This is the architect's conception of what the Clinton County Courthouse will look like with the eventual addition of two new wings. The board of supervisors Monday approved going ahead with the

second wing. The west wing at right was occupied only within the last few months. St. Clair Pardee of St. Johns is the architect.

2nd new wing for courthouse gets green light

A second new wing for the Clinton County Courthouse is now in the paperwork stage.

The Clinton County Board of Supervisors made that move suddenly Monday morning, deciding to proceed with the original plans of December 1964 when they decided on the present west wing.

An east wing would be identical in size and architecture but would be, probably, strictly for offices.

Included in the proposed paperwork would be a civil defense emergency operating center, although supervisors seemed to think Monday the courthouse wing and the operating center should be two separate projects.

THE SUBJECT was introduced Monday by Supervisor Don Clark of St. Johns as the county board met for only its third session in the supervisors' room of the new west wing.

Clark suggested the board should consider an east wing now in order to balance the building and to get the work done at lesser cost than it could probably be done in the future. He suggested that if bids could be let about the same time school building bids are let, it might be possible to get a better bid price for doing the work.

Clark and other supervisors pointed out it shouldn't be necessary to seek millage for the construction, because a capital improvements fund has already been set up in the budget, and some money is already available.

SOME \$50,000 was budgeted for 1966 for a public improvement fund, supervisors saying this was intended to apply for the new wing on the east side of the courthouse.

Supervisor Clark's motion was to proceed with plans and specifications for construction of an east wing of the courthouse and for an emergency operating center as a separate project.

Supervisor Almond Cressman of Olive Township, chairman of the board of supervisors, said he still thought the best place for the civil defense unit was under the front entrance patio. This was the place originally considered, and in fact the east foundation wall of the west wing of the courthouse was built deeper and thicker for the CD unit under the patio.

THE BOARD indicated St. Clair Pardee of St. Johns, architect for the west wing, would be retained for the east wing so that the two new units would match up as nearly as possible. Some of Pardee's original work on the west wing included plans for both wings, but in December 1964 the board decided to proceed with only the one structure.

Original low bids on the courthouse west wing were \$162,467, but the finished cost was somewhat higher because of changes, including the extra wall thickness for the civil defense emergency operating center preparations.

Extra Courtroom office space asked

Even after supervisors decided Monday to proceed with plans for a second courthouse wing, they heard, discussed and sent to the building and grounds committee a request for three additional rooms for the circuit court.

Circuit Judge Leo Corkin made the request, saying the court badly needed a law library and a couple of conference rooms where attorneys could confer with their clients.

He suggested the rear of the courtroom be partitioned off to provide space across the back of the room for a library in the center and two smaller conference rooms on either side of the library.

"THE TROUBLE is the library takes considerable space, and attorneys now have no good place to go with their clients to discuss the cases," Judge Corkin said. "And we really do not need that much courtroom."

He said the partitioning would still leave about 130 seats in the courtroom.

Supervisors expressed open reluctance to reduce the size of the courtroom, however. Supervisor Ernest Carter of Watertown pointed out the room is used for other meetings such as zoning hearings and on many occasions is filled to capacity.

SUPERVISOR Derrill Shinnery of Greenbush suggested that since there is "open area" even eight feet above the present ceiling of the courtroom, possibly a mezzanine floor could be constructed at the rear of the courtroom. Then either the offices could be put upstairs or the upstairs outfitted as a balcony for spectators, with the library and offices downstairs.

The cost for constructing such a mezzanine would be more than for merely partitioning the courtroom. See EXTRA, Page 2-A

St. Johns hails wrestling champ

St. Johns is lauding its first state wrestling champion this week.

Al Johnson, a senior wrestler on the Redwings 4-8-1 wrestling squad, won four matches in the state wrestling tournament for Class B schools at Waverly High School in Lansing to become the first St. Johns wrestler to win a state championship. Johnson wrestles in the 138-pound class.

JOHNSON defeated Eugene Urbank of Otsego in the finals Saturday night, but the match had to go overtime before the winner was decided. Johnson turned the tables and scored on Urbank with 19 seconds left in the overtime period to win the match 4-1.

Urbank had been undefeated in the tournament up to that point. Johnson had lost matches.

IN HIS other state tournament matches, Johnson defeated Bob Chisholm of Spring Lake and Sam Bird of Belding Friday, and Tom Hale of Springfield Saturday.

The Redwings' team captain for the year, Johnson wrestled most of the year in the 145-pound class but by February he had lost enough weight to wrestle as a 138-pounder. He had a 9-2-2 record in dual meets this year, finished second in the conference and first in the Class B regional tournament at St. Johns Feb. 25 and 26.

THREE other St. Johns wrestlers who qualified for the state tournament bowed out early in the competition at Waverly. They were Larry Wood in the 95-pound class, Tom Harper in the 112-pound class, and Tom Harper in the 112-pound class. See WRESTLING, Page 2-A

2 area teams make regionals

Only two Clinton area basketball teams survived the district tournaments last week, and both are promised rough sledding in the regionals this week. Bath beat Haslett 65-58 to win the Sexton district tournament and advance to the Grand Blanc regionals. Fulton High upset Ovid 63-62 to win the St. Johns district, and they'll play at the Ferris State College regional.

St. Johns lost to Ithaca in the opening game of their district, and favored Fowler lost a 62-61 decision to Portland St. Patrick's in the finals at Gabriels.

Details and pictures on all the tournament teams are on Page 1-B and other pages of that section.

Village elections set for Monday

Residents in the villages of Clinton County will vote next Monday, March 14, to decide who their officers and three of their councilmen will be.

Westphalia and Eagle will also vote on propositions to allow sale of liquor by the glass.

In all but a couple of cases, there will be no competition for offices in the villages. In Maple Rapids, Elsie and Ovid there'll be contests for the three open council seats.

HERE'S THE "lineup" for Monday's balloting:

WESTPHALIA — Elvan Pohl, president; Harold Wieber, treasurer; Donald Schaefer, clerk; Aloysius Droste, assessor; Denis Fandel, Robert Hengesbach and William Hanses Jr., trustees. There will also be the following proposition: "Shall the sale of spirits, in addition to beer and wine, be permitted for consumption on the premises within the Village of Westphalia, County of Clinton, State of Michigan, under the provisions of the law governing the same?"

MAPLE RAPIDS — People's Party: Ronald Dean, Lewis Britten and Wendall Blemaster for trustees (2-year terms), Progressive Party: Terry Speer, Francis Cartwright and Nelson Rumsey for trustees. Both parties endorsed the following candidates: Elston Hicks, president; Helen Howe, clerk; Marjorie Rumsey, treasurer; and William Aldrich, assessor.

HUBBARDSTON — People's Party: Albert Cunningham, president; Virgil Tall, clerk; Manual Cusack, treasurer; James R. McGinn, assessor; Robert Baker,

Methodists to host 3rd Lenten service

Union Lenten services of St. Johns area churches will continue this Sunday evening at the First Methodist Church, with the Rev. Stanley M. Forkner, director of Christian education and programs for the EUB Church in Michigan, as guest speaker.

The service will begin at 7:30 p.m., with the Rev. Norman Croser, pastor of the Bingham and Bengal EUB churches, in charge. The Methodist Church choir will sing. Ushers and greeters will be members of the First Congregational Church.

AS IS USUAL, a coffee hour will follow the Lenten service, with folks from the Methodist Church in charge of those arrangements for this Sunday.

As director of Christian education for the Michigan Conference, Evangelical United Brethren Church, the Rev. Mr. Forkner is member of the board of Christian education executive committee working on the camping committee, administration and leadership committee and the audio-visual committee. He is also a member of the board of evangelism for the EUB church.

The Rev. Mr. Forkner began his pastorate at the High Street Church in Dayton, Ohio, in 1936. From 1938 to 1939 he was at Ostrander, Ohio, and from 1939 until 1945 he was at the Drexel Park Church in Dayton. He came to the Michigan conference in 1947, serving at Hopé Chapel in Livonia.

HE HAS BEEN Michigan Conference director of Christian education and program since 1955. He was a member of a special evangelistic team to Sierra Leone, West Africa, in 1961. The Rev. Mr. Forkner received

Zoning unit approves 2 controversial trailer parks

Two controversial zoning applications were approved last Thursday night by the Clinton County Zoning Commission and will be forwarded to the county board of supervisors in April for final decision.

'Waiting game' for big project

It will probably be about seven more weeks before promoters of the new convalescent center and apartment complex in the southeast part of town get a final word from the city about rezoning.

They presented their request to the city commission last Tuesday night and after some discussion the commission referred it to the planning commission.

If the planning commission takes action right away, the city fathers should get a recommendation next week, but it would be several more weeks before an ordinance could be drawn, properly presented and finally voted on.

THE PROMOTERS are asking for rezoning of land on the south side of Sturgis Street between Baker Street and Scott Road from single family residential to general commercial.

City Manager Ken Greer said the city attorney's first impression was that general commercial would allow for construction of three-family and more housing.

One of the promoters, Jud Marzke of St. Johns, told the commission he was anxious to get going on the project. He is working alone, with plans for a 12-unit apartment building with eventual plans for four such buildings.

MARZKE, ALONG with Timothy M. Green and Roy Briggs of St. Johns and Floyd Wylie and Rex O'Connor of Ionia, are promoting the convalescent center, which they said would have at least 60 beds and would cost at least \$500,000.

was for a 137-acre tract of land on State Road from Brown to Wood roads in DeWitt Township. Ted Powell, secretary of Mobile Home Village, Inc., is asking for rezoning from zone B residential to zone D agriculture to allow for construction of a trailer park.

Objection first appeared from the State Department of Highways which plans to extend US-127 from the Frandor section of Lansing northward through Clinton County to a hookup with US-27 north of Clark Road. The projected highway route crosses the property Powell is seeking to rezone.

JOHN KAZENKO, a route location engineer for the Office of Planning of the State Department of Highways, objected to "higher use of the land beneath the expressway" and said he considered trailer parks would raise the value of the land.

Kazenko said he withdrew the objection when the zoning board said the land was being rezoned to agriculture, which was a lower use of the land.

The projected highway would require state purchase of about 300 feet of right-of-way across the east end of the Mobile Home Village Inc., property, plus another chunk of land for muck storage.

THE STATE Department of Highways recently purchased right-of-way through the Mobile Homes Village park north of Clark Road on US-27 for \$260,000. Mobile Homes Village is presently renting the trailer park property from the state for \$800 a month until highway construction starts.

The company, in the meantime, attempted to get annexation to the City of DeWitt and rezoning from the Clinton County Zoning Commission to build a trailer park to be known as "King Arthur's Court" at the present west edge of DeWitt. Both attempts there failed, Powell said this week, and then the property on State Road became available.

IF REZONING is finally approved at the site, Powell said, plans are to call the trailer park "King Arthur's Court" and to change the corporate name of the company to the same thing.

Powell said the trailer park would be constructed 500 feet west of the proposed highway and that a sewage lagoon site would be shifted from its original planned location to allow for the

necessary muck storage by the highway department.

Powell told the zoning commission the trailer park would provide from 4,700 to 6,100 square feet of space for each trailer, with 5,000 square feet the average. The commission approved a recommendation for rezoning with a stipulation the property dimensions and specifications be strictly adhered to. The vote was 4-0 in favor of recommendation.

THE SECOND trailer park involved was on a petition of Ray and Maxine DeYoung for a trailer park at Alward Lake. DeYoung

told the commission it was their desire to lay out lots that would meet the approval of the commission. He said the lots would average 5,000 square feet in size, with the minimum of 4,700 square feet being adhered to. He said a 40-foot buffer strip would be maintained between the property line and the nearest trailer.

About an hour of discussion followed, with many people in the crowd of 200 objecting to the park. The zoning commission approved the trailer park by a 4-0 vote on the conditions it met with the requirements and restrictions of the County Health Department.

Both the DeWitt and Olive measures will go to the Clinton County Board of Supervisors for final decision April 12.

THE ZONING commission, in other business last Thursday, rejected an application for rezoning to commercial zone in Victor Township for construction of a bulk oil and gas storage plant.

They also refused approval of another trailer park in Olive Township because of lack of information and refused to rezone to industrial a plot of land in section 23 of DeWitt Township because it would be spot zoning.

Sure-Crop abandons plant plans here

Sure-Crop Liquid Fertilizers has abandoned plans to build a manufacturing plant in St. Johns and has begun construction of facilities at Ola, 12 1/2 miles north of St. Johns.

Douglas W. Cook of rural St. Johns, founder and president of the company, said Sure-Crop was giving up its plans here because of difficulties in getting a building permit.

"WE DECIDED to leave primarily because of delays being caused over which I have no control," Cook said. "They would force me to spend large sums of money and too long a time and put a hardship on the corporation which I couldn't live with."

Cook was twice turned down by the zoning administrator, City Clerk and Assessor Donald Clark, on applications for a building permit for facilities on East Railroad Street between US-27 and North Mead Street. Sure-Crop sought to locate on the north side of Railroad Street between the street and the Grand Trunk Railroad property.

Cook appealed the first rejection to the zoning appeal board, and the appeal board reversed the decision of Clark.

THE FIRST rejection, according to Clark, was because Cook had presented insufficient information to determine whether or not there would be any harmful pollution of the air as a result of the plant's location. The zoning appeal board took three meetings to decide in favor of Cook, after a number of long-distance calls had been made to other towns with chemical plants.

Cook then reapplied for a building permit, and Clark rejected the application because the terms of the city's zoning ordinance and building code hadn't been met.

COOK SAID he supplied all the information he had been asked to supply, including a drawing of the plant and plant site. Clark said he gave Cook a copy of the city zoning ordinance. He also said the city building code refers to the state building code which in turn provides blueprints of the plans of the plant must be made available.

Cook claimed another reason he was turned down was there were no plans for a fence, which he was not aware was needed until his second rejection. He said he had an informal opinion from an attorney that the hard surface of the tanks would meet the provisions for fencing, but Clark said it would not. Clark further insisted

ed that provisions of the law called for fencing around tank cars that would be on the railroad siding, as well as around the plant area at street level.

"THE CITY administration has given some people the authority to be able to cause delays that would make it virtually impossible for business to locate in St. Johns unless it had large sums of money and a year or more to accomplish it," Cook said in announcing his move out of St. Johns.

The business office will remain in St. Johns in the basement of the Parr Building at the corner of State and Ottawa Streets, Cook said. The manufacturing plant at Ola, about a half-mile north of M-57 and US-27, will be on property owned by the Grand Trunk Railroad. Cook said Monday he had verbal approval of the plans and is being allowed to proceed while formal papers are being drawn up.

"WE SHOULD be set up to manufacture by March 31," Cook said. The manufacturing unit will be

Incoming frosh test Saturday

Freshmen who will be entering St. Johns High School next fall from the rural areas of the county, are being invited to an orientation and testing session at the high school this Saturday morning.

In the meantime, teachers are being issued curriculum booklets for each of their eighth graders coming to Rodney B. Wilson High in September. "This will give teachers, student and parent an opportunity to go over the subjects he or she may want in their freshman year," Albert W. LeFevre, director of guidance, said.

SATURDAY morning's program will start at 9 a.m. sharp in the auditorium, with B. Stanley Pocus, principal of the high school, giving a short welcoming address. Students will then go to the study hall where an ability test and the reading section of the California Achievement Test will be administered.

During the testing period, Pocus will be available in the auditorium to answer questions from parents and to conduct tours of the building.

UPON COMPLETION of the testing, students, parents and teachers are invited to get together so the freshman schedule and bus map can be completed. Forms will be provided so that all entering freshmen will have health records before school starts in the fall.

2nd wing

Continued from Page 1-A
The east wing of the building would include about 5,452 square feet of floor space, duplicating the west wing.

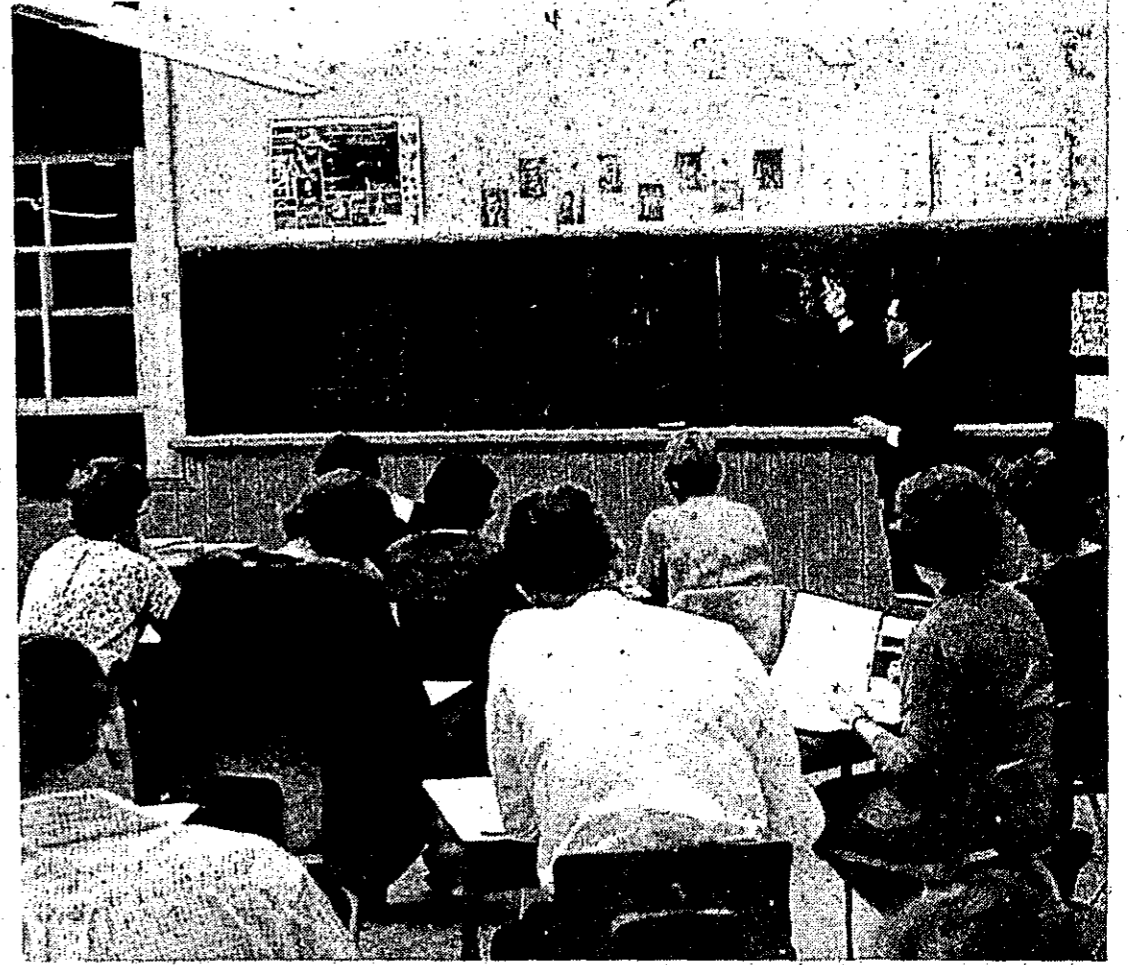

JOHN Satterington of Essex, chairman of the board's civil defense committee, questioned which would come first, the new wing or the emergency operating center. But someone else called for the question, and a vote on Clark's motion was carried out with no further discussion. It was a voice vote, with a couple of supervisors voting no.

