

DeWitt schools plan fantastic growth

By TIM YOUNKMAN
Editor

DeWITT—The DeWitt school district, the fastest growing district in central Michigan, will be bulging at the seams with high schools, middle schools and grade schools, according to a study compiled by Supt. James Ritchie and Jack Enderle, middle school principal.

The administrators have estimated that, in 30 years, the system could grow to a potential of 12,000-plus students requiring three high schools, several middle schools and nine elementary sites.

In his summary report, Enderle said that the district should have three kinds of plans, "occurring simultaneously developing immediate building needs (within five years), long range needs (within ten years) and total potential needs when the district

reached its potential growth (30 years)."

Enderle estimated that the five-year projection would call for 250 additional elementary students by 1975 and 10 additional classrooms. The Middle School would be adequate over the same period, which has been built to provide services for 500-800 students.

Enderle added that 250 more high school students would add at least 13 more classrooms to the senior high plant.

In the long range planning phase, Enderle estimated that there will be 500 additional elementary students, 250 more middle school students and at least 460 new high school pupils to house, beyond the present capacity.

ENDERLE, in his report, stressed that more accurate planning will be needed to

properly serve the district taxpayers.

"Having spent considerable time trying to project the growth for the DeWitt school district, I am even more aware of the need for further planning," Enderle said.

"There are too many inter-relating factors which need to be studied in depth," he added.

The Middle School principal noted that DeWitt's district enrollment had increased almost 21 per cent between this year and the 1967-68 school year.

He said that the area school district coming the closest to that mark was St. Johns, which had increased about 12.5 per cent.

Other schools cited were Holt and Waverly at nine per cent, Grand Ledge and Haslett

and Mason at about eight per cent, Okemos at seven per cent and East Lansing and Bath at two per cent. The Lansing district had actually decreased in enrollment percentage.

The DeWitt district increased by 113 students this school year, one of the highest actual increases in the area.

Only Mason, with 125 students, and Grand Ledge, with 121 students, represented a higher increase rate.

In comparison, St. Johns increased by 82 students, and Bath by 31 students.

In another statement, Enderle said the enrollment projection for DeWitt was based on past enrollment figures, 1960 and 1970 census reports, results of a comprehensive land use study and a DeWitt city planning report.

In a separate statement, Ritchie called for serious consideration of the planning reports and a need for detailed study of future specific requirements.

"REMEMBER THAT this aspect, planning, needs constant updating and the incorporation and expansion of current information. The more accurate the information and the more sensitive the judgments, the greater the validity of the predictions.

"Planning, however, without implementation, is a waste of valuable effort. The results are indicative of growth and it is incumbent upon the managing unit of DeWitt public schools to apply these findings toward a meaningful culmination.

"DeWitt should be making a master plan

for land purchase and begin the implementation of such a program now. The acreage units can be independent and located throughout the district or they may be consolidated in a few large parcels of property."

The district's high school and middle school are located on a large section of land bounded on two sides by Herbison Road and Shavey Road. Plans are already being considered to erect two elementary schools in the same area in the future.

The Class C high school was built four years ago and the middle school opened its doors for the first time this school year.

The district also has two elementary schools in the City of DeWitt and an administration building.

Tax break for campaign donors sought

LANSING—As an incentive to encourage voters and taxpayers to take a more active role in politics and governmental affairs, State Sen. William S. Ballenger (R-Ovid) and seven fellow senators have introduced a bill (SB 273) to permit a person to claim a state income tax credit of up to \$50 annually for contributions to political parties or candidates.

"The cost of running for political office is fast becoming prohibitive," said Ballenger.

"It's almost universally agreed that we must not permit a situation to develop in which only wealthy men and women can afford to seek office. Neither should we allow 'fat cat' contributors to buy candidates or elections."

O-E to fire 36 if vote fails

OVID-ELSIE — In a surprising "precautionary" move, the Ovid-Elsie Board of Education has ordered the mailing of dismissal slips to 36 of the district instructors.

Robert Beauchamp, school superintendent, told the News Tuesday that the action was taken as a precautionary measure in case the upcoming millage renewal vote falls in June.

According to state law, a district must give 90 days notice to teachers before dismissal.

"We are going by advice of our legal counsel," Beauchamp said. "We are losing our millage in June and it may not be renewed."

He said that the exact amount of the new millage proposal has not been set. Beauchamp said that, while the district has a standard layoff policy, that the action was a necessary step according to district lawyers.

He also added that the schools would seek another special election before the next school year if the June proposal goes down to defeat.

He cautioned the teachers against taking any panic-type action as a result of the board's decision.

"We expect that if they receive a good opportunity to go elsewhere, we would not expect them to stay," Beauchamp said. "We would hold no hard feelings."

He recognized that there has been a difference of opinion in Clinton County regarding teacher dismissal over possible millage deficits.

The DeWitt school board declined to fire their probationary teachers after being advised by the district's lawyers. In their decision, the DeWitt board recognized a layoff procedural policy allowing the superintendent to use his judgment if operating funds are cut back.

DeWitt Supt. James Ritchie said Thursday that action would be taken later if the millage is defeated, but that all of the probationary teachers might not be dismissed.

"Not everybody agrees with the same point of view," Beauchamp said.

"I hope that there will be a clarification through a court decision and that in another year we won't have to do this," The Ovid-Elsie action was followed

closely by a similar action taken by the St. Johns board of education last week when approximately 50 probationary instructors, those not returned, were to be dismissed at the end of the year if the millage question falls.

St. Johns Supt. Earl Lancaster was not immediately available for comment Tuesday on the board action, but a spokesman indicated that Lancaster would make a public statement later this week.

Orville decides on extra fishing after 31 years

ST. JOHNS—Orville Jones has finally decided to get in some extra fishing this year.

