## Spring breakup of county roads worst since '60

Spring breakup damage to county and local roads has been estimated at \$47,000 already, and the severity of the breakup may shorten the County Road Commission's construction plans for this summer.

County road officials have termed this spring's breakup the worst since 1960, which then was rated as the worst in recent history. Road Clerk Don Ewing said, however, that this year's breakup is not as serious as that in '60—yet.

"WHAT WE NEED now are sunshine and warm breezes," he said.

Continuing snow storms in recent weeks, coupled with thawing conditions between, have caused severe problems for the Road Commission. Most local roads in the county are next to impassible in places, and some are closed. County blacktops are "alligator cracking" — breaking into chunks and then popping out.

REPAIR COSTS for patching and seal-coating the blacktops in the county was estimated by road Engineer Les Drago at perhaps \$31,000. This is the immediate estimate for work that has to be done yet this spring. Should bad weather conditions continue, the breakup likely would get worse and the cost for repairs would rise.

Drago estimated that another \$16,000 would have to be spent filling in present mud holes and grading gravelled local roads. This figure, too, is based on present conditions.

"THESE figures don't account for the long-range damage to the roads, either," Ewing pointed out. "Roads that break up like they're

doing this year are never as good after they're patched up as they were before, regardless of how good a job is done."

The job of repairs is underway, but the going is slow. Graders have been attacking the mud-holed local roads this week, but about all they've been able to accomplish is to shift the mud from one place to another. It will probably be close to the weekend before the roads are dried out enough so that the grading will have any real effect, Ewing said.

"ALL LOCAL roads are real bad. I can't name any specific ones because there are lots of others that are just as bad."

The continued late-winter snowfalls and the intermittent thawing has made roads impossible to work on, Drago pointed out. Snow plows had to be taken off the local roads when they began to get stuck in the soft mud several weeks ago, and even the few graders the county was able to put into service moving snow made deep ruts.

"WE'VE HESITATED to put our equipment on the roads because it in itself would make many of the local roads impossible for cars and small trucks to travel," Ewing said.

The county's road construction plans for this spring and summer will necessarily be shortened by the breakup. Time and manpower, as well as money, that was planned for construction programs will have to be shifted to some extent to make the damage repairs.

THE ROAD Commission officials expect that by the weekend they'll have a fair start on grading roads and repairing the blacktops. That is, if the weatherman cooperates.

## 7 townships win rate change OK

The State Tax Commission has approved a request of seven Clinton County townships to revise their personal property depreciation schedule and to reconvene their boards of review.

The revision of the depreciation schedule was asked for by supervisors of Watertown, Riley, Olive, Bingham, Essex, Ovid and Greenbush Townships in order that the reduction in valuation be not more than 50 per cent of that originally calculated for 1965.

THE SUPERVISORS of the seven townships submitted identical letters to the State Tax Commission last Tuesday, asking for a new schedule to apply to personal property in their township.

"The accelerated depreciation schedule supposedly adopted by the State Tax Commission makes it impossible for local assessors to keep the utility persons in line with other personal property," the supervisors said.

"IT LOOKS from this point that we have two different methods of assessing personal property. I personally would like to use a schedule to allow the assessors to bring all personal property up or down to present-day replacement costs and then apply the rate of assessments used in our respective districts.

"If it would be possible I would like to recover at least 50 per cent of the loss I have had this year by allowing the following schedule:

"COMPUTE THE utility persons at the same rate we used in 1964, then subtract the 1965 assessments and add 50 per cent of the difference to the 1965 assessments."

had been using utilities as an example because that is the area "where we have been hit the hardest." Assessments of farm personal property would not be changed, they said.

THE SUPERVISORS said that in 1966 they would prefer to use the same schedule that has been used for the past five years.

The letters were sent to the State Tax Commission by Supervisors Ernest Carter of Watertown, Willard Krebel of Riley, Almond Cressman of Olive, Maurice Gove of Bingham, John Setterington of Essex, George Austin of Ovid and Derrill Shinabery of Greenbush.

ALTHOUGH IT'S difficult to estimate, the supervisors figure the new schedule will mean a savings overall of between \$100,000 and \$150,000 in state equalized evaluation.

"That's not an awful lot of money in taxes for the lot of trouble and extra bookwork that this change will require," Supervisor Shinabery said, "but we feel it is worth it.

"We are struggling for uniform methods of assessment. Had they (the Tax Commission) given us the same schedule, forms and multipliers as last year, we wouldn't have needed to make an appeal."

THE UTILITIES affected in the townships will be notified of the proposed changes and invited to come to reconvened meetings of the boards of review and lodge a protest if they so desire. Those meetings reportedly will be held Monday.

New Clock for Downtown St. Johns

This huge time and temperature sign for the Clinton National Bank and Trust Co. was put into place on the corner of the building last Friday by workmen of the Central Outdoor Advertising Co., replacing a smaller, chiming clock that had been a part of the bank for about 40 years. The new sign flashes the time and temperature intermittently throughout the day and night, and the white area beneath the time-temperature section will be used for displaying different community-interest messages.

## Interviewers to question 750 Clinton households

Members of 750 Clinton County households will be asked to cooperate in a transportation and activities study during the next three months in Clinton, Eaton and Ingham Counties.

The survey, involving personal interviews, is scheduled to begin Thursday and is sponsored by the Tri-County Regional Planning Commission. Alan R. Dean, St. Johns, is chairman of the commission. Other Clinton members are David Morris of Eagle and Claude Underhill of Victor.

THE HOME interview survey is being conducted by a professional firm, National Analysts, Inc., of Philadelphia. They will field a group of 35 trained interviewers who will contact households each day of the week, including Saturdays and Sundays.

The information collected will be handled impersonally and transferred to computer cards for analysis.

Importance of the survey to planning in the region is underscored by the fact that Gov. George Romney is writing a letter to each household involved, explaining the program and asking for cooperation.

A TOTAL of 4,500 families in the tri-county region are scheduled for interviews. Names have been chosen from customer lists of the four utility companies serving the area. The 4,500 households represent five per cent of the 90,000 estimated residential units in the three counties.

An additional 500 people living in group housing, such as nursing homes and dormitories, will also be interviewed. A special survey is also planned to involve 1,200 truckers and 100 taxi operators in the area.

PURPOSE OF THE survey is to

gain knowledge on which to base intelligent decisions concerning roads and other needed transportation facilities in the region, said Robert Young, director of the planning commission.

"From the survey we will be able to analyze the travel habits and travel desires of citizens and advise on the construction of future transportation facilities," Young pointed out.

Most questions to be asked will concern travel habits of residents. Some of the information sought will be:

1. The number and length of trips.
2. What type of vehicle is used and why.
3. Purposes and frequency of trips.
4. Where trips start and end.

THE SURVEY will also collect data on what are called "socio-economic" characteristics of the families involved.

These include car ownership, employment, use of leisure time, and housing and neighborhood preferences.

"This information will be an important supplement to travel data, since these characteristics usually have a direct relationship to the amount and frequency of individual travel," said Keith Honey, assistant director of the tri-county commission.

THE CURRENT study is a part of an overall \$750,000 Land Use Transportation - Natural Resource survey within the three counties. Two-thirds of the cost is being paid by the Federal government and the remainder by cooperating local agencies.

Helping to finance the study are

the county governments and county road commissions in Clinton, Eaton and Ingham; the cities of Lansing and East Lansing; Michigan State University; and the Michigan State Highway Department.

Details of the study were outlined to communications media in the three counties Tuesday morning at a press conference in Lansing. Commission Chairman Dean presided. Brief presentations were made by Young, Honey and Robert Kuehne, of the commission staff, and by Dr. Aaron Spector, of National Analysts, Inc.

Arrangements for the conference were in charge of Bruce Brown, assistant planner with the commission.

### News now available at 4 new locations

Four new newsstands for sales of the Clinton County News have been established along South US-27, effective this week.

The News will now be available at Northway Sports Shop, US-27 at Clark Road; Shop - Rite Supermarket on North East Street, Lansing; Colwell's Pharmacy, US-27 at Sheridan Road; and Will Pharmacy at 3002 Turner Street at Howe Street.

Other Clinton County News stands on South US-27 are located at Gene's Leonard Service, Fenning's Drug Store, Willard's Hi-Lo Market and Jay's Gulf Service.

## Water project cost \$1 million

St. Johns' current water improvement program is going to cost \$206,000 more than originally estimated, but city officials point out the result will be a better water system than originally intended.

Total cost of the program will be \$1,055,830.13, some \$205,830.13 more than the \$850,000 bond issue approved by voters in January 1964.

The additional money that will be necessary to pay off the cost of the improvements probably will be raised by selling additional revenue bonds on the water system.

City commissioners were given the final figures on the water program costs Tuesday night at their regular semi-monthly meeting.

IT HAS BEEN known for some time that actual costs would be well above the original \$850,000 estimate, but until contracts were awarded recently for the water treatment plant, the exact cost couldn't be determined.

The additional \$206,000 will not be needed until the late spring of 1966 when final payments are to be made on the total project, City Manager Ken Greer said. The suggested sale of revenue bonds—which does not require a referendum vote of the people—would probably be for \$200,000.

THESE BONDS would be in addition to the \$850,000 general obligation bonds of the city and the existing revenue bonds outstanding on the sewer and water system. Greer said they can be set up to be paid from existing revenues coming into the system.

Existing water and sewer rates, which were established effective July 1 last year, should take care of the additional bonds, their interest and principal, Greer said. A report by Robert Stutz, financial and bond consultant of the Michigan Municipal League, outlining the details and necessary steps the city must follow in revenue bonding for the

\$200,000, was to be presented to the commission Tuesday night.

"I'M SURE THAT you and the citizens of the community will realize some items have been authorized that were not originally considered for the water program," Greer told the commissioners, "and that these were entirely justified, necessary to the program and the continued growth of the community."

For example, the city fully developed two new wells instead of one: two existing wells were rebuilt instead of the anticipated one; and a single pedestal spheroid-type elevated tank was constructed rather than the planned four-legged one.

ADDITIONAL transmission mains were installed on West State Street serving the Sealed Power industrial plant area, and additional transmission mains were installed due to Federal-Mogul's industrial expansion.

And not least of all, Greer pointed out, was a record quantity of street service mains installed last year.

"ALL OF THESE examples, authorized by the city commission, increased the total project costs and were not anticipated in the early stages of the program," Greer said. "None of these extras could have been ruled out without hurting the community and its progress."

As of March 1, the city had spent \$362,030.13 on the water program and had another \$133,637.09 outstanding on the early contracts. Contracts awarded last month for the water treatment plant, mains and sludge line and the ground storage tank total (See CITY WATER Page 2-A)

## 5 districts join with St. Johns

Five more rural school districts have again changed the map of the St. Johns Public School District by approving annexation at elections last week. The same question will be up for a vote in four more area districts this Saturday.

Last Tuesday Gardner district voters approved annexation 25-4 and the 4 1/2 mill levy 19-7.

IN THE Eureka district Saturday, both the annexation and the 4 1/2-mill levy issues were approved by votes of 81-45. Church district approved both by counts of 17-12.

In the Price district, the annexation issue passed 27-2 and the levy issue was approved 28-1. Harper district voters approved annexation 25-7 and the millage 25-6; two ballots were spoiled on the annexation issue and three were rejected on the millage issue.

FOUR MORE districts go to the polls this Saturday. They are Greenwood in Greenbush Township; Frink in Bengal Township; and Chapman and Jason in Riley Township. Polls will be open from 7 a.m. to 8 p.m. at the schools.

Bengal Center and Parker districts will vote on the annexation April 17.

## 'Big E' birthday winners named

Winners in the "Big E" Eberhard birthday sale celebration were announced last week. They are:

Ned P. Niemi of 609 N. Morton, a one-year supply of hamburger; Isabelle Cleland of 104 S. Whittemore, a one-year supply of white bread; Leon Acre of R-1, Elsie, a one-year supply of milk; and Angela Sirrine of 712 N. Clinton Avenue, a one-year supply of eggs.

Spelling Contest Winners Receive Trophies

The county's top grade school spellers from rural schools were chosen Tuesday afternoon in the Clinton County News' annual Spelling Contest. Al Haight (left), business manager of The News, congratulates sixth grade winner Lorraine Harger of Eureka School, eighth grader Barbara Ward of East Essex School and seventh grader Douglas Kurncz of the Sage School, Mrs. Violet Phinney, who was in charge of the contest, looks on. The contest was featured by a tie in the sixth grade contest, and it was necessary to go two extra batteries of words before the winner was determined. Douglas, the seventh grade winner, also won last year as a sixth grader. Seventy-six students took part in the contest, and teachers complimented all of them on exceptional penmanship.

(Concluded from Page 1-A)  
ed \$540,155.70. Another \$20,007.21, recommended by engineers for contingencies, brought the final cost of the project to \$1,055,830.13 — \$205,830.13 more than originally anticipated.

EVEN THEN, the city commission was able to pare the cost of the water treatment plant by agreeing to some cheaper, though adequate, alternates for the plant.

Now that final bids have been awarded, detailed costs of the water project line up like this:

Engineering \$74,814.84; soil tests \$1,357.86; well drilling \$18,401; well houses \$30,969.40; well pumps and installation \$29,924.86; service mains \$49,167.45; new tank \$143,000; plant equipment \$36,606; water plant

\$466,373; mains and sludge line at plant \$31,832.70; ground tank at plant \$41,950; miscellaneous (land, bond expenses, advertising, electrical, etc.) \$32,293.14; and miscellaneous contingency recommended by engineers \$20,007.21.

## Road Commission Weekly Report

A shipment of salt was delivered to Clinton County this week, the first time we ever had an April delivery. Our supply was exhausted last week when the weatherman played an April Fool's joke and brought back winter again.

That snowfall and the rain have made our spring break-up problems worse. The grading of many miles of rough local roads has been held up until the roads settle.

THE BOARD of Clinton County

Road Commissioners held their regular meeting Monday. The Board took up a new subdivision from DeWitt Township. The plat had not been submitted previously and was tabled until an inspection could be made.

The commission discussed the use of lime stabilization for sub-base in constructing roads. Walter Thelen, supervisor of Westphalia Township, talked to the Board about construction on Clintonia Road.

THE NEW township plat law was discussed at some length, along with road problems in subdivisions.

The engineer and the commission discussed the extensive spring break-up damage and the estimated costs of repairing many miles of roads affected.

PLANS FOR construction were then taken up. 1965 construction plans included two bridges and 18 miles of new grades plus black-

topping of 16 1/2 miles of roads that were graded and graveled last year.

The commissioners talked about the county line agreement between the City of Lansing and Clinton County and signed the proposed agreement as drawn and ordered the clerk to mail the agreement to the City of Lansing for their approval. This agreement concerns 1.3 miles of Sheridan Road.

## Car leaves highway, slams into abutment

Robert Fisk, 39, of 234 Hosmer Street, Lansing, escaped without injury when his car ran off the road for 345 feet and hit an abutment on US-27 an eighth of a mile south of Parks Road early Sunday morning. He was traveling north. He told Deputy Sheriff Ramon Terpening he was sleepy and apparently fell asleep. The accident was at 2:45 a.m.

## Burglars get only 10c per job

Burglars averaged only ten cents per burglary in two reported break-ins during the last week. All of the loot was taken from the D & C Dime Store sometime during last Wednesday night.

Police Chief Everett Glazier and James Stiffler are investigating that break-in. The burglar entered the building through a basement window on the Walker Street side of the building and got 20 cents from one of the cash registers.

THE WOODEN cover over the safe in the store was lifted up, but apparently no attempt was made to break into the safe.

The other break-in was discovered early Saturday morning by city Officers Russell Doty and Edward Teachout when they were making routine checks of buildings at the Southgate Shopping Center.

THEY FOUND the front door and lock on the Dee Drug Store building broken by someone who forced a bar between the two doors and pried them apart.

Owner Lou Williams was notified. Nothing was reported taken. That break-in was discovered at 1:15 a.m. Saturday.

## Adrian College president to speak at last Lent service

Dr John Harper Dawson, president of Adrian College, will be the speaker Sunday night at the last of a series of six union Lenten services in St. Johns.

