111 Clinton County men to leave for Army physicals

A GROUP OF 111 Clinton County men will leave this coming Tuesday for Detroit for their physical examinations for military service.

This is the largest contingent to be called for physicals since Feb. 6, 1945, when 116 were called.

On Dec. 7, 42 Clinton County youths will leave for induction into the armed service, the largest call-up for induction since June 8, 1945.

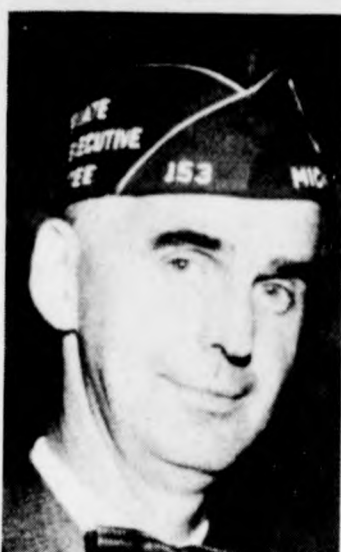

FUTURE CALL-UPS for physicals and induction have not as yet been received, but it is possible that they will be lower, as the Navy and Marine quotas are being filled by enlistees.

This group will assemble at the municipal building in St. Johns Tuesday and travel by bus, leaving at 6:45 a.m. Those reporting are:

DONALD SMITH

Donald J. Smith of French Road, R-3, St. Johns, past commander of the American Legion, Department of Michigan, has been appointed chairman of a special liaison committee of the Legion with the National Education Assn. Smith was nominated for the appointment upon the recommendation of American Legion Department of Michigan officials in recognition of services he has rendered to both the Edwin T. Stiles Post 153 of St. Johns and the Department of Michigan. His term expires at the close of the 1966 fall session of the national executive committee.

Bath now charter township

BATH—Bath Township now has the status of a municipal corporation, following approval by voters Monday of a plan to become a charter township.

The total vote on the proposal was 150 to 118 in favor. Precinct One gave the measure a victory margin of 97-75, and the vote in Precinct Two was 53-43.

The most immediate effect of the approval will be the appointment of two new members to the township board. Those appointments probably will be made at the December meeting of the board and will be effective until the next regular election, after which the new board members will be elected.

THE INCREASE from five to seven members on the board is only one of the provisions of the charter township Act. As a charter township, Bath Township will now have greater taxing powers, a greater degree of regulatory power over the streets, alleys and bridges of the township, and a better base from which to sell public bonds.

Bath is the first township in Clinton County to become charter township.

Thanksgiving services planned by churches

While there will be no union Thanksgiving church services in St. Johns as in the past, most churches of the community are planning services of their own either next Wednesday or next Thursday.

Clergymen of all the churches have invited their members and all others to attend their services and to "give thanks for the blessings that are ours."

SERVICES ARE planned in the following churches:

The First Methodist Church will have a family worship service at 9:30 a.m. on Thanksgiving Day. The sermon topic by the Rev. Keith A. Bovee will be "Expressing Gratitude." The choir will sing. Nursery care will be provided.

The First Congregational Church will have a family worship service at 9:30 a.m. The youth and children's choirs will sing. The Rev. Gerald Churchill will preach on "The Grace of Gratitude."

THE CHURCH OF the Nazarene will have a Wednesday evening candlelight communion at 7:30 p.m. The sermon, preached by the Rev. Eldon Raymond, will have a topic of "The Sacrifice of Thanksgiving."

St. Joseph Catholic Church will observe the national holiday with the celebration of Holy Mass at 9 a.m. and 5:30 p.m. on Thanksgiving Day.

The First Baptist Church will have a Thanksgiving service on Thanksgiving Day at 9:30 a.m. All three choirs, junior, youth and adult, will sing. The Rev. Roger Harrison will preach on "Thanksgiving or Thanksiving."

They will have a nursery available.

ST. JOHN'S Episcopal Church will have a regular communion at 10:30 a.m. The Rev. Hugh Banning will preach on "In Everything Thanks."

Free Methodist Church will be having a Wednesday evening prayer service at 7:45.

The Lutheran Church will be having morning worship on Thanksgiving Day at 9 a.m. They call it the Festival of Worship. Rev. Theodore Moeller on "Luther's Explanation for the Creed." The Church of God will be holding their service from 9 to 10 a.m. on Thanksgiving Day. Rev. Duane Brewbaker will be in charge.

THE BAPTIST TEMPLE will be having their regular Wednesday evening prayer service at 7 p.m.

The Bingham and Bengal EUB churches will have a union Thanksgiving service at 8 p.m. Wednesday evening at the Bengal Church. The sermon topic, preached by Rev. Norman Crotscher, will be "Rest and Be Thankful."

ST. JOSEPHS ALTAR Society Christmas Bazaar, Wednesday, Dec. 8, 11 a.m. - 2 p.m., 5 - 8:30 p.m. Cafeteria luncheon 11 a.m. to 2 p.m.

Christmas Season Arrives in St. Johns

Decorative Christmas wreaths, bells and lights went up on St. Johns' Clinton Avenue last week, reminding citizens that even though Thanksgiving is yet to come, Christmas is not far off. Jim Quick and Charles Bensinger admire their handiwork after finishing decorations on a pole in the center block of Clinton Avenue Friday afternoon. The Christmas decorations will be lighted Nov. 26.

10,053 get polio vaccine, including 1,500 for first time

A total of 10,053 persons received oral polio vaccine Sunday at eight clinics sites around Clinton County. For most it was their second dose of the vaccine, but 1,512 persons took their first dose Sunday.

"I was very much elated over the way the second feeding went," Francis Schafer, chairman of the Clinton County Polio Vaccine Committee, commented later. "For one thing I was pleased with the 1,500 new people who got the

vaccine, and secondly, the clinics were handled very professionally by the people who worked them."

SUNDAY'S CLINICS were the second to be held this fall. A turnout of 9,634 persons at the first ones Sept. 19 was disappointing to the committee. They had planned for as many as 35,000 people.

Two doses of the vaccine are necessary for complete protection from polio. That's why the second clinics were scheduled about eight weeks after the first. While there was a net gain of only 419 people over the first clinic, Schafer said it was gratifying to know that 1,500 persons took their first step toward the polio immunity.

FOR THOSE 1,512 persons and the other 1,093 persons who didn't get their second dose last Sunday, makeup clinics have been set for Jan. 9, 1966, at three sites in the county to be announced later.

The makeup clinics will be for second feeding only, Schafer said, as no others are planned beyond this one. Those clinics probably will be held only from 11 a.m. to 2 p.m.

LAST SUNDAY'S turnout of 10,053 persons came on a clear, sunny day. Biggest increases in traffic over the first clinic were noted at Swegles Street School in St. Johns and at DeWitt.

At Swegles, a total of 1,968 persons received vaccine, an increase of 279 over Sept. 19. Some 458 of the 1,968 got their first dose of vaccine.

DeWitt had an increase of 249 persons over their first clinic, with a total of 1,540 persons taking the vaccine. It was the first dose for 292 of them.

FOLLOWING ARE the other clinic site reports:

Elsie, 777 vaccinated, an increase of 19, with 85 new persons getting the vaccine; Bath 632 vaccinated, 92 less than the first clinic, with 39 getting the vaccine for the first time; Westphalia, 1,514 vaccinated, an increase of 2, with 175 new persons; Fowler, 1,612 vaccinated, a decrease of 21, with 123 getting their first dose; Maple Rapids, 609 vaccinated, a decrease of 19, with 98 new persons; and Perrin-Palmer School, St. Johns, 1,401, an increase of 86, with 297 newly-vaccinated persons.

THE CLINICS were sponsored jointly by the Fowler Jaycees, the Clinton County Health Office and the Clinton County Medical Society.

Climbing, climbing!

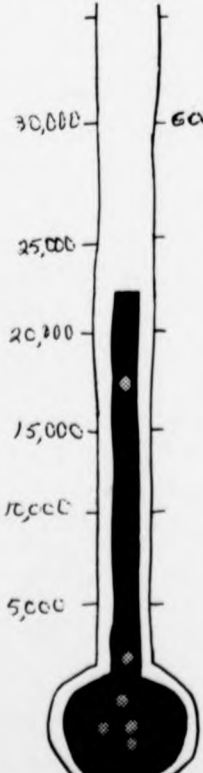

The rising thermometer of the Clinton County Communities Chest drive continues to reflect the growing warm generosity of county residents.

The mercury bubbled happily up to the 76 per cent mark Tuesday with total receipts so far reported at \$22,444.01. That's less than \$1,000 from last year's final figure of \$23,341.

AND THERE'S still a lot of money to be turned in on this year's drive, according to Communities Chest Treasurer Charles Huntington.

Here are the totals to date:
Business and employees — \$5,393.20
Industry and employees — \$8,372.40
All other St. Johns — \$3,252.75
Village of DeWitt — \$667.22
Village of Elsie — \$814.50
Village of Maple Rapids — \$94.39
Village of Ovid — \$2,096.40
All townships — \$1,753.15

HUNTINGTON SAID only about half of the townships have reported in with their total figures, and the totals should swell considerably.

Area gets first winter snow

St. Johns got a taste of winter Saturday night. Along about the middle of the evening it began snowing in pretty good fashion and by 11 p.m. the ground was practically covered with the white stuff.

The tips of blades of grass did poke through the snow in most places, but it was an honest to goodness snowfall—the first of the year. It was heavy enough—and the air was cold enough—that the snow iced up on the highways and made driving in the passing lanes of US-27 rather slippery.

BY 2 A.M. SUNDAY morning, the moon and stars were out, and winter's first snowfall was over. But it was still in evidence most of the day Monday on the north sides of homes and roofs and the south sides of ditches. A reminder of things to come.

Sleepy driver crashes

Steven B. Brimmer, 22, of 2000 Stoll Road, DeWitt, told deputy sheriffs he didn't know what happened, that maybe he fell asleep, causing his car to crash off Stoll Road about 3 a.m. last Thursday. He was not hurt.

Collision hurts youth

One person was critically injured and another hurt slightly Friday afternoon when a car and tractor truck collided at Francis and Price Roads.

Taken to Clinton Memorial Hospital and then St. Lawrence Hospital in Lansing was Terry L. Thomas, 18, of 507 S. Maple Street, Maple Rapids. He was knocked unconscious and suffered cuts and bruises. He was reported in "fair" condition at St. Lawrence Tuesday morning.

ONLY SLIGHTLY injured was the driver of the truck, Donald D. Oberlin, 35, of R-1, DeWitt. He was ticketed by deputy sheriff for failure to yield the right-of-way.

According to the sheriff's department accident report, Oberlin said he saw Thomas' car coming toward him on Francis Road, but he thought he had enough time to make a left turn onto Price. As he turned he realized he didn't have time. Thomas' car plowed into the truck which had turned across his lane.

Way cleared for new Bath steel plant

Bath—Bath Township property was rezoned Nov. 9 to allow construction of a steel fabricating plant and a golf course. Proposals to rezone property for a sanitary land fill and subdivision were rejected.

The action taken at a meeting of the Clinton County Zoning Board at St. Johns means the steel fabricating plant, which will provide employment for about 12 persons, will be constructed on the south side of the railroad tracks in Bath.

THE LERAY STEEL Fabricating Co. will move from Charlotte when the buildings are completed on the property which was rezoned from residential to industrial.

A request for rezoning of property on the south side of the Drumheller Road was rejected after the Bath township Board and a petition signed by 338 township residents objected to the measure. The rezoning was

sought so the property could be used for a sanitary land fill.

THE WAY WAS cleared for development of a nine-hole golf course proposed by Kenneth Schmidtman when the zoning board approved use of property on the south side of Howe Road northwest of Bath for that purpose.

The board also rejected a proposal to rezone property on the corner of Clark and Chandler roads from agriculture to zone B residential. This property was proposed for a subdivision.

Youth jailed 3 days

Louis F. Petraci, 18, of Mt. Clemens, was fined \$25 plus \$19.90 costs and sentenced to three days in jail last Wednesday after being found guilty of being in possession of beer. He was arrested in DeWitt township by township police.

Self-help group practices skills on classmates

Knowledge on bleeding and bandaging and transportation of the injured was put to use in practice sessions Tuesday night during a medical self-help class held at St. John's Episcopal Church basement.

Fred Ferris was instructor for the transportation of the injured material, and Rev Hugh Banninga finished up instruction on bleeding and bandaging. Afterward, the group divided into seven smaller units to practice on each other what they had learned.

TWENTY-three persons were present a week earlier. Mrs Delmas Moldenhauer was instructor for the lesson on burns and shock. Rev Banninga then conducted the first part of the lesson on bandaging and bleeding.

The medical self-help classes, conducted under the auspices of the civil defense and county health offices, are being taught by citizens who took an instructors' course in medical self-help earlier this year at Fowler. The

Taxi users few, survey shows

The Chamber of Commerce's survey of taxi needs has produced some disappointing results so far, according to Mrs Betty Minsky, Chamber manager.

Only about 50 persons have responded to the survey, she said last Friday. That's far below what the Chamber had expected. "Unless additional ones are soon received, the Chamber would have no other alternative than to believe that only those few people would use taxi service," Mrs Minsky said.

ANYONE WHO IS interested in having taxi service in St. Johns and who believes they would use such service is asked to stop in at the Chamber of Commerce and sign a survey form so that a proper and accurate count can be made.

"From this survey we planned

current meetings at the Episcopal Church start at 7:15 now; the first two began at 7:30.

Other classes in the course series will be held next Tuesday and on Nov. 30.

to recommend to someone that a taxi service would be a good business. But with only 50 potential customers, we could not make that recommendation and would have to drop the project. Therefore, potential users of this service should contact us within the next week," Mrs Minsky said.

Capitol Area Nurses plan clinical session

The Capitol Area Nurses Assn. will hold the third meeting of their fall clinical sessions tonight (Thursday) at 7:30 at Sparrow Hospital in Lansing. Dr Richard W. Pomeroy, a Lansing orthopedic surgeon, will speak on "Rehabilitation." An invitation has been extended to all professional nurses in the Lansing area, both members and non-members of the Association.

Plan family night

The Commission on Missions of the First Methodist Church of St. Johns was to sponsor a potluck family night at the church Wednesday night. A film called "And On the Eighth Day" was scheduled to be shown.

Locker plant moving out of city

The Buggs Brothers Locker Plant will move from its downtown St. Johns location to a new building three miles south of town sometime around the first of the new year.

The new building, located east off US-27 just south of Taft Road, will double the locker plant's storage capacity and will provide space for the firm's slaughtering facilities.

THE LOCKER business, located at 106 E. Higham Street, is owned by brothers William M. Buggs of 804 S. Lansing Street, and Gerald E. Buggs of 900 S. Oakland Street.

Although the new building, 40 by 60 feet, is smaller than the present building downtown, it will provide double the storage capacity, it was explained. And it will allow the Buggs' slaughtering house on Wacousta Road south of Maple Rapids to be moved here where all operations can be on one site.

"THE NEW MEAT inspection law going into effect Jan. 1 will necessitate a lot of renovations," Williams Buggs Sr., father of the owners, said Friday. "We felt we would be better off at the new site."

Besides the main building, there will be a couple of smaller structures adjacent where compressors and other equipment will be housed.

