Queen Jeanne Knupp

Reins as St. Johns Homecoming Queen

## Homecoming this Friday

By SUE DURNER

Rodney B. Wilson High School is bursting with plans for the 1965 Homecoming, to be held this Friday.

This year's queen will be Jeanne Knupp, daughter of Mr and Mrs Gerald Knupp of 310 E. Sturgis Street. Her court consists of Carol Kees, Marie Rademacher, Jean Schaefer and Mary Beth Sexton.

Each high school class also chose one girl to represent them on the queen's court. The freshmen chose Patti O'Leary, the sophomores Dottie Jenkins, and the juniors Judy Williams.

HANNELE Laurila, St. Johns' Finnish exchange student, will be the honorary queen.

Tonight (Thursday) the juniors will hold their annual snake dance as a prelude to the homecoming festivities. It will begin in back

of the high school at 7 p.m. and will end its way up to the city park where a huge bonfire will be touched off and a Grand Ledge football player will be burned in effigy (The Redwings play Grand Ledge here Friday night in the homecoming game).

Work started Monday on the building of the queen's float by the senior class. This year's float will be in the Greek tradition, with a large temple forming a backdrop for the queen and her court.

A DANCE after the game Friday will be sponsored by the senior class, and music will be provided by the Diamond Combo of Lansing.

A parade through downtown St. Johns preceding the football game will start at 7 p.m. Friday.

## Girl Scouts seeking new leaders

A desperate need for leaders for the Girl Scout program in the St. Johns area was brought to light last week, and at the same time it was announced a Girl Scout training session will be held here in St. Johns starting Monday.

Mrs Joyce Thrush of 606 Church Street said the Girl Scout program in the future could lapse if there are not enough adult leaders to supervise it. She said there are hundreds of girls who cannot even now join Girl Scouting because of the lack of leaders.

ONE STEP TO overcome this shortage will be taken Monday. The first of four Monday training sessions for Girl Scout leaders will be held from 9:30 a.m. to 3 p.m. at the Congregational Church in St. Johns. The training meetings will be held for four consecutive Mondays.

Mrs Thrush said the leaders are needed for the St. Johns, Maple Rapids and Eureka area.

She said baby sitters will be furnished at the church for any prospective leader who has a lot to take care of. Mrs Thrush said she would like to know by this Saturday how many women would be interested in helping out the Girl Scout program by taking the training.

## Loznak joins Elsie bank staff

Stanley R. Loznak, 39, of Elsie, this week joined the staff at the Elsie office of the Clinton National Bank & Trust Co. In accepting the new position, Loznak ended a 20-year association with the Ann Arbor Railroad Co.

He was supervisor of bridges and buildings for the railroad.

Loznak is a native of the Elsie area, born in Fairfield Township, Shiawassee County. He is a graduate of Elsie High School and served with the US Army Air Force in World War II.

HE HAS BEEN long active in community affairs and is presently secretary of the new Ovid-Elsie consolidated school district. He had previously served for nine years on the Elsie school board.

He is a member and past master of the Elsie Masonic Lodge and is affiliated with the Elsie Methodist Church and the Elsie post of the American Legion.

Mrs Loznak is the former Jennie E. Wilson of Elsie. They have one daughter, Pamela, who is a junior at Elsie High School. The family lives at 212 E. Pine Street in Elsie.

## Deibert to head library unit

Basil Deibert was elected president of the St. Johns Library Board Monday evening, succeeding Mrs Nina DeWitt, who resigned from the board recently.

Mrs Ladd Bartholomew was elected secretary and Mrs Beulah Ballantine treasurer. Mrs Robert Wohlers is the other member of the library board.

NEW LIBRARY hours were voted into effect by the board, and they will start Monday. Beginning Monday, the library will be open Monday through Saturday from noon until 5 p.m. and on Tuesday and Friday evenings from 7 to 9 p.m.

The board emphasized that students are not allowed to bring their lunches into the library during the noon hour.

## Ovid-Elsie High to cost \$1,648,000

Ovid - The new Ovid-Elsie High School will be built by Erhardt Construction Co. of Grand Rapids and will cost \$1,648,000.

The Erhardt bid was the lower of two opened Friday by the Ovid-Elsie Schools Board of Education, and the contract was awarded to them. Construction will begin as soon as the contractor can get his crew together and to the site.

"THE BOARD was hoping for more bids on the building," Supt. Robert Beauchamp said Monday, "but as busy as all the contractors are we feel fortunate to have gotten these two."

According to a formula of the American Institute of Architects, the cost of the new high school will be \$12.47 per square foot. It will be located on Colony Road just west of Hollister Road midway between Ovid and Elsie.

NO TARGET date has been set yet for the completion of the high school, and there is no indication yet as to whether the new school district will be using the building next fall.

The Erhardt bid was considerably lower than the only other bid received. Granger Brothers Construction Co. of Lansing submitted a bid for \$1,878,800, some \$230,800 higher than Erhardt's.

In both instances, the bids included mechanical, electrical, plumbing and other such costs, which were all bid through the general contractor.

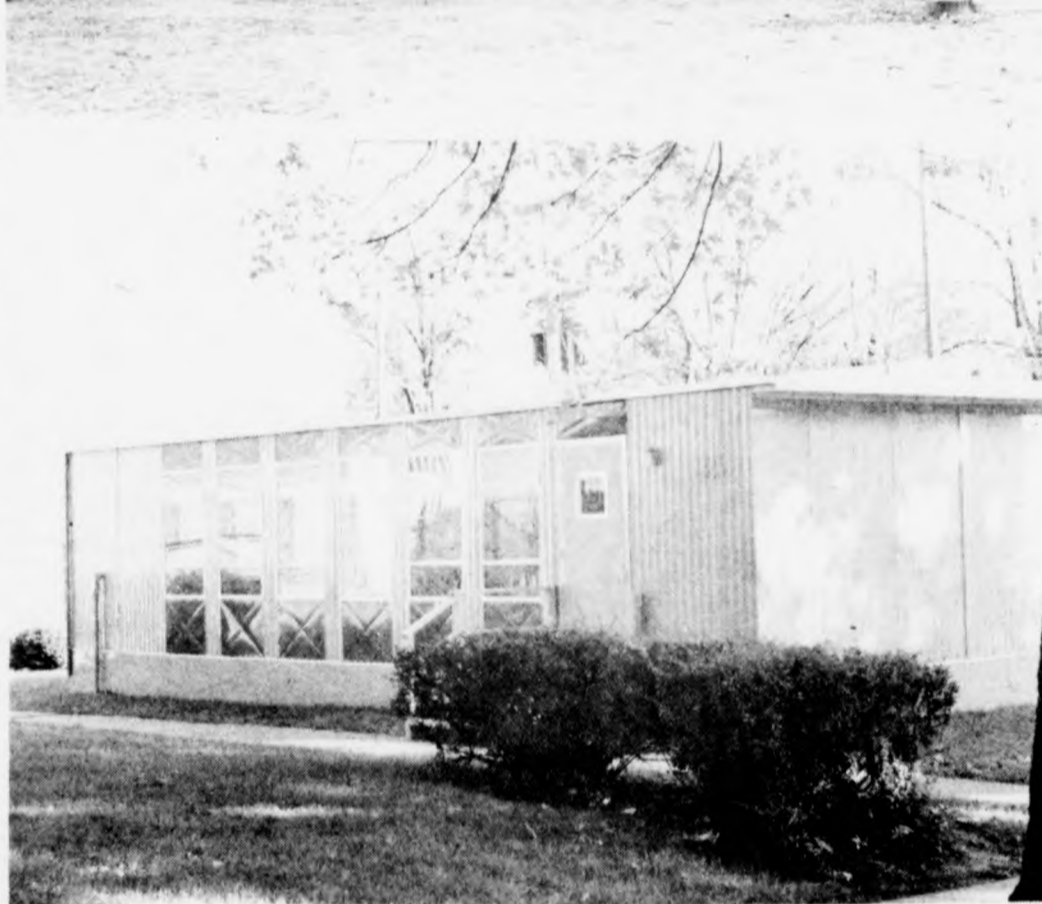

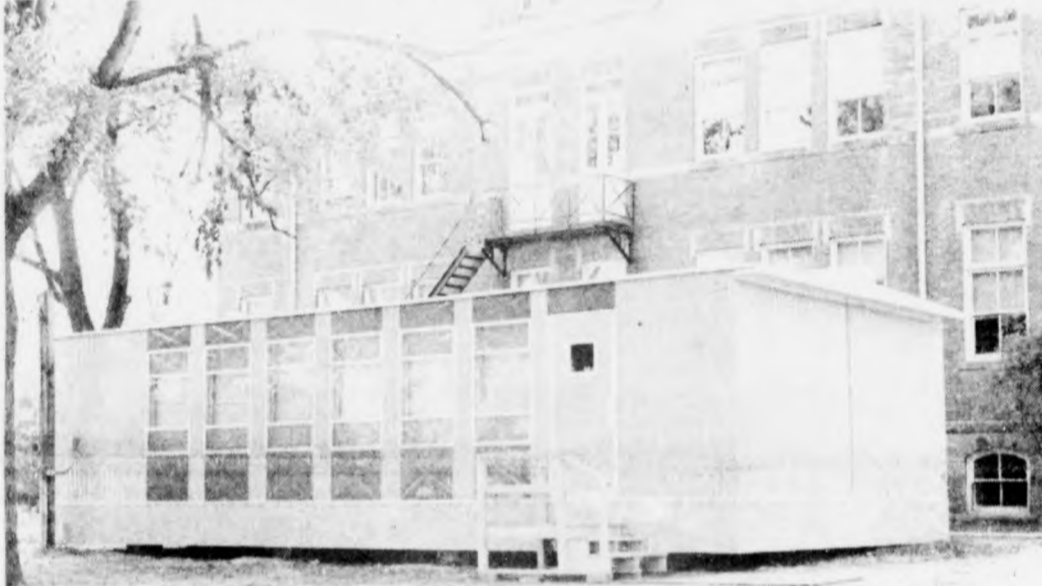

## Eagle crash hospitalizes 3

Three Lansing residents were hospitalized Monday afternoon with serious cuts and bruises in a two-car collision at Grange and Cutler Roads in Eagle Township.

In "fair" condition Tuesday morning at St. Lawrence Hospital in Lansing were Hazel L. Gross, 73, one of the drivers; her husband and passenger, Alfred G. Gross, 79; and Walter E. Fry, 66, the other driver. All are from Lansing.

Fry reportedly ran a stop sign governing traffic on Cutler and hit the Gross car in the left side as it was going south on Grange Road. Deputy Sheriff Fred Corson issued a ticket to Fry for failure to yield the right-of-way.

## Mobile Classrooms Working Well at St. Johns

The three mobile classrooms, however undesirable, seem to be filling the bill for St. Johns Public Schools this fall. Two units at the high school are used exclusively for mathematics, and one at Central School is used for music. Supt. Earl Lancaster said the teachers who work in them are very happy with them. The mobile classrooms are roomy and well lighted, as the upper picture of Bob Spencer's classroom at the high school shows. Les Wesner has the other mobile unit, and each is used six hours a day. The use of the units has taken some of the pressure off the previously crowded main classrooms, but only temporarily.

## Citizens committee to meet tonight

The St. Johns Public Schools citizens committee will meet for the second time tonight (Thursday) and will attempt to come up with a recommendation on whether to build a new high school or junior high school. Matters relating to the building—such as cafeteria, swimming pool, auditorium—will also be aired. The meeting of the 120-person committee will be at 8 p.m. at the Congregational Church basement in St. Johns.

## County board to meet Monday

The Clinton County Board of Supervisors, which normally meets the first Monday of every month, won't get together in October until next Monday, Oct. 11.

The meeting date for this and the April session are set by state statute. The board will meet at 10 a.m. in the supervisor's room in the jail building behind the courthouse.

## Announce highway fund distribution

Clinton County will receive a total of \$680,115 in State Highway Department revenue distribution during 1964-65, Sen. Emil Lockwood of St. Louis has announced.

In addition, other money was distributed to cities and villages within the county. Included were St. Johns \$56,894, Ovid \$16,185, Elsie \$11,158, and Fowler \$10,199.

## '65 Chest drive picks up steam

The Clinton County Communities Chest rolled past the first week of its fall campaign Monday, with a total of \$2,859.75 already contributed toward the \$29,350 goal.

Chest officials pointed out it is still early in the campaign, but so far the results are promising. None of the specific individual drives were complete Tuesday, though several should be finished up by the end of this week. Other drives are just getting started or are yet to start.

COMMUNITIES Chest Treasurer Charles Huntington said the \$2,859 figure Tuesday included \$2,270 collected by industry. Industrial Drive Chairman Larry Sexton, plant manager at Sealed Power, said Advance Castings, Burton Mixer and Sealed Power turned in most of that amount, with their specific plant drives complete.

The industrial total so far represents 22 per cent of the industrial goal of \$10,580, which in turn is 35 per cent of the entire county drive. Advance Castings-Burton Mixer achieved 125 per cent of its quota on the recent drive, and Sealed Power attained 95 per cent of its quotas, Sexton said.

OTHER industries will clean up their drives this week.

The St. Johns business drive went into its second week Tuesday but the great bulk of donations from the merchants are expected to be turned in this coming week. As of Tuesday, most of the \$600 balance above the industrial funds had been turned in on the business drive.

One of the biggest phases of the campaign, in terms of num-

ber of people to be contacted, opened Tuesday night when volunteer workers for the out-county campaign met for their kickoff. Charles Hengesbach and Mrs Alvin Thelen are chairmen for the out-county drive.

THEIR DINNER, in the basement of the Congregational Church in St. Johns, was hosted by General Telephone Co. The dinner last Monday night for the business district workers was sponsored by Richards' Dairy, and Federal-Mogul was host for the industrial drive breakfast last Tuesday.

Next Thursday morning, St. Johns residential volunteer workers for the Communities Chest will gather at Walker's Cafe for a kickoff breakfast. Women will be canvassing the town in the week that follows in an effort to seek additional funds for the benefit of nine agencies which come under the Communities Chest. Mrs Jake Wabeke will head the residential drive.

## Rotarians see football film

A color movie film showing tips on how to watch professional football games for greater enjoyment was shown to St. Johns Rotarians Tuesday noon by program chairman, Lewis Wolf.

Bob Leonard, executive vice president of the Central National Bank, was introduced as a new member of Rotary. Guests present for the meeting were Henry A. Burkhard Jr., new dentist in St. Johns, John Stafford of Thaca, Tom Peters of Wacousta, and Clem Sellers and Ray Bowers of Corunna.

## News' new ad manager appointed

The appointment of Roderick W. Brown as advertising manager of the Clinton County News was announced Monday by Publisher Steven Hopko.

RODERICK W. BROWN

Brown, 30, has been an advertising salesman with the Mesa (Ariz.) Tribune, a daily newspaper with a circulation of over 12,000. He has been there the past seven years.

Michigan is not new to Brown. He is a native of Bessemer, Mich., a city of over 3,300 in the far western end of Michigan's Upper Peninsula. He attended high school at Bessemer and Clifton, Ariz., graduating at Clifton.

HE ATTENDED Arizona State University, graduating with a degree in advertising and minors in marketing and sales. He then joined the Mesa Tribune staff.

His experience there has covered advertising almost full scope. While his job was in display ad sales, he also had experience in the classified department, handling those duties between managers and during vacations. He also substituted for the display advertising manager during his absences. Brown was one of four men on the display advertising staff of the Tribune.

Brown is familiar with the off-

set printing method employed by the Clinton County News. The Tribune utilizes hot metal composition with offset printing, he said, with the paper converting to the offset process two years ago.

BROWN'S WIFE, Helen, is also a native of Michigan. Her parents now live in Hastings, where her father is city engineer. The Browns have four children, Michael 4, Richard 3, and David and Kathleen, 1-year-old twins.

Mrs Brown and the children are living with her parents in Hastings until housing accommodations can be obtained here in St. Johns.

Brown was a charter member of the Elks Club at Scottsdale, Ariz., where his family lived, and the Knights of Columbus in Mesa, a city of 45,000 population, is located 15 miles from Phoenix.

### Chief Maier progressing

St. Johns Fire Chief Clare Maier is still hospitalized in Lansing but is showing good progress in recovering from injuries suffered in an accident at work in St. Johns Sept. 21.

Maier, a building contractor who lives at 504 E. Higham Street, was knocked off a 6-foot ladder by a spring-operated garage door he was installing at Richards' Dairy Sept. 21. The spring apparently let loose as the door was being put up.

THE IMPACT OF the door crushed the fire chief's right elbow and broke his arm, and in the resulting fall his left elbow and arm were broken. He was knocked unconscious.

Maier underwent surgery last Wednesday on the right elbow. His left arm is in a splint, and a cast is expected to be put on it this week. As of Tuesday, he had not been allowed to sit up, but he was able to shave himself with his splinted arm.

MRS MAIER said Tuesday morning her husband is coming along fine now that he's had the surgery, but she didn't know how long he would be in St. Lawrence Hospital. He'll be laid up for some time at home but will eventually be back to his contracting profession.

Maier is in Room 377 at St. Lawrence Hospital in Lansing.

### 40 join FHA at Fulton High

### Dr Wohlers heads Cancer Society

Forty volunteer members of the Clinton County chapter of the American Cancer Society met last Wednesday, Sept. 29, in the First Congregational Church, St. Johns, for the annual meeting and election of officers.

Mrs Albert (Audrey) Frucht, new chairman of volunteer activities of the Clinton County unit of the American Cancer Society, announced the officers elected for a term of two years:

DR R. L. WOHLERS, president; Mrs William J. Dohony, vice president; Dr F. W. Smith, chairman of the board; Rev Edwin Schoettle, co-chairman of volunteer activities; Mrs B. A. Delbert, secretary; Miss Hazel Williams, treasurer; Rev Gerald C. Churchill, crusade chairman for 1966; Mrs Gaylord Doyle, education chairman; Mrs Dick DeGroot, publicity; Mrs James Postlethwaite, service chairman; and state board of directors: Dr J. H. Keleertas and Rev Hugh E. Banninga.

Mrs Postlethwaite gave a service report.

From Sept. 1, 1964, to Aug. 31, 1965, which is the fiscal year of the American Cancer Society, some 10,209 free dressings were given, she said. These included 8 x 12 dressings made by different church groups. The 4 x 4 sterilized gauze squares, underpads and five-pound rolls of absorbent cotton that some patients like to cut to size for use with colostomies, as well as colostomy bags, have to be purchased by the society.

FIVE PERSONS were assisted with drugs and one with cobalt treatment.

For the benefit of new chairmen and workers, Mrs Postlethwaite reported there are nine loan closets in the county. One is at Bath and the others are at Park Lake, DeWitt, Wacousta, Eagle, Westphalia, Fowler, Ovid and Elsie.

The loan closets are equipped with hospital beds, wheel chairs, crutches, walkers and other articles useful in a sick room and are available to anyone who needs them, not just cancer patients.

Last year 28 people used crutches, 47 hospital beds, 9 walkers, 35 wheel chairs, and 26 others used articles, making a total of 145 people using the loan closets.

ALL VOLUNTEER help is used in the operation of these loan closets.

Dressings are free to cancer patients, and \$100 is allowed per year for drugs or X-ray therapy if a patient is financially unable to get the drugs or pay X-ray therapy. In order to secure dressings or financial assistance for drugs or X-ray therapy, a letter from the person's physician has to accompany the request.

"Inasmuch as we are not a relief agency but can help out in a case where help is needed quickly, we are not able to pay hospital or doctor bills," Mrs Postlethwaite said. "All bills for drugs or X-ray have to be sent to the

### Cow on highway struck, killed

A cow belonging to Mervin Chamberlain of R-2, Ovid, was killed early Saturday evening when it was struck by a car on Hollister Road a half-mile south of Kinley Road.

The car was driven by Kim W. Geiger, 17, of 203 E. Oak Street, Elsie, with Stuart Conklin of 323 Second Street, Elsie, as a passenger. Geiger, going south on Hollister, said he came on a herd of about 10 cows in the road and that he swerved but hit one of the cows.

