Drifting Snow Creates Problem and Beauty on Clinton Roads

Clinton County has run the gauntlet of weather conditions during the last week, but none caused so much of a problem or created such beauty as this condition. Light fluffy snow last Wednesday was blown by southwesterly winds into deep drifts across rural roads, plugging many of them. Stalled cars and school buses created a problem for snow plows. Schools all over the county sent their students home

early Thursday and Friday because of the drifting. But a cold snap that had the mercury below zero many times in the last two weeks finally broke Friday afternoon, and the temperatures climbed into the high 40s over the weekend. That took care of the snow problem. This picture was taken looking south on Chandler Road in Bingham Township.

INSET—Thermometer dropped to -1 last Thursday.

## DeWitt girl burned as blaze destroys barn on dad's farm

DeWITT — A blast of heat from a collapsing barn roof severely burned a rural DeWitt girl Saturday afternoon in a blaze that destroyed a large barn on her father's farm.

Betty Wohlfer, 15, daughter of Mr and Mrs C. F. Wohlfer of 7746 Airport Road, suffered painful burns on the legs and neck. She was walking past the barn toward the house when the blazing roof fell in, pushing out a blast of heat to some 25 or 30 feet away where the girl was walking.

HER MOTHER, who was walking just ahead of her, was apparently just off to one side of the blast and was not burned. Mrs Wohlfer said Betty's burns were painful but that she was being held at St. Lawrence Hospital in Lansing only as a precaution against infection.

She was expected to be released by the middle of the week.

THE FIRE was discovered about 4:45 p.m. Saturday. Fanned by strong winds, it leveled the building, destroying some hay, straw and tools in the structure, described by Mrs Wohlfer as an extra-large barn.

Six feeder cattle were on their way up from the field to the barn, but Betty and others managed to turn them away from the barn. The girl was returning to the house after being relieved of her

job of watching the cattle when she got burned.

DeWITT TOWNSHIP firemen, under the direction of Chief Glenn Halterman, fought the fire for about an hour and a half, concentrating their efforts successfully on saving a corn crib 25 feet from the blazing barn.

It was the second barn fire in a week for the DeWitt department. One last Tuesday night destroyed a barn belonging to Herbert Hardtke southwest of DeWitt. That was fought at night in zero

weather; Saturday's blaze was during daylight hours and on a balmy day, but a strong wind created a serious problem.

CAUSE OF the blaze was apparently defective wiring, Mrs Wohlfer said. She said she had gone out to the barn to do a few chores about 25 minutes before and had snapped on a light switch. When she came out later and started toward the barn, she saw the blaze.

No estimate of damage was made.

Smoke and flames pour from a barn owned by C. F. Wohlfer at 7746 Airport Road Saturday afternoon. The barn was destroyed, and the Wohlfer's daughter, Betty, was burned on the legs and neck when the roof collapsed.

## Lions Club show opens tonight

Neal Hale, a bright, young comedian billed as one of tomorrow's top comics, will be the featured performer for the annual St. Johns Lions Club Show today (Thursday) and Friday.

Hale started in show business at the age of 6 and has appeared in over 100 television broadcasts in Michigan and New York.

THERE'LL BE lots of local talent in the two-night run of the variety show, with at least six other acts slated in addition to

music and comedy by seven "fun-makers."

The annual Lions Club Show will start at 8 p.m. tonight and Friday at the St. Johns High School Auditorium.

HALE IS sometimes called "the young man who is a complete show by himself."

Hale was a featured performer at the Kiwanis International Convention in Miami Beach and has entertained at numerous conventions and club dates in Canada, Philadelphia, New York and throughout the Midwest.

HE HAS entertained repeatedly for Chrysler Corp., IBM, General Motors, Ford Motor Co., Great Lakes Steel, Michigan Bell Telephone Co., Kellogg, Detroit Edison Co. and many country and yacht clubs in the Michigan area.

Local amateur talent will include the Blue Angels, Gloria and Nancy McCliggott of Sunfield and Shereen Larson of Ionia with accordion trio selections; Mickey Lynam of St. Johns with a ballad, a blues and a novelty number; Jean Woodbury of St. Johns with an organ medley.

A BARBERSHOP quartet program by the Harmony Four, Charles Huntington and Roger Huntington of St. Johns and Clair Buffington and Warner Dyer of Lansing; electric guitar selections by Robert Rillema of St. Johns; and a baritone number by John Anderson of St. Johns.

Bruce Lanterman will be master of ceremonies. Besides the acts mentioned, he'll also introduce numbers by the Lions Chorus and ad-lib comedy by the Funmakers.

GENERAL CHAIRMAN Steve Hopko said tickets for the show are still available from any Lions Club member.

## Mayers, Wright SCD directors

Two directors were elected and numerous awards were presented Saturday at the annual meeting of the Clinton County Soil Conservation District.

Some 250 persons were present for the meeting at Smith Hall.

William Mayers and Keith Wright were elected to the district's board. Wright's election was to succeed himself, and Mayers replaced Raymond Bradley, who did not seek reelection.

THE ELSIE FFA chapter won first prize of \$25 in a contest with four other FFA groups who displayed soil and water conservation exhibits. Second place went to Pewamo-Westphalia, third to St. Johns, fourth to Ovid and fifth to Bath FFA.

Boys representing the Elsie FFA were Jim Temple, Jim Rivest, Dan Acre, Joe Guysky, Tom Rewerts and Carl Moore. Blaine Lentz is the FFA advisor.

THE OUTSTANDING Farmer Award for 1964 was presented to James Keilen and his wife Cornelia.

Conservation Farmer signs for 1964 were awarded by Loren VanOstran to John Schwark Jr., Harold Whitaker and Donald Whitaker, Warren Swanson, Wayne Peck, Ronald Motz, Francis Motz and Sons, Raymond Koenigsnecht, Gerald Wieber and Mrs Charles Avery.

GEORGE P. GRAFF of the State Soil Conservation Committee presented a plaque to the directors of the district and to the Clinton County News for winning second place in the newspaper class of annual editions last year. The contest is sponsored by the Linwood Tile Co.

Associate membership awards were presented by Keith Wright to the drain committee of the Clinton County Board of Supervisors — Derrill Shinabery, George Austin and Almond Cressman.

MAIN SPEAKER for the meeting was Bill Campbell, St. Johns Peace Corpsman who returned last fall from Morocco. He gave a colored slide talk on "The Peace Corps in Morocco, the Land of Contrasts."

Campbell noted that Morocco was the first nation to recognize the United States as a nation during the war for independence and also assisted the US by keeping England's navy busy during the War of 1812.

HE ALSO explained the clothes worn by the men of Morocco and held up several items of clothing for the audience to see. He explained that mint tea was the national drink, and three glasses had to be drunk at each meal or else a guest would be considered rude to the host.

Much interest was shown in

Campbell's explanation of how hands are washed and food prepared, using the many copper utensils that had been given him by his Moroccan co-workers and their friends.

SPECIAL GUESTS introduced at the start of the business meeting included Dee Weaver and Marvin Cooley of the Rose Lake Experiment Station; George McQueen and Earl Haas of the Extension Service; Dale Chapman, Clinton County drain commissioner; W. D. Miller, area conservationist for the SCS; George Graff of the State Conservation Committee; Harry E. Nesman of the Michigan Association of Future Farmers of America; John Mitchell of Veritified Tile Co.; Charles Smart of Grand Ledge Tile Co.; Larry Karber of Karber Block and Tile Co. of St. Johns; State Rep. Blair Woodman; and nine county supervisors.

THE Williamston Wayfarers, a folk singing group, presented several selections.

Loren VanOstran reported on last summer's air tour, and Robert Moore gave a summary of the happenings in the district during 1964.

The Greenbush WSCS served the noon meal.

**'Million crashes' on ice, in fog keep police busy**

Twenty-two cars were involved in several chain-reaction accidents Sunday in the most spectacular of a series of weather-caused crashes in Clinton County.

No one was seriously injured in the weekend accidents. Some were caused by slippery pavements or small icy spots; most of them occurred Sunday afternoon and evening, however, during dense fog that covered most of the lower peninsula.

THE FIRST accident in the series Sunday occurred about 3:30 p.m. on US-27 just south of Hyde Road, and it brought injuries to nine people in the two cars involved. All refused medical attention, however.

The cars were driven by Frederick N. Jackson, 48, of Owosso, and Bert F. Rial, 32, of Battle Creek. Sheriff's deputies said they were both traveling south on US-27 in heavy fog when Jackson came upon water flowing across the highway. He hit his brakes hard, and Rial's car hit the rear of Jackson's when Rial couldn't stop in time because of the water.

JACKSON AND his wife and three children all complained of pains, Janette Rial, 23 and Anita Young, 20, both of Battle Creek, suffered cuts, and Carolyn Roy, 17, of Battle Creek and Deborah Donnelly, 16, of Holt, and Carolyn Horton, 16, of Lansing complained of pains.

DeWitt man badly hurt in crash

A rural DeWitt man was seriously injured early Friday morning when his pickup truck struck a car and then hit a utility pole on US-27 at Round Lake Road.

In "fairly good" condition at Sparrow Hospital in Lansing is Theodore F. Crandell, 34, of R-1, DeWitt. He reported suffering a fractured left leg, a punctured stomach and a skull fracture.

THE DRIVER of the car involved, John P. Lotus, 53, of 2817 Fernwood, Lansing, was also badly injured, although he was released from the hospital Monday. He suffered a head gash and a broken leg.

State police said Lotus was driving west on Round Lake Road and pulled onto the highway to turn south toward Lansing. Crandell's northbound pickup truck hit the car a glancing blow and then swerved into a utility pole.

THE ACCIDENT is still under investigation by state police. It occurred at 2:25 a.m. Friday.

Pocuis speaks on education changes

"Focus on Change" was the topic of a talk to the St. Johns Rotary Club Tuesday noon by B. Stanley Pocuis, principal of the St. Johns High School. He illustrated his discussion of changes in instructional techniques with a film strip narrated by Howard K. Smith, radio and TV commentator.

Principal Pocuis returned recently from the annual national conference of secondary school principals held this year at Miami, Fla. He was introduced for his talk Tuesday by Earl R. Lancaster, program chairman for the meeting.

Approve purchase of cash register

City Manager Ken Greer was authorized by the city commission last week to make arrangements for the purchase of a recording cash register at an estimated cost of \$3,055.

Seven cars were involved in five separate, but yet connected, accidents at the same site about five o'clock. Five persons in the cars were taken to Clinton Memorial Hospital for treatment and later released.

THE DELAYED chain reaction accident started when Gilbert Elias, 37, of Okemos slowed because of the water flowing across the highway. A car driven by Clyde H. Aldrich of Lansing hit Elias' auto in the rear, shoving it into the rear of a car driven by Frank Sillman, 60, of Maple Rapids.

Aldrich and Beulah Howard, 65, and Mildred Aldrich both of Lansing and both passengers, were cut or bruised and were taken to the hospital.

WITHIN SECONDS, a fourth car, driven by Archie Wilson, 23, of Gladwin, came through the fog and hit Aldrich's stopped car. Wilson and his wife Stella, 21, suffered cuts and were taken to the hospital by a motorist. Their two young children were not hurt.

After the Wilson-Aldrich collision, a car driven by Gerald Buckley, 25, of Mt. Pleasant, hit Wilson's car. He was not hurt.

LORETTA SHAVER, 49, of Lansing, slowed her car because of the accident ahead, and it was struck in the rear by a car driven by William B. Feldpausch, 18, of R-4, St. Johns. Helen G. Little, 51, of Lansing, riding in the Shaver car, complained of pains from the crash, but she refused treatment. Three passengers in Feldpausch's car escaped injury.

There were a number of other accidents in the same general area as the day wore on, but none resulted in injuries or serious property damage.

ALTHEA SHAW, 14, daughter of Glenn E. Shaw, 34, of Lansing, complained of pains after a rear-

end collision at US-27 and Maple Rapids Road, also in Greenbush Township, Sunday about 5:15 p.m. She was taken to a family doctor by her parents for treatment.

Her father's car, which was carrying six persons including the driver, hit the rear of one driven by Jerry D. Carpenter, 22, of Flint. Both were driving south on US-27. No one else was injured.

THREE youngsters were treated for lacerations after a one-car accident Sunday morning about 9 o'clock on Alward Road east of Shepardsville Road in Victor Township.

Nicholas Jorae, 17, of R-2 Laingsburg, was the driver of the car, and sisters Kim 11 and Denise 12, were riding with him. All were taken to St. Lawrence Hospital in Lansing by their mother for treatment.

Jorae was going east on Alward when his car hit an icy spot, slid sideways about 70 feet and struck a tree 14 feet from the roadside.

THE SERIES of weather-caused accidents seemed to start Friday. Karen Martens, 9, of 612 W. Webb Road, DeWitt, complained of pains after the car in which she was a passenger skidded on an icy spot, went off Wood Road and overturned a quarter-mile north of State Road.

The car was driven by Marlon Martens, 30. Other passengers were Sharon 4 and Dianne Martens, 7. They were all unhurt.

THERE WERE a dozen or more other weather-connected accidents reported in Clinton County and in St. Johns over the weekend, but none caused injury. The ice that caused the earlier accidents lasted until early Saturday. Sunday afternoon it was replaced by dense fog which began to form about 3 p.m.

### Plan bus trip to Akron derby

Boys who enter this summer's Clinton County Soap Box Derby will have an opportunity to attend the big race in Akron, Ohio Aug. 7.

The local Soap Box Derby committee is making plans to charter a bus to transport local Derby boys to and from the National Derby, where the best of local entries from all over the nation compete.

LOCAL DERBY officials are shooting for an early sign-up of interested boys and an early completion of the soap box cars for this summer's race in St. Johns. Registration can be made at Bee's Chevrolet-Olds in St. Johns, one of the local sponsors.

### Chooses to sit out drunk driving fine

Willard W. Reed Jr. of 314 W. Barnes, Lansing, is in Clinton County Jail, sitting out a fine of \$100 and costs of \$19.90 assessed him Monday on a charge of driving under the influence of liquor.

Reed faces up to 60 days in jail if the fine is not paid. State police made the arrest on US-27 in DeWitt Township. Municipal Judge Alba Wert assessed the fine.

For the year 1964, hourly earnings in manufacturing averaged \$2.54, eight cents more than in 1963, according to Labor Department statistics.

### Man sitting out \$94.90 liquor fine

Richard M. Rann, 41, of R-1, Laingsburg, pled guilty Saturday to a charge of driving under the influence of liquor and is in Clinton County Jail in lieu of \$94.90 in fines and costs.

He was arrested Saturday in DeWitt Township by Deputy Sheriff Ramon Terpening. St. Johns Municipal Judge Alba Wert fined Rann \$75 and assessed him costs of \$19.90.

### Plan fluoride treatment setup

The Clinton County Health Service and the Michigan Department of Health have started plans for the summer topical fluoride program in Clinton County.

Clinics will be held in St. Johns, DeWitt, Fowler and Ovid. The program will be made available to pre-schoolers, second, fifth and eighth graders and to special cases referred by the family dentist.

THE CHARGE for cleaning and four applications of fluoride to the teeth will be \$3 for one child, \$5 for two children and \$1.50 for each additional child. Applications are being distributed through the schools.

### Costly talent

Engineering talent doesn't always pay off, an employee of a Louisville, Ky., restaurant discovered. He was fined \$50 for adapting the restaurant's soft drink vending machine to dispense whisky and beer.

15 Farmers Win Recognition for Soil Conservation Work

Conservation signs were awarded to 15 farmers last Saturday in recognition of their outstanding work in Soil conservation. Receiving the signs were: left to right, front row, Wayne Peck, W. B. Staley, John Schwark Jr., Robert Fedewa and Sons, Howard and Donald Whitaker and Francis Motz and Sons; back row, Julius Koenigsknecht, Warren Swanson, Raymond Koenigsknecht, Leon Wohlfert, Robert Miller and Gerald Weiber. Absent were Ronald Motz, Norman Platte and Mrs Charles Avery.

### Frost sees progress in civil defense in 1964

The year 1964 was one of progress for civil defense in Clinton County, Charles Frost, county CD director, told the board of supervisors last week.

"Although no numbers can be placed on many of the achievements, understanding and co-operation of many of the service departments have improved satisfactorily," he said.

IDENTIFYING, licensing and stocking of shelters is the prime emphasis of the federal government, he said in his annual report. The Army Corps of Engineers has resurveyed the county, indicating an increase to nearly 3,000 shelter spaces.

Supplies will be requisitioned and placed in the shelters when detailed plans have been received from the Corps of Engineers and reviewed by Frost.

THE CIVIL Defense Prepositioned Emergency Hospital, now known as the Packaged disaster hospital, located at Elsie, has received the first of three shipments of materials to increase its 200-bed capacity to 30-day operations. Clinton Memorial Hospital plans now include utilization, within their capabilities, Frost said.

"Mouth-to-mouth resuscitation has been very successful," he said. Twenty-five demonstrations have resulted in 543 persons viewing the film "Rescue Breathing," and 535 persons have participated on "Resusie Anne."

"TRAINING in medical self-help, first aid, has not progressed to well," Frost noted, "with only 84 persons having completed the course this year. There have been no high school participation."

R. Donald Ewing and Frost attended a shelter managers instructors school at Michigan State University, and Ewing was then enlisted as training advisor for Clinton County Civil Defense. Lowell Rinker was named publicity advisor.

