Fire destroys Ovid building

By RICH WERTZ
Editor

Fire destroyed three businesses on Ovid's main street Friday night as witnesses watched five area fire department's battle the blaze.

Ovid fireman Bob Burns was struck on the head by a falling electrical cable. He was treated and released from Owosso Memorial Hospital.

The fire broke out at about 8 p.m. Friday at the Main Street Pizza Parlor, 108 N. Main. Four employees at work in the pizza store at the time escaped without injury.

The fire spread to destroy the Movie Box video store and a picture-framing business. Gambles hardware and furniture store suffered some smoke and water damage.

Assisting the Ovid Fire Depart-

ment at the scene were fire departments from Elsie, St. Johns, Owosso Township and Delta Township, said Ovid Fire Chief Larry Martin.

Martin said 200,000 gallons of water were used in fighting the blaze. He said the construction of the buildings on each side of the fire helped in containing the blaze.

"It had a double fire wall on each side and that's what saved the other two buildings," he said.

ON SATURDAY passersby stopped and took pictures of the burned shell of the former building. Martin said a Michigan State Police fire investigator was expected that afternoon to begin investigating the cause of the fire.

He said the investigation would take several days.

Movie Box employee Steve Huffman waited for word that he could enter the building. The Movie Box had an inventory worth \$60,000 to \$70,000, he said.

"I don't know if it's all lost yet," he said. "We haven't been able to get in yet."

Huffman also said there was talk that the fire had started in a fan at

the rear of Main Street Pizza.

Bob Burns, the fireman who was injured by the falling electrical cable, was on his feet and around town on Saturday morning.

He said he had pretty much

recovered from being struck on the helmet by the cable.

"I have a headache," he shrugged.

Burns said he had been in an alley next to the fire when the live cable had struck his head. He said his

helmet and rubber boots had kept him from being more seriously injured.

"I felt it but I didn't get burned," he said.

The cable did temporarily disable

ABOVE — Ovid fireman Bob Burns, struck by an electric cable while fighting the fire, didn't let a headache keep him off his feet the next day.

LEFT — The fire destroyed two businesses but was contained before it spread further.

Notes Kiwanis

ST. JOHNS The St. Johns Kiwanis Club will host a Spring Kickoff Dance at the VFW Hall in St. Johns on March 21 from 8-12 p.m. Tickets are \$6 per person and are available in advance at Kurt's Appliance, Hub Tire, and Clean 'n Time in St. Johns. For more information call 224-8285.

ACT test

ST. JOHNS The ACT college entrance exam will be given on April 11 at St. Johns High School. Present high school juniors who are planning to enroll in college and/or apply for financial aid should consider taking the test. Registration deadline is March 13. Students may pick up registration packets in their high school student service or guidance office.

For parents

ST. JOHNS Parents with students who are presently in grades 8 through 11 in St. Johns public schools are invited to attend a meeting with high school counselors on March 12. Parents and students should meet at the high school auditorium at 7 p.m. Counselors will present curriculum offerings and scheduling information for the 1987-88 school year. Following the program, teachers and counselors will be available in the cafeteria to answer individual questions. For more information contact the high school counselors at 224-9341.

Right brain

ST. JOHNS A special workshop explaining different learning styles in persons whose right brain is dominant is planned for March 18 at the Clinton Intermediate School District building on South US-27. The free workshop, sponsored by the special education gifted committee, runs from 5:30-7:30 p.m.

Dr. Connie Marks, a teacher for the learning disabled in Okemos, will speak on the topic of hemisphere dominance. Children whose right brain hemisphere is dominant may have the following traits:

- Usually have the right answer but cannot explain where they got the answer;
 - Enjoy taking things apart and putting them back together;
 - Have messy desks or rooms.
- Children whose right brain is dominant may benefit by special teaching methods which Marks developed for working with these types of children.

To register for the workshop, contact Jenny McCampbell at 224-6831.

'Appeal could take five years' — McNamara

Hospital head says appeal could wind up in Circuit Court

By RICH WERTZ
Editor

It could take up to five years and litigation in Circuit Court to resolve Clinton Memorial Hospital's appeal of a decision by the Michigan Department of Public Health not to approve 24 nursing care beds for the hospital, said hospital administrator Paul McNamara.

A preliminary hearing on the appeal will be held March 20 in Lansing.

"It could take one to five years, I guess is a fair statement," said McNamara.

However, he said, the hospital's board of directors desires a compromise between the hospital and Hazel I. Findlay Country Manor.

"We would hate to see the appeal drag on and on," said McNamara. "Number one, we need those nursing beds in Clinton County."

Findlay Manor currently has state health department approval for all 49 of the nursing home beds the health department says are needed in Clinton County. But the nursing home cannot proceed with a planned \$2.5 million expansion while the hospital's appeal is pending.

A compromise between the two facilities — which the state would presumably approve — is complicated by several issues:

• Both facilities need the revenue that would be generated by the beds. The nursing home had a net loss of \$53,608 for 1986 and the hospital had a net loss of \$346,195.

Findlay Manor's board of directors, in a letter that appears on page 2A of this newspaper, points out "the only revenue of any substance that is used for operating costs is generated by our 99.5 percent census. We do not have other income."

The hospital has several subsidiaries, including one intended to make a profit — although the for-profit subsidiary showed a net loss in 1986.

• Findlay Manor said it needs the 49 nursing home beds to subsidize another category of beds — home for the aged beds — that the community needs but which do not pay for themselves.

"Twenty-four nursing home will not generate enough revenue to support them," the board's letter said.

• The hospital, on the other hand, said anything less than the 24 beds it has requested would be inadequate.

"Some people ask, 'Why the magic number 24? Why not 13 or 10?'" said McNamara.

The number is based on the efficient use of the square footage

available at the hospital for the beds, he said.

"They're asking us to be less efficient," he said. But, he added, "We'll certainly keep our minds open to other approaches."

• The ability of the hospital to profitably operate a nursing bed section — if it were to be built — has been questioned.

McNamara responds that some were dubious about the hospital's ability to run a financially solvent home care program, which he said the hospital has been able to do.

"I don't expect it to make a lot of dollars," said McNamara. He added, "We believe we can cover our costs...it'll be a cost spreader. And I don't think it'll be a money loser."

• Rumors — unconfirmed by those most closely involved with the facilities — of antagonism between the two institutions have circulated for some time. Frequently mentioned is a letter from the hospital to the nursing home.

McNamara said he thought the rumors referred to a letter from the hospital board to the nursing home board early in 1986 in which the hospital expressed "concern" about the hospital's loss of business from the nursing home. He said Findlay Manor had discontinued purchasing from the hospital services ranging from laundry services to dietitian services.

"That became quite bothersome to us because all the business was leaving town," he said.

He said the hospital's letter had prompted an exchange of letters between the two facilities.

"There were a series of responses back and forth," he said.

McNamara, asked about reports of antagonism between the facilities, said, "It's very fair to say the hospital board has a lot of respect for those on the nursing home board."

Members of both boards do what they believe is right, he added.

Harold Benson, chairman of the board of the Clinton Area Care Center, parent company of Findlay Manor, contacted while this article was being prepared, declined comment.

Community donations called key to making up budget deficit

In the short term, budget cuts and donations from the community will replace Clinton Memorial Hospital's operating budget deficit, said Administrator Paul McNamara.

Those measures, "not the least of which are the donations from the community," will solve the hospital's short-term financial problems, he said.

Dry cleaning and medical equipment companies showed profits in 1986

The hospital has laid off 27 full time employees since December in the wake of budget deficits. The hospital also accepted the resignation of financial officer Robert Ingham, formerly the institution's accountant. Accounting services will be purchased locally at a savings to the hospital, said McNamara.

McNamara said the Clinton Services Corporation — the for-profit sister company to the hospital — had shown a loss for 1986. However, he said, that loss came from the medical centers in Bath and DeWitt, which have since been closed.

A medical center in Elsie, which also lost money last year, is being "watched closely," he said.

A retail dry cleaning company and a retail medical equipment company also owned by Clinton Services Corporation showed profits in 1986, he said. Retail pharmacies in Lansing showed losses but are expected to show a profit in 1987, he said.

McNamara declined to provide specific profit and loss figures, saying "proprietary" information could be used to the advantage of competitors.

Elsie medical center, which lost money, is being 'watched closely'

LONG-TERM stability for the hospital, said McNamara, will be improved by:

• A successful appeal of a decision by the Michigan Department of Public Health not to approve the hospital's request for 24 nursing home beds.

"We believe those beds will...enhance our long-term stability," said McNamara.

• Recruitment of doctors. The hospital needs to provide a wide range of medical services in order to attract patients, he said. If, for instance, an accident victim suffers from four conditions but the hospital can only treat three of them, the hospital still loses the patient to a hospital out of town, he said.

"These other three conditions that we could have treated we lose — we send the whole patient not just part of one," said McNamara.

• Listening to the hospital's 70 volunteer trustees. "They try to reflect what the community is thinking — I think the strength of the organization is from that," said McNamara.

Letter from Findlay Manor Directors — page 2A

The trustees are scheduled to meet March 10. McNamara said that although the trustee meetings were once open to the public, the hospital board had opted to keep the March 10 meeting private.

Findlay Manor Board of Directors explain bed request background

To the citizens of Clinton County:
Clinton Area Care Center, Inc. was formed with its purpose proclaimed to be: "To provide basic, skilled and custodial nursing care for the citizens of the Clinton County area; to construct and maintain a proper facility to carry out this goal; and further to provide for the health care needs in the nursing home field in the Clinton County area."

Hazel I. Findlay Country Manor was the first step. A certificate was approved by the Michigan Department of Public Health (MDPH) mandating 65 nursing and 43 home for the aged beds could be built.

Opening in June 1982, the nursing section was quickly filled, but it was found nearly impossible to attract home for aged clients. Even though these beds were empty, Medicaid reimbursement regulations required 40 percent of our cost to be allocated to the beds and thus remained unreimbursed.

In 1983, we were allowed to convert 24 empty beds to nursing use, but many beds still were empty in the home for the aged section and again accounted for a substantial net loss. In 1984 a very low census stabilized in the remaining home for aged beds, and we petitioned MDPH to allow re-licensing to nursing. In mid-1985 the request was granted, the massive financial losses were greatly reduced and we were in a financial position to apply for skilled beds as promised to the community earlier.

physical and speech therapy, radiology, etc., there is no question that we could continue our high quality, award winning level of care to our residents. Also our dedication to the de-institutionalization process with continued normalization of life-styles, with fishing trips, ball games, Wharton Center concerts, blue grass music, local Senior Citizen luncheons, visits by choirs, choruses, bands, the Ministerial Association, bingo groups, pets, talent shows, visiting foster grandchildren, etc., would continue. Healing is a process that requires much more than care by skilled, medical personnel. The body, the mind, and the spirit all benefit from the exemplary care of our certified and licensed staff.

Finally, we are very concerned with the economics of the proposed addition. We are currently operating seven percent below the average cost of the other non-profit facilities in Michigan. However, we have 73 percent Medicaid clients versus 55 percent for other non-profits. Medicaid reimburses only about 80 percent of the average cost for all facilities.

The financial report clearly shows the need to increase available nursing beds to improve our financial position. Due to economics of scale and spreading overhead cost to more beds, we can reduce our even now low costs another eight percent on all the beds in the agency. And all this without reducing quality. The Medicaid reimbursement will not change since we are reducing costs which are not reimbursed by Medicaid since they are above the reimbursable cost limits.

Conceptually, this reduction in cost and additional nursing beds, do two things for us. First, the only revenue of any substance that is used for operating costs is generated by our 99.6 percent census. We do not have other income. It will increase needed revenue. Second, the home for aged beds, while necessary in the community, do not generate enough revenue to pay for themselves. They must be subsidized by 49 nursing beds. Twenty-four nursing beds will not generate enough income to support them.

We are working with Famers Home Administration to finance the project. All responses are favorable for a long term, low interest loan at this time. Of course, they are interested in whether the community supports the project. This will require a 10 percent in-kind fundraising, as your show of support. The county residents raised over \$800,000 for the initial construction.

The final decision to provide beds for the 100 individuals on our waiting list has already been delayed from March 20, 1985, until Jan. 28, 1987. This is partially due to the complication of two or more agencies requesting the same beds. The appeal process is said to cause another one year delay on the average. In addition, more time will be needed for construction.

We urge everyone interested in timely, quality care for the elderly in this community to review both sides of this issue; "Quality nursing home care for the greatest number of Clinton County people and their families, at the best possible price."

It is the feeling of the CACC Board that the decision by the MDPH approving our request meets the community needs.

Sincerely,
The Board of Directors
Clinton Area Care Center, Inc.

FINANCIAL REPORT

Year	Licensed beds	Profit (loss)
1982	65-43	(\$241,288)
1983	89-19	(\$199,814)
1984	89-19	(\$121,940)
1985	89-19	(\$12,873)
1986	108	(\$53,608)

(1986 is not audited)

Also in early 1985, MDPH released its study showing the vast increase projected in the aging population by 1990 and after that would follow the aging of the "baby boomers" generation. Specifically in Clinton County the study showed a need for 68 nursing beds and 105 home for the aged beds, etc., being offered.

CACC applied to MDPH on March 20, 1985, for permission to add on to its existing facility. While the Medicare program statistics show only two percent of nursing beds paid for are skilled, the CACC request did include an area to care for skilled clients, added an area for intermediate care and a nominally sized home for aged wing. Altogether, the request was for 49 nursing and 16 home for the aged beds. Even with this major expansion there would remain 89 potential clients in the county who would not have access to custodial care according to MDPH projections.

