## Investigation reveals records of aerial pioneer from county

By Shirley Karber

"Skyman," Philip O. Parmelee, one of the great pilots of early American aviation and a son of Clinton County, (St. Johns and the Matherton area), has been re-discovered from microfilm records at the Clinton County News and various museums across the Nation.

Parmelee, a protege of Wilbur and Orville Wright, graduated with the Wright's first class of pilots at Huffman Prairie, Ohio.

His classmates included such aviation greats as general Henry "Hap" Arnold and other pilots of the early 1900's. Large photos, mementos, and a bronze plaque commemorate the flying career of Parmelee at the National Air and Space Museum, Washington D.C., the U.S. Air Force Museum, Wright-Patterson A.F.B., Ohio, and the Neil Armstrong Museum, Wapakoneta, Ohio.

Parmelee was born at Matherton, March 8, 1887. After moving several times during his adolescence, his father, Charles W. settled in St. Johns where he worked as a machinist.

Parmelee's first business venture was with his father making gas engines. In 1908 he became a test driver for the Buick Motor Car Company at Flint. He loved the automobile, and while on test work for Buick in the south during the early months of 1910, he discovered the first Wright flying school in Alabama.

He contacted the Wrights about becoming a student and joined their school near Dayton, Ohio, about July 1, 1910. Cliff Turpin received his training at the same time and an aerial friendship developed between the two men that never diminished.

After his air training was completed, Parmelee became a member of the Wright Exhibition Team, and flew his first engagement alone at Parkersburg, West Virginia, Sept. 6-10 making a great show for a beginner. He then flew exhibition shows across the country with Brookins, Welsh, Hoxey, Turpin, LeBlanc and others.

On Oct. 23, 1910, Parmelee obtained his F. A. I. flying license, No. 25. Parmelee, flew Nov. 7-25, 1910 from Dayton to Columbus, Ohio, carrying 100 pounds of silk goods consigned to the Morehouse-Martens Co., as an urgent delivery stunt. He flew the 65 miles in 61 minutes, and it was undoubtedly the first known aerial express. A necktie made of the material is on display at the National Air and Space Museum, Wash. D.C.

1911, Parmelee was at Selfridge Field from Jan. 7 to 25, in a San Francisco Meet where he made a number of flights as pilot for Lt. Myron Crissy of the U.S. Coast Artillery, for several bomb dropping tests.

Live bombs weighing about 12 pounds were used and the tests were highly successful and surprisingly accurate. The experiments were conducted to find a bomb that could be

dropped down the smokestack of a ship during war time.

This was undoubtedly the first time live bombs were ever dropped from an aeroplane.

At this meet Parmelee broke the American Endurance Record when he remained aloft for 3 hours, 39 minutes to win a \$5,000 prize.

In February Parmelee was sent by the Wright Brothers to an Army base at Fort Sam, Houston, San Antonio, Texas, to demonstrate before Army officials and perform aerial exercises.

He carried out many missions, doing wireless experiments and photographic tests. On March 3 he carried Lt. B. D. Foulois from Laredo to Eagle Pass, Texas, over 106 miles of uninhabited territory in two hours, 10 minutes, with the plane loaded to 1,400 pounds. On this flight there were no possible landing places except the Rio Grand River for practically the entire distance. The return flight was made March 7 with an additional load of 50 pounds—a wireless set.

Parmelee flew at the Oakland, Calif. Meet in February where he installed a V-8, 60 horsepower engine on his plane making a tremendous difference in its speed and climbing ability during flight. His flying with this machine was easily the sensation of the show. Mufflers he had installed on the engine made it very quiet in flight.

Parmelee next flew at Agricultural Park, Sacramento, Calif. March 2-3. There he carried authorized mail from the field to a park near the post office where it was picked up by postal employees, making him one of the first pilots to fly air mail service.

On March 25 to April 1, Parmelee flew at Venice, Calif. making exhibition flights. And on about April 1, professional parachute jumper Grant Morton, made a successful jump from his plane at about 1,000 feet, holding a folded standard balloon chute in his arms, attached to his belt. He threw it down and below the plane, then jumped. This was reportedly the first parachute jump ever made from an aeroplane in flight.

Philip Parmelee's gravestone at East Plains Cemetery, near Matherton.

Philip Parmelee's gravestone at East Plains Cemetery, near Matherton.

Parmelee held many world records for altitude, weight, and endurance during his flying career, and was the recipient of many honors. He had world wide recognition.

North Yakima, Washington, was the last and final exhibition site for Parmelee. On June 1, 1912, he crashed and was instantly killed while attempting a flight against his better judgment, in a strong, gusty wind.

His mechanic begged him not to fly, but he did not want to disappoint the crowd. Shortly after take off he lost control as he attempted the return pass in front of the grandstand, and fell into an apple orchard. The machine fluttered like a bird on the gust of wind.

Until this happened Parmelee had never damaged an aeroplane. By coincidence, this happened the day after Wilbur Wright died in Dayton, Ohio.

Turpin came at once to return Parmelee's body to his home in St. Johns. By proclamation of the mayor, all business was suspended the afternoon of his funeral at the Methodist Church. He was buried at the East Plains Cemetery near Matherton, (on Clintonia Rd. north of Colony Rd.), in Clinton County. His mother, Sadie is buried on one side of the grave and his father on the other. He was 25 years old, unmarried, survived by his father, step-mother, brother, sister, and half-sister. Following the death Turpin was so broken up he stopped flying permanently.

Paul Edward Garber, historian emeritus and president of the Early Birds of Aviation, Wash. D.C. says, "History must well record and give esteemed recognition to his name and deeds as one of the fine young men who unfortunately gave their lives in the early process of aviation development. His untimely death was a distinct loss to the world he loved."

Members of the Clinton County Historical Commission are investigating the placing of a historical marker at Parmelee's gravesite in the future.

## Additional judge may be approved for this area

By Jim Edwards  
Editor

Clinton and Gratiot Counties may have another Circuit Court judge by 1979 if a Supreme Court Administrative Office recommendation is approved.

The Supreme Court administrator, in a report recommending additional judgeships, noted that the 29th Circuit (Clinton and Gratiot) is "above average in cases pending, cases commenced and caseload per judge."

The report said the 29th circuit has a caseload of 1,888 cases annually per judge, the second highest in a 14-circuit area.

In the 14-circuit area, only the 27th Circuit Court in Mecosta and Newaygo Counties was higher with a caseload of 1,984 per judge.

In cases pending, Clinton and Gratiot had 695, fourth in the area.

The 29th Circuit has 1,193 cases commenced, the most in the 14-circuit area.

The Clinton County Board of Commissioners has concurred with the recommendation of the Supreme Court administrator and has sent a letter to the state endorsing the proposal.

Randy Tahvonen, a St. Johns attorney, addressed the Clinton County Board of Commissioners justice committee and said the recommendation for an additional Circuit Court judge is also supported by the Clinton-Gratiot Bar Association.

At last Tuesday night's meeting of the Gratiot County Board of Commissioners, that board also voted to concur with the recommendation.

Roger Overway, chairman of the

Clinton County Board of Commissioners, said, if the proposal is approved by the Supreme Court and Legislature, the circuit will likely remain a two-county circuit with current Judge Leo Corkin and the additional judge to be elected serving both counties.

According to the report from the Supreme Court administrator, the 29th Circuit was close to having an additional judgeship created in 1976, along with the 8th Circuit in Ionia and Montcalm Counties.

The report stated, "The 8th Circuit (Ionia-Montcalm) and the 29th Circuit (Clinton-Gratiot) were above average

for all four factors considered and narrowly missed having additional judgeships created at the 1976 session of the Legislature. Together, these two circuits have the heaviest caseload, the longest time from filing to trial and the largest population of any county in this group. These two additional judgeships should be given the highest priority by the Legislature."

If approved by the Supreme Court and the Legislature, the additional judgeship would be filled by election with a new judge on the bench by Jan. 1, 1979.

## Huard appointed to School Board

ST. JOHNS—Rollin Huard has been selected by the St. Johns Board of Education to fill the vacancy created by the resignation of Wendell Waggoner.

Waggoner resigned in August due to "philosophical differences" with others on the board.

Huard is active in both business and civic activities in St. Johns.

A trust officer of Clinton National Bank and Trust, Huard is an active Chamber of Commerce member and has served as president of the organization.

He is president of the St. Johns Rotary Club and the Clinton County Country Club.

He has served on the St. Johns Planning Commission, is a member of the St. Johns Zoning Board of Appeals and member of the trust Marketing committee of the Michigan Banker's Association and board member of the Greater Lansing Estate Planning Council.

Huard and his wife, Jeanette, live at 209 E. Walker, and have three daughters and a son.

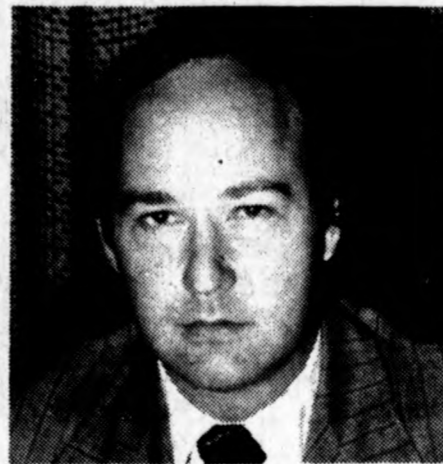

## New city manager begins duties Monday

ST. JOHNS—Roger VanDyk's first day on the job as St. Johns city manager was Monday and it was also the first City Commission for the former East Grand Rapids resident.

As Commission meetings go, VanDyk was treated to a rather uneventful evening with no major items on the agenda.

Among those agenda items acted upon included pay bonuses for three city employees who assumed extra duties while the city was without a manager.

Commr. John Arehart moved that Bruce Wood be paid \$600 for his duties as acting city manager, that Richard Coletta be paid \$300 for serving as acting city clerk and that Diane Edwards be paid \$300 for

Roger VanDyk

serving as acting city assessor. The motion carried 3-2 with Arehart, John Hannah and Donald Roesner voting for the action and Roy Ebert and Gerald Wilcox voting against.

In other action, the Commission voted to retain the existing tornado siren to be supplemented by others in the city to be activated by telephone hook-ups.

The Commission received and placed on file for further study a city employees' request to have a comparison study on employee salaries.

The Commission, following a request by Roesner, voted to invite an auditor to attend a future meeting to explain procedures and systems for use of petty cash by commissioners for expenses.

## Judge studies request for shooting inquest

Conflicting statutes in the legislature have raised some question whether an inquest in the shooting death of Spencer Stull is necessary.

A petition signed by six persons caused a hearing to be held in Judge James J. Wood's courtroom at Lansing City Hall, Thursday, Sept. 1. Jonathan E. Mairer, the Stull family attorney contends one law says an inquest is proper and can be held by having a petition with five signatures. Daniel McClellan, chief assistant Ingham County Prosecuting attorney contends that one is not necessary or proper under a conflicting legislative statute.

After hearing the statements made by both lawyers Judge Wood took the case under advisement saying a decision would be made in "a fairly short period of time." Judge Wood did say that during the last eight years only two inquests had been held, one in 1969 and the other in 1977. "An inquest is a very unusual event," Judge Wood said.

Spencer Stull was shot and killed by a Clinton County sheriff's deputy on June 21 in his home. He died later at Sparrow Hospital in Lansing. Clinton County Prosecuting Attorney

Jon Newman, conducted an investigation into the shooting death and concluded no criminal wrongdoing was done on the part of Deputy Dan Polzien.

Normally in inquest proceedings, it is up to the prosecuting attorney to decide if there were any criminal actions involved and they, in turn, would ask for the inquest.

## O-E teachers reject board contract offer

The Ovid-Elsie teachers overwhelmingly rejected the latest contract offer from the board of education, Monday. The vote was seen as a strong show of confidence in the teachers negotiating team according to Carol Noe, president.

Teachers said they learned the board's last contract offer was "considerably less than adequate." President Noe termed the offer "unsatisfactory." She pointed out, "The Board's offer has not changed appreciably since negotiations were opened in April." Teachers in the Ovid-Elsie district

voted to temporarily keep in the classroom without a contractual agreement.

A state mediator required in early June was unable to bring about a contractual agreement.

Fact finding is considered the next step by the teaching group. Teachers voted unanimously to retain the services of a state fact finder.

A crisis assistance team from the Michigan Education Association has also been requested.

Approximately 112 teachers are employed by the O-E schools.

# Drainage important for Clinton County

Steve Raul, foreman shows his bosses what he does.

A raindrop can make or break a farmer. No rain causes drought, too much rain causes floods. Proper drainage on heavy wet clay soils, which make up a large part of Clinton County farms, should help.

This past year approximately 60 miles of drains

have been opened. This includes 30 miles cleaned by the use of \$159,918 Federal Disaster Funds approved for Clinton County. Many county drains are cleaned by landowners through the cooperation of Drain Office with no assessments applied to anyone.

CETA crews managed by the Clinton Development Corporation, under the supervision of Norm Woolfe, have brushed out over 12 miles of drains since April.

The brush and trees are cut and stumps sprayed to control regrowth of the new

shoots. The drainage districts only pay for fuel and spray as needed.

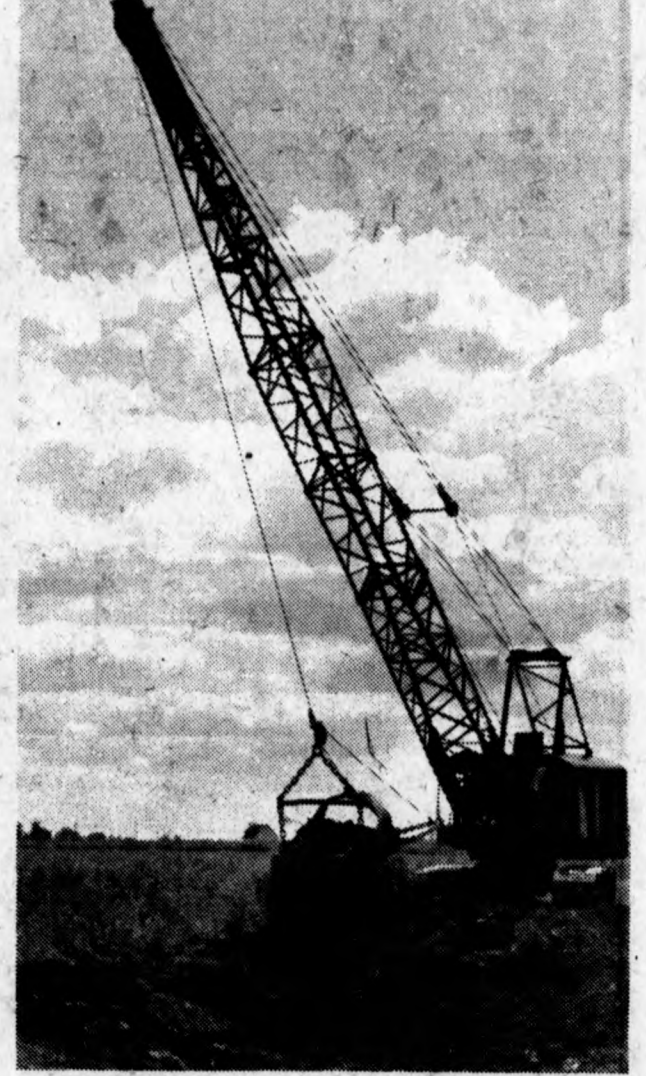

Land owners adjacent to these county drains are encouraged to spray brush and cattails in the drains. A new few years, to control the

brush, trees, cattails. The drain office will furnish the material for landowners who will properly apply herbicides to keep

drains operating. The following drains, under petition, have been cleaned or are under construction at the present time.

Crews clear brush

Heavy machinery digs trenches

## Highway fund reveals motorists are driving more than ever

Receipts from state motor fuel taxes for the quarter ending June 30 reflects increased driving by Michigan motorists.

The Department of State Highways and Transportation reported, "Despite rising gasoline prices, Michigan motorists are driving more than ever."

Compared to the same quarter in 1976, receipts from fuel taxes increased by \$5,185,665 or 5.1 percent.

In funds distributed to counties, Clinton's amount increased from \$337,796 in 1976 to \$390,269 in 1977 for the three-month period. St. Johns increased from \$26,985 last year to \$30,438

this year.

DeWitt's allocation went from \$9,076 in 1976 to \$10,252; Eagle's from \$957 to \$1,091; Elsie, \$4,945 in 1976 to \$5,581 in '77; Fowler's from \$4,016 last year to \$4,530 this year and Westphalia, \$3,831 in 1976 and \$4,323 in 1977.

## DeWitt City Police investigate vandalism

DeWitt City police officers handled a variety of cases during the past week.

There was an accident at the intersection of Herbison and Sandhill Roads with injuries resulting. The incident involved juveniles and alcohol.

There was a bad check passed in the amount of \$200. Mirrors from school buses have also been taken.

Malicious destruction of property occurred at Riverside Park, two ten-speed bikes were stolen, two cans of gasoline were taken from the cemetery and malicious destruction was done to some grave markers in the cemetery.

Malicious destruction was done to a pick-up truck and to a pay phone on the corner of Main St.

## Lansing man killed in DeWitt Twp. accident

A 33-year-old Lansing man was pronounced dead at Sparrow Hospital after he was struck and killed while walking down the middle of northbound US-27 Monday, Sept. 5 at about 9 p.m.

Driver of the car that struck Earl Hall, Case St., was Timothy P. Pioszak, 21, E. Higham, St. Johns.

