## CANDO survey's goal is keeping businesses happy

By RHONDA WESTFALL  
Associate Editor

Approximately 30 manufacturing firms in Clinton County will be contacted during the next several months as part of CANDO's participation in a tri-county program aimed at having existing businesses remain in the area.

In Clinton County, the campaign is being coordinated by CANDO Director Bill Dutton with assistance from the Regional Economic Development Team and Michigan Bell.

"It is a cardinal tenet of economic development that 80 to 85 percent of all new jobs created within a community will come from existing industry," Dutton says. "Because of that fact, it is vital to establish a viable, on-going business retention program."

The program, which was designed by Michigan Bell, will survey a total of 415 manufacturers in the city of Lansing and tri-county area. Already implemented in 25 other Michigan communities, the program has been very successful in pinpointing areas of concern for existing industry.

**DUTTON LISTS** a number of avenues which CANDO and the RED Team hope to explore by using the program, including gaining a better understanding of local businesses and determining their needs. The program will alert CANDO to problems which various businesses may be experiencing and, by acquainting the businesses with means of dealing with their problems, hopefully keep the manufacturer in the area.

"We also hope to establish a communication system between the business community and CANDO and improve the business climate by solving possible problems with help from both the private and public sector," Dutton says.

Local volunteers will make up individual survey teams responsible

for conducting interviews with the manufacturers. A wide range of questions will be covered in the interview process, including community and local government relations, labor conditions, business climate, and plans for future expansion.

County residents who will conduct the interviews are Ken Kralik, John Dove, Jim Burch, Don Rademacher, Tom Sullivan, Dick Johnson, Dyle Henning, and Dan Redman. Sara Welton of Consumers Power Company will also conduct interviews.

The interview process will be completed by early November, with work begun on interviews as they arrive in Dutton's office.

"We expect problems will fall into two general categories: immediate and long-term," Dutton says. "Immediate problems would be such things as public services and utilities, manpower training and availability, and financing."

"If something needs to be done in these areas, we would take care of it right away."

"Long-range concerns — taxes, workers compensation, business climate — will be compiled and a long-term strategy developed."

**DUTTON SAYS** the program will be positive for the community not only in the retention of local business, but will also generate greater involvement of both public and private sectors in economic development and enhance the credibility of total county development.

While Dutton is quite sure that all county manufacturers are on file to be interviewed, he recognizes the chance of overlooking one or two.

"It's possible that we may have missed somebody," he says. "If we have, manufacturing firms should contact us and we will be sure they have an interview date scheduled."

Dutton can be reached at Regional Economic Development offices, 224-5180.

## Curriculum on agenda

The St. Johns Board of Education is expected to adopt an elementary human sexuality curriculum (grades four and five) at its meeting on Monday, Sept. 28.

The curriculum has been under review since last year, and was a discussion item at the board's committee of the whole meeting last week.

The board is also expected to establish a special reserve fund for

the monies received from the recent sale of Central School. The \$48,500 total will probably be used to offset costs related to the sale.

Also at last week's meeting, St. Johns Public Schools received a "good report card" from the school auditors, according to Supt. Steve Bakita.

"They noted a few areas we should watch for, but there were no major problems," he says.

**PATIENCE** — Debbie Hebler has spent many hours training her German Shepherd, Remo, in preparation for Schutzhund trials. The new dog training program stresses obedience, protection and tracking skills.

## Dogs learn German style

By RHONDA WESTFALL  
Associate Editor

Schutzhund. That's "protection dog" in German.

Debbie Hebler and her husband, Paul, of rural St. Johns have become very familiar with the word Schutzhund during the past year. They are involved in the Schutzhund style of dog training and are members of the Mid-Michigan Schutzhund Club, located in Bath.

"Schutzhund is a form of dog training which originated in Germany," Debbie says. "It focuses on obedience, protection, and tracking skills."

Dogs and their owners take part in trials where the dogs are judged on their performance in tracking, obe-

dience, and protection. Dogs can advance to three different skill levels, beginning with Schutzhund I, the most elementary, to Schutzhund III, the most difficult.

**THE HEBELER'S** 2½-year-old German Shepherd, Remo Von Cher Car (who answers to the name Remo), successfully completed his trial for level one.

"We worked a lot of hours," Debbie says. "We spent hours practicing and worked on tracking every night. The whole program is very challenging."

Along with his Schutzhund I certificate, Remo is AKC obedience trained, is temperament certified as a companion dog (CD), and has a VB ranking — a German title for companion dog which means "traffic sure" dog.

Hebler Striker of Cher Car (Striker), the Hebler's other German Shepherd, will probably begin Schutzhund training also, but his owner is not too optimistic about his chances of making the grade.

"**HE JUST HAS** a different attitude," she says. "He's 15 months old, and I guess he just wants to remain a puppy."

The Heblers became aware of the program when they got Remo from Cheryl Carlson, who supplies German Shepherd dogs for the Michigan State University and Lansing City police departments. She began by

teaching her dogs protective skills, and got into the Schutzhund program after learning about it.

According to Debbie, the costs involved are minimal — basic equipment includes a tracking harness and leads, with entry fee for trials usually around \$35. Various shows and trials are held around the United States, but the Heblers prefer to enter those which are close to home.

**BESIDES THE CLUB** in Bath, there are only two or three Schutzhund clubs in Michigan.

"It's kind of a new sport, but it is growing in popularity," Debbie says. "We really enjoy working with our dogs — it's more than a hobby for us."

The enjoyment of training and working with Remo and Striker has been picked up by the Hebler's sons, Kurt and Brett.

"Kurt is planning to work with Striker in the 4-H dog obedience program this year," Debbie says. "4-H is where I became interested in training dogs, working with the leader dogs for the blind program."

The only problem Debbie has had in training Remo is that once he gets started, he doesn't want to stop.

"He just loves the protection part, and retrieving and tracking," she says.

Persons interested in learning more about the Schutzhund program should contact Cheryl Carlson at 322-2221.

## Bill Rogers has a 'gem' of a hobby

By LORA THOM  
Associate Editor

A walk through William Rogers' basement is guaranteed to turn heads.

Dinosaur tracks — about 225 million years old from the Triassic period, found in Granby, Mass. — make the geological period come alive in his underground world.

Rogers' personal collection is similar to a small museum's specimens. But this is more than a collection. This is learning — about dinosaurs, gems, minerals, and fossils — about science.

The thrill of discovery captured the retired St. Johns car hauler, Roberts, 72, and his wife, Bessie, in 1966.

"Our hobby started because we enjoyed traveling to promote lively scientific field trips, when she began to collect Potosky stones on the beach up north, west of Stanton," explains Rogers.

"**AT FIRST**, I wanted to discontinue this hobby because it was hard to identify fossils, minerals, and the like," says Rogers.

"But we enrolled in geology classes, seminars, gem and mineral clubs, met geologists through these organizations who helped us identify our remains, and we use such sources as the Index Fossil of North America," says Rogers.