St. Johns Superintendent of Schools Earl Lancaster announces that he will retire in June.

Lancaster has 40 years of experience as a school superintendent, including 24 years in St. Johns.

During his administration in St. Johns, a high school and four elementary schools were built in the school district. The district itself has grown from 1,441 students to 4,500 students.

A group of residents formed to build a new nursing home in St. Johns explains its proposal in an article in the Clinton County News.

The group has asked for public support of its appeal of a state government decision not to allow the proposed home.

"We intend to proceed with the appeal process in the belief that the state will

approve the facility if we can show solid evidence of community support," says the group.

"It's in the Bag"
by Bob Beck

It has been said that even the sky turns green on St. Patrick's Day. After all, there's green beer, green ice cream, green candy and green pizzas. In fact, if St. Patrick's Day did not come at this time of year, we would just have to create something else in its place.

When our springs seem to be at their lowest ebb, along comes St. Patrick's Day and the "wearer of the green" makes you feel that spring is just around the corner. The Irish know how to cheer the blues away.

Days were not so great for the Irish in the mid-nineteenth century, when they were forced to flee their homeland because of the famine. It was then the Irish immigrants brought the potato to the United States. Thus, the origin of the Irish Spud.

While the mainstay of the Irish menu is the potato, the Irish learned in the days of the famine that it would be well to have other dishes. The clever Irish found ways to "chase the beverages" with other home cookery and beverages. Irish Whiskey, Coffee, Bread, Oatmeal, Stew, and best of all, Corned Beef and Cabbage ... just to mention a few.

In closing, Beck's would like to remind you that we have all the ingredients this week for your own favorite Irish recipe to help you celebrate St. Patrick's Day with a flair.

Editor's notes

Who do we blame?

Rich Wertz

I hope that what we have here is a failure to communicate. Because if we do understand each other and remain unwilling to compromise, then it is a situation that can only get worse.

I refer of course to the competition for nursing home beds between Hazel I. Findlay Country Manor and Clinton Memorial Hospital. More partisan observers will blame one "side" or the other for the fact that two institutions built and supported by the community are now competing with each other.

It doesn't seem to me that there is a great deal of value in blaming either institution. Nor can we blame the government — as I understand it the state will likely approve any reasonable agreement Findlay Manor and Clinton Memorial agree upon locally. "We have met the enemy and he is us," said Walt Kelly.

THE COMPLEXITIES of our society's health care payment system are such that those of us who are not professionals in the field can be sidetracked simply trying to follow arguments about which institution can best profit from a given number of beds.

Thank you to supporters of Lions Band rock-a-thon

To the Editor:

On Feb. 28, a rock-a-thon was held at Capitol Federal Savings Bank in St. Johns. Fifteen members of the St. Johns contingent from the Lions Band rock-ed for 24 hours. They raised \$2,579.40.

We would like to thank Capitol Federal Savings Bank for providing a great place for the bandmen to rock, to Kurt's Appliance for the use of a TV, to Fishers Big Wheel for the munchies, Krogers for the pop, The Wheel Inn for the sandwiches, Little Caesars for the pizza and to all those who pledged money. Thanks also to all people who dropped in to see those rocking. And, last but not least, thanks to all the parents who spent time at the rock-a-thon and supported the kids.

We appreciate all the support, both financially and emotionally, you the community have shown our kids as they prepare for this trip of a lifetime.

Thank you!
St. Johns Lions
Band Boosters

The perplexities of any situation involving human beings is that we are haunted by past grievances — both real and imagined — that have a way of intruding where they don't belong. I have been told off the record, always, — of some of those grievances but I have yet to hear one that justifies the current stalemate.

I think we should look at the bottom line. The bottom line need not be financial efficiency. The bottom line could be that we need a solution that will allow both the nursing home and the hospital to continue serving the community.

Maybe the hospital should bow out completely. Maybe the nursing home should give up a few beds. Maybe the beds should be split 24-25 or 10-39 or 5-44.

Whatever the optimum division for splitting them up, one thing seem clear enough — unless some real negotiations take place between the boards of the two facilities, neither facility will get any beds any time soon.

A community that built and supported a top-notch hospital and the best nursing home in the state deserves better than that.

Letters

Thank you for coverage of St. Johns' 'Story Theatre'

To the Editor:

On behalf of the directors, cast, and crews of St. Johns High School's production of "Story Theatre," thank you for your coverage of our participation in the State Theatre Finals at Oakland Community College.

We had a very exciting weekend and were glad to be able to share our successful results with the community through your paper. We feel very fortunate to have a county newspaper which takes the theatre arts seriously.

Once again, thank you for your interest in our program.

Boy Scouts campaign for \$350,000

By LORI WHITE
Staff Writer

For the first time in its 70 years of existence, the Chief Okemos Council, Boy Scouts of America, is participating in a capital campaign to raise \$350,000 for improvements to its camps.

The Chief Okemos Council, which services Boy Scouts in Eaton, Ingham, and Clinton counties and the city of Portland in Ionia County, receives 50 percent of its operating

funds from United Way. In order to raise funds for capital improvements, the council had to get permission from the United Way, which sets up the fund raising schedule for its agencies.

"The funds raised will enable the council to meet its mission of adequate camping facilities to meet the ever-growing youth and volunteer adult membership," says David Boshea, the council's executive director.

Boshea says with the 18 percent in-

crease in Boy Scout membership and the addition of the Cub Scout camping program this summer, the improvements are needed.

THE CAMPAIGN will kick off the first part of March under the leadership of William Lane, general manager of Oldsmobile Division.

Douglas Milbury, president of the Chief Okemos Council, says Lane will play the key role in working with many others in making the campaign a success.

The funds will be raised from cor-

poration, service club, and family donations. The individual Boy Scouts will not be soliciting funds, according to Boshea.

Although the Boy Scouts will not be independently raising the funds, they will benefit from the contributions. The camp improvements will allow a greater number of Boy Scouts to attend the camps and will train the boys in camping skills.

"If the boys don't have a good camping experience the first time — you will lose them," says Boshea.

THE COUNCIL'S two major

camps, Camp Kiwanis, located approximately three miles east of Mason on M-36, and Northwoods, located in Lupton, will receive the majority of the funds raised.

At Northwoods, the council plans to build a new chapel, new latrines, and an all-purpose building, buy 50 new tents, and replace old canoes and rowboats.

At Camp Kiwanis, the plans include making the property handicapped-accessible, adding a training lodge, building two

pavilions, a home, service station, wash stands, latrines, and a maintenance shop, and renovating the Gibson cabin.

The council is getting help from some area service clubs. The Lansing Kiwanis Club is sponsoring a new shelter and the Okemos Kiwanis Club is sponsoring a chapel.

Boshea says the construction work will begin as funds from the campaign become available. "Some of the work will be completed by this summer," he says.

Special permit for gravel mine hearing delayed

The Clinton County Planning Commission will not consider a special use permit that would allow a gravel mining operation in Greenbush Township until April 9.

The delay — the second in as many months — is intended to give the Clinton County Road Commission and mine owner Leon Searles time to agree upon a solution to an inadequate bridge over the Hayworth Creek at DeWitt Road.

The decking of the bridge "would actually walk itself from the abutments" if subjected to continuous overloading, said Frank Brechting, bridge engineer for the Clinton County Road Commission. Brechting made the report to Michael Nobach, superintendent-manager of the Clinton County Road Commission. Nobach then made the information known to planning officials.

County Planner Thomas Wartsler said Searles requested the delay in order to have time to agree with the Road Commission and Greenbush Township on a plan for improving the bridge.

Wartsler said Searles and the Road Commission had at one time — before the extent of the bridge problems were known — agreed to a plan in which Searles would pay for 75 percent of the cost of improving the bridge, with the remaining 25 percent paid by the Road Commission.

"I imagine they'll take it from there," he said. Wartsler said all interested parties had been notified of the delay, including James Starr, the lawyer representing a group of residents opposed to the gravel mine.

Three arrested for Feb. 23 medical robbery

Three Lansing men were arrested and charged last week in connection with the Feb. 23 armed robbery of the Home Medical Equipment Pharmacy, 3600 N. East Street, on DeWitt Township's southern border.

Earnest Paul Bonilla, 25, of 313 Isabelle St., Lansing, was arraigned on armed robbery and felony firearm charges in Clinton County District Court and released on \$5,000 personal recognizance bond, said DeWitt Township Police Chief Robert Lessnau.

Being held in the Ingham County Jail on the same charges are Randy Pike, 30, of 3207 Avalon St., Lansing, and Mark Douglas Shattuck, 29, of 2313 Westbury St., Lansing.

Lessnau said the robbery occurred Feb. 23 at about 2:30 p.m. He said a lone white male entered the store with a long-barreled revolver and fled with an unknown quantity of cash and narcotics.

The DeWitt Township Police were called to the scene and took the initial report. They then turned the investigation over to the Clinton County Detective Bureau.

During the bureau's investigation a witness identified Bonilla from a photograph line up, said Lessnau. Pike and Shattuck were implicated during an investigation of that lead, he said.

The Home Medical Equipment Pharmacy is a division of the Health Corporation of Clinton, which also owns Clinton Memorial Hospital.

WALDRON CHESS CLUB — Participating in the Michigan Elementary Chess Tournament were Waldron students (back row, from left) Jason Smith, Jason Braun, Brandon Pung, Eric Weber and (in front) Jeremy Anderson.

Waldron competes in chess match

Students from the Waldron Elementary School Chess Club recently participated in the 5th annual Michigan Elementary Chess Tournament held at Hope Middle School in Holt.

Team A was made up of sixth grade students Eric Weber, Brandon Pung, Jason Smith and Jason Braun. Fourth grade

students Glenn Simon, Stephanie Nobis, Jeremy Anderson, and Lori Weber comprised Team B. Each student played four games of chess.

Eric Weber won all four of his matches playing on board one and received an individual trophy for his efforts. Board one players opposed the best players of each team faced. Weber

was one of four of the forty board one players to win all their matches.

Forty teams from mid-Michigan and the Detroit area participated in the tournament, involving 175 students in grades 1-6. Waldron's A Team placed 15th overall in the tournament.

The teams are coached by Karen Wambaugh.

COMMISSION ORDER

CFI-104.87

(Under authority of Act 165, P.A. 1929, and Act 230 P.A. 1925, as amended)

STATEWIDE TROUT AND SALMON REGULATIONS

Under the authority of Section 3 of Act 230, P.A. 1925, and Act 165, P.A. 1929, as amended, being Sections 300.3 and 303.1, respectively, of the Michigan Compiled Laws, the Natural Resources Commission, at its February 6, 1987, meeting, amended its order of October 10, 1986, that no person shall possess, take or attempt to take, any species of trout or salmon from any of the waters of this state except by hook and line during the open seasons prescribed, and within the minimum size limits and maximum possession limits indicated below.

Statewide open seasons on all streams and designated trout lakes shall be from the last Saturday in April through September 30 (longer on waters designated by the Director for extended fishing under Act 165) on all trout and salmon; statewide open seasons on all other inland lakes and the Great Lakes and connecting waters shall be any time for all trout and salmon; except: on Lake Huron and its tributary streams and on Lake Michigan and its tributary streams where the season on lake trout is from May 1 through August 15. Also, the following defined areas are established as refuge areas for lake trout rehabilitation and are closed to sport fishing for lake trout.

Lake Michigan (North)

All waters enclosed in an area commencing at a point 9 miles due west of 7-mile point, then westerly for 13½ miles, then north 5½ miles, then west for 9 miles, then north for 11 miles then west for 18 miles, then south for 38½ miles, then east for 9 miles, then north for 5½ miles, then east for 9 miles, then north for 5½ miles, then east for 18 miles, then north for 5½ miles, then east for 4½ miles, then north for 5½ miles to the point of beginning.

Lake Michigan (South)

All waters enclosed in an area commencing at a point 12½ miles due west of the lake entrance of Duck Lake, Muskegon County (T11N, R18W, Sec. 24), then west to the state boundary, then southerly along the state boundary to a point due west of a point 1½ miles south of Lake Macatawa Harbor entrance, then due east 14 miles, then north to point of origin.

Lake Huron

All waters enclosed in an area commencing from Pt. Anderson (T41N, R5E, Sec. 11) to a point 21 miles south, then easterly to the international boundary, then northerly along the international boundary to a point due east of the point of land south and east of Bass Cove on Drummond Island (T41N, R7E, Sec. 26) then due west to the intersection of Drummond Island (T41N, R7E, Sec. 26).

Size limits shall be 8 inches in Lower Peninsula streams, 7 inches on Upper Peninsula streams, and 10 inches on all lakes. The possession limit for trout and salmon shall be 5 fish singly or in combination but no more than 2 lake trout or splake from Lake Michigan and its tributary streams or 3 lake trout or splake from Lake Superior and Lake Huron and their tributary streams, except that an additional 5 brook or brown trout or pink salmon may be taken from streams from the last Saturday in April through September 30 only.

In addition to one day's possession limit of salmon and trout, a person may possess an additional two days' possession limit of processed salmon. For the purposes of this Commission Order, the term processed means:

- (a) Canned in a sealed container
- (b) Cured by smoking or drying
- (c) Frozen in a solid state

Any processed salmon or trout aboard a vessel on the water or at docks shall be included in the daily possession limit.