Man jailed 5 days

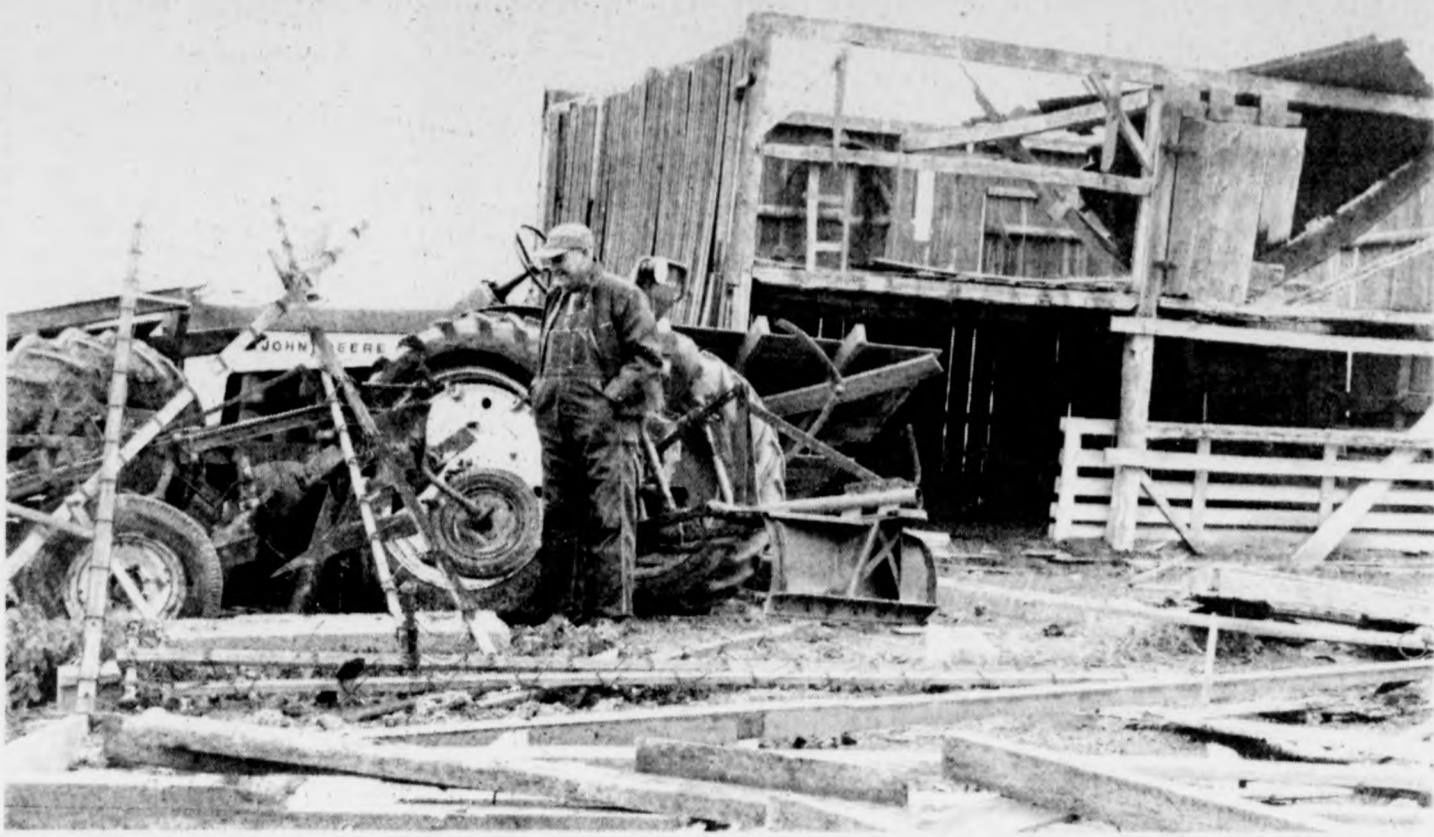

Gary L. Reed, 21, of Grand Ledge, was sentenced to five days in jail Monday and fined \$55.10 plus \$19.90 costs on a charge of driving under the influence of liquor. He was arrested in Wacousta and fined by Water-town Justice of the Peace William Nicholas.

REDMAN'S STUMP REMOVAL SERVICE 805 E. Baldwin St. ST. JOHNS, MICH.

This tractor and plow at the left were housed in a small 16-foot by 32-foot shed until early Friday evening. About 7:45 Friday along came a wind which Rudolph Mohnke of 6357 W. Parks Road believes was a small tornado. Here Mohnke examines the wreckage of the shed and the 20 by 32-foot barn in the background.

Yule star decorates water tower

St. Louis, Mo., has the "Gateway Arch" and now the Hub City of Michigan has its "Tower Star."

The star, 30 feet in diameter and outlined by more than 50 lights, was installed Monday atop the new St. Johns water tower 150 feet in the air. It will be visible for about 10 miles.

The star will be lighted Friday night.

MORE THAN 50 lights outline the star. Built of light-weight steel tubing, the portable star was carried to the top of the tank through the internal hatchways of the water tower, which runs up the center of the tank. It was assembled on top.

The star is most readily visible while driving north on US-27 from Lansing to St. Johns. It is lighted automatically by means of a photo cell.

THE IDEA ORIGINATED with City Manager Ken Greer and was constructed by the City Water Department crew. After the holiday season the star will be dismantled and stored for future use.

Ten blocks northwest of the tower star, Christmas decorations in the business district are up and waiting for their first lighting on Nov. 26, the first night that St. Johns stores will be open for the pre-Christmas sales rush.

The downtown decorations were put up last week by city crews.

Most good intentions are out-distanced by human frailty.

'Tornado' destroys 2 buildings on farm

Most areas of the county got off with little or no damage from a thunderstorm which rolled across Central Michigan Friday evening. But the Rudolph (Sam) Mohnke farm on Parks Road west of Lowell Road was damaged by what may have been a small tornado.

A small barn and an equipment storage shed were blown down, around and away by the wind at about 7:45 p.m. Friday. Mohnke didn't discover the damage until later, however, after he had loaned a jack and a hacksaw to several youths who had run into a tree blown down across Parks Road.

WHEN MOHNKE WENT to the barn to get the equipment he found the lights didn't work. Later he replaced a burned-out fuse, and again the fuse blew. Investigating further, Mohnke discovered the storm damage.

Corrugated metal roofing and some of the rafters were blown several hundred yards eastward by the wind and most of the wreckage of the two buildings was scattered to the east. Some, however, was blown against a large barn about 50 feet north of the other buildings, where the flying debris broke out windows and punched holes in the side of the barn.

And the band played on despite rain

Senior bandmen in St. Johns High School's marching band wanted to perform awfully bad Friday night, and they weren't about to be rained out.

After the band was literally washed off the football field Friday night by the pre-game rainstorm, the members were instructed to go home and dry out.

MANY DID, but the seniors stuck around. The game went on and when halftime rolled around the seniors rolled casually onto the field, formed a semi-circle and presented their half-time show as originally scheduled — but without the background of the rest of the band. They were greeted with enthusiasm by the wet crowd.

Seniors in the band, making their last high school performance, included Jeff Blackman, Bill Brown, Wilma Clark, Richard Cornwell, Dick Creese, Della Davis, Beth Kuripia, Roger Leavitt, Ann LeBlond, Diana McQueen, Richard Mead, Jim Pierson, Danny Redman, Dan Ritter, Jim Smit, Elliott Smith, Jim Upham, Jerry Weismiller and Nick Williams.

SENIORS NOT marching this year because of other commitments were Sue Allen, librarian and secretary, Margaret Cortright and Marie Rademacher, cheerleaders, and Ted Rahl, football player.

Three persons were injured in this car, one of three involved in an accident early Sunday morning at US-27 and Alward Road in the county. The rear wheels are held off the ground by a guard rail.

Bruce Ward, 18, of Lansing escaped without injury early Sunday morning when his car flipped over and landed on a stop sign at the corner of US-27 and Alward Road. He swerved to avoid an accident just north of the intersection.

5 crashes keep deputies busy

Sheriff's deputies were kept busy Monday evening and Tuesday policing five accidents around the county, but no one in any of the crashes was hurt.

Charles A. Wittenberg, 25, of 141 W. Oak, Ovid, was driving north on Birmingham Road about 7:50 Monday evening when he slid in loose gravel and ran off the road and hit a tree.

Jane B. Binger, 22, of Corunna reported a hit and run accident. She said she was passing another auto about 3:10 a. m. Tuesday on Hollister Road when the other auto began to sway and hit her right front fender. The other car drove off.

MARVIN KESSLER, 26, of Durand, swerved off US-27 just south of Stoll Road about 12:03 a.m. Tuesday to avoid three deer crossing the highway. He missed all but one.

Two cars were involved in a collision at US-27 and Colony Road in Greenbush Township at 8:45 a.m. Tuesday. They were driven by Harriett Ross, 43, of Shepherd, and Helen Sipkovsky,

46, of R-6, St. Johns. Mrs. Sipkovsky was ticketed for failure to yield the right-of-way. Deputies said she pulled onto the highway and hit the Ross car.

AT 8:05 a.m. in Riley Township, cars driven by Merriel Smith, 30, of Perrinton, and Gerald Jastram, 35, of Lehman Road, R-2, DeWitt, collided on Francis Road at Lehman Road. Jastram reportedly had his left turn signals on for a turn; the Smith car started to pass and hit Jastram's auto.

Colonial Heritage topic at DAC meeting in Lansing

Miss Shirley Pouch, Mrs Leo Pouch and Mrs George H. Brooks attended a meeting of Coureurs de Boise chapter of the Daughters of the American Colonists at the Lansing YWCA in Lansing Saturday, Nov. 13, for a program on "Our Colonial Heritage."

The group donated \$15 to a school in the Ozarks which gives scholarships to Indian boys. A talk was given on events leading up to the departure of the Pilgrim Fathers from England. Pictures were shown of the sailing of the Mayflower II in 1958 and the rebuilt village where they landed.

A luncheon was served with the hostess dressed in Pilgrim costume and many heirlooms were exhibited by the members.

Wild few minutes at US-27, Alward

The intersection of US-27 and Alward Road in Olive Township was a shambles of wrecked automobiles for a time early Sunday morning, and as a result three persons were hospitalized in Lansing.

They were all in one car which smashed into the rear of another and then spun through four guard rails and ended up perched atop a fifth one.

TAKEN TO St. Lawrence Hospital in Lansing were Daniel A. Rahl, 23, of Wiedman, the driver, and Timothy Rahl, 18, and Larry Rahl, 30, both also of Wiedman. Timothy and Larry Rahl were still in the hospital Tuesday afternoon.

Three cars were involved in the accident. Only a few minutes later a fourth car came along, swerved to avoid the wrecked cars and overturned itself.

Deputy Sheriff Ray Terpening pieced the events together like this. A car driven by Menlo A. Bailey, 32, of 4392 S. Scott Road, St. Johns, was traveling about 35 miles an hour and going around another auto driven by Bradley Wiltz, 18, of Alma.

RAHL'S CAR came up from behind, and when he found both lanes full of traffic swerved toward the median strip. But Rahl's car caught Bailey's car a blow in

Drivers of 2 cars in crash ticketed

Both drivers involved in a two-car accident last Wednesday morning in Ovid Township were ticketed by sheriff's deputies for driving law violations. Ponciano C. Rodriguez, 54, of 319 S. Main Street, Ovid, was ticketed for improper passing. Margie J. Loynes, 43, of Elsie, was ticketed for driving on an expired operator's license.

Both autos were going south on Hollister Road about 11:30 a.m. last Wednesday, according to deputies. Mrs. Loynes slowed to make a left turn onto Walker, according to reports; Rodriguez did not see her turn signal and started to pass. Mrs. Loynes' car hit the right side of the Rodriguez car. No one was injured.

the rear, pushing Bailey's car into Wiltz's auto.

Rahl's auto then took down the guard rails on the median and ended up pointing east with its rear wheels held off the ground by another guard rail.

THIS ACCIDENT happened at 1:45 a.m. Sunday. Two minutes later Bruce Ward, 18, of Lansing came up on the accident. Going too fast to stop, he tried to turn east on Alward but rolled over and the car ended up upside down on a stop sign.

Ward was charged with being drunk and disorderly. He pled not guilty Monday before St. Johns Municipal Judge Alba Wert and was released on \$100 bond.

Ward was alone in his car; there were the three injured persons in Rahl's car, Bailey had four passengers with him and Wiltz had one with him.

Car skids on ice, flips on US-27

Snow made the driving rather hazardous on US-27 Saturday night and was apparently a direct cause of at least one accident in the county.

Jeffrey F. Williams, 22, of Detroit, escaped unhurt when his car rolled over once and landed on its wheels on the median strip of US-27 a quarter-mile north of Price Road.

He told sheriff's deputies he was passing another car when all of a sudden the car began skidding on the icy passing lane. The car skidded across the median and flipped over.

Car rolls over, 2 hurt slightly

Two young people were treated at Clinton Memorial Hospital Sunday evening for cuts and bruises received in a one-car accident about 7:30 p.m. at Krepps and Colony roads in Greenbush Township.

Released after treatment were Marilyn Farrier, 17, of R-5, St. Johns, the driver, and Frank Prochazka, 19, of R-2, St. Johns, a passenger. According to the sheriff's office, Miss Farrier

was learning to drive a car and came up on the corner faster than she realized. When she tried to turn onto Krepps Road, the car went over an embankment and rolled over.

Early risers

Man existed on the Peruvian coast 5,000 years before the rise of the first cities in the Fertile Crescent of Mesopotamia, says a Columbia University anthropologist. Dr. Edward P. Lanning discovered thousands of worked stones and wood pieces along the coast of Peru dating to 8,500 B. C., indicating the existence of the early toolmakers.

Getting Ready for New March of Dimes

Volunteers who will head up the March of Dimes campaign next month and in January in their areas met Monday evening at the Clinton National Bank community room for some instruction and planning. Included in the group were Mrs. John Caudy of St. Johns, campaign chairman (standing), and in clockwise order around the table, Mrs. Edward Harr of Westphalia, Mrs. Don Isbell of St. Johns, Mrs. Ronald Dean of Maple Rapids, Mrs. Robert Barker of Pewamo, Mrs. Glendon Fitzpatrick of St. Johns, Mrs. Jack Davarn of Pewamo, Mrs. Carl Wieber of Fowler and Mrs. Mark O'Donnell of Elsie. Also present were Mrs. Lyle Fenner, chairman of the Clinton County chapter, National Foundation, Robert O. Cook, district representative of the National Foundation, and Mart Livingston, co-chairman of the drive with Mrs. Caudy.

Missionaries speak at First Baptist

The Rev. Fred C. Renich, with his wife, Jill, will be speakers at the First Baptist Church on Sunday, Nov. 21. They will first speak in the Sunday School at 10 a.m. and at the morning worship hour at 11 a.m. They will again speak in the evening at the youth meeting at 6:15 and at the 7:30 evening worship hour.

REV. FRED C. RENICH

The Rev. Fred C. Renich began his missionary labors in China, but was forced to evacuate because of the Communist's seizure of that land. He, with his family, went to Australia where he engaged in itinerant Bible teaching and evangelistic work throughout the Commonwealth. Mr. Renich later made an extensive tour of mission fields in India and East Africa, followed by a brief period of residence in England and North Ireland.

MR. RENICH, with his wife and four children, is now making his home in Detroit where he is serving as General Director of Missionary Internship, Inc. This is an inter-mission organization engaged in counseling, evaluating, and screening candidates who are provisionally accepted by various mission boards.

In 1960, Mr. Renich made an extensive tour of mission fields in South America.

IF ONE WERE to ask Jill Renich how she manages to take care of a household of seven people, including three active youngsters, and still help several hundred women from many different churches each month to apply the teachings of Jesus Christ to their everyday lives, she would probably say simply, "through God's grace."

Jill has been ministering to women since 1944. She began her first series of meetings for women in Australia in 1951.

JILL SPEAKS to many groups, sharing with women everywhere the practical application of God's Word in everyday life. A large audience of women are reached weekly through her radio program Between Us Women, heard over 9 stations, including Trans World Radio, in Bonaire. Some of Jill's messages have been published by Zondervan in a series of booklets called, "Between Us Women."

MRS. JILL RENICH

missionary parents, Dr. and Mrs. R. A. Torrey Jr. She is the granddaughter of R. A. Torrey, who was the first superintendent of Moody Bible Institute, and founder of the Bible Institute of Los Angeles. She attended boarding school near Peking and graduated from high school in Korea. After graduating from Wheaton College in Illinois, she went to Bible School in Canada.

SHE MARRIED FRED Renich, and their work has taken them to China, to Australia, to England and Ireland, and finally back to America.

Miscellaneous shower honors bride-to-be from Indiana

A miscellaneous shower, honoring Miss Ann Schroeder of Huntington, Ind., was held Nov. 7, at the home of Mrs. Martha DeLong.

The table was decorated with a white umbrella. Gifts which the bride-to-be opened after the games were placed on the table around the bridal centerpiece.

Misses Nancy and Virginia DeLong recorded the gifts and Mrs. Shirley Bebow fashioned the ribbon bouquet.

Refreshments were served. A three tiered white cake centered with a miniature bride was cut and served by the bride-to-be.

Ann will become the bride of David Crippin, Dec. 11.

Frank Coykendall honored by Masonic orders

Monday, Nov. 15, at 6:30 p.m., the members of the various Masonic Lodges, met for a potluck dinner, honoring Frank Coykendall, Past Master of the St. Johns Lodge No. 105, Past Commander of St. Johns Commandery No. 21, and Past Patron (6 times) of Radiant Chapter No. 79.

Mr. Coykendall is one of the few people who really lives his Masonic beliefs and has been ev-

er ready to lend a helping hand to all. He exemplifies true Masonry in all he does.

HE RECENTLY suffered a disastrous fire in his home, so this dinner in his honor was most appropriate as he was presented with the gift of a fine reclining chair, which we know will be put to good use, but won't keep him from attending the meetings in the Masonic Temple.

There were about 75 friends attending with Kathryn Williams and John Williams, Worthy Master and Worthy Patron officiat-

ing in the tribute to him and in the community singing enjoyed by all, with Violet Pope and her daughter Arlene Hoag singing and playing for the group.

Doyle Heuer, Worshipful Master of St. Johns Lodge No. 105, Eminent Commander of St. Johns Commandery and their wives were in attendance, as well as other officers of all the lodges and Eastern Star.

When a student is found who has learned his lesson in the school of experience the faculty is really surprised.