MEMBERS of the board of supervisors were given notice of their appointment as deputy directors of their respective towns and townships, with the intention of issuing radiological dosimeters to each individual. Later, federal regulation of the 158 dosimeters and six dosimeter charg-

ers, procured by grant to Clinton County, prohibited this issuance.

More than 50 per cent of the supervisors accompanied Frost on tours of existing emergency operations centers around the state last summer. Frost later gave his recommendations on construction of such a center to the board for their study.

DeWITT IS awaiting the arrival of a three-toned civil defense warning siren, to be mounted on the fire station at DeWitt. Half of the estimated cost of the siren and installation has been approved for payment by the federal government.

Frost was the principal speaker at 51 meetings with various groups about the county in 1964. He attended 22 called meetings outside the county. He handed out thousands of informational publications and distributed thousands of books covers to schools.

FROST IS serving on the Tri-County Regional Planning Commission's shelter utilization study group and is serving on various committees within the state civil defense association.

### Girl hit by car, hospitalized

The first pedestrian injured in St. Johns in two years was recorded Friday evening when Francene VanAmberg, 16, daughter of Mr and Mrs Frank VanAmberg of 1308 S. Oakland Street was struck by a car.

She was seriously injured but Monday evening was reported in "good" condition at Clinton Memorial Hospital. She was expected to be released by the middle of the week.

SHE WAS STRUCK about 7:50 p.m. while walking with a brother on the south side of Sturgis Street, about 50 feet east of Hampshire Drive. The car which hit her was driven by Benjamin Gillison, 74, of 104 W. Baldwin.

He told city police he was blinded by lights of an oncoming car and did not see the two youths, who were walking side by side on the right hand side of the road. The car clipped Miss VanAmberg, who was the farthest out in the street.

THE LAST previous pedestrian injury was in 1963. The city of St. Johns was awarded a plaque by the American Automobile Assn. last July for its pedestrian safety record.

### Pays \$94 fine

David O. Butler, 22, of R-1, Perrinton, paid a fine of \$75 and costs of \$19.30 Monday after pleading guilty before Municipal Judge Alba Wert to driving under the influence of liquor. He was arrested by Deputy Sheriff Ramon Terpening in St. Johns.

### DeWitt chooses candidates at village caucus

Candidates for village offices in DeWitt were named Monday night in a general caucus at the DeWitt Municipal Building.

Caucuses in other county villages are scheduled for next Monday evening.

Because there was only one party caucus at DeWitt, two candidates were named for each of the positions open, William Buck and Robert Ballard were nominated for village president; Buck is the incumbent. Marilyn Coin, the incumbent treasurer, was renominated and was the only candidate for that post.

CANDIDATES FOR the three trustee positions open were Lloyd Berkimer, Paul Mulford, Gerald DeLine, Lawrence Keck, Stanley Tenney and June Lankford. The first three are incumbents.

### 3 youths jailed on liquor counts

Three young men have spent, or will be spending, some time in Clinton County Jail as a result of their arrest in Bath Saturday on liquor charges.

Terry L. Mead of R-4, DeWitt Road, Lansing, was fined \$75, assessed court costs of \$19.90 and sentenced to 15 days in jail on a charge of furnishing beer to minors.

RAYMOND H. Salsbury, 18, of 922 Larch Street, Lansing, and Larry E. Karr, 19, of 2922 Creston Avenue, Lansing, were both charged with minors being in possession of beer. They pled guilty and were fined \$25 plus \$19.90 costs and sentenced to two days in jail.

Karr paid his fine; Salsbury faces up to 30 days in jail and Mead up to 60 days if their fines are not paid. They were assessed by Municipal Judge Alba Wert.

Put your faith in good deeds — mere words count for nothing.

### 2 youths hurt in Lansing crash

Two area young people were hurt Saturday night in a two-car crash in Lansing.

Dennis H. Heinrich, 17, of 4239 Sell Road, Laingsburg, driver of one car, received chest and shoulder injuries, and a passenger, Sharida K. Hall, 15, of 332

N. Fitch Street, Ovid suffered left shoulder injuries. They were both taken to St. Lawrence Hospital in Lansing.

Police said Heinrich's car collided at Pine and Kalamazoo streets with one driven by Kenneth C. Keck, 64, of 805 Westmoreland Avenue.

**Zeeb gets historic load of potash**

One of the first carloads of potash to come out of Texas Gulf Sulphur's Moab, Utah, mine was delivered late last week to Zeeb Fertilizers of St. Johns.

Unloading of the car began Monday morning, with C. E. Workman Jr. of the potash division of Texas Gulf Sulphur on hand to witness the event.

THE CAR was loaded with white potash instead of what was formerly called red potash. Virgil Zeeb, president of the company, said the potash will be used in the Clinton County area, both for direct application and for blending with other fertilizers.

The mine at Moab where the potash came from was the scene of a huge explosion in August 1963 in which 18 workmen were killed. The mine was under construction at the time, and the explosion set back the opening by many months.

IT IS THE deepest potash mine in the United States, with a vertical shaft extending 2,800 feet into the earth. Workman said the mine eventually will supply a million tons of potash a year.

Texas Gulf Sulphur is a new supplier of potash, having recently begun diversification of its production. They will also be producing phosphate out of North Carolina in about a year, he said. The potash production, Workman said, will help fill a world need for the mineral.

THE CARLOAD delivered to Zeeb Fertilizers was one of the first shipped from the mine since it opened, and was the first to the state of Michigan.

**Car hits tree after skidding on icy spot**

An icy spot on Clark Road near Chandler Road was blamed for a one-car crash Friday evening. Dale O. Kellogg, 39, of 6268 Clark Road, suffered leg and facial cuts when his car slipped off the road and hit a tree about 11 p.m. He was treated at Sparrow Hospital.

**Placed on probation**

Raymond Russell of 602 W. Higham Street was placed on probation for three years Monday on a charge of breaking and entering with intent to commit larceny. The arrest was in connection with the burglary of the Westphalia Hardware Dec. 13.

He was still in jail Tuesday, finishing up a term for breaking up Christmas tree lights at Elsie in December.

**Commentators class waits for changes**

WESTPHALIA— There will be a Republican caucus in the Village Hall Monday, Feb. 15, at 8 p.m. The purpose of this meeting will be to nominate candidates for the election on March 8.

Unloading the first car of potash from the Utah mine is Walter Glanz (left), a Zeeb Fertilizers employee, while Jim Parsons of Mid-State Fertilizers at Shepherd, Virgil Zeeb, C. E. Workman Jr., Richard Klein and Dennis Fandel look on. Zeeb is president of Zeeb Fertilizers, and Workman represents Texas Gulf Sulphur Co. Postash shows at lower left.

**Name new librarian for August**

Mrs Hila Bross has been appointed city librarian to replace Mrs H. F. Millman when Mrs Millman retires next August. The appointment was made by the city commission last Tuesday.

Mrs Bross has begun work at the library on a part-time basis and will work there eight hours a week until July 1. She'll then work fulltime with Mrs Millman until Mrs Millman leaves the position.

MRS BROSS indicated she would be taking a library course at Michigan State University starting right away.

Basil Deibert of the city library board presented the nomination of Mrs Bross to the city commission. He and the commission also set up a joint meeting of the two boards for March 9 to discuss future plans for the library.

**National director speaks to mothers**

WESTPHALIA— Rev Bertin Roll, national director of the Confraternity of Christian Mothers, was guest speaker at the Communion-Breakfast of the Confraternity of Christian Mothers of St. Mary's Parish in Westphalia Sunday, Jan. 31.

Mrs Clarence Manning, president of the confraternity, introduced Father Roll who spoke on the role of Christian mothers in training children today.

HE CRITICIZED adults for wearing rollers and beachwear in public, for telling dirty jokes, especially when children are within earshot, and for not making firm decisions when granting children permissions.

Father Roll said that obedience should be taught early in life because it is easier at that time.

FATHER ROLL travels the country visiting over 3,000 confraternity chapters which are under his supervision. The chapter in Westphalia was one of the first to be organized.

Rev Aloysius Miller, pastor, led the 180 members, that attended the Mass and breakfast, in prayer.

MRS JOHN Miller was chosen mother of the year. A door prize was won by Mrs Arthur Wieber.

Mrs Harold Platte was chairman of the kitchen committee that was responsible for the pink and white centerpieces and new curtains. Others on the committee were Mrs Robert Platte Sr., Mrs Leonard Platte, Mrs Ferd Platte, Mrs Dan O'Brien, Mrs Francis Platte, Mrs Aloysius Platte, Mrs Julius Pohl, Mrs Roman Fedewa, and Mrs Ted Noeker. Mrs Carl Pohl and Mrs Gerald Platte were on the entertainment committee.

**Class re-locates**

WESTPHALIA — The Adult Theology class has changed its meeting place from the west side school to the rectory basement due to the size of the class.

**Republican caucus to be held Monday**

WESTPHALIA — The Mass Commentators class was held Tuesday at 8 p.m. in the west side school. The men should be ready to act as official ministers of the church by the first Sunday of lent, when more changes will be introduced into the liturgy.

**OES plans dinner**

Radiant Chapter No. 79, OES met Wednesday, Feb. 3. Meeting opened and found the associate matron, Gail Lyon and the organist, Neva Pope, absent. Esther Bradley, past matron filled the station of the associate matron and Barbara Amstutz, organist.

Two petitions were presented and Dolores Barrone, worthy matron, placed Mr and Mrs Carl Ludwick and Mrs Arlene Hoag on the investigating committee.

THE WORTHY matron announced that the same committees would again function for the second chicken dinner to be held Feb. 20. Elsie Dickinson will solicit the members for pies; Rosalie Ludwick, tickets; Imogene Heuer, kitchen; and Kay Williams and Evaline Kuhns, dining room.

Dorothy Steves, secretary, read a communication from Lansing chapters, announcing a meeting honoring the grand organist of the Grand Chapter of Michigan, to be held in Lansing, Feb. 24.

THE FOLLOWING dates were announced as Friend's Nights at other Clinton County Chapters, and the officers to be guest officers from the local chapter: Feb. 13, Maple Rapids Chapter, Mabel Fowler, chaplain; Arlene Hoag, Martha; John Williams, Warden; and Virginia Zigler, OES flag bearer; and Feb. 19, DeWitt Chapter, Dorothy Steves, secretary; Kay Williams, conductress; and Neva Pope, organist.

Elsie Dickinson, Elizabeth Henry and Sharon Randall had February birthdays. Sharon Randall.

**Breakfast attended by girls' sodality**

WESTPHALIA — The Young Ladies Sodality held a Communion breakfast after attending Mass in a body on Sunday, Feb. 7. Plans were started for the Mother-Daughter banquet to be held in the spring. Pillowcases were distributed to be worked on for the summer picnic.

Scott and Stacy Schoendorf of Elsie spent the weekend with their grandparents, Mr and Mrs Joseph Trierweiler.

Mr and Mrs Wilfred Rademacher and Mr and Mrs Edward Spitzley Jr., Teddy and Julie visited Richard Rademacher in Perrysburg, Ohio on Sunday. They also visited with Brother Luke Droste and George Thelen.

Mrs William Arens observed her birthday this past week. Wednesday evening her grandchildren gathered at her home. A women's group joined her for cards and lunch Friday evening.

Westphalia schools were closed early on Thursday afternoon due to drifting on the rural roads and again on Friday morning.

Mr and Mrs Tom Droste and family moved into their new home on Wednesday.

Mrs Pauline Trierweiler was guest at her daughters, Mrs Mary Jane Brandell of Wacousta, for cards on Wednesday.

Mr and Mrs William LaRue of Lansing were dinner guests of Mrs Pauline Trierweiler on Saturday.

MRS LOUIS JAMES MRAZEK

### Grove Bible Church scene of marriage

Miss Julie Kay See became the bride of Louis James Mrazek in a double ring ceremony at Grove Bible Church Saturday, Jan. 30, at 2:30 p.m. The bride is the daughter of Mr and Mrs Harold See of 5547 South Shepardsville Road, Ovid. Mr and Mrs Louis Mrazek of Rochester Colony are parents of the bridegroom.

REV ROBEY Prange officiated a ceremony for which the bride chose a gown of French organza over lace. Scalloped sequins trimmed the neckline and the long, fitted sleeves ended in deep points. The bouffant skirt featured five tiered ruffles bordered with lace which swept into a lace train. A silver tiara secured her lace veil. She carried a bouquet of pink and white carnations centered in a circle of net from which long, silver and white streamers tied in lovers knots hung.

THE BRIDE was escorted to the altar which was decorated with burgandy and white mums by her father. Her matron of honor, Mrs Gary VanVleet, and bridesmaids, Miss Joyce Mrazek and Miss Donna Mrazek, all sisters of the bridegroom, wore identical, floor-length, white, slipper satin sheaths with burgundy velvet bodices. Matching, rose-colored net headpieces and shoes completed their ensembles. The flowers they carried ranged in shades from pink to burgundy.

A JUNIOR bridesmaid, Virginia Mrazek, also a sister of the bridegroom, wore a white lace dress trimmed in rose-colored velvet. Her bouquet matched those carried by the adult attendants.

Gary VanVleet was his brother-in-law's best man. Groomsmen were Dwight Carmon and William Shinn and junior groomsmen, Steven VanVleet. Ushers were Ralph Temple and Roger Waltz.

Mrs See, mother of the bride, wore a dove grey dress with silver accessories. The bridegroom's mother wore a blue, two-piece dress and black accessories. Both wore corsages of pink carnations.

THE NEWLYWEDS were feted at a 7 p.m. buffet supper reception at Laingsburg Legion Hall, where a special guest was the bride's maternal grandmother, Mrs Lillian Suggate.

Following a wedding trip through the Southern States the couple is at home at 5547 South Shepardsville Road, Ovid. The former Miss See is a 1964 graduate of Ovid High School. Her husband graduated from St. Johns High School in 1961.

### Americanism month held by auxiliary

February is Americanism month in the program of the American Legion Auxiliary. The program will be in charge of Mrs Robert A. Conn, chairman of Americanism, on Thursday evening, Feb. 16.

The co-hostesses are Mrs Myrtle Bennet and Mrs Dolina MacKinnon.

### Wesleyan Guild gives support to missionaries

Mrs Vera Bailey and Mrs Edna Bishop were co-hostesses at the home of the former at 208 East State St. on Monday evening to members of the Wesleyan Service Guild. Dessert and coffee were served at 7:30 p.m.

Mrs Cerelda Hicks, vice president, was in charge of the business. A complete report was given on candy sales. Monies were voted for missionary supply work and to the Grand Rapids Methodist Community House.

THE LESSON study topic was "The Life Within" and was presented by Mrs Ethel Bishop and Birdaline Smith.

On March 9 the guild will be guests of the Methodist WSCS at a potluck supper at the church when Glenn Osgood will show pictures on Alaska.

### Women's Fellowship continuing study of medieval church

The Medieval church was the subject of the book reviewed by Mrs Albert Frucht in continuing the story of the church at the meeting of the Women's Fellowship of the First Congregational Church on Tuesday, Feb. 3.

The study will be continued in March in "What price Indulgences" by Mrs George H. Brooks.

The devotions were given by Mrs Dick DeGroot on symbols of the church.

THE BUSINESS meeting was conducted by the president, Mrs Manning Gross. Thank you letters were read from Dr Clyde Wilcox and Rev Earl Collins for the books which were sent to them for Christmas gifts.

Refreshments were served by the Mildred Knight Division.

### Fowler youths are among top young musicians

FOWLER— The 214 top musicians from all over Michigan will go to Swartz Creek, Feb. 20 and 21, to prepare for their participation in the Michigan All-Star Band. Two students from Fowler High School, who will be attending are Julie Becker, daughter of Mr and Mrs Luke Becker and Linda Waldron, daughter of Mr and Mrs Jack Waldron.

Both were participants in the 1964 All-Star Band.

A PUBLIC concert will be given at Swartz Creek, Feb. 24, at 3:30 p.m.

This annual event is sponsored by the Lansing Conservatory of Music to honor outstanding high school musicians.

### Special ed teacher describes program

Mrs Russel Welch from the St. Johns Public Schools gave a talk on special education at the meeting of the St. Johns Woman's Club Wednesday, Feb. 3, in the parlor of the First Congregational Church. She spoke on special education as an attempt to help persons who have handicaps.

The program in the St. Johns school system is given by teachers who have had special training in order to be competent in their work. The children are placed in five different locations, so that they will be with others of their own age. This is normal and beneficial to the child, Mrs Welch said. The program is endorsed by the state and county.

The room Mrs Welch teaches in is cheerful and pleasant and equipped with school furniture, a sewing machine, a typewriter, and a small kitchen where the children learn special skills. She has, at the present time, 15 pupils. Mrs Welch said that by having a small class she is able to give individual attention to each child.

FOR THE MUSIC of the day, Robert Cox from St. Johns High School presented a string quartette composed of Andrea Lewis, Linda Spousta, and Sue Warstler.

### Extension women discuss project

The St. Johns NEWS Extension group held their monthly meeting at the home of Mrs Frances Diehm Monday evening, Feb. 1.

Roll call was answered by naming a favorite floor covering. The lesson on soft floor coverings was given by the project leader, Mrs Frances Diehm. Discussion followed by the group.

Books were passed out to the group on sanitation in home laundering which will be discussed at a later meeting.

THE COUNCIL member, Mrs Howard Plowman, passed out books on Developing Human Resources. The following members were appointed to discuss this project at the next meeting: Mrs Arthur Workman, Mrs Carl Herbuck, Mrs Glenn Emmons and Mrs Alberta Jaquish. All members present took the eye opener test and there was a discussion on this.

