Notes Correction

The article last week about Michael Gehoski contained errors. Mr. Gehoski is a science teacher who was one of 25 teachers from Michigan chosen to participate in an honors workshop focusing on science education.

A shuttle for the sale

ST. JOHNS — Patrons of the citywide sidewalk sale on July 23, 24 and 25 will be offered free shuttle bus service between the Southpoint Mall and downtown.

The bus will depart from the mall every hour on the hour. Patrons can board at either Randall Health Foods, Goff the Food Store or Cinema III.

The trip from downtown to the mall will be made every hour on the half-hour. The boarding point will be the First Congregational Church, on Maple Street, across from the Clinton County Courthouse.

Mint Queen Ball tickets

ST. JOHNS — Tickets for the Mint Queen's Ball on August 8 are on sale and available from the following people: Annette White, 224-6736; Virginia Shawnee, 224-6811; Diana Parker, 224-3294; Bonnie Gregory, 224-4471; Joann Martis, 224-7248 and Karen Hughes, 224-8944.

The tickets are \$15 for dinner, dancing and prizes. The organizers invite everyone to join them for a special event to honor the Mint Queen.

Sesqui-coin

ST. JOHNS — Coin collectors, history buffs and others can now own a golden memento of Michigan's Sesquicentennial.

Sponsored by the Michigan Sesquicentennial Commission and the Michigan Bankers Assoc., a five gram, 14kt., yellow Michigan gold coin crafted from ore mined at the Ropes Gold Mine in Ishpeming is now available.

In Clinton County the coin can be ordered through Clinton Bank and Trust in St. Johns.

Designed and manufactured by Wattsson and Wattsson Jewelers of Marquette, the coin features the "150 Sesquicentennial" logo on the front and the "Michigan Bear" logo on the reverse side.

Wattsson and Wattsson will craft coins as orders are received. Coins may be picked up at the bank about 10 days after the coin is ordered. The special coin program runs through Dec. 31, 1987.

Fly-by-night painters

ST. JOHNS — Clinton County Sheriff Terry Haneckow last week warned area farmers of fly-by-nighters attempting to separate unwary farmers from their money.

The fly-by-nighters, many of whom have out-of-state license plates on their automobiles, offer farmers extremely low prices for barn painting.

"Needless to say, the farmer and his money are soon parted," said Haneckow.

The mode of operation varies from absconding with advance payments to completing the job with extremely cheap paint. The fly-by-nighters occasionally do a legitimate job for one farmer in order to use the name as a reference to lure neighbors into a bad deal.

The sheriff asked farmers to notify the department at 224-5200 if they are approached by barn painters. The department can help separate legitimate painters from frauds, he said.

US-27 highway project in final design stage; buying land next step

The Michigan Department of Transportation is in the process of developing designs for the US-27 bypass around St. Johns and the next step is to start buying land, said Bill MacCreery, deputy director for highways.

The highway project is included on a 10-year project list and will be completed by 1994, he said.

Right-of-way acquisition is currently scheduled to begin in April, 1989, said Ronald Roberts, of the MDOT Design Division. Construction is scheduled to begin in June, 1992, he said.

A Feb. 9, 1987, letter from the MDOT to Clinton County Planner Thomas Warstler said the department will consider the early purchase of property within the proposed right-of-way if the property owner has "experienced an inconvenience or problem as a result of the intended US-27 project."

MacCreery said he did not know of any early property purchases to date.

"Right now we're starting to prepare right-of-way plans," he said. "When they're ready we'll start purchasing right-of-way."

Meanwhile, some business owners in St. Johns oppose the project because they believe the highway will route customers away from their businesses.

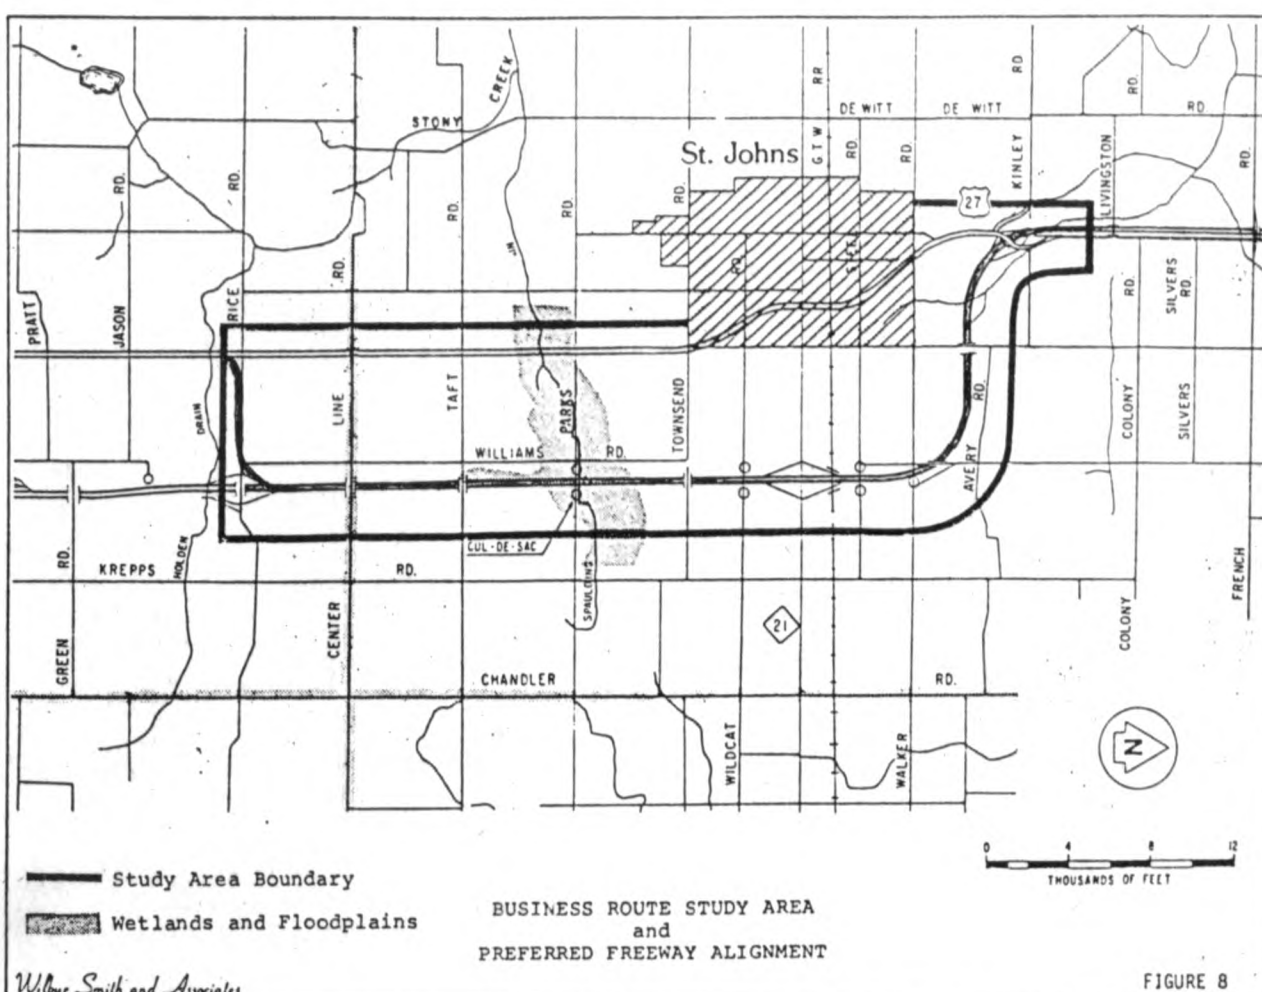

"Everybody knows the big chains have options on the property out there," said Cathy Sanderson, owner of the Capri Motel, 1204 S. US-27.

She said she cannot compete by placing large billboards on the highway.

"I cannot afford that," she said. "Neither can the other small guys."

Sanderson also said she was told in a June 27, 1986, letter from the MDOT that she would be given a chance to review and comment on the highway as plans were finalized. As design plans are being drawn up, she has not been given such an opportunity, she said.

The MDOT confirmed that it has not held public hearings on the project in the last year.

US-27 BYPASS — Scheduled for completion by 1994, the highway will bypass St. Johns on the east. Courtesy of Michigan Department of Transportation

What power!

Ovid Tri-Ami Bowl switches to homemade energy

By RICH WERTZ
Editor

Tony Sinicropi, owner of the Tri-Ami Bowl in Ovid, points to the disconnected electrical cables emerging from the outside of his bowling alley.

"Look it," he grins. "Consumers is unhooked!"

Last Tuesday afternoon the bowling alley switched from power purchased from the Consumers Power Company to power generated on the Tri-Ami Bowl property. Sinicropi estimates he will save \$15,000 per year — that's the difference between the \$22,000 per year he formerly paid to Consumers Power and the \$7,000 he expects to pay for diesel fuel to run his generators.

He also has to pay the \$100,000-plus cost of installing his own power plant. Sinicropi figures he can pay it off in six years or so, leaving him with a system that should, with two major overhauls, last 20 years.

"I used to sit for hours in an engine room, for days and for years, and we supplied power to that ship," says the former Navy engineer.

HE WAVES his hand toward the two diesel engines that are the heart of his power plant.

"These are made especially for this sort of work," he says. "They will run, run, run and run. They can be depreciated as a capital expense."

"Whereas with Consumers Power, at the end of 10 or 20 years, all I've got is a pile of receipts."

How did Consumers Power react to this?

DANCE STUDENT Tammy Korienek of Elsie rehearses with other dancers from the Bohaty School of Dance. Over 100 students, including a number from Clinton County, are traveling to Florida this week to perform at Disney World. Story page 2A.

Elsie village government to move into new offices

The Village of Elsie will have a new home next month. Village trustees on July 13 agreed to purchase the Dancer Building in the heart of the village's downtown.

Village President Robert White said the Village will buy the building for \$42,500. Village offices, currently housed in the old fire hall building with the Department of Public Works, will be moved to the new location around Aug. 1, he said.

"It's really going to upgrade the offices," said White.

For instance, he said, the village treasurer will now have a place to store financial records instead of having to keep them at his home.

Another bonus is that Dancer Building will be 100 years old in October, making it eligible for grants for historic renovation. Village officials intend to apply for such grants, said White.

The Elsie DPW will take over the space in the old fire hall left vacant by moving the village offices.

St. Johns to hold hearing on street paving project

St. Johns residents will have a chance to comment on paving North Morton Street from Vauconsant Street to Gibbs Street at a public hearing on Aug. 10.

The City Commission will hold a public hearing on the \$99,200 project at 7:45 p.m. in the commission chambers in the city offices building.

The project includes constructing curbs and gutters in addition to the road paving.

The city will pay \$42,032 of the cost of the project. The balance will be assessed against property owners.

THE CITY also plans to pave Zeeb Street in the city industrial park east of US-27. Water mains and sanitary sewers are also being installed in the park.

Rivendell of America, the company that plans to build the 64-bed youth psychiatric facility on Townsend Road in St. Johns, has agreed to contribute \$50,000 to help pave that road.

Townsend will be paved and sanitary sewers installed from US-27 west to Lansing Street.

Lansing Street will be paved to Oak Street.

The work will begin this summer and will be completed next year.

Wheat harvest down 50 percent from average

Wheat production in Clinton County is expected to be 50 percent lower in 1987 than the yearly average of 2.2 million bushels harvested by county farmers.

The sharp drop in production was caused by rain and flooding that interfered with planting last fall, an open winter with little snow cover, and dry conditions this spring.

"We're seeing very spotty yields, anywhere from 20 to 70 bushels per acre," said Bill Campbell of Countrymark Elevator in St. Johns. "However, the quality is real good — no sprouting and good test weights."

Clinton County Extension Director Giles Roehl echoed Campbell's assessment of this year's wheat.

"There has been very little disease," he said. "The bushel weight is holding up close to 60 pounds per bushel weight. We certainly aren't expecting a bumper crop — it will be very spotty."

Heavy rains and flooding last fall were cited as the main reasons for the drop in wheat production this year; farmers could not get into their fields in time to plant winter wheat. A number of farmers elected to have wheat seed flown on in an effort to get

their fields planted in time, but much of that did not get a good start according to Roehl.

One good note for farmers who do have Michigan white wheat harvested is that the price per bushel is up from last year. Countrymark was quoting \$2.55 per bushel last week.

"Farmers are finally in a position where they have a commodity that is in short supply," Campbell said. "Millers in Michigan are not getting enough soft, white wheat to satisfy the demand for it."

Michigan is one of the major producers of soft, white wheat which is primarily used in the pastry industry.

"Right now we're not seeing a lot of farmers selling because of the shortage of white wheat," Campbell said. "They're holding on to it instead."

Statewide, the Michigan Agricultural Statistics Service forecast wheat production at 20 million bushels, down 35 percent from 1986 output. The report stated that 400,000 acres had been planted for harvest, also down 41 percent from one year ago.

Clover clippings

4-H Fable

By Theresa Silm

4-H members, leaders and other fair volunteers and friends are busy getting ready for the 1987 4-H fair. While everyone is busy with so many details and plans for the fair, I thought I'd like to share the following clipping with you. Storm Spellman, a 4-H parent, leader and member of the 4-H Council, found this clipping in a desk drawer at her mom's house. The clipping is kind of cute and really has an important message.

A 4-H Fable

There was once a boy, won ribbons, mostly blue. Came home from the fair with a big trophy too. With a voice glad and proud, he said, to his dad, "Tis the very best year that I've ever had."

Said his very wise dad, "Son, I'd like to hear, Why you think this was such a fine year."
"Why, dad, you well know all the prizes I've won; How I've come out on top in most things I've done."

"Just look at the ribbons that hang on my wall And think of the money I've made since last fall From premium checks and a big auction price, You can't help but think cash and ribbons are nice."

But the man said, "My son, you're not thinking right, Blue ribbons, 'tis true, are better than white; But ribbons will fade and trophies grow old Money's soon spent and fame soon grows cold."

"The important things, son, are not ribbons or pins, And sometimes it's really the loser that wins; Now here are the things most important, it's true, Your 4-H experience has accomplished for you."

"You've seen how a business meeting is run, This knowledge will help you in years to come, You've conquered the fear of addressing a crowd, You've learned how to stand up and talk nice and loud."

"Patience you've learned in your projects too, As well as your skills that will always help you, You've learned the fine feeling it gives you to lend A glad helping hand to a stranger and friend."

"You've learned to cooperate with majority rule, To give in with grace and not be a fool, Who must always have his very own way Be it in club work, in school or at play."

"You've learned how to lose without making a beef, You know the judge judges to his best belief, You've learned how to win without boasting too loud, A kid can lose friends if he's overly proud."

"These are the things most important to you. You'll remember and use them all your life through. They'll help you become a mighty fine man. They'll do more for you than a prize ever can."

Anonymous

Michigan State Fair

Michigan State Fair Acting General Manager O.J. Scherschlight has announced that premium books for all competitive and special events at the 1987 Michigan State Fair are now available. The state fair runs Aug. 28 through Sept. 7.

There are eight premium books available for this year's fair, including livestock, agriculture, horticulture and floriculture, community arts, fine arts, entertainment, youth division, poultry, rabbits and pigeons, and horse shows. Each premium book contains complete rules, entry forms, prize structure, and information needed for each event.

Up to \$400,000 in premiums will be available for awards at the 1987 state fair. An additional \$90,000 in Water Wonderland premiums will be offered by the Purebred Breeders Association for livestock and horse events.

All premium books are available at no charge. To receive a copy of any premium book, contact the Michigan State Fairgrounds at (313) 368-1000 or write 1120 W. State Fair Ave., Detroit, MI 48203.

4-H more than projects and fair!

By JENNY KISSANE

Do you know what 4-H has to offer? All the extras that it organizes? First of all, 4-H groups, such as Ambassadors, hold events like the 4-H Farm Day for preschoolers held recently. The Ambassadors work on promoting 4-H to its best.

Citizenship Shortcourse is a group of teens who work for nine months studying government and they end this program with a week's stay in the nation's capitol.

Teen Leaders is just one more of the activities for teens. They go to several training workshops and learn how to help the younger 4-H members with their projects.

Teen Counselors is another group of teens who are selected to go on the various trips that the 4-Hers win. They can learn valuable leadership skills.

4-H has an excellent council, which supports many 4-H activities. It also works on organizing new activities that will interest 4-Hers. The council has three teen representatives who voice their opinion about the 4-H programs.

As you can see, there are many opportunities for teens in 4-H to learn leadership skills, make new friends, and have fun.

Exchanging in 4-H

Recently some 4-H members of Clinton County hosted several exchange members in their homes for five days. These members were from Clinton County, Ill.

It was a week of fun and new friendships in the eyes of Michigan 4-H members. Yet in the eyes of Illinois members it was sightseeing, shopping, learning, fun, and, of course, new friendships.

The fun and good times these 4-H members shared will never be forgotten.

Next year around the same time the 4-H members from Clinton County, Mich., will have an opportunity to visit Illinois and meet with their new friends again and visit their hometown and learn about their life.

Theresa Silm is the Clinton County Cooperative Extension Service 4-H Youth Agent.

Remembering when

30 YEARS AGO July, 1957

The pool in the St. Johns City Park hit a peak in popularity as summer temperatures soared. In a one week period, 4,481 people used the pool.

To keep up with the increased use of the pool, two lifeguards, John Furry and Mike Humphrey, have been working to augment or relieve the regular staff.

Pool Director Joe Veramay said the temperature hit 110 degrees on the deck outside the pool.

Clinton County's wheat crop is nearly harvested despite rains that delayed some combines for two days. Tests for the \$2 million crop are looking good. The wheat is suffering some sprouting but is much dryer than last year.

Yields per acre are also looking good.

Justice Alba Wert

sentenced a 19-year-old Williamston man, convicted of furnishing alcohol to another minor, to \$104.90 fine and costs and 30 days in jail.

A milk strike is threatened for Aug. 1 by the Michigan Milk Producers Association if its demands for \$5 milk in the Detroit market are not met.

40 YEARS AGO July 1947

Levi J. Dean Jr., 27, of Perinton and Leslie Jolls, 30, of Maple Rapids, were killed when their surplus BT-13 crashed and burned near Maple Rapids.

A tabulation of low bids on the proposed 20-bed addition to Clinton Memorial Hospital reveals that the new building and remodeling will cost about \$120,000.

With the wheat harvest underway, the government wheat loan rate has been set at \$1.92.

"It's in the Bag" by Bob Beck

If you're an average American homemaker, here's how you treat spices in your cooking. You use more kinds of spices more frequently today than you did five years ago. You've tried 20 different spices and you have 17 different kinds on hand.

If dill isn't one of the 17, you don't know what you're missing. In the United States dill pickles rank high as the best friend a sandwich ever had. Dill seed is not only good for pickles but also pickled beets, salads, sauerkraut, green beans, stews, fish, chicken, breads, eggs and of course, cucumbers.

Botanically, dill is known as Anethum graveolens, (which is easy enough for me to say, with a book in front of me). Though it was first discovered in England in the 16th century, it is not used in that country's food today as much as it is elsewhere.

Both dill seed and weed, which are the dill leaves, are almost always sold dried in the whole form. An annual plant of the parsley family, dill is native to Europe and Asia and has been used for centuries.

This week stock-up on spices from Beck's, where you'll find our variety, including dill, is the "spice of life."

Needle plan condones drug use

Letter to Editor:

Are the citizens of Michigan aware that a needle exchange program is being considered as part of a plan to help intravenous drug abusers prevent the spread of AIDS? And, also, that the Office of Substance Abuse Services (OSAS) states it "will undertake all possible efforts to reduce the likelihood of AIDS transmission in shooting galleries (places where intravenous drug abusers go to shoot up in groups and share needles)."

A direct quote from OSAS literature on the implementation of a plan to prevent the spread of AIDS: "Shooting galleries provide a service for which there is currently a clear demand. Closing them is for law enforcement and may be beyond law enforcement's practical power. So long as they exist, it may be possible to reduce the risk of infection in shooting galleries without endorsing them or otherwise assisting them."