According to DeWitt Township police chief, Michael Ferrance, there was a car to the right of Pioszak making him unable to avoid hitting Hall from the rear.

No hazardous action was cited against Pioszak. There have been 14 fatalities this year in Clinton County.

law has been enacted by Michigan legislature that requires all spray operators to obtain a license effective sometime in October. Contact extension office.

The township supervisor has control over his crew and can use them for whatever he feels will benefit his township the most. Many supervisors have used their CETA crews for controlling brush and trees on the county drains.

Harry Harden, Clinton County drain commissioner, anticipates more work to be done by these crews. The maintenance on these open and closed drains will be very important for the next

THOMAS JOINT INTER-COUNTY DRAIN - located in Duplain Twp., Clinton County, Gratiot County and Shiawassee County (90 percent Complete). BRANCH OF THE DERHAM DRAIN - Watertown Twp. (95 percent Complete). RHINE DRAIN - Watertown Twp. (Completed). GLENDALE DRAIN - Riley Twp. (95 percent Complete). KNEELAND DRAIN - Bengal Twp. (95 percent Complete). AMSPOKER DRAIN - Bengal Twp. (85 percent Complete). STONEY CREEK DRAIN - Dallas and Bengal Twp. (begin Construction in Sept.)

# Speech and language services offered by Clinton Memorial Hospital

Young campaigners

Michelle White (left) and Kathy McCarthy, both of St. Johns, pause for picture taking with Gov. William Milliken during the Michigan Republican Party New Republican Camp at Camp Copneconic near Flint. The week-long camp featured guest lectures and workshops designed to train young people in campaigning. Many of those who attended the camp will become key workers in various 1978 Republican campaigns. Michelle, a St. Johns sophomore, is the daughter of Brandon and Annette White of St. Johns. Her political experience includes work in phone banks and literature distribution. Kathy, also a sophomore, is the daughter of Mr. and Mrs. William McCarthy, and has helped in local and state campaigns.

Paul McNamara, administrator, has announced that Clinton Memorial Hospital has contracted with the Michigan Association for Better Hearing and Speech to provide speech and language services. The new services began Sept. 1.

The new services include speech and language evaluations and therapeutic services.

They are available to both children and adults during the hospital stay, and on an outpatient basis at the hospital.

For those patients who are restricted to their home, services are also available through the Clinton County office of the Mid-Michigan Health Department.

Speech and language evaluations and therapy are used for a variety of different patient problems. For example, accident victims and stroke patients might benefit from these services.

In order to be eligible for the services, a physician must request them for the patient. Arrangements will then be made for the patient to begin participating in the program. Family participation will also be encouraged.

Gale Rosen, M.S., C.C.C., will be the speech pathologist providing services at the hospital. Mrs. Rosen completed her bachelor of arts degree at Queens College of the City University of New York. She received her M.S. degree in speech pathology at Pennsylvania State University.

Mrs. Rosen was awarded the certificate of clinical competence in speech pathology by the American Speech and Hearing Association in January, 1973. She has had a variety of different work experiences as a speech pathologist.

Mrs. Mary Ewing, R.N., is acting as the coordinator for the program at the hospital.

Mary Ewing, R.N., at Clinton Memorial Hospital goes over speech and language material with Gale Rosen, speech pathologist.

## Bicycle rider suffers minor injuries

Clinton County Sheriff deputies responded to many late night and early morning accidents during the week of Sept. 5 through Sept. 11.

Michael L. Pohl, 7847 E. Kinley Rd., Ovid, pulled out of a private driveway onto Watson Rd., stopping to talk to a youth along the side of the road. As he was departing a bicyclist, Dianna Lynn McMurphy, 11, pulled into the path of his auto. He hit the brakes and slid about two feet. The car hit the handlebars of the bike with the right front corner of the bumper. McMurphy was injured in the accident with occurred on Sept. 6 at 7:55 p.m.

Earl J. Valerius, 16730 Wacousta, Grand Ledge, stated he was northbound on Clintonia on Sept. 10 at 2 a.m. He told police officers he was tired and drove off

the road striking a bridge. His car spun around after he struck the bridge.

There were no injuries and Valerius was cited for failing to report a property damage accident.

Cars driven by Howard F. Evans, Ashley, and James R. Gregory, Grand Rapids, collided at the intersection of Mead Rd. and south bound US-27 on Sept. 11 at 8:35 p.m. There were no injuries.

Injuries resulted when a car driven by Mark J. Smith, 2668 Wildcat Rd., St. Johns, went out of control when he swerved to avoid hitting an animal. He hit a pole at 9:25 p.m. on Sept. 11 on Wildcat Rd., one-half mile east of Scott Rd.

Cars driven by Justin B. Eaton, 4553 Centerline Rd.,

St. Johns, and William H. Friel, Lansing, collided at the intersection of Taft Rd. and US-27. The Eaton auto was southbound and signaled a left hand turn. Friel was also southbound and stated he didn't see the turn signal or brake lights when he ran into the Eaton auto from behind.

Eaton and his wife received injuries in the accident, which occurred on Sept. 11 at 8:35 p.m.

Mark L. Simon, 10301 DeWitt Rd., DeWitt, was westbound on Price Rd. when he went off the pavement on the north side of the road striking the sign at the west end of the bridge. The accident happened at 7:30 a.m. Sept. 10 and there were no injuries.

A car driven by Kathy J.

Thelen, Fowler, was backing out of a private driveway when she stated she didn't see a car driven by Margaret P. Sanders, Portland. The

two cars collided on Grange Rd on Sept. 10 at 1:52 p.m. Sanders struck a road sign and ended up in a corn field. There were no injuries.

## Investigate several break-ins in area

Several breaking and enterings have been occurring during the past couple of weeks in Clinton County.

A breaking and entering occurred at the Tom Malack home at 7611 S. Hollister Rd. in Victor Township. A quantity of cash and a radio were taken.

Alice Bullard, 2431 W. Jason Rd., reported her home was entered but was unsure if anything was missing at this time.

The Scott Stevens home at 13090 Wacousta Rd. was also broken into but nothing was taken.

The hood of a car was taken from a car belonging to Cindy Geller of Searles Trailer Park valued at \$550.

Jerry Henning, Krepps Rd., reported on electric 150-amp welder taken from his home.

A Fowler coin laundry located at 10695 E. M-21, was broken into but nothing appeared to be missing.

Building supplies valued at \$500 were taken from 11410 W. Clark Rd., Eagle on Sept. 3.

**Clinton County News**

Serving the Clinton Area Since 1856

Richard L. Milliman Publisher  
Bill Donahue General Manager  
Jim Edwards Editor

**Editorial**

**You need to be concerned**

Editor's Note: This week's guest editorial was written by Dr. Donald Burns, superintendent of St. Johns Schools.

Most local board badly need increases of revenue without strings attached to solve needs that they are well aware of. Meanwhile, state and federal legislation is being written by our representatives that is driving the local cost of education continuously upward with little if any hope of local boards being able to turn the trend around.

A good example of what I am talking about is senate Bill 714. This bill was introduced in Lansing last spring to bring the state unemployment compensation laws into compliance with federal standards. As introduced the bill proposed to grant eligibility for unemployment compensation benefits to all non-professional (bus drivers, teaching aides, secretaries, cafeteria workers, etc.) K-12 employees during the summer months and during school vacations.

Last June the Michigan Association of School Boards, Michigan Association of School Administrators, local Boards of Education and concerned individuals were able to persuade the Senate Labor Committee to adopt amendments to the bill to reinstate the benefit denial period during the summer months and during Spring and Christmas vacations. This position is necessary not only because our school districts and our State cannot afford the tremendous added costs of granting additional benefits to these employees, but also for the following reasons:

1. It would be difficult for local boards to find people willing to work on a full-year basis if one could work for 9 1/2 months and then draw 60 percent of his pay for the other 2 1/2 months.
  2. Many of these employees prefer the 9 1/2-month work year. It enables them to spend the summer at home working, or vacationing and with their children.
  3. Paid summer and vacation unemployment benefits would in effect amount to a wage increase of between 15 and 20 percent. Local boards might then be pressured into giving similar wage increases to the 12-month employees.
  4. To permit unemployment benefits during vacation and summer periods (an estimated cost to St. Johns School District of \$60,000 and to the State as a whole, 64 million) will mean that the schools will be forced to increase local property taxes or take it out of the kids by cutting programs.
- With the return of the legislators next week we anticipate strong pressure from organized labor to remove our amendments from S.B. 714. The Legislature will retain those amendments only if local voters are concerned—concerned enough to write or phone their representative to make it very clear that they do not want to pay unemployment compensation benefits to non-professionals during the summer months when schools are closed and during spring and Christmas vacation periods.

The St. Johns Board of Education believes you need to be concerned and so do I. We hope you are.

**Back Through the Years**

From the Clinton County News Files of 1937, 1947, 1957, & 1967

**SEPTEMBER 14, 1967  
10 YEARS AGO**

A 2 1/2-year-old child drowned Monday afternoon in her parents' murky backyard swimming pool south of DeWitt. The victim was Patricia Ann Driver, 2 1/2, daughter of Mr. and Mrs. Clayton Driver of 4118 Jerry Road, DeWitt.

Past and future issues of the Clinton County News will be preserved on microfilm thanks to a project developed by John Cumming, director of the Clarke Historical Library at Central Michigan University. The County News is one of a number of weekly newspapers around the state that will be microfilmed in the project that Cumming considers "one of the most important efforts at historical preservation attempted in the state." The project is being financed by a grant from the Kresge Foundation, supplemented by gifts from individual donors, newspaper firms and the McGregor Fund of Detroit.

20 YEARS AGO**

The St. Johns high school band, under the direction of Frank Jilka, will be one of 30 such musical organizations from all over the state taking part in the third Annual Band Day at M.S.U. on Sept. 28.

At their last meetings, the St. Johns Board of Education voted to hold an election on Oct. 14, for the purpose of asking the electors of the St. Johns Public School District to approve a bond issue to construct three elementary classrooms to the Swegles street School. The Swegles School built in 1951, consists of

four classrooms and a multi-purpose room. At the time of construction, structural provisions were made for future addition.

**SEPTEMBER 18, 1947  
30 YEARS AGO**

Two new polo cases were reported in Clinton County this week according to word received from the Rev. Ray T. Caldwell, chairman of the county chapter of the National Foundation of Infantile Paralysis. Mrs. Joy Huntley, 28, mother of three children, living near Bath, was stricken Friday and has been taken to University hospital at Ann Arbor. The eight-year-old daughter of Mr. and Mrs. Everett McClean, of near DeWitt, stricken Sunday is in St. Lawrence Hospital in Lansing.

**SEPTEMBER 16, 1937  
40 YEARS AGO**

War-torn Shanghai is no place for an American citizen. At least that seems to be the opinion of Charles Foo, St. Johns young man, who this week radioed his parents, Dr. and Mrs. Charles T. Foo, that he had made up his mind to leave after studying in China the past three years. His radio-gram, picked up at Manila and then relayed to the United States where D. Reginald Tibbetts, amateur radio station operator at Berkeley, California, picked it out of the air and forwarded it to St. Johns by mail, said in part: "Am leaving Shanghai for Hong Kong and homeward if possible. Canton bombed and coastal blockade may be effected, hence may return via Europe. Will need money to return either way. Send instructions via amateur radio."

**Personality Profile**

**Dedicated to his profession**

By Sue Kiley  
Staff Writer

His players tower above him. Most of them out weigh him. But when football coach Tony Nastase lacks in size and weight he makes up more than double in determination, willpower, drive, enthusiasm, and stamina.

He commands respect from all of his 35 players. Thirty-three-year old Nastase gets it, because when he speaks, they listen.

His philosophy for football or any sport, for that matter, is reflected in the three letters, STP, strength, toughness, and pride. According to Nastase a winning record comes from this.

"Another important factor to the game is ever, kid should feel a part of the team," the former Muskegon resident said.

Nastase is in the second year of his first head coaching job although he has been involved with sports and various aspects of coaching for almost 15 years.

His first year out of high school he was assistant coach for a Little League football team of the Port City Boy's Club. Because of a lot of traveling time he started his own boys' club on the east side of town and coached a junior high team for four years.

After that he became freshman football coach at Orchardview High School in Muskegon. During this time Nastase was working full-time, going school full-time, coaching part-time and was married.

He worked third shift at a shop in Muskegon, went to school in the morning, and coached in the afternoon. "I caught a few hours of sleep in between time," Nastase said with a grin.

That in itself seems like an impossible task, but the young man was out to prove something and, in 1972, he transferred to Ferris State College commuting 160 miles daily round trip. He was still working a full-time job and was assistant basketball coach at Orchardview.

Nastase also played independent football (considered semi-pro) for three years.

Tony and his wife Candace have two children, Melissa, 11 years old, and Nanci, age eight.

The big thing Nastase has pushed since becoming head coach at O-E is enthusiasm. He started a weight lifting club in which students compete against different schools. He helped build cabinets for football storage, started a training room and helped the cheerleaders earn money for new uniforms.

"I believe in having a good relationship with the community and the kids," Nastase said. "I want everyone to become involved with the school and the football program."

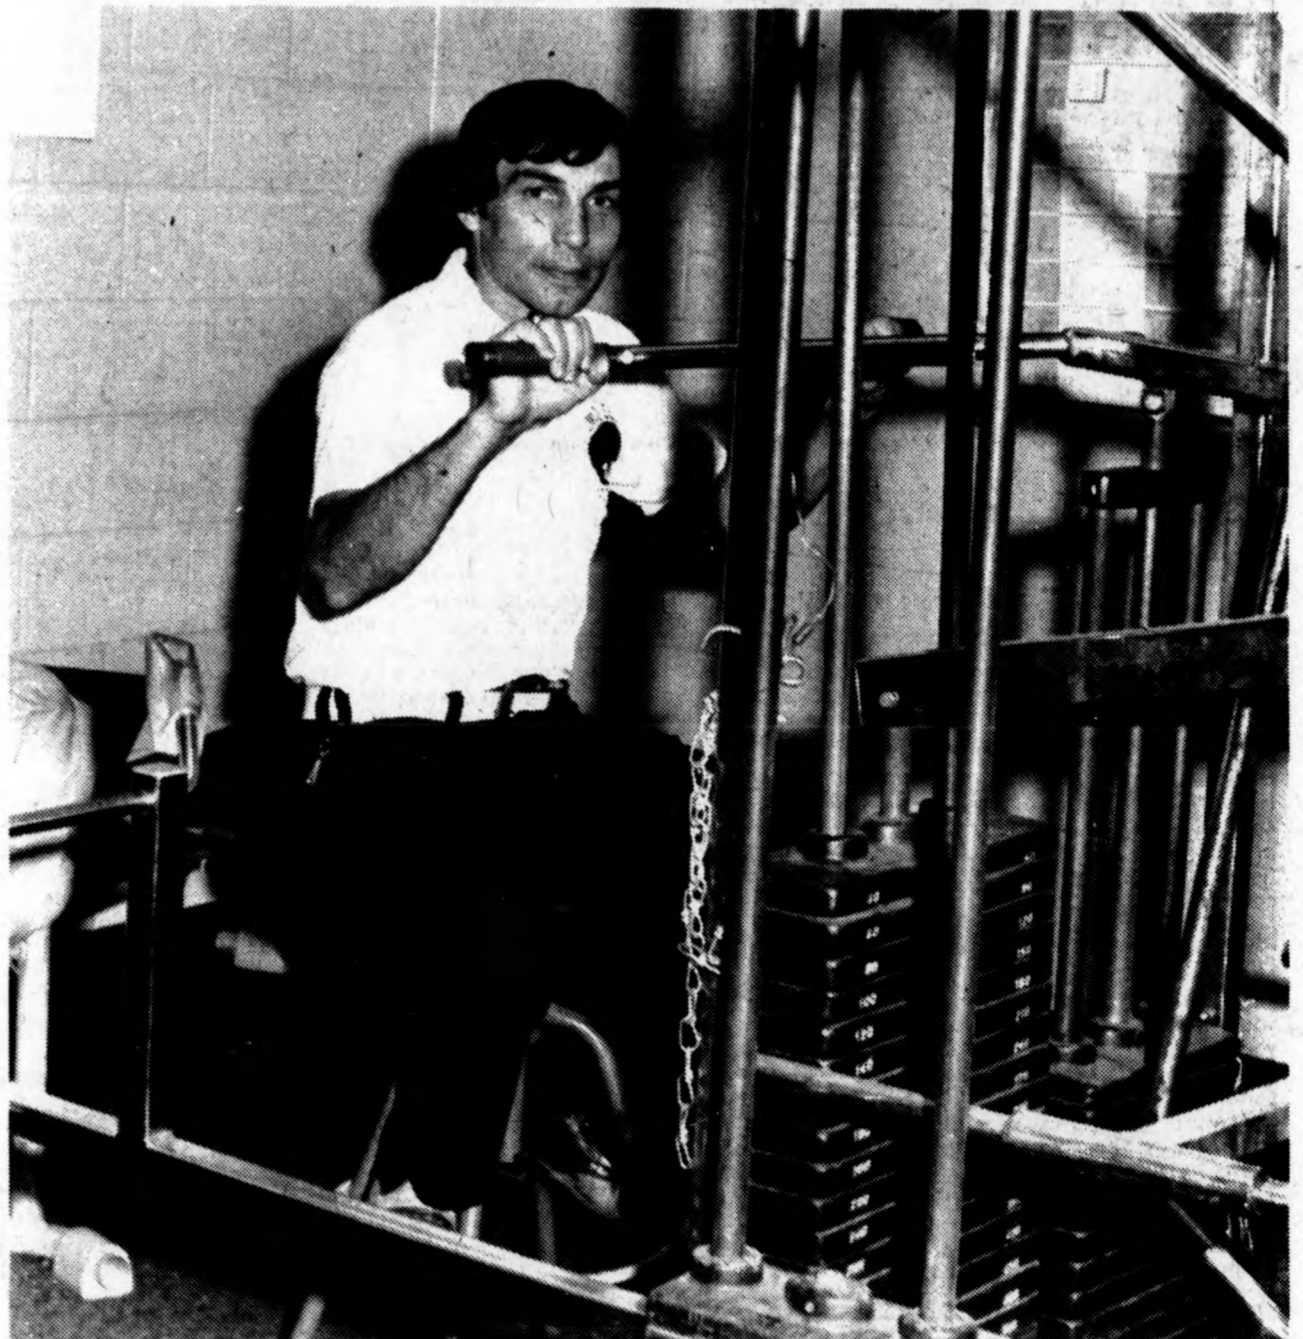

In the spring, after the young man was named head coach, he held a parents' meeting so he could get to know the parents and they could get to know him. After the first blue and gold scrimmage, he had an Appreciation to Moms Night, where the mothers of the players were honored.

