## Project Library: building toward the 21st Century

By RICH WERTZ  
Editor

"I'd like to invite you on an adventure."

With those words Gary McCampbell last week issued an open invitation to the community to participate in Project Library — a volunteer effort to build in St. Johns a library for the 21st Century.

McCampbell, chairman of the Bement Public Library Board of Directors, was speaking to a group of about 25 area residents who gathered last Tuesday night in the community room of Capital Federal Savings and Loan.

The purpose of the meeting was to launch the project on what is as yet an uncharted course. While the specifics of the project are distant, McCampbell encouraged those present at the inception of the project to think big.

"The only boundaries we have are the ones we establish ourselves," he said. "Tonight's the night we begin."

The location, design, size and funding of the library are all open questions. McCampbell spoke of constructing a "new type of library" that will meet the needs of the community not only in the immediate future but well into the 21st Century.

The library of the future, McCamp-

bell said, will no longer be a repository of books — it will be a repository of knowledge. Computers, lasers and other technologies will play important roles in the storage and retrieval of knowledge. Specialized branches of knowledge — already in evidence in the proliferation in recent years of extremely specialized, small circulation magazines — will play important roles in the future of library science, as libraries provide services that would be prohibitively expensive for individuals, he said.

**FLEXIBILITY** in the design of the new library will allow future generations to adapt the library to the needs and technologies of their era, he said. "Who knows, maybe the library will be connected to individual homes — I sit down at my computer and have access to the library's computer," he said. "The rural library will no longer be a small thing — it will be part of a network."

One of the first tasks undertaken in the project will be to research current library science to find out what goals to set and how to achieve them, said McCampbell.

"I don't know where this thing can go," he said. "We need to begin fleshing out our committees, to start setting goals and finding problems to solve."

By the end of the Tuesday night

meeting, most of those present had volunteered to serve on at least one of four committees — one for building and site, one for funding, one for public relations and one to work

directly with the chairperson of the project.

McCampbell, after seeking in vain for a volunteer to serve as project chairperson, agreed to fill the posi-

tion temporarily.

**BEMENT PUBLIC** Library, when it was built in 1939, was intended to house between 6,000 and 7,000 books. Today it houses 26,000 books, 700 records and 60 different magazine titles. Librarians and library board members recall that there was discussion of the need for a new building as far back as the late 1960s.

McCampbell estimated the current need for space — disregarding any consideration of future needs — at 5,000 square feet of floor space. That amount could be provided if the library expanded into the old fire hall and other space scattered throughout the municipal building, he said.

Despite the space crunch, the library faces an even more immediate problem. Federal revenue sharing, which provides more than half of the library's \$78,226 budget, is slated for drastic cutbacks.

"As revenue sharing drifts out we're going to have to replace it," said McCampbell. "We're talking \$20,000 to \$30,000."

**THE LIBRARY** serves a population of 18,000 people in St. Johns and surrounding townships. Last year 58,000 items were circulated from the library.

Head librarian Jean Bartholemew said that while total circulation seems to be remaining level, the trend in library usage is for an increasing number of people to use the facility without checking out materials; that is, to conduct research right in the building. This trend increases the pressure on the library to expand.

The next meeting of Project Library will be March 18, at 7:30 p.m., at the community room of Capital Federal Savings and Loan.

McCampbell urged all area residents to attend, even those who are not interested in participating in the project but who simply want to stay informed.

"Even if they're not interested in working on a committee or throwing a buck at it — the lives of their children are going to be influenced by the project," he said.

## Central 4th grade parents vote again on moving kids

Parents of Central Elementary School fourth grade students were invited by letter last week to attend a second meeting aimed at reaching a consensus about whether to move the class out of the school building for the remainder of the school year.

The St. Johns Board of Education will make a final decision on the move on March 17.

The class is housed on the third floor of Central School. A state fire inspector said last month he would not approve the school for student occupancy after the end of the current school year. He cited the third floor of the building for what he said are inadequate emergency escape routes.

At a meeting last month, parents of students who attend classes on the third floor, with the exception of the fourth grade parents, voted to keep their children at the school for the re-

mainder of the school year. Parents of fourth grade students, however, voted to move their children to Perrin-Palmer Elementary for the remainder of the year.

However, at the March 3 meeting of the Board of Education, one fourth grade parent objected to the move, saying a minority of fourth grade parents had participated in the voting.

Another parent, who said she had voted to move the class, said she wished to reverse her vote.

A third parent said he stood by his vote to move the class.

The Board then requested that a second meeting of parents be held to take another vote. That meeting was set for last night (March 10).

"The results of that meeting will be reported at the March 17 meeting of the Board for final action," said Administrator Steve Bakita.

## St. Johns to increase number of credits needed to graduate

By RICH WERTZ  
Editor

St. Johns High School students who are now in the ninth grade will be required to accumulate 3.5 more credits in required subjects in order to graduate than is currently the case if the Board of Education approves an administrative proposal.

But most of the students will have acquired the credits anyway, said High School Principal Bill Swears, who presented the recommendations to the Board on March 3.

Swears characterized the recommended changes in graduation requirements as a "middle-of-the-road" proposal between what the State Board of Education recommends and what is currently required of St. Johns students.

The recommendations follow numerous meetings among St. Johns administrators, department heads at the state Department of Education in Lansing, high school counselors, teachers and students, Swears said.

**UNDER THE** proposed changes in graduation requirements:

• Required English credits would be increased from three to 3.5. The state recommends a four credit re-

(Continued on page 12A)

## Notes Tombstone

**ST. JOHNS** The Clinton County Historical Society will meet on March 20 at 7:30 p.m. at Capitol Federal Savings and Loan with a slide show by Clyde Chamberlain. The theme will be unusual tombstones. All meetings are open to the public. Surname index cards will be available at that time from Arlene Lounds.

## Blood drive

**OVID-ELSIE** The Ovid-Elsie High School Student Council will sponsor its sixth annual blood drive on March 12 in the high school gymnasium. Donations can be made between 9:30 a.m. and 3:30 p.m.

Donors must be 17 years or older and weigh at least 110 pounds. If taking penicillin or sulfa drugs, you must wait one week after last medication before donating.

There is no need to sign up. Come to the high school between the designated times. High school students, however, should sign up prior to March 12 in the Student Services Center.

The goal of the Student Council is 130 pints.

## Pooh Bear

**FOWLER** Fowler High School will present "Winnie-the-Pooh" on March 15 at 7 p.m. and March 16 at 3 p.m. in the Most Holy Trinity Hall in Fowler.

The cast and director, Ann Kagerer, have been busy with rehearsals since the beginning of January. Cast members include: Steve Bierstetel, Christopher Robin; Mary Beth Thelen, Winnie the Pooh; Teresa Miller, Piglet; Jim Thelen, Owl; Jill Plowman, Eeyore; Deb Sillman, Kanga; Karen Koenigsnecht, Roo; Jamie Pendell, Rabbit; Connie Thelen, the Voice; Luke George, Bobbi Finnilla, Mark Hauptert and Connie Thlene, supporting animal roles.

Ticket prices are \$2 for adults and \$1 for students. A special family rate applies to immediate family only: Adults, regular price, first two children \$1 each, each additional child 50 cents each. All tickets will be available at the door one-half hour prior to performances.

## School board won't pursue complaints

The Positive People for St. Johns Schools Committee announced at a March 3 meeting that it has asked St. Johns Board of Education members not to pursue action before the Michigan Department of State in regard to formal complaints filed against the Concerned Taxpayers citizen group.

Board members agreed to the request, the group announced.

"These matters are currently in the hands of the Michigan Department of State and supporters of our Board feel that any further action will be to no one's benefit," said Paul McNamara, a spokesman for Positive People. "We're concerned only in bringing our community together again through positive action. The real issue is the recall effort and the negative effect it will have on our schools and community."

James Sjoberg, a spokesman for the Concerned Taxpayers, said that regardless of the decision by Board members not to pursue the complaints, the matter is already settled.

"We've already received notification that we've been exonerated of all the complaints," he said. "That part of it was over a long time ago."

The complaints, filed by Board members in January, called the Concerned Taxpayers to task for not filing a statement of organization with the county clerk and for not including a "Paid for by..." statement on a pro-recall brochure.

The Concerned Taxpayers group subsequently filed the statement of organization and paid a \$140 fine for late filing.

**ABOUT 40** supporters were on hand at the March 3 meeting of the Positive People to discuss plans for opposing the recall effort. A speakers bureau has been established by the group for presentation to interested groups.

The committee identified several hundred supporters within the first two weeks after it was formed, committee members said.

The next meeting of the Positive People Committee will be held at the Clinton Memorial Hospital Conference Center on March 17 at 6:30 p.m. The group has invited "all persons supporting the school board and opposing the recall" to attend.

Sjoberg said the Concerned Taxpayers would meet last night (March 10). He also criticized Positive People for asking Board members not to comment publicly on the recall election scheduled for April 22.

"Myself, I feel the school board should speak for itself," he said. "They're the ones being recalled."

## 'The Bad Seed'

## Change of pace for dramatists

The curtain that rises on the spring stage production of the St. Johns High School Theatre Department will signify a change of style for the student dramatists, the department announced last week.

"The Bad Seed," a murder mystery described by a New York Times reviewer as a "literate horror story and a superior bit of theatre," will be performed at the high school April 18 and 19.

With the notable exception of the recent "I Never Saw Another Butterfly," the theatre department's bill of fare for the past several years has been predominantly lighter shows, such as musicals and children's theatre. "The Bad Seed" represents a change to a more serious dramatic form, the dramatists say.

"Presenting a show of this nature and calibre is a real challenge to the director and performer," says Director Robert L. Koger. "Both need to complete some very intense character studies in order to adequately make these very real people live in the show."

The production will offer St. Johns audiences a broadened theatrical experience and the cast and crew a more rounded education in theatre, the theatre department says.

## Editor's notes

### Here comes the future Rich Wertz

Every now and then I try to amuse myself by picking out some historical figure — say, George Washington — and trying to imagine what his thoughts would be if he were somehow to appear right here and now for a look around.

Suppose the father of our country is walking down Clinton Avenue in St. Johns — imagine his thoughts as he looks at automobiles, trains, jets flying overhead, store fronts in which boxes flash images of men walking on the moon.

Imagine his reaction to electrical lighting, much less to the idea that humankind now has satellites among the heavens that can relay messages from the Court of St. James to the White House in a microsecond.

Imagine explaining to him some of the commonplace facts of the day — that volumes of information can be stored in a microchip or that the world is poised on the brink of planetary destruction by a type of explosive so powerful that two or three of them could have atomized every living soul in the original 13 colonies.

That's a long way from muskets and tea in the Boston Harbor. I think George Washington would be astounded.

Now try to imagine ourselves plunked down in St. Johns a mere 50 years from now. Assume for a moment that the aforementioned explosive has not left everything a total blank — not what I would consider

a safe assumption — then the future would seem to us a strange and wonderful place indeed. I don't believe for a minute that we wouldn't be astounded.

Here comes the future. If the entire sweep of human history and future can be captured in a single symbol, then I believe that symbol to be the library. Everything the human race has been, is, and has dreamed of being is there. History, science, art, sport, religion — everything from the trivial to the profound can be found in the library.

The horrors of modern warfare can be found in the library — as well as the potential for peace.

Gary McCampbell used the word "adventure" to describe the library project that began in St. Johns last week. I can think of no word more appropriate to describe such an undertaking. Here we have the opportunity to build an institution that will still be standing when travel to distant planets is as commonplace as automobiles are today.

