## St Johns firemen fight 64 fires in '73

ST JOHNS — St Johns Fire Chief Clare Haier recently presented his annual report to the City Commission showing the department made a total of 64 runs during 1973.

Forty-one of those runs were made inside the city. Total loss for the year from city fires amounted to \$47,220.

Of those fires, 18 were residential fires amounting to losses of \$15,895.

A loss of \$13,500 was incurred when a truck caught on fire at the St Johns Oil Co bulk plant.

Another \$10,000 was reported following a mobile home fire.

A TOTAL of \$5500 in losses was reported from miscellaneous building fires.

The recent fire at the Steel Hotel resulted in \$750 damages and \$1,075 worth of losses were reported from fires in cars, recreational vehicles etc.

A total of \$65,350 losses were reported from country fires with the bulk of that being caused to residential homes. A total of 6 home fires resulted in \$51,250 damages.

Other building fires totaled 5 runs and caused damages of \$13,000. A total of \$1100 damages were reported from car fires.

The department made 37 city runs and 32 country runs in the previous year.

## Ovid man hurt in cycle mishap

An Ovid man is in serious condition at St Lawrence Hospital following a motorcycle accident early Jan 31.

According to a report of the Clinton County Sheriff's Dept, Thomas Sheldon Claycomb, 28, of 8404 Kinley Rd was going north on Meridian Rd at 12:30 am. He apparently lost control of the vehicle near Balcon Rd, went into the ditch and rolled over.

Claycomb was taken to Owosso Memorial Hospital and later transferred to St Lawrence.

## He's not official

ST JOHNS — American Legion officials have notified the Clinton County News that there has been a magazine subscription salesman working the Clinton area assuming the sponsorship of the local American Legion Post.

Officials of the American Legion warn any unsuspecting citizens that this affiliation is false and that the club has no knowledge of any offers, he might be making to local citizens.

Displaying the street banner that local residents will see shortly on the upcoming St Johns Lottery Days retail promotion are Marsha Snyder and Sue Watt, members of the Clinton County News staff. The promotion will span six days starting Feb 18 thru 23 and will feature a Super Drawing for a portable color TV set. Participating merchants will be named in next weeks Clinton County News.

## Bath Twp residents protest camping area

BATH TWP — A strong display of resident protest against a planned overnight camping area at Bill-A-Don Motel on M78 has convinced the Bath Twp Board that the project is a bad idea.

The Board voted unanimously Monday to tell the Clinton County Board of Commissioners just that.

The action followed an informal report of the Township Planning Commission, which

opposes the project despite recent approval by the County Zoning Board.

"There were a lot of things that weren't answered," explained Planning Commission Chairman Richard Bragdon.

He said the main consideration was traffic problems and congestion the project could cause, and noted that the state Highway Commission has apparently not been consulted.

Bragdon said township residents have made "an impressive showing" of their opposition to the camping area.

"And I think they have good reason to be concerned," he added.

In response to a request from the township fire dept, the board voted to finance the enrollment of 4 firemen in an emergency medical treatment class at the Lansing Community College.

The township will provide about \$51 per man for tuition, books and enrollment, pending final approval by the Fire and Police Board. Fire dept secretary Robert F. Reblin presented the annual fire report to the board.

The report noted that 43 alarms (including 12 false alarms) and 26 rescue calls were answered between Dec 1972 and Nov 1973. Total fire loss was listed at \$61,725, while total savings were estimated at \$1,098,900.

Reblin also requested a meeting of the Fire and Police Board to discuss purchase of new rescue equipment and other topics.

Trustee Daniel Carlton reported on a recent meeting at DeWitt Twp about the possible establishment of a tri-area emergency medical services fund to provide ambulance service to Bath and DeWitt Twp and the city of DeWitt.

The plan was proposed by Rodney Palmer, head of Lansing Mercy Ambulance Service.

Carlton said all areas benefiting from the centrally located service would be needed.

Noting that some other communities in the area already have emergency services that tie in with major hospitals, Carlton said, "Let's face it, we're being bypassed."

He stressed however that plans for a tri-area service are still very sketchy and said another meeting is planned for Feb 26 at DeWitt Twp Hall at 7:30 pm.

## East Lansing attorney seeks office in 6th Dist

Clifford W. Taylor, 31-year old East Lansing attorney, today announced his candidacy for the Republican nomination for the US House of Representatives from the Sixth Congressional District.

Charles Chamberlain has announced he will not seek re-election to the 6th Dist post.

In making the announcement, Taylor said, "While I recognize that problems of a national character must be solved in Washington, I believe that it is essential for a Congressman to help separate where Washington responsibility ends and where we can shift decision making power back to our states and local governments."

He further indicated, "I intend to run a campaign that emphasizes grass roots organization. In doing so I hope

to talk with people where they live and work about their concerns."

At a news conference in Lansing, Taylor made a complete disclosure of his personal resources, listing total assets of \$18,000. He said his tax returns and other financial documents are open to anyone wishing to inspect them.

Taylor, who is making his first bid for elective office, has been a private practicing attorney in Lansing since October, 1972. He served as an Ingham County assistant prosecuting attorney during the previous year and a half.

He is a 1964 graduate of the University of Michigan and a 1967 graduate of the George Washington University Law School in Washington, D.C.

## DeWitt Twp Police investigating larceny of 6700 gallons of gas

DEWITT TWP — One subject has been arrested and the investigation is continuing in the recent larceny of 6700 gallons of gasoline in DeWitt Twp.

The gas, valued at \$3200, was taken from the Hudson Oil Station, 3604 North East St. Police arrested James H. Crandall III, 29, 1027 E. Willoughby Rd, Lansing, who was arraigned on a charge of grand larceny.

He demanded examination. DeWitt Twp Police Chief William Nash said the investigation is continuing since it

believed that at least 4 persons were involved.

He said it is thought that 2 vehicles were used in the theft. He described 1 as a plain red fuel oil truck with a 2000 gallon capacity and no markings. The other is believed to be a red and white Ford pickup truck with a 500 gallon drum on the truck bed.

The investigation continues in conjunction with the Lansing Police Dept. Lansing has reported similar thefts, 1 involving 7000 gallons of gas.

## Elect Spicer Pharmacy Board vice-president

John W. Spicer of Fowler has been elected vice-president of the Michigan Board of Pharmacy.

Spicer, a pharmacist and President of Oakland Pharmacy in Kalamazoo and the Galesburg Medical Pharmacy Inc. in Galesburg, was appointed to the Board of Pharmacy in 1973 to complete the term of a board member.

Spicer will serve on the Board for the remainder of a term expiring December 31, 1975.

He is a former mayor of Fowler and village councilman and is a member of a pharmacy advisory committee at Ferris

State College, a director on the Ferris State College Alumni Board, a charter member of the Ferris State College Pharmacy Alumni Club and currently on the board of directors and a charter member of the Ferris State College Athletic Association.

He is also a member of the Michigan Pharmaceutical Association, the American Pharmaceutical Association and the National Association of Hospital Pharmacists.

Spicer resides at 340 Elm Street in Fowler with his wife Ellen, son Scott and daughter Nancy. The couple also have 2 other sons, Steve and George.

## Hospital receives re-accreditation

ST JOHNS — Clinton Memorial Hospital has been re-accredited by the Joint Commission on Accreditation of Hospitals (JCAH) according to Paul E. McNamara.

He stated that "this is a tribute to all members of the Clinton Memorial family and it takes effort from everyone to achieve this degree of excellence. Clinton Memorial has been fully accredited since its inception in 1927."

This 2-year accreditation is the result of an on-site survey made by field representatives of the Joint Commission. Accreditation indicates that this facility has chosen to operate according to standards set by JCAH and that the facility has, in the main, met these standards.

The standards, published as the "Accreditation Manual for Hospitals," set forth optimal achievable goals of excellence against which a facility can measure itself and be measured by the Joint Commission's survey.

Clinton Memorial Hospital is one of approximately 4,900 general hospitals throughout the U.S. that have earned this

recognition. There are approximately 6,600 general hospitals in the U.S.

The Joint Commission's accreditation surveys are voluntary. It is not legally necessary for a hospital to be accredited, but health care facilities have sought accreditation because it represents a benchmark of quality that is higher than governmental licensure alone. The chief aim of the Hospital Accreditation Program is to help hospitals in their pursuit of excellence and thereby provide a higher quality of care to patients. The program also seeks to recognize, and to identify for the public, those facilities which meet its standards.

The Joint Commission began in 1918 under the auspices of the American College of Surgeons. It was incorporated in 1951 with the support of its present member organizations: the American College of Surgeons, the American College of Physicians, the American Hospital Association, and the American Medical Association. JCAH is a Chicago-based, non-governmental, not-for-profit organization.

## St Johns Drama Club recipient of 2 talent honors during past week

ST JOHNS — The talents of the St Johns High School Drama Club have been recognized twice in the past week.

The 1st recognition came when R.L. Koger, drama director, received a letter of invitation for the club to perform at the International Theatre Conference at Ball State University in June.

The selection takes on even more significance in that local dramatists were 1 of a select group of 39 high school students from throughout the United States and foreign countries chosen to perform at the bi-annual event.

The specific performance at the international will be within the realm of 18th century comedy.

St Johns gained recognition in that area when the group presented its own cutting and production of Oliver Goldsmith's "She Stoops To Conquer," as its entry in the Michigan High School Drama Contest in 1973. With recommendations from the University of Michigan and Dr Eugene Rydahl of Central Michigan University, the International Thespian Society extended the invitation to the St Johns Drama Club.

The local group will now try to locate last year's cast of "She Stoops To Conquer," several of whom have graduated, but are still International Thespians.

If the entire cast is unable to be re-assembled, new casting of unfilled roles will take place.

The group, in addition to the cast, plans to travel to Ball State with its creative group of costumes, make-up artists, lighting and stage technicians and active International Thespian Society members.

Additional honors came to the St Johns Drama Club Saturday when this year's entry of "Spoon River Anthology" took 1st place in District drama competition. This is

the 3d consecutive year that St Johns has won the honor.

The "Spoon River" cast and crews succeeded in outscoring Okemos High School by 4 points. Third place winner was Ionia High School with other district entries from

Lowell, Greenville and Grandville being rated.

Besides winning 1st place, individual awards of excellence in individual performances were presented to Sandi Asdenfelter for her roles of Dora Williams,