One supervisor said later, however, that both units (wing and CD unit) should be constructed at the same time, not only to get a better bid price but also to prevent having to tear up the court-house grounds three times instead of twice.

Deadline nears on queen contest

St. Johns High School girls who will be 16 or older by March 18 are reminded they have until March 18 to enter the second annual Miss St. Johns Contest being sponsored by the St. Johns Chamber of Commerce. Over \$200 in merchandise prizes will be given to the winner. Entry blanks may be obtained at the Chamber of Commerce office.

The first weather reports sent by telegraph were received and analyzed by Joseph Henry, secretary to the Smithsonian Institution, in 1849.

Parents Find Out What New Math's All About

Parents go to school, too; at least in a lot of cases. With the new modern math being taught in school nowadays, many moms and dads are hard put when it comes to answering the questions of their children on homework, so they've set out to remedy that. Two different classes in modern math are being taught for parents each Thursday night at Central School by Mike O'Connor (standing at blackboard).

delivered next week. Cook said Sure-Crop would continue to service the St. Johns area, as had been originally intended, and plans are for the opening up of a retail outlet near the city where farmers can obtain his products.

Medical care facility for Clinton far down on federal priority list

There's still a need for medical care facilities in Clinton County, but the recent development of private nursing homes has placed the county far down on the federal fund priority list.

Federal funds are out of the question now, Joseph Homminga of the Michigan Department of Health told the Clinton County Board of Supervisors Monday.

He and John Gambotto, administrative assistant for the State Department of Social Services, appeared before the board at the request of the welfare board to discuss the possibility of a medical care facility for the county.

HOMMINGA SAID estimates are that Clinton needs 118 nursing home beds for extended care patients. There are 83 in licensed nursing homes, but Homminga said all the homes are non-conforming to new state standards as far as construction is concerned.

Construction of a new 55-bed Ovid Nursing Home would give the county 55 beds in licensed, conforming nursing homes. With that taken into consideration, Clinton

Important music meeting tonight

The St. Johns Music Department is requesting the parents of music students be present at a concert-rehearsal program tonight (Thursday) in the High School Auditorium at 7:30 p.m.

Clarification of the various programs seems to be in order, Director of Music Walter Cole said. Parents may ask the directors any questions concerning the program that they desire.

Another topic of discussion will be the Music Boosters Club. Several controversial topics will be discussed.

All music performing groups must attend, Cole said, and urged parents to come with them.

Town, country dinner March 16

Dr Orval Watts of Northwood Institute at Midland, will be the speaker at the Town and Country Meeting scheduled for March 16 at Lowe Methodist Church.

The dinner is under the sponsorship of the St. Johns Chamber of Commerce.

Dr Watts will speak on "The Future of the Dollar."

He is presently engaged as economic consultant for Southern California business firms and as a visiting lecturer in economics at Pepperdine College and Los Angeles Pacific College.

77 pints of blood donated at De Witt

DeWITT — Residents of the DeWitt area turned out strong last Tuesday and donated 77 pints of blood during the visit of the Red Cross Bloodmobile to the DeWitt Memorial Building.

Carroll W. Ward, Augley A. Higbie, Br. Raphael Munn OFM, Dorothy E. Thomas, Loren E. Schneberger, Ronald C. Mull, Mary J. Weston, Laverne E. Tudor.

Arthur Newman, DeWitt blood chairman for the Red Cross, said 99 persons offered blood and 77 were accepted. Sixteen of 0-positive blood were dispatched that same afternoon for emergency surgery.

James F. Owen, Joyce L. Shooltz, Earl R. Klaver, Ford H. Schavey, Keith B. Blizzard, Patricia A. Smith, Richard K. Keck, Russell L. Shooltz, William A. Johns, Danna R. Gabel, Gerald O. Hyde, Lloyd E. Ballard, Alfred H. Dewey Jr., Clyde A. Johnson, Emerson M. Linton, Freda E. Bollinger, Allen J. White.

LLOYD BERKIMER of DeWitt was one of the donors, giving a pint of blood that brought his total donations to two gallons. Twenty-one of the donors were at the bloodmobile for the first time, Newman said.

John K. Stephenson, Russell B. Wilcox, Lloyd R. Berkimer, Carl D. Ashley, Ia F. Kosht, Faye E. Hanson, John H. Miller, Howard A. Woodruff, Keith C. Davis, Miles Merrill, Wendell L. Top Floor of Hicks Building Disappears in Remodeling

The Hicks Building on the west side of the middle block of Clinton Avenue in St. Johns "flipped its lid" last week. Workmen, some shown here, ripped and battered away the upper floor of the three-story building. They'll eventually take off the second floor, too, in remodeling the Hicks Building for use by the D & C Stores, Inc.

First Nighters' rehearsals start

Stage layout for the First Nighters' coming production of "Everybody Loves Opal" is underway in the ballroom of the Steel Hotel, and rehearsals were to start Tuesday night.

Approve room's use by social security man

The social security representative's weekly visit to St. Johns will shift locations beginning the first of April. The county board of supervisors approved the use of the northwest corner conference room in the new courthouse wing for his use.

Plans are to hold rehearsals three times a week for the play to be presented at the St. Johns High School auditorium May 6 and 7. Complete staging and property layout is planned in the ballroom to accommodate 24 rehearsals. Rehearsals will be switched to the auditorium when it becomes available, according to Producer Milo Rowell.

In fact, use of the room was approved for other similar meetings where public agencies need space for consulting with individuals.

THE THREE-ACT play, written by John Patrick, was first presented at the Longacre Theater in New York in 1961 and has the potential of being even funnier than the First Nighters' first successful comedy "See How They Run."

THE USE OF THE room for social security conferences was asked because the St. Johns Municipal Building will not be available after March 29. City officials and the social security officials have felt the long flight of stairs at the municipal building were hard to negotiate and dangerous for many elderly persons seeking social security information.

The cast for this play includes Wilma "Corky" Paradise as Opal, Vicki Rowell as Gloria, Wayne Hicks as Solomon, Gene Livingston as Brad, John Martin as the doctor, and Arthur Wainwright as the officer.

Only a short flight of stairs is necessary in getting down to the ground floor of the new wing of the courthouse.

The number of U. S. homes heated with gas has almost doubled since 1955, the American Gas Assn. reports. Today, gas-heated homes total 27,500,000, compared with 14,700,000 in 1955.

IN OTHER miscellaneous business Monday, the board of supervisors appointed Lyle Brook and Clarence Mead to succeed themselves as members of the Clinton County Zoning Appeal Board. Their new terms will expire Jan. 1, 1968.

The county board's next meeting is established by law as April 12.

Water plant date now set May 1

Complete operation of the city's new water treatment plant is now calculated for the first of May. Ray Smit, engineer for Ayres, Lewis, Norris and May, said things are progressing "nicely" as of last Tuesday when he reported to the city commission.

About \$835,000 in work on the total \$887,000 water program contracts (includes mains, water tower, plants, etc.) has been completed, he said.

Earl L. Sitts, 38, of rural Wheeler, Mich., drew the first ticket as a result of a crash about 7:25 a.m. on US-27 just south of the Gratiot County line. His car hit the rear of one driven by William H. Deveers, 37, of 2776 Bagley Road, Ashley, who reportedly suffered pains in the crash.

Supervisor Maurice Gove of Bingham Township made the request at last Tuesday night's city commission meeting. He said Bingham Township had an acute problem and its residents needed a dump to discard refuse.

The orchestra prepared one required number, The Pearl Fishers Overture by Bizet. They were required to play two other numbers of their own selection, and they chose Symphony No. 92 in G Major, "The Oxford" by Haydn and Sinfonia in G Major, by Albinoni. They also demonstrated their sight-reading ability to the judges.

The city commission decided last Tuesday to install fencing only around the plant itself, and the parking area around the plant will not be fenced in.

DEVEERS had just passed Sitts and had to stop for a school bus. Sitts told the sheriff's deputies investigating the crash he thought the bus was going to move on; he didn't slow down enough, finally hitting Deveers' car.

Supervisor Maurice Gove of Bingham Township made the request at last Tuesday night's city commission meeting. He said Bingham Township had an acute problem and its residents needed a dump to discard refuse.

The orchestra received "1" ratings on both the sight reading and the prepared portions of their performance. This first division rating gives the orchestra the privilege of participating in the state festival in Flint April 23.

IN OTHER miscellaneous business:

Also ticketed for failure to stop in assured clear distance ahead was Richard S. White, 29, of Hall Road, St. Johns. He struck the rear of a stopped car driven by Veral R. H. Smith, 24, of 5350 Lehman Road, DeWitt. Judy Smith, 21, a passenger, complained of pains.

"UNFORTUNATELY we need as much land as we can get now for our own use," Commissioner Charles Coletta said. New state health laws are making operation of the dump more expensive and difficult, City Manager Ken Greer added.

—Special sewer rates of 50 per cent of their water bill were approved for the Pure Oil Station, Swatman's Standard Service and Texaco Service stations, all at the corners of M-21 and US-27. Written requests had been received from the owners, and city investigations showed part of their waste water going into the storm sewers instead of sanitary sewers, thereby qualifying them for a special rate.

The accident happened about 9:30 p.m. on M-21 west of Francis Road in Bengal Township. Smith reportedly had stopped along the highway, partially on the road and partially on the shoulder. He was just about to back up when he was struck by White's car. White said he turned left to try to avoid the crash, but he couldn't.

"With men and equipment needed there, it would pay to have a joint operation," Coletta went on. "But until we can get more land it would be unthinkable to allow joint use."

Vice Mayor Rex Sirrine told Gove "You will have our cooperation" and suggested Bingham take steps to see if land is available adjacent to the city dump north of town. Gove said he would and he thought the city should, too.

—THE COMMISSION tabled a decision on allowing the use of the outfield of the softball diamond for the Fourth of July carnival sponsored by the St. Johns Fire Department. Commissioner Ray Kentfield moved that it be tabled; "Charlie won't support my motion and I wouldn't support his," he said. Kentfield has indicated he would allow use of the outfield, and Commissioner Charles Coletta has been against it. Commissioners Jack Smit and Jerry Irer were absent from the meeting.

The Lansing Community College choir will make its annual spring concert tour this week, performing in two county schools and several others in the area.

In the meantime, he said, it would be necessary for Bingham to try to join with neighboring townships for dump use.

Rose of Texas, "A Good Man is Hard to Find," "Have You Ever Been Lonely," and "Old MacDonald Had a Farm." A satirical vignette, "Freshman Dance," will be directed by James Platte of the LCC Dramatics Department.

—The commission also passed four resolutions concerning water mains and curb and gutter on a number of city streets. Public hearings are scheduled for April 5.

The choir will perform one-hour programs Thursday and Friday at Pawamo - Westphalia and Elsie, as well as at Portland, Eaton Rapids, Perry and Laingsburg. The 95-member vocal group is under the direction of David Machtel, who trained and sang under Robert Shaw and with Fred Waring's Pennsylvanians.

The number will also feature an instrumental combo. In a humorous skit, the "Stein Men" will sing "We'll Have Another Drink" and "Larson's Marching Song." The Tudor Singers, a madrigal group, will sing "O music Thou Most Lovely Art" and "One Fine Day Fuller."

The blaze occurred about 8 a. m. Friday. The students were transferred to another bus for the trip to school.

The repertoire for this spring's tour will include such favorite selections as: "Yellow

3 area students at WMU begin practice teaching

Classroom theories are being put into actual practice this semester for 874 Western Michigan University students in the education program. They are taking part in practice teaching programs in schools throughout Michigan.

Included are several students from the Clinton area. Carol Benson of R-3, St. Johns, will be teaching at Kalamazoo Fairview and Upjohn schools. Kenneth Black of 608 E. Higham Street, St. Johns, will be at Parchment High School. Dean Blackledge of R-1, Laingsburg, will teach at Kalamazoo Central High School.

Within the WMU teaching group are brothers and sisters Linda and Linden Lade of Elsie.

ALL SENIORS at WMU, the 874 students are spending the semester in the final stage of pre-teacher training under experienced classroom teachers. Of the total, 564 are in secondary schools, 230 in elementary schools and 80 in special education.

Urban development plan recertified

The Department of Housing and Urban Development has recertified the workable plan for community development of St. Johns, according to a telegram last week from the office of Rep. Paul H. Todd in Washington.

Workable plans are essential to communities seeking federal grants for housing, health services and other community development projects and must be recertified from year to year to retain eligibility.

Baptist chaplain next on Ovid Lenten series

Dr. James Didier, university Baptist chaplain, Michigan State University, and director of Christian higher education of the Michigan Baptist Convention, will speak at Ovid United Church this Sunday in the third of six Sunday Evening Lenten Services.

His sermon topic for the evening service will be "The Meaning of The Cross." Preceding the main service, he will address the Young People's meeting on the subject "Be a Rebel Without a Cause."

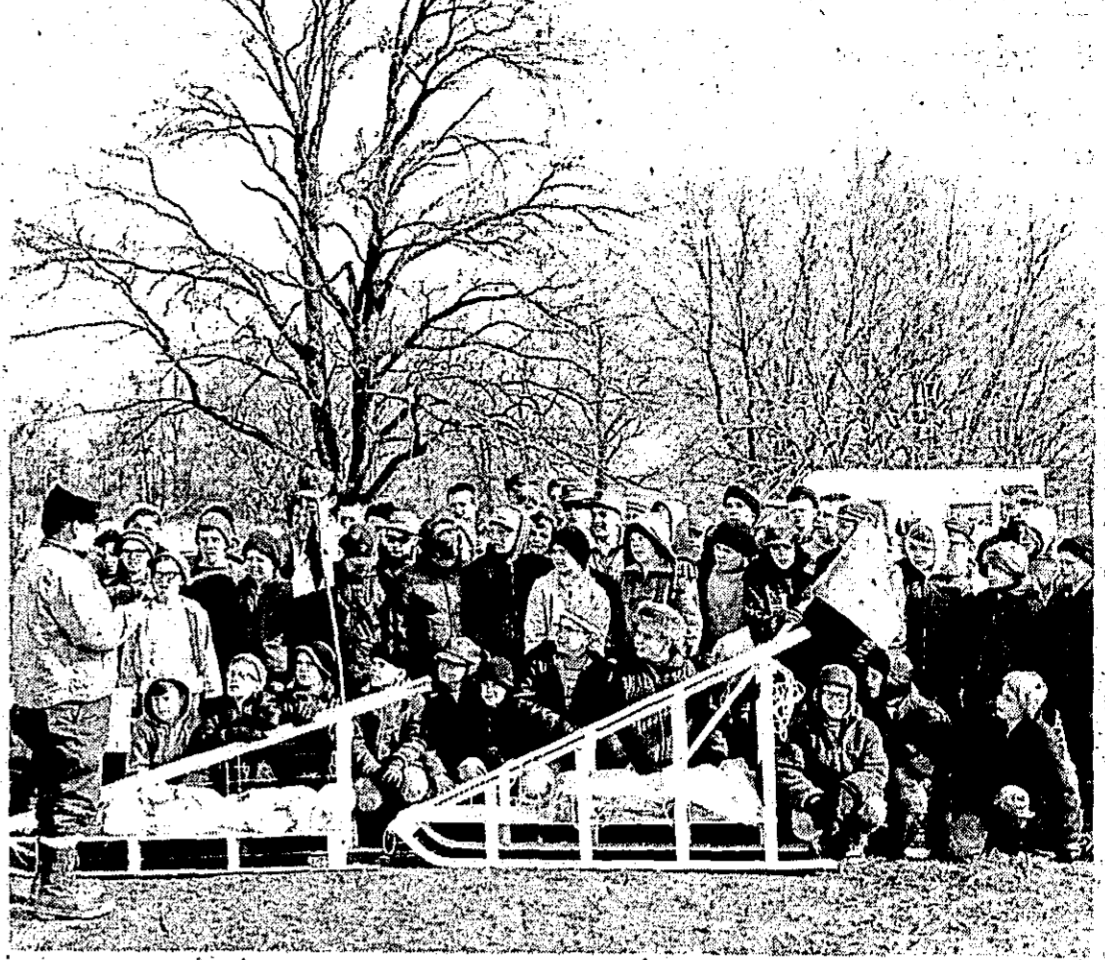

DR DIDIER is a graduate of Handy High School at Bay City, Alma College, B.A., 1955; Northern Theological Seminary, B.D. 1958 and Th. M. 1959. He received the Ph.D. degree at Michigan State University, majoring in guidance and pastoral counseling and minoring in psychology and general higher education. He was ordained on Jan. 17, 1960, by the First Baptist Church of Bellwood, Ill.

Dr. Didier has served as UMCA athletic director, maintained a private surveying business during his seminary years and was youth director for two years in the Bellwood Church. He taught a sequence of courses in the field of practical theology in the collegiate division of Northern Seminary during the school year 1958-59.

IN THE FALL of 1960 he was called by the newly organized American Baptist Student Foundation to the position of university Baptist chaplain at Michigan State University. Since that time he has organized and directed the Baptist campus ministry at Michigan State University while continuing his graduate studies at the university. His doctoral thesis title was "Expectations and perceptions of expectations for the Professional Role of the Baptist Parish Minister in the State of Michigan — an Exploratory Study."

In January 1964 Dr. Didier was called to serve on the staff of the Michigan Baptist Convention as director of Christian higher education. Approximately one third of his time is now given to the state staff responsibilities and two thirds of his time to the campus ministry at Michigan State University.

DR DIDIER is a member of the Phi Theta Kappa, National Honor

Boy Scouts from six Clinton County Scout troops get their Klondike Derby instructions from St. Johns Scoutmaster John Williams Saturday before embarking on their annual derby outing at Rose Lake. The derby went on, despite lack of snow.

80 boys from 6 Boy Scout troops at Klondike Derby

Six Boy Scout troops from Clinton County held their sixth annual Klondike Derby at Rose Lake Saturday. John Williams, Scoutmaster of Troop 71 at St. Johns, was chairman of the derby and was assisted by Robert Bullock, Scoutmaster of Troop 67 at Bath.

The day started out bright and clear with Williams lining up boys for explanation of how the events would be run and judged. The boys pulled their Klondike sleds although there was no snow for the runners to glide over.

At 1:30 p.m. the cooks had hot beef stew, bread, cocoa and coffee ready. The boys and leaders "ate as though it was going to be their last meal," Williams said, and then went back to running the final events of the derby.

