Chief of staff becomes official U.S. citizen

By SUSAN OWENS
Staff Writer

After living in the United States for nineteen years, and in the St. Johns area for more than seven of them, Dr. Ceneca Perez has recently become an official United States citizen.

Perez, chief of staff at Clinton Memorial Hospital, attended a mass ceremony April 2, where he and his wife, Chitah, were among 58 internationals sworn in as American citizens.

Both of them originally came to the United States in 1966 as foreign exchange students from the Philippines. After graduating from medical school in 1970, a shortage of doctors in the United States enabled Perez to apply for permanent

residency rather than return to his home land.

At the same time, rather than continuing to serve as associate director for the department of surgery at St. Johns Episcopal Hospital in New York, Perez felt inclined to establish his residency in a small town private practice.

"I wanted to go back into private practice," he said. "I knew it would take at least three years to establish a clientele again, so I decided to relocate to a smaller town, where the people would be established immediately."

According to Perez, it was at that time he heard of the surgical opening at Clinton Memorial Hospital. Without looking into any other locations, he and his wife packed up their belongings, took their four daughters, and headed west.

He said he and his family immediately fell in love with St. Johns and the surrounding area. Although the small town features are pleasing in comparison to Brooklyn, he explained that the people are the biggest attraction.

Those sentiments were confirmed recently when the community went out of their way to help the Perez family after his recent chest surgery. On March 19, he underwent major surgery at Ingham County Medical Hospital. He spent one week in the hospital and estimates spending a total of eight weeks to recuperate.

"This is the first time I've ever experienced sickness in my life," he said. "Everyone was surprised that after six days I was up and around."

"The people have been very nice," he continued. "Since my surgery, we have received many flowers and letters from friends, patients and employees. It looked like a greenhouse when I returned home from the hospital."

Obviously, it doesn't take a special ceremony to affirm the citizenship of an individual. Dr. and Mrs. Perez were accepted by Clinton County residents a long time ago.

Swanchara to run for reelection

Jane Swanchara has recently announced her candidacy for reelection to the office of Clinton County Clerk.

She was first elected as County Clerk in 1978, after working 10 years as deputy in the County Clerks office. She was then reelected as County Clerk in 1980.

"I enjoy working with the public," she said, "and serving the residents of Clinton County in the capacity of County Clerk."

Swanchara is a member of the Michigan Association of County Clerks, serving on election and legislative committees. She is also a member of the United County Officers Association.

"There are some 3300 functional (County Clerk) duties that are performed at one time or another," she said. "The staff of five deputies offer fast and efficient service to attorneys and local residents."

Swanchara and her husband, Ben, live at 2638 Williams Road, St. Johns. They have three children, Ben, of St. Johns; Bonnie, of Florida; and Michael, at home.

Mom finds son in County News

By SUSAN OWENS
Staff Writer

"I couldn't believe it," said Sandra Washburn, mother of Navy Seaman Apprentice Kenneth W. Washburn, of St. Johns. "The last time we had heard from him was the second week in February. We had no idea he was in Korea."

Washburn located her son after reading last week's "In the Service" section of the Clinton County News. She called the News office Tuesday morning in hopes of discovering where we received the information regarding her son.

"The last time we heard from him, he had just landed on the Philippine Islands," she said. "He was there for a week, and at that time, he had no other orders. We just thought he was being sent on to Beirut."

Washburn explained that when the peace talks recently began in Beirut, she and her husband, William, had no idea where to locate their son. They simply figured he would be with the crew sent away from Lebanon. He had been station-

ed in a lot of places during his nearly three year stay with the Navy, but she said she was really surprised to find he was now in Korea.

Navy Seaman Apprentice Washburn is currently participating in a military exercise entitled "Team Spirit 84." The month-long activities include a combination of more than 210,000 people from all branches of the U.S. Armed Forces and the Republic of Korea. The program will

end with a major amphibious assault on the southeastern coast of the Republic of Korea.

Each week, the News receives information regarding area servicemen through the individual branches of the military. Information about Navy Seaman Apprentice Kenneth W. Washburn was among the items received at the office during the past few weeks.

When John Deere builds
an economy rider,
only the price is stripped down.

5-speed shift-on-the-go gear transmission for smooth operation and durability.

Optional 6½-bushel bagging system for efficient collection of grass and leaves.

Sector-and-pinion steering for easy turning and positive control. Tight 27-inch turning radius.

Band-on-axle brake for quick, reliable stops and secure parking.

8-hp Briggs and Stratton engine with solid-state ignition for plenty of reliable power.

Deep-contoured 30-inch mower with adjustable cutting heights of 1½ to 3½ inches and a 12-inch opening for clean bagging or uniform discharge.

Full-length 54-inch solid-steel frame for strength and durability.

Two-position foot-rests for comfortable operation.

Until now, if you wanted to buy an economy rider, you had to settle for economy features. But this year, John Deere introduces the R-70 and the electric-start R-72, two solid economy riders that are built to uphold the John Deere tradition for quality.

Each comes with several features you won't find on competi-

tive riders. And each is built with an attention to detail that'll keep them running for years.

So if you want to save on a riding mower, but you don't want to sacrifice comfort, convenience, performance or reliability, take a look at the new R-Series riders at your nearby John Deere dealer.

Heart Association recommends moderate changes

The American Heart Association recommends moderate changes in the diet of healthy American children over the age of two in order to lessen their risk of heart disease in adulthood.

The AHA's new dietary guidelines focus on lowering intake of cholesterol and salt by substituting and modifying foods. For

example when you pack your child's lunch box, substitute sliced turkey or chicken sandwiches for high-salt, high-cholesterol hot dogs and baloney.

Your children's diet should be nutritionally adequate in vitamins and minerals and consist of a variety of foods. It should emphasize fresh fruits and

vegetables, complex carbohydrates, and high quality protein such as low-fat dairy products and lean cuts of meat, fish and chicken.

A child's daily intake of calories should be divided approximately this way: 15 percent from protein; 55 percent from complex carbohydrates such as beans, cereals and grains; and 30 percent from fat.

The AHA recommends a fat ratio of approximately 10:10:10—that is, about 10 percent saturated fat, about 10 percent monounsaturated, and less than 10 percent polyunsaturated fat. Animal fats are examples of saturated fats. Olive oil is an example of a monounsaturated fat. Peanut and corn oil are examples of polyunsaturated fats.

Like adults, children should not consume more than 300 milligrams of cholesterol per day. Recent government studies

show that rapid changes in cholesterol consumption occur in white boys; from a level of 391 milligrams at age 10 consumption soars to 505 at age 19.

Excessive salt intake may be associated with hypertension in susceptible persons.

Children should limit

their intake by cutting down on highly salted snack foods and on sodium containing condiments, and by not adding salt to food.

Even at the age of two, it's not too early to start teaching your children healthy eating habits that may help their heart.

Clothing drive for Africa

The United Nations Secretary General Javier de Cuellar has invited all private charitable organizations to participate in a grand scale clothing drive for the children of Africa.

The plight of children in Africa is deplorable. Five million will die of starvation this year. An additional five million will be handicapped as a result of malnutrition. The economic situation is desperate. There is no money for the essentials.

The Christian community is banding together to send children's clothing to this area. The need is immediate. We are asking our friends to help supply this need by donating your good, clean, used

children's clothing.

The clothing depot in this area is the Seventh-day Adventists Community Service Center located at 1156 E. Townsend Rd. For those of you who want to help but have no children in the home we suggest that you make a donation of new clothing. Please help these little ones by being a part of this clothing drive.

For more information please call 224-3856.

Foreign Students sought

Representatives for the Education Foundation for Foreign Study are looking for families interested in hosting students for the 1984-85 school year.

In 1984, the foundation will find host families for nearly 2000 exchange students around the world, including Austria, Belgium, the Netherlands and Switzerland.

The program is currently hosting four students in Bath High School and three more in other Lansing area schools.

According to area representative Debbie Swartz, the program is also designed to send American teenagers to Europe for the school year.

County's limited tax notes sold in March

Clinton County Treasurer, Gerald Shephard, announced that at 11:00 a.m., March 27, the County's 1984 General Obligation Limited Tax Notes were sold to Merrill Lynch Capitol Markets Group at a public sale which was conducted in the Clinton County Building. The face value of the notes was \$3,625,000 and the net interest cost of the winning bid was 7.162 per annum.

Shephard has been the Clinton County Treasurer since 1974 and has served as the County official in charge of such borrowings every year since the beginning of the 100 percent Tax Payment Fund, in 1975.

