Clinton Area Farmers Harvesting Winter Wheat Crop

Combines are whirring through Clinton area wheat fields this week. Farmers say yields are down somewhat from last year. In the picture above John L. Jones is shown harvesting wheat in his 28-acre field at 1434 W. French Road, north and west of St. Johns.

Million-bushel crop of wheat seen for area

Clinton County's winter wheat crop began pouring into the county's elevators the first part of this week, but farm folks aren't looking for the quality or quantity of last year's crop.

Fields of good wheat are spotty, and the average yield estimated by Cooperative Extension Service personnel is about 40 bushels per acre, with farmers reporting yields in a range from only 20 to as much as 60 bushels per acre.

TOTAL ACREAGE in wheat is down considerably this year. Normally about 34,000 acres are in wheat in the county, the extension officials said, but this year they estimate only about 25,000 acres planted to wheat.

With an average of 40 bushels per acre, this would mean an estimated yield of 1,000,000 bushels for the county.

MOISTURE CONTENT of the first loads of wheat brought in last week also varied considerably.

The first load was brought in to St. Johns Co-Operative Co. elevator a week ago Monday by Donald Chant, St. Johns farmer. His load checked out to between 12 and 13 per cent moisture content.

2,200 hay bales go up in flames

Flames destroyed 2,200 bales of hay stacked in a field near the intersection of Price and Meridian Roads in Victor Township early Tuesday.

The fire was reported about 4 a.m. and the Laingsburg volunteer department reached the scene shortly thereafter.

THE FIRST cutting of alfalfa was owned by Harold Klockziem, 9325 Parker Road. It was stacked and covered with plastic on June 16.

Clinton Sheriff's officers are investigating the blaze.

Other farmers had grain with higher moisture.

AS OF FRIDAY, the Co-op elevators had received only 20,000 bushels of wheat, only a trickle compared to what is expected this week.

The run of wheat to area elevators was getting under way in volume Monday and Tuesday. Moisture content is decreasing, elevator men say, and the wheat is of generally good quality.

The wheat price was \$1.32 per bushel at the local elevator Tuesday.

Defense head is Rotary speaker

Charles E. Frost, Clinton County civil defense director, made a plea for greater public understanding of the CD program in a talk to the St. Johns Rotary Club Tuesday noon.

Frost told of his organization's effort to alert and train people to protect themselves in the event of disaster. He pointed out that national, state and local governments are cooperating in the program.

CIVIL Defense, he said, is designed not only to assure survival in the event of nuclear attack, but also to alleviate suffering in local disasters.

He concluded his talk by showing a film, "If Disaster Strikes," which depicts the medical self-help program sponsored by Civil Defense.

Frost was introduced by J. D. Robinson, program chairman for the meeting.

Free teen dance at park pavilion

A Teen Dance at the City Park pavilion is scheduled this Friday, July 23, under the sponsorship of the summer recreation program.

There will be dancing to records and live entertainment from 8:30 to 11 p.m. Admission is free and the affair will be properly chaperoned.

Steer takes on Mustang in US-27 engagement

A Mustang tangled with a steer on US-27, north of the Parks Road intersection, at 10 p.m. Saturday. The Mustang's front end was bashed in. The steer suffered bruises, but survived.

Dr. W. B. Carnegie, 61, of Carson City, driver of the Mustang, told sheriff's officers he was unable to avoid the steer which crossed in front of his car on the northbound lane of the divided highway. Dr Carnegie was not injured in the mishap.

THE STEER, owned by Claud Hunt, R-4, St. Johns, had jumped the fence at the Hunt farm 36 hours prior to the accident and had eluded a long search.

The animal had been purchased last Wednesday, Hunt said, and was a little obstreperous. "He's bruised up quite a bit, but appears to be recovering," Hunt reported Monday evening.

Finds glass broken in parked automobile

City police were investigating Tuesday the breaking of a windshield in a car in the parking lot at Clinton Memorial Hospital.

Mrs Robert Hardaker of Elsie, a hospital employee and owner of the car, told police the car was in the lot from 11 p.m. Monday until 7:30 a.m. Tuesday. It appeared that the windshield had been smashed by a heavy object, police said.

Bum tire blamed for bike-car accident

Dennis Burl, 10, R-4, St. Johns, got a scare Friday noon when a defective tire threw his bicycle out of control and into the side of a car driven by Lawrence J. Witt, 35, R-2, St. Johns.

The mishap occurred on Price Road, 1/2 mile west of the Grove Road intersection. The boy suffered only minor bruises. He is the son of Mr and Mrs Maurice Burl, 5612 S. Grove Road.

Cancer drive far exceeds county's quota for 1965

Clinton County's 1965 Cancer Crusade topped \$11,290 — 141% of its \$8,000 quota—according to final report figures issued this week by Dr. R. L. Wohlers, county chairman.

Half of the contributions received will be used within Clinton County to help cancer patients and to maintain eight loan closets, said Miss Hazel Williams, chairman of volunteer activities. Miss Williams has given almost 18 years of dedicated service to the Cancer Crusade.

A GRANT of \$1,500 will also be given to the University of Michigan to support the Clinton County research project, Miss Williams said.

The service department of the

county cancer unit is headed by Mrs James Postlethwaite of St. Johns. Those desiring use of beds, chairs, crutches, walkers, bed lifts and other articles from the loan closets may call Mrs Postlethwaite at 224-2204, St. Johns. Those needing dressings or other medication may also contact her.

DR WOHLERS, Miss Williams and other officers of the county unit expressed their sincere thanks this week to campaign chairmen and volunteer workers for their efforts in the recent drive.

They also voiced their appreciation to Clinton County residents for their continued generosity to the Cancer Crusade.

Total contributions reported

City request for planning grant OK'd

The Federal urban renewal administration Tuesday approved an advance of \$75,368 to St. Johns for survey and planning activities in the Central Business District.

In a telegram to the Clinton County News, US Senator Patrick McNamara and Congressman Paul H. Todd said that an additional \$1.4 million as a capital grant is in reserve for the St. Johns downtown project.

THE CITY officially filed application for the Federal planning grant of Feb. 11 of this year. City Manager Kenneth Greer had the assistance of Villican - Leman, Southfield consultants, in preparing the necessary papers.

Villican - Leman will now conduct the additional surveys needed for a possible request for Federal aid to refurbish the city's downtown area. The city and owners of downtown property would participate in the financing.

Approval of the Federal grant for planning is an outgrowth of recommendations presented by the Mayor's Downtown Development Committee a year ago.

St. Johns boy drowns in lake

An 11-year-old St. Johns boy, Jerome J. Salters, drowned early Saturday when he fell from a small boat at Evans Lake, near Barryton in Mecosta County.

Sheriff's officers said the boy had gone fishing about 6 a.m. and

JEROME J. SALTERS

the empty boat was found several hours later. His body was recovered in 10 feet of water by skin divers.

INVESTIGATING officers determined that the accidental drowning occurred about 7:30 a.m. Jerome's body was recovered at some distance from where the boat was found drifting.

He was the son of Mrs Richard Vorase, 200 E. Buchanan Street, St. Johns, and attended the St. Joseph School. Funeral and obituary details appear among Clinton Area deaths in this issue of the Clinton County News.

are \$11,290.36. Of this amount, St. Johns contributed \$2,491.27 and other areas of the county donated \$8,799.09.

THE BREAKDOWN by areas is listed as follows:

Bath \$276.58; Bengal \$285.55; Bingham \$333.90; Dallas \$187; Fowler \$419.76; DeWitt Township \$1,146.05; DeWitt Village \$663.30; Duplain \$236.57; Elsie \$442.15.

Eagle \$532.51; Essex \$185.32; Maple Rapids \$252.75; Greenbush \$335.24; Lebanon \$127.25; Olive \$339.70; Ovid Township \$491.16; Ovid Village \$572.55.

Riley \$266.77; Victor \$280.15; Watertown \$791.28; Westphalia \$633.55; St. Johns \$2,491.27.

Crop prospects critical in area

Clinton County has reached the critical stage for its farm crops. Depending on whether it rains soon or not, crop production this year could be good or a dried-up failure.

The lack of rain—a five-inch deficiency since April 1—has already severely affected the cutting of hay.

The county's corn crop and bean crops are now just about ready to "take the dive" unless rain comes.

Even soybeans are wilting in the sun and heat of the last weeks.

Muck crops are staggering along but are in pretty good shape yet.

"IT IS MUCH drier here this year than in recent years," Cooperative Extension Service personnel noted last Thursday. The apparent high amount of moisture in the soil this spring—due to long-lasting snow in late winter—did not extend far into the subsoil, Earl Haas, extension director said.

"We are completely out of subsoil moisture," he said, "and the surface moisture went out fast."

GEORGE McQUEEN, extension agriculture agent, put it this way: "We got off to a reasonably good start, but we've come to a grinding halt."

Rainfall since the first of April has been only about half of normal. Figures released by the Crop Reporting Service last week showed only 5.41 inches of rain fell at the Capital City Airport in Lansing since April 1; the normal rainfall during the period is 10.85 inches. Only 1.01 inches fell in the four weeks preceding the report and in the last two weeks there was only .21 inches.

THE EXTREME southern and extreme northern parts of the county are actually more dry than the middle part, McQueen said. But that doesn't mean the middle

part is wet. The middle section of the county along highway M-21 seems to have gotten most of the showers, but even they were hardly worth cheering about.

The lack of moisture has been particularly evident in the hayfields. Those farmers who will have a second cutting are finding it very sparse indeed in many cases only about a fourth the size of their first cutting. "And there definitely won't be any third cuttings this year," McQueen predicted.

CORNFIELDS, though generally healthy, are just now beginning to show the effect of the long, dry spell. Many patches have plant leaves that are turning over and starting the process of shriveling up. A secondary effect is the lack of nitrogen normally released to show a tinge of yellow at the base.

"Fields that were planted early with minimum tillage, proper fertilization and weed control are not showing much damage yet," McQueen pointed out.

THE COUNTY'S bean crop is also still holding out, although many plants are beginning to droop under the relentless drought.

"If we could get a good rain now, everything could snap out of it and we could have a good year," McQueen said last Thursday. "Two inches could almost be classified as a multi-million dollar rainfall. It could make the

difference between 50 and 120 bushels per acre on corn yields.

"There's no reserve left. We need rain real quick or we're in trouble."

EVEN WITH ITS water troubles, Clinton County is better off than many others in the Lower Peninsula, with the exception of some in the Saginaw Bay area.

All sections of Clinton County are suffering from the drought. A strip above Lansing through Bath and DeWitt Townships is probably the driest, Haas and McQueen said, and its been drier than other parts for about the last six years.

Other than the lack of rain, crops in the county seem to be coming along fine. The first cutting of hay—probably the only for many farmers—was generally better than last year. Row crops have looked good until the last couple of weeks when they've been affected by the drought.

ROOT ROT IN beans and corn has been only spotty this year. The only serious insect problem has come in fields that have been planted to crops after being in sod or grass for a year or so. Immediate planting after plowing the sod has not allowed time for insects to get out of the sod and grass.

The county's wheat crop was in harvest last weekend, but looked to be down about 25 to 30 per cent from last year in total size. Corn is doing well, despite the lack of moisture, and tassels are coming out on many of the plants already. This is early for tasseling, McQueen said, as far as the calendar is concerned, but a lot of the corn was planted early and so the tasseling is on schedule in that respect.

Fire damage to car

St. Johns firemen were called at 5 p.m. Monday to put out a fire in a car parked along M-21, 5 miles east of the city. The fire was reported by a passing motorist. No one was in the car.

Clinton County Extension Agent George McQueen holds two small corn plants whose leaves are starting to turn over and curl up because of lack of moisture. The leaves of the plants are also a little more pale in color than those on the 5 1/2-foot corn plant next to McQueen. Thursday the wilting corn plants were scattered throughout fields, although many other plants in the same fields looked healthy and thriving.

Eagle man's body found Friday in rural cemetery

EAGLE—Ronald E. VanDriese, 26, an assistant cashier at a Grand Ledge bank, died as the result of a self-inflicted gun wound early Friday.

Coroner Van Hoag of St. Johns, who investigated, said the young man had shot himself with a .22 caliber rifle. The body was found at 10:30 a.m. Friday in the North Eagle Cemetery by Leo Patrick, sexton.

THE SEXTON had noticed a car parked in the cemetery which led him to investigate. Coroner Hoag said a note written on a paper napkin had been left in the car for the VanDriese family.

Obituary details appear in the Clinton area death notices in this issue of the Clinton County News.

Dairy farmers stop sales to Sealtest

Michigan dairy farmers were to halt milk deliveries to Sealtest Company Wednesday in response to what producer spokesmen charged was a deliberate attempt by the dairy to break Michigan prices by importing milk from Wisconsin.

The action was announced by Michigan Milk Producers Assn. after it learned that Sealtest Dairy is bringing raw milk from a plant near Green Bay, Wis., to its Lansing plant, then reloading the milk tankers at the Sealtest plant in Detroit and sending them back to Wisconsin.

"RIDICULOUS as this maneuver may sound, it is more than just a harmless shenanigan," said Glenn Lake, president of Michigan Milk Producers Assn. "It is in fact a devious attempt to break Michigan prices, in that it qualifies a large amount of Wisconsin milk for a share of the proceeds from drinking milk sales in Michigan."

"The occurrence of this juggling act immediately prior to negotiation of the price to be paid Michigan dairy farmers indicates the real motive behind the scheme," Lake said, "to wreck negotiations and break Michigan prices."

"THIS ECONOMIC betrayal of Michigan dairy farmers requires us to respond as forcefully as we can," he added. "We have therefore decided to exercise our right to refuse to sell milk to Sealtest Co."

"We urge Sealtest Co. to reconsider this unjustifiable importation of milk and resume its historical reliance on Michigan dairy farmers to serve Michigan's milk needs," Lake said.

"The farmer members of Michigan Milk Producers Assn. produce adequate supplies of the highest quality Grade A milk to fill the needs of Michigan markets. We stand ready to make this milk available to all dairies who deal in good faith and who honor the letter and spirit of our negotiated agreements."

Beer charge lands youth in jail here

A rural Charlotte youth, Richard D. Miller, 18, served three days in the Clinton County jail last week and paid fine and costs totaling \$29.90.