### Ticket driver after 2-car crash

A two-car collision at the intersection of Sheridan Road and Turner Street in southern DeWitt Township Monday evening resulted in one of the drivers being ticketed for failure to yield right-of-way.

Ticketed was Robert C. Wyskowski, 17, of Lansing, who reportedly stopped at the stop sign and then pulled in front of a car driven by Kathie M. Kintigh, 18, of 1824 Dill Road. Miss Kintigh was traveling south on Turner. No one was injured. Deputy Sheriff Ramon Terpening investigated the crash.

DR R. L. WOHLERS Clinton County unit, and the bills are paid by us."

MISS HAZEL Williams, in her financial report, said the Society has a cash balance of \$1,517 on hand at the end of the fiscal year. Some \$4,573.41 was expended for various services during the year. Arthur Crampton and John Harrell, state executives of the American Cancer Society both addressed the members and praised the Clinton County's Unit. Miss Williams, retiring after 18 years of service as chairman of volunteer activities, was presented a sterling silver bud vase in recognition of her outstanding services. Mr and Mrs Adamski of the St. Johns Greenhouse gave the corsage that was also presented to Miss Williams.

MRS FRUCHTL announced that 55 officers and workers of Clinton County had signed up for the state meeting, to be held in Lansing this week, Oct. 6 and 7. The Clinton County Unit will also be represented by two workers, Miss Williams and Mrs Postlethwaite who have been asked to serve on a panel discussion at the state meeting.

Tea was served at the close of the meeting. Mrs Clarence Mead of Ovid and Mrs Lloyd Cravan of Elsie poured. The lace-covered table was centered with golden-colored mums, flanked by white tapers. Mrs Postlethwaite, chairman of the tea, was assisted by Mrs Williams, Mrs Frucht and Mrs DeGroot.

### Investors Mutual declares 100th straight dividend

The board of directors of Investors Mutual, Inc. has declared a quarterly dividend of 11 5/8 cents per share payable Sept. 30 to shareholders of record Sept. 29, 1965, Harold K. Bradford, chairman and president, announced.

This fourth quarter dividend of the Fund's fiscal year ending Sept. 30 is derived exclusively from dividend and interest income and compares with 11 3/8 cents per share paid from this source a year ago. It is the 100th consecutive dividend paid by the Fund.

A DISTRIBUTION of 28 3/4 cents per share representing realized security profits also was declared. The like distribution a year ago was 24 1/8 cents per share. The total of 40 3/8 cents per share will be distributed to the Fund's 429,500 shareholders and will be paid on approximately 234,300,000 shares currently outstanding, compared with 210,000,000 shares outstanding at the end of the previous fiscal year. The total distribution amounts to \$94,500,000.

Investors Mutual, Inc., oldest of five funds for which Investors Diversified Services, Inc. acts as investment adviser and national distributor, is the largest mutual fund in the world, with current assets in excess of \$2.9 billion.

### Home ec council women discuss Extension shift

Eighteen women from the Clinton County Home Economics Extension Council and other groups from a six-county area around Lansing were to meet Tuesday at Charlotte with Mrs Loa Whitfield, assistant director of Extension for home economics.

Purpose of the meeting was to discuss with the women their new roles in the Extension home economics program in relation to the change in the Cooperative Extension Service's emphasis. The women of the council will reportedly have to assume more leadership in some phases of the program if they wish to continue those phases.

### Population explosion Lions topic

The world population explosion and the ramifications it contains for United States citizens was the topic of Dr L. G. Augenstein last Wednesday night when he spoke to the St. Johns Lions Club and the wives of members.

Dr Augenstein delivers about 120 lectures and sermons a year on various aspects of science. He is currently chairman of the Department of Biophysics at Michigan State University.

IN HIS TALK, Dr Augenstein pointed out that the current rate of increase in world population is about 2 per cent per year. This means that in 50 years there will be 10 billion people on earth, and science is agreed that this is all the earth can support.

There currently are 3 billion people on earth. Because of the problems of space, water, industrialism and many of a social nature, this is fast becoming a very crucial problem, Dr Augenstein said.

HE POINTED out that major problems in the Western world historically take 25 years to recognize and another 25 to make decisions. "So we must start now to face up to the problem," he said.

The ethical, moral and theological problems were also explored. Dr Augenstein, who is also an adjunct professor at San Francisco Theological Seminary, discussed these questions and placed them in perspective.

The Lions and their wives showed great interest in the talk, and a lively question and answer period ensued before the meeting was adjourned.

DR AUGENSTEIN has had an illustrious background, serving in the Control Systems Labs at the University of Illinois, Brookhaven National Laboratory, US Atomic Energy Commission and was the science coordinator at the US Science Exhibit at the Seattle World's Fair. He has published over 60 articles in professional and popular journals.

### 2 men bruised as car overturns

Two rural St. Johns men went to Carson City Hospital Saturday afternoon for treatment of bruises suffered in an accident at the corner of Forest Hill and Walker Roads in Bengal Township.

Injured were Donald R. C. Basley, 47, the driver, of R-1, St. Johns, and Donald Ray Basley, 22, of the same address. They both suffered bruises when their car rolled over in a ditch.

DEPUTY SHERIFF Fred Corson said a tractor driven by Leon Armbrustmacher, 29, of R-1, St. Johns, going east on Walker, rolled past a stop sign at the intersection and into the path of Basley's car. Basley swerved and missed the tractor, but the car skidded into a ditch and overturned.

Armbrustmacher was ticketed by Corson for failure to yield the right-of-way.

### Car crosses US-27, hits auto

Two Clinton County drivers and two passengers in one car were unhurt last Thursday in a two-car collision on US-27 at Round Lake Road in DeWitt Township.

Deputy Sheriff Hilary Hafner said Arthur W. Burns, 82, of DeWitt, going west on Round Lake Road, stopped at the intersection with US-27 and then started across the highway. His car hit the left rear of one driven by Carol Sue Fisk, 24, of 15114 Nichols Road, Bath, who was going south on US-27.

Hafner ticketed Burns for failure to yield the right-of-way.

### Schools closed for teacher conference

Clinton County schools will be closed today and Friday as the teachers and those from Livingston, Eaton, Shiawassee and Ingham counties attend a two-day Region 8 Fall Conference in Lansing.

About 4,500 educators are expected to attend the conference, which will be held at the Jack Tar Hotel, Lansing Civic Center and Lansing area schools.

JAMES F. Stoll, region president, and Gerald Deegan, executive secretary, both of Lansing, completed plans for the conference last week. Planning of the elementary program was under the chairmanship of Mrs Warren Bailey of Lansing, while Miss Marcia Boznango of Okemos served as secondary program chairman.

The Thursday morning general session at the Civic Center will feature a dramatic presentation, "The World of Carl Sandburg" offered by the Lansing Civic Players by special arrangement with Samuel French, Inc. Mel Herr will direct and perform in the production that also stars Miss Frances L. Powell and Plummer Mifflin, veteran Civic Player performers.

"TOWARD GREATER Professional Independence" the MEA theme chosen by MEA President Ray H. Lawson for 1965-66, will be developed during the Thursday afternoon program. Dr Tim Stinnett, NEA assistant executive secretary, will offer the keynote address. Following Stinnett's speech there will be 12 group meetings concerning professional areas, conducted by well-known resource people.

The Friday sessions present the elementary and secondary meetings, as well as special interest areas. There will be a variety of meetings featuring new methods of instruction, workshops, demonstrations, field trips to interest areas, exhibits of children's work, and outstanding speakers in the area of education.

THERE WILL be commercial exhibits in the lower level Exhibition Hall of the Civic Center all day Thursday for the educators. Several luncheons have also been scheduled.

### Plan dance lessons for tots aged 3-7

Registration for creative dancing lessons for youngsters aged 3 through 7 will be held this Saturday from 1:30 to 3 p.m. at the St. Johns Municipal Building, the city recreation department announced this week.

There will be a \$1 registration fee for each pupil. The lessons for the eight-week course will be given on Saturday afternoons

WHEREAS, a concerted effort on the part of all citizens is essential for the protection of the public from fire; and

WHEREAS, the week of Oct. 3-9 is the anniversary of the Great Chicago Fire in 1871; and

WHEREAS, dollar losses caused by fires in the United States are on the rise again in 1965 after a \$1,367,128,000 loss in 1964;

NOW, THEREFORE, I Jack J. Smit, mayor of the City of St. Johns, Mich., do hereby proclaim the week of Oct. 3-9, 1965, as Fire Prevention Week in St. Johns and urge that all citizens do everything possible—from education to cleaning away fire hazards—to prevent fires and the great monetary and human losses that frequently result.

THE HONORABLE JACK J. SMIT, Mayor of the City of St. Johns

### Trio here gets US patent on bearing process

Kermit M. Hart, Edward A. Idzkowski and John L. Petro, all associated or once associated with Federal-Mogul Inc. at St. Johns, have been awarded a US patent for their "Method for Making Sleeve Bearings."

The patent, numbered 3,206,830, was presented Sept. 21. Hart was formerly plant manager at the Federal-Mogul plant in St. Johns; Idzkowski now holds that position, and Petro is also employed at Federal-Mogul.

SLEEVE bearings are employed extensively in many applications and particularly in the automotive industry for use on connecting rods, etc. They are generally made of a bimetallic material such as steel backed Babbitt, aluminum, copper, lead or bronze, or of any other suitable bearing material. They are formed in a semicircular shape.

In the sleeve bearing industry, it is common practice to manufacture sleeve bearings in a series of machining and forming operations, with the bearings being transferred either manually or mechanically from an operation at one location to the next operation at a different location.

THE BEARING must be positioned precisely at each location prior to the operation to be performed, since any misalignment results in improper machining or forming of the part and therefore usually requires that such part be scrapped. The greater the number of locations to which the bearing must be transferred means more opportunities for misalignment and improper machining and results in increased scrap.

To cope with this problem, Hart, Idzkowski and Petro have devised a novel method of producing sleeve bearings in which the number of separate locations or stages to which the bearing is transferred during fabrication is substantially reduced as compared to the prior practice.

### Driver turns left, hits passing auto

Jeanette M. Veeder, 35, of Manitoba, Canada, was cited for an improper left turn Thursday evening after she turned and hit the right side of a car driven by Shirley Ann Reboloso, 24, of Lansing, who was passing the Veeder car. Mrs Veeder said she didn't see the other car passing her. The accident happened at 6:12 p.m. on US-27, a half-mile south of Townsend Road in Bingham Township.

### 3 escape injury in 3-car crash west of Ovid

Three cars were involved in a collision last Thursday evening on Hollister Road at M-21, but no one was injured.

The drivers were Ernest D. Groves, 33, of Owosso; Bert F. Howard, 18, of 3341 S. Hollister Road, Ovid; and Mitchell L. Dunn, 33, of 2600 S. Hollister Road, Ovid.

ACCORDING TO a sheriff's department report on the accident, Dunn, going south on Hollister, stopped at M-21, then crossed and didn't see Groves' car until too late. Groves, going east on M-21, struck Dunn's auto in the right rear, shoving it into the left side of a northbound car driven by Howard, who was stopped for the stop sign at the intersection.

Dunn was cited in the accident report for failure to yield the right-of-way. His car was reportedly a total loss, while deputies estimated \$700 damage to Groves' auto and \$200 to Howard's car.

IT SHOULD be noted that millions of sleeve bearings are required annually by the automotive industry. Consequently, any reduction in the amount of material used to form each bearing shell results in significant savings. Therefore, as a further object of their invention, Hart, Idzkowski and Petro have devised a method of producing sleeve bearings in which the amount of material from which each bearing shell is formed is minimized.

Essentially, Hart, Idzkowski and Petro provide a multiple stage die which operates on a continuous basis, with the bimetallic strip of bearing material being fed continuously into the die at one end and subjected to a number of operations. Semifinished sleeve bearings are ejected from the other end of the die and machined to provide the finished products.

THIS PATENT has been assigned to Federal-Mogul Inc.

### Local women speak at state music event

Mrs George H. Brooks, president of the South Central District Federation of Music Clubs attended the executive state board meeting at the MSU Union on Wednesday evening.

On Thursday the state board met and Mrs Brooks, with Mrs Richard Amstutz, State Achievement chair man, attended the luncheon at noon and all day meeting. They were speakers at the workshop which was conducted by State President Mrs J. S. Vander Heide of Grand Rapids.

### NEWS in Brief

Plans to observe a third annual Michigan Meat Week Oct. 11-17 were approved by the executive committee of the Livestock Improvement Assn. of Michigan at a meeting recently at MSU's Kellogg Center. . . . The Bement Public Library door is completed, but wet weather has stalled completion of the porch ceiling; doors at the entrance to the municipal court are also complete, and once the ceiling project is finished and leaks stopped, the court entry-way will be paneled. . . .

Construction of St. Johns' new water treatment plant is on schedule. . . . City park and DPW crews have partially prepared four overnight trailer spots at the park, located so as not to require any great deal of turning or backing up by the trailer owners. They are located in the southwest corner of the park near toilet facilities, water, the small picnic shelter and electricity. . . .

THE Lansing Press, published in our neighboring Shiawassee community by F. J. Veith, celebrated its 50th anniversary last week. Wrote the publisher: "It is with some pride that we point to a half century of publishing a newspaper in this Shiawassee County community because it is the longest continuous life of any newspaper ever published here — and history reveals that there were several papers and of various titles published here before the birth of The Press. It has not always been under the same ownership but has been in the same family name the longest of any paper ever published here. . . .

A second meeting of county health nurses and health committees of the boards of supervisors of Clinton, Gratiot, Montcalm and Ionia counties was to be held Wednesday in Stanton to further discuss possible formation of a four-county Health Department. . . .

### Elsie Lions mark 25th anniversary at dinner

ELSIE — "Elsie is a better village because of its Lions Club," stated John Balbo of Western Springs, Ill., a director of the national Lions organization. He was guest speaker at the 25th anniversary of the local club Monday evening in the American Legion Hall.

His statement was prompted, Balbo said, by the service within the club and the projects undertaken to remedy needs of the community.

In 1940, 37 far-sighted and civic-minded citizens of Elsie organized to foster the goals of Lionism.

BALBO, one of 26 directors of Lions International, extolled the deeds of the worldwide organization in pointing out that 19,539 Lions Clubs in 132 countries are extending their service to the humanitarian needs of their neighbors.

He cited such examples as the Leader Dogs for the Blind, sight conservation, on-the-spot aid for tornado and earthquake victims and youth summer camp activities for the blind.

In closing, Balbo asked the Lions to rededicate themselves and continue many more years in the work of Lionism.

District Gov. Morley Webb of Edmore presented the Key Membership Award to Dr G. W. Bennett, who was second vice president when the club was organized and who has given continuous service to the Lions. For their contribution to Lion-

ism, charter members Dr E. M. Slagh, Lewis Carter, Dr Bennett and W. S. Lusk (unable to be present) were given 25-year charter pins, chevrons and service certificates.

Jack Hawes, on behalf of the Rev R. A. Potts of Muskegon, past district governor, presented an award to Norman Blakely for the secretary's contest of the past year.

OTHER CHARTER members present were John Rumbaugh of St. Johns, Arlo Parks of Owosso, and Howard Peltier, Joe Bartek and Sidney Keys, all of Elsie.

Entertainment by the Harmony Hounds, a quartet from Battle Creek provided a hilarious program to close the memorable evening. It was composed of Dr William M. Clark, Dick Pancost, Lowell Wolfe and Roger Lewis.

There were also welcoming remarks by Blaine Lentz, president of the local club; lively group singing with Don Thayer of Ovid as director; and pledge of allegiance to the flag led by Jack Hawes.

PATRICK FORAN, Russell Bouck and Mark O'Donnell hosted a reception which preceded the chicken dinner catered by Jim and Marie Hurst. The invocation was given by John Rumbaugh of St. Johns.

Guests were present from Lions clubs at Mt. Pleasant, Edmore, Alma, Ithaca, St. Johns, St. Louis and Ovid. Many former members of the local club also returned to Elsie for the special observance.

Officers heading the local club's activities are: president, Blaine Lentz; 1st vice president, A. W. Cobb; 2nd vice president, Harry Harden; 3rd vice president, Duane Green; secretary and treasurer, Norman Blakely; and directors, Patrick Foran, Earl Seybert, Velmar Green and Myron Thetal.

The 25th anniversary committee was headed by Earl Seybert Jr. and composed of Robert

### Chamber secretary burned in mishap

Mrs Betty Minsky, St. Johns Chamber of Commerce secretary — manager, suffered severe facial burns Sunday afternoon when a stove reportedly blew up in her face at a cabin near Grayling where she was spending the weekend with her family.

Mrs Minsky was hospitalized for a time, but is now home, though she will not be in the office for a time.

### 2 youths fined, jailed for possession of beer

Samuel C. Wakefield, 19, of Grosse Pointe Farms, and James E. Fraser Jr., 19, of Grosse Pointe Shore, were fined \$25 plus \$19.90 costs and sentenced to three days in the county jail last Wednesday on charges of being in possession of beer. The minors were arrested earlier last week. Justice of the Peace Gordon Will-young passed the sentences.

### Birthday party

On Sunday afternoon, Oct. 3, 15 classmates of Debbie Rademacher gathered at the Denls Rademacher home at 2104 South Lowell Road to help Debbie celebrate her 9th birthday.

Games were played after which the guest of honor opened her gifts and birthday cake and ice cream were served by her mother.

## "Notes from Nature" Music Club Theme

Mrs Kenneth L. Jones was hostess to the St. Johns Morning Musicale with Mrs Paul Martinis Jr., and Mrs Basil Delbert assisting, for a coffee hour on Thursday morning.

Mrs Manning Bross, president, opened the first meeting of the '65-66 season by welcoming new members and guests. Mrs Bruce Fowler was a guest. Mrs Gordon Iacovoni is a new member and Mrs Howard Woodbury renewed her membership.

MRS GEORGE H. BROOKS, president of the South Central District Federation of Music Clubs, and Mrs Richard Amstutz, state chairman of achievement record of the Michigan State Federation, were presented.

Mrs Brooks announced the annual district meeting at Howell on Oct. 27 and related the honors which have come to the district, of which St. Johns is a part. Mrs Clifford Lambert, secretary-treasurer of the district, could not be present.

MRS ROBERT RICE presented \$10 to the Interlochen fund, which Robert Barnard refused to accept for accompanying her at the concert.

Mrs Kenneth Jones, chairman of the program committee, presented the program of the year and thanked her committee, Mrs Martis and Mrs Delbert for their hard work. The program theme is "Notes from Nature" and the numbers will follow the seasons and months of the year, beginning with "A Farewell to Summer" in September and ending with a May Breakfast and program on May 12.

MRS RICHARD AMSTUTZ then sang "September Song." "Good Bye to Summer" was sung by Mrs Hila Bross. Mrs A. L. Woodbury played "Raindrop Prelude" by Chopin and very appropriately it started to rain as she was playing.

Mrs Woodbury wore a lei about her neck which she had just received from her daughter who is vacationing in the Hawaiian Islands.

THE INTERLOCHEN scholarship winners gave two numbers. Miss Sandra Dershem sang "My Mother Bids Me Bind My Hair"

by Haydn. She was accompanied by Cayle Beagle. A violin number "Cavatina" by Oscar Schmidt was played by Cayle Beagle accompanied by Mrs Robert Rice.

The Lansing Matinee Musicale Study Club will be the guests of the St. Johns Morning Musicale at the home of Mrs Basil Delbert on Wednesday, Oct. 13, at 1:30 in an exchange program which will be given by the Lansing club.

MISS DIANE BAUER

The engagement and wedding plans for Diane Bauer and John Daker are announced by Miss Bauer's parents, Mr and Mrs Harold Bauer of R-6, St. Johns. Parents of the bridegroom-to-be are Mr and Mrs Habeeb Daker of 806 Baker Street, Lansing. The couple have set Jan. 8 as their wedding date.