The services this week will be held at the First Congregational Church beginning at 7:30 p.m. The Rev Ralph Conine, pastor of County Line and Fulton Evangelical United Brethren Churches, will be the presiding minister.

DR DAWSON, a native of Pennsylvania, is president of his alma mater, from which he graduated in May 1938 in the top 10 of a class of 44 graduates. In September that year he enrolled at Westminster Theological Seminary (now Wesley Seminary in Washington, D. C.) on a full scholarship awarded by the First Methodist Church Corp. of Pittsburgh, Pa.

In seminary he majored in New Testament studies and from 1939 to 1941 taught a course in New Testament at Western Maryland College while pursuing his seminary training on the adjoining campus.

DURING HIS senior year at Westminster he served as assistant pastor at Broadway Methodist Church in Baltimore. In May 1941, after graduation from the seminary, he joined the Pittsburgh Conference of the Methodist Church and served until 1955

DR JOHN DAWSON

in appointments at Clymer, Wilmerding and Crafton. During this time he was a member of several boards and was active in the general affairs of the conference.

In February 1955 he returned to Adrian College as its president. He has helped to lead a renaissance in the life of his alma mater which has been referred to as "the miracle of Methodist higher education in this decade." The development has brought Adrian to the forefront among Christian colleges of the Midwest.

THE QUADRUPLING of enrollment, doubling of faculty, vast increase in plant and endowment value and the steady progress of the college to a place of prestige and quality academic program have brought national recognition to Adrian College.

Dr Dawson's subject for Sunday evening's Lenten service will be "The Plain Path." The scripture will be taken from Psalms 27:11-12.

THE BENGAL and Bingham EUB churches will provide choir music, and Mr and Mrs Gordon Waggoner of the Eureka Congregational Christian Church and Mr and Mrs Stanley Whitlock of the Greenbush Methodist Church will be hospitality chairmen. The Greenbush and Salem churches will have charge of the coffee hour following the service.

Paul Hettinger will be head usher, assisted by John Bryant, Gerald Knupp, Warren Coffman, William Ashley and Elmer Swagart.

## Townships

(Concluded from Page 1-A) the reconvening of the boards also requires them to adjourn not later than April 15, Edward W. Kane, secretary of the Tax Commission, said in his reply to the supervisors.

WHILE ONLY the seven supervisors acted to change the depreciation rate for utilities, the whole board of supervisors expressed displeasure at the handling of the Tax Commission's depreciation schedule. They are expected to pass a resolution proclaiming their displeasure when they meet next Tuesday.

The STC's depreciation schedule, which Shinabery said was never really in force though strongly recommended, would have allowed faster depreciation of personal property.

MOST OF the valuation loss for rural areas, resulting from this recommended schedule would be from the utilities—electric companies and pipelines—because the schedule would allow faster depreciation of electric poles and wires and pipelines, etc.

## Coffee at bank next Wednesday

Clinton National Bank & Trust Co. is inviting Clinton area people to be their guests next Wednesday, April 14, for coffee and snacks during banking hours, 9 a.m. to 4 p.m.

Local men, uniformed as Civil War soldiers, will be among those who will greet visitors to the Centennial Room, at the east end of the bank. A special exhibit of mementos having to do with the ending of the Civil War and the assassination of President Lincoln will be featured in the Centennial Room.

MRS MANNING Bross, who is in charge of Centennial exhibits for the bank, points out that this week marks the 100th anniversary of the surrender of Lee to Grant and that next week Wednesday is the 100th anniversary of the assassination of President Lincoln.

Drawing special attention and comments this past week in the Centennial Room has been a display of implements and utensils used in the making of maple syrup. The exhibit was arranged through the cooperation of several Clinton area maple syrup producers.

A section of a maple tree, tapped for sap gathering, was set up by Alden Livingston of Livingston Farms in Greenbush Township.

## 4 youths hurt; car hit abutment

Four DeWitt area youths were injured badly Saturday afternoon when the car they were in hit a snow-camouflaged abutment and overturned in Olive Township.

Most seriously hurt was Paul Phillips, 18, of 215 West Main Street, DeWitt, who was still in St. Lawrence Hospital in Lansing Monday evening. His condition was described as "satisfactory." He suffered cuts and bruises.

ALSO INJURED, but since discharged, were Thomas E. Bennett, 19, of R-1, US-27, DeWitt, the driver of the car; Michael Ridge, 21, of 15768 Turner, Lansing; and John Ruiz, 17, of R-1, DeWitt. They also suffered cuts and bruises.

Bennett told county deputies he was going south on DeWitt Road when, about a quarter-mile north of Chadwick Road, a dog ran across the road in front of his car. He said he swerved to the left to avoid hitting the animal and the car struck a concrete abutment and rolled over.

THE ABUTMENT was covered with snow and was not visible, deputies reported. The injured youths were taken to St. Lawrence Hospital by Vincent-Rummell Funeral Home ambulance.

Michigan labor and industry built the rocket which propelled the first American astronaut into space.

NORMAN CAIN

## Announce 4-H safety program

The emphasis is on traffic safety this year as the National 4-H Safety Program begins its 21st consecutive year under sponsorship of General Motors.

Norman Cain of St. Johns, community relations director and chairman of the Clinton County National 4-H Safety Program, this week announced the county, state and national awards.

FOUR GOLD medals of honor will be awarded to individual members in the county, Cain said, as well as four certificates of merit to 4-H Clubs judged the most outstanding in group safety projects.

The state award will be an all-expense paid trip to the National 4-H Club Congress in Chicago for the state winner in the Safety Program. Eight scholarships of \$500 each to a group judged the most outstanding among the state winners will be the national award.

"CURRENTLY MORE than 2,300,000 young people between 10 and 19 are active in 4-H work in both rural and urban areas," Cain pointed out. "Nearly one-third of all 4-H'ers are non-farm youth living in farm cities or suburban communities.

"Each year some 600,000 of them choose safety as a major project or receive some form of training in safety in their 4-H work."

## Named delegate to MEA convention

Nancy Jensen of 600 W. State Street, St. Johns, a teacher at Ovid High School has been named a delegate to the Michigan Education Assn.'s annual Representative Assembly April 8-10.

Gov. George W. Romney will be among the speakers addressing the 300-plus delegates who will meet at Lansing's Civic Center.

Major items to be considered by the assembly, the policy-making body of the 70,000-member MEA, include enactment of a state professional practices act for educators and expansion of the Project for the Improvement of Instruction.

## County medical group to mark 75th year

The Clinton County Medical Society will commemorate its 75th anniversary with a dinner party for members, wives and guests tonight (Thursday) at Walker's Cafe in St. Johns.

"The Clinton County Medical Society has continuously served the health and welfare of this county since its beginning on March 14, 1890, and it dedicates itself to ever greater service," Dr F. W. Smith of St. Johns, president of the society, said.

COPIES OF the minutes of the first meeting in 1890 do not state where it was held. The name "Clinton County Medical Society" was decided upon, however, and Dr S. E. Gillam was elected temporary chairman and Dr Henry Palmer temporary secretary to expedite the official organization.

The second meeting was held May 2, 1890, at the Steele Hotel with the following officers being elected: S. E. Gillam, president; O. B. Campbell, vice president; Henry Palmer, secretary; and E. Bingham, treasurer.

AFTER THE collection of \$1 initiation fee and \$1 annual dues, the following physicians were recorded as charter members:

S. M. Post of Eureka; M. Wel-ler, J. W. Pollard, H. Hart, S. E. Gillam, A. J. Wiggins and Henry Palmer, all of St. Johns; J. E. Taylor and O. B. Campbell of Ovid; H. A. Stroud and George McPherson of Fowler; E. E. Bingham of Elsie; D. H. Straher of Westphalia; S. A. Mauzer of

Wacousta; and G. W. Topping of DeWitt.

IT IS INTERESTING to note that subsequent meetings were held in the various communities in sequence on the first Friday of each month at 1 p.m., after a hearty luncheon. The exceptions to these monthly meetings were in January and February, which were probably the coldest and poorest months to travel in a horse and buggy.

It seems likely these old-time doctors used up the best part of a day in attending these meetings. However, in spite of the time-consuming mode of travel, the records show that these early meetings were very well attended.

THE SCIENTIFIC side of medicine was not forgotten at the get-togethers. At each meeting a different doctor in order was assigned to give a "paper," in other words a discussion of a medical topic of his own choosing.

Oftentimes this discussion would be illustrated by the presentation of selected patients that the doctor was caring for in his own practice. Then there would follow a lively discussion of the subject and cases by all members present.

THE SIZE of the organization has not changed much down over the years, and there are about 17 members in the Medical Society now. Dr Smith said there would be 38 persons present tonight for the dinner, including wives of the members and several dentists as guests.

Hostess Day at Holden-Reid in St. Johns

Last Friday was Hostess Day at the Holden-Reid store in St. Johns as representatives of St. Johns women's groups took over the sales duties in return for a percentage of the sales for their organizations. Mrs Ruth Barclay (left), a regular sales clerk at the store, explains some of the details to Mrs Sharon Stone for the Hospital Auxiliary, Mrs Mary Masarik for the Blue Star Mothers, Mrs Marjorie Pardee for the American Legion Auxiliary, Mrs Sharon Randall for the Order of Eastern Star, and Mrs Eloise Hambleton for the VFW Auxiliary.

### Laingsburg men buy elevator

LAINGSBURG —The Economy Mills elevator at Laingsburg is now known as the Laingsburg Farm Service and is under the new ownership of Robert Remus and Ralph Ioscco.

The two Laingsburg men recently purchased the business from Joe Voisinet. Remus has lived in Laingsburg 27 years, and Ioscco moved here five years ago from Lansing.

### Woman trapped 2 hours in car

A rural Elsie woman was trapped in her wrecked car on a ditch on Meridian Road for over two hours Friday morning before being discovered.

Mrs Mary E. Ostrander, of R-2, Elsie, suffered cuts and bruises and was taken to Owosso Memorial Hospital shortly after noon Friday. She was kept in the hospital for several days for treatment of the injuries.

MRS OSTRANDER said the accident occurred between 9:30 and 10 a.m. Friday when her south-bound car hit an icy spot on Meridian Road near Maple Rapids Road, spun around and went into a ditch, overturning.

It was nearly noon before an unidentified motorist stopped to investigate and found Mrs Ostrander in the car.

### Play group elects new officers

New officers for the year and three new board members for three-year terms were elected Monday evening by the St. Johns First Nighters and its directors.

Roy Brisendine was reelected president of the theater group at a board meeting following the general get-together. Other officers are Doris Cramer, vice-president; Roger Kowalski, treasurer; Donalee Williams, recording secretary; Joan Davidson, corresponding secretary; and Steve Hopko, business manager.

NEW BOARD members elected for three-year terms are Joan Davidson, James Moore and Steve Hopko. They join Roy Brisendine, Doris Cramer, Donalee Williams, Loi DeGroot, Hila Bross and Roger Kowalski on the board.

Named to the play casting committee was Marilyn Steffens; others on the committee will be the play director and another member to be appointed by the board. Election to the play selection committee for a two-year term was Sheila Brock and for a one year term Wayne Hicks; the third member will be appointed by the board.

COMMITTEES for the First Nighters' next play, "The Man Who Came to Dinner" (May 7-8), were named Monday night. They are:

Properties, Doris Hicks (chairman), Maxine Brisendine and Anita Lynam; stage hands, Bob Brock (chairman), Lawrence Fish, Dick Steffens and John Martin; box office, Donalee Williams (chairman), Roy Brisendine and Terry Foster; makeup, Jean Cox (chairman), Ramona Harper, Doris Parker and Theda Murdock.

Routes of Proposed Sewage Collection Lines in Southern DeWitt Township

Beaded lines on this map of four southern sections of DeWitt Township show routes of proposed sanitary sewer collection lines and the main interceptor line running north across Stoll Road to the proposed sewage plant. Township voters will decide on issuing \$730,000 in sewer revenue bonds for the project when they go to the polls next Monday.

### DeWitt to vote Monday on \$730,000 sewer issue

DeWITT—A \$730,000 bond issue to finance a sanitary sewer system for the southern part of DeWitt Township will be submitted to voters next Monday.

Supervisor Fred Culy, in urging a strong turnout for what he described as "one of the most important undertakings ever attempted by the township," pointed out that people not using the system won't have to pay for it.

AT THE present time, the proposed Sewage District No. 1, bounded by Sheridan, DeWitt, Stoll and Wood roads is the only one affected. Persons residing, having businesses or owning property within those Sections 33, 34, 28 and 27 will pay for the bonds.

Persons in other parts of the

township, including the Village of DeWitt which has its own sewage system, will be eligible to vote on the question, even though they will not be affected by it or will not have to pay off the bonds.

ESTIMATED COST of the project is \$1,183,000, with \$730,000 to be paid by sewer revenue bonds and \$453,000 by assessment bonds. The assessment bonds will not require voter approval.

The project will include sewage collection lines throughout the sewage district and an interceptor line continuing north of Stoll Road to a new sewage disposal plant on the old electric railroad grade near Herbison Road along the Looking Glass River.

"WE NEED this awfully bad,"

Culy said of the proposed system. "There are a lot of places where septic tanks are backing up out onto the ground."

The whole area of southern DeWitt Township is served only by individual septic tanks, and Culy said the lack of adequate sewage facilities must be corrected if the area is to continue to develop. It now includes the business section along US-27 at Clinton Villages and Valley Farms.

THE DeWITT Township board of Trustees, which supports the project, said health reasons are equally as important. There are now almost a thousand septic tanks serving stores, homes, trailer camps, motels and other establishments in the area, and the anticipated future growth can only worsen the chances of pollution unless a sewer system is built, the board said.

As more homes are built and additional businesses started, the trustees pointed out, the number of septic tanks would increase. The probability of their usefulness tends to decrease as more are installed, particularly in soil not well adapted to drainage.

WHILE THE proposed system is designed to serve the area for 20 years, it can be expanded easily, Culy said. The interceptor line will go north into an area of potential building sites, which will make it possible to expand the system into that area as the need arises.

Plans for the sewage disposal system have been approved by the State Health Department.

**3 minors found with beer are jailed**

Three Ovid area youths served some time in jail the first part of the week after being found guilty of being in possession of beer. George W. Parmenter, 18, of R-2, Ovid; Thomas D. Salters, 18, of 6090 E. M-21, Ovid; and Peter Salinez, 20, of 793 W. High Street, Ovid, were each fined \$25 plus \$19.90 costs and sentenced to two days in jail by Justice of the Peace Gordon Willyoung. A fourth youth involved was not jailed. They were arrested together Sunday by Deputy Sheriff Ramon Terpening.

National companies have manufacturing plants in 65 of Michigan's 83 counties, demonstrating that every section of Michigan is a good location for industry.

WALLY PARSHALL

Ohio man manager at Eberhard's

Wally Parshall, 26, a native of Greenfield, Ohio, has been named manager of the St. Johns Eberhard supermarket at 911 East State Street. Parshall took over the new job March 29. He succeeds Richard Phelps as manager there.

Parshall has considerable experience in grocery store work and food marketing. He worked five years in various capacities for the Super Valu food chain in Ohio, starting out in his home town and also working in Columbus. His last position there was as an assistant manager.

AFTER serving two years with the Intelligence Corps in the US Army, he resumed study at Michigan State University. He is still working toward completion of a four-year course of study but has completed successfully his course in food marketing.

He worked last summer for a food broker in Ohio. He gained additional experience while in the Army by working for the Grand Union Supermarkets on the East Coast.

PARSHALL, who is living in Lansing, is presently single, but he plans to be married in May to an Ohio girl.

**We're sorry**

The County News erred in its identification of one of the members of the Jacob family in the five-generation picture which appeared in last week's issue. The daughter of Mr and Mrs Otto Jacob of Bengal Township is Mrs Betty Mayse.

### Lansing wants vote on Sheridan annex

The Lansing Board of Education has passed a resolution asking that the Sheridan Road School Board proceed with an election to transfer part of the Sheridan district to Lansing's school system.

Such an election was authorized last summer by the joint intermediate boards of education of Ingham, Eaton and Clinton Counties, but the vote was never carried out.

THE ELECTION would affect only the Ingham County half of the Sheridan district, the same half that voted last April to annex politically to the City of Lansing. Since that time, Ingham residents in the district and Lansing school officials have urged the Ingham portion of the district to become a part of Lansing's school district.

