## Polio makeup clinics Sunday at 3 county sites

If you had one—but not two—doses of the Sabin oral polio vaccine in last fall's series in Clinton County, be sure to mark this Sunday on your calendar.

It's the date for make-up clinics where folks who had their first doses at either the Sept. 19 or Nov. 14 clinics can get their all-important second dose.

ONLY THREE sites are planned this time, instead of the eight which was the case in September and November. The reason is that only about 2,700 persons are expected.

So, clinics have been set up for 11 a.m. to 2 p.m. at Fowler Elementary School, Clinton Memorial Hospital in St. Johns and the DeWitt Memorial Building.

The second dose of vaccine is important in the Sabin series. It is the "clincher" which effectively provides immunity to the three major types of polio; without the second dose the first dose does little good.

SOME 8,500 or more people who took part in both September and November clinics now have the full protection of both doses. But about 1,200 who got the September feeding missed for some reason in November. They should turn out this Sunday for their second dose, health officials urge.

Likewise, there are 1,512 persons who received just their first dose at the Nov. 14 clinic; they, too, need the second one this Sunday.

As at the two regular clinics, there will be no actual charge for the Orimune oral polio vaccine, according to Dr. F. W. Smith, president of the Clinton County Medical Society, and Francis Schafer of Fowler, chairman of the Clinton County Polio Vaccine Committee. But the committee is asking for a 50-cent donation per dose to offset the actual cost of the vaccine.

The Fowler Jaycees, the Clinton County Medical Society and the Clinton County Health Office are sponsoring the clinics.

THE SABIN-DEVELOPED oral vaccine used in the Clinton County clinics is called Orimune and is manufactured by Lederle Laboratories. Two drops of it is put on a cube of sugar and the cube is popped into the mouth and eaten. Within 10 days to two weeks the live virus in the vaccine sets up a bodily immunity to polio.

First doses of the vaccine will be available at the clinics, but the county polio committee pointed out that for those people the second doses will have to be taken at the office of their family physician; no further make-up clinics are planned.

SO FAR, 8,500 people have received both doses in the current series of Sabin oral polio vaccine feedings. There were 9,634 at the first clinic in September, but about 1,200 didn't get back for the

## County school reorganization plan accepted

The Clinton County School Reorganization Committee's report to the state has been accepted, according to a letter from Alexander Kloster, acting superintendent of public instruction.

The county committee recommended in December that the county's high school districts be left as they are now, even though four of the six districts have enrollments far below the 2,000-student figure the state has used for a guideline for reorganization.

The county's report was filed Dec. 17.

second one in November. Of the 10,053 who took the vaccine in November, 1,512 were first timers.

Those 1,200 and those 1,512 are the ones the make-up clinics are aimed at, Committee Chairman Schafer said.

## Ice is right

Cold weather the last week has made for excellent ice skating conditions at the city park ice rink, and the rink now is open daily, according to Ron Dugas, city recreation director.

The rink's warming shack will open at 10 a.m. this Friday, since there is no school because of the semester break. The shack also opens at 10 a.m. every Saturday morning and at 1 p.m. on Sundays.

Hours Monday through Friday, except for this Friday only, are 4 to 9:30 p.m. Skating began on the rink Jan. 9.

## Big week for March of Dimes

If there ever is one big week during the annual March of Dimes campaign in Clinton County, the upcoming week is it.

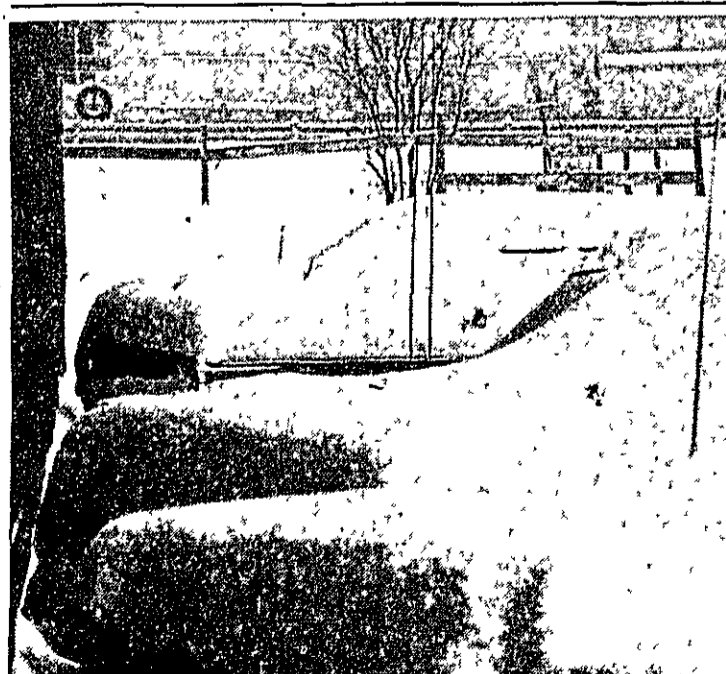

There are four major events scheduled for St. Johns, and Ovid and Fowler have announced special events there, too.

All proceeds from coffee sales at the L & L Restaurant today (Thursday) will be turned over to the March of Dimes, according to March officials. The same thing is being done today in Ovid.

NEXT TUESDAY evening, the annual March of Dimes roller skating party will be held at the Ranch Roller Rink, and the 50-cent admission price will be turned over to the March of Dimes.

The annual Mothers March, a house-to-house canvass of St. Johns, is scheduled for next Thursday, Jan. 27, from 7 to 9 p.m. Mrs. Glendon Fitzpatrick is in charge.

## Snow Job

These snow-covered cars in the American Legion parking lot last Thursday morning would have passed for 1966 model cars draped to hide them prior to the new car showing last fall. Between seven and 10 inches of snow fell last Wednesday night and Thursday.

## Milliken Gets Visit from Beardslee in St. Johns

Retired Ovid banker Harold Beardslee chats with Lt. Gov. William G. Milliken Monday during Milliken's office hours at the Clinton County Courthouse. Milliken is planning to hold office hours in every county of the state this year; he's already stopped at 21 county seats, mostly across the middle of the state. Prior to his 10-12 a.m. office hours, the lieutenant governor attended a 9:30 coffee hour at Walker's Cafe. During the afternoon he was in Ionia.

## Congregational Church reports healthy growth

Members and friends of the First Congregational Church of St. Johns met last Monday night in annual meeting, following a precedent which was established more than 100 years ago. The church was founded in 1860 with eight charter members; present active membership, as of Dec. 31, as reported by Mrs. Delbert Conklin, is 594.

Reports submitted by officers, boards, committees and organizations reflected healthy growth during the past year in all departments of the church. In making his report, the Rev. Gerald Churchill, minister since Aug. 1, 1964, said, "Our basic concern is in the area of stewardship: our relationship to God and to one another. . . . We would like to believe that we have not been disobedient to the heavenly vision which prompted our fathers to found a church in this community. . . ."

"Our task remains what it has always been: to so relate ourselves to God that we will give a better account of the stewardship entrusted to us."

Ralph Lynam continues as secretary-treasurer of the church. Others continuing as members of the vestry are Judge Leo W. Corkin, Charles Lynam, Fred G. Ferris Jr., Jack Danley, Albert Abshagen and John Pouch.

ELECTED AS delegates to the Capitol Convocation of the church in Lansing next May were Mrs. Jessie Finch, Mrs. Franklin W. Smith, Mrs. Lloyd Campbell, William Morris, Miss Florence Dexter, Mrs. Leo W. Corkin, and Mr. and Mrs. Fred G. Ferris Jr.

Vestry-chosen delegates to the convocation and the later diocesan convention of the church are Ralph Lynam, Albert Abshagen and Ink White.

F. Earl Haas, retiring senior warden, presided at the annual meeting and told of the church's progress during the past year. Other annual reports were heard from:

FOLLOWING THE adoption of reports, Donald Gilson, chairman of the finance committee of the board of trustees, moved the adoption of a general budget for 1966 in the amount of \$32,400. The budget as adopted includes a substantial increase in support of the missionary activities of the Congregational Churches.

In the course of the meeting, the Rev. Mr. Churchill presented to Kurt Becker, retiring chairman of the board of trustees, a check for \$5,000, representing a bequest from the late R. G. Clark. The bequest, given in memory of Mrs. Clark, is to be added to the church's endowment fund, with the proceeds from it going to the choir fund. Another presentation, in a lighter vein, was the conferring of a "Congregational Medal of Honor" on L. Russell Steffens, moderator for the past year.

JAKE WABEKE, chairman of the nominating committee, presented the slate of nominees for offices to be filled. On motion that these persons be elected, the following people will be serving, in addition to others who are continuing in office:

L. Russell Steffens, moderator; Mrs. Frank Maier, clerk; Charles Huntington, financial secretary; B. A. Delbert, treasurer; Mrs. Manning Bross, church school superintendent; John Spousta, Melvin Warren and John Hall, board of trustees; Gerald Knupp, Owen Baker, L. Richard Steffens and Mrs. Wilbur Thurston, pastoral board; Richard Foster, William Butler, Arden Cressman, Bruce Pope, Lawrence Fish, Edward Riley, Kenneth Pyle, Steven Eckert and Ernest Tooker, board of ushers; Mrs. Russell Walsh, missionary committee; Gordon Jacoboni, Christian education committee; Mrs. Paul Martis Jr. and Mrs. Lawrence Fish, music committee; Dorr Anderson, investment committee; Mrs. George Brooks, Mrs. John Spousta and Mrs. John Bryant, hospitality committee; Mrs. Arden Cook, flower committee; Mrs. Joseph Spousta, nominating committee; Mrs. Melvin Warren, Mrs. C. C. Tyson and Burton Walling, members, at large on the church council.

Named to the vestry positions were Alan Boron, Lloyd Campbell and Ink White. At a subsequent meeting the vestry chose Ink White senior warden and Fred G. Ferris Jr. junior warden for the coming year. They succeeded F. Earl Haas and Samuel J. Serrell who were not eligible for reelection.

Ralph Lynam continues as secretary-treasurer of the church. Others continuing as members of the vestry are Judge Leo W. Corkin, Charles Lynam, Fred G. Ferris Jr., Jack Danley, Albert Abshagen and John Pouch.

## Wolf retires, Lusk new head of Clinton National Bank

Lewis W. Wolf, 72, of St. Johns, retired as president and a director of Clinton National Bank and Trust Co. at the bank's annual meeting of stockholders. Chosen to succeed him as president at a subsequent meeting of the board of directors was W. S. (Pat) Lusk of DeWitt, who has been executive vice president of the bank since 1964.

Wolf's retirement marks the completion of 52 years of service in Michigan banks. For 31 years he has been an executive officer of the Clinton National Bank and one of its predecessors, the State Bank of St. Johns. Previously he had been associated with banks at St. Louis, Ithaca and Fowler.

IN A RESOLUTION offered by Dorr M. Anderson of St. Johns and adopted by acclamation, the shareholders lauded Wolf for his "untiring efforts on behalf of the bank and the community" and expressed their "sincere best wishes for his continued good health and happiness during his coming years of well-earned retirement."

W. S. Lusk, who becomes chief executive officer of the bank, is a veteran of 45 years experience in Clinton County banking. He began his career in 1920 with the former State Savings Bank of Elsie and was president of that institution at the time of its consolidation with the Clinton National in 1961. He has been executive vice president of Clinton National since 1964.

SUCCESSOR LUSK as executive vice president is John A. Rumbaugh of St. Johns whose 30-year banking career began at Elsie in 1935. He has been vice president and cashier at Clinton National since 1962 and also served as trustee officer of the bank from 1963 until October of 1965. He will combine his duties as executive vice president with the cashier's post at Clinton National.

Named as manager of Clinton National's Elsie office and assistant cashier of the bank is Stanley R. Loznak of Elsie. Also promoted to an assistant cash-

ier's position is Dennis Flegel of the Elsie office.

OTHER OFFICERS reelected for the coming year include Ink White, vice president and trust officer; Paul A. Schueller, assistant vice president and assistant trust officer; C. Lester Jenkins, assistant vice president; Gayle Desprez, assistant vice president; Arden J. Cook, assistant cashier; and Charles S. Huntington, auditor.

Lorenz A. Tiedt continues as chairman of the board of directors. Other directors reelected at the annual meeting are: Dorr M. Anderson, William W. Barber, Roy F. Briggs, Robert A. Conn, Vernon Eastlick, J.-M. Egan, W. S. Lusk, John A. Rumbaugh, Conrad H. Seim Jr. and Ink White.

NAMED AS honorary directors are Lee A. DeWitt, Clarence D. Ebert, W. M. Luecht and Lewis W. Wolf.

Financial reports issued to stockholders at the annual meeting revealed Clinton National's deposits at an all-time year-end high total of more than \$19.6 million. The bank's total resources were over \$21.9 million on Dec. 31, 1965.

St. Johns' population in 1960 included 10.3 per cent over the age of 65.

## Dairy Couple of the Year

Mr and Mrs James Becker of 4952 W. Walker Road, St. Johns, were named the outstanding young dairying couple at the recent annual meeting of the Ovid local of the Michigan Milk Producers Assn. Becker, 25, farms 517 acres in partnership with his father and brother. Their dairy herd consists of 54 registered Holstein cows. Becker attended St. Johns High School and graduated from Michigan State University in 1962, majoring in dairy production. He and his wife Janet are members of Farm Bureau. Their daughter, Jill, is 1 1/2 years old.

## Plan adult education classes here

Adult education for the completion of a high school diploma will begin on Jan. 27 from 7 to 9 p.m. in Room 105 of Rodney B. Wilson High School in St. Johns.

Purpose of this program, which was approved by the board of education in October, is to enable St. Johns area adults to complete senior high school requirements in the evening school.

Upon completion, the student will receive a high school diploma from the St. Johns Public Schools. The requirements for graduation are the same as for day school.

ANY PERSON who is now attending day school or has attended day school within the past year is not eligible to enroll in the adult education program. All persons must have completed the eighth grade. Transcripts of previous school records must be sent to the principal for evaluation of credits. Military service credits will not count toward graduation from high school.

To enroll in this program, persons must do two things:

1. Enroll in high school and pay a fee of \$10 for a 15-week semester. This fee must be paid in advance and will not be refunded after the third session.

2. YOU MUST enroll with a representative of the American Correspondence School. All financial arrangements for these courses are made directly with the correspondence school representative.

For further information, persons should call B. Stanley Pocus, principal, or Albert LeFevre, guidance director.

## Appoint Chamber unit to work with elderly

Dr. Robert Wohlers, James McKenzie and Betty Jane Minsky were appointed by President Don Gilson to represent the St. Johns Chamber of Commerce as a committee to work with senior citizens on matters in which the Chamber and the senior citizens might be interested.

The three people recently attended a Senior Citizen committee meeting where the Senior Citizens organization asked for opinions on projects they might get into as a group which would bring revenue to them.

The appointments were made until June 30, at which time the Chamber year ends.

### ABA slates economist as speaker

"Production, Profits and Living Standards" will be the topic of business economist Dr. Lewis E. Lloyd next Wednesday at the annual meeting of the Clinton County Artificial Breeders Assn.

Dr. Lloyd, an economist with the Dow Chemical Co. at Midland, will be the main speaker at the dinner meeting. His talk will follow a ham dinner served at noon.

FOLLOWING THE talk will be an election and remarks by the state director. Candidates for election will be Leonard Puetz and Gordon Howard; Ervin Marten and George Baird; and Gerald Pohl and Delbert Schafer.

Dr. Lewis, the speaker, is a business economist. He has training in both economics and chemistry, culminating in the degree of doctor of science from the University of Michigan. His earlier experience includes teaching in both economics and chemistry and research work "at the bench" in a chemical laboratory.

FOR THE PAST 20 years he has turned his attention solely to business research and the practical application of economics. He is now economist and head of business research for the Dow Co.

In addition to belonging to a number of trade groups and associations, Dr. Lloyd is chairman of Gov. George Romney's Science Advisory Committee and a member of the Midwest Science Advisory Committee. He is a member of the board of the Michigan Council for Economic Education and a member of the Michigan Economic Expansion Council.

He is also a member of the Chemicals Committee of the Advisory Council on Federal Reports and served on one of the committees of the Paperwork Task Force of the Hoover Commission.

DR LLOYD HAS publications in the field of economic forecasting, organization theory and other subjects ranging from distillation to figure skating. He is the author of the book, "Tariffs: The Case for Protection," a second book now in the hands of the publisher, "Techniques for Efficient Research," as well as individual chapters in four other books.

Dr. Lloyd has given special attention to the study of money credit theory and policy. As business economist for the Dow Chemical Co. it has been necessary for him to evaluate international economic factors as well as the national economy.