Miller pleaded guilty as a minor in possession of intoxicants when arraigned before Judge Alba F. Wert in St. Johns Municipal Court. He was arrested by Sheriff's Deputy Ramon Terpening.

225 Pints Goal at Bloodmobile Visit

Two St. Johns men were among an expected 225 donors who gave blood Tuesday afternoon during the visit of the Red Cross bloodmobile to the First Methodist Church here. Shown making donations are Paul A. Schueller (left) and Ladd Bartholomew. Nurses are Mrs. Joan Sindall (left) and Miss Robin Shupp.

2 girls jailed for having beer

Two girls and two boys were sent to jail last week after their conviction of being in possession of beer.

The girls, the first ones to be jailed under the new crackdown on drinking by teenagers in Clinton County, were Phyllis Moffett, 17, of Alma, and a 15-year-old companion, also from Alma.

THE YOUNGER girl at first gave sheriff's officers a fictitious name and told them she was 18. When her mother heard the news, she called the sheriff's office and told them the girl was her daughter. The girl, after admitting to her real name and age, was transferred to the juvenile detention home to serve out the three days.

The two boys arrested and jailed were Robert B. Smith, 18, and Joseph L. Kuskowski, 17, both of Alma.

THE FOUR youths were arrested by Clinton County sheriff's deputies Wednesday night on US-27 in DeWitt Township. They appeared before Justice of the Peace Gordon Willyoung, who fined each one \$25 plus \$19.90 court costs.

The two girls and Smith each got three days in jail. Kuskowski was sentenced to 15 days when it was determined he had bought the beer but would not reveal his source.

5 escape serious injury in US-27 mishap Saturday

Five persons escaped serious injury on US-27, north of Price Road, Saturday morning when their northbound cars sideswiped and went into the ditch in front of the Louis Brya farm.

Sheriff's officers said Miss Mary Perla, 17, of Lansing, driving one of the cars, lost control as she was overtaking a car driven by Ovidio B. Saucedo of Defiance, Ohio.

BOTH CARS went into the ditch on the east side of the highway. Miss Perla's car struck a tree and ripped out a section of fence on the Brya farm.

Treated for bruises and shock at Sparrow Hospital in Lansing were Miss Perla and her two passengers, Miss Suzanne Perla, 19, and Miss Barbara Wilp-pel, 18, both of Lansing.

Saucedo and his passenger, Venancio L. Pedroza, also of Defiance, Ohio, suffered only minor cuts and bruises.

Gets 60 days for violating probation

Circuit Judge Leo W. Corkin sent a St. Johns youth to the county jail for 60 days Friday for violation of the terms of his probation.

Raymond L. Russell, 20, 602 W. Higham Street, had been released on probation after pleading guilty to a breaking and entering charge last February. In recent weeks, the Judge was told, Russell had been twice apprehended as a minor in possession of intoxicants.

First blasts of new siren blow a fuse

St. Johns' newly-installed fire whistle is so powerful that it blew a fuse in its first trial blasts about 10:15 p.m. Monday.

Chief Clare Maier and his aides in the volunteer department spent several hours Monday evening erecting the new whistle atop the Fire Hall. It is powered with a 10 HP electric motor while the former siren was operated by a 3 HP motor.

THE NEW whistle is mounted several feet higher on the Fire Hall roof than the old one and is designed to disperse its wild shrieks over a wider area of the community.

On windy days it was sometimes difficult to hear the old whistle in all sections of the city, Chief Maier reports.

News About Service Personnel

Cadet GARY C. STEINHARDT, 20, son of Mr and Mrs Carl F. Steinhardt, 10645 Williams Road, DeWitt, is attending an extensive six-week training program at Fort Riley, Kan., ending Aug. 7.

Cadet Steinhardt will be given advanced training in the military subjects he has been studying at Michigan State University in East Lansing under the Reserve Officer Training Corps (ROTC).

Steinhardt, a member of Theta Chi, Omicron Delta Kappa and Alpha Zeta fraternities, was graduated from Rodney B. Wilson High School in St. Johns in 1962.

Handy Andy members meet in Smith home

Demonstrations were given by Miss Janet Wohlfert at the meeting of the Handy Andy 4-H Club Thursday, July 15.

Mrs Jo Ann Smith hosted the meeting, during which time knitting was practiced.

The next meeting will be held Thursday, July 29, from 2 to 4:30 p.m. at Mrs JoAnn Smith's home.

Billfolds stolen at Round Lake beach

Two billfolds containing a total of \$62 were stolen from the glove compartment of a parked car at Round Lake beach last Thursday.

The theft was reported to Clinton County sheriff's officers by Richard Steinhaus, 609 N. Lansing Street, and Edward Parsons, R-5, both of St. Johns.

Painted teeth

A paint-on dentifrice is the goal of the School of Aerospace Medicine in Texas. It would leave a protective coating on teeth and eliminate need for brushing during long space missions.

No water shortage in St. Johns

St. Johns' water supply is in no danger whatsoever because of the current dry spell in Central Michigan. Water usage is way up so far this month, City Manager Ken Greer said Thursday, but it creates no problem.

Water pressure is frequently low, he admitted, but this is not due to lack of water. He explained that the water level in the new water tower is not yet controlled by automatic controls and thus the level often drops down during peak use.

WHEN THE water treatment plant is completed, there will be controls there that regulate the level in the water tower. Until then, city water department personnel must jockey the pumping from the wells in an effort to pump as much water to the tower as residents are taking out of it.

Since the automatic controls

are not in yet, too much water to the tower will cause it to overflow and much water would be lost down the storm drains.

PEAK PERIODS of water use during the day are between 3 and 4 p.m. and about supper time. There is surprisingly little lawn watering going on in St. Johns, Greer said. Water-cooled air conditioners are accounting for a big part of the increase in water use on hot days. There are 33 such conditioners in the downtown area alone.

Picnic meeting held by Greenwood group

On July 15, the Greenwood Busy Bodies held an informal meeting at the Sleepy Hollow Conservation.

Each member brought a dish which she prepared and demonstrations were given by Janice Woodhams on how to cut sandwiches, Barbara Kleeman on how to make a chocolate cake and Russell Benson on how to make peanut butter candy kisses.

Twenty - seven persons were present.

C. N. Laphams wed 50 years

ROCHESTER COLONY— Mr and Mrs Charles N. Lapham, North Krepps Road, marked their 50th wedding anniversary Sunday afternoon, July 18, at the Duplain Methodist Church.

Hosts for the open house were their children, Mr and Mrs Lewis Neelands, Florida, Mr and Mrs Garfield Johnson, Ludington, and Mr and Mrs Wesley Erickson, rural Elsie.

Flanked by gold tapers, white and gold mums centered the refreshment table which was covered with a gold cloth with clusters of gold grapes accenting the net swags. Serving the guests were Miss Carmen Tranchell, Mrs Mark Shumway and Mrs Lewis Neelands.

Mrs Rex Rahl and Mrs Clyde Lapham registered the guests and Miss Margaret Neelands, assisted by Mrs Wilbur Brandt, was in charge of the gifts.

A simple ceremony by Rev Beadle united Mr and Mrs Lapham in marriage, July 21, 1915, at the home of her parents, the A. I. Parkers of Victor Township.

Mrs Lapham's mother, Mrs Boismier, her brother, Ardon Parker, and Mrs Mark Shumway a friend, attended the Lapham's wedding and were among the 200 guests at the affair Sunday. Other guests were from Florida, Kalamazoo, Greenville, Pewamo, Grayling, Higging Lake, Grand Rapids, Jackson, Swartz Creek, Durand, Laingsburg, Verdon, Lansing, Ludington, Midland, Maple Rapids, Coloma, St. Johns, and Elsie.

Beginning with her grandparent's wedding picture, Margaret Neelands had collected, arranged and mounted pictures, depicting the 50 years of married life of the Laphams, which was for the guests' viewing.

The Laphams have lived their entire married life at their present home, spending many winters in Florida.

Homemakers set to attend MSU

ROCHESTER COLONY— Mrs Ray Hamer, Mrs Richard Hebler and Mrs Al Rademacher, all members of the Rochester Colony Home Economics Extension group, have registered for full-time attendance at the 38th annual Home maker's Conference at Michigan State University, to be held July 27 to 30.

Other members of the group who plan to commute or attend one day can contact Mrs Elmer Thornton or Mrs Al Rademacher for transportation information, before Saturday, July 24.

The Tuesday evening program is open for organizations who wish to select this as a meeting. Chairman, Mrs Loyd Whitford, asked that the Rochester Colony group attend the program.

Jerome Salters, 11-year-old son of Mr and Mrs Richard Vorse, who drowned Saturday while fishing in Evans Lake in Mecosta County, spent many vacations with his maternal grandmother, Mrs Gerald Ranshaw, Hall Road, and attended school for a short time at the Rowell school.

Mr and Mrs John Kurucz and daughter, Marion, of East Colony Road were guests last week of Mr and Mrs Robert Oberlin and girls at their cottage on Chipewewa Lake.

Area 4-H Club members, Rita Washburn and Jim Roof, were on campus at MSU last week where they attended State 4-H Club week from Tuesday through Friday.

Vacationing for a week with her cousin, Marion Kurucz, at the John Kurucz home on East Colony Road is Miss Vickie Schaub of Thaca.

Mr and Mrs Lewis Neelands and family, after visiting the Charles Laphams on Krepps

Road, left July 19 to return to their home in Florida. Other house guests of the Laphams were Mr and Mrs Garfield Johnson of Ludington, another son-in-law and daughter and children. Mrs Johnson is a twin sister of Mrs Wesley Erickson of Elsie. All the children were home for their parents golden wedding anniversary.

Bake sale set by Blue Stars for tomorrow

At the July 13 meeting and potluck of the Blue Star Mothers which was held in the City Park, it was announced that a potluck would be held at the Elsie Park, Wednesday, July 28, for past presidents.

Mrs Rudolph Masarik, president, was invited to act as flag bearer at memorial services Tuesday, Aug. 8, at White Chapel, Troy, sponsored by the Gold Star Mothers.

Mrs Lester Welton, secretary, announced that the local chapter was asked to assist at the annual carnival which will be held at the Veterans' Hospital in Grand Rapids.

MRS FRED TOLLES, ways and means chairman, asked the members to furnish a favorite recipe for a cookbook to be assembled and sold later.

The group voted to hold a bake sale Friday, July 23, at the old Sears and Roebuck store location.

A donation was received from the Laurence Fish family in memory of Mrs Clara Fish who died recently.

A MEMORIAL service was held for Mrs Fish and for Mrs Hazel Anderson, state hospital chairman, who also died recently. Her funeral in Muskegon was attended by six members of the local chapter.

The mystery prize was won by Mrs Nora Heibek.

Committees for the next meeting to be held Aug. 24, are Mrs Lester Welton, chairman, and Mrs Roberta Brock, Mrs Belle Gillison and Mrs Florence Romer.

Ponds on farms can be dangerous

The farm pond, long a useful farm resource, can become a death trap for swimmers when precautions are forgotten.

To make ponds safe for recreational purposes, the National Safety Council suggests:

Place a fence that can't be climbed around the pond so children can't play there without adult supervision.

MARK SAFE swimming areas.

Place warning signs at danger points.

Provide lifesaving devices, such as ring buoys, ropes or long poles.

Post safety instructions for swimming and boating.

Don't permit swimmers to swim alone.

MR AND MRS GUY SNYDER

Mr and Mrs Guy Snyder of 205 Hurd Street, St. Johns, will be the guests of honor at an open house at Bengal EUB Church on Sunday, Aug. 1, from 2 to 5 p.m. for their 40th wedding anniversary. Hosts for the event will be their children, Mr and Mrs Joe O'Connell, Mr and Mrs Guy Snyder Jr., Mr and Mrs Everett Martens, Mr and Mrs Floyd Colley and Richard Snyder, all of St. Johns, Mr and Mrs Harry Redman of Lansing, Mr and Mrs Elmer Hawkins of Henderson and Mr and Mrs James Fenner of Royal Oak. Friends and relatives are invited.

Ponds on farms can be dangerous

The farm pond, long a useful farm resource, can become a death trap for swimmers when precautions are forgotten.

To make ponds safe for recreational purposes, the National Safety Council suggests:

- Place a fence that can't be climbed around the pond so children can't play there without adult supervision.
- MARK SAFE swimming areas.
- Place warning signs at danger points.
- Provide lifesaving devices, such as ring buoys, ropes or long poles.
- Post safety instructions for swimming and boating.
- Don't permit swimmers to swim alone.

Urges nursing help of Senior Citizens

Sixty-five persons attended the Senior Citizens' picnic at the City Park July 13.

The speaker was Miss Dorothy Dickens, occupational therapy consultant for the Michigan Department of Health in Lansing. Her theme had to do with general activity programs in nursing homes. She explained how senior citizens could help patients in such places.

"SENIOR CITIZENS could teach occupational therapy," she said, "such as arts and crafts, and work in diversional therapy which does not require special skill." An important function of nursing homes, she said, is rehabilitation of the patients wherever possible. Miss Dickens urged the men to find out how they could make the stay of male patients more pleasant. Patients like to have someone read to them but, most of all, they like visitors, she said.

The Rhythm Band was invited to compete at the State Fair in Detroit Aug. 30.

SEVERAL members plan to

see Cinerama in Detroit Wednesday, July 28. Any dues paying member is eligible to go. Those wishing to make the trip should contact Carmen Tranchell so that arrangements can be made for transportation.

There will be an ice cream social and dance at the Redwing Bowling Lanes Aug. 6. Mrs Carl Harris and Mrs George Shaw are in charge of arrangements.

The next regular meeting will be held at the VFW Hall on Tuesday, July 27, with potluck at noon. All senior citizens are invited.

Hoedown Club fete to be held Friday

The St. Johns Hoedown Club will have as their caller this year, Mrs Claude Mesick of Diamondale. She will replace Bill Mahensmith of Holt, caller for several years.

Members of the club will meet to compete at a picnic at the City Park Friday, July 23, at 7 p.m. Dances for the coming year will be planned.

Cutler-Beachler marriage rites read in church

A double ring ceremony united in marriage Miss Cheryl Lee Cutler, daughter of Mr and Mrs Elmer D. Cutler of 4272 Shepardsville Road, St. Johns, and Richard Lynn Beachler, son of Mr and Mrs John Beachler of 4874 St. Clair Road, St. Johns, Saturday, June 12, in Price Methodist Church.

