TEN CENTS

Recent meetings of the Communities Chest committee have dealt with setting a budget for the coming year for the various groups benefitting from the chest drive. Looking over papers pertaining to this are, left to right, Percy Abrams, Charles Huntington, Bill Richards, Mrs. Helen Kohls, Leon Brewbaker, president of the Clinton County Communities Chest, and Jake Wabeke.

Claims NFO withholding 'really going' in county

Clinton County NFO members have joined with others in a 23-State area in a meat withholding action that county President Roy Westendorf said is "really going."

The regional withholding action began at 4 p.m. last Wednesday, Westendorf said. The National Farmers' Organization in the county immediately set up informational centers in tents in the four corners of the county, and Westendorf said farmers were responding favorably.

HE SAID cattle and hog receipts are down appreciably over the region, and prices being paid to farmers are up.

Here in Clinton County, it was hard to tell what effect the withholding action was having. Lorenz Tiedt at the Wolverine Stockyards Co. in St. Johns said the week-old action had had "no appreciable effect," with livestock receipts at the auction Friday about normal.

WESTENDORF said the NFO here has not been stopping farmers' trucks on the way to markets, as was done Monday at the Charlotte livestock auction. He said the Charlotte action was an orderly movement, no force was used and there was no trouble. He said a lot of the farmers did turn their trucks around when the NFO's aims were explained.

Westendorf claimed many Clinton farmers not in the NFO have agreed to withhold their animals in the hopes of forcing prices up.

The national picture, which will affect retail prices in Clinton County, seemed to slant — after the first week — that many stores were getting short on meat, and Westendorf attributed this to the

New US-27 open to traffic

The new northbound lanes of US-27 south of St. Johns were opened to traffic Tuesday afternoon after being closed since late May.

The \$268,740 road project is still not complete, however. Work on the shoulders remains to be done, State Highway Dept. officials said Tuesday, but that will be done as traffic uses the highway.

BARRICADES were removed and traffic was moving over the new 24-foot wide asphalt pavement by 5 p.m. The stretch of road between Price Road and Townsend Road was previously only 18 feet wide.

Johnson-Greene Co. of Ann Arbor is general contractor for the road job. Completion date, announced in late May, was Oct. 31, but the road was to be open to traffic by July 31.

Delays in the operation of a new asphalt plant, and other "normal problems," the highway department said, accounted for the extra time the road was out of use.

STATE Highway crews painted the center stripe on the new stretch of highway Tuesday morning, and signs were put up early in the afternoon. Caution blinkers were installed along the roadside, warning motorists of the soft and low shoulders, not yet complete.

Two-way traffic has been maintained on the southbound lanes of US-27 around the construction zone since late May. Numerous accidents were reported on the four mile stretch during that time, including one fatal crash.

NFO action. He said the shortage is being felt in many Clinton stores, according to reports he's received.

THE TENT information centers are being manned about 24 hours a day, the county president said. They also serve as a home base for NFO "rovers," members who are on the road most of the time carrying messages and checking on cattle movements.

The Clinton NFO has scheduled a meeting Friday evening at 8:30 on the second floor of the Municipal Building in St. Johns.

PAUL WAKEFIELD
Paul Wakefield, Clinton County clerk, was elected first vice president of the Michigan Association of County Clerks at its three-day convention last week in Kalamazoo. New president of the group is Clark D. Kingsbury of Shiawassee County. Re-elected were Ray Purcell of Calhoun County, secretary, and Mrs. Mildred Pangburn of Oceana County, treasurer.

Driver ticketed after crash in city

Both drivers were unharmed in a two-car crash last Tuesday evening at the corner of US-27 and East Walker Street.

Harry J. Thompson, 24, of 106 1/2 S. Ottawa Street, St. Johns, was ticketed for failure to yield right-of-way. According to Police Chief Everett Glazier, who investigated, Thompson pulled his westbound car onto US-27 into the path of an auto driven by John W. Benn, 70, of Inkster, traveling south on US-27.

\$29,000 is Chest drive goal

A goal of \$29,000 has been set by the board of the Clinton County Communities Chest for its fund drive which gets under way next month.

Nine county and regional agencies will benefit from the money. The goal is the same as was set last year when the campaign fell short.

BENEFITTING from donations made to the drive by county residents will be: Red Cross \$10,000, Boy Scouts \$3,500, Girl Scouts \$2,400, Salvation Army, \$2,200, Lansing Child Guidance Clinic \$700, Rehabilitation Medical Center \$1,500, St. Vincent de Paul Society \$1,200, Michigan United Fund Agencies \$5,000, and Clinton County 4-H \$1,000.

Leon Brewbaker is president of the Communities Chest, and William Richards is chairman of the fund campaign.

RICHARDS said Tuesday the campaign will get under way with the start of the industrial and business area drives Sept. 22. Canvassing of the out-county and St. Johns residential areas will begin Oct. 6.

Fowler millage vote Saturday

Fowler school district voters will go to the polls Saturday to decide on a request for additional millage to build a \$260,000 addition to the high school.

The school board has called the expansion necessary to take care of an increasing enrollment.

"THE ADDED millage to accomplish this expansion would be 2.3 mills, based on 4 per cent interest, or 2.6 mills, based on 5 per cent interest," the board reported. "At the present time bonds are selling well below 4 per cent. This would mean \$2.30 or \$2.60 per \$1,000 SEV would be needed to pay for this addition."

Approximately 190 students will be enrolled in high school this year, and the building is designed to handle about 175 students, the board said. To accommodate an estimated 275 students by 1969-1970, the board proposes to expand the shop, home economics, science, com-

Light vote forecast in Clinton primaries

House, Senate races featured

Principal interest of Clinton voters in state and legislative primaries next Tuesday will center in Republican district races for State Senator and two State Representative posts.

There are also contests on the Republican ballot for Governor, United States Senator and Congressman in the 3rd District, of which most of Clinton is a part.

Contesting for the GOP State Senate nomination in the 30th District, which includes all of Clinton County, are Andrew W. Cobb, Elsie, incumbent State Representative; Emil Lockwood, St. Louis, incumbent State Senator; Lamont Meier, Byron, former chairman of the Shiawassee County Board of Supervisors; and Victor H. Meier, Williamston, former assistant attorney general.

IN THE two State Representative districts of which Clinton is a part, there are Republican contests. Vying for nomination in the 87th (Shiawassee County; Bath, DeWitt, Olive, Victor, Ovid and Blenheim Townships of Clinton and the City of St. Johns) are: James C. Matthews, St. Johns businessman; Norman J. VanEpps, Owosso attorney; and Blair G. Woodman, retired Shiawassee County agricultural agent.

In the 88th State Representative District (northern and western Clinton County, all of Gratiot and parts of Eaton and Midland) the Republican contestants are Lester J. Allen, incumbent State Representative from rural Ithaca, and Harmon Cropsey, legislative agent from Watertown Township.

Unopposed Democratic nominees for legislative posts include Joseph H. Kurka, Jr., Ovid, for State Senator in the 30th District; Leroy Vincent, Elsie, State Representative in the 88th District; and Sanford Volker, Owosso, State Representative in the 87th District.

FOR CONGRESS in the 3rd District (all of Clinton except Bath

and DeWitt Townships) the three Republican contestants are: August E. Johansen, incumbent, Kalamazoo; Harry F. Schanning, Kalamazoo; and Dwight L. Stocker, Jr., Kalamazoo. Paul H. Todd, Kalamazoo, is unopposed for the Democratic nomination.

Incumbent Rep. Charles F. Chamberlain has no opposition for nomination to Congress in the 6th District Republican primary. Chamberlain's district includes Bath and DeWitt Townships of Clinton and of Ingham, Jackson and Shiawassee Counties. Unopposed for the Democratic nomination to Congress in the 6th is Boyd K. Benedict, East Lansing.

In the race for nomination to the U.S. Senate on the Republican ticket there are three candidates: Edward A. Meany, Jr., Grand Haven; James F. O'Neill, Livonia; and Mrs. Elly M. Peterson, Charlotte, incumbent Senator Philip A. Hart is unopposed on the Democratic ballot.

Incumbent Gov. George Romney is opposed by George N. (See ELECTION Page 2)

Shows pictures of Alaskan earthquake at Rotary meeting

Pictures of the devastation wrought by the Alaskan earthquake earlier this year were shown to St. Johns Rotarians Tuesday noon by the Rev. Gerald Churchill, new minister of the First Congregational Church of St. Johns.

The Churchills were serving the Congregational Church in Anchorage at the time the quake occurred and the minister accompanied his pictures with an account of the disaster.

He was introduced to the club by C. D. Ebert, program chairman for the meeting.

An estimated 3,000 voters—less than 20 per cent of the county's registered electors—will go to the polls next Tuesday to cast ballots at the Sept. 1 primary elections.

This is the forecast of County Clerk Paul Wakefield who prophesies that lack of local contests in the Republican and Democratic primaries will hold down the vote.

There is opposition for only two county offices on the Republican ballot — Prosecuting Attorney and Coroners. Democrats have a contest for the office of Register of Deeds.

Three of the county's townships—Bath, DeWitt and Olive—have scheduled primaries. In each township there is a contest for only one office. Watertown, the only other township in the county operating under the primary system, has no contests for township office nominations.

Clinton County's other 12 townships will name their November slates at caucuses scheduled for this Saturday, Aug. 29.

CONTESTING for nomination as Prosecuting Attorney on the Republican ballot are Alba F. Wert and Norman J. White, both St. Johns' attorneys. Wert is a former prosecutor and White is the present assistant prosecutor.

Frederick M. Lewis, incumbent prosecutor, is not a candidate for re-election.

In a three-way race for the two Republican nominations as Coroners are Van W. Hoag and Robert Sirrine, of St. Johns, and Lee R. Rummell, of DeWitt.

Unopposed nominees for county offices on the Republican ballot are: Percy J. Patterson, Sheriff; Paul Wakefield, County Clerk; Velma Beaufore, Treasurer; Marie Belknap, Register of Deeds; and Dale R. Chapman, Drain Commissioner. All are incumbents.

IN THE only Democratic pri-

mary contest for county office, Mrs. JoAnn Carpenter, Ovid, and Mrs. Pauline White, Victor, are running for nomination as Register of Deeds.

Democrats have entered nearly a full slate of candidates for county offices. They have prospective nominees for every major office except prosecuting attorney.

Unopposed Democratic candidates are Joe R. Kurka, Duplain, for Sheriff; Lavina C. Ferdin, Ovid, County Clerk; Robert E. VanDriessen, Eagle, Treasurer; and G. Robert Harman, Duplain, Drain Commissioner.

CONTESTS within a party for a single office have made primary elections necessary in Bath, DeWitt and Olive Townships.

In Bath, Lawrence Read is opposing T. B. Simpson for Justice of the Peace in the Citizens' party primary. Unopposed incumbents on the Citizens' ticket are: Gerald Shepard, Supervisor; Lee Reasoner, Clerk; Iona Barker, Treasurer; and Ernest Trofatter, Trustee.

Only one candidate has filed in the Bath Democratic primary —Gaylord David for Constable.

THREE CANDIDATES are vying for nomination to two Trustee posts on the Citizens' ticket in DeWitt township. Seeking the offices are Fred Culy, incumbent Supervisor; Ted Powell, incumbent Trustee; and S. E. Bellows, a former member of the Board of Review.

Oliver Angell as candidate for Supervisor heads the remainder of the Citizens' slate in DeWitt. (See LIGHT VOTE Page 2)

Others seeking nomination are Warden Kyes, Incumbent Clerk; Ronald C. Zeeb, Incumbent Treasurer; Roy G. Decker, Incumbent Justice of the Peace; Ronald Groulx, Donald J. Risk, Edmund J. Thelen and Clifton Wilcox, Constables.

Unopposed candidates in the DeWitt Democratic primary are: Don J. Stevens, Supervisor; Cecilia Stanaway, Treasurer; Milton J. King and Stanley H. Sheep, Trustees.

IN OLIVE Township, Kenneth Fricke and Gale Boron are contesting for the Republican nomination as Trustee. Unopposed incumbents on the ticket are: Almond B. Cressman, Supervisor; Hilary G. Simon, Clerk; and Charles Falvor, Treasurer.

Since no candidates filed, there will be no Democratic township primary in Olive.

Providing additional interest in local precinct elections next Tuesday are the ballots on which voters will choose delegates to their respective County Conventions. Republicans have allocated 73 delegate posts among the county's 25 precincts. Democrats will choose 150 delegates.

A total of 66 candidates—33 each of Republicans and Democrats—filed petitions to get their names on the primary ballots as nominees for delegate. There are contests for the posts in several precincts. Write-in votes will also be counted on the paper delegate ballots.

Higgins, Berkley auto dealer, on the Republican ballot. Neil Staebler, Ann Arbor, has no opposition for the Democratic gubernatorial nomination.

IN THE nonpartisan primary for the nomination of six Judges of the new Court of Appeals, Clinton voters will choose three candidates from a field of 10. The six receiving the highest number of votes in the 66-county 3rd District will compete for the three elective posts in November.

The 10 candidates are all attorneys and several are presently serving as circuit, municipal or probate judges. They include:

Maurice Black, Saginaw; Robert B. Burns, Grand Rapids; Austin Doyle, Hickory Corners; John W. Fitzgerald, Grand Ledge; Donald E. Holbrook, Clare; Robert G. Howlett, Grand Rapids; Allan C. Miller, East Tawas; Philip H. Mitchell, Hastings; Carlton H. Morris, Kalamazoo; and Andrew H. Wisti, Chassel.

A permanent traffic control order, three maps locating stop and yield signs, parking regulation signs and speed signs, was approved by the city commission last week.

The resolution was drawn up to form a record of where the signs are located and will not mean any new placement of the signs.

WHEN Commissioner Raymond Kentfield noted in passing that some yield right-of-way signs seem to be placed at odds with the heavy flow of traffic at intersections, City Manager Ken Greer explained the city did not always have anything to say about where the signs are placed.

Kentfield had mentioned the corner of South Clinton Avenue and Park Street. While Clinton Avenue apparently gets more traffic than Park, traffic on Clinton must yield right-of-way to that on Park.

GREER SAID that is because the State Highway Department considers Clark Avenue a major street while Clinton Avenue is not. Traffic on a major street cannot yield to traffic on a local street under the highway department's rules.

The amount of state aid for maintenance of these major streets is considerably higher than for local streets. While the city has not always agreed with the highway department's choice of major streets for St. Johns, it must follow the state's rules or lose the extra maintenance aid, Greer pointed out.

ON ANOTHER street item, the commissioners took under advisement a proposal for selling special assessment bonds for curb and guttering.

Begins 80-day probation violation term

Walter M. Palmer, 22 of 206 N. Prospect Street, St. Johns, Friday began serving an 80-day term in the county jail for violation of probation.

The jail term was assessed by Justice of the Peace Robert Wood after he found Palmer guilty of consuming intoxicants on a public highway and fined him \$10 and \$15 costs for that offense.

PALMER WAS arrested at 5 a.m. Friday by Deputy Sheriff Fred Corson, who found Palmer asleep behind the wheel of a car parked in the middle of Kinley Road near US-27.

Palmer was on probation for reckless driving.

The 1964-65 budget calls for selling \$40,000 in the bonds, which would pay for current curb and gutter costs which are being spread by assessment on property owners. But since property owners can make their payments in three yearly installments, by previous approval of the commission, most of the money will not be coming in this year.

THE AMOUNT to be spread on special assessment this year is \$39,418.82. In selling the bonds, the city would absorb interest on it, but it would have the money to balance the budget for the new year. The principal on the bonds would be paid off with the assessment installments.

Further discussion and action is likely at the next meeting.

Objectors to the assessment for curb and gutter work in the 100, 200, and 300 blocks East Lincoln Street appeared at the meeting, claiming there hadn't

been official notice of hearings on the work. It was pointed out that advertisements had been placed in the Clinton County News calling attention to hearings on that project.

