Hot line

LANSING Clinton-Eaton-Ingham Community Mental Health Board now provides toll-free telephone access to emergency psychiatric services 24 hours a day. The number is 1-800-372-8460.

Other mental health services are available during regular business hours at the Clinton County Counseling Center in St. Johns. Call 224-6729.

Elsie calling

ELSIE Elsie exchange customers with one-party service will no longer be asked by an operator for their number during direct-dialed long-distance calls. During peak calling periods or in the case of an occasional equipment failure, an operator will be used as a backup to assure billing of calls.

This follows the installation of automatic number identification equipment by General Telephone Company. The project is expected to cost nearly \$74,000 upon completion.

Clothes

ST. JOHNS Want to save money on clothes? The Cooperative Extension Service will sponsor a one-day class on how to turn your wardrobe into today's fashion by revising, revamping and recycling clothes you already own.

MSU Specialist Marlene Wamhoff will lead the program on Feb. 21 at the First Congregational Church in St. Johns. The class will run from 1 until 3 p.m. There is a \$1 pre-registration fee. To pre-register, call the Extension Office at 224-3288 or 669-3663, ext. 229 by Feb. 19.

St. Cyrils

BANNISTER Uncooperative weather caused St. Cyril's annual fish supper to be canceled — but you can't keep a good supper down...er, rather you can't keep it canceled!

Joking aside, the annual meal of fish, tator tots, baked potatoes, coleslaw, rolls and all the coffee you can drink is known far and wide to be as good as it gets.

The church invites the public to enjoy the hardy supper, rescheduled for Feb. 14, from 4 until 7 p.m. Tickets are \$4 for adults, \$3.50 for seniors, \$2.50 for children under 12 and free for pre-schoolers.

Homemaker

LANSING The number of households headed by women is steadily rising and the tri-county area of Clinton, Eaton and Ingham is no exception. The number of families headed by women with children under 18 years has more than doubled to nearly 10,000 in the years between 1970-1980.

The Michigan Department of Labor has awarded the tri-county area a one-year grant with which to establish a Displaced Homemaker Program. The program is geared toward women who are usually overlooked in the job market because they are considered too old, too long out of the work force, or too difficult to efficiently place into employment.

Those interested in assistance from the Displaced Homemaker Program should call the Lansing YWCA at 485-7201.

Group formed to support school board

By RICH WERTZ
Editor

A group of St. Johns Public School District residents are forming a group to support Board of Education members expected to face a recall election this spring.

"The foremost goal, of course, is to keep the school board from being recalled," said Earl Lancaster, a member of the group. Lancaster, a former superintendent of the school district, is currently a Clinton County commissioner.

"Although I may disagree with them on a few things I don't think they should be recalled," he said.

The group will call itself Positive People for St. Johns Schools, said Paul McNamara, the spokesman for the group. McNamara, who is the chief administrator of Clinton Memorial Hospital, said the group is still in its formative stages and has not yet worked out the specifics of its campaign. But in general, he said, the group will serve as a "focal point" for those who support the school board.

CURRENTLY the group consists of about a dozen people who are meeting once each week, McNamara said. Eventually the group expects to

attract "hundreds, even thousands" of supporters, he said.

"From the way my phone is ringing, there's an awful lot of people in this community who wish to support the school board," he said.

McNamara said the group has asked Board members to "back away" from making public statements about the recall and to concentrate their attention on normal Board duties.

Board President Peter Apostol confirmed that request. He said he could not speak for other Board members but that he had agreed to refer questions and comments about the recall campaign to the Positive People group and to concentrate on his duties as a Board member.

LANCASTER, who retired as superintendent in 1976, said he resolved at that time to stay out of school district issues.

But, he said, "I felt this was too strong an issue for me to avoid."

Lancaster also said he believes the school district will suffer if the entire Board of Education is replaced at once. He said it takes three or four years before Board members have a thorough understanding of the issues facing the district.

"As far as I'm concerned it would

be catastrophic for a new Board to come in," he said.

Harold Foster, the chairman of the citizen group Concerned Taxpayers of St. Johns, the group spearheading the recall campaign, said he had not heard of the new Positive People group until he was asked for his com-

ment. "I'd like to work in a positive manner myself," he said. "Basically, when you're campaigning for a recall it gets presented like that....We don't feel we're a negative group."

"I'd say we have raised the expectations of the community, that's one

thing we've done."

Foster said his group has had discussions with state legislators regarding state aid to schools and has concerned itself with finding ways to stem the school district's loss of enrollment — examples of positive efforts by the group, he said.

'Career move, definitely'

Terres leaves school district

Richard Terres, assistant superintendent for business for St. Johns Public Schools, is resigning his position to take a similar position with the Howell Public School District.

Terres, who came to the St. Johns district five years ago, begins full time duties in Howell on March 3. During the last two weeks of February he will travel back and forth between the two districts, performing duties at each, he said.

He said it was the opportunity to advance his career, not the controversy that has erupted in the district in the last several months, that prompted him to accept the new position.

"It's a career move, definitely," Terres said. "Ultimately I would like

Richard Terres

to end up at a large school district. This is the kind of move I have to

make."

He said the Howell school district has an enrollment of 5,600 students, compared to about 3,400 in St. Johns. His new position comes with a higher salary, he said.

Terres said it would be premature to speculate about who will replace him but that it is possible an administrator already working for the district will be promoted to the post.

Peter Apostol, president of the St. Johns Board of Education, said he regretted Terres's resignation but understood the business administrator's decision.

"I'm certainly sorry to see Rick leave," Apostol said. "As far as I'm concerned he's top-notch. But he got an excellent offer and it's more than reasonable that he's going to take it."

Foundation's goal: school 'extras'

Students in St. Johns public schools will find themselves with more educational opportunities in coming years if a new organization is successful in its efforts.

Last week the St. Johns Schools Foundation for Excellence kicked off a campaign to solicit voluntary contributions that will be used to provide "educational extras" to the school district.

"Our object is not to enter into the routine budget process of the school district," said Ron Huard, president of the foundation and a former president of the Board of Education. "Our purpose is to enhance that budget."

Other members of the foundation mentioned scholarships, seminars and artist-in-residence programs as examples of projects that could be funded by the foundation.

PROPOSALS FOR funding will be made to the Board of Education. Proposals approved by the Board will then go to the foundation's board of directors for approval.

Huard said project proposals from teachers will be especially sought but suggestions will be welcome from other school staff and from people in the community.

Funds are expected to be raised from direct contributions, and from pledges, bequests and grants. Huard said some people name educational foundations in their wills.

Seed money for the foundation was donated by the Lions Club, Exchange Club, Rotary and the St. Johns Area Chamber of Commerce.

"There's possibility for a lot of creativity," said Ben Munger, the secretary of the group and the man who first suggested starting the foundation. "It is not our intention to go door-to-door selling candy bars —

there's too much of that now."

Huard said similar foundations have raised up to \$200,000 within two years of being formed. Foundations have traditionally been used by universities and hospitals but have only recently filtered down to public school districts, he said. DeWitt is the only other county district with an educational foundation.

"Only five percent of the school districts in this state have initiated programs of this sort," said Superintendent of Schools Earl

Gabriel. "We'll be at the forefront — almost like pioneers."

Besides Huard and Munger, members of the group include vice president Sue Kiley White, treasurer John Sirrine, and Cherie Anderson, Barry Dean, James Groust, John Hopko, Bill McCarthy, Lis Nobis, Janet Scott and John Wieber.

Contributions are tax-deductible and may be sent to the foundation at P.O. Box 96, St. Johns, Michigan, 48879.