During the interview Friday, Nastase's mind would wander and after repeating a question for the third time, he'd say, "I'm sorry I was just thinking about using a 43 counter tonight." At home it is almost the same story. "I can be lying in bed sleeping and something will come to me about a play or the game and I'll run downstairs and write it down in the middle of the night," he added.

Nastase is quite an athlete in his own right. He played varsity football as a sophomore, being named captain in his junior and senior years. He called the defensive signals and was center linebacker, weighing 135 pounds. He was named "All League" and honorable mention as an all-state linebacker.

He also played basketball through high school and was an all league guard. He was voted by his fellow players as the all-around player. He won a basketball scholarship to Muskegon Business College and started as guard and captain.

Nastase is a physical fitness advocate and swims, runs and lifts weights to keep in shape.

**Tony Nastase**

He was also in Golden Gloves for three years. "It was a great experience, I loved it and learned a lot about self-defense."

Nastase spent six years in the National Guard Reserves as a medic in the infantry and in engineering. He has degrees in sales-marketing; distributive education-business and is vocationally certified.

He has dedicated the first year of coaching to his father who was one of his strongest supporters. His father won't be able to see him coach as he died on Nov. 23, 1975.

"My dad never gave up on me. When the going got rough and I was traveling all those miles to school I just kept

thinking about him," the coach said.

"I'm not scared of hard work, but I'm not the only one who sacrificed because my family did too," he added.

Cooperation has been a big factor at O-E high school and Coach Nastase has received that from the school, administration, faculty and the community.

The last thing students, faculty, and administration said to Tony Nastase on Friday was, "Good Luck, tonight, Tony."

The Ovid-Elsie Maudraders didn't win their game Friday night, but they let everyone know they were on the field. "As long as they give all they can is all I ask for," Nastase concluded.

**Potpourri: Dollars, diets, pearls**

By Richard L. Milliman

Join me once more, if you will, for one of our infrequent strolls, barefoot through the potpourri.

The costs of acquiring a new home keeps going up, up, up. During the spring of 1977, according to the Federal Home Loan Bank Board, the average cost of a new home in the United States was \$53,100, up from \$47,900 in the preceding year. The three costliest areas were Los Angeles, San Francisco and Washington, where the minimum for a new single-family home ran somewhere around \$76,000.

The United States is a country of proud home-owners, but that day may indeed be about to pass, except for the very affluent.

Also let it be known that the costs of owning and operating a family-sized car is up again, according to the American Automobile Association. It now costs an average of 20.94 cents a mile to run a typical 6-passenger mid-sized car, according to a survey by AAA. That's up almost 4 percent in just three months, and about 35 percent since 1972.

The AAA adds that most of increase in fixed costs comes from the price of auto insurance, and that's because of larger medical settlements in personal injury cases, and higher prices for new cars.

The United States also is a nation of proud car-owners and drivers. But that pursuit, too, may have to be adjusted because of the cost spiral.

Soon we won't be able to afford to go anywhere, because it costs too much to go, and we won't have a home to stay home in because it costs too much for a house.

++++

Spending is comparative, of course. For another example, a Hofstra University study indicates Americans spend \$1.4 billion a year trying to lose weight. About a billion dollars of that goes for diet food, books and literature, and another \$225 million or so at health spas, weight-loss salons, and the like.

Maybe we won't be able to afford being skinny. But then with the costs of food, we can't really afford to be fat, either. What's a body to do?

+++

Try another thought on for size: The 50-cent piece and maybe even the penny may be on their way out of circulation in this country. Treasury Secretary Michael Blumenthal, in a recent letter to Congress, stated the position of the Carter Administration as favoring the minting of conveniently sized dollar coins and eliminating the half-dollar. Just when the half-dollar was coming back into circulation, too.

As for the penny, production considerations point toward

elimination, but how it would affect consumer habits has yet to be studied. For example, some economists fear that elimination of the penny might be inflationary because retailers would then be forced to round off their prices to the next highest five-cents.

But it costs about two-thirds of a cent to mint a penny today, and it is estimated that by 1982 the cost to mint a penny will be more than its face value.

Besides that, a penny doesn't buy very much either, except maybe 12 minutes on some parking meters, if you're lucky.

++++

To close this offering on an upbeat, I culled this essay from a local church bulletin:

Consider the lesson of the oyster. The most extraordinary thing about the oyster is this. Irritations get into his shell. He does not like them; he tries to get rid of them.

But when he cannot get rid of them, he settles down to make of them one of the most beautiful things in the world. He uses the irritation to do the loveliest thing that an oyster ever has a chance to do.

If there are irritations in our lives today, there is only one prescription. Make a pearl.

**A PERSONAL LOOK AT THE NEWS**

**Between the lines**

with Jim Edwards

**THOUGHTS THROUGH A TYPEWRITER**

**NOTRE DAME STUMBLES**—Those who considered Notre Dame the Number One team in the national must have been shaking their heads Saturday to see the embarrassing struggle of Irish to beat Pittsburgh, a team without a quarterback. Goodbye, Number One.

**DID YOU PLAY THE GUESSING GAME?**—Although, "Washington—Behind Closed Doors," started out strong, I think the week-long television program fell short of what it could have been. It was fun, though, picking out who was supposed to represent whom in the Nixon White House.

**NOW, WAIT JUST A MINUTE**—One of the television networks is promoting their new program, "The Young Dan'l Boone," with the statement that he was the "first American hero." I've told 'em a million times—don't exaggerate.

**SHADES OF NIXON**—Reports come now that Carter aides knew of the strange Bert Lance banking practices but didn't tell their boss. Jimmy had better get his house in order or he's going to spend more of his term explaining his staff than he will be being president.

**HATE THOSE COMMERCIALS**—The Detroit Free Press recently published an account of which television commercials are hated the most. A group of commercials I thought were sure hate winners didn't even finish in the top 10. Those are the ones where some nut offers a woman \$10 to rip up a shirt or conducts a blind taste test for peanut butter.

**MY FATHER'S FAVORITE SAYING**—He who runs around in circles shall be known as a big wheel.

**MY FAVORITE SAYING**—A giraffe is a horse designed by a committee.

**TINKER TOY PHONE COMPANY**—What's happening General? The phone service in St. Johns has been a bit strange lately. Some calls sound like long distance from China, but the distance is all of six blocks.

**JUST DON'T BUG ME ABOUT IT**—I'm not knocking anybody's religion, but when they knock on my door Sunday morning to sell it to me, it irritates me.

**GOVERNMENT EFFICIENCY**—When there's a problem past performances have proven the government isn't the group that has the best answers. Consider the back-tracking now to clean up the messes caused by no-fault insurance, the single business tax and the certification of automobile mechanics.

**NASTY PREDICTION**—It's just a hunch, but I think the Michigan weather-demon is going to follow up the dry summer with a wet, soggy fall.

### Senator Richard Allen Government services

30th District

The four departments to be discussed in this final installment in my summer series on State government provide services which are used by nearly every Michigan resident.

They are the departments of natural resources, state, state police, and treasury. For example, every time you visit a state park, renew your driver's license, drive on a Michigan freeway, and send in your state income tax return, you are utilizing the services these departments have to offer.

A brief summary of the major programs conducted by these departments and a listing of how you may contact them follows:

**NATURAL RESOURCES**  
You need only look around you to realize why Michigan has become known as a leader among states in the effort to preserve our environment.

Our natural resources are beautiful and are one of the most important reasons why our state attracts more than 20 million visitors annually. Much of the credit for this distinction is due to the efforts of the State Department of Natural Resources (DNR).

The Department is composed of various divisions which are responsible for assuring that our air and waters are free of pollution, planning for the future wise use of our lands, and protecting our forests and grasslands across the state.

In addition, the state parks, in which thousands of Michigan residents and visitors camp each year, are maintained by this Department, which also oversees the state's wildlife resources and recommends rules for hunting and trapping seasons.

You may contact the DNR for further information about their services at any of the district offices which are located in Grand Rapids, Saginaw, Pontiac, Plainwell, Lansing, Marquette, Ann Arbor, and Cadillac, or you may write to: Department of Natural Resources, Information Services Center, Mason Building—7th Floor, Box 30028, Lansing, MI 48909. Telephone: (517) 373-1220.

**STATE POLICE**  
Most people probably don't look forward to coming in personal contact with the State Police because when we do, it usually means we've been exceeding the speed limit, but we all appreciate their protecting us against other speeders and criminals.

Traffic law enforcement and safety programs repre-

sent major areas of activity for the Department of State Police. Issuing tickets to errant motorists, assisting disabled motorists, inspecting vehicles for proper equipment, and supervising criminal blockades are among this Department's responsibilities.

Crime prevention activities of the Department are centered around the investigation and apprehension of criminals engaged in such crimes as narcotics sales and possession, organized crime, gambling, robbery, smuggling, auto theft, prostitution, arson, and receiving and concealing stolen property.

The Michigan driver point system and the state's driver improvement program are also administered by this Department, as is the Michigan Motor Vehicle Accident Claims Fund.

You probably know about those functions, but did you know that the Department also registers trademarks, lobbyists, chattel mortgages, financing statements, railroad leases, and insignia? And that it is responsible for recording city, village and township charters, incorporation proceedings, county ordinances, soil conservation and metropolitan districts, and municipal authorities?

Also operating within the jurisdiction of this Department is the Board of State Canvassers which determines the results of elections for state and other offices.

More than 200 branch Secretary of State offices are located in 83 county seats and other population centers across the state. Their addresses and phone numbers may be found in most telephone directories.

You may also contact this Department by writing to: Department of State, Treasury Building—1st Floor, Box 30045, Lansing, MI 48918 or by calling: (517) 373-6610.

**STATE POLICE**  
Most people probably don't look forward to coming in personal contact with the State Police because when we do, it usually means we've been exceeding the speed limit, but we all appreciate their protecting us against other speeders and criminals.

Traffic law enforcement and safety programs repre-

**STATE**  
If you own a car, boat or snowmobile, you must have come in contact with the Department of State when you obtained your license to operate any of these vehicles in Michigan.

Headed by an elected Secretary of State, this Department is responsible for titling motor vehicles, issuing vehicle license plates and drivers' licenses, and licensing watercraft, snowmobiles, and off-road vehicles.

The Michigan driver point system and the state's driver improvement program are also administered by this Department, as is the Michigan Motor Vehicle Accident Claims Fund.

You probably know about those functions, but did you know that the Department also registers trademarks, lobbyists, chattel mortgages, financing statements, railroad leases, and insignia? And that it is responsible for recording city, village and township charters, incorporation proceedings, county ordinances, soil conservation and metropolitan districts, and municipal authorities?

Also operating within the jurisdiction of this Department is the Board of State Canvassers which determines the results of elections for state and other offices.

More than 200 branch Secretary of State offices are located in 83 county seats and other population centers across the state. Their addresses and phone numbers may be found in most telephone directories.

### Rep. Stanley Powell Back in Lansing

88th District

We State Legislators returned to Lansing last week to complete unfinished business on a budget bill and clear the way to convert part of Kincheloe Air Force Base into a prison.

We put the final touches on a \$97.5 million measure so the state can pay its bills through the end of the fiscal year, September 30.

Included in that measure was \$1.7 million to begin transforming the air base into a prison which should be ready to house prisoners sometime in October.

The bill was first passed in the Senate where it needed 26 votes to pass and got exactly that number. The bill fared better in the House, where it was approved 82-8, and we then sent it to the Governor for his signature.

Included in the bill was money to purchase two buildings which will be used to house part of the Senators and Representatives and staff.

We completed our work promptly and adjourned until September 19 when we will begin signing through the numerous bills left untouched before the summer recess.

**DRINKING AGE**  
Back in October of 1975, my Republican colleague Representative Melvin DeStigter of Ottawa County introduced legislation to raise the drinking age from its present 18, back to 21, the legal drinking age of a few years ago.

Nothing happened legislatively, although the proposal won the immediate support of educators, law enforcement officials, church organizations and many citizens, including teenagers.

Since Representative DeStigter made his proposal, the Michigan Senate proposed raising the drinking age to 19, which was approved by the upper chamber.

While the age 19 compromise met with the approval of some of the supporters of raising the legal age back to 21 did not approve and have decided to take the referendum route.

On Wednesday of last week, Representative DeStigter, Senator Alvin DeGroot and the Michigan Council on Alcohol Problems launched a statewide petition drive to ask voters in Michigan to raise the legal drinking age to 21.

Supporters hope to collect 400,000 signatures to place the issue on the November 1978 ballot, although approximately 266,000 signatures are sufficient to bring the issue before the people.

Petition drives are the last resort in the law making process, and are usually the method used to accomplish something when the Legislature fails to act.

If you support the move to raise the drinking age to 21 and want to sign or circulate petitions, please contact my office at the State Capitol in Lansing.

**HEALTH TASK FORCE**  
A House Republican Task Force studying the maldis-

tribution of physicians in Michigan will be traveling throughout the state this week and next, conducting public hearings in areas where the shortage of doctors is a real problem.

The five-member task force, chaired by Representative Bela Kennedy (R-Bangor) has already studied available information on physician maldistribution and has prepared a preliminary report.

Task Force members, however, do not feel that their work would be complete without visiting the areas where this problem is the most serious and hearing from the people most affected by it.

At the conclusion of the round of public hearings, the task force will begin work on developing legislative proposals to attempt to solve this problem.

Input from residents of medically underserved communities are meeting the needs of their residents and determine what can be done at the state level to encourage family practice physicians to locate in areas and to encourage young medical students to enter the family practice field.

Hearings were scheduled for September 6 in Allegan and Dowagiac and on September 7 in Cadillac. The task force will conduct hearings in Rogers City and Sault Ste. Marie on September 8, in Escanaba on September 9, in Charlotte on September 13 and in Detroit on September 15.

**FUNDING PROPOSAL**  
One of the key issues the Legislature will surely deal with when we reconvene in September is transportation. Recently, leaders of both parties met with the Governor to hammer out details on a transportation funding plan which includes a gasoline tax hike of two cents per gallon and a 30 percent hike in automobile registration fees.

If this proposal is accepted by the Legislature, it is estimated that it will total \$187.6 million and would raise \$156 million in new revenue to finance public transportation in part, and pay for highway maintenance and improvements.

The plan as it stands now would increase gasoline tax from 9 cents to 11 cents a gallon on January 1. License fees for passenger cars would rise 30 percent for the 1979 license plate year, based on the weight of the car.

Other aspects of the plan include a two cent increase on diesel fuel; a 35 percent tax increase on commercial vehicles, based on weight; earmarking one-tenth of one percent of state income tax collections for public transportation; and financing State Police highway patrol activity by gas and weight taxes.

Remember, this is only a proposal which has been agreed upon by legislative leaders and the Governor, and which must still pass the legislative hurdle.

### Eberhard represents St. Johns at state child abuse seminar

George Eberhard has been selected to represent the St. Johns community at a state sponsored child abuse and neglect seminar to be held in Lansing Sept. 26-28. The seminar is designed for community leaders from across Michigan who are concerned about child abuse and neglect.

The statewide meeting will provide participants with the opportunity to discuss the development of community networks that will involve all human services and interested citizens in meeting the challenge of child abuse and neglect. The networks are a coordination of existing services for the child and the parents.

Governor Milliken has declared the week of the conference, Sept. 25-Oct. 1, Child Protection Week to underscore the growing child abuse and neglect problem.

In his executive declaration, Milliken stated, "the love, protection and care of our children are responsibilities shared by the family, the school and the community. These responsibilities are not to be taken lightly and go to the heart of

a society's values and priorities. It is imperative that the importance of supportive treatment services be recognized if all children are to be protected."

The seminar will give the participants a chance to share experiences and problems they and other communities have faced in starting and maintaining community networks.

There will also be teaching sessions conducted by a team of experts in child abuse and neglect, and in community development.

According to Philip Brockmyre, coordinator of the seminar, and specialist in Protective Services for the Social Services in Lansing, "the potential for the development of child abuse-neglect coordinated community networks is dramatic. Many communities are eager to start community networks. This seminar will give them the know-how to construct or maintain a network in accord with local values, resources and conditions." Brockmyre added "there is much hope for our abused and neglected children through the coordinated services of a community network."