THE ASSESSMENT roll for the Lincoln Street work and for curb and gutter on all streets that have been approved and are under contract for construction was approved in a resolution. Also approved was another resolution confirming the assessment roll for water main on all streets previously ratified and under contract or construction.

In other miscellaneous business, the city commission, at a necessity hearing, directed the preparation of an assessment roll for a water main in the 1000 and 1100 blocks of South Church Street.

THEY ALSO authorized Mayor Jack Smit to sign an agreement with Vilcan-Leman Associates for work on the city urban renewal project.

Fowler schools to open Monday

Fowler Public Schools will open Monday for the new year.

Classes with the exception of kindergarten, will be in session in the morning only on the first day. The buses will return the students to their homes beginning at 11 a.m.

BUSES WILL run the same routes as last year. Adjustments will be made at the end of the first week.

Kindergarten classes will start Tuesday, Sept. 1, with those on the south side of M-21 in the village and county attending the morning session and all others the afternoon session.

THE BUS will take those attending the morning session home at 11 a.m. and pick up those attending the afternoon session beginning at about noon.

Mrs. Helen Armbrustmacher and Mrs. Mary Smith will be in charge of the lunch program, which will begin on Tuesday. The charge for school lunches will be the same as last year. Milk will be available at the elementary school.

TEACHERS returning this fall are John Kapral, business education; Larry Churches, social studies and athletic director; Charles Trierweiler, science and boys physical education; Walter Thurov, science; Miss Carol Anderson, English and girls physical education; Miss Pauline Mathews, home economics; Mrs. Waldron, library; and Mrs. Thelen, Latin.

Mrs. Mercedes Farley, Junior High; Miss Margaret Pung and Mrs. Marcella Edinger, elementary and Mrs. Helen Hungerford, kindergarten.

THE NEW teachers in the high school this year include: Mrs. Derocher, English; Mrs. Wenzel, music, and Mr. Hokans, industrial arts.

All teaching positions are filled except an instructor for type A special education.

PRE-SCHOOL conference for the faculty members will be held at the high school Friday, Aug. 28, at 10 a.m.

Band is all set for Interlochen

The St. Johns High School band and orchestra will leave at 8:30 a.m. Monday for their annual post-camp band session at the National Music Camp at Interlochen.

The band will be gone a week.

"This may be the last year for the band and orchestras to attend the post-camp session," Director Walter P. Cole said, "because the Arts Festival may be extended to two weeks if it is successful this year."

APPROXIMATELY 130 youngsters, 10 adult counselors, a nurse and a drum instructor, along with the two directors, Cole and Robert Cox, will make the trip.

"Interlochen is especially important this year because the band is going to the Chesaning marching festival Sept. 19 and the University of Michigan band day Sept. 26," Cole pointed out.

This will be the first year orchestra students have made the trip. They will have their own schedule during the day, practicing with string students from other area school orchestras. During the evening they will participate in planned activities with the bands.

THE BANDS will practice seven hours a day at Interlochen, and there will be three hours of planned recreation. A public concert is set for the afternoon of Sept. 6, after which the young bandsmen will take a sand dune ride and have a picnic on Lake Michigan.

Five buses will take the St. Johns band to Interlochen. A picnic lunch is planned at the Cadillac State Park at noon this Monday. The band will return to St. Johns about the middle of the afternoon Monday, Sept. 7.

Chaperones will include Mr and Mrs Ben Munger, Mr and Mrs Roy

Davis, Mrs C. W. Lambert, Mrs Forrest Swatman Jr., Miss Holly Davis, Gordon Vandemark, Bill Acton and Floyd Colley. Mrs Gertrude Buehler will be the nurse, and Miss Pat Carr will be the drum instructor.

"WE ARE looking forward to a very fine year this year at Interlochen," Cole said, "and we hope to have some fine halftime shows for football fans."

Street light changes OK'd

New street lights for some St. Johns intersections were approved by the city commission last week, on the recommendation of Consumers Power Co.

New 20,000 lumen mercury vapor lamps will replace the present lights at the intersections of Spring and Lincoln, Oakland and Lincoln, Steel and Spring, Steel and Swegles and Mead just south of Steel.

NEW LIGHTS will be installed at the intersections of Lincoln and Mead, Lincoln and Swegles and Swegles and Gibbs.

Consumers also recommended the removal of the street light at Oakland and Steel streets and the replacement of a light at Steel and Mead with at least a 20,000 lumen fluorescent type light.

THE COST to the city will be \$122 for a 20,000 lumen fluorescent and \$115 each for 20,000 lumen mercury vapor lights.

Consumers also suggested the improving of lighting at M-21 and US-27 by installing new intersection lights at US-27 and Walker, US-27 and M-21, and US-27 and Cass Street. They suggested center suspended type lights of 20,000 lumen.

18 new teachers in St. Johns schools

Sixteen new teachers, in addition to two new special education instructors, will be on the staff of the St. Johns public schools this year.

The new teachers, as announced by the school administration, are:

Pat Stevens, a June graduate of Central Michigan University and one of the playground directors for the city recreation program this summer, will teach fourth grade at Perrin-Palmer School. Pauline Puetz, a graduate of Central Michigan will teach the second grade at East Ward. Mrs Shirley Bingham, a graduate of Hope College who has taught for two years in Renton, Wash., will teach first grade at Swegles School.

MRS EVANGELINE Johnson, who has both her bachelor of arts and master of arts degrees from Central Michigan, will teach the fifth and sixth grade room at Central School. Mrs Sharon Ghannon, a graduate of Michigan State University, will teach in the South Riley rural school.

Miss Judith Lowe, a graduate of the University of Minnesota and who has taught two years at Sylvania, Ohio, will teach elementary and junior high art. Mrs Mary Ann Harris, a graduate of the University of Texas, and who

has taught in Tennessee and Texas as well as in Michigan, will handle speech correction classes.

JOHN FURRY, former teacher of social science, has been transferred to guidance, and Peggy Carson, a June graduate of MSU, will take over his classes in the social science department.

Also new to that department will be Robert Ballard, a June graduate of MSU who did his student teaching in St. Johns last spring. He will also assist in coaching wrestling. Harvey Philko, a graduate of MSU, will also teach in the social science department.

MARIAM Stoltzfuss, a June graduate of Mennonite College in Pennsylvania, will teach high school English. Leslie Wesner, a graduate of Central Michigan who has taught for several years at Lansingburg, will teach high school mathematics.

David Hetterrick, a graduate of Texas State Teachers College last spring, will teach high school shop. Charles Vandermark, a graduate of Central Michigan, will teach vocal music. Vandermark taught for three years at Breckenridge.

GIRLS' physical education will be taught by Mrs Margaret Murphy, a graduate of Western Michigan University who has taught in Marshall and in Florida. Richard Kutas, a graduate of MSU who has been teaching in Lansing Resurrection, will teach social science at Central School and will help with athletics.

Three other teacher will start their first full year of instruction. Ben Hall and Sandra White will teach high school English, while Donald Munger, who substituted the latter part of last year in agriculture, will be in that department full time.

Fined \$100, costs for drunk driving

Richard L. Moore, 29, of R-1, Ashley, paid a fine of \$100 plus \$19.30 costs after pleading guilty Saturday to driving while intoxicated.

Moore was arrested by city police Officers Lyle French and James Stiffler in the Sturgis-Oakland Streets area. The fine was assessed by Justice of the Peace Alva Wert.

Name inspectors for city election

The St. Johns City Commission last week appointed inspectors for the upcoming Sept. 1 primary election in the two city precincts. They are: Precinct One—Ladd Bartholomew, Alberta Cornwell, Carmen Tranchell and Helen Greer. Precinct Two—Don Britten, Agnes Baker, Ruth Serrine and Ardis Crawford.

LEON BREWBAKER

Leon A. Brewbaker, 410 E. Cass Street, St. Johns, has been cited for outstanding performance by State Farm Insurance Companies and will be honored at a three-day national convention for company agents and wives Sept. 10-12 at the Conrad Hilton Hotel in Chicago. At a series of business meetings, Brewbaker will be briefed on company and industry affairs and will have the opportunity to participate in round table discussions. Other convention highlights will include a special luncheon for the ladies and a banquet honoring agents and wives.

City has deer to trade

Steps are being taken to see that the size of the city's deer herd does not get out of hand. City Manager Ken Greer was given authority last week to talk with other cities to see about trading or giving away some of the deer.

There are presently seven deer in the pen at the park, and Greer told the city commission last week this would likely be 11 by next spring and 22 by the following year. This is too big a herd everyone agreed.

GREER SAID he will talk with officials of other communities who might be interested in having the deer and perhaps trading to St. Johns a few smaller animals.

Rowell School to open Monday

Rowell School, at the corner of Chandler and Hall roads in Duplain Township, will open Monday, Aug. 31, with pupils to report at 9 a.m. Mrs Raymond Murton is the teacher.

Voters to decide on municipal court

St. Johns voters will decide Nov. 3 whether or not to set up a municipal court to replace the present justice of the peace system in the city.

The city commission last Tuesday night adopted a resolution which, with the approval of the governor and the state attorney general, will put the question on the ballot.

THE ELECTORS of the city will be deciding on amending the city charter to set up the municipal court. If approved, the judge would be paid by a salary and would keep regular hours,

Cut fire hall area parking

One of the fire department's major problem areas, Walker Street in front of the fire barn, will be a little less of a problem now, firemen believe.

The city commission last week ordered the removal of six parking spaces on both sides of the street near the doors where fire trucks leave to answer a fire alarm.

TWO OF the spaces are in front of Miller's Furniture, two are in front of the American Legion, and two are in front of the Municipal Building. In addition, an unmetered parking space on the east side of the city building is being reserved as a second police parking spot.

Police cars previously had a reserved parking space in front of the building and one at the east side. There now will be two side-by-side spaces east of the building.

FIRE CHIEF Clare Maier told the commission the firemen have had difficulty in maneuvering the trucks out of the garage onto the street, particularly since the arrival of the city's new longer fire truck.

He said with the public parking spaces there, firemen also had difficulty in parking their cars when coming to the fire hall to answer an alarm. Their cars then necessarily clogged the street, making it even more difficult to get the trucks out and on their way quickly.

THIS clogged condition resulted in a minor "fender bender" collision several weeks ago.

Car drives off after cycle upsets

A motorist failed to stop after he caused two youths to upset on a motorcycle last Tuesday afternoon.

Raymond Russell, 19, of 605 W. Higham Street, driver of the motorcycle, was treated for cuts and bruises at Clinton Memorial Hospital and then released. His passenger, Stanley Suchowski, 19, of 610 N. Clinton Avenue, was not hurt.

RUSSELL told city police Officer Kenneth Bunge he attempted to stop the motorcycle when it was cut off by a car which failed to yield the right-of-way at the corner of Park and Church streets. When he hit the brakes, the rear of the cycle came around, Russell said, causing it to upset, spilling the youths onto the pavement. There was no collision with the car.

The motorcycle was traveling east on Park, and the car was proceeding south on Church. It failed to stop after the accident, which occurred at 12:50 p.m.

THE CYCLE'S headlight and pedal were damaged.

New students must have physical exam

Those parents who are new to the St. Johns district school district are reminded that a physical examination by the family physician is necessary for enrollment of children in the schools. Blanks for the examination are available at the school superintendent's office.

both to be set by the city commission.

The municipal court would have county-wide civil jurisdiction on cases involving up to \$1,000.

THE CHARTER amendment, if approved, would take effect Jan. 1, 1965, and a judge would be appointed to serve from then until the next regular election, when one would be elected for a six-year term.

Youth's aid to injured cat praised

A young man's consideration for an animal someone else hit with a car gained the attention of a newcomer to St. Johns this week.

C. J. Shawnee of 106 S. Ottawa Street said he was walking on Clinton Avenue near the depot Monday when he observed a youth in his late teens stop his car, get out and go to the aid of a cat lying injured across the street.

SHAWNEE said the youth, whom he did not know, bent over the cat for some time and then took it to the veterinarian. The animal had apparently been struck by a car some time before, and Shawnee said he knew a number of cars had passed the cat by without paying attention.

Shawnee said acts such as that far offset the wrong teenagers do, and he thought it was worth note.

Eureka pastor goes to Kentucky

Rev. Ray C. Middleton who has pastored the Eureka Congregational Christian Church the past five years has accepted a position in Kentucky and will be leaving Eureka in September.

He came to Eureka in 1959 as the first resident pastor to occupy the new parsonage.

During his pastorate the church has grown from a week-end appointment to half-time to full-time. He was to become the first fulltime pastor beginning in September. He also taught at Elsie High School half-days the past two years.

MR MIDDLETON also concludes his work at Michigan State University at this time where he has earned the diploma degree for advanced graduate studies (often called specialist degree) which completes the doctoral coursework in guidance and Personnel services with specialization in pastoral counseling.

In Danville, Ky., he will be the associate director of the Presbyterian Guidance Center at Centre College. It is a position which calls for a specialist in pastoral counseling. His principle function will be that of counseling youth as they seek out their Christian calling in life.

Thelen-Thelen vows spoken at St. Mary's

WESTPHALIA—Yellow and white gladiol adorned the chancel of St. Mary's Church Saturday at 9:30 a.m. for the double ring ceremony that united Miss Janet Ann Thelen of R-4, St. Johns, and Roy Joseph Thelen of R-2, Fowler, in marriage.

Rev Aloysius Miller performed the service in which the daughter of Mr and Mrs Leonard A. Thelen of R-4, St. Johns, and the son of Mr and Mrs Walter Thelen of R-2, Fowler, spoke their vows.

THE BRIDE chose a floor length gown fashioned with sequin-adorned bodice and scalloped neckline and a tiered skirt trimmed with lace. Her veil fell from a crown of pearls and she carried a colonial bouquet of red roses, white carnations and lilies-of-the-valley with lace streamers.

Miss Marlene Thelen served as maid of honor.

Miss Marilyn Thelen was bridesmaid and Jeanne Thelen and Janice Sptzley were junior bridesmaids.

THE MAID of honor wore an orchid gown of nylon organza over taffeta with a lace jacket complemented with a crown of flowers to match her gown and she carried a bouquet of carnations and roses. The other attendants were attired like the maid of honor. Marilyn's dress was yellow, Jeanne's was pink, and Janice wore an aqua dress.

Bernard Thelen served as best man. Richard Hengeshach was groomsmen and Jerry Hengeshach and Michael Thelen seated the guests.

BOTH mothers wore dresses of blue embroidered silk with white accessories and corsages of white carnations and red roses.

Vocalists were Mrs Gladys Bengel, Mrs Mary Ann Hengeshach, Miss Celine Martin and Mrs Therese Trierweller. Joseph Martin played traditional selections.

A reception for 450 guests was

5 injured in crash, 6 children unhurt

Two girls suffered severe head lacerations and were hospitalized as a result of a head-on two-car collision on US-27 north of St. Johns Friday morning. Three other persons were treated for minor injuries.

The accident occurred when one auto skidded across the median strip just south of Hyde Road in Greenbush Township and hit another head-on.

HOSPITALIZED at Clinton Memorial Hospital with the head injuries were Barbara Boville, 18, and Betty Boville, 16, daughters of Mrs Fran Boville, 40, of Charlotte, one of the drivers.

Mrs Boville was treated at the hospital for bruised left knee and elbow. Otto B. Miller, 36, of Tecumseh, driver of the other car involved, was treated for a bruised knuckle, and his wife, Mrs Irene Miller, was treated

for a four-inch laceration over her right eye.

SIX MILLER children in the car, aged 11, 10, 8, 5, 3 and 6 months, were not hurt. The injured persons were taken to the hospital by Osgood Ambulance.

