

2nd oral polio vaccine clinics set for Sunday

Whether it's their first or second dose, this Sunday will be an important day in the eradication of polio in Clinton County.

Some 9,634 county residents will receive their second doses of the Sabin-developed oral polio vaccine at eight county locations. That will assure them of complete protection against polio.

FOR OTHER thousands who didn't take the vaccine at the

first county clinics Sept. 19, there will be plenty of extra vaccine on hand. Those people are urged by county health officials to take their first doses this Sunday; the second dose will be available the first of the year at make-up clinics.

Sunday's clinics will be held in the same locations as on Sept. 19. Clinics will be open at all places from 11 a.m. to 5 p.m. A 50-cents per dose contribution

is asked, but no one will be refused the vaccine.

INFANTS over six months of age will be given the vaccine directly on the tongue. Others will receive it on a cube of sugar.

There are only a few instances where the taking of the vaccine could prove harmful or dangerous. Dr. F. W. Smith, president of the Clinton County Medical Society, listed these as: if you have

a BAD cold, are feverish or are sick; if you have taken a flu shot within a week before the clinics; or if you have had live measles or small pox vaccine within the last 30 days.

In all these cases, it would be safer to wait until make-up clinics are held in January.

"REMEMBER Vaccine - Forget Polio" is the theme county volunteer workers are using

again this month in pleading for residents to turn out Sunday to receive the vaccine. The low number of 9,634 on Sept. 19 was only a little over 20 per cent of the population of the county, a disappointing turnout.

The Clinton County Polio Vaccine Committee, sponsoring the clinics, would like to see that many more persons out for Sunday's clinics. The new people will get their first doses; the second-

timers will get their second doses and will be fully protected from polio.

THE ORAL VACCINE that will be offered to Clinton County residents is the result of a breakthrough in the fight against polio several years ago.

The Sabin-developed vaccine is given by mouth, rather than with an injection needle, making See POLIO, Page 2-A

District health department near reality

The Clinton County Board of Supervisors holds the final key that will open the door to a four-county district health department.

Supervisors of Gratiot, Montcalm and Ionia counties were to meet this week and were expected to formally approve the formation of the Mid-Michigan District Health Department.

CLINTON supervisors won't meet again until Dec. 6. Their approval then of a resolution creating the district health department will make it a reality.

The resolution was drawn up and passed by a steering committee made up of members of the health committees of the four boards of supervisors. They met in St. Johns Friday.

WITH APPROVAL of the resolution will come the selection of two supervisors from each county to make up the district health board, which will operate the district department.

Lawrence McLaren of Gratiot County, who has been acting as chairman of the steering committee since Sept. 7, said he would proceed and set up a tentative meeting with state officials soon after the Clinton board meeting Dec. 6.

THAT MEETING will be held

Approve 5 Red Cross directors

FIVE CLINTON County people were approved to the membership of the board of directors of the new Mid-Michigan chapter of the American Red Cross.

The Mid-Michigan Chapter is a result of the merger of the Ingham, Eaton and Clinton County chapters.

Named to 3-year terms were Richard Newman, past county chairman from DeWitt and Steven Hopko of St. Johns past county vice-chairman.

NAMED TO two-year terms were Mrs Robert Beach of Ovid and Mrs William Fedewa of DeWitt. John Hopko of St. Johns was named to a one-year term.

The first board meeting of the new Mid-Michigan Chapter will be held on Thursday, Dec. 9, at the Red Cross Headquarters in Lansing.

The terms of the five new members from Clinton County will run from Jan. 1, 1966.

tween the eight-man health board and state health department officials, and final details of the district set-up will be worked out.

The steering committee Friday showed a great desire to get the district health department moving, particularly after they got assurance that full development of the department staff would not be necessary to start it.

DR ROY MANTY, administrative assistant for medical services of the Michigan Department of Health, said he felt that, for instance, two sanitarians instead of four could meet the basic needs of the district to start with.

"We know you have to proceed carefully," Manty said. "You can't be expected to start out with all personnel. It will take time and experience. We don't expect you to start overnight with a full-fledged program."

Approval of the suggested resolution will be the first step in the formation of the department. Next would be the establishment of the health board—the two members from each board of supervisors.

THE BOARD of health, with the assistance of the State Health Department, will then prepare a plan of organization, which will include the budget for the district health department. Coincident with this, and as soon as the salary level is established, a search for a full-time medical health officer will be made.

Once he is hired, the health officer should be responsible for completing the staff.

Expenses of the health department will be shared on a per capita basis according to State Health Department population figures, the committee decided.

Veterans plan formal retreat

A formal military retreat will mark the St. Johns observance of Veterans' Day today (Thursday).

The retreat will be held on the north lawn of the courthouse at 5:15 p.m. as a joint endeavor of the American Legion, Veterans of Foreign Wars and the Veterans Honor Guard of St. Johns.

Members of A. Battery of the Michigan National Guard will also be present in handling the observance.

College ties, April school bond issue recommended

St. Johns School District voters will be asked to decide next June on the question of joining the Lansing Community College District.

And before that, in April probably, they'll vote on a bond issue of about \$3 million to finance the school district building program.

These dates were recommended to the board of education last Thursday night by about 80 members of the 110-member citizens advisory committee. The committee held its final meeting after eight weeks of considering direction of school policy on several matters pertaining to the newly-enlarged district.

THE recommendation for an April vote on the bond issue was almost unanimous. Only one of the 10 discussion groups expressed any reservations about having the election so early, and

their thought was that the election should be in October of next year. Most members of the committee could see no advantage in waiting, and Supt. Earl Lancaster assured the group that architects could have preliminary plans ready by that time. Pardee and Associates of St. Johns is designing the rural elementary school buildings, and Binda Associates of Battle Creek is architect.

"IF WE VOTE in April or May we will gain approximately six months in time," Lancaster told the committee in a letter prior to the meeting. "Also the necessary tax will be put on the tax rolls so that the first collection will be made in December 1966."

"If we vote in October of next year, the tax will not be spread until December 1967; therefore

we would have to pay the interest for a year with no return. At 4 per cent, which we hope is high, this would amount to \$120,000 which would need to be added to the bond issue."

THE BOARD of education will make the actual decision on when to hold the election.

On the matter of joining Lansing Community College, there was more reservation by more members of the committee, but each of the 10 discussion groups had a majority in favor of asking for the vote next June.

- 1) SHOULD THE St. Johns district join the community college district?
- 2) Will the St. Johns voters accept a one-mill tax for operations and capital improvements of the college?
- 3) Will the St. Johns district accept the bonded indebtedness now in the process in the college district? (The 1-mill tax would take care of this indebtedness, officials said.)

THE QUESTION of joining the college district may well be necessary for resolving whether St. Johns area students will continue to use the college. College officials have reported a growth of from 222 in 1957 to 3,909 this year, and it may be necessary in the future to restrict enrollment to community college district residents.

In 1964-65 some 74 students from St. Johns High School had enrolled at Lansing Community See COLLEGE, Page 3-A

Reappraisal hearings set

May not affect taxes

Higher real estate values intimated by the new county reappraisal figures don't necessarily mean higher taxes for property owners.

"The appraisal itself has nothing to do with taxes," according to Lebanon Township Supervisor Walter Nobis, chairman of the county board's equalization committee.

"The taxes are up to the schools, villages, and counties."

COUNTY OFFICIALS pointed out that if spending in the various governmental units stays the same, a lower-than-present tax rate can be applied to the higher appraisal figure to bring in the same amount of tax money.

"Once these hearings are over and we get the final appraisal figures, we'll be able to say a little about what exactly is going to happen to taxes," Nobis said.

Right now, Nobis urged the people to go to the hearings and register a protest if they feel the valuations assigned them were high. "It is the wrong attitude to stay home and say 'Well, we're stuck with it,'" Nobis said.

HE NOTED THAT at this stage of the game, the people's complaints are with the appraisers, and they should go to the hearings if they have complaints. Later, any complaints will be with the assessors concerned over the actual assessments and taxes.

The new appraisal figures will be a base for assessors to work from, hopefully, in 1966, Nobis said.

Dimes march meeting Monday

The Clinton County chapter of the March of Dimes will hold its fall organizational meeting at the Clinton National Bank community room at 7:30 p.m. Monday.

County officers, county and area chairmen from outlying communities and Mothers March chairmen are asked to be present. Robert Cook, field representative, will be present to show films and give pertinent information concerning the national fund drive against birth defects.

SUPPLIES will be on hand to be given to area leaders in preparation for the March of Dimes campaign beginning late next month.

All persons interested in the fight against birth defects are invited to participate. Refreshments will be served.

New real estate property appraisals are out, and residents who aren't in agreement with the figures will have a chance to air their complaints next week.

The H. L. Yoh Co. of Cincinnati, Ohio, will hold hearings in 11 townships and the cities of St. Johns and DeWitt to hear the requests for changes.

Indications are attendance at the hearings may be heavy.

But Bob Brandt, Yoh Co. field supervisor for the Clinton County property reappraisal, said the turnout usually is between 2 and 10 per cent of the properties involved.

"WE WON'T be able to tell anybody anything at the hearing about making changes in their appraisals," Brandt said. "What we'll do is take notes on what the property owner thinks is wrong, and then later we'll go out and view the property again."

Supervisors will be notified of the appraised values of all properties by Jan. 1, and persons who question their value figures at the hearing will be able to find out what adjustments have been made by contacting the supervisor.

PERSONS STILL not in agreement would still have another step for recourse—the township board of review. But this would be at the township level and out of the hands of the appraisers.

The Yoh Co. is getting ready to wrap up their work in the county after having been hired by the board of supervisors in mid-1964 to reappraise property values. The hearings will be one of the last steps in the job. After that will come the reviews of the disputed values and the deliverance

ROY F. BRIGGS

Chest future bright!

Prospects for reaching the Clinton County Communities Chest goal kept brightening this week, with the thermometer of contributions climbing to \$20,456.12 as of Tuesday afternoon.

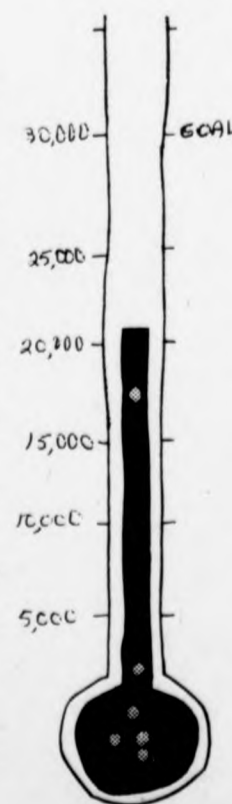

That's 69.7 per cent of the goal of \$29,350!

"AND THERE'S A lot of areas that have not been heard from," Chest Treasurer Charles Huntington reported, and he emphasized the "lot." He said about half a dozen townships have not reported in yet, and about half of the St. Johns business drive campaigners have not turned in their contributions yet, indicating many more people yet to contact.

"We've got a lot to look forward to," he said.

THE CONTRIBUTION figures this week were broken down into five major categories:

- Industries and employees, \$8,372.40.
- Businesses and employees, \$4,395.20.
- Other St. Johns, \$3,319.50.
- Villages of county, \$2,763.62.
- Townships, \$1,605.40.

Fire at Central 'arson'

An investigator of the state fire marshal's office spent three days in St. Johns last week and early this week seeking out the person believed to have started two fires at Central School last Thursday afternoon.

The fires, discovered about 10 feet apart in a book storage room, caused about \$40 damage. There were two separate fires in the room, Supt. Earl Lancaster said, leading to the conclusion they were deliberately set. The fire marshal's investigator has reportedly substantiated this belief.

THE FLAMES were put out almost immediately by school teachers, and the fire department was not even called. The school fire alarm was sounded, however, and Principal Sam Serrell reported complete evacuation of the building within 50 seconds.

The fire was discovered by safety patrol boys about to go on duty.

LANCASTER said a "fire bug" definitely was involved and that the state investigator had been in St. Johns Friday, Monday and again Tuesday in an effort to find out just who it was.

D & C Stores shows interest in occupying Hicks Building

The former Hicks Store building on the west side of the center block of Clinton Avenue may become the new St. Johns location for the D & C Stores, the variety chain which presently occupies the Wilson Estate building at the corner of West Walker Street and Clinton Avenue.

D & C have been seeking additional floor space for their St. Johns operation and the Hicks property provides an approximate 7,500 square feet—a 50 per cent increase over the present location.

A SIX MONTHS option for the purchase of the Hicks building was granted last week to the Clinton National Bank & Trust Co., executors of the Wilson estate. The option was given by Mrs. Marvel Shellenberger, owner of the property.

The bank has employed the St. Clair Pardee architectural firm of St. Johns to advise on remodeling of the structure to meet D & C's needs. The architects will work with D & C officials in planning the refurbishing of both interior and exterior of the building.

IF ESTIMATES of the cost of remodeling are not excessive and

D & C is satisfied with the plans developed for the building, the Wilson estate will purchase it within the six months' option period, said a spokesman for Clinton National's trust department. The present D & C store building would also continue to be owned by the Wilson estate and would be available for lease to another retail tenant.

INCOME from properties in the Wilson estate is used to provide college scholarship grants to selected St. Johns high school graduates. First awards of the Wilson scholarships are expected to be made to 1966 graduates of the local high school.

Fined \$55, jailed

Kenneth C. Thelen, 20, of Dexter Trail, Fowler, was fined \$35 plus \$19.90 and sentenced to five days in jail last week by St. Johns Municipal Judge Alba Wert. Thelen was arrested on a charge of being disorderly.

Fined \$75 as drunk

Edward Glover, 44, of Muskegon, was fined \$75 plus \$30 costs by Justice of the Peace Gordon Wilyoung Saturday on a charge of driving under the influence of liquor.

DR RALPH BEEBE

DeWitt man to head inspection

A DeWitt man, Dr. Ralph E. Beebe, has been named to supervise a new Michigan Department of Agriculture regulation implementing the state meat inspection law which will go into effect Jan. 1.

Under the act, all Michigan meat intended for sale that is not federally inspected must have inspection under the state agricultural department.

DR BEEBE lives in DeWitt. He and his wife have a married son.

Dr. Beebe was graduated in veterinary medicine from Michigan State University in 1939 after having received his earlier education in Genesee County where he was born at Goodrich.

He joined the Michigan Department of Agriculture in 1955 after having been a private veterinary practitioner in the Traverse City area for 16 years. During this time he did meat inspection work for local packing plants.

THERE ARE 328 known slaughter plants in the state that supply about 40 per cent of Michigan's meat needs. Meat from other states crosses state lines and must have federal inspection under US law.

In the past no state law required ante-mortem and post-mortem inspection of animals slaughtered in Michigan. Several municipalities had inspection by local health units. Plans call for continuation of such programs, if approved, under department supervision.

THE LICENSES of slaughter plants in the state will vary from \$100 to \$1,000 a year depending on the number of animals slaughtered. Licenses must be obtained before Dec. 31 of each year from the Michigan Department of Agriculture.

health office will be left to the new eight-man health board. The director, when he or she is chosen, may have some choice in the selection, but the health board's decision will be the final one.

There are currently no prospects for a director of the Mid-Michigan District Health Department. Dr. Manty recommended hiring an outside physician to head the department, because then, he said, the doctor would not be hounded by his previous patients.

THE DIRECTOR of the health department must be, by law, a licensed physician, and he cannot practice on his own while acting as director.

Employees of the district health department will be employees of the district and not each county, Dr. Manty emphasized, and they would not get the fringe benefits and retirement benefits of the county employees unless all counties adopted the same plan.

ATTENDING THE meeting in St. Johns Friday were the following representatives: CLINTON COUNTY — Russell Howe and Gerald Shepard and nurses Luella Canfield and Princess Parker. GRATIOT COUNTY — William B. Barros, Lawrence McLaren, Charles Little, Stanley Nesen and Ron Stolz and nurse Pauline Hegle.

MONTCALM — Roy E. Larson, Herschel Haradine and Roy Hillman and nurses Patricia Miller and Mary Jane Lilly. IONIA COUNTY — Henry Tapley, Harold Albert, Lester Wolverson and nurse Norine Gallagher.

City tightens belt as audit shows \$17,130 deficit balance

St. Johns' general fund balance of \$17,130.80 on July 1, 1964, melted away—and then some—during the 1964-65 fiscal year, resulting in a deficit balance of \$11,814.89 on July 30 this year.

While not happy over the "red" in the books, city officials chalked it up to unforeseen services which were provided, and already have outlined the method for erasing the deficit from the books during the current fiscal year.

THE \$11,814.89 deficit balance was reported in the city's audit, presented to the city commission last Tuesday night by Harris, Reames and Ambrose, certified public accountants of Lansing.

The balance on the books June 30 showed that the city spent \$61,612.74 more in 1964-65 than it got back in revenues. Most of this showed up in a \$32,667.05 bond expense charged to the general fund instead of the water department fund as had been anticipated.

ANOTHER extra expense was \$13,862.54 for setting up the St. Johns Municipal Court. City Manager Ken Greer said this expense was not planned in the budget for 1964-65 because the court was not anticipated; residents voted last November to set it up, causing that much expense without income to meet it.

The Department of Public Works had between \$14,000 and \$15,000 more in expenses than had been originally anticipated, and an extra man was added to the police force during the year.

These are the things that put the city in the red ink on the books, Greer said.

TAX MONEY received July 1 put the city back in the black immediately with the start of the new fiscal year, and Greer said he already had figured out where the city can recover the deficit when the end of this fiscal year rolls around next June.

The savings will result by spending less in the recreation field than had been budgeted. Greer noted the commission has already turned down such projects as new lighting for the softball field and tennis courts; Greer's budget earlier this year had allowed for this work. But since it is not going to be done, there will be extra money available from that source.

THERE'LL BE other places in the budget where the city can tighten its belt in this respect, he intimated. That is a must if the city is to reverse a trend of deficit spending in the last couple of years.

Several years ago there was a surplus of about \$68,000. At the end of the 1962-63 year there was a surplus of \$35,593.30; at the end of 1963-64 it was down to \$17,130.80.

ALL THE time, of course, expenses have been going up. Greer said that in 1962-63 general fund expenditures were \$345,857.05; in 1963-64 they rose over \$100,000 to \$453,274.52. And during the 1964-65 year, covered by the current audit, there were general fund expenditures of \$535,678.67, an increase of about \$82,000.

In the meantime, general fund

25 take self-help classes here

About 25 St. Johns residents have completed their second week of instruction in medical self-help practices.

The first meeting was held Nov. 2 at the Clinton National Bank's community room, with Civil Defense Director Charles Frost as instructor. Topics then were radioactive fallout and healthful living in emergencies.

TUESDAY NIGHT the group met in the Episcopal Church basement to learn how to handle burns and shock and bleeding and bandaging.

Three more classes are on the schedule. They'll be held Nov. 16, 23 and 30 at 7:30 p.m. in the Episcopal Church basement.

revenue during the 1964-65 year was \$474,155.93. Of this, \$197,155 was from local property taxes, \$116,340 from state-collected taxes, \$48,284.73 from equipment rental and \$112,376.20 from other local sources.

BIGGEST expense during the fiscal year just past was \$209,817.18 for the Department of Public Works. Then came administrative expenses of \$76,546.96 and police department expenses of \$60,237.59. Other departmental expenses included: fire department \$23,564.18; municipal building \$10,652.42; library \$6,762.63; parks and recreation, \$34,685.78; swimming pool \$10,556.66; equipment operation \$56,435.68; municipal court \$13,862.54; and bond expense \$32,667.05.

The Bement Public Library endowment fund showed a balance of \$17,245.22 as of June 30.

THE WATER and Sewer Department audit showed an income of \$161,117.38 and operating expenses of \$60,156.51, leaving a net operating income of \$100,960.87. This figure does not take into account a charge for depreciation of property, plant and equipment, according to the auditors.

City equity in the sewer and water systems is \$1,459,747.44.

ship halls in Lebanon (new hall) and Dallas.

On Wednesday, the Yoh Co. appraisers will be in the township halls in Riley and Ovid townships. Wednesday and Thursday next week they'll be at the Municipal Building auditorium in St. Johns.

FOR THE CITY of DeWitt, hearings will be held Nov. 18 at Township Hall No. 1, Bingham Township's hearing will be Nov. 18, also, and hearings in Westphalia and Victor Townships will be Nov. 19 at the township halls.

All hearings are scheduled to run from 10 a.m. to noon and 2 p.m. to 6 p.m. The rest of the county will be scheduled at a later date, probably about the first of December.

THE ONLY changes in appraisal figures that will be made at the hearings, according to Brandt, will be the obvious clerical errors. "These do happen, we know," Brandt said. "For instance we have had cases such as a figure of \$400.00 being transferred to the computer as \$40,000. In those cases, there's only one thing to do, and we do it—change it."

Persons attending the hearings will be asked to register upon entering the building, and then the Yoh Co. appraisers will confer with them in the order they are registered. Past experience has shown that the average conference lasts between 3 and 5 minutes, Brandt said.

SIX PERSONS will be working at the hearings, and if a need arises in one township for more men, more will be provided when possible by transferring them from other sites.

The Yoh Co.'s job, as Brandt explained it, is to determine a sound, actual cash value for real estate property. They have been doing work toward this since August 1964. "We take into consideration all the answers that people give us to the questions we ask," Brandt said.

"THE STATE likes appraisals to be 90 to 110 per cent of their values," Brandt said. "Unfortunately, we might hit you on 110 per cent. This is all a matter of opinion. And being strangers, there may be factors we do not know."

"We do not know the old values placed on properties, except as we learn from records of past sales." Thus, he said, the appraisers must rely on the sales information and the answers to the questions they ask in their inspections.

"USUALLY THE places where we have the major problems (at hearings) is where no one is at home or the wife has refused to let us inspect the house. Usually there's no trouble where we've been able to talk with the man of the house," Brandt said.

"Wherever possible, we went into the house to make an inspection," he said. "On one check of 5,000 properties done in three months, we talked with the owner or entered the home in 93 per cent of the cases."

it a big advantage in the vaccination of children against the crippling disease.

The vaccine is the new trivalent vaccine, which contains a blend of three strains of monovalent vaccine. Two feedings of the vaccine are necessary for basic protection against all types of polio.

CALLED ORIMUNE, the vaccine is designed to provide what doctors call "intestinal immunity" against polio. Thus, it not only affords the immunized individual optimum protection against polio by stimulating the production of anti-bodies in the blood but it also reduces the likelihood of his becoming a "carrier" of the disease.

Doubtful commission asks for more data on housing

Two public housing plans for senior citizens were proposed to the St. Johns City Commission last week by the Senior Citizens of Clinton County, Inc.

The subject, brought up for the second time in the last couple of months by Clarence Hill, president of the Senior Citizens, was met with mixed reactions by the commission.

