Notes Retiring

ST. JOHNS Robert Ancel, superintendent-manager of the Clinton County Road Commission, will retire May 31 after 16 years with the county.

An open house in his honor will be held at the Road Commission offices, 3536 S. US-27, on May 21, from 2 until 6 p.m.

Replacing Ancel will be Michael Nobach, who is currently the assistant manager of the Road Commission.

Festival

LAINGSBURG The 1986 Laingsburg Lions Springtime Festival is planned for May 8, 9, 10, and 11 with a carnival and flea market on all four days. Also scheduled are a fish supper on Friday from 5:30-7 p.m.; chicken barbecues at noon on Saturday and Sunday; parade beginning at 11 a.m. on Saturday with contests in the afternoon; pony pull at 1:30 p.m. and hot air balloon rides at 6:30 p.m. on Sunday. Raffle prize drawings will also be held.

CANDO

ST. JOHNS The finance and personnel committee of the Clinton County Board of Commissioners said last week that applications are now being taken for the board of directors of the Clinton Area New Development Organization (CANDO).

The organization will work to attract business and industry to the county.

Resumes should be sent to County Administrator Bill LeFevre.

Commission Chairman Roger Overway said the county is also searching for an economic development coordinator. Resumes for that position will be accepted until May 19, he said.

Triplets!

ST. JOHNS The congregation of the First Congregational Church of St. Johns increased by three last week.

Triplets were born to Jay and Marlene Terbush on Wednesday. The Rev. Terbush is the pastor of the church.

"They're terrific," said Jay via a telephone recording device at the family's home on Saturday. "They're beautiful little baby girls."

The reverend also said wife Marlene is doing fine — but that as the new father of triplets he might be a little slow in returning calls.

"In a couple of days we'll probably be ready to give them names," he said. "Right now they're still A, B and C."

Ag agent

ST. JOHNS Marilyn Loudenslager, agricultural agent for the Clinton County Cooperative Extension Service, was praised by USDA District Conservationist James Squires recently.

In a letter to Extension Director Giles Roehl, which Roehl subsequently shared with the County Commission, Squires wrote: "Between the time that George McQueen retired and you started in Clinton County could have been a difficult time for farmers here if it had not been for the outstanding job that Marilyn Loudenslager performed. During this transition period, Marilyn filled the gap and even got new programs going... She always had timely news articles in all the local papers, helped with the day to day walk-in problems of many people, and filled the void during the change-over of the directorship."

County likely to increase tax one-ten mil as revenues fall

By RICH WERTZ
Editor

The average property tax bill for county farmers will likely decrease this year and the bills of homeowners will likely increase slightly, based on equalization figures adopted last Tuesday by the Clinton County Board of Commissioners.

However, the changes could be offset by changes in millage rates as well as by changes in individual assessments.

In fact, it is likely that the county will increase its tax levy by one-tenth

of a mil to recoup revenue lost from falling farm property values and decreased federal money.

The state equalized value of all classifications of real property in the county dropped a net seven-tenths of a percent. County Commission Chairman Roger Overway said it is likely that the county will this year, for the first time in several years, levy the full 5.8 mills it is authorized by voters to levy. Currently the levy is set at 5.7 mills.

"If we levy 5.8 mills we will still see a decrease in property tax of about \$25,000," Overway said.

Additionally, he noted, this comes

at a time when the county expects to lose federal revenue sharing that once provided \$350,000 per year to the county coffers.

The equalized value for real agricultural property (land and buildings) dropped 10.6 percent from last year, according to the 1986 Clinton County Equalization Report. (Please see related article on this page.)

Residential real property increased 6.5 percent; commercial real property increased 1.2 percent; industrial real property decreased two-tenths of a percent; and development real property increased 3.3 percent.

Farm assessments fall 10%

The state equalized value for real farm property in Clinton County dropped 10.6 percent for 1986 — the first significant change since the 6.11 percent increase in 1981 and the 14.79 percent increase in 1980.

In recent years some farmers have complained that when land prices were increasing, assessments increased apace, but now that farm land prices are dropping, assessments have been slow to follow.

"I still think it's high," said Riley Township farmer Don Witt. "You can buy land for less than it's assessed at today."

Maurice Grove, who owns a farm on M-21 near St. Johns, was slightly more charitable in his view of the

equalized value level.

"Land in Clinton County didn't skyrocket like it did in other counties," he said. "I guess you'd have to say that it's not too far from right. You could argue it either way."

Grove said his argument with the equalization process was that homes on farm land were included in the agricultural real property classification. The value of the decrease was spread over both the homes and the land instead of applying only to the land.

"I'm saying that it was land that went down in price, not the buildings," he said.

Clinton County Equalization Director Leon Thelen said this is the first year the county has used a one-year

market study of the farm property market — "Which makes it much closer to reality," he said.

In the past, a two-year study was used, meaning the process did not respond as rapidly to changing market conditions.

What's in store for next year?

Thelen said there is a large amount of farm land for sale in the county right now. If the land sells, he said, assessed value could be reasonably expected to decrease.

"If it does sell, it's more or less a buyers' market, so you'd think it would go down," he said.

He said it will be at least fall before there is any real indication of what will happen to farm property value next year.

County tries to collect for hospital assistance

By RICH WERTZ
Editor

Clinton County will try to collect some of \$80,000 owed to it by people hospitalized at county expense if such collection appears to be cost effective.

George Eberhard, director of the Clinton County Department of Social Services, said many of those who agreed to reimburse the county for hospitalization expenses paid by the county have not abided by the agreement. The program pays hospital costs for low income people who have no medical insurance and who do not qualify for Medicaid.

In order to qualify, those who receive the funds must have depleted all cash assets above \$350.

Those who receive county funds under the program sign an agreement to reimburse the county.

"We found that a very high percentage of people, once they sign the agreement and get that hospitalization...decide they don't need to honor that agreement," Eberhard said.

EBERHARD SAID state law prohibits the county from trying to collect the reimbursements in small claims court, allowing only for collection attempts in circuit court. County Prosecutor Jon Newman is currently investigating the cost effectiveness of trying to collect on at

least some of the accounts in circuit court, Eberhard said.

He said some of those who owe the money are probably unable to pay. The county is not trying to collect from those who do not have the money, he said, but many of those who owe have not responded to communications from the county and the county has no way of knowing who can pay and who can not, he said.

"If they would simply level with us, it could prevent all that," Eberhard said.

"We wouldn't expect them to pay if they don't have the money," he said. "If they are on assistance, we wouldn't expect them to pay. They may be making \$10 a hour — we don't know."

Eberhard said there are people on general assistance who faithfully pay a small amount to the county each month. In such cases, he said, it is not simply a loop of assistance dollars being paid to recipients who in turn give it back — the assistance money comes from the state while the repayments go to the county.

The hospitalization program is mandated by the state. Some counties have appropriated only one dollar for the program, Eberhard said, but in a recent court case that practice was found not in keeping with the spirit of the law. However, Eberhard said, the case apparently

did establish that counties can set reasonable limits on expenditures for the program.

The Clinton County DSS allocates about \$20,000 to \$30,000 per year for the program, Eberhard said. The

\$80,000 it is owed accumulated over several years but does not include some debts that the county simply wrote off, he said.

In an annual report to the County Commission last week, Eberhard

also said general assistance cases dropped from 273 cases in 1984 to 211 cases in 1985, or 22.7 percent.

Eberhard said the decrease probably reflects a general improvement in the state economy.

Library project is gaining ground

The project to build a new library for the St. Johns area is well underway. The papers to establish the St. Johns Area — New Library Incorporated have been signed and filed and the group is gearing up for a public survey late this month to find out what the community wants in a library.

Joe Latoff, chairman of the project, began what will be a continued effort to communicate with governmental bodies, by presenting an update of the project to the St. Johns City Commission last week.

Coming up are meetings with county and township officials

and with representatives of neighboring library districts.

Those involved in the project recently approved wording for a survey that will be conducted late this month or in June. The survey is intended to gather information about what residents of the library service area want and need from a library.

A training session for those who will conduct the survey is slated for the next meeting of the project at 6:30, May 13, at the County Commission room of the county courthouse.

The public relations committee will meet tonight (May 6) at 7:30 p.m. at the library.

Jail gets \$8,000 plumbing repair

The Clinton County jail will get new plumbing to the tune of \$8,815 following acceptance of a bid for the work last week by the Clinton County Board of Commissioners.

Mid-Michigan Technical of DeWitt, the only company that submitted a bid for the work, was awarded the job after commissioners decided it could wait no longer for a second bid.