But it is not just an adventure by proxy. In our lifetimes library science is an expanding frontier as modern computers and other technology offers us access to greater and greater bodies of information.

Imagine sitting at a terminal in St. Johns and having access to information stored in New York, Paris, London or Tokyo. It's coming. The future is coming and we can be part of it.

George Washington knew that.

## In the House of Representatives Insurance reform

Gary Randall

Lawmakers have approved an essential insurance reform bill which contains several important auto theft prevention provisions and will give the free enterprise system a chance to keep rates reasonable in Michigan.

The legislation (SB 647) is good news for consumers who are continually subsidizing the high auto insurance rates in Detroit where more than 42,000 vehicles were stolen in 1984.

One of the key provisions of this bill is the initiative against auto theft. That is the heart of the problem. Until we address this issue, rates will always be too high.

In addition, this legislation will do the following:  
• Establish an Automobile Theft Prevention Authority to be funded by an annual \$1 per car assessment. This should yield about \$5.5 million per year to be used solely against auto theft. Insurers will be asked to

establish rate discounts for anti-theft devices.

• Provide a insurance premium discount plan for drivers who certify that they will wear safety belts while driving.  
• Suspend existing geographical rating restrictions on auto insurance until July 1, 1991, replacing them with alternative restrictions on rate increases for urban and non-urban areas. This will allow insurance premiums to reflect the experience of each local area.

While the bill is not perfect, it is an improvement over current law. Legislators have been wrestling with the issue for many months. Last summer lawmakers overwhelmingly passed a similar essential insurance reform plan but it was vetoed by Governor Blanchard.

Gary Randall is the 89th District Representative to the Michigan House of Representatives.

### Schuette to seek re-election: 'I delivered on my promise'

Bill Schuette, Ten District Representative to the U.S. House of Representatives, last week formally announced his plan to seek re-election in 1986.

The first-term Republican cited a record of service to Mid-Michigan agriculture and support of deficit-reduction legisla-

tion in announcing his re-election bid. "I delivered on my 1984 campaign promise to get back Mid-Michigan's seat on the Agriculture Committee," Schuette said. "As long as I am in Congress, I will never give up my seat on the committee," Schuette said Congress

has made "giant strides" regarding the federal budget deficit and is "now on a track that will lead to a balanced budget by 1991."

Schuette said he enjoys being a congressman and that the job is not all "big

votes, tough choices and important committees."

"A large part of the job is helping people," he said, and reported that his office had been able to help more than 3,000 Mid-Michigan people solve problems with government in one year.

## Family looks for help finding missing dog

To the Editor:

I'm writing this letter as a last hope that one of your readers can help us locate a missing family member. The missing family member is "Lady" our black cocker. We live in Maple Rapids and we last saw Lady the morning of Feb. 15 when she was let out to go to the bathroom.

She has a red collar on, but her license had worn through and come off. The little metal part that held the license was still attached.

I know there are people who think it is silly to consider a dog as a family member, but Lady was very much a part of our family. She was a constant companion to our two boys and would cry like a baby when she couldn't go with them. She was always curled up nearby them whether they were watching TV or playing a game and would follow along like a shadow

## Budget bill will hurt programs for elderly

To the Editor:

Gramm-Rudman is going to destroy everything senior citizens have been working for. It will take the heart out of the programs and services that are needed to support our older adult population's well-being.

As of March 1, 1986, we have been ordered to cut 4 percent of our budget. That percentage represents over \$9,500. It also represents a large number of clients that the Ionia County Commission on Aging will not be able to serve.

One of the services that is so important to our elderly population is our Home Delivered Meals program. In fiscal year 1985 we served over 60,000 homebound meals. That same program in 1986 is projected to serve over 86,000 meals. That kind of growth rate certainly represents a great need.

If Gramm-Rudman is allowed to continue, an additional 20 percent will have to be cut Oct. 1, 1986. Our program cannot withstand that kind of reduction. Our frail elderly cannot withstand the reduction.

Everyone wants to reduce our country's deficit. We all want to balance our national budget, but Gramm-Rudman is not the way. Too much emphasis is placed on cutting human programs and human needs, and not enough on military and defense.

Presently, the Federal Courts have declared

## Letters

when they rode bikes or played in the field and woods across the street from our house.

We are hoping if someone picked her up that when they read this they will call us. We would like to know anything anyone might know about her whereabouts.

If you have any information about our Lady please call us at 682-4041.

Thank you.  
Pam Snyder  
Maple Rapids

Gramm-Rudman unconstitutional, and it has been temporarily stopped. We need to stop it completely and find another more equitable solution. I am asking everyone to write to your congressman and express your concern. Tell them we need to stop Gramm-Rudman permanently.

Please get involved.  
Brenda Hamilton  
Administrator  
Ionia County Commission on Aging

Your kindness and sympathy are deeply appreciated at this time of Charlie's passing from life to life everlasting. A special thanks to Fr. Fox and Fr. Rietz and Mike Schnepps; to St. John the Baptist family parish; Carson City-Crystal Area Schools; the Class of '85, our friends, neighbors, and our many relatives for your help and support. We will never forget. Thank You and God Bless You.  
The Charlie Burns Family

**"It's in the Bag"**  
by Bob Beck

If you're of Dutch or German descent, you probably eat sauerkraut every New Year's Day. But just in case you're not, I'd like to tell you about it. You see, there is an old Dutch belief that in order to insure a prosperous and successful year, you must eat sauerkraut on New Year's Day. And thus sauerkraut is just as traditional on New Year's tables in areas populated by Dutch and Germans as turkey is on our Thanksgiving tables. However, contrary to popular belief, the Germans didn't invent sauerkraut. The Chinese did, and they did it by accident. Centuries ago, the workers who built the Great Wall of China lived all summer on rice and cabbage. And as winter approached, they added rice wine to the cabbage to help preserve it. Well, the wine soured the cabbage and gave it a delicious new flavor ... and sauerkraut was born! Today sauerkraut is still made from cabbage which has been salted and pressed into barrels until it has slightly fermented. And, of course, sauerkraut juice is canned and served widely as an appetizer. Just in case you think there's anything "foreign" about sauerkraut, I'll have you know that the American Legion, no less, sponsors an annual Sauerkraut Festival in Forreston, Illinois. Tons of cabbage are cooked in huge vats and stirred with pitchforks. And the event is so popular that some thirty thousand tourists come from all over the country to this tiny town 130 miles from Chicago, to share in the fun ... and the sauerkraut. So, a salute to sauerkraut, with its German name, its Chinese ancestry, and its American Legion backing. Enjoy some soon. And get it at Beck's where value prices were not invented by accident!

**INTERVIEWING** — Roger Beebe discusses resume writing with St. Johns High School Senior Kris Warner. Beebe was one of 35 area employers who volunteered to conduct practice interviews with about 220 seniors at the high school.

## Senior Interview Day held at SJHS

By RICH WERTZ  
Editor

Michelle Ordway was noticeably nervous but she was ready with the answers when Roger Beebe asked them. "Why computer programing?" he asked. "I've learned to like the computer," the St. Johns High School senior answered. "I've learned the languages and I decided to go with it." "Can you handle pressure on the job?" "Yes," Michelle said. "At MacDonald's when we're really busy and I'm working the counter, when buses come, I'm able to handle it." "How much school have you missed in the last two year?"

"Not much," she answered, emphatically. Michelle was one of about 220 St. Johns senior who were participating in Senior Interview Day last Wednesday at the high school. Roger Beebe, owner of a State Farm Insurance agency in St. Johns, was one of 35 area professionals who had volunteered to conduct mock job interviews with the students. During the 25 minute interviews, the conditions of an actual job interview were recreated as realistically as possible. Most of the students came prepared with a resume and many "applied" for jobs in fields they intend to enter.

AT THE END of each session, the interviewer discussed with the student the strong and weak points of the interview and offered tips on how to best apply for a job.

"Why should I hire you?" — that is a question I think you'll hear a lot," Beebe told one student. His message to the students was that in order to apply for a job successfully it is wise to look good on paper, look good in person and to approach interviews with answers prepared for questions employers are likely to ask.

"Try to anticipate some of these questions I've thrown at you today," he advised. "Why should I hire you? Keep in mind this person is probably looking at four or

five people for the position. If I ask a question that can be answered 'yes' or 'no,' don't give me a yes or no answer and then stop. 'Were you involved in any high school activities?' — 'Yes, I was involved in the drama club.'"

"In my opinion you can never overdress for an interview," he told the students.

Beebe said his toughest interview was with a student whose career goal was to become a guitarist in a rock 'n roll band. But he was only momentarily stumped. He told the student to imagine that he, Beebe, was the representative of a company that owned its own sound studio and that the company needed musicians to staff it. It turned into a reasonably good interview, Beebe said.

## Taco Bell to build restaurant in St. Johns

Construction of a Taco Bell Restaurant in St. Johns is expected to begin the last week of this month following approval of a site plan by the St. Johns Planning Commission on March 6.

The fast food restaurant will be located on the east side of US-27, across from the Southpoint Mall, bet-

ween Burger King and the Clark service station.

It is expected to open for business around the end of June, said franchise owner Bill McKennie.

McKennie, who owns nine Taco Bells in the Lansing area, said the restaurant will employ 60 to

75 people.

The Planning Commission approved the site plan with minor adjustments aimed at controlling water drainage from the rear of the property. The St. Johns City Commission was expected to approve the site plan last night (March 10).

## Sheriff, jail administrator attend seminar

Sheriff Terry Haneckow and Jail Administrator, George Weber, of the Clinton County Sheriff Department, attended a technical assistance briefing session on mentally ill persons in Michigan's criminal

justice system, on March 3.

The day-long seminar, sponsored by the Michigan Sheriffs' Educational Fund, Inc. under a grant from the Michigan Department of Mental Health, was held at the Holiday Inn

in Grayling.

Instructor John Haskin of Grand Traverse/Leelanau Community Mental Health Services discussed areas in which law enforcement and community mental health professionals could

improve interrelationships. A key goal is to improve processes aimed at helping rehabilitate the mentally ill misdemeanor while concurrently maintaining concern for public safety.

## P-W roundup March 19-21

Kindergarten registration for incoming students in the Pewamo-Westphalia School District is planned for March 19, 20 and 21.

Dennis Toth, Elementary Principal, will be at Westphalia Elementary School from 8:30-11 a.m. and 12 noon to 3 p.m. on Wednesday, March 19 and from 8:30-11 a.m. on Thursday, March 20 to register children from the southern end of the district. He will be at Pewamo Elementary School from 12 noon to 3 p.m. on Thursday, March 20 and from 8:30-11 a.m. and 12 noon to 3 p.m. on

Friday, March 21 to register children from the northern end of the district.

Parents will also be signing up their children for readiness screening, vision and hearing screening, health appraisal and speech screening. All of the various screenings are necessary before a child enters school.

Persons unable to register their child should call Pewamo Elementary School at 593-3488 to make arrangements for registering.

## Nutrition buys

Dawn Harris

In the current economic climate, many Americans are paying more attention to the way they spend their food dollars. Use of generic brands and food coupons has greatly increased. Price is a major consideration in buying foods today, along with concern for good health and desirable weight.

With these facts in mind, two researchers from the University of California at Berkeley systematically evaluated how much nutrition a consumer could purchase for \$1. They also documented the four highest nutrients present in this purchase. Based on economic considerations alone, those foods supplying the most nutrients per dollar at 50 percent and 100 percent of the USDA recommended daily allowance included

beef liver, fresh potatoes, brown rice, wheat germ, milk — whole, lowfat and nonfat — eggs and peanut butter.