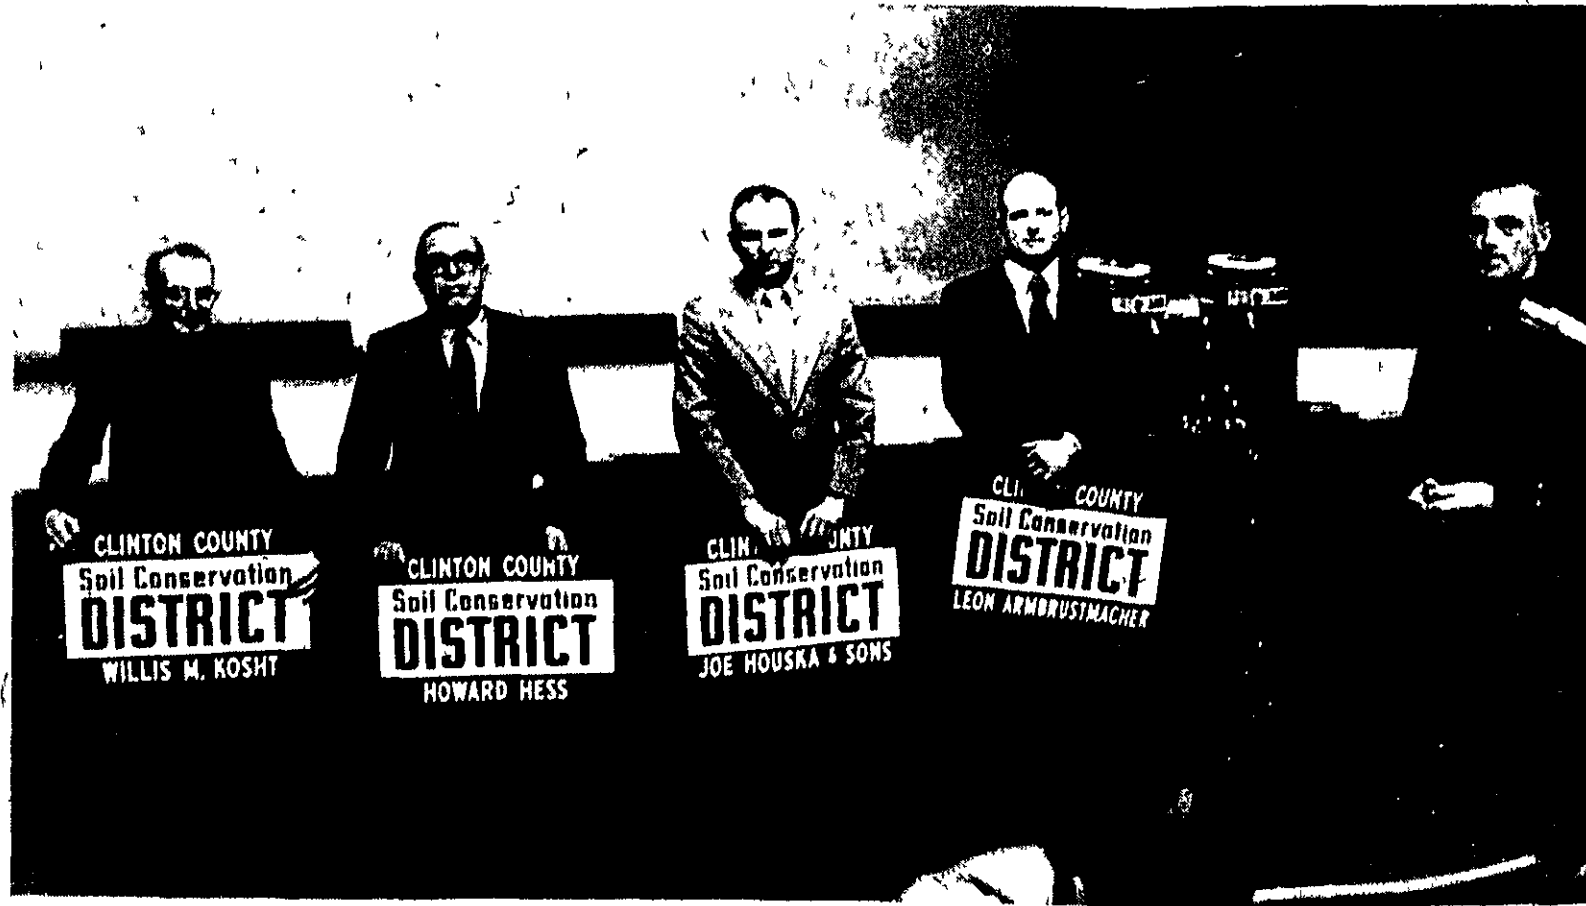

Mrs Sibley and Lady No. 2, Cindy Hetler for her roles as Emily Sparks and Lady No. 1;

Dan Magsig for his roles as Walter Simmons, Fiddler Jones and Harry Wilmans; and Erin Wood for her roles of Margaret Fuller Slack, Russian Sonia, Mrs Parkapile

and Lady No. 4.

The group now moves on to Regional competition Feb 9 at St Johns High School. Winners from surrounding districts begin competing for Regional honors at 8 am in the high school auditorium.

Performances are open to the public at no charge and the St Johns production of "Spoon River Anthology" will be presented at 1 pm. The top 2 winners at Saturday's competition will go to the state finals at Central Michigan University Feb 22-23.

## Hospital announces staff appointments

ST. JOHNS - Several personnel changes for 1974 have been announced by Paul McNamara, administrator of Clinton Memorial Hospital.

Mrs Dorothy I. Schoals has been promoted from business manager to hospital controller. Mrs Schoals joined Clinton Memorial Hospital in 1959 in the Business Office.

She has been active in the Hospital Financial Management Association, having been a member of the Board of Directors for the Central Michigan Chapter, and involved in state and national activities for the same group.

She was recently named in the Ninth Edition of Who's Who of American Women. She and her husband, Miles, live in Olive Township.

Don Isbell was promoted to services manager for the hospital. This includes responsibility for the material control, the Housekeeping Department and the Laundry Department.

Isbell joined the hospital in 1977 and has worked his way up to this position of leadership. He directly supervises 14 employees and is responsible for the hospital's safety and fire prevention programs.

He has been active in community affairs, including the Little League and the Bement Public Library Board.

His wife, Beatrice, is a part-time nurse at Clinton Memorial. They have 3 children and live at 701 Church Street, St. Johns.

McNamara also announced that Mrs Romaine DeCamp has recently joined the hospital staff on a part-time basis as volunteer services coordinator. She has held positions on the United Fund Board and the Congregational Church Board of Trustees. She is also a part-time employee of J.C. Penny Company.

Prior to living in St. Johns, she was chairman of the Christmas Clearinghouse Bureau for service organizations in Kalamazoo. She also organized and managed the Volunteer Bureau there.

Additionally, she worked with blind children at the Upjohn School, the Well Baby Clinic, Pretty Lake Camp for underprivileged children and the Children Guidance Clinic.

She and her husband, Peter, and 2 sons live at 501 E. Clark Street, St. Johns.

Conferring with Right Honorable Lord O'Brien, Governor of the Bank of England is Central National Bank President Harold Wellman while attending the World Banking Conference in London, England recently. Wellman was one of 10 U.S. bankers among a total of 300 delegates attending the conference from throughout the world.

## Harold Wellman delegate to world banking conference

Harold Wellman, President of Central National Bank of St.

Johns was recently a delegate to the World Banking Conference held in London, England. Among the delegates were Johannes Witteveen, Director of International Monetary Fund, M. Louis Carnu, President of Bank of Bruxelles, Mr Gengo Suzuki, Chairman of Japanese Bank International Limited and Dr Naaman Azhari, Chairman of Banque du Liban in Beirut.

The subject matter discussed was the Future of Gold, the Eurodollar Market, Money Supply and Inflation.

It was the general consensus that the world faces a continued inflation during the year 1974 with Great Britain anticipating a 14 to 17 percent factor and

Japan an increment in excess of the inflation in Great Britain. It appears the United States will show a 7 to 9 percent inflation during the coming year depending on the position the Federal Reserve Bank takes on monetary aggregates in the banking system. Although the energy crisis accelerated the timing of these conditions, the leading economic aggregates in 1973 forecast the economy in the world which we face today.

Wellman said it appears that one of the tools which will be very much in the fore during the ensuing years will be the International Monetary Fund and the reliance of Special Drawing Rights to recycle the monetary reserves of the oil producing countries.

# Dr Friesen resigns Mental Health post

Dr Eugene Friesen, director of the Ingham Medical Hospital Community Mental Health Center, has resigned his post to enter private practice in Arizona.

Members of his staff and professional acquaintances honored him recently with a "This Is Your Life" farewell party at the center.

Dr Friesen has been director of the center since 1970. During his tenure there, a large staffing grant was developed and the center's programs and facilities were greatly expanded.

The center also established a formal partnership with the ministry of health in Belize, Central America through the Michigan Partners of the Alliance.

Dr Eugene Friesen, who recently resigned his position with the Ingham County Mental Health Center, looks over a scrapbook presented to him at a farewell party. With Dr Friesen are his wife and daughter, Leda and Linda, and secretary (left) Linda Adams.

## Colleen Chick bride of Kevyn Godley

The Congregational Christian Church of Maple Rapids was the scene of a candle light ceremony of Colleen Cheryl Chick and Kevyn Lee Godley on Dec. 1, 1973 at 7:30 pm.

Colleen is the daughter of Mr and Mrs Clara Chick of Rt 1 Perrinton and Kevyn is the son of Mr and Mrs Bernard Godley of Rt 2 Breckenridge.

They were united in marriage by Rev Hector Goodall in a double ring ceremony of deep purple velvet and lavender.

**THE BRIDE**, given in marriage by her parents was escorted down the aisle by her father.

She wore an old fashioned white gown of silk organza. The gown skirted with white lace and set off with a gathered ruffle surrounding the skirt. Her veil was of chapel length and trimmed in matching lace. She carried a white bible covered with white rose buds and lavender daisies with white streamers of satin ribbon.

Serving as maid of honor was Miss Shelly Chick, sister of the bride. Bridesmaids were Mrs Melanie Smith, cousin of the bride, Mrs Linda Cochran, friend of the bride, and Miss Kaynette Godley, sister of the groom. Their dresses were of floor-length with full sleeves of nylon chiffon and embroidered flowers of lavender with a skirt of deep purple velvet. They carried lighted hurricane lamps

with deep purple candles and lavender velvet ribbons flowing down their gowns. Their hair was all done in high styles with matching bows done by the bride.

Best man was Lewis Becker Jr, friend of the groom. Groomsmen were Larry Chick, brother of the bride, William Morris, friend of the groom and Jeff Godley, cousin of the groom. Ushers were Bruce Olson, friend of the groom and Eric Chick, brother of the bride. Ringbearers were Tony Chick and Mike Chick, nephews of the bride.

The men of the wedding party and fathers of the bride and groom wore lavender-tuxedos with lavender ruffled shirts and black vest and black velvet bow ties. The groom and ringbearers wore matching white tuxedos with white ruffled shirts and jackets.

Modern form of organ music was played throughout the ceremony. Mrs Joann Williams of Perrinton provided the vocal selections. Joann sang "Every Day of My Life", "The Hawaiian Wedding Song" and "The Lords Prayer".

For her daughters wedding, Mrs Chick wore a floor-length gown of lavender, purple and white flowers with empire waist and skirted with a wide ruffle. The grooms mother wore a deep turquoise dress.

Both mothers wore a corsage of white rose buds.

## Engaged

ST-JOHNS — Mr and Mrs Carl J. Thelen, 1895 E. Taft Rd, wish to announce the engagement of their daughter, Judy Catherine, to Bruce Cameron, son of Mr and Mrs Bruce Cameron, 7804 N. Welling Rd, Eureka.

The bride-elect is a 1973 graduate of St Johns High School and is employed by Lions of Michigan in Lansing. The prospective bridegroom is also a 1973 graduate of St Johns High School and is employed by General Telephone in St Johns. A July 13 wedding is being planned by the couple.

JUDY THELEN

The guest book was attended by Miss Renaye Godley.

Following the ceremony the reception was held at the Fulton High School in Middleton.

The 4 tiered pillared wedding cake was accented with lavender flowers and lace created by Mrs Melva Zerba. The cake was cut and served by Mrs Kathy Chick and the grooms cake by Mrs Fonda Chick.

Those assisting with serving at the reception were Mrs Heather Carr, Mrs Jackie Stoneman, Miss Rita Halsted,

Mrs Lois Lowe, and Mrs Sandi Williams.

Host and hostess for the bride and groom were Mr and Mrs Richard Rademacher of Fowler. Assisting with gifts were Miss Shelle Rademacher and Scott Williams.

Special guest was Mrs Fern Loudenbeck, grandmother of the bride, of Fowler. She wore a floor-length gown of deep turquoise with sheer sleeves.

Following the honeymoon in northern Michigan the couple are now residing at 8591 E. Polk Rd.

### Pamela Woodman weds Ronald Sosebee

ASHLEY - Pamela Marie Woodman, daughter of Mr and Mrs Robert E. Woodman of Rt 1, Ashley, became the bride of Ronald Lee Sosebee, son of Mr and Mrs T. Roy Sosebee of W. Marshall Rd, St Johns on Dec 8 at the Ithaca United Brethern Church in Christ. Rev Bruce Kaechele performed the double ring ceremony before an altar decorated with purple carnations and white camellias. The bride and groom were both escorted to the altar by their parents. Music for the service was provided by Mrs Carol Kelley, soloist, and Ruth Kochensperger, organist.

The bride wore a full length ivory empire waist gown of organdy over satin. It was accented with lace Juliette sleeves and bodice. She wore a long mantilla veil with lace cap and edging. She carried a cascade bouquet of red roses and white carnations.

Cindy Woodman, sister of the bride, attended as maid of honor. The bridesmaids were

Jackie Wolfgang of Riverdale and Jeri Riggle of Perrinton. Colleen and Amy Gehoski of St Johns served as flower girls.

The maid of honor wore a dark lavender A-line gown with beige lace at the cuffs, collar, and bib front. The bridesmaids and flower girls wore gowns of light lavender. The attendants carried bouquets of fuchsia roses and white carnations, with the flower girls carrying baskets of roses and carnations.