Bids were accepted both in the Clinton County Building and at the office of the Municipal Advisory Council of Michigan in Detroit. The offices were connected by telephone during the sale. "By using the dual sale approach", explained Shephard, "we are able to attract more bids on the notes. If you have more bidders you have an opportunity to get a better interest rate and save the county money. This year there were three bidders."

According to John R. Axe of Municipal Financial Consultants Incorporated of Bloomfield Hills, the County's financial consultant, the early sale date was achieved because of Mr. Shephard's exceptional speed in reaching settlements with the various local units of government within the County and because of considerable pre-planning and pre-arrangement on the County Treasurer's part.

Mr. Axe went on to point out that early sales have generally resulted in more favorable interest rates. This is particularly true this year, because there are not many Michigan municipal bond issues currently on the market. Since there will ultimately be up-

wards of \$400,000,000 of these notes offered by approximately 73 counties between the date of the first sale, which was March 14, and the first of July, the law of supply and demand dictates that those counties that sell in the first three or four weeks will receive better interest rates. Once more, when issues (particularly larger issues), enter the marketplace, underwriters will have a larger inventory on hand and will not be as anxious to buy new issues. Accordingly, the interest rates they will demand will not be as favorable.

The County Treasurer explained that most of the proceeds from the notes sold on March 27 will be placed with an additional \$7,000 currently on hand in the county's 100 percent Tax Payment Fund and used to make a delinquent real property taxes which were returned as uncollected to the County Treasurer on March 1. The borrowing will be repaid by the County Treasurer from the delinquent taxes, and interest and property tax administration fees as they are paid into the County Treasurer's office over the next several years. The interest rate on delinquent taxes is 12 percent per annum and the delinquent property tax administration fee is a flat 4 percent of the face amount of the delinquent tax paid.

"The 100 percent Tax Payment Fund has resulted in greater efficiency in the handling and distribution of tax monies," Shephard said. "We now make one distribution per year to our local units of government, as opposed to two to three times per month. The fund has also been immensely helpful to all units of government in Clinton County, since their cash flow is now more consistent," Shephard added.

Letters to the Editor

Capital punishment an option?

Dear Editor:

In the last few days, I have read in the newspaper about the beating death of a four year old child; a Bloomfield Township (Oakland County) father who was shot in cold blood by two robbers as his family looked on in horror; two sons who went to visit their elderly mother in Detroit and were robbed and murdered in her driveway; nine homicides this past week-end in Detroit, Michigan's largest city once again awarded the dubious distinction of "Murder Capital."

Tragically, the criminal justice system is breaking down. Violent crime is epidemic. It is not only necessary, but timely for me to announce my second petition drive to reinstate capital punishment in Michigan for the crime of murder.

Health screen offered

Kathryn Bangs, Education Coordinator at Clinton Memorial Hospital, has released planned health screening information in regard to this month's "Project Good Health."

The free health screenings will be offered at the DeWitt and Bath Medical Centers, as well as Clinton Memorial Hospital. They include blood pressure, height and weight calibration, medication compatibility, health questionnaire and Vial of life. In addition to the screenings offered at all three sites, Clinton Memorial Hospital will also provide vision testing by the St. Johns Lions Club, nutrition counseling, and relaxation techniques offered by the Clinton County Substance Abuse Center.

Blood chemistry testing will be done at all three sites and includes a \$9 charge. Those interested in this test are encouraged to fast for 12 hours prior to the test.

All other tests are free of charge and open to all interested individuals.

The screening will be held from 9 a.m. to 11 a.m. at the DeWitt Medical Center on April 10, Bath Medical Center on April 12, and at Clinton Memorial on April 14.

EMT lecture offered

Clinton Memorial Hospital will be offering a lecture on Initial Patient Survey - Triage for all area EMTs. Continuing education credit has been applied for through the division of Emergency Medical Services for the State of Michigan.

The lecture will be held Tuesday, April 10, at 7:30 p.m., in the classroom. Presenting the program will be Dr. John Clarkson, Emergency Room physician at Clinton Memorial.

Capital punishment deters the crime of murder. The many significant studies in support of this proposition are compelling, to and including the support of the United States Supreme Court on this specific point.

Even if it could be demonstrated that capital punishment does not deter murder, there would still be a need for the death penalty for that particular crime on the basis that justice demands it. Basically, it is a punishment that fits the crime. So highly do we value life, the inherent message with capital punishment is that we will not tolerate those who callously kill. It is time that we put a premium on the victim's life in Michigan.

I invite anyone who supports capital punishment, as I do, to help me circulate petitions to place

this question on the ballot before the Michigan public. If you would like to become a petition circulator, please write me at 1200 North Telegraph Rd.,

Pontiac, Michigan 48053.

Very truly yours,
 L. Brooks Patterson

How about this story found in the Clinton County Republican News of July 9, 1964?

THIS DOG JUST LIKED COPPER BONES

On June 19, Julius Thelen told the sheriff's office a copper tube had been stolen off a cylinder from a well he was working on a mile north of Bingham Grange.

The culprit, it turned out, was a dog. The piece of copper tubing was found in the yard of a near by farm. When the story appeared in the paper about the reported theft, the wife of the farmer realized she had found what was missing. She called Thelen and reported it to him.

She said there were no children nearby and the only thing she could figure out was that her dog had gone into the field, found the copper tube and dragged it home.

No charges were filed against the dog.

GREEN TEE CLUB ENTERTAINS AT GUEST DAY

Thirty one members and guests attended Guest Day at the Clinton County Country Club on Wednesday.

The guests were from Greenville, Rochester and St. Johns. Some of the guests were former St. Johns residents and were enthusiastically welcomed back.

Mrs. Carl Bencroft served punch to those coming in from the fairway. People assembled around the tables before luncheon were served by Mrs. Mel Warren, Mrs. Kenneth Munger, and Mrs. Beach of Ovid.

The best actual score at golf was by Mrs. William Robertson of Rochester with a 45. Mrs. Lorenz Tiedt, golf chairman, was in charge of games.

Mrs. Gale Redman and Mrs. William Kolehmainen, both of St. Johns, won the guest prize for low score and consolation.

Among the members, Mrs. Bernard Mankey scored first and Mrs. George Judd, consolation.

Mrs. Albert Fruchti and Mrs. Conrad Seim, Jr. were in charge of bridge following the luncheon.

Among the guests, Mrs. Robert Baker of Greenville won high score and Mrs. Gale Redman of St. Johns was second high. Of the membership, Mrs. Harold Lundy captured high and Mrs. George Judd, second high.

Wednesday is Ladies Day at the Country Club. The Green Tee Club has 15 members who have the course to themselves on Wednesday and play in mixed leagues Monday and Friday evenings.

The new clubhouse, which is also available for private dinners, parties and receptions, was built in 1942 after the former building burned. The club was started in 1925.

Large trees around the clubhouse and on the nine-hole rolling course create a pleasant environment.

BABIES HOLD A CONVENTION AT HOSPITAL

Last Monday there was an infant convention held in the nursery at Clinton Memorial Hospital. There were 16 in attendance. The largest was the son of Cpl. and Mrs. Richard Eckert, St. Johns, Stephen Richard, who weighed 9 lbs. and 7 ozs. The smallest was Larry Dean,

son of Mr. and Mrs. Glen Johnson, Ashley, who tipped the scales at 2 lbs. and 11 ozs. The newest delegate was young Robert Evert, Jr., son of Lt. and Mrs. Robert Ebert. The best looking boy was the son of Pvt. and Mrs. Floyd Curtiss of Laingsburg who was born Caesarean. Despite the boys listed above, equal suffrage prevailed, there were exactly eight boys and eight girls in the nursery. Two nurses were kept busy looking after their wants.

One nurse remarked, "Babies are an elementary canal with a loud noise on one end and very little responsibility on the other."

MAPLE RAPIDS: UNINVITED GUESTS EAT SUPPER AS HONORED DINES OUT

Mrs. Howard Scott was pleasantly surprised upon her return home Monday evening to find that Mr. and Mrs. Homer Bolyard and Mr. and Mrs. Loyal Moss had gathered there for a birthday supper in her honor. In the absence of the hostess, the uninvited guests had finally eaten their supper and washed the dishes. In the meantime, Mrs. Scott had been a supper guest of Mrs. Gordanier and a caller at the home of Mrs. Libbie Burt. On arriving home, she found besides her guests, a lovely pink and white birthday cake made by her mother, Mrs. Bolyard, and other refreshments saved from supper for her and her husband. A very pleasant time was spent visiting.