Commission Chairman Roger Overway said commissioners were not surprised by the lack of bids for the project because the plumbing job is a tough one. Plumbing behind the walls of cells in the old part of the jail are in need of replacement, he said.

"When I looked at it, it was just one big mess back there — it's going to be a tough job," he said.

He said commissioners expected a bid based on \$30 per hour plus cost of materials and that is what it got from Mid-Michigan Technical.

"It's a good bid," Overway said.

IN OTHER ACTION:

• The commissioners accepted the annual reports of the Equalization Department, the Road Commission, the County Treasurer, the Department of Social Services, and the Department of Public Works. (Please see related articles, this page.)

• Approved a number of revisions in the job descriptions and classifications of employees of the 65th District Court. The changes were prompted in part by the retirement of Phyllis Anderson. Crystal Nixon was promoted.

Special people

To the Editor:

We are the parents of a handicapped son who went to the Junior High and was teased terribly. Our son did not ask to be born nor did he ask to be born handicapped, but he was. We, as parents, should stop and think what our children are doing and saying.

I have had the pleasure of meeting Eric and he is an extremely likeable boy who is in a special class because he needs extra help to achieve in school and life. Ask yourself, couldn't this be my child? You know, your own child could grow up, get married and have a handicapped child of their own. Then the shoe will be on the other foot won't it?

Our son now goes to Bath High School and a student that is not handicapped wrote this poem for him. We will keep this poem close to our hearts and our son and us, as parents, want to share it with you. It was written by a 15-year old.

SPECIAL PEOPLE

There are special people in the world,
So many special people in the world.
They are special in their own way.
Special people, special people and me.
Jesus loves everyone,
Jesus is the one who created you and me.
Love him, praise him, keep him in our hearts.

My brother-in-law is a principal of a school in Lansing. Each year at the beginning of the school year he has an assembly and his students are talked to about treating the handicapped child with respect. If they are caught teasing, they are sent to the office, the parents are called and they must come to the office. If this policy was started here in St. Johns, how would you feel if you were called to the office because your child did this to another human being? You might feel a little ashamed of your child wouldn't you? I would.

Put yourself in the place of that special teacher that has to teach and deal with these problems everyday. Do you think that makes that teacher feel good because his or her student is being teased. No way. It would make his or her job better as a teacher if some of this cruel treatment stopped.

Jenny is not saying, nor am I, that it is every student that is doing the teasing because that would be sheer stupidity on our parts. But we as parents of handicapped children want you to know that handicapped children have feelings too.

Letters

Thanks offered to mall by biking association

To the Editor:

I would like to take this opportunity to express our sincere thanks to the merchants of Southpoint Mall in St. Johns for allowing us to display our motorcycles and help the community become more aware of motorcycle safety. We feel that the day was a large success. We had several positive comments about the mall and our community. A special "thank you" must go to the manager of Cinema III for his help and kindness to our group. I have always thought of St. Johns as being a helpful and friendly community and it was confirmed again on April 13.

Family searches for St. Johns relatives

To the Editor:

Through researching the history of my family, the Peters, I understand that a great aunt Francis lived in St. Johns in 1905.

Aunt Francis Peters married John Still and as we get the story they had three daughters living in St. Johns in 1905.

One daughter, Adlin or Athelin died in 1890; one daughter, Francis, married a Len Nelson; and Martha Still married a Bovie and might have lived in Windsor, Ontario, about 1908.

We would very much like to hear from a family member, or friends of the family who could tell us where to get in touch with our Peters relatives. Many thanks.

In the House of Representatives Eye care

Gary Randall

A nationwide program that will provide medical and surgical eye care to senior citizens regardless of their ability to pay begins in Michigan on May 5, 1986.

This long-overdue service will be emphasized for needy, elderly persons who cannot cover the charges for an ophthalmologist. The program is welcome news for two reasons: senior citizens are the most vulnerable to potentially blinding eye disease, yet are the ones most likely to have financial difficulty or to have lost contact with an eye care professional.

Any person who is 65 or older, is an American citizen or legal resident and does not have a personal ophthalmologist may call a toll-free number for assistance. An operator will take the call and will match the person with a nearby ophthalmologist who has volunteered to provide eye care.

If a patient is without Medicare or other health insurance, then a physician's services are provided without charge. More than one million elderly citizens are currently without insurance. If the caller has Medicare or other health insurance, volunteer physicians have agreed to accept Medicare and insurance assignment as full payment.

During the project's White House kickoff, President Reagan called it "volunteerism at its finest." The pro-

gram's estimated \$3 million cost is being funded completely by the private sector. It has enjoyed great success in states like Washington and West Virginia.

Michigan has more than 940,000 residents who are 65 or older. Programs such as this should be commended for providing vital services without depending on government funding.

Interested senior citizens who would like to take advantage of the program may call toll free 1-800-222-EYES after May 5.

Gary Randall is the 89th District Representative to the Michigan House of Representatives.

Stop now, change your ways, vandals told

To the Editor:

It seems unreal and I can't quite believe it, but in this day and age I suppose it had to happen sooner or later.

Someone actually opened my car door and stole a pair of sunglasses.

Vandalized them in fact.

I wouldn't feel so bad about it if I thought someone needed them and were using them, but when I returned home this evening, I found them.

Beside the curb: every metal part twisted and bent, the eyepieces broken off and smashed.

Now, to many of you this may seem trivial. But it bothers me as it is the first time it has happened.

Whoever did this got away with it this time. But where will it lead and what happens next time, if there is a next time, and someone, say the police, catch you in the act?

Stop now, change your ways.

This petty theft and vandalism can only lead to worse.

The world in Bement Library Merry May

By Jean Bartholomew

Oh the merry month of May!!! It doesn't seem possible that school will be out next month until we cope with the panic of students finishing up reports due yesterday. Just a friendly word of advice, my young friends, if you can't find the materials on the shelves, give us two weeks notice and we can get you almost any information through our Interloan Service at no charge.

The St. Johns Area-New Library, Inc. is moving along slowly but surely. Chairman Joe Latoff spoke at the City Commission meeting Monday night, explaining the project. The commissioners are in full accord with the group, offering interest and support. The next step will be a survey to see what you, the patrons want in a library, so when you receive a phone call, please take a few minutes to answer the questions. We truly need your input of needs and wants.

The library will be sponsoring the Summer Reading Club again this year for all going into third, fourth, fifth and sixth grades. It will begin June 7 and end Sept. 6. The same rules apply: register at the library, read 15 books, five non-fiction, five fiction, and five biographies in your reading level and write a book report of the one you like best. Prizes will be awarded for each grade at a punch and cookie party in the library on Oct. 2. We hope many of you will participate this year. What better way to spend your spare time this summer than with a good book?

Memorial Day is coming up. St. Johns will celebrate the holiday with a parade and service on May 30. Being a flag-waver and having a deep sense of patriotism, this is a special day for me. I hope many

of you will attend to honor our veterans. It will also give you a chance to admire the handsome new memorial at the cemetery. The flag is a special one that has flown over the White House.

Now for the bad news. I always seem to have a cloud of gloom. We have just been notified that our budget from last year is to be cut nine percent. This means slashing certain areas. If your township has not contributed this year, please give it serious consideration.

We will certainly do all in our power to continue as always, but if we aren't able to supply the latest material, bear with us. Hopefully, this too, will pass. We are not alone with this problem. I attended a two day seminar last week with librarians from all over the state on rural and small libraries. We all suffer from lack of funds.

With this sad note, I think I'll just go into the yard and smell the flowers. "God's in His heaven, and all's right with the world" — almost.

Jean Bartholomew is the Head Librarian at the Bement Public Library.

CITY OF ST. JOHNS NOTICE OF PUBLIC HEARING ON INCREASING PROPERTY TAXES

There will be a public hearing for the purpose of receiving testimony, concerning the 1986 City tax levy, in the City Commission Chambers at 121 E. Walker Street, St. Johns, Michigan, on Monday, May 12, 1986, at 7:45 p.m.

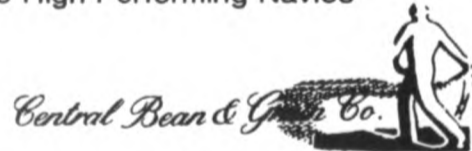

Under State Law (Act 5 of 1982), the change in State Equalized Value for existing property would result in a base tax rate of .36 mills lower than that authorized by City Charter. The proposed 1986-1987 budget assumes the 10 mill rate allowable under Charter for operating purposes. The estimated increase, as calculated under Act 5 of 1982, for City operating tax revenues is 3.0% on \$21,693.00.