### Where to write public officials

When legislative bodies are in session, letters may be sent to US Senators, Senate Office Building, Washington, DC 20510; Congressmen, House Office Building, Washington, DC 20515; State Senators, Michigan State Senate, Lansing, Michigan 48902; State Representatives, House of Representatives, Lansing Michigan 48901.

Her addresses are provided for use when legislative bodies are not in session:  
**ROBERT GRIFFIN (R)**, US Senator, 1035 Federal Building, Detroit 48226;  
**DON RIEGLE (D)**, US Senator, 436 Federal Building, Detroit 48226;

**ELFORD A. CEDERBERG (R)**, 624 E. Superior, Alma 48801. He is Congressman for the 10th District, embracing all of Shiawassee County except the townships of Burns, Venice, and Hazelton; most of Clinton County, including Elsie and Ovid; and most of southern Saginaw County, including Chesaning, Chapin and Oakley;

**RICHARD J. ALLEN (R)**, 1917 W. Cheesman Road, Alma, Michigan 48801. He is the State Senator for the 30th District, which embraces all of Clinton County; Eaton county (less Sunfield Township); parts of Barry, Calhoun, Montcalm, Jackson, Ingham, Gratiot (including city of Alma); and Shiawassee County (including the cities of Laingsburg, Perry and part of Owosso.)

**FRANCIS R. SPANIOLA (D)**, 517 W. Corunna Avenue, Corunna, Michigan 48817. He is the State Representative for the 87th House District, which embraces almost all of Shiawassee County; part of Clinton County (area around Bath); and a portion of Genesee County, including Flushing.

**STANLEY M. POWELL (R)**, R. No. 1, Ionia 48846. He is State Representative for the 88th House District, encompassing Fairfield Township in Shiawassee and most of Clinton including Elsie, Ovid, and part of Bath.

**GOVERNOR WILLIAM G. MILLIKEN (R)**, Executive Office, State Capitol, Lansing 48903.  
**LIEUTENANT GOVERNOR JAMES J. DAMMAN (R)**, State Capitol, Lansing 48903.  
**SECRETARY OF STATE RICHARD H. AUSTIN (D)**, First Floor, Treasury Building, Lansing 48918.  
**ATTORNEY GENERAL FRANK J. KELLEY (D)**, Law Building, 525 West Ottawa Lansing 48918.

# Gladstone, Latimer exchange double ring vows

Mr. and Mrs. Kalem Latimer

Lucinda Kay Gladstone and Kalem Brice Latimer repeated wedding vows before an altar decorated with yellow gladiolas and mums in the First Congregational Church of St. Johns with the Rev. Rodney Dean officiating at the double ring ceremony.

The bride was given in marriage by her father at the July 23 evening wedding ceremony.

Parents of the couple are Mr. and Mrs. Robert Gladstone II, 610 E. Cass St., and Mr. and Mrs. Gerald Latimer, 608 Church St., all of St. Johns.

Mrs. Fran Peterson played a melody of modern music during the 6 p.m. rites.

The bride chose a floor length white organza and lace gown with a chapel

train. It featured lace appliques on the bodice and long puffy sleeves with wide lace cuffs. The bodice had a stand up collar and a front scoop in which she wore a heart diamond necklace which was her grandmother's. Mrs. Robert Gladstone.

She carried a pearl covered Bible with a cascade of white rose buds and babies breath with long streamers and lover's knots. Maid of honor for her sister-in-law was Julie Latimer, of St. Johns.

Bridesmaids were Melissa Bancroft, cousin of the bride, Robin Pettigrew, friend of the bride, both of St. Johns, and Shannon Kelley, friend of the bride, Bath. Flower girls were Teresa Gladstone, cousin of the bride, from St. Johns.

The attendants wore light blue floor length gowns with featured long flowing backs. The maid of honor wore a darker shade of blue. All the attendants wore picture hats trimmed with ribbon to match the dresses. They carried bouquets of yellow and white rose buds trimmed in babies breath. The flower girl carried a basket of yellow rose petals.

For her daughter's wedding Mrs. Gladstone wore an

apricot colored floor length gown with a cape. The groom's mother chose a yellow print floor length gown of organza with a sheer over-cape.

Best man, was Robert Pettigrew, friend of the groom, from St. Johns.

Groomsmen included, Carl Hanekow, friend of the groom, Robert Gladstone III, brother of the bride, of St. Johns, and Lynn Wager, uncle of the groom, Owosso. Ring bearer was Pat

Sheets, friend of the couple, St. Johns. Ushers were Don Gladstone and Dan Latimer. A reception was held at the VFW Hall immediately following the wedding with 250 people attending the dance and buffet dinner.

Those serving at the reception were: Mr. and Mrs. Richard Bancroft, Kathy VanAtten, Sharyl VanAtten, Tammy Gladstone, Jeanne VanAtten, Shelley Rainey, Alice Galvani and David Isbell.

Special guests attending the wedding were: Mr. and Mrs. Guy Bancroft, St. Johns, Mr. and Mrs. Robert Gladstone, St. James City, Florida, and Mrs. Dorthia Latimer, St. Johns. Both the bride and groom are graduates of St. Johns High School.

The couple took a wedding trip to the Upper Peninsula and Canada and are making their new home at 500 1/2 Clinton Ave., St. Johns.

# Wesleyan Church site of Brauher, Crooke wedding

Mr. and Mrs. R. Alan Crooke

The Wesleyan Church of Clarksville, was the setting of the candlelight wedding of Janice Barbara Brauher and R. Alan Crooke on Saturday, July 30.

Parents of the couple are Mr. and Mrs. Veimont Brauher, formerly of Walker Rd., Ovid, now residents of Clarksville and Mr. and Mrs. D.F. Crooke, Jr., of Seymour, Indiana.

Rev. Arthur Ruder, performed the double ring ceremony before an altar decorated with lighted candlebras with green vines entwined holding aqua candles. At the center of the altar was a large bouquet of white gladiolas and daisy pom poms tipped with accents of yellow, aqua, and peach. Two palm plants served as a frame for the altar. Arrangements of white, yellow and peach gladiolas were also on the organ and piano.

Ringbearer was Monty Kilpatrick and flowergirl was Nicole Thomas.

The guests were seated by Joe Ruder, friend of the bride and groom and Kevin Count, nephew of the bride. The candlelighter was Phillip Count, nephew of the bride.

The bride was given in marriage by her father. She chose an organza gown of candlelight ivory. The gown featured angel sleeves, a wedding ring collar, and a flounced bell skirt and train trimmed with cluny and Venice lace. She wore a fingertip veil edged with Cluny lace which was secured by a Camelot headpiece with lace and seed pearl trim. The bride made and designed the veil.

She carried a cascade bouquet of white daisies, yellow sweetheart roses, and babies breath accented with silk ivy.

The maid of honor was Jill Brauher, sister of the bride. Bridesmaids were Cindy Kimble, Janet Mills, and

Cheryl Count. The girls wore gowns of aqua polyester crepe featuring princess styling with co-ordinating floral printed capes. They carried cascade bouquets of silk yellow daisies, yellow roses, and babies breath wearing silk flowers in their hair with yellow ribbon accents.

Dennis DePriest, friend of the groom served as best man and groomsmen were Jerry Kimble, Jim Gearhart, and Tim Hedlund.

A reception and buffet was given by the bride's parents following the ceremony.

Host and hostess for the reception was Mr. and Mrs. Joe Wheelock, aunt and uncle of the bride.

The wedding cake was served by Oneta Brauher, and Mrs. Carol Haskins served the groom's cake. Others serving at the reception were: Judy Brooks, Mrs. Marla Life, Jennifer Hendreix, and Kay Keen.

Organist was Mrs. Carolyn Count, sister of the bride, and soloist was a college friend, Brenda Smith. Honored guests included

Mrs. Ethel Birman, Lake Odessa, the bride's grandmother, Mr. and Mrs. Harold Clark, Grand Rapids, great aunt and uncle of the bride; Mr. and Mrs. Roy Hinkle, Greensburg, Indiana, grandparents of the groom; and Miss Lillian Wirey and Floyd Wirey, great aunt and uncle of the groom, also of Indiana.

The couple took a honeymoon trip to Mackinac Island and Canada. They are making their new home at 6051 West Peck Lake Rd., Saranac.

## They're engaged

### Bebow-Badgett

Mr. and Mrs. Allen W. Bebow, 510 W. Gibbs, St. Johns, announce the engagement of their daughter, Deborah Lynn, to Roger Dean, Badgett, son of Mr. and Mrs. Charles A. Badgett, Jeffersonton, Kentucky.

The bride-elect is a 1976 graduate of St. Johns High School and is employed at McDonald's of St. Johns.

The prospective bridegroom is a 1976 graduate of Jefferson High School and is employed by Modern Industries Inc.

The couple plans an April 8 wedding date.

### Thelen

### Koenigskecht

Mr. and Mrs. Donald H. Thelen, Portland, announce the engagement of their daughter, Patricia to Louis

Koenigskecht, Fowler. He is the son of Mr. and Mrs. Leo Koenigskecht. A Feb. 4 wedding date is being planned by the couple.

### Adamski-Kelley

The bride-elect is a 1974 graduate of St. Johns High School.

The groom is a 1973 graduate of Mason High School and is employed by McDonald's.

The couple is planning an Oct. 29 wedding date.

## Hinkle's celebrate 60th anniversary

Mr. and Mrs. Arthur E. Hinkle of 9880 Middleton Road, Ovid, celebrated their 60th wedding anniversary Aug. 12 at Roma's Restaurant with their immediate family present. Arthur E. Hinkle and Clara J. Willard were married Aug. 11, 1917

at Elsie. They have lived at their present address since 1945. He retired from Oldsmobile, Lansing Plant, in 1964. The couple have two children, Mr. and Mrs. Dale Hinkle and Mr. and Mrs. Bernard Wieber, three grandchildren and one great-grandchild, all of Ovid.

## Tyler, Tatum repeat vows

Tamara Louise Tyler, and Leonard Thomas Tatum were married before Judge Gordon Wilby on Aug. 8 at 8:30 a.m. at 65th District Court in St. Johns, during a double ring ceremony.

Parents of the couple are Mr. and Mrs. Robert Schmidt, Maple Rapids and Mr. and Mrs. Jack Bulter, Detroit.

The bride wore a flower print gown for the ceremony.

## Wheeler graduates from U of M

James Thomas Wheeler, 13136 Francis Rd., DeWitt, was one of 2,400 degree candidates at the University of Michigan in Ann Arbor, for the summer term. Graduation ceremonies were held on Aug. 21.

Wheeler was a graduate of Rackham College with a Masters of Science degree.

## Caren Dietrich honored at two bridal showers

Miss Caren Dietrich was guest of honor at two bridal showers recently. Her maid of honor and bridesmaids, Miss Erin Wood, Miss Lorene Tait, and Miss Susan Tucker, were hostesses at a linen shower on Sunday, Aug. 21.

Her grandmother, Mrs. Mildred Countryman, and a

friend, Mrs. Beth Parker, gave her a brown bag grocery shower on Thursday, Sept. 1.

Guests at both showers included friends of the bride and groom, neighbors, family friends, and grandmothers of the couple.

Miss Dietrich will become the bride of Thomas Tucker on Saturday, Sept. 17.

## Birth

A boy, Eric David, was born to Mr. and Mrs. Elwood A. Self of 3620 N. Turner, Lansing Sept. 7 at Clinton Memorial Hospital. He weighed 8lbs. 13 1/2oz. The

baby has 1 brother. Grandparents are Rev. and Mrs. Erwin Self, former pastor of the St. Johns' Church of the Nazarene. The mother is the former Carol Hunter.

## Page, Ramsay repeat vows

Mr. and Mrs. Craig S. Ramsay

### Birth

Mr. and Mrs. Marlin M Szarga, 105 Floral, St. Johns, became the parents of a son, Henry William on July 22 at Sparrow Hospital. The mother is the former Leigh Ann Sirrine.

Miller Road Bible Church was the setting of the marriage of Karen Ann Page and Craig Scott Ramsay on July 16 at 7:30 p.m.

Dr. James C. Dotson officiated the double ring ceremony before an altar of white mums. The bride was given in marriage by her father. Parents of the couple are Mr. and Mrs. Ivan R. Page, Grand Ledge and Mr. and Mrs. Carroll Scott Ramsay, 1694 W. Taft Rd., St. Johns. Matthew Vandlen sang, "My Tribute To God Be The Glory." Mrs. Terry Harshman, was organist for the ceremony and Timothy Vandlen sang the "Wedding Song." Mrs. Wayne Vandlen sang the "Lord's Prayer" and also made the wedding cake.

The bride wore a traditional white wedding gown of tiered Chantilly lace with a Sabrina neckline, with full length lace sleeves, trimmed with seed pearls and sequins. Attached to the gown was a chapel length train worn over a hoop.

Her veil was tiered with imported illusion at elbow length, edged in Chantilly lace with an attached Cameo lot lace covered cap. She carried a cascade bouquet of white gardenias, apricot and white rose buds with fresh ivy and baby's breath.

Maid of honor for her sister was Rhonda Page, Wacousta. Attending the bride were Mrs. Dennis Braid, Perry; Mrs. Larry Shank, Lansing; Mrs. George Lorenzen, East Lansing; and Miss Debbie Shunk, Lansing. Flower girl was Sandy Smith, cousin of the bride, Perry.

The attendants wore chiffon gowns with matching hair pieces. They carried identical bouquets of roses, mums, fresh ivy, and baby's breath. The flower girl carried a basket of apricot and white rosebuds and gardenias.

The mother of the bride wore a mint green floor length gown with a sheer matching overlay. Mrs. Page's corsage was made of white sweetheart roses. The

mother of the groom wore a pink floor length gown with sheer matching overlay. She wore a corsage of pink sweetheart roses.

Kurt Ramsay, St. Johns attended his brother as best man. Groomsmen were Marvin Ball, brother of the groom, Lansing; Phil McKerran, brother-in-law of the groom, Canada; Terry Norris, and Larry Kruger, both of St. Johns.

Ring bearer was Gregg Williams, Wacousta. Ushers were: Philip and John Brooke, Rocky Rushton, and David Kruger.

A reception for the couple was held immediately following the ceremony in the Church Fireside Room with 600 people attending.

Serving at the reception were Mrs. George Mayfield and Mrs. Ron Downing cutting the cake; Mrs. Glen Dennis and Mrs. Lloyd Davis were in charge of the reception. Carol Moray, Doris Mayfield and Linda Thomas, all friends of the bride assisted as servers. Kristie Dennis attended the guest book.

Special guests attending the reception were Mr. and Mrs. Richard Cordell, Charlotte who served as host and hostess for the reception; Mr. and Mrs. Ralph Wilson, Indiana, aunt and uncle of the bride, and Mr. and Mrs. Raymond Medenhall, Indiana, aunt and uncle of the bride.

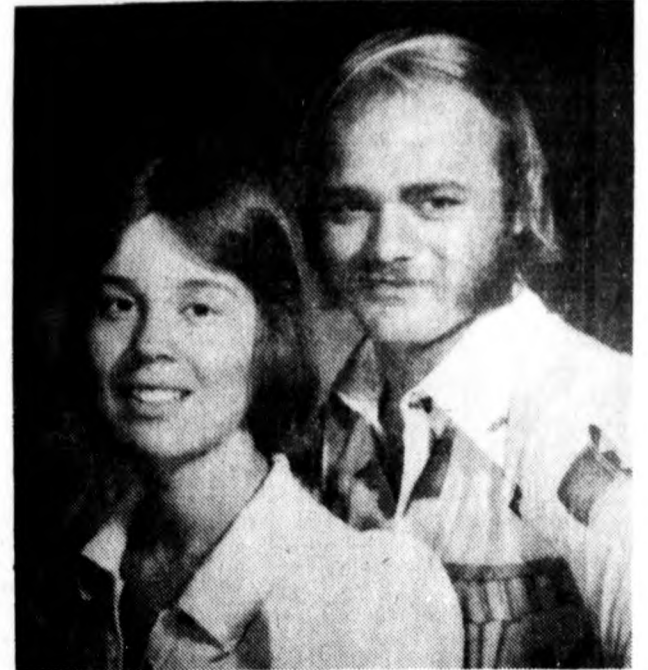

The bride is a 1974 graduate of Grand Ledge High School and is employed as a secretary for the state department of management and budget.

The groom is a 1970 graduate of St. Johns High School and is employed by Ely Plumbing Co.

The bride's going away outfit was a white jumpsuit with capped sleeves accented with an orange and white stripe cummerbund belt. She wore a corsage of gardenias and rosebuds.

The couple took a tour of western states including Colorado, Utah, and Wyoming for their wedding trip.

They are making their home at 707 1/2 Banghart St., Lansing.

Janice Simmon

Jerome Smith

## Engaged

Mr. and Mrs. Clare Simmon, Fowler, announce the engagement of their daughter, Janice, to Jerome Smith, son of Mr. and Mrs. Howard Blasen, 2841 Green Rd., St. Johns.

The bride-elect is a 1974 graduate of Fowler High School and a 1976 graduate

of Ferris State College. She is employed by St. Lawrence Hospital.

The prospective bridegroom is a St. Johns High School graduate and is employed by Motor Wheel Corp.

The couple is planning an Oct. 1 wedding date.

## Leitelt, Mandrick wed in evening rites

Elizabeth Mary Leitelt became the bride of Michael Herman Mandrick on Sept. 3 at 5 p.m. at the Hope Lutheran Church in DeWitt. Rev. Mandel performed the double ring ceremony.

