## Township vote elects 2 new board members

Two new township supervisors were elected to the Clinton County board in Tuesday's general election. Of the 16 supervisors standing for election, 14 were unopposed and 13 are incumbents.

Newly-elected supervisors are Russell Howe of Eagle and Oliver Angell of DeWitt. Howe was unopposed. Angell, a nominee of the Citizens' party in DeWitt, won over Don J. Steavens, the Democratic candidate, by a margin of only 59 votes.

George Moore, Republican incumbent, was an easy winner over Elmer Thornton, Democratic nominee, in the Duplain Township voting.

The new supervisors replace two veterans on the board who were not candidates for re-election—Charles Higbee, Eagle, and Fred Culy, DeWitt.

INCUMBENT supervisors who were re-elected without opposition are:

Gerald Shepard, Bath; Raymond L. Mayers, Bengal; Maurice Gove, Bingham; William Hufnagel, Dallas; John M. Settington, Essex; Derrill Shinabery, Greenbush; Walter Nobis, Lebanon; Almond Cressman, Olive; George K. Austin, Ovid; Willard Krebel, Riley; Claude Underhill, Victor; Ernest Carter, Westphalia.

Here is a complete list of the officers elected in Clinton's 16 townships in Tuesday's voting:

**BATH**—Gerald Shepard, supervisor; Lee Reasoner, clerk; Iona Barker, treasurer; Ernest Trofater, trustee; Lawrence Read, justice of the peace; Gaylord David, constable.

**BENGAL**—Raymond Mayers, supervisor; Rudolph Mohnke, clerk; Donald Harper, treasurer; Donald Irer, trustee; Ernest Marten, justice of the peace; Gerald Pope and Gerald Rossow, constables.

**BINGHAM**—Maurice Gove, supervisor; Alice Heibeck, clerk; Wilbur Brandt, treasurer; Lawrence Yallup, trustee; Byron Kissane, justice of the peace; Duane Davis, William Kissane, Robert Gill and Raymond Doyle, constables.

**DALLAS**—William Hufnagel, supervisor; Vincent George, clerk; Leo J. Koenigsnecht, treasurer; Joseph Feldpausch, trustee; Anthony Thelen, justice of the peace.

**DEWITT**—Oliver Angell, supervisor; Warden Kyes, clerk; Ronald C. Zeeb, treasurer; Roy G. Decker, justice of the peace; Fred Culy and Ted Powell, trustees; Ronald Groulx, Donald Risk, Edmund Thelen and Clifton Wilcox, constables.

**DUPLAIN**—George Moore, supervisor; Kelley E. Carter, clerk; John C. Hall, treasurer; Victor LaRue, justice of the peace; Wayne Peck, trustee; Lawrence Hess, Royal Ellinger, Burton Tabor and Roy Fizzell, constables.

## City approves Court; beats pay raises

A municipal court for the city of St. Johns was approved by voters Tuesday, but they at the same time rejected a pay raise for city commissioners.

The municipal court plan was approved by a total vote of 999 to 506. The pay raise, which could have increased salaries from \$3 to \$10 for each meeting, was turned down by a vote of 828 to 612.

**GEORGE ROMNEY**  
Re-elected as Governor

**LYNDON B. JOHNSON**  
President of U.S.

## State voters split for Johnson and Romney

Michigan voters demonstrated their confidence in Republican Gov. George Romney Tuesday when they returned him to office for a second term.

Romeny's comfortable 160,000-vote victory margin came in spite of the lopsided majorities piled up throughout the state for the Democratic ticket led by President Lyndon B. Johnson.

Rep. Neil Staebler, Romney's gubernatorial opponent, conceded defeat in a statement at Detroit at 2:20 a.m. Wednesday.

ALTHOUGH election returns were far from complete early Wednesday, it appeared that only Romney and his Lieutenant-Governor running mate, Sen. William G. Milliken of Traverse City, had managed to survive the Democratic landslide in Michigan.

Secretary of State James Hare and Attorney General Frank Kelley, Democratic incumbents, were easily re-elected. Hare defeated House Speaker Allison Green of Kingston while Kelley won over Meyer Warshawsky of VanBuren County.

Riding the Johnson vote crest, Democratic state legislators upset Republican incumbents in record numbers. It seemed certain early Wednesday that Democrats would be in a position to control both houses of the Michigan legislature.

IT ALSO seemed probable that Democrats would be elected to a majority, if not all, of the 12

educational posts at stake in Tuesday's general election.

Involved are eight members of the new State Board of Education, two trustees of Michigan State University and two governors of Wayne State University.

Incomplete returns early Wednesday indicated that only Paul Bagwell, Republican incumbent for the MSU board, and Wilber Brucker, Jr., Republican nominee for the Wayne State board, had slim chances to win election.

TUESDAY'S election brought about the greatest amount of vote-splitting in the memory of most election workers. The record-breaking vote, plus the difficulty in tabulating the split votes on paper ballots, made counting the slowest in many years.

Returns trickled in slowly to the County News office from the county's 25 precincts and it was not until after 6 a.m. that the tally approached completion.

All Clinton incumbent county officers were re-elected. More election reports and tabulations appear on pages 5-A and 16-A of this issue.

**EMIL LOCKWOOD**  
State Senator

## Lockwood assured of Senate seat

Incumbent State Senator Emil Lockwood (R) of St. Louis was assured of re-election on the basis of nearly-complete returns from the 30th senatorial district early Wednesday.

Lockwood was opposed in the election by Joseph H. Kurka Jr., of Ovid, the Democrat nominee.

The 30th senatorial district includes all of Clinton, Gratiot, and Shiawassee counties, plus parts of Ingham, Eaton and Montcalm.

## Massachusetts ballot defeated

The Massachusetts Ballot proposal, which went down to defeat in Michigan by about a 2-1 margin, had the same fate in the county. If anything, the margin was greater than that in most places here.

The proposal was defeated in each of the county's 25 voting precincts, and in none did it come close to victory. Some margins ran as high as 4-1 against it.

The final tabulation was about 2-1 against the new form.

## Woodman and Allen legislative winners

**LESTER J. ALLEN**  
88th Dist. State Rep.

Republican candidates in the two State Representative districts of which Clinton County is a part appear to be safely elected, according to reports reaching The County News early Wednesday.

They are: Blair G. Woodman of Owosso, 87th district, and Lester J. Allen of Ithaca, 88th district.

Woodman was opposed by Sanford Volker, Owosso Democrat,

**BLAIR G. WOODMAN**  
87th Dist. State Rep.

and Allen's Democratic opponent was Leroy Vincent of Elsie.

THE 87TH district, to be represented by Woodman, includes all of Shiawassee County; the townships of Bath, DeWitt, Victor, Olive, Ovid and Bingham, and the City of St. Johns in Clinton County.

Rep. Allen's 88th district is comprised of the remaining 10 townships of Clinton County, all of Gratiot and parts of Eaton and Midland counties.

## LBJ - Humphrey ticket sweeps to national victory

A Democratic landslide victory at the nation's polls Tuesday installed Lyndon B. Johnson in the White House for another four years.

President Johnson and his running mate, Sen. Hubert H. Humphrey of Minnesota, were accorded the greatest popular vote in US history in winning over Sen. Barry Goldwater and Rep. William Miller, the Republican nominees.

The Goldwater-Miller Republican team was victorious in only five states of the deep south—Alabama, Georgia, Louisiana, Mississippi and South Carolina—for a total of only 45 of the nation's 537 electoral votes.

ALTHOUGH RETURNS were still far from complete early Wednesday, it appeared that the Johnson-Humphrey ticket had captured in excess of 62 per cent of the total vote—a landslide that surpassed President Franklin Roosevelt's margin over Republican Alfred Landon in 1936.

The tide of Democratic votes swamped scores of incumbent Republican congressional candidates and assured complete Democratic control of the US House and Senate.

A victim of the Johnson sweep was Rep. August Johansen of Battle Creek, incumbent Congressman in the new 3rd district of which 14 townships of Clinton County are a part. Johansen was upset in a close race by Paul H. Todd, Jr., Kalamazoo Democratic nominee.

Rep. Charles E. Chamberlain (R) whose 6th district includes Clinton's townships of Bath and DeWitt, was re-elected by a comfortable margin over Boyd K. Benedict, his Democratic opponent.

CLINTON COUNTY, normally Republican, joined much of the rest of the nation in giving a plurality to the Johnson-Humphrey ticket. It is the first time since 1932 that a Democratic presidential candidate has carried the county.

Clinton precincts which have returned Republican majorities for 30 years registered their votes for the Democratic nominees. The avalanche of Johnson ballots was not sufficient, however, to overcome Republican incumbents in county and legislative district offices. All were re-elected.

**PAUL H. TODD, JR.**  
Upsets Rep. Johansen

**CHAS. CHAMBERLAIN**  
6th Dist. Congressman

## Chamberlain, Todd win for Congress

Clinton County will have bipartisan representation in the next session of Congress as a result of Tuesday's election in the 3rd and 6th districts.

Voters in the 6th district re-elected Rep. Charles E. Chamberlain, East Lansing Republican, while 3rd district ballots upset incumbent Rep. August E. Johansen (R) and replaced him with Paul H. Todd, Jr., Kalamazoo Democrat.

Todd's final margin in the congressional race had not been determined early Wednesday but his lead of more than 5,000 seemed to assure him of victory.

CHAMBERLAIN'S district includes Bath and DeWitt Townships of Clinton County and all of Ingham, Jackson and Shiawassee counties.

The new Congressman Todd will represent the remaining 14 townships of Clinton County, plus the City of St. Johns, and all of the counties of Eaton, Barry, Calhoun and Kalamazoo.

Before the recent reapportionment, Clinton County was in the 8th congressional district and was presented by Rep. James Harvey of Saginaw.

Central School Principal Walter Nickel addresses a group of businessmen and women who toured the St. Johns schools last Thursday during the second part of BIE Day. This informal session in the high school auditorium preceded tours of the schools and a noon dinner.

### St. Johns businessmen see, hear about school problems

Between 25 and 40 businessmen and women got a good view of the problems of St. Johns public schools last Thursday morning during the "E" part of BIE Day.

School officials made formal talks before the group, and the businessmen also toured several of the schools in the city system.

IT WAS THE second half of the BIE program for the year. Ten days earlier teachers made an all-day inspection of city businesses and industries. Both businessmen and educators expressed enthusiasm over the results.

Last Thursday's program ran from 9 a.m. to about 1:15 p.m. It included an opening session at the high school, with a short address by Walter Nickel, principal at Central School, tours of the schools, and a noon dinner at Walker's at which time Supt. Earl Lancaster outlined problems facing the schools.

THE BIGGEST of these problems, Lancaster told about 40 people at the dinner, are finances and overcrowding.

\*Financial problems are cer-

tainly no reflection on the community," Lancaster said, "because the people have never turned us down when we've asked for more money."

But he noted that combined taxes for the city of St. Johns were the lowest of 63 comparable cities studied, mostly because school taxes are so low. The St. Johns school district tax of 12.5 mills is the lowest in the county, and in 14 Central Michigan districts it's also the lowest, while some rates go as high as 28.10 mills.

STATE aid to schools has not increased while expenses have, and Lancaster said the percentage of state aid to expenses is down about 14 per cent over 10 years ago.

There are 933 students in the high school, he pointed out, and many classes run about 36-37 each—six or more over the desired 30 per room. Lancaster said they can't cut down on the number of students because of the lack of space to put them.

CENTRAL School, he said, is "unsuited for a modern junior high program." He said it lacks provisions for TV education, film showing, storing of resource ma-

terial and for seminar group areas.

There are two solutions, he said, to the overcrowding problem:

1) THE DISTRICT could refuse to accept about 300 present students who are attending on a tuition basis from 56 rural school districts; or

2) The St. Johns district could ask the other districts to join with it.

The first would not be wise for St. Johns, Lancaster asserted, because "where kids go to school is the economic, religious, recreational, etc., center of the area" and it would be a great economic loss.

AT LEAST two meetings have been held with each of the rural school districts, on the second possibility, and St. Johns has asked that the districts vote on a merger plan by July 1, 1965.

A wholesale merger would necessitate a building program, he pointed out. For grades kindergarten through sixth, additions would probably be made to three existing modern schools and a new one built. And a new high school or junior high school building would be needed.

LANCASTER said \$3 million would be a likely cost for a basic building program. The additional cost to taxpayers in the enlarged district would be about 5 mills or less, he estimated.

This would put the St. Johns district tax rate at 12.5 mills, and would rank the district about in the middle of the districts studied.

THIS TYPE of expansion will be necessary, he said, in order to provide the type of education Americans demand. "We don't want the nation to do it for us," he said, "and we don't want the state to do it. We want to do it ourselves."

Principal Nickel, in his morning talk, said he thought St. Johns schools had done a good job in teaching subject matter and that they would continue to do so. The problem facing educators is how to teach intangibles, he said.

WE HAVE to teach people to think intelligently. We need more thought questions where there are no right answers. We have to challenge things, because we have to teach them democracy is not an easy way of life.

"We must provide for self-discipline, adaptability to change, ability to compromise, a faith in others and God and in triumph of justice. We must involve our kids in serious business rather than busy work—in something that matters.

"WE HAVE TO keep them informed," he said. "We have to instill in them a willingness to serve life and the idea that education never stops and that opportunities never end."

PATRICIA HOLMES Succeeds Mrs Oppeneer

### Mrs Holmes is new writer at County News

Mrs Craig (Patricia) Holmes of Lansing replaces Mrs Leo (Mabel) Oppeneer this week on the community news desk at the Clinton County News. Mrs Holmes is a 1964 Journalism graduate from Michigan State University.

She is a native of Grand Rapids. Her husband is associated with the Lansing district office of the Ford Motor Co.

MRS OPPENEER came to The News in August of 1963 and during her tenure she completely reorganized the handling of club and community news and worked closely with this newspaper's 45 correspondents throughout the county.

She inaugurated the Women's Page in The News and contributed scores of interesting illustrated feature stories for this and other pages of the newspaper.

SHE HAS left her position here to move with her husband to Denver, Colo., where they will be living near their son and family.

The Oppeneers' present address is Holiday Hills Mobile Home Resort, 2000 W. 92nd Avenue, Federal Heights (Denver), Colo. 80221.

### Magazine prints Rinker article

"The School Board and the Newspaper" is the title of an article by Lowell G. Rinker, of the Clinton County News staff, which appears in the October issue of the nationally-circulated American School Board Journal.

Written from a newsman's viewpoint, the magazine article makes a strong plea for freedom of information with respect to school affairs.

"SCHOOLS account for a larger 'bite' of tax money than any other branch of local government," Rinker writes, "and it behooves school boards to show citizens that the money is bringing the best possible return—an economical but thorough education of their children.

"Your community newspaper's unhindered access to and reporting of public information is the easiest and best way to show your good faith in the handling of public affairs."

### Begin remodeling of education building

Carpentry work will begin soon on the remodeling of the downstairs of the county education building for use as county offices, building and grounds committee Chairman Willard Kriebel of Riley told supervisors Monday.

Painters are also at work in the courthouse, he announced.

New, smaller and stronger windows for the maximum security rooms at the children's home will be provided, the board decided after discussion.

### Board makes 5 appointments

Clinton supervisors made five appointments Monday at their November meeting.

Bill Werner of R-1, Fowler, was appointed dog warden for the northern half of the county. He'll replace Earl Foland and will start work Dec. 1.

Bernard Zeeb of DeWitt was appointed to succeed himself on the Clinton County Board of Road Commissioners and will receive a salary of \$1,000 a year. His term is for two years.

Roy Davis of rural St. Johns was reappointed to a three-year term on the zoning appeal board.

Since the zoning appeal board will have five members starting Jan. 1, instead of the present three, two new members were appointed, Victor Hopp of Riley was named to a two-year term, and Clarence Mead of Ovid was appointed for one year. Subsequent appointments will all be for three years.

### Charge 2 men drag raced

Two Lansing youths are out on bond after being charged Friday with drag racing on south US-27 in the Valley Farms area.

They are Kendall H. Chaney, 22, and Lawrence A. Cairns, 20, both of Lansing. Both were arrested by Deputy Sheriff Ramon Terpening.

Chaney is free on \$100 bond and Cairns on \$250 bond. Justice of the Peace Gordon Wilyoung handled the case Friday.

### New St. Johns bank opens November 12

Central National Bank plans to open its new banking facilities in St. Johns on Thursday, Nov. 12, according to an announcement this week from Robert Leonard, executive vice president.