For those consumers wishing to limit calories while maximizing nutrients (this is referred to as nutrient density), the researchers calculated the nutrient-cost ratio for each food. They defined this as "the number of nutrients greater than 50 percent of the U.S. RDA purchased for \$1 divided by the kilocalories available for \$1." Using this formula, the most nutrient-dense foods purchased for \$1 included spinach, beef liver, tomatoes, tuna packed in water, nonfat and lowfat milk, tofu, dry roasted peanuts, eggs and fresh carrots. Other good nutritional buys included ground beef, ground turkey, dry kidney beans, whole chicken and whole wheat bread.

Starting on March 12 from 1:00 to 3:00 I will be holding a 3-week series entitled, "Boosting the Food Budget." This series will be held on Wed. afternoons at Smith Hall in St. Johns and will include many additional ways to save money in the supermarket.

The registration fee for all three weeks is just \$2. Pre-registration is required. To register call the Clinton County Extension Office at 224-3288.

Dawn Harris is the Home Economist for the Clinton County Cooperative Extension Service.

## O'Connell — Moore

Reside in St. Johns

Marilyn Moore and Eric O'Connell were joined in marriage on Jan. 30 at the 65th District Court in St. Johns.

The bride is the daughter of Lawrence and Mary Moore of 201 Floral Street, St. Johns.

The groom is the son of Joe O'Connell of 1749 E. M-21, St. Johns.

Serving as Maid of Honor was Barb O'Connell of St. Johns. Terry O'Connell, of St. Johns, was the Best Man.

The couple are residing in St. Johns.

## Shared housing program for elderly is offered in county

The Tri-County Office on Aging is offering a Shared Housing Program to residents in Ingham, Eaton and Clinton counties. The service matches seniors who want to share their homes with individuals who are looking for housing.

The program is funded by the Michigan State Housing Development Authority and the Michigan Office of Services to the Aging. Shared Housing brochures are available through the Tri-County Office on Aging, 483-4150.

## Older workers celebrated this week

This week, older workers in Clinton County and around the state are being honored. Governor James Blanchard and Capital Area Community Services, Inc. (CACS) have declared March 9 to 15 as Older Worker Week.

The National Council of Senior Citizens and CACS place older workers at job sites where they can brush up on old job skills and learn new ones.

CACS's Senior Aide Program, funded with federal dollars, places people who are 55 years and older in positions with social service agencies. The senior aides do not fill job vacancies but rather create new positions that would not otherwise be available to the community.

One such worker is Marion Sohn, who has worked with Big Brothers/Big Sisters of Clinton County since the fall of 1984. She is a receptionist and does general clerical work about 20 hours each week.

"Since our office has a hectic and varied schedule, Marion's skill are appreciated," says Jody Smith, director of the organization.

Along with her other duties Sohn is active in fund raising efforts and has participated in workshops to help other senior aides learn more about their jobs.

"Marion recently had open heart surgery and has not

been at work, but we are all waiting for her to return to the office," says Smith.

Another local senior aide is Edith Kaufman, a transportation clerk with the Senior Citizens Center in St. Johns. There she performs a variety of duties, including reserving transportation for other senior citizens, helping with the preparation of property tax and home heating credit forms, helping to coordinate the commodity food program and other tasks.

Kaufman, 63, says she began working to keep busy after her family was grown. She says the senior aide program is "terrific."

"I never worked away from home until I was 56," she says.

Other Clinton County Senior Aides are:

Ann Ackles, Ovid-Elsie High School; Rita Butler, an information and referral clerk for the Senior Citizens Center; Marvin Feldpaush, Manos Goodlow and Max Karrer, van drivers for the center; Lela Mahar, a secretary for Clinton County Community Services; Rita Motz, of Community Resource Volunteers, Anna Painter, a nutrition aide for the Senior Citizens Drop-In Center; and Barbara Price, of Relief after Violent Encounter.

David Klein and Diana Carter

## Carter-Klein

April wedding planned

Mr. and Mrs. John Carter of Divine Highway, Pewamo, announce the engagement of their daughter, Diana Kay, to David Klein. He is the son of Eleonora Klein of Townsend Road, Pewamo, and the late Joseph Klein.

The bride-elect is a 1982 graduate of Pewamo-Westphalia High School. She graduated with a two-year degree in word processing from Davenport College and is employed at State Employees Credit Union.

The prospective bridegroom is a 1981 graduate of Pewamo-Westphalia. He is employed at Sealed Power Corporation in St. Johns.

An April 26 wedding date has been set.

Clinton County News 224-2361

## Clover Clippings HRH program

Theresa Silm

The HRH program, one of the first statewide efforts to involve handicapper youths and adults in 4-H programs, is a vehicle for physical, mental and social and emotional growth and offers strong doses of self-confidence, independence and fun.

"Horseback Riding for Handicappers (HRH) is a therapeutic program," says Karen Lyons, HRH riding instructor. "It's not just pony rides. The kids actually learn to ride horses."

"The benefits are far-reaching," says Rhonda Walker-Buckingham, 4-H program leader, "especially in terms of life skills development, including personal development, responsibility, problem solving and decision making."

Participants learn stable management skills and safe riding practices. Safety helmets, body harnesses and an English saddle are used, and volunteer side-walkers and leaders help control the horses and reinforce the instructor's directions. The riding instructors are certified therapeutic instructors.

Riders also learn to improve their balance, coordination and posture through a variety of riding exercises and games. Each rider is worked with and in-

structed individually according to his or her abilities and improvement as the weeks go by.

Another important benefit to participants is the psychological rewards that comes from learning a new skill. "It gives them a different outlook on life," says Lyons. "They get to get up on a horse, a large animal, and they're controlling that animal."

For many students, their first time on horseback is the first time they have been taller than their parents or friends. For others, riding is an opportunity to be more mobile than ever before.

The HRH program in Michigan has grown into a self-supporting effort that has involved nearly 9,000 riders and 9,000 volunteers since 1974. Funds from United Cerebral Palsy and the C.S. Mott and W.K. Kellogg foundations were used to establish the first HRH programs.

In this weeks column I'm focusing on a general overview of the HRH program and on state statistics. Next week I'll share some special stories about our county programs.

Theresa Silm is the 4-H Youth Agent for the Clinton County Cooperative Extension Service.

## Clinton County leaders attend Leadermete

4-H leaders from Clinton County were among the more than 500 Michigan volunteer leaders attending the 1986 4-H Leadermete on Feb. 28-March 2 at Michigan State University.

The purpose of the event was to provide 4-H volunteers with an opportunity to learn about new 4-H programs and activities, enhance their

leadership skills and be recognized for their contributions to the Michigan 4-H Youth Program.

Clinton County leaders attending were Anabel Peck, Gwen Coon, and Charles and Theresa Silm.

Sue Miller, of Wholemind Works from Oregon, was the featured speaker on Friday evening and Saturday morning, while Dr. Violet Malone, State

Leader of Education from the Extension Service in Ill., was the keynote

speaker for the Leader Recognition Luncheon on Sunday.

## 4-H fund established for space shuttle astronaut

The Onizuka 4-H Fund for Excellence has been established as a national 4-H tribute to Lt. Col. Ellison Onizuka, a member of the space shuttle Challenger crew.

The fund will provide science and technology scholarships to 4-H members and support 4-H leadership development in-

itiatives in the fifty states.

Col. Onizuka was a 4-H member and he credited 4-H with giving him the values and character traits that helped him succeed in his professional and personal life. On his first space mission in Jan. 1985, he took three 4-H flags aboard the shuttle. He presented one to the Hawaii state 4-H program, one to the Texas state 4-H program, and was scheduled to present one to the national 4-H leadership in Feb.

He had recently participated in the production of the new 4-H educational television series, "Blue Sky Below My Feet - Adventures in Space Technology."

Contributions are tax-deductible and may be sent to Ellison Onizuka Memorial, C/O the Michigan 4-H Foundation, 1407 S. Harrison Road, East Lansing, 48823.

### MORTGAGE SALE

Default has been made in the conditions of a mortgage made by JAMES G. RASMUSSEN AND SHIRLEY RASMUSSEN, HUSBAND AND WIFE, (said Mortgagors having subsequently sold the subject premises to James R. and Mary Ann Fedewa, present owners of record, and having received a release of liability) to Capitol Savings and Loan Association, A Michigan Corporation.

Mortgage, dated September 30, 1981, and recorded on October 2, 1981 in Liber 316, on page 963, Clinton County Records, Michigan, and assigned by said MESNE ASSIGNMENTS to M & I Marshall & Isley Bank, A Wisconsin Corporation, by an assignment dated November 18, 1981, and recorded on December 16, 1981, in Liber 317, on page 762, Clinton County Records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of Forty-three thousand three hundred fifty-one and 51/100 Dollars (\$43,351.51), including interest at 12.875% per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public venue, at the North door Entrance to the Courthouse in St. Johns, MI, at 10:00 A.M. on March 27, 1986.

Said premises are situated in City of DeWitt, Clinton County, Michigan, and are described as:  
UNIT 8, COUNTRY VIEW CONDO., CITY OF DEWITT, CLINTON CO., ACCORDING TO THE MASTER DEED RECORDED IN L.379, P. 805, CLINTON CO. RECORDS AND DESIGNATED AS CLINTON CO. CONDO. PLAT NO. 2, TOGETHER WITH RIGHTS IN GENERAL COMMON ELEMENTS AND LIMITED COMMON ELEMENTS AS SET FORTH IN THE ABOVE MASTER DEED AND DESC. IN ACT 59 OF THE PUBLIC ACTS OF 1978 AS AMENDED SUBJECT TO EASEMENTS, RESTRICTIONS AND RIGHTS OF WAY OF RECORD.  
The redemption period shall be 6 months from the date of such sale.

## County leaders invited to April 19-20 goat workshop

County 4-H volunteers are invited to attend the 4-H dairy goat leaders' workshop on April 19-20 at Kettunen Center in Tustin.

The workshop will enable 4-H leaders to exchange ideas about dairy goat programs and to develop resource materials useful to 4-H goat project members.

Workshop options include getting kids off to a good start, basic kid management, goat related crafts, goat cheese making, and goats and carting. Marketing goats and goat products, registering goats, and judging tips - teaching and doing oral reasons - will also be discussed. The conference will also feature an update for leaders. Reservations are due by April 4.

The workshop is sponsored by a grant from Knapp Milling, Augusta and Diamond Crystal Salt Corporation, St. Claire, through the Michigan 4-H Foundation.

For more information on the dairy goat workshop or other 4-H activities, con-

tact the Cooperative Extension Service at 224-3288.

## County leaders participate in animal science training

Seven Clinton County 4-H leaders participated in the Michigan 4-H Animal Science Leader Training workshops recently. County leaders attending were Don and Catherine Messer, Earlene Schaub, Dianna Johnson, Sue Chant, and David and Kristina Gaut.

The purpose of the seminars was to increase enrollment in 4-H animal science projects by helping leaders find ways to identify and use educational resources and introduce more effective teaching

methods in various subject areas. Each of the seminars were conducted by Michigan State University Animal Science specialists.

Topics covered in the various sessions included record keeping, fitting and showing, diseases, resources for new leaders, and involving parents. Each project area had a separate session.

Contact the Extension Office for information on becoming a 4-H animal science leader.

## Return of the wild turkeys

Wild turkeys, once gone from southern Michigan, will again thrive in this area through the cooperative efforts of the Michigan Wild Turkey Federation, Michigan Wildlife Habitat Foundation, Michigan Department of Natural Resources and local citizens.