State police said Miller was traveling south on US-27 and slipped off the right side of the road during a rain storm. When he attempted to bring it back onto the pavement, the car skidded across the median and hit Mrs Boville's north-bound auto head-on. Both cars were heavily damaged.

MILLER was ticketed for driving too fast for conditions. The accident occurred at 8:15 a.m. Friday.

Plan Punt, Pass, Kick St. Johns competition

St. Johns area grade and junior high school boys from 8 through 13 will be able to pit their football skills against thousands of other boys in the nation for the first time this year.

Egan Ford Sales, Inc., of St. Johns and the St. Johns Jaycees will co-sponsor Punt, Pass & Kick competition here Oct. 10, with the winners in the six age groups having a chance to progress to national competition.

THE TOP 12 boys in the nation will win a trip to Washington, D.C., and to an appearance at a National Football League championship game.

St. Johns Recreation Director Roger Kowalski has been named competition director for the local contest, Oct. 10.

ST. JOHNS area boys will be tested for their ability to punt, pass and place-kick on the same day as thousands of other boys all over the country.

Bruce Fowler, manager of Egan Ford Sales, Inc., pointed out that the competition involves no body contact, there is no charge for entering, and no special equipment is needed.

"REGISTRATION will be open from Sept. 1 through Sept. 9," he said, "with Egan Ford Sales as registration headquarters."

"In 1963, PP&K's third year, nearly 500,000 boys entered the competition," he said, "and received a presidential commendation that said 'Programs of this type will enable our youth to build the energy and strength that is their American heritage.'"

FOWLER SAID entrants will be judged on distance and accuracy of their punting, passing and kicking. Points will be awarded for each foot of distance the ball travels on the fly, and points will be subtracted for each foot the ball lands to the right or left of a center line.

The St. Johns competition will be held at the city park athletic field.

FOR 8-, 9- and 10-year-olds,

warm-up jackets, place-kicker outfits and autographed footballs will be given as first, second and third prizes for each age group. Boys 11, 12 and 13 will receive gold, silver and bronze trophies. There will be 18 local prizes in all.

Scores throughout the country then will be compared to determine the six top winners in each of the 362 Ford zones—a total of 2,172 zone winners. Zone winners will meet in 37 Ford district competitions at which 222 district champions will receive trophies. The 222 runners-up also will receive trophies.

FROM THESE district champions, the best 168 scores will be selected, 12 to represent each of the 14 National Football League game areas, and declared area winners.

Area winners, their fathers and mothers will attend a National Football League game in their area to compete for division championships—the six top eastern NFL division winners.

And City Recreational Director Roger Kowalski is preparing programs and sites for a fall recreation schedule.

ners and the six top western division winners.

THESE 12 finalists, accompanied by their parents again, will go on a "tour of champions" to Washington, D.C. They then will travel to the site of the NFL championship game for half-time competition to determine the six National Punt, Pass & Kick champions.

Kowalski said he was honored to be asked to direct the Punt, Pass & Kick competition. "Stan Musial, consultant to the President on physical fitness, has said we must establish physical fitness programs as an integral part of our way of life. I know all the

boys who enter this contest will have a lot of fun, and I hope every grade and junior high school boy within the age limits will want to practice to compete for the many prizes and trophies this great national competition offers."

UPON registration, boys will receive a booklet of PP&K competition tips written by Green Bay Packers' star quarterback Bart Starr, Detroit Lions punter Yale Lary, Cleveland Browns place-kicker Lou Groza and New York Giants quarterback Y.A. Tittle. Included in the illustrated booklet are Stan Musial tips on body-building calisthenics.

Summer recreation program ends Friday

The city's summer recreation program will come to an official end Friday, but some of its phases will continue to run for a week or so.

And City Recreational Director Roger Kowalski is preparing programs and sites for a fall recreation schedule.

THE CITY swimming pool will probably close for the week about Labor Day, and a definite closing date will be chosen sometime this week.

The awards day this Friday, however, will bring to an end the regularly scheduled events. A king and queen of recreation will be picked, and winners of the three summer recreation baseball leagues will receive patches. Junior Olympic contest awards will be made then, too.

THE PARADE Friday will start at the depot at 9 a.m. and move up Clinton Avenue to the courthouse lawn where the presentations of awards will be made. Children will ride decorated bicycles, for which prizes will be awarded.

Ribbons will be given to the summer baseball and Little Olympics winners. The names of the king and queen will be drawn from a list of four children from each of the city playgrounds. The children themselves choose the names during the past week.

ATTENDANCE by youngsters at the various recreational events ran about the same as last year, Kowalski said. Swim-

ming pool paid admissions through Aug. 16 included 6,547 girls and 7,424 boys. Between 300 and 350 boys were signed up and played in the summer baseball program headed by Bill Smiley.

About a hundred youngsters were signed up at the playgrounds for organized recreation under Playground Directors Pat Stevens and Linda Smith.

ABOUT THE same number of adult men participated in the A and B league softball leagues during the evenings. Sixty boys played the last part of the summer in the evening Little League.

S. Riley 'out' in softball

The South Riley Grocery softball team, which won the Class D softball playoffs here, was eliminated last week in the Michigan Softball Assn. District 5 tournament at Hastings.

South Riley lost to Eaton Rapids 7-4 on Aug. 15 and to McNamara Construction of Lansing 7-0 Aug. 17. The tournament was a double elimination event.

SOUTH RILEY had advanced to the district by beating Dean's Hardware in both ends of a double header, 2-1 and 5-1, on Aug. 12 in St. Johns.

Set City Assn. bowling meeting

A meeting of bowlers for the City Association Men's Bowling leagues will be held Thursday evening at 8 o'clock at the Redwing Lanes in St. Johns.

Couples are urged to sign up now for a Sunday night mixed league, and ladies may sign for a morning league.

The bowling alley is now open afternoons and evenings.

PEWAMO—Timely hitting after two Pewamo errors helped Lakeview beat Pewamo 7-2 Sunday.

Pewamo could only get four hits. Bill Heckman had two singles and Bill Werner and Jim Barker had one each. Pewamo scored first but couldn't hold the lead.

HECKMAN lost his second game of the year.

Pewamo hosts Belding Sunday for their last game of the season.

13 swim meet records fall

The swimming of Tom Pautke and Jean Muckle stood out Monday night as 13 divisional records were set at the annual city swimming meet at the city park pool.

Forty boys and girls braved cool water and chilly air for three hours of swimming and diving. A crowd of about 450 persons watched most of the meet.

PAUTKE, SWIMMING in the senior boys division, set new records in the 100-foot free style, 100-foot back stroke, 100-foot side stroke and 200-foot free style. In addition he won the senior boys' individual medley and the high dive.

Jean Muckle, who held every record in the junior girls division, added four more this year in the senior division. She set new records in the 100-foot free style, 100-foot breast stroke, 100-foot side stroke and 200-foot free style. Her records in the junior division still stand.

Pautke was named the outstanding swimmer of the meet in all divisions.

OTHER SWIMMERS also set or tied records. Gail Pautke set a new record in the 100-foot back stroke, besides winning the senior girls individual medley and the low and high dive competition.

Phil Anderson set a new record in the 100-foot breast stroke for senior boys.

Vince Pouch set three new records in the junior division—100-foot breast stroke, 100-foot back stroke, and 100-foot side stroke. He also won the junior boys individual medley.

DeWitt art show attracts over 800

BY MRS FAYE HANSON

DeWITT— One of the cultural things that has been introduced in the DeWitt area in the last few seasons is the Art Show, sponsored by the DeWitt Public Li-

brary in conjunction with the Ox Roast celebration.

Over 800 persons viewed the many beautiful and inspiring things that were on display in the Memorial Building Friday afternoon and Saturday.

All people showing must be DeWitt area residents or former DeWitt area residents.

THE DeWITT Ceramic Studio had a pre-showing on Christmas pieces with Santa and a lighted tree in the forefront.

An interesting duo was Mrs Alfred Peterson of Round Lake and her sister, Mrs Cecil Gearhart of Houghton Lake. Both women do beautiful oil paintings.

The artists entering the show for the first time were Mrs Vera Dack and Frank Baldwin.

ANOTHER interesting combination was Dr and Mrs Maurice Becker. They each entered a canvass of their own and one that was a joint effort with each taking a turn with the brush and not always agreeing on what the other added.

Juniors showing were Gary Lattimore with humorous sketches, Kent Courtland with two water colors, Alice Custard with an oil seascape and Gary Becker with modern designs.

MRS KEITH Blizzard showed a pastel of the Methodist Church and a picture created of calico, yarn and a button on a linen background as well as a huge seed Mosaic.

Old favorites Mrs Nellie Boyd and prototist Joe Wheat also loaned their creations for the event.

Mrs Forrest Basore had on display an inspiring canvass of

the Pieta. Mary Kukkle of Alward Lake also showed two oils.

Mrs Michael Yatchman of Lincoln Park, a former DeWitt girl, had a beautiful display of hand painted china.

CHESTER RABY loaned part of his collection of arrow heads to display. These have all been picked up in the DeWitt area over the years.

Mrs Earl Pierson loaned a quilt made by village people 70 years ago with their names embroidered on it. This became quite a conversation piece with people asking "Do you remember when?"

Mrs Allen Stampfy loaned many old photos of the village, Lansing and Jackson.

AND LAST but not least floral arrangements were brought in by Mrs Avery Lee, Ward Miller and Earl Klaver.

It is hard to realize how much talent a small village really has until one begins to dig for it. Through the efforts of many, DeWitt had a very successful art show.

Mrs Maurice Becker shows a painting of a western snow scene which she and Dr Becker painted together. They also exhibited separate pictures of scenes of Grand Canyon at the annual art show in conjunction with the Ox Roast celebration in DeWitt.

Mrs Alfred (Carrie) Patterson of Round Lake Road, DeWitt, left, and her sister, Mrs Cecil (Lucy) Gearhart of Houghton Lake, exhibited some of their paintings at the annual art exhibit at the Ox Roast celebration last week in DeWitt. Mrs Patterson shows an oil painting sketched in Florida. Mrs Gearhart's painting is of Yguassu River Falls in South America.

Victor 4-H club credits its leaders

VICTOR— The Victor 4-H ball team held a potluck and hamburger barbecue at the Victor field Sunday. They used the barbecue pit which the outdoor cooking boys built as a 4-H project.

Three ball games were played during the afternoon. One between the fathers and the older boys, one between the fathers and the younger boys, and one between the mothers and the girls.

THE 4-H CLUB, with a membership of 93, brought their year's activities to a close by exhibiting at the 4-H Fair. These activities were made possible through the cooperation of the parents and leadership of the following project leaders:

Shirley Hazle, Joyce Divine and Barbara Van Velsor, girls food and nutrition; Esther Jones, entomology; Betty Harte, rabbits and poultry and girls softball; Elmer Smith, beef, sheep, dairy and crops; George Hazle, beef, sheep, and dairy; Marion McMaster, flower gardening; Harriet Hell, flower gardening and sewing; Mrs Wesley Hazle, vegetable gardening and sewing; Shirley Smith, sewing; Doris Strouse, horse and pony; Hewitt Van Velsor, boys softball.

The junior leaders were: Kenneth Smith, swine; Mike DeVault, Scott Matteson, Steve Jones, and Aaron Bishop, boys outdoor cooking; Larry Harte, rabbits.

A meeting will be called soon to issue 4-H reports. It is important that members attend this meeting, as projects are not considered finished and fair premiums will not be paid unless these reports are completed.

East Hubbardston

Rev John Buckner preached his last sermon here Sunday. There was a farewell dinner for the family at the Palo charge Sunday after the church service, which was very well attended from both Hubbardston and Palo parishioners.

The Buckners moved to Walled Lake Tuesday.

Alice and Paul Langdon entertained the Lattimers and C. S. Langdons for dinner Monday.

The C. S. Langdons returned Wednesday from a week's trip, into North Dakota. Much frost damage is reported from the Dakota and Minnesota. At Milwaukee just before boarding the Clipper, Tuesday night they came across Doris Dalley Hockstra and family from Detroit.

Mr and Mrs Douglas Bell of Jordanville, N. Y., were entertained for a couple of days last week at the Lattimer farm. Mrs Bell was a college roommate of Mrs Lattimer.

John and Gary Lattimer of Englewood, N. H., are visiting their grandparents for three weeks. They arrived by plane from a camp in Maine. Their parents, Dr and Mrs J. K. Lattimer and sister, Eran, are on an extended trip in Europe.

The Lattimers recently entertained Helen and Marjory Smith of Lansing, also the Leslie Moores and Linda.

Mrs Minnie Cusack fell in her home Sunday evening. She had X-rays Monday.

There was gaiety galore in DeWitt Saturday, despite overcast skies that threatened to wipe out the annual Ox Roast. A large crowd lined the route of a parade around the downtown area. This clown band was one of the many entries in the parade, which included farm equipment, fire trucks, clowns, Scouts, old cars, fraternal organizations, floats and beautiful girls.

DeWitt pastor to be feted

DeWITT — A farewell dinner will be held for the Rev Dr Robert F. McClellan Jr. at St. Anne's Church on Sunday, Aug. 30.

Dr McClellan who has been serving St. Anne's Church for nearly two years will begin teaching at Ohio State University in Columbus, Ohio this fall. He received his doctorate degree in June from Michigan State University.

HE WILL conduct services in St. John's at 8:00 a.m. and 10:30 a.m. and at St. Anne's at 9:00 a.m. on Sunday and a potluck will be served at 12:00 noon before he returns to his new home in Ohio.

Fredalice Tingay has returned from her tour of villages along the Yukon river in Alaska and will display beadwork and leathercraft items and show some interesting slides of scenery and people in the Land of the Midnight Sun.

Guests will bring a card table, a dish to pass, table service, sandwiches and milk or drink for the children. Coffee will be furnished.

Mr and Mrs Bob Wilcox and Mrs Arthur Newman attended the National Ceramic Show in Chicago last weekend.

Mrs L. J. Griswold and her daughter, Mrs Paul Stoller, and son have returned from a week spent in Washington, D.C. While there they toured the Capitol, the White House, Mount Vernon and the Lee Mansion at Arlington.

Mr and Mrs Larry Sroufe, Kay and Randy moved to Olivet this week. Mr Sroufe will be coaching and teaching in the Bellevue High School.

Bill Overholt entered Ford Hospital, Detroit, last week and will undergo heart surgery this week.

Mr and Mrs Lee Rummell and family have returned from a week's vacation to the World's Fair and the east coast.

Mr and Mrs Michael Yatchman and children of Lincoln Park spent the weekend with her parents, Mr and Mrs Rhine Henning.

Mr and Mrs William Crossman and sons have moved to Fort Atkinson, Wis., where Mr Crossman, a draftsman has employment.

Born to Mr and Mrs Ronald Mohnke of Flint, a daughter, Marie Diane. Mrs Mohnke is the former Carol King of DeWitt.

Former DeWitt resident, Mrs Geoffrey Schavey of Boulder, Colo., is spending a month visiting friends and relatives in this area.

Former DeWitt residents, Mr and Mrs Cecil Gearhart of Houghton Lake spent this week visiting their daughter, Mrs Leo Hanson, and friends in this area.

Mrs Elizabeth Cooley of Swanton, Ohio, is visiting her aunt, Mrs Howard Roberts, while her parents are spending six weeks in India.

Mr and Mrs William Shaw and four children of Ballston Spa, N.Y., are visiting her sister, Mrs Daniel Kelln, and family.

Carnival rides, concession stands, lots of roast ox meat, and people were the ingredients Saturday for a successful Ox Roast festival at DeWitt. Crowds were good despite heavily overcast skies much of the day.

Keep the Tax Money in St. Johns
Vote YES on the Liquor by the Glass Proposal
Tuesday, November 3

The City of St. Johns will benefit from the tax revenues because:

- 85% of the licensing fees revert to the City of St. Johns.
- 2% of the sales tax is earmarked for schools.
- 4% of the excise tax is earmarked for schools.