The bank will occupy temporary offices in the former Yankee Store building on the east side of the center block of Clinton Avenue.

Redecoration of the interior is completed, Leonard said, and necessary forms, furniture and equipment are arriving daily.

THE NEW Central National

### Kline Distributing to open up Friday

The long-awaited opening of the Kline Distributing Co. store in the former Wieber Hardware building will come this Friday. The opening was delayed by the death several weeks ago of Joe Brenke, the owner.

Mrs Brenke and Duane Plonta of Owosso will operate the business under the name Kline Distributing Co. in memory of Mrs Brenke's late husband.

PLONTA, WHO operates a vacuum cleaner supply business in Owosso, made the announcement of the opening Tuesday. He asked that customers bear with them

### Students 'retain' Johnson, Romney

St. Johns High School students favored the incumbents in a mock election Friday for the two major national and state offices.

President Johnson received 705 votes, while Barry Goldwater received 159 votes. In the state race, Gov. George Romney received 660 votes while challenger Neil Staebler was given 210 votes.

The election was set up by the high school social studies department and carried out in the government classes Friday morning.

### Two Clinton judges unopposed Tuesday

JUDGE LEO W. CORKIN

JUDGE TIMOTHY GREEN

Two judges serving the Clinton area were elected without opposition Tuesday. They are: Leo W. Corkin, judge of the 29th circuit which includes Clinton and Gratiot counties, and Timothy M. Green, probate judge of Clinton County. Corkin was appointed by Gov. Romney last year to the vacancy created by the death of Judge Paul R. Cash. He was elected Tuesday to fill the unexpired term. Judge Green was re-elected to a six-year term on the probate bench. Both judges' names appeared on the non-partisan ballot.

### Sawmill men gather at Ovid

About 100 sawmill men from all over Michigan were in Clinton County Saturday. They met at 10 a.m. on the Francis Hall farm on Colony Road northwest of Ovid for demonstrations during the morning.

A dinner was held at noon at Smith Hall.

SAWYERS, edgermen, and trimmermen attended and were shown methods of cutting, the proper way to cut and how to cut to get best grades of wood from a log.

The program was headed up by John Hodge of Petoskey, district agent in the Community Resources Development Agency.

### Fined for leaving accident scene

Gary L. Weber, 20, of Owosso was fined \$35 and assessed costs of \$15 Friday after being found guilty of leaving the scene of a property damage accident in Ovid.

He was still in Clinton County Jail Monday. The fine was assessed by Justice of the Peace Alba Wert.

### To advertise for bids soon on new treatment plant

Bids for the construction of the new St. Johns water treatment plant will be advertised starting Nov. 14 and will be accepted up to Dec. 7.

City Manager Ken Greer said last week construction could very well start in January or February, with engineers expecting no major construction problems because of cold weather.

THE PLANT will consist of a main filter building and two ground storage tanks 50 feet in diameter and 15 feet deep. They will be built partially below grade, with a rail fence on the top.

One tank is for storage; the other is a clarifier tank, where impurities are taken out.

THE PLANT, to be located in the block bounded by Lansing, Gibbs, Ottawa and Lewis streets,

will face Ottawa Street. It is in the center of a five-well field, which along with two new wells on farther west on Gibbs, supplies the city's water.

The plant, Greer said, is designed for future addition of a clarifier tank that would about double the capacity of the treatment system.

THE SPECTACULAR climax to the water system improvement program, Greer disclosed, will be the dismantling of the old water tower on Gibbs Street, along with the brick building there.

Greer said the new water tower on South Oakland makes the old tower worthless for pressure. But he said it would be impractical to take it down now because of the piping changes that will

have to come anyway when the water plant is completed.

GREER POINTED out that water towers are built solely to maintain pressure, and not for storage. Because the new tower is higher, the pressure the water in it exerts on that in the system is what gives the city water pressure.

He said the taller tower always provides the pressure to run the system, and a dozen lower towers would have no effect—they would not increase pressure.

IF STORAGE of water was the main concern, Greer said, it would be much less expensive to build ground storage tanks. The storage in the tower is negligible; the new tower, for instance, holds 500,000 gallons of water, but under normal use, that would be gone in about half a day.

## Chest drive hits \$20,000 -- 70%

Reports coming in from completed township campaigns have boosted the Clinton County Communities Chest drive to near \$20,000—only \$9,000 from the goal.

The Chest board is anxious to have all phases of the drive completed as quickly as possible, but they noted that the last \$9,000 will be the hardest to get. They urged that all persons who haven't donated to the drive do so.

THE CITY of Ovid completed its drive last week and turned over a total of \$2,159.75, including the sum from the Michigan Milk Producers Assn.

Bengal and Duplain townships have also turned in funds with the completion of the campaign in those areas. Bengal residents gave \$231, and those in Duplain gave \$168.75.

MRS JERRY Stone, St. Johns residential chairman, said she expected to have a complete report on the city campaign the middle of this week. Other township reports are also expected within the next week.

The following names have been added to the list of persons donating over \$15 to the Communities Chest drive:

\$15 to \$25—Richard Tommeyer, St. Clair Pardee, Joseph Ricker, Earl Creese, Gale Redman, Fred Meyer, Marvin Barclay, Arthur Halfman, George McCurry, Gordon Willyoung, Robert Gay, Esther Eldridge, Anton Schuedhell, John Bashore Jr., Harold R. Green, O. Harold Beardslee, Ovid Oil Co.

\$25 to \$50—Don Gilson, Jack Irish, Betty Ketcham, Bernard Mankey, Dan Boncha, Basil Diebert, Leo Corbin, Earl Haas, Dr. Don R. White, Floyd Parmelee, State Savings Bank, Ovid Roller

## Platting-building procedure hit

The granting of building permits before final approval of plats is made was attacked Monday by Supervisor Earnest Carter of Watertown.

Carter said there are cases where plats come back rejected, but that construction of homes has already been well along. He said he doesn't think this is right.

HE SAID he doesn't think building permits should be allowed until plats have been approved, if an area is to be platted. He requested a procedure be drawn up.

The county board's zoning committee was named to work with attorney Jack Walker and Zoning Administrator Gerald Walter to draw up recommendations and procedures to follow in platting property.

Mills, Dr. B. L. Bates, Gumaer Lumber Co., C. L. Squires, Shirley Seldex, Mary Ann Grace.

\$50 to \$75—Kermit Hart, Winston Miller.

## Wacousta gets new minister

WACOUSTA—Nov. 1, The Rev. Thomas Peters became the pastor of the Wacousta Community Methodist Church. Mr. Peters will move to Wacousta on Nov. 5, with Mrs. Thomas Peters, three sons: Daniel, 12; David, 11; and Dean, 10; and their 14-month-old daughter, Lauri.

Mr. Peters has been serving the Methodist Church of Sturgis, as the associate pastor since June of 1960. Prior to this he served the Camden and Montgomery Methodist Churches in Hillsdale County from 1953 to 1960.

MR PETERS graduated from Adrian College with a BA in 1957. He received his bachelor of divinity degree from Garrett Theological Seminary in Evanston, Ill., in June of 1961. He was ordained as a deacon of the Methodist Church in June of 1958. Then he was received into full connection and ordained by Bishop Reed as an elder in June of 1961.

REV THOMAS PETERS Mr. Peters has been especially active in the youth work and educational ministry in the Kalamazoo district. He served as dean of the Kalamazoo Senior High Institute at Wesley Woods during this last year. Also, he served as director of Leadership Training for the Kalamazoo district. He has taught a course, MYF for Seniors and Older Youth, for the last two years in the Kalamazoo Christian Workers' School.

MR PETERS will be arriving in Wacousta on Saturday, Oct. 31, in time to participate in the Michigan Methodist Outreach program. He will be preaching at the Morning Worship Service at 10 a.m. on Nov. 1. Also, there will be preaching services on Sunday, Monday, and Tuesday at 8 each night with Mr. Peters' preaching.

MR AND MRS MERLE REDMAN

The children of Mr. and Mrs. Merle Redman will hold an open house in honor of their parents' silver wedding anniversary. The Redmans will receive their relatives and friends Saturday, Nov. 7 at their home, 2134 West Kinley Road from 8 to 10 p.m.

## Board may decide soon about courthouse clock

The courthouse clock may yet be electrified, but it will be the whole county board that makes the decision.

That was decided Monday when the board turned down a move to allow the building and grounds committee power to proceed and have the changeover to electricity made.

WILLARD KREBEL of Riley, chairman of the building and grounds committee, said the I. C. Vernon Co. of Cincinnati explained to him the clock is in fairly good shape. But the company recommended that it be taken out, cleaned and put in A-1 shape at the factory, and that electric motors, gears and shaft and four sets of new hands be installed.

The repair work would take about 30 to 45 days, Krebel said, and the work would be guaranteed.

PAUL L. MOORE Speaker at Rotary

## Personnel man talks at club

Getting along with people and employees was the general topic of a talk to St. Johns Rotary Club Tuesday noon by Paul L. Moore, executive vice president of the American Society for Personnel Administration.

Moore, a resident of East Lansing, is a member of the staff at Michigan State University.

He listed four essentials for improving relationships with people with whom you are associated:

1. LET EACH person know how he is progressing in his work; and give credit and recognition when it is due.
2. Tell people in advance about changes that are likely to affect them and their work.
3. Give people some freedom of choice.
4. Encourage participation among the entire group in making important decisions.

The speaker was introduced by Donald Gilson and the program was arranged by W. W. Barber.

## Varsity night changed

Varsity Night, a variety show sponsored by the St. Johns schools music department, will be held on Friday, Nov. 13, instead of Saturday, Nov. 14.

Because of a mix-up in dates, the change had to be made. The St. Johns-Gabriels football game will be played at Lansing Saturday night instead of Friday, and the change was made to avoid a conflict.

Varsity Night will begin at 8 p.m. in the high school gym. Although printed tickets for the affair have Nov. 14 on them, the tickets will be good on the 13th.

Sponsored by the music department and the music boosters, such groups as the Wilsonaires, the Boys quartet and the high school band will present various numbers for the light-hearted at this year's Varsity Night.

Many surprise acts are included on the program.

Varsity Night last year drew an audience of some 1,500 people. Because of last year's sell-out and the speed with which tickets are selling this year, it

is advised that those interested buy their tickets immediately.

They went on sale Oct. 29 and are available from any music student in grades 7 through 12.

## Car rolls twice, 2 in it unhurt

A St. Johns driver was ticketed for failure to have his car under control after a one-car crash last Thursday morning on Maple Rapids Road in Essex Township.

Ticketed was Jerry G. Bunge, 20, of 802 E. Cass Street, St. Johns. He told Deputy Sheriff Ramon Terpening he tried to dodge a dog on the road but then lost control. The car traveled 290 feet off the shoulder on the left side of the road, rolled over twice and landed on its top.

BUNGE WAS NOT hurt, nor was Robert Wagner, 20, of 506 S. Oakland, a passenger.

Bunge was driving west on Maple Rapids Road when the accident occurred at 12:20 a.m. The scene is a quarter-mile west of Essex Center Road.

## PROCLAMATION

WHEREAS, the Congress of the United States has designated the eleventh day of November as a legal holiday known as Veterans' Day and dedicated to the cause of world peace; and

WHEREAS, the men and women who served in our armed forces have demonstrated their willingness to satisfy the greatest obligation of their citizenship; and

WHEREAS, Veterans' Day affords each of us an opportunity not only to pay due honors to the dedicated men and women who have honorably served in our armed forces in time of war, but also to re-emphasize our determination to achieve world peace with honor;

NOW, THEREFORE, I Jack Smit, Mayor of the City of St. Johns, Michigan, do hereby call upon all citizens to observe Wednesday, November 11, as Veterans' Day, remembering those who have borne the burden in time of war and resolving with one accord to achieve a just and lasting peace with honor throughout the world.

I also call upon all citizens to observe this Veterans' Day with appropriate ceremonies and the display of the Flag of the United States at each and every residence and business firm in a reaffirmation of our national unity.

In Witness Whereof, I have hereunto set my hand and caused the official seal of the City of St. Johns, State of Michigan to be affixed this 3rd day of November, 1964.

JACK SMIT, Mayor

### Mrs G. Vauconsant hosts Ruth Circle

The Ruth Circle of the First Methodist Church met at the home of Mrs Gayle Vauconsant, Tuesday afternoon, Oct. 27.

A dessert was served to 13 members and 4 guests by the hostess and co-hostess, Mrs Ward Leonard.

The circle will host the WSCS general meeting at the church on Nov. 10.

PROGRAM and devotions on "Prayer and Self Denial" was presented to the group by Mrs O. E. Wells, assisted by Mrs Fowler, Mrs Wilbur Brandt, Mrs Howard Smith and Mrs Frank Swagart, who read scriptures from the Bible.

The circle will meet Nov. 17, with Mrs Oliver Montague, co-hostess will be Mrs Roy Briggs.

### Study group plans Christmas workshop

The Friendly Neighbors Extension Study Group met with Mrs Earl Fiegler on Wednesday evening. Final plans for the Christmas workshop were made. The workshop is Nov. 10 at Smith Hall.

Mrs Glenn Hopp, vice chairman conducted the business session.

MRS WALTER Marten gave the council report and Mrs Glenn Hopp reported on the capital area workshop.

Mrs Ray Moore and Mrs Clarence Trumbull will present the lesson "What's New in Fabrics" at the next meeting, Nov. 18, 8 p.m. at the home of Mrs Clarence Trumbull.

MR AND MRS RAYMOND DERSHEM

The children of Mr and Mrs Raymond Dershem of rural St. Johns honored their parents at an open house for friends and relatives on their 25th wedding anniversary, Sunday, Nov. 1.

### St. Johns NEWS discuss fabric and their care

The St. Johns NEWS Extension Study Group held its November meeting at the home of Mrs Gail Geotze Monday evening with 13 members present and two visitors.

Chairman Mrs Geotze presided over the meeting.

The lesson, "Whats New in Fabrics," was given by the project leader, Mrs Francis Diehm. The members discussed the new fabrics and how to use them pertaining to the sewing, washing and drying.

MRS Howard Plowman gave a report on the Oct. 12 council meeting.

Mrs Arthur Workman gave a report on a meeting she attended at Okemos. The lesson was on dry arrangement and corn husks at Pleasant Craft. She had a spray made from corn husk and cones. The club will make these at their next meeting in December.

The Extension Group have their plans completed for the Christmas workshop to be held at Smith Hall Tuesday, Nov. 10 from 1 to 9 p.m.

MRS GLENN Emmons read an item on the 50th anniversary of the Michigan Extension Home-maker. The National Extension Home-maker Council meeting was held in Honolulu, Hawaii the week of Oct. 26.

The commemoration postage stamp honoring homemakers was issued Oct. 26. The work to get this stamp was submitted by Mrs C. P. Moore of Bardstow, Ky. It took Mrs Moore, seven years, to make the idea a reality.

The group made place mats under the direction of Mrs Arthur Workman from contact paper.

A new member, Mrs Irene Beaman was added to the roll call.

The next meeting will be Dec. 7 at the home of Mrs Keith Rosekrans. This will be a Christmas meeting.

### Mission Sunday set by Lutheran Church

Special emphasis will be placed on mission work at St. John's Lutheran Church through the coming month with Sunday, Nov. 8, designated as Mission Sunday for the annual in gathering. It is to help achieve the goals set in the Faith Forward program of the Lutheran Church, Missouri Synod.

The Youth Group of the local church will hold a chili supper that evening with serving from 5 to 7 p.m.

On Tuesday, Nov. 10, the Lutheran Women's Missionary League will meet at 8 p.m. in the church basement for mission study and to prepare clothing for shipment to the mission stations in the highlands of New Guinea.

Mission materials and information have been mailed to each member of the congregation and other pamphlets for reading and study will be available at the church.

## St Johns resident honored at dinner

A St. Johns resident was honored at a retirement dinner Tuesday, Oct. 20 at the Masonic Temple.

Mr Rolan Sleight, district manager for the State Farm Insurance Co. will retire on Dec. 31 after 38 years of service. Entering the company in 1926, the same time that the company started in the state, Sleight is considered to be one of its pioneers.

IN ADDITION to being the last of the pioneers to retire, he received commendation for an outstanding record.

For 35 of his 38 years with the company, Sleight has been a district manager. As district manager he maintained a record during the past several years of being in the top 10 in the nation, among managers, for production.

The dinner, in his honor which was given by agents of this district was attended by 195 persons including agents, his family and members of the community. Sleight is active in the Congregational Church and is vice president of the Lions.