THE COMMISSION was of the opinion that the city would not qualify for the federal grants and loans Hill said were available for low income housing projects. Mayor Jack Smit claimed the city does not have enough elderly persons on welfare rolls to be eligible for the federal funds.

But the mayor told Hill the commission would be glad to hear someone from the federal agencies concerned come before the commission and explain the program.

"YOU ARRANGE IT," he said, "We'd like to have someone come in and show us that we can get the grant and build low-cost housing. We think you're barking up the wrong tree, but you can certainly try to prove us wrong."

Hill told the commission his group was interested in a city-owned low-income housing project for senior citizens and a privately-owned project which would return a profit to the sponsoring organization. The two facilities could be adjacent to each other and could be run almost as one project, Hill said.

IN THE CITY-owned program, Hill claimed, 100 per cent of the cost could be borrowed or obtained from government grants. The city commission would appoint a housing commission to handle the project. Under this plan the low-income senior citizens could

rent units for as little as \$35 per month.

The other project would be sponsored by a non-profit organization, using government loans. Under this program rentals to the aged could run as high as \$75 per month, providing some profit for the sponsors. Rentals in this group would be open to all senior citizens, regardless of age.

CITY MANAGER Ken Greer quoted from a new manual about senior citizens housing programs of the federal government, pointing out the need for a certain number of senior citizens on the welfare rolls before the grant was possible. "I don't think we could qualify," he said.

Because of the two sides to the story, Hill suggested bringing in someone from the federal agencies to answer the questions.

The Senior Citizens delegation at the meeting last Tuesday had with them a petition signed by a number of persons asking for such a housing plan in St. Johns. The petition never was presented to the commission.

HILL SAID HE felt such a program would fit in perfectly with the city's urban renewal project and would provide housing close to the downtown shopping area. He said many senior citizens would be happy to sell their large, older homes and move into rental units if they were available.

Calls salesman top man in nation's distribution system

The retail salesman is the most important person in our system of distributing goods and services, 130 St. Johns sales people were told Monday night by William Leigh, of Leigh Associates, a nationwide sales training and sales promotion firm.

The local retailers were guests of the Clinton County News at Daley's Fine Foods.

"THE CUSTOMER is an invited guest," said Leigh. "You should use the same charm and grace with each customer as you would with a guest in your home."

Leigh also stated that surveys show that 68 per cent of all business you lose is lost because of emotional reasons. You do something to offend, create doubt or cause misunderstanding in the customer's mind.

HE SAID 14 per cent is lost from complaints, dissatisfaction with the product or service. Only 9 per cent is lost because of the price and only 5 per cent because the customer is a friend of a competitor.

Referring to all forms of selling, Leigh gave these sales points to remember:

A) CUSTOMERS will not buy from salespeople they do not like. Salesmen must approach the customer in the proper mood and manner so as to create a favorable impression and remind him that your store is a good place to shop.

b) Know your product or service. Supply the customer with sufficient details to enable them to derive the fullest benefit from your product or service.

c) Leave no doubt in the customer's mind that you sincerely

want to help him. He will respond by becoming interested in you first and your product second.

THE DINNER and talk Monday were part of an eight-week "Salute to Values" promotion the St. Johns merchants will have in January and February.

Swegles-Higham now signed

Traffic on Swegles Street will have to yield to traffic on Higham from now on when it comes to who has the right-of-way at that intersection.

Mayor Jack Smit signed a permanent traffic order last Tuesday night making Higham Street the through-street at that intersection. Chief of Police Everett Glazier had issued a temporary order to that effect following numerous complaints and requests to do so from residents of that neighborhood.

There had been no traffic control signs at the intersection prior to the order. Yield right-of-way signs have now been placed.

DeWitt School building needs being studied

DeWITT—Immediate attention to remodeling the present DeWitt High School for an intermediate building is being given by the DeWitt board of education.

The board's building committee last week also recommended construction of additional classrooms at the David Scott Elementary School. They also asked for a site development study to be started at the new high school on Heribson Road.

A citizens committee to study special education recommended a program be set up as soon as possible. Supt. C. H. Fuerstenau said space for the special classes will be available by next fall after high school students are moved into the new building.

Parent-teacher conferences set

In observance of Education Week, Pewamo-Westphalia High School will hold parent-teacher conferences today (Thursday) from 1-4 p.m. and 7-9:30 p.m.

Refreshments will be served, and all parents are urged to visit the staff members at their convenience.

The elementary staff will be visiting the Carson City elementary school Thursday afternoon.

School will not be in session on Thursday afternoon.

Merrill driver hurt slightly in crash

Earl A. Cepak, 24, of Merrill, suffered bruises in a one-car accident on Hollister Road north of Colony Road last Thursday evening. He told deputy sheriffs he swerved to miss an animal in the road and lost control of his car. He was driving south on Hollister.

College. The figure for the current school year is not known but St. Johns Supt. Lancaster expects it to be about the same or a little higher.

"THE alternatives are these," Lancaster said: "If we do not annex we stand to have the doors closed on our students. In this case we would need to, within a matter of two or three years, cast our lot with some other county such as Gratiot, Ionia or Shiawassee, in order to create a community college for this area."

"Since we would be starting from the ground up, without a program, buildings or a staff, it would be expensive and would take a great deal of time to build a program which would probably never approach the quality of that offered at present by LCC."

RESIDENT tuition at LCC this year is \$4.75 per credit hour or \$62.75 per term for a full-time student; non-resident tuition, which St. Johns students are paying, is \$6.75 per credit hour or \$90.75 per term for full-time.

Graduates of Bath and DeWitt High schools in Clinton County are eligible for resident tuition rates, since those school districts voted June 6 of this year to join the community college district. So did Grand Ledge. Those districts, plus the Ingham County Intermediate School District, now make up the college district.

3 hurt as car hits pole, rolls

Three persons were injured last Thursday evening in a one-car crash on Round Lake Road a half-mile east of Hollister in Victor Township.

Leonard J. Junker, 48, of 7101 Cutler Road, Bath, the driver, suffered bruises in the accident. Lawrence Junker, 11, suffered cuts and bruises, and Leonard Junker, 12, suffered bruises.

THEY WERE all taken to Lansing General Hospital for treatment.

According to Deputy Sheriff Richard May, Junker was driving east on Round Lake Road. Rear brakes on the car apparently locked, Junker told the deputy, and it threw the car into a skid. Junker lost control on loose gravel and the car struck a utility pole, snapping it off, and then rolled over.

Injured in fall

Joseph Thelen, 42, of R-2, Fowler, suffered back injuries last Thursday morning in a fall on a construction project at Pine and Ottawa streets in Lansing. He was taken to St. Lawrence Hospital. Thelen was a worker on the capitol development project.

committee last week to answer questions and explain the program. He said Lansing Community College offers over 60 different programs for different ability levels. In addition to the first two years of college, which are transferable to other colleges, there are 32 other courses offered.

Included in the 32 are such offerings as training in truck driving, real estate, dental office as-

sistants, accounting, managerial training, welding, drafting design, practical nursing and others.

ANY COURSE for which there is sufficient demand will be offered, Blanchard reported. Many programs are instituted and withdrawn as they are needed.

"Our aim is to let anybody in who wants to come in," he said.

The college operates on the basis of fall, winter and spring terms of 11 weeks and a summer term of eight weeks. Classes run six days a week from 7 a.m. to 10 p.m., 12 months a year.

THE ENTIRE program is now operated in the old Central High School and the old city library. There are plans to construct new facilities in the downtown area within the next few years.

Gillisons greet over 500 at anniversary

Mr and Mrs Albert Gillison and family greeted more than 500 relatives and friends Sunday afternoon between the hours of two and five in Niles Hall at the Methodist Church when their children, Mr and Mrs Stewart Gillison of Shepherd and Mr and Mrs Dow Gillison of Lansing honored their parents on their 50th wedding anniversary.

A beautiful four-tiered cake, flanked on either side by floral pieces holding lighted candles, centered the lace covered table. The cake was cut and served by a granddaughter, Mrs Roy Zigler, and a niece, Mrs Paul L. Hartgerink. Coffee, punch, ice cream and dark cake were served by Mrs Raymond Meyers, Mrs Harry Northrup, Mrs Carl Stump and Mrs Harold Goelz.

THE GUEST book was in charge of Mrs David Mohnke and the gifts were registered by Susan Gillison, a granddaughter and Miss Ilene Northrup. They were assisted by a grandson, David Gillison. Others helping during the afternoon were Mr and Mrs Glenn Davis, who acted as host and hostess, and Roy Zigler.

Guests came from many points in Michigan including Detroit, Grand Rapids, Lansing and Shepherd, also Wisconsin.

As a pleasant surprise that climaxed a wonderful day, they received a telephone call in the evening from Mrs Gillison's brother, Brian Carroll in Portland, Ore.

MR AND MRS Gillison are life-long residents of Clinton County. Following their marriage they were engaged in farming for 18 years, when they took over the duties of manager and matron of the County Infirmary, where they served for 8 years.

In 1940 they moved to St. Johns where Mr Gillison became a custodian at Rodney B. Wilson High School until his retirement in 1958.

MR AND MRS LONNY LEE DEVEREAUX

Newlyweds now at home in St. Johns

Now at home in an apartment at 108 1/2 South Morton Street after a honeymoon to Pennsylvania are the newlywed Mr and Mrs Lonny Lee Devereaux who were married at the Congregational Church on Oct. 9. Rev Gerald Churchill officiated at the double ring candle-light service at 8 p.m. Vases of white mums and red carnations with green fernery decorated the church. The traditional wedding music was played by Mrs Manning Bross.

A RECEPTION was held at the Municipal Building for the 125 guests. Hosts were Mr and Mrs Richard Davidson of Dryden, uncle and aunt of the bridegroom. Cutting the bride's cake was Dawn Powers and the bridegroom's cake was Martha Murray. Others assisting were Mrs Janet Rademacher, Mrs Neila Griffith, Mrs Betsy Boak, Mrs Lil Hylar, Mrs Twilah Brown, Miss Diana Griffith, Miss Darlene Bird and Miss Linda Dean.

BEATRICE MARIE TOMASEK

Mr and Mrs Frank J. Tomasek, 905 Wight Street wish to announce the engagement of their daughter, Beatrice Marie Tomasek to Joseph M. Wollam of Traverse City, son of Mr and Mrs George E. Wollam of Traverse City. The bride-to-be is a senior at Mercy School of Nursing in Lansing. The prospective bridegroom is a graduate of Michigan State University and is continuing his studies.

The new Mrs Devereaux is the former Lois Arlene Bird, daughter of Mrs Thelma Griggs of Fowler and her husband's parents are Mr and Mrs Mahlon Devereaux of 703 Church Street, St. Johns.

The new Mrs Griffith attended Fulton High School while Lonny attended Rodney B. Wilson High School and is now employed at Motor Wheel in Lansing.

Baptist women busy on mission projects

The lower floor of the First Baptist Church is always a busy place from 6:30 to 8 o'clock on the evenings the Ladies Missionary Society meets. Many come at the early hour to work on items for missions. Last Tuesday night was no exception. One group was tying off a quilt, another hemming towels, at another table several were making wall plaques by pasting pretty pictures on plastic can lids. These plastic novelties are used by a missionary in Brazil as awards to the children.

At eight o'clock the work was laid aside and a business meeting and program held. Mrs Willard Goldman presided by leading the 45 women present in a hymn and prayer. The white cross chairman, Mrs Harold Phillips, reported on the work accomplished and they set the date of Nov. 6 to have a day-time work meeting to get some things finished and ready to ship. The group voted to purchase some needed personal clothing for the children of a missionary in Chile. It was also voted to send \$30 for the Navajo work for their Christmas. In the sewing machine fund there is now \$47.64, as reported.

PROGRAM chairman Mrs Fred Crowell introduced the speaker of the evening, Mrs Peterson, who has been a missionary in Cambodia for many years. Cambodia being in the center of the news lately, her talk was very enlightening. She described the life of a Cambodian woman from birth to death, their habits, customs and hardships. All missionaries are now expelled from the country and the Christians there are persecuted. She said the missionaries dare not write to their Christian native friends there, for fear they will be connected with Americans and then persecuted. Mrs Peterson also demonstrated a number of items of dress of the country.

Missionary chairman Mrs Bates gave a report on the Rural Bible Mission and the Navajo Mission in Arizona.

REFRESHMENTS were served from a lace-covered table with silver tea and coffee service. The table was centered with a cornucopia flanked with orange candles in turkey-shaped holders. Hostesses were Mrs Alice Moore, Mrs Alice Bishop and Miss Nellie Ryan.

The next meeting will be the Christmas program and the husbands are to be invited. Dr Cedric Sears will be the speaker.

New Names In the News

MISS HELEN THOMAS

A son, David Lynn Jr., was born Oct. 30 to Lt Jg and Mrs David Fenner at San Diego Naval Hospital. Mrs Fenner was the former Shirley Ann Smith, daughter of Mr and Mrs William Smith of rural St. Johns. The Fenners also have a daughter, Theresa Susan. Mr Fenner left on Nov. 8 for Viet Nam on the USS Hancock, as a pilot on a rescue helicopter. Shirley and the children will be coming to St. Johns in December to stay with her parents while her husband is away.

Rebecca Circle meets at Puetz home

The Rebecca Circle of the First Methodist Church met at the home of Mrs Leonard Puetz. There were 13 members and one guest present.

The business meeting was conducted by Mrs Donald Swagart.

MRS CLIFFORD Lumbert presented the worship and program. The program entitled "Call to Prayer and Self Denial" informed the circle where the self denial money is to go this year. It will be going to help build a new Library at Scarret College in Tennessee and to aid 14 Medical missions around the world.

Refreshments were served by Mrs R.G. Becher, Mrs Charles Cramer and Mrs Leonard Puetz.

Ovid senior with cause to head MD March Sunday

Pert, dark-eyed, 17-year-old Mary Angella Sinicropi will head the Muscular Dystrophy March in the Ovid area this Sunday. In taking over this "woman-sized" job, "Angle" will be assisted by fellow Pep Club members at Ovid High School where she is a senior.

ANGIE SINICROPI

Twenty-five girls who represent varsity and junior varsity cheerleaders, plus one member from each high school class and one eighth grader, will start their drive at 1 p.m. and aim for a record amount of donations to aid in MD research. The girls will end their march at the Warren Road home of Angie's parents, Mr and Mrs Anthony Sinicropi for cokes and quantities of Mrs Sinicropi's homemade pizza.

Night Muscular Dystrophy Tournament at his Tri-Aml Bowling Alleys. For a 25-cent donation to MD, league bowlers will compete for four sweat jackets. He also supports the cause with his "Dollars for Dystrophy" drive at his tavern.

MSUCULAR Dystrophy is a cause close to the hearts of all six (Angle has two brothers and a 5-year-old sister) Sinicropis. Jerry Sinicropi, the 11-year-old son of Mr Sinicropi's cousin, was Michigan's MD poster child in 1960 and 1961. Aware that few MD children reach their teens, they speak fervently of their hope that a "research breakthrough" will come in time to save Jerry and the other 200,000 MD victims.

A BORN organizer, Angle is vice president of her student council, secretary of the senior class, a member of the National Honor Society, a cheerleader and still finds time for sewing, swimming and cooking. Though she plans to attend Community College upon graduation, she is already planning room in a busy schedule for a bigger and better March in 1966 when she expects to extend the drive to the Elsie area.

Using an idea of Mary Angella's for the second year, Tony Sinicropi will sponsor Ovid Woman's

For cousin Jerry, the time is running out, but for Mary Angel-

Scout troop goes camping

Boy Scout Troop 72 of St. Joseph School spent the weekend camping, fishing and hiking at Shingle Lake at Lake George, Mich.

Eleven boys, Scoutmaster Bob Langlois and District Commissioner Rudolph Masarik participated in the weekend events. They left St. Johns Friday afternoon and returned Sunday.

While there the troop went on an eight-mile hike. On the walk they came across Troop 510 from Maple Rapids, whose 25 boys were using the Parkinson's cabin for the weekend. An impromptu football game ensued.

FHA helping repair toys

Girls of the Future Homemakers of America chapter at St. Johns High School are helping the St. Johns Jaycees in a project to provide toys and books for needy children this Christmas.

Mrs Martha Foust, home ec teacher and advisor to the FHA chapter, said baskets are being placed at the high school, Parr's Pharmacy and Clinton National Bank for the collection of used toys and books. The girls will repair the toys and books that need repair.

WESTPHALIA-The Pewamo-Westphalia FFA Chapter took a field trip to the State Corn Picking Contest, Tuesday, November 2, on the Knterim Farm near Adrian.

The boys were accompanied by their vocational agriculture instructor, James Gibson and Joseph George, an area farmer. While the boys were there they observed two hundred and fifty one various exhibits and over one billion dollars worth of farm machinery.

Draft board calls 111 for physicals

On Nov. 23 of this month 111 Clinton County young men will leave for Detroit for their military physical examinations.

This group is the largest that Elnor Lewis, who began working for the draft board in 1949, can remember being called for physicals. In a quick check of the Clinton County News files, this is the largest group to leave for examinations since Feb. 6, 1945, when 116 were called.

ON DEC. 7 OF THIS year 42 Clinton County youths will leave for induction into the army. This group is the largest to be called since June 8, 1945, when 43 were inducted.

Both of these groups surpass any call up of men that was issued during the Korean campaign, reflecting the shortage of men needed in uniform.

AT THE PRESENT time the Clinton County draft board has 501 men classified as 1-A. This includes those who have had their physicals and those who will take physicals in the near future.

Sales tax money distributed

Sales tax diversions for the quarter ending Sept. 30 were mailed to township, city and village treasurers this week by Clinton County Treasurer Velma Beaufore.

Highest recipient was DeWitt Township which got \$14,488.86. The City of St. Johns got \$12,703.46 and the City of DeWitt received \$2,797.88.

Other governmental units and the amounts received were:

- BATH \$8,434.32, Bengal \$2,018.18, Bingham \$3,032.92, Dallas \$2,418.20, Duplain \$2,580.92, Eagle Township \$2,558.32, Essex \$1,568.44, Greenbush \$3,619.36, Lebanon \$1,518.72, Olive \$3,204.68, Ovid Township \$2,915.40, Riley \$2,219.32, Victor \$2,793.36, Watertown \$4,538.08, and Westphalia Township \$2,307.46.

Eagle village \$318.66, Elsie \$2,108.58, Fowler \$1,930.04, Hubbardston \$74.58, Maple Rapids \$1,543.58, Ovid village \$3,401.30, and Westphalia village \$1,265.60.

A total of \$85,760.22 was distributed.

Area youth begins voluntary service

Wallace Yordy, son of Mr and Mrs John W. Yordy, R-1, Ashley, began a two-year term of voluntary service under the Mennonite Board of Missions, Elkhart, Ind., recently. He has been assigned to serve in the housekeeping department at Levering Community Hospital, Hannibal, Mo.

Yordy is a member of the Bethel Mennonite Church, Ashley. He graduated from St. Johns High School in 1963.

The Hannibal voluntary service unit where Yordy has been assigned was begun in October, 1961. Unit workers serve as nurse aides, orderlies, laundry workers, maintenance workers, and housekeepers at the Mennonite owned and operated Beth Haven Nursing Home and the 165 bed Levering Community Hospital. They also assist in the church programs of the local Lyon Street Mennonite Church in Hannibal. Currently there are 14 members in the unit.

NFO makes final convention plans

The Clinton County NFO made final plans for the delegates to the national convention when members met last Thursday at the Colony Road School.

The national convention will be Dec. 1 and 2 in St. Louis, Mo.

Gale Bashore and LeRoy Vincent, co-chairmen of the NFO auction sale, reported a "very successful" sale. Stan Welton reported that more farmers are selling together.

A motion was made to run the weekly ads in the Clinton County News for five more weeks.

The next meeting will be Dec. 11 at the Westphalia Township Hall in Westphalia.

Jailed one day

James O. Loucks of R-1, Albion, was sentenced to one day in jail Monday by Circuit Judge Leo Corkin for having no operator's license to drive.

Last week nine men left for induction. They were:

- Robert Walter, Ovid.
- Marvin Ball, St. Johns.
- Roger Koski, DeWitt.
- LeRoy Clark, Lansing.
- Lester Chadwick, Lansing.
- Larry Theis, Fowler.
- Ronny Atkinson, St. Johns.
- David Wilcox, Lansing.
- Richard Price, Eagle.

As of this writing the local board does not have the call-up quotas for physicals or inductions for January.

Bank here low bidder on Ovid-Elsie bonds

Clinton National Bank & Trust Co. of St. Johns and Elsie headed a group which were low bidders Monday night on a \$200,000 issue of Ovid-Elsie school district general obligation bonds.

The bank and its associates were awarded the bonds at their average bid of 3.79914 per cent interest for the 26-year issue. Second low in the bidding was First of Michigan Corp. of Detroit whose average rate price for the bonds was 3.8634 per cent.

Clinton National will be paying agent for the bonds and will service the account for the Ovid-Elsie schools.

Driver Ticketed

Norman G. Geller, 19, of 605 W. Park Street, was ticketed for improper backing Sunday when he allegedly backed into a car driven by Thomas L. Wilson, 16, of 3440 Chadwick, DeWitt. The mishap occurred in the center block of North Clinton Avenue.

2 ordinances passed by city

Two new ordinances were passed by the St. Johns City Commission last Tuesday night. One, numbered 188, sets a minimum rate of 15 per cent of the water bill which may be charged industries which apply for a special sewer rate. The previous minimum charge, established by Ordinance No. 186, was 25 per cent. All other rates set by Ordinance 186 are applicable under Ordinance 188.

ANOTHER ORDINANCE, No. 189, provides for the vacating of a 50 foot deep portion of Swegles Street north of Railroad Street. The street, as platted, runs up to the Grand Trunk Railroad property, but there is no roadway on that strip of land now.

In other miscellaneous business last Tuesday:

-The commission approved an assessment roll for properties in the 800 and 900 blocks of West Cass Street to partially pay for new water main installation there this summer.

-THE CITY declined an offer of Mr and Mrs Robert Rand to sell a 66-foot strip of property to the city for future use as the extension of Wight Street south of Oak Street. The Rands asked \$25 per front foot. "That's too much," Mayor Jack Smit said. "I'd be willing to offer \$12.50 a foot." The matter was dropped by the commission.

-The commission voted to provide coveralls to hourly-rated employees at a cost of \$2 per week per employee. The service will cost the city about \$1,700 per year.

-A new police car from Stan Cowan Mercury, Inc., the low bidder, was bought by the city for a cost of \$1,244 after trade.