The bride wore a gown of Chantilly lace and taffeta designed with a chapel train. A headpiece of pearls and sequins held her elbow length veil of imported silk illusion and she carried a prayerbook with carnations, roses and ivy.

MAID OF honor was Bonnetta Smith of Lansing. Bridesmaids were Marlene Wheeler of Greenville, Lorenia Kaye Beachler, sister of the bridegroom, and Christine Whitlock of Portland. Their gowns were of pastel colors with bell shaped skirts. Their headresses were single roses and veiling and flowers, cascade bouquets of mums.

David Beachler was his brother's best man. Ushers were Duane Cutler, the bride's brother, and Dennis Richards of Ovid.

MRS CUTLER'S ensemble was navy and white and Mrs Beachler's, pink. Each wore a corsage of sweetheart roses.

Three hundred persons attended a reception in the church hall, after which the newlyweds left on a tour of the western states.

They are making their home at 4875 St. Clair Road, R-5, St. Johns.

Both are Ovid High School graduates. The bride is employed at Sparrow Hospital and her husband at Oldsmobile.

Survey questionnaires returned by visitors at Michigan State Highway Department Travel Information Centers last year show that about one-third of the tourists during June, July and August were under 18 years of age.

Carnival climaxed by queen crowning

ELSIE—"Happy Birthday" was sung to Janice Zvonek as she was crowned Queen of the Elsie Festival in a climax of the three-day carnival Saturday evening.

Senator Emil Lockwood of St. Louis was present for the ceremony and placed the tiara on Miss Zvonek. He extended congratulations for the honor bestowed to her on her 16th birthday.

Sharlyn Moore and Karren Smith placed second and third, respectively. Others participating were Debbie Munson, Sharry Bernath and Mary Lou Reed.

Lockwood praised the efforts of the girls on their collection of 16,300 dimes for votes which was turned over to the building fund for the new Elsie Public Library.

The village is fortunate, he said, to have such rapid growth in its library fund and the interest reflects the culture and literacy of the community.

Earl Seybert Jr. served as master of ceremonies and introduced the following: Pat Foran, chairman of the Friends of the Library and building fund; Blaine Lentz, president of the Lions Club and Jim Hurst, president of the Commercial Club. The latter two organizations jointly sponsored the weekend festivities.

The All-Star Little League ballgame on Thursday afternoon was won by the All-Star players of the combined Elsie teams in a 7-6 victory against the All-Star players of the Bannister, Eureka and Chapin teams.

Sehl's Northern Shows with rides, booths and games provided entertainment during the three days.

The Lions Club sponsored the refreshment stand.

All-day sidewalk sales were patronized Friday while youngsters took rides for half-price. Early that evening, Marsha Chapko was the winner of a bicycle, given away by Northern Shows.

In the evening, the Queen Contest preliminary was held.

Saturday morning's feature was an old-time threshing dem-

onstration on the L.W. Meriam Equipment grounds with Roy Fizzell in charge.

The wheat had been previously cut and bundled by a grain binder furnished by William Moore of Chapin. It was stacked on wagons and placed in the Meriam sheds last week in preparation for the demonstration. The grain separator was brought from Oakley to run through batches both Saturday morning and afternoon before large crowds, many of whom had never seen this way of harvesting grain.

As a final gesture to the old-time picture, the grain was taken to the Farmers Elevator, located west of the village at the dam in the Maple River and ground into flour by power derived from a water wheel.

The afternoon featured a parade along Main Street, led by the village police and American Legion Color Guard. A number of convertibles, carrying the queen contestants, were followed by the local Fire Department; trucks bearing the Little Leaguers; small replica of the large grain separator drawn by a garden tractor; early vintage Reo truck driven by Roy Fizzell; teams of ponies from the Luft Farms of northern Michigan; a team of ponies pulling a replica of a covered wagon and coach; a contingent of horses with riders; and motorized units and modern farm machinery from local merchants.

A pony-pulling contest drew spectators to the high school grounds when 11 teams of ponies pulled loads of concrete blocks aggregating up to 3800 pounds.

The Band Boosters Club of the Elsie Schools operated a booth from which they sold stereo records of music by the EHS Band.

Mr and Mrs Joseph Ference and three children of Rutherford, N. J. and Helen Hinkley of Lansing were Friday callers at the home of their uncle and aunt, Mr and Mrs Loyal Hinkley.

Baptismal attire is 140 years old

ELSIE—Stephen Michael Probusky was one of three babies baptized at St. Cyril's Catholic Church in Bannister Sunday morning.

For the ceremony, the baby was dressed in a christening gown of batiste lace over a tucked double flounced robe that was 140 years old. His bonnet was made for a distant relative and worn for the first time in 1812.

Sponsors for Stephen, the first child of Mr and Mrs Alfred Porubsky (Mary Tillotson of Elsie) were his aunt and uncle, Dorothy and Gary Porubsky, the sister and brother of the baby's father.

Among those present was his great-grandmother, Mrs Myrtle Tillotson of Elsie.

Annual picnic held by extension group

ELSIE—The Green School Extension Group held its annual picnic Sunday in Friendship Park at the Colony.

There were 22 persons present, including the husbands, for the dinner, after which a social afternoon was held.

The pair of pillowcases, recently tube-painted by the women, was presented to Mrs A. D. Pearl. Mrs Garth Brewbaker will be hostess for the Aug. 12 meeting at her home. It will begin at 1:30 p.m.

Local Boy Scouts to meet Tuesdays

ELSIE—The local boy scouts assembled Monday night at the American Legion Hall for a trip to Chesaning where they attended the 24th annual Showboat on the Shiawassee River.

They were accompanied by their leader, Keith Thornton, and his mother, Mrs Cereta Thornton, and Gordon Mead.

The regular meeting night of the troop has been changed to Tuesday at 7 p.m.

Mr and Mrs Loyal Hinkley returned recently from a 5-day trip to Calumet, on the Keweenaw Peninsula and the International Falls, Minn., where Mr Hinkley lived several years ago. They crossed the border into Fort Frances, Ont., and traveled north and east, returning to Michigan at Sault Ste. Marie.

DOROTHY BLOOMER

Local pianist, dancer chosen for competition

ELSIE—Miss Dorothy Bloomer, 16-year-old daughter of Mr and Mrs Robert Bloomer of Elsie and a junior at Elsie High School, was recently named a semi-finalist of the Miss High School of Michigan Pageant.

In becoming a semi-finalist, Miss Bloomer received a special invitation to compete in the Miss High School of Michigan Pageant to be conducted at Holley's at the Inn, Ann Arbor, Friday, July 23, at 8 p.m. by the American College of Cosmetology, Newark, N. J.

Both a beauty queen and a talent queen will be selected to represent Michigan in the national finals of the Miss High School of America Pageant to be conducted at Convention Hall, Asbury Park, N. J. on Aug. 26 and 27.

Both winners will be chaperoned by their mothers for an expense free weekend vacation at this ocean-front family resort. The public is invited to attend the event.

A trophy and various other prizes will be given to the winner, in addition to the weekend vacation.

Miss Bloomer has five years of piano lessons behind her and several years of dancing lessons which she still continues. She was chosen by her dance teacher for a dance line, "The Michigan Debutantes," which has performed at the Michigan State Fair, on television, at banquets, parties and at the Chesaning Showboat.

After entering high school, Miss Bloomer became a member of the Future Teachers Club to learn more about the profession for which she is preparing. She has also been active in other extra-curricular activities.

She was a member of the GOP Girls and participated in last fall's elections. Last fall she also entered the Miss Teenage contest and was among the 12 finalists.

On New Year's Day, she was among the guests at the Inaugural Ball, honoring Gov. George Romney.

During the past three summer recreation programs, Miss Bloomer has been active in softball as a member of the team and this year, as manager of a younger girls' team.

A member of the Elsie Methodist Church and the MYF, she also sings in the church choir and is active in many service and community activities.

House guests of Mrs Nell Latham during the past 10 days were her mother, Mrs Myrtle Lee of Sacramento, Ky., and cousins, Shirley and Marlene Lee of Owensboro, Ky., and their friend, Beverly Kay. They spent last weekend in Canada and Niagara Falls.

Student leaders attend workshop

WESTPHALIA—Among the 160 student leaders who attended the 8th annual leadership training workshop No. 1 were Bruce Schafer and Ted Noeker, Peewee-Westphalia student council members.

The workshop was held at the University of Michigan in Ann Arbor, July 11 to 16. The purpose of the conference was to develop student leaders.

Talks on group leadership techniques, communications, aims and activities and understanding yourself were heard by all the students at the general session. The speakers employed such techniques as visual demonstration, group discussions and reports in order to stimulate student interest.

The student leaders attended lectures and discussions with other groups during afternoon clinics, with about 20 students per clinic. These leaders were then presented with student council problems that they might be confronted with in the future.

The topics discussed were along the same lines as the general session. Lecturers were professors, a state representative, a Dominican sister and other leaders.

The students were also assigned to one of 14 committees in which they were able to carry out debates about assigned projects and problems.

Stationed in two houses of South Quadrangle Dormitory, the student days consisted of eight hours of learning and four of recreation. They took a bus tour of the campus, used the sports facilities of the intramural building and attended dances. Meals were served cafeteria style in the student union building. Time was included to visit downtown Ann Arbor.

Thirteen staff members aided student leaders at the workshop and several professional fields were represented. The workshop directors were William Gilsdorf, U of M student council consultant, and Dr Alfred Storey, assistant professor of speech at U of M.

"Na-Churs" Liquid Fertilizer Bean Special is the Answer for TOP YIELDS of Soybeans and White Beans

Aerial Spraying Service Available

Bean growers are getting good results, with an average increase by actual combine checks of over 10 bushels per acre by spraying "Na-Churs". "Na-Churs" is a complete liquid fertilizer, with minor and trace elements. "Na-Churs" is a neutral product and will not rust your equipment.

Beans Sprayed with "Na-Churs" 2-20-18 Bean Special Out Yield Other Types of Fertilization Time After Time.

To grow the best crop of beans, use this program:

2 to 3 gallons per acre of "Na-Churs" 2-20-18 Bean Special sprayed at pre-bloom stage, or after last cultivation.

(This spray, applied at the proper stage of growth when root uptake is inadequate, is giving the farmer 4 to 10 bushels more per acre, as well as earlier maturity.)

A New Look Coming On August Water Bills

This is what St. Johns' new water bills, which will be sent out next month, will look like when customers get them. The bills will be prepared by computer methods in Lansing from data furnished by meter readers for the city water department. Only the left portion of the bill is to be returned with payment. The bills will be sent out after Aug. 1; after Aug. 25 a 10 per cent late penalty is figured, that showing as the gross amount due. The "net due" is the amount owed until Aug. 25. The "water usage" figure will be in 100-gallons, so add two zeroes to your figure to get the actual usage.

88 tee off Saturday in best-ball tournament

A field which includes 88 of Central Michigan's top amateur golfers will begin teeing off at 7:30 a.m. Saturday in the 10th annual Clinton County Country Club Best-Ball Tournament.

Defending the title they won last year will be John Tews, Bay City, and Dave Harrison, Midland. The Tews-Harrison duo bested Fred Behymer Jr. and Bud Reniger, of Lansing, on the fourth extra hole of a sudden death play-off last July.

The two teams had tied for low at 99 in the regulation 27-hole match. Behymer and Reniger are also scheduled to play again here Saturday.

OTHERS WHO have been members of winning duos in past years and are entered Saturday include Barry Dean of St. Johns, Gene Hunt of Flint and Jack Curry of Lansing.

The all-time tournament low was set in 1957 when Dave Hill and Ducky Andrews of Jackson posted an 11-under par 97 to win.

Seven of the teams entered Saturday include one or more Clinton County golfers. They are—Gary Becker and Dennis Hankey, St. Johns; Bill Pautke, St. Johns, and an unannounced partner; Carl Koenigsnecht and Sherm Forbes, Fowler.

Ken and Greg Penix, St. Johns; Ralph Lynam and Bob Serrine, St. Johns; Barry Dean, St. Johns, teamed with Dick Campbell of New York; John Hopko, St. Johns, playing with Otto Schubel, Lansing.

CHARLES LYNAM is general chairman of arrangements for the annual tournament. His committee includes John Hopko and Ken Penix.

The Country Club course is reported in reasonably good shape for tournament, in spite of lack of rainfall. Fairways are dry and hard.

Lynam said teenage boys who would like to caddy Saturday during the tournament should report to the Country Club.

HERE IS Saturday's schedule for teeing off of the 44 teams.

7:30, Gary Becker and Dennis Hankey, Ed McGrath and Dean Mathies; 7:37, Dick Hull and Jim Donahue, Carl Koenigsnecht and Sherm Forbes; 7:44, Howard Baker and Bob Castle, Lee Hicks and Jay Baldwin; 7:51, Dick Hewes and Vern Davis, Floyd Conklin and Stan Harper; 7:58, Gregg Husby and Claude Fournel, Jerry Seydow and Jack Baker.

8:05, Gordy Elleff and Oscar Sullivan, Ed Rosser and Carl Bond; 8:12, Chuck Fitzpatrick and Ron Nettle, Jim Ruetter and

9:37, Micky McMillan and partner, George Walkusky and partner; 9:43, Bob Blanch and Jerry Fisher, Joe Bartolucci and Dick Chamberlain; 9:50, Richard McMillan and Jack Cardinal, Dick McCracken and Derold Husby; 9:57, Howard Evans and Eldon Warr, Dr. Wayne Kramer and Larry Cunningham; 10:02, Howard Waggoner and Steve Elmer, Dr. Robert Bernstein and Ron Hartman.

Special recreation events scheduled for coming week

Two special events for children in the St. Johns summer recreation program are scheduled during the next week.