In February, 1986, twenty eastern wild turkeys captured in Vermont were released in the Maple River State Game Area on the Clinton, Ionia, Gratiot county lines. The release

**'No other once-native species has made as great a comeback'**

site was selected on the basis of available habitat, local land use patterns, and involvement by concerned local residents who are called upon to watch for and prevent poaching of the wild birds. The DNR

maintains a toll free hotline number (1-800-292-7800) to help with such control.

Local groups are also developing a cash reward for evidence leading to the conviction of anyone il-

legally killing a wild turkey in this area. People can also help by reporting sightings to the local wildlife biologist.

**THE BIRDS** are expected to remain within a 10-mile radius of the release site with most of their activity restricted to about four miles.

"The release should be as successful as the 1983 releases of wild turkeys at Waterloo Wildlife Recreation Area near Waterloo, Flat River State Game Area near Belding, and Rose Lake Wildlife Research Area near Lansing," says Alan Stewart, DNR wildlife habitat biologist.

The wild turkey was abundant in Michigan south of a line slanting from Saginaw Bay to Muskegon until 1875. As human population grew, lands were cleared, habitat was destroyed and the wild turkey was heavily exploited. The assumption is that wild turkeys were extinct in Michigan by 1900.

Wildlife biologists believe southern Michigan currently provides great potential for major range expansion to meet the increasing demand for recreation, particularly hunting and photography that the wild turkey can provide.

"Optimistically, the wild turkey in Michigan should have a long and prosperous future," says Stewart. "Probably no other once-native species has made, or will make, as great a comeback in our state."

For more information on wild turkey releases in the Maple River State Game Area, contact the Rose Lake Wildlife Office, (517) 373-9358.

RELEASED — Rep. Gary Randall releases one of 20 wild Vermont turkeys at the Maple Rapids State Game Area while Marlene Fluhaty (left), Natural Resources Commissioner from Mt. Pleasant, and DNR Director Ronald Skoog (center), observe.

## Fowler's Most Holy Trinity 5th graders imitate history

Karen Brown's fifth grade class at Most Holy Trinity School in Fowler recently completed a historical assignment in which each student selected a prominent figure from the Revolutionary or Civil War period to report on.

Students were asked to write a 3 to 5 page report and to give an oral presentation to the class.

Costumes were made and the fifth graders were transformed into their historical characters. Student presented their reports as if they were Abraham Lincoln, Betsy Ross or whomever they had chosen to report on.

Exceptionally good presentations were given by Eric Weber as George Washington, Sheri Thelen as Abraham Lincoln and Mary Lou Thelen as Benjamin Franklin.

It was a "rewarding and knowledgeable experience that will go down in history."

Obituaries

Fannie Marshall

**ST. JOHNS** Fannie Blanche Marshall of 2640 North U.S. 27, St. Johns, died March 3 at Hazel I. Findlay Country Manor.

She was born in Lansing on Nov. 5, 1887, the child of William and Augusta (Shunk) Baker.

She was married to Otto Marshall, who preceded her in death in 1962. She moved from Lansing to St. Johns in 1962.

She was a member of the First United Methodist Church, the O.E.S. Arbutus Chapter in Lansing, and Bethel White Shrine in Lansing.

She was a salesperson at J.W. Knapp Company. Surviving are one daughter Mrs. Lawrence (Evaline) Kuhns of St. Johns; one son Carlos Marshall of Houghton Lake; two grandsons, two granddaughters and one great-granddaughter. She was preceded in death by one grandson and one great-grandson.

Funeral services were held on March 7 at Osgood Funeral Home in St. Johns with the Rev. Mark Graham officiating. Interment was made at Union Home Cemetery. Arrangements were made by Osgood Funeral Home. The family suggests memorials be made in her name to the First United Methodist Church in St. Johns.

Margaret Goff

**ST. JOHNS** Margaret Goff of 2697 E. M-21, St. Johns, died March 1 at Clinton Memorial Hospital.

She was born in Owosso on Sept. 1, 1905 the child of Thomas and Margaret (Lynch) Hagan.

She was married to Earl Goff in Owosso on June 15, 1927 and had resided in the St. Johns area since 1946. She was a homemaker.

She was a member of St. Joseph Catholic Church, St. Joseph Altar Society and the Neighborhood Womens Club.

Surviving are her husband Earl; two daughters Mrs. John (Marlene) Hopko of St. Johns and Mrs. Kenneth (Patricia) Zuker of Owosso; one son and daughter-in-law Thomas and Delores Goff of Owosso; 13 grandchildren and two great-grandchildren.

Funeral services were held on March 4 at St. Joseph Catholic Church with Rev. Fr. William Hanker officiating. Interment was made at St. Paul Cemetery in Owosso. Arrangements were made by Osgood Funeral Home. The family suggests contributions be made to the American Heart Association.

Johanna Earegood

**ST. LOUIS** Johanna Earegood of St. Louis died March 5 at the Fulton Medical Care Center in Fulton.

She was born on July 11, 1912 in Chicago, Ill., the daughter of John and Mary (Bobala) Bronersky.

She was married to Harmon Earegood on Feb. 26, 1954. He preceded her in death on Aug. 8, 1965.

She was a member of the St. Joseph Catholic Church in St. Louis and the CSA Club in St. Louis.

Surviving are two sons, Gilbert Baker of St. Johns, and Thomas Baker of Tampa, Fla.; one daughter, Mrs. John (Nelle) LaLonde of Apache Place, Fla.; two brothers, John Bronersky of Troy and Ed Bronersky of Rochester; three sisters, May Mary Molle of Wis., Mrs. Vera Nelson of Naperville, Ill., and Sister John Marie of Grand Rapids; 12 grandchildren and 13 great-grandchildren. She was preceded in death by one brother, Joseph Bronersky, and one daughter, Mary Ann.

Funeral services were held on March 8 at St. Joseph Catholic Church in St. Louis with Fr. Paul Bala officiating. Interment was made at Oak Grove Cemetery in St. Louis. Arrangements were made by Alward-Carter Funeral Home in St. Louis.

Isabel Albaugh

**OWOSSO** Isabel Albaugh of 2230 S. Chipman Street, Owosso, died March 3 at her home.

She was born in Saginaw County on Aug. 15, 1905, the daughter of William and Lillie (Frost) Bolt.

She was married to Harold Albaugh in Elsie on April 4, 1926. He preceded her in death on Dec. 11, 1978.

She had resided in Bannister until August of 1985. She was a member of the United Methodist Church and the Crescent Club of Bannister.

She was a homemaker and taught school for one year after college.

Surviving are two sons, William Albaugh of Daytona Beach, Fla., and Eugene Albaugh of Owosso; 17 grandchildren and 20 great-grandchildren. She was preceded in death by two daughters, two granddaughters and her parents.

Funeral services were held on March 6 at Carter Funeral Home in Elsie with Rev. Arthur Turner officiating. Interment was made at Riverside Cemetery. Arrangements were made by Carter Funeral Home.

**Lifestyles of the Rich and Famous**  
...on a Social Security Check?

Who are we kidding? Today's Social Security check barely covers a retiree's basic living necessities. The future? Many experts doubt that the Social Security system will survive for 20 more years.

To enjoy a worry-free retirement in dignity, you must plan ahead. You need a plan that allows your retirement fund dollars to grow fastest—an IRA that allows them to compound free of current taxation. And the best IRA is one that guarantees you a retirement income for as long as you live—an annuity.

Jackson National Life is a leader in the design of annuities that will make your money work harder...now and when you retire. With a JNL flexible premium annuity, you'll enjoy the advantages of:

- High current interest (guaranteed on a calendar-year basis)
- No sales charges
- No service or administrative fees with minimum annual deposit
- Safety (Jackson National is rated "A" (Excellent) by A.M. Best, the independent insurance rating service)

For a no-obligation look at this superior IRA plan, call me today!

When it's a matter of insurance

Carl Bancroft

**SARASOTA, FLA.** Carl Bancroft, formerly of St. Johns, died March 1 at Sarasota Memorial Hospital, Sarasota, Fla.

He was born in Fife Lake on May 5, 1906, the child of Clarence and Alma (Mulchler) Bancroft.

He was married to Elizabeth (Kay) Kelly and had resided for the last 17 years in the Bradenton-Sarasota area.

He was a market developer for Total Oil Co. Surviving are his wife, Elizabeth; two brothers, Gordon Bancroft of Calif., and Melvin Bancroft of Garden City; and one sister, Doris Fika of Saginaw.

A Masonic graveside service was held on March 5 at Mt. Rest Cemetery in St. Johns. Arrangements were made by Osgood Funeral Home.

John Theis

**WESTPHALIA** John Theis of 118 East Oak, Westphalia, died March 2 at his home.

He was born on July 20, 1899, the son of Charles and Ida (Weiber) Theis.

He was a retired farmer, a member of the St. Joseph Society, Catholic Order of Foresters, and Holy Name Society.

Surviving are his wife of 56 years, Leona; two sons and daughter-in-laws Leon and Mary, and Donald and Joanne all of Westphalia; three daughters Mrs. Germaine Miller and Mrs. Denis (Geraldine) Nurenberg both of Westphalia, and Mrs. William (Marie) Cook of Portland; 29 grandchildren and four great-grandchildren; one brother, Arnold of Westphalia; three sisters, Magdaline Theis of Westphalia, Odella Theis and Pauline Martin, both of Lansing. He was preceded in death by two brothers, Leo and Albert; one sister, Nora Thelen; one son-in-law, Gerald Miller; and one grandson.

Funeral services were held March 5 at St. Mary's Church in Westphalia with Fr. James McDougall officiating. Interment was made at St. Mary's Cemetery. Arrangements were made by Neller Funeral Home.

In the service

Kristine Timmerman

First Lt. Kristine Timmerman, daughter of John and Katherine Aylsworth of 606 S. Scott Road, St. Johns, has completed the operating room nursing course at Brook Army Medical Center, Fort Sam Houston, Tex.

Timmerman is scheduled to serve with the Womack Community Hospital at Fayetteville, N.C.

The lieutenant is a 1983 graduate of Michigan State University.

James Coohon

Army Pvt. James Coohon, son of William and Sally Coohon of 8235 Welter Road, Ovid, has arrived for duty with the 8th Infantry Division, West Germany.

Coohon, a vehicle mechanic, is a 1985 graduate of Ovid-Elsie High School, Elsie.

Raymond Struble

Pvt. Raymond Struble, son of Barbara Struble of 14420 McCrumb Road, Eagle, has completed training as an Army military police specialist under the one station unit training (OSUT) program at Fort McClellan, Ala.

OSUT is a 13-week period which combines basic training with advanced individual training. Students were trained in civil and military law, traffic control, map reading and self-defense. Struble is a 1985 graduate of Portland High School.

Kent Webb

Army Pvt. 1st Class, Kent Webb, son of Russell and Martha Webb of 1213 Longspur, DeWitt, has arrived for duty with the 586th Maintenance Co., West Germany. Webb, a tracked-vehicle mechanic, is a 1981 graduate of DeWitt High School.

Christopher Smalley

Army Pvt. Christopher Smalley, son of Kathy Smalley of 306 S. Lansing St. and Jim Smalley of 1612 W. Kinley Rd., both of St. Johns, has completed a wheeled-vehicle mechanic course at the U.S. Army Training Center, Fort Jackson, S.C.

During the course, students were trained to perform maintenance and assist in the repair of automotive vehicles and associated equipment. Smalley is a 1985 graduate of St. Johns High School.