ABOUT 4:30 The following awards were presented:

- Patrol, high points and blue ribbon.
- Troop 58 of Portland, Beaver Patrol, red ribbon; Eagle Patrol, red ribbon.
- Troop 60 of Wacousta, Flaming Arrow Patrol, blue ribbon.
- Troop 67 of Bath, Wolf Patrol, blue ribbon; Bat Patrol, red ribbon; Eagle Patrol, blue ribbon; Owl Patrol, red ribbon.
- Troop 71 of St. Johns, Beaver Patrol, blue ribbon; Flaming Arrow Patrol, red ribbon.
- Troop 81 of St. Johns, Hawk Patrol, blue ribbon; Beaver Patrol, blue ribbon.
- Troop 573 of Eureka, Panther Patrol, blue ribbon.
- Troop 585 of Ovid, Panther Patrol, blue ribbon.

Bank Has Good Turnout for Open House

The people came and the people saw the new Central National Bank last Wednesday and Thursday evenings during the bank's open house. Bank officials estimated 2,200 persons toured the facility and, as here, stopped to chat with the officers and directors of the bank.

Girl Scouts are 54 this week

This week the Girl Scouts all across the United States will be lighting the 54th candle on their birthday cake.

Important promises are being made by more than three and a half million Brownie, Junior, Cadette and Senior Girl Scouts. "On my honor, I will try to do my duty to God and my country, to help other people at all times, to obey the Girl Scout Laws."

Last Sunday in our local churches as well as those all across our land this promise was put into action by the attendance of our girls in the church of their choice. The spiritual force behind Girl Scouting gives life and meaning to its activities. Girl Scouts of the USA take seriously the significance of "duty to God," living with this promise is an essential part of their experience.

March 12, 1912, Juliette Gordon Low organized the first Girl Scout troop of 12 girls. Since that beginning the program has evolved around action, the out-of-doors, the "Yellow Belt" of friends, learning new skills and

guidance toward capable adults.

EACH DAY OF this week is themed to honor the fundamentals of the Girl Scout program, Girl Scout Sunday; Monday, homemaking; Tuesday, citizenship; Wednesday, health and safety; Thursday, international friendship; Friday, arts and crafts; and Saturday, out-of-doors.

During this busy week the annual Girl Scout cookie sale begins, March 11. "Cookie cents buy camping tents" is the theme emphasizing the council's aim of making camping available to all Scouts in the Michigan Capitol Council. The profits from the sale will go toward improving the facilities at the established troop camp, Hunter Lake, Camp Deer Trails and the many day, night and stay camps in this area.

Mr and Mrs Paul W. Rydlund of 1737 Oakwood Drive, Trenton, announce the engagement of their daughter, Janet Elaine to Robert B. Thelen. He is the son of Mr and Mrs Otto Thelen of St. Johns.

The bride-elect is a graduate of Western Michigan University and her fiance is a graduate of Michigan State University. Both teach special education classes in Lansing.

A June wedding is being planned by the couple.

Frances Willard story related to WCTU Monday

Mrs Claud Holcomb was the hostess for the Mary Smith Union of the WCTU at her home last Monday evening. Donnah Hampton presided. Devotions were given by Mrs Gordon Salisbury.

Discussion followed about the films to be shown at the St. Johns public schools in the near future.

Mrs Pearl Blank had charge of the program which was "Little Known Facts about Frances Willard." She lived and worked during Civil War days and her activities were many in addition to being a temperance worker.

She was the president of WCTU until her death Feb. 19, 1888. Her home in Evanston, Ill., has been designated as a national historical landmark by the US Department of Interior last year.

At the close of the meeting a dessert luncheon was served by the hostess.

Convenience foods discussed by Extension groups

The South Bingham and Olive Woman's Extension group met at the home of Mrs Ben Gillson for an all day meeting.

It was decided not to put on any more meals at the present time.

The lesson was on dehydrated foods and their convenience to the shopper and traveler.

The next meeting will be April 7 at the home of Mrs Lu Stones.

25 attended TOPS

The St. Johns Tops Club had a party honoring the queens for February Mrs Leona Peck and Mrs Dorothy Speerbrecker. There were 25 present with a new transfer member from DeWitt, Mrs Mae Marek.

Mrs Charleen Bellinger won the mystery prize and Mrs Marlan Case was Queen for the week.

Mrs Phyllis Acre, leader, urged everyone to attend State Recognition Day, at Kalamazoo, in April, and to please have your banquet reservation money in this week.

Bingo will be played this week after the meeting. Members are asked to bring white elephants for prizes.

Mental health law explained

Dr Phillip Smith of the Michigan Department of Mental Health explained to the Clinton County Board of Supervisors Monday what the Act 54, community health services law, means to Clinton County.

He said Clinton would logically fit into a tri-county plan with Eaton and Ingham counties, except that Ingham County has already set up and has working a mental health program. He said under the law as it presently applies, it is hard for a county to dissolve a mental health board and reform on a regional basis.

A MENTAL health board will be necessary in about four years, under state law. He said in all likelihood more legislation will be forthcoming to make it easy for a county to join a mental health unit already set up. Some 75 per cent of the mental health services costs are paid by the state, Dr Smith said, with the rest coming from the local level.

He said Clinton could form its own 12-member mental health board and either hire its own psychiatric director or else contract for mental health services with the aid of a psychiatric advisor. The first possibility would probably be too expensive for one county the size of Clinton to handle, he said.

IN RESPONSE to a question, Dr Smith said the new community health services law is "a move to decentralize state hospitals and to make crisis treatment of mental health cases possible quickly."

City Brevities

The first diphtheria-polio-tetanus-smallpox clinics in the St. Johns district was held last Wednesday morning at Olive Center School. Each child reacted differently, or so the pictures would indicate. Here Carl Pettit has sheepish resignation written on his face as he gets one of two shots from Dr P. F. Stoller, county health officer. Giving him a little comfort is Mrs Louis Brya. Looking on from the background is Mrs Gertrude Buehler, school nurse, as Mrs Princess Parker, school nurse (right) prepares for the next shot. Other children had other reactions . . .

Rural clinics planned to immunize

Immunization clinics for diphtheria, tetanus, smallpox and polio are now being held in the rural schools of the St. Johns Public School District.

The service is made available as an effort to bring all school-age children's immunization for those diseases up-to-date, according to Mrs Gertrude Buehler, school nurse. "If all parents took advantage of the clinics there would not be a chance of any child dying of diphtheria in our schools," she said.

AT LEAST two clinics are being planned for the schools south of M-21 in the district and two others for the rural schools north of M-21. There will also be several clinics within the city.

The school nurses checked the records of all the children in the elementary grades and sent over 1,800 request blanks home for the parents to sign.

Children who had only one of the oral polio doses recently should contact their family doctors to complete the series, Mrs Buehler said.

"Our Town" theme for WSCS program

ELSIE — A unique presentation of "Living in the Space Age" was given by Mrs Everett Rule before members of the Methodist WSCS in the home of Mrs Glen Parks Wednesday evening.

Mrs Rule, EHS counselor and math teacher wrote the script on the theme of "Our Town" by Thornton Wilder.

By means of a tape-recorder and several of her students at school, Mrs Rule made her listeners aware of the contributions that scientists are making for the future life of mankind and also the spiritual foundations of justice and compassion for the future.

The voices of Mrs Rule and Sharry Moore represented any two former residents, now deceased, who might have returned after many years to look down over the Village of Elsie and express their awe at the changes.

Other voices heard were Dennis Baese as narrator and Kathy Kindel as soloist for "My Father's World." David Showers provided the recorded background music.

EVERYTHING that people take for granted was vividly brought before the listeners as the voices of the two visitors compared attractive business places that showed much plate glass and colored tile to the drab weatherbeaten wood front stores of their day.

The street lights, push button electrical appliances, the laundrette, super markets with frozen and packaged foods, automobiles and gas stations, the paved roads and nearby expressways were unbelievable wonders to them.

The huge dairy operation just outside of the village appalled them by its modern milking process whereby it flowed through glass tubes to the waiting tank truck to be transported at once to the milk plant.

Their attention was also called to the schools where scientific knowledge is being acquired in this universe where there is so much to learn.

Television with President Johnson speaking and scenes of VietNam's jungle fighting was a fantastic invention. Talk of jet flights across the ocean, astronauts orbiting the earth and interplanetary travel amazed the visitors.

THEY FOUND the churches were well appointed with modern conveniences and beautiful furnishings but the visitors learned that spiritual values, as Christians, have not changed through the decades.

The churches still adhere to the same basic principles upon which they were founded and quotes from the Bible are the same as they have always been.

In conclusion, the voices agreed that God must have planned these space age revelations and desired that mankind through scientific research would make the discoveries.

Mrs Rule listed many of the plans already on the drawing boards for human beings—living in space cities, atop mountain peaks and at the bottom of the ocean.

THERE IS promise of tree-lined malls, many cultural centers, tower homes, underground conveyor system and great farms on the bottom at the ocean to help feed the increased population, she added.

Such dreams for the decades ahead stretch our imaginations as we see the greatness of our creative God, and the wonders His universe still hold in store for us, she concluded.

Mrs Woodrow Bashore gave the devotional service using her great grandmother's Bible dated 1866, a lighted candle and flags at the worship center.

ELSIE — The weatherman cooperated this weekend with the Elsie Boy Scouts for their Polar Bear Camp-out of 24 hours. They left early Saturday morning for the state lands north of Elsie with Mrs Robert Buchele and Al Miller as drivers.

Ira Finch and Robert Buchele arrived later to follow the trail markers left by the boys. They hiked one-half mile back into the woods carrying their supplies and shoulder packs.

They selected a camp site and enclosed the area with wide strips of plastic for a windbreak. Shelters were constructed under the pine trees from plastic, branches and small trees where bed rolls were arranged.

Wood was found for two large camp fires which they kept burning. Dinner was prepared with everything from chicken noodle soup to hot dogs and beans.

In the afternoon they gathered a supply of firewood for the entire evening. Games were played including "follow the leader," skating on ice ponds and exploring the swamp areas.

A LONE chipmunk was the only animal seen near their camp, which the animals evidently "considered a disaster area."

Supper included spaghetti, milk and doughnuts. Flashlight tag was played in the evening and Indian war dances by one of the members.

The tired boys crawled into their sleeping bags for the long cold night with heat and light from the cheery fires but morning found the snow falling, some of their food frozen, one campfire burned out and boots frozen to the stakes where they hung.

The boys returned home Sunday morning proud of their accomplishments in completing the polar bear expedition.

Those attending were Ronnie Kidas, Jack Keys, Tim Bouck, Charles Miller, Lon Buchele and Russell and Richard Saxton.

David Williams also spent Saturday afternoon with the group and assisted in the activities.

Miss Sutliff feted Sunday

Nancy Sutliff, who is planning a March 12 wedding with Terry Wooley of Elsie, was honored Sunday afternoon at a miscellaneous shower. This was given at the home of Mrs Arlene Palmer. Judy Palmer, maid of honor for the bride-elect, assisted the hostess as did Mrs Kary Chavara and Mrs Ivan Rainey Jr.

Debbie Sutliff, sister of the honored guest, and Daria Seelhoff assisted with the opening of the gifts and making the ribbon bouquet. The gifts were registered by Joanne Geiger.

The hostess served a luncheon from a table covered with lace and decorated in the colors the bride-elect has selected for her wedding, sapphire and pastel blues and white. Mrs Lee Sutliff and Mrs Robert Wooley poured.

Guests from Big Rapids, Cadillac and the area were entertained with games. These were won by Mrs Richard Birchmeier, Mrs George Atkinson, Mrs Harland Shuster, Mrs William Seelhoff and Joanne Geiger. Duplicate prizes were presented to Miss Sutliff. Patsy Shuster won the door prize.

Record hop set for March 12

A St. Patrick's record hop is planned for Saturday evening, March 12, at Elsie High School. "Gentlemen Jim" Elliot of WJTM will be disc jockey for the dancing that will start at 8 p.m. and continue to 11:30 p.m.

Sponsors of the dancing party are members of the Future Teachers' Club. Special features are being planned by a committee composed of Jennifer Keys, Kathy Melvin, Linda Shurgis, Pamela Loznak, Mary Slag, R. J. Jones and Ronald Hoshal, FTA counselor.

There will be no admission charge for EHS teachers.

Friends' nights told of OES

Elsie Chapter OES held its March meeting Thursday evening with Mrs R. D. Martin presiding as Worthy Matron.

Plans were discussed for a public card party to benefit the new library building fund. The date will be announced later.

Announcements were made of Friends' Nights as follows: March 18, DeWitt, initiation; March 22, Ovid, fun program and March 29, Wacousta, initiation.

The Sunshine committee reported on sympathy and get-well cards and said that a member, Mrs W. S. Lusk was in the Clinton Memorial Hospital.

A social hour with St. Patrick's decorations was arranged by Mr and Mrs Stanley Loznak, Mrs and Mrs Stanley Loznak, Mrs Donald Temple, Mrs Alma Albaugh and Mrs Carrie Evans. Coffee and Irish salad and wafers were served.

Gerald Jolly is the new manager of "Jolly Jerry's Fargo Service" formerly known as Farmer's Gas and Oil on N. Ovid Street.

Gene Stouffer has been named Elsie community chairman for Clinton County's observance of Michigan Week in May.

Mrs Thornton attended governor's conference

Mrs Raymond Thornton attended the Governor's Conference on Strengthening the Family Wednesday at Waverly High School.

This was the second in a series of three with six counties represented.

There were many speakers and discussion groups on the weakening of family life caused by divorce and broken homes, illness or by parents allowing the children to manage the home life and their parents.

There were more than 200 delegates from church, educational and social organizations.

Easter seal drive begins

Envelopes are being mailed out to Clinton County residents for the annual Easter drive of the county chapter of Crippled Children and Adults.

During the year \$2,582.10 was spent for the less fortunate of the county and state from last year's drive. This includes the purchase of 23 pairs of glasses for children and one adult; brace and shoes, upkeep of two hearing aids and equipment for nine children and two adults.

The annual drive runs from March 1 to Easter Sunday, and the goal is \$3,500.

Tiny tremors

An intensified study of very small earthquakes by Columbia University's Lamont Geological Observatory may provide methods of predicting more accurately the occurrence of larger destructive earth tremors. The tiny shocks, too small to be felt by man, are called "microearthquakes" or "ultramicroearthquakes." Their importance lies in their high rate of occurrence. A test near Palmer, Alaska, revealed about 700 very small shocks daily.

Junior Girl Scouts, Troop No. 522 stuff envelopes for the annual Easter Seal Drive. Seated are Becky Field, Sally Bovee, Catherine Howell and Janet DeWitt. Standing are Wendy Ward, Becky Watchorn, Janie Thrush, Kathleen Beagle, Cheryl Amstutz, Cindy Lanterman, Terri Clark, Karen Clark and Lee Morriss. Their leader is Mrs Lawrence DeWitt and she is assisted by Mrs Keith Bovee and Mrs Richard Kohls.

A coach looks at sports...

By BILL SMILEY St. Johns High School Coach

Many times parents have asked, "In athletics, what's important to you coaches?"

On numerous occasions, we have said, "When our boys learn what's important, we will have success." So-what's important?

Giving 100 per cent is important! In referring to all-out effort, Oklahoma's great former Coach Bud Wilkinson stated: "The purpose of competition is to test yourself, not to beat anybody. Perfection is not attained at that point at which nothing can be added but at that which nothing can be taken away. To win, you must have boys who want to excel. If you're going to be a champion, you must be willing to pay a bigger price than the opponent will ever pay."

BOUNCING BACK is important! Sometimes giving 100 per cent isn't enough. All boys are not endowed with the physical equipment or talents to be champions. But there are no limits placed on those who are determined to be champions in spirit.

Forest Evashevski, Michigan's all-America quarterback, says on the subject: "If you've let your guts on the field and you can say to yourself, 'I left everything I had out there and if I had it to do tomorrow I couldn't do it any bet-

ter,' then there's no disgrace in losing."

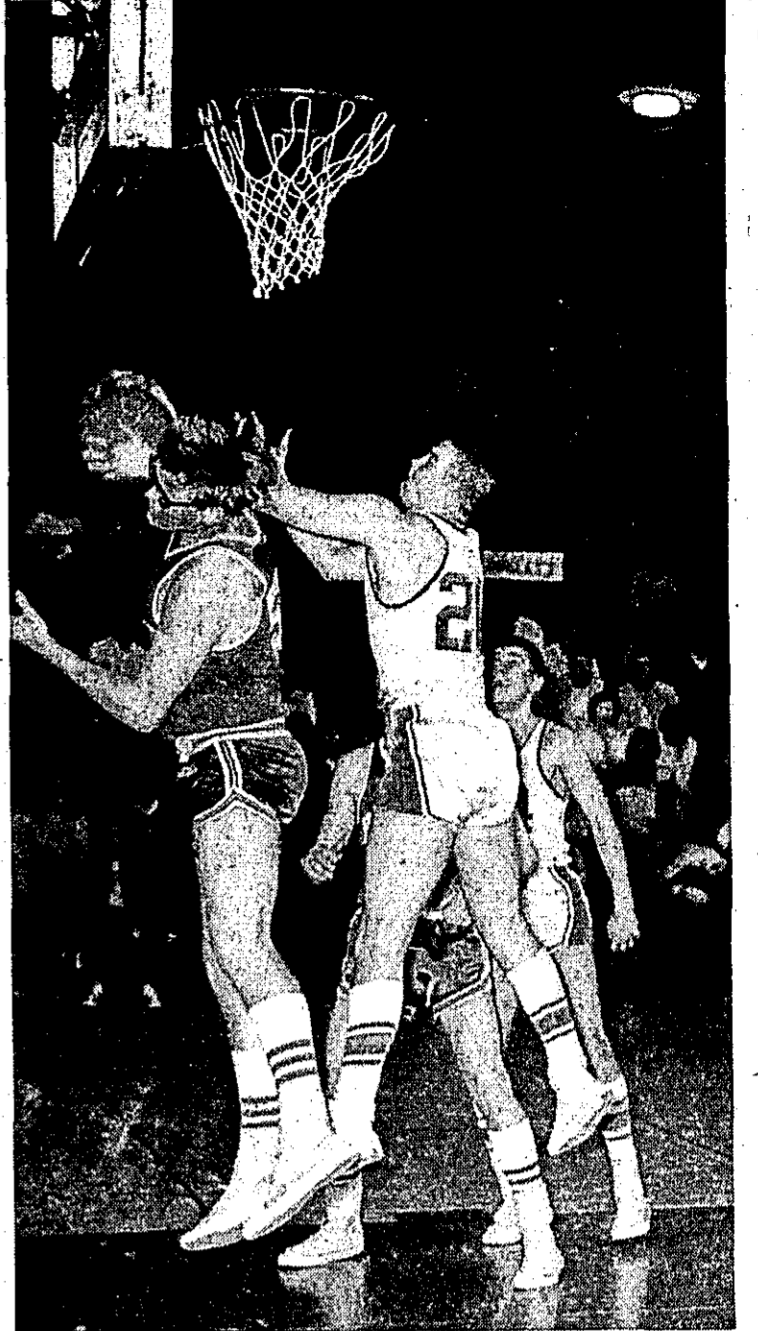

IF YOU can teach a boy to stay within the rules and yet go all-out and knock somebody down, and if he gets whipped set his jaw again for next week-if you can teach a kid that you have provided him with a great carry-over value.