Exchange members see film on football

Twenty-five members and guests of the St. Johns Exchange Club got some inside information about how to watch a football game when a movie of that title was shown last Thursday noon. Ken Moore was program chairman.

A new member of the club is Fred Walker. Guests present last week were Dr Henry Burkhardt, new St. Johns dentist; Rod Brown, Clinton County News advertising manager; and Mike Cook, assistant cashier at the Clinton National Bank.

Patrol, service squad honor 2

Patti Spousta, daughter of Mr and Mrs John Spousta of 510 N. Mead, has been named safety patrol service squad girl of the month at Perrin-Palmer School in St. Johns.

Bill Pioszak, son of Mr and Mrs William Pioszak of 505 E. Higham, is safety patrol boy of the month. Both young people are sixth graders at the school and were chosen for the honors by members of their class.

The safety patrol and service squad are made up of boys and girls in the fifth and sixth grades at Perrin-Palmer.

Michigan hunters are reminded by the Conservation Department that it is unlawful to kill hawks, owls, or eagles. Also, it is against the law to remove or destroy the nests or eggs of these protected birds.

This accident for the birds

Scratch six bags of sunflower seed!

That much seed was scattered over the intersection of US-27 and M-21 last Thursday evening when Maurice J. Tase, 33, of Mount Pleasant, stopped suddenly to avoid a car starting to cross the intersection.

The six bags of seed, perched atop Tase's loaded pickup truck, flew off the top into the hood of the truck and then broke on the highway.

Pleads innocent

Robert L. Tate, 17, of Fowler, pled not guilty Monday before Municipal Judge Alba Wert in St. Johns to a charge of assault and battery. The warrant was signed by Larry Lamb, with the fight allegedly taking place Saturday in Fowler. Bond for Tate was set at \$250.

MR AND MRS LOUIS JORAE

50th anniversary for Victor couple

Mr and Mrs Louis Jorae will celebrate their golden wedding anniversary on November 13 and 14 with a 11 a.m. Mass of Thanksgiving at St. Joseph Church in St. Johns.

On November 14 from 2 to 5 p.m. their family will honor them at an open house reception at St. Isidore's Parish Hall, Laingsburg. Friends, relatives and neighbors are cordially invited to attend both occasions.

Louis V. Jorae, oldest son of Theodore Jorae and Martha Ashley Jorae, and Gladys Post, daughter of William and Libby Bushman Post were both born on farms, only a section apart, in Victor Township, Clinton County. Although close neighbors, they knew each other only slightly when children. Louis went to Cedar Lake School and Gladys to the Grove District.

They were married by Father Edward Taylor on Wednesday, Nov. 17, at 9 o'clock at St. Isidore Church, Laingsburg. Eulalia and Ira Jorae, cousins of Louis, were their attendants. After a short honeymoon in Northern Mich., they returned home to the Jorae farm, where they have since resided, raised their family and spent their fifty happy married years.

They had six children, Wilma (deceased); Victor of Laingsburg, Christina, Mrs Dale Wood, of Farmington, Iowa; Robert of Detroit; Barbara, Mrs George Gee of Laingsburg and Joe of Ovid. They are also grandparents of 13 grandchildren and 4 great grandchildren.

Mr Jorae has spent his life time as a farmer on a 320 acre farm. He is the third generation owner, first owned by his grandfather, Victor Louis Jorae, who obtained the farm in Nov. 17, 1854, later deeded to his father, Theodore and in 1946, the farm was deeded to him.

Hunting and fishing is his chief form of recreation.

It is the hope of their family that relatives, friends and neighbors will join with them in honoring their parents on this happy occasion.

Mrs Lamberson hosts to WRC

The Woman's Relief Corp met with Mrs Goldie Lamberson Tuesday afternoon, Nov. 2, with nine officers present. A report of sick calls, cheer cards and birthday cards was taken.

After the business, cards were in play with Mrs Minnie Wright winning high prize and Mrs Katie Woodruff low.

The group will meet Tuesday, Nov. 16 with Mrs Ruby Bishop.

Youngsters to see turkeys 'on hoof'

Approximately 150 youngsters will take part in a turkey visitation Friday at 9:30 on the Harry Volvard Turkey Farm, part of Shady Nook Farm two miles south and a mile east of Perrinton.

The kindergarten youngsters will tour the turkey farm in a horse-drawn carriage. A turkey king and queen—one pair from Maple Rapids and one pair from Middleton—will be chosen. The children will select the king and queen by each drawing a Thanksgiving picture and telling a story about it, with the best one winning.

Open house, with cider and donuts, will be held.

The turkey farm raises about 9,000 turkeys at this time of the year.

October water pumpage down

October was a dry month for St. Johns, as far as use of the city's water service was concerned. There were 11 days during the month when daily pumpage dropped under 1 million gallons.

The lowest water usage was 939,000 gallons on the first three days of the month. The high was 1,362,000 on the 4th and 25th.

Total water consumption by the city during October was estimated at 35,129,000 gallons. The figure is an estimate because the master meter broke Oct. 8 and was in a state of repair during the remainder of the month.

The month's total compares to 36,850,000 pumped last year.

'Toys for tots' drive ready

THE AMERICAN Legion annual "Toys for Tots" campaign will begin on Monday, Nov. 22 according to this year's chairman, Robert Brock.

As of today all the collection stations have not been established, but full details will be available next week.

BROCK suggests that anyone who has toys or who thinks they might have some, begin looking and making ready for the collection.

The "Toys for Tots" is an annual event with the local post to collect and repair used toys for distribution to needy children at Christmas.

Loyal volunteers continue cancer work in county

Members of the Elsie Literary Club recently met and cut a 25 pound roll of gauze into dressings. The women were: Mrs Lloyd Craven, Mrs Harold Bates, Mrs Spiegel and Mrs Parks.

The Women's Society of Riley Lutheran Church turned over 200 sewed dressings to Mrs James Postlethwaite, Service chairman for Clinton County.

LAST WEDNESDAY five officers of the Clinton County Chapter of the American Cancer Society drove to Ann Arbor. They presented a \$1500 check from the Clinton County Chapter to Dr Jere Bauer, Assistant Professor of Internal Medicine at University Hospital. The local chapter was the first to start such a project.

The following women were taken on a personally guided tour by Dr Bauer: Mrs Gerald Churchill, Miss Hazel Williams, Mrs B. A. Delbert, Mrs Albert Frucht, all of St. Johns, and Mrs Harold Mead of Ovid.

MISS MARGARET BAKITA

The engagement and plans for an August wedding is being announced for Miss Margaret Bakita of St. Johns, and Kenneth Hendricks of 6009 Bishop Road, Lansing. Miss Bakita is the daughter of Mrs Anna Bakita of 2491 S. US-27, St. Johns, and the late John Bakita Sr. She graduated from the Elsie High School and is now employed at Michigan State Police Post in East Lansing. Her fiancé is the son of Mr and Mrs Lester Hendrick of Grand Rapids and a graduate of Union High School in Grand Rapids and is now attending MSU.

Legion Auxiliary plans potluck of November 16

Civil Defense Month was observed by the American Legion Auxiliary Tuesday evening when Charles Frost, Civil Defense Director, was the speaker at their meeting and showed pictures. Mrs Lloyd Peterson was program chairman.

The patriotic ritual was led by the president, Mrs Raymond Bell, with the business meeting following.

ALL MANDATORY funds to care for the hospital and children's care program which amounted to \$137, were voted, also \$90 was given to Mrs St. Clair Pardee, Rehabilitation chairman, for the Christmas gift shop for hospitalized veterans. Another gift of \$5 was voted to the servicemen's telephone fund for Christmas Day calls home, and \$10 was voted to the United Fund. The membership reported was 124 paid up for 1966.

Mrs Bell reported the balance for the magazine drive as \$415.54. Mrs Glenn Padgett reported \$165 cleared on the last dinner served.

NOVEMBER IS membership month and a potluck supper will be served on Nov. 16, at the hall preceding the meeting and new members will be installed by Mrs Carl Bancroft.

Guests of honor will be Gold Star Mothers and past presidents. Hostesses will be Mrs Dorothy Hettinger, Mrs Pat Sapp and Mrs Mary Louise Karber.

SS Class party

The Ambassador Class of the First Baptist Church Sunday School will hold its November class meeting and party in the church basement on Thursday, Nov. 18 at 7:30 p.m. Those in charge are Mr and Mrs Kenneth Snider and Mr and Mrs Raymond Parr. Friends are urged to come and attend this adult class taught by Harold Phillips.

News About Service Personnel

RAYMOND M. MILLER

Coast Guard Commander RAYMOND M. MILLER, son of Mrs Edith Miller of Elsie and husband of the former Miss Ann Pool of Imogene, Iowa, is serving at the US Naval Auxiliary Air Station, Meridian, Miss.

The station, part of the Naval Air Basic Training Command, is the newest and most modern of its kind in the United States. Its mission is to train future Navy and Marine Corps pilots.

Before entering the service in January 1941, Commander Miller attended Western Michigan University, Kalamazoo.

CDR Miller has just logged in 9000 hours of flight time as a pilot during his service in the Coast Guard. He was previously stationed as Commanding Officer of the USCG Activity at NAS, Agana, Guam, M. I.

Fireman Apprentice MICHAEL A. VANNEST, USN, son of Mrs Dorice M. Cockerell of 5220 Clark Road, Bath, is serving aboard the attack aircraft carrier USS Kitty Hawk, which sailed for Hawaii Oct. 19.

The carrier will undergo her Operational Readiness Inspection in Hawaiian waters, after spending most of the summer training for her deployment to the Western Pacific sometime in November.

Rev Roger Harrison, pastor of the First Baptist Church is teaching "New Member Classes" on Sunday at 10 a.m. to those who have just become members of the Church, to those who wish to become members and to anyone who are just interested. Last week 15 folk participated. The classes are open to all.

Work cut out for architects

The work is now cut out for the St. Johns board of education and its architects, Supt. Earl Lancaster told the St. Johns Rotary Club Tuesday noon.

Preliminary plans have to be drawn up over the winter and approved by the board in time for a spring bond issue election on the school's building program.

LANCASTER said a number of questions will have to be resolved before the election next April or May. Among them is the need or lack of need for school-controlled outdoor athletic facilities.

Lancaster said he wouldn't be surprised if the bond issue would have to be set at about \$3.5 million to take care of the basic elementary building needs in the rural areas, construction of a new high school with swimming pool and outdoor athletic facilities.

LANCASTER explained the work of a citizens advisory committee during the past eight weeks and outlined for the Rotarians the various aspects of planning that will go into the design of the high school building.

He said it is hoped to be in the new building by the fall of 1968.

Dr W. F. Stephenson was program chairman for Rotary Tuesday.

Bonneta Smith now Mrs Laurel Painter

OVID — Miss Bonneta Ann Smith and Laurel Wayne Painter spoke their marriage vows at the Grove Bible Church on Saturday, Nov. 6, in a candlelight ceremony at 7:30 p.m. Rev Robert Prange officiated at the double ring ceremony. Roger Matthias was organist and accompanied Mrs Robert Prange when she sang "The Lord's Prayer," "I Love You Truly" and "Whither Thou Goest."

The bride is the daughter of Mr and Mrs Robert F. Smith of 4254 South Hollister Road and the bridegroom's parents are Mr and Mrs Laurel A. Painter Sr. of Hadley.

GIVEN IN marriage by her father, the bride approached the altar wearing a taffeta gown with lace bodice and sleeves and detachable train of taffeta and lace, Chapel length. A crown held her shoulder-length veil in place and she carried a cascade arrangement of Glamellas. She carried a handkerchief which had belonged to her great-grandmother.

Mrs Larry Smith of St. Johns served as matron of honor. Bridesmaids were Mrs William Hitchens of Lansing and Miss Lynn Ann VanSice of Ovid. Their gowns were floor-length mairé cottillion blue taffeta with empire midriff, elbow length sleeves and controlled skirt. They wore blue net pillbox hats accented with pearls, and carried identical arrangements of white and blue carnations.

LITTLE CINDY Smith, niece of the bride, was flower girl. She was dressed in a white nylon chiffon floor-length taffeta, similar to the bride's gown. Richard Smith, nephew of the bride, was ring bearer.

Best man for his brother was Gerald Painter, while groomsmen were another brother, Donald Painter and William Hitchens, a friend. Ushers were Frank Smith, brother of the bride and Ronald Stirn, her cousin.

Congregational women hear report on fair

The Women's Fellowship of the First Congregational Church met on Tuesday, Nov. 2 in the church parlors.

Mrs Lawrence Fish presented the devotional service using for her topic "Missions." She read an inspiring article from "Guide Posts" and a Halloween Poem. The hymn for the day was "Come, Ye Thankful People, Come."

MRS FOREST Root, president, presided at the business session, and members in charge of the annual fair and turkey dinner reported that it was a most successful event. Plans were discussed for 1966, and it was decided to hold the dinner and the fair on separate days.

Many members attended the World Community Day Nov. 5 at Lowe Church.

THE DECEMBER meeting will be the annual Christmas luncheon. Division chairman will contact members with plans for this event.

Mrs Dolly Warstler presented a Service of Dedication for articles which were brought for Mission projects. She was assisted by Mrs Frank Maier, who explained briefly the work being done at Piedmont College in Georgia and at Fort Berthold in North Dakota.

Mrs Root reported on the State Conference of Congregational Churches which she recently attended in Lansing.

Tea was served by members of the Linda Scott Division.

Special series of sermons on Prophets

"Major Messages from the Minor Prophets" is the theme of a series of sermons planned by Rev Roger Harrison, pastor of the First Baptist Church. Last week the topic was "The Prophet Himself."

Next Sunday morning the message is entitled "Amos Calls for Obedience." These prophets lived in affluent times such as we do and therefore their books are relevant to our times.

A special saxophone solo by Mrs Rovelie Smith, a lively song service and youth participating will highlight the evening service at 7:30 p.m. Pastor Harrison's message is "The Perfect Law."

FOR HER daughter's nuptials Mrs Smith wore a blue suit with matching accessories and the bridegroom's mother wore a scarlet suit with matching accessories. They had identical corsages of blue tinted mums.

A reception was held immediately following the ceremony in the VFW hall, for the 250 wedding guests. Serving there were Mrs Lee Swender, Mrs Charles Swender, Mrs Lorna Nicholas and Mrs Ethel Mulder, all aunts of the bride.

FOLLOWING an Eastern states and Washington D.C. wedding trip the newlyweds will be home at 910 N. Seymour Street, Lansing after Nov. 15.

The new Mrs Painter graduated from the Ovid High School in 1964 and attended Lansing Community College. Mr Painter graduated from Michigan Technological University in 1963.

By Mrs Ray Ketchum

Mrs Mable Moore spent a few days last week in Lansing with friends.

Mrs Myrtle Ketchum, Mrs Irene Brewster and Mrs Katherine Ingersoll visited Mrs Cecile Bairds of Flint recently.

Mr and Mrs Roy White of Vicksburg were Saturday callers of their son, Mr and Mrs Orval White.

We are glad to report that Mrs Stanley Morrill is home after spending about three weeks in Clinton Memorial Hospital.

Mr and Mrs Ray Ketchum spent Sunday with their son, Mr and Mrs Nelson Ketchum and sons of Wacousta.

Mr and Mrs Donald Strouse and sons attended a family dinner Saturday at the home of his parents, Mr and Mrs Paul Strouse of Mason, in honor of his brother, Douglas, who is entering the service this week. Another brother, Larry, is on his way overseas.

SS and youth activities at First Baptist

Last month during the "Goal to Grow" Sunday School Contest at the First Baptist Church a new high average attendance of 260 was achieved. The highest attendance ever was 298 on Oct. 31. The official standings of the contest showed that First Baptist Church was in first place with 41.9 per cent increase over a base of 184. The next highest church was Grandville Baptist with only 15.3 per cent increase.

"Our goal is still to grow," is the comment still heard from Supt. William Dodge who invites those of all ages to attend, for there is a class for all. The Primary Department had its annual Halloween party on Oct. 30 with 62 attending. Mrs Raymond Parr is primary superintendent. Junior superintendent, Mrs Kenneth Snider is planning a victory party for the juniors who so greatly helped in the contest.

THE JUNIOR Youth fellowship had their quarterly party on Oct. 29 with 30 in attendance. Mr and Mrs Harold Phillips, Mr and Mrs William R. Smith and Miss Clara Lee are the sponsors. Last Saturday, Nov. 6, the Junior Choir had its first annual fall hayride with Mrs Richard Woodham's, Mrs Don Penix, Mrs Kenneth Snider and Mrs Roger Harrison as helpers. Mrs Harrison is the choir director.

AFTER THE football game this Friday will be another Fifth Quarter at the First Baptist Church for all teenage youth. Food, fun and fellowship are the order of the evening.

New officers preside at regular OES meeting

Americans who trace their ancestry back to the Mayflower almost had a competitor. When the Pilgrims first left England in 1620, they sailed in two ships, the Mayflower and the Speedwell. They had to return to England twice, however, because the Speedwell proved unseaworthy, and the Mayflower finally sailed alone.

shine in flag games**

Bee's remained undefeated in the adult flag football league by subduing the Referees 20 to 7 last Wednesday. For Bee's, White passed to Overlander for the first six points of the game and a few moments later Hufnagel took a pass in for six more. The PAT was scored by Leroy Martins.

Jeff Martens ran in from the 12 to give the Referees their only score. He also scored the PAT. Late in the third quarter Hufnagel intercepted a Ref pass and scooted 41 yards for the final tally.

**Keep watch
on school bus**

Almost every driver is aware of Michigan's school bus law that requires stopping for a bus that is taking on or discharging school children. Often though, there is some confusion among drivers as to the letter of the law and the best practice to follow.

The Michigan State Safety Commission reminds that there are a few basic points to remember about the school bus laws and they stress these:

- 1) You (the driver) must not overtake, or meet and pass, any school bus which has stopped to receive or discharge passengers.
- 2) WHEN YOU SEE the red, alternately flashing lights on the front and rear of the bus you are expected to bring your car to a full stop at least 10 feet away. You should remain stopped until the bus resumes motion or until the operator has deactivated the flashing signals.
- 3) When you do resume motion check carefully for children loitering beside the road or heedlessly dashing across.

Some other points to keep in mind about school busses and their precious cargo, might be these; because of their passengers, school busses have a recommended route speed of 35 mph. Even on the highway they are limited to 30 mph. Expect the operator to go slower and he'll appreciate your courtesy.

THE BUS WILL stop for all railroad crossings. After stopping, opening the door and observing, the operator will then move carefully across the tracks. Again, your patience as the driver following the bus is both a courtesy and a necessity.

By observing the laws Michigan's motorists can make the task of transporting thousands of school children a safer experience. Your strict attention to details when following or approaching a school bus will keep you alert and school children alive.

**127 United Church
women gather at
annual affair**

In presenting "A Better World Begins with Me" at the World Community Day service at the Lowe Church, Mrs S. R. Russell challenged each of the 127 women present to do their part through love and understanding to make a better world, first in the home and then in the community.

The offering of the day, about \$85, goes to support work in Chile. Thirty-five pounds of yard goods, 18 layettes, 17 smocks and 90 sewing kits will be sent to Chile and Haiti.

A letter has been sent from the United Church Women of Clinton County to Life Magazine in protest of their new calendar for 1966 with the first day of the week being Monday.

Redwings finally nudge stubborn Bulldogs

St. Johns had to put up three determined goal line stands Friday night before edging past the Ionia Bulldogs 21-13 in the final West Central game for both teams.

The Redwings ended the conference season with a 5-2 record, tied for second place with Grand Ledge. Hastings won the league championship with a 7-0 league mark. Ionia finished with a 3-3-1 conference record.

THE WINGS HAD to dig in on defense almost immediately after kicking off to Ionia to start the game. Moving from their own 22, the Bulldogs charted four first downs and moved as far as the St. Johns 6-yard line before the Wings held and took the ball on their own 7.

St. Johns moved out to the 47 but then punted to Ionia, which resumed their touchdown hunt. This time the Bulldogs started from their 25 and midway through the second quarter scored on a diving catch by Mike Buck of a Perry Gregory pass. It covered 16

yards and put the Redwings behind 6-0.

ST. JOHNS bounced back for a touchdown on six plays. The big play was a 50-yard pass play from Gene Rademacher to Randy Humphrey that put the ball on the Ionia 2. Two plays later Lee Hill dove in for a touchdown from the 1-yard line. On the try for the extra point, the pass from center was high, but Humphrey raced around right end with the ball and managed to bull his way in for the point.

The half ended with the score 7-6.

THE REDWINGS were never behind again, but Ionia was never out of contention, either. St. Johns took the second half kickoff and with Gary Boyce and Humphrey alternating moved as far as the 23. After a penalty erased an 11-yard run by Rademacher, the senior quarterback hit Humphrey all alone on the 10-yard line and Humphrey scored. The play cov-

ered 28 yards. Boyce placekicked the extra point.

St. Johns forced Ionia to punt, but the Wings fumbled on the 25 and the ball was recovered by the Bulldogs. A pass interference call against St. Johns let Ionia quarterback Gregory score from the 3-yard line. Gregory then passed to Mike Welsh for the extra point, and the score was 14-13, St. Johns.

IONIA threatened to go ahead when they intercepted a Rademacher pass on the St. Johns 27 on the next series of plays. But Lee Hill thwarted the touchdown by intercepting a pass at the goal line and running it out to the St. Johns 45.

Then, three plays later, with beautifully executed faking in the backfield by St. Johns backs, fullback Bob Every suddenly leaped into the open with the ball and high-stepped 55 yards for a touchdown with 10:23 left in the game. Boyce's kick was good, and it was 21-13.

IONIA, HOWEVER, wasn't finished. Taking the kickoff on their 33, they amassed four first downs in a drive that carried to the St. Johns 5 before they were stopped.

The Redwings kept the ball for the final four minutes of the game, moving 94 yards and almost scoring. Rademacher passed 15 yards

to end Dennis Springer on the 5 on the last play, and it took two men to stop Springer on the 1. But there was no time left to try again for the extra touchdown.

IONIA WAS able to work the center of the St. Johns line for most of their yardage. Defensive back Lee Hill led the defense with 12 tackles, while brother Dave Hill and Tim Spitzley each had 8 tackles. The statistics showed Ionia with only 36 fewer yards rushing than St. Johns, and the Bulldogs had 15 first downs to 12 for St. Johns.

Penalties hurt St. Johns, both while on offense and while on defense. They lost a total of 67 yards that way.

Fullback Bob Every was the big gun in the rushing offense, picking up 106 net yards in 12 carries. One was the big gainer for the touchdown. Randy Humphrey gained 63 yards in 10 carries and caught two passes for 79 yards and one touchdown.

