## Dr. Grost urges residents to use detergents with low-phosphate content

The possibilities for a community-wide effort directed toward the use of detergents with low phosphate content came before the St. Johns city commission again Monday night when Dr. James Grost reported findings since tossing out the suggestion two weeks ago.

Phosphates are part of the chemical makeup found in many detergents and are considered a threat to plant life.

"I checked with Amway Corporation since the last time we met," Grost explained. "They would not reveal the phosphate content of their detergent, but indicated it was quite high."

Following last meeting of the commission, Dr. Grost indicated he intended to check on some

detergents not listed in a list published by the Detroit Free Press as compiled by an independent consulting firm showing percentage of phosphate.

At that time he also indicated an intent to seek assistance from County Extension Agent Earl Hass to determine phosphate content of detergents not listed in the Free Press chart.

Brand names listed in the item, ranging in phosphate content from 43.7 to 1.4 per cent were: Axton, Biz, Bio-Ad, Salvo, Oxydol, Tide, Bold, Ajax Laundry, Punch, Drive, Dreft, Gain, Duz, Bonus, Breeze, Cheer, Fab, Cold Power, Cold Water All, Wisk, Diaper Pure and Trend.

According to Dr. Grost, discussion on St. Johns radio "Hot-Line," suggests that housewives

in the area appear receptive to using low-phosphate detergents, but he went on to explain a hitch discovered in his investigation.

Nothing prohibits detergent manufacturers from changing the per cent of phosphate in their products so consequently the amount could vary in even a short span of time.

What was suggested by Dr. Grost's findings was that detergents with either high or low phosphate content could change considerably and housewives would never know for certain what product truly did contain the smaller amounts.

In addition manufacturers are not compelled to indicate such information on their packages, a fact which prompted Commissioner Charles Coletta to suggest

DR. GROST

a resolution be passed and sent to state representatives encouraging legislation calling for such information to appear on the various brands of detergent.

After a brief discussion agreed to Coletta's suggestion and while no definite local program was decided upon the proposal for declared phosphate content will be registered in Lansing.

## Milliken calls for Republican unity, identification of common GOP aims

Gov. William G. Milliken topped a Lincoln Day dinner gathering of Clinton County Republicans last Tuesday by tossing before his fellow party members the challenges he feels must be met during the 1970's.

With reference to drug abuse and pollution, along with liberal expressions of praise for county party activities, Milliken slid through his address in a little over 20 minutes and was twice interrupted by applause from the approximately 325 persons present.

The governor's prepared remarks centered on the theme of Abraham Lincoln as a man and he drew comparisons of Lincoln's philosophies with those of current Republican party thinking.

"We live in times that bear more than a passing resemblance to the period in which Lincoln lived," said the governor. "The country is divided . . . between rich and poor, black and white, young and old." He speculated on the possibility of continued turmoil in the country and challenged his audience as individuals and party members to support three general objectives to deal with the future.

"Our first objective," Milliken said, is "to unite ourselves in tribute to our proud past. . . Our second objective should be to discover and identify exactly what goals we hold in common . . ."

The third suggestion was directed at restoration of the Republican party to the diversity of its birth which could help it

Gov. William G. Milliken received warm greetings following his comments to over 300 Clinton County Republicans last week at St. Johns High School. Here Mrs. Patrick Kelly shakes the governor's hand as her husband, right, looks on. He is Prosecuting Attorney for Clinton County. Behind Mrs. Kelly is Bruce Lanterman, county GOP secretary.

reflect the deep and abiding pluralism of American society.

He tossed out opposing statements which have been directed against the party as being one of the "rich and privileged," "party of the white and middle-class," and the "party of stagnation and status quo."

He needed his audience by suggesting that some of the criticisms was valid and by commenting that critics "have been

closer to the truth than they should have been."

Pursuing the evaluation, Milliken asked: "How can we know what we need to know about racism in America unless we have far more blacks in the Republican party than we now have?"

"How are we going to know more about the hopes and aspirations of the young unless we have more young people in the party? How are we going to know what we should know about the problems of the poor unless they are adequately represented in our party?"

After tossing out those questions, the governor explained that they were intended to "provoke all of you to recognize the weaknesses that we have so that in the decade ahead of us we can make the Republican party strong enough to lead the nation in the solution of its problems."

In his opening remarks Gov. Milliken hinted at his future political plans by citing the present as being a time of great opportunity and he commented that there "is no other time I'd rather serve than right now. I haven't made a final decision as

to my future plans, but I suspect I have a fairly good idea of what they will be."

He also praised both state representatives of Clinton County, Richard Allen and William Ballenger and followed these remarks with his references to pollution and drug abuse.

On pollution Milliken supported stands taken by President Richard Nixon and told his listeners that he, as governor of Michigan, had pledged the state's support to halt the destruction of land, air and water.

Milliken called drug abuse one of the "major social problems in the United States and Michigan" and emphasized that combating this difficulty cannot be effectively accomplished "from a punitive point of view." Education, he indicated, was the most effective approach and, for even this to be effective, it must begin at the fourth grade level, he said.

Milliken was greeted warmly at the conclusion of the evening's program and he stood chatting and shaking hands for nearly fifteen minutes.

### First year report:

## District Court a success but there are some needs

Despite pessimism before it began operation last year, Clinton County's District Court had a successful first year.

According to Judge Roland J. Duguay, the court not only repaid its initial start-up costs of \$17,000 but netted more than \$10,000 for the county's general fund.

The court also absorbed about \$10,000 in expenses which in previous years had been charged against other departments in the county. Formerly all expenses for the court reporter was charged to the prosecutor's office and witness fees for preliminary examinations on Circuit Court cases were charged to that body.

The District Court last year

collected a total of \$157,574.05, which when spread over the 6360 cases handled, come to less than \$25 per case.

Total costs for the court were \$78,239.60. The Library Fund received \$55,912.40 from the court, \$16,846.94 was turned over to the state for certain civil filing fees, and \$6,573.11 in fines returned to cities and villages.

In an attached report Magistrate Gordon Willyoung said that the DeWitt Traffic Bureau which was opened in July handled over 1,000 traffic cases. The Magistrate operates the Traffic Bureau in St. Johns in the mornings and in DeWitt in the afternoon.

The District Court began operations last year replacing the Municipal Court, Justices of the

Peace, and Circuit Court Commissioners.

Duguay attributes the first year's success to the experience and hard work of the personnel in his court. He noted that Phyllis T. Anderson, who had been clerk of the Municipal Court for seven years was actually doing two jobs which normally require a single person each—clerk and assignment clerk—as well as handling civil cases and being a part-time probation officer. He said that Gordon Willyoung's experience as a Justice of the Peace and hard work as Magistrate had helped greatly.

Although its first year was financially successful Duguay said that several problems plagued the District Court.

According to Duguay the court still needs considerable facilities and personnel to make a truly good court. He cited a "bad noise factor" from the secretarial pool adjacent to the courtroom.

"It's almost impossible to tell testimony from the recordings," said Duguay.

Duguay said that a bailiff and better facilities for the jury were also needed.

"For every jury trial we need a deputy sheriff (or bailiff) and we're taxing the sheriff's manpower."

JUDGE DUGUAY

Although Mrs. Anderson was doing some probation work, Duguay said a good probation officer was needed.

"We have no rehabilitation now," he said, "and as a judge I am left with only two choices consisting of jail sentences or fines."

Duguay foresees a problem this year when the court begins to act as a receivership for wage earners.

"The court will be divvying the paycheck," said Duguay. He added that someone with an accounting background would be needed to administer this receivership. Duguay felt that this could become an acute problem if the economy lagged.

Duguay expressed hope that the Board of Supervisors would act on some of these problems and added that plans were being formulated on some of them now.

## St. Johns continues negotiations over super market lot

In an abbreviated session punctuated by notes of levity over whether to participate in the annual mayor's exchange program, St. Johns city commissioners Monday night heard reports from their attorney and clerk on recent developments in the protracted negotiations over the Walker Street parking lot.

City Attorney Paul Maples and Clerk Tom Hundley advised the commission that orders to stick to the asking price of \$50,000 were followed. An earlier offer of \$11,200 by the Government Service Agency was turned down by the commission.

The lot in question is located behind the Post Office and adjacent to A & P Food Store, on West Walker Street.

Maple told the commission that he and Hundley discussed the sale price with Roger Hilgenbrink of GSA. The city's price of \$50,000, Maples said, was termed by Hilgenbrink as being unacceptable by his superiors.

According to Maples and

Hundley, it took them approximately three minutes to explain to Hilgenbrink the city's position but discussion with the GSA representative continued for some time. In the end, however, nothing definite was decided and at present the city should just sit back and wait, Maples advised.

In other serious business, the commission heard a request by representative of Clinton National Bank for vacation of an alley immediately north of the city manager's home and after learning of details passed a resolution in compliance with the request.

On hand for the bank were Gayle Desprez, Brandon White, Tony Teidt and Attorney James Moore.

In return the bank will release to the city approximately seven feet along two segments of alleyway which extend westward from Spring Street and southward from

(Story continued on Page 3-A)

## Senior citizens in line for tax exemptions

Senior citizens in Clinton County may be in line for savings on their 1969 property taxes, but in order to share in the benefits they must register at their local assessing office before mid-March.

According to St. Johns City Clerk Tom Hundley, speaking for the association of county assessing officers, a bill signed last week by Gov. William Milliken, provides for relaxed procedures for persons over 65 who own property.

When the new provisions become effective only two major requirements will have to be met for senior citizens to share in property tax exemptions. They are: attainment of the age of 65 on or before Dec. 31, 1969 and an annual income which does not exceed \$6,000.

(Annual income includes any sources of income such as salaries, retirement benefits, social security benefits, public assistance, unemployment insurance or benefits of insurance policies resulting in payment for deaths, etc. Total income is computed from any revenues of a spouse, if co-occupant, and concurrent or joint owners of the homestead.)

Meeting these conditions will allow a tax exemption on the first \$2,500 of state equalized valuation which, according to Hundley, will average out at a little over \$100 savings.

Hundley explained how the exemption works: "If you have a \$10,000 state equalized valuation on a piece of property, the state will pay taxes on the first \$2,500. This leaves only \$7,500 on which the property owner must pay taxes if he is 65 years old and has an income of \$6,000 or less per year."

To receive benefits of the exemption, owners get quick results with Clinton County News classified ads—you will, too!

### She's got heart

Carla Vincent, advertising representative for the Clinton County News, presents \$50 check to Connie Martin first place winner in the recently completed "Know Your Merchant" contest. Connie's winning entry, which was a large read heart says, "St. Johns merchants are in the hearts of all the citizens." Inside were the correctly identified photos of the merchants who participated in the contest.

### All-Star musicians

These seven musicians from St. Johns High school were among more than 200 All-Star bandsmen from all over the state who participated in the All-Star Bank Concert Sunday. From left, they are, Terry Bunce, Howard Kimbal, Julia Silvestri, Ronda Woodbury, Diane Dunkel, Tom Fowler and Cindy Lanterman. Absent was Denise Meyer, Trudy Smith, Jackie Heuer, and Dana Sue Hazle.

Every year at this time a lucky few manage to escape this "winter wonderland" of snow and ice, slush and sub-zero temperatures for warmer climes.

Most of the Clinton County People find refuge in Florida. And they all have one thing in common—a desire to keep up on the happenings back home while they're away for a few weeks or months.

Each week during the winter months, the Clinton County News sends nearly 200 papers to Florida.

Among our regular subscribers are Mr and Mrs James Egan, of St. Johns, who make their winter home in Boynton Beach, Fla.

Egan was owner of Egan Ford Sales, Inc. until his retirement in 1964. He bought the dealership in 1929 and owned the business for 35 years.

He was also a former member of the board of directors of Clinton National Bank.

The Egan's apartment complex on the Intra Coastal Waterway is located about 50 miles north of Miami Beach.

Clinton County News Editor Ron Karle visited the Egan's during the Christmas holidays and they were pleased to hear of news from home and like many others from Clinton County, who are living in the sunny south, are always happy to hear from the folks up north.

Therefore, the Clinton County News is pleased to publish a list of these subscribers and their winter addresses.

**Portland High 'Homemaker of Tomorrow'**

Carol Dianne Sandborn, daughter of Mr and Mrs Loren Sandborn of R-1, Eagle has been named Portland High School's 1970 Betty Crocker Homemaker of Tomorrow.

CAROL DIANNE SANDBORN

She was selected on the basis of her score in a Dec. 2 homemaker knowledge and attitudes examination for which a record number of girls were enrolled. She is now eligible for state and national honors and will receive a specially designed silver charm from General Mills, sponsor of the annual educational program.

A State Homemaker of Tomorrow will be named in March and she will be awarded a \$1,500 college scholarship; the second ranking girl in the state receives a \$500 college grant. The first place winners from the 51 states and District of Columbia, together with advisors from their schools, will receive an expense paid educational tour of Washington, D. C. and Williamsburg, Va., this spring. At this time will be the naming of the 1970 Betty Crocker All-American Homemaker of Tomorrow, whose scholarship will be increased to \$5,000. Three runners-up will also be selected and will be awarded \$4,000, \$3,000 and \$2,000 scholarships. National judging will center on personal observation and interviews during the trip.

The contest is designed to emphasize the importance of homemaking as a career. During its 16 years of operation more

than seven million girls have been enrolled in the program and scholarship grants total over a million and three quarter dollars.

Schools of state winners are awarded sets of the Encyclopedia Britannica.

**Social Events**

A fashion show sponsored by the Ovid Crescent Club will be held March 2 at 8 p.m. at the Ovid United Church, Main Street building.

Kim Forman, a dancer with the Bohaty Troupe will furnish the entertainment.

Modeling the fashions will be mothers and daughter, Mrs Marie DePond and Sue, Mrs Rosemary Goebel and Julie, Mrs Charlotte Terpstra and Shelby, Mrs Lorayne Case and Mary, Mrs Mary Sincropl and Christine, DeElla Mauer, Mrs Clarice Semans, Mrs Walker Jackie Kelly, Sidney Das, Mary Alice Bates and Mrs Callista Reed.

Fashions will be from the C and M Shop in Ovid.

**Celebrate anniversary**

Mr and Mrs Raymond Magsig Sr. of 10240 US-27 will be honored on their 50th wedding anniversary at an open house from 2 to 5 p.m. on Sunday, March 8. The event will be held at the DeWitt Methodist Church.

and Mrs Donald Paschke of Lansing and Mr and Mrs Loren Schneberger of DeWitt.

Miss Florence Klaver and Mr Magsig were married on March 3, 1920 near DeWitt and have resided on the same farm from the time of their marriage. They are members of the DeWitt Methodist Church.

**Bath School Board views vocational ed**

The Bath School board last week explored ways to provide vocational education for 24 high school students.

Presently the students are being bussed to Lansing Community College. The board feels that the

low number of students involved make costs of constructing vocational facilities prohibitive.

Officials are looking into the possibility of having Bath students attend classes at the new St. Johns high school.

Roger Carlson, superintendent, reported that custodian and cafeteria employees voted 20 to 14 against union affiliation.

At the request of Cloo Friend, board member, the board went into an executive session. No

indication was given as to what was discussed and no action was taken.

**Marine is Clinton's first traffic fatality**

A Marine home on leave became Clinton County's first traffic fatality over the weekend.

Robert Lynne Bell, 19, of St. Louis, died in a Lansing Hospital Saturday of injuries suffered in an accident earlier this month.

Bell suffered severe head injuries Feb. 4 when the auto in which he was riding collided with a snow removal vehicle on snowswept US 27 south of St. Johns.

The auto, driven by James Louis Shock, Jr., also 19 of St. Louis, slammed into the rear of a Clinton Road Commission truck just south of Thomas Road.

Bell had been scheduled to be sent to Vietnam.

Shock was treated and released three days after the accident. The driver of the county truck, Donald L. Smith, of St. Johns, was not injured in the accident. Shock was issued a ticket for speeding.

**Clinton sends 13 into service**

The following men were inducted into the United States Army on Feb. 11 from Local Board No. 19, Clinton County: George D. Huntoon, Ronald A. Miller, Karl F. Ruble, Jerry D. Rhode, Charles R. Aymor, Ronald G. Roberts, Donald R. Arthur, and James D. Welton.

The following men were inducted into the United States Army on Jan 28 from Local Board No. 19, Clinton County: Ross L. Baker, Donald G. Smith, John R. Hospodar, Dennis R. Smith, and David E. Mankey was inducted into the United States Marine Corps.

**Commission**

Continued from Page One

Higham and join in the area near the rear of Municipal Building.

The light notes of the evening came when the subject of the annual Michigan Week Mayor's Exchange program came up. "What do you think we could get

for one," queried Dr James Grost. "You'd probably get one like you got," replied Mayor Robert Wood.

The bantering was pursued for a brief spell but it was finally agreed that financial difficulties dictated that the program be again passed up.

### Brother Horning performs for Morning Musicales

Brother Gregory Horning, chairman of the Diocesan Music Commission of Lansing, was the guest performing artist of the St. Johns Morning Musicales on Thursday morning, Feb. 19, when the group met at the home of Mrs. Basil Delbert. He has directed the choir of the St. Joseph Catholic Church in St. Johns, and resides at the Franciscan Retreat House in DeWitt.

Brother Gregory's piano concert included "From a Wandering Iceberg," "AD 1620," and "Song from Sea Pieces" by Edward McDowell, "Playera," and "Villenesca," by Granados, "Sevilla," and "Cuba," by Albeniz, and "Grand Polonaise Brillante," by Chopin, a piece seldom heard because of its difficulty. A delicate technique and sensitivity was evident particularly on his Spanish selections. He was introduced by Mrs. John Caudy.

Mrs. Duane Davis, program chairman for the day, introduced the commentary on Romberg, Friml and Herbert. The club ensemble, under the direction of Mrs. Dean Stork, sang "One Alone," by Romberg, and "Love is Like a Firefly," by Friml. Mrs. Lambert sang the number "Thine Alone," by Victor Herbert. Mrs. H. W. Lundy accompanied at the piano.

Mrs. Jack Bertoldi, president, conducted the business meeting. She was named Delegate, and Mrs. Kenneth Jones Alternate Delegate to the Michigan State Convention of Music Clubs to be held in Flint from April 16 to 18.

Officers were elected for the coming year as follows: president, Mrs. H. W. Lundy; vice-president, Mrs. Winchell Brown;

recording secretary, Mrs. William Patton; corresponding secretary, Mrs. Paul Martis, Jr.; treasurer, Mrs. Raymond Torpey; and program chairman, Mrs. Dean Stork.

It was announced that Thomas Ludwig, violinist, will be one of three artists to perform for the Grosse Pointe Symphony Society on March 1. He is the son of Mr. and Mrs. Leon Ludwig.

The Lansing Choral Society will be performing "Elijah" on May 5. Anyone in the area who is interested is invited to sing with the group. For further information please call Mrs. Jack Stenberg at 224-6154.

On March 5 the club will meet at the First Congregational Church for their Lenten program.

MARY RENEE KUNTZ

### Engaged

Mr. and Mrs. Anthony Kuntz of 506 South Oakland, St. Johns, announce the engagement of their daughter, Mary Renee to Dennis H. Pohl, son of Mr. and Mrs. Carl N. Pohl of Westphalia. A June 12 wedding is being planned.

MR AND MRS THOMAS FABUS

### Mr and Mrs Fabus make home in Ashley

At a candlelight service in St. Cyril's Catholic Church in Bannister on Friday, Feb. 6, Miss Susan Fowler, daughter of Mr. and Mrs. Alfred Fowler of Ashley, became the bride of Thomas Fabus, son of Mrs. Joseph Fabus and the late Joseph Fabus of Ashley.

They received the sacrament of matrimony in celebration of the nuptial Mass from the Rev. Edward Konecicka assisted by the Rev. Mr. Wayne Sparks in presence of the immediate families. Attendants were Miss Linda Bradske and Joe Fabus, brother of the groom.

Following the ceremony, a dinner and reception were held in the Elsie Village Inn banquet room which had been decorated for the occasion. Guests were present from St. Johns, Durand, Lansing, Grosse Ile and Ashley.

Both the new Mr and Mrs Fabus are graduates of Ashley High School. Mrs. Fabus attended Central Michigan University and is a teacher in the Ashley Community School System.

Mr. Fabus is employed at Olds in Lansing and is also attending Michigan State University as a graduate student.

The couple will be making their home in Ashley.

**WARNKE** — A boy, Jeffrey Lynn, was born to Mr and Mrs Anthony Warnke of R-2, St. Johns, on Feb. 6 at Carson City Hospital. He weighed 5 pounds, 14 ounces. The baby has one sister. Grandparents are Mr and Mrs A. E. DeVuyt, Ithaca. The mother is the former Sharon DeVuyt.

**WATERS** — A girl, Leann Marie, was born to Mr and Mrs Donald James Waters of 9301 Riley Road, Elsie on Feb. 9 at Clinton Memorial Hospital. She weighed 9 pounds, 13 ounces. The baby has two brothers and one sister. Grandparents are Mr and Mrs E. S. Cornelius of Midland and Mrs Charles Waters of Flint. The mother is the former Leone Cornelius.

**FOSGETT** — A boy, Gregg Edward, was born to Mr and Mrs David Wayne Fosgett of 1004 E. Cass Street on Feb. 8 at Clinton Memorial Hospital. He weighed 7 pounds, 13 1/2 ounces. The baby has one brother. Grandparents are Mr and Mrs Edward Sherman of Gladwin, Michigan and Mrs Rachael Fosgett of Oswego, Illinois. The mother is the former Joy Sherman.

**ELAINE RUHL**  
Engaged  
Mr and Mrs Arnold Ruhl, S. Wright Road, Fowler, announce the engagement of their daughter, Elaine to Martin H. Miller, son of Mr. and Mrs. Marvin Miller of Bauer Road, Fowler.

The bride-elect and the prospective groom are 1968 graduates of Fowler High School. Miss Ruhl is employed by the Michigan Department of Agriculture. Her fiancé is employed by the Motor Wheel Corp. in Lansing.

A fall wedding is being planned by the couple.

### Joyce Searles bride of William Huff II

The St. Johns Nazarene Church was the scene of the double ring ceremony uniting Joyce Marie Searles and William Russell Huff II on Saturday, Feb. 7. The ceremony was performed by the groom's uncle, Rev. Raymond Beuthin Jr. Rev. Wesley Manker assisted.

The bride is the daughter of Mr. and Mrs. Willard D. Searles of 2505 West Parks Road, St. Johns and the groom is the son of Mr. and Mrs. Alphonse Huff of 7979 Gratiot Road, Saginaw.

Given in marriage by her father, before an altar banked with blue and white mums, the bride entered in a floor-length gown with a bodice of white applique which was accented by pearls. She carried a bouquet of white carnations and mums accented by white streamers.

Miss Ruth Ann Grey, maid of honor wore a blue floor-length gown with an empire waistline, long sleeved in bonded lace, Miss Cindy Searles, sister of the bride, assisted as bridesmaid and wore a pink gown identical to the maid of honor. Niece of the bride, Brenda Searles was the flower girl and wore a gown in Nile green. Each carried bouquets of white mums and colored carnations to match their gowns.

Harley Timm served as best man with Dennis Huff, brother of the groom serving as groomsman. Randy Searles was the ring bearer. Cousins of the groom, Tim Beuthin and Charles Beuthin seated the guests.

A reception immediately following the ceremony was held in the home of the bride's parents with 175 guests present.

A four-tiered wedding cake was made by the bride's aunt, Mrs. Lucille Davis.

After the couple return from their honeymoon they will reside at 7979 Gratiot Road in Saginaw.

MR AND MRS WILLIAM R. HUFF II

### Students give program for Woman's Club

St. Johns Woman's Club held their Feb. 18 meeting in the home of Mrs. Clifford Lambert. Mrs. Walter Graham, president, presided at the business meeting.

Mrs. John Rumbaugh, chairman of Home, Life and Religion opened the meeting with a prayer taken from the General Federation Book of prayers which is a collection of favorite and original prayers written by its members.

Chairman of the day, Mrs. Lambert, introduced Mr. Algie Watkins, director of vocal music at the St. Johns High School. He brought students who presented the program with its theme, "A American Music." They developed the program with biographies of noted composers and recordings of their work.

Ann Davis and Margaret Castner gave biographies of Ives and Copland. Musicals and Variety composers were described by Bob Friesen and Linda Patton.

The Marching Band, an American institution, and its history was given by Sue Sibley. A film was shown of our own St. Johns Marching Band giving a performance on the football field at Michigan State University.

Dave Gombosi gave the story of Jazz, another American institution, with biographies of some of its best known performers. The history and development of Western and Country music with recordings was given by Harry Lance. Closing the program a Chorale was sung by the group.

Mr. Watkins favored the group with a piano solo from Chopin as refreshments were served by the committee, Mrs. Roy Davis, Mrs. Harold Millman and Mrs. Dorr Anderson.

The next meeting on March 4 will be held in the home of Mrs. John Rumbaugh. As this year marks the Diamond Anniversary of the Michigan Federation, the program will be on a history of Woman's Clubs in the state and nation given by Mrs. Harold Millman.

Election of officers will be held.

### MEETINGS

Mrs. Lawrence Mack of Ovid presented a program on her trip to Romania last fall to members of the Travel Department of the Ovid Crescent Club.

The meeting was held in the home of Mrs. Winfield Aldrich on Monday, Feb. 16. Chairman, Mrs. James Whittemore conducted the business meeting with 10 members present.

Mrs. Mack was accompanied on her trip by her father-in-law, Ferdinand Maximuk of Ovid, who is a native of Romania and Mrs. Lloyd Savole of San Francisco. Renting a car in order to visit relatives they traveled 2,600 miles throughout the country and their movies showed the results. Today behind the Iron Curtain. She showed the group many mementos that she had brought back from her travels.

Lunch was served by Mrs. Aldrich assisted by Mrs. Josephine Smith.

The February meeting of the River Wabways Chapter of the Daughters of the American Revolution was held in the home of Mrs. Van Hoag.

Mrs. Manning Ross, Regent, opened the meeting with the ritual and regular order of business after which she introduced Cathy Cronkrite, member of the DAR Good Citizen award and her mother, Mrs. Richard Cronkrite who were guests for the meeting.

Guest speaker, Mrs. Adele Jones spoke on George Washington, as he always signed his name, telling of him as a human being and of little known facts of his life rather than depicting him as a hero, and of his human qualities, innate simplicity and goodness.

Mrs. Bross announced the American History Month was being observed and that the children in St. Joseph Catholic School were writing essays for a contest. This is not a new project of the group but has been done for many years.

