Gosh, This Ox Is Tasty

Robert Hudson, 11, of DeWitt had his eyes literally light up Saturday when he bit into a tasty ox-burger at the annual DeWitt Ox Roast. Robert is the son of Mr and Mrs Robert G. Hudson of DeWitt. Other pictures of the ox roast and parade can be found on other inside pages.

Westphalians seek \$350,000 for new Catholic school

WESTPHALIA — Parishioners of St. Mary's Church at Westphalia will launch a \$350,000 fund raising campaign this Sunday to provide funds for a new 12-classroom school.

The new school, to be built on the site of the school building erected in 1885 on the west side of the street, will contain four seminar rooms, a library, offices and a teacher's lounge in addition to the 12 classrooms. It is hoped construction can begin late this year or early in 1966.

NORMAN M. Thelen is chairman of the fund-raising campaign, and Gerald P. Miller is co-chairman. Captains directing about 200 workers are: Sylvester Thelen, James Pung, Louis Hengesbach, Joseph Pohl, Paul Thelen, Norbert Fox, Louis Schafer,

Harold Nurenberg, Robert Hengesbach, Elvan Pohl, John Lehman and Denis Fandel.

Members of the advisory committee are James Fedewa, Charles Hengesbach, Walter Keilen, Clarence Manning, Daniel O'Brien, Julius Pohl, John A. Thelen, Isidore Schmitt, Edmund Thelen, Gregor Thelen and Robert Trielweiler.

THE architectural firm of Manson, Jackson and Kane of Lansing is architect for the project.

Backs into other car

A car driven by Richard G. Antes, 25, of East Main Street in Maple Rapids backed into the side of an auto driven by Michael R. Peck, 19, of 206 N. Oak Street, St. Johns, late Friday afternoon on West Railroad Street.

He was succeeded as owner of the newspaper in 1889 by Coleman C. Vaughan, a native of New York state who learned the printing trade at the old Lapeer (Mich.) Clarion. In addition to his state political activity, Vaughan was long identified with banking in St. Johns and was president of three financial institutions here.

THE LATE Schuyler L. Marshall, a native of Greenbush Township, became owner of the business in 1923. He merged the then Clinton Republican with the St. Johns News a year later and the consolidated publication was known as the Clinton County Republican-News.

The late C. S. Clark Jr. was associated with Marshall in the ownership and management of the newspaper for nearly 20 years.

Marshall was a longtime director and vice president of the former St. Johns National Bank. He served the state as a member of the Michigan Sanitorium Com-

Pledge adherence to 110-year tradition

(AN EDITORIAL)

The policies of the new ownership of the Clinton County News are few and easy to understand.

They are:

- 1) It recognizes a responsibility to give subscribers an intelligent and responsible newspaper that will be of service to its community and its readers.
- 2) It believes in operating a newspaper for ALL of the people, not for different segments of the population.
- 3) Recognized is the necessity for local autonomy; the Clinton County News will continue to be run in Clinton County by and for Clinton County people.

Our considered opinion is that this newspaper has been one of the best weekly publications in our state for the many years we have been aware of its qualities.

We have admired the Clinton County News for recognizing what a newspaper should be. A pattern has been set by outstanding people, and our goal is to adhere to the fine traditions.

Stafford family has long Clinton area association

The new owners of the Clinton County News have a long familiarity with the Clinton area and family ties here which help to intensify their desire to serve the community well.

Dale Stafford, Greenville editor and secretary-treasurer of the new publishing company, was born at St. Louis in neighboring Gratiot County. For many years his mother, the late Mrs Louise Klein, lived on Clark Road near Wacousta in southwestern Clinton County.

Stafford's wife is the former Vivian Eaege, daughter of the late Mr and Mrs Guy Eaege of St. Johns. She is a graduate of St. Johns High School.

THEIR SON, John Stafford, president of Clinton County News,

Inc., is editor of the Gratiot County Herald at Ithaca. As a boy he was a frequent visitor at the home of his grandparents at 601 North Clinton avenue in St. Johns.

The younger Stafford is a journalism graduate from Michigan State University. His background includes work with the public relations department of General Motors. He was with the Detroit Bureau of the Associated Press for a year and also served in an editorial capacity with the Medford (Ore.) Mail-Tribune.

He has been associated with the Ithaca newspaper since 1962. He and his wife make their home in Ithaca. They have two sons and a daughter—Robert, Michael and Leslie.

DALE STAFFORD is one of Michigan's most highly-regarded newsmen. At his Greenville Daily News plant he became one of the pioneers in the publication of newspapers by the offset printing process.

He has since contracted the printing of several neighboring papers, including the Clinton County News which has been printed on the Greenville presses since June, 1964.

Stafford graduated from Lansing Central High School and began his newspaper career at 17 as sports editor of the old Lansing Capitol News. He attended Michigan State University for three years and then moved on to an editorial post with the Pontiac Press.

He joined the Detroit bureau of the Associated Press in 1937. In 1941 he accepted the sports editorship of the Detroit Free Press. He was later named assistant managing editor of that newspaper and was its managing editor when he bought the Greenville Daily News in 1951.

THROUGH THE years the Greenville editor has maintained an interest in education and in the freedom and efficiency of newspaper enterprises in foreign countries. He has also served as

a newspaper consultant in Indonesia and Venezuela and has been in frequent demand as a lecturer.

He is a past president of the Michigan Press Assn. and also headed the Inland Daily Press Assn., a group comprising 525 US daily publications.

He is a trustee of Grand Valley State College and was recognized as one of MSU's "distinguished alumni" at the university's 1962 Commencement exercises.

Stafford has been an active participant in Greenville's civic and business affairs since he established his residence there 15 years ago.

DUNCAN CAMERON, vice president of Clinton County News, Inc., is a former upper peninsula newspaperman. He came to the Greenville Daily News from the Escanaba Daily Press where he was business manager.

He was named business manager of the Greenville operation in 1963 and became publisher of the newspaper this week.

COUNTY NEWS SOLD

Hopko chosen new publisher

Steven P. Hopko, 38, advertising manager of the Clinton County News since 1961, has been named publisher of this newspaper. He takes over management from Ink White, 52, who has been editor and publisher since Jan. 1, 1945.

White has sold the newspaper to a corporation headed by John B. Stafford, 27, editor of the Gratiot County Herald at Ithaca.

Other officers of the new publishing company are:

Duncan Cameron, 46, publisher of the Greenville Daily News, vice president, and Dale Stafford, 57, editor of the Greenville Daily News, secretary-treasurer.

The News since 1960 and has been advertising manager since 1961.

For 11 years prior to joining The News staff he was employed by Clark & Hulse, former St. Johns clothiers. He is a native of St. Johns and the son of Mr and Mrs Joseph Hopko, 534 Vauconsant Street.

STEVEN P. HOPKO
New Publisher

Ink White, former publisher, announced he had accepted a position as vice president of the Clinton National Bank & Trust Co. of St. Johns and Elsie. He will begin full-time work at the St. Johns office of the bank in mid-October.

Hopko is a graduate of St. Johns High School, served two years with the US Army overseas in World War II and completed two years of college study at Michigan State University before embarking on his business career.

Hopko and his wife, Joan, live at 511 West Higham street with their three children — Douglas, 15, Tammie, 4, and Stephanie, 8 months old.

LOWELL G. RINKER, 26, associate editor of the Clinton County News for the past year, will become editor of the newspaper.

HE HAS been long active in the community's civic life. He is past president of the St. Johns Lions Club and is currently secretary of the Retail Division of the St. Johns Chamber of Commerce.

RINKER, NOW editor of The News, is a native of Hart. He is a graduate of Hart High School and majored in journalism at Bradley University in Peoria, Ill. He came to The News in June, 1964, from a position with the Peoria Journal Star.

Alden H. Haight, 56, continues as business manager and John W. Hannah, 60, remains as mechanical superintendent.

He is vice chairman of the Clinton County Chapter of the American Red Cross and treasurer of The First Nighters, a local amateur theatrical group. He is a member of the American Legion and the Knights of Columbus. For nine years he was a director of the Clinton County Country Club.

He is former editor of a weekly newspaper at Farmington, Ill., and has a background of work with magazines and in radio.

No other personnel changes are contemplated and all present employees will be retained, the new management said.

THE NEW publisher, Steven Hopko, has been associated with

Former publisher to join bank's staff in October

When Ink White begins work as a vice president of Clinton National Bank in St. Johns next month he will be starting a new business career at 52.

As an officer of Clinton National, White's initial responsibilities will be in the area of trusts and public relations.

He is no stranger to banking. He has served the Clinton National as a director since 1962 and his forebears have been active in the management of the First National Bank of Lapeer for more than a century.

His great-grandfather, Enoch J. White, founded the Lapeer bank in 1856 and Ink's father, Epoch T. White Sr., has been a director of that institution for more than 50 years.

THE RETIRING editor and publisher of the Clinton County News has been associated with newspapers since his high school days. But his civic, educational, church and political interests have spanned three decades and include active participation in the affairs of his community, county and state.

During his nearly 21 years at the helm of the Clinton County News, he was involved in numerous community activities. He was

a co-chairman of the campaigns in 1946 and 1949 which financed the construction of Veterans' Memorial Swimming Pool at the city park. He headed the drive in 1947 which raised funds for the erection of the east wing at Clinton Memorial Hospital in St. Johns.

He is a former chairman of the Clinton County Communities Chest and continues as a member of its board. He is a past president of both the St. Johns Rotary Club and the St. Johns Chamber of

Commerce. He is a former board member of the Clinton County Chapter of the American Red Cross.

In 1960 he was chairman of the county-wide campaign which resulted in adoption of extra mileage for Clinton's Special Education program. He continues on the county's Special Education advisory board and is associated with the direction of the Clinton-Shiawassee Area Study for Vocational and Technical Education.

HE HAS been secretary of the Mayor's Downtown Development Committee in St. Johns since its inception in 1960 and is a longtime member of the city's zoning board of appeals.

White has been a trustee of Clinton Memorial Hospital since 1946 and has served 10 years on its board of directors. He is presently in his third term as chairman of the hospital board.

He is a trustee of the Michigan Tuberculosis and Respiratory Disease Assn. and chairman of its committee on cooperation with governmental agencies. He has been a member of the State Health Commissioner's hospital advisory commission and is currently

Only five changes in 110 years

Sale of the Clinton County News this week marks only the fifth major change in the newspaper's ownership since it was established at DeWitt in 1856.

The average tenure for previous publishers has been 22 years, although the late Coleman C. Vaughan, former Michigan secretary of state, operated the newspaper for a 34-year span.

The publication was founded by H. S. Hilton April 9, 1856, at DeWitt, then the Clinton county seat. With the moving of the county's government to St. Johns the following year, Hilton transferred his operations to this city.

HILTON FIGURED prominently in the ownership of the paper until he sold to Otis Fuller in 1880. Fuller, a founder of the former State Bank of St. Johns, was warden at the Ionia state reformatory for 27 years.

chairman of the Lansing area Blue Cross Council.

WHITE WAS elected by the people of Barry, Clinton and Eaton Counties to represent them as a Delegate to the Michigan Constitutional Convention of 1961-62. At the convention he was chairman of Public Information and his work in promoting adoption of the new document carried him into nearly every county of the state during the convention and for many months following its adjournment.

He was long active in county and state political affairs and was chairman of the Clinton County Republican Committee from 1960 through 1964.

He is a vestryman and former senior warden of St. John's Episcopal Church, St. Johns, and is a representative from the Episcopal diocese of Michigan on the Michigan Council of Churches.

DURING HIS stewardship, the 110-year-old Clinton County News has continued its eminence

among the nation's leading community weeklies. The newspaper has been a frequent winner of state and national awards.

White is a past president of both the Michigan Press Assn. and the University Press Club of Michigan. For three years (1949-52) he was a member of the faculty at the U-M School of Journalism in Ann Arbor. He also served the university for seven years on its Board in Control of Student Publications.

He is a former member of the board of governors of the U of M Club of Lansing. His other memberships include the Clinton County Farm Bureau, Clinton County Country Club and the St. Johns Masonic Lodge.

BORN IN Lapeer, White is a graduate of Lapeer High School and the Asheville School in Asheville, N.C. He attended the University of Michigan during the depression years of 1931 to 1934 and worked to help finance his education on the night office staff at University Hospital in Ann Arbor.

His experience in the printing trade began at the Lapeer County Press during his high school

days. In June of 1934 he joined the staff of the Gladwin County Record at Gladwin and was named editor and publisher the following year.

Subsequently he acquired interests in weekly newspapers in Bay, Clare and Oakland Counties and helped to supervise their publication. He has been a director of the Bostick Foundry Co. at Lapeer since 1948.

IN JANUARY of 1945 White bought the Clinton County News from the late Schuyler L. Marshall. He converted the newspaper to the offset printing process in 1964 and has completely renovated The News building, its offices and printing machinery in recent months.

The Whites will continue to live at 400 South Oakland street in St. Johns. He and his wife, Barbara, are the parents of three sons—Enoch T. III, employed at Michigan State University; Henry R., who will continue to work for the Clinton County News; and Jonathan R., who enters the University of Wisconsin Law School next week.

Neighbors look over the 100x32-foot barn on the Edwin (Joe) Brown Farm on DeWitt Road north of St. Johns which was blown down Friday evening during a fierce rain and windstorm. Three animals were rescued from the barn.

Windstorm blows down barn here

A brief but vicious wind and rain storm swept through Clinton County Friday evening about 6 o'clock, but the only apparent major damage sustained was at the Edwin (Joe) Brown farm north of St. Johns, where a barn was blown down.

The barn, 100 by 32 feet and an estimated 55 years old, collapsed under the pressure of the wind, and a large wash tub used for watering horses was blown 30 rods into a field. A neighbor reported seeing a large, low, black cloud strike the barn and then the building collapse.

TWO HORSES and a lamb were inside the building and were pinned for a time by heavy timbers. They were all rescued, however, with the only apparent injuries

being some bruises to one of the horses.

Brown said there was approximately \$400 damage to a pickup truck in the barn, and a new farm elevator and side rake were also damaged when the barn collapsed.

The barn also contained about 1,000 bales of straw, 150 bales of hay and other chopped hay and straw.

BROWN SAID he had gotten no estimate of damage from his insurance company yet Tuesday. The loss is covered by insurance. No other buildings on the farm, including several in the immediate area of the barn, were damaged.

The wind struck between 6 and 6:15 p.m. and was accompanied

by an extremely heavy rain. A cornfield north of Brown's farm (on North DeWitt Road just north of Colony Road) reportedly was damaged seriously by hail. There were other reports of hail across the northern part of the county.

ELSEWHERE THERE was minor damage or problems caused by the storm. A tree blew down on West High Street in the 500 block of West High. Another tree blew down on Williams Road about a half-mile north of Centerline Road in Bingham Township.

Consumers Power Co. reported only the usual minor storm problems, and the County Road Commission said their crews had surprisingly little cleaning up to do from the storm.

GENERAL TELEPHONE Co.

had some problems with limbs and trees coming down across their lines. In addition to those above, the phone company reported trees down on Kinley Road, Walker Road and at Hubbardston.

District Manager William Graef said the trouble was scattered and was not of any serious nature. Phone crews worked until midnight Friday, and extra help worked all day Saturday and part of Sunday restoring normal order.

Watertown charter vote Sept. 7

Watertown Township voters will decide next Tuesday, Sept. 7, on whether to give the township a charter township status. That would give Watertown the status of a fourth-class city and additional tax levying power.

Two polling places will be open Tuesday from 7 a.m. to 8 p.m. Residents west of Francis Road will vote as Precinct No. 1 in the township hall, and those living east of Francis Road will vote in the old schoolhouse adjacent to the township Hall.

APPROVAL OF charter township status by voters would make Watertown the first charter township in Clinton County. Several Ingham County townships have that status now. A Bath Township charter township proposal July 31 was narrowly defeated.

If charter township status is approved, the township would have the same powers as a fourth-class city, Supervisor Ernest Carter said Tuesday. The five-man township board of trustees would be enlarged to seven men at the next regular election, but no change in the number would be made until then.

AS A CHARTER township, Watertown would have the right to levy up to 5 mills in taxes without a vote of the people. Now the board is limited to 4 mills, and that must be used for road purposes.

Carter said it would also be easier for the township to sell any bonds it might desire in the future. As an incorporated township, the township would be placing the full faith and credit of the unit; now, bond purchasers can be assured of their money only from water users, sewer users or whatever the particular need might be.