Mason of the Year

RICHARD CRESSMAN was named the Free and Accepted Masons Man of the Year in St. Johns last week. Here Cressman, right, opens a gift as Joe Tomczyk, lodge secretary, looks on. About 50 fellow Masons, friends, and family gathered last week at the Masonic lodge to toast Cressman, the fourth generation of his family to hold membership in the organization.

Tribute planned for Fowler's Joe Hafner

Joe Hafner, owner of Hafner electric in Fowler, is a man who needs no introduction in the Fowler, Westphalia, Pewamo and Portland area.

He has been in the electrical business in the area for 50 years, sold the town's first television set, and is estimated to have either put electricity or appliances into 90 percent of the homes in Fowler.

He is a founder of the Fowler Conservation Club who, when the park outside Fowler was being built, devoted hour upon hour of his spare time helping to clear the land and to build the park building. When it came time to wire the park building for electricity, it was Joe Hafner who did the wiring.

He is a charter member of the Fowler Lions Club and an active

member in a number of other community, business and trade organizations.

He is a man known for giving the best of himself to his family, friends and community.

Now suffering from Lou Gerbig's disease, Joe Hafner is being asked by some Fowler organizations to let the community return some of good he has done over the years. Planned for Feb. 16 is a "Community Tribute to Joe Hafner." The event will raise funds to offset some of the astronomical medical costs associated with Joe's illness — but the real spirit of the day will simply be to pay tribute to a man who has earned the respect and affection of his neighbors.

Refreshments, lunch, raffles and music are among the activities

planned for the open house event. Merchants in Ionia and Clinton counties have donated raffles prizes ranging from video cassette recorders to snowblowers to lumber.

Tickets are five dollars and are available in Fowler just about anywhere; at the Westphalia Milling Co. and the Westphalia Bank; in Pewamo at Darvern Equipment Sales; in St. Johns at Rehmann's Mens and Boys Wear, Bee's Chevy-Olds-Dodge, Harr Jewellery, and the office of Steve Sipkovsky.

The Joe Hafner tribute will be held Sunday, Feb. 16, from 2 to 5 p.m. at the Most Holy Trinity Hall on Kent Street in Fowler. For more information call Steve Fedewa at 593-2683.

Recall organization questions authority

To the Editor:

There has been a lot said and printed about the Concerned Taxpayers of St. Johns. Just who are they? What are they trying to do? Are they wasted negative energy?

That's what several implied statements have been said of the group in the past few weeks. Why?

Is it because they are attempting to voice their opinion contrary to what those in power feel is best and only they, (those in power) know what is right? What we have here is a basic failure to communicate. Voters went to the polls twice to express their wishes on the millage issue. Both times the NO vote won. But did the true public win? No, another vote had to be taken requiring special legislative approval. Let me ask each one of you who reads this, was that fair? I mean if your issue doesn't win, should it be voted on again until the right result is achieved? How many times do we vote for President? Mayor? Governor? Get the picture?

When people are asked to vote, then find out later that they didn't vote the right way and there will be another election until the right vote comes up, what does that say of today's society? It spells DICTATORSHIP! Plain and simple. It goes against everything this country was founded on. It allows those in power to find another way around the constitution. Another way to force their will upon the public, whose opinions

Letters

appear to be carelessly disregarded.

THERE IS A problem in St. Johns but not here alone. It's felt when a citizen dares to speak out, but is told they are out of touch.

Isn't it funny those in power can have as many elections as they want, without criticism of spending the taxpayers money? But, when the shoe is on the other foot, Concerned Citizens are told they are wasting public money by expressing the right, that many in this country shed their blood and lives for. These are the same Concerned Citizens who spend their hard earned money in a town, where a business organization (Chamber of Commerce), is willing to accept their trade but not their right to self-expression unless it agrees with those in power.

Who are the Concerned Citizens? Look at the names on the petitions. They are laborers, housewives, mechanics, office workers and others. They are like those of previous generations who made this country great! They chose to question those in authority, and to hold them accountable, to tell them the system isn't always right. That just because someone says we have to do this, does that mean only they know best?

Concerned Citizens are stewards of democracy, for without them those in authority are nothing.

Sharon Reha
St. Johns

Accountability, trust are the recall issues

To the Editor:

Public accountability, public trust and the future protection of our children are the primary issues in the current recall debate, not busing alone. Official school communication listed a series of program cuts that were to go into effect in October, but were never instituted. Bus service was to be restricted to US-27. No formal communication was ever given to the public to forewarn them that busing would be totally eliminated, if the September millage failed. Trust is founded on truth. Credibility is based on truth and adequate communication. This action was a breach of public trust.

Public trust also involves entrusting our children to the care of school officials. All public officials, including school boards, have a responsibility given by the "Child Protection Law" of Michigan to "safeguard and enhance the welfare of children and preserve family life." The psychological and emotional damage that has been done to children is incalculable. To quote one young child when busing was cut, "Why do they (the current school board) hate us so much?"

FURTHER COMMUNITY support is lost and community hostility will remain for a very long time. Preserving a busing program in the St. Johns School District is essential to maintain support for other fine educational programs.

The public should have provided more financial support and needs to accept some responsibility for the decline in the quality of educational programs. If the public doesn't provide adequate millage support, it should expect to have fewer educational programs, with declining quality of existing programs and mediocre staff. However, the school board has to live within the resources provided by the voters, first protecting the needs and lives of children. Certainly, many fine school employees deserve monetary increases. However, in the face of declining financial resources, the school board chose to serve our children as sacrificial lambs on the altar of employee contracts.

However, of most concern is the arrogant stand of infallibility taken by the majority of the school board and administration. They have not admitted to making a single mistake in judgement. Given the opportunity, they would repeat the same actions again. Such arrogance is a denial of public accountability and an ad-

mission that they will continue to be unresponsive to public requests. Will they change and become a responsive, caring and communicating board, or will they continue to be arrogant and defiant? Can they regain public trust? These are some questions that the public should ask in the current recall debate.

Flag stays half-mast at Christian school

To the Editor:

There is a small Christian school in Clinton County that will continue to fly its flag at half-mast. The desire is not to diminish the mourning for those brave American astronauts that gave their lives and are highly applauded. Rather it is to focus the hearts of Americans upon the death of 15 million countrymen.

These murdered Americans didn't have a voice or film footage to commemorate their brief lives. Therefore our flag is lowered to mark this national sin. It will remain at half-mast until those morally and intellectually bankrupt are silenced and freedom to pursue life and liberty are again restored to this land of the free!

"It's in the Bag"
by **Bob Beck**

In ancient China, preparation for the New Year began a month before New Years Day and the celebration lasted a month after. Villages bustled with housecleaning to prepare homes for the renewal of the coming year.

Each year is named after constellations of the Chinese Zodiac in 12-year cycles. According to folklore, an emperor of China once invited all the animals to celebrate the New Year with him. He then named a New Year after each of the 12 that accepted the invitation. This is the year of the Tiger.

Although the Chinese now follow the Gregorian calendar, they continue to celebrate their Chinese New Year between January 21 and February 19. Thus, the arrival of the second new moon after the winter solstice (the shortest day of the year).

It was the Chinese custom to give friends and family gifts of food, and all gifts were given in pairs. The giving of pairs indicated togetherness. It was a sharing time, in fact, a food gift would be passed from friend to friend and might return to the original giver.

The traditional New Year's Eve feast ... still observed today ... consisted of 10 courses. The dinner began with soup and included separate courses of pork, beef, chicken, duck, squab, shrimp, lobster and fish dishes and a sweet dessert. So ... to all of our Chinese friends, Gung Hoy Fet Toy, which means - Happy New Year.

Signs of the second coming pondered...

To the Editor:

For years people have been saying Jesus Christ is coming back and nothing has happened.