### Capital life far different than first imagined, Senator says here

Sen. Emil Lockwood of St. Louis, Republican senator for Michigan's 30th senatorial district, gave Jaycees and Bosses Night guests last Tuesday night an inkling of what life in the capitol is really like.

Lockwood, speaker at the meeting, said he has learned many things are just the opposite of what he first assumed his duties would be when he first assumed his duties two terms ago.

THE SENATOR listed a number of "opposites" he has learned and which he is still learning. Among them:

"Just because you see a senator's name as a sponsor of a bill doesn't mean we're for it." He said many executive-backed bills are introduced by someone just to get them on the agenda for action. And, he said, even though a bill may have been sponsored by more than half the members of the Senate doesn't necessarily mean it will pass.

"There's not much difference between Democrats and Republicans." Lockwood said most of the legislation acted on is done so without inter-party conflicts. The

big difference this year, he said, was between the old and new legislators—those who tend to be conservative and those who are more liberal. "The longer a senator or representative is in Lansing the more conservative he gets," Lockwood said.

"LOBBYISTS are a good part of state government." Lockwood said he has a far different view of the function of lobbying now than when he first started his public role. He pointed out that lobbyists save the state money by digging up facts that are used by the legislators to make their decisions. Without lobbyists, he said, the legislators would either have to hire people to do the research or vote in the dark. Right now, he said, there are 237 registered lobbyists, almost two for every legislator.

"Correspondence from constituents. Correspondence about the important bills is light, compared to the piles of correspondence and hullabaloo about relatively unimportant things like naming the state stone.

"How to deal with the press." Lockwood said he is still learning on this point.

LOCKWOOD spoke at the Jaycees' Bosses Night dinner at the L & L Restaurant. Roger Feeman, St. Johns junior high science teacher, was presented with the distinguished service award.

KENNETH G. McMANUS

### Ex-local SCS man promoted

Kenneth G. McManus, former work unit conservationist for the Soil Conservation Service in St. Johns, has been promoted to assistant state conservationist.

The new assignment was effective Jan. 2. McManus' responsibilities will include the Northern Great Lakes Program, rural areas development, recreation on private lands and other related responsibilities.

He replaces Harold D. Lakin, who retired Dec. 30.

McMANUS GRADUATED with a degree in agriculture from Michigan State University in 1951. From 1951 to 1953, he taught vocational agriculture in Almont, Mich. In late 1953, he started work with the Soil Conservation Service as a Soil Conservationist at Lapeer. Since that time, he has held positions as work unit conservationist in St. Johns, area conservationist at Jackson, and state soil conservationist on the State Program Services staff in East Lansing.

McManus, his wife and teenage son and daughter live near Williamston.

There are about 1,500 nursing beds in the tri-county (Clinton, Ingham and Eaton) area, with an occupancy rate of over 90 per cent.

### 4 injured on I-96 as 2 cars hit

Four persons were taken to St. Lawrence Hospital in Lansing Friday morning for treatment of injuries received in a two-car collision on I-96 at Wright Road in Eagle Township.

Injured were Virginia Ingham, 46, of R-1, Lyons; Donald Pung, 26, of Portland; and W. J. Stollenwick, 51, of Portland, all passengers in a car driven by Charles E. Goodman, 23, of Portland; and Carter L. Burress, 42, of Grand Rapids, the other driver.

BURRESS suffered cuts and bruises; Mrs. Ingham suffered bruises and Pung and Stollenwick complained of pains.

According to county sheriff's deputies, Burress' car had been pulled out of the snow in the median strip of I-96 by a wrecker, which had departed. It was still dark (about 7:40 a.m.) and Burress apparently stayed in the left lane of the highway, without lights on.

The Goodman car hit the rear of Burress' auto. Burress was ticketed for parking on a highway without lights on.

JIM LEONARD

St. Johns High School senior Jim Leonard, son of Mr and Mrs William J. Kinney of 510 N. Ottawa Street, has been nominated for an appointment to the Air Force Academy.

Leonard learned of the nomination Friday in a telegram from U.S. Rep. Paul Todd of Michigan's Third Congressional District. He is one of six seniors in Todd's district to get nominations. The Air Force Academy at Colorado Springs, Colo., will make the announcement of their selection in May.

THE APPOINTMENT to the academy will be on a competitive basis. Leonard has already taken a number of examinations to earn the nomination, and there'll be further exams before the decision of the academy is learned in May.

Leonard is well known to local sports fans for his activity in football, basketball and track. He is also a member of the high school orchestra.

## Your Income Tax

If you receive a pension, the payments you receive under certain circumstances may not be taxed at all; they may be taxed in part; or they may be taxed in full.

Payments which are fully or partially taxed should be reported on Part I of Supplemental Schedule B of the Form 1040. You cannot use the short Form 1040A, if any part of the pension is taxable.

CERTAIN PAYMENTS received, such as disability pensions, are not taxable at all and do not have to be shown on your income tax return. Examples of non-taxable payments are workmen's compensation benefits, accident and health insurance benefits (if you paid all the premiums), Railroad Retirement Act pensions, veterans benefits to veterans and their families, social security benefits and unemployment compensation.

If you have determined that your pension is subject to income tax, the next step is to determine how much is actually taxable. This is done by completing Part I on Supplemental Schedule B of the Form 1040.

AS YOU WILL notice, Part I consists of Sections A and B. If you did not contribute to the cost of your pension and it was fully paid for by your employer, then your pension is fully taxable. There is no need for any computation . . . just enter the full amount received on Line 6 of Section A.

If you paid part of the cost of the pension and you will recover all of your cost within three years from the date the pension payments start, use Section B.

IF YOU ARE the beneficiary of an employee who, if he had lived, would have recovered his cost in three years, you compute the amount of your pension which is taxable in the same manner as he would have computed it.

Taxpayers who will recover their investment in their pension within three years from the receipt of the first payment do not pay income tax on the payments

### Charge Minnesotan with area burglary

Leon D. Stiehm, 27, of Minneapolis, Minn., is being held in Clinton County Jail under \$5,000 bond following his arrest Saturday for breaking and entering the Ginter Block Co. building in the southern part of the county.

He is, charged with taking a check writer and blank checks.

Should Stiehm make bond here, he will be held for Ingham County authorities who have an armed robbery warrant for him, with a \$7,000 bond already set.

ON SATURDAY evening Jan. 29, the Order of Rainbow for Girls will sponsor a teen dance starting at 8 p.m. at the Masonic Temple at the west edge of St. Johns. Kathleen Utterback is in charge. Admission will be 50 and 75 cents, with the proceeds again to be turned over to the March of Dimes. Disc jockey Bob Carey of WLS will spin records.

Winding up this week is the annual March of Dimes Bowling tournament at Redwing Lanes. That was to end Friday.

Mrs John Caudy, county campaign chairman, reports a good return of donation envelopes sent out in December and earlier this month.

until all the cost is recovered. After the cost is recovered, the full amount of the pension is taxable.

FOR THOSE WHOSE cost will not be recovered in three years, another method of determining the taxable portion is used. This computation is made in Section A, Part I of Supplemental Schedule B. Two facts must be determined in order to compute the amount of the pension payments which are taxable. The first step is to determine the cost or investment in the pension. Secondly, you must determine the total expected return from the pension. This is found by multiplying remaining life expectancy, as set forth in actuarial tables, by the amount received annually. The Internal Revenue Service will assist in this calculation upon request.

With the two previous mentioned facts, Section A of Part I of Supplementary Schedule B can easily be completed. However, if you have a problem, call your local Internal Revenue office.

## Bowling

FIRST NIGHTERS — The Independents pulled out to a two-game lead over Clark's and Cligo after Monday night's bowling. Neller's rolled the high team scores of 750 game and 2151 series. Lois Hettler had a 201 high game and a 516 series, but Kay Penix had the high series of 523. Sally Kramer picked up a 3-7 split.

CAPITOL LEAGUE — Nehi Beverage leads Frechen's Tavern by one game after Monday night's bowling; Nehi had the high scores of 978 and 2646. a high 163 for the women, while Kay Penix bowled the best series, a 436. Redwing Lanes took team scoring honors with a 642 game and 1800 series, and they now trail the P & C's by just one game. Rudy Masarik III and Russ Pope each had 203 games.

COFFEE CUP LEAGUE — Snack Bar rolled a 577 game and 1551 series last Thursday. The Cookies Cuties and Pin Heads are tied for the league lead after the second week of the second round. Joyce Woodhams had a 170 game and Rose Ritter had a 455 high series last week.

### Redwing JVs dump Lakewood

By SUE DURNER

Behind 31-23 at halftime, the St. Johns Junior Varsity rallied for 25 points in the third quarter to dump a tough Lakewood quintet 64-60 Friday night at Lake Odessa.

Both teams got off to a pretty slow start in the first half, Lakewood ahead 12-11 at the quarter and 31-23 at halftime.

The Redwings went ahead for the first time halfway through the third quarter. After that, they never relinquished the lead.

Steve Gregory was high point man for St. Johns with 20 points. John Berkhausen had 15, Don Palmer 12, and Mike McKay tallied 9.

### County Holstein unit elects 3 directors

Lawrence Becker and Frank Rivest were reelected to the board of directors of the Clinton County Holstein Assn. at the annual meeting Saturday at Smith Hall.

Charles Bracey was also elected to the board, replacing Ernest Jackson of Ovid, who has served as a director for the past eight years. Other directors are Raymond Thornton, Duane Green, Robert Wilcox, Leon Miller, Wesley Erickson and George Hazle.

MILLER WAS elected president of the organization at a meeting of the board. Other officers are Thornton vice president, and Wilcox secretary-treasurer. Wilcox replaces Hazle who has served the association as secretary since 1958 and who declined to accept the office this year.

NEW MEMBERS Dennis Thelen, Louis Feldpausch, Harold

#### Says Flint man assaulted him

John A. Lang, 39, of Flint, remains in Clinton County Jail, pending bond of \$2,500 on a charge of felonious assault. The bond was set by Justice of the Peace Gordon Willyoung following a complaint signed by Stanley McCrumb. The offense allegedly took place in Eagle Township.

Coffee and donuts were the order of the day this week as the St. Johns Chamber of Commerce held Factory Visitation Week coffee hours at local industries. Mel Warren (left), chairman for the project, pours coffee for employees at Saylor-Beall Manufacturing Co., where the first coffee hour was held Monday morning. Others were held at Federal Mogul, F. C. Mason Co. and St. Johns Co-operative Tuesday and Wednesday. Today (Thursday), coffee hours will be at Sealed Power Corp. at 9:20 a. m. and 10 p. m.

### District 6 MMPA delegates reelect George Austin director

George K. Austin of Ovid, who Jan. 10 was honored as the longest active member of the Ovid local of the Michigan Milk Producers Assn., has been reelected sixth district state director.

Austin has been a director since 1956. His new term is for three years.

Austin was reelected at the annual meeting of District 6 of the MMPA last Tuesday at the IOOF Hall in Ovid. Twenty-one delegates were present.

LEE ORMSTON was elected president of the district, with Burton Tabor as vice president and William Parker as secretary. Other officers elected were:

State district committee, Herbert Klein with Francis Dershem as alternate; state resolutions committee, Oscar Simon with John Khrovsky as alternate; state credentials committee, Leonard

GEORGE AUSTIN

Ralph Richard Loomis as alternate; district nominating committee, Herbert Klem, John Khrovsky, Burton Tabor, Ernest Jackson and James Becker; market committeeman, position No. 1, Ernest Dennison with Charles Babcock as alternate, and Position No. 2, Frank Rivest with Lawrence Becker as alternate.

DISTRICT DIRECTOR Austin talked to the delegation on the Class One Bases, asking what the delegates, as dairy farmers, want included in the plan or if they want any class one bases at all. Lawrence Becker, Velmar Green and Glenn Webster, market committeemen representing district 6, each expressed their opinions on the subject.

Francis Johnson, Ovid plant manager, gave a talk on the plant's many operations. Refreshments were served after the meeting by the Loyal Rebekahs.

### Says Africans serious about their education

Roger Coon, who spent 12 years in Africa as an educator, told St. Johns Exchange Club members last Thursday that Africans take education seriously because they realize their future depends so much on it.

Coon talked on "Exploring the African Personality." He said the Africans have a great faith in education as a means of solving their problems. The African student studies hard and gives great creditability to whatever is printed in books and newspapers. The people are perceptive and appreciative, he said.

COON SAID the African is more Eastern than Western in his thinking. The African also has a great need for social approval both as an individual and as a nation, he said; they are seeking recognition and wish to be recognized as nations.

Coon stated his approval of the latest trip to Africa by G. Mennen Williams to explain the US government's position on Vietnam. He said Williams is well liked by Africans and said he thought Williams has done a good job in Africa for the US.

COON SAID Americans can help improve relations with African nations by making visitors feel welcome in the United States. "We must not confuse African culture and customs with those of the American Negro," he said.

Coon is currently a graduate of Michigan State University. Most of his time in Africa was spent in Liberia.

Dr Bob Wohlers was in charge of the program. B. K. Mills was a guest.

Fred Walker was inducted into club membership by B. Stanley Poulos.

### New manager for district social security office

Melville Hosch, regional director of the U.S. Department of Health, Education and Welfare in Chicago, has announced the appointment of Roger W. Seamon as district manager of the Lansing social security district office.

Seamon is a native of Grand Rapids and a graduate of Michigan State University. Prior to coming to Lansing, he served as senior management staff assistant in the social security regional office in Cleveland, Ohio. His other assignments with social security have been in Mount Pleasant, Dearborn, Jackson and Grand Rapids.

THE LANSING social security district includes Clinton, Eaton, Ingham and Livingston counties. The district office is located at Room 201 in the Federal Building in Lansing. Office hours are 8:45 a. m. to 5 p. m. Monday through Friday. The office is also open on Saturday mornings from 9 a. m. to noon to offer additional service during the medicare registration period.

### DeWitt man fined \$89 for drunk driving

Frank J. Beachnaw, 32, of 1003 Webb Road, DeWitt, was fined \$75 plus \$14.00 costs last Wednesday following his arrest and conviction for driving under the influence of liquor. State police arrested him; St. Johns Municipal Judge Alba Wert fined him.

### Road Commission Weekly Report

Most of the Township meetings have been completed this year. Eleven townships have already been in to discuss plans for local roads for 1966. Watertown and DeWitt are scheduled for Friday of this week and Westphalia, Riley and Bath will follow next week.

The labor meeting that was to be held last Thursday was postponed to today, Jan. 20.

THE REGULAR meeting of the Board of Clinton County Road Commissioners was held Tuesday, Jan. 18. The Board discussed a new plan in DeWitt Township. The commission went over the crane bids and the merits of several makes of cranes. They also took up the matter of bids for material and services for 1966.

Snow removal occupied the maintenance crews last week from Thursday into the weekend. All available units worked Saturday to finish local roads.

THE TWO new trucks purchased last Nov. 18 have been received and are having bodies mounted. They are expected to be in service by next week.

We are out of County maps at the road commission office but expect a new printing any day now. DON EWING Road Clerk

### Noisy muffler only the start of police charges

Two area youths got into further trouble Monday as the result of a defective muffler.

A state police officer pursued a car driven by William J. Suchowsky, 19, of 610 N. Clinton Avenue, St. Johns, after it passed him making a considerable amount of noise.

Suchowsky allegedly led the trooper a merry chase around town and finally drove up in front of his home. He and a passenger, Melvin L. Pouch, 22, of R-1, 8664 Upton Road, Elsie, dashed into the house, with the officer in pursuit.

THE OFFICER chased them upstairs in the home, and after a bit of reported fistfights, quieted the pair down.

Suchowsky was fined \$10.10 plus \$4.90 costs on the defective muffler charge by Judge Alba Wert, but after that came other charges. He was charged with reckless driving, for which a \$300 bond was set by the judge, and with assaulting a police officer, for which a \$500 was set.

Pouch was later charged with obstructing an officer, and his bond was also set by Wert at \$500.

### Driving Licenses Revoked in County

Book Shelf

By Hila Gross

A timely book which is a newcomer to Bement Public Library is George Sullivan's BETTER ICE HOCKEY FOR BOYS. Obviously, it will not command a large reader audience, but it should prove useful to a larger number than its title implies. In other words, it need not be limited to boys, but it is a good source book on the subject of hockey for anybody interested in the game. It is extensively illustrated with diagrams and good pictures, with complete explanations.

Another seasonal book new to our shelves is WANDERING THROUGH WINTER by Edwin Way Teale, author of NORTH WITH THE SPRING, AUTUMN ACROSS AMERICA, AND JOURNEY INTO SUMMER. This book marks the climax of Mr Teale's 20-year adventure with the American seasons, taking his readers with him on his 20,000-mile trek through America in winter, from California's snowless deserts to the snowbound tip of Maine. Illustrated with superb photographs, this book is a memorial to the late Miss Sue Durkee.