Fred Bennett

**ST. JOHNS** Fred Bennett of 210 Church Street, St. Johns, died March 1 in Lansing.

He was born in Shelby on Oct. 6, 1897, the child of Harry and Jennie (Moore) Bennett.

He was married to Myrtle Barnum in Shelby on Oct. 16, 1919. He had resided in the St. Johns area since 1933.

He was a member of the First United Methodist Church in St. Johns, a life member of the Disabled American Veterans, and a veteran of World War I.

He was a retail automobile salesman. Surviving are his wife, Myrtle; one son Fred (Tom) Bennett of St. Johns; one daughter Mrs. Richard (Barbara) Parsons of Fowler; four grandchildren, seven great-grandchildren and four great-great-grandchildren.

Funeral services were held on March 4 at Osgood Funeral Home in St. Johns with Rev. Mark Graham officiating. Interment was made at Shelby Cemetery. Arrangements were made by Osgood Funeral Home.

Bertha Johnson

**ST. JOHNS** Bertha Johnson of 1383 Wildcat Road, St. Johns, died Feb. 27 at Clinton Memorial Hospital.

She was born in New Brunswick, Canada on Aug. 19, 1896, the child of George and Louise Titus.

She was married to Charles Abbott Johnson in Quincy, Mass., on Aug. 18, 1917.

She was a homemaker and had resided in the St. Johns area for the past 19 years. She was a member of the First Parish Unitarian

STATE OF MICHIGAN  
IN THE CIRCUIT COURT  
FOR THE COUNTY OF CLINTON

File No. 85-8366-DO  
ORDER TO ANSWER

YVONNE MARIE MIZNER, in pro per.  
Plaintiff,

vs.  
LAWRENCE WALLACE MIZNER,  
Defendant.

YVONNE MARIE MIZNER, in pro per  
15745 Park Lake Road  
East Lansing, MI 48823

At a session of said court held in the Circuit Courtrooms, City of St. Johns, County of Clinton, State of Michigan, this 18th day of Feb., 1986.

PRESENT HONORABLE TIMOTHY M. GREEN, Circuit Judge. It appearing that on the 3rd day of October, 1985, an action was filed by Plaintiff against Defendant in this Court to seek an absolute divorce from Defendant; and the Court having read the Affidavit in Support of Order to Answer filed herewith; and the Court being fully advised in the premises;

IT IS HEREBY ORDERED that the Defendant, LAWRENCE WALLACE MIZNER, whose whereabouts are unknown, and whose last known address was Green Acres Trailer Court, Lot 60, Nickerson, Nebraska, shall answer or take such other action as may be permitted by law, on or before the 18th day of April, 1986. Failure to comply with this Order will result in a Judgment by Default against Defendant for the relief demanded in the Complaint filed in this Court.

IT IS FURTHER ORDERED that a copy of this Order to Answer shall be published for three (3) consecutive weeks in the Clinton County News, a newspaper of general circulation in the County of Clinton.

# Graduation requirements to be tightened

(Continued from page 1A)

requirement in English.

• Students would be required to accumulate one additional credit in either math or science, for a total of three credits in those two subject combined. Currently, they are required to accumulate one credit in math and one in science, for a total of two. The state recommends that two credits be required in each of those subjects.

• Students would be required to accumulate two credits in foreign

language, fine arts, performing arts or vocational education, combined. Currently there are no requirements in those areas. Two credits is the state recommendation for those subjects.

Swears said the change will not affect most students because most are already meeting the increased requirements.

"My concern is with those who are not," he said. "Those who are just getting by — those are the students who will be affected. Hopefully this will

provide some motivation."

**BUT HE ALSO** said increased graduation requirements not only put pressure on low achievers to work harder — they also obligate schools to offer remedial programs to help those students meet the requirements.

"We feel that is the area of the curriculum that needs the most attention, not the upper half," he said.

In his presentation to the Board on March 3, Swears discussed a state Board of Education plan titled "A Blueprint for Action" in which the state Board presents guidelines for high school graduation requirements. The plan states that if the guidelines are not met by school districts by 1988 the state Board will seek legislative authority to mandate graduation requirements.

However, Swears said, the guidelines are subject to change by 1988. Increasing graduation requirements, in addition to causing problems for students who are already struggling, will strain school schedules, physical facilities and budgets.

**HE SAID** a major concern is the affect increased graduation requirements will have on vocational education programs,

which require two hour blocks of student class days.

"It's not going to be impossible but it's going to be difficult," Swears said. "And that's what some of the people at the state department are working on."

The "middle-of-the-road" approach currently proposed for St. Johns will allow the district to move in the direction of state guidelines without incurring immediate problems, he said.

"I'm saying we can implement this without any problems," he said. "To go further will take a little more study...Some might be the right thing to do. I think in the next year or so they'll come out with some alternatives."

"We've tried to keep abreast of the changes but we haven't over-reacted to the changes," he said.

Robert Koger will be the stage, technical and house/publicity director; Barbara Markman will be the costume, make-up and properties director; Tanya Andretz will be student director.

Showtimes are April 18 and 19 at 8 p.m. Tickets will go on sale at 7 p.m. on show nights at the high school box office.

Prices are \$2 for adults, \$1.50 for students, children and senior citizens. Seating is general admission.

## Former priest to speak at Pewamo Baptist church

The Bible Baptist Church of Pewamo will have special meetings on March 12-14 with former Roman Catholic priest, Bart Brewer, speaking.

Dr. Bart Brewer

Dr. Bartholomew Brewer was ordained to the Roman Catholic priesthood at the Shrine of the Immaculate Conception of Mary in Washington D.C. During ten years as a priest, he served as a missionary in the Philippines, as a parish priest in Ariz. and Calif. and finally as a U.S. Navy Chaplain.

Brewer gives this testimony for himself: "During the Second Vatican Council I began to question church authority and in so doing became aware of the great disparity between Scripture and Catholic tradition. I soon realized that I had been sacrificing my life to a grandiose church organization. After leaving the priesthood I was Biblically born again and later was ordained as a Baptist minister. I have now dedicated my life to reaching the lost, especially the Roman Catholic community, for Jesus Christ and Biblical Christianity."

Brewer is the founder and director of Mission to

Catholic International, Inc. The organization was established to "compliment and serve fundamental churches in the task of reaching Roman Catholics for Biblical Christianity."

Brewer has written many pieces of literature and a book entitled "Pilgrimage from Rome." It is the story of a young man's disillusionment, defeat and ultimate victory involving a struggle to fulfill his one compelling desire to please God.

The meetings will begin at 7:30 p.m. each evening Wed. through Fri. at the church building located at 203 W. Main in Pewamo.

For further information call the church at 593-2152, or the pastor at 682-4696.

provide some motivation."

**BUT HE ALSO** said increased graduation requirements not only put pressure on low achievers to work harder — they also obligate schools to offer remedial programs to help those students meet the requirements.

"We feel that is the area of the curriculum that needs the most attention, not the upper half," he said.

## Student conducts opinion poll

"May I ask you a few questions?"

A selected number of 89th District registered voters will pick up the phone and hear this phrase some time in the next six weeks. They will be asked to participate in an opinion poll organized by local women's groups.

The poll is being coordinated by Alma College student Lorraine Spencer, of St. Johns, who will use the results in writing her senior thesis. She is working under the supervision of Prof. Carol Slater, head of the Psychology Dept. at Alma College.

The Gratiot County Chapter of the National Organization for Women (NOW), and co-sponsors American Association of University Women (AAUW) and Business and

## Faces Holy Rosary in Regional Fowler nets District win

By RHONDA GAFFNEY  
Sports Editor

You can chalk up another District basketball title for Fowler High School.

Dennis Smith's Eagles wrote District win number 31 into the recordbook with a 72-61 win over Mt. Pleasant Sacred Heart in the Class D District game played at Vestaburg last Saturday.

"Everybody on the team played very fine basketball," said Coach Smith of his teams' win. "They all knew what they would have to do to win — and they did it."

The Fighting Irish got the opening tip of the game and scored the first two points, but that was the last time Sacred Heart saw the lead in their favor. Balanced scoring from the Eagle starting five gave Fowler a 12-6 lead at the 2:11 mark in the first quarter and brought about a time-out call from the Irish bench.

The score at the end of the first period stood at 16-7 in favor of the Eagles' with each of the starters having scored.

Throughout the second quarter, Fowler played a very successful 1-3-1 zone on Sacred Heart and Dean Koenigsnecht made a habit of stealing the ball from the Irish guards. Mt. Pleasant made a short-lived run on the Eagle lead late in the second quarter, climaxed by a two-handed dunk by Doug Kunik making the score 30-23.

"If there was one key play in the game, that might have been it," Smith said. "We came right back after that dunk and scored a quick basket. It completely stopped their momentum."

The basket by Koenigsnecht and a free throw by LaVern Feldpausch gave the Eagles their 10-point lead back, 33-23, going into halftime.

THE EAGLES PLAYED the entire second half as if

they were behind by 10 points instead of ahead by that margin — which they were for the majority of the game.

"There's a very good reason for that," Smith said. "We were ahead by 10 the first time we faced Sacred Heart early in the season. In that game, we let down a little and they came out and tied it up on us and sent the game into double overtime before we finally won. We knew they could do that again, and there was no way our kids wanted that to happen."

Kurt Simon picked up fouls number three and four early in the third period on calls which were not favorably received by the huge Eagle following. One Simon, Joe, replaced the other as Kurt was sidelined until midway through the final period.

"Joe did a fine job off the bench for us," the coach said. "We were also very pleased with the play of (Matt) Hufnagle. There was a lot of pressure on him coming into a game like that as a sophomore and he handled it well." Hufnagle is filling the shoes of Tony Hamilton, the Eagles' starting point guard who broke his collarbone late in the regular season and will not see action in tournament games.

SACRED HEART TRIED their best, but could not overcome the 10-point lead which Fowler kept for the remainder of the game. The Eagles simply did everything right in the closing minutes. They hit their free throws, rebounded on both ends, stole the ball, and played for the good shot.

"We were very steady down the stretch," Smith said. "I'd have to say in our two games last week, we put together seven successive quarters of excellent basketball — and that's good to say at this point in the year."

Koenigsnecht led all scorers in the game with 21 points. He also had 5 steals and 4 assists. Bruce Schmitt had 19 points and 11 rebounds for the Eagles in what was "probably his best game of the year," according to Smith, and Kurt Simon had 12 points.