A cake, card and \$1 were sent to the children's home, as there was a birthday of one of its members. This is the club's community project.

Refreshments were served by the hostess with the help of the co-hostess, Mrs Reeb.

The next meeting will be with Mrs Gaylord Stevenson, March 1.

JANET SUE WIPPER

all on violin, and Judy Ripple on cello. They played an "Air" by Handel.

Mrs Dorothy Angus and her son, Glenn Angus of Owosso, entertained the club by playing the Fourth Sonata in D Major by Handel. Mrs Angus is an accomplished pianist, having worked with Platagorosky, a world renowned cellist. She has accompanied soloists with the Boston Symphony Orchestra on tour. At present she is playing with the Flint Symphony and gives private lessons. Glenn Angus is a junior at Owosso High School and plays the violin. He plans to major in music at college.

TEA, USING a Valentine motif, was served by Mrs William Richards, chair man, Mrs C. A. Ellickson, and Mrs Robert Kelly.

The next meeting will be held Wednesday, Feb. 17, at 1:30 p.m. at the home of Mrs Rolan Sletlight of 812 West Park Street instead of at the home of Mrs Ink White.

### Church group talks of race relations

### Fowler loses to Webberville

WEBBERVILLE — Fowler, which dealt Webberville a 54-51 defeat at Fowler Dec. 18, tasted revenge-defeat Friday night by the same margin and almost the same score at Webberville.

The final was 55-52 in favor of the Spartans, as three Webberville players hit in double figures.

FOWLER GOT off to a slow start and trailed 22-15 at the end of the first quarter. They rallied, however, to tie the score at 31-31 at halftime and then pulled out to a 43-41 lead at the end of three quarters.

Webberville staged a rally of their own in the last three minutes of the game to snatch the victory from Fowler.

JIM KOENIGSKNECHT paced Fowler with 16 points, while Luke Koenigskecht and Roger Conley had 14 each, and George Spicer, Jim Simon and Lee George 2 each. Arnold led Webberville with 18 points, while Oakes scored 16 and Hoag 12.

### Freshmen beat Ionia, then lose to Eaton Rapids

The St. Johns freshmen basketball team split a pair of games during the last week, defeating Ionia 45-30 last Thursday and losing to Eaton Rapids 61-54 Monday night.

Against Ionia, St. Johns got a revenge for a defeat suffered to the same Ionia team only 13 days earlier. Ten points by Steve Gregory in the second quarter helped push the freshmen out in front to stay.

GREGORY LED St. Johns with 22 points, while Don Palmer and John Salime each had 7, Bob Cochrun 5, John Markman 3 and Denny Moore 1. Shanks's 10 points was tops for Ionia.

After a first-period deadlock of 7-7, St. Johns burst into the lead with 17 points in the second period, compared to 9 for Ionia. The Redwings also enjoyed scoring advantages of 9-7 and 12-7 in the last two quarters.

ST. JOHNS SHOT nearly 56 per cent from the floor and were tigers on defense, pulling down 51 rebounds.

Eaton Rapids rallied in the last quarter of their game to post a 61-54 victory over St. Johns. After a 14-14 first period, St. Johns pulled out ahead and led 28-26 at the half. They trailed 39-38 going into the last period and then were outscored 22-16.

ST. JOHNS had a cold shooting night, hitting only 29 per cent from the floor and making only 12 of 26 free throws.

Steve Gregory led the freshmen scoring with 16 points, while John Selami had 12, Mike McKay and Bob Cochrun 7 each and Tom Rademacher and Don Palmer 6 each.

Haskell and Seeley led Eaton Rapids with 27 and 20 points respectively.

Central National Bank won all four points last week in the Tea Time League, with Rosie Nuser having the high series of 580 and a 214 game. High individual game was a 222 rolled by Jolie Becker, and her series totaled an even 500. Connie Cronkrite had a 538 series and a 215 game. Single game team honors went to Federal Mogul No. 2 with an 847 game. The Five Misses had 2275 for high team series.

JULIE K IS STILL holding their lead in the Ten Pin Keglers League. Carlings took all the honors this week with high game and series of 842 and 2443 respectively. They were helped along by Helen Glazler's 223 and 556 scores. Marie Bushman picked up the 4-7-10 split and Bea Frechen got the 6-7-19 split.

The Rolling Stones had high team game and series with 603 and 1755 in the Junior High League. Robert Cartwright had high individual game and series with scores of 166 and 452. The Alley Cats are still in first place.

The Rose Johnson, Seamstress, team has a half-game edge on Drewry's Beer in a tight race in the Westphalia Woman's League. Fedewa Builders

### Wrestlers win one, lose one

The St. Johns wrestling team split two matches last week, defeating Alma 27-14 but losing to Greenville 23-15. The team now has a 7-5 record for the year.

They have just two more regular-season matches scheduled. Today (Thursday) they'll wrestle against Okemos at St. Johns, and next Tuesday the team will travel to Mt. Pleasant.

TOM HARPER (103), Charlie Fisher (120), Terry O'Connell (145) and Marv Dollarhite (154) scored pins against Alma, while Gary Wood (95), Mark Masarik (112), Lonny Beeman (127) and Jim Paksi (133) won by decisions.

Chuck Smith (138), Oscar Parson (180) and Paul Spiedel (heavyweight) lost decisions, and Mike Stoddard (165) was pinned.

THE GOING was rougher against Greenville, with Wood, Fisher, Paksi, O'Connell and Dollarhite winning decisions. Ronnie Dush (120), Beeman, Smith, Harper, Parson and Spiedel losing decisions and Roger Spiedel (165) losing by a pin.

Junior Redwings lose to Comets but beat Alma

The St. Johns Junior Varsity split a pair of basketball games during the past weekend, leaving their season record at 6-7. The Grand Ledge JVs tripped St. Johns 56-53 Friday night, but the Junior Wings bounced back to take a 62-49 win from Alma Saturday.

Coach Doug Japinga got balanced scoring from his team Friday but it wasn't enough to overcome a fourth-quarter rally by Grand Ledge that won the game for them. Bill DeGroot paced St. Johns with 17 points, while John Wilson had 15 and Gary Boyce 12, Randy Humphrey 6 and Phil Anderson 3.

ST. JOHNS HELD a 15-13 first quarter lead but then slipped behind 27-26 at the half. The Wings rallied in the third quarter and took a 44-41 lead into the last eight minutes. But Grand Ledge outscored St. Johns 15-9 in that period.

DeGroot scored 25 points and Wilson 18 as St. Johns had a fairly easy time of it with Alma Saturday. The Redwings had a first quarter lead of 15-6 and held scoring advantages of 20-13 and 12-8 in the third and fourth quarter. Alma showed some strength in the second quarter by outscoring St. Johns 22-16. The halftime score was 31-28, St. Johns.

OTHERS SCORING in addition to DeGroot and Wilson were Boyce 9, Anderson and Brian Swatman 4 each and Humphrey 2.

List high bowlers at state tourney

Bowling teams from St. Johns rolled in the MSBA Tournament last weekend, and these are some of the bowlers who stand a good chance of earning some money out of it.

William Pautke rolled a 671 series with handicap in singles, while Leo Brunner had a 655 and William Smith a 677. In doubles, Ralph Lynam and Leo Brunner had a 1241 series with handicap.

### Ovid fails to stop Raiders

PORTLAND — The Ovid Romans made a last-ditch try to head off an undefeated season for Portland Friday night but failed by a 53-50 margin.

The Romans used a slow, control offense and a hustling defense to hold Portland's high-scoring Raiders to their lowest point output of the year.

OID NEVER held any definite lead, however, and they enjoyed only a three-point scoring advantage in the last period. Portland led 16-13, 32-28, and 46-40 at the end of each of the first three quarters.

Bob Gazda led all scorers with 16 points. His teammates scoring were Frank Gazda 6, Dennis Love 5, Lee Woodworth 10, Mike Hawley 11, and Leonard Huyck 2. John Nowak and Dick Agostini had 14 each for Portland.

## Miller's, Bee's notch city wins

The City Basketball League's undefeated Miller's Tavern team had to come from behind and take advantage of only four playing opponents last Wednesday to stay undefeated.

Miller's edged Clinton Tractors 71-67. In the second game the Bumble Bee's defeated Sealed Power 72-61.

## Wolfpack holds Raiders to 70

LAINGSBURG — Undefeated Portland rolled to a 70-45 victory over Laingsburg in a Central Michigan C game last Tuesday, handing the Wolfpack their eighth loss of the year.

But Laingsburg has something over on all of Portland's other opponents this year. No other team has been able to hold the Red Raiders to less than 80 points. Laingsburg has done that twice, though losing both times, 69-47 and 70-45.

LAINGSBURG used a "plain zone" and was successful in holding down the score. Portland held scoring advantages of from four to 10 points in each quarter, however, and was never in trouble.

Portland effectively shut off Laingsburg's scorers, too, however, and none scored even 10 points, although nine players shared in the total scoring. Chuck Beavers led the way with 9 points, while Don Brown had 6, Clyde English 3, Bill Antcliff 8, Bob Kruger 7, Tom Wilson and Dennis Shaw 4 each, Norm Wurm 3 and Jeff Veith 1.

JOHNSON AND Quinn led Portland with 20 and 18 points respectively.

Score by quarters:  
Laingsburg 10 10 12 13 - 45  
Portland 14 16 17 23 - 70

## Wolfpack rolls past Bath 55-45

BATH — Laingsburg recovered quickly from a 13-9 first-quarter deficit and rolled to a 55-45 victory over the Bath Bees Friday night.

Laingsburg outscored Bath 18-9 in the second quarter, took a 27-22 halftime lead and then held scoring advantages of 14-12 and 14-11 in the last two periods.

BRUCE MILLER of Bath took game scoring honors with 22 points, while teammate Jim Sober had 10, Art Six 6, Tucker 5 and Al Conley 2. Tom Wilson had 14 and Bob Kruger 13 to lead Laingsburg. Others scoring were Don Brown 9, Clyde English and Bill Antcliff 2 each, Chuck Beavers 3, Norm Wurm 9 and Gary McPhail 1.

MILLER'S GOT in deep trouble in the first quarter of the game and almost didn't get out of it. The Tractors led 20-13 at the first stop on the strength of six markers by Doug Japling and five by Steve Spicer.

Miller's recovered in the second period and held a 21-17 scoring edge. They had a 17-16 advantage in the third period. In the fourth quarter, the Tractors began losing players fast and furious via the foul route and in the last few minutes were playing with only four men.

MILLER'S TOOK advantage of the foul situation to notch 14 free throws and three field goals in the period and pull the game out of the fire.

Bill Werner and Jim Farley each had 15 to lead Miller's, and Dan Fox had 11 and Clare Fox 10. Japling led the losers with 17 points, while Spicer had 13, John Werbish 12 and Dale Knight 11.

THE SECOND game was a topsy-turvy contest, with neither Bee's nor Sealed Power being able to put together a sustained scoring effort. The score was tied at 9-9 at the end of the first quarter, and then Bee's jumped off to a 32-23 halftime lead. Sealed Power came back to within one point, 46-45, at the end of the third period. Tom White hit 10 points and Hub Waite 8 to help Bee's pull away in the last quarter.

White had 34 points to lead the scoring for the night, and Waite tossed in 21. Hilary Stump was Sealed Power's only real scoring gun. He got 20 points. Randy Ott had 15, well below his scoring average.

## Momentum carries Ovid past Elsie

OVID —The Ovid Romans got off to a quick lead against Elsie last Tuesday night and coasted to a 97-63 victory in a Central Michigan C game.

The victory, plus Perry's loss to DeWitt, put the Romans back into a tie for second place in the league. It was Ovid's seventh win of the year against four losses. Elsie was 1-10 after the game.

OVID BUILT UP a 13-2 lead in the first quarter and led 21-11 by the end of the first eight minutes. By halftime the score was 49-31. The Romans continued their stiff pace, outscoring the Big Reds 19-15 in the third quarter and 29-17 in the last period.

Elsie hit a good 50 per cent from the floor but took far fewer shots than Ovid. The Romans hit about the same with their shooting and took command of the backboards throughout the game.

OVID'S SCORING was well balanced between four men. Frank Gazda scored 21 to lead the way, while Dennis Love got 16, Bob Gazda 15 and Lee Woodworth 14. Also scoring for the winners were Mike Hawley 9, Leonard Huyck and Dick Hall 6 each, Doug Behrens 4, Gale Bancroft 2 and Mike Martinez 4. Seibert led Elsie with a whopping 24 points, while L. Jones got 14. Others scoring for the Big Reds were Melvin 9, Horak 4, Loynes, R. Jones and Bernath 1 each, Schultz 4 and Carter 5.

Doug Baribeau (50) of Grand Ledge comes off the boards with a rebound against St. Johns Friday night at Grand Ledge. Dennis Springer of St. Johns (45) battles to get the ball, while Al Werbish (53) follows action from the side. Grand Ledge players include Ed Meister (40), and Jim Richardson (44).

## Pirates' scoring stops Bath

PEWAMO - WESTPHALIA — Balanced scoring, backboard control and faultless ball control by the Pewamo - Westphalia Pirates were impossible for the Bath Bees to beat last Tuesday night, and the Pirates notched a 63-58 victory.

Pewamo - Westphalia used a good first half to get their victory margin and then withstood a Bath rally in the last two periods. The Pirates led 16-11 at the end of the first quarter and held a 33-20 halftime lead.

BATH HELD a one-point scoring advantage in the third period and then came on strong to outscore P-W 17-10 in the final period. But the rally fell short.

Bath won the previous encounter between the two teams, 53-45, back in early December.

NORENBERG LED Pewamo-Westphalia with 18 points, while Werner got 13, Barker 11, Irerer 9, T. Vance 8 and Noecker 4. Chet McConigal led Bath with 25 points. Art Six added 13, Jim Sober 10, Bruce Miller 6 and Terry Wood 4.

## DeWitt upsets Perry

PERRY —DeWitt High School, surging to make itself known in the Central Michigan C basketball conference race, pulled off their second upset in less than a week last Tuesday night in upsetting the Perry Ramblers 73-65.

DeWitt, which went over the 500 mark for the first time this season (the win made them 7-6), used a balanced scoring attack to successfully hold the Ramblers at a comfortable distance throughout the game.

THE PANTHERS grabbed a 23-14 first quarter advantage and made that stick throughout the rest of the game. Jim Dalman scored 25 points and Roger Coryell 22 to dampen Perry's efforts, and DeWitt's Pat Weston added 12, Bill Watson 4, Parker 6 and Lenny Ward 4.

DeWitt's defense was tough, limiting Perry's leading scorer, Bump Lardie to 13 points. Lardie scored 47 in one game a few days before.

SCORE BY quarters:  
DeWitt 23 14 21 15 - 73  
Perry 14 13 22 16 - 65

The first lifeboat station authorized by Congress was built in 1849 at Spermaceti Cove, Sandy Hook, N. J.

## Ramblers, in high gear, sweep Elsie 122-89

ELSIE —The Perry Ramblers shifted into high gear Friday night and drummed out a 122-89 victory over the Elsie Big Reds. The score shattered all Central Michigan C scoring records.

Both teams banged in baskets from all over in a wild-scoring first quarter that gave a hint of things to come. Elsie wound up on top of that battle, 35-24, but Perry rambled back in the second quarter, scoring 33 points and taking a 57-53 lead at the half.

PERRY SCORED 39 points in the third quarter as Elsie's attack slowed to only a 14-point

## DeWitt wins fourth in row, 97-72

DEWITT—The surging DeWitt Panthers made it four in a row Friday night by rolling past Pewamo - Westphalia 97-72. The Panthers have won their last four games and now have an 8-5 overall record. Pewamo-Westphalia is now 5-10.

Four men, paced by Roger Coryell's 26 points, hit in double figures to lead DeWitt to victory. The others were Jim Dalman with 18, Lenny Ward with 17 and Bill Watson with 14. Others chipping in were Pat Weston with 9, Parker with 8 and Foster with 5.

AFTER A 16-16 first-quarter tie, DeWitt exploded in the second period to take a 47-32 lead at the half, and they were never in trouble after that. The Panthers also held scoring advantages of 26-17 and 23-22 in the last two quarters.

Pewamo-Westphalia also had three men scoring in double figures. Werner notched 20 points, while Barker had 17 and Irerer 11. Others scoring for the Pirates were T. Vance 9, Nurenberg 4, May 2, Noecker 6, Schafer 2 and L. Vance 1.

## Fowler pummels Vestaburg 72-33

FOWLER —The Fowler Eagles turned their scoring guns on Vestaburg last Tuesday night and rolled to a 72-33 non-conference win.

Roger Conley's 20 points was high for Fowler. The Eagles had a big second half, ripping the basket for 43 points after holding a 29-15 halftime lead.

Dave Hamming had 15 points for Vestaburg.

The St. Johns Redwings vaulted back into first place in the West Central Conference basketball race by notching two victories over the weekend while Lakewood lost one of its two games.

The Wings now hold a half-game lead over Lakewood; St. Johns has an 8-2 record and Lakewood is 8-3.

ST. JOHNS nudged Grand Ledge 67-61 at Grand Ledge Friday night and trampled Alma 72-51 at St. Johns Saturday night. Hastings upset Lakewood 60-53 Friday, but Lakewood came back Saturday to beat Grand Ledge 63-53.

The Wings will meet third place Charlotte Friday night, the same team that beat St. Johns here Jan. 8. Next Tuesday, fourth-place Greenville will come to St. Johns for a make-up game.