D. E. STEVENSON'S newest book, THE MARRIAGE OF KATHERINE, has not been in the library long enough at any one time for this reviewer to become as familiar with it, so popular are this author's books. So all we can say is that we do own it, it is a sequel to KATHERINE WENTWORTH, and if you want to read it just come to the library and get in line. (Incidentally, we do have a waiting list on popular books and we will call you when the book you are waiting for comes in, if you are next in line. We can hold it no more than 24 hours, however.)

We have just received the MICHIGAN MANUAL for the years of 1965 and 1966. Published bi-annually, the MICHIGAN MANUAL is a marvelous source of statistical information, not only about our state but about other states and the United States as a whole. In the front of the book are beautiful colored plates of the capitol grounds in May, the state flag, coat of arms, the state bird (still the robin), the state flower and the state tree. New to this year's edition are colored plates of the state fish (the trout) and the state stone (the Petoskey stone). This book cannot be discarded by our library, because it is the property of the State of Michigan and remains so.

It is usually the important man that doesn't mind acting unimportant.

Understanding your HEALTH. By Albert E. Heustis, M.D. Director Michigan Department of Public Health

Diabetes is a disease that begins so slowly that its early signs are often missed by its victims - but this disease killed over 2,000 Michigan folks last year.

Yet, diabetes is a condition that can be medically treated and controlled - once discovered, that is. The important thing is to find out if you have it, and to find out early enough so that treatment can be started to head off complications.

I'M SURE YOU see the situation. Here is a disease for which medical science has a treatment and yet this help is not being employed by many of the folks who need it.

Days switched for state's big week celebration

There'll be a switch in two of the seven special days of Michigan Week this year. As the week always begins on the third Sunday of May, the 1966 dates are May 15-21.

Tuesday, which has been Hospitality Day since Michigan Week began in 1954, will be Our Heritage Day. Friday, which has always been Our Heritage Day, will be Hospitality Day.

In announcing the change, General Chairman Paul Penfield, advertising director of Detroit Edison Co., explained that the switch results from a suggestion by the Wyandotte Board of Commerce that in a great vacation state in springtime the most appropriate time for hospitality celebration is at the start of the weekend.

TRADITIONALLY scores of communities celebrate Hospitality Day with special visitor greeting programs, often having police issue tickets to out-of-county motorists for coffee and doughnuts, lunch, dinner or even overnight accommodations.

The Wyandotte group also urged that Friday would be the ideal time for hospitality activities in business places because so many stores are open Friday evening in shopping centers and elsewhere.

A SURVEY AMONG state and local Michigan Week leaders brought complete agreement with the Wyandotte suggestion. It turned out that county historical societies, usually in charge of Heritage Day arrangements, felt Tuesday will be a much better time than Friday to get people out for the civic dinners that are held in many places to toast local history.

The other special days remain as in the past - Sunday, Spiritual Foundations Day; Monday, Our Government Day; Wednesday, Our Livelihood Day; Thursday, Education Day; Saturday, Our Youth Day.

Bubble bath irritates small children

A physician reported recently that a 2 1/2-year-old boy was suddenly hit by a urinary tract difficulty. He had to urinate frequently and the process was quite painful. Physical and X-ray examinations revealed no abnormalities, and there was no sign of infection.

When told that the child was bathed every day or so in a non-perfumed, liquid bubble bath preparation, the doctor asked that this practice be discontinued. The symptoms then disappeared and did not recur. Girls, too, the physician observed, have been known to become irritated by bubble bath. It may be safer to let children blow bubbles than to bathe in them!

The years are beginning to add up if it takes you longer to rest than it did to get tired.

## Seeing the church at work is topic for MYF, Sunday

ELISIE —Miss Patty Somers, a senior at Chesaning High School and a member of the Chapin Methodist Fellowship will be guest-speaker at next Sunday evening's MYF meeting in Elsie.

Patty will show colored slides and tell about her 12-day trip through the eastern United States, "Seeing the Church at Work." She was one of a caravan of 36 young people with four counselors from the Detroit Conference, who traveled through the Detroit area, Gettysburg, Washington, D.C., New York City and Boston and returned through Canada.

The young people not only saw many historic and famous places, beautiful scenery and buildings but they also observed the work of the churches of several denominations.

Each member may bring a guest and the Junior MYF are invited to attend.

KEN BAESE, vice president of the Senior MYF presided at the meeting Sunday night. It was decided to undertake minor remodeling in the Chapel with adult consultation. He appointed Janice Kelley, chairman of the committee to plan a money-making project, while Sharon Dunham, Sandra Grubaugh, Jennifer Keys and David Showers volunteered to assist her.

It was reported that Sharon Dunham, Sandra Grubaugh, Kathy Tribelner and Jennifer Keys who will represent the local MYF and Dave Showers as a district officer will attend Mid-Winter Institute at Big Rapids over the weekend of Jan. 28-30.

## Blue Star Moms installed officers

ELISIE —The Blue Star Mothers met at the home of Mrs. George Serviss for their regular meeting, Wednesday afternoon. There were five ladies from the St. Johns Chapter to install the new officers.

The Elsie officers installed were Mrs. Hilda Swarhout, president; Mrs. Serviss, vice president; Mrs. Archie Saxton, secretary; Mrs. Francis Pearl, treasurer; Mrs. Albert Ensign, chaplain; Mrs. Norman Thornton, Americanization and Civil Defense; Mrs. Serviss, hospital and flower chairman; Mrs. Dale Dunham, color bearer 2 and Mrs. Albert Craven, reporter and patriotic instructor. Mrs. Arvilla Robinson, 2nd vice president was hospitalized and unable to be installed at this time.

A gift package was drawn by one of the St. Johns ladies, after which a luncheon was served by the Chapter. Mrs. Serviss will again host the local group at their next meeting.

It was voted to pay half the expenses of the local representatives.

Sunday evening, Feb. 6, was scheduled for recruiting new members and reactivating others. At that time, Jackie Moore, Kathy Tribelner, Sharon Dunham and Dave Showers will be in charge of the program and fellowship.

President Jennifer Keys sent thanks to the young people who aided her in the Chapel "clean-up bee" on Saturday afternoon.

The program opened with worship service led by Kathy Tribelner. "A Call to Young Churchmen" was presented by Cindy and Ken Lentz from a study of Christian Living.

The MYF circle benediction closed the program, after which volleyball was played in Fellowship Hall.

## Hugel Leonard spoke to PTA

ELISIE —Hugel Leonard, principal of the Ovid Elementary School, was guest speaker for the Elsie PTA Monday night in the high school cafeteria.

The new remedial program to be offered to the Ovid-Elsie Area students was the subject of his talk.

He explained that it is made available through the 1965 Federal Aid Program to help academically deprived students, ages 5 to 16 with greatest emphasis on the primary and junior high groups but all children will benefit in some way.

THE PROGRAM will provide for remedial teachers, aides, summer school and remedial materials, consultants and library assistant.

Leonard added that much time has been spent in exploring ways of helping children who are in their formative years and are in need of basic skills.

A DISCUSSION period followed while coffee and cookies were served by Mrs. Gene Schoendorf, Mrs. John Zuchschwerdt, Mrs. Joe Micka, Mrs. Blaine Lentz and Mrs. Glen Parks.

The next executive board meeting of the PTA will be Jan. 31 when plans will be discussed for hobby and talent shows which were previously recommended for separate nights. Lyle Acre presided for the brief business meeting.

## Junior MYF met Sunday

ELISIE —The Junior MYF held a Sunday afternoon meeting at the home of its counselor, Mrs. Alpha Grubaugh. Bryon Green presided for the brief business meeting.

after which the youngsters went to the Maple River for skating and slodging.

Following the fun — packed afternoon, they returned to the Grubaugh home where Mrs. Grubaugh and daughter, Sandra served hot chocolate and cookies and enjoyed a few games.

## Announce Minot-Hinkley marriage

ELISIE —Mr and Mrs Murphy Gins of Minot, N.D. announce the marriage of their daughter, Bonnie to Daniel R. Hinkley, son of Mr and Mrs Loyal Hinkley of Elsie, on Saturday, Jan. 8 at Big Rapids, Mich.

The newlyweds will make their home in Big Rapids where both are employed. He is resuming his studies at Ferris State College, after serving four years with the US Air Force.

## Hobby Club met Tuesday

ELISIE —The North Fairfield Hobby Club met at the home of Mrs. Rudy Doubrava Tuesday afternoon with eight members present.

Ruby Dunham furnished the mystery package won by Lucille Winkler. Ilene Purves won the door-prize.

The club voted to have secret pals and names were drawn. Nancy Hehrer will have the next party and members will make candy.

## Simple household repairs presented to Study Club

ELISIE —Fifteen ladies of the West Elsie Extension Study club met at the home of Mrs. George Blayne for their January session.

Each answered roll call by naming a repair job they wanted done. A "handy-man" could find plenty to do among this group.

The lesson was presented by the leaders, Mrs. Ray Peck and Mrs. Howard Whitaker. "Simple Household Repairs" dealing with plumbing and electrical equipment was the subject covered.

THEY DISCUSSED the numerous "fix-it" jobs that could be done by the lady of the house. Whether a "Josephine, the Plumber" will materialize, only time will tell.

They stressed rules for safety and care of electrical appliances more than any repairing that could be done by an amateur. The opinion of the group was for most electrical adjustments to be left to a licensed electrician.

The next meeting Feb. 9, will be at the home of Mrs. Charles Fizzell. "New Foods and Packaging" will be the topic under discussion.

Mrs. Ralph Stull will be hostess for the Esther Circle of the Methodist WSCS Thursday, Jan. 20 at her home.

The official board of the church will meet for a potluck supper and business meeting at the parsonage Wednesday evening.

Dr. Emil Pfister of Central Michigan University will be guest speaker at the Elsie Methodist Church during the morning service. He will bring information of International Christian University in Tokyo, Japan where he spent last year as an Exchange professor.

Mrs. Harlo Bates was taken to Clinton Memorial Hospital, Friday, where she was placed under an oxygen tent.

Rex Scott underwent surgery Thursday in the Owosso Memorial Hospital. He will remain there for further surgery next week.

Sunday afternoon callers of Mrs. R. C. Woodard at the Ovid Nursing Home were her children Mr and Mrs Wilbur Wulf of Lansing, Mr and Mrs Mack Oakley of Clarkston, Mr and Mrs Walter Woodard and daughter of Midland, Mr and Mrs J. A. Reagh of Saginaw; and Mrs. Clifford Gelger of Elsie. They also visited their father at his home in Elsie.

# Minor home repairs taught by Earl Haas

BY HELEN MEACH  
Extension Home Economist

Wiring worries, faulty faucets and plumbing problems can be cured by you, Mrs. Homemaker, if you will learn a few basic rules and keep handy a few inexpensive tools.

peres. Be sure the appliance is getting the current (amperage) and pressure (voltage) it requires.

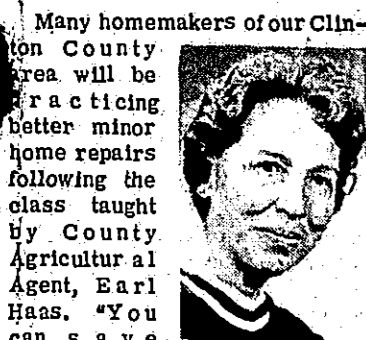

USE ELECTRICAL appliances away from the sink. Use appliances in good repair only. Turn current off when equipment is not in use to avoid overheating and unnecessary wear.

Remember that faulty cords and plugs cause short circuits. —Don't bend or run cords under rugs, or allow knots in cords. Grasp the plug, not the cord, when disconnecting. Attach cord to equipment before connecting to convenience outlet, to prevent "sparking." Turn off your appliance before you plug it in.

Avoid use of extension cords by providing more convenience outlets if needed. Use only heater cords (asbestos or special rubber) with heating appliances.

FOR SAFETY, prevent electric shock or burns by never touching open wires or sockets. Be sure hands are dry when handling connected equipment. Don't use forks or metal objects to remove toast from the toaster.

Mileage meters on all new cars made since Jan. 1, 1965, are accurate, says the January Reader's Digest, but on earlier cars specifications for odometers permitted errors up to 5 per cent on the plus side. This contributed to safety by allowing motorists to think they were going faster than they really were but also cheated car renters and employers who paid workers mileage.

Many homemakers of our Clinton County area will be practicing better minor home repairs following the class taught by County Agricultural Agent, Earl Haas. "You can save money and avoid delays by making the minor repairs at your house," said Haas as he gave a lively demonstration of repairing water faucets and valves.

Some women attending the class admitted that they did not recognize a water shut-off valve or know where to shut off the water pipes in their home.

THE MYSTERIES of fuse boxes and circuit breakers were cleared up for these homemakers by Mr. Haas.

Safety habits when working with electricity have top priority. Following are some of the problems to watch as given to the class of homemakers.

Know the SAFE load to your circuits. (You wouldn't overload a clothesline!) Replace incorrect fuses with one of proper am-

Jack Schnepf, the director, explains the scene to David Swanson, Madge Underwood, Mary Beth Upton and Jean Schultheis. Martin Stewart sitting on the floor also listens.

Jack Schnepf shows Rev. Merlin Delo, David Swanson and Mary Beth Upton how it should be done.

# Fulton schools PTA sponsoring 'A Man Called Peter' Jan. 28

Like real "show biz" people, the cast of "A Man Called Peter," to be given at Fulton High School, Jan. 28, made it to practice last Thursday night even though many roads were yet to be plowed. Although few members of the cast have little experience other than appearing in high school plays, they all seem to be infected with "the show must go on."

Judith Bickle (Madge Underwood) is a maiden lady in her 50's. Mrs. Underwood teaches 1st grade at Maple Rapids school.

JUDY WARNER plays the part of Jesse Bickle, Judith Bickle's sister.

The part of Susan Grant will be played by Jean Schultheis. Mrs. Schultheis, a graduate of Central Michigan University, teaches at Maple Rapids. While in college she appeared in freshman one-act plays.

Susan's mother, Marian Grant will be played by Peggy Cooper. Mrs. Cooper is a graduate of Ithaca High School and is housewife and mother.

Steven Grant, Susan's father will be played by her husband, Barney Schultheis. He is a graduate of Central Michigan University and is a coach at Fulton High School.

GEORGE YOST, who is engaged to Susan, will be played by Ron Freisen. He attended Alma College and Western Michigan University. Freisen manages a farm north of Middleton.

A teller in the Commercial National Bank of Middleton, Don Beard, will take the part of Joe Keating, an underprivileged boy. Beard is a graduate of Fulton High School.

Al Abshagen of Maple Rapids will play the part of US Senator James Knox Polk. Abshagen, a broker for Rainbow Lake, is a graduate of Redford High School and Wayne State.

THE PART OF Nancy Everetts, a high school senior, will be taken by a Maple Rapids teacher, Wanda Moore.

Another teacher playing the part of a student is Peggy Freisen. She will be Barbara Logan.

The part of Hilda, an inefficient housekeeper, will be taken by Winnie Wallace, who in real life

is a housewife and working mother

JACK SCHNEPP, the director of "A Man Called Peter," is the high school drama coach in addition to his duties as Fulton Elementary School principal. Schnepf is a graduate of Alma High School and Central Michigan University.

THE PLAY will be given Friday, Jan. 28, at 8 p.m. at Fulton High School gymnasium. Admission will be \$1 for adults and 50¢ for students.

Proven cream makes wrinkles diminish or vanish in 2 weeks

With a substance new to cosmetics, named Genava, aging skin can start looking younger and younger—no matter how old.

After a two-week trial on a selected group of women, a noted dermatologist reports on the ingredients in Genava:

"Disappearance of small wrinkles was accomplished in two-week period; even the very deepest wrinkles showed very great improvement."

Dr. W. F. also comments, "The small superficial wrinkles responded dramatically." And he adds that the skin was "more translucent and smoother in appearance."

These results are nothing short of amazing. And it took a new cosmetic compound to do it.

Genava was developed by the trustworthy Nina laboratory. Designed to be used twice daily—under make-up and overnight—it is absorbed instantly by the skin. Start using Genava today. In just two weeks your wrinkles will vanish or diminish greatly. Skin becomes more translucent, smoother. You will look gloriously younger! 1.65 oz. \$3.50; 4 oz. \$5.00.

## Blue Star Mothers install officers

Jan. 11 the local chapter of the Blue Star Mothers held their first meeting of the year at the Senior Citizens Drop-In Center with 23 members present.

Mary Masarik presided. She read several letters of thanks for Christmas gifts that the chapter sent. She read a letter from the national president, Mary Note, which was about the 1966 program. A letter from the national membership chairman urging the chapter to promote a membership drive was also read.