Gleorum makes Dean's List at Baptist College

The Baptist College of Grand Rapids has announced that Carrie Gleorum, a 1982 graduate of St. Johns High School, has been placed on the Dean's List for the fall semester of 1983 for her high scholastic achievements. Carrie is the daughter of Mr. and Mrs. John Gleorum of St. Johns and is a member of First Baptist Church.

Grand Rapids Baptist College shares a 132-acre campus in the northeast section of Grand Rapids with the Grand Rapids Baptist Seminary. The College offers a Christian,

liberal arts curriculum leading to B.A., B.R.E., or B.Mus. degrees. Students prepare for vocations in Christian ministries, social agencies, education and business professions.

The College also offers two-year Associate Degrees in Secretarial Science and Religious Education, and a one-year Special Studies Institute in Bible and doctrine. It is one of nine schools approved by the General Association of Regular Baptist Churches and is fully accredited.

Do you feel pushed, as if you never have the time to do the things you must do or the things you want to do? Do you have the conveyor-belt syndrome--do you feel you are on a conveyor belt and you can't get off? You just keep doing the same things over and over? Do you feel you can't really enjoy what you're doing now or who you're with or the sights you are seeing? Instead of enjoying the "here and now" are you always thinking about next--what you have to do next, where you go next, what you'll be next?

Do you have frequent headaches, pains in the back, stomach or neck, hives or any of the dozens of physical and emotional symptoms of stress? Do you feel you just can't take the time to do anything that you really want to do because you have so many things you have to do? If you answered "yes" to

any or all of these questions, you might consider marking Tuesday, April 24 on your calendar as a reminder to attend a special seminar called, "Stress--Who Needs It?"

The two hour program, beginning at 7:30 p.m. in the Clinton Memorial Hospital Conference Room, is being presented by Sylvia Hirschegger, a registered nurse at Clinton Memorial. Hirschegger has presented the program to several groups in the community already, and it is a part of the hospital Speaker's Bureau.

Included in the presentation is an informative lecture, covering what stress is, how it affects us, the causes of stress, and coping mechanisms. Relaxation techniques will also be introduced.

The seminar is open to the public and includes a \$2.00 fee for participants to cover the cost of materials.

St. Jude's Hospital announce chairs for a Bath Bike-a-thon

The Central Regional Office of St. Jude Children's Research Hospital announced today that Eric Sneary and Lori Boughton have agreed to chair the St. Jude Children's Research Hospital Bike-a-Thon in Bath.

St. Jude Children's Research Hospital was founded by entertainer Danny Thomas. The institution opened its doors to the public in 1962 to combat catastrophic diseases which afflict our children. St. Jude Hospital is non-sectarian, non-discriminatory, and provides medical care to over 4,200 patients.

At St. Jude, scientists and physicians are working side by side seeking not only a better means of treatment, but also the causes, cures and prevention of these terrible killers.

All findings and information gained at the hospital are freely shared with doctors and hospitals all over the world. Thanks to St. Jude's, children who have leukemia, Hodgkin's disease, sickle cell anemia, and other child killing diseases now have a better chance to live.

The Bike-a-Thon program is dedicated to "Terry". Terry was diagnosed with leukemia in March of 1978, and began treatment at St. Jude's. Today, she is well and off all medication. Terry is a living example of the progress and success of the research, patient care, and educational programs of this internationally recognized hospital.

The funds raised in the

events this spring will help assure the continuation of the life giving work at the hospital.

The concern which Eric and Lori have for the work

being done at St. Jude is greatly appreciated. The children hope that the citizens of Bath will wholeheartedly support the upcoming Bike-a-Thon.

looking ahead

The Cystic Fibrosis Foundation has announced the names of local chairmen in the 1984 "Cyclin' for CF" Bike-A-Thon throughout the state of Michigan. They are as follows: DeWitt, Mrs. Susan Thayer; Ovid-Elsie, Mrs. Elaine Brown; Fowler, Mr. Kevin R. Feldpausch; Maple Rapids, Mr. Brad Blemaster; St. Johns, Mr. Les Schwartz; and Westphalia, Ms. Sandy Spitzley.

Bike-A-Thons are scheduled in approximately 350 Michigan communities and 79 counties during the months of April, May and June. An an-

icipated four to five thousand cyclists will support the Cystic Fibrosis Foundation in its effort to raise the much needed money to carry on research and conquer cystic fibrosis.

Cystic fibrosis is the number one genetic killer of children and young adults in the United States. It is estimated that every day five children are born with cystic fibrosis and every day three persons die from cystic fibrosis.

Through the "Cyclin' for CF" Bike-A-Thon events, local residents have an excellent opportunity to use their health and energy on behalf of these children with cystic fibrosis.

Good Grooming Week celebrated in St. Johns

For the second consecutive year, the textile care industry is celebrating National Good Grooming Week, April 23-29.

Though the focus is primarily on the drycleaning industry, National Good Grooming Week also

recognizes the coin laundry industry.

In preparation for this event, Kiel's Sunshine Center located in Southgate Shopping Center in St. Johns, is tuning up some fine cleaning specials for area shoppers.

Symphony to perform at area high school

The Hannover Youth Symphony Orchestra of Hannover, West Germany, will visit DeWitt from Tuesday, April 24 until Friday, April 27 as part of the Blue Lake International exchange program.

Members of the 63 piece orchestra will stay in private homes while visiting DeWitt, according to Vi Pennington, in charge of all arrangements. They will perform one concert on Thursday evening, April 26, at 7:30 p.m. at the high school. There will be no charge to attend.

The Hannover Youth Symphony Orchestra is one of six European musical groups that will visit Michigan during 1984 as part of Blue Lakes International exchange program. This program began in 1970 when a 90 voice choir toured England, Belgium, and Germany. Since then, nearly 3,000 high school musicians wearing Blue Lake uniforms have visited 300 communities in England, France, Italy, Germany, Austria, Luxem-

bourg, Belgium, The Netherlands, Denmark, Sweden, Norway, Finland, and Liechtenstein. DeWitt students including Jim Pennington, Matt Elliott, Pat Henningon, Tom Smith and Steve Croley have been involved in this exchange.

In return, nearly 5,000 members of 80 European and Japanese bands, orchestras, choirs, and dance groups have come to Michigan to perform in communities throughout the state.

Host families have already been selected. Mrs. Pennington has arranged a schedule that will include a tour of the Capitol, Michigan State University and a buffet get together.

These young people range in age from 14 to 26. Mr. Hans Pairott and Mr. Anton Plate are their conductors. Please mark your calendars for April 26 for an enjoyable evening of music and entertainment.

Ovid-Elsie offers scholarships

David J. Porrell, superintendent of Ovid-Elsie Area Schools has announced that college

scholarship funds provided for by the estate of Fred J. Dengler of Ovid, will be available this fall for 1984 graduates of Ovid-Elsie High School and former graduates currently enrolled in an undergraduate degree program.

Application forms are available at the Student Services Center of Ovid-Elsie High School and must be submitted by May 1, 1984. The Scholarship Board plans to select recipients by June 1.

The Fred Dengler and Florence Dengler Scholarship Fund was established through the generosity of

Fred J. Dengler whose will directed that assets from his estate, valued in excess of \$500,000, be used for the purpose of allowing deserving high school graduates, who are residents of an area within a four mile radius of the Village of Ovid, to obtain a college education.

As directed by the will, a scholarship board consisting of the Superintendent of Ovid-Elsie Area Schools, President of Clinton Bank and Trust Company and the President of Central National Bank of St. Johns, will determine the amounts for each

scholarship and the recipients.

Huebshman receives award

The United States Achievement Academy announced today that Dawn Marie Huebshman has been named a 1984 United States National Award winner in Foreign Language.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 percent of all American high school students.

Dawn, who attends Lindale High School, was nominated for this Na-

tional Award by Nancy Barnard a Spanish teacher at the school. Dawn will appear in the United States Achievement Academy Official Yearbook, published nationally.

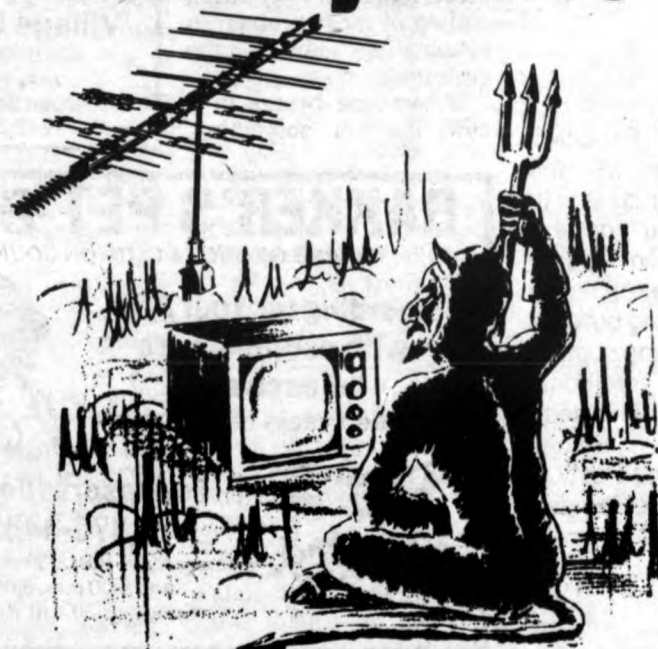

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and attitude, leadership

qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability, and recommendation from a teacher or director.