Through enhanced knowledge and appreciation of gemstones, fossils, and minerals, Rogers is able to discuss how they were formed in

nature, the history, legends, and mystiques of the specimens.

Rogers and his wife have traveled throughout the midwest to display their specimens at gem and mineral shows for 12 years. "To use the old cliché, being in the right place at the right time, has enabled me to buy and trade some fascinating rare fossils, gems, and minerals from all

across the U.S.," says Rogers.

Wherever Rogers and his wife travel or go on fossil digs in the midwest, the exhibitor, collector, and dealer is not content to keep science in his basement.

**HE APPROACHES** his studies, research, and teaching as a means of helping people come to a better understanding of science.

Rogers' driving motivation to promote a better understanding of the sciences led him to become involved in gem and mineral shows to bring together groups of dealers in Michigan to learn more about the history and formation of the great stones.

In 1978, he joined the Rock and Gem Club of Flint. He is also an active member of The Wonderland Rock Club, and is an assistant state director for the Midwest Federation, a mother club of the gem and mineral societies for the Lansing, Jackson, Claire, and Chippewa clubs.

Behind all of his work, however, is a motivation to teach. Rogers is also a lapidary who specializes in star ruby polishing. Through demonstrations and presentations, he sells cut stone, rough and slab material, as well as other supplies for jewelry making and lapidary work at rock club shows.

"**I IDENTIFY** myself strongly with demonstrations as a means of getting across the message that science is a part of life," explains Rogers.

According to Rogers, he likes to challenge someone's thinking. Science is not just subject matter, but a particular way of thinking. "It's educational and exciting; it makes me swell up like a toad," claims Rogers.

"I used to think I would die if I couldn't travel to collect fossils or gems," says Rogers with a chuckle.

Now that he has been retired for 13 years, he plans to continue his hunt for remains and to participate in many more gem and mineral shows.

Rogers life has been enriched through his creative achievement to develop his full potential through his educational desire to collect and identify rocks, minerals, fossils, and to advance his lapidary work.

"I like to arouse other people's interest in what I do," says Rogers.

## Coordinator had great experience

To the Editor:  
THANKS! Yes, thanks for the increased support Clinton County residents have given to Clinton County Special Olympics over the past four years that I have been coordinator.

I would like to take this opportunity to introduce the new coordinator — Mike Watson. He can be reached at The Clinton County Intermediate School District or through the Special Olympics address which remains the same: P.O. Box 335, St. Johns, MI 48879.

I'm sure Mike and the rest of the volunteers would appreciate your continued support as they gear up for another exciting, challenging year. They can always use extra people — call and share in a rewarding experience for yourself and the athletes.

As I leave the area to pursue a new job, I take with me the many memories of great experiences and people I have met in the St. Johns area who made Special Olympics so rewarding for me.

## Says thank-you to Cardy family

To the Editor:  
I would like to thank the Arthur Cardy family for helping me and my son to restart a life and be there for us since the death of their son and brother, Douglas Cardy. Time has been short since God took our loved one away, but their love and help has made our loss easier to bear.

A special thanks to their son, Chip, for helping a young boy and talks we had to help us understand why way things happen the way they do and to let us help with the work.

God bless you all and thank-you.

## Dillingham Comments Challenges

By Fred Dillingham

Tom Peters, the famous management expert who wrote "In Search of Excellence" and "A Passion for Excellence," made some eye-opening statements in Detroit recently.

He said America's business reputation is going down the tubes with GM leading the way, and compared our products with the Japanese products of the '50s, when "everything was made of bottle caps."

To have a nationally-known author and expert make that kind of statement hurts.

But it is just the tip of the iceberg. Consider some of the other statements made in the media about Michigan's business climate over the past month.

Michigan's business failures were up 16 percent in the first six months of 1987 and business starts were down 9 percent.

Even west Michigan — where state businesses are faring the best — have seen companies like Rockwell International of Allegan, Rospatch of Grand Rapids, and Hastings Manufacturing of Hastings, move their jobs to Iowa, North Carolina, and South Dakota.

David Verway, senior economist at Wayne State, says Michigan has had a "blah" year and it is still rough up ahead. Nationally-known futurist Marvin Cetron agrees. He surveyed 80 business owners about potential locations and 60 said flatly they would not locate in Michigan.

### More studies are necessary

To the Editor:  
Rep. Henry A. Waxman of California, chairman of the House Sub Committee in Health and Environment, held hearings June 19 on Rep. Douglas H. Bosco's anti-food irradiation bill, H.R. 956.

One of the best witnesses at the hearings was Dr. S.G. Srikantia, former director of the National Institute of Nutrition, Indian Council of Medical Research in Hyderabad, India. He testified that in the early 1970s the Atomic Energy Agency of India asked for government clearance to irradiate wheat.

The Ministry of Health asked the National Institute of Nutrition to conduct further research as to health safety.

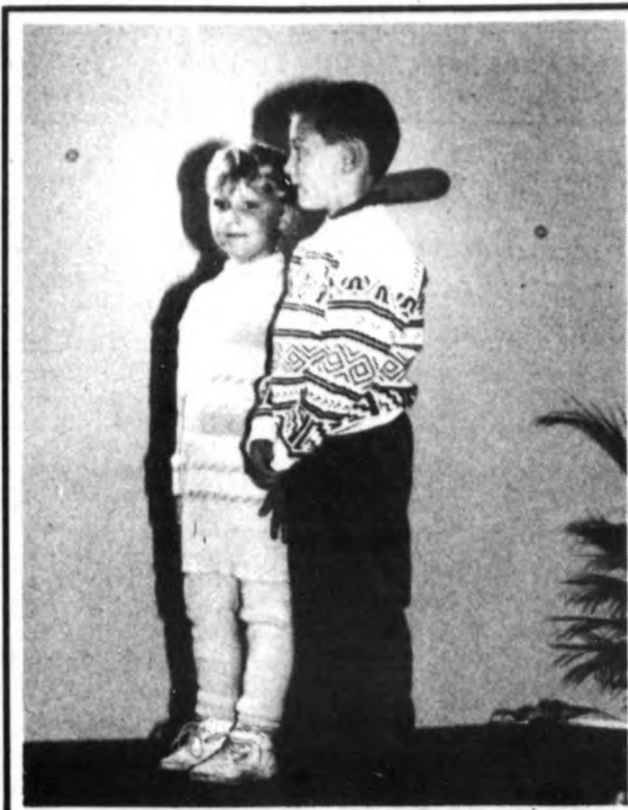

1973 studies began - mice, rats, monkeys, and undernourished children were in the test. The findings were when fed fresh irradiated wheat, rats and mice showed increased levels of polyploid cells in the bone marrow. Monkeys and undernourished children showed elevated levels of polyploid cells in circulating lymphocytes. And mice showed evidence of dominant lethal mutations.

There were three U.S. scientists who gave equally powerful testimonies against food irradiation.