Mrs. Henrietta Prince sent a communication to the meeting written by Clarence Manion, Professor of Constitutional Law and Dean Emeritus of the University of Notre Dame Law School. Mrs. Goldie Brooks read the "Supremacy of the Supreme Court" theme to the members.

Welcome Wagon Newcomers Club will meet Wednesday, March 4 at 8 p.m. in the Community Room of the Central National Bank. Mrs. Shirley Moon will present wig fashions and three members will model. They are Mrs. Rollin Huard, Mrs. Howard Gentry and Mrs. Maynard Casler.

Bingham Grange will meet at the hall on Friday evening, Feb. 27 at 8 p.m. Business meeting will be followed by light refreshments.

Legal secretaries dinner meeting at the L&L was held on Feb. 18 with 15 present. Trooper

Mrs. Mary Masarik before she lost 75 pounds (left) and today (right) is a tribute to her will power and the TOPS program. Mrs. Masarik has been chosen as the or-

ganization's "queen of the year"— an honor bestowed on the member losing the most weight during the last year.

## Mary Masarik TOPS Queen

Mrs. Mary Masarik has been named to reign as TOPS Queen of the Year. A charter member of the group, she has been on a weight losing program for nearly a year and has lost a total of 75 pounds. She plans to continue to the group until she loses another 25 pounds.

"Forget you are on a diet" says Mrs. Masarik, "that's how it is done. If I can't seem to wait until the next meal I will take a walk and go downtown."

Mrs. Masarik is a crossing guard at Perrin-Palmer Schools and says "when the children at my crossing notice that I look different it encourages me to go on. You don't think children notice but they do."

Along with the other 17 members of Take Off Pounds Sensibly she attends weekly Thursday evening meetings at the Com-

munity Room of the Clinton National Bank. Each week the member that loses the most weight for the week becomes the "queen of the week" and each month a queen is chosen from the member who has the largest weight loss for the month.

Members of another St. Johns Club, the Fading Roses and also

the Fowler Fadeaways joined in the celebration and presented Mrs. Masarik with gifts. Three former members were also among the visitors.

Mrs. Masarik and her husband, Rudolph have been residents of St. Johns for 44 years and live at 305 W. Lincoln. They are the parents of a son, Rudolph and a

daughter, Mrs. Mary Bond of Lapeer and have 12 grandchildren.

After completing her total weight loss of 100 pounds Mrs. Masarik will be known as KOP in Waiting and after three months and no further weight gain will graduate to KOP—Keep Off Pounds Sensibly.

### MEETINGS

In observance of the 25th anniversary of the Maple Rapids Chapter of Blue Star Mothers a group of 50 guests and members met at the Methodist Church on Wednesday evening, Feb. 18 for a cooperative dinner.

A birthday cake was made for the occasion by Chapter treasurer, Mrs. Gail Forch.

Special guests were Department First Vice-President, Mrs. Marge Fleagle from Greenville, members of the Maple Rapids Library Board and members of the St. Johns Chapter.

Mrs. Robert Upton of the Library Board accepted a flag presented to the library by Mrs. Nina Freed.

Highlights of the earlier years of the Chapter activities were related to the group in a presentation given by Mrs. James Sowle, who has held a chapter office for 23 of the 25 years. Next in number of years service is Mrs. Ervin Upham who has held an office in the chapter for 20 years. Both Mrs. Sowle and Mrs. Upham are charter members and were instrumental in starting the chapter.

Mrs. Mabel Maler of St. Johns read a poem that she had written for the occasion. Mrs. Maler with Mrs. Rose Wilkie also of St. Johns, installed the first officers of Maple Rapids Chapter on Feb. 21, 1945 and were both present for the event.

Togetherness

Scouting is a family affair at the Marvin Whitford household. Joan and Marvin Whitford are both leaders and their sons, Gary and Raymond, middle row, are members of their father's Boy Scout Troop and their other sons, Douglas and Jody, front are members of their mother's Cub Troop. (See story on page 14B)

### Engaged

WACOUSTA(c) — Mrs. Lester Masters of Perry announce the engagement of their daughter, Christine Lynn to A. I. Charles Lee Openlander, son of Mr. and Mrs. Herman Openlander of 8101 Clark Road, Wacousta. Miss Masters is the daughter of the late Lester Masters.

The bride-elect is a 1967 graduate of Perry High School and is employed by the State Dept. of Social Services.

The prospective groom is a 1967 graduate of Grand Ledge High School and is stationed at McCoy Air Force Base in

CHRISTINE MASTERS

Florida. The couple is planning a June wedding.

### Births

Clinton's Citizens of Tomorrow

FOWLER(c) — FOX—A boy, Chad Russell, was born to Mr. and Mrs. Clare Fox of Mount Pleasant on Feb. 17 at Alma Hospital. He weighed 6 pounds, 12 ounces. Grandparents are Mr. and Mrs. Harold Adams of Hubbardston. The mother is the former Nancy Adams.

FOWLER(c) — FOX—A boy, "Brian," was born to Mr. and Mrs. Daniel Fox of Warren on Feb. 17. He weighed 7 pounds, 7 ounces. Grandparents are Mr. and Mrs. Joseph Koenigsnecht of Fowler and Mr. and Mrs. Paul Fox of Fowler. The mother is the former Jane Koenigsnecht.

### Engaged

Mr. and Mrs. Wheeler Wilson of Maple Rapids Road, St. Johns announce the engagement of their daughter, Rhonda Lynn to Thomas Dee Cooper, son of Mr. and Mrs. Hollis Dee Cooper of Middleton.

The bride-elect is a graduate of Ferris State College, School of Cosmetology and is presently employed at Ruth Warren Beauty Shop in Maple Rapids.

The prospective groom is a junior, majoring in Business Administration at Central Michigan University.

A June wedding is being planned by the couple.

## Thomas Ludwig to perform 'Spohr'

Thomas Ludwig, 17, son of Mr. and Mrs. Leon Ludwig of 301 N. Lansing Street, St. Johns, will perform the Spohr Violin Concerto accompanied by the Grosse Pointe Symphony Orchestra on Sunday, March 1 at 2 p.m. in the Grosse Point North High School (Vernier and Morningside) as part of the program in their concert series.

Ludwig graduated this month from Lincoln College Preparatory School in Philadelphia and

has been attending the New School of Music there, studying violin under Jascha Brodsky.

He spent the past two summers at Tanglewood Music Camp in Lenox, Mass. where he had a scholarship with the Young Artist Program under the auspices of Boston University.

He was the co-winner of the Zerouanton Award for Strings last spring, a contest held for string players from around the state.

While in Detroit, he studied violin for six years with Morris Hockberg and one year with Mischa Mischakoff of the Detroit Symphony.

He plans to spend some time this spring in St. Johns with his family.

### LEGION NOTES

Edwin T. Stiles Unit 153 of the American Legion Auxiliary held their regular meeting on Tuesday, Feb. 17 at 8 p.m. President, Kay Mishler presided.

The unit voted to be the sponsoring Unit for the Ovid-Elsie Special Education children in the Poppy Poster Contest and also to have a special Unit prize for the winner.

The group will make a donation from the Community Service Fund to the Roy Droste family who suffered the loss of their home by fire last week.

An article on Americanism was read and various patriotic symbols used by different groups were shown by Kay Mishler, in the absence of Maureen Mesh, Unit American chairman.

Hostess for the refreshments was Trudie Masarik.

ANDREW JACKSON

American Legion Auxiliary Unit 412 held an initiation for three new members at their Feb. 10 meeting. Mrs. John Shirley, Mrs. Gordon MacCowan and Mrs. R. V. Allen received the membership pin.

Plans are underway for a rummage sale, sponsored by the Unit, to be held early this year.

The organization is very anxious to have the eligible wives or daughters of the Vietnam Veterans join the Auxiliary. Those interested in joining may get in touch with membership chairman, Mrs. Keith Perry, IV 7-5384. Meetings are held the 2nd and 4th Tuesday of each month.

### CHURCH NEWS

Andrew Jackson from Big Rapids, Mich., will return to the Ovid Union Lenten Services by popular request, Sunday, Mar. 1, 7:30 p.m. "Andy" as he is better known to the young people will sing and play the guitar as well as speak at the Lenten Service to be held at the Ovid United Church on West Front Street in cooperation with other churches in the area.

Mr. Jackson was born in Chicago, Ill. As a boy, he moved to White Cloud, Mich. with his family. He graduated from White Cloud High School, then went to Albion College. He later graduated from Ferris State College with a BS Degree. He was a teacher in the Tri-County Area School System in Howard City for three years and is presently teaching in the Big Rapids High School. Andy is a member of the Big Rapids First United Methodist Church, a member of the choir, a lay speaker and a member of the Board of Lay of the Central Michigan District. He is well known throughout the area as a lay preacher, a singer and a camp counselor.

The Bannister United Methodist Church will have charge of the worship Sunday evening. These services are interdenominational and open to the entire community.

# Capital stock increase voted by stockholders at Clinton National

Shareholders of Clinton National Bank & Trust Co. voted to increase the bank's capital stock by \$439,200 at their annual meeting in St. Johns Thursday.

The capital increase will be accomplished by the issuance of a stock dividend, subject to the approval of the Administrator of National Banks, and will bring the bank's total of common stock outstanding to \$1,171,200 at par value.

In his review of the bank's annual statement, John A. Rumbaugh, executive vice president, reported a 13.5 per cent increase in total resources and a 12 per cent increase in deposits during the past year. The bank's resources exceeded \$40 million at year-end and deposits reached a total of nearly \$37 millions, Rumbaugh said.

Stockholders re-elected the bank's 15 directors: Orval W. Antcliff, William W. Barber, Roy F. Briggs, Victor F. Brya, Robert A. Conn, Vernon Eastlick, Charles J. Matthews, George Palmer, John A. Rumbaugh, Conrad Selim, Jr., Roman P. Thelen, Fred H. Tiedt, Lorenz A. Tiedt, Brandon C. White and Ink White.

At a session following the annual meeting, directors re-

selected Lorenz A. Tiedt as chairman of the board and Ink White as president for the coming year. Other incumbent officers re-elected are:

John A. Rumbaugh, executive vice president; Brandon C. White, administrative vice president; Gayle Desprez, vice president and cashier; Fred H. Tiedt, Victor F. Brya, C. Lester Jenkins, Paul A. Schueller and Charles B. Huntington, vice presidents; Charles J. Halfmann, assistant vice president; Arden J. Cook, James Cathey, Stanley R. Loznak, Dennis Flegel, Charles J. Mathews, Michael Everts and Grace Cook, assistant cashiers.

## Shepardsville

By Lucille Spencer

The St. Johns WSCS have invited the Shepardsville WSCS to attend a Lenten breakfast on Mar. 10 from 9 to 11 a.m. at Niles Hall. The Conference Spiritual Growth Chairman of Lansing will be the speaker. Reservations must be in by Mar. 6.

Mr and Mrs Clare Alderman called on his mother and sister in Midland on Sunday afternoon, Feb. 15.

Auctioneer Bob Shnabery in action.

The committee in charge of the World Day of Prayer has been contacted and it was put in the minutes that there would not be an observance in Ovid this year.

Mrs Lyle Davis spent the weekend at her daughter's home in Farmington. She looked after the children while the parents spent the weekend in Windsor.

# What am I bid? What am I bid? C'mon, now . . . it's auction time

By BOB CALVERLEY  
News Staff Writer

"We have an Oliver 1900 diesel. Live PTO, power steering, three point hitch, good tires, where you gonna start?" said the auctioneer.

A congregation of farmers with rough blustery faces, high boots, faded overalls, and coarse plaid shirts edged closer to the tractor in the center of the barn. "Smell that diesel fuel. Smells good."

The hollow crackle of the diesel, and fragrant, biting fumes filled the air.

"You want power? You better buy that tractor."

It was an auction at Al Galloway's.

The buyers began arriving before 9 a.m. Friday to look over the equipment.

"The largest selection of tractors you'll see in Michigan," said Galloway.

"...twenty-nine and a half twenty-nine seventy-five now three will you give me thirty-one thirty and a half down there will you give me thirty-one..." sings the auctioneer.

The buyers came from as far away as Missouri although most were from within a radius of 70 miles. There were 360 registered buyers and about 800 people

Buyers examine one of Al Galloway's tractors at auction.

dropped in some time during the day.

"...thirty two will you give me thirty-three mbd thirty-two will you give me thirty-three-who'll say thirty-three--c'mon boys, that's not even wholesale--I've got thirty two will you give me thirty-three thank you thirty-two and a quarter will you..."

Assisting Galloway at the auction were Joe Heltman, Bob Shnabery, Colonel Ray Tosch, Jim Sykora, and Bob Ledebuhr some

of whom also sell used farm equipment. Galloway participates at their auctions.

"We moved over \$120,000 worth of equipment," said Galloway, 70 tractors and more than 120 other smaller items were sold.

All day farmers drift in and out of the auction barn. A line of tractors and other implements enters one end of the barn and exits at the other sold. In the corner ladies sell hotdogs and

coffee.

"...I've got thirty-three will you give me thirty-four now thirty-three and a quarter will you give me thirty-four do hear thirty-four boys the bumper's worth that much -I've got thirty-three and a quarter now thirty-three fifty will you give me thirty-four do I hear thirty-four now thirty-three fifty do hear thirty-four...will you give me thirty-three seventy-five.... Sold!"

## Wins service certificate

Mike Fleischer (center) was awarded a graduation certificate last week for completion of courses in ignition, steering and electrical association at the Lincoln - Mercury training center in Detroit. Fleischer, a mechanic at Stan Cowan Lincoln-Mercury in St. Johns, is presented the certificate by William Theakston, a technical service representative for Lincoln-Mercury, while Stan Cowan, owner of the dealership, looks on.

## Cowan leads in contest

Lincoln-Mercury announced today that Stan Cowan Mercury, St. Johns, leads its division in the "Passport To Pleasure" contest being conducted in more than 200 dealerships. Winners of the contest, which has been under way since early January, will enjoy an eight-day European holiday. Each Supervised Lincoln-Mercury dealer will be competing with other dealerships of similar size and potential. Winners will have their choice of vacation spots which include: Lisbon, Portugal, Costa Del Sol, Spain or Tangiers in Morocco.

noon of visiting and refreshments.

Twenty members of Wacousta Chapter attended the friends night at the Grand Lodge OES 14, Thursday night. Mrs Don Morrow and Mrs Glen Trommner presented a piano and organ duet.

Mr and Mrs Roger Waldo entertained the officers of the Grand Lodge Masonic Lodge and their wives for dinner Saturday evening.

Mr and Mrs Frank Wright have returned after visiting their son, Randy Wright and family at Fort Hood, Texas. Randy has served his time in the Army and he and his family are returning to Michigan.

Mrs Earl Rowland had surgery in St. Lawrence Hospital Tuesday morning.

## Bannister

By MRS. ROBERT VALENTINE — Phone 862-4342

Mr and Mrs Albert Ensign, Cathy and Elizabeth traveled by train to Kansas City, Mo. this past weekend to attend the wedding of their son and brother.

The Bannister United Methodist Women's Society of Christian Service met Wednesday evening in Wesley Center. Mrs Edna Nowlin gave the lesson on "Praying Hands." Mrs Ivan Hoffert explained the worship center and gave devotions. Mrs Thomas Bradley, president of the society, reminded members of the World Day of Prayer services to be held at Bannister on Mar. 6 at 1:30 p.m. Mrs Bradley's son, Tom will show slides from his peace corp work and talk on poverty. Plans were made to serve refreshments at the United Lenten Services on Mar. 1 when Bannister will be in charge of the service. Hostesses for the evening were Mrs Giles Coon, Mrs Walter Miller and Mrs John Schlarf.

Jeff Conway, a senior at Central Michigan University was the Sunday morning speaker at the Bannister United Methodist Church. The Junior Choir, directed by Mrs John Schlarf, sang the Anthem. Ushers for the service were Joe Hinkley and Brian Valentine.

Several from Bannister attended the second in a series of Lenten Services at Ovid United Church. Rev. Gerard Phillips of University Baptist Church in Lansing was the speaker.

Bannister area residents with Cub Scouts and Boy Scouts attended the Blue and Gold Banquet in Ejsie at the E. E. Knight Elementary School Sunday afternoon. Following a potluck dinner, Richard Williams of the Flint Post of the Michigan State Police showed slides and told of his work as a dog handler. He also introduced his German Shepherd dog which delighted the scouts and parents as well. Skits were performed by several dens, a demonstration by the boy scouts and awards were given out and a film on scouting was shown.

Mrs Florence Leydorf remains a patient at Carson City Hospital. Her condition is unchanged.

## Wacousta

Mrs Edward Kraft — 827-2039

Mrs Carl Miller was guest of honor at a surprise hankie shower honoring her birthday, Saturday at the home of Mrs Lewis Babbitt. Twenty OES officers attended. All enjoyed the after-

TIMES HAVE CHANGED

Below is a List of Doctors Published in the Local Newspaper in 1900

Doctors Residing in Clinton County and Licensed to practice in Michigan.

The following is a list of physicians residing in Clinton County who have been licensed to practice medicine and surgery in the state of Michigan by the state authorities:

Table with columns: NAME, AGE, and PRACTICE. Lists doctors from various towns like Essex, Eagle, Greenbush, Dewitt, Dallas, Bath, Watertown, Westphalia, Bingham, Ovid, Duplan, and Riley.

SO HAS MEDICINE AND PHARMACY!

90% of the medicines in use today were not known 20 years ago.

Days off from work due to illness is much less than 50 years ago.

Life expectancy is much longer now than it was 70 years ago.

We at Parr's try to keep informed about all the new medications so that we can assist your doctor in his choice of medicines.

HAVE YOUR NEXT PRESCRIPTION FILLED BY US!

Liquid fertilizer firm worldwide

A company which pioneered the concept of foliar feeding and today is the largest enterprise in the world devoted exclusively to the manufacture and marketing of liquid fertilizer, had its beginning in 1946 at Marion, Ohio. During that year, the late Ben Peterson formed Na-Churs Plant Food Co. to package small bottles of his special formula fertilizer for the lawn and garden market.

As demand for the product spread—to farmers with special interest in obtaining high yields of quality grains, fruits or produce—the company was moved out of the small one-block building in which it originated and a program of expansion began. Today the No. 1 plant at Marion has been joined by factories in London, Ont. (built in 1960), Winter Garden, Fla., and Richfield, N.Y.—all producing the liquid fertilizer which is marketed internationally through some 1,200 crop service representatives.

They provide customers with soil tests handled in Na-Churs modern laboratories (established at Marion in 1966), help in planning balanced crop feeding programs, and assist in installing planter and grain drill kits which automatically feed measured amounts of liquid fertilizer in the row at planting time.

The fertilizer can be applied in the row, in deep placement beneath newly planted seed, in transplanting operations and in foliar feeding. Researchers proved with radioactive materials that plants absorb significant amounts of nutrients through their leaves and stems. That was the start of a whole new concept of spray feeding growing crops.

The company moves its product to 100 distribution points in the United States and Canada via 100 railroad tank cars and a fleet of tank trucks. Delivery is made to an estimated one million farmers using trucks to fill Na-Ch

# Obituaries in the Clinton County area

## Michael E. Sulkowski

Michael E. Sulkowski, 64, of 6313 N. Porter Avenue, East Lansing, died Saturday, Feb. 21 following a short illness.

Funeral services will be held today, Wednesday, Feb. 25 at the Osgood Funeral Home at 11 a.m. Burial will be in the Chapel Hill Cemetery with Rev Eugene Freisen officiating.

Born in Pennsylvania, he has resided in the Lansing area for 35 years. He married Carrie B. Jaquish in Lansing in 1944.

Survivors include his widow, Carrie; four sisters, Mrs. Anna Schultz of Saginaw, Mrs. Genevieve Withall of East Lansing, Mrs. Josephine Zalman of Dearborn and Mrs. Helen Simons of Saginaw.

## Catherine Gilroy

Mrs. Catherine Gilroy, 41 of R-6, St. Johns died Saturday, Feb. 21 at Sparrow Hospital following a short illness.

Funeral services were held at St. Joseph Catholic Church in St. Johns on Tuesday, February 24. Bible services were held Monday, Feb. 23 at the Osgood Funeral Home.

She was a member of St. Joseph Catholic Church.

Surviving are her husband, Robert; three sons, Robert, Todd and Dean; and two daughters, Linda and Sherry all at home; her parents, Mr and Mrs Donald Charles of Brimley, Mich.; seven brothers, Donald and Jerome of Lansing, Robert, LaJolie, Jim, George and Kenneth of Brimley; four sisters, Mrs. Roberta Chick-arin of Worcester, Mass., Mrs. Annabelle Gordon and Helen Charles of Lansing, and Debra Charles of Brimley.

## George D. Leckenby

ELSI(c)—George D. Leckenby, 78, of 19131 Ridge Road, Chapin, died early Tuesday morning in the Osgood Memorial Hospital after an illness of several years.

Funeral services were held Thursday at the Carter Funeral Home in Elsie with the Rev. Monroe Frederick officiating. Burial was in Ridge Road Cemetery.

Mr. Leckenby was born in Chapin Township Sept. 18, 1891, the son of William and Sarah Leckenby. He had resided at the Ridge Road address all of his life. His life work was farming. He was married to Marcia Fowler, who died in 1956.

Surviving are a son, Charles of Chapin; one sister, Mrs. Mame Runyan of Cape Coral, Fla.; and four grandchildren.

## Katie A. Stambaugh

Katie A. Stambaugh, 82, formerly of 1001 Wight Street, St. Johns, died Wednesday, Feb. 18 at the home of her daughter in Tawas City following a short illness.

Funeral services were held Saturday, Feb. 21 at the Osgood Funeral Home in St. Johns with burial in the Mt. Rest Cemetery. Rev. Harold Homer officiated.

Born in Eaton County, she had resided in the St. Johns area for 50 years and has made her home with her daughter the last four years. Her husband, Orla died in 1941.

Survivors include two daughters, Mrs. Ellen Cressman of Harrison and Mrs. Mildred Baker of Tawas City; three stepdaughters and five stepsons; nine grandchildren and 26 great-grandchildren.

## Susan Wiggins

Funeral services will be held Thursday, Feb. 26 at 1 p.m. at the Coker Funeral Home in Farwell, Mich. for Mrs. Susan Jane Wiggins who died Sunday, Feb. 22 at the Clinton Memorial Hospital. She was 70.

She has resided recently with a daughter in St. Johns moving from Ovid. Her husband, Isaac and a son, Glenn preceded her in death.

Survivors include three daughters, Mrs. Theresa Brown of Farwell, Mrs. Mildred Hyler of St. Johns and Mrs. Geraldine Boles of Durand; a son, Lyle of Flint; 19 grandchildren; nine great-grandchildren; a brother, David of Durand; a sister, Mrs. Mabelle Schweitzer of Crosswell.

## Emily Steffens

Funeral services were held Monday, Feb. 23 at the Hoag Funeral Home in St. Johns for Emily A. Steffens, 63, who died Feb. 19 in Valley Baptist Hospital, Harlingen, Texas following a short illness. Burial was in Mt. Rest Cemetery with Rev. Averill Carson officiating.

A long time resident of St. Johns, Mrs. Steffens was a member of the Congregational Church and a member of the Yesper Division of the Woman's Fellowship.

Surviving are her husband, Russell; one daughter, Mrs. Howard Sousey of Lansing; one son, Richard of DeWitt; four grandchildren; three brothers, Martin and John Hoelzer of Clinton and Alfred Hoelzer of Ann Arbor; five sisters, Mrs. Floyd Lewis of California, Mrs. Walter Dau of New Mexico, Mrs. Roscoe Parker of Clinton, Mrs. Frank Davis of Northville and Mrs. D. A. Gank of Ferndale.

## Oldies but goodies

St. Johns Morning Musicale, in its observance of National Music Month are featuring a display of books by American composers at Bement Public Library. This year's theme is Parade of American Music. Musicale president, Mrs. Jeanne Bertoldi holds a copy of American composer, Stephen Foster's "Jeanie With the Light Brown Hair." Records supplied by the group; by other American composers, are being played daily throughout the month on radio station WRBJ.

## Open Letter from VAN W. HOAG

Dear friends,

The law requires that in all deaths a death certificate must be signed by the doctor, and usually the funeral director or secures this signature. If no physician was present at time of death, or if an accident, violence, or suspicious circumstances are involved, law requires that the death certificate must be signed by the coroner or medical examiner. This is to protect the public welfare.

Respectfully,

*Van W. Hoag*

## Mini-skirts safer, says Labor Department

Mini-skirts may be responsible for distractions which cause males to bump into doors or fall down stairs, but actually overdressing accounts for more mishaps on the job, according to the Bureau of Safety and Regulation, Michigan Department of Labor.

Proper dress at work is important to your safety, consultants of the Bureau's Safety Education and Training Division point out. "Dress for the job," they advise.

Loose fitting clothing, long shirt sleeves and cuffed trousers can become entangled in machinery and pull the wearer into a serious injury. Rings and long ties are also hazardous on certain jobs. Similar hazards exist for female employees who wear full skirts, sashes or jewelry while operating machinery.

Special dress or protective equipment such as safety shoes, safety glasses and hard hats are required for many jobs or are worn voluntarily by employees who are alert to their necessity. The consultants also call attention to the fact that employees who dress for safety receive the added benefits of neat appearance and comfort.

## County Line News

By Mrs. Doris Fisher

Salem United Methodist family night was held in the Church Undercroft, Saturday evening with 55 attending. There was a potluck supper at 6:30 p.m. Rev. VanLente showed colored slides of his family, the churches where he served as pastor and the police posts where he worked as a State Policeman.

Sunday at Salem United Methodist Church Rev. VanLente used as sermon topic "What is a Christian Experience?" Scripture reading Isaiah 6 Verses 1 thru 8 and Phillipians 3 Verses 8 thru 14. Opening prayer and the Lord's Prayer was read in unison. Responsive Reading "A Prayer of Penitence" was read responsively. "When I Survey The Wondrous Cross," was sung by the combined adult and youth choir. For junior time military dog tags were used to illustrate the thought of being "identified as God's Children" and "obey God's commands." Daryl Beck was candle lighter. Mrs. Harriet Schmid was organist. Ushers were Lyle Snyder Sr. and Earnest Wing.

Ladies of Salem United Methodist Church were in charge of the coffee hour at the united Lenten services held at Maple Rapids United Methodist Church, Sunday evening. Salem combined adult and youth choir furnished a special number in song accompanied at the piano by Mrs. Dennis Phillips.