This order supersedes the previous order, CFI-104.86, dated October 10, 1986, and shall be effective for two years, beginning April 1, 1987, through March 31, 1989.

Marlene J. Fluharty, Acting Chairman
Natural Resources Commission

John M. Robertson
Executive Assistant

Michele and Guy Ward
Brown-Ward
Reside in St. Johns

The Seventh-day Adventist Church in St. Johns was the setting for the Feb. 14 wedding of Michele Renee Brown and Guy Alan Ward. The 7 p.m. candlelight service, officiated by Pastor Franklin Horne, was attended by 250 guests.

Special music for the ceremony was provided by Carol Hopkins. The church was decorated with candles, lily-of-the-valley, colored ribbons, and white roses and lilies with colored ribbons and bows.

The bride is the daughter of Mr. and Mrs. William Brown of St. Johns and the groom is the son of Mr. and Mrs. Rex Ward of DeWitt.

For her wedding the bride wore a white gown of chantilly lace over taffeta with wedding-ring collar, sheer yoke with ruffle trim and sequin accents, fitted bodice, and renaissance sleeves of fantanza with chantilly lace cuffs. The natural waistline flowed into an a-line skirt featuring a deep ruffle flounce of pointe-de-spirite and chapel-length train.

Her finger-tip veil of nylon illusion was attached to a bridal cap of chantilly lace.

She carried a cascade bouquet of white roses, pastel-colored carnations and lilies, babies breath and colored ribbons.

Maid of honor was Elaine Barrish, friend of the bride from DeWitt. Bridesmaids were Danielle Brown, Amy Brown and Becky Brown, sisters of the bride.

The maid of honor wore a blue, full-length gown with wrap-around skirt, sheer yoke and ruffled sleeves with wedding-ring collar. Attendants' gowns featured long, straight skirts with peplum waist, sheer yoke and ruffled sleeves with wedding-ring collars in shades of pink, peach and mauve.

They carried lace fans with bow, ribbons, babies breath, and tiny flowers matching their dresses. The fans were made by the bride's family.

Flowergirl was Megan Armantrout, friend of the bride, who wore a white dress similar to the brides.

Ringbearer was Chris Low, nephew of the groom. Best man was Brad Taylor, friend of the groom from DeWitt. Groomsmen were Ron Patrick, friend of the groom, Randy Ward, brother of the groom, and Todd Feldpausch, friend of the groom.

Ushers were Wes and Vic Ward, brothers of the groom.

Following the wedding, a reception was held at UAW Local 925 for 500 guests. Table decorations, made by the bride, were pastel-colored candles, bows and streamers.

Assisting at the reception were Dick and Kathy Brown, Larry Brown, Linda Moore and Darla Barnum.

Special guests of the couple were Mr. and Mrs. Roger Hunt and family, and Darrell Parker, aunt and uncles of the bride from Florida.

The new Mr. and Mrs. Ward are at home in St. Johns.

Carol and David Graham
Graham-Cheklich
Reside in Ann Arbor

Carol Ann Cheklich and Dr. David Mark Graham were united in marriage at the Serbian Orthodox Church in Detroit on Nov. 1, 1986.

The double-ring ceremony was attended by 200 friends and relatives of the couple.

Parents of the bride are Mr. and Mrs. George Cheklich of Bloomfield Hills.

Parents of the groom are the Rev. and Mrs. Mark Graham of St. Johns.

The Grahams are currently residing in Ann Arbor where the groom is a resident in pathology at the University of Michigan Medical Center.

Mary Hengesbach and Joseph Fedewa
Hengesbach-Fedewa
June wedding planned

Charlotte and Jerome J. Hengesbach of rural Westphalia announce the engagement of their daughter, Mary L., to Joseph R. Fedewa. He is the son of Janice and Joseph J. Fedewa of Westphalia.

The bride-elect is a 1983 graduate of Pewamo-Westphalia High School. She is employed by the Michigan Department of Agriculture.

The prospective bridegroom is a 1977 graduate of Pewamo-Westphalia High and is employed at Decker & Co. in Lansing.

Nancy Weber and Lester Palmateer III
Weber-Palmateer
June wedding planned

Mr. and Mrs. Anthony Weber of Westphalia announce the engagement of their daughter, Nancy, to Lester Palmateer III. He is the son of Mr. and Mrs. Lester Palmateer Jr. of Eagle.

Both bride and groom-to-be are 1982 graduates of Pewamo-Westphalia High School and both graduated from Lansing Community College in 1984.

They are both employed at Electronic Data Systems in Lansing.

The wedding will take place at St. Mary's Church in Westphalia on June 6.

College news

Ferris State College names county students with honors

A number of Clinton County residents were included on the academic honors list for the fall quarter at Ferris State College. To be eligible for the list, students must have compiled a 3.5 grade point average in at least 12 quarter hours of graded work.

Among the honored students were: Thomas Deak, Sherri Todd; and Thomas VanDerwoude from DeWitt; Lisa Clark and Kimberly Kloeckner from Elsie; Dale Epkey, Giles Feldpausch, Dennis Theis and Patricia Theis from Fowler; Steven Voisinet from Laingsburg; Pollyanna Dietz, Rick LaBar, Thomas Moon, Richard Schafer, and Paul Surdenik from St. Johns.

Send us your good news!

The Clinton County News welcomes all engagement, wedding, birth, anniversary, upcoming event announcements, and club news. We print them for free.

Here are some tips to follow when you send us an announcement.

Type or print clearly so we can get the correct spelling of all names and addresses. Please include a phone number where someone can be reached during the day.

Engagements
Include the engaged couples' names, parents' names and community. You may specify which high school and college the couple attended, current job, and proposed wedding date. Forms are available from our office, 117 E. Walker, St. Johns. You can also include a photograph.

Weddings
Give the couples' names, parents' names, community, wedding site, name of person officiating, site of the reception, attendants, destination of wedding trip, and where the couple will reside. Forms are available from our office. You can also include a photograph.

Club News
News of your club's activities, either to promote an upcoming activity or report recent events, including reports of business transacted, election of officers, upcoming fund-raising events and the results of those events, and programs given.

Send announcements to the Clinton County News, 117 W. Walker, St. Johns, MI 48879. The deadline is 5 p.m. Thursdays. If you have any questions, call 224-2361.

College news

Jeffrey Swears John Behrens

Jeffrey Swears of St. Johns was one of 895 students who were awarded academic degrees from Boston University in winter commencement ceremonies.

Swears received a MSBA in business administration and management.

Julie Stapelman

Julie Stapelman, daughter of Mr. and Mrs. Mark Stapelman, 429 Meadowview Drive, St. Johns, has been named to the dean's list at Albion College for the fall semester.

Stapelman is a sophomore at Albion College.

John Behrens

John Behrens, 219 W. First Street, Ovid, has been named to the dean's list for the 1986 fall semester at Spring Arbor College. To be eligible for the list, students must be full-time undergraduates and carry a grade point average of 3.5 or higher.

Behrens is a mathematics major.

Michel Gardner

Nancy and Jack Westlund and Mike and Karen Gardner announce the graduation of Michel Scott Gardner from Michigan State University.

Friends are invited to an open house Saturday, March 14, at 13845 Ducharme, DeWitt.

Morning Musicales elects '87 officers

By CAROLYN CAMPBELL

Phyllis Rice presided at the February meeting of the St. Johns Morning Musicales at the home of Julia Thornton.

Officers for the 1987-88 club year were elected. The slate included: president, Esther Jacoby; vice-president, Julia Thornton;

treasurer, Ruth LeBlond; recording secretary, Janet Herman; corresponding secretary, Jean Woodbury; press reporter, Carolyn Campbell; member of the program committee, Delia Anderson.

Ruth LeBlond reported on the projects of the ways and means committee and Esther Jacoby reported on

the 1987 convention of the Michigan Federation of Music Clubs to be held May 6, 7, and 8 at the Radisson Hotel in Lansing.

Members and guests enjoyed singing patriotic songs of our country with piano and saxophone accompaniment by Julia Thornton and Loene Bare. Commentary on the origin

and background of the selections was given by Ruth LeBlond.

March 12 at 9:45 a.m. the St. Johns Morning Musicales will meet at St. Joseph Catholic Church. Mildred Brown and David Wiseman will be in charge of the program on "Love of Neighbor." Guests are welcome.

At Slender Center

Battle of the bulge

Mary Ann Green says she spent a good part of her adult life battling the bulge. Like many others she would lose weight — but keeping it off and enjoying her new-found self didn't last.

Now, she says the owner of the Slender Center in St. Johns, she has finally found a program that actually works. She wants to be a friend in time of need — the need to lose weight, eat nutritionally and develop a solid understanding of each individual's unique worth.

"I realized quite a while ago that it was not only the part of losing weight I needed help with but a change of self-image and attitude," she says. "There is more to us than just our outer bodies. We have to deal with the inner you also."

Green goes on to say that weight problems stem from "feeding our feelings" as opposed to eating because we are actually hungry. Those with weight problems often take license to indulge in the wrong foods when they feel let-down, blue, depressed, she says. But they also eat when they're excited, happy and anxious, she says.

When talking about the problem, Green does not use the pronoun "they" — she includes herself and uses the pronoun "we" because she has been there.

"At Slender Center we will give guidance that inspires motivation within you while you will be learning how to better understand you," she says.

Slender Center, Inc., based in Madison, Wisconsin, is now eight years old and has, says Green, filled a void in offering an affordable and safe weight loss program. She says clients have enjoyed a permanent loss through use of the four food groups and, equally as important, have learned a great deal more about themselves through behavior modification.

Slender Center knows it takes a "yagottawanna" attitude to begin any life change and addresses this principle with an innovative teaching of breakthrough thinking, says Green.

"Breakthrough thinking" teaches men, women, adolescents, and nursing mothers the use of affirmations, imagery and relaxation, she explains.

Green goes on to say that clients enjoy a unique program nutritionally that actually adds calories as the program progresses. This enables a continual "burner" effect in keeping the metabolism regular and preventing a setpoint common in other reducing plans.

A common statement from a client losing for several weeks and then being directed to eat more is, "but, I feel

Mary Ann Green

so good, won't I start gaining?" "Once they begin, they see and enjoy the results," says Green.

The loss is followed up with a stabilization and lengthy free maintenance program to assure permanent success.

Slender Center, Inc., is the ninth largest Wisconsin based franchise. This is the second year in a row that they have been a member of the top 500 franchisees selected by Entrepreneur Magazine.

The St. Johns location is 216 N. Clinton Ave. 224-6633 and provides a free no-obligation consultation upon request.

Mary Ann and her husband Ralph have lived in St. Johns for 31 years and have four grown children.

Clinton Bank recognizes '86 employees

Brandon C. White, president of Clinton Bank and Trust Company, recently announced the recognition of several of the bank's employees.

Jane Witt was named 1986 Teller of the Year. Witt is the office supervisor of the bank's Grand River office in Lansing Township. She has been a Clinton Bank employee for six years.

Jean Thelen received the 1986 President's Employee Award. This award is presented annually to an individual selected by vote of all bank employees, and recognizes cooperation, dedication, and service. She has been a member of

Clinton Bank's staff for 11 years, and presently is a member of the bank's auditing staff.

Virginia Shawnee received the 1986 ABA Banker's News Weekly Presidential Citation in recognition of community service and involvement. Shawnee is assistant vice president and manager of the bank's St. Johns office. Her community activities include the Clinton Health Foundation, St. Johns Area Chamber of Commerce, Clinton County United Way, Downtown Merchants Association, and the South Point Merchants Association.

Maple Rapid's Gurden honored

Susan Gurden of Maple Rapids was recognized by General Telephone of Michigan for completing 15 years of employment with the company.

An operator in the company's operator services department in Alma,

Gurden began her telephone career as a clerk with General of Michigan in Owosso and later worked as an operator in St. Johns.

Gurden assumed her present position in 1976.

Gil and Wanda Baker

Gil Baker earns master level in outstanding sales program

Gil Baker, of St. Johns Ford Mercury, has earned a master level membership in the 300/500 masters program for outstanding

sales accomplishment in 1986.

Baker and his wife, Wanda, live at 8254 N. Scott Rd., St. Johns.

In the House of Representatives Worker's comp

Gary Randall

A comprehensive worker's compensation reform package was recently introduced in the Michigan House and Senate. The legislation, which I co-sponsored, will help restore Michigan's competitiveness by bringing the state back into the national mainstream of business regulation.

The legislation is "good for workers and good for business."

Michigan must be made competitive again. The cost of workers' compensation in our state, per employee, is still 45 percent above the national average and major changes are long overdue. We must now begin solving a problem that has plagued Michigan businesses and chased Michigan jobs to neighboring states.

The bills will begin a thorough reform of the system by:

- Changing Michigan's definition of disability to encourage employers to offer retraining and rehabilitation to injured workers. Those who can be retrained should be required to accept a job offer or lose benefits.

- Providing that if a person drawing workers' compensation gets a new job and is at fault for later losing it, he or she may not resume getting benefits from the former employer.

- Restoring the test of basing work-related injuries on an injury both "arising out of and in the course of" employment, thus protecting insurers against liability for injuries that had nothing to do with the job.

Brian Madar of DeWitt joins Farm Bureau Insurance Group

Brian Madar, 13425 Dawn Dew Drive, DeWitt, has joined Farm Bureau Insurance Group (FBIG) as a new agent serving this area.

Madar recently completed FBIG's month-long career development school for new agents, which prepared him for the state licensing examination and provided instruction in all areas of property-casualty and life insurance.

