AN EYE CATCHER IN FOWLER

Folks traveling M-21 through Fowler frequently do a double-take when they see this tall, skinny guy striding out of the alley behind the Gamble Store. The pipe man was built by Felix Hernandez, a part-time employee of the store, from a picture which the store owner, Mrs Corabelle DeClerg, took of a similar "man" in Florida. The unique advertisement was "born" back in October. His head is an old toilet seat, the pipe wrench is of wood and the box is an old tool box.

Ovid man 4th auto victim of '67

Clinton County chalked up its fourth traffic accident fatality of the year early Friday morning when Warren E. Thurston, 26, of 2710 N. Shepardsville Road, Ovid, was killed when his pickup truck (above) was hit by a car (right) and then struck a tree in front of 1401 E. M-21. Ray T. Turner, 33, of Lansing, the driver of the automobile, was charged with manslaughter; he is free on \$5,000 bond. He was treated at Clinton Memorial Hospital for head cuts. Mr Thurston was pronounced dead at the scene by Coroner Van Hoag. (Obituary on Page 7-A)

12.8 mills under consideration
Citizens group to decide on millage

A weighty decision faces the 120 or more members of the St. Johns Public Schools citizens committee when it meets tonight (Thursday).

The committee will set the amount of millage to be asked in the March 23 school election. The school board has pledged to make official the committee's recommendation.

The schools report 12.8 mills (an increase of 8.3 mills over last year) will be needed to maintain the present education program, with the only major change being that the four new elementary schools will be in operation and most of the small rural schools will not.

Operation of the new high school is not involved, since it will not be ready for use until after the next school year.

CITIZENS COMMITTEE members will discuss six possible alternatives which could reduce the 12.8 mills figure. But school board President Ray Parr cau-

tioned the committee, in an information packet mailed to them last week, that the 12.8 figure "will serve only to maintain the program at its present level. Therefore, any reduction in this figure must be accompanied by a reduction in services."

The committee will weigh these six alternatives:

*Possible elimination of all music throughout the school system, saving \$52,000 a year, or 1.18 mills;

*Possible elimination of art throughout the system, saving \$20,000, or .46 mill;

*Possible elimination of all physical education in the school system, saving \$40,000, or .9 mill.

*Possible elimination of all extra-curricular activities in high school (athletics, dramatics, etc.), saving \$16,000, or .36 mill.

*Possible placing of grades one, two, three and four—or any other grades—on half-day sessions; this would eliminate 14 teachers at a savings of \$98,000, or 2.23 mills.

*Possible elimination of all transportation at a savings to the district of \$75,000, or 1.7 mills.

All millage figures used by the school are based on a school district evaluation of \$44 million for next year.

"IT MUST BE noted," Parr said in the letter to committee members, "that the elimination of any of the above would no doubt cause the cancellation of our North Central accreditation."

A 4.5 mills extra-voted levy expired last December, and unless new millage is voted at the special school election March 23, the district will be left with only county-allocated millage to operate on. This year that figure was 8.2 mills.

That poses another possible problem should a millage issue fail, Parr points out.

"The State Aid Act for this year (1967-68) contains the provision that to obtain any state aid the local district must levy at least 8 mills for operation and 10 mills to participate fully. Since we levied 12.8 mills this did not affect us," Parr said.

"However if we had not had the 4.5 mills voted and had levied only the 8.2 mills as allocated we would have lost the difference between 8.2 and 10 mills, or 18 per cent of our state aid.

"We don't know how much state aid will be forthcoming next year, but we do know that part of the bill will raise the above limits from 8 mills to 10 mills to receive any state aid, and the 10 mills to 12 mills to participate fully."

"This means that if the people of the district fail to vote any additional operating millage, and our allocated rate remains at 8.2 mills, we would not receive any State Aid for 1968-69. Since state aid should amount to over \$900,000 next year, this would mean that we would mean that we would not be able to open the school doors in September."

SCHOOL OFFICIALS figure 12.8 mills (8.3 in new millage) will bring in enough funds to cover the anticipated \$367,500 (Story continued on Page 3-A)

15-mill limitation also defeated

St. Johns voters turned down a city income tax Tuesday in a referendum election and at the same time defeated a charter amendment which allows would have allowed the city commission to assess up to 15 mills of tax without a vote of the people.

The polling places experienced a fairly steady flow of voters all day, and the total number included a larger-than-normal percentage of the older residents of the community.

The final tally was a resounding 1,158 votes against the income tax and 439 in favor — an almost 3-1 margin of defeat. Both precincts turned it down in about the same manner.

The 15-mill limitation charter amendment issue was defeated 1,110 to 352 — also about 3-1 margin.

THE RESULT OF the election leaves the city in a financial crisis. The income tax as a source of revenue has been overturned and voters for the third time have refused to allow the city commission to assess more than 10 mills for general operation.

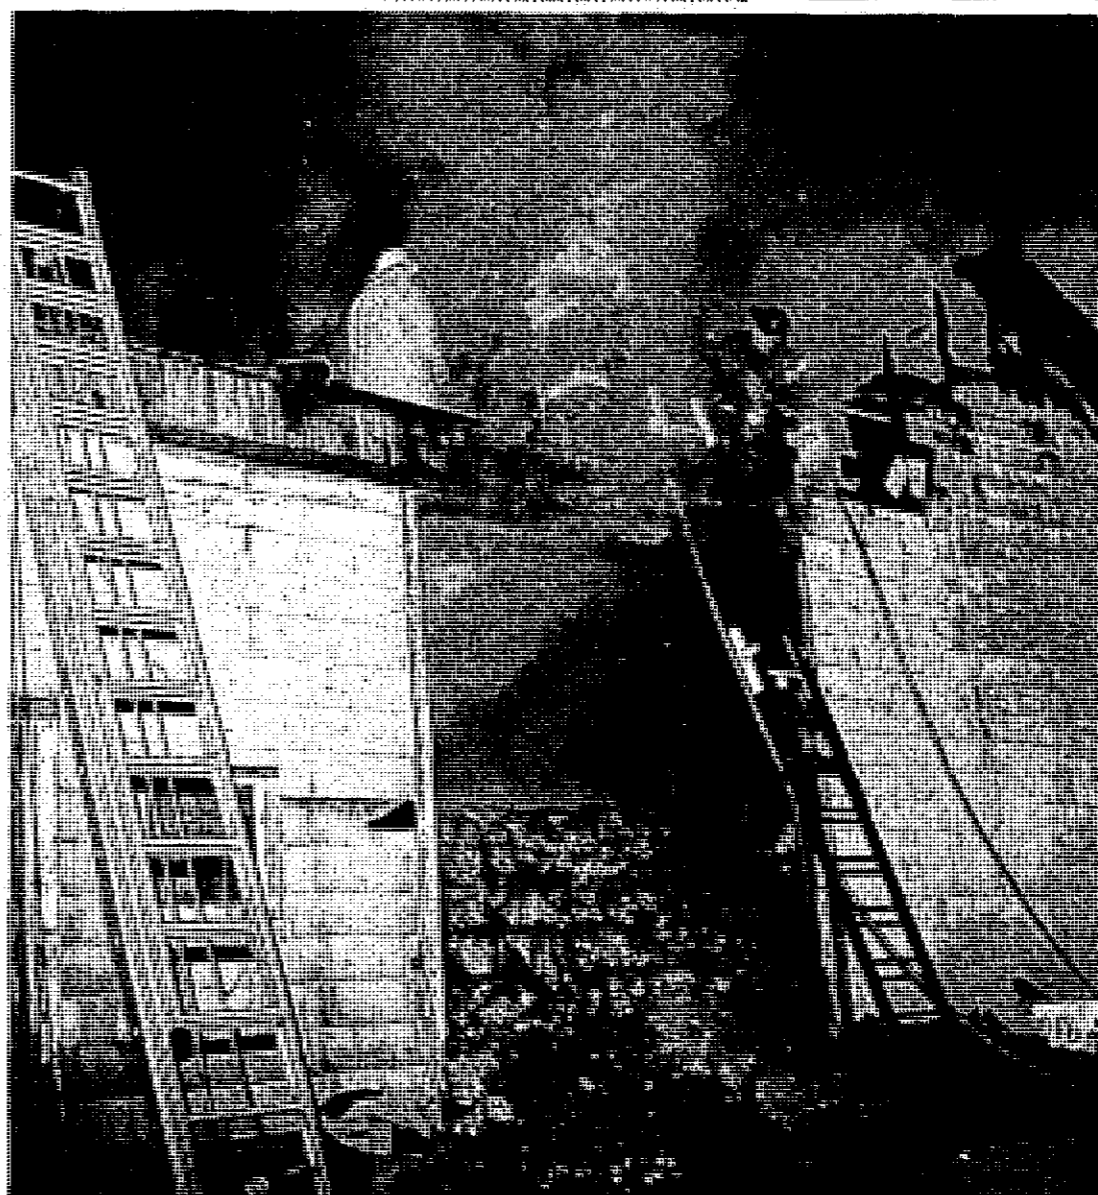

Mayor Charles Coletta termed the outcome "very disappointing" and said he thought the final results would have shown a more even distribution of the votes.

"The city is now faced with a real financial crisis," Mayor Coletta said, "and we will have to cut expenses to the bare bone to live within the income that we have."

The total turnout at the polls — 1,597 persons voted on the income tax question — was considered to be high and a good cross-section of public opinion on the income tax question. A total of 2,404 persons were registered, meaning the turnout of voters was 66.4 per cent.

OVID-ELSIE — The teacher contract negotiating team for the Ovid-Elsie Area School Board of Education this year will consist of Supt Robert Beauchamp, Asst. Supt. Earl Selbert, Hugo Leonard, Blaine Lentz, Gerald Meredith and Larry Nicholas. Several "exploratory" meetings have been held between the group and representatives of the teachers in the school system.

FIRE DAMAGES APPLES, STORAGE BUILDING

Flames broke out shortly before 9 p.m. Monday in a storage building on the Parmer R. Phillips Orchards property at 1174 W. Gratiot County Line Road, destroying a number of apples ready for transport and severely damaging the building. Maple Rapids and St. Johns firemen fought the fire. Story on Page 3-A.

Rowland reelected Scouts' Chippewa District chairman

WACOUSTA—Robert Rowland of 9087 Clark Road, Wacousta, was reelected chairman of the Chippewa District of Boy Scouts of America last week at the annual business meeting of the district.

Rowland reported that gains achieved in 1967 by the Chippewa District are evidence of Scouting's relevancy to youth needs of today.

"The Scout program is an important part of the activities of 1,006 boys who are Cub Scouts, Boy Scouts and Explorers—an increase of 8 per cent over the previous year," Rowland reported.

Rowland, a Scouter for 13 years in the Chippewa District, has served in various capacities, including institutional representative, Scoutmaster and committee chairman. He has been chairman of the district the past year.

"ONE OF THE measurements of what we call 'quality program' is the advancement program of the Boy Scouts of America," Rowland said. "Our Scouts earned 250 Cub Scout awards and 220 Boy Scout awards in 1967. There were three Boy Scouts who received the Eagle Scout Award, and Boy Scouts earned hundreds

of merit badges in vocational and hobby subjects." The camping record of the (Story continued on Page 3-A)

SCS to help on Lower Maple project

Federal approval and federal aid for two big projects in Clinton County were announced last week by U.S. Sen. Philip A. Hart of Michigan.

The Soil Conservation Service has been authorized to help local organizations prepare a watershed work plan for the Lower Maple River Watershed project in Clinton and Gratiot counties, the senator said.

And the Michigan Department of Conservation has been awarded a \$58,025 Interior Department grant for stage two of an acquisition project to acquire a total of 841 acres for the new Sleepy Hollow State Park in Ovid and Victor townships.

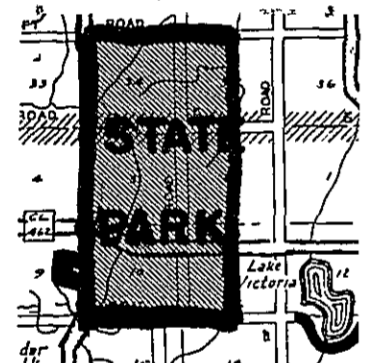

THE LOWER MAPLE Watershed project in Clinton County revolves primarily around the Hayworth Creek drain and its tributaries and encompasses an area as far south as St. Johns and Fowler. In Gratiot County it involves Fish Creek (which flows into Rainbow Lake north of Maple Rapids) and its tributaries.

The technical assistance of the Soil Conservation Service, which Sen. Hart referred to in telegrams to Drain Commissioner Dale Chapman and Clinton County Soil Conservation District Chairman Robert Moore is provided under the Watershed Protection and Flood Prevention Act.

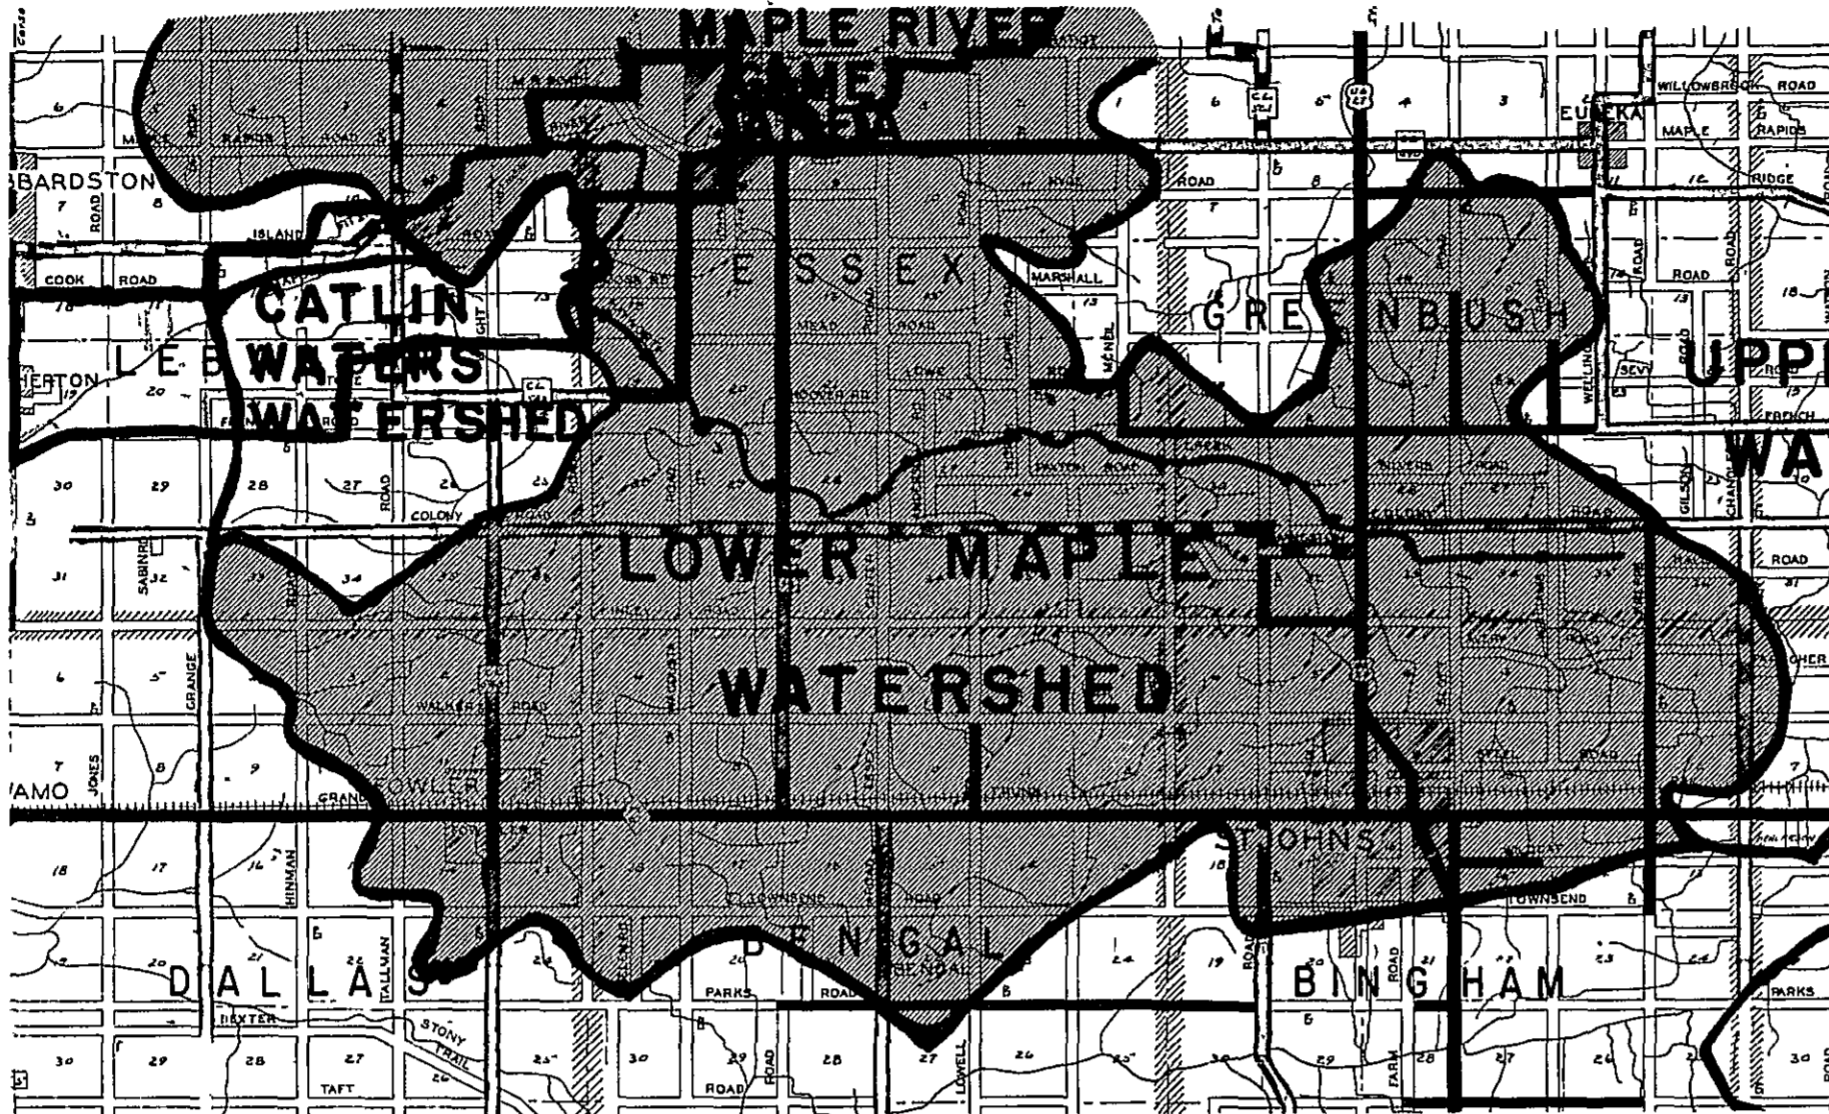

"It is designed to help organized groups of farmers living in small watersheds where floods, drought and soil erosion cause serious damage."

The Lower Maple River Watershed involves the Maple River downstream from US-27 in Gratiot County to approximately Tallman Road in Lebanon Township of Clinton County, as well as the tributaries that flow into the river along that stretch.

LANDOWNERS AND operators of the Hayworth Creek drainage district—a part of the Lower Maple River Watershed—had met with Chapman and Moore last Sept. 21 in Maple Rapids to review possible water management solutions for this section of the watershed.

More federal money has been received by the state conservation officials to use for purchasing of land for the Sleepy Hollow State Park in Ovid and Victor townships, shown here in the shaded area.