THE CHARTER township is provided for in Act No. 359 of the Public Acts of 1947. Several public meetings have been held in Watertown to explain the proposition to voters.

Workman attends regional sales meet at French Lick, Ind.

Arthur Workman of 1207 South Oakland Street, St. Johns, district sales manager for Investors Diversified Services, Inc., and his wife, Geraldine, attended the national sales organization's central regional sales conference at French Lick, Ind., Aug. 20-22.

Workman qualified for the trip on the basis of sales achievements over a recent 12-month period. Warren C. Gregory of Canton, Ohio, general sales manager of the central region, was host and conducted the conference.

Stuart F. Silloway, president of Investors Diversified Services, Inc., and Investors Syndicate Life Insurance and Annuity Co., was principal speaker.

BISHOP JOSEPH GREEN

The Most Rev. M. Joseph Green of St. Johns, Auxiliary Bishop of Lansing, left St. Johns Wednesday to attend the final session of the Roman Catholic Church Ecumenical Council in Rome, Italy. Bishop Green was to fly to New York Wednesday and to sail today on the Dutch liner Amsterdam for Ireland, where he'll spend three or four days with relatives. He'll then proceed to Rome.

Wakefield president of state Clerks Assn.

Clinton County Clerk Paul Wakefield, of 807 E. Baldwin Street, St. Johns, has been elected president of the Michigan Clerks Assn.

Wakefield's election came last Wednesday morning near the end of a three-day convention of the association at Mackinac Island. He had served as vice president of the organization during the past year.

WAKEFIELD succeeds Clark Kingsbury of Shiawassee County as president. The association is made up of clerks from all 83 Michigan counties, and its purpose is to provide information and programs to aid the clerk in his duties and to provide a collective "voice" in some of the legislation passed by state lawmakers.

Wakefield has been clerk of Clinton County for going-on 21 years, and he's worked in the clerk's office for 34 years.

OTHER OFFICERS of the association, also elected last Wednesday, are Eugene Bergeron of Muskegon County, first vice president; Mildred Panburn of Oceana County, second vice president; Maxwell L. Jordan of Newaygo County, secretary; and Har-

ris Nieuwsma of Ottawa County, treasurer.

Fifty-six counties were represented at the convention last week, Wakefield said. The program of events included speakers from the elections division of the secretary of state's office, who discussed new legislation affecting elections.

A REPRESENTATIVE of the auditor general also explained a new accounting system which is being tried out on a "pilot" basis in four counties next year. Wakefield said Barry County, which compares favorably in population to Clinton, was one of those trying out the new system. It will be used for several years while the "bugs" are being worked out of it for possible future use all over the state.

The convention was no playtime, Wakefield pointed out, with meetings being held continuously. Many were informal discussion periods where pending legislation and proposed leg-

City featured on TV Monday

St. Johns will be the topic of a 15-minute TV program on WKZO-TV, Kalamazoo this Monday, Sept. 6, at 9:45 a.m.

Mrs. Betty Jane Minsky, Chamber manager, has taken a series of color slides of the city park and other points of interest. She and Bernard Feldpausch, Chamber public relations director, will appear on the program discussing St. Johns and showing the slides.

THROUGH arrangements made by Mrs. Minsky, WKZO is giving the Chamber the 15-minute program without charge.

Mrs. Minsky stated that the actual filming would take place on Friday afternoon, Sept. 3, but WKZO indicated it would be used on Monday, Sept. 6.

Howe Road bridge bids opened

Bids for construction of a new bridge over the Looking Glass River on Howe Road were scheduled to be opened Wednesday by the State Highway Department.

The new Howe Road bridge project is estimated at \$70,000, and a completion date of July 1, 1966, has been established. The new bridge would replace an existing single span (Pratt steel truss type) built in 1887. The bridge is located northwest of Eagle in Eagle Township.

The Highway Department was also ready to try again for bids for some 13 miles of concrete patching on US-27 in Clinton County.

The concrete patching job had been bid on earlier this summer, but all bids received then were rejected. The project calls for 13 1/2 miles of bituminous concrete patching on US-27 from M-21 in St. Johns south to Clark Road. Also included is the repaving of four locations with bituminous concrete on US-27 business route in Alma. The cost of the project at the two locations is estimated at about \$80,000.

Architect's Sketch Shows How Church of Nazarene (At Rear) Will Look After New Addition is Constructed

Church of Nazarene plans \$35,000 building program

The St. Johns Church of the Nazarene, at 515 N. Lansing Street, will begin construction within a couple of weeks on a new addition to the north and back side of the church.

Contracts have not yet been signed due to efforts to reduce costs by eliminating some of the originally planned features. It is estimated the new addition will cost in the neighborhood of \$35,000.

THE NEW building, about 35 by 40 feet in size and consisting of two levels, will provide five new Sunday school classrooms, a fellowship hall, pastor's office, new nursery, enlarged rest rooms and an enlarged sanctuary.

tor of the church, said the enlargement of the sanctuary will come by lengthening it to include the present foyer. This will provide seating for about 60 more people, bringing the seating capacity to around 230, including the balcony.

EXTENSIVE remodeling of the present building also figures in the construction job. A new gas and hot water heating system will be installed to provide warmth for the whole church building. Seven Sunday school rooms presently in use will be remodeled and enlarged. The Rev Mr Raymond said the intention is to create one larger unit rather than having a "separate" new addition.

The Church of the Nazarene is planning a "Kickoff Banquet"

Sept. 21 at the St. Johns Municipal Building, where a fund-raising campaign will begin. Special guest for the banquet will be Dr Fred Hawk, district superintendent of the Michigan District Church of the Nazarene.

TWO YOUTH groups—the Joy Bell Trio of singers and the Trumpets of Victory—will perform at the banquet program. The banquet will be catered by Al Walker.

Rev Mr Raymond said anyone sincerely interested in helping the church in its expansion program should contact him for tickets for the banquet.

The Rev Mr Raymond noted that, although membership in the Church of the Nazarene here is 76, attendance averages about 116 in church and Sunday school, an increase of about 30 per cent since February when the pastor began his work here. While most churches have greater membership than attendance, Rev Mr Raymond said the trend seems to be the opposite in the Church of the Nazarene.

Inspections start downtown

Structural inspections of downtown St. Johns buildings, a phase of the city's urban renewal investigations, will begin next Thursday, City Manager Ken Greer announced Tuesday.

From the inspection will eventually come a determination of the type and quality of the building if the urban renewal project is actually and totally carried out.

The H. L. Yo Co., which is doing reappraisal work for the county, has been contracted to do the inspection. The inspector will be Marvin Wukotich.

THE INSPECTOR, however, will not make the decision, and his job is only fact-gathering. From the inspection sheet, the city's urban renewal director will summarize the findings on each building and submit the summary to the urban renewal agency in Chicago.

GREER said Wukotich will have a letter of introduction from himself, asking that the property owner cooperate with the city and allow the inspection. The inspector will ask no personal or embarrassing questions, Greer said, but he will make an actual inspection of the building and check on 10 exterior and 11 interior items.

There the decision will be made on whether a building is: 1) standard; 2) borderline but possible to bring up to standards with some repair work; or 3) definitely sub-standard as to warrant clearance under the urban renewal program.

DOROTHY BLOOMER

Elsie girl high in 'Miss High School' pageant

ELSIE —The talents of Miss Dorothy Bloomer, 16, of 8282 Maple River Road, Elsie, a junior at Elsie High School, brought honors to the school last week at the 1965 Miss High School of American Pageant at Asbury Park, N.J.

With a sparkling presentation of pantomime and modern jazz danced to "I Enjoy Being a Girl," as recorded by Peggy Lee, Miss Bloomer brought Class B honors to the high school and state in Thursday night competition.

SHE WAS third runner-up in beauty competition.

Miss Bloomer wore gold slacks, short white fur jacket, long black gloves and gold ballet shoes in the Thursday evening competition and white lace, floor-length formal, satin skirt covered with four tiers of white lace, sleeveless, scoop lace neckline covered with white lace flowers, white satin cummerbund and long white gloves in the Friday evening competition.

THE PAGEANT was presented to a capacity crowd of more than 5,000 people each evening last Thursday and Friday by the American College of Cosmetology and the City of Asbury Park.

Wide turns cause crashes

A car swung out too wide last Wednesday evening to make a left turn and hit the wheels of a passing semi-trailer truck. Driver of the car was John H. Sisco, 53, of Lansing, and the trucker was Robert J. Dehnert, 29, of Vestaburg.

The accident happened in front of the Wheel Inn on South US-27. Sisco was in the left-turn lane of southbound US-27 when he turned too wide to the right in making the left turn. No one was injured. There were three passengers with Sisco.

In a similar accident Monday, Mrs Emma C. Tinklepaugh, 68, of Owosso, hit the wheels of a trailer truck driven by Clarence C. Osman Jr., 40, of Paw Paw. This accident occurred at 12:20 p.m. at the intersection of US-27 and M-21 in the city as Mrs Tinklepaugh was making a right turn onto US-27 from M-21. Both were originally traveling west.

VFR driver jailed

Ella Marie Olin, 29, of Francis Road, R-2, DeWitt, was fined \$20 plus \$10 costs and sentenced to two days in jail Friday for violation of the financial responsibility act. Justice of the Peace Roy G. Decker heard the case.

Lebanon crash injures 5 people

Five persons were treated by a Maple Rapids doctor following a Sunday afternoon collision of two cars in Lebanon Township.

Injured were Jerry L. Kendall, 21, of 119 Maple, Maple Rapids, driver of one of the cars involved; Dennis L. Fitzpatrick, 66, of 1270 W. Maple Rapids Road, R-1, Fowler, the other driver; and his passengers, William Fitzpatrick, 76, Daniel Fitzpatrick, 80, and Veronica Fitzpatrick, 70, all of R-1, Fowler.

THE TWO cars collided head-on at the center of the road near a hill crest a half-mile east of Tallman Road. Fitzpatrick was driving east and Kendall was going west on Maple Rapids Road. Deputy Sheriff Bruce Wilcox investigated the crash.

Ovid kindergarten schedule reported

OVID — Kindergarten children will begin school on Tuesday, Sept. 7 as follows: All town children will come to school in the afternoon. All children riding buses will attend in the morning except the following children: Jeffery Cannon, Judy Gurden, Jill McGraw, Aaron Shinabarger, Brenda Stoneman and Kery Parmenter. The bus will pick them up on the return run at about 12:45 p.m. and bring them to the school. They will return home on the regular bus runs at night.

All other rural children will ride the regular bus run in the morning and will be brought home at noon. They will leave the school at 11:30 a.m. Parents are reminded that they must bring the child's health examination and birth certificate before the child can be officially entered in school if they have not already done so.

Correction

Picture caption lines under a photograph of Dean and John Haker of St. Johns at a recent summer camp for muscular dystrophy victims, published in last week's Clinton County News, presented a wrong impression, it was learned this week. The caption identified them as sons of "Mr and Mrs Don H. Haker of R-5, St. Johns;" Mrs Haker, however, died 4 1/2 years ago and there is no "Mrs" in the family now. Our apologies for this error. The Hakers live at 5215 E. Price Road, R-5, St. Johns.

Two on a spade, Richard Rockefeller and Lawrence Read break ground recently for the new Bath Baptist Church, which will cost approximately \$90,000. About 200 persons turned out for the groundbreaking ceremonies. The Rev James L. Burleigh, (left), pastor of the church, was the speaker for the program. Workmen are now putting in the forms for the basement foundations of the church. Read is chairman of the building committee; Rockefeller is president of the church young people's group.

Baptists at Bath to get new church

BATH - Work is nicely started on a new \$90,000 Bath Baptist Church on property just north of the present church building.

The new church, 50 by 92 feet in size, will have a valuation of \$125,000, however, according to Lawrence Read, chairman of the church building committee. Bonds totaling \$90,000 are being sold, many to local residents.

WORK STARTED on the building last week, with workmen now putting in forms for the basement foundation. A formal groundbreaking ceremony was held Aug. 22, with about 200 people attending.

The new building is to be com-

Continue help on zoning, Tri-County asked

Continued assistance of the Tri-County Regional Planning Commission's staff in handling Clinton County zoning matters was requested of the commission last Thursday night by Ernest Carter, Watertown supervisor.

Carter, chairman of the county board's zoning committee, expressed his belief that such assistance by professional planners was critical to the future development of the county.

THE REQUEST was approved, after which Commission Chairman Alan R. Dean of St. Johns indicated the willingness of the commission to provide similar assistance to other units of government throughout the region.

The planning commission last week voted to accept a forthcoming \$20,693 grant from the Stanford Research Institute. Robert N. Young, executive director, indicated the grant would be utilized by the staff to publicize the results of a recently completed fallout shelter study conducted in the region. It would also permit the preparation of detailed population projections and economic data for local units in the tri-county area.

THE COMMISSION also voted to support in whatever manner possible the formation and successful operation of the Grand River Valley Council, now being considered by several local governments. Under the council's leadership, it would be possible to construct a series of reservoirs in the Grand River Basin to add water to streams during low periods, for water supply, and for other purposes, including recreation.

Phonemen repair the 'one that didn't get away'

Consider the plight of the telephone lineman. He'd like to be fishing himself, but he has to work repairing damage caused by fishermen.

THIS DOESN'T happen often, but it did this week. A fisherman managed to cast his line and hook into the telephone cable crossing the Maple River at Lyons on the bridge.

THAT SHORTED out some individual lines, and Tuesday a phone crew from St. Johns went to work. It was necessary to block traffic on the bridge, between Muir and Lyons, while the phone company truck extended its ladder over the river. A workman edged out on it and carefully removed the hook.

All's well, now.

Rotary hears discussion on St. Johns library

A discussion of library history and statistics for St. Johns' Bement Public Library was conducted at Tuesday's noon meeting of the Rotary Club by Librarian Mrs. Hila Bross.

Mrs. Bross reviewed the history of libraries here and noted that while circulation was only 1,000 per month when the library opened, it is now near 1,000 items per week. She said light fiction and western books are down somewhat in popularity but that more books are read by more

Chamber actively hunting for new businesses here

In efforts to increase the retail businesses in St. Johns, the Chamber of Commerce has been in touch with a number of firms relative to securing additional stores here.

One of the firms contacted was Spegels. This firm has replied that because of the closeness of their Lansing store, they would not be interested in opening another outlet here.

Mrs. Betty Jane Minsky, Chamber manager, also contacted Millkens, a well known Traverse City department store. William Milliken, owner and Michigan's lieutenant governor, has advised that due to the firm expanding in Cadillac, it could not consider St. Johns at this time. He indicated that as the firm plans further expansions, St. Johns would definitely be considered, however.

MRS. MINSKY also reported that efforts are still being made to have Mode-O-Day Frocks located here. The firm wishes to locate in St. Johns but has indicated it is interested only in the 100 block of North Clinton Avenue. "At this time we are attempting to interest them in the building in which Sears Roebuck's Catalog office had been," Mrs. Minsky advised.

A strip map of the central business district was prepared during the past few weeks for use in this project and it will be used in future attempts to lure retail outlets here.

THE CHAMBER also worked, during the past two months, with a representative of Montgomery Wards, which was interested in opening a catalog outlet in St. Johns. "The last word we had was that they had arranged with a local person to run this outlet for them, but to date, nothing has been finalized that we know of," she stated.

At this time the Chamber is corresponding with two more retail outlets, but their names cannot be made public at this time, this time.

Driver swerves, hurt in crash

Two out-of-county men suffered injuries early Monday morning when the car they were riding in veered off M-21 and hit a culvert 6 1/2 miles west of St. Johns.

Richard W. French, 18, of Battle Creek was admitted to Clinton Memorial Hospital with cuts and bruises. He was driver of the car. A passenger, Frank Nestell, 17, of Houghton Lake suffered bruises.

Deputy Sheriff Hilary Hafner said French was traveling west on M-21 when he saw what he thought was a deer on the highway. He swerved to avoid hitting the object and the car went into the ditch and hit a culvert on the south side of the road.

Smith attends meet of Legion-NEA unit

Donald J. Smith, superintendent of the Fowler Public Schools and co-chairman of the Joint Committee of the American Legion and the National Education Assn., attended a meeting of that committee held in conjunction with the national convention of the American Legion in Portland, Ore., Aug. 20-26.

The committee meets twice a year to interpret, promote and coordinate mutual programs and objectives of the two organizations. Principal areas of interest at the August meeting in Portland were the introduction of a new nationwide program titled Home-base, the role of public education, overseas schools, American Education Week, and school drop-outs.

