Break Ground Tuesday for \$3 Million Expansion at Federal - Mogul Here

Kermit Hart, local plant manager, lifted the first shovelful of dirt Tuesday morning when contractors for Federal-Mogul began excavation for the plant's \$3 million addition adjacent to the present building at the corner of North Mead and Steel Streets in St. Johns. Company officials, members of the plant employees' committee, and representatives of civic groups gathered for the ground-breaking ceremony. Left to right are Clayton Sharick, St. Johns, plant

committee member; Robert W. Muzzy, Detroit, general manager of the Federal-Mogul Division; W. C. Robertson, Detroit, production manager of the Federal Mogul-Division; Richard Fedewa, Westphalia, chairman of the plant committee; Hart; Ernest Huss, Greenbush, member of the plant committee; Bernard Feldpausch, president of the St. Johns Chamber of Commerce; Jack Smit, Mayor of St. Johns; and Harvey French, Greenbush, member of the plant committee.

## Property reappraisal under way

The H. L. Yoh Co. of Cincinnati has begun a year-and-a-half job of reappraising county real estate property to determine fair, equalized prices as a basis for county tax assessments.

The work has nothing to do directly with assessments, however, and Eugene G. Klee, heading the appraisal work in the county, emphasized that their job was to determine fair values on property so that no taxpayer will have to pay an unfair share.

THE YOH company has set up its headquarters in the basement of the county social welfare building at 1002 S. Oakland Street.

By the middle of this week Klee expected to have two field men starting work in Lebanon Township. Two others will join them next week, and by September or October six or eight other field men will be working on reappraisal.

Klee said the men will carry company identification cards and letters of introduction from county officials. He asked the cooperation of homeowners in admitting the men to their homes so that a complete, accurate and fair report of the home can be made.

THE FIELD men will ask homeowners questions about the interior of the house and improvements and will ask to see it so that it can be properly appraised. They will also measure the building on the outside.

If the homeowner is not at home, Klee said, several other attempts will be made by the field man. If these are still not successful, a call-back card will be left in the door, requesting the homeowner to fill in information and mail it to the Yoh company.

"UNFORTUNATELY, many people think this is a gimmick to raise their taxes," Klee said. "It is not. The fact that equalization of property values is needed is pointed out by the many who think present values are unequal."

"The best way the county figured it could remedy this situation was to reappraise and to bring in outside people to do the job effectively. All we are here to do is to objectively seek equalized values for the county to use as a base for assessing."

The Yoh firm was hired by the Clinton County Board of Supervisors in June to do the reappraisal at a cost of \$84,500. The object: to eliminate inequalities in county assessments which have slowly multiplied over the years.

THE RESULTS of the new appraisal will be used for the first time on the 1966 assessment rolls. Klee, admitted that some people's tax assessments will be slightly higher because of higher values placed on their property. Other assessments will be low-

er. Most taxpayers will notice no change.

"We're here to appraise property fairly and to set a fair price on that property so that nobody will have to pay more than their fair share," Klee reemphasized. "But we don't do the tax assessing. That's done by the county."

KLEE HAS been working in St. Johns for about two weeks, setting up the office and preparing the field information for his workers. He said he has found so far that people have a very cooperative attitude and that he doesn't anticipate much trouble.

His crews will begin reappraisal in Lebanon Township this week and then will work across the upper tier of townships through Essex, Greenbush and Duplain, then drop down to Ovid Township and work west.

Klee said it was the thought of the board of supervisors that the northern townships should be worked first. They said that most of the growth, and related construction, in the county is in the south part. If field work were started there, Klee said, his men would most likely have to back-track later and pick up what wasn't there before.

Klee admitted there are people who refuse to let the appraisers enter the home and who refuse to answer questions. He said that in a case such as that, the field man has no choice but to make a "guesstimate" as to what's on the inside, and appraise the property from that.

"We have no authority to go in to the house," he pointed out, "and we do so only when allow-

ed to by the owner. But I should point out that the homeowner will be doing himself, as well as our field man, a favor by letting him in so that we can get an accurate picture of what the property is really like."

Klee will be contacting realtors, contractors and others who can give him an idea on the costs of property, building materials, labor and other factors which go into determining average square foot costs.

When the field men have completed gathering their information from the homeowners, and the land values, commercial and industrial field specialists have completed their work, probably by the end of next summer, computation on the values will take place.

The size in square feet, the age, the functional and economic obsolescence of a building will all be taken into consideration. The men will add or deduct for its features, its plumbing, its heating, and many other factors.

"We're not interested in the types of house furnishings, the furniture, etc.," Klee said. "We're just interested in the house itself."

The compilation of all this data will be made on special cards, and electronic data processing methods will be used in working out the final values on every piece of property, Klee said.

Klee pointed out that many people argue that because they built a house or other building themselves, it isn't worth as much as it might otherwise be. But it is to be appraised at what it would cost to be built today and then depreciated.

## Name showmanship winners of early 4-H Fair judging

Four youths won places of honor at the Clinton County 4-H Fair by being judged best in showmanship in two of the four top showmanship categories.

Jody Smith and Ricky Smith, both of the Laingsburg area, were judged best in the senior and junior swine showmanship events, respectively, while Leslie Warner and Gail Shafley were best in senior and junior sheep showmanship.

The beef showmanship contest was held late Tuesday afternoon, and the dairy showmanship contest was not slated until Wednesday afternoon.

THE ANNUAL 4-H Fair got off to a good start with warm weather and a horse show Monday accounting for a sizeable increase in attendance.

at times and up to 15 minutes in duration—didn't seem to bother the crowds much. They just moved inside the exhibition buildings during the rain and then returned outside when the sun came out.

Monday was spent mostly in registering exhibits and getting them set up, but the horse show in the afternoon proved to be the most popular of that day's activities.

PERHAPS A thousand people encircled the new horse show ring, standing two and three deep in some spots. The horse show took up most of the afternoon, and the only effect the showers had was to temporarily thin the crowd down and to wet down the dust.

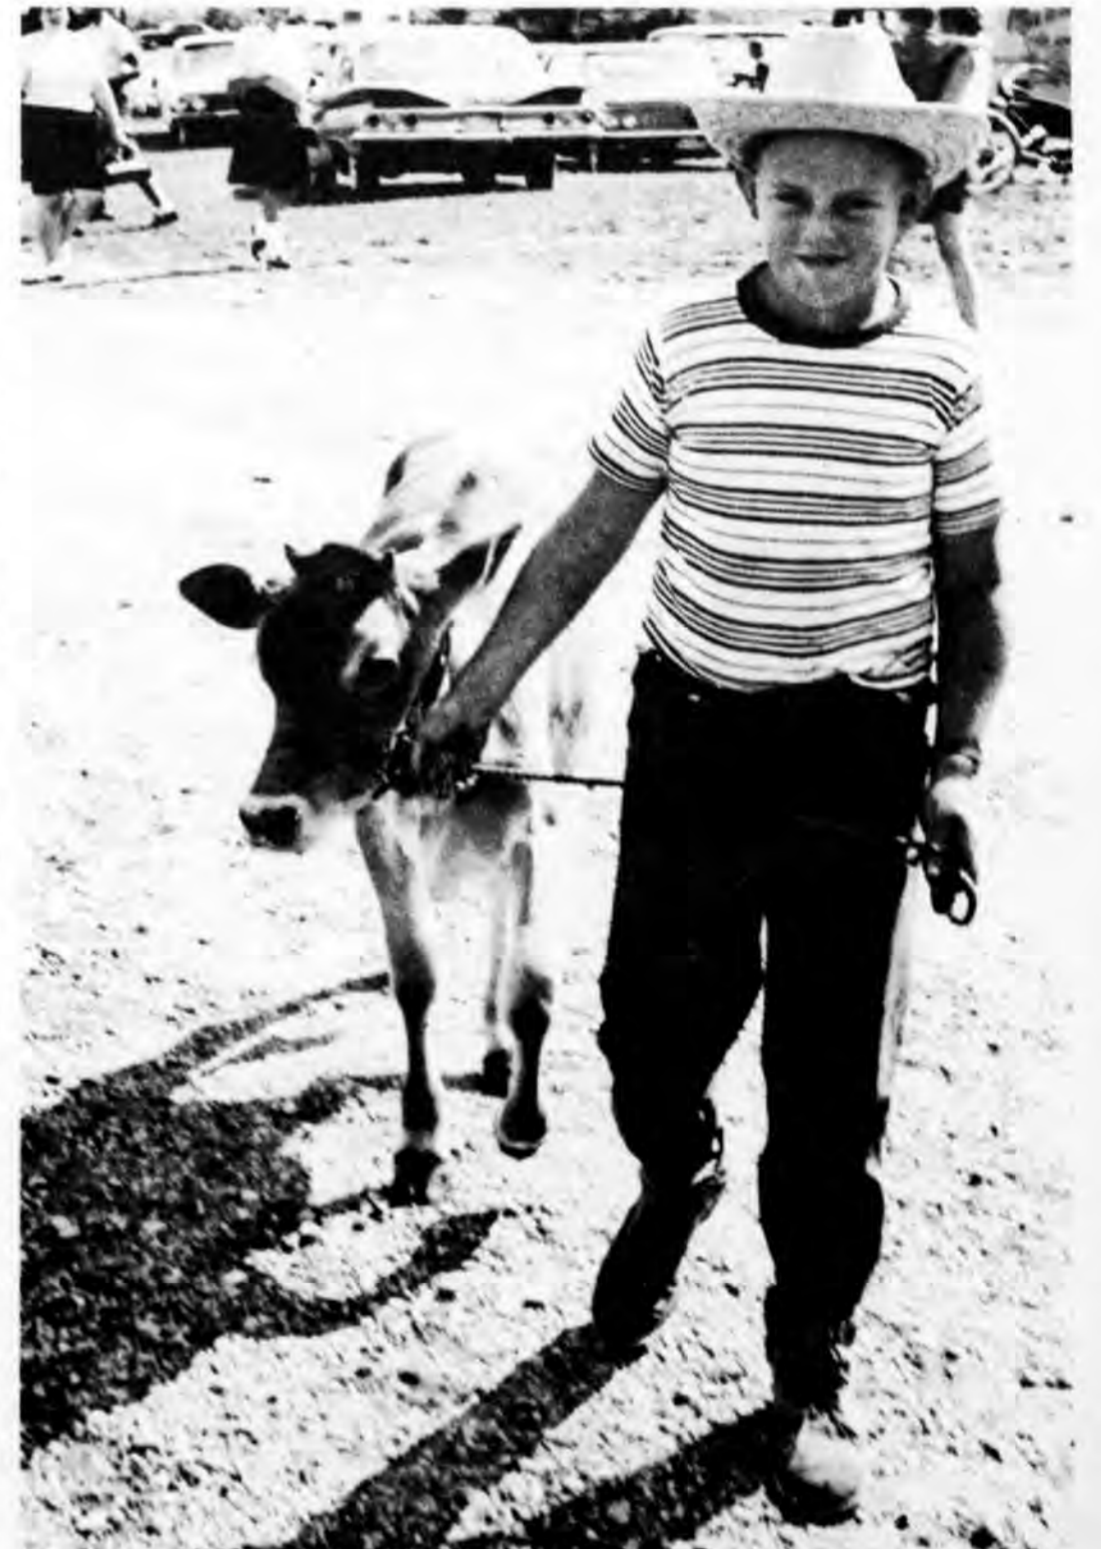

Persons wandering between the rows of exhibits in the two exhibition halls frequently exclaimed at the projects shown there. Don Walker, county 4-H Extension agent, said the foods exhibit was "tremendous," with a lot more creativity and imagination in it than ever before.

BETTY Ketcham, home economics Extension agent, said this was "the first year we let the kids loose and let them exhibit anything they wanted to that represented their projects."

# Children thrown onto pavement after crash

Three youngsters were thrown to the pavement and injured, not seriously, Monday morning after two cars collided.

Brenda, 5, Donna, 4 and Linda Thelen, 12, were treated in the emergency room of Clinton Memorial Hospital for bruises and lacerations and then released.

THEY ARE children of Mr and Mrs Dennis Thelen of 10909 E. Third Street, Fowler. They were passengers in a car driven by their mother which was struck by another driven by Leona L. Murray, 65, of Ashley.

According to St. Johns Police Chief Everett Glazier and Patrolman Kenneth Bunge, who investigated, Mrs Murray failed to yield the right-of-way at the corner of Lansing and West State Streets.

MRS THELEN and her children were westbound on State Street at the time of the crash at 10 a.m. According to the police, Mrs Murray came through the blinking red light at the corner and struck the Thelen car in the right rear, causing it to swerve out of control and into the north curb some distance west of the intersection.

The children were thrown out of the car at that point. They were taken to the hospital by Osgood Ambulance.

MRS MURRAY was ticketed by police for failure to yield the right-of-way.

## 2 cars collide at Clinton, US-27

A collision Monday morning at the corner of North Clinton Avenue and US-27 involved five people, but there was no one hurt.

According to Police Chief Everett Glazier and Patrolman Kenneth Bunge, who investigated, a car driven by Irene Langham, 34, of Clearfield, Pa., pulled from Clinton Avenue toward the northbound lane of US-27 and was hit by an auto driven by John Koch, 20, of Jackson, Mich.

KOCH WAS headed south at the time of the accident at 10:45 a.m. Riding with him were Kathy Koch, 2 months old, and Susan Koch, 19. Riding with Mrs Langham was Rebecca Langham, 15.

No tickets were issued.

## Candidates to gather Aug. 27

Legislative candidates, seeking nomination at the Sept. 1 primary election, have been invited to speak at a Meet the Candidates session at Smith Hall in the St. Johns City Park next Thursday, Aug. 27, at 8 p.m.

The meeting is being sponsored by the Clinton County Farm Bureau and the public is welcome to attend.

CANDIDATES OF both major parties are expected for the meeting. They include prospective nominees for State Representative in the new 87th and 88th districts and for State Senator in the 30th district.

Refreshment will be served at the conclusion of the meeting.

Allan Smith at Akron

This was the over-all scene (above) Saturday at the All-American Soap Box Derby in Akron, Ohio. Picture shows Allan Smith of Westphalia, Clinton County champion, running third in the center lane. Allan was eliminated in his first heat, which was run in a faster time—27.65 seconds—than was the championship heat of 27.70 seconds. Placing first in Allan's heat was Milton Spring of Washington, D.C., and second place was won by Michael Bruffy of Clarksburg, W. Va. At left, Allan is pictured before the race admiring the championship trophy, eventually won by Greg Schumacher of Tacoma, Wash.

Allan was accompanied to the derby by Bernard Feldpausch, director of the Clinton County derby in June. They went down last Wednesday morning and returned Sunday. About 25 area people, including Allan's parents, had planned to see the races.

## Both drivers in crash ticketed

Both drivers were ticketed as the result of a two-vehicle accident last Thursday afternoon in Greenbush Township.

A car driven by David J. Cotton, 24, of 2184 Hyde Road, St. Johns, and a truck driven by John H. Costello, 23, of R-1, St. Johns, collided on US-27 at the corner of Hyde Road.

ACCORDING to Deputy Sheriff Fred Corson, who investigated, both vehicles were going north on US-27. Cotton slowed to turn right onto Hyde. Costello told Corson he did not see Cotton's turn signals and ran into him before he could stop. Cotton claimed he had the signals on.

Cotton was ticketed for violation of financial responsibility, and Costello got a ticket for failure to stop in assured clear distance ahead.

NEITHER driver was injured.

## He's fined, jailed on driving count

Alquert Cudney, 19, of Mulliken pled guilty Tuesday to reckless driving and was fined \$100, assessed costs of \$4.90 and sentenced to five days in the county jail by Justice of the Peace Roy G. Decker of DeWitt. The alternative to paying the fine is 30 days in jail.

JAMES STIFFLER

James Stiffler, 30, of 706 E. State Street, was hired as a new city policeman last week, increasing the police force to six patrolmen and Police Chief Everett Glazier.

Stiffler has been a lifelong area resident, living most of the time in St. Johns and several years in Fowler. He has lived in St. Johns for the past year.

HE IS A 1952 graduate of St. Johns High School, after which he served two years with the US Army. His prior employment was with Johnson's Sawmill on South Francis Road.

Stiffler is married to the former Barbara Johnson of St. Johns, and the couple have two daughters, Camille, 5, and Christine, 17 months old.

## Annual DeWitt Ox Roast plans nearing completion

DeWITT— Plans are nearing completion for the 16th annual Ox Roast sponsored by the DeWitt Memorial Association to be held Saturday, Aug. 22.

One of the big events of the year in DeWitt, the Ox Roast is sponsored by the veterans club through the cooperation of local merchants and townspeople and is a project designed to raise money for the maintenance of the DeWitt Veterans Memorial Building.

THE BUILDING is the village civic center which houses the DeWitt Public Library and a "cancer closet" containing convalescent supplies for patients.