The millage increase proposed for debt is required by a scheduled principal payment on one of the four outstanding bond issues, resulting in a total debt millage rate of 4.59 mills.

Yearbook, newspaper win awards for SJHS

By JANE COOPER
SJHS Journalism Student

"I was absolutely thrilled!" exclaimed Judy McEnaney, yearbook advisor at St. Johns High School, after the 1985 yearbook took fifth place in competition among all Class A schools in Michigan.

The SJHS yearbook was awarded this honor along with 11 individual awards at the Michigan Interscholastic Press Association spring conference. Coming from all over the state, high school yearbook and newspaper students and their advisors gathered for conference, held April 25 at Michigan

State University. The awards the SJHS yearbook staff earned were: second place in body content and theme development; third place in sports features, photography, graphics, student photography, layout and design, and advertising; and honorable mention in clubs, headlines and captions, and student life.

McEnaney said she "didn't think we would receive as many awards." She feels, however, that Up in the Air, the yearbook for 1986, is even better than last year's book.

Along with the yearbook staff, the school newspaper

staff also received an award. In the issue of November, 1985, the county millage issue was being debated. The newspaper staff took second place among all Class A schools in the state for news analysis included in coverage of the millage issue.

Students and staff were encouraged to attend the journalism seminars held at MSU throughout the day. Seminars ranged from "How to do an Interview" to "How to get on a College Newspaper."

The conference was intended to aid each student and perhaps initiate and motivate new interests in the field of journalism.

ROBERT HOLZHEI, student newspaper advisor at St. Johns High School, discusses an upcoming issue of the newspaper with Jennifer Mesch, editor of the newspaper. Holzhei was recently elected president of the Michigan Interscholastic Press Association, composed of 95 Michigan schools.

Holzhei elected MIPA president

St. Johns High School journalism teacher Robert Holzhei was elected president of the Michigan Interscholastic Press Association (MIPA) at a spring conference of the organization on April 25.

"It's a heck of an honor as well as a responsibility," says Holzhei of his election to head the 95-school organization.

Holzhei has been involved in MIPA for over eight years, the last three of which he served as a board member. He will serve as president until April, 1988, and will then continue to serve as an ex-officio member of the board.

"The basic purpose of that is to provide some continuity of leadership, as well as programing," he says.

Holzhei says it was through MIPA that he, an English teacher, learned to teach journalism. He says he turned to the organization when he stepped into the role of journalism teacher several years ago.

"I learned a lot and found the association with other instructors very stimulating," he says. "One thing then led to another."

Also at the spring conference, the journalism program at St. Johns High School was awarded several prizes. (See related article, this page.)

Holzhei says the increasing success of the journalism program at the high school is especially gratifying in that many of the schools against which St. Johns competes are large schools with large budgets. At St. Johns, on the other hand, except for teaching salaries, the program at St. Johns is entirely self-supporting.

Last year the yearbook and newspaper staffs raised over \$20,000 in sales. This was due in no small part to the support of the business community in St. Johns, he says.

"We can't thank the business people enough," he says.

The journalism program hopes to use some of its revenues to purchase a computer next year for typesetting its own copy and to distribute the newspaper free to students, he says.

Upcoming MIPA events, Holzhei says, include a summer workshop at Michigan State University. Holzhei, one of the initiators of the project when it began three years ago, says participation in the workshop rose from 43 students the first year to 182 the second year.

"This year we expect a big jump again," he says.

Tennant wins award for Director of the Year

William Tennant, director of orchestras and chairman of the music department for the St. Johns Public Schools, will be presented with the Orchestra Director of the

Year award at the Michigan Youth Arts Festival.

The 24th annual festival is planned for May 8, 9, and 10 on the campus of Western Michigan Univer-

sity. Tennant was one of 12 teachers and three administrators honored for the quality of their arts programs and outstanding contributions to the arts in educational institutions.

You can see another 'Butterfly'

St. Johns High School dramatists will perform "I Never Saw Another Butterfly", second place winner at the MIFA State Drama Festival, at the Michigan Youth Arts Festival on May 8, 9, and 10 at Western Michigan University.

In preparation for the festival, the drama department will present "Butterfly" on May 7 at 7:30 p.m. in the high school auditorium. "We're hoping for a strong turn-out for a number of reasons," said Barbara Markman, director of the play. "First, we

need to perform before an audience. It's difficult to keep the energy and emotion of the material with no audience with which to interact. Second, we need to put a little more cash in our drama club treasury so we can award drama letters and bars to our hardwork-

Eagle man is named to board of health group

Joe Finkbeiner, of Eagle, has been re-elected to the Health Central Board of Directors to fill one of three vacancies on the 18-member board.

Finkbeiner has served on the Board since 1978 as a charter member. An electrician with BOC/Oldsmobile in Lansing, he is active in numerous community activities and serves on the board of directors for several local agencies including Capital Area United Way and the Michigan Council on Crime and Delinquency.

He is also a member of the Clinton County Board of Caversers, the Junior League Advisory Committee, Democratic State Central/10th district and the WKAR Advisory Board.

The full board meets six times a year with committees meeting regularly to discuss corporation business. All positions are voluntary and unpaid.

KROGER manager Dennis LaForest and an employee show off a new line of cooked convenience meats that LaForest says will be the wave of the future. Kroger of St. Johns has a complete line of the new meats, with selections ranging from New York strip steak to cornish hens.

Kroger introduces new convenience meats line

The Kroger store in St. Johns has a new product that Manager Dennis LaForest believes is the wave of the future.

The store recently introduced a line of cooked meats that require only a minute or two in a microwave oven and they are ready to eat.

The line includes top round roasts, New York strip steaks, barbequed ribs, cornish hens, oven roasted turkeys, bone pork chops, pork tenderloin and others cuts of beef and pork.

"It's real unique," says LaForest. "I've tried the

New York strip and it was delicious."

Price? It tends to hover somewhere around one dollar more per pound than similar cuts of fresh meat. But LaForest points out that since the meat is cooked, the customer is not paying for shrinkage.

Chamber sponsors program to help businesses SCORE

The St. Johns Area Chamber of Commerce will offer free counseling for small businesses through the SCORE Outreach Program beginning May 22 and continuing on the fourth Thursday of every month.

SCORE is an acronym for the Service Corps of Retired Executives and is made up of retired executives and professionals who have successfully completed their own active business careers. They offer counseling services, free of charge, to assist present or potential small business people.

The counselor for St. Johns will be Harold Soffin, owner of several auto parts distribution outlets with 35 years experience. He also has expertise in real estate, stocks, bonds, personnel and marketing.

Established in 1964 as an adjunct to the Small

Business Administration, SCORE has counseled thousands of small businesses. Persons who have received assistance include those who were thinking of starting or buying a business, persons with established businesses who were not making progress, and those who were operating successfully and wished to expand.

Soffin will provide counseling at the St. Johns Area Chamber of Commerce Office, 201 Spring Street in St. Johns, on the fourth Thursday of every month. Counseling is by appointment only, and will be done on a one-on-one confidential basis.

Any small business person interested in receiving the benefits of SCORE should call the Chamber Office at 517-224-7248 to arrange for an appointment.

Tanning clinic opens at Southpoint Mall

Hawaiian Tan, Inc., a tanning clinic, opened over the weekend in St. Johns. Owners of the establishment are Rick and Michelle Hughes.

Although the official grand opening is not until May 10, the store will take

appointments immediately, Hughes said.

Hughes said his tanning beds are the safest on the market.

"I guarantee it will not burn you," he said.

Hawaiian Tan will offer a discount to its first 200

customers. A single visit to the establishment will be \$6 while eight visits will be \$40.

Located in the Southpoint Mall, store hours will be 6 a.m. to 11 p.m. Phone 224-6376 for an appointment.

Over 250 attend CMH volunteer recognition

Over 250 volunteers attended the Clinton Memorial Hospital Volunteer Recognition Dinner last week, sponsored annually by Clinton Memorial to honor the services performed by the 422-member hospital volunteer force.

Thomas Wiseman, vice president of administrative services, welcomed the volunteers to the dinner held in conjunc-

tion with National Volunteer Week, April 20-26. Volunteer Services Coordinator Marilyn Wood spoke on the achievement of the volunteers and presented Dorothy Steves with a 25-year pin for her service to the Red Cross. A five-year award was presented to Romilda Walker.

Volunteer services of Clinton Memorial, which benefit the community, in-

clude: Hospice to Clinton County, Homebound Meals, CMH Auxiliary, Red Cross and Junior Volunteer programs, and the Clinton Health Foundation. In 1985, volunteers contributed over 13,000 hours in service to the hospital and community.