Ladies First, Fireman Says

In the true tradition of firefighters, St. Johns fireman Carl Geller gives his wife Florence the first shot at a new recliner chair presented him last Tuesday night by the St. Johns Fire Department. Geller retired from the department after approximately 14 years of answering fire alarms. The Gellers continue to live in St. Johns, but his work is now in Lansing. About 40 firemen and their wives were at the dinner at Walker's Cafe last Tuesday where the chair was presented. Al Northouse and Rudy Yurco were in charge of arrangements for the party, and Sonny Cornwell was master of ceremonies.

THE NEWS in Brief

St. Johns recently donated two young white-tailed deer to Mount Pleasant, and the deer—a buck and a doe—are reportedly drawing large crowds of youngsters to that city's Nelson Park where they are occupying a new enclosure. . . . The Clinton County Soil Conservation District board has decided against any air tour of the county this year because of the absence of any large, new projects. . . .

The entrance porch at the Bement Library received a blacktop cover last week, which will eliminate a puddle of water that has formed on the porch with every rainfall. . . . Hettler Motor Sales representatives got their first look at the new 1966 Imperial, Chrysler and Plymouth cars in a special preview in Detroit Tuesday. . . .

A NUMBER of trees have been removed from around the playground area at the Central School in St. Johns. . . . Pouring of concrete for the new sidewalks at the courthouse was scheduled to be done Tuesday but rain delayed it. The walks were outlined and set up for the concrete last Thursday. . . .

Forrest O. Potter, county supervisor for the Farmers Home Administration, and Miss Katherine R. Sinnott, office clerk, attended at a program meeting of the FHA at Standish Aug. 24 and 25. . . . Anyone desiring information relative to Lansing Community College can pick up brochures and schedules at the St. Johns Chamber of Commerce office. . . .

THE 53rd SEASON of the Flint Community Chorus will open Sept. 13, with rehearsals beginning immediately on music for the annual fall concert, this year in combination with the Flint Symphony Orchestra for the Music Critics Convention. Singers interested in joining should contact Director W. Paul Converso before next Wednesday, Sept. 8. . . .

The death last week of Dennis E. Andrew of Mt. Pleasant, the result of injuries incurred July 31 in a one-car crash on Round Lake Road east of Chandler, was the seventh as a result of accidents in the county since Jan. 1. Last year the seventh accident victim was not recorded until the second week of September. . . .

SATURDAY WAS extremely cool all day, with the first hint in the air of approaching autumn. . . . The concrete on the main floor of the new Central National Bank building was poured Monday. . . . St. Johns High School still needs a shop instructor to fill out the teaching staff for the coming year. . . .

The city's earlier estimate on the number of trees in town already seriously damaged by Dutch Elm disease was considerably low. The latest count shows over 1,000 trees that "could" be removed. Those trees are marked with a yellow splotch of paint. . . .

Can't make corner, car hits another

A ticket for failure to have his car under control was issued to Harry J. Burgess, 16, of 405 W. Townsend Road, St. Johns, last Wednesday afternoon, the result of a collision at North Lansing and Gibbs streets. According to city police, Burgess' car swung too wide as he returned from Gibbs onto Lansing, and he lost control. The car struck an auto parked in front of Bob's Auto Shop. It was owned by William Cox of R-1, St. Johns. No one was injured. The accident occurred at 3:55 p.m.

Steven L. Feldpausch, 17, of R-2, Fowler, was fined \$80.10 plus \$19.90 costs Tuesday after his arrest for speeding 105 miles an hour in a 55-mile-per-hour speed zone on US-27 in Greenbush Township. Municipal Judge Alba Wert also gave Feldpausch one year probation.

Lansing driver draws 2 tickets

Robert R. Ryan, 21, of Lansing, was given two traffic citations Saturday following a two-car accident on Bridge Street near Dill Road in the City of DeWitt.

Police Chief Charles Anderson said Ryan's car hit a car driven by Lee W. Aldrich, 19, of Lansing, in the left side. He was ticketed for driving on an expired license and for reckless driving.

Neither driver was hurt, nor were a passenger in each of the autos.

Drunk driver fined

Alva J. Freed, 32, of Alma, was fined \$100 plus \$4.90 costs Monday by St. Johns Municipal Judge Alba Wert after he was found guilty of driving under the influence of liquor. He was arrested Sunday by St. Johns police Officer Russell Doty.

Both drivers unhurt in 2-car accident

Allen L. Purchie, 70, of Lansing, and Everett A. Cobb, 23, of rural Bellevue were unhurt in a two-car crash Monday afternoon about 3 p.m. on US-27 a quarter-mile south of Maple Rapids Road in Greenbush Township.

Purchie was passing Cobb's northbound car when another auto in front of Purchie slowed to turn left without signaling. Purchie's car skidded and hit Cobb's auto in the left side.

MRS RANDALL A. OTT

Miss Wipper, Mr Ott wed in Lansing rite

The marriage of Miss Janet Sue Wipper and Randall A. Ott was solemnized Saturday in a candlelight ceremony at Central Methodist Church, Lansing. The bride is the daughter of John F. Wipper and the late Mrs Wipper, Mr and Mrs Robert Ott of St. Johns are the bridegroom's parents.

The bride chose a gown of silk organza over taffeta with a portrait neckline, elbow length sleeves and a chapel train. A Swedish crown secured her bouffant veil of imported French illusion. Her bouquet was a cascade arrangement of miniature roses and phalaenopsis.

MISS LINDA Donaldson, maid of honor, and Miss Linda Spencer, Mrs Diane Preston and Miss Linda Muffitt, bridesmaids, were dressed in pink chiffon gowns over matching taffeta with belted skirts. They wore matching headresses and carried crescents of baby mums and sweetheart roses.

Kinberly Lane, in a gown of pink taffeta and carrying a basket of baby mums and sweetheart roses, was flower girl and Kevin Lancto was ring bearer.

Paul Merritt of Hillsdale was best man. Ushers were John Urquhart of Holt, James Lancaster and Mark Ott, both of St. Johns, Philip Wolcott, Lynn D. Sheren and James O. Palmer.

MARY YARD sang "I Love You Truly" and "Because" before the ceremony.

A reception in the dining room of the church, immediately followed the service. Special guest was Mrs Lillian Ott of St. Johns, grandmother of the bridegroom.

The couple will reside in St. Johns when they return from their honeymoon trip which they are

Senior Citizen bowling begins at local lanes

The regular meeting of Clinton County Senior Citizens on Aug. 24 was attended by 75 persons.

Ovid and Elsie bands rehearse

Monday, Aug. 23, the new members of the Ovid and Elsie High School Bands met for the first in a series of five meetings and rehearsals scheduled for that week.

D.G. Thayer, high school bands director of the Ovid-Elsie area schools, met with the new members of the two bands at alternate periods during the five-day program.

The Orientation Week program was planned to aid the new bandmen in their understanding of how both the marching and concert bands function. Rules and regulations of the organizations were discussed as well as rehearsal and public performance procedures. Emphasis was put on the importance of the individual to the band as a whole.

Thayer was assisted in the marching drills by members of the two Senior Bands.

Clinton Area Deaths

Mrs Ackels

CADILLAC—Mrs Gladys P. Ackels of R-3, Cadillac, died Wednesday, Aug. 25, at Cadillac Mercy Hospital, following a long illness. She was 71.

Rev Reginald Becker of Bath Methodist Church led services in Osgood Funeral Home Friday at 1:30 p.m. and burial was in Lowe Cemetery.

MRS ACKELS was the daughter of James E. Rhyndard and Julia Lyon Rhyndard. She was born in Gratiot County, Feb. 20, 1894, and lived in the Clinton-Gratiot area until five years ago, when she moved to Cadillac.

On Sept. 9, 1925, she became the wife of Burl D. Ackels in St. Johns. Mrs Ackels was a practical nurse and worked at Pleasantview Hospital, Corunna.

Surviving are three daughters, Mrs Harold Pringle of Flint and Mrs Morris Biggs and Mrs William Wright, both of Lowell; a son, R. G. Ackels of Cadillac; her mother, Mrs Julia Rhyndard of St. Johns; two sisters, Mrs John Gott of Weidman and Mrs Carl McGillis of Lansing; and two brothers, Ezra Rhyndard of Farwell and Cecil Rhyndard of Bath.

Mrs Fedewa

FOWLER—Mrs Mayme E. Fedewa died in Motz Nursing Home, Fowler, Aug. 26, following an illness of over 2 years. She was 83.

Funeral services were held Monday morning in Holy Trinity Church with Rev Aloysius P. Hafner of Bay City officiating. Rosary was recited Friday, Saturday and Sunday at the Goerge Funeral Home.

MRS FEDEWA was born in Fowler Sept. 8, 1881, and was the daughter of Joseph Hafner and Catherine Ulrich Hafner. She attended school in Fowler and, in 1923, married Simon P. Fedewa.

She was a member of the Confraternity of Christian Mothers.

SURVIVING are two sisters, Mrs Albert Martin of St. Johns and Miss Emma Lou Hafner of Lansing; and three brothers, Matt E. Hafner and Frank L. Hafner of South Dakota and Rev Aloysius P. Hafner of Bay City.

Mrs Andrews

ST. JOHNS—Mrs Aura F. Andrews, 82, of 409 W. Baldwin Street, died Friday morning at Clinton Memorial Hospital following a long illness.

Funeral services were conducted Sunday at 2:30 p.m. at the Free Methodist Church, the Rev Bruce Srigley and the Rev Elmer Courser officiating. Burial was in South Bingham Cemetery.

MRS ANDREWS was born Dec.

1, 1882 in Bengal Township, the daughter of George W. and Lydia Teachout Kimble. She attended country schools and was a lifelong resident of St. Johns and area. She had been a member of the Free Methodist Church for over 48 years.

She was married to Harry J. Andrews Feb. 22, 1898. He died in March 1950.

Surviving are two daughters, Mrs Gladys Hemingway of Lansing and Mrs Leola Plyler of Cadillac; one son, Elmo Andrews of Lansing; seven grandchildren and 12 great-grandchildren.

Anthony Simon

WESTPHALIA—Anthony M. Simon died Wednesday, Aug. 18, in his Westphalia home, following a heart attack. He was 75.

Rosary services were held at the Geller Funeral Home. Funeral services were held at St. Mary's Church Westphalia, Monday, Aug. 23, with burial in St. Mary's Cemetery.

MR SIMON was born on Jan. 28, 1890, to John Simon and Mary Halfman Simon. He was married to Dora Cook on Nov. 11, 1913.

He was a member of the St. Joseph and Holy Name societies.

SURVIVING are his wife, Dora; three daughters, Mrs Marlon Wieber and Mrs Rita Pung of Lansing and Mrs Juliann Miller of St. Johns; four sons, Alvin, Hilary and Joseph, all of rural Pawama; and Casper at home; 32 grandchildren; and a brother, William of rural Pawama.

I. E. Holbrook

ELSIE—Irving E. Holbrook died in Dietz Nursing Home in Ovid, last week, following an illness of several weeks. He was 90.

Services were held Monday at the Carter Funeral Home with Rev E. E. Courser officiating. Burial was in Ford Cemetery.

Mr Holbrook was born, Dec. 12, 1874, in Grafton, Ohio, the son of Henry and Helen Holbrook. He spent most of his life in the Elsie area. He was a farmer and worked for some years for the Ann Arbor Railroad.

IN 1895, HE married Nellie Corp at Corunna.

Besides his wife, Mr Holbrook is survived by a daughter, Gladys Siervest of Elsie; four sons, Glen, Gerald and George, all of Elsie, and Guy of Bancroft; 15 grandchildren; 56 great grandchildren; four great-great-grandchildren; and a sister, Mrs Minerva Archer of Chapin.

Jindrich Poborsky of Vamberk, Czechoslovakia, chats with his eldest sister, Mrs. Mary Sykora of St. Johns, at a nursing home in Ashley.

Iron Curtain opens, reunites brother, sister apart years

In April 1912 Mrs. Mary Sykora and her husband Joseph left Vamberk, Czechoslovakia, for a new life in America. They were at sea when the Titanic sank, but their ship was too far away to be of any help, and they sailed on to Baltimore.

They settled on a farm south of St. Johns.

WHEN MRS. SYKORA said goodbye to her brothers and sisters, her youngest brother, Jindrich (Henry) was only five years old. Until last Friday, she hadn't seen Jindrich for 53 years.

The occasion Friday was a visit to the United States by Jindrich Poborsky to see his older sister, who has recently been ill and is now confined at the Maple Valley Nursing Home in Ashley.

Poborsky speaks no English, so he and his sister and her family here conversed in their native tongue. Four of the five Sykora children were on hand Friday to translate to English and from English.

POBORSKY, A heavyset man with dark complexion and heavy dark eyebrows, has a ready smile and a firm handshake. Having been in the United States less than 24 hours at the time of his reunion with his sister, he still hadn't had time to grasp all of the "wonders of America."

"He's amazed at the technology in America," nephew Joseph Sykora of Detroit said, however. "Things like spring-loaded faucets that turn themselves off, and the many, many cars have really fascinated him."

POBORSKY HAD his first drink of that American symbol, Coca Cola, last Thursday evening at Eyer's Steak House in Lansing, and his hosts saw to it that even the Coke bottle was brought out to their table.

Poborsky's hosts are his sister's children—Fred Sykora of St. Johns, Joseph of Detroit, James of Clare, Mrs. Mary Dean of Riley Township and Mrs. Helen Henney of Middleton. They are his sponsors here (he must have a sponsor, the Communists say, before he could visit from his Iron Curtain country).

THE SYKORA family's uncle will be in the United States for at least a month. That's the period his visa covers, but the Sykoras are sure they can get an extension of that time.

He flew into Detroit Metropolitan Airport at 10:45 last Thursday night. The first leg of the journey was a flight from Prague, about 140 miles from his home of Vamberk, to New York.

VAMBERK IS a town of 4,500 population, somewhat smaller than St. Johns. It is a highly industrialized town, with four factories. Poborsky works as a machinery repairman in a textile factory, and his wife, Alice, works in a cable manufacturing plant.

His trip to America and St. Johns to see his ailing sister and her family was Poborsky's idea, but it got quick response and action from the rest of the family here. In fact, his arrival here came months earlier than would normally have been thought, what with all of the red tape.

THE FIRST expression of the desire for a visit came in the first part of June, and Poborsky sent information from Czechoslovakia on how the family here should apply for his permission to visit. Mrs. Henney immediately started action.

On July 12, Joseph Sykora paid for Poborsky's travel in Detroit, and one month later the American ambassador in Czechoslovakia issued Poborsky's visa. Two weeks later, he was in the United States.

SYKORA SAID he had asked his Congressman, Rep. John D. Dingell of the 16th district, to help speed things along, and he said he was sure that the fact his mother was ill also helped the Communists make a quick decision and allow the visit.

The visitor here is an amateur artist, and he said he plans to paint pictures of the homes of each of his nephews and nieces as some token of his appreciation for the trip here.

HE BROUGHT Bohemian liquors, lace, paintings and cut glass from his home for his relatives here. His stay in the United States will be spent in about equal amounts of time with each of the nephews and nieces.

A family reunion was held Sunday at the Fred Sykora farm, with about 35 relatives and friends of Czechoslovakian descent attending. The farm is the same one Mrs. Sykora and her late husband (he died in 1951) farmed, and Mrs. Sykora lived there for 47 years.

FRED SYKORA is the only one

Duplain

By Mrs. James Burnham

There will be no evening services, Sunday evening, Sept. 5, at the Duplain Church of Christ. Members will attend services at Rock Lake Christian Assembly, Vestaburg. Ronald Harshe, missionary, will be the speaker.

Sunday morning services at the Duplain Church of Christ will return to the regular time on Sept. 12 with Bible School at 10 a.m. and worship service at 11 a.m.

Mr and Mrs James Burnham spent Saturday evening in St. Louis calling on Mr and Mrs Elmer Mapes.

Ronald Dow of Parragon, Ind., is spending several days with Mr and Mrs Dale Schultheiss and family.

Many from the area attended the silver wedding anniversary open house for Mr and Mrs Lyle Flegel.

In the family who has seen Poborsky since his mother left Czechoslovakia (then Austria-Hungary). At the end of World War II, Fred and a buddy hitchhiked into the country and visited his mother's homestead and relatives.

Mrs. Sykora has three living sisters in Czechoslovakia—Anna, Bessie and Agnes.

Student dress regulations at SJHS repeated

St. Johns High School students were reminded this week by Principal B. Stanley Pocus of the school board-approved regulations concerning proper dress for school and school-sponsored activities.