MISS BETTY C. HODGE

Mr and Mrs Gordon S. Hodge of St. Johns have announced the engagement of their daughter, Betty Cecyle, to Daniel Lee Brown, son of Mrs Dora Brown and Arley Brown of Lansing.

No date has been set.

## Betty C. Hodge is bride-elect

On Friday, Oct. 1, the Rivard Nursing Home's large Day Room was the scene of a lovely wedding ceremony when Miss Frances I. Hetzel, daughter of Mrs Gladys I. Hetzel, and Harry Lee Olson of the US Navy, spoke their vows. Mr Olson is the son of Mrs Helen Olson and the late Virgil Olson.

The Rev Hugh E. Banninga of the St. John's Episcopal Church officiated in the presence of many relatives and friends of the couple. George DeVew of South Bend, Ind., gave his niece in marriage.

FOR HER wedding, the bride wore a princess-style dress, street-length, in brocaded white material with blue trim. She wore white satin slippers, a fingertip veil and carried a spray of white and red roses.

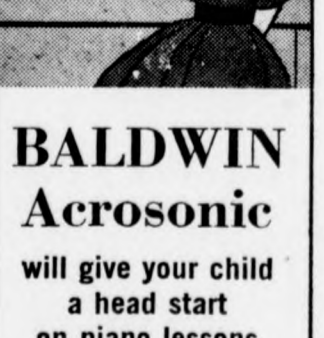

The maid of honor, Miss Pauline Griffin, wore pink silk with appliqued bodice, pink hat made of ribbons and carried a white and red rose spray arrangement.

ALVIN OLSON was best man for his brother. Miss Jennifer Keys of Elsie was the pianist.

The new Mr and Mrs Olson drove to Dwight, Kan., for their honeymoon. The bridegroom will return to Spain at the end of his 30-day leave.

Man is born with two strikes against him—he is inclined to yield to the alluring, rather than the assuring.

## Holy Trinity Church Scene of Nuptials

PEWAMO — Miss Ruth Ann Rademacher, daughter of Mr and Mrs Leonard P. Rademacher of Fowler, and Robert Joseph Thelen, son of Mr and Mrs Gregory J. Thelen of Pewamo, spoke their wedding vows at Holy Trinity Church in Fowler at 10 a.m. Saturday, Oct. 2. Rev Fr. Schmitt officiated at the double ring ceremony in which Mr Rademacher gave the bride in marriage. The church altar was decorated with gold and yellow pompons.

The bride's gown was of ivory silk cloud peau de sole with curved sheath A-line hemline, Alencon lace and pearl-beaded sleeves, and an empire bow. A pearl-beaded pillbox with veil was her headpiece.

MRS CAROL J. Burns of Lansing, sister of the bride, was matron of honor. Bridesmaids were Miss Ellen Fitzpatrick of Fowler, Mrs Bernard Simon of Westphalia, both friends of the bride, and Miss Linda Thelen and Miss Diane Thelen of Pewamo, sisters of the bridegroom.

The attendants wore gowns of moss green with brocade bodice, scooped neckline and elbow-length-sleeves. The floor-length crepe skirts featured a brocaded wateau train. They carried Colonial arrangements of yellow, gold and white pompons.

BEST MAN was Gerald Freund of Pewamo, cousin of the bridegroom. Groomsmen were Ben Bierstedel, William Werner, Thomas George, all of Pewamo and friends of the bridegroom, and John Rademacher, brother of the bride. Ushers were William Thelen and James Rademacher.

For her daughter's wedding, Mrs Rademacher wore a beige lace dress, with matching accessories. The bridegroom's mother wore a blue and gold brocaded sheath dress with jacket and blue and gold accessories. Each mother wore a corsage of yellow roses and pompons.

A RECEPTION was held at Holy Trinity hall immediately following the ceremony. Attending the bride's table were Miss Karen Snyder, Janet Armbrustmacher and Mrs John Rademacher. Mrs

Charles Heyer and Miss Ruth Simon cut the wedding cake.

Following a week's honeymoon at Niagara Falls and Cape Cod, the newlyweds will be at home in Pewamo.

Mr Thelen is employed at Oldsmobile in Lansing and the new Mrs Thelen will continue her work at Oldsmobile.

## Local Adventists to have annual Visitors Day

A special speaker from Andrews University, Berrien Springs, will highlight the Annual Visitor's Day at the St. Johns Seventh-Day Adventist Church this Saturday. Members of the community are invited to look inside a Seventh-Day Adventist Church and sit in on services this Saturday.

"Visitors are always welcome," Elder B. K. Mills, local pastor said, "but once a year we present a program geared especially for visitors, who may not be familiar with Adventist doctrine and practice."

CHILDREN may visit their respective age divisions for the "Church at Study," called Sabbath School, and senior age parents and adults will join Adventists in program in the main sanctuary.

The worship service begins at 9:15 a.m. with the worship service beginning at 10:30 a.m. All are welcome to attend and become acquainted with your friends the Adventists. The church is located at 686 N. Lansing Street in St. Johns.

MR AND MRS ROBERT L. MYERS

## DeWitt girl bride of Lansing man

The Valley Farms Baptist Church was the setting for the 7 o'clock candlelight nuptial service that united in marriage Miss Debrah Marie Rummell and Robert L. Myers. Their parents are Mr and Mrs Lee Rummell of 111 S. Franklin Street, DeWitt, and Mr and Mrs Ralph Myers of Starr Avenue, Lansing.

For her wedding, the bride chose a floor-length gown of Chantilly lace with full skirt with back panel of tiered lace. Her bouffant fingertip veil was held in place by a crown of seed pearls and she carried a bouquet of white sweetheart roses.

MRS ASA A. Bigelow was ma-

tron of honor and bridesmaids were Mrs Michael Roberts, sister of the bridegroom, and Miss Sandra Rummell, sister of the bride. Mrs Bigelow wore a gown of royal blue with empire waist and floor-length train. Her flowers were blue and white daisies in a colonial arrangement. The bridesmaids wore identical gowns of baby blue with floor-length trains and also carried similar styled flowers.

Miss Belinda Rummell, sister of the bride, acted as flower girl wearing a white floor-length gown with a slight train, and carried a basket of blue and white daisy petals.

BEST MAN was Jeff Mulder,

cousin of the bridegroom. Groomsmen were Michael Roberts, brother-in-law of the bridegroom and Asa Bigelow. Ushers were Jon Dodge and Richard Rummell. Candlelighters were Roger Rummell and Kirk Myers. Mr Rummell gave his daughter in marriage.

Miss Helen Moon presided at the organ and soloist Gene Dodge sang "Because" and "I Love You Truly."

For her daughter's wedding, Mrs Rummell chose a rose colored dress with black accessories and a corsage of pink carnations.

A RECEPTION was held in the church parlors. Mrs Richard Rummell served the wedding cake with Mrs Jon Dodge serving the groom's cake. Mrs Douglas Hart-suff and Miss Patricia Logan assisted.

Following a trip to Niagara Falls, the newlyweds will live in Lansing.

Mrs Fred Tolles reports 15 cutters were sold.

THE CHAPTER voted to rent the Drop-in Center for 6 months for their regular meetings on the 2nd and 4th Tuesday of each month.

The Sunshine March was conducted by Mrs Gilbert Pease.

Mrs Frank Maier, chaplain said the closing prayer.

MRS ANNA Cole won the mystery prize.

Following the meeting a lovely cake and ice cream were served to honor Mrs Mae Ward and Mrs Frank Maier on their birthdays.

MRS EUGENE THOMAS SNYDER

## Sylvia Saxton bride of Eugene T. Snyder

At home at 803 N. Water Street in Owosso after Oct. 4 are newlyweds Mr and Mrs Eugene Thomas Snyder who were married in a candlelight ceremony Saturday evening, Oct. 2 at the Ovid United Church. Rev Gordon Spalenka officiated at the 7:30 p.m. double ring ceremony.

The church altar was adorned with white glads and miniature white dahlias with gold candelabra.

The new Mrs Snyder is the former Sylvia Jane Saxton, daughter of Mr and Mrs Clifford E. Saxton of 230 W. William Street, Ovid, while the bridegroom's parents are Mr and Mrs Sydney Snyder of 803 N. Water Street, Owosso.

THE BRIDE, escorted by her father, approached the altar wearing a gown styled with a rosepointe lace bodice with es-calloped neckline, long pointed sleeves with tiny buttons at the wrist. The bodice extended into a deep V at both the front and back at the waistline. There was a rosepointe lace panel on the upper front of the full hooped skirt of silk organza over satin and tulle net with a slight train. Her bouffant illusion veil extending to just below the shoulders, was held by a seed pearl crown.

Cynthia Jeanne Saxton, sister of the bride, was maid of honor and Delores Myers was bridesmaid. They wore identically-styled dresses in light blue taffeta with embossed floral pattern.

Their seeded-pearl headpieces secured their short blue illusion net veils.

They each carried light blue tinted roses, mums and carnations with cascades of ivy, tied with blue satin ribbon.

JOHN SNYDER was best man for his brother-in-law while James Schneider, cousin of the bridegroom, was groomsmen. Serving as ushers were Philip Saxton, brother of the bride and Tom Schneider, cousin of the bridegroom.

Roger Mathies of Ovid was organist, while violin numbers were by Mrs Cyril Tremblay and Fred Veenstra sang "Because."

FOR HER daughter's wedding Mrs Saxton chose a beige and gold metallic knit gown, gold satin hat and beige accessories. The bridegroom's mother wore a royal blue knit dress, a paisley design hat and blue accessories accented with a small gold metallic bag. They had matching corsages of light red rose buds and tiny white carnations with gold leaves.

A reception was held in the Main Street Church for the 175 wedding guests who came from Midland, Detroit, Muskegon Heights, Lansing, St. Johns, Pawama, Owosso, Elsie, Bannister and Farmington. Mrs Clayton Sherwin cut the bridegroom's cake, Mrs Alfred Ziegs poured coffee; Miss Shirley Everts attended the guest book while the gifts were cared for by Miss Janet Saxton and Miss Barbara Schneider. Host and hostess were Mr and Mrs Donal Saxton.

THE BRIDE IS a 1965 graduate of Ovid High School and is now in her second term at Lansing Business University. The bridegroom attended Ovid High School and is employed at Fisher Body in Lansing.

For the Northern Michigan honeymoon, the bride wore a light blue wool suit with beige accessories and the corsage from her bridal bouquet.

## Baptists aim for 300 Sunday in Church School

"Goal: to Grow" is the theme of the Sunday School contest of the First Baptist Church of St. Johns. "We are out to win again this year," says Supt. William Dodway. On Rally Day last Sunday, 234 were in attendance and the goal is 300 for this Sunday, "Public Official's Day."

The public officials of St. Johns, Clinton County, Mich. and Washington have been invited. Senator Emil Lockwood will address a portion of the Sunday School Hour which starts at 10 a.m. Each public official will be duly recognized. Rev Roger Harrison, new pastor of the church, will close the session with an emphasis on our responsibility to our leaders.

EACH SUNDAY of October has different designations with special participants. On Oct. 17, Rev and Mrs William Branda, former youth pastor of St. Johns First Baptist and currently a missionary home on furlough from Brazil will head up Missionary Day. Youth Day on Oct. 24 will feature Mrs Margaret LaHaye, director of Greater Lansing Child Evangelism Fellowship. The final Sunday is Family Day on Oct. 31 at which John DeVries, gospel magician and director of the Hi-Way Bi-Way Youth Association will tell the story of Zaccheus.

Supt. Dodway urges everyone to avail themselves of the opportunity to hear these folks and to study the Word of God in the Sunday School Hour each Sunday. The church services are at 11 a.m. and 7:30 p.m. Choirs and youth groups for grades 4 and up begin each Sunday at 5:30 p.m.

MRS BARRY FREDERICK DEAN

## St. Johns man takes Ohio girl as bride

St. Luke Lutheran Church in Columbus, Ohio was the setting for the marriage of Erica Marie and Barry Frederick Dean, Saturday, Sept. 18 at 2:30 p.m. The Rev Donel Saylor performed the double ring ceremony. A reception followed at Ilonka's.

The couple's parents are Mr and Mrs Milton D. Sheetsley of Columbus, and Mr and Mrs Alan R. Dean of St. Johns.

THE BRIDE chose a gown of re-embroidered Alencon lace and imported French net in the candlelight shade. It was styled on the A-line silhouette with elbow-length sleeves, scalloped neckline, mock bolero effect bodice with a silk peal de sole bow in front, and a full detachable peacock train of peau de sole. A matching lace pill-box held her elbow-length silk illusion veil.

She carried a bouquet of white cymbidium orchids, white pompons and camellia foliage.

Miss Suzanne Cope, Columbus, Ohio, was maid of honor. Bridesmaids were Barbara Dean, the bridegroom's sister, and Sue Saunders of St. Johns.

THEY wore floor-length gowns of taffeta and peau de sole with a gold bodice, embroidery trimmed, and a jonquil skirt. Gold open-crowned headpieces with pearl embroidery held their gold veiling. Their flowers were gold and yellow Fuji mums, bronze pompons with oak leaves and wheat.

Best man was David Livingston of St. Johns, and groomsmen were William Sheetsley, New York City, brother of the bride, Robert Zimmer, Belleville, Benson Munger, Lansing, and Jack Findlay of Detroit.

MRS SHEATSLEY wore an aqua silk crepe dress, and Mrs Dean chose a royal blue moss crepe sheath. Their corsages were of white phalaenopsis orchids.

For going away, the new Mrs Dean wore a light-weight white wool suit.

Save Lives, Prevent Losses

Nation Urged to Join in Observance of Fire Prevention Week, October 3-9

A concerted effort on the part of everyone from coast to coast to prevent fires was urged today by the American Insurance Association as Fire Prevention Week rolled around again.

"However, in 1965 they are on the rise again," he added.

"Vigilance is essential in holding down fire losses, and the best way to prevent unnecessary fires is to try to keep them from happening."

Mr. Dorsett gave high praise to educational institutions in particular for the setting up of periodic fire drills to familiarize students with how to get out of the building quickly in case of emergency.

"Fire drills are important for schools. They are equally important for similar protection of families at home," Mr. Dorsett declared.

"Every home," he added, "should have an escape plan. I suggest that if your home does not have one that you draw one up tonight."

"Gather all of the members of the family together and figure out at least two escape routes, so that one of the two may be used if the other is blocked."

"Assign adults and capable older children to the job of getting the little ones and elderly people outside the house fast."

"Get everybody outside, then call the fire department - if necessary from another location."

"Never under any circumstance, re-enter a burning building."

"Only by observing fire prevention rules and planning, can we cut down the tragic toll in lives lost in fires, a greater loss in terms of value to our country than the destruction of property."

Pointing out that 11,900 persons lost their lives in fires in the United States last year, and

that thousands more were injured in fires, Mr. Dorsett said: "A building can be rebuilt. A life lost can not be replaced."

### '37' tie-breaker score worth \$20 for Wright

Despite a three-way tie for the first 20 games, there was only one \$20 winner in last week's Clinton County News Football Contest.

The prize money was captured by Eugene Wright of R-2, St. Johns, who won it with a tie-breaker score of 37—just two points away from the actual tie-breaker score of 39.

WRIGHT missed five of the 20 main choices. So did Dan Ritter of 205 N. Kibbee and Les Dean of Maple Rapids, but their tie-breaker scores were 12 and 13 points, respectively, short of the right score.

Three tie games among the 20 were mainly responsible for the high number of wrong guesses. Ionia and Charlotte tied, as did Lakewood and Greenville, and Ovid and Lainsburg. No one predicted a tie in any of those games, so everybody was wrong. Three people figured the DeWitt-Bath game as a tie, but it went to Bath.

A CHECK FOR \$20 was mailed to Wright Monday morning. Another \$20 prize awaits the winner of this week's football contest. Don't be discouraged if you have not won yet—it takes only once, and there'll be lots more chances. Turn now to Page 1-C and enter this week's contest.

### Fulton tripped up by Hillsdale

MIDDLETON — Chris VanSickle scored three touchdowns Saturday afternoon, but Hillsdale High School got two touchdowns each from two players to defeat Fulton High School 27-19.

VanSickle got his first touchdown in the first quarter on a three-yard dive. He scored again in the second on a 10-yard reverse and caught a pass from Randy VanSickle for 25 yards and a touchdown in the fourth period.

CARL HAGENBAUGH kicked the extra point after the final touchdown.

Hillsdale got a late start but came on strong with 6, 7 and 14 points in the second, third and fourth quarters respectively. Halfback Tom Tucker got the first TD with a five - yard jaunt off tackle. John Beckwith went three yards over guard in the third quarter, and Jim Tremaine's run for the extra point put Hillsdale ahead 13-12.

Tucker scored again on a four-yard dive play in the fourth quarter, and Beckwith added a five-yard TD run off tackle to sew up the scoring. Extra points after the last two touchdowns were run by Remaine and Beckwith.

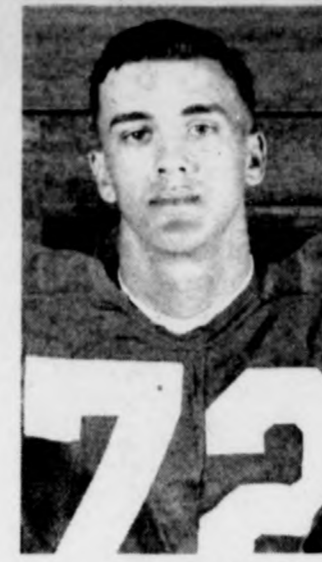

THE GAME was close in statistics, as well as scoring. Fulton had 10 first downs and Hillsdale had 11. Fulton rushed for 150 yards and passed for 45; Hillsdale rushed for 175 and didn't gain any passing. Fulton was penalized only 25 yards, compared to 75 by Hillsdale.

These three St. Johns players have suffered injuries in football this year that will probably keep them out most or all of the season. Ted Rahl, left suffered a head injury Friday night at Hastings; Jim Leonard broke his collar bone in the Greenville game here; and Ron Bond suffered a rib injury in the opener at Mason.

## Fowler defeats stubborn Ashley

FOWLER— Despite rolling up heavy statistics in their favor, the Fowler Eagles were hard pressed Friday night to beat out a stubborn Ashley football team, 13-0.

The Eagles dominated the game, with the defense looking particularly sharp. They didn't allow Ashley a first down, and the Bears were held at a -21 yards rushing during the evening. They picked up only 26 yards passing on five completions out of 17 pass attempts.

FOWLER COACH H. Blaine

Douglas complimented the Eagle defense again this week, pointing out that no team they've met so far this year has worked the ball inside the Fowler 35. He said Saranac's touchdown against them was the result of a blocked punt.

The Fowler offense, working without the services of quarterback Brendon George, sputtered frequently, and nine fumbles during the evening kept the score down. Douglas gave credit to the Ashley defense, too, for a fine job in holding the Eagles to 236 yards

rushing, about 100 yards under their average for the first two games. Fowler picked up 11 first downs during the night.

FOWLER SCORED on the second play of the game and raised the possibility of a rout. Halfback John Wieber raced 38 yards for the TD, and Bruce Thelen kicked the extra point. In the second quarter Fowler moved to the 10-yard line, but Ashley intercepted a pass in the end zone and that quashed another Fowler score. It was 7-0 at halftime.

## 'Breaks' give Elsie 20-0 win over P-W

PEWAMO-WESTPHALIA—The Elsie Big Reds defeated Pewamo-Westphalia 20-0 Friday night in "one of those games where the breaks decided the winner."

That was the consensus of both Coach Mark O'Donnell of Elsie and Duane Blatt of Pewamo-Westphalia. Statistics showed the teams played about as evenly as possible: P-W had 99 yards rushing and Elsie had 98 yards. Elsie gained only 28 yards the first half.

FIRST CAME almost a good break for Pewamo-Westphalia. In the last few seconds of the first half, Ron Spitzley picked up a fumble and ran it to the Elsie 10-yard line, but then the clock

ran out before the Pirates could score.