Mrs. Gene Bates and children of rural Ithaca were Sunday visitors in the home of Mr and Mrs. Gill Baker and family. Those from this community who have just recently returned home from hospitals are Mrs. Mary Phillips, Mrs. Theo Purves and Maynard Beck.

# 'Sister city' doesn't lack hospitality

Imagine St. Johns without a newspaper and the only radio station broadcasting from a foreign country, most homes built on stilts with cooking facilities consisting of a pot underneath the floor and many homes without electricity or running water.

Imagine, also, your taxes costing only \$15 a year, and going for \$5 an acre and medical expenses almost non-existent (\$5 to have a baby).

If you lived in Stann Creek--St. Johns' sister city in the British Honduras--that's how you would live.

These impressions were recently expressed by three of seven people from St. Johns following a visit to Stann Creek as part of a program called Partners of the Alliance which stems from the Alliance for Progress, Councilman Jean Rand, repre-

sented government, Clinton County Intermediate School Supt. B. Stanley Pocuis, representing education, and Mrs. Eugene Friesen, representing area churches, were joined by Mr. and Mrs. Charles Hazle, representing the 4-H Club and two high school students, Dean Harper and Dianne Williams, representing youth. All were members of a committee which made the 10-day trip to Stann Creek.

"Each of us was hosted by a resident of our sister city and we lived in the homes of the natives," says Mrs. Rand. "It is very primitive from what we are accustomed to."

"But one thing they didn't lack was hospitality," she adds. "There was lots of that."

"The first people from St. Johns went down in May of 1968 to celebrate their settlement

day," says Mrs. Friesen. On this visit, Mrs. Rand presented their hosts with a plaque with the inscription: "Across the miles the hand of friendship is extended to our sister city Stann Creek from St. Johns, Michigan, U.S.A."

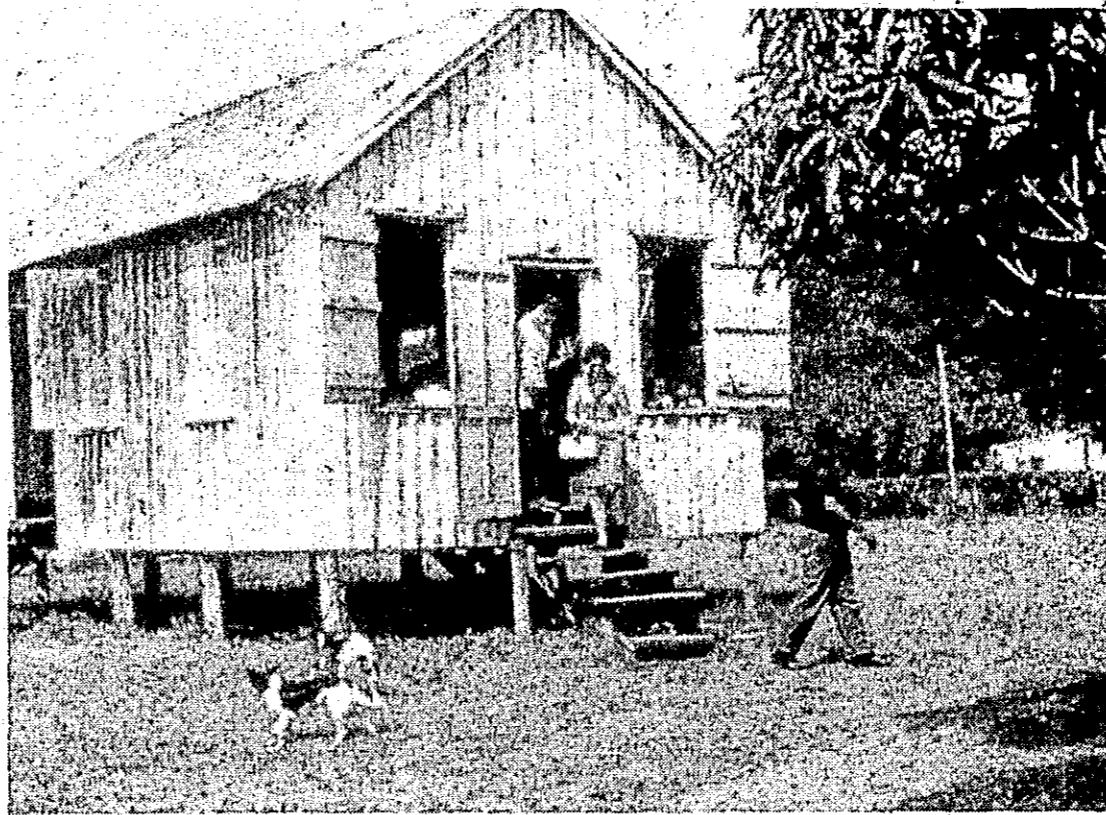

Pocuis says the visit was an opportunity to develop fellowship and acquaintances.

"Several of us had a reaction of friendliness and enthusiasm and you wonder why anyone would want to change them but they are changing," he says.

British Honduras this year becomes independent of England and will be known as Belize.

"My personal reaction is that they are very ripe to be exploited by people who have money," he adds.

"That's my reaction, too," says Mrs. Rand.

St. Johns delegation visited this school.

The group met with various community and governmental leaders and visited schools in the area.

"In my observation of the schools," says Pocuis, "the facilities were very poor from the standpoint of buildings but I did observe some very good teaching."

"The whole country is geared to a very slow pace," says Mrs. Rand.

"The city has no newspaper and the radio station is affiliated with the British Broadcasting Company (BBC) and carries British news."

"The main method of commun-

ication in Stann Creek is three black-boards--one in the middle of town and two on the other ends," says Pocuis.

"And when it rains all the messages are washed off," says Mrs. Rand.

"Homes are mostly very crude and simple," says Mrs. Rand. "They are built on stilts and they cook under the house."

"Chickens run through the yards," she adds. "I don't know how they determine who the chickens belong to. There are no windows, just boards they close when it rains."

"Homes in the new section looked just like the others be-

cause they build them out of old boards," says Pocuis. "Taxes are about \$15 a year."

"Over there it cost \$5 to have a baby because they have socialized medicine," says Mrs. Rand. "They never have a doctor unless there are complications. They have licensed midwives. They've got so many children," she adds. "I've never seen anything like it."

Mrs. Friesen estimates that 80 per cent of the country is Catholic.

"The Catholic Church has a lot of influence but I wouldn't say they are pushing their influence on the people," says Mrs. Rand.

These three travelers from St. Johns stopped by the Clinton County News office the other day to reminisce about their recent visit to Stann Creek, St. Johns' sister city in British Honduras. From left, are Mrs. Eugene Friesen, B. Stanley Pocuis and Mrs. Jeanne Rand.

## Film of Apollo 12 landing available

### Announcements

U.S. Rep. Garry Brown announced today that he has available for loan to schools, service clubs, community organizations and groups throughout the Third Congressional District, a newly released film on the space flight and moon landing of Apollo 12.

The 30-minute color film, entitled "Apollo 12--Pinpoint for Science," illustrates a manned spacecraft on the moon, November 19, 1969. Through commentary by Astronauts Conrad, Gordon, and Bean during their flight, and selected motion and still pictures taken by the astronauts, the NASA film provides an eye-witness review of their historic journey to a pinpoint landing on the Ocean of Storms.

Primary emphasis is given to lunar exploration by the crew, including deployment of scientific equipment, retrieval of parts of a Surveyor spacecraft which landed on the moon in 1967, collection of rock and soil samples, and photography.

For film reservations, please contact Congressman Brown's District Office in Battle Creek, Room 2-1-36, Federal Center, 74 North Washington Avenue,

Telephone: Area Code 616/962-1551.

Because of the anticipated heavy demand for the film, Con-

gressman Brown urges that reservations be made at the earliest possible date.

The St. Johns Knights of Columbus will hold its annual past grand knights banquet Sunday, March 1 at the Social Hall of St. Joseph's School. Tickets at \$2 each are available at Rehmman's Clothing Store in St. Johns.

A Director of your Bank  
A Public Spirited  
Community Booster

HAROLD S. BEARDSLEE

Born and raised in Ovid, Mr. Harold S. Beardslee accepted work in the Ovid bank following his graduation in 1910. He was paid the huge sum of \$25 a month. Following a short stint as a driver of a three horse team oil wagon for Standard Oil Company in California, Mr. Beardslee returned to the St. Johns area and banking in 1916. The following year, he was made assistant cashier in the Ovid bank and in 1920 was elected a Director. Mr. Beardslee was named president of the bank in 1950, a position he held until 1962. In 1962 Harold Beardslee retired from his position as president of the Ovid Bank and became a member of the board of Central National Bank, which now includes the former Ovid Bank.

Mr. Beardslee has been on the local school board for the past 12 years and has held many township and village offices over the years. We are grateful to have Mr. Beardslee as a director of Central National, where his many years of experience serve all our patrons well.

**New president**

Clinton County's drain commissioner, Dale Chapman received the president's gavel of the Michigan Association of Drain Commissioners, during that group's annual convention held recently at Jackson. Chapman, who has served as secretary-treasurer for the past three years assumes the reins from Roscoe DeVries, drain commissioner of Ottawa County. Observing the leadership change are Wendell Gee, left, Jackson County drain commissioner and far right, Vern Converse, drain commissioner from Calhoun County. The latter pair will be serving the state organization as first vice president and second vice president, respectively, while DeVries is now secretary-treasurer.

**St. Johns Schools hire new nurse**

Mrs Carolyn Moore has been hired as a nurse for St. Johns public schools filling a vacancy left by Princess Parker who resigned last June.

Mrs Moore, a 1967 graduate of Michigan State University, holds a bachelor of science degree in nursing.

She has two years experience as a public health nurse in Norfolk, Va.

Her husband, Richard, is employed at Motor Wheel in Lansing where he also attends evening classes.

The couple is from Lansing and now lives at 403 E. State Street in St. Johns.

CAROLYN MOORE

**And then the bell**

It's 3:10 p.m. at St. Johns High School. The halls are empty and the only audible sounds are muted voices behind closed classroom doors. Then . . . The Bell. And the day is over. It may be a bit unnerving if you're an adult caught up in the wave of students. But think back. It used to be one of the highlights of your day, too.

**St. Johns-Fowler to host Festival**

St. Johns and Fowler will host District 5 Band and Orchestra Festival Saturday, February 28th. 60 bands and orchestras will be performing. Fowler will be hosting the "D" high school, "D" and "B" Junior high school bands.

St. Johns Rodney B. Junior High will host the "C" High school and "D" Junior high school bands.

St. Johns High School will host all orchestra, "AA"-A-B high schools and "AA"-C" junior bands.

Performances at all sites will start at 8:00 a.m. with different school bands and/or orchestras performing approximately every 30 minutes, until 5:00 p.m.

Each group will be judged and rated with the first division bands and orchestras given the opportunity to continue on to the "State Festival".

The Public is cordially invited to attend all events and listen to these fine bands and orchestras perform. No admission fee will be charged.

**Karber honored by board**

Certificate of Appreciation was awarded to personnel of the local Selective Service Board in recognition of his outstanding public service to the nation, announced by Fred M. Lewis, chairman of the local board.

The award was presented at the Local Board office to James A. Karber, member of the local board, for 10 years of service.

In transmitting the award issued in the name of the President and the National Director of Selective Service, Colonel Arthur A. Holmes, State Director, declared "with this Certificate goes my sincere appreciation for your devotion to duty, your integrity and leadership and your demonstrated spirit of volunteer public service."

"These are the qualities which have made it possible for Selective Service to accomplish every mission assigned in peace or war. They are the qualities for which you have earned the respect of our fellow citizens. In no small measure they have contributed to the security of our nation."

The U.S. Department of Labor recently completed a demonstration program of vocational counseling and job placement which helped find 900 jobs for patients being discharged from the Fort Logan Mental Health Center in Denver.

**Curriculum committee plans report to board**

The citizen's curriculum committee met recently to hear the final report of the committee on language and communication arts. The committee hopes to make its report to the Board of Education in early March. Currently the teaching of Social Studies - history, government, geography, sociology, economics etc. is being discussed.

Bernice Urie, second grade teacher at Perrin-Palmer School and Evangeline Johnson, Central fifth grade teacher were present to talk about Social Studies in the elementary grades.

Mrs Urie said that social studies in the early elementary grades concerns community "helpers" like the policeman, postman, fireman, doctor's etc. In addition much use is made of stories in teaching about different races of people, geography, locations of cities and countries etc.

Maps and globes are used in the early grades too. Teachers would like supplementary readers with emphasis on social studies.

Mrs Urie advocates taking full advantage of the children's interests and activities to teach social studies.

For example, if someone takes a trip, this can lead to where they went and what was seen. They find the places on the map

and talk about the trip as a class.

The use of a textbook begins in the third grade. Textbooks used are:

--Third grade - "Working Together" This is basically a book about clothing, shelter, food, transportation etc.

--Fourth grade - "Regions Near and Far" This is devoted to a study of comparable regions in the United States and other countries. For example - Pittsburgh, an industrial city in the United States is compared to Bombay, India on the Asian Continent.

--Fifth grade - "Regions of the United States," Pacific Coast, New England, Southwest etc.

Sixth grade - Canada and Latin America.

Mrs Johnson explained the material covered in the textbooks and discussed some of the problems encountered. Of great concern is the lack of time to cover subject material in social studies as well as in other subjects. Difficulty is also experienced in getting movies and film strips on time. A need was also expressed for a world atlas in each room, unit tests and other materials.

There was considerable discussion concerning the pressure placed on kids to achieve competence in subject matter material. Are our children under too much pressure?

The idea was also expressed that while factual information is an important part of social studies, it is equally important to give children experience in how people live, work and get along together. How can we get along with each other? What causes conflict? Do we teach and understand cultural differences? These were some questions raised at the meeting.

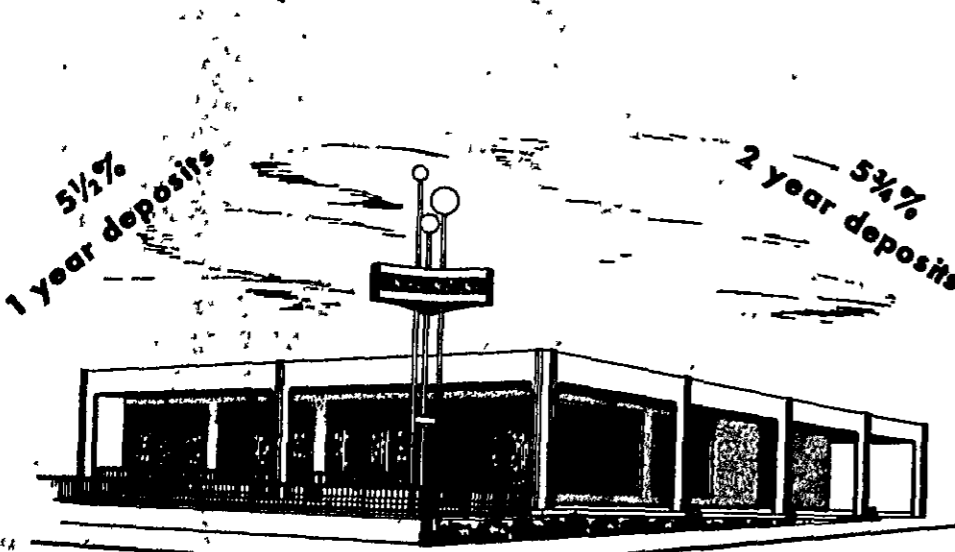

**New age**

One new single-level shoe factory with air-conditioning, improved conveyor systems, and specially-designed layouts can produce the same amount of work with 100 employees as several old-style, multi-story plants with 2,400 employees could turn out 20 years ago.

**We Care!** --- about the safety of your valuables

Have you ever stopped to think about safe deposit boxes? Really give the subject some thought? Ok. Who else but a bank provides this type of service? There are a great many institutions that are constantly telling you they have a savings plan or a borrowing program for you. . . but only a bank is truly a complete financial institution.

Only a bank offers checking accounts and Christmas Clubs and night depository and safe deposit boxes. . . and. . . well, do you suppose it is because only a bank really "CARES"? We know that here, at Central National, WE CARE!

**Central National Bank**

**New Camaro. Feb. 26th.**

**We've never announced a car at this time before. But then nobody's ever announced a car like this before.**

**Super Hugger**

If it were an ordinary sportster, we'd have introduced it at the ordinary time.

Instead, we took the time to build a whole new Camaro.

We started with a sleek new shape and a low road-hugging stance.

And added more hood. A faster fastback. Wider doors. And new deeply contoured bucket seats.

The instrument panel wraps around you. With enough dials to make you think you're piloting a 747.

There are four transmissions. And six power plants up to the Turbo-Jet 396 V8 that you can order.

Pick the one that best suits your driving. Then go pick on an open road.

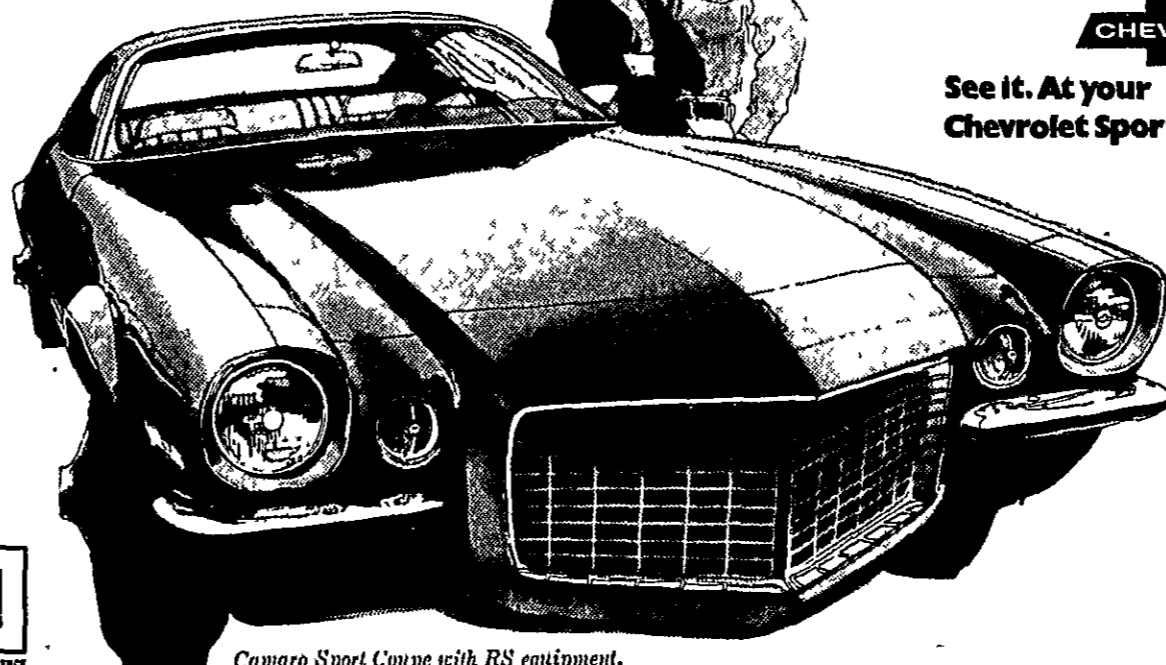

And make it one with plenty of twisting turns. Because Camaro has a remarkable new suspension. And standard front disc brakes for a leech-like grip on the road.

New Camaro. The Super Hugger.

Other sportsters always feared it might come to this.

And they were right. Only their timing was wrong.

Putting you first, keeps us first.

**See it. At your Chevrolet Sports Dept.**

**Clinton Memorial Hospital honors employes**

Mrs Shirley Craner was recently honored for her 25 years of services as a nurse at Clinton Memorial Hospital along with three retirees and several others employed with up to 20 years of service. Mrs Craner was presented a gold watch at the hospital's annual services awards dinner. Speaker for the evening was Dr. R. L. Wohlers, who showed slides of his Panama trip after a brief talk. Entertainment was provided by the Fowler Four, a barber shop quartet made up of the four Schmidt brothers of Fowler. Members of the board of directors attending the event were Lorenz Tiedt, Roy Briggs, Paul Nobis and Lawrence Sexton. Other employees honored for service to the hospital were: Mrs Maxine Parmelee, dietitian; Mrs Anna Suchowsky, housekeeper, and Mrs Anna Devereaux, nursing, all for 20 years. Mrs Dorothy Schoals, business mgr.; Mrs Gloria Willette, office mgr.; William Willett, laundry; Vincent Geller, maintenance; Mrs Nancy Barnes, nursing; Mrs Florence Decker, nursing; Mrs Jan Upton, office, and Mrs Mary E. Buggs, nursing, all for 10 years. Mrs Dioncia Rostas, house-keeper; Mrs Mary Saby, nursing; Mrs Emma Berkhausen, nursing; Mrs Georgia Metz, nursing; Mrs Mary Ewing, nursing, and Walter Sleeth, maintenance, all for five years.

**CELEBRATES 60TH BIRTHDAY**  
The brothers and sisters of Rev. Father Albert Schmitt celebrated his 60th birthday Sunday Feb. 22 at the home of Mr and Mrs Leon Spitzley of Westphalia.

**CELEBRATES 90TH BIRTHDAY**  
The children and grandchildren and great-grandchildren of Mr Arnold Bertram celebrated his 90th birthday Sunday Feb. 22 at the K. C. Hall in Fowler.

A birthday dinner was given at the home of Mrs Julius Simon Monday, Feb. 16. It was Mrs Simon's birthday. Guests were Mrs Ernest Thelen, Mrs Norman Thelen, Mrs Arnold Hufnagel, Mrs Gilbert Hengesback, Mrs Joseph Thelen, Mrs Bernita Hufnagel, Mrs Reynold Goerge and Misses Cecelia and Amelia Thelen.

Mr and Mrs Walter Braun of Ypsilanti spent the weekend with her mother, Mrs Rose Wieber.

Mr and Mrs Robert Mack of St. Johns visited her mother, Mrs Nora Braun Friday evening.

A total of \$347.15 was collected in the 1970 March of Dimes Campaign in Fowler. Collections were as follows: Mothers March \$216.05; Elementary Schools \$48.93; High School \$38.85; Organizations \$25.00; and canisters \$18.32.

Mr and Mrs Hillary Miller of Lansing visited his parents, Mr and Mrs Arnold Miller Sunday afternoon.

The 4-H members had a roller skating party in St. Johns Wednesday evening.

Mr and Mrs John Schneider of Owosso visited Mr and Mrs Arnold Miller Wednesday afternoon.

Mr and Mrs Clare Thelen went to Grand Rapids Friday evening to visit friends.

Mrs Martha Thelen and daughter, Pauline visited her mother, Mrs William Rademacher of Lansing Sunday afternoon.

Mr and Mrs Donald Thelen of Portland were visitors of Mr and Mrs Martin Thelen and family Saturday evening.

Bruce Campbell of Lansing was a visitor at the home of Mr and Mrs Martin Thelen and family Thursday evening.

Misses Josephine and Esther Long visited their cousin, James Long of Pewamo.

Norman Braun returned home last week from Carson City Hospital where he underwent surgery a couple of weeks ago.

# Redwings trip Charlotte, 84-78, but it's a struggle, Lakewood here next

By RON KARLE  
Editor

It was another one of those nights for St. Johns. The sort of night you are up against in most every ballgame when you're leading the pack. Everyone's up for you. And it was no exception Friday night at Charlotte.

The Orioles came out with a bang in the first quarter before the Redwings exploded for 33 in the second period—the only period St. Johns outscored their hosts—to hang on for a 84-78 victory.

The win was No. 14 against a single loss as St. Johns maintained its hold on a share of the West Central Conference lead with a 12-1 league mark.

It was Bob Rehmman leading the way with 25 points while Dean Eisler added 20 more and Dave Gaffney 18.

The Orioles were up by two at the end of the first period, 20-18, before the Redwings overwhelmed their hosts with the 33-point second quarter as Gaffney hit for 10 of his 18 in that period.

And at the half, St. Johns led by 12 points, 51-39.

Although St. Johns moved out in front at one point in the third period by 16 points, Charlotte kept after the Redwings, outscoring them 17-15 in the third period to cut the deficit to 10 points, 66-56.

Outscoring St. Johns by four in the final period, 22-18, the Orioles pulled to within four points with about three minutes left in the game.

**BOB REHMANN**  
25 point effort

Charlotte, which out-rebounded St. Johns 44-37, put on a balanced offense with five players in double figures.

Pacing the Oriole attack was John Mahan with 22 points and 19 rebounds. Clark Ballard and Paul Davis contributed 13 points each while Tom Richardson and Steve Wildern added 10 each.

The defeat left Charlotte tied for fifth place in the conference with a 5-8 league mark and 7-8 record on the season.

Once again, St. Johns played without starting guard Chuck Green who has been out of action for three weeks because of a back injury.

St. Johns 18 33 15 18--84  
Charlotte 20 19 17 22--78

**COACH JAPINGA**  
'Lakewood improved'

Head Coach Doug Japinga said he was unsure when and if Green would be ready to play again.

The Redwings host Lakewood Friday in the regular season finale.

Earlier this season, St. Johns defeated the Vikings, 82-64, but only after another comeback effort in which the Redwings overcame an early seven point deficit.

When asked if he thought Lakewood would be as tough this time around, Japinga said, "They will be even more so up here."

"They've made a great deal of improvement since we played them last," he added.

He noted that last week the Vikings knocked off Alma, 87-80, as their big man Lee Bosworth poured in 35 points and Gary Mast added 22.

"They get a hot hand and they're tough," said Japinga. "They do so many things they're not to be taken lightly. We can't afford the luxury to look past them."

## 8th grade Redwings in tourney

St. Johns eighth grade basketball team is among seven participating in the third annual Ovid-Elsie Junior High Basketball tournament this week.

The tournament, which opens today and continues Thursday with finals Saturday, will be held at the Ovid-Elsie High School gymnasium.

Other teams participating include last year's champion, Chesaning, plus Ovid, Elsie, Corunna, Laingsburg and Ithaca. Elsie won the first tournament in 1968.

St. Johns, with a 7-1 record—the only loss was by a single point—takes the best season record into the tournament.

Tonight's action has Ovid and Elsie pairing off at 5:30 p.m., St. Johns vs. Ithaca at 6:45 p.m. and Laingsburg and Corunna at 8 p.m. Chesaning has a bye.

Admission is 60 cents for adults and 35 cents for students.