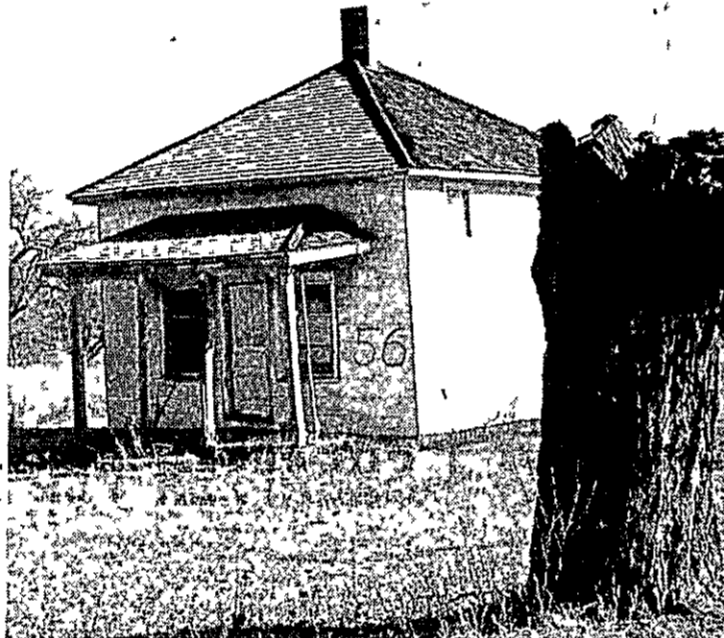

SCS HAS BEEN AUTHORIZED TO HELP PREPARE WORK PLAN FOR LOWER MAPLE RIVER WATERSHED

A 16-person Lower Maple River Steering Committee, from all areas of the watershed in Clinton County, was selected to assist the SCS watershed planning party in developing a plan to protect the watershed.

The steering committee met Oct. 9 and selected Francis Motz of R-3, St. Johns as their chairman, Paul Eldridge of R-2, St. Johns, as vice chairman, and Richard Woodhams of R-6, St. Johns, as secretary.

Members of the steering committee include Marion Piggott of Fowler, and Francis Motz of R-3, Richard Woodhams of R-6, Paul Marjolis of R-6, Neil Ferguson of R-1, Alden Livingston of R-3, John L. Jones of R-3, Frank Sipkovsky of R-6, Warren Eldridge of R-2, Harold Armbrustmacher of R-2, Joe Brown of R-3, Fred Sykora of R-1, Paul Eldridge of R-2, Dale Anderson of R-1, Frank Prochazka of R-2, and Rex Redman of R-2, all of St. Johns.

IN THE DEVELOPMENT of the Lower Maple River Watershed, the Soil Conservation Service will first provide, free to the local landowners, technical aid to the local organization in preparing a master plan to protect the watershed (engineering surveys, land treatment, etc.). The federal approval of technical assistance announced by

Buildings marked with big numbers are those destined to be sold to make way for the new Sleepy Hollow State Park. This building is on the former Crane property at 5097 Shepardsville Road.

Sen. Hart is the first step toward securing federal financial aid in helping the local people combat soil erosion and floods and solve other water management problems involved in protecting the watershed.

The Lower Maple River Watershed covers about 60,000 acres. THE \$58,025 RECEIVED from the Interior Department for the Sleepy Hollow Land acquisition is part of federal matching funds provided for in the original plans for the park. Federal participation to date amounts to \$239,000. Another \$100,000 will be needed, however, if the federal government is to contribute a full 50 per cent of the \$767,000 the Michigan Department of Conservation has committed for land acquisition for the park.

Some 2,800 acres are involved; 2,240 acres reportedly have been purchased to date. The remaining 560 acres must be bought, according to Charles Floyd of the information division of the Conservation Department, before actual work on the park begins. The land yet to be bought lies in an area where landscape work needs to be done.

The Conservation Department said they plan to apply for the matching funds to buy the rest of the land. Sleepy Hollow State Park will be located in Victor and Ovid townships east of Shepardsville Road and north of Jason Road. A 550-acre lake, made by damming the Little Maple River, will be the prime attraction of the park, but it will also include nature areas, a 210-acre campground for tents and trailers, several beaches, picnicking areas, boat launching sites and miles of winding nature trails.

THE CONSERVATION department, meanwhile, is accepting sealed bids through March 7 at 2 p.m. for buildings now located on state park land which has already been purchased. Eighty-one buildings on 20 parcels of property will be sold. They are numbered with large painted numbers. Successful bidders will be allowed 90 days for removal of the buildings and clean-up. The Sleepy Hollow State Park is a part of the Upper Maple River Watershed.

Lanterman opens new agency

BRUCE LANTERMAN

Bruce Lanterman, St. Johns insurance man since 1962, has formed his own Lanterman Insurance Agency and has opened an office at 115 E. Walker Street.

He will share the office with attorney Robert Wood. Lanterman said he would be an agent for Citizens Mutual Insurance Co., Insurance Company of North America and various specialty insurance groups. He will offer all types of insurance. Lanterman will also act as a salesman for the Briggs Co., Realtors.

Lanterman, 43, has been in the insurance business for 15 years. He has been associated with the A. T. Allaby Insurance Co. since 1962 and prior to that was manager of the Alger County Insurance Co. at Munising in the Upper Peninsula.

The World War II Navy veteran is active in the St. Johns Lions Club, Aging Commission of Clinton County, Masonic Lodge, Order of Eastern Star, Consistory, and the Methodist Church. He and his wife, Elizabeth,

live at 210 W. State Street. The couple have three daughters, Mrs. Kathleen Cain of Ft. Mead, Md., and Betsy, 16, and Cindy, 14, at home.

County NFO begins new holding action

Clinton County NFO President Paul Love reported Monday that the organization's withholding action entered its second phase Monday with livestock being added to the commodities being held off the market by members. The aim is to drive upward prices paid to farmers. A grain holding action has been in effect since Jan. 11.

2 Brothers store has opening sale

The 2 Brothers Food Co. officially opened their store here Wednesday, following two days of remodeling and restocking the former Eberhard grocery business at 911 E. State Street.

A grand opening sale will be in progress the rest of this week, owners Bob and Paul Buehler of Owosso report, and there will be free prizes awarded next Tuesday night to winners among people who register up to then. The 2 Brothers will give away free grocery supplies for a year, including up to three gallons of milk per week for a year; up to five loaves of bread a week for a year; up to three pounds of hamburger a week for a year; up to two dozen eggs per week for a year; up to two pounds of coffee per week for a year; 150 Green Stamps per week for a year; chocolate milk with the purchase of regular milk; and salt with the purchase of pepper.

Persons may register for the prizes through next Tuesday. They will be awarded at 9 p.m. Tuesday.

The 2 Brothers Food Co. is located in the store building owned by Al Daley and Mrs. H.T. Haske. Store hours will be 9 a.m. to 9 p.m. daily, except Sunday when the store will be closed. S & H Green Stamps are given with purchases, and double stamps will be offered on Wednesdays, the Buehlers said.

Bob and Paul Buehler are both graduates of Rodney B. Wilson High School and have had the store in Owosso for three years. They are sons of Mrs. Gertrude Buehler of St. Johns.

Building permits reach new high

The City of St. Johns issued more building permits last year than in any year since 1953, City Clerk Don Clark reports.

One-hundred and thirty-three building permits were issued in St. Johns during 1967. This is an increase of nine over the previous high of 124 in 1966.

Of the 133 permits issued, 39 were for homes, 56 for additions and 19 for garages, 18 were industrial and commercial permits and one public building permit.

Last year a new high was reached in only one category—industrial and commercial permits.

The largest number of permits for homes in one year was 46, and they were issued in 1965. The high figure for remodeling permits was reached in 1966 with 58.

School unit considers 12.8 mills

(Continued from Page 1-A)
 In increased expenses during the next school year.

"These amounts are conservative," Parr said, "and it will be necessary to operate the program much as it has been operated this year, with the exception of the fact we will be occupying the four new elementary schools."

The increases include \$172,500 for teacher salaries, including putting the 46 teachers not now on schedule on their proper position on the schedule; \$16,600 for increases in salaries for administration, secretaries, principals and janitors; \$70,900 for personnel for the four new elementary schools; \$37,500 for increases in other costs such as transportation, operation and fixed charges; and \$70,000 reflecting the deficit that was incurred during the current year.

The school will, by the end of this year, be operating at a combined two-year deficit of about \$100,000; the school's millage figure of 12.8 total does not provide for paying off that total deficit.

School officials said their figures concerning monetary needs for next year were made under the assumption there would be no increase in state aid and that it will be necessary to increase salaries for next school year. Some 81.3 per cent of all school expenditures are earmarked for salaries of all personnel.

"Our teachers' salaries are about average for this year," Parr told the citizens committee. "They will need to be at least average for next year in order that we can keep our present staff and hire replacements."

9 local talent acts ready

Lions Show this weekend

The St. Johns Lions Club annual show is ready to hit the stage this weekend.

The Lions will put on two performances of their 17-act show Friday and Saturday night before what they hope will be full house at the St. Johns High School Auditorium. The show will start at 8 p.m.

Included on the bill of fare (proceeds will go toward Lions charities and local projects) will be a professional magic act, songs by the Lions Club Chorus and eight performances by local and area talent.

Headlining the show will be Reneaux, a world-traveling magician who has appeared on television shows and in night clubs in the United States and Europe. Lee Mortimer of the New York Daily Mirror says of him: "No matter how close to the stage you may be, you'll consider it unbelievable. Reneaux is amazing."

RENEAUX WILL appear twice

each evening of the show, in the No. 7 and No. 16 spots on the program.

The Lions Club chorus this year will be under the direction of William Nelson, music di-

rector at Fowler High School. Here's the program for the Lions Club shows this Friday and Saturday:

- 1) Lions Chorus, "Powder Your Face With Sunshine."
- 2) Introduction of end men.
- 3) Peggy Jo and Cathy Merignac and Linda Brya, tap dance number.
- 4) Sheila and Sheryl Pulliam singing two numbers, "Edelweiss" and "Last Night I Had the Strangest Dream."
- 5) Lions Chorus, "Hey, Look Me Over."
- 6) Guitar duet by Jeanne Fernman and Lisa Davis, doing "Poly Vn," "Pretty Mary" and "The Very Last Day."
- 7) Magic act by Reneaux.
- 8) Lions Chorus on a medley of "You're a Grand Old Flag" and "Yankee Doodle Boy." (Intermission)
- 9) Guitar and song number by Dick Holcomb of Chesaning.
- 10) Acrobatic dance number by 9-year-old Sandy McDougal of Chesaning.

- 11) Lions Chorus, "Oh, You Beautiful Doll."
- 12) Duet by the Harmony Boys, Tom Cleveland and Mike Anderson, "Moonlight Bay" and "Memories."
- 13) (Friday only) Vocal trio by Kathy Zuker, Helen Benson and Sue Wickerham, "Born Free" and "Greenfields."
- 13) (Saturday only) Tap dance by seventh graders Linda Cole and Wendy Ward.
- 14) Vocal selection by Dan Law, "Deep River."
- 15) Lions Chorus, "Chattanooga Shoe Shine Boy."
- 16) Magic act by Reneaux.
- 17) Lions Chorus leading the singing of the Lions Song.

Olive Grange, instead of holding their regular meeting as planned, will meet with Bingham Grange Friday, Feb. 23, at the Bingham Grange Hall. Mr and Mrs John Watling will report on and show pictures of the National Grange. A potluck lunch will follow.

Mrs Storey gets 4-15 years in jail

Mrs Linda K. Storey, 24, who was found guilty of manslaughter in the shotgun slaying of her husband, Sterling Sanford Storey, was sentenced to from 4 to 15 years which will be served at the Detroit House of Correction for Women near Plymouth. She was sentenced Feb. 14 by Circuit Court Judge Leo W. Corbin.

No appeal has been filed yet by her court-appointed attorney, Paul A. Maples of St. Johns. An appeal must be filed within 60 days of the date of sentencing. Mrs Storey was charged with second-degree murder in the April 6, 1967, death of her husband. She was found guilty of manslaughter following a week-long trial which ended Jan. 20. She has been confined in the Clinton County Jail in St. Johns since Feb. 14 and was to be transferred to Plymouth Wednesday (Feb. 21).

Time may be money, but it is not negotiable at the bank.

REP. GARRY BROWN

Congressman here Feb. 29

U.S. Congressman Garry Brown, Republican from Michigan's Third Congressional District, will speak next Thursday, Feb. 29, at the annual Clinton County Lincoln Day Banquet.

The program is scheduled for 7 p.m. next Thursday at Smith Hall in St. Johns, under sponsorship of the Clinton County Republican Committee.

Prosecuting Atty. Rolland J. Duguay will be master of ceremonies; Mrs Henrietta Prince, president of the Clinton County Republican Women, is in charge of program arrangements.

Bernard Cain of St. Johns is ticket chairman for the dinner. County Republican Chairman is Andrew Cobb of Elsie.

Pay tax now, avoid 4% fee

All winter taxes for 1967 should be paid to your city or township treasurers on or before February 29, to avoid the 4 percent collection fee and interest rate of one-half percent per month, except in townships already collecting 4 percent, according to Velma Beaufore, Clinton County Treasurer.

Public act 275 of 1964, section 44, states: Taxes collected by the township treasurer after the last day of February shall have added a 4 percent collection fee and interest on tax at the rate of one-half percent per month; therefore all (1967) taxes will be returned into the county treasurer's office on March 1 and all taxes will be payable to the county treasurer thereafter.

Dog licenses are now available from your local treasurers, and after March 1 all licenses will be sold from the county treasurer's office with a \$1 penalty charged for each dog.

EXCHANGE STUDENTS HONORED AT VALENTINE'S TEA

Mrs. B. Stanley Pocus (left) was hostess last Wednesday afternoon to St. Johns' four foreign exchange students and their American sisters and mothers at a Valentine's Day tea at her home on West Baldwin Street. She pours tea for Mary Austin of St. Johns. The girls are, left to right, Dottie Jenkins of St. Johns, Maria Beatriz La ges de Faria of Brazil, Miss Austin, Cynthia Ann Meyers of Uruguay, Cheryl Swagart of St. Johns, Maria Regina Paes de Barros of Brazil, Paula Kjelleras of Sweden and Sue Smith of St. Johns.

Fire damages orchard apple storage building

St. Johns firemen have had a busy week, topped off Monday night by a snowy run to the Gratiot County line to fight a fire which destroyed about 250 bushels of apples and the roof of a cooler building they were in.

The fire was at the Farmer R. Phillips Orchards at 1174 W. Gratiot County Line Road, just east of the Grove Road intersection. No estimate of damage was available Tuesday morning. St. Johns Fire Chief Clare Maier said the roof of one of two cooler buildings—about 20 by 40 feet in size—was burned off and a roof between the two buildings was damaged.

Another 750 bushels of apples in the building may have been damaged to the extent of being tainted by the smoke and water from the fire.

Maple Rapids and then St. Johns firemen responded to the fire call about 9 p.m.

Other St. Johns fires included a degreaser fire last Tuesday afternoon at the Saylor-Beall plant on North Kibbee Street. Plant Manager Ed Morton said damage was "zero" and that the unit was back in operation the next morning.

Last Thursday afternoon firemen were called out to the city dump north of town to fight a grass fire in the woods—the first grass fire of the spring. Sunday afternoon a trash fire spread into adjoining corn stubble on a farm on Townsend Road west of Chandler. No damage resulted from the two grass fires.

2 cars in collision; nobody was hurt

Cars driven by Suzanne E. Moore, 16, of 201 Floral Avenue and Janice M. Barrett, 28, of Lansing collided late Friday afternoon at the intersection of North Clinton Avenue and Lincoln Street. Neither driver was hurt.

The Moore car was going north on Clinton and the Barrett car east on Lincoln. Neither driver saw the other car in time to avoid a collision.

MR AND MRS PAUL HENNEY

Henney-Warnock vows said Dec. 30

Miss Marian Jane Warnock of London, Ohio and Paul Henney of St. Johns, were united in marriage in a candlelight ceremony at the Methodist Church of London, Ohio, Dec. 30.

Pastor George Brown officiated at the 4 p.m. service. The bride is the daughter of Mr and Mrs Harry Warnock of London, Ohio. Her husband is the son of Mrs Mereta Henney of St. Johns and the late Harry Henney.

THE BRIDE is a graduate of the London, Ohio, High School and was employed in an office in that city until her marriage. Paul is a graduate of Fulton High School of Middleton, and is attending Ferris State College.

For her wedding the new Mrs Henney chose a scalloped lace gown with long sleeves and a square neckline and a full-floored skirt with chapel train. Her shoulder length veil fell from a flowered headpiece. She carried a bouquet of stephanotis and white orchids.

MRS ELIZABETH DAVIS, sister of the bride, of London, Ohio was matron of honor. She was gowned in gold and wheat velvet, with matching headpiece and carried a bouquet of mandarin carnations.

The bridesmaids were Cathy Nnehy and Geraldine Fleming. Their gowns were styled like the matron of honor's of avocado and light green velvet, with matching headpieces and their bouquets were also of mandarin carnations.

Mrs Warnock was attired in a medium green two-piece knit suit with matching accessories and her corsage was of red carnations. Mrs Henney wore a pink dress, made of hand-woven silk that her son brought home from Bangkok, white accessories and her corsage was of pink carnations.

Gary Fisher, Paul's army buddy in Saigon, of Blissfield, served as best man. Ushers were Roy Davis of London, Ohio, brother-in-law of the bride and Dale Henney of Flint, brother of the groom.

A RECEPTION following the ceremony in the church parlors was attended by guests from Texas, Virginia, Indiana, Illinois, Michigan and Ohio.

Honored guests present were Mrs Marian Helmer of San Antonio, Texas and Mr and Mrs William Warnock of London, Ohio, the bride's grandparents and Mrs Maud Davis of St. Johns, grandmother of the groom.

The newlyweds are making their first home at Apartment C-6, Ferris State College, Big Rapids.

"A Woman in Question" and "Three Faces of Stanley" will be shown Wednesday, March 20 at 8 p.m. at the Duplain Methodist Church, Colony. Mrs Audrey Fruchtl, Crusade Chairman of Clinton county unit and Mrs Louella Canfield, RN, will be present to answer any questions. All men and women are urged to attend.

Blue Star mothers to sell daisies

The Blue Star Mothers held their meeting Feb. 13 in the undercroft of the Episcopal Church with President Jesse Finch presiding.

The Chapter voted to sell daisies this year. This is the only time the public is solicited. The money is used for the veterans, in or out of the five Michigan hospitals or their families if they need help. During World War II the window banners were used by almost everyone who had a member of their family in service. The Chapter has those banners, with either one, two or three stars, if one of these are desired, contact any Chapter member.

AMERICANISM Chairman Chloe Bartholomew reported presenting two more American flags to two different Cub packs; She also gave a short discussion on incidents in Life of Abraham Lincoln.

The meeting closed with prayer by Chaplain Ruth Barrett. Mystery package won by Hortense Price.

MRS LEONARD HUYCK

Newlyweds to live in Hawaii

Making their first home in Hawaii are newlyweds Mr and Mrs Leonard Huyck, who were married Feb. 10 at the Shepardsville Methodist Church.

Rev John C. Huhtala performed, the 7:30 p.m. double ring service.

The new Mrs Huyck is the former Linda Baese, daughter of Mr and Mrs Robert Baese of R-2, Ovid. Her husband is the son of Mr and Mrs James Huyck of R-2, Ovid.

THE BRIDE is a graduate of Ovid High School and Lansing Business University. Huyck was graduated from Ovid High School and is presently serving with the US Navy in Hawaii.

For the nuptials, the new Mrs Huyck chose a princess styled gown of bridal satin accented with lace appliques of roses and seed pearls. The same trim edged the elbow length sleeves and chapel length train which was held in place by a bow of bridal satin at the base of the neckline. Her elbow length veil of illusion was secured with a crown of pearls and crystals. She carried a sunburst bouquet of daisies.

Miss Marilee Baese of R-2, Ovid, was her sister's maid of honor and the bridesmaids were Miss Rita Mulder and Miss Linda Halstead, both of Ovid. The flower girl was a cousin of the bride, Paula Kay Morrill.

The attendants were attired in identical floor length gowns of apricot crepe fashioned with long pointed sleeves, empire waistlines and detachable floor length trains of apricot peau de soie. They carried hand bouquets of bronze and white chrysanthemums. The flower girl carried a basket of bronze and white chrysanthemums.