Elsie's first two touchdowns in the third and fourth quarters were set up by a blocked punt and a bad hike, both times putting the Big Reds inside the Pewamo - Westphalia 20-yard line. Both times they scored. Joe Guysky plunged over right tackle for the first TD and then scored the point after. The second touchdown was on a one-yard drive by Tom Bakita. Jose Rios scored the point after touchdown.

DOWN 14 POINTS, Pewamo-Westphalia had to resort to a passing game, "and this is not our type of offense," Coach Blatt said. In witness, Elsie's Mike Seybert intercepted a P-W pass and ran it back 30 yards for the Big Reds' final score.

Despite the breaks and the final score, it was certainly a defensive game, and Roger Pohl, Ron Spitzley, Ted Noeker, Bruce Shaffer and John Rademacher stood out for Pewamo-Westphalia. Elsie's strong defense was also impressive, with R. J. Jones one of the standouts.

Elsie now has a record of two wins and one defeat for the year, while Pewamo-Westphalia is 1-2.

# Redwings fall to Hastings as streak ends

The pressure is off!

The St. Johns Redwings' 16-game streak without a defeat that spanned three seasons came to an abrupt end Friday night at Hastings, where the upset-minded Saxons roared back in the last quarter to defeat St. Johns 25-14.

The last time the Redwings lost a football game was Sept. 27, 1963, when they dropped a 14-13 decision to Mt. Morris. They did have one tie game with Jackson St. John, 13-13, that same year.

THE VICTORY boosted Hastings in the driver's seat of the West Central Conference, though Grand Ledge has an identical 2-0 conference mark.

Hastings wasn't as big a team as Mason, Coach Bill Smiley admitted, but their size and weight was better proportioned, and the Redwings were worn down by the battering Saxons.

The Redwings led for most of the game, but in the final half they had the ball for only 13 plays, and this wasn't enough to adjust to the onslaught of the Saxons. Hastings went ahead 19-14 with 10:45 left in the game and added a final clincher with 1:53 remaining.

DESPITE THEIR small size, the Redwings took the field and appeared to be taking control much as they had in the first two games. They forced Hastings to punt after yielding two Saxon first downs, and then drove 75 yards for their first touchdown.

Quarterback Gene Rademacher passed to Lee Hill for 31 yards and a first down to the Hastings 44 on the first play. Then Gary Boyce ramblod off left tackle for 44 yards and a touchdown, but it was called back by an in-motion penalty. Rademacher passed to Hill again for 13 yards and the drive continued to the Hastings 31.

A HASTINGS PASS - interference penalty put the ball on the 16. Boyce and Hill alternated on three plays, with Boyce going the last nine yards for a touchdown. Boyce's kick for the extra point was good.

Hastings bounced back to tie the score early in the second period. Taking the St. Johns kickoff on

their own 35, the Saxons clicked off four first downs and went to the Redwings 9-yard line at the end of the first quarter. On the first play of the second period, Dave Williams circled right end for a touchdown, and Ken Weller booted the extra point.

ST. JOHNS came back fast for what proved to be their last touchdown. They took the kickoff on their 43, got a first down to the Hastings 44 with the aid of an eight-yard pass from Rademacher to Dennis Springer and then hit paydirt.

Rademacher was dropped for a six-yard loss attempting to pass, but Gary Boyce took the ball on the next play and went up the center for 50 yards and a touchdown. Boyce again kicked the extra point.

With 8:08 left in the half, Hastings took the kickoff but was forced to punt. St. Johns on their own 26 also punted — for the first time this year — with Springer booming one 40 yards. Hastings got one first down, but then Tom McKenzie intercepted a Hastings pass to kill a Saxon drive at the St. Johns 22. St. Johns ran two series of plays, but lost the ball on downs on their own 46. Lee Hill intercepted a Hastings pass then, and the half ended.

ST. JOHNS fumbled the second half kickoff, and after an exchange of punts, Hastings went to work on the St. Johns 28. Tom Gibson had a run of 14 yards which spurred the Saxons on a drive for a touchdown. Williams quarterback-sneaked for three yards and a touchdown, but the kick for the extra point failed, and St. Johns clung to a 14-13 lead.

St. Johns could not move on its next series of plays, and Hastings began their death march when they got the ball back on the St. Johns 42. Three first downs carried all the way to the St. Johns 8, and on the third play of the fourth quarter, Gibson went over center for three yards and a touchdown. The kick was no good, but Hastings led 19-14.

ST. JOHNS had to punt again, and Hastings took over on the St. Johns 44 with a little more than nine minutes left in the game. With three first downs keeping them alive, they moved to the St. Johns 13. St. Johns' Don Hungerford dropped a Hastings runner for a six-yard loss, but two running plays brought the ball back to the 8.

Williams fumbled for Hastings, but Weller picked it up and circled end for eight yards and a touchdown with 1:53 to play. St. Johns had one more crack, but two yardage losses and a penalty prevented any threat or even a first down, and the game ended.

COACH Smiley admitted there had been pressure building up because of the Redwings' long winning streak and their drive to repeat as league champs, and he thinks the loss will relieve that pressure considerably.

But facing the Redwings this Friday here will be the Grand Ledge Comets, who reportedly have been pointing to St. Johns for revenge ever since last fall's St. Johns victory, 19-15. Unless the Redwings can bounce back, Smiley said he can foresee two or three more losses yet this year.

## Redwing harriers beaten by Alma

The St. Johns cross country team dropped its second decision of the young season last Tuesday when Alma defeated the harriers 20-35.

Alma's first man covered the course in 10 minutes 43 seconds. St. Johns' first man across the finish line was Brian Swatman, who finished third with a tie of 11:26.

Others placing for the Redwings were Albert Moore, fifth; Mark Masarik, sixth; Mark Witt, ninth; and Roger Durbin, 10th.

Might is supposed to make right, but don't count on it.

## Game Notes

FOR THE THIRD game in a row, St. Johns has suffered the loss of personnel. Last Friday, tackle Ted Rahl, a senior, suffered a head injury in the fourth quarter that probably will put him out for the rest of the season. The week before, Jim Leonard, a senior end, was lost with a broken collar bone. And in the opener at Mason, senior Ron Bond suffered a rib injury which has so far prevented his return to the lineup.

ST. JOHNS PUNTED for the first time this season Friday night — four times, in fact. Dennis Springer punted all four times, booting the ball 40, 25, 37 and 35 yards. . . . Seven busloads of St. Johns students attended the game at Hastings. . . .

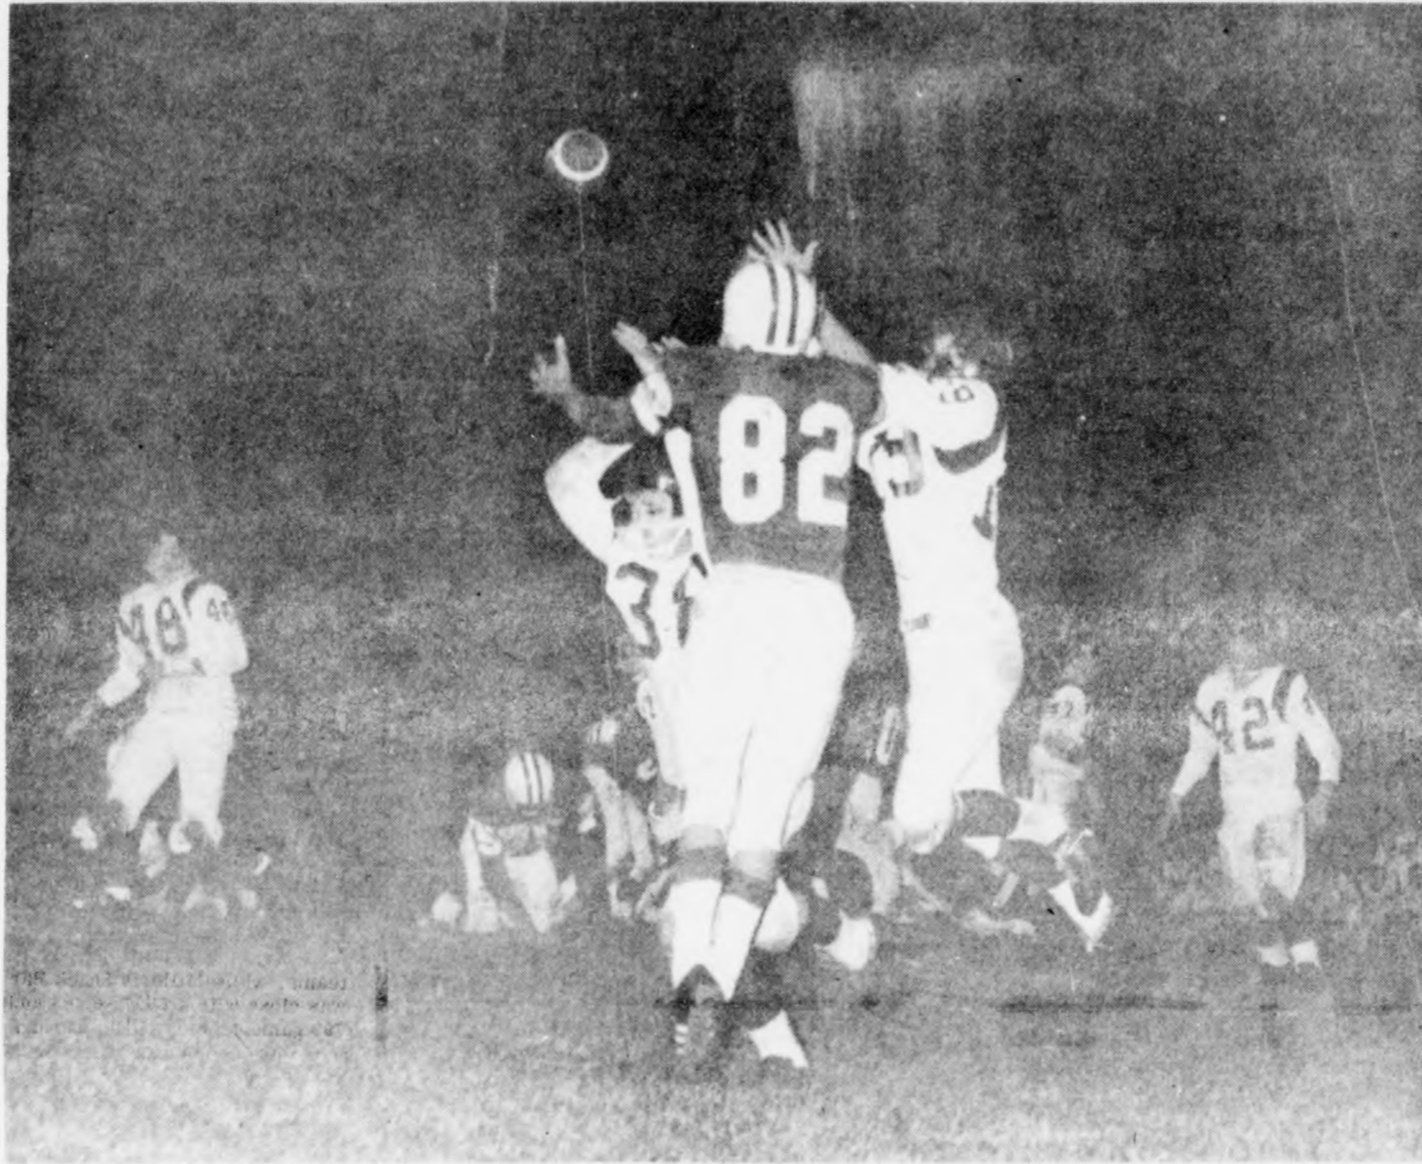

St. Johns carried the ball only 13 times (eight rushing) in the last half, compared to 32 carries (31 rushing) by Hastings, showing the

domination of the game during the second half by the Saxons. . . .

QUARTERBACK GENE Rademacher completed four of eight passes, and was dumped for losses before he could get rid of the ball on three attempts. The four passes gained 61 yards. Gary Boyce attempted three but couldn't complete one. Lee Hill caught two of Rademacher's passes for 44 yards and Dennis Springer got the other two for 17 yards. . . .

Terry Thurston suffered a sprained ankle in the game, but the injury was thought not to be serious.

## JV's hold on, eke out 13-12 win

By SUE DURNER

Playing on a wet and muddy field, the St. Johns JV's eked out a narrow 13-12 victory over a stubborn Hastings eleven last Thursday night.

Due to inclement weather conditions, neither team could put together a sustained drive during the first half. Hastings was unable to move after receiving the opening kickoff of the second half. A fourth-down punt attempt was blocked by John Berkousen and the free ball was picked up by Mike Green, who scampered the remaining 12 yards for the Redwings' first TD. The try for the extra point was missed.

ST. JOHNS, KICKING off again, recovered a Saxon fumble on the 10-yard line and in less than a minute, Berkousen put St. Johns on the board again. The extra point was good and St. Johns led 13-0.

Near the end of the third period a St. Johns drive was halted on the Hastings 35 by a Redwing fumble. Two plays later, Wood raced 60 yards to the end zone for the first Hastings score. The extra point try was blocked.

ST. JOHNS, upon receiving the kickoff, could not move the ball and punted to midfield. On the first play from scrimmage, Fitzgerald drove to the Redwing 2-yard line. From there, a two-yard pass over the middle accounted for their last touchdown. Razzle-dazzle was added when a fake place-kick was turned into an incomplete pass, the play being broken up by John Salemi.

This win enabled the junior Redwings to extend their winning streak to 18 straight victories without defeat.

# PP&K contest Saturday

More than 200 boys are expected to turn out Saturday evening for the "kickoff" of St. Johns' second annual Punt, Pass and Kick competition.

The no-contact competition will begin Saturday at 6 p.m. at the St. Johns City Park athletic field. Some 167 applications had been received at sign-up headquarters Monday morning, and Bruce Fowler of Egan Ford Sales Inc., said that well over 200 registration blanks had been taken out.

HE EXPECTS most of them to be turned in by the registration deadline, which is this Friday afternoon. Youngsters between the ages of 8 and 13 are eligible

to register until then, as long as they are accompanied by a parent.

The public is invited to watch the young entrants punt, pass and place-kick.

The St. Johns area competitors will be testing their football skills at the same time as thousands of other boys their age compete throughout the country. Scores of the winners in each local competition will be mailed to Punt, Pass and Kick headquarters for comparison and determination of zone winners.

FURTHER competitors at the district level will qualify competitors for championships in the

14 NFL game areas—the areas being set up in line with television coverage of the 14 National Football League teams.

Area champions will compete during half-time at NFL games for division honors. The 12 national finalists will compete at the NFL Play-Off Bowl game in Miami, Fla., after a trip to Washington, D. C.

All-expense trips to NFL games for area winners and their fathers, and all-expense trips to Washington and to the NFL Play-Off Bowl game for finalists and both their parents will be provided by the Ford Dealers of America, who co-sponsor Punt, Pass and Kick with the National Football League.

IN ST. JOHNS, 8-, 9- and 10-year-old boys can win first prizes of Detroit Lions warm-up jackets, with helmets and footballs for second and third place. Boys 11, 12 and 13 can win gold, silver and bronze trophies. Three prizes will be awarded for each of the six age groups.

"I'm sure we're going to have a great evening," said Bill Swears, St. Johns High School coach who is competition director for PP&K in St. Johns. "I know the boys are looking forward to competition with each other, and I'll bet we have some winners in district and area events!"

SWEAR'S SAID members of the co-sponsoring St. Johns Jaycees have been preparing to get the field ready Saturday and many will be on hand to judge the competition. Competitors will punt, pass and place-kick. They will be scored a point for each foot of distance the ball travels on the fly, minus a point for each foot the ball lands to the left or right of the center line. Distances will be measured to the half-foot, and half-points will be awarded or subtracted.

"Any ties will be played off at the end of the program," said Swears. "In case any of our winners are tied with other finalists in the zone or district competitions, we'll have a special play-off day to be announced."

ST. JOHNS sponsors of the PP&K program are Egan Ford Sales Inc. and the St. Johns Jaycees. Jaycee members who will be judges Saturday night include: Bill McCarthy, Mike O'Connor, Norm Woodbury, Lee Hansen, Lee DeMastry, Jack Downing, Roger Feeman, Roger Hammentree, Sam Robinson, Jack Hart, Ron Krzak, Don Roesner, Jim Moore, and Sam Sample, Jaycee chairman.

Jerry Shoemaker, Bob Hliker and Chuck Frost are non-Jaycees who volunteered to help.

The wives of the Jaycees, the Jayceettes, will serve hot dogs, coffee and cokes at a concession stand at the field Saturday night.

## Laingsburg, Ovid tie scoreless

LAINGSBURG—The Laingsburg Wolfpack and the Ovid Romans did battle Friday night, but it was all near midfield, and neither team scored. The game ended in a 0-0 tie.

Neither team came close to scoring, and statistically they played evenly, too. Laingsburg penetrated to the Ovid 18 yard line in the first quarter, but a five-yard delay-of-game penalty stopped the drive.

Ovid drove to the Laingsburg 22 in the third quarter, but two key defensive plays by Lee Vieth and Steve Jones threw Ovid for losses to end their threat.

OFFENSIVELY, Laingsburg had four first downs to Ovid's five. The Wolfpack gained 81 yards on the ground and 15 in the air of 96 yards on the ground for the Romans. Ovid fumbled three times and was penalized a total of 35 yards; Laingsburg fumbled but once and was penalized a total of 95 yards.

The linebacker play of Laingsburg seniors Steve Jones and Dennis Shaw has been "outstanding" in the first three games. Jones has made 32 tackles and Shaw 27 tackles so far.

## Cross Country

Sept. 28: Alma 20, St. Johns 35 (Alma winner)  
Sept. 30: St. Johns and Grand Ledge, postponed.

Others get quick results with Clinton County News classified ads—you will, too!

THE LAINGSBURG defense was complimented, with Jeff and Lee Vieth, Craig Bradford and Stan VanVelsor being cited for good play in addition to the linebackers.

Laingsburg's record is now no wins, two losses and one tie. Ovid has no wins, one loss and two tie games.

## Name officers for DeWitt OES

DeWITT—The DeWitt OES held their annual meeting and election of officers Friday evening. Officers elected for the coming year are Lillean Steavens, worthy matron; Don Steavens, worthy patron; Vivian Richards, associate matron; Kenneth Richards, associate patron; Dolores Rummell, secretary; Ava Merrill, treasurer; Florence McNaughton, conductress; Betty Taylor, associate conductress.

Worthy Matron Julia Smith, was elected second vice president of Clinton County Association. The worthy matron and worthy patron, the Kenneth Richards presented their officers with gifts and thanked them for serving this year. They, in turn, were presented with gifts from the officers.

There will be a public installation of officers on Saturday, Oct. 30.

## Record enrollment needs more teachers

DeWITT—The DeWitt Schools have an enrollment of 651 in the elementary schools, 194 in Junior High and 287 in high school for a total enrollment of 1122, this is 172 more than last year.

Six extra teachers have been hired to care for the overload. There is still need for extra teachers when the new high school opens in a few weeks.

Next Saturday evening, Oct. 9, will be the Men's Fellowship at Bath Baptist Church.

## New Styling in the 1966 Buick Riviera

Completely new Riviera styling is introduced in this year's version of Buick's popular sports car. Longer hood and fenders, more windshield slope and a modified fastback roof and rear deck give the Riviera a longer, lower silhouette. Window vents have been eliminated by a one-piece window introducing an entirely new ventilation system. For the first time, the Riviera has been designed as a six-passenger car.