After 31 years of service with the Clinton County Road Commission, the past 22 years as a supervisor, Jones has announced his retirement.

Jones, who resides with his wife, Gladys, at 409 N. Lansing St., is a former resident of Wacousta. He and his family have lived in St. Johns since 1940.

"What are his future plans?" "I'm going to do a lot of fishing," he said. "I've got a spot all picked out in Mecosta County."

Jones added that he planned to help his wife around the house in the years to come. "In the 31 years I worked for the Road Commission, I never missed a day of work and I enjoyed every day of it," he beamed.

The Jones' have two daughters and one son, 12 grandchildren and one great-grandchild.

He added that he and his wife will remain in St. Johns.

Pewamo man injured in crash

ST. JOHNS—One person was injured in a two-car collision at the corner of M 21 and U.S. 27 Friday night.

Injured was William Joseph Savoie, 19, R-1, Pewamo. He was taken to Clinton Memorial Hospital where he was still listed as a patient Monday. His condition was not revealed by hospital personnel.

Savoie was heading north on U.S. 27 when he attempted to make a left turn on M 21. A car driven by Scott A. Daniel, 23, of Wyandotte skidded into the right side of Savoie's car.

Savoie was issued a ticket for failure to yield the right of way.

'Last business' finds life

SHEPARDVILLE—The last established business firm in this rural Clinton County community found a breath of new life Monday.

John Frolka, 24, officially took over the ownership of Wilson and Son, a farm sales and service business. The new firm, which will continue farm sales and service operations, will be called Frolka and Wilson, Inc.

Frolka, who has been employed by Wilson for five years, is a 1967 graduate of Michigan State University's farm equipment and sales program.

According to Frolka, he will deal mainly with tractor parts, overhaul work and

farm service. "Later on, I will be handling snowmobiles and garden tractors."

Frolka, who is single and lives in Owosso with his parents said, "It looks good so far, I have work for most of April. People will be glad to know that parts are still available in this area."

Frolka, who was trained in the business by Louis Wilson said, "Mr. Wilson and I have had a real good relationship these past years. He is going to stay around for awhile to help me if I need it."

In addition to his duties as head of the new business, Frolka also will farm 110-acres of cash crops this year.

Kruger to test Canadian backwater in death-defying 3,500-mile safari

DeWITT—A daring DeWitt man and his partner from St. Paul, Minn. will set out next month to attempt a feat that no other men in history have been able to accomplish.

Verlen Kruger, a DeWitt plumber, and Clint Waddell will start about April 15 on a 6,500-mile canoe venture from Montreal, Quebec, Canada to the Bering Sea, Alaska.

The canoe trip, labeled the Cross Continent Canoe Safari, will begin in the St. Lawrence River above the rapids at Lachine, upstream from Montreal.

In 1966, the two men won the 110-mile annual Atikokan International Canoe Derby in Ontario which earned them \$1,000 and a trophy. The following year, Kruger and his son-in-law Terry Norris paddled across the finish line at Great Bridge, Edmonton, Alberta, to win the White Water Canoe Race and a \$1,250 first place prize purse. This was a 176-mile endurance race.

The current project, starting in the St. Lawrence River, will then twist and turn for more than 6,500 miles and approximately 150 portages.

"What makes it uptight is that we must do it in one year between the spring thaw and the fall freeze-up," Kruger said.

"This may mean breaking up a little ice at both ends of the season," he said. "It's not that we wouldn't like more time, or are trying for a record; but time, money and family gives us this limitation," he added.

The men will head upstream and upwind on the St. Lawrence, then up the Ottawa River, across the north shore of Lake Superior, through the "ideal canoe country" of Quebec and boundary waters of Minnesota.

THEN THE two-man team will paddle across Lake Winnipeg, up the Saskatchewan River, across rugged waters to the scenic Churchill River chain of lakes, into Clearwater River and the Athabasca River across the west end of Lake Athabasca.

They'll proceed down the fast Slave River, across the Great Slave Lake and down the mighty Mackenzie River all the way to the Mackenzie Delta.

"Then we'll labor up the Rat River," Kruger said. "We'll go across the Richardson Mountains (the north end of the Rockies), hundreds of miles above the Arctic Circle."

The team will then travel into the

Porcupine River into Alaska, downhill to the Yukon River (the fifth largest river in the world in volume), all the way out to the Bering Sea.

"We are going as pure canoeists and as a matter of principle, we will not accept assistance in portaging, paddling, trucking or towing," he said.

"We will travel under our own power every foot of the way on land or water, or we will fall trying," he said.

The men will not use guides or follow-up crews on land or water.

Commissioners offered clean-up plan: free use of car crusher

ST. JOHNS—A portable car crusher plan was outlined before the Clinton County Board of Commissioners Friday by Patrick Farrell, representative of Michigan Car Crushers, Inc., of Belmont.

Farrell stated that presently the company is operating in Mecosta County. "Mecosta is using 4-H members, Boy Scouts and youth groups to help locate the junk vehicles."

The company pays Mecosta \$2 for car bodies and \$5 for car bodies with engines and then the county pays each group \$2 for each vehicle that is crushed," he said.

According to Farrell, in Mecosta, a

number of businesses have donated wreckers and trucks to haul the vehicles to a central location for disposal. He said that some of the wreckers are being operated by people who are unemployed.

Farrell said that they will move the crusher from one collection point to another until all the cars in the county have been taken care of.

The crushed cars are then loaded on a floated truck and taken to Detroit where they are shredded and separated.

Farrell says that this process of crushing cars will save the county legal fees and eliminate hard feelings by allowing

the car owners and property owners the chance to volunteer their cars instead of the county forcing the owners to get rid of the cars.