PRECEDING the 6:30 p.m. dinner was a coffee hour. Among the speakers were: Merritt C. Ackland from the home office in Bloomington, Ill.; L. V. Gage, agency supervisor from Marshall; Ray Weber, regional deputy vice president from Marshall; and Ted Alberts, agency manager from Detroit.

George Keaty, agency manager from Detroit presented Sleight and his wife a sterling silver

### Richard Miller guest speaker at WCTU meet

Annual Convention of the sixth district Womens Christian Temperance Union was held in First Methodist Church Oct. 29-30. Counties included are Clinton, Ingham, Eaton and Jackson.

THURSDAY evening the executive board meeting was held at Walker's Cafe, preceded by a dinner.

Friday morning was registration, pledge to flags, song service, devotions, adoption of program, welcome to St. Johns Union, response by Eaton Union, roll call and reports of general officers and county presidents.

FRIDAY afternoon session opened with a song service followed by a memorial service for members who had died during the past year. It was conducted by Mrs Gordon Salisbury of St. Johns Union.

Report of state convention which was held at Niles was given by Donnah Hampton. Roll call and reports of directors and branch secretaries followed.

Friday evening service opened with a song service, conducted by Mrs Van Wagnen. Special music and two hymns were given by Rev Mrs Lillian Sanders.

GUEST speaker for the evening was Richard Miller from the Michigan Temperance Foundation who gave some ideas on how Christian Temperance people should conduct themselves as only about 15 per cent of the children are attending any church service.

He passed out a special election report and other literature related to his work before giving the benediction.

PHILIP A. HART

### Hart victor in US Senate race

Mrs Elly Peterson (R) of Charlotte conceded her defeat early Wednesday for the US Senate post held by incumbent Democrat Philip A. Hart of Mackinac Island.

Hart's majorities in the populous southeastern section of the state were too much for Mrs Peterson to overcome.

Elly is the first Michigan woman to compete as a major party candidate for the US Senate. Her well-organized campaign was handled largely by women and she had the support of many women's political groups in the state.

### Liquor wins in St. Johns and Bingham

Liquor-by-the-glass will be allowed in the city of St. Johns and in Bingham Township as a result of voting Tuesday, but similar measures failed to pass in Bath and Olive Townships.

St. Johns voters, after turning the proposal down several times in the past, passed the liquor measure by 224 votes. The vote was 928 in favor and 704 against and the margin was almost equal in both precincts.

IN BINGHAM the proposal barely passed. The vote there was 271 in favor and 266 against it.

Bath voters were emphatic in turning down liquor-by-the-glass in that township. The vote was 579 in favor and 1,126 against it.

The precise vote in Olive was not reported at press time Wednesday, but the proposal was defeated.

CHARLES COLETTA

### Coletta wins for city post

Incumbent St. Johns City Commissioner Charles Coletta was an easy winner for re-election in Tuesday's voting here. Coletta was opposed on the nonpartisan city ballot by Richard G. Tommeyer, local gas station operator.

Coletta is associated with Sealed Power Corp. in St. Johns and will serve another six-year term on the City Commission.

In Tuesday's balloting he was favored by 1,366 voters. Tommeyer's total was 625.

### Fined for speeding 120 miles an hour

LeMoine Whitbeck, 34, of 1400 Robertson, Lansing, was fined \$100 and \$19.30 costs—the maximum—for speeding at 120 miles an hour in a 55 mph zone Oct. 22. Whitbeck was fined Monday by Justice of the Peace Robert Wood, who also put him on one year's probation. He was arrested Oct. 22 at 12:50 a.m. on US -27 in Greenbush Township.

HOW THE children are selected for and taught within the special education program was explained by the diagnostician, Ramon Chantz, and the teachers, Vera Austin in lower elementary, Helen Post in later elementary, Dorothy Welch in junior high, Wayne Roszman in high school and Janice Maier in Type B.

SENIOR CITIZENS' bazaar, baked goods and home-made candy sale, Friday, Nov. 6. Also will serve barbecues, doughnuts, coffee and sweet cider. The lunch will be served all day at Drop-In Center, St. Johns. 28-1

Voters Wait Their Turn in St. Johns

The voting line Tuesday in St. Johns was never shorter than this, backed up outside the Municipal Building. Voting was described as heavy, and in practically all cases, voters stood in line for about an hour before being able to exercise their privilege. This group went to the polls about 9 a.m.

## Details of special education program told to city parents

The special education program of St. Johns Public Schools was described in detail at a recent meeting of interested parents in Central School.

Walter Nickel, Central School principal, discussed the meaning of special education for the children. He described how the "slow-learner" experiences defeat and discouragement in the regular classroom. Formerly kept in a grade until he could pass, older and larger than his classmates such a child became self-conscious, thought of himself as a failure, disliked school and quit as soon as he could. This is no longer necessary.

HOW THE children are selected for and taught within the special education program was explained by the diagnostician, Ramon Chantz, and the teachers, Vera Austin in lower elementary, Helen Post in later elementary, Dorothy Welch in junior high, Wayne Roszman in high school and Janice Maier in Type B.

By the time a child has repeated first grade a teacher can usually tell whether he needs a special program. The teacher refers the child to the diagnostician who administers tests to find out just what he can do and get some ideas as to what help he may need. On the basis of these tests the child may be referred to the Child Guidance Clinic or other agency if this is what will help him most.

HE MAY BE referred to the visiting teacher for help with possible emotional problems. To

qualify for placement in special education the child must be certified by the diagnostician. A screening committee, composed of persons in the school who know the child meets to plan his educational program and/or placement.

This may include referral to the visiting teacher and placement in the Type A program, or referral to the Type C consultant who provides academic help while the child remains in the regular classroom.

IN DISCUSSING their particular programs each teacher stressed the importance of beginning with each child at the level where he is able to learn.

Many children come into the program feeling defeated. A teacher may spend the first few weeks or months merely helping them find out there are things they can do. The importance of liking oneself or feeling important and useful was brought out by several. One who doesn't like himself won't like other people either and won't do anything well. That the children begin to succeed and become happy was verified by several parents present.

THE CHILDREN experience a program as near as possible to that of their agemates in the regular program. The lower elementary room remains pretty much together. Upper elementary and junior high have art, music and gym with other classrooms. The high school students are able to

take regular classes according to their interests and abilities.

Mrs Maier explained how her Type B program was very different from Type A. The latter are "slow learners" while the children in Type B are seriously retarded. These children will not be able to hold a job as well as those in Type A, but will need a sheltered workshop when they reach adult age. However they can learn to get along socially. Every minute in school is made a learning situation for these children, even such routine activities as passing out cups and standing in line.

WHILE IT is not usual, it sometimes happens that a child can move from Type B into Type A and from Type A into the regular classroom. The children are re-evaluated and periodically placement may be changed on the basis of this evaluation.

### Pays with money, time for speeding

Ralph F. Householder, 24, of Charlotte lost some money and some freedom last week after being found guilty of speeding in Watertown Township last Thursday.

Householder was arrested by State Police, Justice of the Peace W. C. Nicholas fined him \$100, assessed costs of \$19.90 and ordered him to jail for 10 days.

### Kitchen Hints

Here are a few hints to make work around the kitchen easier:

Try baking bread in a three-pound shortening can or a large juice can. Fill the container about one-quarter full; bake at 375 degrees for 35-40 minutes. The loaves are nice and round and the slices are just the right size for the toaster.

You'll have no tears and hardly any odor on your hands if you use this method of peeling and cutting onions. Do not cut through the root end of the onion—just trim the outer layer down, then slice onion to within 1/2-inch of the root base.

When making drop cookies, butter the bottom of a tumbler, dip it in granulated sugar for each cookie, then use it to press cookies flat. Baked, the cookies are more uniform and the sugar gives a party touch.

### Driver fined \$90 after crash

Forrest L. Basore, 21, of 600 Chadwick, DeWitt, escaped with bruises when his car went out of control and rolled over on US-27 three-quarters of a mile south of St. Johns early Friday morning.

He was reportedly going south on US-27 and swerved from the right lane in front of a car that was about to pass him. He went on into the left lane, then off onto the median, hit a culvert and rolled over.

Deputy Sheriffs Stanley Kajdas and Ramon Terpening ticketed Basore for driving under the influence of liquor. Justice of the Peace Robert Wood fined him \$75 and \$15 costs, with the alternative being 45 days in jail. He was still there Monday.

### 1 driver cut in 2-car crash

One driver reportedly suffered cuts in a two-car accident Friday evening on US-27 at Price Road. He was Ray F. Pline, 17, of R-6, St. Johns.

The other car involved was driven by Kenneth R. Feldpausch, 34, of Fowler and it carried Marie Feldpausch, 34, Beth Ann, 10, Ellen Sue 6 and Terry Feldpausch 8. No one was hurt in the second car.

ACCORDING TO Deputy Sheriff Fred Corson, Pline stopped at US-27 while driving west on Price, but then thought he had time to cross the highway. Feldpausch's northbound car hit Pline's in the left rear.

Pline was ticketed for failure to yield the right-of-way.

### Donation announced by VFW Auxiliary

FWLER—The regular meeting of the Ladies Auxiliary to VFW Post No. 3733 was held on Wednesday, Oct. 28.

A new member, Mrs Dick Pung of St. Johns, was welcomed to the Auxiliary.

Mrs Joe Fox was drawn for the purse of money but she was absent.

A profit was made by the auxiliary from the recent social party. The door prize, a radio was won by Mrs Mayme Whittaker of Fowler.

A donation was made to the Christmas Seal Campaign.

The next meeting will be held on Wednesday, Nov. 25. Mrs Leonard Thelen and Mrs Clare Snyder will furnish the lunch. In charge of entertainment will be Mrs Maynard Nobach and Mrs Carl Feldpausch.

### Reject road tax

Bingham Township voters Tuesday turned down by a decisive margin a proposal for a one-mill tax for one year for township road purposes. The vote was 163 in favor of the new tax and 347 against it.

### Teacher-parent conferences planned

St. Johns Public Schools will observe American Education Week with open house programs and parent conferences next week.

High School Principal B. Stanley Pocus said all parents are invited to open house and conferences with teachers on Monday and Tuesday, Nov. 9 and 10. Parents whose last names begin with A through L are requested to come on Monday evening, while those in the M through Z group should come on Tuesday evening.

POCUS emphasized that if it is impossible to come as requested, parents may come either night. Teachers will be in their rooms beginning at 7:30 to confer with parents.

Letters and appointment times are going out this week to all elementary school parents for conferences with elementary

teachers on Tuesday, Wednesday and Thursday afternoons— Nov. 10, 11 and 12. Kindergarten conferences will be held in the mornings as well as afternoons on these days. All other elementary children will attend classes in the mornings only on Tuesday, Wednesday and Thursday.

JUNIOR High School parent conferences will not be held until the first part of December at the close of the second marking period. However, it is emphasized that junior high parents who wish to see the teachers now are invited to call for appointments with teachers.

### Won't concur on allowing trailer park

The Clinton County Board of Supervisors refused to concur Monday with a recommendation of the zoning commission to allow a mobile home park in a zone D, agriculture, area in Eagle Township.

The property is described as being in the east one-half of the east one-half of the southwest one-quarter of Section 17. The vote was 10-9 against concurring with the recommendation.

THOSE WHO voted against it said they wanted stipulations as to its use to be in writing, to guard against possibilities of a change in policy should new owners take over. Present plans call for its use as a trailer park for retired couples.

A lack of drainage and good roads was also cited as a reason.

SUPERVISORS voting against it were Raymond Mayers of Bengal, John Satterington of Essex, Walter Nobis of Lebanon, Willard Kriebel of Riley, Claude Underhill of Victor, Earnest Carter of Wauertown, Walter Thelen of Westphalia, and Ken Greer, Harold Reed and Charles Coletta of St. Johns.

### Pension limit change made

Good news for long-time disabled workers.

June 30, 1962, was the deadline for filing for disability benefits with disability beginning at anytime since Oct. 1, 1941. A new amendment just signed into law by President Johnson removes the time limit. Anyone who is disabled should check with his local social security office if he has not already done so.

### Senior citizens elect officers, plan for bazaar

About 50 senior citizens were served potluck at their Oct. 27 meeting where plans for the annual bazaar to be held Nov. 6 neared completion.

Articles for Christmas gifts will be displayed. The bazaar will be held at the Drop-In Center on East Railroad Street from 10 a.m. through the evening.

A 10 member board of directors was chosen. Serving a one year term are Clarence Hill, Elzie Kexby, Carmen Tranchell, Ernest Root and Ben Gillison. Those elected for two years are Mike Wesner, Leo Thelen, Herbert Estes Sr., Robert Hathaway and Roy Ormsby. The officers elected for the ensuing year are: Clarence Hill, chairman; Elzie Kexby, co-chairman; Carmen Tranchell, secretary; and Roy Ormsby, treasurer.

MRS MARY Masarik is chairman of the card parties and Mike Wesner is chairman of the dances.

A project intended to give dues-paying senior citizens with time on their hands a chance to earn a few extra dollars has been started. Mrs Ernest Root is in charge of the project which allows the persons to do light manufacturing.

The next meeting will be held at the VFW Hall on Nov. 10.

### Japanese beetle hotspot

With the exception of a hotspot in the Battle Creek area, the incidence of Japanese beetles in Michigan is the lightest in many years. This is disclosed by a recent tabulation on the beetle trapping program throughout the state in which 20,000 traps were used.

are some 90,000 acres infested with Japanese beetles there. THIS SUMMER'S sample trapping of 80,000 acres in southern Monroe and Lenawee counties that were aerially treated with insecticide in 1962 showed the treatment program to have been highly successful. A thousand traps set in the northern part of those two counties showed no extension of infestation.

Only 1,504 acres needed treatment with insecticide in Michigan in as widely scattered areas as Grand Rapids, Ann Arbor, St. Joseph, rural Cass County, and metropolitan Detroit. But in the Battle Creek area it is different. With the city as the hub, there

The infestation in and around Battle Creek is being studied carefully in anticipation of a

control program this fall. Such programs are a joint effort between the Michigan Department of Agriculture's Plant Industry Division and the USDA's Plant Pest Control Division.

UNDER consideration is the use of helicopters in non-populated places applying 10 per cent dieldrin pellets at the rate of 20 pounds per acre. Aerial treatment is about 2 1/2 times less costly than treatment using ground crews. Last fall and this spring ground crews were used exclusively because of the danger of surface water contamination or the presence of dwellings.

Witches, Goblins Bowl Too, You Know

One of the most frightening things that happened at the Redwing Bowling Lanes in a long time was the arrival last Wednesday night of these five bowlers. They were dressed fit to kill, but they didn't, and they shed part of the Halloween disguise when they bowled. Left to right, we think, are Wilma Nickelson, Rosie Patterson, Ann Hatta and Shirley Bailey of Allaby's, and Louise Fernholz of Peterson's Shell. They bowled in the Ten Pin Keglers League.

### Auto swerves to miss another

A Whittemore, Mich. woman was ticketed for failure to have her car under control Saturday after a crash on US-27 south of Clinton Avenue.

She was Tempa A. Knowles, 48, of Whittemore. She was going north on US-27. When she attempted to make a left turn, she lost control of the car, which went back into the outside lane.

Another car driven by Eva Lorraine Hampton, 55 of Big Rapids, was passing at the time, and she had to swerve into the ditch to avoid a crash.

It's impossible to find a good substitute for reliability.

### Lack of Courtesy; Loss of Hunting

These two hunters are only hurting their own sport by sneaking onto a farmer's back forty. Chances are, they would have gotten the farmer's go-ahead to hunt on his lands if they had asked for it. Instead, their lack of common courtesy will probably cause him to tack up "No Hunting" signs. Actually, under the state's Horton Trespass Law, the farmer does not have to post his property to protect his interests. This law, backed by a possible \$50 fine and court costs for the first offense, provides that hunters are in trespass any time they enter farm lands without permission of the owner--signs or no signs. Also, the landowner's rights extend to the middle of roadways bounding his property, giving him control over "road-hunting." Conservation officers do not have the authority to drive hunters off private lands, but they will help the farmer get the violators' names and addresses if he knows their back-tag numbers. In practice, it requires the hunter to do the "right" thing and thus encourages the farmer to keep his lands open to public shooting. --Mich. Dept. of Conservation

### BOWLING St. Johns Area Leagues

This is the activity on area bowling alleys reported during the last week:

Flo Lawrence of the Rose Johnson team fired a 190 game and a 483 series in the Westphalia Woman's League, and Mary Ann Fedewa of Fedewa Builders converted a 6-7-10 split. The Rose Johnson team, which is tied for first place with Frankmuth Beer, had the high team game and series with 805 and 2233.