Also speaking on behalf of the patients and community residents were Richard Hawks, chairman of the board of directors.

SENIOR BAND members enjoy a buffet dinner at the Adult Volunteer Banquet at Findlay Manor.

Findlay Manor News

Happy birthday to:

- Elizabeth Annott — May 11
- Irene Ulrich — May 12
- Ernie Schulz — May 14

Cards are appreciated.

National Nurses Week will be celebrated at Hazel I. Findlay Country Manor during the week of May 4-10 with a special recognition luncheon for our nurses.

The residents thank the Knights of Columbus for their cash donation towards transportation to the Maple Syrup Festival.

The Country Mark has generously donated 150 pounds of fertilizer for the residents' garden at Findlay Manor. We're sure this will help to make this year's garden a "bigger" success than in the past.

National Nursing Home Week begins May 11. Calendars will be posted at various locations throughout the community. Please be sure to join us for a fun-filled week! All employees will receive special recognition.

Did you know that...

- One year ago this month the residents and staff of H.I.F.C.M. buried a time capsule that will be opened in the year 2010.
- There are over 100 residents of this area seeking admission to H.I.F.C.M.
- Studies show the elderly who use home health care are not the same ones who need long term nursing home care.
- On this basis, home health care is not a cost effective alternative to nursing home care, but is really a service to a different clientele with a new set of costs.
- Twice a year the Public Health Department reviews our residents to make sure they need nursing home care.
- All of our employees have just completed their annual tornado safety training.

Boys win Invitational; both sweep double dual

Fowler track teams rule Potterville meet

Maybe the Fowler track teams should make Potterville their "home" track.

In a CMAC double-dual meet last week, the Eagles swept past Potterville and Portland St. Patrick, and then came back to take first and second places in the Potterville Invitational on Saturday.

The boys' team scores were 93-44 versus Potterville, 125-11 against St. Patrick, and a first place 153 points at the Invitational.

Eagle girls claimed a 97-31 victory over Potterville, demolished St. Pats 103-10, and placed second at the Invitational to State Champion, Athens, with 88 total points.

"We were really quite surprised with the double-dual scores," said girls coach Kim Spalsbury. "Potterville had a couple of their best girls injured and did not have all their returnees running, so that made things somewhat lopsided."

Boys coach, Neil Hufnagle, was pleased with his teams' performance and was especially glad that he "got to run everyone. It's nice to be able to give some of the younger boys a chance to compete," he said.

Place finishes for the girls are a combined tabulation from both scores against Potterville and St. Pats.

Coach Spalsbury was satisfied with his teams' second place finish at the Invitational, especially considering the fact that Nancy Sillman, a key member of the team, was out with a bad back.

"We had some of the younger girls really come through for us," the coach said, "and broke existing school records in the 330 hurdles and 2 mile run. We did well."

First place finishers: 2 mile relay — Kim Epkey, Lori Thelen (junior), Mindy Sillman, Cindy Schneider, 10:18.2; mile run — C. Schneider, 5:29.6; 880 — Epkey, 2:32.2; 330 hurdles — Marcy Sillman, 48.7; 2 mile — C. Schneider, 11:58.1

Winning week for Redwings

By RHONDA GAFFNEY
Sports Editor

It was a decent enough week for Redwing softball. Coach Paul Sternburgh's girls added four more wins to their record, keeping them undefeated at 4-0 in the

MMB. Brenda Eiseler got strike-out number 99 and was named Female Athlete of the Week of WILX-TV, and senior Lara Foy pitched a no-hitter on her 18th birthday, April 29.

Nothing too exciting. All in a week's work.

This week promises to be just as "dull" as they Redwings face a strong Chesaning team tonight (May 6) in what may determine the conference title. Add to that a set of games with DeWitt — a doubleheader this Thursday and opening game of the Diamond Classic on Friday evening at Ranney Park in Lansing — and the Lady Wings have their work cut out for them.

"The girls are so much more experienced this year than last year," Coach Sternburgh said. "We're getting good hitting from a lot of people and super pitching from Eiseler and Foy."

"The nice thing about that combination is that when Brenda is pitching, Lara is at shortstop, and when Lara is pitching, Brenda is at shortstop," Sternburgh said.

Not a bad defensive set-up.

IN LAST WEEK'S ACTION, St. Johns opened with two wins over Ovid-Elsie on Tuesday, 3-0 and 4-0.

"It was very windy," the coach said, "and the wind was just holding everything up. Neither team had a lot of hits."

Eiseler was the winning pitcher in the opener, walking 5 and striking out 7 batters. Mary Murphy was 1-4, with Eiseler, Karen Simon and Foy all going 1-3.

Foy got the win in the nightcap, allowing no run, no hits, no errors, no walks, and striking out seven batters. Murphy was 2-2, with Simon and Eiseler each going 2-3. Simon had a triple and Eiseler a double.

St. Johns swept a doubleheader with Lansing Eastern on Saturday, 10-0 and 7-2. Foy took the win in the opener, allowing 5 hits, walking 7 and striking out 4.

Murphy was 4-5 at the plate with a triple and two home runs to her credit. She had 4 RBIs in the game.

"Everything she hit was just like rockets — she had a field day," Sternburgh said.

Missy Vitek was good on 3-5 with a triple and 2 RBIs, and Angie Pung was 2-2 with a double.

THE REDWINGS TOTALED 15 hits in the game, scoring runs in every inning except the third and fifth.

Eiseler picked up the win in the nightcap, giving up 2 hits, 2 runs (one earned), walking 5 and striking out 10. Murphy was 2-4 at the plate, Vitek was 3-4 with a triple, and Eiseler was 3-4 with a double.

Sacrifice bunts may have been the key to the win, as the Redwings laid down four bunts advancing the runner on each and scoring as a result.

"It looked like it was going to be a close game," the coach said, "so we decided to try to get some sure runs across when we could."

This week promises to be an exciting one for Sternburgh's girls and for Redwing fans. They hope to repeat as champions of the Diamond Classic and would like to take the MMB title that eluded their grasp last year.

"We'll just take them one game at a time," Coach Sternburgh said.

SJ girls take 3rd at Flint Classic

The St. Johns girls track team scored 70 team points on their way to an exceptional third place finish at the Flint Carmen-Ainsworth Cavalier Classic on Saturday.

The Redwings finished behind Flint Central with 81 points, and were just edged out by Hartland who had 71 team points.

Individual scoring was as follows:

Third place finishes: 800 medley relay — Yallup, Rapelje, Asher, Masarik, 2:00.45; 1600 run — Terrell, 5:43.73; 400 dash — T. Koenigskecht, 1:06.38; 1600 relay — T. K-13, Hurst, Malesky, Masarik, 4:28.36; novice relay — Woodward, Pardike, St. John, Kebler, 5:03.4

Fourth place finishes: high jump — Porter, 4'8"; long jump — T. K-13, 15'6 1/2"; shot put — J. Rademacher, 32'1"; 800 run — Hurst, 2:36.64; 3200 — Terrell, 12:30.2

Fifth place finishes: discus — C. Rademacher, 89'1"; 3200 relay — Hurst, Feeley, Irler, T. K-13, 10:32.8

Sixth place finishes: discus — Fox, 84'9"; 400 relay — Brocker, Rapelje, Asher, Masarik, 54.06; 400 dash — Malesky, 1:07.45

Redwing track teams saw defeat in a Mid-Michigan B track meet last week against an extremely tough Chesaning squad. The boys lost 87-49 and the girls dropped a close one, 66-82.

Ruess signs letter to wrestle at MSU

Wrestling stand-out at Ovid-Elsie High School and Class B State Champ in the 185 pound class, Brett Ruess, signed a letter of intent to wrestle at Michigan State University last week.

Ruess, who was undefeated at 42-0, was a key member of the Marauder wrestling team during his four-year Varsity career.

Jim Maidlow, Varsity wrestling coach at O-E, spent his college career at MSU, and Ruess had stated in the past his desire to attend his coaches' Alma Mater. Congratulations and good luck, Brett.

ST. JOHNS JUNIOR VARSITY — St. Johns, along with Fulton, Ovid-Elsie, and Pewamo-Westphalia field Junior Varsity baseball and softball teams. The main purpose of JV sports is to prepare young athletes for competition at the Varsity level, and coaches of softball and baseball in Clinton County see this as their primary responsibility.

Junior Varsity teams in spotlight

By RHONDA GAFFNEY
Sports Editor

As in basketball, football or any high school team sport, baseball and softball at the Junior Varsity level are used as a tool for learning and developing fundamentals of the game in preparation for advancement into the Varsity ranks.