Keith Blizzard, general chairman, said that all profits this year above operating expenses for the present building, if tentative plans are carried out, will be used to construct a two-story building adjacent to the present building for a community building. This would enable the library to use the entire building and alleviate its present crowded condition.

THE festivities will get under way officially at 10 a.m. with a parade of floats, farm machinery, old cars, horses and youngsters on bicycles and tricycles led by the DeWitt color guard and the high school band.

Ox Roast sandwiches and cafeteria foods will be served at the food tent.

The DeWitt Circle 8's Club will sponsor a square dance on the street from 3 to 6:30 p.m. George Peterson of Ionia will be the caller.

The DeWitt Public Library will hold its fourth annual art show Friday and Saturday in the Memorial Building. Many DeWitt area artists will display their work. As many as 1,200 persons have viewed this exhibit in past years.

AN EXPANDED section of games and rides will be available for the younger set and there will be a fireworks display in the evening.

Assisting Blizzard as committee chairmen are: Earl Coryell

and Paul Mulford, eat tent; Ron Mull and Lloyd Ballard, game tent; Joe Hennigan, rides; Lee Rummell, financial; Lawrence Keck, publicity; and William Weston, parade.

Sunday dinner guests of Mr and Mrs Marion Merrill were Mr and Mrs Floyd Davis of Tampa, Fla., and Mr and Mrs Ralph Cumberland of Perrinton.

Kenneth Reed underwent gall-bladder surgery at St. Lawrence Hospital on Friday.

Mr and Mrs Bill Overhold and family are vacationing at Lake Ann this week.

Miss Michele Keck entered the hospital this weekend to undergo foot surgery.

Mrs Elizabeth Lenneman, 92, of Cleveland, Ohio, came this week to spend a month with her son, Jack. She will also visit in the Battle Creek and Westphalia areas.

Mr and Mrs Ward Acre and Mr and Mrs Carl Pyers of Detroit, and Mr and Mrs Russell Sibley were Sunday dinner guests of Mr and Mrs Allen Stamply honoring Mrs Stamply's 75th birthday. The birthday cake for the occasion was made by Mrs Stamply's granddaughters, Susan and Carol Sibley. Mrs Pyers stayed to visit with her sister-in-law until Wednesday.

## 2 cars crash at DeWitt corner

Both drivers were unhurt in the collision of two cars at the corner of Bridge and Madison in DeWitt last Thursday afternoon.

The drivers were Albert A. Yanz, 82, of East Madison, DeWitt, and Michael Gotschall, 18, of 108 1/2 Rosemary, Lansing.

VILLAGE Marshal Charles Anderson reported Yanz, going east on Madison, did not see Gotschall, going north on Bridge. Gotschall said he thought Yanz was going to stop, but when he didn't, he (Gotschall) couldn't stop in time to avoid the crash.

Gotschall's car skidded 66 feet. The accident occurred at 2 p.m.

## Wording cheats cancer unit here

The importance of having the wording of a will absolutely specific, as advised by attorneys and other legalists, was proved recently by the will of a deceased St. Johns woman.

In appreciation of the aid she had received through the Clinton County Chapter of the American Cancer Society, the late Mrs Myrtle Cronk bequeathed the sum of \$7,431.42 to the local chapter.

HOWEVER, because of the wording of the by-laws of the American Cancer Society, the bequest had to be sent to the Michigan Division, Inc. of the American Cancer Society and it is believed that none of it will be returned.

In the absence of Jack Walker, attorney for the Clinton National Bank and Trust Co., executor, Attorney James Moore said "Since the will did not specifically state that the money was to remain in Clinton County and be spent here, it was necessary for us to send the check to the American Cancer Society, Michigan Division, Inc."

FUNDS collected in annual cancer drives are sent to the state office and the amount required for the budget for Clinton County is returned here.

Miss Hazel Williams, chairman of volunteer activities for the Clinton County Chapter, has expressed sincere appreciation of the local chapter and the society for the gift.

## Community leadership topic at Rotary meet

The Role of leadership in the community was the topic of a Chamber of Commerce presentation to the St. Johns Rotary Club Tuesday noon. Bernard Feldpausch, president of the St. Johns Chamber, talked briefly and illustrated his remarks with a film strip.

Sitting or Standing, They Liked Horse Show

The horse show at the 4-H Fair, new this year, drew about 1,000 people to the show ring Monday, and they spent most of the afternoon watching youngsters display and put their horses through the paces. Rain interrupted the event for about 15 minutes, but it continued and the people came back from the shelter of the fairground buildings.

Cleaning Them Up For The Judges

Once the animals were transported to the 4-H Fair barns, youngsters worked long hours in getting them cleaned up and looking good for the thousands of spectators and, most importantly, for the judges. Those who weren't working with their animals gave moral support to those who were.

and humor. One girl wrote to Mrs Lyndon Johnson and asked the First Lady for some of her favorite White House recipes. She got several.

A pecan pie by Lexa Swatman bore this little note:

What's wrong with this pie?

The oven won't lie.

It boiled all over the bottom.

Was it too full, the filling too rich?

If I had my way, it would end in the ditch.

BESIDES the horse show Monday, there was a tractor driving contest and a junior livestock judging contest. Tuesday's activities included afternoon and evening vaudeville performances and judging of all entries except dairy cattle.

Dairy cattle were judged at 9 a.m. Wednesday, the dairy showmanship contest was at 3 p.m., the style revue at 8:30 and the variety show at 8:45 p.m.

WINNERS OF the various contests, compiled through Tuesday afternoon were:

### 7 involved, none hurt in crash

Seven persons were involved, but none were hurt, in a rear-end crash on US-27 south of Townsend Road Sunday.

The cars involved were driven by Douglas A. Condra, 26, of Coldwater, and Robert W. Sodman, 66 of 303 W. Lincoln Street, St. Johns. Both were travelling north.

CONDRA HAD stopped to make a turn off US-27 when he was hit in the rear by Sodman's car. Sodman told Deputy Sheriff Bruce Wilcox that Condra didn't have his turn signals on and made a sudden stop in front of him.

Riding with Condra were his wife, Marian, 26, and children Kurt 4, and Kris 1. Passengers in Sodman's vehicle were Mrs Lot-tie Sodman and Jack A. Sodman, 6, of Laingsburg.

**KNITTING:** rosette, Linda Baese.

**ELECTRICAL:** Norman Dunkel.

A complete list of winners will appear next week.

A Little Apprehensive

Little Tom Potter, 2, son of Mr and Mrs Ronald Potter of Cleveland, Ohio, found the 4-H Fair fascinating, especially the rabbits on display. He was just a little apprehensive, though. His folks were in St. Johns visiting the Marvin Barclays at 403 E. Steel Street.

A Cool, Satisfying Drink

A cool drink from the water fountain tasted good for many a youngster after the work of bringing his and her animals to the fair.

### OK 10% budget increase at P-W

An operating budget of \$201,795 for the 1964-65 school year was approved by the Board of Education for the Pewamo-Westphalia Schools at the public hearing and regular meeting of the board Aug. 10. This represents a 10 per cent increase over the 1963-64 school year.

Increases in both elementary and secondary instruction and teachers' salaries account for the greatest increase in the budget with an advancement of \$20,231.42 or 19 per cent over the same items last year.

TRANSPORTATION costs represent the second largest increase with an advancement of \$2,513.49 over last year. Plant operation will be up \$1,782.21.

Some items show a drop from

last year, according to William Steinke, superintendent. Administrative costs will be down \$478.49, maintenance \$1,272.72, and capital outlay \$2,873.68.

A tax rate of 8.35 mills for school operation and 6.6 mills for debt retirement was approved by the board for the 1964-65 school year.

THE 8.35 MILLS was previously allocated to the school by the Clinton County Allocation Board.

Steinke reported to the board that a first grade teacher and an industrial arts-coach combination were still needed to complete the teaching staff.

In other business transacted, low bids were accepted for the following items: Coal, Barker Coal Co., Ionia, \$14 per ton;

### Driver ticketed following crash

Two cars collided at the corner of Round Lake and Shepardsville roads in Victor Township shortly after 6 p.m. Monday. No one was hurt.

Deputy Sheriff Ramon Terpening said a car driven by William J. Staples, 33, of R-5, St. Johns, stopped for a stop sign at the corner, then pulled into the path of a car driven by Ellen Pipes, 44, of R-2, Laingsburg.

# Parmenter-Eldridge nuptials read here

Pink and white gladioli with silver king artemesia decorated the chancel of the First Methodist Church for the nuptial ceremony for Miss Laura Jean Parmenter and Wilfred Lee Eldridge, both of St. Johns.

Rev Gerald C. Churchill pres-

formed the double ring service that united the daughter of Mrs Kathleen Decker of 609 W. McConnell Street, and Richard Parmenter of R-5, St. Johns, and the son of Mr and Mrs Warren Eldridge of R-2, St. Johns, in marriage.

MRS DUANE Davis played traditional organ selections and accompanied Miss Sandra Dershem who sang "Give Me Your Hand" and "O Perfect Love."

For her wedding, the bride chose a white ballerina length gown of chiffon over taffeta fashioned with a shirred bodice and cap sleeves. Her pearl and rhinestone-trimmed, shoulder length veil of tulle illusion fell from a white organza rose and she carried a bouquet of white daisies and pink sweetheart roses.

MISS SUE Allan of St. Johns served as maid of honor. Her ballerina length gown of white and silver lace bodice was designed with long sleeves and a scooped neckline. The skirt was of light blue net over taffeta. She wore a light blue net headpiece and she carried a bouquet of white daisies and pink carnations.

Lyle Mayer served as best man. George Parmenter of Ovid and Jerry Becker seated the guests.

MRS DECKER chose for her daughter's wedding, a light blue crepe sheath with a matching hat. Mrs Eldridge wore a pink floral

print dress with white accessories. Their corsages were of pink and white carnations.

About 50 guests attended the reception held in the Municipal Building. Assisting with serving were Mrs Robert Ritz, Maureen Parmenter, Nell Corbin, Barbara Newhouse and Julie McCullough. The four-tiered wedding cake was made by the mother of the bride.

MISS PAMELA Murton attended the guest book and Christine Pautke, Elyse Kriebel and Jeanette Schneider opened the gifts.

Guests were from Fowler, Ovid, Pompeji, St. Johns and Ohio.

After a honeymoon in northern Michigan, the couple will be at home Aug. 20 at R-2, St. Johns.

Mrs Eldridge was graduated from Rodney B. Wilson High School in 1964. Her husband graduated from the St. Johns high school in 1960.

## 40 attend reunion of Holley families

The thirty-first annual Holley reunion was held at the St. Johns City Park with 40 persons present.

The youngest member present was Paula Kay Morrill, daughter of Mr and Mrs Richard Morrill of East Lansing.

THE OFFICERS elected for 1965 were Mr and Mrs Ralph Gove, president and secretary-treasurer.

Members were present from Hastings, Grand Ledge, East Lansing, Shepardsville, Bannister and St. Johns.

MR AND MRS LARRY WINELAND

# St. Johns man takes bride at East Tawas

The marriage of Miss Bette June Stonehouse, daughter of Mr William Stonehouse of East Tawas, and Larry A. Wineland, son of Mr and Mrs Harold Wineland of St. Johns, was solemnized Saturday, Aug. 1, at Grace Lutheran Church in East Tawas.

Rev William Lindholm officiated at the double ring ceremony. Mrs Charles Nash of East Tawas served as organist. Candelabra, palms, white gladioli and yellow chrysanthemums decorated the church.

THE BRIDE wore a floor length gown of silk organza trimmed with Chantilly lace over taffeta. It featured wristpoint sleeves, a fitted bodice with a sabrina neckline edged with lace, sequins, and pearls. This was enhanced with a bustle bow at the waistline and a full dome skirt, which ended in a wide chapel sweep. A single crystal and pearl rose secured her imported silk illusion veil and she carried a bouquet of yellow roses and stephanotis.

Attending the bride as maid of honor was Miss Andrea Proctor of East Tawas. Sue White of East Tawas and Sharon Siller of Tawas City were bridesmaids. They chose floor length, maize-colored sheath gowns of linen, enhanced by pillbox veils. Their flower's were yellow roses and daisies. Jo Ellen Stonehouse, niece of the bride, served as flower girl and carried a basket of yellow roses and daisies.

DALE Wineland of St. Johns was best man for his brother with Lloyd Wineland and Douglas Eldridge of St. Johns as groomsmen. Guests were seated by William Stonehouse Jr. of East Tawas and Charles Stonehouse of Tawas City, brothers of the bride.

Mrs Wineland, mother of the groom, wore a blue two-piece lace and linen dress with white accessories. An orchid corsage completed her ensemble.

## DeWitt Grange selects delegates for county convo

DeWITT— Mr and Mrs Harry Green and Mr and Mrs Frank Rohrer were elected delegates to the Clinton County Grange convention to be held Thursday, Sept. 3 at the meeting of DeWitt Grange held in the Memorial Building.

Mrs Russell Sibley will have charge of the float for the Ox Roast parade.

THE PROGRAM was presented as follows: Mrs Henrietta Cushman, a reading written in 1839 on "Taxation of Bachelors"; Mrs Chester Raby read an excerpt on the first Sears and Roebuck catalog; Mrs Robert Moots, a reading on "Candidates."

The program was concluded with a quiz which was won by Miss Linda Johnson.

The next regular meeting will be Friday, Sept. 11, at which time Mrs Henrietta Cushman will install the new officers. Future meetings will be held in the DeWitt Memorial Building.

## New York resident takes keen interest in home area

The Clinton County News received a telephone call from Ed Rogers of Apalachia, N. Y. this week. Mr Rogers ordered a year's subscription to the newspaper for his uncle, Edward R. Rogers, 90, of Elmira, N. Y., a former St. Johns resident.

The Junior Mr Rogers said that someone brought his uncle a copy of the Clinton News recently and the former area resident read it from the first to the last page. Although he recognized only one name in the issue, his interest was keen in it.

His address is: Edward E. Rogers, 174 McConnell Avenue, Elmira Heights, Elmira, N. Y.

Visit the Memorial Building and see the Exhibits displaying the work of local people in the fields of Art, Flowers, Ceramics and Old Photos. Also note the remodeling of the building, made possible by last year's Ox Roast.

The DeWitt Veterans' Memorial Building and Library was erected to honor all war veterans and to provide opportunities for wholesome recreation, education, civic and other leisure time activities.

The chief source of funds to equip, maintain and improve this Memorial Building and Library to their sons and daughters, living and dead, is an OX ROAST which is held one day each year, the latter part of August, by community-wide cooperation of organizations and citizens under the leadership of the Memorial Association Board. The only compensation is the satisfaction of having helped provide quarters for democratic community-wide activity. This valuable building will always be DeWitt's "Unfinished Business."

MR AND MRS CLARK S. GREGORY JR. AND CINDY

New US Citizen visits grandmother here

BY MABEL OPPENNEER

A new American citizen is visiting her great-grandmother, Mrs R. D. Houseman of 500 E. Cass Street.

Twelve-year-old Cindy (Margaret Bernadette) Gregory, who received her US citizenship in a naturalization ceremony in Washington, D. C., July 30, is a native of Pakistan and was adopted in December 1962 from St. Catherine's Catholic Orphanage by former St. Johns residents, Mr and Mrs Clark S. Gregory Jr.

HER MOTHER is the former Miss Lynne Laurence, who instituted the school for retarded children in St. Johns in 1958.

Her father is a personnel officer with the governmental Agency for International Development. During the past five years, they have been located in Pakistan, India and Yemen and will return to Yemen for another year. They have visited 40 other countries during their sojourn there.

MR GREGORY is engaged in two governmental projects in conjunction with the \$26 million AID program in Yemen. A road from Mocha to Sanaa extending from sea level to a height of 9,500 feet is under construction at a cost of \$23 million. The cities have never been connected by a road before. Other roads in this primitive country are mere camel paths.

Another project under construction is a \$3 million modern water system in the city of Taiz. None of the cities have previously had piped water from wells. Numerous other small rural development projects are being undertaken.

APPROXIMATELY 76 Americans are working on the projects as well as 1,500 Yemenis.

Mrs Gregory has no difficulty keeping busy although there are no places of amusement, no golf courses and no department stores in which to shop.

SHE teaches English to the Yemeni employes, publishes the only English newspaper in Yemen which is circulated to all English speaking people in the country, and she operates a bazaar for Americans only.

Since, they have only the wearing apparel they take in with them and children are constantly outgrowing theirs, her bazaar serves a practical purpose for all of the American residents.

"The only danger is," she said

Local women golfers play at Alma event

Some of the Green Tee Club members went to Alma Wednesday to play in the All Club event.

Prizes were awarded to each club present and local members won as follows: Mrs John Martin, a golf cap for low gross; Mrs James Nuser, a pair of golf socks for low net; balls were received by Mrs Basil A. Deibert and Mrs Jerry Snitgen for low and high putts respectively.

A FEW members played here at the Clinton County Country Club, but the weather was so bad that few of them finished nine holes.