THE BOWLETTES still hold the Coffee Cup League lead, and they had a 1521 team series last week. The Hillbilly 4 had the best single game with a 563 score. Doris King rolled a 187 game and a 527 series.

The Five Mrs are leading the Tea Time League and had a high series last week of 2193. Rose Ritter of Neller's Five Pins had a 522 series and a 227 game. Her average is 134. Her scores helped her team have the high game of 774 and kept them in second place in the league. Lillian Tiedt had a 508 series. Agatha Mankey picked up a 3-6-7 split.

THE 4 K's TEAM took top honors in the Industrial Mixed League Friday night with scores of 682 and 1925 for high game and series. Dick Kuhns rolled 209-565, high for the men, while Harriett Cornwell had a 174 for high single game and Ethel Kuhns 437 for high series for the women. Gordon Ripple had a 203 game. The league race remains tight, with only seven points separating the first six teams.

Beck's Farm Market and Bled Oil are tied for first in the Night Hawk League. Bled's had the best game, 833, and Beck's had the best series, 2391, last Tuesday.

day. J. McKay rolled a 225 game, and J. Greer had a 560 series. Other 200 games included L. Sillm 204, J. Greer 203 and H. Howard 201.

THE CENTERLINERS have the edge in a close Mixed League race. Guy's Sunoco, the second place team, had a 656 game and a 1901 series to set the pace Saturday. For the men, Richard Zapoli had a 207 game, and Joe Greer a 589 series. Norrine Penix set the pace for the women with a 198 game and a 515 series. Joe Greer and Bill Kolehmainen each had a 201 game.

Terry Masarik had a 194 game and a 470 series in the Junior High League. High team game went to the Rolling Stones with a 593 score, and the Fearless Four had a 1657 series. The Alley Cats hold first place with an 11-1 record.

CLINTON NATIONAL Bank has a one-game lead in the Ten Pin Keglers League after last Wednesday. Carling's had the high game and series that night with scores of 799 and 2184. Ron Feldpausch rolled a 199 high game, and Jan Tiedt had a 497 series. Cecile Ritz picked up the 4-7-10 split.

Eberhard's and Hettler's are locked in a tie for first place in the First Nighter's League after Monday. Heathman's tied for second, had the best team game, a 755, while Hettler's had the best series score, 2129. Carlene Eaton had a 197 game, and Lois Hettler's 537 series was tops. Lorna Hopp had a 503 series.

STROHS IS ON TOP of the Capitol League with a 27-9 record, no doubt helped by their 932 high game and 2714 high series Monday night. Al Tiedt had the high individual game and series with scores of 238 and 611.

Beechler's rolled an 888 game and Bashore's a 2554 series last Wednesday in the Industrial League. Roy Ebert had the best game, a 205, and the best series, a 593.

MOBIL GAS, the Twin City League leader, had a team effort of 877 and 2547 in play last Wednesday. Bill Nelson rolled a 237, and Paul Pung had a 577 series. Other 200 games were rolled by Robert Lublon 218, Wayne Rosow 212, Bruce Woodbury 200 and Paul Pung 202.

Rhyndard's had a 1001 team game last Thursday in the City Classic League, and this helped them get a 2728 high series for the night. Nick Koenigsnecht had a 230 high individual game, and John Spousta rolled a 602 series. 7-Up leads Dean's Hardware by one game.

A & M's IS setting the pace in the Kings and Queens League. They have a three-game lead over the Fearless Four as of Sunday. The Pinbusters had the best game of the day, 617, and L & S's had the best series, 1744. For the women, Doris Swanson had a 191 game and a 461 high series. For the men, Dan Puetz rolled a 198 high game, and Keith Penix had a 523 series.

Too often a man's reputation is injured by his character.

### Local PP&K winners lose in zone competition

St. Johns youngsters who won the local Punt, Pass and Kick competition didn't fare so well when their scores were compared to others in the zone.

The closest any St. Johns boy came to winning was in the eight-year-old group. Brian McCarthy scored 99 points to win the competition here, but the zone winner from Williamston had 142.5 points.

HERE'S HOW the other scores compared:

Nine year-olds, Robert Spencer, 139.5; winner from Corunna with 186 points. Ten-year-olds, Ken Schueller, 150.5; winner from East Lansing with 214 points. Eleven-year-olds, Gregory Lounds, 188.5; winner from Williamston with 232.5 points. Twelve-year-olds, Dean Eisler, 212.5, winner from Perry with 266 points. Thirteen-year-olds, Mike Rasdale 220; winner from Owosso with 328.5 points.

THE ZONE winners competed with others Saturday in district competition at Michigan State University.

Bruce Fowler of Egan Ford Sales, Inc., director of the Punt, Pass and Kick program here, urged boys to keep the program in mind for next year and to practice to better their score then.

### Sober leads Bath to 25-0 win

PEWAMO - WESTPHALIA — Quarterback Jim Sober of Bath sparked the Bees to a 25-0 win over Pewamo-Westphalia Friday night. It was Bath's fourth win of the year (they're 4-3), and the Pirates are now 1-6.

Sober ran for two touchdowns, passed for another and scored an extra point to lead the Bees attack. He ran seven yards for one in the first quarter, passed 35 yards to Art Six in the second quarter and ran 10 yards for a touchdown in the third period.

Chet McGonigal scored the other Bath touchdown on a six-yard run after Art Six had returned an intercepted pass 35 yards to the Pewamo-Westphalia six.

### Fowler thumps Webberville

WEBBERVILLE —The Fowler Eagles wound up their Central Michigan D Conference play Friday night with 31-12 victory over Webberville.

Fowler finished second in the league with a 3-1 conference record. Potterville won the loop title with a 4-0 mark. Fowler is now 3-4 for the season.

HALFBACK JON Thelen scored three touchdowns to pace the Eagles over Webberville. They came on runs of 78 and 65 yards and on a 65-yard pass play. They were Thelen's eighth, ninth and 10th touchdowns of the year.

Paul Hufnagel, who passed to Thelen for one TD, scored the first touchdown with a one-yard sneak. After Bruce Thelen converted, Webberville roared back to within one point when Rick Teague scored on a 50-yard punt return.

THELEN'S THREE touchdowns broke the game wide open. The finale Eagle TD came on an intercepted pass by Frank Witgen who returned it 13 yards.

Teague tossed for 35 yards to Ron Hoag for Webberville's final touchdown.

While game officials signal a touchdown and Lakewood players grimace at the news, St. Johns quarterback Gene Rademacher lies beneath the pile of red-shirted players at the right. Rademacher sneaked in for the touchdown from the two-yard line in the third quarter. St. Johns players are Don Hungerford (63), Ted Rahl (51) and Ken Love (53). Dejected Lakewood players are Mike Scobey (88) and John Eldridge (31). With the touchdown, St. Johns won 12-7.

# 12-7 win at Lakewood pulls Wings within game of title

If any team is going to overtake the St. Johns Redwings for the West Central Conference championship, it'll have to be Ionia this Friday. And their chances are pretty slim.

Lakewood had the best shot at St. Johns in a month last Friday night, but the Redwings' poise and aggressiveness gave them a hard-earned 12-7 win over the Vikings.

ST. JOHNS is now 6-0 in league play. By winning last week, the Redwings clinched at least a tie for the championship, a condition in which they finished the year last season with Grand Ledge. Another victory this Friday at St. Johns would give them the title outright.

JOHN SICKLES

up the middle to the 2. Rademacher then sneaked over to make the score 12-7. Hamer's conversion kick was again wide.

ON THEIR next series of plays, St. Johns seriously threatened to add some insurance to their shaky lead. Hill, Vitek, Rademacher and Sickles carried to the 11, but a penalty and fumble set the Wings back to the 26.

Three points would have sewed the game up, so Al Werbish attempted a field goal from the 30. It was no good, and he also missed a second chance a minute later after Lakewood was penalized. The kicks, had either been good, would have been tremendous boots for high school games, because the goal posts are 10 yards behind the goal line.

defense was at its sharpest. A screen pass failed for Lakewood, and then Jim Pope blasted into the backfield to bat down another Viking pass. A running play gained only three yards, and on fourth down, Rademacher beautifully broke up another pass with a perfectly timed tackle.

ST. JOHNS took over and ran the clock out.

Sickles, who was a bear on defense, had his best night on offense, too. He carried nine times for 57 yards. Lee Hill ran nine times for 37 yards and Sirrine four times for seven yards.

Rademacher carried the ball more times than anyone, 14, and he picked up 20 yards and one touchdown.

JOHN VITEK picked up 70 yards rushing in 12 carries, and is now less than 30 yards from a mile of rushing in his high school varsity career.

Ionia, this week's competition for St. Johns, has a 4-3 record so far, and they're fresh from a 41-27 beating of Alma last week. They have won four out of their last five games. This will be Ionia's final game of the year.

Win No. 6 (seventh for the season) was not an easy one. Lakewood, playing at the Sunfield foot-

usual sterling game at fullback, recovered one fumble and broke up a fourth period Lakewood drive with a jarring tackle that caused another one. Gary Becker recovered it.

It was a St. Johns fumble that led to Lakewood's only touchdown. The Vikings took the opening kickoff but couldn't move and they punted. Lee Hill dropped the punt and Lakewood recovered on the St. Johns 30.

FIVE PLAYS carried to the one yard line, and John Eldridge bucked over for the touchdown. LaVon Hamp kicked the extra point to make it 7-0 Lakewood.

St. Johns scored on the next series of plays. The drive started on the St. Johns 27, and with quarterback Gene Rademacher, halfbacks Dave DeGeer and Bill Sirrine, and fullbacks Sickles and John Vitek carrying, St. Johns moved to the Lakewood 25 at the end of the quarter.

END BOB Krumm caught a pass en route, and it was a Rademacher pass to end Al Werbish that got the touchdown. It came on the second play of the second quarter from the 19 yards line. Rademacher hit Werbish on the 10, and he outran two defenders down the sideline. Dave Hamer's attempt to kick the extra point was wide.

Competition for the rest of the half was near midfield, and St. Johns left the field for the intermission trailing 7-6.

THEY WEREN'T behind for long, however. Taking the second half kickoff on the 15, Lee Hill returned it to the 39, and the Redwings were on their way to the winning touchdown. A variety of running plays and a quick pass to Werbish carried the ball to the 27 where Lakewood stiffened.

But on a fourth and seven situation, Vitek carried on a sweep of right end for a first down to the 14. Two plays put the ball on the 11, and then Sickles blasted

ball field, was aroused for the game, and they were within range of winning the game until it was all over.

THOUGH THEY were not able to punch over a comfortable number of touchdowns, the Redwings dominated all the other statistics.

The defense was particularly impressive in the important second half. Lakewood gained only seven net yards on the ground and 33 yards in the air. The passing yardage came on one pass which Redwing Coach Bill Smiley said was definitely illegal.

## Gabriels game date changed

Because of a mix-up in the schedules, the St. Johns-Gabriels football game will be played Saturday night, Nov. 14, instead of Friday, Nov. 13 as previously announced. The game is at Gabriels.

## Boyce leads JVs to 21-0 win

By GARY BECKER  
The Junior Redwings of St. Johns High School dumped the Lakewood Junior Varsity 21-0 Thursday night on the St. Johns field.

St. Johns drew blood early when Bob Showers recovered a fumble on Lakewood's 20-yard line. Two plays later Gary Boyce broke through the center of Lakewood's line for 15 yards and a touchdown. He also converted to make the score 7-0.

IN THE second quarter after a sustained drive, Boyce went 15 yards for the second score and again converted, giving the Wings a 14-0 halftime lead.

The St. Johns JVs received to start the second half, and on the second play from scrimmage Randy Humphrey ran 55 yards for the final touchdown. Boyce converted.

MIDWAY in the fourth quarter Boyce on fourth down did something very unusual for high school football by getting off a 65-yard punt.

The Wings' defense was led by hard-hitting Gary Slim who set a new junior varsity record for most tackles with 15. Showers was right behind him with a blocked punt, a fumble recovery and 10 tackles.

## Ovid surprises Portland 14-0 to stay in 'C' race

OVID—The Ovid Romans tossed Portland out of the Central Michigan C race Friday night with a 14-0 surprise win over the Raiders.

Portland never got beyond Ovid's 31-yard line, and in the second half they got but one first down.

necessary, and Frank Gazda scored from the one-yard line. Bob Gazda scored the extra point.

OVID OUTPLAYED Portland in most other statistical categories, too. The Romans picked up 12 first downs, and Portland got 7. Ovid rushed for 186 yards, while Portland ran for 67 and passed successfully four times for 10 yards.

OVID SCORED first late in the first period, with Frank Gazda getting the touchdown from the third yard line and scoring the point after touchdown. The score came in 15 plays that covered 64 yards.

A recovered fumble on the Portland 35 set up the second touchdown. Eleven plays were

Until two weeks ago, Portland was rated best in the state. Elsie dumped them 13-12 on Oct. 23, and last Friday Ovid, too, turned the trick.

OVID'S VICTORY leaves them with a slim outside chance to share the league title with Elsie, but Elsie would have to be upset this week by Laingsburg.

The Gazda brothers combined to do all the scoring Friday, but Coach Larry Essenmacher called the victory a "tremendous team effort, both on offense and defense."

## Laingsburg wins 1st, beats DeWitt

DeWITT—Laingsburg scored only one touchdown Friday night but it was enough to beat DeWitt 6-0 in a battle of winless teams.

Laingsburg is now 1-6 for the year and DeWitt is 0-6-1.

A DISPUTED pass to Dennis Shaw kept a 75-yard touchdown drive going for Laingsburg, and fullback Jim Swarthout dove the last two yards for the touchdown.

DeWitt threatened twice in the game, but could not score.

## Elsie whips Perry 45-6 to clinch 'C' tie

ELSIE —The Elsie Big Reds overwhelmed Perry 45-6 Friday night before a good homecoming crowd to assure them of at least a tie in the Central Michigan C conference race.

Elsie has one more league game this Friday at Laingsburg. Elsie is now 7-0 for the year, and Laingsburg is 1-6. If the Big Reds win, they will have won the conference title.

ELSIE SCORED in every quarter Friday night, and in convincing style. Tom Ebert ran 24 yards around end for the first touchdown to climax a 70-yard drive. Jim Horak scored again in the first quarter with a 33-yard dash around end, and Joe Guysky scored the extra point.

Horak tallied again in the second quarter with a three-yard run at the end of a 67-yard drive by the Big Reds.

PERRY SCORED their only touchdown in the second quarter when Mike Beamish ran around end for 13 yards. The extra point was no good, and Elsie led 19-6 at the half.

Two Perry fumbles at the start of the second half set up two Elsie touchdowns. Ron Bush recovered the first one on the Perry 25, and a few plays later Ebert went in for the touchdown on the 2-yard line.

THEN R. J. JONES recovered another Perry fumble on the 29, and Elsie moved in again. Gary Bashore scored this time with a 12-yard run off tackle, and Ebert added the extra point.

In the fourth quarter, Ebert scored his third touchdown from the three-yard line after an Elsie drive of 67 yards. L. D. Jones ran the extra point.

Before the game was over, Horak added his third touchdown with a 35-yard pass interception run.

TOM MICKA, Jack Loynes and Mike Cole were outstanding on defense and contributed to an Elsie goal-line stand late in the first half when Perry was stopped on the one-yard line.

L. D. Jones, a 180-pound freshman, booted three kickoffs 60 yards to the end zone.

ELSIE PICKED up 15 first downs to Perry's 9. Elsie rushed for 326 yards and passed for 2, while Perry rushed for 106 yards and passed for 38.

## Hits tie-breaker on button to win contest's \$20

Jimmy Henry of Maple Rapids hit the tie-breaker score right on the button last week and won \$20 in the Clinton County News Football Contest.

Jimmy is only 10 years old, and he's entered every contest this year. He is the son of Mr and Mrs Kenneth Henry of 535 S. Oak Street, Maple Rapids. His mother said he's come close to winning on several other occasions this year.

He missed on only two of 20 choices, but it took his tie-breaker score to separate him from nine others who also missed only two games.

HE MADE wrong choices on the Ovid-Portland game and the Texas Christian-Baylor game. Ovid's victory certainly was an upset, and only 22 of the entries in the contest had Ovid as the winner.