Frost below

Frozen core samples have been obtained from volcanic pumice in the Mono Craters in eastern California. The samples of permafrost were concentrated in core sections taken 7 to 20 feet below the surface, say Department of Interior geologists. Permafrost is virtually unknown in temperate regions and the site may be the southernmost occurrence of permanently frozen ground in North America.

TOPS Club members involved in contest

At the Nov. 11 meeting of the St. Johns Tops Club it was announced that there will be election of officers at the Nov. 18 meeting.

A new contest was started. It will run from Nov. 18 to the Christmas dinner.

Mrs Phyllis Acre was queen for the week.

Michigan's poultry industry consumed more than 430,000 tons of feed last year. This meant a dollar volume of \$35 million for Michigan feed mills.

Baldwin Organ At N. Y. Stadium For Pope's Mass

The organ used at the Papal Mass for Peace in Yankee Stadium Monday evening, October 4, was a Baldwin Organ, the Cincinnati company has announced.

A Baldwin Model 11 Church Organ Console was used for the special Yankee Stadium installation. Forty loudspeakers were used to produce 850 watts of audio power. The two-manual Model 11 is entirely electronic in operation with transistors as the source of all tone.

The installation was planned through the cooperative efforts of the Rt. Rev. Monsignor Richard E. Curtin, Director of Music for the New York Archdiocese, and Paul Mooter, Manager of the Baldwin Institutional Organ Division.

The Baldwin Organ, located near the altar in the center of Yankee Stadium, was used to accompany the 200-voice Seminars' Choir and to support congregational singing. The organ was also featured as a solo instrument.

You can see and hear the wonderful new Baldwin organs at DePeal's Music Center, 120 North Clinton, St. Johns, Michigan.

MAPLE RAPIDS — Gowned in white velvet, styled with long sleeves, round neckline and sheath skirt with detachable train, Miss Elizabeth Marie Fitzpatrick exchanged nuptial vows with Jerry Lee Kendall on Saturday, Nov. 13, at 1 p.m. at St. Martin DePores church. Rev Charles Ganley officiated at the double ring ceremony.

Elizabeth Marie (Betty) is the daughter of Mr and Mrs Joseph Fitzpatrick of R-1, Fowler and her bridegroom is the son of Dr and Mrs Donald Kendall of Marquette, was matron of honor in a

THE BRIDE, given in marriage by her father, carried flowers on her mother's white bible and her

veil was attached to a pill-box hat.

Mildred Leslie, sister of the bride, was matron of honor in a hunter green dress. Bridesmaids Alice Upton of Fowler, a friend, and Sandra Kendall of Maple Rapids, a sister of the bridegroom, wore gowns of honey gold and burgundy respectively, all floor-length velvet sheaths. They wore open pill-box headdresses and carried arrangements of mums in the fall shades.

Glen Kendall was best man for his brother and Bill Setterington and Larry Leslie were groomsmen.

MRS FITZPATRICK attended her daughter's wedding wearing a three-piece blue wool knit suit and Mrs Kendall wore a three-piece cranberry suit.

A dinner and reception was at the VFW hall in St. Johns beginning at 4:30. The hosts were Mr and Mrs Thomas Fitzpatrick and the dinner was served by St. Martin's Altar Society. Louise Urie cut the wedding cake, Carol Morgan, Mrs Milo Podolak and Mrs David Swanson presided at the punch bowl and the guest book was under the direction of Miss Becky Fitzpatrick.

SPECIAL GUESTS were the grandparents of the bridegroom, Mrs Harry B. Kendall and Mr and Mrs Frank Belding, all of Grand Rapids.

Following a honeymoon trip to Niagara Falls, the newlyweds will be at home at 1122 Hickory Street, Lansing.

Mrs Opal Barnes, Mrs Joyce Martin and Mr and Mrs Willard Krebel were in Kalamazoo Monday to attend the funeral of their aunt, Mrs U.S. Acker.

Elsie MYF to install officers Sunday morning

ELSIE - The senior Methodist Youth Fellowship met Sunday evening in the MYF Chapel and voted \$41 to the MYF fund which will be sent to the annual conference.

The MYF fund is uniquely youth's own giving to help provide opportunities for people the world around to come into "more abundant life." Their outreaching program of missionary activities is covered with many new nations such as Pakistan, Korea, Algeria and Malaysia.

The local MYF has increased its treasury by two money-making projects. They have also discussed giving aid to World Service, MCOR (Methodist Committee for Overseas Relief) and special needs in the community.

Jennifer Keys presided for the meeting which she opened with a Thanksgiving prayer and meditation "Let Us Not Forget." Group singing of an old Netherlands folk song, "We Gather Together," was accompanied at the piano by Sharon Dunham.

Plans were made for a home mission project "Christmas Party in November" for the Methodist Community House in Grand Rapids. It will be held on Sunday evening, Nov. 28 with supper and a short program. Everone is welcome and gifts for children will be placed about a Christmas tree to be sent later to the Community House for Christmas giving.

David Williams is in charge of the program while Sharon Dunham, Cindy and Kenny Lentz will arrange tables and decorations. Thanksgiving greetings were signed by the members and sent to friends in Vietnam and Sibu, Sarawak, Malaysia.

Rev Gordon Showers will install the MYF officers during the Sunday morning worship service, Nov. 21. Following the benediction, the young people attended the "open house" at the parsonage.

Jennifer Keys, Sharon Dunham, Sandra Grubaugh, Mrs Lyle Dunham and Mrs Alpha Grubaugh attended a meeting Sunday afternoon at the Ovid United Church where plans were made for the Lenten services to be held in Ovid with most area churches participating. MYF officers and counselors were present from all of the churches.

OPEN HOUSE

The "open house" at the Elsie Methodist parsonage was attended by 75 guests Sunday afternoon and evening. The Rev and Mrs

Gordon Showers and son David were assisted by several women of the church in serving coffee and cookies.

The guests were given an opportunity to tour the home and see the recent repairs and redecoration.

Shower honors newlyweds

ELSIE - Newlyweds Mr and Mrs Ken Davis of Houghton Lake were honored at a miscellaneous shower in the home of Mr and Mrs Paul Platner on Sunday afternoon.

Mrs Platner was assisted by her daughter, Reta and Mrs Kenneth Wicke.

There were 35 guests present from Owosso, Ionia and Lansingburg registered by Mrs Alice Broker of Owosso.

Games were played and prizes given to the new Mrs Davis, the former Penny Sturgis.

The gift table covered in pink net was centered with an umbrella held over a miniature bridal couple. Mrs Beverly Taphouse and Mrs Linda Harris of Owosso assisted at the gift table and Reta Platner fashioned the ribbon bouquet for the bride.

The serving table was centered by a double heart cake made and decorated in pink and lilacs-of-the-valley by the bride's mother, Mrs Leslie Sturgis. It was cut and served by the bride's grandmother, Mrs Ernest Wicke.

Presiding at the coffee and tea services were the mothers of the honored couple, Mrs Sturgis and Mrs Art Davis.

Tell engagement of Elsie pair

ELSIE - Mr and Mrs Stanley L. Mogel of St. Clair Shores announce the engagement of their daughter, Gail, to William M. Tillotson, son of Mr and Mrs Leonard C. Tillotson of Elsie.

Miss Mogel, a graduate of the University of Michigan, is now attending graduate school at the University.

Mr Tillotson has both his B.A. and M.A. degrees from Michigan State University.

A June wedding is planned.

At Interlochen ELSIE - Mrs Margaret Woolley, a piano teacher for 17 years in Cadillac and well-known in this area, assumed a position with the Interlochen Arts Academy, November 1.

Mrs Woolley said she will be connected with both the academy and the National Music Camp and will be a year-round campus resident. Her duties will be var-

ied and will include accompanying in the vocal and ballet departments, working with concert auditions, and programming. She will assume no teaching assignments at this time.

She has two sons, Jonathon, a scholarship student at the University of Michigan and Donald, a professional pianist.

THE NATIONAL CITIZENSHIP TEST

Table with columns: OFFICIAL TEST FORM, A. INTRODUCTION, B. YOU AND THE LAW, C. YOU AND YOUR GOVERNMENT, D. YOU AND YOUR OBLIGATIONS, TOTAL SCORE.

This is the Official Test Form for use by television viewers when the "National Citizenship Test" audience-involvement program is broadcast over CBS-TV Tuesday evening, November 23rd (10 to 11 p.m. EST). Originally scheduled for Tuesday, November 9, the showing was short-circuited by the great Northeast blackout and in fact was the only national TV show postponed that night. Due to the tremendous interest in the program, it has been rescheduled.

The program, similar to the recent National Driver's Test, centers on rights, obligations and responsibilities of citizenship, as well as attitudes toward today's specific constitutional issues. Board of Advertisers for the "National Citizenship Test" includes Vice President Hubert H. Humphrey, U.S. Senate Minor-

ity Leader Everett Dirksen, Professors Paul A. Freund and Henry F. Graff of Harvard and Columbia Universities respectively. Use of this Official Test Form will enable home viewers to mark their own answers and see how their knowledge compares with the national average and the participating groups. The latter will include Congressmen and their wives, Democratic and Republican party leaders and a specially-selected group of St. Louis high school students.

Big Reds defeat Owosso St. Paul

OWOSSO — The Elsie Big Reds closed the football season Friday night with a 7-0 victory over Owosso St. Paul in a non-league contest.

Led by all-starter R.J. Jones, who made 20 tackles from his linebacker spot, the Elsie defense held St. Paul at bay after Tom Bakita scored the game's only touchdown on a one-yard quarterback sneak in the second period. Joe Guskys scored the extra point on a run.

Bowling

FIRST NIGHTERS LEAGUE — Nellers rolled an 800 high game and Heathman's a 2181 high series Monday night as the two teams remained locked in a tight battle for the league lead. Neller's leads by a half-game Irene Hill had a 190 game Monday, high for the night, and Margaret Hurst rolled a 456 series.

SHORT CIRCUIT LEAGUE — The Strikers lead the Misfits by a half-game, but Sunday the MPs took scoring honors with a 594 game and 1648 series. Dennis Payne had a 195 high game and tied with Gary Bergeron for high series with a score of 475.

KINGS AND QUEENS LEAGUE Rudy Masarik had a 236 game and 517 series to pace the menbowlers Sunday, while Kay Penix was high for the women with a 206 game and 505 series. Redwing Lanes led the teams in scoring with a 647 game and 1818 series. The Night Hawks have a one-game lead over the Scotsmen.

INDUSTRIAL MIXED LEAGUE WPAs lead WaKu by one game after Friday evening's bowling, with the fourth-place Cousins rolling the top scores of the night, a 689 game and 1910 series. Gary Pawson had a sparkling 241 high game for the men, and A.C. Linman had a 612 series, including games of 224 and 203. Connie Cronkrite's 189 game and 529 series were best for the women.

CAPITOL LEAGUE — Tom Trefill's 238 game was the high individual score Monday in the league, but John Jakovac took series honors with a 598 score, including games of 230 and 207. Other 200 bowlers were Bill Taylor 213 and 204, Dan Hambleton 209, Charlie Traylor 214, Ed Dubay 204 and Ike DeMarais 206 and 206. Frechen's Tavern had a 974 high game and Moor Man's Feeds had a 2648 high series. Nehi Beverage leads Moor Man's by five games.

Speaking of deer hunting . . .

Local deer hunters in the Upper Peninsula began to trickle home with their prizes the first of this week, and by next week when the Lower Peninsula hunt is on the numbers will swell considerably.

In St. Johns, there was word that Pat Deboer of St. Johns dropped a six-point buck about 10 minutes after starting his hunt at the Hiawatha Club in the UP.

The processor has a tongue-in-cheek set of printed instructions which he gives to hunters going out for deer. Some of these read: "When you bag a deer, be sure to shoot all the shells you have left into it. This will be sure to splinter all the bones and bust all the entrails. Don't bother to wash or wipe it out, as the blood and manure will improve the flavor. Besides, the locker plant will be disappointed if you bring in a clean one. Be sure to stop at a tavern until you are sure the locker plant you want to store your deer in has been closed for the night and the operator is sound asleep."

On the serious side . . .

Never point a gun at anything unless you intend to shoot it. Never point it at a sound or something you see unless you are sure it's the game you are hunting.

Be extra careful around your hunting cabin or camp area; this is where so many accidents happen.

While in the woods, be careful of your cigarettes and matches; a carelessly-thrown one can ruin your hunting area for many years to come.

DO NOT HUNT on private property without asking for permission; do not cut or climb fences as to break them. Usually you can go under or climb them at a fence post.

Don't throw trash around the area you hunt. As the saying goes, "every litter-bit hurts." If you enjoy hunting, keep the woods clean and enjoyable for another year.

St. Johns fullback Bob Every is dragged to the mud by Peter Hanses (34) and Charles Lott (28) of Gabriels during second half action Friday night. St. Johns players are in the white helmets.

Gabriels sloshes past Wings

Bad weather was a major contributor to the St. Johns Redwings' 20-0 loss to Grand Ledge Oct. 8, and last Friday night it returned to haunt the Wings again.

The Redwings lost their finale of the season to state-ranked Lansing Gabriels, 25-6. The game was played in a sea of mud, brought about mainly by a torrential downpour of rain that held up the start of the contest for 18 minutes.

THE OUTCOME MIGHT have been the same, however, even if the weather had been better. Gabriels displayed a sound running attack against the smaller, lighter Redwings and moved the ball rather easily.

But the condition of the field was easily seen as a big factor in the game. Mud-covered jerseys and pants of the football players enabled the runners, especially the heavier Shamrocks, to slip off tacklers for important extra yardage.

While the Redwings had that trouble on defense, they also had problems on offense. The weather conditions were just not the kind that lend themselves to a good

passing attack or to speedy and shifty running.

Gabriels took advantage of the Wings' troubles in true winning fashion. They scored one touchdown in each quarter. St. Johns was held at bay until the last minute of the game.

St. Johns received the opening kickoff at 8:18, just a couple of minutes after the rain had stopped. They moved to the 47 before losing the ball on downs. Gabriels couldn't move on their first series, but after exchanging punts with the Wings, they began anew on the St. Johns 36. Two plays carried the ball to the 26, and then quarterback Tom Jakovac circled right end on a keeper play and went all the way in to score. Jon Grace added the extra point.

ST. JOHNS GAVE UP the ball on downs at the 47, and then fullback Chris Clark set up the second Gabriels touchdown by romping to the St. Johns 4. Penalties forced them back to the 17, but on a fourth-down-and-13-yards-to-go play, Michael Mitchell carried the 13 yards for a touchdown.

Gabriels threatened to score before the half, and they got to

the St. Johns 15 before losing the ball on downs. St. Johns' Lee Hill brought local fans to their feet by breaking into the open on the last play of the half but he was dragged down from behind near midfield after a 30-yard run.

IN THE THIRD quarter, Gabriels scored on their second play from scrimmage after John Weeks intercepted a Rademacher pass on the Gabriels 44. Jakovac scored the touchdown with a 55-yard run down the sidelines on a keeper play.

The Shamrocks got their final touchdown recovering a St. Johns fumble on the Gabriels 38. They picked up three first downs in moving to the St. Johns 4, from where Jakovac sprinted over on a quarterback keeper play to make the score 25-0.

St. Johns finally got on the scoreboard after recovering a Gabriels fumble on the St. Johns 18. Bob Every, Dan Hines and Lee Hill were the big gainers in the drive, with Hill's run from the St. Johns 43 to the Gabriels 9 the play that set up the touchdown.

FROM THERE, Hines carried to the 5, Hill to the 1 and then to

the one-foot line. On a fourth-down play, Every managed to knife through just enough of the solid Gabriels line to get the touchdown. Jim Leonard, uni-

formed for the first time since suffering a broken collar bone earlier in the season, attempted the extra point kick, but it was low and wide.

That's the way it ended up. Despite the weather and the failure of the Wings to mount any sustained attack, they got some sterling individual performances.

Lee Hill carried the ball 11 times and gained 120 yards for a 10.63 yards-per-carry average. And brother Dave Hill played his usual fine defensive game.

GABRIELS had some outstanding individual efforts, too. Jakovac gained 93 yards on eight carries, and Clark carried 21 times for a total of 131 yards.

St. Johns quarterback Gene Rademacher completed four of 11 pass attempts. He hit Lee Hill twice for a total of 15 yards, Bill DeGroot once for 10 yards and Bob Every once for 14 yards.

Gower named to all-star team

JAMES GOWER

Jim Gower, son of Mr and Mrs J. O. Gower of Eureka, has been named to a select team of football players in the South Bend, Ind., area.

Gower, a senior at Howe Military School in Howe, Ind., was named to an all-area football team chosen by the South Bend Tribune. He was one of six players from Howe to be named to the team.

"Gower's speed and power proved extremely valuable to his team as he was able to pick up first downs and go for long runs," the selection announcement said. Gower is a halfback.

NITE OWLS - dog'n Suds leads Jim's Insurance by a game after last Thursday's bowling. Richards' Dairy had the high team game, an 870, while Dog 'n Suds put together the high series of 2,425. Eilly Cowan's 198 game and 552 series were high individual efforts. Helen Kurncz had a 532 series, Wanda Humphrey had 523, Kay Penix 509 and Thelma Be-dell 504.