His training included Michigan State University's Institutes on life and property/casualty insurance and two weeks of

instruction at the company's home office in Lansing.

Prior to joining Farm Bureau Insurance Group, Madar was employed as a salesperson for Hydraulics of Lansing. He is a 1982 graduate of Lansing Community College with an associate's degree in business, and is currently attending Northwood Institute in Midland.

Madar, whose office is located at 218 N. Bridge St., DeWitt, joins a force of more than 400 FBIG agents serving 300,000 Michigan policyholders.

- Ensuring that claims that new employment aggravated an old injury are closely scrutinized so that claims against new employers are limited.

- Tightening the definition of "intentional" injury to limit potential liability of employers.

The governor's special counselor on workers' compensation has already recognized the value of adopting a new definition of disability. We urge Governor Blanchard to join us in helping bring about these needed reforms.

In the last five years, we've extended outdated regulations that no longer work. The consensus is that we've studied this long enough and it's time to act.

Every worker has a right to fair protection. These bills will help protect the health and rights of our workers while fostering a vital jobs climate where both employers and employees can prosper.

Spring Classes

ENRICHMENT REGISTRATION INFO !

GENERAL INFORMATION: The Enrichment Program is fully supported by your fees. If we don't have 10 people registered for a class, we will notify you immediately and send you a full refund within four weeks. **IF YOU DON'T HERE FROM US, GO TO YOUR CLASS THE FIRST NIGHT.** Any cancelled class will be re-scheduled another term.

REGISTRATION: Registrations may be mailed or telephone in (224-9341, ext. 158) **ACCEPTANCE IN CLASS IS ASSUMED UNLESS YOU ARE OTHERWISE NOTIFIED.**

SENIOR CITIZENS: (60 and over) You may enroll at half the cost of most of the classes, but must pay for any materials required for the class. Please note on your registration form that you are a senior citizen.

REFUND POLICY: PLEASE READ CAREFULLY! Refunds will be made only on the following conditions: 1) if a class is filled to capacity before your registration is received. 2) if a class is cancelled due to low enrollment, or 3) if a refund is requested before the second night of classes. If a refund is given for the third reason, a processing fee of \$3.00 will be held back. This refund policy will be strictly adhered to.

IN CASE OF INCLEMENT WEATHER: In the event school is cancelled due to snow or inclement weather, all Community Education classes will be postponed. Groups using the building for meeting and recreational purposes are requested not to be in the buildings. School closings are announced over local radio stations, or call 224-4950.

CLASS LOCATIONS: The following symbols are used to signify building locations for enrichment classes:

farm

USDA relaxes rule for 1987 oat crops

Producers holding Commodity Credit Corporation loans on 1985 and 1986 crop feed grains, rye, soybeans and wheat have the option of extending their loans for 12 months according to an announcement made by Acting Deputy of Agriculture Richard Goldberg.

Goldberg said the action was taken to encourage producers to take advantage of all available on-farm storage space and give additional marketing flexibility to producers who have outstanding loans on barley, corn, oats, rye, sorghum, soybeans or wheat.

Storage costs for the added 12-month loan period will be paid by the CCC for all the above commodities

except soybeans. Producers who wish to extend their loans must request extensions in writing at the local office of USDA's Agricultural Stabilization and Conservation Service. The request must be filed no earlier than 60 days before the loan maturity date.

Advance storage payments will be issued for all crops except soybeans. The annual storage rates are 26.5 cents per bushel for wheat, barley and corn, 47.32 cents per hundredweight for grain sorghum, and 20 cents per bushel for oats.

Producers extending their loans may repay them at any time during the extended 12-month period.

Farm calendar

- March 12, 19, 26: Microwave class, DeWitt High School, 7-9
- March 13: 4-H citizenship dance, Smith Hall.
- March 16: Controlling swine production costs, 9 a.m. to 3 p.m., Holy Trinity Parish Hall, Fowler.
- March 17, 19: Farm business management program.

Lee Purdy wins first place at FFA leadership contest

The Ovid-Elsie Chapter of Future Farmers of America (FFA) participated in regional leadership contests in Fowlerville on Feb. 26.

Lee Purdy won a first place gold award in job interview and will advance to the state competition in March.

The demonstration team of Joanne Newton and Cathy Love won a second place gold award.

Parliamentary procedure team chairman John Lehman, vice chairman Dave Newton, secretary Kevin Nash, parliamentarian Bob Nixon and members Bill Harris, Steve Hammond, and Brett Miller won a third place gold award.

12 month option

Commodity loans extended

The United States Department of Agriculture is lifting the limited cross-compliance requirement for the 1987 oat crop, deputy secretary of agriculture Peter C. Myers announced last week.

Under limited cross-compliance, the plantings of other program crops on the farm may not exceed the crop acreage bases of those crops. Today's announcement permits the planting of oats in excess of the oat acreage base without sacrificing eligibility for other crop program benefits.

Plantings of barley on farms having a barley/oat

base and also participating in another crop program can not exceed the barley acreage base. Producers participating in the 1987 barley program must limit their planted acreage of barley and/or oats to not more than the barley/oat permitted acreage.

Myers said the action is being taken to help

alleviate the short supply of oats. The Food Security Act of 1985 gives the secretary of agriculture authority to change program requirements to adjust for projected crop shortages. The expected carryover of 1987-crop oats, prior to dropping the cross-compliance requirement, was projected to be

the lowest since the early 1900s. Meyers said lifting the cross-compliance requirement is expected to increase plantings by two to three million acres. He emphasized the adjustment is for one year only.

Myers also said soybean plantings are expected to decrease as a result of the action.

MSU farm family coping clinic planned

A clinic designed to help farm families cope with changing family status due to financial difficulties is scheduled for March 24 at Wells Hall on the MSU campus beginning at 8:30

a.m. William and Judy Hefernan, University of Missouri farm family counselors, will speak on the topic "The Farm Crisis, Farm Families and

Rural Communities - Problems and Solutions."

Details of the program are available at the Clinton County Cooperative Extension Service Office, 224-3288.

In the service

Victor Fisher

Air Force Senior Airman Victor Fisher, son of Eloyce Sentes, 11281 Muskrat Rd., Carson City, and Larry Fisher, 10524 Waldon Rd., Hubbardston, has been awarded the good conduct medal at Beale Air Force Base, Calif.

The award was

presented for exemplary conduct while in the active service of the United States.

Fisher is an inventory management specialist with the 9th supply squadron.

His wife, Laura, is the daughter of Ronald and Bernadette Coe of 122 N. Catherine, Ithaca.

Also the S 27 1/2 acres of the N 71 acres of the NE 1/4, and the NE 1/4 of the NW 1/4, all in Section 12; all in T6N, R2W, subject to highways, easements and rights of way of record and reservation of one-half interest in all mineral rights as reserved in a warranty deed recorded in Liber 339 on Page 348, Clinton County records.

All subject to easements, restrictions and encumbrances of record and subject to the rights of the public and any governmental unit in any part thereof taken, used or deeded for street, road or highway purposes.

EXCEPT THAT PROPERTY DESCRIBED AS: That part of the E 1/2 of the SW 1/4 of Section 1, T6N, R2W, Olive Township, Clinton County, Michigan, described as: Commencing at the SW Corner of Section 1, T6N, R2W; thence N 00°22'14"E, 803.84 feet on the West line of said Section 1 to the center of Price Road; thence S87°20'34"E, 1324.66 feet on the center of Price Road to the West line of the East 1/2 of the SW 1/4 and the point of beginning of the following described parcel: Thence N00°22'14"E, 201.00 feet on said West line of E 1/2 of SW 1/4 of Section 1; thence S89°37'46"E, 442.12 feet; thence S00°22'14"W, 228.79 feet to the center of Price Road; thence N86°01'59"W, 442.99 feet on the center of Price Road to the point of beginning. Contains 2.181 acres. Subject to right-of-way for Price Road.

AND: EXCEPT THAT PROPERTY DESCRIBED AS: That part of the E 1/2 of the SW 1/4 of Section 1, T6N, R2W, Olive Township, Clinton County, Michigan, described as: Commencing at the SW Corner of Section 1, T6N, R2W; thence N00°22'14"E, 803.84 feet on the West line of said Section 1 to the center of Price Road; thence Easterly along the center of Price Road S87°20'34"E, 1324.66 feet; S 86°01'59"E, 442.99 feet; and S83°49'19"E, 121.65 feet to the point of beginning of the following described parcel: Thence continuing Easterly along the center of Price Road S82°45'39"E, 199.98 feet; S81°20'59"E, 407.41 feet; and S78°29'59"E, 163.76 feet; thence S01°17'10"E, 771.61 feet on the N-S 1/4 line of said Section 1, as occupied; thence N 77°48'34"W, 780.32 feet; thence N01°27'11"E, 726.0 feet to the point of beginning. Contains 13.246 acres. Subject to right-of-way for Price Road.

Approximately 4 miles South and 2 1/2 East on Price Rd., St. Johns.

THE PROPERTY WILL BE SOLD FOR CASH. The property is bare land/has no buildings. The Government reserves the right to reject any or all bids. The Property will be sold without regard to race, color religion or sex of the bidder. The successful bidder will be required to deposit \$500.00 earnest money at the time of the auction and will have 30 days to close the sale. FmHA Phone Number (616) 527-2060.

Agricultural news

Swine production

Marilyn Loudenslager

A strong hog market has kept many swine producers in a healthy cash-flow situation while other farmers have been tightening their belts. However, the market won't stay strong forever. Many people are projecting that market hog prices will begin a downward trend early next fall.

Keeping production cost in line will help you keep the greatest profits while prices are up and will keep you in a positive position as the prices decline. Controlling Swine Production Costs Through Health Management and Records is an educational seminar designed to help you take a look at your production costs. The program will be held on March 16 from 9 a.m. to 3 p.m. at the Most Holy Trinity Parish Hall in Fowler. To register, just send \$5 per person to the Cooperative Extension Office, 306 Elm Street, St. Johns, 48879. The registration fee covers a catered lunch, speakers and materials.

Do you know what it costs you to produce one hundred pounds of pork? How profitable is your operation and what can you do to increase your profits? These questions will be addressed by Dr. Andy Thulin, extension swine specialist in "Production Costs Made Easy," Dr. Jerry Schwab, agricultural economist in "Minimum Financial Records - Know Your Costs and Cash Flow," and Lee Johnston, assistant swine specialist in "Techniques for Reducing Cost."

Proper herd health management can save you time and money. Internal parasites, pneumonia, disease can be costing you plenty and you may not even know it. The latest herd health issues and health products will be addressed at this seminar. Dr. Tony Martin, extension swine veterinarian will discuss swine

respiratory problems as well as vaccinations - what to vaccinate for and when. George Atkeson, EEA, Ionia and Montcalm counties will discuss anthelmintics - internal parasite control.

This seminar will also address some popular issues in the swine industry. Sulfa residues in pork - what to do about it, what it means, as well as human health issued with red meat, are two of the issues that will be discussed at this seminar. Pork producers need to keep current on these types of topics so they can continue to produce and promote a top quality product for the consumer.

Remember the seminar is March 16, and you must be pre-registered to attend. Send \$5 per person to the Cooperative Extension Service, 306 Elm St., St. Johns, 48879, by March 13.

Marilyn Loudenslager is the agriculture agent for the Clinton County Cooperative Extension Service.

TIRED OF WADING IN YOUR BASEMENT?

- NO MUSS. NO FUSS.
- Installed during any season of the year
- Can be installed before or after basement walls are finished
- Shrubs and bushes are not touched

ENGINEERING RELIABILITY.

- This basement de-watering system works immediately and permanently
- Hydrostatic pressure is reduced
- Result: basement becomes dry, clean, usable living space

QUALIFIED INSTALLATION

- This engineered low-cost de-watering system must be installed by a qualified and experienced contractor, thus, your assurance of good workmanship
- Our system provides permanent protection

\$1 million paid to members of Michigan Milk Producers

Dairy farmers of the Michigan Milk Producers Association (MMPA) have received cash payments totaling nearly \$1,000,000 by special action of the MMPA board of directors.

The cash payments represent 40 percent of the associations net savings for the cooperative's fiscal year that ended Sept. 30, 1986. Certificates of equity in the co-op have been issued for the remaining portion of the earnings. Under MMPA bylaws,

the organization's board of directors authorizes distribution of these monies. Usually the payments are authorized in June with members receiving 20 percent in cash.

MORTGAGE SALE

Default has been made in the conditions of a mortgage made by FREDERICK J. BENO, A SINGLE MAN, MORTGAGOR, to BANKERS MORTGAGE CORPORATION of Lansing, Michigan, Mortgagee, dated Sept. 24, 1985, and recorded on October 3, 1985, in Liber 428, on page 891, Clinton County Records, Michigan, and assigned through mesne assignment to STERLING SAVINGS & LOAN ASSOCIATION, A FEDERAL SAVINGS & LOAN ASSOCIATION, by an assignment dated Oct. 17, 1985, and recorded on November 1, 1985, in Liber 430, on page 86 Clinton County Records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of FIFTY TWO THOUSAND NINE HUNDRED NINETY NINE AND 71/100 Dollars (\$52,999.71), including interest at 11 1/2% per annum.