THIS WEEK'S football contest is on Page 5, Section B. There are only two more this year, so be sure to enter now. A check for \$20 awaits the winner each week.

### TODAY'S Meditation

from The World's Most Widely Used Devotional Guide

Read Genesis 47:7-12  
Luke 18:10-14  
God be merciful to me a sinner. (Luke 18:13)

A MAN STARTED me to thinking when he said, "If I could just live my life over." This is the way many of us express regret for the way we have spent—or misspent—our lives.

We feel that if we could live them over, we would make more friends, or we would get more education, or we would give more attention to the church and to other things that really count.

This sounds good. But instead of sentimentalizing over what we would do if we had the chance to go back over our lives, you and I should give thought to what we can do with the rest of life.

WE DO NOT have to live life over to do some of the things we say we would do if we had the chance. We can do something right now that is in line with what we say we wish we had done.

By making the decision to put the rest of life in the hands of Christ, we shall find that the remaining years, with His help, can be the best.

PRAYER: Our Father, help us to see that looking back and fretting over the past will bring us nothing but regret. Give us the strength and courage to look into the future and to act by accepting Christ as our Saviour and serving Thee. We pray in the name of our Master, who taught us to pray, "Our Father who art in heaven . . . Amen."

THOUGHT FOR THE DAY: The life linked to God is the life that counts. —Cyril M. Jackson (Illinois)

Shining Steel  
Small appliances add extra dimensions to your kitchen, and the newest stainless steel electric skillets are a cook's delight and require minimum care.

You should read and follow the manufacturers instructions before you use a new appliance. As for keeping the appliance in good shape, try this:

Wash skillet with soap or detergent and hot water after each use. If the appliance is immersible, soak it in sudsy water for thorough cleaning. But do not immerse the electrical control—just wipe it clean with a damp sponge or cloth.

Use stainless steel wool for stubborn stickiness and do not scrape the spots with a knife. Stainless steel appliances should be dried with a soft cloth; allowing them to dry on the drainboard leaves water spots.

### Flying witch, graveyard scene win painting contest

A picture of a witch flying past the moon and over a graveyard won the first place award for three girls in the annual Halloween window painting contest sponsored by St. Johns Business Unlimited.

MRS JUDITH Taran, art teacher at Central School, was in charge of the project from the school side. Mrs Lester Lake was chairman of judging, and she was assisted by Margaret Anderson, Mrs Margaret Hart and Mrs Thelma Jenkins.

Bob Miller, who headed up arrangements for Business Unlimited, said there were not as many entries this year because the scope of the contest had been cut down to include just junior high school. In previous years high school students also entered.

ALL WINNERS in the contest were to be guests of St. Johns Business Unlimited at its regular monthly meeting Wednesday noon at Walker's Cafe. Prizes of blue, red and white ribbons were awarded at that time.

## Schema will be eventual climax of Council session

(The Most Rev. M. Joseph Green of St. Johns, Auxiliary Bishop of Lansing, is in Vatican City attending the third session of the Ecumenical Council. A series of articles from him will appear in following issues of the Clinton County News.)

During the past week we discussed what has been heralded as the most important topic of the Council—the Schema on "The Church in the Modern World." In many ways the debate lived up to advance expectations.

To set the scene, may I say that this week's discussion was the general consideration of the entire Schema as it had been presented to us by the Commission. The question to be answered was: Is the Schema a suitable basis for further discussion or should it be sent back to the Commission for complete redrafting?

WE DID NOT have to be told that the Church and, in fact, the world which has been following the Council, have been eagerly awaiting the discussion of this Schema. Nor did we have to be told that much—perhaps too much—was expected of this Schema. I dare say all the Fathers of the Council were of a similar mind on these points.

Every Council builds up to a climax. In Vatican I it was the Declaration of Papal Infallibility. In Vatican II popular representations of the Council pictured the "aggiornments" or

### 'Back seat drivers' get green light—sometimes

Cartoons and situation comedies to the contrary, back-seat driving—done intelligently—can be a big help to the actual driver of a car, according to the Automobile Club of Michigan.

"Although back-seat drivers have provided plots for thousands of cartoons through the years, such people can be a real help to the driver if they look upon themselves as a co-pilot," said Ernest P. Davis, director of Auto Club's safety and traffic division.

DAVID cited the following hints on how to be a good automobile "co-pilot":

Never startle the driver. Don't shout "look" to call the driver's attention to a beautiful sunset or some scenic attraction. "As his involuntary reflexes snap his head around at your exclamation," Davis warned, "the car ahead may suddenly slow down or another car may pull out from a side road."

DON'T irritate the driver by constantly pointing out hazards, traffic signs and driving conditions that are perfectly obvious to him. "Unless a real emergency is present," Davis said, "wait a few moments before pointing out that the speed limit has been reduced or that there's a stop sign ahead. You should only sound off if you're reasonably certain that some point has escaped the driver's attention."

Learn to read maps and take the full responsibility, when possible, for navigating on long trips. "Road signs and other pertinent

### 5 Clintonites get 'B' average at CMU

Five Clinton County students at Central Michigan University achieved cumulative averages of B or better for the spring semester 1963-64, the university announced last week.

The Clinton students are: Josephine Ann Clise, a freshman from Bath, Diane Joy Avery, a senior from Eagle; Roy A. Koenigskecht, a senior from Fowler; and Mary Renee Kuntz, a freshman, and Bette Louise Walton, a senior, both from St. Johns.

### FINEST • FASTEST 48 HOUR SERVICE

Be helpful. Light the driver's cigarette, tune the radio, unwrap any food in the car. "If a driver tries to do two things at once," warned the Auto Club official, "they may be the last things he ever does."

"Too many people take driving for granted. It's a full-time job for one man, but if the passenger will think of himself as a co-pilot, he will make motoring easier and safer for everyone," Davis added.

## 2 drivers ticketed after collision

Both drivers were ticketed after a minor rear end crash on Clinton Avenue in front of the Clinton National Band and Trust Co. last Wednesday night.

Terry Cornwell, 17, of 106 W. Baldwin, was stopped for traffic and was hit in the rear by another car driven by David G. Kuhns, 21, of R-3, St. Johns.

Cornwell was ticketed for having no driver's license on his person. Kuhns was ticketed for failure to stop in assured clear distance ahead.

## Car backs up, hits another

Noise from the St. Johns leaf picker apparently prevented a driver from hearing the honking of another, and he backed into the other car.

Police said a car driven by Sharon Ann Stone, 28, of 801 E. Baldwin, pulled up to the curb on West Higham Street east of Emmons. Leonard G. Race, 31, of 513 N. Lansing Street, was backing up and backed into Mrs Stone's car.

Race said he did not hear Mrs Stone blow her horn because of noise from the leaf picker.

MSFWC meets in Grand Haven with 125 present

ELSIE— The West Central District of the Michigan State Federation of Women's Clubs was held in Grand Haven Tuesday with 125 representatives from its forty women's clubs.

Following a coffee hour, the women assembled at the First Presbyterian Church for the business session with Mrs Arnold Svebilus of Grand Haven, presiding. Included were reports by presidents of the Clinton, Ionia, Kent, Ottawa, Montcalm and Shiawassee County Federations, Grand Haven, Greenville and Grand Rapids City Federations and Junior Clubs.

MRS JAMES A. Quinn of Rogers City, president of MSFWC, was featured speaker in the morning and used the state theme "May All Be One." Later she met with the club presidents in the church lounge and discussed programs and projects of the state federation.

The luncheon honored the district department and division chairmen. Mrs Robert van Blaricom of Kalamazoo, second vice president of MSFWC, spoke on "Clubwomen, a New Division."

The afternoon session opened with a Memorial Service by the Sparta Woman's Club paying tribute to the departed members for their many years service. Vocal music throughout the day was furnished by Mrs Breece Maddox of Grand Haven.

THREE addresses were given in the afternoon program: "You Be the Judge," by Miss Esther Bain, director of Loch Rio or Girlstown at Belleville; "Education for Freedom and Growth" by Mrs Charles L. Rose of Ewart, first vice president MSFWC; and "Juniors in Review" by Mrs Fridolf Johnson of Grand Rapids, MSFWC Junior Director.

State chairmen within the West Central District, also gave brief reports on State Federation projects, conservation, leadership development, nursing scholarship, family living, safety, and other scholarships.

There was free time for shopping and sight-seeing before the evening program which was held at Win Schuler's Inn at Grand Haven, honoring the state and district officers and past presidents of the district.

Hold open house to honor youth, accomplishments

ELSIE— The opening of American Education Week was observed Monday evening when open house was held at Elsie High School at 8 p.m.

American Education Week has for its purpose this year: "To focus national attention upon schools and colleges, their problems and progress, in the national interest." The importance of young people will be saluted in several different ways this month. This week is also Youth Appreciation Week to show appreciation and honor the accomplishments of youth in the home, school, church and community. opportunity to meet the teachers and visit the classrooms for brief periods during the evening. There were demonstrations, short classes and posted work for inspection.

Teacher and parent conferences will be arranged later. Ted Mead had contacted the teachers in the rural area schools to take part in open house activities according to their own needs.

REFRESHMENTS were served by several room mothers under the direction of Mrs John Hibbler.

Plans for the open house activities were made at the recent executive board meeting with 13 members present and Lyle Acre, vice president presiding. Reports were made by Mrs Jeanne Temple for the Knight Elementary School; Mrs Charlotte Tulloch, High School; and Ted Mead, rural area schools. These reports brought out improvements suggested by other teachers and parents that could better this type of program. It was decided that there would be no December PTA but the executive board would be held Nov. 30 to complete plans for the 1965 programs.

**NEW IDEA CORN PICKERS**

for non-stop picking on either standard or narrow rows. Take your choice of 2-row pull units for big capacity, non-stop picking—standard rows—narrow rows—interchangeable husking beds and cage-type sheller!

That's right. Now you can select a 2-row gathering unit for corn planted in standard rows (36" to 44"), or narrow rows (28" to 36"). To either of these you can add a husking unit or cage-type shelling unit, or interchange the two right on the farm, without special tools. You can harvest "100-plus" yields without stopping.

- New high angled snapping rolls with patented snap bars keep you moving.
- High speed, low angle first elevator with wide, cupped flights moves ears away from the snapping rolls in a hurry.
- The high capacity husking unit delivers clean ears to your wagon and saves shelled corn.
- New Idea's cage-type sheller produces clean, whole kernels.
- Daily lubrication takes only 15 minutes.
- Each of these machines carries New Idea's written full year guarantee.

Elsie EHS celebrates win of homecoming game

ELSIE— The result of Friday night's game between Perry High School and Elsie High School rapidly spread as the team maintained its lead in the Central Michigan Conference. Previous to the big weekend in Elsie, there the preparation and cooperation of many people to make it a success.

There were the regular practices for the Marching Band, majorettes and cheerleaders, the selection of senior boys and girls for the King and Queen's Court and construction of several elaborate floats.

There was the usual pep rally and parade of high school students led by the Band to the Main Street corners. Here they heard remarks from superintendents Robert Beauchamp and Earl Seybert Jr., and Coach Mark O'Donnell. All participated in an exhibition of school yells and songs led by the cheerleaders.

That evening at pre-game time there was a period of mourning as the Elsie Band paid their respect to the late Carl Rudolph Tethal, 15-year-old clarinetist with the band until his fatal illness a few weeks ago. The Band played the "C. R. T. March," an original composition by the director, John W. Beery, written as a tribute to Carl.

HALFTIME festivities were opened by the Band and followed by a parade of floats. First place was awarded to sophomore and junior float that featured a large stork with a poster reading "WE'RE EXPECTING— to beat Perry." An Indian campfire setting with the Big Red and "Let's Cook Perry" received second place for the eighth grade while the FHA girls placed third with their huge black and white-stripped "Kitty" and "Skunk, Perry" with placards showing the winning scores of all Elsie games.

There were other floats, such as, the beautiful one featuring Queen Marsha Smith and her Court composed of Linda Allen, Pat Dennis, Mary Sue Skayrd, Linda Purves and Yvonne Bruystens, a Dutch exchange student who is an honorary member. The freshman float recognized the Perry Ramblers with a battered car body of the same name while the seventh grade used a victory scene with goal posts and a downed player topped by a winning "Big Red."

AN ANTIQUE Roy truck, vintage 1911, driven by Roy Fizzell with its cargo consisting of a 400 pound EHS bell and its bellringer, Superintendent Seybert, led the parade. The bell, bearing the inscription "Made in Philadelphia 1870" was acquired by EHS about 1880, placed in the new high school quarter of a century later and used until 1938. Its whereabouts were unknown for quite some time.

In the future the bell will be mounted and used by the Varsity Club to ring for each touchdown made by Elsie.

The following night, the Homecoming Dance with a Mardi Gras theme closed the festivities at EHS. It was sponsored by the cheerleaders and their coach, Mrs Jerry Beaufore.

The gymnasium was decorated with vari-colored streamers, lights and Japanese lanterns.

"WELCOME TO Alumni" signs and large paper masks decorated the stage curtains while one end of the hall was set aside for Beery's Orchestra, who provided music for dancing.

The large skunk from one of Friday's winning floats centered the dance floor and was tied down by ribbons bearing names of the football players and cheer leaders.

Queen Marsha Smith accompanied by her Court was presented

one dozen red roses. Gary Beshore was crowned King to reign with his Court composed of Mike Cole, Mike Hinkley, Jim Horak and Kurt Coon. Kerry Reed was an honorary member of the court.

Punch was served throughout the evening with Mr and Mrs Lynne Beaufore, Mr and Mrs Leslie Sturgis and Mr and Mrs Lunsford Melvin as chaperones.

Celebrates birthday

ELSIE— Eugene Moore of Ovid celebrated a birthday Thursday. He received birthday cards, a fruit basket, cigars, cigarettes and money.

Among his visitors were William Badelt, Mr and Mrs L. D. Everts and children, who brought a birthday cake and Mrs Al Mitchell and daughters with presents. Later, Mrs Spencer Bartlett came with a movie projector and showed some pictures and Millard McCreery and Ralph Leland arrived to renew old memories. Mr Moore has been confined to his bed for a long time.

Has 88th birthday

ELSIE— Mrs Cora Randall observed her 88th birthday anniversary Sunday with dinner at the home of her son and family, Mr and Mrs Francis Randall in Lansing. In the evening they joined their mother in Elsie along with her other four children for lunch and a birthday cake. Lawrence Randall left Monday for his home in Norway and Mrs Della Dixon to her home at Bear Lake.

## We have faith in good judgment of our people

This is being written and this section of The News will be in print long before the results of Tuesday's nationwide voting have been tabulated.

By the time you read this, the exultant winners will have been determined and the losers will be licking their wounds. Past performance indicates that the American people in general will take the decisions in stride and settle down to work again.

SO . . . OUR congratulations go to the victors and our condolences to those who were unsuccessful at the polls. Both have earned a rest after the arduous campaigning which we have come to require from those who seek political preferment.

Our only regret in the national campaign is the low level to which it descended in the closing weeks. Unfortunately for all of us, personalities clouded the issues and many a thinking voter faced serious problems of conscience in making a choice.

We have faith in the composite judgment of a free people. Their decision Tuesday will be accepted in good grace by losers and winners alike.

## Church guidance proper in social questions

Many church members, and not a few clergymen, believe that the churches ought not to "meddle"—in any specific way, at least—in social questions of the day.

This view is based on the idea that the proper role of the church is to teach doctrine and to exhort the congregation to follow these teachings. The assumption is that if this is done effectively the desired changes in society will come about in due time.

This view, once predominant, has tended in recent years to become more and more a minority concept of the church's function. Leading clergymen have increasingly stressed a belief that it is the church's duty and responsibility to take a stand on important social issues.

MINISTERS IN rising number have been relating fundamentals of their faith to the problems of society. The governing bodies of numerous large denominations have spoken out on pressing questions of our time.

Those who want the church to limit itself to generalized exposition of faith and ethics are not without valid arguments. These arguments are strongly outweighed, however, by arguments in favor of the churches taking a stand on the great questions and calling for action based on religious belief.

There is, and with good reason, a growing conviction among churchmen that if stands are not taken and if action is not proposed the churches' influence in our society will dwindle.

## New Hampshire stakes little help to schools

Most readers are probably yet unaware of the running in New Hampshire of the first legalized sweepstakes in the United States. And naturally so. US laws strictly prohibit the general publication and broadcasting of lottery particulars. The one exception is legitimate "news."