Also, "white appliances," such as refrigerators, freezers, washing machines, etc. can be handled by the crusher.

If they are brought to the crushing location they will be taken care of.

When asked about the titles of the cars, Farrell said, "a document can be drawn up that the owner can sign releasing the car to the county."

Farrell stated that there is a possibility

Not a 'tough fight'

Sirs: After reading your front page story in the March 24 issue of the Clinton County News, under the headline "Township Forces Gear for Tough Recall Campaign," we feel we must clarify our stand.

radio, newspapers, television and last but not least the DeWitt Advertiser.

Our answers remain the same, we feel now as before that Duane L. Smith has in no way injured our Township. He has in fact helped lead a very hard fight to gain the first few steps in the battle of progress.

At this point we feel these insinuations need not be defended instead they should be proven.

As an added thought let's look at this situation. It is very unfair that any elected official should be asked to defend himself three (3) times in one year on the same old set of insinuations.

Now the Court has ruled a man's term begins the first day he takes office. Just think how many public officials could get caught in this unholy web.

Duane Smith has continually faced insinuations and intimidations since taking office Jan. 1, 1969. These present insinuations concern his previous term of office. Evidently someone feels the voters did not know their own wishes.

In closing let us make it very clear we feel we could and would win if we choose to appeal this decision.

However, the expense to the taxpayer is of prime importance here. If we were to appeal, all monies already spent could be greatly increased, and this same group could start again with the same stale innuendos. We feel it is time for the voters of Bath Charter Township to silence once and for all these rabble rousers, so we can go back to the necessary details of serving the people of our Township.

We as members of Citizens For Smith have confidence in our voters therefore we ask that you please vote April 17 and continue Bath Charter Township on the path of progress. ROBERT L. MARTIN Chairman Citizens For Smith

Intermediate board asking special ed millage increase

ST. JOHNS—Clinton County voters are being asked to pass a three-quarter mill proposal for the Clinton County Intermediate School District at the regular school election June 14.

According to B. Stanley Poculis, intermediate superintendent, all of the millage will be used for special education in Clinton County.

"Costs have more than doubled since 1960 when the first special education millage was passed," Poculis said. "The board feels that they have an obligation to try to meet minimum needs of the county. That's why they are asking for the increase."

Poculis outlined the minimum needs for the county, "A better program for emotionally disturbed, more transportation for students, more social workers, another worker for the emotionally disturbed and better coordination of services between schools."

"We have barely scratched the surface in providing services. The voters will have to decide the direction that our programs are going to go in the future," said Poculis. "The County Board of Education has studied the pros and cons of the situation and came to the conclusion that this is the only way to meet the minimum needs of the county," he said.

"THE SIX AREA districts can not handle the problems separately. They just can't afford to finance the many programs on their own. A countywide program is the only way possible," he said.

"One only needs to be a parent of a child or be associated with families that have children in need of special services to realize that they need all the community help they can get," Poculis said.

An example given by Poculis of one of the programs is the home bound teacher. One district can't afford to pay for a home bound teacher, but on a county-wide basis this is possible.

The millage, if approved, will raise an additional \$84,500. Some of the existing programs have been cut and if the millage is not approved, many programs will be dropped.

Last year special education provided county-wide services for 1,352 students.

The largest service offered was the Type-A program. This program is involved with training students with learning difficulties. A total of 234 students were enrolled last year in 16 rooms throughout the county, Poculis said, "They learn to become self-supporting, thereby keeping them off the welfare rolls."

Five speech therapists worked with 540 students last year.

A number of professions work throughout the county diagnosing children with problems and helping teachers with students having adjustment problems.

"We have a good program that has benefited many students. I hope that the millage is passed so that these students will receive the training that they rightfully deserve," Poculis said.

Canoe

Continued from Page 1A Why would two men risk their lives and take several months of their time to travel on such a venture?

"I am not yet prepared to explain why we are doing this," Kruger said. "I don't seem to find the words, nor may never be able to quite communicate even that which I do understand," he added.

"By powers strange to man, the compass needle points north and wild geese fly south in the fall. So, sometimes, we are mysteriously drawn along certain paths," he said.

"With a little help from us and a little help from above, things come to pass, and here we are."

Kruger indicated that he felt a sort of compelling force driving him into the new adventure.

"There is something compulsive, something challenging, something elemental and primitive something mysterious and a lot of other complicated things," he said.

THE CANOE THEY plan to use will be 21 feet in length, three inches wide off the bottom (27 inches) at the center thwart, 34 inches.

The rig will be 18 inches high at the bow and 12 1/2 inches for the rest of the canoe.

The canoe will weigh 85 pounds, less extras.

There will also be the problem of conditioning.

"This is a very important point," Kruger said. "If we are to maintain the hard, fast pace day after day, month after month, through all kinds of weather, we will have to average better than 50 miles per day on good days," he said.

"There will be some days of extreme wind when we cannot get on the water. To offset this, on some favorable days and long hours, we expect to exceed 100 miles in a day."

He said that they have tried to stay in shape, especially since their last canoe racing, by running cross-country and practicing the canoeing and portaging.

Another development for the men is a budding movie career.

Wilderness Adventure Films, an independent professional movie firm, will film the entire safari, which will take an estimated eight to 10 months.

The movie photographer, Phil Pemberton, has already "lined up a private plane for the summer, a folding boat with motor and a top hand-picked staff," Kruger said.

Kruger explained the reason for the particularly hazardous route.

"The reason for this particular route is that this is a part of the old Voyageurs Trade Highway. The only way for traffic into this country 200 years ago was by canoe. Most of the route still lies unchanged today and most of the traffic has found modern means of transportation."

Maxwell to manage Gen Tel Davison area

DAVISON—A former St. Johns man, D. Mike Maxwell, 30, has been named Davison district manager for General Telephone according to an announcement by A. T. Jones, eastern division manager for the company.