## Big 2nd period fatal to Comets

ST. JOHNS used a second-quarter scoring advantage of six points over Grand Ledge as the final victory margin over the Comets Friday night.

The Wings, led by Al Werbish's 8 points and 6 by Al Anderson, outscored Grand Ledge 24-18 in the second quarter. It erased a 12-11 first quarter lead by Grand Ledge and put the league-leading Redwings in front permanently.

THE TWO teams battled to a 16-16 draw in the third period, and St. Johns had a 16-15 edge in the last eight minutes.

Al Werbish continued his hot scoring pace with 26 points, high for both teams. Doug Lundy added 13, Clark Berkhausen 12, Anderson 9, Bill Sistine 4 and Jim Leonard 3.

The Redwings' fine shooting percentage of the last month also continued to hold up as 26 of 59 St. Johns shots dropped through the nets. That's 44 per cent. From the free throw line they hit 15 of 29 tries, just over 50 per cent.

Grand ledge had much more difficulty in shooting. They hit only 24 of 73 shots from the field, a .328 percentage. Ed Meis-

ter paced the Comets' scoring attack with 21 points.

Werbish picked off 15 rebounds for St. Johns, while Lundy and Anderson each got 8.

## Hot shooting too much for Alma

Clark Berkhausen scored 23 points to lead the St. Johns Redwings to a 72-51 victory over Alma in a West Central game at St. Johns Saturday evening.

Berkhausen hit 10 of 18 field goal attempts and three of three free throws as the Wings displayed another fine night in shooting. The team hit on 31 of 57 shots for a mark of .543. Ten of 13 free throw attempts were good.

BERKHAUSEN scored seven points in the first quarter as the Wings got off to a flying start, outscoring Alma 15-4. Alma held a 20-19 edge in the second quarter, but St. Johns was in front 34-24 at halftime.

Another burst of scoring pushed St. Johns well out of reach in the third quarter. Berkhausen got another seven points, while Al Werbish and Doug Lundy each got six. By the time the fourth quarter started the Redwings had a commanding 59-38 lead. St. Johns and Alma each scored 13 points in the last eight minutes.

IN ADDITION to Berkhausen's 23 points, Werbish added 14, Lundy 10, Gary Becker 7, Bill Sistine 6 and Al Anderson, Dennis Springer and Don Hungerford 4 each.

Ron Cummings scored 16 points to lead Alma, while Paul Dean had 13.

Old Laundry Building at Spring, State Coming Down

The old laundry building at the corner of Spring and State streets in St. Johns will be just about leveled by now as the Shell Oil Co. proceeds with plans to improve the entrances to the Shell station operated by A. M. Peterson. Peterson said the area where the building is located will be filled in and blacktopped, and an entrance provided from Spring Street. Shell purchased the building from Anthony Kuntz. It had been used in recent years by the Agricultural Stabilization and Conservation Committee office until last summer when they moved to the Parr Building.

This twisted wreckage is all that remains of the car in which Gerald Dell, 18, of Eagle was killed last Tuesday night on M-100. The car broke in two when it hit a tree. Wreckers brought it in in four major pieces.

## Eagle youth dies as car hits tree, splits in 2 pieces

Clinton County's third traffic fatality of 1965 — and the second in just over a week — was recorded last Tuesday night in Eagle Township.

The victim was Gerald R. Dell, 18, of R-1, Tallman Road, Eagle. He was dead on arrival at St. Lawrence Hospital in Lansing with extensive crushing injuries.

THE ONE-CAR crash occurred on M-100 (Francis Road) just north of State Road. Dell's speeding car (estimated to be traveling 100 miles an hour by state police who investigated) smashed broadside into a tree, causing the car to split in two.

Dell was hurled 40 feet when it hit the tree, about five feet in diameter. The front half of the car broke away and hit a second tree. The car had skidded 135 feet before the first impact.

PIECES OF the wreckage were scattered over a wide area. A witness said the car practically "exploded" when it hit the tree. It took two wreckers three hours to untangle the pieces of the car and remove it in four sections.

Only a few hours more than a week before, Clinton County's second fatality was recorded near Hubbardston. Earlier in

GERALD L. DELL

January, an Eagle mother was killed in a two-car crash on State Road, only about three miles west of last week's accident.

DELL WAS born Nov. 28, 1946, in Lansing, the son of Mr and Mrs Ronald Dell of rural Eagle. He was employed at Oldsmobile in Lansing.

Surviving are his parents; three brothers, Gary Lyon Dell or R-2, Grand Ledge, Eric Dell and Vince Dell, both at home; two sisters, Carolyn and Rhonda, at home; his paternal grandfather, Lloyd Dell of Eagle; and his maternal grandmother, Mrs Frances Preston of Eagle.

FUNERAL services were conducted Friday at 2 p.m. at the Peters and Murray Funeral Home in Grand Ledge. Burial was in North Eagle Cemetery.

**TEACHING IN THE PEACE CORPS**  
*To Help Shape Eternity*

*A teacher affects eternity; he can never tell where his influence stops.*

Henry Adams, *The Education of Henry Adams*

The cool June morning predicts a pleasant day. Inside the small classroom the children go through the non-academic calisthenics shared by children everywhere — excited Spring laughter, the hum of conversation, the irrepressible shuffle of small feet.

This schoolroom could be in any American community. It isn't. It's located on the outskirts of Enugu in the sprawling West African country of Nigeria. The teacher these children await is a Peace Corps Volunteer, one of several thousand now teaching in 46 countries around the world.

Since the early days of the Peace Corps, over half the Volunteers overseas have been engaged in some type of teaching. Working in universities, teacher training colleges, junior and senior highs and elementary schools, they are helping ease a teacher shortage that will exist until they themselves have trained enough of their hosts to staff the classrooms.

Are they succeeding? A beginning can be seen in the thousands they have already trained. Another measure of their success is the fact that every country where they work has doubled or tripled its original request for educational aid.

Most Volunteer teachers find their work extremely gratifying. They report that new — and not so new — nations are striving mightily to keep pace with rapid changes in technology and that many of the young people of these nations thirst for the knowledge which will enable them to play productive roles in their society.

The Volunteers represent every hue in the American rainbow. In a new university in Nigeria, a married couple, both in their seventies, both long retired, teach side by side; several thousand miles away, a 22-year-old girl — a recent college graduate — leads a group of Colombian school children through a complicated chemistry exercise.

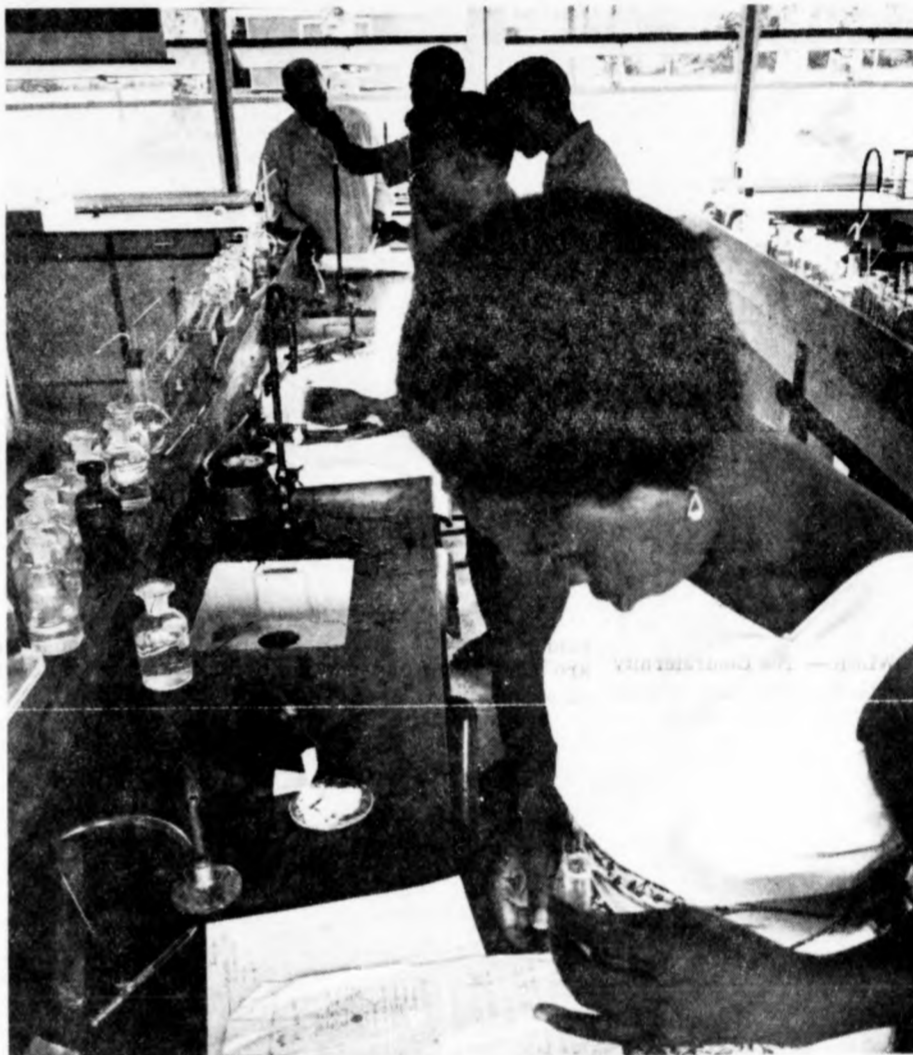

Some Peace Corps teachers have had prior experience, but most are liberal arts graduates who learned the basics of their new profession during intensive Peace Corps training sessions. The common denominator that links them is teaching itself — the challenges, complexities and rewards.

One Volunteer wrote: "The nations have entrusted to us their most precious raw material. Their future — the future of the free world — begins in these classrooms today, because we are teaching the leaders of tomorrow."

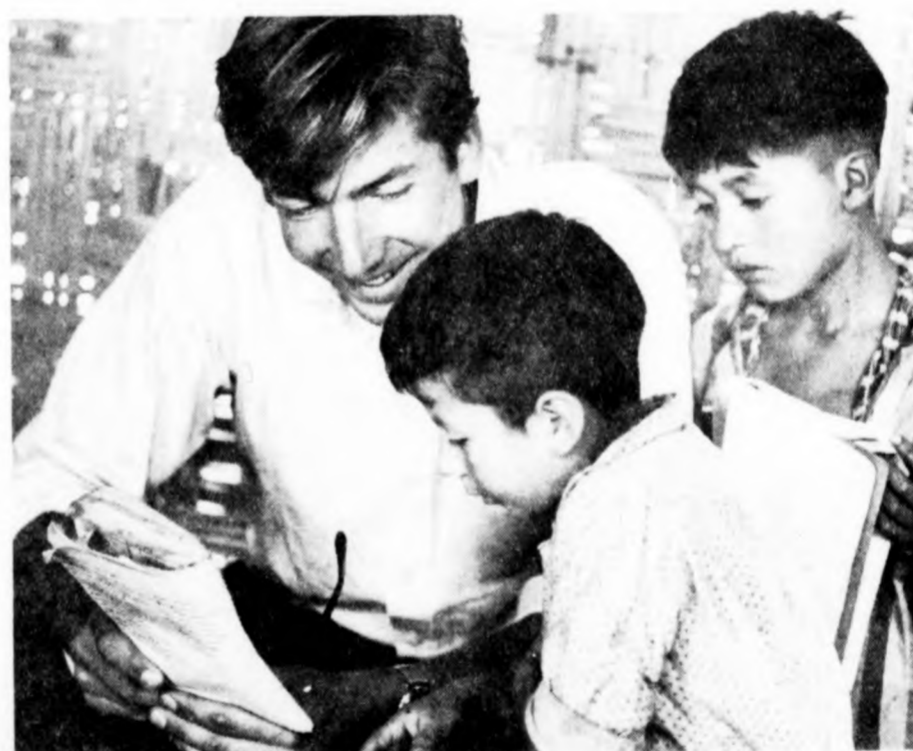

If you're interested in playing a small role in shaping tomorrow, write the Peace Corps, Washington, D. C., 20525. You and your future students will be glad you did.

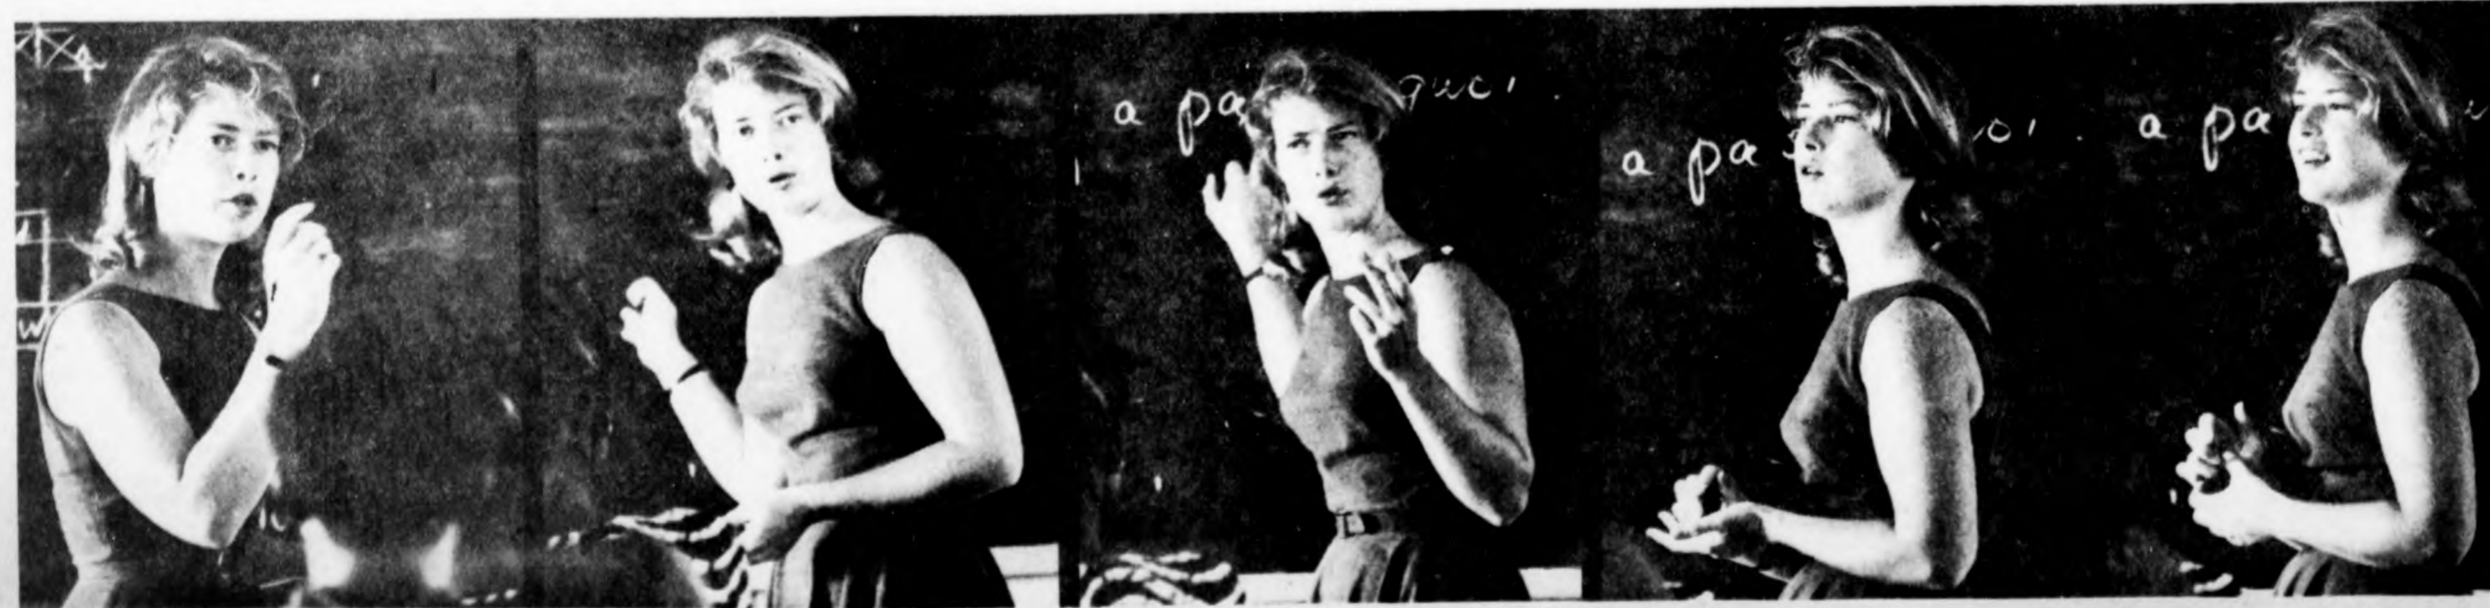

"We are using our classroom as an instrument to cut across class lines wherever they exist and as a medium to expand the outlook of our students."

"For many of my students school is not an obligation — it is an opportunity. Their gratitude and attentiveness make my days most satisfying."

"The work we're doing here isn't easily measured . . . but how do you measure a child's smile as the words on a printed page slowly begin to take on meaning?"

# Friend of court office busy place as arm of court

Child support collections resulting from divorces in Clinton County have increased 103 percent in the last six years, according to Gordon Willyoung, Clinton County friend of the court.

Willyoung, in his first annual report to the Clinton County Board of Supervisors, said the collections have increased steadily from \$106,000 in 1959 to \$215,622 last year.

A BIG JUMP of from \$164,000 in 1963 to the 1964 figure was attributed to fulltime operation of the office of the friend of the court. Prior to 1964, it was only a parttime situation, with the collections being made by the county clerk. Last year the collections were made through Willyoung's office.