The annual tournament began Wednesday, Aug. 19, and will continue until Labor Day when Family Day will also be held at the local club.

**New books are on shelves of Elsie library**

ELSIE—Library services in parts of Clinton, Eaton and Ingham counties was the most serious problem brought out by the recent Tri-County Regional Planning Commission's study on cultural activities.

The local area is well serviced by the Elsie Public Library, its librarian, Mrs Orpha Clement, and the board of trustees but in this county and Eaton, approximately 50 per cent of the population is unserved. Many of these areas are scattered rural populations which are difficult to serve within a community library facility.

THE VARIOUS librarians will hold individual meetings with their boards and plan a general meeting to develop further plans toward regional library systems.

Here are a few titles of new books placed on the shelves of the local library.

"Commandos for Christ" by Bruce Porterfield is the story of the pioneer missionaries who took every risk to make first contact with unknown aboriginal tribes in Bolivia. Porterfield, a Lansing factory worker at the time of the martyr death of five missionaries in the "Green Hell" of Bolivia in 1944, decided his life work lay in that country. After months of training, he and his family began their years of work as missionaries in Bolivia.

"THE DEATH OF THE THRESHER" by Norman Polmar is the full story of events leading up to the worst submarine disaster in history.

"The Spy Who Came in From the Cold," by John LeCarre is one of the best spy stories.

"Alcatraz 1868-1963" by John Godwin is a fascinating account of its history for the 95 years of its existence until its final closing a year ago.

"The Hiroshima Pilot" by William Hule presents for the first time all the facts of Major Claude Catherly's story since that fateful mission of Aug. 6, 1945 when the first atomic bomb was dropped.

REMARQUE'S "The Night in Lisbon" is a romantic and tragic novel set against the background of war-torn Europe.

"Caravans" by James Michener has its setting in Afghanistan, where the ancient and modern worlds exist side by side.

For the teenage crowd there are: "Rod's Girl" by Harriet Carr, a story typical of any small town where a few high school students have an insecure feeling but find themselves by the end of the book; and "Drop-out" by Jeanette Eyerly, of special interest today.

FOR YOUNGER readers there are: "The Loner" by Esther Wier; "School Bell in the Valley" by Natalie Carson; "It's Like This, Cat" by Emily Neville and winner of the 1964 Newberry Award; "Babe Dirikson-Girl Athlete" by Grummond and Delaune; "George Pullman Young Sleeping Car Builder" by Myers; and "Seeing Fingers — the Story of Louis Braille" by DeGering and Weiss, and winner of the 1963 Annual Children's Book Award of the Thomas A. Edison Foundation.

For little folks there are "Here Comes the Bus" by Carolyn Haywood; and the let's-read-and-find-out science book, "Find Out by Touching" by Paul Shower.

**Elsie pair attend events at Gaylord**

ELSIE—Mr and Mrs Sidney J. Keys spent the weekend with their cousins, Mr and Mrs Edward Strolle at Gaylord. They were Saturday evening dinner guests at the AuSable Ranch along with another cousin, Mrs Grace Fosnot.

Sunday, they joined family and friends at the Vanderbilt Community Church where the morning worship service paid tribute to their aunt, Mrs Ida Yull on the occasion of her 88th birthday anniversary. A reception followed in the church dining rooms.

Mrs Yull was the former Ida Scott of Duplain and left here as a young woman.

Shaw-Walker of Muskegon is the world's largest exclusive maker of office equipment.

Sitting On The Corner, Watching The Parade Go By

The Elsie festival parade Saturday, chock full of antique cars, farm implements, fire trucks, tiny floats and lots of people, drew quite a crowd along the parade route. Whether they were youngsters or adults, they were all engrossed in the passing scene. In the background is one of the many rides at the festival.

Old Time Cars Were Center of Interest

Old time cars, numbering at least 20, were the center of considerable interest at the Elsie festival. Passersby inspected the cars all afternoon, but with orders not to touch. The cars participated in the parade Saturday afternoon.

**Not The Least Bit Scared**

This youngster, alone for the moment on what could be a terrifying ride, appeared, instead, casual and unconcerned Saturday afternoon at the Elsie festival. The ride was a small roller coaster.

Top 4-H marksmen in the county pose with empty guns Saturday after the county rifle shoot in which 11 youths participated. Left to right are Jeffrey Stewart, Dale Heide- man, Barbara Bottum and Steven Tarr. The shoot was held on the Erford Eldridge farm west of St. Johns.

### Top 4-H marksmen in county rifle shoot

The top shooters in the four 4-H gun safety clubs in Clinton County had a "shoot-out" Saturday to determine the best marksmen.

In the boys division, Steven Tarr was tops in the junior section with 116 points, Jeffrey Stewart got 169 points to win in the intermediate category, and Dale Heide- man had 226 points to win the senior section.

Barbara Bottum, with 179 points, was the girl's champion.

Eleven riflemen competed in the contest, held on the Erford Eldridge farm in Essex Township. Each contestant fired 10 rounds from each of three positions, prone, standing and sitting.

Others participating besides the winners were Patrick Thelen, Ken Montgomery, Jack Westmoreland, Jon Bottum, Donald Ward, Jack Anderson and Dean McMillan.

JUDGE for the contest was Ross Waugh of Lansing, assisted by his daughter Roxann. They recently returned from Camp Perry, Ohio, where they participated in the National Smallbore Championships. Miss Waugh is Michigan Woman's Gallery champion.

E. J. Bottum conducted the rifle shoot Saturday.

### Softball champ series to start

South Riley Grocery and Dean's Hardware, winners of the first and second rounds respectively in the City Softball League, will play for the city championship next week.

The best-two-out-of-three series will begin Monday night at 7:30 p.m. on the St. Johns City Park diamond. The second game will be Tuesday night, and if a third game is necessary, it will be played Wednesday night at the same time.

### Clinton County Boat Club meets

The Clinton County Boat Club met at Roscommon Saturday morning, with six canoes making the trip from Campbell's canoe livery to Canoe Harbor on the Ausable River.

The group then went to the Cornell cottage. On Sunday, they met at the Willis Hettler cottage on Higgins Lake for a picnic dinner.

The final picnic of the season will be with Jack Rhynard today (Thursday) at Houghton Lake.

### Ovid athletics physicals set

OVID — Physical examinations for Ovid High School athletes will be given at the high school gymnasium Wednesday, Aug. 26, at 9 a.m. All boys desiring to participate in sports of any kind are urged to take advantage of this opportunity. Doctors Elliott and Terpstra will be the examining physicians.

Two or three things are necessary before a student can start practice for high school athletics. First, a physical examination summary must be on file in the high school office and, secondly, the parental approval form must be signed by the parent and be filed at the office.

THEN THE matter of insurance is very important. Health and accident insurance must be carried either through a family plan or in a school plan. Insurance can be obtained through the Michigan High School Athletic Assn. at a nominal cost. Both the physical exam and the insurance would cover all sports for the school year.

Coach Larry Essenmacher has set the evening of Aug. 26 as the time to issue and fit football equipment and gear. Seniors will receive theirs at 7 p.m., and juniors at 8 p.m. Later a time will be set for the junior varsity.

PHYSICAL conditioning will start Aug. 24. A week will be devoted to calisthenics and soccer with a session each day from 10 to 11:30 a.m. On Monday, Aug. 31, regular practice will start with two sessions each day. These will be at 8 a.m. and 4 p.m.

### Overbrook golf league ends

The Monday night league at Overbrook Golf Course at Middleton has ended, with Darrell Miller and Dick Troup in first place and Barney Schultheis and John Murdock in second place.

The open tournament is in its third week, with some unexpected "dark horses" coming out in front. They have this week and next to go, and the winners will be announced Sept. 1.

A WHITE elephant tournament was held Aug. 16, with everyone who played golf bringing a white elephant gift. Everyone received a prize according to their scores.

A husband and wife tournament will be held Aug. 30, starting at 5 p.m. with a wiener roast and will be for members only. The course will be open to the public, however, that day.

### Free swim at pool Friday

Any youngsters who took part in any aspect of the city summer recreation program this year are invited to a free swim Friday morning from 9 to 12 at the city park pool.

### Football team gets orders to toughen up

Coach Bill Smiley has announced a list of instructions for his football players to follow in preparation for the 1964 grid season.

Beginning Monday, all football players are expected to spend the hour from 7 p.m. to 8 p.m. each day at the city park, he said. Co-captains John Vitek and Ken Love will hold conditioning drills and agility drills designed to get the players in condition and ready to start practice.

THE FIRST practice session will be Monday, Aug. 31 at 8 a.m. All football players are to report to the high school at 8 a.m. that day, ready to receive instructions on a regular two-a-day practice schedule.

Physical examinations will be given "en masse" in the high school locker room by local doctors on Friday, Aug. 28, beginning at 11 a.m. All players are to report at that time, Smiley said.

All incoming freshmen will have to have a physical examination to enter high school, and this same exam will do for football.

JUNIOR varsity football players will be able to pick up their uniforms Aug. 27 from 9 to 11 a.m. and again in the afternoon from 1 to 3.

Varsity rosters will be announced Aug. 30.

### Swim meet tonight

The annual city youth swimming meet will be this evening (Thursday) at the city park pool at 6:30 p.m.

Bleachers will be installed for an estimated 400 to 600 persons on the outside of the pool fence. Last year a crowd estimated at about 500 watched the swimming events.

FRANK ROSENGREN, pool director, said about 40 different boys and girls had signed up for the meet by late last week, with half of them entered in almost every event. Events will include the 100-foot free style, the 100-foot breast stroke, the 200-foot free style, 100-foot back stroke, 100-foot side stroke and three-person medley relay.

Winners in each event will be named for four divisions—senior boys and girls and junior boys and girls. The St. Johns Junior Chamber of Commerce will give ribbons to the winners, and a trophy will be given to the person accumulating the most points in individual events, regardless of their division.

ROSENGREN is director of the meet, and LeRoy Hanson is handling arrangements for the Jaycees.

## Clinton Area Deaths

### William J. Arens Helen Wheelock

WESTPHALIA—Funeral services were held Friday at 10:30 a.m. at St. Mary's Church for William J. Arens, 83, retired Westphalia merchant and founder of the Westphalia Milling Co. Rev. Roy Schoendorf officiated and burial was made in St. Mary's Cemetery.

Mr Arens started in the mercantile business with his father, more than 50 years ago in the general store known as the Joseph Arens & Co. In 1913, he built the Westphalia Village Hall and, for 28 years, he was a member of the Westphalia Band. He also belonged to an orchestra group.

HE WAS the oldest member of the Knights of Columbus and Holy Name Society. He and Mrs Arens celebrated their golden wedding anniversary in 1962.

Mr Arens died Tuesday, Aug. 11, at Clinton Memorial Hospital following a short illness.

He was born in Westphalia July 7, 1881, a son of Joseph and Anna Thome Arens. He graduated from St. Mary's School and Assumption College at Sandwich, Ontario.

ON NOV. 12, 1912, he married Veronica Martin who survives.

Also surviving are two daughters, Mrs Marie Smith of Lansing, and Mrs Rita Irner of Westphalia; two sons, Joseph and Gerald, at home; a brother, Joseph, of Mount Clemens; a sister, Miss Anna Arens, of Mount Clemens; 11 grandchildren and 3 great-grandchildren.

### Mrs F. C. Mankey

Schiefer will officiate and burial will be in Mount Rest Cemetery. A family prayer service will be held at the residence at 1:30 p.m.

Mrs Mankey died Monday in her home in Bengal Township following a long illness.

SHE WAS born in Michigan April 11, 1883, a daughter of King Jotham and Sophia Ann Cornell Severance and had spent the last 50 years at R-4, St. Johns, in Bengal Township. She was a member of St. Peter Lutheran Church.

Her husband, Frank C. Mankey, died April 27, 1952.

Surviving are a daughter, Mrs Audrey Marten of R-4, St. Johns; a sister, Mrs Naomi Butler of Lansing; three grandchildren and eleven great-grandchildren.

### ST. JOHNS—Miss Helen Wheelock, 95, a former St. Johns resident, died Aug. 9 in Detroit.

She moved to St. Johns from Cleveland, Ohio, where she was born June 20, 1869 at an early age. She taught in the local elementary school until 1900 when she moved to Detroit.

SHE WAS a receptionist-nurse for a Detroit physician for many years. After his death, she was employed in the records department at Harper Hospital. She later became a records librarian there, a position that she held until her retirement about 15 years ago. She had resided at the King's Daughters Home in Detroit for six years.

She was a niece of William H. Brunson who was a lifelong and prominent St. Johns resident.

SHE leaves four cousins, Mrs Walter (Marian Buck) Rice of Petoskey, Lawrence W. Brunson and Bruce W. Brunson of Grand Rapids, Mrs Robert O. "Billie" Brunson Kutsche of Kalamazoo.

Cremation followed the commitment service at Detroit on Aug. 11. Burial will be made later at St. Johns but no graveside service is planned here.

### Mrs F. Robinson

ST. JOHNS—Funeral services were held Friday at 1:30 p.m. at the Osgood Funeral Home for Mrs Fred (Blanche Z.) Robinson, 88, of 311 E. High Street. Rev. Gerald Churchill of the First Congregational Church officiated and burial was made in the South Ovid Cemetery.

Mrs Robinson died at the Rivard Nursing Home following a long illness. She had been a patient there for eight years.

BORN in Trufant, she was a daughter of J. D. and Elizabeth Edinger VanTassel. She had resided in this area since 1912, and was a member of the First Methodist Church.

She married Fred Robinson in Grand Rapids in 1898. He died in 1931.

SHE is survived by 115 living descendants.

Surviving are two sons, J. D. Robinson of St. Johns and Frank Robinson of Elsie; four daughters, Mrs Alton Thompson of Ovid, Mrs Alfred Doty of South Gate, Mrs Vernon Bendt of Lyons, and Mrs Russell Howe of Eagle; 24 grandchildren and 69 great-grandchildren and 16 great-great-grandchildren.

### Richard D. Pratt

Mr and Mrs Don Pratt returned Sunday from Santa Ana, Calif. where they attended the funeral service of their four-month-old grandson, Richard Dean Pratt.

Ricky is survived by his parents, Mr and Mrs Robert Pratt; a sister, Debbie Kay; a brother, Bobby Jr., grandparents, Mr and Mrs Ed Minter of Orange, Calif., and Mr and Mrs Don Pratt of St. Johns; and an uncle and aunt, Mr and Mrs Don Pratt of Downey, Calif.

He died of a pneumonia virus. He was ill only a short time.

### Howard Harris

DEWITT—Ray Kimball has received word of the death of an uncle, Howard Harris, of North Branch. Mr Harris lived in the DeWitt area 20 years ago.

He was born in Utica in 1893. Mr Harris bought a farm at West Branch in 1946 and has resided there since. He died there on Aug. 5 and was buried at Romeo.

Surviving are one brother, Neil and a sister, Mrs Helen Lyons as well as several nieces and nephews.

### He's fined, jailed for having liquor

**Biology student finds interesting specimen at beach**

SOUTH WATERTOWN—While visiting friends at Dansville the past week, Miss Carol Hodges came upon a two foot, 2 inch, rattlesnake with eight rattlers sunning in the sand. She called for help and the snake was killed. Being interested in biology, Carol opened the snake and found eight babies each about seven inches long. She put one in a can and brought it home. MICHIGAN State University was called and students were sent out who identified the baby as a massasauga rattler. They took it with them promising to give it a good home. They mentioned that

Carol was very lucky to have escaped being bitten. Mr and Mrs Tom Cusick and son of Gowen were Sunday dinner guests of Mr and Mrs Glenn Oliver. Mr and Mrs Robert LaFave have moved into their new home on Clark Road. Miss Diana Hodges was a weekend guest of Miss Connie Buckmaster of Grand Ledge. **Ovid High grads marry at Bannister**

OVID—Mary Ann Bocek became the bride of Robert Heir in a double ring ceremony performed by Rev Clarence Smolinski in St. Cyril Church in Bannister. The bride is a daughter of Mr and Mrs Anthony Bocek Jr, of 226 W. High Street, Ovid. The bridegroom's parents are Mr and Mrs Willis Heir of 224 W. Pearl Street in Ovid. As flower girls, Cindy Cracker, niece of the bride, and Cindy Walker, niece of the bridegroom, wore yellow taffeta with yellow carnations. Douglas Mourou of Ovid, was best man. ROBERT Holzman of Owosso, and Larry Doyen of Ovid, were groomsmen. LeRoy Walker, Donald Heir and Clare Parker, all of Ovid, seated the guests. Mrs Bocek chose a pastel blue, french imported, lace dress with a jacket for the event. Her ensemble was complemented with a blue veiled hat and white accessories. Mrs Heir wore a navy blue dress with a white hat and white accessories. A WEDDING breakfast for the family was served in the Veterans Memorial Building in Ovid. Douglas Angell provided music through the afternoon. A reception and dinner for 500 guests was held in the evening. Miss Galecka assisted the bride in opening their gifts. Following a honeymoon in the Upper Peninsula, the couple is residing at 125 S. Main Street in Ovid. Both are graduates of Ovid High School.