MRS BAESE wore a mintgreen crepe princess line dress with matching accessories for her daughter's wedding. Her corsage was of bronze chrysanthemums. The mother of the bridegroom was attired in a three-piece suit of navy blue crepe with matching

Rev Eldon Raymond

REV. ELDON RAYMOND

Nazarene minister to Alpena

The Rev Eldon Raymond, minister of the Church of the Nazarene in St. Johns since February 1965, will leave the local congregation after this Sunday morning to accept a call to the church at Alpena, Mich.

The Rev Mr Raymond said the church there is smaller, by comparison, than St. Johns but appears to be a very active church and he said he was looking forward to the challenge.

The church building there is a new one, having been just dedicated in December. There are 38 members with an average Sunday school attendance of 60; by comparison, membership at the St. Johns Church of the Nazarene is 95, and Sunday school attendance averages about 130 persons.

Rev and Mrs Raymond and sons Ricky, 11, Steven, 9, and David, 4, have been here three years since he came from Bad Axe to replace Rev Erwin Self, who himself had moved on to accept another call at Midland.

Rev and Mrs Raymond both attended Asbury College in Wilmore, Ky., and that is where they met and later married. They had pastored in the Church of the Nazarene for 10 years prior to coming to St. Johns. During their pastorate here, the Church of the Nazarene built a \$45,000 annex to the church which provided much-needed classroom and auditorium space.

The church is located at 515 N. Lansing Street. The parsonage is at 110 Ross Street. No replacement for Rev Mr Raymond has been named yet.

Suggest parcels for airlift be marked 'PAL'

Parcels for airlifting to U.S. servicemen overseas should be marked "PAL" to help speed delivery, local post office officials suggested last week.

Postmaster Gen Lawrence F. O'Brien announced the new low-cost parcel post service for military personnel late last year, and it went into effect Jan. 7.

In instructions to post offices covering the new service, the Post Office Department has suggested that the simple designation of "PAL" (parcels for airlift) be used as a standard identification mark. This provides instant recognition of the parcels as mail entitled to airlift to servicemen overseas and minimizes any possibility that the parcels might be handled erroneously as regular surface domestic parcel post.

BANKING OFFICIALS "BUY" PLAYGROUND LOTS

Jerry Coleman (right) of the St. Johns Jaycees got officials of both the Central National Bank and Clinton National Bank together Monday afternoon and sold them honorary deeds for 10-foot plots of land for the Jaycees' children's playground to be built at the corner of Ottawa and Gibbs streets in St. Johns. He's receiving money from Wayne Hicks (left) and Brandon White of the Central National Bank, Paul Schueller of Clinton National Bank, Jim Cathy of Central National and Les Jenkins of Clinton National. The honorary deeds cost \$5; proceeds will help pay for the development of the playground.

Bath gets HUD grant for planning

BATH—Bath Township has been approved for a federal grant of \$4,053 under the Urban Planning Assistance Program to help pay for comprehensive planning for growth and development of the township.

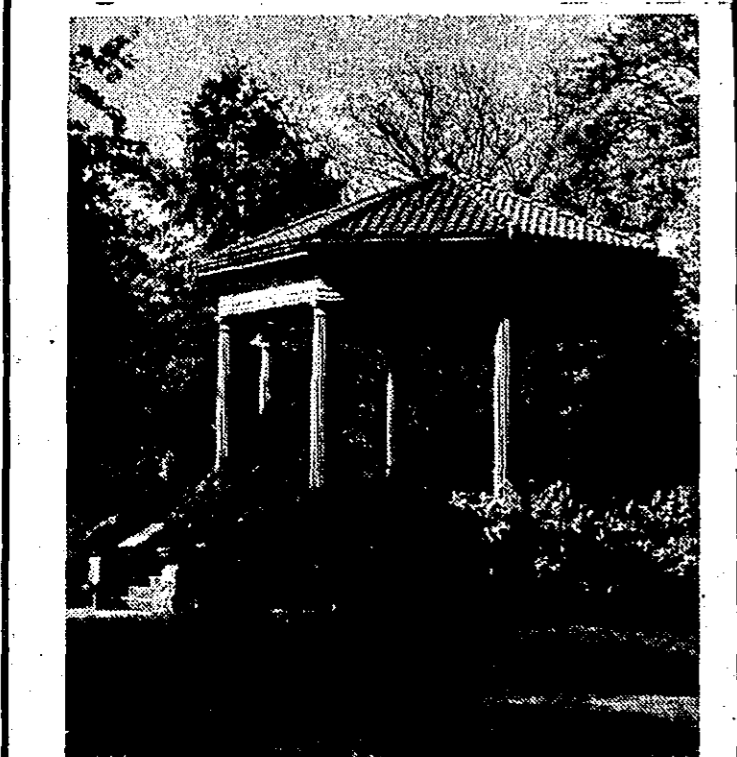

Secretary Robert C. Weaver of the U.S. Department of Housing and Urban Development (HUD) announced the grant last week. The HUD grant, payable to the state, will cover two-thirds of the total cost of planning work.

Supplemented by \$2,027 in local funds, the grant will finance planning activities for one year.

Grants under the Urban Planning Assistance Program are authorized by Section 701 of the Housing Act of 1954, as amended. The grants may be used in counties and small cities to help pay for planning work, such as preparation of base maps, analysis of land use, population and economic conditions, preparation of a comprehensive development plan and measures to implement this planning, such as zoning and subdivision regulations.

The grant has been assigned project number Michigan P-176.

CD office has new number

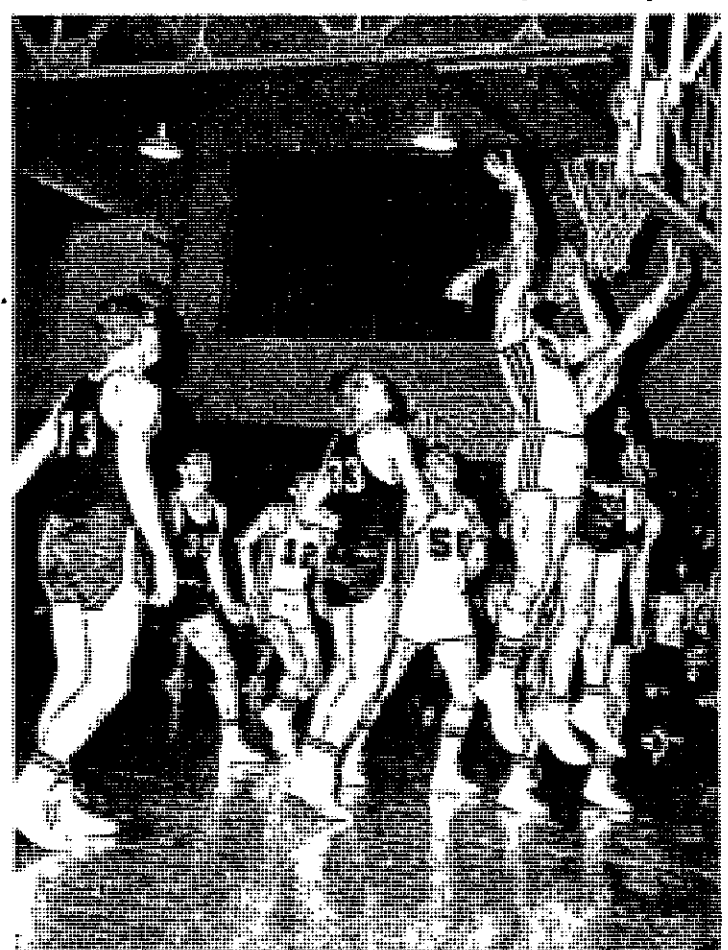

Clinton County civil defense Director Charles Frost is back on the job after his reappointment to the post by the board of supervisors Feb. 5, and he announced last week the office has a new telephone number. The new number is 224-2349. The old number was reassigned by General Telephone Co. during the five months the county was without a CD director. Frost's office is located in the basement of the east wing of the courthouse—also a new location from the former site in the west wing. The best way of getting to the office, Frost said, is through the front door of the east wing itself.

Last-second basket wins for St. Johns

St. Johns basketball fans went about as wild as they have ever gone Friday night after sophomore Dave Gaffney ripped in a 30-foot set shot with one second left in the game to beat Lakewood 66-64.

Dick Rehmann (52) taps up a field goal against Lakewood's Ron Coppes (21) Friday night. Other players are Dick Henderson (12) and Jon Berkhausen (50) of St. Johns and Pat Loftus (13), Mark Lake (35) and Steve Schray (33) of Lakewood. St. Johns won 66-64.

For one thing it revenged a previous 77-71 defeat at the hands of Lakewood, and secondly it brought to an end a string of close-game losses for St. Johns.

THE REDWINGS almost blew it, though, after taking a seven-point lead at halftime. They had started out slowly, trailing 19-16 after the first stop, but then Gaffney hit for six points and Terry Maier and Steve Gregory for four each in the second period as St. Johns bombed Lakewood 16-6 and took a 32-25 lead into intermission.

Lakewood closed the gap to 50-47 after three periods and then tied the game at 64-64 with about 30 seconds left. St. Johns maneuvered and missed a shot, which the taller Lakewood team rebounded and took to mid-court.

After a time-out, Lakewood threw the ball in-bounds with eight seconds remaining. The pass came into the front-court, but St. Johns center Dick Rehmann picked it off and scooped it to Gaffney at center court. He dribbled toward the St. Johns basket, let a couple of Lakewood defenders sail past and then let fly with his game-winning shot. It dropped cleanly through the hoop.

THE REDWINGS hit a good percentage (42) of their field goal attempts, and it was their field goal advantage over Lakewood that saved them. St. Johns had 32 field goals to only 26 for Lakewood, but the Wings could make only two of 12 free throw tries and so almost lost the game at the free throw line. Gaffney made the two free throws in the fourth quarter.

Terry Maier was the Wings' leading scorer with 22 points, eight of them coming in the fourth period when St. Johns was fighting off the Lakewood surge. Gaffney had 16 points, Dick Rehmann 10 and Jon Berkhausen 12 as St. Johns came out of the game with another balanced scoring performance.

Dennis Richard led Lakewood with 21 points, and Pat Loftus tossed in 18.

Freshmen win 2 squeakers

ST. JOHNS SCORING (vs Lakewood): Jon Berkhausen 6-0-12; Dick Henderson 0-0-0; Dave Gaffney 7-2-16; Terry Maier 11-0-22; Steve Gregory 3-0-6; Jeff Nobis 0-0-0. St. Johns totals 32-2-66, with 18 personal fouls. Lakewood totals 26-12-64, with 11 personal fouls.

St. Pat's upends DeWitt 78-61

DeWITT—The DeWitt Panthers scored only five points in the second period Friday night against Portland St. Patrick's and were never able to recover, losing a 78-61 decision to the Shamrocks in a CMAC game.

DeWitt was only behind by two points at the first stop, but when halftime rolled around the Shamrocks were out and away by 33-20. St. Patrick's opened up the lead to 59-38 going into the last quarter, and DeWitt managed to cut into the margin slightly in the final period.

Roger Berry's 16 points was high for DeWitt, while Don Ham and Russ Lennemann each had 16 points for St. Patrick's.

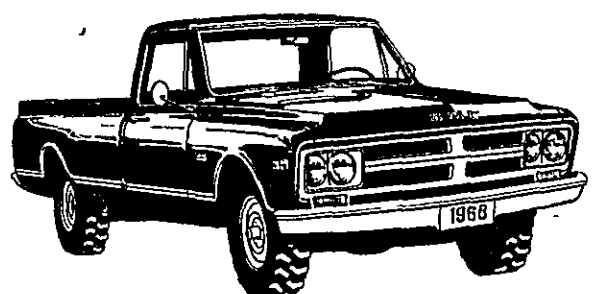

DeWITT SCORING (vs St. Pat's): Dale Sherwood 1-0-2; Mike Botke 2-3-7; Roger Kaminski 2-3-7; Roger Berry 6-4-16; Mike Ashley 3-3-9; Bill Ballard 2-2-8; Jim Decatur 3-0-6; Mike Dolby 3-2-8. DeWitt totals 22-17-61, with 18 personal fouls. St. Pat's totals 30-18-78, with 21 personal fouls.

The first victory was at Lakewood last Monday evening where the action and suspense were almost too much to bear. The freshmen of St. Johns and Lakewood battled into a double overtime. With three seconds to go in the second overtime and St. Johns down by 1 point, Steve Mead pumped in a 22-foot jump shot to carry St. Johns into the winning column 56-55. Mead was also the leading scorer that night with 21 points. Randy Atkinson scored 15 points for St. Johns.

Of their home court the freshmen defeated Grand Ledge Thursday night 41-40. St. Johns led through-out most of the game but in the final minutes of the fourth quarter Grand Ledge closed in. John Smit proved to be the hero of the night by sinking two free throws with St. Johns down by one point in the final seconds of the game.

Smit scored 10 points, Randy Atkinson 9 and Steve Mead 8. Every player on the 25-member team competed in both games.

'68 derby franchise approved

Clinton County's application for a 1968 Soap Box Derby franchise was approved last week by All-American Soap Box Derby headquarters in Detroit, thus qualifying the community to send a representative to the national coasting car finals in Akron, Ohio, Aug. 24.

Derby Director William McCarthy of St. Johns noted that the race here will be Clinton County's sixth year in the boy racing program. No date for the 1968 local race has been set as yet.

"The Derby program provides youngsters in this area an opportunity to participate in a constructive, high-level form of competition and to apply their initiative and creative ability," McCarthy said.

Winner of the Clinton County race will receive a handsome trophy and a \$500 U.S. savings bond from Chevrolet, the derby's national sponsor, and he'll compete in the All-American finals at Akron for \$30,000 in college scholarships.

The current Clinton County champion is Lee Smith of DeWitt.

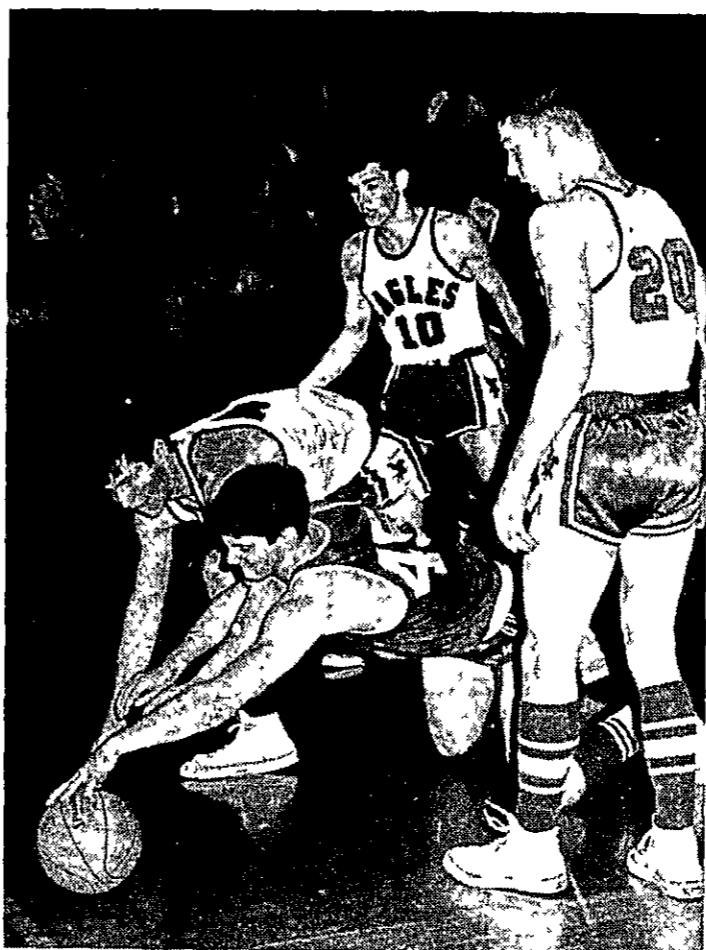

One test is worth a thousand expert opinions.

Fowler clinches title share with 67-51 sweep past Bath

FOWLER—The Fowler Eagles swept to their 12th straight CMAC conference victory Friday night, running away in the final quarter for a 67-51 win over Bath.

With the win, the Eagles sewed up at least a share of the league title for the second year in a row. They play Portland St. Patrick's at home this Friday and could clinch it all with a win.

Bath, as always, put up a stubborn opposition to the high-flying Eagles. They stayed close until the fourth quarter when Fowler rebounding and free throws began to take their toll.

Merlin Truman (45) of Bath and Stan Pohl (44) of Fowler go to the floor in pursuit of a loose ball Friday night at Fowler. Watching the action are Terry Barnard (11) of Bath and Fowler's Gary Schueller (10) and Joe Koenigsnecht (20). Fowler won the game 67-51.

FOWLER JUMPED off to a 10-1 lead in the opening minutes, but Bath roared back to tie it 10-10 before the Eagles edged in front 12-10 at the first stop. Bath never did hold a lead, but they tied the game at three more points in the second quarter, 15-15, 17-17 and 26-26 before settling for a 30-26 deficit at halftime.

Fowler moved out fast in the third quarter, built up a nine point lead, lapsed, then replenished themselves and held a 46-38 advantage going into the final period. Merlin Truman and Randy Tucker left the game on fouls for Bath in the fourth quarter and the Eagles took control of the backboards and built up a lead of 67-48 at one point near the end.

Four of Fowler's six scorers were in double figures, and Bath had two players in double figures in a well-balanced effort for both teams. For Fowler, Gary Schueller led the way with 18 points, while George George had 16 points, Stan Pohl 12 and Joe Koenigsnecht 10. Mike Woodruff led the scoring for Bath with 17 points and Randy Tucker scored 14.

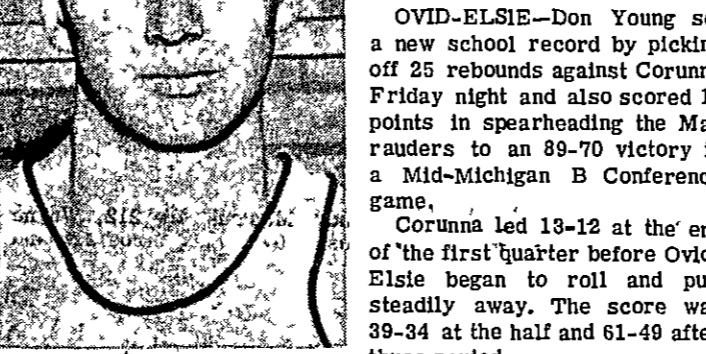

Fowler shot 44 per cent from the field, making 27 of 61 field goal tries, while Bath put in 20 of 54 attempts for 37 per cent. Neither team did well from the free throw line. Fowler made 13 of 23 attempts and Bath made only 11 of 20 tries.

Bath will host second-place Webberville this Friday night.

BATH SCORING (vs Fowler): Elias David 0-1; Merlin Truman 3-0-6; Randy Tucker 7-0-14; Mike Woodruff 6-5-17; Terry Barnard 1-1-3; Mark Ankeney 2-3-7; Steve Loomis 1-1-3. Bath totals 20-11-51, with 18 personal fouls (Tucker and Truman fouled out).

FOWLER SCORING (vs Bath): Joe Koenigsnecht 4-2-10; Bud Conley 3-3-9; Neil Hafner 1-0-2; Gary Schueller 8-2-18; George George 5-6-16; Stan Pohl 6-0-12. Fowler totals 27-13-67, with 14 personal fouls.

Fulton falls 71-58 to Montabella

MIDDLETON — Fulton battled Montabella on even terms for the first half of their basketball game Friday night but then lapsed in the second half and dropped their 11th game of the season 71-58.

The score was tied 28-28 at halftime. Jeff Gray was the leading scorer for Fulton with 17 points, and Randy VanSickle popped in 13. Rick Johnston was high scorer for Montabella with 24 points.