St. Johns, Ovid-Elsie, Fulton and Pewamo-Westphalia all field J.V. teams in both baseball and softball. Here is an overview of those squads which generally take a backseat in coverage to the Varsity programs.

FULTON BASEBALL

A total of 12 players make up the Junior Varsity team at Fulton, with four of those being sophomores and the remainder freshman. Currently, the Pirates are 2-8 on the season.

"We're really better than our record indicates," said Coach Jeff Ingersol. "If you look strictly at the record, it's discouraging, but these kids are young and are learning alot."

The young Pirates have taken wins against Ithaca and Laingsburg, with pitcher Scott McCausey picking up one of those victories. He is Fulton's leading pitcher at 1-2, and has "pitched very well for us," according to Ingersol.

Fulton is getting good, consistent hitting from Chris Barrus and Derek Walkington, both sophomores, and from freshmen Brent Andrews and Cary Wilkinson.

"I think these kids will all make good Varsity level players," the first year coach said. "I'm certainly enjoying coaching them."

PEWAMO-WESTPHALIA BASEBALL

The Pirates from Pewamo-Westphalia sport a fine 10-0 record at the midway point in their season.

"You can't get much better than that," said Coach Steve Spitzley who has coached sports at the elementary level on up to Varsity. His 18-man squad is "pretty evenly split between freshmen and sophomores."

A quality infield, "the best I've ever had," according to Spitzley, has turned over five double plays already this year. Position by position the Pirate infield includes: Dale Jandernoa at shortstop, Dan Smith at second base, Troy Simon playing first base, and freshman Tod Morey taking third.

Spitzley's pitching staff has thrown four shut-outs so far with two freshmen, Tom Thelen and Billy Schaffer, serving as pitchers along with Jandernoa, Brent Becker and Troy Simon.

The strong hitting of Jim Wirth, Glenn Thelen, Dean Nurenberg, and Jandernoa has helped the Pirates put across the runs they have needed to win. Jandernoa has two home runs to his credit on the year.

"It's certainly nice to have the record and the wins," Coach Spitzley said, "but our main job is to get players ready for Varsity ball. That's what the program is for."

P-W SOFTBALL

The Junior Varsity softball team at Pewamo-

Westphalia is comprised of 14 sophomore girls — no freshmen.

That's because P-W also fields a freshman softball team, coached by Mark Breza.

The Pirate J.V.'s, coached by Bill Markes, have 6 wins and 2 losses on the year.

"We've lost a couple close games," Markes said, "and have had a lot of games rained out — or snowed out."

Sophomore Vicki Schneider, Pirates third baseman, is the teams' leading hitter, batting "around 500" according to her coach.

Helping in the hitting department are shortstop Jenny Jordan, Sherry Platte who plays centerfield and is the leading base stealer for P-W, and Sandy Simon who is also the Pirates' leading pitcher with a 3-1 record.

Because there are very few freshmen softball teams, the P-W girls play a schedule that includes Junior Varsity teams.

"We've had a lot of enthusiasm and support from the parents," Coach Markes said. "Sometimes there seems to be more fans at our games than at the Varsity."

ST. JOHNS BASEBALL

Redwing J.V. Coach Ken Ervin has a coaching philosophy that seems to be paying off, if the teams' 8-1 record is any indication.

"If you practice hard, play hard and keep the intensity level up, you will win games," Ervin said.

"It's worked well so far," he added.

The 17-man squad has a perfect MMB record, 3-0, with wins against Ionia and Ovid-Elsie so far this year. Game scores on their wins with O-E last week were 17-7 and 7-5.

"The kids are playing real well," Ervin said, "and we hope they continue to do so. The teamwork has been good."

Ervin, in his second year as Junior Varsity coach, had coached four years at the freshmen level before the program was cut.

"I enjoy it — it's rewarding working with kids," Coach Ervin said.

ST. JOHNS SOFTBALL

Sixteen girls, nine of them freshmen, make up the roster for Coach Les Schwartz' Junior Varsity softball team and have a complimentary 11-1 record on the year.

"We lost the one game by just one run — we should have won it," the coach said.

Included in the win column for the Redwings is a tournament championship at Holt where St. Johns won games over Webberville and Holt.

"We defeated Holt 7-2 in the championship game," Schwartz said. "We had some excellent pitching in that game."

Seeing action on the mound for St. Johns on a regular basis are Melanie DeWitt and Karen Tetens.

"Everybody has hit well in one game or another," the coach said. "We've really got about twelve girls who could start any game."

Redwing netters sweep three in big tennis week

What a week it was for St. Johns tennis. The Redwings netters took three wins in three days over stiff competition from DeWitt, Holt, and Corunna to up their overall record to 5-1 and keep them undefeated at 3-0 in conference play.

"We are playing well as a team," said Coach Al Werbish. "If someone is in difficulty, we are picking up the slack at different flights."

St. Johns opened their winning week at DeWitt on Tuesday, scoring a 5-2 victory. Curt Luttag, number two singles player, picked up a clutch 6-3, 6-4 win, and number four singles player, Kevin Zimmerman won his match 4-6, 6-2, 6-1.

The Redwings swept the doubles with the number one team of Eric Signs and Rich Kirby winning 6-0, 6-0, number two men Trent Brya and Chris Briggs winning 7-5, 6-3 and David Schroeder and Jason Zimmerman, the number three doubles team winning 6-1, 6-3.

The Redwings played at home on Wednesday against a tough Holt team and won 5-2. "This was perhaps our best match of the year as a team," Coach Werbish said. "We played very well at all levels with Brad Thompson avenging an earlier loss to Holt's number one man, and the number two doubles team of Brya and Briggs playing extremely strong."

Thompson won number one singles, 6-0, 6-3, and Zimmerman took number four singles, 6-2, 7-5. The doubles teams scored one more sweep with Kirby-Signs winning 7-5, 5-7, 6-0, Brya-Briggs winning 6-2, 6-0, and Schroeder-Zimmerman winning 6-3, 6-3.

St. Johns wrapped up the week on Thursday with a MMB match against Corunna which they won 7-0. In singles, the scores were: Thompson, 6-0, 6-2; Luttag, 6-4, 6-0; Fish, 6-0, 6-0; and Zimmerman, 6-3, 6-0.

Doubles teams' scores were: Signs-Kirby, 6-2, 6-3; Brya-Briggs, 6-3, 6-1; and Schroeder-Zimmerman, 6-0, 6-0. The number three doubles team of Schroeder and Zimmerman are undefeated on the year at 9-0.

St. Johns travelled to Owosso yesterday (May 5) and will be at Alma tonight before taking part in the Conference Meet this Saturday.

Half of a Dynamic Duo — Eric Signs, half of the winning number one doubles team along with Rich Kirby, is one of the reasons for St. Johns tennis success this season. The Redwings picked up three more tennis victories last week to up their record to 5-1, and keep them undefeated in league play.

Marauder track teams split dual with Corunna

The Ovid-Elsie boys track team lost a MMB meet at Ionia last week, 95-42, while the girls came home winners, 91-37. The Marauder track-men were without the services of Tate Risdale, one of their key members, who was out with a stomach pull.

Fulton tracksters face Laingsburg in CMAC

The Pirate lady tracksters took a CMAC win over Laingsburg, 67-61, last week, but the boys came up short, losing to the Wolfpack, 86-54.

"We thought we would have to win the mile relay to take the meet," said girls coach Roger Thelen, "and that's just what it came down to."

The win gives the Fulton girls a 3-4 overall record and makes them 1-0 in the CMAC. Coach Ron Merriott's boys team is 1-6 overall and 0-1 in the league.

Fulton girls results
First place finishers: long jump — Sue Root, 14'6"; 100 hurdles — Janice Kresge, 18'7"; 400 relay —

Bears drop two games to Byron in Mid-State

By RHONDA GAFFNEY
 Sports Editor

It could have gone either way, but Ashley's doubleheader with Byron last week went the wrong way for the Bears as Ashley lost two close games, 7-6 and 8-7. "We would have liked a split with Byron for the league race," said Coach Paul Hornak, "but things could still change. It's hard to say."

The losses put Byron at the top of the Mid-Michigan Athletic Conference with a 4-0 record. Ashley is tied for third at 2-2 in the league and have a 8-5 overall record.

Alan Stehlik took the loss in the first game, coming on in relief of Greg Carpenter. The Bears got off to a fast start, scoring 2 runs in the opening inning on a home run by Mike Litwiller, scoring Stehlik who had doubled. Mike Turner's single home run blast in the top of the fourth put the Bears up 3-0.