Dawn is the daughter of Denny and Diana Huebshman. Before moving to Texas, Dawn attended St. Johns High School. Her father, Denny, was a DeWitt City police officer and her mother, Diana, was a dispatcher for the Clinton County Sheriff's Department.

His Trading Post keeps a tradition

By **SUSAN OWENS**
Staff Writer

Trading posts have traditionally been a place where settlers meet to trade merchandise produced on their own land. Many times it meant swapping seasonal fruits for vegetables, or perhaps, fresh meat for ground grain.

Deweys' Trading Post, in Maple Rapids, still tries to maintain that community service by providing the area with a market where fresh meat and produce can be purchased at an affordable price.

Dewey Torok, for whom the store was named after, bought the Trading Post in 1971. While working as a butcher with a friend in Lansing, they discovered the Maple Rapids store was for sale and he and his friend quickly decided to relocate. Five years later, Torok's friend left, leaving him and his family with full responsibility.

Torok continues to work as butcher for the store, using what he calls the old fashioned way of doing things — a butcher block and knife. He says it's that personal service and fresh quality of freezer meat that keeps his customers coming back.

"I'd have to say one of our strongest draws is our meat counter," he said. "We don't have pre-packaged beef. We do it all right here."

Not only does he sell fresh meat to his customers, but he also provides a service not commonly found in other modern markets — custom cutting of meat brought in personally by the customer.

If someone brings in a cow, deer or something,

and wants us to cut it up, we'll do it, he said. We'll just charge them by the pound.

A grocery delivery service is also available to the residents in Maple Rapids, particularly to the senior citizens who may not be able to get around as easily.

According to Torok, owning his own store and working as the butcher, is something he has always wanted to do. He said he also enjoys working with his wife and children in the store.

"We're thinking of expanding," he said. "We'd like to eventually add on to this building, but we'll see."

Dewey's Trading Post is open Monday through Friday, from 8:30 a.m. to 8 p.m., Saturdays from 8:30 a.m. to 6 p.m. and Sundays, from 10 a.m. to 3 p.m.

ST. JOHNS

Outdoors By Dick Bradley

Some of the winds of March linger. The snows, for the most part, have given way to the showers of April. The essence of spring is with us, but the spirit of winter still struggles for control.

Soil stiffens and loosens on a daily basis just as the standing water of one day carries skim-ice on it the next. To me, the in-between times are the hardest.

But while we're in the "waiting room" passing the time until we can really see spring, the Library of Michigan has provided a distraction. They have printed a quiz about the things our state's cities are noted for, entitled "Michigan Brainteasers."

A list of 40 of our cities in one column is to be matched with 40 notable traits in a second. From examples as easy as matching "Lansing" to "Michigan's Capital City" and "Holland" to "Tulip Festival" are other more obscure associations such as "Owosso" and "Birthplace of Thomas E. Dewey."

It occurs to me that one of the first real signs of spring's victory over winter is the clearing of the roads. It is that clearing that beckons us to drive to places as a form of recreation rather than as a necessity. We drive there because of the route, because of the location or because of the interesting aspects surrounding the destination. The library's "Brainteasers" list gives us a new perspective on locations that we have perhaps missed over the years.

For the historian, for instance, a drive to "The City of Four Flags," Fort Michilimackinac, or cities named for a Jesuit Missionary or an Ottawa Chief might be in order. These drives, of course, would be to Niles, Mackinac City, Marquette and Pontiac.

For the trivia enthusiast, trips to the "Baby Food Capital," the "World's Largest Crucifix," the "World's Largest Bean Elevator" or the "World's Largest Limestone Quarry" might be interesting.

These drives would take you to Fremont, Indian River, Saginaw and Rogers City.

The curiosity of the fisherman might be aroused by visiting the location of the "National Trout Festival" or "Tip-Up-Town, USA." These visits would be to Kalkaska and to Houghton Lake. The Michigan resident who is just plain curious about his state might want to go to the location of the "Highland Festival and Games" in Alma, the "Bavarian Festival" in Frankenmuth or the "Birthplace of U.S. Commercial Celery Industry" in Kalamazoo. As a matter of fact, there is hardly a city in our state that doesn't lay claim to some interesting distinction.

As we wait for the obvious arrival of spring, we can only enjoy the signs so long. The soaring Redtailed hawks, the emerging white pussy willows and the reddening tag alder limbs can only hold our impatient eyes so long. And the toad chorus from the pond and the territorial chirps and songs of returning birds can only hold our listening ears for a moment.

We need to be up and doing. We need a treatment for cabin fever — and the roads to Michigan's interesting cities can offer at least a partial cure as we continue our vigil in the "waiting room of spring."

Amnesty International works to abolish torture

Amnesty International's group in Lansing is working on behalf of torture victims in Sri Lanka as part of the worldwide campaign to abolish torture. According to the human rights organization's new report, "Torture in the Eighties," nearly 100 governments have tortured or seriously abused prisoners within the last four years.

"Men, women, and children, no different from the people here in Lansing, have suffered severe

beatings, electric shock, sexual assaults, and other horrifying forms of torture," says Amnesty member John Cleveland. "Many governments routinely brutalize prisoners to obtain confessions or information or to intimidate from further political activities."

Amnesty International hopes to stop torture by involving individuals around the world in action to pressure governments to give meaning to their too

often hypocritical declarations against torture by implementing specific measures toward its abolition.

Amnesty International has found that telegrams

and letters written by individuals, such as those in the Lansing group, on behalf of specific prisoners can improve conditions and sometimes prompt release. Such cor-

respondence acts as a forceful reminder that the world knows about and will not tolerate the human degradation of torture imposed on helpless individuals by governments.

"Anyone interested in joining the fight to end torture or finding out more about Amnesty International," says John Cleveland, "should contact me at (517) 626-6063."

Computers and fitness to be discussed

Two of the most talked about topics right now seem to be home computers and fitness. With this in mind, the Women's

Resource Center at Lansing Community College will hold workshops to address these areas of concern.

The first of these workshops, which are open to the public at no charge, is called "Confused About Home Computers?" It will be held on Thursday, April 19, from 7:45 to 9:30 p.m. in the Lecture Hall, Room 129, at the Old Central Building, 419 N. Capitol Ave.

The "Health and Well-Being" workshop will be held on Friday, April 27, from 9:30 to 11:30 a.m. in Room 230A of the Student Personnel Services Building, 430 N. Capitol Ave.

For further information about either program, call 483-1199. Reservations are required.

Lettuce and salad prices drop

Consumers who need to eat more lightly will get a break this month with lower prices for lettuce and other salad ingredients. The April food outlook also shows that egg prices have rebounded temporarily for the strong Easter market. Broiler prices remain relatively high.

The meat counter will take on an Easter look as hams are displayed more prominently than usual. Ham will be one of the better meat values this month, too.

Meat prices continue to creep upward. The return of the popular outdoor grilling season will also strengthen meat prices during the next few weeks. This gives consumers the opportunity to realize a double savings by purchasing beef and pork cuts now and freezing them for later use.

For greatest savings, select the cuts which will show the greatest price increases during the spring and summer months. This includes virtually all the quick-cooking, tender

steaks such as T-bone and ribeye steaks and other cuts which are popular for outdoor grilling (spare ribs and chuck steaks).

Meanwhile, over at the produce counter, salad fixings are getting more abundant and are moderating in price. Cabbage prices are down to a more normal level.

Look for a stable supply of celery at lower prices this month. Prices for zucchini and other soft-shell squash have also dropped to near summer levels.

Asparagus from central California is in markets now. If the weather cooperates, Michigan's all-edible, snapped asparagus will be available the first week in May. Michigan's field rhubarb will come to market about the same time.

Strawberries will be abundant and lower-priced this month. So far, fresh-market shipments from California are triple what they were a year ago.

Specials to look for during the month of April include canned sweet

potatoes (to go with the Easter ham), frozen strawberries, canned fruit

cocktail, salad dressings and frozen whipped toppings.