In his new position, Maxwell has the overall responsibility for telephone service in Columbiaville, Ortonville and Otisville in addition to Davison.

Maxwell, the son of Mrs. Hazel Austin, Avery Road, St. Johns, was methods and results supervisor on the traffic department staff at the company's state headquarters in Norton Shores, near Muskegon, before being named district manager this month.

He joined General Telephone as a lineman at St. Johns in 1964 and a year later transferred to DeWitt as a combination man.

In 1966, he was promoted to field engineer at Owosso and in 1967 he was transferred to Muskegon as a traffic administrator.

He has subsequently held the positions of commercial survey and development administrator, executive assistant, supervising traffic engineer, and methods and results supervisor.

Maxwell and his wife, Sharon, the daughter of Mr. and Mrs. Hershel Parks, of DeWitt, have three children: Steven, 8; Kimberly, 6; and five-week-old Corey.

Currently living at Twin Lake, near Muskegon, the Maxwell's plan to move to the Davison area when housing arrangements are completed.

that after an area is cleaned of junk cars, a dumping area can be established for cars and his company will come back at intervals and dispose of the cars.

William Coffey, zoning administrator, told the board, "We can keep the company busy for a long time. This is a golden opportunity for us to clean up the county and also to help youth groups."

Coffey said that he has had a number of calls from people who want to volunteer trucks and wreckers and sites. "We need all the help we can get from the residents of the county."

A definite date has not been established for the crusher to be set up, but according to Coffey, a tentative time would be around May 1.

The Board of Commissioners were enthusiastic in their support of the project.

David Oatley to represent Rotary

ST. JOHNS—David Oatley, son of Dr. and Mrs. H.L. Oatley, has been chosen to represent the Rotary Club here at the Youth Leadership Training Conference this summer at Camp Emory near Muskegon.

The program has been designed this year to meet leadership training needs of young men in Michigan.

A total of 110 students from two Rotary districts will participate in the program which will last from June 16 to June 20.

Delegates to the conference will hear from a number of noted youth leaders throughout the week. They will also attend group discussions and seminars pertinent to leadership.

One of the main objectives of the conference is that it will train the delegates in leadership procedures and enable them to attend several future conferences throughout the state.

This annual conference gives the Rotary Clubs in Michigan the opportunity to train the more mature young men of the community.

Clinton Republicans list county committee nominees

ST. JOHNS — The Clinton County Republican executive committee met here to formulate plans for the Republican Party in Clinton County.

An attempt was again made to select a County Committee, James M. Palmter, Clinton Republican Chairman, called for nominations for County Committee members.

Palmter made it clear that the people selected "should be Republicans and have a sincere desire to help the cause of 'Republicanism' in Clinton County."

Those nominated were:

Mrs. Ida Kennedy, Mary Alice Snider, Mr. and Mrs. Robert Martin, Kenneth Nobis, Ray Rowell and Francis Thelen.

Bruce Angell, Robert Zeeb, Fred Cogswell, David Morris, Herman Openlander, Duane Woodruff and John Ryan.

Mrs. Howard Ward, Mrs. William Nicholas, Barry Dean, Robert Dittmer, Rex Sitrine and Don Britten.

Bruce Lanterman, Louis Smith, A. T. Allaby and Mrs. Henrietta Prince.

A MOTION WAS made by Sen. William S. Ballenger (R-30th District), that the county chairman be empowered to select people to fill any vacancies in the county committee.

Several recommendations were presented and accepted. The recommendations are:

—The efforts of the Republican Party of Clinton County be directed toward the selection and election of candidates for public office who can best serve the needs of the people of the County.

—That any Republican office holder who refuses to work for the party or to contribute financially to it be denied the support of the Party at election time.

—That a membership drive under the direction of the vice-chairman be begun immediately to enlarge Republican ranks and increase Republican activity in the County, and that a \$10 per family membership fee be suggested for membership in the county party.

—That all members of the executive committee be dues paying members of the Republican Party of Clinton County.

—That a budget for the re-

mainder of 1971 be established by the finance committee to be presented at the next meeting, and that a budget for 1972 be established by the finance committee to be presented by the end of November, 1971.

—That all Republican candidates for public office in 1972, who do not live in Clinton County, be asked to conduct their campaign solicitations through the Clinton County finance committee.

—That any member of the executive committee who misses three consecutive meetings without contacting the secretary and offering an excuse for his or her absence, forfeits his or her right to vote with this committee.

—That a Republican Club be established in each commissioner district of the county and that those members of the executive committee living in the commissioner district be responsible for its organization.

—That although we recognize our responsibility to State Central for a share of the cost of maintaining its staff and offices, we reject as totally unrealistic the quota of \$6,379.75 established by State Central Finance as our "Fair Share" of the Party's State Budget.

Henney becomes assistant master Chevy mechanic

SAGINAW—The appointment of Wayne D. Henney, as assistant master mechanic for the Chevrolet Saginaw Manufacturing Plant was announced today by Harry S. Pritchard, plant manager.

Henney, a native of St. Johns, succeeds Ernest O. Vahala, who was recently promoted to master mechanic at the manufacturing complex.

A 1960 graduate of Michigan State University, Henney joined Chevrolet at the Saginaw plant in 1960 as a college graduate in training.

He was named a junior process engineer there in 1961, production foreman in July 1963, process engineer in October 1963, general foreman in 1966, and supervisor of work standards in

1967. He was appointed to the executive in training program in 1969, his position at the time of the current promotion.

Henney is a member of the Saginaw Industrial Executive Club and the Saginaw YMCA.

He and his wife, the former Miss Phyllis C. Reeves of Ithaca, have four children Deborah, 12, Cheryl, 9, DeAnna, 8, and Karen, 6.