BLATZ INDUSTRIAL LEAGUE (Ovid) - T. Sinicropi had a 220 high game and Andy Hatta a 282 series to pace bowlers in the Blatz Industrial League last week. League-leading Bashores' had a 914 high game and 2588 high series. Other 200 games were rolled by Hatta 201 and 200, E. Tweedie 211, J. Jorae 203, D. Custer 203 and C. Boog 204.

WESTPHALIA WOMAN'S LEAGUE - Big D's lead over the Rose Johnson team was three games after last Tuesday's bowling. Altes Lager had a 2212 high series and Ringle Well Drilling turned in the high team game of 778. Marilyn Plime's 221 game and 536 series were high for the day. Theresa Thelen had a 200 game.

TEN PIN KEGLERS - Parr's rolled 814 and 2298 game and series scores last Wednesday to pace the league teams, but Julie K still holds the league lead by a game over Clinton National Bank. Evonne Asher had the high game of the day, 201, while Connie Cronkrite had a 530 series. Five splits were converted for spares during the competition. Georgene Allen got the 5-7 split, Gladys Schueller picked up the 6-7-10, Evaline Kuhns hit the 4-5-7, Marie Bushman converted the 3-10, and Evonne Asher got the 2-4-7-10.

FOWLER FACTORY LEAGUE - The Hustlers still hold the lead with the Bombers second. Bombers had high team game and series with 565 and 1524. Bill Simon had 221 for 552 to take individual honors.

FOWLER WOMEN'S LEAGUE - Heckman's Market leads with Fowler Hotel Bar second by one point. Fowler Hotel Bar led the teams with 853 and 2416. Alma Armbrustmacher had high series at 492. High game was by Eunice Wirth with 195.

FOWLER CLASSIC - Fowler Bowl remains in first place by one game over Miller's Tavern. Becker's Dry Goods led the teams with 979 and 2647. Roger Hall had high series with 221 and 200 for a 614 series. Other 200 games were Gary Hall 235, Don Thelen 226, Don Schmitt 225, Carl Nobis 222, Paul Koenigs-knecht 214 and 204 and Ed Miller 213.

COMMERCIAL LEAGUE - (Fowler) - Pabst Blue Ribbon held their lead with a fine 2661 with 923-917 game for 3 points over Ashland. Don Thelen led the individual scoring with 246 and 202 and a series of 626. Other 200

The scoreboard in the background tells the story of Friday night's St. Johns game up to the point where this picture was taken. Somewhere in the pile of players in front of the referee is Bob Every who gained just less than a yard but managed to get a St. Johns touchdown. The Redwings lost 25-6.

Bee's drop first in flag football

The Road House put on a brilliant display of defense and offense as they gave Bee's their first loss of the season 19 to 7 in adult flag football last Wednesday. Hub Waite quarterbacked his team to a touchdown early in the first quarter when he hit Ross Edgar on a sleeper play. Again the arm of Waite found its mark with Rolly Kloeckner on the receiving end for six more. Waite to Kloeckner was good for the extra point, making it 13-0.

Tom White of Bee's rambled 63 yards down the sidelines for their only score. Waite came back to hit Paski for their final tally. The game was a rough one with many fine blocks thrown by both linemen. Bee's on the season stands 4 and 1, while Road House is 3 and 1.

THE REFEREES waited until the last quarter to edge out the Electrifying Eight 12-9. Gary Urban got things off to a start for the Electrifying Eight with a one yard dive across the double stripe and DeMastry hit Linman for the PAT. Linman caught Blackman in the end zone for a safety which gave the Electrifying Eight a 9-0 lead. Welch scored for the refs and Blackman hit Cornwell for the other tally.

The kids league was cancelled Saturday because of poor playing conditions, but the games will be played this Saturday.

games were Edgar Thelen 212, Phil Macunovich 206 and Steve Spicer 206.

Fowler drops Romans, 12-2

OVID - The Fowler Eagles, their attack sputtering for the first half of the game, got two touchdowns in the second half Friday night to defeat the Ovid Romans 12-2.

Ron Brown got Fowler's first touchdown in the third period on an eight-yard run to cap a drive of 65 yards by the Eagles. Brown had a 35-yard run to set up the touchdown.

IN THE FOURTH quarter Hilary Goerge broke off tackle and rambled 50 yards for a touchdown.

The Eagles had a hard time getting started. They fumbled four times during the first half, twice inside the Ovid 10-yard line.

Dioramas By Pupils at Lemm School

Fourth, fifth and sixth graders at Lemm School in the St. Johns Public School District made these "diorama" scenic displays in observance of American Education Week last week. Left to right are some of the artists: Lynn Merignac, Bobby Arntz, Penny Ettinger, Pamela Yaw, Carolyn Berlin and Sheri Shultz. The dioramas featured such subjects as American heritage, church, home, school, freedom and responsibility, and future opportunities. Mrs Gertrude Lietzke is their teacher. Lemm School is at the corner of Chadwick and Bond roads in the southeast corner of the St. Johns district.

Little Indians on 'Reservation' at East Essex

Mrs Beverly Baker's room at East Essex School northwest of St. Johns was highlighted last week by the presence of an Indian teepee in one corner. There were little Indians running around last week, too, when moms and dads visited the school during American Education Week. These Indians are, left to right, Robert Beck, Mark Allen Barrett, Dalietta Mitchell, Douglas Whitford, Scott Amos and Patty Canine.

Ski you on the slopes, thousands say in looking forward to big winter

Michigan is ready for what is expected to be its biggest winter vacation season, according to the Michigan Tourist Council.

Eighty - seven winter sports centers will be serving the state's winter sports fans in the 1965-66 season, again placing Michigan high on the list of leading winter vacation states.

Michigan travel experts predict that about 250,000 persons will make one or more trips to a Michigan ski center during the season, spending about \$28 million to enjoy the thrill of a downhill run on new fallen snow.

BOTH WOULD be records, but they represent only about half of the state's winter recreation picture. Equal numbers of people are expected to participate in hunting, fishing through the ice, skating, tobogganing and other sports.

Non-skiers are also expected in record numbers, attracted to Michigan outdoors by winter carnivals, a growing interest in winter sightseeing and increased promotion of winter vacation attractions.

Scheduled to make their debut this winter are three new centers, Cannonsburg Ski Area northeast of Grand Rapids, Fry's Winter

Sports Park near Kalamazoo and Binder Park near Battle Creek.

OPENING FOR their first full season will be Pinnacles Ski Resort northeast of Gaylord and Maplehurst near Kewadin, some 20 miles northeast of Traverse City Indian Hills Ski Park near St. Helen in eastern Roscommon County is scheduled to reopen this winter after being closed for several seasons.

Many centers are featuring new and expanded slopes, trails, ski shops, instruction programs, tows, lifts, eating facilities and overnight lodging.

TWO DOZEN centers now have overnight lodging, including Walloon Hills near Walloon Lake in northwestern lower Michigan and Carousel Mountain near Holland, both of which added accommodations during the summer.

Grayling Winter Sports Park, southwest of Grayling, and Mt. Frederic about 10 miles north of Grayling near Frederic plan to have new overnight lodging ready for use shortly after the first of the year.

Fifty centers plan to be open daily during the season, while 42 will feature night skiing and 38 have snow - making equipment. Nearly all Michigan winter sports

centers have restaurants or snack bars.

SKI EQUIPMENT is available for rent at 65 centers, and for beginning skiers, 61 centers now offer expert instruction.

Flyers will find ski jumps of various heights at nine Michigan centers, including the world's highest artificial jump at Iron Mountain. Eighteen centers feature ice skating while five have swimming pools.

There is an aura of glamour to the sport of skiing, and all of the habit forming elements are found in Michigan ski country.

After - ski get-togethers, a crackling fire in the fireplace, bowling alleys and game rooms all add pleasure to a week or a weekend on the slopes.

A POPULAR innovation at many areas is the ski week, usually starting at dinnertime Sunday and continuing through the following Friday. The price includes lodging, meals, tow fees and daily instruction. It's ideal for a winter vacation, and the slopes are less crowded during the week.

Ski week prices range from about \$60 to \$160 per person, depending on the resort and the type of accommodations. Many areas also feature ski weekend packages with prices ranging from about \$20 to \$60 per person, again depending on the resort and accommodations.

Ski weekends generally include lodging for two nights and two dinners, two breakfasts and two lunches and tow passes.

GROUP PACKAGES are also available at many winter resorts. Information on these should come directly from the resort or travel agent.

Growing interest in winter sports has prompted a tremendous building boom at the bottom of Michigan's ski hills. The number of winter resorts has nearly tripled in 10 years and income from skiing has quadrupled during the period.

All of Michigan has shared in the growth of winter recreation. There are 16 winter sports centers in the Upper Peninsula, 39 in west Michigan, 20 in east Michigan and 12 in the southeast corner of the state.

UNTIL THE mid-1930's, when the rope tow was invented, skiing was generally considered hard work, especially the long walk through heavy snow from the bottom of a hill to the top.

Today, nearly 500 lifts and tows, including 35 modern chair lifts, hoist skiers to the top of Michigan slopes.

More than 1,200 miles of recently constructed superhighways serve Michigan's winter playground.

The state spends about \$30 million a year for highway maintenance, a good share of this money going for snow removal to make its ski resorts easily accessible when skiing is at its best. Operators of more than 1,000 pieces of snow removal equipment stand ready round the clock to guarantee safe travel for winter motorists.

TO AID skiers in selection of a winter resort, the Michigan Tourist Council distributes, free of charge, an annual winter sports guide. Copies of the guide and other Michigan travel information can be obtained by writing the council office, Stevens T. Mason Building, Lansing, 48926.

Road Commission Weekly Report

The Board of Clinton County Road Commissioners will hold their regular meeting today (Thursday).

The Board will review three new traffic control orders received from the director of Michigan State Police. All three are new speed control zones resulting from investigation and recommendation of Sgt. Frank Devlin, traffic engineer of the State Police and Les Drago, county road engineer. They are located as follows:

AIRPORT ROAD from Grand River to Howe Road, 50 miles per hour. Turner Road from Sheridan to Stoll Road, 35 miles per hour. Turner Road from Stoll Road to the city of DeWitt at 45 miles per hour.

The commission will open bids for two new trucks, one 20,000 G.V.W. and one 27,000 G.V.W. Bids will also be taken for dump bodies for these trucks.

DeWITT TOWNSHIP Board will meet with the commission in the afternoon to discuss problems in connection with the US-127 extension.

Two commissioners, the engineer and road clerk attended the seven-county council at Ionia last week. The discussion concerned cooperation between utility companies and county road commissions and county road labor relations.

The road crews are going to be depleted by vacations next week, as deer hunting reduces the available workers.

Bohr-Werner rites solemnized Nov. 6

PEWAMO—A honeymoon to the Southeastern states followed the wedding Saturday, Nov. 6 of Miss Charlene Ann Bohr and William C. Werner, both of Pewamo. The double ring ceremony was performed in St. Mary's church in Westphalia at 10 a.m. with Rev. Joseph Bohr, an uncle of the bride, officiating. Bouquets of glads and pink and white mums decorated the altar.

The bride is the daughter of Mr and Mrs Edwin J. Bohr of Pewamo and a graduate of Pewamo-Westphalia High School. The parents of the bridegroom, who also graduated from the same school, are Mr and Mrs Herman Werner.

GIVEN IN MARRIAGE by her father, the bride wore a floor-length sheath gown of Brussels lace over satin with a chapel train and wrist-length lace sleeves. Her headpiece was a double crown of seed pearls and she carried an arrangement of yellow roses, white lilies-of-the-valley and white carnations with streamers of ivy. She also carried a rosary, a gift of the bridegroom.

Sandy Arens served as her sister's attendant while bridesmaids were Jean Lincoln, sister of the bridegroom, Diane Thelen, Linda Kohagen and Pat O'Neil. The attendants wore identical floor-length gowns of burgundy velvet styled with empire waists, and a crepe A-line skirt of pink. They carried bouquets of white fugt mums and American Beauty roses.

HERBERT WERNER was best man for his brother and groomsmen were Dick Werner, Don Werner, brothers of the bridegroom, and Bill Bohr, brother of the bride and Bob Thelen, a friend. Ushers were William Heckman and Dave Wood.

Mrs Bohr, the mother of the bride appeared in an emerald green silk dress with light brown accessories and a corsage of yellow roses. The bridegroom's mother wore a lace dress in a rose shade, with matching accessories and a corsage of white roses.

A WEDDING breakfast for 125 guests followed the ceremony at

St. Mary's hall and a dinner for 500 was served at 5:30, with a reception following, also at St. Mary's hall.

Upon their return the newly-wed Mr and Mrs Werner will live on David Highway and Mrs Werner will continue her work at Warren Holmes Company and the bridegroom at the Motor Wheel Corp.

Honored guests at the wedding were Mrs Mary Werner, grandmother of the bridegroom and William Bohr, grandfather of the bride.

New fabrics are discussed

ELSIE—The West Elsie Economics Club met in the home of Mrs Dale Levey Sr. for the November regular meeting Wednesday.

The topic under discussion, "What's new in Family Fabrics," was handled by the leaders for the day, Mrs Charles Fizzell and Mrs George Blaney.

The information given could easily raise the question of what may happen to the national fabrics: products of the flax and cotton fields, wool from the sheep's back and even the life work of the lowly silk worm.

Man-made fabrics, such as polypropylene, avril, fiberglass, acrylics, nylon and corfam were discussed. The last named is a synthetic leather used in shoes and a warning "Buy to fit, they won't stretch."

Some of the advantages of these manufactured materials mentioned were soil resistance, resiliency, price of some, stability, wrinkle recovery and ease of cleaning.

The disadvantages were heat sensitivity, limited color range, high pricing and some laundry problems.

The December meeting will be the Christmas observance at the home of Mrs Ward Lewis with a co-operative dinner at noon.

The Methodist men will meet Sunday, Nov. 21 at 8:00 a.m. for breakfast and fellowship. All men are invited.

Pre-Christmas party to benefit children in Methodist home

ELSIE—A Christmas party in November will be sponsored by the Elsie Methodist Youth Fellowship on Sunday evening, Nov. 28.

This will be a family affair and everyone is welcome. A light supper will be served at 7 p.m. and all are asked to bring sandwiches, salad or cake and own table service.

The party will be held for the Methodist Community House at Grand Rapids. Children's gifts will be brought and placed under a Christmas tree, later to be packed and sent to the Community House for distribution at Christmas time.

Gifts such as mittens, caps, socks, books, small toys, etc., will be appreciated. A short program will follow the supper.

SCOUTS ON HIKE

A hike of several miles through the state-owned lands north of Elsie, provided an afternoon of pleasure on Saturday for the members of Elsie Boy Scout Troop No. 76.

They followed deer trails and gathered moss and other fungus growths.

Leader Keith Thornton and Robert Buchele accompanied the boys. The troop personnel is undergoing changes at this time with Webelos becoming Boy Scouts and the older, more advanced boys becoming Explorers.

The C. H. Sills observe silver anniversary

ELSIE—Mr and Mrs C. H. Sills observed their 25th wedding anniversary Sunday with an "open house" in the afternoon at their new home and a buffet supper for 60 relatives and friends that evening.

The Sills were assisted by their only son, Ronald and Mrs Lawrence Hess and Mrs Robert Bloomer of Elsie. Mrs B. F. Hampton of Harrison presided at the coffee service, Mrs Arthur Gilmore of Houghton Lake at the punch bowl and Mrs Harold Sills of Orchard Lake served the wedding cake which was made by Mrs Myron Tethal.

Guests were present from Lansing, Flint, Houghton Lake, Clare, Durand, Mount Pleasant, Lake Orion, Harrison and Orchard Lake.

Special guests were Mrs Sills' parents, Mr and Mrs James Stanley of Elsie.

The Sills family came to Elsie several years ago from Flint and established the Sills' Party Store and the Econ-o-Wash Launderette.

Many attend open house at high school

ELSIE—American Education Week was observed by the Parent-Teachers Ass'n., as "open house" was held Monday evening in the various rooms of the junior and senior high schools.

The group voted \$100 to the Elsie Library build fund at the brief business meeting.

A film "Adults in a Hurry" dealing with our responsibility toward the "drop-out" problem was shown. Cooperation of industry and business with the school in providing job experience for students is aiding many young people who might otherwise become drop-outs.

There were many displays and exhibits by elementary grades and the rural schools. Parents and teachers wore name tags as they visited the different classrooms where members of the Future Teachers Club were in charge. Bulletin boards showed much of the work in each room.

Coffee and cookies were served by Mrs Duane Graham, Mrs Lyle Craven, Mrs Eugene Stouffer and Mrs Harold Ludwick. The next executive board meeting will be Nov. 29 to plan the January meeting as there will be no December PTA.