FULTON SCORING (vs Montabella): Randy VanSickle 4-5-13; Randy Loudenbeck 3-3-9; Jeff Gray 8-1-17; Tom Paine 1-0-2; Rick Troub 2-3-7; Tom Redman 2-2-6; Larry Chick 0-2-2; Dick Zamarron 1-0-2. Fulton totals 21-16-58, with 19 personal fouls. Montabella totals 27-19-71, with 14 personal fouls.

JVs sweep past Lakewood 65-50

The St. Johns junior varsity basketball team swept over the JVs of Lakewood last Friday night 65-50.

The Wings led at the half 36-22 and never let Lakewood come within 10 points of them the rest of the game. The two leading scorers for St. Johns were Tim Durner and Chuck Green with 15 points each. Other scorers included Larry Zuker 4 points, Bob Rehmann 8, Rich Stoddard 12, Roger Davis 5, Dick Rademacher 2, and Greg Kirby with 4 points.

Junior high 'tourney set at Fowler

FOWLER—Fowler High School will host its annual junior high school basketball tournament starting this weekend. Eight teams are involved.

Saturday afternoon at 2 o'clock the DeWitt junior high team will play Olivet, and at 3:15 Ionia will take on Portland St. Patrick.

Sunday afternoon Byron will tangle with Potterville at 2 p.m. and Fowler will meet Pewamo-Westphalia at 3:15 p.m.

The first-round winners will advance to semi-finals games next Thursday, Feb. 29, at 6:30 and 7:45 p.m. and the winners there to the championship game Sunday afternoon, March 3, at 3:15 p.m. The first-round losers will play Saturday, March 2, at 6:30 and 7:45 p.m., and the winner of those two games will play for the consolation trophy March 3 at 2 p.m.

The Fowler High School Varsity Club is in charge of arrangements for the tournament. Championship, runner-up and consolation trophies will be awarded.

GREENVILLE GAME FEB. 29
The St. Johns-Greenville game will be played Thursday evening, Feb. 29, rather than the originally scheduled Friday, March 1. The change was made so St. Johns could host the regional wrestling tournament March 1 and 2. The game will be in St. Johns.

Adults, teens move to take roar out of vandalism

VID — The Village of Ovid has been in an uproar the past few weeks over problems of hot-rodding and vandalizing teenagers. For a while a lot of the roar was just talk, but the community is beginning to take some action toward solving the problem.

Two weeks ago Monday night a crowd of about 250 people got together to discuss the problem. Ovid Police Chief Gaylord Wisenberg was on the carpet for awhile, but then state police, county sheriff's officers and the Clinton County prosecutor suggested the people themselves might be to blame.

It seems a lot of verbal complaints are made to police officers concerning hot rodding and minor acts of vandalism, but on investigation and apprehension of suspects by the police, the complainants would refuse to sign a formal complaint. The law officers cited several cases as examples.

VILLAGE PRESIDENT Harvey Darling pointed out the village

has a police chief who is hired for an eight-hour day but who actually is on call 24 hours. There just isn't any more money available for more help than is now used, he said, and about half of the village's \$-mill assessment is used for the police department.

Anyway, last Monday night, Feb. 12, another meeting was held — about 150 attended this time — and a community committee of students and adults was appointed to try to head off future problems.

Students made up about half the audience at that meeting, and they pledged their help to control the few among them who are causing troubles. They suggested the problem might not be restricted to Ovid alone and that maybe more recreational activities through the schools might be an answer.

President Darling named two

Elsie students to a temporary committee which will arrange for a permanent committee.

STUDENTS NAMED to the community committee were eighth grader Debbie Young, ninth grader Pete Boyer, 10th grader Kathy Wisenberg, 11th grader Danny Medina, 12th grader Kay Hawley, Forrest Parks for non-school youth, and Sherri Lemke and Dave Latz from Elsie.

Adults on the committee include Mrs Ed Fortier, Mrs Arlene Millard, Hugh Wadsworth, Bob Meredith, Charles Cross and Chauncy Green.

Farm, home show set April 19-21

The Chamber of Commerce's second annual Farm, Home, Sports and Auto Show is scheduled for April 19, 20 and 21 in St. Johns.

Chamber President Robert Dittmer said all plans for the show aren't yet formulated, but it is known there will be a style show the afternoon of April 20 (a Saturday). Smith Hall near the city park will again be the show site.

The show will be open to the public from 6 p.m. on April 19 and from 1 p.m. on April 20 and 21. Professional entertainment is planned, but no arrangements have yet been finalized. Dittmer said the Chamber hopes to have helicopter rides again this year.

The interior of Smith Hall will be used again for booths and displays, and Dittmer said about half the space available has been subscribed for by businesses. Businessmen who haven't been contacted and who desire to have a part in the farm, home, sports and auto show are urged to contact the Chamber office.

The grounds around Smith Hall will be used for displaying of trailers, cars, boats and implements.

It's easy to go wrong, but strength of character is needed to take the back track.

Ambition and enthusiasm are the best tools in the kit of men who want to reach the top.

OUTSTANDING YOUNG FARMER HONORED AT DINNER

Charles Bracey (second from left), who was awarded the St. Johns Jaycees plaque as the area's "outstanding young farmer" for 1968, chats after the presentation with Dr. Sylvan Wittwer of Michigan State University (left), speaker for the evening's program; William Mayers, last year's state outstanding young farmer and a member of this year's judging committee; and John Aylsworth, OYF chairman for the Jaycees. Wittwer showed color slides and described the "Changing Shape of Agriculture" to some 45 Jaycees and guests. Rick Greenhoe of St. Johns was inducted as a new member of the Jaycees.

NFO plans report meetings

Weekly meetings to report progress on their farm commodity withholding action are scheduled for the next two Tuesdays by the Clinton County National Farmers Organization.

President Paul Love said the progress meetings will start at 8:30 p.m. each night in the downstairs community room of the Central National Bank in St. Johns. The meetings are open to the public.

The NFO has been withholding grain from the markets since Jan. 11, and a meat holding action — phase two of the all-commodity holding action — started Feb. 12.

The NFO's annual swiss steak supper will be held April 6 at the new Ovid-Elsie High School. Homer Jackson will be the speaker; farm credit will be his topic.

Missionaries at E. DeWitt

EAST DeWITT—Rev and Mrs Samuel Backman and their two children, Cathy and David, will be at the East DeWitt Bible Church, Round Lake Road, at 7 Saturday evening, Feb. 24 and all day Sunday, Feb. 25.

They will tell of their work as missionaries on the Amazon River and in Brazil.

Pictures of the area will be shown by them Saturday evening. Refreshments and a fellowship time will follow.

Congregational women guests of WSCS

The WSCS of the First Methodist Church met in Niles Hall Feb. 13, at 12:30 p.m. for a luncheon with the ladies from the Congregational Womens Fellowship as guests. The luncheon committee was headed by Mrs Kenneth Munger and was served to about 80.

Miss Paula Kjelleras, an exchange student from Sweden talked about her country and its customs. She showed the group many slides. Miss Kjelleras was introduced by her American mother, Mrs Frank Swagart, with whom she has been making her home since last August.

Mrs Bruce Fowler introduced Sheryl and Sheila Pulliam. They sang a duet. Mrs Fowler along with daughter Jan, and son Tom, gave the worship through song, singing "God's Choir in The Sky" and "Speak to Me Wind."

A short business meeting was conducted by president Dianne Hazle.

Wednesday afternoon Mrs Fred Sehlke of Fowler visited her uncle and aunt, Mr and Mrs William Ernst.

4-H Club Chatter

By JOHN AYLSWORTH Extension 4-H Youth Agent

A recreation workshop will be conducted on Saturday, Feb. 24, from 1-4 p.m. at Smith Hall in St. Johns for 4-H leaders, recreation chairmen and other members interested in learning and teaching recreation in their local club. Each 4-H club is being asked to have a carload of members to participate in this training.

The group will receive training in mixers, parlor games that can be used in the homes, singing games, song leading, folk and basic square dancing. Adult resource leaders will be conducting the training sessions.

The 4-H Service Club ice skating party was postponed from the 17th to the 24th of February due to a mix up in scheduling the Sleepy Hollow Conservation Club pond. Present 4-H Service Club members are encouraged to bring other 4-H members who are interested in joining the service club to the skating party. Members must be 15 years of age by May 1 and have completed three years of 4-H club work to be eligible to join.

A 4-H modeling school will be conducted on Monday, March 4, at 7:30 p.m. at Smith Hall in St. Johns for all senior miss 4-H members. Miss Lorraine Sprague, Extension home economist, will do the instructing, with the main emphasis on "Styling Your Garment." Junior miss members may participate in this modeling school if they have their leader's approval. The older members should be willing to help instruct younger members in their club on how to style.

The 4-H tele-award forms submitted by the older 4-H members who are interested in participating in the state and national 4-H award program have been checked and forwarded to the college for processing and tabulation. These results will be used by the awards committee in selecting county winners for various awards programs.

A family group classification has been added to the 1968 Share the Fun Program. Any family who has children currently enrolled in 4-H club this year is eligible to participate. There is no limit on age or number of members in the family participating. If dad and mom have some musical talent, they can join their children in this family group classification. The time limit is six minutes per act. The county Share the Fun Program will be held Friday, April 26, at the Swegles School in St. Johns starting at 8 p.m.

The Double Bar E club members held a bridal shower Monday evening for Jo Ann Tefer-tiller, one of the club leaders. Each member brought a kitchen gift to the shower. Anyone in the Elsie area who wishes to join the club should attend the club's next meeting on Monday, March 11 at 7 p.m. at the Elsie Elementary School.

4-H Saddle Horse members and leaders are invited to attend the Arabian horse clinic on April 27 and 28 at the Michigan State University Livestock Pavilion. Charles Grant and Bazy Pankersley will be the instructors. Admission costs will be \$1 per person.

The four corners 4-H club members viewed demonstrations on knitting by Thelma Dunham and Sharon Herron. Recreation was led by Rita Tabor, Mary Temple and Matthew Peck.

The Country Cousins 4-H members referred to Abe Lincoln or George Washington's outstanding contribution to their country for their club roll call. Demonstrations were given by Frank Falvor on handcraft, Jack Cuthbert on electrical, and Judy Smith on handcraft.

The Nimble Fingers 4-H club members attended Joan Jewett modeling school Feb. 12 at Lansing. The members learned about poise, grooming and how to style their garments to the best advantage. Julie Pung gave a demonstration on "Rules for Cooking" and Chris Haltman on "How To Use Woodlore." Members were reminded that their projects were due for completion by March 1. The talent show committee reported on several possibilities for the county show in April.

The Dipsey Doodlers 4-H members named something they could do to make their home safer as their roll call. Mary Roesch, a master beautician at Knapp's Department Store in Lansing, discussed proper hair grooming and care with the members. Demonstrations were given by Marlene Cushman on "sewing a hem by machine;" Georgia Sanborn on "blind stitching;" Joyce Jones "sewing on a button" and Judy Roesch on "how to set your hair and comb it out."

The Lemm 4-H Club members learned about artificial respiration through demonstration and movie by Mr Newman of DeWitt. Each member practiced artificial respiration on the Resusie Amie dummy provided by the Red Cross office. The members discussed a possible roller skating party in March when their projects were completed and read letters the club received from service men in Viet Nam.

The Stitch and Chatter 4-H club members discussed what it takes to become an honor club and what they needed to accomplish to reach the necessary 875 points. The club plans to sing at the local nursing home in the near future and prepare a talent number for the county talent program. The club would like to secure a leader for the art project this summer.

Those engaged in a heated argument pay very little attention to danger signals.

Rowland reelected Chippewa chairman

(Continued from Page 1-A)

Chippewa District shows that 152 boys attended summer camp at Northwoods Reservation last summer.

"Scouting's volunteer leaders—350 in our district—make it possible for boys to take part in a program that is keyed to the world of today," Rowland said, "and we're proud of our record that shows that 17 adults completed volunteer training sessions."

SCOUTING IS MADE available to local organizations to use as a part of their own youth program. The Scout district's 29 Scout units—an increase of 3 per cent—are sponsored by 24 religious, school, and civic groups.

Rowland expressed his gratitude and thanks to all the Scouters in the district who made it possible for the boys in Scouting to have their finest year.

"The Chippewa District has done its share in the (Chief Okemos) Council's attainment of its goals. For the first time in the district's existence we are serving over 1,000 boys."

The leadership of District Chairman Rowland of Wacousta was cited at the district appreciation dinner last week which was attended by over 100 Scouters. The following awards were made to the adult Scouters of the Chippewa District:

Roundup awards: Pack 73 of Eureka, 76 of Elsie, 258 of Portland, 267 of Bath, 271 of St. Johns, 272 of St. Johns and 277 of DeWitt; Troops 58 of Portland, 67 of Bath, 77 of DeWitt, 81 of St. Johns and 585 of Ovid; and Post 500 of Portland.

Leadership training awards (den mothers key): Pack 267, Natalie Fough, Charlene Hoard and Beverly Sosebee; Pack 76, Rachel Houska; Pack 510, Sybil Parkinson and Donna Rae Schulze.

SCOUTERS AWARDS: Troop 77, Willard Young and Louis Haley of DeWitt; Troop 81, Robert Cartwright of St. Johns; Troop 576, Robert Houska of Elsie; Troop 71, R. Keith Mungler of St. Johns.

Veterans recognition: for 35 years, Lawrence Fish (36 years) and Harold VanRiper; for 25 years, Emil Hegerberg; for 20 years, Harold Shilley (23 years); for 15 years, Donald Henry; for 10 years, Willard Reed (13), Robert Rowland (13), Frank Bernath (12), Claude Norton, John Williams (11), Zane Benedict, Jake Kirchen and Ed Wells.

Frank Bernath (12), Claude Norton, John Williams (11), Zane Benedict, Jake Kirchen and Ed Wells.

1967 district officers: Robert Rowland of Wacousta as district chairman and Jack Walker of Bath as district commissioner.

Committee chairmen honored included: advancement, Lawrence Fish of St. Johns; camping and activities, Robert Bullock of Bath; finance, Leon Brewbaker of St. Johns; health and safety, Ben Wieber of St. Johns; leadership training, Harold VanRiper of Bath; and exploring, Robert Freehan of Lansing.

St. Therese ham dinner set March 3

The parishioners of the St. Therese Catholic Church will hold their annual ham dinner in the school cafeteria Sunday, March 3, from 11:30 to 4:30 p.m. Highlighting the dinner will be the popular smorgasbord dessert table. Free babysitting will be available.

Chairman for the event is Mrs. Barbara Smith assisted by Mrs. LuAnn Myszak and Mrs. Lellani Costello, publicity. Fred Grove is in charge of tickets and coffee. He will be assisted by the Usher's Club and Holy Name Society. All proceeds from the dinner will go to the St. Therese bus fund.

Parish appreciation dinner this Sunday

A parish appreciation dinner will be held this Sunday at 6 p.m. in the social hall of the St. Joseph Catholic Church School. The dinner is the first project of the newly organized parish activities committee, of which Charles Coletta is chairman. The dinner is for husbands and wives of the parish.

2 cars stolen, then recovered

Two apparent cases of joy-riding are under investigation by St. Johns police yet this week. A car belonging to Bonnie Chant of 1210 S. US-27 was stolen from behind the Quality Discount House in downtown St. Johns last Friday evening and later was recovered on Ross Street.

Saturday night Sheldon Ney of 504 W. Walker left his car running in the downtown area while he was away from it and somebody drove it off. Ney later found it in a different parking place but found the steering column gear shift housing broken.

TAVERN PATRONS DONATE \$70 TO MARCH OF DIMES CAMPAIGN

Some \$70 in dimes and dollar bills was collected for the March of Dimes in recent weeks by Robert Leonard, owner of Bob's Bar on Clinton Avenue in St. Johns. Leonard (left) turned the money over to March of Dimes campaign Chairman Robert LaFave last Thursday. Patrons contributed the funds during the past several weeks.

Woodman won't seek reelection; 2 announce candidacy for GOP nod

State Rep. Blair G. Woodman of the 87th District announced this week he will not seek reelection to the Michigan House of Representatives, and a field of Republican candidates is already forming in pursuit of the GOP nomination.

Announced candidates for the office so far are Lamont J. Meier, Byron Insurance man, and Charles J. Post of Owosso.

MEIER ANNOUNCED his candidacy Monday. He is a life-long resident of Burns Township in southeastern Shiawassee County and has actively engaged in farming, business and politics. He is presently co-owner of the Meier-Duncanson Insurance Agency.

He has served as Burns Township supervisor for several years and was chairman of the Shiawassee County Board of Supervisors. He and his wife Leona live at Byron.

Post, who lives at 3200 McBride Road, Owosso, has been supervisor of Owosso Township for 11 years and chairman of the finance committee of the board

BLAIR G. WOODMAN

CHARLES J. POST

LAMONT MEIER

for four years. His occupation has been in farming, but all during his adult life he has been active in public, civic and church affairs. He served as treasurer of the Mason School District for nine years.

He was one of the first supporters of a local mental health clinic, and Shiawassee's was the first in the state. Post is active

in the First Methodist Church of Owosso and has served on most of the church boards. He and his

wife Wilma have one daughter, Mrs. Kendrick Spooner of Columbus, Ohio.

Revival services set

Evangelist Eugene Kimmel will conduct a series of revival meetings Feb. 29 - March 3 at the St. Johns Baptist Temple, 400 E. State Street. The meetings will start nightly at 7 p.m. The public is invited. Pastor of the church is Rev. F. M. Mathis.

Education board head resigns

DeWITT — Mrs. Carleton Sellhorn of 14500 N. US-27 was named to fill the vacancy on the DeWitt Board of Education caused by the resignation of Mrs. Virgil Zeeb, president of the board. Mrs. Zeeb resigned Feb. 12. She recently moved out of the district to St. Johns.

A new president will be named by the board at their next meeting.

The board approved a summer school program that is expected to extend from June 18 to July 8.

A committee of the DeWitt Education Association met with a committee of the board before the meeting to begin negotiations for the 1968-69 teachers' contracts.

One of the many hats of Consumers Power COMMUNITY PARTICIPATION

Robert H. Lawlor, Division Manager, Consumers Power Lansing Division

The Consumers Power division manager has a big area to serve. But some of the ways in which he serves it may surprise you. Yes, he manages office operations. Supervises the people who perform their various jobs. Keeps a tight rein on expenses. Troubleshoots in emergencies.

It's an eight-hour day, plus. Plus Community Chest and United Fund; plus YMCA and Chamber of Commerce; hospital advisory board, Navy League, Junior Achievement, service club... plus urban problems and rural problems. Study committees, civic projects, advisory groups — all have a claim on this man's time.

The division manager is on the move, participating in community affairs, representing Consumers Power as a good citizen and neighbor. His example is followed by many other

Consumers Power people, too. Besides working at their jobs, they work in their communities to help make their better places in which to live.

It's all part of the high standards of service that Consumers Power sets for its people. Plus the recognition of an old truth: what's good for the community is good for the businesses in it.

FORMER RESIDENT DIES

Word was received by Mrs Dellmer Stewart of Lansing and Mrs Ada Belle Mead of Bath of the death of their brother, Asa Clare Farnsworth of Puyallup, Wash., Sunday, Feb. 18. Other survivors include his wife, Ida M.; a daughter Mrs Marjorie Overman; granddaughter Mrs Richard Iversen; grandson Jerry Overman and one great-grandson, all of Seattle, Wash.; one nephew; two nieces and cousins.

Mr Farnsworth was born in Bath March 11, 1884. He was retired from his plumbing and heating business in 1943 after which he held the position of Secretary of The Scottish Rites Bodies in Tacoma for nearly 15 years having been coroneted a 33rd Degree Honorary in 1956, the highest award that can be

conferred on a member. The funeral and burial will be held in Puyallup, Wash. The exact date not known at this time.

Miss Mary Black, daughter of Mr and Mrs Bernard Black of Howe Road, Bath, will appear in the MSU Opera Workshop Performing Arts presentation of the Mozart opera, "The Abduction from the Seraglio." The performances are scheduled for Feb. 22, 23 and 24 in the Music Building auditorium on the campus. Mary is a junior at Michigan State, majoring in music and studying voice with Leona Witter who performed in New York for a number of years.

