunteers. It is open from 10:30 a.m. to 7:30 p.m. daily and on weekends. A gift cart with many gift items and necessary things, plus candy, gum, writing paper, and cards are all available. The cart is taken twice a week to each patients room.

The sewing ladies of the Auxiliary mend and make all materials necessary for the hospital, gowns, sheeting, etc. They meet twelve months out of the year and are a necessary group. All of them are volunteers.

There is a puppet committee which is also the Auxiliary group. They sew hand puppets that are given to the children in the emergency area. These puppets seem to relax the girls and boys and tend to get their minds away from their emergency problems. They take these puppets home as a memento of their visit to the hospital.

A book cart is maintained by Mildred Countryman and is furnished by the Bement Library. This cart is taken to each room in the hospital. Patients may borrow books and a box is placed in the lobby of the hospital to make it convenient to return the books as they leave.

I am sure there are more types of volunteers, but this will give you an idea of their use. If you are interested in any of these volunteer services, contact Marilyn Wood at Clinton Memorial Hospital in St. Johns.

## Plans begin for Mind Olympics

Can you imagine making a vehicle that will run on the energy of five pounds of sand dropping two feet? That's just one of the many problems which students participating in Olympics of the Mind have faced in the past.

In creating the Olympics of the Mind, the originators designed a contest modeled after sports contests in the belief that mental games can be played with the same enthusiasm and competitive spirit as physical games and that the mind, like the body, can be trained through practice and exercise to reach its fullest potential.

Currently there are three divisions for competing in OM competitions: Division I, grades K-5; Division II, grades 6-8; and Division III, grades 9-12. The contests are widespread throughout the United States and Canada. The number of teams in Michigan has grown tremendously since it began here four years ago.

However, DeWitt is the only area in Clinton County currently participating in OM. If you are a teacher, parent, scout or 4-H leader, or just someone interested in working with kids in an exciting, creative adventure, think about being an OM coach. There will be an informational/training session for coaches in Mt. Pleasant on Oct. 18, 6 to 9 p.m. The cost for the training is \$4.

If you are interested at all in participating or would like more information, please call Jenny McCampbell, Consultant for Educational Programs at Clinton County Intermediate School District, 224-6831 or 374-8883.

## Tiger Trivia

Q. What uniform number did Tiger Hall-of-Famer Ty Cobb wear?

A. The "Georgia Peach" and did not wear a number, since uniforms did not have numbers in the early days of baseball.

Q. Which two Detroit Tigers stole home so far during the 1984 season?

A. Barbaro Garbey, and Lance Parrish each swiped home on the back end of double steals earlier this year.

### Physician Referral Service

We understand the value of a strong relationship between doctor and patient . . . a relationship that goes two ways. We also know how easy it is to put off making a choice of a family physician until someone is sick or hurt.

Those are the main reasons we've organized a Physician Referral Service for Lansing and the surrounding com-

munities. Our staff will help you make your decision by providing doctors' names in a location convenient for you, or by referring you to a specialist for a particular concern.

Call us today. We can help you simplify your search for a competent family physician . . . one you can trust.

# Student night held

There are many different ways to make career decisions, some good, others not so good. Unfortunately, it is not uncommon that many high school students spend more time researching their first car purchase than in making post-high school career plans.

To help in this process, there will be a Junior-Senior Information Night on Monday, Oct. 15, at 7 p.m., in the St. Johns High School cafeteria. There will be mini-workshops on Career planning, two-year college, trade school, four-year col-

lege and military opportunities. The evening will conclude with an overview of how to obtain financial aid to fund future plans presented by Dr. Lee Peterson, Michigan Department of Education. Circle Oct. 15 on your calendar and plan to attend.