Thus, there was wide publicity of the news of New Hampshire's pioneering of the sweepstakes as a means of increasing revenue for the public schools.

IT IS NEWS, however, that the gross proceeds of the first sweepstakes was about \$5.7 million. After deductions for costs, payments to winning ticketholders, and taxes, the schools netted about \$2.5 million.

This will be distributed on a per-pupil basis among school districts—about \$20 for each pupil, or 5 per cent of the \$400 average expenditure per pupil in New Hampshire.

The sweepstakes, it may be concluded, offers no major solution to a state's revenue problems.

## Getting into Gear for Winter (Footgear)

## RAMBLIN' with Rink

BY LOWELL G. RINKER

Two weeks ago today, almost without realizing what I was doing, I found myself stepping out onto the top of St. Johns' new water tower. The experience was one that might be called a dubious pleasure.

I was accompanied by (or maybe I should say I followed) Rollie Ordway, Roger Kowalski and Ken Greer. Just how our safari to the stars got started I'm not sure. The whole business is a little fuzzy.

APPARENTLY when checking Ken for some news items, I mentioned I still THOUGHT I'd like to take a picture from the water tower. He suggested we drive up to the tower and look over the situation to see if I wanted to go up. The worst part, he said, was the first 50 feet.

Fifty feet didn't sound bad, so the four of us piled into Ken's car, I with my trusty camera, flash pack and flash gun. I had figured on taking flash pictures of the interior of the tank, and exterior pictures from a porthole just below the tank.

OUR SAFARI almost ended when I saw the first 50 feet of ladder. It went straight up the middle of the base, but the angle of the base made it appear as though you had to lean backward going up.

I have never been one to climb ladders, and so I told the others, fine, I've seen the ladder and maybe I'll come back some other day. But Rollie hadn't been up on the tower yet, so he scrambled up the ladder, went up two other flights of ladders and opened a porthole.

This drew Roger up, and then Ken went. When Rollie hollered down 150 feet that I wouldn't need to haul the flash up, I consented to make the flight. I had a creepy feeling, so I crept all the way up. The ladder bounced a bit, but I had no trouble.

AT THE TOP of this ladder, you emerge through a hatch. Then there's a ladder fastened to the inside of the shaft that goes up about 25 feet to another hatch.

Then you switch to the other side of the shaft and climb another 25 feet. On this landing, a porthole looks out toward the hospital and the northeast, and it's a nice view.

THE LAST stage of the trip is through a tube about three feet in diameter through the middle of the water storage tank. The climb is about 50 feet, and when you come out through the hatch, you're 150 feet in the air, with nothing around.

I was going to enjoy the view from the ladder, but Ken, who was still below me, would have nothing of that, so I found myself gingerly creeping out onto the top of the tank.

THERE'S AN area about 10 feet in diameter on the top that's relatively flat. A low railing (six inches high; just enough to trip you) circles this flat area, and this rail is what the painters hung from in doing their work.

Another hatch leads down into the interior of the tank, but we didn't go down.

THE VIEW IN all directions is tremendous. I was a bit uneasy and feeling a little extra puny standing in the open on top of a tall. The tower is built to sway about an inch, and I believe I convinced the others it was this and not my shaking legs that was causing the sway.

I took some pictures, and Ken took one of me so I could prove this was not just a tall tale. With reluctance (ha, ha), we climbed back down, and the adventure was over.

FOR SAFETY'S sake, the tower is kept locked at all times to prevent youngsters from climbing up and possibly killing or seriously injuring themselves.

(The houses in the background in the accompanying picture are on South Swegles Street, southeast of the tower, which is just off Oakland. That's Roger on the left, Ramblin' (Don't-Let-The-Smile-Fool-You) Rink and Rollie. Ken took the picture.)

## ONCE OVER LIGHTLY

### Do you identify this Conservative?

MUCH HAS been made of the direction which American conservatives should take in the light of a conservative's conscience. Here is what his conscience made one great American conservative do. Can you identify the conservative?

He sought to soften discriminatory laws against alien land ownership because he wanted peace between nations.

He tried vigorously to reduce the tariff, because he believed in the movements of goods in world markets. Congress went only partly along with him.

FACED WITH a governmental deficit, he balanced expenses against income. Indeed, until him, the federal government had no budget, so he pointed out that the US was the only large nation operating so loosely, and instituted a de facto budget even before Congress set up a Bureau of the Budget.

He asked Congress to start the process of amending the US Constitution to provide for an income tax, graduated according to a person's income; and a corporation tax, similarly graduated so that the big corporations paid more than the small ones.

HE ASKED Congress to tighten the interstate commerce law. He asked for and obtained the postal savings system. He moved to make employer's liability laws easier to enforce. He asked Congress to establish a national health bureau. He wanted campaign contributions publicized.

He moved to improve conservation practices in America. He asked that federal courts be regulated in their power

to issue injunctions, something labor long had wanted.

He negotiated the first model arbitration treaties with foreign governments and he tried to get a reciprocal trade treaty with Canada but the Canadian Parliament balked.

HE DIRECTED the greatest public works venture the United States ever had engaged in up to that time, one which startled the world for it was done where other venturers had failed.

He moved to break up trusts without harming the innocent stockholders. He was successful, in the main, with the tobacco trust and the oil trust, as well as others less widely known.

He appointed as Chief Justice of the United States a Catholic Democrat, a former Confederate soldier—and the Senate had such confidence in this conservative President and his conscience that ratification came immediately.

HE BACKED two great efforts to unite the nations of the world into organizations designed to preserve world law and order. One of these was the League of Nations, for which he campaigned openly.

Who was he? It may surprise readers who don't know their history to learn that he was William Howard Taft.

The attorney general Taft chose to bust the trusts was George Wickersham, one of America's greatest lawyers. The Chief Justice that Taft named was Edward White.

Fittingly, when White died in 1921, Taft was named Chief Justice of the United States—the only man ever to hold both the Presidency and the office of Chief Justice.

## Those Mail Box Blues

BY W. E. DOBSON

Oh, say can you see  
By the dawn's early light,  
Does our mail box still stand,  
Where we left it last night?  
Though battered and scarred  
Each perilous night,  
Does its anchor still hold?  
Does the box stand upright?  
  
Though steeped in tradition  
Uncle Sam's RFD,  
Is the target of hoodlums,  
Who roam fancy free;  
Though it's sturdy and strong,  
And secured with care  
It won't take forever  
Those "bombs bursting in air."

Oh, give us a mail-box,  
Any size, make, or style,  
Persistent hot-rodders  
Will knock it a mile;  
No matter how far  
Off the highway it leans  
Some jay-bird will blast it,  
To small Smithereens!

Just a line to the carrier  
Who travels route four,—  
If no box is out front,  
We're fresh after more;  
Wherever the last one  
In snow-bank or dust,  
We're stuck with our motto,  
"More boxes to bust!"

Supervisors begin wait to see if they're legal

County boards of supervisors throughout the state have just begun what could be a long wait to determine whether the boards are legally constituted.

A court test of county board apportionment was started in Kent County Circuit Court and has now reached the State Supreme Court. There is every indication it will be carried to the US Supreme Court regardless of the state decision.

KENT CIRCUIT Judge Fred N. Searl ruled in September that the county board in his area was illegally constituted because it failed to reflect the one-man, one-vote factor set down for State Legislatures earlier this year by the US Supreme Court.

Several cases now awaiting decision in the State Supreme Court have been there six months or more. There is no indication this case is being given any preferential treatment in the decision-making process.

OPPONENTS of Searl's ruling, led by County officials, say the population factor does not prevail where county boards are concerned because they are administrative bodies rather than legislative units, as dealt with in the US Supreme Court decision.

The Kent County case could well affect every area where there is a large city accounting for the majority of county population. In most counties of this type, the county boards now have less city members than would be provided under a strict one-man, one-vote basis.

SCHOOLS OF tomorrow, and particularly high schools, may bring even more changes than scientific advances of the past decade have brought.

Summer-long vacations and seven-hour daily sessions very likely will be just a memory, according to two leading Michigan educators.

Michigan State University President John A. Hannah recently called for high school administrators to consider keeping their doors open 12 months a year.

"THE EXCUSES for releasing pupils in the summer months are far less convincing than they were," he said. "And in the light of the amount there is to be taught

and the limited time available it is our duty to ask ourselves if we can still afford the luxury of long, lazy summer vacations." Use of high schools year-round would accomplish little, however, if the extra time was used merely to expedite the completion of high school education at an earlier age, said Hannah.

SUPERINTENDENT of Public Instruction Lynn M. Bartlett predicts that a longer school year and extended daily hours will be an accomplished fact within 10 years and that the extra time will be put to good use.

"There is no question in my mind that in 10 years not only will the school year and the school day be significantly longer than today, but also because of the tremendous increase in knowledge and the ever-growing need for more skills and training, our schools will be open on some basis the year around, perhaps on a 10-to-15-hour daily program," he said.

BARTLETT notes significantly that 25 per cent of Michigan's secondary schools have lengthened the school day since 1958 and 16 per cent of the elementary schools have taken the same step. Nearly 15 per cent of the schools on both levels have already extended the school year to some degree in the same five-year period.

It was evident during the recent campaign that security measures were tightened considerably in the many public appearances of President Johnson around the country.

THE SAME was not true in Michigan, where Gov. George Romney has virtually ignored any attempts to keep state police aides close to him in all public gatherings.

Three state police men are permanently assigned to the governor of Michigan on basically a 24-hour guard. Usually only one, but on infrequent occasions two are with him when he attends public functions.

A SHARP CONTRAST in acceptance of police protection was noted between Romney and his predecessor, John B. Swainson.

Swainson, because of a war in-

jury which required him to wear artificial legs, was glad to have his state police aide and local officers near him constantly to clear his path.

In contrast, Romney is prone to wander into the thick of crowds where it is virtually impossible for one person to stay by his side.

SHOULD A serious threat to Michigan's chief executive arise, it is presumed future governors would be required to accept close security protection in much the same manner as the President of the United States.

Bement Library Book Shelf

By Elizabeth Millman

Charles Chaplin's long-awaited "Autobiography" is now available. Everything in it is fascinating reading: his impoverished boyhood; the London theatre of his early days; the early free-wheeling days of the first movies; his sudden dazzling success as he developed his character in the baggy pants, the too-tight coat and the too-large shoes and the wistful expression, and his friendship with the great figures of the day not only the theatre greats, but also those of the world of literature and government. The character he created made him a fortune in the movies.

HIS PERSONAL life was not so successful, however, and he writes freely of his fall from popular acclaim. His later years have been lived in Switzerland, and his marriage to Oona O'Neill, daughter of playwright Eugene O'Neill has been a happy one. Now the father of a large family, he lives quietly (or as quietly as any one could with a large family).

His story is the story of the growth of the movie industry and he was one of the greatest stars of that star-studded business.

"A LITTLE TO THE East" by Robert Cenedella is a novel dealing with real people. It is the story of a small town lawyer who is defending a man who has pled guilty to first-degree murder. His client's disregard for life and his cynical doubts about life's value shock the lawyer who has known happiness in his own. The book is a dramatic trial novel with a penetrating look at two very different men.

"The Fall of An Eagle" by Jon Cleary is the story of modern Turkey. An Australian woman, archaeologist, an American engineer, and a Turkish man are the chief characters as their lives converge on an arid plain of Turkey during a torrid summer. A very vivid earthquake is a part of the plot which moves rapidly. The book gives a splendid picture of a country that is poised between the modern and the ancient way of life.

LIFE WORLD Library's latest offering is "Australia and New Zealand." The author, Colin MacInnes, is a British essayist who was brought up in Australia. These countries play a large part in the national objectives of the United States in the Pacific areas, and we are important to them. The growing pressures of an aggressive Communist China upon them makes them vulnerable as they are geographically a part of Asia.

COUNTRY FLAVOR

Melody of the teakettle part of great 'Symphony'

HAYDEN PEARSON

There is always background music in man's activities, and part of the Great American Symphony is the soft melody created by the teakettles of yesteryear. When the first settlers made homes along the seacoast, they brought kettles with them from Old World homes.

Research does not reveal whether they had the common, familiar teakettles; but we know that as soon as men discovered bog iron and began to devise iron utensils and equipment, that teakettles were made in the colonies.

ON A FROSTY fall evening half

a century ago, kettles made music on shining, woodburning kitchen stoves. While children studied their lessons around a checkered red and white covered table with an up and down brass-bowled lamp overhead, while mothers sat in favorite rockers and mended and darned, and fathers pored over farm journals and weekly papers, the kettles chuckled and sang above the crackle of solid maple and ash.

There were iron kettles that sat in the rim of the open stove holes; there were copper-bottomed and steel-bottomed kettles that rested on the stove covers.

It was comforting, background music if an autumn gale was banging against the house. It was a soothing hymn of security and peace if the heavens were blazing with stars and an orange moon was sailing serenely among them.

ELECTRICITY, gas and oil have brought their magic to country homes. Rare is the farm home today that burns wood. But there are those who look back through the years to those long ago days on the farm, and who remember the music of the teakettles on woodburning kitchen stoves.

**10 years of research behind Purina Early Weaning Chow**

Purina Early Weaning Chow for baby pigs is extra palatable, highly-fortified, nutritious. It's made for hogmen who plan to wean pigs at 3 weeks... or even earlier. It's used in early weaning of late-farrowed litters, for orphan pigs or undersize pigs at normal weaning age.

In 6 tests on 616 pigs, Early Weaning Chow-fed pigs gained as fast as pigs on sow's milk and creep feed from the 7rd to 6th week—77 lb. per pig daily—made 1 lb. gain from only 1.27 lbs. feed!

In on-the-farm tests, pigs followed the same pattern, weighed 23-33 lbs. at 6 weeks. Cost per lb. of gain on good pigs raised under good management ranged from 12c to 14c.

**Grange OKs 18 resolutions submitted by Cressman**

The agriculture committee report to the State Grange's 91st annual session at Hastings Oct. 23 was submitted by Almond Cressman of rural St. Johns, chairman of the committee.

Eighteen resolutions submitted to the general membership by the committee were adopted in full. Following is a synopsis of these resolutions.

THE GRANGE favors retaining the Michigan Department of Agriculture as a major agency of the state government and that separate agencies of an agricultural nature be included in that department. Another resolution favors the continuation of the Michigan Commission of Agriculture, with members appointed by the governor.

They also request the Legislature to provide funds to more adequately staff and equip the Department of Agriculture Laboratory. They urge that the USDA and the state Department of Agriculture be provided adequate appropriations by the respective legislative bodies so they can control foreign insect infestation.

THE GRANGE urges Congress and the Legislature to appropriate funds for research into methods of surveying and eradicating the cereal leaf beetle, and for fumigation, inspection and treatment of hay, grains and other materials for the enforcement of necessary quarantines.

The Grange supports the Michigan Department of Agriculture's request for five more livestock inspectors for the enforcement of livestock laws and prevention of spread of livestock diseases. They also ask for legislation prohibiting the use of mill screening from seed houses in feeds and the importation of the screenings.

OTHER GRANGE resolutions do these things:

—Request the Legislature to appropriate \$80,000 for construction of needed greenhouses and screenhouses for the growing of fruit trees and plants.

—Support passage of legislation permitting commodity groups to level a set aside for advertising and promoting of the commodity or for research purposes.

—URGE LEGISLATIVE appropriations to the state agriculture department for eradication of the Japanese beetle.

—Urge passage of a bill providing temporary incentive re-

duction payments so that surplus milk supplies and federal costs can be more rapidly reduced and farm income improved.

—Urge development of a method of milk inspection, through coordination of the state agriculture department, that would eliminate duplication of inspection.

—FAVOR LEGISLATION establishing a price posting system for selected dairy products and prohibiting of sales below costs. The law, they believe, should be administered by the agriculture department and financed by fees levied on handlers and distributors affected by such legislation.

—Favor continuation of all state dairy and food inspection

work by the Michigan Department of Agriculture.

—Favor state-wide meat inspection program under the Department of Agriculture and the appropriation of necessary funds by the Legislature.

—SUPPORT amendments to the Michigan Feed Law which will provide authority for right of seizure and stop sales on violative lots of feed, the right of access during reasonable hours for the purpose of inspection and taking samples, and to delete the necessity of a hearing before violators can be prosecuted.

—Favors a similar amendment to the Michigan Fertilizer Law, without the deletion of a hearing.

**Certificate needed before moving plants**

If on one of your occasional visits to Aunt Mary's place she wants to give you plants, trees, or shrubs to bring home, remember there is a state law requiring an inspection certificate to transport such materials.