## Martin leads in Fowler Bowl

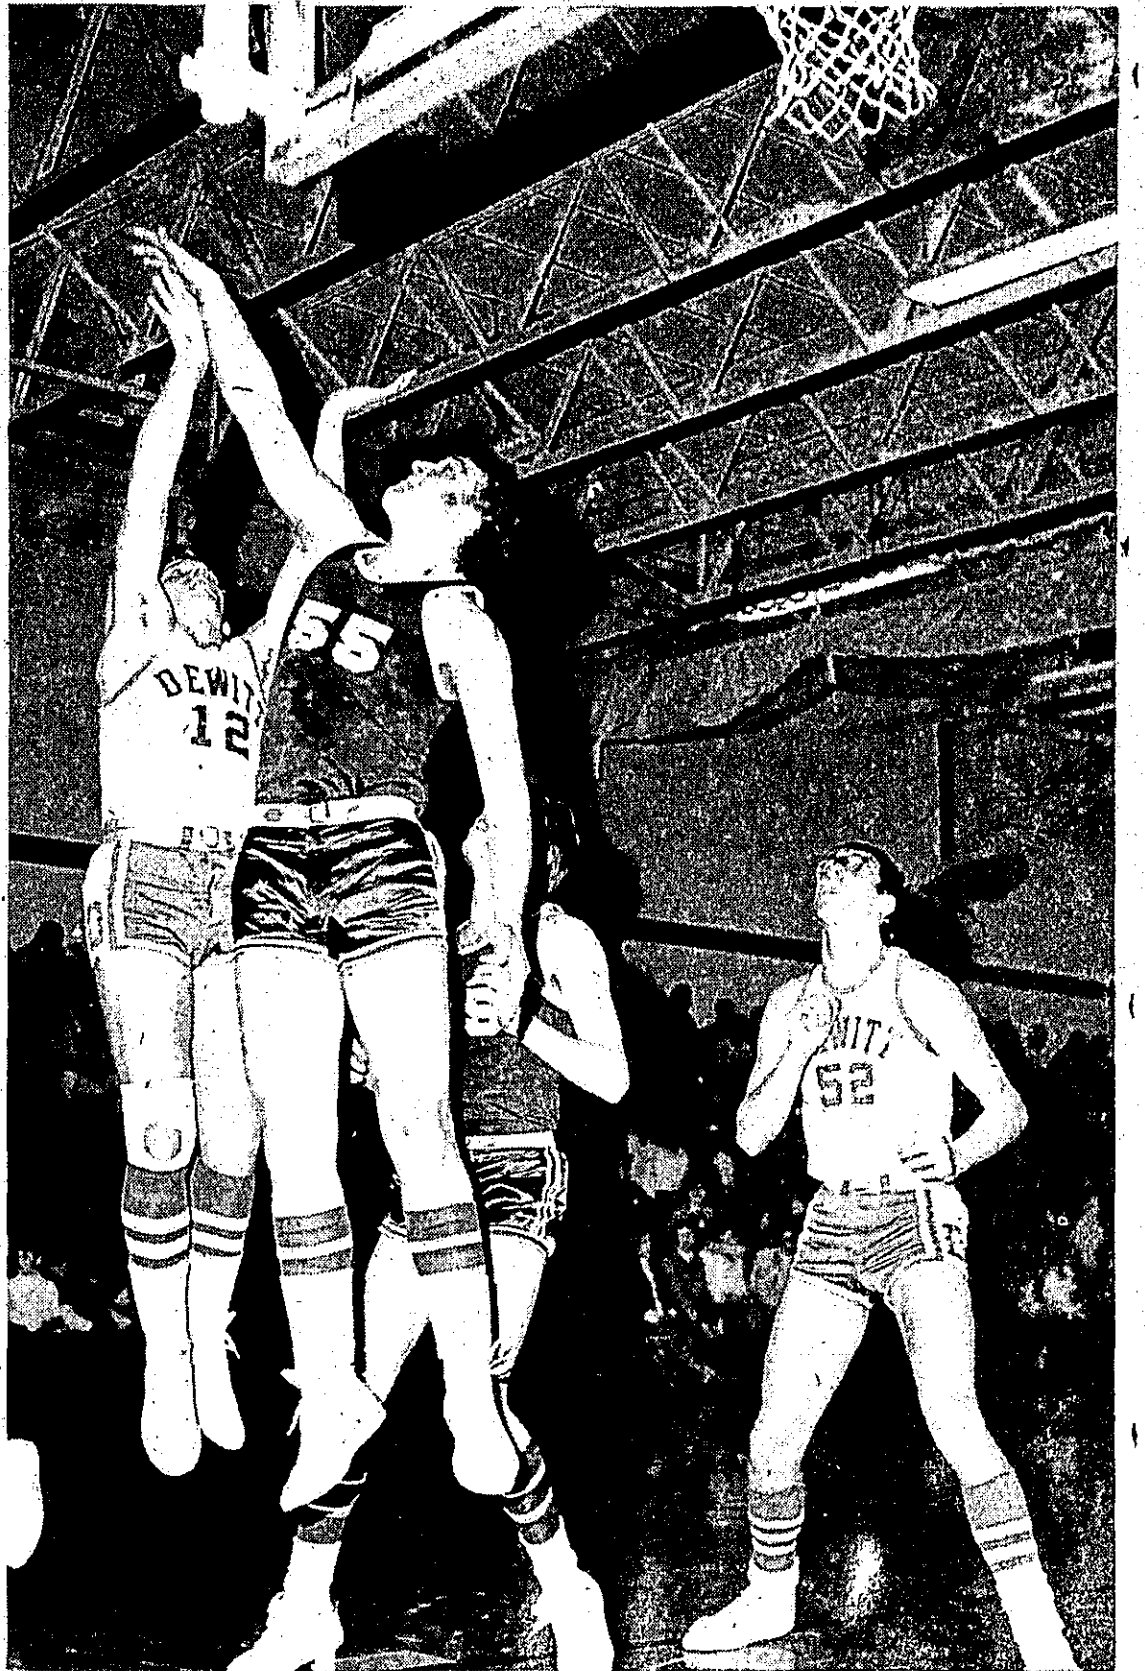

Donald Martin of Fowler rolled 657 to take first place in the Fowler Bowl Singles after the first weekend of competition.

The event, which got underway last weekend, offers a \$500 first prize to the winners.

Others scoring among the first five were Dick Howley, of Ionia, 650; Jerome Thelen, of Fowler, 649; Mel Shelke, of St. Johns, 641, and Cliff Shellenbarger, of Ionia, 636.

High actual, worth \$100, is held by Arnold Chocon, of Lansing, with 579.

High game for men was St. Johns' John Hata, Jr. with 217. Oleta Mewell, of Saranac, rolled 164 for high game in the women's competition.

DeWitt's Ron Wilcox, (No. 12) battles an Owosso player for a rebound under the St. Paul basket. Watching is Steve Tews. The Panthers swamped St. Paul 67-37. Roger Berry scored 17 points for DeWitt while Marty Lankford netted 15.

## JV'S lose heartbreaker

# 'I'm proud of these kids' - Coach Young

"I was as proud of the way these kids played as any coach could be in defeat," said St. Johns JV Coach Mike Young after his junior Wings lost a heartbreaker to Charlotte Friday, 69-61.

St. Johns played even ball with their hosts for the first period which ended in a 10-10 tie, but slipped behind by three at the half, 34-31.

The Redwings made up the deficit in the third quarter scoring 18 to Charlotte's 15 to knot the score once again, 49-41. But in the final period the Orioles poured in 20 points to insure the victory.

Dan Yurek paced the Redwing attack with 20 points and Mike Groat joined him in double figures with 10.

Charlotte's Rocco Moore took scoring honors for the night with 27 points while Bill Byland added 19 and Tim Mohre 10.

"Dan Yurek, playing on a sore ankle, had the finest game he's ever had," said Young.

"I was especially proud of

**COACH YOUNG**  
'Kids gave it all.'

the performances by some of our people who hadn't played much all year," added Young. "Bill Plozak got his chance to start and played a fine ball game," said Young. "Scott Wing, another with little experience, played well, too."

"The kids gave it all they had and hung in there real tough," he said.

The defeat put the JV's conference record at 5-8 and their overall mark at 6-9.

The junior Wings concluded the season at home Friday when they host Lakewood.

St. Johns 10 21 18 12--61  
Charlotte 10 24 15 20--69

## Wrestling

Pewamo-Westphalia defeated Bath in wrestling last week, 28-26.

Here are the results:  
98 pounds: Peter Blauwiekel, P-W, pinned McKenzie, Bath, in 5:18.

107 pounds: Bill Skinner, P-W, pinned Hawkins in 3:02.

115 pounds: Hoard, Bath, decided Williams 10-6.

123 pounds: Deck, Bath, pinned Shepard in 45 sec.

130 pounds: Kruger, Bath, pinned Hafner in 5:15.

145 pounds: Spitzley, P-W, pinned Barnette in 1:04.

155 pounds: Kennedy, Bath, pinned Rademacher in 3:16.

165 pounds: Huhn won by forfeit.

175 pounds: Feguer, Bath, decided Bengal 8-5.

185 pounds: McCrumb, P-W, pinned Cook, Bath, in 54 seconds.

Unlimited Heavyweight: Wood, P-W, decided Mosher 7-3.

# Bath stops Williamston to insure 2nd in Ingham

By RON KARLE  
Editor

Buzz-2-2 z. That, as everyone knows, is the sound of busy bees.

But the kind of bees around these parts are not only the busy kind—they're the fighting kind, too.

And they play themselves some basketball over at Bath High School.

Like last Friday night when they took the sting out of the Williamston Hornets, 62-56, to clinch a second place finish in the Ingham County League.

Bath, just concluding its first season against the boys from Ingham put their conference mark at 10-3 and took over sole possession of second place behind undefeated Stockbridge (13-0 in the league and 15-0 overall).

Bath carries a 12-3 season mark into the season finale, which by the way, is at Stockbridge Friday.

The Bees, with four players in double figures led by Steve Loomis' 18, made the difference at the foul line as Williamston matched them in field goals with 24.

Bath hit on 14 of 21 from the line while the Hornets put in eight of 16.

Unwilling to single out one individual in the game, Head Coach Hal Beatty just looked over the score book showing his bat-

## MORE SPORTS on 15A

anced attack and mused, "That was the difference. All the kids did a good job."

Right behind Loomis was Dave Ankney with 17 points, while Paul Stoil added 12 and Don Koenig 10.

Halfway through the first period, the Bees had managed only four points and found themselves on the short end of an 8-4 score.

With two minutes left in the quarter they were down by five, 12-7, but a five point effort by Ankney helped move the Bees into a 14-all tie at the end of the period.

With eight seconds left, he drove in, around and under for two and was fouled which netted Bath the tying point at the line.

Showing good control under Williamston's boards, Bath continued to chip away in the second period and take a 32-28 lead at the half.

But in the third quarter, Williamston scored 18 and with 26 seconds left moved out front, 46-45.

Then, with two seconds left, Loomis hit for two and restored

the lead just before the buzzer went off.

The Bees slipped behind by a point early in the final period, but at 5:48, Loomis dropped in a free throw to tie it at 50-all and 15 seconds later Koenig scored to give Bath the lead for good.

With about a minute and a half left in the game, Lynn Vierzke dropped in a pair of free throws to open a seven-point lead, 59-52—the biggest of the night.

Earlier in the week, Bath defeated Leslie, 68-55, as the Bees again had four players in double figures.

Ankney paced the Bath attack with 16, while Koenig added 15, Loomis 13 and Vierzke 11.

Against Leslie Tuesday, Bath jumped off to a 19-5 first period lead and added 18 more in the second while the Blackhaws came alive to score 22 and trim the deficit to 10 points, 37-27.

Bath dominated the third, scoring 15 while Leslie hit a cold spell and managed only eight as the Bees pulled out front by 17 points, 52-35.

Despite a 20-point effort by Leslie in the final period, Bath was never in danger as they added 16 of their own.

Ken Klinger, the only Blackhawk in double figures, took scoring honors for the night with 26 points.

Williamston 14 14 18 10--56  
Bath 14 18 15 15--62

# Race one.

This is it. The starting flag is down. You're in at the beginning of the 1970 World's Gravity Grand Prix.

Boys 11-15 all over the country and overseas will be matching their driving skill in racers they designed and built with their own hands.

This year it can be you on the starting line.

If you win your local race you receive a \$500 Savings Bond and your city's championship trophy. Then it's on to Akron, Ohio, and a week of fun and competition.

Everything's topped off by the World's Gravity Grand Prix for a share of \$30,000 in college scholarships.

You'll find all the help to start you on the way at your sponsoring Chevy dealer's.

The official 1970 Soap Box Derby rule book, colorful wall poster and Gravity Grand Prix jacket patch are waiting for you. All are free when you sign up for your local race.

Do it this week. Join in the thrills of the greatest amateur racing event in the world.

Fowler's Tom Piggott (No. 43) wrenches a rebound from a hapless Laingsburg player. Jon Matthews of Fowler watches from the side.

## Eagles trounce Laingsburg for 15th straight win

"You've got to play them one at a time," says Fowler Head Coach Charles Trierweiler. So they played "another" one at Laingsburg Friday and trimmed the Wolfpack, 75-56. That was win No. 15 for the undefeated Eagles who have achieved two of their three goals so far this season. One goal was to win the Central Michigan Athletic Championship. That was accomplished two weeks ago. Another goal is top ranking in the state. That was taken care of seven weeks ago when they bumped Portland St. Pat off the top of the Class D rankings. A third goal is a perfect season. If this is accomplished this crew will become the school's first undefeated basketball team. If they go all the way, it is

expected their No. 1 ranking will be safe. Only two hurdles remained after last Friday's game—Tuesday night's affair with Fulton and the regular season wrapup against DeWitt.

Against Laingsburg Friday, the Eagles—with four players in double figures—easily handled the Wolfpack, moving to a 22-17 first period lead. Laingsburg played it closer in the second period but at the half Fowler led, 37-31.

In the third period Fowler opened a 12-point lead, 54-42, before icing the game with 21 points in the final quarter.

Bill Armbrustmacher paced the Eagle attack with 21 points while Don Koenigsnecht added 16, Neil Thelen 14 and Jerome Pohl 10.

Ron Goetschy, with 13 points, was the only player in double figures for Laingsburg.

Fowler 22 15 17 21--75  
Laingsburg 17 14 11 14--56

## Vikings fall, 56-39 P-W downs Potterville to hold 2nd in CMAC

Led by John Bengal's 22 points Friday, Pewamo-Westphalia thrashed Potterville, 56-39, as the Central Michigan Athletic Conference basketball race remained logjammed in a three-way tie for second. The Pirates hold a 9-4 conference mark to share the second spot with DeWitt and Portland and St. Pat behind undefeated Fowler, ranked No. 1 in the state at 13-0 in the league and 15-0 overall.

P-W jumped off to an impressive 18-5 first period lead and added 16 more in the second quarter to hold a 15-point margin at the half, 34-19.

Scoring 14 in the third, the Pirates opened a 19-point lead as the Vikings hit for only 10. The visitors were able to trim

only two points off that lead in the final period as they added another 10 while P-W could muster only eight.

Along with Bengal in double figures for the Pirates was Al Smith with 10 points.

Head coach Harry Peacock indicated pleasure with the rebounding efforts of Tom Miller (12) and Jerry Arens (10). Mike Van Fossen, with 16, was the only Potterville player to score in double figures.

The Pirates wrap up regular season play Friday when they travel to Owosso St. Paul for another conference game.

P-W takes a 9-6 overall mark into the game.

Potterville 5 14 10 10--39  
P-W 18 16 14 8--56

## Soap Box Derby gears up again

The 1970 Soap Box Derby season is officially under way in Clinton County.

All-American Soap Box Derby Headquarters in Detroit today approved St. John's application for a 1970 coasting franchise, thereby qualifying the community to send a representative to Chevrolet's international finals in Akron, Ohio, August 15.

Derby Director William McCarthy noted that this year's race will be the eighth Soap Box Derby to be held locally.

Winner of the 1970 Clinton County race will receive a handsome trophy and a \$500 U.S. Savings Bond from national sponsor Chevrolet. He'll then compete in Akron for a share of \$30,000 in college scholarships.

Some 260 youngsters from throughout the United States and from the Canal Zone, Canada, Okinawa, the Philippines, Vene-

zuela and West Germany are expected to compete in the 33rd All-American August 15.

Last year, the program reached an estimated 70,000 boys between the ages of 11 and 15. A record field of 256 entries competed in the world finals at Akron.

The Derby, billed as the "World's Gravity Grand Prix," has been sponsored by Chevrolet since 1934. More than 1.5 million boys have participated in the program. The race was not held during the World War II years.

The current All-American champion is Steve Souter, a 12-year-old youngster from Midland, Tex. He captured the crown and the \$7,500 first-place college scholarship in his first year of coasting competition.

Rule books, applications, derby patches and other information is now available at Bee's Chev. & Olds., 110 W. Higham.

### A heavy one

Jerry Hollis, with little help from brother Tom, holds a 17-pound northern pike they yanked from Crystal Lake Sunday afternoon. According to their dad, Harry Hollis, the pair and a third son, Rick, were just a bit excited over the prize landing. Hollis explained that all four took part in pulling the lunker out of the lake and it was—wouldn't you believe—the best catch of the day.

### St. Johns pair shows in Ferris meet

Bill French of St. Johns High School placed third in the half mile run at the Ferris Invitational Track meet last weekend at Big Rapids.

Another St. Johns runner, Gary Moon, placed fourth in the event. The pair picked up five points in the competition which involved 23 Class B schools.

Track Coach Jeff Smith said St. Johns entered only a partial team in the pre-season event.

Weather, inattention are reasons

# City streets falling into gradual disrepair

The effects of weather and inattention have begun to take their toll on many St. Johns streets and despite the concern of city officials there seems to be little at present that can be done.

Even with winter entering its final stages, the worst may be yet to come when spring thaws begin breaking down surfaces of roadways and loose spots of gravel or concrete become dangerous pot-holes.

The challenge of maintaining streets is but another city officials must face with the realities of a dwindling budget lapping at whatever funds are available.

The present condition of streets in St. Johns cannot be directly attributed to weather alone and the inattention has not been because of lack of concern. Money for manpower, equipment and materials has not been plentiful and the lack of sufficient funds has brought about general disrepair of city roadways.

ACCORDING TO CITY Manager Harvey Weatherwax there are 36.06 miles of streets in the city and 11.51 miles of this total are in need of repair.

Streets are separated into five categories; earth or gravel, seal-coat, asphalt, concrete and asphalt over brick or concrete. In addition to the material classifications, streets are again described as being major or local. Major streets, of which

there are 9.80 miles in the city, in most cases carry the heaviest traffic loads. However, even though the local streets represent more mileage—26.26—the proportionate need of repairs is greatest on these lesser used spans.

Major streets in the city in good condition total 7.10 miles; roughly 72 per cent while approximately only 66 per cent of local streets need no attention.

According to Weatherwax, to repair the 11.51 miles of streets during the next five years would require an estimated \$264,700. This does not represent any widening, new curbs, gutters or storm sewers, but merely resurfacing or paving currently inadequate roadways.

State law requires that municipal general funds match dollar for dollar all state monies used for local street construction. Such monies used for maintenance are exempted from the matching dollars requirement, however paving or recapping is considered by state authorities as construction and this is the area where the major portion of work in St. Johns would fall.

APPROXIMATELY 77 per cent of the needed repairs appear on streets classed as local. This percentage, converted to dollars, represents approximately \$202,495. One half this amount could be accounted for by state funds, but the remaining \$101,248 must

General breakdown of pavement can be seen at the intersection of Lansing and State Sts. The conditions are fairly representative of many areas of the city's street system.

come from the city's general fund.

Of the current average yearly \$62,000 received from the state, \$31,000 goes toward maintenance. This leaves a balance of \$31,000 for construction which must be matched by local funds. The estimated \$202,495 five year expenditure to update local streets averages out at \$20,250 per year, an amount which represents the city's matching fund. Subtracting the state's portion from the \$31,000 leaves \$10,750 for use on major streets which is \$1,690 short from the annual five year projection to raise these streets to acceptable levels.

major street construction will average out at \$12,440 per year over the five year period.

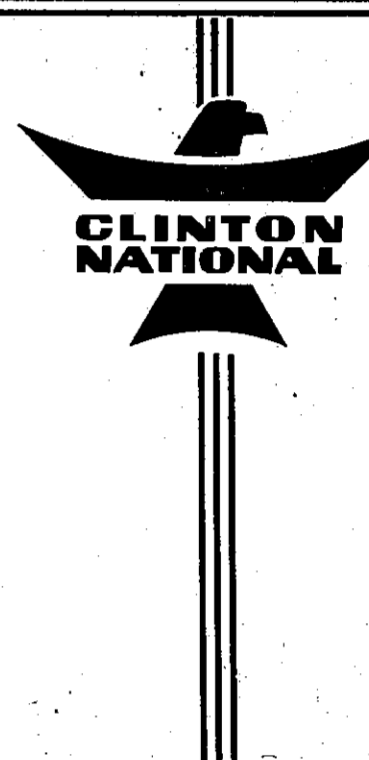

In order to continue receiving

state highway funds, collected from various vehicle-related taxes, the city must be able to

Clinton County 4-H leaders, Prospective leaders and Teen Leaders will have the opportunity to participate in several state-wide leader training sessions at Camp Kett near Tustin, Mich., throughout the next three weeks.

The first 4-H livestock leaders workshop will be held on Friday and Saturday Feb. 27 and 28. The program is designed to provide leadership ideas; exchange ideas that work, subject matter information in beef, sheep and swine areas and to provide an opportunity for 4-H leaders in livestock to become better acquainted. Some new ideas in judging livestock projects and showmanship classes at the county fairs will be presented.

The horticulture and crops leaders workshop will be held on Thursday and Friday Mar. 5 and 6. The program is designed to provide inspiration and training for leaders in these project areas, help to develop science projects and wintertime projects, ideas to make gardening easier, how to make money from gardening, horticulture and crops judging contest, demon-

strations and use of visual aids, etc.

The Entomology 4-H leaders workshop will be held Thursday and Friday Mar. 12 and 13. The objectives of this workshop are to render assistance to new as well as present entomology leaders, introduce new projects, techniques and instructions, to provide the latest information on project supplies and aids and to invite leaders suggestions for overall improvement as well as sharing ideas.

There is no cost to any of the leaders attending the above leader training workshops as the funds are provided by the Michigan 4-H Foundation and Leader Training Funds. Anyone interested in attending should contact the county Extension Office for a copy of the program and other details.

The teen leaders will be meeting on Monday Mar. 2nd at 7:30 p.m. at Smith Hall in St. Johns. This is a change from the regular Thursday night due to Basketball Tournaments. The program will be a film on the National 4-H Club Congress in Chicago held last December. Business includes discussion on the 4-H exchange trip to North Carolina, the National 4-H Citizenship Short Course in Washington, D. C., the Michigan 4-H Key Club Award, Spring Achievement, litter clean-up project, and 4-H talent show.

The Paint Hounds 4-H members took up a collection for one of their members, Mike Roesch who was in the hospital. Mike was injured in a freak accident at school when his thigh bone was snapped. He has been in the hospital and now will be in a body cast at home for several months. Our best wishes go to Mike for a speedy recovery. The members discussed several ideas for raising funds besides a bake sale and about purchasing a flag set for the club. Several members have indicated they plan to enter the county 4-H poster contest.

The Riverside Riders 4-H members discussed having individual exhibits instead of a group exhibit on Veterinary Science at Spring Achievement. The members talked about moving the club showground area to a better location and plan to sponsor a horse show in June, July and September. They plan to have more events and fun

William A. Buggs gives his pacer, "Be Molly" a workout around the Buggs Brothers Lockers, south of St. Johns. The colt was sired by "Adios Cleo" Michigan's top sire, and will race a three-year-old this season.

Agriculture is in action to safeguard the nation's health and is continually on guard for the safe use of pesticides. Farmers are not alone in this cause. In Michigan there are several existing programs related to pesticide management that, for public information, need to be recognized.

a) There is the Michigan Department of Agriculture which enforces pesticide laws, such as registration and licensing of applicators, and cooperates with related state departments. It is also responsible for the testing of public food supplies to determine pesticide residues.

b) The Michigan Department of Public Health establishes threshold exposure limits for workers in all state industries manufacturing or packaging pesticides. Training courses are given for personnel using or controlling pesticides, and certain health protection aspects of rural pesticide use are under the control of this department.

c) The Michigan Department of Natural Resources has responsibilities for protection of the natural resources against pollution by pesticides. The department on its own and in cooperation with the state universities and the U.S. Department of Interior conducts research on and provides documentation for the effects of pesticides on fish and wildlife. The Water Resources Commission monitors pesticide concentration and movement in waterways, detects pollution and enforces water quality standards.

d) Michigan State University Pesticides Research Center provides facilities for research on pesticides in 16 departments. Based on this research, the Cooperative Extension Service then conveys to the public the recommendations of the MSU research staff for use of pesticides.

e) The state departments of Agriculture, Natural Resources, and Public Health and the Water Resources Commission have entered into an inter-agency Pesticides Review Agreement in order to provide opportunity for evaluation and discussion of economic poisons marketed in Michigan.

f) The Advisory Committee on Economic Poisons, created by legislative action, is composed of the directors of the departments of Natural Resources and Public Health, the Aeronautics Commission, the MSU Pesticide Research Center and the executive secretary of the Water Resources Commission.

EXTENSION REPORT

Alfalfa yields

By GEORGE McQUEEN

For alfalfa yields of five to seven tons -- and more -- per acre, Saranac is the best choice overall, but several other varieties should be considered for Clinton County.

Michigan State University crops specialists have summarized results of several years' research at MSU Experiment Stations and on commercial farm operations throughout the state. Here are some recommendations based on this research:

For short term stands (two to three years), Saranac is the first choice. Second choice is DuPuits. Others which yield as good or

better are: A-24, PAT-30, Warrior and Glacier.

For medium term (three to five years) first choice is Saranac with Vernal a close second. Others close to Vernal in yield are: WL-202, PAT-525, Warrior and Progress.

Saranac, combines fast recovery, wilt resistance and acceptable winter-hardiness -- yet it was near the top in yield in the first two years and kept on producing good yields for up to five years.

For long-term stands (over five years), Vernal is the first choice. Second choices are WL-202 and PAT-525.

Workshop for 4-H leaders

A horticulture and crops and soils workshop for adult 4-H leaders, teen leaders and prospective leaders will be held at Camp Kett, the Michigan 4-H Leader Training Center near Cadillac, March 5-6.