The Lansing board's resolution requests a tentative voting date of May 17 on the transfer question.

THE RESOLUTION also asks that, should the transfer be approved by voters, the Sheridan district lease space in the Sheridan Road School for the 1965-66 school year to accommodate Ingham students of the Sheridan district.

The Sheridan officials were

also asked to keep the Lansing board informed of any future votes regarding transfer of property or possible political annexation of the Clinton portion of the Sheridan Road district to the City of Lansing. Last April, voters in the northern portion of the district rejected political annexation at the same time the southern district voters approved it.

### Announce IGA contest dates

Announcement was made this week by Dorr Anderson of Andy's IGA Food Store of the Second Annual "IGA Boys Contest" to begin Monday, April 19, and end Saturday, June 12.

Over 800 boys, age 10 to 14 years, from around the state will win a five-day trip to Southern California. Each IGA store is sponsoring a number of boys. Winning boys leave for California by plane Monday, June 21 and return on that Friday.

Chartered buses will take winners to such places as Disneyland, Marineland of the Pacific and the world famous Knotts Berry Farm and other places.

Complete details and contest rules are available at Andy's IGA.

Bement sponsors poster contest for anniversary

A poster-making contest for the 25th anniversary of Bement Library in St. Johns has been announced by Mrs Elizabeth Millman, librarian.

The contest, which is open to high school students, art guilds and independent artists in the area is now underway and will continue until Friday, April 23, at which time the posters will be judged and prizes awarded.

CONTESTANTS are competing in two classes.

The students are constructing posters which represent the 25th anniversary of the library or National Library Week.

OTHER contestants are making posters which represent the different areas which the library services, among which are such

categories as drama, history, biology and geography.

If a contestant is not entering through a group, Mrs Millman said, he should come to the library where a list of categories is available for him to choose from. This is to prevent a duplication of posters on a single area, she said.

A public meeting for all parents of participating music members and parents interested in the future music program at St. Johns Public Schools has been called for Monday at 8 p.m. at the Rodney B. Wilson High School music room.

Music Directors Walter Cole, Robert Cox and Gordon Vandemark will be present. Parents of rural, parochial and junior high students are invited. Choir, glee club, orchestra, symphonic and concert bands at the high school, as well as the junior high groups, are included in the music department.

Contributions reported slow

Board members of the Clinton County Chapter of Crippled Children and Adults met Monday evening.

Treasurer, Mrs Fred Tiedt of Fowler, reported that contributions were not coming in. Those who receive more than one envelope, she said, should mail their contributions to the chapter in the county where they live.

Contributions will be used as the chapter receives requests for wheelchairs and other equipment for county neighbors.

She reported expenditures of \$315.37 including several pairs of glasses. The expenses were for mailing Easter Seal Campaign envelopes.

2 jailed for using obscene language

Two men were fined and sentenced to two days in jail Monday on charges of using obscene language in the presence of a minor. They were Orwin D. Forbes, 26, of 411-1/2 N. Ottawa, and John William Suchowesky, 18, of 610 N. Clinton Avenue, both St. Johns.

The offense reportedly took place in Ovid. Both were fined \$25 plus \$19.90 costs and sentenced Monday to two days in the Clinton County Jail.

Easy credit is one of the world's best intelligence tests.

MR AND MRS WILLARD KREBEL

The family of Mr and Mrs Willard Kребel are holding an open house, honoring their 25th wedding anniversary, Sunday, April 11, from 2 to 5 p.m. at the Bengal EUB Church located at the corner of Parks and Grove Roads. Friends and relatives are invited to attend.

Fenners attend World Flower Show in Chicago

Mr and Mrs Lyle Fenner of R-4, St. Johns, spent a recent weekend in Chicago and while there spent a day at the World Flower Show at McCormick Place on Lake Michigan.

Some of the nation's leading florists, landscape artists and garden designers combined their talents to produce the show. Some 35,000 persons attended the first day of the show.

MRS FENNER is employed by the Woodbury Flower Shop, a member of the Florist Telegraph Delivery Assn. Of particular interest to the Fenners were the many floral designs for various occasions, including wedding and table settings, arranged by the FTDA.

International designs also were on display by FTD members of nine foreign countries, using garden settings of their native lands.

OF INTEREST to Mr Fenner were several University of Illinois displays on flora culture, including bee culture. The Fenners visited with Dr Killen, head of the U of I's Department of Bee Culture and author of several books on bees. Fenner keeps bees as a hobby, and last summer his bees produced a ton of honey.

Man hospitalized after city crash

Both drivers were injured and one hospitalized as the result of a collision at the intersection of South Clinton Avenue and Park Street Friday morning.

Most seriously hurt was Charles V. Ernst, 23, of 708 W. Park Street who suffered cuts and bruises and was hospitalized at Clinton Memorial Hospital for a day.

PAUL J. WITGEN, 18, of R-1, Kinley Road, was treated at the hospital for knee cuts and bruises and was then released.

Witgen was ticketed by police Officer Lyle French for failure to yield the right of way. His car, going north on Clinton, hit Ernst's car broadside as Ernst was traveling east on Park Street. A yield right-of-way sign governs traffic on Clinton. The accident occurred at 7:30 a.m. Friday.

Report collision at Gibbs, US-27

Carole L. Hanson, 21, of Midland was ticketed for failure to have her car under control Friday after a collision on US-27 at East Gibbs Street. Her car reportedly struck the rear of one driven by Douglas P. Muldoon, 38, of Dearborn Heights.

Muldoon was slowing to keep from striking a car making a turn onto Gibbs at the time his car was hit from behind. His wife, Ann Muldoon, complained of pains, but did not require hospital attention.

Officer Lyle French investigated the collision.

## County GOP women visit state legislators

Twelve St. Johns Republican women were among the Clinton County Republican Women's Club members who braved storm-swept US-27 April 1 to see and hear first hand from their state legislators.

Sen. Emil Lockwood of St. Louis, Rep. Lester Allen of Ithaca, and Rep. Blair Woodman of Owosso showed them behind-the-scenes activities of the Michigan State Senate and House of Representatives. The group chatted informally with Lt. Gov. William G. Milliken of Traverse City and then at lunch heard from RSCC Publicity Director Jack Toepff, the responsibilities of the Republican State Central Committee and how individuals may assist in their own districts the

cause of their party, was explained by Toepff.

A VISIT TO the legislative chambers concluded the Clinton County Republican Women's Club's annual Legislative Day. The group is headed by Mrs. William F. Graef of 402 E. Buchanan, St. Johns.

St. Johns women in the group included: Mrs. Ethel Bishop, 409 W. Walker; Mrs. Stanley H. Smith, R-2; Mrs. Robert C. Miller, 406 Church; Mrs. Henrietta Prince, 600 S. Oakland; Mrs. William B. McWilliams, 701 S. Swegles; Mrs. Edward Sulka, 307 W. State Street; Mrs. John W. Hannah, 210 W. Walker; Mrs. Donald Wiseman, R-1; Mrs. Pearl McArthur, 306 S. Ottawa Street; Mrs. Paul S. Crane, R-5, and Mrs. George H. Brooks, 205 Mead Street.

Members of the Clinton County Republican Women's Club pose Friday in Lansing with the three legislators who represent all or parts of Clinton County. At the center of the picture are Rep. Lester Allen of the 88th District, Sen. Emil Lockwood of the 30th Senatorial District, and Blair Woodman of the 87th District.

## Spring clothes shown to women

DeWITT—Decorations of pink and blue bird cages followed the theme, "Feathers 'N' Fashion," at the Child Study Club's style show in DeWitt.

Models stepped into the bird cage to show off their spring fashions.

Mrs. Richard Ritter, general chairman, was garbed in a black crepe sheath, topped with a white vest. Among those seated at her table was her aunt, Mrs. Raymond Davis, a teacher in the Waverly School System. Co-chairman was Mrs. Robert Hawker.

Chairman of refreshments, Mrs. Howard Cheney, was ill and unable to attend. Refreshments were served by the girl scout troops which the club sponsors. Garbed in a two-piece suit was Mrs. Charles Ferguson who served as chairman of models. Mrs. Richard Finch was in charge of table favors and door prizes.

Mrs. John Carter served as style moderator. Modeling pre-school clothes were Karen and Kay Carroll and Dawn Davis. Schoolgirl's fashion were shown by Kathy and Connie Ferguson, Diane Foleson and Marsha Courtland. Marlen Foster, Sherri Kaminski and Thelma Hanson modeled teen fashions. Mrs. Daniel Kellin showed maternity clothes and Mrs. Lawrence Koch, Mrs. Ceylon Davis, Mrs. Le Hanson, Mrs. LaVerne Sharp and Mrs. Harry Isanhart were senior models.

Midway during the show, members of the club modeled ridiculous outfits in a mock fashion show, with Mrs. Richard Koch as moderator.

To keep your head up keep your feet on solid ground.

## Dess Ann Overholt in Circle Honorary

DeWITT—Miss Dess Ann Overholt, daughter of Mrs. Ruth Overholt, and a senior at Michigan State University, has been tapped for Circle Honorary Society which she will be initiated into next Sunday. Only 1 per cent of MSU students are selected for this honor. They are chosen for outstanding leadership, citizenship and service to their living units on the campus.

Miss Overholt has been accepted for graduate school at MSU and will work on a master's degree in psychiatric social work.

The Goodwill Circle will meet with Mrs. Wilson Nickels on Airport Road Tuesday, April 13. Bring an article for the auction sale.

Sunday dinner guests at the home of Mr. and Mrs. Andrew Flegler were Mr. and Mrs. Earl Flegler and Earlene, Mr. and Mrs. Herman Hopp and John Hopp, all of Riley, and Mrs. Lenore Collier and Elaine of Mount Pleasant. Mr. and Mrs. Leo Hanson entertained their Euchre Club Saturday evening. High score went to Mrs. Charles Ritter and consolation to Mrs. Olive King.

Michigan's population is now above 8 million, and according to the US Bureau of the Census, Michigan is growing faster in actual numerical gains than any state in the Great Lakes region and faster than any state in the Midwest.

## April 1 bad day for 'Forddy'

April Fool's Day was a bad day for MSU basketball Coach Forrest A. (Forddy) Anderson. Besides being relieved of his coaching chores at MSU, he was involved in a minor accident near DeWitt in which the driver at fault fled the scene.

Anderson was traveling north, reportedly on a recruiting trip to Grayling for MSU. About a quarter-mile south of Round Lake Road on US-27, Anderson slowed down behind a car driven by Dallas D. DeZeers of R-1, DeWitt, who was signaling for a right turn.

ANOTHER CAR came up behind Anderson's and hit it, pushing Anderson's car into the rear of DeZeers' auto. All three drivers stopped on the highway, then agreed to drive a few yards north to a parking lot where they could get off the road and make the accident report to police.

Anderson and DeZeers pulled into the lot. The third driver didn't, and was last seen whizzing north through the snow. Both Anderson's and DeZeers' cars became stuck in the snow, so they could not pursue the driver who was the cause of their miseries. No one was injured in the collisions.

## School head at Laingsburg hurt in crash

Charles W. Pelham Jr., superintendent of Laingsburg schools, reportedly suffered a broken hip last Thursday afternoon when he lost control of his car and hit a tree on Meridian Road four miles south of M-21 in Ovid Township.

His wife, Margia, and sons Brian 8 and Charles 10 complained of pains and bruises and were treated at Owosso Memorial Hospital, where Pelham was admitted.

Clinton County Deputy Sheriff Hilary Hafner, who investigated, said Pelham was driving south on Meridian when he lost control of his car and hit a tree on the outside of a curve.

## CD classes go on

## Film trip to ancient Persia winds up Lions' travel series

The last of the winter series of world travelogues sponsored by the St. Johns Lions Club is scheduled for next Wednesday at the Clinton Theater.

A trip on a "Magic Carpet to Persia" will be conducted by lecturer John Weld. The program will start at 8 p.m. sharp.

For those who don't already have them, tickets for the travelogue show are available from any Lions Club member or at the door of the theater. Proceeds go for Lions Club projects.

WELD, a Birmingham, Ala., native, is now a resident of California. After his formal education he set out to learn about the world of travel. He has been successively a bell-boy on a passenger ship, a traveling salesman, a stunt man in the movies, a reporter in New York, a foreign correspondent in Europe, a director of public relations for the Ford Motor Co., a novelist and a newspaper publisher.

He parachuted from the first

plane he ever ascended in. During the production of his first travel film, "Freightboat to Asia," he and his wife were shipwrecked in Tokyo Bay and barely escaped with their lives.

WELD HAS written several novels, including "Don't You Cry for Me," based on the Donner Party incident in California history; "The Pardners," a story of the California gold rush; "Sabbath Has No End"; and "Mark Pfeiffer, M.D."

### McGonigal Corners

By Mrs. John McGonigal

Mrs. Hattie Brown, 86, of rural Bath broke her leg below the hip, March 17. She has been in Sparrow Hospital in Lansing since that date and has reportedly responded well to surgery. She was released Monday, April 5, and taken to the home of her daughter, Mrs. Maurice Haviland of 2043 Clark Road in DeWitt, where she will recuperate with the aid of a wheel chair.

Mrs. James W. Herrick and Mr. Herrick of 1216 Shaffer Court in Lansing, director of the 1965 Cancer Crusade, attended the Kick-off luncheon held April 1 at Dines. Mrs. Herrick is the niece of John McGonigal of McGonigal Corners.

Chester McGonigal Jr., senior at James Couzens Community Schools, lost his class ring on the eve of Thanksgiving Day, 1964. His grandfather, John McGonigal found it last Sunday in the water soaked ground near the garage door at the latter's home.

Mr and Mrs Gerry Rossow and three children, including a two-month-old baby, visited at the home of his parents, Mr and Mrs Kenneth Rossow of 5290 Clark Road from Thursday until Sunday.

Rossow is with the USAF, stationed at Wurtsmith AB near Oscoda. Also visiting the Rossow's was their youngest son, Doyle, who is attending college. Mrs. Joan Gutski is ill and under observation in Sparrow Hospital in Lansing.

Alfred Mohnke bowled a 568 series.

The Fearless Four still own a 2-1/2-game lead over A & M's in the Kings and Queens League. The third place Pinbusters took honors Sunday, however, with a 705 game and 1960 series. Dorothy Lance had a 198 game and Doris Swanson a 480 series to score high for the women, while Carl Nobis led the men with a 220 game and 594 series.

STROHS 12-1/2-game lead in the Capitol League appears to be safe now. They had the high series of 2581 Monday, while 11th place Roadhouse got the high game title with a 906 score. Terry Lerner had a 239 high game, and Larry Maier shot a 624 series.

The City Classic League, however, has a tight race. Bee's Chevrolet has a one-game lead over Dean's Hardware, two games over Jim's Insurance and Dick's Barber Shop, three games over Warren's Insurance and four

games over Rhynards and H & H Lounge. Ninth place Chick's Service had a 950 game last Thursday, and Jim's Insurance had a 2695 series. Lyle Chick had a 235 game and Tom Trefll rolled a 609 high series.

IN THE Westphalia Women's League last Tuesday, first place Drewry's Beer shot an 809 game and 2242 to take those honors, while Mary Ann Schmitt had a 201 game and Liz Roach a 517 series. Mary Ann Schmitt bowled 122 pins over her average and came up with a 503 series. Harriet Hengesbach got her first 500 series and with a score of 506.

THE H & H Lounge and Jim's Insurance Service are tied for first place in the Night Owls League after last Thursday. Advance Castings, the fifth place team, had an 802 high game and 2328 high series. Elly Cowan had a 210 high game and a 510 series, while Jo Rogers had a 201 game and a 549 high series.

# With good nucleus, Wings could rule golf league again

The golf season may appear to be a long way off when you look out the window, but another look at the St. Johns High School sports calendar shows it isn't.

Coach Mike Humphrey's Redwings golf team is supposed to swing into action next Monday, and they have three matches scheduled within the week. The defending league champions will be the team to beat again this year, with four lettermen back from last year's 18-2 team.

LEADING the team will be seniors Dennis Hankey and Gary Becker, who played the one-two spots last year. Also back are Dick Creece, a junior and last year's number four man, seniors Ted Bedell and Bob Ortwein of the undefeated JV team.