GORDON WILLYOUNG

negotiations, wage assignments and contempt proceedings.

Each pre-divorce investigation requires a minimum of at least three interviews with the divorcing parties and one or more collateral interview, Willyoung said, plus time required for home calls, schools and any other social agencies who may be serving the family.

WILLYOUNG SAID he was advised by George L. Eberhard, director of the Department of Social Aid in Clinton County, that aid to dependent children cases dropped by nearly 100 in 1964.

There were 995 ADC cases involving payments of \$134,761.31 in 1964, compared to 1,090 cases and \$141,902.46 in 1963.

"This is in contrast with practically every county in the state of Michigan where ADC cases and payments are increasing every year," Willyoung said. "Mr Eberhard feels the decrease in this county is due to the work of the friend of the court office. This same situation also applies in the Welfare Department, according to Mrs Julia Jury, (the director).

"THE PAST YEAR (1964) has been one of continued growth in all areas of the court's responsibility," Willyoung pointed out. "The new state-wide court rules that became effective Jan. 1, 1963, require the court to provide continuing investigation of the backlog of divorce cases on

fect of bringing requests from men paying support for reports of how their children are being treated," Willyoung said.

"Although such visits are a requisite under court rules and are certainly in the best interest of the children affected, even minimum supervision cannot realistically be given by the present staff. The friend of the court and the court does need to move in this direction in the future," Willyoung told the supervisors.

IN CONNECTION with cases where a support order is in effect, but support money is not being paid, the friend of the court must take necessary action to enforce payment. This involves

Willyoung, in his nine-page report, explained the functions and duties of the friend of the court.

"IT IS ONLY after an action for divorce, separate maintenance or annulment has been commenced in Clinton County that the functions of this office become applicable," he explained. "This office is primarily an adjunct of the Clinton Circuit Court and is more concerned with the legal, rather than the social, aspect in the field of domestic relations."

The major duties of the office consist of investigations, enforcement and referee. The first contact a troubled family has with the office of the friend of the court is usually in establishing specific information concerning temporary relief. The court determines and enters the temporary order or support based on the father's ability to pay and a temporary order of custody to protect the best interest and well-being of the minor children.

"BEFORE A CASE involving minor children can be assigned for trial," Willyoung said, "the statute and local court rule require the preparation and filing of a final report by this office, including a recommendation as to permanent custody and support of the minor children.

"This report contains pertinent factual information as to the needs of the children, financial circumstances of the parties, school information and home environment of the children, contact of the family with any social agencies, and the possibility of a reconciliation.

"EXPERIENCE HAS shown that the court places considerable reliance on this report in arriving at a decision as to the welfare of the minor children," Willyoung went on.

"The problem of support of illegitimate children has commanded increasing attention of the court as well as the community. Continued and vigorous efforts are being made to improve the processing of these actions so that an order for support can be entered as soon as possible.

"STATISTICS SHOW that public relief agencies are extending aid in most of these cases," Willyoung said. "Consequently their cooperation in processing of the case and an expeditious entry of an order for support against the putative father is of utmost importance to the taxpayers."

In general terms, the friend of the court office is the investigative and case supervision arm of the circuit court in regards to divorces and children of divorce (who are technical wards of the court). The friend of the court also follows through on cases on which judgment has been rendered to see that children are being taken care of properly and that payments for the support of a minor child are being made regularly as ordered.

IN CLINTON county, the active cases (in which support is a factor) total 240. The new court rules now require that home visits be made periodically to insure the proper care of the children, and thus, Willyoung said, will represent added workload. Until the new rules went into effect, visits were made only as the result of a complaint or petition to the court.

During the past year (1964) there were 115 divorce cases started in circuit court and 74 divorces granted.

"WE EXPECT that the increased enforcement of support orders (collections) carried on by our office will have the additional ef-

file in this department involving the custody of minor children who have not yet attained the age of 18 years.

"This growth is expected to increase rapidly in the future, due to the increased population and as society becomes more aware of the need to protect and preserve the family unit. In addition to collections, it will be our objective to improve the quality and quantity of our investigations, thereby protecting the well-being of all minor children concerned."

THE FRIEND of the court's office has recently been moved to the main floor of the Clinton County Courthouse, and it is across the hall from the treasurer's office.

Willyoung is also a DeWitt Township justice of the peace.

## Rebekah Lodge planning dance

PARK LAKE— Sixteen members of Sunbeam Rebekah Lodge No. 165, including the new officers, answered the roll call Thursday, Feb. 4.

Plans were made for a bake-sale cake and dance for April 3.

Noble grand, Dolores Rummell and vice grand, Maxine Wilkens are in charge of remembering the sick.

## Amica Club planning March benefit party

MAPLE RAPIDS— The Feb. 3 meeting of the Amica Club was called to order by the new president, Mrs Charles Stead, at the home of Mrs Lyle Snyder.

The new committees for the year were appointed as follows: flowers, Mrs Nelson Rummsey, Mrs Milo Podalak and Mrs Ed Carr; transportation, Mrs Al Abshagan, Mrs Tony Wether and Mrs Steven Bancroft; publicity, Mrs Oak Underwood, Mrs Alvin Drumheller and Mrs Wilbur Bancroft; and program, Mrs George Thompson, Mrs Don Upton and Mrs Lyle Chick. Those places not filled will be so at the next meeting.

New capsul friends names were exchanged and a new member, Mrs Terry Spear was welcomed to the club. The membership has been advanced to 35 members. There are three vacancies.

A discussion of the Whing Ding that was planned for March 20 was held and it was decided by the members to cancel it in favor of a benefit party to be held the same date. Plans will be completed at the March meeting.

The members have raised enough money to install the second piece of playground equipment in the memorial park this spring and are planning on the third piece as soon as possible.

## M. Paines host Duo Decum Club

MAPLE RAPIDS— There were 11 couples present at the meeting of Duo Decum Club on Saturday evening, Feb. 6, at the home of Mr and Mrs Maurice Paine.

"Shoot the Moon" was played during the evening, with high score prizes being won by Mrs John Schmidt and Jack Croad. Low score prizes went to Mrs Clare Swanson and Dr Donald Kendall. Dr Kendall also won the traveling prize.

The hostess served refreshments, assisted by Mrs Mike Humphrey.

Mr and Mrs Daryl Stanley arrived at the home of her parents, Mr and Mrs Orisson Bailey Saturday morning from Lawton, Okla. Stanley returned to San Francisco, Calif., and Mrs Stanley is remaining here for the present.

Dr Norma Eileason left Saturday to spend a week with her daughter, Mrs George Wanhainen and family of Tell City, Ind.

Mr and Mrs Rodney Gleason and daughter of Bath were weekend guests of his mother, Mrs Carolyn Gleason.

## WSCS members fill vacancies in club offices

MAPLE RAPIDS— Mrs Calvin Carey presented the program "Hearing God Speak Through the Bible" at the meeting of the WSCS at the home of Mrs Dee Allen on Tuesday afternoon, Feb. 2.

The treasurer, Mrs Fred Larkin, asked to be relieved of her duties of that office, and of the greeting card committee. Mrs Eugene Winsor was elected treasurer and Mrs Selina Bailey was appointed to be in charge of the cards.

Mrs Roy Beck, Mrs Donald Allen and Mrs Gene Dutton were named as nominating committee for the year.

It was voted to sell Michigan Recipe Cookbooks and anyone wishing to purchase one may contact any member.

It was also voted that Mrs Bailey make "penny aprons" to be distributed to the members, and they will pay one penny for each inch of their height.

There were 10 members present and 16 sick calls and 23 cards were reported.

The next meeting will be March 2 with Mrs John Schmidt.

## Blue Star Mothers plan anniversary

MAPLE RAPIDS— On Wednesday evening, Feb. 3, 11 members of the Blue Star Mother's met at the home of Mrs Joe Sherman, for their regular meeting.

It was voted to have a potluck for the celebration of the club's 20th anniversary, which comes on Feb. 21, but because of weather conditions, the supper will be at a later date.

The next meeting will be Feb. 17 at the home of Mrs Nina Freed and Mrs Mina Dangel.

## Plan testimonial for Al Bentley

Alvin M. Bentley, former representative from the old Eighth Congressional District of Michigan, will be honored with a testimonial dinner March 1 at Owosso, his home town.

Gov. George Romney will be the principal speaker at a dinner program called "A Salute to Al Bentley" at Owosso High School.

BENTLEY, 46, represented the old Eighth District in Congress for four terms from 1952 to 1960. Later, he was elected a delegate to Michigan's Constitutional Convention, serving as chairman of the education committee.

Upwards of 600 persons are expected for the dinner. Although Bentley is a Republican, it is to be a non-partisan affair, with Democrats included in the plans.

ALLAN R. DEAN of St. Johns is the ticket chairman for Clinton County, and tickets may be obtained through him before Feb. 22.

Besides Gov. and Mrs Romney, the guest list includes the two top Republicans in the House, Minority Leader Gerald Ford of Michigan and Whip Leslie Arends of Illinois, both old friends of Bentley. Former Congressman Dr Walter Judd of Minnesota is also expected.

THE SALUTE to Bentley comes on the 11th anniversary of one of the most fateful days of his life.

It was on March 1, 1954, when Bentley, then a freshman Congressman, was shot down on the House floor by fanatic Puerto Ricans. He was the most seriously injured of five Congressmen hit by the shots. He was given only a 50-50 chance to live at the time, but recovered fully.

ALVIN M. BENTLEY

BENTLEY GAVE up his House seat in 1960 to make an unsuccessful attempt to unseat US Sen. Patrick V. McNamara. He lost a bid to return to Washington as congressman-at-large in 1962 and was a candidate for a seat on the new state board of education in 1964.

He has remained active in public service. He is a member of Romney's blue ribbon committee on higher education and the Michigan chairman for Project Hope, which supports the floating hospital ship which plies the world bringing medical assistance to areas it is needed most.

HIS ALVIN M. Bentley Foundation has provided hundreds of Michigan high school students with college scholarships, including 141 at present. It also assists many charitable causes.

"For a long time, a lot of us in Shiawassee County have thought we should do something to show Al Bentley how we feel about him," said Mrs Ross Backus of Owosso, coordinating chairman.

Memorial board elects officers

DeWITT— Two new members were elected to the Memorial Board at its annual meeting last week.

Elected to a one year term was Armour Knight and to a three year term, Duane Smith. Those officers elected for another three-year term were vice president, Earl Coryell, and treasurer, Lee Rummell.

Other officers serving on the board that governs the operation of the DeWitt Memorial Building and plans yearly for the DeWitt OX-roast which supports the growth and maintenance of it are Lloyd Ballard, Ronald Mull, Keith Blizard, Joseph Hennigan and William Weston.

The building houses the DeWitt Public Library and is the meeting place of the clubs and scout units in DeWitt.

Memorial building has new custodian

## Food advertisement affected by new law

BY BETTY KETCHAM  
County Extension Agent  
Home Economics

You can stretch your meat money if you know how to buy meat.

Most food shoppers buy the same familiar cuts and kinds of meat. Take full advantage of the wide selection of meat items. Lower price go hand in hand with less popular meat items.

The new Michigan weights and measures law affects food advertisement.

FOR EXAMPLE, cuts of meat used to be advertised as Swiss Steak. The food shopper couldn't tell whether it was round steak or chuck steak that was offered.

Was it the top or bottom of the round steak? Or, was it a blade or an arm chuck steak? Now, advertising steak as Swiss is no longer legal. The cut of the meat must be identified in the advertisement and on the package in the store.

The new law makes illegal such terms as "Jumbo, Giant, Full Pound" or any other such wording when used to exaggerate actual contents.

IT'S GOING to take time to become familiar with the provisions of this new law. We need to be patient while everyone is learning "the ropes." But you need to be on the alert and be aware that some changes should be made.

This new law is administered by the Michigan State Department of Agriculture.

DO YOU ever blow a fuse? Did you overload the circuit? Do you know how to tell whether an electrical circuit is overloaded?

The formula is simple.

The average baseboard electrical outlet will accommodate 15 amperes. Usually, it's 120 volts. To find the wattage, multiply the 15 by 120, and that equals 1800 watts—the number this circuit can handle. That's one toaster and an iron.

THE NAMEPLATE on each of your appliances lists the amperes and voltage required. From these, you can figure the wattage. By adding the total appliances on the circuit, it's easy to tell if you are overloading.

Want to know more about buying and altering ready to wear garments? Report to Smith Hall at 11 a.m., Feb. 16. Bring a sack lunch and plan to stay until 3 p.m. If you have a dress you would like to alter, wear it or bring it.

Bernetta Kahabka, clothing specialist from Michigan State University will conduct this adult education meeting—Fit for Fashion.

### Tops Club members decide weight goals for present year

At the Feb. 4 meeting of the St. Johns TOPS Club (Take Off Pounds Sensibly) it was decided that everyone write down how much weight they would like to lose between now and next Christmas. At that time the members will check the amounts, which will be kept in sealed envelopes, to see how close they have come.

Mrs Lois Bancroft was queen for the week with a 6-1/2 pound loss. Mrs Ester Dorman was queen for the month of January with an 8-1/2 pound loss.

Two new members were present at the Thursday meeting. They were Mrs Sandra Dershem and Mrs Adaline Dershem.

### Flowers can bring spring in February

Although it is still a month of wintry cold, you can bring a breath of spring to February. As soon as forsythia, magnolia, or flowering quince buds begin to swell, bring the cut branches inside for forcing. Stand them in a deep vase with plenty of water at room temperature, perhaps near the register. It will take about ten days for the stalks to blossom out.

### Use pictures frames

Give that old picture frame a coat of antique finish and you have an interesting background for knick-knacks and small art objects, or a setting for flower pots and vases.

# Enthusiastic knitters fill county extension classes

By PATRICIA HOLMES

About 40 women from the Clinton County area have found an outlet for their energy and creativity in the knitting classes offered by the Cooperative Extension Service in St. Johns.

Divided into two classes, beginning and advanced, these women gather on Monday and Wednesday nights at the extension office to learn the basics and the intricacies of "making cloth or clothing by looping together yarns . . . by means of special needles."

Knitting is a hobby that is not dying out in America. Its popularity in grandmother's day when there were no television sets, needles and yarn, the basic knit-movie theaters, bowling alleys or ping and curling stiches, and different outside-the-home activities ferent combinations of these stitches. They are taught to cast time would lead one to believe that the time-consuming craft would be on the decrease.

IN REALITY, knitting is becoming more popular than ever before. Since all that is required is the basic equipment, knitting needles and yarn, and a lot of patience, there are no restrictions as to age, sex, or economic background. Grade school, high school, and college students, expectant mothers, mothers, grandmothers, and bachelor girls across the nation are knitting everything from simple scarves to complicated afghans.

The extension service offered knitting classes for the first time in the winter of 1964. Public response was so enthusiastic that they continued the lessons this year. The classes, under the direction of Freeda Haynes of 206 Brush Street, meet five times. The first two are given on consecutive weeks and then three others are given.

Women in the beginning class range from strictly beginners, those who have never held a knitting needle before, to those that can knit and purl. Knitting and purling are the basic knitting stitches.

"The beginning class is the enthusiastic one," Miss Haynes said. "They are the students that are really interested."

PERHAPS IT IS because, like Mrs Robert Wood of 310 South Oakland, they are so anxious to learn.

"I have always admired hand knit items," Mrs Wood said. "My mother knits things for my two daughters and when I receive the credit I always have to say 'No, I didn't knit that.'"

Mrs Donald Sutliff of Eureka said that she joined the class because her daughter is going to have a baby and she wanted to knit something for her expectant grandchild.

Mrs Alice Argersinger of 205 North Ottawa, another beginner in the knitting class, said that her daughter learned to knit through her 4-H group and she wanted to be able to knit with her daughter.

Some of these beginning students will enter the second series of advanced classes which are scheduled to begin sometime in the end of February.

In the advanced class they will join more proficient knitters who are interested in working with two or more colors, learning different stitches, and following patterns that sometime appear different in different knitting books.

UNLIKE THE beginning classes where everyone works on the same kind of sweater, the advanced students are given the liberty to knit anything they want to. Some work on the perplex-patterned ski sweaters, others on delicate baby quilts, and still others make socks or mittens.

After beginning to knit, some of the women remarked of advantages other than satisfaction of learning or just plain enjoyment.

Some found that by keeping their hands busy they were not so likely to nibble, and, in turn, began to lose weight. Others, not

wanting to lose their stitch, found that they were smoking less.

No matter what the reason is for learning or how proficient the skill, however, it seems that to knit is the thing.

Some progress quickly on their sweaters depending on the amount of ability and experience they possess.

Some beginners become agile knitters through their experience with other handicrafts.

Mrs Lawrence Salters of 302 South Swegles, who likes to work with ceramics, said she had never knitted before but is enjoying it very much.

Mrs Richard Kieffer of 801 North Lansing, who was progressing quickly on a sweater that she is knitting for herself, taught herself how to crochet.

Householders who purchase meat in bulk quantities from firms who specialize in such sales for home freezer storage should be mindful of some of the pitfalls of the inexperienced buyer. So warns Agricultural Director G. S. McIntyre, based on complaints received from the Michigan Department of Agriculture's Food Inspection Division, headed by J. L. Littlefield.

Sometimes a purchaser who is attracted by advertising that features top grades of meat at extremely low prices is persuaded to pay a higher price per pound for lower quality meat. Comparative shopping is suggested to determine the going price for the various grades.