MORTGAGE SALE

Default has been made in the conditions of a mortgage made by RICKY L. DOAK, an unmarried man to WATERFIELD FINANCIAL CORPORATION, an Indiana Corporation, Mortgagee, dated August 9, 1985, and recorded on August 19, 1985, in Liber 427, on page 86, Clinton County Records, Michigan, and assigned by said Mortgagee to UNION FEDERAL SAVINGS AND LOAN ASSOCIATION, by an assignment dated August 9, 1985, and recorded on August 19, 1985, in Liber 427, on page 89, Clinton County Records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of FORTY FIVE THOUSAND SIX HUNDRED THIRTY SIX AND 42/100 Dollars (\$45,636.42), including interest at 12% per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public venue, at the North door of the Court House in St. Johns, Clinton County, Michigan, at 11:00 o'clock A.M. on APRIL 9, 1987.

Said premises are situated in Village of Elsie, Clinton County, Michigan, and are described as:

Lot 18 Block 4, VAN DEUSEN'S ADDITION to the Village of Elsie, Michigan, according to the recorded plat thereof, as recorded in Liber 1 of Plats, Page 1, Clinton County Records.

The length of the period of redemption from such sale will be six months.

Dated February 26, 1987

Seed testing

Eileen Gillespie

Dry edible bean and soybean growers are facing the most crucial seed supply and quality crisis in modern history. Due to devastating rains, floods, and continued warm humid fall 1985 harvesting conditions, seed quality in both crops has been severely affected. For example, a recent survey by the Michigan Crop Improvement Association (MCIA) showed the average germination of unprocessed navy bean seed to be only 69 percent, with a low of 66 for seafarer and a high of 82 for laker. A similar survey showed the average germination of unprocessed soybean seed lots to be only slightly better at 67 percent.

The quality of both crops is far below that normally considered acceptable to dry bean and soybean producers. However, not all seed lots were exposed to equal amounts of wet, unfavorable weather. Some lots of both crops were harvested prior to prolonged wet weather. Others were exposed to varying periods of inclement weather and thus suffered varying amounts of deterioration and fungal infestation. In particular, soybeans suffered various levels of infestation by pod and stem blight fungi, which particularly decrease germination under laboratory conditions. Dry bean lots suffered deterioration under similar conditions of adverse weather and fungal infection.

The survey also showed that the germination of most soybean seed lots and some dry edible seed lots could be increased by fungicide seed treatment. This was especially true of seed lots of low or medium germination, infested by surface borne fungi, e.g., pod and stem blight fungi. However, not all low germination levels were due to such fungal infection and could respond to seed treatment.

Because of wide variation in quality and limited availability of good quality seed, it is important for both soybean and dry edible bean producers to start early in locating the best seed available for 1987 planting. Seed purchased from an elevator, seed dealer, or certified seed grower, is required to be labeled on the basis of laboratory germination tests. Home grown seed or seed purchased from a neighbor should be tested by submitting a one-pound sample for laboratory germination testing.

Because of the extraordinary circumstances and seed quality crisis, a special campaign is being mounted to encourage awareness of the severity of seed quality problems and to promote widespread germination testing to enable growers to identify the highest seed quality and to plant the best seed available. In addition to germination, special vigor tests are available which place additional stress (cold, microorganisms) on the germinating seed and thus help identify the seed lots most likely to perform well under adverse weather and soil conditions.

A special cooperative testing program for soybeans and dry edible beans has been established by MSU, MCIA, and the Michigan Department of Agriculture.

In the service

Peter Platte

During Platte's eight-week training cycle, he studied general military subjects designed to prepare him for further academic and on-the-job training in one of the Navy's 85 basic fields. Peter Platte, son of Stan and Jane Platte, 101 Victor, Fowler, has completed recruit training at recruit training command, San Diego, Calif.

Roehl lines

Phosphorus buildup

Giles Roehl

Studies in five Michigan counties showed corn yields did not decrease when farmers applied less phosphorus to soils with a phosphorus buildup.

"In side-by-side test strips, applications of 20 pounds of phosphorus yielded an average of 153 bushels of corn per acre, compared to 147 bushels per acre when 57 pounds of phosphorus were used," says Donald Christenson, Michigan State University extension soil specialist. "Each of the fields tested had soil phosphorus levels that ranged from 70 to 200 pounds per acre."

This buildup of phosphorus is the result of years of applying more phosphorus than crops take up, a common practice for Michigan farmers during the past 25 years. Soil tests conducted at MSU show the median value of soil phosphorus in Michigan's eastern region has increased from 18 pounds per acre in 1962 to 107 pounds in 1985. On most soils, phosphorus does not leach. On sandy soils with a high phosphorus content, some phosphorus may begin to move downward in the soil.

For the research on phosphorus reduction, cornfields with high soil phosphorus levels were selected in Gratiot, Huron, Saginaw, Sanilac and Tuscola counties. In each field, eight to 16 rows of corn received either a 20 or a 57 pound application of phosphorus. Tests were conducted in two to four test areas in each field.

At each location, the growers' standard tillage methods and potash, nitrogen, herbicide and hybrid seed applications were followed. Soil pH ranged from 6.5 to 7.4. Yields were estimated by harvesting one combine swath from each strip.

Michigan farmers have readily conceded that cutting back on their phosphorus for one year won't affect their yields. They are concerned about decreasing soil phosphorus levels to the point where large applications will be needed to restore the field.

Research shows this may not be a problem. A 150-bushel corn yield utilizes about 90 pounds of phosphorus per acre, but the actual amount removed from the soil is much less. On sandy soils, the corn crop's using six pounds of phosphorus reduces the soil test phosphorus level only by one pound. On fine tex-

ured soils, each 16 pounds utilized decreases the phosphorus test level by about one pound per acre. Cutting corn for silage, which removes most of the stalk, will draw down soil phosphorus levels faster than harvesting corn grain only.

To determine the total effects of reduced phosphorus applications, the MSU yield test will be conducted for four crop years, 1986 was the first year of the test.

Farmers who want to cut back on their phosphorus application must have a soil test run to determine the level of available phosphorus in their fields. Soil tests should be run every three years to determine whether the soil has adequate phosphorus for crop production.

The cost of each soil test is \$5. One soil test can represent up to 15 acres. Sample boxes and instructions are available from your local extension office.

A farmer who finds out he or she can reduce the phosphorus application can quickly recover the cost of a soil test. Phosphorus sells for 20 to 22 cents per pound.

Corner Garden: Interested in trying something new? Canola is a high quality oilseed crop with the potential to develop into a major oilseed crop in Michigan. Canola is higher in unsaturated oil content than soybeans, so it has higher value than soybean oil for many uses, particularly in a society which places higher value on health issues.

Canola is an early maturing cool season crop, it is of particular interest in our area to further north. Both spring and fall planted (winter) varieties of Canola exist. Both types are expected to grow in Michigan. If it can be grown profitably in Clinton County, it will be sold through a testing program that is being planned on an experimental basis.

As an oilseed, Canola is processed by crushing and expressing its oil content, leaving a high quality, high protein concentrate that can be a valuable animal feed. Thus it will compete with soybeans in both its use and value as a crop.

The nearest processing facility to Michigan at the present time is Windsor, Ontario, Canada. We will have a Canola test plot in Clinton County this summer. The plot will be part of the summer crops and soils tour.

Under this program, the MCIA seed testing laboratory has enlarged its capacity and staff to accommodate larger numbers of samples. The extension service has provided financing for the MCIA lab to subsidize germination tests at a cost of \$2.50 per sample, which is \$3.50 below the normal cost. Tests may be conducted on either treated or untreated samples. For growers without treating capability, the MCIA lab will provide pregermination treatment for an additional \$2.00 charge.

Vigor tests are also available, as are other special quality tests. Although these can provide valuable information about a seed lot, they are not available at the special reduced rates. This is only for laboratory germination tests which are absolutely essential for indicating quality of seed for planting. The prices for various tests are given below.

TEST	Price	
	Certified	Noncertified
Germination (Special 1987 price for dry edible beans and soybeans)	2.50	2.50
Germination (normal price for other crops)	5.00	6.00
Purity	5.00	6.00
Small - germ	6.00	7.00
- purity	10.00	11.00
Cold test using soil (beans and grain)	8.00	9.00
Cold test using soil (corn)	5.00	6.00
TZ - grains	10.00	11.00
- beans	10.00	11.00
Seed count (corn and beans)	3.00	4.00
Treatments	3.00	4.00
Test weight	3.00	4.00

Samples may be sent to the Michigan Crop Improvement Association, PO Box 21008, Lansing, 48909. The turn-around time between receiving the samples and sending out the results is normally about two to three weeks for the warm test, one week for tetrazolium test, and two to three weeks for the cold test.

The MDA lab on 1615 S. Harrison Road, East Lansing, will be conducting their normal seed tests (purity, germination, blight, etc.). The special MCIA testing program will benefit greatly by helping to relieve some of the testing pressure on the MDA lab.

Growers of both dry beans and soybeans should be encouraged to take advantage of this special program by having their seed tested.

Eileen Gillespie is the administrative assistant for the Clinton Soil Conservation District.

Notes

Scots give awards

ALMA Four Clinton County athletes were honored at Alma College's 1986 football awards program recently. Receiving awards were seniors Steve Gonzales and Jamie Werbish and freshman Jeff Penix of St. Johns, and sophomore Rick Grieve of Elsie.

Gonzales and Werbish, both 1983 St. Johns High School graduates, earned their fourth varsity letters. Playing at the wide receiver position, Gonzales is the son of former St. Johns residents Joe and Edna Gonzales. Alma's kicker and punter, Werbish is the son of Sybil Webish, 305 N. Swegles Street, St. Johns, and John Werbish of Lansing.

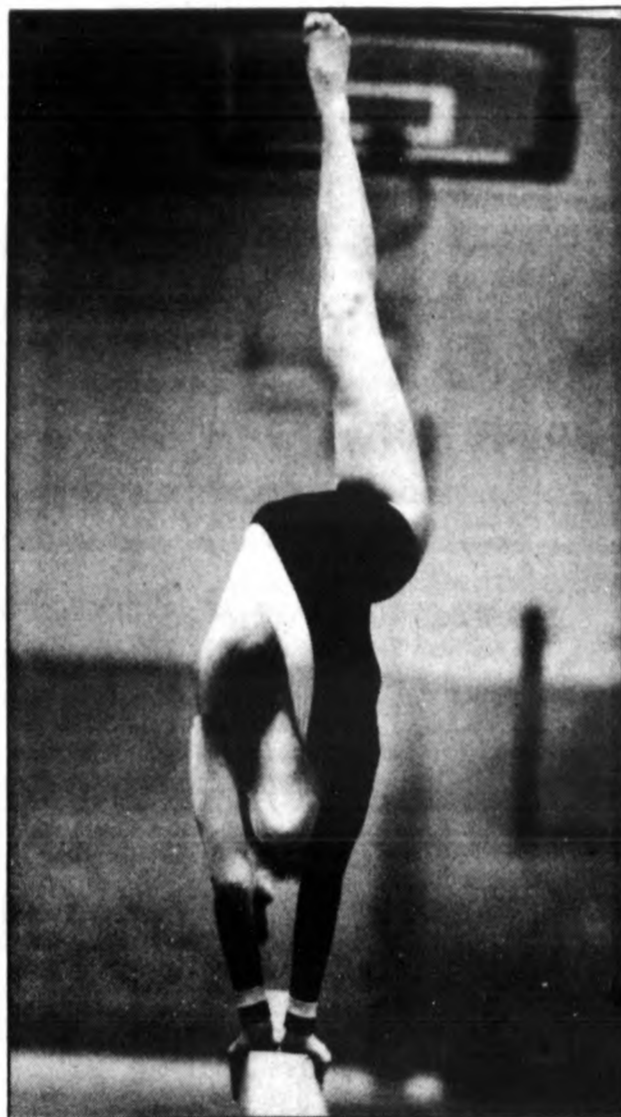

Penix, a 1986 graduate of Bangor John Glenn High School in Bay City, played quarterback for the Scots and earned a junior varsity award. Penix is the son of Greg Penix, 605 S. Oakland, St. Johns, and Carolyn Sayen of Bay City.

A 1985 graduate of Ovid-Elsie High School, Grieve earned his first varsity letter for the Scots as a lineman. He is the son of Gus and Sue Grieve, 5549 Mead Road, Elsie.

Pirates honored

PEWAMO Brenda Martin, senior at Pewamo-Westphalia High School, and P-W junior Sandy Simon, were named to the second and third teams respectively in UPI's All-State girls basketball poll. Martin led the Pirates in both field goal and free throw percentages with 49 and 69 percent, was the leading point-getter with 345 points on the year, averaging 14.4 points per game, and was second in rebounds with 178.

Simon was the second leading point scorer for P-W, totaling 295 points and averaging 12.3 per game. She was the leading rebounder with a total of 249 rebounds and 10.4 average, and led the Pirates in steals with 78.

POISED — St. Johns gymnasts Deanne Fox (pictured left above) and Missy Knight (pictured right above) demonstrate balance beam technique. The Redwings set a new school record of 129.05 team points on their way to winning championship honors in the Mid-Michigan Womens Gymnastic Conference meet held at SJHS on Saturday.

Redwing gymnasts set records enroute to first place finish

Call them champions.

The St. Johns gymnastic team performed with championship style, poise and grace enroute to claiming their first-ever league trophy in the Mid-Michigan Womens Gymnastic Conference championship held last Saturday at St. Johns High School.

The Redwings set a new school record for total points of 129.05, and Christine Ebert also set a new record for all-around points finishing the day with a score of 34.65.