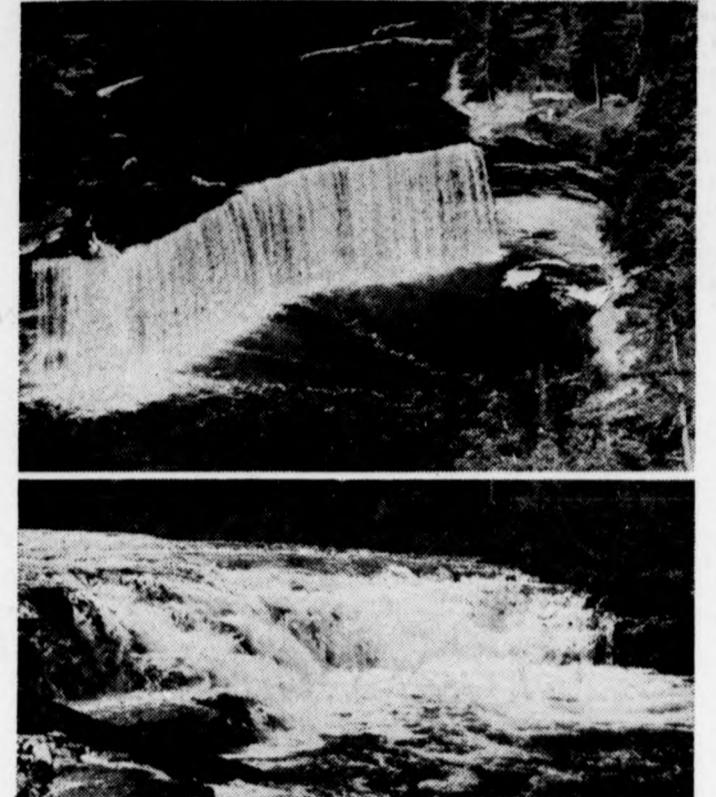

On Friday, July 23, a circus is planned and youngsters may dress and perform traditional circus acts. They will meet at the City Park band shell at 9 a.m.

On Wednesday, July 28, children who have completed the third grade are invited to participate in a bike hike from 1 p.m. to 4:30 p.m. They will meet in the pavilion at the city park. Destination of the trip will be announced later.

One-third of the visitors at Michigan State Highway Department Travel Information Centers last year listed themselves as "sightseers" and most of these said they came to see Michigan's "beautiful scenery."

SPORTS

Michigan Waterfalls

Among the things which make Michigan a Water Wonderland are its northern falls which punctuate rivers and creeks with a surging display of their restless beauty. Pictured at the top is Luce county's Tahquamenon Falls, mightiest of the Midwest's waterfalls and one of Michigan's most famous scenic gems. Located in the state park which bears its name, the Tahquamenon each year attracts thousands of viewers who marvel at its powerful charm. The Upper Peninsula chains this great attraction just as it does all other waterfalls in this state except one—the Ocqueoc in Presque Isle county (bottom photo). More waterfalls like the Tahquamenon and those in Porcupine Mountains state park need to be preserved for the public. The best hope for doing this is through the generosity of private landowners and conservation-minded organizations such as the Women's Farm and Garden Association which several years ago gifted to the State Wagner Falls south of Munising. --Mich. Free style relay back for '65 swimming meet

The free style relay has been returned to the list of events planned for this year's Clinton County Swimming Meet, set for Aug. 5 at the St. Johns city park.

Sponsored by the St. Johns Jaycees, the meet is expected to draw 55 or more contestants. It's the third year for the contest.

The free style relay, which consists of four swimmers taking turns in a 400-foot race, was included in the events during the meet's first year, but it was dropped last year. Meet Chairman Mike O'Connor of the Jaycees said it is being brought back this year by popular demand.

A CHANGE is also being made in the diving requirements this year, O'Connor said. Participants

in the diving contests will make four dives; required dives may be made but they cannot be repeats of those made on the two required dives.

Points are given for each dive, and the total amassed points are computed to determine the winner in each age group. Because of the length of time needed to run the diving events, O'Connor said some thought is being given to running the preliminary diving during the afternoon of Aug. 5.

DIVING CONTESTS will be held on both the low board and high board. The high dive is open only to senior girls and all boys.

Ribbons will be given for winners in each event in each of four age divisions: senior boys and senior girls aged 13-15 and junior boys and junior girls aged 10-12.

Outstanding swimmer trophies will be awarded to a boy and girl who accumulate the most points in the various individual events. Last year only one outstanding swimmer trophy was given.

INDIVIDUAL events, in addition to the diving, will include 100-foot free style, 100-foot breast stroke, 100-foot back

stroke, 100-foot side stroke, 200-foot free style, medley relay (three swimmers), individual medley and the free style relay.

The meet this year is being opened to swimmers all over the county, O'Connor said. Last year 55 youngsters signed up for the swimming meet but only 45 participated because of cold weather and vacations.

ARRANGEMENTS ARE being made again this year for bleachers to be installed outside the fence surrounding the pool. They will seat approximately 400 persons who officials are hoping will turn out to watch.

Further announcements concerning the swim meet will be made later and will also be posted on the bulletin board at the swimming pool.

Car rams moving house trailer

Galen K. Henderson, 25, of Bradford, Ohio, was ticketed by county sheriff's officers Thursday afternoon for failure to stop in assured clear distance ahead after his car ramed a house trailer on US-27 in Olive Township. The trailer was being towed south by Robert J. Douglass, 43, of Livonia. No one was injured.

When should you start thinking about carefree Electric Heating?

WHEN YOU PLAN TO BUY, BUILD OR REMODEL

Tomorrow's heating system is here today with many wonderful advantages—Electric heating is noiseless—there are no moving parts to vibrate, rattle or wear out. Electric Heating is hidden from view because it's supplied by wires that are embedded in ceiling plaster, or baseboard, or wall panels.

There's no need to fuss over Electric Heating, no fuel to order or store. The most work you do is adjust the thermostats. And, since there's a thermostat in each room, the heat can be tailored for the area and the activity. Yes, Electric Heating is really modern, and there's a type to fit every home, new or old.

★ IN MEMORIAM

To my dearest son John Ochis who passed away July 27, 1962.

The Master called my dear son to come with him above, to share with others there, the blessing of His love. And though our hearts are heavy it makes it easier the pain we bear.

Somewhere back of the sunset where love and remembrance never dies, he lives in a land of glory midst the blue and gold of the skies. You are never forgotten loved one, nor will you ever be.

Sadly missed by his mother, Mary Ochis. 13-1p

ST. JOHNS SCHOOL DISTRICT Board Proceedings

The Board of Education of the St. Johns Public School system held its first meeting of the new fiscal year, 1965-66, on Wednesday evening, July 7, 1965, in the office of the Superintendent. Present: Members Meyer, Parr, Schumaker, Gallagher, Richards, and Bast; Superintendent Lancaster, Principal Pocus, Mr Enoch, and Mrs Hicks.

The meeting was called to order at 7:30 p.m. by Mr Meyer.

Mr Bast, who had previously signed the Affidavit and Acceptance of Office, was sworn in as a member of the Board for a four-year period.

The Board then proceeded to organize for the new fiscal year. Mr Lancaster, acting as temporary chairman, called for nominations for President. Mr Parr was nominated, and there being no further nominations, it was voted that nominations be closed and a unanimous ballot be cast for Mr Parr. Mr Parr then assumed the chair and called for nominations for other officers of the Board. Mr Schumaker was nominated for vice president, and there being no other nominations, it was voted to cast a unanimous ballot for Mr Schumaker as vice president. Mr Meyer was nominated for secretary, and there being no other nominations, it was voted to cast a unanimous ballot for Mr Meyer as secretary. Mr Richards was nominated for treasurer, and there being no further nominations, it was voted to cast a unanimous ballot for Mr Richards as treasurer.

At this time Mr Livingston entered the meeting, Mr Livingston had previously signed the Affidavit and Acceptance of Office, and was at this time sworn in as a member of the Board for a period of two years.

Minutes of the regular meeting of June 3 and the special meeting of June 23 were then read by Secretary Meyer. The minutes were approved as read.

A report of the General Operating Fund indicating receipts and expenditures since the June 23rd meeting was presented.

At this time, a proposed budget for the 1965-66 school year was presented and reviewed in detail.

After due consideration, it was voted to approve the following budget:

Upon the recommendation of Mr Lancaster, contracts were confirmed for the following teachers:

- Jerry Ann Beaufore - H. S. Commercial Dept. Margaret McLeod - H. S. English Dept.

Bids on typewriter-trade-ins were then opened and the bid of the Selleck Office Supply Company was accepted.

Mr Lancaster indicated that it would be necessary to borrow against State Aid late in July, and bids had been secured on interest rates. It was voted to accept the bid of the Central National Bank of St. Johns at 3-3/8 %.

A resolution as set up by the State Department of Public Instruction for borrowing against State Aid was offered by Mr Meyer, who moved that an application for approval to borrow be submitted to the State Department. The motion was supported and carried.

Problems in connection with transportation of rural students, and enrollment in the various rural schools were discussed. It was decided at this time to close the Serviss School and also the Union Home School. Students from these schools will be transported to neighboring rural schools.

Because of classroom shortage at Central School and High School, it was voted to purchase three portable units,—one for Central School and two for the High School.

At this time it was voted to increase the salary of the driver training teachers by \$10 per week.

Because many of the school buses are in very bad shape and the service is not adequate, it was decided that two new buses should be purchased, and Mr Lancaster was authorized to secure bids.

July 16 was set as the date for a visit to the Mona Shores School at Muskegon, sponsored by Warren-Holmes, Architects, of Lansing.

There being no further business, upon proper motion the meeting adjourned.

Respectfully submitted, FRED G. MEYER, Sec'y.

2 spotted fever cases in southwest Michigan prompt new tick warning

Two cases of Rocky Mountain spotted fever in Berrien County, the first cases of the disease in Michigan in 14 years, have prompted State Health Commissioner Dr Albert E. Heustis to issue a warning to residents of the western part of the Lower Peninsula.

The commissioner urged people to be on the lookout for ticks, especially in the Niles area, where the two cases, a five-year-old girl and seven-year-old boy were reported.

DR HEUSTIS said that the ticks, hard-shelled, eight-legged insects with a protruding, hooked "nose," can embed their head under the skin and suck blood without its "host" realizing it.

He said that if spotted fever is present in a tick population in any given area, it is estimated that only about one tick in a hundred can transmit the disease.

HE RECOMMENDED that parents in tick-infested areas check their children over periodically—especially the neck and head. If a tick is found, it should be carefully removed by grasping it with a pair of tweezers or tissue paper and pulling gently so as not to crush the tick or leave its head imbedded. The bite area

Surveys of tourists stopping at the Michigan State Highway Department's Travel Information Centers show that Ohio, Indiana, Illinois and Wisconsin residents account for 43 per cent of travelers stopping at the centers.

should be disinfected immediately. If any sign of fever or ill health is noted within a week following the tick bite, a physician should be consulted, the commissioner said.

AS A FURTHER precaution, Dr Heustis said a DDT-containing insecticide spray should be used on areas where ticks have been observed.

Eureka

By MRS. GORDON WAGGONER, Correspondent

Mr and Mrs Dale Randolph and family entertained the following at a picnic at their home Sunday in honor of their mother, Mrs Ethel Randolph on her birthday: Mrs Kay Stephens, Miss Barbara Waggoner, Mr and Mrs Wallace Huggert and Daniel, Mark, and Laurie, Mr and Mrs J. D. Robinson, Eunice Martin and Miss Karla Snyder.

Mr and Mrs Richard Eakons and four children of Dayton, Tenn. have returned after spending about six months there. They will live in Eureka again.

Eureka Co-eds are champions

EUREKA—The Eureka Co-eds, a girls' softball team, played their sixth and last game of the league last Friday in Elsie against the Rascals and won. This makes them the champions for the second season in a row.

Following the final game, the Co-eds and their families were invited by Mr and Mrs Dale Randolph to the Randolph pool for a swimming party.

Refreshments were furnished by Ben Beck of Beck's Farm Market, the Co-ed's sponsor. Cakes were furnished by the mothers. Forty - four persons were present. Earlier in the evening the girls had their picture taken by a photographer.

The girls of the team are Joy Larson, Naga Burtovoy, Rose Marie Baker, Debbie Webster, Cindy Lewis, Mona Harger, Beth and Lorraine Harger, Gloria and Linda Waggoner, Denise and Renee Makara, Romona Hubbard and Judy Miller. Manager is Gordon Waggoner, with Miss Janet Larson as assistant. Mrs Gordon Waggoner was the score keeper and counselor.

Mrs Gladys Hankey and Clarence Burk were in Laingsburg last Wednesday to attend the triple funeral services for their cousins who were victims of an auto accident at Kalkaska on Sunday. Mrs Margie Daschner was the daughter of Mrs Della Burk Beech, formerly of Eureka.

Mr and Mrs Arthur Somerville, Ruth Ann and Johnny of Rochelle Park, N.J., were guests of Mr and Mrs Gordon Waggoner and daughters Tuesday evening through Friday. Arthur Somerville and Gordon Waggoner had been in the army together.

Mrs Selina Bailey of Maple Rapids visited her niece, Mrs Gordon Waggoner, and daughters on Friday afternoon. She then was a guest during the weekend of her brother and his wife, Mr and Mrs Ivan Clark of Ridge Road. She called on another brother and his wife, Mr and Mrs Milford Clark in Elsie. She plans to spend some time with Mr and Mrs Robert Wright in Detroit.

South Ovid

By Mrs George Young

Miss Susie Parker and grandmother, Mrs Gladys Parker, left last Wednesday to spend 2 weeks with Mr and Mrs Robert Sealsby of Grosse Pointe.

Mrs Georgianna Underhill and sister, Mrs Edna Sherman of Riverdale, the former's son, Wayne, and friend, Bert Howard, left for Florida last Tuesday morning.

Mr and Mrs Leo Hedden of Vernon were callers in South Ovid last Wednesday evening. They reported that Mrs Clyde Morrell was under the doctors care.

Mr and Mrs Edsell Miller of North Ionia were Sunday visitors of Mr and Mrs Kenneth Young.

Gypsy moth traps being set

Although trapping programs conducted in central Michigan in the past three years failed to disclose a single gypsy moth, 6,000 gypsy moth traps are again being placed in the same territory.

If no moths are trapped in 1965, efforts to eradicate the pest in Michigan will be considered successful, said Agricultural Director G. S. McIntyre. The eradication program is operated jointly between the Michigan Department of Agriculture's Plant Industry Division and the USDA's Plant Pest Control Division.