The president noted that the chapter lost two members by death during the past year, Mrs. Pauline Ebert and Mrs. Frances Reeves.

INSTALLATION OF officers took place with 4th Vice Presi-

dent of the Michigan Department Grace Shipley acting as installing officer. She was assisted by Mrs. Chloe Bartholomew, installing chaplain.

Officers for 1966 installed were president, Mary Masarik; 1st vice-president, Anna Cole; 2nd vice-president, Evelyn Sulka; secretary, Vivian Walton, financial secretary, Eloise Pease; treasurer, Ruth DeBoer; Chaplain, Mable Malar; patriotic instructor, Marlon Orweller; historian, Ann Sater and musician, Bertha Henning.

THE PRESIDENT appointed the new chairman for the year. Selected were Myrtle Tolls, hospital; Chloe Bartholomew, Americanism; Della Corkin, knitting; Ruth Barrett, cards and flowers; Edna Eldred and Pearl Teach-

out, ways and means; Dorothy Steves, community service; Jessie Finch, reporter and Nora Helbeck, rehabilitation.

The mystery prize was won by Pearl Teachout.

The committee for the next meeting includes Peg Baker, chairman; Ruth Barrett, Beatrice Boling and Alberta Brock.

A layer of chalk, believed to be the oldest deep-sea material obtained from any ocean, has been discovered more than two miles below the surface of the Pacific by Columbia University scientists. They estimate the layer was deposited about 106 million years ago. The discovery was made in the western Pacific north of Wake Island in an area on the ocean floor called the Shatskovo Rise.

### Bath DAR 'good citizen' announced

MISS VAN SICKLE

BATH — Miss Carol VanSickle has been named the DAR Good Citizen of Bath High School. Carol is a senior and is the daughter of Mr and Mrs Ray Van Sickle of Main Street, Bath. She is a member of the National Honor Society, vice-president of Student Council and had one of the lead roles in the Senior Class play. She was also in the Junior play. She was a candidate for Homecoming Queen last October. She is a member of the Girls Glee Club, the Girls Athletic Association and vice-president of Future Teachers Club.

Carol plans to attend Adrain College, Adrain in the fall and has already been accepted.

She will be presented with a pin representing her award by Mrs Doris Wilkins, at an Honor Day Assembly, Feb. 4, at the school.

Though still more expensive than water used by most cities, engineers have cut the cost of desalted sea water by 75 per cent since 1952. Bigger plants combined with power-generating stations promise further cuts in cost.

Westphalia were Herb Werner 12, Ken Simon 11, Duane Blatt and Heckman 7 each, Jim Barker 5, Jack McWilliams 4 and Bruce George and Jerry Stump 2 each.

A three-way tie developed in the City League last Wednesday night following two upsets, one a defeat of a previously undefeated team. The first half of the season ended last night (Jan. 19).

Clinton Tractors dropped their first game of the year, losing 75-69 to Pewamo-Westphalia. Miller's Tavern defeated Sealed Power 76-57, and in the finale of the evening Bee's snapped a season-long losing streak and beat Federal Mogul 66-54.

CLARK BERKHOUSEN scored 11 field goals and 10 free throws but it wasn't enough as Clinton Tractors dropped their first game. They led 35-34 at the half, but P-W rallied strongly in the second half.

Bill Werner of P-W hit three consecutive field goals in the last 90 seconds of the game, and his 25 total points paced winners. Bill Heckman clinched the victory when he sank two free throws with 13 seconds left.

## Nice Feeling, Even at -8 Degrees

Joe Spousta of 408 E. Steel Street shows off three beauties which he and his party came home from Higgins Lake with Sunday. The lake trout, caught on tip-ups and minnows, weighed and measured 3 pounds and 20 inches; 7 3/4 pounds and 29 inches; and 9 pounds and 30 inches. Spousta was fishing with sons Joe Jr. and David, brother John Spousta and his children John Jr. and Patti. They were fishing on a seven-inch layer of ice over about 90 feet of water, Spousta said. When they got up to start fishing Saturday morning it was 8 degrees below zero.

## Big 2nd half carries Elsie past Laingsburg

ELSE - The Elsie Big Reds reversed the tide on Laingsburg in the second half of their Central Michigan C Conference game Friday night, and the ebbs was strong enough to wash under the Wolpack 57-51.

It was all Laingsburg in the first half as Elsie's pressing defense did little good. The Wolves bounced out to a 23-13 first-quarter lead and by halftime they were enjoying a 38-21 advantage.

THEN ELSE threw up a man-to-man defense in the second half, and Laingsburg was helpless. They got only 7 points in the third period, while Elsie was scoring 19 to trail only 45-40 going into the final eight minutes. Elsie outscored them 17-6 in that final period to win going away.

Thronton led Elsie with 14 points, while L. D. Jones had 12, Seybert 6, R. J. Jones 10, Schultz 2, Waggoner 9 and Gueysky 6. Shaw's 25 was high for Laingsburg, while Jorae had 3, Steer 9, Veith 8 and McPhall 6.

## Sharp-eyed Ovid beats P-W 88-69 despite fouls

OVID - Six Ovid players fouled out Friday night in the Roman's Central Michigan C basketball game with Pewamo-Westphalia, but Ovid offset that with some hot outcourt shooting to dump P-W 88-69.

Ovid scored 32 field goals on 46 per cent of their shots. P-W could hit only 18 field goals, and despite Ovid's 43 fouls committed, they had only a 33-26 free throw advantage.

IN FACT, P-W missed 17 free throws in the first half and got only one field goal in the second quarter as Ovid built a 43-19 halftime lead.

Bob Gazda led Ovid's scoring with 27 points, while Dennis Love had 12, Jerry Gazda 2, Doug Behrens 20, Gary Tremblay 3, Greg Price 2, Dean Simpson 7, Gale Bancroft 11 and Dan Tubbs 4.

FOR PEWAMO - Westphalia, Fred Smith had 17, Ervin Thelen 10, Dave Irrever 4, Tom Hahn 2, Gary Bissell 13, Glenn Schafer 12, Ken Miller 2, Randy Pohl 2, Larry Vance 5 and Bill Barker 2.

Seeking games Ovid-Elsie High School is seeking basketball games for Nov. 29 and Dec. 6, 1966, and Jan. 17 and 20 and Feb. 21 and 24, 1967, according to the Michigan High School Athletic Assn. Bulletin.

It takes a six-inch layer of moist snow or a 30-inch layer of dry snow to equal the water in a one-inch rainfall.

## Fulton bowls over Carson

MIDDLETON - Fulton High School dominated the backboards and got a balanced scoring effort Friday night as the Pirates defeated Carson City 55-43.

Chris VanSickle, who moved from forward to guard, had the best night of his career, hitting 18 points. Bill Cartwright had 17 points, including 10 in the first half as Fulton took a 25-20 lead into the third period.

RANDY VanSickle had 12 points for the evening, including 8 in the last period as Fulton expanded a two-point, 35-33 lead at the start into the final 12-point margin.

Other scorers for Fulton were Jeff Gray with 7 and Gregg Demott with 1. Willes was high for Carson City with 20 points, while Zimmerman had 8.

## P-W 1st victim for Big Reds

PEWAMO - WESTPHALIA - Elsie won its first game of the season Jan. 11 when the Big Reds toppled Pewamo - Westphalia 62-53.

The victory came via a fourth-quarter rally in which the winners outscored P-W 22-11. Elsie had led 16-15 at the end of the first quarter and 30-29 at the half, but P-W drove out in front, 42-40, after three periods.

FOR ELSE, L. D. Jones' 17 points was the high for the night, while Seybert had 6, R. T. Jones 2, Schultz 9, Thronton 15, Ackles 2, Waggoner 9 and Gueysky 2.

Bruce Thelen and Larry Vance led P-W with 12 points each; others scoring were Dave Irrever 4, Glenn Schafer 8, Ken Miller 7, and Bill Barker 8.

FOR ELSE, L. D. Jones' 17 points was the high for the night, while Seybert had 6, R. T. Jones 2, Schultz 9, Thronton 15, Ackles 2, Waggoner 9 and Gueysky 2.

The Romans led 14-13 at the end of the first quarter but were outscored in each of the following periods.

Dennis Love led Ovid with 15 points, while Dean Simpson had 10, Bob Gazda 10, Jerry Gazda 3, Doug Behrens 8, Dan Tubbs 7 and Sam Sinteropt 2. Bump Lardie had 19 points to Perry.

## Fulton survives Vestaburg press to win, 63-61

MIDDLETON - Fulton survived a full-court press by Vestaburg and squeaked out a 63-61 victory last Tuesday night, Jan. 11, thanks to the free throw.

Fulton could not get a single field goal in the fourth quarter as Vestaburg's press took hold. But the Pirates hit on 14 free throws in the period to survive a rally that saw Vestaburg come close after trailing 49-38 going into the last eight minutes.

Fulton hit on 27 of 50 foul shots during the evening.

THE PIRATES started fast, taking a 15-5 first quarter lead and then watching it diminish to 30-23 at halftime. With a good third quarter, Fulton built a 49-38 third quarter lead that was barely enough to withstand Vestaburg's rally.

Billy Cartwright led Fulton with 21 points, including 11 free throws, while Randy VanSickle had 17, Gregg Demott 13, Chris VanSickle and Day Eyer 5 each and Jeff Gray 2. Wilson led Vestaburg with 14 points.

## Bath free throws boost Bees over DeWitt, 85-72

BATH - The Bath Bees came on strong in the second half Friday night to defeat DeWitt 85-72 in a Central Michigan C conference game.

The Bees used the free throw effectively, and that was what accounted for the victory. DeWitt outscored Bath from the field, but the Bees had 33 free throws for the evening compared to 18 for DeWitt.

BILL WATSON led DeWitt to a 38-37 halftime lead, but Bath came in strong in the third period with a 24-13 scoring margin over DeWitt and then coasted in from there.

Bruce Miller was high point man for Bath with 32 points, including 12 free throws, while Jim Sober had 19 points, Randy Tucker 3, Rusty Wolfe 5, Mike Tucker 13, Elias David 2, Wes Park 10 and Mark Ankey 1.

WATSON HAD 26 points to pace a well-balanced DeWitt scoring effort. Keck had 18, Foster and Parker 11 each, Hanson 1 and Fuller 5.

# Redwings shine, Lakewood falls

St. Johns played its best basketball of the year Friday night, according to Coach Bill Swears, and the Redwings came home from Lakewood High School with a sweet 80-55 victory and a share of first place in the league.

The victory gave the Redwings a West Central Conference mark of 4-2, the same as Hastings and Alma. Alma had led the league but was upset Friday night by Ionia.

Five St. Johns players scored in double figures against Lakewood, but it was the Redwing defense which gave their coach pride. He complimented the players for their efforts, particularly Gene Rademacher, Jim Leonard and Rademacher.

"IT WAS AN outstanding defensive game," Swears said. "Our half-court press really bottled them up." St. Johns gave up only 55 points, their "stingiest" night since Dec. 10 against Hastings when they yielded 52.

Springer effectively throttled Tom Barnum of Lakewood, who had scored 27 points the game before, allowing him only 2 points. Springer scored 16 points

himself before fouling out in the second half.

Rademacher shared the scoring honors with 16 points of his own and intercepted enough Lakewood plays to about equal that figure. Leonard scored 13 points but played his best game of the year, Swears pointed out, with a fine floor game and nifty passing.

BILL DeGROOT also scored 13 points and his backcourt play was effective in breaking a full-court Lakewood press. Bob Ortwein had 10 points, his best since the Lakewood game and second-high for the year. John Wilson had 6 points and pulled down 10 rebounds, second only to DeGroot's 13. Randy Humphrey had 3 points, Gary Boyce 2 and Roger Leavitt had 1 point.

St. Johns led throughout the game. They had a 49-26 halftime lead based primarily on 20 field goals out of 44 shots. Lakewood rallied briefly in the third quarter, closing the gap by five points, but the Redwings gained that back, and then some, in the fourth quarter. All St. Johns players saw action before the night was over.

The Redwings shot 35 per cent

from the field for the night and canned 22 of 29 free throws.

Mike O'Toole and Jeff Wells were high scorers for Lakewood with 12 points each.

BATH - Undefeated Portland led all the way and was never threatened even by Bath's fourth quarter rally last Tuesday night, Jan. 11, as the Bees lost the Central Michigan C encounter 79-63.

Portland held big quarterly scoring margins of 13-7, 24-13 and 26-12 in the first three quarters. As the Portland regulars retired, however, Bath came to life and outscored Portland 31-16, but it was far short.

It was Portland's 29th consecutive regular season victory.

Jim Sober led Bath in a losing cause with 25 points, while Bruce Miller had 20, Rusty Wolfe 10, Roger Friend 1, Mike Tucker 6 and Wes Park 1. Gale Rogers scored 26 to lead Portland.

Helen Hufnagel scores 32 in girls basketball

Helen Hufnagel scored 32 points to lead the Spartans to a 47-16 victory over the Chicks in the first girls' basketball game of the year under the city recreation program. Sheila Brewbaker, Sue Cerney and Donna Smith had 4 points each to lead the Chicks. The girls' basketball games are played on Tuesday evenings at the St. Joseph School gym.

**Liability to Store Customer**

A woman, while shopping in a grocery store, was injured in a fall over a pile of construction materials left in an aisle by an employee of a contractor engaged in alteration work for the store. In her suit for damages, the jury's verdict in her favor and against both the store and the contractor included damages for cancer which she claimed resulted from the trauma of the fall. The appellate court affirmed the judgment, holding that her evidence was sufficient to support the jury's findings of a causal connection between the injuries and the later developing cancer. TOPS Queen of the Year

Mrs Sydney Acre of rural Elsie was crowned TOPS Queen of the Year by last year's queen, Mrs Arlie Peck of R-1, Ashley. Mrs Acre, the mother of four, Wendy, 7, Tim, 6, Lori, 5 and Keri, 3, obtained the title by losing 46 pounds since she joined TOPS, June 1.

Gunnisonville

By Mrs Loui E. Fritz

After 25 years Mrs McConkey retires

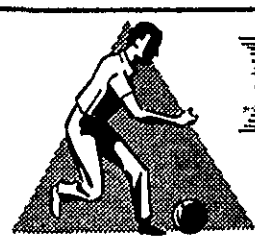

GUNNISONVILLE - Mrs Howard McConkey who has been visiting her sister Mrs Gladys Baldut left Saturday morning for Lake Worth, Fla. to join her husband where they will make their future home.

She resigned her position as office manager where she had been employed for the past 25 years, first, for the Shady Dietrick Company and until her retirement at the George Washington Company.

Jan. 4 the two companies entertained her and 40 guests at a retirement dinner. She received many lovely gifts including a plaque of outstanding service, a ruby charm bracelet with a 25 year medal and a memory book with letters from the officials and directors of both companies with pictures taken at the dinner.

Mrs Gladys Baldut and Mrs Howard McConkey were Friday evening dinner guests of their sister Mrs. Harold Raymond of Haslett.

Mr and Mrs Ernie Fritz were Tuesday visitors of their sister and brother-in-law Mr and Mrs Scott Hartwick of Elsie.

**Fowler VFW Gives Probate Court New Flags**

Flags of the United States and Michigan were presented to the Clinton County Probate Court last Thursday night by Fowler VFW Post 3733. Probate Judge Timothy M. Green (fourth from left), who is also judge advocate of the post, accepted the flags for the court. Left to right are Lawrence Klein, post adjutant; Pete Weller, officer of the day; Julius Bengel, junior vice commander; Green; Alvin Pung, commander; Gordon Piggott, quartermaster; and Al Kloeckner, post trustee. The post and auxiliary has also given flags to the schools in Fowler, Pewamo and Westphalia.

**Chamber rallying members with new attention to plans**

The St. Johns Chamber of Commerce has begun a "We Are A Member — St. Johns Chamber of Commerce" campaign wherein publicity, a sign board and a directory will be utilized to call attention to the firms and individuals who support that organization and make its many programs possible.

Chamber President Don Gilson said that within the next two weeks publicity would be put out detailing the accomplishments of the Chamber during 1965 and calling attention to programs slated for 1966.

Working for a better St. Johns are 109 business, industrial and professional firms and individuals who are members of the St. Johns Chamber of Commerce.

The board of directors of the Chamber, in listing the organizations' members, said it was because of these firms and individuals that the Chamber is able to carry out many of its programs.

"AND, WE ARE ASKING our members to use the slogan 'We Are A Member — St. Johns Chamber' in all of their ads, thereby calling attention to the fact that they support our organization," Gilson added.

Current copies of the Chamber's membership are being mailed to the news media so that they will know who the members are.