**Ovid family greets Germany student**

OVID—Saturday, Aug. 15, was an exciting day for the Oren Semans family of 1960 S. Austin Road. They went to Detroit to meet Ellen Radke, the exchange student who will live with them for the ensuing year. They have a daughter, Marjorie, a sophomore. Miss Radke comes to Ovid under the sponsorship of the Middlebury Methodist Church and the home of Mr and Mrs Semans will be enriched by the cultural exchange that will take place. The student from East Germany will attend Ovid High School. ELLEN was a senior student at the Artland-Gymnasium of Quakenbruck, 34 Kilometers from Pente, Germany, her home town. She and her sister commute by bicycle and train to and from school each day. Her ambition is to become a teacher of English and Latin. The experience gained in this community and country should be valuable. Miss Radke is the daughter of Wilhelm and Elise Radke. In addition to her parents, the family consists of two older brothers, Norbert and Dieter, and a younger sister Birgit. MR RADKE is chief master and a teacher of the elementary school in Pente. They live in a home provided by the government for their teachers. Ellen's hobbies are swimming, gymnastics, athletics, needlework, playing the piano and reading books. Her traveling has been to the North Sea, the Rhine River, and to Denmark. Therefore this trip will go a long way in fulfilling her reasons for becoming an exchange student—"to get to know foreign countries, enlarge the range of my ideas." ABOUT 400 foreign teenagers from 15 different countries will make their homes for the next year with Michigan families. This is the fourteenth year of the Youth for Understanding Exchange program. A son was born to Mr and Mrs Wells Monroe Tuesday at Owosso Memorial Hospital. A son was born Friday at Owosso Memorial Hospital to Mr and Mrs Perry Hilton. Pfc. and Mrs Billy Moore are spending a 30-day leave with his parents, Mr and Mrs Raymond Moore. Billy is at home from Germany. Mr and Mrs Clyde Parker have returned home from a week's vacation spent in Canada. Mr and Mrs Bernino Garcia have purchased the Mrs Allie Price home on East High Street. ## Billie Lou Assid now Mrs Schomisch

FOWLER—Pink and white gladiol adorned the altar of Fowler Holy Trinity Church for the nuptial service that united Billie Lou Assid of Owosso, and Ronald J. Schomisch Jr.

The daughter of Mrs Pearl Leavitt of Owosso, and the son of Mr and Mrs R. J. Schomisch Sr. of Fowler, exchanged their vows before Rev Edwin Palmer Aug. 6.

THE BRIDE, given in marriage by her uncle, Carl Lacko, wore a gown of lace over satin fashioned with a fitted bodice, a scoop neckline and long, lace sleeves. Her double chapel train was carried by her sister, Margo Assid, who wore white lace over satin and a circular headpiece. A crown of pearls secured the bride's full veil and she carried a pink and white floral arrangement.

Miss Arduith Schomisch served as maid of honor. Bridesmaids were Barbara Nichols, Patricia Patrick of Ovid, Kathy Hayward of Owosso and Linda Hayward of Elsie. Their blue shantung gowns, alike in every detail, were fashioned with bows at the waistlines and scoop necklines. They carried cascades of white Fuji mums with blue daisies. Their circular face veils were held in place by beaded headpieces.

GOWNED IN a lavender ensemble was the flower girl, Debra Nichols, daughter of Mr and Mrs Irving Nichols of Owosso. She carried a lavender basket spilling over with pink and white roses.

Donald Martin of Fowler was best man.

John Swaiger of Fowler, Fred Assid of Owosso, Terry Lane of Lansing, and John Hayward of Owosso served as groomsmen.

CARDS OF THANKS

I wish to thank my many friends, neighbors and relatives for the gifts and cards sent to me on my birthday.—Mrs Fannie Frisbie.

I wish to express my thanks and appreciation to Father Schoettle for his prayers and words of comfort; to the Osgoods for their wonderful services; to my brothers and sister-in-law and Olivia Jolly for their assistance in those first trying hours; to Dr Smith, the Fire Department, the Almans, the Torpeys and all employees of Saylor-Beall Mfg. Co.; to the pall bearers, relatives, friends and neighbors for their sympathy, Mass cards, the beautiful flowers, food, cards and money; to Dina Northouse, Alice Brooke, Florence Jasram and Dorothy Martin for the wonderful dinner served, at the time God saw his way to take my beloved husband into eternal rest. My everlasting gratitude to you all.—Florence Campbell.

We want to express our heartfelt appreciation to all the friends, neighbors and relatives who remembered us with flowers, cards and expressions of sympathy. Special thanks to Rev Churchill, the Osgood Funeral Home, the Rivard Nursing Home, Dr Stoller, the WSCS of the St. Johns Methodist church, the Eureka Women's Fellowship and to all of those who called on her so faithfully, to comfort her during her long illness.—The family of M. S. Blanche Robinson.

We wish to express our sincere appreciation and thanks to our relatives, friends and neighbors for your thoughtful expressions of sympathy during our recent bereavement. These kindnesses shall forever be remembered and cherished, as will the golden days we had with our son. We wish to thank Rev Erwin Self for his comforting words, Rev and Mrs W. E. Weaver for their message in song, Mr Herbert DePeal at the organ, the Church of the Nazarene for the lunch they served, also the Hoag Funeral Home for the many details they so graciously cared for. May God bless you all.—The family of Lavern Bailey.

May God bless you all.—The family of Lavern Bailey.

WE wish to thank my many friends, neighbors and relatives for the gifts and cards sent to me on my birthday.—Mrs Fannie Frisbie.

I wish to express my thanks and appreciation to Father Schoettle for his prayers and words of comfort; to the Osgoods for their wonderful services; to my brothers and sister-in-law and Olivia Jolly for their assistance in those first trying hours; to Dr Smith, the Fire Department, the Almans, the Torpeys and all employees of Saylor-Beall Mfg. Co.; to the pall bearers, relatives, friends and neighbors for their sympathy, Mass cards, the beautiful flowers, food, cards and money; to Dina Northouse, Alice Brooke, Florence Jasram and Dorothy Martin for the wonderful dinner served, at the time God saw his way to take my beloved husband into eternal rest. My everlasting gratitude to you all.—Florence Campbell.

We want to express our heartfelt appreciation to all the friends, neighbors and relatives who remembered us with flowers, cards and expressions of sympathy. Special thanks to Rev Churchill, the Osgood Funeral Home, the Rivard Nursing Home, Dr Stoller, the WSCS of the St. Johns Methodist church, the Eureka Women's Fellowship and to all of those who called on her so faithfully, to comfort her during her long illness.—The family of M. S. Blanche Robinson.

We wish to express our sincere appreciation and thanks to our relatives, friends and neighbors for your thoughtful expressions of sympathy during our recent bereavement. These kindnesses shall forever be remembered and cherished, as will the golden days we had with our son. We wish to thank Rev Erwin Self for his comforting words, Rev and Mrs W. E. Weaver for their message in song, Mr Herbert DePeal at the organ, the Church of the Nazarene for the lunch they served, also the Hoag Funeral Home for the many details they so graciously cared for. May God bless you all.—The family of Lavern Bailey.

### Sheep die in pickup truck fire

St. Johns firemen answered two fire calls Friday afternoon, one which resulted in the death of five sheep and two lambs.

The animals died in the flaming rear end of a pickup truck, whose driver and owner, H. D. Wetzel of R-1, Ithaca, was taking them to the Ionia Free Fair.

THE TRUCK was apparently afire for some time before residents along M-21 four miles west of St. Johns were able to flag the driver down. He turned his west-bound truck around and drove into the back yard of the Robert L. Hathaway farm.

Neighbors called the fire department at 4:40 p.m. and Wetzel and Mrs. Hathaway put the flames out with a garden hose. Firemen finished the job when they arrived.

ONE OF the animals rolled or jumped from the flaming truck about a half-mile east of the Hathaway place. Another truck picked the animal up and delivered it to Wetzel, but the sheep was burned so badly it was put to death.

The Hathaway farm was the same place where several weeks earlier a semi-trailer truckload of pickles upset.

DAMAGE TO the Wetzel truck was estimated at \$100. The amount of loss on the animals was not determined, nor was the cause of the fire.

The other blaze Friday afternoon occurred at 1:05 at the Melvin Smith home north of the Clinton County Country Club where about half an acre of grass, weeds and hay burned.

## Beauchamp heads Ovid-Elsie schools

Robert Beauchamp was named superintendent of schools at a recent board meeting of the Ovid-Elsie Area Schools.

Beauchamp was formerly superintendent of the Ovid Public Schools until the consolidation of the Ovid and Elsie districts May 25.

Prior to Beauchamp's coming to Ovid in August 1964, he had been superintendent of schools at Sheridan Road School on the north side of Lansing for three years (1960-63) and superintendent of Mackinaw City Schools from 1952-60.

BEAUCHAMP IS a World War II veteran, having served in the European theater of war.

ROBERT BEAUCHAMP

He was born and raised in the village of Hubble, Mich. He did his undergraduate work at Northern Michigan College of Education, and received his MA degree from the University of Michigan. He is a member of the MEA, MASA, AASA, VFW, and DAV.

Mr and Mrs Beauchamp reside at 239 W. Front Street, Ovid. They have five children, Jannett and Nanette (twins 10 years old), James 7, Theresa 3, and Charles 1.

BEAUCHAMP will be assisted by Earl Seybert Jr., former superintendent of the Elsie school system. Seybert was appointed assistant superintendent, with duties to be outlined at a board meeting Monday.

Both administrators indicate they have their work cut out for them. To begin with, both school programs will have to be oper-

### Bath schools ready to open

BATH—Bath Community Schools will open Tuesday, Sept. 1, at 8:45 a.m.

Buses will make their usual runs at the same time as last year. Students will return home at noon. Regular classes will begin Sept. 2. The hot lunch program will begin then.

The price for hot lunch will be 30 cents per day on a weekly basis and 35 cent per day for pupils buying only occasionally. Charging for lunches has been discontinued, and all those still owing for lunches are requested to pay the balance immediately.

THE BOOK store will be open Aug. 25, 26, and 27, from 9 to 12 a.m. and 1 to 4 p.m. in the high school building. The Band Boosters Club will handle used books again this year the same hours as the new book store, in the band room.

However, a new ruling will permit personnel to price all books according to the age of the book and its condition. Any unclaimed books or money for books being left more than 30 days after the opening of school will become the property of the Band Boosters Club.

DURING the days of the book sale the principals will be in their offices to register new students. There also will be a list or each grade door stating the children's names that will be in that room so as to help eliminate some of the confusion of the first day of school.

Kindergarten children must be five years of age before Dec. 1, to enter school. Parents are asked to bring kindergarten students the first day. They are also asked to bring the child's birth certificate and proof of the child's immunizations.

## Schools open Sept. 9

Don't look now, but school time is almost here again.

St. Johns schools will open Wednesday Sept. 9 for most students, but high schoolers in the 10th, 11th and 12th grades will not meet for the first time until Sept. 10.

ON SEPT. 9, all elementary students living in St. Johns should report to their respective schools at 8:30 a.m. Bus students will not report.

Seventh grade students will report at 8:30 a.m. Wednesday, Sept. 9, and eighth graders will report at 12:30 p.m. High School freshmen only will report Sept. 9 at 8:40 a.m.

ON SEPT. 10, all elementary and junior high students will report at 8:30 a.m., and sophomores, juniors and seniors at 8:40 a.m.

All schools will be in full session Friday, Sept. 11.

Michigan woodlands produced more pulpwood during the past year than ever before.

Some of the nation's largest paper mills are located in Kalamazoo.

Work on the interior of St. Johns High School includes painting of ceiling tile with fire-resistant paint. Robert Gilbert is shown here painting in the school's front entrance hall.

### James Easton graduates at Michigan Tech

James W. Easton of Elsie received a master of science degree in geophysical engineering at summer commencement ceremonies at Michigan Tech Aug. 19.

Commencement speaker for Tech's third August commencement was H. S. Harrison, president of the Cleveland Cliffs Iron Co., Cleveland.

Easton, son of the Rev. and Mrs. Walter S. Easton, 156 Main Street, Elsie, is a 1954 graduate of Reed City High School and served in the US Army before entering Michigan Tech University. At Tech he has been active in the Phi Eta Sigma honorary society and he is married to the former Charlene H. Toman.

Michigan has a highly diversified skilled-labor force, manning 365 different types of industry found within the state.

## Fulton teachers preparing for school opening Sept. 2

Preparations are under way at Fulton schools for teacher orientation meetings at Fulton High School Monday, Aug. 31, and Tuesday, Sept. 1.

A full schedule of meetings and activities has been planned for these two days beginning at 9 a.m. and continuing until 3 p.m.

ON WEDNESDAY, Sept. 2, all students in grades one through seven and high school grades 11 and 12 will be enrolled between 9 a.m. and 11:30 a.m., when students will be returned home. Thursday, Sept. 3, all elementary grades will be in attendance and grades eight, nine and 10 will be enrolled and receive textbooks at the high school building.

Kindergarten children who have not enrolled previously are to enroll with their teacher Wednesday, Sept. 2. All kindergarten children are required by law to have immunization shots by their

local physician prior to entering school or a form verifying, because of religious beliefs, that they are unable to be immunized.

ON FRIDAY, Sept. 4, classes will be in session for a full day and hot lunches will be served.

All kindergarten children in the Maple Rapids area are to attend morning sessions. Rural children in the Middleton-Perrinton area are to attend morning sessions and village kindergarten children are to attend afternoon sessions.

Textbooks for all elementary pupils, beginning with grade three, will be furnished for a deposit of \$3 plus a workbook fee depending upon the number of workbooks needed. Textbooks for high school students will be \$8, including an activity fee.

The buses will run their regular routes on Wednesday, Sept. 2, at the usual time with the exception of the Washington Center and Ola elementary route which

has been combined. The Washington Center school will commence its daily activities one-half hour earlier than the Ola school. Likewise it will close one-half earlier for the day.

MODERN mathematics will be initiated in the Fulton School system for grades K through third grade. Next year this program will be expanded. The high school mathematics room has been modernized and equipped with a complete modern mathematics laboratory. This includes new desks with apparatus on their desks. Overhead projector and screen, a large slide rule, circles, triangles and other equipment on a large scale are there to make mathematics more realistic.

The Perrinton elementary school will have three additional rooms or teaching stations. This has been accomplished by activating a classroom which previously had been used for speech correction and new quarters ac-

quired for speech correction purposes. The former large home-making room has been divided in two by a folding partition.

ALL classrooms and ceilings in the Middleton elementary school have been painted. Likewise a number of the classrooms at the Perrinton school were painted. The bleachers in the new high school gym have been sanded and refinished.

Maple Rapids elementary school has also been refurbished during the summer months by painting, refinishing desk tops, and a new sidewalk constructed on the south side of the school building. Electrical circuits have also been added.

The two rural schools, namely Ola and Washington Center, have been cleaned and painted in the interior.

By the time school commences Sept. 2, the schools should be in

readiness to welcome the children for the school year of 1964-65.

Concluded from page 1B  
 THE FIRST grade teachers have asked that all students have tags for the first week of school. These tags are to have their name, address, telephone, parent's name and teacher's name. This will save confusion in placing the child in the right room and

on the right bus.  
 A nominal fee will be charged to cover the cost of art supplies. This fee will be collected by the teachers the first week of school.

#### SCOREBOARD

Highway statistics prove that four Americans die and 150 are injured every hour—slow down and live.

Secretaries Go To School

Mrs Rose Tarr of St. Johns, third from right, was one of 150 of Michigan's educational secretaries recently taking a three-day course on latest ideas in office procedures. The conference was at Ferris State College. Other secretaries watching Martha Schmel, finance assistant at Ferris, are, left to right, Edna Harke of Lansing, Bea Kelley of Elsie, Norma Smalley of Perrinton, Mrs Tarr, Maxine Broadhurst and Harriet Cosner of Milan.

## St. Johns schools getting \$24,000-plus renovation

Many renovations and changes are being made in several of the school buildings in St. Johns this summer, at a total cost of about \$24,000.

The boiler at Perrin-Palmer school, having outlived its usefulness, is being replaced with a gas-fired steam boiler. With this installation all the school buildings will be heated with gas.

Several renovations are under way in the high school in order to meet the state fire marshal's requirements for safety.

FOREMOST among these is the re-lighting of the auditorium stage. Since the superstructure or support of the original lighting, installed when the building was built in 1924, was of wood con-

struction, it had to be removed and replaced with steel beams. This has been completed, and electricians are now installing the wiring in preparation for new switchboards and lighting equipment.

Also to be constructed is an exit to the outside from the north side of the auditorium.

BECAUSE OF THE fact the west end of the building would act as a trap for students in case of a fire, an outside fire escape is being built outside the southwest classrooms. This escape will service three class-

rooms on the second floor and two on the first.

Also being installed are seven fire doors in various areas of the basement, as well as two cement block walls to act as fire curtains.