By using tax dollars to assist volunteers or organizations in providing sterile equipment (syringes, needles, etc.) we are encouraging continued use of illegal substances and giving the appearance of "it's okay to use those drugs as long as you know how to prevent the spread of AIDS."

Letter

While I am very much in favor of a prevention program for AIDS, I seriously question the manner in which the plan will be implemented as proposed by OSAS.

If AIDS is to be controlled, let's get to the drug-free society, our youth, and educate them about AIDS and drugs. Let's not waste our money on groups which are already at risk by assisting them to continue using illegal substances.

As a member of the Capital Area Substance Abuse Commission, I believed my job was to help allocate funds for programs which would educate, treat and prevent, not maintain or assist someone to continue or begin using illegal substances. Now I am not so sure.

Salary increases

By Gary Randall

I recently voted against parts of the state budget for 1987-88 as a means of protesting the large salary increases awarded to directors of the state's major departments.

These raises, averaging some 25 percent, were inserted into the budget bills at the last minute, when the bills were in conference committees. There was no opportunity for debate in committee or on the floor. We were presented with the salaries as part of an entire budget in a "take it or leave it" situation. This is one small indication of how undisciplined the budget process has become.

The pay raises will bring all non-elected department directors to a uniform salary of \$80,300 for the fiscal year beginning Oct. 1. These departments are not all of the same size and responsibility. Isn't there a difference in the difficulty of managing thousands of people and billions of dollars and directing a few dozen employees with a budget of a few million dollars? I think there is, and I could not support bills which pretended otherwise. The budget is adopted and the state will continue to function, but some of us aren't pleased at how it was accomplished.

It is unfortunate that the governor and other key personnel who devised the pay raise plan did not use their ingenuity and skill in tackling property tax relief, in getting the income tax windfall returned to the taxpayers, encouraging job providers, or in helping with the many other unsolved problems Michigan is facing.

College news

Earn perfect grades at MSU

Theresa Glowacki and Julie Rann, both from St. Johns, were honored as students maintaining perfect 4.0 grade point averages for the spring

term at Michigan State University.

Glowacki is a senior majoring in general business and business law and Rann is a senior majoring in social work. Both are graduates of St. Johns High School.

BOUND FOR DISNEY WORLD — Mishka Bennett and Tammy Korienek practiced in full costume last week in preparation for a performance at Disney World in Florida.

At Disney World

Bohaty dancers perform in Florida

Fourteen dance students from St. Johns are off to Disney World in Florida this week for a three-day performance at the Tomorrowland Theatre in the Magic Kingdom. They are students of the Bohaty School of Dance in St. Johns, owned and operated by Marva Bohaty. The St. Johns students will join some 90 dance students from the Bohaty studios in Owosso, Chesaning and Saginaw. Those studios are owned and operated by Marva's sisters, Donna Hall, Renee Bohaty and Karolyn Bohaty. Marva Bohaty said the students, ranging in age from six to 23, were invited to perform by the Disney Entertainment Board after the Bohaty sisters submitted a video tape of a performance. To prepare for the performance the Bohaty Dancers have rehearsed production routines, including tap dance, jazz dance, gymnastics and adagio. Numbers in the show include a can can, a 1950s medley, the polka

and "Yankee Doodle Dandy." Many of the dancers participating in the Disney Tour are finishing a week of performance on the 1987 Chesaning Showboat. Some danced as professionals; some as participants in an amateur contest. The Bohaty Dancers have for 20 years been featured at the annual "Christmas at Whiting" show in Flint. They were part of the halftime entertainment for the first and second Cherry Bowl in the Pontiac Silverdome and entertained on the Costa Del Sole in Spain two years ago. Bohaty Dancers from the St. Johns area are Kelly Hyde, Rachel Burhop, DeDe Elsea, Laura Schafer, Alexa Vitek, Kerry Smith, Shannon Brown, Heather Brown, Stephanie Zuzelki, Kathy McCausey, Angela Ryan, Elizabeth Scott, Tammy Korienek and Mishka Bennett.

Youths attend Caprine Classic

By HEATHER RISSELADA
On July 8 at the MSU Caprine Classic, the Clinton Caprines did a good job showing their animals. Following is a listing of members and their places.
Amy Winn: showmanship 11th; junior kid 1st; senior kid 1st; age doe 1st; reserve junior champion.
Jill Winn: showmanship 4th; junior milker 1st; junior kid 1st.
Tina Schaub: showmanship 5th; junior kid 5th; senior nubian 7th.
Mike Risselada: showmanship 5th; dairy

2nd. **Heather Risselada:** showmanship 9th; dairy 1st.
Rhonda Risselada: showmanship 6th; junior kid 5th.
Cheryl Johnson: 2-year milker 3rd; junior kid 2nd; senior yearling 4th; showmanship 10th.
Mike Johnson: senior yearling 1st; junior champion.
Sherri Kast: showmanship 1st; junior doe kid 1st; senior doe kid 4th; senior dry yearling 2nd; milker under two years 4th; market wether class in-

Districts elect new officers for school boards for 1987-88

At organizational meetings on July 13 three area school boards elected officers for the 1987-88 school year and set meeting dates. They are as follows:
• **OVID-ELSIE:** Larry Martin, Jack Schwark and Waneta Byrnes were re-elected president, vice president and secretary, respectively. Renee Fatura was elected treasurer. Meetings will be held on the third Monday of each month, except the months of June and July when meetings will be held the second Monday. When two meetings are needed in a month, they will be held on the first and third Mondays. Meetings will be held at 8 p.m. in the Administration Building.
• **ASHLEY:** James Fabus was elected president;

Joseph Gavenda was elected vice president; Martha Miller was re-elected secretary; and Steven Strouse was elected treasurer. Carl Wolfe will represent the Ashley Board of Education in the Michigan Association of School Boards. Meetings will be held on the third Monday of each month, except in December, when it will be held on the second Monday. Meetings are held at 7 p.m. in the superintendent's office.
• **PEWAMO-WESTPHALIA:** Bill Bohr was elected president; John Kowatch was elected vice president; Mary Ann Schmitt was re-elected secretary; and Joan Thelen was re-elected treasurer. Meetings will be held on the second Monday of each month at 8 p.m. in the high school conference room.

Feldpausch re-elected in Fowler

Clare Feldpausch was re-elected as president of the Fowler Board of Education at its organizational meeting, held July 6. Also re-elected were Gary Schneider as vice president and George Martin as treasurer. Marie Graff was elected as secretary, succeeding former board member Ruth Feldpausch. Jerome L. Thelen joined the board as a newly elected member. Regular meeting dates were set for the 1987-88 year with the board meeting on the third Monday of each month beginning in August. Meetings

will be held in the Waldron Middle School staff room beginning at 8 p.m. A truth-in-taxation hearing is scheduled for Aug. 17, at 7:15 p.m. in the Waldron staff room. The hearing will be followed by a brief special board meeting which will serve as a work session prior to the regular meeting. In other business at the July 6 meeting, the board voted to lay-off middle school teacher Cheryl Dodd due to a decline in enrollment. Greg Adamus was hired as new band teacher, as was Bobbie White. She will serve as a half-time developmental

O-E board approves \$139,965 roof repair job

The Ovid-Elsie Board of Education on July 13 accepted a bid of \$132,965 for roof repairs to North and E.E. Knight elementary schools. The low bid was made by the Lower Peninsula Roofing Company of Detroit. In other action at its June 20 and July 13 meetings, the board:

Jerald Sweet and Donna Nemeth
Nemeth-Sweet
August wedding planned

Mark and Sue Nemeth of Dimondale announce the engagement of their daughter, Donna Kay, to Jerald Lynn Sweet. He is the son of Jeff and Jackie Sweet of Potterville.

The bride-elect is a 1986 graduate of Holt High School and is a licensed cosmetologist, graduating from Ingham Capital Career Center in 1986. She is employed with J.C. Penney's Hair Styling Salon in the Lansing Mall.

The prospective bridegroom is a 1986 graduate of Potterville High School and has attended Lansing Community College and Ferris State College. He will be attending Michigan State University studying for a degree in advertising/telecommunication. He has owned and operated "Sweet Rock" disk jockey service six years and is employed by H&S Foods.

An August 1988 wedding is planned.

Births

GRUBAUGH — Mark and Peggy, 6458 E. Maple Rapids Rd., Elsie, a son, Dustin Mark. Born July 13 at Clinton Memorial Hospital. Weight: 6 lb., 6 oz.; length: 18½ in. Dustin has one sister, Katie Sue. Grandparents are Larry and Wanda Lockwood, and Clara Grubaugh. The mother is the former Peggy DeLong.

PRICE — William Price and Deborah Womack of St. Johns, a son, William Patrick Price II. Born June 25 at Clinton Memorial Hospital. Weight: 6 lb., 4 oz.; length: 19 in. Grandparents are Jim and Wanda Gurski and William and Christine Price, all of St. Johns; Bruce and Shirley Womack of Tavares, Fla.; and Patricia Price of Lansing. Great-grandparents are Ken and Vernetta Price and Margrette Gurski of St. Johns, Martha McClintock of Palo, and Jaye and Woodrow Womack of Mt. Dora, Fla.

PORTELA — Bruce and Gaylene, 7814 Jon-Scott Dr., Grand Ledge, a daughter, Ashley Kristene. Born July 2 at Sparrow Hospital.

HOFFMAN — Greg and Karen of St. Johns, a son, Mitchell Gregory. Born July 8 at Sparrow Hospital. Weight: 9 lb., 13 oz.; length: 24 in. Mitchell has two sisters, Alissa and Stacey. Grandparents are Douglas and Jane Knight of St. Johns and Larry and Laurine Hoffman of Portland. The mother is the former Karen Knight.

ANDREWS — Charles and Georgia, 522½ Maple Ave., Maple Rapids, a son, Charles Ray. Born July 3 at Clinton Memorial Hospital. Weight: 7 lb., 2 oz.; length: 20½ in. Grandparents are Mr. and Mrs. James Spade and Denise Andrews. The mother is the former Georgia Spade.

CLARK — Clifford Jr., and Deborah, 502 W. Gibbs St., St. Johns, a son, Michael Scott. Born July 10 at Clinton Memorial Hospital. Weight: 7 lb., 13 oz.; length: 21 in. Michael has two sisters, Jennifer and Tina. Grandparents are Douglas and Nancy Maurer and Ron and Bobbie Dean. The mother is the former Deborah Dean.

DeLong-Moon

August wedding planned

Mr. and Mrs. Doyle DeLong of rural Fremont are pleased to announce the engagement of their daughter, Terri, to Steven Moon, son of Mr. and Mrs. Dean Moon of Maple Rapids.

The bride-elect is now employed at the Muskegon Post Office.

The prospective groom will attend Grand Valley State College this fall.

Following an August 15 wedding, the couple will reside in Fremont.

Terri DeLong and Steven Moon

Horticultural artists awarded

The first place prize the second annual mixed media horticultural art competition sponsored by the Clinton County Arts Council went to **Margaret Jopke** of St. Johns.

Jopke, whose work is collected throughout Michigan, was awarded for her rendition of "Flowering Plum Patterns" full of mauve-toned blossoms on a deep blue ground.

The competition was judged on July 7 by Chris VanAntwerp, executive director of the Michigan Association of Community Arts Agencies. Winners were announced at a July 12 artists' reception at the CCAC gallery.

"This competition marks the beginning of our gallery's third year with a continued commitment to excellence," said Gallery Director Kaye Pilmore.

With 17 artists from throughout the state entered in this competition, the following were awarded:

- Best of Show — **Wanda Gringhuis Anderson** of Spring Lake for her lively watercolor abstract entitled "Spring Emerging" in tones of pink, lavender, and violet.
- Second place was awarded to **Carmen Bammert** of Flushing for "Cool Spring" a watercolor of white daffodils shaded in pale yellows and greens.
- Third place award winner, **Florence Horn** of Elsie, depicted the muted colors of fall in her watercolor "Bittersweet" of brightly lit bittersweet on a background blended in greens and browns.
- Honorable mentions went to **Paula Stuart**

Hankins of Owosso, also a watercolorist, for her "Waterlilies" broken into window panes of image;

Margaret Horn of St. Johns, with "Heading for Shade," the only oil entry to receive an award, of summer poppies in a loose flowing composition reflecting all of the appeal of these favored flowers; and **Grace Hungerford** of Flushing, whose watercolor reflected simplicity and strength in a single maple leaf in tones of brown and gray.

These and all other entries in this art competition will be on exhibit at the gallery throughout the month of July. The gallery, on US-27 and North Clinton Avenue in St. Johns, is open daily from 1-5 p.m.

Pre-school enrolls students

The Little Lambs Pre-School Center is now accepting enrollment for the school year 1987-88. The center is sponsored by the Seventh-day Adventist Church, located at 1400 S. Oakland St., St. Johns.

The Center will remain inter-denominational in policy and no church doctrine will be taught.

Storytime may include stories of Bible characters for the purpose of promoting character building values of love, honesty, unselfishness and obedience. Each child will be encouraged to grow and develop at his or her own rate. Among the various activities planned will be creative art and field trips in the community.

GROWING — The St. Johns Lutheran Church is the site of "Growing God's Way," a vacation Bible school. In this scene from last year's program are Michael Oberlin, Emily Babbitt and Brent and Kristie Denavich.

Kids 'Growing God's Way'

St. Johns Lutheran Church is the site of "Growing God's Way" Vacation Bible School, being held July 20-24 from 9 a.m. to 11:45 a.m. Classes are offered for all ages from nursery school (ages 2-3) through grade eight.

Bible-based lessons will be taught using a variety of teaching methods. VBS also includes a song time, Bible study, visual demonstrations, classroom interaction, and craft making all geared to the theme of "Growing God's Way" in the fruits of the spirit, which are love, peace, joy, patience, and kindness.

Adult leaders will be dressed up as farmers, a scarecrow, and an earthworm in skits during the school.

For more information, call the church office at 224-6796.

Two named to Davenport honors list

Cheryl Egres, a 1986 graduate of St. Johns High School, and Patricia Seavey, 1976 graduate of Fowler High School, were both named to the spring term honors list at Davenport College. Egres is the daughter of Al and Carol Egres.

Students are eligible for the honors list when they have earned a minimum of 13.5 credit hours and achieved a 3.5 grade point average or better for the term.

Family focus

Hair dryers

By Dawn Harris

Did you know a hand-held dryer is still electrically "live," even when the switch is in the "off" position? That's true, and, according to the Consumer Product Safety Commission, more than 200 people have been killed or injured in accidents that occurred when a hand-held dryer was accidentally dropped into a tub or sink of water.

In most cases, the hair dryer's switch was in the "off" position. Sadly, most of the victims in the accidents died, and most were children under 10.

Beginning Oct. 1, 1987, all hand-held dryers listed by Underwriters Laboratories must be safe if dropped into water with the switch in the "off" position.

Anticipating that decision, appliance companies are already introducing hair dryers meeting that standard. For those in the market for a new hair dryer, look for this new safety feature.

Dawn Harris is the home economist for the Clinton County Cooperative Extension Service.

Nows the time for...

Blueberries!

By RICH WERTZ
Editor

Plunk. Plunk.
That is the sound of two blueberries dropping into a pail.

A short time later (a berry short time later), the berries drop silently into the pail. The berries roll off the bush, into the pail, destined for pies, muffins, pancakes and breakfast cereal.

Each year Americans eat 150 million pounds of blueberries, according to the Michigan Blueberry Growers Association. Some of those blueberries we gobble so readily are grown on the Oak Ridge Blueberry Farm on Meridian Road, north of Elsie.

The farm is owned by Dick and Louise Rees, who offer seven different varieties of blueberries to those who come to the farm to pick their own. Early Blues, the first to ripen, are followed in succession by the other varieties, making for a season that usually lasts from mid-July until the first frost of autumn.

This year the Early Blues came early. Lots of hot sunny weather made the berries ripen early; the season is right now at its peak. Should you hasten to the nearest blueberry patch, you would find no shortage of blueberries.

STATELY, PLUMP blueberries emerge from the Oak Ridge patch, carried by Lance Wier of Shepardsville. He and his family have picked 30 pounds of the berries.

"Last year we were up here," he says, when asked if he's a regular blueberry picker. "We've been coming up here off and on for quite a few years."

What will they do with all those berries?
"These'll probably all get eaten," he says. Last year, he explains, the family canned and made jam from the berries. This year they will be eaten fresh.

Who picks blueberries? Everybody picks blueberries. Young people and old people. Families. On Sundays, people come to pick blueberries in their church clothes. "It's clean and dry," says Dick Rees. "It's like walking in your lawn. We keep grass between the rows."

"People come because it's quiet," says Louise. "And the berries are good."

PEOPLE FROM all over the world have come to the Oak Ridge Blueberry Farm to pick blueberries. The

farm's guest book includes signatures from Japan and Louise remembers visitors from England.

Some people plan their vacations so they can stop at the farm during the season. Louise believes Oak Ridge blueberries have gone to 49 of the 50 states in the union.

"Wyoming, I don't recall ever having....," she says.

People were picking blueberries on the land even before there was a blueberry farm there. In the decade after the turn of the century, Louise's mother lived near what is now the Oak Ridge Blueberry Farm. People came from miles around to camp and pick the blueberries growing wild on the land.

Louise's father, knew a good thing when he saw it. Upon his retirement in 1944 he started the Oak Ridge Blueberry farm.

"That's what makes our blueberries good," says Louise. "This ground is naturally suited to them."

To this day the Reeses keep a row of wild blueberries under cultivation.

OAK RIDGE BLUEBERRIES sell for 75 cents per pound when you pick them yourself. The farm will pick berries to order for \$1.10 per pound.

"That," says Louise, "is to encourage people to pick their own."

What to do with blueberries? Most people find they know instinctively what to do with them. Here are some recipe ideas from Louise Rees. She says the muffin recipe is especially good.

BLUEBERRY MUFFINS

- 1 1/2 cups flour
- 1/2 cups sugar
- 3 tsp. baking powder
- 1/2 tsp. salt
- 1/4 cup soft shortening
- 1 egg
- 1/2 cup milk
- 1 cup frozen or fresh blueberries

Mix together flour, sugar, baking powder and salt. Add egg and milk. Blend. Add blueberries and mix.

Place in greased muffin pan. Bake at 400 degrees for 20 minutes.

Makes 12 muffins.

BLUEBERRY PICKING — Louise Rees, owner of the Oak Ridge Blueberry Farm, demonstrates her picking technique. "People like it because it's quiet," she says. "And the berries are good."

Take your pick

Here's a list of pick-your-own farms and farm markets in the area:

• **OAK RIDGE BLUEBERRIES** — From US-27, take M-37 10 miles east to Meridian Road, then north three miles. Open daily 8 a.m.-6 p.m.; Sunday 12:30 p.m.-5:30 p.m. After Labor Day open 1:30 a.m.-5:30 p.m. Call 862-5039.

• **Beck's Cider Mill** — Seven miles north of St. Johns on US-27, then one-fourth of a mile east on Maple Rapids Road.

You-pick and picked apples. Also: cider, donuts, pies and caramel apples. Open mid-August to January, seven days. Call 224-4309.

• **LIVINGSTON FARMS** — Two and three-fourths miles north of St. Johns on US-27, west one-fourth mile on Livingston Road. Maple Syrup, peppermint and spearmint oil. Open year round. Call 224-3616 or 224-6685.

• **MCQUEEN'S EASY PICKIN'** — North of St. Johns on US-27, then east to 1802 W. Maple Rapids Road. Blueberries, asparagus and Christmas trees. Picked berries available by order. Open daily 9 a.m.-7 p.m. Call 224-4723 or 224-4929.

• **Uncle John's Cider Mill** — Seven and a half miles north of St. Johns on US-27. Cider, donuts, caramel apples, gift shop. You-pick sweet and tart cherries in July. You-pick apples, August-October. Farm bakery. Call 224-3686.