This material has to be certified by the Michigan Department of Agriculture's Plant Industry Division. It stems from a law passed way back in 1875. The intent of the law and the amendments that have been made to it from time to time is to prevent the spread of plant diseases and insect pests.

PEST-FREE areas can become infested by bringing in uncertified material from areas that are infested.

Provision for certification applies to wild plants, shrubs, and trees as well as those grown by commercial nurseries. Persons sometimes are given uncertified materials by well-intentioned relatives or friends, but certification is necessary whether the

**1963 was good year for cash crop farmers**

Cash crop farmers participating in the Michigan State University farm account project earned the highest returns on investment among all types of farmers during 1963.

The average rate earned on total investment was 10 per cent after deducting all operating costs including family labor charges, says Leonard Kyle, MSU agricultural economist.

"MANY CASH crop farmers found 1963 very favorable," he adds. "These farmers had earned a 7.8 per cent investment in 1962 and only 5.9 per cent in 1961."

The 55 cooperating farmers were located mainly in the Saginaw Valley area and grew sugar beets, navy beans, wheat and corn as their main crops.

The average farmer, operating 238 tillable acres with an investment of slightly over \$104,000, sold \$31,000 worth of crops during 1963. Total costs averaged \$28,090.

AVERAGE LABOR and management return for the 55 operators was \$7,920 during 1963. "This was more than \$2,300 higher than during 1962 and was substantially higher than that earned by other types of farm groups keeping MSU farm records," points out Kyle.

material is given away or purchased.

OFTEN LAW enforcement officers stop persons transporting such material. Certificates can be avoided if a certificate of inspection covers the stock being transported.

Inspection and certification service is available by notifying the Lansing office of the Department's Plant Industry Division or this division's nearest representative. Advance notice of the need for the service also is helpful.

AND WHILE on the subject of transporting plant material, it also is illegal for private individuals to remove plants, shrubs, or trees from roadsides or public-owned lands anywhere in the state.

**Recreation farm owners are organized**

Increased interest in converting farm and rural lands to recreation uses has led the Michigan Association of Rural Recreation Enterprises to incorporate as a non-profit organization.

The recently incorporated association is apparently one of the first such organizations in the nation.

"THE NEW association reflects the continuing interest of farmers and rural land owners in this comparatively new use of agriculture lands," says Louis F. Twardzik, extension recreation specialist at Michigan State University. "But most importantly, it represents efforts by private landowners themselves to join together to meet mutual problems."

Formation of the association was suggested by people attending a Farmers' Week program last winter in March when 150 interested farmers elected a steering committee.

JOHN BINTZ, owner and operator of Bintz Fruit Farm and Apple Mountain Ski area near Freeland, was elected chairman of the group. An MSU resource development student, George States of Brooklyn, is secretary of the group.

Membership in the association is open to people operating recreation enterprises, interested in learning more about farm recreation or providing commercial services to the rural recreation industry.

**AGRICULTURE in ACTION**  
by M. L. Woell  
MICHIGAN FARM BUREAU

Michigan farmers are unhappy about money.

Specifically, about its lack, for late figures show that spendable net incomes are down about \$200 per Michigan farm.

Multiply that figure by about 100,000 farms to see the total effect on farm spending power in our state.

MICHIGAN farmers are equally concerned about the "political power" of money and the obvious effect which spending a \$100 billion federal budget can have on the income of anyone.

Farmers have had direct evidence this year of what a federal program can mean in terms of income or its lack. They say that through government market-manipulations, the United States Department of Agriculture forcibly extracted a goodly share of wheat income from farmers and neatly deposited it in the federal treasury.

CITED AS examples was the use of taxpayers' money to influence farmers' votes in the Wheat Referendum, the passage of the same wheat certificate control program by Congress after farmers had rejected it, and the dumping of surplus wheat on the market to depress wheat prices and force more farmers into the program.

In official policy resolution sessions, Michigan farmers defined such maneuvering as an "awesome power" reaching into nearly every phase of American life. "We believe Congress often hears 'demands' for services which have been stimulated by federal administrators and bureaus. Many of these 'services' are, or could be, performed by state or local governments at much less cost, if indeed they are essential."

THEY ADDED that the power of a \$100 billion dollar federal budget places super-human temptations on the executive branch of government to influence public decisions and those of public servants and private individuals.

All of which has provoked Walter Wightman, president of the Michigan Farm Bureau, to make the statement that "all of the kings in all of history never had such power as is now represented in the discretion to spend a 100 billion dollar budget by the executive branch of the United States government."

**Farmers: plan now for 1965**

Now is the time for farmers to review their 1964 crop and then plan for 1965.

Lynn Robertson, soil scientist with the Michigan Cooperative Extension Service, has found that farmers without goals are usually those who do not regularly test their soil for fertility.

FALL IS AN excellent time to get soil samples taken and to send them to the laboratory for tests. If tests show lime is needed, spreading in the late fall and early winter will allow time for the lime to react in time for spring planting and fertilization.

The soil scientist thinks farmers should list the problems they encounter with different fields and crops. Then they should spend fall and winter time finding an answer that will solve these problems to bring greater returns for investment of labor and equipment.

**Pasture renovation necessary**

Adequate, quality pasture is seldom found in sufficient quantity to satisfy every livestock farmer. In this respect, pasture renovation is a must to support larger herds and should be scheduled when necessary in all grazing management programs.

The time for needed pasture renovation is upon us. In many sections of the country, the drought has devastated the pastures and feed is at a premium. In other areas many pastures are merely exercise lots for livestock and need to be renovated.

FIRST, DECIDE which area needs renovation and then visit your local ASCS office to find out about the cost sharing available on agricultural limestone, fertilizer and seed. The 1965 Agricultural Conservation Program, for which the Congress once again made \$250 million available, is in operation in most sections of the country.

Also, in several States "emergency funds" have been allocated to more than 350 counties for complete renovation and seeding to a permanent vegetative cover—this year mostly pastures—in drought-stricken areas where wind and water erosion pose a serious problem.

AFTER removing any excess grass and weeds through heavy grazing, herbicide applications and cultivation, spread the required aglime first. This gives the limestone maximum time to revitalize the soil. It not only provides calcium and magnesium, but also improves the soil's physical condition, stimulates soil microbe activity, creates a soil reaction to aid legume growth, and reduces the amount and solubility of some harmful soil chemicals.

The next step calls for repeated diskings to thoroughly mix the limestone and fertilizer, if any was added with the lime, into the soil and to kill some of the weeds. The area should not be left fallow over the winter months. A cover crop should be seeded to prevent erosion and this may be used for

late Fall and early Spring pasture.

UNDER THE "emergency program" the seedlings must be made this Fall. However, where permanent grasses are not seeded this Fall, several diskings in the Spring will prepare an adequate seedbed. Before seeding, fertilizer should be applied in sufficient quantity to insure success and to provide the renovated pasture with maximum longevity.

ASC PROGRAM

Record 1965 winter wheat signup reported

A record number of 780,916 farms were signed up this fall under the voluntary 1965 wheat program. This signup ended Oct. 2 and took place in the predominantly winter wheat areas. The 1965 winter wheat signup exceeds the total enrollment, spring as well as winter, of 612,000 for the 1964 program and 429,000 for 1963.

Wheat allotment acreage on the signed farms is 34,848,504 acres, 82 per cent of the total effective allotment in the fall signup area.

THE SIGNUP in the predominantly spring wheat areas is to be February 8 to March 26, 1965, at the same time as the 1965 feed grain program signup.

Since around 100,000 producers took part in the 1964 wheat program in the seven states where the spring wheat signup will take place, it is expected that their participation will bring 1965's total signup well over the 820,000 record total set for the first of the new wheat programs in 1962.

IN THE state of Michigan a total of 48,020 wheat farmers signed to participate in the program for 1965 as compared with 25,888 farmers who participated in the 1964 program. In Clinton County, 1,413 wheat producers signed up to participate; this exceeds the total of 761 wheat producers who participated in the 1964 program.

Nearly all wheat producers who participated in the 1964 wheat program have received their payment. There are a few who want to wait until after the first of the year for their payment. Wheat producers in Clinton County who participated in the 1964 program earned a total payment of \$227,360.00.

THIS MONTH the regular census will be taken. I want to remind farmers to report the correct yields they get for their crops. It will help the payment rate established for our county. Some farmers think that the income tax people will use the

yields established for their farms for tax review purposes, but this is false.

The 1965 average corn yield per acre established for adjoining counties are as follows: Ingham 66.8 bushels, Shiawassee 66.2 bushels, and Gratiot 69.0 bushels. Clinton County's average is 61.6 bushels.

WITH FEW exceptions the farmers in our county are producing yields way above the reported yields. So if you want payments in line with your yield, you will have to start reporting your top yields.

Cross-breeding dairy heifers called mistake

"Dairymen pay a high price for what they think they are buying when they crossbreed dairy females with beef bulls," thinks Harold Hafs, dairy animal reproduction authority at Michigan State University.

This practice is done by many dairymen who have the mistaken belief that first calf heifers from a dairy animal are not usually good herd replacements.

HAFS POINTS out that dairymen must keep three out of four heifers born in their herd just to maintain herd size. First calf heifers comprise 30 per cent of Michigan's milking age cattle.

If first calf heifers are bred to beef type bulls, virtually all the heifer calves born from older cows must be kept as herd replacements. This practice of dairy breeding eliminates selection of heifers as a tool in herd improvement, the MSU authority warns dairymen.

Many wheat producers in our county are receiving certificates based on an average wheat yield of 35 bushel per acre and they say they are producing 50 bushel of wheat per acre. \$8?

Is saving that much per acre good enough reason for using our Anhydrous Ammonia this fall? We hope so. Particularly when you know that Anhydrous Ammonia from Dow is the most concentrated form of nitrogen you can buy—82%. You can save as much as \$6 to \$8 an acre by using a fertilizer program we can recommend.

Apply it to soil now in the fall when you're plowing down summer crop stubble. It won't leach out over the winter. Come spring and it will release needed nitrogen into the soil. Crops will develop stronger roots with more resistance to drought. Have a higher protein content for feeding.

Do right by your wallet and your crops with Dow Anhydrous Ammonia. We have it—all you need.

"walks" right over bumps and trouble

Independent front suspension takes the "truck" out of truck ride. It smooths rough roads, protects truck, driver and cargo from excessive jolting. And on Chevrolet pickups it's a proved system with millions of miles of user experience behind it. Try it out on one of Chevrolet's great Fleetside or Stepside pickups. It's one of the big reasons that Chevrolet is first choice with pickup users from coast to coast.

# HOW DOES LIFE GET SO TANGLED?

Interesting thing about a rope—it rarely becomes tangled when it's serving some useful purpose. It stretches firm and taut . . . reaching . . . holding.

But lay the rope aside . . . waiting without a purpose . . . and it becomes so tangled you can't even find the ends.

Life is like that! For some folks it seems an impossible tangle of conflicts, worries and disappointments. They haven't discovered how to devote their strand of years to a vital, constant purpose.

But for others life stretches firm and taut from birth to Eternity. The tangles disappear as men reach across time to hold certain truths by which God would have us live.

Life without tangles . . . life with purpose . . . discover it in Church next Sunday!

## What's Different About The Baptist Church?

The Baptist Church is a congregation that not only talks about Missions but is doing something about Missions. Of the \$31,820 received last year, \$4,607 was given for the support of missionaries. The Baptist Church sends support to sixteen different missionary families on foreign and home fields. Much of our income is now going to pay for our new building but when this debt is liquidated, the money will be channeled into Missions. Through the year missionaries from various Faith Missions are invited to come to the Church to present their mission field, thus enlarging the missionary vision of the congregation. We are interested in Missions because we believe it is the task of the Church, individually and collectively, to carry out the Great Commission of the Saviour to preach the Gospel to every creature. One mighty arm of our missionary program is the Ladies' Missionary Society, meeting monthly for delightful fellowship around the subject of Missions. The work hour is spent in sewing, rolling bandages and making many articles for the use of their missionaries. Missionary offerings are made through voluntary contributions of the congregation. Not one cent of missionary money is spent to build up huge church machines in this country or abroad. If you believe that others have a right to hear the Gospel in as well as we, then you are invited to join with us in our missionary endeavor.

# Vern Hardmans provide good home for elderly patients

Nutritious, appetizing meals, immaculate and attractive rooms and a homey atmosphere don't just happen at the Clinton County Infirmary.

They just "happen" to be the results of hard work and the conscientious effort of Mr and Mrs Vern Hardman, superintendent and matron of the home for elderly people. And, when the need arises, their youngest son, Gerald, pitches in, too.

THE HOME has a capacity for 35 patients. Only 20 patients are there now. "But, more will be coming as the weather becomes colder," Mrs Hardman said.

When the patients become ill, she takes care of them as long as she can. "We always give them bed care when they have short illnesses," she said. "If the illness is too prolonged or serious, then, of course, we have to take them to the hospital."

THEY RAISE all of the meat, milk, eggs and chickens used for food. Mr Hardman has receipts of \$3,000 for the sale of hogs last year and averages \$400 a month from the sale of Grade A milk. They raise most of the feed for the animals, too, on the 195-acre farm.

They use about 300 gallons of milk and 80 dozens of eggs per month. They raise all of the potatoes that are used and from the garden, they have their summer vegetables and Mrs Hardman packages others for winter use.

SHE BAKES all of the bread, with exception of some day-old bread they buy for toasting, cakes, pies and cookies. "I surely appreciate the new oven the board purchased for me," she

said. "I can bake a week's supply of bread, 16 large loaves, in this one."

She generously sings the praises of Mrs Julia Jury, the director, and members of the board who are R. C. Osborne of St. Johns, chairman, Warren Coffman of St. Johns, and Keith Wright of Maple Rapids. Charles Langdon of Carson City, a former board member, came in for his share of credit, too. "They have all been just wonderful to us," she declared.

SHE HAS excellent help, too. Mrs Ellen Ackley is the cook. Mrs Max Hartenburg of St. Johns, has been there seven years. Mrs Clare Gallant of Ithaca is also an employe.

Mr Hardman does the laundry Mondays and Wednesdays. John Swagart, a patient, likes to iron and help in other areas. So, he does much of the ironing. Lewis Forbes has been helping Mr Hardman with the farm work for more than five years.

"Some of the women, who are able, like to help around the house," Mrs Hardman said. "It makes them happier so I let them do whatever they can or are able to or want to."

BOB HAMMOND who has been a patient for many years, likes to "mop" so he keeps the basement floor clean among other jobs.

Church groups and social clubs bring programs for the patients. The churches provide services for them on Sunday and Rev Urban Droste of Westphalia visits the Catholic members. Club members bring gifts for the patients, too, at Christmastide and on holidays. "Even the smallest

Mrs Max Hartenburg of St. Johns, left, and Mrs Clare Gallant of Ithaca, arrange homemade doughnuts and pies for a meal at the Clinton County Infirmary, as Mrs Vern Hardman, matron, looks on.

gift brings joy to them," Mrs Hardman said.

FOUR television sets and many radios are available for their enjoyment. They have the freedom of the grounds and many of those who have lived on farms like to see the young animals in the barns. Many of the women do crocheting and embroidering.

Mrs Hardman was employed at the Gratiot County Infirmary for six years which provided a good background for her position in the Clinton County home. They formerly resided at Ithaca and Mr Hardman was an employe of the Gratiot County Road Commission for 13 years.

The couple has five sons, Carol, Donald and Richard of Ithaca, Charles of Lansing, and Gerald, at home, and two daughters, Mrs Marshall Handy of Harrison, and Mrs Richard Frieberg.

Vern Hardman, superintendent of the Clinton County Infirmary, shows Mrs Hardman some records on produce raised on the 195-acre farm. They sell meat, milk, eggs and vegetables that are produced in excess of the needs there.

## More favorite dishes

Below are more of the recipes submitted by Clinton County women for the book "Michigan's Favorite Recipes."

### Sour Cream Cake

2 sticks margarine  
3 c. sugar  
6 eggs, separated  
3 c. flour  
1/4 tsp. soda  
1 c. sour cream  
1 tsp. almond extract  
1 tsp. vanilla

Cream margarine and sugar until smooth. Add egg yolks one at a time. Sift flour three times. Add soda to sour cream and stir well. Add flour and sour cream alternately to creamed mixture and blend well after each addition. Add flavoring; fold in stiffly beaten egg whites. Pour into lightly floured tube pan and bake 1 1/2 to 2 hours at 300 degrees. Virginia Devereaux, president WMS, St. Johns.