Last spring Mary sang in the university production of Gounod's "Faust" and is currently a member of the University Chorus, which will present Bach's "B Minor Mass" in April.

Mrs Priscilla McGonigal of Sleigh Road and Mrs Ada Belle McGonigal of Watson Road, entertained at the latter's home with a personal wedding shower, honoring Iona Barker of 13320 Allen Street, Bath, She and James E. Wick of 411 Valley Road will be married March 6 at the Valley Farms Baptist Church.

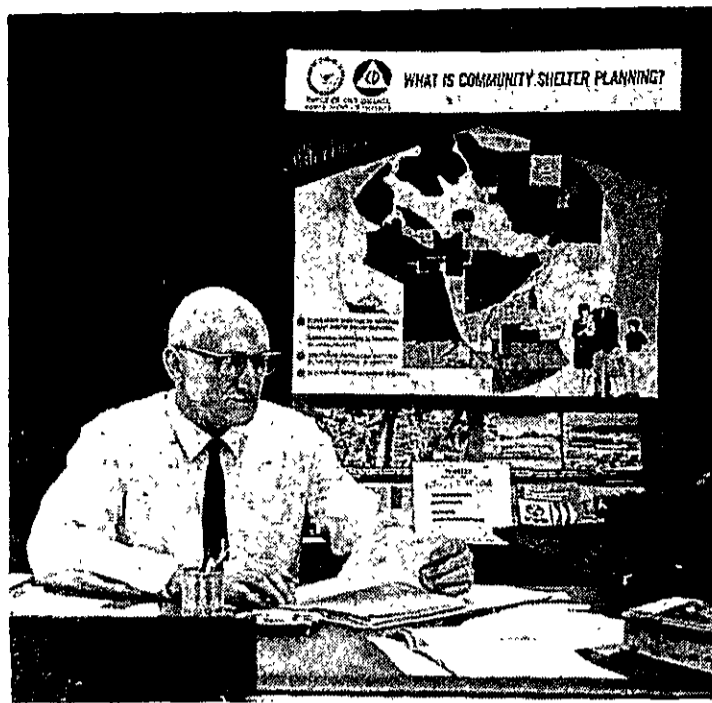

Urges communities look at tornado warning system

It is still a month or so before this part of the country gets into the prime tornado season, but Clinton County Civil Defense Director Charles Frost urged communities this week to examine their tornado warning procedures in case they have to be used this spring.

"Publish the signals, especially if there have been changes," Frost said. He urged the promotion of tornado safety rules in schools and homes and suggested that communities might even develop a tornado spotting cadre to help local fire and police departments with the local conditions.

Frost, still getting set up in his new courthouse east wing office after being reappointed to the civil defense post earlier this month, reported several civil defense courses are in the planning stages here. Included is a shelter manager's course for managing public fallout shelters, and radiological monitor training.

In conjunction with the latter course, Frost said Clinton County's source material (cobalt 60 radioactive material) handling license has been renewed by the U.S. Atomic Energy Commission.

Clinton County civil defense Director Charles Frost works in his new office in the east wing of the courthouse.

Frost for more particulars. A federal surplus property card has been reinstated to the civil defense director, and Frost

said it has been used by the Clinton County Road Commission already to purchase two cold-start kits for about \$400.

P-W actors prepare spring play, 'Rest Assured'; cast picked

By DIANE HUHNS P-W High

The Pwamoo-Westphalia Performing Arts Club (PAC) has announced its new "actors" for the annual spring play, which will be held sometime in April. The play, "Rest Assured," will be directed by Mr Pilmore in the Pwamoo elementary gymnasium.

Tryouts were held on Tuesday, Feb. 13, and there was much competition among them. Various characters will be acted by more than one person. The play actors are Dan Trivier and Don Schrauber as Mr Morlock; Rosemary Smith and Therese Thelen as Mrs Morlock; Joan Kramer as Mary; Jane Kramer as Jessica; Diane Manning as Mildred; Evie Hengesbach as Mrs Frank; Bob Wesley as Joe; Jim Bengel and Martin Simon as Luigi Lanconi; Janice O'Brien as Martha; Larry Fedewa as Lucifer; Marilyn Thelen as Miss Akers; Pat Davarn as George Plew; Laura Weland as Mrs Schmalz; Bill Freund as Dr Brorson; Pat Gel-

ler as Mr Black; and Roger Schneider as Jake.

Beth Hogle was chosen as the student director, Kevin Thelen as the technical director, and Roger Schneider as the director of the Thesplan Orchestra. We want to wish all these students and their directors the best of luck in the school play.

STATE TROOPER Bruce Smith of the East Lansing post gave a very interesting talk on Feb. 12 to the students and teachers about training police dogs. Trooper Smith explained from step to step how a police dog is trained to track down suspects. At the end of his talk, he brought in his dog and showed us how well the dog obeys at his command.

On Feb. 10 some 11 students of the P-W band and their director, Mr Spencer, went to Alma to participate at the solo ensemble. They took part in the second, third, and fourth divisions.

A newly-formed girls' basketball team consisting of 17 girls

has been practicing for their game on Wednesday, Feb. 21, against Portland. The team consists of girls from the sophomore, junior, and senior classes.

The FFA-FHA Valentine's Party was changed, and some other party title will replace its name. The annual heart-throb and sweetheart will still be chosen at the party, which will take place in March.

The Future Teachers Club sponsored a basketball game Feb. 15 which was played by the P-W faculty and WJIM's "live-guys" from Lansing. The game drew many fans, and both teams were really on the ball. The final score was 63-41 in favor of the P-W teachers. The proceeds from this game will be sent to Project Hope in care of the "Good Ship Hope," which is a hospital-ship and travels around various parts of the world to take care of sick people in other countries. The student council has adopted this idea of giving contributions to this cause. Various organizations in the school are asked to participate in special projects for this worthy cause.

NEW THIS YEAR, Frost said, is a civil defense adult education course in personal and family survival, which he described as "an excellent follow-up for the home shelter protection survey conducted by the U.S. Bureau of the Census." No composite picture of the residential shelter potential has been provided the county yet by the bureau, Frost said.

A new set of medical self-help training films is available, on loan, from the Michigan Department of Health. Persons interested in this or the adult course in personal and family survival are asked to contact

PARTNERS IN GROWTH...

During 1963 Michigan farmers harvested and delivered over one million tons of beets to the state's five sugar factories for processing. This crop produced nearly 280,000,000 pounds of pure sparkling sugar for sale exclusively in Michigan during the current marketing year.

In an average year, the beet sugar industry of Michigan will derive from \$25,000,000 to \$30,000,000 from the sugarbeet crop. From this crop Michigan sugarbeet growers will receive approximately \$15,000,000 in company and conditional payments.

These dollars which the sugarbeet growers and processors of this state receive for sugar produced in Michigan affect economic units all around their own horizons and far beyond Michigan's 17 county beet producing area. Remember, every time a sugar beet grows—so does Michigan.

Hold man here for gas station hold-up in 1966

A prime suspect in the September 1966 robbery of the Citgo Service Station on South US-27 in St. Johns is in the Clinton County Jail this week awaiting further circuit court action against him.

Robert L. Phillips, 26, of Wayne, a former Lansing resident, reportedly turned himself in to authorities at Tulsa, Okla., Feb. 11 and was extradited to St. Johns. He waived examination Friday before Assoc. Municipal Judge Robert Wood on a charge of armed robbery.

Monday he stood mute in circuit court and attorney Paul Maples was appointed to represent him in court.

The robbery in September 1966 turned out to be more than that. The attendant, Willis Mygrants, was seriously stabbed by one of two men whom Mygrants described as being mutes. The loot from the holdup amounted to \$80. The second man is still being sought.

Rural-urban fete March 27

The Clinton County Farm Bureau will work alone this year in sponsoring the rural-urban dinner, a regular annual event for the past few years. And the date this year is a lot earlier than on past occasions.

Mrs. Alden Knight, Farm Bureau secretary, said the rural-urban dinner is scheduled for March 27 at Smith Hall. A ham dinner will be served at 7:30 p.m. Sylvan Wittwer, director of the agricultural experiment station at Michigan State University, will be the speaker.

Mrs. Knight said the date for the annual dinner was moved up because of the difficulty many farmers had in getting to attend during the comparatively busy days of mid-May in past years. In the past the rural-urban dinner was a prominent feature of Michigan Week.

4 Lansingites implicated in store burglary

Four Lansing people, including a man and wife, appeared in Clinton County Circuit Court Monday on charges of breaking and entering the Fenning's Drug Store at 4608 N. US-27 in Valley Farms last Monday.

Clinton County sheriff's officers and state police made the arrests last week. Raymond Adams, 23, and William Graham, 19, pled guilty to the charges Monday before Circuit Judge Leo M. Corkin. Graham's wife, Carol, 17, is waiting for an attorney to be appointed for her. Douglas Rhodes, 18, also sought an attorney.

Bond for the quartet was lowered from \$5,000 to \$1,000, and Mrs. Graham was released on bond Monday. The other three are still in the Clinton County Jail.

Adams and Rhodes were stopped in Eaton County by state police where they noted the car contained an assortment of articles linked with the break-in at the drug store. During questioning the two men reportedly implicated Mr. and Mrs. Graham.

DeWitt to sell bonds on March 1

VALLEY FARMS — The Federal Water Pollution Control Agency has extended the bond sale deadline from Feb. 1 to March 1 because DeWitt township officials have had difficulty finding a buyer for the bond which will be used to finance a sewage improvement program.

The bond issue was approved by township voters but efforts to make a public sale of the bonds have failed. It is hoped that a private sale of the bonds can be made before the new deadline.

The bond sale will finance a sewage system for the south half of DeWitt township and will include a sewage treatment plant.

THE TOWNSHIP board also authorized installation of street lights at the Solon and US-27 and US-27 and Stoll intersections.

Joseph Parisi Jr., chairman of the Michigan Township Association, outlined the advantages of a charter township. He also discussed insurance and benefit plans for township employees.

It was also decided to split old election precinct No. 5. The voter registration had reached more than 1,400. Precinct will remain intact, except for DeWitt township sections 22, 23, 24, 25 and 26 and a portion of section 27 which will be designated as precinct No. 3.

The annual meeting of the township will be held March 30.

"Let's talk dry cleaning!"

by Dana Antes

The legend most closely associated with George Washington, whose birthday we honor on Feb. 22nd, is the famous story about the cherry tree, and young George's answer to his father's question... "I cannot tell a lie."

There seems to be a good deal of doubt among historians that this incident ever occurred... but it illustrates one of the qualities we like to attribute to great men - the virtue of honesty. Washington may never have chopped down a cherry tree... but his life did demonstrate the integrity of purpose and the unflinching facing up to the consequences of his actions which the story suggests.

Honesty is a quality we all like to find in our business dealings. And it's impossible to estimate how important this business integrity can be. It may be possible to make short-lived gains dishonestly... but not an enduring success.

We're proud of the reputation dry cleaners have earned in their communities for dependability and integrity. And we're particularly proud of our own reputation for rendering the best possible cleaning service at the fairest price.

Clinton National assets up 15% — climb \$4 million

Resources of Clinton National Bank & Trust Co. increased nearly 15 per cent during the year ended Dec. 30, 1967, according to a report given to stockholders at the bank's annual meeting in St. Johns last week.

John A. Rumbaugh, executive vice president and cashier, said the bank's assets were in excess of \$32 millions—an increase of \$4 millions during the 12-month period.

Clinton National now services the area through 10 offices in nine Clinton County communities—St. Johns, Elsie, Fowler, Maple Rapids, Hubbardston, Eureka, Wacousta, Valley Farms and Bath.

REPORTS ON progress at the five offices opened in 1967 were given to the stockholders by Ink White, vice president of the bank.

The bank's participation in Computer Center, Inc., a new electronic data processing facility near Alma, was explained by Vice President Rumbaugh. The center opened Jan. 1 and is the joint venture of Clinton National and three neighboring banks in Gratiot and Isabella counties.

All incumbent officers and directors of the bank were re-elected. Members of the board are Dorr M. Anderson, William W. Barber, Roy F. Briggs, Robert A. Conn, Dr. Bruno Cook, Vernon Easlick, J.M. Egan, W. S. Lusk, Charles J. Mathews, Rumbaugh, Conrad H. Selm, Roman P. Thelen, Fred H. Tiedt, Lorenz A. Tiedt and White.

Honorary directors include Lee A. De Witt, Clarence D. Ebert, John Kramer, W. M. Luecht, James H. Whittaker Sr and L. W. Wolf.

OFFICERS ARE: W.S. Lusk, president; John A. Rumbaugh, executive vice president and cashier; Roman P. Thelen, vice president; Ink White, vice president and trust officer; Gayle Desprez, C. Lester Jenkins, Paul A. Schueller and Fred H. Tiedt, assistant vice presidents; Arden J. Cook, Dennis Fleigel, Charles J. Haltmann, Stanley R. Loznak and Robert LaFave, assistant cashiers; and Charles B. Huntington, auditor.

Lorenz A. Tiedt is chairman of the board of directors.

For their size, bats are unusually long-lived animals because of the large proportion of their lives spent in hibernation. Some have lived as long as 20 years.

Molly Sapp, 21, of St. Johns (seated on the railing at center) is one of 10 Michigan State University coeds chosen as finalists for the Miss MSU contest Saturday night. The finalists include Elizabeth Howe (left) of Muskegon, Linda Crumb of Birmingham, Nancy Raisen of Detroit, Juliet Simon of Ferndale, Miss Sapp of St. Johns, Kristin Powell of Okemos, Gail Niemeyer of Bloomfield Hills, Marcia Weber of Port Clinton, Ohio, and Nancy Hwass of Short Hills, N.J. PROCEEDINGS
of the
St. Johns Board of Education

The regular meeting of the Board of Education was held on Feb. 7, 1968, in the Office of the Superintendent of Schools. Members Present: Parr, Meyer, Schumaker, Richards, Bast. Others present: B. Stanley Pocus, Stephen Bakita, Walter Nickel, Henry L. Enoch.

The meeting was called to order at 7:30 p.m. with President Parr presiding. Minutes of the regular meeting of January 10 were read and approved. Bills totaling \$429,577.60 were reviewed and approved for payment.

It was moved and supported that a wording change be made in the student regulations. The newly worded regulation to be as follows:

"Although smoking has always been forbidden at school and at all school activities, students will also be forbidden to visibly carry cigarettes on their person into the school. Smoking will also be forbidden in the immediate area of the school grounds. Also, drinking, the use of narcotics and drugs, as well as evidence of having been drinking, or under the influence of narcotics or drugs is also strictly prohibited at school and all school sponsored activities. Violation of the above regulations will place a student in the position of immediate suspension from school for the remainder of the school year." Motion carried.

Boundary changes for the elementary schools which would be necessary with the opening of the school year 1968-69 were discussed. Walter Nickel presented preliminary boundary studies which have been made to date. The study included the geographic locations along with the anticipated enrollments by grades in the various schools.

No further business appearing the meeting was adjourned. Respectfully submitted, **FRED G. MEYER** Secretary

Miss Molly Sapp in running for 'Miss MSU' title

Molly Sapp, daughter of Mr and Mrs Eugene Sapp of 507 W. Park Street, St. Johns, is one of the top 10 contenders for the title of Miss Michigan State University.

Miss Sapp will compete in bathing suit, evening gown and talent categories in the final pageant this Saturday, Feb. 24. The winner will go on to represent MSU in the Miss Michigan contest.

The top 10 finalists were selected from a field of 60 candidates on a cumulative point basis.

HALF OF THE points were based on intelligence, personality and poise the girls demonstrated in a series of interviews with members of MSU student government and men's honorary organizations.

The remaining half of the points were based on talent competition judged by four faculty members representing the departments of speech, theater, music and physical education. Accompanying herself on the

Circus clown at dinner tonight

Joe Hannaford, billed as a circus clown of international reputation, will highlight the father-son banquet at the First Congregational Church tonight (Thursday).

Dinner will be served at 6:30 p.m. in Wilcox Hall. Almond Cressman will be master of ceremonies. Leo Maki will give a toast to the sons, and Jack Guthrie, president of the Youth Fellowship of the church, will give the toast to the fathers.

John Anderson will sing and also lead group singing.

Teen Republicans set meeting dates

The St. Johns Teen-Age Republicans Club will hold regular meetings on the second and fourth Wednesdays of each month after school hours in the Central National Bank meeting room.

There are presently 12 members in the group. All youth age 13 and over are welcome to attend the meetings, according to advisor Mrs Betty Minsky.

The St. Johns TAR group will attend conferences at Saginaw in March and at East Lansing in April to prepare for an active role in the election campaigns of this fall.

Registration for summer driver training starts

Registration for the three summer sessions of driver training at St. Johns High School is now open, according to Albert LeFevre, who heads the program.

LeFevre said students may register for any of the three sessions, which will run from June 10-28, from July 8-26 and from July 29-Aug. 16.

"Obviously everyone will not be able to take driver training at the same time," LeFevre said. "Because of the difficulty of scheduling everyone for the most advantageous sessions, students should know that assignments will be made according to birthdays."

"If, however, you find the session to which you are assigned

is not convenient, we will be happy to drop you to a later session upon proper notice. It will not be possible to move to an earlier session."

The applications blanks are available in the principal's office, LeFevre said, and they must be returned by the March 15 deadline.

Last year 235 students took driver training lessons during the three summer sessions, and LeFevre expects to enroll about the same number again this year. The course involves 30 hours in the classroom and six hours behind the wheel of a car. The cars are provided by local auto dealers.

High school close-up—Epilogue

Construction slow, but 1969 date still planned

Extreme weather conditions this winter have put a crimp in the construction schedule at the new St. Johns High School, but the administration is proceeding with background preparations and officials see no immediate problems to occupying the new building by the fall-1969 target date.

Curriculum studies are in full swing at the high school now, and school administrators are meeting with consultants and architects to prepare bid specifications for equipment for the new structure.

The curriculum study is bringing out a large variety of ideas for course offerings in the new high school, but Principal B. Stanley Pocus points out the final decisions on the curriculum will necessarily be regulated by such practical and basic points as student-teacher ratios per class and money available.

THE NEW HIGH school—located on Slekies Street west of Lansing Street—provides facilities with a much greater potential for course offerings than can be utilized at the present time. The school board approved such a design, however, to provide for long-range growth in size and curriculum.

A curriculum study committee consisting of the principal, superintendent and heads of each department or special area of the school are meeting regularly now, with the aim of updating

course offerings, to do a better job of handling exceptional and "slow" students, and to consider new courses for the 1969-70 school year in the new building.

Pocus pointed out that the new high school will not only allow for introduction of new courses but will make available such things as large-group instruction (made possible by folding partitions between some classrooms), more individual instruction, seminar groups in project areas, and more student research because of an improved library set-up.

More responsibility will fall on the department heads because of the new teaching methods available, Pocus acknowledged.

The curriculum study for the first year in the new school should be finalized by next fall. Next year's curriculum has already been determined, and students are being enrolled for classes next year. Many of the courses are designed for a smooth transition to the new high school facilities.

POCUS SAID THE teacher staff size should not be any larger because of the new high school and new course potentials it offers, and in fact will probably be smaller because there are only the three upper grades involved. He anticipates some difficulty, however, in the fact that some teachers may be required to go back and forth

between the new high school and Rodney B. Wilson Junior High; this problem exists now, to a degree, particularly in the music areas.

While there may be many new course offerings available as a result of the new high school, certain other classes now offered may become obsolete and can be deleted, Administrative Asst. Steve Bakita pointed out.

At the same time planning the class program for the new high school is going on, plans are also being formulated for the equipment that will make the programs workable.

School officials are handling the development of specifications for furniture and equipment in most of the rooms, and they expect to have the specs ready for bidding by late spring or early summer.

"OUR BIG CONCERN is that as time goes on the prices are going up in reflecting a general increase," Pocus said. This was planned for by architect Guido Binda and Associates of Battle Creek, and Pocus said he expects the total cost of equipment to fall within the budgeted \$450,000.