Winning is important! Sooner or later, when old timers are discussing athletics someone will make the point that winning is important. It is. Evashevski expresses this philosophy on winning:

"Winning is important because it's the only criterion we have for measuring anything. When we have to pick an all-American team of the 11 best losers, I know I'll be finished with football."

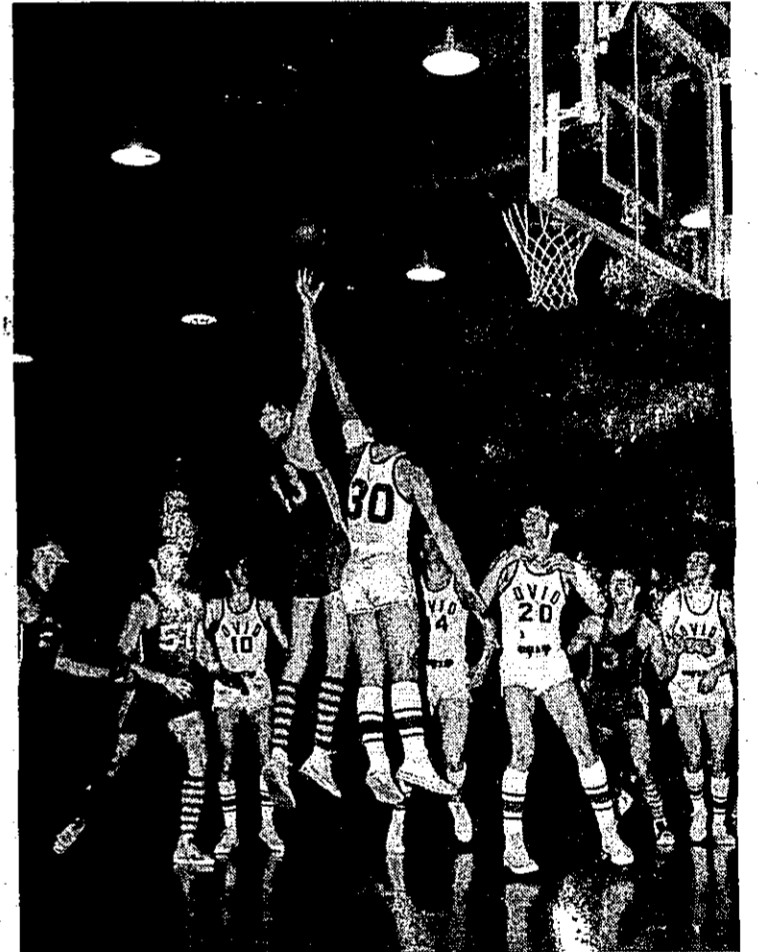

YOU HAVE TO play to win. There's a very tricky shading of meaning here. When the game is over, it's not important whether you won. But during the game it's important that you win-not to look good but to win.

When it's all over the student athlete is awarded a letter which symbolizes he passed the course. What has he learned? He has learned the value of giving 100 per cent, of bouncing back when defeated and the value of excellence of winning. I believe he has learned what's important.

Road Commission Weekly Report

The Board of Clinton County Road Commissioners held their regular meeting on Thursday, March 3. The Board opened bids for requirements for gasoline, salt, calcium chloride and culvert pipe.

Bid prices remained the same as last year for salt and calcium chloride, the price was slightly lower for gasoline, but culvert pipe was about 8 per cent higher.

THE STANDARD OIL Co. was low bidder on gasoline and was awarded the contract. Michigan Chemical Co. of St. Louis was low bidder on the spreading of liquid calcium chloride and was given the contract for the 1966 seasons.

The bids of Dow Chemical, Michigan Chemical, Wyandotte Chemical and Allied Chemical were accepted for dry calcium chloride while bids from International Salt Co., Diamond Crystal Co. and Morton Salt Co. were accepted on salt.

A total of 19 different companies submitted bids and there were 11 bidders represented at the meeting. During the lunch hour the entire group toured the new offices of the Central National Bank, invited and conducted by Paul Noblis.

THE COMMISSION discussed the purchase of needed equipment, a union grievance and future construction. Contracts were signed for engineering on the Tallman Road bridge and on construction of the Island Road bridge.

Some of the commissioners, the engineer and clerk are attending the Michigan Road conference in Grand Rapids this week. The theme of this meeting will be "What Price-Beauty and Safety."

Our new assistant engineer is attending a state highway school for project engineers.

Church plans 3 days of missionary meetings

Three days of missionary meetings, beginning today (Thursday) have been announced by the Rev. Joseph F. Eger Jr., pastor of the Assembly of God Church at US-27 and Baldwin Street.

Services will be held at 7:30 p.m. today and Friday and at 11 a.m. Sunday.

Rev. Kenneth C. McComber, recently returned from the Philippine Islands, will give a progress report of the evangelistic activity of the Assemblies of God in that area at tonight's service.

FOR THE PAST five years Mr. McComber has actively participated in nearly every phase of the missionary work in the Philippines. Besides the general oversight as field chairman and business advisor for several years, he has also served as director and secretary-treasurer for the literature program. The Assemblies of God in the Philippines is now operating its own press and producing literature in five dialects. Mr. McComber has also served on the Board of Directors of Immanuel Bible Institute in Cebu City.

Although Mr. McComber has served the Philippine field in these other capacities, his principle work has been in the field of radio and the Bible correspondence school, under the name of "Sunday School of the Air."

REV AND MRS Phillip John Cochran, Congo missionaries who narrowly escaped imprisonment by rebels in 1964, will be the speakers Friday evening.

Leaving all belongings behind them, Rev and Mrs Cochran with their four children fled rebel territory at the request of the American embassy in August 1964. During their escape they were intercepted by a truck full of rebel soldiers. These men forced their way into the car telling the Cochranes they would protect them. Mrs Cochran reports that every few miles they were ordered to stop and watch while suspected traitors from nearby villages were tortured and sometimes killed.

THE COCHRANES went to Congo in 1958 where they founded the Biol Medical Center, which cares for maternity, general out-patients and leper patients. They also covered approximately 1,000 square miles in preaching and literature distribution throughout Congo.

Since leaving the Congo the Cochranes have been holding evangelistic meetings throughout Great Britain. They have recently been appointed by the Assemblies of God as missionaries to Ghana, West Africa.

THE REV MURRAY Brown, Sunday morning's speaker, has spent a total of 21 years working among African tribes in Togo. For 15 years he was in Dapango, a city in northern Togo, where he established a number of chapels and outstations. He also built a large central church and a mission station.

Before going to Togo, Rev and Mrs Brown served as missionaries in Upper Volta. He helped in the construction of the Mossiland Bible School in 1941, the

Bath FFA to present program

BATH - The Bath FFA held its meeting on March 2 at the James Couzens Building to discuss their plans for the forthcoming PTA program which will be held today, Thursday, March 10.

Each year the Bath FFA puts on a program at a regular PTA meeting. This program is designed to inform the parents and teachers on the FFA organizations' plans for the present year and the coming year.

THIS YEAR the Bath FFA is planning a nursery project for this spring. The money to start this nursery project will come from a grant from the National Future Farmers Foundation fund.

The FFA will also show slides on their hay, corn and other projects of last year.

Because of the new nursery plan, the chapter will plant a few less acres of corn this year.

THE PTA meeting will be held at 8 p.m. and everyone is welcome to attend.

first such school in West Africa. The Browns were in Upper Volta through World War II. He says, "For 18 months we were isolated from the outside world, receiving no mail or financial support, but God met our needs in a marvelous way. Our only transportation was a bicycle, and we covered an area of 10,000 square miles on it.

"Soon after arriving on the field we realized the great task which lay before us. We saw men and women living primitively, and few were able to read or write. They were a superstitious people, and especially had some curious thoughts concerning the origin of races. Some people from the Moba tribes told us that God created the black man, but the white man descended from monkeys. The Fulani tribesman thought the white man must have descended from fish because they were so pale!"

Upon returning to the field Rev and Mrs Brown will continue to develop the evangelistic center located in southern Togo.

Wings foul out in 'B' district opener, 81-75

St. Johns got into foul trouble at Ithaca last Thursday night and quickly bowed out of the Ithaca Class B district tournament.

The Redwings blew a 47-35 halftime lead to lose to the tournament hosts 81-75. It was not one of their best efforts of the year, although the Wings scored well in the first half. When the second half started, the foul began to tell.

Four of the game's five starters for the Redwings left early with five fouls, and the fifth man had four fouls when it was all over.

WHILE NOT explosive from the floor, the Redwings connected on a fair 38.1 per cent of their field goal shots. From the free throw line they dunked 17 of 25 attempts, a good 68 per cent. Jim Leonard had 9 out of 9 free throw attempts ripple the nets.

The first quarter of the district tournament game was a hectic scoring battle. Gary Boyce pitched in five baskets, Leonard had 8 points, Dennis Springer 6 and Bill DeGroot and Gene Rademacher 2 each as St. Johns rolled up 28 points for the quarter and led 28-22.

ST. JOHNS continued its domination in the second quarter, outpointing Ithaca 19-13, with Leonard scoring two baskets and seven free throws.

It was a comfortable 47-35 lead St. Johns enjoyed at the start of the third period. Leonard and Springer started with three fouls each, but within minutes after the second half started they had

more than that. Leonard fouled out early in the third period, being called mostly for offensive fouls in driving on the baseline.

BILL DEGROOT picked up three, more fouls and was the next to leave the game. Then Springer fouled out and in the fourth quarter was whistled for the fifth time. Gary Boyce picked up his second, third and fourth fouls in the second half.

Meanwhile, St. Johns' comfortable lead was vanishing. Ithaca took over the lead late in the third period, and when that disastrous eight minutes was over, the Redwings found they'd been outscored 25-10. Ithaca led 60-57.

They increased the margin in the last quarter, outscoring St. Johns 21-18.

ITHACA'S JIM Goodrich plagued the Redwings all night, and he finished with 33 points. He scored regularly — 8 in the first quarter, 5 in the second, 12 in the third and 8 in the fourth. Tom Carter had 9 points in the first period and 6 in the fourth, plus some in between, and he wound up with 21 points. Charles Teegardin scored 10 points.

Junior Gary Boyce for St. Johns turned in one of his best games of the year, scoring 22 points to take scoring honors for the Redwings. Leonard chipped in 19 points, all in the first half when he played. Springer, Bob Ortwein and John Wilson each had 8 points, while Rademacher and DeGroot scored 5 points each.

Perry clips Laingsburg in 'C' finals

Laingsburg led early and only briefly in its district championship game at Owosso last Friday night, finally and decisively bowing to Perry 90-58.

Dennis Steere scored five points in the first two minutes of the game, but Perry's Bump Lardie scored 10 points in a row as Perry rang up a 23-12 first-quarter lead. From there on out the margin kept getting wider—45-31 at the half and 74-43 after three quarters.

LARDIE SCORED only 14 points in the game because he sat out much of the contest because of fouls. Dave Schanski and Jerry Polmouther led Perry with 24 and 22 points respectively.

Smith was Laingsburg's high scorer with 15 points, while Jorae had 1, Steere 6, Shaw 4, J. Veith 11, Chadwick 10, Austin 10, A. Veith 2 and Hobart 1.

Laingsburg finished the basketball season with a record of 8 wins and 11 losses.

were DeGroot with 10, Rademacher with 7 and Wilson with 6.

Ithaca connected on 32 of 72 field goal shots, a 44.4 percentage, while making 17 of 27 free throw tries, a 63 per cent rate. Ithaca outscored St. Johns 32-29 from the field and both teams made 17 free throws.

Bath, Fulton win district titles

Bees z-z-zip by Haslett

The Bath Bees' athletic outlook got a boost Friday night when the Bees defeated Haslett 65-58 to win the Class C district tournament at Sexton High School.

The district trophy, awarded after the game, was the first new athletic trophy for the school's trophy case since Bath won a district basketball title in 1961.

'SHARPSHOOTERS' Jim Sober and Bruce Miller were most directly responsible for the district victory. Sober scored 31 points and Miller 19 as the Bees fought from behind. Randy Tucker with 1 point, Rusty Woolfe with 4 and Mike Tucker with 10 rounded out the Bees' scoring.

Bath broke open the game in the last 1:18 of play. Sober ripped in a jump shot at that point to bring Bath to within one point of the lead, 57-58. A Haslett technical foul turned into a Bath free throw and then Miller drove in for a layup to put Bath out in front 60-58 with 45 seconds left.

Miller stole the ball again and scored, then added two free throws. Sober sank a charity toss,

too, before it was all over.

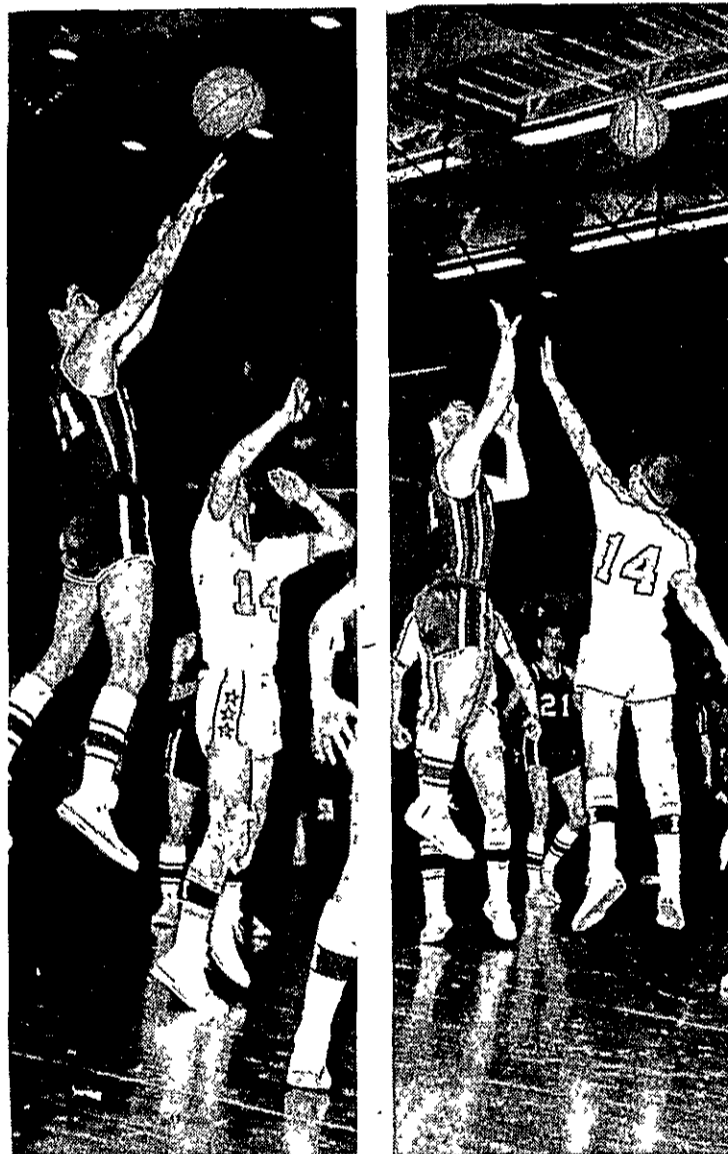

HASLETT led throughout much of the game, scoring the first six points and holding an 18-13 margin at the end of the first quarter. It was 32-27 at the half. Haslett's Andy Gordon scored 16 points in the first half, but Bath bottled him up in the second half, limiting him to just 4 points.

In the meantime, the Bees began to work offensively, outscoring Haslett 19-14 in the third quarter to tie the game up 46-46 after the three periods. Sober scored 10 points in the third period and 10 in the fourth, while Miller pumped in 9 in the fourth quarter.

BATH SHOT a nifty 48 per cent from the floor. Their second half shooting cut down Haslett's effective rebounding.

Bath advanced to the Grand Blanc regional tournament this week.

The number one auto safety deficiency spotted in a recent series of tests was improper headlight aim, which occurred in 76 per cent of the cars tested.

Ithaca's Joe Evans (14 white) tried in vain last Thursday night to block St. Johns shots, but the Redwings always got them away. Bob Ortwein (21) and Gary Boyce (11) were the scorers for St. Johns, but the Redwings lost to Ithaca 81-75 in the district game.

Regional pairings

St. Johns bowlers and bowling teams will finish "in the money" in many instances this year in the MSBA tournament now under way. Among the recent names reported by the Michigan State Bowling Assn. were these:

Team handicap: Lance's Restaurant, 3120; Lucky Five, 3055; Zeeb Fertilizers-K, 3022; Zeeb Fertilizers-N, 3012; 7-Up, 3079; Red Wing Lanes, 3078; Roadhouse, 3051.

DOUBLES handicap: Frank Mallard and Don Hamilton, 1269; Elmer Barker and Larry Karber, 1269; Mike Hotta and Nick Koeligs-knecht, 1320; Dale Hardman and Lawrence Kuhns, 1257.

Singles handicap: Lawrence Kuhns 652; Richard Kuhns 659, Melvin Salke 678, Nick Koeligs-knecht 657, Gerry Geller 732, Larry Karber 680, Keith Shafley 867 and Charles Edwards 728.

Pirates upset Romans

Fulton High School, which won only two games during the regular season and finished last in the Tri-Central Conference race, upset Ovid Saturday night 63-62 to win the St. Johns Class C district tournament.

Coach Ron Schafer played only seven boys in the game, and he gave much of the credit for the victory to the spark caused by two of them who came off the bench.

ONE, BRENT Bailey, a 5-7 junior, scored 11 points, by far his best performance of the season. Dan Eyer, the other man off the bench, also turned in a good floor game. Schafer said, while scoring 2 points. Bill Cartwright also played an outstanding game and scored 14 points.

Chris VanSickle was Fulton's leading scorer with 15 points. Rounding out the Pirates' 63 points were Randy VanSickle with 9 points, Jeff Gray with 5 and Gregg DeMott with 7.

IT WAS DEMOTT who provided the final victory margin. Fulton, after seeing an early lead vanish, bounced back in the final stages of the game and with 5 seconds left had a 2-point lead. DeMott also had two free throws at that point. He missed the first but made the second, giving Fulton a 63-60 lead.

Fulton allowed Ovid to go in for a two-point layup unchallenged, and then time ran out.

The Pirates got off to a fast start in the game, and their 15-9 advantage in the first quarter was just enough to hold up by the time the game ended. Fulton fought off an Ovid rally in the second period and left the floor at halftime with a scant 24-23 lead.

OVID HELD a 20-18 advantage in the third period, leading 43-42 going into the final eight minutes and setting the stage for the excitement of the last five seconds.