## Household fire protection

The St. Johns Chamber of Commerce urges you to use FIRE PREVENTION WEEK Oct. 3-9, to:

- Remove rubbish from cellars, attics, closets, garages.
- Install a fire extinguisher in your home, especially in the kitchen.
- INSPECT PROPERTY with fire prevention in mind, correcting situations which could cause a fire.
- Keep all matches, cigarettes and lighters out of the reach of children.
- Scatter a liberal supply of ash trays throughout the house.
- Spend some time calling attention to fire prevention with your children. (This is also a good time for the family to go over fire escape procedure in your home.)
- CHECK YOUR heating systems to make certain they are in safe condition for the coming cold weather.
- Check your insurance coverage to make certain it is adequate and in force.
- Make certain every child knows how to reach the fire department in your absence. (Underline the proper number on Page 1 in your telephone directory so that you can find it in a hurry.)

## Urge active area participation in Fire Prevention

The St. Johns Chamber of Commerce is urging all St. Johns area residents to take an active part this week as the nation observes Fire Prevention Week, which began Sunday.

Bernard Feldpausch, public relations chairman of the C of C, called attention to the fact that President Johnson has set aside the week of Oct. 3 to 9 for the annual observance of a week devoted to fire safety.

"LAST YEAR property losses resulting from fires reached a total of \$1,367,128,000," Feldpausch stated.

"Here in St. Johns our fire loss amounted to \$2,430, while the county loss was \$32,605."

The Chamber of Commerce feels that Fire Prevention Week is also an ideal time to inform area residents about the St. Johns Fire Department.

"We feel that everyone should realize that this is a volunteer fire department, with these men giving of their time to protect our property and residences. There are now 20 regular firemen, one on a leave of absence and three auxiliary firemen, for a total of 24."

"DURING 1964 these men responded to 34 city runs and 57 county runs. They participated in 15 regular drills and 12 auxiliary drills," he said.

In a letter to the St. Johns Fire Department, the Chamber of Commerce recently stated:

"All too often the work of groups such as yours is taken for granted. We in the St. Johns Chamber of Commerce feel that the service you are offering our community is much too important to take for granted."

"THEREFORE, our sincere thanks to you on a job well done."

"So, as to help make your work load easier, we in the Chamber will use Fire Prevention Week, Oct. 3 to 9, to call attention to what you have done and how local residents can help by proper methods of fire prevention."

The Chamber also noted that the St. Johns Insurance Agents Assn. is calling attention to fire prevention with a program geared toward school children. "The agents are providing school inspections, booklets for the youngsters along with hats, badges and rides on the fire truck."

THEY, TOO, are to be complimented for their splendid endeavor to make our youngsters fire safety conscious," he said.

### White, Willyoung attend 3-day JP convention

Clinton County Prosecuting Atty. Norman White spoke on arrangements and pre-examinations last week at the semi-annual convention of the Michigan Justices of the Peace Assn. at Boyne Mountain.

The convention was held Friday, Saturday and Sunday. Attending from Clinton County was DeWitt Justice of the Peace Gordon Willyoung.

Prosecutor White was among a number of speakers at workshop sessions of the convention. Other speakers included Circuit Judge Robert McIntyre of the First Judicial District, Circuit Judge Charles Brown of the 13th District, and other prosecutors.

Some 250 justices of the peace from around the state attended the convention. Attendance at one of the two conventions each year is necessary in order to maintain certification by the association, Willyoung said.

## A Clothes Dryer does much more than just replace the clothesline

IN ADDITION TO ENDING LIFTING, LUGGING AND HANGING CLOTHES ON WASHDAY A WORK-SAVING CLOTHES DRYER WILL DO ALL THESE EXTRA JOBS

- VALET SERVICE—wrinkles can be removed from corduroy, velveteen or wool garments by placing them in dryer for short tumbling period with damp sponges or bath towels. Place sponges or towel in dryer before putting in clothing to build up steam. Use medium heat setting. Bath towels leave lint on dark cottons, so damp, colorfast sponges are best. There must be moisture to release wrinkles and prevent shrinkage. Remove garments before completely dry and hang on wooden or plastic hangers until completely dry.
- FLUFFING OR DUSTING draperies, chenille bedspreads or other articles that need airing. Place in dryer on "no heat" setting and allow to tumble for 5-10 minutes.
- REMOVING MOTHBALL ODORS from clothes that have been stored. Use "no heat" setting and short tumbling time.
- BATHING SUITS & SNOWSUITS can be dried in pre-heated dryer with bath towels (which have been in dryer during preheating). Dark towels are advisable with dark fabrics.

### Mary-Martha circle meets

The Mary-Martha Circle of the First Methodist Church met at the home of Mrs Harold Roberts for a potluck luncheon last Tuesday, Sept. 28. Sixteen members and one guest were present.

Chairman of the group, Mrs O. E. Wells, conducted the business meeting. Officers for the year are: Mrs Henry Wood, co-chairman; Mrs Lyman Struble, secretary; and Miss Evelyn Putnam, treasurer.

PLANS WERE made concerning the Fall Supper. Other events of which the group was reminded were: Family night at the church,

Thursday, Oct. 7, at 6:30 p.m., when Robert Tuttle is to show pictures taken during travels in Africa; a rummage sale to be held in the church basement on Friday and Saturday, Oct. 15 and 16; and World Community Day Friday, Nov. 5, at the Lowe Church at 1:30 p.m. Sewing kits for school children in South America will be gathered that day.

A program entitled "Homemakers Can be Peacemakers" was presented by Mrs Lyman Struble. Devotions were given from James 3:2-10, by Mrs Harlan Dersham.

Big community problems will solve themselves if everyone works to solve the little ones.

## Double knit fabrics need special care

BY BETTY KETCHAM  
County Extension Agent  
Home Economics

Knit fabrics are an important part of most women's wardrobe. Why? Because they are comfortable to wear and require a minimum of upkeep.

Jersey fabrics have been around for a long time and familiar to most of us. But most fashion sewers are becoming acquainted with double knits.

THESE DOUBLE knits are still flexible like the jersey fabrics—but have a firmness which makes them easier to handle and sew. The simpler the pattern the more you will enjoy your sewing experience with double knits.

Select a pattern with few seams. Avoid bias lines and circular or gored skirts. For your first sewing experience avoid a pattern with button holes. Save this experience for later on, after you've developed some skill in sewing with double knits.

BE SURE the lengthwise grain is straight. Knit fabrics can become "off grain" in processing. Generally they can be corrected by GENTLY pulling from each side on the true bias. If the material is more than an inch off grain do not buy it.

If you want your dress to fit—not pinch be sure you shrink your knit material. All knit fabrics, except those that are bonded, should be pre-shrunk before cutting out your garment.

Double knits are usually sold in a tubular form. To open tubular knit, do not cut on the fold, but cut along one of the ribs near the fold line.

PRESS OUT folds of tubular knit, if possible. Some folds will not press out completely. Place pattern so crease will not show in the finished garment.

Other precautions must be considered in cutting and sewing knit fabrics. We've had several questions about the sewing tips for knit fabrics and will try to answer some of these next week.

Outdoor sports, such as recreational shooting, can be an effective preventive for juvenile delinquency. Judge William G. Long, of Seattle's Juvenile Court, who heard 45,000 cases over a 20-year period, says that not one of the boys or girls that came before him had a wholesome outdoor hobby.

## Lions Club hears travelogue on Italy

ELSIE — Beautiful colored scenes from one of the oldest countries of Europe provided an interesting program for the Elsie Commercial Club Wednesday evening. It was held at the Masonic Hall where the Eastern Star ladies served a Swiss steak dinner prior to the program.

Guest speaker was Cleon Rumbaugh who used a composite of pictures taken during four trips into Italy. Beginning his travels in the northern part of that country, he showed many scenes in the Dolomite Alps and the lake regions.

Some time was spent in Venice taking pictures of such points of interest as: St. Mark's Square; Cathedral of San Marco; Doges' Palace; countless bridges, including a walk across the Bridge of Sighs to visit the ancient prisons; a boat ride down the Grand Canal around the city to the Island of Murano; and a funeral procession of gondolas on the canal.

The tiny republic of San Marino atop a mountain in the Apennines and the oldest republic in the world was of special interest with its old-fashioned buildings and crooked cobblestone streets.

The next group of pictures were from Pisa with its famous Leaning Tower, Baptistry and Cathedral.

Mr Rumbaugh told the almost unbelievable story of Pompeii and Herculaneum as he showed the pictures of the ruins. The excavations showed a way of life, he said, that was cut off instantly but preserved in stone since 79 A. D. This was the first recorded eruption of Mount Vesuvius, when the cities were buried in 20 to 30 feet of ashes and mud.

Some of the most beautiful scenes were on the Isle of Capri in the Bay of Naples where Mr Rumbaugh made the boat trip to the famous Blue Grotto and great Faraglioni rocks. He also captured the charm of the natural beauty of the white buildings against the blue Mediterranean on the four-square mile island.

Since no travelogue of Italy would be complete without "The Eternal City," he included pictures of Rome and nearby Vatican City. Among them were: the Basilica of St. Peter's, the large

est Christian Church in the world; Hadrian's Tomb; Appian Way and the Catacombs; Trevi Fountain; Sistine Chapel; the Arch of Constantine; the Sant'Angelo Bridge over the Tiber River; and Claudian Aqueduct built in 52 A. D.

One could almost picture glad-lators as Mr Rumbaugh commented on the huge Colosseum where a large Cross commemorates the early Christian martyrs who died in the amphitheater, victims of lions and sports of early Romans.

Then there were pictures of the many monuments of the Roman Forum, busy center of the economic, political and religious life of ancient Rome, also the Pantheon, Augustus Caesar's Tomb and Mussolini's Palace.

He was also fortunate to secure a picture of the Pope giving his blessing and prayers for the crowds assembled on Sunday outside the Vatican.

Rumbaugh, who recently returned from his third European trip, has been a teacher at Patehill Junior High School for many years. He was also a Fulbright Exchange teacher in 1957 near Birmingham, England, where he visited some of his former students on his recent trip. His nephew, Larry Rumbaugh of Elsie accompanied him on this summer's trip.

Jim Hurst presided for the business session with Boyce Wooley as secretary-treasurer pro tem. Reports were given on the past summer carnival and Festival Queen contest and plans were discussed for next year's summer promotion projects. Tentative meetings have been scheduled for the first of the year with representatives of various programs, Hurst stated, as a head start on the 1966 summer. The Lions Club co-sponsors these projects with the Commercial Club.

Oliver Darling reported that 11 members helped select the new Christmas lights and decorations which were purchased this year. They also selected a set of "Welcome" flags to be used for major activities of the community. Several special meetings were held prior to the purchase of these large displays.

Store hours during the Christmas shopping days were discussed and it was decided to remain open until 9:00 p.m. every day but Sunday from Dec. 10 to Christmas Eve when the stores will close at 6:00 p.m. Entertainment for the youngsters was also planned for the holidays.

Mrs Lawrence Hess reported on the new Elsie Public Library building project and Kelley Carter commented on the urgent need for more space because of the wide and ever-increasing circulation of books throughout the community.

Hurst closed the meeting with a bit of humor, applicable to most businessmen, "The Crying Towel" from the Handy Alibi Calendar.

## Moonlight Madness Draws Big Crowd Thursday Night

Despite two hours of rain, a good crowd was on hand last Thursday night for drawings at the close of the St. Johns Moonlight Madness Sale. John Rehmann, general chairman for the annual affair, said the sale went real well, and there was a steady crowd through most of the participating businesses all evening, despite the bad weather. Here, Leon Brewbaker (left), Rehmann and Max Fields conduct the drawing in front of the Clinton National Bank and Trust Co. Winners of \$10 cash prizes included: David Henry, Laura Eldridge, Carol Ormsby, Mrs Lyle French, Frank Tomasek, Mary Masarik, Carol Vees, Mrs Vincent Geller and Kenneth L. Jones.

## Two initiated in Job's Daughters

ELSIE — Deborah Goodrich and Elizabeth (Betsy) Baker were initiated into the Ovid Bethel of Job's Daughters Monday evening with Honored Queen Linda Hale leading presiding in the East. Debbie is the daughter of Mr and Mrs Lewis Goodrich, Jr. of Ovid while Betsy's parents are Mr and Mrs Robert Baker of Webberville.

The meeting was opened by Guardian Mrs James Besko and Associate Guardian Robert Kridner of Elsie. Because of illness several offices were filled by substitutes. Escorts and honors were presented to Cheryl Watson and Sarah Goodrich Woodruff, past honored queens; Lewis Goodrich, Jr., past associate guardian; and Mrs Arley Lott, worthy matron of Morningstar Chapter.

Musician Jennifer Keys played a selection from "South of Music" prior to the ceremony of installation.

A newsletter and instructions for the Bethel from the Grand Guardian was read. This year's motto will be "Love and Peace" while the emblems are heart and dove.

It was reported that past guardian, Mrs Rose Gardner was now convalescing at her home near Laingsburg after nine weeks of serious illness following major surgery in a Lansing Hospital.

The "September Moon" dance held in the Veteran's Building and sponsored by the Job's Daughters last week with DJ Bob Carey of Lansing, was reported as a great success and very orderly, according to chaperones. The Richardson Girls Trio provided vocal arrangements during the intermission.

Among the future dates announced were: bake sale at Clock's Cleaner, Saturday morning, Oct. 2; school of instruction, Monday, Oct. 11 and Friends Night with a "fun program," Oct. 25.

Peggy Rummell volunteered as program chairman for the Friends Night. She will be assisted by Gloria Richardson.

The girls were reminded to send birthday cards to "Grandma" Cole at the Masonic Home in Alma, Saturday.

Following the business meeting, Guardian Mrs Besko installed those Council members who were unable to be present for the

last meeting. They were: Mrs Robert Cross of Elsie, guardian treasurer; Mrs Richard Richardson of Laingsburg, guardian secretary; Mrs Robert Kridner of Elsie, director of music; and Mrs Robert Baker of Webberville as custodian of paraphernalia.

## 5 chosen for 4-H school at Camp Kett

Five Clinton County 4-H'ers have been chosen to attend the District Junior Leadership School at Camp Kett today (Thursday) through Saturday. Camp Kett is located near Tus-

tin. Chosen for the trip were: Carolyn Plaza of R-4, St. Johns; Sandra McQueen of R-1, St.

Johns; Linda Davis of R-2, DeWitt; Jim Nichols of R-2, DeWitt; and Scott Matteson of R-1, Laingsburg. Some 150 4-H'ers from the state will participate.

THE YOUTHS were chosen on the basis of their junior leadership projects during the summer.

The leadership school, while including lots of time for recreation and fun, will dwell on such topics as New Horizons in Junior Leadership, Leadership Roles, Electing and Training Our Club Officers, and The Business Meeting. Workshops are planned for such topics as demonstrations, public speaking, college expectations, scholarships and awards, song leadership, recreation, emergency preparedness and safety activities.

# The Giant-Killer Rides Again!

**American Motors Challenges the "Big 3" of Detroit—With 4 New Lines of '66 Cars that Give the Public What it Wants.**

Last time it was size. This time? Quality! Quality that's built in—not added on. The promise: more built-in quality features at no extra price.

Remember when American Motors came out with the trim little Rambler and knocked the Detroit "Giants" on their collective ear? Overnight, big fins and fat land yachts went out of style. American Motors came along with the right cars at the right time and caught the competition napping. This year, almost half the automobiles sold are Rambler-size cars.

Round one to the "Giant-Killer." What next? For '66, American Motors again gets the jump on the big boys with a new rallying cry: Quality! A new kind of quiet quality that is built in as standard equipment on every car in the line.

This is the American Motors credo. Quality that's built in—not added on. First, determine what has to go into a car to make it stronger, safer, more dependable, more luxurious. Then put it there. Regardless of cost. Build it in.

Ready to be convinced? Ready to be surprised? Check this page for a preview of the 4 sleek challengers. New cars. New names. Then admire the styling of these exciting new cars. When you have finished, please get on your horse and go to the friendly Giant-Killer in your town, your American Motors/Rambler Dealer.

**ROGUE:** new razzle-dazzle Rambler. Outperforms every other car in its class (with standard engine!). "Do Rogues really come with rally stripes?" "No, but with the big new engine they drive that way." '66 Rambler American Rogue here October 7th.

**REBEL:** new roomy, zoomy Rambler. Doesn't cramp your style, or your legs, or your family, or your pocketbook. Think you know a Rambler when you see one? Think again, look again. See the '66 Rambler Classic Rebel at your friendly Giant-Killer's, October 7th.

**MARLIN '66** by American Motors. Full-size, family-size sports fastback seats 6—in comfort. (Even with bucket seats.\* Flip down the front and rear armrests and turn your Marlin into a 2 + 2.) Don't miss it at your friendly Giant-Killer's on October 7th.

**AMBASSADOR DPL** by American Motors. Now you can have your first luxury car while you're still young enough to enjoy it. Coil-spring seats like Cadillac. Double-Safety brakes like Cadillac. Price? Like Impala, Fury, Galaxie! Be sure to see it October 7th.

**TV PREMIERE THURSDAY NIGHT!** See the new American Motors '66 cars on "The Andy Griffith, Don Knotts, Jim Nabors Special," CBS-TV, October 7th

**Sealed Power names Oliver as vice president**

William M. Oliver, first personnel supervisor at the St. Johns plant for Sealed Power Corp., has been named vice president in charge of industrial relations for the Muskegon-based firm.

He replaces Harris W. Botruff, who has been with Sealed Power 31 years, including the last 10 years as vice president.

OLIVER WAS the first personnel supervisor at the St. Johns Sealed Power plant when it was started in 1946, and he was here until 1952. He has been with Sealed Power for 22 years, working in various industrial relations capacities in Muskegon, as well as St. Johns.

In his new capacity, Oliver will be in charge of industrial relations on a corporate-wide basis.

OLIVER SERVED as a lieutenant in the US Navy during World War II. He is a graduate of Michigan State University and has been active in community and civic affairs. He is past president of the Laketon Board of Education, past president of Muskegon's Goodwill Industries, past chairman of the board of trustees

of the First Congregational Church and a member of the Rotary Club.

Oliver and his wife and three children live on Giles Road in Muskegon.

"MR BOTRUFF will be sorely missed," Paul C. Johnson, president of Sealed Power Corp., said following the acceptance of Botruff's resignation. "He is well known in the field of industrial and public relations locally and nationally."

Botruff and his wife have moved to Pentwater.

Botruff served on the industrial relations committee of the National Association of Manufacturers and was a member of the Public Relations Society of America. He is past member of the board and past president of the Muskegon Manufacturers Assn.

HE WAS chairman of the United Red Feather - Red Cross campaign for Muskegon County in 1959 and has served on the boards of the Michigan United Fund, Muskegon Red Cross and Muskegon United Appeal since that time.

WILLIAM M. OLIVER

He is past vice chairman of the Muskegon County Council of Alcoholism and past chairman of Muskegon County's "Michigan Week." He is past board member of the Muskegon Chamber of Commerce and the Hackley Adult Mental Health Clinic. He is a past board member of the Temple Methodist Church, a member of the Muskegon Rotary Club, Century Club and Saladin Shrine Temple.

**Low funds will keep lighting low at park**

Improved lighting of the city park softball diamond and tennis courts is in the wind now, but it will apparently stay there for awhile. The old bugaboo—lack of funds—will prevent any immediate changes.

The city commission discussed the matter briefly at its Sept. 21 meeting. Commissioners discouraged any further study or bidding on such a project at this time because there is no money for it.

THE LIGHTING on the softball diamond and the tennis courts is very poor by modern-day standards, City Manager Ken Greer told the commission in a special report, and he noted the poles on the ballfield are "old metal ones, very unsafe and hazardous."

Local crews will not climb the poles to change bulbs and "we have to depend upon the good nature of Consumers Power Co. when they are in the neighborhood to help us out by replacing worn-out bulbs at this field," Greer said.

THE TENNIS courts at the park are now lighted by lamps held by nine metal poles which could be utilized for new par lighting, Greer said. They are in "fairly good" condition and can be reached by one of the city's DPW trucks when it comes to changing bulbs. While there is a safety problem in the present lighting setup, there's a lighting problem, too. Consumers Power Co. engineers have reportedly checked both the diamond and the tennis courts with light meters, and they show the lights produce less than one-half the amount now considered standard for softball lighting and tennis playing.