We could continue to quote statistics on why voting yes would enable St. Johns to receive its fair share of tax revenue that amounts to millions annually, but we leave that for you to decide on election day.

Johnny learns about the world outside in his stroller rides

BY MABEL OPPENNEER

Johnny's been strolling the streets around his home the last month and he thinks it's a pretty big world outside. His sister, Sharon, takes him for short strolls around their home.

Johnny is the four-month-old son of Mr and Mrs Larry Karber of 817 Church Street, and the "adopted" baby of the Clinton County News for a year.

HIS OTHER sister, Janis, and brother, Dean, find him to be more fun as he grows older. He plays with them more, laughs at their antics and his eyes follow them as they move around the home.

He has the peculiarity of always laying on his tummy—whether he's playing or sleeping. Mother has to be more watchful now as he's reaching the stage that he doesn't "stay put."

JOHNNY had his immunization inoculation for diphtheria, tetanus, whooping cough and polio during the last month. He was a little uncomfortable from it for a day and told his family about it by withholding some of his many sunny smiles.

He weighs 14 1/2 pounds now so he has doubled his weight since he was born April 27. An extra ounce of milk and egg yolk have been added to his diet during the last month.

HE CHEWS and drools a lot which may be an indication of some teeth coming. "The other children didn't cut their first teeth until they were six or seven months old," Mrs Karber said, "so I don't think his will be in for a little while."

Johnny had his first haircut this month. Some of the bbs-and-bottle crowd take a dim view of this procedure, but Johnny didn't seem to mind at all. We shall see what develops when he goes to the barbershop.

STATISTICIANS say that, as a 1964 baby, when Johnny is 12, he will be living in a nation of 240 million people. By the time he is 36, at the beginning of the next century, the country will have a population of 350 million.

Johnny doesn't care about statistics. He only wants to sleep, eat, grow, and be loved.

Cellar is best place to ripen green tomatoes

Many homemakers put green tomatoes on a sunny window sill to ripen. They shouldn't.

Too much sunlight prevents development of normal, even color. Immature green tomatoes won't ripen in the sun and are likely to rot if kept there too long.

The best way to ripen picked tomatoes is in the cellar or garage—some place where the temperature is from 60 to 70 degrees F. Light is not needed to produce good red coloring in under-ripe tomatoes.

Some Sew. She Grows Vegetables, Too

Diana McQueen, daughter of Mr and Mrs George McQueen of 1802 Maple Rapids Road, was a Rosette winner or Grand Champion in the vegetable division of the Clinton County 4-H Fair. She has been a 4-H Club member for seven years, is a member of the Country Club Corners 4-H Club and a junior student at Rodney B. Wilson School.

Pigtails to ponytails Good grooming is important to you

You don't have to be a fashion model to want to look pretty for your public. Every girl has her own audience; the people she meets from the minute she walks out of the house in the morning notice good grooming (or poor grooming).

Good grooming starts with cleanliness. No matter how pretty you may be, you always look prettier with a clean, smooth skin. Every well-groomed girl or woman has good scrubbing habits.

USE A soft washcloth or sponge for your daily bath and a brush for stubborn-to-clean elbows and heels. After your bath, dust yourself freely with talcum.

The food you eat makes a difference, too. Little girls may be made of sugar and spice and everything nice, but too much sugar can cause unattractive bulges and skin blemishes.

THE SECRET of a clear complexion and slender and healthy body is a balanced diet of high-protein, non-fattening foods such as meats, vegetables, fruits, milk, eggs and cheese.

Always start your day with a wholesome breakfast that will give you enough energy until lunchtime. Avoid in-between snacks that build up unneeded calories.

Formula feeding for baby on rise

The mother who cannot enjoy the privilege of breast feeding her baby and the mother who has weaned her baby from the breast to bottle will find that bottle feeding, too, can be a satisfactory, reassuring experience.

Lots of old-fashioned cuddling is the password at bottle feeding time. Mothers are advised to duplicate the intimacy of breast feeding as nearly as possible. Propping the nursing bottle in the crib or carriage may be time saving, but it does deprive the bottle baby of the security and natural feeding joy which would be his snuggled close to mother.

BOTTLE feeding offers some advantages for babies. Mothers will know exactly how much the little one is eating by reading the ounce markings on baby's bottles, and doctors can prescribe an individual formula or make adjustments if necessary.

Mothers, however, shouldn't let the bottle markings work to a baby's disadvantage. Don't get over-anxious and insist that baby

Split angelfood for party dessert

For a pretty and spectacular party dessert begin by splitting an angel food cake into four layers. Then fill the cake by spreading a layer of raspberry jam then one of prepared vanilla pudding over each cake layer.

Stack the layers together and swirl whipped cream over the sides. Refrigerate several hours before serving.

Determine ham cost by servings

When buying ham, check the label not only for price per pound but servings per pound, home economists suggest.

Ham that must be cooked before eating usually yields 2 to 3 servings per pound. Canned or boneless cooked ham yields 4 or more servings per pound. Hams labeled "special trim" indicate excess fat has been removed to give a leaner product and more servings per pound.

take every last ounce. Like the breast fed baby, the bottle baby knows his own appetite and usually evens things up at the next meal.

Don't discard those empty spice or baking candy shaker jars! Fill one with corn starch and then sprinkle the contents on the babies in hot weather. The empties are especially handy and convenient for sugaring the baby's cooked and dry cereals, berries and other fruits and foods. You can fill a third empty shaker with flour to sprinkle on meats and to flour cake pans.

If your heavily starched laundry sticks to the clothes line, put a piece of waxed paper over the line before hanging up the clothes.

A PIECE of white chalk kept with your fine silver will slow the tarnishing. When the chalk yellows, just replace it with a fresh piece.

When baking a cake that calls for melted shortening, melt it in the cake pan you will use. Result—your pan is greased! And you save washing an extra pan.

Area GOP nominees are likely to be elected

It is not this newspaper's custom to recommend one or another of the candidates in partisan primary elections. Such elections as that which occurs next Tuesday are pretty much family affairs within the regular voting membership of the two major political parties.

The vote will be small in comparison with general election turn-outs; but in counties and districts like ours, where a Republican nomination is often tantamount to election, the occasion is an important one.

VOTERS SHOULD weigh their decisions carefully and vote for the nomination of those candidates who will best serve the interests of their party in the November election and as public officials in the years to come.

Partisanship in elections is not a nasty word. Its practice is a necessary ingredient in the two-party system which we hail.

IN NEXT Tuesday's partisan primary, you can't switch about in your party choices. You must choose either one party or the other and make your selection from the candidates offered on that slate.

Go to the polls Tuesday. Vote for those candidates on your party ballot who, in your judgment, are best qualified to run for office on your party ticket in the November election.

10 candidates for new district Appeal Court

Perhaps the most confusing contest in next Tuesday's primary election will be the nonpartisan race for nomination of six candidates for the new 3rd District Court of Appeals.

Clinton voters will be asked to vote for three of 10 candidates on a special nonpartisan ballot. All are lawyers and some are now serving as circuit, municipal or probate judges.

So far as we can determine, each of the candidates is qualified, but the names of many of them are unfamiliar to Clinton voters.

OF THE TEN, three with a Republican background are known in this area and have been active politically. They are: John W. Fitzgerald, our present State Senator; Judge Donald E. Holbrook, Clare-Isabella circuit judge who was a candidate for the Michigan Supreme Court in 1963; and Robert G. Howlett, Grand Rapids attorney who has served capably on several state commissions.

Two others who have visited occasionally in this area and are favorably known to local people are Circuit Judge Allan C. Miller of Iosco County and Probate Judge Philip H. Mitchell of Barry County.

The 66-county 3rd District Court of Appeals will be well-served by any of these five men. You can only vote for three.

Drivers in shorts won't embarrass these gals

Now, as they say, we have heard everything. In New York, the Railway Express Agency has forbidden its drivers to work in Bermuda shorts because all that skin would affront housewives to whom parcels are delivered.

We suggest that the Railway Express brass take a stroll through the nearest supermarket. They should get a load of the chubby dames in tight pants and mammoth curlers. The way many women appear in public today, we shudder to think how they must look at home—when they answer the door to delivery men, for instance.

If these women aren't shook by what they see in the mirror, nothing any truck driver wears is going to make them blink once.

RAMBLIN' with Rink

BY LOWELL G. RINKER

I must admit there are times when the press of family duties; compounded by the screaming rowdiness of a three-year-old, makes me yearn for the relative peace and quiet of the carefree days of bachelorhood.

But what seems like a nice idea when you are trying to take a nap on the couch after supper, but to no avail, turns into weeks of horror when the experience actually arrives.

MY WIFE and daughter have been spending a couple of weeks in Oceana County with her sister, who had a new baby girl Aug. 11. Our house has been quiet, empty and forlorn these days they've been gone.

Dirty dishes pile up slowly in the sink. The bed goes unmade from day to day. And my cooking . . .

BESIDES THESE physical inconveniences of bachelorhood, there's been a mental depression that I'm sure must have

affected my work these weeks.

But things are looking up. This weekend I go back over to Hart to get my family and bring them back home.

MUCH OF my time the early part of last week was spent at the 4-H Fair. It was my first experience with a fair of this type, and I was impressed. The exhibits, almost without exception, showed imagination and initiative and were very interesting. Those displaying their animals should be proud, too.

It was a very interesting fair, and a lot of hard work went into it, not just by the 4-H members, but by the people at the Extension office and the many 4-H leaders out in the county.

OPPORTUNITIES like this for youngsters to show off their creative and constructive ideas will make them better adults of the future. And with the condition of the world today, we need them.

MISSION

BY W.E. DOBSON

I do not claim a corner
On the pleasures of this earth,
Nor do I seek to alter
The background of my birth;
Suffice that I may live and learn,
Before my days shall end,
Some useful realm of action—
Be welcomed as a friend!

I know I'll ne'er be rated
A blue-blood or a czar;
In science or in outer space
I shall not travel far;
The homely virtues mine to own
None will remember long,
But I do hope it might be said,
"He sang a cheery song."

I shall not thrill the multitudes,
Nor stump the learned men,
There is no magic in my touch,
Or sermon in my pen;
But someone may remember
And cause it to be said,
"He helped to clear away some weeds
And plant a flower instead!"

On what or where I am today,
Folks have no cause to chat;
Suffice that I have had my turn,
Realized my time at bat;
No greater glory would I crave
Than to find along the way
A means of being useful
In the corner where I stay.

Self-interest is the basic force

I DON'T OFTEN get too serious in this column, but it strikes me just now as sobering—even frightening—to recall that World War I began almost precisely 50 years ago—in August of 1914.

That is only a comparatively brief lifetime away. But in that period the world has been utterly transformed, and it has hardly known a period of real peace and stability.

The first war saw the end of the old dynasties—those of the Hohenzollerns, the Romanovs, the Habsburgs—which for all their terrible faults and miscalculations, represented a form of lasting order and entrenched tradition and belief. That war and those which followed it, with all their butchery and violated hopes, resulted in chaos and unrest on an unprecedented scale.

THE WARS and threats of other wars produced alliances, of course. But some were almost unbelievably tenuous and short-lived. In the first war, the alliance of which we were a part included Japan, Italy and Russia. The mortal enemy was Germany.

The second war saw Russia still with us and Germany still the foe—but Japan and Italy had joined her.

In the few years since then, the players have once more switched their roles. Germany and Japan are friends and allies. The prime opponent is the new Russia. But the most vociferous and warlike of all who hate us, as leader of the West, is Red China with her almost limitless human resources and her seemingly inflexible goal of world domination.

WILL THERE be new and stranger alliances still? Could this country and the Soviet Union ever join hands in defense of threats aimed at vital interests of both?

It is certainly unlikely, but no one with knowledge of what has happened in the past half-century can say that anything is really impossible. And it is ominously clear that there is a threat

which poses the most difficult—though differing—problems to both this country and Russia.

China is the problem. Official Chinese denunciations of current Soviet policy have been only relatively less bitter than her denunciations of what she calls American imperialism. China denies that coexistence is either desirable or possible.

Her whole policy is based on destruction of the West by any and all means. A vast build-up of the military, including ultimate development of nuclear weapons, is at the heart of this. She is driving to supplant Russia as the citadel of Communism and that is something the Kremlin can hardly afford.

THE EVENTS in Viet Nam and in Southeast Asia generally are part and parcel of a far vaster plan. The Viet Cong of the North are, undoubtedly, China's instruments. They have weapons originating in China and the probability is that they are given Chinese military direction. They become constantly bolder and have forced this country into a much tougher strategy.

The war, at last, is being carried into the North, and the steps in this direction taken by President Johnson have been endorsed by Senator Goldwater. The Communist attack on a US destroyer cruising in international waters brought a whole new element into the war.

The possible consequences are unforeseeable. For we are not extending and intensifying this war because of any particular interests we have in Viet Nam, or Laos, or any of the other little countries in that world area. It is because the ultimate stake is control of Asia, Africa, and much of the vast Pacific complex.

Thus the world rocks unsteadily on. The powers act, as they always have, in what they believe to be self-interest. Alliances, it can be said, have always been made to be broken when those interests so dictated. It could happen again.

Upset by Lockwood campaign tactics

I WOULD like to voice my opinions concerning a campaign communication which I received from first-term Senator Lockwood. I believe that it shows an appalling lack of good taste, ethics and good judgment—all things which I feel a member of our State Legislature should possess if he is to serve the people of his State and District properly.

I am a member of the immediate family of State Representative Andy Cobb, and as such, was proud to sign one of his nominating petitions. I was justifiably surprised to receive a letter from Mr. Lockwood, enclosing campaign literature, stating that he was writing to me because I had signed such a petition for his opponent, and that he feels that "perhaps he can do a better job in the Senate"—(note the word "perhaps")—apparently he is unsure!

HE HAS flooded the 30th District with campaign material sent out on stationery printed by the State, intended for official use, with taxpayers' money. This does not seem ethical and does not show any real concern for fiscal problems of the State. Campaigning should be done with his own funds.

He has used the names from petitions circulated on behalf of his opponents. It is not legal to remove such lists from the State Elections Office. He failed to screen these lists very carefully, or surely he would have realized that such correspondence would offend relatives and friends who had been willing to sign another man's petitions. In this matter he showed very poor judgment.

I believe that he has proved, beyond a doubt, that one term in the Senate has not endowed him with enough practical experience to warrant his representing me for another term.

Letters to the Editor

I, therefore, urge residents of the 30th Senatorial District NOT to vote for Mr. Emil Lockwood for Senator.

Sincerely,
LEE S. COBB
St. Johns, Mich.

Lockwood answers Lee Cobb letter

THIS IS in answer to a letter you received from Mr. Lee S. Cobb. He seems to feel it is a lack of good taste and poor ethics to advise as many citizens as possible as to the qualifications and background of the candidates for elective office.

I disagree and have tried not only to let the people know my own record but have, whenever the occasion arose, introduced my opponents to as many of my acquaintances as possible.

I'm sure we all feel that the better informed our electorate the better government we will have. I'll feel this way Sept. 2, regardless of the outcome of the primary.

MY CONCERN for the fiscal problems of Michigan can be attested to by the fact I serve on both the appropriations and taxation committees. The chairmen of both of these committees did me the honor of writing to thank me for my untiring and effective work and dedicated attendance. The use of Senate stationery which was already printed and will have no further use except to be relegated to the wastebasket does seem objectionable to me.

I'll admit it does tend to point out that I'm the only present Senator running in this district and as such would have seniority in that chamber. This of course is a fact which can not be questioned.

The State Elections office

headed by Mr. Montgomery, is operated in a very efficient and legal manner. They would be glad to furnish copies of my petitions or anyone's else to anyone who asks, and have done so on numerous occasions. Anyone with governmental experience should realize this fact. As to the use of my list let me merely say, "Be my guest."