The bride's mother wore a full length aqua sleeveless gown with a matching lace jacket. She had a corsage of pink roses. The groom's mother chose a full length green gown with white lace trim. She had a corsage of yellow roses.

Serving as best man was Dwight Craig, friend of the groom.

Groomsmen were Jerry Veermersch and Corrie Rhynard. Michael Schmid and Lee Thelen seated the guests.

A buffet luncheon was served for 200 people following the ceremony in the church Fellowship Room. Joan Elliott attended the guest book. Host for the occasion was Mr Michael Gehoski and hostess was Mrs Lucille Ashbaugh. Serving were Mrs David Hodges, Babette Sosebee, Denise Lapaugh and Cindy Vining. Ladies of the East Washington UB Church helped in the kitchen.

Special guests present were Mrs Heah Dous, grandmother of the groom and Mr Fred Woodman, grandfather of the bride.

The couple are now residing at Box 375, Eureka, Mich.

# St Johns tankers sink Grand Ledge 90-81, break 4 records

WELLER

MAILAND

BUTLER

ST. JOHNS -- The Redwing Swimmers broke 4 pool records in a conference victory over Grand Ledge, Thursday night. A capacity crowd saw the St. Johns team swim their seasons best times in every event.

Harold Wellman, swimmer of the week, swam a record setting, 24.4, in the 50 yard freestyle. Wellman also qualifies for the state meet with this time.

John Mailand broke two records with stellar performances in the 100 and the 500 yard freestyle. Mailand, a sophomore, just missed qualifying for the state meet in both events.

Paul Butler, a junior, broke the hundred yard breaststroke record with a 1:10.8 clocking. Butler broke his brothers mark set last year.

Other first place finishers were Larry Feldspausch, Eric Groat, Tom Villereal, and Harold Wellman in the 200 medley relay. Kirk Robbins won the diving event with a score of 188 points.

Depth and overall strength won the meet over Grand Ledge for the young Redwings. Good performances came from freshman Mark Groat and Jim Cole in diving. Sophomores Cliff Montrey, Jeff Livingston, Eric Groat, Larry Feldspausch, Mike Jorae and Roger Warner, added many second and third place finishes.

The juniors on the team also performed well with Tom Villereal in the butterfly, Mark Hurst in the 200 I.M. and Dave Smith in the hundred freestyle. Mike LeYeck swam his best time in the 100 freestyle with an excellent 57.6 time.

Coaches Wayne Morrison and Bruce Barber were wet and happy after the team gave them the traditional dunking. Morrison said, "I was very pleased with our teams performance, those extra practices really paid off." Barber then looked to next Thursday when the Redwings swim Alma at home at 7:30. Barber said, "Alma has never beaten us and they want us bad." Alma just beat Grand Ledge so the meet should be very close and exciting.

The Redwings now have five victories in the last seven meets and would like to up their record to 6 and 2 this Thursday.

RANDY BOWLES GOES OVER THE TOP FOR 2 POINTS IN OVID-ELSIE'S FRIDAY NIGHT VICTORY OVER BULLOCK CREEK.

## Fowler wins

FWOLVER -- Fowler and Webberville battled it out for 4 quarters and a free throw with 28 seconds remaining finally gave the Eagles the victory 67-66.

With the score tied 66-66, Mike Graff came through in the clutch and sunk the free-throw with 28 seconds left in the game.

The game winning free throw climaxed a tight game throughout that started with Fowler trailing at the end of the 1st quarter 11-10.

The Eagles came back to score 22 points in the 2d period. Webberville connected for 20 points in the period and the score at half-time was 32-31.

Webberville knotted it 40-40 coming into the 3d half by outscoring Fowler 19-18 in the 3d quarter, but the whole game went to Fowler in the final period when Graff sunk his free-throw.

Dean Schrauben led the scoring for Fowler with 21 points, followed in double figures by Dale Koenigsnecht with 11.

# Obligation remains to register for draft

Young men reaching their 18th birthdays are reminded by the Lansing Selective Service System Area Office that they are still obligated to register for the draft, from 30 days before to 30 days after their 18th birthdays.

through Friday from 8 am to 4:45 pm. The telephone number is 372-1910 extension 617 or 618.

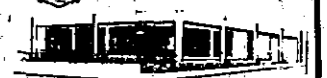

Although the authority to examine and induct young men for the Armed Forces has expired, the selective service law is still very much in effect, and failure to comply could lead to a \$5000 fine, or 10 years in prison, or both.

The Lansing area office contains all records for Ingham, Eaton, Clinton, Shiawassee and Livingston Counties as there are no longer local board offices in each county.

However, volunteer registrars are available at every high school in the area, thus eliminating the necessity of traveling to the area office to register.

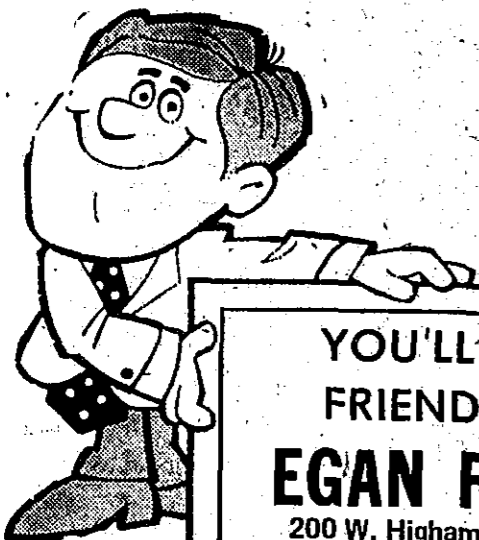

The Lansing area office is located at 1120 May Street in Lansing, and is open Monday

### Taber Safari Show features Rocky Mountains and Canada

Adventure with rod, gun and camera hits the color-screen at St. Johns High School Auditorium Monday Feb 11 at 8 pm when St. John Exchange Club brings the latest Wally Taber Safari Show to St. Johns.

Featuring Jack Niles, colorful New Mexican big-game guide and champion archer, in person, the twin-billing zeros in on the Rocky Mountain West and the wilderness lakes of Quebec.

"We've provided our St. Johns audiences with many a wild adventure in the years we've annually appeared in 'this area,'" Wally Taber said. "The present program is no exception. With rod, rifle, shotgun and bow, Niles takes his audience from the Texas-Mexican brush country to the wilds of Canada. Its whole-family fun and adventure."

A veritable variety show of hunting and fishing, the twin bill "Rocky Mtn. High" and "Canadian Adventure" -- introduces some new tactics into the age-old sports, John Fedewa, sponsoring club show chairman, said.

"Niles uses hounds to help track down a cattle-killing lion in New Mexico, but he uses only craft, stealth and a predator call on Javelina in the Texas bush country," Fedewa advised. "For the bird hunter, Niles introduces the country's only hunt for sandhill crane, a little-known gamebird staging a successful comeback from the near oblivion of market-hunting days."

Bagging the picturesque snow geese and following well-trained dogs after the ring-neck pheasant and the chukar partridge, a couple of exotic transplants, gives the bird-shooters a full bag.

"Nor does Niles forget the angler," Taber reminds. "This safari show goes on a carp hunt

IONIA -- Ionia's Bulldogs didn't make it easy for St. Johns Friday, but the Redwings pulled away in the 3d quarter on their way to their 8th West Central Conference win without a defeat.

After a tight 1st half, St. Johns stretched the lead in the 3d

period to lead the way to a 59-44 victory.

Once again, Doug Woodhams led the scoring charge for the Redwings, sinking 22 points.

At the end of the opening quarter, the Redwings led by just 2 points, 13-11.

Both teams hit for 12 points in

the 2d quarter and the half ended with St. Johns up by 2, 25-23.

In the 3d period, the Bulldogs sunk only 3 baskets and St. Johns took advantage of the cold shooting to increase the lead by 8 points, outscoring Ionia 17-9.

Leading by 10 points going

into the final quarter, the Redwings topped Ionia by 5 in the quarter 17-12.

Woodhams was joined in double figures by Mark Wawczyk with 11 points.

After Tuesday's game with Waverly, the Redwings will be on the road Friday when they take on the Alma Panthers.

### Leslie drops Bath out of Ingham County lead

BATH -- The Bath Bees fell out of 1st place in the Ingham County Conference for the 1st time this season when they lost to Leslie Friday night 73-66.

The loss was the 2d in conference play for the Bees while Leslie moved into sole possession of the top spot with

an 8-0 conference record.

A 9-point lead in the 1st quarter set the pace for Leslie who outscored the Bees 19-10 in that period.

Bath made it a closer game in the 2d quarter, but Leslie still held the scoring edge, topping the Bees 20-19.

Trailing 39-29 at the half, Bath cut the lead in the 3d quarter by 4, outscoring the Blackhawks 18-14.

But, Leslie short-circuited the comeback attempt, outscoring Bath by 1 point in the final

period 20-19.

Doug Kesson was the top scorer for the Bees with 21 points. He was joined in double

figures by Fritz Ordiway with 14 and Kerry Zorb, who also scored 14 points.

### Pirates defeat Potterville 73-62

Pewamo -- Westphalia's Pirates exploded for 25 points in the 2d period to set the pace for 73-62 victory over Potterville in CMAC action Friday night.

The victory is the 10th conference victory for the Pirates against 2 defeats. The Pirates are 12-2 overall for the season.

Potterville's Vikings are 2-10 in the conference and 3-11 overall.

Jim Cotter sunk 10 field goals and was 4-for-4 from the free throw line to lead the Pirate scoring with 24 points.

Pewamo-Westphalia trailed early in the game with Potterville holding a 2-point, 13-11 lead at the end of the opening

quarter.

But, P-W got hot in the 2d period and blistered the Vikings for 25 points. Potterville had 15 points in the quarter.

The Pirates stretched the lead by 5 more in the 3d quarter, outscoring Potterville 19-15. Potterville had a 1-point edge in the last quarter, 19-18.

Joining Cotter in double figure scoring for P-W were Randy Walter with 14 and Louie Thelen with 12. Dan May and Lee Thelen added 8 apiece. Duane Hengesbach had 6 and Ted Spitzley added 1 point.

Pewamo-Westphalia was 31 for 80 from the floor while Potterville picked up 23 buckets in 61 tries.

Cotter also set the rebounding pace for the Pirates, hauling in 14 of the boards. The Pirates dominated the rebounding game with a 59-37 edge over Potterville. Earlier in the week, the Pirates held off a last quarter 30-point charge by Webberville to take a 76-72 victory.

Five Pirates hit in double figures in the contest, led by Randy Walter with 20. Danny May had 15, Duane Hengesbach and Lee Thelen each scored 12 points and Louie Thelen hit for 10 points.

Pewamo-Westphalia takes on the high flying DeWitt Panthers Friday night in DeWitt.

DeWitt has not been beaten in conference play this season, with their only loss a non-conference game that opened the season against Bath.

## Bath Charter Twp meeting

The following is a synopsis of the Bath Charter Township Board's regular monthly meeting of December 3, 1973. Meeting called to order at 8:00 p.m. by Supervisor Van Sickle with Deputy Clerk Leiby, Treasurer Woodruff, Trustees Carleton, Morrill, Bragdon and Snider present. Pledge of allegiance given and invocation given by Deputy Clerk Leiby. Minutes of the November 19, 1973 meeting were read by Deputy Clerk Leiby and accepted as read.

William Morgan moved from the Bath area and has resigned his position on the Planning Commission. Supervisor Van Sickle selected Richard Hawks to fill the vacancy and the unexpired term through 1975. Moved by Trustee Bragdon to confirm the above appointment. Seconded by Trustee Morrill. Carried.

Supervisor Van Sickle advised that Clinton County Zoning are acting on the matter of junk in Tad Lowe's yard. Supervisor Van Sickle went to Detroit where they rendered a three and one-half million dollar check for sewer bonds. Equipment will be moved in the week of December 3rd and sewers will begin shortly.

A member of the audience asked about the Ambulance Committee and its action. Trustee Carleton stated there were not enough volunteers when the call went out for volunteers to handle service for 24 hours a day, 365 days a year. Discussion about DeWitt and Bath merging to form a committee was brought up as was a tri-area service in a building in this area handled by Mercy. More investigation to be done.

Moved by Deputy Clerk Leiby to approve vouchers No 361 through No 421 for payment.