Some of the equipment has already been ordered, and other pieces of equipment (such as the electronic Steno-Craft laboratory capable of giving four different shorthand lessons at once to students in the room through tape recordings piped to the different desks) are already being utilized in the present high school. They'll be shifted to the new school when it is available.

The school board may act next week on bids for high school kitchen equipment and lockers. Officials met with Mrs. Irene Mead, in charge of the school kitchen at Ovid-Elsie High School, last week, to get her recommendations, and they will get similar help from others in the field.

Bakita said the board has discussed the possibility of frozen dinners for the cafeterias at the high school and junior high, but studies made by schools in Flint and Detroit and by the State Department of Education point to such a program as being too expensive at this time.

ANOTHER FACTOR the board is considering in sticking with

the conventional hot lunch program is that federal surplus foods are becoming more readily available, and this trend is expected to improve in the future.

High school students (grades 10, 11 and 12) in the new high school will have staggered "lunch hours" of about 30 minutes, Pocus said there will be two or perhaps three necessary to feed all the students. No students will be allowed off the high school premises during the lunch hours, and those not eating will be in class while the others are eating.

Students will not be required to buy a hot lunch; sack lunches from home will be permissible. Administrative Asst. Bakita said the construction of the high school is somewhat behind

Unconventional shapes of schools proving popular, practical, too

The unconventional shape of the new St. Johns High School has raised a lot of eyebrows since it was first introduced by Battle Creek architect Guido Binda a couple of years ago.

Many doubters at the start now seemingly approve the general design, but many residents of the school district still remain a little skeptical about its practicality.

School officials are aware of this concern, Principal B. Stanley Pocus acknowledged last week, but he said growing use of unconventional designs around

the country are proving such designs to be not only practical but in a lot of cases cheaper to build and maintain.

SCHOOLS AREN'T ALL the traditional "egg crate" pattern anymore, he said. An elementary school in Greeley, Colo., consists of four big circular classrooms that can be partitioned into wedge-shaped classrooms. Alcoa, Tenn., has a hexagonal high school in which diamond-shaped, double-sized rooms can be divided by folding walls.

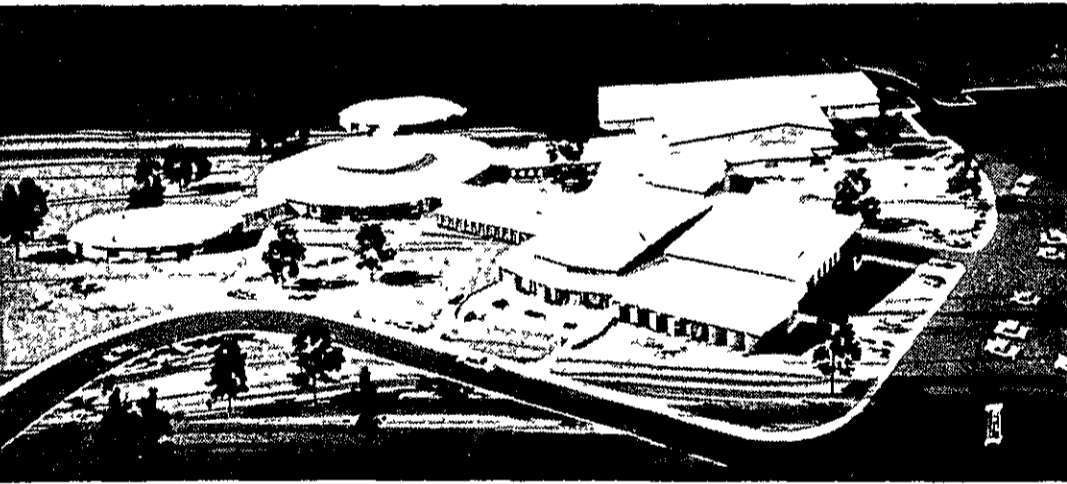

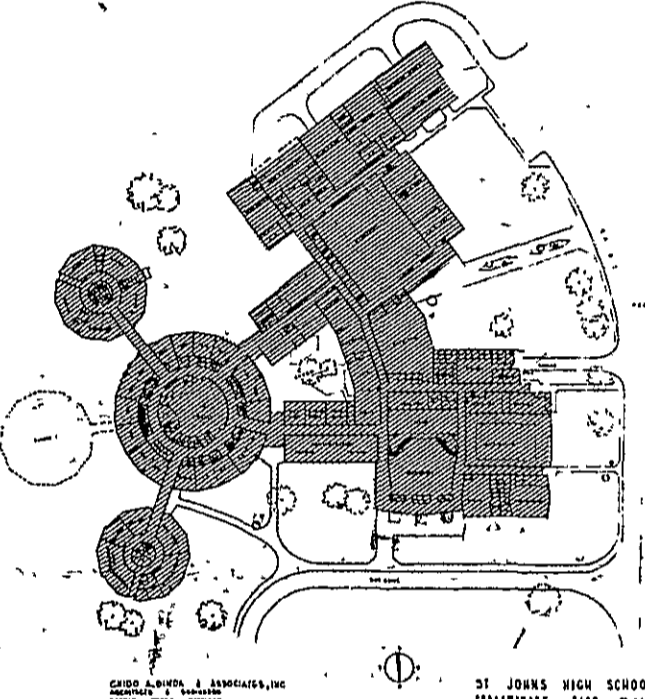

As the Wall Street Journal of last Tuesday pointed out, it's anybody's guess how many of the estimated 2,100 elementary and secondary schools built last year in the U.S. incorporated such odd shapes in their designs. In California alone, however, 50 of the 250 schools built in 1967 boast such features as movable walls and double-duty auditoriums.

Architects and school officials say the new style schools are no more expensive than conventional ones. "There's no evidence that a premium has to be

paid to get the new designs," the newspaper quoted Harold G. Gores, president of Educational Facilities Laboratories, an arm of the Ford Foundation.

SOMETIMES IT EVEN costs less to build an odd-shaped school. The cost of Valley Winds Elementary School in St. Louis, Mo., complete with carpeting, ran just over \$1,000 a pupil in 1964, well below the \$1,400-a-pupil average cost of school construction at that time in four other Midwest states.

The unique design of the new St. Johns High School encompasses conventional architecture and some modern ideas, too. Architect is Guido Binda and Associates of Battle Creek.

Day Care Center is 2 years old

First Valentine party:

Who is this from Mrs Spencer?

Snack time at the center.

Jack and Jill Nursery Association Day Care Center has been in operation in St. Johns for over two years now.

Since opening Jan. 10, 1966, enrollment has been expanded and changes have been made. The center began as a co-operative venture, that is with the mothers of the children enrolled taking their turns helping the teacher's helper, several sessions each term. Now a full time assistant helps at every class period. Jack and Jill operated as a cooperative until September of 1966.

When the center opened two sessions a week were set aside for three-year-olds and two sessions a week for four-year-olds. There are no three-year-olds going to Jack and Jill this year. It was decided that they were just a little too young.

THERE ARE NOW three different sessions held instead of the original two. The three groups each meet twice a week for two hours. One meets Tuesday and Thursday mornings from 9 to 11, another Monday and Wednesday mornings and the third group, which was added, meets Monday and Wednesday afternoons from 1 to 3. The third session will be continued this coming year if there is a need.

Presently the children at the center are from the St. Johns area but Mrs Raymond Ebert, chairman of Jack and Jill Association, said any child from the surrounding area may attend.

SINCE OPENING two years ago it is estimated that about 75 children have attended.

The center still meets in the First Methodist Church of St. Johns. They have the room free of charge but have added many heavy wooden toys, books and records and a full model kitchen to improve the room.

THE CHILDREN attending the center get a head start on their school. Last week, for example, Valentine parties were held.

Although the children cannot read or write very well, they were quite excited about the Valentines they received.

One little girl thought that Valentine's Day was very much like "trick or treat." Some of the cards had candy attached and they carried their cards home in special sacks so it really wasn't unlike trick or treat.

THE SAME TWO teachers are still working with the children at the center, Mrs Robert LaBrie and Mrs James Stiffler. Mrs Robert Spencer is their helper.

Officers of the association are Mrs Raymond Ebert, chairman; Mrs Roger Freeman, vice-chairman; Mrs Douglas Japjaga, secretary and Mrs William Chalmers, treasurer. The present chairman served as the first treasurer of the group.

Attending the Monday and Wednesday afternoon classes are Scott Bancroft, son of Mr and Mrs James Bancroft; Gretchen Banning, daughter of Rev and Mrs Hugh Banning; Mariena DeLong, daughter of Mr and Mrs Ivan DeLong; Leslie Fongers, daughter of Mr and Mrs Marvin Fongers; Mark Goye, son of Mr and Mrs Ralph Goye; Danny Halfman, son of Mr and Mrs Art Halfman; Eddy Hallenbeck, son of Mr and Mrs Joseph Hallenbeck; Craig Hardman, son of Mr and Mrs Dale Hardman; Teresa Murray, daughter of Mrs Mary Murray; Kevin O'Connor, son of Mr and Mrs Michael O'Connor; Kendra Paski, daughter of Mr and Mrs Robert Paski; Danny Plowman, son of Mr and Mrs Larry Plowman; Jane Rehmman, daughter of Mr and Mrs John Rehmman; Andy Spencer, son of Mr and Mrs Bob Spencer and

More easy care wool on sale

By LORRAINE SPRAGUE Extension Home Economist

Did you know we are seeing a considerable amount of washable wool treated to resist shrinking, felting and fading? The next time you are looking for woolen materials take time to carefully read all the labels. Look for the word "Wurlan" to indicate this particular triple treatment.

The Wurlan process was developed by scientists in the United States Department of Agriculture. It is being used by many manufacturers of both woolen yard goods and ready-to-wear with considerable acceptability by consumers. It is advisable to read the label carefully and follow the washing directions for best results. Each manufacturer prescribes the washing and drying methods that have been pre-tested and found satisfactory for their particular type of manufacturing process.

INSTRUCTIONS usually recommend warm water and a short wash cycle with a mild soap or detergent. Some washable wools dry nicely in a dryer and some do not. It is best to follow the manufacturers instructions regarding this.

Check for hang tags or labels on garments and on the end of the bolt for yard goods to know which washing directions are recommended. By law, their tags or labels should remain on the garment or bolt for the consumer. If they are missing it is always recommended that the store buyer or manager be consulted to be sure you receive correct care instructions.

Wool, once a dry-clean-only fabric has joined the modern trend of wash-at-home materials. It's worth taking the time and effort to check and see if the purchase you are contemplating just might bear a Wurlan label. It means resistance to shrinking, to felting and to fading.

The tiny sea horse is an unusual fish. It has a coltlike head, an insect's shell-like body and the pouch of a kangaroo. In his pouch, the male fertilizes and develops the female's eggs and "gives birth" to young once in 10 days.

Hard water is bothersome, costly

By HELEN B. MEACH Extension Home Economist

Hard water in the family wash can bring many headaches to homemakers. Lime soap scum builds up in the hard water family wash, causing fibers to weaken, grey and stiffen with repeated washings.

The cost of soap is considerably higher when hard water is used. Detergent quantity must also be increased to insure the homemaker's desired "white and bright" wash.

HARD water clouds and films china and glassware. Hair frequently becomes dull and brittle. The annoying bath tub ring is ever present.

Lime and other mineral deposits build up and block hot-water pipes. Lime scale can reduce heating ability of elements in water heaters, making costly replacements necessary. Hard water can shorten the life expectancy of dishwashers and washing machines.

The question before the house is then, "when is water 'soft' or 'hard'?" Water may be considered "soft" when it contains less than three grains of dissolved calcium and magnesium salts in a gallon of water, "hard" when it contains more than this. You can consult your county sanitary engineer, cities' water treatment plant, or local water conditioning dealer to get help in finding out the hardness of your family water supply.

If water is hard, packaged water softening chemicals can be effective helps to eliminate soap scum on fabrics and washer parts and reduce the amount of soap needed. (When water contains much over 10 to 15 grains hardness, it may be more practical to consider installing

a home water softening appliance.)

THERE ARE TWO kinds of packaged water softeners used in laundering today:

Precipitating softeners are chemicals which, when added to the water, cause the minerals to settle out as milky white solids. This "precipitate" clings to fibers, just as soap scum does. Non-precipitating conditioners do not form precipitates; that is, when added to the water, they keep the hardness minerals in solution and the water remains clear.

THE AMOUNT TO use depends on water hardness and water capacity of your washer. For example, with water hardness of five grains, a top loading washer with 15 gallons water capacity required about 1/3 cup non-precipitating water conditioner. With 10 grains, the same machine requires about 2/3 cup. Consult the guide on the box of the softener for recommended amounts.

Use water conditioner in both wash and first deep rinse if washing with soap and water is more than five grains hard (about average hardness in urban home water supplies). Softener already in synthetic detergents can take care of this amount of hardness. If washing with synthetic detergent in very hard water (over 20 grains), you may increase the amount of detergent and use a water conditioner at least in the rinse water, or use water conditioner in both wash and first rinse waters.

For additional information on detergents, bleaches, fabric softeners and disinfectants contact the Extension Service Office in your county. Request Extension Bulletin on Textile Care, Number E-400.

If you start saving \$5 a week at a 5 per cent interest when you're 30, by the time you reach 65 you will have accrued \$24, 085.71.

Bath honors students

By MARILYN SIDEL
Bath High School

Feb. 8 was the day for the announcing of the valedictorian and salutatorian honors. Roger Carlson, superintendent of Bath School, made the announcement. Tammy Cowdry was named as the valedictorian as she has maintained a 3.908 grade point average throughout high school. Doug Brook was announced as the salutatorian; he has maintained a 3.674 average.

Some new Honor Society members were also announced Feb. 8. Mark Ankey, the honor society and student council president, said the new members are Martha Brainerd, Rita Mitchell, Pat Munson, Mark Ondrias, Mike Walker and Marsha Brainerd. An additional four honor society members will be announced at the end of the year.

sors two boys and one girl. This year she will sponsor Bobbie Herguth, Mike Walk and Mark Ondrias. Their alternates are Kathy Smith, Roger Jensen and Bill Goff, respectively.

THE PARENT Teachers Assn. also sponsors a girl. This year she will be Rita Mitchell, with Dorothy Burchell as alternate. This year another organization, Oldsmobile is sponsoring a boy—Pat Munson—to Boys State.

The boys will spend a week during the summer at Michigan State University and the girls will go to the University of Michigan in Ann Arbor. At the same assembly, the seniors who have maintained a "B" average for seven semesters were announced. They were Mark Ankey, Joey Barnes, Rosemary Heiden, Carol LeClear, Linda Richey, Eldona Vermillion, Elaine Wallz, Ken Black, Doug Brook, Tammy Cowdry, Don Rasmussen and Dan Winkel.

Some classes at Bath have been busy lately. Recently the home economics classes, the agricultural classes and the business classes attended the Farmer's Week at MSU, seeing different features that were offered in their fields.

MRS TCHETTER'S home economics classes had a wide choice including lectures which dealt with home economics in business, industry and education. Mr. Vondrasek's agriculture classes had a wide variety to choose from as did Mrs. Wood's business classes.

Mr. Ron Skorch took his India and Japan classes to the Michigan State Library recently to acquire books for the research papers he has assigned. Mr. Mel Comeau took his chemistry classes to the Dow Chemical Co. plant Friday, Feb. 2. For St. Valentine's Day the freshmen class held a dance the following (last) Saturday evening, Feb. 17, with a theme of "Hearts and Flowers."

O-E debaters, musicians compete at district level

By CATHY ROBINSON
Ovid-Elsie High

The Ovid-Elsie debate team traveled to Central Michigan University Tuesday, Jan. 13, to compete in the semi-finals at the state level. Debaters participating were affirmatives Shari Lemke and Bob Craig and negatives Pam Darling and Rick Warren. The team is coached by Richard Gelger.

In the first round O-E's affirmative team debated against the negative team from Clare. The result of that debate was Ovid-Elsie 38, Clare 40. In the second round Ovid-Elsie's negative team lost to Ionia.

The topic picked for this year's debates is "Resolved: That Congress should establish uniform regulations to control criminal

Investigation procedures." This topic was picked by the National University Extension Assn. Advisory Committee of heads of the various debate leagues.

Also participating in district competition is the music department. On Feb. 10 some 18 senior high students traveled to Alma for the district solo and ensemble festival. Ovid-Elsie entered 11 events of which seven received first division ratings, three received second division ratings and one received a third division rating. Ratings are awarded with a first or I as the highest rating and fifth or V as the lowest rating.

Ensemble events will include: Nancy Shinaberry and Kris Taft, a piano duo; Dave Depond, Bob Justice, and Dave Schwark, cornet trio; and Dane Flegel, Fran Fowler and Keith Keck in a trombone trio.

Events which receive a I rating at the district festivals are now eligible to enter the state solo and ensemble festival at Muskegon March 23. Entering for Ovid-Elsie are Juva Lea Wilkins, clarinet proficiency one; Bill Csapos, percussion proficiency one; and Juva Lea Wilkins, piano proficiency two.

Ronald Schomisch III, 2-year-old son of Mr and Mrs Ronald Schomisch Jr. of R-4, St. Johns, is the fourth generation of the Schomisch family to have his hair cut by the same barber, Henry Lefert of Fowler.

Like he would only get to use the clippers on three generations of the family. But one of the barbers in the shop located in the Steel Hotel went on vacation and Lefert was asked to fill in.

So it was Saturday, Feb. 10, young Ronald got his hair cut by the same man who has cut the hair of his father, grandfather and great-grandfather.

Twenty-one Fulton students are going to attend the Central "5" All-Star Band meeting. They are: Jane Troub, Myra Pihl, Rosemary Smith, Doug Wright, Gary Gallagher, Randy VanSickle, Jeff Gray, Scot Richards, Tom Proko, David Ritenburg, Robert Baxter, Cathy Halsted, Ann Wood, Margie Troub, Mary Pihl, Luanne Dodge, Jemery VanSickle, Cindy Helms, Dennis Skriba, Barbara Zimmerman, and Susan Wood.

Students at Fulton have started their magazine sales now. Every other day the high salesman will receive a prize and for two subscriptions to "Life" a student will receive our magazine mascot, "Maggie Zene."

Feb. 13 Miss Delores Cooley from the Delta Beauty College of Alma gave a hair grooming assembly for the FHA. Miss Cooley used Dorinda Penk, a student at F.H.S., and the beauty college, as her guinea pig. She demonstrated how to backcomb the hair into a desirable hair style.

Fowler takes over their share of all-sports trophy

Fowler High

At the pep meeting Friday afternoon, Coaches Trierweiler and Douglas along with the 1966-67 basketball, football, baseball, and track teams were represented with the "All Sports Trophy" which was shared with Bath during the first part of the year. Good work, Eagles!

On Tuesday, Feb. 13, members of the senior class went to MSU to watch the play "Animal Farm." Also, on Wednesday a representative from the Inter-Collegiate Press came to talk to the seniors about ordering their graduation invitations and name cards. Their orders are to be turned in by Friday.

The sophomore girls in home ec have been studying the rules and procedures of entertaining and how to be a perfect hostess. To demonstrate, the girls put on a little party for the teachers during last hour on Valentine Day.

The League Student-Council met on Feb. 7 at Pottersville High School. The representatives from Fowler were President Joe Koentigsnecht, Secretary Marilyn Weber, and junior representative Allen Pohl. The council voted to have the league

basketball dance at Fowler High School on April 5, 1968. League Exchange Day and a computer dance were also decided upon.

The district solo and ensemble festival was held at Alma High School on Feb. 10. Representatives from Fowler were: Ronnie Becker, french horn; Judy Benjamin, alto sax, and piano; Lois Miller, french horn; Janice Pohl, cornet, Jill Graff, flute; Bob Wesner, clarinet; and Dave Boak, trombone.

Vonnie and Judy both received a I rating. Janice, Dave, and Bob received a II rating, and Jill received a III. Vonnie and Judy will now go to the state competition.

14 seniors give \$50 for heart monitoring unit

A \$50 contribution towards the purchase of heart monitoring equipment at Clinton Memorial Hospital in St. Johns has been received from a group of 14 St. Johns High School seniors.