Foods that are irradiated at present must be labelled with a written warning and a logo.

The present regulation is due to expire in April 1988. Please write your representatives and senators to request that foods should not be allowed to be radiated until many more studies are conducted.

## Westphalians show support

An outpouring of support from persons in the Westphalia area resulted in over \$6,500 being raised for the benefit of the family of Esther Simon.

Esther, owner of Simon's Flower Shop in Westphalia and active member of the community, died on July 25 following a prolonged bout with cancer.

A number of her friends joined together to organize a benefit breakfast/raffle which was held in Westphalia on Sept. 13. Over 715 breakfasts were served during the course of the event, with the monies raised going to the Simon family to help with medical bills incurred during Esther's illness.

"We wanted to do something for her," committee member Michelle Fedewa says. "She was always doing things for other people when they were in need. We were very pleased with the results of the fundraiser." According to Fedewa, the committee told Esther about their plans for the breakfast before her death last July.

"When we told her our plans, she said, 'How will I ever be able to thank everybody?'" Fedewa says. "We told her it was something that we knew people wanted to do for her — they didn't need to be thanked for it."

Along with Fedewa and her husband, Glen, other committee members included Aggie Stump, Bruce and Sharon Arens, Ron and Kay Arens, Mark and Beth Simon, Sandy Martin, Kurt Mabie, Karen Caldwell, Paul and Lucille Fedewa, Donna Droste, Gladys Rademacher, Kathy Simon, Ed and Carolyn Weber, John and Millie Droste, Kate Hanses, Tina and Dave Smith, and Marilyn Smith.

"It's in the Bag"  
by Bob Beck

Food marketing today cannot leave much to chance. Step-by-step ... from product creation through manufacturing ... packaging ... distribution ... advertising, it's a painstaking process. Then finally, bingo, the cash register rings and somebody wins.

The fact is if the job is done right, just about everyone wins - the manufacturer, the wholesalers, the retailers and MOST IMPORTANT ... YOU THE CONSUMER. Many people shop the same store out of habit. However, smart shoppers and curious people do things differently. They have learned to read our ads and then check us out. Are they happy with the results? Why not ask them, or better still, drop by and see for yourself.

Today, practically everyone recognizes the necessary role advertising plays in food retailing, even the homely hen, which we feature with humor in this passage.

"The codfish lays ten thousand eggs.  
The homely hen lays one.  
The codfish never cackles to tell you what she's done.  
And so we scorn the codfish, while the humble hen we prize, which only goes to show you that it pays to advertise."

It also pays to shop Beck's. Remember, read our ad every week ... we practice what we print. Come see!

## Arts council needs a home

Due to lack of exhibit and art class space, the Clinton County Arts Council Center is currently looking for a new home.

"We appreciate the space DeWitt Potter Jon Tury has donated for our use during the past year and a half, yet we are feeling growing pains caused by the lack of additional space," says CCAC Executive Director Kaye Pilmore.

This, along with additional changes in their situation, has brought Arts Council President Ernie Block and the board of directors to the decision to search for a new location to house their many activities.

"The support and participation the arts council

has received from throughout the county has been tremendous, and certainly emphasizes need for the arts council to continue to expand their activities and projects," says Pilmore. "Therefore, we felt the community should have in-put in determining any relocation we undertake."

The council directors would like to receive suggestions, offers, and comments from people throughout the county regarding this endeavor.

For more information, call 224-2429 Monday through Friday between 1 and 5 p.m. or write to Clinton County Arts Council, 1100 N. Clinton Ave., St. Johns, MI 48879.

**PEDESTRIAN SAFETY AWARD** — Mayor John Arehart (left), and Chief of Police Lyle French hold the American Automobile Association Pedestrian Safety Award. The citation was given to St. Johns because of low injury totals, and no pedestrian fatalities in 1986. Mayor Arehart accepted the award Sept. 14 at the city council meeting.

**WEEKDAY CLASSES** at St. Johns Lutheran Church in St. Johns have a new format this year. Classes and Bible studies are available for children beginning at grade three, with studies for high school and adults also.

## Mint committee receives awards

St. Johns Area Chamber of Commerce held a business community luncheon Sept. 17 at the First Congregational Church.

Virginia Shawnee, vice president of The Ambassador Group, presented certificates to the members of the 1987 Mint Festival Steering Committee for their dedication and participation which made the local event a huge success.

Skip Hughes of Sealed Power, 1987 chairperson of the Steering Committee, presented certificates to

the chamber's Events Committee chairpersons, major contributors, and supporters.

Jane Aldrich, anchor-woman for TV Channel 6, was the speaker for the luncheon. Aldrich received certificates to the bachelor's degree in speech and theatre from Alma College.

Aldrich's speech was on the topic of her career and responsibilities. A question and answer period followed her speech in which the audience addressed challenging questions to her.

## Family Weekday School underway

Taking its cue from the theme song "Brothers and Sisters in Christ," St. Johns Lutheran Church in St. Johns launched its Wednesday evening Family Weekday School last week.

This year, the congregation is stressing the weekday school as a time for the entire family to gather together for fellowship and study of God's word.

Wednesday evening events begin with a fellowship supper at 5:30. Following at 6 are classes for students in grades three through eight, with youth group and adult studies beginning at 6:30.

Under the direction of Lynn Webster, the youth will spend an hour in "Youth Rap." Adults will begin a study of the book of Ephesians under the leadership of Darrell Kadelsik.

At 7, the children will gather in the church sanctuary for a half-hour of music, directed by Judy Gleason. Pastor Ralph Schmidt will lead the entire group in a closing informal service at 7:30, with the evening concluded by 8:15.

Babysitting is provided for children under third grade so that entire families may gather for the evening.

A variety of adult studies are planned for the coming year, including Bible studies, topical discussions on teaching pre-schoolers, raising teenagers, and building on the strengths of singles. Community members are invited to participate in the weekday school.

For more information, call the church office at 224-6796.

### Fall cleaning

By Dawn Harris

Now that the kids are back in school many parents are using those few quiet hours to fall house clean. To help make house cleaning a little less expensive and convenient, I have included a few old-fashioned cleaning ideas in my column today.

Vinegar makes an ideal solution for washing windows or mirrors. Add 2 tablespoons vinegar to 1 quart of warm water. After washing with a soft cloth or sponge, rub dry and polish with crumpled-up newspapers. Vinegar may also be used to brighten aluminum pans. Bring water-filled pan and several tablespoons vinegar to boil in the pan. Rinse and dry it. It will be beautiful.

Baking soda is a food product that may get more use today as a kitchen deodorizer. Washing the inside of the refrigerator with a solution of baking soda and water will make it smell sweet and fresh. Putting about one-half cup in an open container in the

refrigerator will help keep it that way. Pour it down the kitchen drain at the next cleaning and replace with another one-half cup of soda.