Hartland was second with 126 points, Mason had 114.85, Perry ended with 89.8, and Haslett had 88.5 points. It was the second year for the league championship with Hartland edging out St. Johns last year by two points.

"We thought we could win," said Redwing Coach Sue Cerny, "but we didn't know for sure about how strong Hartland would be. One difference in this year from last year was our execution on the balance beam.

"We had only five falls between the top girls this year. Last year I think we had around 13 total — that may have made the difference in the meet for us."

Along with her first place all-around finish, Ebert also was first in vault with a score of 9.35, on beam scoring 8.4, and in floor exercise with 8.75. She placed second on bars with a score of 8.15.

Missy Vitek and Gwynn Sharick tied for fourth in vault with a score of 8.45, and Vitek was third in floor exercise scoring 8.35. Linda Strickland was third on bars with a score of 7.85, and Jodi Smith was fifth in that event with 7.4. Deanne Fox was fifth on the beam with a score of 8.05.

A number of the championship gymnasts will travel to Freeland this Saturday for regional competition. Ebert has qualified for all events, Vitek qualified for everything but beam, Strickland will see action in vault and bars as will Fox, and Smith, Sharick and Missy Knight qualified in vault.

"I expect that we will do better at regionals this year than what we did last year," Coach Cerny said. "The big guns there will be Freeland, Midland and Midland Dow, and the Traverse City schools."

Winners in regional competition advance to the state meet on March 20 and 21.

Junior varsity cagers sparkle in 86-87

By RHONDA WESTFALL
Sports Editor

Just as every big star has an opening act precede their appearance to get the crowd going, varsity basketball teams rely on the junior varsity to set the stage prior to the beginning of their game.

And, as occasionally the main attraction is upstaged by the opening group, sometimes J.V. games turn out to be far more exciting than the varsity main attraction. Several overtime and double-overtime contests involving area j.v. teams witness to that fact.

Still, by and large, the lowly junior varsity players take the back seat in terms of media coverage, attendance at games, and overall community interest to the varsity headliners.

ST. JOHNS

The Redwing junior varsity record of 2-16 might have been different had not the complexion of the team changed when sophomores Matt Wilcox and Barry Kiel became part of the varsity roster.

"That made a tremendous difference in our team," said Coach Dirk Besko. "As guards, both are excellent ball handlers. With them playing for the varsity, some of our remaining players had to develop those skills and try to fill their places."

The 13-member, all-sophomore team included: Aaron Jakus, Jeff Moubrey, Rommey Saad, Rob Klump, Todd Brown, Bob Wahr, Paul Hughes, Joe Moore, Tom Hallead, Dale Feldpausch, Scott Terrell, Mike Lumbert, and Chip Lott.

St. Johns' lone victories came against Alma, 51-49, and Chesaning, 75-65. In their second meeting with Chesaning, the Redwings lost a close double-overtime decision at Chesaning.

Despite the bleak win/loss record, Coach Besko feels the team made improvement during the season.

"All the kids gained valuable playing experience this year," Besko said. "Almost every one of the players had the opportunity to play in just about every game."

"They were a fun group to work with — something new was going on every day. It made working with them enjoyable."

FULTON

Fulton's junior varsity coach Grant McKrimmins is hoping that this year's j.v. team will become good varsity players next season.

"The season has been encouraging despite our win/loss record," Coach McKrimmins said of the Pirates 1-17 standing. "That is largely due to the attitude of the players — that has been excellent."

"This group has shown progress both as a team and individually."

The 1986-87 Pirate roster includes an assortment of juniors, sophomores, and freshman.

Junior team members include Ron Caris, Jan Mahler, Jeff Shaw and Chris Towslee. Sophomores on the team are Matt Kent, Scott McCausey, Mike Miller and Brian Peck.

Freshman guard John Gallagher has been a member of the junior varsity team all season, while Jason Langdon and Jim Wight were brought up from the freshman squad during the year.

"Defensively, Gallagher has done an excellent job for us all year," McKrimmins said. "McCausey has probably been the leading scorer for us."

Coach McKrimmins returns to the Fulton coaching staff after a two-year absence from the ranks.

"This group should be good Varsity players next season," the coach said.

FOWLER

The 16-member roster of Coach Tom O'Rourke's Fowler Junior Varsity includes six freshmen players — somewhat of a rarity on area j.v. teams.

Freshmen Eagles are Chad Fung, Gary Simon, Jim Wieber, Jeff Armbrustmacher, Terry Feldpausch, and Dan Rademacher. Sophomore members include Scott Koenigsnecht, Rick Hamilton, Tony Bertram, Kevin Schafer, Mark Simon, Kevin Hafner, Marty Fox, Rick Thelen, Jim Wohlfert, and Scott Piggott.

"We've played up and down this season," Coach O'Rourke said of his teams 12-7 record. "There have

been times when we've been right in games and other times when we just were not successful."

The Eagles' fell victim to Laingsburg's junior varsity two times during the season with those games including five overtime periods.

"We have shot well from the field all year, about 42 percent, but not well from the line," the coach said. "This group is really hardworking compared to a lot of j.v. teams."

"Probably our one big weakness is the fact that we don't rebound well and don't screen out underneath. We don't have much height. With the exception of our 6'1" center (Thelen) we don't have anyone over 6 feet."

Leading scorers for the junior Eagles are Koenigsnecht, averaging 12 points a game, and Hafner who is averaging 10 points per contest. Holding down the boards for Fowler are Wohlfert with 144 rebounds for the year, and Bertram who has cleared 105 rebounds this season.

Ambrustmacher, a freshman point guard, leads the team in assists with 69 and in steals with 39.

"This team has been a good group to work with," O'Rourke said. "I have no complaints. They all seem to really enjoy the game of basketball."

OVID-ELSIE

"It seems like every game we played this year was a close one," Ovid-Elsie Coach Jack Nutter said of his junior Marauders 1986-87 season. "We lost one game on a free throw when time had run out, and were beaten by Ionia 60-58 on a last second shot."

With two games remaining in the season, the Marauders had a 7-10 overall record and stood even in the Mid-Michigan B league at 4-4.

Playing a number of fine non-league junior varsity teams, the Marauders spoiled Corunna's perfect record, defeating the Cavaliers 46-44. That accomplishment was probably one of the high points of the season for the j.v.s.

"They (Corunna) beat us by nine points the first time we played them," Nutter said. "We really played well the second time when they came here. We had balanced scoring with three players in double figures in that game."

The all-sophomore team roster includes guards Eric Giltin, Brad Ginther, Jason McCreery, Kurt Nutter, Mike Olson and Mike Miller; forwards Ryan Alexander, Walt Birrey, Jeremy Dysinger, Kyle Huss, Mike Olson, and Mike Price; and centers Bill Harris, Mark Meredith and Kevin Reha.

In his second year on the junior varsity, McCreery was the Marauders leading scoring averaging 20 points per game from his point guard position.

Also seeing a lot of playing time this year were Meredith and Reha, leading rebounders, Price, and Huss who was also a second-year junior varsity team member.

PEWAMO-WESTPHALIA

The Pirates from Pewamo-Westphalia ended their 1986-87 season with a win at Fowler, finishing with an impressive 19-1 record on the year. The lone mark in the loss column for Coach Cary Bashore's squad came in a mid-season game at Laingsburg.

"Before the loss to Laingsburg, no team had come closer than 15 points to us," Coach Bashore said. "Since then the kids have played harder than ever."

Members on the all-sophomore team roster are Barry Schneider, Mike Spitzley, Randy Hayes, Tim Hengesbach, Tom Thelen, Dear Harr, Bill Schafer, Larry Schafer, Tony Schneider, Tim Wieber, and Jason Spitzley.

Starting point guard Mike Spitzley runs the offense for the junior Pirates.

"He is basically me on the floor," Bashore said. "He is a good ball-handler and really controls things for us. He has consistently handled the press all year."

Back-up guard Barry Schneider, also has good quickness and has handled the press well according to the coach.

Averaging 12.5 points a game, Tom Thelen has earned the reputation of being "Mr. Consistent" because of his 12-14 points per game and his technique from the charity stripe where he made a hefty 71 percent of his shots.

Probably the best-known of the young Pirates, Bill Schafer averaged 13 points per game while netting "jams" in five consecutive games.

"Bill made the spectacular plays this season," Coach Bashore said. "Besides scoring, he led the team in steals with 60, was the leader in assists, and averaged 7 rebounds a game."

Starting at center was Tony Schneider, with back-up center Tim Hengesbach making his presence known during the season also. Forward Tim Wieber enjoyed a fine season despite the fact that he sprained an ankle no less than three times during the year. He managed to average 12 rebounds and 10 points a game while shooting 55 percent from the field.

The 'garbage man' is Jason Spitzley.

"Jason picks up balls and muscles them in," Bashore said. "He is our best man underneath, rebounding and putting up missed shots. He is my sixth man, but generally sees more playing time than some starters do."

Also seeing playing time off the bench are Larry Schafer, shooting 70 percent from the field; Dean Harr, a quick left-hander who plays good defense; and Randy Hayes.

"We call Randy the 'Machine,'" Coach Bashore said. "When he gets hot when he's shooting there's no stopping him. He's also an excellent passer — he'd rather make a good pass than score."

"The whole team has a lot of personality. Almost every player saw some playing time in every game this season — we're really pretty much team."

Olympians take over lanes

Photograph by Rhonda Westfall

CHRIS KNIGHT of St. Johns was one Special Olympics bowler who had a great time at the annual bowling outing for Special Olympians held at Redwing Lanes in St. Johns last week.

O-E wrestles at state

Three members of the Ovid-Elsie wrestling team made the trip to Allendale last weekend participating in the state wrestling finals for Class B. Larry Oridway, Mark Burk, and Jeff Harkness did not bring home any place finishes, but they did turn in some fine performances for Coach Jim Maidlow.

Oridway, wrestling at 98 pounds, won his first match 8-7, decisioning regional champion Bill Northover from Petoskey who came into the match with a record of 40-7-1. He lost his next two matches, 12-3 with Paul Ozog (42-5) of Melvindale, and 7-0 with Jeff Mohey (34-1) from Vicksburg.

Wrestling at 138 pounds, Harkness lost his first match of the day 14-3 to Scott Bolan (42-4) from Eaton Rapids. Bolan went on to finish in second place in the meet. Harkness won his next two matches, decisioning Karl Miller of Delton 6-4, and Jeff King of Charlotte 5-2. He lost his final match of the day to Aaron Taylor of Milan 6-3.

Burl at 167 pounds, won his first match by a 10-4 decision, defeating regional champion Mark Miedziliec (41-3) of Grand Rapids West Catholic. He was decisioned in his next two matches, losing to Russ Swinson of Pinconning 6-3, and to Scott Shorkay of Standish/Sterling 12-6.

As a team, the Marauders ended their season with a record of 10-7, finishing in third place in the Mid-Michigan B league.

Special Olympic bowlers were rolling balls and having fun last Friday at Redwing Lanes in St. Johns. When a second group converges on the lanes this Friday, a total of 316 young people will have taken part in the fun-filled excursion.

For the eighth consecutive year, Redwing Lanes has been the site for Special Olympics bowling with youth from St. Johns, Ovid-Elsie, Bath and the Intermediate School District (ISD) participating in the action this year.

"We really want to thank Mike and Dianne Berry from Redwing Lanes for all their help and cooperation," Darlene Jekel, assistant area director of Special Olympics said. "They have been terrific about everything."

Highlights of the event included an all-time high game of 166 bowled by a high school student, and the awarding of ribbons to many of the Special Olympians.

Included among the many volunteer helpers were St. Johns High School students Jim Cowdrey and Anita Mannas. Both were enthusiastic about their "special bowlers."

"The kids are great," Cowdrey, senior at SJHS said. "It doesn't matter to them if they roll a gutter ball or get a strike — they are happy to be part of this. It's really enjoyable working with them."

Besides helping with bowling, Cowdrey and Mannas will be involved with the annual track meet, scheduled for May 22 at the St. Johns High School track, and with the State Summer Games, which will be held on the campus of Central Michigan University on June 5-7.

As well as taking part in the summer games and other local Special Olympics projects, Carol Wilson from the ISD will travel to Notre Dame in August to participate in the International Special Olympics.

"We are especially pleased and excited that Carol will be travelling to Notre Dame," Jekel said.

Persons who are interested in volunteering for any Special Olympics activities should call area director Elizabeth Charkut at 723-1098, or the Michigan Special Olympics state office at 517-774-3911.

St. Johns drops final cage contest

By RHONDA WESTFALL
Sports Editor

It was a game like so many St. Johns basketball games this year — one that the Redwings seemed capable of winning, but did not.

St. Johns varsity cagers closed out their regular season with a 65-55 loss at Alma, giving them an even 5-5 record in the Mid-Michigan B league. That mark was good enough for a second place tie with Ionia.

The Redwings travel to Owosso High School tonight for their opening Class A district game with Flint Carman-Ainsworth. The contest begins at 7:30 p.m.

Last Friday's game with the MMB champion Panthers began with Alma scoring the initial basket, followed by a barrage of toilet paper which the ardent Panther fans sent streaming onto the floor.

When play resumed, Redwing junior Clark VanBuren answered with 2 points for St. Johns. That 2-2 score, a 6-6 tie at the 3:40 mark of the first period, and an 8-8 score which soon followed, were as close as St. Johns would come to a win for the duration of the game.