Meeting adjourned at 10:30 p.m.  
Respectfully submitted,  
June Burnett, Clerk

The following is a synopsis of the Bath Charter Township Board's mid-monthly meeting of December 17, 1973.

Meeting called to order at 8:00 pm with all members present. Pledge of allegiance given and invocation given by Supervisor Van Sickle. Minutes of the December 3, 1973 meeting were read by the Clerk and accepted as read.

Letter read by Clerk Burnett from Bruce Angell II, to the Township Board commending Chief Steffes on his work recently on a victim of a fatal accident.

Names as follows were submitted to form the Committee to work in conjunction with the Planning Commission to study and revise the Zoning Ordinance and to re-introduce same for possible adoption: Cleo Friend, Carl Otto, Harold Burnett, Robert Sober, Dave Schlegel, Brent Bragdon and Jerry Hoard. Moved by Trustee Carleton that the committee members be compensated at the rate of \$7.50 per meeting the same as Planning Board members. Seconded by Trustee Snider. Carried unanimously.

Moved by Trustee Woodruff that the Letter of Disposition Between the Township Board and the Employees of the township be adopted as amended. Seconded by Trustee Carleton. Carried unanimously.

The Bicentennial plans were discussed. Attorney Berardo suggested that the abstract on the community hall be checked out to determine ownership. This will be done.

Ray Steeb of Lansing Metropolitan Development Authority presented brochures and advised the Board of the services the organization provides and the advantages to be gained by our joining with them to assist in the industrial development of Bath Charter Township. Moved by Trustee Carleton that the matter be tabled until the next Board meeting for study. Seconded by Treasurer Woodruff. Carried unanimously.

Moved by Treasurer Woodruff to approve application for transfer of Class C and SDM licensed business on Park Lake Road, East Lansing, from Park Lake Tavern, Inc. to James Cooke. Seconded by Trustee Morrill. Carried unanimously.

Attorney Berardo presented some problems encountered in obtaining some of the easements and requested that the Board adopt a resolution to proceed with condemnation if necessary on certain properties. Moved by Trustee Snider to adopt the resolution as read. Seconded by Trustee Bragdon. Carried unanimously.

Clerk Burnett moved that vouchers No 422 through No 471 be approved for payment. Seconded by Treasurer Woodruff. Roll call 7 yes votes. Moved by Trustee Bragdon to raise the police chief's salary for 1974 to \$12,000 thus giving that position from a 5.5 percent raise as originally set up to a 9.41 percent raise. Seconded by Trustee Morrill. Roll call vote 5 yes and 2 no votes. Carried.

Seconded by Treasurer Woodruff. Roll call 7 yes votes. Meeting adjourned at 9:15 p.m.

Barbara Grunwald is one person who came back north after Christmas vacation with much more than a suntan.

Of course, Mrs Grunwald, of 9103 W. Taft, got further south than most of us. As a 4-H representative, she joined some other area groups on an 8-day trip to the tropical Central American country of Belize (formerly, British Honduras). And things just haven't been the same since for Mrs Grunwald, a bouncy, energetic 27 year-old 4-H leader. Not only is she hoping to return to the tiny country for a longer stay, but she wants to see other people, especially 4-Hers, have similar experiences.

"I'd like very much to set up some kind of exchange program," she said enthusiastically, adding that showing slides and talking to local 4-H groups will be the first step toward that goal.

With excitement in the bright blue eyes behind her oval-rimmed glasses, Mrs Grunwald explained why the trip meant so much to her.

"The people are so great," she began. "If you ask directions from someone on the street, they're more than likely to take you there."

She was also impressed with the stamina of 4-H leaders in Stann Creek, the "sister city" of St Johns. She pointed out the difficulty of starting 4-H programs in a small, underdeveloped country.

"For example, a garden project for an American kid is fairly easy—you just have to get a small plot of land and some seeds," she said.

"Down there, you have to clear the jungle with a machete first."

And that's not all. "The girls there want to learn to sew—they're very style conscious—but there are no

sewing machines," she went on. "They want to learn to embroider, but there are no patterns."

Mrs Grunwald has already started her own personal foreign aid program to help the 4-H groups along. She sent them her embroidery patterns and has even rounded up a couple of used sewing machines.

She hasn't figured out how to transport the heavy machines yet—but you can be sure she will.

"I'll get them down there if I have to roller skate down the Pan-American highway," she said with a grin.

Mrs Grunwald, who has been involved in 4-H only 3 years, has been a knitting leader for the last 2 years. She grew up in East Lansing, and says that before she married her husband Dave, she was a city slicker who "thought all pigs were the size of Arnold on Green Acres."

But she's not one to go into things halfheartedly—and that's the way it was with her Belize trip. While some travelers cautioned against walking barefoot, going swimming and

drinking the water; Mrs Grunwald wasn't fazed by the warnings.

"I did everything I wasn't supposed to," she laughed, adding that all her activities left her 13 pounds lighter than she was before the trip.

There were some unpleasant aspects of the trip, of course. It was Mrs Grunwald's first flying experience, and she found she didn't much care for it. "It just endured it," she said, "but it was worth it."

Getting around Belize was a problem, too, since the roads are poor.

"The main highway there makes Clinton County roads in the spring look good," Mrs Grunwald quipped.

Perhaps Belizeans don't mind the roads very much because, as in other tropical countries, their pace of life is leisurely. Mrs Grunwald said high humidity and temperatures of 80 degrees were enough to slow anyone down.

"Many of the people seem to lack ambition," she commented, "but then, they probably have a lot fewer heart attacks than Americans do."

Mrs Grunwald can spin many tales about her experiences in Belize—how the natives were fascinated with her frosted hair, how she climbed to the ancient Mayan ruins of Altun Ha, and how she ate oranges the size of our grapefruit, for example—but it is clear that she wants to go back.

And though her reasons for wanting to return may be as varied as her tales, one seems to stand out:

"There's so much to be done down there," she said firmly.

## Reappoint Dr Russell to Veterans' Board

LANSING -- The Board of Trustees of the Michigan Veterans Trust Fund has announced the reappointment of Dr Sherwood Russell, 210 E. Walker, St Johns, to continue serving on the Clinton County

Veterans Trust Fund Committee as the American Legion representative, for a term ending Dec 31, 1976.

Last year, the Clinton county committee assisted 113 veterans, widows and dependents of veterans, for a total of \$2,862.09.

## Four receive CNB&T appointments

ST JOHNS -- Two women were among a group of 4 Clinton National Bank and Trust Co employees named to assume new responsibilities last week following approval of the appointments by members of the board of directors.

John A. Rumbaugh, CNB&T chairman of the board, announced the appointments of Jeannette Argersinger to the position of personnel officer; Thomas Nemcik as auditor and Shirley Lake and Lawrence Kruger to the position of assistant operation officer. The appointments are effective immediately.

Mrs Argersinger, who has been involved in banking since 1951, joined CNB&T in 1960 and has served as a teller and payroll clerk. For the past four years she has worked as personnel secretary and has been closely associated with the bank's personnel department.

She currently serves as co-chairwoman of the bank's employee activity committee and in 1972 was presented the CNB&T President's Employee Award for outstanding performance in her work.

Mrs Argersinger was graduated from Elsie High School in 1951 and has completed the American Institute of Banking course in supervision and personnel administration.

She has served as Eureka Community Club Treasurer for 2 years and is a captain of the Greenbush Twp Mothers March for the March of Dimes.

She and her husband, LaVerne, have 2 children, Marvin and Pamela.

Nemcik joined Clinton National in 1967 and has worked as a teller, an accounting clerk and assistant auditor.

He is a 1967 graduate of Rodney B. Wilson High School in St Johns and has completed several AIB study courses. In addition he has completed 2 phases of a data processing course at Lansing Community College and a 1-week seminar in computer auditing.

Nemcik currently serves as treasurer for the March of Dimes in Clinton County.

Miss Lake, who has been with the bank since 1963, comes to her new position after having served in a number of capacities among which have been assignments in demand and loan accounting, proof department and supervisory capacities. Most recently she has served as coordinator in electronic data processing and as a junior operations officer.

She is a graduate of Avondale High School in Auburn Heights, and has completed 10 AIB study courses. She currently serves as co-chairwoman of the AIB women's committee, Lansing chapter and her other activities include a 3-year term as chairwoman of the CNB&T employee activities committee and a member of the bank's gift fund committee. She is a member of the National Association of Bank Women.

Kruger, a 1970 graduate of Rodney B. Wilson High School, joined the bank full time in June

## DeWitt VFW, Auxiliary present VOD award

DEWITT -- The DeWitt VFW, Post and Auxiliary 671 held a potluck dinner prior to their regular meeting Wednesday, Jan 23.

The dinner was held to present the 1st, 2nd and 3rd place prize money and award to Kevin Owen for being the winner in the Voice of Democracy (VOD) contest.

Since he was the only entrant, he won the entire \$50. Kevin is the son of Mr and Mrs James Owen of 3474 West Clark Rd, Lansing, and is a student at DeWitt High school.

Special guests at the dinner

included: Kevin and his parents; Eduardo Canavati, an exchange student living with the Owens from Monterrey, Mexico; Mr and Mrs Aaron DeFreese. Mrs DeFreese is the 9th District president and Mr and Mrs Robert Goossen, the 9th District VOD co-chairmen. Kevin and his family, along with the 24 other VOD winners in the district, have been invited to a luncheon at the 9th District meeting to be held in St Johns Sunday, Feb 17.

After the dinner and the presentation of the award, the Post and Auxiliary held their separate meetings.

Recent personnel appointments at Clinton National Bank and Trust Company have resulted in two staff assignments to the bank's trust department.

Chairman of the Board John Rumbaugh has been named senior vice president and senior trust officer and Rollin A. Huard Jr. was appointed to the position of trust officer, responsible to Rumbaugh for all trust department operations. Director Ink White who retired from the bank's presidency last month will serve as a consultant for trust matters as well as other bank departments.

Huard's appointment as trust officer followed by one year his assignment to the department. During that time he has completed 14 weeks of trust education work including the initial session of a three year curriculum at the National Trust School on the campus of

## Elsie area news

Mrs Charles (Joan) Rasdale from the Hobby Lobby in St Johns was guest speaker and demonstrator at the January meeting of the Woman's Literary Club in Elsie at the Knight Elementary Cafeteria, recently.

Mrs Rasdale had previously arranged a display of many articles from her shop that were made from kits or various items that one could secure from the Hobby Lobby Shop.

Among them were handcraft, such as needle point, petit point, crew embroidery, wood fiber flowers, pictures and plaques, quilting, beaded key rings, safety pin jewelry and ecology boxes

Mrs Lula Boak and Mrs Vernon Benjamin attended a junior high all-star band concert at Durand Sunday afternoon. Her granddaughter, Laurie Benjamin, was 1 of the students in the band.

Mr and Mrs David Macky were Sunday afternoon dinner guests of Mrs Opal Miller.

Mr and Mrs Donald Simon and family of Mt. Clemens visited Mr and Mrs Carl Weber and family Friday evening.

Mr and Mrs Henry Miller and family of Lansing were Sunday afternoon visitors of Mr and Mrs Arnold Miller.

Sister Geraldine of Detroit spent the weekend with her father, Louis Martin.

Mrs Carolyn Geller fell in her home and broke her arm and pelvis. She is a patient at Carson City Hospital.

Gerald Snyder of Owosso was a Wednesday afternoon visitor of Mr and Mrs Arnold Miller.

Others were: goose eggs, candles, modge-podge, Christmas tree ornaments, Easter egg kits, broomstitch lace, decal-it and cro-hook knitting.

An opportunity to view the display closely was provided with a question and answer period. Mrs Durward Conklin served as program chairman and introduced the speaker.

A melody of contemporary music arranged for the trumpet was played by David Dunham.

Mrs Liela Wilson presided for the business meeting. A "thank-you" letter from the Clinton County Children's home in St Johns was read expressing appreciation for the donation of money toward their Christmas.

Mrs Orpha Clement and Mrs Andrew Cobb gave a report on the Christmas gifts remembering several shut-ins during the holidays. Included was a special gift to the Kremer family, north of the village when they lost everything by fire.

It was also reported that Tom Kirnovlek, who received the annual Grant-in Aid from the club, had made the Dean's List at Ferris State College.

Northwestern University, Evanston, Ill.