Salt has too many household uses to mention more than a few. It has been used for years as a remover of burned-on food in enamel pans. It also works equally well on glass and ceramic baking dishes.

Salad oil is excellent for retaining moisture in wood products such as salad bowls and chopping blocks.

Finally, cast iron and tin have come back into vogue and with them the rust problem younger people are unfamiliar with. Iron and tin utensils rust when not thoroughly dried. Remove rust with steel wool or scouring powder, wash and dry pans thoroughly, and rub treated areas with saltless fat or oil. Store in a dry place.

## 4-H events

### Buyers appreciated

4-H members who sold animals at the annual 4-H Livestock Sale during the 1987 Clinton County 4-H Fair hosted over 230 of their buyers and guests to a special appreciation dinner Sept. 15.

The meal was prepared by members of the 4-H Livestock Committee and their spouses and was served by the committee and several of the member's parents. The menu for the evening included roast beef, roast lamb, ham, baked potatoes, and salad, and was topped off by pie and coffee. Margaret Schaefer, a leader in the Riley Ramblers 4-H Club, served as the dinner chairman. She was assisted by Pat Kuenzli, Marilyn Kissane, Karen Grams, Doris Swanson, Karl Schaefer, Charlie Silm, and many others.

Following the meal a brief program was held with John Kuenzli, a member of the Stoney Creek 4-H Club, serving as the master of ceremonies. The invocation was given by Matt Brocker from the Olive 4-H Club. Terri Grams from Clover Patch Kids offered a special "thank-you" to all of the sale supporters.

4-H members whose animals were selected for Grand Champion Awards at the fair presented traveling trophies to the buyers of those animals. Jim Hansen from Bath All Purpose and Ann McCollor from the Eagleites presented the trophies for Champion Market Steer and Champion Market Lamb, respectively, to Dennis LaForest from Krogers in St. Johns. Ken Baese from Goff Food Stores accepted the trophies for Champion Veal Calf and Champion Market Hog from Wayne Smith and Christopher Smith.

Dale Kuenzli, Carcass Show chairman, presented trophies to Kendra Phinney from Stoney Creek 4-H Club for the Champion beef carcass; to Doug Thelen from Pewamo Producers 4-H club for the Champion hog carcass; and to Ann McCollor for the Champion lamb carcass.

During the program, each 4-Her in turn took the microphone to publicly thank the buyers of their animals.

The buyers dinner is an annual event put on by the livestock committee.

Theresa Silm is the 4-H youth agent for the Clinton County Cooperative Extension Service.

## Youth win trophies

Clinton County 4-H members did well at the annual Michigan 4-H Dairy Days program at Michigan State University in mid-August.

Howard Straub won the first-place trophy in the DHIA Dairy Production Contest. His cow had an annual milk production record of 29,827 pounds with 1,088 pounds of butterfat. Howie is very proud of this production award, as he should be. The second-place award went to a Sanilac County 4-H member whose cow had a 23,761-pound production record.

Dana Kirk, a member of the Scattered Southeast 4-H Club, won first place in the Junior Division of both the Demonstration Contest and the Dairy Foods Contest.

Anne Huhn, a member of the Wooden Nichols 4-H Club, placed second in the Senior Division of the Dairy Demonstration Contest and also placed sixth in the Speak Up For Milk Contest.

Tammy Adair exhibited the Senior and Grand Champion Ayrshire and her brother, Scott Adair, won the award for the Senior and Grand Champion Milking Shorthorn.

The purpose of the Dairy Days event was to give 4-Hers a chance to display and match their skills in various contests and activities and we are very proud of how well they did at this event.

**Farming's future on tap**

By GILES ROEHL  
County Extension Director

The experts agree, agriculture is in a level phase. After approximately several years of decline, the roller coaster prices appear to have stabilized.

But what is ahead? To find out, come to the "Future of Agriculture in the '90s" meeting Tuesday, Sept. 29, at 8 p.m. in Smith Hall.

The program should be of special interest to everyone in Clinton County, especially those who own land or are full- or part-time farmers.

What can Clinton County expect for agriculture in the next 10 years? To answer this question, two agriculture economists from Michigan State University, Dr. Mike Kelsey and James Mulvaney, will present up-to-date information.

Dr. Kelsey recently attended a seminar where many of the top U.S. agriculture economists brought into focus what

history has told them and is now telling them will happen.

He also attended the North Central Agriculture Economic Outlook Meeting recently in St. Paul, Minn.

Kelsey will pull together this information and blend it with his own knowledge and experience to explain what we can expect from agriculture in the next 10 years.

Jim Mulvaney has been working at MSU in developing and operating the Michigan Farm Record systems called Tel-Farm and Micro-Tel. He will use this information with special emphasis on the Clinton County records and project where Clinton

County may be at in another 5 to 10 years.

Who will own the land? Who will farm it? How will they get their finances? Agriculture is in a very transitional period, just as it was after the Civil War, World War I and II, and the Korean Conflict. It will be different.

Also this month, Clinton and Shiawassee counties and city officials are invited to an informational meeting on the potential threat of the insect called gypsy moth. The meeting is scheduled at the Ovid-Elsie High School at 7:30 p.m. Thursday, Sept. 24. For more information call the Cooperative Extension Service at 224-5240.

## MMB

### Redwings tally 41-0 win over Ovid-Elsie

By RHONDA WESTFALL  
Sports Editor

Depth. Talent. Speed. Size. St. Johns combined all four ingredients — and committed virtually no errors — in an opening MMB home football win with Ovid-Elsie last week. The meeting between the two unbeaten teams saw St. Johns up its record to 3-0 by virtue of the 41-0 shutout.

The Marauders' record stands at 2-1. "They (St. Johns) just had too much speed for us," O-E Coach Dennis Baratono said, "and they didn't do anything wrong. I was really impressed. They had a good game plan and took advantage of our weakness — we just got beat."

From the opening quarter when St. Johns scored two touchdowns, down to the final gun, the Redwings seemingly could do no wrong. They were penalized three times for a miserly 15 yards — lost no fumbles — threw no interceptions.

"On this particular Friday night, we were the dominant team," Redwing Coach Bart Kjolhede said. "Our defense gave us the ball in good position and we dominated at the line of scrimmage — that's something we like to see."

ST. JOHNS PUT their first points on the board midway through the first quarter following a 14-play drive that began on their own 23-yard line. Quarterback Matt Wilcox dove in from the 1-yard line for the TD after completing a long pass to Tom Penix earlier in the drive.