Four Ovid players scored in double figures. Dennis Love set the pace with 19 points, while Bob Gazda had 13, Doug Behrens and Dean Simpson 12 each, Dan Tubbs 5 and Gale Bancroft 1.

WITH THE victory, Fulton advanced to the Class C regional tournament at Central Michigan University.

Ovid finished the season with an over-all record of 11 wins and 8 defeats. They were third in the Central Michigan C Conference.

Here's how opening rounds of tournaments went

**Ovid 56,
Elsie 43**

Dennis Love scored 17 points, Doug Behrens 13 and Dean Simpson 11 to pace Ovid to a 56-43 victory over Elsie March 2 in the Class C district tournament at St. Johns.

Elsie, beaten twice by their arch rivals during the regular Central Michigan C season, battled the Romans throughout the first half, leaving the floor with a 23-23 tie at halftime.

BUT OVID threw up a stiff zone defense in the second half and Elsie could manage only three field goals as they were outscored 33-20.

Bob Gazda scored 7 points, Dan Tubbs 6 and Don Young 2 to round out the scoring for Ovid. Ron Thornton led the Elsie Big Reds with 15 points, while Ken Waggoner had 2. L. D. Jones 7, Tom Guskysky 2, Mike Seybert 6, Joe Ackles 2, Cerico Garcia 6 and Jerry Bernath 3.

**Fowler 66,
Morrice 42**

The Fowler Eagles rolled to an easy 66-42 victory over Morrice March 2 in the Class D district tournament at Gabriels. It was their third win of the year over Morrice, who finished last in the Central Michigan D league.

The Eagles built up a 16-6 lead in the first period and led 29-15 going into the second half. Fowler held scoring margins of 18-13 and 19-16 in the final two periods.

LUKE Koenigs knecht led Fowler with 19 points, while team-mate Bruce Thelen had 16, all on field goals. George Spicer chipped in with 7 points, while James Simon had 9 points, J. Koenigs knecht had 7, Feldpausch 4, Mike Nobach 2 and Brendon George 2.

Morrice finished the year with a 4-14 record. Rusty Thomas with 12 points and Bob Scallon with 10 led the scoring in Morrice's final effort.

**Bath Bees 64,
Williamston 54**

Bruce Miller poured in 30 points in Bath's opening tournament game at Sexton March 1 to lead the Bees to a 64-54 victory over Williamston.

It was Bath's first state tournament victory since 1961 and avenged a 73-53 loss to Williamston earlier in the season.

Miller scored 17 of his 30 points in the first half as Bath jumped to a 15-11 first quarter lead and 36-25 halftime advantage. The Hornets rallied to within four points late in the third period, but Bath countered with 10 free throws and four baskets in the last eight minutes to ward off the Williamston threat.

MILLER HIT five free throws in the fourth quarter, including four in the last minute to put Bath out of Williamston's reach. On field goal attempts, he hit 12 of 19 shots.

**P-W 78,
Carson City 55**

Pewamo - Westphalia rolled easily past Carson City in the opening game of the Class C district tournament at St. Johns March 1. The Pirates held only a 14-13 margin after the quarter but then picked up steam to win going away, with big second and fourth-quarter scoring advantages.

Bill Barker scored 25 points and Fred Smith 23 to pace the winners. Pewamo - Westphalia outscored Carson City 21-13 in the second period and had a 35-26 halftime lead. After a 14-point third quarter, the Pirates wrapped the game up with a 29-point bombardment in the final eight minutes.

BACKING UP Barker's and Smith's scoring for P-W were Larry Vance with 2 points, Bruce Thelen with 6, Ken Miller 4, Ervin Thelen 2, Pat Geller 2, Glenn Schaefer 4, T. Barker 4, and Bruce Rathburn 6.

**Fulton High 69,
P-W High 68**

A basket with six seconds left in the game gave Fulton High School a thrilling 69-68 victory over Pewamo-Westphalia March 3 in a semi-finals game in the St. Johns C tournament.

Indicative of the final score was the fact the game was close all the way. Pewamo - Westphalia held a 17-15 scoring advantage in the first quarter, but Fulton came back with a similar two-point margin in the second eight minutes, and the score was tied at 34-34 at halftime.

THE PIRATES OF Pewamo - Westphalia managed a 19 - 18 margin in the third period to lead by one point going into the final quarter. But the Pirates of Fulton got the last basket that gave them the victory, a jumper by Randy VanSickle.

Bill Cartwright was Fulton's top scorer with 22 points, but scoring for Fulton was well balanced. Chris VanSickle had 14 points, Jeff Gray 12, Randy VanSickle 10, Dan Eyer 5, Brent Bailey 4 and Gregg DeMott 2.

Ken Miller and Fred Smith were P-W's top scorers with 15 points each, while Larry Vance had 11, Ervin Thelen and Bill Barker 10 each and Glenn Schaefer 7. Pewamo - Westphalia completed the season with a record of 5 victories and 15 defeats.

**Lainzburg 66,
Linden 65**

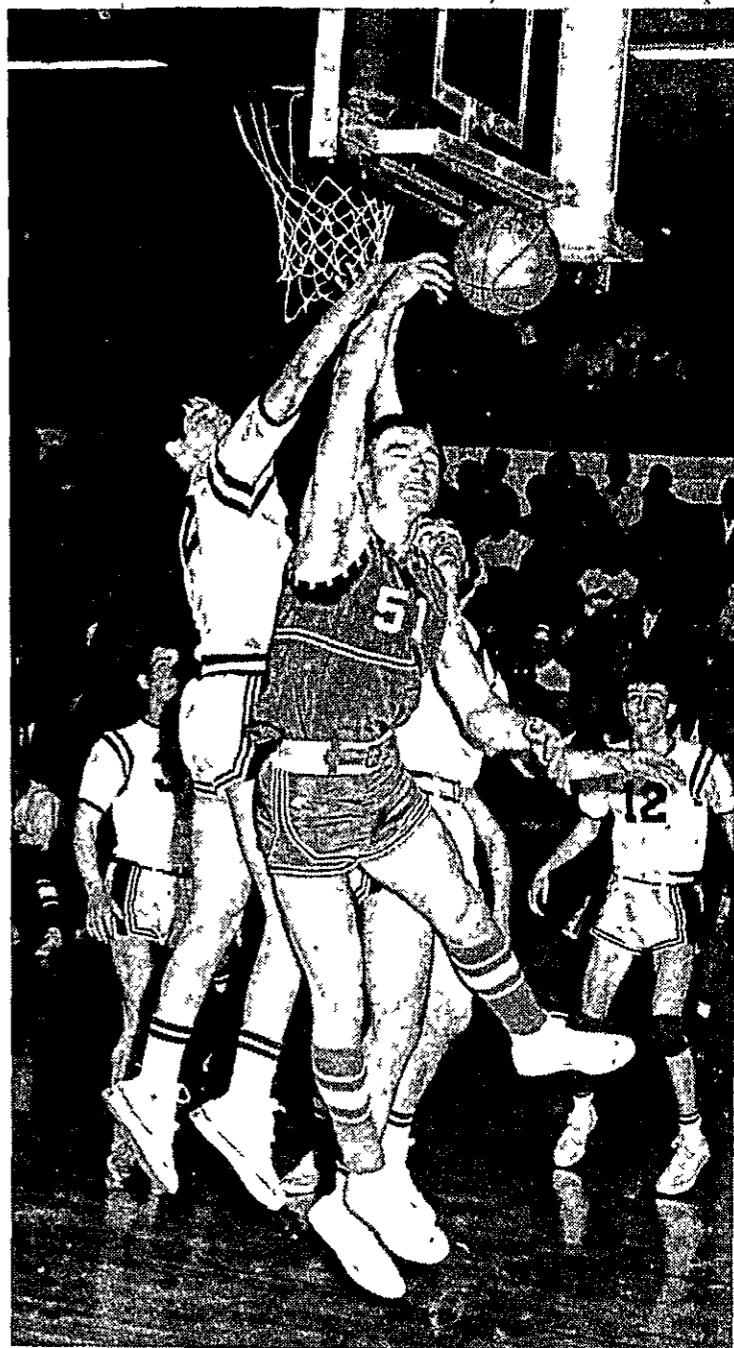

Three free throws in the last minute, including one after the game was over, gave Lainzburg a 66-65 thriller win over Linden March 2 in the Class C district tournament at Owosso.

Dennis Steere flipped in two free throws to knot the game at 65-65 with less than a minute left, and Allen Chadwick stepped to the line after the game was over, having been fouled on an attempted shot as the buzzer sounded. He missed the free throw attempt but sank the second to win the game for Lainzburg.

IT WAS A CLOSE game most of the way, with Lainzburg owing its victory mainly to an 18-12 scoring advantage they held in the second quarter. Linden bounced back with a 20-15 margin in the third quarter, and Lainzburg led only 50-49 going into the last eight minutes. The margin was just enough.

Steere led Lainzburg in scoring with 16 points, while Jorae had 8, Shaw 6, Veith 7, vanVelsor 2, Smith 7, Chadwick 5 and Austin 6. Cook scored 19 points to lead Linden.

There is nothing anywhere like Michigan's exchange of mayors, in which 350 cities and villages take part. It has been an annual event since Michigan Week began 13 years ago.

Fowler's Luke Koenigs knecht (51) is double-teamed and fouled in attempting to get away an under-the-basket shot Saturday night in Fowler's championship game with Portland St. Patrick's. St. Pat's won a thriller, 62-61.

Schaffer swiped the ball from Fowler's Bob Pohl as Pohl came down with a rebound under the Fowler basket with 5 seconds left in the game. He came down in perfect position to lay-up a shot that could have given the Eagles a 63-62 victory.

BUT POHL never went back up with the shot. Instead Schaffer dribbled out with the ball, and St. Patrick's held onto it until the buzzer sounded, giving the Shamrocks a 62-61 victory.

It was only Fowler's second loss of the season, and they bowed out of the basketball wars with a sparkling 16-2 record. They had previously lost only to Webberville and had two regular-season victories over Portland St. Pat's to their credit.

Fowler made a real game of the championship finals after having trailed by as much as 12 points in the third quarter. But they blew two chances at victory by missing free throws in the final minute of the game.

WITH 48 seconds left Fowler led by 61-60, but couldn't make a free throw that could have resulted in a three-point lead; with 15 seconds left another free throw bounced off the rim with the Eagles trailing 62-61.

Fowler led only three times, 55-54, 57-56 and 61-60. They got off to a slow start, with St. Patrick's forcing them to shoot from outcourt and with the Eagles making a number of ball-control errors. St. Pat's led 16-13 at the first stop and 34-24 at the half.

Bob Pohl and Jim Simon started punching in points in the third period, and Fowler began to pull back toward the Shamrocks. The margin was cut to 32-38 with 5:18 left in the third quarter and finally to 41-43 with 1:32 left. Then St. Patrick's poured on more coal and led 48-41 at the end of three quarters.

BRUCE THELEN began finding the range from the side court in the fourth quarter and at the 4-minute mark Jim Koenigs knecht popped in a jumper to put Fowler in front for the first time, 55-54. Then came an exchange of baskets, with St. Pats going out ahead, 60-57. Then Pohl tipped in a rebound and Thelen hit a jumper to give Fowler a 61-60 lead with 2:14 left.

With 48 seconds left in the game, St. Patrick's Schaffer, an all-stater, hit on two free throws, and the scoring was over.

THELEN AND SIMON were Fowler's leading scorers with 14 points each, while Pohl had 13,

Are chickens really smarter than people?

There are many ways to teach a fourth grade class the value of a balanced diet but Mrs. Munger, a teacher at Perrin-Palmer grade school, is attempting to actually show her students the effects of poor eating habits versus good ones.

Ever since Thursday, Jan. 27, her class has had five rather unusual visitors, chickens.

It seems the health book used by the class told about an experiment using baby chicks. Several of them were fed proper food while the others were fed a diet consisting of candy and pop. The results in the health book were overwhelmingly in favor of the balanced diet.

Mrs. Munger's 39 students thought they would like to try the experiment. Mrs. Munger agreed and that's how the five chickens came to school.

IT WAS originally planned to put two of the chickens on the low nutrition diet and the others on regular food for a week. But with them coming at the end of the week it was decided to begin the following Monday. So the five chickens spent their first week-end with Mr and Mrs DonMunger of 307 N. Whittemore Street.

Two of the chickens refused to eat sweets Monday and the test was put off until another time. The second time the test failed with the two refusing to drink the pop or eat the candy.

Since then all five have been fed regular food and have been growing to the point that Mrs.

Munger is a little concerned about trying the test diets now.

"THEY ARE so healthy now I doubt if the candy would hurt them," she said.

"But we have proven one thing, chickens are smarter than some people because they wouldn't touch the poor diet," she said.

"All of the students have helped care for the chickens," Mrs. Munger said.

The cage has to be cleaned twice a day. In the morning right after school begins two students are chosen to clean the cage. Another is selected for "paper towel duty" and must follow the chickens around the room cleaning up after them. There are always many volunteers.

MRS MUNGER (Pat Stevens) is a 1964 graduate of Central Michigan University and this is her second year at Perrin-Palmer school. Her husband, Don Munger of Saginaw, teaches at Rodney B. Wilson.

Last year Mrs. Munger had some experience with chickens in classroom. She had heard that baby chicks could be hatched using an electric blanket in place of an incubator. The eggs never hatched but the janitor put some chicks under the blanket. They were kept in the room for a period of time.

When asked if chickens would come into her classroom again, Mrs. Munger said they probably would as long as they had the same text book for health.

While Stephen Swanchara, son of Mr and Mrs Stephen Swanchara and Gina Mazzolini, daughter of the Donald Mazzolinis, try to get an unwilling chicken in the cage, Debbie Green, daughter of the Gary Mays; Larry Brown, son of Mr and Mrs Jack Brown and Rhonda Lucas, daughter of Mrs Ruth Lucas, check how many chickens still have to be caught.

Chickens and children gather around Linda Myers' desk. She is the daughter of Mr and Mrs Darwin Myers. From left to right are Tim Martin, son of Mr and Mrs James Martin; Bernard Barrett, son of Mr and Mrs Maynard Barrett; Annette Hambleton, daughter of Mr and Mrs Donald Hambleton and John LaChappelle, son of Mr and Mrs Robert LaChappelle.

Angela Karber, daughter of Mr and Mrs Gerald Karber; Virn Mudget, son of the Stanley Mudgetts and Bill Bearndt, son of the William Bearndts, tell Mrs Munger that all of the chickens are present and accounted for.

Folk medicine?

Compounds effective against tumors in mice and human cancer cells in test tubes are being derived from plants used for thousands of years in folk medicine. Extracts of milkweed, dogbane and woody nightshade have yielded four active compounds, organic chemists at the University of Wisconsin report. The researchers caution that none of the compounds has been tested on humans yet.

If the first part of your vehicle identification number is here, you might be a winner.

Here's how it works. Look at the first symbols (the prefix) on your vehicle identification slip. Then look at the symbols listed above. If you find yours on the list, you've taken the first step toward being a winner. Now go see your Buick dealer. He has a list of 72 winners posted in his showroom. If you see your entire vehicle identification number on the poster—the symbols plus the rest of the numbers—\$2332 cash is yours. (If your prefix isn't listed in this ad, don't give up. Your numbers may have been posted during the past few weeks. And every week there are 72 new winners posted on the showroom wall. So watch for next week's list of new symbols in this newspaper.) No slogan to invent, no puzzles to solve. In fact, you don't even have to own a Buick to have a winning number. While you're in the showroom, get a good look at the Buick Special. The \$2332.00 happens to be its price. *Manufacturer's suggested retail price for Special V-6, 3-4, coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge.

8 baptized at Methodist Church

During the morning worship service at Gunnisonville Community Methodist Church Sunday, March 6, eight babies and children received the rites of baptism with Rev William C. Cessna officiating.

Jean Fritz and Nancy Hartman sang the anthem with Nancy at the piano. Organist for the day was Mrs Merl Trowbridge.

In recognition of Girl Scout week, Karen Shirey and Nancy Hagy assisted as candlelighters and ushers. Christian fellowship coffee hostess was Mrs Charles Fritz.

The children receiving baptism included Patricia Lynn Parkin-

son, daughter of Mr and Mrs Ronald D. Parkinson of 3312 Creston Avenue, Lansing; Troy Eugene Placer, son of Mr and Mrs Robert Placer of S. US-27, R-1, DeWitt; Gary Lee Dillingham, son of Mr and Mrs Donald R. Dillingham of 14481 Bolchot Road, and Donald Lee, Doreen Wilma, Daniel Lawrence, Dennis William and Darlinda Mary, children of Mr and Mrs Wilbur Snel of 15834 Elmira Drive, Lansing.

Mr and Mrs Alva Hartman and daughter, Nancy, visited Mr and Mrs John J. Babula and family of Grand Rapids Saturday.

Mr and Mrs Alva Hartman and Nancy were Sunday dinner guests at the Ronald Parkinson home.

Kith 'n' Kin honors Mrs Wright

Mrs William Shaver of 8731 Wintergreen Street, Lansing, entertained the Kith 'n' Kin birthday Club Monday evening February 28. There were 11 members and 1 visitor present. Mrs Clinton Wright was the honored guest. Card bingo was in play during the evening. Mrs Ron Parkinson received the door prize.

A buffet luncheon was served by the hostess. Guests included Mrs Arnold Gross; Mrs Max Pierce of Lansing; Mrs Charles Fritz; Mrs Farley Bouts of DeWitt; Mrs Clyde Smith; Mrs Florence Wickham of St. Johns,

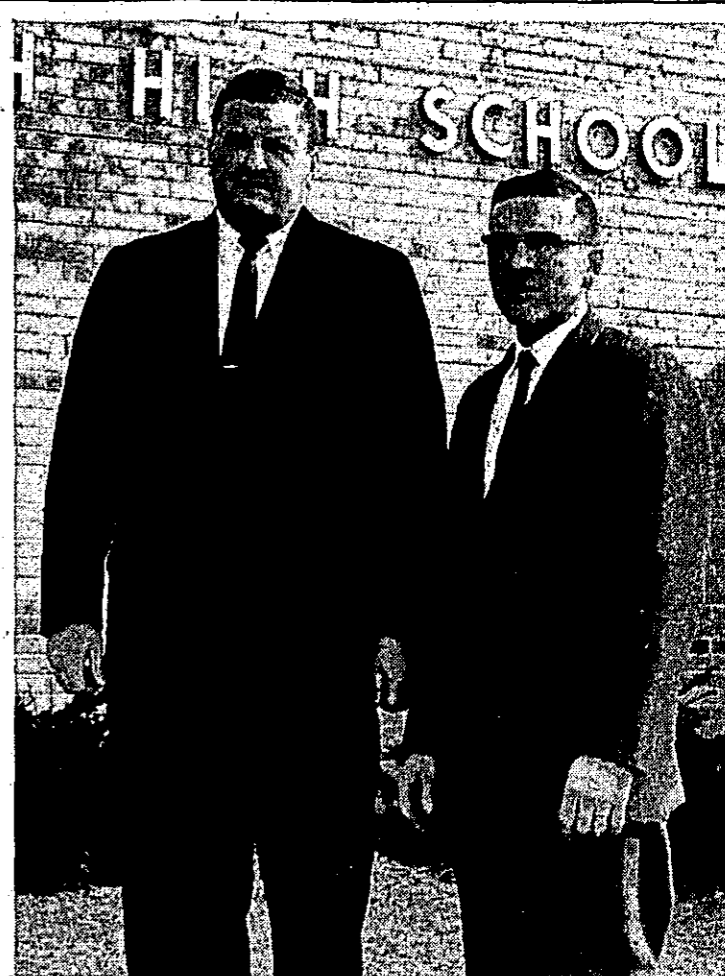

Mrs Alva Hartman and Mrs Ernie Fritz. Mrs Ron Parkinson will be the March hostess.