On Friday, Jan. 31, I sat in the waiting room of a business in Lansing while my friend was in another room attending to her appointment. As I sat quietly my chair moved, and so did the magazine I was reading. I asked the receptionist if she felt what I did, and she replied that she did, and she brought my attention to the plant that was also moving. We were

stunned.

After my friend came out, I asked her if she had witnessed what we had. She said her chair also moved. We were three stories up. What was happening? Later we heard on the news that there had been an earthquake in Ohio and that the tremor had hit many places in Michigan. Was this what we felt?

In Matt. 24:3b, the disciples asked Jesus, "What will be the signs of your coming?" (Continued on page 5A)

Writer ponders the return of the Messiah

(Continued from page 4A)

Matt. 24:7b, Jesus said, "There shall be earthquakes in different places."
Then again the sceptic will say there have always been earthquakes. This is true there have been, but listen, from 30 A.D. until 1959, 1,989 years, there have been 24 major earthquakes. Within the last 26 years there have been 30 major earthquakes, and getting closer. Is God trying to tell us something?

TV pastors, local Gospel-preaching pastors, and my pastor have been saying, Jesus is very soon in coming for His church. Everything points to His soon return. Be ready.

I. Thess. 5:2b, "The Lord cometh as a thief in the night."

I. Thess. 5:3, "For when they shall say peace, and safety, then sudden destruction cometh upon them, and they shall not escape."

During Christmas our President exchanged greetings with Russia's Gorbachev, and upon listening the word peace was brought up several times. Gorbachev began with saying, I see a new year which is bringing the year of peace, with several other statements for peace, and ending he said, save trust among the nations, the bridge will not be easy but they were willing to perform for the sake of world peace. God's word says there will never be world peace.

In my first years of Christianity, as a member of the First Baptist Church, I remember hearing for the

first time in this gospel-preaching, Bible-teaching church the message of Israel, and when it became a nation that this generation would not pass, but Jesus Christ would return. Israel became a nation in 1948. A generation is 40 years. I'm not putting dates on anything. I'm just a student of the Bible, learning every day.

Upon studying the Bible, I believe the time is ripe now for the return of Jesus Christ for His church, now more than ever in history.

Is the clock running down? Is time running out? Are the heartbeats of men soon to cease?

For myself I look for the return of Jesus when I see the one who died for me. I have no fear, only anticipation.

My salvation came only after our son burned up and died and after I had served Satan for five years. I'm familiar with Lucifer's tactics, and right now he is having a hey-day causing skepticism, fighting among brethren, and wax-cold hearts.

After a sleepless night concerned about souls, I got up at 3 a.m. to write this.

Fourteen years of being a child of God, and I wouldn't change it for the world.

Don't be fooled, Jesus loves you and He's reaching out to all who will receive.

I'm open to calls, 682-4143.

God loves you, and so do I.

4-H pledge

Theresa Silm

Recently we invited 4-H members to write about what the 4-H Pledge meant to them. Two 4-H members who did a good job of doing just that were Anne Huhn and Angie Myers. I want to share with you their thoughts this week and next, as I invite them to be my guest columnists.

Anne Huhn is the 17 year old daughter of Carl and Joan Huhn. She has been a 4-H member for eight years and is a member of the Wooden Nichols 4-H club. Currently she is involved in the 4-H Citizenship project and plans to spend a week in Washington D.C. this summer learning about national government.

member working very hard on a 4-H project that was done entirely by them.

The last part is Health. Health gives us the ability and the will to strive to make our 4-H club the best it can be and to participate in our community to make it a better place to live.

So as you can see, the 4-H pledge is more than just words we say at meetings, it really does tell what 4-H is all about.

Angie Myers' article will appear next week. Theresa Silm is the 4-H Youth Agent for the Clinton County Cooperative Extension Service.

THE 4-H PLEDGE

By Anne Huhn

The 4-H pledge can mean many things to many people. To past 4-H members and leaders, it may bring back the memory of a club meeting when all the 4-H members said the familiar pledge or when you might have attended a championship softball game and the pledge was said at the start of the game. But what did those words really mean? Well I want to tell you what each of the four H's in the pledge means to me.

The first H in the 4-H pledge is Head. Our heads give us the ability to reason and solve our problems. Like when we are working on our 4-H projects and we can not figure out how something is done by reading the directions. Then we think about it and then realize how it is to be done.

The second part of the pledge is Heart, which means leaders who give of their time freely to help us become better people through 4-H.

The third part is for Hands. To me it means a 4-H

4-H leaders to focus on photography skill

"Bring Your Skills Into Focus," a photography workshop for Clinton County 4-H leaders and prospective leaders, is planned for March 5 at the Brass Bell in Chesaning.

"The workshop will provide leaders and prospective leaders with a range of hands-on skills and promote self-confidence as they work with 4-H members," said Rhonda Walker-Buckingham, Michigan 4-H Youth program leader.

Don Wishart, Iowa State University 4-H information specialist, will provide

technical instruction in the use of photographic tools and Kodak educational materials. Participants will receive a resource packet containing current publications, resource lists and 1986 4-H photography opportunities.

Reservations are due Feb. 24. To obtain more information and make reservations, contact the Extension Office at 224-3288.

The workshop is made possible by a grant from the Eastman Kodak Company to the Michigan 4-H Foundation.

Obituaries

Clemens Schneider

PEWAMO Clemens Schneider of 258 E. Main Street, Pewamo, died Jan. 29 at Carson City Hospital. He was born on Sept. 25, 1909.

He was a member of the K. of C. Council 8071, American Legion Walter Roach Post 182 in Hubbardston, and the Pewamo 21 Club.

He was a retired oil distributor for Texaco Oil, and retired from Fisher Body after 19 years.

Surviving are his wife, Rita; four sons, Lee of Morrison Lake, Lavern of St. Johns, Roger and Jerome of Pewamo; three daughters, Mrs. Richard (Sandra) Thelen of Sunfield, Mrs. Gerald (Linda) Huhn and Mrs. Gary (Kathy) Cay both of Portland; 20 grandchildren.

A funeral mass was held on Feb. 1 at St. Joseph Catholic Church in Pewamo with Fr. Isidro Garganitel officiating. Interment was made at St. Joseph Cemetery. Arrangements were made by Neller Funeral Home in Portland.

Naomi DeMott

ASHLEY Naomi Frances DeMott, age 71, of 4824 Rosevelt Road, Ashley, died Feb. 4 in Lansing following a one 1/2 year illness.

She was born April 22, 1914, in rural Perrinton, the daughter of Andrew and Matilda (Buzzer) Smaltz.

She married Keith DeMott in Gratiot County on Nov. 23, 1939.

She was a member of the St. Johns Church of the Nazarene where she had been very active in the Nazarene World Mission Society.

She is survived by her husband, Keith, of Ashley; three sons, Richard of Vinton of Iowa, Harold of Lansing and Dale of Hopedale, Ill.; one sister, Esther Garner of Lansing; two brothers Ralph Smaltz of Ithaca and Eugene Smaltz of LaJunta, Col.; eight grandchildren; and numerous nieces and nephews.

Funeral services were held at 10 a.m. on Feb. 7 at the St. Johns Church of the Nazarene with Rev. Russell Payne and Dr. Harold DeMott officiating. Interment was made in the Washington Township Cemetery in Ashley. Arrangements were made by Osgood Funeral Home in St. Johns.

Memorial contributions may be sent to the St. Johns Church of the Nazarene in her memory.

Eleanora Braun

FOWLER Eleanora Braun of 10927 E. Wayne Street, Fowler, died Feb. 5 at Hazel I. Findlay Country Manor.

She was born May 31, 1892 in Westphalia the daughter of Chris and Mary (Fernholz) Fandel.