• **B.J.'S EVERLASTING BOUQUETS** — Wright Road to Clark road, east one mile to Bauer Road, south one-half mile to farm. Flowers and dried herbs: Baby's Breath, German Statice, Globe Amaranths and others. Herbs by bunches or plants. Can purchase year round. You-pick, August-October only. Flexible hours by appointment, closed Sunday. Call 626-6624.

• **ST. JOHNS FARMERS MARKET** — Next to the Clinton County Courthouse in downtown St. Johns, Saturday mornings during summer, 8 a.m.-noon. Call Chamber of Commerce at 224-7248 Monday-Thursday.

30 POUNDS — Lance Wier of Shepardsville displays the 30 pounds of blueberries bound for his home.

College news

County students graduate from Ferris

A number of Clinton County students were among the 1,480 graduates earning degrees at Ferris State College at the conclusion of the 1987 spring quarter. Following is a list of graduates.

John Barnard, 5028 E. Clark Rd., Bath, AAS in technical drafting and tool design; **Timothy Ackely**, 10403 Francis Rd., DeWitt, AAS in technical drafting and tool design; **Karen Ann Angwin**, 304 Creeping

Brook Circle, DeWitt, BS in pharmacy; **John Schneider**, 5770 W. Cutler, DeWitt, AAS in architectural tech.; **Lisa Ann Clark**, 5663 Ridge Rd., Elsie, BS in nuclear medical technology (highest distinction); **Terry Pung**, 4557 N. Wacousta Rd., Fowler, AAS in automotive service;

Bobbi Bolyard, 5557 E. Centerline, St. Johns, AAS in architectural tech.; **Rick LaBar**, 1298 E. Maple Rapids Rd., St. Johns, AAS in architectural tech. (distinction); **Ricky Porubsky**, 2804 Kinley Rd., St. Johns, AAS in electrical power tech.; **Eric St. Pierre**, 5315 Wildcat Rd., St. Johns, AAS in AV production; **Paul Surdenik**, 1644 E. Taft Rd., St. Johns, AAS in architectural tech. (distinction); **Douglas Spitzley**, 511 Westphalia St., Westphalia, BS in accountancy.

Ron Simon

Ron Simon was awarded a certificate of achievement at the 11th annual commencement banquet of the Robert Perry School of Banking at Central Michigan University.

The school, sponsored by the Michigan Bankers Assoc., and the CMU School of Business Administration, was established in 1976 to provide bankers with an opportunity to develop skills in general management and banking. A total of 64 students attended the school during the past year.

Instruction takes place in two, two-week summer sessions along with home study and projects.

ORDER OF PUBLICATION
 On the 10th day of July, 1987, an action was filed by KEITH G. KIENITZ and NANCY J. KIENITZ, Plaintiffs, against J. HOWARD CASTER and N. KAY CASTER, Defendants, for the purpose of quieting title on property owned by Plaintiffs, located in the Township of Victor, County of Clinton, State of Michigan, legally described as:
 Lots 196, 209 and 210, Plat of Royal Shores, according to the Plat thereof in Liber 3, Pages 41, 42 and 43, Clinton County Records.
 IT IS HEREBY ORDERED that Defendants J. Howard Caster and N. Kay Caster, their heirs or assigns, shall answer or take such other action as may be permitted by law on or before the 10th day of September, 1987. Failure to comply with this Order will result in a Judgment by default against such Defendants for the relief demanded in the Complaint filed in this Court.

MORTGAGE SALE

Default having been made in the terms and conditions of a certain real estate mortgage, whereby the power of sale contained therein became operative, made by Stephan D. Kott, a single man, mortgagor, to the UNION SAVINGS AND LOAN ASSOCIATION, a Michigan corporation, of Lansing, Michigan, now known as UNION FEDERAL SAVINGS, a Federal Savings and Loan Association of Lansing, Michigan, mortgagee, dated October 18, 1977, and recorded in the Office of the Register of Deeds for Clinton County, Michigan, on October 19, 1977, in Liber 294 of Records, page 833; upon which mortgage there is now claimed to be due and payable for principal and interest the sum of Twenty Four Thousand Two Hundred Two and 80/100 Dollars (\$24,202.80) Dollars, and no suit or proceeding at law having been instituted to recover said debt or any part thereof, said mortgagee, by resolution duly adopted by its Board of Directors, having declared the whole sum unpaid on said mortgage debt to be now due and payable by reason of the nonpayment of certain installments of principal and interest as provided for by said mortgage, notice is hereby given that on Thursday August 27, 1987, at ten o'clock in the forenoon of said day, at the North entrance to the Court House Building in the City of St. Johns, Clinton County, Michigan, (that being the place where the Clinton County Circuit Court is held), the mortgagee will by virtue of the power of sale in said mortgage and in pursuance of the statute, sell at public auction the lands therein described or so much as shall be necessary to satisfy the amounts due thereon at the time of sale, together with all legal costs, interest at nine and one quarter (9 1/4%) per cent per annum from date thereof, and an attorney fee as provided by statute, as therein described, a parcel described as:
 Lot 70, except the East 55 feet thereof, and Lot 71, except the East 55 feet thereof, Supervisor's Plat of Valley Farms No. 2, DeWitt Township, Clinton County, Michigan.
 The length of the period of redemption on foreclosure of the within mortgage shall be six months from the time of such sale.

POWER PLANT — Tri-Ami Bowl owner Tony Sinicropi points out mufflers on top of the building housing his two diesel engines. Standing 15 feet from the building you can easily hear a conversational voice over the sound of the power plant.

Photograph by Rich Wertz

Two teachers selected for Asian study

Gerry Congleton from Rodney B. Wilson Junior High in St. Johns and Lawrence Arbanas from DeWitt Middle School were among 50 teachers and administrators from across the country selected to participate in the Michigan Summer Institute for Teachers in Asian Studies at the University of Michigan. The institute was held on June 27 through July 3. Participants attended lectures and discussions led by the U of M faculty on the history, culture, and current status of India, Southeast Asia, China and

Japan. Workshops included presentations on teaching materials and methods with the program also featuring films, performing arts, museum tours and meals with authentic Asian cuisines. The program, sponsored

Paul Burns completes residency

Dr. Paul Burns of St. Johns has completed the residency program in the field of family practice at Saginaw Cooperative Hospitals, Inc., Saginaw. The specialty of family practice requires three additional years training

by the U of M's centers for Chinese, Japanese and South and Southeast Asian studies and partially funded by a grant from the Rockefeller Foundation, provides lodging, meals, and instruction for the teachers chosen as fellows.

after the physician earns his medical degree.

Dr. Burns was 1 of 17 physicians receiving certificates of completion.

Saginaw Cooperative Hospitals is a medical education corporation.

Tri-Ami owner switches to homemade electricity

(Continued from page 1A)

"I want you to put that down," says Sinicropi. "Nowhere did Consumers Power harass me or treat me unfairly. They were unhappy to lose a customer but they treated me fairly."

SINICROPI hired Security and Energy Conservation Systems, a company based in Williamston, to install the power plant. Along with the two diesel engines, the system includes a 3,000 gallon fuel tank. The tank is above ground and cased in a concrete containment vessel to stop any leakage from polluting the ground.

The diesels are enclosed in a metal shed, crowned by two metal mufflers. Sinicropi makes a point of demonstrating how little noise escapes: he stands 15 feet away from the building and talks at a conversational level. There is

no trouble hearing him over the soft hum of the machinery.

The diesel engines do not run at the same time. While one engine is running, the other is on standby and will start automatically should the first engine stop. The second engine will also start automatically if the demand for electricity exceeds the capacity of one engine.

That, however, is unlikely. At 6 o'clock on a weekday evening last week — admittedly a slow time of day for business — the bowling alley was using only one-third of the capacity of one diesel engine.

The system also includes a heat exchanger. Water used to cool the diesels can be cooled in a radiator-fan type of device, similar to that on an automobile. Or the heat exchange can be bypassed and — "We now heat our building with

diesel-heated water," says Sinicropi, happily.

OTHERS could follow his example, suggests the bowling alley owner. Small businesses have seen their profit margins eroded by taxes and escalating insurance costs, he continues.

"Consequently," he says, "the bottom line is overhead. You must trim your overhead if you want to stay in business."

He mentions grocery stores, tool and die shops, bowling allies like his own. "It would be ideal for Rivendell," he says, referring to a youth hospital slated for construction in St. Johns.

Ten years ago, Sinicropi says, he was the first bowling alley operator in the state to install laminated lanes. Now everybody has them.

"But I got'em cheaper," says Tony Sinicropi.

THIS'LL HELP YOU KEEP YOUR COOL THIS SUMMER.

This brochure tells you how a heat pump can save you cash—year-round.

A heat pump keeps you cool through a high-tech adaptation of an old reliable appliance—your refrigerator. A refrigerator cools by moving heat from inside the refrigerator to the outside. The more heat moved outside the refrigerator, the colder it gets inside. In the summer, the heat pump works the same way.

By removing heat and humidity from your home, the heat pump provides energy-efficient central air conditioning. And because it provides cool, clean air free of dust and pollen, a heat pump can make a healthy difference in your home.

HEAT PUMP

HEATS & COOLS

How a heat pump saves you cash in winter.

In the winter, it reverses itself to gather heat from the outside air or ground water and moves it inside to comfortably heat your home.

By moving heat, instead of making heat as conventional furnaces do, the heat pump can reach efficiencies in excess of 180%. Energy savings can range from 15% to 40% of your present oil or propane heating costs.

Estimates based on a typical family home at energy prices effective March, 1987.

Get the Heat Pump brochure. It's available from Consumers Power Company or any of these local heat pump dealers:

NOTICE OF MORTGAGE SALE

Default having been made in the terms and conditions of a certain mortgage made by Edward D. Stackable and Anne V. Stackable of P.O. Box 195, Haslett, Michigan 48840, Mortgagees, on certain property located at 9039 Coleman Rd., Haslett, Michigan 48840, to First Federal Savings of Owosso, a Division of First Federal Savings and Loan Association of Detroit, now First Federal of Michigan, 1001 Woodward Avenue, Detroit, Michigan Mortgagee, dated May 16, 1978, and recorded in the Office of the Register of Deeds for the County of Clinton and State of Michigan on the 19th day of May, 1978, in Liber 298 of Mortgages on Pages 672-675; on which Mortgage there is claimed to be due and unpaid at the date of this Notice for principal and interest, the sum of Twenty Four Thousand Six Hundred Twelve and 47/100 Dollars (\$24,612.47) on principal, plus Delinquent Taxes in the amount of Twelve Thousand Six Hundred Forty Five 14/100 Dollars (\$12,645.14), and Nine Hundred Fifty Two and 80/100 Dollars (\$952.80) in interest to July 7, 1987.

And no suit or proceeding at law, or in equity, having been instituted to recover the debt secured by said Mortgage or any part thereof. Now, therefore, by the virtue of the power of sale contained in said Mortgage, and pursuant to the statute of the State of Michigan in such case made and provided.

NOTICE IS HEREBY GIVEN THAT on Friday, August 14, 1987, at 10:00 a.m. in the forenoon of said day, said Mortgage will be foreclosed by a sale at public auction to the highest bidder at the front Entrance of the Courthouse in the City of St. Johns, Clinton County, Michigan, that being the building where the Circuit Court for the County of Clinton is held, of the premises described in said Mortgage, or so much thereof as may be necessary to pay the amount due as aforesaid on said Mortgage, together with all costs, charges and expenses, including attorney fees allowed by law, and also any sums which may be paid by the undersigned necessary to protect its interest in the premises, which said premises are described as follows, to wit:

Commencing in the Section line at a point 198.05 feet North 88 degrees 41 minutes East of the Southwest corner of Section 36, Town 5 North, Range 1 West, Bath Township, Clinton County, Michigan, thence North 1259.13 feet to the Southwest corner of Outlot "A" of Warren Knolls Subdivision, thence East 264.0 feet to the Southeast corner of Lot 4, thence South 78.0 feet to the Southwest corner of Lot 5, thence East 99.0 feet to the Southeast Corner of Lot 5 of Warren Knolls Subdivision, thence South 1172.68 feet to the South Line of said Section 36, thence South 88 degrees 41 minutes West 363.09 feet to the point of beginning.

Also Outlot "A" of Warren Knolls Subdivision, a part of the West 1/2 of the Southwest 1/4 of Section 36, Town 5 North, Range 1 West, Bath Township, Clinton County, Michigan, as recorded in Liber 3 of Plats, Page 1, Clinton County Records.

The period of redemption is six (6) months from the date of sale.

Dated: June 30, 1987.

Bingham Township

Sewer Connection Fee Ordinance

An Ordinance to regulate the use of the sewer system in the Township of Bingham, adopted on July 6, 1987.

THE TOWNSHIP OF BINGHAM ORDAINS: ORDINANCE NO. 21.

Section 21.011 Definitions - The following words used in this Ordinance shall have the following meaning:

- 1) **Additional User Charge** - The charge determined as set forth in Section 21.012.
- 2) **Additional User Fund** - The fund established pursuant to Section 25.013.
- 3) **District** - The Special Assessment District known as the "Bingham Township Sewer Project No. 1 Special Assessment District."
- 4) **RE** - Residential Equivalent.
- 5) **System** - The sanitary sewer system consisting of the mains and transmission facilities established by the Township within the District.
- 6) **Township** - The Township of Bingham, Clinton County, Michigan.

Section 21.012 Changes in the Use of the System; Additional Users - Premises located within the District were specially assessed for a portion of the cost of installing the System. These premises were assessed based on a determination of the REs being used by the premises at the time the Special Assessment Roll was prepared. If additional premises are connected to the System, or if the use of the System by any premises within the District changes such that the premises have a greater use of the System, then the Township Supervisor shall re-examine the additional use of the System and charge the owners of such premises an Additional User Charge. The Additional User Charge shall be determined by the following formula:

Additional User Charge equals ((A-B) x 4.000) x 1.073 x C Where:

- A equals RE status of the premises, at the time the premises are reexamined by the Township Supervisor.
- B equals Number of REs previously assessed to the premises.
- C equals Number of 12-month periods elapsed since July 1, 1987.

The Additional User Charge shall be billed and collected in the same manner as the periodic service fee for users of the System.

Section 21.013 Additional User Fund - All of the Additional User Charges shall be placed in a separate fund maintained by the Township, known as the Additional User Fund. The Township Treasurer is authorized to invest the Additional User Fund in any investment-permitted by law.

After the Additional User Fund, including any accrued interest thereon reaches \$150,000, all moneys in the Additional User Fund shall be transferred to another fund maintained by the Township and shall be used to defer the cost of the System, or any other Township sewer project. Following the transfer of such moneys from the Additional User Fund, any additional funds placed in the Additional User Fund prior to July 1, 1987 shall be distributed, on December 1 of each year, to the owners of the premises in the District, subject to the following conditions:

1. The fund shall be distributed on a pro rata basis, based on the number of REs for which such premises were assessed when the special assessment roll for the District was confirmed June 19, 1987.
2. Funds shall be distributed only in integral multiples of \$100.
3. The aggregate of all funds distributed shall not exceed \$2,000 per RE.
4. No refund shall be given after July 1, 1997. Any funds remaining or thereafter placed in the Additional User Fund after July 1, 1997 shall be used as the Township Board determines.

Section 21.014 Effective Date - This Ordinance shall take effect immediately, as provided by statute.

The above Ordinance was moved by BARNHART and supported by PURTILL.

Chevy's Summer Forecast: Heavy Finance Savings Through August 6.

Up to 3.9% APR or \$1000 Cash Back.*

Corsica \$500 Cash Back.

S-10 Blazer/Pickup \$1000 Cash Back.†

All spring, forecasters have been calling for a very long, very hot summer. But they didn't foresee anything like this.

Chevy's new "Summer Rates" program. A whopper of a plan. Your choice of 3.9% APR financing or up to \$1000 cash back, depending on the model you choose, good from now until August 6.

The bottom line is that right now is a timely time to pick out a selected model—from the new '88 Corsicas to S-10 Blazers and Pickups. Which means, if you're looking for a new car or truck, this summer is a good time to come into Chevrolet for some sizzling summer finance savings.

What's HIFCM and CACC?

Findlay Manor news

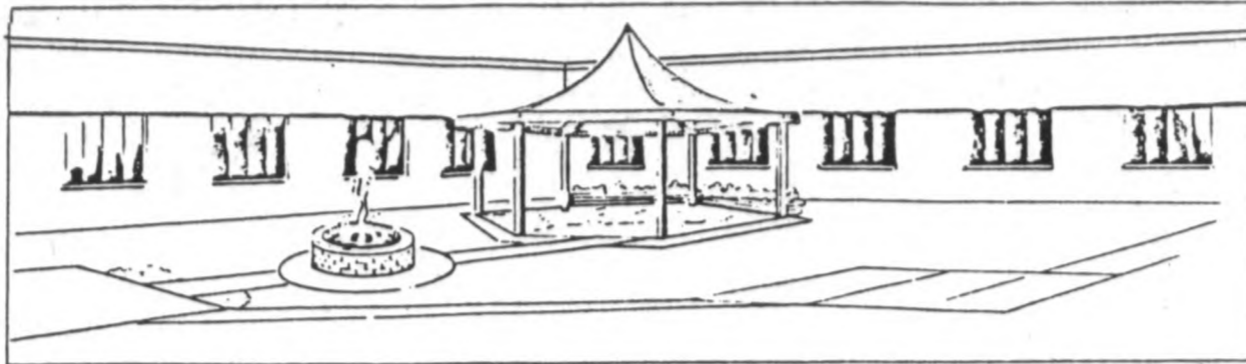

By
MARK STAPELMAN

One of the difficulties of receiving awards and recognition, and especially of having fund drives, stems from an identity crisis. "The Manor" has been a reality since June, 1982, but there are still "old-timers and newcomers" who don't recognize the CACC and HIFCM abbreviations as yet.

Legally, Clinton Area Care Center is incorporated as a non-profit corporation. Its bylaws proclaim its purpose "to provide...nursing care for the citizens of the Clinton County area; and further to provide for the health care needs...in the Clinton County area." It is a non-stock corporation owned in fact, by all those who have contributed throughout the years. There is a self-perpetrating Board of Trustees of 75, elected from the county area who, in turn, select a Board of Directors of 10, to operate and generate policy and planning for the corporation.

The Board of Directors hired a licensed nursing home administrator to operate the nursing home and keep the directors and trustees abreast of internal and external developments affecting the agency and the industry and thus, long term planning of the corporation.

Currently, corporate plans call for continuing the lease of the Eureka property to CEI Community Mental

THE COURTYARD project proposed for Findlay Manor includes a shelter to protect the user from the hot summer sun and small colored fountain for sound and sight enhancement.

Health Board, as well as development and maintenance of the nursing capabilities of the manor. Included in the latter plans is the 65-bed addition recently approved by the Department of Public Health, but delayed by a Clinton Memorial Hospital appeal.

Also in current plans is the development of the courtyard at the manor to be a beautiful and functional place to spend one's time and have activities, individually or in small groups. Now a very sunny, grass area, the proposed development includes a roofed shelter to protect the users from the hot summer sun, additional walkways, flowers in boxes allowing residents in chairs to attend them, and on the ground for the esthetic value, and a small colorful fountain for day and night sight and sound enhancement.

The intent when opened was to provide service paid for by the user and not to inject "outside" funding for operations. In reality, a 75 percent Medicaid population that is state funded at 80 percent of cost, makes it impossible to provide for capital improvements, replacement of equipment, and expansion from internal revenue.

You may have been approached already. If not, please consider the needs of the elderly to combat "cabin fever" and enjoy the outdoors in a beautiful, secure, and sheltered environment. We welcome your tax deductible donation to this:

Mental Health Board awarded certification

The Clinton-Eaton-Ingham Community Mental Health Board has been awarded a full three-year certificate of accreditation by the Joint Commission on Accreditation of Hospitals (JCAH). JCAH accreditation is evidence of a health care organization's compliance with a variety of standards relating to quality client care.