Sunday, March 13, is an open date for the Living Christ series color movie film being shown at Gunnisonville Community Church. An old fashioned hymn sing will be held at Emanuel Methodist Church corner of Clark and Shavey Roads, sponsored by the Emanuel-Gunnisonville MYF group March 13 at 7:30 p.m. Refreshments will be served following the program.

Episode 9 "Fate of John the Baptist" of the Living Christ series will be shown March 20 at Gunnisonville Community

Church. This episode portrays Herod's banquet, dance of Salome and the arrest, imprisonment and untimely execution of John the Baptist. These films will continue through Easter Sunday. Nursery will be provided by the MYF.

St. Johns, Augusta to trade mayors for Michigan Week

St. Johns and the Village of Augusta, located west of Battle Creek, will exchange mayors for a day during Michigan Week in May.

The two towns were paired together last Wednesday in state drawings for the 13th annual Mayor's Exchange. Gov. George Romney made the drawings in Lansing.

Mayor Jack Smit will visit the Kalamazoo County village, located on M-96 about eight miles west of Battle Creek. Augusta had a 1960 population of 972 persons. Augusta's village president, Wayne Terberg, is scheduled to visit St. Johns during the observance of Our Government Day May 16.

LAINGSBURG was the first Michigan community drawn last Wednesday in the pairings. Its Mayor Harry Gray, is scheduled to exchange visits with Forestville's Emmerson Dreker. Forestville is located on US-25 along Lake Huron in Sanilac County. It has a population of only 121.

Ashley Village President Wayne Barnes is scheduled to go to White Pigeon on US-131 near

the Indiana state line. That community had a population of 1,399 in 1960. White Pigeon Mayor Ziba M. Elston will probably go to Ashley on the exchange.

Eagle President John Cooper is paired with Hesperia's President Rudolph A. Messner on the Mayor exchange. Hesperia, on the Oceana-Newaygo county line in Western Michigan, had a 1960 population of 822.

PRESIDENT Kelley Carter of Elsie will exchange posts for the day with Big Rapids Mayor Donald M. Page. Big Rapids is the site of Ferris State College and is located on US-131 in Mecosta County; in fact it is the county seat. Big Rapids had a population of 8,686 in 1960.

Montcalm County's county seat mayor, Charles E. Miller of Stanton, will exchange with Fowler Village President Martin Edinger. Stanton's 1960 population was 1,139.

Ovid is paired with Ferrysburg. Ovid President Harvey Darling will exchange places for the day with Ferrysburg President Gene Babcock. Ferrysburg is across the Grand River north

of Grand Haven in Ottawa County and has a population of 1,550.

WHITEHALL MAYOR Richard L. Cogswell will visit Pewamo for the day May 16. Whitehall is in Muskegon County and had a population of 2,590 in 1960.

Dearborn Heights Mayor John L. Cantfield, chief executive in the Wayne County city of 71,551 population, will visit Westphalia during the mayor exchange, and Westphalia President Gregor Thelen will visit Dearborn Heights.

Perrin-Palmer honors 2 for safety work

Patrol Boy of the Month for February at Perrin - Palmer School is Jeffrey Spicer, and the Service Girl of the Month is Robin Lucas.

Jeff is the son of Mr and Mrs Roy Spicer of 105 W. Steel Street. Robin is the daughter of Mrs Ruth Lucas of 704 N. Mead Street. Both are in the fifth grade in school.

They were chosen by their fellow squad members and teachers because of their dependability and willingness to spend extra time and effort to help keep all the children at school safe.

Lots of iceland

Permafrost, permanently frozen ground, underlies about 20 per cent of the entire land surface of the world, say engineering geologists of the US Geological Survey.

Past Grand Knights Honored at St. Johns

New fillings

New dental filling materials that bond into tooth surfaces may result from investigations of the crystal structure of dental enamel at Georgia Tech. Researchers hope such a bond will prevent bacteria's and acid's infiltrating fillings.

SURPRISE BIRTHDAY PARTY

Saturday evening when Mr and Mrs Rex Baker took their 12-year old twin sons Gordon and Jeffrey, out for a ride, the boys little dreamed they had a surprise in store for them. Upon their return home they found a number of cars in their yard and the house full of guests. Guests included their maternal grandparents, Mr and Mrs Charles Palen Sr.; their paternal grandparents, Mr and Mrs Ralph Baker; Mr and Mrs Charles Palen Jr., Greg and Grant, and Miss Nancy Walter. The decorations were in white, light blue, green and pink. Balloons were strung about the rooms. The twins received many telephone calls, cards and gifts. Mints, punch, ice cream and birthday cake featured the refreshments.

Mr and Mrs Ralph Baker left early Sunday for the sunny Florida - where among the points of interest, they will spend some time with the former's sister, Mrs Ed. Wood (Alta) and Mrs Wood's daughter Thelma Lemanaki. Mrs Wood will be remembered as the former correspondent of the Ovid and St. Johns' papers and a resident of here.

Mr and Mrs Paul Minnech returned home Thursday from Florida where they had been since the early part of January.

Mr and Mrs Max Walasek Sr. and Agnes were in Lansing Sunday afternoon to attend the Christening of their grandson David Max (son of the junior Max Walasek) at St. Marys Cathedral. They were supper guests of Mr and Mrs Max Walasek Jr. and their children.

Knowing about cancer can defeat it women told

The St. Johns Woman's Club held its regular meeting in the Congregational church parlors March 2. Mrs Van Hoag, president of the club, asked for donations of trading stamps to be presented at the county meeting in May. These stamps are to be used to further a club project for Girl's Town, which is under the sponsorship of the federated clubs.

An invitation was issued the club by the Junior Chamber of Commerce for their "Hat Fantasy" which will be held at the Swegles Street school March 17. Proceeds from this will be used to purchase books for the Bement Library children's room.

A choral group, The Wilsonaires, under the leadership of Charles Vandemark sang several selections; a madrigal, "The Little White Hen," "It's a Grand Night For Singing" and selections from "The King and I."

Soloists, Judy Fowler, who sang "The Ash Grove" and Patricia Kridner singing "Florian Song" also entertained the club. Their accompanists were Della Davis and Karen Rumbaugh.

THE PROGRAM was presented by Mrs Albert Fruchtl, county chairman of the volunteer workers of the American Cancer Society. She said the aims of the Society are three-fold: research, education and service. A positive attitude toward cancer through education is also its object.

The society is sponsoring a free "pap" test for all women over twenty-one this month, a measure that detects cervical cancer in its early stages.

A film, "The Million Club," was shown by Ralph Pickett from the Educational division of the state office of the society. The film showed a group of people brought together by their common experience - early detection and cure of cancer. Host of the group was Ralph Edwards of "This is Your Life" fame.

DISCUSSION followed the film and Pickett stated that control of cancer had progressed to the point that now one of every three was saved.

Tea was served the group by the committee, Mrs Joseph Spousta, and Mrs John Hannah. The next meeting will be held March 16 at the home of Mrs Roy Davis of N. US-27.

Clinton County FFA chapters participate in soil judging contests which help young future farmers gain a working insight into proper soil management practices.

Finds land judging useful for teaching

By ORVILLE BEACHLER, Soil Conservation Technician

Have you ever looked closely at the different kinds of soils that can be sometimes found in just one field on your farm?

If you have, are you sure you really got right down and examined it closely? Could you tell what type soils they are, and define the textures? Do you remember the colors? Not only the top soil but the subsoils also? These are

a few of the questions that are asked students at a land judging contest.

FOR THE PAST several years, the Clinton County Soil Conservation District has sponsored a land judging contest for the Future Farmers of America members in the district. The five FFA chapters in the district send judging teams to the contest. Teams are usually composed of three to five members, with the top three scores from each team

being used for the team score.

Previous to the judging day, a location is selected by the personnel of the Soil Conservation Service which has a variety of soils and slopes. A hole is dug at three or four locations on this farm representing the different conditions mentioned above.

THE DAY OF THE land judging, each contestant is given a score card for each hole and asked a series of questions on soil type, texture, color, degree of slope, and multiple choice answers, on the best land use for the given area that the soil represents around each hole.

Finally, they are asked to select the soil and water conservation practices that are needed to conserve the soil. The score sheets are graded, and a rotating cup is awarded to the highest scoring team and a prize is given to the high individual.

The French astronomer Urban Leverrier (1811-1877) first used the telegraph in a practical way to forecast weather conditions. Leverrier showed that a central office, receiving weather reports by telegraph from many places, could forecast storms. In 1855 Napoleon III instructed Leverrier to organize a weather forecasting system for France.

2 new MSU oat varieties ready

Coachman and AuSable, two new Michigan State University-developed oat varieties, are available from Michigan certified seed growers for seeding in Michigan this spring.

Crop scientists at MSU say research records show that two new varieties outyielded others and have higher test weights than varieties grown in Michigan for several years.

COACHMAN is an early maturing variety with large seeds, resistance to lodging, and is suitable for Lower Michigan. In three to six years record trials in Ingham, Tuscola, Lenawee and Kalamazoo counties, Coachman outyielded Clinton 64 by an average of nearly 10 bushels an acre.

AuSable, primarily for use in northern counties where a medium-late variety is needed, outyielded Rodney in similar field tests. Rodney has been the accepted variety in these areas for several years.

Test weights for the two new oat varieties were also higher than for the old varieties.

CROP SCIENTISTS urge Michigan farmers to use certified seed, plant early, apply fertilizer as recommended and control weeds. Oat seeds have been observed to germinate at a temperature of melting ice, so waiting for warm weather is not necessary. An extra yield of 20 bushels an acre with higher test weight is possible with early planting, crop science authorities say.

Michigan farmers plant about half as many acres to oats now as they did 10 years ago and far less than in the era of horses, which were fed oats extensively.

ASC PROGRAM

Informational meetings planned today, Friday

W. M. SMITH
County ASC Manager

Today (Thursday) Earl Haas will conduct two informational meetings explaining the 1966 feed grain, wheat, and cropland adjustment programs. The afternoon meeting will be at 1:30 p.m. in Smith Hall, St. Johns. The night meeting will be held in the Westphalia Township Hall, Westphalia, at 7:30 p.m. On Friday, the meeting will be held in the DeWitt Township Hall, DeWitt, at 10 a.m.

These meetings are being held at different times to give producers who are working off the farm an opportunity to attend a meeting. We know many producers work afternoons and evenings, so we are having the one at DeWitt in the morning. We hope producers who have questions about the programs will attend one of these meetings. To get program benefits, producers must make application to participate at our office.

IT HAS BEEN brought to our attention that recent publications have stated it was alright to produce soybeans on diverted feed grain acres. This information is not true.

Any information released by the news media or commercial concerns cannot be construed as official statements. Farmers desiring to participate in the 1966 Feed Grain program should rely upon official information received.

Corn variety publication ready

Corn growers will be interested in "Hybrids Compared, 1966" according to George R. McQueen, county agricultural agent. The Clinton County agent says the Michigan State University extension publication compares the hybrid corn trials conducted throughout Michigan for the past three years with different varieties.

The free publication also gives farmers some suggestions on how to choose a corn hybrid and information regarding the rate of planting, maturity and best production methods to get high yields.

Copies of the publication may be obtained at the county extension office or by calling or writing the office at St. Johns.

ed through their county ASCS office. Whenever an individual receives information from other sources, he is welcome to ask for a statement from the local ASCS office.

March 3 we sold 3,200 bushels of corn from our Elsie binsite. High bid was \$1.27 and low bid was \$1.22 1/2.

WE ARE offering 6,000 bushels from our Elsie binsite next week Thursday, March 10, in lots of 200 bushels with the maximum amount of 400 bushels to one party or warehouse. The bids must be in our office by 3:30 p.m. March 10. Bids may be phoned in followed by a letter of confirmation.

Binsite corn can be inspected by contacting Clifford Dunham at Elsie, Mich.

Cows like barns hot or cold — no compromise

A compromise between a cold and a warm barn for dairy cattle is only trouble.

James S. Boyd, agricultural engineer, says that either a cold or warm barn is satisfactory for dairy animals, but that a compromise leads to trouble from damp walls. Use of insulation in some part of the building without ventilation will also cause difficulties when outside temperatures drop.

Boyd said the practice of insulating barns against heat in the summer may be much more practical than insulating against cold in the winter. Research has shown dairy animals suffer more from extreme heat than from normal winter cold.

BOTH HEAT AND moisture are given off by the animals and ventilation is necessary if any insulation is used in an attempt to keep the barn warm. When the barn is open so that the temperature is not over five to eight degrees higher than outside temperatures, it is considered a cold barn. Cold barns are often ventilated by leaving an open ridge so air can carry out the moisture.

Some type of ventilation system, including a fan and some air inlets and thermostat control, is usually necessary for ventilating a warm dairy barn, Boyd said.

Growers tell planting plans

More than 4,000 persons throughout Michigan have been sending important letters to Lansing during February.

The letters won't be to the

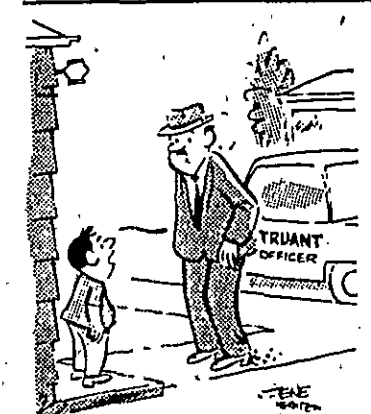

legislature, and they won't contain protests of any kind. They will contain crop reporters' plans—estimates of what reporting farmers intend to plant this spring.

Information from these 4,000 cooperating farmers will be received by C. A. Hines, state agricultural statistician at Lansing. When combined with similar data from nearly 300,000 crop reporters across the nation, it will make the prospective planting report to be released March 18. This is of great value to farmers and others in planning farm operations and developing marketing programs.

IN MICHIGAN the cooperating farm reporter fills out the form which lists 16 crops usually planted in the state. Each report is kept strictly confidential. When the Michigan data is totaled, it is sent by Hines to the Crop Reporting Board in Washington. Thus a composite is formed of what farmers in all 50 states intend to plant this spring.

The survey is made possible by the public-spirited cooperating farmers who receive no payment other than the realization they are performing a service for farmers everywhere, Hines said.

THE CROP REPORTING Service office at Lansing is a joint project between the Michigan Department of Agriculture and the USDA. Crop reporting is not new. In fact, it antedates the USDA itself and goes back to the time of President Lincoln when it was realized agriculture needs greater economic information if it is to plan wisely and market its products in orderly fashion.

"But there couldn't be school. I phoned in a bomb threat."

MMPA asks equal treatment in pricing

The Michigan Milk Producers Assn. today has urged the United States Department of Agriculture to make sure Michigan dairy farmers are treated equally with all others in any emergency adjustments made in federal milk marketing order prices.

There have been widespread reports that USDA action to shore up prices paid dairy farmers is imminent.

The need for such action is indicated by the declining number of dairy farmers, and declining milk production, according to MMPA President Glenn Lake, who also serves as president of the National Milk Producers Federation representing approximately 500,000 dairy farmers who are members of milk marketing and processing cooperatives.

"PRICES PAID farmers for milk under federal milk marketing orders are obviously too low to assure safely adequate supplies to meet market needs," Lake said.

"If the USDA takes action at this time to improve prices and relieve, to some extent, the cost-price squeeze which farmers are in, then such action must apply equally to all farmers," he said.

MMPA on Feb. 17 asked the USDA to grant a hearing on class I (bottling) milk pricing provisions of Federal Order Number 40, which regulates Southern Michigan.

"In" hair do's can spread acne

One of the "in" hair styles may be the culprit in spreading acne. This medical fashion note comes from Dr. Cicely Blair of London, England, who reported recently that several of her young girl patients seemed to develop acne lesions along the angles of their jaws. Why? The doctor wondered.

She observed that all the girls wore their hair with a lock curling forward over one or both jaws. The doctor believes that two factors spread the acne: The hair-do acts as a barrier to sunlight, which, the doctor explains, has a beneficial effect on the skin disease. The lock of hair may also transfer grease of various kinds—thus spreading the disease.

Seek product entries in Michigan Week test

Eligibility rules for entries in the county's Michigan Week product-of-the-year and agricultural development-of-the-year contests have been outlined by Clinton County Chairman Robert Purtil.

There will be county competition in both product and agricultural categories, Purtil said, and the county winners will compete for regional honors. From the 16 regional winners the top state award winners will be selected, to be announced during Michigan Week May 15-21.

Deadline for entries in county contests is April 11.

THE PRODUCT competition is open to companies and business enterprises with manufacturing facilities in Michigan. The entry must be a consumer product made in Michigan. A consumer product is defined as any product made available for sale to the general public, either as individuals or business firms, through normal distribution channels.

It can be either an end product or an accessory that is itself sold to the general public. The product must be a relatively new product with a record of outstanding development recently. It should represent present or potential gain to the economic welfare of this community or area. A product entered in any previous year is eligible for resubmission.

ANYONE WHO knows of a lo-

cal product that should be entered in the county contest, because it would be worthy of carrying the county's colors in the regional contest which follows, is urged to contact the St. Johns Chamber of Commerce offices or any of the area Michigan Week chairmen.

Eligible for the agricultural award are farmers, agricultural and horticultural associations, food processors, and other individuals or groups located in Michigan who are engaged in the growing, developing, processing or marketing of agricultural, horticultural or animal products. State and federal agencies, colleges and universities are not eligible.

An agricultural entry can be a product, a process, or a marketing, production or research program significant to Michigan agriculture or to farming in this area of the state. It must have originated in or have been developed in Michigan and should be relatively new, with a record of recent success.

THE ENTRY SHOULD demonstrate excellent future potential for the further development, expansion or diversification of agriculture in the county.

Anyone who has in mind some good entry for the county agricultural-development-of-the-year contest should contact the St. Johns Chamber of Commerce office.