NOT ALL meat is government graded, although it must be government inspected if it moves into Michigan from another state. Meat that is government graded bears the ribbon-like USDA stamp on the carcass indicating the quality.

On beef the grades from top to bottom run "Prime," "Choice," "Good," and "Commercial." Sometimes bulk dealers promote private brands and substitute such words as "supreme" or "regal" instead of the government grades.

LITTLEFIELD SAYS prices quoted in advertising are before cutting and trimming. The edible meat after trim, loss of fat, and bone will be less weight, and therefore the net cost per pound of edible meat will be considerably higher.

Reports indicate transactions of bulk meat are in connection with sale of a home freezer. Exorbitant prices are sometimes charged for the freezer over and above what appliance stores charge for the same make and capacity of freezer, Littlefield said.

Miss Freeda Haynes, instructor at the knitting classes offered by the Extension Service, advises a beginning student, Mrs Don Penix.

## Try blushing pear salad at your Valentine party

Valentine parties are expected in February, and the thing to serve is a set salad. This blushing pear salad served with dainty heart-shaped sandwiches will add just the right note of festivity to the refreshments at your party.

**PARTY PINK PEAR SALAD**  
1-lb. 14-oz. can pear halves  
1/3 c. red cinnamon candies  
3-oz. pkg. cream cheese  
2 tsp. milk  
1 tsp. lemon juice  
1/3 c. flaked coconut  
9-oz. can crushed pine apple, drained  
2 tsp. slivered almonds, toasted

1— Drain pears, reserving syrup; combine syrup with cinnamon candies and heat until candies are dissolved.

2— ADD PEAR HALVES and bring to boiling; remove from heat, cool and chill pears in syrup for several hours or overnight.

3— Blend cream cheese with milk and lemon juice; add coconut, drained pineapple and almonds and mix well.

4— Drain pears thoroughly; divide cheese mixture and spread in center of four pear halves, spreading well at the edges.

5— TOP WITH remaining pear halves and chill thoroughly; to serve, stand the stuffed pears on crisp salad greens and garnish with a bit of watercress.

Serves four.

Note: Red food coloring may also be added to syrup if a deeper color is desired.

'Send me my heart' on Valentine Day

In February, attention is paid to the heart. This week, all that was ever written about the various kinds of love will be brought to our attention on Valentine's Day. Here are some of the favorites:

"Be to her Virtues very kind, be to her Faults a little blind."  
—Prior

"All mankind loves a lover."  
—Emerson

"To have friends, be one."  
—Elbert Hubbard

A PRETTY pink molded and decorated heart is a way of showing your Valentine the best is not too good. Sentimental looking and tastes good too.

1 envelope unflavored gelatin  
1/2 c. sugar  
Dash salt  
2 eggs, separated  
1-1/4 c. milk  
1/2 c. crushed peppermint stick candy  
Red food coloring  
1 c. heavy cream

1— Combine gelatin, 1/4 cup of sugar and salt in saucepan.

2— BEAT together egg yolks and milk; add to gelatin mixture; cook over low heat, stirring constantly, until gelatin dissolves and mixture thickens slightly, about five minutes.

3— Remove from heat and stir in crushed peppermint stick candy; tint to delicate pink with red food coloring; chill until mixture is slightly thicker than the consistency of unbeaten egg white.

4— BEAT EGG whites until stiff and dry; gradually add remaining one-fourth cup sugar and beat until very stiff; fold into gelatin mixture.

5— Beat cream until stiff and fold into first mixture; turn into a five-cup heart-shaped mold and chill until firm.

6— Unmold on chilled serving plate and garnish around edge with additional whipped cream.

Serves six.

## More writing practice needed in our schools

Most of the 6,000 young people who applied for admission in the first class of 600 at the new Air Force Academy in Colorado were eliminated for two reasons:

1—"More of these young people than we want to admit never in their lives had written a 300-word theme, and hence had never learned to properly express themselves in writing," the colonel in charge of selection declared to a group of newspaper editors.

2—"More of these 6,000 students than we like to admit never in their lives had been compelled to do anything they didn't want to do," the colonel said.

WHY ARE these points important? Because, as the officer explained, the Air Force must have leaders who clearly express themselves when making necessary reports. And they must accept orders, whether or not they agree with them.

A person who has never done anything he didn't want to do is too big a risk for a military operation, because he "breaks" at critical moments.

IN RECENT years colleges, in particular, have been emphasizing expository writing, and one of the most common complaints of freshmen is that in high school they received too little training in the use of the English language.

This jars most parents. With a few notable exceptions, most high schools haven't given their students adequate writing practice.

The ability to write reasonably well, the proper use of words in their correct meaning, is a basic tool that permits and encourages original work. Actually, the ability to express one's self reasonably well, especially in writing, requires clear thinking—the real essence of education.

## Our churches continue to face a challenge

About 64 per cent of all Americans now belong to a church. This figure is based on a survey, made by the National Council of Churches, which also showed that during 1963 church membership increased faster than total population for the first time in several years.

On the face of it, this is a highly gratifying statistical picture of the nation's religious interest. But many thoughtful persons, including both clergymen and active church laymen, question whether these figures can be taken at face value.

THEY ASK, in the first place, whether the apparent church membership rise may not in part reflect more accurate statistical methods—whether, in short, churches are not simply keeping better track of their congregations.

They also raise the more significant question as to whether rising church membership can properly be equated with heightened interest in religion.

CHURCH MEMBERSHIP does not always signify spiritual interest, as clergymen often sadly acknowledge. Many persons are church members largely because this is the acceptable social practice among their peers.

Others, as one clergyman remarked in commenting on the National Council of Churches survey, retain membership because "it gives them a certain security, a place to turn in case of crisis."

THIS MIGHT be taken as a hopeful sign, an indication that many still think of the church as a source of guidance and help. But enough doubts have been raised to suggest that organized religion cannot afford complacency.

Though the NCC figures indicate a rising popular connection with the church, the churches still face the great challenge of transforming mere affiliation into dedication.

## RAMBLIN' with Rink

By LOWELL G. RINKER

One of the annual events of joy at my house in my wife's birthday. She looks forward to the day with great anticipation, mainly because that is the day I adjourn to the kitchen and bake her a cake.

Yes, you did not misread me. Although I may not appear to be an amateur cake baker, I am able to hold my own—on most occasions—when I decide to do kitchen work.

MY CAKE, A spice cake, turned out beautifully, and it was coated with the smoothest frosting this side of Rock Candy Mountain. One hundred twenty-eight cubic inches of cake disappeared within five hours Wednesday night.

Arriving at this pinnacle of pastry success has not come without its pitfalls, or should I say cakefalls? There was my cake of two years ago, which instead of rising, sank and wound up second only to lead in density of molecules. Even an extra-thick layer of frosting could not save that one.

LAST WEDNESDAY noon's effort at cake-making was not entirely without incident, either, despite the tasty outcome. Because I'm not used to kitchen work and techniques, I took a little longer than my wife might have done doing the same thing. And with my daughter leaning over the counter there was always a physical obstacle.

Once my wife pointed out the recipe she wanted and located a few major ingredients, she left me alone, with only my three-year-old daughter to give instructions. Though I spent a lot of the time counteracting her instructions, the ones in the book were easy to follow and I proceeded without incident through the batter stage.

THIS PARTICULAR recipe calls for a baking time of 30 to 35 minutes at 350 degrees. In preheating the oven I set it at only about 300, because of a

loose ring around the outside of the oven knob.

When the cake was still as white as a ghost at 35 minutes of baking time, Ann came to the rescue, pointing out the heat deficiency. By the time the cake was finally done, it had been baking 55 minutes. During the baking process, it had risen to where I feared it might overflow the cake pan, but it receded some.

THE BROWN sugar frosting went together and went on without incident, and I returned to work leaving Kathy to clean out the frosting dish.

One kid-size fingerprint in the frosting was all that marred the cake before our evening meal. It tasted real good, and it came out of the pan without crumbling. It was not the lightest cake I have ever had, but Ann assured me that spice cakes are not meant to be the lightest ever made.

ANN AND I were both happy over the outcome, but the crowning glory was Kathy's volunteered remark—"And Daddy, it didn't even make me sick!" —rink

## Roadside Revue

By W. E. DOBSON

There were days gone by when we used to sigh,  
To be on a main highway,  
Where the horses nigh used to prance and shy,  
And wagons lumbered away;  
Where tired wheels creaked on sandy slopes,  
Till the horses stopped to rest.  
But now as traffic thunders by,  
I like the back roads best.

It used to be one scarce could see,  
Or hear the traffic pass,  
When roads were ribbons of dust and mud,  
Cut through the brush and grass;  
But now the country is well criss-crossed,  
By supersonic highways,  
Our efforts to sleep at night are lost,  
And we know no quiet days.

Where neighbors once would stop and talk,  
As they at roadside met,  
Today they're jet-propelled enroute  
To a spot unnamed as yet;  
Today the "House By The Side of the Road,"  
With the old-time landscape plan,  
Is tree-less, cluttered and overrun,  
By the highways widening span.

To dwell in the "House By The Side of the Road,"  
Today takes fortitude,  
For travelers who sense its good  
Too oft are thoughtless and rude;  
Though I like to ride both far and wide,  
And try to rate as a friend,  
There comes a time when its quite sublime,  
To be where the highways end.

### Support for income tax too late

EVERYONE'S FOR IT . . . but no one wants to risk taking the blame. That's about the way the state income tax stands in Michigan today.

Unfortunately, rural outstate Michigan waited too long to get behind such tax reform. Gov. Romney wanted to push such a tax through in 1963. Republicans in the legislature had the votes to do it, but they faltered and failed to get behind the Governor's program in full force.

Now the legislature is dominated by the metropolitan areas. Their representatives are not opposed to an income levy, but they have adopted their city income taxes and they collect them both from their own people and the non-residents who work there.

THE STATE FARM Bureau, which once opposed the tax and then was neutral, now backs it . . . but I'm fearful their action comes too late.

State government has a surplus and there's no pressure in Lansing for immediate tax reform. Politicians on both sides of the aisle pay it lip service but it doesn't appear that either party is pushing it.

It's true that rural Republican legislators in 1963 probably reflected the opinion of their constituents when they were only lukewarm to an income tax. The County News was roundly criticized by many readers for openly backing such a levy.

BUT MY RECENT conversations with Clinton area farmers and business people seem to indicate that most of them have come to the realization that only through an income tax is their hope for relief from increasing property taxes.

Now voters realize that property taxes will keep going up unless some new tax source is found. The state income tax is the only logical new source.

Trouble is, only farmers, small businessmen, retired people and their local

governments and schools are seriously hurt by the property tax. And rural Michigan never had less voice in state government than now.

RETIRED people have a good chance of getting some token relief, but few Lansing observers see any early hope for other groups.

We outstate people had our chance to support tax reform and we did nothing. We turned down an income tax, so now we're stuck with rising property taxes.

Let's hope we know better next time.

INCIDENTAL INTELLIGENCE: The ballpoint pen industry is strictly the kind of industry we like to read about. There are so many companies in it that no one knows how many there are.

There is apparently no end to the number of ballpoint pens people are willing to buy. Price is no object—it runs all the way from 19 cents to \$100. Although they were first patented in 1888, ballpoints didn't really get going until 1945 and pretty soon, if you don't watch out, they are going to outsell pencils for the first time in history.

I have no personal quarrel with the ballpoint people, but I'm essentially a pencil man. Pencil writing lacks the class of pen-and-ink; pencils broke holes where they are not wanted; a dull one can make a smudge where it is carried in the pocket; and the point often breaks as soon as you apply it to paper.

But ink can be messy, too . . . and I can't forget those pencils of yore which were very big when I was very small—made of cedar, I think, and great to smell. When placed in the mouth and wetted thoroughly and then applied to a rough paper tablet they wrote as I have never been able to write since.

I hope the ballpoint people do well in 1965, but it would suit me fine if the pencils stayed out there in front.

Weather here is lovely. Temperatures in the 50 and 60's, which is like the 60 and 70's back home. Sun shines so brightly, and it is so warm that some days I ride with no wrap—not even a sweater.

IT IS GOOD to be near our children and grandchildren again, and how they have grown since last spring. Of course, no one has a nicer, cuter, more wonderful family than we do! Ha!

WE ARE again at the "Lazy J," but are not too satisfied with the unit we have. New owners here; they came in just four weeks 'ere we left for home last spring. However, they, several of the university young men we know here, and the mailman of this area all gave us a hearty welcome when we first arrived at the office. One could have thought we were some long-lost relatives. Ha!

Thanks for your paper I am receiving out here. "Hello" to all in your office.

We hear you have had snow and ice since we left. Am I glad to be away from all such! We did have a very strong wind here most of

**New halfway house plan already being modified**

BY ELMER E. WHITE  
Michigan Press Ass'n.

Halfway houses, a fairly new concept in the social welfare field in Michigan, are already being modified to further meet individual needs.

Two such units designed to help delinquent youth adjust from training school or detention home life back to normal society have been opened in Detroit in the past year. More are planned for the metropolitan area.

State Social Welfare officials say additional facilities such as the 12-bed houses in Detroit are planned for other large communities where the delinquent case load warrants them.

LESS POPULOUS areas, however, apparently will see the creation of a program whereby youths close to the release stage will be placed in foster-home situations in or near their own towns to make the adjustment under adult guidance.

To be operated by husband-wife teams, the new type of houses would hold as many youths as the couple could accommodate or who might need care at a given time.

JOHN MILLER, halfway house supervisor for the state, says the

establishment of the privately operated units was considered primarily because of the economic factor.

"It's just not economically feasible to lease a house in an area where we might not have 12 boys at a time as guests," he said. "And distance becomes a factor in Northern Michigan. We want to keep the boys as close to home as possible."

IT MAY ALREADY be too late for Michigan to undertake a master plan for higher education in the form it is being viewed by some study groups. This is the opinion of Dr. John X. Jamrich, associate dean of Michigan State University's College of Education.

One segment of the state's educational community views the so-called "California plan" as the best means of meeting local needs for college facilities. It is with this viewpoint that Jamrich takes issue.

Under the California plan, existing state institutions would be authorized to open branches in communities throughout the state similar to MSU's Oakland branch near Rochester.

THE VARIOUS branches of the state university in California will one day soon seek to establish themselves as autonomous colleges, Jamrich predicts.

For Michigan, he sees the answer to present college facilities problems in the establishment of entirely new colleges and community colleges.

Another possibility, the MSU spokesman contends, would be the extension of high schools through the 14th year and use of existing community and state colleges for a 4-year program resulting in the award of a master's degree.

A PROPOSAL to create a chain of islands in Lake St. Clair for recreation use has apparently been tucked into a side pocket for future reference. It came before the Legislature and State Conservation Commission in 1963 several times in the trial balloon stage.

Paul Lutzeier authored the idea when he was in an administrative position with the secretary of state. He has since left Lansing to return to his former field of education.

Little encouragement was given Lutzeier by his supervisors when he made the idea public. This idea related to the conservation-recreation field was totally outside his realm, Lutzeier was told.

ENTHUSIASM FOR the plan was voiced by several legislators and many conservationists, but Lutzeier let the matter become buried rather than draw further personal criticism or charges of political aims.

"I don't really care who gets credit for it," Lutzeier said. "I still think it's a very good idea and would like to have anybody who sees the dream pick it up and use it."

There was some indication when Lutzeier left his post in Lansing that US Sen. Phil Hart was interested in working on the project at the national level. Some supporters of the plan in 1963 said it could not be accomplished by the state because of the proposed location.

HART, HOWEVER, has been so involved with his Sleeping Bear Dunes proposal he reportedly felt he should finish with it before attempting another major conservation-recreation plan such as that of the islands.

**Apples in the evening bring taste of yesteryear**

HAYDEN PEARSON

Do you remember winter evenings when Father took a big yellow bowl and went down to the earth-floored cellar and came up with handsome, juicy Northern Spies, Rhode Island Greenings or Russets? Remember how he peeled the apples with his pocket knife and passed around the quarters on the point of the blade?

It is a new world today with automatic heat, moving pictures in the living room and the magic of electric lights, but there are still millions of citizens who remember the parlor heater with its Isinglass door, the wood boxes and kerosene lamps. In those flavorful days of yesteryear,

after chores were done and the kitchen redded up, the family gathered in the living room.

YOUNG FOLKS had their lessons to do and a lad, if lucky, could conceal a small, more interesting book behind the dog-eared geography. Mother helped with hard words while working at the sewing and darning. Father read the paper and farm journals. And then, when it grew late, about eight thirty, Father went for the apples.

While children enjoyed the fruit, he told of the varieties that early settlers raised: Woodman's Song, Billy Bond, Aunt Dorcas,

Garden Royal, Highland Beauty, Watercove, Broad Ax, Sheep Nose, Cabbage Head and Winter Cheese. He told how his great-grandfather set the old orchard on the slope behind the barn and how tree peddlers came around in the spring with nursery stock.

NOT VERY exciting, perhaps, in terms of an era of speed and tension, but there are those who look back through the decades and think that perhaps people were happier in the days before so many gadgets were invented to complicate living.

### Larker barley approved for state growers

Larker barley has been approved as a recommended malting variety for Michigan by the crop science department of Michigan State University.

The Michigan Foundation Seed Assn. will obtain foundation seed from North Dakota to supply certified seed growers this spring. This will make Michigan certified seed of Larker available in 1966.

crop scientist John Grafius. He says the change-over of varieties will necessitate care to avoid mixtures of Trall and Larker.