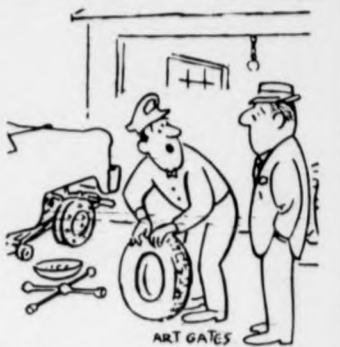

THE FIRST instance of gypsy moth in the state came to light in 1954 when egg masses were found in suburban Lansing. Subsequently, there was aerial treatment of 86,400 acres with pesticide in the surrounding territory.

Gypsy moth is a destroyer of fruit trees and forest trees with the exception of conifers. Colonies of these insects can be found on nearly 40 million acres in the northeastern part of the United States. Whole forest tracts have been destroyed or severely damaged. In some seasons as many as a half million acres have been defoliated. Two successive defoliations kill oak, birch, poplar,

willow, linden, apple, pear, and other hardwood trees.

IN MICHIGAN traps are being set in wooded or brushy locations in seven central counties. The counties and the number of traps are: Clinton 780, Shiawassee 225, Eaton, 1,900, Ingham, 2,025, Calhoun 300, Jackson 530, and Ionia 240.

The traps somewhat resemble paper drinking cups. They are baited with a synthetic sex attractant that lures the strong-flying male moth. When a male is drawn into a trap, a layer of sticky substance holds him until an inspector checks the trap.

"There is a lot of service left in this tire . . . it'll make a dandy swing!"

District to vote on annexing plan

EAGLE—The Eagle 9 (North Eagle) School District has scheduled an election for Monday on the question of annexing to the Portland School District.

is the annexation proposition itself. Issue No. 2 is for limitation of three mills which may be assessed against the residents of the district for three years to provide additional operating funds. Issue No. 3 is for assuming the pro-rata share of Portland's bonded indebtedness. The Eagle Village district approved a similar annexation arrangement with Portland July 10.

Plan new US-27 crossover

Highway and entrance improvements are being made at St. Johns' Public Works Department building and the sewer treatment plant. The city has received engineering drawings from the State Highway Department for a new crossover on US-27 in front of the entrance to the two buildings.

The improvements are being made at the request of the city to provide more convenient entrance and exit for not only city equipment but also for tourist trailers which are invited to use a sewer dumping facility there.

Left turn lanes will be constructed on the inside of both the north- and south-bound lanes of US-27. This will make it easy for south-bound trailers to turn directly into the sewer plant grounds instead of having to go a short distance south, cross over and then backtrack, as they must now.

THE LEFT turn lanes are being built for the northbound US-27 because the crossover is at the intersection of North Oakland Street, which is a platted street though not yet open.

The city is widening its driveway to better accommodate the traffic to the two city buildings and the trailer facilities, and the highway department will build right-turn lanes there for north-bound traffic.

Eighth grader, dad in Russia

Larry Burtovoy, an eighth grader at Eureka School, and his father, Jack Burtovoy, left recently for a trip to his father's home town in Ukraine, Russia. They'll be there for about a month and a half yet, returning home around Sept. 8.

Mr Burtovoy left his home town at the age of 17. Besides being an educational trip for Larry, it will be a family reunion for his father, who has a brother and sister and a number of nieces and nephews there.

Local girl working at Buffalo hospital

The Occupational Therapy Department of Western Michigan University recently announced the placement of a St. Johns girl on affiliation. Nine months of affiliation are required for registration as an occupational therapist.

Judith A. Bair, 20, daughter of Mr and Mrs Carl A. Bair of 1768 W. Maple Rapids Road, is doing her affiliation at Buffalo State Hospital, Buffalo, N. Y. Miss Bair, a junior, also attended Central Michigan University and is a 1962 graduate of Rodney B. Wilson High School in St. Johns.

Affiliation placements are made in the area of psychiatry, general medicine and surgery, physical disabilities and pediatrics in a variety of hospitals throughout the United States.

New Driver License Personnel

The new driver's license station for Clinton County is manned by Howard Witt, shown here with his Secretary Ardis Crawford. The license office is located across from the county clerk's office in the center section of the Clinton County Courthouse in St. Johns. The office is open from 8 a. m. to noon and 1 - 5 p. m. Tuesday through Friday, 1-5 p. m. on Monday and 8 a. m. to noon on Saturdays. Though removed from the main jail building, the license office is still under the jurisdiction of the sheriff's department. Next to Witt is the camera which takes color photographs for use on the driver's licenses.

Ovid boy finds Germany interesting, hilly, friendly

Jerry Yerrick, son of Mr and Mrs Lyle Yerrick of 1080 S. Hollister Road, Ovid, is presently in Germany on the Youth for Understanding student exchange program.

JERRY YERRICK

He left June 14 and is the fourth Ovid student to have participated in the Youth for Understanding program. At the request of the Clinton County News, excerpts from some of his first letters home have been obtained to relate some of his experiences during the first part of his stay in Germany.

YERRICK IS living with Mr and Mrs Karl Lopata of 5872 Dellingshofen, Brockhouser Weg 91, Germany. Mr and Mrs Lopata would be the "parents" he refers to in the following excerpts.

"The trip over wasn't very good. We were supposed to have only 10 hours of flying time, but we actually had 22 hours because we ran into bad weather.

"I landed in Hamburg, Germany, on June 15 at 6:30 p.m.

and spent the night in Hamburg. They fed us jello, blood and flesh and good old hard German bread. June 16 I boarded the train at 12:07 p. m. in Hamburg to make the trip to my family. They were going to meet me in Dortmund.

"I ARRIVED at Dortmund at 4:35 p. m. When I got off the train there were my mother and father (my German parents) to greet me. But one thing was wrong. My brother wasn't there and he was the only one who could speak English. So on the way home no one said anything.

"When we arrived at home I was surprised to see such a beautiful home. The little girl that lived across the street—she is about 5 years old—came over. She was talking German to my parents, and then all of a sudden she began to talk in English. She was a Canadian girl; her father is in the service.

"SHE TOLD ME that my brother Charlie wouldn't be home for eight days. So here I was in a strange country with strange people who couldn't speak any English.

"So I started to learn some German. I could only say words, but now I am beginning to put sentences together and I can carry on a pretty good conversation with them. At least they can understand me.

"CHARLIE IS 16 years old and in the 11th grade. He begins his holidays in August. My father is an engineer, and he also designs things for the Canadian Army base here in Dellingshofen.

"My mother is a bookkeeper for a steel manufacturing company. They leave for work at 7:30 a. m. every day except Saturdays and Sundays. And I have another brother, 25 years old. He is away at college and I haven't met him as yet.

"IT IS very hilly around this area. Right now it has been raining a lot; it seems like it has been raining nearly every day.

"Everyone has gardens and flowers. At every house you go by you see a garden and flowers. And they always have fresh-cut flowers in just about every room of the house. You even see flowers in the car and on the bikes."

YERRICK SAID he enjoyed getting mail from his friends in the Clinton area. He expressed his thanks for all the letters and to the people who helped make his trip possible.

Sheridan annex vote Monday

Annexation of the whole Sheridan Road School District to the Lansing Public School system will be the question decided Monday when residents of that district vote again.

The Sheridan Road district, split politically with the southern part of the city of Lansing and the northern part out of the city, has been the subject of a number of elections. In February and April this year voters rejected a 15-mill tax for additional funds to operate the Sheridan Road School, and the school is now reportedly in a financial bind with not enough funds to operate the classes it wants to.

IN MAY, AN election was held to annex to the Lansing district only the southern part of the Sheridan district, but that was turned down after the Lansing school board urged a vote. The Lansing board said it had changed its long-standing policy of requiring political annexation before school annexation; rather than split the Sheridan Road district, they urged the southern part be kept out of the Lansing district until an annexation vote could be held to take in the whole Sheridan district.

Such a formal invitation was made in late May.

3 area Oliver dealers see demonstrations

Three Clinton area Oliver farm equipment dealers attended Oliver Corp.'s "1965 Growing O" campaign field demonstrations on two farms near Bowling Green, Ohio, July 12.

Attending were H. E. Phillips, owner of Phillips Implement Co. of St. Johns, and Bruce I. and Ivan E. Hofferbert, partners in Hofferbert Oliver Sales at Bannister. A wide range of new products for the coming year was introduced and many of the machines demonstrated under field conditions.

"Why are Chryslers so popular these days?"

"DRIVE ONE!"

You'll discover a Chrysler adds up to solid value the smaller cars can't match. Its 124-inch wheelbase gives you the extra left you need for a big-car ride. It's powered by a big 383 cu. in. V-8 that you'd pay extra for on the smaller cars. You'd think performance like this would cost a lot. But it doesn't. Nearly half our Chrysler models are priced just a few dollars a month more than the most popular smaller cars, comparably equipped. Small difference to pay for a mighty big difference in your driving. No wonder it's the most popular Chrysler in history.

The parade is over, and Tim is hot, dusty, and his feet hurt. This was his first parade, and somehow it didn't come off as he thought. He didn't expect to be the whole show, but he did think he and his tuba would stand out a little. As it happened, he was just "one of the band."
Later, he will realize that if each player weren't just "one of the band" there wouldn't be any band at all. He'll start thinking from there, and the parade will seem a lot better in memory than it does right now. For Tim has a good sense of value, for a boy his age—thanks in part, to the teachings of his church and church school.
Tim will weather his disappointments and march successfully through life, instead of giving up. Will your youngsters be as lucky?
Give your children the chance to go to church school.

Farm Bureau criticizes Johnson's labor policy

The Johnson Administration's way of handling farm problems brings no cheers in the current issue of the Michigan Farm News, publication of the Farm Bureau.

Here are some of the pointed remarks:

TALK ABOUT a harvest of shame.

Those who take seriously the Biblical admonishment—"Waste not"—can only avert their eyes from tragic waste as huge fields of overripe strawberries rot in the sun, as crisp, unpicked asparagus hardens into whips of tall grass, bursting into fern-like fans as it matures past all reclamation.

Carloads of lettuce lying untouched while supermarket prices soar to 50c per head, cauliflower at nearly 80c per head and tomatoes low in quality but sky-high in price—are all marks of the government planner and the labor union leader.

THE HIGHER PRICES and poorer food are the direct result of official government labor policies, urged by labor leaders in a professed attempt to create more jobs. Joined by a number of misguided but vocal religious and social welfare groups, they managed to block the highly successful Mexican "bracero" program, barring most foreign workers from US fruit and vegetable fields, thus leaving the jobs open to Americans.

Ignored has been the fact that under the law allowing such workers to enter this country, all jobs must first have been offered and refused by "domestic" workers. These refused work-offers still stand, but there has been no stampede on the part of America's unemployed to rush into the heat of the tomato or lettuce fields. Untended and unpicked, the fruit rots.

IN IMPOSING his farm labor regulations on agriculture, Secretary of Labor Willard Wirtz contends that he does so in the interest of the public and domestic workers. Yet, one of the primary interests of the public, including workers, is to enjoy an abundance of food products, in variety, and at reasonable prices.

The wage rates imposed on farm producers for farm help, the requirement to produce expensive housing and other benefits add sharply to the costs of producing food. These costs are being passed along to the consumer market.

INSTEAD OF more acceptable jobs for the nation's unemployed, the shortsighted actions of the Labor Department have short-changed both the diets and pocketbooks of consumers.

Suffering most of all is the farmer, caught between ripening crops and the deliberately created lack of labor. To protect his investment he is asked to hire jobless unemployables—often rejects from other industries.

LACK OF CONTINUITY

(From The Greenville Daily News, Greenville)

A major problem of our country is the lack of continuity of people in command.

For instance many billions have been spent in varying kinds of assistance to foreign countries since the Marshall Plan was originated. Administrators have come and gone by what seems like the dozens and the name of this give-away outfit has been changed with regularity.

In the past days President Johnson lost his press secretary, the head of the United States Information Agency and the secretary of the Air Force. And he changed ambassadors in South Viet Nam.

DEPARTURE OF Carl Rowan as head of USIA means the top three spots in that agency became vacant at the same time.

Everywhere except in our government the necessity of experience is recognized in handling big business. And the jobs we're talking about here ARE nothing but big business.

Constant effort to attain clearly defined goals should be the aim of policy makers in government.

It is utterly ridiculous to vision success for any of these agencies with a leadership that changes as often as Michigan's weather.

RAMBLIN' with Rink

BY LOWELL G. RINKER

There is included in the world's population a select number of people who have no mechanical ability. We try not to identify ourselves but sooner or later this lack of skill makes itself known.

In some cases it is embarrassing. In other cases, we don't really care if our ability is doubted or not; after all, auto mechanics, carpentry, and things of this nature often are work that belongs to experts. And so I feel no great loss at not knowing how to do those things.

BUT YOU'D think that anybody could operate a can opener!

This is where my face starts to get red. And the color comes not from embarrassment but more from frustration. It's a deep-seated frustration that goes back to boyhood and which would have probably given me an ulcer by now if I could get any food cans open to feed the ulcer.

What there is about me and can openers I don't know. As far back as I can remember, I've always had access only to can openers that never worked. My mother had (and I think maybe still has) a small can opener that she keeps in a drawer and which can be hidden in your fist.

WHENEVER I used it, it would always sit in one spot and spin. Mom would take it and whisk off the can lid in nothing flat.

Lo, the years passed and I got married. Among the utensils we bought in setting up our home was, of course, a can opener. From the very start, I couldn't get it to work. It too, would sit and spin, or when suc-

cess seemed near, it would slip up and off the edge of the can.

Two other hand-held can openers at first showed signs of cooperation but soon turned on me. My wife experienced much the same problem, but she took it more or less in stride, and with patience she managed to get cans open.

AT LAST, about six months ago, we decided to throw in the sponge and buy a wall can opener. I had always marveled at the ease with which they cut can metal when I had used them at the canteens in the newspaper where I worked in Illinois and at other places.

So happy was I when I got it put up on the wall that I would practice on the bottom of old tin cans and would spend extra time polishing the handle. The can opener was supposed to be a good one, though moderately priced.

NOW IT, TOO, has turned traitor. It sits and spins along the edge of the can or, most of the time, jumps up and off the edge. Ann complained about it the other night, so I know it's getting bad. We've kept the old hand-held job in the drawer, hoping it would frighten our wall opener into continued work, but now that bluff has been called.