"We have accomplished a great deal in 1965, and we feel the residents of the community have a right to know which firms and individuals made it all possible," President Gilson said, speaking for the organization's board of directors.

**109 local firms help build area with Chamber membership**

"WE WILL ALSO publicize the firms who have helped us do these things for the betterment of our community," he said.

A membership signboard is being made for use in the Chamber of Commerce office and windows. It will list members.

In addition, a Chamber of Com-

merce Membership Directory will be printed, listing members by category. This will be distributed to all who request business directories in the future. It is being designed so that it can be updated frequently during the year, thereby making it possible for new members to be included as they join.

"DURING 1965 we accomplished a great deal and the prospects for a good program of activity for 1966 are even brighter," Chamber President Don Gilson said. He cited a number of projects completed during the past year as being those of which he was particularly proud.

They were: Factory Recognition Week; Town and Country Dinners, Miss St. Johns Contest, Michigan State Grange convention, printing of the St. Johns Industrial Data Guide, Sidewalk Days, distribution of church schedules, the promotion of St. Johns on Flint, Kalamazoo and Lansing TV stations, 4-H vaudeville fair, welcome teachers, Ionia Trailer Club rally, Moonlight Madness, Workman's Compensation Seminar; free kiddie helicopter rides, Santa visits and Santa Parades and the serving as a communication center for new business and industrial prospects.

"We owe our success to the following, who have made all of this possible," he said.

**ON TARGET**  
with the St. Johns Chamber of Commerce

By BETTY JANE MINSKY  
Manager

In Chamber of Commerce work, industrial promotion plays an important role. And, although each community has its own unique needs, and therefore the programs are varied, basically there are three categories into which Chambers of Commerce channel their efforts.

1. Service to existing industry.
2. Activities designed to stimulate and facilitate the development of locally sponsored industry.
3. Activities designed to attract industry from outside of the community.

THIS WEEK I am going to discuss the first of these three activities . . . the offering of service to existing industry, for this is "Factory Recognition Week" in St. Johns. And, high among the list of services a Chamber can offer existing industry is public relation programs — programs designed to make the industry feel welcome and wanted in the community.

NOW IN ITS fourth year, the Factory Recognition Week does just that. It offers the Chamber an opportunity to show its appreciation to St. Johns industries and the men and women who work for them.

So that we might get some local opinion on these visits which began Monday and continue through Thursday, "On Target" interviewed some of the people associated with the program. These are the responses:

MEL WARREN, C of C Chairman for this year's program: "This is a good will and public relations program designed to acquaint businessmen and industrial employees. I am satisfied the programs are successful as for the past two years I took part in them and felt that the employees really enjoyed the coffee breaks with us. If it weren't for these coffee breaks, there would be many of our industrial employees whom we would never meet."

Larry Sexton, Sealed Power Corp.: "I feel these coffee breaks are good. It gives the businessmen a chance to become acquainted with the people who work in St. Johns. They meet our employees and know where they are working. We all know that the success of business in a small town depends on the merchants knowing the people when they come into their stores. In this way businessmen and employee can recognize each other now."

LESTER LAKE of Lake's Jewelry and president of the C of C Retail Division: "I see these industrial coffee breaks in the same way that I see the dinners we will soon be having when we businessmen host an area farmer. These events put the businessmen in touch with the people. It is a good way for us to express our thanks and appreciation to them."

A relative newcomer to the program is the St. Johns Cooperative, which was visited by the businessmen last year for the first time. This year Co-Op employees will spend their 2 p.m. Wednesday coffee break with C of C businessmen. When asked his

opinion of the program, Co-Op Manager John Hall said: "I thought our folks enjoyed it last year and we're glad they included us again this year."

THEN, HE reversed the situation and pointed out that in addition to becoming acquainted with employees, businessmen also be-

came acquainted with the industry itself.

"It makes the businessmen more aware of what facilities we have. So often the businessmen do not realize what we do, what facilities we have. I feel the program brings the businessman into closer contact with the industry itself. They get inside of our plants and see us in operation."

Don Gilson of Federal Mogul could visualize the programs from both sides inasmuch as he is also President of the Chamber of Commerce this year. He had this to say:

"I THINK IT'S a good deal, especially from the standpoint of cementing relations between the downtown businessman and the

people in industry. It is one way the businessmen have of recognizing local industry and of expressing their appreciation for the business they receive because of the industry and its employees."

In the program, the C of C Retail Division is providing coffee and donuts which it will take to the plants being visited. At the designated time for the coffee breaks, businessmen members arrive to visit with the employees, putting business, industry and employee together amidst the warmth of coffee hour.

The 1960 Clinton County census indicated 8.1 per cent of the population was over 65 years of age. The 1970 projected census predicts 8.6 per cent to be over 65.

**'Week' program now available**

"Farming Today—and in 1980" is the theme for the 51st Annual Farmers' Week at Michigan State University Jan. 31—Feb. 4.

Printed programs for the more than 100 sessions on all phases of farming are now available at the Extension Service office in St. Johns. There will also be special meetings of interest to homemakers, high school students and youth leaders.

The 1966 week opens on Monday, Jan. 31, and concludes on Friday. Nearly 200 speakers will participate in programs sponsored by MSU's College of Agricul-

ture. Chairmah Byron Good estimates more than 20,000 visitors will attend.

Mayor Martin Edinger (left) of Fowler presents Jaycee president Carl Koenigsnecht with a proclamation announcing Jaycee Week in Fowler, Jan. 16-22.

**Jaycee week proclaimed by Fowler's mayor**

**FOWLER** — A proclamation setting aside this week (Jan. 16-22) as JAYCEE WEEK has been issued by Martin Edinger, Mayor of Fowler.

The Fowler Jaycees were chartered in December, 1964, and in their first year received three state awards for chapter and community development including the Blue Chip award.

Some of the projects carried out by the Fowler Jaycees were the community survey and census, the ice pond warming house, Santa Claus project, March of Dimes, United Fund, Cub Scouts, Girls' State, Little League Junior Bowling, Christmas house decorating contest and the standings they took in Village and school issues and elections. Many of these projects will continue to be annual events with the Jaycees.

**CURRENTLY**, the Fowler Jaycees are co-sponsoring the Clinton County Oral Polio Vaccine project and a village library is being studied by them. In the mental health field, they are raising money to buy educational aides for Fowler High School's new special education facilities. The Fowler Jaycees will soon announce their candidate for the Outstanding Young Farmer. This candidate will compete in the District OYF program and the winner will go on to State and possibly National competition.

Christian Mothers will hold their regular meeting Tuesday, Jan. 25, at 8 p.m. in Holy Trinity Hall.

VFW Auxiliary will hold their regular meeting Wednesday, Jan. 26, at 8 p.m. at the clubhouse. Mrs. Lula Boak has returned

home for a few weeks after spending 18 months working in St. Johns at the Jackson Nursing Home.

Mr and Mrs Carl Boak and family of St. Johns and his mother, Mrs. Lula Boak, were Sunday dinner guests of Mr and Mrs Charlie Boak and family of Lebanon township.

Lorie Benjamin of Lebanon spent Friday with her grandmother, Mrs. Lula Boak.

Mr and Mrs Louis Goerge and family of Brighton spent Sunday with his parents, Mr and Mrs Vince Goerge.

The cervical cancer screening program for Clinton County will begin Feb. 15. All Clinton County women over 21 are urged to make an appointment with their own physician for a "Pap" test.

**FOWLER** — Polio Make-Up Clinic will be held at the Fowler Elementary School 241 N. Maple Street Sunday, Jan. 23, from 11 a.m. to 2 p.m. for Fowler, Westphalia, Maple Rapids and area persons.

**OPEN HOUSE FOR FR. KOENIGSKNECHT**

An open house will be held Sunday, Jan. 23, for Fr. Albert Koenigsnecht at 7:30 p.m. in Holy Trinity Hall. All relatives, friends, and the public are invited. Fr. Koenigsnecht will be home for about 5 months from his duties as a Maryknoll Missioner in Peru.

The Clinton County News goes all-out in coverage of community-benefit events. Over 320 column inches of space has been donated this year to coverage of the Clinton County Communities Chest Drive — space worth over \$384 if devoted to advertising!

The Snow (And There Was Plenty) Must Go Graders and all other snow-moving equipment available was put into use in St. Johns last Thursday morning as an overnight snowfall covered the ground to a depth of between seven and 10 inches. This grader clears the curb in front of the fire hall about 7:30 a.m. as snow continues to fall; the County News building is in the background.

Proposed social security amendment studied here

Senate Bill S. 350, introduced as an amendment to the social security amendments of 1965, was discussed at length Jan. 11 at the regular meeting of the Clinton County Senior Citizens.

The bill, introduced by US Sen. Winston Prouty (R-Vt.) would establish minimum social security benefits for all persons 70 years of age or over not otherwise eligible for such benefits.

SEN. PROUTY stated in a report the purpose of his amendment was "to provide a floor of protection for a million-and-a-half unfortunate members of older Americans who are not eligible at this time for social security

for assistance. This bill would give many of the older persons an income which they could receive with dignity and self respect. The Senior Citizens urged anyone interested to write to their senators and congressmen soliciting support for the bill.

Mr and Mrs Edward J. Fox, who celebrated their 60th wedding anniversary Jan. 12, received a bouquet and congratulations from members.

ENTERTAINMENT was provided by Sidney Christmas, who played a medley of familiar songs on the piano. Mrs Floyd Upton and Mrs George Olson gave readings.

The next meeting of the Senior Citizens Inc. will be at the VFW Hall Jan. 25. All senior citizens are invited to the potluck dinner.

Strategy: When you keep firing after you're out of ammunition.

Start cancer screening here

The cervical cancer screening program planned for Clinton County will start Feb. 15, according to Mrs Luella Canfield, R.N., Clinton County public health nurse.

All women over 21 years of age who reside in Clinton County are invited to participate in the program by making an appointment with their personal physician for an examination, including a "pap" test for cancer of the cervix.

CERVICAL CANCER is one of the easiest cancers to cure and is nearly 100 per cent curable when discovered in the early stage. The test is very simple and requires only a short time.

Although the method of detecting cervical cancer before any

symptoms are present was first described in 1928 by Dr George Papanicolaou, the technique was not widely used until the mid-1950s. In 1954, the Michigan Department of Public Health instituted the first cervical cancer screening program in the state in St. Joseph County, where more than 1,000 women took part, with three cases of cancer found and cured as a result of the program.

SINCE THEN, over 40,000 women have been screened for cervical cancer in similar programs throughout Michigan.

Women who wish to participate and who consult physicians outside of Clinton County should call the Clinton County Health Office for needed information.

Chamber sets date for dinner

At its meeting Wednesday evening, Jan. 12, the board of directors of the St. Johns Chamber of Commerce set the date for the organization's 1966 annual dinner. It will be held on Wednesday evening June 15. The date was set early at the request of the manager, Mrs Betty Jane Minsky, so that arrangements for the dinner could be completed early.

The board also authorized Leon Breybaker, finance chairman, to begin a mid-winter membership drive within the next week.

MRS MINSKY informed the board that the city had put new lighting and a timer on the sign on South US-27 and that it planned to paint the sign this spring.

The board authorized Mrs Minsky to begin plans for the second Miss St. Johns Contest and to appoint a committee to work with her.

Untended water pipes often burst in the winter because water increases in volume as it changes to ice. The ratio is 11 cubic inches of water to 12 cubic inches of ice.

A lesson in good living, like it should be taught

During December, many of our St. Johns citizens took the time, effort and expense to decorate the outside of their homes with Christmas decorations.

It was during this time that many other people took the time to drive around and view these beautiful scenes. It was also during this time that some of the younger members of our community decided it was fun to pilfer the light bulbs from many of these displays, thus destroying the artistic value until the owner, through more expense, replaced the bulbs.

THROUGH THE EFFORTS of the local police department, some of these youngsters were apprehended. Last week they were brought before Probate Judge Timothy Green for their hearing, where they learned that when you have fun by breaking the law, it doesn't pay.

Judge Green, in dealing with these youngsters, placed them on one-year probation. In addition, each one must make a personal apology to those from whom he took bulbs and make restitution to these people by shoveling their driveways and sidewalks the rest of the winter.

JUDGE GREEN added he "hoped we would have about six feet of snow."

We heartily endorse Judge Green's decision. Too many times when our young people have fun by breaking our laws they receive a slap on the hand or a small fine and are let go. We think these youngsters who must face the people they offended personally, learn a lesson of great value when the urge to try it again comes upon them.

AS WE SAID before, we heartily endorse Judge Green's decision and the decision of all the county judges and justices who since May of last year have been handing out mandatory three-day jail terms for minors in possession.

We believe these methods of handling our juvenile offenders will in the long run prove more beneficial to them than any slap on the hand ever did.

Great Society's spending makes us perspire, too

President Johnson addressed the nation last Wednesday night on his State of the Union message and informed the people of America that the war in Vietnam and the goals of his Great Society program could be continued—BUT we would have to increase the withholding taxes from our income, PLUS top the excise back on automobiles and telephones after it had been dropped only two weeks ago.

This, according to what we read and hear, will make up for the planned deficit of about \$1.8 billion.

WE READ THE other day where Rep. Henry Reuss of Wisconsin announced his intention of starting a congressional inquiry on why the United States is paying some Australian scientists \$40,000 to find out why Australian aborigines perspire; a British scientist \$10,000 to study color blindness in a Los Angeles woman; and a Canadian scientist \$11,000 to continue studies on the odors of ocean fish.

Rep. Reuss reported this sort of spending amounts to some \$70 million per year; this is just to scientists of other countries. Now add to this the amount of our monies being spent with American scientists on highly classified and useful research, and the total might well take care of the proposed deficit.

WHY AN AUSTRALIAN aborigine perspires or how an ocean fish smells might be of great value to some small group of individuals, but when it comes to paying for things like this by dipping into our pay envelopes, then we say our government should look for this additional money in its own backyard—not in the overburdened taxpayer's pocketbook.

A Look Into The Past . . .

Grove School in Years Gone By

The one-room school house is a rapidly fading part of the Clinton County scene, but back in the early 1900s they were the most practical means of education. This is the Grove School in Essex Township, taken sometime in the early 1900s; the block below the peak of the roof shows the building was constructed in 1900. Use of the picture was made possible by William Rice of R-1, St. Johns.

Readers are invited to submit old pictures and pictures of old buildings, along with brief, pertinent information, for use in this series.

A note about last week's scene

Last week we published a picture of a group of people employed by Dr Palmer of St. Johns in 1905. This week there's more information about the picture, supplied by Mrs Kenneth Jones of East French Road.

The home pictured was owned by Mrs Henry Perrin, and was pictured in the middle of the front row. She was the mother-in-law of Dr Palmer and was a charter member and past president of the Woman's Club here and was prominent in the Congregational Church.

It was her husband who donated all the land for the Perrin-Palmer School. He was also a state senator and was well-known around the state.

Dr Palmer's most important dredging work, according to Mrs Jones, was the Hayworth Creek which runs across US-27 several miles north of St. Johns. By dredging the creek, Mrs Jones said, Dr Palmer made possible the use of all the muck land across the north side of St. Johns. It was Henry Perrin's vision, she said, that the land could be used.

Dr Palmer's dredges were dis-assembled and stored in a barn which still exists behind the homes on North Clinton Avenue in the Floral Avenue area.

we dug into our own pockets.

I ask the City Commission to please leave this responsibility and expense where it belongs—in the hands of each resident. Thank you for your time.

Yours truly, MRS GENE HINTON 1008 S. Church St. Johns, Mich.

Last Wednesday evening the snows of winter came again to St. Johns and Clinton County, dropping from 4 to 10 inches of the white fluff. This estimate of from 4 to 10 inches was reported from different people and I assume that the depth of the snow depended upon the length of the driveway he had to shovel.

No matter how deep the snow was officially, it was cussed and discussed many times over the coffee breaks on Thursday morning. With this much snow coming as quickly as it did, it brought to the city and county men who are responsible for keeping our roads and streets clear, a large problem that will take a couple of days, at the least, to complete.

FOR THE INDIVIDUALS, it meant shoveling walks, clearing driveways so you could get the old buggy out and get on your way to work. Of course, when you finally arrived at your destination, the chances are, it was impossible to find a place to park.

So for all the headaches from trying to get to work, from aching backs and screaming, out of shape muscles, from shoveling it seems that the snow brought nothing but trouble.

BUT LET'S BACK-TRACK, back to Thursday morning. Back when you first arose from your warm and comfortable bed and looked out the window into the dim light of the early morning or from the light of the street lamps. Remember what you beheld? A beautiful snow scene that covered the area for as far as you could see.

Beautiful, yes. For whenever we have a new blanket of snow that covers the dark and dreary signs of winter it gives a new dimension to the world around us.