Lietzke named to Adrian's Dean's list

ADRIAN — Senior chemistry major, Theodore Lietzke, son of Mr. and Mrs. Harold T. Lietzke of 840 E. Chadwick Rd., DeWitt, has been named to the Dean's List for the first semester at Adrian College.

To be named to the Dean's List a student must have a 3.25 average on a four-point scale. Generally, this means their grades must include at least one A and no grade lower than a B.

Adrian College is a Methodist-related liberal arts college currently enrolling approximately 1,550 students. Adrian is located 35 miles northwest of Toledo, O.

Lietzke is also a member of the Pi Kappa Alpha fraternity, and the Chemistry Club.

District Court

Wilford Martin Hadley, 44, 19600 Cassidy Rd., Grass Lake, plead guilty to impaired driving. He paid a total of \$129 in fines and costs.

Robert Ray Wells, 24, 13007 N. U.S. 27, plead guilty to simple larceny. He was ordered to spend 30 days in the county jail and to pay \$79 in cost and fines. He also plead guilty to a bench warrant for failure to appear for sentencing and was ordered to spend an additional 5 days in jail.

Dorothy Ulrick, Box 179, Barryton, plead guilty to assault and battery. She paid a total of \$54 in fines and costs.

Gale Lee Crawley, 18, 13445 Dawn Dew Drive, DeWitt, plead guilty to larceny from a building. He was ordered to pay a total of \$104 in fines and costs.

Roger Clarence Hughes, 25, 717 E. Park Terrace, demanded examination in Circuit Court on charges of breaking and entering. Date has been set for April 14. Committed to the county jail for failure to post bond.

School board approves tenure for 14 teachers

DeWITT-The Board of Education approved the tenure status of 14 probationary instructors and accepted the resignation of two others Tuesday night (March 23) during a regular session. Those from the high school granted tenure and their assignments include Olivera Bukovinsky, French; Anne Johnson, girls' physical education; Douglas Kostai, science; Mary Jo Lott, librarian; and Evarit Stevens, science. Those from the Middle School include Marlene Potvin, art; John Slagle, counselor; Harry Baya, history; James Jewett, science, and industrial arts; and Janice Signor, geography and girls' physical education. Elementary teachers tenured were Kay Canterbury, Martha Thomson, Linda Jury and Dan Hill. The two instructors who have announced their resignations are Myrna Asch, music and language arts teacher at the Middle School and James Shaw, elementary teacher.

CLINTON HISTORIAN

Larry Arbanas, new teacher of the week from DeWitt's Middle School, is teaching a class in Michigan history, especially facts and data of old Clinton County going back more than 100 years. The idea of using local area history to interest students in the subject has been highly successful, Arbanas says.

New teacher of the week Social security hike Arbanas becomes on June 3 payments DeWitt historian

Larry Arbanas, 28, after one short year as an instructor in the DeWitt middle school, has become the district's "resident historian." Arbanas, who teaches science and Michigan history, has fired the interest of his students in the state's history by gradually narrowing down the focus of facts to the Clinton County area and DeWitt in particular. He said that he goes into the history of street names and local spots of interest to learn more about the process of history. He has students compose township maps of the school district in addition to group discussions, individual projects and speakers. Arbanas graduated from Western Michigan University in 1970 after serving in the Navy as an operating room technician. He was discharged in 1969. He was raised in Calumet and attended Mattawan High School, Kalamazoo.

"I begin the history course with geology and geography of Michigan and end the course in local history during the second semester," Arbanas said. He also had high praise for the DeWitt school system and instructors. "The teachers work exceptionally well together here in DeWitt," he said, explaining his success in receiving encouragement for his local history experiment. Arbanas is married and he and his wife, Stephanie, reside in Lansing where she is attending Michigan State University.

Planning group to hold hearing

ST. JOHNS - The St. Johns planning commission will have a public hearing Thursday night at 7:30 p.m. in the Municipal Building commission chambers to discuss the city's master plan, it was announced Tuesday.

The plan, which has been under revision for more than 18 months, outlines tentative growth programming for the community.

LANSING-First checks to include the new 10 per cent monthly benefit increase authorized in legislation acted upon by Congress will reach 28 million Social Security beneficiaries on June 3. Robert M. Ball, commissioner of Social Security, said today that the regular June 3 checks covering benefits for the month of May will reflect the new higher monthly amount. Separate checks, scheduled to reach beneficiaries later in June will cover the amount of the increase for the months of January through April. Ball emphasized that Social Security beneficiaries do not need to get in touch with a Social Security office to get the checks. The payments will be mailed to beneficiaries automatically. It will take a little over one month, Ball said, to refigure the benefit amounts for all beneficiaries, including the adjustment to take account of events that have affected their individual benefit payments for a particular month in the retroactive period.

OVER 2.5 MILLION such adjustments are required in a typical month, he said, for such reasons as the death of a beneficiary, the remarriage of a widow, a child's attainment of age 18, a beneficiary's earnings, etc. The refiguring of benefit amounts is being scheduled so as to avoid delay in the regular delivery of the April 3 and May 3 checks, he said. Those checks will be for the amounts payable to beneficiaries before enactment of the 10 per cent increase. By May 1 the new records will have been produced by the computers on magnetic tapes showing the new monthly amount for each beneficiary. The treasury department will need the month of May to print the checks and turn them over to the post office department for delivery of the regular checks on June 3. The checks for the retroactive amounts will be mailed later in June.

Prelim registration ended

ST. JOHNS-Preliminary kindergarten registrations have been completed throughout the St. Johns school district, according to reports issued last week. There are a few more persons remaining to register who could not be registered according to the regular schedule, the report stated.