The next step, I guess, is an electric one. If it also goes haywire, it probably would take a fuse with it, so I suppose that's not the right approach. With all the gnashing of teeth I've done while trying to open cans, maybe the old bicuspidis would be sharp enough to do the job just as well.

Testing

By W. E. DOBSON

There's a time of year for testing, When the school year starts to wane, There is testing each new sample Of the ore from a new vein.

There's a test to show how acid Or how sweet may be your soil, Tests for the degree of weather And for every grade of oil.

Every seed lot must be tested, Tests for round and tests for flat, Milk of every cow is tested To determine butter-fat.

Tests are taken by the doctor Which are promptly meant to find Just what bug it is that ails you, If to illness you're inclined.

There's a test of every measure That has been devised by man, Tests to check on time and matter, Tests for testing every plan.

Every day of daily labor Tests the laborer as well; Make your mark for good or evil; Late or soon the tests will tell.

So we test our ways of living, Learn for us which answers best, Till we find at Final Judgment, Just how well we passed the test.

ONCE OVER LIGHTLY

by Ink White

Justice for doorbell crooks

AS CONSUMERS, ALL of us should feel well protected these days, what with all the Federal and State agencies, the Better Business Bureaus and the vigilant newspapers and magazines.

But look at the story of the government's 30-year war with Holland Furnace Co. Only now is it ending. No one will ever know how many thousands of people were skinned in this racket, including several score in Clinton County.

The Holland Furnace story is told by Consumers Reports magazine. It serves as a warning to us all to be doubly careful of any stranger knocking at your door.

IN JANUARY, Holland Furnace and its former top management were found guilty of criminal contempt for violating a Federal court's temporary injunction against their hucksterism.

The corporation was fined \$100,000—enough, so its lawyers said, to push it into bankruptcy. The ex-president, Paul Theodore Cheff, was sentenced to six months in prison; two former vice-presidents were fined \$500.

Although a few other companies have been similarly prosecuted in the past, the case was the first in which the officers of a major corporation have been held criminally responsible for the misdeeds of the company's salesmen.

ANY CHEERING over the Government's victory, however, must be tempered by the knowledge that it came only after Holland had already victimized hundreds of thousands of home owners (according to the Federal Trade Commission's estimate).

The basic ploy, with many variations, went this way: salesmen posing as local government (often fire department) or utility inspectors would talk their way

into people's basements on the pretense of making a safety check.

Having gained access, they dismantled the furnace, "condemned" it as unsafe because of some supposed defect, and refused to put it together again. Then, stepping into their true role, they sold the unhappy householder unneeded repairs or a new Holland furnace.

UNBELIEVABLE THOUGH it may be, this invasion-plus-demolition selling approach worked well enough to put Holland Furnace at the top of the replacement furnace business. (One New England woman in her dotage was sold six furnaces in six years, at more than \$18,000, by salesmen from the same Holland branch office.)

The time it took to stop Holland Furnace's swindle was not particularly remarkable. Other FTC cases, too, have run a decade and more.

Paul Rand Dixon, FTC chairman, once told Congress that when a Commission decision is appealed, "due process guarantees to even the most stupid lawyer in America that he can keep that case alive for several years." And meanwhile the company is ordinarily free to continue the challenged tactics.

THE HOLLAND case revives the questions: How is the public to be protected from robbery in the guise of selling? What's to be done about the doorbell artists?

Yesterday they were furnace inspectors. Today they are "taking a survey." Tomorrow they may want you to test a product "free." New ways to skin the householder will keep on coming.

Perhaps the soundest advise is: Deal with established firms you know.

★ Interesting Items from the Files of The Clinton County News

10 YEARS AGO From the Files of July 21, 1955 The Clinton County chapter of the American Red Cross last week became the first major fund-raising agency here to announce that they will participate in a United Fund campaign in the county this fall.

day night, July 11, at the Legion Hall. Percy Carris, DeWitt, was named to succeed Lewis Wolf of St. Johns as first vice commander.

50 YEARS AGO From the Files of July 22, 1915 Clinton County seems to be getting on wheels pretty fast. During the 1915 season, just closed, the leading auto dealers of St. Johns have sold right around 325 cars. Naturally the Ford sales top those of any other car, A. T. Smith having sold 163 machines, most of which were touring cars, there being a few roadsters.

Annexation of land by the city was among the questions before the city commission at its regular session Tuesday night. The action included a directive for preparation of a petition to the Bingham Township Board to permit annexation of approximately 150 acres of undeveloped land at the southeastern city limits.

25 YEARS AGO From the Files of July 18, 1940 Residents of St. Johns were puzzled July 17 by the low water pressure throughout the city. The explanation is that the 100,000-gallon water storage tank is now completely drained in order to scale and paint it inside and out. The water supply is being pumped by the turbine directly into the main, rather than up to the tank, so that the inside may be reached. The purpose of the project is to eliminate the objectionable odor from the water which has been noticeable again of late.

Ralph, 10-year-old son of Wilbur Vance of Pewamo, lost control of his Ford auto last Monday and the machine turned turtle. He was caught with the steering wheel across his throat and was choking to death when released.

The Sherwood and Richmond school districts in Greenbush Township will hold a picnic and homecoming in the grove on the O. B. Sevey farm, now owned by his daughter, Mrs. J. A. Reavis, on Aug. 12. A large number of the former residents are expected to be present, 300 invitations having been issued.

Five hundred small earthquakes were recorded in western Yellowstone National Park in a recent two-month span, says the National Park Service, 80 in a single day occurring in a swarm near Old Faithful geyser. But don't let the news upset vacation plans. All were too slight to be felt by park visitors.

Bad intersection real traffic hazard

WHAT COULD HAVE been a very serious accident—but fortunately wasn't—occurred last Saturday (July 10) about 8 o'clock in the morning on the corner of Clise and Watson Roads, more often referred to as McGonigal Corners.

Mr Elton Slocum of 5543 Cutler Road, driver and owner of the north-bound car, and the west-bound car, driven by Jack Damer of 6776 E. Howe Road, collided at the intersection of the two roads. The Damer car came to a halt in a wheat field on the northwest corner of the intersection. Mr Slocum's car was nosed slightly to the northwest but still in the road and according to reports is a total loss.

THIS MARKS the 12th accident of like manner, others being more seriously injured. Moving traffic is not visible to other traffic until they arrive at the corner. Traffic has to move up hill from any of the four directions.

Something must be done to eliminate this hazard.

Kind comment from California reader

AS WE WERE reading and admiring the recent issue depicting the Soap Box Derby pictures, etc., the following came to mind:

"If Messrs. Vaughan, Clark, yes, and even Sky Marshall, could see what you are turning out today, they would be amazed!"

HOW YOU, with a limited staff, can gather the tremendous variety of news and advertising and then get it through the paste-up, photographing pages, and ready for the offset presses, is beyond me.

I am sending you a copy of one of our neighborhood papers which appears twice a week, thinking you might like to look at it for comparison. They, too, are doing a good job, as you will see, but not comparable to yours—and with a much larger staff.

Keep up the good work.

MSU gets Kellogg grant to help farmers adjust

Farming still accounts for a good portion of Michigan's economy, but further change in its status is anticipated.

Agriculture ties with resorting or rates second to manufacturing as an industry, depending on who is speaking. But the number of people and land area involved in farming has changed considerably over the years, and the evolution has not stopped yet, according to the experts.

FOR THIS reason, Michigan State University has received a sizeable grant from the Kellogg Foundation to help farmers adjust to this continuing change in demand. Young farmers, mostly in the 25-35 year age bracket, will be the prime targets of the experimental program to be conducted by MSU's extension service.

Theory behind the program, according to Dr David Boyne of the agricultural economics department, is that well-informed leaders are needed to give farm people a better understanding of their role in the present and future industrial-urban society.

STARTING THIS fall, 30 farmers will be selected annually to participate in the program. They will be enrolled for a three-year period to attend institutes, discussion meetings and to travel in Michigan, the nation and throughout the world.

Dr Boyne notes that since most participating farmers will not have had any college training, the three-year program will include classroom study in economics, political science, sociology, communications, philosophy, the arts, history and education.

Despite a five-year grant of \$432,225, the program will call for individual expenditures of an estimated \$4,250 per farmer. The grant will be used as a supplement to the enrollment fee for

books, study materials and travel.

BIG BUSINESS sometimes is accused of losing touch with its original function and so it appears to be with some facets of tourism in Michigan.

Twice recently, and perhaps more instances have gone unnoticed, the State Tourist Council has been called on the carpet for glaring errors in doing its job. The errors appeared to be big ones, at least to the hometown folks who should be experts on their community's main tourist attractions.

In one case a state senator by letter sharply criticized the council for failing to adequately credit the historic significance of a courthouse in his district. He said the description in the council's new map not only failed to note the rare antiquity of the building but mislocated the structure as well.

STILL SOMEWHAT red-faced from publicity given this inaccuracy, the council then helped publish a pamphlet which drew criticism from right in its own front yard.

In a booklet entitled "Your Guide to Michigan Accommodations, Restaurants and Attractions" the council in conjunction with the four regional tourist associations listed items by city.

For the Lansing-East Lansing area the pamphlet listed four movie theaters and the Oldsmobile factory. Described by council officials as "a regrettable oversight" was the omission of the state capitol, Michigan Historical Museum and the Michigan State University campus.

OTHER ERRORS in emphasis in the two new publications may have been received from other locales, but the Tourist Council

is keeping them in its classified file.

As one observer noted, the oversight of leaving the capitol building out of the Lansing tourist attractions list would be comparable to omitting Interstate 94 or 96 from the state's official highway map.

ANOTHER innovation in the annual Michigan showcase is in the making.

In each of the previous years Michigan Week planners have added something to give the observance new spark. One year it was a magazine promotion supplement in the New York Times and this past year it took the form of a pre-Michigan Week European tour by government and business leaders.

Next year it could be Michigan's answer to the World's Fair. Under study now is the feasibility of holding some kind of Michigan industry exposition in conjunction with the 1966 brag week or at some later date.

PROBLEMS experienced during the World's Fair in New York this year and last prompted most Michigan officials to forget about the idea of holding a future one here in the state.

A Michigan industry exposition, possibly including a trade fair, might be a good substitute for getting the World's Fair and, indeed, might even be better since the entire spotlight would be on participating state industries and organizations.

The exposition idea, sparked by the world-wide reverberations of the 1965 Michigan Week, is still at the beginning study stage. The way Michigan Week organizers have started ideas and expanded on them annually in the past indicates this one could follow the same pattern.

Bement Library Book Shelf

By Hila Bross

This librarian had the privilege of attending the American Library Assn., in convention recently at Cobo Hall in Detroit. Highlight of the opening session on Sunday night, July 4, was a reception at the newly-remodeled main branch of the Detroit Public Library. An air of festivity permeated the usually hushed halls, as librarians nibbled at little cakes and bumped elbows with other librarians, many speaking different languages, and several thousand in all.

Noticeable in the crowd was the librarian of a Nigerian University, resplendent in native costume. Lost in the forest of faces was the librarian of the United Nations whom we never did get to see. There were a great many young men among the delegates, disproving the axiom that all librarians are gray-haired ladies.

ONE COULDN'T help listening to the music of three different "compos," covering as wide a field as the library itself. On the mezzanine directly above the entrance was a bearded-but-bathed beatnik bunch, blaring out unrecognizable sounds, executed mostly on drums. In one wing a suave string quartet, complete with harp, played progressive jazz just loud enough to be classified as "music to drink punch by." In an opposite wing four dignified matrons sedately sawed away at a proper version of Brahms' Hungarian Dances.

The ALA had not met in Detroit since 1922, and any delegates who had not seen the city since must have been pleasantly surprised at the changes on the waterfront. We felt a sort of vicarious pride in the dramatic panorama seen from Cobo Hall, and in the Freedom Festival then being celebrated jointly with the city of Windsor just across the river in Canada. One wonders what foreign visitors think as they view this demonstration of international relations.

THE NAME OF Churchill has long been one to reckon with, and despite the recent death of the great Sir Winston, the name continues to draw attention when it appears on book covers. Last spring young Winston S. Churchill II broke into print with a book about a recent world cruise, signing his name exactly as his grandfather always had, without benefit of Roman numeral.

Critics rated his book as mediocre and accused him of capitalizing on the famous name. Sir Winston had always used the middle "S" in deference to a distant American cousin, who wrote under the name of Winston Churchill (The Crisis, The Crossing, Richard Carvel).

TWO NEW Churchill books have just come to our library. One is about Lady Clementine Churchill, widow of the late Prime Minister. Written by Jack Fishman, it is entitled "My Darling Clementine." The picture on the book jacket shows the Churchills in an affectionate embrace, both obviously consoling with laughter. This picture is illustrative of the high regard they had for each other and the fun they enjoyed together.

Originally published in 1963, nevertheless it is the current Book of the Month. This fact seems almost like an attempt on the part of the book club to get on the band wagon before the great man's afterglow fades completely. However, it is an interesting and heart-warming picture of a very human woman.

COUNTRY FLAVOR

Blueberry Moon month a good segment of year

HAYDEN PEARSON

When is Nature's benediction most meaningful? Is it a May morning when green is showing on the hillsides and the birds offer their dawn chorus? Is it October when glory flames on the hills or a bright day in January when white hills sparkle in the light?

There are those who think that a calm, moderate-temperature day in July is Nature's best benediction. It is a peaceful, quiet world at dew-spangled dawn. First sun rays paint soft-color

pictures on the mountains and hills, woodlands and fields.

AT HIGH NOON warmth broods on the countryside. Starting rows of crops are lines of green above brown soil. Apples are beginning to swell on the bough and gardeners watch the tomatoes in the garden. Through the long hours of sunlight, birds hurry back and forth with food for their young, and grass plots teem with small forms of life.

July is the heart of summer. The monotone song of tractors echoes from the fields and the

spicy fragrance of wilting grass is perfume in the air. Nature is pushing forward on its destined schedule as seeds and fruits mature.

WHEN DAY IS done and shadows begin to bivouac in the lowlands, the countryman likes to sit on the farm porch and watch Day slide slowly into Night. Fireflies stage their dot and dash ballet above the lawn, and chimney swifts settle twittering into their nests. The Blueberry Moon month is a good segment of year.