A native of Battle Creek, Huard graduated from St Phillip High School and attended Western Michigan University and Michigan State University. After 14 years of journalism work with newspapers in Iowa, Illinois and Michigan, he joined Clinton National Bank in March 1971 as director of public relations. He will continue to function in that capacity along with his new assignment.

Huard has been active in professional and community affairs. He is currently on the board of directors of the Lansing Chapter of American Institute of Banking and is a member of Bank Marketing Assn. He is president of the St Johns Area Chamber of Commerce and is immediate past chairman of the St Johns Planning and Zoning Com-

mission. He is chairman of the St Johns Area Development Corp and served as president of St Joseph's Church for two of three years he spent on the board of directors. He is a member of the St Johns Rotary Club and city parking commission.

Huard and his wife, Jeannette, have four children. Theresa is a freshman at Central Michigan University; Carol and Joseph are St Johns High School students and Ann attends St Joseph School. The Huards reside at 209 E. Walker in St Johns.

## I am a sick American

There are those who claim ours is a "sick" society; that our country is sick; that we are sick. Well, maybe they're right. I submit that I'm sick . . . and maybe you are, too.

I am sick of having policemen ridiculed and called "pigs" while cop killers are hailed as some kind of folk hero.

I am sick of being told that religion is the opiate of the people, but marijuana should be legalized.

I am sick of commentators and columnists canonizing anarchists, revolutionaries and criminal rapists, but condemning law enforcement when such criminals are brought to justice.

I am sick of being told that pornography is the right of the free press, but freedom of the press does not include being able to read the Bible on school grounds.

I am sick of paying more and more taxes to build schools while I see some faculty members encouraging students either to tear them down or burn them.

I am sick of Supreme Court decisions which turn criminals loose on society — while other decisions try to take away my means of protecting my home and family.

I am sick of pot-smoking entertainers deluging me with their condemnation of my moral standards on late-night television.

I am sick of being told that policemen are mad dogs who should not have guns — but that criminals who use guns to rob, maim and murder should be understood and helped back to society.

I am sick of being told it is wrong to use napalm to end a war overseas — but if it's a Molotov cocktail or a bomb at home, I must understand the provocations.

I am sick of not being able to take my family to a movie unless I want to have them exposed to nudity, homosexuality and the glorification of narcotics.

I am sick of riots, marches, protests, demonstrations, confrontations, and the other mob temper tantrums of people intellectually incapable of working within the system.

I am sick of hearing the same sick slogans, the cries of people who must chant the same thing like zombies because they haven't the capacity for verbalizing thought.

I am sick of those who say I owe them this or that because of the sins of my forefathers — when I have looked down both ends of a gun barrel to defend their rights, their liberties and their families.

I am sick of cynical attitudes toward patriotism. I am sick of politicians with no backbone.

I am sick of permissiveness.

I am sick of the dirty, the foul-mouthed, the unwashed.

I am sick of the decline of personal honesty, personal integrity and human sincerity.

Most of all, though, I am sick of being told I'm sick. I'm sick of being told my country is sick — when we have the greatest nation that man has ever brought forth on the face of the earth. Fully 50 percent of the people on earth would willingly trade places with the most deprived, the most underprivileged among us.

Yes, I may be sick, but if I am only sick, I can get well. I can also help my society get well — and help my country get well.

Take note, all of you . . . you will not find me throwing a rock or a bomb; you will not find me under a placard; you will not see me take to the streets; you will not find me ranting to wild-eyed mobs.

But you will find me at work, paying taxes, serving in the community where I live.

You will also find me expressing my anger and indignation to elected officials.

You will find me speaking out in support of those officials, institutions and personalities who contribute to the elevation of society and not its destruction. You will find me contributing my time, money and personal influence to helping churches, hospitals, charities and other establishments which have shown the true spirit of this country's determination to ease pain, suffering, eliminate hunger and generate brotherhood.

But, most of all, you'll find me at the polling place. There — if you listen — you can hear the thunder of the common man. There, all of us can cast our vote — for an America where people can walk the streets without fear.

## "If It Fitz . . ."

Be careful, constant readers

Editor, Lapeer County Press

"By Jim Fitzgerald"

Because of my constantly jolly attitude, you probably won't believe it. But my life has had its ups and downs.

(Right now you are probably thinking: "If the big clown says he used to run an elevator, I am not going to read another word." Quit reading!)

The rest of this column is strictly for Mother, Aunt Madeline, Grace Niggeman and Frances Kiskadden. Constant readers (Mother, Aunt Madeline and Grace Niggeman) will notice I've added 1 more constant reader (if you think reading this column is hard, you should try writing it).

GRACE NIGGEMAN taught me English composition at Port Huron Junior College 25 years ago. It was her encouragement that decided me to become a newspaper writer rather than a rack boy in Curley's Peloso's poolroom.

Last Christmas I visited Mrs. Niggeman. Strictly by coincidence, she lives in the apartment next to Aunt Madeline. This is a worrisome thing for me. One fire could wipe out more than half my readership.

Prince Rainier and his wife Grace Kelly always fly in separate planes so I plane crash wouldn't leave Monaco without a ruler. Mr. and Mrs. Paul Newman also travel separately, for the sake of their children and the box office. For similar reasons, I think my readership should spread out and otherwise take darn good care of themselves.

Anyway, Mrs. Niggeman astounded me by reciting, word for word, something I wrote in 1949. She claims to have been my most constant constant reader for all these years. She is obviously doing penance, trying to relieve the guilt she feels for having pushed me upon the public in the first place. Personally, I'd rather wear a hair shirt than memorize this nonsense.

NEVERTHELESS a Christmas kiss was not enough. From now on, Mrs. Niggeman, the greatest teacher I ever had, shall forever be publicly listed along with my 2 other constant readers.

As for Frances Kiskadden, she is not a constant reader. She is a selective reader. She wrote pointing out that I wrote a good column back in 1960, or maybe it was 1950. It described my harrowing experiences as the elevator operator at the Ballentine Dry Goods Co in Port Huron in 1942. Mrs. Kiskadden asked me to publish that column again.

I have been waiting over 20 years for someone — anyone — to request a repeat. My wife is under instructions to clip and file every column. I have long been anxious to come to work and simply type those marvelous words: "This column is repeated by popular request." I would then spend the rest of the day in the poolroom, bragging to the guys about how I was living off the residuals from my reruns, just like Desi Arnez.

So you can imagine my delight when I told my wife to dig out the elevator column. But she couldn't find it. I told her to look harder. Nothing. I wanted to beat on her face. Instead, I joined the search. I spent 4 fruitless hours looking for that lousy column.

"IT WOULD only take you 1 hour to write a new column," she said.

I hate wives like that.

But I will write the elevator column again, maybe next week. Mrs. Kiskadden might become a constant reader.

And if she gets on the same bus with Mother, Aunt Madeline and Mrs. Niggeman, that teetering you hear will be my career as a columnist.

## Back Through the Years

From the Clinton County News files of 1973, 1964, 1949

### ONE YEAR AGO

Feb 7, 1963  
A new ambulance service for the Clinton area became a reality Monday night at a meeting of the board of directors elected last week by a group of concerned citizens.

Michigan may have passed the peak weekly incidence rate of the London Flu according to state public health officials in a report released Jan 31.

Two Ovid residents escaped serious injury Sunday when their vehicle was struck by a Grand Trunk train at the Main St crossing in Ovid.

A 16-year-old Maple Rapids youth lost his life in a Saturday afternoon incident at the intersection of M-57 and Ely Highway near Middleton.

Some 40 percent of Michigan's corn crop remained unharvested in fields at the start of the new year, according to Edward R. Powell, vice president of the Michigan Elevator Exchange division of Farm Bureau Services.

Conditions are ripe for more basement flooding. The ground, which is already saturated, has frozen so moisture doesn't evaporate well, according to Robert Babb of the National Weather Service in Lansing.

Salary increases for most city employees were approved by the St Johns city commission Tuesday night on recommendation of the salary review committee.

Dart H. Parr, 74, lifelong St

Johns resident and former owner of Parr's Pharmacy here, died last Tuesday afternoon at Clinton Memorial Hospital. He had been a patient there since Jan 22 when he suffered a heart attack.

A record turnout of over 400 members and guests of the Clinton County Soil Conservation sat down to a delicious ham dinner, at Smith Hall here Saturday as the preliminary to the district's eighth annual meeting.

25 YEARS AGO

Feb 3, 1949

Bryan J. Wilber, 51, superintendent of Clinton County schools, was stricken with a sudden heart attack Friday evening at his farm home in Greenbush Township and passed away before help could be summoned.

Few people in Clinton County have as interesting and profitable a hobby as does George H. Chapman, retired St Johns businessman. Mr Chapman takes a turn at raising many different tropical flowers and plants in his greenhouse on East Steele Street.

The body of Wesley E. Edwards, 22, who was killed in action in Germany, April 6, 1945, arrived in Lansing Tuesday morning from Margraten, Holland. Members of the family and honor guards from the American Legion and V.F.W. were present when the train arrived at 10 am.

Official presentation of the new Rotary Lodge at Camp Townsend to the Chief Okemos Council of Boy Scouts was made on behalf of the St Johns Rotary Club at a luncheon Tuesday noon, Jan 27, at Camp Townsend.

Clinton County school districts, villages, townships and cities are splitting another quarterly dividend from sales tax diversion funds this week.

Leo W. Corkin, St Johns Attorney, has been appointed Clinton County chairman of the Red Cross drive for funds that will get underway locally March 1.

A PERSONAL LOOK AT THE NEWS

## Between the lines

with Jim Edwards

... A most fitting license plate was seen on a car traveling US-27 during the recent freezing weather — BRR 940.

... I see 1 of the Detroit Redwings latest laughter losses was by the score of 12-2. They must have as much trouble seeing the puck as the fans.

... Once the District Court is situated in its new location, won't it give offenders a strange feeling to know they must plea their case in what was a funeral home?

... If Will Rogers was alive today would he still say, "I've never met a man I didn't like."

Speaking of Will Rogers, there are those now comparing Johnny Carson's humor to that of the great one. Oh come on—with the staff of writers Carson employs, you can't really call the humor his own. With that many writers your Uncle Geezlesnor could be funny.

... Why is it grocery stores locate the bread and other bakery items at the front of the store so they must be placed in the bottom of the cart or moved every time a heavy item is put in the cart?

... You have to admit, the Soviets don't let themselves become obligated to anyone—a recent report said they had no intention of selling wheat except to Soviet bloc countries. A friend in need is a friend indeed.

## Surprises in tax forms? They're easier to read

By P. Thomas Austin, CPA, President The Michigan Association of Certified Public Accountants

Taxpayers will find that the biggest surprise in the tax returns this year is the fact that they are easier to fill out.

Less detailed information is required on both medical expenses and contributions to charity. Doctor, dentist and hospital payments can now be lumped and the total given without itemization. The same is true of cash contributions for which receipts or canceled checks can be produced if the IRS requests them.

In previous years taxpayers were required to supply

detailed information to be used by Uncle Sam in assigning revenue-sharing funds to local communities. This has now been boiled down to a space for one's county of residence.

It is no longer necessary to use a separate form to allocate a dollar of one's tax payment (two dollars in the case of joint returns) to an election campaign fund to be drawn on by all political parties in future presidential races. Now it's just a matter of checking a box on Form 1040. A second box can be checked if the taxpayer failed to allocate a dollar to the election fund last year but wishes to do so retroactively.

Last year taxpayers with income from dividends or interest over \$200 were required

to itemize on a separate Schedule B. Now Schedule B has been eliminated. Total amounts received from dividends and interest are entered on page 1 of Form 1040.

Elimination of Schedule B also makes it possible for persons with interest or dividend income over \$200 to use the short form, 1040A, if they wish. Generally, Form 1040A has been simplified, too — along the lines of the changes in the long form.

The improvements in the tax forms mean that now more than ever taxpayers who had no complicated financial transactions during the year should be able to prepare their own tax returns.

## Middlebury News

Due to the change to Daylight Savings Time, Sunday morning worship services at the Middlebury United Methodist Church will be held at 11:30 am and Sunday School at 10:30 until Easter.

The United Methodist Women of the Middlebury United Methodist Church met Tuesday in the dining room of the church for a cooperative dinner with Gladys Warren, Frieda Warren and Frances Zachgo as hostesses. The president, Letha Furnish, opened the meeting by reading a prayer. The usual reports were read and accepted.