P-W ends year on winning note

BATH — Pewamo-Westphalia scored two first-half touchdowns and then held on to defeat Bath 14-0 Friday night, giving the Pirates their best record in their four-year football history.

Pewamo-Westphalia finished the season with a 2-4-2 record. Bath wound up 1-6-1.

Pat Luna got the Pirates in front by tossing a 35-yard TD pass to Bruce Thelen in the first quarter, and Bruce Curtis scored for P-W in the second period.

Randy Humphrey (30) lugs the ball for a 15-yard gain for St. Johns against Ionia Friday night. Other St. Johns players are Dennis Springer (82) and Duane Downing (81). The tackler is not identifiable, but other Ionia defenders are Claude Clark (65) and Perry Gregory (12). St. Johns won 21-13.

Fulton defense stymies Fowler, Pirates win 27-0

PERRINTON — Fulton High School scored on the second play of the game and went on to trounce Fowler 27-0 here Friday night. Quarterback Randy VanSickle was in on three of the touchdowns.

IT WAS FULTON'S final game of the season, and they finished with a 5-3 record. The leading ground gainer for the Pirates this year has been Chris VanSickle who has averaged 98.3 yards per game.

The Pirates completely dominated the game, and Fulton Coach Barney Schultheis complimented his team for an "outstanding game played by the defense."

Fowler now has a record of 6-2 and will close out the season at Ovid Friday night.

Football winner second in family to win this year

Winning the football contest in the Clinton County News is becoming a tradition in the Meredith family at Ovid.

In the Oct. 7 contest, Sandra L. Meredith emerged the victor with the aid of the tie-breaker. A month later, in last week's contest, Terri Lynn Meredith won, again on the tie-breaker. In both instances, they missed only two of the 20 regular choices.

THEY LIVE at 240 E. Clinton in Ovid. The latest check for \$20 to the winner was sent Monday.

Terri Lynn missed only two regular games. She picked Ashley to beat Vestaburg, but that ended in a tie. And she picked Illinois to beat Michigan, and that was wrong.

Jane Vitek of R-2, St. Johns, and Mrs. H. W. Lundy of 201 E. Clark Street, St. Johns, also missed only two choices, but they were further away from the true tie-breaker score of 34 than Terri Lynn was. She missed it by only one point.

The Clinton County News Football Contest continues this week.

SO STRONG WAS it that Fowler could pick up only four first downs all night and had a net rushing yardage of 105, with only 30 of that coming in the second half. Fowler passed for 24 yards.

Fulton, on the other hand, had 12 first downs, 235 net yards rushing and 53 yards passing. The Fulton defense also intercepted two Eagle passes.

For scoring purposes, the game was over after the second play. Randy VanSickle passed to end Bill Cartwright for 53 yards and a touchdown, and Carl Hagenbaugh kicked the extra point.

IT WASN'T UNTIL the third quarter, however, that Fulton put the game out of Fowler's reach. First, VanSickle scored on a one-yard quarterback sneak, and later he went 30 yards on a quarterback keeper play. Hagenbaugh kicked the extra point.

In the fourth period, Bill Cartwright picked up a Fowler lateral that went behind the intended runner, and Cartwright romped 25 yards with the ball for the final touchdown. Hagenbaugh added the extra point.

Last Friday's Scores

Friday's Games

WEST CENTRAL — Lansing Gabriels at St. Johns, Grand Ledge at Lansing Eastern (both non-league).

CENTRAL MICHIGAN C — Elsie at Owosso St. Paul, Fowler at Ovid, Perry at Schwartz Creek (all non-league games).

CENTRAL MICHIGAN D — Fowler at Ovid (non-league), Portland St. Patrick's at Morrice.

Ionia defenders Ron Harris (40) and Glen Norman (20) dash up to put the stop on St. Johns end Dennis Springer (82) shown grabbing a pass on the 5-yard line on the last play of the game. Springer was hauled down on the 1.

JV's thunder past Ionia 45-20 in finale

By SUE DURNER

Led by right halfback John Salemi, who scored 19 points on three touchdowns and an extra point, the Junior Redwings capped their third undefeated, untied season by downing the Ionia Junior Varsity Nov. 4 at St. Johns by the score of 45-20.

St. Johns broke the game wide open in the first period after recovering an Ionia fumble on the Ionia 27-yard line. From there, Salemi roared around right end for the first of his three TDs of the evening.

MIDWAY THROUGH the first period Randy Lochar recovered an Ionia fumble on their own 7-yard line. From there Salemi took it in to make the score 12-0. Howe converted for the extra point.

Another fumble recovery, this time by Joe Keilen on the Ionia 45-yard line, led to Salemi's third touchdown. St. Johns drove to the Bulldog 10 and Salemi lugged it over from there.

With 1:50 remaining in the first period, Dave Howe pounced on another Ionia fumble on the Ionia 36. After one running play, Love hit Don Palmer with a 12-yard pass and Palmer raced into the end zone for St. Johns' fourth TD of the quarter. After St. Johns kicked off, Mike Green intercepted an Ionia pass and romped 15 yards into the end zone. Salemi scored the p.a.t. and the quarter ended 32-0.

THE SECOND period was rather dull compared to the first, the only score coming with three minutes left when Love uncorked a 30-yard pass to Tom Rademacher, who ran five yards to the end zone. Half time score was 38-0.

Coaches pick Central C all-conference teams

Central Michigan C Conference all-star teams were announced Monday following a meeting of the league coaches at Bath. The first team boasts a front-line average weight of 201 pounds, according to reports, with the backfield averaging 183 pounds.

Three juniors made the first team.

The selections as announced Monday (all are seniors unless otherwise noted):

Ramblers ruin Elsie title hopes

PERRY — The Perry Ramblers ruined Elsie's bid for a share of the Central Michigan C Conference football title by upsetting the Big Reds 19-7 Friday night.

As a result, Portland won the league title outright and Elsie and Perry tied for second place.

Robert (Bump) Lardie set Perry's mood when he scored on the opening kickoff, but it was called back by a penalty. Not to be denied, the Ramblers marched 56 yards to score, with Dave Schanski lugging the ball the final yard.

LARDIE scored again later on a 17-yard run, making it 12-0. Elsie tightened the game by scoring a touchdown early in the fourth quarter. Terry Loznak danced over from six yards out, and Joe Guysky added the extra point on a run.

But Perry iced the game later in the quarter when Lardie bumped over from the one-yard line.

Laingsburg wins its final game

LAINGSBURG — Laingsburg won the battle of winless teams here Friday night and defeated DeWitt 33-6 in the final game of the season for both teams.

It was Laingsburg's first victory after four losses and three tie games.

Mike DeVault accounted for three Laingsburg touchdowns. He passed 55 yards to Steve Jones for the first TD, hit Ken Brian for 23 yards and another score, and sneaked one yard for another. Scott Matteson fell on a fumble in the DeWitt end zone for a touchdown and Dave Carroll scored from 18 yards away for the final TD.

Portland wins Central C title

PORTLAND — The Portland Red Raiders ended their competition in the Central Michigan C League Friday night by defeating Ovid 20-0 and taking the league championship when Perry upset Elsie.

Portland will be looking elsewhere for a league to play in. They announced earlier this year that they were dropping out of the Central C.

Portland scored early in the game on halfback Steve Dawdy's 12-yard pass to Jim Bellinger. Denny McCrumb kicked the extra point.

LATER CALVIN Cross scored on a four-yard TD run, and in the third quarter Bellinger scored again on a pass from quarterback Doug Davids.

Greenbush couple honored for years of service

S. GREENBUSH—Sunday, Nov. 7 was the "Family Victory Dinner" at the Greenbush Methodist Church. At that time special honor was paid to Mr and Mrs Elmer Swagart for their many years of work in the Church-Sunday School and community. A cooperative dinner was served to about 90 people.

The guests of honor were seated at a table centered by a four-tiered cake made by Mrs Charles Rasdale. Two beautiful bouquets of white mums also graced either end of the table which were later presented to Mrs Swagart.

After dinner a program was given in the auditorium. Stanley Whitlock told the story of the Swagart family and their work in the past. He mentioned many things the family had done.

Mrs Swagart has been very active as a Sunday School teacher, choir director and pianist for the church. She also has served as a 4-H leader and for several years was treasurer of Greenbush Township.

Mr Swagart also taught an adult Sunday School class and for several years was treasurer of Richmond School. He is presently treasurer of the church.

Two songs by the children of Mr and Mrs Swagart, Mrs Phyllis Rice of rural St. Johns, Mrs Louise Beemer of Grand Rapids and Donald Swagart of Greenbush.

Mr and Mrs Swagart then told some more things that they had had a part in back through the years. Mrs Rice and Mrs Beemer then sang the "Twenty-third Psalm." The pastor, Rev Witentbach, made a few remarks and closed the program with a prayer.

Besides the daughters and son and families, other members of the family were Mrs Robert Hulbert, mother of Mrs Swagart of St. Johns, Mr and Mrs Frank Swagart and family of rural St. Johns, Mrs Marie Phelps of Lansing and Miss Marguerite Swagart of St. Johns.

This was a very rewarding day for all who had any part in it and we all wish the best of everything for these people in the years to come.

Next Sunday services will be at the usual hour, Sunday School 10:30, Preaching at 11:30.

Mr and Mrs Glenn Sweet, Mrs Helen Fowler and Miss Catherine Stevens visited their mother, Mrs Grace Stevens, Sunday.

Frank Youdan of Elmira visited Mr and Mrs Kenneth Grieve from Thursday until Sunday. Friday he called on Mr and Mrs Harry Patterson and Saturday evening on his niece, Mr and Mrs Ward Wagner of Laingsburg. Mr Youdan is an uncle of Mrs Grieve.

E. E. BISHOP RECEIVES LETTERS FROM COMRADE OF DEAD SON

WAS BRAVE SOLDIER WHO DIED SERVING COUNTRY.

E. E. Bishop recently received the following letters written by comrades of his son, William Bishop, telling of the battle in which that young man met his death:

Plaidt, Germany, Feb. 18, 1919.
Mr. E. E. Bishop,
St. Johns, Mich.:

Dear Sir: Received your letter today inquiring into the death of your son, Pvt. William R. Bishop. He was killed on the morning of the fourth of October, by machine gun fire. He was hit in the head by a machine gun bullet and died instantly, suffering no pain whatever.

I knew him personally, as he belonged to the same unit (Scout Platoon) as I did, and you can be proud of him, as he was a brave soldier and died doing his duty for his country.

It was the battle of the Argonne Forest, on the Verdun front, in which he was killed. It was one of the greatest battles ever fought in the world. He was a favorite among all the boys in the scout platoon to which he belonged, and will always be remembered by the boys that are left, which are very few, only six being left out of 16 of the company scouts.

Enclosed you will also find a letter from your son's corporal. Hoping that this contains all the information you wished for, I remain,
Your son's friend,
PVT. ARTHUR I. MATTHEW,
Co. D, 4th Inf.

Plaidt, Germany, Feb. 18, 1919.
Co. D, 4th Inf., A. E. F.
Mr. E. E. Bishop,
St. Johns, Mich.:

Dear Sir: Your son, Pvt. William Bishop, was in the platoon that I was in during the Verdun in October, 1918. Was in machine gun fire on the morning of Oct. 4th.

He was a brave and gallant soldier and will always be remembered by the boys of the platoon.

The Verdun drive was one of the hardest fights the A. E. F. saw. It was in the Argonne Woods where the 4th Infantry did their fighting. Your son was in the Scout Platoon of the first battalion and did as he was ordered and fought till the last, which came in the early part of the fight. Was killed instantly.

We left the training area with 16 men from our company in the Battalion Scout Platoon, and came back from the front with five men. Four were killed on Oct. 4th, one being your son. The others were wounded that day and later, or got sick and went to the hospital.

The entire division lost heavily in the Argonne Woods.
From your son's corporal,
CPL. GOODETT.

OVID SOLDIER BADLY WOUNDED IN ACTION

Special to The State Journal.
OVID, Nov. 21.—Charles Nell, son of Mrs. William Randall of this village, has been severely wounded, according to a letter received by his mother Saturday. Private Nell is a member of the 85th division and crossed to France in July. The letter is the first message they have had in regard to his being wounded and this was written by a nurse in the base hospital. The message stated that he was receiving excellent care and that he would soon recover.

Elsie Soldier Not Killed, Stationed at Camp Custer

Special to The State Journal.
ELLSIE, Jan. 23.—Linden Jenkins is reported to be well and stationed at Camp Custer. Several months ago Linden was reported killed in France while undertaking a secret mission for Uncle Sam, but Tuesday a classmate, Majell Schinck received a letter from him, dated Camp Custer, January 25.

Many were local boys

These clippings, lifted from a scrapbook compiled during World War I by Mrs. Peter Walsworth Sr., tells the stories of some of the boys who made the "ultimate sacrifice" for freedom during the first big war.

All of America is today observing the 47th anniversary of Armistice Day—the end of "The Great War." Thousands died during its course. Many were from Clinton County. Tens of thousands more were wounded or injured; many of these, too, were local boys.

Mrs. Walsworth now lives in California, but the scrapbook has recently been in the possession of Rex Sirrine of St. Johns, who brought it to the Clinton County News several weeks ago.

The scrapbook contains 48 pages, and most of them carry about 60 inches of news stories, poems and patriotic writings concerning the Great War.

Many column inches of the scrapbook news stories deal with paragraph writings

about "Our Boys With the Colors," similar to the County News' present "Service Personnel" column. Other stories deal with more grim events—the death and injury and heroism of Clinton soldiers.

Today, Nov. 11, 1965, is the day set aside for this year's solemn remembrance of that war, those who fought and those who died. In Clinton County, these are some of the names that are being remembered.

ST. JOHNS BOY BADLY WOUNDED

Mr. and Mrs. Almond Jolly are in receipt of the following telegram from Washington:

"Deeply regret to inform you that it is officially reported that Private Harold C. Jolly, infantry, was severely wounded in action June ninth—McCain, the Adjutant General."

Harold C. Jolly went to Detroit June 30, 1917, and on July 1 enlisted in Co. H, 33rd Infantry, and was sent to Ft. Wayne, where he stayed about a month. On August 1 he was transferred to Co. M, 125th Infantry, and ferried to Camp Custer. About the first of October he was sent to Camp MacArthur, Waco, Texas, where he received training until about the first of February, when he went with his company to Camp Merritt, N. J. While at Camp MacArthur he was in the hospital a great deal of the time and was granted a furlough. He came home and spent twelve days with his parents, relatives and friends.

Harold Jolly was born in Washington township, Gratiot county, on Dec. 1, 1899, where he lived until about five years of age, when he moved with his parents on a farm near Eureka. Later he moved to Ovid and attended the public schools there, after which he was employed at Barker's bakery in Ovid. One year ago last winter he moved with his parents to this city. At one time he was an employe at the Putt & Thomas bakery. Mr. Jolly has many friends who wish him speedy recovery.

"Our Boys" in the War

Austin Ruth, at one time an employe of the Republican office, has been appointed Personnel Sergeant of the 43rd Field Artillery, Camp Stanley, Texas.

A letter has been received by Mrs. C. E. Chapin from her son, Myron B., who went over seas with the 85th Division, reporting a safe and pleasant voyage. Letter will appear in our next issue.

Thos. A. Hart, son of Dr. and Mrs. A. O. Hart, who enlisted in the regular army as a private in May, 1917, has been doing fine. He was advanced to corporal after three months' service, later to sergeant, then selected to attend officers' school at El Paso, Texas, from which he just graduated with rank of lieutenant.

BELFORD EWER WOUNDED.

Recently Mrs. Belford Ewer received word from Mr. Ewer that he had been wounded in the foot, while fighting in the front lines. The wound was received Oct. 6. At the time he was writing, a week later, he was in a base hospital somewhere in France. He made light of his injury and praised the work of the Red Cross.

RILEY SOLDIER LOST FOOT, LEG

BERT C. SMITH WAS IN THE FIGHT AT BELLEAU WOODS WITH THE MARINES.

HAS SERVED IN MEXICO AND THE WEST INDIES

NOW IN WASHINGTON BEING FITTED WITH ARTIFICIAL LIMBS.

Bert C. Smith, son of Charles and Mary Smith, was born in Riley township, Clinton county, Michigan, Oct. 11, 1890. He joined the United States Marine corps June 7, 1912, leaving Lansing for Norfolk, Va.

He has seen active service in Mexico, West Indies, sailing for France June 10, 1914, and fought in the famous battle of Belleau Woods, where he was wounded June 6, losing his right foot and his left leg was amputated above the knee.

On May 28, Pershing called up his reserves, the first and second divisions of the Marines, Mr. Smith being in the second division.

FIFTEEN CLINTON MEN GO TO CAMP THIS WEEK

Fifteen more of Clinton county's select men left for camp this week, nine going to Camp Custer on Tuesday and six limited service men to Syracuse, N. Y., this morning. Below are their names:

To Camp Custer—Oswald Seyfried, Russell T. Rose, Herbert E. Maier, Paul V. Strouse, Carlton B. Kimball, Wm. L. Gibbs, George Christoff, Raymond E. Chant, Sidney B. West and Ora A. Stevenson.

To Syracuse—Henry J. Cooper, Gerald Cross, Hiram J. DeVries, Rex V. Loving, Samuel F. Terwilliger and Ernest R. Troop.

ST. JOHNS BOY, WAR HERO, RETURNS

Corp. Herbert Estes Led Suicide Gang, Caught in No Man's Land.

NEW YORK, Jan. 6.—Corporal Herbert Estes, of St. Johns, Mich., who has just returned from overseas is the hero of a thrilling war story.

One night late in July, 1918, young Estes led a squad of automatic riflemen known as the "Suicide gang" out onto a Chateau Thierry battlefield and before he could get back to his lines Americans and Germans sent up a barrage that continued for three days and three nights.

During the three days and nights Estes and his comrades were out in what was "No Man's Land," there was a double curtain of fire over their heads.

When firing ceased, the first thing Corporal Estes' captain saw was the young Michigan boy sweating and staggering toward the American lines under weight of two wounded comrades he had thrown across his shoulders despite his almost exhausted condition.

Corporal Estes went through some hard fighting without being wounded, but just before the armistice was signed he was gassed and contracted pneumonia, which resulted in his being sent home.

He says that out of his company of 250 men, E of the Forty-seventh Infantry, there are but 50 in the ranks today.

Estes is in Camp Merritt hospital, but expects to leave soon for Battle Creek. He will rejoin Mrs. Estes in Pontiac.

Elsie Boy Gets Medal for Valor

Private Harold J. Devereaux Earns Distinguished Service Cross, But Can be Seared by Artist

The hero of the following story is Private Harold J. Devereaux, son of Mr. and Mrs. J. H. Devereaux, living two miles southeast of Elsie. Harold enlisted in Co. M in Sept. 1917, prior to which he had helped his father manage their 115 acre farm, with the exception of a short time which he attended high school in Chesaning. The story is a reprint which has been used by the New York and Chicago papers as well as several of the state papers.

Rengsdorf (by mail).—On Private Harold J. Devereaux's worn blouse was a blue ribbon, striped at either end with red and white. The very fact that he wore this ribbon proved him a brave man. It meant that he had been awarded the Distinguished Service Cross. "For Valor" is the inscription on this cross.

First Dewitt Boy to Die, Hold Memorial Services

Charles Magsig.

Special to The State Journal.
DEWITT, Dec. 4.—Mr. and Mrs. Fred Magsig received word last week that their son, Charles, was killed in battle, October 9.

He left home for Camp Custer April 26, 1918, with the 85th Division, Co. C, 338th Infantry. He wrote home to his parents August 28, saying he was in France and had been transferred to the 18th Infantry, Co. A and said he had received a Springfield rifle, gas mask

This was the last letter his family received from him until Tuesday morning, November 26, a letter came from him dated September 30, saying he was close to the firing line. He said the reason he had not written was because he had moved so fast and had been in places where he could not mail letters. In this letter he wrote he had not received a letter from home since he left Camp Custer, and urged them to send some papers from home so he could get the news. His parents and mother had all written often. His Christmas box for him. But at 6 o'clock in the evening a cablegram came saying Charles was dead.

He was born in Olive township April 28, 1892. His entire life was spent in Olive and Dewitt until he went to Camp Custer. He was a member of the M. E. church. He leaves his parents, two sisters, Mrs. Rhine Kowalk of Watertown, Mrs. Rhine Henning of Dewitt, three brothers, Dan, Raymond and Arthur Magsig of Olive and his fiancée, Miss Marian Everett of Bath.

Memorial services will be held for him at the Dewitt M. E. church next Sunday afternoon, December 6.

LEBANON BOY LOSES HIS LIFE ON WESTERN BATTLE FRONT

EDWARD J. WERNER KILLED IN ACTION IN FRANCE.

Word was received Friday, Aug. 23, by Jos. Werner of Lebanon, that his son, Edward J. Werner, was killed in action July 21 last, while fighting for democracy, on the battle fields of France.

Young Werner was one of the first draft contingent, which left St. Johns Sept. 18, 1917, going to Camp Custer. He was later transferred to Camp MacArthur, Texas, and from there to Camp Merritt, N. J. He was sent

to France early in the winter, arriving there some time in February.

While several Clinton county boys have been more or less seriously wounded in action in France, Edward Werner is the first boy from this county to be killed outright while in battle.

The News extends its sympathy to the young man's family and friends. While it is hard to lose a dear one, they can feel that the young man died a glorious death. To lay down one's life for his country while fighting for humanity, is as big a thing as man can do. Let a gold star be placed on the service flag in the Werner home, that it may shine to his everlasting honor.

Area dystrophy marches planned for this week

Muscular dystrophy marches will take place in DeWitt and Westphalia this week.

In the DeWitt area, the march will be held Friday and Saturday, according to Mrs Stanley Tenny. Acting as the 1965 drive chairman, she emphasized the need for additional volunteers. Anyone wishing to aid in the nationwide campaign may contact Mrs Tenny at 213 Market Street in DeWitt.

OVER IN Westphalia, Mrs Lewis Pung will head this year's march on Sunday, following up an outstanding 1964 drive for muscular dystrophy in the Westphalia area. She will be assisted by her son, Larry Pung, a Lansing fireman.

Mrs Pung has received excellent cooperation, she reports, but additional volunteers could be used to assure another record drive. She can be contacted at 6216 S. Westphalia Street.

Recommend denial of plan

DeWITT — The DeWitt City Council has delayed action for a month on a city planning commission recommendation to deny annexation of a proposed mobile home court and shopping center site.

The proposed annexation was requested by the Capitol Underwriters, Inc., of Lansing and was for 177 acres at Norris Road just west of the city limits.

THE PLANNING commission presented a verbal recommendation that the request for annexation be denied, citing the fact that since the proposed development would be a private concern the city would have no control over the streets, water or other services.

shopping center would present a traffic problem. A 300-unit mobile home court, to be known as King Arthur's Court, is the proposal.