Boron's Store Remodeling Completed

Three-foot-high letters on the front of the building recently marked the completion of extensive remodeling of the Boron's Floor Coverings store on the southeast corner of Clinton Avenue and Walker Street in St. Johns. The remodeling included a new front with new display windows and a new paint job for the exterior of the building. On the inside, some 360 square feet of floor space was gained at the front of the building, with the result that the gift novelty and linen display areas were doubled in size. New lighting was established in the front of the store. Robert Conn is owner of the business.

Ovid-Elsie bonds to construct pool, field are sold

OVID — General obligation bonds of \$200,000 have been sold by the Ovid-Elsie Area Schools board to a group of investors headed by the Kenower McArthur Co. of Detroit. The bonds will have a net interest rate of about 3.79 per cent.

The other bidder, First of Michigan Co. of Detroit, offered a rate of about 3.86 per cent.

Sale of the bonds will finance a swimming pool and athletic facilities at the new Ovid-Elsie High School now under construction at Hollister and Colony Roads between Ovid and Elsie.

Seventy-eight countries are represented in the International Shooting Union.

Zzaaooop

Farmers may soon put away their spray guns and use "death rays" to get rid of insect pests, reports the Department of Agriculture. Exposing grain and seed to radiofrequency electric fields makes them deadly to insects. Government scientists don't know exactly how the pests are killed but speculate that energy absorbed from radiofrequency fields causes internal heating.

Tasty Preparations for WSCS Bazaar

The making of soup and frozen pies for the annual bazaar by the Woman's Society of Christian Service of the First Methodist Church occupied the attention of these women last week. Mrs. Nancy Puetz stirs vegetable soup on the church kitchen stove while Mrs. Imogene Heuer, general chairman for the bazaar, and Mrs. Esther Ritter handle the beginning and ending phases of the process. The frozen homemade chicken pot pies stacked at the left are only a few of those which will be available at the bazaar. With a theme of "Holiday Bountiful," it will be held Dec. 2 from 9 a.m. to 5 p.m.

Many new fabrics nowadays for milady

BY HELEN MEACH
Extension Home Economist

Washable woollens, permanent press, blends, laminates and bonds - these are just a few of the "new for you" fabrics and processes that we find in our stores these days.

Confusing, isn't it? The fabric world advances to meet Mr and Mrs Consumers needs and demands - so we are told. How do we keep up with what's new?

The members of Clinton County Home Economics Extension Study Groups are keeping up-to-date. Some 300 homemakers are studying a "Fabric News and Views" lesson for the month of November.

A shopper aware is in the know and she buys with care. The smart shopper recognizes what quality means to her and to her family - looks for those features which they consider most important.

SHE RECOGNIZES indications of guaranteed performance and standards which have been met by the manufacturer. She recognizes labeling which gives clues to use and care. She learns for example, that the function of stretch is to provide comfort in action without having to use extra fabric (bulk). "Stretch" is perhaps most functional in clothing for active sports. The recovery as well as the stretch factor is important in such clothing.

Any fabric which stretches needs a reserve amount of stretch beyond what is actually needed. This is important so that the clothing will keep original look and shape throughout normal wear.

IT IS DIFFICULT for a consumer to determine the quality of a stretch fabric at the time of purchase.

Remember that stretch is not a size factor. Select the same size as needed in other clothing.

The study group members will learn of the latest studies made by Specialists at Michigan State University. They will share ex-

periences and compare results of good and poor purchases which they have made.

NEW BULLETINS are available from the Extension Office to help you become a wise shopper; a "Consumer in the Know". We suggest the following bulletins from the Textile Care Series: "Using Modern Laundry Aids", "Some Problems and Solutions", "Selecting Easy Care Clothes", "Give Labels a try Before You Buy", "Keeping Clothes in Service" and "Drycleaning and Fabric Care".

5 from area honored by MSU for 'A' marks

Michigan State University has honored five Clinton County and area students who were among 433 who achieved all-A records in the spring and summer terms.

The students were feted at a dinner given by Dr. John A. Hannah, MSU president.

On the all-A list from this area are:

THOMAS P. FABUS, son of Mr and Mrs Joseph Fabus of 10612 Blair Road, Ashley, mechanical engineering for the spring term.

James Morse, son of Mr and Mrs Russell J. Morse of 408 Center Street, Carson City, accounting and financial administration for the spring term.

Alan Lietzke, son of Mr and Mrs Loren Lietzke of 3880 Cutler Road, DeWitt, electrical engineering for the spring term.

JAMES F. ARNOLD, son of Mr and Mrs James Arnold of R-1, Ovid, arts and letters for the summer term.

Dennis Platte, son of Mr and Mrs Romah Platte of Westphalia, foreign languages for the spring term.

Perennial favorite - a tasty pot roast

A good old-fashioned beef pot roast would be good with the accompanying Pumpkin Chiffon Pudding. It's a superb dish that can't be duplicated for fine flavor and tenderness when properly prepared and slowly cooked. And the aroma of pot roast wafting from the kitchen has an allure unlike any other!

Brown the pot roast in a Dutch oven or other heavy utensil, and cook it on top of the stove. Tabasco, the versatile liquid red pepper seasoning, gives subtle, spicy flavor to the simmering liquid. Potatoes, carrots and onions, added to the meat about half an hour before it's done, take on a marvellously rich flavor.

TABASCO POT ROAST

- 4 lbs. beef pot roast (rump, chuck or round)
- 1 Tbsp. fat
- 1 tsp. salt
- 1/2 c. water
- 1/2 tsp. Tabasco Sauce
- 6 medium carrots, scraped
- 6 medium potatoes, pared
- 12 small white onions

Brown meat thoroughly in hot fat in a Dutch oven or heavy utensil. Sprinkle with salt. Add water and Tabasco; cover pan tightly

and simmer over low heat 2 1/2 to 3 hours, or until very tender when pierced with a fork. About 30 minutes before end of cooking time, add vegetables.

REMOVE meat and vegetables to a hot platter. To make gravy, skim off all but about 2 to 4 tablespoons of fat and add enough water so that amount in pan equals about 2 cups. Mix 3 tablespoons flour to a smooth paste with 1/2 cup water and stir into liquid. Cook until thickened, stirring constantly. Season to taste with salt and Tabasco. Yield: 6 servings.

Evangelist plans Salem Church visit

Evangelistic services conducted by the Rev. Keith Laidler of Brown City are being planned for the week of Nov. 28 to Dec. 5 at the Salem (County Line) Evangelical United Brethren Church seven miles north of St. Johns. The services will begin at 7:30 p.m. nightly during that week.

Research at Michigan State University has shown that 40 pounds of nitrogen applied on some wheat fields in the spring is as effective as 160 pounds applied in the fall.

Some Punkins

When the frost is on the punkin, it's just the right time to put delectable Pumpkin Chiffon Pudding on the menu. The dessert is an airy pumpkin chiffon mixture, fragrant with spices, that is turned into a shell of graham cracker crumbs. Thanks to its content of unflavored gelatine, the pudding requires little cooking - only the few minutes needed to dissolve the gelatine. This fluffy dessert will top off a hearty cold-weather meal in rousing fashion.

- | | |
|--|------------------------------------|
| 1 envelope unflavored gelatine | 1/4 cup water |
| 3/4 cup firmly packed brown sugar, divided | 3 eggs, separated |
| 1/2 teaspoon salt | 1 1/2 cups canned pumpkin |
| 1 teaspoon cinnamon | 1 1/2 cups graham cracker crumbs |
| 1/2 teaspoon nutmeg | 1/2 cup melted butter or margarine |
| 1/2 cup milk | |

Mix gelatine, 1/2 cup brown sugar, salt and spices in saucepan. Stir in milk, water and egg yolks. Cook over low heat, stirring constantly, until gelatine dissolves and mixture thickens slightly about 5 minutes. Remove from heat and stir in pumpkin. Chill, stirring occasionally, until mixture mounds slightly when dropped from spoon. Beat egg whites until stiff; gradually beat in remaining 1/4 cup sugar. Fold into gelatine mixture. Combine crumbs and melted butter; line 8-inch square dish. Turn in pumpkin mixture. Chill until firm. Serve with whipped cream. YIELD: 9 servings.

Moms Visit at East Essex School

Visits to schools last week during American Education Week were common about the county. Here at East Essex School, four mothers check over work by youngsters in Mrs. Beverly Baker's classroom. Left to right are Mrs. Norman Feldkamp, Mrs. Ben Beck, Mrs. Bruce Amos and Mrs. Marvin Whitford.

Senior Citizens name directors and officers

The main item of business was the election of officers when seventy-five Senior Citizens met at the VFW Hall on November 9 for the regular meeting.

The Articles of Incorporation provide that there shall be a board of directors composed of ten persons elected by membership. Five are elected each year to serve for a term of two years. A nominating committee presented a slate of five names and others were nominated from the floor. Election was by secret ballot.

DIRECTORS elected for a term of two years are Clarence Hill, Elzie Exelby, Carmen Tranchell, Ernest Root and George Shaw. The five whose term will expire next year are Mike Wesner, Leo Thelen, Herbert Estes Sr., Robert Hathaway and Roy Ormsby. In accordance with the by-laws after the board of directors is elected the members shall meet and elect the officers. At this meeting the following officers were elected for a term of one year: Chairman, Clarence Hill, vice-chairman, Elzie Exelby, treasurer, Roy Ormsby and secretary, Carmen Tranchell.

It was voted to have a Christmas party at the regular meeting on December 14. There will be an exchange of 50 cent gifts.

Pins and awards presented 4-H Kountry Klovers

The Kountry Klovers 4-H Klub met at the Price Church to give out fair premiums, pins and certificates. The meeting was called to order by the president, Judy Irish and Flag Pledges were led by vice president, Janet Eaton. Roll call was taken by the secretary, Carol Ormsby, with 14 members and 10 visitors present.

Joan Ashley received the county award pin in photography and Kathryn Jackson the county award pin in dairy. Ruth Ashley won the Barry county trip and Kathryn Jackson the Traverse City trip.

Refreshments were served by the leaders, Lorena Beachler, Gladys Irish, Pat Bashore and Jean Ormsby.

Mrs Hill hosts to Wesleyan Guild

The Wesleyan Service Guild of the First Methodist Church met Monday evening, Nov. 8 at the home of Mrs. Helen Hill, 824 N. Clinton Avenue. Mrs. Hill, assisted by her co-hostess, Mrs. Harry Ridenour, served a dessert and coffee at 7:30, after which the president, Mrs. Rovella Wood, presided at the business meeting.

Miss Evelyn Tracy conducted the devotional period and Mrs. Geraldine Niergarth gave a study on "Women of the Bible."

For the social hour Mrs. Hill showed slides of her October trip to the Smoky Mountains.

The next meeting will be Dec. 13 at the home of Mrs. Wood, with a 6:30 potluck supper.

Use maple syrup

Instead of using sugar to sweeten whipped cream use maple syrup. This not only gives a delicious flavor to the whipped cream, but is a change.

Warm cookies for breakfast

Take a snappy cold morning. Store in tight container. These are Pete's all-time favorites. (Been given before)

Take a good cooky recipe. Bake them fresh for breakfast and you can't beat that combination for making your family greet you with a smiley, "Good morning". . . and mean it.

OF COURSE, you get a pretty good response when they come in from school and you're at it. But if they are already put away and cold, seems as though half of what you've baked is wasted. The good fragrant baking smell is almost gone; the chummy talking and laughing and snitching are left out; they just don't taste the same, somehow.

It's a fact. A mighty poor excuse of a cooky can taste pretty good hot from the oven. The same cookies cold might last a long time in a cooky jar.

INEZ PEACOCK'S Date Drop Cookies will not last a long time.

- Take:
- 1 lb. chopped dates
 - 4 Tbsp. boiling water
 - 1 tsp. soda
- Pour hot water and soda over the cut up dates first.
- 1 c. shortening
 - 1/2 c. brown sugar
 - 1/2 c. white sugar
 - pinch of salt
 - 2 eggs
 - 3 c. flour
 - 1 c. nutmeats

Milk for health

Of all the foods consumed by men, milk provides the greatest quantity and highest quality of food nutrients. It is for this reason that nutritionists have identified milk as "man's most nearly perfect food."

Rowell School parents attend open house

ROCHESTER COLONY — An open house was held at the Rowell school, Thursday, Nov. 11. Parents of students attending the school which recently annexed with the St. Johns school district, visited with the teacher, Mrs Wright and viewed displays of achievements in the different grades and accomplishments made in the TV art lessons which the school receives. Mrs Wright served the parents and children refreshments which included cookies baked by the 8th grade girls.

Ranshaws move nursing home to St. Johns

ROCHESTER COLONY — Mr and Mrs Gerald Ranshaw have recently moved from their home on Hall Road to St. Johns and are settled in their new location at 507 East Higham Street. Mrs Ranshaw, formerly Mrs Leona Pohl and the late Allie N. Pohl purchased the farm 36 years ago and their nine children, all attended the Rowell School in this rural area. Mrs Ranshaw has operated a nursing home for the past few years and will continue at her new address.

Mr. Ranshaw's mother, Mrs Estella Ranshaw, makes her home with her son and daughter-in-law and will observe her 91st birthday this month. Happy Birthday, Grandma.

Change date for Community Club November meeting

ROCHESTER COLONY — A change of date has been made for the November social meeting of the Rochester Colony Community Club.

Mr and Mrs Lyle Bancroft and Mr and Mrs Glenn Walker will host the club at the Community Hall in the Colony, the evening of November 27 instead of the regular, 3rd. Saturday of the month.

Coffee will be furnished. Guests and members are to bring out of hand refreshments.

Bill Holley of Lansing, Dee and Rita Washburn and the girls' grandparents, Mr and Mrs Walter Kaufman Sr., were in Flint, Sunday to visit Oscar Naugle and Flora Sawtell.

R.D. Marmion, of Grand Rapids, former pastor at the Duplain Church of Christ, and Mrs Marmion were Sunday evening luncheon guests of Mr and Mrs Jay Dee Washburn of the Colony. Later in the evening they called on Mr and Mrs Walter Kaufman Sr. of East Colony Road.

Mr and Mrs William Roof of the Colony attended funeral services in Breckenridge, Thursday morning for Thomas G. Whitting who died Nov. 8, the result of an automobile accident near Saginaw. Whitting's uncle, George Burl and cousin, Kirk Burl and wife, all of Shepardsville Road also attended the funeral services.

Colony Hobby Club meets at Risleys

Devoting all work sessions for the year to knitting, the Colony Hobby Club met at the home of Mrs Roy Risley, November 10 and continued with their projects. A cooperative noon meal was served by the hostess.

The next meeting will include a Christmas party at the home of Mrs Clarence Temple, East Colony Road, December 2.

4-H'ERS ATTEND GAME

Four carloads of members from the winter group of the Jolly Pioneers 4-H Club departed from the Colony, Saturday Dec. 13 for East Lansing, where they attended the Michigan State — Indiana football game.

Drivers, Russell Libey, Pat Foran, Emerson Dunham and Jim Roof together with the 4-H Club members, watched the Spartans defeat Indiana, 27-13 and win an undisputed Big Ten Championship.

"For the student there is, in its season, no better place than the saddle, and no better companion than the rifle or the oar." (Francis Parkman, "Autobiography")

Dinner "out" for Bancrofts on Silver anniversary

ROCHESTER COLONY — Mr and Mrs Lyle Bancroft and children Kim and Kyla, East Walker Road celebrated their 25th wedding anniversary Sunday by dining in the Bavarian room at Frankmuth.

After dinner the family visited the "country store" and Bonner's Christmas display house and returned home in the evening.

ATTEND WEDDING

Mr and Mrs John Kurncz, Jim and Marian, East Colony Road attended the wedding of their nephew and cousin, Barry Carter to Linda Larson, Saturday November 13.

The wedding took place in the Augustana Evangelical Lutheran Church in Detroit at 4:30 p.m. Following a 6:00 p.m. reception at the Kenwood Lounge, the Kurncz family were over night guests of Mr and Mrs Clarence Carter, sister of Mrs Kurncz.

Successful deer hunters in area asked to check-in

Hunters who down deer in Clinton, Ingham, Shiawassee, Gratiot, and Saginaw counties are urged to stop at local offices of the Conservation Department so their animals can be examined for biological information.

Deer checking stations will be located at the department's field office on M-47 in St. Charles, at its equipment building on Meridian Road (East Gratiot County Line Road) in the Gratiot-Saginaw state game area, and at the Rose Lake wildlife research center at 8562 Stoll Road about 12 miles northeast of Lansing.

THE FIRST TWO stations will be open for checking deer during the Nov. 20-21 and Nov. 26-28 periods. At the Rose Lake center, game biologists will examine deer daily during southern Michigan's Nov. 20-Dec. 5 season.