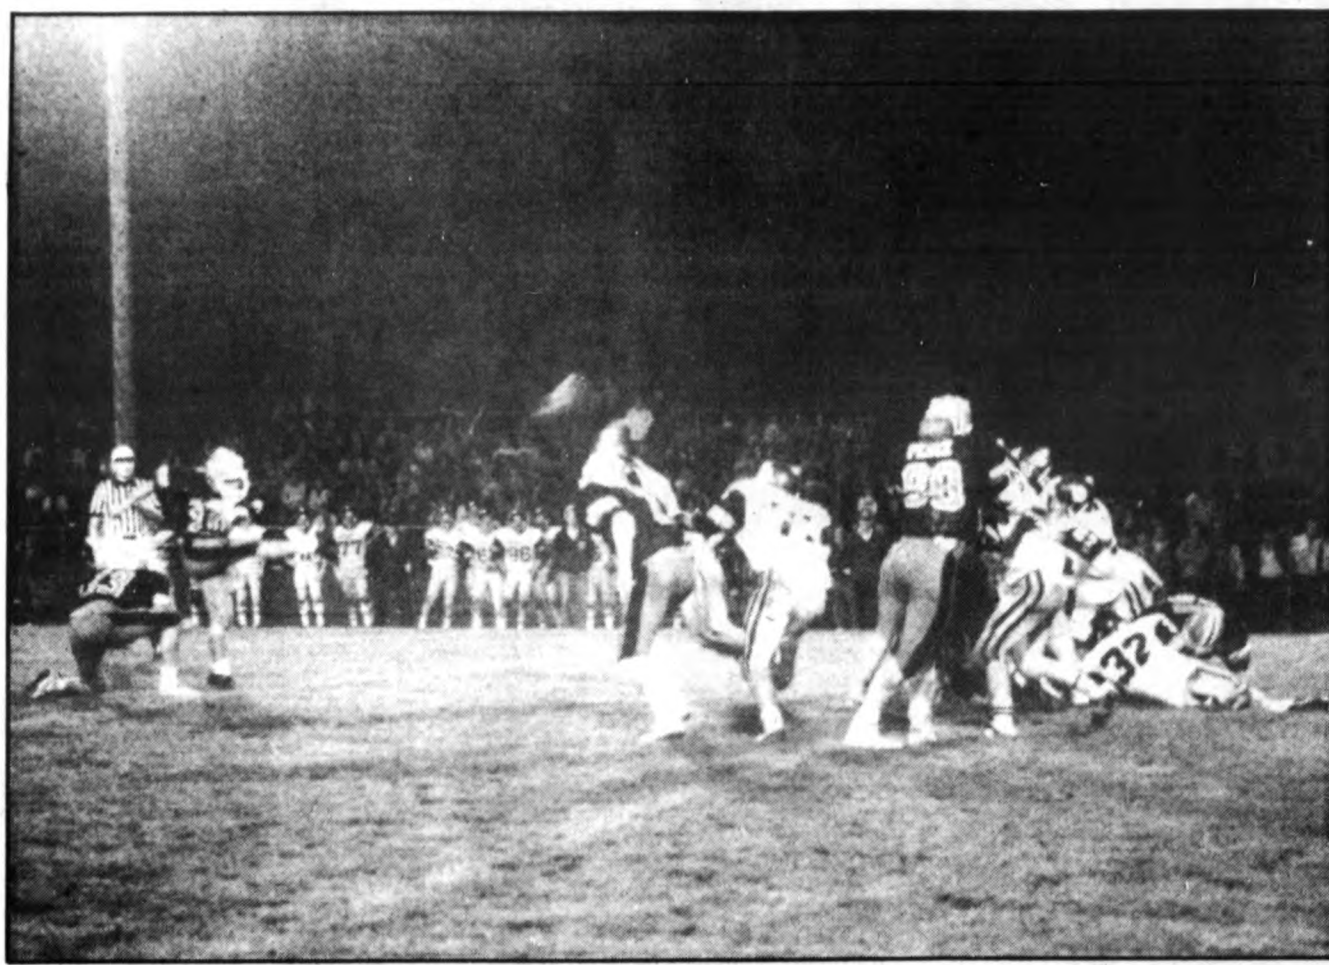

The Redwings got a break on the Marauders' ensuring series when Scott Aylsworth forced an O-E fumble. Randy Trayer picked the ball up in mid-air and rambled down to the Marauder 25-yard line, giving the Redwings excellent field position.

A completed pass from Wilcox to Penix covered the 25 yards quickly, and a 2-point conversion option to Bob Paksi put St. Johns on top 14-0 with time running out in the quarter.

Second quarter action saw St. Johns capitalize on a short Ovid-Elsie punt to take possession of the ball on the Marauders' 24-yard line. A short gainer by Paksi and two carries by Dale Feldpausch earned a TD for Feldpausch at the 4:13 mark.

The Redwings got the ball back once more with 1:27 showing on the clock and drove from their own 46-yard line on long yardage gains by Paksi. A 5-yard TD reception by Penix completed scoring and sent St. Johns into the lockerroom with a 28-0 halftime lead.

OLIVER KESSLER boots a 35-yard field goal through the uprights for St. Johns in last week's game with Ovid-Elsie. Kessler, an exchange student at SJHS from Switzerland, had a pair of 35-yard field goals for the Redwings in the contest. The soccer-style kicker had never played in a high school football game before coming to the United States this year.

the board. The Swiss exchange student kicked two field goals in the period — both for 35 yards — to make the score 34-0 at the close of the quarter.

Vince Towne tallied the Redwings' final points of the night, scoring a touchdown in the fourth quarter which capped a 9-play, 73-yard drive.

Offensive totals showed the Redwings with 267 yards rushing and 72 passing for a total of 339 yards. The Marauders had 164 total yards and 6 first downs.

Paksi was again the leading ground-gainer for St. Johns, picking up 134 yards on 19 carries.

"Give Dwight Pierson and Jim Martens credit for doing a tremendous job blocking for Paksi," Coach Kjolhede said. "They really paved the way."

PIERSON HAD 30 yards on 7 carries, Feldpausch netted 81 yards on 5 carries, Towne had 19 yards on 6 carries, and Mike Fitzpatrick had 22 yards on 3 carries. Wilcox was 4-13 passing, and Penix had 3 receptions for 57 yards.

"Defensively, Trayer did a great job at linebacker," Kjolhede said. "Our whole defense played really well."

For the Marauders, Rick Coleman had 64 yards on 14 carries and Ryan Alexander caught 2 passes for 39 yards.

Defensive stats for O-E showed a variety of players with big tackles: Joe Komoro (11), Coleman (9), Paul Bremmer (8), Mike Stoneman (9), Kevin Nash (5 tackles and 2 sacks), Chris Good (7 tackles and 1 sack), Kyle Huss (6 tackles and 1 sack), Wayne Kennedy (6 tackles and 2 sacks).

Ovid-Elsie travels to Ionia for a MMB game this Friday, while St. Johns goes to Chesaning to face the 1986 MMB champs.

"They (Chesaning) are well coached and have a good offense and a good defense," Kjolhede said. "This is a game we have to win if we're going to win the league title. We're going to have to play a good football game — and make no mistakes."

### Homecoming win

## Bears grow!

The Ashley Bear football team celebrated Homecoming last Friday night with an impressive 21-6 victory over Morrice. The win puts the Bears at 1-0 in the Mid-State Athletic Conference.