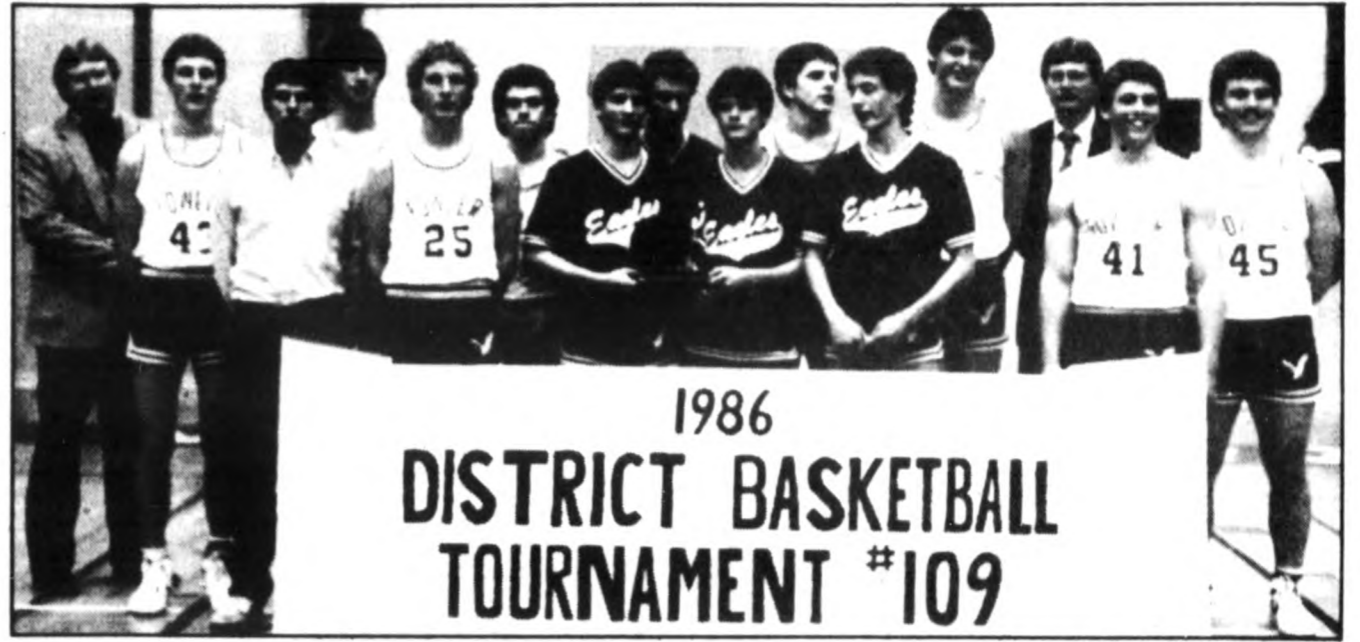

Photo by Rhonda Gaffney

1986 DISTRICT CHAMPIONS — Fowler High School claimed its 31st District title winning last Saturday's Class D District played at Vestaburg High School. The Eagles totally dominated in their 72-61 win over Mt. Pleasant Sacred Heart played before an overflow crowd.

Fowler plays their first Regional game tonight at Millington High School at 7:30 p.m. versus Flint Holy Rosary. The same two teams met in Regional play last year which the Eagles won in a hard-fought overtime match. Should they win tonight, they would advance to the final game on Friday.

Hufnagle totaled 14 rebounds in the game where the Eagles totally dominated the boards, and had 9 nine points. Kevin Schmitt had 8 points for Fowler.

To advance to the championship game on Saturday, Fowler had defeated Vestaburg last Thursday 73-52. The Eagles came back from a 19-10 first quarter deficit in that game to outscore their opponent 63-33 in the final three periods.

Koenigsnecht had 26 points, Simon had 17 and Hufnagle added 10.

The Eagles face stiff competition in their opening regional game tonight at Millington High School. They

play Flint Holy Rosary, 20-2 and champions of the Detroit Catholic League, at 7:30 p.m.

"They have the exact same team back from last year," Smith said. Fowler faced Holy Rosary in their opening regional game a year ago and beat them by one point in overtime.

"They're big," the coach said. "6'6" forward and a 6'10" player whose probably the biggest basketball player in the world."

If they win, the Eagles will try to make it 12 Regional titles for Fowler on Friday.

Good luck, Coach

## Pewamo-Westphalia captures District crown

By RHONDA GAFFNEY  
Sports Editor

For the first time since 1979, Pewamo-Westphalia High School basketball players brought home a District trophy.

The Pirates defeated Shepherd in the championship game of the Class C district played at Ithaca High School by a score of 32-30.

"It was great," said Head Coach Ron Kramer. "I am just so happy for the kids — they really earned it."

P-W turned in an incredible defensive performance against Shepherd, allowing them no opportunities to shoot from the free throw line and turning the ball over just twice for the entire game.

"It was a whole season's work paying off," Kramer said. "We had worked on our man-to-man game since last summer. The kids believe in it and it takes a lot of intelligence and discipline on their part to play it like they did. They have really matured."

Although it was a low scoring game, it did not lack in excitement. The score at the end of the first quarter was 4-2 with P-W on top. Mike Hengesbach made both

baskets for the Pirates as they worked the ball in their patient, deliberate offense.

"That first quarter just flew past," the coach said. "There were no fouls and very few turnovers on either teams' part. We were both kind of feeling each other out."

SHOOTING PICKED UP in the second period with Shepherd taking a 12-10 lead into the lockerroom.

Jeff Smith, who had come off the bench in the second quarter, was the spark that ignited P-W in the third period. He scored 6 of the Pirates 10 points in that quarter, and all were "big baskets," according to Kramer. "He just did a whale of a job for us."

An assist from Pat Stump to Smith tied the game at 20-20 to end the third period and it was a back-and-forth contest until the 1:40 mark in the game when P-W took the lead 29-28.

KRAMER CALLED FOR a time out and when the Pirates took the floor it was with the intention of working the ball for an open inside shot. That was not to be, however.

Bruce Klein ended up making a basket from outside

the key with two defensemen hanging on him.

"I don't know how that ball went in," Kramer said. Shepherd brought the ball back up and scored immediately to make the score 31-30. A series of time-out calls followed by both clubs concluded with Stump stealing the inbound pass with 2 seconds remaining and being fouled. He made one of two free throws to end scoring and the game.

Jeff Smith led in scoring for P-W with 8 points, and had 4 rebounds. Klein had 7 points, 8 rebounds and 2 assists and Doug Schmitt added 6 points, making 4-5 from the line.

"Schmitt did a good job of guarding their leading scorer," Kramer said. "He (McGuire) had been averaging 18 points a game and Schmitt held him to 8."

Pat Stump, "our leader again on the floor as he has been all year," said the coach, had 3 points, 6 assists and 2 steals. Tom Belen, who played with the flu, added 4 points to the Pirate cause and had 3 assists and 2 steals.

IT WAS THE THIRD GAME that P-W had played last week. They advanced into the final game by defeating St. Louis on Tues. 63-42, and Breckenridge in a Thursday night game 64-41.

"The win on Tuesday got us off to a good start and gave us respect among the other teams in the District," Kramer said. "Our Thursday game set the tone for Saturday. We played a tight man-to-man and were very patient and deliberate."

Klein led in scoring versus St. Louis with 17 points, Mike Hengesbach had 11, Belen had 10 points to go with 7 rebounds and 4 steals, Schmitt added 8 points, and Stump had 9 assists, 5 points and 1 steal.

In the Breckenridge contest, Belen was tops with 11 points and had 8 rebounds and 2 steals, Klein also had 11, Schmitt added 8 points with 6 rebounds, and Stump had 5 points and 5 assists.

The Pirates will play their first Regional game this Thursday at Ithaca High School against Saginaw Novella — ranked 6th in the state. The game begins at 7:30 p.m. Should P-W win, they will play again on Saturday.

"We know that Saginaw is a very fine ballclub," Coach Kramer said. "We really like the facilities at Ithaca and feel good about playing our games there. The kids are looking forward to it."

So are the fans, Coach.

DETERMINATION — The concentration and intensity that Pewamo-Westphalia used in winning their Class C District crown is evident on the faces of Pirate players Tom Belen, number 14, and Doug Schmitt, number 52.

The Pirates were winners over St. Louis and Breckenridge last week before facing Shepherd in the Championship District game played at Ithaca High School last Saturday. P-W won that contest 32-30, and brought home the District trophy for the first time since 1979.

Photo by Jeff Wilson

## Ebert is first in vaulting

What started out as a dismal day for the St. Johns gymnastic team last Saturday, was turned into one of the best in the history of that sport thanks to the efforts of Chris Ebert.

Ebert captured the number one spot in the vault in Regional competition held at Freeland with a school record 9.5 vault. She went on to finish fourth on bars with a score of 8.75, and set school records in floor exercise, 8.9, and in the all-around category, 34.6.

"She has worked very hard for this all year," said Coach Sue Cerny.

The Redwings' day started out badly when the team bus broke down 15 miles outside of Freeland, making the squad late for their scheduled time slot. Coach Cerny took care of that only to have her third girl up on the uneven bars break the bars. That was corrected, and then, St. Johns tape stuck and jammed the machine during their floor exercise portion of the day holding the meet up for 15 minutes.

"Things didn't look too good for us," Cerny said.

Ebert's performance changed that, however.

"The whole team was really behind Chris all the way," Cerny said. "We were all pulling for her."

Other Redwings who qualified for the Regional meet and their individual scores were: Denise Fox, vault, 7.75, floor, 7.75; Missy Knight, vault, 8.2; Gwynn Sharick, vault, 8.3, floor, 7.7; Linda Strickland, vault, 8.4, bars, 8.1; Missy Vitek, vault, 8.7, bars, 7.6, beam 6.05; Jody Smith, bars, 7.25; Penny Evans, beam, 7.25, floor, 8.2; Deanne Fox, beam, 6.35. St. Johns finished with a total team score of 126.25.

Ebert, a junior for the Redwings, will compete in the State Meet this Friday and Saturday at Grand Rapids Creston High School. She is the first State qualifier from St. Johns since 1982.

At their annual banquet held last Sunday, Coach Cerny presented awards to this year's team. Ebert received the Most Valuable Player award, Denise Fox was given the 101 Percent award, and Most Improved went to DeAnne Fox.

## Lose District opener to Owosso

# Redwings are upended

By RHONDA GAFFNEY  
Sports Editor

As was the case in so many of the Redwings' basketball games this season, they had victory within reach but could not finish with a winning score.

St. Johns played their opening Class A District game with host Owosso last week, and lost, 64-48.

"We knew Owosso would be big," said Coach Keith Haske.

They were big, alright. The giant Trojans killed the Redwings in the first quarter, outscoring St. Johns 23-8 in the opening period.

"We didn't play defense well at all in the first quarter," Haske said. "We had planned on playing Kroscoe (who scored 17 points for Owosso) with sort of a box-and-one. We wanted to put a lot of pressure on him."

That approach backfired on St. Johns and they went to a man-to-man for much of remainder of the game.

"We came back and played well at times, I thought," said the coach, "but couldn't come back from the big first quarter deficit."

THE REDWINGS OUTSCORED Owosso in the second period on strong outside shooting from Butch Armstrong. Early foul trouble forced the Trojans to sideline some of their big players in that period which helped St. Johns to cut Owosso's lead back to 34-26 at halftime.

St. Johns made a run on Owosso in the third period, whittling the Trojan's lead to 37-30 at the 5:44 mark when Trent Jakus picked up his third foul. A drive by Bill Keenoy put St. Johns behind by five, 39-34, and a basket by Greg Price with 2:40 left in the quarter cut the lead to 39-36.

A basket by Armstrong put the Wings as close as they would come to taking a lead in the game, 42-40 with 1:14 left to play in the third quarter. Just prior to that score, Jakus had picked up his fourth foul and was forced to sit down.

ST. JOHNS' SHOOTING went cold and the score at the close of the period was 47-41 in favor of Owosso.

The Redwings kept the point difference within reach until mid-way through the final period when Owosso put the game away. St. Johns was forced to foul and the Tro-

(Continued on page 2B)

## St. Johns' cage season is over

(Continued from page 1B)

Armstrong led St. Johns with 17 points, Marshall had 7, and Jakus, Keenoy and Alex Parker added 6 points each.

"The year was disappointing," Haske said. "We have more talent than our record (4-16) indicates. It seemed

that individuals would have good games, but we couldn't ever put a team together."

The coach is looking toward this summer when he plans to play in "at least 20 scrimmages" and practice on a regular basis.

Perhaps things will go better for the Redwings next year — they could hardly get worse.