EMIL LOCKWOOD

Bucks Wert for GOP nomination

I AM not in the habit of writing letters for publication. However, I feel so strongly about race for prosecutor that I want to express my feelings about it.

Do you realize the duties of a Prosecuting Attorney? They are the only protection we have in assisting our law enforcement agencies to protect and uphold the laws and constitution of our country.

The Prosecuting Attorney is the real backbone of our Sheriff Department, City Police, and State Police. They are no better than the attorney that represents them in the fulfillment of their duties.

NOW DO we want to entrust that duty to a man with only one year as a practicing attorney?

We have a man running for the office that has been practicing in this county for 30 years, has been prosecutor for 4 years, and has the ability and the desire to do a good job for us.

I have talked to several members of the Board of Supervisors and it was their intent to consolidate the Offices of Prosecutor, Ass't. Prosecutor and Zoning Attorney, in the hope it would in-

duce a man of Alba Wert's ability to run for the office and also provide an office space in the Court-house for the office to give you, the taxpayers, the better service that you deserve.

BEFORE YOU vote in the Primary ask your law enforcement officers for an opinion. They are the ones who know the score.

Alba Wert has indicated he would and could do the complete job if nominated and elected. Let's hold him to it. I for one believe he can and will.

Let's not let the Board of Supervisors down. Why not elect a man who has proven he gets things done when they have to be.

Get out and vote and vote for Alba Wert.

Sincerely,
CLINTON CITIZEN

Looking Backward A Glimpse of the Past by Ira "Sawmill" Birmingham of Shepardsville

Around 75 years ago we lived on a small hill on what is now the Faragher Road, kept turkeys, guineas, ducks and Barded Rocks. Turkeys roosted in tall maple and basswood trees, and the rest in a log building having perches and a tight fitting door.

About this time of year our troubles began. Gobblers, hen turkeys and half grown "turks" were forced to fly out of the trees, run down on the ground on dark nights and be slaughtered.

AFTER the turkeys were about gone, holes were dug under the log walls and then it looked as if the Birmingham's were out of the poultry business. We didn't have a dog at that time.

Mental health statistics in state worth pondering

One of Michigan's most pressing problems, the mental health picture, poses some statistics well worth pondering.

Approximately one-sixth of Michigan's general fund is spent for direct care and treatment of mentally ill and retarded patients.

Additional funds will be spent this year for new and expanded mental health facilities, but experts in the field say much more could and should be done.

INDIRECT costs of mental illness are also great when computed in terms of work absenteeism, welfare costs due to homes broken by this problem, and legal costs arising from behavioral irregularities.

Perhaps even more staggering are the personal figures involved in records of mental and emotional illness.

The Michigan Society for Mental Health estimates 180,000 school age children are in need of psychological attention, while only about 30,000 are actually receiving such help.

THERE are about 800,000 persons all told in Michigan with some form of mental illness, but only 37,000 of these are in state institutions, according to Society officials.

Some relief for the imbalance between need and existing care is being provided through the relatively new community mental health facilities, but the Society says there is considerable room for improvement.

Recent figures indicated slightly over 17,000 persons in the state are being served in community psychiatric out-patient clinics. Each is hard-pressed to meet the demands for service at this time.

THE CHIEF sources of relief for this problem lie, according to Society spokesmen, in future community action and greatly expanded and improved programs for children needing institutional care.

Michigan's contributions to world progress, primarily through industry and education, will be in the spotlight next May when the 12th annual Michigan Week is observed.

More than one billion dollars in industrial and agricultural products are being exported from Michigan annually, one of the factors considered in deciding on the theme, "Michigan: Dynamic in World Progress" for the May 16-22 event.

WOODWARD C. Smith, vice president of Central Michigan University who has served in various capacities for several previous Michigan Weeks, heads the 1965 promotion.

Continuing the tradition, the Governor formally announced the theme for 1965. Smith and his major planning committee were busy with Michigan Week activity for some time before this, however.

Research by the Greater Michigan Foundation, the sponsoring agency, shows about 1,000 Michigan industries and businesses are engaged in foreign trade and investments.

THIS volume of activity means that eight out of 10 manufacturing workers in the state are employed by companies involved in foreign trade.

Another major contribution to world progress is being made by Michigan's colleges and universities, which are involved in assisting educational institutions in many nations and in training students from all over the world on state campuses.

SOME indication of the continuing growth of tourist interest in Michigan is evidenced in the requests for maps and information reaching state officials.

One aspect of Michigan's varied information services which is a good measure of the total picture is the at-the-scene highway tourist centers.

Highway officials note that the number of tourists stopping at these information centers in the

BY ELMER E. WHITE Michigan Press Ass'n.

month of July alone was up by nearly 10,000 over last year.

STRATEGICALLY located at Ironwood, Menominee, Sault Ste. Marie, Port Huron, Monroe, New Buffalo and Mackinaw City, the roadside centers are easily accessible to most travelers either at their point of entry or the very popular stopping places.

The Mackinaw City station, for example, gave good indication of the popularity of that region during July. Of 99,741 requests for information at the seven stations in July, some 40,753 were made to the Mackinaw City station.

Information activity during the first seven months this year has led highway officials to predict they will serve about 300,000 visitors in 1964 as compared to 280,000 last year.

Colony and did some trapping, so Father got him to come with plenty of stout traps.

He looked things over and said "I think that's an old mother coon and smart, not easily caught."

HE AND Father cut and rolled logs around the walls, banking up with sand.

Andrew then set a half dozen steel traps in the sand in front of the door, covering with tree leaves, then with a little sand. I helped with a hoe, leaving it leaning against the wall. About 4 in the morning Old Mrs Coon got one foot caught, then another, and trying to escape she knawed the hoe handle half in two in the smallest part.

THAT WAS when I decided to be a trapper, Andrew Halner to show me how. Traps cost money and it was some time before I bought a dozen and sold muskrat pelts to the late "By" Danley for around 15 cents each, "kits" 10 cents.

Life World Library's new book is "South Africa." Everybody wants to know about South Africa. It is a land of contrasts. Its racial policies are hateful to the rest of the world, yet at the same time its economy is booming. Foreign investors are anxious to invest in African enterprises.

The country is peopled with many nationalities. It would be exciting to see their problems worked out with justice and toleration, but South Africa seems to be trying to put the clock back. Their present policies are anti-Christian and suicidal, but those in power seem determined to pursue them.

THE AUTHOR, Tom Hopkinson, lives in South Africa where he edits the News-Chronicle. He has also written a number of books on the country.

"Snow in the River" by Carol Brink tells the story of three brothers who emigrated to the Northwest from Scotland in the 1890's. Each has his own dreams. The youngest brother dominates the story. He sets out to achieve the great American Dream and succeeds in making the most money, winning the most beautiful girl and reaching the top in success.

"THE SOLDIER" by Richard Powell, author of "The Philadelphian" and "Pioneer, Go Home," is a story of World War II in the South Pacific. It is a combat novel and also a novel of the character of the men and women in one area of the great war. The people seem alive, the situations are exciting, and the plot is just what a real storyteller would produce.

Interest in politics is high in this year of the presidential campaign, and authors take advantage of it in producing novels with political themes. "Convention" by Fletcher Knebel and Charles Bailey is based on the typical national convention. In it we have the campaign songs, the oratory, the well organized "spontaneous" demonstrations. The excitement of the convention makes a thrilling background for an entertaining book.

PETER SCAEVOLA has also written a novel of presidential politics in his novel "68." This is a tale of the decisive 40 days leading up to the election of November, 1968.

Road Commission Weekly Report

Low bids on 40 construction projects totaled \$5,807,008 at last week's bid-opening at the Civic Center in Lansing. Les Dragoo, county road engineer, Bernard Zeeb, commissioner, and your road clerk attended the bid-opening.

The project of main interest to Clinton County was a Federal Aid job of construction of three bridges on Colony Road, crossing the south fork of Hayworth Creek in Essex Township.

THE ESTIMATE for all three was from \$70,000 to \$75,000. There were six bidders and Fry Construction Co. was apparently the low bidder at \$68,593. However a check in the computation of bids showed an error, and Raff and Dexter of Lansing came up with \$68,357.

Although final completion date is May 15, 1965, the bridges are

to be opened to traffic by Dec. 15, this year.

THE THREE representatives from Clinton County attended the Clerks Association meeting at Grand Rapids. Main topic was data processing for County Road Commissions. Kent County showed example of road commission accounting by computer.

Survey work was done on Williams Road and Hyde Road in Greenbush Township last week. Construction is starting at these locations this week.

The Board of Clinton County Road Commissioners held their regular meeting Tuesday, Aug. 18. The Board discussed problems in new subdivisions and driveways on new construction. The commissioners also agreed to the traffic control order as recommended at a meeting in DeWitt Township.

Redman & Sons in Clay 400 Club

E. J. Redman and Son, local dealer for Clay Equipment Corp., serving the St. Johns area, has been awarded membership in the Clay "400" Club for 1964. This is an organization of outstanding dealers throughout the country who have distinguished themselves in the sales, installation and service of Clay "Pushbutton" farm equipment.

The award was announced by Roger Clay, president of the Cedar Falls, Iowa, firm. Members of the Clay "400" Club are chosen on the basis of increased sales volume, adequate installation and service facilities, and satisfactory customer relations.

A question of relinquishing a portion of the drain right of way on certain property traversing the Hannah Drain in DeWitt Township, was referred by the Chairman, to the Drain committee, the Drain Commissioner and the Zoning Administrator, for study and recommendation.

A motion was made by Supervisor Shinabery and supported by Supervisor Cressman, that the Drain Commissioner be authorized and directed to spread a tax on the drainage district of the Ice Pond Drain sufficient to cover the indebtedness of the drain. Voting Aye on roll call were Supervisors Shepard, Culy, Moore, Higbee, Shinabery, Nobis, Cressman, Austin, Carter and Thelen. Nay - Supervisors Mayers, Gove, Hufnagel, Setterington, Underhill, Greer, Reed, Coletta and Tiedt. Supervisor Kregel was absent. 10 ayes - 9 nays, motion declared carried.

A motion was made by Supervisor Tiedt and supported by Supervisor Setterington, that Earl Hass, as County Agricultural Agent, be authorized to replace a stolen camera with a new one not exceeding the cost of \$125. Motion carried.

A motion was made by Supervisor Tiedt and supported by Supervisor Culy, that air conditioning be put in that part of the Welfare Building occupied by the Bureau of Social Aid. Voting Aye on roll call were Supervisors Shepard, Mayers, Gove, Hufnagel, Austin and Kregel. Nay—Supervisors Culy, Moore, Higbee, Setterington, Shinabery, Nobis, Cressman, Underhill, Carter, Thelen, Greer, Reed, Coletta and Tiedt. 6 ayes - 14 nays, Motion declared lost.

Supervisor Shinabery, Chairman of the Appropriation and Finance Committee presented a revised budget for Clinton County which had been advertised for a final public hearing at this time. After discussion a motion was made by Supervisor Austin and supported by Supervisor Shepard, that the budget as presented, showing a total need for expenditure of \$848,261.95 with \$578,219.95 to be raised by property taxation, be hereby adopted. Motion carried.

A motion was made by Supervisor Higbee and supported by Supervisor Carter that the following resolution be adopted. Motion carried.

RESOLUTION

BE IT RESOLVED, that the Board of Supervisors of Clinton County, Michigan, unanimously opposes the diversion of public waters from lakes and streams for private use.

PROVIDED FURTHER, that a copy of this Resolution be forwarded to the Michigan Department of Conservation and the Michigan Water Resources Commission.

A letter of resignation of Mrs. Orpha Clement from the Clinton County Library Board was read. A motion by Supervisor Moore and supported by Supervisor Nobis, that the resignation be accepted, was voted and carried.

Nominations were placed in order by Chairman Coletta for the election to fill the vacancy on the Library Board caused by the resignation of Mrs. Orpha Clement. The name of Elizabeth Hess of Elsie was placed in nomination by Supervisor Moore, with the support of Supervisor Gove. The name of Elsie Vance of Lebanon Township was placed in nomination by Supervisor Thelen with the support of Supervisor Carter. A motion by Supervisor Cressman and supported by Supervisor Shepard, that nominations be closed, was voted and carried. On a showing of hands as requested by the Chairman, Mrs Elizabeth Hess having received a majority

of the votes cast, was declared elected as a member of the Clinton County Library Board for the three year term, to fill a vacancy caused by the resignation of Mrs. Orpha Clement.

A motion was made by Supervisor Gove and supported by Mayers, that the Building and Grounds committee be instructed to explore the possibilities of putting an exhaust ventilation in the Supervisors room. Motion carried.

On motion made and supported the Board adjourned to Tuesday, September 8, 1964 at 10:00 A.M.

Pets are an integral part of many families

A family portrait. The bosses in the home of Mr and Mrs Charles Fowler of 820 N. Clinton Avenue are their miniature French poodles, Susie and Beau, and cocker spaniel, Cindy, in the center.

An eight-year-old pony, Daisy, is the pet of the children of Mr and Mrs William Buggs Jr. of 804 S. Lansing Street. Her 2-month-old off-spring, Stormy, is also a target of affection among the children. John holds Stormy. The children in the cart are, left to right, Helen, Sally and Jimmy.

The long and the short of this picture are Dana, the 150-pound Great Dane, and Thai, a Siamese kitten weighing less than a pound who is a "thorn in the flesh" to the hulking Dane. They are among the pets of the Richard Newman family of 4468 W. Chadwick Road. Robert Newman is pictured with the pets.

BY MABEL OPPENHEER

Nearly everybody has heard the expression, "Love me, love my dog."

Pets are big business and if a person wants to keep his friends, he'd "jolly well" better make friends with his friends' pets.

THOUSANDS OF dollars are spent annually for pet foods, toys, beds and equipment of all kinds. Sweaters in practically all colors and many fashions are

available for dogs and cats of every size.

Pet hospitals are flourishing for most pets receive better care today than many children. Manufacturers of pet foods increase their production annually to keep step with the consumptive demand.

PETS RUN the gamut from turtles, hamsters and snakes to monkeys, cheetahs and horses. Perhaps, the most popular are of the canine and feline families.

Pictured here are some of the pets of St. Johns area residents.

Linda and Stephen DeVore, daughter and son of Dr and Mrs Harry J. DeVore of 300 E. State Street, shows off their guinea pigs, Checo and White Cloud, an albino.

A pet of the family of Dr and Mrs R. L. Wohlers of 503 E. State Street is a three-pound toy French poodle "Bootsie." Her offspring, a blond poodle, "Blinker" weighs about five pounds. They are shown with Bobbie Sue Wohlers in a playful mood.

The pet Boston terrier of Mrs Herman Haske and her daughter, Judy, of 409 E. Steele Street is an elusive subject for a photographer. Adolph is shown with Judy in a compulsive pose.

Mrs Alden G. Bunge of 3676 East M-21 attempts to get their 18-year old Siamese cat to pose for the camera. At his age, he prefers to sleep much of the time.

About 200 guppies in a 30-gallon aquarium at the Farmers Cooperative elevator at Fowler fascinate Robert Pettit and visitors. Mr Pettit attempts to point out some of the very minute new-born guppies.

Tippy, a fox, is the unusual pet of Mr and Mrs Donald Jorae of 4052 E. Taft Road. He is pictured with Mrs Jorae.

Bath FFA Chapter wins high awards

Bath— At a recent vocational agricultural teachers conference at Michigan State University, the Bath Future Farmers of America Chapter received a silver award for one of Michigan's outstanding Chapters. This award was for the over-all activities of the chapter.

Bath also received a gold award for the chapter's farming program.

SOME OF the merits for which they earned three awards are that 50 students completed 97 projects for profit; 47 improvement projects to increase the value of property; 614 approved practices to get varied experiences.

The main animal project, for the Bath chapter, was swine, with 685 taken care of by the boys. Besides some boys had poultry, dairy cattle, beef and sheep.