Pleads guilty, appeals sentence

Floyd V. Newman, 41, of R-2, Cutler Road, DeWitt, has appealed a sentence handed down in justice court last Wednesday after Newman pleaded guilty to carrying loaded firearms in his auto. Justice of the Peace Gordon Willyoung fined Newman \$75 plus \$22.90 costs and sentenced him to 10 days in the county jail. Newman appealed the sentence and is free on \$200 bond.

Around the halls of RODNEY B...

By SUE DURNER

Two weeks ago, on Saturday, Nov. 6, the Wilson Torch staff attended a Newspaper Day clinic sponsored by the Michigan State School of Journalism. The all-day clinic was held in the Union Building on campus.

The Future Farmers of America will hold their annual donkey basketball game Dec. 11. The boys are looking for more young ladies to ride the donkeys. Sixty-five members of the FFA attended the National Corn-picking contest last week. They enjoyed all the interesting exhibits which involved all phases of agriculture.

GREENVILLE, Lakewood and Owosso are three of the schools lined up to play the GAA volleyball teams within the next three to four weeks.

"Christmas In Crystals" is the theme of this year's sernor prom to be held Saturday evening, Dec. 4.

At the last Science Club meeting, held Thesday, Nov. 9, instructor Gary Kingsley demonstrated developing and enlarging film. He also gave a brief explanation of how films are processed from the time the negative comes from the camera to the finished picture. A trip to either Alma or Michigan State was also discussed.

THE WILSONAIRES traveled to Fenton Nov. 9 to attend a Madrigal Festival. Madrigal is unaccompanied song. The groups were not judged on their performance alone. The Vocal Chamber Ensemble from the University of Michigan performed after all the schools had finished.

Varsity Night was held Saturday evening, Nov. 13, in the high school gym. Some of the acts on hand to perform were the St. Johns Firehouse Five plus Three. It was a Dixieland band composed of the "muscular, musical and brainy" teachers at Rodney B.

THE WILSONNETTES and Wilsonaires sang a medley of songs; the new boys' quartet, Three Sharps and a Flat, consisting of Phil Anderson, Doug Schafer, Ted Lietzke and Gordon Vandemark also performed.

The St. Johns Redwing Marching Band played many of their featured concert arrangements that were put on at the football games. Beth Kuripila and Marilyn Motz did a twirling routine to a popular march. The dance band also entertained the audience.

THE JUNIOR play, "Best Foot Forward," is being presented Nov. 19 and 20. The cast is getting a real workout; they practice every night after school and on Saturdays.

To get everyone's school spirit high for the last football game of the season, the cheerleaders held pep meetings at noon Thursday and Friday in back of the school. The final pep assembly of the football season was held Friday afternoon during the latter part of sixth hour. The varsity cheerleaders put on a skit and the juniors won the yelling contest.

Saturday, Nov. 13, the Future Teachers of America attended FTA day at Michigan State. Talks were given in the Kiva and afterwards the students went to various rooms where talks were given on individual areas of teaching. In the afternoon, all students attended the MSU-Indiana football game.

Living today is a continual tug-of-war between what we make and what we spend.

New Ponies at City Park Zoo

DPW employee Al Sodman watches as two new ponies at the St. Johns City Park Zoo get used to their new quarters after they arrived last Thursday. The ponies were gifts to the city from Dr Paul Stoller. They have had neither saddle or bridle on, and City Manager Ken Greer pointed out that it is not the city's intention to be horse-breaking at the park. The white pony, the mother of the small one, has been named "?" and the little one is "Charley C." Their new home is an enclosure immediately west of the deer enclosure.

Fire unit for Valley Farms

VALLEY FARMS — The DeWitt Township Board of Trustees voted last Monday night to set up a new fire department at Town Hall No. 2 at 780 E. Wieland Road. The department would be manned by 24 volunteer firemen and would have one fire truck now, though the township hopes to work out an agreement with the City of DeWitt for joint use of the water wagon housed in DeWitt.

three fire trucks at DeWitt, but so far the township and city have been unable to agree on terms for keeping them based in the city. After a recent exchange of offers, each turned down by the other governing unit, the city told the township it would have to get its fire-fighting equipment out of the municipal building by Jan. 1. The Township's resolution last Monday set aside \$1,800 for the purchase of gear such as boots and coats for the firemen.

DEWITT TOWNSHIP owns the

A foot in the door... with vitamins

If a peddler rings your bell and tries to sell you some vitamins, here's something you should bear in mind. He's a trained salesman. He'll sound convincing. But chances are he's not a physician or a pharmacist. He's no judge of your health, and there's no way he can know what sort of vitamins or nutritional supplements you need—if you need any at all. So, it's just common sense to get professional medical advice before you spend your money.

3 get 'vacation' in county jail

Three MSU students took a forced vacation from school last week and spent two days studying the layout of the Clinton County Jail.

Jack D. Porter, 18, of East Lansing; Terrance J. Fortino, 18, of Grand Haven; and Robert P. Jackson, 19, of Midland, were sentenced to two days in the jail after their arrest by DeWitt Township police for being in possession of beer.

Justice of the Peace Roy Decker passed sentence and also fined each of the youths \$35 plus \$15 court costs. They were arrested Saturday.

Plan DeWitt senior play

DEWITT — The DeWitt High School senior class will present a three-act farce, "The Perfect Idiot," tonight (Thursday) and Friday at 8 p.m. in the high school gymnasium.

The plot involves Puff, the dumb star athlete who helps Dan, a young genius, become socially accepted while Dan helps Puff raise his grades in time for the big game.

DANIEL TENNYSON, the young genius, is played by Mike Owen. Tim Smith plays the part of the dumb athlete, Aloysius (Puff) Witomski. Other members of the cast include Barbara Wilcox as Margaret Tennyson, the mother; Roger Pierce as Roger Tennyson, the father; David Parkhouse; Walter P. Latherby, a soap manufacturer; Bill White as Arthur Barnard, principal of Central High School; Elaine Flak as Linda Barnard, daughter of the principal and Dan's girlfriend; Brian Zeeb as Jackie Tennyson, Dan's brother; Linda Coan as Jeannie Wilson, Jackie's girl friend; Karen Cutsinger as Carla Carlson, Puff's girl friend; Sue Ann Hines as Miss Baker, a teacher; Michon Mayes as Rhodora, the maid of the Tennysons; Ann Paquet as Miss Booth, a newspaper reporter; Jim Schaver as Dr Hockhorst Von Barf, a psychiatrist; and Dwight Devereaux, a policeman.

The play is directed by Mrs Richard Gebhardt. The class sponsor is Floyd Fleetham.

Mrs Virgil Lyon of E. DeWitt is still in Lansing General Hospital as a result of her condition sustained when the Lyon home burned three weeks ago. Her doctors indicate further treatment will be necessary.

Federal salaries traced to days of Washington

The US Department of Labor has taken a long look back at the federal payroll and has come up with some interesting data on how our top officeholders have fared financially over the years since the beginning of the Republic.

On a straight salary basis, the study shows that the Presidency has received the fewest number of raises and proportionally the smallest increases taking the 175-year period as a whole.

GEORGE WASHINGTON was paid \$25,000 a year as our first head of state, and the salary has gone up only three times since in equal \$25,000 amounts—first under Grant in the early 1870's and then for Taft and Truman in this century. The rest of the government job echelon shows a

much better record of raises than this over time, both numerically and in percentages.

However, while President Johnson's salary of \$100,000 a year is just four times bigger than Washington's presidency has developed its "fringe benefits," too.

THERE IS A travel allowance, now \$40,000 a year, and an expense allowance of \$50,000 a year, the former tax free. Then there is the use of the White House and its furnishings, cared for and maintained at public expense. The budget for the 1965 fiscal year allots a sum of \$696,000 for this purpose.

Furthermore, the President enjoys a constitutional immunity

against a pay cut. Only Supreme Court justices have the same protection, and this spared them and the President from the two federal pay reductions in the record.

OF COURSE, beyond the mere dollars involved, any comparison of pay levels and their trends, must take into account the tremendous changes in the country and in living conditions going back in time, and particularly the impact of rising prices and taxes.

The personal income tax with its graduated base went into effect in 1913, for example. Though there have been a number of reductions over the years since, notably the one this year, the majority of changes have been

upward. Along with this, the cost of living as measured by the Consumer Price Index has more than tripled in the 1913-64 period.

WHEN HUBERT Humphrey was sworn in as vice president, he received a salary of \$43,000 a year, \$13,000 more than if he had remained a senator and 8 1/2 times the \$5,000 paid to John Adams, Washington's vice president and subsequent successor. Over time the vice president has received 11 salary increases and two pay cuts. In recent years he has also received a \$10,000 annual expense allowance.

Interestingly, the speaker of the House gets the same pay and expense allowance as the vice president, and their salary par-

ity goes back almost 100 years.

IN THE nation's early days, the speaker and members of Congress were paid on a per diem basis, originally \$12 for the former and \$6 for the latter for each day in attendance. Congressional salaries went up to \$30,000 a year Jan. 3, and in addition they receive travel and living allowances.

Thomas Jefferson, the first secretary of state, and Alexander Hamilton, his counterpart in the treasury, were paid \$3,500 a year, the top salaries in the original cabinet. Their present-day successors, Secretaries Rusk and Dillon, and all the other cabinet members, get \$35,000 a year or 10 times as much.

Supreme Court justices also were paid \$3,500 a year at first. Their salaries are now \$39,500 a year, with the chief justice getting \$500 more.

Give thanks, and give to help those more needy

On Thanksgiving Day the average American family comes together from far and near, frequently joined by relatives and in-laws, and sits down to enjoy a Thanksgiving dinner of roast turkey and all the "trimmin's."

On such a festive occasion, and before tables heaped and groaning with good things, it is just about impossible to comprehend the fact that three-quarters of the world's inhabitants are tragic victims of those ancient and still unconquered enemies of mankind: hunger, poverty, ignorance and disease.

FORTUNATELY, HOWEVER, just as on the first Thanksgiving Day the Pilgrims with charity and compassion invited the neighboring Indians to share their first harvest with them, Americans of this generation continue to share their bounty with others.

Today, American generosity reaches out help to every corner of the free world where there is need—to fetid slums in Latin America, to disease-infested villages of Africa's steaming jungles, to deprived and struggling peoples of Asia.

In the true spirit of Thanksgiving Day, American generosity is helping to feed and clothe the world's destitute millions and assisting them to attain human dignity and self-respect. Outstanding examples of this year-round American benevolence are the continued support given to the annual Thanksgiving campaigns conducted by several church organizations of different denominations.

Share in the joy of Thanksgiving by sharing the harvest of your good fortune with the less fortunate overseas and in our own country. This year, emphasize the giving in Thanksgiving. Your Thanksgiving Day will be the happier for having done so.

Rules of the hunt are for deer hunter's good

The annual trek to the north woods is on for many people from all walks of life. Some are veterans; others are going for the first time. Regardless of whether you belong to either category, the rules of a safe journey and hunt are the same.

It seems almost unnecessary to remind hunters that the gun they carry is a deadly weapon. Some will say they know their guns like the backs of their hands. The only thing wrong with that statement is you may know your gun, but do you know yourself? It is almost unheard of that a gun, by itself, hurt anyone. Usually it is in the hands of a hunter.

IN PAST SURVEYS by the Michigan Conservation Department, it has been noted that most gun accidents, while hunting, happen close to your camp area, and if you are accidentally shot it will be by someone from your hunting party.

This only points up the fact that a hunter must be vigilant at all times, not only in the field, but around his camp area.

They say accidents will happen, but accidents only happen when someone becomes careless.

MAKE THIS YEAR your year to be extra careful and remember to observe the basic rules of good hunting.

RAMBLIN' with Rink

By LOWELL G. RINKER

Once before in this column, I borrowed some thoughts concerning the mass of organizations which man—and particularly youngsters—is associated with. Witness another, this part of a news release from the University of Michigan which probably hits us all right on the head:

"Give the average American a period of nothing to do and in a short while he will begin to twitch, feel uneasy, and have guilty feelings. He will search desperately for something to do..."

WHETHER WE ARE managing a business, developing a university, running for political office or even raising funds for our favorite charity, we devote all of our efforts toward accomplishing the goal, and we demand that everyone associated with the project do the same.

"Certainly our emphasis on action and results is an important part of our impatience with people who like to do things for their own sake, or just because they are gracious or beautiful. Certainly part of the reason why poetry has so little appeal for most of us must be traced to our continuous desire to be doing something worthwhile. Even our vacations are periods of hectic travel and activity."

ROSS WILHELM, a U of M professor, thinks this is having a bad effect on our children. "The lives of our children are organized to the hilt as a result of our desire to be certain they have every possible experience we think they should have or have every possible skill we can cram into them."

"After school the child often

has additional classes he must attend, such as music, dancing, horseback riding or else he finds he has to participate in certain organized activities such as sports or plays. In addition he is expected to participate in adult group activities that the family does. As a result there ends up little time in which the child can do the things he wants to do or may enjoy.

"EVEN MORE dangerous is the growing implicit assumption that it really is undesirable that we enjoy doing things that are not related directly toward improving the child. This can be seen clearly in the toys that are available and bought in huge quantities by driving parents.

"I wonder if all our activities and knowledge is so unorganized that we can say every teachable thing is better than the unorganized things we learn when we really are goofing-off or doing nothing. The presumption is completely on the side of the organized life, of course, because we can measure and evaluate the results. But I wonder what kinds of children we are raising and what kind of a world we are creating."

Point of View

By W. E. DOBSON

I can't eat this, you can't eat that; I have sugar and you have fat; So we cry out in deep dismay That things just happen to be that way.

I work outdoors while you work in; I work on ground, you in crib or bin; You crave more air—often I want less; And we're both hard to suit I guess.

I make too little—you earn too much; With revenue men you get in dutch; I play too hard, you not enough; We're both convinced, we have it tough.

For all we gripe, not far away Are those who cannot work or play, While we protest "too sour or sweet," There's too many have no food to eat.

Too oft we find when the story's told, There's too little warmth and too much cold, Then why should we with enough and more, Turn away the hungry and cold at our door?

The more we see how others live, The more inclined to care and to give, The more we see of the struggle for pelf, The less inclined to pity self.

LETTERS to the editor . . .

A former patient defends hospital

IN REGARD to the letter from the lady complaining about the service from the doctors and nurses at Clinton Memorial Hospital, I would like to say a few words in defense.

It is my belief that the lady of the letter was either misinformed, saw what she wanted to see and heard what she wanted to hear, thereby getting a distorted view of the facts.

I TOO WAS involved in an accident last January. I was taken by ambulance immediately to Clinton Memorial where upon I was met by the doctor who had been called and told of the accident.

I received prompt and competent first aid, and although the full extent of my injuries could not be determined then and there, I'm sure if the doctor had been convinced that I needed further extensive care and treatment, he would have recommended that I be transferred to a hospital where they had such facilities.

I WAS hospitalized in Clinton Memorial for two and a half months, and never have I received better care from doctors and hospital staff than I did there. I had a chance to observe many patients come and go, and in my estimation, each patient received the same wonderful care and treatment.

We as citizens of Clinton County are mighty lucky to have a hospital such as the one we have. From what I've heard of other hospitals, there are few that come up to the standards at Clinton Memorial.

THE PERSONAL care and attitude of all employees are aimed at seeing that each individual gets the best care they can give.

Thanks to people like these, my long stay in the hospital was made much easier and the time sped much faster.

Sometimes in moments of stress and over-anxiousness of those we care about, we let our emotions get the better of us and we don't always see things as they are or should be, which I'm sure was the case of the lady who wrote criticizing our hospital.

Thank God we do have a hospital such as ours.

Calls for health education training

THE NEW Michigan Constitution has introduced a number of much-needed changes in our state's governmental setup, one of which saw the amalgamation of more than 100 different bureaus into 19 well-organized departments.

One of these newly-reorganized departments is the State Department of Education. To the minds of many, this department could well be the most important of any. For it is upon the education of today's and future generations that the welfare of the progress of our state, our nation and the world depends.

THE GOVERNMENT is doing a splendid job of seeing to it that worthy, but needy, students get their chance to receive the best education. However, we have found that even though the educational opportunities in the state are abundant, the educational institutions themselves are sorely lacking in one area of curriculum—that being the study of health education.

There must be something done to strengthen, improve and, in some cases, introduce courses

on health education to the state's elementary, intermediate and secondary schools. In many of these schools it is merely an optional subject, in others it is not even offered. The schools simply don't have a coordinated approach to education our youngsters in the areas of personal hygiene, dental health, etc.

IT IS UP TO the parents to investigate the curriculum being offered at their local schools, and if the study of health education is found to be lacking, urge that the school authorities do something about introducing the course to regular class schedules.

It is also up to such voluntary, non-profit groups as the Michigan State Dental Assn. to promote this cause through the training of health education teachers, the planning of a health education curriculum suitable for the state's schools, making available vast amounts of teaching materials and aids to any school requesting them, and generally stressing the importance of this vital phase of modern education.

THE MSDA has already contacted members of the state board of education and is launching an all-out campaign to enlist more schools in the ranks of those which are aware of the need to instruct children in the proper methods of preserving and improving minds, teeth and bodies.