The accreditation includes two of three programs in St. Johns: the Clinton County Counseling Center and the Clinton County Substance Abuse Center, both located at 300 E. Sturgis St., St. Johns.

"Achieving accreditation is a major step in the progress of our organization in improving the quali-

ty of services," said William Allen, the Community Mental Health Board's Executive Director. "It underscores the board's emphasis on providing high quality mental health services to our community. Our continuing objective is to maintain a high quality of care that is accessible to those needing our services and that reflects the best possible use of public funds."

The board is the area's largest provider of publicly funded mental health services, with program sites at a variety of locations

The board also provides specialized services for older adults, the hearing impaired, autistic persons, and other individuals with specialized needs.

Low income energy plan now available

Capital Area Community Services, Inc. announces a new energy savings program now available for low-income persons.

The new program called the "Oil Overcharge Special Project" is designed especially to assist the low-income home owner.

Under the OOSP a people can receive much more assistance than they would normally receive under the regular low-income weatherization program. CACS has operated the regular low-income weatherization program for 11 years.

Work such as repairing/replacing an unsound roof, repairing wiring, and repairing/replacing a furnace, can now be done. A person qualifying for the special project will also be eligible to receive the regular weatherization measures such as attic insulation, floor insulation, and installation of storm windows. A qualified inspector will determine what is actually needed on each home.

Funding for the special project is provided by a grant received from the Michigan Department of Labor/Bureau of Community Services. There is currently enough funding available to help about 48 to 60 low-income home owners in Ingham, Eaton, Clinton, and Shiawassee counties.

Some of the requirements that must be met to qualify for OOSP include:

1. You must be able to show proof of home ownership.
2. Your income must be below the 125 percent of the Federal Poverty Guidelines.

3. Your annual fuel consumption must exceed \$650.

4. You must not be receiving, or have received during the last three months, any ADC/GA assistance.

5. You must not have had your home previously weatherized by Capital Area Community Services.

Fifty percent (50 percent) of all homes done under the special project must be occupied by elderly persons (over the age of 60).

Anyone desiring further information on the Oil Overcharge Special Project should contact the weatherization program of CACS by calling (517) 372-3047. If you think you qualify for the new special project, you may also go directly to your local outreach office. Your closest outreach office is Clinton County Action Center, 911 E. State St., Suite G., St. Johns, phone 224-6702; or Clinton County Senior Citizens, 911 E. State St., St. Johns, phone 224-7998.

Even if you don't qualify for the special project, you may still be eligible to participate in the regular low-income weatherization program.

PERFECT WEATHER conditions prevailed at the Perrinton Centennial 10K run last Saturday, held in connection with the village's 100th birthday celebration. Setting the best time was Matt Chovanec (left) of St. Louis who

turned in the best overall male performance with a time of 37:06. The best overall female time was set by Beth Ragla (right), a Perrinton native who now lives in East Lansing. She completed the 10K course in 48:03.8.

Palominoes finish regular season with East Lansing split

The St. Johns/DeWitt palomino baseball team ended regular season play last week with a doubleheader split versus a strong East Lansing American Legion team, winning the opener 6-3 and dropping the nightcap 11-4. The team, sponsored by Melville Emblem of DeWitt, sports a record of 9-5 at the conclusion of the regular season.

Pewamo-Westphalia's Stan Bauer earned the opening game win, pitching 6 complete innings, while St. Johns' Dwight Pierson picked up a save finishing the game in relief in the seventh inning.

The team totaled 9 hits in the contest with Scott Heibek from St. Johns going 2-3, as did two DeWitt players Mark Kamppinen and Dale Hawkins. Both Kamppinen and Hawkins were credited with 2 RBIs apiece also.

The Melville Emblem team tallied 4 runs in the top of the third inning off a double by Kamppinen that scored Steve Dunkel and Matt Wilcox, and single by Hawkins that plated two more runs.

East Lansing made the score 4-1 with one run scored in the bottom of the third, but St. Johns/DeWitt plated 2 more runs in the fifth to up the ante to 6-1. An RBI double by St. Johns' Dan Dorn scored Bauer and a sacrifice fly by Dunkel brought Dorn home in that inning.

Final runs by East Lansing were scored in the bottom of the seventh on a walk, triple, and infield out.

Four different pitchers saw action for the Melville team in the second game.

"Basically, we were trying to give all our pitchers some throwing time in preparation for the Palomino State Tournament," Coach Doug Parker said. "All 16 of our players saw action in the games also."

Pierson was the starting pitcher, going 3 innings and giving up 5 runs off 3 hits with 2 walks and 2 strikeouts. DeWitt's Aaron Robinson pitched 2/3 of the fourth inning, allowing 5 runs off 1 hit with 4 walks, before being relieved by St. Johns' Andy Ball who finished the inning and pitched the next two. He gave up 1 run off 1 hit. Wilcox wrapped things up in the seventh inning allowing no runs and no hits while striking out 2 batters.

East Lansing scored 1 run in the first inning, 2 in the second and 2 in the third innings to take a 5-0 lead. Melville got on the scoreboard in the bottom of the third when three batters walked and one run scored off a sacrifice fly by Tim Cleaver, and a second run scored off a wild pitch.

Five runs plated by East Lansing in the fourth put the score at 10-2. St. Johns/DeWitt added their final two runs in the bottom of the inning on a sacrifice fly by Dorn, an RBI single by Kamppinen and double by DeWitt's Mark Rosendale. East Lansing scored the final run of the contest in the sixth inning.

The team will participate in the State Palomino tournament this week in Waterford. The double elimination tournament will involve at least eight teams, and possibly 12 teams, Parker said. Information on exact playing dates and times was not available as of press time.

Area tracksters run well at annual Grand Ledge meet

Local tracksters fared well at the 13th annual Grand Ledge Summer Recreation Track Championships, held on July 11 under hot, humid conditions. A total of 80 participants ran in the meet, organized by Fowler High School girl's track coach Kim Spalsbury.

Place finishers from St. Johns, Fowler, DeWitt included:

Long Jump —Female grades 7-9: Sara Terrell, second, 12'10 1/2"; Trina Rowell, third, 11'7 1/2".

Shot put —Female grades 10-12: Lori Montry, second, 20'3".

Three-mile run —Female grades 10-12: Lori Montry, first, 23:49.9; Male adult: Steve Bierstetel, second, 15:49.5.

100 dash —Female grades 7-9: LuAnn Schmitt, second, 12.9; Sara Terrell, third, 13.6.

200 relay —Female grades 7-9: Trina Rowell, LuAnn Schmitt, Sara Terrell, Heather Armbrustmacher, first, 2:15.4.

Mile run —Male adult: Steve Bierstetel, first, 4:38.3. Male grades 10-12: Jim DeBrabander, first, 4:58.7; Ross Feldpausch, second, 5:25.0; Tim Becker, third, 5:33.5.

220 dash —Female grades 10-12: Lori Montry, third, 35.4. Female grades 7-9: LuAnn Schmitt, 32.6.

800 run —Female grades 7-9: Sara Terrell, first, 3:22.8. Male grades 10-12: Jim DeBrabander, first, 2:17.0; Tim Becker, second, 2:23.1; Ross Feldpausch, third, 2:23.8.

75 yd. dash —Female grades 7-9: Trina Rowell, second, 10.7; Heather Armbrustmacher, third, 11.2.

Mile relay —Male adult: Bill McCarthy, Al Zaeske, Denny Myers, Kim Spalsbury, first, 4:04.5 (new meet

record); Neil Hufnagel, Steve Hough, Dave Peake, Jack Rarick, second, 4:21.3.

Following are track results from July 8 in the Grand Ledge Summer Recreation Track Program for area runners.

Long jump —Female grades 10-12: Sherine Rowell, second, 14'3 1/2". Female grades 7-9: Sara Terrell, first, 12'1 1/4"; Trina Rowell, second, 10'6 1/4". Male grades 10-12: Greg St. John, second, 17'10 3/4"; Tim Pung, fourth, 17'1 3/4". Male grades 6 and under: Chad Rowell, fifth, 8'9 1/4".

High jump —Male grades 10-12: second, 5'4".

2-mile run —Male adult: Mike Pohl, fourth, 11:00.5; Bill McCarthy, fifth, 11:17.8. Male grades 10-12: Greg St. John, first, 10:57.3 (season's best performance); Scott Terrell, second, 11:16. Male grades 7-9: Russell Fedewa, first, 13:00 (season's best performance).

100 yd. dash —Female grades 7-9: LuAnn Schmitt, first, 13.1; Sara Terrell, second, 13.6. Male grades 10-12: Dale Feldpausch, second, 10.3. Male grade 6 and under: Chad Rowell, fourth, 16.3.

Prediction mile —Male grades 10-12: Greg St. John, first, :05.9.

75 yd. dash —Female grades 7-9: Trina Rowell, first, 10.4. Male grade 6 and under: Chad Rowell, second, 12.2.

440 yd. relay —Female grades 7-9: Trina Rowell, Heather Armbrustmacher, Kristi Thelen, LuAnn Schmitt, first, 1:03.3 (season's best performance).

800 run —Female adult: Sandra Terrell, first, 2:30.4 (season's best performance). Female grades 10-12: Lori Montry, first, 2:56.6 (season's best performance). Female grades 7-9: Sara Terrell, first, 2:57.0 (season's

best performance); Trina Rowell, second, 3:21.4. Male grades 10-12: Scott Terrell, first, 2:10.0 (season's best performance); Tim Becker, second, 2:15.0; Greg St. John, third, 2:15.4; Karl Pung, fourth, 2:36.7; Dale Feldpausch, fifth, 2:38.4.

Clinton Arms is new gun and archery store in St. Johns

By RHONDA WESTFALL
Sports Editor

From shells and shot, to archery equipment, to books on proper reloading procedures — the Clinton Arms has it all and more.

Located in the Southpoint Mall in St. Johns, Clinton Arms is a new gun and archery business owned and operated by Bob Rathburn of Hubbardston.

"Guns and hunting equipment have always been a hobby of mine," Rathburn said, "so, I decided to go into the gun business."

Along with an assortment of hunting bows and arrows, the new store carries a full line of guns including rifles, shotguns, hand guns, and muzzle loaders.

Featured names are Remington, Ruger, Marlin, Mossberg, Thompson Center, Smith and Wesson, and Colt. The store also carries shells, shot, scopes, and reloading equipment.

Rathburn said the Clinton Arms will take trade-ins on guns and buy outright from customers. He is also looking into the possibility of getting into the mail order business which would include 24-hour delivery of ordered items.

"We're thinking of having mail orders set to go by the first of the year," he said.

Clinton Arms is located across from the Secretary of State office in the mall. It is open Monday through Thursday from 9 a.m. to 6 p.m., on Friday from 9 a.m. to 8 p.m., and from 10 a.m. to 5 p.m. on Saturday.

Games people play

Summer doldrums

By Rhonda Westfall

I wish I had a quarter for every time people ask me what sporting events there are to write about in the summer.

Even a dime would add up nicely.

Contrary to popular belief, sports do not come to an abrupt halt when high schools close their doors in June. Sure, the tempo slows down a bit — there are no bi-weekly basketball games or Friday night football games, no swim meets, no weekend volleyball tournaments.

But there are numerous sporting activities going on all week long.

Area youth baseball leagues play games each night, as do city recreation softball teams. That means weekly listings of scores and standings along with photographs from games.

Golf leagues, golf outings, and golf tournaments abound in summer months.

Running — 10K and 5K runs, 1-mile fun runs, and triathlons — enjoy increasing popularity. Almost every local festival now has some type of running event on their schedule.

A growing number of high school athletes play weekly baseball games on Babe Ruth, Colt and Palomino league teams which are usually made up of top baseball players from around the area. Weekend

tournaments and all-star tournaments add to their busy schedule with the Colt Zone tournament and a chance to go to the Colt World Series still ahead this summer.

Tracksters from St. Johns, DeWitt, Fowler and other areas run each week in the Grand Ledge Summer Track Program, coordinated by Fowler High School's girls track coach Kim Spalsbury. Each week, both adults and young people take to the track to keep their skills fine-tuned.

Another summer sport that keeps growing by leaps and bounds is auto racing. Crystal Raceway and Owosso Speedway feature a wide variety of weekend events for racing enthusiasts including late models, pro stocks, mini-modifieds and special nights of racing. Many local racers have been track winners already this summer.

All in all, there are plenty of sporting events going on each week to keep these sports pages filled.

Maybe the next time somebody asks, "What's going on in sports in the summer?" I'll give myself a quarter.

It won't be like winning the lotto — but it would be enough to play 18-holes — including cart rental and club house "refreshments" of course.

BOB RATHBURN is the owner/operator of the Clinton Arms, a new gun and archery business located in the Southpoint Mall in St. Johns. The Clinton Arms is well stocked with a wide range of guns, reloading equipment, archery supplies, and many other items for area hunters and sportsmen.

Photograph by Rhonda Westfall

Crystal Raceway is ready to host the S.T.A.R.S.

Double pro stock features, late models practicing the S.T.A.R.S. rules, IMCA modifieds — and Santa Claus. There was something for everyone at Crystal Raceway last Saturday night.

Jodi Hall and Mike Carroll were the big winners in B-features for current events with Hall a winner of the make-up B-feature along with Rusty Seaver. Troy VanderVeen had a big night with two A-feature wins. Heat winners were VanderVeen, Bill Trueblood, Seaver, Johnny DeYoung, Bruce Field, and Dave Mangus.

Trueblood had his best finish of the season, placing se-

cond in the make-up feature. The top ten included: Tom Beerthuis, Field, Charles Williams, Bill Simpson, Nate Britting, Clark Newell, Tom Eldridge, and Tim Hotchkiss.

Earning second through tenth places in the current A-feature were Delbert Brigner, Beerthuis, Joey Fowler, Eldridge, Roy Doolittle, Gary Erridge, Gene Carson, Seaver, and Jason Wilmore.

Late model racers had larger tires, less weight, and were allowed alcohol in their fuel in preparation for the big S.T.A.R.S. race next weekend at Crystal. Heat win-

ners were Kris Patterson and Bryan Hull.

Johnny Roberts took the checkered flag in the late model feature, thanks to a final 100-yard dash which put him ahead of Bob Flinn. Gene Playter finished third, Patterson was fourth, Mike Garvey placed fifth with the remainder of the top ten being Rick Stout, Alan Taft, Ken Love, Dennis Walker, and Hull.

Dave Mingus was the heat winner in the IMCA modifieds with Bill Whittington winning the feature. Scott Diehl placed second, followed by Rich Stout, Gary Hollis and Kurt Dennison.

The powerhouses of dirt track racing will compete with local drivers and other drivers from across the state next weekend in the Great Lakes North South Shootout on July 25-26. Races begin at 7:55 p.m. both nights with time trials at 6:30 p.m. Pro stocks will run on Saturday and IMCA modifieds on Sunday.

Coming up on August 1, Crystal Raceway will feature double late models at the regular price, plus pro stocks and IMCA modifieds. Ticket prices are \$7 for adults, \$2 for children aged 6-12, and children under 6 are admitted free.

Sandra Terrell is on the mark for trip to West Germany

Bon Voyage to Sandra Terrell. The St. Johns High School graduate leaves July 27 to compete in the International Rudoft Summer Race in Cologne, West Germany as part of the International Sports Exchange. The 1986 graduate gathered numerous awards and honors in both track and cross country during her years at SJHS. Terrell recently returned from Traverse City where she was one of just 14 runners in her age division in the state invited to run in the "Golden Mile" as part of the annual Cherry Festival. She was the only incoming college freshman to run in the college division. "She said it was really hard," St. Johns High School girls track coach Teri Brown said. "But I'm sure it was a very good experience for her." Coach Brown said that Terrell would like to thank all area businesses and individuals who helped to make her trip to West Germany possible. "She really appreciates all the community support," Brown said. Terrell will return from her European excursion on Aug. 5.

Sports notes

Youth soccer league

The Mid-Michigan Youth Soccer League has openings for fall 1987 leagues for boys under 10, 12, 14, and 15 age teams, and for girls under 10, 12, 14, and 19 age teams. The league is a youth travel soccer league with teams from Saginaw, Midland, Flint, Owosso, Fenton and Flushing. Deadline for team commitments is Aug. 3, with final fall registration set for Aug. 17. Interested persons should contact Hugh Parker (517) 723-7053.

Classic softball tourney

The 9th annual Dan McKenna Memorial men's 500 classic softball tournament is scheduled for Aug. 1-2 at the City of Wyoming fields. All slowpitch teams must be near 500 or below in league competition; tournament play does not count. ASA teams in Class C and below and USSSA teams Class D and below are eligible — no pick-up teams are allowed. An entry fee of \$10 per player will be assessed with all teams guaranteed at least three games. The field will be broken into two divisions: competitive Class C-D, and recreational Class E-F. Each team must submit a copy of their original league roster. For information contact Kevin McKenna, (616) 538-2056.

Biking for burns planned

The second annual Great Lakes Biking for Burns bikeathon is planned for Aug. 8 at the Michigan State University Clinical Center-Life Sciences Complex. Various courses from five to 50 miles are scheduled with prizes and refreshments offered. The event is sponsored by the Tri-County Bicycle Assoc., MSU, and Sparrow Hospital with funds going to help burn patients at the Sparrow Hospital Regional Burn Center. Pledge forms are available at Sparrow Hospital. Call 517-483-2600 for more information.

YMCA 5-mile fitness run

The Oak Park YMCA will host a 5-mile fitness run on Aug. 8 beginning at 8 a.m. Registration forms are available at all Lansing YMCAs.

CCCC Tuesday golf league

Following are the standings of the men's Tuesday 3 p.m. golf league at the Clinton County Country Club through July 14.

Team	Pts.
Perry Henning and Dean Mazzolini	66½
Scott Green and Barry Dean	65½
Gil Bovan and Frank Keelean	65
John Paradise and Bill Wiseman	62
Bart Kjolhede and Bob Barber	60
Gerry Sharick and Bob Foreback	55½
Mark Barber and Allan Harr	53
Moe Sharick and Dan Schueller	51
Todd Dietrich and Bob Moinet	50½
Don Mazzolini and Jim Nuser	45
Nick Hatta and Paul Schueller	43
Bill Roll and Jeff Paradise	42½

Entry forms ready for Mint Run

Plans are being finalized for the 1987 10K Mint Run and 2-Mile Fun Run, scheduled for Aug. 8 in connection with the St. Johns Mint Festival. Top male and female runners will receive a special glass-etched trophy this year, with the top three finishers in each category awarded medals.

The race, co-sponsored by Clinton Memorial Hospital and South Pointe Dental Associates, begins and ends at the hospital. The 2-Mile Fun Run/Walk also begins and ends at the hospital with all finishers receiving a certificate of completion. The 10K course record of 32:01 is held by Gary Wolfram of East Lansing, set in 1985. Chris Haskins of Mt. Pleasant is the female record holder with a time of 37:08.01 set last year.

The first 150 registrants for the 10K run will receive a silk-screened scrub-shirt. Entry forms are available at Clinton Memorial Hospital, South Pointe Dental Associates, and Sports Section in St. Johns. For more information, or to request an entry form, call 224-6881, ext. 323.

Why Drive Your Car To Fix Your Bike?
 Don's  Bike-A-Van provides service "while you watch" at your home, or will pickup and deliver. Personal service and 15 years experience. Used bikes also available. Call (517) 372-2122 7 Days

Outdoors Deer friends

By Dick Bradley

When the July heat is getting to you and you decide on an evening ride to try and cool off, keep your eyes open because the deer may be doing the same. If there is a place in the back of the corn field or the clover, where the breeze blows and the sun's rays are cut off, the whitetails could be enjoying their evening there.

Now, with their summer coats, they look like reddish-brown blotches. Some will be accompanied by little blotches (fawns) that are getting big enough to nose around curiously, but still not wander far from their mothers. And a pair of binoculars might reveal a buck down at the other end of the field. Sporting the beginnings of a rack in heavy velvet, these males are just starting to regain their lost confidence. Their aggressiveness, which has been on hold since February when their old antlers dropped off, is just beginning to return.