The bride was given in marriage by her father. Parents of the couple are Mr. and Mrs. Robert A Leitelt, Stanton, and Mr. and Mrs. Michael J. Mandrick, 1206 S. Geneva, DeWitt. Organist for the wedding

was Matilda Smith. Soloist was Ilse King and guitarist was Barbara Mandel.

For her wedding the bride chose a long white satin gown with a high lace collar trimmed in lace with a lace yoke and sleeves. The dress featured a lace panel down the front of the gown with a detachable train.

She wore a stiff lace cap with plain white netting.

Maid of honor was Pegi Jo Lass, DeWitt. Attendants were Lori Shultz, DeWitt;

and Linda Leitelt, Stanton. The maid of honor wore a long apricot gown with a heart-shaped neckline, lace trim, featuring short puffy sleeves, a white lace panel down the front, with a hemline ruffle. She wore a wide brim hat with matching ribbon headband. She carried a single apricot rose.

The bridesmaids were similarly attired in yellow gowns with matching yellow roses. The groom's mother wore a long beige gown with a v-neckline, and short sleeves styled in an Empress fashion.

The bride's mother wore a light green floor length gown with a v-neckline and long sleeves.

Best man was Douglas Black. Groomsmen were James Mandrick and James Bristol.

A reception for 130 people was held at the Knights of Columbus Hall in Lansing.

The couple took a wedding trip to the Upper Peninsula. The groom is a 1974 graduate of DeWitt High School and is presently a

senior at Michigan State University. The bride is a 1977 graduate of DeWitt High School.

The newlyweds are making their home in married housing of MSU.

## Area happenings

p.m. at the K of C Hall on N. US-27.

All friends and relatives are invited to share in their celebration.

## ORDINANCE NO. 292

AN ORDINANCE TO AMEND CHAPTER 51 OF THE ST. JOHNS CODE, KNOWN AS THE ZONING ORDINANCE OF THE CITY OF ST. JOHNS.

THE CITY OF ST. JOHNS ORDAINS: Section 1. That Section 5.32 BOARD OF APPEALS, Title 5 Chapter 51 Zoning, shall be deleted in its entirety.

Section 2. That the following shall be inserted in the place and stead of Section 5.32 and shall read as follows:

"5.32 Membership. The Board shall consist of seven (7) members, appointed by the City Commission. One (1) of these seven (7) members may be appointed from the membership of the Planning Commission of the City of St. Johns. Members of the Board serving on the effective date of this Ordinance shall be and constitute the Board hereunder, and each member thereof shall serve the balance of the term to which he was previously appointed."

Section 3. Except as herein provided, the Chapter 51 Zoning of the St. Johns City Code shall stand as first enacted or otherwise amended.

Section 4. This Ordinance shall take effect twenty (20) days after its passage.

PASSED, ORDAINED AND ORDERED PUBLISHED BY THE CITY COMMISSION OF THE CITY OF ST. JOHNS AT A REGULAR MEETING HELD THIS 22 DAY OF AUGUST, A.D. 1977.

Adoption of the Ordinance was moved by Commissioner Arehart and supported by Commissioner, Hannah.

## ORDINANCE NO. 291

AN ORDINANCE TO PROVIDE FOR THE CONSTRUCTION, REPAIR AND USE OF DRIVEWAY APPROACHES IN THE CITY OF ST. JOHNS AND FOR THE PROCUREMENT OF A PERMIT AND THE PAYMENT OF A FEE AND PENALTY FOR VIOLATION THEREOF.

THE CITY OF ST. JOHNS ORDAINS:

Section 1. Driveway Aprons—Construction Required. Any existing driveway apron, entering off of or onto a paved or tarred road, which is not paved with concrete or approved bituminous asphalt shall be so paved within five (5) years after the effective date of this Ordinance. If the owner or occupant of the property does not arrange for the paving and payment thereof himself, then the approach or driveway apron shall be paved by the City of St. Johns and the cost and expenses thereof shall be charged to such owner or occupant as part of a special assessment in the manner provided for special assessments by the City Charter. If said driveway aprons and approaches are not paved within five (5) years of the effective date of this Ordinance, the Zoning Administrator shall give the owner or occupants thereof thirty (30) days notice to pave the same, and if such person, firm or corporation owning the property shall neglect or refuse to do so, then the Zoning Administrator shall cause said driveway apron or approach to be paved and he shall make a detailed report to the City Commission of the costs and expenses, which cost and expenses shall be charged to said owner or occupant in the manner provided by the Charter relative to special assessments.

Section 2. That any newly constructed driveway aprons or approaches shall be paved immediately after the cut is made into the traveled portion of the roadway, and the base construction is completed.

Section 3. This Ordinance shall take effect twenty (20) days after its passage.

PASSED, ORDAINED AND ORDERED PUBLISHED BY THE CITY COMMISSION OF THE CITY OF ST. JOHNS AT A REGULAR MEETING HELD THE 8 DAY OF AUGUST, A.D. 1977.

Adoption of the above Ordinance was moved by Commissioner Hannah and supported by Commissioner Roesner

Yeas: Commissioners Ebert, Hannah, Wilcox, Roesner.

# Ann Koenigsknecht becomes bride of Ken Thelen

Ann M. Koenigsknecht and Kenneth A. Thelen were united in marriage on July 16 at 1:30 p.m. at Holy Trinity Church in Fowler before an altar decorated with red sweetheart roses, blue baby mums, and white gladiolas.

Rev. John Klein, cousin of the bride was assisted by Fr. Albert Schmitt in performing the double ring ceremony.

The bride was escorted down the aisle by her father. Parents of the couple are Mr. and Mrs. Paul J. Koenigsknecht, Fowler, and Mr. and Mrs. Joseph V. Thelen, Westphalia.

Organist for the wedding was Mrs. Rose VanElls, Annette Jandernoa and Duane Feldpausch both played the guitar and sang. Mrs. Cheryl Arens also sang a solo.

For her wedding the bride wore a traditional styled gown of chiffon over taffeta. The sheer yoke of the bodice had popcorn stitching and Venice lace. The gown featured tiered capelet sleeves and an empire waistline with Venice petals. The A-line skirt was designed with appliques and had flounce border with a chapel length train.

She wore a fingertip length mantilla veil on a Juliet headpiece with matching Venice appliques.

The bride carried a bouquet of red roses, white daisies, and white baby mums. In the bouquet was a small white bible the bride's mother had in her bridal bouquet.

Matron of honor was Mrs. Monica Martin, Fowler, cousin of the bride. Attendants were Mrs. Cheryl Arens, Fowler; Mrs. Pat Walter, Haslett; Mary Ann Palawski, Pontiac; Sue Swartz, Greenville; and Pat Schrauben, East Lansing.

The bridesmaids wore sleeveless blue flowered gowns with matching capes. They wore white picture frame hats trimmed with material matching the dress. The bridesmaids carried white baskets of white and blue tinted baby mums.

The bride's mother wore a light blue floor length dress. The groom's mother wore a pastel green floor length dress. Both mothers had corsages of miniature white orchids.

Best man for his brother was Mike Thelen, of Westphalia. Groomsmen were Dale Theis, Westphalia; Ron Kramer, Portland; Randy

Walter, Haslett; Scott Edwards, Detroit; and Rick Motz, Fowler.

Ushers were Frank Koenigsknecht, Fowler, and Brian Thomas, Pleasant Ridge.

A reception with 375 guests attending was held in

the church hall.

Waiting on the bride's table was Mrs. Ellen Feldpausch, Fowler; Ann Crittenden, Grass Lake; and Nancy Dillon, Rochester. Cutting the cake was Mrs. Marcia Feldpausch, Fowler; and Mrs. Maureen Schafer,

Westphalia.

Host and hostess was Mr. and Mrs. George Koenigsknecht.

The bride and groom are both 1973 graduates of Fowler and Pewamo-Westphalia High Schools. The groom graduated in Decem-

ber from Michigan State University with an accounting degree. The bride graduated in June 1977 with a Child Development and Teaching degree.

The couple spent their honeymoon in California and are making their new home in Grand Rapids.

## Couple wed during double ring vows

Wedding vows were exchanged between Mary Kris Hengesbach and Steven Edwin Thelen, on Aug. 20 at 1 p.m. at St. Mary's Church in Westphalia. The double ring ceremony was performed by Father James Schmitt before an altar decorated with yellow gladiolas, green mums and yellow pom poms.

The bride was escorted down the aisle by her mother and father. Parents of the couple are Mr. and Mrs. Louis R. Hengesbach, 14341 Jason Rd., Pewamo, and Mr. and Mrs. Donald J. Thelen, Centerline Rd., Fowler.

The wedding march was

played by Fred Hengesbach on the organ. The Platte's played guitars to "Time in a Bottle", "First Time", "The Wedding Song", "All That I Am", and "We've Only Just Begun".

For her wedding the bride wore a Victorian styled gown of chiffon over taffeta with a V-lace insert on the bodice of French Chantilly and Venice lace. A chignon capelet adorned her shoulders. The gown featured an empire waistline with Venice lace appliques and pearls. The flared skirt had a Chantilly train.

The bride wore a hat with Venice lace and chiffon to match the gown. She carried a bouquet of yellow sweet-

heart roses, white carnations, and white snowdrift pom poms accented with baby's breath.

Maid of honor for her sister was Jody Hengesbach, Pewamo. Other attendants included: sisters of the bride, Ruth Hengesbach, Pewamo; LuAnn Simon, Grand Ledge; Virgene Pung, sister of the groom, Pewamo; and Kathy Kowatch, friend of the bride, Pewamo.

The bridesmaids wore dresses of crinkle voile over taffeta, featuring a V-insert bodice of Cluny lace. They had ruffled panels over the bodice with lace borders. The A-line skirts with flounce and lace borders. The maid of honor was dressed in yellow with a yellow hat and ribbon. The bridesmaids wore mint green dresses with white hats and trimmed with mint green ribbons.

The carried Colonial bouquets of mint green carnations and white daisy pom poms and yellow sweetheart roses accented with baby's breath.

The mother of the bride wore a floor length mint green sleeveless dress with a long sleeved laced cape attached.

The mother of the groom wore a floor length pale

yellow gown with a long sleeve pleated cape attached. Both mothers wore yellow sweetheart rose corsages trimmed in baby's breath.

Best man was Jim Thelen, brother of the groom, Fowler. Groomsmen were: Tom Thelen, friend of the groom, Pewamo; David Simon, Grand Ledge; Ken Pung, Pewamo; and Warren Hengesbach, Pewamo. Ushers were Dean Hengesbach and Luke Pohl of Westphalia.

A reception for the couple was held at St. Mary's Parish Hall with 500 guests in attendance.

Cutting the wedding cake were Adel Barnes, sister of the bride; Rhonda Schaar, and Pam Heiden, friends of the bride. Waiting on the bride's table were Cindy Irrer, Diane Fedewa, and Sharon Fedewa, friends of the bride.

Special guests at the reception were Mrs. Adeline Platte, grandmother of the bride, and Mrs. Matilda Thelen, grandmother of the groom.

The couple are graduates of Pewamo-Westphalia High School. The groom graduated in 1972 and the bride in 1976.

The couple took a wedding trip to Virginia and are making their home in Fowler.

Mr. and Mrs. Kenneth Thelen

## Sgt. Thomas Couling awarded Air Force commendation

CHEYENNE, Wyo. — Meritorious service at Bentwaters RAF Station, England, has earned the U.S. Air Force Commendation Medal

for Sergeant Thomas A. Couling, whose parents are Mr. and Mrs. Alan L. Couling of 402 N. Bridge, DeWitt.

Sergeant Couling, a security specialist, was presented the medal at Francis E. Warren AFB, Wyo., where he now served with a unit of the Strategic Air Command.

The sergeant is a 1973 graduate of DeWitt High School. His wife, Pamela, is the daughter of Mr. and Mrs. Steven N. Stephenson of 5909 Montebello, Haslett.

# European trip reunites Elsie brother with sister

By Neva Keys  
Elsie Correspondent

Soon after the holiday season, Mrs. Mary Horak of E. Island Road, Elsie, heard her husband Tom exclaim, "Let's go to Europe next summer." This was such a surprise to Mrs. Horak as her husband has been in ill health for several months. He hadn't seen his sister, Mrs. Marie Florian in 56 years and expressed his desire to see her once more.

Planning began at once and arrangements for a three week vacation were completed. They have now returned to their home to share their pleasures with their family and friends.

Mr. and Mrs. Horak were accompanied by their daughter-in-law, Mrs. Jim Horak (the former Marcia Smith of Elsie) who lives in Park Forest, Ill., with her husband.

They flew by jet from O'Hare airport to Prague, Czechoslovakia where they were met by Horak's sister and his nephew with whom he went home to Stranznice, about 200 miles away, while his wife and daughter-in-law continued on a tour of Western Europe.

Mary and Marcia enjoyed the ride through the heart of Bohemia and saw the fabled land of Medieval villages, age-old ruins and great mineral springs.

Later after reaching the German border and clearing formalities, they visited Nuremberg, the largest town in Bavaria and saw where the

"trials of Nuremberg" were held.

Next they arrived in the great city of Frankfurt, Germany, one of the major crossroads of Europe boasting of the first autobahn, one of the earliest train services and the largest airport in Europe.

The next morning, a drive along the beautiful Rhine River was enjoyed, and later they boarded the Rhineland Cruiser for a cruise through the Rhine River Valley, long the inspiration of songs, stories and paintings.

The romantic castles, villages and taverns amid the vineyards along the steep slopes were only part of which was worth visiting in the Rhine area. Among other points of interest were the scenic view from the Henninger Revolving Restaurant and dancing in a dancehall with live music.

They were taken to Koblenz where they visited a brandy factory and an inside tour of Marx Castle.

They were overnight guests in the Cathedral City of Cologne in a brief sightseeing tour of this Roman city, with impressive Cathedrals which is said to be the world's greatest example of Gothic architecture dominating the entire area.

The next country to visit was Holland with a few windmills, lunch at "McDonalds" and a welcome to Amsterdam which they said was one of the cleanest and friendliest cities.

It is the center of European diamond cutting a

shopper's paradise for Delftware, diamonds, art productions, antiques, pewter, copper and flower bulbs. The profusion of bicycles, the miles of curving canals and bridges dividing the city into a series of islands was an unusual sight. They visited a cheese factory, a wooden shoe factory and had a boatride to Marken Island.

Brussels, the capital of Belgium and the Common Market was a city of magnificent palace museums of the 18th and 19th centuries, and the battle fields of Waterloo were seen before the visitors re-entered Germany.

Passing the charming wine towns and villages, they rode south to the Heidelberg area where they saw the world famous Heidelberg University, oldest in Germany and its historic stone bridge and spectacular 13th century Castle guided tour.

The tourists were given a free afternoon to enjoy visits to many of the points of interest in the city. Leaving the next day from Heidelberg, they continued to enjoy the scenes of Bavarian country-side as they drove south through Munchen, meaning home of the monks, as it was founded as a Benedictine Monastery but quickly developed into a center of trade in the 12th century.

They had a sight seeing tour of the city with its town hall and its glockenspiel, St. Paul's Church, the Fraunkirche and the Olympics

Village with its 933-foot Olympic Tower. They also visited the Dachau Concentration Camp.

Another free afternoon was provided for extra sight-seeing such as Englischer Gärten, museums, galleries, shops, boat ride, horse-drawn carriage ride, and Herenchiemsee Royal Castle.

From Munich, they rode south into Austria and the city of Salzburg, one of the most beautiful cities of Europe. They saw where the "Sound of Music" was made. It was a beautiful setting with its magnificent mountain scenes, towers and churches for the Festival which draws lovers of class-

ical music and special admirers of Mozart each year.

They saw Mozart's birthplace. Hitler's Eaglest (his hideout.) Berchtesgaden and salt mines. They were also given a free afternoon to continue exploring the interesting city.

Next morning after breakfast they boarded their motorcoach for the return drive to Prague, where Mrs. Horak and her daughter-in-law, Marcia joined Mr. Horak, sister and family. They enjoyed telling the family about their trip and Horak and his sister, whom he hadn't seen in 56 years, sharing with each other the happenings of the years since they had seen each other.

## Bannister VFW Auxiliary meets

The regular meeting of the Bannister V.F.W. Ladies Auxiliary 6403 was held Monday Aug. 8, at the Z.C.B.J. Hall Bannister.

President Jean Keck opened the meeting according to ritual with 12 members present. Minutes of the previous meeting were read and Chrm. reports were given.