"A RECREATIONAL softball field would require approximately 22 foot candles of light at the infield and 18 foot candles at the outfield. As a comparison, a championship professional ballfield requires 40 foot candles in the infield and 25 foot candles in the outfield.

"To do this, at our field, would more than double the cost as it would require an additional 22 quartz fixtures."

TOTAL COST of poles, lights and fixtures for the ball field was estimated at more than \$1,700. About 1,000 feet of underground wiring, various miscellaneous fittings and labor would bring the cost up to \$2,800 to properly light it.

Approximately \$2,000 would be expended on the tennis courts to completely rewire and relight them.

Commissioners agreed to the need for the improvements and said the lack of funds was the only reason for the project being put on the shelf for this year.

### Better skating is hoped for

There's a promise for better ice skating this winter!

City crews have prepared the skating pond with a supply water line that now runs out into the center of the pond, and with an experimental sprinkler head they are going to try to fog the pond this winter.

"It is our hope to be able to make ice much faster and easier," City Manager Greer said, "but if nothing else comes of it we will have at least supplied ourselves with a convenient center tap and not have to drag around so much hose."

THE UPRIGHT riser for the water system is a steel pipe that can be threaded or welded. It is solidly anchored so that this post and the area can be utilized for other purposes.

One long-range plan proposed by Greer would be to convert the pond area into a spring-summer-fall location for small camp trailers that would have lights and water supply available. "Another long-range use might be that we would lay out a tether ball court or additional basketball courts," he said.

The present new water line to the center of the pond is designed so that it can be drained to prevent its freezing.

### Chorus to meet Sunday to plan Messiah program

The Clinton County Chorus held its first meeting Sunday to reorganize as a Community Chorus Assn. The Community Chorus, with the cooperation of the St. Johns Ministerial Assn., will present George Frederick Handel's "Messiah" Dec. 15.

All church choir members and interested people are invited to come to the second meeting this Sunday at 3 p.m. in the high school music room. To be discussed at the second meeting will be rehearsals times and the number of rehearsals to be held.

INTERESTED MEN are especially urged to attend as there is an apparent shortage of male voices.

C. Gordon Vandemark, choral director of St. Johns Public Schools and the First Methodist Church, will conduct the chorus rehearsals. Robert Cox, assistant director of instrumental music in the schools and choir director at the First Congregational Church, will work with the high school orchestra and will direct "The Messiah."

"The Messiah" will consist of the traditional Christmas section (Part I and the Hallelujah chorus). Persons interested in solo work should contact Vandemark or Cox.

### Price WSCS meet at church

PRICE— Price Women's Society met at the church Sept. 29 with Mrs Albert Waldelich and Mrs Justin Eaton as hostesses.

"Living In the Space Age" was the theme of the program presented by Mrs Roy Ormsby. Mrs Nona Ashley led the study and discussion of Ephesians.

The business meeting was conducted by the president, Mrs Russell Ormsby. Announcement was made of World Wide Community Day which will be held at the Lowe Church, Nov. 5 at 1:30 p.m. Various reports were given which included the Workshop at Ashley, Fall Rally at Greenville and WSCS meeting in St. Johns. The society voted to purchase 10 Golden Books to give to the Methodist Community House in Grand Rapids.

The next meeting will be Wednesday, Oct. 27 at the church with Mrs Helen Hunt and Mrs Harold Crowley as hostesses for dinner. Program topic will be "Call to Prayer and Self-Denial" and Mildred Ashley will present further study of Ephesians.

### Evening service at Price Church Oct. 10

PRICE— "One In All" will be the theme for the Sunday evening services which will be held at the Price church Oct. 10 at 7:30 p.m.

Special music and talent will be on the program including Diane Hazle as soloist. There will also be a singspration, scripture reading, prayer and meditation. A coffee hour will follow the services. Bring the family and plan for an evening of fellowship. The next service will be at the Shepardsville Church on Sunday, Oct. 31 at 7:30 p.m.

# Former St. Johns puppeteer 'big' with California kids, folks

Former St. Johns resident Harry Burnett, co-founder and director of old Turnabout Theater and Yale Puppeteers, entertains Vivian Smith and Tal Clayter at Claremont, Calif.

(From Los Angeles Times)  
CLAREMONT, Calif. — The bushy-haired man with the long nose and twinkling eyes held the attention of his youthful audience as the actors he manipulated appeared to come to life.

Many of the youngsters' fathers and mothers had seen the man on another stage during the '40s and '50s in Hollywood.

In those days he was one of the partners who ran the only permanent marionette theaters in America. The Turnabout Theater entertained audiences for 15 years with its combination live stage at one end and marionette stage at the other.

THE MAN IS Harry Burnett, actor, craftsman and puppeteer. He is now director of the Marionette Theater of the Claremont Parks and Recreation Department, which continued this season's shows until Sept. 30. The shows are held Tuesday through Friday in Claremont Memorial Park.

(Burnett is well known to many St. Johns people. He spent his early life here, graduating from St. Johns High School. He was the son of Noble Burnett, who operated a retail store in the Steel block in downtown St. Johns. The family lived on South Clinton Avenue across from the present high school parking lot.)

BACKSTAGE in the recreation building Burnett has many memories of Hollywood in its heyday. A picture of himself and two partners of 38 years, Forman Brown and Richard Brandon, dressed in plus fours and caps standing beside a tour car tells the beginning of their partnership.

Memoirs include puppets of Hollywood actors, more pictures of stars and another shot showing the road tour of the "Yale Puppeteers," as the trio was known.

SHELVES and drawers with neatly labeled boxes contain materials and decorations for anything imaginable in creating a puppet.

Burnett started in puppetry as a freshman at the University of Michigan. Later, transferring to Yale, he teamed with Brown and Brandon and the puppeteers traveled for 40 years, to become the most traveled and best known troupe in the country.

IN THE THIRTIES they established the first permanent marionette theater in America and later had the Turnabout Theater especially designed for them in 1941. At the end of the performance a song invited spectators to "Turnabout, Turnabout," and they flipped the street-car-type seats over to face the other stage before retiring to the patio for intermission.

"In 1929 and '30 we used to put on shows at Olvera Street," he said. "We entertained Charles Chaplin, Greta Garbo, Lionel Barrymore. We presented a special show for Dr. Albert Einstein when he visited the street while teaching at Caltech." A Mexican woman who recognized him presented him with a colorful gourd tied with a big ribbon in lieu of flowers, he recalled.

BURNETT said he had fun making puppets of Hollywood actors and presenting them on stage. "We did it with tongue in cheek, poking fun at them, and they always took it good-naturedly."

"Puppetry is infectious," Burnett, who gets a lot of fun out of living, explained. "There is so little of the make-believe world left for kids anymore."

"CHILDREN love making pup-

pets. They lose their inhibitions and there are so many different areas in which they can find something to do. There is something for everyone, whether it is scenery, writing, painting," he said.

"Therapeutically it is good for the handicapped," he continued. For the past five seasons Burnett has been an important part of USC Idyllwild Children's Program.

BY USING plastic foam to mold a puppet, children can complete one in two weeks. "We used to use clay or plaster of paris. This took too long. Kids are hard to tie down. They get impatient to see the finished product," he said.

As far as children continuing in puppetry, Burnett said that only one in fifty will go on with his training. He said he hopes to also develop an active senior citizens participation group.

## Road Commission Weekly Report

The Board of Clinton County Road Commissioners held its regular meeting Monday, Oct. 4. The Commission discussed tree cutting, bridges and road construction.

The blacktopping of Chandler Road has taken over two weeks. Continued rain caused many postponements of the prime and double seal.

THE September financial report showed income of \$11,146.89 and expenditures of \$100,687.72. September was the third month in a row with payments exceeding \$100,000 and the month was an all-time record high. In addition to heavy bills for blacktop, gravel, dust control and culverts, there was the one big item of \$37,300 to match Federal Funds on the Howe Road Bridge across the Looking Glass in Eagle Township.

The work on this bridge is going well and the Fry Construction Co., contractor, announces that they hope to have the new bridge open to traffic in December.

THE OTHER bridge on the schedule this year is in the process of engineering work. This is the Island Road bridge at Elsie. The test boring is completed and the reports favorable. We hope to let contracts in December. The route re-location has been approved by the Bureau of Public Roads.

The Centerline Road bridge may be constructed and opened to traffic sooner than expected. Delivery date for the prestressed concrete beams has been moved up so that completion might be as much as a month earlier than the Dec. 1 first announced.

IN ADDITION to these bridges and many repairs to other bridges in the county, two large sectional plate tubes have been installed. One, on Herbison Road in DeWitt Township, was put in some time ago, and this week another is being installed on Wacousta Road, south of Parks in Bengal Township.

"For many years the hunter and fisherman has financed conservation activities not directly benefiting hunting and fishing. Take away the sports of angling and gunning, and you wipe out funds now supporting stream and watershed protection, pollution control, and game research and management activities vital to many species of wildlife never taken for sport." Greenbush Township farmer John Jones checks his 21-inch corrugated metal pipe, which is connected to a concrete drop box erosion control structure. Jones has a good stand of ditch bank seeding only six weeks old on the bank in the background. Stone rip-rapping along the left bank also protects the open ditch.

Farmer John Jones puts the finishing touches on his fourth erosion control structure built along his 3,100-foot open drain.

## Farmer adds 4th erosion control device

Continually working to better his farmland, Greenbush Township farmer John Jones has recently built a fourth erosion control structure along a 3,100-foot open drain on his farm.

The drain now has two box-inlet and two weir-type structures.

Jones has been active in soil and water conservation practices on his farm at 1434 W. French Road. He was number 55 on the Clinton County Soil Conservation District cooperator roster; there are now 647 land owners participating in the district program.

JONES HAS expressed concern and interest in his soil and water problems. He is also active in 4-H Club work, teaching conservation. He has a basic soil and water conservation plan for his farm developed with the assistance of the US Soil Conservation Service.

He has installed 19,000 feet of tile since 1961, with over 12,000 applied before that date. Other practices on his farm include the use of cover crops, crop residue, plow planting and minimum tillage, grassed waterways, ditch bank seeding, stream bank protection with rip-rapping, and a wildlife plan developed by the Michigan Department of Conservation game division.

A woodlot of 16 acres is managed and protected from livestock.

Future Teachers club plans dance

ELSIE—Initiation of new members to the Kate Finch Future Teachers Club was held Thursday afternoon in the Elsie High School gymnasium with sponsors Mrs. Thelma Rule, Mrs. Geraldine Hawes and Ronald Hoshal as sponsors. There were 54 present for the ceremony.

The new officers who were recently elected were in charge of the business session. They were: president, Barbara Horak; vice president, Tom Bakita; secretary, Nancy Thornton; treasurer, Barbara Hess; historian, Nancy Walter; and reporter, Jennifer Keys.

There was a discussion on duties as FTA members in assisting teachers at the Knight Elementary and Junior High Schools. Assignments are now in progress and will be given out soon.

Plans for sponsoring a DJ Dance next month were made with the following committee chosen to make arrangements: Jennifer Keys, Linda Sturgis, Mary Slagh, R. J. Jones, Randy Daley and Mr. Hoshal.

A few games followed the meeting before they assembled in the Home Economics room for an indoor picnic supper.

Mrs. Ward Lewis underwent major surgery Thursday at the Owosso Memorial Hospital. She will be confined there for 10 days.

The regular PTA meeting scheduled for Monday, Oct. 11, has been postponed until the next Monday night at 8:00 p.m., Oct. 18. Details of the program will be announced later.

Youth Fellowship officers to be installed Sunday

ELSIE—The Rev. Gordon Showers and his son, David were welcomed to the Sunday evening meeting of the Methodist Fellowship in their chapel room.

The family moved here from Beaverton last week as Rev. Showers will serve the Elsie and Duplain Methodist pastorates.

The worship service on friendship was given by Jackie Moore following group singing.

Jennifer Keys presided for the business meeting when progress reports were given by various committees including the drive for funds for UNICEF on Sunday, Oct. 31.

Program area chairmen will be selected at a special meeting of the executive board and counselors with the Rev. Showers who will explain the duties in detail.

David Showers gave information on the Fall MYF Rally to be held in Mount Pleasant, Oct. 24 and plans were made for the local group to attend.

Kenny Lentz and David Williams were appointed to check suitable films for use with a future program.

Kenny Baese and David Showers volunteered to relate information about what the MYF is helping to do around the world and to suggest various money-making projects for the young people.

ment period.

Jennifer Keys placed on the altar, the old Bible, used by her great-grandfather, the Rev. A. F. Bryant, who was pastor of the Elsie Baptist Church at the turn of the century, and will use it during her service as president.

The meeting closed with the Christian Fellowship circle benediction.

A social period in Fellowship Hall with Bobby Justice and Kenny Lentz serving Kool-aid and cookies closed with music and singing.

**NOW! '66 CHEVROLETS**

Caprice Custom Coupe

**NEW CAPRICE BY CHEVROLET**

Custom Coupe, Sedan and two luxurious new Custom Wagons now. Liquid smooth ride. Power you can order just as

smooth and pin-drop quiet. Turbo-Jet V8 engines that go all the way up to 425 hp. Shimmering new interiors. The look of hand-rubbed walnut trim. Elegance everywhere. Made by Chevrolet, so you know what a beautiful value it must be.

IMPALA

**NEW CHEVROLET JET-SMOOTHER**

We've again specially tailored those coil springs at every wheel to each body style. We've put in new softer shock absorbers. No Chevrolet has ever had a ride like this. Power begins with a thrifty Six at 155 hp, and goes on from there. Turbo-Jet V8's available at 325 hp, 390 hp and 425 hp in all the new Impalas, Bel Airs and Biscaynes. Model shown: Impala Super Sport Coupe.

**NEW CHEVELLE SUPER SPORT 396**

New 300's. New 300 Deluxe models. New Malibus. And two new Super Sport 396's—coupe and convertible—with engines that tell you exactly what kind of Chevelles they are. Both are available with 396-cu.-in. Turbo-Jet V8's, either 325 hp or 360 hp. And both come with special hood, grille, suspension, emblems, red stripe tires, floor-mounted shift. Twelve beautiful new Chevelles in all—and all as new inside as they are outside, headlamps to taillights.

Chevelle Super Sport 396 Coupe

Nova Super Sport Coupe

Corsa Sport Coupe

**ALL NEW CHEVY II**

It's so different, we should really call it the Chevy III. Roofs are swept way back on coupes. Fenders, grille, hood, taillights and bumpers are new on all seven models. Interiors are richer. Power available up to a 350-hp Turbo-Fire V8. You can even order headrests for the front seats and Mag-style wheel covers. What's the economical, dependable Chevy II coming to? A lot of smart '66 car buyers, we figure.

**'66 CORVAIR UNIQUE**

Still America's only rear-engine car. And with the special steering and suspension you can add, there's no better way to rid yourself of prematurely gray driving. Lots new. Corvaire, like all the '66 Chevroleths, has a padded dash, seat belts front and back, new fully synchronized 3-speed. Corsas, Monzas, 500's. Get one. Stay young.

The importance of 'A pharmaceutical history'

For most of us a medical history is on file with our family physician. This record lists the major illnesses that we have experienced and the treatment provided.

A need exists now for an additional "history." Since medicine has become a highly specialized field it is not uncommon for one person to be treated regularly by two or more physicians.

THE COMMUNITY'S expert on drugs, the family pharmacist, is the logical health professional to maintain complete records of your drug history.

Today many family pharmacists go one step further. They provide a complete record that includes any self-medication that you may use and all drugs prescribed for you by physicians.

FOR THIS AND other reasons you should select a family pharmacist and make use of the valuable services that he can provide. National Pharmacy Week is being observed this year from Oct. 3 to 9.

Scouting has big appeal of adventure for boys

Boys like Scouting—and they want to be Scouts. A major effort of the Boy Scouts of America from Sept. 13 to Dec. 17 is to make Cub Scouting, Boy Scouting, and Exploring available to many more boys in our area.

The fall membership campaign stresses the theme, "Follow the Rugged Road" to Scouting and to adventure. The experience and excitement of outdoor activities help build boys into men who are physically, mentally, and morally fit.

AS A PARTNER WITH many local religious and community organizations, Scouting has become a vital educational force in the lives of thousands of boys.

Now, however, the fall roundup program of the Boy Scouts of America becomes a potent force to "reach 'n' recruit" more boys before they grow out of the ages 8 through 17.

"BREAKTHROUGH for Youth," the two-year program of the Boy Scouts of America, represents a new emphasis on bringing Scouting and its values to the many boys now without the opportunity to be Scouts.

The 1965 fall roundup invites new Scouts into existing Cub Scout packs, Boy Scouts troops, and Explorer posts, and it is also a plan to organize new Scout units to take care of the exploding youth population and to recruit more adults as volunteer leaders and committeemen.

We encourage every boy who wants to be a Scout as well as interested adults to join Scouting during the 1965 roundup.

10 YEARS AGO From the Files of Oct. 6, 1955

"St. Johns Public Schools of Clinton County, Mich.," will be the official legal name of the local public school system in the future.

In a spectacular barn fire requiring almost eight hours to put out, St. Johns and Fowler firemen last Friday succeeded in keeping the blaze from spreading to adjoining structures.

The budget committee of the Clinton County Communities Chest Monday night approved quotas requested by five individual and collective charities and foresaw a county quota of between \$30,000 and \$32,000 as a final total.

25 YEARS AGO From the Files of Oct. 3, 1940

Theo. H. Townsend, A. E. Wilson and Herbert Armbrustmacher comprise the draft board for Clinton County. Under their direction all men of draft age—21 to 36—will be registered on Oct. 16 and classified for military service.

An appropriation of \$15,000 for improvement of airport facilities at St. Johns is included in a proposed project advanced by the Federal Civil Aeronautics Authority in Washington, according to a dispatch from the capital.

An allotment of \$1,890 to nine high schools in Clinton County for helping needy students to earn part of their expenses is announced by the National Youth Administration. St. Johns High School's share is \$486, or \$54 per month for the nine months.

50 YEARS AGO From the Files of Oct. 7, 1915

Reports from August show two births in the City of St. Johns during that month and four deaths. Take a long time to reach 100,000 population at that rate.

Seeming to be especially favored by having the first fair week this fall, the Clinton County Agricultural Society came out with colors flying after their exhibition last week. Gate receipts amounted to nearly \$5,300. It is estimated that about \$1,000 was cleared.

While driving a rock well on the farm of William J. Moss in Essex last week, workmen found a six-foot vein of coal at a depth of 220 feet, covered with a roof of 75 feet of shale rock.

Did I Start All of This?

RAMBLIN' with Rink

BY LOWELL G. RINKER

When my in-laws moved from their farm into the city for the winter last year, we decided to keep the dog that had grown up with my wife, rather than letting it be put to sleep.

We weren't sure St. Johns was either, but we decided to give it a try before taking the more radical course. Though she was a farm dog, Button spent most of her time in the house even there.

OUR MAIN worry was how Kathy and the dog would get along. Kathy would fare well, we were sure, but our misgivings were over Button's welfare.

The stage of pulling her tail has passed, thank goodness, but Kathy frequently tries to get the dog to stand up on two feet—sometimes her front feet and sometimes her back feet.

BUTTON HAS put up with Kathy extremely well, we've felt. In the early days of their forced companionship, Button would bark or snap when Kathy got particularly rough.

Button was born a mixed-up dog, but she has enough hound in her that we affectionately call her "Houner" as much as anything. Her face is so formed that she can look like the most sad and unhappy creature on earth when she wants to.

Character

By W. E. DOBSON

There is no stall or market-place Where it is bought and sold; It's found among the very young, And dwells still with very old; It claims no far-off land of birth, No ties of royalty— It seeks no form of favor, Lest it be less than free.

It comes in many sizes, No color knows—or creed, It springs from unknown places In time of greatest need; A Universal language Is the only tongue it hears, It shares a common worship— The music of the spheres.

No king or potentate confers A medal or a crown, Who wins this prize may never know Great fame or world renown: Yet virtue finds its own reward In coin of other measure, And character has value still Beyond all earthly treasure!