Interested persons should contact John Aylsworth, Extension 4-H Youth Agent, at the County Extension Office immediately.

Horticulture program topics include gardening in urban areas, money in gardening, adding glamour to your garden projects, school projects, demonstrations in mulching, making gardening easier and plants in the urban environment.

The crops and soils program includes crop judging and identification, plastic embedding of plants (soil material) and plant science workshops and demonstrations. Discussion topics are: agriculture and environmental pollution; nutritional aspects of plant breeding and its benefits to developing countries; and how to promote interest in crops and soils projects.

Michigan State University specialists and Extension 4-H Youth Agents will teach at the workshop.

Land bank develops a new credit tool

The Federal Land Bank Association of St. Johns is now offering a new loan plan which provides farmers with a completely new credit tool, according to a statement by Floyd L. Parmelee, Manager.

"This new loan plan allows farmers to use their equity in real estate to maximum advantage. The plan, called CO-FARM, guarantees the farmer a definite line of credit for a specific period of time. These funds can be borrowed, paid back, and re-borrowed as the farmer's credit needs require. Interest is charged only on the unpaid balance. These funds can be re-advanced without refinancing the loan, thereby eliminating certain

costs and delays," according to Parmelee.

Parmelee reported that CO-FARM is an innovation of The Federal Land Bank of St. Paul and is available only in the states of North Dakota, Minnesota, Wisconsin and Michigan.

"We think many cattle feeders, growers, grain farmers, and dairymen in our three county area will want to use CO-FARM to finance their recurring production expenses," Parmelee added.

The FLBA of St. Johns loaned out \$2,900,000 to 140 farmers charged only on the unpaid balance. As of Dec. 31, 1969, the St. Johns association had more than \$16,070,000 outstanding in long-term credit.

You get ALL these benefits ONLY when you choose AMIBEN (TODAY'S NO. 1 SOYBEAN HERBICIDE)

1. KILLS BOTH GRASSES AND BROADLEAF WEEDS—Today's only full range soybean herbicide.
2. GETS RAGWEED, SMARTWEED, VELVET LEAF—big broadleaves other herbicides miss.
3. SAFE TO SOYBEANS—won't injure crop or seed.
4. NO WET WEATHER HAZARD—safest weed control you can buy.
5. NO RESIDUE OR CARRYOVER. Out of the soil by harvest.
6. FULL SEASON RESULTS. Works from planting right through harvest.
7. WORKS WET WEATHER OR DRY. Apply Amiben when you plant, directly onto freshly turned MOIST soil.
8. LIQUID OR GRANULES—both equally effective.
9. GREATER CONVENIENCE—Amiben liquid goes into true solution with simple stirring. (No emulsions, slurries, pre-mixing, or agitation.) Granules are dust-free, free-flowing.
10. NON-BURNING, NON-IRRITATING TO SKIN—both liquid and granules. No protective clothing or special handling precautions.
11. WIDE RANGE OF SOIL TYPES. Follow label directions.
12. FULLY PROVED COMMERCIAL—by farmers, for more than 5 years—in all soybean growing areas.
13. WORKS PREEMERGENCE—Incorporation recommended only when you plant in low soil moisture.
14. GREATER ECONOMY—You can apply Amiben either in a band, over the row, or broadcast. Band applications (plus between the row cultivations) are the most economical\* and you get near-perfect weed control where it counts...in the row. No other herbicide gives you such outstanding value for your dollar.

\*\$3.10 per acre banded—at 1970 prices for the 2 lb. rate of liquid Amiben recommended for all but the heavy or high organic soils.

# MSU economist sees gradual decline in price of eggs

Egg prices paid to producers have begun to decline and will continue to ease downward over the coming months, according to Dr. Henry Larzelere, Michigan State University agricultural economist.

The following market forecast of Michigan agricultural commodities was compiled by Dr. Larzelere and other MSU agricultural economists.

**EGGS**—Prices paid by wholesale distributors for Grade A large eggs in Detroit were about 56 cents Feb. 6. Prices will stay in the 50's most of February and are likely to ease downward in March to the upper 40's for Grade A large.

The high prices in recent months have brought sizable hatch increases. If these increases continue for several months, Grade A large prices in Detroit in the latter part of the year will likely be below 40 cents a dozen.

**DAIRY**—Many people have been concerned with the drastic reduction in dairy farm numbers. Major reasons for this trend are: (1) inadequate size farms, (2) low output per cow and man, (3) high cost of labor and other inputs, and (4) unwillingness of many one-man dairymen to milk

seven days a week, 365 days a year. Michigan Tellfarm records show that of the dairy farmers with less than 30 cows, nearly one-half had returns to labor and management of less than \$5,000, and one-fifth showed a loss. We can expect most dairy farms with less than 30 cows to disappear by 1980.

**CATTLE**—Choice slaughter steers on the Chicago market should move up to the \$31 range by April, with May and June somewhat lower, probably bringing around \$29 by July 1, 1970.

**HOGS**—Prices for 2's and 3's were in the \$27.50 to \$28.50 range in Chicago in mid-January. Hog prices will remain at relatively high levels well into the summer as the reduced supply of hogs continues. Prices may move up to near \$30 in May-June.

**SHEEP AND LAMBS**—A USDA report shows that sheep and lambs on feed in 26 states on Jan. 1, 1970, were two per cent less than a year earlier. Michigan numbers were down about seven per cent. Prices on slaughter lambs are \$2 to \$3 a cwt, higher than last year at this time.

**TURKEYS**—The New York wholesale hen price in the first quarter of 1970 is likely to be in the mid 40's. As expected increases in hatch continue, hen prices are likely to move down to the low 40's in the second quarter.

**DRY BEANS**—In late January prices advanced about 25¢ a cwt. USDA purchases of dry edible beans and the extension of the redemption date next spring have given support to prices.

**SOYBEANS AND MEAL**—Mid-Michigan prices in early February were about \$2.34 a bushel. This is about six cents a bushel below the levels of a year earlier. Prices will continue to advance as crushing margins are extremely favorable because of the strong demand for both oil and meal. However, if prices get much above present levels, some beans under loan will be redeemed and this may create a temporary plateau in prices.

Meal prices have moved up and stayed up much beyond earlier expectations. Present soybean prices lower than last year give some belief that meal prices will decline from the early February levels of \$89 a ton.

**CORN**—In early February, prices in mid-Michigan were about \$1.13 or 4 cents a bushel above the loan rate. Prices will likely move up seasonally because of the strong demand for winter feeding and the limited quantities of "free" corn. There are large supplies of corn under loan. A price in mid-Michigan of about \$1.20 a bushel at the farm would probably start some redemption of corn under loan.

**POTATOES**—Prices have increased 50 to 60 cents a cwt, since the first of the year. Industry observers see some further market strength because of short local supplies, and because the USDA crop report shows that winter potato production (harvest is under way) will probably be three per cent below 1969.

# Dairy farmers meet at Smith Hall today

Dairy farm management will be the subject for a meeting today at Smith Hall.

The meeting, beginning at 10:30 a.m. till 3 p.m., will cover such topics as "How much investment will a dairy cow support," "Contract raising of dairy replacements," "Labor contracts relations," among others.

Also planned is a work session of "Business analysis for

dairy farms." This is a new procedure to assist farmers in making sound appraisals of farm business and any possible changes under consideration. F. Karl Haas, county extension director, and John Speicher, dairy management specialist from Michigan State University, will conduct the meeting.

A lunch is planned for noon at the hall.

# MSU to dedicate pesticide research center Thursday

Formal dedication ceremonies for the nation's first university sponsored Pesticide Research Center will be held at 7 p.m. Feb. 26.

In conjunction with the dedication research scientists in the new Michigan State University facility will host an international symposium, the subject of which is pesticides in the soil: Ecology, Degradation and Movement.

"When we moved into the new building this past fall," said Dr. Gordon Guyer, director of the Pesticide Research Center, "it marked the high point of our efforts to develop an interdisciplinary approach to pesticide problems."

"The Center is unique because it has broken departmental boundaries here at MSU and has made it possible for scientists from 17 different departments to join forces at a moment's notice to battle pests and measure pesticide side effects on animals, crops, soil and water," said Dr. Guyer.

Not only does the new Pesticide Research Center bring together MSU scientists from different disciplines, but it also coordinates research efforts with state agencies, other universities and the U.S. Department of Agriculture.

The basic idea behind the Center is to centralize all pesticide laboratories, controlled environment chambers and those facilities needed for testing sprays, making bioassays, etc.

"Such a setup provides an efficient means of conducting research on diversified but related pest problems," said Dr. Guyer. "Specialized and expensive equipment can be provided at much less cost than under conditions where several scattered laboratories must be equipped."

Dr. Guyer pointed out that one of the chief problems in studying pesticides is the varying—and sometimes conflicting—interests of different groups.

For example farmers need pesticides to remain competitive. "Research shows that 70 per cent of Michigan apples would be infested with codling moth worms if orchard owners did not use insecticides," Dr. Guyer said. "Grubs would cut potato yields by 30-35 per cent and livestock pests would lower milk and meat production by more than 25 per cent."

Processors need pesticides to insure continuing supplies of raw products. However, they need to be sure that their products are free from harmful residues.

Consumers need pesticides for quality food at reasonable prices. "Without chemicals the cost of milk would increase 30 per cent,

the cost of sweet corn would more than double, and the cost of apples would more than triple," Dr. Guyer said. Conservationists and the public need pesticides to protect natural resources, but they also need research to make sure that these chemicals do not have adverse effects on the environment or cause harmful side effects in wildlife or other non-target organisms.

"If all of these people are to be satisfied with pest and pesticide research, we're going to have to approach our research from every angle possible; with the new Center and our current research projects we have a good start in this direction," Dr. Guyer said.

# Cattle feed increases by five pct. in state

Feeders in Michigan had 210,000 head of cattle and calves on feed Jan. 1, 1970, according to the Michigan Crop Reporting Service.

This was seasonally up from last quarter's 120,000 head and five per cent above last year's 200,000 on Jan. 1. Of the total on feed 183,000 head (87 per cent) were steers, 25,000 head (12 per cent) were heifers and 2,000 head were cows and other. Placements during October-December quarter totaled 135,000 head, five per cent above a year earlier.

Marketings during the previous quarter from Michigan feedlots totaled 45,000 head. This is seven per cent more than the fourth quarter of 1968, and seasonally down from the 76,000 head marketed during the quarter ending Oct. 1, 1969.

By weight groups, 110,000 head of the 210,000 head on feed weighed under 700 pounds and 100,000 head weighed over 700 pounds.

This compares with a year ago when 105,000 head of the 200,000 on feed weighed under 700 pounds and 95,000 head weighed more than 700 pounds.

# MSU scientists perfect greenhouse tomato

Scientists at Michigan State University have perfected a new greenhouse tomato which they have named Rapids.

Release of the new variety for experimental trial and increase was announced by Dr. S. H. Wittwer, director of MSU's Agricultural Experiment Station.

Before its release Rapids was tested in MSU greenhouses for three years and in commercial greenhouse plantings for two years.

Rapids has good red colored fruit; a smooth, deep globe

shape; and matures earlier than most standard varieties. Mature fruit averages four to five ounces in weight. Fruit clusters are closely spaced on the plant and the vine is indeterminate with sparse foliage.

Rapids went through nine generations of inbreeding during which scientists chose only the best plants for further breeding. As a result Rapids not only has good fruit shape, but is resistant to Fusarium wilt and is tolerant to the strains of Tobacco mosaic virus present in Michigan.

## NOTICE

Notice is hereby given that the following state owned buildings located in the Sleepy Hollow State Park Area, Clinton County will be sold by sealed bids. All bids shall be sent to "Sealed Bid, Sleepy Hollow, Dept. of Natural Resources, 408 Kalamazoo Plaza, Lansing 33, Michigan 48926." The deadline for accepting bids will be March 7, 1970 at 3:00 p.m. Eastern Standard Time. Each building to be sold has been numbered. Indicate building numbers and type of building in your bid. Submit separate bids for each building. Buildings listed are located in Section 2 Town 6 North Range 1 West, on Upton Road in Clinton County. Previous owner, Lloyd Beckwith.

- Building No. 94—Large House
- Building No. 95—Garage and attached hen house
- Building No. 96—Small House
- Building No. 97—Silo
- Building No. 98—Large barn
- Building No. 99—Granary
- Building No. 100—Storage Shed

A performance bond cash will be required to guarantee cleaning up the site in accordance with the conditions of sale. The amount of bond shall be 25% of purchase of the building, but not less than \$25 nor more than \$100. 90 days will be allowed for removal of buildings and clean up from date of sales agreement. Successful bidder will be notified by return mail. Bid price for performance bond should not be sent with bid.

match amounts received where required or lose the revenue. In addition to this loss, city streets and drivers will also lose.

In a memo to city commissioners late last year, Weatherwax pin-pointed areas where street repairs were needed. His breakdown appears in an adjoining table. Many of these areas are in extremely poor condition, having reached this point under the eyes of city officials.

There is little they have been able to do and unless financial conditions of the city improve there is little they will be able to do in the future.

The above chart outlines proposed street improvements which have been under consideration by St. Johns city commissioners since late last year. Insufficient funds have delayed action on any street program and the questionable future of the city's financial condition precludes speculation as to when any such program may be undertaken. Other streets than those indicated are also in need of repair but immediate attention should be given streets listed.

DeWitt cheerleaders took first and third places at the Ovid-Elsie Cheerleading Clinic. The eighth grade girls (dark uniforms) were judged the best squad while the seventh grade girls (light uniforms) were third. They are, front row; Denice Hlatt, Robn Davis, Tammy Scott, and Diane Foster. Back row, Janine Decatur, Nora Cuttings, Julie Martin, Pam Pakst, Darla Jackson, Nancy Brandon, and Cindy Esterline.

## Job discrimination based on sex illegal

By FRANK J. KELLEY, Attorney General

Editor's Note: This is a public service article explaining in general terms a provision of Michigan law, individuals who wish to determine the effect of any law upon their private legal affairs should consult a private attorney.

Under federal and Michigan law, employment discrimination based on sex is illegal. The main thrust of these laws is to protect women against job exclusion based on their sex. They call, however, for application as well.

In a large majority of complaints filed with the Michigan Civil Rights Commission, the alleged discrimination involves the denial of employment or upgrading opportunity to women. In the past, these job exclusions have been based on requirements of physical exertion—usually weight lifting—or long hours. The law is now clear that, with minor exceptions, a woman cannot be excluded from employment because the job entails physical exertion or long hours at overtime rates.

Federal circuit court decisions prohibit limitations on the maximum weight which female employees can lift in their work. Such limitations constitute sex discrimination illegal under the equal employment opportunity provisions of the 1964 Civil Rights Act.

Shortly after the effective date of the Michigan sex discrimination law, the Michigan Department of Law dropped its weight lifting restrictions for women.

Nonetheless, the Michigan Civil Rights Commission has received complaints involving this weight lifting restriction. It has

## 'Mud hole' ain't one

Our language has a lot of good words for lake, river, stream. But "mudhole" is not one of them. If your lake, river, stream is turning into a mudhole, you better do something. Something like soil and water conservation. That's the key to stopping sedi-

## 'Perfect' auto accident? a woman, naturally

It took a woman to have the perfect automobile accident. Her case, one of the more than 10 million insurance claims, handled last year by Aetna Life & Casualty tops the list of 1969's "weirdies."

The lady, a resident of Montreal, Canada, had this to offer by way of describing her accident: "My car had sustained no damage, whatever, and the other car somewhat less."

That may be true, but explanations have a way of stretching the truth. Consider the driver of a 10-ton truck who accounted for his accident this way: "The Volkswagen passed and stopped in front of me in such a way that he damaged the rear of his car on my front bumper." The truck driver gets a periodical bonus for accident-free driving. Youthfulness, as well as youth, had its say in 1969. How else could you account for two blithe grandmothers, aged 60 and 71, who tangled with a car and a truck in separate incidents—both while riding tricycles? Or the 81-year-old Hopkinsville, Ky., man who met misfortune while driving into the local "lover's lane."

## That sewing machine - - it spells s-p-r-i-n-g

It's time to get that sewing machine out, the supply of needles and thread in order and patterns and fabrics selected to make ready for your spring sewing. Fabric shelves are filled with soft knits, airy sheers and crisp linen-like fabrics in glorious colors.

This might be called the Year-of-Any-Length. Simply select the mini, midi or maxi, whichever suits your personal taste, and you'll be in fashion. Every age and every figure should be able to find just the style and design she is most comfortable wearing.

Spring and summer continue to be pants season, especially for the active gal. The under 30 group may prefer the midlength top in a sweater-knit while the over 30 will be claiming the safari jacket to be her choice. Both should be fine for summer travel.

Young gals think it's a new style, but there are some of us who smile and know it's only a "revival" when we see the hip-chemise dresses being shown now. The long fitted torso ending in a deep gathered or pleated flounce may take some grand-

mothers back to the days of the Charleston, the popular dance of their day. Even the long loops of beads and below-the-knee scarfs are back.

Side front closings, braids and passementerie frogs and soft, yet bright, colors all spell SPRING. Today's clothes are pretty. In selecting your fabric style and accessories keep "the total look" in mind. This will also include figure, hair style and even the cosmetics you choose.

Maybe a dollar did go further in the old days, but it didn't get anywhere half as fast.

By LORRAINE SPRAGUE, Extension Home Economist

## '69 bond sales down from previous year

Purchases of Series E and H savings bonds and Freedom Shares by Michigan residents totaled \$21,689,000 in November, less by 15.1 per cent than in the same month last year.

E bond buying, which accounted for \$19,892,000 of the total, was off 16.8 per cent from the \$23,906,000 year-ago level. Investments in Hs of \$210,000 were down 35.4 per cent from November 1968. Freedom Shares purchases of \$1.6 million, on the other hand, were up 21.1 per cent.

During January-November 1969 the people of Michigan invested \$294,647,000 in the three popular series. This represented a decline of only 1.7 per cent from purchases of \$299.7 million in the same period last year.

As on Nov. 30, Michigan has achieved 91.6 per cent of its Treasury assigned 1969 goal of \$321.8 million.

Combined cash purchases of Series E and H savings bonds and Freedom Shares amounted to \$298 million in November. This compared with \$377 million

**OPEN LINE**

Q What is scientific forest management?

A In the early years of Michigan's industrial development, loggers overcut our native forests and left behind eroding riverbanks. Consumers Power helped to restore these lands through reforestation. Today, through scientific forest management, we set limits on the number of trees cut down and continue to plant new trees where needed. Thus the forests provide a continuing harvest for use by the wood and paper industries.

Q What kind of recreation facilities are available on Consumers Power lands?

A Consumers Power maintains 39 recreation areas along the Muskegon, Manistee and Au Sable Rivers. These areas are variously designated for camping, boating, picnicking and fishing. All are open to the public, and we ask only that visitors respect the rules pertaining to use of the lands. For reasons of sanitation, we try to keep the public particularly aware of camping regulations.

Q What are the limits of camping in the recreation areas?

A Camping is permitted only at those sites where it is authorized. These authorized campsites are equipped with the necessary services and facilities. Most are operated by the State of Michigan. Consumers Power must insist that any tents and trailers in unauthorized areas be removed. Only by observing the rules can we keep our recreation sites in good condition for use by all.

Also having their problems were the Atlanta motorist who ran into a palm tree after noticing his passenger's hair on fire and the Vermont man who slammed into a guard rail while engrossed in a conversation with his dog.

From the mid-west comes the report of a crash involving a car pulling a two-headed cow. After investigation, the anxious Aetna claim man was able to deadpan: "We were greatly relieved to learn the cow did not have a double whiplash."

A Virginia man wasn't so lucky when he attempted to roll a monstrous snowball onto his neighbor's lawn. Things really got rolling as the five-foot-wide sphere pinned the prankster by his ankle. He dislodged himself and ran down the hill only to be mowed flat by the pursuing Frankenstein. Days later his hat was found still imbedded in the thawing monster.

One accident, it seems, begets another. To save his house a Salt Lake City man swiftly threw a flaming can of oil and gasoline out an upstairs window. The house was spared, but not the man's car which was turned to ashes as the blazing container scored a direct hit.

In Topeka a man, unable to reach a doctor after thinking he'd swallowed a piece of glass, hit upon a home remedy. As he waited for the laxative to take effect, his house became very warm. His urge to turn on the air conditioner was hastened by another urge. In a rush he turned the machine on too high and sat happily as it went up in smoke.

A Whittier, Calif., man also could blame glass for his problems. He chomped on a place while enjoying a sandwich in the bathtub. Minutes later, after

**Making Life Better**

No, John Halberstam isn't a farmer. He's planting trees for the power company.

For Consumers Power, cultivating trees is an important part of our good neighbor policy. The company owns some 750 miles of land along the banks of the Au Sable, Manistee and Muskegon Rivers. By combining the operation of our hydroelectric plants with scientific forest and land use management, we are able to provide vacationers with some of Michigan's most beautiful recreation areas. Where riverlands have been misused in the past, we have worked with state and federal conservation agencies and with volunteer groups to reclaim the areas. Because we live here and work here, we care about making life better.

General Offices: Jackson, Mich.

Pewamo

By Mrs Irene Fox

Thursday afternoon visitors of Mrs Pauline Cook were Mr and Mrs Oscar Simon, Mrs Edna Martin, Mrs Ann Bower and Mrs Martha Martin.

Saturday evening visitors were Mr and Mrs John Fedewa and Mrs Marion Fedewa visiting their parents, Mr and Mrs Robert Spitzley.

Sunday guests of Mr and Mrs Robert Spitzley were Mr and Mrs Edger Pandel and son, Jimmy of Portland visiting their parents, Mr and Mrs Robert Spitzley Sr.

Saturday Feb. 14 callers of Mrs Grace Bissell were Mrs Orestha Bissell and Mrs Barbara Jolls both of Maple Rapids.

Mark Wieber and daughters, Jane and Rose and her friend, Mr Schaefer all of Fowler and Mrs Ethel Gee of Pewamo were dinner and Sunday afternoon guests of Mr and Mrs Charles Hoyer Sunday Feb. 15 at Charlotte.

Mrs Elizabeth Leonard has returned to her home in Howard City after spending several days with Ruth Swind.

Mr and Mrs Dick Fox of Orlando, Florida are visitors of their mother, Mrs Mildred Fox. Jimmy Wood was home for the week end with his parents, Mr and Mrs Donald Wood. She returned to Aquinas College Sunday.

Mrs Leone Hillbrand spent Sunday afternoon with Mrs Iva Rogers at Hubbardston.

Mr and Mrs Lawrence Fernholz and family of Warren spent the weekend with their parents, Mr and Mrs Joseph Heckman, calling on her father, Joseph Heckman in Carson City Hospital.

Kincaid District Mrs Porter C. Parks Mrs Harold Heener visited Stuart Hardenburg Sunday afternoon.

Mr and Mrs Roger Balmer, Mr and Mrs De Schindeman and sons attended a travelogue Saturday night at East Lansing. Mr and Mrs Otto Dickinson attended the Movie Wheel Credit Union Banquet, Saturday evening.

Mr and Mrs Otto Dickinsons were Sunday dinner guests of Mr and Mrs John Dickinson and family of Owosso. It was the former couple's 41st anniversary.

Mrs Christine Slocum of Lansing and Mrs Raymond Sherman of Grand Lodge visited Mr and Mrs Donald Sullivan and sons, Sunday.

Sally Parks was a Friday night supper guest of Mr and Mrs Leule Schavay and Lee of rural St. Johns.

David Parks, Cap Parks and Douglas Pritchard visited Mr and Mrs Porter Parks, Sunday.

Kris Parks and Darcey Wells attended the basketball game at Grand Lodge, Thursday evening.

East Victor By Mrs Ray Ketchum Jesse Perkins celebrated his 87th birthday Sunday Feb. 8 when his children, grandchildren and great-grandchildren spent the afternoon with him and Mrs Perkins.

Mr and Mrs Orval White has been visiting his mother Mrs Ray White who is a patient in Lansing General Hospital. Mr Ray White was a visitor in the White home.

Mr and Mrs Donald Jeffers of Lavonia spent a few days with Mr and Mrs Jesse Perkins. Mrs Ray Ketchum and granddaughter Mrs Patricia Higgins called on the former's sister, Mr and Mrs R. G. Plozman and Robert Plozman of St. Johns Saturday afternoon.

Mr and Mrs Arthur Scott and family of St. Johns were Thursday visitors of his parents, Mr and Mrs Ray Scott.

Mr and Mrs Richard Wert were recent callers of his mother Mrs Blanche Wert of Chesaning.

South Watertown

By Mrs Bruce Hodges

Also plans were made to meet on the third Thursday of each month. At the next meeting to be held at Mrs Gladys Purves' home, they will continue wood plaques and have a jewelry exchange.

Mrs Margaret Edwards of St. Johns and Mrs Neva Keys spent Thursday and Friday with their sister, Mrs Dorothy Kasper in Detroit. Mrs Kasper returned to spend two weeks with her sisters, Harold Sawyer is under treatment at the Clinton Memorial Hospital.

Making both ends meet would be comparatively easy today if people didn't buy things their neighbors can't afford, either.

Alward-Plozman District

By Mrs Bernice Wohlert

Mrs Tom Turpin underwent surgery at Sparrow Hospital Thursday.

Mr and Mrs John Cook were Sunday guests of Mr and Mrs Andrew Cook of Charlotte.

Mr and Mrs Earl Stoll were Sunday dinner guests of Mr and Mrs Harold Anderson of Woodland.

Ted Pearson is at the Cleveland Clinic undergoing tests prior to heart surgery.

Mrs Don Cobb and co-hostess Mrs HuDonald Montgomery entertained 15 ladies at a stork show-

on Sunday honoring Mrs Keith Montgomery. Baby bingo was played and refreshments were served.

Mr and Mrs Harry Tank have returned from spending six weeks in Atlanta, Ga. with their daughter, Mrs Janet Fisher and family.

Mr and Mrs Robert Secord, Dennis Rathburn and son, it was the Secord's anniversary. Later the Secord called on Mr and Mrs Lloyd Secord and son Junior. It was Junior's third birthday.

In the evening they were guests of Mr and Mrs Robert Secord Jr. and children and celebrated Jr.'s first birthday.

Mr and Mrs Robert Volstein called on his parents, Mr and Mrs Joe Volstein at Laingsburg on Sunday afternoon.

Mr and Mrs Walt March was an overnight guest of Mrs June Kover on Monday.