Byron tied things up in their half of the fourth, and Ashley added 2 more runs in the sixth on singles by Mike Morris and Turner who scored on a double by Stehlik. That made the score 5-5.

A solo home run by Scott Paksi in the top of the seventh gave the Bears a 6-5 lead, but they could not hold off Byron's attack. They scored twice in the bottom of the seventh to ice the game.

Litwiller pitched the entire second game, allowing 9 hits, 1 earned run, with 2 strike-outs, and 4 walks. Ashley opened with 4 runs in the first inning on walks by Stehlik and Litwiller, a single by Paksi scoring Stehlik, followed by a 3-run home run off the bat of Rick Saylor.

Two runs were added in the second on singles by Greg Carpenter and Steve Hardman who scored on a double by Stehlik and single by Paksi. The score was tied 6-6 going into the seventh when the Bears got one run on singles and walks. Once again, Byron came back to take the win.

Paksi is the Bears' leading hitter through 13 games with a .545 average. He is followed by Litwiller at .481, Mike Turner batting .370, Hardman hitting .364, and Stehlik at .360.

Rick Saylor is the leading pitcher with a 3-1 record. The Bears play at Morrice tonight and at Mt. Pleasant Sacred Heart on Thursday.

Ashley girls win and lose

Ashley girls pulled a flip-flop in their confrontation with conference rival Byron last week, losing the first game 16-6 in five innings, and coming back to take the second, 14-4 in five innings.

The first game saw the Bears commit 11 errors and give up 13 unearned runs.

"I just couldn't believe that game," said Coach Jim Lytle. "That just wasn't my team."

Strong hitting carried Ashley through the nightcap with Lori Haruska going 4-5 with three singles and one double, for 4 runs and 1 RBI. Theresa Fabus was 2-2 with 2 singles and 2 RBIs.

She had collected 2 RBI's in the opening game also.

Tina Frederick had a big triple giving her 3 RBIs in the Bear's big fourth inning where they scored six runs.

Fabus is the leading hitter at the mid-way point in the season with a .435 average, followed by Chaunda Shaw batting .375. DeAnn Gross, who picked up the win in the nightcap, is the leading pitcher with a 7-5 record. She is averaging eight strike-outs a game.

Ashley is 3-1 in league play and 7-5 overall.

"We're having a lot of fun," Coach Lytle said.

"We thought at the end of last year that Chesaning would be the team to beat this year," girls coach Teri Brown said, "and they are definitely a strong team. I was pleased with our efforts and performances however."

Boys coach, Linden Lade, echoed Browns' feelings. "I'm very pleased," Coach Lade said. "Eventhough it has been difficult to compete against the more experienced teams, no one has lost interest or the desire to improve themselves and make their individual contributions."

Redwings suffer baseball losses

"Frustrating." That's the word Coach Doug Parker used to describe his Redwing baseball teams' losses this week.

St. Johns dropped three close decisions last week; 14-12 to Ovid-Elsie in 13 innings, and a doubleheader to Eastern by scores of 8-6 and 3-2. Their record stands at 1-1 in the league with two suspended games, and 3-5 overall.

"It was tough to lose," said Parker of the loss to Ovid-Elsie. "We hit real well and had led all the game."

Parker used three pitchers in the contest — Jim Caudy started, and was relieved by Dwight Pierson. Scott Jones threw the final 8 1/2 innings and took the loss. "Jones threw well," Coach Parker said. "He shut them down good in the sixth through the twelfth innings."

The Redwings totaled 15 hits in the contest — but Ovid-Elsie had 20.

Caudy was 3-7 with 2 RBIs, Dan Dorn had a double and a 2-run home run for 2 RBIs, Scott Heibeck had 2 singles, Pierson had 2 hits with one being a 3-run home run, Tim Cleaver had a single and double for 1 RBI, and Jeff Maurer had 2 singles.

The game was tied 9-9 after 4 innings, 11-11 after 5, 12-12 after 10, and O-E won with 2 runs in the 13th.

In the scheduled nightcap which was called due to darkness, St. Johns was ahead 8-5 after 2 innings. That game along with a previous suspended game with Ionia will be made up if they are a deciding factor in the final league standings.

In the first game with Eastern on Saturday, Tom Bates started and took the loss, with Jones coming on in relief in the fifth inning. The Redwings had 7 total hits, with Jim Duwell having 2 and 2 RBIs, and Jeff Maurer getting 2 singles and 1 RBI. St. Johns committed 5 errors.

"We didn't play real well," Parker said. "Our pitching and defense were not as sharp as we would like them to be. We have to become more consistent in those areas."

Duwell was the pitcher of record in the second game, going the distance for St. Johns.

The Redwings lost the game in the bottom of the seventh on a pick-off play at third.

"We work on a variety of pick-off plays in practice and have used them successfully in game situations," Parker said. "We had picked two runners off on Saturday already, but this one didn't work."

Things don't look any easier for Parker's team this week. They play Chesaning, favored to win the MMB, tonight (May 6) and face DeWitt, ranked fifth in the State in Class C, on Thursday.

"The kids are playing hard. They made a few mistakes, and when you make mistakes against good teams, it hurts," the coach said.

Chris Wittenburg — Ovid-Elsie freshman pitcher, Chris Wittenburg, has all of the Marauders five season wins to her credit. She is 5-5 on the year with a 2.70 ERA and was named as an "Achiever" in prep sports by the Lansing State Journal last week.

Lady Marauders keep on learning

Two losses to St. Johns last week was not enough to deter the enthusiasm of Coach Mary Hudacek — or of her Marauder softball girls.

Ovid-Elsie dropped a close doubleheader to the Redwings by scores of 3-0 and 4-0, giving them a 10-5 overall record and putting them at 2-2 in the MMB.

"We hit the ball and played well defensively," Hudacek said. "This is a really dedicated bunch of girls. They learn something in every practice and every game."

The Marauders committed just two errors in each game with St. Johns.

"Basically, I felt we played very well," the coach said. "St. Johns is a very intelligent ballclub."

Freshman pitcher, Chris Wittenburg, has won all five of O-E's games and has a 5-5 record. In the hitting department, Bonnie

Patrick, Jami Martin and Sheila Platner are all batting above .390.

"We're coming along just about as we expected," Coach Hudacek said. "The girls are all hard workers, and are all good to work with."

Fowler, P-W play ball in typhoon

by RHONDA GAFFNEY Sports Editor

It doesn't matter if it's football, basketball or baseball. When Fowler and Pwam-Westphalia meet, something is bound to happen.

Last Thursday's baseball game at Fowler was no exception. They played in the midst of gale-force winds, with balls curving out of play down the first base line on almost every hit.

Fowler took a come-from-behind win, 2-1, in the fifth inning, tying them with P-W at 2-3 in the CMAC.

Stan Bauer went the distance for the Pirates and took the loss, allowing 6 hits, 1 earned and 1 unearned run, 2 walks, and 4 strike outs.

Dave Miller was the winning pitcher for the Eagles. He gave up 2 hits, 1 unearned run, struck out 4 and walked 2 in his seven innings from the mound.

The Pirates scored their only run in the top of the second. Scott Smith led off with a walk and advanced to third on a throwing error. He scored on a

sacrifice fly by Doug Nurenberg.

Fowler's winning runs came in the fifth inning when Tony Schafer's single drove one run in, and Rex Thelen scored the winning run on an error.

"We didn't field well," said Pirate Coach Mark Rademacher. "We need to do some work on fielding this week in practice — and we will."

Schafer had 2 hits and an RBI, and Jim Andros had 2 hits for the Eagles.

In earlier action last week, the Pirates stomped Pottersville 14-2 in a five-inning, mercy game.

Bill Schneider had a 3-run home run in the first inning, Scott Smith had a 2-run homer in the second inning, and Tod Smith belted a Grand Slam in the fourth.

Jeff Bengel went the distance for P-W, giving up 5 hits, 1 earned and 1 unearned run, walking 3 and striking out 4.

The leading hitter for the Pirates at the midway

point in the season is Scott Smith, batting .545 with 3 home runs. Loren Thelen is batting .321.

Pitching honors go to Bengel, the senior left-hander, with a 2-0 record and a 2.06 ERA. Junior Stan Bauer is 1-2 with an ERA of 1.35.

P-W took on Laingsburg, and Fowler faced Portland St. Patrick last night (May 5). On Thursday, Fowler will be at Laingsburg and P-W travels to Fulton. All are CMAC contests.

When bad things happen to good people, topic of May 8 meeting

The newly-formed bereavement support group at Clinton Memorial Hospital will present a special video program at its May 8 meeting.