IN ADDITION to these, projects totalling \$24,000, the acoustical tile in all hallways and classrooms is being treated with Underwriter's approved fire retardant paint. It is anticipated that all of these changes, with the exception of the exit from the auditorium, will be completed by the opening of school Sept. 8.

## Ovid-Elsie school dates announced

The Ovid-Elsie Area Schools will open Tuesday, Sept. 8, according to Supt. Robert H. Beauchamp.

All students living in the former Ovid district will attend schools located in or near Ovid, while all students in the former Elsie district will attend schools there.

THE SCHOOL district will operate two high schools—one at Ovid and one at Elsie. Elsie High School will be under the direction of Ralph Stull, principal, and Blaine Lentz, assistant principal. Ovid High School will be under the guidance of Thad Flaucher as high school principal.

building as well as two sections in each grade from one through seven. In addition, the following rural schools will house the following grades:

First grade, Soule School and Lake School. Second grade, Merrill School and Sherburne School; Third grade, Jessie School and Wildcat School; Fourth grade, Carland School; Fifth grade, Grove School; Sixth grade, Shepardsville School; Seventh grade, Mead School.

ALL BUSES will make their first run Tuesday morning, Sept. 8. School will be dismissed at noon and all buses will return the students then.

ALL STUDENTS who were not in attendance at either the Ovid or Elsie School at the close of school last year are requested to register at the administrative offices in Elsie and Ovid on Tuesday, Sept. 1 from 9 to 12 a.m. or 1 to 4 p.m.

The board of education has set up the textbooks and workbooks on a fee basis. The fees are \$4 for elementary students and \$5 for high school students. Fees must be paid before books are issued. Students may pay their fees at the school they are attending in Elsie and at the Ovid Elementary and Ovid High School

STUDENTS are asked to pay their book fees on Sept. 1 and Sept. 2 according to the following schedule of the first letter in their last names:

Sept. 1 9 a.m. - 12 noon, A through E; 1 p.m. - 4 p.m., F through L; Sept. 2 9 a.m. - 12 noon, M through Q; 1 p.m. - 4 p.m. R through Z.

Bus schedules and routes will be announced later.

### Happy Hustlers make plans for the county fair

The Clinton County 4-H Fair was the main topic discussed at the Happy Hustlers 4-H Club meeting held at the home of Ann Kurncz. The members answered roll call with something they have done this summer. Ann Kurncz and Linda Searles led the club pledges.

Jean Schaefer gave a demonstration on preparing vegetables

for exhibit at the fair and answered questions and members had concerning their vegetable gardening project.

DOLORES Bauer and Jean

Schaefer were appointed on the picnic planning committee. The picnic will be held at the home of Dolores and Doreen Bauer Aug. 24, at 6 p.m. Each member will bring his own wieners and buns.

## Don't be a statistic in work wanted bulletins

Last week's cool spell should remind us that summer's about over and Clinton area schools will be opening their doors in a few short weeks.

This September will be a time of decision for many of our high school youngsters. Some may choose to drop out of school. Others will pick easy courses and attempt to coast through without really preparing themselves for future work or schooling.

Bulletins reaching our desk from the Michigan Employment Security Commission should be a deterrent to these boys and girls. High schools would do well to post these bulletins as practical examples of what jobs are available. Both pupils and parents should be made aware of the real crisis in employment among untrained individuals.

A RECENT BULLETIN on available unemployed labor in this area listed only one machine tool designer looking for a job. There were a half-dozen stenographers but over a hundred who had only enough training to do general office work. Most of these had no experience.

There were hundreds on the list for truck driver jobs; other hundreds are available for unskilled and semi-skilled work. On the other hand, there was only one pipe-fitter out of work, only two electricians were seeking jobs and only four trained welders were looking for employment.

Job training is more important than ever these days. Skills are saleable. Those youngsters who forget this are the ones who end up as statistics in the work wanted bulletin.

## What do they mean: One Man, One Vote?

These days of fouled up legislative districts you hear much championing of the "one man, one vote" theory. This is supposed to be the American way of government, based on the Federal constitution. Well . . .

Beginning at the beginning, the constitution was not adopted by a vote of the people, based on one man, one vote. It was adopted when nine colonial legislatures ok'd it.

Originally, the constitution provided for state legislators to appoint electors who in turn elected the President. This was later amended so that the people now elect the electors, but whatever candidate receives the majority of votes in a state, he gets the state's entire electoral vote. That's hardly one man, one vote.

IT'S THE SAME with the judicial and legislative branches. Federal judges are appointed. Each state, regardless of size, has two senators. In the House of Representatives, to cite one example, Delaware and Nevada are each entitled to one representative. According to the 1960 census, Delaware has almost twice the population of Nevada.

All this is constitutional—"the American way."

Clip this editorial. The next time some bird says you must share your State Representative with various townships in Eaton, Gratiot and Midland Counties because any other way is "unconstitutional" stick it in his ear.

## RAMBLIN' with Rink

BY LOWELL G. RINKER

I was reading the other day about the Presidential Scholars—a boy and a girl from each of the states, from each of the 11 US territories and 15 students at large.

Each year from now on a group will be designated "Presidential Scholars," an honor set up earlier this year by President Lyndon B. Johnson, himself once a teacher.

THIS IS a nice thing, and it shows that more attention is being placed on scholarship, and not only by educators. Scholars in high school are not looked on so much anymore as merely teachers' pets by their fellow students; they're taking a place of honor.

It has occurred to me in the past, as it did last week when I thought of the upcoming honor rolls, that students who study hard and do well in school probably don't get the proper recognition.

I UNDERSTAND there is a chapter of the National Honor Society at the high school, and they do their part in promoting scholarship and recognizing those who achieve it. And there are many other groups, civic groups as well as those in school, which help to spotlight those who are learning and doing it exceptionally well.

But honors like these are often soon forgotten by those not associated with the student. The name is read in the paper, but the meaning is soon lost in the shuffle of other names through the mind.

IN ATHLETICS, this problem is combatted by using the athletic letter, which the athletes wear on sweaters. The band does the same.

IF THIS method would help—and it would—then it would be more than worthwhile.

Two armed men walked into the State Bank of Elsie Thursday morning shortly after employees opened for business and made off with \$12,000 in currency and silver dollars.

One of St. Johns' oldest and most prosperous establishments—O. P. DeWitt and Sons, a firm that has long been prominent in the community's financial and civic affairs—will go out of business here this Saturday, Aug. 21.

Two appointments were made

Why couldn't this be done for those achieving greatness in scholarship?

Such a plan works fine in the high school at Denison, Tex., according to an article in a national newspaper supplement magazine in 1961. School letters were awarded each year to 24 students who did superior work in academics.

THERE, EACH school year, the 24 letters are handed out, equally divided among the four major fields of study—English, math, science and social sciences—and the sophomore, junior and senior levels.

Letter winners themselves were reported extremely proud of their achievement. But more importantly, one of those students who hadn't won remarked: "I'd rather have one of those than a sports letter. They really show you've achieved something." A football player who won both an athletic and scholastic letter significantly wore the one for academics.

A PROGRAM similar to the one in Denison could work here, and it wouldn't downgrade the athletes and bandsmen. But it would honor, and put on public display whenever he or she wore the sweater, the scholar. If the letter was white with red letters, it would differentiate the scholar from the others.

These students and the ones who are trying to better themselves are the ones who should be constantly recognized and encouraged by the public, for they are the future backbone of future America.

IF THIS method would help—and it would—then it would be more than worthwhile.

# Primary ballots confuse printers

If you as a Clinton area voter are slightly confused about who's running for what in which district at the coming Sept. 1 Primary Election, you can understand readily the problems that have confronted state and county election officials and us ballot printers.

Clinton County's ballots were all delivered by last Wednesday's Aug. 12th deadline. Efficient County Clerk Paul Wakefield saw to that. So far as he and the printers here at the Clinton County News know, they're correct in all respects—but we have our fingers crossed.

With as many as six different ballots being used in Clinton precincts Sept. 1 the opportunity for human error was never as great.

HERE AT THE News we pride ourselves on having perhaps the most experienced ballot printing team in Michigan. Gordon Luther and Birdaline Smith have been at it for more than 40 years. John Hannah, our superintendent, is a former municipal and county official and has been associated with ballot printing for more than three decades.

I'm the youngster in the outfit, but I first started running Michigan ballots in 1934. All together, we can boast of about 150 years of ballot printing knowledge.

So, when we say that this September's primary ballots are the most confusing in our total experience, we're covering a lot of territory.

THREE SEPARATE and distinct ballots, printed on both sides, will be used in Clinton precincts for the partisan state and county primary. The ballots are pretty much the same except in the spaces provided for Congressman and State Representative. The Democrat ballot is on one side of the sheet and the Republican on the other.

In seven of Clinton's 25 precincts, candidates for Sixth District Congressman appear. In the other 18, the names are for candidates for Third District Congressman.

In 14 of the 25 precincts, voters will ballot on candidates for 87th District

State Representative. In the other 11 precincts the listing will be of candidates for the 88th District State Representative.

If you live in St. Johns, for example, you'll vote for a Third District Congressman and a 87th District legislator. In Bengal or Greenbush, a few miles away, you'll still vote for the same Congress candidates, but different legislative nominees—the 88th District in this instance.

THIS ELECTION will also be the first in which voters will select nonpartisan nominees for the new State Court of Appeals. Ten lawyers, some of them now serving as circuit, probate or municipal judges—are candidates for the three judgeships in the 66-county district of which Clinton is a part.

The top six vote-getters in this primary will compete in November for the three court seats in the district.

On this ballot, with 10 candidates, the names must be alternated in printing so that each name appears at the top of the list an equal number of times in each precinct. This is also true with individual offices on the partisan primary ballot. This statutory requirement is a good one, but it helps to drive ballot printers nuts.

FURTHER complicating next month's election is the township primary in several Clinton precincts. This is the first time when township primaries have been combined with the state primary. There's competition for some of the offices in Bath, DeWitt and Olive.

An extra ballot, with which Clinton voters are not familiar, will be one which provides space for choosing delegates to county conventions of the major political parties. In some precincts a slate of delegates has been nominated and their names will appear on the ballot. In others delegates will be chosen by write-in votes.

If all this sounds puzzling, it's because it is. But we really don't have it so bad as they do in many other areas around the state. In Macomb County there will be 17 different types of ballots and in Ypsilanti Township of Washtenaw there are 36 candidates seeking 24 nominations.

## Changing Times

BY W. E. DOBSON

There was a man—the silly ass—  
He lived so long ago,  
Who ate his three square meals a day—  
He was too dumb to know!

He liked to see the deep cream line  
On milk allowed to set,  
And if some fat was on his meat,  
Now who was he to fret?

Potatoes were with him main dish,  
Along with bread and meat,  
And gravy really set it off,  
And made it fit to eat.

He liked his cakes with syrup,  
He was not one to stutter,  
If he could also smear 'em with  
Some healthy gobs of butter.

He liked to see the butter drip  
Off from the sweet corn ears,  
Ice cream and cake were not a sin—  
Of pie he had no fears.

For coffee and some tea he had  
A weakness he'd confess,  
And searched not for the label  
"One calorie—or less."

Now this man lived, so I am told—  
He really was no fake,  
Before they found cholesterol  
And calorie intake.

Had he been smart enough to know  
How wretchedly he fared,  
He'd probably survive today,  
His health but scarce impaired.

The man today does not exist  
He could not well deny it—  
He died of over-eating  
On a too-nutritious diet.

We're sorry that he had to go,  
But without his toil and sweat,  
He'd not have eaten surplus food,  
And that's a problem yet!

## Letters to the Editor

### Peasant from the Ledges says thanks

JUST A NOTE to thank you for the kind words in your illustrious sheet.

I received a clipping of the item this morning from my brother in Dallas, Texas, who in turn received it from Jack Jacob of Little Rock, Ark. Jack formerly lived southwest of town. His parents are old friends of our family—Otto and Ona Jacob.

It was a genuine pleasure for me to return to St. Johns and do a little reminiscing before the Rotary Club. I can see the growth and progress that has taken place over the years and maybe appreciate it more than those who have not been away.

Your newspaper is certainly a tribute to your staff and the city, despite the fact that you carry an occasional note about a peasant from the Ledges.

JERRY D. ANDERSON

### About parking and roadside weeds

I RECENTLY talked with a businessman in St. Johns about Sidewalk Days there and he said they were a great success. I think it is due to the friendly spirit and the carnival atmosphere in the good, old hometown on these days.

He mentioned also that the police issue no tickets for overtime parking on these days, but the city doesn't want to miss any pennies so they don't advertise the fact.

He thinks if St. Johns would

throw out the parking meters business would be better on Clinton Avenue. The cost of policing the meters as well as the cost of packaging the small coins and clerk hire for the city offices takes up quite a lot of the meter revenue.

Parking in St. Johns is not a problem as it is in Lansing. Most people would park only one hour or less if parking was free.

My friend also mentioned urban renewal and how nothing is being done about it in St. Johns. Even St. Johns Business Unlimited seems dead when only about half of the flower boxes were painted; and some boxes don't even get a pail of water or a bit of care.

My neighbor mows the grass by my mailbox, but I also spray his weeds. We take pride in our roadsides. That brings up the hazards of weeds along the highway. Someone is apt to get hurt because of this sad condition on many country roads.

The highway department is trying to get the roadsides mowed on the blacktop roads but they don't have the time, funds or equipment to do the thousands of miles of roads in the county.

Each property owner should do his own or even his neighbor's if he cares how his property looks.

BOB WARD  
R-1, St. Johns

To be free is to be able to do what you please without considering anyone except your wife, the policeman, the boss, the life insurance company, the state, federal and city authorities and your neighbors.

**MICHIGAN MIRROR**

**Classes of adults major in 'Jobs' at Lansing**

BY ELMER E. WHITE  
Michigan Press Ass'n.

A "new and different" educational project is underway within the shadow of Michigan's state capitol.

Students attending classes in old St. Mary's School are all majoring in the same subject—jobs.

"The world doesn't owe us a living—all we ask is that it give us a chance to earn one ourselves."

WITH THIS creed, 150 students, most of them previously unemployable are undergoing a one-year training program at the Michigan Catholic Conference Job Training Center. Religious background is not considered when enrolling students, and many faiths are represented.

The unique anti-poverty program, designed to make them employable, is being paid for by three federal agencies and is sponsored by the Michigan Catholic Conference which represents the Catholic bishops of Michigan. However, few of the students and staff are Catholics.

STUDENTS attend classes daily from 8 a.m. to 3 p.m. in old St. Mary's School. The program calls for 30 weeks of basic education and 20 weeks of vocational instruction. Students receive training allowances ranging from \$20 to \$48 weekly depending on their family status.

Average age of all students is 34. Married students have an "average" of four children; one has 12. Their formal education level is grade six. One in four students had less than three years of formal education.

THE AVERAGE earnings of each trainee last year was below \$700.

Francis J. Coomes, executive director of the Michigan Catholic Conference, said the program has received "outstanding support" from all major faiths in the Lansing area and other community organizations like the Lansing Community Services Council.

\*Central Methodist, for instance, is operating a nursery school for pre-kindergarten chil-

dren of the trainees," Coomes said. "And transportation for the pre schoolers is being supplied by the Lansing chapter of the American Red Cross."

COOMES SAID most of the students are making "good progress. We're pleased with results of the program so far, but the real test will be whether they can get jobs afterward," he said.

"If they can get jobs that will pay twice as much as they were receiving on welfare, then the training will pay for itself," Coomes said.

FARM DISPLAYS and other agricultural matters at Michigan's State Fair are in the hands of six experienced farmers. The Fair opens Aug. 28 and closes the evening of Labor Day, Sept. 7.

The six farmers who are in charge of exhibits include two who come from Centennial Farms,

which means they have been operated by members of the same family for more than 100 years. One of these is Stanley M. Powell of Ionia. Powell is very active in the Farm Bureau and raises both prize milking shorthorn cattle and prize sheep.

THE OTHER Centennial Farmer is Delmont Chapman, South Rockwood. He has served on the State Fair Authority several times and in the state Legislature. He is the third generation to operate the farm and now raises prize sheep. His youngsters are also active in sheep raising.

Former Director of Agriculture Charles Figy, a Morenci farmer, is chairman of the State Fair Authority. Youngest member of the group is Robert Zeeb, 32. Chosen Outstanding Young Farmer of the Year in 1963 by the Junior Chamber of Commerce, Zeeb operates a dairy farm with his father near Bath.

"My allowance runs into one figure . . . YOU!"

**Book Shelf**

By Elizabeth Millman

New books to brighten the dog days—

"Dragon Cove" by Carter Vaughn is the story of Newport and the underground activities that harassed the British before and during the American Revolution. American patriots devised clever ways of sabotage, clever ways to get past Howe's blockade, and clever ways of luring the British officers into fatal traps. The hero climaxes his escapades in a fierce sea battle in which the freedom of Rhode Island is the prize. There is also romance included to make this a most readable story of our Nation's early days.