## O-E falters in "B" District

The 1985-86 basketball season came to an end for the Ovid-Elsie Marauders as they dropped their opening game of District play last week to Durand 73-44.

Ovid-Elsie High School was the host site for the Class B Districts.

The Marauders came out strong and took an early 16-10 lead over Durand at the end of the first quarter. Troy Barnhill was hot in that period, making 8 of O-E's points.

"They were just so much bigger than us," said Coach Bob Foreback. "They had guys 6'7" and 6'4" and eventually wore us down. I thought our kids played well."

The real turning point in the game came when Durand ran off a string of 9 quick points just before the end of the first half. That gave Durand the lead and "was the difference in the game," according to Coach Foreback.

"We had spells in the third and fourth quarters where we played with them," Foreback said, "but never for

long enough to make a difference in the outcome of the game. It's real hard to play against a team that big when you're so small."

The Marauders shot 29 percent from the field, making 17-58 shots taken. That problem had plagued the team throughout the regular season and followed them into District play. O-E finished the year with a 4-17 record overall.

Leading scorer was Barnhill who finished the night with 17 points. Bob Foreback added 8 points for the Marauders.

"We had some bright spots during the course of the year and will be looking for better things to come next season," the always optimistic Coach Foreback said. "Our end of the year banquet is planned for tonight (March 11), and that's something the team, staff and parents always enjoy."

## Youth bowlers of the month

**BOWLERS AT REDWING LANES** — Posting high scores in the Prep Division of the Youth Bowling League at Redwing Lanes in St. Johns recently were: Brandy Sosebee — 96, Jeff Barbour — 162, John Lemke — 136, and Julie Miller — 151.

**JUNIOR MAJOR LEADERS** — Taking honors in the Junior Major Division at Redwing Lanes were: Steve Rapp — 191, and Penny Williams — 129. Leading in the Bantam Division were: Jamie Terpening — 120, and Kimberlee Elliott — 112.

### Sports briefs

#### Sue Pearsall

Sue Pearsall from St. Johns, junior forward for the Michigan State Spartans women's basketball team, is second in assists and third in steals for the Spartans this year. Pearsall has 70 assists and 24 steals. She is currently averaging 9.5 points per game.

The Spartans are 14-11 overall and 8-8 in the Big Ten.

#### Monica Hayes

A junior on the Northern Michigan University swim team, Monica Hayes of St. Johns was part of the 400 freestyle relay team that turned in a NCAA-II national qualifying time of 3:36.22. Hayes also placed in four other events in the Midwest Independent Championships held last weekend in Chicago.

Hayes has 227.08 points for the season, good for ninth place on the team.

#### Paul Pioszak

St. Johns native, Paul Pioszak, a senior on the Western Michigan University men's track team, won the two-mile run for the Wildcats. Pioszak was timed in 9:05.70, the team's top effort in this event for the 1986 indoor season, in the Mid-American Invitational held last weekend in Ypsilanti.

#### Kurt Thelen

Kurt Thelen from St. Johns, has completed his sophomore season of college basketball at Grand Valley State. Thelen scored 31 points, averaging 1.6 points per game and 1.1 rebounds, in the 19 games in which he saw action this year.

Thelen had a high game of 8 points against the University of Michigan at Dearborn, and was 3-3 in shooting against Ferris State.

#### Alma College awards

Juniors Steve Gonzales and Jamie Werbish of St. Johns, and freshman Rick Grieve of Elsie were honored recently at Alma College's 1985 annual football awards program. Gonzales, wide receiver for the Scots, and Werbish, Alma's kicker and punter, earned their third year Varsity letters. Grieve earned a Junior Varsity award playing defensive tackle for the Scots.

#### P-W alumnae at LCC

Pewamo-Westphalia High School graduates Jackie Bauer, Angie Thelen and Michelle Wieber are key members of Lansing Community College's women's basketball team. Bauer is in her second season at LCC, while Thelen and Wieber are both freshmen for the Lady Stars.

Last year Bauer led the Stars in rebounding and scoring and was chosen first team All-Conference, All-State and All-Region. Thelen lettered in basketball, softball and volleyball at P-W and received an Honorable Mention notation in the CMAC during her senior year of basketball. Wieber was voted onto the All-State basketball team and named to the first team in the CMAC in her senior year at P-W.

## Bears play hard but lose District to Sacred Heart

Ashley basketball coach, Gary Schestag, is "tying up loose ends," in the Bears program following a 58-44 loss to Mt. Pleasant Sacred Heart in their Class D District game last week at Vestaburg.

The Bears came out, "really fired up," according to Coach Schestag. "We were boarding, running, shooting, and playing good defense." Ashley had leads of 12-2 and 16-6 during the first quarter.

Sacred Heart scored the last 8 points of the first period to cut Ashley's lead to 16-14 at the close of that quarter.

The lead was taken by Sacred Heart early in the second period and it was a back-and-forth ballgame for much of the quarter. The score at halftime was in Sacred Heart's favor, 29-26.

"Even though we were staying in the game," Schestag said, "we were not playing with the intensity that we had in the first quarter."

The third period saw even play until the closing minutes when Mt. Pleasant ran off a streak of 8 points. They continued to pull away from the Bears through the final quarter.

"Once Sacred Heart had the lead and we lost our intensity there was a feeling that we were out of it — although we really weren't," Schestag said. "We may have come out too aggressive and too hard. Their big guns hurt us, but didn't kill us. The bench really did a number on us though."

Alan Stehlik paced the Bears with 14 points and Chris Ringle had 9 rebounds. Mike Litwiller was good for 12 points, 7 rebounds, 6 assists and 5 steals for Ashley.

The Bears end their season with a record of 13-7. Beside getting those loose ends together, Schestag said it was time for a little "vacation" before thinking of what 1986-87 will bring for Ashley basketball.

## Fulton's tempo is almost right

"We did what we wanted to do," said Fulton basketball coach Terry Smith about the Pirates confrontation with Mt. Pleasant Sacred Heart in their opening Class D District game last week.

"We slowed the tempo down and made them play the kind of ball we wanted to — we could have won," the coach said.

The final score was close, 48-42, but not in Fulton's favor.

The Pirates led 24-23 at halftime, playing the first half in a very deliberate manner. Sacred Heart put a press on to begin the third quarter and "that hurt" according to Smith. "They did a good job on us."

Mt. Pleasant also outscored the Pirates in the third period, holding Fulton to just three baskets in that quarter. Overall, the Pirates had 18 field goals for the night, compared to 15 for Sacred Heart. The Pirates were good on 6 of 14 attempts from the charity stripe.

Leading scorer for Fulton was Dave Stephens with 17 points. Joel Parker had 9, Scott Cater added 6, and Todd Walden put in 5.

"Our record may say that we are 4-17 on paper, but I know we're a lot better ballclub than that," Smith said. "After last Saturday, we're just the same as Sacred Heart."

You can make your very, very, very fine house even finer with a Life Improvement Loan from Clinton Bank. Perhaps you'd like to add a deck. An extra bathroom or bedroom. New carpeting and wallpaper. Even a satellite dish! Whatever it is, we can help you. With plans tailored to fit your needs. Like an unsecured loan up to \$10,000. A line of credit on your mortgage, a second mortgage or MSHDA loan. It's up to you. Improve your home with a Life Improvement Loan from Clinton Bank.

## SJHS fitness awards

Sophomores from St. Johns High School participated recently in the President's Physical Fitness Test with 14 students receiving the distinguished fitness award and patch. To receive the awards, students were required to record scores of 85 percent or higher in six different areas of fitness.

Award winners were: Zane Ballard, Scott Heibeck, Pete Cocco, Jim Cain, Tim Whitford, Marty Suidgeest, Chad Housler, Kerl Ballard, Missy Cartwright, Jill Moore, Mandy Martens, Patti Martin, Darcy Grennell, and Kerry Porter.

Out of work? You're not out of luck — look to classified for employment opportunities.

**TWO POINTS** — Dean Koenigsnecht goes up for a sure two points in Fowler's District win over Mt. Pleasant Sacred Heart. Bruce Schmitt, number 43, watches the shot. Koenigsnecht and Schmitt were a scoring tandem for the Eagles, putting 21 and 19 points on the board respectively for Fowler.

## Pirates end spiking year at Regional

The Pewamo-Westphalia volleyball team was taken out of Regional competition with a loss to Rogers City 15-5, 15-3 last Saturday.

"The scores were not really indicative of our play," said Coach Nancy Kreider. "We didn't get clobbered by any means, we just never got into the flow — we had no momentum."

Coach Kreider noted that team members Lisa Nuremberg and Debbie Pung turned in fine performances for the Pirates.

"We are not disappointed in our year at all," Kreider said. "We feel that we worked pretty much up to our potential and feel good about the year overall. This is a great group of girls to work with."

## O-E sets in regional final

Ovid-Elsie spikers went further in post-season play than any Marauder team ever had before — all the way into the Championship match of their Class B Regional competition played at Sanford-Meridian on Saturday.

The Marauders won their opening match of the day with Pinconning 15-9, 15-3, but lost in the Championship round to Grand Rapids Forest Hills Central 15-5, 15-7.

"I received serve well," said Coach Doug

Long, "but couldn't get in position for blocking. They were very quick and had an excellent setter. We were on defense all the time."

Leading in points served was Jamie Jones with 14. Deb Darling and Sheila Platner had 8 serve points

each. Platner also led in spikes with 18, 14 of those coming in the first match.

Shelby Terpstra had 16 spikes, 8 for kills, and 10 blocks. Courtney Schneider had 13 spikes and 9 blocks, while Jami Martin had 6 blocks. Darling also had 4 saves.

## Rural living Extension news

Giles Roehl

**ANR WEEK** — Six days of fresh ideas. Whether your interests are farming, gardening, health, community action or recreation, you'll find fresh ideas on those topics and many more at ANR Week at Michigan State University in East Lansing. Agriculture and Natural Resource Week will be March 17-22. More than 200 special activities, workshops and classes are full of fresh ideas for you and are scheduled for this time period. The major emphasis for ANR week is to help commercial farmers with new ideas, methods, and concepts. But there's something exciting for everyone.

Included as a part of the program will be meetings and/or exhibits focusing on: Integrated Pest Management Scouting, Skills for Concrete Construction in Livestock Facilities, Tourism Development in Michigan, Herbs for Use and Delight, Swine Breeding Industry Needs for Today and in the Future, Beekeeping and much more.

Plan your visit at ANR Week before you leave home. Pick up ANR Week News at the Extension Office.

**PEST ALERTS** — Every summer we have our share of crop pests that affect our crop yields. Most of the damage done by these pests can be avoided if treated early with the proper treatment. To help you know what pest to be watching for, MSU publishes weekly bulletins, written by a team of the states top experts. These experts provide concise information on: Christmas trees, field, forage and grain crops, forest, fruit, greenhouses, home and yard ornamentals, pesticides, turf and vegetable pests. They identify control recommendations, scouting tips, economic thresholds and new pesticides as they are registered.

Farm users make comments such as, "We look forward to the Pest Alerts because we know they are current and give us valuable information as it becomes available."

Check with the Extension Office for more information on how you can secure the Pest Alerts mailings.

**CHECK YOUR BINS NOW!** — Timely sampling of stored grain can help avoid losses. Proper sampling and analysis can detect existing or potential problems before considerable damage has been done. Timely sampling can reveal increases in moisture and temperature which are early signals of potential storage problems.