"When Bad Things Happen to Good People," explores Rabbi Harold Kushner's experiences and feelings following the death of his own child.

The support group, which was formed by trained volunteers from Hospice for Clinton County, meets every second and fourth Thursday of the month. The meetings are held in the Conference Center at Clinton Memorial Hospital at 7:30 p.m. Individuals of all ages who have suffered a loss through death are welcome to attend any or all meetings.

For more information on the bereavement support group, contact Hospice for Clinton County at 224-6881, ext. 332.

Morning Musicale reports

By CAROLYN CAMPBELL
Musical reporter

Phyllis Rice presided at the April 24 meeting of St. Johns Morning Musicale MFMC at the home of Mrs. Howard Woodbury.

Members were treated to a morning of solo and ensemble music performed by St. Johns music students under the direction of William Tennant. Sandra Terrell played a violin selection "6th Air vaire," and Jane Cooper a cello number "Sonata in C," by Handel with accompaniment by Diantha Witteveen. Rick Ernst played a trombone solo by Handel, Darcy Lewis a flute solo, "Sonata V," by Handel and Rob Wieber "Sonata in D" a violin

number composed and accompanied by David Wiseman. A string quartet composed of Sandra Terrell, Jane Cooper, Kristin Tennant and Rob Wieber closed the program with the "Torreador Song" by Bizet and "Can Can" by Offenbach, two popular 19th Century French composers.

Kaye Pilmore newly elected south central district president of the Michigan Federation of Music Clubs will represent the local club at the state convention May 7, 8, and 9 at Cadillac.

Frances Peterson and Julia Thornton will pass out posters in the community to publicize the annual observance of National Music Week, May 4-10.

Music scholarship awarded to Klayton Monroe from Ovid

St. Johns Morning Musicale sponsors a piano scholarship annually for deserving and talented youth of the Clinton County area.

Piano students who auditioned this year for the award were: Krista Ely, Terry Hart, Klayton Monroe, Kathy Osentosky and Colleen Redman.

Klayton Monroe, son of Mr. and Mrs. Wells Monroe of Ovid, was judged the winner for this year's scholarship, which can be used for private piano lessons or attendance at a summer music camp study program. Elaine Brady, Mus. D., of Okemos served as judge.

Watch for arson, citizens urged

May 4th through May 10th has been officially declared as Arson Awareness Week in Michigan and Clinton County Sheriff Terry Haneckow urges all citizens to be aware of the

tragic consequences of arson and take an active part in reporting suspicious fires.

Arson Awareness Week is prompted by the Michigan Arson Prevention Committee and is supported by the Clinton County Fire Investigation Unit of which Haneckow's office is the head.

Arson tipsters may dial a new toll free number, 1-800-44-ARSON, which went into effect on May 1. Arson tipsters may remain anonymous and are eligible for a reward of up to \$2000 for tips which lead to the arrest or conviction of arsonists.

Gifted group selects staff

The Clinton County Consortium for Gifted and Talented announced the selection of David LaGuire to be camp coordinator for its newly developed Summer Science Camp at Fish Lake.

Registration information is available from Jenny McCampbell at Clinton I.S.D., 517-224-6831.

Plans are also underway for a Fall Area Day on Oct. 14 from 9 a.m. to 3 p.m. at Smith Hall in St. Johns.

The next meeting will be at the home of Helen Peck on May 28 at 1 p.m.

LaGuire currently teaches general science to 7th and 8th grade students in Fowler and has created a K-8 computer curriculum

for Fowler students. He is 1973 graduate of Central Michigan University.

The main emphasis of the Science Camp will be the study of wild life and environmental science in a residential camp setting.

The camp will run from June 22-27 with a cost of \$145 for residents of the Clinton Intermediate School District

Fowler aid group celebrates 50 years

Fowler branch 2320 of Aid Association for Lutherans held a belated 50th anniversary celebration at St. Paul Parish Hall on April 25.

The branch was organized on Sept. 13, 1935, and has one charter member, Rudolph Tiedt, who received a gift.

A potluck supper was hosted by Robert and Bertha Eldridge and Charlie and Edna Boak. Maxine Ernst gave a history of the branch covering its 50 years. Euchre was played by the adults and bingo by the children.

AAL Branch 2320 is an

active branch that has received a gold star branch rating for the past four years. Volunteers of the branch received AAL's National Fraternal Award recently and received a certificate at the 1986 Michigan Federation Convention held in Grand Rapids on April 5.

Aid Association for Lutherans is a fraternal insurance organization with home offices in Appleton, Wis. Present officers for the local branch are: the Rev. Charles Burhop, president; Douglas Turner, vice-president; and Maxine Ernst, secretary-treasurer.

Volunteering

Theresa Silm

There's a popular misconception these days, that everyone is too busy to help anyone else. Now that so many women, in particular, are in the work force and now that economic demands keep families busier than ever just trying to stay ahead of their bills, it seems logical to assume that volunteering isn't as popular as it used to be. Volunteering is perceived as an attitude — and a way of life — that's gone by the wayside.

The happy truth is that a larger proportion of our population — and a wider variety of people — are involved in volunteering today, than ever before. Community activism through volunteering is sweeping the country. Let's examine the facts.

More young people, more men and more elderly people are volunteering. There are more women volunteering, even though there are more women in the work force. In fact, a woman who works is more likely to volunteer than a woman who does not. Teens volunteer: 53 percent of them across the country! And listen to this figure: the dollar value of the contributed time of volunteers is conservatively estimated at 65 billion dollars!

Why do people volunteer? Because someone asks them. It's that simple. They continue to volunteer because they want to be useful and to help other people. Finally, the person who volunteers is far more likely to be a financial contributor both to that cause and to others.

The Cooperative Extension system is perhaps the best example of the success of the volunteer effort nationwide. A study by the University of Wisconsin shows that 2 million people volunteer to assist the Extension system each year; that's one out of every 80 people in the United States. That volunteer time is

Green Tee opens season

The Green Tee started their golfing season with the annual card and dessert party on April 30 at the Clinton County Country Club. Many new members were in attendance.

The program featured the famous Bohaty Dancers and Melanie Humphrey's Jazzercise class which was very entertaining to all.

The dessert table was beautifully decorated and its centerpiece was donated by Central Na-

tional Bank. Each table had a plant centerpiece donated by Woodbury's Flower Shop. The favors were donated by: Clinton Memorial Hospital, Treasure Chest, Harts Jewelry Inc., Allaby and Brewbaker, Inc., McKenzie Agency Inc., Keelean Buick, Pontiac, GMC Inc., and the Clinton County Country Club.

The many lovely prizes were donated by the local business merchants of St. Johns and the event was enjoyed by all.

worth 4.5 billion dollars, or over five times the total budget for the Cooperative Extension Service.

4-H is part of that Cooperative Extension system. How does the volunteer picture look within 4-H? There are nearly 625,000 volunteers in 4-H: 470,000 adults and over 150,000 teens. The average 4-H volunteer gives 220 hours a year, preparing for and teaching young people. The estimated value of all the time volunteers donate to 4-H, plus their out-of-pocket expenses for mileage and materials, is about 1.1 billion dollars. Staggering isn't it?

Volunteers are the core of the 4-H program, the very reason for its success. While the land grant university system provides the knowledge and educational resources, the effective delivery of 4-H programs comes from volunteer leaders at the grassroots level. How do volunteers feel about the 4-H program? A Minnesota study of 4-H volunteers showed that they respected and enjoyed the program and thought they were doing a good job in something important. Seventy-six percent of those volunteers also said that 4-H strengthened their families.

We're all concerned about our children, about their futures and the future of our community. The best way to build for tomorrow is to work through the community, and with our young people, giving both the chance to develop to their fullest potential. 4-H, tying community involvement and community betterment to youth development, helps insure that tomorrow looks bright for this town and for our nation as a whole.

If you want to find out how you can help — how you can become involved with 4-H — contact the Cooperative Extension Office at 224-3288. Get your children involved in 4-H. Volunteer your time and talents as a 4-H leader. Provide access to your resources to help educate 4-H members. Get involved. 4-H will promise you a better, stronger community. Theresa Silm is the 4-H Youth Agent for the Clinton County Cooperative Extension Service.

COOKBOOK — CRV Bus Driver Fred Erridge, left, and cookbook maker Florence Feighner discuss a draft of the community cookbook that will be sold to raise money for the CRV bus.

Cookbook to help fund bus as church gives fund match

Creative ways to help support the Community Resource Volunteers "Blue Bus" never cease, reports CRV Director Bill Richards.