"If the boys play as well as they did last year they should shoot on an average of 41 a player," Humphrey said, "with Hankey and Becker getting down as low as 37."

## Pitchers hold key as Wings get set for another 'if' year

Baseball is a game of ifs, and so it is that "if" the hitters can group together and hit well and "if" the pitchers come through better than expected, then St. Johns could have a fine baseball season and be title contenders.

But Coach Bill Smiley prefers to be more cautious in his outlook. He believes his team definitely will be quicker, faster and smarter this season—being an older, veteran team—but the victories will not come easy because of that.

"PITCHING IS our weak point this year," Smiley said. "We've got a young pitching staff, and right now control seems to be their biggest problem."

Smiley conceded that if the team can get good pitching they could possibly be title contenders. Gene Rademacher and Dennis Springer, both juniors, will probably get the nod for most of the hurling chores, and sophomore Gary Boyce may see some relief pitching. Other mound hopefuls are sophomore Tom Bullard and freshman Cary Hambleton. Springer is the only left-hander on the staff.

HITTING WILL be about the same as last year, Smiley feels—just average—although juniors Rod Hayes, Lee Hill, Radmacher and Bob Every, senior Gary Crawley and sophomore Boyce have been hitting the ball sharply in the early batting drills.

"We've got potentially good hitters," Smiley said. "Boyced us all the way up to the last last year as a freshman before Jim Pope finally won the batting championship. Every led the team in hitting in his freshman year."

IT HAS BEEN tough for Smiley to tell what his boys really can do with the bat. So far they have been confined to the gymnasium by bad weather, but they have held batting practice, using tennis balls and an automatic pitching machine.

"We should be smoother defensively, too, because of our experience, but you can't really tell

then use the four lowest scores in determining the team point total.

A whole new JV team will be formed this year, since several on the previous team have moved up to the varsity. Battling for positions on the JV team will be Tom Pautke, Bob Barber, John Ricker, Wayne King, Mike McKay, Ed Lublow, Phil Parmlee, Joe O'Leary and Steve Rutkowski.

"AS FOR THE conference," Coach Humphrey commented, "it will be real tough this year. Hastings, which finished second last year, will have three starters back, and Greenville, which finished third, will have all four starters back.

"Alma, new to our conference, won their conference last year and will have three of their starting four returning." Humphrey looks for a real tough match with Alma May 6 on Alma's course.

WHILE ST. Johns is definitely the team to beat in the West Central Conference this year, Humphrey pointed out the Wings will have to be more consistent than last year. Last year's conference title depended entirely upon performances in the conference meet.

This year, the winner of each dual match during the course of the conference season will get a point, with these to be added to the total points received in the conference meet May 28 at Alma. This puts a little more emphasis on the individual matches, which could change the picture in the end, Humphrey said.

He feels St. Johns will fare well if they play even as well as last year. In the regional last year, St. Johns was playing in Class A. They finished fifth, but Humphrey pointed out their score there would have won the state Class B title. This year the Wings are playing Class B.

### Swimmers take honors at state 'Y' meet

St. Johns' two representatives at the YMCA State Swimming Meet at Saginaw Monday brought home some honors for the Lansing "Y" team.

ROBERT LUNDY, son of Mr and Mrs Harold Lundy, 201 E. Clark Street, qualified 11th and placed seventh in the backstroke event.

Both boys have been swimming with the Lansing YMCA's competitive swim team since last October.

### Wings' duo on all-star team

Clark Berkhausen and Al Werbish of the basketball champion St. Johns Redwings were named to the West Central all-star team announced last week. Joining them on the first team were Alma sophomore Paul Dean, Greenville's Dave Balcome and Hastings' Steve O'Donnell.

Jerry Fuller of Greenville, John Mowatt of Ionia, Ed Meister of Grand Ledge, Randy DeWitt of Lakewood and Dick Lux of Charlotte made up the choices for the second team.

### Recreation Calendar

SATURDAY—Ballroom dancing lessons at 8 p.m. at the Senior Citizens Drop-In Center on East Railroad Street. MONDAY—City League softball managers meeting at 8 p.m. in the Municipal Building. INDUSTRIAL DIVERSITY Diversity of Michigan's industry is demonstrated by the fact the state is headquarters for two of the largest paper manufacturers, two of the largest food processors, two of the largest pharmaceutical manufacturers, two of the largest steel companies, two of the largest chemical companies and two of the largest electronics companies, and many other top industries.

Winning the team actual event in the City Bowling Tournament was the H & H Lounge team, consisting of, left to right, Leo Brunner, John Bradley, Paul Schueller, Ross Myers and Merlin Durbin. Their score was 2802.

Team handicap winners in the St. Johns City Assn. Bowling Tournament was the Lake's Jewelry team made up of, left to right, Keith Penix, Dick Urban, King Dutcher, Harold Pease and Joe Spousta. Their score was 3119.

## City Assn. bowling tournament ends

Two teams shared the honors in the St. Johns City Assn. Bowling Tournament, which ended recently at Redwing Lanes, but one man and one doubles team took all the honors in the singles and doubles events.

Lake's Jewelry, with a 3119 score, won the handicap team event, while H & H Lounge won the actual score title with 2802.

JERRY Herblet took the most honors of the tournament by winning singles handicap with a 738 score, singles actual with 664, all events actual with 1802, and all events handicap with 2024.

Rollin Dunkel and Bob Boettger teamed up in doubles to win the

## 'Bowl down cancer' this week

The Red Wing Bowling Lanes is the scene this week of a little more than the usual bowling excitement. A "Bowl Down Cancer" tournament is being held in conjunction with the regular bowling, with the \$1 entry fee going into the cancer fund.

Details of the tournament are available at the bowling alley.

PRIZES FOR the tournament have been donated by St. Johns merchants, and they include the following: a pair of electric sox from Sears; a lamp from St. Johns Furniture Co.; a purse from Mary Frances Shop; kitchen towel and spice set from J. C. Penney Co.; what-not shelf from Miller Furniture Co.; pair of cuff links from Rehmann's; lotion from Glaspie's Drugs; travel shoe shine kit from Holden-Reid; two pair of stretch hose from MacKinnon's; lotion from Parr's Drug Store; and a purse from Julie K Shop.

Mrs William Dohoney, co-chairman of volunteer activities for the Clinton County chapter of the American Cancer Society, is in charge of the tournament. Plans are also well along for a benefit card party April 26 at 8 p.m. in the St. Johns Municipal Building.

## Adair-Sodman marry in evening ceremony

ELSIE— The Duplain Church of Christ was the scene of the Saturday evening wedding of Miss Judy Marie Adair of Elsie and Albert Daniel Sodman of St. Johns. The double ring ceremony was performed by Rev Ralph Woodard.

The bride is the daughter of Mr and Mrs Donald Adair of Elsie and the bridegroom is the son of Mr and Mrs Robert Sodman of St. Johns.

The bride, who was given in marriage by her father, chose a white ballerina length gown of nylon acetate lace over taffeta. The full shirred skirt, falling from a dipped waistline, was fashioned with a scalloped hem which swooped upward at the sides to reveal sequined appliques.

THE FITTED bodice was designed with a scalloped scoop neckline trimmed with iridescent sequins and long pointed sleeves. The ballerina veil of snowy white silk tulle was held in place by a cornet headpiece trimmed with miniature pearls. She carried a bouquet of red roses and white carnations.

Miss Ruby Adair of Elsie served as maid of honor for her sister's wedding. She wore blue lace over taffeta with white acces-

## Week of Elsie evangelistic services ending

ELSIE— A nightly series of evangelistic meetings at the Elsie First Baptist Church of Elsie, conducted by the Rev William A. Harrington of Coldwater, will close Friday evening.

The services, starting at 7:30 p.m., were held nightly all this week. Each meeting features special music, congregational singing and the gospel message. The services are open to the public.

THE REV Mr Harrington received his training for the ministry at Huntington College, United Theological Seminary and has taken further work at Eastern Baptist Theological Seminary. He is presently pastor of the First Baptist Church of Coldwater.

He has held many important convention offices in the Michigan Baptist Convention, presently serving as chairman of the Town and Country Committee, chairman of the committee of the ministry and as a member of the executive committee.

REV MR HARRINGTON has been active in youth work, only recently having been invited to conduct a Christian life emphasis week at Huntington College. Last year he and his wife were a part of a tour group from Michigan visiting the Middle East and Holy Land.

The Junior High Solo and Ensemble Festival will be held at Alma Saturday. Band director, John W. Beery, and several members of the Elsie Band will attend.

## Elsie PTA sponsors hobby and fun show

ELSIE— Saturday evening, the Elsie High School gymnasium was nearly filled to capacity for the annual Parent-Teachers Assn.'s Hobby Show and Fun Night.

Gene Stauffer emceed the program while John Beery, band director, performed with his tuba throughout the evening.

The opening number was a jazz dance by Elaine Bloomer. Other dances were a Spanish tap by Raelene Loznak and Diane Hoshfield, a Spanish ballet by Pamela Loznak; acrobatics by Susan Crosson, a tap dance by Dawn Baese, and a modern dance by Dorothy Bloomer.

A vocal solo by Elizabeth Ensign was followed by the duet groups of Cindy Kelley and Mary Slagh, Barbara Warner and Kathryn Melvin, Jennifer Keys and Kay Acre, Jean Smith and Rosalyn Zamarron, and Susan Vandyne and Ellen Radke, the latter four girls being from Ovid High School.

There was a trio of girls from Ovid, Diane Hiller, Shelley Hall and Marie Huss, and a quartet from Elsie composed of Janice Kelley, Sharon Dunham, Linda Tomasek and Thelma Dunham.

A reading, "My Financial Career," was given by Kenney Baese and two musical plays by the kindergartners and the fifth and sixth grade girls.

Among the instrumental numbers were: solos, accordion by Diane Bohil and clarinet by David Williams; duets, accordion and guitar by Sonja and Georgia Goscinski, clarinet by Cathy Robin-

son and David Williams and guitar by Eldon Hofacker and Douglas Mole.

Accompanists for the various groups were Lois Williams, Mrs Jeanne Temple, Sylvia Surik of Ovid and Jennifer Keys.

An Ovid High School drum quintet, composed of Dennis Borton, John Craig, David Das, Jeff Weigel and Chipper Seward played "Rudimental Roulade."

The Jeni-K Duo (Jennifer Keys and Kay Acre) of Elsie were featured vocalists with an Ovid High School combo, Dennis Borton, Pete Sallnaz, Eldon Hofacker and Douglas Mole.

The closing number on the program was the first appearance of the EHS dance combo. It was composed of Jack Ellis on trumpet, George Keck on cornet, Mark O'Donnell on drums, Jim Temple on bass, Bill Zuckschwerdt on saxophone, Dennis Herron on trombone and Jennifer Keys on piano.

Participation ribbons were given to all performers. Mrs Robert Bloomer was chairman of the entertainment while Mrs Lyle Acre and Mrs Raymond Stewart were in charge of the hobby exhibits. Mrs Richard Sturgis, Mrs Gene Stauffer, Mrs Gordon Mead and Mrs Don Brewbaker were in charge of the ticket sales.

The Hobby Show which was open in the afternoon provided a wide variety of exhibits.

There were paintings by John Hibbler, Jeff Leydorf, Skip Knight, Sharon Stewart and Janice Beauhall, many of them scenes of this area, framed pictures made of seeds by Mrs Pearl Mead, cross-stitching by Mr and Mrs Rex Ballantine and a display of copper plates made by Mr and Mrs James Dorman.

Also on display were collections of sea shells and marine animals by Dana Lannen; brass dishes, teapots and candlesticks by Mrs Mildred Beauhall; stamps with 420 countries listed by Thelma Dunham; model cars by Larry Pearce; and a stamp collection which included 412 different American stamps and 3,399 foreign stamps by Janice Beauhall.

Mrs Florence Ewer exhibited hand-cut nails found in the remains of a burned out saloon at Big Bay. Among other handmade articles were a crocheted bedspread and rag rug by Mrs Ewer, a knitted scarf by Irene Bernath, and a knitted turtle-neck sweater by Thelma Dunham.

A Della Robbia wreath was displayed by Irene Bernath, angels and plaques for Christmas trees by Maureen Peck and a friendship quilt top by Marcella Peck.

There were many examples of shop work, drafting, wrecking bars and hay hooks shown by students of William Furstenau and Blaine Lentz, shop and ag teachers.

Mrs Jeanne Temple and Mrs Florence Ewer displayed part of their doll collection.

Two other attractions were an electric Michigan questionnaire made by Phyllis Stewart and a little greenhouse with unusual plants by Mrs Ray Peck.

For youngsters, there was a City of Tomorrow by Coleen Daley made of paper plates, pipe cleaners and cardboard cylinders. Buildings were operated by solar batteries and exemplified those of the future.

The other exhibit, Science in Space, by Jack Keys, Terry Bernath and David Darling featured a helicopter snatching a capsule from the water. There were miniature astronauts, launching pad, rockets, missiles and other equipment pertaining to the space program.

They also prepared a 25 foot background of pictures and stories that followed the recent orbital flights.

"Music Hobby by the Seven Keys" was a display of sheet music and books collected by the Sidney Keys family. The exhibit represented three-fourths of a century of music within the immediate family.

A large poster pictured the members of the Keys family and their various interests in music with Mr and Mrs Keys and their five children forming the present, their parents, the past, and their six grandchildren, the future of music in the family.

### View demonstration by archery expert

ELSIE— Jim Hurst, president of the Ovid-Elsie Archery Club, talked before the Boy Scouts Wednesday evening at their meeting in the American Legion Hall. He explained the handling of bows and arrows, the care taken to prevent injury and laws controlling archery. He described the equipment used and the health and entertainment value received from practicing archery.

Hurst showed the boys how to hold the bow and demonstrated several arrow shots for them.

### Models Green Jumper

Earlene Flegler, 11, of the Willing Workers 4-H Club, models her green jumper with a V neck Saturday morning at the Young Miss Style Revue. A large crowd of parents and friends watched the style revue, one of three which closed out the 4-H Spring Achievement Show.

## Woman's club hears speaker from Ovid

ELSIE— Members and guests of the Woman's Literary Club met Tuesday night in the Home Ec room of Elsie High School with John Owen, manager of the Vaughn Seed Co. in Ovid, as guest speaker.

His talk was complemented by colored slides of flower gardens and the operation at Vaughns.

Processing and packaging shrubbery and rose bushes begins late in December, he said and continues through April, with about 50 men and women employed during the winter months while only ten are required for the rest of the year for seed packaging.

There are three ways of processing, he said, setting out in Aluminum lined cardboard containers; packaging shrubs and rose bushes with tops dipped in wax to hold in moisture; and the trimming and bundling of bare roots.

He showed slides of the entire operation from unloading and storing with power lifts to processing 2400 potted roses a day or 3000 packages by means of a roller type machine to labelling and sorting and boxing for delivery to all parts of the United States.

Among those seen in the pictures were Mrs Geraldine Geiger, Mrs Doris Buck, Mrs Cereta Thornton and Mrs Marie Johnson.

The latter part of his talk was accompanied by pictures taken while he and Mrs Owen toured Europe. Included were gardens in London, Edinburgh, Scotland, Lucerne, and Switzerland with examples of flower garden arrangements, window boxes, roof and balcony gardens.

He also added pictures of California flowers and the cactus varieties of the Southwest, and concluded with gardens at his own home and that of his neighbor, Dr B. R. Elliot's. Mrs Jack Hawes introduced the speaker.

Bruce Powelson played a clarinet solo, with Jennifer Keys as accompanist. This was the selection that earned him a trip to the state festival in Muskegon recently.

Mrs Paul Platner, president, announced the Michigan State Federation of Women's Clubs will hold its annual convention in Kalamazoo, April 27, 28 and 29 and called for reports of recent activities.

The following were given: Trading Post, Mrs Lawrence Hess; Cancer Kick-off Dinner and program in St. Johns, Mrs Henry Allen; executive board meeting of the Clinton County Federation at Laingsburg, Mrs Howard Peltier, who stated that May 4 was chosen as the convention date at the Price Church; Friends of the Library, Mrs G. W. Bennett; and Mother's Day Party invitation committee, Mrs R. C. Parks and Mrs C. S. Goodrich.