Sincerely, PERCY J. ROSS, DDS President

Grange planners say 'thank you'

A WORD OF thanks to the many people and organizations that made the 1965 annual session of the Michigan State Grange so successful. It was through the fine spirit of cooperation of the Chamber of Commerce, the local merchants, the churches and civic organizations and the local people that made it possible for Clinton County to host this 1965 annual session.

We would like to thank in particular St. Joseph parish for having made its facilities available See LETTERS page 3-C

The annual Northward migration of the "booted redbacks" is now underway with the greatest yet to come within the next day or so.

This type of bird doesn't fly. He travels, usually in groups of 2 to 12 or more, in cars, trucks, stationwagons, pickups and converted school buses, that are usually overloaded with gear.

THE DATES FOR THIS annual migration are set by the Michigan Conservation Department and is better known as the Michigan deer season.

The migration began last week from St. Johns as some left to join the estimated 130,000 other nimrods who opened the early season in the Upper Peninsula last Saturday.

JOINING THE EARLYBIRDS in the UP will be an estimated 400,000 more hunters who have left, will leave today or tomorrow, for the opening in the Lower Peninsula this Saturday.

I've had many non-hunters ask, "How come you go way up north to hunt when some of the best venison is running around Clinton County?"

THIS IS SORT of hard to answer in just a few words or sentences, but in my past experience it breaks down to just getting away with a few friends and doing something together that you all enjoy.

Rising out of bed a couple of hours before daylight on a cold, blustery morning doesn't sound like much fun, but when you are accompanied by four or five friends it becomes an experience.

MOST DEER CAMPS are broken down between the cooks and the cleaners. Those who can cook or like to cook do the preparing of all meals. Those who can't cook become the cleaners and wash dishes. A deer camp is about the only place where I've seen men cleaning and doing other household chores and enjoying it.

The reason for this I believe is the companionship that exists among such a group. They are there to hunt, relax and have fun, and having fun is striking out through the woods before dawn with the temperature hovering near zero, and in the evenings, after the chores for the day are done, to sit and relish the happenings of the day. This is companionship at it's finest.

This is why the greater percentage of hunters who will come home empty handed, will have no regrets, but will be wishing that next deer season wasn't a full year away.

City officials decided to transplant a Christmas tree to the courthouse lawn between the curb and walk at the head of Clinton Avenue in the hopes of replacing the new tree put up each year for holiday decorations, marking the opening of the Christmas shopping season. The tree, a typical Christmas tree, was procured from the evergreen forest near Corunna last week at a cost of \$20. It is about 25 feet in height, a white spruce with long lower branches.

It seems that "two's company and three's a crowd" in the pigeon world just as it's the adage in the circles of humanity. And when three or more pigeons gather, time stands still, at least in the courthouse clock tower. For the second time in a week the courthouse clock has been stopped. Pigeons are the cause, according to Undersheriff Hilary Hafner, who acts as trouble-shooter for the half-century-old clock.

Special clinics calculated to safeguard the school pupils of St. Johns against diphtheria have been an important part of the public health program in this city for several years, and 1940 will be no exception. Letters were mailed out this week by Miss Maude Herron, school nurse, to all parents whose children have not been immunized against diphtheria, advising them of a public clinic to be held for that purpose at the high school building on Wednesday, Dec. 4, and urging that they permit their children to be treated.

St. Johns public Schools will sponsor a School Community Fair at the high school building Friday and Saturday evening, Nov. 29-30 at which department exhibits, auditorium programs and, of course, everything from soda pop to peanuts, will be on hand for the amusement of all comers.

Clinton County's Red Cross Roll Call drive, launched Armistice Day, is now in full swing, according to Clement M. Pung, chairman, who says that indications already show that this year's quota of 1,570 members will undoubtedly be reached.

MICHIGAN MIRROR

3 vetoes appear as power play by chief executive

Three vetoes made public by Lt. Gov. William G. Milliken while Gov. George Romney was on his Tokyo-Vietnam tour in October appear as a kind of power play by the chief executive.

Previous vetoes from Romney indicate he has gained political skill during his years in the governor's chair. He used the veto power consistently to kill several strictly Democratic party measures and he was effective a couple times in just using it as a threat to get changes in measures before they reached him.

The three which provoked majority Democrats to attempt an override in December were the last of several in which he used the veto to display his disgust with the lack of fiscal reform action.

IN QUESTION on these three measures were funds to help senior citizens who rent homes, disabled veterans, and seven state colleges. An estimated \$10 million a year was involved in the first two bills, while the third was a one-shot reimbursement of \$1.2 million promised to schools which enrolled more students than expected.

Democratic legislative leaders gave Romney the run-around most of the summer on whether they might agree to even give a full hearing to any proposed fiscal reform program, his or one they might put together.

Many veteran observers in both political camps predicted from the start that the majority chiefs were just being polite to listen to the governor's pleas at all. The leadership didn't want to get involved in such a basic issue this year, they said.

MICHIGAN'S SURPLUS funds which will still provide a cushion in the next fiscal year will again discourage any change in the tax pattern which might cost votes at the polls next fall.

The vetoes put the spotlight on Milliken, the state GOP's rising star. Romney made it clear he was in agreement with all action to be announced during his absence.

The three vetoes were his own language, used often: Although the surplus was now \$136 million, this would be gone within two years and to spend more without adding revenue would be "unconscionable."

Many said the political dangers of the first two vetoes were great. In the end, however, Romney likely will wind up looking like the great protector of public funds even to the renting senior citi-

zens and disabled veterans who will get no change in tax status.

AN IMPORTANT message is going out to Michigan's senior citizens which apparently cannot be repeated and emphasized strongly enough.

This is the word from both federal and state authorities to keep present hospital or medical insurance plans in effect for the time being.

State Insurance Commissioner Allen Mayerson reminds persons over 65 that the federal Medicare program enacted this year to dovetail with the social security plan will not be effective until next July 1.

EVEN CLOSER to the July effective date, personal study is encouraged of the new federal plan versus present individual or group insurance programs.

Some doctors and any insurance man whose firm sells hospital-medical policies are very willing to advise whether the Medicare plan is likely to meet an individual's potential needs.

Brochures available from many federal government agencies detail exactly what is and what is not covered under the new program. Some kind of professional advice as to individual needs is strongly advised.

In several cases senior citizens have been advised to seriously weigh the higher cost of private insurance against the relative benefits of the two plans.

SIZE AND SCOPE of Michigan's government agencies frequently are a big surprise to the average citizen.

Perhaps one of the best examples is Michigan's largest department in terms of employment. The State Mental Health Department last year employed about 11,000 people.

Operating with one director and six assistants for various divisions, the department is concerned with services for the mentally retarded, mentally ill, community facilities, planning and research, and, of course, its own internal administration.

THE PICTURE of this department is still not quite in focus until you see the numbers and kinds of services provided in the state by its units.

As a fall rundown, the department's jurisdiction covered 83 separate agencies, child guidance clinics numbering 21 was the largest group.

BY ELMER E. WHITE Michigan Press Assn.

State hospitals, 17 in all, were next. These provide services for the mentally ill, criminal insane, mentally retarded and epileptic.

The full range of mental and psychiatric problems are attempted to be served in the various other branch clinics, adult clinics, all-purpose clinics, aftercare consultation centers, and day care centers for the retarded or emotionally disturbed.

ALSO INCLUDED in the special thanks are the many fine people who opened their homes so that our delegates and guests would have a place to stay. Because of our central location a large number of participants in this convention commuted daily from their homes. As a result we were not able to fill all of the rooms that had been made available to us.

For many of our people this was their first visit to St. Johns and we are sure that your kind hospitality left a lasting impression with them. For this we would like to again say "thank you" for having assisted us in hosting a successful 1965 State Grange Convention.

Chamber says thanks for News' editorial

ON BEHALF of the board of directors, the Chamber wishes to thank you for the wonderful editorials in last week's paper.

I myself want to comment on the wonderful co-operation the Chamber has received from the Clinton County News. As you so well know, the attitudes of the people of a community can often be traced to the paper of the community. Someone once told me that "I can tell what kind of a paper a community has just by looking about the community." He was referring to such things as civic accomplishment, pride, co-operation among the people, etc. Certainly here in St. Johns we have all of these things, and I'm certain much of it can be attributed to the Clinton County News.

Again, many thanks to you and all the staff at Clinton County News for the wonderful job you are doing not only in promoting the C of C but our community as well.

Sincerely, BETTY JANE MINSKY Secretary, St. Johns Chamber of Commerce

"I certainly wouldn't marry the first boy that came along - if I was sure there was another behind him!"

The "Low Down"

From the Congressional Record By Joe Crump

Isn't everyone subsidized?

Rep. Clair Callan (Nebr.) "... Consumers and taxpayers generally are led to believe that the total annual appropriations to the Department of Agriculture are subsidies to farmers. Actually nonfarmers participate in a larger share of the Department's expenditure than farmers themselves.

"Approximately two-thirds of the Department of Agriculture's expenditures, in the 1966 budget, are for services which are of primary benefit to the general public

"HOWEVER, the word 'subsidy' as a derisive epithet is seldom applied to government policy and money aids to business and labor.

"Publishers of magazines are recipients of government subsidies through the Post Office Department. The House Appropriations Committee published figures which showed that revenues for mailing 14 national publications accounted for only 35 per cent of the cost of handling these publications . . .

"Since the birth of our nation, subsidies through the years have taken many and various forms . . .

"APPROXIMATELY 183 million acres of federal and state lands were granted to railroads between 1850 and 1871.

"The first mail subsidy was paid 125 years ago. Since then many millions of dollars have been assigned by the federal government to ocean and airmail subsidies, to foster the development of transportation, as was the case in the special consideration for railroads and waterways.

"Many millions of dollars have been used to subsidize the building of US ships on American ways. Here is one example: About \$40 million in subsidy was paid on private luxury liner 'United States.' The total cost of the ship was given as \$76,800,000 . . .

"THE AGE of air travel in America, unless aided by subsidy, would have been late in arriving, and the contribution of airpower to our military preparedness would have been slowed down . . .

"It should be pointed out that the economic benefits occurring to industry and labor, from government policies, are paid for, as are the costs of the farm program by the consumer and taxpayer. Remember this: Consumers and taxpayers are one and the same . . .

"Again, it should be emphasized that in the overall subsidy concept this nation's agriculture is a lesser recipient than either labor or industry. Yet the farmer in many areas of public opinion has been cast as the chief villain of all subsidy gatherers."

Use of nitrogen, once a virtual waste product of air separation processes, will soon equal that of oxygen, predicts a Chicago firm. New uses of nitrogen include transit and in-plant refrigeration, refining of non-ferrous alloys and producing glass and processing chemicals.

Ebb tide of Year begins as Brown Month settles in

HAYDEN PEARSON

Time is running out and frost-browned meadows, sidehill fields and up and pastures remind us that Year is slipping down to the nadir. Brown and gray is the landscape and brown the color of leathery, brittle oak leaves. November is the Brown Month and soft, faded hues blend with the spirit of the season.

In the woodlot. The land waits, unburied and calm, for Time is the essence and all things in Nature operate on an anciently ordained schedule.

But there are other days—days when the sun shines with peculiar brilliance from a pale blue sky and slanting ray paint pictures

on the land. Fences and walls show clearly; houses and barns across the valley seem near; and blue-green, distant mountains are sharp against the horizon. This is the 11th month of man's calendar and he can, if he will, put himself in tune with the harmony of Year's majestic symphony.

There is a feeling of brooding quietness in late autumn. Earth waits patiently through the interlude before the snow blanket comes to cover the bareness. It is a stark picture when one looks across the fields to the hills against the horizon. Bare trees resemble etchings, and at sunset when the southwestern sky is flaming red, maples on the ridge heights are sharp silhouettes.

NOVEMBER HAS a Puritan aspect—sober, austere and often displays a chill face with raw rains, biting winds and cold sleet. There are dark days when cloud blankets shut off the sky and a man turns up his collar as he climbs the pasture to chop wood

Pesticides termed good weapon against insects

Some of the most effective weapons in Michigan's constant battle against the insects and diseases which threaten farm crops and products are agricultural pesticides.

This was the contention of C. A. Boyer, chief of the Plant Industry Division, Michigan Department of Agriculture, as he addressed an Agricultural Pesticide Confer-

ence Nov. 3 at Michigan State University.

BECAUSE of the increased mobility of people and goods, and the tremendous speed with which they move, continual vigilance is necessary to eradicate and suppress these damaging pests, he said.

Boyer said the Plant Industry

Division is currently enforcing 38 laws, quarantines and regulations, and is conducting 22 different programs to control plant insects and diseases within the state.

Three of the control programs presently in operation, all cooperative programs with the Agricultural Research Service, US Department of Agriculture, are those concerned with the Japanese beetle, cereal leaf beetle and gypsy moth.

BOYER SAID the MDA's complete trapping and soil treating program, which has been in effect since the Japanese beetle was discovered in Michigan 33 years ago, has been successful in controlling the insect.

Little economic damage has been done by the Japanese beetle, which feeds on many different kinds of plants, he maintained. He noted that a trapping program conducted this year showed the least number of beetles in the state in many years, and said that less than 1,400 acres are now being treated.

THE CEREAL leaf beetle is a little different story, he said. Although great progress has been made with this insect since first being discovered in Michigan three years ago, Boyer reported that 40 counties are now known to be infected.

He said a spray program in 400,000 acres in Southwestern Michigan this past season destroyed an estimated 95 per cent of the beetle infestation there, and that plans are being instituted to spray again in 1966.

"I AM CONFIDENT that we will progress rapidly with the eradication of this pest if the research people stay out ahead of us," he maintained.

The gypsy moth program is a real success story. Since first discovered in Michigan in 1954, the insect has been eradicated, he contended.

"WE HAD negative finds this year in every area where a moth had ever been caught," he said. "We now consider we are out of the gypsy moth program."

Boyer reminded that in these and the other programs being carried out by the division, agricultural pesticides were indispensable tools being used with much success.

Soil test can save dollars spent in every area where a moth had ever been caught," he said. "We now consider we are out of the gypsy moth program."

New Parking Entrance at Clinton Memorial

The parking lot on the southeast corner of Clinton Memorial Hospital in St. Johns has a new entrance, or exit depending on which way you're going. It's located at the southeast edge of the lot and is presently graveled. The short drive leads out onto Elm Street. The new entrance was provided after the driveway between the two service building at the right side of the picture was closed. The hospital now has two separate parking lots—this and one on the other side of the building at the right.

Say soil surveys key to sound land use plan

Soil surveys, public education and acceptance play key roles in developing sound land use plans, according to a report recently by University of Wisconsin soil scientist Marvin T. Beatty and agricultural economics specialist Douglas A. Yanggen.

Soil surveys—samplings based on color, texture, structure, acidity and depth of the soil—help land planners predict how an area will respond to any given treatment or use.

Speaking at a session of the 57th annual meeting of the American Society of Agronomy, Beatty outlined four stages of land use planning—creating community awareness of land use problems, analysis of available soils information for planning, preparation of plans and putting them into effect.

Stevenson postage stamp is now in circulation

Design of the Adlai Stevenson memorial postage stamp was made public recently by President Johnson in a White House ceremony.

The 5-cent stamp will be first issued Oct. 23 with ceremonies in Bloomington, Ill., where the ambassador to the UN grew up and is buried.

Lithography and intaglio printing will be combined in production of the stamp, resulting in three passes through the presses. However, only one plate number will appear, this being the black intaglio for the Stevenson portrait. This will be fed through the Giori press first. A two-color lithography press next will apply "UN Blue" and a bar of red at the bottom of the portrait. In the final pass, a darker blue will be printed.

THE VERTICAL stamp is composed of two interlocking rectangles—one blue, one in black—against a white background. Inset in the blue rectangle to the left is the UN wreath, in white. The black rectangle contains a Stevenson portrait, based on a photograph by Philippe Halsman of New York City.

Beneath the portrait are red, white and blue bars. Lettering is in blue. "Stevenson," in roman capitals, extends across the top

HE STRESSED the importance of education in putting these plans into effect through zoning, official mapping, subdivision ordinances and sanitary and building codes.

The soils specialist explained how the Wisconsin State Board of Health uses soil survey information to review plans for proposed subdivisions.

"In 1965, the board has objected to about 25 per cent of the plans submitted on the basis of soils information," Beatty said.

Plats are surveyors' maps showing exact distances, directions and sizes of proposed building lots.

HE SAID this resulted in approximately 400 home sites removed from plats, usually because of soils not suited for sup-

porting septic tanks, foundations, roads, or which may be subject to flooding.

"We feel not having these homes built is a great value, since it might have eventually lower property values, created a health problem and increased public maintenance costs," he said.

Beatty also cited the Buffalo County, Wis., zoning ordinance project, which places soil surveys in a key role.

IN THAT project, the soil survey maps are used as zoning base maps, with nearly half the districts in the area directly related to soil surveys.