MICHIGAN MIRROR

Looks like '66 politics story one of Daniel in lions' den

BY ELMER E. WHITE Michigan Press Assn.

Political sparring for the 1966 bout is getting serious already, but instead of being a man-to-man encounter, it has taken on more of a "Daniel in the Lions' den" appearance.

Like gang warfare, the rumblings started several months before the midsummer Democratic "Get Romney" campaign came out in the open.

Even a few dissident Democrats commented about the lack of subtlety used by the legislative majority leaders in killing Gov. George Romney's hopes for tax reform this year.

ONE OF THE keys to this all-against-one effort lies in the increasing mention of the governor's name in conjunction with 1968 presidential election talk. Another is in the fact that state senators will be elected for four years in 1966.

Still a third can be found in the attempt to get former Gov. G. Mennen Williams back to run against Romney next year.

First, Democrats need to punch as many holes as they can in Romney's national image armor, which at this point is very firm.

Four-year terms for senators starting in 1967 means the Democrats need to put up a strong fight next fall to hold as many seats as possible.

TO ACCOMPLISH this politicians need to appear as supporters and idea-men for all popular legislation and opponents of the publicity unpopular proposals.

If any tax reform is to be undertaken, they must try to see to it that it is Democratic-initiated. It must be geared so they can appear to be convincing Gov. Romney that it is valuable and needed.

By calling Romney's reform plan unfair to the low income taxpayer and the consumer, they hope to maintain in good favor with the voting, working man next November.

POSSIBLE retirement from the

lot of shennanigans from Kathy and must stay home alone at least three days a week, she does get treated rather royally at the Rinker home. Nobody else has two beds; Button has—one behind the chair in the living room and another in a box in our bedroom.

BUTTON is now pretty much used to living in town and she's always ready to come with us when we leave after a visit to the farm. She's the fourth member of our family, and the ease with which she gets what she wants proves it.

While Button must put up with

International political arena has been admitted by Williams, but his statements of recent weeks are still a far cry from announcing intentions to run against Romney. Democrats tried at least once before to lure the former six-term governor back to the state scene.

Strong evidence will be needed that serious inroads have been made by the current campaign if Williams is to agree to run against the present chief executive in either the governor or US Senate race next year.

AN UNFORTUNATE sidelight of the current political fighting has developed to include an area of legislation which should have nearly unanimous support.

Several traffic safety measures proposed in the regular 1965 session died because of mi-

nor spats between members and the major fight between the governor and the Democrats.

Now, majority Democrats say they are working on a comprehensive program of traffic safety legislation to be presented next year.

A GOVERNOR'S study committee came up with several recommendations to alleviate traffic safety problems. Most of these were incorporated in the governor's official legislative program, which this year was the kiss of death for them.

Although several of these duplicated proposals suggested by Democratic Secretary of State James M. Hare, legislative powers decided to hold passage until next year.

That glorious time of year

BY JOHN STAFFORD

What is it that makes fall a particularly glorious time of year?

Maybe it's savoring glimpses of leaves on the trees and green grass for the last few times, realizing that the countryside will shortly be covered with monotonous white frosting for five long months.

Possibly it's the Sunday color tour after church, quenching the thirst for Mother Nature's beauty by drinking in the brilliant reds, oranges and yellows that drench the woods.

OR MAYBE IT'S THE weekly trip to the market, brightened with bushels of rosy red apples and large orange pumpkins.

Maybe it's stepping from the house on that first snappy morning, inhaling the brisk air, then dashing to the woodpile for the first fire since the end of long, hot summer.

Everyone seems busier, more alive.

Across town most afternoons echo sounds of the high school football boys, shouting cadences to pushups and knee bends, and giving out with a lot of other hollering as preparations for the week's "big game" continue.

HUNTERS MAKE the annual pilgrimage to the basement or attic for "Old Betsy," then oil her up real good while faithful dog Rex goes out of his mind.

From a distance it looks like the whole town's afire. Closer inspection, however, reveals several dozen eager beavers getting those leaves off the lawn and burned. It's a pleasant aroma, a fall smell.

Jack-o'-lanterns smile from front porches, ghosts and goblins roam the streets, the door bell rings and no one's there—it's Halloween. Kind of a happy, yet sad, time. For fall's almost slipped away, and with its passing go those sights, sounds and smells that make it such a glorious time of year.

**Miss America would measure 91-66-91**

Rep. Robert McClory (Ill.) "... There is a great national interest in the hearings now being conducted by the House Science and Astronautics Committee on a bill which would authorize a three-year study of the advantages of the metric system of weights and measures. . . . One of the most impressive attractions in support of the House bill (H.R. 2626) sponsored by Chairman George Miller appeared in . . . the Chicago Daily News" (The condensed article follows).

and Miss America's 91-66-91 dimensions.

And think of what will happen to many of our old sayings. Give him 25.4 millimeters and he will take 1.6093 kilometers. It's all wool and 0.9144 wide, 31.1035 grams of prevention is worth 0.03732 kilograms of cure.

Ah well. It will all be the same when we are 1.8288 meters under.

**Grassroots Comment**

Students who have paid attention in mathematics class are already familiar with the metric system.

A study leading to the adoption of the metric system has merit as this system is compatible with the dollars and cents system. —J. C.

**Mirror . . .**

Continued from page 2

THE AMERICAN system grew haphazardly. For example, the inch was once the distance of three barley-corns end to end; the inch, pound and quart are not internally related. The metric system was rationally developed. The units of length (meter), mass (gram), and fluid capacity (liter) are related to one another, and smaller or larger units are computed by tenths or tens.

The advantages of shifting to the metric system would be enormous. As one minor example, it would reduce the likelihood of error in the US space program, where NASA used the metric system and much US private industry uses the inch-pound system. Some mathematics teachers estimate that 25 per cent of a child's time could be saved by eliminating the need to memorize such things as pecks, rods, fractions, numerators, and the like. . . .

OTHER THAN the weight of tradition, the chief argument against converting to the metric system is that it would be very costly. Estimates range from \$20 billion to \$150 billion. . . . If a change were made what would be the best period of time and the best phases? . . .

These are the kinds of questions that the proposed study would investigate. . . .

If the American people change from the inch-pound system to the metric system as the British people are going to do, the shift will require some painful adjustments in our everyday thinking and speech.

FOR EXAMPLE, it will take a while to get used to talking of President Johnson's 38-liter hat

Essentially what he means is that he will have traffic safety bills ready for introduction before the Governor's 1966 legislative program is spelled out. The package, or a good part of it, can then be presented as a Democratic victory.

BLUE, YELLOW and white may one day have as important meaning to traveling motorists as the red, green and yellow of traffic lights now denote.

Michigan highway officials have installed the second series of color coding signs and reflectors to test the effectiveness of them as a means of instant communication.

Yellow and white reflectors have been in use for some time on the state's high-speed roads. The white is used on through sections to mark the roadside, while yellow reflectors bring out exits and entrances.

BLUE SIGNS and reflectors to denote exit lanes were tested to some degree of effectiveness at Mount Pleasant and Clare on US-27 the past four years. Similar markings were installed this fall at the complex Ann Arbor-Flint interchanges on northbound US-23.

Officials hope the new test will determine whether the distinctive blue markings will eliminate some driver confusion and thus ease the flow of traffic at busy interchanges.

**Bement Library Book Shelf**

By Hila Bross

During the last 10 days our Jewish friends have been celebrating their High Holy days, a period punctuated by Rosh Hashana and Yom Kippur (New Year's Day and Day of Atonement). This season is a favorite time for family get-togethers and it seems an appropriate time to discuss some books currently in our library.

THE RABBI is Noah Gordon's first novel, and it has immediately established him as a writer of major importance. Rabbi Michael Kind is the central figure of a story filled with unforgettable people, provocative ideas, and fascinating episodes. Readers will enjoy meeting the grandfather, who teaches Michael the meaning of being a Jew, and the orthodox immigrant rabbi who teaches him the meaning of God. THE RABBI is a satisfying story for all readers, regardless of religious background.

FRIDAY THE RABBI SLEPT LATE by Harry Kesselman is described as "an unorthodox mystery," and while it may not have the stature of Noah Gordon's book, it is, nevertheless, extremely entertaining and is a book which holds one's interest to the last paragraph. It is the story of a girl's murder in the parking lot of a Jewish Temple in a prosperous Massachusetts suburb.

The young rabbi is not only the amateur detective of the piece, but the prime suspect as well. Trained in the demanding complexities of Talmudic reasoning, Rabbi David Small can see not just two but usually three sides to any story. This training enables him to solve the mystery.

THE SHEPHERD by Robert Payne is the story of the Hebrew boyhood of Jesus, called by the old Hebrew name of Jeshua. This book is the obvious result of a tremendous amount of research into the lives of the Jews under the Roman empire. Most realistic in his description of the temple and the numerous sacrifices of animals during Passover Week. This book was very ably reviewed by Mrs. H. F. Millman at a recent church study group.

Infinitely more horrible than animal sacrifice ever was is the story of the sacrifice of European Jews under the Hitler regime, as revealed in THE TRIAL OF ADOLPH EICHMANN by Lord Russell of Liverpool. This is definitely not light reading, but we need an occasional reminder as insurance that this sort of thing will never happen again.

IT IS INTERESTING to note that one of the most popular books in our library is EXODUS by Leon Uris, the story of the modern Jews' return to Palestine. Our one copy of this book is in such constant circulation that we have just bought a second copy.

HAYDEN PEARSON

The sun dips to the south and shadows are lengthening. Dawns are crisp and powder frost is gray-white on meadows and uplands. High noon is an interlude of quietness while purple haze shimmers on pasture slopes and mountain shoulders. The bonfires of October flame brightly on hillsides and in valley woodlands.

search the gardens and lawns. Animals' fur is thickening and ripe needles turn brown on the evergreen. This is early evening of Year and the tempo of life slows. The Big Dipper is low in the sky and the Harvest Moon sails serenely among blazing stars.

When a countryman crosses the yard to the barn in the morning, he stops a moment to savor the season. Light mist floats on the lowlands and above meadow brooks. Patches of fog nestle in highland hollows and paint a Monet picture as the first slanting rays light the gold of the maples and beeches.

AUTUMN, men say, is the end of a season. But the great forces that give us our flowering world are on schedule. For the glory of October is an integral part of the climate that means a flowering world. This is the climax of beauty but the glory on the hills is a promise that when Time is fulfilled, man can again drink of its beauty.

SUMMER HAS faded and a man remembers - remembers the time of planting and cultivating. He looks at the orchard with apples red on the bough and the cornfield gold and tan in the sunlight. There is peace and brooding melancholy in the approach of autumn; but there is also a feeling of completeness that brings satisfaction to him who is in tune with the turning year.

# News of Interest to Clinton County Farm Bureau Families

Clinton Representatives at Camp Kett Seminar

Shown with other representatives from the Central Michigan area are Roger Smith of rural DeWitt, (left), and Charles Openlander of R-3, Grand Ledge (third from left). The youths attended the second Annual Farm Bureau Citizenship Seminar held at Camp Kett near Tustin in July. They will give a report of the Seminar at the county annual meeting of the Farm Bureau Oct. 12 in St. Johns. Also pictured are Mary Lou Sabin, Robert Sooy, Dwight Burton and Richard Davidson. Local and surrounding area businesses contributed the funds to cover the cost of the week's stay at the camp for each student.

## Plan FB expansion program

"We voted for an expanded Farm Bureau program and higher dues to finance it because farmers know there are no simple solutions to tough farm problems . . ." That's the opinion of E. J. Bottum, president of the Clinton County Farm Bureau.

His reference was to a recent special delegate session of the Michigan Farm Bureau in East Lansing, where nearly 700 farmer-delegates, including 15 from Clinton County, voted to greatly expand Farm Bureau programs of marketing, legislative action, public information and field services. An increase in yearly dues to \$20 was endorsed as part of the expanded program.

"EACH FARMING community has its own problems and every county in Michigan is greatly different from every other county," Bottum explained, adding that the first phase of the expanded program will call for more regional representatives to work closely with county Farm Bureaus in local problem-solving.

The expansion directed by the delegate session will include more help to the county Farm Bureau, centering on such problems as local taxes, schools, roads, water rights, "citizenship" and work with young people.

BOTTUM reported that the increased dues which became effective Sept. 1 will be used "as funds become available" to bring about other parts of the expanded program.

Earmarked for early consideration are increased legislative efforts, including more emphasis on local political action and with follow-through in Lansing and in Washington. Additional staff members will be considered by the state organization in legislation, marketing and public information, in recognition that modern farmers are often so busy they must hire others to represent them.

ATTENDING the special delegate session of the Michigan Farm Bureau from Clinton County were: E. J. Bottum, Robert Zeeb, Mrs. Dorothy Ward, Maurice Gove, Lewis Lonier, Lawrence Maier, Lewis Babbitt, Ronald Lonier, Ronald Motz, Ronald Spitzley, Robert Reese Jr., David Conklin, Paul Seeger, William Kissane and Levi Blakeslee.

Youngsters under 17, when hunting on lands other than where they live, must be accompanied by someone over 17; a parent or guardian or somebody designated by one of them.

## Policy, election of directors on agenda for Oct. 12 meet

One of the most interesting and timely annual meetings is in the offing for the more than 1,400 Farm Bureau families of Clinton County. The farmer-members who will gather at Smith Hall Oct. 12 will be considering a slate of resolutions which are of the utmost importance to the future of farming.

The policy set by the outcome of the farmer's vote on these will give direction to our legislative counsels both in Lansing and the nation's capital. Other resolutions concerning local affairs will be presented.

ALSO ON THE agenda for this all-important session is the election of six directors to the county board. A new director will be elected for Bengal-Riley district as well as Ovid-Victor and Greenbush - Duplain where two terms have expired for the pres-

ent director or else the incumbent does not choose to run for the second term. In Eagle-Watertown and Bath-DeWitt one 3-year term has expired and incumbents will either be re-elected or replaced. There is also one director-at-large term expired.

Although the list of nominees is not complete as yet, among those running for office are Andy Cobb, Greenbush-Duplain; Lee Ormston, Ovid-Victor; Lawrence Maier and Richard Noble, Eagle-Watertown; Robert Zeeb, Bath-DeWitt; and LaVern Slim, director-at-large.

SEVEN DELEGATES to the state convention will be elected. A total of 14 will represent the county in November, with the other seven coming from the board.

The busy policy session will be sparked by vocal entertainment offered by Sandra Dershem, by the presentation of the Farm Bureau queen and by tribute paid to a long-time Farm Bureau member, Charles F. Openlander of rural Grand Ledge. The winners of the Community Group contest will be announced.

PRIOR TO the meeting, which begins at 8:30 p.m., a banquet will be served the members and guests by the ladies of the Greenbush church. Tickets are on sale for \$1.50 and may be purchased at the county office or from members of the county board. A few will be available that night at the door.

Members are urged to attend the business meeting even if they do not attend the banquet.

The Farm Bureau Information Committee is in charge of the program, and the executive committee is making all other arrangements.

## Federal Land Bank annual meeting Oct. 14

The Federal Land Bank Assn. of St. Johns will hold its annual stockholders meeting at 8 p.m. next Thursday at the new Masonic Temple at 915 W. State Street.

The 1,200 members of the Land Bank in Clinton, Shiawassee and Gratiot counties were notified of the meeting last Thursday in a letter from Floyd L. Parmelee, manager of the St. Johns office. Some \$32,000 in dividends was paid to stockholders at the same time.

THE CORPORATION'S annual business reports, election of three directors for three-year terms and such business as may come before the meeting will comprise the annual meeting agenda, Parmelee said.

Entertainment will consist of Gay Nineties songs by 17 members of the Share-the-Fun 4-H Club of Breckenridge and a Scottish sword dance by Pamela McKenzie of Breckenridge.

Refreshments will be served at the Oct. 14 meeting by the St. Johns Order of Eastern Star.

There are 24,500,000 illiterate adults in the US.

## President's Message

BY E. J. BOTTUM

On Aug. 16 at a special delegate meeting, a new look entered the picture for Farm Bureau members. Thirteen of the 15 delegates from Clinton County voted for an expanded program with an increase in dues from \$12.50 to \$20.00 to finance the program.

Four areas in the program have been picked by the Farm Bureau members at meetings in the county to concentrate on. The areas to be covered are: 1) More regional men to work in the county; 2) Expanded legislation; 3) Marketing; 4) Public information about Farm Bureau. With fewer farmers to the per cent of population, I believe we need more help in these areas.

DID YOU know that agriculture is Clinton County's largest industry?

—\$21,000,000 gross income as compared with \$12,000,000 payroll in all other industry. There are 1,512 commercial farms in Clinton County. Clinton County is first in Michigan in percentage of land in farms.

Clinton farmers produce mint for oil, being first in Michigan; winter barley, first in Michigan; corn, sixth in Michigan; soybeans, sixth in Michigan. Clinton County farms rank second in state in sheep; third in state in hogs; fourth in state in all cattle; and ninth in state in dairy cows.

After looking over these statistics, \$20 family membership looks real small compared to these figures.

Annual Meeting will be Oct. 12 — I hope to see you all there.

E. J. BOTTUM

4-H Clubs are organized groups of young people who carry on educational projects and activities. Both city and rural boys and girls from 9 to 19 can participate.

New farm credit plan that meets farmers' long-range credit needs

## 5 year "FARMER PLANNED" LOANS

from Production Credit

Costs for improvements, machinery and equipment have climbed until it is no longer practical, or possible, to pay for them with short term (1 year) credit.

Use 1 - 2 - 3 - 4 and up to 5-year "intermediate term" loans to buy silos, tractors, implements, bulk milk tanks, irrigation equipment, home improvements and other farm needs.

## 8 Mailbags Filled With Checks

IS YOUR NAME ON ONE OF THEM!

It might well be, if you are a patron of Farmers Petroleum Cooperative. Checks totalling nearly \$200,000 in dividends and interest have been, or will be, mailed soon by Farmers Petroleum to stockholders and members. This money represents an added saving to all patrons on purchases of fuel, tires, batteries and lubricants.

Most importantly, it represents the kind of results farmers can expect when they work together—cooperatively.

### PATRON-INVESTORS WILL GET:

- \$60,350 in dividends on all outstanding 5 per cent "Class A" stock.
- \$120,000 in cash redemption of all outstanding "Class A" stock, due in the next two years.
- \$110,000 in interest to all 5 per cent and 6 per cent debenture holders.
- \$23,000 to be paid in November, as a special 3 per cent dividend on all outstanding deferred patronage refunds issued in prior years where total amount held is \$10 or more.

# Will we ever get tax reform?

BY ROBERT E. SMITH  
Assoc. Legislative Council  
Michigan Farm Bureau

else and all studies made in recent years have declared Michigan's tax policies as being totally obsolete.

we constantly keep our Legislators informed on our position that tax reform is not for raising taxes but to balance the manner in which they are raised.

## A passing season

(A Farm Bureau Editorial)

The seasons of the year run their course swiftly. No one knows that better than our tens of millions of youngsters.

Many, perhaps most, return to school with a feeling of regret. Summer vacation with all its sports and many-sided attractions, was fun. It's only human nature to wish it could continue forever. But, for all of the labor-saving progress that has been made, we still live in a world in which work and knowledge are essentials.

TRUE TAX reform means a balanced tax structure and the use of the income tax can be the balance wheel used to lower property taxes and eliminate present inequities.

It is Farm Bureau's position that tax reform is not to increase revenues but rather to balance the tax structure of Michigan and make it equitable for all citizens. Even if it were possible to cut expenditures in half, tax reform would still be essential. The question is not how many tax dollars we raise but rather how they are raised.

TAX STRUCTURES need to be modernized and kept current with the times the same as anything

Will we get tax reform? Only if

AND THE advances of science and technology have vastly increased the kind and amount of education that is needed if the young person is to have a successful and rewarding career as an adult. Little room is left for the uneducated and the half-educated. Those who lack at least a high school education face a tough road ahead. And college training is of necessity demanded by more and more employers.