The regulations, essentially the same as those last year, were formally approved by the board of education Monday evening. Pocus noted that high school students here have traditionally dressed "very appropriately" and he said there will probably be little difficulty concerning the regulations.

POCUS SAID many studies throughout the nation have proven that student behavior patterns are definitely affected by how they are dressed, and for that reason the guides for proper and business-like dress were set up.

Girls, according to the regulations, should wear skirts and blouses or sweaters, or dresses. Slacks, bermudas, shorts, kilts or shifts that are split on the sides, and such, may not be worn. Bermudas and slacks are permitted, however, at football and basketball games.

HEAVY, FORMAL or exaggerated makeup is not acceptable during the school day, Pocus said. The hair style, as well, should be neat and clean at all times. Extreme teasing or ruffling of the hair will be considered in bad taste by the school administration.

Boys should wear clean slacks or jeans with the belt line above the hips and with belts when slacks provide for them. Sport shirts or

regular dress shirts must be kept buttoned, except for the top button, and all shirt tails must be tucked in. Extreme form-fitting slacks which are excessively tight across the hips or very narrow in the legs will be considered improper.

THE conventional hair style, which is kept trimmed and neat, and various versions of the crew cut are recommended. Extreme bizarre hair arrangements will be considered in bad taste.

Although smoking has always been forbidden at school and at all school activities, students will again this year be forbidden to visibly carry cigarettes on their person into the school. Smoking will also be forbidden in the immediate area of the school grounds. Violations of smoking regulations as well as of regulations of dress will be subject to suspension.

POCUS POINTED out that "it is our policy to encourage the highest standards of student behavior in school, at school activities, and in the community. It is an accepted fact that high standards of behavior and conduct, will in turn lead to high personal standards of courtesy, decency, morality, honesty and wholesome relationships with others."

"The wholehearted support and cooperation of all parents of high school students is of course essential for the realization of these goals, which in the final analysis, is for the benefit of the young people under our guardianship," Pocus said.

Dean's Wins City Class A Softball Title

The Dean's Hardware softball team won the St. Johns City Class A softball championship for this year. Pitcher Jerry Sharick takes a bunting stance in front of catcher Dennis Morrison while other team members crowd around. Left to right are Jim Graham, Linden Lade, Don Rademacher, Jake Snyder, Chuck Ernst, Jim Hartman, Mervin Hallead, Wayne Morrison, Jay Hallead and David Hiller. Other team members unable to be present for the picture were Jim Becker and Morris Sharick.

City Class B Softball Champs Receive Trophy

Most of the Neller's Service team members were on hand last Thursday evening for the presentation of the first-place trophy to the manager and sponsor of the Class B city softball team. City Recreation Director Ron Dugas (right in front) presents the trophy to Manager Harold Palmer (center) and sponsor Bernard Neller while eight of the players look on. Next to Neller in the front are Robert Randolph and Richard Randolph; back row, left to right, are Don Palmer, Dave Harper, Don Randolph, Duane Sperry, Gary Urban and Morris Conklin. Absent for the picture were Kurt Woodbury, Terry "Fuzzy" Thurston, Craig Knight and Lynn Neller. Neller's compiled a record of 8 victories and 1 defeat to win the class B title.

Marion Ladewig to help open K of C Bowl

Marion Ladewig, acclaimed as the greatest woman bowler of all time, will roll into Westphalia this Sunday for two appearances at the K of C Bowl.

Mrs. Ladewig, a record eight-time All-Star tournament champion, will roll exhibition matches and give free instruction to local bowlers starting at 2:30 and 7 p.m.

THE K of C Bowl, operated by the Westphalia Knights of Columbus, is newly-remodeled and equipped with Brunswick A-2 Automatic Pinspotters.

Mrs. Ladewig, a Brunswick Star Bowler, has a string of titles and honors as long as a regulation bowling lane. In addition to her eight wins in the All-Star, she's captured the World's Invitational on five occasions, the WIBC All-Events title twice, the National Doubles twice and WIBC Doubles twice. She has been bowling since 1937 with an all-time average of better than 190.

FIRE PREVENTION WEEK! Check your garage.—St. Johns Insurance Assn. 19-1

Lightning hits St. Joseph home of ex-teacher here

While the Clinton County area was getting through an early morning thunderstorm last Thursday without any damage, a former St. Johns family did have lots of trouble with the same storm in St. Joseph.

A bolt of lightning hit the home of R. James Williams, a teacher at St. Johns High School until last spring. The Williams now live at 814 Wolcott in St. Joseph, and he is a teacher at Lake Michigan College.

WILLIAMS AND his wife, Donalee, had been watching television just before 12:30 a.m. Thursday morning but had unplugged the TV set and were waiting for the storm to pass. Suddenly the room seemed to explode about them.

Mrs. Williams said the concussion was so great she didn't even hear the clap of thunder that rocked St. Joseph and Benton Harbor. The room fairly danced with a blue glow and the house filled with smoke.

WILLIAMS immediately took his wife and their three youngsters, Kathryn 3, Brian 5 and Lisa 2 1/2 to the home of a neighbor. Later Kathryn is reported to have commented: "I was so scared I came down from the top bunk without even using the ladder."

Firemen were called to the Williams home, but they couldn't find any fire. The lightning damage was traced to all parts of the house. Books on one side of a

bookcase were scorched. A shelf on the bookcase on the other side of the room where the TV lead-in wire was located was split. Carpeting was burned.

THE WILLIAMS family moved to St. Joseph July 9. They had just returned from a vacation trip to northern Michigan when the big excitement of the summer cracked down on them. "We feel lucky to be alive," Williams commented.

He will teach biological science at Lake Michigan College this year. He was biology teacher at St. Johns High School.

Exchangites honor Al Garey at annual picnic at Myers Lake

The St. Johns Exchange Club enjoyed its annual picnic at Myers Lake last Thursday afternoon. T-bones, fried potatoes, corn on the cob and coffee were included on the menu. Food was prepared by members Lambert, Shane and Eick.

Guest of honor at the picnic was Al Garey, a former member, who is now at Port Huron. A plaque was presented to him in appreciation for his contributions to the club while he was in St. Johns.

The club's next meeting will be at Walker's Cafe next Thursday, Sept. 9.

Rural schools staff complete

The teaching staff for the rural schools of the St. Johns Public School District has been completed, according to Walter Nickel, assistant superintendent in charge of rural schools.

Schools, teachers and their assignments, as announced this week, include:

Bengal Center: Leonora Weseman.

BROWN: Lucille Eggleston. Cedar Lake: Margaret Wirick. Chapman: Edwin Parks.

County Farm: Mildred Penner, grades 3-8; Erma Fritz, beginners, first and second grades (half-time).

Cramer: Alice Jumper.

EAST ESSEX: Beverly Baker, beginners, first grade; Mary Welton, second and third grades; Beatrice Jorae, fourth, fifth and sixth grades; Reva Ward, sixth, seventh and eighth grades.

Eureka: Dortha Beagle, beginners during afternoon only; Joyce Shinabery, first, second and third grades; Erle Bontrager, fourth, fifth and sixth grades; Fidelis Cameron, sixth, seventh and eighth grades.

French: Mary Alice Smiley. Frink: Esther Hendershot.

GARDNER: Lucille Gallagher. Greenwood: Ardis Utterback.

Harper: Mildred Wierman, third through eighth grades; Doris Crotser, beginners through second grade (half-time).

Kincaid: J. B. Vincent.

Krepps: Mildred Sleight, second through eighth grades; Naomi Tenney, beginners and first grade (half-time).

Lamb: Olga Witt. Lemm: Gertrude Lietzke.

MERLE BEACH: Janice Ninan. Merrilow: Dorothy Parker.

Olive Center: Marietta Boldrey, beginners, first and second grades; Rita Snyder, third, fourth and fifth grades; Maxine Sigafosse, sixth, seventh and eighth grades.

Parker: Betty Thompson, second through eighth grades; Agnes Mulholland, beginners and first grade.

Plowman: Gwendolyn Walker. Price: Stephanie Staples.

RICHMOND: Ralph Conine, grades three through eight; Kay Robinson, beginners, first and second grade (half-time).

Rowell: Judy Wright. Sage: Dorothy Stegrist.

Sherwood: Christine Brown, grades three through eight; Opal Thomas, beginners and first and second grades (half-time).

Stoney Creek: Gladys Bullard.

SOUTH RILEY: Marlam MacNicol.

Simmons: Jean Alwood. Music teachers include Edna Brookover, Janet Longnecker, Doris Livingston, Dorothy Jean Sirlrine, Eleanor Williams, Frances Reeve and Violet Pope.

Several inquiries have been made concerning student dress. Those students who ride busses to school and who are in comfortable buildings are expected to dress in good taste. Girls will wear skirts and blouses or dresses. Boys are expected to wear slacks or jeans which are not

unreasonably tight. Belts should be worn unless the belt is attached to the trousers. Shirt tails should be in unless the shirt is made to be worn out.

WHEN THE weather gets cool, those girls who walk to school may wear slacks. Stretch pants and tight fitting slacks are not recommended.

Parents are urged to use their best judgement in the matter of dress for their children. It is realized that walking to school and being in buildings where the floors are often cold make a difference in student dress.

RURAL SCHOOL students will begin school on Wednesday, Sept. 8, at 8:30 a.m. The pupils will be dismissed at noon, and full-time classes will begin on Thursday.

All books for rural students will be available from the teachers.

School bus routes same

St. Johns school buses which transport children into St. Johns will start the new school year on the same routes that were in use when school closed last spring.

Because many new students have moved into the rural areas, and because of the Parochial Bus Act allowing parochial students to ride free within the district, it is apparent that the 11 routes will not be sufficient to handle the increase of student riders, Supt. Earl Lancaster said this week. In anticipation of this increase, the board has authorized the purchase of two additional 60-passenger busses.

ALTHOUGH THE buses will start on the same routes as were in use last spring, adjustments will be made as soon as the needs are apparent. The only change in last year's routing for the first few days will be an extension of Charles Steaven's route to include the former Kincaid district. His bus will proceed south of Lehman Road to Chadwick, then east to Forest Hill and then back to Lehman.

Plan films, revival at Fulton church

The Fulton Full Gospel Church southeast of Perrinton is planning a week of revival and religious films. Tonight (Thursday) the film "Cry in the Night" will be shown. Next Thursday a film entitled "So Little Time" is scheduled.

Revival meetings will start Sunday at 7:30 p.m. and will run nightly, except Mondays, through Sunday, Oct. 3. The highlight will be a missionary convention Sept. 9, 10 and 11, with Oswald J. Smith's faith-promise plan being explained by Conference Director Rev. David Clark, missionary to Kenya and Uganda, Africa. Other missionaries present will be Mrs. Harry Donaldson to South Africa; Rev. Leo Thomas to the American Indians in Iowa; and Rev. Carol Eby to Kenya, Africa.

Live for today—save the regrets of yesterday 'til tomorrow.

Fowler youth in Chile answers questions about Peace Corps

David W. Pohl of R-2, Fowler, is now serving in the Peace Corps in Peru in South America. He is on the east side of the Andes in a town called Villa Rica.

Recently he received a letter from a good friend who expressed interest in the Peace Corps. The letter was chock full of questions, and when Pohl sat down and answered them he found them to be the same ones he's been asked many times.

POHL SENT A copy of his answers to the Clinton County News. "Some of this may not be as others know it, but so far it is the way I found it," Pohl commented.

"The first question you asked was about the health problem; boiling water, foods, and etc. The water problem is easy - don't drink any. I drink hot coffee and tea, which is fairly safe, and any type of cola. These along with alcoholic beverages are okay. There is one home brew I haven't and I don't think I will drink called chicka (I think).

"I DO HAVE a little stove and teakettle in my room but it may just rust there from no use. As far as food is concerned I eat at the same place all the time on a monthly basis. I do watch a little what I eat, but it becomes a minor thing. I seldom eat an uncooked salad or vegetable but I have done that at times, too.

"As for learning Spanish, don't worry about it. They give you a pretty good going over in training with that, and anyway you will think you know a little of the language until you get where you are going and there you find you don't know a darn thing about it. I must say, though, we did have good training and I am learning quite well. I have been here for less than three months and can sit for an hour or more and carry on a pretty fair conversation. One thing in my favor is that there are no other volunteers here in town; therefore I have to speak a lot of Spanish. There are a couple of fellows here that speak real good English and I use English with them usually.

"YOU ASKED HOW the people

act towards my being here. Well, at first they were a little suspicious, but I explained what I feel is probably one of the major objectives of the Peace Corps; that is, a way to get to really know the people of other countries and for them to get to know the US in a more realistic way. I find, or I think, that I have been pretty well accepted here. Also there are some other North Americans here but the reactions toward them vary greatly. Most get along pretty well. There are Europeans here too, from four generations back to refugees from the Second World War.

"I think here I can catch three questions in one: 1) Do I feel I am accomplishing anything? 2) Are they cooperative? 3) Do they want to learn or are they shy towards progress?

MY ACCOMPLISHMENTS are small, but real. Every time I walk down the street I get quite a number of greetings and smiles combined. This is what I might say is a beginning, but I think a good foundation is necessary in this sort of thing. As far as my ideas being accepted, I can't say I have tried very many yet, but I might answer your second and third question with a question. First of all I think Sweden has the highest standard of living in the world. Now do you think the people of Fowler, Mich. would accept every idea a Swede who had been there less than three months, talked about and tried to start without first seeing some proof of its value? Remember, too, he doesn't know the language very well either.

"These people are progressive but also don't bite on everything that passes in front of their nose. Remember that when talking about what these questions concern, idealism is good but don't forget realism. A combination seems to be appropriate in many things. This may be one of them.

"ABOUT THE religion; it depends more on the person than the circumstance. It is different than what we are used to but not so different that we can't find it quite similar. I do have a wonderful hard-working priest here in

town. He doesn't walk around with his hands folded, but I think he is sincere. He is now involved in building a school. I didn't get to Mass one Sunday because I was in a town that didn't have a church. I have even gone to confession in Spanish, (that is a challenge) and Communion a few times.

"You also asked me about fun and going for a good time. I guess all I can say is after awhile you are glad to be away from it. You would be surprised how easy it is not to have to go out on the town any time you want to. I guess you just become more basic in your enjoyment. I have managed to see some of the others of my group for a spree or two but I didn't mind at all being back here.

"I GUESS IN conclusion I might say this: you will be surprised about how little it really takes to make a person happy and enjoy life. This is stretching it a little, but you will get the idea. I heard this some place anyway: 'I've got nothing but the stars, the sun, the moon, the mountains, the forest, a river, and a fresh breeze, and some people who are willing to share it with me.'

"That is all I have for now, but I will likely write more again."

Dellars' granddaughter back from essay contest

Miss Jordys Dellar, granddaughter of the Henry Dellars of St. Johns, recently returned to her home in Park Ridge, Ill., from Washington, D.C. after her essay was chosen one of the best submitted in the Rexall Teen Forum contest.

She was the guest of the Rexall Drug Co., representing Park Ridge and the State of Illinois. Two representatives from each state in the US went to Washington as a result of the contest.

JORYS IS the daughter of Mr and Mrs Ralph Dellar of 215 S. Cumberland in Park Ridge, Ill. They are former residents here, and Jordys was born at Clinton Memorial Hospital. She is now 15 years old.

Her essay on "My Responsibility to America" follows:

"My responsibility to America is to become very well acquainted with my country and to pledge my allegiance.

"THE RICHES and beauty of America are creations of God; its development has been advanced through the efforts and cooperation of many people, their talents, abilities and ambitions. Ideas and ideals combined together have been placed under the leadership of a wonderful government determined to 'let freedom ring.' I must help my country to be forever a shining example of magnificence.

"Knowledge is power' and it is my duty to strive for a formal as well as an informal education, to acquire knowledge and skills, to make the most of my talents. Cultural subjects such as art, music, and literature should continue to be appreciated, never set aside for only material interests.

"LEISURE TIME should be regarded as a prized possession. It can be used as a period for recreation, reading or participation in community affairs such as school music programs or young people's organizations. I must maintain good health, increase my skills in sports and continue reading good books. I must volunteer my services for civic duties or charitable projects.

MISS JORDYS DELLAR

"Religion, laws and learning the true values of life are extremely important. I consider it a privilege to worship in church, and I am grateful for the many blessings that are ever present in America.

"RELIABILITY, trustworthiness, cooperativeness, love and honor, these, too, are my responsibilities to America, the land of opportunity, my country."