Mrs Platner said that the April 13 meeting of the club has been cancelled so the next regular meeting will be April 27 in the Knight Elementary School with a

## PTA to stress family unity

ELSIE— The executive board of the Parent-Teacher Assn., at its Monday meeting at Elsie High School, concerned itself with the future program of the organization. Discussion centered on the recent Ovid-Elsie School consolidation.

George Keck presided and heard reports of the hobby exhibit and fun night program sponsored by the PTA. The show provided a considerable increase in the treasurer's report. This was the only money-making project during the year. It was recommended that the hobby show and entertainment be given on different nights to allow more time for each group.

Earl Seybert, assistant superintendent, led a discussion on curriculum development in the school system and asked the PTA to consider its needs, know what the children are doing and what they should be doing. There was comments on extra curricular events and how much of the student's time the school should use up away from family, church and outside activities such as 4-H.

IT WAS decided that family ties should be made more secure and parents better informed. As a PTA, the board recommended that future programs stress these issues.

Michigan Parent-Teacher bulletins were distributed and announcement was made of the 48th annual PTA convention to be held at Sault Ste. Marie on April 26, 27 and 28. The convention theme concerns all children and the keynote address will be "Youth in a Changing World" by Dr. H. L. Trueman of Ottawa, Canada.

The next general PTA meeting will be Monday night, April 12, when Mrs Rita Cox, homebound teacher in Shiawassee County, will discuss new techniques in teaching and special education of children.

## 6 Elsie students at FHA meeting

ELSIE— Sandy Allen, Lynda Libbey, Dee Washburn, Rosemary Saxton and Judy and Joan Fabus Elsie High School students, attended the Future Homemakers of America state convention last Thursday and Friday in Grand Rapids.

The convention, with headquarters in the Pantlind Hotel and Civic Auditorium, drew about 1,500 delegates, members and advisers from throughout Michigan to follow a theme of "Citizenship A Continuous Challenge."

MRS Charlotte Tulloch, home economics teacher at Elsie High school, is FHA adviser and was in charge of the Elsie delegation. Purposes of the state convention were to summarize the year's accomplishments, set plans for future projects and carry out the business of the state organization. Included in the business was the election of officers and the yearly awards of a scholarship and of honors.

Master's degrees are held by 22.5 per cent of US teachers.

## DeWitt adopts \$167,145 budget

DeWITT—A budget calling for expenditures of \$167,145 for 1965 was adopted Saturday evening by the DeWitt Township Board of Trustees.

The budget calls for: general fund \$80,000; highways \$30,000; fire department \$13,500; cemetery \$10,000; supervisors' salaries \$7,000; police \$6,331; clerk \$5,500; returned tax \$3,914; street lights \$2,300; elections \$2,100; library \$2,000; clerical salaries \$1,150; meeting expenses \$1,500; treasurer, \$1,000; and supplies \$900.

The board changed its monthly meeting from the first to the second Monday of each month, starting in May. Sessions are a 8 p.m. The township board also voted to review fire protection contracts with neighboring townships.

## DeWitt hikes pay of supervisor

DeWITT—Salaries for DeWitt Township officials were approved by the township trustees last Saturday night at their annual meeting. They are: supervisor \$7,000; clerk \$5,500; trustees \$12 per meeting, \$6 for half-day sessions and \$12 per day when working on the board of canvassers.

The supervisor's salary is an increase over last year's \$5,500. It will go to the township's new supervisor, Oliver S. Angell, but the salary makes no provisions for added expenses. Supervisor Fred Culy, who retires this Saturday, received \$5,500 plus \$1,000 for office expenses.

THE BIG FORD FRONT SEATING WIDTH MEASURES

## No Fooling — 9 Inches!

No fooling, there was that much new snow on April Fool's Day. Five-year-old Susan Studer, daughter of Mr and Mrs Willard Studer of 706 S. Lansing, St. Johns, plunged a yardstick into a level, undrifted spot in the backyard Friday, and it showed the new snow almost nine inches deep. It all came the day before.

## P-W school budget deficit seen

PEWAMO - WESTPHALIA —

A preliminary budget estimate of \$227,425 for operation of the Pewamo-Westphalia Public Schools during the 1965-66 school year has been proposed by the board of education.

The estimate is \$8,823 above anticipated revenue for the next fiscal period and exceeds the 1964-65 budget by \$25,630.

THE greatest single increase in the budget would be in teacher salaries, estimated at some \$12,861 over this year. This is due to a higher salaries schedule and the number of staff members because of a higher enrollment in the schools, the school board pointed out.

The estimated budget calls for these expenditures during 1965-66: instruction, \$37,675 (elementary) and \$102,505 (secondary); administrative expense, \$20,510; transportation, \$32,510; operation of plant, \$19,225; maintenance, \$7,150; fixed charges, \$1,475; capital outlay, \$3,250; community services, \$125; and textbooks, \$3,000.

★ IN MEMORIAM

In loving memory of our mother and grandmother, Leona S. Rose, who passed away 3 years ago April 9, 1962. Time speeds on, three years have passed. Since death its gloom, its shadows cast. Within our home, where all seemed bright. And took from us a shining light. We miss that light, and ever will. Her vacant place there is none can fill. Down here we mourn, but not in vain. For up in heaven we will meet again. -Sadly missed by Mr and Mrs Arthur J. Rose and family, Mr and Mrs Chester Rose and family, Mr and Mrs Elmer Stewart and family and Miss Charlotte H. Rose. 50-1p

★ LEGAL NOTICES

NOTICE OF LETTING OF DRAIN CONTRACT AND REVIEW OF APPOINTMENTS BOTROFF DRAIN Notice is hereby given, That I, Dale R. Chapman, County Drain Commissioner of the County of Clinton, Michigan, will, on the 15th day of April A. D. 1965, at the Clinton County Drain Commissioners Office in the City of St. Johns, Michigan, receive sealed bids until 10:30 o'clock in the forenoon of that day, for the construction of a certain Drain known and designated as "Botroff Drain," located and established in the Townships of Riley and Olive in said County. Said drain is divided into one section as follows, each section having the average depth and width as set forth: All stations are 100 feet apart. Section No. 1 beginning at station number 0 at the lower end of said drain and extending to station number 35, a distance of 3500 feet, and having an average depth of approx. 2 feet, and a width of bottom of 4 feet. The cross-section of completed drain shall be as follows: Depth as shown on plans, bottom width 4.0 feet, side slopes 1.0 feet vertical, 1.5 feet horizontal. A new spoil shall be leveled to 1.0 feet unless otherwise specified by the Drain Commissioner. All stumps, stones or debris shall be placed in the center of the spoil and the trees and stumps shall be removed from both slopes. The construction of said Drain following quantities and character of tile or pipe will be required and contracts let by reference may be had by all parties interested, and bids will be made and received accordingly. Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, the sum then and there to be fixed by me, reserving to myself the right to reject any and all bids, and to adjourn such letting to such time and place as

**Bridal shower attended by 15**

OVID— Miss Ruth Harrington was guest of honor at a bridal shower, Saturday evening, in the home of Mrs Frank Enos, with Patricia Harrington as co-hostess. The 15 guests came from Lansing, Owosso, St. Johns and Potterville.

Mrs Harry Townsley, Mrs Lester Harrington and Mrs Jennie Enos won the game prizes and presented them to the honored guest.

The gift table was decorated with pink and white, with a white umbrella. The bride-to-be received many gifts.

The linen covered refreshment table was centered with a cake, decorated with white frosting, pink and white umbrellas, pink roses and silver leaves. Frank Enos made and decorated the cake.

The co-hostesses served refreshments.

Miss Harrington will become the bride of Eugene Woodruff, May 8.

**Honor Miss Jorae at bridal shower**

OVID— Miss Vicki Jorae, who married Kenneth Doten, March 28, was the honored guest at a miscellaneous shower in the home of her sister, Mrs Vaughn Hawley. Games were played by the 12 neighbors and friends present.

Mrs Ronald Korf assisted the bride-to-be in opening and recording her gifts and in making the ribbon bouquet.

Mrs Bruce Welton made the cake, decorated with pink and white and centered with a bride and groom.

Refreshments were served.

Mrs Fred Young has returned to her home at Dowagiac after spending about 10 days with her mother, Mrs Fleida Austin.

Mr and Mrs Jack Schwark Sr. returned home Saturday after spending the winter months in Florida.

The Ovid Band Boosters will meet at 8 p.m. Monday, April 12, in the high school music room for election of officers.

Mr and Mrs K. C. Hunt and Mr and Mrs Art Kelley have returned home after spending about 3 months in Florida.

**Ha, Ha, Ha, and April Fool, Too**

There weren't many people laughing at the weather last Thursday. But one person, looking on the bright and mischievous side of things, thought he would add some significance to the snow. And thus, for all to groan about, he spelled April Fool in the three inches of snow atop a car in St. Johns. Between six and nine inches of snow fell during the day.

**Lenten Series' final message set for Sunday**

OVID— Dr Hugh S. Townley, minister of the Ames Methodist Church in Saginaw, will give the final message of the 1965 Lenten Series at Ovid United Church.

Dr Townley will preach on "God's Controlling Love" Sunday, April 11, at 7:30 p.m. in the basement rooms.

A preacher in the Detroit Conference of the Methodist Church all the years of his ministry, Dr Townley has been minister of the Ames Methodist Church in Saginaw for the past 23 years. During this time he has served on boards and committees of the Conference and was Conference secretary of

the Board of Evangelism for 16 years. At the present time he is active in the Eaton Rapids Inter-denominational Camp Assn.

Rev Garth Smith, minister of Ovid United and Shepardsville Methodist churches, will have charge of the worship, assisted by youths from the United Church. The Middlebury WSCS will host the refreshment and Fellowship hour which follows the evening's program.

Everyone is welcome to attend the series. Sponsors are Ovid United, Shepardsville Methodist, Ovid First Baptist, Elsie and DuPlain Methodist, Bannister and Ashley Methodist and Middlebury Methodist churches.

Mrs Mitchell Das is convalescing in Owosso Memorial, following surgery.

**Showers honor Miss Goodrich**

OVID— Miss Sarah Goodrich was the honored guest of a bridal shower at the home of Mrs Nadine Mallen in Lansing given by her co-workers Friday evening. There were 19 guests to partake in an evening of visiting and games. Prizes won were presented to the guest of honor.

The gift table was white covered, with a white umbrella and pink streamers. Several co-workers assisted Sarah in opening and recording her many gifts.

Refreshments were served from a lace covered table, centered with a candelabra with pink candles.

She was honored at another shower at the home of Mrs Lewis Goodrich Jr. on Saturday evening with Mrs Virgil Morden as co-hostess. Twenty-two members of the family from Midland, Henderson and Ovid area were present. Games were played and prizes presented to the guest of honor. Gift table decorations were pink and white with a white bell.

Her four nieces assisted her in opening her gifts while Phyllis Morden recorded them. Refreshments were served by the co-hostesses.

Mr and Mrs William Yunker and family of Newaygo, Mr and Mrs George Padgham and family of Chelsea, Mr and Mrs D. O. Barton and family of Wheeling, Ill., and Mr and Mrs Robert Van-Sice and family were Sunday guests of Mr and Mrs Earl Ruff. Mr and Mrs Leon Hooker of Livonia were weekend guests of Mrs Aphra Pixley.

**Church box social**

BANNISTER— An old fashioned Box Social was the event of the evening, Tuesday night, at the Bannister Methodist Church.

Ray Canfield was the auctioneer and prizes were given to Mrs Thomas Moore for the prettiest box, to Mrs Floyd Glowney for the funniest, and to Mrs Ray Canfield for the most unusual. A short program of music and comedy completed the evening.

The MYF sponsored the event and the proceeds will go toward the carpeting fund.

Mrs Grace Pearce returned home Thursday after spending several weeks visiting relatives in Florida.

Mr and Mrs Dave Green and daughter, Wendy Jo, were honored guests, Thursday evening, when the Senior Choir of the Bannister Methodist Church had a fellowship gathering after choir practice and presented Wendy Jo with an outfit of wearing apparel. A dessert luncheon was served following the time of fellowship. Mrs Green has been a member of the Senior Choir for several years. Her mother, Mrs Lydia

Peters, was also present for the occasion.

Eric and Mark Casler were guests of honor Friday afternoon at a party given them by their teachers and classmates. Friday evening, Eric was guest of honor at the Ray Canfield residence. He was surprised to find 14 Junior Choir members there to honor him. Eric and Mark are moving to Ovid and will attend school there.

4-H members and leaders from Bannister traveled to Ithaca Saturday morning to attend the Young Miss self-judging program. This is one of the first of a series of events that will take place this week as the climax comes Friday night when the 4-H members

present their Style Show and display projects that have been completed during the winter.

Mr and Mrs Thomas Moore were hosts to a buffet supper, Saturday evening, for several friends and relatives who had participated in a mock wedding celebration given in their honor a few years ago by their daughter, Mrs Ronald Betts. Following the supper, group singing was held with Mrs Otto Gower at the organ. Climaxing the evening, moving pictures were shown of the mock wedding and anniversary celebration.

There was a fire at the John Skaryd residence early Sunday morning. No one was hurt but the house was extensively damaged.

**Complete Easter dinner with distinctive dessert**

Most of us spend a lot of time preparing Easter dinner for it is one of the most important meals of the year. After hours of glazing the ham and planning the other courses, you'll want to serve a distinctive dessert, as special as the rest of the meal.

A custardy tart is flavorful and unique with the taste surprise of raisins. The filling is a spicy combination of raisins, sour cream and eggs. Use pastry sticks for the crust or your own favorite recipe.

Bake the raisin tart in a continental fluted pan with a removable bottom to give it a very distinctive looking crust. If a tart pan is not available, use a 9-inch cake pan with removable bottom.

**FAVORITE RAISIN CREAM TART**

3 eggs  
3/4 c. sugar

1/2 tsp. salt  
1-1/2 tsp. flour  
3/4 tsp. cinnamon  
1/2 tsp. nutmeg  
1 tsp. grated lemon peel  
1 tbsp. lemon juice  
1-1/2 c. dairy sour cream  
1-1/2 c. dark or golden raisins  
Pastry for double 9-inch crust

Beat eggs until fluffy. Beat in sugar, salt, flour, spices, lemon peel and juice. Stir in sour cream and raisins. Turn into pastry lined 9-or 10-inch fluted tart pan. Bake, below center, in moderately hot oven (375 degrees F.) 40 to 50 minutes, or until filling is barely set in center. Cool; garnish with whipped cream is desired. Makes 8 servings.

A dessert that is both decorative and tasty is a rich Russian bread made with raisins, slivered almonds and grated lemon rind which is shaped like the "bubble" dome of a Byzantine church. To make Kulich, a centerpiece "church" for your table, bake a double recipe in different size cans; two No. 303 cans, a short one pound coffee can, and a tall one pound coffee can. Accent tops with frosting and cherries, mark windows and doors with raisins — or follow directions below for a less fanciful, just-for-eating version. Either way, you'll find Kulich a happy choice for Easter baking.

**KULICH**

1 pkg. hot roll mix  
3/4 cup warm (not hot) water  
1 unbeaten egg  
1/4 c. raisins  
1/4 cup chopped slivered almonds  
1 tsp. grated lemon rind

**GLAZE:**

1/2 c. sifted confectioners' sugar  
2 to 3 tsp. milk

Sprinkle yeast from hot roll mix over water in large bowl; stir to dissolve. Add egg, raisins, almonds and lemon rind with the dry mix. Mix well. Let rise in warm place (85 to 90 degrees F.) until light and doubled in size, 30 to 45 minutes.

Shape 2/3 of dough into a ball and place in well-greased 1-pound coffee can. Shape remaining dough into a ball and place in well-greased No. 303 can. Let rise in warm place until light and doubled in size, 30 to 60 minutes.

Bake at 350 degrees for 35 to 40 minutes for large loaf and 30 to 35 minutes for small loaf until deep golden brown. Drizzle glaze over warm coffee cake. Decorate with candied cherries and almonds, if desired. Makes 2 coffee cakes.

Glaze: Combine confectioners' sugar and milk.