It is not too early to begin scouting for a place to hunt in the fall. The animals are emerging more and more from the dense cover where they were birthed and he bucks sulked, and the farmers are noticing the damage that a herd of animals can do. They (the farmers) might welcome the thought of you thinning the whitetails' numbers, especially if you politely seek permission. You can get an edge on other hunters by starting your scouting now, too.

Where do you look for deer and when do you look for them? Well, like I said, just before dark in the cooler areas of meadows and fields are good places. If those meadows and fields are close to some thick cover and a regular source of good water, the chances of finding deer are even greater. Add a woods with oak trees, a

stand of pines to protect against harsh weather and another stand of sumac, and the area is almost perfect.

After driving by a few likely places and either seeing deer or their tracks along the road, the next thing is, of course, to get on the right side of the property owner. I can't emphasize enough the idea of getting permission to go on the land. If it isn't a part of a state forest or clearly posted as public land, it belongs to someone.

It isn't hard to find out who that owner is and to offer him something in exchange for giving you hunting rights. You might offer a few dollars to lease the property or a part of any venison taken, as a suggestion.

With the beginnings of growth of the buck's racks come the beginnings of the restlessness that ends in the rut. A smart hunter will get out in the woods and learn as much as he can about the animals in an area he wants to hunt. Lots of tracks and lots of food in an area that has usually had lots of animals will probably indicate another season of approximately the same conditions. A more sparse amount of food coupled with evidence of a big, old buck may mean that other, younger males might leave the area as the rut approaches. Competition for does might prove difficult and without a good food supply, just not worth the younger guy's effort.

Deer, just like people, seem to live in family units. Big, strong bucks are dominant and may not tolerate competition. But most of the time nature determines the dispersal of bucks. What we need to do is study conditions, and by beginning now, we may gain an edge.

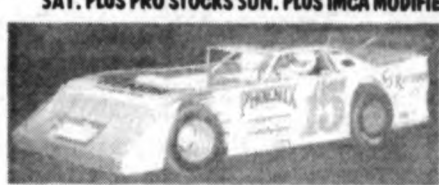

DNR turkey hunt

A turkey hunt will be permitted in Dickinson and Menominee counties of the Upper Peninsula this fall with an application deadline of Aug. 1, according to a release issued by the Department of Natural Resources (DNR).

Permits will be by draw for the special season, which will be divided into five hunting periods. The Natural Resources Commission (NRC) approved the hunt in response to an overpopulation of wild turkeys in the two areas.

The counties have been divided into two areas with a total of 625 licenses available in each area. Applications are available from DNR license agents. Cost of turkey licenses are \$12.85 for residents, \$4 for senior citizens and \$28.35 for nonresidents. This cost includes a \$3 nonrefundable application fee.

A computer drawing will be held in late August with successful applicants notified by Sept. 15. In addition to a wild turkey hunting license, hunters must have a 1987 small game stamp.

Clinton County News 224-2361

1987 Conservation Tour focuses on savings

There are many ways farmers can reduce costs, save soil and plan for the future all at the same time. They can all be viewed in a little over two hours during the 1987 Crops/Conservation Tour on July 29.

The tour begins at 1 p.m. at the Kowatch alfalfa field, 1 1/2 miles north of M-21 on Jones Rd., four miles west of Fowler.

In 1986, over 30 percent of the alfalfa raised in the county was destroyed by excessive moisture, an open winter and/or disease. Some county farm operators are having success with seeding at different times throughout the year. At the first stop Clinton County Agricultural Agent Marilyn Loudenslager will discuss alfalfa management as we look at a late spring seeded field. She will explain how to take advantage of the op-

portunities that remain for additional seeding this year and why quality is such an important factor for livestock management.

NEED TO STOP the erosion of land into ditches? Soil Conservation Agent Jim Squires will explain a relatively inexpensive method to control erosion: a rock chute. He will discuss how, when and why to use this soil-saver. He will also discuss how in-field erosion costs thousands of dollars annually as soil moves off fields. A waterway, along with a drop pipe fitted with an anti-swirl device, is one answer to this problem.

Cooperative Extension Director Giles Roehl will demonstrate scouting for first and second brood corn borers. He will explain the damage resulting from borers and how to determine if control is practical.

Roehl will also discuss bean leafhopper scouting and control.

Cost of home heating too high? Savings of 20 percent to 30 percent in heat bills are possible with a properly designed farmstead shelter belt (windbreak). Forester Roger Hoeksema will explain how to design a windbreak that works.

AT THE BLAUWIEKEL Farm, Squires will explain that a pit under a slatted floor is not the only answer to livestock waste storage. He will discuss how a properly fenced open pit that is relatively odor-free can be built for less cost than most other methods.

What is the value of woodlots? Hoeksema will show how to increase the value and give management prac-

tice tips that will help build the value of woodlots as a farm crop. He will explain how to maximize returns from farm woodlots.

DNR Wildlife Biologist Alan Stewart will explain how a farm pond can be used as a private park for fishing, swimming, entertaining and for wildlife. He will provide updates on a new breed of Chinese pheasants, wild turkeys and wild celery for duck projects.

The tour is sponsored cooperatively by the Clinton County Cooperative Extension Service, Soil Conservation District, Soil Conservation Service and the Department of Natural Resources.

Roehl lines Research farm

By Giles Roehl

The longer I live in Clinton County the more I am impressed with its diversity. Last week as part of the MSU Annual Weed Day I had an opportunity to visit the MSU Muck Research Farm in Bath Township.

Research in weed control in vegetables, such as onions, cabbage, cauliflower, potatoes, celery and mint is conducted at his facility. I believe vegetable and mint farmers looking for weed control updates may find a stop at this facility worth their time.

The weed control plots on both mineral and muck soils again indicated a farmer cannot put all their weed control measures in one basket. Many of the preplant/pre-emergence chemicals did not provide adequate control because of the lack of moisture at planting time. Post emergence emergency treatments would be called for in many cases. Would you like to visit the MSU plots and see what's up? Call the Cooperative Extension Service Office at 224-5240 and maybe we can get a carload or two to go some late afternoon or evening to check the results on the MSU plots.

1990 Farming Technology

No-till, ridge till, dual row, corn drying at seven cents per bushel, subirrigation, and skip row are

terms that may describe farming in the 1990s and beyond.

To learn more about what these terms mean and the effect they may have on your future, join the "Innovative Farming Technology for 1990 and Beyond" on Aug. 4-5. The tour will leave at 8 a.m. from the Bean and Beet Research Farm in Saginaw County, come to Clinton County, on to Gratiot County, then to Isabella, stopping in Gladwin County for a steak barbeque in the evening. The group will stay over at the Last Arrow Lodge leaving on the 5th for Tuscola County, Huron County, and then back to Saginaw County.

For the opportunity to see farming technology that may be the farming of the future, contact the Extension Office at 224-5240.

Corner garden

Now is the time to spray for walnut husk maggot. Use either Sevin or Diazinon. Spray now to control the maggot and to avoid mushy husks that darken nut and nutmeats at harvest.

Giles Roehl is the director of the Clinton County Cooperative Extension Service.

Conservation corner Wildlife

By Eileen Gillespie

No two kinds of wildlife have exactly the same requirements for living. However, all need food, cover and water.

Your farm conservation plan may well provide all these necessities in a practical manner by improving the amount, quality, and distribution of food, cover and water for the farm considering adjoining land and other

facilities.

1. Food — plenty of it, close to cover and available in all seasons. The critical season is winter. Supplemental feeding of corn or other grains may be needed then.

2. Cover — that will furnish: a. unburned, ungrazed, unmowed grass for nesting; b. thorny shrubs or brush piles to give pro-

tection from predators and for nesting; c. evergreens or shrubs for winter protection; d. travel lanes to connect cover areas with food supplies.

3. Water — surface water, high water content foods, and dew are important, depending upon species of wildlife.

Upland wildlife can survive on succulent foods and dew. Surface water is a necessity for fish, water-

fowl, muskrats, and other water-loving species.

If you would like a more detailed list of requirements for managing land for wildlife, just contact your local soil conservation district office.

Eileen Gillespie is the district administrative assistant for the Clinton Soil Conservation District.

Dairy buy-out payment checks are not in the mail

Farmers waiting for checks due from the federal government for the dairy whole-herd buyout program and disaster assistance will likely have to wait some more, according to Al Almy, public affairs director for the Michigan Farm Bureau. Almy said that key agricultural funding is contained in a major appropriations bill that is in a congressional conference committee.

"The bill contains funding for many federal programs, including money to fund the Commodity Credit Corporation through the end of the current fiscal year, monies due farmers under the dairy whole hog buyout program, and additional disaster assistance funding," he said.

"While there are more than 400 differences in the House and Senate versions of the appropriations bills,

I am confident that the agricultural portion of the funding legislation will be approved. However, I expect that it will be a month before Congress sends a final bill to the president," Almy said.

NOTICE
CITY OF ST. JOHNS
ZONING BOARD OF APPEALS
AUGUST 12, 1987

The St. Johns Zoning Board of Appeals will hold a meeting on Wednesday, August 12, 1987, at 7:30 P.M. in the Commission Chambers, 121 East Walker Street, St. Johns, MI.

PURPOSE: A request for variances from the zoning ordinance which would allow the owner to raze the existing garage and rebuild living space which would be on the existing foundation, within 6 1/2 feet from the rear property line.

Also a variance which would allow a carport to be built to within 3 feet of the rear property line and 14 feet from the side property line, reducing the usable open to less than required in the zoning ordinance.

The zoning ordinance requires the rear yard to be not less than 35 feet (5.88 (3)). The zoning ordinance also requires each lot be provided with usable open at least equal to the required rear yard (35 feet) which shall be completely open and effectively separated from areas of automobile circulation. Such area may not be located in the required front or side yard and shall have no dimension less than 20 feet. (5.70 (5)).

PROPERTY ADDRESS: 501 East Cass Street

NOTICE OF RIGHT TO NOMINATE BY PETITION

The Farmers Home Administration (FmHA) is accepting nominations for County Committee elections for Ionia and Clinton County. This notice is issued to inform eligible voters of the right to nominate candidates by petition. Copies of the petition and instructions on its completion can be obtained from your local FmHA office—1969 S. State Rd. Ionia, MI 48846, or by calling (616) 527-2060.

Persons nominated should be currently engaged in the operation of a farm, have their principal farming operation within the County or area in which activities of the County or area Committee are carried out, derive the principal part of their income from farming (that is more than 50 percent of their gross income must come from agricultural production), be a citizen of the United States for permanent residence not have an FmHA insured or guaranteed loan, and be well qualified for committee work. Nominations must be received in Ionia no later than July 24, 1987. FmHA committee elections are open to all eligible voters without regard to race, color, religion, national origin, age, political affiliation, marital status, sex, and/or handicap.

NOTICE
CITY OF ST. JOHNS
ZONING BOARD OF APPEALS
AUGUST 12, 1987

The St. Johns Zoning Board of Appeals will hold a meeting on Wednesday, August 12, 1987, at 7:30 P.M. in the Commission Chambers, 121 East Walker Street, St. Johns, MI.

PURPOSE: A request for variances from the zoning ordinance which would allow the owner to raze the existing garage and rebuild living space which would be on the existing foundation, within 6 1/2 feet from the rear property line.

Also a variance which would allow a carport to be built to within 3 feet of the rear property line and 14 feet from the side property line, reducing the usable open to less than required in the zoning ordinance.

The zoning ordinance requires the rear yard to be not less than 35 feet (5.88 (3)). The zoning ordinance also requires each lot be provided with usable open at least equal to the required rear yard (35 feet) which shall be completely open and effectively separated from areas of automobile circulation. Such area may not be located in the required front or side yard and shall have no dimension less than 20 feet. (5.70 (5)).

PROPERTY ADDRESS: 501 East Cass Street
PROPERTY TAX CODE NO.: 19-300-000-037-015-00.

ORDINANCE NO. 374

"AN ORDINANCE TO PROVIDE FOR THE COMBINATION OF THE CITY OF ST. JOHNS PRESENTLY SEPARATE WATER SUPPLY SYSTEM AND SEWAGE DISPOSAL SYSTEM INTO A SINGLE SYSTEM, TO PROVIDE FOR THE ACQUISITION, CONSTRUCTION, IMPROVEMENT, ENLARGEMENT AND EXTENSION OF WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM FACILITIES FOR THE CITY OF ST. JOHNS, CLINTON COUNTY, MICHIGAN TO AUTHORIZE THE ISSUANCE OF SELF-LIQUIDATING REVENUE BONDS BY THE CITY OF ST. JOHNS, PURSUANT TO THE PROVISIONS OF ACT 94, PUBLIC ACTS OF MICHIGAN, 1933, AS AMENDED, FOR THE PURPOSE OF PAYING THE COST OF ACQUIRING, CONSTRUCTING, IMPROVING, ENLARGING AND EXTENDING SAID FACILITIES; TO PRESCRIBE THE FORM OF BONDS, TO PROVIDE FOR THE COLLECTION OF REVENUES FOR THE PURPOSE OF PAYING THE BONDS; TO PROVIDE FOR THE PAYMENT AND SECURITY OF SAID BONDS; TO PROVIDE FOR THE RIGHTS OF THE HOLDERS OF SAID BONDS IN ENFORCEMENT THEREOF AND OTHER MATTERS RELATIVE TO SAID BONDS AND SAID SYSTEM AND FOR THE USE THEREOF FOR THE PRESERVATION OF THE PUBLIC HEALTH, SAFETY AND WELFARE."

NOW, THEREFORE, THE CITY OF ST. JOHNS ORDAINS:

Section 1. Definitions. Whenever used in this Ordinance, except when otherwise indicated by the context, the following terms shall have the following meanings:

- (a) "Act 94" means Act 94, Public Acts of Michigan 1933, as amended.
- (b) "Additional Bonds" means additional bonds issued pursuant to Section 20 of this Ordinance.
- (c) "Bonds" means the Series 1987 Bonds and, when issued and delivered, any Additional Bonds issued in accordance with Section 20 of this Ordinance.
- (d) "Series 1987 Bonds" means the Bonds authorized by this Ordinance.
- (e) "City" means the City of St. Johns, County of Clinton, Michigan.
- (f) "Commission" means the City Commission of the City.
- (g) "Mandatory Redemption Requirements" means the mandatory prior redemption requirements for Additional Bonds that are term Bonds, if any, as specified in the Ordinance authorizing the Additional Bonds.
- (h) "Ordinance" means this ordinance and any ordinance or resolution amendatory of or supplemental hereto.
- (i) "Project" means improvements and extensions to the System consisting of water supply improvements and sanitary sewer improvements together with all necessary appurtenances and attachments thereto.
- (j) "Revenues" and "Net Revenues" mean the revenues and net revenues of the System and shall be construed as defined in Section 3 of Act 94 and shall include earnings on investments required to be deposited in the Receiving Fund by Section 14 of this Ordinance.
- (k) "Transfer Agent" means Comerica Bank-Detroit, Detroit, Michigan or any successor thereto.
- (l) "Sufficient Government Obligations" means direct obligations of the United States of America or obligations the principal and interest on which is fully guaranteed by the United States of America, not redeemable at the option of the issuer, the principal and interest payments upon which, without reinvestment of the interest, come due at such times and in such amounts as to be fully sufficient to pay the interest as it comes due on the Bonds to be defeased and the principal and redemption premium, if any, on such Bonds as they come due whether on the stated maturity date or upon earlier redemption. The government obligations shall be placed in trust with a bank or trust company, which shall be the Transfer Agent for the Bonds and, if any of the Bonds are to be called for redemption prior to maturity, irrevocable instructions to call the Bonds for redemption shall be given to the Transfer Agent.
- (m) "System" means the complete water supply and sewage disposal system of the City, both inside and outside the City, including all plants, works, instrumentalities and properties, used or useful in connection with transportation and treatment of sewage, and all facilities used or useful in the supply and distribution of water and all additions, extensions and improvements hereafter acquired, including, in all cases, the Project.

Section 2. Necessity; Approval of Plans and Specifications. It is hereby determined to be necessary for the public health and welfare of the City to acquire the Project in accordance with the plans and specifications previously prepared by Engineering Design, Inc., St. Johns, Michigan, the City's Consulting Engineers, which plans and specifications are hereby approved.

Section 3. Cost; Useful Life. The cost of the Project is estimated to be Six Hundred Thousand Dollars (\$600,000) including the payment of incidental expenses as specified in this Ordinance, which estimate of cost is hereby approved and confirmed, and the period of usefulness of the Project is estimated to be not less than forty (40) years.

Section 4. Payment of Cost; Series 1987 Bond Authorized. To pay the cost of acquiring the Project, including payment of legal, engineering, financial, and other expenses incident thereto and incident to the issuance and sale of the Series 1987 Bonds, the City shall borrow the sum of Six Hundred Thousand Dollars (\$600.00) and issue the Series 1987 Bonds therefor pursuant to the provisions of Act 94.

Section 5. Bond Details, Registration and Execution. The Series 1987 Bonds shall be designated WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM REVENUE BONDS, SERIES 1987, shall be payable solely out of the Net Revenues and shall consist of full-registered Bonds of the denomination of \$5,000 or multiples thereof up to the amount of a single maturity, numbered consecutively in order of registration upwards. The Series 1987 Bonds shall be dated as of August 1, 1987 and shall mature on October 1st in the years and amounts as follows:

Year	Amount
1988	\$20,000
1989	20,000
1990	25,000
1991	25,000
1992	30,000
1993	30,000
1994	35,000
1995	35,000
1996	40,000
1997	40,000
1998	50,000
1999	55,000
2000	60,000
2001	65,000
2002	70,000

The Series 1987 Bonds shall bear interest at a rate or rates to be determined on the public sale thereof, but in any event not exceeding twelve percent (12%) per annum, payable on April 1, 1988, and semiannually thereafter by check or bank draft mailed to the registered owner at the registered address, both as shown on the registration books of the City maintained by the Transfer Agent for the Series 1987 Bonds. Interest shall be payable to the registered owner of record as of 15 days prior to the payment date for each interest payment. The date of determination of registered owner for purposes of payment of interest as provided in this paragraph may be changed by the City following notice mailed to the Transfer Agent and the holders of outstanding Bonds at their registered addresses to conform to market practice in the future. Both the principal and interest on said Bonds will be payable as set forth in Section 23 hereof.

The Series 1987 Bonds shall be subject to redemption prior to maturity as set forth and provided in Section 23 hereof.

The Series 1987 Bonds shall be signed with the facsimile signature of the Mayor and countersigned with the facsimile signature of the City Clerk. The Series 1987 Bonds shall have the corporate seal of the City impressed or imprinted thereon. No Bond of this series shall be valid until authenticated by an authorized representative of the Transfer Agent. After execution, the Series 1987 Bonds shall be delivered to the purchaser thereof by the City Treasurer upon payment of the purchase price therefor. Executed blank bonds for registration of transfer shall simultaneously, and from time to time thereafter as necessary, be delivered to the Trustee for safekeeping.

Any Bond may be transferred upon the books required to be kept pursuant to this section by the person in whose name it is registered, in person or by his duly authorized attorney, upon surrender of the Bond for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the Transfer Agent. Whenever any Bond or Bonds shall be surrendered for transfer, the City shall execute and the Transfer Agent shall authenticate and deliver a new Bond or Bonds for like aggregate principal amount. The Transfer Agent shall require the payment by the bondholder requesting the transfer of any tax or other governmental charge required to be paid with respect to the transfer.

The Transfer Agent shall keep or cause to be kept, at its principal office, sufficient books for the registration and transfer of the Bonds, which shall at all times be open to inspection by the City, and, upon presentation for such purpose, the Transfer Agent shall, under such reasonable regulations as it may prescribe, transfer or cause to be transferred, on said books, Bonds as hereinbefore provided.