As well as marring our scenic beauty, trash costs money in highway and beach maintenance. Use refuse barrels along the road and litter bags in your car.

U.S. presidential candidates were chosen by national political conventions for the first time in the election of 1832. The National Republicans met in Baltimore and nominated Henry Clay for president. The Republicans, or Democratic-Republicans, also meeting in Baltimore, renominated President Andrew Jackson.

Linda Hearld, Edward Hickman wed in church

Miss Linda Kay Hearld, daughter of Mr and Mrs Robert Hearld Sr. of Matherton, and Edward L. Hickman spoke marriage vows Saturday morning in St. John the Baptist Church, Hubbardston. Mr and Mrs Joseph Hickman of Peewee are the bridegroom's parents.

The bride selected a gown of lace over satin with a tiered skirt. In addition to roses and gladioli on a white prayer book, she carried a lace handkerchief which belonged to her late grandmother.

MARY E. Hearld, sister of the bride, was maid of honor. Her gown was blue. The bridesmaids, Carole Campbell, Sherry Heckman and Sharon Schmitz wore petal pink gowns. Their bouquets were of gladioli. The flower girls, Jean Hearld and Marci Osborne, wore dresses of white organdy and lace.

Attending the bridegroom were Thomas Hickman, James Hickman, John Hickman, Jerry Freund, Robert Hearld Jr. and Ken Hickman.

ATTIRED IN A powder pink sheath with pink and white accessories and a corsage of pompons and gladioli was the mother of the bride. The mother of the bridegroom wore a blue dress of sheath style, white accessories and a pompon and gladioli corsage.

Assisting at a reception for 300 persons in the Youth Building in Ionia were Mrs Rudolph Silvernall, Mrs Stan Osborne, Mrs Gerald Osborne, Mrs Richard Osborne, Theresa and Joanne Hickman, Mrs Bernard Bridgeman and Carolyn Hiner.

Following a Niagara Falls honeymoon, the couple will be at home in Matherton.

Display planned on Constitution

During the month of September, Americans observe the 178th anniversary of the ratification of the Constitution of the US, the document which gave America a republican form of government with limited powers.

From Sept. 1 to Sept. 23, Americans from the 50 states will observe Constitution Week in commemoration of the signing of the Constitution on Sept. 17, 1787.

THE observance was initiated by the National Society, Daughters of the American Revolution, in 1955, and adopted by resolution of the 64th Continental Congress and by the Congress of the US, which has declared Sept. 17 as Citizenship Day.

Mrs H. Manning Bross will have charge of the observance in Clinton County and there will be a display in the Centennial Room of the National Bank and Trust Co. of St. Johns.

Music Club members gather in Howell

Mrs George H. Brooks and Miss Maralyse Brooks were in Howell on Wednesday, Aug. 25, where they met with the program committee for the fall conference of the Michigan Federation of Music Clubs, South Central District.

It was decided that a conference and luncheon be held in the Presbyterian Church on Wednesday, Oct. 27.

The officers of the Michigan Federation will be the guest speakers and conduct the discussions and workshops at the various sessions which will be held during the day.

VFW Auxiliary to host district president Sept. 29

FOWLER— The auxiliary to VFW Post 3733 held its regular meeting on Aug. 25 at 8 p.m. All members were urged to attend the next meeting on Sept. 29 for the annual inspection by the district president. The chairmen were notified to bring their notebooks early for inspection.

The entertainment committee for the next meeting will be Amelia Fox and Betty Jandernoa. Winnie McKean and Gerry Wleber will be in charge of the lunch.

Members of the auxiliary have volunteered to work at the oral polio vaccine clinic Sept. 19 at Fowler High School Gymnasium. Anyone interested in helping may contact Mrs Lawrence Klein, local director. The shifts will be from 11 a.m. to 2 p.m. and from 2 to 5 p.m.

All volunteer workers for the polio clinic are asked to attend a "dry run" at the Swegles Street School in St. Johns on Sept. 9 at 8 p.m. so they can become acquainted with their duties. They will also receive their vaccine at this meeting.

Hold farewell party for Jerome Cook Jr.

FOWLER— Mr and Mrs Herman Simon, Charles Simon, Mr and Mrs John Simon, and son, Mr and Mrs Paul Ulrich and family and Mr and Mrs Curt Goerge, attended a farewell party on Saturday afternoon, Aug. 28 in honor of their grandson and nephew, Jerome Cook Jr. at the senior Cooks summer home near Portland. Jerome will be leaving soon to join the "Most Holy Trinity Missionary Fathers" in Monroe, Va.

Daughters of Isabella will have their regular meeting Wednesday, Sept. 8 at Holy Trinity Hall at 8 p.m. All members are urged to be present.

The public is invited to a day

of golf at the Portland Country Club, sponsored by the Fowler Jaycee's, on Sept. 15 beginning at 1 p.m. Dinner will follow play and prizes will be awarded.

Mr and Mrs Giles Wieber and Michael spent a week touring Minnesota, Wisconsin, and Canada after attending a reunion of Co. C of the 50th Engineers at Waterloo, Iowa.

Misses Louise and Charlotte Dunnebacke of Lansing were Sunday afternoon callers at the home of Mrs Amella Feldpausch.

Mr and Mrs Paul Klein and family visited Mr and Mrs Ed Miller at Lake Gogebic last week during their tour of the Upper Peninsula. They left baby Laurie Ann with her grandmother, Mrs Amella Feldpausch.

Bath expecting 1300 students

BATH— The Bath Community School System is preparing for its largest enrollment in history with an expected 1,300 students, 775 of which will be elementary, 190, junior high school and 345, high school.

Half-day sessions were scheduled for Wednesday, Sept. 1. School will be held all day Thursday and Friday, Sept. 2 and 3. The hot lunch program will begin on Thursday, Sept. 2, and bus schedules are reportedly the same as last year, basically.

Kindergarten students will report for their first day of school Friday, Sept. 3.

The kindergarten and first grade students should report with name tags pinned to them containing their names, addresses and father's names. This will be to ease the problems confronted by teachers and bus drivers.

School cooks attend hot lunch workshop

BATH— Two of the cooks from the Bath Community Schools hot lunch program attended a hot lunch workshop in Big Rapids this summer.

The workshop was to bring them up to date with the newest and best methods of cooking for the school children.

Those attending were Mrs Kenneth Gelsenhauer and Mrs Lloyd Rosekrans.

A new barber shop is scheduled to open Tuesday, Sept. 7, in the Park Lake area by Allen Rosekrans of Bath.

Treasurer passes out money

Clinton County Treasurer Velma Beaufore spent most of last week passing out money.

Quarterly distribution of funds to various governing units were made by Mrs. Beaufore and Deputy Treasurer Elnor Waltz. Recipients of the funds were various townships and cities and villages, which shared \$85,001.28 in sales tax money; 12 school districts which received \$386,710 in state aid money; and the various library boards which got \$36,070.55.

THE SALES TAX diversion for the quarter ending June 30 and was at the rate of \$2.24 per capita. Here is the breakdown in the money sent to each township: Bath \$8,359.68, Bengal \$2,000.32, Bingham \$3,006.08, Dallas \$2,396.80, DeWitt \$14,360.64, Duplain \$2,558.08, Eagle \$2,535.68, Essex \$1,554.56, Greenbush \$2,992.64, Lebanon \$1,505.28, Olive \$3,167.32, Ovid \$2,889.60, Riley \$2,199.68, Victor \$2,768.64, Watertown \$4,497.92, and Westphalia \$2,287.04.

The City of St. Johns received \$12,591.04 in sales tax money, while the City of DeWitt got \$2,773.12. Villages and the amounts they received are: Eagle \$315.84, Elsie \$2,089.92, Fowler \$1,912.96, Hubbardston \$73.92, Maple Rapids \$1,529.92, Ovid \$3,371.20, and Westphalia \$1,254.40.

THE AUGUST apportionment checks for schools were also mailed out last week, with the \$386,710 representing 16.66 per cent of the state aid for the school year. School districts and the amount each received includes:

St. Johns \$115,450; Ovid-Elsie Area Schools \$96,530, Bath \$64,850, DeWitt \$45,720, Fowler \$11,050, Gunnisonville \$9,950, Hurd \$8,210, Valley Farms \$13,750, Eagle 2 and 5 Fr. \$640, Eagle 8 Fr. \$760, Pewamo-Westphalia \$19,350, Bath 6 Fr. \$450, special education \$5,310, and intermediate school district \$1,070.

PENAL FINES provided the funds which libraries in the county shared on the June 30 balance. Those funds were distributed at the rate of 95 cents per capita of the library population area. Amounts received include:

DeWitt District Library \$7,266.55, Elsie \$1,971.25, Maple Rapids \$1,308.15, Ovid \$2,655.25, St. Johns \$5,347.55, and county library board fund \$17,521.80.

Appraisers use many methods to establish local land values

(Editor's Note: this is the fifth in a series of articles explaining the process of re-appraising real estate property in Clinton County.)

During the course of a tax equalization program, the appraisal company is responsible for determining a value for each and every tract of land within the county, regardless of its size, shape or location.

Land is normally valued according to its useage, or the use for which it is best suited. For this reason, broad categories of useage are established, and the land is valued accordingly. Generally, these categories are residential, commercial industrial, agricultural and rural.

FOR TAX equalization purposes, there are two basic methods used to determine land values. One is called the market, or comparison approach, and the other is referred to as the residual method. Both methods are used to develop unit values such as front foot or acreage values.

Residential parcels are valued on a front foot and depth basis; commercial lots are valued in the same way, although some parcels may be valued on a square foot basis; industrial land is valued either on an acreage or square foot basis; agricultural and rural land is valued by the acre, with various acreage prices for the different types of land involved.

THE MARKET approach to land value is used primarily in valuing vacant and residential parcels or tracts of land. Essentially, the procedure involves gathering data on recent sales of vacant land of the various categories, then analyzing the data for each category to develop a unit value. These unit values are then used on a basis for valuing other vacant land that is comparable in location, topography, desirability and usefulness, but where no sales have occurred recently that would be true indicators of value.

Since no two pieces of land are exactly alike, expert judgment is required in making the comparison. Adjustments may have to be made to the unit values for some characteristics that are not exactly comparable. The market approach to land value has been time-tested over the years as one of the most reliable and widely used methods of appraising residential and vacant parcels. However, if the buyers and sellers of land cooperate with the local officials and the appraisal company in relinquishing any data requested of them concerning recent transactions, then a much more accurate and reliable study can be made.

THE RESIDUAL method of valuing land differs in that the sales data that is gathered and analyzed involves land with buildings thereon. In these cases then, the value of the buildings is determined, and deducted from the sale price, and the "residual" money

represents the value of the land. In sales of commercial properties, rental income is sometimes capitalized to determine the building value, which is then subtracted from the sales price to arrive at the value of the land.

Agricultural and rural land is valued by the acre, and the basis for this approach is usually the soil type and productivity, or capability of the land. The federal government and state universities provide a reliable source for this information, which can be used in conjunction with aerial photographs to establish different classifications of land. Tillable soil has several classes, pasture and meadow likewise, and woods and swamps are classified according to timber growth and topography.

AFTER establishing the various classes of land, acreage values are assigned to each, with the average class of tillable soil having an average crop yield as a starting point. These values are then checked against recent sales of farms to verify them.

As unit values are determined for each area of the county, they are then applied to every parcel of land in the area, and eventually the entire county. The land value for each parcel is figured by multiplying the unit value by the number of units. In other words, building lots have a front foot as a unit, and a front foot unit value. Rural land has an acre as a unit, and per acre values. In the process, however, adjustments are made for topography, accessibility, utility services and other factors that have an effect on individual pieces of land.

THE METHODS that have been outlined above are used throughout the county, and are explained in detail in many published reference books. These are the tools an appraisal company must use to achieve the purpose of the task—equalization of values. Whether it be land or buildings, the approach to value must be uniform and applied uniformly throughout the county, so that everyone is "fed from the same spoon," impartially and with an unbiased professional approach.

Report lack of airport killed Du Pont plant here

The St. Johns Chamber of Commerce disclosed Friday that its industrial committee has met with representatives of the Du Pont Company of Troy, Mich., in attempts to have that firm locate a plant here.

"However, due to lack of airport facilities in our community, we were unable to secure the firm," Mrs. Betty Jane Minsky, chamber manager reported.

THE FIRM HAS now decided to add an additional 20,000 square feet to their present building in Troy.

"We showed them considerable property in and around St. Johns, much of it suited to airport development. However, because of a time element, the firm decided that it could not wait until such facilities could be developed. This only points out the need for a community to have airport facilities if it is to compete with others in gaining new industry," the committee said.

Comprised of John Rumbaugh, (chairman), Bernard Feldpausch, Don Gilson and Mrs. Minsky, the industry committee will make a study of how St. Johns can obtain airport facilities. Mrs. Minsky stated she had already received information from the State of Michigan relative to state assistance to communities developing airports and that the committee would delve quite deeply into this study in the weeks ahead.

IN OTHER Chamber of Commerce Industrial Action, it was announced that St. Johns has been listed in the Directory of Mich-

igan Manufacturers as having industrial sites available.

Through a lead passed on by the Chamber to the two engineering plants here, the possibility now exists that Clinton Tool & Engineering may obtain some additional sub-contract work in the months ahead.

Seminarians K of C guests

Six St. Johns area seminary students were special guests of the Knights of Columbus Council No. 3281 at St. Johns last Tuesday night.

The boys were: Tim Henning and Ron Koenigsnecht, both sophomores in high school at Our Lady of the Lake seminary at Wawasee, Ind.; Doug Osborn and Vince Kuntz, both in their second year of theology at St. John's Seminary in Plymouth, Mich.; Mike Howell, a first-year theology student at St. John's; and Bob Sipkovsky, a first-year college student at Josephinum Seminary at Worthington, Ohio.

UNABLE TO BE present for the meeting was Warren Moeggenberg, a sophomore at St. Bernard's Seminary at Dearborn.

Father Edwin Schottle, the K of C council's chaplain, gave a talk during the meeting, and a movie on the Water Wonderland was shown.

Supervisors delay meeting until Sept. 8

Because Labor Day falls on the first Monday of September this year, the Clinton County Board of Supervisors will delay their September meeting for two days. The board will meet next Wednesday, Sept. 8, at 10 a.m., with one of the major items for consideration being the revised budget for 1966. The board meets on the upper floor of the jail building.

Road Commission Weekly Report

The Board of Clinton County Road Commissioners will hold their next regular meeting this Friday, Sept. 3. The Board will open bids for the September and October requirements of gasoline. The commission will also discuss centerline striping. This program is scheduled to get under way the week of Sept. 20.

The lime stabilization project for Chandler Road north of M-21 is now to start Wednesday, Sept. 1.

THE BID letting at the Civic Center in Lansing on Sept. 1 will include two items of interest to Clinton County. One contract will be to replace a 78-year-old bridge on Howe Road across the Looking Glass river in Eagle township. Also a contract for extensive concrete patching on US-27 from M-21 south will be let. Completion dates for both contracts are set for July 1966.

The seal coating program was held up last week because of weather, and it is now likely that it will not be completed until after Labor Day.

THE FINAL application of calcium chloride for about 70 miles of Clinton County roads is scheduled for this week or next. This will complete the dust control program for this year. Material used on this program this year will be over 900,000 gallons, but slightly less than last year's record total.

Down to earth use

Street lamps and roofing shingles are among the down-to-earth items tested in a Morton Grove, Ill. wind tunnel usually used to check the effects of wind and icing on exotic missile and aircraft components. Cardox carbon dioxide brings the tunnel temperature down to -20 degrees F. while two jet engines turn out howling winds.

List polio clinic sites in county

Specific sites for Sabin oral polio vaccine clinics in seven communities of the county were announced this week. The clinics will be held Sept. 19 and Nov. 14.

In St. Johns, clinics will be held at the Swegles Street and Perrin - Palmer schools. St. Johns Jaycees are cooperating locally in sponsorship. Roger Feeman will be in charge at Swegles School, with Jim Moore handling the clinic at Perrin-Palmer.

OTHER community clinic sites and clinic leaders are:

Elsie: Elsie High School, Blaine Lentz of the Elsie Lions Club.
 Maple Rapids: grade school

gym, Mrs Kathleen Thompson of the Sorosis Club.

FOWLER: Fowler High School, Mrs Carolyn Klein of the VFW Auxiliary.

Westphalia: Westphalia Township Hall, Daniel Martin of the Westphalia Jaycees.