The young people earned the money through their work on a Santa Claus float which won first prize in the Christmas parade in St. Johns late last year.

Presentation of the gift was made to the hospital's board of directors at their February meeting last week. Mark Ott served as spokesman for the group and presented the \$50 check to Ink White, hospital board chairman.

The 14 young people making the contribution were Janean Geller, Dottie Jenkins, Tomkehr, Brent Law, Lyn LeBlond, Janet Leonard, Andre Lewis, Trudy Lietzke, Sandy McQueen, George Mehney, Mark Ott, Jerry Rossow, Linda Spousta and Debbie Strouse.

THE HEART monitoring unit for the hospital has been delivered but is still in packing cases awaiting the completion of remodeling construction in the hospital, according to Mrs. Fraser MacKinnon, president of the Clinton Memorial Hospital Auxiliary. The auxiliary is purchasing the piece of equipment.

She said it will be another month or more, probably, before the heart monitor can be installed, tested and made ready for use by the hospital staff.

Meanwhile, the hospital auxiliary has raised about \$7,000

toward the total \$8,400 cost of the heart monitor unit. The auxiliary is considering a downtown tag day, when weather improves, to raise more money. The auxiliary will hold its annual membership drive from mid-April to mid-May, and \$1 membership dues will be applied to the heart unit's cost.

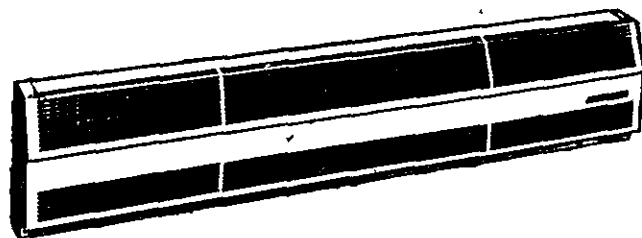

OTHER MEANS OF raising money have been, and will continue to be, a rummage sale (planned for April 26-27), TV rentals at the hospital and a hospital gift cart. Money given as memorials is also applied toward the heart unit.

The heart monitoring device will be used on the second floor of the hospital, Mrs. MacKinnon said.

Scholarship test scheduled on Saturday

Rodney B. Wilson High School students who expect to complete their secondary school requirements and to enter college in 1969 can register now to participate in the 1968-69 National Merit Scholarship Program, Principal B. Stanley Pocus announced today.

The first step for all students who wish to enter the nationwide competition is to take the National Merit Scholarship Qualifying Test (NMQST). The test will be given in the school at 9 a.m. this Saturday, Feb. 24. Participating students pay a \$1 fee.

When his NMQST scores are reported, each participating student will receive a handbook to help him evaluate his scores, compare his performance with that of other high school students across the country, and give him information on choosing a college and financing his education. The handbook and other interpretive materials are furnished as a part of the test results.

The highest-scoring students in each state will be named semi-finalists and will be eligible for Merit Scholarship consideration. In addition to the National Merit Scholarships, financed by the NMSC, more than 350 business corporations, foundations, colleges, professional associations, unions, trusts, other organizations, and individuals offer scholarships through the Merit program.

schedule at the present time, and this is because of the extremes in weather conditions this winter. The fall 1969 opening should provide plenty of leeway to make up for lost time, however, Bakita said, and the school board plans to have all equipment moved and the present high school renovated for junior high use by the fall of 1969.

In the event the high school is finished during the 1968-69 school year, it probably will not be moved into because of tactical problems concerning the move. Bakita pointed out that the physical moving of students, books and even desks from the old to the new building wouldn't be much of a problem, but there would be troubles in scheduling classes and teachers between the two buildings, since the ninth grade will remain in the old building.

Shapes ...

Continued from Page 3-B

Exterior walls are a major expense in any building, the Journal points out, and a large chunk of Valley Winds' saving reflects the fact that it takes about 25 per cent less outside wall to enclose a circle than a rectangle embracing the same area. Another major saving resulted from the absence of long corridors, which take up about 20 per cent of the floor space in a conventional school building.

But cutting costs isn't the primary aim of the new look in schools, the newspaper article points out. The objective is to make them more functional—"to get the building out of the way of education," as John Shaver, a Salina, Kan., architect puts it.

THE SHAPE OF educational facilities at St. Johns High utilizes both traditional and new building designs. The three circular clusters of classrooms to the east side of the building are what's different. Inside those clusters there are also new techniques employed—special project areas adjacent to the regular classrooms, folding walls between classrooms to provide for large-group instruction and team teaching, individual study carrels, and a circular library.

Throughout the conventional and unconventional areas, the new high school provides more room for study, less clutter in the classroom and more storage space for equipment, supplies and student projects.

The facilities are, in almost every case and point, an improvement over the present situation, department heads have said.

The high school core areas—library, cafeteria, gym, auditorium—are designed for 1,400 students, far beyond the number which will occupy the school in the fall of 1969. This, school officials say, provides leeway for many years of expected growth, and when the time comes the design of the present building will lend itself easily to more classroom additions.

World population will grow at the rate of 2.1 per cent yearly until 1975 and 2.6 per cent yearly from 1975 to 2000, according to estimates from the United Nations.

Vast Public Domain

The vast national park system of the United States contains 27.5 million acres and stretches from majestic Mt. McKinley in Alaska to the beaches of the Virgin Islands in the Caribbean, and from Hawaii's fiery volcanoes to the rocky coast of Maine.

Term's Origin

The term, "stuck up," to denote someone who believes himself to be very important, was obtained from the peacock, who sticks up his colorful tail to emphasize his importance.

Precious Gift

THE CHURCH FOR ALL FOR THE CHURCH
 The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

She's a lucky little girl. Though she's only five years old, she knows how to pray. It is perfectly natural for her to kneel by her mother's side at bedtime and "talk to God."

She has a head start over children who have never experienced this kind of communion. For there are many youngsters throughout our land who have never learned to pray, simply because no one has ever taught them. For that matter, she's ahead of a good many grown-ups, too!

No one, of course, is ever too old to learn how to pray. But those who learn young are fortunate, for constant prayer builds a faith that will sustain them all their lives. Give your child the gift of prayer by taking him to church, by enrolling him in church school, and by listening to his prayers at home, each and every night.

Annual Tax Sale

STATE OF MICHIGAN, In the Circuit Court for the County of Clinton

In the Matter of the Complaint of Allison Green, State Treasurer of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the complaint of the State Treasurer of the State of Michigan praying for a judgment in favor of the State of Michigan, against each parcel of land therein specified, claimed to be due for taxes, interest and charges on such parcels of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is Ordered that said Complaint will be brought to hearing on the 10th day of March A.D. 1968, at the opening of the Court on that day, and that all persons interested in such lands or any part thereof desiring to contest the lien claimed thereon by the State of Michigan, and to object to the sale of such lands, or to object to the amount of the taxes, interest and charges, or to any part thereof, shall appear in said Court, and file with the State Treasurer a written objection thereto on or before the first day of the term of this Court above mentioned, and that if no such objection is filed, the same will be taken as confessed and a judgment will be taken in pursuance of said judgment, which a judgment of sale shall be made, to be sold for the several taxes, interest and charges as determined by such judgment, on the first Tuesday in May thereafter, beginning at 10 o'clock a.m. on that day, or on the day or days subsequent thereto as may be necessary to complete the sale of such lands, and to be held at the office of the County Treasurer, or at such other place as may be designated by him at the county seat of the County of Clinton, State of Michigan; and that all persons interested in such lands be a public sale and each parcel described in the judgment shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and the conveyance of the smallest undivided fee simple interest therein; or if no person will purchase such parcel, the same shall be sold for the full amount of land cannot be sold for taxes, interest and charges, such parcel shall be passed, sold, and the proceeds thereof, and shall, on the succeeding day, or before the close of the sale, be referred, and if no such proceeds are received during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall retain the same in the name of the State.

Witness the Honorable Leo W. Corbin, Circuit Judge, and the seal of said Circuit Court, this 15th day of January A.D. 1968.

STATE OF MICHIGAN, In the Circuit Court for the County of Clinton

In the Matter of the Complaint of Allison Green, State Treasurer of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Clinton: Allison Green, State Treasurer of the State of Michigan, respectfully shows unto the Court as follows:

1. That he is the State Treasurer of the State of Michigan and makes and files this Complaint under, by virtue of and in pursuance of the provisions of Act No. 206 of the Public Acts of 1953, as amended, Act No. 126 of the Public Acts of 1954, as amended, and Act No. 380 of P.A. 1965 as amended.

2. That Schedule A annexed hereto is the tax record required by the act first above recited, and that the description of all lands in said County heretofore bid off in the name of the State and thus returned to the County, which were assessed subsequent to the taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned to the County, and which are delinquent for any installment of taxes under the provisions of Act No. 126, P.A. 1953, as amended.

3. That extended separately in said schedule against each parcel of land therein contained are (a) the total amount of delinquent taxes upon each parcel of land, (b) the amount of interest and charges thereon as provided by law to the first day of May next ensuing, (c) a collection fee of four per cent and \$3.00 for expenses, all in accordance with the provisions of the act first above recited.

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid and have remained unpaid and that the State is authorized to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they were assessed and that such sale be extended in said schedule at the next annual tax sale for the non-payment thereof, and that the interest, interest, collection fee and expenses so extended in said schedule against each parcel of land described in said schedule shall constitute a valid lien upon each of the said several parcels of land described in said schedule as therein against which extended in favor of the people of the State of Michigan, the payment of such taxes, interest and charges may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your plaintiff prays: a. That within the time provided by law this court may determine and adjudge that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended;

b. That within the time provided by law this court make a final judgment in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest and charges, as computed and extended in said schedule against the several parcels of land therein contained;

c. That said judgment provide that in default of the payment so ordered of the said several sums computed and extended in said schedule against each parcel of land, or any part thereof, or any interest therein as may be necessary to satisfy the amount adjudged against the same, shall severally be sold as the law provides;

d. That your plaintiff may have such other and further relief as to this court may seem just and equitable.

And your plaintiff will ever pray, etc.

Dated: January 18, 1968 ALLISON GREEN, State Treasurer of the State of Michigan, for and in behalf of said State.

Keep an eye on stored grain during winter era

Many farmers put 3 to 15 thousand dollars worth of grain in storage in the fall, and then seldom or never look at it during the winter months, says F. Earl Haas, Clinton County Extension agricultural agent.

The result can be costly reductions from \$1 per bushel market prices to 50 and 60 cents per bushel feed prices in a matter of

two or three weeks, under severe conditions.

Haas lists the following warning signals to look for:

-Crusting in top grain layers.
-Condensation, frost or ice on crib walls or roof.

-Darkened grain or surface spots.

-Odors of mold growth, heating or sourness.

EVIDENCE OF THESE conditions indicates insufficient aeration in the storage, the county agent warns. Sufficient aeration is being maintained when air flow ranges from 1/40 to 1/10 cubic feet per minute per bushel.

Proper airflow is possible with several systems. Before the grain is put into the bins, floor or vertical ducts can be placed in the bins and small fans will supply necessary air movement.

Once the grain is in storage, an auger-type tube unit can be put into the grain from the top or side for aeration. After literally "drilling" its way into the grain, the unit draws air from the side of the tube.

Or, if grain quality is threatened, grain can be moved from one bin to another or from the bottom to the top of the bin by mechanical equipment, Haas points out.

THE COUNTY AGENT stressed the importance of checking grain storages regularly.

"Too many farmers turn off the drying system and don't bother to check the grain again," Haas contends. "This could prove extremely disastrous this year when moisture content was particularly high."

The man who works with the good earth controls the future of the human race.

Schedule 'Bean Day' discussion

A one-day short course on the production, harvesting and marketing of dry edible beans is scheduled to be held in Saginaw next month.

"Saginaw Valley Bean Day" will be held on Thursday, March 21, in the city auditorium, Saginaw, sponsored jointly by the Cooperative Extension Services in the bean growing counties, the Michigan Bean Shippers Assn., Michigan Bean Commission and Michigan Bean Producers Assn.

The program will start at 9:30 a.m. with the morning session devoted to the latest information on production and harvesting practices. The afternoon session will concentrate on marketing and utilization.

Most farmers must pay self-employment tax, too

Most Michigan farmers must pay federal self-employment tax for 1967, A.M. Stoepker, district director of the Internal Revenue Service advised today.

The rate of self-employment tax is 6.4 per cent, or a maximum of \$422.40, and is in addition to income tax.

By law, a self-employed person is one who operates his own business or farm. A farm employer is considered to be self-employed if he employs others to operator or work the farm even though he does not live on it himself.

Generally, income attributable to rent from real estate and from personal property leased with the real estate is not taken into account to determine net earnings from self-employment. However, such income is considered as self-employment income if a landlord, because of the rental arrangement, participates materially in the production or management of the farm.

"FARM" AS USED in the federal tax law, relating to social security and self-employment taxes, includes stock, dairy, poultry, fish, fruit, fur-bearing animals, and truck farms, and also plantations, ranches, nurseries, ranges, greenhouses or similar structures, and orchards.

"Farmer's Tax Guide," IRS Publication No. 225, furnishes more detailed information on this subject. It is available without charge upon request from county agent, or from the IRS district director by dropping him a postcard.

Our word zero comes from the Arabic term sifr, meaning cipher, which in turn is a translation of the Hindu word sunya, meaning void or empty.

Area Holstein has lactation credits

Green Meadow Venus Favorit 5701048, a four-year-old registered Holstein cow owned by Duane and Volmar Green, of Green Meadow Farms, Elsie, has produced a noteworthy record of 18,060 pounds of milk and 679 pounds of butterfat in 365 days.

Michigan State University supervised the production, weighing and testing operations in cooperation with the official breed improvement programs of the Holstein-Friesian Association of America.

This level of production may be compared to the average U.S. dairy cow's estimated annual output of 8,513 pounds of milk containing 315 pounds of butterfat.

Soil erosion not just rural problem, SCD'S Moore notes

By JIM THOMPSON
Geologist, River Basin
And Watershed Planning Staff
Soil Conservation Service

Clean, blue, running water is a delightful sight. Muddy water is a sign of trouble. Mud is sediment, and sediment is caused by erosion.

"The problems start when land is left exposed to heavy rains," says Robert Moore, chairman of the board of directors of the Clinton County Soil Conservation District. "It is as simple as that."

"Sediment problems don't all start on farmland," said Moore. "Disturbed soil in new housing

developments, construction of roads or other projects, and land development for industry all contribute huge amounts of mud to our streams, too. Anywhere the land is left bare and heavy rains come, the mud begins to move."

THERE IS MORE than just mud in sediment. There is a loss of money in many ways, according to the director. Valuable topsoil goes downstream, lost forever to food and feed crops and to beautiful lawns or shrubs. It kills fish and wildlife along the way. When it floods, it covers valuable land with overwash. It fills up reservoirs, replacing water storage for homes

and industries. Further downstream, it has to be dredged from harbors and channels at high cost.

"Land cover is the key," said Moore. "Grass or other cover on the land reduces runoff and keeps the soil in place. Trees are nature's best cover, but the stand must be dense enough to break the fall of raindrops and tie down the soil. Grassed waterways, conservation crop rotations, improved pastures, and permanent cover on erodible soils are helping protect agricultural land."

Last year landowners cooperating with the soil conservation district converted 18 acres of cropland to grass, and another 28 acres to trees, reports Lloyd B. Campbell, Soil Conservation Service work unit conservationist assisting the district. There were two acres of grassed waterways seeded, 2,700 acres of conservation rotations established, and 210 acres of pasture improvement.

SCS TECHNICAL help is also made available by the district to individuals and groups, both rural and urban, who need consultative services on erosion problems.

"Progress in keeping the streams clean and the harbors clear must begin on the land where the rain falls, and it rains on farms and cities alike," added the director.

ASC PROGRAM

1968 soybean price support stays at \$2.50 per bushel

W. M. SMITH
County ASC Manager

The 1968 crop soybeans will be supported at a national average of \$2.50 per bushel, the U.S. Department of Agriculture has announced. This continues support at the increased price set beginning with the 1966 crop, thus assuring stability of prices for the 1968 crop at competitive levels for both domestic and export trade.

I want to remind growers that they may receive price support

on 1968-crop soybeans through farm and warehouse storage loans, and approved cooperative marketing associations may obtain price support on behalf of their members. The support will be available through the ASCS county office. Loans will be available until a month before the July 31, 1969, maturity date. Whether the loans may be extended will be decided early in the new marketing year.

In 1967, soybeans ranked third in total value of production among U.S. crops. Farm value of both the 1966 and 1967 soybean crops is estimated at around \$2.5 billion compared with around \$1 billion in the late 1950's. Soybeans achieved the title of "No. 1 dollar earner among U.S. agricultural exports" with the 1965 crop, and the 1967 crop is expected to retain that position. Exports of soybeans and soybean products are expected to exceed \$1 billion in fiscal 1968.

WE ARE CONTINUING to have a lot of interest in the 1968 feed grain and wheat programs. As of Feb. 15, we had more than 700 farms signed up.

This year we have a new regulation that everyone participating in the feed grain and wheat programs should be familiar with; it pertains to withdrawing from the programs.

The regulation states a farm operator will not be permitted to withdraw a farm from the feed grain or wheat program after he certifies compliance with that program unless he withdraws the farm from both programs, when participating in both.

Producers having any questions about this should discuss with the county office personnel when making application.

Remember, March 15 is the final date to sign up to participate in the feed grain and wheat programs.

Soil conservation meeting on Feb. 23, 24

Men and women from soil conservation districts all over Michigan are expected to be on hand for the annual meeting program of the Michigan Soil Conservation Districts, Inc., in Bay City Friday and Saturday.

The theme of this year's program is "For Land Sake," said Russell G. Hill, secretary of the State Soil Conservation Committee. Special programs have been planned for the ladies auxiliary.

Over 60 per cent of the nation's collegians attended private schools prior to World War II. Today, only 30 per cent of all college students attend private schools, according to a recent report from the National Academy of Sciences.

Farmers may soon 'talk' to computers

Modern commercial farmers may soon be "talking" to computers for answers to their farm problems, according to Leonard Kyle, Michigan State University agricultural economist.

Kyle noted that a revolution is occurring in electronic data systems that will take over much of the manager's bookkeeping chores. An example, he said, is TelFarm, a computerized record keeping system offered by the Cooperative Extension Service of MSU available to Michigan farmers.

Current research is being done by the MSU's agricultural economics department to improve and extend the use of computers in planning future business operations, Kyle said. Still other studies are concentrating on systems of data storage and retrieval.

"Computer technology and capacity is changing rapidly," Kyle said. "In the relatively near future farmers will be able to do their bookkeeping by use of telephone-type equipment that

records the data in a central computer."

At any time, he said, the computers could report back the current financial condition of the business, prepare an income tax report, print payroll information for an individual worker, write payroll, checks, and may even eventually pay the bills.

Lettuce variety released

The release of a new variety of head lettuce was announced this week by Michigan State University's Agricultural Experiment Station.

The new variety, Spartan Lakes, was developed by Dr. Deran Markarian, MSU horticulturist, for production on Michigan's muckland soils.

In 1967 commercial trials near Stockbridge, Mich., Spartan Lakes matured uniformly about one week earlier than Fulton with darker green color and equal tolerance to bolting.

AN IMPORTANT advantage of the new variety is the heavy mid-rib of the lower leaves which results in stronger butt structure than Fulton and less damage in handling and shipping.

The new variety is slightly smaller than Fulton, producing 35 to 40 pounds per 24-head case. This is about the same weight as Minetto grown under Michigan conditions.

MSU scientists say Spartan Lakes should be useful as an early lettuce in those areas where bolting is a serious problem and where the smaller varieties, Fulton, Oswego and Minetto, have found acceptance. The new variety is recommended for commercial trial for early and mid-season production in muckland areas of Michigan, Wisconsin and New York.

A recent survey of over 2,200 Lower Peninsula farmers indicates that 9 out of 10 use an SMV emblem all the time when driving a slow-moving vehicle on the road. The study also shows that there are over 300,000 such emblems on Michigan farms, or more than three and one-half per farm.