### Martha's Company Casserole

1 lb. hamburger  
1 tsp. butter  
2 8-oz. cans tomato sauce  
1 8-oz. pkg. egg noodles  
1 c. cottage cheese  
1 8-oz. pkg. cream cheese  
1/4 c. sour cream  
1/3 c. chopped green onions  
1 tsp. chopped green pepper  
2 tsp. melted butter

Brown hamburger in butter, stir in tomato sauce. Remove from heat. Boil noodles in salted water for 10 minutes; drain. Combine cottage cheese, cream cheese, sour cream, onions and green pepper. Place half of noodles in 2-quart casserole. Cover with cheese mixture; top

with remaining noodles. Pour melted butter over noodles; pat hamburger mixture on top. Bake in 350 degree oven 20-30 minutes. Yield: 8-10 servings. — Betty Snider, St. Johns, president of WMS Auxiliary.

### Cinnamon-Buttermilk Coffee Cake

2 1/3 c. sifted flour  
2 c. firmly packed brown sugar  
1/2 c. butter or margarine  
1 egg

1 c. buttermilk  
1 tsp. baking soda  
1 tsp. cinnamon  
1/2 c. chopped nuts

Combine 2 cups flour and sugar; cut in butter to the texture of course meal. Reserve 3/4 cup of butter for topping. Add remaining flour to mixture; mix well. Add egg, buttermilk, baking soda and cinnamon; mix only until dry ingredients are well moistened. Pour into buttered 9-inch square pan. Combine chopped nuts with reserved mixture and sprinkle over top. Bake in a 325 degree oven for 50-60 minutes. Cool and cut into squares. Yield: 12-16 servings. — Donna E. Burdick, Elsie, Methodist WSCS.

## Michigan Week women's work leader named

Mrs Lee Murray, women's director of radio station WJR, Detroit, has been chosen to lead a campaign in connection with the 1965 Michigan Week to enlist every state and local women's organization in active promotion of Michigan.

She will be chairman of a Michigan Week Council of Women's Organizations that will represent women's groups of all interests.

"WE EXPECT 1965 to see more women working for the progress of Michigan than ever before, far more," Woodward Smith, general chairman said. "In fact, we expect it to be the start of a continuing program of women-at-work - for - Michigan that will bring important results for Michigan in many fields year after year. We are especially fortunate in getting Lee Murray to head this effort."

Presidents and other representatives of a number of women's organizations will be asked to serve on the council which Mrs Murray will direct. Not only state-wide organizations will be included but those that function regionally in the state.

BECAUSE the theme of Michigan Week this time is "Michigan - Dynamic in World Progress;" women's organizations are urged to take special interest during 1965 in Michigan's world trade and the part Michigan people have in world affairs and to look for opportunities to help show Michigan to advantage around the world.

Each women's organization, whether a state association or a local group, is being asked to undertake in 1965 some special project of its own for the good of Michigan. The suggestion is that the organization use Michigan Week, May 16-22, as a focal point for launching or highlighting the project.

A HANDBOOK for state and local groups being published by the Michigan Week Council of Women's Organizations will be ready for distribution this month.

## Youth's poetry shows thought, responsibility

It seems like every mistake a teenager makes in this age is talked about, played up, publicized. And so many commendable deeds are ignored.

Robert Carpenter, 17, of Maple Rapids submitted a poem to Jack Schnepf, Fulton High School speech instructor, that indicates the better qualities in today's youth. The poem follows.

### Moment to Remember

Oh, this precious life we live . . .  
Full of joy and sorrow  
If only God would really tell  
What's waiting for us tomorrow—

Is it life or is it death  
That people really fear?  
We all will know in time to come  
For it is drawing very near.

The Bible says "it will be by fire"  
By man, himself, it will require.  
God demands that justice be done  
To rid this world of life . . . to none.

No one can escape this hell . . .  
When will it happen?  
We cannot tell!  
For life is a never-endless thing  
That only God, alone, can bring.

### Stop wasting flour

You won't waste flour if you dust it from a large salt shaker onto meats, fish or patties instead of dipping the food into the flour. It's easier, too.

### Cut pattern easier

Press the sections of the dress pattern before laying them on the goods to be cut. The patterns will be easier to work with and the finished garment will be more accurately cut.

# Heads Esther Circle

MRS CHARLES HAZLE

The new president of the Esther Circle of the Woman's Society of Christian Service of the First Methodist Church is Mrs Charles Hazle of McNeil Road. Her pastimes are knitting and sewing. She says she enjoys gardening and canning but she does so much of both that neither can be considered as a hobby. Her family, includes Stuart 8, Jeff 7, Greg 6, Brian 4, and Leslie Ann 2. She is a 4-H knitting and sewing leader, East Essex Mother's Club president, assistant fourth grade Sunday school teacher and keeps books for their feed grinding business.

# Kitchen remodeling? Attend MSU clinic

BY BETTY KETCHAM  
County Extension Agent  
Home Economics

the family that plans to build a new house or remodel the kitchen.

Are you dreaming about building a house or planning to remodel your old kitchen? If so— you will be happy to hear that you can attend a Kitchen Planning Clinic at Michigan State University.

These kitchen clinics will be held Nov. 18, and Jan. 27, March 18, April 1 and May 11 of 1965.

The Clinics will meet in Room 103, Agricultural Engineering Building, corner of South Shaw Lane and Farm Lane. The meetings start at 10 a.m. and last all day.

### IF YOU would like to attend,

call the Cooperative Extension Office, 224-3288 and we will make reservations for you. We will also send you a copy of instruction you will need to complete before attending the clinic.

These all day clinics will help

PART OF the day is spent discussing principles of kitchen planning, looking at slides, studying the cabinets and other storage cabinets in the model kitchen.

Then in the afternoon you will work out a plan for your own kitchen using the drawing and measurements you brought with you.

WHEN YOU eat out do you eat at the lunch counter, or do you prefer to eat at the table? You might consider this when you are thinking about adding a snack bar to your kitchen.

Be sure the height of the chairs or stools match the height of the counter. Use a counter 30 inches high if you plan to use the average 18 inch chair. Allow 20 inches under the counter for leg space.

IF YOU prefer to use counters 36 inches high, you'll have to use a 24 inch high stool. And remember, that stools will need a foot-rest six or eight inches from the floor. Plan 14 inches of knee space under the counter.

For easy eating—no bumping of arms—allow 21 inches for each person to be seated at the counter.

## Bring clothing for child relief to Nov. 6 meet

Clinton County Council of United Church Women will meet Friday, Nov. 6, at 1:30 p.m. with the St. John's Episcopal Church women as hosts.

Following a tea, the program will be presented by the committee from the Lowe Methodist and the Bingham EUB churches. The speaker will be Miss Sylvia Aldrich, a retired missionary.

AT THIS meeting the clothing and layettes for African children and the school bags for Brazil and Africa will be collected. Cotton yardage and piece goods are also acceptable offerings. Shipping this material overseas costs eight cents per pound.

Entry blanks ready for wool contest

Clinton County girls from 10 to 21 years-of-age may pick up entry blanks for the "Make It Yourself With Wool Contest" in local fabric stores before Nov. 9.

Further contest rules and information may be secured from Mrs Cretcher, 3436 Jolly Road, East Lansing, or from county committee member, Mrs Les Botmer, R-5.

Possession may be nine points in the law, but self-possession has no equal.

**William Buck serves DeWitt**

DeWITT— The mayor of DeWitt, since 1957, is William Buck. His friends and associates know him better as "Bill."

Mayor Buck and his family came to DeWitt from Farmington in November, 1946. The following year he received a franchise for a Chevrolet dealership and has continued in automobile business.

The mayor resides at 124 East Jefferson with his wife Louise, their son William Jr., who is associated with his father in his business, and their daughter, Judy. They have another daughter, Mrs Charles DeYoung and two grandchildren.

Mrs Jean Campbell of St. Louis, Mo., is spending this week with her sister-in-law, Mrs Ruth Overholt. Sunday dinner guests of the Overholts were: Mr and Mrs Harold Overholt and Mr and Mrs Lawrence Campbell and son of Grand Rapids; Mr and Mrs Robert Schuler and son of Marshall; Mr and Mrs Wyland Hart and family and Mr and Mrs Phillip Hart and family of Clayton; Mrs Ethel Martzke of DeWitt; and Miss Dess Ann Overholt of East Lansing. The dinner was in honor of Dess Ann's birthday.

**Merrihew**

**Merrihew School**  
BY PAT COURSER AND BARB HARTE

The fifth, sixth, seventh and eighth graders made Halloween pictures, ghosts, coat-hanger skeletons, masks out of plastic bottles, a witch, and a coat-hanger bat. The lower graders made three-dimension squirrels.

Bill Montague, James Harte, and Paul Hebel made a Jack-o-Lantern out of a pumpkin Jeff Chant brought to school.

The upper grade children are to give their oral book reports before Thanksgiving. The written book reports are to be handed in before Christmas vacation.

The Chant children took a vacation to Virginia, Oct. 20 to 23. They brought back many stones and one jar of sand from Virginia. They also brought necklaces, and different seeds from the trees and bushes of Hawaii.

THE FIFTH, sixth, seventh and eighth graders had History tests.

Steven VanVleet brought a gourd and some Indian corn to school. Chris Chant brought a coon.

Mr Fontaine, a photographer from the National School Studio, took pictures on Oct. 30.

Steven VanVleet brought shells from the New England states.

A HALLOWEEN party was held on Oct. 30, 1964. Scott Helbeck, Pat Courser, and Bill Montague were on the entertainment committee. Karen Cornell, Barbara Harte and Rosalie Presock were on the food committee.

**Mrs Rasmussen hosts Thursday Club here**

DeWITT— The Thursday Afternoon Club met with Mrs Edward Rasmussen on Oct. 22. A Halloween theme was carried out in the dessert that was served.

The club voted to give \$50 to the Ardel Davis family. Mr Davis recently had heart surgery in Detroit.

The mystery prize was won by Mrs Harold Rhorer who also won low at euchre. Mrs Lorraine Blivin won high score.

Because of Thanksgiving the club will meet one week early next month on Nov. 19. Mrs George Baird will be hostess.

**Busy B's award weight losers at honor night**

DeWITT— The Busy B's met at the home of Mrs Jack Wohlfert for Honor Night and a Halloween party. Members being honored for losing the most weight were group 1, Barbara Richardson, group 2, Helen Schavey and group 3, June Lankford and Billie Paibe.

It was the close of a six weeks contest. Billie Paibe won a coffee set for losing 10 pounds during the contest. A new contest was started that night and will run until the Christmas party on Dec. 15.

NEW officers took over their duties at this meeting. Officers are: Barbara Richardson, president; Olive King, vice president and weight recorder; Bernice Wohlfert, secretary; and Billie Paibe, treasurer.

Halloween costumes were judged and prizes were won by Virginia Willyoung and Bernice Wohlfert.

**New sermon series at Methodist Church**

GUNNISONVILLE— "Question's Christ raised," is the new series of sermons Dr John P. Keith will deliver at Gunnisonville Community Methodist Church, from now until Christmas.

His sermon topic Sunday, Nov. 1 was, "Why worry?" his scripture from Matt. 6:25-34, 7:3-5. The junior choir directed by Mrs Alva Hartman sang the anthem and choral responses during the morning worship. Douglas Ross, son of Mr and Mrs Ross Hill was baptized by Dr Keith during the service.

**Preaches in Detroit in outreach program**

GUNNISONVILLE— Rev Dr John P. Keith will participate in the Michigan Methodists Outreach program Nov. 7-10 when he will preach at Berea Methodist Church in Detroit. Rev Dr David Jordon, pastor of the Berea Church will preach at Gunnisonville Community Church on Sunday, Nov. 15.

Rev R. Stephan Nicholson will deliver the message at Gunnisonville Church Sunday, Nov. 8.

**Church ladies plan for bazaar-supper**

GUNNISONVILLE— The Gunnisonville church ladies are making preparations for their Christmas bazaar and chicken pie supper Nov. 6-7.

The bazaar will be open from noon to 8 p.m. both days.

The chicken-pie supper will be served from 5 to 8 p.m. Saturday, Nov. 7.

**Welcome new bishop with dinner program**

GUNNISONVILLE— Mr and Mrs Lyman Case, Mr and Mrs Glenn Baldou, Mr and Mrs Oliver Angell, Mr and Mrs Ernie Fritz, Mrs Margaret Stampfy and Dr John Keith attended the "Hello Bishop Loder" dinner at the Reo Club House Wednesday evening, Oct. 28.

They represented the Gunnisonville Church among the Lansing area Methodist Churches, who sponsored the dinner and program welcoming the new Michigan Bishop.

**Mrs Gross feted by Birthday Club in Lansing home**

GUNNISONVILLE— "A-list-nin' to the witch-tales 'at Annie tells about, an' the Gobble-uns 'at gits you, ef you don't watch out!," became alive Monday, Oct. 26 as the Kith 'n' Kin Birthday Club gathered at the home of Mrs Max Pierce, 717 N. Hayford Street, Lansing, to celebrate the birthday of Mrs Arnold Gross.

TWELVE members were present, dressed for Halloween. Mrs Ernie Fritz received the prize for the cutest costume. Mrs Gross received a black velvet clutch bag, gloves and scarf, a group gift from the club and a small floral arrangement and scented soap from her secret pal.

YARDLEY was in play during the evening. High score prizes went to Mrs Clinton Wright and Mrs Clyde Smith. Consolations went to Mrs Ernie Fritz and Mrs Arnold Gross. Door prizes were won by Mrs Farley Bouts and Mrs Alva Hartman.

A buffet luncheon was served by the hostess from a dining table carrying out the Halloween decor. The November hostess will be Mrs Charles Fritz.

**Aldrich also at Tech**

Larry Aldrich, formerly from Maple Rapids, is a third Clinton County student attending Michigan Technological University at Houghton this fall.

**P-W business classes tour bank**

The ninth grade general business classes of Pewamo-Westphalia Community Schools had a tour of the Westphalia Bank on Tuesday, Oct. 27. They were shown through the vault and other parts of the bank and also saw such interesting things as the money drawer, alarms, and how the various machines work.

At the end of the tour each student received a pencil.

The students would like to thank E. Bard Fish for showing them through the bank and acquainting them with how a bank is run.

### Tartar producer

A substance that produces tartar in the teeth has been discovered in human saliva. Science says this finding will help in combatting dental diseases.

### Road Commission Weekly Report

The close of the month of October brought out signs of the season. The roadside picnic tables were brought in and stored for the winter.

Herschel Woodhams reported that the travelers in Clinton County were honest this year, as all tables, stoves and litter barrels were intact, none lost or stolen as has happened so many times in other years.

AS WE REPORTED last week, the Wood Road Bridge is in final stages. The road is under construction in that area and is still marked "closed," although local traffic is using it.

Randolph's Ready Mix is hauling concrete to the Colony Road bridges. The abutments should be done this week and preparations are being made to place the prestressed beams.

THE MONTH OF October showed County Road expenses at \$60,151.34, somewhat below average. Receipts for the month were \$11,342.49.

The Board of Clinton County Road Commissioners held their regular meeting Tuesday, Nov. 3. Bids were opened for the November and December requirements of gasoline.

BIDS WERE taken for the purchase of a new loader. Ten bids were received and the commission postponed the award of contract for more investigation.

The Board discussed a new subdivision in Watertown Township and went over the changes in the new State Maintenance Contract for 1965. Drainage problems and construction plans for the future and the proposed new Ionia County line agreement were also discussed as was three removal and new chemical spreading equipment.

THE CLINTON County allotment of Motor Vehicle Highway Funds was received by the County treasurer this week. This is the last payment for 1964. Totals for the year show a 5.8 per cent increase over last year. This money comes from the collection of gasoline and weight taxes on cars and accounts for three-fourths of the county road revenue.

DON EWING, Clerk

### Name Don Smith to state Legion by-laws committee

Donald J. Smith of French Road, R-3, St. Johns, has been appointed to the constitution, by-laws and legislative committee of the American Legion, Department of Michigan.

State Commander Duane T. Brigstock of Battle Creek made the appointment for the 1964-65 term.

"THE APPOINTMENT of Mr. Smith comes as recognition of many years of service in our organization," Brigstock said. "It has the whole-hearted endorsement of the Michigan American Legion and is testimony to past services rendered to the local community of Legionnaires."

The committeemen are responsible for studying Legion programs and activities in their special field and for recommending new or augmented policies.