There are about 50 people on the list who are not accounted for, because they have moved out of the district or changed addresses. The report added that parents may still register their children for kindergarten at any time in the school nurse's office in the District Central office at the high school. The report recommended that parents bring the child's birth certificate when registering.

It was reported that 274 people have registered and 32 parents have indicated that their children would not enroll because of late birthdays or lack of readiness.

The preliminary registration was conducted by the school nurses Gertrude Buehler and Carolyn Moore and Walter Nickel, administrative assistant. All people who have registered received appointment slips to bring their child to school for an early evening program.

Teachers will meet with the children alone while other staff members talk with parents about preparing their children for kindergarten. The teachers will also have an opportunity to talk with parents. School staff members are making an all-out effort to judge with parents if a child is ready to begin school, the report indicated.

In doubtful cases, an additional four days are being planned next fall when teachers can observe the children in an actual school situation. School people thus hope to avoid taking students out of school or to repeat kindergarten, the report stated. Any parents who have questions may call the school office for information.

Four named to Wolverine Boys' State

ST. JOHNS - Four high school students have been selected to participate in the American Legion Wolverine Boys' State assembly to be held at Michigan State University this summer. The four attending will be Marty Ernst sponsored by the American Legion, Mike Grost sponsored by the Rotary, Paul Witgen sponsored by the Lions and Kim Brewbaker sponsored by the Exchange Club.

American Legion Wolverine Boys' State, which will be held from June 16 to June 23, is a program for the young citizens of America. Its purpose is to develop the responsibility of leadership, to prove the advantages of citizenship, and to promote the art of clean sportsmanship. The program is designed as a practical experience in the problems of self - government as operated in Michigan.

In order to qualify, a sponsoring organization will pick a boy who possesses high moral character, exhibits good clean sportsmanship and demonstrates potential leadership ability. Mrs. Pauline Cook has been discharged from the Ionia County Memorial Hospital and was transferred to the Ionia Manor. She was discharged Wednesday, March 24. Tuesday afternoon, March 23 the pedro club was entertained at the home of Mrs. Ernest Schafer. Sunday March 28 dinner and afternoon guests of Mrs. Charles Cook were her sons and daughters-in-laws, Dr. and Mrs. Phil Cook and sons and Mr. and Mrs. Michael Cook and family. Mrs. Hilda Schafer was admitted to Carson City Hospital Thursday, March 25 and had foot surgery Friday morning, March 26. Mrs. Robert Rock is a patient at the Carson City Hospital being admitted Thursday.

FAIR WINNER

Bob Prowant is putting the finishing touches on his display that he entered in the Youth Fair in Lansing and will enter in the Youth Fair in St. Johns April 22-24.

Prowant wins second in show

ST. JOHNS--A local youth has placed second in the physical science-senior division at the 24th annual Youth Talent Exhibit and Science Fair being held in Lansing.

Bob Prowant, 16, son of Mr. and Mrs. Robert Prowant, 103 Floral entered a project called basic aesthometry-a way of constructing models in geometric designs.

Prowant is a sophomore at St. Johns High School and is planning to enter his display in the St. Johns Rotary's Youth Talent and Hobby Show April 22-24.

According to the research paper accompanying the project, Prowant's objective is to make people think. "I did not make a project and say this is what it is, I made a project and I am asking what do you think it is?"

Prowant has seven different pieces in his display, some

of which are original designs.

The patterns are formed with the use of threads painted with fluorescent paint and shown under a black light. All the threads are straight and most are of the same length.

The purpose of the project is to show what can be done by using all straight lines.

The display features both rotating and stationary two and three dimensional models.

Work on this display began in January when his father obtained a book about this science and he read it. He worked more than 100 hours with the help and encouragement from his father and school advisors.

Prowant thinks he may want to enter the math field in the future, although he is still undecided.

Prowant's project will be on display at the Rotary's Talent show at the Municipal Building on April 22-24.

Township needs focus of plan

DEWITT TOWNSHIP—A plan has been prepared to stimulate the citizens and elected officials toward attaining a recreational program in the township.

- Provide a system of parks for the township which offers a full range of recreational activities from neighborhood tot lots to community parks,
- Provide swimming facilities.
- Start a winter activities program for both indoor and outdoor use.
- Work cooperatively with adjacent townships and towns in the establishment of a major community park.

Open Letter from VAN W. HOAG

Dear friends, Many clergymen and doctors, while attending the dying, have reported seeing the apparition of the spirit leaving the body at death. Many survivors have reported the momentary appearance of the spirit of a loved one at the moment of death. If these marvels were more generally known, the doubting Thomases would find greater conviction in the resurrection of Christ and of our own promised resurrection which we celebrate this glorious Easter Season.

Jaycettes to sponsor Derby Queen

The St. Johns Jaycee Auxiliary will sponsor the Miss Soap Box Derby contest in conjunction with the annual Soap Box Derby held each year in St. Johns, sponsored by the Jaycees.

Applications will be distributed through the schools and will be made available to any girl 11 years old thru 14 years old who is interested in taking part in the competition.

Each contestant will have to submit an essay written on the topic "My Responsibility as a Citizen". Ten girls will be chosen on the content of their essays.

These girls will campaign using appropriately decorated canisters and each penny collected will count as a vote.

The five girls collecting the most "votes" will be the finalists in the contest and from one of the five the queen will be selected on the basis of poise and maturity.

The queen will ride in the Derby parade and reign over the festivities.

Proceeds from the contest will be used, as in the past, to aid members of the community especially needy children.

BIRMINGHAM—Ellen Louise Lindner became the bride of Carl George Moore in a double ring ceremony performed in the First Presbyterian Church in Birmingham, Mich. on Saturday, March 27. Dr. W. Glen Harris officiated at the 7:30 p.m. service.