THEIR MAIN crop was corn, with 92 acres. Others were wheat, soybeans, hay, barley, strawberries and fruit.

The FFA had two school farms with 40 acres of corn and 20

acres of hay. Enough sows, boars, and feeders so any boy could have a cooperative swine project.

Some juniors and seniors netted around \$1,000 from their farming programs. The FFA boys, together, totaled a \$28,800 investment which returned them a net labor income of \$13,000 after they paid \$25,000 of expenses.

Finds Mystery House

BATH— Mrs Veryl Smith won \$1,000 this past week, by finding the mystery House on Whitties Mystery House contest, a Lansing radio station. Mrs Smith says, she spent 7 days of following the clues and looking for the right house. But she feels it was well worth the time.

Belding looking for queens for parade

The Chamber of Commerce at Belding, south of Greenville in Ionia County, is holding its annual Labor Day celebration again this year, and they are looking for queens.

One of the highlights of the celebration is a parade, and area queens are being invited to participate. A crowd of between 15,000 and 20,000 people is anticipated again this year.

Wins His First 4-H Rosette

Doug Messer, 12, son of Mr and Mrs Floyd Messer of R-1, Fowler, won his first 4-H Fair rosette last week in displaying his animal in the beef showmanship contest. He was in the junior division. Doug is a member of the Prairie 4-H Club.

Eaton Holstein called excellent

Eaton Acres Shi F. R. Joan 4476119, a Registered Holstein cow in the herd of Mark A. Eaton of St. Johns, has been officially classified "Excellent"—the highest designation attainable in the type classification program of The Holstein-Friesian Assn. of America.

This highly select designation is applied only to animals scoring 90 or more of the 100 points representing theoretical perfection in body conformation.

OF OVER 70,000 Registered Holsteins officially classified for type last year, only 821 were rated "excellent."

The Eaton Holstein moved into the "excellent" bracket for the first time during a recent classification of the herd by J. A. Fairchild of Berwick, Pa.,—an official inspector on the staff of the national Holstein organization.

SHE SCORED 90 points. Animals scored "excellent" in previous programs are not included in this listing.

The Classification Program—in continuous operation since 1929—provides a universally-recognized method of comparing the conformation of living animals with that of the True-Type Holstein cow or bull. Participation is currently at an all-time high level.

A University of Minnesota test showed cows milked four times daily—at six hour intervals—give 8 per cent more than cows milked twice daily, reported the "Grassland News."

Bath

By Mrs Alice Loomis

Mr and Mrs Lloyd Rosekrans and daughter Margie, returned last weekend from spending a week at their cottage on Chip-pawa Lake near Barryton. While at their cottage, the Rosekrans received several visitors from Bath. Among them were the Wayne Loomises. In spite of bad weather, they report having a good time.

The Bath Volunteer Fire Department has been having a slack need of their services for the past two weeks. They have only received two calls for help, one Aug. 16 to extinguish a grass fire on Chandler Road, and an inhalator call Aug. 20, to the home of Miss Martha Vall when Miss Vall had difficulty in breathing.

James Bill assistant fire chief, is in the hospital for tests and x-rays. He has been in and out of the hospital for the past several weeks due to severe stomach pains.

William Vondrasek, Vocational-Agriculture teacher at Bath High School, will be leaving Aug. 31 on an agriculture tour of several foreign countries. This is called a People's Tour. There will be approximately 60 men, farmers, teachers, persons interested in agriculture, going on this three-week tour. Some of the countries they will be stopping in are Belgium, Holland, Germany and Russia.

Repeats as Top Showman

Conservation air tour reset

Rain and a low ceiling forced a postponement of the Clinton County Soil Conservation air tour last Saturday.

The event was rescheduled for this Saturday morning at the Capitol City Aviation hangers on Airport Road, a quarter mile north of Old US-16.

TICKETS are available from Loren VanOstran of R-1, Bath, chairman of the tour; Robert Moore, R-2, Elsie; David Swanson, R-1, St. Johns; Clarence Manning, R-1, Eagle; Raymond Bradley, R-2, St. Johns; and the Soil Conservation District office at 100 S. Ottawa Street, St. Johns.

Flights begin at 8 a.m. Saturday.

Feed costs for milk production can be reduced 20 to 25 per cent through better use of high-quality forages.

4-H'ers to receive 2 \$800 scholarships

Outstanding college juniors will share in educational grants offered to present or former 4-H Club members.

Two scholarships of \$800 each are being provided by the S & H Foundation for the fifth consecutive year, reports the National 4-H Service Committee.

GIRLS who plan to major in home economics are eligible for the 1964 awards. Candidates must have completed at least three years of 4-H Club work.

Scholarships will be granted on the basis of three points: interest and desire to major in home economics with consideration to financial need, scholastic record in college, and all-around 4-H Club record.

ADDITIONAL information and scholarship applications are available from county extension agents or the state 4-H Club office.

CONCRETE MASONRY

"Grade A" sanitation is easier. A concrete masonry barn is simple to keep spotless, ready to pass any inspection. Hard-surfaced walls wash down easily. The barn stays draft-free and dry in all kinds of weather.

Today's concrete masonry has new versatility. It is made with a variety of aggregates and, for decorative uses, there are new shapes and patterns. Construction is quick, too, with concrete masonry. Every time a block is laid, nine-tenths of a square foot of wall is built. Moderate in initial cost, concrete masonry lasts a lifetime with little upkeep. It's easy to insulate. There is no rust, no rotting. Weather, rodents or termites can't hurt it. And there's extra fire safety.

More pigs per litter. A concrete masonry farrowing house is the modern pork producer's maternity hospital. It's easy to sanitize and keep disease-free.

The You in Republican Representation

We can, I am sure, agree that most significant progress has been the work of independent men and women solving their own needs.

One family could build a farm or a factory. It took groups to build towns and schools and roads.

Times have changed to a point where a town meeting can't do the things it once could.

It is time to make your voice heard. Events have made our Federal Government dominant.

Sincerely, Dwight Stocker, Jr.

2 Clinton farm men in Russia tour group

Two Clinton County men are scheduled to take a tour of Russia, Poland and other parts of Europe with a delegation of agricultural leaders of Michigan starting Monday.

Russell Ormsby of 3314 S. Watson Road, R-6, St. Johns, and William J. Vondrasek of 14400 Watson Road, R-1, Bath, are among 60 from the state taking the tour.

IT WILL cover 15,000 miles in seven countries on both sides of the Iron Curtain. The tour group will return home Sept. 21.

Ormsby, a dairy and poultry farmer, is affiliated with the Dairy Herd Improvement Assn., the Milk Producer's Assn., and the Methodist Church.

His travel interests will be in dairy, poultry and general farming.

VONDRASEK is a vocational agriculture teacher and dairy farmer. He is affiliated with the Farm Bureau, Artificial Breeders Assn., Dairy Herd Improvement Assn., and various educational associations.

He is a soil conservation officer and advisor to the Future Farmers of America.

His travel interests will include all phases of farming and schools.

THIS AGRICULTURAL educational trip is sponsored by the People-to-People Goodwill Travel Program. John Doneth, project leader of Farm Management Extension at Michigan State University, and Mrs. Doneth are serving as tour host and hostess for the group.

Fifty members of the delegation are primarily farmers and farm wives. However, other interests are well represented, sometimes even by members of farm families.

THE ITINERARY includes Belgium, Holland, Russia, Poland, Switzerland, Germany and, briefly, Austria. The cities, and surrounding farming areas, to be visited include Brussels, Rotterdam, Amsterdam, Moscow, Baku (on the Caspian Sea), Tbilisi, Warsaw, Vienna, Bern, Zurich, Luzern, and East and West Berlin.

The purpose of the tour is for agricultural leaders to exchange ideas at first hand and extend a personal message of goodwill to their occupational counterparts in these other lands.

THE PROGRAM is a private venture with each delegate paying his own way. The group will meet with American Embassy staff members in several of the countries to be visited.

42 New York farmers visit

Forty-two dairy farmers from central New York state viewed operations at three Clinton County dairy farms Tuesday during a two-day swing through Michigan.

Earl Haas, Clinton County agriculture Extension director, said the farmers visited the farms of the Zeeb brothers, Green Meadow and Raymond Thornton.

THE NEW Yorkers were studying farm management and dairy farm layout on their tour. They were in Wastewaw County Monday.

A ton of manure is worth about \$5 in its ability to produce crops. It is usually of maximum worth when spread at a light rate of about five tons per acre.

ASC PROGRAM

County wheat allotments will be mailed Aug. 17

The 1965 wheat program sign-up is underway and will extend over a period of about five weeks, from Aug. 24 through Oct. 2, 1964.

Participating farmers can get about the same returns from the 1965 program as they received from the 1964 program.

The 1965 wheat allotment mailed to producers has been reduced 10 per cent. Your allotment may be planted and still sign up in the program.

DOMESTIC certificates will be worth 75 cents per bushel on as much as 45 per cent of the allotment's normal production, and export certificates will be worth 30 cents a bushel on 35 per cent of the allotment's normal production.

Road Commission Weekly Report

Rain, last week, either delayed or suspended all construction and maintenance work. The clearing crew is moving to Colony Road in Lebanon Township this week.

A meeting was held at the county road offices last week to arrange the details on construction of the three bridges on Colony Road.

PICKETT AND Scheurer are about half-way with the gravel processing for this year. They expect to move into the third location this week.

Preliminary figures indicate that August expenditures will reach an all-time high for one month. Disbursements for this month will be over \$126,000.

INCLUDED IN THIS month's heavy payments was an item of \$36,175 to the State Highway Department which is our share of the Federal Aid project just starting.

Fry Construction Co. finished driving piles on the Wood Road bridge project last Saturday, but the heavy rains slowed the work.

THE LONG delayed project on US-27 is nearing completion. It is hoped that the northbound lanes will be opened to traffic this week.

The road commission office was closed Wednesday afternoon for the funeral of Mrs. Paul Nobis.

Dutch girl arrives at Bannister home

BANNISTER— Miss Yvonne Bruystens arrived in Michigan Aug. 14 to become a part of the Bannister community for a year in the Youth for Understanding Program under the sponsorship of the Michigan Council of Churches. Mr and Mrs Guy Fenley and daughter, Beverly, met Yvonne at Metropolitan Airport in Detroit as she arrived on her delayed journey from Venlo, in the Province of Limburg, the Netherlands.

Yvonne's family at Venlo consists of her mother, her father, who is a supervisor of a steel mill, and two brothers, Hub, 15, and Jan 13.

HER NEW American family, besides Mr and Mrs Fenley, will present her with a 17-year-old sister, Beverly, although the Fenley's have three older children who are no longer at home. As part of the Fenley family, Yvonne will attend St. Cyril's Church in Bannister.

YVONNE BRUYSTENS

Being sponsored by the Student Council of the Elsie High School, Yvonne will attend the Elsie High School as a senior and Beverly will be a junior student. Although Yvonne has completed her schooling at home, she will take some junior subjects here. Those on her schedule are American history, government, English, speech and typing. She also plans to take driver's education next summer.

HER HOBBIES are swimming, field hockey and reading. With a smile, she readily says she likes to do everything.

With eagerness to learn more of this country and people, Yvonne finds after only a week here that so many things are different. The shaking of hands upon meeting people and the meals are the two most interesting in her first seven days here.

Both the Fenley's and Yvonne are looking forward to a year of wonderful experiences enriching all their lives.

Miss Sue Knaus is honored at bridal shower

BANNISTER— Mrs Steve Bakita was hostess in her rural Bannister home Tuesday evening for a bridal shower honoring Miss Sue Knaus whose marriage to Russell DeWolf will take place in September. A social evening included a contest. Prizes were won by Mrs Tom Moore, Mrs N. C. Patterson and Mrs Bessie Saxton. A door prize was also received by Mrs Arthur Krueger.

The highlight of the evening was Sue's opening of the many gifts which overflowed the table which had been spread with a white linen cloth and decorated with a blue umbrella and crepe paper. She was assisted in opening her gifts by Mrs N. C. Patterson and Mrs Bert Wassa. Mrs Bakita then served a buffet style luncheon to the several guests.

Mr and Mrs Ralph Nixon and Mr and Mrs Fred Nixon returned home Thursday after vacationing at Drummond Island.

Rev and Mrs Edward Tillitz and family returned home Thursday after vacationing a few days in northern Michigan.

Elsie family is reunited after 6 years

By MRS. NEVA KEYS, Correspondent

ELSIE— There has been much excitement at the home of Mr and Mrs James Dorman Sr., the past couple of weeks.

For the first time in six years, Mr and Mrs Dorman had their three children and seven grandchildren visiting with them at the same time.

THEIR oldest son, Chief James Dorman Jr., Doris and children, Chris and Chuck, were with them a week. They were en route to Washington D. C. from Coronado, Calif., where Chief Dorman has been stationed for seven years at San Diego, Calif., on North Island the past two years of which he has been senior chief electronics technician of his unit.

His work consisted of directing all incoming air traffic on North Island by means of Ground Control Approach, and in the maintenance of the radar system controlling it.

IN RECOGNITION of his outstanding and meritorious service there, and as Instructor in radar and sonar systems while at Great Lakes, he was carefully screened and selected as an instructor in Cartagena, Columbia, South America.

He and his family will be in Washington, D. C. for six months where he will receive a six month's course under private tutelage at the Bertitz School of Languages. From there, they will go to South America, where they will remain for three years. Chief Dorman has been in the Navy since 1948.

THE DORMAN'S younger son, Captain Darrel K. Dorman, his wife Doris and son, Mark are spending a 30-day leave from duty at Mountain Home Air Force Base in Idaho.

Following ten days visit in Elsie they left for Washington, Missouri, to visit Mrs Dorman's parents, The James Dorman family formerly lived in Washington, Mo. before coming to Elsie.

Captain Dorman's vacation was somewhat marred en route home when their new camper-trailer was completely destroyed by fire between Kalamazoo and Battle Creek.

THEY suffered the loss of all their clothing, Captain Dorman's uniform, utensils, radios, bedding and many other items. They will return to Mountain Home, Idaho, where Captain Dorman is a jet pilot with the US Air Force.

On Sunday, the three families together with the Dorman's daughter and family, Mr and Mrs Sydney Acre and family attended a reunion with Mrs Dorman's sister and family, Mr and Mrs Howard Pritchett of Half Moon Lake, near Chelsea.

Mr and Mrs Ward Lewis called on Clare Sutliff Tuesday at his home on Cranberry Lake. Mr Sutliff has been in poor health for some time.

Green School group makes plans for the coming year

ELSIE— The Green School Study Group met Thursday at the home of Mrs Kenneth Munson. Mrs Gladys Coslette was assistant hostess although unable to be present.

The session opened with a prayer by Mrs Manley Engstrom for her final meeting as chairman. She gave a resume of the past year's work. The "traveling" apron was shown and passed on for another member to sew on a patch over her donation.

MRS FRANCES Pearl reported on the recent meeting of "old and new" council members with Miss Betty Ketcham, Clinton County extension agent, home economics, at her lake "hide-away." She related the discussion on special lessons for the ensuing year.

Hostesses and their assistants were selected for the coming year's program.

After playing "password" Mrs Ann Pray drew the mystery prize. Refreshments were served by the hostess, Mrs John Hall will be hostess for the next meeting.

Elsie family feted before leaving town

ELSIE— Nearly 88 feet of taped pennies were drawn from a large box by Mr and Mrs Richard C. King in the presence of several friends Wednesday evening at a surprise party in their home.

The 1,300 pennies represented a farewell gift to the Kings as they are moving to Imlay City, where King had accepted the position of sales representative for the Michigan Milk Producers Assn., earlier in the summer.

THEY PLAN to settle in their new home next week so their children, Connie and Rodney, may enroll at the Imlay City High School.