Thank-you's were read from Rev and Mrs Brian Kundinger, and Lulu Kilmer for remembering them at Christmas and also from Pleasant View Hospital for the bibs the group made. A letter was read from former pastor, Rev Mrs Beatrice Townsend, who is spending some time visiting her son, Dr Ted Townsend and family in India. Greetings from the District President, Mrs Fern Pike, were read as were dates of District meetings to be attended.

The Society was pleased to welcome a new member, Mrs Betty George. The President asked each one to name some one project she would like to see completed in the church. Some of these were the dream of a more efficient kitchen to work in, shrubbery around the church

and to give more to missions. Also brought out was the importance of calling on and getting acquainted with the many new families in the community. Attention was called to the new bookcases which have been purchased and placed and a request was made for good books that they might be shared with others. Grace asked the group if they might be interested in putting on a dinner for the Laingsburg Senior Citizens organization at an earlier date. It was discussed but no decision was made.

Mildred Brookings gave a very interesting and educational program emphasizing the "Call to Prayer and Self-Denial". With the help of Rita Whitmyer, Esther Semans and Dorothy Jordan reports were given of different ways in which this offering is used. Everyone took part in a silent prayer for our missionaries and ended with the Lords Prayer in unison. Leota Gardner in leading the devotions read a passage from Matthew and also an article emphasizing self-denial. The meeting was adjourned after singing the hymn "Take My Life and Let It Be".

# 88th District Report by Stanley Powell State Representative

The Governor's budget bills were introduced into both the House and Senate last week and the Appropriations Committees are already beginning deliberations on them. The budget procedure begins with the introduction of the budget exactly as the Governor has recommended. Changes desired by the Legislature will be made on those bills. As you know from previous years when the Legislature has failed to complete the budget until after the start of the new fiscal year, it is a lengthy process. Until the committees have at least had time to study the bills and begin to make their own recommendations, there will be little more to report on either the proposed budget or the Governor's proposed tax cuts.

### LOWER SPEED LIMITS MAY BE "BLESSING IN DISGUISE"

We reported earlier that speed limits in Michigan will be lowered to 55 miles per hour very soon to conserve gasoline—but another positive impact of lower speed limits has already surfaced.

The State Police report they are seeing a dramatic reduction in highway deaths.

Even with reduced speeds

being voluntary at this point, the record seems to speak for itself.

**FOR EXAMPLE,** in December of 1972 there were 170 highway deaths compared with 35 in December of 1973.

During the first 21 days of January 1973 the state recorded 130 traffic fatalities compared with 46 deaths during the first 21 days of 1974, a reduction of almost two-thirds.

It's true that the gas shortage and fewer cars on the road and perhaps the weather have all contributed to the lower death toll. But, the State Police say there are convinced that lower speeds—even without a law, is the main reason for fewer highway deaths.

If this trend continues it might be wise to permanently lower the speed limit.

### TURNING IN OF DRUG PUSHERS URGED

The Michigan State Police have recently begun a "Turn In Pushers" (TIP) program for which they are paying "bounties" to persons supplying evidence leading to the prosecution of drug pushers.

State Police Director, Col John Platts, calls drug pushers, "The lowest form of humanity—criminal parasites who profit enormously from the addiction of others."

HE BELIEVES THAT no means of bringing them to justice is morally out-of-bounds.

Tips leading to major drug busts or putting the really big dealers behind bars are worth up to \$30,000. The tips are taken in strict confidence.

Col Platts said the State Police hope for more than names. They want evidence to prosecute.

The state-wide, toll-free tip number is 1-800-292-2277. To turn in a pusher call it.

### MICHIGAN AG FIRMS BOOST PRODUCTS IN LONDON

Overseas sale of Michigan Agricultural products received

a big boost when several of the state's agricultural producers participated in a food show in London, England, which was sponsored by the USDA Foreign Agricultural Services.

I am told that one Michigan firm sold 120,000 pounds of frozen cultivated blueberries through distributors in London Liverpool while another firm is expecting an order for 35,000 pounds of miscellaneous turkey products.

**RED TART** and sweet cherries were in great demand and European firms are reportedly already dickering for a share of the 1974 Michigan cherry crop.

Louis Van Kempen, world trade specialist with the Marketing Division of the Michigan Department of Agriculture headed the Michigan delegation. He reported that food buyers from around the world attended the show and are now dealing with individual Michigan firms as well as through the Department.

The Department's Marketing Division has been encouraging this kind of activity as a means of establishing markets abroad because they are essential to the economic growth of Michigan.

Sales of Michigan farm products overseas generated by the Department's world trade specialists increased about 43 percent from 1972 to July 1973. Total value of products sold was \$1.65 million in 1972 and \$2.3 million during the first six months of 1973.

### GOVERNOR ASKS END TO WASTE DISCHARGE BY VESSELS

Governor Milliken has formally requested the US Environmental Protection Agency (EPA) to prohibit vessels from discharging sewage into the Great Lakes or their connecting waters.

In a letter to EPA Administrator Russell E. Train, the Governor called attention to a 1972 amendment to the federal water pollution act that permits the EPA Administrator to impose such a prohibition if he "determines upon application by a state that the protection and enhancement of the quality of specified waters within such state requires such a prohibition."

The Governor asked the EPA Administrator to issue a regulation completely prohibiting the discharge of any sewage from vessels, treated or untreated, into Lakes Michigan, Huron, Superior, Erie and St. Clair and all connecting waters.

"All of these waters are used for both domestic water supply and total body contact recreation uses which require a very high quality water," the Governor said.

"Our experience has shown that the technology to retain all sewage wastes aboard vessels is presently available and can be utilized by the great majority of all vessels operating on the waters of the Great Lakes," the Governor concluded.

## View from the Senate

By SEN. WILLIAM S. BALLENGER

Michigan residents harboring the mistaken impression that Uncle Sam is a Jolly Old Elf dressed up in a red suit and frigidly flinging largesse in all directions may as well get used to the idea that Michigan isn't in the front row gobbling up the goodies.

In fact, Michigan is right in the back row when it comes to federal salaries, contracts, grants, welfare, veterans' benefits and other payments, according to the latest statistics prepared by the United States Department of Commerce.

It's right down in black and white -- the percentage of total personal income provided by the federal government to Michigan residents is a mere 9.3 percent, the lowest of any state in the nation.

Connecticut is next with an even 10 percent, followed by Illinois with 10.2, Indiana with 10.6, Delaware with 10.7, Ohio and Wisconsin with 10.8, New York with 10.9, Minnesota with 11.3 and Iowa and New Jersey in a tie for tenth with 11.5 percent.

At the other end of the spectrum, the District of Columbia gets the greatest amount with 42.8 percent, followed by Alaska

with 32.2, Virginia with 26.7, Maryland with 24.9 and Hawaii with 24.4. Then come New Mexico, Utah, Oklahoma, South Carolina, Alabama, and Rhode Island.

Michigan's figure of 9.3 percent was considerably below the average of 14.2 percent of the personal income provided residents of the United States by the federal government. This translates into \$132.8 billion.

The figures just released by the federal government, the latest available, are for the year 1972.

It's interesting to note that seven midwestern states -- Michigan, Illinois, Indiana, Ohio, Wisconsin, Minnesota and Iowa -- are among the 10 states receiving the smallest percentage of personal income from the federal government.

On the other hand, seven of the 10 states receiving the highest percentage -- Alaska, Virginia, Maryland, Hawaii, South Carolina, Alabama, and Rhode Island -- are coastal states. Coastal states usually have large military installations that draw large amounts of federal funds.

states, dominated by one-party rule which year after year returns Democratic Congressmen to Washington where they consolidate their power as committee chairmen under the seniority system, get a disproportionately large share of federal tax dollars.

But because of the magnitude of the funds involved, no single reason is apparent for Michigan being so low on the fund share list.

In some instances, blame is being attributed to Governors and Congressional delegations who, some contend, have not been aggressive enough in demanding more federal aid for their respective states.

And a New York state official contends that states which get Congressmen assigned to "pork barrel committees" such as public works, defense and appropriations get better treatment than those with representatives on such committees as labor, education and judiciary.

## TO THE ELECTRIC CUSTOMERS OF CONSUMERS POWER COMPANY

### NOTICE OF HEARING ON EMERGENCY ELECTRICAL PROCEDURES

On November 21, 1973, Consumers Power Company (Consumers Power) and The Detroit Edison Company (Detroit Edison) filed a joint application with the Michigan Public Service Commission (Commission) for approval of certain emergency procedures to be invoked in the event of shortages of electrical power within the service areas of Consumers Power and Detroit Edison (the Consumers-Edison Area), or in the service areas of other interconnected electric utilities.

On January 28, 1974, the Commission issued an Order in Case No. U-4128 adopting, on an interim basis, the following Emergency Electrical Procedures:

#### EMERGENCY ELECTRICAL PROCEDURES

Emergency procedures may be necessary due to a shortage in available electrical energy generating capacity necessary to meet the demand of Applicants' customers caused by shortage or interruption of supply of fuels for electrical energy generation, unavailability of firm or stand-by power from interconnected electrical networks, short-term shortages of generating capacity caused by temporary equipment failure, unanticipated excessive peak demand or severe weather occurrences, long-term outages or reduction in actual operating levels of generating capacity caused by equipment failure, or short-term excessive peak demand caused by extended weather excesses.

Shortages may be short-term in duration (a few hours) or long-term in duration (more than a few hours). Appropriate procedures shall be implemented depending upon the nature and duration of the shortage.

Emergency procedures shall not apply, unless absolutely necessary, to essential health and safety services such as law enforcement agencies, fire stations, hospitals, essential home-life support equipment, water pumping plants, sewage treatment and disposal facilities and mass communication media services.

In all circumstances requiring the implementation of emergency procedures, the public shall be immediately advised through the appropriate media sources.

In addition to daily reports to the Commission covering estimated and actual peak demand, reserve capacity and fuel status, when it is determined that there will exist for the next following day a predicted net reserve for the Michigan electric coordinated systems of less than 500 megawatts, Consumers Power and Detroit Edison shall by noon of the day of determination confer by telephone with the Commission Staff. In addition, Consumers Power and Detroit Edison shall immediately advise the Commission of the nature, time and duration of all implemented emergency action and shall advise the Commission concurrent with the termination of all emergency conditions and procedures. The Commission may order the implementation of additional procedures or the termination of the procedures previously employed when circumstances so require.

As may be appropriate in accordance with the nature of the occurring emergency, Detroit Edison and Consumers Power shall initiate the following procedures:

#### 1. Sudden or Unanticipated Short-Term Capacity Shortages in Edison-Consumers Service Areas:

In the event of a sudden decline of the frequency on the ECAR system or a sudden breakup which isolates all or parts of the Consumers-Edison Area from other electric systems with which it is interconnected and which results in the area so isolated being deficient in electric generation, with consequent rapid decline in frequency:

- (a) Automatic load shedding will take place if the decline in frequency is of a magnitude such as to jeopardize the entire Consumers-Edison Area. Ten percent of the area load will be shed automatically at a frequency of 59.3 hertz, followed by an additional fifteen percent of the area load at a frequency of 58.9 hertz as set forth in ECAR Document No. 3 dated October 31, 1968:
- (i) Service so interrupted shall be of selected distribution feeders throughout the Consumers-Edison Area. Such interruptions shall be, where practicable, for short periods of time.
- (ii) Insofar as the situation permits, service interruptions shall be in accordance with priority classifications, with interruptions to least essential loads occurring first; every reasonable effort will be made to provide continuous service to essential public facilities such as police stations, fire stations, hospitals, and plants for water pumping, sewerage treatment and sewerage disposal.

- (b) If necessary to resynchronize the isolated area or to curtail the decline in frequency, the following steps will be taken in the order noted:
- (i) Service will be interrupted to controlled service loads and to loads rendered service under interruptible tariffs.

- (ii) Voltage will be reduced not more than six percent.
- (iii) Manual load shedding of firm customer loads will be instituted. Service so interrupted shall be of selected distribution feeders throughout the area isolated consistent with item 1.(a) (ii) above.