If any Bond shall become mutilated, the City, at the expense of the holder of the Bond, shall execute and the Transfer Agent

shall authenticate and deliver, a new Bond of like tenor in exchange and substitution for the mutilated Bond, upon surrender to the Transfer Agent of the mutilated Bond. If any Bond issued under this Ordinance shall be lost, destroyed or stolen, evidence of the loss, destruction or theft may be submitted to the Transfer Agent and, if this evidence is satisfactory to both and indemnity satisfactory to the Transfer Agent shall be given, the City, at the expense of the owner, shall execute, and the Transfer Agent shall thereupon authenticate and deliver, a new Bond of like tenor and bearing the statement required by Act 354, Public Acts of Michigan, 1972, as amended, being sections 129.131 to 129.135, inclusive, of the Michigan Compiled Laws, or any applicable law hereafter enacted in lieu of and in substitution for the Bond so lost, destroyed or stolen. If any such Bond shall have matured or shall be about to mature, instead of issuing a substitute Bond the Transfer Agent may pay the same without surrender thereof.

Section 6. Notice of Redemption. Notice of redemption (except as provided in Section 7 hereof), which shall identify the Bonds to be redeemed, shall be given by the Transfer Agent in the name and on behalf of the City in the manner set forth in the BOND FORM APPENDIX or in such other manner as shall conform to market practice at the time such notice is to be given.

The Transfer Agent, however, shall not give such notice unless the City shall have made moneys in the Redemption Fund (as hereinafter defined) available for payment of principal of premium, if any, and interest on, the Bonds to be redeemed in accordance with the provisions hereof or shall have made provisions for the payment of same through the issuance of refunding bonds. Upon the happening of the above conditions, the Bonds thus called shall not bear interest after the date fixed for redemption, shall no longer be protected by this Ordinance except for the right to receive payment of the redemption price and shall not be deemed to be outstanding under the provisions of this Ordinance.

Section 7. Payment of Bonds; Creation of Lien. except as may otherwise be provided with respect to Additional Bonds, the Bonds and the interest thereon shall not be a general obligation or indebtedness of the City but shall be payable solely from the Net Revenues and to secure such payment, there is hereby created a statutory lien upon the whole of the Net Revenues to continue until payment in full of the principal and interest on the Bonds, or until sufficient cash or Sufficient Government Obligations have been deposited in trust for payment in full of all Bonds to be defeased. Upon deposit of cash or Sufficient Government Obligations, as provided in the previous sentence, the statutory lien shall be terminated with respect to the Bonds to be defeased, and the holders of such Bonds shall have no further rights under this Ordinance except for payment from the deposited funds, and such Bonds shall no longer be considered to be outstanding bonds under this Ordinance.

Section 8. Bondholders' Rights; Receiver. The holder or holders of the Bonds representing in the aggregate not less than twenty percent (20%) of the entire principal amount thereof then outstanding may, by suit, action, mandamus or other proceedings, protect and enforce the statutory lien upon the Net Revenues of the System, and may, by suit, action, mandamus or other proceedings, enforce and compel performance of all duties of the officers of the City, including the fixing of sufficient rates, the collection of Revenue, the proper segregation of the Revenues of the System and the proper application thereof. The statutory lien upon the Net Revenues, however, shall not be construed as to compel the sale of the System or any part thereof.

If there is a default in the payment of the principal of or interest upon the Bonds, any court having jurisdiction in any proper action may appoint a receiver to administer and operate the System on behalf of the City and under the direction of the court, and by and with the approval of the court to perform all of the duties of the officers of the City more particularly set forth herein and in Act 94.

The holder or holders of the Bonds shall have all other rights and remedies given by Act 94 and law, for the payment and enforcement of the Bonds and the security therefor.

Section 9. Combination of System and Management. The presently separate Water Supply System and the Sewage Disposal System of the City shall, as of July 1, 1987, be combined into a single System. The operation, repair and management of the System and the acquiring of the Project shall be under the immediate supervision and control of the City Commission. The City may employ such persons in such capacities as it deems advisable to carry on the efficient management and operation of the System. The City Commission may make such rules, orders and regulations as it deems advisable and necessary to assure the efficient management and operation of the System.

Section 10. Charges and Enforcement. The rates to be charged for service furnished by the System and the methods of collection of the rates shall be those in effect on the date of adoption of this Ordinance.

The charges for service of the System which are under the provisions of Section 21 of Act 94 made a lien on all premises served thereby, unless notice is given that a tenant is responsible, are hereby recognized to constitute such lien and whenever such charge against any piece of property shall be delinquent for six (6) months the City officials or officials in charge of the collection thereof shall certify annually, on March 1st and September 1st of each year, to the tax assessing officer of the City, the fact of such delinquency, whereupon such charge shall be by him entered upon the next tax roll as a charge against such premises and shall be collected and the lien thereof enforced in the same manner as general City taxes against such premises are collected, and the lien thereof enforced; provided, however, where notice is given that a tenant is responsible for such charges and service as provided by said Section 21 of Act 94 no further service shall be rendered such premises until a cash deposit in an amount specified from time to time by the City Commission shall have been made as security for payment of such charges and service.

In addition to other remedies provided, the City shall have the right to shut off and discontinue the supply of water or sewer service or both to any premises for the nonpayment of sewer charges when due. If such charges are not paid within thirty (30) days after the due date thereof, then the water or sewer service, or both, to such premises shall be discontinued. Sewer or water services so discontinued shall not be restored until all sums then due and owing shall be paid.

Section 11. No Free Service. No free service, or service at less than cost, shall be furnished by the System to any person, firm or corporation, public or private, or to any public agency or instrumentality.

Section 12. Fixing and Revising Rates; Rate covenant. The rates charged pursuant to Section 10 of this Ordinance are estimated to be sufficient to provide for the payment of the expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the system in good repair and working order, and when taken together with Net Revenues, to provide for (i) an amount equal to the annual principal and interest requirement on all of the Bonds as the same become due and payable, (ii) the creation and maintenance of the reserves therefor, and (iii) to provide for all other obligations, expenditures and funds for the System required by law and this Ordinance. The rates shall be fixed and revised from time to time as may be necessary to produce these amounts, and it is hereby covenanted and agreed to fix and maintain rates for services furnished by the System at all times sufficient to provide for the foregoing.

Section 13. Operating Year. The System shall be operated on the basis of an operating year which shall coincide with the City's fiscal year.

Section 14. Funds and Accounts; Flow of Funds. Commencing as of July 1, 1987, all Revenues of the System shall be set aside as collected and credited to a fund to be designated WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM RECEIVING FUND (the "Receiving Fund"). The Revenues so credited are pledged for the purpose of the following funds and shall be transferred or debited from the Receiving Fund periodically in the manner and at the times and in the order of priority hereinafter specified:

A. OPERATION AND MAINTENANCE FUND:
Out of the Revenues credited to the Receiving Fund there shall be first set aside, in or credited to a fund designated OPERATION AND MAINTENANCE FUND, monthly a sum sufficient to provide for the payment of the next month's expenses of administration and operation of the System and such current expenses for the maintenance thereof as may be necessary to preserve the same in good repair and working order.

The City, prior to the commencement of each operating year beginning with the operating year next commencing after the effective date of this Ordinance, shall adopt a budget covering the foregoing expenses for each year. No payments shall be made to the City from moneys credited to the Operation and Maintenance Fund except for services directly rendered to the System by the City or its personnel.

B. BOND AND INTEREST REDEMPTION FUND:
There shall be established and maintained a separate depository fund designated BOND AND INTEREST REDEMPTION FUND (the "Redemption Fund"); the moneys on deposit therein from time to time to be used solely for the purpose of pay-

ing the principal of, redemption premiums (if any) and interest on the Bonds. The moneys in the Redemption Fund (including the Bond Reserve Account) shall be kept on deposit with the Transfer Agent.

Out of the Revenues remaining in the Receiving Fund, after provision for the Operation and Maintenance Fund, there shall be set aside monthly in the Redemption Fund a sum proportionately sufficient to provide for the payment when due of the current principal and interest on the Bonds, less any amount in the Redemption Fund representing accrued interest on the Bonds. Commencing as of July 1, 1987, the amount set aside each month for interest on the Bonds shall be 1/9 of the total amount of interest on the Bonds coming due on April 1, 1988. On April 1, 1988 and thereafter, the amount set aside each month for interest on the Bonds shall be 1/6 of the total amount of interest on the Bonds next coming due. The amount set aside each month for principal, commencing October 1, 1987, shall be 1/12 of the amount of principal next coming due on October 1, 1988. Thereafter, the amount set aside each month for principal, commencing October 1, 1988 shall be 1/12 of the amount of principal next coming due by maturity or a Mandatory Redemption Requirement. If there is any deficiency in the amount previously set aside, that deficiency shall be added to the next succeeding months' requirements.

There is established a separate account in the Redemption Fund to be known as the BOND RESERVE ACCOUNT. Into said Bond Reserve Account there shall be deposited from funds of the System legally available therefor an amount equal to the highest annual principal and interest requirements on the Series 1987 Bonds, prior to delivery of the Series 1987 Bonds. The Bond Reserve Account shall be maintained in an amount equal to said highest annual principal and interest requirements on the Series 1987 Bonds, or if Additional Bonds are issued at a future date, then an amount equal to the largest outstanding annual debt service on the Bonds, including the Additional Bonds. Moneys derived from the investment of the Bond Reserve Account shall be transferred to the Receiving Fund.

Except as herein provided, the moneys credited to the Bond Reserve Account shall be used solely for the payment of the principal of, redemption premiums (if any) and interest on the Bonds as to which there would otherwise be a default. If at any time it shall be necessary to use moneys credited to the Bond Reserve Account for such payment, then the moneys so used shall be replaced from the Net Revenues first received thereafter which are not required for current principal and interest requirements. Provided, the Bond Reserve Account shall be restored within two years to the amount of the Bond Reserve Account at the time it was so used for such payment. If Additional Bonds are issued, each Ordinance authorizing the Additional Bonds shall provide for additional deposits to the Bond Reserve Account to be made from the proceeds of the Additional Bonds or from other lawful sources in an amount that will result in the Bond Reserve Account being equal to the maximum annual principal and interest requirements on the Bonds outstanding after issuance of the Additional Bonds.

For purposes of making deposits to the Redemption Fund and the Bond Reserve Account, the principal amount of bonds becoming due by reason of a Mandatory Redemption Requirement shall be deemed to become due in the principal amount and on the due date of the Mandatory Redemption Requirement. Each Ordinance authorizing Additional Bonds shall state the amount of Bonds authorized which are term Bonds, if any.

A Mandatory Redemption Requirement for the Bonds of a term maturity may be satisfied by the call of term Bonds of the same issue and maturity in the principal amount of the Mandatory Redemption Requirement at par and accrued interest or by the purchase and surrender to the paying agent of the bonds of the same issue and maturity from moneys allocated therefor as provided herein, or purchased with other funds legally available therefor. The City shall elect the manner in which it intends to satisfy a Mandatory Redemption Requirement not less than forty-five days prior to the due date of each Mandatory Redemption Requirement.

The moneys set aside to satisfy the next Mandatory Redemption Requirement for the Bonds shall be used by redeeming said bonds on the following October 1st or by purchasing bonds of the same issue and maturity with respect to which the Mandatory Redemption Requirement applies and surrendering the same to the paying agent for cancellation on or prior to the required due date of the Mandatory Redemption Requirement. In the event that after any Mandatory Redemption Requirement date moneys remain in the Redemption Fund, as a result of the purchase of Bonds at less than par, the amount of such excess may be transferred to the Receiving Fund. If no Bonds of an issue are issued as term Bonds then there shall be no Mandatory Redemption Requirement with respect to those Bonds.

C. GENERAL OBLIGATION DEBT SERVICE FUND:
Out of the remaining Revenues in the Receiving Fund, there may be next set aside in or credited to, monthly after meeting the requirements of the foregoing Funds, to a fund to be designated General Obligation Debt Service Fund (the "GO Fund") such moneys as shall be necessary to pay principal and/or interest on any general obligation debt heretofore or hereafter incurred by the City to pay all or part of the cost of acquiring improvements, extensions or additions to the System.

D. REPLACEMENT AND IMPROVEMENT FUND:
Out of the remaining Revenues in the Receiving Fund, there may be next set aside in or credited to, monthly after meeting the requirements of the foregoing Funds, to a fund to be designated REPLACEMENT AND IMPROVEMENT FUND (the "Improvement Fund"), or from other available moneys such sums as the Commission may deem advisable to be used for repairs, replacements, improvements, enlargements or extensions to the System.

E. SURPLUS MONEYS:
Thereafter, any Revenues in the Receiving Fund after satisfying all the foregoing requirements of this section may, at the option of the Commission be used for any of the following purposes:
1. Transferred to the GO fund.
2. Transferred to the Improvement Fund.
3. Transferred to the Redemption Fund and used for the purchase of bonds on the open market at not more than the fair market value thereof.

Section 15. Depository and Funds on Hand. Moneys in the several funds and the accounts established pursuant to this Ordinance, except moneys in the Redemption Fund (including the Bond Reserve Account) which shall be deposited in accordance herewith and moneys derived from the proceeds of sale of the Bonds, may be kept in one or more bank accounts at a bank or banks designated by resolution of the Commission, and if kept in one bank account the moneys shall be allocated on the books and records of the City in the manner and at the times provided in this Ordinance.

Section 16. Priority of Funds. In the event the moneys in the Receiving Fund are insufficient to provide for the current requirements of the Operation and Maintenance Fund or of the Redemption Fund, any moneys or securities in other funds of the System, except the proceeds of sale of the Bonds, shall be credited or transferred, first, to the Operation and Maintenance Fund, and second, to the Redemption Fund, to the extent of any deficit therein.

Section 17. Investments. Moneys in the funds and account established herein and moneys derived from the proceeds of sale of the Bonds, may be invested by the City in direct obligations of the United States of America or obligations the principal and interest on which is fully guaranteed by the United States of America, or certificates of deposit of a bank insured by the Federal Deposit Insurance Corporation or such other investments as are or may be lawful for investment of such moneys. Investment of moneys in the Redemption Fund being accumulated for payment of the next maturing principal or interest payment on the Bonds shall be limited to obligations bearing maturity dates prior to the date of the next maturing principal or interest payment on the Bonds as the case may be. Investment of moneys in the Bond Reserve Account shall be limited to obligations bearing maturity dates or subject to redemption, at the option of the holder thereof, not later than 5 years from the date of the investment. In the event investments are made, any securities representing the same shall be kept on deposit with the bank or trust company having on deposit the fund or funds or account from which the purchase was made. Profit realized or interest income earned on investment of funds in the Receiving Fund, Operation and Maintenance fund, Redemption Fund (exclusive of Bond Reserve Account), GO Fund, Improvement Fund, and the Bond Reserve Account shall be deposited in or credited to the Receiving Fund.

Section 18. Series 1987 Bond Proceeds. From the proceeds of sale of the Series 1987 Bonds there shall be immediately deposited in the Redemption Fund, an amount equal to the accrued interest and premium, if any, received on delivery of the Series 1987 Bonds. The balance of the proceeds of the sale of the Series 1987 Bonds shall be deposited in a bank or banks, designated by resolution of the Commission, qualified to act as depository of the proceeds of sale under the provisions of Section 15 of Act 94, in an account designated WATER SUPPLY AND SEWAGE DISPOSAL SYSTEM CONSTRUCTION FUND (the "Construction Fund"). Moneys in the Construction Fund shall

be applied solely to pay the costs of acquiring and constructing the Project, including the payment of any engineering, legal and other expenses incident thereto and to the financing thereof. Payments for construction, either on account or otherwise, shall not be made unless the registered engineer in charge of such work shall file with the City a signed statement to the effect that the work has been completed in accordance with the plans and specifications therefor; that it was done pursuant to and in accordance with the contract therefor; that such work is satisfactory and that such work has not been previously paid for.

Any unexpected balance of the proceeds of sale of the Series 1987 Bonds remaining after completion of the Project in the Construction Fund may in the discretion of the City and to the extent of fifteen percent (15%) of the principal amount of the Series 1987 Bonds be used for further improvements, enlargements and extensions to the System if, at the time of such expenditure, such use is approved by the Municipal finance division of the Michigan Department of Treasury or any successor agency, if such permission is then required by law. Any remaining balance after such expenditure shall be paid into the Redemption Fund and may be used for the purpose of purchasing bonds on the open market at not more than the fair market value thereof.

Section 19. Covenants. The City covenants and agrees with the holders of the Bonds that so long as any of the Bonds remain outstanding and unpaid as to either principal or interest -

(a) The City will maintain the System in good repair and working order and will operate the same efficiently and will faithfully and punctually perform all duties with reference to the System required by the Constitution and laws of the State of Michigan and this Ordinance.

(b) The City will keep proper books of record and account separate from all other records and accounts of the City, in which shall be made full and correct entries of all transactions relating to the System. The City shall have an annual audit of the books of record and account of the System for the preceding operating year made each year by an independent certified public accountant, and a copy of the audit shall be mailed to the manager of each syndicate or account originally purchasing any issue of the Bonds. The auditor shall comment on the manner in which the City is complying with the requirements of the Ordinance with respect to setting aside and investing moneys and meeting the requirements for acquiring and maintaining insurance. The audit shall be completed and so made available not later than four (4) months after the close of each operating year.

(c) The City will maintain and carry, for the benefit of the holders of the Bonds, insurance on all physical properties of the System and liability insurance, of the kinds and in the amounts normally carried by municipalities engaged in the operation of water supply and sewage disposal systems. All moneys received for losses under any such insurance policies shall be applied solely to the replacement and restoration of the property damaged or destroyed, and to the extent not so used, shall be used for the purpose of redeeming or purchasing Bonds.

(d) The City will not sell, lease or dispose of the System, or any substantial part, until all of the Bonds have been paid in full, both as to principal and interest or provision made therefor as herein provided. The City will operate the System as economically as possible, will make all repairs and replacements necessary to keep the System in good repair and working order, and will not do or suffer to be done any act which would affect the System in such a way as to have a material adverse effect on the security for the Bonds.

(e) The City will not grant any franchise or other rights to any person, firm or corporation to operate a sewage disposal system that will compete with the System and the City will not operate a water supply and sewage disposal system that will compete with the System.

(f) The City will cause the Project to be acquired and constructed promptly and in accordance with the plans and specification therefor.

Section 20. Additional Bonds. Except as hereinafter provided, the City shall not issue Additional Bonds of equal or prior standing with the Bonds.

The right is reserved in accordance with the provisions of Act 94, to issue Additional Bonds payable from the Revenues of the System which shall be of equal standing and priority of lien on the Net Revenues of the System with the Bonds but only for the following purposes and under the following terms and conditions:

(a) For subsequent repairs, extensions, enlargements and improvements to the System or for the purpose of refunding part of any Bonds then outstanding and paying costs of issuing such Additional Bonds including deposits which may be required to be made to the Bond Reserve Account; Bonds for such purposes shall not be issued pursuant to this subparagraph (a) unless the average actual or augmented Net Revenues of the System for a period of any twelve consecutive months during the immediately preceding eighteen months or the actual or augmented Net Revenues for the last preceding twelve month operating year, if said period has been audited, shall be equal to at least one hundred twenty percent (120%) of the average amount of principal and interest thereafter maturing in any operating year on the then outstanding Bonds and on the Additional Bonds then being issued. If the Additional Bonds are to be issued in whole or in part for refunding outstanding Bonds the average annual principal and interest requirements shall be determined by deducting from the principal and interest requirements for each operating year the annual principal and interest requirements of any Bonds to be refunded from the proceeds of the Additional Bonds. If the System rates, fees or charges shall be increased at or prior to the time of authorizing the Additional Bonds, the Net Revenues for a period of any twelve consecutive months during the immediately preceding eighteen months shall be augmented by an amount reflecting the effect of the increase had the System's billings during such operating years been at the increased rates. In addition, the actual Net Revenues for a period of any twelve consecutive months during the immediately preceding eighteen months may be augmented by the estimated increase in Net Revenues to accrue as a result of the acquisition of the repairs, extensions, enlargements and improvements to said System to be paid for in whole or in part from the proceeds of the Additional Bonds to be issued and resulting from those customers of the System serviced by said repairs, extensions, enlargements and improvements constructed to the System. In addition, the actual Net Revenues may be augmented by an amount equal to the investment income representing interest on investments estimated to be received each operating year from the addition to the Bond Reserve Account to be funded from the proceeds of the Additional Bonds being issued or by any additional security given pursuant to Act 94, provided said Bond Reserve Account shall be then funded at its maximum amount. Determination by the Commission as to existence of conditions permitting the issuance of Additional Bonds shall be conclusive. No additional Bonds of equal standing as to the Net Revenues of the System shall be issued pursuant to the authorization contained in this subparagraph if the City shall then be in default in making its required payments to the Operation and Maintenance Fund or the Redemption Fund.