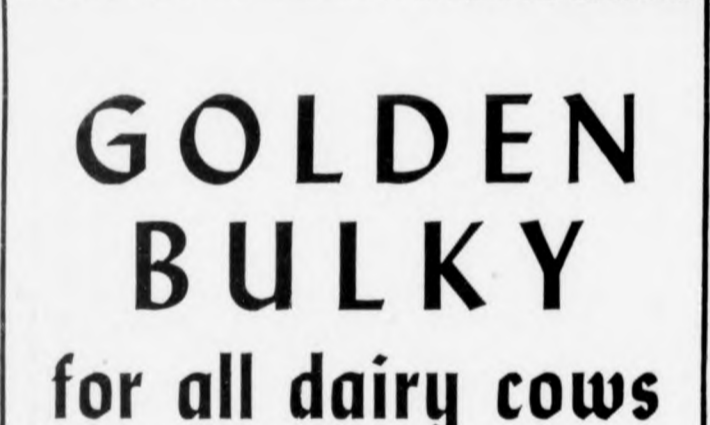

Nowadays, stress is laid on physics, mathematics, and chemical arts, and other of the sciences. But the boy or girl who learns only a trade or a profession is but half a person. The finished student must have at least a fair working knowledge of literature, the other fine arts and economics. It is in this last classification that the schools, in too many instances, seem to have failed.

TOO MANY graduates leave the halls of ivy with an insufficient understanding of this country's economic system and the system of representative government it supports, which together have protected the individual's liberty and made this nation great and powerful. Lack of understanding of the political and economic heritage by which we live is a most serious weakness in a world torn by conflicting and angry ideologies.

Let the student return to school with a will. And let his school properly prepare him for a constructive place in the world he will enter as an adult.

## Confirm twister payments

Earlier reports that policyholders of the Farm Bureau Insurance Group had suffered damages in excess of \$1,000,000 during the devastating April 11 tornadoes have been confirmed by N. L. Vermillion, administrative vice president.

Claims paid by the insurance firm to insureds as a result of the Palm Sunday wind damage now total \$1,209,657. More than 1,300 individual claims, ranging from small losses to \$45,500, have been handled by the firm's Claims Division.

CLAIMS PAID to policyholders for damage to homes and furnishings, farm buildings, farm personal property, and for emergency living expenses totaled \$1,168,467. Owners of damaged automobiles received \$41,190, an average of \$361 per loss.

"Through special surplus emergency funds maintained by the Farm Bureau Mutual and Community Service Insurance Companies, prompt claim payments have been made to policyholders suffering losses," Vermillion added.

THE INSURANCE official explained that large risks and catastrophe losses are spread among other insurance companies, including the American Agricultural Mutual Insurance Co., a cooperative federation of Farm Bureau Insurance Companies located throughout the United States. In this manner, no one Farm Bureau Company is required to bear the entire burden of a major loss concentrated in one area.

Headquartered in Lansing, the Farm Bureau Insurance Group provides a full line of insurance protection for holders of approximately 150,000 policies. Founded in 1949, the insurance group consists of three companies—Farm Bureau Mutual, Farm Bureau Life, and Community Service—which have combined total assets of over \$33 million.

## Should you have soils tested?

"Should I have my soil tested?" is a question many farmers ask themselves. The answer is "yes," if they want the best possible information on what their soil needs are to produce at maximum efficiency.

There are many soil-testing laboratories in most states. They may be at the university, the agricultural experiment station, at the office of the county agricultural agent, private laboratories or the local lime or fertilizer dealer. Whichever one of these is used, the farmer must remember that the results can be no better than the sample which was submitted and the information furnished with it.

In some areas, it is charged that too long a time elapses between the submission of a sample and receiving the analysis report. In this connection, it should be remembered that about two-thirds of the samples are submitted in the months of August, September, March and April. These coincide with planting and seeding times. This over-taxes laboratories, which results in delays. Better planning by the farmer will give him better service.

SAMPLES should be taken when the soil is dry. Different types of soil and those limed, fertilized or cropped differently should be sampled separately. A composite sample of 10 to 15 borings or slices in a field, which is well mixed in a clean bucket, should provide a representative sample. The farmer should indicate the depth from which the sample was secured, former lime, fertilizer and cropping practices, as well as the crop he intends to plant, in order to guide the laboratory technician.

While it is true that errors may be found and a recheck may show different requirements for lime, fertilizer or both, a soil test is still the best tool available for determining the requirements of the soil.

## 4-H'er interest in science lagging? Not so, is reply

American young people's interest in science lagging? "Not so," says T. W. Thompson, service director for the National 4-H Service Committee. And he backs up his statement with facts taken from records representing some 78,000 inquiring 4-H entomologists.

Thompson pointed to the record of a 15-year-old New York Miss who was instrumental in organizing an International Teen Entomology group. Her 4-H project has broadened and now she supplies moth eggs to the state agricultural experiment station, museums and to entomologists in this and other countries. This summer the young scientist plans to study with an entomologist in England and after her return in the fall, an Australian Miss will join her in the study of entomology.

## Crop losses high in state

Frost, drought, then heavy rains and finally cold weather have taken a heavy toll on Michigan crops this year.

It adds up to thousands of dollars for Michigan farmers.

The US Department of Agriculture's Federal Crop Insurance Corp. (FCIC) already has paid an estimated \$35,000 to insured farmers who suffered winter wheat losses this year.

MANY CORN crops are almost a total loss where tassels were formed when the crop was knee-high.

The drought also put dry beans two or three weeks behind, and a killing frost before Oct. 1 could mean even greater losses, the USDA officials add.

Hardest hit corn crops in counties where FCIC has programs are Ionia, Clinton, Gratiot, Ingham, Shiawassee, and Saginaw counties.

LACK OF RAINFALL in Central Michigan during the June-July period was the worst in 29 years, the US Weather Bureau has reported.

In Oceana and Mason counties on the west side of the state FCIC will pay more than \$50,000 for cherry crop losses caused by a hard freeze the last week in May, hail and strong winds.

The figure applies only to growers who have FCIC all-risk protection and does not reflect the entire loss picture.

## If You Smell Gas Call the Gas Man

If you smell gas in your home or think there's a gas leak anywhere in the house, don't use a lighted match to look for it, the American Insurance Association warned today.

Do these things in the following order:

- Get your family out of the house.
  - Open the windows.
  - Call the gas company.
- An accumulation of gas can cause a serious explosion that would bring injury to both you and your family. Don't re-enter the house until the gas company has inspected it, and assured you that it is safe.

## N.F.O. Is It Effective?

Many influential people are now digging deep enough into the facts about livestock marketing in the last few months to start giving N.F.O. credit for a considerable part of the price rise on hogs. An article appeared in the Clarinda Herald Newspaper of Clarinda, Iowa, in which, Mr. Gene Futrell, Iowa State University extension economist brings out some facts that prove cattle prices have risen while the supply increased, meaning the N.F.O. also had an effect on the price of cattle. This effect could have been even greater if N.F.O. members had moved into marketing arrangements on cattle as fast as they did on hogs.

An even more direct statement about N.F.O.'s effect on the hog price increase is made on the third page of the August 27, issue of the Kiplinger Agricultural Letter. This is of great significance because the Kiplinger Letter is almost the Bible for many bankers, businessmen, and leading farmers. We would suggest you get a copy of this issue of the Kiplinger Letter and read it for yourself. We can not reprint this publication because it is copyrighted.

IN ADDITION, each state winner receives an expense-paid trip to the 44th National 4-H Club Congress in Chicago Nov. 28-Dec. 2. Medals of honor are awarded county winners, the national committee spokesman said.

Information and assistance are available from the county extension agent.

## NEW GEHL SHRED-ALL YEAR-AROUND HANDYMAN

Here's a machine that will never gather dust from idleness. The Shred-All is your year-around handyman that stands ready to shred its share on any farm. The Shred-All's high-speed cutting, 39 free-swinging flail knives perform all jobs well from corn stalk shredding and pasture renovation to straw mulching or root crop de-vining . . . any land clearing chore. You name the reason (or the season) and the Gehl Shred-All will economically do the job.

This easy-running shredder has a low power requirement that is ideal for use with smaller tractors. The handy "center-pull" drawbar position on the Shred-All makes it easy to travel through narrow gates or drive-ways. It also provides a finer cutting job from the equalized "center-pull" drawbar position by avoiding "side-draft."

**Fire Prevention is Your Job**

**FIRE PREVENTION WEEK  
Oct. 3 thru Oct. 9**

## CHECK YOUR HOME FOR FIRE HAZARDS

Here Are Some of the Things You Can Do to Protect Yourself and Property

- ★ Keep matches out of the reach of youngsters and remember to use safety matches rather than the "strike anywhere" kind.
- ★ Turn off the stove before cleaning.
- ★ If frying meat catches on fire, cover the pan with a tight metal lid until fire is smothered. Baking soda can be used to extinguish the blaze when an approved fire extinguisher is not available.
- ★ Avoid placing paper or other flammable materials on the stove or near the pilot light.
- ★ Since many plastic materials are extremely combustible, avoid using them near fire. Take special care that children do not play near open flames with flammable toys.
- ★ Be sure there are plenty of ashtrays throughout the house.
- ★ Place metal screens in front of fireplaces and make certain that small children do not play too near the open flames at anytime.
- ★ Arrange articles in the basement a safe distance from heating units. Dispose of combustible waste promptly.
- ★ Select an approved iron with heating control and provide a metal stand for the iron.
- ★ Use a flameproof ironing board cover and avoid putting an iron flat on the board, even with a stand under it.
- ★ Turn off the iron if you leave, even though you may be gone just for a couple seconds.
- ★ Take special care of all electrical appliances and never buy an appliance without an approval seal of an authorized testing laboratory.
- ★ Make sure the furnace room is clean, especially near the heating unit. Ashes should be placed only in metal containers.
- ★ Faulty chimneys generally can be grouped as those which were not built properly and those which have become defective from lack of care.
- ★ Clean eavespouts and troughs. Dry leaves and other foreign matter tend to hinder good drainage and are fuel for stray sparks or a piece of burning soot.
- ★ Today's electrical living requires up-to-date wiring systems. Fuses are "safety valves." The normal household circuit requires only 15 ampere fuses or circuit breakers.
- ★ Never run extension cords under doors to adjoining rooms, or under rugs.
- ★ Never use gasoline or any other inflammable liquids for dry cleaning. The escaping vapor may linger in the basement or along the floor for days just waiting for a spark to set it off. It is wise to keep gasoline out of the home entirely.
- ★ Keep fire extinguishers handy, according to the type and size of the hazard. Keep them inspected and filled at all times, have them checked at least once a year.

**Sparky says:**  
**If Fire Strikes Your Home...**

**GET OUT** of the house the minute you discover it or smell smoke!  
**ALWAYS** be ready to use different escape routes from any room in your house!  
**TEST** doors before opening. If doors are hot, block them with furniture or wet mattresses to keep out smoke and gases. Get out another way!  
**NEVER** jump from upper-story windows except as a last resort! Wait for firemen.  
**HOLD** your breath if you have to make a dash through smoke and flame!  
**REMEMBER**, the air is usually better near the floor in a smoke-filled room!  
**CALL** the fire department at once! They know how to fight fire. Don't waste your time or your life trying to fight a fire, unless it's so small you're sure you can control it with the right extinguisher.  
**DON'T** ever go back to a burning building for any reason! Smoke and fire gases from even the smallest fire can be deadly.  
**GET** medical treatment at once, if you're burned or exposed to fire and smoke! Seemingly minor burns or smoke inhalation can have fatal results.

## Be sure to check credit sources, farmers advised

Farmers have a lot of credit sources available for buying machinery. However, the borrower should know which lenders are best for the particular loan plan and repayment schedule he wants. That's the advice of Dr. John R. Brake, Michigan State University agricultural economist.

Dr. Brake recently completed a survey of 216 farm machinery dealers throughout the state. He found a great variety of credit sources and installment plans and a wide range of interest charges.

"OUR STUDY indicated that commercial banks have nearly half of the farm machinery finance business in Michigan," he says. "Company-affiliated financing plans (those affiliated with machinery manufacturing companies) seem to have about one-fourth of the total machinery financing."

"There are also non-company, but commercial financing corporations, which have about one-eighth of this financing business. Production Credit Assns. have about 10 per cent while the remainder of the financing is done by dealers, Farmers Home Administration, individuals and small loan companies."

"ANALYZING THESE figures in a slightly different way, machinery financing corporations of one sort or another apparently do over a third of the total business, but they do not have quite as large a share of the business as the commercial banks."

Dr. Brake points out that seven of the eight complete-line farm machinery companies have their own financing corporation which is part of the parent company. He also found around 62 specialized lines of equipment being carried by the dealers—sprayers, forage equipment, chain saws, etc.—of which at least 23 had a company financing plan available.

THE MOST common repayment plan for farm machinery purchases is the installment type. Dealers surveyed estimated that about one-quarter of the repayment plans are paid in monthly installments, another 25 per cent are quarterly or semi-annual payment types and still another quarter are paid off in annual installments.

"The balance of the payment plans might be called non-regular installments," says Dr. Brake.

"With these plans, the payment dates are chosen by the borrower. For example, he might choose to have two payments per year and to make the payments in August and November."

"HE WOULD not have a payment coming due every six months. Rather, there are two payments per year, but they come due on dates chosen by the borrower."

The MSU agricultural economist emphasizes that it's important for the farmer-borrower to know what kind of repayment schedule he wants: a monthly installment loan, a quarterly payment plan or setting his own payment dates.

"Then, I would suggest that he shop around for credit to compare repayment terms available, and the flexibility and cost of the plan," says Dr. Brake.

(Omitted last week)

Mr and Mrs Albert Cunningham, Mr and Mrs Robert Kelly and Miss Julia Herald left on Saturday for a 2-week vacation with Mr and Mrs Lee Kelly (Betty Herald) in Phoenix, Ariz.

Lee McMillan, son of Mr and Mrs Robert McMillan was guest of honor at a farewell party, Friday evening, at the 21 Club-house, south of Pawamo. He will join the Armed Forces on Oct. 4. The American Legion Auxiliary will meet Friday, Oct. 1, at 8 p.m. in the clubhouse.

The annual chicken-pie supper is on Oct. 9 at the Methodist Church dining room.

Mrs Harley Middlebrook and Mrs Jack Billings were callers, from Greenville, of Mrs Iva Rogers on Saturday.

Mr and Mrs Henry C. Tabor were guests of Mrs Winnie Halsted, Tuesday evening, and at Mr and Mrs I. E. Lattimer's on Friday evening.

On Wednesday, the following who attended or graduated from the Brick High School that burned in Hubbardston, gathered at the home of Mary Barrone: Mrs Esther (Haigh) Lee, Yucapi, Calif.; Mrs Mary (Krauss) Jaquish, Fowler; Mrs Anna (Krauss) Hewitt, Milford; and

Mrs Mannie L. O'Connell, Mrs Iva Rogers and Mrs Norma Andrews all of Hubbardston.

P. M. Langdon spent a weekend recently, with his daughter, Margaret Wood and family in Western Springs, Ill. His granddaughter, Jill Langdon, a student at Michigan State University was with him for a few days at his home in Hubbardston.

Mr and Mrs Harry Dillon of Durand and Mr and Mrs Rex Sirrine of St. Johns were at the Langdon's on Wednesday. The two women and Mrs Langdon were schoolmates in St. Johns.

Rev Rill and C. S. Langdon attended a quarterly conference of the church at St. Louis, Friday evening.

The Methodist Church Sunday school rally and annual potluck dinner was observed at the church, Sunday.

Mrs Lee Harrington and Minnie Sall of Lansing visited at Mrs Chloe Falors on Saturday.

Robert Osgood and family of Clarkston visited his mother, Zelma Langdon, at the farm, Sunday. Robert, a graduate of MSU is traffic engineer for Oakland County.

Mrs Kate Andrews' children, from Chicago, visited her at the Carson City Hospital, Sunday.

During visiting hours, Mrs Mamie O'Connell called on Mrs Kate Andrews in the hospital.

Many from the Hubbardston area attended the chicken dinner at St. Mary's Parish Hall in Carson City, Sunday.

**Pontiac's GTO Has 'Own' Front End**

The popular GTO is a new Pontiac series in 1966 and is available in the convertible model shown above as well as in a sports coupe and hardtop coupe. The 1966 GTO has its own specific front end including grille, parking lamps, hood and ornamentation and has special tail lamp design consisting of horizontal painted louvers on each side of the rear end panel. The standard GTO is powered by a premium-fueled 389-cubic-inch engine with four-barrel carburetor and three-speed manual transmission. Also standard are new profile design bucket seats.

**ASC PROGRAM**

**Diversion program payments nearly complete**

We have nearly completed making 1965 wheat and feed grain payments. A few producers have not signed their certification of performance and a few have a Federal Crop Insurance debt. Producers who owe Federal Crop Insurance past due premiums must give us permission to take the premium from their program payments by set-off.

When final payments are completed in our county, wheat producers will have earned \$43,360 diversion payment and \$291,965 certificate payment, feed grain producers have earned \$734,931 diversion payment and \$194,702 price support payment. This makes a total payment to wheat and feed grain producers in our county of \$1,264,958.00 for the 1965 program year.

THESE PAYMENTS have been earned by 1,302 wheat producers and 1,101 feed grain producers. Benefits of the diversion programs are not limited to the payments farmers earn, which do

result in a substantial improvement in farm income with accompanying benefits to the local economy. By participating in the programs, farmers also improve their own and the national welfare by bringing about a better balance between supplies and demand—thereby helping to protect farm prices, they help reduce Government costs for storage of excess stocks, and they improve their farms—and the nation's—natural resources through the conservation measures which are carried out on the cropland diverted from unneeded production.

NATIONALLY, 1.5 million farms were signed up in the 1965 feed grain program for an agreed diversion of 34.6 million acres; 891,000 farms were signed up in the wheat program for a diversion of 7.5 million acres. As a result of the programs, carryover stocks of both feed grains and wheat have been reduced each year. The Oct. 1, 1965, feed grain carryover is estimated at 55.2

**W. M. SMITH**  
County ASC Manager

million tons—35 per cent below the 84.7 million tons carried over on Oct. 1, 1961; the wheat carryover as of July 1, 1965, is estimated at 819 million bushels—42 per cent below the July 1, 1961, carryover of 1,411 million bushels.

Wheat or feed grain producers who participated in the 1965 program and have not received their payment should please come to our office and check the reason why.

**Sells 21 Angus cows**

John Schumaker of St. Johns recently sold 21 registered Angus cows to Earl Marquette (Cedarlawn Farm) of Ionia.

This is the 4-H pledge: \*I pledge my head to clearer thinking, my heart to greater loyalty, my hands to larger service, and my health to better living for my club, my community and my country.\*

**Annual Statistical and Financial Report**

**St. Johns Public Schools of Clinton County, Michigan**

The school year of 1964-65 saw enrollments again increase. The enrollment on count day was 2168, a gain of 94 over the count on the same date of 1963.

The program of Special Education for mentally retarded children was completed by the addition of a High School room. Also added was a Visiting Teacher who works with emotionally disturbed children. These additions give the St. Johns school system facilities for mentally retarded children of all ages.

The most serious problem facing the school district during the past year was lack of space, especially in the Junior and Senior High Schools. Because of the lack of space classes were larger than recommended by accrediting agencies.

During the period of between March 6th and May 8th, 32 rural districts voted to annex with the St. Johns district. This proved to be the largest annexation program in respect to number of districts in the history of Michigan.

The annexation created a district of approximately 3300 children, with a tax base of slightly over \$41,000,000 or a State Equalized Valuation of about \$12,400 behind each child, which is near the state average.

Except for the former Olive Center district there is no debt in the district. The tax rate for the 1965-66 school year will be 8.5 mills allocated by the County Allocation Board, plus 4.5 mills voted by the people for operating purposes in 1963.