DeWitt: Veterans Building, John Hat of the DeWitt Lions Club.

Bath: Bath Elementary School, Mrs John D. Nessman.

"REMEMBER Vaccine, Forget Polio" was the slogan adopted by the Clinton County Polio Vaccine Committee last week at a meeting of many of the local chairmen. The local clinic leaders urged

that everyone in each community and surrounding countryside plan to attend the clinic to take advantage of the polio protection provided by the vaccine.

Clinton County Health Nurse Mrs Luella Canfield termed the vaccine completely safe and urged all county residents to make use of it if they could. Similar clinics last fall were cancelled when a report of the US surgeon general threw some doubt on its safety.

FIGURES used in the report showed such a small percentage of physical reaction to the vaccine that it is almost negligible. Mrs Canfield said millions and millions of doses of the oral polio vaccine have been given with no ill effects, and use of the vaccine

through the country in the last year has substantiated the safety claim.

Some 30,000 doses are being set aside for the Sept. 19 clinics in Clinton County. It is one of two doses necessary for a person to have complete protection against all types of polio. The second dose will be given Nov. 14.

SEVERAL DROPS of the vaccine will be given on a cube of sugar and then eaten. A 50-cent donation per dose is being asked by the Clinton County Polio Vaccine Committee, but no one will be refused the vaccine.

Clinic workers throughout the county—there'll be between 12 and 15 at each clinic—will meet

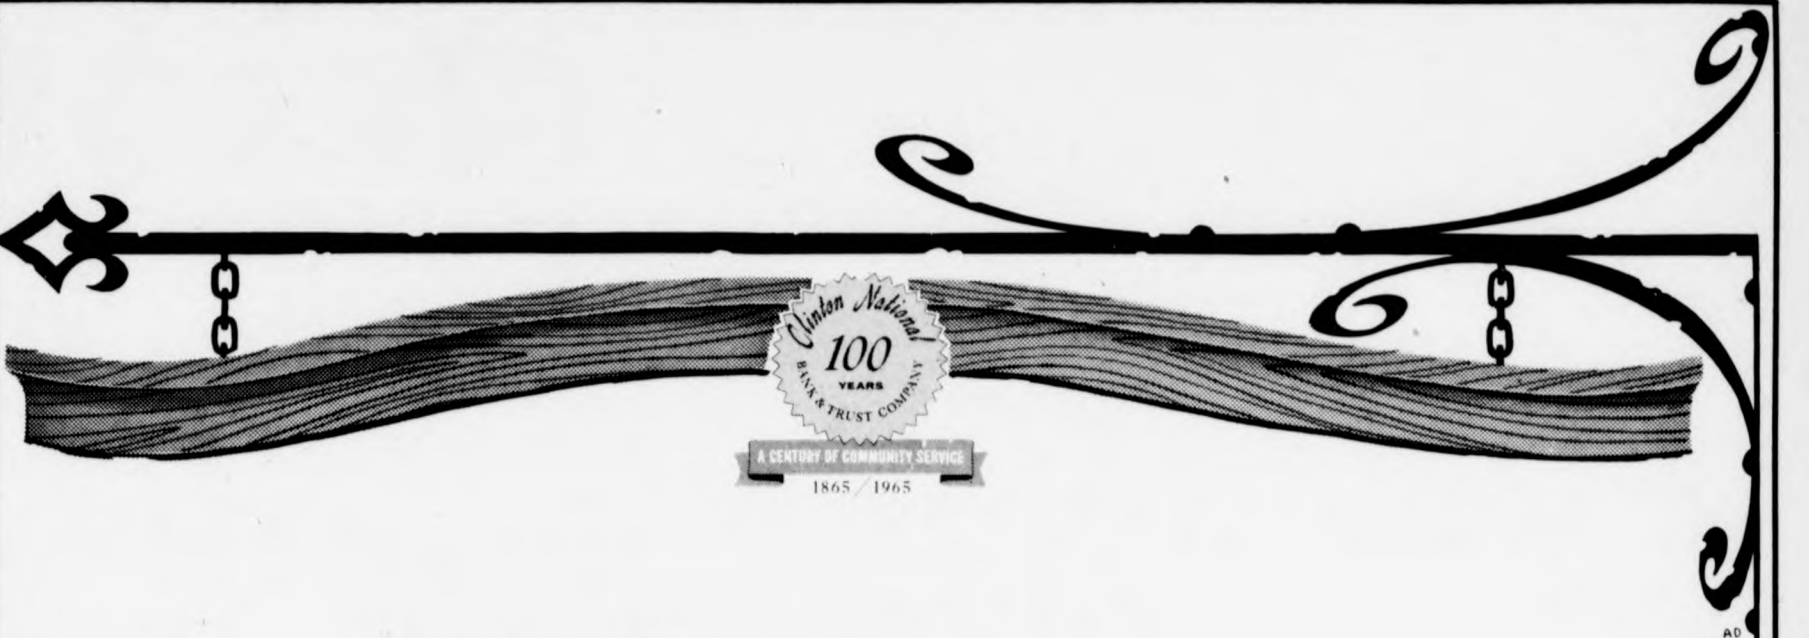

Cars collide on US-27, but no one injured

Two cars collided Sunday evening on US-27 at Hyde Road north of St. Johns, but four people in the two autos escaped without injury.

The vehicles were driven by Richard P. Davies 61, of Lansing, and Alfred J. Gross, 43, of Lansing. Both were traveling south on US-27. Witnesses said Davies pulled out of the right lane to make a left turn and pulled in front of Gross, who was traveling in the passing lane.

Deputy Sheriff Bruce Wilcox investigated the accident.

at the Swegles Street School in St. Johns next Thursday night for a "dry run clinic," a rehearsal, at which time they'll all get their vaccine.

EDITORIAL PAGE**The world needs our agricultural know-how**

In this part of Michigan talk of bumper harvests brings no joy. The outlook here is dismal for corn and beans in particular and for some muck crops.

There are other pockets like this. But overall in the country the Agriculture Department says that the land will again yield huge crops. The word has come, and so it is: Total crop volume will be six per cent above last year's, and 16 per cent above the 1957-1959 average. It will even exceed the previous record, set in 1963, by four per cent.

THESE TIDINGS probably will not make the average American's heartbeat quicken. Many a man on the street may react, indeed, with a bored reflection that this will simply add to our burden of agricultural surpluses.

So it will. Once again, we are producing more food than we know what to do with. Two things come to mind. One is a question: How come? The other is the picture of millions elsewhere—in India, for example—who have too little food.

GOOD WEATHER outside of our area was a factor. A more vital factor was technological progress that enable US farmers to produce enormous crops on one of the smallest acreage totals planted in modern times.

What this suggests, more than anything else, is that the real key to feeding the world's starving people is agricultural know-how.

But knowledge alone is not enough. Fertilizer, modern tools, better seed—all these things are needed to bring the agricultural revolution to the underdeveloped nations. Somehow, the United Nations and its member countries must make this possible on a massive scale.

The alternative is an increasingly hungry world in which the way of life we cherish would be in gravest peril.

State recognizes need for aid to violence victims

California has recently come up with a couple of laws that make a start toward righting some of the tragic injustices that so often result from crime.

One—the first of its kind in the United States—makes public funds available to help innocent victims of violence. The amount provided is small (a total of \$100,000 a year to cover all claims, with need a key factor), but at least it establishes the principle of community assistance.

THE OTHER law provides indemnities for private citizens injured while trying to help catch criminals or prevent crimes.

The contagious spread of violence calls for imagination not only in thwarting the violent but also in helping the victim. Keeping the public peace is, after all, a community responsibility.

GUEST EDITORIAL**STATE RESPONSIBILITIES**

(From The Detroit Free Press)

Nick Olds, the legal eagle for the Michigan Conservation Department, has a right to be as fired up as Jerry Chiappetta, our outdoors writer, says he is.

Olds is chairman of the legal committee of the International Assn. of Fish, Game and Conservation Commissioners, and what he's fighting is the federal government.

The Department of Interior has decided that it, and not the individual states, has a right to set seasons, bag limits and rules for all hunting and fishing on federally owned property.

OLDS SAYS the Interior Department's opinion is "all wet." Attorney General Frank Kelley, more restrained, calls it "legally incorrect."

As Olds argues, "The historical doctrine of ownership of game and fish by the several states is still basically the law of the land."

The federal government can post its land against hunting or fishing, just as any private property owner can, but it has no right whatever to decide its own rules in opposition to state policy.

THIS NEWEST attempt by the Interior Department to grab more power away from the states (remember the original Sleeping Bear plan?) could be disastrous in many states, and would be a severe blow to Michigan's conservation efforts.

In Michigan, this would affect about a ninth of the state's land, or 3,250,000 acres. In some states, such as Nevada and Alaska, the feds own as much as 85 per cent of the land.

Here is a good example where the states, through their conservation commissions, are perfectly willing and eager to do their own jobs. It is axiomatic that when they are, they are also more able than the bureaucrats in Washington.

Michigan will thank the Interior Department to keep its grabby hands off, please.

ONCE OVER LIGHTLY**... and so end these Once Over Lightly comments**

by Ink White

READERS WHO turn to this page today have reason to expect an editor's swan song . . . a little reminiscence about nearly 32 years as an active newsman and some explanation of why a guy in his prime chooses to change his way of life.

I write the above presuming you have read elsewhere in this edition that the Clinton County News has been sold to a group whose mentor will be my good friend and respected editorial colleague, Dale Stafford of the Greenville Daily News; and further that I am soon to begin work at a full-time job with the Clinton National Bank.

The news accounts give the details of the transaction, but they can't express my personal emotions nor the deep appreciation of me and my family to all the friends whose helping hands have made these years such a memorable and rewarding part of our lives.

THERE ARE regrets, of course, but there are so many satisfactions and compensating factors that I can only look upon the change from a positive viewpoint.

I'm particularly happy that a management team, developed during my years of stewardship, will continue to run the newspaper and commercial printing business. Steve Hopko, who succeeds me as publisher, has the youth and drive required to keep the place going at a full head of steam.

Lowell Rinker, who becomes editor, has already demonstrated a sensitivity to area interests which readers have come to expect in our thorough news coverage. His fresh approach to new responsibilities will be good for the community and its newspaper.

Seasoned veterans Al Haight, business manager, and John Hannah, mechanical superintendent, provide the maturity and balance so important to the successful team effort. These two have been more than just business associates of mine . . . they have been faithful friends whose loyalty I shall always treasure.

IN RECENT DAYS the new owners have taken time to visit privately with each of the full-time people on our staff. All are being retained, of course.

When the interviews had been completed there came from John Stafford, representing the incoming proprietorship, this unsolicited testimonial:

"I've never talked to people who were more dedicated to their work or showed

such pride in their surroundings and the products they help turn out."

There can be no finer tribute to my former staff than John Stafford's keen appraisal . . . God bless you all.

THERE'S SO MUCH more to be said that I don't know where to begin and end. Let it be simply recorded that nearly half of my anticipated adult working life has been expended here at the Clinton County News. It has been an always challenging and sometimes worrisome experience. Little pieces of my hide, I'm sure, have rubbed off and will continue to cling to an establishment I love and respect.

The News is 110 years old. I have been one of five owners who have participated in its guidance since 1856. I hope, like my predecessors, I'm leaving it a little better than I found it.

From a purely physical standpoint, I'm proud to pass along a completely renovated building and the most modern machinery for both photo offset and letterpress printing. There's no finer nor more attractive plant of its type in Michigan and it's something of a monument to the patronage of readers, advertisers and printing customers who have permitted us to prosper.

SOMEHOW YOU sense when you've reached a sharp turn in the always-winding pathway of a business lifetime. I became conscious of it awhile ago as we put the finishing touches on the plant renovation which occupied 18 months of our time.

The revolutionary changes in the nature of the publishing business and the refinements in printing techniques came into sharp focus during this period as we studied new methods and made decisions on the replacement of old equipment.

It became increasingly apparent that to operate successfully over the next 20 years we would be forced to expand our base at considerable cost or join with someone who already had the investment in plant capacity to satisfy our future requirements.

Longterm operating efficiency dictated the latter course and our pleasant relationship with Dale Stafford and his crew at the Greenville Daily News made them the logical successors to ownership. As pioneers in the offset newspaper field, they have the press and platemaking equipment and the mechanical know-how that we required to compete in the years to come; and to maintain the growing community newspaper which the

Clinton area needs and has supported so loyally over the past 110 years.

MY PERSONAL employment situation was a momentary problem which was resolved by an opportunity to work with my friends on the staff at the Clinton National Bank. I join them in mid-October as an aide in the area of trusts and public relations, plus sweeping up or anything else that comes my way.

I'd be first to admit that my banking experience has been pretty one-sided. I've done more borrowing than lending and more taking out than putting in. But at least I know the customer's side of the transaction and have a built-in understanding of his problems. I hope to be able to make a contribution to the community and the bank in my new work.

Important to me and my family is the fact that we will continue to live in St. Johns and keep intact the friendships which have meant so much to us over the years.

THE OTHER DAY I turned back the pages in our files to that issue in early 1945 when, at 31, I took responsibility for publication of this newspaper.

Just 10 of us comprised the entire work force in those days and, interestingly, two of the group continue to this day—the durable and competent Gordon Luther, who has now worked faithfully through three changes of management here in his nearly 50 years in the printing trade, and Miss Birdaline Smith, whose versatility and knowledge of our operations is such that she fills in readily in almost any capacity.

It was a humble new editor whose credo was simply stated to Clinton County News readers in 1945. Repeating a prayer he attributed to a US Navy admiral, he wrote:

"Give us strength to accept with serenity the things we cannot change . . . Give us courage to change the things that can and should be changed . . . And give us wisdom to distinguish one from the other."

I have since learned that the prayer was wrongly attributed and its substance is of more ancient vintage. But through the years its philosophy has become ever more meaningful to me and I subscribe to it with greater understanding today than in 1945.

So ends "Once Over Lightly" and my reign over this purely personal editorial page. But I'll be watching from across the street and I may occasionally feel compelled to comment briefly in a letter to the editor.

**RAMBLIN' with Rink**

By LOWELL G. RINKER

Since the first man was shot into orbit, I have always thought that no sight on earth could compare in beauty to the sight of earth itself from a couple of hundred miles above.

The descriptions of the view by our astronauts continue to build this theory of mine, despite my personal acquaintance with so much beauty down here. Right now (Aug. 26) Gordon Cooper and Charles Conrad Jr. are whirling around this big globe once every hour and a half, and what a sight they have.

THERE ARE MANY things I

would give up if in some way I could actually trade places with one of those guys for a few orbits. I'd like to feel the weightlessness and see the earth slide by silently below, blue and round and quiet.

It would be impossible to visualize any other way. About the closest most of us have come is to see the movies taken on the Gemini 4 flight by McDivitt and White, including the beautiful color spread in Life Magazine of Major White's space walk.

TO ONE whose only adventure in space was to climb a 150-

foot water tower, a flight of 150 miles into nothingness is something in itself. How blue and refreshing the world must look from up there. Sometime in the future such flights may be commonplace, but I wouldn't think the beauty of earth from space would ever be commonplace.

I wonder how the moon looks from orbit. It looks beautiful from down here on earth. A couple of weeks ago, when it was a full moon, I set aside part of my evenings to moon-watching. From the lawnchair in the front yard, my binoculars pulled the moon seven times closer, and the mountains and craters stood out beautifully.

PERHAPS THE only thing prettier in space than a full moon is a partial moon. Several years ago in Illinois, when the first Ranger shot to photograph the moon failed when the TV cameras wouldn't work, I watched with probably thousands of others to see if any dust cloud would be visible.

The moon was in its last quarter, and just at the edge of darkness the mountains of the moon stood out bright and sharp against the dark valleys.

But my study of the moon two weeks ago was beautiful. That night the sky was rather hazy around the moon, and it looked orange until you looked at it through the binoculars.

A FITTING conclusion of that night was the inadvertent sighting of a man-made earth satellite, speeding silently and beautifully across the face of the stars. It was about 45 degrees above the eastern horizon, traveling south to north. Was it the Echo satellite? I think so, but I can't know for sure.

Earth and space form a mutual admiration society where beauty is concerned. Both share with the other.

Letters**Softball team expresses thanks**

AS MANAGER of the Roadhouse softball team of St. Johns, I would like to express my thanks to Ron Dugas and Charles Coletta for the fine job they did on the Class A and B district tournaments held at the city park on the weekend of Aug. 20, 21 and 22.

Those who are interested in softball will agree that the field and lights were the best they have been in many years. Thanks for a job well done.