Abortion issue not yet closed in Michigan

Calling the recent defeat of an override measure designed to restrict state abortion subsidies "disappointing, but not discouraging," Right to Life of Michigan President Barbara Listing vowed her organization will heighten its efforts in education, lobbying and political action, especially since the House moved to reconsider the veto override.

"It is tragic that more unborn children will have to perish — with the Michigan taxpayers picking up the tab, in order to satisfy Governor Blanchard and a few Representatives who refuse to represent their constituents," Listing said. "People who hope this important issue will disappear after today will be sorely disappointed."

Michigan handed out \$5.7 million to abortionists in 1982 — 20,407 of the state's 41,886 abortions were tax subsidized. Michigan remains one of the only 15 states where tax dollars continue to fund abortion-on-demand under the state's Medicaid program.

Listing emphasized that both the woman and her unborn baby suffer in the abortion procedure. An abortion can be both psychologically and physically damaging to a woman, and it completely destroys the pre-born child, she said.

"The violence of abortion is something many wish to ignore, but it is important to remember that as long as the state continues to fund abortion, Michigan is paying to destroy human life. A high

majority of the state's taxpayers wish it would stop, and will continue their efforts to end this state policy that maintains the killing of unborn children as an acceptable good," Listing said.

A statewide survey conducted by Kennedy Research of Grand Rapids in November 1983, showed that 61 percent of those polled opposed the use of tax dollars for abortion with only 30 percent in favor — an overwhelming two to one margin.

Right to Life of Michigan is the umbrella organization for 90 local-level affiliates and 60,000 dues-paying members working to restore social and legal protection to the unborn, and those threatened by the quality of life ethic.

State pharmacists develop a program to fight drug abuse

Recognizing the seriousness of the drug abuse problem, the Michigan Pharmacists Association with the cooperation of McNeil Pharmaceutical has developed the "Pharmacists Against Drug Abuse (PADA)" campaign. Pharmacists across the state are preparing to alert children and adults on the dangers of drug abuse and increase their awareness of the hazards of casual drug use.

Recent studies show that the average age of children getting into drugs and alcohol has now dropped to 11.6 years, which represents sixth and seventh graders. Never before have so many young people used marijuana, alcohol and other psychoactive substances on such a mass scale. With over one-third of all our young people in America using legal and illegal drugs, we have a severe epidemic on our hands.

The problem of drug abuse extends farther than

we might realize. There can be no doubt that drug dependence has a profound effect on the high crime rate in this country. Some reports cite that drug crimes may account for nearly 80 percent of the total crime rate in this country.

The Michigan Pharmacists Association is preparing pharmacists to provide educational programs on the dangers of drug abuse to school and community groups. A free informational brochure, "The Kinds of Drugs Kids Are Getting Into," will be available from community pharmacies throughout the state.

Pharmacists are natural vehicles to promote drug abuse awareness. They are easily accessible and familiar figures in the community. Pharmacists, by academic training and professional expertise, are experts on drugs and their effects on people. Most importantly, pharmacists are among the most trusted professionals in our society.

According to a 1983 Gallup Poll of the professions, pharmacists were ranked second only to the clergy for having the highest standards of honesty and ethics.

The PADA program, however, is more than just pharmacists against drug abuse. Gov. James J. Blanchard is supporting the PADA campaign by serving as the Honorary Chairman of the statewide committee. Several other state officials and statewide educational and substance abuse organizations have also endorsed the PADA campaign. It is pharmacists, parents, teachers and community leaders working together to fight the problem.

In addition to the pharmacy components, a comprehensive television, radio and print public service campaign will be directing the general public to their local pharmacy for drug abuse information.

The statewide launch date is May 1.

John C. Fitch

Fitch honored

John C. Fitch II of Fitch Studio, St. Johns, has fully qualified to receive the Certified Photographer Award according to the Certification Commission of the Professional Photographers of Michigan, Inc.

Fitch is only the second photographer in Clinton County to be awarded this distinction.

"John successfully passed all the exacting qualifying requirements," states Chairman William A. Courtright, "and has met every technical and ethical standard test needed to earn and be awarded this coveted recognition." In addition he has subscribed to the seven point 'Code of Ethics' which pledges him to maintain and uphold the highest professional standards of our association. Certification must be earned and only those with three consecutive years of membership may qualify to enter the certification program. A special certification commission judges photographs submitted by the applicant who also must complete a certain number of hours in classes, seminars and various courses to maintain regular acceptance by the P.P.M. Certification Commission.

"John is to be commended on his interest and efforts to become a Certified Photographer," commented Chairman Courtright, "and P.P.M. is proud to have him as a member."

Professional Photographers of Michigan, Inc. is composed of over 400 members, of these, only 80 are certified photographers.

Busses are damaged

Fowler Public Schools' buses were vandalized on March 27 which prevented school from being held on the following day. Six busses from the fleet of ten had one or more brake lines cut. The damage was found when the drivers performed their daily trip inspections. Four of the six busses were repaired without major difficulty, but the two busses with hydraulic brakes took a few additional days to repair. School was held the next day without problems.

The vandalism was reported to the Clinton County Sheriff's Department for investigation. Fowler Schools is offering a \$100 reward to anyone who can assist the Sheriff's Department in solving the crime. Anyone who has in-

formation should report it directly to the Sheriff's Department. All information will be held in strict confidence by the Sheriff's

office. The reward will be paid to the individual who provides information that leads to the arrest of the offender.

Fulton carnival be held

Fulton High School will be the place for the Annual Carnival sponsored by the Fulton Athletic Boosters.

The carnival will be held on Saturday, April 14, from 3:00 to 8:00 p.m.

There will be food available to buy for a snack or a meal. There will be games for young and old alike. There will also be bingo, a dunking machine, a spook house, and many more events.

During the evening, a drawing will be held for the following prizes: first, \$200.00 in cash; second, a \$75.00 bundle of meat; and third, a Walkman AM-FM Cassette with earphones.

This event is sponsored annually by the Boosters to earn money to help the athletic department. All money earned on this project will go to buy new uniforms, etc. for the boys and girls.

Hospital improves with C-Arm x-ray techniques

The new "C-arm" x-ray fluoroscopy unit at Carson City Hospital, the focus of the hospital's recent fundraising, is making a big difference in several surgical procedures, especially orthopedics.

"There's nothing magical about it," said David H. Larsen, D.O., orthopedic surgeon at the hospital. "It's a type of x-ray machine. The only real difference between regular x-rays and fluoroscopy is that an x-ray is on a film, like a Kodak picture. A fluoroscopic image is an immediate image that's displayed on a television screen."

"Fluoroscopy isn't new. They've had fluoroscopy in this hospital's Radiology Department for years, but the machine there is a big immobile unit. The C-arm is a mobile fluoroscope that you can move into a sterile atmosphere in the operating room. With this unit we can provide both fluoroscopic images and regular x-rays.

"The C-arm can be used for a number of different types of fractures, such as hip fractures, leg and ankle fractures, and forearm fractures. It allows me to have a look at the bones during surgery, either for position of the fracture, or for positioning and placement of the metal prostheses (pins, etc.) used to keep the bones together."

"The beauty of it is that it can get me through a case quicker, because rather than waiting for technicians to take an x-ray, run downstairs, get it developed, and bring it back to me to see, I have the picture instantly. You can take a two hour hip fracture surgery and reduce it to a 45-minute operation. In surgery,

hours are important, because of anesthesia time, and the amount of time an incision is open and being exposed to the air. Also, there is less x-ray exposure with this unit than if we were to take repeated x-rays."

"Because of the C-arm, I can do a better job. I can place those pins almost perfectly, because I can make any kind of minor adjustments and re-check it any time, rather than having to wait for x-rays."

"I'm not doing as many back surgeries now, because of a procedure we perform that could not be done without the C-arm. The procedure, called "chemonucleolysis" involves placing a needle in the center of a vertebral disc and injecting a small amount of medication that dissolves part of the disc. This can only be done with a fluoroscopic unit that can be taken into surgery. This is one example where use of the C-arm helps us to avoid a major surgical procedure."

Jack L. Dilts, D.O., Director of Medical Education, is another physician who uses the new C-arm unit, primarily for heart pacemaker implants.

"I like it a lot," he said. "It cuts the patient's operative time about in half."

Dr. Dilts explained that for pacemaker implants an electrode must be placed in the heart, and the continuous immediate image the C-arm provides helps in positioning the electrode exactly.