We propose a bus station site

An indelible impression about what kind of town St. Johns is left on the mind of every person who comes to, goes from or passes through our city on the bus. It certainly can't be a good impression.

For the past year the bus station has bounced around between a laundramat, a gas station and a tire store. The owners of these establishments kindly consented to handle the bus business, but it hasn't seemed to pan out.

The real loser has been St. Johns. Passengers whose destination is St. Johns are dropped off outside a laundramat or at a gas station, and if they were out-of-town people they undoubtedly thought, "My gosh, what kind of town is this, anyway?"

There seems to be a general lack of interest by the community in improving this situation. We would propose a solution for consideration.

There is a generally triangular parcel of land owned by Mrs Mary Siegel and located on the northeast corner of US-27 and Sturgis Street and bounded on the east by Kibbee Street. It is now zoned residential but is adjacent to a commercial zone.

We would suggest that the City of St. Johns, the Chamber of Commerce and the North Star and Indian Trails bus companies which service the city meet to consider purchasing that property, erect-

ing a combination bus station, information booth and public rest rooms.

There appears to be sufficient parking and maneuvering area for buses and cars alike, and there should be ample room to set out a number of picnic tables, a "Welcome to St. Johns sign" and information about the city and area.

Such a location could become a combination bus station-rest area for travelers. The Chamber of Commerce might man the information booth and also handle the bus business, providing it with another source of income.

The owner of the property, Mrs Siegel, is interested in the proposal and said she would be willing to discuss it further. The location of the parcel is no more off the beaten track, so to speak, than previous and present stations, with the exception of the Steel Hotel.

Contrary to previous "surveys," St. Johns should be large enough to support some kind of taxi service, and this could easily tie the bus station-information area to any part of St. Johns.

If we have any pride at all in our town, some steps should be taken immediately to solve the bus station dilemma, whether it be this plan or some other. It would involve some money and some cooperation, but then who ever crossed a chasm in two jumps? We must take a big step. The first move would seem to be up to the Chamber.

Why not sooner?

Government spending, at least in one area, may decline. Not as a result of determined budget cutting but principally because of a sort of obsolescence. In a world where food is getting scarcer, agricultural subsidies are becoming an intolerable contradiction.

Outlining possible governmental economies, Time magazine names agriculture as, "The richest field for cutting..." The farm subsidies are now \$3.3 billion. As Time points out, "Not only are subsidies a cause of rising food prices,

but it makes little sense for the government to pay farmers to produce less when hunger stalks half the world."

Farmers themselves look with less favor on subsidies than formerly. The Farm Journal polled 5,000 farmers—63 per cent of them favor an end to price supports. Sooner or later, vast agricultural subsidies, an outgrowth of an era long past, will be recognized as an obsolete anachronism.

Why not sooner than later?

A time for faith

By LOWELL G. RINKER

For the past couple of weeks the immortal words of Thomas Paine have been echoing through my mind—"These are the times that try men's souls..." I guess that from the time of the

Revolution when Paine brightened the spirits of the disheartened with his "The American Crisis" writing, America and Americans have on occasion found a need to renew their faith and spirit. We're in that situation again, folks, and it's time again to

renew our faith. I'm not trying to be another Thomas Paine, but I think it's time that we look at ourselves, realize our abilities and set out to straighten up this world that we've allowed to get messed up.

I guess it's not hard to get disheartened, if you listen to or read only of the violence, tensions, war and the various and sundry other problems that befall us today. We've tuned our minds to this type of thing and shut out the good. As a result everything is out of perspective.

THIS IS TRUE at the local level, too; I hear this story ever once in a while: "Why are you always running stories of accidents and kids going to jail? Why don't you show the good things they do?"

We do, only people aren't tuned in anymore to read about such worthwhile activities and if they do they don't long remember it; it's the bad things that people do that stick in their minds.

This is a little discouraging, not only as a newsman but as a human being. There is so much good going on all around us and yet we pay no attention to it. We have a beautiful city here in St. Johns surrounded by a county full of good people and good potential in a state that's second to none in everything that makes a good home state.

And so we gripe. We complain that we don't get services from the city and then we refuse to provide the money so that the city can give them to us. We have a school system that other educators envy and at a tax rate that taxpayers in other districts envy, and we gripe because they ask us to pay a little more for those services while other districts pay much more.

I SOMETIMES find myself boiling when I see our good school system, our hard-working county government and our city commission being raked through the mud because they want more money to provide the services those same muckrakers insist on.

In such cases I sometimes lose faith in man, but it's usually not for long. These same people that get up out of the mud and stumble on to do the job they were elected to do build my faith; the youth of our area whose projects help build the community restore my faith; the American soldier who fights on in Viet Nam to help that country out builds my faith.

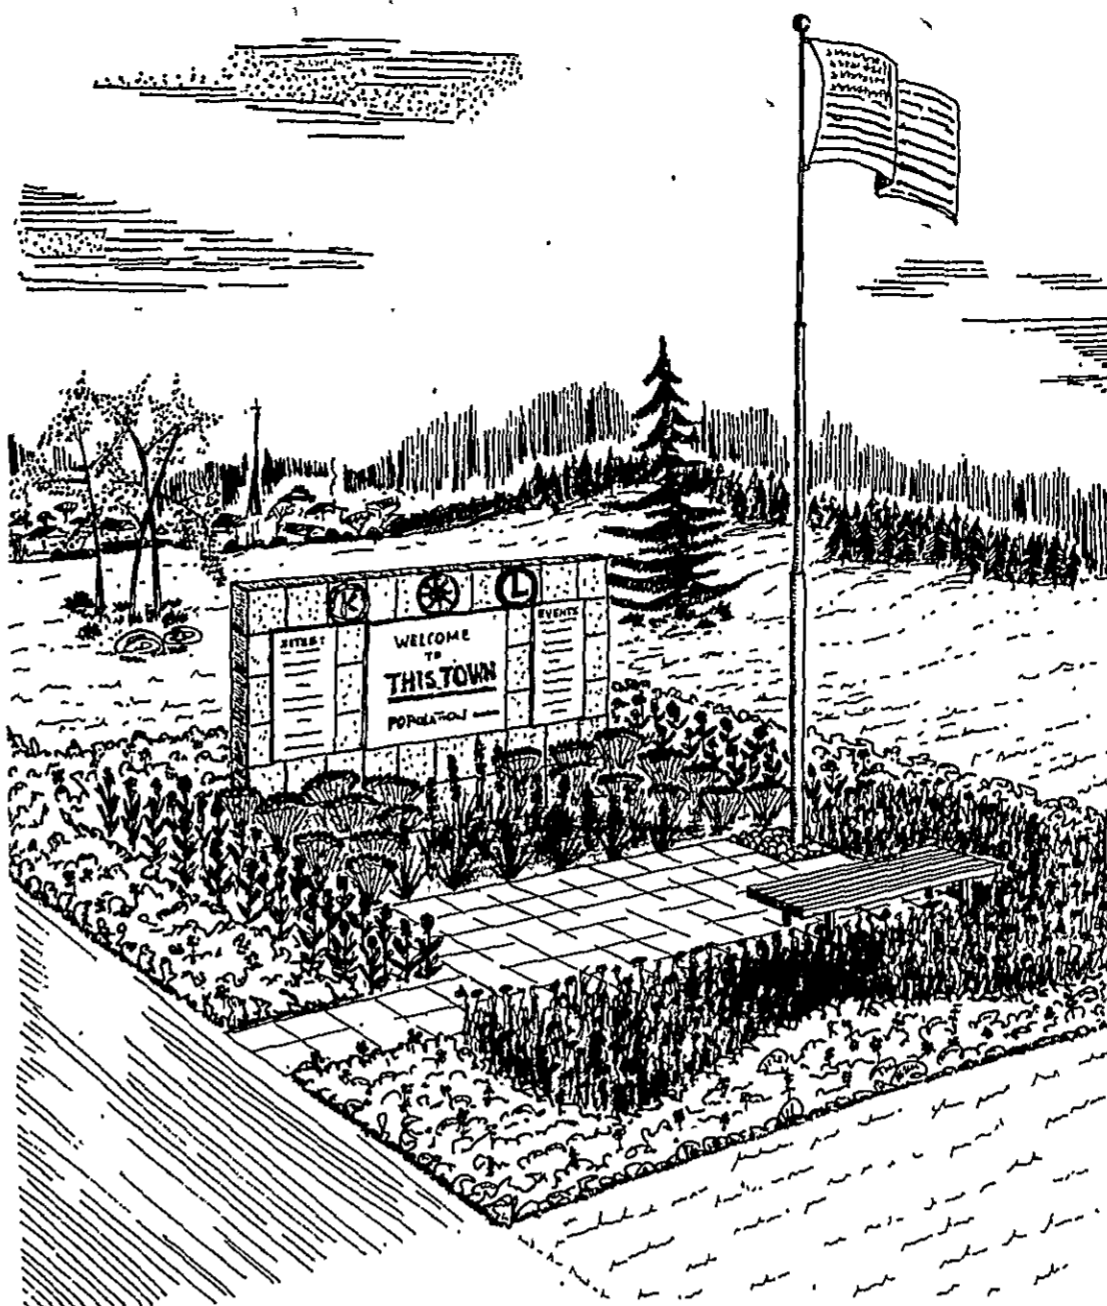

The Stars and Stripes fluttering before a background of blue sky builds my faith.

The Good Lord gave us a lot of things to build our faith. It's up to us to take the time to see them for the building blocks they were intended for. There is too much good in this world, this nation, this state, this county, this city to spend our time griping.

It's time to renew our faith—in God and man—and work constructively for a change. We have a lot of repair work to do.

Does our town smile or frown?

A garden-like entrance sign for St. Johns might be utilized on the grounds of a bus station-information area such as we proposed in the adjoining editorial. Why not have something that tells visitors and passersby that we have a town that's nice to live in—a town with a smiling face?

LETTERS TO THE EDITOR

'Why don't they get busy and quit griping?'

Dear Editor:

The recent letter by Bernard Feldpausch on the costs of government was very well written.

From the talk going around it appears the doctors, dentists and attorneys are against everything. What's their trouble? Is it because the doctors can't run the city as they do the hospital? Or the attorneys because city doesn't ask their opinions and let them run things as they do the courts?

If these persons and others who are complaining think the income tax is so unfair, why don't they really go to work and quit griping. They probably could sell the voters on the 15 mill issue. As it is they're against everything.

TAXPAYER (Name withheld on request)

Suggests one income tax with local rebate

Dear Editor:

With all the controversy going on about taxation without representation regarding local city income taxes, I would suggest that the state income tax be increased one per cent and this portion be allocated back to all county and city governmental departments.

It appears all areas require more tax monies and this method would eliminate local voting squabbles and equalize the tax on all whether they lived inside the city or not.

It would also eliminate a separate city income tax form and also the city collection agency and the cities' separate expense of collection.

Reports NFO membership open to all

Dear Editor:

Too many overlook the NFO, assuming the only reason that is keeping many farmers from joining the NFO (National Farmers Organization) is the fact that they belong to other organizations and they will not take time to receive the information they need to make themselves interested in the NFO.

NFO is not asking any farmer to desert his present organization in order to join the NFO. It is only asking the farmers to join to help bargain together and sell or hold production together.

Interesting Items from the Files of the Clinton County News

1 YEAR AGO From the Files of Feb. 23, 1967

St. Johns business man Alan R. Dean has been honored by the boards of supervisors of Clinton, Ingham and Eaton counties for his role on the Tri-County Regional Planning Commission and other public bodies.

OVID-ELSIE—Over 2,000 Ovid-Elsie School District voters went to the polls Monday and gave a proposed 8 1/2 mill issue approval by a 3-2 margin.

Pewamo was the focal point for Michigan farmers of the National Farmers Organization last Wednesday as about 200 producing sows were sold at the Thelen Brothers Livestock Yard for slaughter.

10 YEARS AGO From the Files of Feb. 20, 1958

St. Johns Lodge No. 105, F & AM, will observe the 100th anniversary of the granting of their Masonic charter at a series of events scheduled during the period from April 14 through April 19.

Schools in five Clinton county villages were closed, factories and business places operated with depleted working forces and rural residents found themselves snowbound in many instances earlier this week as powder snow, buffeted by Arctic winds followed on the heels of 11 days of sub-zero cold and plugged roads throughout the county.

With only a handful of people present to protest the proposed 2 a.m. to 5 a.m. ban on parking on St. Johns' streets, city commissioners tabled action on the proposal until their March 4 meeting, Tuesday night.

25 YEARS AGO From the Files of Feb. 25, 1943

Referee Cloney wiped the perspiration from his brow and signed the scoring book at the end of the Ionia-St. Johns basketball tilt Friday evening with the remark, "Whew! I certainly earned my money tonight." The referee had called an even 40 personal fouls in the ragged game in which St. Johns was on the short end of a 32 to 26 score.

Clinton county is losing the services of John Converse as a 4-H club agent after six years. Mr Converse came here directly from Michigan State college and has in this six-year period served in four counties, Ionia, Clinton, Ingham and Eaton. Four special food meetings, preparatory to the planting season close at hand, will be held in Clinton county at four high schools next Tuesday, March 2.

our country, too! Somewhere along the way they have been let down on this subject.

The styles are laughable. We wonder if some homes have mirrors and if they are ever used. In money matters, if values have not been taught, who is to blame? Parents, maybe? Why did God give parents? Because He couldn't be here to teach each one separately. See what a job we have, parents!

When you have time, talk to your child about responsibility.

A look into the past...

ON THE MAIL ROUTE IN 1901

Mrs Howard Walker of 505 W. Main Street, DeWitt, brought three old time pictures that belonged to her father, George Kelly, into the Clinton County News a couple of weeks ago. This one shows Kelly with his horse and wagon on the mail route through the rural St. Johns area on Aug. 10, 1901. Kelly was on the route for 30 years...

State income tax refunds may number in millions

You need not file a state income tax form if the amount you owe is less than \$5, reminds State Treasurer Allison Green.

Green said he is "quite pleased" with the number of returns filed in January but warns taxpayers who will claim refunds that last-minute filing may delay receiving a refund check.

Contrary to rumors, the state will refund overpayment this year. Green feels the rumor was started because of provisions which do not allow certain deductions for 1967 tax purposes.

FIRST REFUND CHECK was released Feb. 2 to a taxpayer in Walled Lake. Green estimates that some million refund checks will be issued for the 1967 taxable period, October through December.

IMPORTANT ISSUES LARGEST STATE budget in Michigan history was listed foremost for legislative consideration by Lt. Gov. William Milliken when he recently "boiled down" Governor Romney's state of the state message.

COURT REORGANIZATION. The new Michigan Constitution requires that by next January

Justices of the peace be phased out of existence and replaced by another system of local courts.

CRIME CONTROL. As an aftermath to last summer's riots and as a result of mounting crime rates, improved crime control will be a center of attention in the months ahead.

HOUSING. "One of the great challenges before our state," says Milliken, "is that of providing greater opportunities for adequate, decent housing for low income citizens."

PUBLIC EMPLOYMENT. Events of the past two years clearly demonstrated the ineffectiveness of existing laws in dealing with the organized efforts of public employees, says Milliken.

NATURAL RESOURCES. The lieutenant governor believes that a bonding program is a necessity if the state is to clean up lakes and rivers before more serious harm is done.

INSURANCE POOLING and veteran tax relief. Because citizens and businessmen in certain areas—those where riots have or might take place—find it nearly impossible to buy insurance to protect their property, the governor's message asks that insurance companies

set up a pool which can spread the risk without undue problems for only a few companies. A revision of veteran tax relief laws is also urged. The changes would recognize the degree of disability of the veteran and provide the greatest help for those who have the greatest need.

EDUCATION. Increased state support is proposed for all levels of education from kindergarten to graduate school. Since there is special need among disadvantaged children in central city areas, special assistance has been proposed to them.

Letters . . .

Continued from Page 14-B the cost of living, how they can save and help by keeping their rooms clean, cars repaired, save for a special gift, get part-time jobs and keep accounts.

The biggest hurt you can do your child is give him \$5 when 25 cents would have made him happy. Affluence has its pitfalls; too much of everything with no goal held up before them spells failure.

Study to keep yourself approved and ready; the fields are white to harvest. Don't waste one precious hour of your life; give it to someone in an act of doing good. There are unlimited frontiers, new frontiers, surprising challenges, life bubbling with excitement.

One big sin is omission—failing to do—to share ourselves. Work out through your church; join the Peace Corps, etc. There is a place for you; recognize it, now.

While the world perishes, we go our way; purposeless, passionless, day after day. Set us afire, stir us we pray.

Canadian trawlers to help curb alewife glut

Sen. William Proxmire (Wis.) "I am introducing today legislation on behalf of myself and Senators Bayh, Dirksen, Griffin, Hart, Hartke, Nelson, and Percy to permit American fishermen to use Canadian-built vessels for the next three years to fish for alewife in Lake Michigan."

"The proposal is narrowly and carefully drafted to permit only American fishermen to use these vessels, only for three years, only on Lake Michigan and only to catch alewife."

"THE DIE OFF last year cost the states bordering Lake Michigan well over \$55,000,000 and cost one steel plant alone about \$5,000,000 for the 10 days the plant was incapacitated by masses of dead alewife."

"Unfortunately, most of the American fishing vessels on Lake Michigan are gill net boats which have a small hold capacity and only a 60-to-90 day fishing season. In order to make a significant dent in the number of alewife, trawlers with modern fishing gear must be used."

"Trawlers are larger fishing vessels which have a larger hold capacity and a much longer fishing season—April to mid-February—because they can make use of fishing techniques needed to catch the alewife during the months they are not near the surface. . . There are about 40 Canadian-built trawlers which are not being fully utilized in Canada. . . These trawlers must be made available to American fishermen, if another alewife disaster is to be averted. This legislation will make these vessels available."

"THE FISHMEAL industry which produces much of the fishmeal used in animal feed would benefit greatly. Because fishmeal plants constitute a ready market for all the alewife which can be caught, many more fishermen will gain employment."

"One plant owner estimated that if enough alewife were available he could pay over \$1,000,000 in additional wages. At the moment, the two largest fishmeal plants with a combined capacity of three-quarters of a million pounds of alewife a day are operating far below capacity because not enough trawlers to catch alewife are available."

"A laudable attempt is now under way to stock Lake Michigan with predator sport fish which will hopefully prey upon and control the alewife. If, at the end of three years, we find that the predator sport fish now being placed in Lake Michigan can control the alewife, we can

It seems to me there is a saying that goes something like this: "Politics make strange bedfellows." I'm not up to date on the sleeping habits of politicians, but I've come to the conclusion that many an elected official, be he from local to federal government, resigns his status as a taxpayer when he takes office.

WHEN ELECTED, he seems to acquire an ability he never had before, the ability to know exactly what is best for the people he represents. This usually seems to tie in to a great extent with what is best for himself.

As taxpayers, these same officials wanted to know what was going on in government. They wanted to be informed on the measures and how they concerned themselves and their communities. But, once elected they seem to come to the conclusion that facts will only tend to confuse the taxpayer, thus the less the taxpayer knows of something, the better off he will be.

BY OMITTING facts or only telling the facts they think the public should know, elected officials seem to think that they can get legislation by without their constituents objecting until it's too late because they do not understand the facts involved.

A case in point was when the Michigan senators (19 of 37) pushed through the bill authorizing themselves a home office at state expense. One senator made the remark that the public does not understand the immense problems of state government and the need for more staff and help so that legislators can cope with the problems. My only question for this senator would be: how can the public understand when he does not have pertinent facts prior to this legislation?

officials were using and approving the same tactics and considering it sound political campaigning.

This all boils down to the fact that whether it's local or as high as the federal government, the taxpayer is the one who pays the bills. Thus it seems the taxpayer should have sound, logical explanations before issues are passed rather than being condemned later because he doesn't understand.

Through the years we have been taught that ours is a government; by the people, for the people. Lately, it seems as if many of our elected officials have changed this to: government (by the elected official, for the elected official).