#### 2. Anticipated or Predictable Short-Term Capacity Shortages in Edison-Consumers Service Area:

In the event of an emergency condition of short-term duration which can be anticipated or is predictable in nature and which cannot be relieved by sources of generation within or outside the Consumers-Edison Area, the following steps will be taken in the order noted:

- (a) The internal demand of generating plants and other premises owned by Consumers Power Company and The Detroit Edison Company will be reduced to the largest extent consistent with the maintenance of service.
- (b) Service will be interrupted to controlled service loads and to loads rendered service under interruptible tariffs.
- (c) Voltage will be reduced not more than six percent.
- (d) Voluntary load reductions will be requested of large commercial and industrial customers.
- (e) Voluntary load reductions will be requested of all other customers.
- (f) Manual load shedding of firm customer loads will be initiated. Service so interrupted shall be of selected distribution feeders throughout the Consumers-Edison Area. Such interruptions shall be consistent with the criteria of item 1.(a) (ii) and shall, insofar as practicable, be alternated among circuits. Records will be maintained to insure that during subsequent capacity shortages service interruptions may be rotated throughout the Consumers-Edison Area in an equitable manner.

#### 3. Capacity Shortages in Neighboring Control Areas:

- (a) Firm service to customers in the Consumers-Edison Area shall not be interrupted in order to provide emergency service to suppliers of electric energy in neighboring interconnected control areas outside the State of Michigan. Emergency assistance to such suppliers shall be limited to the following steps in the order noted and no such assistance will be given unless agreed to be provided on a reciprocal basis by such supplier to Consumers Power Company and The Detroit Edison Company:
- (i) Provide emergency assistance from idle or spinning reserve capacity in the Consumers-Edison Area provided that the neighboring control area has, as nearly as practicable, utilized its own idle or spinning reserve capacity.
- (ii) Interrupt service to controlled service loads and to loads in the Consumers-Edison Area being rendered service under interruptible tariffs; provided, that the neighboring control area seeking assistance has already ceased service to its controlled service and interruptible loads.
- (iii) Reduce voltage within the Consumers-Edison Area not more than six percent; provided the neighboring control area seeking assistance has already exhausted all available supportive resources, including interruption of controlled service and interruptible loads and voltage reduction.
- (b) The neighboring control area seeking assistance shall be requested to reduce its load of electric energy if such taking endangers the reliability of bulk power supply in the Consumers-Edison Area. If such neighboring control area fails to reduce its load and the reliability of bulk power supply in the Consumers-Edison Area is endangered, steps shall be taken to open appropriate interconnections to relieve the burden on the Consumers-Edison Area.

#### 4. Anticipated, Predictable or Actual Long-Term Capacity Shortages in Edison-Consumers Service Areas:

In the event of emergency conditions of long-term duration caused by fuel shortages or long-term outages of major generation units which cannot be relieved by sources of generation within or outside of the Edison-Consumers Service Area, the following steps shall be implemented in the order noted. In all circumstances requiring the implementation of these procedures the public shall

be immediately advised through the appropriate media sources. These actions shall be implemented until it is determined by Detroit Edison and Consumers Power and confirmed by the Commission Staff that any or all actions may be terminated.

#### (a) Company Curtailment

Implement procedures for mandatory curtailment of nonessential energy usage on premises controlled by Consumers Power and Detroit Edison including all parking and large area lighting and reduced interior lighting levels and other uses of energy both during and outside normal business hours.

#### (b) Governmental Curtailment

Implement procedures for mandatory curtailment of nonessential energy usage on premises controlled by governmental units.

#### (c) Voluntary Conservation

Request voluntary energy conservation of all customers by:

- (i) Direct contact of customers with an electric demand of 500 kW or higher and request them to implement their voluntary electric energy conservation programs.
- (ii) Appeal to all other customers by mass communications media.

#### (d) Mandatory Lighting Curtailment

Implement procedures for mandatory curtailment of lighting by all commercial and industrial customers as follows:

- (i) At least half of parking or large area lighting while open to the public and all such lighting at other times.
- (ii) All lighting for the purpose of attracting the public's attention or for the purpose of decorating a premise except for limited customer identification during after-dark business hours.
- (iii) All display lighting used to illuminate goods, products and services except during after-dark business hours.

Lack of compliance by a customer to these mandatory curtailments is just cause for a total discontinuance of his service.

#### (e) Nonresidential Curtailment

Implement procedures for mandatory curtailment of electric service to all nonresidential customers to a level specified by the Company, such level to be not less than 90 percent of the customer's monthly base period use, which is defined to be the customer's usage during the corresponding monthly billing cycle of the twelve-month billing period ended December 31, 1973. Customers served under rate schedules with capacity change provisions shall also reduce their billing demands to the specified level in accordance with the above mandatory curtailment provision. Kilowatt-hour usage in excess of the specified level will be subject to an excess usage charge of ten cents per kilowatt-hour in addition to the regular rate under which service is supplied. Billing demands in excess of the specified level will be subject to an excess usage charge of \$10.00 per kilowatt in addition to the regular rate under which service is supplied.

#### (f) Interruption of Selected Distribution Circuits Including Residential Service

Implement procedures for interruption of selected distribution circuits on a rotational basis in accordance with specified load reduction amounts minimizing interruption to facilities which are essential to the public health and safety. Interruption shall not occur on any selected circuit for more than 4 hours in any 2-hour period without prior notification to the Commission.

#### (g) Voltage Reduction

Reduce voltage by 6 percent during peak load periods if generating capacity is a factor in the emergency. Detroit Edison and Consumers Power upon implementation of Part 4 of these procedures may reduce voltage at the appropriate time in accordance with this section when necessary to maintain the integrity of the generation system.

In its Order issued January 28, 1974, in Case No. U-4128, the Commission also directed that Consumers Power, Detroit Edison and all other interested parties shall show cause at 9:30 AM on February 21, 1974 in the offices of the Commission, 5th Floor, Law Building--corner of Ottawa and Pine Streets, Lansing, Michigan 48913, and at such times subsequent thereto as the Commission may deem necessary, why the Emergency Electrical Procedures described above should not be permanently adopted.

# 4-H Chatter

## 4-H show camp successful

By JOHN AYLWORTH

Eighty Clinton County 4-H members and adults returned Monday from a very successful snow camp weekend, Jan 26-28 at Twin Lakes 4-H Camp near Traverse City. There was plenty of snow for snowmobiling, tobogganing and outdoor recreation. Each of the 4-H members served on a committee to help plan and conduct the 3-day weekend activity. "Winter Nites Dream" was the theme for the Sunday evening party. Alvero Valcones (a youth for understanding delegate from Brazil, staying with the Bob Zeb family near Bath) was elected King for the night and Mary Lee Thelen of Fowler was elected queen for the evening. The group enjoyed the evening of recreation of square dancing and folk games called by Duane Davis and Russ Morrison. The group had 12 snowmobiles to use in outdoor recreation. Everyone had the opportunity to either drive or ride a snowmobile several times throughout the weekend. Bob Kissane was in charge of the

snowmobile nite safari on Sunday evening. In order to conserve gasoline, the group used the St Johns Community Bus driven by Charles Hazle, in transporting some of the group to the camp. Everyone enjoyed the weekend of fun, recreation, leadership and meeting new friends from throughout the county. This year the camp was held from Saturday to Monday instead of the usual Friday to Sunday. The group preferred the change so 1975 4-H Snow Camp Weekend dates will be Saturday, Jan 25 to Monday, Jan 27.

Over 50 4-H leaders, teen leaders and other adults enjoyed a 4-H craft leader's workshop Thursday evening at Smith Hall. They were able to select 2 of the 4 areas taught - string art by Lana Hufnagel of St Johns, wood fiber flowers by Alice Smith of St Johns, Candle making by Bill Sloat of Ovid and macramé by Sharon Randall of St Johns. The leaders were able to learn some basic fundamentals in each area they attended and were able to take home a product they worked on.

Snowmobiles can be a lot of fun or can be dangerous, depending upon how they are used. Some interesting facts from the Michigan State Police report that 25 people were killed and 1543 persons injured in 1973 snowmobile accidents in 1973. There were 553 collisions with trees, posts or other fixed objects, 244 with moving cars, 72 with parked cars, 21 with pedestrians, 4 each with animals and trains and 12 with other objects. A total of 702 accidents occurred in darkness with no lights, 20 in darkness with lights, 74 at dawn dusk and 732 in daylight. If you ride a snowmobile, let's use some common sense in handling it so you can enjoy a lot of fun and be safe.

The Fowler Fireballs will have their 4-H meeting on Feb 28 at 7:30 pm. The 4-H craft members are to bring a beverage to this meeting. The Fowler Fireballs will go roller skating on Thursday, Feb 21 from 7-10 pm at the Ranch Roller Rink in St Johns.

Certain varieties of vegetables are frost hardy which allows them to be planted early in the spring as soon as the soil can be worked and they are usually the first to be harvested - even before some warm weather crops can be safely planted. Examples of the fastest-growing hardy vegetables to plant early are: Radish, turnips, spinach, and loose-leaf lettuce. Slower maturing cool weather vegetables include peas, beets, chard, head lettuce, parsley, broccoli, cabbage, cauliflower and brussel sprouts. For information on recommended vegetable varieties for Home Vegetable Gardens in Michigan, a person should contact the County Extension Office and ask for Extension Bulletin E-760. Now is the time to be thinking about what you want to plant this year and either order it from a nursery or your local merchant who handles garden seeds.

The following 4-H clubs have reservations to go roller skating on Thursday, Feb 14, 7-10 pm at the Ranch Roller Rink in St Johns: Riley Ramblers, Charlie's Gang, Watertown Grove, Lucky Riders, the Clovers, Riverside Riders, Merry Craftsmen, Countryside and Bengal Community Club.

## North Bengal

Mrs Louis Moritz called on Mrs Albert Moritz of Essex on Thursday, Jan 17. Wednesday afternoon, Jan 16 visitors of Mrs William Ernst and Maxine were Mr and Mrs Herman Noller of rural Hubbardston and John Sudanik of rural Middleton.

On Sunday, Jan 20, Rev and Mrs H.E. Rossow and Mrs Herman Rossow were guests of their son and daughter-in-law and grandson, Mr and Mrs Richard Rossow and Justin of Flint. They celebrated the 2nd birthday of little Justin.

Mrs Floyd Foersch spent Wednesday, Jan 16 with her daughter and granddaughter, Mrs Steve Thelen and Sherry of Bengal Center.

Mrs William Ernst and Maxine visited Mrs Martin Epkey of St Johns on Thursday evening Jan 17.

Weekend guests of Mr and Mrs Leo C. Fox and Bruce were their son and daughter-in-law, Mr and Mrs Douglas Gwyer of Benton Harbor.

On Wednesday evening, Jan 23, Mr and Mrs Edwin Mohnke of South Bengal, Mr and Mrs Louis Moritz and Ann and Mrs William Ernst and Maxine went to the home of Mr and Mrs Clare Moritz and family of rural Grand Ledge. They celebrated the birthdays of little Janet Moritz, who was one year old and Mrs. Ernsts' who shares the same birthday. Mrs. Moritz served a decorated birthday cake, ice cream, and coffee to the guests.

Mr and Mrs Roy Speidel and Michelle were Saturday evening, Jan 26 visitors of Mr and Mrs Donald Schmitt and family.

## Agriculture Dept announces petroleum allocation program

EAST LANSING -- Revised regulations for the allocation of petroleum products went into effect on Jan 15 according to Dorn Diehl, state executive director of the Michigan Agricultural Stabilization and Conservation Service.

Under these regulations propane, butane, gasoline and middle distillates will be allocated to essential end-users on a mandatory priority basis. Specific allocation levels for end-users including agriculture, have been established.

Agricultural production will receive 100 percent of its current needs, said Diehl. A definition of agricultural production includes the farming activities and services directly related to the planting, cultivation, harvesting, processing and distribution of timber, fiber and food for human consumption and animal feed.

Farmers should be contacting their supplier to review their needs for 1974. He should include information regarding any changes in operational needs such as an increase in acreage or a change in equipment from gasoline to diesel.

Diehl reports that USDA predicts an additional 9 to 10 million acres of land to be put into production in 1974. This will create an additional demand for gasoline and diesel fuel. The ASCS offices will be available to assist farmers who have questions or problems in obtaining a supply of fuel.

## Bean seed testing sure blight curb

By WILLIAM L. ASHER  
Extension Agriculture Agent

Bean bacterial blight is an internal disease which can affect the quality and yield of a harvest. The only way to avoid the problem is to plant disease-free seed.