### MORTGAGE SALE

Default has been made in the terms and conditions of a certain mortgage executed by Richard L. Corr and Cheryl A. Corr, husband and wife, Mortgagors, to EAST LANSING STATE BANK, a Michigan banking corporation, Mortgagee, dated December 1, 1980, and recorded on December 8, 1980, in Liber 313, Pages 429-432, in the office of the Register of Deeds for the County of Clinton, State of Michigan on which mortgage there is claimed to be due, as of the date of this notice, for principal, interest and taxes the sum of Seventy-eight Thousand One Hundred Eighty-eight and 40/100th Dollars (\$78,188.40); and no suit or proceedings at law or in equity have been instituted to recover the debt secured by said mortgage or any part thereof.

NOW, THEREFORE, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, NOTICE IS HEREBY GIVEN that on Friday, October 26, 1984, at 10:00 o'clock in the forenoon, local time, said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the north entrance to the Clinton County Courthouse at St. Johns, Clinton County, Michigan, of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at fourteen percent (14%) per annum and all legal costs, charges and expenses including the attorney fees allowed by law, and also any sum or sums which may be paid by the undersigned, necessary to protect its interest in the premises; which said premises are described as follows:

### ORDER OF PUBLICATION File No. 84-3906-CH JUDGE RANDY L. TAHVONEN

WALLACE THRUSHMAN and LOIS THRUSHMAN, Plaintiffs,

vs. ARLENE GLASSBROOK, and her unknown Heirs and Assigns, Defendants.

At a session of said Court held in the Clinton County Circuit Courtrooms, County Courthouse, City of St. Johns, Michigan, on the 17th day of August, 1984.

PRESENT: HONORABLE RANDY L. TAHVONEN, CIRCUIT JUDGE

Upon reading and filing the Complaint in said cause and the Court having read the Affidavit of C. Richard Taber attached thereto, from which it satisfactorily appears to the Court, that the Defendants above-named, for the unknown heirs and assigns, are proper and necessary parties defendants in the above-entitled cause; and,

It further appearing that after diligent search and inquiry it cannot be ascertained, and it is not known whether or not said Defendants are living or dead, or where any of them may reside if living, and, if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said Defendants are unknown, that the names of the persons who are included therein without being named, but who are impressed thereon under the title of unknown heirs and assigns, cannot be ascertained after diligent search and inquiry;

On Motion of C. Richard Taber, Attorney for Plaintiffs:

IT IS ORDERED, That said Defendants, and their unknown heirs and assigns, cause their appearance to be entered in this cause within three months of the date of this Order, and in default thereof that said Complaint be taken as confessed by the said Defendants, their unknown heirs and assigns.

IT IS FURTHER ORDERED, That within forty (40) days Plaintiffs cause a copy of this Order to be published in the Clinton County News, a newspaper printed, published and circulated in said county, such publication to be continued therein once each week for six weeks in succession.

## Football contest awards the upsets

Who could have known some of the big football powers would fall this past weekend. Well, we had a few prognosticators who zoomed right in on the major upsets on the gridiron scene. This week's winner was decided by the Florida-Syracuse tiebreaker game in which Florida came out a decisive winner, 16-0.

Because he guessed actual game points being 29 points, Richard Frederiksen of Route 3, Ithaca is \$20 richer this week. Interestingly enough, the only two games he missed were the Michigan-Michigan State and Ohio State-Purdue contests. Had he guessed correctly on the Spartans upsetting mighty Michigan and the Buckeyes getting

surprised by the Boiler-makers, his entry would have been perfect.

Also missing only two each, but missing out on the money because of too many anticipated points in the Florida-Syracuse clash were the following: Thomas Hattie of Ovid; Randy Eberhard of St. Johns; Lloyd Campbell of St. Johns and Richard Colletta of St. Johns. Of these, all picked MSU to beat the Wolverines. All figured Ohio State would take Purdue.

Additionally, there were over 25 contestants who missed only 3, while the rest of the pack missed from 4 to 8. Better luck next time folks, and a special congratulations to Richard Frederiksen.

## Garapetian helps defend title

Irenna Garapetian, a 1981 graduate of St. Johns High School, is helping the Alma College Scots defend their 1983 Michigan Intercollegiate Athletic Association (MIAA) championship in field hockey.

A two-time letter winner, Garapetian plays goalie for the Scots. She has recorded four shut-outs in the five league matches the Scots have played.