ANOTHER dramatic, action-packed story is "A Narrow Action," by Harvey Breit. This is the story of a social revolution laid in a Caribbean Island. Swept into power with great aspirations, the regime soon repeats the old disorders. It is a story of disillusion.

"The Sound of Small Hammers" by Bynum Shaw is a story of a divided Germany. The author has been chief of the German bureau of the Baltimore Sun for the past four years, so he writes with first hand knowledge of the country. The "small hammers" of truth shake the Communist structure, and they are well assessed in this tale that covers life in Germany. In this book we find, in type, the Americans, the Russians, and the Germans—good and bad—who are now guiding the destiny of a divided country.

CONRAD Richter, well known for his stories of pioneer life, has written "The Grandfathers." This is a tale of ordinary, hard-working country people. It tells of the struggles that went into winning the land from the wilderness and the founding of a town.

FOR MUSIC lovers we have added Tchaikovsky's "Swan Lake" recording made by the popular Boston Pops Orchestra under the director Arthur Fieldler.

**COUNTRY FLAVOR**

**Crackers and milk top off a warm, summer evening**

HAYDN PEARSON

We are in favor of established etiquette and high-level culinary action. No question that a man needs to be reminded occasionally by wife and daughters of certain amenities that contribute to gracious living. Authorities write solemn books concerning acceptable actions, and papers and magazines carry articles that de-

lineate the details one should know.

The countryman usually agrees in principle with the rules and regulations laid down by those who specialize in channelling a man's actions into conformity with the mores established by the etiquette specialists. But when it comes to crumbling crackers into

a liquid, he reserves the right to eat a cracker-liquid meal as he judges most enjoyable and efficacious.

CRACKERS and milk is a family affair, so a man does not feel the pressure that would be exerted if he performed his ritual in a public eating place or as a guest at a dinner.

On a hot evening, after a man has had his main meal at noon of boiled potatoes, salt pork, creamy gravy, buttered beets, and about a quarter of a warm, juicy raspberry pie, he is happy to conclude the day's intake of nourishment with crumbled crackers and creamy milk.

ONE NEEDS a good-sized bowl of the liquid, eight or 10 crackers and a degree of courage. Take a couple of crackers in hand and crush them; let them soak up milk for a minute or two. Then with a dessert spoon for an implement, enjoy one of the best of meals on a warm, summer evening. No objection, of course, if there is a piece of that raspberry pie left over for dessert.

GOVERNOR ROMNEY REPORTS

The summer months are upon us and once again Michigan citizens (and, of course, many people from outside the borders of Michigan) are taking to the road to enjoy the many scenic sights of the Water Wonderland, Michigan is Vacationland to many people, and our tourist industry is one of the biggest industries we have. Michigan is a beautiful state, with its sparkling lakes and lush green forests, its quiet retreats and its fishing streams all beckoning for the vacationer's attention. Secretary of the Interior Stewart L. Udall, in his book THE QUIET CRISIS, maintains that "we can have . . . an unspoiled environment if we are willing to pay the price" and he further adds that "we must develop a land conscience that will inspire those daily acts of stewardship which will make America a more pleasant and more productive land."

REPUBLICAN PARTY CAUCUS ESSEX TOWNSHIP

At the Maple Rapids Village Hall on SATURDAY, AUGUST 29 at 1:30 p.m.

All party electors are urged to attend.—By Order of Committee. THE Michigan State Chamber of Commerce has provided organizational facilities for Keep Michigan Beautiful.

ONE OVER-RIDING element clouds this beautiful picture; human carelessness. One cannot help feel a sense of anger and resentment at finding a pile of rusty beer cans at an otherwise lovely camping spot. Or shards of broken glass on a sandy beach where many walk barefooted. What is more disgusting than a pile of litter or trash alongside the highway or a lake or stream that serves as a garbage dump?

Chapman District By Mrs Gerald Pope

Michigan Livestock Auction Markets Association DIRECTORS: FRANK FULLMER, C. L. GRAY, CURT LYTLE, ALDOR KERSCHER, CARL WEAVER OFFICERS: JAMES W. PRINCE, RICHARD HANCHETT, ORIN HESELSCHWERDT Secretary-Treasurer TO THE TAXPAYERS OF 88TH DISTRICT We, the undersigned, heartily recommend your vote for Lester Allen, Tuesday, Sept. 1. We have observed Allen in the discharge of his duties to you during legislative sessions in Lansing. Allen's thorough knowledge of all aspects of farming, dairy, grain and livestock production, enable him to represent you in a most satisfactory manner. Allen's successful conduct of his own business qualifies him to strive for efficient operation of our State business. State government needs more men like Allen who have been able to successfully manage their own business. Allen's courage in fighting for his beliefs insures you capable, efficient, effective representation in the legislature in Lansing. We have seen him fighting practically alone to defeat legislation that the Department of Agriculture and other special interest groups were sponsoring. Defeating this legislation saved the farmers and taxpayers of Michigan more than \$100,000 annually. Consistent with Allen's record for economy in government, we note he voted against the pay increase for legislators. As a lifelong resident of this district, Allen is thoroughly familiar with your interests and your problems. A vote for Lester Allen is a vote for good government. J. W. Prince, President, Michigan Livestock Auction Markets Association; Frank Fullmer, Director, Michigan Livestock Auction Markets Association; Charles Gray, Director, Michigan Livestock Auction Markets Association; Curt Lytle, Director, Michigan Livestock Auction Markets Association; Ray Montague, Manager of St. Louis Livestock Yard.

## Bob Zeeb busy with Fair duties

Being an active farmer is nothing new for Bob Zeeb of DeWitt Township, but even with his new duties as chairman of the Michigan State Fair Premium Exhibits Committee, he still has time to enjoy life.

ROBERT ZEEB

For his many activities, he last year was named Clinton County's Outstanding Young Farmer and then Michigan's Outstanding Young Farmer. The latest of honors was inclusion in the 1965 edition of "Outstanding Young Men of America."

ZEEB, WHO farms 479 acres in DeWitt Township with his uncle, Ronald Zeeb, was named by Governor Romney to the Michigan State Fair Authority. He heads a seven man Premium Exhibits Committee which is responsible for all agricultural and livestock activities, junior exhibitors, women's activities and farm machinery displays.

The committee sets the policy which all exhibits at the fair for show and competition must follow. These policies are carried out by the fair directors once they are approved by the 20-man Fair Authority.

ZEEB IS ALSO the State Fair Authority's liaison member responsible for dairy cattle and dual-purpose cattle.

Next year, Zeeb said, he probably would not be chairman of a committee but would probably be on two committees. His appointment to the Fair Authority expires in April 1967.

"As you know," Zeeb said, "the fair is a real good place for our city friends to find out what kind of things the farmers in the great state of Michigan are producing, be it apples, cows or kids, and it makes me very proud to have our young people show at the State Fair."

AS IF these fair duties don't keep him busy enough, Zeeb, 32, is chairman of the Michigan Outstanding Young Farmer Program for next March 6, which is being hosted by the Lansing Junior Chamber of Commerce. Zeeb is a member of that group.

acres. The land is in six chunks, the farthest about two miles or so from his home at 2840 Herblison Road. Dairying is their main interest, and the two men have 90 cows to milk.

HE PREVIOUSLY was in a three-way partnership with his uncle and his father, Bernard, but his father has since retired.

Zeeb's family includes his wife, Virginia, and four children, Patrick 6, Christopher 4, Michael 3, and Karen nine months.

Despite the call for time, Zeeb includes these other activities on his calendar:

PRESIDENT of the Clinton County Dairy Herd Improvement Assn., president of the Michigan DHA; chairman of the dairy committee of the Michigan Farm Bureau; member of the board of directors of the Clinton County Farm Bureau; member of the Michigan State University advisory board; member of the Lansing Jaycees; and member of various local groups.

"I like to keep busy," Zeeb said, "and I enjoy it. But it doesn't take as much time as you might think. We've still got time for having fun and going on vacations."

"This is involving a lot of work right now, but if we have a good program we might make a bid for the national contest the next year," he said.

Zeeb and his uncle own 399 acres of land and rent 80 other

### Roman L. Kleins note 25 years

The family, brothers and sisters and friends of Mr and Mrs Roman L. Klein surprised them Saturday evening when they gathered at their home to celebrate their silver wedding anniversary. They came with well filled baskets for a potluck later in the evening. For entertainment, cards were in play. The Kleins received many gifts including a money tree. Their wedding anniversary was Aug. 8.

Sunday guests of Mrs Joseph Cook were Mr and Mrs Andrew Angwin and family of Ithaca and

Mr and Mrs Kenneth Cook and family of Lansing.

Mrs Conrad Fox of Pewamo and Miss Cynthia Fox of Grand Rapids were Saturday dinner guests of Mrs Louis Fox.

Mrs A. V. Jandernoa and Mrs Joseph Cook were joined by Mrs Alex Jandernoa and Mrs Centillini of Grand Rapids, when they attended the National Pilgrimage Shrine of Our Lady of the Snows at Belleville, Ill. A crowd of more than 10,000 were present at the new outdoor altar and amphitheater, on the night of the closing of the Novena.

Mr and Mrs Fredrick Schmitz and family vacationed a week at School Section Lake near Remus; Fred Schneider, son of Dr and Mrs E. O. Schreider of Flint is

The Best Policy

Capucini friars in Milan, Italy, chased a man who took \$800 from their monastery, caught him and turned him over to the police.

He's Poor?

A \$42-a-week truckdriver in Peterbrough, England, said he turned down a \$3-a-week house in a public housing project because the driveway was too narrow for his car and the kitchen was too small for his wife's washing machine. City officials agreed his objection was justified and promised to find him another house.

Box 55 • Los Angeles 51, Calif. Church An Antique Shop A Free Press writer tells of the old Troy Methodist church being converted into an antique shop. Sue Petye will use this building as a store to sell her antiques. As I thought upon this I wondered how many people, trained in modern philosophy, have come to look upon churches, who remain true to the faith as being 'Antique Shops'. One columnist said he could respect a church only as it keeps abreast of the modern trends. By this he meant we must discard our former doctrines and approach of preparing men for heaven, and teach a modern philosophy which centers our attention upon life in this changing world. Those who refuse to accept this view are branded 'Fundamentalist'; old fashioned hell fire and brimstone preachers; in short, 'antique shops'. The errors of this columnist are evident when we see that certain basic truths never change. Two plus two is still four! Winter follows summer and a million other things have not changed. Neither has God's plan of redemption since it was first taught to Adam and Eve. It is the same old faith in God's redemptive plan that is transforming lives today. The churches who have stayed on this main line will never fall on this earth even though the gates of hell prevail against them.

THE Water's fine. Last summer she screamed when we took her near the ocean. Now she loves to splash around under her parents' watchful eye. One day she'll be swimming out past the breakers and riding in on a wave. How does one explain this emerging courage? It is a combination of growth, training and confidence. And no two alone are sufficient — it takes all three. These three have also their spiritual counterparts. From the day religious education commences, a child begins to show evidence of spiritual growth. This is followed by an aptitude for learning the simple but profound truths of Christian belief and practice. Ultimately we see evidence of a deep and enduring confidence in God — the magnificent quality we call Faith. Then moral courage, true character, emerges in the lives of our sons and daughters. A vast spiritual ocean touches every shore of life. And those who once venture into the surf are never again content just to loll on the beach. **TON-A-MINUTE forage box... and the blower stays ahead!**

A big capacity team! That's the Gehl Self-Unloading Forage Box and Hi-Throw Blower. A rugged team, too. Built to fill the biggest silo with no unloading slowdowns—even when you're handling haylage.  
 Choose your box size: Big 7-ft. inside width or standard 6-ft., 3-in. size. Sides are 2-, 4-, or 6-ft. high plus a 2-ft. screened extension. Standard length: 16-ft. (or available longer or shorter). A size for every need. Ruggedness for years of tough job hauling and ton-a-minute self-unloading Gehl Boxes are built to take it!  
 The Gehl Hi-Throw Blower more than matches capacity with the Gehl Forage Box. Fills even a big 90-ft. silo without breathing hard. No step-up drive, no smaller blower pipe needed.  
 The Hi-Throw makes efficient use of all the air power it produces to blast the crop high.

Lawrence, 18-year-old son of Umbra Pierce, stands in a newly constructed waterway on their farm in southwestern Essex Township. The waterway is being checked for proper design before seeding and mulching. The Pierces are building 99,000 square feet of waterway this month.

**August best time for farmers to build new grass waterway**

BY HARRY J. HARDEN  
 Soil Conservation Technician

WATERWAYS are usually very low in fertility and will need the proper amount of plant food to insure a good healthy stand of grass.

Disk, harrow, or use other tillage equipment to prepare a 3 to 4-inch seedbed free of large clods. Don't seed grasses more than 1/2 inch deep or you may not get a good stand.

You may use different grass species in your waterways depending on the kind of soil you have. Grasses commonly used are tall fescue, smooth brome and Domestic ryegrass in Clinton County. These rates vary from 20 pounds to 25 pounds per acre.

THE LOCAL Agricultural Stabilization and Conservation committee will assist you in the establishment of your waterway. Before installation you will have to make a request for payment. Anyone interested may contact our Soil Conservation Service office, 100 S. Ottawa Street, St. Johns.

Properly sodded and managed waterways protect farm land from unnecessary erosion, according to the Clinton County Agricultural Extension Service.

The most satisfactory time to shape and seed natural waterways is when sod fields are plowed, says Russell Hill, Michigan State University soil and water conservation extension specialist.

PROPERLY constructed waterways can combat:  
 —Excess surface water flowing over unprotected waterways forming channels which erode into gullies.  
 —Considerable silt damage caused by soil moving into larger streams, ditches and lakes.  
 —Safety hazards to farm machinery operators and permit the efficient use of large agriculture equipment by reducing gully formation.  
 —POOR waterways are flat instead of saucer shaped and are usually narrow,\* says Hill. "Water flowing over such waterways can then run around the edge creating new gullies."  
 Grasses with their extensive root systems and low growth are preferred to legumes for waterways.  
 A new extension folder—E-457—is available from county extension offices to guide farmers in building grass waterways.

**It looks like 'bumper' year for county crops**

It looks like a "bumper" year for agriculture crops in Clinton County, generally speaking.  
 Unless something happens to spoil them, the corn and alfalfa crops will be "tremendous," according to County Extension Agent George McQueen. Since those two crops alone account for about half the planted farm acreage in the county, it will stamp the growing year as a good one.  
 BUT THE wheat, oats, mint and other early crops also fared well. The only crop suffering is the dry beans, which were hit hard by the green clover worm.  
 But, in spite of the good yields, it hasn't been an extremely profitable year for farmers, because the prices for their crops have been nowhere near desirable.  
 How have the various crops fared?  
 Wheat yields were average or a little over, McQueen said. So was the yield on oats.  
 THE FIRST two cuttings of alfalfa were extremely heavy, he said, and most farmers have more than they know what to do with, and the third cutting is yet to come.  
 He said one farmer who normally fills his barn with the third cutting isn't even making his second cutting because the barn is full.  
 Alfalfa on the 25,000 acres it is planted on in the county is much heavier than in the past two years and probably well above average.  
 DRY BEANS have been hit very hard by the green clover worm, and the expected yield, on early beans especially, doesn't look too promising, McQueen said. The later beans look like they have a better chance for a good yield.  
 Soy beans were not damaged too badly, he said. They have a good pod set, and the yield on them looks pretty good.  
 Three orchards in the north part of the county that grow tart cherries had a tremendous crop this year, as did orchards all over the state. Apples also seem to have a good set, McQueen said, and the yield looks "promising."

## Gratiot corn, bean demonstration set

Gratiot county farmers will demonstrate their highly efficient corn and bean producing abilities next Tuesday.

The field day will start at 10 a.m. at the W. M. VanPage farm on Wisner Road south of Breckenridge, according to John Baker, Gratiot County Extension director. Visitors will see 26 corn varieties and single cross varieties planted with up to 30,000 plants per acre and the use of varying amounts of atrazine to control weeds in corn.

BAKER POINTS out Gratiot County ranked second in the state for corn yields during 1963 with an 80.4 bushel per acre average.