The Bears scored first when they took the opening kickoff and marched downfield. Aaron Burk took the ball in from 3-yards out for the touchdown and the 2-point conversion pass from John Hendricks to Steve Hardman was good, making the score 8-0.

With just one minute left in the first quarter, Burk blocked a Morrice punt, giving Ashley possession of the ball inside the Morrice 20-yard line. Tom Lamey's 6-yard run at the beginning of the second quarter gave the Bears a 15-0 lead. The extra-point attempt by Willie Bywater was no good, and the 15-0 score stood at the half.

"We talked hard in the lockerroom at halftime about not letting down," Coach Sherm Hazelton said. "We wanted the win."

Morrice put their only points of the game on the board on their third play from scrimmage following Ashley's kickoff after halftime. Tony Seconsky went 50 yards up the middle for the touchdown, making the score 15-6.

The final Bear touchdown of the contest was set up by a Frank Deming interception in the fourth stanza, giving Ashley the ball on the Morrice 35-yard line. Three plays later, Lamey took the ball in from 2 yards out for the TD. The extra point attempt by German exchange student Chris Ulleweit was no good.

Ashley had 7 first downs in the game, picked up 38 aerial yards completing 3-3 passes, and rushed for 177 yards. Burk was the leading Bear ground-gainer, picking up 97 yards on 20 carries. Lamey had 43 yards on 14 carries.

"Going into the game we wanted to control the ball and sustain our drives — that's pretty much what we did," Hazelton said. "Our defensive coach, Bud Howes, really worked with the kids on defense all week. He really did a good job."

Russell Klatt led the defense with 4 solo tackles and 6 assists. Klatt also was crowned Homecoming King during halftime festivities, with Shelly Felton selected as Queen.

The Bears face Webberville at home this Friday in another Mid-State contest.

## Fulton gridders win CMAC battle at Bath

The Fulton football team kept their perfect record intact with a 20-3 win over Bath last Friday night. The win gives the Pirates a record of 3-0 overall and 2-0 in the expanded Central Michigan Athletic Conference.

A field goal by Bath in the first quarter proved to be the only points the Bees could score all night, as Fulton stopped several drives and took advantage of Bath miscues.

The Pirates got their initial points of the game in the second quarter when Ben Burk intercepted a pass and returned it 50 yards for the touchdown. The 6-3 Fulton lead stood at the half.

Sophomore Tom Cecchini made the score 12-3 when he went 35 yards off tackle in the third period. The Pirate drive went 80 yards and took 7 plays.

Fourth quarter scoring saw Chris Barrus sack Bath quarterback Jeremy Spagnuolo in the endzone for a safety, and Burk tally six more points on a 7-yard run at the end of the game.

Jan Mahler snagged a Bee pass in the third quarter to help stall a Bath drive.

Offensively, Cecchini had 105 yards on 20 carries — giving him a total of 550 yards in just three games. Burk had 50 yards on 11 carries, John Gallagher had 57 yards on 11 carries, and Jason Langdon had 25 yards on 7 carries.

Gallagher and Tony Reeves each had 12 tackles to lead the Pirate defense.

"The whole defensive line played a very good game," Pirate Coach Randy Lark said.

The Pirates have their work cut out for them when they travel to Potterville this Friday for another CMAC contest. Potterville is also unbeaten at 3-0 and rated in the state poll.

## Ashley earns second half cage victory over Fowler

In a bitterly fought basketball contest played on Ashley's home court last week, the Bears took a 42-36 win from Fowler. It was the first loss of the season for the Eagle cagers who defeated Laingsburg earlier in the week 53-30.

Fowler jumped out to an early 7-2 lead at Ashley, with the Bears narrowing the gap to 7-5 by the close of the first period. The Eagles took a slim 15-14 advantage into the lockerroom at the half.

Ashley Coach Carl Wayer's club employed an aggressive man-to-man defense in the third stanza, outscoring Fowler 14-5 in the period to take a 28-20 lead going into the final period.

The Eagles cut the margin down to just 2 points at one time in the final quarter, but Ashley maintained the lead. With time running out, Fowler was forced to send the Bears to the free throw line and Ashley came away with the win.

Chaunda Shaw led all scorers for Ashley with 14 points. She also had 5 assists. Sherry Kral had 10 points, 7 assists, and 5 steals for the Bears; Jami Plesko had 6 points, canning big free throws down the stretch; Lisa Wingle had 5 points, 6 rebounds, and 3 steals; and Angie Felton had 4 points and 2 steals.

Senior forwards Mary Jo Simon and Mary Kay Jandernoa each had 11 points for Fowler to lead their team.

In their Tuesday night CMAC contest with Laingsburg, the Eagles led from start to finish. Simon paced the Eagles with 17 points, Jandernoa had 8 points, and Renee Ruhl had 11 rebounds.

The Eagles have two CMAC games this week, playing at Saranac tonight (Sept. 22), and at Portland St. Pats on Thursday. Ashley begins their Mid-State Athletic Conference season tonight with a home game versus Byron. They travel to Ithaca on Thursday for a non-league rematch.

## Pewamo-Westphalia unbeaten at 4-0

The Pewamo-Westphalia girls basketball team gave Pirate fans something to cheer about in two home cage wins last week. Coach Carol Rademacher's squad defeated Fulton 74-31 in their CMAC season opener last Tuesday, and went on to best Ovid-Elsie 54-44 in a non-league Thursday night game.

"Everything we happened to do went well in the game with Fulton," Coach Rademacher said. "All 12 girls played well."

Fulton Coach Ron Merritt shared the same opinion of the game.

"We were very impressed with P-W," Merritt said.

"They have quickness, good zone pressure, and overall fine basketball ability."

Balanced scoring gave P-W a 22-6 lead at the end of the first quarter and allowed them to increase their lead to 44-14 by halftime. P-W also outrebounded Fulton 49-26.

Leading scorer for P-W was Amy Hengesbach with 18 points. She had 5 rebounds and 4 steals, playing what Coach Rademacher said was "her best game of the year."

Shirley Thelen had 12 points, 6 rebounds, and 6

assists; Sandy Simon was good for 11 points and led in rebounds with 9 boards; Keri Nurenberg combined 8 points, 5 rebounds, 6 steals, and 5 assists for a good all-around game; Sandy Martin had 9 points and 6 rebounds; and Lori Arens came off the bench to tally 6 points and 4 rebounds.

Dee Gardner's 9 points was high for Fulton.

The Pirates win over Ovid-Elsie saw them ahead 30-25 at the half in a game that Coach Rademacher was not comfortable with.

"We were afraid that they (O-E) could go on a run anytime," she said.

However, P-W outscored the Marauders in each of the final stanzas to take the win.

Simon was the leading Pirate scorer with 19 points and had 13 rebounds and 4 assists. Nurenberg added 12 points and 6 rebounds; Thelen had 10 points and 6 assists; Hengesbach had 7 points and 6 rebounds; and Martin had 6 points and 8 rebounds.