After five MIAA matches, Alma is undefeated with a 4-0-1 record. Scots have two wins over Albion (2-1 and 2-0), one win each over Adrian (6-0) and Calvin (1-0), and a tie with Hope (0-0). Alma has seven more MIAA matches before the season ends October 24.

En route to their 1983 championship, the Alma women compiled a 9-2-1 league record. First-year head coach Deb Mapes expects that her players, including 16 returning letter win-

ners, three ALL-MIAA athletes, and several promising newcomers, can repeat their 1983 performance.

Garapetian is the daughter of Dr. Herand and Mrs. Glenys Garapetian, 500 W.

### STATE OF MICHIGAN IN THE 65TH DISTRICT COURT FOR THE COUNTY OF CLINTON

#### ORDER TO ANSWER

Case No. LC-160-84  
EARL M. SLAGH and CAROL MAY SLAGH,  
Husband and Wife, Plaintiff,

vs.  
WILLIAM C. RAYMER and BETTY G. RAYMER,  
Husband and Wife, Defendant.

At a session of said Court, held in the District Court building for said County on September 21st, 1984.

PRESENT: HONORABLE F. M. LEWIS, District Judge.

On the 30th day of July, 1984, a Land Contract Forfeiture Complaint was filed by Earl M. Slagh and Carol May Slagh, Plaintiffs, against William C. Raymer and Betty G. Raymer, husband and wife, defendants, involving the following described real estate:

Land in the Village of Elsie, County of Clinton and State of Michigan: Lot 11 and the South 1/2 of Lot 10, Block 1, Jonathan Hick's Addition to the Village of Elsie, MI; according to the recorded plat thereof in Plat Book R, Page 579, Clinton County Records.

IT IS HEREBY ORDERED that the defendants, William C. Raymer and Betty G. Raymer, shall Answer or take such other action as may be permitted by law, on or before the 25th day of October, 1984 at 10:00 a.m. EDT. Failure to comply with this Order will result in a Judgment by Default against such defendants for the relief demanded in the Complaint filed with this Court and that a Judgment of forfeiture of a Land Contract dated June 27, 1983 will be demanded.

F. M. LEWIS, District Judge

## Bour named Medical Director

James M. Bour, D.O., F.A.C.O.S., has been named medical director of SeCure Care, home health care services and Industrial Health Services at Carson City Hospital.

As Medical Director, Doctor Bour will establish and implement the medical care policies which will be provided through these services, recently established at CCH.

SeCure Care will offer a full range of services to homebound patients in an area including Montcalm, Gratiot, Ionia, and Clinton Counties, and parts of Shiawassee County. Services will include nursing, home health aide, physical therapy, occupational therapy, speech therapy, medical social service, nutritionist, and pharmacy consultation.

Rita Kaminski-Godfrey, R.N., M.S.N., was recently named Home Health Care Coordinator. Mrs. Kaminski-Godfrey, who formerly worked with Greater Lansing Visiting Nurse Services, Inc., will coordinate the services provided by SeCure Care. Doctor Bour will provide the medical direction for this program.

Through Industrial Health Services, screenings, consultations, and other health education programs are offered to business and community organizations. This program is directed by David Z. Nareski, manager of the Development and Community Services Department.

Bour received his Doctor of Osteopathy degree from the Chicago College of Osteopathy in 1959. He served his internship at Lansing General Hospital, and was in private practice until 1964 in Olivet. He then served a three year residency in General Surgery at the Carson City Hospital, under the preceptorship of Emmett Binkert, D.O., F.A.C.O.S.

He remained in Carson City as an associate of Doctor Binkert and later, with the addition of L.H. Brown, D.O., formed the Professional Corporation known as Binkert, Bour and Brown, P.C. J.L. Dilts, D.O., has since joined the Professional Corporation.

Bour received the award of Fellow in the American College of Osteopathic Surgeons, at the ceremonial conclave held in October 1978 in Atlanta, Georgia during the Annual Clinical Assembly. The title of "Fellow" is conferred on members of the American College of Osteopathic Surgeons "in recognition of outstanding accomplishments in his speciality," and a unanimous vote of the Governors is necessary for election.