**'Think small' answer to spring cleaning**

Think "small" when it comes to spring cleaning. The biggest cleaning operation of the year goes far better if the job is separated into many little tasks done over a period of several weeks.

At the first sign of spring, everyone wants to bring the sunshine indoors. But the effort to put a bloom on winter-weary homes can be an ordeal unless you plan carefully.

IN INTERVIEWS with many homemakers, the Water Conditioning Foundation reports they show much skill and ingenuity in coping with this traditional cleanup operation. Here are some useful hints the foundation has collected. They will help you to put a spring glow on your home this year.

Break up your spring cleaning into many little jobs. Do a few a day. For instance, clean out and wash a closet a weekend, a shelf or a drawer a night. Concentrate on small projects, and don't let the job overwhelm you.

DON'T THROW away those worn out socks. Wear them as mittens when you dust. With socks over your hands you find that you can get at the dirt in corners that you can't reach with a dust rag. Socks protect your hands, too.

Put all your cleaning supplies in a tote tray. Avoid wasting energy by going back and forth for various supplies.

Use soft water for all cleaning jobs big and small that call for water. Soft water plus your favorite cleansing agent will put a sparkle on windows, mirrors, tile walls and woodwork. Further, it will remove soap and detergent

deposits as well as dirt from blankets, comforters and curtains. They'll come out of a soft water laundering fluffy clean.

PUT your dust-catching knickknacks into a colander or sieve. Place the sieve in a sink full of sudsy, soft water, rinse and let dry on a paper towel.

Wash your basement walls down with a car brush attached to the garden hose.

**Seek girl here for speech therapy study**

A girl from Clinton County may be selected as one of 12 from around the state for a close-up view this summer of a program in speech and hearing disorders.

The program will be offered by Western Michigan University's Speech and Hearing Clinic starting July 18, according to Gary Gill, speech therapist with the Clinton County Intermediate School District.

GILL SAID the July 18-23 program will bring the girls selected into close touch with "this very much-needed and challenging profession." In addition to talks with WMU professors, the girls will see and hear speech therapists at work and participate in other activities intended to stimulate their interest.

Professional speech therapists are much in demand by school systems, hospital clinics and universities, according to Gill, who is a graduate of WMU's professional training program in speech pathology and audiology.

ALL PARTICIPANTS will be awarded an all-expense scholarship by the Psi Iota Xi sorority chapter in Niles. Enrollment in the program will be limited. Applications will be accepted from local girls who will be in their senior year of high school starting next fall.

Further information on the program may be obtained from Gill at the special education office. The program has been endorsed by Carl Bates, superintendent of the Clinton County Intermediate School District.

**Canning this Spring?  
Check equipment now**

BY BETTY KETCHAM  
County Extension Agent  
Home Economics

I have faith that Spring is coming. Some will be eating tender green stalks of fresh asparagus, dandelion greens and rhubarb.

Check your canning equipment right now if you want to preserve some of this early spring eating for later in the year.

If you can non-acid food, a pressure canner or cooker is a MUST.

REREAD THE directions that come with your canner or cooker — especially if you do not use it frequently enough to be thoroughly familiar with it. If the directions have been lost, write the manufacturer for a new set. In writing, give the model number and any other information you can find on the utensil, or, lacking such information describe it and give the approximate age.

PUT WATER in the canner and bring it up to pressure in the usual way to see that it is in good working order. Allow time for any repairs that might be needed.

Check the cover. Clean the opening in the cover by drawing a string or pipe cleaner through. Take off removable petcocks and safety valves. Wash and dry it thoroughly.

Watch for steam leaks. Escape

of a little steam around a weight-type gauge is normal, but none should escape elsewhere. If steam escapes around the cover, examine the edge of cover and utensil. Are they smooth? If not, clean them with fine cleansing powder.

If the gasket is reversible, turning it over may improve the seal. A gasket that is worn, stretched or hardened should be replaced with a new one. If it leaks, it is difficult to maintain the right pressure and the cooker can boil dry.

IF YOU HAVE a dial gauge, have it checked for accuracy at the beginning of each season and that time is NOW. Contact your dealer or the manufacturer of your canner. Ask them for instructions. If you check your instruction book you may find instructions on how to obtain repair service.

If you have some extra time or it's a rainy day and the youngsters are looking for something to do, have them check the glass jars and lids you use for canning.

Discard those that have dents, cracks and chips. These defects will prevent an airtight seal and the food can spoil. Throw away those old rubber rings too!

**Thermos bottle care**

Thermos bottles develop a stale odor when closed and not used. To avoid this wash the containers in hot soapy water, then rinse with a solution of soda and warm water. Rinse in clear hot water. Let bottles air dry before closing.

## Words of encouragement for our "civic nuts"

People nowadays think you're some kind of nut if you volunteer for civic activities, are patriotic, have pride in your town and are willing to put yourself out for the community or the country.

But what kind of a country would we have ended up with had some of the early patriots—and the later ones—taken that same kind of attitude. Charles H. Brower, president of a national advertising firm, recently asked much the same question. In his speech he asked what the course of our American history would have been if the early patriots would have given these answers when called up to serve their country:

**NATHAN HALE:** Me spy on those British! Are you trying to be funny? Do you know what they do with the spies they catch? I'll give you a news flash, chum. They hang them.

**PAUL REVERE:** What do you mean—me ride through every Middlesex village and town? And in the middle of the night yet. Why pick on me? Am I the only man in Boston with a horse?

**PATRICK HENRY:** Sure I'm for liberty. First, last and always. But we've got to be a little realistic. We're a pretty small outfit. If we start pushing the British around someone is going to get hurt.

**GEORGE WASHINGTON:** Gentlemen, I am honored. But I do wish you would try someone else. Let's say General Gates. I'm just getting things organized at Mount Vernon. Also you might say I had already served my time. Against the French, you know.

These statements appear a bit ridiculous when linked with the great patriots of our American history. Yet are they any less ridiculous or less worthy of an American when uttered by someone in our community?

Great things in any community are accomplished by the great efforts of locally great men and women—and in our communities it means the kind of men and women who take time out for their town and the people in it.

It's too bad we don't have a lot of "civic nuts."

## Goodness is paramount in the Great Society

Our thanks to Mrs Clifford Dunham of Elsie for calling attention to editorial comment about "The Great Society" in a recent issue of the Michigan Christian Advocate.

In pointing out that emphasis should be on the "good" rather than "great" society, the editor summarizes:

We can begin by pointing out that the great and the good are not synonymous. The coming of the nuclear age and the possession of the A-Bomb makes even the little nation great. In such an age greatness is precarious at best.

REALIZING THIS precariousness, we can de-emphasize "The Great Society" and begin to accent the GOOD society. Most nations are convinced of our greatness (even we are) but they and we are not so sure about our goodness.

While the President and his advisors can give helpful leadership, they or any government—local, state or national—cannot do for the people what God intended them to do for themselves. There is still a place, and always will be, for personal integrity, enlightened patriotism and religious dedication.

## "Do You Take Trading Stamps?"

## RAMBLIN' with Rink

BY LOWELL G. RINKER

Sprig, sweed sprig, is cubbig, I cad feed id in the air. See, the growd is giddithawig, Bud ad slush are everywhere I doff by widder fladdels, Pud od by subber clothes Ad weeds ad weegs together Vainly try to blow by dose!

THE REASON for our late winter weather seems quite apparent—nobody's been trying to do anything about it. The weather men are never sure of themselves long enough ahead that they will venture an enthusiastic forecast.

The people of St. Johns and all of Michigan are pretty much the same way. Everybody is so used to the snow and cold they now believe it will continue. And it will as long as we let it.

WHAT WE NEED is a movement here of the Optimistic Weather Thinkers (OWT). A mass trend toward thinking about spring weather by the people around here could work wonders. After dragging through last Thursday's six-inch snow storm, I'd say we have nothing to lose.

The first thing you can do to become an Optimistic Weather Thinker is to chant three times, "We want OWT, we want OWT,"

we want OWT." This qualifies you as a member of OWT and also serves the double purpose of telling others you want out of the current weather pattern.

NEXT, recruit your friends. Tell them of the movement afoot to DO something about the weather. Think optimistic. By such a united effort we should have enough influence as a group to get some spring weather in here. Marches, sitins and other such demonstrations should not be necessary at this late stage in the season. After all, we don't want to antagonize the weatherman; we just want him to know we want OWT and out.

With a deep feeling of civic pride, I would like to make the first contribution to OWT, and I invite everyone to join with me. Last week's storm was the last snow storm we'll have this season. There may be some snow flurries today or tomorrow, but after that we'll experience constantly warming weather, and we never again will have the snow cover we had the previous day.

Winter is over, and sprig, sweed sprig is cubbig real sood. —rink

## ONCE OVER LIGHTLY

## Socialism is a dead issue

A COUPLE of outfits, purporting to represent the pulse of small business and rural America, call on us annually or thereabouts to solicit a membership fee. The \$25 or so they ask is supposed to find its way into a kitty used to persuade legislators and congressmen to think kindly about us little guys.

Representatives of these organizations are invariably black-suited, glib-tongued fellows who carry portfolios heavy with testimonial letters telling of the value of the work they do.

Their approach is always the same: "Just 10 minutes of your time to explain my mission." Then out comes the portfolio and the accompanying sales patter.

THE NUB OF their pitch is that America is headed for economic ruin and that I should join the other \$25 contributors in helping to stave off this debacle.

If I thought the nation was in such serious difficulties and my 25 bucks would help I'd be the first to ante up. But these prophets of doom have been making the rounds of small businessmen peddling the same message and asking for handouts ever since I went into business 31 years ago.

The records they show me of other contributors indicate that they make quite a few "sales." Among the list I always recognize several donors who seem to fall for this nebulous pitch but will seldom support their local Chamber of Commerce.

SOCIALISM, these membership peddlers say, is what this country is coming to . . . and us hard-headed small businessmen are the guys who can stop it. We can use our united influence to put a damper on legislative excesses.

The time to have been frightened by socialism in the US has long since passed. We're way beyond socialism. Everybody else in the world seems to know this, and is far more impressed than we Americans by our \$30 billion increase in the gross national product in just one year.

Socialism has been a dead issue with serious Americans since before Norman Thomas stopped running for president and announced that we already had made laws of all his goals—namely, the social and welfare services.

WHILE OTHER less fortunate countries in the world were wallowing, or about to wallow, in man-made crises like socialism and communism, we've stuck stubbornly to a capitalist system. The political, spiritual and economic freedom of our citizens has been the basis for our riches.

As Columnist Anzio Jackson writes: "We learned that we had better take good care of our big, fat capitalist cow in order to get lots of cream from her for everybody . . . Americans work very hard to see to it that Old Bossy is warm, sweet, gentle and full in the udder to the point that she bawls to be milked."

WITH THE capitalist cow functioning properly we can and do pay for welfare programs, for all the social services such as free public education, without destroying the business and industry which are the real producers of wealth in any economy.

This cow represents the enterprises that enable you and me to pay taxes, and they are heavily taxed themselves. And we wouldn't dream of killing the cow to get the milk.

By now, thinking Americans should realize that there is a great difference between social services and real socialism, which is government ownership of the wealth-producing enterprises. We should surely know that we get so much more from our state-regulated free system than any socialistic nation gets out of its state-owned cow, that we are the envy of the world. And have been for years.

Our job as small businessmen, farmers and citizens in general is to concentrate on keeping our enterprises both healthy and vital so they can continue to support with taxes the ambitious programs we undertake.

### The Wirtz Possible Program

(From the National Republican Congressional Committee)

America's farmers, rapidly becoming the Great Society's punching bag, took another one on the chin in the decision of Secretary of Labor W. Willard Wirtz to use juvenile delinquents from US cities to replace braceros who once did US migratory farm work.

William Steif, reporting for the Scripps-Howard newspapers, said the US Employment Service will run a program which will pick 1,000 youths from major cities and send them out on the farms. Eventually, the Department plans to recruit 50,000 youths.

WHAT DO THE farmers get out of it? They must pay transportation for the youths. (From New York to California, for example, this could be expensive.) They must provide housing and food that "would have to meet standards of Labor Department inspectors." In the past, this has been an expensive proposition. They would have to pay between \$1.15 and \$1.40 an hour minimum wage set by the Department of Labor. They would have to contend with the crime, gold-bricking and desertion of city youths unaccustomed or unwilling to doing farm work.

The consumer would "benefit" by paying increased prices at the market place for fruits and vegetables. Since the program would not replace all the 185,000 braceros who formerly harvested US crops, the labor supply would be short, wage costs higher, and prices would be forced upward.

THE TAXPAYER (consumer under another name) would have to shell out up to \$50 million in tax money for this program. Department of Labor officials admit the cost to the Federal Government will be between \$500 and \$1,000 to put EACH youngster in the field for two months. (Wouldn't it be simpler to give the youngster \$1,000 for two months' work in the city?) The Labor Department plans to send "guidance counselors" to look after the youths.

One upshot of all this: The Labor Department would get control of the farm labor situation, boost bureaucracy, add a big budget, and set a precedent to expand into other fields of labor control.

It sounds so logical: Take the unemployed youths from the city, and put them out on the farm. It can be done, but the cost in inflation of prices, further tax demands, disruption of farm area communities, expansion of bureaucracy and waste of Federal funds may not be worth the two-month "finger in the dike" solution of what to do with unemployed youths from the cities.

## Ward comments on Alabama murder

PERHAPS YOU WILL have something to say about the murder of the housewife from Detroit last week. However, these are my thoughts.

They have captured four suspects, but remember they are far from convicted and may or may not be guilty. Did the man who shot the lady know her or the people with her? Can anyone prove the KKK was back of these people or did the Klan leader order anyone to murder anyone, white or black? Why did the Klan leader make such a statement as he did?

I THINK IT is wrong for President Johnson to make such a statement as he did. No one was punished for killing Madam Nu's husband and brother, or even shed many tears. I read they were shot while bound and defenseless, and the killer was known. It was a witnessed killing in the police wagon on the way to jail.

But this is America, and this woman was going down the road in peace, while the KKK is at present in good standing. A few hoodlums and even a bad leader should be dealt with by our laws and the members of the organization.

WOULD WE FARM Bureau members want the President to make such a statement against us? Certainly we farmers will take care of our leaders and members without help or hindrance of government. We don't need new laws, but rather better ethics in our relationship with our brothers, friends and enemies.

### Liked CCN editorial about gambling

WE LIKED YOUR article about gambling. We believe the more it is legalized the worse it will get. They used to tell in prohibition days to put beer in the grocery stores and people would drink less.

Look at it—men, women and teens now get it. Bootlegging is still practiced, as per Grand Ledge man in the recent news. Gambling and drinking have long gone together.

WE SEE the airport restaurant wants to get in to make up their losses. One plane crash would amount to more than they would ever take in. Some say the pilots would never drink; but they are only human. And some think they are more alert with just a little under their belt. But are they?

We worked on the railroad at one time. You weren't supposed to drink there, but most all did. We are old fashioned but believe that when people follow the Ten Commandments then a lot of our troubles would be eliminated. You can spend yourself rich.

### 'Mirror's' smoking item stirs reader

I READ IN ELMER White's Michigan Mirror of March 18 that concern over the cigarette hazard is dying officially. Isn't this what most of us expected would take

place soon after the US surgeon general's report was issued in 1964?

The disturbing thing about his article was that his main consideration seemed to be the possible loss of revenue which might result if a vigorous program to discourage cigarette smoking was begun.

UNDOUBTEDLY some readjustment of state and local tax structure would be necessary if revenues fell off sharply due to a drop in cigarette sales. However, the approximately \$300,000,000 spent in Michigan annually for cigarettes, and literally going up in smoke, would not disappear but would be subject to other forms of taxes.

Lucky for the people of Michigan that we did not have a revenue of \$10,000,000 from taxes on the sale of iron lungs; we probably would have never begun using polio vaccine. I was glad to see your editorial of March 25 dealing with nearly this same kind of thinking concerning the gambling issue.

WHAT WE DO not need to correct this major health problem is to spend more millions on research or to develop a "safe" cigarette. We need merely to stop spending \$300,000,000 per year on the "weed."

### 'Let's check record,' Ferris echoes

AS OUR OLD friend Al Smith from New York State used to say, "Let's check the record."