Mr and Mrs Jack Wohlfert and granddaughter, Toni called on Mrs Virginia Platte and Mrs George Wohlfert Wednesday afternoon.

Mr and Mrs Walt March and Mr and Mrs John Keas attended the fish supper at Price Church on Saturday and spent the evening at the March home.

Mrs Debbie Cowles was an overnight guest on Tuesday of Miss Faith Summers.

Mr and Mrs Don Myers called on Mrs Jack Wohlfert and Betty Wright Thursday evening.

Many a motorist has literally carved his own tombstone by trying to chisel in traffic.

Hyperactive children discussed Parents with hyperactive children are invited to a meeting tonight for discussion of such behavior. Eugene Friesen, director of the Ingham County Mental Health Clinic, will speak. The meeting is set for 7:30 p.m. at Central School in St. Johns.

Michigan is the nation's No. 1 salt producer.

Secretary of State James M. Blaine has announced that a new driver manual has been prepared by the Department of State for Michigan's ever-growing multitude of licensed drivers.

"We have already distributed 500,000 into the field to all sections of Michigan," said Hare, "but our driver bureaus indicate that available supplies have already been gobbled up."

The new 60-page, full-color edition of "What Every Driver Must Know" is a complete revision of the previous Michigan driver manual. It took eight months in production.

"Because of increasing competition in printed communications, our department felt it imperative that we have modern, effective design in the manual. We wanted to motivate our readers to become involved in this new manual."

The book is divided into three sections allowing readers to quickly find important driver information.

The first section is devoted to "What Drivers have to know to pass the Michigan driver examination."

"The next section explains how the state's point system works. And the final section provides important basic general information that licensed drivers ought to know."

The third section covers a variety of topics including motor-cycle and chauffeur safety tips. Such subjects as implied consent, drunk driving, financial responsibility, and impoundment are explained.

Outlining departmental goals for the new booklet, Hare said, "We want higher scores on the written portion of our driver examination and increased driver knowledge of safe driving practices that licensed drivers ought to know."

A Department of State survey shows the majority of State driver guide books are not well designed and do not effectively communicate safe driving procedures.

According to Hare, the Department of State successfully overcame most of these problems in the new "What Every Driver Must Know."

Consider these aspects of the new driver manual: -Each manuscript part tested for readability by Michigan school students before printing. -A reading level of 9.3 years. (According to readability specialists at Michigan State University, this is an excellent level at which to present traffic safety material.) -More topics of traffic safety covered than any other similar text in the country.

-A practical 3 3/4 inches wide and 6 1/2 inches long. (This "pocket" size is available in no other state.) -Simple examination provided. -Eight questions cover the most frequently violated Michigan traffic laws. And eight concrete do/don't exam questions generally missed. -Traffic safety information is full-color illustrations. -Concise, easy-to-read explanations of Michigan traffic laws. -The new "What Every Driver Must Know" invites active reader participation rather than passive observation, explained Hare. "This new Michigan driver manual does not just inform the reader or burr motivate him to investigate and become personally involved in collision-free driving." Hare concluded, "Hopefully, our booklet will be imitated by other states as a model driver manual."

Holy Days—8:30, 7:30, 9 a.m. and 8 p.m.  
Evening Mass—Friday, 8:00 p.m.

# RING DOWN THE CURTAIN

When we leave the concert hall, the music is gone. When we leave the theatre, the play is over. Not so with life! It continues on and on.  
Life is not just a play. In the play an actor has no choice. But in real life you, the actor, have many choices, and how you play the part is up to you.  
But still you need direction, coaching, encouragement. All these you can find in your church, for the Supreme Author of all life can give you inspiration and faith. In church, in the silence of your heart, you will hear His voice and understand.

 St. Johns, Michigan 41-3

### NOTICE OF MORTGAGE FORECLOSURE SALE

Default having been made in the conditions of a certain mortgage made by Ronald Franklin McBride and Waneeth Helen McBride, husband and wife, of Lansing, Michigan, to East Lansing Savings and Loan Association, a Michigan corporation of East Lansing, Michigan, dated August 6, 1965, and recorded in the office of the Register of Deeds for Clinton County, Michigan, on August 6, 1965, in Liber 243 of Mortgages on page 963, and said mortgage having elected under the terms of said mortgage to declare the entire principal and accrued interest thereon due, which election it does hereby exercise, pursuant to law there is claimed to be due and unpaid on said mortgage at the date of this notice for principal and interest Eight Thousand Seven Hundred Seventy Two and Thirty-six/100 Dollars (\$8,772.36), plus interest from October 10, 1969, and no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof.

NOW, THEREFORE, by virtue of the power of sale contained in said mortgage and pursuant to the Statutes of the State of Michigan in such cases made and provided, NOTICE IS HEREBY GIVEN that on Friday, May 1, 1970, at 10:00 o'clock in the forenoon, at the north front door of the Court House, in the City of St. Johns, County of Clinton and State of Michigan, said mortgage will be foreclosed by a sale to the highest bidder at public auction of the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due as aforesaid, and any sum or sums which may be paid by the undersigned at or before said sale for taxes and/or insurance on these premises, and all other sums paid by the undersigned with interest thereon, pursuant to law and to the terms of said mortgage, and all legal costs, charges, and expenses, including attorney's fees, which premises are described as follows:

Lot No. 74 of Geneva Shores, DAWH Township, Clinton County, Michigan, subject to easements and restrictions of record.

The period of redemption as provided by statute runs for one year from the date of sale.

### NOTICE OF MORTGAGE SALE

Default having been made in the condition of a certain mortgage made on the 18th day of August, 1964, by LAKEWORTH DEVELOPMENT COMPANY, a Michigan corporation, as Mortgagee, given by it to the AMERICAN BANK & TRUST COMPANY, a banking corporation, of Lansing, Michigan, as Mortgages, and recorded on the 31st day of August, 1964, at the Office of the Register of Deeds for Clinton County, Michigan, in Liber 241, Page 77-8, Clinton County Records, on which mortgage there is claimed to be due and unpaid as of the date of this notice the sum of Four Thousand Five Hundred Thirteen and 07/100 (\$4,513.07) Dollars principal, and the sum of One Hundred Thirty-one and 85/100 (\$131.85) Dollars interest; and no suit or proceeding at law or in equity having been instituted to recover the debt or any part thereof, secured by said mortgage, and the power of sale in said mortgage contained having become operative by reason of such default;

NOTICE IS HEREBY GIVEN that on the 27th day of February, A. D. 1970, at 10:00 o'clock in the forenoon, at the north entrance to the Court House, in the City of St. Johns, Michigan, that being the place for holding the Circuit Court for the County of Clinton, there will be offered for sale and sold to the highest bidder at public auction the amount due and unpaid on said mortgage, together with all legal costs and charges of sale, including an attorney fee in the amount of One Hundred Fifty (\$150.00) Dollars as provided in said mortgage, the lands and premises in said mortgage mentioned and described as follows:

The North 1/2 of the Northeast 1/4 of the southwest 1/4 of Section 22, T2N, R2W, except a parcel of land described as commencing at the center post of said Section 22 and running thence South 363 feet, thence West 330 feet, thence North 99 feet, thence West 165 feet, thence North 284 feet, thence East 495 feet to the place of beginning; also excepting therefrom a parcel of land described as commencing 423 feet South of the center post of Section 22, T2N, R2W, in said Township of Dewitt, thence West 330 feet, thence South 80 feet, thence East 330 feet, thence North along the centerline of said Section 22 to the place of beginning.

The period within which the above premises may be rendered, shall expire one (1) year from date of sale.

### NOTICE OF MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made on the 30th day of December, 1965, between Andrew M. Kuhnmueller and Joan R. Kuhnmueller, husband and wife, Mortgages, and CAPITOL SAVINGS & LOAN ASSOCIATION, Mortgagee, and recorded in the office of the Register of Deeds for Clinton County, Michigan, on January 5, 1966, in Liber 243 of Mortgages, pages 958, 959, said Mortgagee's interest having been subrogated assumed by Ronald B. Joslyn and Kay A. Joslyn, husband and wife, under warranty deed dated May 11, 1966 and recorded in Liber 219, of Deeds, page 800, Clinton County Records, on which mortgage there is claimed to be due at the date of this notice for principal and interest, the sum of SEVENTY-NINE THOUSAND TWO HUNDRED EIGHTY-SIX and 74/100 (\$79,886.74) DOLLARS and an attorney fee of SEVENTY-FIVE (\$75.00) DOLLARS allowed by law, as provided in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof.

Notice is hereby given that by virtue of the power of sale contained in said mortgage and pursuant to the Statutes of the State of Michigan in such cases made and provided, on the 17th day of April, 1970, at 10:00 o'clock in the forenoon, the undersigned will, at the South entrance of the Clinton County Courthouse, City of St. Johns, County of Clinton, State of Michigan, that being one of the places where the Circuit Court for the County of Clinton is held, sell at public auction to the highest bidder the premises described in the said mortgage, or so much thereof as may be necessary to pay the amount as aforesaid due on said mortgage, and all legal costs, together with said attorney fee, which said premises are described as follows in said mortgage:

Lot Number 5 and the South 1/2 of Number 4, Block Number 1, Hurd and Sikkela Subdivision, (of Outlots 4 and 5, in the Village of St. Johns, Michigan) City of St. Johns, Clinton County, Michigan, subject to easements and restrictions of record.

The period of redemption as provided by statute runs for six(6) months from date of sale.

# Clinton County Supervisors Proceedings

MONDAY, NOVEMBER 17, 1969

The Clinton County Board of Supervisors met Monday, Nov. 17, 1969 at 9:00 a.m. Prayer was offered by Ernest Carter. A Pledge of Allegiance was given to the flag. Roll was called and a quorum reported.

It was moved by Gove, supported by Underhill to approve the minutes as presented. Voted and carried.

A communication from U.S. Rep. Charles Chamberlain, acknowledging a resolution from this board on omitting the word "County" from the President's message on "Welfare Reform and Revenue Sharing" and also an explanation of it.

A resolution from Washtenaw County on direct mailing of Food Stamps was on a motion by Gove, supported by Sirrine to table. Voted and carried.

A resolution from Iosco County in opposition to any tax reform that would place property taxation under State Control, was presented. It was moved by Montgomery, supported by Shepard to concur. Voted and carried.

### RESOLUTION

WHEREAS, school financing has become a problem with the local portion derived from property taxes controlled by local units of government; and

WHEREAS, Governor Milliken has proposed legislation for tax reform that would place property taxation under state control; therefore,

BE IT RESOLVED, that the Clinton County Board of Supervisors go on record opposing any state control of property taxation to finance education or any other purpose.

In as much as both Christmas and New Years fall on Thursday, it was moved by Montgomery, supported by Shepard that the Court-house be closed Dec. 26 and Jan. 2. Voted and carried.

Lawrence MacLaren, presented a resolution on Health Departments.

PRESENTED BY: H. Lawrence MacLaren, Acting Director for Board of Health of Mid-Michigan District Health Dept.

### RESOLUTION

As a result of a fast changing approach to public health, and the increased demand of our public for the delivery of new and varied services by your local health department, it places, and will continue to place extreme pressure on local personnel for expanded services. These types of involvement, as compared to our traditional preventive medicine activities, are both costly and time consuming.

Since the organization of your district health department, state contribution has remained at 20¢ per capita, while local contribution has increased from \$68,527 in 1966 to \$118,529 in 1969. The brief relief intended by state income tax has been swallowed up by increased demands from county government, including district courts, equalization departments, increased welfare costs and local health departments, etc.

With less than 12 per cent of 1970 budget subsidized by state revenue, your local health department is hard put to cope with immunization and TB testing of school children, measles program K through 3rd grade, Level of Care, Home Health Service, Hearing and Vision, Venereal Disease, Sub-division control, school inspections, control of trailer parks, enforcement of new State Food Codes, Garbage and Solid Waste Control, Liquid Waste, Housing and numerous other duties.

In many of these programs fees are not charged, and in none are the programs self supporting, particularly as some element of public welfare protection is involved in all enforcement programs.

If we are going to be able to meet minimum standards in all our programs, we must have additional funds from other sources than local revenue.

Therefore, be it resolved, that, Clinton County goes on record urging the Governor and Legislature to increase the per capita subsidy from the present 20¢ to 35¢.

Moved by Gove supported by Chamberlain to adopt the Resolution. Voted and carried.

The board recessed for committee meetings at 9:45 a.m. Upon again coming to order Gerald Wilcox, chairman of the Planning Committee appeared and presented a revised agreement between the Clinton County Planning Commission and Commonwealth Associates, Inc. It was moved by Andrews, supported by Montgomery to accept the agreement and to authorize Chairman Wilcox to sign the contract. On a roll call vote those voting aye were all members present. Supervisor Lankford absent. 10 ayes, no nays. Motion declared carried.

### AGREEMENT BETWEEN THE CLINTON COUNTY PLANNING COMMISSION AND COMMONWEALTH ASSOCIATES INC. FOR PLANNING AND ENGINEERING SERVICES To Perform Planning Studies of Water Supply and Waste Treatment Systems, Solid Waste Facilities, Land Use and Population

THIS AGREEMENT, made this 17th day of November, 1969, by and between the CLINTON COUNTY PLANNING COMMISSION, (hereinafter called the "County") and COMMONWEALTH ASSOCIATES, INC., a Michigan corporation with its principal offices at 209 East Washington Avenue, Jackson, Michigan, (hereinafter called "Commonwealth").

### WITNESSETH

WHEREAS, the County deems it advisable to plan for future developments within its boundaries including Water Supply and Waste Treatment Systems, Solid Waste Facilities, Land Use and Population; and

WHEREAS, Commonwealth asserts that it is willing, qualified and able to provide Planning Studies in cooperation with the County so that upon completion, these studies will provide the framework for expansion, alteration and modifications of existing facilities as well as any new systems that might be necessary to serve both today's population and the projected growth for the ensuing years; and

WHEREAS, the objectives of this study will include the following:

- I. To promote orderly and efficient growth of the County and its local units of Government.
- II. To avoid overlapping, duplication, under-design or over-design of system facilities which might be constructed within the County through a process of area-wide planning and analysis.
- III. To develop within the County, well conceived and economically feasible systems of water, sewer and solid waste facilities to serve the short-range (5 to 10 years) and long-range (up to 20 years) needs of the County.
- IV. To help achieve through long-range planning, a compatible relationship between public plans for future investments in community facilities, and private plans for development of the County's agricultural, commercial and industrial resources.

NOW THEREFORE, the parties hereto mutually agree as follows:

### ARTICLE I—SCOPE OF SERVICES

Commonwealth will, in cooperation with the County, provide technical and professional services described below in order to prepare a series of planning documents which will serve as a Comprehensive Area Plan for the County.

All existing information, data, reports, records, and maps which might be pertinent will be supplied to Commonwealth without charge by the County.

Commonwealth's activities will be arranged in two phases, each including several parts, outlined as follows and detailed below:

- Phase I—Basic Considerations
- Part I—Base Mapping
- Part II—Environmental Conditions Analysis

- Part III—Land Use and Population Study
- Phase II—Systems Planning
- Part I—Water and Waste Treatment
- Part II—Solid Waste Disposal

### A. Phase I—Basic Considerations

#### 1. Part I—Base Mapping

a. Commonwealth will prepare a series of base maps at an appropriate scale to reflect existing lot lines in all subdivisions and parcels of property throughout the County. These base maps will be prepared by Township jurisdictional boundary for each of the 16 townships in the County. Maps will be prepared on engineering reproduction film. Duplicate copies will be furnished both to the County Road Commission and the County Equalization Board. The following sources will be used in the preparation of maps:

- (1) Existing aerial photographs and base maps available from the County Planning Commission.
- (2) Parcel and subdivision maps on record in the County Equalization Department.
- (3) Information on recorded subdivisions in the offices of the County Treasurer and County Register of Deeds.
- (4) U.S. Geological Survey Base Maps and Soil Maps completed for Township by the U.S. Department of Agriculture Soil Conservation Service.

b. Where lot sizes within the jurisdictional boundaries of cities and villages in Clinton County become so small that they cannot be properly portrayed on Township base maps, individual maps will be prepared on engineering reproduction film. All base maps will include:

- (1) Existing rights-of-way of all local, state and federal highways and existing railroad lines.
- (2) All major waterways, lakes and drainage basins.
- (3) All recorded subdivisions, as well as all metes and bounds parcels.

(With respect to Section A.1.b. above, and as an added service not included within this Scope of Services, separate maps can be prepared covering individual incorporated areas and supplied to each agency. If requested, this added service will be performed on the basis of a separate agreement.)

#### 2. Part II—Environmental Conditions Analysis

a. From these base maps, a series of reproducible will be made and used in the preparation of a generalized contour study indicating major topographical conditions in Clinton County. Areas subjected to flooding will also be indicated on these maps in order to establish logical land use relationships. This study will also consider:

- (1) The characteristics of surface water runoff and major drainage basins existing in Clinton County. County-wide base maps from the U.S. Geological Survey will be used to analyze general contours and surface water conditions.
- (2) Subsurface soil conditions and the capability of soils in the County to absorb effluent from existing septic tanks and the adaptability of land to support future development.
- (3) Groundwater characteristics, and the quality and quantity of water available throughout Clinton County. Water resource information will be gathered from the Michigan State Water Resources Commission and other applicable agencies.
- (4) Environmental conditions which might influence the use and development of land.

#### 3. Part III—Land Use and Population Study

a. Utilizing the base maps prepared under Phase I, Part I above, a complete survey and land use analysis will be made for all parcels of property in Clinton County. This series of maps will include the following:

- (1) The general location of all existing structures in Clinton County at the time of the study and a determination of their use, whether it be for residential, commercial, institution, public or quasi public, industrial or other specialized use including areas used for recreation and open space.
- (2) At the time the survey is undertaken and overall available land use information has been analyzed, general land use classifications will be further refined according to standards outlined in the "Standard Land Use Coding Manual," published by the U.S. Department of Housing and Urban Development. Each land use will be identified to one and two digit levels, which for example, will not only identify residential uses, but if possible, indicate the type and density of residential use (mobile home, duplex, apartment, one, two and multiple family units.)
- (3) All auxiliary structures will be indicated and areas in use for agricultural purposes will be portrayed.
- (4) In addition to proposed Township and Incorporated area land use maps, a standard field work sheet will be developed for use by the survey team. These work sheets will include pertinent information about all structures reviewed during the land use survey. Upon completion of this phase of the work program, a land use report will be prepared which will include all field survey sheets on existing structures.
- (5) Utilizing information compiled in the land use study, and other available data, a Comprehensive Future Land Use Plan will be prepared which will outline the following:

- (a) A suitable combination of land uses which could be supported throughout Clinton County including all incorporated and urbanized areas. The land uses will be projected in both short-term (5 year) and long-term (20 year) intervals.
- (b) Generalized locations of proposed community facilities, including schools, parks and open spaces, fire protection facilities, etc. Standards such as those recommended by the National Recreation Association (NRA) and the American Insurance Association, will be used to determine possible service areas and relative sizes of structures.
- (c) A long-range transportation plan, including alternatives for state, federal and local throughfares, and any contemplated projects in planning or execution by the State Highway Department.

(With respect to Section A.3.a. (4) above, and as an extra service in densely populated areas of the County, Commonwealth can assign a structural engineer to the field survey team, whose responsibility would be to evaluate buildings as to their degree of deterioration, using Federal standards outlined in the U.S. Census of Housing. If requested, this added service will be performed on the basis of a separate agreement.

b. During the preparation of both the existing and future land use studies, efforts will be made to acquire all available information about the residents of Clinton County. These investigations and accepted practices of projecting population will be used to prepare a report on future population densities which may occur in both rural and urban areas. Available land and the characteristics of development will provide the framework for a comprehensive population analysis based upon holding capacities within given areas. Resource information will include:

- (1) Statistics available from the Clinton County Intermediate School District, as well as all local school districts.
- (2) Data collected by utility companies serving residents of Clinton County, such as Consumers Power Company and General Telephone Company.
- (3) Federal, State and local agencies who are responsible for gathering population information such as the Bureau of Census, Department of Commerce and the Tri-County Regional Planning Commission.
- (4) Birth and death certificates available from the County Clerk's office.

c. Upon completion of the study concerning existing population characteristics, projection will be made in 5-year increments to the year 1995. These projections will be divided into townships and urbanized area projections as well as concentrations of population in specialized districts.

d. In addition to projecting the population in specific areas, a study will be made of the employment and social responses of Clinton County residents, and the intensity of the labor force to seek jobs outside the jurisdictional boundaries. This information will be included in a report, which will become a working document in the planning and implementation of public facilities.

#### B. Phase II—Systems Planning

##### 1. Part I—Water and Waste Treatment

a. This phase of the plan will consist of the development of short-range and long-range plans for establishing water and waste treatment systems in Clinton County. The following factors will be considered.

(1) Projected population of the County and the probable distribution of that population based upon studies prepared under Phase I, Part III, above.

(2) Present and future land use in the County considering recommendations resulting from studies performed under Phase I, Parts II and III, and other studies conducted by other agencies, in particular the Tri-County Regional Planning Commission and the State of Michigan.

(3) Significant commercial and industrial uses to determine type and amount of wastes being generated, consumption rates on existing water supplies, and proposed expansion of these uses in the future. The study will also consider potential industrial and commercial growth that might be anticipated in the next 20 years.

(4) An analysis of the areas presently served by water and sewer utilities, and a projection of these service areas to support further development over the next 20 years.

b. Based upon the above, Commonwealth will develop comprehensive plans for Water and Waste Treatment Facilities for all population centers in Clinton County. Included will be:

- (1) Recommended general locations, types and sizes of water supply systems including sources of water, treatment facilities, and distribution mains for areas not presently served by water facilities, but where population density warrants such service.
- (2) Recommended general location, types and sizes of waste treatment systems, including primary interceptor sewers and treatment plant facilities. Studies of these facilities will include consideration of present, and projected water quality requirements of State regulatory agencies. Again, the studies will be directed toward those areas where no present systems exist. (Rev. 11/14/69)
- (3) Recommended future expansion for those areas presently served by water and/or waste treatment systems.

##### 2. Part II—Solid Waste Disposal

a. This part of the study will consist of developing short-range and long-range plans for establishing solid waste disposal facilities as needed throughout the County. Consideration will be given to basically the same factors as outlined for water supply and waste treatment; namely,

- (1) Present and projected population distributions and associated waste quantities.
- (2) Present and future land use.
- (3) Significant industrial and commercial waste sources and future projections thereof.
- (4) Analysis of existing facilities.

b. Based upon these factors, plans will be developed recommending:

- (1) General location, type and size of solid waste disposal facilities for areas not presently served;
- (2) Modifications and improvements to those existing systems that are presently inadequate.
- (3) Procedures for collecting wastes and operating the facilities in the most advantageous manner.

### ARTICLE II—PROJECT SCHEDULE

Commonwealth will commence the work described in Article I above, upon receiving this signed agreement. The program will be completed within eighteen (18) months following commencement.

### ARTICLE III—COST OF SERVICES

For the services specified in Article I herein, the County will pay a total fixed price of \$40,000. It is understood that this agreement is based upon performance of all parts described and that Phase I is a prerequisite of Phase II.

### ARTICLE IV—BILLING

Commonwealth will perform the work in accordance with the specified phases and parts as described above. Upon completion of each specified phase or part thereof, Commonwealth will make a presentation to the County Planning Commission. Commonwealth will bill the County on the 15th of the month following each presentation in accordance with the following schedule:

Phase I—Basic Considerations	\$ 9,500
Part I—Base Mapping	4,000
Part II—Environmental Conditions Analysis	14,000
Part III—Land Use and Population Studies	12,500
Phase II—Systems Planning	
<b>Total Fixed Price</b>	<b>\$40,000</b>

Charges for additional services as authorized will be included in the appropriate billing and separately identified for accounting purposes.

Payment will be expected within thirty (30) days from the time the County receives each invoice. (Rev. 11/14/69)

Additional services will be performed as authorized by the County and, in accordance with our letter to Mr Gerald Wilcox dated Oct. 9, 1969, the following schedule of rates shall prevail as applicable:

- A. One hundred (100) copies of the final report are included in the fixed fee. Additional copies will be supplied at a cost of \$2.00 each.
- B. Additional sets of base maps will be supplied at an approximate cost of \$150 each set.
- C. An overall County map approximately 40" x 60" on engineering reproduction film and comprised of base map data prepared under Article I, Phase I, Part I, will be supplied at approximately \$150.
- D. Attendance of Commonwealth's professional personnel at meetings of the Planning Commission prior to the final report and in excess of eighteen (18) meetings, will be charged at \$85 unless agreed otherwise.
- E. Following completion and acceptance of the study, Commonwealth would be available for general consultation purposes related to the study on the basis of \$15 per man-hour for telephone consultation (minimum charge one hour) and \$127 per man-day plus actual out-of-pocket expense for written communications or visits to places designated by the commission. (Rev. 11/14/69)

### ARTICLE V—TERMINATION OF AGREEMENT

The County may terminate this Agreement upon thirty (30) days written notice to Commonwealth. In the event of termination, Commonwealth shall be paid for services performed to termination date, including reimbursements then due, plus terminal expense.

### ARTICLE VI—ARBITRATION

Any controversy or claim hereof, arising out of or relating to this contract, or the breach thereof, shall be settled by arbitrators in accordance with the rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator (s) may be entered in any court having jurisdiction thereof.

### ARTICLE VII—NONDISCRIMINATION IN EMPLOYMENT

Commonwealth agrees not to discriminate against any employee or applicant for employment, to be employed by Commonwealth in the performance of this contract, with respect to his hire, tenure, terms, conditions or privileges of employment or any matter directly or indirectly related to employment because of his race, color, religion, national origin or ancestry. Commonwealth further agrees that every subcontract relating to professional services entered into for the performance of this contract will contain a provision requiring nondiscrimination in employment, as herein specified, on the part of each subcontractor. Breach of this provision may be regarded as a material breach of this contract.

The County and Commonwealth hereby agree to the full performance of the covenants contained herein; and

IN WITNESS WHEREOF, the parties have executed this agreement the day and year first above written, the County representatives having executed the same for and on behalf of the County by

authority of a resolution of the Clinton County Board of Supervisors and Planning Commission, a certified copy of which is attached hereto.

Supervisor Gove, reported on a meeting of National Welfare Conference to be held in Washington D.C. Nov. 23, 24 and 25. No action was taken.