She was married to Peter Braun in Westphalia. He preceded her in death.

A homemaker, she lived in the Fowler and Westphalia area for most of her life.

She was a member of Most Holy Trinity Church in Fowler and an honorary member of the Christian Mothers Society.

Surviving are four daughters, Mrs. Geraldine Wieber of Fowler, Mrs. Marie Conley of St. Johns, Mrs. Norena VanLoon of Owosso, Mrs. Delores Mack of St. Johns; five sons, Norman of St. Johns, Vincent of Muir, Peter of Houston, Tex., Paul and William of Fowler; 41 grandchildren and 42 great-grandchildren; and one brother, Herman Fandel of Westphalia.

Funeral services were held on Feb. 8 at Most Holy Trinity Catholic Church. Interment was made at Holy Trinity Cemetery. Arrangements were made by Osgood Funeral Home.

Holy Trinity Parish raises \$100,000 for parish school

The Educational Trust Fund of Most Holy Trinity Parish recently met its goal of raising \$100,000. The Trust Fund was initiated in May, 1984, to insure Catholic education in Fowler.

The project originated with former principal Barbara Valentine, Pastor Denis Spitzley and members of the school education commission. Trustees of the fund worked solicited contributions

from the members of the 650-family parish. Parishoners made donations as large as \$5,000. The principle of the trust has been invested by the trustees and the interest as well as 20 percent of all new contributions will be available for educational projects. One idea under consideration is the installation of energy conservation devices which would reduce energy costs by 25 percent.

GOAL REACHED — Trustees Louis Schneider, Charles Halfman, and Rita Wieber stand with the Trust Fund Thermometer showing completion of the parish's initial goal.

Agricultural news Farm employees

Marilyn Loudenslager

Improving employee motivation can lead to increased productivity and put farm operations on the road to higher profits, says Allen Shapley, Michigan State University Extension labor management specialist.

"When workers are highly motivated, gains in production and profits are soon realized," Shapley says. To get workers to put forth more than minimal effort, employers need to give employees an opportunity

to fulfill what Shapley terms "motivational needs." These include job growth, achievement, responsibility and recognition. Little, if any, financial investment is required to provide motivation that can increase profits by increasing productivity, Shapley says.

Providing employees with a way to grow on the job can be as simple as letting them go to an Extension educational meeting. Job advancement fulfills growth needs — but little upward mobility is available on farms. Workers can be taught new skills, however, that qualify them for new responsibilities, says Shapley.

Increased responsibility can also be an effective motivator, but only if employees have the ability and the authority to carry it out and can be held accountable for their actions, Shapley says. The producer needs to be aware of employees' limitations when assigning new responsibilities while at the same time being careful not to discourage involvement in the farm operation.

Farm employees also need a sense of achievement. This can be provided by setting challenging but reachable goals. For example, meeting a goal for decreased calf or pig mortality, is an achievement for workers responsible for that area of the farm.

Shapley is offering a two-day workshop on labor management that will cover motivational techniques, labor laws and a variety of other topics. The workshop will be March 12 and 13 at the Kellogg Biological Station. Call Shapley at (517) 353-4380 for more information.

Ban on lead in farm fuels is delayed

Farmers with older, gasoline powered farm machinery have a temporary delay before the Environmental Protection Agency (EPA) places a total ban on the use of leaded fuel, according to Al Almy, director of public affairs for the Michigan Farm Bureau.

Lead in fuel has some lubrication functions and farmers were concerned that having to use unleaded fuel would ruin the engines of their older equipment.

The new federal farm law directs the EPA and the U.S. Department of Agriculture to conduct a joint study on the use of leaded fuels in farm machinery before totally banning the use of leaded fuels.

Almy said farmers will probably have access to leaded fuel until at least Jan. 1, 1988.

The phase-out of leaded gasoline may boost the market for ethanol as an octane-boosting gasoline additive, Almy said.

'Hands-on' workshops set for natural resources week

Farmers who would like to improve their mechanical skills can take advantage of several "hands-on" workshops during Michigan State University's Agriculture and Natural Resources Week, March 17-22.

Scheduled workshops for the week are:

- Anhydrous ammonia application safety, March 18 (Tues.), repeated on Wed.
- Pesticide applicators' certification class, March 20 (Thurs.) from 9 a.m. to noon. The certification exam (optional) will be conducted from 1:30 to 3:00 p.m. Cost of the class is \$5.
- Concrete construction for livestock facilities, Tues. from 10 a.m. to 3 p.m. at the MSU Dairy Teaching and Research Center.
- Lightning protection for buildings, Tues. from 9:30 a.m. to 11:30 a.m.
- Only people who are electricians or utility company employees should attend the agricultural wiring session Thurs. from 1 to 4 p.m.

Most of the workshops will accommodate only a limited number of people, so advance registration is essential. Details about the workshops can be obtained by calling Brochu at 355-3477.

County spikers net tournament trophies

By RHONDA GAFFNEY
Sports Editor

It was an eventful weekend for Clinton County girls volleyball teams as they all participated in various invitational meets around the area. Ovid-Elsie, Pewamo-Westphalia, and St. Johns Varsity and Junior Varsity all brought home first place trophies from their respective sites of play.

ST. JOHNS, VARSITY

St. Johns is becoming accustomed to bringing home tournament trophies for their efforts on the volleyball court. The Redwing spikers finished first in the Williamston Invitational last Saturday, winning all four of their matches.

"It was a good day," said Coach Bernie Fox. "The girls played really well."

Teams from Hartland, Napoleon, Williamston, Web-

berville and Flint took part in the day-long tournament held at Williamston High School. St. Johns defeated Flint Bentley in the semifinals 15-8, 15-12, and went on to defeat Williamston in the finals 15-10, 15-9.

Individual totals for the day were as follows:
Points served, Brenda Eiseler, 22 and Cheryl Rademacher, 20; spikes, Kerry Porter, 33, Rademacher, 29, Debbie Bensinger, 27 and Eiseler, 26; blocks, Eiseler, seven, Porter, seven and Bensinger, six; sets, Mary Murphy with 70; serve receptions, Porter, 21, Rademacher, 18, Murphy and Eiseler, 17 and Bensinger, 16.

In action last Monday evening, St. Johns defeated Chesaning in league play, 15-0, 9-15, 15-13. "We barely pulled off the third game," said Fox.

Bensinger led in points served with 15, Eiseler had 18 spikes and seven blocks, Murphy had 42 sets, and Porter had ten serve receptions.

The Junior Varsity also won their match 15-12, 15-13. Last weeks planned match with Grand Ledge has been rescheduled for Feb. 19 and will begin at 6:30 p.m. in St. Johns with a freshman game. The Redwings played Corunna at home last night and will travel to Pewamo-Westphalia tomorrow, Feb. 12.

PEWAMO-WESTPHALIA

Coach Nancy Krieder knew her girls were going to be "right on" while watching their first match of the day. "I could tell after the first match that we were going to have a good day — we felt very confident," she said.

The P-W Pirates volleyball team traveled to Saranac for their Invitational on Saturday to compete with teams from Fowler, East Grand Rapids, Carson City, Covenant Christian, Laingsburg and Saranac. The girls played 12 games during the course of the day and lost only one.

"We played consistently and very well," said Krieder. "I would say it was a combination of determination and enthusiasm."

Pewamo-Westphalia defeated Fowler in the semifinal round 15-4, 15-4. Fowlers' girls went on to take third place in the tournament, defeating Saranac for that position.

"I know Fowler's coach (Jerry Krause) was very pleased with his team in their win over Saranac," Krieder said.