The bride is the daughter of Mr. and Mrs. Charles H. Lindner Sr. of 4840 Westgate Road, Minnetonka, Minn. and the groom is the son of Mr. and Mrs. Robert L. Moore of 9870 Gratiot Road, Elsie.

The bride was given in marriage by her father and approached the altar wearing a white satin gown fashioned with Venice lace around the high neckline and down the bodice to the natural waistline. A matching mantilla completed her attire and she carried a bouquet of baby breath, stephanotis and yellow roses.

Jan Fry of Birmingham served as maid of honor and was assisted by bridesmaids, Mary K. Lindner of Madison, N.J., sister-in-law of the bride, Eleanor M. Farrell of Evansville, Ind. and Kathleen Moore of Elsie, sister of the groom. Junior bridesmaids were Cindy S. Moore, sister of the groom, and Krista A. Lindner, niece of the bride. The attendants wore high waisted, long sleeved yellow gowns of chiffon over taffeta, trimmed with grosgrain ribbon and white flowers of embroidery on the sleeves. They carried old-fashion bouquets of daisies, roses and baby breath.

Calvin F. Moore of Elsie, brother of the groom, was best man and serving as groomsmen were Charles H. Lindner Jr. of Madison, N.J., brother of the bride, James Tesch of Lansing and Patrick Toohy of Caro. Charles H. Lindner III, nephew of the bride, was ring bearer.

A champagne reception was held at Georgian Inn, Roseville and special guests were Mrs. T. H. Lindner of Summit, N.J., grandmother of the bride, Louise Laning of Madison, N.J., aunt of the bride, Mr. and Mrs. George Moore and Frank Oberlin of Elsie, grandparents of the groom. The couple left for a 10 day skiing trip to Vermont and upon return will make their home in Cedar Springs.

The bride is a 1966 graduate of Birmingham Seaholm High School and is a senior at Michigan State University.

The groom, a 1965 graduate of Ovid-Elsie High School, is a graduate of Michigan State University where he was a member of Alpha Gamma Rho fraternity.

MRS. RICHARD JOHN SPRAGUE

MRS. RUSSELL GARY FLERMOEN

Lorene Lumbert bride of Richard Sprague

PEWAMO (c) — Rev. Wayne Sparks performed the double ring ceremony uniting in marriage Lorene Lou Lumbert and Richard John Sprague Saturday, March 20. The service was held in Lyons United Methodist Church at 7:30 p.m.

The bride is the daughter of Mrs. Bertalou Lumbert of 334 East Lincoln Street, Pewamo and the late Mr. Lumbert and the groom's parents are Mr. and Mrs. Richard Charles Sprague of Big Rapids.

The bride was given in marriage by her brother, Roy Lumbert and chose a full-length empire-style gown of acetate and nylon lace featuring scalloped ruffles trimming the collar and cuffs of the long sleeves. The A-line skirt ended in a hemline of scalloped lace. Her elbow-length bouffant veil was secured in place by a crown of small pearls and she carried a bouquet of white roses and hyacinths.

Linda Lumbert of Pewamo served as her sister's maid of honor and bridesmaids were Patricia Osborne and Penelope Wood both of Hubbardston. The attendants wore floor-length empire-style gowns trimmed with white buttons down the front of the beige lace bodice and bow at the waistline. They wore matching shoulder-length veils and carried cluster bouquets of yellow carnations.

Best man was Phillip Sprague, brother of the groom and serving as groomsmen were Jerry Lumbert and James Huhn. Seating the guests were ushers Robert Sprague and John W. Williams. Immediately following the ceremony a reception was held for 200 guests at the Pewamo 21 Club.

Following a wedding trip to Niagara Falls the couple will make their home in Lyons.

The bride is a 1969 graduate of Pewamo-Westphalia High School and the groom is a 1965 graduate of Portland High School and has served a four year tour of duty in the navy.

Couple speak vows in Muskegon church

MUSKEGON — Ann Marie Moore became the bride of Russell Gary Flermoen Saturday, March 27 in Lakeside United Methodist Church, Muskegon. Rev. Robert Treat performed the double ring 2 p.m. ceremony before an altar decorated with white gladiolus.

The bride is the daughter of Mr. and Mrs. Richard S. Moore of 1497 5th Street, Muskegon and the groom's parents are Mr. and Mrs. Emil Flermoen of 804 West Baldwin, St. Johns.

Organist for the ceremony was Mrs. Howard Jury and soloist was James Crago.

The bride approached the altar with her father and was wearing a gown featuring a scoop neckline and a bodice decorated with latticed lace and valenciennes lace. The empire-style waistline was encircled with a white satin ribbon and a flat tailored bow accented the front. The long A-line skirt was of satin organza and extended into an attached train and the full Bishop sleeves were trimmed with net and latticed valenciennes lace, ending with a wide cuff. A flower headpiece, trimmed with pearls, secured her elbow-length veil and she carried a bouquet of white gladiolus surrounded with yellow roses and blue iris.

Mrs. David Pendell of Marshall, sister of the bride, was matron of honor and assisting as bridesmaids were Sandra Kramer of St. Johns, Marcie

Schneider of Grand Haven and Mrs. William Tiffany of Greenville. The attendants wore lime green empire-style gowns accented with white ruffles on the bodice, collar and cuffs. The A-line skirt extended into a train in the back and they carried baskets of white and yellow daisies and blue iris.

Best man was Roger Flermoen of Muskegon, brother of the groom, and serving as groomsmen were Thomas Hunter of Muskegon, Andrew Steffel of East Lansing and David Flermoen of St. Johns, brother of the groom. Ushers were Wayne Flermoen, brother of the groom, and Mark Moore, brother of the bride.