DICK ROOT and team

"Of course, one of the drawbacks of this job is that you work weekends."

Beer industry relates high price of teenage drinking

BY ELMER E. WHITE Michigan Press Assn.

UNFORTUNATE consequences of teenage drinking are seldom considered by the violators, especially if the warnings come from parents, school authorities and other officials.

The one group getting short term gain from this law violation now hopes that perhaps teenagers will listen to its plea for a realization of the hazards. This group is the alcoholic beverage industry.

The trade publication, "Michigan Beverage News," is conducting a campaign aimed at persons under 21 who might now or at some future time be tempted to participate in teen drinking parties similar to those which have caused such official frustration this summer.

BY CIRCULATING a leaflet entitled "The Choice Is Yours," the Detroit-based publication hopes to "tell teenagers in honest terms what could happen if they are caught drinking or even with alcoholic beverages in their possession."

The leaflet is being distributed through church groups, schools, libraries, civic and community organizations and retail outlets.

Teenagers are warned that reckless acts now may jeopardize their admittance to college, a military career or future job prospects. It emphasizes the law and the fact that violation could produce a criminal record.

"WHAT IS NEEDED MOST is education, we feel," says publisher Ken Davison.

The Michigan Liquor Control Commission had hoped to publish a similar pamphlet on its own but did not receive funds for this purpose and has endorsed the leaflet prepared by the Beverage News.

The thought-provoking message on the four-page leaflet is a simple and yet complex one: "Is taking 'a little drink' worth risking all your hopes for an honorable and rewarding career?"

SOME accomplishment was recorded by the legislature this year in the continuing implementation of the still new state constitution, but gaps still remain.

One gap which fortunately involves little time pressure is the enactment of laws relating to the job of legislative auditor general.

Democrats control both houses this year and best guesses indicate future elections will find them in the majority in at least one house. They appointed Albert Lee to this new position.

ONE ATTEMPT to spell out the legislative auditor general's duties was made this year but the governor's veto ax fell on it.

Gov. George Romney said the bill as written would have given this new officer much broader powers than were intended in the constitution. He also used his line item veto to withhold from the legislative auditor general \$17,869 designated for race track audits, which he also said was outside the province of the job.

Veto of the main bill had little

effect on the continuing operation of Lee's department. It simply meant the Democrats will have to do some work to meet the governor's objections.

VERY SPECIFIC language is used in the constitutional section dealing with the legislative auditor general.

In a single paragraph the constitution provides for a certified public accountant to be appointed by the legislature to an eight year term. It prohibits the appointee from being named or elected to any other state public office during or for two years following his term.

The constitution designates that he is to conduct performance and "postaudits of financial transactions and accounts of the state and of all branches, departments, offices, boards, commissions, agencies, authorities and institutions of the state."

IMPORTANT GAIN has been made so far this year in one area of traffic safety, but it has been almost totally offset by a worsening in another area.

"Highway fatalities have dropped, but unfortunately the number of injury accidents has climbed to an alarming degree," reports State Police Commissioner Frederick E. Davids.

In the first five months of the year, Michigan motorists recorded 56,518 traffic injuries as compared with 51,786 in the same period of 1964. The number of accidents also jumped from 108,000 last year to 125,000 this year.

Ah! Labor Day

The "Low Down" From the Congressional Record

By Joe Crump

Deny charge that the press is unfair

Rep. Robert H. Michel (Ill.) . . . An editorial in the Peoria Journal Star . . . states very clearly the problem the liberal teach-in groups are having. (The condensed editorial follows.)

Of all the rabid criticism which is being expressed about our foreign policy in Vietnam nothing is quite as wild as the charge that democratic debate is being gagged . . .

YET SCREAMS are made that discussion is being curtailed, that the press isn't fair, that Americans don't know what is going on.

The truth is that most Americans do know what is going on and they have quit listening to the critics because they have failed to hear anything from them which makes much sense beyond the simple premise that there is a problem in Vietnam. That premise is hardly worth debating.

IT IS utterly sophomoric to think that saying something long enough and loud enough makes it any more sensible than it was the first time it was said. Yet the effort is being made.

Foreign policy is the domain of the President of the United States and while some citizens may disagree with his decisions, it does not change the fact that the decisions must be made by the President. All of the picketing and the petitioning is of little value unless it manages to change the President's mind.

IT IS OUR feeling that the heat which is being generated by a number of professors and students who cannot even agree with themselves is going for naught, because they have failed to find any significant support from political leaders of either party or from the public in general . . .

The Johnson administration and every administration since World War II has felt that it is essential to stop first Russian and now Chinese Communist designs to expand their totalitarian systems. In this, they have not been completely successful, but the effort continues because nothing significant has taken place to indicate that Communist principle of conquest--it parades under the title of "National Liberation"--has changed . . .

WE THINK the majority of our college professors--and hopefully their better educated proteges--know their history well enough to realize that their rabid colleagues are spewing out a more sizable dose of emotion than fact and consequently they aren't bothering to jump into a debate on those terms . . .

In this country anyone can express an opinion, and at this point the professors who feel their viewpoints are being ignored are suffering simply from the pangs which come from pursuing a theme which has simply been rejected by their listeners.

There is no gag in anybody's mouth, but there are a awful lot of people who are looking around for cotton to stick in their ears.

Grassroots Comment Undergraduates have always siphoned off their excess energy by indulging in causes that called for action.

What is disturbing is to see professors, who are expected to exercise mature judgment, act as leaders of movements that are going nowhere. These few professors are getting the adverse publicity. The great majority are devoting their time and talents to directing the students towards high scholastic achievement.--J.C.

Bement Library Book Shelf

By Hila Gross Lives of great men all remind us We can make our lives sublime, And, departing, leave behind us Footprints in the sands of time.

For two or three generations anybody who had finished the eighth grade could recite all of the poem from which the lines above are taken -- "A Psalm of Life" by Henry Wardsworth Longfellow. Mr Longfellow is a bit out of date now, but apparently it is not completely out of style to recommend that young people read something about the lives of great men and women.

THE American Library Assn. has issued a brochure entitled "Outstanding Biographies for College-bound Students." It lists 52 biographies, 35 of which can be found in Bement Library, and all of which can be ordered for you from the Michigan State Library.

The list includes "My Lord, What A Morning" by Marian Anderson, a book in which the recently retired singer shares her success on the concert stage, her feelings about prejudice, and her hopes for the future of the Negro.

IN "MY SEVERAL Worlds: A Personal Record" the world-famous author Pearl Buck tells how she happened to grow up with both Chinese and American Culture. Pearl Buck's books ("The Good Earth", etc.) are familiar to many young people, but it is unlikely that these same young people know much of her own unusual story.

"Anne Frank: Diary of a Young Girl" is familiar ground for almost everybody, having been made into a play and a movie, but there is still inspiration and indignation to be gotten from the reading of this original story written in an Amsterdam warehouse by a 13-year-old Jewish girl, hiding with her family from the Germans during World War II.

ALL OF THE books mentioned so far are autobiographies written by women. Just in case anybody should think that it is only women who write about them-

COUNTRY FLAVOR Hillside roads have history

HAYDEN PEARSON

They wander away from valley strips of cement and macadam. They meander through level woodlands and then begin to climb thin-soiled hillsides. It may have been several generations ago when this hillside road was laid out by the pathmaster, and the farmers along the way came with ox teams, stoneboats, axes and crowbars to widen the original path.

A hillside road wanders casually, following the contours and meandering from one old homesite to another. A century and more ago these gaunt cellar holes and barn foundations meant thriving upland farms. There were fields of corn and oats; orchards were colorful with Blue Pearmain, Russets and Greenings. Sleek

selfies, here are a few autobiographies written by men; "Education of Henry Adams" by Henry Adams describes important events and great men encountered by Mr Adams during his travels in America, England, and France. This is an interesting picture of the late 19th century.

In the "Autobiography of Mark Twain" (Samuel Langhorne Clemens) we find both truth and humor in a great humorist's picture of himself. From an earlier generation but in the same vein is Benjamin Franklin's autobiography; and straight from our own time comes "Act One," Moss Hart's story of his life leading up to his first successful play.

BUT NOT ALL people write about themselves, although they might make good subjects. In 1956, four years before he became President, John F. Kennedy published his book, "Profiles in Courage." His subjects were eight U.S. Congressmen who risked political oblivion because their moral principles were stronger than their ambitions.

All of these books and many others in the field of biography are waiting at Bement Public Library for you to read, whether you are college-bound, office-bound, factory-bound or just kitchen-bound.

cattle dotted the pastures and chickens scratched in the barnyards.

NOW ALL IS quiet. The old road, discontinued by vote of the town, is shaded by trees, and the banks are lush with ferns. Grass grows in the path where sleek Morgans pulled farm families to church in fringe - top surreys. Along this road children's voices rang as they tramped to a district school with lard pail lunch in hand.

To him who is sensitive, the old hill roads are sentences in a chapter of history. The stark, blackened chimneys above the cellar holes are punctuation marks. They opened the wilderness for a time while a nation was establishing its foundation.

IT IS QUIET now on the hillside road. At dusk the hermit thrush sings its haunting requiem. Sometimes when a man sits on a boulder beside a hill road and looks across a valley, he thinks he can hear the voices of yesterday echoing down the corridor of time.

Belding all set for big Labor Day celebration

Belding's 60th annual Labor Day celebration is to break away from the one-day event of the past and, on its diamond jubilee this year, swing into a new three-day festival format.

Last year, the one-day event attracted more than 20,000 persons, according to official estimates.

HIGHLIGHTING the Sept. 4, 5 and 6 celebration are a state-wide talent show, street dances with live bands, an ox race, a round robin baseball tournament, an ice cream social, fireman's water fight, pie-eating contests, a Ventian parade for decorated pontoon boats, state-wide drill team competitions and a two-hour Labor Day parade. Carnival rides and a midway are already booked.

Playground Kings and Queens Receive Their Crowns

The crowning of playground kings and queens at the conclusion of a parade up Clinton Avenue Friday put the finishing touches on the city's playground program for the summer. Here Playground Directors Linda Smith (left) and Janet Sipkovsky and Recreation Director Ron Dugas adjust the crowns for the playground kings and queens, chosen by the youngsters during the week prior to the program. The royalty, from left, are Dick Buggs and Diann Kanaski of the Swegles Street School playground and Rebecca Barrett and John Herrell of Perrin-Palmer.

'Spudtacular' in Montcalm

The greatest educational event for potato growers in a quarter century will be held in Montcalm County next Wednesday, Sept. 8 and Thursday, Sept. 9. The Michigan Spudtacular will offer the resurging potato industry of the Wolverine state an opportunity to show off its progress.

VARIETY comparison and performance tests; insect, disease and weed control; fertilizer and minor element tests; plant population comparisons and vine defoliation are all included in the demonstration and research plots to be toured in the morning.

plots for the morning of the second day are on the Beus-Peterson farm near Greenville. The 1,400 acre potato farm is operated by Ersel Beus and son West and son-in-law Delbert Peterson. All come from the state of Washington where they grew potatoes for the Ore-Ida factory on the Oregon-Washington border.

hundred-weight an acre—20 hundred-weight above the average and 10 above last year.

SINCE THE 1964 crop brought \$27,000,000 to Michigan growers—the highest amount in 40 years except for a couple of war years—growers are encouraged with the general situation.

More than 20 acres of demonstration and research plots are ready for exhibit. An 80 by 600 foot potato storage building is available for exhibit of potato farming and grading equipment.

There will be demonstrations of several types of potato harvesting machines and of irrigation equipment in the afternoon.

LEYTON NELSON, crop science specialist at MSU, is coordinating the technical demonstrations. James L. Crosby, Montcalm County Extension director, is coordinating local arrangements for the event.

The higher acreage marks the first time in more than a half century there has been a marked increase. Back in 1909, Michigan farmers devoted 365,000 acres to potatoes for a top figure. By 1944 the acreage had decreased to 167,000 and 15 years later it was down to 45,000 acres.

THE MICHIGAN Potato Industry Council and Michigan State University are jointly sponsoring the event.

SPEAKER for the first day's event will be Sen. Philip Hart, member of the Senate committee on agriculture. He will speak at a noon-day program.

Michigan's fall potato crop production is estimated to be 25 per cent greater than a year ago by the federal-state crop reporting service. Michigan potato acreage is up to 52,000 compared with 45,000 last year. The average yield is estimated at 190

Michigan may produce its biggest crop in pounds in more than a quarter century this year. Many additional acres have been planted under irrigation which has assured good yields.

The Sept. 8 activity will center about the Ferris Christensen farm near McBride. The Christensen farm has been a table-stock growing operation for three generations. Ten acres of field plots are growing under irrigation with MSU researchers in charge. Christensen grows 185 acres of spuds and with irrigation has both good quality and high yields.

ASC PROGRAM

Emergency haying, grazing authorized in our county

Clinton County is experiencing the greatest curtailment of agricultural production since 1936, or perhaps the greatest on record, not only due to the lack of rainfall, but from the killing frost in early August. All crops have been affected; some are a total loss, others will be only a 50 per cent crop.

There has been little or no pasture through July and August

and very little second cutting of hay, which has resulted in livestock producers having to feed their first cutting of hay.

UNDER THE new authorization, the County ASC Committee received word they can give permission to graze or take hay from acreage diverted from the Soil Bank, Wheat or Feed Grain Programs.

Producers wishing to graze or harvest hay from diverted acreage must make application at our office. There is a reduction in diversion payment for using the diverted acreage. Contact our office for details regarding permission to graze or harvest hay.

Farm producer certification plan enlarged

Twenty-seven additional Michigan counties, including Clinton, will be under producer certification for 1966, reports the Michigan ASC state committee.

Under the program, the producer will report his acreage to the county ASCS office, whereas in the past a representative of the county office visited the farm. Under certification, the producer will receive a photo-copy of his farm showing fields and acreages. He can then rely on these acreages in reporting to the county ASCS office.

Other area counties added to the certification list for 1966 include Genesee, Ingham and Lapeer.

Guernseys complete production records

Two registered Guernsey cows in the herd of George E. Smith of St. Johns have recently completed top official DHIR actual production records, being milked two times a day.

One, Polly Acres Holly, a junior 9-year-old, produced 13,880 pounds of milk and 661 pounds of fat in 305 days. Wilgeo Wistars Naomi, a senior 3-year-old, produced 12,040 pounds of milk and 614 pounds of fat in 305 days.

Plan Montcalm soil air tour

Directors of the Montcalm Soil Conservation District have scheduled an air tour Sept. 9 in connection with the Spud-Tacular program Sept. 8 and 9. Allen Hardy and R.W. Petersen, co-chairmen of the district's air tour committee, have engaged Michigan Flying Farmers to fly the tour.

Tours will start at 10 a.m. and run continuously until 6 p.m. from the Greenville Airport. Flights will be for 15 to 20 minutes and the cost will be \$3 per ticket.

TOUR PARTICIPANTS will observe many soil and water conservation practices. Farm ponds, tree planting, contour orchards, erosion control structures and strip-cropping systems will be viewed on the tour. The Flat River watershed and the river scenery will be featured.

Four time schedules will be offered ticket purchasers. The schedules are 10 a.m. to noon,

noon to 2 p.m., 2 to 4 p.m. and 4 to 6 p.m. Tickets for the air tour should be ordered from Allen Hardy at Stanton or R.W. Petersen at Lakeview, specifying the flight time preferred.

NEW Magic Formula Purina Nursing Chow

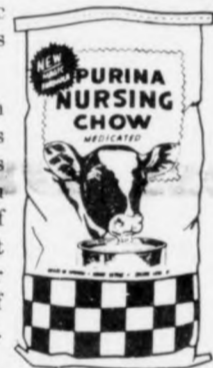

higher in energy... more digestible... starts calves faster!

New, Magic Formula Purina Nursing Chow contains all the vitamins, minerals, proteins, fats, and carbohydrates calves need to grow up in a hurry. And, extra energy in new Nursing Chow now helps them get off to an even faster start.

Frisky, bright-eyed youngsters fed new Nursing Chow at the Purina Dairy Research Center weigh 6 lbs. more at 30 days than those fed other ways.

These calves are more bloomy and vigorous because they have fewer digestive upsets and can make better use of available proteins in this new milk replacer. What's more—a powerful antibiotic in Nursing Chow helps fight scours and prevent setbacks.

You'll like the way it mixes in seconds, won't settle out and flows through nipple pails and automatics without clogging. One bag is all you need to replace more than 225 lbs. of milk... and give your calves a fast start. Good reason to ask us for enough to raise your next bunch of calves the new Nursing Chow way.