Bour has served and chaired many hospital committees and has been active in district and state association affairs. He is at present Chief of the Department of Surgery at Carson City Hospital.

Look up in the sky...

**Skywatchers to view  
special cosmic events**

Autumn evening skywatches will be treated to a Harvest Moon and two close planet pairings within one week, Oct. 7-13. Coming up around Thanksgiving time will be a spectacular gathering of the moon and two brilliant planets.

Robert Victor, staff astronomer at Michigan State University's Abrams Planetarium, says the first of the October planet pairings was Sunday, Oct. 7, when Venus, the brilliant evening star, passes just below Saturn, very low in the west-southwest. The second will be Saturday, Oct. 13, when reddish Mars passes just below bright yellow Jupiter, in the south-southwest.

He says the planets change their positions only slightly from one night to the next, so the events will be interesting to watch for several evenings around those dates.

The best time to look for the planets, he says, is 45 minutes after sunset.

The Harvest Full Moon rises within a quarter-hour after sunset Tuesday, Oct. 9. For the next three nights, the moon comes up a little later each evening, before darkness falls.

Even by Friday, Oct. 12, the moon still comes up within an hour and a half after sundown. So for several nights after the full moon, the sky never gets truly dark at night, because the moon rises over the eastern horizon and lights up the entire sky before the last lingering glow of twilight has faded from the western sky. This happens every year around the first full moon of autumn. It is called the Harvest Moon because farmers can continue working in their fields well past sunset by the light of the early-rising moon.

For moonwatchers, here are moonrise times for the Mid-Michigan area for several evenings following October's full moon: Oct. 9, 7:17 p.m.; Oct. 10, 7:37 p.m.; Oct. 11, 7:59 p.m.; Oct. 12, 8:24 p.m.; Oct. 13,

8:54 p.m.; and Oct. 14, 9:31 p.m.

Other events in autumn 1984: Saturn disappears into the twilight glow in mid-October, but Venus becomes an evermore prominent evening "star." The crescent moon will slide past Venus on Oct. 26, near Jupiter on Oct. 28, and near Mars on Oct. 29. On Thanksgiving weekend, the two brightest planets, Venus and Jupiter, will form a strikingly close pair Sunday, Nov. 25. This is a rare and spectacular gathering of the three brightest nighttime objects, says Victor.

Subscriptions to the Abrams Planetarium Sky Calendar are \$5 per year. It is a monthly sheet with an illustrated calendar of sky events and an evening sky map. The address is Abrams Planetarium, Michigan State University, East Lansing, MI 48824.

A one-minute recorded message on sky events may be heard anytime by dialing (517) 332-STAR.

## ...SOMETHING TO SHOUT ABOUT

Variable-speed 200 Series tractors mow, till, blade and throw snow. Now they remove thatch and bag your clippings, too

- NO INTEREST
- FREE FINANCE ON JOHN DEERE TRACTORS

\*100 Series not included

### NO PAYMENTS UNTIL MAY 1, 1985

John Deere 200 Series Tractors (10, 12, 14 and 16 hp) look the same, handle the same and perform the same as they did last year. But now they give you more versatility for your dollar, thanks to the availability of two new attachments — a front-mounted thatcher and a rear-mounted grass bagger.

The thatcher comes in a variety of widths, each designed for use with a particular mowing deck. The 6½-bushel rear bagger can be used with any 200 Series tractor equipped with a new 38-inch mower.

These tractors are easy to use. Variable-speed drive lets you change travel speed within any

given gear just by moving a lever... no shifting, no clutching, no power loss to PTO-driven attachments.

A one-piece welded steel frame and cast-iron front axle provide rigid support. Big one-inch-diameter spindles and enclosed, lubricated steering gear mean added durability.

Other standard equipment includes: cushioned, high-back seat; color-coded controls; built-in headlights; and triple-safety starting system.