The latest idea to help keep the bus rolling was the publication of a community cookbook.

St. Johns resident Florence Feighner came up with idea after reading that the First Congregational Church of St. Johns will match contributions to

the bus program. Contributors of recipes have paid to have their recipes included in the cookbook. About 300 of the books will be printed and sold for a contribution of three dollars or more.

Each dollar raised by a book will be matched by a grant from the First Congregational Church.

The CRV Cookbook will go on sale during Transportation Week, May 11 to 17. Copies will be available from Fred Er-

ridge, the driver of the CRV bus or can be delivered to you in St. Johns by calling the bus office at 224-8127 or Florence Feighner at 224-8014.

Farming factors

Giles Roehl

Last week I discussed three factors that make a difference between high and low profit farm operations. They were: 1) farm size — the larger the size the greater the potential profit or loss; 2) that to lease or rent land can be a more profitable management decision than to purchase the same quality or quantity of land, and; 3) that proper use of capitol can improve the net return to the farm.

Additional factors that may affect profitability are: 4) the number of work units (hours) involved in the farm operation. Most non-farm workers are employed for 2,080 hours, plus overtime, at their job. In addition many of these drive ten to sixty minutes twice daily to reach their place of employment. The farm family must have a minimum of 3,000 work units per year in order to provide for an adequate income to live in a modest style. Some farmers complain about working hard when all they remember are the 10 to 20 days, 15 to 20 hours, spent each spring and again in fall forgetting about the many days with many less work hours.

Full time employment is a must. 5) Placing tillable acres into high return crops can provide greater overall net returns. Often times we fail to recognize that a crop with a low value per bushel may provide a greater net return because of reduced production cost. Fertilizer, seed, and chemical cost vary greatly from crop to crop. When deciding which crops to produce, the operator needs to consider soil type, soil test, land drainage as well as crop price forecast. In 1984, the Jackson, Minnesota Area Vocational Technical Institute summarized 222 farm records. The returns over all listed were given as follows:

Crop	Avg. all farms	High 10%	Low%
Oats	\$18.53	\$71.22	\$24.39
Spg.wheat	\$55.39	\$26.63	\$31.60
Corn	\$16.92	\$66.12	\$37.63
Soybeans	\$18.12	\$44.41	\$47.68
Alf.hay	\$96.43	\$373.02	\$38.72

6) There is little difference in operating expense per acre from farm to farm. It costs approximately the same to produce an acre of 125 bushel corn as it does an acre of 90 bushel corn. The difference in profitability may come in timeliness of operation. For each day past May 5 that corn is planted and for each day past May 15 that soybeans are planted, we can anticipate a reduction of one bushel per acre. Depending on the crop, a dollar wisely invested in insect, weed or disease control may provide many dollars in net return.

7) A higher net farm income per acre provides a greater overall net return. This net return per acre may be the result of intensive livestock operations, intensive cropping in crops such as strawberries, apples, mint, or other comparatively labor intensive operations.

There are clues as to how a farm operation is progressing. Being able to "read" these clues before financial difficulties arise is important. Using all potential assistance before making major management decisions (such as EMAT or Finpack) will pay high dividends.

Giles Roehl is the Director of the Clinton County Cooperative Extension Service.

Farm fatigue

Marilyn Loudenslager

Many costly accidents can be averted by keeping farm workers from getting fatigued.

"Productivity and profits can be lost when employees are injured, but accidents can be reduced if workers are not fatigued," says Howard Doss, Michigan State University Extension farm safety specialist.

Fatigue can be brought on by discomfort, such as exposure to loud machinery, annoying insects, hunger, or high or low temperatures. Doss says providing occasional breaks, water or food can help to relieve the discomfort and keep workers alert.

Some farm jobs are unpleasant, exhausting or boring, and workers may be tempted to take shortcuts and become sloppy just to get the job done. This can be avoided by rotating jobs and giving workers something new to do when possible, Doss said.

Farm managers should be aware of worker frustration, conflicts or annoyances, because these can affect how well and how safely people work, Doss says. Help the employee resolve these problems before that person's distraction causes an accident or injury.

Marilyn Loudenslager is the Agricultural Agent for the Clinton County Cooperative Extension Service.

ASCS opens second sign-up for land reservation program

The Agricultural Stabilization and Conservation Service will open a second sign-up period on May 5 for the new Conservation Reserve Program. The program takes highly erodible land out of farming for 10 years and places it into trees or other permanent vegetative cover.

Clinton County ASCS official Peter LoDico said 306.5 acres of Clinton County's highly erodible cropland were entered into the Conservation Reserve Program during the March 3-14 sign up period.

"Only the most highly erodible land was approved for the program," LoDico said.

Acres enrolled in the program are classified as highly erodible because

the land is eroding by at least three times the tolerance level or is not generally well suited for use as cropland.

Farmers who apply during the second sign-up have the option of bidding on a 1986 or 1987 program contract. LoDico said annual rental payments will be made beginning Oct. 1, 1986, on contracts which are effective immediately.

"Producers cannot harvest any 1986 crop planted on land to be placed in the program, and any producer who has had or will have a crop mechanically removed from the designated area is ineligible for a 1986 contract."

Program participants whose contracts become effective on Oct. 1,

1986, or later, will be allowed to harvest their 1986 crop, and no annual payments will be made before Oct. 1, 1987, LoDico said. For the 1986 sign-up, designated cropland may be grazed until the program contract goes into effect and the producer is notified that livestock must be removed to comply with contract provisions. Land that is designated for 1987 contracts may not be grazed after Oct. 1, 1986.

The ASCS official said the only acreage limitation that applies for the second sign-up is that a maximum of 25 percent of the cropland in Clinton County may be entered into the program. The sign-up period ends May 16.

Ovid-Elsie Future Farmers earn four gold awards at MSU skills day

Members of the Ovid-Elsie chapter of Future Farmers of America participated recently in the annual FFA Agricultural Skills contest at Michigan State University with four teams receiving "Gold" awards — the highest level of excellence.

The milk quality and dairy foods contest team consisting of John-Paul Hyde, John Lehman and

Kore Kaufman received a gold award and placed first in the state. They will represent Michigan on the national level in Kansas City in November.

Other gold award winners were: the meat judging team of Darrin Huntoon, Jerry Stevens and Wayne Bronkema; weed and crop judging team of David Newton, Bob Nixon and Joe Kormoa; and

horse selection and management team of Brian Neathery, Cathy Love, Sherrie Holder and Joanne Newton.

The livestock judging team of Mike Mater, Bill Harris and Mike Smith received a silver award, as did the dairy cattle judging team of Margie Green, Michelle Mater, Kevin Nash, and Kevin Neathery. Lee Purdy received a

bronze award in dairy showmanship.

More than 1200 students from 91 FFA chapters across Michigan participated in the annual event which is sponsored by the Michigan State College of Agriculture and Natural Resources in cooperation with the Michigan Association of FFA.

O-E Future Farmers at convention

Eighteen members of the Ovid-Elsie Future Farmers of America chapter attended the FFA State Convention held on March 20-21 at the MSU auditorium. Alan Alga, O-E vocational agriculture

instructor, received an honorary State Farmer degree for his work in the O-E chapter.

Two graduated members, Eddie-Jo Hyde and Bonnie Rosecrans, and

senior, Darrin Huntoon, received State Farmer degrees awarded for participation in community work, SOEP (Supervised Occupational Experience Program), and leadership activities in the chapter.

The chapter hosted Kevin Neathery and Darrin Huntoon as delegates and Brian Neathery as alternate. Members participated in various state leadership contests and the convention proceedings.

Land transfers could be taxed less

A recent change in federal tax law could substantially reduce the tax that insolvent farmers pay when transferring land ownership to a lender or selling land to avoid foreclosure.

Margaret Mitchell, consultant with Farm Credit Services of Mid-Michigan, said the new legislation could help insolvent farmers who have had land transactions during the past three years or who plan to have some in the future.

"Any farmer who has sold land to avoid foreclosure or transferred ownership of land to a lender because of insolvency and who has filed a Form 6251 for the Alternative Minimum Tax since 1982 could be eligible to file

an amended tax return and get a refund," Mitchell said. "Additionally, any farmer whose financial position may make it necessary in the future to transfer land ownership to a lender or sell to avoid foreclosure could benefit from this tax law change."

The legislative change creates an exemption to the alternative minimum tax, making it possible for insolvent farmers to protect a larger portion of their capital gains from the alternative minimum tax provisions of federal tax law.

Mitchell encourages farmers who believe they could qualify for this new exemption to contact a professional tax consultant.