Last fall we were led to believe that if Barry Goldwater were elected President, he would be so "trigger happy" that we would immediately be engulfed in war with China and Russia.

WE WERE told he would send our Marine forces to South Vietnam, he would order our Air Force to attack North Viet Nam, Laos and Cambodia.

He would also order our Navy to attack the ports of North Viet Nam, and also destroy their navy.

WELL, AFTER giving this a lot of thought I am thankful to the good Lord that Barry Goldwater was not elected President of the United States.

PS—Could you slip me 15 cents for a cup of coffee.

### Teach good, combat evil, reader advises

I WAS SURPRISED that not one person commented on your article in the March 11 issue. There must be a good many outlets for the reading material you mention or they wouldn't keep on printing it.

There is only one thing a parent can do to help his children to face evil in this fast world we live in and that is to teach them the true of life at home. The life that is essential to Eternity. They, parents, must practice it, but not just tell their children about it.

EVERYONE FACES sin, evil and temptation, but truth, honesty, justice and purity and a heart full of love helps us combat evil in life.

MICHIGAN MIRROR

A convict speaks out about pre-trial publicity

BY ELMER E. WHITE Michigan Press Ass'n.

Ever been arrested? If you had, you'd be more interested in a battle going on, not only in Michigan but across the country.

Police officials, mostly prosecutors, and others in government have been making a big to-do about news coverage of arrests and trials. They argue that leaving this important part of our government operation open to public view prejudices the jury so a person can't get a fair trial.

They also assume that all police departments, all prosecutors and all courts operate fairly and promptly. In fact, the lawyers have a saying to the effect: slow justice is no justice. People who wait two to three years for results in civil actions are inclined to agree.

A PRISONER spoke out on this news problem. Until then, the argument had been theoretical. It is surprising no one thought to ask people who have been through the experience of a court trial, be they innocent or guilty.

Until now the argument had been mostly between news people and lawyers. But the prisoner's thoughts ought to shake many "just ordinary" people into action. No one can tell when he himself will be in a lawsuit.

Everyone runs the chance of finding himself in a police station or a court. Everyone should ask himself: "Would I rather be in a court system which is open to public view or one in the hands of a court where the records and reactions of those involved are hidden from public view?"

HERE'S WHAT the prisoner thinks. He is Hugh Dillon, associate editor of The Spectator at Southern Michigan Prison at Jackson. He wrote to the Jackson Citizen Patriot to argue for open courts and police records. These are quotes from his letter:

"My stand is basically I'd rather be at the mercy of a newspaper than to take the chance on the conscience of a police officer who knew he would not have to account to newsmen for his actions in my case."

"THE MOST important factor from a defendant's viewpoint is the possibilities that could come about from 'muzzling' the press. "With no outsiders to answer

to, there will always be the possibility of abuse. There are many cases on record where newsmen were the primary cause of such abuses coming to light."

"AS DISTASTEFUL as the adverse publicity is, it might be better to be 'spotlighted' momentarily than to abuse in darkness."

Reaction from the public in general would strengthen news media's position when defending the public's right to court information in arguments with lawyers who have less faith in public knowledge than in bureaucracy of secret police proceedings. Letters to public officials, to newspapers or even to legislators are important.

NEARLY five years have passed since a group of legislators said, "We must regulate outdoor advertising this year." To this date nothing has been done but much is still being proposed.

In 1960 the urgency of the matter was pinned largely on federal funds being added to highway appropriations for states which kept some 660 feet of right-of-way clear of roadside signboards.

Having passed the deadline to receive the federal bonus, the lawmakers now are dealing with lesser restrictions.

CURRENT proposals would set sign restrictions in various locations at 250 to 300 feet.

The ban on signs would apply to special scenic areas, some residences, churches, schools and proximity to other billboards. Certain types of signs such as those resembling traffic markings would be outlawed by the proposal introduced by Sen. Garland Lane, D-Flint.

Licensing fees and a regulatory board would also be established by the proposed law.

BACK IN 1960 and 1961 when the federal bonus and nationally-set restrictions were being considered, much of the lobbying opposition from businessmen was that the 660 foot ban was unreasonable.

Since that time much study has been conducted on highway visibility, advertising impact and other factors to produce the current proposal.

Businessmen were consulted throughout the consideration but lawmakers anticipated considerable opposition to this bill also.

ESTIMATES OF Michigan's wealth of lakes and ponds have always been around the 35,000 mark. Now it is official that there are 35,068.

A Michigan State University professor of resource development, Clifford Humphreys, has started a long-term study of Michigan's lakes which he calls "lacology," an original term.

Humphreys' study shows that among all these lakes and ponds only 8,632 have names. Confusion among Michigan travelers about lakes is understandable, however, because Humphreys notes many lakes have the same names.

MOST POPULAR are Long, Round, Cranberry, Mud and Duck Lakes. There are some unusual names too, such as Quack Lake, N. Y. C. Lake and S Lake.

While Humphreys' original findings in his estimated 20-year study are of a common-interest nature, he now plans a more scientific approach. Humphreys is now undertaking the mammoth job of classifying all these lakes and ponds by size, depth, fish species, type of shore and public facilities and other physical and cultural characteristics.

Letters

(Concluded from Page 2-B) As you mention, Lent is here again—a time to take a good look at what we are and what we are doing about it! What about the other 46 weeks of the year? The people are the same as when St. John said "In the beginning was the Word," and we must follow the leading of that word to achieve the greatness we desire.

THIS GREATNESS is in every person. But there is a difference between being a great man and the greatness of man. A great man achieves heights unsurmountable to an average person, but the greatness of man is seen in his being humble, with gracious modesty, a sincerity of purpose, real friendship more than just good will, with gentleness showing God's love.

These things help us on the true way of life. The only way! Filth and sin will not be attractive any longer when you fill your soul with good. Let's remember "From the beginning," "I am the way, the truth and the life." Happy Easter thoughts.

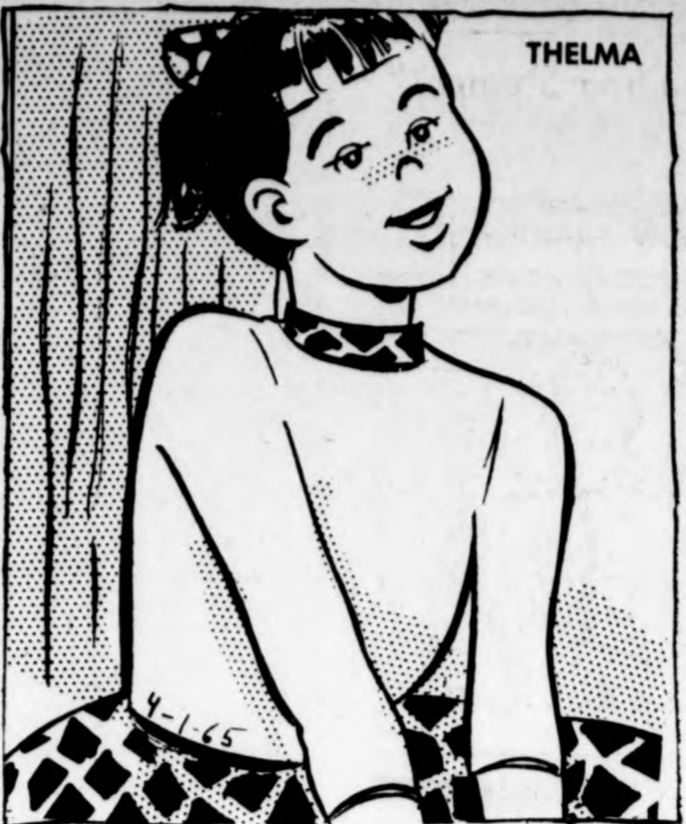

Sincerely, MRS MARTHA B. MILLER Fowler, Mich.

COUNTRY FLAVOR

Hard maple reminiscent of tolerant patriarchs

HAYDEN PEARSON

Farmers call it the hard maple—that dignified tree of the woodland family that gives its sap to man. Some call it the rock maple and others the sugar maple, but the name is not important. The point is that over a wide belt of the northland, this tree stands above its peers.

The huge, gnarled, rough-barked trees in the sugar grove remind one of elderly patriarchs that look with tolerance on the foibles and blunderings of mankind. Somehow a hard maple is a sacred tree to the countryman; he regards it as the Norsemen think of their Yggdrasil. That fabled ash is important in history and legend but no ash ever yielded sap that could become sweet syrup.

IN 1791 WHEN Thomas Jefferson travelled to Vermont, he was so interested in the hard maples and their sweet products, that he ordered 60 trees transplanted to his estate in Albemarle County. The trees did not grow. Jefferson did not realize that a hard maple wants highland ground, plentifully studded with granite rocks, and preferably located on a south

slope where March breezes can play tag in warm sunshine after a frosty night.

Rich soil and easy living is not good for either a hard maple or a man. The maple that produces the most syrup has its roots in rocky soil; it fights for the nourishment that brings sap, blossoms and leaves. And when the time of

autumn has come and the flaming glory of the foliage lights a bonfire on the countryside, one thinks of the struggle that a tree has made to achieve its great moment. Man, if he will, can look to a hard maple on the hillside and take courage. It is always the struggle against odds that brings the best in achievement.

The 'News' That Travels Fast

By W. E. DOBSON

When neighborhoods are listless, And things are quiet-like, And mostly all news mediums Have sort of gone on strike— There's one unfilling subject That will start the tongues to whirl; Just let some mortal mention "There's some scandal about her!"

The source of information Is conveniently forgotten, And proof is not demanded Though the story may be rotten. But nary bolt of lightning Could create so great a stir, As the simple exclamation, "There's some scandal about her!"

No matter what the pedigree, Or what the circumstance, Each tiny morsel is ballooned, Nor ever left to chance. The facts of what did happen, Too oft are just a blur When a story-teller whispers "There's some scandal about her!"

It only takes a moment Of careless repartee, To mar and scar a lifetime Of utmost chastity; For a moment of cheap glory Some tell-tale will not defer, Or check to find if really— "There's some scandal about her!"

"My Shadow Ran Fast" by Bill Sands is the story of a criminal who has made it back to the world of responsible citizens and who tells his story to help others do the same. As a youngster he was a violent, law-breaking young thug. He was imprisoned and his cell-mate for a time was Caryl Chessman, the executed "Red Light Bandit" of California whose case and numerous stays of execution made history.

Out of prison, Sands carved excitement, and he led an adventurous life, though he never broke the law again. He finally realized

that the most satisfying life would be through helping others avoid the mistakes that he had made. He has written this book for this purpose. How he is accomplishing his aims makes a unique and interesting story.

ANTIQUE fans will be interested in our new book, "The Easy Expert in Collecting and Restoring American Antiques." The author, Moreton Marsh, tells how to recognize authentic antique furniture, how to replace lost or broken parts, and how to give them a real antique finish.

Morris West, author of "Shoes of the Fisherman" and "Devil's Advocate," has written a very timely book which he calls "The Ambassador." This is a novel of crisis—the military crisis of South Viet Nam; the crisis of Western diplomacy in the Far East; and the personal crisis of

the United States ambassador who was stationed in that part of the world.

THIS BOOK brings into focus the dilemmas of the 20th-century man and his lack of preparation for handling them. It is as well written and well prepared as the other books by this author.

"Gumbo" by Mark Thomas is the touching story of a boy growing up in Texas during the 30's. Toby's world of boyhood contains the variety of life. It is full of touching moments and unforgettable people. Though it is the story of the depression years, they are viewed through the eyes of childhood and we have an image of America that is unique in the fiction of the day.

"THE WRITING and Selling of Fiction" by Paul R. Reynolds presents each step in writing and publishing novels and short stories, and he analyzes the problems that discourage the aspiring author. He has been a literary agent for 35 years and is the author of two books on professional writing as well as articles to Writer's Handbook and other periodicals.

It Makes Remembering Easy

Lyle Lipp Sr of 315 West Main Street in Elsie was a surprised person when he removed his old license plates and replaced them with the 1965 issue only to find that they had identical numbers, VL 2917. One set had been purchased at the St. Johns Branch and the other at Debar Chevrolet in Elsie.

**Harvest-cache efficiency related to corn acreage**

The volume of a farmer's corn production is a major factor in selecting the most economical machinery and storage facilities, reports a Michigan State University agricultural economist.

C. R. "Ray" Hoglund points out that farmers harvesting less than 5,000 bushels of corn a year are probably better off harvesting with a picker and storing in a crib. But these practices will likely become less efficient as production goes up.

"HARVESTING with a picker but storing as high moisture ground ear corn in a silo becomes a lower cost system when more than 6,000 bushels are harvested," says Hoglund.

"Harvesting with a picker-sheller becomes a profitable system when 6,000-7,000 or more bushels are harvested. The break-even point in costs between a picker-sheller and a combine with a corn head is 8,000 to 11,000 bushels.

"WHEN HIGH moisture shelled corn is stored in silos, the combine becomes less costly per bushel when 11,000 or more bushels are harvested."

Hoglund notes that field and harvest losses often run as high as 10 to 15 per cent when the crop is harvested with a picker and stored in a crib. These losses are reduced to less than 6 per cent when the crop is harvested as high moisture ear or shelled corn.

"AGE, SIZE, condition and trade-in values of present equipment should be considered when determining the best means for achieving efficiency," he said. "When a combine or picker wears out, this is a good time to calculate possible savings by invest-

ing in modern harvesting machines and storage."

The MSU agricultural economist adds that the use of corn—whether it is sold or fed out on the farm—determines whether corn should be stored in silos as high moisture ground corn or shelled corn, or if it should be artificially dried.

"TOTAL investments are about equal when the corn crop is harvested with a picker and stored as ear corn in new cribs or concrete silos," he notes. "But investments increase by about 25 per cent when the corn is harvested with a picker-sheller or combine and either artificially dried or stored in steel bins or as high moisture corn in silos.

"Annual costs in harvesting and storing one bushel of corn may range from as low as 19 cents to more than 36 cents, depending on volume harvested and the system used," he concludes.

**3 Smith cows complete testing**

Three registered Guernsey cows in the herd of George E. Smith of Elsie recently completed official DHIR actual production records, according to the American Guernsey Cattle Club.

Wilgeo Wistars Queen, a junior two-year-old, produced 11,390 pounds of milk and 544 pounds of fat; Wilgeo Wistars Jasmine, a junior two-year-old, produced 12,310 pounds of milk and 581 pounds of fat; and Lyrene P. Prim, another junior two-year-old, gave 9,590 pounds of milk and 500 pounds of fat.

The production record for all the cows was over a 305-day period, and they were milked twice a day. Testing was supervised by Michigan State University.

States administer 30,950 public outdoor recreation areas, totaling 54 million acres. These areas include state forests, park reservoirs and fish and wildlife reserves. Hunters and fishermen supply most of the funds for these areas.

**An interest in bird paradise**

Birds again!

Is that all that woman can think about?

But don't laugh! Birds are quite popular. In fact, there are a lot of phone calls, notes and stop-while-shopping for comments with others who enjoy them, too. And don't forget those eight hundred requests we once had for that sunflower seed deal.

BIRDS, IT would seem, are a definite part of this column from time to time because of the interest you've shown.

Take yesterday!

The phone rang and there was the Raymond Stewart family of Bannister to report seven purple finches at their bird feeder.

When we reported WE had NEVER had purple finches at OUR feeders they were doubly excited.

WELL, TAKE my work for it. Seeing a new bird at your feeder is a thrill... especially if it's extra pretty. Jimmy made the Stewart feeder in 4-H so he was amply rewarded. These little birds are the color of raspberry

juice so make a bright spot in this snow.

If you don't have a feeder why don't you put one into your plans for next fall? And grow some sunflowers... and put up a bird house or two... and take a walk back into the woods and lane. Oh, yes, and set out some cedar and evergreen trees. AND IF YOU CAN MANAGE IT... ASK YOUR HUSBAND TO LEAVE A FEW BUSHES AND BRUSH SOMEWHERE ON THE FARM INSTEAD OF CLEANING IT BARE AS A BONE.

WE FED pheasants all winter along an old fence row that hasn't been included yet in the cleanup process. Often we saw them ('hiding') in this sheltered area... as though the thin wires and skimpy branches were concealing them.