Such maps are usually drawn on aerial photographs of the area, showing the kinds of soil present, their location and extent.

"The soils information had a major role in educating the people of Buffalo County about the ordinance," Beatty said. "We think it hastened local acceptance."

Fraternity rush at U of M 'biggest'

This fall, fraternities at the University of Michigan, Ann Arbor, experienced the largest rush in their history. There were 1,450 registered rushees, an increase of 80 per cent over the highest previous total. Of this total 625 men chose to pledge, an increase of 40 per cent over last fall's record of 450.

Another record rush is anticipated for next semester, as many men who chose not to pledge this fall will rush again in the spring in addition to a large number of men who waited due to academic or personal considerations.

ASCS loans on soybeans, corn available

Frank Light, chairman of the Michigan ASC State Committee, reminded all eligible producers today that price support loans are available to them for corn and soybeans at the local ASCS county office. He stated that prices producers are receiving for these crops are near or below the local loan rate, because many cash crop farmers are selling their crops direct from the field which makes the crop hard to sell at prices above the local county loan rates.

With the record-breaking corn and soybean crops, it appears that this condition will exist for some time, unless producers withhold their crops from market.

LIGHT SAID that eligible producers could obtain either a warehouse or a farm-stored loan at a low interest rate which would provide them with immediate operating capital. One of the purposes of the Price Support Program is to furnish producers with operating capital so that they may sell their crop at a later date when there is not an oversupply on the market.

After harvest of these crops has been completed and warehousemen have disposed of their surplus supply, prices gradually increase. By midsummer, prices are high enough for producers to sell their crops at prices which they will be able to pay storage and interest on their loans, and still realize considerably more for their crops than if they had sold them at harvest time.

Price support regulations have been relaxed so eligible producers may receive loans on their 1965 corn and soybean crops within just a few days after they apply for them.

Chamber has new 1966 ski guide

Copies of the 1966 Ski Guide, a 15-page booklet put out by the East Michigan Tourist Council, are available at the St. Johns Chamber of Commerce office. Anyone desiring a copy may pick one up and there is no charge.

Included in the guide is a regional ski map depicting ski facilities in Eastern Michigan; a listing of winter carnivals and events; information on where to get current snow condition reports during winter months; ski weeks and winter vacation information.

Mrs. Betty Jane Minsky, manager, stated the distribution of the ski booklets was another service being offered local residents by the Chamber which is attempting to supply the most current recreational and vacation information available to local residents.

N. F. O.

How important is agriculture to the American economy? Modern farming is the nation's biggest industry. Farming employs over 6 million workers—more than the combined employment in transportation, public utilities, the steel industry and the automobile industry. Agriculture assets total \$230 billion, equal to about 2/3 of the value of current assets of all corporations in the U.S. or about half the value of all corporation stocks on the New York Stock Exchange.

The farmer is a good customer. He spends \$30 billion a year for goods and services to produce crops and livestock. Another \$12 billion a year for food, clothing, drugs, appliances, etc. Farmers use 320 million pounds of rubber, 23 billion k.w. hours of electricity, 5 million tons of steel in the form of farm machinery, trucks, cars, fencing and building materials. Farm use of steel accounts for 40,000 jobs in the steel industry. Figuring corn at \$1.05 a bushel, each year corn produces more wealth than all the gold, silver, coal and iron in the U.S.

Three out of every 10 jobs in private employment are related to agriculture.

We know that agriculture is the sick man in the American economy. Our advisers constantly preach efficiency and get bigger. One hour of farm labor produces more than 5 times as much food as did other crops as it did in 1919-21. Crop production is 70 per cent higher per acre. Output per breeding animal has doubled. Productivity of the American farm workers since the 1950's increased by 7.7 per cent a year. Output per man hour in non-agriculture industry increased by 2.8 per cent a year.

So agriculture has become more efficient. Since the end of WW II the farms have nearly doubled in size. If this were the right answer don't you think agriculture's health should be improving? But every year we patients get sicker.

Seven years ago Doctor N.F.O. was born. He said, "Cure the ills of agriculture by pricing your products at the marketplace." This is the kind of medicine which keeps the rest of the economy healthy. Every week more farmers are turning to this medicine and as soon as enough farmers decide to price their products at the marketplace the ills of agriculture will be cured.

ASC PROGRAM

Declines to designate state for feed grain plan

W. M. SMITH
County ASC Manager

We have received word from our state office that the secretary of agriculture has declined to designate any county in Michigan, at the present time, as an emergency feed grain area. Our Washington office, after evaluating all reports, stated that they did not find conditions were sufficiently acute to warrant a program at this time.

One of the primary purposes of this program is to prevent the liquidation of foundation herds in areas that have been affected by natural disaster. Our county disaster committee is interested in knowing how many head of livestock is being sold due to the shortage of feed. Anyone wishing

to report to the county disaster committee may do so at our office.

AT THE PRESENT time there seems to be sufficient feed in our normal trade channels. Of course the price of the available feed is what everyone who has to purchase the feed is concerned with. This being harvest time the price of corn is down to around \$1.12 per bushel.

There seems to be a difference of opinion on the eligibility of a livestock producer to receive assistance through the emergency feed grain program. The eligible provisions are that the owner may be approved to purchase feed grain for eligible livestock, if in the judgment of the approving officials the following eligibility requirements are met:

1) THE emergency has caused a serious loss of feed, including hay, pasture, or range normally available for the owners of livestock which requires the owner to purchase a quantity of feed substantially more than he usually purchases.

2) At the time the owner applies for feed grain he does not have, and is unable to obtain through normal channels of trade without undue financial hardship, sufficient feed for the livestock owned by him.

UNDUE FINANCIAL hardship shall be deemed to exist upon determination by the approving officials that under prevailing local standards the applicants financial resources preclude his obtaining required feed from normal suppliers without imperiling continuance of his farming operations, defaulting on existing financial obligations, unsound borrowing or excessive disposal of livestock.

In making this determination approving officials shall give especially close scrutiny to applicants who locally are customarily regarded as being wealthy, having large financial reserves, or as having substantial non-farm sources of income. If the approving officials are uncertain as to whether the applicant meets the eligibility requirements, they may request such factual information as will permit them to make a determination.

YOU CAN SEE by these provisions that a livestock producer must be in real financial trouble before he can get feed grain through the program.

If the price of feed grain moves up and livestock farmers start selling foundation herds, our county disaster committee will ask the state disaster committee to reconsider our county for the emergency feed grain program.

Conservation exhibits set

The Clinton County Soil and Water Conservation District and the Michigan Agricultural Nitrogen Co. (MANCO) will again sponsor the Future Farmers of America soil and water exhibit contest this year.

Exhibits may not exceed eight feet in length. The score card judges use will be: soil and water conservation educational value, 40 points; clarity of message, 25 points; eye appeal, 20 points; and neatness 15 points.

FUTURE FARMERS chapters eligible to exhibit in Clinton County are those from high schools at Bath, Elsie, Ovid, Pewamo-Westphalia and St. Johns.

Ray Bradley, former district director and president of MANCO, noted that the soil and water conservation exhibit contest is in its fifth year. Many cooperators who have viewed the exhibits have told him how worthwhile they considered the exhibit as education for the future farmers in the Clinton Soil Conservation District.

Robert Moore, chairman of the district directors, believes this is the outstanding feature of the district youth program.

Big and cold

Antarctica, the only continent still in the grip of an Ice Age, has an area of 5,500,000 square miles—one and one-half times the area of the continental United States. The ice sheet is 9,000 feet thick in some places, says the Geological Survey, Department of Interior.

Double, single-cross hybrid corn compared

Since hybrid corn became common in the United States, the type most commonly used has been the double cross. But in recent years single cross hybrids have been increasing in the corn belt. It is estimated that last year 10 to 15 per cent of the corn belt was planted in single crosses or modifications of them.

Corn breeders in different places have reported higher yields and superior quality from single cross hybrids compared to double cross and multiple hybrids. Based on these reports, University of Wisconsin corn breeders Devender K. Nanda and N. P. Neal studied the relative merits of single, double and multiple hybrid crosses.

THEY SELECTED seven sets of hybrids ranging from early to

late maturity. Each set consisted of four single crosses, two double and one multiple (double-double) hybrid cross. They gathered and analyzed information on grain yield, number of days to mid-silk, moisture in ears at harvest, plant height, ear length and shelling percentage.

Certain single crosses gave remarkably high yields, but the researchers say that the averages of all the hybrid crosses didn't indicate significantly greater yields.

YIELDS OF SINGLE crosses ranged from 74 to 164 bushels per acre. Double cross yields ranged from 85 to 162 bushels. Multiple hybrids yielded 101 to 153 bushels per acre. The scientists explain that the variation in yield was mainly due to differences in maturity.

When they compared individual crosses in all sets, single crosses showed better performance. Of the 10 highest yielding combinations, five were single crosses, three were double crosses, and two were multiple hybrids.

Single hybrids tended to be taller than double or multiple hybrids, possibly indicating more vigor for the single cross plants.

NANDA AND Neal think that it may be worthwhile to compare the performance of the various types of hybrid corn more extensively since their tests were for one season only and under one set of environmental conditions.

They say that the higher cost of producing single cross seed may be compensated by exceptionally high yields from single cross hybrids involving superior parental inbred lines.

THE PLANT breeders say that multiple hybrids may have value in areas of the world where greater variability in corn is desirable. Multiple hybrids also may have potential in developing countries where the farmer is accustomed to saving seed from the current crop to plant the next season.

Multiple hybrids might also be useful where agriculture is less advanced and the cost of seed is important in relation to the value of the crop harvested. They might also be useful in situations where it is hazardous to maintain inbred lines for production of hybrid seed.

CLINTON COUNTY SUPERVISORS' PROCEEDINGS

MONDAY, NOVEMBER 1, 1965

The Clinton County Board of Supervisors met on this date at 10:00 a.m. Prayer was offered by Supervisor Gove. A pledge of Allegiance was given to the flag. Roll was called and a quorum reported. Minutes of the last session were read and approved.

A resolution from Preque Isle County regarding owners of mineral rights was read to the Board and on motion of Supervisor Setterington, supported by Supervisor Moore, laid on the table.

After discussion, a motion was made by Supervisor Nobis and supported by Supervisor Carter, that an advertisement be placed in the Clinton County News and the State Journal in an effort to inform the public of the terms of the Plat Act and to warn those who violate the act, that they will be prosecuted. Motion carried.

Supervisor Shepard, as Chairman of the Salary and Clerk Hire Committee, in a report recommended and moved that the classification for position of Abstractor be raised from Class 6 to Class 7, that the position of Deputy Abstractor be abolished and the Deputy Abstractor be appointed as an Abstractor, with the salary set at \$5,100 each beginning January 1, 1966. Motion was supported by Supervisor Shinabery.

After discussion, a motion was made by Supervisor Angell and supported by Supervisor Underhill, that the foregoing motion be tabled. On a show of hands the motion was declared carried by the Chairman.

A motion was made by Supervisor Shepard and supported by Supervisor Clark, that the per diem pay of a Technician employed on a part-time basis with the Health Department be increased from \$15 to \$20 per day. Motion carried.

A question of errors and omissions insurance for the Abstract Department was referred to the Records and Equipment Committee by the Chairman.

A motion was made by Supervisor Clark and supported by Supervisor Hufnagel, that the Salary and Clerk Hire Committee be given power to act in the hiring of an Assistant Zoning Administrator. Motion carried.

Supervisors expense accounts were read, after which a motion by Supervisor Krebel, supported by Supervisor Moore, that the expense accounts be paid as read, was voted and carried.

The Chairman then declared a recess until 1:30 p.m.

After recess, Marie Belknap, Register of Deeds, spoke to the Board concerning plat law violations.

A motion was made by Supervisor Hufnagel and supported by Supervisor Nobis, that the special Committee on reapportionment be authorized and directed to attend a hearing to be held in Detroit on November 4. Motion carried.

Charles Frost, Civil Defense Director, Captain Jack Nimerman of the Michigan State Police and Bill Powell of the State Civil Defense staff spent some time in discussion with the Board, a question of advisability of an emergency operating center.

A motion was made by Supervisor Setterington and supported by Supervisor Mayers, that this Board authorize a feasibility study of an emergency operating center, to be financed one-half by the Federal Government and one-half by Clinton County.

A motion was made by Supervisor Shinabery and supported by Supervisor Mayers, that the foregoing motion be amended to turn the question therein over to the Building and Grounds and Civil Defense Committees to determine the advisability of a feasibility study.

A motion was made by Supervisor Moore and supported by Supervisor Gove, that the Records and Equipment Committee be given power to act on the purchase of furniture and equipment for the Supervisors room. Motion carried.

A motion was made by Supervisor Tiedt and supported by Supervisor Hufnagel, that the Building and Grounds Committee be given power to act on the question of moving a partition at the Welfare Building. Motion carried.

A motion was made by Supervisor Clark and supported by Supervisor Coletta, that the motion tabled during the morning session, having to do with a change of job classification and salary of the Abstractor, be taken from the table and acted upon at this time. Motion carried. Voting Aye on the original motion were Supervisors Shepard, Mayers, Hufnagel, Angell, Moore, Howe, Shinabery, Austin, Underhill, Clark, Coletta, Tiedt and Buck. Nay, Supervisors Setterington, Nobis, Cressman, Carter, Thelen and Price. Supervisors Gove, Krebel and Reed were absent. 13 Ayes - 6 Nays. Motion declared carried.

A motion was made by Supervisor Tiedt and supported by Supervisor Austin, that the Salary and Clerk Hire Committee be directed to review the wage classification schedule of all Court House

By Hila Gross

Our latest selection from the Literary Guild is a book by Peter Mathlessen entitled AT PLAY IN THE FIELDS OF THE LORD. Four of the major characters are American missionaries to the Indians of the South American jungle. Two others are unsavory ex-citizens of the United States, one of whom is part North American Indian. An educated man and a war hero, he has become disillusioned with civilization and decides to join one of the uncivilized tribes of Brazil.

Author Mathlessen is a 38-year-old world traveler and an experienced writer in the field of anthropology. With this opus he enters the field of fiction for the second time. It seems regrettable that he felt compelled to play the field of anthropology against that of evangelical Christianity. AT PLAY IN THE FIELDS OF THE LORD is extremely interesting from the standpoint of its setting and the primitive culture involved. But it is something less than "satisfying as a work of fiction."

THIS LIBRARIAN will take her anthropology straight, this is without a "message" or a "moral." That's the way the people of Yugoslavia, Rumania, Bulgaria, and Albania are presented in one of our newest books of THE WORLD AND ITS PEOPLES from the Greystone Press. We have two more new books of this series - THE CARIBBEAN REGION AND CENTRAL AMERICA and a particularly handsome one called SCANDINAVIA.

We now have 24 of these books of THE WORLD AND ITS PEOPLES, and we would like to see them have a greater circulation. They are excellent books of their kind, with fine photography. The next time you feel as if you'd like an arm-chair journey, ask for one of these books.

PLENTY OF LAUGHS are in store for anybody who reads Art Linkletter's CHILD'S GARDEN OF MISINFORMATION, successor to his two books about the "darndest things" that kids say. Here's a sample gem of wisdom: "Fossils are what archeologists dig up. If dogs dug them up they'd be bones."

BIG BOOK

The atlas is quite an armful. Chip had a time lugging it down off the shelf, but he wanted, once again, to look at some of the fascinating pictures.

He's a small boy for such a big book. Maybe he doesn't understand all of it. But it whets his curiosity, and the curiosity of a small boy is truly insatiable.

Even as Chip glances at the pictures, questions are racing through his mind. And to whom will he address these questions? To you!

When youngsters ask questions, it is up to us, supposedly "grownup" and therefore wiser, to try to give them the right answers. In this day of sometimes dubious and changing values, that isn't always easy. We must first make sure that we have the true basic answers ourselves. There is no surer way of doing this than by arming ourselves with the faith and wisdom found in the Holy Scriptures and in our churches.

WIN THE \$20⁰⁰ JACKPOT!
in the
Clinton County News
FOOTBALL CONTEST

Join in the fun! You can win \$20 cash, paid by The Clinton County News each week to the person who guesses the most winners of the high school and college football games listed on this page. Shop the ads and read the rules to find out how you can cash in!

1. Read every ad on this page. An important game will be listed in each ad for your selection.
2. On a separate sheet of paper, write the name of each merchant on this page and after his name, the name of the team you select as the winner of the game listed in his ad. List in sequence 1 to 20.
3. Be sure and print your name and address plainly on your entry.
4. Mail your entry to Contest Editor, The Clinton County News, St. Johns, before 6 p.m. Friday or deliver it personally to The Clinton County News office before 5 p.m. Friday. Mail must be postmarked no later than 6 p.m. Friday.
5. Contest winners will be announced each week in The Clinton County News.
6. Only one entry per person is allowed.
7. Remember—Your guesses plus the names of the merchants, must be on a SEPARATE sheet of paper . . . not on this page.
8. See copy at left for tie breaker.