In the Championship match, the Pirates were winners over Carson City 15-6, 15-3. Overall, Krieder said her team served over 85 percent for the day. Individual scoring was "pretty even," according to the coach. "It was a whole team contribution — we had the support of all the girls," she said.

"So much improvement is made during the course of the day in these tournaments," Krieder said. "We were

just really pleased to bring home the first place trophy."

P-W was able to play one of their scheduled matches last week, defeating Laingsburg 15-1, 15-6. Top server in that match was Stacey Bierstedel who served 14 points in a row in the first game. Deb Pung had four spikes, and Japanese foreign exchange student, Sayuri Urata had three blocks for the Pirates.

The Pirates have three matches planned for this week, if the weather cooperates: last night they played at Fulton, tomorrow (Feb. 12) they play at home versus St. Johns, and are at home again on Feb. 13 for a match with DeWitt.

ST. JOHNS, JUNIOR VARSITY

"We had excellent teamwork," said Redwing J.V. volleyball coach Teri Brown. "The girls all worked really hard."

The Junior Wings took part in an eight-team Invitational at Lansing Everett High School last Saturday and upped their record to 10-1 on the way to taking first place honors in the tournament.

St. Johns defeated Haslett in semifinal action 15-7, 15-15, 15-4, and were winners over Jackson in the final round of play 15-12, 15-8.

Top setter for the day was Lisa Ebert with 31; Heather Johnson had 20 spikes and Gina Schneider had 15; Angie Pung had 15 serve receptions and was top point earner with 34. Johnson had 31 points and Carey Darnell had 24 for the day.

All 18 of the girls "played a lot," according to Coach Brown. "This is a super group of freshman and sophomores," she said.

OID-ELSIE

The Ovid-Elsie girls volleyball team came up winners in two matches last week and capped the week off by taking championship honors in their own Invitational held last Saturday.

"The girls played really well," said Coach Doug Long. "I was very pleased."

The O-E Invitational saw teams from Haslett, Shepherd, Birch Run, Corunna, Chesaning, Bath and DeWitt vying for spots in the semifinal round. The Marauders defeated Chesaning in the semis with scores of 15-10, 15-9 and went on to take Birch Run in the finals, winning 6-15, 15-9, 15-12.

Jami Jones was high for her team in points served with 45, followed by Jami Martin with 29, Sheila Platner with 28, and Bonnie Patrick with 26. Shelby Terpstra had 70 spikes, 25 for kills; Courtney Schneider had 69 spikes, 14 for kills; and Platner and Martin each had 21 spikes.

Schneider had 32 blocks, nine untouched; Terpstra had 30, eight untouched; and Martin had 18 blocks. Terpstra had 16 tips and Schneider had 10 tips. Leading

in sets was Jones with 150. Deb Darling had 101 sets and six saves.

"Passing was a big key for us all day," Long said. "We had said if we could set up an attack, we could score." Terpstra was 87 percent in passing, Platner was 84 percent, and Patrick was 81 percent.

"Courtney had a lot of blocks for us in the semis and finals," said Long. "She really came through." Also playing well was Shelby Terpstra who was named to the All-Tournament Team for O-E.

In other action last week, the O-E spikers defeated Durand by scores of 15-8, 7-15, 15-5, and Ionia by scores of 15-0, 15-5. The Marauders record currently stands at 21-6 on the year and 3-0 in league play.

Jones, Terpstra and Darling each had eight serve points in the Durand match, Terpstra had 12 spikes, Schneider had 11 spikes and six blocks. Against Ionia, Martin led with 10 serve points, Schneider had eight spikes, and Darling had three saves.

Ovid-Elsie played at Alma last night, and will take on Fulton at home this Wednesday evening.

CHERYL RADEMACHER and the St. Johns Redwings came home from the Williamston Volleyball Invitational with a first place trophy. The Junior spikers also took first place in action at Lansing Everett.

Fundamentals are stressed by b-ball parochial coaches

By RHONDA GAFFNEY
Sports Editor

Basketball fundamentals. That's one thing that all the basketball coaches in county parochial schools stress in their programs for ages Junior High and below.

Having looked at Junior High basketball programs in public school systems in last week's Clinton County News, let's check on opportunities available to students in county parochial schools.

ST. PETER LUTHERAN SCHOOL

Located in Riley township southwest of St. Johns, St. Peter Lutheran School probably is one of the smallest schools in terms of student enrollment in Clinton County. That fact has not put a damper on the enthusiasm of their basketball team however.

"We normally play against schools with enrollments of 150 or more," said Coach Dave Gaffney. "The kids are used to going up against stiff competition."

St. Peter plays a full schedule of games against other parochial and public schools from Ionia, Pewamo, Greenville, Lansing, St. Johns, and Ashley. The record of the seventh and eighth grade team currently stands at 7-3 with four regular season games remaining.

How does a school of 24 students compete successfully against schools with much larger enrollments?

"We start real early," Gaffney said. "Grades one through four practice regularly on an eight-foot basket. We use drills that we make up specifically for that age level. The kids are always eager to come to practice."

A TOTAL OF 16 BOYS and girls take part in St. Peter's program. St. Peter fields a fifth and sixth grade team on which the students in grades one through four also play. They play a ten-game schedule with the same teams as the seventh and eighth grades.

Gaffney and his assistant, Rod Hayes, have been volunteer coaches for St. Peter's program for the past nine years. One of their alumnae is currently playing college ball, while one is a member of the St. Johns Varsity team, two are playing ball on the J.V. team, and two are county freshman teams. Those are numbers of which Coach Gaffney is proud.

"We like to think that because of the amount of time these kids have spent playing ball at a younger age, they're more advanced in basketball skills than others who haven't had the opportunity to play as much," Gaffney said. "We stress fundamentals — and winning at the same time."

ST. JOSEPH, ST. JOHNS

"Coaching this age level is great," Don Keim said about his sixth grade team at St. Joseph Catholic School in St. Johns. "What they lack in experience they make up for in enthusiasm."

Keim is assisted in his coaching duties for the 15 boys in St. Joe's program by John Wilcox. Jerry Mitchell and Gary Burk are in charge of the fifth grade team which comprises 26 students. Each class practices two days a week for about two hours.

"We play games with Ashley, Fulton, Pewamo, Ionia and Portland St. Pats," Keim said. "We also participate in an annual tournament hosted by Ashley. Our combined fifth and sixth grade team placed second in that last year."

AS IS THE CASE IN ALL the parochial schools, St. Joe's program is strictly a volunteer one. "We have super support from the parish

Keim said. "It's not unusual to have 300 to 400 parents at the games. Father Hankerd and Sister Joan are our number one fans."

St. Joe purchases its uniforms, basketballs and the like from proceeds earned from admission charged at their games. "The local Knights of Columbus donated a new scoreboard to our program this year," Keim said. "We were very grateful for that."

"Our main responsibility is to teach sportsmanship and fundamentals," said Keim. "We'd rather win than lose, but that's a by-product. By the time these kids enter Junior High they know the rules, and what they can and cannot do. It's an awfully nice program."

GROVE CHRISTIAN SCHOOL

The seventh and eighth grade program of Grove Christian School is run along the same lines as their high school program. They play the same schedule of games as the high school team does, playing prior to each Varsity contest on Friday nights.

Rocky Rushton and Ray Curtis are volunteer coaches for the Junior High program which involves 15 students. They are currently 5-6 on the year and practice four nights a week after school.

"THE JUNIOR HIGH TEAM runs the same offense and defense as we do," said Byron Prange, head coach and athletic director at Grove. "Mainly we just want them to understand the game and fit into our program when they enter ninth grade."

The students practice drills and learn basketball fundamentals. Grove has had a program for students in fifth and sixth grade in past years, but does not have one this season.

"The coaching time involved is strictly volunteer," said Prange. "These are parents who do it because they really want to and are willing to put their time in."