The two varieties germinate at different rates and cannot be malted together. This will call for cooperation on the part of farmers and elevator operators to avoid mixture.

"THE PROBLEM of mixtures is not new and will remain with us," explains Grafius. "If the malting barley acreage is to increase, new varieties must be developed and released. With this in mind, it is highly desirable that thought be given prior to harvest to the handling of the crop."

TRALL WILL remain in the approved list, according to MSU

Time Running Out for Howe Road Bridge

This 40-foot, ancient bridge across the Looking Glass River on Howe Road is marked for replacement this spring. Engineering work is already under way by the Clinton County Road Commission on plans for a new bridge at the site in Eagle Township. This bridge was built in 1887 by the Buckeye Bridge Works of Cleveland, Ohio. H. P. Hepburn was the engineering contractor, according to a rusty, broken identifying plate at the top of the span.

### Heavier calves at weaning reach top choice slaughter grade sooner

Heavier calves at weaning tend to reach top choice slaughter grade sooner than lighter ones. But they will be heavier before reaching this grade. These heavier calves also have a larger portion of their carcass weight in the valuable cuts when slaughtered at a standard live grade.

This is the conclusion of three University of Wisconsin livestock breeding specialists, L. L. Christian, E. R. Hauser and A. B. Chapman. The scientists say that the economics of fast gain in cattle is well accepted. But there is a lot to be known about the factors that influence gain at the various intervals from calving to marketing.

CALVES FROM three-year-

old and four-year-old cows weighed more at birth, got more milk from their dams, consumed more feed and were heavier at weaning time than calves from two-year-old cows.

They also found that butterfat and solids not-fat are more important to the calf than the volume of milk produced by the dam in the first 60 days of her lactation period. Some calves could consume up to 20 pounds of milk in a day.

FROM BIRTH to weaning, male calves gain faster than females. The researchers found that part of the differences between calves in weaning weight was inherited. Birth weight, the dam's milk production, the creep or other feed consumed and the sex of the calf all contributed to weaning weight differences. The feed available either as milk or as supplemental feed was the main factor in variability in weaning weight.

The calves were weaned at 240 days of age after which more information was gathered up to market weight. From weaning time until one year old, steers gained faster than heifer calves. From a year old until slaughter there was no significant difference in rate of gain between the two sexes.

HOWEVER, IT WAS found that the heavier calves were not as efficient feed converters immediately following weaning. They suggested that the heavier calves underwent more stress and adjustment when they were

### Soil districts have busy year

Michigan's 81 soil conservation districts had their busiest year in 27 years of history, according to Russell G. Hill, soil conservationist for the Michigan Cooperative Extension Service.

With 3,600 new land operators assisted, the number of district cooperators reached 43,200, Hill reports. A number of non-farm requests for assistance came from planning boards, public schools, townships, utilities, subdivisions, municipalities and airports.

OF SPECIAL interest, Hill says, were the 226 farmers who converted all or part of their land into income-producing recreational projects.

Major financial assistance to help landowners came from Agricultural Conservation Program funds, and 50 districts had working agreements with the Michigan Department of Conservation in forestry and wildlife management programs on private property.

Hill paid special tribute to the 405 Michigan rural people, who volunteer their services as district directors without salary to administer the 81 districts.

### Farm product exports 16%

What do exports of Michigan farm products mean to the farmer?

Export of products from the state are equivalent to 16 cents out of every \$1 of cash farm income received by Michigan growers, according to a survey by the Michigan Department of Agriculture's marketing section.

CHIEF AMONG the exports are dry edible beans, cherries, and apples, but there also are sizeable exports of other products as well, says Agricultural Director G. S. McIntyre.

In 1963, the last year for which figures are available, Michigan exported 193,800,000 pounds of beans. In the 1963-64 shipping season apple exports totaled 222,501 bushels. About 18 million pounds of canned and frozen cherries also were exported in 1963-64.

The name "Old Glory" was given to the American flag, Aug. 10, 1831 by William Driver of the Merchant ship Charles Daggert.

### MMPA has busy year processing surplus milk

The Michigan Milk Producers Assn., which has a plant at Ovid, has become the largest single manufacturer of dairy products in Michigan and one of the largest in the nation.

A year-end report of the firm lists some 718 million pounds of surplus milk being processed by MMPA. This was made into the following products:

— 14,642,000 POUNDS of cottage cheese, packaged and sold under 30 brand names in Michigan.

— 26,894,000 pounds of condensed milk (over half of all the Michigan production), sold to ice cream makers in the state.

— 1,798,000 pounds of sour cream, sold under 10 different brand names as sour cream or chip and dip.

— 41,000,000 POUNDS of dry milk powdered, with 23,000,000 pounds being exported to foreign nations from Michigan ports. Some 2,665,000 pounds was made

into instant dry milk and packaged under 10 different brand names. The balance went to bakeries and other commercial users.

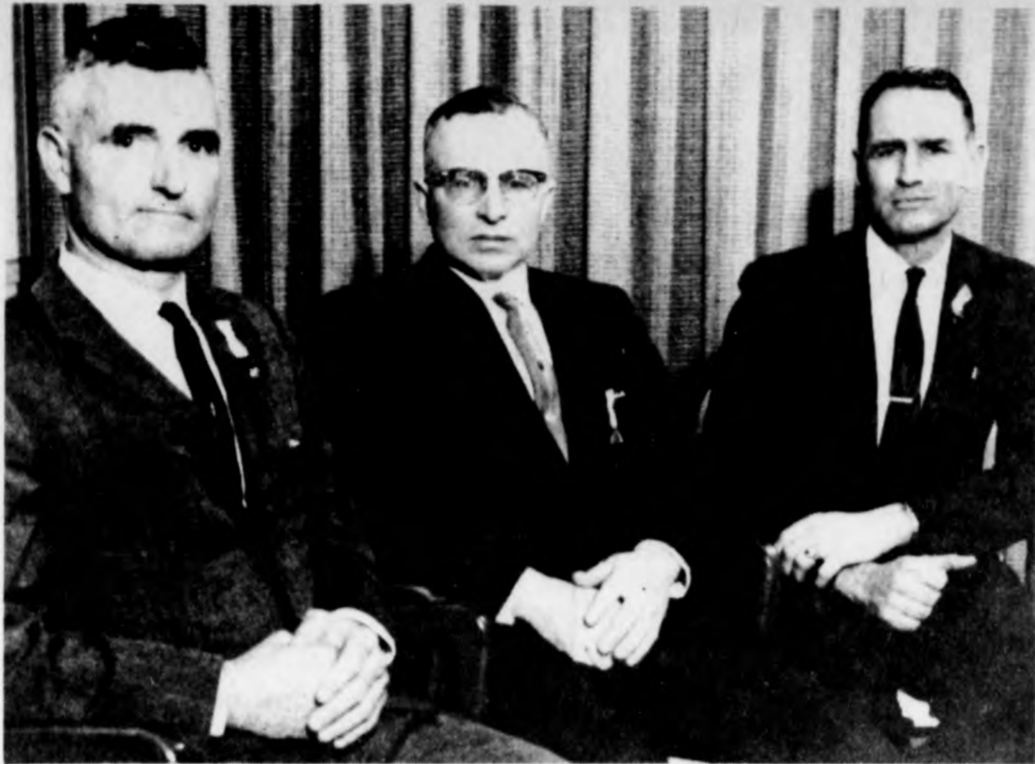

— 16,794,000 pounds of butter, with 9,200,000 pounds being sold under private brand names.

— 28,132,000 pounds of cream, with most of it going to ice cream manufacturers in Michigan.

NEARLY ONE pound of every four pounds of milk marketed by members of MMPA was processed into dairy by-products at one of MMPA's manufacturing plants.

During the past 10 years the number of MMPA members dropped from 17,428 to 11,014, but the volume of milk increased over a billion pounds, and the total value increased from \$80.5 million in 1955 to \$126 million last year.

THE AVERAGE value per member has also increased in that time from \$4,622 to \$11,446. Each member, on the average, is also producing well over twice as much milk.

#### ASC PROGRAM

### 1965 feed grain program signup now under way

The signup for the 1965 feed grain program now is under way in the ASCS county office. The signup period started Feb. 8 and will continue through March 26.

The program for 1965 is basically the same as in 1964. It is voluntary, and combines corn, grain sorghum, and barley in a single feed grain base. Participating farmers will qualify for diverted-acre and price-support payments, and they will be eligible for price-support loans.

FARMERS who take part in the program may divert for payment as small an acreage as 20 per cent of the farm's feed grain base or as large an acreage as 50 per cent of the base—or 25 acres, if this is larger.

Two rates of diversion payment are offered. The lower rate applies to the first 20 per cent of the feed grain base actually diverted. The higher rate applies to diverted acreage in excess of the minimum. If both the intended diversion and the acreage actually diverted are equal to at least 40 per cent of the base, the higher rate applies to the entire acreage diverted.

NEW PROVISIONS in the 1965 program include 1) an opportunity to substitute feed grains for wheat or wheat for feed grains by growers who take part in both programs, and 2) a special provision for designated varieties of malting barley. Under certain circumstances, producers may apply to overplant their barley base acreage by 10 per cent. A producer electing this option will be eligible for the full county barley support rate, based on a national average of 96 cents per bushel, but he will not be eligible for barley diversion or price-support payment.

Applications to take part in the 1965 feed grain program may be filed in the ASCS county office from Mondays through Fridays at any time between 8 a.m. and 4:30 p.m.

A NEW FARM feed grain base may be established under the 1965 Feed Grain Program for farms which did not plant feed grains in 1959 and/or 1960 and which meet eligibility requirements.

To be eligible for a new farm feed grain base, the operator must expect to receive 50 per cent or more of his livelihood in the current year from the production of agricultural commodities on the farm; must have had at least two years experience in the production of feed grains in the last five years; must have adequate equipment for the production of feed grains; the land must be suitable for the production of feed grains; and neither the owner nor the operator may have an interest in any other farm for which a feed grain base has been established.

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin—what you do get in the place.  
Take the no window post, for example. What you do get is hardtop styling—with curved frameless side windows—in every Corvair closed model.  
The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.  
No radiator—the engine's air-cooled—also means no water, no antifreeze and no hose leaks to worry about. All of which add up to some more important pluses.

**A. Front Yard—Dwelling and Non-Dwelling—**

Every lot shall have a front yard not less than twenty-five (25) feet in depth. In the case of a lot located in a block or site on which there are existing neighboring buildings or structures having front yards less than twenty five (25) feet, the front yards of buildings or structures hereafter erected shall be determined by the village Board of Appeals.

**B. Side Yards—Dwellings and Private Garages—**

Every lot in which a dwelling or private garage is hereafter erected shall have a side yard on each side of not less than eight (8) feet. Provided, however, that this requirement shall not apply to a parcel of land less in size than said area and width and platted and identified as a single unit on a lot officially approved and recorded prior to the effective date of this ordinance.

In case of undue hardship to property owner, this ordinance may be appealed to the Village Board of Appeals.

We hereby certify that the foregoing Ordinance was duly enacted by the Village Council of the Village of Westphalia, Clinton County, Michigan, on the 1st day of February, 1965.

DONALD SCHAFER, Village Clerk

**Plan special license sale**

A special sale of license plates is scheduled at the DeWitt Fire Hall next Thursday, Friday and Saturday in an effort to help check the outflow of dollars from the county in buying the license plates.

The Clinton County Road Commission asked its clerk, Don Ewing, to work with Jack Andrews, local secretary of state branch manager, to conduct the sale.

THE COMMISSIONERS com-

plained that many county residents with rural Lansing and East Lansing post office addresses were buying licenses in Ingham County. The commission claimed the license buyers were neglecting to mark their home county.

The state was then using their mailing address and inadvertently crediting Ingham County when they calculated rebates on tax money to the counties. The commission did not indicate how much it felt they were losing each year because of that.

THE SPECIAL license plate sale will be in the DeWitt Fire Hall No. 2 from 1 to 8 p.m. Feb. 18 and 19 and 9 a.m. to 5 p.m. Feb. 20.

**Continue farm management short course**

The second session in a series of three meetings in a farm management short course will be held next Wednesday from 10 a.m. to 3 p.m. at Smith Hall in the St. Johns City Park.

Everett Elwood, farm management specialist from Michigan State University, will assist Clinton County extension agents with the short course. Liberal use will be made of mimeograph material, case studies and actual problem solving. Women as well as men are invited to attend.

NEXT WEDNESDAY'S session will have to do with cost concepts for farmers, records needed for business analysis and planning, the "budget" as a planning tool, and profitable crop production.

The third session the following Wednesday, Feb. 24, will have subject material dealing with profitable livestock production and credit and financial management.

"MANAGING A farm today is a complex job," F. Earl Haas, county extension director, pointing out the reason for the short course. "Successful farms don't just happen. They are planned and managed efficiently. Management is usually the difference between profitable and unprofitable farms."

The Telfarm system of record keeping and business analysis will be explained at Smith Hall at 10 a.m. Friday, Feb. 12. The afternoon will be devoted to getting new cooperators started with their records.

**New Holstein Assn. members named**

Harold Dershem and Bruce L. Mehney, both of rural St. Johns, are new members of the Holstein-Friesian Assn. of America. The national Holstein organization maintains parentage records of registered Holstein dairy animals in the United States and also conducts type classification, official production testing supervision and ownership transfer records.

There are about 18 million hunters in America.

Steinhardt seeks class officer seat at MSU

Gary Steinhardt, a 1962 graduate of St. John's High School and currently a junior at Michigan State University, is seeking election to the vice presidency of his senior class.

Steinhardt will campaign actively on campus for the remainder of this term. The election is scheduled for the week of March 28, the first week of spring term.

He has distinguished himself at MSU as an outstanding student. He maintains well over a B average and is a member of honors college. Steinhardt is also a member of Alpha Zeta and Omicron Delta Kappa, scholastic honoraries.

As a member of the varsity fencing team, he has made his presence known athletically as well as scholastically. In the ROTC program he is in charge of the cadet officer's club and is active in Pershing Rifles, ROTC honorary.

Steinhardt is affiliated with Theta Chi fraternity, and he is living at their chapter house in East Lansing.

A salute to T. S. Elliot who died recently. He was one of the greatest poets of our age. Born in New England in 1888, he became an English citizen in 1927 and continued to live there the rest of his life. In fact he is said to have become more English than the English.

As a poet and a man of letters he was given many honors and awards. He won the Nobel prize in 1948, the British Order of Merit, and the Medal of Freedom given him by President Johnson last year. He has been hailed as the greatest poet of the modern world. His poem "Wasteland" established his reputation in 1922.

ANOTHER MAN of letters who also passed away recently was Kent Cooper of the Associated Press. His book, "Barriers Down," is the story of the breaking down of the international news monopoly held by three European News Agencies. His crusade to bring this about took more than 20 years. His novel, "Anna Zenger," is a fictionalized biography of the first woman newspaper editor and publisher in the world. She lived in the early days of the American republic.

Cooper is known in the newspaper field for having conceived the AP wirephoto system. He was also a recognized musician and composer, having done the lyrics, and score of an operetta, besides many songs.

TWO PATRIOTIC books containing more information about American history just received are "Flags of American History" by David Crouthers and an "Atlas of the American Presidents." As this is American History month these books are very timely.

Another timely book, though not on a popular subject, is one by Milton Christie, Tax Editor of the Keiplinger Washington Editors, Inc. This book, "You and Your Taxes," tells how to get maximum savings from credits, gifts and exemptions. The latest changes in the tax law and how to hold down your future taxes, plus pointers on little-known features of the tax law are included.

Seal contributions

The latest report on the Clinton County Christmas seal contributions shows a total of \$4,408 as of Jan. 29, 116 per cent of last year's final total.

**Barn near  
DeWitt  
destroyed**

DeWITT—A 34- by 70-foot barn filled with hay and straw burned to the ground southwest of DeWitt last Tuesday evening. It was owned by Herbert Hardke of 1525 S. Airport Road, but was located on a hill near a group of new houses at the corner of Airport and Stoll roads.

DeWitt Township firemen were at the scene from midnight until 6 a.m. Wednesday in sub-zero weather. There was no chance to save the barn, and Fire Chief Glen Halterman and his firemen concentrated on saving nearby homes, including one under construction less than 50 feet from the barn.

THE FIRE was reported by an airplane pilot who was landing at the Capitol City Airport about two miles south of the scene. He radioed the airport control tower, and the DeWitt firemen were called from there.

Hardke said he had passed the scene about five minutes before he first saw the fire, but had seen nothing wrong at that time. He was returning home from a meeting of the DeWitt school board, of which he is a member.

HE SAID HE went to the basement to tend to his furnace as soon as he got home, and when he came back upstairs, the barn was ablaze. It is located about a half-mile north of Hardke's home.

The wooden frame barn contained 1,500 bales of hay and 300 bales of straw, Hardke said. He made no estimate of the loss and said the cause of the blaze was undetermined.

**Car hits abutment;  
driver uninjured**

Carole E. Spano, 28, of Alma was uninjured shortly after noon Friday when her car went into a ditch and hit an abutment on North US-27 at Hyde Road. She told Deputy Sheriff Hilary Hafner she lost control when her car went over an icy spot on the highway. Blowing snow made the roads treacherous in places.

There are more than 40 million gun owners in the United States.

**Bob Zeeb honored at Farmers' Week**

Robert Zeeb (left), Bath dairy farmer, was one of four alumni of the Michigan State University shortcourse program honored during Farmers' Week for his outstanding contributions to agriculture. Presenting the award is Dr Harold Henneman (right), director of the MSU agricultural shortcourse program as Mrs Zeeb looks on. Zeeb operates a 440-acre dairy farm in partnership with his parents and uncle.