(b) For refunding a part of the outstanding Bonds and paying costs of issuing such Additional Bonds including deposits which may be required to be made to the Bond Reserve Account. No Additional Bonds shall be issued pursuant to this subsection unless the maximum amount of principal and interest maturing in any operating year after giving effect to the refunding shall be not greater than 105% of the maximum amount of principal and interest maturing in any operating year prior to giving effect to the refunding.

Section 21. Non-presentment of Bonds. In the event any Bond shall not be presented for payment when the principal thereof becomes due, either at maturity or at the date fixed for redemption thereof if funds sufficient to pay the principal and interest on such Bond shall have been made available to the Transfer Agent by the City for the benefit of the holder or holders thereof, all liability of the City to the holder thereof for the payment of such Bond or portion thereof, as the case may be, shall forthwith cease, terminate and be completely discharged, and thereupon it shall be the duty of the Transfer Agent to hold such fund or funds in the Bond and Interest Redemption Fund, subject to the law of escheat without liability to the holder of such Bond for interest thereon, for the benefit of the holder of such Bond, who shall thereafter be restricted exclusively to such fund or funds, for any claim of whatever nature on his part on, or with respect to, said Bond or portion thereof.

Section 22. Covenant Regarding Tax Exempt Status of the Bonds. The City hereby covenants it shall take all actions within its control necessary to maintain the exemption of the interest on the Bonds from general federal income taxation (as opposed to alternative minimum or other indirect taxation) under the Internal Revenue Code of 1986, as amended, including but not limited to, actions relating to the rebate of arbitrage earnings and the expenditure and investment of Bond proceeds and moneys deemed to be Bond proceeds. In addition, the City hereby designates the Series 1987 Bonds as "qualified tax-exempt obligations" for purposes of deduction of interest expense by financial institutions.

Section 23. Series 1987 Bond Form. The Series 1987 Bonds shall be in substantially the following form, subject to such changes as may be requested by the Transfer Agent, or by an issuer of municipal bond insurance:

(Continued from page 18A)

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF CLINTON
CITY OF ST. JOHNS
WATER SUPPLY AND SEWAGE DISPOSAL
SYSTEM REVENUE BOND, SERIES 1987
No. _____ Maturity October 1, _____ Principal Amount \$ _____
Rate _____ Date of Original Issue: August 1, 1987
CUSIP _____

The City of ST. JOHNS, County of Clinton, State of Michigan (the "City"), promises to pay the Principal Amount shown above to

in lawful money of the United States of America on the date of Maturity specified above, with interest thereon from the date hereof until paid at the Rate specified above, payable on April 1, 1988, and semiannually thereafter. Principal of the bonds is payable at the principal office of Comerica Bank-Detroit, Detroit, Michigan (the "Transfer Agent"). Interest is payable by check or draft mailed to the registered owner at the registered address and for the prompt payment thereof, the revenues of the Water Supply and Sewage Disposal System of the City (the "System") including all appurtenances, extensions and improvements thereto, after provision has been made for reasonable and necessary expenses of operation, maintenance and administration, are irrevocably pledged and a statutory first lien thereon is hereby created.

This bond is one of a series of bonds of even date and like tenor, except as to denomination, rate of interest and date of maturity, aggregating the principal sum of \$600,000 issued pursuant to an Ordinance duly adopted by the City Commission of the City on July 13, 1987, and under and in full compliance with the Constitution and statutes of the State of Michigan, including specifically Act 94, Public Acts of Michigan, 1933, as amended, for the purpose of paying the cost of acquiring and constructing additions, improvements and extensions to the System.

For a complete statement of the revenues from which and the conditions under which this bond is payable, a statement of the conditions under which additional bonds of equal standing may hereafter be issued and the general covenants and provisions pursuant to which this bond is issued, reference is made to the above-described Ordinance.

Bonds or portions of bonds in multiples of \$5,000, of this issue maturing in the year 1997 and thereafter may be redeemed at the option of the City, in such order of maturity as the City shall determine and within any maturity by lot, on any interest payment date on or after October 1, 1996 at par and accrued interest to the date fixed for redemption plus a premium expressed as a percentage of par value as follows:

2% of the par value of each bond or portion thereof called for redemption on or after October 1, 1996, but prior to October 1, 1999;

1% of the par value of each bond or portion thereof called for redemption on or after October 1, 1999 but prior to maturity;

In case less than the full amount of an outstanding bond is called for redemption, the Transfer Agent upon presentation of the bond called in part for redemption shall register, authenticate and deliver to the registered owner a new bond in the principal amount of the portion of the original bond not called for redemption.

Notice of redemption shall be given to the registered owners of the bonds to be redeemed by mailing of such notice not less than thirty (30) days prior to the date fixed for redemption to the registered owner at the address of the registered owner as shown on the registration books of the City. Bonds so called for redemption shall not bear interest after the date fixed for redemption, provided funds are on hand with the Transfer Agent to redeem the bonds called for redemption.

This bond is a self-liquidating bond and is not a general obligation of the City and does not constitute an indebtedness of the City within any constitutional, statutory or charter limitation, and is payable both as to principal and interest, solely from the net revenues of the System. The principal and interest on this bond are secured by the statutory first lien hereinbefore described.

The City hereby covenants and agrees to fix and maintain at all times while any of such bonds shall be outstanding, such rates for service furnished by the System as shall be sufficient to provide for payment of the interest upon and the principal of all such bonds as and when the same become due and payable, and to create a bond and interest redemption fund (including a bond reserve account) therefor, to provide for the payment of expenses of administration and operation and such expenses for maintenance of the System as are necessary to preserve the same in good repair and working order, and to provide for such other expenditures and funds for the System as are required by said Ordinance.

This bond is transferable only upon the books of the Issuer kept for that purpose at the office of the Transfer Agent by the registered owner hereof in person, or by his attorney duly authorized in writing, upon the surrender of this bond together with a written instrument of transfer satisfactory to the Transfer Agent duly executed by the registered owner or his attorney duly authorized in writing, and thereupon a new registered bond or bonds in the same aggregate principal amount and of the same maturity shall be issued to the transferee in exchange therefor as provided in the resolutions authorizing the bonds, and upon the payment of the charges, if any, therein prescribed.

It is hereby certified and recited that all acts, conditions and things required by law precedent to and in the issuance of this bond and the series of bonds of which this is one have been done and performed in regular and due time and form as required by law.

This bond is not valid or obligatory for any purpose until the Transfer Agent's Certificate of Authentication on this bond has been executed by the Transfer Agent.

IN WITNESS WHEREOF, the City of St. Johns, County of Clinton, State of Michigan, by its City Commission, has caused this bond to be signed in the name of said City by the facsimile signature of its Mayor and to be countersigned by the facsimile signature of its City Clerk and the corporate seal of the City to be hereunto affixed, all as of the first day of August, 1987.

Section 24. Repeal, Savings Clause. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance are repealed.

Section 25. Severability, Paragraph Headings, and Conflict. If any section, paragraph, clause or provisions of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance. The paragraph headings in this Ordinance are furnished for convenience of reference only and shall not be considered to be a part of this Ordinance.

Section 26. Publication and Recordation. This Ordinance shall be published in full in the Clinton County News, a newspaper of general circulation in the City qualified under State law to publish legal notices, promptly after its adoption, and shall be recorded in the Ordinance Book of the City and such recording authenticated by the signatures of the Mayor and the City Clerk.

Section 27. Effective Date. This Ordinance shall be effective upon its adoption.
Adopted and signed this 13th day of July, 1987.
Signed JOHN W. AREHART, Mayor
Signed RICHARD L. COLETTA, City Clerk

I hereby certify that the foregoing constitutes a true and complete copy of an Ordinance duly adopted by the City Commission of the City of St. Johns, County of Clinton, Michigan, at a Regular Meeting held on July 13, 1987.

Swine stress

By Marilyn Loudenslager

The effects of summer heat stress on swine — particularly the effects on reproductive efficiency — are a concern shared by all Michigan producers.

Producers may need to use cooling methods to prevent reproductive inefficiency in gilts being introduced into the breeding herd, as well as to maintain adequate reproductive efficiency of postpartum sows and boars, says Andy Thulin, MSU extension swine specialist.

"Research has shown that heat stress of gilts and sows during at least the first 16 days after breeding can greatly reduce initial pregnancy rate and final farrowing rate," Thulin says. "Sows that do become pregnant during heat stress may have smaller litters because of increased death of developing embryos. In addition, lactating sows immediately respond to heat stress by reducing voluntary feed intake, which can result in sow weight loss, reduced milk production, reduced pig weaning weights and subsequent rebreeding problems."

Because boars are continuously producing sperm, they need to have a cool environment 24 hours a day, Thulin says. A stressed boar can take from four to 15 weeks to regain normal fertility, depending on the boar and the severity, duration, time of year and frequency of stress.

"High ambient temperatures may also reduce a boar's mating activity," Thulin adds. "And, with pen mating, there is generally no control against boar overuse. If the effects of heat stress — reduced sperm number and mobility — are coupled with overuse effects — reduced sperm numbers and volume — the end result is a decreased farrowing rate and litter size."

To help prevent some of these problems associated with heat stress, Thulin recommends that producers who keep hogs outdoors provide plenty of shade — about 15 to 20 square feet per sow or boar.

Also, the animals' evaporative cooling capacity can greatly increase when their skin surface is wetted. Producers have used this cooling method for many years, providing wallows or sprinkling water on growing swine, Thulin says. Foggers or misters and sprinklers are widely used, but air movement is critical to these systems because the water must

evaporate from the skin surface to effectively cool the pig. Thulin suggests controlling sprinkler systems with timers set on 30-minute cycles so the sprinkler goes on for one to two minutes, then turns off for 28 to 29 minutes. This type of cooling process has been effective in reducing heat stress in hog buildings.

Be sure that if you use foggers or misters, you provide adequate ventilation in the building. Improper ventilation can allow the relative humidity in the barn to increase and actually compound, rather than relieve, heat stress problems.

Research has shown that drip cooling using drip irrigation systems is an inexpensive and efficient way to cool sows in farrowing houses that have partially slotted floors. The drip line should be located on top of the crate so it drips on the shoulders and neck area of the sow. Adjust the flow rate to between two and three quarts of water per hour per emitter.

Thulin says that drip irrigation systems typically are controlled by a thermostat and solenoid valve set to operate when the temperature exceeds 80 degrees F. The following companies sell complete drip irrigation systems and equipment for producers who do not wish to make their own:

- W.A. Westgate Co., 412 G St., PO Box 445, Davis, Ca., 95617; phone (916) 753-2954.
- John Steiner, Edstrom Industries, 819 Bakke Ave., Waterford, W.I., 53185; phone (414) 534-5181.
- Bob Atkins, R&C Sales and Manufacturing, 8920 Telegraph Rd., Lorton, Va., 22079; phone (703) 339-8810.

City of St. Johns
County of Clinton, State of Michigan

Minutes of a Regular Meeting of the City Commission of the City of St. Johns, County of Clinton, State of Michigan (the "City") held on the 13th day of July, 1987, at 7:30 o'clock p.m., Eastern Daylight Time.

PRESENT: Members Arehart, Wiseman, Munger, Parr.
ABSENT: Members Starck.

The following preamble and resolution were offered by Member Parr and supported by Member Munger:

WHEREAS, this City Commission does hereby determine that it is necessary to acquire and construct major street improvements (the "Improvements") in the City described in Exhibit A, attached hereto and made a part hereof; and

WHEREAS, the cost of the Improvements is estimated to be Three Hundred Thousand Dollars (\$300,000); and

WHEREAS, to finance the cost of the Improvements, the City Commission deems it necessary to borrow the sum of Three Hundred Thousand Dollars (\$300,000) and issue bonds therefor as authorized by the provisions of Act 175, Public Acts of Michigan, 1952, as amended ("Act 175"); and

WHEREAS, the Improvements are in accordance with the purposes enumerated in Act 51, Public Acts of Michigan, 1951 ("Act 15"); and

WHEREAS, the revenues received by the City from the Michigan Transportation Fund pursuant to Act 51 in the year preceding this contemplated borrowing are more than sufficient to comply with all the requirements specified in Section 4 of Act 175;

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The plans and estimates of cost of the Improvements are hereby approved and adopted.
2. The period of usefulness of the Improvements is estimated to be not less than twenty (20) years.
3. The City Commission hereby determines to borrow the sum of Three Hundred Thousand Dollars (\$300,000) and issue bonds of the City therefor pursuant to the provisions of Act 175 (the "Bonds"), for the purpose of providing funds to pay part of the cost of the Improvements.
4. The Bonds shall be designated 1987 MICHIGAN TRANSPORTATION FUND BONDS and shall consist of bonds registered as to principal and interest of the denominations of any multiple of \$5,000 not exceeding for each maturity the maximum principal amount of the Bonds of that maturity and numbered consecutively in order of registration of transfer. The Bonds will be dated as of August 1, 1987 and be payable on August 1st of each year as follows:

\$10,000	1988, 1989 and 1990;
15,000	1991 and 1992;
20,000	1993, 1994 and 1995;
25,000	1996 to 2001, inclusive;
30,000	2002.

The Bonds shall bear interest to be determined at public sale but not to exceed ten percent (10%) per annum, payable on February 1, 1988 and semi-annually thereafter. The Bonds shall be subject to redemption prior to maturity as provided in Section 9 hereof.

5. The Bonds shall be executed in the name of the City with the facsimile signatures of the Mayor and the City Clerk and shall bear the actual or a facsimile of the City seal. No Bond of this series shall be valid until authenticated by an authorized signature of the transfer agent designated in the notice of sale of the Bonds. The Bonds shall be delivered to the transfer agent for authentication and be delivered by the transfer agent to the purchaser in accordance with instructions from the Treasurer of the City upon payment of the purchase price for the Bonds in accordance with the bid therefor when accepted. Executed blank bonds for registration and issuance to transferees shall simultaneously, and from time to time thereafter as necessary, be delivered to the transfer agent for safekeeping.

6. Any Bond may be transferred upon the books required to be kept pursuant to this section by the person in whose name it is registered, in person or by the registered owner's duly authorized attorney, upon surrender of the Bond for cancellation, accompanied by delivery of a duly executed written instrument of transfer in a form approved by the transfer agent. Whenever any Bond or Bonds shall be surrendered for transfer, the City shall execute and the transfer agent shall authenticate and deliver a new Bond or Bonds, in like aggregate principal amount. The transfer agent shall require the payment by the bondholder requesting the transfer of any tax or other governmental charge required to be paid with respect to the transfer. The date of determination of the registered owner for purposes of payment of interest as provided in this resolution may be changed by the City to conform to market practice in the future. The principal of the Bonds shall be payable at the office of the transfer agent designated by the transfer agent. The City Manager shall select a bank or trust company qualified under state law to act as transfer agent for the Bonds.

7. To provide moneys to pay the principal of and interest on the Bonds and in accordance with the provisions of Act 175, there is hereby made an irrevocable appropriation of the amount necessary to pay the principal of and interest on the Bonds from the moneys to be derived from State-collected taxes returned to the City for highway purposes, pursuant to law. The Treasurer of the City is directed, each year that any of the principal of and interest on the Bonds remains unpaid, to set aside in a separate depository account, to be designated 1987 MICHIGAN TRANSPORTATION FUND BONDS DEBT RETIREMENT FUND, sufficient moneys from revenues received during such year from the Michigan Transportation Fund pursuant to law to pay the principal of and interest on the Bonds next maturing. The Treasurer is further directed to open a separate depository ac-

count, to be designated 1987 MICHIGAN TRANSPORTATION FUND BONDS CONSTRUCTION FUND into which the proceeds of the Bonds, less accrued interest and premium, if any, shall be deposited, which account shall be used to pay the City's share of the cost of constructing the Improvements.

8. Pursuant to Act 175, and as additional security for the prompt payment of the principal of and interest on the Bonds, there is hereby irrevocably pledged the limited tax full faith and credit of the City, and in the event of insufficiency of funds primarily pledged to the payment thereof, the City covenants and agrees to provide for such insufficiency from such resources as are lawfully available to it.

9. The Bonds shall be in substantially the following form subject to such changes as to ministerial form as may be reasonably requested by the transfer agent:

UNITED STATES OF AMERICA
STATE OF MICHIGAN
COUNTY OF CLINTON
CITY OF ST. JOHNS

1987 MICHIGAN TRANSPORTATION
FUND BOND

Interest Rate	Maturity Date	Date of Original Issue	CUSIP
		August 1, 1987	

Registered Owner: _____ Dollars _____
Principal Amount _____ Dollars _____

The City of St. Johns, County of Clinton, State of Michigan (the "City"), for value received, hereby promises to pay to the Registered Owner specified above, or registered assigns, the Principal Amount specified above, in lawful money of the United States of America, on the Maturity Date specified above, unless prepaid prior thereto as herein after provided, with interest thereon from the Date of Original Issue or such later date to which interest has been paid, until paid, at the Interest Rate per annum specified above, first payable on February 1, 1988 and semiannually thereafter. Principal of this bond is payable at the principal office of _____ in _____ Michigan, or such other transfer agent as the City may hereafter designate by notice mailed to the registered owner hereof not less than sixty (60) days prior to any interest payment date (the "Transfer Agent"). Interest on this bond is payable to the registered owner of record as of the fifteenth (15th) day of the month preceding the payment date as shown on the registration books of the City maintained by the Transfer Agent, by check or draft mailed to the registered owner at the registered address.

This bond is one of a series of bonds of even original issue date and like tenor, aggregating the principal sum of \$300,000, issued for the purpose of defraying the cost of major street improvements in the City in accordance with a resolution duly and regularly adopted by the City Commission of said City pursuant to the provisions of Act 175, Public Acts of Michigan, 1952, as amended.

Bonds of this issue maturing in the years 1988 to 1996, inclusive shall not be subject to redemption prior to maturity.

Bonds or portions of bonds of this issue maturing in the years 1997 to 2002, inclusive, shall be subject to redemption by the City prior to maturity, in such order as the City shall determine, on any interest payment date on or after August 1, 1996, at par and accrued interest plus a premium as follows:

2% of the principal amount of each bond or portion thereof called for redemption on or after August 1, 1996, but prior to August 1, 1999;

1% of the principal amount of each bond or portion thereof called for redemption on or after August 1, 1999, but prior to maturity.

In case less than the full amount of an outstanding bond is called for redemption the transfer agent upon presentation of the bond called in part for redemption shall register, authenticate and deliver to the registered owner a new bond in the principal amount of the portion of the original bond not called for redemption.

Notice of redemption shall be given to the holders of bonds to be redeemed by mailing of such notice not less than thirty (30) days prior to the date fixed for redemption to the registered owner at the address of the registered owner as shown on the registration books of the Issuer. No further interest payable on the bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the City has money available for such redemption.

This bond and the interest thereon are payable from the proceeds of State-collected taxes returned to the City for highway purposes pursuant to law, or in case of insufficiency of said funds, out of the general funds of the City, and the resolution authorizing the bonds contains an irrevocable appropriation of the amount necessary to pay the principal of and interest on the bonds of this issue from moneys derived from such State-collected taxes so returned to the City for highway purposes which have not been theretofore specifically allocated and pledged for the payment of indebtedness. The City has reserved the right to issue additional bonds of equal standing as to such state-collected taxes within the limitations prescribed by law.