The Marauders were paced by Kristen Gibbons who had 16 points including two 3-point baskets.

"She (Gibbons) was the first person this year to score a three-point basket against us," Rademacher said. "She shot well."

In Fulton's other outing last week, Coach Merritt's team rebounded to claim a 64-42 decision from Ithaca. Fulton's second-quarter press flustered the Yellow-jackets and allowed the Pirates to build a 32-21 halftime lead.

Lori Helman paced Fulton with 19 points and 17 rebounds, while Lynda Lynch added 11 points to the Pirates' total and Gardner had 12 points.

Fulton has two home CMAC contests on tap this week, meeting Bath tonight (Sept. 22) and Potterville on Thursday.

Pewamo-Westphalia also will play two league games, tonight versus Laingsburg and Thursday with Bath.

## Swim season underway at SJHS

The St. Johns girls swim team, coached by Fred Meyer, sports a 1-2 dual-meet record with just two weeks of the 1987 season gone by, and placed fourth at the Waverly Relays last week.

The Redwing tankers earned a 111-59 win over Lansing Everett, dropped a close 88-81 decision to Holt, and lost 104-67 to Okemos. The fourth place finish at the Waverly Relays saw St. Johns end with 118 team points, while East Lansing placed first with 183 points.

"The whole team has had good performances in our meets so far," Coach Meyer said.

First place finishes in the Holt meet were earned by the 200 medley relay team of Christine Welch, Molly Cooper, Kim Bauer, and Erin Masarik (2:09.46); 100 butterfly, Carla Dudash (1:07.9); 100 freestyle, Masarik

(1:03.68); and 100 breaststroke, Cooper (1:23.5).

First place winners versus Everett included: 200 medley relay — Welch, Jennifer Baatz, Masarik, Bauer; 200 IM, Bauer (2:32.26); 50 freestyle, Masarik (28.72); diving, B. Serrine (148.10); 100 butterfly, Dudash (1:08.09); 100 freestyle, Masarik (1:04.4); 100 backstroke, Welch (1:14.06); 400 freestyle relay — Dudash, Cooper, Welch, Bauer (4:19.53).

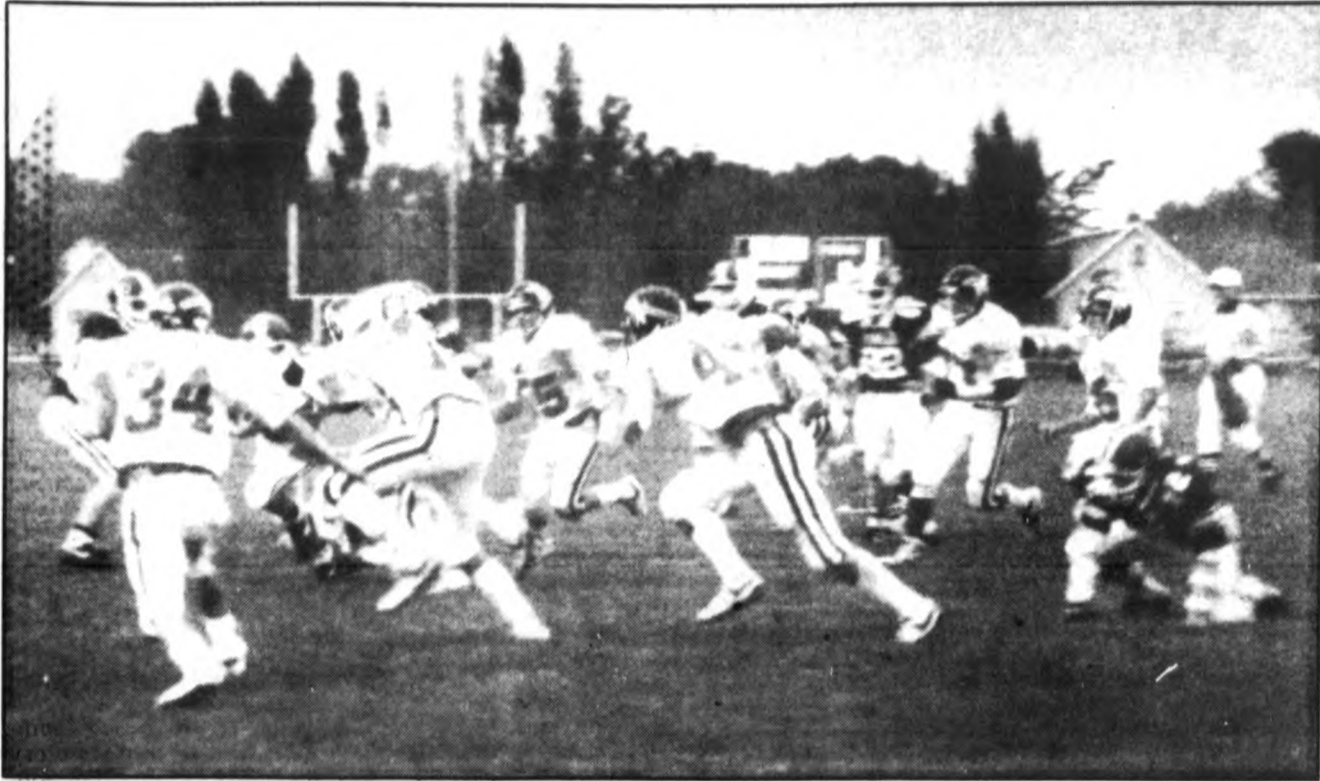

In the meet with Okemos last week, first place times went to the 200 medley relay team — Welch, Baatz, Bauer, Masarik (2:11.75); 200 freestyle, Dudash (2:14.92); and diving, Serrine (137.85).

The Redwings travel to Alma this Thursday, Sept. 24, for a dual-meet.

**SURROUNDED** — Fowler running back Don Simon runs for daylight while a horde of Saranac ballplayers key in on him. The Eagles posted an impressive 31-0 shutout over the Saranac club in Fowler's first home game of the year last Friday.

## Eagles post 31-0 victory

Back in the saddle again — back where a friend is a friend. Maybe the Fowler football team needed to play a game on their home field in order to get their winning edge back.

Whatever the reason, Coach Steve Spicer's squad looked impressive in their 31-0 thumping of Saranac last Friday night. Saranac, a new addition to the Central Michigan Athletic Conference, posed no threat to the Eagles who dominated all aspects of the game. The win gives Fowler a 2-1, 2-0 season record.

It was an Eagle game from start to finish. Fowler scored off a drive on their opening possession when Jeff Miller scampered into the end zone, making the score 6-0. Later in the first period, senior quarterback Matt Hufnagle connected with Tony Bertram on a 35-yard scoring strike. The 2-point conversion by Miller put the Eagles on top 14-0.