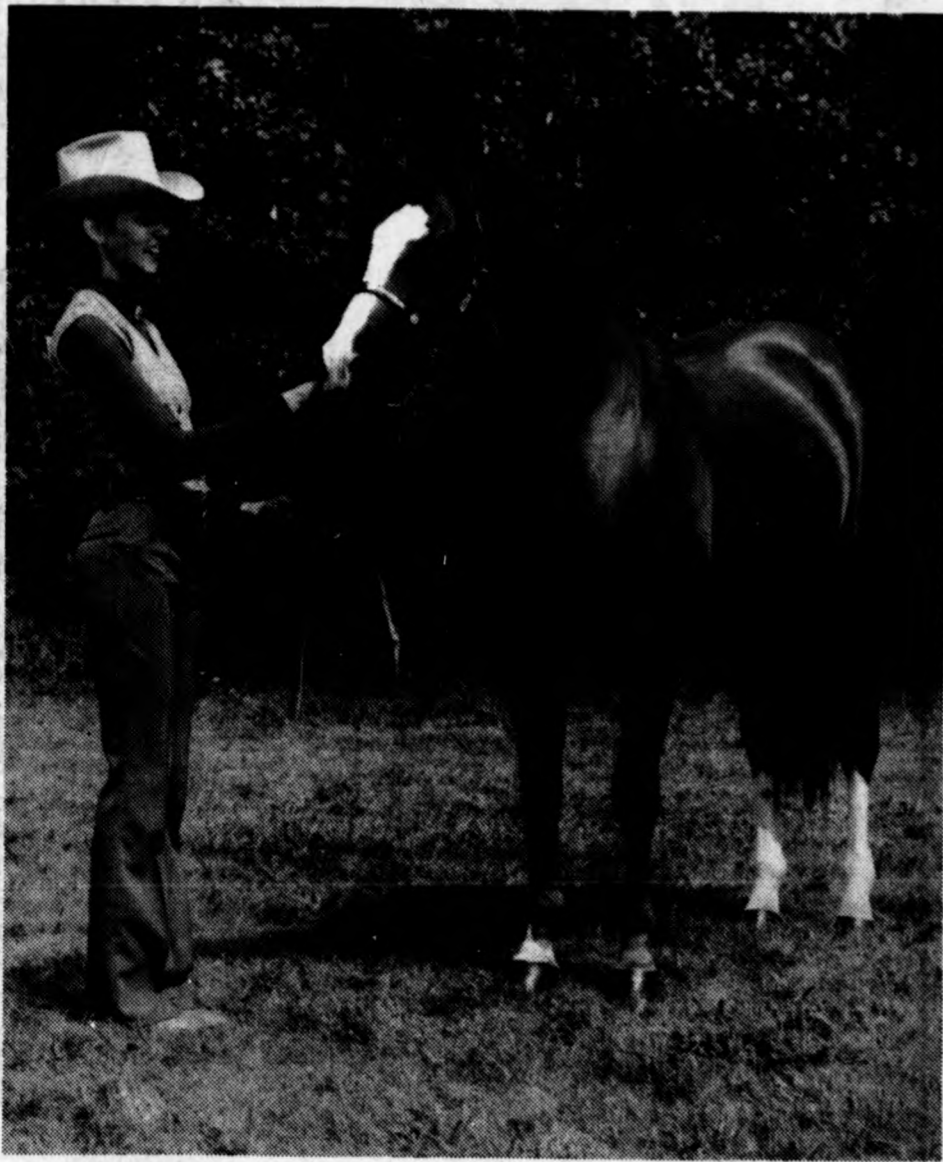

Plans were made for the school of instruction which will be held Sept. 8 at 7:30 p.m. at the Z.C.B.J. Hall, Bannister.

Motion was made and passed to join the post, posting a reward for the

arrest and conviction of person or persons stealing a flag or causing extensive damage to the memorial in Bannister.

National Home chairman Ruth Ferrall reported the home is accepting trading stamps toward a tractor and the 9th district Picnic would be Aug. 28 at Camp Trotter at noon.

Sr. vice president Mabel Hayward reported that the Auxiliary had been invited to march in the Farwell Parade Sept. 5.

Grand champion

Nearly 500 Michigan 4-H'ers competed in the 1977 Michigan 4-H Horse Show held at Michigan State University August 23. Shown is Sue Wood of St. Johns with her horse, Sugar Duke Bars, who was selected as the grand champion in fitting and showing section of registered quarterhorses for 12-14 year old members.

Sue is 13 years of age. Other honors Sue won with her horse included first place in fitting and showing for 13 year olds, second place in stock seat equitation for 13 year olds, first place in western pleasure for 13 year olds, and reserve champion in the western pleasure section for 12-14 year olds. Sue is the daughter of Mr. and Mrs. Leland Wood of St. Johns and is a member of the Blazing Britches 4-H Club. During the State 4-H Horse Show 183 classes were judged using 11 show rings simultaneously. According to Dr. Richard Dunn, MSU Extension specialist in Animal Husbandry and Coordinator of the event, the State 4-H Horse Show "provides members with an opportunity to learn skills in horsemanship, understand the training of horses, develop leadership and sportsmanship, increased knowledge of safety precautions, and to meet and compete with 4-H members from across the state."

## St. Johns Police report

St. Johns City Police officers arrested two persons for driving while under the influence of liquor and three persons for being drunk and disorderly over the weekend.

Other offenses handled by police during the week of Sept. 5 included: one reckless driving, three vandalisms (two cases of slashed tires), one stolen hub cap, and one careless driving.

On Sept. 6 the St. Johns fire department went to a car fire and on Sept. 10 went on a call of smoke in the house.

Leaving Charlotte defenders in his wake, St. Johns halfback Rod Lounds churns for the goal line on a 47-yard touchdown run. Lounds first period score gave the Redwings a lead they never gave up, as visiting Charlotte was downed 14-6.

# Defense paces St. Johns victory over Charlotte

St. Johns football coach Joe Gonzales was mighty pleased with the 14-6 opening game victory over Charlotte. His special nod of appreciation went to the defensive unit that throttled the visitors, holding them to a meager 46 yards total offense.

The visitors only touchdown can't really be faulted to a Redwing defensive lapse, as St. Johns offense fumbled the ball away on their own three-yard line. After going in for the TD, the

visitors went for the two-point conversion that would've tied the score at 8-8, but were stopped on a good tackle by Redwing defensive back Buzz Zamarron (see related photo).

Junior halfback Rod Lounds opened the scoring for St. Johns in the first quarter, breaking off tackle and speeding 47 yards to paydirt. Lounds TD sprint accounted for more than half his rushing total for the night, as he piled up 92 yards on 12 carries.

Late in the second quarter, after Charlotte pulled to within two points, the visitors were punting from deep in their own territory. Redwing defensive back Joe Buggs broke through Charlotte's line, dove and blocked the punt with one hand. St. Johns recovered at Charlotte's 25 yard line with 6 seconds left in the half. 25 yards... 6 seconds...

everybody should be expecting a pass, right? So, that's exactly what Redwing quarterback Jason Bargar did. He zipped the scoring strike to Randy Pertier. That ended the night scoring as Lounds' conversion run failed.

The rest of the game was mostly St. Johns defense bottling up Charlotte, and the Redwing offense sputtering.

Coach Gonzales mentioned that the inconsistent offense, blocking in particular, must improve for St. Johns to continue winning. "Our offense has good potential," Gonzales said, "but we must improve!"

Friday finds the Redwings traveling to Bullock Creek to face a rugged and improved team that, according to Gonzales, is operating under a new program, with enthusiasm running high.

## Registration opens for area PP&K

Registration for the area's 17th annual Punt, Pass & Kick competition for youngsters 8 through 13 years of age will remain open through Sept. 30.

Nationally, more than 1,300,000 youngsters are expected to take part in this year's program sponsored by the Ford Dealers of America in cooperation with the National Football League. Registration blanks and local competition details are available at all participating Ford dealerships.

Punt, Pass & Kick has attracted more than 14 million participants since its inception in 1961, in addition to the enthusiastic support of high school, college and professional football coaches across the country.

National Football League Commissioner Pete Rozelle describes Punt, Pass & Kick as "our most important youth-oriented promotion" and notes that entrants compete only against other youngsters their own age. Scoring is based on distance and accuracy in punting, passing and place-kicking.

Competition begins at the local level on Oct. 8, 7:30 p.m. at the St. Johns football field and subsequently moves to zone, district, area, divisional and national levels. No entrance fee or special equipment is required. There is no body contact and participating does not impair a youth's

amateur standing. Youngsters, accompanied by a parent or guardian, may register for PP&K at Egan Ford Sales, 200 E. Higham, St. Johns.

The St. Johns Jaycees will co-sponsor the event again this year and Jayettes will operate the refreshment booth.

## Redwing golfers open season with big win

St. Johns Redwing varsity golfers opened their 1977 season with a whopping 408-471 victory over Bullock Creek last week.

Jeff Kemper carded the low score for St. Johns with a 78, followed by Carl Nobis at 80, John Watkins and Jim Dedyne at 83 apiece and Mike Greene 84.

The closest Bullock Creek golfer was Roger Marquardt who finished the afternoon with a 91.

The junior varsity won their match by almost 100 strokes, 477-570.

St. Johns' next match is Sept. 15 with Pewamo-Westphalia.

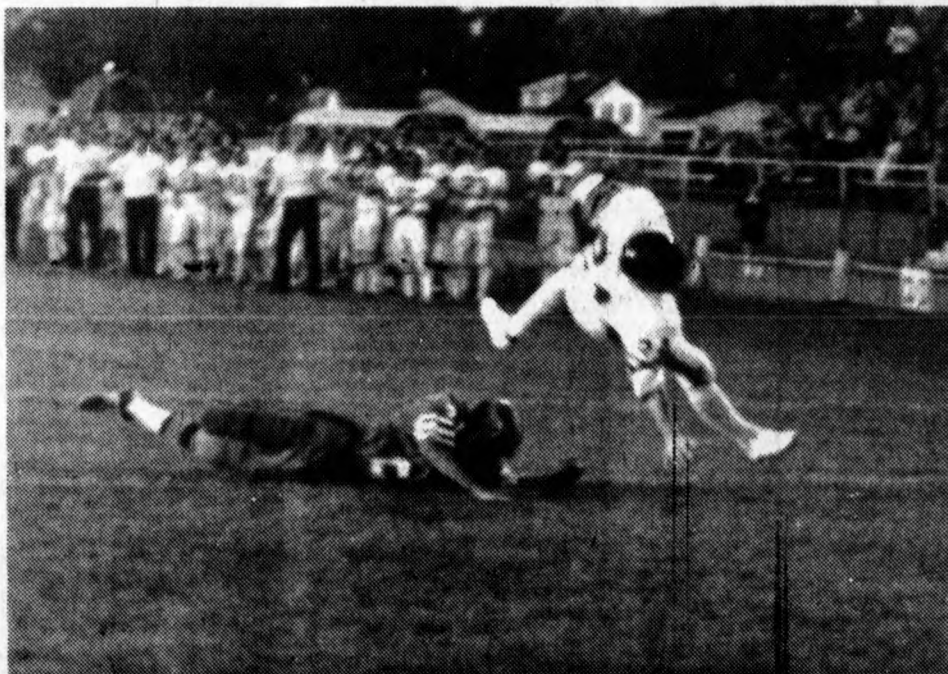

St. Johns High School varsity golfers picked up their second straight victory of the season when they defeated Durand 208-238.

St. Johns John Watkins carded the low score of the day with 37. Carl Nobis, Mike Greene and Jeff Kemper all finished with 42 and Jim Dedyne with 45.

The junior varsity also recorded their second win of the season, downing Durand 228-330. Paul Duguay led the jayvees with a 41, followed by Brian Barrett (43), Tom Teichert and Kathy Teichert (44), Jeff Williams (45).

### SCHEDULE

- 27 Chesaning
- 29 Alma
- Oct. 1 Alma Panther Classic
- 4 Ovid-Elsie
- 7 Ithaca
- 12 Conference
- 16 Regionals
- 23 State

Redwing defensive back Buzz Zamarron makes a fine open-field tackle to keep Charlotte's Bob Converse from scoring the tying conversion points. Converse unfortunately broke his arm on the play, as he tried to brace his fall.

## Pewamo-Westphalia defeats Olivet 19-0

After trailing Olivet in the first quarter, Pewamo-Westphalia bounced back to score one in each of the next three periods to win their football opener 19-6.

Olivet scored in the opening period when Ross Hunter scored from the one-yard line. The run for the two-point conversion was no good. That was the last score of Olivet for the rest of the game.

The Pirate's Bill Simon hauled in a 15-yard pass from Dan Miller to tie the game at 6-6 in the second quarter. The conversion attempt was unsuccessful.

Following the half, quarterback, Dan Miller took the ball in himself, scoring from the one-yard line. The conversion failed, but Pewamo-Westphalia held a 12-0 lead. Olivet was again held scoreless in the final period while the Pirate's Gary Schafer added another six with a scoring run from the four.

Warren Hengesbach

kicked the extra point. Terry Pfaff, the Pirate fullback, led the rushing attack with 92 yards in 19 carries to average 4.9 yards each time he touched the ball. The Pirates had a total of 189 yards on the ground. Miller added 95 yards through the air. He put the ball in the air five times and hit his man four of those five.

Olivet finished the game with 114 yards rushing and just 16 in the air.

Coach Bill Marks also praised the outstanding line performances of Kurt Thelen and Larry Piine.

Pewamo-Westphalia will be at home Friday night against Webberville.

Webberville was shut out last Friday by Bellevue 12-0.

## Bear season dates

LANSING—The Department of Natural Resources reports that some hunters have expressed confusion over an erroneous news story about the 1977 Michigan bear season.

The DNR says hunters' worries are really unnecessary as seasons are explained in detail in the 1977 Michigan Big Game-Small Game Hunting Guide.

The bear season in the Upper Peninsula (Zone 1) remains unchanged for this year: September 10

through October 31 under a bear license (dogs, gun or bow permitted); October 1 through November 14 under a bow license (no dogs or guns); and November 15 through 30 under a gun deer license (no dogs).

In the northern Lower Peninsula (Zone 2 counties of Alcona, Alpena, Charlevoix, Cheboygan, Crawford, Emmet, Iosco, Kalkaska, Montmorency, Ogemaw, Oscoda, Otsego, Presque Isle, and east of US-27 in Roscommon County), the season is from September 16 through 25 under a bear license and permit (dogs, gun or bow permitted); and October 1 through 9 under a bow license (no dogs or guns).

New to 1977 is the Zone 2 bow season.

## Redwing cross country team opens with 1 win and 2 losses

In the first week of the season the young Redwing Cross Country team lost their first conference meet with Bullock Creek, Sept. 6, by a score of 21 to 36.

The St. Johns runners made a poor showing the first meet of the season with top finisher, co-captain Todd Scott, a sophomore, who finished 3rd in the race with a time of 17:03.

The first place finisher was Kyle Spohn of Bullock Creek with the winning time of 16:26.

Other Redwing runners finished as follows: co-captain Mike Brockmyre, 6th, Dan Seperic, 7th, and Paul Magsig 14th, Juniors and Eric Brockmyre 8th a Senior.

Other team members competing were Brian Kiel and Tom Flegel Juniors, Bob Bertoldi, sophomore and Jay

Richards, Eric Root and Dave Ebert Freshmen.

In their second meet of the week on Sept. 8 against non-league Central Montcalm and Belding, the Redwing runners were much improved over Tuesday's performance.

However, they did lose to Central Montcalm by a score of 25 or 30 while defeating Belding 22 to 39.

Todd Scott was 2nd with a time of 16:42 while Mike Brockmyre was 4th with a time of 16:52. Eric Brockmyre, 9th, Dan Seperic 10th, and Paul Magsig was 12th for the Redwings first five finishers. The other members of the team, all showing improvement over Tuesday were Eric Root, Tom Flegel, Jay Richards, Bob Bertoldi, Brian Kiel and Dave Ebert.

## Band raises funds

The Ovid-Elsie Marching Band will conduct a fund raising campaign Sept. 15 through Sept. 18.

They will be taking orders for a variety of candles for

year-round enjoyment including special selections for the holiday season.

The money received will be used for band camp.

## Correction

In last week's swimming pictures young winner should have been Jenny

Plowman instead of Jimmy Plowman.

## Protection of Badgers - Statewide

The Natural Resources Commission, under authority of Act 230, P.A. 1925, as amended, orders that for a period of five years beginning November 1, 1973, it shall be unlawful for a person to take or attempt to take a badger, statewide.

## NATURAL RESOURCES COMMISSION ACTION

(Under the authority of Act 230, P.A. 1929, as amended)

### PRAIRIE CHICKEN REGULATIONS

The natural Resources Commission, at its meeting on June 7, 1974, under authority of Secs. 1, 2, 3, and 4, Act 230, P.A. 1925 (pp. 78-80 of Laws Relating to Natural Resources, revision of 1972), established the following regulation regarding the taking of prairie chickens:

For a period of five years beginning September 1, 1974, no person shall hunt, take, or attempt to take prairie chickens statewide.

# Fowler first Fulton victim of '77

Fowler's Dan Thelen charges after Fulton quarterback while Tim Koenigsnecht heads in a little late to help out. Hnetyuka passed for over 100 yards in Friday night's win by Fulton 48-6.

**FOWLER**—Why Fulton is generally predicted to repeat as CMAC football conference champs was evident at Fowler Friday night as the visiting Pirates downed the Eagles 46-8.

Fowler got on the board first in the second quarter when Jim Theis scored on a seven-yard run and Dan Brown hauled in a pass from Theis for the two-point conversion.

However, that 8-0 lead was to be short-lived as the Fulton Pirates went on an offensive charge that carried right through the final period of the game.

The Pirates came back with a two-yard by Calvin Drake to pull within two 8-6, and then went ahead when Terry Hnetyuka tossed a two-point conversion pass to Roger Hanson.

Before the night was over, Drake piled up 186 yards on 17 carries, scored two touchdowns and added a running conversion.

Drake followed his first touchdown in the second quarter with another in the same period.

This time, he went in from the seven and Joe Collins added the conversion with a pass from Hnetyuka. That concluded the score

for the first half with Fulton leading 16-8.

The second half was more of the same as the Fowler defense spent most of the time on the field trying to corral the Pirate offense.

In the second half, Fowler had the ball for only 15 offensive plays.

Fulton added 14 points in the third quarter on a 12-yard run by Joe Collins and eight-yard run by Roger Hanson. Hnetyuka passed to Gerald Moore for one con-

version and the second failed.