ST. JOSEPH, PEWAMO

Bob Werner has been the man at the helm of St. Joseph's basketball team in Pewamo for the past 10 years. "It just kind of gets in your blood," Werner said. "It's hard to step down."

St. Joe-Pewamo has 12 students on its seventh and eighth grade team, coached by Werner, and 12 on the fifth and sixth grade team, coached by Bruce Devereaux and Mike Miller. Their teams play against schools from Greenville, Ionia, Lansing, Pewamo-Westphalia, and St. Peter-Riley.

"Our record is 3-2 for the younger team and 3-4 for the older team," Werner said. "Our seventh and eighth grade team took third place recently in a tournament hosted by St. Peter and Paul from Ionia."

WERNER RUNS THE SAME offense and defense as that used by Pewamo-Westphalia High School. "That really helps the boys a lot when they get into the high school — they know what to do and what to expect."

That seems to be evidenced by the fact that Werner has three ex-St. Joe players on P-W's varsity team, four on the J.V. team and one on the freshman team. "It seems that the kids just keep getting better and better every year," Werner said.

St. Joe-Pewamo also runs a program for students in the third and fourth grades. Brian Smith is the coach for that which stresses primarily fundamentals and shooting.

"Mainly we just stick to the basics," Werner said. "Just take the ball to the basket and shoot."

Wings beat O-E in MMB action

By RHONDA GAFFNEY
Sports Editor

Last Friday's basketball contest between St. Johns and Ovid-Elsie is a good example of why the sport contains more than one quarter. Although, if Marauder Coach Bob Foreback had his way, the first quarter alone would have been just about the right amount of time.

St. Johns pulled off a win in the game played at Ovid-Elsie by a 80-67 score.

The outcome of the game was decided at the free throw line in the closing minutes of the final quarter. The Redwings went to the line shooting one-and-one a total of eight times in the final three and one half minutes of the game, and converted that into 15 points — that was the game.

The Marauders came out shooting to open the game, missing only six shots from the field in the first quarter, to take a 24-18 first quarter lead. They continued to shoot well in the second period — as did the Redwings. The

MMB RIVARLY — St. Johns and Ovid-Elsie played basketball last week with the Redwings emerging as winners. Jeff Conklin, number 24 for the Marauders, was a part of the team effort that saw O-E drop another game in MMB action.

score at halftime stood at 39-37 in favor of Ovid-Elsie.

It looked as if St. Johns would have to go to its bench early as no fewer than five Redwing players had three or four fouls apiece early in the third quarter. Ben Marshall, Trent Jakus, Bill Keenoy, Butch Armstrong and Jody Peters all played the second half with assorted fouls called on them. Jakus and Marshall eventually fouled out of the game in the fourth quarter.

Ovid-Elsie had tied the score at 61 all with 5:24 showing on the clock and held to within three points of St. Johns until the 3:56 mark when the Redwings began

their charity stripe shooting spree.

It was a disappointing loss for the Marauders who fell to 1-6 in the MMB and 2-10 overall. The win put the Redwings record at 2-4 in the league and 4-9 on the season.

Leading in scoring for St. Johns was Butch Armstrong with 18 points, followed by Jakus with 17, Jody Peters and Alex Parker with 12 each.

Marauder scoring came from Troy Barnhill with 21 points, Dave Fowler with 12, Nick Hurst and Jeff Conklin with 11, and Bob Foreback with 10 points.

St. Johns and Ovid-Elsie both have two home games each scheduled for this week: the Redwings play Grand Ledge tonight and Chesaning on Friday, while the Marauders take on Owosso this evening and play Ionia on Friday.

St. Johns Junior Varsity defeated Ovid-Elsie by a 66-49 score.

Pirates' cagers rumble in CMAC

"Defense and rebounding." Those were the two differences in last Saturday's basketball game between CMAC rivals Fulton and Pewamo-Westphalia according to Fulton's coach, Terry Smith. The Pirates from P-W defeated the Pirates from Fulton by a 55-41 score.

"They played good defense and rebounded well," Smith said. "They shut down our guards." P-W allowed Fulton's Dave Stephens only 12 points and Joel Parker was held to just five.

"It was an excellent ballgame for us defensively," said P-W's coach Ron Kramer. "We showed patience on offense and had much better shot selections than in our past few games. I was very pleased."

Pewamo-Westphalia had opened up a 16-9 lead at the end of the first quarter and widened that margin to 28-16 at the end of the first half. They were good on 12 of 16 attempts from the field in the first half.

"We played more people," Kramer said. "Everybody got in the ballgame, which is nice. I thought Smith's kids played real hard. We were very pleased to hold Stephens down like we did."

Bruce Klein from P-W led all scorers with 16 points. He also had nine rebounds. "Klein played a super game for them," said Smith.

Tom Belen had 13 points for Pewamo-Westphalia, and Doug Schmitt was good for 10 points and had 10 rebounds. Jeff Smith, who had six points and five assists, had "an excellent ballgame," according to Coach Kramer. Glen Stump helped out in the guarding of Stephens and also "played well."

Stephens led Fulton's scoring attack with 12 points, followed by Todd Koone with seven, and Joel Parker and Todd Walden each had five points.

Fulton was snowed out of their Tuesday night game with Breckenridge. That has been rescheduled for Feb. 18 and will be played at Breckenridge. The Pirates have two road games on tap this week: tonight at Carson City and this Friday at Laingsburg. "Laingsburg is always a real tough team to play — I'm not sure if we're looking forward to that one or not," Coach Smith said.

Pewamo-Westphalia has their work cut out for them this week as they also take to the road, playing at DeWitt tonight and at Portland St. Pats on Friday. "Both games will be tough ones," Kramer said. "DeWitt has a very aggressive style of play — hopefully we'll be equal to the task."

SJ tankers win big; gymnasts take loss

The Redwing tankers upped their record to 7-2 on the year and 7-0 in the league with wins over Ovid-Elsie, 108-57, and Lansing Sexton, 88.5-82.5, last week. The meet with Sexton was held at the

Michigan State University pool.

In the league meet with Ovid-Elsie, first place finishes were recorded by the following:

200 medley relay team of Arnold SanJuan, Kevin

D'Hondt, Kevin Rumzek, Mike Beck, 1:58.71; 200 individual medley, Steve Williams, 2:19.34; 50 freestyle, Kevin Bauer, 24.78; 100 butterfly, Mike Giesecke, 1:05.7; 100 freestyle, Bauer, 55.13; backstroke, Rick Runions, 1:06.69; breaststroke, Mike Martindale, 1:08.84; 200 freestyle relay team of Tom Newhall, Bauer, Pete McNamara, Williams,

3:46.0. First places for Ovid-Elsie went to Griffin in the 200 freestyle, 2:01.56; Peter Falver in diving with 116.25 points; Curtis in the 500 freestyle, 5:33.36.

Swimming for first place in the meet with Sexton were:

400 medley relay team of Rumzek, Williams, Runions, Bauer, 1:49.74; 50 freestyle, Newhall, 24.30; 100 butterfly, Runions, 58.07; 100 freestyle, Newhall, 52.94; breaststroke, Williams, 1:09.07; 400 freestyle relay, Giesecke, Newhall, Smith,

Martindale, 3:34.98.

The Redwings are at Mason for a meet tonight and will host DeWitt this Thursday in what will be an important meet for both teams as far as league standings are concerned.

Sue Cerny's Redwing gymnasts lost an extremely close match to a tough Holt squad last week, 117.1 to 116.35.