That is not to say that St. Johns was blown out of the game — far from it. The Redwings stayed in hot pursuit of the Panthers throughout the night, narrowing the

scoring margin down on numerous occasions. With the score standing at 16-9 in Alma's favor at the end of the first quarter, Tom Penix closed the gap to 16-11 when he canned two charity shots to begin the second period. The Panthers maintained a five to seven point advantage on St. Johns for the majority of the stanza, expanding that to 28-19 at the half.

A changed Redwing offensive attack got the ball into the hands of Penix to begin the third quarter. The big junior answered by scoring eight consecutive points for St. Johns, cutting the deficit to 32-29 at the 4:21 mark which forced the Panthers to call for a time out to regroup their defense.

Quick baskets by Alma after the time out allowed them to pull away once again from the Redwings, closing the quarter on top 44-37.

The Redwings went to VanBuren and his fine perimeter shooting in the fourth quarter when the Panther defense made the going tough for shots from the paint. However, time was on Alma's side. St. Johns could come no closer than 58-51 with 1:26 remaining.

Penix was the leading Redwing scorer with 22 points, VanBuren had 18 points, Jim Martens had 6 points, and Bill Keenoy added 5 points to St. Johns' score.

In a non-league game last Tuesday, St. Johns defeated Holt 77-68 in a come-from-behind victory on the Rams' home court. Penix paced the Redwing attack, scoring 10 of his 22 points in the decisive final period.

VanBuren led St. Johns in scoring with 24 points, Penix netted 22 points, Barry Kiel had 14 points, and Martens had 7 points.

Should St. Johns win their district game tonight, they would face Flint Southwestern on Thursday (March 12) with the winner of that game advancing to the finals on Saturday.

SJ spikers lose at district

The Redwings got off to an early start in their Class A district volleyball competition, hosting a pre-district game with East Lansing last Thursday — the only area team involved in pre-district play.

Coach Bernie Fox's spikers earned a 15-4, 15-11 win which allowed them to advance to Everett High School on Saturday. Debbie Bensing served 3 aces, and Kerry Porter had four spikes for the Redwings in the match with East Lansing.

In their opening match on Saturday, St. Johns eliminated Okemos from further participation by virtue of a 15-6, 15-7 victory. Porter paced the Redwings with 7 aces and 7 kills in that outing.

A semifinal meeting with Grand Ledge ended in defeat for St. Johns, as they dropped their final match of 1987 by scores of 13-15, 15-11, 11-15. Lisa Ebert served 4 aces and Porter had 12 attacks.

Fowler Eagles ready to soar into districts

By RHONDA WESTFALL
Sports Editor

The Fowler varsity basketball team closed out the regular portion of their 1986-87 season in impressive style last week, trouncing non-league opponents Montabella 91-67 and Lansing Christian 58-38.

The victories give Coach Dennis Smith's team a record of 19-1 going into Class D District play tonight when the Eagles take on Ashley in their district opener at Fowler's home court. Piggott gym is the site of Class D district play with the championship game slated to begin

at 1 p.m. this Saturday. Coach Smith was pleased with the play of his Eagle team in both outings last week.

"I was extremely happy with the way we played," the coach said. "Playing at Montabella was a new experience for us — we had not played in their new gym before, and the game with Lansing Christian was a good defensive game for us."

The Eagles jumped out to a big 26-8 first-quarter lead in the game at Montabella and "just kept going" according to Smith. The closest that Montabella could come to ship game slated to begin

in the fourth quarter. **FOWLER SHOT** a hefty 61 percent from the field, and a respectable 60 percent from the foul line.

Kurt Simon led the Eagles in scoring with 25 points, and added 8 rebounds to his collection for the year. Matt Hufnagel was good for 18 points and 9 rebounds, Rex Thelen had 15 points, and Jim Andros netted 11 points.

The Wednesday night regular season finale versus Lansing Christian saw the Pilgrims start off well enough, trailing by just one point, 10-9, at the close of the first quarter. When Kurt Simon was forced to sit down early in the second period due to foul trouble, things looked as if they could bode well for the Lansing squad.

But, the remaining Eagles were equal to the occasion, outscoring the Pilgrims 14-8 in the second stanza without the services of Simon.

"It was the first time this year that the team has had to play without Kurt for an extended period of time," Coach Smith said. "We were very pleased with the way they responded."

The third quarter sealed the fate for Lansing Christian. Ahead 27-17 to begin the period, the Eagles proceeded to take the game away from the Pilgrims. Patient shot selection and a dominating defense allowed Fowler to up the ante to 37-24 by the close of the quarter.

Excellent free throw shooting put the game well out of reach in the final period, with Andros connecting on 11-12 shots from the charity stripe to pace the Eagles in that category. Fowler ended the game making 20-28 shots from the line — much to the coach's satisfaction.

"I like that (shooting percentage) a lot better," Smith said.

HUFNAGEL ENDED the evening as the teams' leading scorer with 18 points. He also had 6 rebounds for Fowler. Andros had 13 total points, Kurt Simon had 10 points, Joe Simon had 8 points, and Rex Thelen was good for 6 points.

Fowler's preparation for tonight's 7 p.m. meeting with Ashley will be the

same as for any other game according to Coach Smith.

"We will work on a defense to offset their offense," Smith said. "We can't afford to get beat."

The winner of tonight's game plays Mt. Pleasant Beal City on Thursday (March 12), with the win-

ner of that contest advancing into the championship on Saturday afternoon.

Class D district play opened last night with Vestaburg meeting Mt. Pleasant Sacred Heart. The winner of that game plays Fulton tomorrow evening at 7 p.m.

COMMISSION ORDER

CFI-112.87
(Under authority of Act 230, P.A. 1925, as amended)

OPEN SEASONS AND CATCH LIMITS ON PIKE, WALLEYE, SAUGER AND MUSKELLUNGE

Under the authority of Section 4, Act 230, P.A. 1925, as amended, being 300.4 of the Michigan Compiled Laws, the Natural Resources Commission, at its October 10, 1986, meeting, adopted the following order to become effective April 1, 1987, and remain valid for a period of five years until March 31, 1992. This order supersedes the order of May 17, 1985, CFI-112.85.

It shall be unlawful to take the following named species except within the open seasons and daily limits as prescribed below:

Open Season: On walleye, sauger, northern pike, and muskellunge (including tiger muskellunge).

Region I: All Upper Peninsula waters including the surrounding Great Lakes and connecting waters not otherwise closed to fishing shall be from May 15 through March 15.

Regions II and III: All Lower Peninsula waters except the Great Lakes and connecting waters not otherwise closed to fishing shall be from the last Saturday in April through March 15.

Regions II and III: The Great Lakes and connecting waters shall be open year around; except that muskellunge in Lake St. Clair, and the St. Clair and Detroit rivers may be taken only from the first Saturday in June through December 15 of each year.

For the purposes of this order, all drowned river mouth lakes such as Manistee Lake, Lake Macatawa and Muekgon Lake are considered as inland waters and are subject to inland water regulations.

Daily Catch Limits: Statewide limits shall be five (5) singly or in combination for largemouth and smallmouth bass, walleye and sauger and northern pike; the daily catch limit on muskellunge is one (1) (including tiger muskellunge) except that the daily catch limit on Lake St. Clair and the Detroit and St. Clair rivers shall be six singly or in combination for largemouth and smallmouth bass, walleye, sauger, and northern pike when the catch includes at least one walleye or sauger. And except that the daily catch on Lake Erie shall be 10 singly or in combination for largemouth and smallmouth bass, walleye, sauger, and northern pike when the catch includes at least five walleye or sauger.

For the purposes of this order the boundary between the Detroit River and Lake Erie is defined as an east-west line touching the southern most tip of Celeron Island.

O. Stewart Myers, Chairman
Natural Resources Commission

John M. Robertson
Executive Secretary

Findlay Manor News

BABY DAY — Lucile Nelson enjoys a visit from some special young people during Baby Day at the Manor.

Findlay nurses are trained in range of geriatric skills

By HELEN WARD, RN

The professional nurses and nurse assistants in a long term facility need a broad-based background in aging...

The nurse in a long term care facility must be educated to make decisions that are socially and psychologically based rather than purely physically based.

The "medical model" of health administration continues to dominate long term care facilities. By medical model, I mean basing the patient's treatment primarily on medical diagnosis, medications, and a medical treatment plan.

The medication orders and medical treatment plan that accompany the patient into a long term care facility may have little to do with the patients nursing home needs yet the nurse spends a large portion of her time with medication orders, the medical treatment plan, patient care plan, and paperwork as required by the state.

Our nurses here at HFCCM have developed and utilized all nursing skills. These include nursing diagnosis, nursing pharmacology, nursing psychology and nursing assistants. They must be able to assess the patient through techniques of observation, interview and inspection and make meaningful plans of care.

Geriatric nursing is a unique scope of professional nursing. It can be challenging, satisfying and rewarding. Gerontological nursing is the fastest growing area in the scope of nursing.

Farmers Home Administration NOTICE OF FARM AUCTION

24 and 74 Acre Parcels

The following property owned by the United States Government will be offered for sale by Public Auction on Thursday, March 26, 1987 at 10:00 A.M. at the Farmers Home Administration, County Office, located at 1969 S. State Rd., Ionia, MI 48846.

VICTOR TOWNSHIP MINUTES MARCH 5, 1987

The March meeting opened with the pledge to the flag and a prayer offered by Byron Prange.

The Minutes were read and approved as read. The Treasurer's report was also approved as presented.

Dan Morris moved that the township supervisor, then the township clerk, then the township treasurer, then the township trustees be designated as the persons in charge, if an official state of emergency should occur in the township.

A Dance - Entertainment permit for the Vita Corporation, was tabled until more information could be gathered.

Byron Prange moved to pay all bills. Dan Morris supported the motion. vote was unanimous.

Bob Remus moved to adjourn the meeting. Byron Prange supported. vote unanimous.

By DEBBIE WHYBRA Activity Director

"Welcome aboard!" was a common phrase heard recently at Findlay Manor when residents went aboard the S.S. Findlay and sailed an imaginary Caribbean. Residents docked at the ports of St. Croix, Barbados and St. Thomas.

Our journey of the imagination enabled our residents to visit some of the most beautiful and exotic places in the world. Many questions arose as a result of this pretending, such as: "Doesn't this confuse the residents?" and "Isn't pretending childish?"

The answer is no. This type of activity is especially beneficial to our residents. It stimulates feelings of pleasure and enjoyment, promoting self-worth and reducing stress and feelings of loss.

Validation therapy uses empathy to tune into the disoriented and confused resident. With this therapy, the helper tunes into their feelings, not worrying about the truth of facts. A trusting, nourishing relationship develops that reduces stress and stimulates well-being.

Happy birthday to Ruth Slim on March 13, Mildred VanHorn on March 14, and Clara Lincoln on March 16. As always, cards and letters are appreciated.

Happy birthday greetings went out last week to Lila Treat and Gladys Jones, both of whom were born on March 4, and to Winifred Wanless, who was born on March 5.

FRIENDLY SMILE — Jean Dyingler, L.P.N., greets resident Helen Boylan with a friendly smile.

Our journey of the imagination enabled our residents to visit some of the most beautiful and exotic places in the world. Many questions arose as a result of this pretending, such as: "Doesn't this confuse the residents?" and "Isn't pretending childish?"

The answer is no. This type of activity is especially beneficial to our residents. It stimulates feelings of pleasure and enjoyment, promoting self-worth and reducing stress and feelings of loss.

Validation therapy uses empathy to tune into the disoriented and confused resident. With this therapy, the helper tunes into their feelings, not worrying about the truth of facts. A trusting, nourishing relationship develops that reduces stress and stimulates well-being.

Happy birthday to Ruth Slim on March 13, Mildred VanHorn on March 14, and Clara Lincoln on March 16. As always, cards and letters are appreciated.

Happy birthday greetings went out last week to Lila Treat and Gladys Jones, both of whom were born on March 4, and to Winifred Wanless, who was born on March 5.

CACS to distribute commodity food in county March 17

Capital Area Community Services, the Clinton County Community Services and Senior Citizen Offices will hold a commodity food distribution on March 17 and 18 from 9 a.m. to 4 p.m.

In the service

Graduates of the course studied systems security operations, tactics and weapons training and earned credits toward an associate degree in applied science through the Community College of the Air Force.

Kramer is a 1986 graduate of Fowler High School.

Sophomore Whip Schuette named to leadership

U.S. Representative Bill Schuette, R-Michigan, has been appointed Sophomore Whip for the Republican Whip Organization in the House of Representatives, Republican Whip Trent Lott of Mississippi announced.

Lott, who as Whip is the second ranking party leader in the House, said that Schuette will serve as leader for the 27 Members of Congress elected to the House in 1984.

In the service

Referring to Schuette's previous post as Assistant Freshman Class Whip, Lott said, "Bill Schuette already has proven to be an asset to

NEW SOPHOMORE WHIP — U.S. Representative Bill Schuette poses with Republican Whip Trent Lott (R-Missouri). As the new Sophomore Whip, Schuette will direct and coordinate policy for the other 27 Republican members of the House. Courtesy Photo.

the Republican Whip Organization. I am confident that having Bill's capabilities in this position will serve to further the interests of House Republicans before the White House

In the service

Army Pvt. 1st Class Walter Smith recently participated in "Roadrunner 87," a corps-level command post exercise staged throughout a sixteen-county area of central Texas.

Designed to duplicate actual distances during combat, the exercise involved 4,000 soldiers and more than 2,000 military vehicles.