Damaged alfalfa makes good forage

One option for managing damaged alfalfa stands during the remainder of the 1987 season is to manage the stand for harvesting high-quality grass forage. This is a viable option for those fields in which a major portion of the alfalfa plants were killed over the winter and in which first-cutting alfalfa yields were very poor. Annual and perennial grasses (including quackgrass) can provide high-quality forage, if managed properly. The two keys to forage-grass management are fertilization and timing of the third cutting.

Grasses, unlike legumes, do not fix atmospheric nitrogen. Since nitrogen is a major constituent of protein, nitrogen fertilization is essential for producing high-protein grass forage. An adequate fertility program is 50 lb actual N per acre after each harvest (including now, after first harvest). Nitrogen can be applied in any form that is practical, including urea, ammonium nitrate, ammonium sulfate, potassium nitrate, etc. If the weather remains dry, don't expect much response to the N fertilizer. If there is adequate rainfall, however, the grasses will respond well to N both in terms of yield and forage quality. For comparison purposes, a well-fertilized (N) quackgrass stand can be expected to yield 90 to 100 percent of alfalfa given similar soils, management, etc. Quackgrass can produce forage of 20 percent crude protein (d.m. basis) if well fertilized with N. Don't worry about a negative effect of N fertilizer on any remaining alfalfa plants. With the sparse and weakened stands, N fertilizer will likely help, not hurt, the alfalfa.

For highest quality, quackgrass (and most other forage grasses) should be cut in the vegetative stage, sometime after jointing (internode elongation). The best recommendation for harvesting mixed alfalfa-grass stands for the remainder of this season is to cut the forage when alfalfa reaches mid-bloom (lactating dairy) or first bloom (dry cows and beef) stage. Although the specific feed value of grass vs. alfalfa forage must be ascertained through a forage test, some general trends are usually seen. Crude protein can be just as high with grass as alfalfa forage; energy value (ADF, TDN) can also be nearly the same. Neutral detergent fiber (NDF) will generally be much higher in a grass forage, indicating lower intake potential of the grass vs. alfalfa. This should not present a problem for those feeding grass forage to dry cows or beef animals.

gregate principal amount and of the same maturity shall be issued to the transferee in exchange therefor as provided in the resolution authorizing the bonds of this issue, and upon the payment of the charges, if any, therein prescribed.

This bond is not valid or obligatory for any purpose until the Transfer Agent's Certificate of Authentication on this bond has been executed by the Transfer Agent.

It is hereby certified and recited that all acts, conditions and things required to be done, exist and happen, precedent to and in the issuance of said series of bonds of which this is one, in order to make them valid and binding obligations of the City, have been done, exist and have happened in regular and due form and time as required by law, and that the total indebtedness of the City, including the series of bonds of which this is one, does not exceed any constitutional, statutory or charter limitation.

IN WITNESS WHEREOF, the City of St. Johns, County of Clinton, State of Michigan, by its City Commission, has caused this bond to be signed in the name of said City with the facsimile signatures of its Mayor and its City Clerk and a facsimile of the City seal to be imprinted hereon, all as of the first day of August, A.D., 1987.

10. The City Manager be and is hereby directed to make application to the Michigan Department of Treasury for permission to issue the Bonds or, if applicable, for an order of exception from prior approval of said issuance and to cause to be paid any required fee therefor.

11. The City Clerk shall cause notice of sale of the Bonds to be published in either the Michigan Investor, Detroit, Michigan, or the Detroit Legal News, Detroit, Michigan, fixing the date of sale for a regular or special meeting of the City Commission occurring at least seven (7) full days after the date of such publication.

12. A copy of this resolution shall be published in the Clinton County News, St. Johns, Michigan, once before this resolution becomes effective.

13. The City shall not invest, reinvest or accumulate any moneys deemed to be proceeds of the Bonds pursuant to the International Revenue Code of 1986, as amended (the "Code") and the applicable regulations thereunder, in such a manner as to cause the Bonds to be "arbitrage bonds" within the meaning of said Code and the applicable regulations thereunder or fail to take any lawful action which would not cause the Bonds to be exempt from federal income taxes.

14. The City hereby designates the Bonds as "qualified project bonds" within the meaning of the Code for purposes of deduction of interest by financial institutions.

15. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same hereby are rescinded.

AYES: Members Arehart, Wiseman, Munger, Parr.
NAYS: Members None.
RESOLUTION DECLARED ADOPTED.

RICHARD L. COLETTA, City Clerk
I hereby certify that the foregoing is a true and complete copy of a resolution adopted by the City Commission of the City of St. Johns, County of Clinton, State of Michigan, at a Regular Meeting held on July 13, 1987, and that said meeting was conducted and public notice of said meeting was given pursuant to and in full compliance with the Open Meetings Act, being Act 267, Public Acts of Michigan, 1976, and that the minutes of said meeting were kept and will be or have been made available as required by said Act.

Sneak preview August 5

County residents offered early visit to ARTrain

Clinton County residents will get a sneak preview of ARTrain during an informal reception slated for Aug. 5. The opening reception will introduce local folks to this unusual art museum which is on tour in Michigan as part of the Sesquicentennial celebration.

ARTrain will give its visitors a rare opportunity to view parts of Michigan's past and present history. So far it has visited such cities as Lansing and Durand, and will appear in St. Johns for four days to the general public.

"This opening reception is a good

chance for people to beat the crowds and to mix and mingle with friends and state and local dignitaries," said Marilyn Newman, reception chairman. "We are definitely classifying this as a fundraiser to help defray the cost of bringing ARTrain to the community."

Those interested can purchase tickets to the reception at a cost of \$15 for singles and \$25 per couple. A \$50 donation buys some "track space" at the ARTrain site, plus admission to the reception.

The reception will be held at Capitol Federal Savings Bank's com-

munity room in downtown St. Johns from 6:30-8:30 p.m. St. Johns High School Orchestra Director William Tennant and some of his talented musicians will be on hand during part of the evening providing entertainment.

A highlight of the evening will be a drawing, featuring donated art works from the Clinton County Arts Council at 7:30 p.m. Items to be given away include: watercolors by Margaret Jopke of St. Johns, Jeanne Curtis of Owosso, and Florence Horn of Elsie; photograph with frame by Charles Coletta of St. Johns,

photographs by Paul McKinley of Carson City and Judith Bufkin of Grand Ledge; stoneware by Lyle Beeson of Alma; pottery by Jon Turry of DeWitt; wildlife art by Gijbert (Nick) VanFrankenhuyzen of Bath; a handwoven scarf by Mary Rappuhn of St. Johns; oil paintings by Maxine Strahle of St. Johns, Jeanne Coelius of St. Johns, Marrietta Troub of Alma, and Margaret Burk of Lansing; paintings by Gerald Thomlinson of Elsie, Margaret Hart of St. Johns, Bill Morris of St. Johns and Doris Jarrell from Laingsburg; and a dulcimer tape by Ernie Block of St.

Johns.

All those purchasing tickets to the reception are eligible to win.

Punch, coffee, and hors d'oeuvres will be served throughout the evening.

Newman's committee includes Tita Robertson, Jane Clark, and Nancy Wells.

To purchase tickets contact either the Clinton County Arts Council at 224-2429 or Maxine Strahle at 224-2957. Tickets will also be available at the door.

"For one price people can attend the opening reception, preview the

ARTrain, be entertained by local talent and also be eligible for an art drawing," Newman said.

ARTrain will be open to the general public beginning Aug. 6 through Aug. 9 and will be located on North Clinton Avenue at the railroad tracks near Countrymark. ARTrain will be open from noon to 7 p.m. on Thursday and Friday and from 10 a.m. to 8 p.m. Saturday, and 11 a.m. to 7 p.m. on Sunday.

ARTrain is being brought to Clinton County through the efforts of the Clinton County Arts Council and the St. Johns Rotary Club.

Community support makes ARTrain appearance possible

The appearance of ARTrain in Clinton County on Aug. 6-9 at the depot in St. Johns is garnering support and assistance from residents throughout the area. Arranging the facilities has been a mind-boggling job conducted by Rotarian Barry Dean with assistance from many fellow club members.

The St. Johns Rotary Club is co-sponsoring the event with the Clinton County Arts Council and is active in all aspects of the project. Bill Campbell of Countrymark is providing siding space for ARTrain during its stay at the depot location, while Mike Zigler of Community Electric is providing electrical work, Don Rademacher of RSI Construction is preparing ramps for wheelchair access, while Central Michigan Lumber is providing necessary loading equipment, and Pete Motz of Plum Line Landscaping plans to beautify the entrance area.

Chairman of the ARTrain steering committee, Carolyn Delavan, says Dee Morris, who heads the guides committee, is arranging for over fifty

volunteers to take time to attend training sessions and actually guide visitors through the exhibit for two-

Fundraising through the "sale" of 400 feet of track space needed to accommodate ARTrain's five

Fundraising, through the 'sale' of railroad track, has been supported by a variety of businesses and people. Support has come from all over the county.

hour periods during ARTrain's stay in St. Johns. She is assisted by Mr. and Mrs. Joe Yurek, the Rev. and Mrs. Mike Herman, Mr. and Mrs. Gary McCampbell, and Mr. and Mrs. Charles Coletta. Pasqua Warstler is lining up demonstrating artists while Krys O'Brien is arranging group tours on Thursday and Friday. Marilyn Newman is preparing the opening reception and Sue White is managing promotion for the project.

cars has been supported by corporations, businesses and individuals throughout the county. From Old Kent Bank of St. Johns' donation of \$500, Clinton Bank's donation of \$250, and Goff Food Store of \$200, to the purchase of one foot of track by youngsters such as Kileen and Abby White, daughters of Sue and Brandon White, support has been widespread.

Support has come from all parts of the county, including Research Tool Corp. in Ovid and Willard

Reed Agency in DeWitt. Ben Munger, member of both the St. Johns Rotary Club and Arts Council, has been a great help in the success of the fundraising project, as have Dan Redman, Barry Dean, Charles Coletta and Joe DiBlase.

In addition to support previously announced are the following \$50 donations: Dr. Don Koenigsnecht, Tricia and Doug Teust, Karen and Paul McNamara, Ken Kralik, Carolyn and Byron Delavan, Clean 'n Time, J.C. Penney, Dr. James

Grost, William and Dee Morris, Sealed Power Corp., Margaret and Paul Jopke, Bill and Joi Tennent, Dr. Mark Connally, Grand Gathering Restaurant, Paul's Party Store, R.E. Thompson, Bette and Benson Munger, St. Johns Ford, Jean Austin, Federal-Mogul Corp., Ron and Jeanette Huard, Kurt's Appliance, Exchange Club, Countrymark Elevator, Jeffrey Martlew, and Century 21 Real Estate.

Donations are still coming in and track space, as

well as tickets for the opening reception, are still available by contacting the Clinton County Arts Council, PO Box 254, St. Johns, or phone 224-2429 from 1-5 p.m. daily.

Michigan ARTrain's 1987 exhibition, "The Cranbrook Vision: Past / Present" is a reminder that Michigan has both the nation's only museum on a train and an internationally acclaimed design academy. The Cranbrook exhibition traces the history of the Cranbrook Academy of Art in Bloom-

field Hills, highlighting its role in the development of American design and decorative arts. Viewers will find it challenging and thought-provoking.

For example, many people do not associate curtain fabric with art. The exhibit is expected to elicit responses like, "That's not art, that's a chair," said Deborah Jahn, ARTrain Director of Community Relations.

Filled with metal sculptures, ceramics, fabric samples, display chairs to sit in and

futuristic silver tea service set. "The Cranbrook Vision" will prompt viewers to look for evidence of art and design in their everyday environments.

ARTrain is largely funded through grants from Michigan Council for the Arts and Kellogg Foundation.

An exhibit of art work by Clinton County Arts Council members will also be on the grounds of the depot, as well as demonstrating artists, a tot lot for young children, and cold drinks for everyone's enjoyment.

GARAGE SALE

Obituaries

George Passmore

BANNISTER George C. Passmore, 22600 W. Brady Rd., Bannister, died July 10, 1987, at Maple Valley Nursing Home in Ashley.

He was born in Saginaw on Dec. 11, 1900, the son of Luke and Barbara (Fry) Passmore.

He was married to Ella Van Norwick in Saginaw on March 22, 1924. She preceded him in death in 1967.

He had lived most of his life in the Saginaw and Bannister areas.

He was a retired farmer and a former Chapin Township board member.

Surviving are three sons and their wives, George and Evelyn Passmore of Fenmore, Gerald and Mary Ann Passmore of Mio, and Harold and Judy Passmore of Ferndale; one daughter and her husband, Edward and Geraldine Rabideu of Phoenix, Ariz.; 16 grandchildren and 26 great-grandchildren; one sister, Grace Risley of Saginaw; one brother, James Passmore of Burt. He was preceded in death by his grandson, Frank, five brothers and one sister.

Funeral services were held on July 13 at Carter Funeral Home in Elsie with the Rev. David LaBeau officiating. Interment was made at Ford Cemetery in Elsie. Arrangements were made by Carter Funeral Home.

The family suggests memorials be made to the American Lung Association.

Marriage licenses

Marriages for the following couples were issued by the Clinton County Clerk's Office during the week of July 6, 1987:

Jerome Edwin Weber 37, and Lorraine Marie Piggett 31; Michael Duane Taylor 35, and Denise Paula Lako 35; Michael Allen Tousey 41, and Mariann Jo Anthony 29; Chris Lawrence Cornell 36, and Diane Marie Martens

35; Scott Edward Powers 22, and LaQuita Gold Anderson 23; Barry Scott Moore 23, and Kathryn Ellen Bakita 18; David Paul Batora 22, and Barbara Ann Insko 18; George Washington St. Clair 65, and Dolores Florence Gilchrist 52; James Dana Low 29, and Karen Elaine Jones 31; Victor Lawrence Childers 38, and Eunice Judith Earns 45.

College news

Michelle Hart

Michelle Hart, daughter of Mr. and Mrs. Frank Hart of St. Johns, has been awarded a Presidential Scholarship to Valparaiso University where she will be enrolled in the College of Business Administration.

Salutatorian of the 1987 graduating class at St. Johns High School, Michelle was a member of the National Honor Society, Dionysion Society, and Concert Choir. She served as costume co-chairperson and treasurer for the theatre department. She is an active member of St. Peter Lutheran Church-

Michelle Hart Riley.

Valparaiso University, located southeast of Chicago in Indiana, was founded in 1859 and purchased in 1925 by the Lutheran University Association.

Glennard Baxter

NORFOLK, Ark. Glennard Baxter, 72, of Norfolk, Ark., formerly of Montana and Charlotte, died July 9, 1987, in Arkansas.

Mr. Baxter was a former Charlotte-area farmer, former employee of the Potteryville Elevator and Westwood Implement Company of Grand Ledge, and retired as a self-employed carpenter while living in Montana. He was a veteran of World War II.

Survivors include his wife, Julie; two sons, Gary of Onalaska, Texas and Daryl of Wacousta; two daughters, Sheila Baker of Chewelah, Wash., and Janice Baker of Wacousta; two brothers, Rodney of Sheridan and Bernard of Ionia; two sisters, Vive LeBarre of Carson City and Yvonne DeHart of Crystal; five grandchildren; and one great-granddaughter.

Memorial services were held July 16 at Peters & Murray Funeral Home, Grand Ledge, with the Rev. Floyd H. Nagel officiating. Military graveside services were conducted by the Cole-Briggs American Legion Post No. 48. Interment was in Oakwood Cemetery, Grand Ledge.

Contributions may be made to the Baxter Family Memorial Fund.

In the service

Mark Richey

Airman Mark Richey, son of Mr. and Mrs. Earl Richey, 13438 Hinman Rd., Eagle, has graduated from the aircraft armament systems specialist course at Lowry Air Force Base, Colo.

He is a 1986 graduate of Portland High School.

The course provides instruction for students to load nuclear and non-nuclear munitions, explosives and propellant devices on aircraft.

During the 13-week course, students were also instructed to maintain, install, modify and repair aircraft bombs and rockets.

Divorce decrees

Divorces for the following couples were recorded by the Clinton County Clerk's Office during the week of July 6, 1987:

Joseph, Nathan and Ruth;

Green, Michael and Teresa; Manshum, Darlene and Richard; Silvey, Dian and William; Howard, Michael and Rosemary; Mitchell, Charles and Mary.

In the service

David Hunt

Navy Lt. Cmdr. David Hunt, son of Darwin and Myrna Hunt, 222 E. Front St., Ovid, recently deployed to Northern Europe aboard the frigate USS Glover, homeported in Norfolk, Va.

A 1970 graduate of Ovid Elsie High School and a 1985 graduate of Southern Illinois University with a Master of Science degree in education, Hunt joined the Navy in Nov., 1970.

During the deployment, Hunt will visit Leith, Scotland; Kristiansand, Norway; Terneveen, Netherlands; Kiel, West Germany, and Portland, England.

England.

The primary mission of the deployment is to train midshipmen. The cruise will also afford the opportunity to undergo extended fundamental training with the British Royal Navy in Portland.

Connie Naseman

Airman Connie Naseman, daughter of Mr. and Mrs. Edward Naseman, 14297 Lehman Rd., Portland, has graduated from the U.S. Air Force production control specialist course at Sheppard Air Force Base, Texas.

Naseman's husband, Navy Chief Petty Officer 3rd Class Richard Runions, is the son of Roy Runions, 7621 S. Chandler, St. Johns.

The airman is a 1986 graduate of Pewamo-Westphalia High School.

During the course, students were taught inquiry and file maintenance procedures, automated management systems and civil engineer functions and responsibilities. They also earned credits toward an associate degree through the community college of the air force.

Christopher Taylor

Capt. Christopher Taylor, son of Keith and Linda Taylor, 3835 Tumbleweed Lane, De Witt, has been decorated with the Air Force Achievement Medal

at Grand Forks Air Base, N.D.

Taylor is a flight commander with the 448th Strategic Missile Squadron.

The Achievement Medal is awarded to airmen for meritorious service, acts of courage, or other accomplishments.

Kevin White

Navy Fireman Apprentice Kevin White, a resident at 801 E. State St., St. Johns, recently departed for a six-month deployment to the Western Pacific aboard the amphibious assault ship USS Tripoli, homeported in San Diego.

A 1986 graduate of Perry High School, he joined the Navy Reserves in Aug., 1986.

POSTAL EXAM EMPLOYMENT OPPORTUNITY CLERK-CARRIER (\$9.92 hr)

The LANSING Post Office and all other Post Offices in the 488 Zip Code area will be accepting applications for the Clerk-Carrier exam July 27 thru July 31.

The Clerk-Carrier position currently pays \$9.92 per hour plus excellent benefits. Serious postal candidates should begin preparing now because people are hired for these positions based on their exam score. You should not miss your chance to fill one of these highly desirable jobs.

POSTAL EXAM WORKSHOP ADVANTAGES OF ATTENDING

Our founder, Stephen McNally, is the foremost authority in America on gaining postal employment. His credentials are matchless. Mr. McNally is a former postal employee, has a Ph.D. in Education, author of 4 postal study guides, and has averaged 100% on 7 of the various postal exams.

Over 200,000 satisfied postal candidates have used Mr. McNally's methods. Most of these people were: a) seeking a higher paying job, b) desiring a secure future, c) currently unemployed. If you are in one of these categories you must attend this workshop.

"This workshop was well worth my time and money. Using Mr. McNally's techniques allowed me to score 100% on my first 3 Clerk-Carrier exams!" K.A. Summerfield, IL.

THE EXCLUSIVE PEPC DOUBLE GUARANTEE: 1. At the end of the workshop, if you do not think these methods will significantly increase your score, your money will be refunded. 2. You will enter into a written contract guaranteeing you a score of 95 or higher on the exam or your tuition will be completely refunded.

WORKSHOP TUITION IS \$40.00. Payable in cash, Visa Mastercard (no personal checks). This fee includes the 2 1/2 hour workshop, the textbook Clerk-Carrier which includes 3 complete tests, diagnostic practice exercises, tips to make you testwise and 10 additional practice tests.