Cancer Society Chairman is appointed for Clinton

by PATRICIA HOLMES

The new chairman of volunteer activities of the Clinton County Cancer Society is a woman who rang doorbells for the Society from Birmingham, Ala., to Australia.

She is Mrs Albert Fruchtl, 300 West Higham, appointed by Arthur Crampton, executive director of the Michigan Division of the American Cancer Society, as successor to Miss Hazel Williams.

The retirement of Miss Williams became effective Sept. 1.

Mrs Fruchtl's appointment culminated years that started when she contracted cancer and included her cure and over 20 years of volunteer work.

During this period Mrs Fruchtl, while living in Coshocton, Ohio, aided a research survey, in which she distributed, and later collected, confidential questionnaires that inquired into the health habits, history of dis-

eases and environment similarities of many families in an effort to learn more about cancer.

HER HUSBAND'S job, as a consulting foundry engineer, demanded that the Fruchtl's make their home in many places throughout the years.

"We've lived in New Jersey, Coshocton, Ohio, Birmingham, Ala., and Australia," Mrs Fruchtl said, "and, in all of those places, I rang doorbells for the Cancer Society."

She talks about the disease with the knowledge of a doctor and about the Society as only one with a lifetime of experience can.

"The purpose of the Society is threefold," she said. "We try to educate the public about cancer. Too many people think the disease is a death sentence. It is not."

She said that the biggest tool of the Society is research and that most of the funds are allocated to research.

"Service is the third aim of the society," Mrs Fruchtl said. "We help the patients when they need help."

Mrs Fruchtl stressed the temporary nature of the cancer

society, as opposed to other such organizations.

"It was organized to lick cancer and when that is done, it is hoped that there will no longer be a need for the society," Mrs Fruchtl was firm. "All of the work is volunteer and all of the office space is rented."

MRS FRUCHTL'S education began in St. Johns, the city she was born in. She graduated from St. Johns High School and went on to earn a bachelor's degree in languages from Central Michigan University, where her major was Latin. Following her graduation, she taught school in Muskegon.

Settled in St. Johns again, Mrs Fruchtl substitute teaches in St. Johns schools and, with her husband, is a member of the Clinton County Country Club and on the Pastoral Board of the First Congregational Church. Her father, Edward Grubaugh, resides in the Higham Street home with them.

She is a member of two other national organizations, the American Ass'n. of Retired Persons and the National Travel Club.

When she has time to read, she said, she prefers to do so in the areas of geography and history. She also likes to take slides on her frequent travels with her husband.

MRS ALBERT FRUCHTL

Working together on the annual banquet which will be held at the Clinton County Country Club on Sept. 13 are Mrs George Judd, social committee, and Mrs Oliver Montague, president, seated. Standing, left to right are Mrs Fred Gutshall, treasurer; Mrs Herman Bushman, secretary; Mrs Lorenz Tiedt, sports chairman; Mrs Lester Lake, board member; and Mrs Joseph Ricker, publicity.

Line and underline to improve garment

BY BETTY KETCHAM
County Extension Agent
Home Economics

To put shape into your garments and improve their durability, use linings and underlinings where they are needed.

The final effect desired, the weight of the outer fabric and the launderability of the finished garment are factors you should consider when deciding whether to use a lining or an underlining.

The lining is constructed separately and secured to the inside of the garment. It is used to cover seam work and to give a finished appearance to the garment. Fabrics used for linings should be soft and slippery so the garment can be slipped off the body easily. Non-woven fabrics are not suitable for linings.

Jackets and coats are usually lined and skirts and dresses may be lined. Linings for skirts and

dresses are desirable when the outer fabric stretches easily and more body is wanted.

UNDERLININGS are used as a backing for the outer fabric of a garment. It may be used for body, reinforcement and shape retention. Underlinings are cut to the shape of each garment piece and then stitched to the wrong side of the corresponding outer fabric. They are then treated as one unit, which is known as double fabric construction.

Both woven and non-woven fabrics are suitable for underlinings. The design and silhouette determine which type of fabric is most appropriate.

Here are several points you should check when selecting fabrics for linings and underlinings: (1) the weight of the fabric, (2) if it drapes easily or (3) if it gives the fabric sufficient stiffness according to the pattern design.

THE FABRIC should also provide shape and reinforcement without adding bulk. It should match or blend with the outer fabric and both fabrics should launder in the same manner.

If you are a home sewer, I know that you have a difficult time as you walk by the yard goods counters or leaf through the catalogue. There are many interesting knits and loosely woven materials on display and these fabrics need a little extra understanding.

Banquet planned at Country Club

Members of the Clinton County Country Club are making plans for their annual banquet which will be held Monday, Sept. 13.

It will begin with a social hour at 6:30 p.m. and dinner will be served at 7 p.m. with bridge following. Mrs Oliver Montague and Mrs John Martin are in charge of reservations which must be made by Sept. 9.

The Green Tee members of the country club were guests on the Ionia course, Aug. 24. Clinton winners for the day were Mrs Wayne Hicks, low net, and Mrs Helen Judd, low gross.

Still need rooms for conventioners

The St. Johns Chamber of Commerce still needs rooms in private home to house the many out-of-town visitors who will be arriving here Oct. 19 to attend a five-day Michigan State Grange convention.

Betty Jane Minsky, Chamber manager, said the Chamber of Commerce will make mimeograph copies of all rooms available, for distribution to Grange members. "Because we want to mimeograph this during the first week of September, it is important that all local residents, city and rural, who have spare rooms in their homes and who would rent them to Grange members, contact us soon so that they can be added to the listing," she said.

Mrs Minsky indicated that most residents who have offered to rent rooms in their homes are asking \$4 per night per couple.

Over 500 people are expected for the Convention and the Chamber has stated that this would overflow area motels and the hotel.

Use plentiful foods in summer suppers

Summer days can still be hot and menu planning can still be a chore. A light supper of soup and crackers, green bean and egg salad, muffins and a peach cream pie might be a perfect solution as to what you might serve on one of those remaining sultry days.

GREEN BEAN AND EGG SALAD

- 1 pound green beans
- 6 Tbsp. vegetable or olive oil
- 3 Tbsp. vinegar
- 1/2 c. minced onion
- 4 slices crumbled crisp bacon
- 4 hard-cooked eggs, chopped
- 3 Tbsp. mayonnaise
- 1 tsp. prepared mustard
- 2 tsp. vinegar
- 1/4 tsp. salt

CUT BEANS lengthwise. Cook until tender in one inch of boiling salted water, about 15 minutes. Drain and cool. Add oil, 3 Tbsp. vinegar, and onion to beans. Salt and pepper to taste. Toss lightly. Chill. Just before serving, stir bacon into beans.

Meanwhile, mix eggs, mayonnaise, mustard, 2 tsp. vinegar and salt. Heap beans into lettuce-lined bowl. Drop spoonfuls of egg salad over beans. Sprinkle with paprika. Makes four to six servings.

PEACH-O-CHEESE PIE

(Makes one 9-inch pie)

- 1 (9-inch) shell, baked pastry or graham cracker
- 1 (8-oz.) package Neufchatel cheese
- 1 1/3 c. (15-oz. can) sweetened condensed milk
- 1/3 c. bottled lemon juice
- 1 tsp. vanilla extract
- 3 c. peeled sliced peaches (4 large peaches)

IN MEDIUM-size mixing bowl, let cheese soften at room temperature. Whip until light and fluffy. Gradually add sweetened condensed milk, continuing to beat until well blended. Add lemon juice and vanilla extract. Blend well. Pour into shell. Chill in refrigerator for 2 to 3 hours. Arrange peach slices to cover top of pie. Pour Peach Glaze over peaches.

PEACH GLAZE

(Makes about 2/3 cups)

In small saucepan, combine 1/2 cup sugar and 1 tablespoon cornstarch. Blend in 1/2 cup mashed peaches (one large peach) and 1/2 cup water. Cook over medium heat, stirring constantly until mixture begins to thicken and boil. Continue to boil for 2 to 3 minutes or until mixture is clear. Strain glaze; add a few drops yellow food coloring if desired. Cool before pouring over pie.

Home management is planning not to do

Planning NOT to do a job may be the answer for homemakers who find they can't fit in all jobs they need to do.

Miss Anne Field, a Michigan State University Cooperative Extension Service home management specialist, says that you can't really save time. But you can choose how you use your time.

IT MAY mean neglecting some tasks while you do more important ones.

"A good manager is clear on

her values—what's important to her. She knows what is important to her family, too, and lists these in order of importance," Miss Field says. "Whether the list is mental or written, it's still there when the good manager must decide whether or not to invest her time in a particular task."

A good home manager has in mind the goals her family is striving for. They may include something tangible, like a new car, or intangible, such as fam-

ily closeness and harmony, the specialist explains.

"IF TAKING a step toward an important goal means letting the dirty dishes go while you help a child with a problem, you may have postponed one job, but you haven't failed as a manager," she stresses.

"A day has only 24 hours. You can't really save time, but you can learn quicker and easier ways to do more tasks. And you can adopt standards in less important tasks that require fewer time-consuming steps. You could give up ironing the sheets, so you can spend more time planning inexpensive nutritious meals," Miss Field notes.

"BY MAKING choices on your use of time, you put into action your preferences for what's important."

THE CHURCH FOR ALL - ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Exodus 11:1-18	Ruth 1:15-22	Proverbs 4:1-19	Isaiah 2:1-5	Acts 16:6-15	Romans 15:19-29	Hebrews 12:12-17

Michigan's State Fair, slated for Aug. 27-Sept. 6, ranks near the top of the United States in agriculture and livestock entries and in amount of premium money offered.

Scotland friendly, correspondent says

Mrs Leo J. Hanson, DeWitt correspondent, recently returned from a 3-week tour in Europe. Following, is an account of her trip, as she wrote it.

"I have just returned from 3 weeks in England, Scotland and Wales. Everything there is a beautiful green and everyone must have a green thumb. Even people living in apartments in London have flower boxes on their window sills. Most factories had flower gardens in front of them.

The rain probably helps to keep things green. Every Englishman carries an umbrella, not because he thinks it's going to rain but because he knows it's going to rain some time during the day. The sun usually shines a little too.

The service there, even in the small inns and hotels, is much more formal than it is in America. You are given at least nine pieces of silverware to use, even for breakfast. At lunch, you are served by a waiter in tails and a black tie and in the evening in tails and white tie.

I arrived in London by plane and traveled 1981 miles on a Global Tour. I think the most impressive sight I saw was Stonehenge, a prehistoric stone structure on Salisbury Plain, England.

I was impressed with Edinburgh, Scotland, as being friendly. We watched the Scottish National Dances in the park on Princes Street and went to see Andy Stewart, a Scottish comic who also dances and sings, at Kings Theatre. We also visited

the Castle, Holyrood Palace and St. Giles Cathedral.

I went to Coventry, prepared not to like the new Cathedral. After visiting York, Winchester, Salisbury, Wells, Chester and Carlisle Cathedrals I was sure that modern architects could not capture the feeling of awe and reverence of the old master masons, but I was wrong. From the outside, I thought it to be cold and haughty looking, but once inside, it was magnificent, capturing the same feeling of height and warmth that is in the old cathedrals.

The Highland Mountains were covered with heather and it was in full bloom. As far as the eye could see, there was a sea of purple.

I snowed a little while we were in Aberdeen but the sun melted the snow. Aberdeen is so far north that it didn't get dark until 11:30 p.m. We visited the granite quarries there. All the buildings are of granite in this city and it is one of the cleanest looking places I've ever been in.

Lock Lomond is beautiful but I much preferred Lock Ard at Aberfoyle. It is one of the most peaceful spots that I've visited.

We passed over the Devils Elbow in the Scottish Mountains and came down Dee side past Balmoral Castle and spent the next two nights in Perth.

Returning to England, we came through Sherwood Forest to Nottingham where we lunched and shopped for Nottingham lace. We spent the night in Warwick and

drove over to Stratford on Avon to attend the Shakespearean Theatre. We saw "The Jew of Malta" by Christopher Marlowe. The next day, we went back to Stratford to visit Shakespeare's birthplace, his grave and Ann Hathaway's Cottage. I took a bus man's holiday here and spent an hour in their public library.

We visited the Colleges at Oxford, Blenheim Palace and Winston Churchill's grave then went back to London via Henley on Thames where the yacht races take place.

I visited the small inns, the pubs and have made many friends in Britain.

A COLUMN DEVOTED TO NEWCOMERS TO THE ST. JOHNS AREA

PAUL A. HAIST and his wife Carol are new residents of St. Johns, moving here recently from Charlotte. They live at 111 Brush Street. Haist is a design draftsman at Federal-Mogul and has been employed there 2 1/2 years while driving back and forth to work. Haist and his wife were married Aug. 7 in Charlotte. They already are receiving the Clinton County News.

WILLIAM H. FLEGLER and his wife Yvonne of 102 S. Oakland Street are new St. Johns residents, having moved here recently from rural DeWitt. Flegler is employed at Oldsmobile in Lansing and his wife is a general clerk at the Farm Bureau office in Lansing. The Fleglers are Clinton County News subscribers.

JOHN R. THAYER and wife Leona, formerly of Uby, Mich., have moved to St. Johns, where he is employed as a repair and installation man for General Telephone Co. The Thayers are new subscribers to the Clinton County News at their new residence at 308 E. State Street. Thayer previously was an employee of the Midwest Rubber Co. in DeKerville, the town with which St. Johns exchanged mayors during Michigan Week this year.

LYNNE S. BEAUFORT, wife Jerry and their 14-month-old daughter Nicole are new residents at 701 E. Baldwin Street, where they get the Clinton County News. They are former St. Johns people and are returning here after living in Elsie. Beaufort is a barber at George's Barber Shop in Owosso, and Mrs Beaufort will teach in the commercial department this year at St. Johns High School.

WIN WARREN and wife Janice, former St. Johns young people, have returned to the city with their 19-month-old son Jonathan. They receive the Clinton County News at their new home at 605 S. Oakland Street. Warren is in the graduate training program as a foreman at Oldsmobile in Lansing. The Warrens formerly lived at Spartan Village at Michigan State University.

CHARLES T. FOO

Charles T. Foo, M.D., formerly of St. Johns and now of Bradenton, Fla., will be honored at the centennial session of the Michigan State Medical Society in Detroit Sept. 21 for completing half a century of service in medicine. Coveted 50-year-pins will be presented at Cobo Hall by the MSMS House of Delegates, as one of the highlights of the state society centennial. The centennial will feature many special historical events, postgraduate educational programs, and policy-making action, Sept. 19-24 at Cobo Hall and the Sheraton-Cadillac Hotel. Some 31 Michigan physicians represent the equivalent of 1,550 years of medical service by the total group.

N.F.O.

NECESSITY IS THE MOTHER OF INVENTIONS

About 5 years ago Mr. Kenneth Imes from Granite Falls, Minnesota was voted that state's outstanding young farmer of the year. As we review his past we find that he is employing every program that the economists and agricultural advisors say must be done if we are going to be successful in farming. Mr. Imes is running a large operation, over 400 acres. He has a dairy operation and also a beef raising program. He has increased his operation and he is using all of the latest scientific techniques available. Yet last year he lost over \$7,000. He is a very intelligent and efficient farmer and that is why he did not lose more than \$7,000. Mr. Imes is also a very efficient bookkeeper and he could not believe that he had lost so much money on his operation. He had his books checked by a C.P.A. and found that his books were correct. In addition to this the Internal Revenue Service also checked his books and they too found them in order. Mr. Imes decided to show his fellow farmers that the experts stressing more production and efficiency only, were on the wrong track. In order to do this he put his books on public display and issued a challenge for anyone to show him where he could improve his farming methods so he can show a profit.

His answer to this is not to become more efficient and increase our production and sell for less because it is impossible to do this even if we are an Albert Einstein. And yet business and industry in this country is using a double standard in trying to tell the farmer that this is the only way he can succeed. And yet they refuse to accept this theory in their own business. They price their own products and this is the way it should be, not only for business and industry, but also for the farmers.

We feel that the only way we are going to solve our problem and get back on a par with the rest of the economy in our country is to gain control of our own business and stop depending on the Federal Government to solve our problems. The only way this can be accomplished is by getting control of our production, marketing our production together, putting a price tag on our production at the market place, and if the farmer will do this they will solve this farm problem once and for all.

Tune in Sunday at 12:30, channel 12 for the U.S. Farm Report.