There was more scoring to come in the fourth quarter. Gerald Winsor went in from the six and Drake ran in the conversion. Xavier Rodriguez scored the final touchdown of the game with an eight-yard run and Hanson carried in the two-point conversion.

Fulton piled up 322 yards on the ground and was 6-for-7 in the air for another 123 yards.

Fowler picked up 120 yards rushing and 34 in the air on three completions in 11 attempts.

Each team fumbled once and lost it. Both teams were penalized 60 yards.

Defensively, Tony Schafer was the top Eagle with 13 tackles, 10 on assists and three solo.

Fowler goes on the road Friday against Bellevue. Bellevue started out their season with a 12-0 blanking of Webberville.

Fowler Eagles (in white, from left) Ed VanEils, Charlie Klein, Dave Messer and Tim Koenigsnecht haul a Fulton runner down during the Eagle's loss to the Pirates. Fulton held the Eagles to just 15 offensive plays in the second half.

## DeWitt downs Williamston, takes on Okemos Friday

Defense was the name of the game Williamston dis-

covered Friday night as they fell to the DeWitt Panthers 20-0.

quarter, after leading the Panthers down the field in a 44-yard offensive drive.

**PROVERBS n REALTY**  
**ONE TROUBLE WITH TROUBLE IS THAT IT USUALLY STARTS OUT LIKE FUN.** (Source unknown)

**CHARLIE HUNTINGTON**  
**ST. JOHNS REALTY**  
 PHONE 224-2967  
 If no answer, call 224-3145

While the DeWitt offense was busy scoring touchdowns, the Panther defense was hard at work making sure Williamston didn't score.

The DeWitt defense held the Hornets to a paltry 48 yards on the ground.

There was less success against DeWitt in the air—the Hornets gained no yardage passing.

Mark Moody, however, went to the air to burn the Hornets for the first DeWitt touchdown.

He connected with Mark Willson with a 16-yard scoring pass late in the first

The extra point conversion failed.

DeWitt scored again in the second quarter when Gene Mitchell went in on a 16-yard run.

Their final score of the game came in the last period when Mike Scharf scored from the three.

DeWitt has 253 yards against the Hornets Friday and Moody completed four of seven passes for 57 of those yards.

The Panthers travel to Okemos Friday to take on the Chieftains who shut out Holt 14-0 in their opening game.

### Potterville takes P-W

### cross country meet

### by one point, 28-29

Potterville squeaked out a narrow one-point cross-country win by defeating Pewamo-Westphalia, 28-29. The Vikings' Kim Dahlgren took meet honors with a time of 16:39. P-W was led by Kurt Bengel, who finished third in the meet with a time of 17:03.

Trent Schafer (5th), Jeff Raines (6th), Scott Simon (7th), and Steve Kimball (8th) gave PW strong finishes but were not enough to upend the defending Class D champs.

Freshmen Tom Smith and Tom Theis both ran outstanding races for PW in their initial varsity debuts. The top 10 finishers were:

- |                      |       |
|----------------------|-------|
| 1. Kim Dahlgren P    | 16:39 |
| 2. Steve Van Loton P | 16:51 |
| 3. Kurt Bengel PW    | 17:03 |
| 4. Duane Foster P    | 17:13 |
| 5. Trent Schafer PW  | 17:21 |
| 6. Jeff Raines PW    | 17:42 |
| 7. Scott Simon PW    | 17:54 |
| 8. Steve Kimball PW  | 18:15 |
| 9. Greg Miller P     | 18:20 |
| 10. Tom Smith PW     | 18:29 |

Mark Willson hauls in a pass during DeWitt's 20-0 victory over Williamston Friday night.

**NATURAL RESOURCES COMMISSION ACTION**  
 (under authority of Act 230, P.A. 1925, as amended)  
**BOBCAT HUNTING REGULATIONS FOR 1977-78**

The Natural Resources Commission, at its meeting on June 10, 1977, under authority of Secs. 1, 2, and 3 of Act 230, P.A. 1925, as amended, Secs. 38 and 39a, Chapter IV, and Sec. 1, Chapter V, Act 286, P.A. 1929, as amended, established rules for the taking of bobcats in the winter and spring of 1977-78, as follows:

- Seasons**  
 Zone 1: Hunting and trapping, October 25, 1977, through March 31, 1978  
 Zone 2: Hunting only, January 1, 1978, through February 28, 1978  
 Zone 3: Closed to hunting and trapping
- Shooting Hours**  
 7:00 a.m. to 6:00 p.m. EST
- Areas**  
 Zone 1—The Upper Peninsula, except Bois Blanc Island which will be included under Zone 2 regulations, and Drummond Island, which will be closed.  
 Zone 2—Cheboygan, Presque Isle, Otsego, Montmorency, and Alpena counties; also, Bois Blanc Island.
- Registration**  
 Any person killing a bobcat under authority of a valid hunting or trapping license shall present the bobcat at a Department of Natural Resources district office or other designated field office within 72 hours of the kill. There a confirming seal shall be attached and information obtained from the licensee as to date and place of kill and other pertinent information deemed appropriate. Registration shall be in the peninsula where the animal was killed. No taxidermist or fur buyer shall accept a bobcat or bobcat pelt without the confirming seal attached, or process it in any fashion. Registration hours will be during regular working hours or where offices are open for some other purpose, after hours. No charge will be made for sealing.

### In last 14 seconds

## Bath lead goes down the drain

BATH—Bath's Bees were 14 seconds away from opening the 1977 football season with a victory when Hartland crashed over for a score and added a two-point conversion to win.

Up to that point, Bath held a 14-7 lead. The Hartland touchdown gave the visitors a 15-14 win.

Bath scored first when Chris Zeeb went in during the first quarter on a five yard run.

The attempted kick for extra point failed and Bath led 6-0.

Hartland came back, still in the opening quarter, and scored on a three-yard run.

They went ahead 7-6 when their kick for extra point was successful.

The Bees went back ahead in the game in the third quarter when Reggie Clark went for 10 yards and a touchdown. He carried in the extra point to give Bath a 14-7 lead.

John Richards put Hartland back on top in the last seconds of the fourth quarter with a one-yard run

following a 65-yard. That score came on an option to left and Hartland returned with another option, this time to the right to get the two-point conversion and the game.

Statistically, Bath seemed the stronger team, out-rushing Hartland 219-126.

Bath's Chris Zeeb picked up 134 of those yards on 20 carries.

Gary Grady, Bath coach, said Hartland gained an edge with passing. "They hurt us on the pass," he said, "especially late in the game."

Fumbles also hurt the cause with Bath fumbling four times and losing the ball twice. Hartland fumbled twice, losing both of them.

Bath's Jeff Klockner aided the Bath defense with an intercepted pass.

Bath travels to Stockbridge Friday night to play a team with the pleasure of having most of their players back from last year. Stockbridge opened the season with 35-0 thumping of Michigan Center.

Reggie Clark (10) of Bath heads for the end zone on a 10-yard scoring run against Hartland Friday. Although leading, the Bees were victim of a touchdown and two-point conversion in the last 14 seconds to lose 15-14.

### Still time to sign up for senior citizens bowling

ST. JOHNS—There is still time for area residents to sign up for the senior citizens bowling league at Redwing Lanes in St. Johns. Participants must be 55

or older and may sign up at the bowling alley. Instruction will be available. The league will bowl each Thursday at 1 p.m.

Members of the DeWitt varsity cross country team this year are (front, from left) Mike Monroe, John Jacobi, Tony Faggion, Paul DeSmith, (rear, from left) Mike Wilson, Roland Hensley, Dave Wilson and Ron Hensley. Dave Wilson and Mike Monroe are captains.

## DeWitt eyes state cross country title

DeWitt High School cross country coach Tom Mauro thinks he's got the makings of a state championship team this year and Monday's meet with Okemos did little to dim those hopes.

The Panthers defeated Okemos 16-41 and took the first four spots with Dave Wilson finishing the run in 16:10.5, 5.5 seconds over the course record.

Mauro has high hopes for

Wilson saying he's, "in late season form this early in the season."

Wilson is, without question, a strong runner. He earned all-state honors last year running while suffering from mononucleosis, unknown by Mauro at the time.

Wilson is joined by three runners described by Mauro as "super runners." They are Ron Hensley who finished second Monday,

Mike Wilson who finished third and Hensley's twin brother, Roland, who finished fourth.

Maik Monroe was fifth. Tony Saggion and Paul DeSmith are expected to give DeWitt the depth they lacked in last year's drive for the state crown.

DeWitt is at Pewamo-Westphalia Wednesday and at the Olivet College Invitation Saturday.

# City of St. Johns Ordinance No. 290

**ORDINANCE NO. 290**  
AN ORDINANCE TO PROVIDE FOR THE MANNER AND METHOD FOR STREET AND ROADWAY CUTTING AND OTHER EXCAVATIONS IN THE STREET RIGHT-OF-WAYS OF THE CITY OF ST. JOHNS AND FOR THE PROCUREMENT OF A PERMIT AND THE PAYMENT OF A FEE AND/OR PENALTY FOR THE VIOLATION THEREOF.

THE CITY OF ST. JOHNS ORDAINS:

Section 1. Permit Required. It shall be unlawful for any person, firm or corporation to tunnel under or to make any excavations in any street, alley, or other public place in the City without having obtained a permit as is herein required, or without complying with the provisions of this article or in violation of or variance from the terms and conditions of any such permit. Such permit shall be obtained by the person, firm or corporation intending to tunnel under or to make any excavation or cut in any street, alley right-of-way or sidewalk at least twenty-four (24) hours in advance of the work to be performed.

Section 2. Applications. Applications for such permit shall be made to the City Clerk and shall describe the location of the intended excavation, tunnel or cut, the size thereof, the purpose therefor and the person, firm or corporation doing the actual excavation work, and the name of the person, firm or corporation for whom the work is being performed, and shall contain an agreement that the applicant will comply with all ordinances and laws relating to the work to be performed.

Section 3. Fees: The respective fees for such permit shall be as set by the City Commission administratively. Such fees shall be kept at the city offices and will be available to the public at request. The respective fees shall be subject to administrative change by the City Commission without necessitating further change or amendment to the within Ordinance.

Section 4. Bond. No such permit shall be issued unless and until the applicant therefor shall have filed with the City Clerk a bond in the sum of One Thousand and no 100 (\$1,000.00) Dollars, conditioned to indemnify the City for any loss, liability or damage that may result or accrue from or because of the making, existence or manner of guarding or constructing any such tunnel, excavation or street cut. Such bond shall have as surety a corporation licensed to do business in the State of Michigan as a surety bond company.

Section 5. Notification. It shall be unlawful to make any such excavation, tunnel, or street cut prior to notifying the City of St. Johns Water and Sewer Departments sufficient time before such excavation to allow them to stake and locate any city water and/or sewer lines in the area. It shall also be necessary to notify the utility companies and "Miss Dig".

Section 6. Manner of Excavation. It shall be unlawful to make any such excavation or tunnel, or street cut, in any way contrary to or at variance with the terms of the permit acquired therefor. Proper bracing shall be maintained to prevent the collapse of adjoining ground; and, in excavations, the excavations shall not have anywhere below the surface any portion which is undercut beyond the opening at the surface.

In any subsurface excavations the MIOSHA standards applicable and in effect in the State of Michigan shall be used by any contractor or individual making such excavations, and such MIOSHA standards shall be adopted and incorporated into this Section by reference.

No injury or damage shall be done to any pipes, cables or conduits in the making of such excavation or tunnel, and notice shall be given to the persons maintaining any such pipes, cables or conduits as above set forth.

No unnecessary damage or injury shall be done to any trees or shrubs, or the roots thereof.

Section 7. Supervision and Inspection. The Superintendent of the Department of Public Works, or his designated inspector, shall, from time to time, inspect or cause to be inspected, all excavations and tunnels being made in or under any public street, alley or other public place in the City to see that the provisions of this Ordinance are enforced. Notice shall be given to him at least sixteen (16) hours before the work of excavation is commenced and at least sixteen (16) hours before the work of refilling any such tunnel or excavation commences. It is the responsibility of the applicant to give adequate notice to the Superintendent of the Department of Public Works so that such inspections may be made.

Section 8. Sidewalks. If any sidewalk is blocked by any such work, a temporary sidewalk shall be constructed or provided, which shall be safe for the travel and convenience of its users. If any part or portion of a slab of sidewalk is damaged during the excavation, the entire slab must be replaced. Such replacement of sidewalk slabs shall be five (5) foot by five (5) foot squares, four (4) inches thick, composed

of five-sack portland concrete, with the grade and slope of the existing sidewalk being matched and maintained by the replacement section.

Trenches under sidewalks shall be backfilled in the same manner as hereinafter set forth for street right-of-ways.

Section 9. Tunneling Required. Where necessary, and when a proper permit has been secured, tunnels may be driven or excavated under any pavement, brick or asphalt streets provided that upon completion of the work involved, the tunneling shall be backfilled with compacted sand.

Section 10. Driveway Approaches. If any part or portion of a driveway approach is damaged during excavation or removed during excavation, it shall be backfilled and repaired in the manner hereinafter stipulated and set forth for street right-of-ways.

Section 11. Protective Measures and Routing of Traffic. It shall be the duty of every person, firm or corporation, cutting or making an excavation in or upon any public way, to place and maintain barriers and warning devices necessary for the safety of the general public. Barriers, warning signs, lights, etc., shall conform to the requirements of the City Commission of the City of St. Johns. Warning lights shall be flares, torches, lanterns, electrical markers or flashers used to indicate a hazard to traffic from sunset of each day to sunrise of the next day. Torches shall be open, wick or flame flares generally used in connection with roadway repairs or construction, and operating on kerosene or similar fluid. The City Commission may restrict the use of lanterns or open flame devices in fire hazard areas.

The permittee shall take appropriate measures to assure that during the performance of the excavation work, traffic conditions as near normal as possible shall be maintained at all times so as to minimize any inconvenience to the occupants of the adjoining property and to the general public.

When traffic conditions permit, the Superintendent of the Department of Public Works may, by written approval and by the consent of the Chief of Police, permit the closing of streets and alleys to all traffic for a period of time prescribed by the Superintendent of the Department of Public Works and the Chief of Police, if in their opinion it is necessary. Such written approval may require the permittee given notification to various public agencies and to the general public.

Warning signs shall be placed far enough in advance of the construction operation to alert traffic within a public street, and cones or other approved devices shall be placed to channel traffic in accordance with the instructions of the Superintendent of Public Works and Chief of Police. Where necessary to the Superintendent of the Department of Public Works and the Chief of Police, traffic control devices and traffic control flag persons shall be furnished at the expense of the permittee.

Section 12. Protection of Adjoining Property. The permittee shall, at all times, and at his or its own expense, preserve and protect from injury, any adjoining property by providing proper foundations and taking other measures suitable for the purpose. Where in the protection of such property it is necessary to enter upon private property for the purpose of taking appropriate protective measures, the permittee shall obtain consent from the owner of such property and if he cannot obtain such consent, the Superintendent of the Department of Public Works may authorize him to enter the private premises solely for the purpose of making the property safe. Whenever it may be necessary for the permittee to trench through any lawn area, said area shall be topsoiled, reseeded, and mulched, or the sod shall be carefully cut, rolled and replaced after the ditches have been backfilled as required in this Ordinance. All construction and maintenance work shall be done in a manner calculated to leave the lawn area clean of earth and debris and in a condition as nearly as possible to that which existed before the work began. The permittee shall not remove, even temporarily, any trees or shrubs which exist in parking strip areas or right-of-way areas without first obtaining the consent of the appropriate city departments or city officials having supervision thereof.

Section 13. Breaking Through Pavement.

(1) Heavy duty pavement breakers may be prohibited by the Superintendent of the Department of Public Works when the use thereof endangers existing substructures or other adjoining property.

(2) Saw cutting of portland cement concrete may be required when the nature of the work or the condition of the street warrants. When required, the depth of the cut shall be not less than one (1) inch, however, depths greater than one (1) inch may be required by the Superintendent of the Department of Public Works when circumstances warrant.

(3) Approved cutting of bituminous pavement ahead of the excavation may be required by the

Superintendent of Public Works to confine pavement damage to the limits of the trench.

(4) Unstable pavement shall be removed over cave-outs and over-breaks and the subgrade shall be treated the same as the main trench.

(5) Pavement edges shall be trimmed to a vertical face and neatly aligned with the centerline of the trench.

(6) Cut-outs outside of the trench lines must be normal or parallel to the trench line.

(7) Boring or other methods to prevent cutting of new pavement may be required by the Superintendent of the Department of Public Works.

Section 14. Backfilling. Fine material, free lumps and stone, selected from the spoil, may be used for backfilling upon the written approval of the Department of Public Works superintendent. Under no conditions shall broken pavement, concrete, frozen dirt or materials or clumps of two inches in diameter or greater be used as backfill into the trench.

All mud and water shall be pumped or removed from the trench prior to the insertion therein of any backfill material. Such backfill shall be done in a manner that will permit the restoration of the surface to a density condition now less than that existing prior to excavation, unless otherwise specified. The Superintendent of Public Works may require soil tests to be furnished by a soil recognized soil testing laboratory or registered professional engineer, when in his opinion, backfill for any excavation is not being adequately compacted. In order for resurfacing to be allowed, such tests must show that the backfill materials meets the minimum requirements as prescribed by the City Commission. All expense of such tests shall be borne by the permittee-applicant.