It's Circus Time, As 66 Shining Faces Clearly Say

There were lots of happy faces Saturday morning as 66 St. Johns area boys and girls prepared to leave for the Hospitaier Circus in Lansing, guests of the Commandery No. 24, Knights Templar, of St. Johns. Twelve adults, including School Nurse Mrs Gertrude Buehler, accompanied the youngsters. Sherman Jones of Bath is commander of the local Knights Templar which provided the tickets for the circus, and arrangements for the trip were handled by Merlin Black. Bus drivers Lawrence Heibeck and Charles Steavens donated their time for the trip. The children saw the 10 a.m. performance of the circus Saturday at the Lansing Civic Center. The circus was sponsored by the Lansing Knights Templar.

News About Clinton County Service Personnel

Marine Pvt. LARRY W. WAGER, son of Mr and Mrs Warren Wager of 608 S. Traver Street, St. Johns, is serving in Vietnam with the 2nd Battalion, 3rd Marines, an infantry regiment of the 3rd Marine Division. His battalion, which served at Da Nang earlier, departed Vietnam in November and returned to Okinawa for two months of training and reorganization before returning to Vietnam.

Airman 3C DOLORES M. BALLARD, daughter of Mr and Mrs Robert E. Ballard of 409 Wilson Street, DeWitt, has been graduated at Gunter AFB, Ala., from the training course of US Air Force medical helpers.

Airman Ballard is remaining at Gunter for further training. The airman, a 1963 graduate of DeWitt High School, attended Central Michigan University and Michigan State University.

Marine Pvt. LARRY V. MOSHER, son of Mr and Mrs Verne Mosher of R-6, A very Road, St. Johns, is a crewmember aboard the anti-submarine warfare (ASW) support aircraft carrier USS Yorktown, which has joined the Seventh Fleet in the South China Sea.

CAROLE ANN COOLEY

MISS CAROLE ANN COOLEY, daughter of Mr and Mrs Henry Cooley of 2818 Turner Street, Lansing, has recently completed 10 weeks basic training at Recruit Training Center, Baldrige, Md.

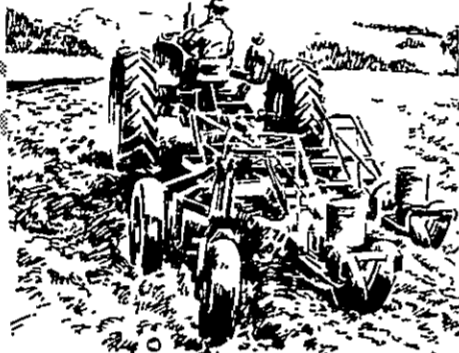

She is a graduate of Resurrection High School. She is now stationed at Glynn, Ga., for general administration duty. The seaman apprentice was a former employee of Michigan Bell Telephone Co. in Lansing.

The 41,000-ton "Fighting Lady" is the nucleus of an ASW group composed of surface, subsurface and air units designed, trained and equipped to seek out and destroy enemy submarines, providing a deterrent against possible attacks by enemy submarines.

Farmers in Michigan can grow corn faster than they can store it, because the shelled corn must be dried. Experts at Michigan State University say, however, that a chilling process may be used in the future to cool the corn for storage. This "refrigerated" corn would allow fast harvesting and prevent bottlenecks at the dryers.

FLBA directors attend conference

Cecil Roberts, Breckenridge, president of the Federal Land Bank Assn. of St. Johns and five other directors attended a regional conference of stockholders of the Federal Land Bank of Saint Paul at Lapeer March 3.

Roberts reported the demand for long-term mortgage credit in agriculture continues very strong. He reported farm expansion and mechanization were dominate factors in the increased demand for credit.

THE FEDERAL Land Bank Associations in Michigan loaned out \$49,700,000 to 3,058 farmers in 1965 according to Roberts.

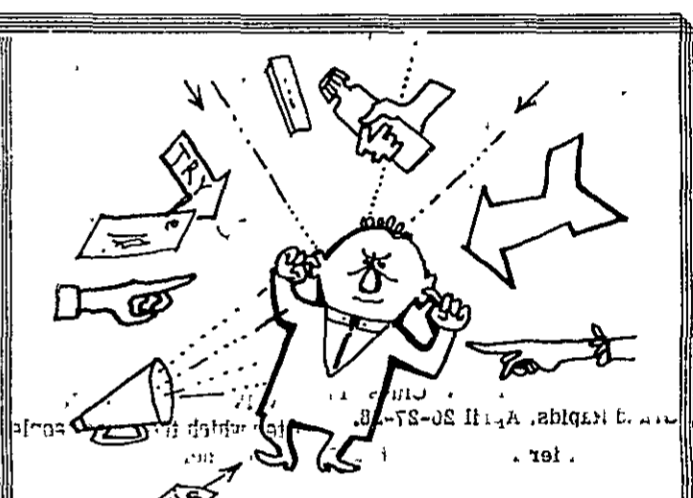

Other FLBA directors from this area attending the meeting were William Hufnagel, Fowler; Roy VanVelsor, Laingsburg; Thomas McAvoy, Owosso; Harvey Chamberlin, Owosso; and Ernest Walter, Byron.

Floyd L. Parmelee is the manager of the Federal Land Bank Assn. of St. Johns which serves Clinton, Gratiot and Shiawassee Counties.

Mrs Conklin to head Woman's Literary Club

Mrs Durward Conklin was chosen to head the Woman's Literary Club for the ensuing year at the Tuesday night meeting in Elsie High School. Others selected were Mrs Lunsford Melvin, vice president; Mrs Viva Scott, secretary and Mrs Ruby Parks, treasurer.

Mrs Roland Schaadt, music chairman presented Dorothy Bloomer, who related her experiences as an entrant in the "Miss High School of Michigan Pageant." Dottie was chosen Michigan's Talent Queen and participated in the National Contest at Convention Hall in Asbury Park, New Jersey last August.

Dottie's presentation of a pantomime and modern jazz dance to "I Enjoy Being a Girl" brought Class B honors to the high school and state. She was a third runner-up in the beauty competition.

The pageant was presented to more than 5,000 people each evening by the American College of Cosmetology and the City of Asbury Park.

AFTER RELATING her experiences, Dottie performed a tap dance "O Johnny" and sang, also. Mrs Howard Pettler presided in the absence of president Mrs Paul Platner due to a death in the family.

It was voted to give \$50 to Kathryn Melvin, who will travel to Europe this summer. The trip is sponsored by the Christian Teens Abroad arranged by the Michigan Conference of the Methodist Church. Pamela Loznak and David Showers had previously been given the same amount by the club women for their scheduled trips to Europe on the same program.

Mrs Lawrence Hess previewed the Style Show that will feature the next meeting, March 15, when "The Cavalcade of Cotton" styled by McCall's will be given for guest night.

MRS MERLE Green announced the plans for the annual convention of the Michigan State Federation of Women's Clubs in Grand Rapids, April 26-27-28.

Mrs Pettler reported that \$100 was netted from the Michigan

scene stationery recently sold by the women. Mrs Henry Allen related plans for the Spring Trading Post scheduled for March 26 through April 2 on the second floor of the Blackford Building.

She also announced the American Cancer Society's Kick-off dinner at Cobo Hall, Detroit, March 26 which she will accompany Mrs Raymond Thornton as delegates from Dorn Plain Township.

The Clinton County Chapter Kick-off dinner will be March 28 at St. Johns at 6:30 p.m. in the Congregational Church. Those who are interested are welcome to attend. Bring potluck dessert and salads as the remainder of the menu will be furnished.

Mrs Pettler, who is president of the Clinton County Federation of Women's Clubs, reported that she was a recent guest of the Victor Civic Club where she heard a program on the Senior Citizens of the area.

She also told of plans for the county convention to be held May 3 at the Elsie Methodist Church. An early morning coffee at 9:00 a.m. will open the all-day session and luncheon will be served by the W.S.C.S. An interesting and informative program is being planned.

Mrs James Dorman, Mrs Mildred Beauchamp and Mrs Lloyd Craven served coffee and dessert during the social hour.

Attend Ovid Lent services Sunday

The Elsie Methodist Fellowship attended the first in a series of Lenten services at the United Church in Ovid Sunday evening.

Fifteen young people and three counselors of the Elsie group joined youth groups from six other churches in the area for a meeting in the Youth Chapel where the Ovid United Church youth were in charge.

The Rev Donald B. Strobe of the First Methodist Church of Grand Rapids spoke on "Daring to be Different" followed by a discussion period.

Milk and cookies were served after which the young people joined the others for the regular Lenten sermon.

75th anniversary marked by OES

ELSIE—One of Michigan's oldest OES Chapters observed its 75th anniversary Saturday evening at the Elsie Masonic Hall.

Friends' Night activities with the Clinton County Chapters were combined with the special observance.

Mr and Mrs Archie J. Moore served as hosts while Mrs Pat Irving attended the guest book and distributed souvenir program folders.

Worthy Matron Mrs R. D. Martin extended a welcome to guests from Milford, Wacousta, DeWitt, St. Johns, Maple Rapids and Ovid. Chaplain Erna Vincent led the "Lord's Prayer" and Worthy Patron John Hall, the pledge of Allegiance.

Songs of the "Gay Nineties" in a comedy skit were sung by Mrs Donald Temple and Mrs A. W. Cobb with Harold Smith at the piano, all in costumes of that period.

JENNIFER KEYS played piano selections and Patricia Kridner, Honored Queen of the Ovid Bethel of Jobs' Daughters, a vocal solo, playing her own accompaniment.

Mrs Leroy Vincent gave an original poem reminiscing over the changes in the local chapter. Several worthy matrons made announcements of future events of interest to Eastern Star members.

Mrs Martin paid special tribute to two of the members present: Mrs Leafy Garrett, 82 years old, of Milford and a member of the Elsie Chapter for 61 years and Mrs Myrtle Tillotson, a member for 53 years, and who was returning to visit chapter for the first time since a broken hip two years ago. Mrs Ray Smith, active for 52 years and Mrs George Blayney, for 47 years, were also introduced.

The program closed with a history of the local chapter by Mrs George Blayney, who served as worthy matron from 1923-25 and has been active ever since that time.

FOLLOWING are some of the excerpts from her story beginning with the chartering of Chapter #69 OES on Oct. 10, 1890. It was all started a few weeks earlier when Philip O. Finch, worshipful master of the Elsie Masonic Lodge #238 appointed Sherman G. Eddy and Joseph E. Craven and their wives to solicit

names to a petition for a dispensation to organize an Eastern Star Chapter in this community.

Worthy Grand Patron James Decker of Standish was present to organize the meeting. It was decided to hold their meetings on the Tuesday evening following the full moon of each month.

Among the early bills recorded in the old "minutes book" were 35¢ for a blank book, 28¢ for glass to cover the charter, 24 badges at \$4 per dozen and the Sismet for \$1.50.

Often there was a notation in the minutes that proved humorous. Following the initiation ceremonies on New Year's Eve, 1891, there was this entry: "Being called from labor to refreshments, the members repaired to the reception room where all did ample justice to a luncheon, which was prepared by the Sisters."

THE ELSIE Chapter first met on the second floor of the building, now known as Cook's Drug Store. The following year, the Masons purchased the Dunham building, now the Wooley Variety Store. They remained there until Jan. 13, 1922 when they moved into the present location which was dedicated in September of that year.

There were 44 charter members, the last of whom passed away in 1959. He was Orrin Dunham of McBain and also one of the first to receive a life membership and gold certificate for 50 years service together with his sister, Sarepta Burleson and Fannie Smith.

Later Christina Garrett, Winifred Etinger, Nora Albaugh, Minnie VanDeusen, Elizabeth Watson and Cora Sherman were also given gold certificates.

There were 47 sisters who served the chapter as worthy matrons and 34 brothers as patrons. John Hall is serving his ninth year as patron over the past 28 years.

There are 26 living life members and 11 who hold gold certificates. The largest membership was 190 in 1921. At the present time there are 106 members.

THE ELSIE CHAPTER has assisted in supporting the Villa at Adrian where hundreds of Masonic and Eastern Star children have been given a home and a fine education. The Villa was started over 40 years ago.

Funds have been set up to give aid to less fortunate members and chapters and assistance to young men and women to complete their college education.

During World War II, the members reported many hours of Red Cross sewing, USO, War Relief, Civilian and National Defense, work, Bond drives and "travel kits" for the soldiers.

The Elsie Chapter is one of six comprising the Clinton County Association OES. It was organized in 1908. Since then the Elsie Chapter has furnished the following county presidents Patricia Saxton, Gathel Martin, Jean Cobb, Mae Hall, Mariam Downie, Mae Goodrich Hazel Blayney, Harriet Finch, Florence Seeley, Sarepta Burleson and Minnie Van Deusen.

THERE HAVE been ten grand officers chosen from Clinton County since its organization. Among them was Dora Netzerg of Elsie as Grand Ruth 1900-1901.

Records of the early meetings disclosed that the chapter was the social center of the community. Each year, there was a "sugaring off" at the Watson Sugar Bush. Masons and Stars went in bob sleighs, cutters or anything that would get them there as they were always assured of plenty to eat and plenty of fun. Other early events were the fried oyster suppers, quilting bees, socials and ten cent teas.

As the years passed, there were many visitations, picnics and social affairs with neighboring Masonic Lodges, particularly Ovid, Greenbush and Ashley. These have developed into the annual Friends' Nights of recent years.

A SOCIAL HOUR followed in the dining room with arrangements made by Mr and Mrs Harold Smith, Mr and Mrs Park Watson, Mrs Malcolm Lusk and Mr and Mrs W. S. Lusk. Tables were decorated in red and silver by Mrs Archie J. Moore.

Mrs George Blayney and Mrs Leafy Garrett presided at the silver tea and coffee services while Mrs A. W. Cobb cut the anniversary cake.

Serving as program committee were Mrs R. D. Martin, Mrs John Hall, Mrs George Blayney and Mrs Sidney Keys.

A display of mementoes pertinent to Elsie OES early history included scrap books, program

booklets and calendar cards. A quilt pieced and feather-stitched by the Eastern Stars many years ago was displayed by Mrs Ray Smith and a coverlet with appliqued Star and symbols made by Mrs Myrtle Tillotson was also shown.

Band boosters make future plans

The Elsie Band Boosters recently met to plan future activities. A banquet for the school band and their families was scheduled for April 21.

Awards will be given at that time by director Don Thayer and arrangements are being made for a guest speaker.

Committees were appointed and include menu, Mrs Frank Bernath, Mrs Glen Williams, and Mrs Norman Powellson, Mrs George Keck and Mrs William Albaugh and kitchen, Mrs Ralph Herron, Mrs Max Courter, Mrs Paul Schultz and Mrs Howard Halteman.

All knotted up

The hagfish can literally tie itself in knots. Flexibility of the 10-to-16-inch fish is a result of its vertebrate "backbone" being entirely of cartilage. The "hag" is a curiosity of the deep. It has four hearts, only one nostril, no jaws or stomach, and its teeth are located on its tongue. It can live for months without feeding.
 Today's downfall comes in trying to keep up with the upkeep.

Bath

By Mrs Alice Loomis

Roger Carlson will be superintendent

The new superintendent of Bath Community Schools has been chosen by the Bath school board. He is Roger Carlson, 41, and has been in Rose City, Mich., as superintendent for the past four years. He was born in Chicago, is a graduate of Central Michigan University and got his masters degree in 1959. He has been an educator for 14 years and an administrator for six and one half years. He was in paratroopers for three years during WW II. He is married and has six children. They are Peter, 10; twins, Susan and Eric, 9; Robert, 4 1/2. Mr Carlson will

take over for Lloyd Latchaw, who is retiring July 1.

Linda Beagle, daughter of Mr and Mrs Carl Beagle of Bath will be married July 15 to Bernard Alexander. He is the son of Mr and Mrs Charles Alexander of San Antonio, Texas. Linda was a June graduate of Bath High School.

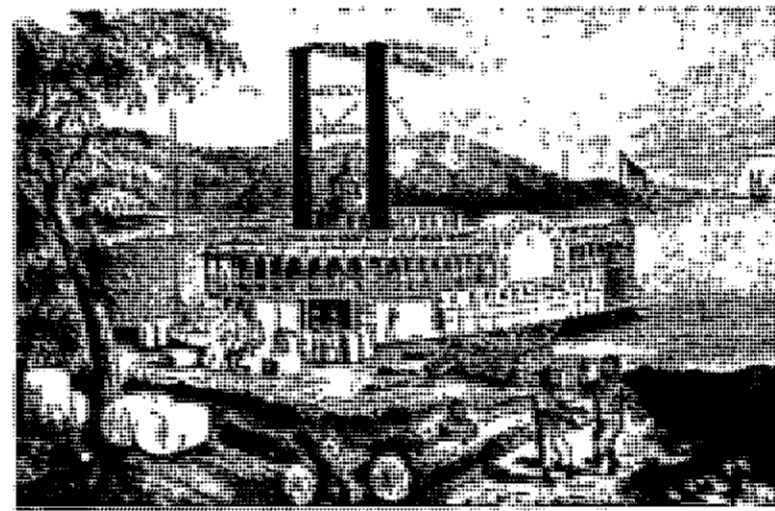

Lenten lunches will be served each Wednesday noon, during Lent at the Bath Methodist Church. These lunches are for the junior and senior high school students of Bath. A program has been planned for each luncheon. The first luncheon will be March 9 at 11 a.m. These luncheons are sponsored annually by the WSCS of the Church and are to be held in the dining room of the church.

The tornado season viewed - with foreboding

With the days lengthening and warm air pushing into Central Michigan with greater regularity, we note with some apprehension the tornado season is back.

We also note with some apprehension the City of St. Johns is without a workable warning system should we have the misfortune to have a twister headed our way. There are sirens but no active effort to use them.

County Civil Defense Director Charles Frost maintains it is his job only to coordinate the efforts of the various local agencies in setting up a warning system and that it is up to each city or village to implement the system. The City of St. Johns has in the past felt Frost should implement the warning system.

WE ARE OF the opinion that job lies with the city. St. Johns has five civil defense sirens now, but what condition they're in after so long in dis-use no one knows. The system needs to be maintained and tested regularly.

Frost would like to set up a regular monthly test of the sirens in the county, not only to make sure sirens are in working order but to acquaint the people with what they sound like and what they mean. This testing pattern should be set up right away with or without St. Johns participating in the warning.

A NIGHTTIME DRIVE up Clinton Avenue in St. Johns is a beautiful drive, but it would be enhanced terrifically by exterior lighting of the courthouse clocktower. Travelers would remember Clinton County and St. Johns more readily by the lighted exterior, and the scene could be a source of pride for the folks whose tax money is in the building.

Keeping a town looking sharp means policing up

What makes a town look sharp?

It's a combination of things, really - too many and too varied to name. A lack of ugly sights is perhaps the main ingredients. At least this puts a town in a good position to really look sharp with a minimum of effort.

But it takes effort to get rid of the ugly. Homes and lawns should be kept neat, street signs painted and straightened, storefronts painted, windows kept washed, dilapidated buildings either repaired and painted or else torn down.