THE CITY council asked for a written recommendation from the planning commission and will act on it at their December meeting.

In another action, John Hill of Lansing requested to hook a sewer line from a 70-unit trailer park he's planning a mile east of DeWitt, to the DeWitt sewer system. He was asked to put the request in writing but was warned that past requests for similar services have been rejected.

Hunting and fishing are popular Michigan activities during the autumn and early winter months.

Homespun Philosophy of a Duplain Township Housewife

"An Ode to a Pansy"

Hey, Mom. To whom you talking? Who is out there?

Grinning, I had to say that it was a morning glory. Maybe it DID sound kind of funny but there it was peeking into the kitchen window, in spite of the frost. When a gust of wind blew, it nodded to me and I just had to say neighborly like, "And good morning to you, Mrs Morning Glory. You look mighty perky in your pretty blue bonnet."

OH, YOU think that flowers don't talk?

Well, I didn't make up the famous sayings and slogans: "The Language of Flowers," or "Say It with Flowers." Advertisements costing thousands of dollars proclaim this. And if money talks, as they say IT does, then that should prove my point . . . and sanity.

So, I'll go right on enjoying the friendship of flowers. Bet I'm not, and indeed I know I'm not, the only one who talks to flowers.

WHO CAN resist pansies with their little upturned faces and not say, "Hi!" now and then? If you're thinking, "Yes, I will admit to THAT. But getting an answer? Oh no."

Well, maybe some of us squeeze a bit more out of our flowers than others. We have certain friends with whom we can share a special kind of delight over flowers bursting into bloom. We exchange slips, seeds and plants. And best of all we can survey a window sill of flower pots with empty places and spindle-looking specimens with enthusiasm. We encourage them and, yes, talk to them.

SUCH A FRIEND is Pansy!

We have had many a laugh together but none better than one I want to share with you this

morning. Oh, that you, too, could have such a friend!

Seems that all of us sooner or later have need of a little more understanding . . . compassion . . . tolerance . . . sympathy . . . love and faith-in. Right at a time when we need all that most, it is often the time that we receive the least. It's ironic.

How good it is to receive a card or letter with a bit of cheer to it. How good it is to have a friend!

When I opened the card it was signed, "Your Flower Sister."

WELL, MY flower garden is "alive" with thousands of little purple Violas or Pansies, Snow on the Mountain, Canterbury Bells and many other flowers and plants which were given to me by Mrs William LeClear (Vera). We talk flowers whenever we are together. She is a flower sister all right.

I answered her card and letter calling her Pansy and signing it Petunia, as they are my favorite summer flowers.

The first Sunday that I was at church again we shook hands warmly and she leaned over and said, "Hi, Petunia." I whispered back, "Hi, Pansy," with a hug. How her eyes twinkled!

I DON'T WANT to keep it a secret any more.

Here's to Pansy! You have brought a lot of cheer and brightness into my life this past spring and summer. It's wonderful to have you for a friend.

Production records are now kept on 3,000,000 dairy cows in 70,000 dairy herds across the nation. The records are used to improve production and efficiency. Cows on Ohio test in Michigan averaged 3,000 pounds more milk than the average dairy cow.

Road Commission Weekly Report

Bids were opened last week at the regular commission meeting. Gulf Oil Co. was low bidder and was awarded the contract for furnishing the November and December requirements of gasoline.

The Miller Equipment Co. of Grand Rapids was low bidder for a new one-yard dragline bucket. They received the contract to furnish a Williams' bucket.

THE COMMISSION voted to take bids at a future meeting for cutting dead trees.

The three commissioners, engineer and clerk attended the seven-county council meeting at Ionia on Tuesday, Nov. 9. The commission expects to attend the open house in Washtenaw County to inspect the new headquarters of the road commission on Thursday, Nov. 11.

THE STATE Highway department met with Les Dragoo, Clinton County engineer, last week

to discuss the future of cross roads in the area of construction of the US-127 extension. The board agreed that a planning meeting should be held with the DeWitt Township Board to discuss these plans.

The State Highway Dept. announced future construction plans, moving two items effecting Clinton County. In addition to the US-127 freeway, the present US-27 will be widened for 1.6 miles in the south end of our county.

Motor Vehicle Highway funds received last week were \$142,685.70 or 6.2 per cent higher than the same quarter last year.

Charter township vote

BATH—A second election to decide the charter township question will be held Monday for Bath Township voters.

Polls will be open from 7 a.m. to 8 p.m. for each precinct: No. 1 at 13646 Main Street, Bath; and No. 2 at 5959 Park Lake Road, Bath.

The proposition is "Shall the Township of Bath incorporate as a charter township which shall be a municipal corporation subject to the provisions of Act No. 359 of the Public Acts of 1947, which Act shall constitute the charter of such municipal corporation?"

THE SAME proposal was defeated 189 "no" to 127 "yes" on July 31.

The charter township act has been called by many as the "finest solution to the problems of metropolitan-type townships." Rea-

sons advanced for that opinion are:

1) Greater flexibility in administration; 2) ordinance-making powers comparable to those of cities; 3) the right to levy a real estate tax of up to 5 mills without a vote of the people and up to 10 mills with a vote of the people . . . outside the 15-mill limitation.

4) GREATER SELLING power on bond issues because of lower interest rates and the pledge of the full faith and credit of the township; 5) charter townships retain fines from justice court; 6) it is a co-equal partner in joint operation of services and utilities; 7) it provides the greatest degree of "home rule" short of becoming a city.

8) The right to determine public necessity, in the interest of the public peace, safety and welfare of the residents of the township; 9) a greater degree of regulatory power over the streets; alleys and bridges of the township; and 10) a more business-like and sound method of township financing and budgeting.

Tri-County soil survey rolling

The tri-county soil survey is moving along very rapidly, according to Glenn Bedell, the soil scientist who is directing the field work for the project.

In Clinton County, the survey is complete in Bath and DeWitt townships and in Watertown is scheduled for completion yet this year.

THE SURVEY, expected to be completed in about four years, is being jointly financed by the Clinton, Eaton and Ingham counties boards of supervisors, Michigan State University, the US Soil Conservation Service, the US Housing and Home Finance Agency, and the Tri-County Regional Planning Commission.

Besides providing the region with critically needed soil information, the survey data will also be utilized as part of a nationwide soils mapping project.

Hunters have spent more than \$80 million for duck stamps. Federal wildlife agencies have used part of this sum for: Refuge maintenance, \$24 million; Refuge development, \$11 million; Acquisition for 400,000 acres, \$15 million.

Cookies - Crisp And Coconutty

This crisp cookie, delectable with flaked coconut and pecans, is spiked with cinnamon. It's a perfect accompaniment to tea for the grown-ups, milk for the youngsters, or just for good eating any time.

Coconut Crisps

- 2 cups sifted all-purpose flour
1/2 cup firmly packed brown sugar
1/2 teaspoon double-acting baking powder
1/2 teaspoon baking soda
1 tablespoon cinnamon
1/2 cup butter or margarine
1 cup granulated sugar
1/2 cup firmly packed brown sugar
2 eggs
1 tablespoon milk
1 tablespoon finely chopped pecans
1 1/2 cups (about) flaked coconut

Sift flour with baking powder, soda, and cinnamon. Cream butter, gradually add sugars, and cream until light and fluffy.

Here's answer to cleaning the oven!

BY HELEN MEACH Extension Home Economist

A self-cleaning oven? Not really! Yes, Mrs. Homemaker, you may say "good-bye" to one of the most disliked, routine home-cleaning jobs.

New on the market for you is a self-cleaning oven equipped with a heating element that makes 840 to 920 degree temperatures possible.

THE OVEN door automatically locks before the oven goes to the high temperature and cannot be opened until the temperature has cooled down.

In tests of early models, one company reported that the edges of the door and the trim on the outer part of the range sometimes became dangerously hot.

You, as a potential buyer, should see the range demonstrated before buying. The cost of this convenience feature is high, but you will want to be well-informed about its performance.

OTHER easy-to-clean advances include disposable foil liners in ovens. Some researchers found that replacing the liners can be a nuisance, and the foil has a tendency to tear as spatters are wiped up.

Some new ovens are coated with Teflon so any spatters and spills wipe off easily. However, the range must have an automatic cutoff to keep the interior of the oven from getting so hot it discolors the Teflon.

IN ADDITION, the Teflon coating requires extra care in the cleaning and use of the oven to keep from scratching the protective coating.

Doors that can be easily removed without tools are becoming common as aids to oven cleaning. Few people realize that an oven door can be quite heavy.

day job, the advantage of being able to get at the oven may be worth the trouble of taking off the door.

OTHER cleaning conveniences are improved venting systems, and removable oven windows.

More and more ovens are being designed with rounded corners, edges and shelf supports; no seams and grooves and removable or tiltable heating elements. All of these features mean easier cleaning.

So you hate the oven cleaning job and wish to invest in some form of the self-cleaning oven convenience available on today's market? Well, be a wise buyer. Study and shop the market before you buy.

Community meals subject at Smith Hall Nov. 11

Miss Gladys Knight, Extension Specialist from Michigan State University, will be in St. Johns on Thursday, Nov. 11 to teach a class concerned with Community Meals.

"Any meal prepared for more than a family group is a Community Meal. Delicious, nutritious, time and money saving meals do not 'just happen'; they have to be carefully planned for flavor, balance and budgeted for time and cost".

THOSE WHO have a responsibility for serving church meals or prepare quantities of food for a community group will be interested in this meeting.

Coffee will be available at noon and it is suggested that each person attending bring a sack lunch. There is no fee for this class and all interested persons are invited to attend.

Food top sales tax producer

A breakdown on the major sources of state sales tax in Clinton County for the month of August showed food to be the most-bought item.

Food sales in August brought in \$42,566 in sales tax, which was collected by the state in September. Automotive sales accounted for \$36,126. These are normally the two top tax producers, with their ranking changing almost constantly.

OTHER TAX-producing categories in the county in August were: building material \$27,235, general merchandise \$4,548, apparel \$2,658, furniture \$7,877, miscellaneous, retail \$6,360, and non-retail \$8,114.

Total sales tax collected was \$135,489.19. Total use tax collected was \$4,812.06. All of the money was turned in by 540 businesses.

Musical variety varsity night fare

A variety of musical entertainment will be the fare for persons attending the annual St. Johns High School Varsity Night Nov. 13.

Included on the 8 p.m. program will be the Wilsonaires, the Wilsonettes, the high school dance band, featured acts of local talent and a surprise Dixieland band of local talent.

Ticket sales will finance additions to the music department of the schools. Advance tickets are on sale by the Music Boosters and students of the music department.

Temperature key to frozen food quality

How long can you keep a frozen food and still use it in a tasty dish?

No pat answer says Mrs. Anita Dean, foods and nutrition specialist for Michigan State University's Cooperative Extension Service.

The amount of time you can keep frozen food depends on the type of freezer temperature and length of time in getting food into the freezer.

MOST families still store frozen food in the ice cube compartment of their refrigerator. "Ten to 12 degree temperatures are adequate to freeze and hold ice cubes, but frozen foods require colder setting," Mrs. Dean comments.

The length of time you can keep food varies directly with temperature. For many foods, high quality can be maintained for a year if the foods stay at zero degrees.

ROUGHLY, YOU can say that the length of time quality can be maintained is cut in half for each five degrees the temperature rises. If the temperature is five degrees instead of zero, storage life is cut from one year to five months.

Keep in mind that a large part of the high quality life of frozen foods may be spent in the commercial freezer's storage or in

Don't risk poisoning by wild mushrooms

Don't eat wild mushrooms. Repeat—Don't eat wild mushrooms.

Only a true expert can determine whether the wild mushroom is one of the tasty, safe varieties, or is one of those that is dangerously, possibly deadly, poison. There aren't many genuine experts.

After fall rains it is common to find mushrooms and toadstools in hundreds of sizes and shapes sprouting in woods and fields. Sometimes it makes a pleasant outing to stroll through the woods on a crisp fall day and pick mushrooms.

IF YOU enjoy a walk through the woods, go ahead. If you want to pick mushrooms, fine. But don't eat them. Throw them out, and be sure they're beyond the reach of any small children in the household.

Some ten persons were stricken this fall in the North New Jersey-New York City area after eating wild mushrooms. Several of them died, and all were seriously ill.

IF SOMEONE in your family becomes ill after eating wild mushrooms, the most important first aid is to get the patient to a doctor immediately. If the accident occurs in a remote spot, the first aider should help the patient empty his stomach promptly.

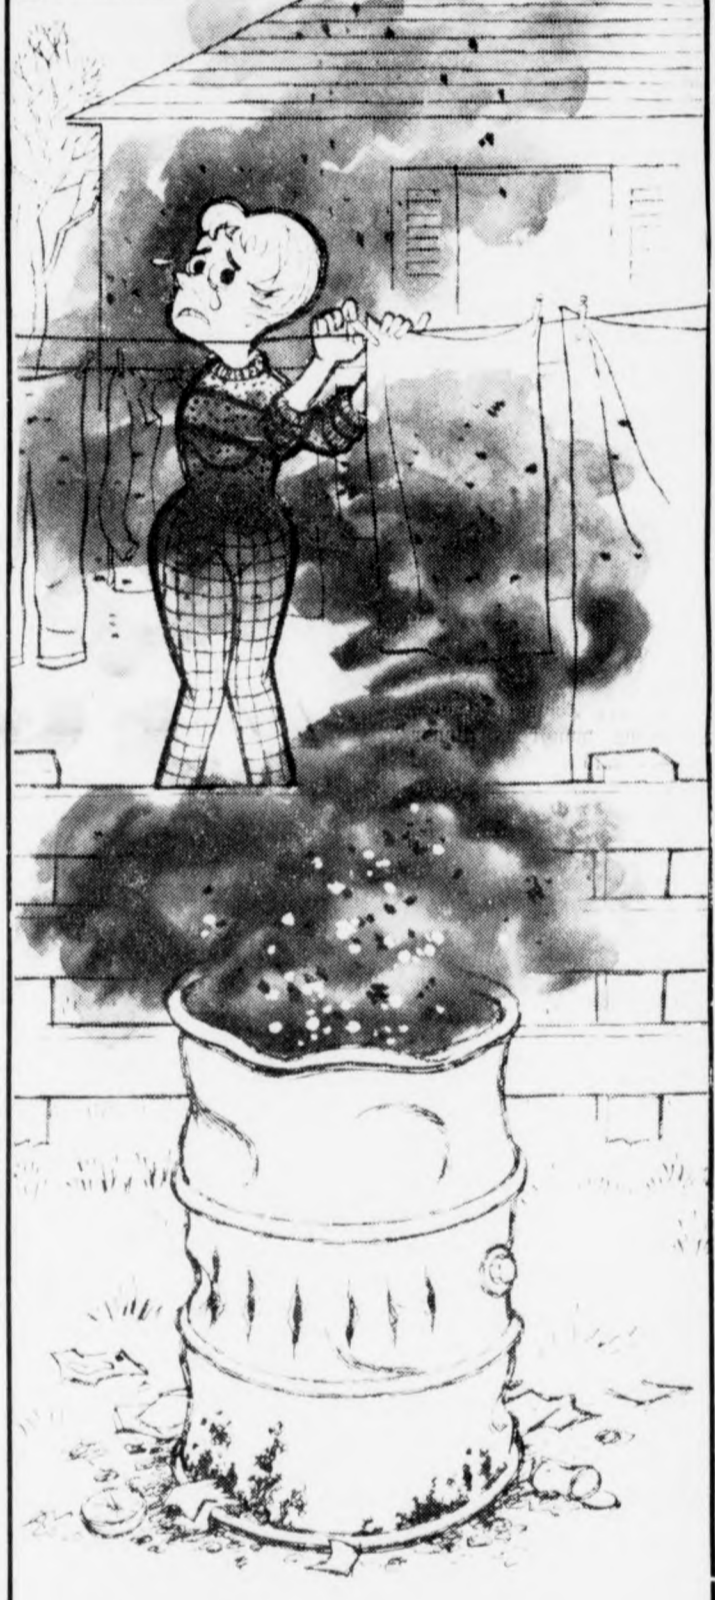

It also is important to obtain fragments of the ingested mushroom, so the physician will be able to determine what type of poisoning has occurred.

LEGISLATIVE REPORT

BY REP. BLAIR WOODMAN
of Owosso
(87th House District)

Sooner or later every homeowner must face up to the fact that there are certain improvements needed for his home. Hardly a year goes by that something does not have to be done and, of course, paid for.

The stark realization that improvements are needed and usually costly has led some homeowners into fraudulent deals with gimmicks which promise cheaper costs and something for nothing.

AS A PART of a continuing bat-

tle against such fraudulent business operations, Michigan has enacted the Home Improvement Finance Act. This new law, passed unanimously by both houses of the legislature and signed by Governor Romney, is designed to put an end to home improvement frauds.

The act provides for basic changes in home improvement contracts—a frequent vehicle for swindles. After Jan. 1, 1966, contracts must include all essential details of the transaction with certain important information in

large type so that it would be hard for anyone to overlook.

ANOTHER provision allows the purchaser of a home improvement contract to cancel a contract at any time before 5 p.m. on the business day following the date of the transaction. This was included because many persons have been high pressured during a sales pitch to sign a contract not in their best interests. There have been cases in which a person wanted to cancel the contract within hours of its signing, but was not allowed to do so by the salesman.

The act also sets a limit of \$8 per \$100 per annum on the finance charge which may be included in a home improvement installment contract.

SEVERAL selling techniques are also prohibited. Among them is the promise or offer to pay compensation for the procuring of sales to other persons and the giving of a gift worth more than \$2.50.

Convicted violators of the act are subject to a sentence of 90 days in jail and a fine of not more than \$500, or both, for the first offense, and another \$500 and one year in jail, or both, for repeated offenses.

THE LAW goes into effect on Jan. 1, 1966 and if, after that time, you suspect that a transaction for home improvement services concerns any provisions of the new act, you should contact your attorney immediately.

It is hoped that alert and concerned citizens armed with this new law will help in the effort to rid Michigan of home improvement frauds.

Motor vehicle death totals vary sharply for different days of the week and different months of the year, according to the National Safety Council. Saturday is the worst day and Tuesday is the best. Deaths are at their lowest level in January and February, then increase steadily to a summer peak.

FINLAND BEING the 'Land of the Midnight Sun,' there are times when one can read without lights for the full 24 hours, however in the winter season the daylight is only six hours, while in northern Finland they have a total of 51 days of 'all night.'

The official language is Finnish and Swedish. Although adjacent to Russia and having to relinquish some of their land during the war, the 30,000 displaced people were resettled in other parts of their homeland. Their faith in their country, having

"Land of Suomi" by Finnish student at Woman's Club

Wednesday, Nov. 3, Hannele Laurila, Finnish exchange student residing with the Hugh Eldridges, related to members and guests of the St. Johns Woman's Club, her love of her homeland and the pleasure of being in America through the Youth For Understanding Program.

In the home of Mrs John Rumbaugh, Suomi (the Finnish name for Finland) became more than a place on a map, as Hannele spoke of her country, parents and an older brother. Her parents combine the unique occupations of hairdressers, farmers and raise milk. Her brother will soon be entering the ten months of compulsory military service.

IN LISTING the geographical aspects of Finland, Hannele stated the population to be 4 1/2 million, an area the size of the state of Montana and a country of 60,000 lakes composing 10 per cent of the total area. A land whose area is 71 per cent forests, the basis of their economy, placing third in the producers of wood and paper of the European countries. The trees most plentiful are pine, spruce, birch, aspen and alder.

In the southern part of Finland are the farms and industry, powered by water power, as there is no coal in Finland. The central area is lakes and forests with marshes along the eastern section. The northern area, the land of the Laps, being very cold, mountainous and free of vegetation. Though Finland is in the same latitude as Alaska, Hannele said their country is much warmer due to the Gulf stream and compares with our Michigan, however she hasn't been here during a hot summer.

THE Christmas holidays were described, as the traditional customs are enacted. First the tremendous amount of housecleaning and baking preceding Christmas Eve. Then the many 'little Christmases,' parties at schools, offices and with friends. The morning of Dec. 24, one calls on their friends with bouquets of hyacinths and tulips.

Also the traditional visit of five boys dressed as Kings of the time of the birth of Jesus, going to each home, singing and acting the Christmas story.

WITH THE CLOSING of stores at 2 p.m. the Christmas Eve festivities begin. Darkness falls at 3 p.m. and the candles are lit in homes and churches. You go home for a sauna bath and an enormous dinner, then a walk to the cemetery, where families place candles on the graves, "a very beautiful sight."

In the evening, 'Father Christmas' comes to their doors, asking if there are any good children and presents are given. Christmas Day begins with families going to church at 5 a.m., some in horse-drawn sleds with sleigh bells ringing. The remainder of the day is in the religious observance of Christmas.

Hannele recited in her native tongue, a patriotic poem composed in 1860. Though she gave no translation until after the recitation, one knew by the intonation and voice reflection, it was a poem of her homeland, a country of a stalwart and free people.

THE business meeting stressed the celebration of the St. Johns Woman's Club in its 70th year as a member of the Federation during the Diamond Jubilee of the General Federation of Women's Clubs. During the recent District Convention at Caledonia, an award of merit was presented to the delegates, honoring the club for its 70 years of membership. The local club, though organized in 1891, didn't apply for Federation until four years later. However, the club has been active for 74 years.

Club President, Mrs Van Hoag, announced to members that Mrs Goldie Brooks was presented an award for having been a member of a Federated club for 52 years, the most years of any other member in the West Central District. Being our local club "Jewel" during the Diamond Jubilee, Mrs Brooks also received the award for her outstanding membership to the St. Johns Woman's Club.

ONE OF THE projects stressed at the District Convention of the General Federation is contributing to the Honor Grove Fund, where trees are being planted at Valley Forge, in honor of each recipient of the Congressional Medal of Honor. Also the records of these outstanding men, listing their deeds which were above and beyond the call of duty, are on file in the Memorial Building.

Della Davis and Karen Rumbaugh, daughters of clubwomen, honored members and guests, rendering Andantino by LeMare and Schubert's Serenade in piano and organ duets.

THE MEETING adjourned to the buffet table graced with the bountiful harvest of fruits and a pumpkin filled with mums, hosted by Mrs Edward Sulka and Mrs Roy Davis, and served by the tea committee of Mrs Marvin Barclay and Mrs John Caudy.

The Nov. 17 meeting, Dollars In Dreams, by Helen Meach, meets with Mrs Clifford Lambert, 802 West Park, at 1:30 p.m.

never been slaves, and the intense desire to remain a democracy, is the only way a Finn can accept the fact of Communism so close at hand. "We just can't let ourselves believe they will ever take us. Our only way to exist is for good relations, East and West."