In individual scoring, Chris Ebert took first in the vault with an 8.8 score and Denis Fox placed fourth, scoring 7.8. Ebert placed third on the uneven bars with a 7.6 and Missy Vitek

was fourth with 7.1. Vitek also took third on the beam with a 7.1 score. In floor exercise, Ebert tied for second with a 8.2 score and Deanne Fox finished fourth

with a 7.6.

The Redwings are currently 4-2 on the year.

St. Johns was snowed out of a match with Perry last week. That has been

rescheduled for Feb. 18 at St. Johns beginning at 6:30 p.m. The Redwings will be travelling to Haslett for a meet tomorrow evening (Feb. 12).

Eagles get lucky 13

"Our first quarter was as fine a quarter of basketball as we've played all year," said Fowler head coach Dennis Smith. The Eagles defeated Laingsburg on the Wolfpack's home court last Saturday 59-47 to remain undefeated at 13-0.

"It was a really physical game," according to Smith, with Fowler being outbounded for the first time this year 42 to 30. "They just really went after the ball," Smith said.

Fowler opened up a 19-7 lead at the end of the first quarter. "It really could have been more like 19-4 — we made one or two mistakes at the very end of

the quarter," Coach Smith said.

Much of the first quarter scoring came off from the outside shooting of Bruce Schmitt. "They (Laingsburg) came out playing a triangle and two with man-to-man on Dean (Koenigsnecht) and Tony (Hamilton)," Smith said. "That left Bruce open and he put in some key 15-16 foot jumpshots."

Needless to say, Laingsburg put a quick end to that strategy. They played straight man-to-man for the remainder of the night, but to no avail.

Hamilton led Fowler's scoring with 17 points,

followed by Schmitt with 14, Koenigsnecht with 13, and Kurt Simon with nine points and nine rebounds.

Fowler will make up their game with Olivet, which was snowed out last week, on Feb. 22. Games planned for this week are at Saranac tomorrow, and at home on Friday versus Pottsville.

"I just hope we can get the remainder of our scheduled games in," said Smith. "We have a rhythm going now and want to keep it."

Ashley is victorious

Ashley managed to get one game in last week before bad weather put a stop to much of the Friday night basketball action in Clinton County. The Bears defeated St. Louis last Tuesday 71-69.

Friday's planned game with Webberville has been rescheduled for Feb. 24 at Ashley.

Mike Litwiller added one more "triple double", 27-18-12, to his collection, and played what Coach Gary Schestag said was "his best game of the year so far." That's quite a statement considering Litwiller's record this season.

The Bears "hustled as hard as we had all year," said Schestag, and held a 23-13 lead at the end of the first quarter. St. Louis got back in the game during the second period and trailed by just one, 38-37, at halftime.

It was a back-and-forth game during the final period with St. Louis leading by four points at one time in that stanza. Free throw shooting by Chris Ringle and Litwiller in the final 34 seconds of the game gave Ashley the victory.

"I was very pleased that the team held their composure and came back to win after they had been behind," Schestag said.

Litwiller's 27 points led all scorers, with Alan Stehlik adding 17 for Ashley, and Ringle making 13 points, eight rebounds and dishing off five assists.

Ashley plays at Mt. Pleasant Sacred Heart tonight and will take on Dansville at home this Friday in league competition. "It's always tough to win at Sacred Heart," the coach said. "A win there would give us a big lift going into the conference game with Dansville."

O-E grapplers take conference crown

Ovid-Elsie claimed first place in the Mid-Michigan B Conference in wrestling, scoring 187.5 team points en route to their victory at Ionia last Saturday. Jim Maidlow's grapplers have yet to lose a match this season.

Other MMB participant, St. Johns, finished fifth in the conference meet with 84.5 points.

Individual scoring for Ovid-Elsie and St. Johns in Championship matches was as follows:

98 pounds — Larry Oridway (O-E) pinned his man, 3:18.
119 pounds — Flory (Ch) pinned George Maron (O-E) :49.

145 pounds — Steve Walker (O-E) pinned his man, 5:16.
155 pounds — Mike Koyne (O-E) won by default.

167 pounds — Rob Pohl (O-E) won by decision, 9-3.
185 pounds — Bret Ruess (O-E) pinned his man, 1:47.

198 pounds — Nations (Co) decisioned Bob Cummings (O-E), 17-7.

Heavyweight — John Glover (SJ) won by decision, 2-1.

Finishing in third or fourth places in consolation matches were Dan Zelenka from St. Johns at 98 pounds; Dave Vigilanco from O-E at 105 pounds; Kevin Ladisky from St. Johns at 112 pounds; Tom Ladisky from St. Johns at 119 pounds; John Beachler from O-E at 126 pounds; Dean Love from O-E at 132 pounds; Jeff Harkness from O-E at 138 pounds; John Cleaver from St. Johns at 145 pounds.

Ovid-Elsie will be at Shepardsville tomorrow, Feb. 12, for a meet.

Fire destroys St. Johns home, resident is burned

A St. Johns man was being treated for burns in Sparrow Hospital last week after a fire destroyed his home Feb. 3. Allan Burgess, 6500 Welling Rd., was sleeping when he was awakened by his two doberman dogs and discovered his house ablaze, said Claier Maier, St. Johns fire chief. He escaped unharmed but was injured when he re-entered the house thinking his two sons were inside. His sons were away and no one else was injured. The cause of the fire is undetermined. The house was a total loss, Maier said.

Advanced Formula Gas, Injector Boost Power

Automotive technology is teaming with petroleum science to give your car smoother performance and more power. More and more new cars are switching from a carburetor system to fuel injectors to feed the engine. One per cylinder, the new devices—about the size of your thumb—spray a fine mist of gasoline into the intake port of each firing chamber. You get better mixing with air.

formula Super Unleaded gasoline including a strong detergent that washes away the deposits. The added chemical works much like the detergent in a dishwasher: it coats the surface under the dirt and floats it away. Researchers ran tests in actual cars "driven" under varying road conditions on a high-

way simulator. In one such test, the researchers found that an injector 21 percent clogged, to the point where performance was noticeably affected, was only three percent clogged after two tankfuls of the new-formula gasoline. One result was significant improvement in acceleration to highway speeds.

HIS CAR OR HIS WIFE? PEDALS TO HEEL AND TOE? NO MORE SUPER-LEADED GAS?

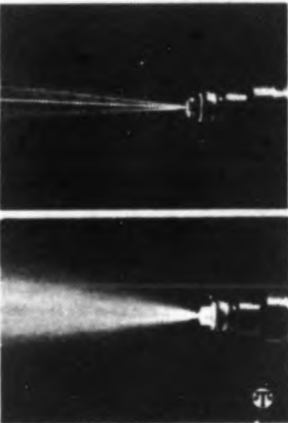

Q. I enjoy my car but it tends to stall when I make a sharp right turn with the clutch depressed or transmission in neutral. It doesn't happen on a left turn or when the clutch is engaged. Also, it is a sporty car and my wife complains about the harsh ride. Is it possible to detune the suspension and would higher ratio tires help?
—Harvey F., Bklyn., NY

A. One of your questions has a simple solution, Harvey. The other may present a difficult choice—your wife or the car. Most likely you need to adjust the carburetor float level to the high limit specification. That should take care of the problem on right turns. Higher profile tires will soften the ride somewhat but you will also have to change to smaller wheels and be sure the tires don't rub against the sheet metal. As you know, a performance car is really a special balance of all its components and systems. Changing the tires and softening the suspension will upset the balance and make it an unhappy hybrid.

Q. We've heard that super-leaded gasoline is on its way out and we have a '87 Camaro we love. Do you know if we can have the engine converted or will another type of gasoline be okay to use?
—Mr. & Mrs. Len S.