**Hearings Feb. 16  
on new water,  
sewer request**

Two public hearings are scheduled by the city commission next week, and they concern installation of water main and sewer main on West Cass Street in St. Johns.

The hearings will be at 7:30 p.m. Feb. 16, the next regular meeting of the city commission.

The six-inch water main would be installed in the 700, 800 and 900 blocks of West Cass, and would run for 932 feet. Total cost of the improvement is estimated to be \$4,194, part of which would be assessed against the benefiting properties.

THE SANITARY sewer would be installed in the 800 and 900 blocks of West Cass. It would require 1,039 feet of eight-inch sewer, including three manholes, at a total estimated cost of \$4,963. Part of this would be recovered through assessments.

The improvements were requested at the Jan. 19 commission meeting by Villarreal Cosme of 902 W. Cass Street.

**Bath woman hurt  
in 2-car collision**

Mrs Joan D. Howe of 5702 Clark Road, Bath, suffered a right hand cut and a slight head injury early last Thursday morning in a two-car collision in the 5200 block of Clark Road. She was taken to Sparrow Hospital in Lansing.

State troopers said Mrs Howe's auto collided with one driven by Glen A. Dolton, 41, of 13518 Walnut Street, Bath.

**To open bids**

Bids will be opened next Tuesday for three contracts on phases of the city's new water treatment plant. It will likely be March, however, before contracts are signed, pending a study and report on the bids by the city engineer.

**Sees more citizen effort  
in Michigan promotions**

Edwin O. George, president of the Greater Michigan Foundation, has predicted citizen efforts for the promotion and progress of Michigan will reach a new high in 1965.

That will be true, he said, because of the rapid growth of family and neighborhood participation in state promotion programs.

"MICHIGAN IS recognized as having the most extensive cooperation of community organizations and state-wide groups in programs for the development and betterment of their state to be found anywhere in the nation," George said. "For this a great many local groups and state associations have earned the gratitude of all of us."

"The year 1965 will bring an important expansion of this cooperation among Michigan's eight million citizens. In fact, it will be

a new dimension in state promotional activity, one in which Michigan will again be seen leading the way.

"IT WILL COME in the greater participation of families and neighborhood groups in state promotion and state improvement activities and it will be evident in many parts of the state as the 1965 Michigan Week takes shape in the early months of the year."

George praised the committee organization which is directing preparations for the 12th Annual Michigan Week May 16-22. The theme this year is "Michigan—Dynamic in World Progress."

The first action for Marine ground forces in Korea was on Aug. 7, 1950, at the Pusan perimeter. That date was also the eighth anniversary of landings at Guadalcanal.

**Can We  
Inspire  
Another  
"Edison"?**

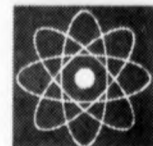

Somehow — from someone — young Thomas Edison whose birthday we celebrate this week, received the inspiration and encouragement which led to the invention of the first successful light bulb — and the magic of electricity sprang forth to change the world.

Like Tom Edison, modern youth has an inquiring mind. It is the responsibility of persons "in the know" to enlighten and inspire these youngsters.

Consumers Power, through sponsorship of conferences like the recent Youth Conference on the Atom, helps create a stimulating atmosphere for Michigan youths looking for answers. Sponsorship in other programs like the Junior Engineer Technical Society and scholarships to advanced educational institutions, also encourages science-minded boys and girls. Junior Achievement and 4-H support help still other youths to gain an insight into the business and professional world.

Youth deserves answers and encouragement and we at Consumers Power strive to supply some of the answers... some of the inspiration.

### Road Commission Weekly Report

The Board of Clinton County Road Commissioners held their regular meeting Wednesday, Feb. 3. They opened bids on insurance. The Mel Warren Agency was low bidder on both fleet and liability insurance.

The contract was awarded to the Citizens Mutual Co., for \$1,465 for fleet insurance and \$1,920 for liability. Jim's Insurance, bidding for the Employers Mutual Co., was awarded the contract for workmen's compensation insurance. The premium is based on claim experience and is estimated to be \$6,597.

THE BOARD discussed future construction plans, the recent cost of winter maintenance and the yearly reports for 1964. The commission will take bids on the yearly requirement of Bituminous materials at their next regular meeting Thursday, Feb. 18.

High winds last week caused a lot of winter maintenance. Many local roads were closed and stalled cars left in roads. Many of them, locked with brakes set, slowed down the snow plows.

SOME would-be hospital patients and some St. Johns school buses also interrupted the work of clearing roads. The warming trend in our winter weather over the weekend brought new hazards with water across roads and wash-outs.

Your road clerk will attend the Southern Michigan Road Clerks Assn. meeting next week at Mt. Clemens.

### Honor Nobis brothers for management

Twenty cooperators in Michigan State University's Telfarm project, including Paul, Carl and Walter Nobis of rural St. Johns, were honored at the annual Farm Management Banquet last Thursday during Farmers' Week.

The Nobis brothers operate a 612-acre farm which last year averaged a crop value of \$77 per tillable acre on land devoted primarily to corn and wheat. Their 69-cow dairy herd averaged 12,058 pounds of milk and \$495 in milk sales per cow.

THEY ALSO feed 400 feeder pigs.

Farmers from 17 counties were given the award as a recognition of efficient farm management. The winners were selected from among the top 3 per cent of the 1,200 cooperators in the Telfarm program.

Each month cooperating farmers mail in business records for computer analysis. The "Farm Managers of the Year" are presented the award on the basis of efficient farm organization and operation over a three-year period.

OTHER Clinton County farmers honored at the recognition banquet were Robert Moore as a 25-year cooperator; David Morris for highest labor efficiency; and Russell Ormsby for highest egg sales per hen.

Paul, Carl and Walter Nobis of rural St. Johns receive an award as "Farm Managers of the Year" from Dean T. K. Cowden of Michigan State University's College of Agriculture. The award was presented at Farmers' Week festivities at MSU.

### Eliminate 5 parking spaces

A no-parking zone across from the loading dock at the F. C. Mason Co. plant on Spring Street was approved by the city commission last Tuesday night.

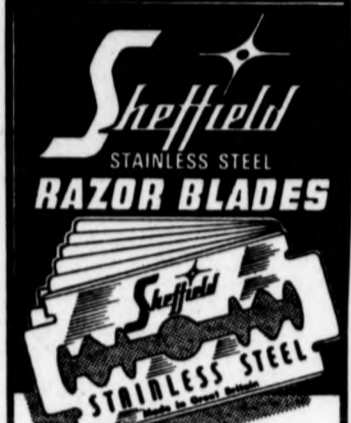

The company requested the elimination of five parking spaces there to provide more room for trucks to maneuver in backing up to the loading dock.

The commission debated the need for eliminating the parking spots, several commissioners pointing out there is hardly any parking there anyway. But a resolution was passed to eliminate the requested five spaces.

There can be no harmony without you! Unless everyone joins in together, determined to make this performance on life's stage the best one possible, the result will always be sour and discordant.

Perhaps, when we take an honest look at ourselves, we discover such things as temper or prejudice, jealousy or despair standing in the way of our personal happiness. And when we are unhappy, we feel out of tune with the world.

How can these miseries be overcome? God Himself will help us, if we ask Him. It is His intention that His children live in harmony and contentment, and He will show us the way.

Bring your problem to church this Sunday, and offer it to Him in prayer. He loves you greatly, He understands you perfectly, and only He can help you to regain the song of joy that belongs in your heart.

Final Tax Sale

SCHEDULE "A" Taxes for 1962 and Prior Years

STATE OF MICHIGAN, In the Circuit Court for the County of Clinton

In the Matter of the Complaint of Billie S. Farnum, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the complaint of the Auditor General of the State of Michigan praying for a judgment in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due and owing by interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is Ordered that said Complaint will be brought on for hearing and judgment at the March term of this Court, to be held at St. Johns, in the County of Clinton, State of Michigan, on the 8th day of March A.D. 1965 at the opening of the Court, and that all persons interested in such lands or any part thereof desiring to contest the claim claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear on the day of the first day of the term of Court above mentioned, and that in default thereof the same will be taken as confessed and a judgment shall be entered as prayed for in said Complaint. And it is further ordered that in pursuance of the provisions of the lands described in said Complaint for which a judgment of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such judgment, on the first Tuesday of the month of March, beginning at 10 o'clock a.m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Clinton, State of Michigan, and that the sale then and there made will be a public sale and each parcel described in the judgment shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the same undivided fee simple interest therein; or if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be re-offered, and if, on such second offering, or during such sale, the same cannot be sold for the amount assessed by the County Treasurer shall bid off in the name of the State.

Witness the Honorable Leo W. Corbin, Circuit Judge, and the seal of said Circuit Court of Clinton County this 8th day of January A.D. 1965.

LEO W. CORBIN, Circuit Judge. Countersigned, Paul Wakefield, Clerk.

STATE OF MICHIGAN In the Circuit Court for the County of Clinton

In the Matter of the Complaint of Billie S. Farnum, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Clinton: Billie S. Farnum, Auditor General of the State of Michigan, respectfully shows unto the Court: 1. That he is the Auditor General of the State of Michigan and makes and files this Complaint in his own name and in behalf of the State of Michigan, and in behalf of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

1. That he is the Auditor General of the State of Michigan and makes and files this Complaint in his own name and in behalf of the State of Michigan, and in behalf of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county for which taxes were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said County heretofore bid and sold by the State and then held and upon which taxes which were assessed subsequent to the tax for which the lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent; and

**Girl to compete for homemaking award**

ELSIE—Maureen Peck has been named Elsie High School's 1965 Betty Crocker Homemaker of Tomorrow. She scored highest in a written homemaking examination taken by senior girls, Dec. 1, and is now eligible for state and national honors.

Besides school activities, Miss Peck has been active in 4-H work and church service. She will enter Michigan State University this coming fall and will major in social work.

Maureen, the daughter of Mr and Mrs Raymond W. Peck of South Grattot Road, Elsie, was earlier selected by the Elsie High School faculty and students as the DAR Good Citizen for this year.

TEST papers of all school Homemakers of Tomorrow in the state are currently being judged. The state's high-ranking girl will receive a \$1,500 scholarship from General Mills Inc., with the state runner-up to be awarded a \$500 educational grant. In addition, the school of the State Homemaker of Tomorrow will receive a complete set of the Encyclopedia Britannica.

Later this spring, the State Homemaker of Tomorrow, together with a school advisor, will join first-place winners and advisors from each of the 50 other states and the District of Columbia in a tour of Colonial Williamsburg, Va., Washington, D. C. and New York City.

CLIMAX OF the week-long tour will be the naming of the Betty Crocker All-American Homemaker of Tomorrow. To be chosen on the basis of original test score and personal observation and interviews during the tour, she will receive an increase in her scholarship to \$5,000. Second, third, and fourth-place winners in the nation will have their grants raised to \$4,000, \$3,000 and \$2,000, respectively.

The Betty Crocker Search for the American Homemaker of Tomorrow was initiated by General Mills in 1954 to emphasize the importance of homemaking as a career.

rary, at Michigan State University for the fall term.

Duane Zuchschwerdt enrolled in the winter term at Flint Junior College this week. He will follow a mechanical technology study course.

Neva Keys, Elsie correspondent has been confined to her home for the past ten days by illness, but is ready to accept news items again this week.

**Pinewood Derby winners named**

ELSIE—The January Pack meeting of the Elsie Cub Scouts was held Tuesday evening, Feb. 2, because of the bad weather the previous week. The meeting opened with Den 3 giving the flag ceremony.

Awards were given to the following boys by Bill Albaugh: wolf badges to Jeff Keck, Danny Pumphrey, David Hines, Paul Thornton, Paul Ladiski and Paul Barrett; bear badges to Danny Egbert, Ralph Lockwood, Kenny Albaugh and Doug Keck; lion badge and gold arrow to Richard Hess; and silver arrow to Larry Bernath.

THE GROUP SANG "The More We Get Together" and "The Train Song" with Mrs Floyd Glowney leading and Mrs Earl Seybert at the piano.

WINNERS in the annual Pinewood Derby were: Den 1, Ralph Lockwood; Den 2, the largest group, Jeff Keck and Larry Bernath; Den 3, David Dunham; Den 5, Paul Ladiski; and Den 6, Tim Glowney.

Refreshments were served by Mrs Robert Houska and mothers from Den 5.

The Marine Corps Recruit Depot, San Diego, Calif., was established on Aug. 11, 1923.

**Literary club has special fun night**

ELSIE—The members of the Woman's Literary Club attended a special "fun night" program Tuesday evening in the home-making room of Elsie High School.

The highlight of the entertainment was a comic skit "Do You Remember Back When . . . ?," by Mrs Robert Bloomer and Mrs Lawrence Hess. Seated in rocking chairs and viewing an old plush album, they recalled incidents of the early years of each member as they leafed through the pages.

MRS DUANE Green and Mrs Woodrow Bashore, as leaders of two groups, provided entertainment with a speed race.

Mrs R. C. Parks gave a reading of "I'm Fine" and roll call was answered by each member describing herself with two adjectives beginning with her own initials.

When Mrs G. W. Bennett introduced Mrs Bloomer as program chairman she also surprised her with a small birthday cake topped with a candle bent as a question mark and the group sang Happy Birthday.

MRS PAUL Platner presided over the meeting. It was voted to give \$10 to CARE. Mrs Myrtle Cook announced final plans for the "Let's Eat" program when the members will entertain their husbands as guests in the Masonic Hall with the Eastern Star women serving the dinner. It will be held Tuesday, Feb. 16, at 7 p.m.

Mrs Platner appointed Mrs Blanche Bates to represent the Woman's Literary Club in the organization of a Friends of the Library group that met Tuesday, Feb. 9 at 7:30 p.m. in the Elsie Public Library.

There was a discussion of revising the constitution and by-laws of the club. It was decided that a vote will be taken at the annual meeting on March 2 for a revision of Section 1 of Article 3 of the constitution.

MRS PLATNER announced that Dr Jerre M. Bauer of the University of Michigan Kresge Medical Center, will be a guest speaker when a film on dangers of teenage smoking will be shown on March 17 at a special meeting to which the public is invited. More information will be given later.

**Band rehearses for festivals, winter concert**

ELSIE—The Elsie High School Band has a busy schedule ahead this month, according to Director John W. Beery, with rehearsals for three coming events.

They will attend the Solo and Ensemble Festival at Perry High School on Saturday, Feb. 13. Representing Elsie High School in solo numbers will be Bruce Powelson, clarinet; Robert Ladiski, tuba; Rita Washburn, drums; Howard Kremer, trombone; and Rosey Porubsky, oboe.

JENNIFER Keys, Rita Washburn and Mrs Lois Williams will serve as accompanists.

There will be three ensemble groups from Elsie: clarinet trio, Jackie Moore, Betty Thornton and Cindy Kelley; flute trio, Thelma Dunham, Sharry Moore, and Maureen Peck; and cornet trio, George Keck, Barbara Horak and Janice Kelley.

THE SECOND event will be the Band Festival at Shepherd High School. The EHS senior band will compete in Class C. They will perform "Entrance and March of the Peers" by Arthur Sullivan, "The Thunderer" by Sousa, and the festival required number.

The third performance will be the annual Winter Band Concert, Feb. 28, at 3 p.m. at the Elsie High School and will feature the Senior Band, only. They will perform festival music, the score from My Fair Lady and the CRT March, which was composed in honor of the late Carl Tethal, former member of the band.

information will be given later. The film will also be shown for the high school assembly that same afternoon.

Hostesses, Mrs James Collis and Mrs Howard Peltier, presided at the tea and coffee services while Mrs James Dorman and Mrs Roland Schaadt served refreshments from a table decorated with Valentines.

**Controlling clouds**

Cloud control is the goal of scientists at the University of Chicago. They're building an "atmospheric cloud chamber" for testing rain-making processes. The device is a complicated arrangement of tubes, pipes, cylinders, nozzles, electrical relays and other gadgets intended to duplicate conditions that would produce rain or snow if they occurred in the large clouds of the upper air.

Americans smoked 6,657,000,000 cigars in 1963.

**Ashley honor roll lists 48 students**

ASHLEY—Forty-eight students in grades 7 through 12 averaged "B" or better during the first semester of classes in the Ashley Community Schools.

**If you're going to enter something like the Pure Oil Performance Trials, you might as well do it to win.**

**So we did. Class IV—won by Buick Special.**

Down at Daytona Beach, we gave everyone another look at Buick's "Win Policy". A V-8 Buick Special won over stiff competition (sorry, boys!) in Class IV—in the 1965 Pure Oil Performance Trials. The winning Special was equipped with our 300 cubic inch Wildcat 310 V-8 and Super Turbine Transmission.

Remember that the drivers in the Performance Trials are skilled professionals, and the cars finely tuned standard production models. (If it can be said that the Special is "Standard" anything.) Also remember that the trials are an exhausting, carefully graded test of a car's all-around ability. In economy, acceleration and braking. Small wonder the Special came out on top. Handsomely.

(The specific detail? Our hero averaged 20.689 mpg in economy, to score second among 10 cars. It accomplished the acceleration test—from 25 to 70 mph—in 9.315 seconds, for a fourth. And took another second in braking: from 65 to 0 mph in 172.0 feet. The cumulative result: we won all the marbles in Class IV.)

Now then. If you're going to enter something—like a car—you might as well do it to win, too. Your Buick dealer can introduce you to the driver's seat of a Buick Special.