FINNISH architecture is prominent the world over. She spoke of the Veteran's Memorial building in Detroit being designed by a Finn. Their homes are plain in style, two story, ranch type and many apartment buildings.

Describing schools, she spoke of differences, that they are compelled to go only eight years, then some may enter vocational schools. However, at the end of four or five years if tests are passed, they may enter a secondary school for an additional three to six years, then one would enter high school for three years, where fees must be paid to attend. Colleges and Universities follow if students desire.

They are in attendance from September until the end of May, but they attend for six days per week from 8 a.m. to 2 p.m. having 45-minute classes with a break between, to go outdoors for fresh air. They are able to take more subjects, as a class only meets two or three times a week. They have no classes such as journalism, speech or government, but Hannele feels they should. Finland stresses the languages more, teaching English, German, Swedish and Finnish.

VACATIONS are three weeks at Christmas and two weeks at Easter. Many more sports are required and enjoyed than here, rhythmic gymnastics, baseball, soccer and basketball. Ice hockey, skiing and hiking are enjoyed by all.

News About Clinton County Service Personnel

ROGER TIEDT
Airman ROGER P. TIEDT, son of Mr and Mrs Rudolph Tiedt of R-2, St. Johns, has been selected for training at Chanute AFB, Ill., as an Air Force aircraft equipment repairman.

The airman, a 1963 graduate of St. Johns High School, recently completed basic training at Lackland AFB, Tex.

Lt. Col. FLOYD W. ALLEN Sr., son of Mrs Ray Allen of 201 S. Oakland Street, St. Johns, has been awarded the Combat Read-

ness Medal for "sustained professional performance as a United States Air Force combat ready radar navigator while assigned to the 744th Bombardment Squadron, Heavy, 456th Strategic Aerospace Wing, Strategic Air Command, Beale Air Force Base, Calif., from May 31, 1961 to May 30, 1965."

The citation went on to say of Col. Allen that "during this period, the outstanding airmanship and devotion to duty displayed contributed significantly to the security of the free world. The distinctive accomplishment of Col. Allen reflects credit upon himself and the United States Air Force."

Airman LYLE W. GREENFIELD, USN, son of Mr and Mrs John D. Greenfield of 8383 Airport Road, R-2, DeWitt, is serving aboard the attack aircraft carrier USS Kitty Hawk, which sailed for Hawaii Oct. 19.

The carrier will undergo her Operational Readiness Inspection in Hawaiian waters, after spending most of the summer training for her deployment to the Western Pacific sometime in November.

New Ovid-Elsie nickname, colors in the works

OID - The job of recommending a new nickname for the new Ovid-Elsie athletic team has been left up to a committee of teachers and students, but the student body of the two schools will vote Dec. 20 and make the decision.

This school year is the last that Ovid and Elsie will be operating separately. Next year they'll be combined, and there's a need for a nickname, colors and emblem to give the Ovid-Elsie team a new identity.

SUGGESTIONS for all three categories are being accepted until Dec. 3. The committee will select three suggestions on name, three on color and three on emblem. Students will vote Dec. 20.

On the committee are Supt. Robert Beauchamp, coaches Mark O'Donnell and Jerry Meredith, Principals Blaine Lentz and Thad Flaughter, Band Directors Don Thayer and Tom Bogardus, student council members Dennis Baese and Bonit Seward; PTA representatives Don Magsig and Robert Bloomer; and board of education members E. R. Cook and Francis Johnson.

PLEASE GET YOUR VACCINE!

ORAL POLIO VACCINE COMMUNITY PROGRAM

If you had your oral polio vaccine Sept. 19, you need the second dose Nov. 14 to get the complete protection the Orimune vaccine can provide. If you missed the first clinics, take your first dose this Sunday and get the second in January.

The Sabin-developed oral polio vaccine is taken on a cube of sugar. It is that simple and good tasting.

★ ★

A contribution of 50 cents per person receiving the vaccine is asked to help offset the cost of obtaining the vaccine and putting on the clinics, but no one will be turned away. This is very inexpensive protection against a very expensive disease. Can you and your family afford NOT to take the vaccine?

Deny feed grain aid

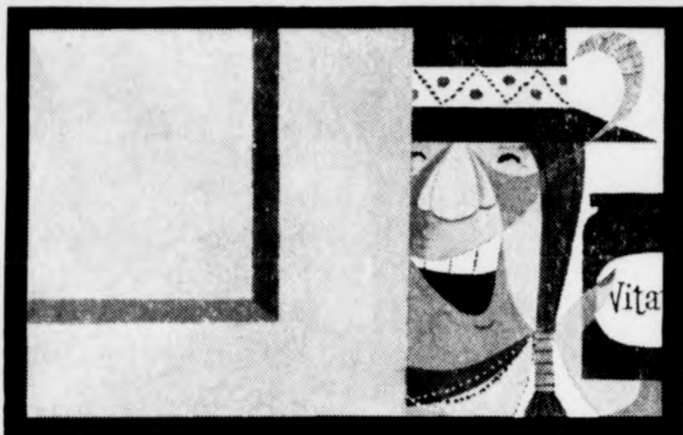

A request for assistance under the emergency livestock feed grain program for farmers in Clinton and 30 other Michigan counties has been denied by Secretary of Agriculture Orville L. Freeman.

In a telegram received by Acting Gov. William G. Milliken last week, Freeman said "We do not find that conditions are sufficiently acute to warrant this program at this time. While the feed crop will be less than the farmers had hope for in many of these counties, pasture conditions are noted as fair to excellent. . . ."

"THE DECISION of Washington is very disappointing," Milliken stated.

In a reply to Freeman, he telegraphed "It would be appreciated if you would reconsider the decision contained in your Nov. 3 telegram to me. We recognize pasture conditions are fair to excellent; however, the need is for grain to feed the livestock during the cold months."

Cold, solid gases that are believed to make up comets are being created in a Georgia Tech laboratory under ultra-low temperatures and pressures that simulate the conditions of space. Spectrum studies by astronomers indicate that frozen ices of ammonia, nitric oxide, acetylene and ethylene form most of the substance of comets.

A "medicine show" . . . at your door

"Indian chief nostrums" are out of style. But nowadays you hear some remarkable claims about "vitamin preparations" being sold by remarkably unprofessional sources. We'd like to remind you of a fact or two pertaining to vitamins or, for that matter, any medicines. Fact one: Your physician is the one who's professionally qualified to prescribe for your health. Fact two: Your pharmacist is the one who's professionally qualified to fill prescriptions. Always rely on your "health team" in matters of health. It's the only safe thing to do.

By MRS. NEVA KEYS, Correspondent

Mr-Mrs John Hall to head Elsie OES

ELSIE — Musical selections played by Miss Jennifer Keys preceded the OES ceremony of installation at the Masonic Hall Thursday evening, when Mrs Robert D. Martin became worthy matron of the Elsie Chapter. Also installed were John Hall, worthy patron; Mrs Luman Hall, associate matron; Luman Hall, associate patron; Mrs John Hall, secretary; Mrs William Wilson, treasurer; Mrs Dale C. Levey, conductress; Mrs C. H. Sills, associate conductress; Miss Erna Vincent, chaplain; Mrs Archie J. Moore, marshal; and Mrs Anne Praay, organist.

And others installed were Mrs George Blayney, Adah; Mrs Paul Platner, Ruth; Mrs C. S. Goodrich, Esther; Mrs A. W. Cobb, Martha; Mrs Robert Kridner, Electa; Mrs Alex Dunay, warder; and Mrs Leroy Vincent, sentinel.

Installing officers who exemplified the installation ceremony were Mrs George Blayney, installing officer; Mrs A. W. Cobb, installing marshal; Archie J. Moore, installing chaplain; and Mrs C. S. Goodrich, installing organist.

Mrs Martha Maxa of Ashley, Grand Committeewoman of the Grand Chapter was introduced. Following remarks by the retiring matron, Mrs Luman Hall, she presented the "traveling" bracelet to the new worthy matron.

Mrs Martin made the following announcements: regular meeting, Nov. 17; and a joint school of instruction with the Laingsburg Chapter, Nov. 26 at 7:30 with the Worthy Grand Patron John J. Katz of Yale in charge.

There were musical selections by Mrs C. S. Goodrich and the Mizpah Benediction at the close of the program.

Mrs Erna Vincent was in charge of the guest book and registered the guests from Ovid and Ashley. Mr and Mrs Hal Smith served as the reception committee. A social hour followed with the following committee in charge: Mr and Mrs Archie Moore, Mr and Mrs Alex Dunay, Mr and Mrs Sidney Goodrich, Mrs R. D. Martin, Mrs C. S. Goodrich, Mrs Harry Purves Sr., and Mrs T. J. Thornton.

Autumn flower arrangements with bittersweet candies centered the tables where sandwiches, cake and coffee were served. The cake, made by Mrs Frank Winkler carried out the autumn theme with miniature colored mums and acorns of sugar decorating the cakes.

Bennetts attend Denver convention

ELSIE — Dr and Mrs George W. Bennett have returned from a ten-day trip to Denver, Colo., where the doctor attended the annual convention of the American Society of Anesthesiologists.

While there they took a short trip into the mountains to see Red Rocks Parks and Amphitheater, Buffalo Bill's grave on top of Look-Out Mountain and other beautiful scenes in the nearby area including the US Mint at Denver.

They also talked to Michael Slagh of Elsie who is attending St. Regis College in Denver.

On the way home, they spent the weekend with their daughter, Linda, a junior at Western Michigan University and attended "Dad's Day" activities.

Mr and Mrs Charles Kridner spent Sunday with Mr and Mrs Willard Peterson in Alma.

Methodist women hear talk on EUB Churches

ELSIE — The Methodist WCS held its November meeting Wednesday in the home of Mrs Lyle Dunham. Mrs Frances Pearl led the devotional service and Mrs Harry Grenlund presented "The EUB Story."

The purpose of this lesson, Mrs Grenlund said, was to help Methodist women learn something of the heritage that the women of the Evangelical United Brethren Church will bring through the proposed merger of the two churches.

Representatives from the women's organizations of the two churches are meeting periodically to find ways of forming a workable union that will preserve the best in both groups, she added.

It was agreed that the two churches are essentially one in origin, in belief, in spirit and in purpose so would do well to be one organization and confront the world using all their powers.

Plans were made for the annual Harvest Supper and Bazaar at the Fellowship Hall Thursday evening, Nov. 11. Serving will begin at 5 p.m. and there will be booths featuring baked goods, homemade candies and other articles. The WCS will be in charge of the arrangements.

Open house at the parsonage will be held Sunday, Nov. 14 from 3:00 to 8:00 p.m. Everyone is invited to stop in for a while during these hours and meet Rev and Mrs Gordon Showers and son, David and also to see the recent improvements made in the house.

Refreshments were served during a social hour by Mrs Eugene Stouffer, Mrs Phillip West and Mrs Harold Hehrer.

Other announcements included the Esther Circle meeting, Thursday, Nov. 18 at the home of Mrs R. C. Parks for a one o'clock dessert, meeting to follow and Wesley Circle, Wednesday, Nov. 17 at 9:30 a.m. in the home of Mrs Harold Hehrer.

The next meeting will be Dec. 1 at the home of Mrs C. H. Sills with Mrs Leroy Vincent giving the lesson "Symbols in Christmas Art."

The Library Club of Elsie High School will sponsor a "Corn Husker's Hop" Saturday, Nov. 13 with D. J. — Dave Kushler of WKNX. Casual dress is requested for the dance that will be in the gymnasium from 7:30 to 11:30 p.m.

The Kings feted on 25th wedding anniversary

ELSIE — Mr and Mrs Richard King of Imlay City were honored on their 25th wedding anniversary in the home of Mr and Mrs Clarence Geiger Saturday evening. Serving as hosts were the Kings' children, James King and wife Carolyn of Suttons Bay and Connie and Rodney King of Imlay City. The Kings' only grandchild, Cheryl King of Suttons Bay was also present.

The 45 guests came from Tawas City, Midland, Oscoda, Flint, Imlay City, Davison, DeWitt and Elsie.

Gifts included two money trees and other gifts of silver, also a camera from their children.

The refreshment table decorated with white wedding bells and lighted tapers, was centered by a three-tiered wedding cake made and decorated by Mrs Geiger and Mrs Myron Tehal and the groom's cake by Mrs Carl Winans. These were special gifts from them.

The cake was served by Miss Connie King, punch and coffee by Mrs James King and the ice cream by Miss Carol Conklin. Fern Tennis and Richard King were married in Turner, Mich., Nov. 9, 1940 by the Rev Clifton Edgerton and attended by John B. King Jr., and Ann Tennis.

Their first home was in Midland, after which they resided in Turner, Elsie and Imlay City. Over 20 years were spent in Elsie, moving to Imlay City a little over a year ago when Mrs King accepted the position of Marketing and Sales Manager with Michigan Milk Producers Assn.

The Kings were very active in community affairs while living in Elsie and were widely known in this area.

WINNER, AAA TRAFFIC SAFETY POSTER CONTEST

Buffet luncheon on birthday

ELSIE — Mrs Pearl Munson was guest of honor at a buffet luncheon at the home of her son and wife, Mr and Mrs Emory Price on Sunday. The occasion was Mrs Munson's birthday anniversary.

The serving table was centered by a large cake decorated in autumn colors and made by Mrs Carl Winans.

For entertainment, another son, William Price showed colored slides taken at former family gatherings and also some travel pictures.

Thirty - three guests were present from Flint, Lansing, St. Johns, Vernon, Shepherd, Ovid, Laingsburg and Elsie.

Library benefit nets \$138

ELSIE — A card party sponsored by the Woman's Literary Club provided entertainment for the players as well as a financial boost for the Elsie Public Library. A net profit of \$138 was realized and will be given to the library.

Dale C. Levey won the turkey that was donated by Gene Schoendorf for the library benefit.

Ralph Setterington received the traveling prize, Mrs Stanley Loznak and Lloyd Craven scored first place while Mrs Harry Grenlund and Stanley Loznak won the consolation prizes.

Cake and coffee were served by the assistant hostesses, Mrs Boyce Woolley, Mrs Jack Hawes, Mrs Vina Smith, Mrs Myrtle Cook, Mrs A. W. Stewart and Mrs Leon Williams.

Mrs Durward Conklin served as general chairman; Mrs Harold Heideman, tickets; Mrs Bion Clement and Mrs C. S. Goodrich, social; and Mrs Don Richards and Mrs Lawrence Hess, proprietes.

The Woman's Literary Club will travel to Owosso for the next meeting, Tuesday evening, Nov. 16 when they will visit the new Consumers Power Building. They will meet at Elsie High School at 7 p.m.

Visits in east

ELSIE — Mr and Mrs James Dorman and sister, Mrs Howard Pritchett of Chelsea, recently returned from a trip to Connecticut to visit their children, Mr and Mrs Darrel Dorman.

While there they toured Connecticut and parts of New York, going through the Pan American Airway Building where Darrel is a Pilot-Navigator. Mrs Dorman and sons, Mark and Todd returned home with their parents for a few days and Darrell flew here for the MSU Homecoming game. The family returned by plane to their new home in Ridgefield, Conn.

While there, Mr and Mrs Dorman were guests one day in the home of the Rev Marshall Saunders.

Elsie senior honored

ELSIE — Lucinda (Cindy) Kelley, a senior at Elsie High School was chosen as Student-of-the-Week by the Owosso Argus Press last week.

Following a college prep and commercial program she takes seven classes with no study halls but still remains on the honor roll. She is a member of the Future Teachers Club, majorette in the Elsie Band in which she plays clarinet. A member of the debate team, she is also secretary of the newly-founded school paper, "The Chieftain."

Cindy is the daughter of Mr and Mrs Donald Kelley and has three brothers and a sister. She plans to take civil service for secretarial work, preferably in Washington, D.C.

Mrs Wayne Hovey of Elberta spent the past week with her mother, Mrs Marion Sturgis, Mrs Ralph Hobart of Laingsburg also visited her mother, Mrs Sturgis on Wednesday.

Car, tractor collide but no one hurt

A tractor and an auto came together on Townsend Road east of Wright Road in Dallas Township Sunday morning, but no one was hurt. The car, driven by Gerald P. Schafer, 23, of Fowler, carried three passengers. Samuel L. Simon, 14, of R-2, Fowler, was driving the tractor.

Deputy Sheriff Hilary Hafner said the two vehicles hit near the center of the road, with the left front of the car hitting the left rear of the tractor.

Deer regulation covers storage

Michigan's estimated herd of 800,000 deer is going to be somewhat depleted this month by successful hunters who must take storage precautions in order to comply with regulations of the Michigan Department of Agriculture.

Dressed and cut-up deer may legally be stored in commercial cold storage plants with other foods if the skins and hides are not included. Strict regulations govern the storage of game, says J. L. Littlefield, chief of the department's food inspection division.

THE STORAGE of hides and skins is forbidden except in separate storage rooms that do not have passages that lead into locker rooms, chill rooms, aging rooms, or sharp freeze rooms.

Deer with hides on must be stored in separate rooms from all other provisions. Hides and skins cannot be stored with other foods legally, said Littlefield.

So that there is no possible contamination of other provisions of any kind is the intent of the regulation. This applies to deer with hides on that may be stored in locker plants, refrigerators or freezers in meat markets and grocery stores.

Sometimes a self-made man lacks the finishing touches.

CLINTON COUNTY ZONING APPEAL BOARD MEETING

A meeting of the Clinton County Zoning Appeal Board will be held on

Monday, November 15, 1965

at 8 p.m. in the Courthouse in St. Johns, Michigan. At that time the Board will act on the following appeals:

DeWITT TOWNSHIP

The appeal of Samuel F. Barnett to park a trailer coach in a commercial zone and use it for living quarters on the following described parcel of land:

593.1 feet North of the Southeast corner of Section 4, thence West 290 feet, North 150 feet, East 290 feet, South 150 feet to beginning.

593.1 feet North of the Southeast corner of Section 4, thence North 336 feet three inches, thence West 1,266 feet more or less to the E'ly bank of the Looking Glass River, thence Southwesterly along said river to a point due West of the beginning, thence East 1,320 feet more or less to the point of beginning.

BATH TOWNSHIP

The appeal of Gorton M. Curtis to allow two trailers on one parcel of land to be used for living quarters on the following described parcel of land:

Beginning at a point 660 feet North of the Southwest corner of the Southwest 1/4 of the Northwest 1/4 of Section 5, thence East 1,320 feet, thence North 330 feet, thence West 1,320 feet, thence South 330 feet to the point of beginning.

ESSEX TOWNSHIP

The appeal of Cecil LaBar to erect a double mobile home unit on a permanent foundation and use it for living quarters on the following described parcel of land:

.92 acres 245 feet by 189 3/4 feet which is 640 feet from the Southwest corner of the East 1/2 of the Northwest 1/4, except 2 acres in the Southwest corner thereof, Sec. 23.

2 county road projects in state 5-year plan

Two major highway projects in southern Clinton County are part of a \$758.2 million five-year construction program announced last week by the State Highway Dept.

The main project will be 3.5 miles of US-127 freeway from the south county line north and west to US-27 north of Clark Road. Included is a grade separation over the New York Central Railroad tracks.

This will connect with 2.2 miles of freeway between Lansing and East Lansing.

THE OTHER Clinton County project is 1.6 miles of widening and resurfacing of US-27 from the county line north out of Lansing.

State Highway Dept. Director Howard E. Hill said the four-man State Highway Commission has approved the 1967-72 state-wide highway construction program and has endorsed a revision of state laws to increase motor fuel taxes by 1 per cent per gallon and hike vehicle weight taxes which still remain at 1932 levels.

THE REVISION would increase the share reverted to cities and villages for construction and maintenance of local streets and roads by \$22.7 annually.

A total of \$78 million would be raised by the proposed increase, yielding \$23.3 million more annually for counties and \$32.6 million more for the state.

"With these increases, which would cost the average motorist about 25 cents a week, the state can finance the entire program and counties and cities will receive substantial increases in highway funds to bolster their programs," Hill said.

"WITHOUT THE increases, the state trunkline schedule alone will fall \$175 million short of meeting minimum needs by 1972.

"We have programmed to meet the minimum needs and we are confident the State Legislature will act to provide the funds so that Michigan can carry forward as a leader among the states in road-building progress."

Clarification on tax bill story

Correction and clarification are warranted on a story in last week's paper concerning the city's tax bill for the winter. The total bill should be only \$334,862 instead of \$580,490.

The difference is that the \$245,628 listed for city general operating expenses was actually paid by residents on the summer tax roll, and so that amount is not included on the winter bill.

The total school and county rates total \$40.90 on assessed valuation and not state equalized, as reported. This article and these figures apply only to the city of St. Johns residents.

The St. Johns High School band and the Wilsonaires, shown in informal practice sessions at band camp this summer, will be some of the groups participating Saturday night in the fifth annual Varsity Night at the high school gym.

Musical Varsity Night ready for this Saturday

Varsity Night, the fifth annual musical variety show put on by the St. Johns High School Music Dept., is scheduled for this Saturday night, and a lot of good entertainment is promised.

One of the top features will be the "Faculty Firehouse Five Plus Three," a Dixieland band combo made up of high school faculty members. "The members are old but the group is new," Band Director Walter Cole said, but he declined to disclose the names of jazzmen before their performance.

THE HIGH school marching band will open the show at 8 p.m. with several popular college songs, and they'll also feature various sections of the band in musical highlights of the current marching season.

The 17-member high school dance band will recreate the sounds of the big band era, and in another instrumental part of the program, Scott Heibek and Cathy Cornell will play several accordion duet numbers.

ON THE VOCAL side of the program, the Wilsonaires and Wilsonettes will sing again, utilizing a new style of singing, according to Vocal Music Director Gordon Vandemark. The groups will offer more show tunes and folk music than in the past.

There'll also be numbers by a new boys' quartet, "The Three Sharps and a Flat," and the concert choir will do one of their numbers from last year's concert and a spiritual song.

"We feel this show is just great," Cole said Monday. "The music will be light and enjoyable, and it should be a great evening of listening."

THE VARSITY Night show will be held in the high school gym. Tickets are available from any music student or at the door. Varsity Night tickets also will be sold in the grandstands Friday at the St. Johns-Gabriels football game.

The show is being sponsored by the music department, and proceeds will go into the music activity fund.

Sale of records made last spring by the music department will be pushed at Varsity Night, and the albums can be purchased there or orders will be taken at the door, Cole said. The records will be delivered by the music department.

TWENTY-FOUR hours prior to the Varsity Night opening, the St. Johns High School marching

Edmore VFW plans district social party

Edmore Kelsey - Wiley Post 2292 will host a Ninth District social party for the Veterans of Foreign Wars, their wives, husbands and guests this Saturday, Nov. 13, at the Veterans Memorial Building.