The pony express, one of the most romantic enterprises in U.S. history, began its service on April 3, 1860. Daring horseback riders carried mail between St. Joseph, Mo., and Sacramento, Calif., making the 2,000-mile trip in an average of eight or nine days. The service was discontinued after only a year and a half, when telegraph lines stretched from coast to coast, and the pony express was unnecessary.

The "Low Down" From the Congressional Record By Joe Crump

Nursing homes called leading fire hazard

Senior S. M. Young (Ohio) "The Nation has experienced periodic shock over one tragic fire after another in nursing homes providing care to elderly men and women. . . . In some states which have fairly high fire and safety standards for nursing homes, such standards are often applied sporadically, indifferently, or waived. Responsibility for enforcement is often fragmented and diffuse.

"AGED OCCUPANTS of nursing homes too often cannot escape. Their senses are dulled; many have received some form of medication (sedation) before retiring; their instincts are too slow to be cognizant of danger (especially after rude awakening)."

The NFPA has found from endless case histories that the most reliable and effective safeguard against fires in nursing homes is a well supervised automatic sprinkler system. It has promulgated this requirement in the NFPA Standard No. 101, Building Exits Code, which is the nationally accepted standard for protection of human life from fire . . .

TEN YEARS ago, Toledo, Ohio, had a nursing home fire hazard problem comparable to that of many cities . . . Although basic fire safety regulations, such as those requiring adequate exits, enclosed stairs, and fire doors were enforced, fire officials were not satisfied . . .

However, because the home operators were reluctant to assume the cost of sprinkler installation, an ordinance was passed in 1956 requiring full coverage by automatic sprinklers in both existing and future non-fire-resistant nursing homes within three years. The time limit was extended to five years upon request of the operators. By 1961 every nursing home in the city was fully sprinklered. No operator had found the installation cost prohibitive.

The example of Toledo can be duplicated readily in other cities and in all states.

Ashley High School Band at Traverse City Concert

Ashley band wins praise at festival

The Ashley Community High School band, under the direction of Charles W. Dittmar, is an unusual and fine group of young musicians.

Recently they attended the National Cherry Festival at Traverse City and participated in the annual band festival which this year became a band contest.

The experts who judged the competition gave the Ashley band a rate of third. In view of the fact that so many bands participated, it is particularly noteworthy that the Ashley band claimed such a high rating.

THE BAND is comprised of mainly 8th, 9th and 10th graders, with only one senior and two juniors being members. In spite of this, the band made an outstanding showing, both in the competition and in the Grand Floral Parade which followed on Friday afternoon, July 9.

The band fulfilled all of its ob-

ligations on Friday in spite of the fact that its director, Mr. Dittmar, had to be at home for the funeral of his mother-in-law. During his absence, Miss Sandra Shaw, a sophomore, ably directed the band as its drum majorette.

THE ASHLEY community has every reason to be extremely proud of this organization from the standpoint of its musicianship and also because of the fact that this group of young students fulfilled its obligations and carried back home the warm praise and the coveted prize which it so justly earned.

The band also performed on the grounds of Traverse City State Hospital for the benefit of hundreds of patients who had gathered for this special attraction. Although they had an extremely busy schedule for the National Cherry Festival, the students and the director of the band expressed a sincere desire to provide special entertainment for the State Hospital patients.

Ashley gets direct dialing next Monday

Beginning next Monday at 5 a.m., Ashley telephone customers will be able to dial their own long distance calls without the assistance of an operator.

"Strowger Automatic Toll Ticketing (SATT) equipment, located at St. Johns, makes this

possible," W. F. Graef, General Telephone district manager, points out.

From the moment a customer lifts the receiver of his telephone, Graef says, a series of mechanical and electrical operations is set in motion. Even before the dial tone can be heard, a device selects a line and clears it.

ANOTHER precision apparatus analyzes the number being dialed and the "calling" telephone. The equipment routes, records, and times the long distance call and punches the information on a spool of tape. The tape is later fed into an automatic accounting machine which prepares the month's billing.

To make direct distance dialing work on a national scale, every telephone in the country must have a number different from every other. To achieve this, the United States and Canada have been divided into more than 120 areas. Each area has been assigned a different three-numeral code.

Ashley is located in the 517 area. This is one of four areas into which Michigan is divided. These code areas are broken down into exchanges and each exchange is designated by a three-number or a two-letter, one-number prefix.

STARTING JULY 26, an Ashley telephone user will be able to call a person in Los Angeles by first dialing the "access" code 120 which will connect him to the direct distance dialing equipment.

Next he would dial area code 213 routing his call to the Los Angeles area in California.

Then he would dial the first three elements of the phone number he wants to reach, directing his call to the proper exchange.

UPON DIALING the final four numerals of the telephone number he will hear a "Zip-Zip" which indicates that the St. Johns operator is waiting for him to give the number of the telephone he is calling from. As soon as the number is given, his call is automatically sent on its way and in a few seconds the desired phone begins to ring.

It is impossible for the St. Johns operator to again come in on the connection.

ASC PROGRAM

Details on wheat support program

W. M. SMITH
County ASC Manager

With wheat harvest the next major project on most farms, details on the wheat price support program are in order. In Clinton County, the county loan rate for No. 1 soft white or soft red wheat is \$1.21 per bushel.

Price support is guaranteed only to producers who signed up and complied with the 1965 wheat program; they will also be eligible for certificates for the acreage of wheat planted. If at least 80 per cent of their allotment was planted, they will receive domestic marketing certificates valued at 75 cents per bushel on 45 per cent of the normal production of the farm acreage allotment and export marketing certificates valued at 30 cent per bushel on 35 per cent of the normal production of the allotment. These certificate payments will be paid participating wheat producers even though his yield is way below normal.

A FARMER can now get a price support loan on his grain, either warehouse or farm stored, without any waiting period after harvest. The first step is for the producer to make application for a loan at our office; there is a \$3 service fee.

For a warehouse loan the producer presents a warehouse receipt to our office and upon the completion of a note and loan agreement the producer receives his loan.

FARM STORED loans take a little longer due to the farm inspection of the commodity and storage. A farm storage loan worksheet will be completed by the commodity inspector and the producer during the farm visit. As soon as this worksheet is returned to the county office, a note, chattel mortgage, and security agreement will be completed and disbursement of the loan will be made the same day papers are completed.

I would like to remind producers that in Michigan the state law requires that both the husband and wife sign such documents as notes and chattel mortgages.

MANY FARMERS have come to think of the price support programs only in terms of selling or disposing of surplus stocks of Commodity Credit Corp. Actually, the second major purpose of the price support programs is to guarantee a minimum price for a producer's crop.

Many producers have taken advantage of the support program

fort to reduce accidents" says Howard Pyle, president of the National Safety Council.

Co-sponsors for the 22nd annual rural safety campaign are the National Safety Council and the US Department of Agriculture. Special emphasis this year is being given to preventing accidents involving slow-moving vehicles, chemicals, and electricity and in recreation.

"Today's farm family can prepare itself for accident prevention by eliminating hazards and making skillful use of modern farming equipment and production aids."

Michigan's 16,500 manufacturing establishments employ an estimated 1,062,000 people.

THE PRESIDENT urges that vigorous new efforts be made to eradicate hazards and rectify unsafe practices which cause farm and rural accidents.

"Progress toward this objective should be the goal of National Farm Safety Week 1965," he said.

The latest yearly breakdown of farm resident accidents shows a total of 8,400 deaths and 780,000 injuries. Of the deaths, 3,600 were motor-vehicle, 2,000 were in the home, 2,600 were work accidents and 800 resulted from non-motor vehicle accidents.

NOTICE

BINGHAM TOWNSHIP, Clinton County Michigan

To the residents and property owners of Bingham Township, Clinton County, Michigan, and other interested persons:

PLEASE TAKE NOTICE that the Township Board of said Township, at a legal meeting of said board, held July 17, 1965, adopted the following ordinance as governing said Township, to become effective September 1, 1965.

BINGHAM TOWNSHIP ORDINANCE NO. 1

BINGHAM TOWNSHIP LIQUOR CONTROL ORDINANCE

An Ordinance to secure the public peace, health and safety of the residents and property owners of the Township of Bingham, Clinton County, Michigan, a municipal corporation, for the regulation of alcoholic liquor traffic within said Township, through the enforcement of the Michigan Liquor Control Act of the State of Michigan within said Township; to provide penalties for the violation of said ordinance; and to repeal all ordinances and parts of ordinances in conflict therewith.

THE TOWNSHIP BOARD OF BINGHAM TOWNSHIP, CLINTON COUNTY, MICHIGAN, ORDAINS:

Section 1. TITLE.

This Ordinance shall be known and cited as the Bingham Township Liquor Control Ordinance.

Section 2. LIQUOR CONTROL ACT OF THE STATE OF MICHIGAN.

All alcoholic liquor traffic, including among other things, the manufacture, sale, offer for sale, storage for sale, possession and/or transportation thereof within Bingham Township, Clinton County, Michigan, shall comply with the provisions of the Michigan Liquor Control Act, being Act No. 8 of the Michigan Public Acts of 1933, as amended.

Section 3. ENFORCEMENT.

For the purpose of the enforcement of said Michigan Liquor Control Act within said Township, there is hereby established a Liquor Control Enforcement Department with full power, authority, and duty to see that the provisions of said Act and the rules and regulations of the Michigan Liquor Control Commission, adopted pursuant to said act, are enforced within said Township. Such Department shall consist of not less than one Constable or Deputy Sheriff appointed by the Township Board and such other personnel as the Township Board may, in its discretion, appoint. The personnel in such Department shall be entitled to such compensation as the Township Board may determine. Such Department or a member thereof shall be available at all times to investigate complaints received under this Ordinance, and enforce the provisions hereof.

Section 4. INSPECTION.

The Township Liquor Control Enforcement Department shall inspect not less than monthly, all liquor establishments licensed under the Liquor Control Act of the State of Michigan and report the results of all inspections promptly to the Township Board. The Township Liquor Control Enforcement Department shall further promptly investigate all complaints received by it concerning violations of the Michigan Liquor Control Act, or improper operations and practices concerning alcoholic liquor traffic within the Township, and report the same to the Township Board and, where appropriate under the Michigan Liquor Control Act, to the Michigan Liquor Control Commission for appropriate proceedings against the violator.

All inspectors shall carry appropriate cards issued by the Township Clerk, clearly identifying them as Township Liquor Control Inspectors and shall present said cards to the owner or manager of every place inspected by them when making an inspection, upon demand for identification by such owner or manager.

Inspectors shall have the right to inspect any place in the Township where alcoholic liquor is manufactured, sold, offered for sale, kept for sale, possessed or transported, or where the Inspector suspects the same is being thus manufactured, sold, offered for sale, kept for sale, possessed, or transported. Whenever possible, all inspection reports shall be made on Liquor Law Enforcement Inspection forms furnished by the Michigan Liquor Control Commission or on similar forms otherwise obtained by the Township Liquor Control Enforcement Department.

Section 5. APPROPRIATION.

For the purpose of carrying out the provisions of this Ordinance and establishing the Liquor Control Enforcement Department herein provided for, the Township Board hereby appropriates the sum of all monies returned to Bingham Township for liquor law enforcement, and is hereby authorized and directed to annually appropriate such an amount as will, in its discretion, be sufficient to maintain and operate such Liquor Control Enforcement Department for the ensuing fiscal year of the Township, not exceeding, however, 10 mills of the assessed valuation of the Township in any one year for vehicles, apparatus and equipment and housing for the same, and not exceeding 2 1/2 (two and one-half) mills of the assessed valuation of the Township per year for the maintenance and operation of the Department.

Section 6. PENALTIES.

Any person, other than persons required to be licensed under the Michigan Liquor Control Act, who shall violate any of the provisions of this Ordinance shall be guilty of a misdemeanor.

Any licensee who shall violate any of the provisions of the Michigan Liquor Control Act or any rule or regulation of the Michigan Liquor Control Commission promulgated thereunder, or who shall violate any of the provisions of this Ordinance, and any person who shall prohibit or interfere with the authorized inspection of a member of the Township Liquor Control Enforcement Department shall be guilty of a misdemeanor, punishable by imprisonment in the county jail not more than 90 days or by a fine of not more than \$100.00, or both, in the discretion of the court. Each day that a violation continues to exist shall constitute a separate offense.

It is the intent of the Township Board that the court, in imposing punishment under the provisions of this Ordinance, should discriminate between casual or slight violations and habitual sales of alcoholic liquor or attempts to commercialize violations of this Ordinance or any of the rules or regulations of the Michigan Liquor Control Commission promulgated under the Michigan Liquor Control Act.

Section 7. EFFECTIVE DATE.

This Ordinance shall take effect on the 1st day of September, 1965. All Ordinances or parts of Ordinances in conflict with any of the provisions of this Ordinance are hereby repealed.

BARBARA DAVIS

Clinton women registered for College Week at MSU

BY PATRICIA HOLMES

Tuesday, Clinton County women will join homemakers from throughout Michigan for College Week for Women, the 38th annual homemaker's conference, at Michigan State University.

Some of the women will spend 3 days at MSU, returning to the life of a student. They will live in a dormitory, attend classes, using bicycles if they wish, and participate in the extra activities which the university provides. Many women, within commuting distance, will attend the classes during the day and return home for the night.

DESIGNED to be a combination of continuing education and home economics, the classes range from homemaking to leadership.

Among the women from Clinton County who will attend the total conference is Mrs Ray Hamer of R-6, St. Johns, chairman of the Clinton County Council of Home Extension Study Groups. No stranger to the conference, Mrs Hamer has attended for several years.

For other women there are classes on such topics as employment opportunities, insurance, family health and interior design.

FREE EVENINGS can be spent on walking tours of the campus, shows in the planetarium or swimming in an outdoor pool. There will also be an ice show, stage play and square dancing.

Each morning, following devotions, the women have another wide selection of classes from which to choose. Some classes which Clinton County women are enrolled in are "Effective Communication" and "Your Community 10 Years from Now."

Following their morning classes and preceding their afternoon classes, they may attend lectures on such topics as geography, home decoration, children and new food developments.

THURSDAY WILL be the day devoted to young homemakers and, that evening, an international tea will be held.