The Eagles completed their first half scoring near the end of the second stanza when Jim Wohlfert sacked Saranac's quarterback in the endzone for a safety.

Third quarter action saw Fowler score at will against the hapless Saranac defense. Tony Schafer carried the ball in for a touchdown from 1 yard out and a completed 2-point conversion pass from Hufnagle to Tom Wirth made the score 25-0.

Fowler kept up their attack on Saranac's next possession when Scott Koenigsknecht intercepted a pass and returned it 20 yards for the Eagles final score of the game.

Hufnagle was 4-10 passing for 85 yards, and Don Simon rushed for 45 yards on 11 carries to lead the Eagles on the ground. Fowler gained 147 rushing yards while holding Saranac to just 84 yards rushing and 7 passing.

"Defensively, it was a balanced team effort," Coach Spicer said.

The Eagles face Portland St. Patrick this Friday in a home Parents Night contest. Fowler's Homecoming, originally slated for this Friday, has been rescheduled for Oct. 16.

## Pirates rally for second half win over Laingsburg in pigskin battle

The Pewamo-Westphalia football team overcame a 14-3 halftime deficit in their CMAC contest with Laingsburg last Friday, scoring two second half touchdowns to take a close 15-14 win. The victory was the first of the year for the Pirates whose record stands at 1-2, 1-1.

"We did a little talking in the lockerroom at halftime," Coach Kurt Mabie said. "It was a pleasing second half."

The cushion for P-W's win rested on the first quarter field goal of Bill Schafer. His 27-yard attempt split the uprights.

"He really got into it," Mabie said. "It would have been good from 40 yards out."

The field goal came at 5:40 in the first quarter, following an initial touchdown scored by Laingsburg shortly after play began. Another Wolfpack TD and 2-point conversion attempt produced the 14-3 halftime tally.

The Pirates made the score 14-9 in the third period when Jim Wirth took the ball in from 12 yards out at the 8:49 mark. The extra-point kick by Schafer was blocked.

Pewamo-Westphalia turned the tide in the final stanza. With Laingsburg in possession of the ball, Jason Spitzley threw a picture-perfect block forcing a fumble which Tim Wieber recovered.

The Pirates marched downfield and with 5:50 left in the game, Wieber scored on a 1-yard run putting P-W

ahead 15-14. The 2-point conversion attempt was no good.

Pewamo-Westphalia's defense held the Wolfpack at bay for the remainder of the contest, with the help of Mike Spitzley who intercepted a Laingsburg pass at the P-W 28-yard mark. The interception, and a big 44-yard Schafer punt which followed, set the Wolfpack back and allowed the Pirates to run out the clock.

"Schafer's punt really gave us breathing room at the end," Mabie said.

The Pirates allowed Laingsburg just 21 yards rushing in the second half, while gaining 111 yards. P-W rushing leader was Wieber who tallied 85 yards on 18 carries. Wirth had 41 yards on 6 carries.

Defensively, nosetackle Craig Thelen had 4 solo tackles and 5 assists, Mike Spitzley had 3 solos, 5 assists, and the key interception, and Jason Spitzley had 3 solos, 7 assists, and the hard tackle which caused the fumble.

The Pirates play host to CMAC newcomer Bath this Friday.

## Redwing harriers running strong

Both squads placed fourth at the Eastern Invationals.

# SJ netters working for MMB crown

It looks like another league title is in the works for the St. Johns girls tennis team.

Undeclared thus far in the young season with a record of 6-0, Coach Melanie Humphrey's Redwing netters are hoping to win their ninth consecutive MMB crown in 1987.

"Our goal going into the year was to win the league title again," Coach Humphrey said. "We also hope to go as far as possible in

regionals. The last two years we have placed third out of 12 to 15 teams — we'd like to go farther this year."

That appears to be a distinct possibility if the team continues to win as handily as they have so far this season. A run-down of team scores shows the following:

St. Johns 7, Holt 0; St. Johns 6, Everett 1; St. Johns 5, Mt. Pleasant 2; St. Johns 7, Eastern 0; St.

Johns 7, Waverly 0; St. Johns 7, DeWitt 0.

Both singles and doubles players breezed to easy wins in matches last week with Waverly and DeWitt.

Number one singles player Emily Humphrey won both scores of 6-0, 6-1 in both matches; number two singles player Lisa Ebert took a 6-1, 7-5 decision from Waverly and won 6-1, 3-6, 6-3 in split sets with DeWitt; number three player Sara

Humphrey won 6-1, 6-1 over Waverly and came back to win 1-6, 7-5, 6-1 versus DeWitt; and number four player Wendy Moore won by scores of 6-0, 6-3, and 6-2, 6-0.

Playing at number one doubles, the team of Jennifer Pearsal and Heather Foote picked up wins of 6-2, 7-5, and 6-1, 6-3; the number two team of Kelly Daley and Lisa Garapetian earned a 4-6, 6-1, 6-0 win

over Waverly and defeated DeWitt 6-3, 6-3; and the number three doubles team of Karin Tetens and Jennifer Woodward won 6-0, 6-0 over Waverly and 7-6, 7-6 in a close match with DeWitt.

The Redwings host Ionia tonight (Sept. 22) in a MMB match, and travel to Grand Ledge on Sept. 28 for a non-conference outing.

## Redwing cagers earn early season victories

Photograph by Rhonda Westfall  
KERRY PORTER puts up a shot for St. Johns while Kristen Gibbons (12 Ovid-Elsie) gets set for the rebound. The Redwings won the MMB outing.

St. Johns girls varsity cagers picked up two big wins in their season home openers last week. Coach Beth Swears' Redwings defeated Ovid-Elsie 51-35 in their first MMB game of the year, and took a 64-47 win from East Lansing.

"The East Lansing game was our best defensive team game of the year," Coach Swears said.

The Tuesday night contest with Ovid-Elsie saw St. Johns build a first quarter 13-5 lead up to 26-15 by halftime. A scoring blitz in the third period put the Redwings ahead 45-27, and the Marauders could not recover.

St. Johns' Anne Brocker led all scorers with 15 points, while teammate Kristin Kloekner added 13 points, 12 rebounds and 5 assists. Kerry Porter had 11 points for St. Johns.

Carrie Darling had 11 points for O-E, and Kristen Gibbons was good for 10

points. Thursday night's game with East Lansing saw Brocker tally 30 total points — which was bested by the Trojans' Amy Elbers who had 31 points.

The Redwings held a slim 12-8 lead at the end of the first quarter, building it slightly to 26-18 at the half. Elbers scored 22 of her points in the second half, but St. Johns did not relinquish the lead.

Brocker had 10 rebounds and 5 steals to go with her 30 points for St. Johns; Kerry Porter had 8 points and 4 assists; Gina Manas scored all her 8 points in the final period; and Gina Schneider had 5 points and 4 assists.

The Redwings travel to Chesaning tonight (Sept. 22) for a tough MMB game, and play at DeWitt this Thursday in a non-league contest.