Elizabeth and Harold Phillips have a hedge along their field right by the road of multiflora rose. It is several years old now and thick and luxurious. It is a bird paradise! There is a big woods across the road from it and a creek close by which makes it ideal for birds.

THIS HEDGE abounds in birds of all kinds throughout the year. And while the 10 commandments beseech us NOT to covet... it is hard not to covet that hedge.

Cedar waxwings by the hundreds have just about lived in it this winter. As we drove into the yard at their house 17 of them flew over and landed on the grape arbor and wires to listen to us as we sat in the car talking... very obviously where that saying might come about then of "a little bird told me." They were mighty close and observant and definitely listening.

SOMEONE should tell folks that "no one" should believe what "a

## Contour, stripcropping cut water, wind erosion here

BY ORVILLE BEACHLER  
Soil Conservation Technician  
Soil Conservation Service

Erosion by wind and water is still a major problem in the United States. As a result of the January dust storms of the Great Plains, when the dust storm passed over Cincinnati, air pollution experts determined that the "fallout" amounted to as much as nine tons a square mile.

This dust also contained fertilizer and chemicals used for weed and insect control. The dust storm traveled as far east as Pennsylvania. Can you visualize the tremendous amount of top soil that must have been picked up off the plains? For every inch of soil taken off, there is a loss of 200 tons per acre.

IN 1963 APPROXIMATELY 40 per cent of all sugar beets in nearby Tuscola County had to be replanted due to wind damage, in some cases more than once. Crop losses, due to wind erosion, has been conservatively estimated at more than a half-million dollars in one year in Tuscola County.

### Corn projects win top awards

ELSIE — Dan Acre, Carl Moore and Robert Kusnier, Elsie FFA members, accompanied by two teachers, attended a corn awards banquet, March 23, in Frankenmuth. The banquet was in honor of vocational agriculture students with DeKalb Corn projects who had made the best record on a corn growing analysis sheet.

The project emphasized costs, fertilizing population and recognition of corn enemies. TOP STUDENTS from Elsie on total score were Dan Acre and Carl Moore with scores of 100. They received special wall plaques. Other boys received pins and certificates for adequate records.

According to local vo-ag instructors, each vo-ag student plants a variety of DeKalb corn. He then compares it to another hybrid by keeping records of all field operations and costs.

Water and wind erosion and soil moisture losses are the reasons farmers install field strips, wind field strips and contour strips on their farms. Trees and shrubs are also planted for windbreaks. Alternate strips of grass and row crops materially reduces the amount of sediment going into our ditches and rivers.

THESE conservation practices help to hold the water and gives it time to soak into the ground and thus recharge our ground water supplies, instead of contributing to flood damage. Recharging our rapidly lowering ground water table is very important, as many people who have had to drill deeper wells can testify.

Several farmers in Clinton County use either field strips or contour strips on their farms. Some of these conservation farmers are: Bill Brook, Robert Pierce, Loren and Otis Van Ostran and the Rose Lake Wildlife

Research Center in Bath Township; Owen Wessler in Watertown Township; Clarence Manning in Westphalia Township; Carl Feldpausch in Dallas Township; Max Loudenbeck, Ronald Piggott and Gene Craig of Lebanon Township; Don Smith, John Brown, Roscoe Rathbun and Carl Shinaberry in Essex Township; Harry Harden in Duplain Township; and Robert Tisch and Ray Welsh in Ovid Township. Nearly all the farmers who own mucklands have trees or shrub windbreaks.

IF YOU HAVE light soils or sloping land and would like information or assistance on strip cropping, contact the Soil Conservation Service office, 100 S. Ottawa Street in St. Johns.

## 37 reasons for extra corn profits

No matter where you farm or what your specific conditions and problems may be... there are P-A-G Four-Way Crosses with the bred-in ability to meet your needs and your goals. P-A-G offers 37 Four-Way Crosses to back up this statement. This year four new varieties were added to the P-A-G line... three old ones were dropped. By replacing old varieties with new and better ones, the P-A-G line is constantly being revised and improved to keep up with your needs for higher producing, higher profit seed corn.

Some time ago we started classifying and producing corn to fit in with today's specialized farming practices. Our researchers have a stock of over 17,000 Four-Way Crosses which have been developed over the past 21 years. All have potential. But for now, we offer the 37 with proved high-profit performance. Each has "spelled-out" characteristics. From a wide range of varieties adapted for your area, you can select maturities for a progressive harvest. You can choose Four-Ways resistant to your disease and insect problems.

Varieties with the standability, picking and shelling ease, drying characteristics, and end-use requirements of your operation. Special corns for high population and high fertility. Special corns for silage and grain. Each P-A-G Four-Way Cross is a combination of these high-yield, high-profit factors. So, you can Selectively Plant to match seed... to need... to conditions. This "no-compromise" approach is reason enough to call your P-A-G dealer and select your seed from P-A-G's 37 Four-Way Crosses.

**REDUCE INTEREST COSTS WITH A PCA LOAN!**

Follow the example of successful farmers who save money three ways when financing labor and operating supplies:

1. With a PCA loan you pay less interest because you are charged only on the money borrowed, and only for the length of time you use it.
2. You eliminate expensive trips to town to sign multiple notes. One PCA note covers your entire operation!
3. And, you have a planned financing program that assures you will have money when you need it!

## Apply nitrogen to soil carefully

If wheat, oats or other small grains are scheduled in your crop rotation this year, consider the use of nitrogen fertilizer for added returns, advises a Michigan State University crop science specialist.

However, caution should be taken not to induce lodging or failure of grain to mature, says James A. Porter. In the case of small grains, loading on nitrogen, while further promoting grain formation, may cause partial or total crop failure. This hazard is greatest in years of abundant moisture.

PORTER STRESSES that the quantity of nitrogen to apply must be decided on the basis of such cultural practices as previous crop and soil treatment with commercial fertilizer and manure.

"Usually a good legume plowed down or topdressed will supply most of the nitrogen a small grain crop can use profitably," he adds. "Previous experience with small grain on a particular field must also be considered."

PORTER recommends a nitrogen level of 30 to 60 pounds per acre. This includes any fertilizer that was applied at planting time, except in the case of winter grain planted in the fall.

Nitrogen should be applied sparingly where legumes have been plowed down, manure applied or where there is a natural tendency to lodge. The goal is to apply as much nitrogen as possible without inducing lodging.

THE extension specialist notes a considerable latitude in the time of nitrogen application for small grains.

On heavy, fine textured soils, application may be from late fall to mid-April for wheat or up to a month after planting for spring grain. On sandy soils, nitrogen application should be delayed until March.

## Award degrees to Elsie boys at FFA session

BY CARL MOORE

ELSIE— Two members of the Elsie Future Farmers of America Chapter attended the 37th Annual Convention of the Michigan Association of FFA. They met with 1,000 other Michigan FFA boys for the 2-day session in East Lansing.

A highlight of the convention was the conferring of State Farmer Degrees on 215 boys and the naming of David Darish of Blissfield as Star State Farmer.

DAN ACRE, son of Mr and Mrs Paul Acre, was awarded the State Farmer Degree with a gold award and plaque in recognition of achievements in agriculture leadership and cooperation.

Jim Rivest, son of Mr and Mrs Frank Rivest, received the State Farmer degree.

There were 23 Top State Farmers named for gold awards and 27 State Farmers received silver awards.

FROM THIS group of 215 State Farmers, delegates elected state officers for the coming year. They are: Richard Byrum, president; Laurence Albrect, reporter; Robert Milligan, secretary; Tom Spike, treasurer; Gordon Brenwood, sentinel; and Tom Atherton from Byron was elected vice president for this region.

Gov. George Romney was the main speaker at the banquet. Other convention speakers were Ted Malone, the radio personality; Dr Thomas K. Cowden, dean of agriculture; and Kenneth Kennedy, national FFA president.

Comic London Lee tells about his childhood during the depression years. "We were really poor," he says. "Practically everything I wore had been darned over and over by my mother. My socks were darned, my shirts, and even by handkerchiefs. I was not the smartest or handsomest, but I was the best darned kid in the neighborhood!"

In the Doghouse?

Clowning around for the photographer at the 4-H Achievement Show last week, Larry Bernath, 10, of the Maple River Handicraft Club, climbed into a dog house and got some friendly pats on the head from Vito Silvestri, 11, of the Country Club Corners 4-H Club. Michael Borton, 16, of the Watertown Grove Club, built the dog house but was not around when the picture was taken.

### Zing into spring! Corvair by Chevrolet

*The steering's crisper, the ride's flatter, the style's racier—even the grass looks a shade greener from behind the wheel of this new Corvair*

For all its finely calibrated instrumentation—tachometer, manifold pressure gauge, even an electric clock with a sweep second hand for rally buffs—the most important thing that happens when you get a Corvair Corsa

out on the road doesn't register on the dash. It registers on you. You feel it in the steering—crisp and precise—as you double back on a curve. In the flat riveted-to-the-road stability of the new fully independent suspension. In the response of the rear engine (up to 180 hp available now in Corsa's Turbo-Charged version). Drop down to your dealer's now—while the trading's extra good—and see for yourself.

## Memories of Lincoln and the Civil War

It was a troublous time for the growing nation back in April of 1865 when the Clinton National Bank was founded . . . the Civil War was ending . . . Lee surrendered to Grant at Appamattox Courthouse, Va., on April 9 . . . only five days later, on April 14, President Lincoln was assassinated.

Many Clinton area people have loaned us exhibits for our display of Civil War era mementoes. Stop in soon and see them in the Centennial Room at our St. Johns office.

**Cars sidewise after skid on ice**

An icy spot on US-27 just south of Jason Road was blamed for an accident last Thursday, but none of the four persons in the two cars were hurt. According to Deputy Sheriff Hilary H. Fner, a car driven by Mrs. Norma L. Bunge of R-6, St. Johns, skidded on ice. Phillip Williamson, 30, of Vermontville, applied his brakes and also skidded, hitting the left front of Mrs. Bunge's car with his right front. Both were going north on US-27.

**3 here on dean's list at Albion**  
Three St. Johns students at Albion College have been named to the dean's list for achievement of a 2.3 or better scholastic average (based on a 3.0 system) for the first semester of 1964-65.  
They are Carolyn Nickel, a junior, daughter of Mr and Mrs Walter Nickel of 502 E. Sturgis Street; Howard Smith, a junior, son of Rev and Mrs Howard A. Smith of 105 Linden Street; and George Taylor, a freshman, son of Mr and Mrs Landon E. Taylor of 6252 Walker Road.

The population of the United States reached 193.5 million around Jan. 1, the Census Bureau estimates. This was a 1.4 per cent increase over 1964.

**Pardon Refused**  
In 1829 two men, Wilson and Porter, were convicted of robbing the United States mails, a sentenced to death by hanging. Three weeks before the time set for Wilson's execution, he was pardoned by President Andrew Jackson.  
Strangely enough, Wilson refused the pardon. The case went to the Supreme Court (United States vs. George Wilson, 7 Peters' Report, p. 150) and the court finally handed down its decision: "A pardon is a deed, to the validity of which delivery is essential, and delivery is not complete without acceptance. It may then be rejected by the person to whom it is tendered and if it is rejected, we have discovered no power in this court to force it upon him." Most people agree that Wilson was a fool for refusing to accept a pardon. Yet these same people daily reject the pardon which God has provided for them. Because God is just, He must punish our sins. But because God is merciful He Himself suffered the awful penalty when Jesus Christ, His Son, suffered all the wrath of God against our sins as He died on the cross of Calvary. Your pardon has been signed by God Himself. Unless you accept the pardon, you remain condemned. Wilson's was a strange case—but then Wilson was a fool!

# AND VICTORY

**THE CHURCH FOR ALL - ALL FOR THE CHURCH**  
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: they are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

One hundred sixty-two feet high and one hundred forty-seven feet wide Napoleon built his arch of triumph. Proudly it rises above the Place de l'Etoile reminding the world of an Emperor's early victories—and later defeats.  
On the road from Bethphage to Jerusalem centuries before there had been another arch of triumph. Nature had fashioned it of palm trees. Beneath their bowing branches the Prince of Peace rode into the city that was to crucify Him.  
Jesus, unlike Napoleon, never had need of a gigantic monument to help the world remember Him. The doors of a million churches bespeak His victory. Men pass through them not to gaze upon the majesty of carved stone, but to worship and serve the Son of God.  
Napoleon bought for himself a transient glory at the price of other men's blood.  
Jesus bought for All Men eternal life—at the price of His Own Blood!

### Spring concert this Sunday; FFA, FHA in news at P-W High

PEWAMO - WESTPHALIA — Four bands and four vocal groups will highlight the program at the spring concert this Sunday sponsored by the Music Department of Pewamo-Westphalia Public Schools. The concert will begin at 2 p.m. Works will include some of Johann S. Bach's religious chorales, music from two Broadway musicals and numbers made popular by the Kingston Trio, as well as numerous other program selections from the repertoire of the performing ensembles.

SOME 175 instrumental and vocal students will take part in the performance. A free-will offering at the intermission will be used to pay for the new music purchased for the performance.

In other recent activity at Pewamo-Westphalia High School: Six members of the FFA chapter attended the state convention at Michigan State University March 24, 25 and 26. In addition to the two official delegates, Ron Thelen and Leon Nurenberg, four other top chapter members—Jim May, Henry Knoop, Ron Simon and

John Kowatch—attended and had the distinction of receiving State Farmer degrees.

SUCH NOTED people as Gov. George Romney, radio personality Ted Malone and National FFA President Kenneth Kennedy were speakers.

Important items discussed at the convention included changing the name of the organization, admitting girls to membership, rewording the FFA creed, new rules for leadership contest and a resolution for traffic safety.

FIVE FFA members, Don Miller, Carl Halner, John Kowatch, Henry Knoop and Ron A. Simon, were honored for 100 per cent accomplishment for corn demonstrations at the annual DeKalb Corn Achievement Contest dinner in March at Frankenmuth. Five other finishers were sent certificates of recognition.

Ted Kolp, chairman of the Pewamo-Westphalia FFA entries in the broiler improvement project contest, sponsored by Michigan State University, went with four of his classmates last Thursday to assist in the broiler evaluation.

DAY-OLD chicks were started Feb. 2, were weighed last Wednesday and a sample of 10 taken to MSU for judging and dressing out. Feed records and dressed evaluation were among important details in the contest.

The boys, in addition to the broiler evaluation, also got in some training for the poultry judging and management contest to be held later in the spring.

THE JOHN Deer Co.'s Lansing distribution center hosted the agriculture mechanics class from Pewamo-Westphalia on a tour last Wednesday.

Eight P-W girls attended the Future Homemakers of America state convention last Thursday and Friday in Grand Rapids. They were Evelyn Thelen, state FHA treasurer, Betsy Droste, Janet Harr and Ann Smith of Westphalia, Carol Kavanagh, Rita Simon, Donna Simon and Rosemary Smith of Pewamo.

Mrs. Donna Church, home economics teacher at P-W, is FHA adviser and was in charge of the eight-member delegation. Mrs. Norman Thelen of Westphalia also accompanied the group as chapter mother.

Teacher Miss Josephine Brayton attended the 27th annual convention of the Michigan Business Education Assn. March 26 and 27 at the Jack Tar Hotel in Lansing. A number of panel discussions covered a variety of topics at the sectional meetings. Dr. Edward Hosler of the University of Wisconsin presented many techniques in the teaching of shorthand and also gave his views on general vs special education.

#### Road officials to auction land

Two parcels of "landlocked land" in Clinton County are among 18 which will be auctioned off by the State Highway Department at 2:30 p.m. April 27 at the Isabella County Courthouse in Mt. Pleasant.

Approximate descriptions and locations of the Clinton parcels are as follows:

A triangular-shaped parcel of vacant landlocked land containing 1,350 square feet, located at the southwest corner of US-27 and Gratiot County Line Road, about 2 1/2 miles west of Eureka. A minimum bid of \$25 is required.

A RECTANGULAR - shaped parcel of vacant landlocked land containing one acre, located just west of the I-96—Grange Road interchange area on the north side of I-96 about 4 1/2 miles east of Portland. A minimum bid of \$200 is required.

Nearly \$23,000 worth of personal property went up in smoke last year as the result of forest fires caused by Michigan recreationists.