Still another morning stop will be the Ira Netzeley farm, located across the road from the VanPage farm. Chemical control of white mold in beans and the use of nitrogen on red beans will be shown. The extension director noted that Gratiot County's bean

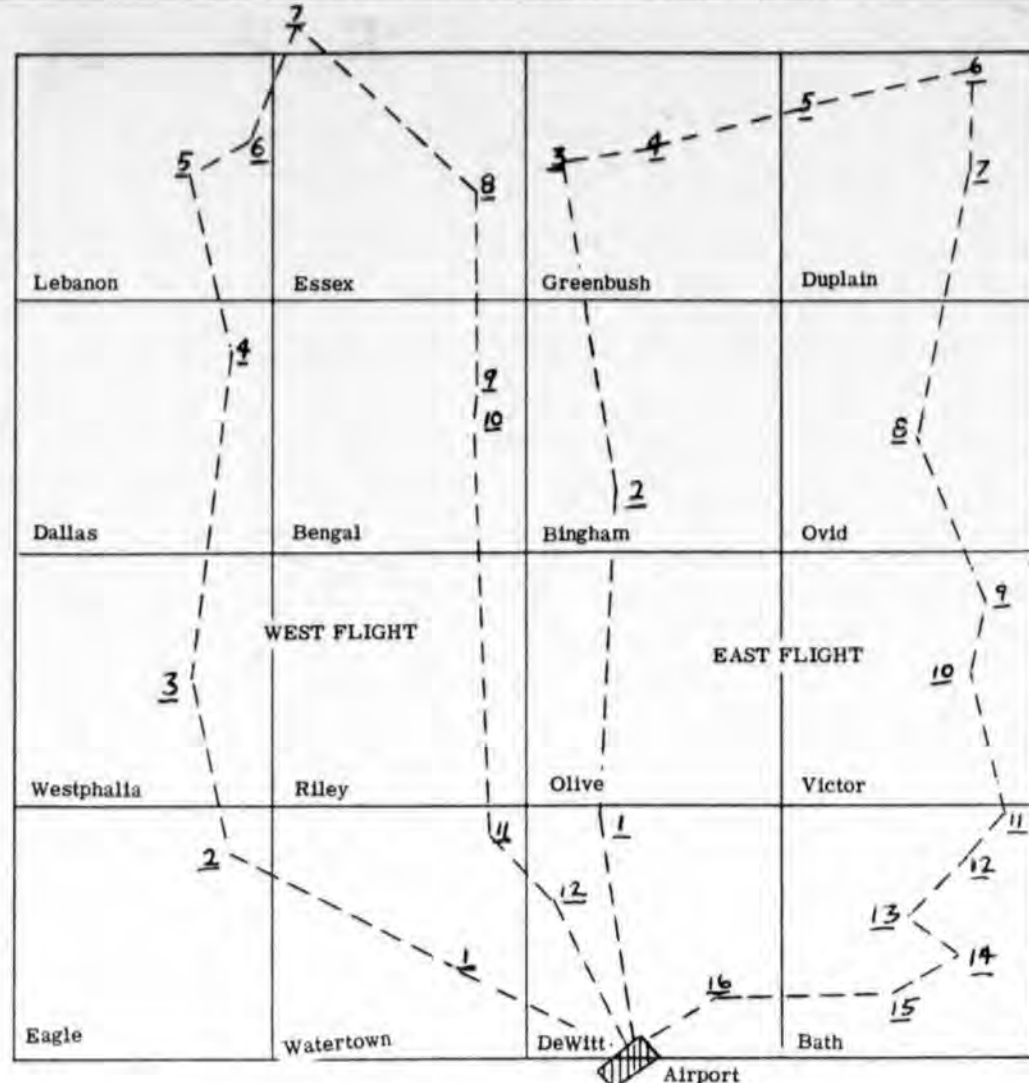

crop—tops in the state for production—amounted to \$8 million in income last year and continues to improve.

VISITORS will move to the Elmer Humm farm, one mile south of Breckenridge, at 1:30 p.m. following a noon beef barbecue at the VanPage farm.

Wayne Adams, MSU crops researcher, will be on hand to discuss the research bean plots which include long-time analysis of bean variety mixtures, colored bean varieties and white bean yield tests.

Gratiot County bean growers received an average of \$128 per acre in 1963 while beans in the entire state averaged only \$88 per acre in crop income, noted Baker.

Route of Soil Conservation District Air Tour  
... locations described in story

## Soil Conservation District's air tour set for this Saturday

The annual Clinton County Soil Conservation District Air Tour will be this Saturday, with planes flying over the county from the Capitol City Airport in south DeWitt Township.

Flights will begin at 8 a.m. from Capitol City Aviation hangars on Airport Road, a quarter-mile north of old US-16. Ray Wheeler and Landy Taylor, who are affiliated with the aviation company, said there will be one plane to carry groups of four passengers and the rest of the planes will carry three each.

If all passengers agree, flights will go over the cooperators' farms.

TWO AIR routes will be followed, each showing soil conservation projects at a number of points. One route will cover the eight townships in the west part of the county, the other route the eight townships in the east part.

Loren VanOstran of R-1, Bath, chairman of the tour, said tickets are available from Robert Moore, R-2, Elsie; David Swanson R-1, St. Johns; Clarence Manning, R-1, Eagle; Raymond Bradley, R-2, St. Johns; and the Soil Conservation District office at 100 S. Ottawa Street, St. Johns.

VANOSTRAN also has tickets, and they may be purchased at the hangar the day of the tour. Advance sale of tickets will help determine the number of pilots and planes needed for the tour.

Soil Conservation Service technicians will show color slides, taken from the air, before the tour.

Locations to be seen on the air tours will be, as spotted on the accompanying map:

WEST FLIGHT:— 1) John Nichols, farm pond; 2) R. C. Ryon, farm pond; 3) Muskrat Creek watershed, the first P. L. 566 watershed project completed in Michigan; 4) Clarence Manning, strip-cropping; 5) James Kellan, diversion, water control structure; 6) Edward Wieber, erosion control structure; 7) Horace Farley, hybrid seed corn production, open ditch, erosion control structure, many fields tilled under the four-rod system;

5) Proposed Catlin-Waters-Reynolds-Sessions watershed project; 6) William Wieber, complete tile system; 7) Rainbow Lake; 8) Roscoe Rathbun, contour strips; 9) Ray Warner, erosion control structure; 10) Levi Blakeslee, erosion control structure; 11) Owen Wessler, strip-cropping; and 12) George Rashid, farm pond.

EAST FLIGHT:— 1) Lake Geneva; 2) Maurice Gove, group drainage ditch slope seeding, erosion control structures installed; 3) R. G. Hyde, pond, concrete stock watering tank and shrub planting; 4) Max Elliott, farm pond, Christmas tree production; 5) Peter Kurucz, ditch and erosion control structure, four-rod tile system on south 60 acres;

6) Robert Moore, hybrid seed production; 7) Victor LaRue, farm pond; 8) Robert Wilcox, group, open ditch, erosion control structure, with the start of a complete tile system; 9) Lake Victoria; 10) Ethan Smith, pump for water control on muck; 11) Arthur Boyd, farm pond; 12) Rose Lake Research Station, multiflora rose, strip-cropping, flooding and duck production; 13) plant materials station, irrigation; 14) H. L. Brooks and son, strip-cropping; 15) Don Whipp Jr., Christmas tree farm and farm pond; and 16) Lloyd Hammond, irrigation and windbreaks.

## TB cattle reactors decline in Michigan

The number of Michigan cattle reacting to tuberculosis tests has dropped in the past five years to 36 reactors for every 10,000 animals tested from 116 reactor cattle per 10,000 tested in 1959.

These surprising reductions are disclosed in a report to Agricultural Director G. S. McIntyre by Dr. R. M. Scott, tuberculosis project leader in the state. The accelerated drive to eradicate this costly disease in cattle is conducted by the Michigan Department of Agriculture's Livestock Disease Control Division and the USDA's Animal Disease Eradication Division, for whom Dr. Scott is an employee.

DR SCOTT said in 1959 the number of reactors disclosed was 5,924. In the fiscal year 1963-64 the number has declined to 959 reactors.

The percentage of reactors disclosed in relation to the number of animals tested was 1.16 per cent in 1959 and 0.36 per cent in 1963-64, Dr. Scott explained.

He attributed the reduction of infection, in addition to excellent co-operation of the industry, extension service, farm organizations, and many others to five factors. He listed these thusly:

1. CONCENTRATION of effort on known infected herds.
2. Examination of other types of livestock on farms where cattle have been found infected.
3. Close co-operation with meat inspection officials to trace back any tuberculosis found in animals at slaughter.
4. FOLLOW UP on origin of all reactors and exposed animals.

## Bumper crops

Concluded from page 10B

BARLEY fields, not too many in number, have yields that vary from good to pretty good.

Muck crops, which have special problems of their own, as McQueen explained it, were troubled by wind early in the spring, and stands in those fields are not too good. Although the corn is good, a frost ruined the top six inches of beans. The first cutting of mint showed a good yield, McQueen said.

Sunflowers, like corn, are growing extremely tall this year, mainly because of favorable weather. Corn stands are good, McQueen said, and this "might be the year" some farms in the county get 200 bushels of dry shelled corn per acre.

HE SAID those following corn club practices will be getting about 150 bushels per acre. Last year four farms reported over 170 bushels.

What has made it a good year?

Rainfall that has been lacking in previous years and this year in many of the surrounding counties favored Clinton farms at just the right times. A mild spring with no frost was accountable for a good fruit set and an extremely good crop.

WHEN CORN was in the critical growing stages, it got the heat that made it grow tall and healthy. There were no corn diseases or insects to bother it. A higher plant population and good fertilization helped, McQueen said.

"But it's difficult to get a bumper year in all crops because of the weather and disease factors," he said. "The high temperatures brought the corn up, but they also brought insects into the beans."

It's been a good year except for, as mentioned earlier, prices. Corn making up about one-third of the 70,000 acres planted in the county, alfalfa and wheat were all good, and with these "big three" leading the way, it is safe to say it's been a bumper year for crops.

... But not for the farmer.

In terms of livestock gain, the American Grassland Council reports early cut hay is worth \$47 per ton as compared to \$50 per ton for grain.

The 1963 calf crop for the United States was 41,811,000 head ... 2 per cent more than the 1962 crop and the fifth straight year of increase.

## KILL EVEN THE "SUPER" FLIES

It might be said that flies are flies. But there are strains of "super" flies that have developed an immunity to older insecticides.

Purina Fly Bait—(Dry Killer and Sugar Base) are highly effective against "super" flies as well as the ordinary kind. They contain two remarkable insect-killers that kill flies outright ... plus "come-and-get-it" attractants that lure flies then kill 'em in bunches.

Purina Fly Bait—(Dry Killer) is a dry, granular scatter-bait for use on rough surfaces. Purina Fly Bait (Sugar Base) is a finely granulated sugar scatter-bait well suited for use on wood flooring.

# Student visitor is reluctant to leave for her native Holland

BY MABEL OPPENHEER

An attractive Dutch lass is returning to her native country soon after cramming the equivalent of two years of education into the year that she spent with her American family, the John Rumbaugh family, 425 Meadowview Drive in St. Johns.

She has had one year of academic education at Alma College with her American sister, Miss Janyth Rumbaugh, and a year of practical education in learning the ways of a new country. And she says she has loved every minute of it. Another sister that she found here is Miss Karen Rumbaugh, a sophomore at Rodney B. Wilson High School.

THE LOYALTY of Miss Marleen Schaafsma is divided. Naturally, she is anxious to see her family in The Netherlands and has regrets about leaving St. Johns. "I have had such a nice family here," she said, "and I hate to leave but it is not a permanent farewell. I plan to come back."

Janyth said "I know just how she feels. I was in Holland only two months and I felt the same way." In fact, she continued, "the plane that brought 70 of us back to the States under the same program was returning immediately. We all wanted to see our parents but would have liked to say 'hello' and 'go, go, go' and gone right back. The time was much too short."

JANYTH spent part of the summer of 1962 at the home of Marleen in Holland in conjunction with the well known Youth for Understanding Program which brought Marleen here.

"I was prepared to like America and its friendly people because of the things Janyth had told me," the visitor said. "I was happy to erase the erroneous picture of the American that is painted by visitors abroad. They are definitely not typical of the real American people."

Marleen will take many new impressions back with her.

SHE HAS been surprised at the deep interest American young people are taking in politics here. While Holland is, too, a democracy, the young people and many of the older ones are indifferent to its policies.

She also observed that many of the youth in The Netherlands regard going to church as a weakness and they don't go. The adults do not promote youth groups or other social groups within the church body. The church is used only for worship on Sunday and the attendance is low. About 61 per cent of the population are of Protestant faith. The remainder are of the Catholic religion.

SHE has been gravely concerned regarding the racial problems here. "I can understand why equal rights might be difficult for the southern people to accept but, even so, the Negro was given his rights of equality by the Constitution and he is a human being," she said.

Marleen Schaafsma, right, discusses some articles from her native Holland with her American family of St. Johns. They are, left to right, Mr and Mrs John Rumbaugh of 425 Meadowview Drive, and Janyth Rumbaugh. Another American sister, Miss Karen Rumbaugh, was absent when the picture was taken.

"In my country," she continued with a twinkle in her eye, "a Dutchman is a Dutchman regardless of his color or creed." Through Dutch control of Dutch Guiana, Africans come to Holland and many mixed marriages are prevalent. People accept the results and the children of these marriages are accepted by both peoples. And divorce rates are low.

DATING is very different there than here. "If a man asks a girl for a second date, it means that he is interested in marriage. If she isn't, she doesn't accept his invitation," she said. However, she has enjoyed the freedom of dating with American boys who play the field before becoming serious.

The American slang handicapped her with learning English somewhat. Some of Mrs Rumbaugh's expressions like "cute as a bug's ear" and "sneaking suspicion" brought forth some questions. But, now, she speaks the language very fluently. She also speaks French, German, and of course, Dutch. She is hopeful of finding a position in which she can utilize her knowledge of languages. "Then, I hope to earn enough money to return. I would even like to work here for a while."

ONE OF HER most difficult problems with words was the use of "long" and "tall." Her family was highly amused when she told them "The 'long' mailman is coming." The words, "plaid" and "checked" caused her some complications, too.

Attending the Ionia Free Fair was an impressionable experience. There are carnivals with all the concessions and entertainment in her country but no fairs with the exhibits and other features.

AND SHE had to come to America to see wooden shoes and native Dutch dresses worn. The Rumbaugh family took her to the Tulip Festival in Holland where she saw the wooden shoes, the native costumes and bought Dutch cookies.

She has seen much of the country. The Rumbaugh family met her in New York when she arrived. They vacationed for ten days at Washington, D. C., New York and Philadelphia, Pa., before returning to St. Johns. She was impressed by the luxury motels with their pools, luxury cars, the toll roads and the wide open spaces of the countryside.

WHEN THEY leave Aug. 23 to take her to Canada to board her boat for home, they will first visit the World's Fair, Massachusetts, northern New York and Niagara Falls on the Canadian side.

## Try a Popeye salad for dinner tonight

When you get together in one salad such food favorites as avocado, spinach, bacon, onion, tomatoes and ripe olives, how can you go wrong?

Well, you can't, not if you follow the directions for easy-to-make "Popeye's Salad." It's a real summertime winner.

YOU'VE probably noticed that some of the summer varieties of avocados now in markets have purplish-black skins and others have green skins. This is simply a varietal difference and has absolutely nothing to do with the velvety-smooth quality of the fruit beneath the skin.

### POPEYE'S SALAD

- (Serves six)
- 1 avocado
  - 1 tbsp. lemon juice
  - 1/4 c. ripe olives
  - 4 slices bacon
  - 2 tbsp. water
  - 1/4 c. vinegar
  - 1 tsp. sugar
  - 1 tsp. salt
  - Dash pepper
  - 1 1/2 quarts torn fresh spinach
  - 1/4 c. minced onion
  - 1 tomato, cubed

Cut avocado lengthwise into halves; remove seed and skin. Slice crosswise into crescents; brush with lemon juice. Cut olives into wedges. Slice bacon into 1/2 inch pieces; fry in skillet until crisp. Stir in water, vinegar, sugar, salt and pepper; remove from heat. In salad bowl toss olives, spinach and onion quickly with hot bacon mixture. Add avocado and tomato; toss lightly. Serve at once.

One sure way to miss success is to miss opportunity.

Before long, Marleen will be united with her parents, at Dordrecht in The Netherlands. Two brothers and a sister who is a nurse will also be waiting for her. She is looking forward to this but mingled with this happiness will be regrets for having to leave her American family in St. Johns.

## New patterns teach you how to sew

If you'd like to sew but don't quite know how to begin, there's a new series of patterns on the market designed especially for you. Called "learn-to-sew" patterns, they teach you how to sew while making actual garments.

When you've completed the series, you'll have acquired an astonishing number of sewing skills as well as an attractive six-piece wardrobe. By following the special instructions in each of the six lessons, you'll find it's easy to master such techniques as putting in zippers, making buttonholes, applying interfacing, and setting in sleeves.

SEWING will be easier, too, if you select firmly woven cottons like broadcloth, gingham, tarpon cloth, faille, poplin, or precale for your beginning project. These fabrics are easy to handle, don't ravel, and need little seam finishing.

And, best of all, since cottons wash and wear beautifully, you can be sure your sewing efforts won't "go down the drain" with the first washing. Choose color-coordinated cottons for your blouse and skirt projects so you can mix and match combinations for added versatility.

## Tips for choosing and freezing peaches

BY BETTY KETCHAM  
County Extension Agent  
Home Economics

It's time to can or freeze peaches. The "Haven" varieties are on the market and they are good for freezing.