The Michigan Crop Improvement Association reported finding little bacterial blight in navy beans inspected for seed certification as of August 20, 1973, according to Axel Anderson, Michigan State University extension plant pathologist.

In a total of 9,382 acres of navy beans inspected in 1973, only 253 acres of 2.7 percent were rejected because of bacterial blight. Approved in the field were approximately 6,700 acres of Seafarer, 2,000 acres of Sanilac, and 513 acres of Gratiot. Seed from these fields must still pass the bacterial blight seed test in the State Agricultural Laboratory.

All bean growers are encouraged to plant bean seed that came from fields found free

of bacterial blight through a combination field inspection and seed testing program.

The Michigan Department of Agriculture is now testing bean for bacterial blight. The charge is \$15 per 5-pound sample. Analysis request forms are available from the Michigan Department of Agriculture, laboratory division, 1615 South Harrison Road, East Lansing, Mich. 48823 or contact our office.

## Chloe's Column

Can you reuse it?

Clare Padgett  
Clinton County Home Economist

Are you concerned about the depleting supply of many of our material resources? Do the increasing amounts of trash accumulations disturb you? If so, the Extension Family Living Education Program, "Can You Reuse It?", may be of special interest to you. It will be held Feb 13 at the Central National Bank in St Johns at 1 pm.

The present "trash situation" will be discussed. M.S.U. Extension Specialist, Anne Field, reports that the average trash output per person per year in the United States includes 188

pounds of paper, 135 bottles and jars and 250 metal cans. That's a lot of trash! Multiply that by the total population of the country, and you can begin to see the scope of the waste disposal problem.

Waste outputs of a household will be analyzed. Participants will have an opportunity to examine their own trash-generating habits and find ways to cut down their output.

Some purchases simply need to be carefully considered and used to avoid excess trash build-up and to promote conservation

of natural resources. Many things, such as bottles, cans, aluminum, paper and clothing, can be recycled into useful and necessary items.

The key to recycling and the homemaker's role is crucial. You are encouraged to bring items you may have recycled at home. Ideas for additional recycling will also be given.

The opportunities for household recycling are endless, limited only by your own resourcefulness. It can be challenging and it can be fun. And it is definitely worthwhile.

## Ponder unemployment bill

REP DOUGLAS TREZISE  
87th District

Should a person who is discharged from his job because of theft, sabotage or assault be entitled to draw unemployment benefits from his former employer?

That was the real issue before us last week when we were asked to approve a bill which would eliminate the traditional one-week waiting period before a person begins collecting unemployment compensation under Michigan law.

The bill, which passed the House earlier, was amended by the Senate in such a way that, for all practical purposes, it would eliminate the present restriction in the law. It would have allowed the collection of these benefits until the former employee was convicted of a crime in court. It contained no provision for repayment of the money upon that conviction.

Under the present law, an employee who is let go for these causes loses 12 weeks of benefits. He can appeal the decision and a quasi-judicial hearing is held to determine if he was actually guilty of the offense. This is not a criminal trial so the final action is not a part of his criminal record.

In a larger sense, it's not just the employer who is paying the bill. To a business the cost of unemployment compensation is a labor cost just as his payroll is. What he is spending for benefits to the non-working could just as well be used for wages for the working.

No one argues with the need for the compensation system for the employer-caused layoff. These benefits should probably be increased.

The biggest item of unnecessary expense—running to over \$15 million annually—is in payment of compensation to people who have quit their jobs voluntarily. At the present time there is a 6-week penalty involved.

For instance, many of us feel the loss of 12-weeks benefits in cases where theft, sabotage or assault has been established in a hearing should be increased. I'm not sure the employer should be forced to apy anything in this case.

repayment if found guilty, employers probably will not press charges. They have nothing to gain.

But if prosecution is pursued and an employee is found guilty under this procedure, he then has a criminal record to carry with him the rest of his life. In my view, this was not a good deal for either the employer or the employee.

P.M. SESSION

Arnold Minarik presented a request by Green Meadows Land Development. A number of interested persons were present. (12) Gove moved, supported by Shepard, to take from the table the Green Meadows Land Development request. Voted and carried.

Millard Engberg, developer, reviewed the proposal.

1. He proposes to enter into a contract with the Airport to not oppose any noise factors arising from Airport operations.

2. To contract to not generate any truck traffic which would interfere with Airport Communication system.

3. He disclaims any reflection that zoning is being sought in order to re-sell the property to the Airport for a profit.

4. They have no desire to have the property annexed to the City of Lansing.

5. He maintains that the land area involved is not presently being put to its highest and best use.

Russell Brown, Airport manager, Edward Crouse, Airport Authority, and Robert Peckham, Airport Engineer, appeared for Airport Authority. Mr Peckham spoke in opposition.

1. He stressed the need for Airport expansion to meet present transportation needs.

2. The zoning proposal is not compatible with Airport expansion and should not be allowed.

3. There has not been at this date a definite decision on the Airport road problem.

In reply to a question, Mr Peckham states there are presently no other plans to create a new major Airport in the Lansing area.

Mr. Peckham states:

1. The master plan is being updated.

2. An environmental study is being made.

3. A road system is being developed.

When these are completed land acquisition will become priority number one. Harold Glassen spoke as a long time (Waterdown Township) Clinton County resident and he expressed his concern for the welfare of its people. He questions the need for a development of this size at this time. He also questions the validity of the aforementioned contract by the developers. He asks that the

request be denied at this time. The type of development should be known before a change of zoning is granted.

The Board recessed for Committee meetings at 3:40 pm.

Upon resuming session, Overway moved, supported by Martin, to deny the request in his present form. On a roll call vote those voting aye were: Shinabery, Hufnagel, Martin, Gove, Gilson, Chamberlain, Overway, Henning, Reed, Zeeb and Shepard. Voted and carried unanimously to deny the request.

Commissioner Overway reported for Property Management Committee.

1. Committee approved the Sheriff Department a new doorway in the wall at an approximate cost of \$200.00.

2. The Committee approved a new sweeper for Maynard Barrett to be used at the Courthouse at a cost of \$294.25. Also approved was a used sweeper at a cost of \$85.00 to be used at the Hoag Property. Total cost \$379.25.

3. Committee approved a new desk for the office of the Friend of the Court at a cost of \$177.56.

4. For R.G. Becher the Committee approved an acetylene welding & cutting outfit and an arc welder outfit. Cost being \$190.00 and \$103.90 for a total of \$293.90.

Chamberlain reports a request by an organization (Better Land Use) for a change in the zoning ordinance. The Committee will study the request.

Chairman Shinabery appointed Roger Overway and Gerald Shepard to the Capital Area Regional Transportation Study.

Zeeb moved, supported by Henning, to adopt a resolution in opposition to the Airport annexation. Voted and carried.

RESOLUTION  
RE: Proposed annexation of Capital City Airport to the City of Lansing.

WHEREAS, Clinton County is a closely knit family of local governments which we wish to preserve, and we will unalterably support any and all of our governmental units in any worthy endeavor.

WE HEREBY RESOLVE, that in as much as comprehensive plans made by professional planners have been completed by Bath, DeWitt and Watertown Townships and also the County of Clinton and included in the plans and constituting a large part are provisions to provide water and sewage facilities for the area and any annexation of the proposed area would seriously disrupt these plans.

WE FURTHER RESOLVE, that the County of Clinton does oppose, at this time, any annexation of Capital City Airport or any part thereof to the City of Lansing.

Henning moved, supported by Reed, to adjourn at this time and to meet again January 22, 1974 at 9:00 a.m. Voted and carried. Meeting adjourned.

## TO THE ELECTRIC CUSTOMERS OF CONSUMERS POWER COMPANY

STATE OF MICHIGAN  
BEFORE THE MICHIGAN PUBLIC SERVICE COMMISSION

In the matter of the investigation on the Commission's own motion to determine the need for revision in charges relating to underground extensions under the Uniform Underground Electric Extension Policy.

Case No. U-4508

At a session of the Michigan Public Service Commission held at its offices in the city of Lansing, Michigan, on the 21st day of January, 1974.

PRESENT: Hon. William G. Rosenberg, Chairman  
Hon. Lenton G. Sculthorp, Commissioner  
Hon. William R. Ralls, Commissioner

### ORDER AND NOTICE OF HEARING

By order dated August 10, 1970 in Case No. U-3001, the Commission approved its Rules and Regulations Governing the Extension of Underground Electric Distribution Lines. The Commission's order dated August 17, 1970 confirmed and adopted said rules and regulations.

under the Commission's Uniform Underground Electric Extension Policy.

D. Any party wishing to intervene in this investigation shall, in accordance with Rule 11 of the Commission's Rules of Practice and Procedure, file with the Commission an original and 7 copies of a petition to intervene at least five (5) days prior to February 25, 1974.

These rules and regulations contain provisions for contributions in aid of construction applicable to extensions of underground electric distribution and service lines in residential subdivisions and to commercial and industrial extensions. The rules established charges of \$1.00 per lot front foot for distribution lines and \$1.25 per foot for service lines in residential subdivisions, and a charge of \$2.00 per trench foot for commercial and industrial extensions. In response to requests by residential home builders and developers, members of the Legislature and utility companies, the Commission believes that it would be in the public interest to review these charges. If the Commission finds that the current costs of construction of overhead and underground extensions are to any extent different from those upon which the above charges were based, it proposes to fix different charges to reflect the change in the difference in costs.

THEREFORE, IT IS ORDERED that:

E. Each public utility, including rural electric cooperatives, providing electric service shall, on or before February 15, 1974, notify the public of the hearing by publishing a copy of this Order and Notice of Hearing in newspapers of general circulation published within its service area and by mailing a copy of this Order and Notice of Hearing to all cities, incorporated villages, counties and townships within its service area. Proofs of publication and service are to be submitted at or before the scheduled hearing.

The Commission FINDS that:

A. The Commission, on its own motion, will conduct an investigation to determine whether there should be revision in the charges of \$1.00 per lot front foot for distribution lines and \$1.25 per foot for service lines in residential subdivisions, and the charge of \$2.00 per trench foot for commercial and industrial extensions under the Commission's Uniform Underground Electric Extension Policy.

The Commission specifically reserves jurisdiction of the matters herein, contained and the authority to issue such further order or orders as the facts and circumstances may require.

**The Mini-Mizer Can Prove It. See For Yourself**

Make the Mini-Mizer test. Total up your shopping list at Kroger then do the same at any other supermarket. We expect Kroger to save you money. And it's no wonder - when you look at all the ways we're trying to keep your food costs down.

- Every week, Kroger offers you many low-priced weekly specials on items our skilled buyers have been able to get for us at bargain prices.
- Kroger minimizes your meat costs by featuring a good variety of popular meat items at money-saving prices every week, so you can save on purchases for several meals, not just one or two.
- And every week, Kroger's Advertisements feature a group of Mini-Mizer Coupons you can redeem for exceptional savings. We think these programs will add up to a definite savings on your weekly Food Bill.

•In the face of rising food prices, Kroger's economy moves have enabled us to cut prices on hundreds of items.

•Thousands more on items throughout our stores continue to save you money on Kroger's Everyday Discount Prices, including your favorite fruits and vegetables.

# MINIMIZE YOUR FOOD COST

**THE TRUTH IS IN YOUR REGISTER TAPE!**

We at Kroger invite you to compare the cost of your total food bill from Kroger with what you would pay at any other so called Discount Food Store. We believe our Xtra Low Discount Prices can save you more on your total food bill, week after week, than other local food and discount stores. But you don't have to take our word for it. ## Sanders Bakery

Looking for old-fashioned, fresh-from-the-oven quality? Look no further than your Sanders Bake Shop. We've got full variety in fresh-baked rolls, breads, pastries and doughnuts. Country bake shop quality at Xtra-Low Discount Prices... only at your Superstore Village Bake Shop.

## Delicatessen

Why not take a break from the kitchen routine and drop by your Kroger Superstore for a visit to the Manhattan-style Delicatessen? We've got just about anything you might need for a snack, a meal or just a side dish for that special occasion. You'll find salads, desserts, cold meats, domestic and imported bulk cheese, party trays, barbequed chicken and ribs and much, much more.

## Non Foods Department

Why drive all over town for those special needs when you can get almost anything you might need when you shop for food at your Kroger Superstore? With our new and expanded departments, we offer greater variety on a wider selection of non-food needs - from party hats and streamers to a wide variety of pain-relievers for the morning after.