The party will begin at 7 p.m. with a smorgasbord dinner planned for 7:30 p.m. and a dance following. Door prizes will be given.

For reservations and details, contact Mr. and Mrs. Lloyd Griffith, McBride, 48852, members of the planning committee.

Rash of accidents injure 11

A rash of serious automobile accidents over the past weekend resulted in 11 persons being treated either in the hospital or at the offices of physicians for injuries incurred.

The most spectacular accident was at 1:50 a.m. Saturday on US-27 north of Centerline Road and involved three cars. Most seriously injured were Gerald A. Wright, 20, of West M-21, and Jeff Martin, 17, of 101 Oakland Street, both of St. Johns.

THEY SUFFERED cuts and bruises and were listed in "fair" condition at Clinton Memorial Hospital late Monday afternoon.

Five others were treated at the hospital for varying lengths of time. Suffering bruises were Douglas C. Brooks, 30, of Mason; Jack Brooks, 27, of Holt; and Jessie D. McAlister, 40, of Lansing. Suffering cuts and bruises were Milard McCoy, 50, of Lansing, and Larry Sehke, 16, of R-4, St. Johns. Sehke was released from the hospital Monday.

ACCORDING TO the sheriff's department report on the accident, a pickup truck driven by Brooks was going south on US-27 when a car driven by McAlister hit it in the rear. McAlister's car spun around and ended up in the passing lane, headed north in the southbound lane.

About this time, Wright's car came along, did not see McAlister's car because there were no lights on it, and plowed into McAlister's auto.

The two Brooks were riding together, McCoy was with McAlister, and Martin and Sehke were with Wright.

McALISTER WAS ticketed for driving under the influence of liquor. He pled not guilty to the charge Monday before Judge Alba Wert in St. Johns. Bond was set at \$300.

Two youths were treated at the hospital as out-patients following an early evening crash Sunday at DeWitt and Steel Roads. A car driven by John H. Kolehmainen, 16, of 204 E. Sturgis, St. Johns ran off the end of Steel Road into a ditch along DeWitt Road.

Kolehmainen wasn't hurt, but Mark Masarik, 16, of 610 Church Street, and John Spousta of 510 N. Mead, were treated for bumps and cuts. Kolehmainen told Deputy Sheriff Richard May he wasn't aware that Steel Road was a dead end at DeWitt.

ABOUT 11:08 p.m. Saturday night, Mrs. Sheryl Bashore, 20, of Pontiac, was injured when she allegedly jumped from the car in which she was riding with her husband, Gary E. Bashore, 23.

She was treated for cuts and bruises at Clinton Memorial Hospital.

Bashore told city police Officer James Stiffler that he and his wife were arguing and that she jumped from the car in front of 698 N. Lansing and was hit by the car.

EARLY SUNDAY morning in Dallas Township, Elaine Annette Ruhl, 15, of R-2, Fowler, suffered bruises and was taken to a doctor's office after the car she was driving went out of control and hit a tree on Tallman Road.

BEE'S CHEVY-OLDS IS INVITING YOU HOME FOR A RIP-ROARING WEEK

One of the greatest traditions of fall is the Homecoming celebration — a time when good friends get together. We think Homecom-

ings are such a nice idea, we decided to have a "Homecoming Week" of our own. And naturally, we want to invite you and all our customers. Let's get together, swap stories and meet the newest member of our family, the 1966 line. The dates are **Nov. 10 to Nov. 13**. It promises to be quite a celebration with fun for all. Hope you can make it.

Exercising 'rights' hard in a complex society

What makes every discussion of "rights" so controversial is that no one can exercise a right without infringing on someone's freedom.

Once upon a time it all seemed simple. People talked about natural rights, and looked back to a world that never was, peopled by noble savages who had not been corrupted by the selfish vices of civilization. Maybe it really was that way; we can imagine our primitive forebears living in a tropical paradise, with plenty of food, no need for clothes or shelter, and dedicated to the principle of complete freedom.

COMPLETE FREEDOM did not last very long, because once man found it easier to eat his neighbor's fruit than to pick his own, and the group had to tell him that if he wanted to eat he would have to gather his own food.

So the man went off, complaining about this infringement of his freedom, and he found a hollow log and brought it back to camp where he pretended it was a drum and pounded it all night . . . until the group told him to either stop pounding his drum or go away.

So he went away and took a bath in the spring where everyone went for drinking water . . . and he got scolded for that, and the group said that if he wanted to bathe he would have to go downstream.

THIS MADE OUR man bitter, because he said they were taking away his freedoms, and didn't he have a right to beat a drum or take a bath where he wanted to? The group said no, he did not, and that was that.

As the years went by the group made more and more rules. Every now and then the people who wanted to beat drums and bathe in the spring declared they had minority rights, and sometimes they made the point stick and sometimes they didn't. People continued to be unhappy because every time someone was given more freedom, someone else felt he was getting less.

Today some people demand the right to be served in restaurants, and a civil rights bill is passed. Other people proclaim a man's right to do what he wishes with his own property, and a local zoning ordinance is voted down.

PERHAPS THE ONLY fact that is clear is that rights are relative, and involve a give and take. When people demand rights and freedom the most they can ever hope for is an adjustment to make more harmonious the involved relationships of a complex society.

A GUEST EDITORIAL . . .

NEWS vs ADVERTISING

(From The Boyne City Citizen)

Very reluctantly, but every once in a while, we must, as a matter of editorial policy, remind that a newspaper is a business and as such, depends for its revenues, in large part, on an enterprise that is known as advertising.

Recently we have been barraged by a wealth of material submitted by some individuals as well as organizations concerning their activities, which are not news—but in large part, an expression of sentiment on the part of those submitting items.

They want their thoughts given as wide circulation as possible without the expense or effort of making direct correspondence with those they seek to contact.

IN OTHER CASES, there may be some newsworthy activity for very good causes, usually affiliated with money raising enterprises.

In this case we do give publicity. We particularly appreciate the consideration of those who realize that the preparation of a newspaper involves considerable cost and make the suitable gesture of buying a little advertising space to offset at least a fraction of the expense involved in preparing their free publicity.

We are very unappreciative of some of those who expect write-ups about money raising enterprises, and then blatantly suggest that "Just the write-up will be enough, we're putting up window posters all over town."

WE FULLY APPRECIATE the fact that each and every chairman of an activity believes that his own project is particularly worth while and should be given special consideration. We appreciate the fact that anyone who turns down requests becomes a community ogre to be feared and regarded as a heartless soul. But if that's the way it must be—it shall be.

If it isn't news, it's advertising in some form.

A Look Into The Past . . .

Tuneup for Family Carriage

Back in the days before the horseless carriage, there was a certain amount of upkeep necessary even on the horse carriage. One of the important things was to keep the wooden "tires" of the carriage swelled and tight so they wouldn't crack and fall off the rims. As this scene along the Maple River near Rochester Colony depicts, doing this could be far more enjoyable than waiting around a garage for car repairs today. This picture came from a collection at the Bement Public Library and was taken about the 1890s.

RAMBLIN' with Rink

BY LOWELL G. RINKER

The time of the year is on us when a good hot drink does a person a world of good after coming in from the cold or even when you think about the cold outside.

Many friends have expressed their sympathies about my handicap of not liking coffee. In today's world this does make me somewhat of an odd ball, and I admit it is somewhat of a handicap.

I HAVE PASSED up many offers for a cup of coffee solely because I have never developed a liking for the stuff. If all persons and all restaurants brewed coffee so that it tasted the same every time everywhere I would eventually become a coffee lover, I'm sure.

But this is not the case, unfortunately. So I turn, in pure defense and out of liking for the drink, to tea. A hot cup of tea hits the spot perfectly, better than I can imagine a cup of coffee ever tasting.

TEA HAS THE added advantage (to me) that I can "brew" it myself wherever I am—restaurant, with friends or at home alone. Others can boil the hot water; that usually tastes the same wherever it's done. All I need is a tea bag or a jar of instant tea.

My relatives and others who have watched me brew my tea have passed the word around that all I do is wave the tea bag over the cup of water and call it quits. While it is true I don't like strong tea, I generally make it stronger than what you might be led to believe by all this talk.

A MEDIUM dark amber color to a steaming cup of tea, sweetened by a teaspoon of sugar, makes a mighty satisfying drink when you're cold or when you anticipate going out in the cold.

This sudden spouting about how good a cup of tea is bubbled into my mind a couple of days ago when I suddenly found myself drinking hot tea several times a day. During the summer I drink hardly any, except when we got over to Hart and Walkerville on weekends; even good tea improves over there, for some reason.

After coming home from the St. Johns-Lakewood game last week I suddenly found myself making a cup of tea. This "change of pace" drink has taken on all aspects of being a regular thing.

Now I'm looking forward to my cup of tea like anyone else looks forward to their cup of coffee.

LETTERS TO THE EDITOR

Hospital service here questioned

WHAT CAN WE expect from our county hospital? Should we be confident that we will be cared

for when we are hurt and in need of immediate care? My confidence was destroyed last week.

I rode to our hospital with a dear friend of mine who was in an automobile accident. Upon arrival the nurse asked who her doctor was. I didn't know, so she called one and began preparing for taking the patient to X-ray and cleaning some of the blood from the facial lacerations.

IN TALKING to the nurse I mentioned that the girl worked at a hospital in another county. When the doctor arrived he coolly looked over the situation, talked a little to the nurse and announced that if the patient worked at the other hospital (20 miles away) then SEND her to the other hospital. He did absolutely nothing for her that I observed.

By this time the girl had been transferred from the ambulance cart, and now she had to be moved to another ambulance cart to go on to the other hospital—all the time asking for help and telling them her back hurt terribly, besides having lost a lot of blood.

WHAT IF this girl had died on the way to the other hospital? She was unconscious all the way over there. She is a resident of Clinton County. Shouldn't she have a right to expect the quickest treatment she could get? She was at our hospital within 25 minutes after the accident happened, but it was one hour and 30 minutes before she received treatment at the other hospital, because she was here over 30 minutes and didn't receive any help.

Should she have been condemned because she didn't work at our hospital? Praise God she IS being cared for and IS improving at the other hospital. Why do we have a hospital we can't depend upon? What can be done to improve things if they can't handle emergencies?

MRS BEVERLY CROWELL R-5, St. Johns

EDITOR'S NOTE: Clinton Memorial Hospital officials report that a competent surgeon and nursing personnel attended the patient referred to in the above letter. It was the physician's judgment that the patient's injuries were of such a nature that special facilities available in a Lansing hospital were important to her treatment and eventual recovery. The patient's place of employment was not a consideration in the physician's diagnosis and recommendation for treatment, hospital officials say.

High Horsepower—Low Horse Sense

The New Age

BY W. E. DOBSON

"What's the world a comin' to?" She said as she scanned the page And read in the daily paper Of some new and fearful outrage; Where the villain was only a youngster And the victim was trusting and kind; What was it that cancelled all reason, And left only sorrow behind?

"What's the world a comin' to?" She thought as society's sheet Recorded the newest in styles To be met on the beach or the street; Is modesty old and outmoded— What gives with our youth of today? That they so far rebel from old custom Go all our for public display?

"What's the world a comin' to?" In our modern school systems today, With "mixed" dorms a symbol of living, And house-mothers mostly passe; Will the morals of youth be abandoned As our young people follow a trend? With early foundations so shaken, Where will Democracy end?

Some questions in turn we must answer; How well are we playing our part? Are we spending ourselves to the utmost To see that they get a right start? Are we hearing first hand of their problems? And helping right answers to find? Or are we just playing the critic, While letting our youth go it blind?

Full, timely information vital in military classification

With the Vietnam situation what it is, and with the draft call for Clinton County men already up to 42 for December, there is increasing concern among families of draftable men about whether their son or husband will be called.

The selection of men for the armed services is vital for the defense of the nation, but draft boards base their selections on the classifications of men whose names are on file. Lt. Gen. Lewis B. Hershey, director of the Selective Service System recently provided some timely information vital in classification.

"IN A SELECTIVE SERVICE System, the selection of those who are to go always competes with the selection of those who are to be deferred because activities are necessary to maintain the national health, safety, or interest," he said. "The Selective Service System has operated for many years with keen appreciation of the need to train many types of specialists to guard the health of the nation.

"It has also encouraged registrants, by deferments, to seek particular kinds of knowledge which would make them more effective in promoting the safety and interest of the nation. Education has been considered a process which increases the value of a citizen to this nation. Deferment of students and teachers is, indeed, an implementation of national interest. The current emphasis by the President on the need for more education for our youth is further evidence of continuing justification for these deferments.

"THE SELECTIVE SERVICE System has the responsibility to determine the registrants whose endeavors do, in fact, support the judgment that they are promoting the national interest. In this responsibility, each educational institution must share. It must keep the Selective Service System constantly informed of the pres-

ence of the registrant on the campus, what he is doing, and how effectively he is doing it.

"This includes immediate notification when he ceases to be a student. While all of this places a heavy burden on the institution, it is the price to be paid when the registrant is accepted as a student. The alternative is to have the effectiveness of the registrant, as a student, judged solely by the Selective Service System. Although the System is not best fitted to do this, it must, if the educational institution will not or cannot participate in the decision-making process in timely fashion.

"IT MUST REMAIN clear always that it is the Selective Service System, through its local boards, which determines classifications. Educational institutions furnish critical information which, to be effective must be timely—a point worthy of constant repetition. Generally, information furnished by the educational institution is conclusive of the student's entitlement to deferment. However, the determination is for the local board to make in the light of all information available to it, and subject, of course, to all rights of appeal, as provided in pertinent parts of the law and the regulations.

"It is the hope of the director that the flow of information from educational institutions may be complete, accurate, and timely enough to permit each local board to evaluate each registrant as a student and, based on this, together with other information in the board's possession, determine whether a deferment should be granted to maintain the national health, safety, or interest.

"IF COOPERATIVE action of this type cannot be attained the Selective Service System will not be forced to seek other methods of furnishing information on the status or capacity of students to the local board for their use in determining classification.

from the HOPPER

By STEVE HOPKO

SUNDAY NIGHT at the Hopkos was just like many other households in St. Johns and throughout the country.

It would start with a knock at the door. When you answered, you would be greeted by anywhere from a single voice to a chorus of voices intoning "trick or treat" from young people dressed like ghosts, football players, witches or princesses.

THOSE WHO VISITED our place were all very polite and their "thank you's" were on the tips of their tongues the minute your goodies hit their sack.

It didn't seem like we had as many youngsters as in the past until we checked our supply at the end of the night and although we still had some left, there wasn't as much as we thought there would be.

WE ONLY HAD one from our house who made the rounds, this being Tammy who is 4 1/2 (she was dressed as a witch), although our oldest, Doug, who is 15, chaperoned her on her rounds of the neighborhood and I think he enjoyed this as much as when he used to make the rounds himself.

Our youngest, Steffie, who is only 11 months old, watched from the front window at the parade of "characters" who came to our door and she seemed to enjoy the whole show, although at times she seemed a little bewildered by some of the getups, which isn't surprising when you consider the number and variety of costumes that marched to our front door.

ABOUT AN HOUR after all the younger trick or treaters had stopped coming and Joan and I had closed shop for the evening we had a group of older trick or treaters stop in.

In this group of six people we had "Miss America of 1910," Miss Drop-out from a Bunny Club, Miss Arsenic and Old Lace, 007 without his teeth, Pancho Villa and Miss Teenage America (she actually being a he) all of these in authentic costumes.

MY ONLY REGRET was that I didn't get this group recorded on film to show how authentic their costumes were.

All in all Halloween was a lot of fun down our way and outside of some soapy windows on our house and car, we were treated more than tricked, and it is a treat when the youngsters who come calling were as polite as those who stopped at the Hopkos'.

Church-state separation twice a state issue

BY ELMER E. WHITE
Michigan Press Assn.

Church-state separation questions arose twice in the 1965 legislative session.

One involved Michigan's Amish community which wants to educate its children with its own teachers, who necessarily lack the requirements for state certification. Since Amish believe in no more than an eighth grade education, their teachers do not meet state standards.

The Legislature took no action on this but left the matter to the State Board of Education, which said the religiously-oriented people must send their children to a proper school.

THE SECOND question brought the lawmakers in more deeply. A law was passed, called the school auxiliary services law, which apparently will now go through a full court test on the question of constitutionality.

At issue is the provision of state funds to local school districts which furnish a number of non-instructional services to private schools. Among these services might be street crossing guards, bus service, or special counselors for handicapped children.

The question of constitutionality was raised even while the bill was in the early debate stage, but proponents urged this be left to the courts to decide.

LEGISLATORS ON both sides of the question thought they could satisfy all by specifying that their intent was to assist children as citizens rather than give public aid to religious groups which operate schools.

By requiring school districts to supply these non-instructional services to private institutions if they are provided to public schools, many toes were stepped on.

A court test on constitutional grounds could easily put this bill aside for a long time.

THE BETTER part of the

mountain of laws enacted this year will not become effective until some time next March, some 90 days after the session is formally adjourned in December.

Headline - getting legislation was just a small percentage of laws, most of which took effect immediately upon signature by the Governor.

Previous to the next session, some attention will be given to the other measure such as an important change in the motor vehicle code.

RECKLESS DRIVING has long been a serious charge under the law and will remain so. In many cases it was difficult to prove, and enforcement officers held back except in instances of serious injury accidents or repeated law violations.

This year the Legislature decided to carve a mid-step in the traffic code to provide an offense to be known as careless driving. It will describe violations essentially similar to reckless driving but of lesser degree of severity.

In the law careless driving is defined as operating a vehicle on a highway or other public place, including parking lots, "in a careless or negligent manner or without the use of ordinary caution and prudence."

TO DISTINGUISH between the two, reckless driving is defined as driving "in willful or wanton disregard for the safety of persons or property."

Whether the definitions will ease the difficulty of proof is very questionable, but lawmakers saw the change as a means of meeting more situations with greater equity.

A reckless driving conviction carries a mandatory minimum-maximum jail or fine sentence of 5-90 days or \$25-\$100. The maximum set under the careless driving section are the same, but no minimum penalties are set.

IT HAPPENS every year and this is no exception. Michigan skiers again will have more winter resorts to choose from than ever before.

This year some 87 winter sports centers open will keep Michigan high on the state rankings in terms of ski area numbers.

Estimates are that the number of persons using the facilities for skiing, ice fishing, skating, tobogganing and sledding will also reach a new record.

PRE-SEASON count last year was 85 winter sports areas in Michigan. This year the list shows three new centers, two which will be in their first full season, and two others are opening after being closed for several years.

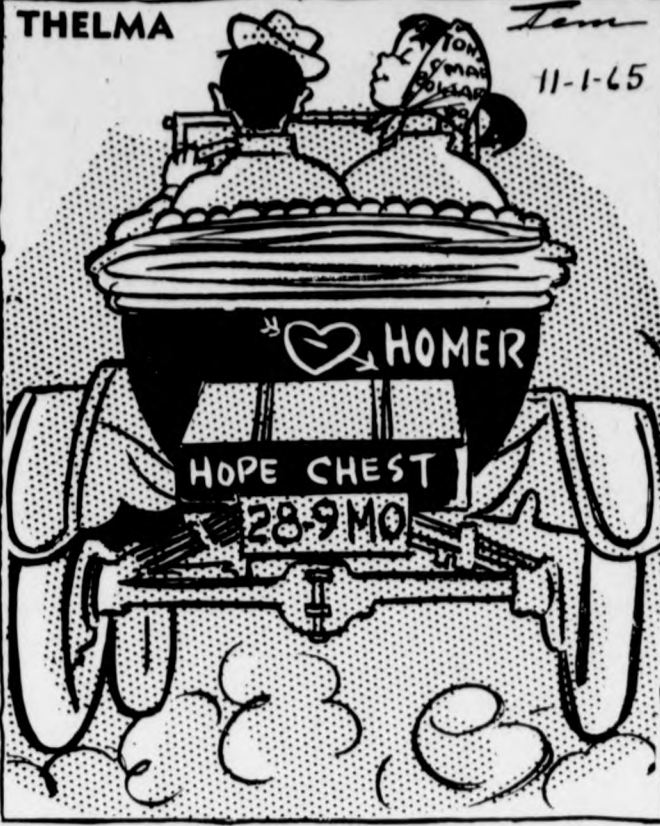

Most areas of long standing seem to be increasing in business volume, as evidenced by several major expansion projects to add slopes, instruction programs, convenience equipment, eating facilities and lodging places.

GOING INTO the 1965 season, 50 of the centers will be open daily; 42 will feature night skiing; 38 have snow-making equipment; and nearly all have some type of eating facilities. The lure to learn is also great. Equipment can be rented at 65 centers and 61 offer expert instruction.

The expansion of this business has been statewide. There are now 16 winter sports centers in the Upper Peninsula, 39 in Western Michigan, 20 in the eastern portion and 12 in the highly-populated southeast corner.

Veterans' pensions are not charity

Rep. Henry B. Gonzales (Texas) . . . The problems of veterans pensions is a nagging one from year to year, Congress to Congress. Numerous bills are introduced each year to correct one inequity or another, and Congress enacts major legislation every 2 or 3 years in an attempt to modernize the law.

"The trouble is that the law can never be modernized and it will always be unfair and inadequate because it is based on an archaic and unjust assumption. That assumption is this: Any pension given by the government to a veteran, his widow, children, or other dependents, is a gratuity and an act of charity."

"AS A RESULT of this assumption, which permeates the entire body of veterans legislation, pensions are often reduced and cut off. Also, as a result of this assumption, the decisions of the VA administrator are final and non-appealable to the courts. I know of no other instance in private industry or government service where a pension is not a pension but a gratuity to be given or taken back at the whimsey of civil servants. In business, when a pension is earned, a property right vests in it, and it belongs to the owner. It cannot be tampered with because it has been earned through faithful service over a long period of years. The same is true with government pensions; for example, railroad retirement. Only in the area of veterans pensions is the pension not a pension . . ."

"The present philosophy dates from the American Revolution when, after the war, widows appealed to Congress for relief. . . In each case, whenever Congress approved a claim it did so on the basis of extending a gratuity or subsidy to the individual. When general legislation was finally enacted the same philosophy was incorporated into the law. This example of early Americans has . . ."

Believe flaked grains increase feed efficiency

The newest wrinkle in increasing efficiency and gains in beef feeding is through the use of flaked grains. To the big Arizona and Colorado feeders this is old hat, as some of them have been at it for as long as 20 years.

But the experiment stations have recently taken a look at the process and now have the figures to confirm that the feeders have been on the right track all along. . . . that steaming grains before running them through a roller significantly—to use an academic term—increases their value.