STATE OF MICHIGAN PROBATE COURT COUNTY OF CLINTON NOTICE OF HEARING In the matter of VIRGI EUGENE PAYNE, JR. Social Security Number 3184-8879 FILE NO. 87-02141-NC. TAKE NOTICE ON March 13, 1987 at 4:00 p.m. in the probate courtroom, St. Johns, Michigan, before Hon. MARVIN E. ROBERTSON, Judge of Probate, a hearing will be held to change the name of Virgi Eugene Payne, Jr. to SAMUEL ALARIC PAYNE. Default having been made in the conditions of a certain mortgage made the 20th day of January, 1970, by Michael L. Hoge and Sandra D. Hoge, husband and wife as mortgagors to the United States of America as mortgagee and recorded on pages 263-266, and assumed by GARY W. ABSHAGEN and ELLEN L. ABSHAGEN, husband and wife, and recorded on pages 193-196, and recorded on January 13, 1975, in the Office of the Register of Deeds for Clinton County, Michigan, in Liber 279 of Mortgages on pages 193-196, AND.

MORTGAGE SALE Default has been made in the conditions of a certain mortgage made the 6th day of April, 1977, by Guy A. Scarbough & Patricia A. Scarbough, his wife, subsequently assumed by Robin G. McIntyre & Carol A. McIntyre, his wife, to Graham Mortgage Corporation, a Michigan corporation. Mortgage Dated January 4, 1977, and recorded on January 13, 1977, in Liber 289 on page 400, Clinton County Records, Michigan, and assigned by said Mortgage to Industrial National Bank of Rhode Island, a/k/a First National Bank, a Rhode Island corporation, by an assignment dated May 13, 1982, and recorded on July 16, 1982, in Liber 392 on page 599, Clinton County Records, Michigan, in which mortgage there is claimed to be due at the date hereof the sum of Twenty Thousand Three Hundred Forty Three & 12/100 Dollars (\$20,343.12) including interest at 8% per annum. Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public vendue, at the front entrance to the Courthouse in St. Johns, Michigan, at 10 o'clock A.M. Local Time, on Thursday, March 26, 1987. Said premises are situated in the Township of Dewitt, Clinton County, Michigan, and are described as: Beginning at a point 231.0 feet N152° E & 300.0 feet N88° W of the SE corner of Lot 11 SUPERVISORS ROW, NUMBER 11, Valley Farms, Dewitt Township, Clinton County, Michigan, being Section 33, T5N, R2W, running thence N110° 0' 0" E 110.0 feet to the W side of Lot 12 of said plat; thence S17° 0' 0" E 519.1' W along the W side of Lot 12 thence S35° 0' 0" E 588.8' E thence N35° 0' 0" E 1152.0' to the point of beginning. The redemption period will be six months from the date of this sale. Property may be redeemed by paying the amount of the bid at the foreclosure sale plus interest, and any unpaid encumbrances on the property from date of sale. For additional information, contact UNITED STATES OF AMERICA acting through Farmers Home Administration, 1969 S. State Road, P.O. Box 502, Ionia, MI 48846, mortgagee. Obituaries

Lawrence Penix

HARRISON Lawrence Penix, 2755 Ivan St., Harrison, died Feb. 28, 1987, at Shiawassee County Medical Care Facility.

He was born in Clinton County on Feb. 4, 1912, the son of Alphonzo and Minnie (Bigelow) Penix.

He attended country schools in Clinton County and had lived all his life in Clinton County.

He was a former member of the First United Methodist Church in St. Johns.

He was retired from the F.C. Mason Company in St. Johns where he was employed as a machine operator.

Surviving are one sister, Mrs. Hazel Fifield of St. Johns; two brothers, Kenneth Penix of Rotonda, Fla., and Keith Penix of St. Johns; several nieces and nephews.

Funeral services were held at Osgood Funeral Home in St. Johns on March 3 with Pastor Larry Shrout officiating. Interment was made at South Ovid Cemetery. Arrangements were made by Osgood Funeral Home.

Joseph Barrett

ST. JOHNS Joseph Barrett, South US-27, St. Johns, died Feb. 28, 1987, at Sparrow Hospital in Lansing.

He was born in Gratiot County on Aug. 22, 1931, the son of Richard and Daine E. (Boogs) Barrett.

He was married to Mary Pecketil in St. Johns on Sept. 4, 1954.

He graduated from Fulton Schools and was a member of the American Legion 40&8.

He was employed by the Clinton County Road Commission for 35 years, retiring in August of 1986.

Surviving are his wife, Mary; two sons and daughters-in-law, Westley and Patricia Barrett of St. Johns and James and Lori Barrett of St. Johns; two daughters, Wenda Kimmy of St. Johns and Mrs. Jeffrey (Jean) Smith of St. Johns; six grandchildren; his mother, Diane E. Barrett of Ithaca; three brothers, Milton of Pompeii, Robert of Texas, and Richard of St. Johns; three sisters, Doris Favor of Fla., Jean Lewis of Ithaca, and Phyllis Feighner of Lansing. He was preceded in death by his father, Richard Barrett in 1965.

Funeral services were held at Osgood Funeral Home in St. Johns on March 3 with the Rev. Mark Graham officiating. Interment was made at Union Home Cemetery. Arrangements were made by Osgood Funeral Home.

MORTGAGE SALE

Default has been made in the conditions of a mortgage made by Frederick J. Beno, a single man to Bankers Mortgage Corporation of Lansing a Michigan Corporation. Mortgagee, dated December 30, 1985 and recorded on January 8, 1986, in Liber 432, on page 375, Clinton County Records, Michigan, and assigned by MESNE Assignment to Sterling Savings & Loan Association a Michigan Corporation, by assignment dated January 29, 1986, and recorded on March 10, 1986, in Liber 434, on page 198, Clinton County Records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of Fifty Thousand Sixteen and 82/100 Dollars (\$50,016.82), including interest at 10.5% per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public venue, at the North door to the Courthouse in St. Johns, MI, at 10:00 o'clock A.M. on April 3, 1987.

Said premises are situated in Township of Duplain, Clinton County, Michigan, and are described as:

Commencing on the South line of Section 11, T8N, R1W, Duplain Township, Clinton County, Michigan, 11 1/4 chains West of the South 1/4 post thence West 204 feet, thence North 0° 05' West 234 feet, thence East 204 feet, thence South 0° 05' East 234 feet to the place of beginning.

The redemption period shall be 6 months from the date of such sale, unless an affidavit of occupancy or intent to occupy is recorded in accordance with 1948CL 600.3241(a) and given to the mortgagee, in which case the redemption period shall be 30 days from the date of such sale.

Dated February 24, 1987.

NOTICE OF FORECLOSURE SALE

Default having been made in the condition of a certain mortgage made on the 28th day of February 1986, by Fred J. Beno, a single man, Mortgagor, to First National Bank of Michigan, as Mortgagee, and recorded on March 4, 1986, in the office of the Register of Deeds for Clinton County, Michigan, in Liber 434 of Mortgages on Pages 60 and 61, on which mortgage there is claimed to be due and unpaid at the date of this notice \$46,927.79 principal and interest, no suit or proceedings at law or in equity have been instituted to recover the debt, or any part of the debt, secured by the above mortgage, and the Power of Sale in said mortgage contained having become operative by reason of such default and pursuant to the Statutes of the State of Michigan in such case made and provided.

Notice is hereby given that on April 2, 1987 at 10:00 o'clock in the forenoon at the Clinton County Courthouse in the City of St. Johns, Clinton County, Michigan, that being the place for holding the Circuit Court in the County of Clinton, there will be offered for sale and sold to the highest bidder the property herein described, at public sale, for the purpose of satisfying the amount due and unpaid upon the above said mortgage, together with interest thereon at the rate of 20%, the expenses and charges of sale, including a reasonable attorney fee, provided by law and in said mortgage, and also any sum or sums which may be paid by the Mortgagee necessary to protect its interest in the premises, the land and premises in said mortgage mentioned and described, are as follows:

The West 1/2 of Lot 17 and all of Lot 18 and the East 25 feet of Lot 19, Block 1, Village of Ovid, Clinton County, Michigan, according to the recorded plat in Liber 21, Page 367 Clinton County Records.

The length of the redemption period will be six (6) months.

Dated February 11, 1987

WEDNESDAY, MARCH 18

Support group for emotionally and physically battered women meets from 7-9 p.m. For more information, call RAYE, 224-7283 or 224-4662. Meetings are held on the first and third Wednesdays of each month.

Clinton Memorial Hospital Auxiliary meets at 7 p.m. in the conference center at Clinton Memorial.

Fancy Prancers discuss Mint Festival, Elsie Festival

Submitted by Karann Pattison

The Clinton County Fancy Prancers Drill Team met Feb. 26 at the home of Kris Auten with five members present. The meeting was called to order by President Margo Daley. The secretary's report was read by Sandy Williams and the treasurer's report by Kris Auten.

The Mint Festival parade was discussed as was the Elsie Dairy Festival parade. Karann

Pattison will find out more information on Elsie's parade.

Yarn will be purchased for making pom-poms for saddle pads. The next meeting will be a "work bee" held at the home of Donna Apostol on March 12 at 7 p.m.

Donna Apostol adjourned the meeting with a second from Kris Auten, and refreshments were served. For more information on the Fancy Prancers, call Margo at 834-5777, Karann at 862-5402, or Sandy at 224-4604.

4-H events

4-H sets March 25 introduction to commodity marketing project

A workshop designed to introduce teen and adult volunteer leaders to the 4-H commodity marketing project is planned for March 25 at the Union on the campus of Michigan State University from 4-8 p.m.

Resource persons from the extension service will discuss what commodity marketing is and how it works. They also will explain options available to young people who wish to pursue the project.

"This is an important

subject for those who may be considering a career in farming to familiarize themselves with," said Theresa Silm, Clinton County 4-H youth agent. "I would encourage anyone with an interest to attend."

The workshop includes a dinner and a hands-on computer session to let participants practice their commodity marketing skills. There is no charge for the program. For more information, contact the extension office at 224-3288 by March 18.

Clover Clippings

Leader recognition

Theresa Silm

Twenty-two Clinton County volunteer 4-H leaders attended the East Central Region 4-H Leadermeet held at the Bavarian Inn in Frankenmuth on Feb. 28.

Leaders attending from the county were: Kevin Kirk, Charles Silm, Ellen Burnham, Rosella Lonier, Gwen and Kim Nash, Connie and Michelle Mohney, Cherish Joostbers, Chris Schafer, Tracie Spellman, Sue Olger, Julie Partee, Lois and Dana Burghoff, Sue Chant, Keisha Schaub, Stacie Holland, Jennifer Goodrich, Patti Straub, Brent Vitek and Jeremy Foster.

This program was a joint effort by 4-H staff members in the region to recognize leaders and to help them further develop their own leadership skills.

During the day, leaders also had the opportunity to visit with Dr. Wally Moline, director of the Cooperative Extension Service and Michael Tate, assistant director of extension for 4-H youth programs.

Jim and Jason Roof and Kevin Nash participated in the Michigan 4-H beef, sheep and swine leaders conference held at Kettunen Center near Cadillac on Feb.

Stormy Spellman: a super fun-filled Wonders leader

By JENNY KISSANE

Do you have a super, fun-filled organizational leader for your 4-H club? I do. Stormy Spellman, who is the leader of the 4-H Wonders, fills the role of a super, fun-filled organizational leader to a tee.

Stormy is also a leader in sewing and is an active member of the 4-H council. Stormy serves as a day chairman at fair, a food stand worker, and most importantly a friend to a 4-H member when they need it.

Stormy has a daughter, Tracie, who is an active member in 4-H, a son, Troy, who was an active 4-H member, and her husband, Bill, who is a mailman.

Stormy's hobbies are sewing, cooking, and working with kids.

I want to thank Stormy for all the time she spends to make 4-H fun, and the extra time she spends being that special friend to 4-H members. I enjoy having the super, fun-filled organizational leader as my leader and friend.

The conference was designed to teach leaders skills in areas of practical livestock production and management and help them develop communications and leadership skills necessary to effectively reteach production skills in the county.

Participants learned about many of the livestock contests, showmanship skills for beef, swine, sheep, artificial insemination, and about awards and scholarships.

Both of these events were sponsored by the Michigan 4-H Foundation through donor contributions. For information on other leader training opportunities, call the extension office at 224-3288.

Family portrait

Clinton County 4-H families and friends can take advantage of a special offer to have their family's picture taken and help support the 4-H program at the same time. On April 4, a photographer from Majestic Studios in Tennessee will be at the extension office to take family portraits of those families that have made reservations and paid the fee in advance.

The cost for the full color 10x13-inch portrait with a frame is only \$7.95 and there are no hidden costs to the family. Additional photographs may be purchased at a later date for an extra charge, but the full cost of the 10x13 framed portrait is only \$7.95. This plan has a 30-day unconditional money back guarantee and has the Good Housekeeping Seal of Approval.

Families who want to take advantage of this opportunity need to contact Kathy Love in the extension office at 306 Elm Street in St. Johns to make a reservation and to purchase the certificate for the family portrait. The certificate is good only for family groups and if there are any questions, Kathy can define "family" for you.

Time slots are filled on a first-come basis, so those who are interested should plan to make the appointment as soon as possible.

Reservations need to be made by March 19. For additional information, contact the Cooperative Extension Service at 224-3288 or 669-3663, ext. 229.

Theresa Silm is the 4-H youth agent for the Clinton County extension service.