WHEN YOU LOOKED out your window, did you notice the snow that was drifted along the hedge, moulded as if by a master sculptor, or the evergreen trees showing green through its white cloak, or the barren tree limbs stretched out with a covering of snow?

If you had the occasion to drive into the country you would have seen the modern artistic pattern of broken corn stalks poking through the snow, the beauty the barren woods take on with its new white carpet among its roots and their dark limbs outlined in white.

THEN THERE WAS the lone, huge maple tree standing barren and alone in a field, but a beautiful scene as it stood there silhouetted against the new fallen snow.

As in so many things, there is both good and bad; our snow last Wednesday was one of these things. For the bad, it was the headaches, backaches and sore muscles, but the good was the beauty that can only come after a freshly-fallen snow.

"For distinguished service to the community," Bill Richards, Jr., 28, St. Johns dairy manager, received the Junior Chamber of Commerce Distinguished Service award at the Jaycees annual award dinner at Walker's Cafe Wednesday night. He had previously won the award in 1948 and established a precedent in becoming the first local citizen to receive the coveted honor more than once.

Dana Antes, owner and operator of Antes Cleaners here, was elected first vice-president of the Michigan Institute of Dry Cleaning at Grand Rapids over the weekend.

Russel Swaney, general chairman of the 1956 Michigan Week, today announced the appointment of Dick W. DeGroot of St. Johns as Michigan Week chairman of Clinton County. This year's celebration of the event designed to remind everyone of Michigan's greatness is to be held May 20 to 26.

The Clinton County tuberculosis clinic program sponsored by the Michigan Tuberculosis Assn. will start next Thursday, Jan. 30, in St. Johns at the high school building at 10:30 a.m. The 7th, 8th and 12th grades will be tested.

St. Johns taxpayers were granted a breathing spell this week as the city commission voted to extend the winter tax payment deadline from Jan. 15 to Feb. 15.

"Would any of you men like to take one of those jobs," Rep. John P. Espie challenged St. Johns Tories Tuesday when he was reciting the amounts paid to state employees in the Traverse City hospital for the insane. The average wage for some of the people in the state asylums is \$35 to \$45 per month and maintenance, the speaker said.

LeRoy C. Pope, Treasurer of

Bengal township, settled with the county treasurer in full for Bengal's taxes on Tuesday, Jan. 8. This is said to be the earliest date any treasurer ever settled with the county treasurer. The tax roll of Bengal amounted to over \$18,000, the rate being a little over .84 per cent.

At a meeting of the Peoples' Mutual Fire Insurance Co. of Clinton, Ionia and Montcalm counties, which was held Tuesday in the city hall of Ionia, Edgar Burke of St. Johns was elected one of the directors. The secretary's report shows the company to be in a prosperous condition.

For some time the Woman's Club of St. Johns has been endeavoring to secure a needed library for the city which could be combined with an assembly room for the use of the club. Their efforts have brought results, as the Carnegie Library Commission has expressed its willingness to give \$15,000 to St. Johns for the purpose mentioned.

Fruit production experts at Michigan State University expect the state's grape production to increase 55 per cent by 1980. Production should be about 100,000 tons of grapes from about 25,000 acres. New management and harvesting methods may cut costs as much as 50 per cent.

Hey, Uncle, how come?

reprinted from the Farmers' Advance

By PAUL HARVEY

Hey, Uncle, how much does it cost to rear a child?

You allow us taxpaying parents only \$600 a year to feed, clothe, house and train a youngster. Yet, to feed, clothe, house and train a youngster in your federal government Job Corps you spend \$7,000 a year!

Now, which is the correct figure? Either we're allowing you too much or you're not allowing us enough.

YOU ALLOW taxpaying parents a \$600 deduction for the care and feeding of each child. . . . Yet under the Cuban refugee program, you assume minimal upkeep requires \$1,200 a year—and if the Cuban boy or girl is attending school an extra \$1,000 a year. How come you shortchange the homelocks?

In the austerity of a federal prison, you have discovered that it costs — to maintain one person, with no frills, no luxuries and no borrowing Dad's car—\$2,300 per year! By what rule-of-thumb do you estimate that Mom and Dad can do it for one-fourth that amount?

UNDER SOCIAL security you will pay \$168 a month to maintain the elderly. What makes you think we can maintain our young 'uns for \$50 a month?

And Uncle, your VISTA Program (Volunteers in Service to America) spent \$3,100,000 this last fiscal year to turn out only 202 trainees. That indicates that the cost of

maintaining and training one youth for one year is more than \$15,000.

Then how come we taxpaying parents get an exemption of only \$600 to maintain and train one youth for one year?

Or let's see how much you spend upkeeping one youngster in military uniform. House, \$55.20 a month. Food, \$30.27 a month. Clothing upkeep, \$4.20 a month. That comes to \$1,076.04 a year.

HOW IN THE world do you expect parents to provide all these things, plus clothes, recreation, books, medicine. . . for \$600 a year? With your own figures you admit it can't be done.

It is possible, Uncle, that you expect us parents to manage more efficiently than you, because we usually do.

With all our expenses, we American individuals have more than enough savings to offset our debts; you don't.

With all our prosperity, you Uncle, are still spending per year \$2.9 billion dollars more for relief than during the depths of the Depression. So it may be that you are uncommonly extravagant.

BUT HOWEVER we try to rationalize and explain you and excuse you, it is still a hurtful affront when you allow us hard-working, dues-paying homelocks only six-hundred dollars a year to rear a legitimate child. . . .

While you, under ADC, will pay more than \$800 per year to upkeep an illegitimate one,

This Sunday Clinton County folks will have an opportunity to get their second dose of oral polio vaccine, if they haven't already done so. We know there's at least 2,500 who haven't done so, so makeup clinics are planned in three areas of the county, as outlined on the front page.

It would be a shame not to take that second dose, for this oral vaccine, and the Salk vaccine shots which preceded it, have really "clobbered" polio and can continue doing so only as long as people take it.

IN FACT, all forms of polio have virtually vanished from the US. In the five years before the Salk vaccine, there was an average of 38,727 cases per year. In 1960, five years after the Salk vaccine was made available, there were 3,190 cases.

By 1965, there was a 99.8 per cent reduction compared to pre-vaccine tolls!

While polio is no longer a public health threat — only 60 cases were expected during 1965 — an estimated 120,000 Americans are still either paralyzed or in some way crippled as a result of polio.

IN 1965, THE National Foundation and its chapters provided aid for an estimated 11,000 polio victims at a cost of about \$2,200,000, exclusive of respirator equipment.

One service to polio patients which must be continued at a fairly steady rate is the provision of respiratory equipment. The March of Dimes still provides more than 1,700 post-polio victims with expensive equipment they need just to breathe.

SO YOU SEE, the polio fight is not over. There is much yet to do. The first thing is to set up a proper defense to keep you or to your family. If you haven't had the second dose of the oral polio vaccine that's being offered in Clinton County, get it this Sunday at the vaccine clinic centers. There's no better defense.

The second thing to do in the continuing polio fight is to help those who have been afflicted. Give to the March of Dimes. Its efforts now are on preventing birth defects, but care and aid for polio victims still comprises a big and important share of their work.

It says here, 'The air is full of peace feelers!'

Let homeowners pay for trees, she says

I WRITE REGARDING your suggestion that the City of St. Johns provide shade trees to replace the dying elms on city property between the sidewalks and the curbs.

Maples cost around \$10 each. Do you also suggest that the city pay for stump removal? If so, add another \$5 per tree. To replace 1000 trees could reduce the city treasury by \$15,000.

POSSIBLY THE City would get a reduction due to a quantity purchase, but any amount would be an additional burden on the tax budgets of the property owners.

The residents living behind these trees benefit most. They have the privilege of the tree's beauty as well as eventual shade. A nice tree also adds to the real estate value of a home.

I FEEL, as do my neighbors, that the financial obligation of replacing cut-down elms rests with the individual residents and not the city or service groups.

Fortunately, we live behind no trees with yellow marks. We used to live behind two box elders, however, that had to be cut down. We paid for the stump removal and last year planted two Norway maples. I can look up and down this block and count eight young maples—all on City property. We care how our yards look, so

State hospital says thanks for help

TRAVERSE CITY State Hospital has gained an enviable reputation for its outstanding program of care and treatment of the mentally ill. A large part of that program involves communication with the hospital's 39-county committing area. Such communication is of tremendous value to our institution.

We want to take this opportunity, at the beginning of a new year, to express our sincerest appreciation to you and your organization for the outstanding cooperation you have given us throughout the past year.

MANY TIMES we have called upon you to help us get information to the many communities served by our hospital. We have always received your wholehearted cooperation, and for this we are, indeed, truly grateful.

We should like to take this opportunity to wish for you a most prosperous, satisfying and fruitful new year and extend to you a very cordial invitation to visit us at any time.

Very sincerely yours, M. DUANE SOMMERNESS, M.D. Medical Superintendent

**MICHIGAN MIRROR**

**No plans for state fiscal reform try this election year**

BY ELMER E. WHITE  
Michigan Press Assn.

Official record has now been set down: There will be no attempt at fiscal reform in this election-year legislative session.

This comes somewhat as a surprise only in that it implies Gov. George Romney has, in part, given in to what he refused to admit last week. The fact that lawmakers have no inclination to make themselves unpopular unless absolutely necessary.

Last year, memory recalls easily, the governor pushed hard to convince the Democratic majority that action should be taken on fiscal reform despite the strong surplus in the treasury.

MAIN ARGUMENT voiced against it, at least openly, was that the governor's proposals, as the Democrats saw them, were not equitable. It was only in private conversations that many legislators would admit they didn't plan to vote for any tax revision plan.

Now Romney has come to the position where lawmakers have maintained since the Swainson administration days when revenue income started the upturn.

"We still need tax reform as we have in former years," said Romney. "The only difference is that we do not need additional revenue at this time."

EVEN WITH THE rising cost of government expected to boost the spending budget well over the \$900 million mark in the coming fiscal year, only a sharp split in the economy could keep Michigan from maintaining a sizable surplus.

The bipartisan announcement of a no-tax session this year probably put many lawmakers at ease. Another gubernatorial push similar to last year's could

have put incumbent Republicans in a tight spot in an election year when all strength is needed.

WHAT CAN you look for in the new legislative session? One package certain to get heavy emphasis from several corners is a group of traffic safety proposals.

Why? Partly because the estimated cost of traffic accidents among Michigan's 4 million motorists has now reached the \$400 million mark annually, and partly because in each of the past two years more than 2,000 people have been killed on state highways.

If these statistics are a little difficult to fathom, look at it this way: Autos damaged in 1965 accidents would more than cover, bumper to bumper, all four lanes of I-96 from Detroit to Muskegon and all four lanes of US 127 and 27 from Jackson north to the Mackinac Bridge.

STATE POLICE, the State Safety Commission, Michigan State University's Traffic Safety Center, the secretary of state and governor will all be pushing hard for several facets of traffic safety legislation introduced in past years but not passed.

An increase in the present fee for the driver's license likely will be part of the package, as will centralization of the licensing procedure under a state agency.

Strengthening the present driving education program in the schools is being pushed. Specialists also feel it would be wise to require driver training for all new license applicants, not just those 18 and under as at present.

A 17-year-old minimum age and a requirement that new drivers use their license for 90 days

only in the presence of another licensed driver also will be proposed.

ONE VERY interesting part of the traffic safety program has been tried once or twice and can be expected again this year.

That is the stipulation that motorists 65 years and older have a physical examination every time their license must be renewed. Some traffic safety experts say this arbitrary age is just a beginning, that actually a physical should be required of every driver.

It is interesting to note that Pennsylvania did just this a few years back. Some 8 million motorists were licensed in that state when the law requiring physicals of every driver was enacted.

Closest statistics available show about one million of these motorists either sent their licenses in to the state or allowed them to expire rather than undergo the physical. The experts assume nearly all of this number realized they were not physically capable of continuing to drive.

HUE AND CRY over the fall, 1965 raise in student fees at the University of Michigan might be seen in better perspective if parents with high school children checked the college information directories.

The books show the Ann Arbor institution now ranks high among the 10 state colleges and universities at \$348 for the school year in tuition and fees for Michigan residents. This does not include housing, books and other extras.

Lowest of the Michigan schools is Ferris at \$275. Michigan State and Wayne State charge \$324 and \$312, respectively, and the others charge \$300.

But even at these rates, the various Michigan institutions compare very favorably on the basic cost factor with other colleges and universities across the country with similar academic standings.

Lake Superior is the largest body of fresh water in the world. Lakes Michigan and Huron rank third and fourth, respectively. The second largest is Lake Victoria in Africa.

**Parking Place**

By W. E. DOBSON

The hitchin' posts are missin' Along our town's main street, There's not too many blacksmiths In or near our County Seat; These landmarks of an early day Are as dead as Noah's Ark, Now we have another problem— Where to find a place to park?

We used to drive up town 'n tie Right nigh where we would shop, 'N carry our own merchandise Gained from our produce "swap;" Now grocery boys push four-wheeled carts In daylight or after dark, 'N pause at times to question: "Pardon folks, where did you park?"

The parkin' is prime factor For everyone today, The fivers 'n the dirlaynes, All seek a spot to stay; "No parkin'" signs is everywhere, 'N it really is no lark, When you reach your destination, Where on earth you gonna park?

They're buyin' up the country, Where they have a chance to spread, Where it isn't such a horse race Twixt the livin' 'n the dead; But fer all their futile frenzy Countless people miss the mark— When their studied plan of action Falls to find a place to park!

**The "Low Down"**

From the Congressional Record

By Joe Crump

**Help! Help! Help! Help wanted badly!**

Sen. W. L. Prouty (Vt.) . . . There is a tremendous shortage of skilled workers in the economy, at a time when the need for skilled manpower is high and rising . . . The Human Investment Act (S.2509), would meet this serious national challenge head-on by giving private business a tax credit to spur increases in job training programs . . .

"I ask that (an) article from the Wall Street Journal . . . be printed in the Record." (The condensed article follows):

IN COLUMBIA, S.C., where military construction at Fort Jackson has greatly tightened the market for building workers, contractors have bid up wages considerably above already-high union scales. One contractor says electricians in the area now get \$4 an hour, against a union scale of \$3.72 to \$3.85. Bricklayers draw \$3.70, against a union scale of \$3.50, he says, and pipefitters get \$3.88 against a union scale of \$3.80.

In some businesses, the quality of work is slipping, too. "There just aren't enough foremen to keep watch on all skilled and unskilled workers," complains C. H. Rieman, president of Gardner-Denver Co., Quincy, Ill., maker of construction and well-drilling equipment. So, he says, "the scrap and rework trend on parts has gone up noticeably."

SEARS, ROEBUCK & Co. resorted to direct-mail advertising recently to staff a new store in north Dallas. It blanketed houses in the area with help-wanted pleas addressed to "occupant."

Some other attempts to break the manpower bottleneck have only mixed results, too. On the plus side, John Stefanik, Clevel-

and operator of a Soho service station, is pleased with his experiment in hiring three housewives to pump gas, check oil and wash windshields. The men left in the labor pool for such jobs "aren't worth hiring," he says. Some he did hire "made serious mistakes, wouldn't try to learn the job and insulted customers." In contrast, the lady "gas jockeys" have worked with such enthusiasm that he's now trying to hire three more.

BUT LITTELFUSE, Inc., a Chicago-area maker of circuit and control devices, finds hiring women for jobs usually held by men only increases turnover. Many wives, says a company official, work only to make a specified amount of money. "Once she gets that living room furniture she's as likely as not to lay off work until she needs something else."

Some employment agencies take issue with companies that complain they are scraping the bottom of the barrel to get workers.

The Illinois State Employment Service says the picture would be a lot better if employers were not so choosy; many companies, it says, demand high school diplomas for common laborers and will not hire skilled workers if they are over 45.

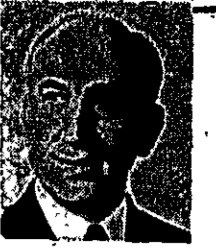

GRASSROOT COMMENTS: A tax credit is not likely to increase the number of building trade apprentices. The unions will decide that issue.

A tax credit is not likely to cause industry to lower the age barrier. The companies' insurance programs are a factor in that area.

A tax credit to one group generally results in some other group having to make up the tax loss.—J.C.

**COUNTRY FLAVOR**

**Insulating snow a part of Nature's overall plan**

HAYDN PEARSON

Snow is Nature's insulation. It protects shallow-rooted grasses; it spreads a protective blanket above waiting seeds within weather-proof capsules. Countrymen are glad to see a reasonable amount heaped around the foundations of homes and barns to repel cold, probing winds.