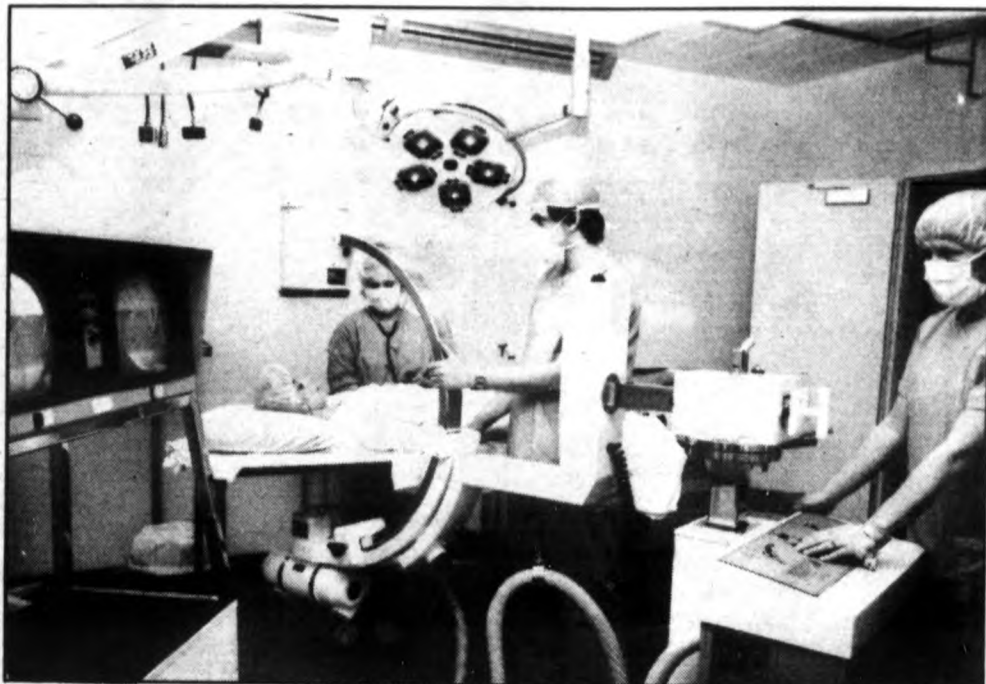

"But the major factor is the time savings," he said.

Gifts from physicians, vendors to the hospital, past patients, members of the hospital's Board of Directors, community organizations and concern-

ed citizens provided more than \$14,000 toward the acquisition of the C-arm, which has a price tag of nearly \$78,000. The C-arm Campaign was the focus of the first annual appeal since formal development efforts were begun last fall. A special surgical table was purchased by the hospital to accompany the unit.

Other development efforts of the hospital include a continuing memorial gift program, and a "Hospital Family Campaign" in late fall, in which 40 percent of the hospital's employees pledged nearly \$10,500, more than doubling their goal of \$5,000 toward furnishings for a new waiting room for friends and families of Surgery and Intensive Care patients.

The hospital established an advisory "Development Council" last fall made up of community leaders in the hospital's service area, based on recommendations from a year long process of formal long range planning.

THE NEW C-ARM x-ray machine has caused many changes at Carson City Hospital. The equipment was recently aquired after a successful fundraising campaign.

Serving Clinton County For A Decade

NICK KOENIGSCHNECHT AND TERRY BLACK recently received the Professional Salesmaster Award for selling cars. According to Sales Manager Dale Aurand, the men received the honors after achieving points per sale of a Buick. Above, Dale Aurand, Nick Koenigschnecht, Terry Black and owner Frank Keelean.

'All roads lead to Keelean's'

By SUSAN OWENS
Staff Writer

Despite the recent economic plunge the car industry has faced, sales manager Dale Aurand says Keelean Buick-Pontiac is doing just fine.

"We're selling more automobiles now, by far," he said. "We're in a good area. We've got the farming community and we're close enough to Lansing to have people that work for the state. Its a good mixture of clientele."

Aurand says one of the keys to their success has also been their own service department. Not only does the staff work quickly and efficiently, but they also strive to remove any obstacles a customer may face.

"We try to eliminate the problems," he said. "I'd say our service is a big thing."

Frank Keelean took over

the dealership in 1975, after looking in the area for an available car business. According to Aurand, it was the convience of the downtown area that appealed to him the most.

"We're the downtown dealership," he said. "All roads lead to Keelean's."

However, Aurand added that Keelean's is not limited to the downtown St. Johns area. He said many of his customers come from such far away places as Owosso and Flint.

We're not into conning our customers into thinking they're getting a good deal when they're not, Aurand said. We try to make the best possible deals for everyone involved.

Keelean Buick-Pontiac is open Monday, Wednesday and Friday, from 8 a.m. to 9 p.m., and on Tuesday and Thursday's, from 8 a.m. to 6 p.m.

ALL ROADS LEAD TO KEELEANS in downtown St. Johns. Keeleans has recently been added to the list of committed advertisers to contract with the Clinton County News on a consistant basis.

Nine DeWitt Students to compete in local MCTM math competition

Nine DeWitt Middle School students will be competing in the MCTM mathematics competition held April 14 at Lansing Community College.

The students that will be competing Saturday are: sixth graders, Jeff Church, Dean Shooltz and Felicity Messner; seventh graders, Colleen Reynolds, Brett Belknap and Paul Nachazel; and eighth graders, Carol Kuzma, Jason Brewer and Sarah Drake.

The April 14th competition is being held for the top three competitors of each grade level in the statewide quiz given during the first week of March. The first quiz in-

cluded 50 multiple choice questions regarding the student's understanding of mathematics.

Students who finish in

the top 25 at the LCC competition, will continue the competition at Central Michigan University on May 19th.

Wrestlers end the season with honors

The 1983 wrestling season wound up in good style for the "Bath Bees" this year. Coach Paul Perry took the team a long way and with much improvement from last year with the dedicated efforts of Senior Captains Jeff Hughes and Rick Ramseyer.

Hughes, at 119 lbs., took championships at Byron, Bath, and Breckenridge, and was Ingham County League Champion. He also

finished with medals at Maple Valley, Haslett, and the Districts. He was picked to compete in the 1983 All Star Meet on the second team.

Rick Ramseyer, at 155 lbs., took championships at Maple Valley, Byron, Bath, and Breckenridge. He was Ingham County League Champion, District Champ, second in Regionals, and second in State. He was also first seat in the All Star Meet at

Eastern.

Tim Pierson, at 112 lbs., took four medals this year. He was also third in the League and fourth in the Districts. Rueben Martinez finished the season with three medals, Billy VanSickle with one medal, George Dugan with two medals, and Todd Bowie with one medal.

The Bath Wrestling team finished the season with a total of 28 medals and one trophy.

Coach Paul Perry and Assistant Coach Rick Robbie are already working out a junior varsity program for next year. They appear to be on the right tract in making Bath a fine wrestling school. Coach Perry attributes the success of the program to the parents of the wrestling team members, especially the Bath Boosters. The Boosters have been backing the program while the school is in financial difficulty.

CHUCK RUDNICK, CAPTAIN of the Olympics of the Mind team at DeWitt Middle School, drives the Chariot of Rescue that received second place at the regional competition in Battle Creek. The chariot was made from a garbage can and several bicycle parts, and was propelled by the weight of the driver.

By SUSAN OWENS
Staff Writer

Usually, the olympics denote a spirit of competition and enthusiasm between two or more teams involved in some type of physical activity. Team members often spend several weeks or months training their body to reach its fullest potential.

However, seven DeWitt Middle School students recently proved that mental games can be played with the same type of enthusiasm and competitiveness as physical games; and that the mind, like the body, can be trained through practice and exercise to reach its fullest potential.

The DeWitt students

placed second among 13 area middle school teams participating in the annual Olympics of the Mind competition.

The international program was originally developed to combine the excitement of an athletic competition with the fun-filled mental gymnastics for students at the middle school level. It provides "creative problem solving" for all ages, offering the thrill of consecutively seeing their imaginations at work.

Chuck Rudnick, captain of the seven member team, said science teacher Larry Arbanas approached several members in September to see if they were interested in participating in the olympics. Arbanas, now the team advisor, had heard of the extra-curricular program through his sister, who is involved with the program at another school.

Rudnick said it wasn't long until they had enough people interested to begin preparing for the March 24 competition. The team, made up of Rudnick, Geoff Brown, Matt Williams, Rusty Raymer, Dean Shooltz, Todd Tury and Greg Brunette, was then faced with picking out one of five possible long-term problems created by the OM Association.

After some deliberation, the boys chose the "Chariots of Rescue" program, in which they were asked to design and construct a chariot from bicycle parts and a garbage can. According to Rudnick, the weight and limited body movements of the driver were the only source of energy permitted to propel the driver.