The State Homemakers' Chorus, which includes about 15 women from Clinton County, will entertain. They will be directed by Wanda Cook, extension music specialist, and accompanied by Mrs Donald Chant, an extension member from Clinton County.

An Irish theme will prevail at the table which Clinton County women, Mrs Woodrow Bashore, Mrs Richard Hebel, Mrs Rademacher and Mrs Hamer, are in charge of. State officers and a panel of foreign students will be on hand to greet the guests.

THE CONFERENCE will end Friday at noon, following a general assembly, directed by Mrs Peter Tack of Wacousta Road, Clinton County extension member.

The women will have lived the lives of students, without final exams, of course. But they will also have gained knowledge by which to improve the quality of living in the home and contribute leadership to their society.

Mrs Al Rademacher and Mrs Ray Hamer inspect some of the articles they will use to make a centerpiece for the "Ireland" table which Clinton County extension women will be in charge of at the international tea during College Week for women.

A favorite summer salad

Fruit salads on warm days have decided appeal and go a long way in helping to boost lagging spirits. "Nectarine Nugget Salad" is easy to make and its flavor rewards are abundant.

All you do is toss sliced fresh nectarines and avocado and crisp cut iceberg lettuce with a gaily seasoned sour cream-chopped egg dressing. Serve with sandwiches and you'll have a refreshing summer meal indeed.

NECTARINE NUGGET SALAD

- 2 or 3 large fresh nectarines
- 1 large avocado
- 1 quart coarsely cut iceberg lettuce
- 1 c. dairy sour cream
- 2 hard-cooked eggs, chopped
- 1 tsp. sweet pickle relish
- 1 tsp. finely chopped onion
- 1 tsp. chopped parsley
- 1 tsp. capers (optional)
- 1 tsp. salt
- 1 Tbsp. vinegar

SLICE NECTARINES. Cut avocado lengthwise into halves; remove seed and skin and slice fruit. Combine nectarines, avocado and lettuce in large bowl. Mix all remaining ingredients thoroughly; spoon over fruit mixture and toss gently. Makes 6 to 8 servings.

Area resident to write news for Greenbush

SOUTH GREENBUSH— Words are of interest to the new correspondent of the Clinton County News from South Greenbush.

Mrs Hazel Beebe, who replaces Mrs Stanley Whitlock in the position, is an avid fan of crossword puzzles. She resides on Weiling Road. Furniture refinishing rates high among her interests.

A lifetime resident of the Greenbush area, Mrs Beebe has been active in grange and extension work. She is on the board of the Eureka Community Hospital Association.

SHE HAS FOUR daughters, Mrs Richard Kridner of Newark, Ohio, Mrs Paul Ladisky of Portland, Mrs Edward Shaw of Holt and Mrs John Bishop of St. Johns, and three sons, Robert of St. Johns, Howard of Okemos and Clare of Miami, Fla.

The wife of a farmer until his death 10 years ago, she spends most of her time doing housework and sewing, a pastime she retains a fondness for. She worked for 4 years as a pastry cook at the Saltbox.

"I look upon the conference as a homemaker's vacation," Mrs Hamer said. She looks forward to dining in the dormitory cafeteria and not preparing meals for the 3 days. But she also wants to gain the knowledge of leadership and world understanding that she knows is provided at the conference.

MRS AL RADEMACHER, also of R-6, St. Johns, and planning to attend the total conference, has only attended once, previously. She is looking forward to meeting new, and old friends.

"In the rooms, you are paired with women from other counties," Mrs Rademacher said, "so there is the advantage of meeting other people."

Mrs Rademacher, who is also active in extension work, is looking forward to getting suggestions for activities for her study group from the other extension women she comes in contact with.

THE WOMEN will register Tuesday morning and attend their first class in the afternoon.

As head of the Clinton County Council, Mrs Hamer chose a class entitled Leadership Skills in Organizations, designed for training officers of organizations. She will study a different aspect of this topic every afternoon of the conference. Mrs Rademacher will spend her afternoons studying the History of Michigan.

Good lighting plan important in home

BY BETTY KETCHAM
County Extension Agent
Home Economics

You can see your home in a new light with a few well-placed lamps. Carefully planned lighting lets you see better and can provide a decorative touch to your home.

Good lighting is a combination of ceiling fixtures, wall brackets and portable lamps, arranged to give you the right amount of light for each eye task and overall light to relieve general eye strain and fatigue.

Each eye task requires a different amount of light. For instance, sewing causes more strain than reading a well-printed book and, therefore, calls for better lighting.

GENERAL room lighting is just as important as specific lighting. A single light may provide enough light for a given job, but the human eye also sees the dark portion of the room and the contrast can cause eye strain.

Your room should be lighted so that these contrasts are eliminated. Light, dull-colored walls can be lighted simply and economically. Avoid shiny surfaces that give an undesired glare.

HOWEVER, dark colored walls are often dramatic, and can be lighted satisfactorily with careful planning. But the risk of insufficient light in these rooms is greater.

A bare light bulb can be dangerous and cause unnecessary eye strain. Shades should be used on all lamps.

YOUR CHOICE of a good lamp shade is one of the requirements for better light. All linings should be white or very light colored. An opaque shade that allows no light to pass through should always have a white lining. An opaque shade is best in a dark room so there will be no uncomfortable contrast between the walls and the shade. Transparent shades are suggested for light colored rooms. Sometimes a dark and light combination gives a dramatic or decorative effect, but avoid it where you do eye-straining work.

YOU SHOULD also consider the size, shape and material of the shade. The best shades are open at both the top and bottom to allow greater light diffusion. The bottom diameter should allow the light to spread over a large enough area for reading, sewing, studying or other tasks. Your shades should also be made from materials that are easy to clean.

There are recipes for good lighting just like recipes for your favorite dish. If you are thinking about changing the lighting in your home be sure to pick up your recipe book for good lighting.

What price a tan?

Sun in moderation is the caution for this summer. Studies show that repeated overexposure may cause tumor development. Therefore it's sensible to take the sun in short doses and to protect the skin from too much sunlight.

Quick hamburgers

Take hamburger buns, add sliced meat loaf—and presto, you have a tasty sandwich for a quick lunch or supper. Try browning the meat loaf slices under the broiler or in a skillet. Then slip the hot meat into buttered buns, adding sliced tomatoes, green pepper rings and crisp lettuce leaves.

Woman, 2 men hurt as cars crash on smoky road

Smoke from a fire on a DeWitt Road farm was blamed for an auto accident last Wednesday afternoon that hospitalized a DeWitt woman.

At St. Lawrence Hospital with a broken leg was Mrs Emma Rohrer of DeWitt, a passenger in a car driven by her husband, Frank J. Rohrer, 80. Rohrer's car collided with one driven by Van L. Johnson, 17, of R-2, DeWitt.

THE CARS collided about a half-mile north of Cutler Road on DeWitt Road. Deputy Sheriff Fred Corson reported that smoke from a fire on the Seyfried farm made visibility zero. Rohrer's car got over the centerline of the highway and hit Johnson's car.

Rohrer and Johnson both suffered cuts and bruises but were released from the hospital after treatment. The accident occurred at 3:40 p.m. All the injured were taken to St. Lawrence Hospital in Lansing.

Road Commission Weekly Report

The Board of Clinton Road Commissioners held their regular meeting Monday, July 19. The board opened bids on bituminous materials for Clintonia Road. I will report the decision on this contract next week.

The commission discussed the present status of the Federal Aid program and the progress of other summer programs. They also discussed roof repairs to the main garage building.

BLACKTOPPING and dust control were the main activities last week. The second applications of liquid calcium chloride were finished last Monday.

Prime and double seals of bituminous materials have been applied to stretches of Mead Road in Duplain Township, St. Clair Road in Ovid Township, Williams and Hyde roads in Greenbush Township, Taft Road in Bingham Township and the crew is currently working on Upton Road in Bath and Victor Townships.

BRUCE WOODBURY, picnic chairman for 1965, announced the chairmen of the various picnic committees. They are: Arthur Curtis, kitchen; Roy Harger, arrangements; and Joe Barrett, prizes.

Bert Hiller is to be master of ceremonies at the affair which will be held at Smith Hall next Monday, July 26. Employees, families, retirees and guests attending are expected to number 225. The commission offices will be closed that day.

State Fair plan junior livestock judging contest

The youngsters who soon will be running Michigan's farms and leading the state forward in agriculture will be competitors in judging livestock for the first time at this year's Michigan State Fair.

Robert Zeeb of Bath, State Fair Authority member who is chairman of the premium exhibits committee, said the junior judging contests were added in line with the fair's policy for continuous expansion to better serve all the people of the state.

expected to take part, said Robert McLachlan, agriculture exhibits director. They will compete in judging 12 classes of beef cattle, sheep and swine. Winners will be selected on their ability to judge livestock and to state orally their reasons for the placing of the animals.

The contest's purpose, said McLachlan, is to help train future agriculture leaders in the fundamentals of sound livestock selection.

Members of the 4-H Club and of the Future Farmers of Amer-

ica will be among those taking part. However, affiliation with the FFA or the 4-H is not required—any youth 14 to 19 is eligible.

ENTRY FORMS for the contest may be obtained by writing to the Department of Animal Husbandry, Michigan State University, East Lansing, Mich. Completed forms must be returned to the Fair's Mr. McLachlan, State Fair, Detroit, Mich., 48203. Entries must be postmarked no later than Tuesday, Aug. 17.

A fee of \$1 per contestant must accompany each entry. In return,

each contestant will receive a gate pass to the fair and a noon lunch on contest day, Thursday, Sept. 2.

IN ADDITION to the individual judging, any FFA chapter or 4-H club may enter one team, consisting of four members. The three members with the highest scores will make up the team's score. Team members, of course, are also eligible for individual awards.

The junior livestock judging is but one of several additions to the

agriculture program at the State Fair, which runs from Friday, Aug. 27, through Monday, Sept. 6 (Labor Day).

Other new events include the return of the popular horsepulling contests, with both light and heavy horses competing, and new vegetable competition classes. All the popular regular features will be back, including 15 free horse shows.

When choosing a steak, look for two things -- the cut and grade. Porterhouse, T-bone, sirloin, and club steaks are the most tender. Choose any of these in U. S. choice grade and you can be almost certain of satisfaction.

Big Incentive for Being on Job at Sealed Power

The first woman recipient in a new attendance contest at Sealed Power Corp., Margaret Skurkis receives 1,000 Green Stamps from Inspection Foreman Stan Smith. She was one of 10 Sealed Power employees who received the stamps. Others were Jack Waldron, Lorenz Zell, Herman Hoffer, Russell Detloff, Robert Schmidt, John Makara, Donald Alvord, Oscar Baker and Randy Ott. Names of 83 employees—about 53 per cent of those on the payroll—had perfect attendance at work during the last three months. Their names were put in a hat and 10 were drawn out as the stamp recipients. The contest will be run every three months.

Kitchen Cookers discuss freezing

The Kitchen Cookers 4-H Club discussed freezing of fruits and vegetables and 4-H Demonstration Day when they met recently at the home of Mrs. Hewitt Van-Velsor. The girls also froze a dish called pineapple freeze. Cathy Smith, club vice president, presided at the meeting.

Cyclist bruised in US-27 collision

A motorcyclist was treated by his family doctor for injuries incurred last Wednesday afternoon when his cycle collided with a car at the intersection of US-27 and Hyde Road in Greenbush Township.

Frederick D. Miles, 34, of Pompell suffered bruises when his cycle hit a car driven by Ella M. Beck, 55, of R-3, St. Johns. Mrs. Beck was ticketed for failure to yield the right-of-way. Deputy Sheriff Hilary Hafner said she was going west on Hyde; she stopped and waited for two cars to pass and then pulled into the path of Miles' southbound motorcycle.

Eight US Presidents were born in Virginia.

75 persons attend Cortright reunion

The third annual Cortright reunion was held Sunday at the W. B. Cortright residence on Round Lake Road with over 75 persons in attendance.

The oldest person present was Mrs Bertha Vern Cortright, 90, of Lansing. The youngest was her great-great-grandson, son of Mr and Mrs Keith Griswold of Holt, age 1.

For the first time in 25 years, all of the daughters and sons were able to meet for the occasion. Among those present from California were Mr and Mrs Carl Griswold, Mr and Mrs Nick Ferrero and Mr and Mrs Irvin Stafford and children.

Over 900 Michigan firms are actively engaged in world trade.

New Location for Library Box

Mrs Hila Bross, left, St. Johns city librarian, unloads books from the new book deposit box placed at the curb near the library entrance. She gets some help from Mrs Lloyd Peterson of Ovid (center) and Barbara Kuhns of St. Johns, patrons of the library here.

Head Start program going well

Teachers and officials coordinating the Project Head Start program in Clinton County are enthusiastic about the progress of the program after the first two weeks.

Head Start is aimed at giving the slow, shy, immature or underprivileged child a needed head start on kindergarten next fall. Some 225 youngsters are attending the classes at 15 sites around the county.

ETHEL HUOT of St. Johns is coordinator of the program, and Gertrude Buehler is nurse. Head Start teachers at the various schools are:

Fleita Aiken at Sheridan Road, Beatrice Barnum at St. Johns, Shirley Bingham at Ovid-Elsie, Ruth Bissell at Sheridan Road, Vera Bryant at St. Johns, Janice Carlson at Valley Farms, Lura Clise at Bath, Helen Fink at Ovid-Elsie, Hazel Keys at Sheridan Road, Gertrude Koutsouvilis

at Valley Farms, Henrietta Longnecker at St. Johns, Laura Mosher at DeWitt, Margaret Pung at Fowler, Victoria Stone at Bath and Shirley Walker at Pewamo-Westphalia.

PROJECT HEAD Start will continue through Aug. 13 with daily classes. In addition to classroom orientation to help the children along in the fall, all 225 children have already had dental checkups, and hearing and vision tests are now in progress.

Each classroom is limited to 15 students.

2 cars collide at Watertown corner

Two cars collided at the corner of Herbsion and Forest Hill roads in Watertown Township last Wednesday evening, but no one was injured. They were driven by James L. Twitchell, 21, of R-1, Eagle, and Danny G. Holland, 18, of Grand Ledge. Sheriff's deputies said Twitchell pulled off of Forest Hill onto Herbsion Road and did not see the other car until the impact when they hit just about head-on.