When sampling a bin, know the past history of filling and unloading so you can take safety precautions. Two years ago a farmer in my county went out to check his corn bins. When he stepped on what he thought was the top he fell through and suffocated to death in the grain as it surrounded him. Insects damage had caused a hollowing of the bin under an apparently normal appearing top. This farmer's failure to follow safety rules cost him his life!

To avoid having problems in your grain bins they need to be monitored during binning weekly or more frequent intervals to ensure that moisture and temperature are stabilized at acceptable intervals.

Once the bin has stabilized the monitoring intervals can be lengthened to monthly or oftener, especially if the environment outside the bin is relatively static at temperatures below 30 degrees F. As the weather pattern changes, as we hope it soon will, grain should again be sampled on a more frequent basis, either weekly or a biweekly basis.

Sampling should also occur anytime there are obvious signs of deterioration. Such signs may be: 1. musty odor; 2. snow melting off the bin on a cold day; 3. water vapor rising from the grain mass; 4. an increase in temperature or moisture in an area of the grain. Samples should also be taken when animals start to refuse grain or exhibit performance or reproductive problems. These samples should be analyzed for mycotoxins, once identified, consult with a veterinarian before using.

When sampling a bin, the procedure may be divided into two separate test, the average moisture and temperature and the spot test. Each one is designed to locate possible trouble areas.

A probe is one means of determining the average moisture and temperatures. It is necessary to take enough samples so a representative sample results. The more samples the more accurate the reading. While taking these samples check for "hot spots" that indicate rapid mold or insect development. (Check along the bin walls and floor if possible.) If there are temperature differences greater than 10 degrees F the aeration fans should be started. Treat insects immediately with approved chemicals. For more information on checking your grain storage, check at the Extension Office for bulletin E-799, "Drying and Storing Shelled Corn."

Giles Roehl is the Director of the Clinton County Cooperative Extension Service.

## Tillage seminar planned for Smith Hall March 25

The Central Michigan Tillage Seminar is planned for March 25 at Smith Hall in St. Johns from 10 a.m. to 2:30 p.m. The seminar is sponsored by the Clinton Soil Conservation District, S.C.S. and Cooperative Extension Service.

Speakers from Michigan State University, Al's Aerial Spraying and Hancor, Inc. will be on hand to answer questions concerning soil compaction, weed control, no-till small grains, aerial spraying and conservation tillage. Lunch will be served at noon for a fee of \$4. Reservations should be made by March 25 by calling 224-8769.

The C.S.C. is once again offering tree seedlings for sale in quantities ranging from 50 to 1000. Varieties include black walnut, blue spruce, green ash, russian olive, silky dogwood, red pine, white pine, autumn olive, honeysuckle and blue spruce. The 1986 tree order forms and more information may be obtained from the C.S.C. at 306 Elm Street, St. Johns.

## Agricultural news Calving season

Marilyn Loudenslager

March and April are heavy calving months for beef cow-calf producers. To be prepared for a successful calving season producers need to provide cows with a clean and dry calving area.

The cows should be checked frequently and if a cow has been in hard labor for one to two hours and is not making progress, the producer should be prepared to assist her. First-calf heifers should be given extra attention.

Providing the calf with maximum disease protection is the key to calf survival. Feeding colostrum to the calf soon after birth will provide the calf with many antibodies, vitamins and minerals that will provide

that calf with disease protection. The calf should be given the colostrum no later than four hours after birth.

Scouring calves become very dehydrated. Be prepared to give these calves fluids and/or consult your veterinarian for advice.

Providing this extra care and attention during the calving season can make a big difference in the success of your 1986 calf crop. **Clinton County Dairy Tour** — April 4, starting at 9:30 a.m. More information to be given at a later date. Marilyn Loudenslager is the Agriculture Agent for the Clinton County Cooperative Extension Service.

## Non-program crops rule out deficiency pay

The U.S. House of Representatives recently passed a bill, which had already cleared the Senate, that makes several technical corrections in the 1986 Farm Program.

One of the changes made in the legislation is the section that allowed the planting of non-program cash crops such as dry beans, on permitted acres, and still

provide farmers with 92 percent of their deficiency payment.

The new language in the bill would disallow this situation, and eliminate the deficiency payment, if non-program crops were planted.

"Our entire Congressional delegation has been very supportive, especially Congressman Bob Traxler

(D) Bay City, Bill Schuette, (R) Sanford, and both of our U.S. Senators, Don Riegle and Carl Levin," said Jim Byrum, Executive Secretary of the Michigan Bean Commission.

The measure now goes to the White House, where the President is expected to sign it.

Dry bean interests had

been concerned that non-traditional producers would plant dry beans under the program, and be subsidized for doing so, with the deficiency payments. An oversupply of beans in the marketplace would have resulted with a predicted loss of 35 million dollars in income to dry bean producers.

## Farm Bureau donates \$10,000 to EMAT

Clinton County Farm Bureau, together with the Michigan Farm Bureau and other county Farm Bureaus across the state, has made a \$10,000 donation to Michigan State University's Cooperative Extension Service for the formation of an additional Extension Management Assistance Team (EMAT).

A check was presented by Michigan Farm Bureau President Elton Smith to Extension Director Waldimar Moline recently.

Clinton County Farm Bureau President Howard Straub said the local organization contributed \$110 to support the EMAT program which has assisted over 300 farm

families since early 1985. EMAT is an outreach program using Extension specialists in agriculture production, economics and family life, along with the local county agent.

"EMAT provides an opportunity for a farm family to take a close, objective look at their farming operation, with the aid of MSU specialists, around the kitchen table in their own home," Straub said.

"We believe our support of this program is a positive approach to assist farm families who are experiencing financial stress. We support the EMAT program because we know it works and because it

responds to the needs of these families now rather than six months down the road." Straub said that plans are also underway for the Clinton County Farm Bureau to work with the county Cooperative Extension Service as part of an assistance network for farm families who need information and referral to EMAT or other agencies.

## LEGAL NOTICE

Notice is hereby given that the Clinton County Construction Board of Appeals will conduct a public hearing on March 18, 1986 at 7:00 p.m. in the offices of the Department of Planning and Zoning, 1003 South Oakland Street, St. Johns, MI.

The subject of the public hearing will be the consideration of the following case:

**Case CBA-1-3-86 Lloyd E. Moody - Eagle Township**  
 An application for relief has been filed by Mr. Lloyd E. Moody, 13531 S. Wright Road, Eagle, MI pursuant to Sections 14 and 15 of the State Construction Code, Act 230 of 1972. The applicant requests relief from the strict literal interpretation of Section 821 "Membrane Structures" of the BOCA Basic/National Building Code.

Relief, if granted, would authorize the construction of a temporary greenhouse for retail sales located at The Wooden Crate, 11049 W. Grand River, Grand Ledge, MI.

**Legal Property Description:** 070-026-100-017-00: Com. 500.02' S of NE cor. of Sec. 26, T5N-R4W, Being intsn. of E in of sd Sec. & Grand River Ave., th. S 247.5', W 541', N 388.66', S 73 degrees E 559.11' to beg.

The appeal application(s) and the BOCA Basic/National Building Code are available for public inspection in the Department of Planning and Zoning located at 1003 South Oakland Street, St. Johns, MI between 8:00 A.M. to 12:00 Noon and 1:00 P.M. to 5:00 P.M., Monday through Friday. Interested persons are requested to attend the hearing and voice their opinions in respect thereto or written comments may be forwarded to the Department. Please call 224-6761, ext. 221 for further information.

Hospital news

### Ticker Club to talk on avoiding burn out

Stress and burnout are the topics of discussion for a special seminar offered at Clinton Memorial Hospital on March 12. Questions on what stress is and how to avoid burnout will be addressed by guest speaker Yvonne Alhaddad. The program, open to Ticker Club members and other interested persons, will be held in hospital conference room A from 6 to 8 p.m. The program is free to all participants.

For more information, contact the Education Department of Clinton Memorial Hospital, 224-6881, ext. 283.

### Support group forms for bereaved persons

Several volunteers trained through Hospice for Clinton County are forming a "bereavement support group" as an extension of the hospice services and training program available to Clinton County residents.

The support group is designed for all persons who have suffered the loss of a loved one. Organizers, with the backing of professionally trained individuals, hope to assist survivors as they deal with new fears and concerns they experience following the death of a family member or friend.

The group's initial meeting will be held on March 18 at 7:30 p.m. in the Clinton Memorial Hospital Conference Center.

For further information, call 224-2666 or 224-3441 (days); and 224-4391 or 224-7023 (evenings); or call Hospice for Clinton County at 224-6881.

### Hospital Auxiliary celebrates birthday

Clinton Memorial Hospital Auxiliary celebrated its Founders Day anniversary at their monthly meeting on Feb. 19. Chief Executive Officer Paul McNamara congratulated the group on its 59th birthday and presented members with a large birthday cake.

Auxiliary members will sell geraniums in time for spring planting during a flower sale planned for May 16, 17 and 18 at 405 S. Oakland Street in St. Johns.

## Consensus reached on highway safety

Members of Clinton County judicial, law enforcement and public health agencies met on Dec. 9 at the County Courthouse to discuss ways to save lives on our highways.

The consensus of the group is that the following practices are the most life threatening to Clinton County residents:

1. Drunk driving and other related alcohol offenses
2. Speeding
3. Reckless and careless driving
4. Nonuse or misuse of seat belts
5. Nonuse or misuse of child restraint seats

District Court Judge Jeff Martlew suggested that a Highway Safety campaign called "Safety '86" be dedicated to the 23 residents of Clinton County who died in traffic accidents in 1984 and 1985.

The purpose of the campaign is to impress upon people that their driving habits can make the difference between life and death, and that nothing can replace individual responsibility while driving. Regardless of whether or not an individual is apprehended by a police officer for breaking traffic laws, such behavior risks lives and is a bad example for children who are future drivers.

One of the high risk groups that the committee is concerned about are teenagers. Drinking and driving among teenagers is a serious problem throughout the U.S. The "Safety '86" committee plans to focus some of their efforts towards minimizing this problem.

#### DID YOU KNOW?

- Automobile accidents are the number one cause of death and disability for all people birth through 44.
- Eleven Clinton County residents died in traffic accidents in 1984.
- Alcohol was involved in 73 percent of the 11 fatalities in 1984.
- In 1984, 344 people were charged with drunk driving in Clinton County.
- The penalties for a first drunk driving offense include: up to 90 days in jail and/or \$100-\$500 fine and license suspension for six months to two years.
- The economic loss to Clinton County due to traffic accidents in 1984 exceeded \$11,220,000.
- The Supreme Court recently decided that people who serve alcohol to minors or allow minors to drink in their homes are legally responsible in case of an accident according to the "Dram Shop" law.

#### WHAT ABOUT YOU?

- Do you ever drive after drinking more than 1 alcoholic beverage per hour?
- Do you ever let someone else drive after drinking more than one alcoholic beverage per hour?
- Do you ever purchase alcohol for a minor?
- Do you ever serve alcohol to any minors in your home?
- Do you often drive 10 or more miles over the speed limit?
- Do you often ride without wearing your seat belt?
- Do you let small children stand up or ride not properly restrained in a motor vehicle?

• Do you drive a vehicle with structures such as tables, cabinets etc., which could become detached during an accident and injure or kill vehicle passengers?

• Do you risk your life by riding with others who are not properly restrained, and who could be thrown into other occupants during an accident?

If your answer is yes to one of more of the above, you and your family are at high risk of suffering injury or death in an automobile accident.

There is a toll free number to report drunk drivers. You may save someone's life by calling 1-800-525-5555. Other groups or individuals interested in working with the "Safety '86" committee please contact Mikelle Whitt at 224-8393.