During the actual com-

petition, held at Kellogg Community College in Battle Creek, the driver was required to race the chariot against other teams after "rescuing" an object from a specified course.

Other problems that day included the building of super structures with three and a half ounces of balsam wood, a movable mobile made out of a mouse trap, and the rewriting of a scene in Camelot or Moby Dick.

On the day of the competition, spontaneous problems were also given to the teams to challenge their ability to "think on their feet." The problems were in either one or two parts, that required verbal or hands on activity.

The object of the day long event was to get as many points as possible,

with the long-term problems receiving a possible 200 points. The spontaneous problems could receive as much as 100 points, while style was also considered for 50 points.

"This started out as a television program several years ago," explained Alice Nasrey, spokesperson for the olympic team. "It was a competition between the bright, creative students of different schools." She added, "We're looking for the creative kid, not necessarily the straight A student."

For placing in March's competition, the boys earned a spot on the roster at the state olympics, April 28, at Michigan State University. If the team wins there, they will go on to compete internationally, May 30-June 1, in Akron, Ohio.

THE SEVEN MEMBER TEAM of DeWitt Middle School included, from left to right, Geoff Brown, Matt Williams, Rusty Raymer, Chuck Rudnick, Dean Shooltz, Todd Tury and Greg Brunette.

Las Vegas raffled

At their regular monthly meeting on March 28, the Fowler Lions Club held their sixth annual Las Vegas travel raffle.

Proceeds from the project will be used to help send local band students to the Lions International convention in San Francisco as part of the Michigan Lions All Star Band, as well as various other projects. The Vegas Raffle project was co-chaired by Lions Charlie

McCausey and Dave Miller.

The winner of the first prize was Clare Koenigsknecht of Fowler. He won a 5-day, 4-night trip for two to Las Vegas. Second prize of \$50.00 went to Agnes Moore of Fowler, and third prize of \$25.00 was won by Keith Wilson of Lansing. Five other prizes of \$5.00 each were also given away.

Winning tickets were drawn by Ms. Bernie Kramer.

CMH Auxiliary holds meeting

An informal poll taken at the Clinton Memorial Hospital Auxiliary meeting on Wednesday, March 21, revealed many of the members have been actively working in the organization for over ten years. The clear cut "winner" was Vira Montague, an auxiliary since 1942 and chairwoman of the Puppet Committee for the last 22 years. The Puppet Committee is responsible for making puppets which are handed out to all children staying at the hospital.

The auxiliaries have set Saturday, May 19, as their day to "sell fleas", as President Terry Warren joked. They are sponsoring a joint hospital-community flea market to be held in the hospital parking lot. Donations are welcome. Contributors should contact Maridell Nelson at 224-7051.

Auxiliaries Terry Warren, Kay Mishler and Jean Bartholomew attended Legislative Day at the capital building March 14. They listened to discussions of proposed legislation affecting the health care industry and had lunch with Rep. Gary Randall.

The Auxiliary awarded Donna T. Carter a lifetime honorary membership. The ailing Ms. Carter has been a member since 1966.

The Clinton Capers will be held October 25-27 in the St. Johns High School

auditorium. The Capers is a New York produced variety show featuring amateur talent from within Clinton County. All future stars should mark October 9 on their calendars, the night of the Director's Party. This year's biennial fundraiser is chaired by Bette Munger.

Hospital dietician Michaeline Raczka ended the meeting by explaining

to the members why they are what they eat. She suggested several diet and exercise tips designed to make one feel better and live longer.

Next month's meeting, scheduled for April 18, will be preceded by a tour of the hospital. The Auxiliary recently funded renovations of the second and third floors.

Bruce Traverse is appointed to hospital board of directors

The Hospital Council of Western Michigan has announced the appointment of Bruce Traverse, Chief Executive Officer at Carson City Hospital, to the Council Board of Directors. The ten member Board is responsible for policy decisions and guidance in the affairs of the Hospital Council, which is comprised of 35 hospitals, representing approximately 4,000 beds serving over one million residents in the West Central Michigan area. Activities include development of health care policy, development of shared services, legislative analysis, and institutional planning.

Bruce Traverse has been at Carson City Hospital since 1979. He held the position of Assistant Administrator until January, 1982, when he assumed the role of Chief Executive Of-

ficer. His education includes a Bachelor of Science degree in Business Administration from Ferris State College and a Master's Degree in Business Administration from the University of Detroit.

Mr Traverse's community oriented service to the health care field, includes current membership in the Hospital Council Community Relations Committee, and the Michigan Hospital Association Advisory Committee for Community Relations and Development.

"In a hospital, the small things can make a large difference"

Christine Wieland, R.N., should know. She's been a nurse with us for eight years now. She's seen a lot of growth during those years, and from her perspective, the atmosphere is very conducive to patients' recovery.

"The level of technology here is just one of our strengths," she says. "And, we still have that closeness — the relationship-building with patients that meets other, deeper needs."

Those are powerful words to someone who might have to leave a child or other loved one in our care. It's comforting for them to find people like Christine on our staff.

We feel very fortunate to have someone working in patient care who is as sensitive and capable as Christine, and there are many others with that same kind of commitment.

Open Letter to Our Readers

Dear Reader,

Readers are the life-blood of a newspaper. Likewise, a newspaper can and should be the life-blood of the community. We need you as a reader and we like to think you need us as a link to the community. We have been going through many changes with The Clinton County News, trying to improve its content by becoming more of a community newspaper.

The Clinton County News comes to you by second class mail which assures that you get the paper on time. From now on, it will be delivered to your door by mail on Tuesdays in order to accommodate our new advertisers. We will have a much larger circulation, which means we will reach more people with the paper.

In order to retain our second class permit -- to assure that you will receive The Clinton County News on time -- we must have a second class controlled permit, which means that we *have* to have 50% paid subscribers and/or customers requesting that they receive the paper. This is to show the Post Office that yes, indeed, you do want to receive The Clinton County News.

We are asking for and appreciate your support.

If you would like to receive The Clinton County News every week by mail, free of charge, please fill in the coupon below.

Thank You

A reception will be held to greet the new confirmed members and the Bishop.

VICTOR TOWNSHIP CLINTON COUNTY, MICHIGAN

ORDINANCE NO. 11

PREAMBLE

AN ORDINANCE TO CREATE AND ESTABLISH PROCEDURES AND STANDARDS FOR THE REVIEW OF NEW APPLICATIONS FOR LIQUOR LICENSES, FOR PERIODIC RENEWALS THEREOF, FOR REVOCATION OF SUCH LICENSES, AND FOR THE HEARING OF OBJECTIONS TO SUCH RENEWAL AND/OR REQUEST FOR RELOCATION, TO ESTABLISH STANDARDS FOR APPLICANTS AND TO DELINEATE CRITERIA FOR THE UTILIZATION OF ANY LICENSE PERMITTING THE SALE OF BEER, WINE OR SPIRIT WITH SAID TOWNSHIP, AND TO PROVIDE FOR HEARINGS AND TO PROVIDE AN EFFECTIVE DATE HEREOF.

THE TOWNSHIP OF VICTOR, CLINTON COUNTY, MICHIGAN ORDAINS:

SECTION I

1. TITLE.

This Ordinance shall be known and may be cited as the "Victor Township Liquor License Ordinance."

SECTION II

2. APPLICATION FOR NEW LICENSE.

A. Application: Applications for license to sell beer and wine or spirits shall be made to the Township Board in writing, signed by the applicant, if an individual, or by a duly authorized agent thereof, if a partnership or corporation, verified by oath or affidavit, and shall contain the following statements and information:

(1) The name, age and address of the applicant in the case of an individual; or, in the case of a co-partnership, the persons entitled to share in the profits thereof; in the case of a corporation, the objects for which organized, the names and addresses of the officers and directors, and, if a majority interest in the stock of such corporation is owned by one person or his nominee, the name and address of such person.

(2) The citizenship of the applicant, his place of birth, and, if a naturalized citizen, the time and place of his naturalization.

(3) The character of business of the applicant, and in the case of a corporation, the object for which it was formed.

(4) The length of time said applicant has been in business of that character, or, in the case of a corporation, the date which its charter was issued.

(5) The location and description of the premises or place of business which is to be operated under such license.

(6) A statement whether applicant has made application for a similar or other license on premises other than described in this application, and the disposition of such application.

(7) A statement that applicant has never been convicted of a felony and is not disqualified to receive a license by reason of any matter or thing contained in this Ordinance or the laws of the State of Michigan.

(8) A statement that the applicant will not violate any of the laws of the State of Michigan or of the United States or any ordinances of the Township in the conduct of its business.