CORN, barley and milo which have been processed in this manner, cooked, as some of the feeders call it, become flat flakes and make a palatable feed apparently more easily digested than grain which has been put through an ordinary grinding, rolling or cracking process. It has been generally agreed that the process increases feed efficiency 10 per cent.

The next step may be pressure cooking. Several Arizona and California feedlots have recently tried this but no figures are available yet to demonstrate just how good this departure is. These feeders, understandably, are not

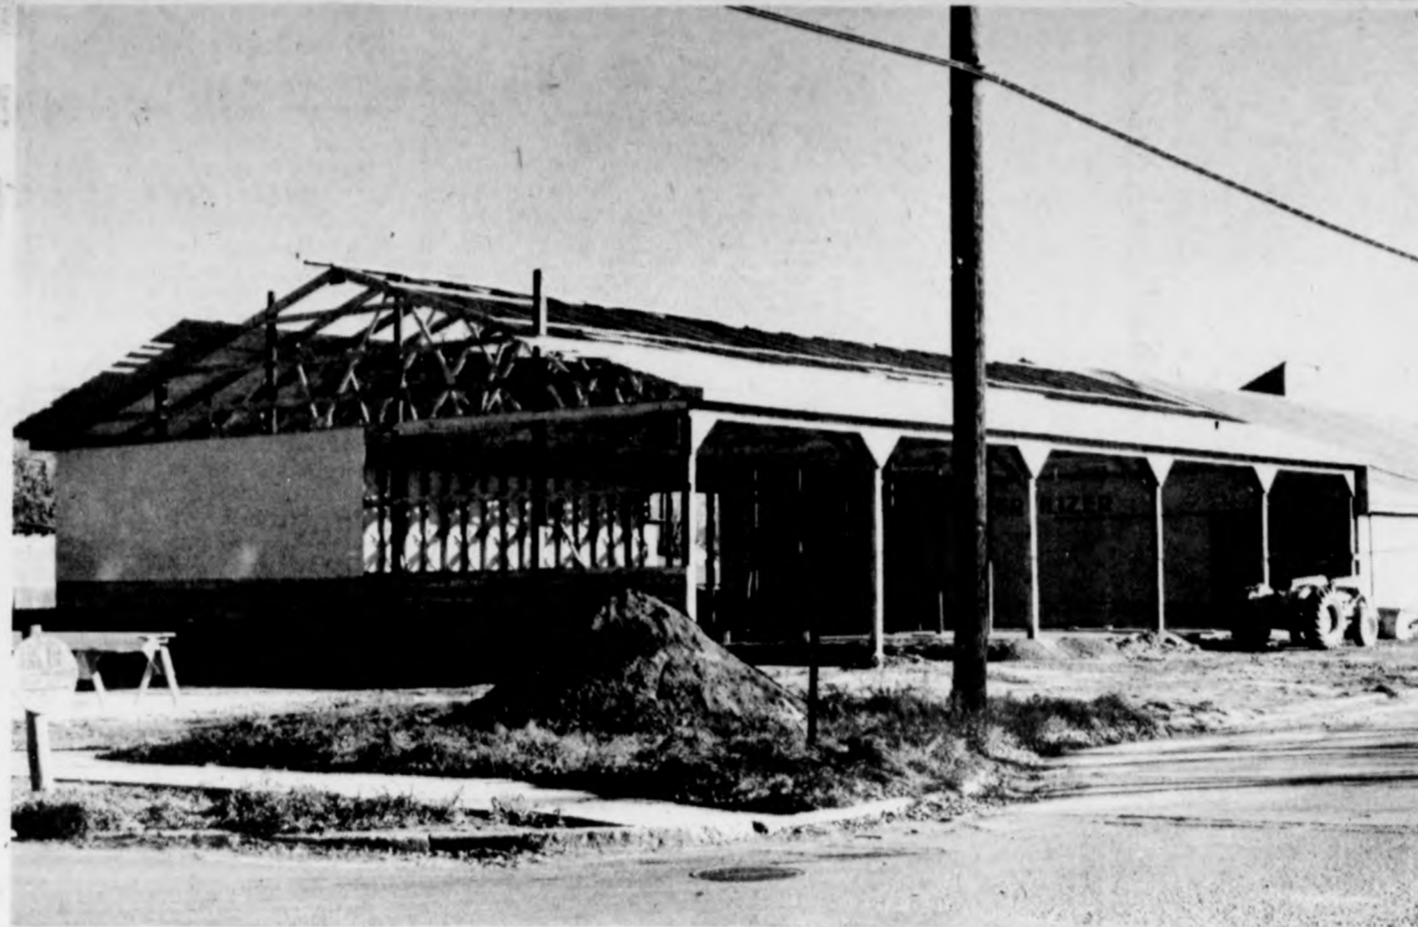

about to reveal the details of what they consider "proprietary processes."

IT WOULD appear that the chief benefit to be derived from the addition of pressure is a saving of time. But some feeders and research people feel there are other advantages. The one most frequently mentioned is a gelatinization of starch in the grain. (Gelatinizing is the process of rearranging the starch molecules of the grain in such a way that the enzymes in the digestive tract can break them down more rapidly.)

Feeders who have been using flaked grains know they are a useful weapon in the struggle for more efficiency and in the battle against rising costs.

See better milk market

A greater national market for Michigan milk and milk products was heralded last Wednesday at Michigan State University.

Kenneth D. Feighner, general supervisor of dairy products, Michigan Department of Agriculture, said that passage of Michigan's Fluid Milk Act of 1965 assures a Grade A supply, will enlarge the national market, increase demand for dry milk products and encourage the creation of new dairy products.

MICHIGAN IS the first state in the nation to adopt the new code, approved by the United States Public Health Service, Feighner said at a Dairy Manufacturers Conference. The new code becomes effective July 1, 1966.

Specifically, Feighner said, the 1965 act will have these effects:

1. All milk and milk products in the state will be Grade A.
2. Industry will be able to attract new markets for its products.
3. DAIRY products from Michigan will be able to move freely into any state in the country.
4. All dairy plants in the state desiring to be listed in the Interstate Milk Shippers publication will be listed.
5. Uniform and thorough inspection will be carried out all over the state.
6. A DAIRY farmer will have only one inspector calling on him.
7. Industry will be permitted to be more creative in the development of new products, as a result of new definitions and standards.

There was a 27.5 per cent increase in the number of public and private hunting preserves between 1960-61 and 1963-64. There are 2,121 preserves in the US. Most shooting preserves are private enterprises helping state agencies provide more outdoor recreation.

When you check back in history and see that the Roman Empire started its downfall when they succeeded in getting the farmer into the city. Russia, who was a great wheat exporter under the Czars, changed to collective farming. Now they have to import food to feed their people. In the Soviet Union every farmer is provided an acre plot on which he can produce the products for his own table. Any surplus he can sell for cash for himself. Usually depending on the location these farmers raise vegetables, fruits and grapes. He usually keeps a cow or two, some pigs and a flock of chickens.

What bothers the Russians is that only three to five per cent of the sown lands of Russia are in these garden plots, but these independent producers raise 55 per cent of all the vegetables grown in the Soviet Union. 50 per cent of all the fruits, 50 per cent of the meat and 85 per cent of the eggs produced in the Soviet Union. Their total farm output trails the U.S. by more than 30 per cent—even though planted acreage is 75 per cent larger. In Mexico, Central America and South America the haciendas are being divided. Collective or corporation farming does not work in these countries because it takes the incentive away from the people to do a better job.

In the Alliance for Progress, President Kennedy stipulated that our Latin American neighbors must have land reform to qualify for aid, so that the poor people would have an incentive to produce more and to head off communism. It is amazing that our economists and farm advisers want to move the family farmer into the city. They are advocating the very same policy for American agriculture that has failed everywhere it has been tried. It is equally amazing that our farmers still fall for the old line and continue to expand deeper into debt and feel that they are advancing. Ending June 30, 1965, American agriculture had already pledged half of their income for the next 3 years for debt retirement. Isn't it about time farmers price their products and talk about their earning power instead of the "borrow-power"?

Dramatic changes in store for Michigan agriculture

Dramatic changes are in store for Michigan agriculture by 1980. Farming may not be a matter of pushing computer switches with a look out the office window, but commercial farmers will be highly-skilled managers of large, complex businesses.

Although there will be fewer farmers, agriculture will be a multi-billion dollar segment of the Michigan economy. By 1980, annual sales from the state's estimated 22,000 commercial farms will approach a billion dollars. Vast research and educational programs will be required to help farmers keep pace with exploding scientific knowledge.

THE STAFF of Michigan State University's College of Agriculture are taking a futuristic look at the state's rural scene in "Project '80," now near the end of a two-year study. Last month the entire research, teaching and extension staff reviewed the projections. Agents of MSU's Cooperative Extension Service from all Michigan counties participated.

The staff learned that state population is expected to climb to 10.5 million in the next 15 years. But only 3 per cent will be in farm families. Two million additional consumers will require far more food and farm products.

Most of the population will be in the two southern corners of the state, concentrated in "megapolitan" centers. A diagonal band of counties from the "thumb" to southwest Michigan will be the state's "breadbasket." Most commercial farmers will be located in this area.

LOOKING AHEAD, the MSU Extension Service, recently committed to more intensive work with commercial agriculture and rural families, sees many new developments on the horizon. The average commercial farm of 1980 may have an investment of more than \$130,000. Sales could average over \$25,000 per year.

"BY 1980," SAYS Dr. Sylvan H. Wittwer, director of MSU's Agricultural Experiment Station, "research will make it possible to produce even more efficiently and consumers may spend only 10 per cent of the family income for food."

He predicts that agricultural science will make even more startling discoveries to add to an impressive array of the past two decades. "Should US policy take an aggressive step to curb world hunger," Dr. Wittwer commented, "this could well give the 'green light' to farmers to produce to capacity."

MSU'S DEAN OF Agriculture T. K. Cowden commented "Re-

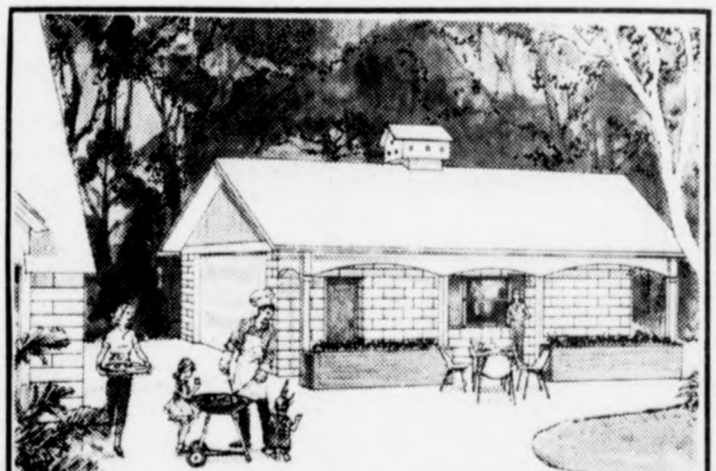

porting the results of research through the Extension Service is the vehicle through which all our work becomes worthwhile." He declared that this "service to people" was the truly unique feature of the American land-grant university. By 1980, the College of Agriculture may add a fourth dimension, international education, to the traditional functions of teaching, research and extension work.

The MSU dean called for what he termed "parity for rural communities" in terms of schools, hospitals, libraries and opportunities for youth—as well as parity of income.

Concluding the MSU workshop, N. P. Ralston, director of MSU's Extension Service, revealed some additional details on the recently announced state-wide reorganization. He described the reorganization as a significant decision that "we hope will have set a sound pattern to serve the state well into the 1980's."

"WHILE WE support educational opportunities for everyone," Dr. Ralston concluded, "we feel we must draw some practical limits on our programs. No single organization has a monopoly on all the competencies needed for the diverse educational needs of the state. Change is inevitable . . . and that's our business, to bring it about to make rural Michigan the best place to live . . . anywhere in the world."

If you escaped it during your first two years, you are now practically immune from being killed with kindness.

Plant trees in winter

If your yard needs a large tree or two to give it a more established look, plant them this winter.

Winter months are an excellent time to transplant trees that are 15 to 20 feet high and three to four inches in diameter at chest height. This is the advice of Joseph Cox, extension specialist in landscape architecture at Michigan State University.

HE EXPLAINS that trees are moved more easily in the winter because a ball of earth can be frozen around the root system and then the tree can be moved by a mechanical lift into a new hole without damaging the roots. This eliminates wrapping the roots in burlap, a necessary step during warmer months.

Cox advises selecting the spot for the new trees now while the ground is still soft and then bedding it down with straw so the area will not freeze. This will make it easier to dig the planting hole for the new tree.

PLANTING TREES in the winter saves costly labor and also utilizes help year around in the nurseries, Cox notes.

Builders who want a finished landscape for new construction will find winter transplants both efficient and economical.

Supplemental irrigation reduces corn barrenness

Farmers are planting higher populations of corn as they seek even higher yields. As stands go to 20,000 plants per acre and higher, competition becomes intense, and some plants fail to produce ears. With water shortages, barren plants become a real problem.

Speaking at the American Society of Agronomy meeting in Columbus, Ohio, recently University of Wisconsin agronomist R. H. Andrew and M. O. Groskopp told how serious barrenness can be and how supplemental irrigation can reduce it.

IN TESTS OF various plant populations on loamy sand in central Wisconsin, corn barrenness averaged 19 per cent without irrigation. Watering the crop relieved much of the problem, but fields still had 2 per cent barren plants. Barrenness increased approximately 3 per cent on the average with every increase of 4,000 plants per acre. Pushing up plant population from 12,000 to 24,000 plants per acre could mean

10 per cent barren plants in the corn field—even under irrigation. Drouth increased the problem in 1964. Irrigated fields had only 1 per cent barrenness, but fields that got no supplemental water that year had as high as 49 per cent barren plants.

IN HIGH populations competition for water, light and fertilizer becomes too great, and some plants just can't produce ears. But the critical factor is water. If thickly planted fields get enough extra water, they will usually produce satisfactory ears. Some corn varieties will stand high populations better than others. Some varieties will show barrenness at high populations even if water is adequate. At heavy planting, high fertility will help reduce barren plants.

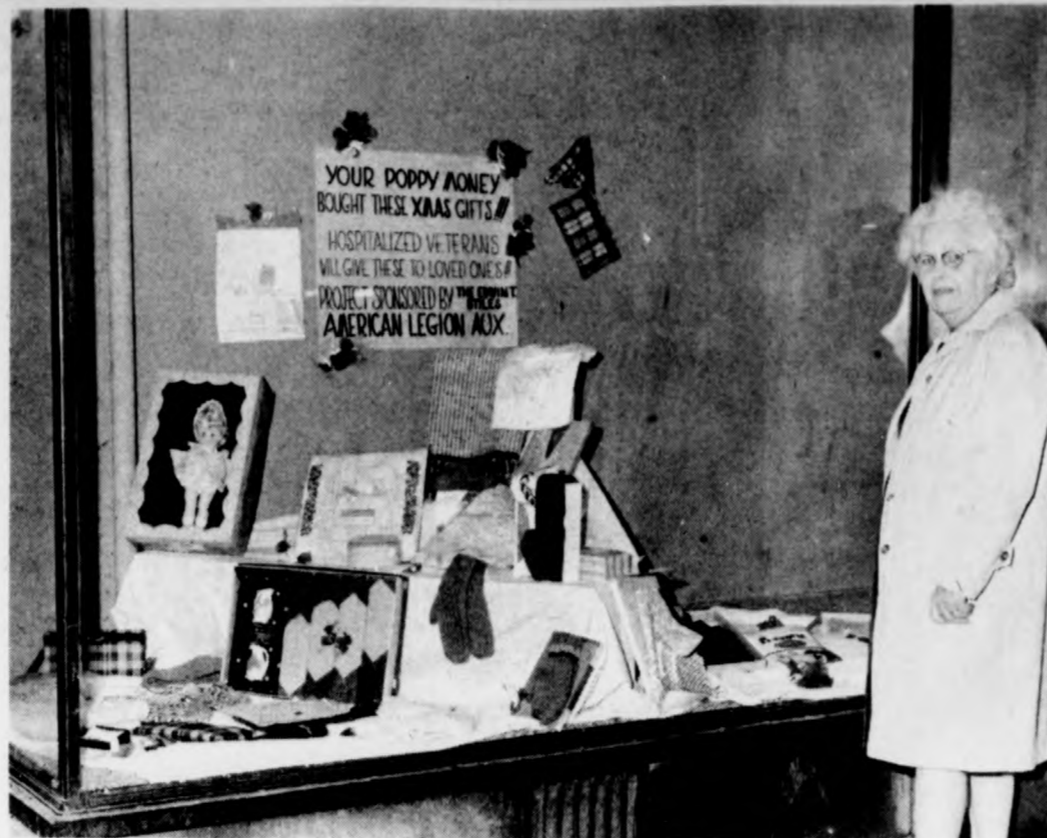

Andrew and Groskopp made their studies in fields where corn was drilled in standard width rows. Population was increased from 16,000 to 28,000 plants per acre by spacing plants in the row from 6 1/4 to 11 inches apart.

In Michigan, in the game room beer's the one... for good taste, good fun

You name your game, ping-pong or checkers, cards or chess. Play it hard, and it takes a lot out of you. That's when you like most to settle down in a soft chair and enjoy your friends' talk and your beer's taste. Beer was made to relax with. Made to refresh you, cool you, cheer your taste. So next time you're playing some sociable at-home game, take time out for the companionable taste of beer.

Yule Gifts for Vets To Give

Mrs. St. Clair Pardee, rehabilitation chairman for the St. Johns American Legion Auxiliary, takes a final look at a display of Christmas gifts bought with poppy sale proceeds before the gifts are packed to send to Saginaw Veterans' Hospital. The veterans there choose the gifts to send to their families at Christmas, at no cost to the veterans. The Legion Auxiliary here has been carrying out the same project for 25 years, using proceeds from poppy sales. The gifts were displayed last week in the Hicks Building.

ASC PROGRAM

Note trend to small farms

W. M. SMITH
County ASC Manager

Each year the size of farms are changing and our county is no exception. There is a trend in the southern part of our county to divide farms into small acreage and sell them to people wishing to build and live in the country. This results in a high percentage of our farms ranging between 10 and 49 acres.

In our county we have listed for the year 1964 some 3,407 farming units. These units vary from a few acres to the largest unit of 2,586 acres. I will give you the number of farm units in the acreage groups we have for 1964:

171 UNITS under 10 acres
925 units between 10-49 acres

(This is the largest group)
245 units between 50-69 acres
695 units between 70-90 acres
523 units between 100 - 139 acres
370 units between 140 - 179 acres
295 units between 180 - 259 acres
162 units between 260 - 499 acres
19 units between 500-999 acres
2 units over 2,000 acres

IN CONSIDERING farming units of 200 acres, we have 375, and when you consider farming units with more than 200 acres of cropland, we have 173.

Many times we are asked "What is a family size farm?" This would be one that the family could earn a livelihood without employment off the farm. I don't think the amount of acres is the determining factor; the type of farming makes a big difference, such as truck garden, dairy, beef, poultry, or cash crops. The acres required for truck gardening or a poultry enterprise would be much less than for dairy, beef, and cash crop farming. Other factors to consider are the productivity of the soil, drainage, and past operation. You can see that it is not the number of acres that makes a family size farm.

IT WILL BE interesting to see the changes in the size of farming units in the next few years. In some areas it is hard for farmers to get additional acreage because so many farmers have found off-the-farm employment and still wish to farm their small

McGonigal Corners

By Mrs John McGonigal

(Too late for last week)
Mrs Helen McMellan, Webster Road, Bath, received word last week that her son, David Boice, is seriously ill in the Tripoli Army Hospital on Oahu Island, one of the Hawaiian group. He has been with the US Marines for eight years; and was engaged in active service in the jungles of Vietnam, when he became ill with what medical authority call a virus or jungle fever. David attended Bath School before enlisting.

John McGonigal was honored Saturday on his 84th birthday at the home of his son and family, the Chester McGonigals on Watson Road, with a birthday dinner. Among the 25 guests attending was his daughter, Mrs Hollis Tischer and husband of Drummond Island, also their three boys, his two sisters, Miss Agusta McGonigal, 86 years of age, and Mrs Gertrude Roby, who is past 80, and Mrs Sarah Tischer, 85, all of Lansing.

Steinhardt tapped for top honorary
Gary C. Steinhardt, son of Mr. and Mrs. Carl Steinhardt, 10645 Willsons Road, DeWitt, has been tapped for membership into Excelsior, senior men's honorary at Michigan State University.

Excelsior, established in 1921, is recognized as the top men's honorary on campus with a selection of only 13 men out of the entire senior class.
Members are chosen on the basis of outstanding leadership and contribution to the university. Excelsior includes MSU's male leaders in student government, publications and all-university boards and councils.
Steinhardt is majoring in food science at MSU.

'tis mince

Grandma baked pies today and we had a good laugh together over the story she used to tell me as a little girl of a lady who baked pies and marked them to tell them apart. Half she marked T M for 'Tis Mince, the others T M for 'Tisn't Mince.

It's such fun having Grandma live in our house. Her stories of the old days, her understanding humor, and her joy in living spark our lives. She needs no label. That she's a Christian glows in everything she does. No matter what the circumstances, she meets people and situations with love and goodness. Full credit is hers, that none of the problems that we feared when she came to live with us have developed.

Yes, I'd say Grandma has rubbed off on all of us. We all go to church now and we're much happier because of it. We've learned from Grandma that happiness comes from doing good and loving God.

Why don't you go to Church and take your family with you?

THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake; (2) For his children's sake; (3) For the sake of his community and nation; (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

WIN THE \$20⁰⁰ JACKPOT!
in the
Clinton County News
FOOTBALL CONTEST

Join in the fun! You can win \$20 cash, paid by The Clinton County News each week to the person who guesses the most winners of the high school and college football games listed on this page. Shop the ads and read the rules to find out how you can cash in!

1. Read every ad on this page. An important game will be listed in each ad for your selection.
2. On a separate sheet of paper, write the name of each merchant on this page and after his name, the name of the team you select as the winner of the game listed in his ad. List in sequence 1 to 20.
3. Be sure and print your name and address plainly on your entry.
4. Mail your entry to Contest Editor, The Clinton County News, St. Johns, before 6 p.m. Friday or deliver it personally to The Clinton County News office before 5 p.m. Friday. Mail must be postmarked no later than 6 p.m. Friday.
5. Contest winners will be announced each week in The Clinton County News.
6. Only one entry per person is allowed.
7. Remember—Your guesses plus the names of the merchants, must be on a SEPARATE sheet of paper . . . not on this page.
8. See copy at left for tie breaker.