Half a century and more ago, snow was essential to the year's completion of farm work. Winter was the time for logging and for cutting fuel for kitchen range and parlor heater. On a cold Saturday

a 14 year-old was glad when Father said at breakfast, "Son, why don't you hitch up the team today and haul logs to the mill?"

SNOW PAINTS pictures on the land. After a fresh fall, the fence posts and walls, the cattails in the swale and the RFD box by the road wear white berets. If it is a moist snow, stripped branches of the elms and maples are gray and white etchings and the evergreens wear ermine cloaks. When the sun shines from a blue sky after the storm has cleared, white beauty sparkles on the countryside.

the direct solidification of water vapor. Frozen water is hard, not snow. Each flake is different; each has a nucleus, possibly an electrified molecule. Billions of flakes fall to earth in a storm; each is six-sided; yet each has its own pattern.

ON A QUIET, brooding day when the nimbus layer is dark and hovers close to earth, one can almost feel snow in the air. We do not want wild tempests. But there is a feeling of serenity and a realization that snow is a part of Nature's plan when large, soft flakes begin dropping casually through the air.

Scientists tell us that snow is

**Only a week left for aliens to report address**

Walter A. Sahll, district director of the Immigration and Naturalization Service, said today aliens in Michigan have only one more week in which to comply with the federal law requiring that aliens report their addresses to the government during January of each year.

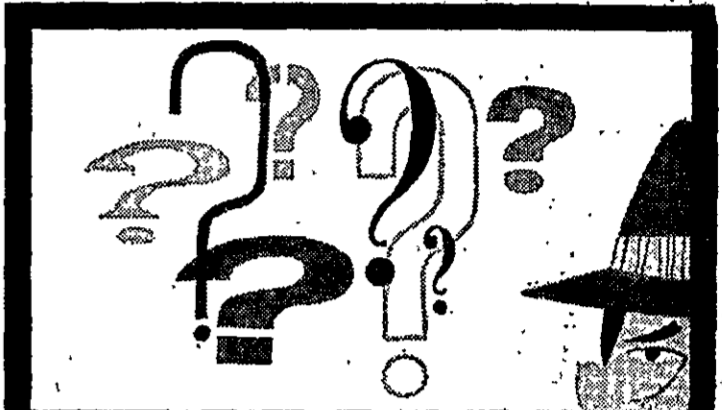

The immigration official urged all aliens who have not yet complied to go as soon as possible to the nearest post office or Immigration and Naturalization Service office to file the report.

PARENTS OR GUARDIANS must file the report for alien children under 14 years of age.

Sahll said the address report is required each year from all aliens except those in diplomatic status, representatives of certain international organizations and persons admitted temporarily as agricultural laborers.

He pointed out willful failure to comply carries serious penalties.

The official said an estimated 110,000 aliens in this state have already complied with the address report requirements, compared to 100,000 who filed address reports last year.

## Poverty program and you

By DAN E. REED  
Legislative Counsel  
Michigan Farm Bureau

All of us are aware of the emphasis given federal aid programs by the 1965 Congress. Probably few of us, however, have been able to keep track of the local programs which have been spawned by the rapidly growing bureaucracy, financed with federal money.

A recent compilation covering only employment training programs for youth has been prepared by the Greater Lansing School Dropout Youth Employment Committee. The compilation lists 14 separate in-school projects and programs, eight out-of-school programs and 18 manpower development training programs.

MOST OF THE programs are financed either through 100 per cent federal participation or a 90-10 federal matching program, with the money provided either through the Economic Opportunity Act of 1964 (Anti-Poverty Program) or through the Manpower Development Training Act.

The majority of the projects are relatively small and some are limited to low-income families, with some of them specifying a family income of \$3,000 or less, although where there are some dependents in a family the total income may be as high as \$6,000, with eligibility allowed on that basis.

IN OTHER cases, the programs are aimed at improving work skills, providing jobs for college students who need financial help; a few are limited to those with physical handicaps or who are dropouts or potential dropouts.

Under the Manpower Development Training Act, programs are scheduled without reference to family income or financial ability, but are designed simply to provide training in skills for which there is a demand on the labor market.

This array of programs is available in your community? Are rural residents taking advantage of these programs? Perhaps your community Farm Bureau would like to learn more as to how your federal tax dollars are being used. You might want to invite the director of one or more of these projects to meet with your community group and explain what is being done in your area.

Some 37 million people are expected to change their addresses within the next 12 months, according to Institute of Life Insurance estimates.

## Why Farm Bureau?

By ROBERT E. SMITH, Associate  
Legislative Counsel, Michigan Farm Bureau

The following is based largely on an actual Farm Bureau community group meeting. The scene was the living room of a farm home. A community group discussion meeting was in full swing when one of the newer members made a highly critical statement, which added up to "Why Farm Bureau?"

There was a short silence, then a longtime active Farm Bureau member spoke up. He said he guessed he hadn't thought about it lately, but the new \$6,000 tractor he bought last spring would have cost \$240 more if it hadn't been for Farm Bureau's successful fight, in the courts and in the Legislature, years ago to exempt farm machinery, feeds, seeds, fertilizer, sprays and other farm supplies from the sales tax, thus giving agriculture the same consideration as industry.

THE CRITIC'S attitude was "So what, after all, this was accomplished years ago!"

Another member spoke up and said he had served on the county legislative committee and knew that sales tax exemption had been attacked many times, and without Farm Bureau to speak for farmers, this and all the other gains could be lost. He reminded the group that Farm Bureau is the only farm organization with full-time legislative counsels working with the Legislature. He said another thing most members don't realize is the great deal of work done with other divisions of government, such as commissions, boards, bureaus, regulatory agencies, etc.

"FOR INSTANCE," he said, "Farm Bureau has protected farmers' interests many times on sales tax regulations. Only two or three years ago, some fruit farmers were being charged sales tax on the boxes they bought to replace the old crates which were exempt. Farm Bureau took this up with the proper authorities and was successful in getting a favorable clarification.

Another example, is the achievement this year of standard grade regulations for pickling cucumbers. The big processors fought this, but the regulations are scheduled to go into effect next year."

By this time the others in the group had had their memories jogged and began to add to the discussion.

"DON'T FORGET THE state and federal gas tax refund," said one.

"Yes, and don't forget that bill in the Legislature to cut the state gas tax refund is still alive

and will come up again next session," said the minuteman.

Many other gains were mentioned such as the large amount of farmers' money that will be saved by the new uniform dairy inspection law, plus the fact that out-of-state markets for dairy products can be maintained and expanded.

The meat inspection bill will mean increased markets. "Why, I understand that state institutions will be able to buy more Michigan meat," was one comment.

THE 3 CENTS TO 5 cents per bushel on grain that will be saved by the passage of the "green to grain" bill was another success.

Still another is the indirect relief on property taxes as a result of the new state aid formula, and the various changes in the welfare formula.

The older members recalled the tax reforms in the '30s," when the state property tax was repealed, and the gasoline tax replaced the property tax for building roads. There was also a reduction of license fees for farm trucks.

The new ideas initiated by Farm Bureau and the money farmers invested to make them work were also discussed, such as seed, feed and fertilizer plants, egg marketing and other Farm Bureau Services programs, grain terminals to ship Michigan grain to foreign markets, new Farm Bureau insurance programs and savings to farmers through Farmers Petroleum Cooperative. Michigan Agricultural Cooperative Marketing Assn.'s marketing program was also pointed to.

THE CONVERSATION was still lively when the hostess interrupted to announce that lunch was ready.

The chairman closed the meeting by observing that they had just scratched the surface on all the things farmers, through Farm Bureau, have done and are doing.

He reminded them that they hadn't said a word about the county program, the Farm Bureau Women's Program, the Young People's Program, the national program or the international program such as the Farm Bureau Trade Center in Rotterdam.

He said his trip to the state annual meeting convinced him that to maintain the gains that have been made, and to do the jobs that need to be done, would require a dedicated, informed and active membership. He suggested that every member should be a committee of one to invite any non-members to join Farm Bureau and to help in the effort.

## Discussion leaders get hints

"A good discussion leader will involve all members of the group by limited debate by any one person." So said Delbert Wells, manager of the Family Program Division of the Michigan Farm Bureau. Wells was speaker at a training meeting for community group discussion leaders recently at the Farm Bureau office.

He discussed with the group information concerning the next two month's topics. In January the groups will be discussing farm property taxes.

The meeting was arranged by members of the Community Group Committee, Mr and Mrs James Craig, Mr and Mrs Wilbur Brandt and Mr and Mrs Robert Reese Jr.

## Big cookbook published by FB women

Farm Bureau women are proud of the more than 50 important food crops produced in Michigan and the vital part they and their families play in this dynamic industry.

To highlight such abundance, these farm women have combined their talents to author the Farm Bureau Women's "Country Kitchen Cookbook," — a collection of family-tested recipes from the country kitchens of Michigan.

THE 128-page "Country Kitchen Cookbook" contains over 300 deliciously-different recipes in an attractively constructed booklet with handy easel standard.

Clinton County women were responsible for the section containing recipes using mint, a crop of which our county produces a large percentage of all that is raised in Michigan.

The Clinton County Farm Bureau office has the cookbooks on sale for \$1.50 each. Get your copy today!

FARM BUREAU

"Tuned to the times"

Always on the job—Farm Bureau stands alone on many an action front. It is the only farm organization on hand at every session of the Legislature — watching, guarding, working for the interests of farm people.

Few farmers or farm organizations can afford to take time to do this. Yet at practically every session of the Legislature, numerous proposals arise that mean good or ill to farmers. No proposal is minor when it affects the welfare of some farm producers, regardless of their commodity or the area where they may live.

Farm Bureau is an "all farm-

Farm Bureau does not limit its efforts to a "one way street." If farmers say there is an important job to tackle, Farm Bureau devotes itself to that job.

No small part of the work that Farm Bureau performs is in the protection of such benefits as the gasoline tax refund and the farmers' sales tax exemption on production supplies. Although industries enjoy these exemptions — and more — the exemptions for farmers are challenged constantly. Without Farm Bureau's vigilance, they would be "long gone."

## President's Message

BY E. J. BOTTUM

Farm Bureau roll call time is here again. I would like to have you join with us to make this one of the best years in Farm Bureau. Through the rest of January your friends and neighbors will be calling on you to explain the expanded program in Farm Bureau. They will give you a special invitation to join with Farm Bureau, the nation's largest farm organization.

I have had some comment in support of the \$20 dues increase, and also a few against it. I believe you will get your \$20 returned in an expanded program in Farm Bureau, through marketing, in the legislature and in extra personnel in the field to assist in carrying out county programs. Also, by participating in your own service companies, insurance, petroleum and products offered by Farm Bureau Services, you will benefit quality and dollar-wise.

IF YOU HAVE been following the Project 80 report, you know what the trend is regarding farming in the future. The recent cut in the extension staff indicates we are losing strength legislatively. Some organization will

been arranged with the cooperation of Central Michigan University in Mt. Pleasant. Guest speaker will be former American Farm Bureau President Allan B. Kline. A well-known and dynamic speaker, Kline will trace the loss of freedom in agriculture and review the problems of inflation, gold reserves, monetary and fiscal policy in his two appearances.

Also addressing the conferees will be former Michigan Congressman August Johansson. Johansson is remembered for his service on the House Committee on Un-American Activities. In his two presentations, former Rep. Johansson will cover the role of the HCUA (House Committee on Un-American Activities), civil rights, and the role of the United States in international affairs. Specially arranged questioning sessions will be provided to allow conference participants to meet and talk to the guest speakers in smaller groups.

OTHER HIGHLIGHTS of the two-day program will be classroom sessions in the areas of political training and Farm Bu-

## New constitution not being taken as guide

By DAN E. REED  
Legislative Counsel  
Michigan Farm Bureau

"This new Michigan Constitution is causing us all kinds of trouble," a fruit grower said to me at the Grand Rapids meeting of the Michigan State Horticultural Society recently. He blamed the loss of rural representation in the Legislature, problems in government reorganization, payola in government, and almost

every other problem at the door of the new Constitution.

Let us recognize that a constitution is a basic document which sets guidelines for the structure and operation of government. It is implemented through legislative and regulatory action.

WITHOUT GOING into past history, the record shows that Michigan Farm Bureau felt that the changes needed in the old Consti-

tution could be made by amendment and opposed the holding of a constitutional convention. After a convention was authorized by the voters, Farm Bureau was active in a campaign to secure the best possible delegates.

At the conclusion of the convention, following a careful analysis, Farm Bureau supported the adoption of the new Constitution. Not every change was an

### New constitution . . .

Continued from page 4-C  
Improvement in the eyes of Farm Bureau, but many important gains had been made leading to better government in the years ahead. This analysis has been borne out during the past two years.

NO ONE COULD have foreseen the chaotic result of the US Supreme Court decision of June 15, 1964. This decision upset much of the legislative apportionment sections of the new Michigan Constitution. Michigan's 1965-66 Legislature was elected, not under the new Constitution, but, under a mandate of the Michigan Supreme Court.

Some have criticized the structure of the apportionment commission, composed of four Democrats and four Republicans appointed by the respective State Central Committees. Actually, the system worked properly in the one opportunity which it had to function.

In May 1964, the Michigan Supreme Court had before it several plans which had been proposed and considered by the apportionment commission. The commission could not agree on which plan to select and, according to the Constitution, all plans were laid before the Michigan Supreme Court with the one duty before it—to select the plan most nearly fitting the requirements of the Michigan Constitution. This the court did, and ordered the adoption of the Hanna-Brucker plan, which had been proposed by two of the Republican apportionment commissioners.

FOLLOWING the June 15, 1964 decision of the US Supreme Court, the Michigan court again entered the case, vacated its previous or-

der and selected the Hanna-Brucker plan. The court, on June 22, ordered the present gerrymandered districting plan into effect for the state.

Michigan's new Constitution was violated in many places by the failure of the present plan to follow directives clearly intended by the voters in the adoption of the new Constitution.

HEAVILY ON the plus side in the new Constitution are the requirements for a 50 per cent assessment limitation in place of the former 100 per cent of value requirement that only property owners may vote on bonding issue exceeding a five-year term. An improved article covering Michigan's greatly expanding higher educational system and the community college structure was accomplished in the new Constitution.

The new Constitution will not solve all of Michigan's problems. It should not be expected to do so. Amendments will be needed to the Constitution. When the 1968 Constitution went into effect, proposed amendments were offered and adopted in the first general election following. We can expect, with Michigan's rapidly changing economy and increasing population that amendments to the Constitution of 1963 will be offered and adopted. We need to maintain a reasonable point of view and not let emotion overrule our judgment.

### Farmers' Week has corn day

To an American, corn means the prairie of the midwestern United States . . . Kansas, Iowa, Illinois, Indiana. But to Michigan farmers, corn means 2 million acres of rich farmland and \$138,000,000 annually at the market.

Golden ears of corn, the products of which are thousands-fold, are twice as valuable to the Michigan farmer as his next most valued crop, hay. No wonder then that corn is an important topic during the 51st Farmers' Week at Michigan State University Jan. 31 to Feb. 4.

MANY OF THE thousands of visitors expected will be corn growers. All interested in the modern science of growing Michigan corn will find Tuesday's sessions available.

Leonard Brown of the MSU Dairy Department begins the talks with a general discussion of the value of corn to the individual farmer. Following Brown are comments by Crop Scientist Elmer C. Rossman on research in narrow row corn growing, and by Washtenaw County Ag Agent R. W. McCrory on the experience of farmers in narrow row growing.

R. C. Evans, product manager of the New Idea Division, Avco Corp., Coldwater, Ohio, concludes the morning conference with a discussion of innovations in moving the corn from field to storage.

ALL TALKS WILL be held in the MSU Agricultural Engineering building, on the south campus. Those attending may also find ideas for their farms in the outstanding display of new farm machinery in the same building.

"King Corn's" special day concludes on Tuesday afternoon. John Speicher, Extension dairyman, will tell ways a farmer can get the most money out of his corn. D. M. Byg of Ohio State University will discuss "Putting More Corn in the Combine Grain Tank." Finally, four representatives from MSU's Ag Engineering Department discuss corn storage of high moisture corn, by drying, by dry aeration and by chilling.

### Good visibility key to safe winter driving

The "bone-tired" motorist who fails to keep his windshield clear of road-muck, sleet and snow is headed for a bone-breaking winter weather crackup.

This warning was sounded today by Professor A. E. Neyhart, director emeritus, Institute of Public Safety, The Pennsylvania State University.

Professor Neyhart, who is nationally recognized as the "father of driver education," told motorists they must be able to see and be seen if they are to survive during hazardous winter driving conditions.

"REDUCED visibility due to sleet, fog, rain and snow, plus longer hours of darkness, make winter driving far more dangerous," Professor Neyhart said. "Motorists must use extra care in driving and pay more attention to vehicle maintenance."