(9) The application shall be accompanied by building and lot plans showing the entire structure and premises and in particular the specific areas where the license is to be utilized. The plans shall demonstrate adequate off-street parking, lighting, refuse disposal facilities and where appropriate, adequate plans for screening, and noise control.

B. Restrictions on License: No such license shall be issued to:

(1) A person whose license, under this Ordinance, has been revoked for cause.

(2) A person who, at the time of application or renewal of any license issued hereunder, would not be eligible for such license upon a first application.

(3) A co-partnership, unless all of the members of such co-partnership shall qualify to obtain a license.

(4) A corporation, if any officer, manager or director thereof, or a stock owner or stockholders owning in the aggregate more than five percent (5%) of the stock of such corporation would not be eligible to receive a license hereunder for any reason.

(5) A person whose place of business is conducted by a manager or agent unless such manager or agent possesses the same qualifications required of the licensee.

(6) A person who has been convicted of a violation of any federal or state law concerning the manufacture, possession or sale of alcoholic liquor or a controlled substance.

(7) A person who does not own the premises for which a license is sought or does not have a lease therefor for the full period for which the license is issued, or to a person, corporation or co-partnership that does not have sufficient financial assets to carry on or maintain the business.

(8) Any law enforcing public official or any member of the Township Board, and no such official shall be interested in any way either directly or indirectly in the manufacture, sale or distribution of alcoholic liquor.

(9) For premises where there exists a violation of the applicable Building, Electrical, Mechanical, Plumbing or Fire Codes, applicable Zoning Regulations, applicable Public Health Regulations, or any other applicable Township Ordinance.

(10) For premises where it is determined by a majority of the Board that the premises do not or will not reasonably soon after commencement of operations have adequate off-street parking, lighting, refuse disposal facilities, screening, noise, or nuisance control or where a nuisance does or will exist.

(11) Where the Board determines, by majority vote, that the proposed location is inappropriate considering the desirability of establishing a location in developed, commercial areas, in

preference to isolated, undeveloped areas; the attitude of adjacent residents and property owners; traffic safety; accessibility to the site from abutting roads; capability of abutting roads to accommodate the commercial activity; distance from public or private schools for minors; proximity of the inconsistent zoning classification; and accessibility from primary roads or state highways.

C. Term of License: Approval of a license shall be for a period of one year subject to annual renewal by the Township Board upon continued compliance with the regulations of this Ordinance. Approval of a license shall be with the understanding that any necessary remodeling or new construction for the use of the license shall be commenced within six months of the action of the Township Board or the Michigan Liquor Control Commission approving such license, whichever last occurs. Any unusual delay in the completion of such remodeling or construction or in commencement of business may subject the license to revocation. Failure to commence business within nine (9) months of a grant of a new license by the Michigan Liquor Control Commission shall be deemed grounds for a recommendation of license non-renewal or revocation.

D. Reservation of Authority: No such applicant for liquor license shall be deemed to have a right to the issuance of such license, and the Township reserves the right to exercise reasonable discretion to determine which applicant, if any, shall be entitled to the issuance of such license. Additionally, no applicant for a liquor license has the right to have such application processed, and the Township Board further reserves the right to take no action with respect to any application filed with the Township Board. The Township Board further reserves the right to maintain a list of all applicants and to review the same when, in its discretion, it determines that the issuance of an additional liquor license is in the best interests of the Township at large and for the needs and convenience of its citizens.

E. License Hearing: The Township Board shall grant a public hearing upon the license application when, in its discretion, the Board determines that the issuance of an additional liquor license is in the best interests of the Township at large and for the needs and convenience of its citizens. Following such hearing, the Board shall submit to the applicant a written statement of its findings and determination. The Board's determination shall be based upon satisfactory compliance with the restrictions set forth in Paragraph B. (1) through (11) and Paragraph C. above.

SECTION III

3. OBJECTIONS TO RELOCATION, RENEWAL AND REQUEST FOR REVOCATION.

A. Procedure: Before filing an objection to relocation, renewal or request for revocation of a license with the Michigan Liquor Control Commission, the Township Board shall serve the licensee, by First Class Mail, mailed not less than ten (10) days prior to hearing, with "Notice of Hearing," which notice shall contain the following:

(1) Notice of proposed action.

(2) Reasons for the proposed action.

(3) Date, time and place of hearing.

(4) A statement that the licensee may present evidence and testimony and confront adverse witnesses.

B. Criteria for Non-renewal or Revocation: The Township Board shall recommend non-renewal or revocation of a license upon a determination by it that based upon a preponderance of the evidence presented at hearing either of the following exist:

(1) Violation of any of the restrictions on licenses set forth in Paragraph 2. B. (1) through (11) and Paragraph 2. C. above; or

(2) Maintenance of a nuisance upon the premises.

C. The foregoing shall be deemed to be in addition to any other remedies provided by law and the Township reserves the right to proceed directly to obtain injunctive relief to immediately abate such nuisance or to address any situation deemed detrimental to the health, safety and welfare of its citizens.

SECTION IV

4. SEVERABILITY.

Should any section or part thereof of this Ordinance be declared unconstitutional, null or void by a court of competent jurisdiction, such declaration shall not affect the validity of the remaining sections or parts thereof of this Ordinance.

SECTION V

5. REPEAL.

Any person who shall violate any of the provisions of this Ordinance or who shall prohibit or interfere with the authorized inspection of the premises, shall be guilty of a misdemeanor, and upon conviction thereof, shall be punishable by imprisonment in the county jail for not more than ninety (90) days or by a fine of not more than Five Hundred (\$500.00) Dollars or both, such fine and penalty in the discretion of the Court.

The remedies set forth in the paragraph above, shall be in addition to those remedies set forth in Section III of this Ordinance.

SECTION VI

6. EFFECTIVE DATE.

This Ordinance shall take effect thirty (30) days from and after its adoption and publication as required by law. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

Robert Remus, Supervisor

Manley Hunt, Clerk

Adopted the 4th day of April, 1984

I, Manley Hunt, Clerk of the Township of Victor, Clinton County, Michigan, hereby certify that the foregoing is a true and accurate copy of the Ordinance adopted by the Board of Trustees of Victor Township on the date set forth above.

Wanted: 100 year old Michigan business

The Historical Society of Michigan is continuing its search for centennial businesses operating in the state. As a Bicentennial project in 1976, the society sponsored a contest to locate the oldest businesses in Michigan. Because of the enthusiastic response, the recognition of centennial businesses has been integrated into an ongoing program of the society.

According to Gordon L. Olson, president of the Historical Society of Michigan, the program was created to serve two purposes: to encourage Michigan's citizens to become aware of the state's rich business and industrial heritage, and to stimulate interest in preserving the state's important commercial and industrial history. The program now seeks to stimulate the entire business community.

There are more than 500 centennial businesses that have been located through an intensive search conducted by local historians

throughout the state, according to Tom Jones, executive director of the society.

4-H youngsters to compete in Horse Jamboree in East Lansing

More than 500 youngsters who are interested in horses will compete in the 1984 Michigan 4-H Horse Jamboree April 14-15 at Michigan State University.

The contests, which are open to the general public, will take place at Wells Hall, Anthony Hall and the MSU Livestock Pavilion.

"The purposes of this event," says Richard Dunn, Extension horse specialist and event coordinator, "are to enable 4-H'ers to test their knowledge and to provide an educational experience for all project members, including those who don't own horses."

The event is open to 4-H members up to 19 years of age. Medals and ribbons will be awarded to top finishers at a breakfast April 15.

4-H members may enter seven competitions: state

group of businesses has been honored in community ceremonies sponsored by historical societies and chambers of commerce,"

CMH honors Eckley

horse quiz bowl, horse judging, demonstrations, public speaking, slide presentations, hippology and photography contests.

CMH honors Eckley

Carol Eckley, an 18 year employee at Clinton Memorial Hospital, was honored recently by fellow employees by being selected as April Employee of the Month. Eckley, a radiologic technologist in the X-ray department, also serves as the Assistant Chief Technologist for the department.

Eckley resides in St. Johns and has two sons, Dan and Mark.

Jones said. "Ceremonies include a presentation of a handsome, personalized certificate officially designating the company as a Michigan Centennial Business."

The society is especially interested in locating all businesses celebrating their centennial in 1984 and 1985. These businesses will be honored at local or state chamber of commerce meetings in conjunction with the local historical societies.

Applications for centennial business certificates should include the complete business name, address and phone number, the name and title of the chief executive officer, documentation of founding date and the name and address of the person submitting the application. Ap-

plications should be mailed to the Historical Society of Michigan, 2117 Washtenaw