Red Havens seem to be a favorite with many. They are a freestone peach with a nice red center. These are really beautiful frozen or canned.

Other Haven varieties are also fine for freezing. Remember to use ascorbic acid or one of the anti-darkening materials to keep the peaches bright. This can be added to the sirup or dissolved in water and sprinkled over the peaches before adding sugar.

ONE GOOD way to keep frozen peaches bright is to slice them directly into a container that contains cold sirup. Fill the container with peaches and add sirup to cover. A piece of crumpled water-resistant material placed on top of peaches will keep them immersed in the sirup.

When a bushel of peaches costs about \$4.00—a pint of home-canned or frozen peaches will cost about 17¢. This includes containers, sugar and ascorbic acid for freezing.

BEEF, CANNED in its natural juices, is now being distributed to needy persons through many local welfare departments. This meat, fully cooked and ready to eat, is donated by the US Department of Agriculture.

Canned beef may be sliced and heated or served cold. It slices easily when chilled.

Canned beef is an excellent source of iron and a good source of B-vitamins, and recipients use it in a variety of main dishes.

THIS RECIPE, developed and tested in the food laboratories of USDA's Agricultural Research Service, is a special favorite of teenagers. It's also good either for a snack or supper dish.

### Ovid classes are entertained at Mason home

NORTH VICTOR—Members of the classes of 1911, '12 and '13 of the Ovid High School were entertained on Sunday at the home of Mr and Mrs Frank Nethaway, south of Mason.

A picnic dinner was served at noon to 28 guests and following the dinner a business meeting was held on the lawn and garden which are landscaped with beds of flowers, evergreen trees, fruit trees and shrubbery.

THE CLASS of 1912 elected the following officers for the coming year: president, Mrs Frank Nethaway; vice president, Clifford Squires who is also secretary and treasurer.

Dr and Mrs Blon Bates were honored guests. Mrs Bates taught the class of 1912 and they were invited to meet with the group each year as were also, the classes of 1911 and 1913.

CHARLES Warren of Middlebury led the group in several humorous and sacred songs.

Before leaving for their homes the guests toured the grounds. They were from Detroit, Lansing, Ovid, Owosso, St. Johns and Newago.

Mr and Mrs Donald Saxton visited their son, James, at Great Lakes Naval Training Center.

Mr and Mrs Louis Jorae were hosts at a birthday dinner honoring Mrs Raymond Barnes of Lansing Wednesday evening.

Mrs Evora Suttin of Carland spent the weekend with her brother, Eugene Montague.

### Barb-B-Q-Beef

- 1/4 cup vinegar
- 3/4 cup water
- 1 1/2 cups catsup
- 1 1/2 teas. dry mustard
- 1 tsp. brown sugar
- 1 1/2 tsp. salt
- 1 large onion chopped
- 1 can beef with natural juices (cut into 6 slices)

COMBINE all ingredients except the meat and simmer for 5 minutes. Place beef with natural juices in a baking pan. Pour sauce over the meat and bake 40 minutes at 350 degree F. (moderate oven).

Or, you can cut the meat into cubes, add it to the simmering sauce and continue to cook on top of the stove until the sauce thickens.

Serve with toasted buns, rice or baked or mashed potatoes. There's enough for six.

### Serve fruit dessert in the melon shells

Cater to a crowd with this picture-pretty dessert. Cut thin slice from each end of a watermelon, then cut the melon crosswise into halves and stand on ends.

Spoon out the fruit, discarding seeds. Combine melon chunks with 2 cans (1 b. 14 oz. each) drained fruit cocktail; heap into melon shells. Cover with plastic wrap; chill well.

### Fresh nectarines used in pudding

Dice fresh nectarines to make 2 cups, leaving skins on. Prepare 1 package lemon flavor pie filling as package directs for pie. Remove from heat and stir in nectarines.

Turn into heat-proof dish or custard cups. Prepare meringue as package directs. Heap onto pudding. Place in 425-degree (hot) oven about 5 minutes to brown meringue.

### Break a glass?

A safe, easy way to gather up small pieces of broken glass is to pat them up with dampened absorbent cotton.

## 5 complete degree work

Five Clinton County students at Central Michigan University completed degree and certificate requirements this summer.

Although no graduation ceremonies are held at the end of the summer session, degree recipients are eligible to take part in either mid-year or June commencement exercises.

THE CLINTON County students were:

Mary F. Clark of Eagle, BS degree in education, elementary, social science; English.

Arthella Marie Pattison of Elsie, BS in elementary; social science; English, education.

Donna Mae Love of Ovid, BS in secondary, mathematics, home economics.

IMOGENE MAY Beck of St. Johns, BS in education, elementary, social science; English.

Helen Ferguson Murton of St. Johns, BS in elementary, social science; English, psychology.

## Trailer throws car into ditch

A house trailer was slightly damaged, and a guard rail was bent in an accident at 10:45 a.m. Sunday on M-21 just west of Bauer Road near Fowler.

The driver of the car, Lawrence E. Myers, 44, of Boone, Ind., and one of his two passengers, Richard Farris, 10, suffered bruises, but they refused aid. Another passenger, Mary Farris, 39, of Greenwood, Ind., was unhurt.

THE AUTO and trailer were traveling east on M-21. Deputy Sheriff Bruce Wilcox was told the trailer began whipping back and forth, causing Myers to lose control of the car. It went into a ditch on the north side of the highway, and the corner of the trailer swung around, striking a guard rail.

## You Have a Choice

For the first time in many elections, the American people are going to have a real choice for President. They can decide to continue down the road to a total welfare state in which the individual will be only a pawn of big government, or they can throw off the shackles of high taxes, bigger and better deficits and controls.

I entered the race for State Representative so that the voters of the 88th district will have a similar choice.

It is well to remember, "A government that is big enough to give you everything you want; can also take away everything you have."

I think the state has already taken too much control away from local units of government, especially school boards. There are always bureaucrats in Lansing (as well as Washington) who want to build up a bigger empire at the expense of local control.

I am also opposed to a State Income Tax. I, like a majority of other Michigan residents, voted for an increase in the sales tax in preference to any other tax. If there is a grass roots demand for an income tax it should be by a vote of the people in the form of a constitutional amendment with definite maximum limits.

I will vigorously oppose any attempt to deny the citizens of Michigan the right to make this important decision.

**Elect Harmon CROPSEY**  
 Republican State Representative

### Mandatory sales tax brackets in effect Aug. 28

A mandatory sales tax bracket, of which retailers should be aware, goes into effect a week from Friday, on Aug. 28.

Percy Abrams, secretary of the St. Johns Chamber of Commerce, pointed out it differs from the mathematical bracket up to \$1.62. The bill setting up the mandatory new bracket was signed by Governor Romney May 20.

THE NEW bracket and the old compare this way:

Math Bracket	Sales Tax	New Bracket
\$.01-.12	.00	.01-.12
.13-.37	.01	.13-.31
.38-.62	.02	.32-.54
.63-.87	.03	.55-.81
.88-1.12	.04	.82-1.08
1.13-1.37	.05	1.09-1.35
1.38-1.62	.06	1.36-1.62

### Osgood shows slides of Alaskan trip

Glenn Osgood, St. Johns funeral director, showed slides of his trip through the Pacific Northwest and Alaska at the meeting of the St. Johns Exchange Club last Thursday.

Winchell Brown was program chairman.

Guests at the meeting were Larry Burns and R. G. Hyde.

### Auto hits deer

A car driven by Kenneth E. Wright, 32, of 1624 Parkvale, East Lansing, struck and killed a deer about 2:45 a.m. Saturday on M-21 a half mile east of Airport Road.

Visitors from behind the Iron Curtain were in St. Johns last week visiting the Spousta and Dickinson families. Mrs Zdena Kalouse, second from right, and her father, Karl Spousta, right, both from Prague, Czechoslovakia, visited Michigan with Mr and Mrs Louis Spousta, left, of Tigard, Ore.

### Iron Curtain visitors here impressed by US abundance

One of the things that impresses many foreign visitors to the United States particularly from behind the Iron Curtain, is the abundance of everything. That

was the impression which Karl Spousta and his daughter, Mrs Zdena Kalouse, both of Prague, Czechoslovakia, had.

They were in St. Johns last week visiting relatives, finally, after four attempts in 25 years to visit this country.

THE TWO came here from Portland, Ore., with Mr and Mrs Louis Spousta, who live in the suburb of Tigard, Ore. They visited with other relatives, the families of James, John and Joseph Spousta and Charles Dickinson.

The Spoustas of St. Johns are nephews of Karl Spousta and cousins of Mrs Kalouse. Mrs Dickinson is a niece and cousin.

Karl Spousta and Mrs Kalouse returned to Prague Monday by way of Detroit, New York, and Copenhagen, Denmark.

WHILE here they told of their impressions of the United States and of their attempts to come here.

Twenty-five years ago Hitler's takeover of most of Europe thwarted an attempt to visit here, and subsequent applications for permits were made to the Communist government in 1948, 1960 and in April of this year.

The application they filled out this year consisted of about four sheets of legal size papers. They were allowed to visit when the Louis Spoustas agreed to sponsor them.

THE abundance of foods and all products, plus the comparative low prices on all goods, were a surprise to the visitors. Mrs Dickinson remarked that things which Americans have on the dinner table as everyday items are many times luxury items to those behind the Iron Curtain.

Bananas, for example, when exchanged from the Czechoslovakians' money to US money, would cost \$2 a pound. Two pounds of coffee would cost \$28, and a pair of shoes would be \$40.

THE VISITORS said they enjoyed their visit here, including seeing the agricultural and industrial resources of the area. Kermit Hart, plant manager of Federal-Mogul, conducted a tour of his plant for them Thursday.

They had been in the United States since June 21, visiting part of that time with the Louis Spoustas in Oregon. They came there from Prague by way of New York.

ON JULY 31, they arrived in Saginaw after a five-day cross-country automobile trip, to visit other relatives. They have also been staying in St. Johns.

Sunday, Aug. 10, they attended the Spousta family reunion in Saginaw, where 42 people got together. Then last Wednesday evening, 26 people gathered at the Dickinson home for a family supper with Karl Spousta and Mrs Kalouse as honored guests.

MRS KALOUSE's husband and family are in Prague, where Mr Kalouse is a geologist. Besides Louis Spousta, Karl Spousta has a sister living in Ohio and another brother and sister living in Czechoslovakia.

### Drain commissioner attends convention

Dale Chapman, Clinton County drain commissioner, attended the three-day Drain Commissioners Convention in St. Joseph last Wednesday, Thursday and Friday.

### 2 steers killed by train in storm

Two Black Angus steers were killed a week ago Tuesday near Bath when they wandered onto railroad tracks during a storm and were hit by a train.

The animals were owned by Walter Kyes, north of Bath. Witnesses said about 25 steers were wandering about during the storm.

## Senior Citizens Fair Sept. 11-13

Entry blanks for the sixth annual Senior Citizens Fair are now available at the fair committee's office on the fourth floor of Lansing City Hall. The free fair will be held at the Lansing YWCA Sept. 11-13.

All men and women 60 years of age and over who live within 40 miles of Lansing are eligible. Exhibit classifications will include ceramics, creative writing, leather craft, handicraft, weaving, painting, woodworking, garden produce, floral displays, baked goods and others.

UP TO FOUR items may be entered in as many as five classifications. Application blanks, one for each entry, must be delivered to the Senior Citizens Fair Committee office by Aug. 31, and all entries must have been made after the entrant's 60th birthday.

Check-in of exhibits will be at the YWCA, 217 Townsend Street, Sept. 10 between 8:30 a.m. and 6 p.m. for all items except baked

goods and floral displays. Those will be checked in at the same place Sept. 11 between 8 a.m. and 9 a.m.

CO-CHAIRMAN are Harold J. Garrison of the Lansing Civitan Club and Miss Elizabeth Hayden of the Lansing Pilot Club, representing two of the program's sponsors. The State Journal, Lansing Recreation Dept. and Lansing Federation of Musicians, Local 303, also share sponsorship.

### Ledges season closes Saturday

"Harvey," the favorite play about Elwood P. Dowd and his six-foot pure white rabbit which some people see and some people don't, winds up the Ledges Playhouse season at Grand Ledge this week.

The play will be given nightly at 8:30, with a special matinee at 2 p.m. Saturday. Saturday night's performance will be the final one of the season.

MR AND MRS GUY L. DEVEREAUX

Area couple note 50 years

The children of Mr and Mrs Guy L. Devereaux of 6825 North US-27 will honor their parents with an open house observing their golden wedding anniversary at Bingham Grange Hall on South US-27 Sunday, Aug. 23, from 2 to 5 p.m. They have a daughter, Mrs LaVern (Rosella) Howard of Houghton Lake, and two sons, Wendell (Dick) Devereaux and Kenneth (Red) Devereaux, both of St. Johns.

County Line News  
By Mrs Doris Fisher

Mr and Mrs W. R. Stevens of Owosso spent Sunday at the home of Mr and Mrs Harry Patterson. Mr and Mrs James Fisher and family returned home Sunday after spending two weeks vacationing at Higgins Lake, Edenville and Saginaw.

Mrs Gilbert Baker and children spent Tuesday calling on friends and relatives in Pompeii.

Mrs Grace Randolph returned home Friday after spending the week at Saginaw visiting her sister Mrs Pearl Schlegel.

Mr and Mrs Dorrance Patterson of St. Johns spent Friday evening with Mr and Mrs Harry Patterson.

Mrs Gilbert Baker and children spent Thursday at the Gratiot County 4-H Fair at Alma. Enroute home, they called on Mrs Herman Earegood and Mrs John LaLonde in St. Louis.

Bath

By Mrs Alice Loomis

Mr and Mrs Abbot Nelson and daughter Arlene, of Slight Road left Sunday for a two-week vacation. They plan to spend some of the time at their cottage on Duck Lake at Interlochen, and some of it touring the Upper Peninsula and, possibly Canada.

HAS WINGS

It would be easy to convince anyone that today's folding money is printed on flypaper.

Listening is a vital part of Representation

The basic issue in the Congressional race is representation of your views and interests

There are two sides to most questions . . . and no man can be right all of the time. That's why I feel Representation must be a two-way street. On this, Mr. Johansen and I disagree.

If you feel, as I do, that the Congressman's duty is to reflect the interests and wishes of the voter in Washington, then it follows that the Congressman must . . . as a matter of course . . . create avenues through which you can make your voice heard. Issues must be explained before they come to a vote. The 3rd District opinion should play a vital role in the vote which is finally cast.

This, in no way, implies that the Representative should be a political weather-vane, shifting with every whim. But only two-way communication will keep him responsive . . . help him represent all the people of the District . . . keep him aware of the change and growth that are constantly at work.

Our current Representative, Mr. Johansen, disagrees with this. He says he will vote as he feels and let the people have their say every two years in the voting booth.

If you support my position on September 1st, I propose this communication program:

- 1) An official, full-time office in the District that is accessible to everyone.
- 2) Published visits to the District so that anyone can contact me personally.
- 3) Regular newsletters discussing pending legislation so you can make your views known before a vote is cast on important questions.
- 4) A competent manager for the District office who can supply information you need, when you need it, and speed communication both ways.

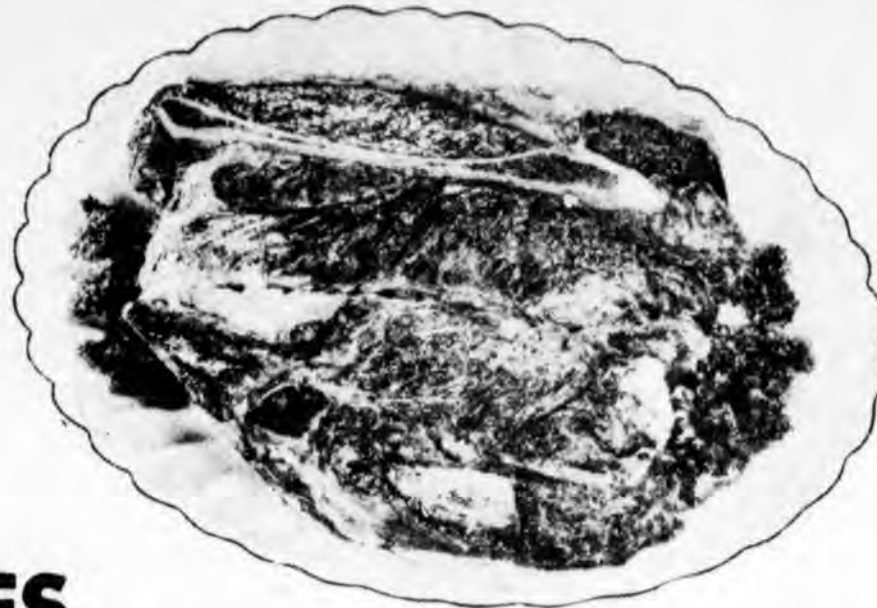

Sincerely,  
Dwight Stocker Jr.