A. You are right about super-leaded going away. After the first of the year the EPA requires that the lead content in automotive gasoline must drop from .5 grams to .1 grams per gallon. Older engines like yours that depend upon lead to lubricate the exhaust valves will be in trouble. Under heavy engine loads and at high rpms, the valves will wear rapidly. Mixing low-lead with high octane unleaded will do no good because it's the lead that is needed. Some racers solve the problem by using aviation fuel, but I'm not sure the EPA approves. We've heard that Phillips Petroleum Company is developing an additive to solve the problem but nothing is out yet and the New Year is drawing close. For more information you can contact the International Society for Vehicle Preservation at P.O. Box 50046, Tucson, Arizona 85703.

There's one possible hitch: dirt can form at the injector's tiny opening, the width of a human hair around the needle valve in the center of the orifice. Such deposits, formed primarily as a hot engine cools after being switched off, can cause the gasoline to spurt out in ragged streams instead of fine mist. You could get poor starting, rough running or stalling. Researchers at Mobil came up with a new development that's won the praise of leading car-makers: an advanced

Gasoline spurts raggedly from a partially clogged injector (top) while the clean injector sprays gasoline in a power-boosting mist.

NEWS IN PICTURES

For an injured truck driver, getting on the road to recovery and back into the driver's seat, can be a less long and tedious journey. Thousands of truck-related accidents occur each year. Fortunately, many of these are only temporary disabilities. At Liberty Mutual Insurance Company's Medical Service Center in Boston, a cab-over-engine (COE) mock-up, built into a wall helps injured truck drivers make a smooth transition back to the driver's seat. The clutch, brake, accelerator, shifting and steering are all in working order in this mock-up, which was made by cutting a truck cab in half. The truck is so equipped that some of the operations that require heavier forces can be started at a light force and gradually increased. Rehabilitating drivers can receive commands and challenges on various tasks involved in operating a COE truck through a video display inside the mock-up.

Business report

Investment firm opens here

Charles R. Dicken, of the investment firm Edward D. Jones and Co., is making final arrangements to open an office in St. Johns. "I am eager to become acquainted with the business people and residents of St. Johns," Dicken said. "I plan to be an active member of the community and am looking forward to settling down here." The investment representative will initially work out of his home at

208 S. Oakland St. After he and the business become settled he will consider opening a separate office, he said.

Edward D. Jones and Co. was founded in 1871. Its home office is located in Maryland Heights, Mo., outside St. Louis. The company has more than 800 offices in 33 states with services "geared to the needs of individual investors."

NEW TO TOWN — Chiropractor Dennis Stepanovich recently began sharing office space at the Mid-Michigan Chiropractic Health Center on US-27.

Farmarina rated excellent

Beck and Hyde Farmarina of St. Johns has been named in January to the John Deere and Company "Circle of Excellence" sales club for 1985. John Deere company presents the award to dealers who have reached a 20 percent or greater increase in sales over the previous year's level.

Dan Beck, owner/manager of Beck and Hyde, has been a John Deere power equipment dealer since 1967. The dealership, specializing in quality equipment, outstanding parts availability and customer service has grown steadily

since that time, says Danial Polert, territory manager for the John Deere Co.

NOTICE OF ORDINANCE ADOPTION

At a Special Meeting of the Township Board of the Charter Township of Watertown held at 12803 S. Wacousta Rd., Grand Ledge, Mi, on January 27, 1986, at 6:00 p.m., the following ordinance was adopted:

TOWNSHIP OF WATERTOWN ORDINANCE NO. 8

An ordinance to create the WATERTOWN TOWNSHIP OFFICIALS COMPENSATION COMMISSION PURSUANT TO THE PROVISIONS OF MCL 41.95.

The Township of Watertown ordains:
 1. LOCAL OFFICIALS COMPENSATION COMMISSION. A local officials compensation commission is created pursuant to the provisions of Michigan Compiled Laws S41.95. The commission shall determine the salary of each township elected official. The commission shall consist of five members who are registered electors of the township, appointed by the supervisor subject to confirmation by a majority of the members elected and serving on the township board. The terms of office shall be 5 years, except that of the members first appointed, 1 each shall be appointed for terms of 1, 2, 3, 4, and 5 years. The first members shall be appointed within 30 days after the effective date of the ordinance. Members other than the first members shall be appointed before October 1 of the year of appointment. Vacancies shall be filled for the remainder of an unexpired term. An officer or employee of a government agency or unit or member of the immediate family of an officer or employee shall not be appointed to the commission.

2. DUTIES AND RESPONSIBILITIES. The commission shall determine the salary of each township elected official which determination shall be the salary unless the township board by resolution adopted by 2/3 of the members elected to and serving on the board rejects the determination. The determination of the commission shall be effective 30 days following filing of the determination with the township clerk unless rejected by the township board. If the determination is rejected, the existing salary shall prevail. An expense allowance or reimbursement paid to elected officials in addition to salary shall be for expenses incurred in the course of township business and accounted for to the township.

3. PROCEDURE, PUBLIC MEETINGS AND COMPENSATION. The commission shall meet for not more than 15 session days in each odd numbered year and shall make its determination within 45 calendar days of its first meeting. A majority of the members of the commission constitutes a quorum for conducting the business of the commission. The business which the commission may perform shall be conducted at a public meeting of the commission held in compliance with Act No. 267 of the Public Acts of 1976, being sections 15.261 to 15.275 of the Michigan Compiled Laws. Public notice of the time, date, and place of the meeting shall be given in the manner required by Act No. 267 of the Public Acts of 1976. The commission shall not take action or make a determination without a concurrence of a majority of the members appointed and serving on the commission. The members shall elect a chairperson from among its members. As used in this section, "session days" means a calendar day on which the commission meets and a quorum is present. The members of the commission shall not receive compensation, but shall be entitled to actual and necessary expenses incurred in the performance of official duties.

4. EFFECTIVE DATE. This ordinance shall become effective immediately upon publication pursuant to MCLA 42.22. The clerk is directed to forthwith publish this ordinance.

RETIRING is Helen Fowler, secretary at the First Congregational Church of St. Johns for 13 years. 'I'm, going to Florida for a short time... after that things will take care of themselves,' Helen says. Last Sunday was Helen Fowler day at the church as friends gathered for coffee and to wish Helen all the best.

Findlay Manor News

Residents visit barbershop show, Fantastic Follies are coming soon

Hazel I. Findlay Manor residents on Feb. 7 attended the Barbershop Quartet Show at the Wharton Center at Michigan State University. Many thanks to Don Funk, son of Effie Funk, for the tickets.

Congratulations to the following nurse's aides for completing the nurse aide training course and for receiving certificates of the same at Findlay County Manor: Becky Smith, Robin Bancroft, Laura Micka, Ronda Welch, Donna Wreggelsworth, Edna Billings, Deborah Mills, Margaret Wing and Vickie Smith. Helen Ward, R.N., was the instructor.

A big thank-you to Gerry Workman, Lyola Dunkel and the Clinton County News for their generous donations of circus tickets. Residents plan to attend the circus March 8 at the Lansing Civic Center.

Fantastic Findlay Follies are on the way! Next Tuesday, Feb. 18, will be the first talent/variety show to hit Hazel I. Findlay Country Manor. It will be held at 2 p.m. in the dining room. Talent will be displayed by residents, staff, and friends of the Country Manor. Don't miss this show! The public is invited.

Did you know...

- That Hazel I. Findlay Country Manor is a community-owned, non-profit agency?
- That this 108-bed facility was the dream of Jean Rand and Carmen Tranchell?
- That it has evolved to become the 1985 Health Care Association Facility of the Year?
- That it has been operating at over 99 percent capacity for several years?
- That Clinton Area Care Center, the parent corporation, has plans to build an addition that will allow the facility to accept many more residents?