Supervisor Underhill reports on requests from the Friend of the Court's office for a typewriter stand. Buzzers for doors at the Children's Home and roof repairs. Card files for the Register of Deeds office at a cost of \$618. Desk and chair for the Phone and Information Office. It was moved by Underhill, supported by Cobb to authorize the Register of Deeds to purchase the files. Voted and carried. The other requests to be handled by committee.

Supervisor Montgomery moves, supported by Cobb, to reconsider the vote taken on Special Use Permits taken at the Nov. 3 meeting. Voted and carried.

It was moved by Montgomery, supported by Hufnagel to amend the resolution on Special Use Permits to read as follows: That Special Use Permits be not permanent but issued for a specified period of time. Voted and carried.

It was moved by Shepard, supported by Underhill to approve Supervisors expense accounts as presented. Voted and carried.

The State Association of Supervisors will hold their annual meeting at the Jack Tar Hotel, Dec. 8 - 10, 1969. Chairman Nobis appointed the Board as a committee of the whole to attend the meeting.

It was moved by Gove, supported by Shepard to authorize payment of the 4th quarterly payment of \$2500 to the Community Mental Health Board. Voted and carried.

The board recessed for lunch, at 12:00 o'clock.  
P. M. SESSION

Upon again being called to order Dale Chapman, chairman of the Department of Public Works appeared and gave an explanation as to how and why some governmental units can secure action on their pressing waste disposal needs. It was moved by Montgomery, supported by Shepard that the clerk notify all governmental units within the county that in order to secure Federal and State grants that their request for assistance must be submitted to the Department of Public Works in writing before Jan. 1, 1970. Voted and carried.

Supervisor Montgomery, reporting on Judge Duguay's request for a full time Bailiff and Probation Office states that the committee needs additional information on the matter.

Re: 1970 Tentative Budget Tri-County Regional Planning Commission. Supervisor Andrews moves, supported by Cobb to approve at this time the tentative budget for 1970 as submitted. (Clinton County's share \$22,276) discussion followed. On a roll call vote those voting aye were Supervisors Cobb, Gove, Chamberlain, Montgomery, Andrews and Shepard. Those voting nay were Supervisors Nobis, Sirrine, Underhill and Hufnagel. Total ayes, 6, nays, 4. Supervisor Lankford absent. Motion declared carried.

Supervisor Montgomery moved supported by Shepard to adopt the following resolution.

WHEREAS, the Tri-County Planning Commission has presented their plan for 1970 which includes a duplication of the comprehensive planning now being under taken by Clinton County, and

WHEREAS, it is the feeling of the Clinton County Board of Supervisors that money should not be spent for duplicating local activities, and

WHEREAS, it is the opinion of this board that the purpose of the Tri-County Planning Commission to act as a coordinating rather than an operative body.

NOW THEREFORE BE IT RESOLVED, by the Clinton County Board of Supervisors that Tri-County Planning Commission should limit itself to coordinating functions of three member counties and confine any operative functions to obtaining such information as may be necessary for such coordination, making use of information available from the several counties.

BE IT FURTHER RESOLVED, that this is not to be construed as objecting to functions specifically requested by any member county or unit within such county. Voted and carried.

It was moved by Chamberlain, supported by Andrew that a committee be named to conduct a study of licenses and fees collected by all county offices and a report and recommendations be made to the board. Voted and carried.

Chairman Nobis referred the matter to the Government and Personnel Committee to act.

Supervisor Gove introduced Robert Calverley, newly appointed Clinton County News press representative.

It was moved by Shepard, supported by Gove to meet again Dec. 1, 1969 at 9:00 a.m. Voted and carried.

Dec. 18, was set as a tentative date for the second meeting. It was moved by Montgomery, supported by Shepard, to adjourn. Voted and carried. Meeting adjourned.

WALTER G. NOBIS  
Chairman

ERNEST E. CARTER  
Clerk

MONDAY, DECEMBER 1, 1969

The Clinton County Board of Supervisors met Monday, Dec. 1, 1969 at 9:00 a.m. Prayer was offered by Maurice Gove. A Pledge of Allegiance was given to the flag. Roll was called and a quorum reported.

Minutes of the Nov. 17 meeting were presented and corrections made. It was moved by Hufnagel, supported by Shepard to approve as corrected. Voted and carried.

A resolution from Kalamazoo County endorsing the proposed changes to the by-laws of Michigan Counties Association, was presented. It was moved by Montgomery, supported by Gove to place on file. Voted and carried.

A communication from Gratiot County directing attention to Governor Milliken's Education Reform Proposal. They are urging a careful study of and caution exercised in endorsing this proposal. It was moved by Cobb supported by Shepard to concur with the resolution. Voted and carried.

### POSITION STATEMENT REGARDING GOVERNOR MILLIKEN'S EDUCATIONAL REFORM PROPOSAL

The Clinton County Board of Supervisors supports and encourages all sincere, thorough and intelligent examination of Michigan Schools, their organization, their program and their financing. However, this board now says "STOP" to the present speed at which this proposal appears to be going through the Michigan Legislature. There now exists a need to re-examine, at all levels of government and by all citizens and by all local school boards, the direction this proposal is taking.

Specifically, this board identifies these problem areas:

1. Organization: We are removing "pell-mell" into a centralized school system headquartered in Lansing and run by political appointees as opposed to a locally elected school board responsive to local needs and headed by an elected State Board of Education.

# Clinton County Supervisors

CONTINUED FROM PAGE 10B

Consider the present House Bill 3141 as a more desirable alternative to this step towards bureaucracy.

2. Financing: What happened to "fiscal reform" claimed to be the objective of our state income tax? This reform proposal removes the property tax credit in use for only one year because of the need to find revenue to support aid to private schools. Did we lose "fiscal reform" or did we really never have it? By the way, we are also being led into a situation where local budgets are to be reviewed and controlled by political appointees at the state and regional level, again ignoring "grass roots" needs.

Are we about to go in the wrong direction? This County Board thinks so and urges all other County Board of Supervisors to communicate this position to their constituents, local school boards and to their respective members of the legislature. Stand up and say "STOP" before we find ourselves on a one-way street that leads to drastic change when only minor reform may be required in the present State Aid Formula.

A resolution from Macomb County urging support for House Bill 3572 which would return 3 percent of Gas Tax collections to the State Waterways Fund. Moved by Montgomery, supported by Shepard to place on file. Voted and carried.

A second resolution from Macomb County urging review of tax relief for property owners 65 years or older was read. It was moved by Montgomery, supported by Sirrine to concur with the resolution. Voted and carried.

### RESOLUTION No. 982

WHEREAS, the Clinton County Board of Supervisors are deeply concerned with the extremely limited relief provided residential property owners over the age of 65 years and feel that the available exemptions to them do not substantially lessen their tax burden, and

WHEREAS, the vast majority of persons over 65 years of age, who have ownership of a residence, are financially unable to sustain the full burden of such real estate taxes thereon, and

WHEREAS, it appears that a legislative review of the foregoing tax statutes and provisions thereof as relates to exemptions for "Senior Citizens" would serve the best interests of the public at large.

NOW, THEREFORE, BE IT RESOLVED by the Clinton County Board of Supervisors as follows:

1. That the legislators in the Senate and House of Representatives for the State of Michigan are hereby urged to investigate, study and consider amendatory legislation to effect tax relief upon a more equitable basis for residential property owners over the age of 65 years.

2. That a copy of this resolution be transmitted to the State Senators and Representatives from the County of Clinton for their consideration and appropriate action, the Michigan Association of Counties for inclusion in its regular newsletter, and all Michigan County Boards of Supervisors.

A resolution from the Clinton County Association of Assessing Officers, urging completion of the Soil Mapping of the four remaining townships was read. Action on the matter was deferred until later in the day.

The board recessed for committee meetings at 9:55 a.m. Upon again coming to order Gerald Wilcox, chairman of the Planning Commission presented the response from the four townships remaining to be soil mapped.

Dallas Township does not wish to continue the program. Essex Township wishes to continue but at no expense to the township. Lebanon Township wishes to continue but at no expense to the township. At the Sept. 22 session the Board of Supervisors voted to suspend at that time the Soil Mapping in Clinton County. Montgomery, moves supported by Hufnagel, to send a letter to all townships in the county explaining the past history of the Soil Mapping, the cost factors and the reasons why the county is unable to continue the program at this time without financial assistance from the townships. Voted and carried.

Supervisor Shepard reports the committee, the Equalization Director and State Tax Department have arrived at a percentage which certain assessing units must increase their assessments on certain classifications of property or possibly be assigned a factor.

Supervisor Montgomery reports the selection of Supervisor Gove and Margaret Thingstad to be named as nominees to represent Clinton County on the Community Health Board. Montgomery moved supported by Andrews to approve the nomination of Gove and Thingstad. Voted and carried.

Supervisor Montgomery suggests that in the reorganization of the County Board Chairman, committees etc. hold office for a two year term.

Supervisor Gove suggests that the salary of the Social Services Board should be reviewed.

Mrs Nancy Purchase, representing Purchase Productions appeared and requests permission to rent Smith Hall for teenage dances and concerts. (Purchase Production is a profit making organization).

Chairman Nobis states that a previous Prosecuting Attorney has ruled that the County cannot legally rent the hall to profit making organizations. He will seek a ruling from our present Prosecutor.

The board recessed for lunch at 12:10 p.m.

### P. M. SESSION

Upon again being called to order, William Coffey, zoning administrator, appeared. The term of office for 2 members of the Zoning Appeal Board, George Baird, and Victor Hopp will expire Dec. 31, 1969, action on appointment was deferred until the next meeting.

William Hufnagel reports attorneys Green and Maples have completed their review of the new Zoning Ordinance, they recommend that approval of the ordinance be delayed until a county plan is completed and approved by the planning commission.

Montgomery moves supported by Hufnagel that the motion made at the Nov. 17 meeting authorizing the planning commission to enter into a contract with Commonwealth Associates be amended to read to be completed by Dec. 31, 1970. On a roll call vote those voting aye were Supervisors Cobb, Nobis, Gove, Sirrine, Chamberlain, Underhill, Hufnagel, Montgomery, Lankford, Andrews and Shepard. Total ayes, 11 and no nays, Motion declared carried. It was moved by Montgomery, supported by Shepard to adopt the original motion as amended. Voted and carried.

Prosecuting Attorney Kelley, appeared and he states that the form to statute. He distributed copies of the revised form. It mission was not acceptable to the Attorney General's Office. He has prepared a new ordinance which does in his opinion conform to statute. He distributed copies of the revised form. It was moved by Montgomery supported by Shepard to adopt the ordinance as presented. On a roll call vote those voting aye were Supervisors Cobb, Nobis, Gove, Sirrine, Chamberlain, Underhill, Hufnagel, Montgomery, Lankford, Andrews and Shepard. Total ayes, 11 and no nays, Motion declared carried.

The chairman declared a short recess.

Upon again coming to order Chairman Nobis requests a report from the committee on the advisability of continuing as a member of the Mid-Michigan Health Department.

Clerk Carter was instructed to notify the Grand River Watershed Council and also the Comprehensive Health Planning Association, that no funds for membership in those respective bodies are included in Clinton County's 1970 budget, we therefore terminate membership with them.

Supervisor Underhill reports that Mr. Pardee will install another flooring or underlayment in the Library and Conference rooms at no expense to the county.

Supervisors Lankford moves supported by Montgomery that the Driver's License Bureau be closed Saturday, Dec. 27, 1969 and Saturday, Jan. 3, 1970. Voted and carried.

It was moved by Lankford, supported by Montgomery to adjourn at this time and to meet again Thursday, Dec. 18 at 9:00 a.m. Voted and carried Meeting adjourned.

WALTER G. NOBIS  
Chairman

ERNEST E. CARTER  
Clerk

THURSDAY, DECEMBER 18, 1969

The Clinton County Board of Supervisors met Thursday, Dec. 18, 1969 at 9:00 a.m. Prayer was offered by Ernest Carter. A Pledge of Allegiance was given to the flag. Roll was called and a quorum reported.

Minutes of the Dec. 1 meeting were presented and corrections made and were approved as corrected.

A communication from Garry Brown, U.S. Congressman expressing his thanks for a copy of the resolution adopted by the board, Oct. 17 was read. He assures the board that it will receive careful consideration.

A resolution from Allegan in opposition to any state control of local property taxes was read. Moved by Montgomery supported by Sirrine to table. Voted and carried.

A letter of resignation from Gerald Shepard as a member of the Clinton-Eaton-Ingham Mental Health Board was read. It was moved by Cobb supported by Hufnagel to accept with regret the resignation of Mr. Shepard. Voted and carried.

A letter from the Automobile Club of Michigan calling attention to "Drinking and Driving" during the holiday season and urging caution in this matter was read.

The board recessed then for committee meetings.

Upon again coming to order, Supervisor Gove introduced Mr Roy Manty, Chief of the Environmental Division of the State Department of Public Health.

Mr Manty states that the Mid-Michigan Health Department, altho restricted in their activity by lack of an M.D., as its director, is doing a satisfactory job at the present time. Discussion followed and Mr Manty answered questions pertaining to the subject.

The matter of the county forming and operating its own health department was discussed. Mr Manty feels that the costs for the county would at least double by operating as a separate unit.

Planning Commission Chairman, Gerald Wilcox appeared. He states that the appointed terms of Dale Anderson and Almond Cressman have expired. It was moved by Underhill, supported by Andrews to re-appoint Anderson and Cressman to the Clinton County Planning Commission for a three year term, beginning Jan. 1, 1970 and ending Dec. 31, 1972. Voted and carried.

As the appointed terms of Victor Hopp and George Baird will expire Dec. 31, 1969 as members of the Zoning Appeal Board, it was moved by Shepard supported by Montgomery to re-appoint Victor Hopp and George Baird to the Zoning Appeal Board for a three-year term. Voted and carried.

A bill in the amount of \$1,718.75 for professional services rendered by Green and Maples in the matter of the Clinton County Zoning Ordinance was presented. It was moved by Hufnagel, supported by Andrews to pay the bill as presented. Voted and carried.

Supervisor Shepard presented a request for services rendered by the Salvation Army to citizens of Clinton County in the amount of \$300. It was moved by Shepard supported by Lankford to pay the amount as requested. Voted and carried.

Supervisor Shepard moved and supported by Hufnagel, to pay at this time, the 1970 membership dues to the Michigan State Association of Supervisors (commissioners) in the amount of \$1,250. Voted and carried. Supervisor Lankford presented the following committee report.

Study made of Zoning Fees and Dog Warden Fees makes no recommendation for change at this time. Fees charged by Clerk, Register of Deeds, etc. are set by Regulations therefore no recommendation made at this time. Mid-Michigan Health Department fees have been revised; Septic Tank Permits from \$5 to \$10, Food License Permits from \$5 to \$10, Plat Approval fee to \$20. Prelim plus \$1 per lot.

This committee concurs with the recommendations of Mid-Michigan Health Department. Committee recommends rate change for Xerox copies be changed to 50¢ for each original and 10¢ per copy of same, for non-governmental agencies. Committee recommends approval of resolution on Community Shelter Plan as presented. Committee reviewed six insurance policies and one rider supplement. Because of limited knowledge on the subject, we are going to invite three local county insurance agents in for a complete review and recommendations. Mr Allaby, our present insurance agent, will be invited to attend the meeting.

Committee recommends the appointment of Mr Don Haske as temporary County Engineer effective immediately. Committee recommends \$15 per day additional pay for Deputy Sheriff's working on Dec. 25 and 26, 1969 and Jan. 1 and 2, 1970. Holiday pay will be studied early in 1970 and policy recommendations will be forthcoming.

It was moved by Lankford, supported by Cobb to appoint Don Haske temporary County Engineer, effective immediately. Voted and carried. Moved by Lankford supported by Gove to set the fee for Xerox copies to 50¢ for the original and 10¢ per copy of the same. Voted and carried.

Civil Defense Shelter Plan.

It was moved by Montgomery supported by Sirrine to adopt the following resolution.

WHEREAS, the six area directors of Civil Defense of the Tri-County Region, the Tri-County Planning Commission, State and Federal Civil Defense Authorities have produced a Community Shelter Plan, and the Tri-County Planning Commission being the project contract agency with the U.S. Army Corps of Engineers for the cities of Lansing and East Lansing, Michigan State University, and the counties of Clinton, Ingham and Eaton; and

WHEREAS, the purpose of this Community Shelter Plan is to provide information to the households within the Tri-County Region on where to go and what to do in the event of nuclear fallout on this region, and

WHEREAS, the Federal government, by 100 per cent funded project, will make available to each household, a map of public shelter locations and applicable information of the Tri-County Region including a booklet entitled, "In Time of Emergency"; and

WHEREAS, the packaged map and booklet will be sent to every household in the region through the offices of representatives, Charles Chamberlain and Garry Brown, and therefore all costs being paid;

NOW THEREFORE BE IT RESOLVED, that the Tri-County Community Shelter Plan, as summarized in "Report 8" on August, 1969 by adopted as the official plan for Clinton County, and that the Clinton County Civil Defense Director be instructed to assist in the preparation, printing and distribution of such information. The Civil Defense Committee recommends approval of this resolution.

Chairman Nobis appointed the chairman of all standing committees to confer and to make a report to the board on the advisability of creating a building authority for Clinton County. It was moved by Montgomery, supported by Sirrine to adjourn at this time and to return again Jan. 6, 1970. Voted and carried. Meeting adjourned 3:55 p.m.

WALTER G. NOBIS  
Chairman

ERNEST E. CARTER  
Clerk

THURSDAY, DECEMBER 18, 1969

The Clinton County Board of Supervisors met Thursday, Dec. 18, 1969 at 9:00 a.m. Presentation of the minutes of the last meeting was dispensed with.

It was moved by Montgomery supported by Andrews to approve the By-Laws of the Tri-County Regional Planning Commission as presented. Voted and carried.

Supervisor Montgomery moved supported by Cobb to take from the table, the question of re-zoning certain property in Bingham Township (Albert Galloway). Voted and carried.

Prosecuting Attorney, Pat Kelly and Attorney Tim Green were present to offer legal advice on the matter. Considerable discussion followed.

Voting on the original motion, on a roll call vote. Those voting aye were Nobis, Sirrine, Chamberlain, Underhill, Hufnagel, Montgomery, Andrews and Shepard. Nays were Cobb, Gove and Lank-

agriculture to Zone C, commercial. It was moved by Chamberlain supported by Underhill to concur with the action taken by the zoning commission.

The chairman called a recess at 2:20 p.m.

Upon re-convening, it was moved by Cobb supported by Lankford to table the motion. Voted and carried.

Supervisor Lankford moved supported by Hufnagel that Deputy Sheriff's be paid \$15 per day for overtime Dec. 25 and 26, 1969, Jan. 1 and 2, 1970 be allowed. Voted and carried.

Supervisor Andrews presented a letter from the TCRPC explaining how the commission have been able to clear up their financial deficit and can now report that they are operating within their budget.

The first item under question concerns the published figure of a potential deficit of \$250,000 as it appeared in the State Journal. This figure was based upon the audit report of the year ending April 30, 1969, as presented by Harris, Rhams and Ambrose at the May 28, 1969 Tri-County Regional Planning Commission meeting. The deficit, as indicated, was shown by the audit report to possibly be as large as \$271,500. It was derived from the audit report as follows:

Page 3 Commission Operating Deficit	\$62,900	
Page 2 Note 3 Reserve for Future Capital Commitment P-119	27,100	
Page 2, Note 5 Reserve for Future Capital Commitment P-257	33,500	
Subtotal		\$123,500
Page 4 Note 2 P-89		18,000
Page 4 Note 3 P-119		80,000
Page 5 Note 3 P-119 (Approx. cost 12/12/68-4/30/69)		50,000
		\$217,500

As can be seen, this information was covered as unknown factors at the time the audit was presented to commission members and all chairmen of the boards.

We now concern ourselves with the steps taken that alleviated this deficit condition. As has been previously stated, the cooperative attitude on the part of the Chicago Office of HUD was most influential factor in our efforts to overcome the liabilities. The detail of the items that HUD allowed within the projects that we were involved in at the time amounted to \$149,000 liability reduction to this commission. The following are the major areas that were involved in this action:

P-119  
a. Acceptance of many local projects which in the embryonic stage were not an original part of the applications. These have been pointed out as Ovid, Clinton County Zoning Ordinance, Locke Township \$18,000.

Acceptance of contributed services not in original source of funds, \$54,000.

Acceptance of costs and extension of P-119, \$50,000.

Acceptance of additional services in kind from the City of Lansing, \$9,000.

P-89  
Acceptance of contribution by local agencies not in original source of funds, \$18,000.

P-257  
b. Signed agreements for commitment of contributed services to P-257 that would have been charged as Commission costs, \$23,000.

c. 1-A change in the commission's fiscal year which resulted in an 8 month 1969-70 fiscal year.

2-A 22 percent staff reduction.

3-Adjustments of a previous operating expense.

This combination of items gives a reduction in commission liabilities of \$100,000.

Discussion followed.

Supervisors Underhill reporting for the equipment committee reports a request from the Agriculture Extension Office for considerable improvements at the 4-H fair grounds. This will not require an appropriation by this board.

It was moved by Lankford supported by Cobb to approve and also to refer the matter to R. G. Becher for his approval, and recommendations. Voted and carried.

In the matter of enclosing the entrances at Smith Hall the matter was referred to the building and grounds committee to confer with R. G. Becher and report back to this board with a recommendation.

Supervisor Underhill moved supported by Sirrine to extend the present rental rates at Smith Hall for another 30 days. Voted and carried.

Underhill moved supported by Hufnagel that the Extension 4-H Youth Agent be named a member of the Smith Hall committee. Voted and carried.

Supervisor Gove reporting for the health committee states that the committee does endorse the resolution adopted by this board in the P.M. Session as regards to the Mid-Michigan Health Department. The committee recommends that Clinton County continue as a member of the body.

At the Dec. 18 meeting of the Clinton County Board of Supervisors, the following resolution was presented:

### RESOLUTION

Whereas the Clinton County Board of Supervisors has adopted a proposal informing the Mid-Michigan Health Department of a possible intent to discontinue Clinton County's participation and whereas the causes of the board's displeasure have been largely eliminated.

Now therefore be it resolved that the board now feels pleased with the present operation of the Mid-Michigan Health Department in Clinton County and wishes to commend the department on the improved operation, and be it further resolved that a copy of this resolution be forwarded to the Acting Director.

It was moved by Montgomery supported by Sirrine to adopt the above resolution and to present a copy of the same to the Mid-Michigan Health Department. Voted and carried.

ERNEST E. CARTER  
Clerk

THURSDAY, DECEMBER 18, 1969

The Clinton County Board of Supervisors met Tuesday, Dec. 23, 1969 at 9:00 a.m. Presentation of the minutes of the last meeting was dispensed with.

It was moved by Montgomery supported by Andrews to approve the By-Laws of the Tri-County Regional Planning Commission as presented. Voted and carried.

Supervisor Montgomery moved supported by Cobb to take from the table, the question of re-zoning certain property in Bingham Township (Albert Galloway). Voted and carried.

Prosecuting Attorney, Pat Kelly and Attorney Tim Green were present to offer legal advice on the matter. Considerable discussion followed.

ford. 8 aye, 3 nay. Motion declared carried.

The chairman declared a short recess at 10:25 a.m. Upon again coming to order, the Road Commission appeared and presented a proposal for a 7 year, 1970-1976, tentative plan as adopted by that Commission for road improvement in Clinton County. Discussion followed.

A letter of resignation from Maurice Gove as a supervisor member of the Clinton, Eaton and Ingham Community Mental Health Board submitted for the purpose of re-organizing the board, in order to comply with existing Statute, was presented.

It was moved by Montgomery supported by Andrews to accept the resignation. Voted and carried.

Filling the gap

The "generation gap" may not be as wide as many people think. According to a recent authoritative opinion survey, adults and teen-agers agree on a number of important points concerning college student demonstrations. Both teen-agers and adults think that the colleges have been "too easy" on student demonstrators. Teen-agers and adults agree in the belief that the demonstrators are breaking the law. A substantial percentage of both teen-agers and adults believe that law-breaking student demonstrators should be taken to court. Both teen-agers and adults also agree to a substantial extent that demonstrations are the work of small groups of troublemakers on campus. The draft and opposition to the Vietnam war are seen by teen-agers and adults alike as primary causes of student demonstrations. Adults and teen-agers differ in the matter of whether students should have more say concerning the academic side of colleges. The majority of teen-agers would like more control over courses, examinations and so forth, while a majority of adults believe otherwise.

Perhaps the gap of understanding between youth and adult is not as wide as has been popularly assumed. The fact is that each generation faces many unknowns, and so far each has met the test and has contributed to the growing strength and well-being of the nation.

Tomorrow's farmers

Agriculture, while still basic to survival, has become far removed from the knowledge of most of us. The nation depends upon today's agri-businessmen, who have made a science of farming. Like any science, farming requires an early start in life for those who wish to become successful agriculturists.

Between Feb. 21 and 28, the country is observing FFA Week. During this week the Future Farmers of America, a national organization with 450,000 students studying vocational agriculture in 9,000 public schools, will conduct special events expressly designed to emphasize agriculture and the role it will play in our future. FFA Week is traditionally celebrated beginning the Saturday before George Washington's Birthday and ending the following Saturday. George Washington made significant contributions to American agriculture, in addition to his military and patriotic contributions. The FFA recognizes him in their ceremonies, and especially during FFA Week.

One farmer now feeds scores of people. Thus, the responsibility of those who turn to agriculture as a business is heavy, and the young people of the FFA and other farm organizations who have elected to devote their lives to the production of food and fiber need every bit of support we can give them.

COTTAGE GROVE, Ore., SENTINEL: "One of the campaign slogans President Nixon had was to do something about the constantly rising crime rate in this country... there is going to have to be some heavy concentration in this area soon and this will mean a considerable expenditure of funds. The problem of rising crime rates was brought home... when the annual 'Uniform Crime Reports' were released by the Federal Bureau of Investigation. The very alarming facts concerning crime during the past year... show that the chance of an American becoming a crime victim this year is 1 in 50, or twice as high as it was just nine years ago... Let's hope the Nixon Administration has more luck in coming up with some new solutions than has been the case in recent years."

ANDALUSIA, Ala., STAR-NEWS: "A democracy may have a few shortcomings, but for us, it provides a way of life that we will laud until something better comes along."

BEDFORD, Ind., TIMES-MAIL: "Air for tires is still free despite the advances of inflation. At least it was the last time we noticed. One is tempted to wonder, nevertheless, if the free air situation will prevail in the United States in the face of inflationary pressure. Don't guffaw. Consider this: Trade unions governing the Italian service station industry have voted to end free air service. Motorists will be charged 32 cents to fill the tires of their vehicles."