ANOTHER THING which takes a little effort - just constant policing - is the immediate removal of advertising posters and sheets which are put up in store windows, on the sides of buildings and on telephone and light poles.

Posters that are warped and torn, soiled and faded are an eyesore. The primary responsibility in getting rid of them after their effectiveness has ended is with the person or persons who put them up. It's a shame this rarely happens. The responsibility is then with the merchant - not only for his own sake but for the town's.

And what of those posters tacked all over town on unused buildings and poles? Wouldn't it make a dandy project for some service organization - men, women or youngsters - to take it upon themselves to do this policing? It would be a big contribution toward keeping our town looking sharp.

Escalated Out of Reach

RAMBLIN' with Rink

By LOWELL G. RINKER

I had the sad occasion to visit Illinois a couple of weekends ago for the funeral of an aunt at Ottawa, a hundred miles or so southwest of Chicago. We started out by driving over to Muskegon to leave the daughter with relatives and to pick up my mother and brother and his wife.

We didn't get out of Muskegon until about 10:30 a.m. that Friday morning, and we had visions of a late-afternoon arrival at Ottawa. But from the time we left Muskegon, we had four-lane or six-lane expressway all the way to Ottawa, and the trip was made in an unbelievable 4 hours and 15 minutes.

THERE WAS only one exception to the expressway. That was about eight miles or so of smooth, wide two-lane route between the end of I-94 at New Buffalo and the Indiana toll road.

It was the first time we had been back to Illinois since we moved to St. Johns, and the traffic situation between here and there has improved considerably. I-190 is now fully completed between Holland and I-94 at Benton Harbor, and we sailed around Saugatuck, Douglas and South Haven where we had had to temporarily leave the expressway a year and a half ago.

A NEW INTERCHANGE on the Indiana toll road, the Burns Harbor exit east of Gary, allowed us to swing south of Gary on Interstate 80. The last time

down that way, it was necessary to go through a good part of downtown Gary to get to the interstate route and eventually the east-west toll way around Chicago.

Another improvement made was completion of a new interchange from the east-west toll way onto Interstate 55 - (US-66) leading south from Chicago.

ALL OF THOSE uncompleted routes in one trip had resulted in an hour, or so to travel time. I noted on the way home that Interstate 80 is now in the active process of being extended easterly from I-55 and will make more or less a beeline east to the Gary area where it will link up with the completed section there. It won't be long before we'll be able to make a regular weekend trip out of it.

Once there, it was not hard to notice that Illinois highways other than interstate routes don't hold a candle to the ones we drive on in Michigan. Even while a resident there and a visitor to Michigan I was well aware of Michigan's highway superiority.

BUT THEN our license fees here are higher than Illinois' fees, and when you have more money you can build better roads. While there is room for improvements in our overall road system, it is hard to visualize there could be a state with a better system than we've got.

Utopia!

A Report of a Presidential Commission by W. E. DOBSON

A minimum National Income To support our every need, Employment full for everyone, A guarantee of full feed; Two full years of paid schooling Beyond the high school stage, All at our Uncle Sam's expense - These things are all first page.

No more we'll pay by hourly wage, Fixed salaries are the thing - Bigger and better security To one and all we'll bring; Our welfare program needs increase To some still unnamed goal Where worry will be outlawed By committee of the whole!

Within the framework's master plan, A twenty-two hour week - Retirement at thirty-eight. For a maximum we'll seek; At this advanced and senile age, The committee would agree, From the rigors of an arduous life Man could at last be free!

One page is lacking yet, I fear, In this Greater Society plan Of everything for everyone Throughout life's dreary span; I hate to be a speller - Or even mention fee, But just who will pick up the check? Does this all come C.O.D.?

LETTERS TO THE EDITOR

Man offended by jokes at clinic

I HAVE JUST returned from one of the largest gatherings of farmers ever seen in Clinton County at the Corn and Soybean Clinic in Smith Hall. In recent years I have attended many meetings sponsored by industry, farm organizations and professional school people, but never have I seen a meeting where filthy and suggestive jokes were told by almost every speaker. What I would call open pornography was also shown on the screen. My intelligence and morality were deeply offended.

If such a meeting was held on private property I would protest only by not buying the products of the companies which sponsored this event; but as this meeting was held in a public building constructed by the people of Clinton County and dedicated to Roscoe Smith and the 4-H Club which he so ably served, I must protest publicly and loudly.

I feel that a public apology is due the people of Clinton County from those companies which sponsored such speakers.

Very sincerely, PAUL SEEGER Bath, Mich.

MICHIGAN MIRROR

Voting in Michigan poses challenge to '66 voters

BY ELMER E. WHITE Michigan Press Assn.

Voting in Michigan in 1966 can pose a challenge to the conscientious resident, especially primary balloting.

Sheer numbers of people seeking state offices will rival and possibly surpass the record whose names were on the ballot two years ago when legislative reapportionment opened the magic door to many newcomers.

This year, while apportionment may again be a factor, two other major changes are expected to induce many people to run who previously were only half-hearted about public office.

FOR THE FIRST time, the Michigan Senate candidates will be elected to four-year terms instead of two. The change was decreed in the 1963 Constitution. Politicians view a two-year

term as a vicious circle. They no sooner get elected and learn the ropes of lawmaking than it is time to begin a new campaign.

Four years, on the other hand, gives a goodly period to get something accomplished if the legislator is so inclined. It also provides opportunity for more publicity. The more times Mrs. John Public sees the name of Sen. Joe Doe in the local newspaper, the more likely she is to remember it on the ballot of the future.

ANOTHER INFLUENCING factor is economics. It was at the start of the 1965 session that legislators began to draw \$10,000 annually plus \$2,500 expenses.

Every indication is the legislators will again rise their salaries, effective in the 1967 session.

The non-partisan commission which studied the question since last summer has suggested it will recommend another pay raise.

Voters who are really concerned with their state government representation will be hard pressed to determine whom among the various candidates are truly interested in performing a public service as opposed to those seeking the security of a long Senate term or the pleasure of a fat salary.

REALISM USED to be a rarity in the Michigan legislative sessions, at least where time schedules were concerned.

In the early days of the current session, however, a realistic attitude was taken in this area. The lawmakers replaced an April 15 scheduled date with the more reasonable date of June 3 for the final legislative action of the year.

The problem was evident. An estimated 1,500 bills were left from the 1965 session, a condition new to the lawmakers. A similar number was expected in the form of new introductions this session.

Senate Majority Leader Raymond D. Dzendzel, D-Detroit, put the problem simply. "It's absolutely necessary to set up a different schedule unless you want us all to have heart attacks," he told his colleagues.

IN BEGONE years, the need for more time than was scheduled was often readily apparent to observers of the legislative activity.

In 1962, for example, a mid-May adjournment date was set. Late in January, the House speaker admitted privately it could not be met, but the date was not changed until finally it was extended on a week-to-week basis when May arrived.

Extension of the schedule this year may pose some campaign problems for a number of lawmakers, but commendation is due the leadership for recognizing and remedying early a potential problem before it became a critical one.

MICHIGAN MAY be bucking the trend on auto license plates, but state officials say it is because of public demand.

Several states are switching to heavy, durable metal which provides a semi-permanent license plate. Annual tabs are issued to renew the vehicle registration in most cases.

Motorists in Michigan will readily recall the tabs issued here after the 1959 cash crisis situation. To Michigan officials it was a matter of economy.

LONG-TERM plates are being considered now in Ohio. Michigan's secretary of state was among officials surveyed by Ohio spokesmen on the matter.

James M. Hare advised the Ohio authorities that Michigan has returned to the annual issue largely because of public demand. Administrative officers in other states said the public readily accepted the tab arrangement.

An influencing factor in Michigan's attitude was the weather, Hare's office believes. The last time tabs were used, it was on a three-year plate. The final winter of the cycle was especially long and heavy with snow, with the resulting rust problems caused by road-clearing chemicals.

MANY AN irate motorist blamed an unreadable, rusted license plate on the fact that it had been on the car for three years.

Unidentified boy identified - maybe

Carl P. Zacharias, who lives north of St. Johns, called in last week to say he thought the unidentified boy in last week's 'Look Into The Past' picture might be him. The picture was taken in front of the old O. P. DeWitt Grocery.

Zacharias, born in 1896, said his family moved to St. Johns in 1903 and they lived over the present Quality Discount House. He said his mother sent him to the DeWitt Grocery store many times, and he would get 'jaw-breakers' there and 'hang around' a lot. He recalled that the counter in the store ran east and west, with a sausage grinder in the middle.

Milk Man

The late Louis Siegel drove this milk wagon for Cal Rice back in 1915. In those days, the milk wagon driver would measure out, from their bulk tank, the amount of milk their women customers would order when they set their jars and pots out by the road. Siegel worked 15 years for the Rice dairy business. This picture belongs to Mrs. Mary Siegel of East State Street.

320-LB. CALVES IN 4 MONTHS!

Two new calf rations—new, Magic Formula Purina Nursing Chow and new Purina Startena—can help you raise big, husky calves months earlier than slow-poke sisters fed other ways.

New Nursing Chow contains extra energy and more digestible proteins that help get calves off to a fast, healthy start. It mixes in seconds, won't settle out, flows through nipple pails and automatics without clogging.

New Calf Startena is higher in energy, lower in fiber, and more digestible than ever before. It keeps calves growing and gaining so they're big enough to breed at 12 to 15 months.

Call or visit us whenever you have calves to raise. And feed them the Purina way... on new Purina Nursing Chow and new Calf Startena.

Wit, humor show is Monday

ELSIE — A Wit and Humor program will feature the PTA meeting on Monday night, March 14. This will replace the former talent show.

Those who have special talents are invited to share them with the audience. Music, comedy, dancing and entertaining acts are needed, according to co-chairmen, Mr and Mrs Gene Stouffer, who have scheduled a few numbers.

Anyone in the Ovid-Elsie-Banister and Chapin area is invited to enter the show.

There will be no special prizes, admission fees or refreshments but this type of program should appeal to all ages. It will open at 7:30 p.m. and continue to 9 p.m.

LYLE ACRE presided for the PTA executive board meeting Monday night in the Elsie high school. Mrs Charles Kridner, Mrs Donald Temple and Mrs Ray Peck were selected for the committee on nominations.

A report of the previous meeting was given when Raymond Stewart of the School Board gave a progress report on the new building project and a practice debate by the high school debate team, formed the program.

Plans were made for the April

Golden wedding fete was attended by 250

ELSIE — More than 250 guests registered at the open house for Mr and Mrs Lewis Walling at the American Legion Hall Sunday afternoon. The occasion was the Wallings' golden wedding anniversary with their three daughters and their husbands planning the affair. They were Mr and Mrs Donald Wood of rural Owosso, Mr and Mrs Lee Deming of Carland and Mr and Mrs Thomas Winkler of rural Elsie.

Miss Diane Deming, assisted by Richard Mead, registered her grandparents guests.

Mrs Leland Bennett of St. Johns was in charge of the gift table while Mr and Mrs Thomas Moore served as host and hostess.

PTA meeting when various hobbies will be displayed and a pot-luck supper featuring Michigan foods. The executive board urges everyone to start planning a hobby display.

CUT FLOWERS and yellow roses centered the tables which were decorated in gold and white.

The wedding cakes were cut by Mrs Lee Deming and Mrs Donald Wood, Mrs Tom Winkler served the punch while Mrs Ronald Wood and Miss Rita Brant were in charge of the ice cream.

Sons-in-law and grandsons of the Wallings served as waiters. Mrs Walling's sister, Mrs Elsie Saxton of Ovid, who was maid of honor 50 years ago was also present.

Mr and Mrs Frank Gross of Chapin and Mrs Laura Mae Sage of Carland were in charge of the kitchen arrangements.

MR AND MRS Walling, who have lived in this area most of their lives, received hundreds of cards, many gifts and flowers from their relatives and friends. Prior to the open house festi-

Lions honor FFA

ELSIE — The Elsie Lions Club observed Farmer's Night, in recognition of National FFA Week at their Monday night dinner meeting in the American Legion Hall.

Blaine Lentz introduced Joe Guysky and Dean Acre, president and vice-president of the Elsie High School FFA Chapter. They outlined the aims of the FFA and the accomplishments of the Elsie Chapter.

Andrew Cobb introduced Harry Nesman of Lansing, who spoke on the importance of improving the "Image of Agriculture." Farmers are decreasing in numbers, he said, but their importance is increasing because of the increased need for food throughout the world.

At the Elsie Lions Club dinner, the Wallings accompanied by their family party of 20 dined at Elsie's new "Village Inn" and also attended the Elsie Methodist Church for the Sunday morning service.

MR NESMAN is the chief of agricultural education in Michigan and is the state advisor of FFA chapter.

Jack Hawes announced final arrangements for the annual fish supper Friday night for which he is chairman.

Rev Gordon Showers and Gerald Carroll were welcomed as new members.

The next regular meeting will be March 7. It will be Ladies' Night with Allison Green, state treasurer and former speaker of the House of Representatives, as guest speaker.

Donna Easton of Kalamazoo, former Elsie resident spent a weekend with Sharlyn Moore.

Mr and Mrs Bradley Grenlund of East Lansing spent the weekend with their parents, Mrs Phillip Beach and two children, Elizabeth and Bradley of Grosse Pointe spent the past week with her parents, also.

Mrs Dorothy Kaspar of Detroit has been spending several days with her sisters, Mrs Sidney Keys of Elsie and Mrs Margaret Edwards of St. Johns.

150 attend banquet

ELSIE — The Blue and Gold Banquet recently held at the Knight Elementary School for Pack 76 was opened with the flag ceremony by Den 4 before 150 guests. Lyle Dunham gave the invocation.

A skit on "Appreciation" was presented by Dens 1 and 2 while "Strong for America" was given by Den 3. A trip to the moon along with songs was furnished by Den 4 while "Twinkle-Twinkle Little Star" was played on flutophones by Den 5.

Adult year pins were presented with a 5-year-pin to Mrs Floyd Gowney; 4 year-pins, Mr and Mrs Frank Bernath and George Keck; 2 year-pins, James Collis and Bill Albaugh and one-year pins, Mr and Mrs Earl Clark, Mrs George Keck, Mr and Mrs Robert Houska, Mrs Lyle Dunham and Mrs Duane Green.

Wolf badges were given to David Grieves, Randy Doyen, Perry Munson, Kirk Baese, Danny Sturgis, Eric Thornton, Jack Basha, Bob Brewbaker and Bob Hardaker.

Silver arrows were given Charles Green, Paul Barrett and Paul Ladiski. Gold arrows went to Garry Bernath, Douglas Keck, Danny Egbert, Ralph Lockwood, Kenny Albaugh, Jeff Keck, Danny Pumford, Paul Thornton, Paul Barrett, Jim Houska, Bob Pattison and Paul Ladiski.

Bear badges were given to Danny Pumford, Paul Thornton, Paul Barrett, Jim Houska, Bob Pattison and Paul Ladiski. Paul Barrett, David Hines, David Dunham and Jim Clark also received silver arrows.

Mrs Harry Grenlund has returned home from several weeks at the University Hospital in Ann Arbor. Mrs Rose Smith is staying with her days during her convalescing.

Mr and Mrs Leroy Wilcox of Elk Rapids spent two days with Mr and Mrs Warren Barnhill and family last week.

Mrs Robert Justice, who recently underwent major surgery at the Clinton Memorial Hospital has returned to her home.

Crop meeting next Wednesday

Topics of interest concerning hay, beans and grains will be on the program next Wednesday, March 16, at the second of two crop meetings being sponsored at Smith Hall, by the Cooperative Extension Service.

Topics will include: forage crops and quality feed; alfalfa in competition with corn; beans, and how to reduce the risks; yellow wheat, what it is and how to prevent it; controlling weeds for profit; and getting top profit from each field.

The meeting will run from 10 a.m. to 3 p.m. at Smith Hall in the St. Johns City Park. Lunch will be available. Farmers are requested to bring detailed soils maps of their farms if they are available.

The first of the two crop meetings was to be held yesterday (March 9) with the topics relating primarily to corn.

Dry ice does its job, then disappears. Unlike most solids, which must become liquids before they can become gases, dry ice (solid carbon dioxide) changes directly from a solid to a gas. It's this unique property of sublimation that makes dry ice so useful and versatile.

Holy Communion is celebrated on the first Sunday of each month; in the early service, and on the third Sunday of each month in the late service. Adult formation classes, which also prepare for membership, in the church, are held as much as possible at the convenience of the inquirer. Phone 224-3178 for information.

WHERE DO THE STARS GO, MOMMY?

The big brown eyes are thoughtful, the small face earnest as Mary Anne considers the universe. Sometimes our pint-sized inquisitor's questions are devastatingly funny, sometimes deadly serious; but always important. Harry and I may chuckle over them, but we never forget that these queries reflect Mary Anne's increasing awareness of the world about her. We know that our answers and attitudes are an important part of her development. Another influential portion of Mary Anne's growth, we feel, has been her regular attendance at Church School. There, Mary Anne's experiences with other children have been related to God's plan. The tiny kitchen or play garage in the skilled teacher's capable hands becomes the training ground for Christian behavior. How glad we are that our church is well equipped to guide our child in her religious growth. Attend your church. Take advantage of the inspiration and knowledge it is eager to share with you and your children.

★ FOWLER STATE BANK
FOWLER, MICH.
NOTICE OF SPECIAL MEETING OF SHAREHOLDERS
To Our Shareholders: notified that on April 11, 1966 at 9:30 P.M., Eastern Standard Time, pursuant to action of your Board of Directors, a special meeting of the shareholders of your bank will be held at the main office of the Fowler State Bank, 24 N. Main Street, Fowler, Michigan, to consider and vote upon the following proposal and matters incidental thereto which properly may come before that meeting:
(1) To ratify, confirm and adopt the agreement of Merger heretofore entered into on behalf of your bank (pursuant to authorization of the Board of Directors) with Clinton National Bank and Trust Company, St. Johns, Michigan, dated December 14, 1965, whereby your bank will merge into Clinton National Bank pursuant to and in accordance with the provisions of an act of Congress of the United States entitled "An Act to provide for the consolidation of National Banking Associations," approved November 7, 1918, as amended (12 U.S.C., No. 218a), subject to the approval of the Comptroller of the Currency, Washington, D.C.
(2) To authorize the Board of Directors of your bank to take such action and give such authorization to the officers of your bank as may be necessary or advisable in order to determine whether the completion of such Agreement of Merger have been satisfied, and to take such other and further action and give such other and further authorization to the officers of your bank as said Board of Directors may deem necessary or advisable in order to carry out the provisions of such Agreement of Merger.
(3) To transact such other business as may properly come before such meeting or any adjournment or adjournments thereof.
By order of the Board of Directors.
ROMAN P. THELEN
President

March 4, 1966.
It is Ordered that on Wednesday, April 11, 1966, at 9:30 A.M., in the Probate Courtroom, Courthouse, St. Johns, Michigan, a hearing be held on the petition of Gerald J.