Their oldest son, James, his wife, Carolyn and their daughter, Cheryl, who have been spending the summer here, also plan to leave this week for Suttons Bay, where he will head the music department in the schools.

Games and visiting were followed with a buffet lunch arranged by Connie King and her sister-in-law, Mrs James King. They were assisted by the Carol Conklin, Mary Slagh and Jennifer Keys.

Take your pay in experience—neither fraud nor taxation can take it away from you.

Jacqueline Burtovoy honored at shower

ELSIE— Jacqueline Burtovoy, who has an Aug. 29 altar date with Robert Didur of Owosso, was entertained Saturday evening at a miscellaneous shower at the home of his sister, Mrs Ira Bashore.

Guests were entertained with games, won by Mrs Helen Dumond, Mrs Clara Constine, Mrs Shirley Libra and Mrs Cordella Bashore.

DOROTHY BURTOVOY, sister of the bride-elect, made the ribbon bouquet while Mrs Lorraine Constine registered the gifts.

Assisting the hostess were her two sisters, Mrs Anna Morrison and Mrs Betty Czachowski.

Breakfast precedes session of Elsie unit

ELSIE— The West Elsie Extension Study Club attended breakfast at the home of Mrs Russell Rivest, at their regular meeting. Mrs Rivest was assisted by Mrs Howard Whitaker and Mrs George Blayney.

Chairman Mrs Charles Fizzell conducted the routine business session. At this time, Mrs Howard Whitaker completed plans for the 4-H Fair.

The Sept. 9 meeting will be an afternoon session at the home of Mrs Wayne Peck.

North Bengal

By Mrs Wm. Ernst

The grandson of Mr and Mrs Herman Rossow, Paul Rossow, was killed in an auto accident at Caro Sunday evening, Aug. 16. Also killed in the same accident was the boys maternal grandfather. Paul was the son of Rev and Mrs Herman Rossow of Fairgrove.

Mrs Anna Shattuck and her daughter, Mrs Margaret Alger of Howell were dinner and supper guests of Mr and Mrs William Ernst and Maxine. Other visitors were John Ernst of Lansing, Mr and Mrs Edwin Mohnke and daughter, Ann and Mrs David Mohnke and children of South Bengal.

Little Kelley and Jeffrey Tiedt of East Lansing, were visitors last weekend of their grandparents, Mr and Mrs Rudolph Tiedt.

Omitted from the news item of last week were the names of Mr and Mrs Albert Moritz of Essex, who also attended the birthday party for Edward Moritz.

Mr and Mrs Fred Hecht and son, Jim, were Sunday dinner guests of Mr and Mrs William Hecht and family of rural Saranac.

Mr and Mrs Alex Thelen attended the Thelen-Thelen wedding and reception held at Westphalia Saturday.

Mr and Mrs Louis Moritz and family spent Tuesday and Wednesday up north. One of the places of interest visited was Mackinac Island.

Agnes Beardt and Peggy Mowhatt of Chesaning were Saturday dinner guests of Mr and Mrs William Ernst and Maxine.

A Bumper Crop of Prune Plums

Mr and Mrs Clyde Swanson, who live a mile east of Maple Rapids on Essex Center Road, have a bumper crop of blue prune plums this year. Mrs Swanson said the four-year-old tree probably couldn't carry any more than it has on it now. The plums are only about half the normal size, however, because of the number on the tree and dry weather this summer. She said there are not many fresh prune trees in this part of the country, and the fruit from it is hard to find and high priced.

Conklin-Holtz vows spoken in church

MAPLE RAPIDS—Gladol in pastel colors adorned the chancel of the First Methodist Church in Maple Rapids Aug. 15 for the nuptial ceremony that united Miss Erna Diane Conklin of Maple Rapids, and Robert Charles Holtz of Portland.

The daughter of Mr and Mrs Clarence Conklin of 231 E. Union Street, and the son of Mr and Mrs Robert Holtz of Portland spoke their vows in a double ring ceremony performed by Rev Calvin Carey.

THE BRIDE'S gown of organza over net and taffeta was fashioned with long, tapered sleeves and a scalloped sequin and seed pearl-adorned necklace. Her shoulder length veil fell from a white rose and five petals and she carried a long stemmed red rose with white streamers to carry out the simple lines of her gown.

Miss Ruth Conklin was her sister's maid of honor. Sharon Searles of St. Johns, was bridesmaid. Their gowns of pale blue and pale yellow were fashioned of chiffon over net with lace tops and long, lace sleeves. Their circular veils of scalloped net fell from large bows.

DAVID Teachout of Portland served as best man. Richard Holtz of Grand Ledge, a brother of the bridegroom, was groomsmen. George Conklin, brother of the bride, and Robert Sandborn of Portland, seated the guests.

Mrs Conklin chose a blue crepe jacket dress with blue accessories for her daughter's wedding. Mrs Holtz wore a blue dress complemented with an embroidered bodice. Their corsages were of yellow tea roses with white mums.

MRS HELEN Howe played tra-

ditional selections and accompanied Leslie Warren who sang "Always," "I Love You Truly" and "The Lord's Prayer" as the couple knelt at the altar.

A reception for 75 guests was held in the social rooms of the church following the ceremony, Mrs Richard Holtz, Mrs Jenny Stambough, Mrs James Cragg, Mrs Bernard Goodknecht and Mrs Alvin Drumheller assisted with serving. Miss Sandy Andrews and Mrs John Wise attended the gift table. Mrs Andrews also presided at the guest book.

SPECIAL GUESTS were Mrs Pearl Smith of Pasadena, Calif., grandmother of the bride, and the bridegroom's grandmother from Lansing.

The couple is living in their new mobile home on Church Street in Portland.

Mrs Holtz graduated from Fulton High School in 1963. Her husband is a 1961 graduate of Portland High School and is employed by Oldsmobile Division of General Motors Corp. in Lansing.

Guests were from Detroit, Portland, Maple Rapids, St. Johns, Lansing, Ionia, Perrinton, Fowler and California.

Cemetery shed robbed of tools

A tool shed at the DeWitt Cemetery was broken into the night of Aug. 17 and some equipment was taken, Arthur Knoblauch, the caretaker, told the sheriff's office last week.

Reported stolen were a 16-inch chainsaw, a tool box and tools, one 5-gallon can of gas and two cans of two-cycle oil. A padlock on the shed had been broken off by the thieves to gain entry.

To have high school classes for retarded

A high school room for mentally handicapped students will be in operation for the first time in St. Johns this year.

The room will be handled by Wayne Roszman, who taught a similar room for two years at Laingsburg. Roszman has his AB and master's degrees from Michigan State University.

FOR THE first time, also, the St. Johns Public Schools will have the services of a visiting teacher, whose function is to work with mentally disturbed children on all grade levels.

As with all special education programs, this is supported by state funds and the three-quarter-mill county tax for special education.

THE VISITING teacher will be Ann Wintermute, who has held a similar position in the Grand Rapids schools. She also has both her degrees from Michigan State University.

The inclusion of these two programs gives the St. Johns Public Schools a complete special education program as far as the mentally handicapped are concerned, Supt. Earl Lancaster pointed out.

Reporting dates, times in St. Johns announced

Summer vacation for approximately 2,100 St. Johns school district children will come to an end on Wednesday, Sept. 9, and the school administration has released the dates on which children should report.

Central area kindergarten students will report to Central School at 12:30 p.m. Sept. 9 and will be transported to Swegles School for the afternoon session.

RURAL elementary children who ride buses to St. Johns will not come to school until Thursday, Sept. 10. They will remain for the all-day session.

All other elementary students, including those in the Lemm, Brown, Simmons and South Riley rural schools, will report to their respective schools for a short session the morning of Sept. 9.

SEVENTH graders will report to Central at 8:30 a.m. for a half-day session, and the eighth graders will report at 12:30 p.m.

Freshmen will report to the high school at 8:45 a.m. Sept. 9 for an all-day session. Other high school students will report on Thursday, the 10th.

All students will be in classes all day on Friday, Sept. 11. School will begin at 8:30 a.m. for elementary schools this year, because more time was made necessary by the expanding curriculum.

BUS ROUTES will start the school year on the same routes as were used when school closed last spring. These will be adjusted as necessary during the first week or two of school.

Couple attend letter carriers convo in midwest

Mr and Mrs A. G. Vauconsant were among the 2,485 persons who were in attendance at the 60th National Rural Letter Carriers' convention held in Minneapolis, Minn. from Aug. 11 to 14. It was the 38th National meeting of the auxiliary.

While in Minneapolis, Mark Severance, a former St. Johns resident and attorney for the 3M took the Vauconsants on a tour of the 3M plant where scotch tape is made. His mother who is 93 is an aunt of Julia Holton of St. Johns.

The Vauconsants then went to Lambert, Minn. and spent four days visiting relatives before returning home last Thursday by way of the Upper Peninsula.

The biggest single source of farm income is the milk check—more than \$200 million a year.

MRS JAMES B. FUDAY

Wacousta man wed to Grand Ledge girl

WACOUSTA—The Grand Ledge Methodist Church was decorated with palms, candelabra, long vases of white gladioli and blue and white carnations for the wedding Saturday evening of Miss Suzanne E. Lamphere of Grand Ledge and James B. Fuday of Wacousta. Rev Harold J. Jacobs, pastor of the church officiated.

The bride is the daughter of Mr and Mrs Theron Lamphere of Grand Ledge, and the bridegroom is the son of Mr and Mrs J. C. Fuday of Wacousta.

FOR THE speaking of her marriage vows, Miss Lamphere chose a gown of nylon satin with a portrait neckline, high bodice, long, pointed sleeves, and a chapel length train. Her French illusion veil was held by a crown of crystals. She carried a white Bible topped with a white orchid. Her only jewelry was a cross with single diamond, a gift of the bridegroom.

For something "old" the bride wore her grandmother's wedding band ring. A "new" penny was placed in her shoe.

MISS SHARLENE Howe of Lansing, wearing a street length royal blue taffeta dress with white lace overskirt and carrying a cascading bouquet of blue and white carnations, served as maid of honor.

The bridesmaids were Miss Deborah Lamphere sister of the bride and Miss Marge Lorie of Grand Ledge. Their light blue taffeta dresses were designed like the maid of honor's, as were their bouquets.

CHARLES BYAM of Grand Ledge, brother-in-law of the bridegroom, was best man. The groomsmen, Richard Beagle of Athens, Ohio, Roland Fletcher of Grand Ledge, and Bryce Fuday of Grand Rapids, were the ushers.

Dallas Shattuck of Wacousta was soloist, accompanied by the church organist, Mrs Dale Congdon.

THREE-YEAR-OLD Christeen Slee of Grand Ledge, dressed in blue taffeta, was flower girl. Ringbearer was four-year-old Bradley Beagle of Athens, Ohio, nephew of the bridegroom.

For her daughter's wedding, Mrs Lamphere chose a blue flowered print with white accessories. Her corsage was of white carnations. The bridegroom's mother wore a blue navy eyelet dress with red accessories, and a corsage of red carnations.

THE SERVICE was witnessed by more than 250 guests.

Immediately following the service, a reception was held in the church parlors, hosted by Mrs Roger Ewing, aunt of the bride. The serving table was centered by a five-tiered cake made by an aunt, Mrs Vern Lamphere of Howell, who also served the cake. The groom's cake was served by Mrs Donna Crandall of Grand Ledge. Serving punch was Mrs Charles Byam, sister of the bridegroom, and another sister, Mrs Richard Beagle served the coffee.

IN CHARGE of the guest book was Miss Madelle Weymouth of Lansing.

The many gifts were opened by Mrs Richard Bigelow of Fowlerville and Mrs Ronald Antelife of Grand Ledge.

WHEN the newlyweds left for their northern Michigan honeymoon, the bride was wearing a red knit suit with navy blue accessories. Upon their return, they will live temporarily in Wacousta with his parents and move later at 917 1/2 Jenne Street, Grand Ledge.

Miss Carol Parr is married at Ann Arbor

Mr and Mrs Raymond Parr, Barbara, Marcia and Jim, and Mrs D. H. Parr of St. Johns, attended the wedding ceremony uniting Carol Parr of Ann Arbor, and Jan R. Hale of Saginaw, in marriage.

The bride is a daughter of Mr and Mrs Ward Parr of Evanston, Ill., who are both natives of St. Johns.

THE ceremony was performed Friday in the First Methodist Church in Ann Arbor where the Parris formerly resided.

Rev Dwight Large of Lansing, a longtime friend of the Ward Parris, officiated. Barbara Parr was a bridesmaid and Marcia Parr attended the guestbook. The bride is a granddaughter of Mrs D. H. Parr.

The newlyweds will live in Ann Arbor where both are working on their advanced degrees at the University of Michigan.

Mrs Robert Moore of Alma, Miss Donna Schafer of Fowler, James Heibeck, Mr and Mrs Virgil McGinnis and family, Mr and Mrs Ronald Heibeck and family, Mr and Mrs Robert Peck, and Mr and Mrs Lawrence Heibeck and Mr and Mrs Edwin Heibeck called on Will Heibeck this week.

Janet Pecoski, Jessie Hernandez and friend of Lansing and Mrs Mark Damon called on Mr and Mrs Kenneth Heibeck this week.

Mrs Kenneth Heibeck, Mrs Douglas Orweller and Doug, called on Mrs John Hiltz of DeWitt Sunday afternoon.

Both bride and groom were members of Grand Ledge High School's 1964 class. The groom is employed at Oldsmobile Division and his bride is employed by the J. W. Knapp Co., in Lansing.

"NEW HAMPSHIRE SOLVES EDUCATION DILEMMA"
"NEW HAMPSHIRE ADOPTS STATE LOTTERY"
"SCHOOLS ASSURED FOR NEW HAMPSHIRE STUDENTS"
"LOTTERY PROVIDES OPPORTUNITIES FOR STUDENTS"
"LOTTERY—A FINANCIAL BONANZA FOR SCHOOLS"

The above headlines seen in the nation's press just a little over a year ago, serve to remind Michiganders of the techniques employed in New Hampshire, by proponents of state operated lotteries. These techniques leave much to be desired and we hope that none of them will be used in Michigan to lull people into believing that there is nothing wrong in using this kind of money in the education of our children and that all our problems will be solved. Nothing could be further from the truth.

Each year we are spending more and more millions on the problems of our youth. Each year we continue to wonder why our younger generation is holding adults in more contempt. We never cease to wonder why so many of our young people are confirmed cynics long before reaching maturity. Perhaps, the thing for we adults to do is stop wondering why our youth is doing these things and examine the real trouble, by asking what we are doing to put our young people in that frame of mind. The technique employed in New Hampshire, as we say, leaves much to be desired. How can we, in good conscience, hope to develop sound morals in young people when we openly use the tainted money of state lotteries, or other forms of gambling to provide a portion of the education of our youth.

There is nothing to be proud of in the fact that a considerable portion of the books and reading material provided for our young people in Michigan is dependent upon the degree of crime which is committed. Not too many people realize that penal fine monies collected from criminal acts go into the library system of the State of Michigan. Adding a state lottery or dog racing under the guise that revenues derived will be used for education will merely compound the immoral practice of which we speak.

My opponent has co-sponsored dog racing legislation in the last two sessions of the legislature.

I entered the race for State Representative to give citizens of the 88th district a choice. You know my position and that of my opponent.

DAVID POCUIS

Pocuis writes about Spain, his short stint at bullfighting

EDITOR'S NOTE: David Pocuis, son of Mr and Mrs Stanley Pocuis of St. Johns, was in Spain this summer under the Youth for Understanding teenage exchange program. This article by him for the Clinton County News was written Aug. 4.

BY DAVID POCUIS

MADRID, Spain—Many of the American students who are here in Madrid have written articles for their local papers, and some of them have offended the pride of my Spanish friends. In order to be interesting, these students have portrayed Spain as a land of gypsies and donkeys, and these things are not really typical of modern Spain. These same Spaniards have requested that I write something that will do justice to the Spain of today.