Section 15. Restoration of Street Surfaces. On major streets of a portland cement concrete construction, after the fill has been placed and compacted as above set forth, the trench shall be covered with eight (8) inches of concrete meeting the specifications of the Department of Public Works Superintendent and or Michigan State Highway Department specifications.

On bituminous streets, temporary patching may be inserted on top of the backfilled material of cold patch not less than three (3) inches until weather permits resurfacing. Thereafter, bituminous aggregate MOSHT designate 4.11 mix shall be installed two (2) inches or deeper, depending upon the volume of traffic and the recommendation and requirements of the Department of Public Works Superintendent.

Section 16. Trees, Shrubs and Grasses in Right-of-Way. The approval of the City Commission is required before removing any tree or shrub, located in the City right-of-way. Any such tree or shrub removed or damaged shall be replaced by the permittee with a tree or shrub of the size, species and location specified by the City Commission at the applicant's expense. The permittee shall be responsible for any replacement tree or shrub for one (1) year after the date of planting and shall again replace the same if it dies within that time.

The parkway trench may be backfilled with the materials excavated and removed therefrom provided the material is not frozen and all lumps, stones or concrete greater than six (6) inches in diameter are first removed therefrom.

The parkway trench shall be allowed to settle for one month or be rolled and compacted, six (6) inches of topsoil shall be placed on the top thereof and seeded with grass, and mulch placed, or sodded as weather permits and when weather permits.

Section 17. Curb Cuts. The applicant or permittee shall make no curb cuts but shall apply to the Department of Public Works Superintendent to have the curb cut as set forth. The replacement of curb previously cut shall be at the expense of the permittee and under the supervision and control of the Department of Public Works Superintendent.

Section 18. Clean Up. As the excavation work progresses, all streets shall be thoroughly cleaned of all rubbish, excess earth, rock and other debris resulting from such work. All clean-up operations at the location of such excavations shall be accomplished at the expense of the permittee and shall be completed to the satisfaction of the Superintendent of the Department of Public Works. From time to time as may be ordered by the Superintendent of the Department of Public Works, and in any event, immediately upon completion of said work, the permittee shall, at his or its own expense, clean up and remove all refuse and unused material of any kind resulting from said work, and upon failure to do so, within twenty-four (24) hours after having been notified by the Superintendent of the Department of Public Works, said work may be done by city employees and the cost thereof charged to the permittee. The permittee shall also be liable for the cost thereof under the surety bond provider hereunder.

Section 19. Prompt Completion of Work. After an excavation is commenced, the permittee shall prosecute with diligence and expedition all excavation work covered by the excavation permit and shall promptly complete such work and restore the street to its original condition or as near as may be so as not to obstruct the public place or travel thereon more than is reasonably necessary. In no case shall the excavation extend more than thirty (30) days under the permit hereunder unless the permit is specifically renewed by the City Commission.

Section 20. Urgent Work. When traffic conditions, the safety or convenience of the traveling public, or the public interest require that the excavation work be performed as emergency work, the Superintendent of the Department of Public Works shall have full power to order at the time the permit is granted, that a crew of men and adequate facilities be employed by the permittee twenty-four (24) hours a day to the end that such excavation work may be completed as soon as practicable.

Section 21. Emergency Action. Nothing in this ordinance shall be construed to prevent the making of such excavations as may be necessary for the location of trouble in conduits or pipes, or for making emergency repairs provided that the person making such excavation shall apply to the City Clerk for such a permit on the first working day after such work is commenced.

Section 22. Preservation of Monuments. Any monuments set for the purpose of locating or preserving the lines of any street or property subdivision or precise survey reference point, or a permanent survey benchmark within the City, shall not be removed, or disturbed, or caused to be removed or disturbed without first obtaining the written permission of the City Commission to do so. Then such permission to remove or disturb such monument shall be granted only upon the condition that the person making such disturbance of the monument shall pay all expenses incident to the proper relocation and replacement of said monument.

Section 23. Inspections. The Superintendent of Public Works shall make such inspections as are reasonably necessary in the enforcement of this Ordinance. The Superintendent of Public Works shall have the authority to promulgate and cause to be enforced such rules and regulations as may be reasonably necessary to enforce and carry out the intent and purpose of this Ordinance.

Section 24. Penalty. Any person, firm or corporation violating any of the provisions of this Ordinance shall be fined up to Five Hundred (\$500.00) Dollars for each offense, and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

Section 25. Severability Clause. If a Court of competent jurisdiction finds any provisions of this Ordinance to be invalid or ineffective in whole or in part, the effect of such decision shall be limited to those provisions which are expressly stated in the decision to be invalid or ineffective, and all other provisions of this Ordinance shall continue to be separately and fully effective.

Section 26. Effective Date. This Ordinance shall take effect twenty (20) days after its passage.

PASSED, ORDAINED AND ORDERED PUBLISHED BY THE CITY COMMISSION OF THE CITY OF ST. JOHNS AT A REGULAR MEETING HELD THE 8 DAY OF AUGUST A.D. 1977.

Adoption of the Ordinance was moved by Commissioner Wilcox and supported by Commissioner Roesner.

Yeas: Commissioners Ebert, Hannah, Wilcox, Roesner.

Nays: None

THE ORDINANCE WAS DECLARED ADOPTED.

Roy J. Ebert, Mayor  
Richard L. Coletta,  
Acting City Clerk

I hereby certify that the above Ordinance was published in the Clinton County News on the 14 day of September, A.D. 1977.

Richard L. Coletta,  
Acting City Clerk

LEGAL NOTICE

CLINTON COUNTY ZONING BOARD OF APPEALS: Notice is hereby given that a Public Hearing will be held in the Courthouse, St. Johns, Michigan, on September 19, 1977 at 8:00 P.M.

THE PUBLIC HEARING WILL BE HELD ON THE FOLLOWING DESCRIBED PROPERTY: Case AB-29-77 Essex Township - William Wallace

(This matter was tabled at the 8:15 P.M. Zoning Appeal Board Meeting)

Case AB-32-77 Bath Township - Jim Spagnuolo

LEGAL DESCRIPTION: Lot 1, Dryers Addition to Bath, Bath Township, Clinton County, Michigan.

PURPOSE: An application for dimensional variance has been filed by Mr. Jim Spagnuolo, of Spagnuolo's Party Store, 5746 Clark Road, pursuant to Section 421 of the 1971 Clinton County Zoning Ordinance, as amended, in order to permit the remodeling of a non-conforming building to include the construction of a mansard roof on an existing building in a B-2 General Business District, which does not meet the required side yard and setback of Section 539(a)(b) of the 1971 Clinton County Zoning Ordinance.

Case AB-31-77 Watertown Township - Watertown Development Corp.

LEGAL DESCRIPTION: That part of the E 1/2 of the W 1/2 of Section 29, T5N, R3W, Watertown Township which lies N. of Grand River Avenue and S. of Interstate 96, Clinton County, Michigan.

PURPOSE: An application for an appeal has been filed by Mr. Bruce Love on behalf of Watertown Development Corporation for a revised permit to continue the operation of a sanitary landfill in Watertown Township for an additional 15-year period under the same or similar conditions as those set forth in the Special Use Permit issued by Clinton County on, or about, August 3, 1970.

Case AB-33-77 Bengal Township - Fedewa Builder's Inc.

LEGAL DESCRIPTION: The W 1/3 of the N 1/2 of W 1/2 of Sec. 31, T7N, R2W, Bengal Township, Clinton County, Michigan and also the East 1/2 of the North 1/2 of the East 1/2 of the NW 1/4 of Sec. 31, T7N, R2W, Bengal Township, Clinton County, Michigan.

PURPOSE: An application has been filed by Arnold Minarik, on behalf of Fedewa Builder's Inc., 6218 Wright Road, Fowler, Michigan, to split off 880 of road frontage into six (6) lots which would give each lot 146.66 feet of road frontage. This is less than the 150' minimum width required by the 1971 Clinton County Zoning

Ordinance, Section 5.67 (2).

Interested persons are requested to attend and voice their opinions with respect thereto.

J. Anthony Nelson, Zoning Administrator 37-1

State of Michigan The Probate Court for the County of Clinton Estate of Zella G. We'll lend you a hand Back when the Land Bank started making long term loans on farm real estate nearly 50 years ago, making was a simple affair. 165 days of the year. But dairy farm families will no longer work long hours for returns less than they'd pay a hired hand. Today one man can handle 80 cows in an hour with automated equipment and a Land Bank loan can be that extra hired hand. So look to your local Land Bank Association. They'll lend you a hand. The Land Bank salutes dairy farmers.

## Obituaries

### Fulda Graff

Fulda E. Graff, 87, former Fowler area resident, died Sept. 11 at Clinton Memorial Hospital following a long illness.

Funeral services will be held today (Sept. 14) at St. Paul Lutheran Church in Fowler at 1:30 p.m.

Rev. William Sippola of Trinity Lutheran Church in Lansing will officiate with burial at Mt. Rest Cemetery in St. Johns.

Miss Graff was born July 3, 1890 in Bengal Township, the daughter of Michael and Ottillia Graff.

She was a graduate of Concordia College in Milwaukee, Wis. and was a school teacher.

A resident of the Clinton County area most of her life, she was a member of St. Paul Lutheran Church of Fowler.

Surviving are five sisters, Mrs. Frances Rossow of rural St. Johns, Mrs. Ottilie Nobis of rural Fowler, Mrs. Leila Rossow of Saginaw, Mrs. Katherine Nobis of Hicksville, Ohio and Mrs. Amelia Moehring of Benzon and many nieces and nephews.

### Estella Mageau

Funeral services were held Sept. 12 at Goerge Chapel of Osgood Funeral Homes Inc. for Estella L. Mageau, 81, 437 S. Main, Fowler, who died Sept. 9 at Carson City Hospital.

Rev. J. Thomas Churn officiated with burial at Beech Cemetery.

Contributions may be made to the Kidney Foundation.

Mrs. Mageau was born in Clinton County Dec. 25, 1895, the daughter of Joshua and Julia Wood.

She lived most of her life in the Fowler area, was a

housewife and member of Eastern Star Chapter 76. Her husband, Euclide J. Mageau preceded her in death in 1969.

Surviving are one daughter, Mrs. Teresa Latter of Leslie; brother, William Wood of Lansing; three grandsons, Richard Wieber and Tim Wieber of Lansing and Kent Wieber of Fort Lauderdale, Fla. and one great grandson, Jeffery Wieber of Gaylord.

### George and Joshua Black

Graveside services were held Saturday morning, Sept. 10 at Riverside Cemetery, Elsie for the stillborn twin sons of Bonnie Black with Pastor Dale Lennon officiating.

George and Joshua Black were born August 31 at Owosso Memorial Hospital. They are survived by their mother in Owosso, and grandparents, Mr. and Mrs. Phillip Newton of Corunna.

### Lucille Dilday

Funeral services were held Sept. 9 at Jenson Funeral Home in Lansing for Lucille Dilday, 55, 1526 Vermont, Lansing, and a native of St. Johns, who died Sept. 6 at a Lansing hospital.

Rev. Paul Livingston officiated with burial at St. Joseph Cemetery.

Mrs. Dilday was born in St. Johns July 13, 1922, the daughter of Hugh and Edna Bashore. She lived most of her life in the Lansing area.

She was employed at Fisher Body and was a member of the VFW Auxiliary 3727 and DAV 8.

Surviving are one daughter, Dindy Jo Dilday of Lansing; son, Daniel with the U.S. Marines in South Carolina; mother, Edna Bond; sister, Mary Dodson, and brothers, Kenneth Bond and Ernest Bond.

"I'm a lot cheaper than gas," Frank Glowacki, of Rt. 3 Scott Rd., said about his recent 471 mile bike trip to the Mackinac Bridge. "One can of pop per 20 miles," he said with a grin. This is the first time Glowacki has ever attempted to ride to Mackinac City and he says he really enjoyed it. He rode with 53 pounds of luggage. The first day for the traveler was the hardest. He rode 125 miles against a strong headwind. He made it to the bridge on the second day. He camped out during his five-day trip, but ate most of his meals out. "One thing you learn not to do is eat french fries," he said. "Because you die of thirst all day long." Glowacki had no mechanical difficulties, a few problems with motorists who weren't very considerate, and one very large dog who looked him right in the eye. Glowacki started biking four years ago and has made two trips to Houghton Lake and back. "The hardest part of the trip was coming down Marshall Road when I was almost home," he said. His wife Jan always knows that he is okay during his biking trips as he calls home every night.

## Rosekrans resigns

The resignation of Allen Rosekrans was accepted by the Bath Charter Township Board recently. Rosekrans accepted employment at Motor Wheel and has conflicting hours with board meetings.

Rosekrans became a trustee of the board in 1974.

Resumes for the trustee position on the board must be submitted by Sept. 30 at 5 p.m. at the township hall on Webster Rd.

New hours for township hall have been set for 8 a.m. to 5 p.m. Monday through Friday beginning Oct. 3. During December, January, and February the hours will be from 7:30 a.m. to 6:30 p.m. Monday through Friday for the purpose of paying taxes.

A resolution was adopted by the board to compel connection to the sewer. Five residents in the township will be taken to court that haven't yet applied for a permit to hook up to the sewer lines.

Four more residences have been approved for HUD rehabilitation totaling almost \$20,000.

Funds for Park Development employees has been extended until June 8, 1978. All other programs have been extended until the end of October.

Omer Theroux was commended by the board for going into action checking sewer lines during a storm which might have caused back ups if they weren't checked immediately.

## Man jailed after shooting

Ronald Coor, 25, of US-27, DeWitt Township, is lodged in the Clinton County Jail after firing a gun at police officers Sunday night.

Coor was involved in a fight in front of his apartment, (which is above Panel Land next to the Stardust Lounge) with another person. Coor went up to his

apartment after police officers broke up the fight and then began shooting at officers still at the scene.

There were no injuries during the 45 minutes Coor holed up in his apartment with the gun. Police talked him down by phone.

Officers responded to the call from DeWitt City, Bath,

Clinton County Sheriff's department, and Lansing Township police.

Coor is being charged with being intoxicated in a public place, reckless use of a firearm while being intoxicated. All of these offenses are misdemeanors.

## CETA jobs refunded

CETA (Comprehensive Employment Training Act) personnel involved with the Clinton County work experience program Title I along with CETA personnel Title VI, assisted Floyd Fowler, superintendent of public works for the city of DeWitt in various park projects.

The projects included installing park equipment in the Orla McGuire Park, (cost shared by the city and Lions Club) with the work done by the CETA crew.

The workers also constructed benches in the park, painted DeWitt City Hall, and installed equipment at the city well house.

Thomas Chatel, Manpower co-ordinator, commented the co-operation he

received while the project was in progress was better than average.

He added the Clinton County work experience program Title I has been refunded for \$50,000 to continue service for the fiscal year, Oct. 1977 to Sept. 1978.

"Another unusual aspect of the program is this is the only work experience program that services Clinton County solely," Chatel said. The program services primarily ex-offenders and high school drop-outs.

## NATURAL RESOURCES COMMISSION ACTION

(under authority of Act 230, P.A. 1925, as amended)

### HUNGARIAN PARTRIDGE - CLOSURE TO HUNTING STATEWIDE

The Natural Resources Commission, at its meeting on June 7, 1974, under authority of Act 230, P.A. 1925, as amended (p. 78, Laws Relating to Natural Resources, revision of 1972) adopted the following order regarding the hunting of Hungarian partridge:

For a period of five years beginning October 1, 1974, no person shall take or attempt to take Hungarian partridge, statewide.

Michigan Department of Natural Resources

Nobody can say that St. Johns cheerleaders don't have spirit. The 1977-78 squad took first place for their spirit poster, first place trophies for execution of cheers, and spirit and won the spirit megaphone every night while attending Golden Eagle cheerleading camp in Albion Aug. 7-10. The girls from St. Johns competed against cheerleaders from about 50 other schools. They also won yellow ribbons for outstanding home cheer execution. The squad consists of three returning seniors; four returning juniors; and three new girls. Before attending camp the girls practiced about four hours together with one girl deciding to attend camp at the last minute. The girls were chosen last spring. "The one main thing we learned at camp was squad unity," Donna Richardson, captain said. Advisor is Darlene Lawrence. Also helping with the cheerleaders last year was Melanie Humphrey. Shown in a mount the girls display and the trophies they won are: (from l to r): Donna Richardson, (splits); Sandy Divish, co-captain; Jane Cox, Lisa Becker, Kelly Eaton, co-captain; Diane Maurer, Cheryl Smith, Lynette Lawrence, and Connie Jorae. Not shown Elvira Martinez. The girls earned the money to go to camp by selling greeting cards.

## A different kind of occasion

In some ways, a funeral is unlike any other occasion in life.

It calls for careful planning and special understanding.

And it demands the most dedicated efforts that we, as funeral directors, can make.

## Area Happenings

SEPT. 15—Tom Hollen will talk about "The Glass of Ohio, Indiana and W. Virginia" at the regular meeting of the Clinton County Historical Society, 8 p.m. at the St. Johns Municipal Bldg. Those attending may take glass to be identified.

## Duplain Church holds personal Bible study

Personal Bible study will be held Sept. 24 at Duplain Church of Christ, 5565 Colony Rd., St. Johns from 9 a.m. to 5 p.m.

The study is a program of effective Bible study to help learn how to best use the message of the Bible.

The program is designed to help participants to remember scripture and methods to apply the scripture to reading of the Bible.

A walk through seminar will be conducted by Terry Hall, department head of Bible study methods at Moody Bible Study Institute.