Back Thru the Years

Interesting Items from the Files of the Clinton County News

ONE YEAR AGO Feb. 26, 1969

The St. Johns City Commission voted to shut down the water softening process at the water treatment plant pending a full and permanent solution to the problem.

Ink White was named president of the Clinton National Bank by the board of trustees and Robert Thompson was named as executive vice president of the Central National Bank.

The mayor and city commission were still seriously considering an income tax for St. Johns.

Fowler Eagles dropped a baseball encounter with the Webberville Spartans, 75-60 while the St. Johns Redwings rolled over Charlotte 94-72.

10 YEARS AGO Feb. 24, 1960

A program in special education was presented to representatives of the Clinton county primary districts.

The Tri-County Planning Commission predicted that by the year 2000 at least three-quarters of the tri-county area would still be farmland.

St. Johns was paired with Saline, a Washtenaw county community of 1,500 in the annual Mayor's Exchange assignments.

Virgil Zeeb of DeWitt was named general manager of Plant Food Services, Inc. and Raymond Bradley of Fowler became manager of the Manco Division.

25 YEARS AGO Feb. 29, 1945

Two men were listed as killed in action, three more were missing and two had been wounded in the latest war casualties to hit the county.

Five hundred volunteers began their drive to raise \$18,300 as Clinton's share in the Red Cross War Fund Drive.

In an address to the Rotary Club, Dr. George Shepherd predicted that an army of three million Chinese, trained by Americans, would eventually conquer the Japanese.

Editorial: "The President's directive to Selective Service on the farm draft is just one more example of the flouting of Congressional enactments that has become the rule in Washington in recent years."

50 YEARS AGO March 1, 1910

The Triangle Truck factory in St. Johns was building a complete line of popular sized trucks and new orders were being received daily.

The Industrial Foundry Company had grown from five employees to more than 80 and the company was incorporated with \$200,000 worth of stock.

B. C. Raymond, who couldn't get anyone to work his farm, moved there and started running it himself so, as he said, "people in the cities will have something to eat."

The Standard Oil Co. purchased two lots on the corner of Spring and Higham streets to erect a brick building to be used as a service station.

A horse tied in front of Walker's restaurant reared in fright as the Suburban freight car passed; it slipped on the ice, fell, and struck its head on the hitching rail. The horse died instantly.

STRICTLY FRESH

It is possible to drink to excess, but not on his salary, according to our favorite lush.

Show us a man with an attache case and we'll give you pretty good odds that there goes a man who carries his lunch to work.

Biggest problem with "adult" movies is that there are so many kids in the audience that it's hard to find a good seat.

One of the greatest boons of dieting is the pleasure experienced when you junk the whole program for some no-holds-barred eating.

When in the elevator with women passengers aboard, always take your hat off. Not only is it polite, it saves the hat from being crushed when the ladies rush the door.

For Achievement Above and Beyond What's Necessary

New Arrival

There's somepin' new at our house! It's big 'n round 'n long It surely cost a fortune— On this I can't be wrong.

It's really made up special To fit our special needs, It's highly ornamental— Has plenty style and speed.

There's quite a touch of magic About the lovely fit, It's poetry in motion, And in motion quite a bit.

We haven't even named her, 'N count it no disgrace, So long as she is welcome, 'N knows her proper place.

Already we're acquainted She fills a niche no doubt, She's really such a jewel— We wouldn't be without.

She doesn't take much upkeep, Endurance is unmatched, She asks no odds or favors, We're really quite attached.

We waited long to get her, 'N hope she stays a spell She's deep with understanding— Our new found deep rock well

W.E. Dobson

From the state house

By DICK ALLEN 88th District Representative

Michigan needs a few additional tax allowances or exemptions. Our tax structure is not totally unfair or unjust but it does constitute a severe burden in certain instances. Farmers and retired people are the cases that seem most unjustly treated.

Perhaps a wholesale revision could correct these problems; I'm willing to look at all proposals. But sweeping changes often create new problems at the same time that old ones are cured. So I believe we should correct these specific problems with specific exemptions.

Special exemptions often benefit the whole State as well as the particular segment it is designed for. An example of this is a proposed exemption for raw or processed food and food products when held on the premises of the processor.

This sounds very much like one of those loopholes that gets pushed through due to a strong effort by a small but vigorous special interest group. The proposal was defeated last year primarily on the basis of a strong campaign by a freshman legislator who maintained loudly that this was the case.

Being charitable (as I may sometime wish him to be with me), I will not accuse him of seeking to make a quick name for himself. But his loud cries of "loophole" and "special interest group" caught the attention of the press and then the public, resulting in defeat of the proposal and promotion of the representative. I do not believe justice or the

'IF IT FITZ ...'

Why I'm married

By JIM FITZGERALD

I was watching the FBI on TV when I finally realized why my wife married me.

I don't know why it took me so long to wake up. What happened to me has happened to thousands of guys and I've seen their sad stories told dozens of times on TV and in the movies.

The plot is so familiar. There's this schnook, see? He wears glasses and stutters a little and makes \$53.24 a week. He has little to offer a girl, other than deep sincerity and a job taking care of his mother the drunk. Schnook is a real loser.

Along comes this blonde doll. Sometimes her hair is black, but her thoughts are always blonde. She is the most beautiful girl Schnook has ever seen. He knows she could never care for him. He is, in fact, afraid to talk to her. He just stares and dreams.

But what's this? Doll likes Schnook. She takes a cinder out of his eye and invites him to her apartment for Sunday dinner. Schnook is obviously overwhelmed with this unexpected attention. In return, Doll

is coyly, whelmed.

One thing leads to another, with Doll leading all the way and Schnook stuttering in her wake. Finally, if it's a TV show for the family, they plight their troth. If it's a movie, they simply climb into bed.

Either way, Schnook has scored way beyond his wildest fantasies. He doesn't know why he is so lucky. Neither does the audience. But everyone soon finds out when Doll suddenly excuses herself to go buy a roll of Tums.

In a dark bar she meets a mean but handsome devil. You can tell they have been lovers for years by the way they snarl at each other. It turns out that Handsome is a bank robber and, aha, Schnook is a bank teller. Doll's assignment is to find out from Schnook what time the bank guard takes a coffee break. She tells Handsome and, right after the next commercial, the bank is robbed and Schnook finally learns he has been played for a schnook.

NOW LET'S SEE how fact can be as sickening as fiction.

The other day my side of the family had a get-together. There was the usual review of the most recent embarrassments caused by my column. While my mother counted my drinks, my sisters counted my chins. The usual sympathy was extended to my wife and the usual question was asked her: "Why did you marry him?" Then I went home and watched the FBI and I knew why.

Any night now, she will go after the Tums. She is probably just waiting until I mumble the combination to the office safe in my sleep (I can never remember it when I'm awake).

I'm anxious for the final scene. In most movies, Doll decides she likes Schnook ok after all. At least, she doesn't want him murdered—just robbed and badly beaten up. She throws herself between him and a bullet fired by Handsome. She either dies or gets 4 to 8 years in prison.

Either way, as my wife leaves I am going to tell her I won't feed the cats while she's gone. Onward and Upward.

Mud brings hope

By RON KARLE, Editor

My annual battle with spring began last week. Spring, as usual, won.

It generally begins sometime in late February as the temperature sneaks toward the 40-degree mark.

I always try to ignore it, knowing I'm about to be tricked again.

But then you get a mild Saturday and on Sunday the sun comes out and everybody's out riding around. Their cars are either filthy with salt and grime or car wash new.

Then Monday happens and the sun comes out again.

I discard my topcoat in the car and find I don't need the heater on full blast. I begin to notice things I haven't seen in months. Like mud.

I've always had a special feeling for mud (something my mother could never really appreciate) because that's one

of the early signs. Spring isn't really here unless you can track a little mud in the house.

So I begin to wonder where my tennis shoes are and find them where I left them last October.

Next to my baseball mitt. I try them on to see if they still fit and I'm always a little amazed to find that my feet haven't grown during the winter.

Then you smack the old ball in the mitt a few times and that feels pretty good, too. It's still a little early for a good game of catch but there's no reason you can't wear the tennis shoes.

That night it always snows. Not just a light, harmless, fluffy snow but a blizzard with sleet and ice.

And wham! The temperature's down near zero again. Your tennis shoes are sopping wet and you're on the way to a whooper of a cold. Everybody else, it seems, always

wears their boots that day. It takes three days for your tennis shoes to dry and you consider throwing them away. You know you'll never use them again because it will never be warm again.

You offer to give your baseball mitt to the kid next door and he looks at you like you're crazy and asks if you've got a hockey stick you'd like to get rid of.

And that's just the beginning—spring's way of letting you know who's in command. The worst thing about it is that you know you'll go through the very same ritual about 17 more times and lose them all.

But this year there was a little something extra. I got this letter from my mother on about the second day my tennis shoes were drying. Enclosed was "a free sample of sand from the Fort Lauderdale beach."

What a way to get back at someone just because I used to track a little mud in the house.

TAKING FIVE

The redhead

By RON HUARD

Arthur Godfrey has never been a friend of mine. I've never even seen his autograph, as near as I can remember.

In fact, as popular an entertainer as he's been, if I had

CORTLAND, N.Y., DEMOCRAT: "Would you go to a store and pay \$1.16 for a one dollar bill? No? Does the very thought sound insane? Well hold on to your chair, because you are already paying that much and more for dollar bills reports the (New York) Citizens Public Expenditure Survey, Incorporated. Proponents of new government spending programs who cry, 'it won't cost local taxpayers anything; federal aid will pay for it,' are merely deluding themselves and the public."

WEST POINT, Miss., TIMES LEADER: "Alaska couldn't miss hitting the jackpot. The machinery was well oiled. The world's giant petroleum firms have put up more than \$900 million in bids for leases on Alaska's North Slope oil fields. The money has already been invested, and is producing almost \$46,000 daily interest for the state. It all started with the discovery of the biggest oil field on the North American continent. Alaska leased 450,858 acres of state-owned land. And now the next bonanza will begin when taxes on the oil itself start flowing."

For the want of a nail... because of our unwillingness to grant the exemption on food products Michigan loses the taxes from the storage facility and sometimes from the processor. It loses income and other taxes on these industries. And our farmers lose the opportunity to grow a product that might increase their income.

Not all "loopholes" are loopholes!

my pick I'd listen to the Beatles.

Likewise, Denny McLain has never offered to buy me a drink and I can't say I've extended any invitations his way. In fairness, I give him great attention for his pitching ability but judging from his public, off-the-field image, I'd pass up an evening with him in favor of tending my nails.

But the two public figures currently provide a good contrast. Both the soap-salesman and the organ grinder have a streak of cockiness that has not always been kept in check. Godfrey at times has been about as tactful as a tank and McLain's sweetness is limited to his blood-sugar.

But of the two, there is a genuineness about Godfrey that cannot be ignored and it's the type of frankness that seems to answer the younger generation's question of "what's it all about?"

It's all about playing the game straight and regardless of how seemingly inconsiderate Godfrey has been portrayed publicly, he has always come off the better. His frankness at times has appeared brutal; his concern often has appeared to stem from self-satisfaction, but generally he has added depth and meaning to situations in which he has been involved.

He does not necessarily present a "dog-godder" atmosphere, yet much of his beneficial efforts never are heralded. Fortunately, a cur-

rent, seemingly brash, but sincere display of cockiness is receiving notice. It is his refusal to allow previously recorded commercials for Axion to be used because the product is one of several produced by the Colgate-Palmolive Co, which are believed to be contributing to water pollution.

In this instance, Godfrey asked—no, demanded—that reference to this character of the product be mentioned in advertising and as a result a new series of commercials are being readied which will include such reference. His demands not only brought a greater degree of integrity to himself but to the company he represents and to the advertising they use.

It is this quality of truthfulness that, at least publicly, has always impressed me about Mr. Godfrey. His humor is not always funny; his petunia is an onion patch is the only song I've heard him sing that grabbed me and he has, indeed, received much ink and radio time over his brusque and direct comments and actions. But, there is little to challenge his truthfulness and he usually leaves no doubt as to his goals.

He's what it's all about. There are few in the ranks of public figures who will leave more behind them than what they've been given credit for. Godfrey happens to be one of those persons. So where does Denny McLain fit into this? Denny McLain who?

## P-W girl wins Time contest

Irene Piine, a student at Pewamo-Westphalia High School has been named a winner of the annual Current Affairs Contest conducted by TIME, The Weekly Newsmagazine.

The Current Affairs Test, based on significant news stories in TIME, comprises 100 questions on national and foreign affairs, as well as business, sports, entertainment, science, religion, literature and the arts.

The test, created for the TIME Education Program -- an exclusive classroom service of TIME magazine -- has been taken by more than 10 million students since its inception 34 years ago.

Top scorers were awarded certificates of excellence and merit from Henry Luce III, Publisher of TIME, The Weekly Newsmagazine.

## View from the 87th

By WILLIAM S. BALLENGER  
State Representative

While legislative debate over the State School Aid bill rages on in the Michigan House of Representatives, proper attention to several other vitally important issues has gone begging.

By way of example, one of the most critical human problems facing Clinton County and our state is housing.

In a special message to the Legislature last week, Governor William G. Milliken spelled out in detail his sweeping proposals to alleviate this desperate situation.

Among his top recommendations for legislative action are:

- Expanding the State Housing Development Authority's bonding powers sixfold, from the present \$50 million ceiling to a maximum of \$300 million;
- Completely rewriting and modernizing our housing construction code;
- An extensive land procurement drive; and
- An ongoing commission to continually review and request improvements in housing and construction laws.

assisted housing projects and federal subsidies to those projects. This is one program, incidentally, which will not require added taxes.

Governor Milliken also committed his administration to promoting innovative housing construction methods. This could both decrease housing costs, which have been rising at a phenomenal rate, and increase job opportunities within the housing industry. New construction techniques, such as modular housing, offer great hope in ending our housing dilemma.

IN MY OPINION, the Governor's housing message shows a great depth of understanding of this problem. I think his approach to the solution is both realistic and creative.

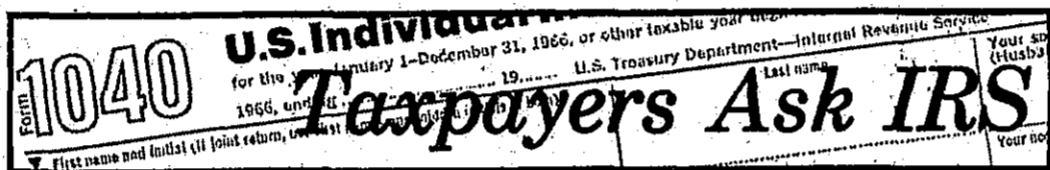

Anyone who has seen homes in some neighborhoods where huge rats have eaten through the thin wooden walls; or the dangerous overcrowding in many city housing units; or the incredibly dilapidated homes in which some residents or our rural areas must survive the winter cannot deny the extent and seriousness of the accelerating housing shortage. Following Governor Milliken's impressive guidelines, we must take forceful steps to meet the needs of our fellow citizens.

Expensive housing is a luxury. Decent housing is an absolute necessity.

Q-What is the surtax rate on 1969 income?  
A-The income tax surcharge is 10 per cent for 1969. The surcharge was originally scheduled to expire June 30, 1969, but was extended by Congress to cover all of 1969.

Q-Several in our family chip in to support our father but no one of us contributes more than half. Can any of us claim him as a dependent?  
A-If your combined contributions total over half of your father's support, then any one of you, but only one, who individually contributes more than 10 per cent may be entitled to claim the dependency exemption under a multiple support agreement.

Q-Each of the others, who contribute more than 10 per cent, must file a written statement that he will not claim the exemption this year. Form 2120 may be obtained from your local IRS office for this purpose. These signed statements must be filed with the tax return of the one who claims the exemption. For more information, see Publication 501, "Your Exemption and Exemptions for Dependents," available free by sending a post card to your District Director.

Q-Is a stock dividend taxable?  
A-In general, a stock dividend paid in the same class of stock

is not taxable. However, if there was an option to take cash or other property in place of such stock, the fair market value of the stock received should be reported for income purposes.

Q-I was just billed for tax I had already paid. What should I do?  
A-Return the bill along with a copy of your cancelled check or money order. Frequently, IRS receives payments without enough information to identify them and this might have happened in your case. Another possibility is that your payment was received too late in our processing cycle to make the necessary adjustments in the billing notices.

Q-I've taken a part-time second job. What can I do to stop having Social Security taxes taken out of my pay on both jobs?  
A-Each employer is required to withhold Social Security taxes on the first \$7,800 of wages paid, employees in 1969. However, if more than the maximum of \$374.40 is withheld for Social Security because you had two jobs, the excess can be claimed as a credit on your 1969 income tax return.

Q-I retired because of illness. Will my pension be taxable?  
A-It all depends on the kind of pension plan your company has, the amount of your pension, your age and the normal retirement age under the plan. Many disability pensions will qualify for treatment as sick pay until you reach normal retirement age. Up to \$100 a week may ordinarily be excluded as sick pay.

THE HOUSING AUTHORITY bonding recommendation proposal is a highly interesting one. It takes into account that applications for financing low- and moderate-income housing already far outstrip the Authority's \$50 million bonding ability. The Governor said he would like to see that much in bond funds committed before the year is out for development of 2,500 housing units for low and moderate-income families.

Governor Milliken placed great emphasis on a unique way of repaying the proposed housing bonds. They would be retired in self-liquidating manner, from payments from state credit as explained in the instructions you will receive with your tax forms.

Q-Can I deduct my veterinary fees when I figure out my farm income on Schedule F, Form 1040?  
A-Yes, veterinary fees as well as medicine for farm livestock are deductible when you report farm income and expenses.

Procedures for claiming this

## North Bengal

By Mrs Wm. Ernst

Mr and Mrs Edward Moritz accompanied their son and daughter in-law, Mr and Mrs Louis Moritz and family to rural Grand Ledge on Sunday afternoon, Feb. 15 where they visited Mr and Mrs Clare Moritz and saw their great-grandchild, Randall Clare.

Mr and Mrs Hegman Noller of rural Hubbardston spent Wednesday, afternoon, Feb 11 with Mr and Mrs William Ernst and Maxine.

Mr and Mrs Fred Sehke of Fowler visited Mr and Mrs Fred W. Pasch, Tuesday evening, Feb. 10.

Mrs Louis Moritz and Mr and Mrs Edward Moritz were callers of Mr and Mrs Albert Moritz of Essex on Wednesday afternoon, Feb. 11.

On Friday evening, Feb 13, Mr and Mrs Edwin Mohnke of South Bengal visited Mr and Mrs William Ernst and Maxine.

Mr and Mrs Edward Armbrust-macher of Carson City were Sunday afternoon, Feb. 15 callers of Mrs Edna Watamaker.

Mrs Fred W. Pasch entered the Carson City Hospital on Sunday, Feb. 15 as a medical patient.

On Saturday, Feb. 14, Mrs Lloyd Nequette of Lansing visited her father, John Foersch and also her brother and sister-in-law, Mr and Mrs Floyd Foersch and Sandra.

## Pewamo

By Mrs Irene Fox

Mr and Mrs Clyde Silvernail and Mrs Leone Hillabrandt and John Hillabrandt of Pewamo attended the 45th wedding anniversary of their brother and sister-in-law, Mr and Mrs Walter Schneider of Lansing. Others present for the evening meal were Mr and Mrs Clement Schneider, Mrs Vernon Schneider and children and Mr and Mrs Robert Fox and family, and their brother and sister-in-law, Mr and Mrs Gilbert Miller of Lansing.

Mrs Julia Fox of Carson City called on Mrs Irene Fox Saturday evening.

Sunday afternoon visitors of Mrs Bertha Martin were Mr and Mrs Oscar Simon of Fowler and Mrs Ann Bower.

## Carland News

By Mrs Archie Moore  
Phone 834-2383

Mr and Mrs John Roberts of Lansing spent two days last week with Mr and Mrs Clyde Dumond of Carland.

Mr and Mrs Amby Gould and Mr and Mrs Archie Moore attended the 60th anniversary of Mr and Mrs Ernest Walters of Bancroft.

# UAW OFFICE

at 303 N. Clinton St.

Ph. 224-7666

is now open on Tuesdays and Thursdays, from noon to 5 p.m.

UAW organizer, Bill Cross, will be in the office on those days to talk to workers interested in possible organization of their plants. He is particularly interested in seeing employees of Federal-Mogul and Sealed Power. Cross also can be contacted at the UAW Owosso Office, Ph. 723-5186.

## IT'S JUST GOOD BUSINESS TO JOIN THE UAW

- The highest wages
- The best working conditions
- The longest paid vacations
- The most paid holidays
- The largest guaranteed funded pensions
- Supplementary Unemployment Benefits
- The most comprehensive hospital surgical and medical benefits (paid by employer)
- The best life insurance protection

This S.U.B. provides a cushion for laid off workers under contract with U.A.W. and guarantees 95 per cent (95%) of normal pay for fifty-two (52) weeks. Bower Corporation of Detroit U.A.W. Local 681 part of Federal-Mogul also holds such a contract with the U.A.W.

This provides a pretty good income protection for the price of two hours pay per month which is the current Union dues and contrary to what many are being told there can be no added assessments.

### WHAT DO YOU RECEIVE IN PAY IN THE EVENT OF LAY-OFF?

Please mail your authorization cards to either of the above addresses

YOU WILL BE PROUD TO BE A MEMBER OF THE UAW

UAW Region 1 C, E. S. PATTERSON Director

# Census a time when Americans take a close look at themselves

Every 10 years Americans take a good look at themselves to reinforce the platform of facts on which to base plans for the future course of the Nation.

The occasion is the census of population and housing conducted once each decade as required by the Constitution. The 19th in a series stretching back without interruption to 1790 will be taken on April 1.

Responsible for the census is the Bureau of the Census, U.S. Department of Commerce. The count will be conducted from 395 temporary Bureau district offices throughout the United States, each of which will cover an area containing approximately 500,000 persons. District offices began opening on January 19, with the entire group scheduled to be in operation by February 9.

The census tells us what we are as a Nation and is a necessary stocktaking. History has shown us to be a practical people, busy in the pursuit of our concerns, and we need a careful look at ourselves at regular intervals. The census will throw light on all the changes that have taken place in recent years.

For the average American, the census will be a simple exercise. The Government asks that he devote a few minutes to answer questions about himself and his housing. The questions will be on printed forms that will be sent by mail to each household.

For 80 per cent of the households there will be about 23 questions that require perhaps 15 minutes to answer. Fifteen minutes every 10 years is not a heavy burden. For the other 20 per cent of the households, there will be an average of 69 questions that will require about 45 minutes.

It is impossible to overstate the importance of taking these few minutes to put the facts on record. Crucial decisions affecting every person in the Nation depend upon the accuracy and completeness of the census. To begin with, political power hinges on the census count. Official population figures are used to determine the fair apportionment of seats in the Congress as well as in State and local legislative bodies. Further, Federal funds are distributed locally on the basis of census population figures.

Government leaders from the highest Federal authorities to local officials plan and develop programs involving billions of dollars on the basis of what the census tells of the characteristics of people and their housing. And the same holds for non-government leaders responsible for the stewardship of our many enterprises.

President Nixon has said of the census: "Even as our popula-

tion has grown in size over the decades, so the functions of the regular census also have expanded. Today, we are interested not only in an accurate counting of heads but also in a better description of our social condition. We know that unless a people can be adequately informed about their present, they cannot make intelligent judgments about their future."

For the individual, the census is secret. No individual need fear that he is exposing himself to public view. The answers he gives about himself and his housing are held in strictest confidence. Census employees are forbidden by law from disclosing any fact about a person and would be subject to heavy fine or imprisonment for a violation of the law. In processing, facts about individuals are added in various ways resulting in statistical totals that depict the state of the nation.

Change has even affected the mode of taking the 1970 census. This year, the 65 million U.S.

households can be their own census takers. Each household will receive a census questionnaire by mail on or about March 28 and will be asked to fill it out as of April 1 according to enclosed instructions. The number of questions asked will be on the average the fewest of any census in the past century.

In most of the large metropolitan areas, people will be asked to mail completed questionnaires back to their census district offices in a brown post-paid envelope provided for the purpose. The envelope and form with all questions answered should be mailed on April 1. These people need not see a census taker unless they return the form incomplete, neglect to return it at all, or ask for assistance.

In the remainder of the nation, people will be asked to fill out the form on April 1 and hold it until it is picked up by a census taker.

About 185,000 temporary workers will be hired by the

Bureau to take the census. Included will be 160,000 census takers (called enumerators); 13,000 workers in the 395 temporary offices, and 12,000 crew leaders and other supervisors, including a manager for each district office. Had not the changes in census taking methods been made and successfully proved out in field tests over a period of several years, it is estimated that 220,000 workers would have been needed to take this year's census using the same procedures employed in 1960. The 1960 total population was 180 million compared with an estimated 205 million for 1970. The cost of taking and compiling the 1970 census will be about \$210 million.

Census workers will be employed 4-6 weeks, some longer. The process of hiring and training is underway now and will continue until April. The record that these census takers compile will become part of the fabric of American history. Their job is a challenging one, and the nation awaits the results with anticipation.

## Bee's opens new showroom

Bee's Chevrolet Sales manager Red Devereaux, left, and salesman Jim Ruff have a beautiful new showroom in which to display their wares. Bee's new building, located south of St. Johns on US-27, will feature a special showing of 1970 Camaros and Corvettes beginning Thursday to mark the opening of the new facilities.

## Whitford family receive award

Dan Woolner, District Executive of the Chief of Okemos Council, 5th District presented the family of Marvin Whitford a Certificate of Appreciation in recognition to their service to boys.

The award was presented at the Blue and Gold Banquet held Saturday, Feb. 14 in the Eureka School Gym. The celebration was in honor of Scout Week and to celebrate the 60 years of scouting in America.

The family is able to lay claim to having a scouting history that goes back four generations. Ben H. Lester, grandfather of Mrs. Whitford was a scoutmaster from 1915 to 1917. Mrs. Farin Eldred of 701 S. Ottawa Street, mother of Mrs. Whitford, acted as den mother to 75 boys. During her scouting days she was presented an award from the Chief Okemos Council for her outstanding work and at one time had the largest den in Michigan. Mrs. Whitford is a den mother and Mr. Whitford is a scoutmaster. Their four sons are all in scouting.