I have been living in Madrid for over six weeks and during this time I have traveled quite extensively, visiting such famous cities as Segovia, Toledo, Granada, Valencia, Barcelona, Costa Brava, San Sebastian, Santander, and Cordoba, as well as many small villages. My travels have been limited by the fact that I am living with a family and I have been attending Spanish classes at the "University of Madrid."

I ONLY took 10 hours of classes each week so I was not really tied to my books. My professor spoke only Spanish and there was not a word of English in my text book. I wrote my final exam last week and enjoyed the course very much, although I feel that the contact with my Spanish family has helped my Spanish more than any class could.

I live in a very nice apartment with my four Spanish brothers Alvaro 25, Jose 21, Jesus 17, Miguel 12, and Mama. My Spanish father died about four years ago when he was a doctor working for the United Nations and contracted malaria. My oldest brother is now a doctor and the next

DAVID POCUIS

two are studying to become doctors. If I get up a little late, one of them is always in my room, taking my pulse, tapping me or looking at my tongue.

MADRID is definitely one of the most beautiful cities in the world. Its three million people drive down its wide, shady streets and amble through its many beautiful parks. Madrid is not an industrial city, and its air is clean and the sun is always shining. I have walked, talked and eaten with the people of the slums, but Madrid is primarily a city of middle class people. From every apartment there are many, many television aerials cluttering the skyline.

I like to observe the reactions of the people of Spain to the assassination of President Kennedy, and it is shocking to learn how many Europeans think that police had something to do with his death. I am trying hard to correct this gross misconception. The people of Spain have mixed emotions about the nomination of Senator Goldwater, but I find the people of England and France are generally quite concerned and discontented.

I FOLLOW THE Spanish papers

very carefully and our racial problems at home put me, and all the other Americans who are abroad this summer, in a very embarrassing position. It is nearly impossible to explain the situation when, here in Spain, the many different people are all so equally accepted.

Sports are very popular in Spain, but much of their entertainment is borrowed from our country. On TV they feature such programs as "Bonanza," "Defenders," "Dr. Kildare" and "The Flintstones," all with Spanish words dubbed in. Almost all of their movies are American and only "West Side Story" is in English.

"WEST SIDE Story" has been at the same theater here in Madrid for over two years, and they still fill the theater three times each day. On the radio there is constantly music from this show, and it is very natural to see a Spanish boy walking down the street, strumming a guitar and singing, "I Want to Live In America."

The people of Spain are not overly energetic, but they are generous, friendly and very happy. Now that my Spanish is improving, I find it much easier to meet people but a lot harder to say goodbye.

I have been meeting everyone from street sweepers to bullfighters and from bus drivers to Flamenco dancers, and I am very pleased with my experiences and the "Michigan Council of Churches" that sponsors this program. I have met people that live in all parts of our world and each of them always gives me their card in case I am ever in their country and need a place to live.

SPAIN'S transportation system is easily the worst in Europe. The roads are terrible and the train beds are even worse. The trains are slow and crowded and the buses are never on time. None of the middle class families that I have met here in Spain have a car, and it will certainly be nice to get home and drive again.

I am constantly busy here in Spain and do many varied and interesting things. Also I occasionally become involved in situations that are rather unbelievable.

Yesterday I went with a group of American and Spanish friends on a trip to the mountains near Madrid (after the bus fixed its flat tire). We took our lunches and swam all afternoon at a dam with icy water flowing down from the mountains. Later we hiked to the bull ranch of a Spanish friend and learned the graceful art of bullfighting.

THERE was a beautiful bull ring and we began as the light entered the ring and the lights were turned on. I was the only American boy there, and social pressure commanded that I face the bull first. It was a speedy little three hundred pound bull with nice sharp horns, but I managed to survive passes before I gave up my cape and retired from bullfighting. Soon everyone was in the act and several of the girls in our group re-

KERRY BUNGE and his bride Susan live at 205 1/2 Floral Avenue. He is employed as a mechanic at Cain's Buick. They will receive the Clinton County News for three months as a wedding gift.

CHARLES SHAWNEE, his wife Thelma, and children Virginia 19, and Joquin, 20, are back in St. Johns and are living at 106 S. Ottawa Street. They will receive the Clinton County News.

The Shawnees lived in St. Johns previously and liked it so well they asked to be transferred back here by the Western Insurance Co., for whom Shawnee is employed. He is a safety engineer. They previously lived in Kansas.

RAY B. ZAHM and his wife Eleanor have moved from Cheboygan to 400 E. Higham in St. Johns and will be receiving the Clinton County News for three months as a welcome gift.

The couple are retired, Mr Zahm having previously worked for the State of Michigan as an X-ray laboratory technician. Mrs Louise Adams, a sister of Mrs Zahm, makes her home with them.

MELVIN FELKEIM and his wife Effie are new residents at 504 Vouconsant Street and are welcomed with a gift subscription to the Clinton County News.

They came to St. Johns from Clearwater, Fla. He is employed as a kitchen designer for G. B. Hebblewhite in Lansing. He did the same type of work in Florida.

The Felheim's daughter and son-in-law, Mr and Mrs Albert George, and their two small children are living in the home with them temporarily.

LARRY HOEVE and his bride Marcia will be receiving the Clinton County News at their home at 111 S. Oakland Street. He is employed by Oldsmobile in Lansing. Both young people are from St. Johns.

Fairs dominate tourist slate

Besides the Michigan State Fair opening Friday, at least 10 county fairs will be in progress over the weekend, according to the Michigan Tourist Council.

Also scheduled is the International Arts Festival at Interlochen and the continuing Art Exhibit at Saugatuck. At Wayland, the Cowbell Festival and Community Fair winds up on Saturday, and a horse-pulling contest is scheduled at Germfask Sunday.

COUNTY fairs include those at Caro, Alpena, Marshall, Petoskey, Hudsonville, Mt. Pleasant, Hart, Chelsea, Armada and Hesperia.

Set kindergarten schedule at Ovid

OVID—Kindergarten children will attend school at the Ovid Elementary School as follows:

All rural children, with exception of those listed, will attend school in the morning. They will be returned home at noon by bus. These children will be picked up at noon and returned home by the regular bus route: Joni Arnett, Brook Clock, Mitchell Crowell, Cynthia Freed, Amy Hunt, Mitchell Jorae, James Maag, Daniel Max, Jon Miller, Sue Ann Miller, Luann Rummell, Russell Staples, Wayne Swender, Julie Tait, Tammy Thomas and Martin Weber.

ALL KINDERGARTEN children living in Ovid and walking to school will attend in the afternoon.

Shop in Clinton County.

Her Second Rosette

Gail Shafley, 13, daughter of Mr and Mrs Keith Shafley of R-2, St. Johns, won a rosette for the second year in a row at the 4-H Fair last week. She displayed in the junior sheep showmanship contest. Gail is a member of the Bengal Community 4-H Club.

Best in Senior Sheep Showmanship

Leslie Warner, son of Mr and Mrs Ray Warner of 5112 W. Townsend Road, won his third rosette last week by being judged best in senior sheep showmanship at the Clinton 4-H Fair. He is a member of the Bengal Community 4-H Club.

Scouting News

of St. Johns and Clinton County

Twenty-one boys in Boy Scout Troop 81 of St. Johns, sponsored by the Congregational Church, returned Saturday from a week-long trip to Washington, D.C.

They spent four days touring the capital city.

MAKING THE trip by bus and car were the following Scouts and chaperones: Mr and Mrs Joe Moriarty, Mr and Mrs Robert Cartwright and family, Mr and Mrs Don Henry, Herm Schaffer and son, Robert and Richard Boak, Bruce and Edward Bishop, Doug Bishop, Tim and Dan Henning.

John Thrush, Kirk and Marc Simpson, Gary Sage, Gary Burk, Greg Faright, Grant Russell, Tom Moore, Kim Patterson, Bob Cartwright, Mike Hower and Robby Safford.

Haste is said to make waste, yet there are few hustlers who go to the poor house.

With all the money spent on the road to ruin it's no wonder it's in such good shape.

Open house fetes Alfred Plunketts on silver event

GUNNISONVILLE—A family gathering was held at the home of Mrs. Margaret Stampf Sunday in honor of the 25th wedding anniversary of Alfred and Lena Plunkett. A picnic dinner was served to the immediate family and an open house was held in the afternoon for friends and neighbors.

FAMILIES attending were the Harold Lindquests of Rochester, the George Lindquests of Ann Arbor, the Mark Coggan's of Flint, the Erwin Kleinerts of Rockford, the Jack Kleinerts of Ann Arbor, the Joe Stanton's and Dale Pettinger of Perry and a sister, Mrs. Jean Oliver, who flew from Alexandria, Va., to help celebrate the occasion.

Teacher attends workshop on home economics teaching

GUNNISONVILLE—Mrs. Margaret Stampf attended a workshop for the State Curriculum Development Project. It was held in the Jack Tar Hotel in Lansing to compile the resource materials and evaluation devices for home economics teachers to use in developing local programs in homemaking and family life education.

Home economic educators throughout Michigan participated. It was conducted by Mrs. Rex Todd Withers, chief home economics and family life education service director and her staff.

Church choir is entertained with food and music

GUNNISONVILLE—Mr and Mrs. Allen Cable were hosts Wednesday evening for a wieners roast for the members of the senior choir of Gunnisonville Church and their spouses.

After the "wieners" were finished, Al Hartman on guitar and Ted Powell and Marv Rhynard with their ukeleles accompanied the group on a "Hootenanny."

THOSE present included Mr and Mrs. Ralph Green, Mr and Mrs. Ed Homer, Mr and Mrs. Merl Trowbridge, Mr and Mrs. Ted Powell, Mr and Mrs. Marvin Rhynard, Mr and Mrs. Glenn Balduf, Mr and Mrs. Alva Hartman and Miss Susan Green.

Linda, Gina and Coleene Farris, children of Mr and Mrs. Cecil Farris, are spending four days with their grandparents, Mr and Mrs. Oliver Angell, while their parents are in Canada.

Mr and Mrs. John Hagy and children returned Saturday from a two weeks vacation trip which included sightseeing in parts of Canada, Niagara Falls, Gettysburg and Washington, D.C. The second week they visited relatives in Beckley, W. Va.

Mr and Mrs. Ernie Fritz, Mrs. Scott Hartwick of Elsie, and Mrs. Ethel Bishop of Fenmore returned Monday from a weekend visit with their cousins, Mr and Mrs. Hugh Heinze of Beulah. The trip also included sight-seeing the "Big Mac" bridge and Fort Michilimackinac in the Straits.

Mr and Mrs. George Lindquest and Meg of Ann Arbor were weekend guests of their mother and brother, Mrs. Margaret Stampf and Aldan.

City employee picnic draws 250

Some 250 persons braved showery weather to attend the annual St. Johns city employees picnic at the city park last Thursday evening.

There were games and prizes for the children, and pop and ice cream were served. Children got free rides on the city's new fire truck.

A retirement gift was presented to Charles Woodbury. Five-year service certificates were presented to Clarence Stoddard and Harry Buck.

Willis Hottler Jr. won the door prize, a picnic grill. Sonny Cornell won a picnic thermos and Mrs. Ed Sonier won 10 gallons of gasoline donated by Southgate Sunoco Service.

Rural schools opening during next 2 weeks

School in the 41 rural school districts of Clinton County will be opening next week and the week of Labor Day, but County Supt. of Schools Carl Bates says he has no means of telling exact dates each will start.

Bates pointed out that the only requirements of the rural schools are that they must have 180 days of school in order to get state aid money. He said about half will probably be starting next week.

BATES HAS set up a meeting Sept. 8 at 1:30 p.m. with all rural teachers to issue supplies, go over current school events and answer questions the teachers may have. The meeting will be held in St. Johns.

Supports for New Wood Road Bridge

This is the new Wood Road bridge now under construction over the Looking Glass River south of Round Lake Road in DeWitt Township. It is one of four bridges to be built on county roads this year.

Bingham told new fire contract retroactive

Any new fire contract between the City of St. Johns and Bingham Township will be retroactive to July 1, 1963, the city commission ruled last Tuesday night.

Bingham refused to renegotiate a contract with the city, effective that date, which would increase the standby fee from \$300 a year to \$800, and the charge per fire call from \$75 to \$100.

THE CITY renegotiated contracts at that time with seven other area townships when the city decided to add new and better equipment to the fire department. It set Nov. 1, 1963, as the deadline for signing the contract without paying retroactive.

St. Johns, meanwhile, continues to serve Bingham Township under the old five-year contract which will not expire until July 1, 1967.

BUT THE commission pointed out emphatically Tuesday night that whenever Bingham wants to sign a new contract it will have to pay the difference in its present and the new rates, plus 6 per cent interest, back to July 1, 1963.

The city fire department serves all, or parts of, Olive, Greenbush, Bengal, Riley, Essex, Ovid and Victor Townships in addition to all of Bingham.

The Bingham board, headed by Supervisor Maurice Gove, questioned why it should pay \$800 standby fee when several of the other townships weren't paying as much.

THE commission replied that, because Bingham Township surrounds St. Johns and is much closer to fire protection and because many of its residents

"across the street" from the city get the same fire hydrant protection city residents do, the township should pay more than a more distant area.

The townships served by the fire department are charged varying amounts, according to the area to be covered and the distance from St. Johns. The city figures that generally, the closer the township the better protection it gets and the more it should pay.

AT THE same session Tuesday, the commission agreed to extend fire protection to all sections of Bengal Township. Supervisor Raymond Mayers said the township board felt the rate being asked by the Fowler Fire Department for protection of the west half of the township was excessive.

The St. Johns department has been providing fire protection to the eastern half of Bengal Township for \$300 standby fee and \$100 per run. The rate for covering the entire Bengal Township will be \$600 standby fee plus \$100 per run, the commission told Mayers. Mayers said this was agreeable.

AN ENTERPRISE phone network is being set up to allow all Bengal Township residents to call the St. Johns fire department without going through long distance. This should be available within the week, but St. Johns City Manager Ken Greer said the department will honor any fire calls received between now and the time the ENTERPRISE number is set up and the new contract is signed.

August state aid money sent out

County Treasurer Velma Beaufore this week mailed checks totaling \$330,080 to 46 county school districts, representing 16.68 per cent of state aid for the year.

In addition, \$4,910 is earmarked for special education in the county and \$940 for the Clinton County intermediate school district.

ST. JOHNS public schools received \$68,500 of the total, but the largest amount went to the new Ovid-Elsie school district, which got \$75,000. Duplain 2-Fractional district got \$400, the smallest amount.

Furnishes beer, he's fined \$100

A Lansing man was fined \$100 plus \$19.90 costs Saturday for furnishing beer to minors and was in jail Monday because he couldn't pay the fine.

Donald R. Kruger, 22, of the YMCA in Lansing was arrested in St. Johns by Officer Edward Teachout Saturday. He pled guilty to the charge before Justice of the Peace Alba Wert, who assessed the fine.

Driver bruised in city crash

Walter P. Suchek, 23, of R-2, St. Johns, suffered bruises Friday when his auto was struck by another one and then hit and snapped off an electric utility pole.

The accident occurred at 2:15 p.m. at the corner of North Lansing and West Walker streets during a rain.

ACCORDING TO Police Chief Everett Glazier, who investigated, Suchek was driving north on Lansing when a car driven by Warren S. Anderson, 51, of 609 W. Higham Street, pulled away from the stop sign on Walker Street and hit Suchek's.

Anderson told Glazier his vision was obstructed by a milk truck parked on Lansing. Anderson's car suffered front end damage, while Suchek's was damaged in the front and right rear.

SUCHEK'S CAR, after being struck hit a utility pole at the northeast corner of the intersection, snapping it off at the bottom. The pole remained upright, however. It was replaced Monday morning.