The safety specialist warned motorists to clean the entire windshield as well as the side and rear windows and not to try to get by with a small peephole in the windshield.

"You have to see all of the roadway and also both sides and the rear," he warned.

"BEFORE YOU start out on any kind of a trip, even if it is only a few blocks, be sure your safety equipment is working. Your windshield wipers should always be kept in perfect condition. If the rubber is dead from months of exposure, your wipers will streak and smear," he warned. "Dead blades should be replaced or refilled with live rubber that does a thorough job of cleaning."

He also urged motorists to have their windshield wipers tested for adequate pressure,

which should be at least one ounce for each inch of blade length to retard dangerous wind-lift. Most good service stations have an arm pressure scale that gives a quick reading. Special blades to minimize the effect of wind-lift at high speeds are standard equipment on several makes of cars, and they may be obtained at most all service stations.

"A MISTAKE SOME motorists make is putting too much water and not enough anti-freeze in the windshield washer reservoir," the professor said. A mixture of half water and half top-grade windshield washer anti-freeze solution may be used safely down to about 20 degrees below zero. Never test your windshield washers while driving if there is a chance that the solution is not strong enough, for it may freeze instantly on striking the windshield and blind you."

The professor urged motorists to check the car heater and defroster. This precaution is essential to assure clear vision.

"Before starting out, wipe snow and road-muck off headlights, tail lights and directional signals," the safety specialist said. "It is a good rule to keep one window open just a little. If your car is tightly closed, this shuts out the noises you should hear, such as horns of vehicles and whistles on trains, and also increases the threat of carbon monoxide, which induces drowsiness and may even kill the car's occupants."

"WHEN YOU GET on the road," Professor Neyhart concluded, "keep your distance from other cars. And remember, when visibility is poor the posted speed limit may be entirely too fast. Adjust your speed to match your visibility."

### Cropland sign-up reported heavy

Thousands of farmers applied on the opening day of Jan. 10, for participation in the 1966 Cropland Adjustment Program. Many counties filed over a hundred requests by producers who wish to participate in this voluntary program.

The Cropland Adjustment Program is designed mainly to offer producers an annual adjustment payment for diverting land from corn and wheat production to conservation uses. After diverting either the corn or wheat acreage, a producer is also offered an opportunity to place the balance of the eligible land on his farm in the program at a lower rate.

Counties and communities within counties are limited to the amount of land that can be taken out of production. This limitation was reached on the opening day of sign-up in many areas. Those producers who have requests on file that cannot be accepted this year will be offered an opportunity to participate in the program during the next sign-up period which will be early in 1967.

Michigan State University's winter Evening College program includes a course in hand book-binding, the first course on this subject ever offered at a college or university.

### Seminars . . .

Continued from page 4-C  
reau efforts in state and national political affairs.

#### LOCAL GOVERNMENT SEMINAR

This series of seminars is open to all Farm Bureau members in Michigan; however, emphasis will be placed on recruiting 100 Farm Bureau leaders from the surrounding counties.

The day-long sessions will open at 10 a.m. and the program will close in the afternoon at 3:30 p.m. The locations and dates scheduled for the seminars are:

FERRIS INSTITUTE, Big Rapids, Jan. 20, Jan. 27, Feb. 3, Feb. 10, Feb. 17 and Feb. 24.

The Ferris Institute date of Feb. 17 may have to be changed so as to avoid interfering with the second day of the Freedom Conference.

Delta College, Saginaw Bay, Midland area, Jan. 21, Jan. 28, Feb. 4, Feb. 11, Feb. 18 and Feb. 25.

HEADING THE "panel of officials" will be D. Hale Brake. Brake has recruited representatives of the county, township and city governments. He has also contacted individuals connected with the executive, legislative, and judicial branches of Michigan's state government. Each member of this panel will give an explanation of his work area—the duties and problems that are involved. There will be sufficient time following the panel's presentation for a question-and-answer session.

Local government seminars are an excellent way to acquaint yourself with governmental action and responsibilities below the national level.

#### SEMINARS ON ECONOMIC UNDERSTANDING

The seminars for economic understanding, prepared and scheduled by the Community Programs Department of Michigan Farm Bureau, will feature three presentations by business leaders during each day-long session. The area businessmen invited as speakers for the seminar will explain their role in the community's business operations. Open discussions following the presentations will make it possible for participants to consider additional aspects of American business operations.

Topic sessions will also be an interesting feature of the seminar. The first topic to be covered will be money-banking investments. For this program a banker, an economist and a representative of an investment firm will address the group.

ON SUCCEEDING days subjects will be considered as related to economic stability. They are as follows: 1) Iron and steel as the basic need for national industrial growth; 2) power needs (This will deal mainly with the petroleum and refinery business); 3) retailing and wholesaling; 4) transportation in our economy; and 4) monetary and fiscal policy.

These programs are open to any interested Michigan Farm Bureau member. Special efforts will be made to recruit 10 farm leaders from each of the 10 surrounding counties in order to insure a minimum crowd of 100 persons.

Any further information concerning any of these programs is available through J. Delbert Wells, Community Programs Department, Michigan Farm Bureau.

### Top programs set for crop growers at Farmers' Week

Michigan State University crop and soil scientists plan to update the old, and take a look at tomorrow, during the 1966 Farmers' Week program Jan. 31-Feb. 4 at East Lansing. All crops and soils meetings will be held in MSU's Kellogg Center.

In keeping with the general theme of the '66 program, "Rural Michigan, Now and in 1980," authorities will tell visitors what to expect in the science of growing, and in the future of crops for Michigan.

FEB. 1 IS "SUGAR Beet Day." Morning sessions will feature weed and wind erosion control and new sugar beet varieties. A panel will discuss growing beets with less labor. Afternoon meetings are on recoverable sugar, fertilizer, and soil tests and discussion of legislation.

On Wednesday, the science of growing corn — "100 bushels plus" — will be emphasized. Recent developments in growing, deep tillage, narrow row growing, and discussions of corn insects and fertilizing practices will fill the program. Another session will be held on small grains.

RECEIVING TOP yields from all cash crops will be discussed in another Wednesday session. Talks on soil testing, fertilizer recommendations and new crop varieties will be given by MSU crop and soil specialists. The discussions of general crop production and soils management will continue on Thursday morning.

Thursday will be "Potato Day," and another session on general crop production is scheduled. Michigan farms are expected to

triple production of potatoes in the next 15 years.

These Farmers' Week discussions are an excellent starting point for farmers considering potatoes as a future crop. Scientists will report on weed and insect control, fertilizers, what's new in the killing of potato vines, and recent developments in potato insecticides and fungicides.

Cows under the Michigan State University sponsored testing program of Dairy Herd Improvement Assn. averaged nearly 3,000 pounds of milk more than the average dairy cow in Michigan. About 25 per cent of the states commercial dairy herds are on test.

Michigan State University scientists said recently that research will make it possible to produce agricultural products even more efficiently. Consumers may spend only 10 per cent of the family income for food by 1980.

# The Clinton generation is getting younger in number

Residents of Clinton County are getting younger all the time. Not individually—only collectively.

The median age of the local population is now estimated at 23.3 years, as against 24.8 in 1960. It means there are as many persons below that age as there are above it.

THE LOCAL median represents an adjustment of the 1960 median, in line with changes that have taken place since that time throughout the country as a whole.

These are indicated in new, national figures from the US Census Bureau. They show that there has been a drop of no less than 1 1/2 years in the age level of the American population in the period from July 1960 to July 1965.

The chief factor in this change has been the huge increase in the number of people between the

ages of 14 and 24. This group has zoomed upward by 25.7 per cent in the five years, more than three times as fast as the rest of the population.

TAKEN AS A whole, residents of Clinton County, with their median age of 23.3, are somewhat younger than those in other parts of the United States, where the median is 28.0. It is 26.8 in Michigan.

The report shows all age groups equalled or exceeded their 1960 totals except those in the 30 to 39 bracket. They dropped nearly 2 per cent, numerically, in the five years.

On the other hand, there was a substantial increase, 9 per cent, in the number over 65.

IN CLINTON County, this age group now constitutes approximately 9.2 per cent of the total population.

How young is a person at age 23.3, the local median, in terms of some of the historical events of the last few decades?

What would he know of the great depression, which occurred 37 years ago? Or of the first showing of a talking movie (The Jazz Singer) some 39 years ago? How many were alive 24 years ago when the first nuclear chain reaction took place, signalling the birth of the atomic age?

TO A LARGE part of the population, these were things that happened before their time. They know about them through their school studies and through their general reading.

## Claims poor records go with business failure

Poor records are listed as the number one cause of business failures by a nationally recognized business reporting firm.

Wilbur A. Dexter, district farm management agent for the Michigan Cooperative Extension Service, finds farmers who have good records are usually able to plan and operate the farm business at a profit.

DEXTER SAYS good records show strengths and weaknesses of the business so the farmer knows where to spend time and effort. Records also make tax reporting easier and puts a farmer in a position to obtain and use credit to a better advantage.

The management specialist points to the TelFarm record keeping system, available through the Extension Service to Michigan farm families, as an example. Enrollments are now open for use of the electronic record keeping and business analysis program during 1966 and information is available through county extension offices in Michigan.

The average age for people in nursing homes is 83.

## Merrihew

By Mrs Lloyd Reed—224-2951

(Omitted last week)

Friends and neighbors of the Bowen family of E. Price Road will be glad to hear that Dwight Bowen has been located in Texas. He is a patient in a hospital there.

Mr and Mrs Lloyd Reed were hosts Christmas Eve for a 6 p.m. dinner. Guests included Mr and Mrs Paul Reed and daughters of Allendale, Mrs Frank Easton of DeWitt, Mr and Mrs Jerry Schafer and baby of Bath and Mr and Mrs Joey Miller and family of Price. The next day the same group were Christmas dinner guests of Mr and Mrs Joey Miller of Price.

Mr and Mrs Lloyd Reed were Tuesday evening dinner guests of Mr and Mrs Alfred Merignac of Price. Celebrating the recent birthdays of Alfred and Lloyd, as their birthdays occur the same day and they are the same age. It was also in honor of the Reed's wedding anniversary which occurred Tuesday.

Wednesday the Reeds met Mrs Lorena David of Fullerton, Calif. for lunch before she returned to California after the Christmas Holidays.

## Buy plates now, Hare entreats motorists

Now that the holidays are over and the things getting back to normal routine, Secretary of State James M. Hare is entreat-ing all vehicle owners who still have not purchased 1966 plates to do so in early January if possible.

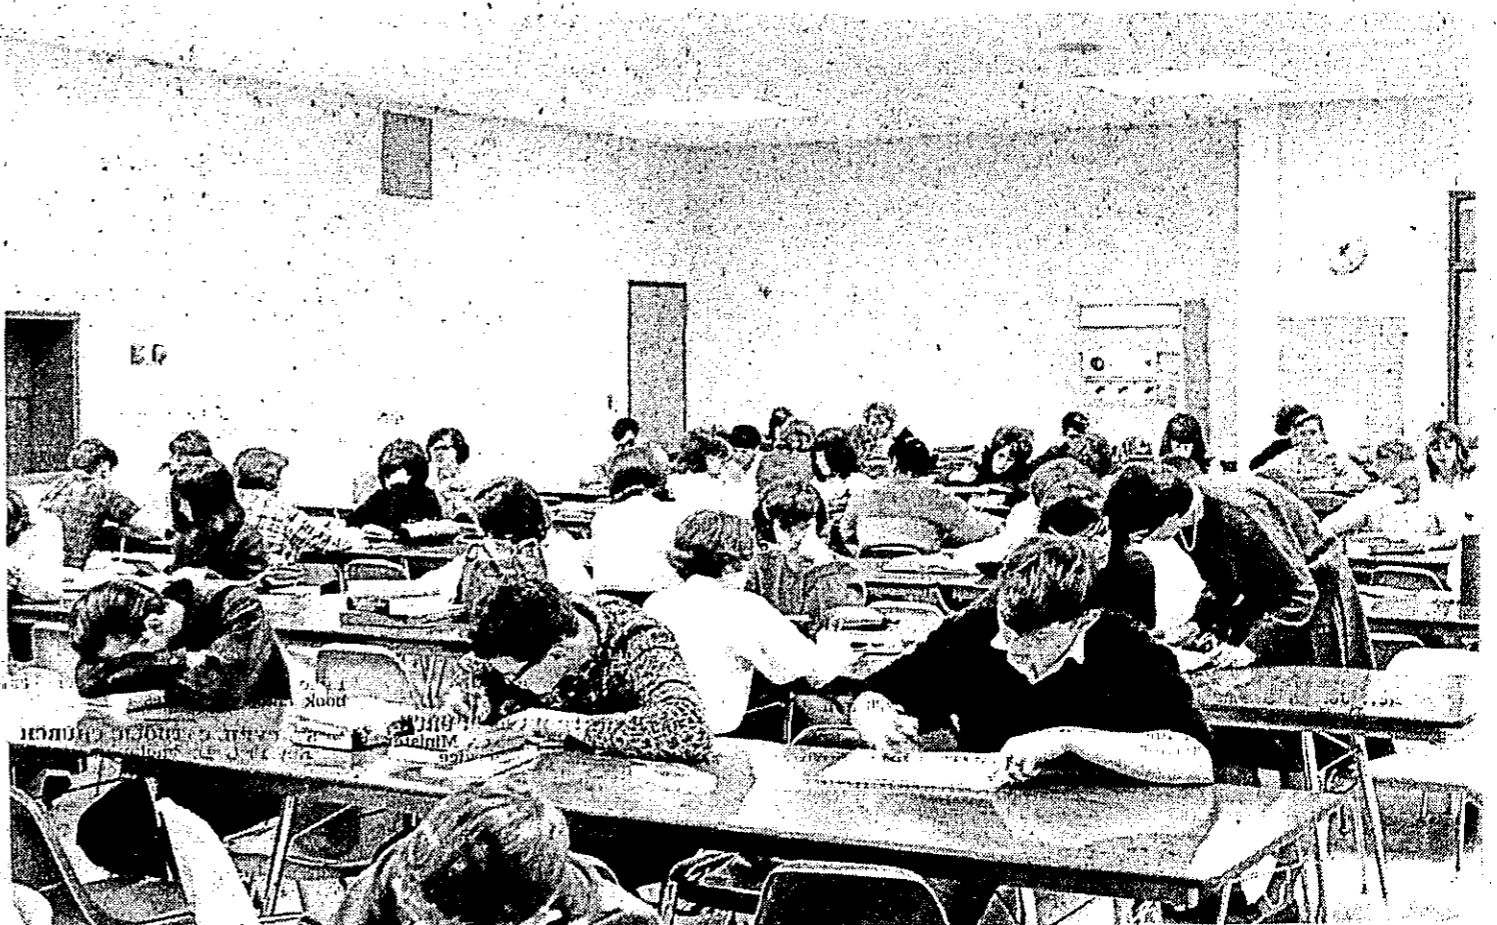

"There are going to be plenty of distraught, angry persons in late February when Michigan faces a rush period like we've never seen before," Hare said.

He noted that license sales are taking longer this year because of collections for the Motor Vehicle Accident Claims Fund, in some instances up to three times as long.

# Food for thought at DeWitt High

The cooks at the new DeWitt High School pose proudly in front of their modern kitchen equipment as they started another day of meal preparations for students. Left to right are Mrs Leonard Wellington, head cook, and Mrs Blanche Bissell, Mrs Art Rach, Mrs Pete Pelkey and Mrs John Hiatt.

This spacious room in the new DeWitt High School building south of DeWitt is really two rooms — a cafeteria and a study hall. During the morning and afternoon school hours, books, pencils and paper cover the desks as students study; during the noon hour food trays and milk cartons provide the cover.

# A WORLD IN TROUBLE

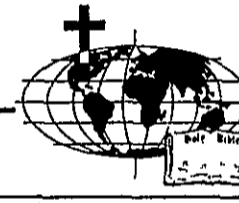

What has happened to this marvelous world of ours in this twentieth century of God's grace? Mankind seems to be passing through a sea of troubles which has no counterpart in human history.

There are wars and rumors of wars among the nations, and many of the nations themselves are split into warring factions, each faction striving for supremacy, and each intolerant of the views, hopes, and rights of others.

The great trouble with the world is that men have forgotten God. They no longer seek spiritual guidance, but follow the vain ways of the modern world. We have become a cynical, materialistic generation.

If this drift toward world tragedy and chaos is ever stopped, the churches of the world must do it. The world's hope—our hope—is in God and His Church. He alone can save mankind from a sorrowful fate.

The Church seeks to turn the hearts of men from the ways of war and fear and hate to the ways of peace and love.