The couple greeted 300 guests at the reception which was held in the church parlors following the ceremony. Mr. and Mrs. Richard Cornish served as host and hostess.

Special guests at the wedding and reception were Mr. and Mrs. Edwin Flermoen and Mrs. Gordon Garrison, grandparents of the groom and Mr. and Mrs. Gerald Wheaton and Mrs. John Moore, grandparents of the bride.

Following a wedding trip to Niagara Falls, the new Mr. and Mrs. Flermoen will reside in East Lansing.

The couple are both 1968 graduates of Muskegon High School. The bride is a 1970 graduate of Ferris State College and the groom is a junior at Michigan State University.

CHURCH NEWS

St. Johns (C)—"Seven Times He Spake" is the title of the sacred cantata to be presented by the Adult Choir of the First Congregational Church, Palm Sunday, April 4, at the 11 a.m. service.

Composed by Herbert Grieb, the music is somewhat modern in character. The text portrays the crucifixion of Jesus and his seven utterances while hanging on the cross. Algie Watkins, guest soloist, will sing the words of Jesus.

Mr. Watkins is in charge of elementary vocal music for the St. Johns School District. He is a graduate of Western Michigan University in Kalamazoo, and is working on a Master's degree in the music department at Michigan State University.

Other soloists will be Eugene Livingston, John Anderson and Dr. H. M. Bross. Mrs. B. A. Delbert is church organist.

Sunday morning's sermon by the Rev. Averill M. Carson is entitled "Lead Us Not into Temptation." It is the sixth in a series on the Lord's Prayer.

The Women's Fellowship of First Congregational Church will have a Lenten coffee hour in Wilcox Hall at 9 a.m. Tuesday, April 6. Speaker of the morning will be Gladys Mac Gregor of the Central Methodist Church of Lansing. Her topic will be "Women in the Life of Jesus: the Four M's."

Friends of the church, as well as members, are invited to attend.

Holy Weeks services at St. Joseph's Catholic Church will begin on Palm Sunday, with the blessing and distribution of palms at all Sunday Masses. Palms will be blessed and distributed at the 7 p.m. Mass Saturday evening also.

STUDENTS IN COMPETITION

These students were in competition Saturday vying for music scholarship awards. Seated from left are Mary Placer, Barb Spousta and Janet Barnes. Standing from left are Glen Pung, Sharon Barnes, Denise Maier, Sue Davis, Ann Fox and Paul Witgen.

Scholarship winners named

ST. JOHNS (C)—Sue Davis and Paul Witgen have been named winners of music scholarships offered by the St. Johns Morning Musicals. Nine St. Johns High School students competed in the auditions which took place Saturday morning, March 27, in the choral room of the High School building.

Sue, daughter of Mr. and Mrs. Jack Davis, won recognition for her performance as a violinist, while Paul, son of Mr. and Mrs. Jerome Witgen, received the award as a singer, but also competed as a cornetist.

The two winners have their choice of receiving half tuition for a session at a summer music camp, or of using the money for private music instruction.

Following is a list of the contestants who participated, and the musical selections they presented: Paul Witgen, cornet, "Allegro" by Handel; Anne Fox, viola, "Largo from Sonata in A Minor" by Telemann and "Al-

legro Moderato from Student's Concerto No. 2" by Seltz; Glenn Pung, voice, "Jesu, Joy of Man's Desiring" by Bach and "The Sound of Music" by Rodgers; Janet Barnes, flute, "Allegretto" by Godard and "Orientale" by Boisdreffre; Barbara Spousta, cello, "Berceuse" by Jarnefelt and "Sonata" by Bevel; Denise Maier, clarinet, "Arabesque" by Debussy and "Divertimento" by Bellini; Paul Witgen, voice, "If With All Your Heart's" by Mendelssohn and "Sunrise, Sunset" by Bock; Sue Davis, violin, "Fifth Pupil's Concerto" by Seltz and "Sonata No. 3" by Handel; Mary Placer, flute, "Idylle" by Godard and "Sonata No. 5" by Mozart and "Tenaglia" by Antica.

Accompanists were Mrs. Duane Davis, Anne Davis and Rhonda Woodbury, who was winner of the scholarship two years ago.

Judges for the auditions were Robert Baribeau, Cayle Beagle and Brian Campbell, all of St. Johns. Beagle and Campbell are previous winners of the scholarship who have continued their musical training in college, while Baribeau is a former school music teacher of several years' experience.

Mrs. Jack Stenber and Mrs. H.M. Bross served on the Morning Musicals scholarship committee, in cooperation with Walter P. Cole, chairman of the music department of the St. Johns School District; Donald Valentine, vocal director; John Speck, instrumental director and William Tennant of the orchestral division.

Faculty members were present Saturday morning to assist with arrangements.

Refreshments were served by Mrs. H.W. Lundy, president of the St. Johns Morning Musicals, assisted by Mrs. B.A. Delbert, Mrs. John Caudy and Mrs. Davis.

East Lansing setting of wedding ceremony

ELSIE (c)—The University United Methodist Church in East Lansing was the setting of the Saturday afternoon wedding of Jacquelyn Jean Moore, 323 Village Drive, East Lansing, to Wayne Kent Spillner of 5700 Winton Road, Cincinnati, Ohio.

The bride is the daughter of Mr. and Mrs. William H. Moore, 130 W. Main St., Elsie and the bridegroom is the son of Col. and Mrs. Siegfried H. Spillner of St. Louis, Mo.

The Rev. Alden Burns officiated for the double ring ceremony, while the traditional wedding music was played by Mrs. John Bonge with Mrs. Donovan Williams of Elsie, the bride's aunt, as soloist.

The altar was enhanced with gladiolus and lighted candelabra.

The bride wore white moire taffeta gown with detachable train fashioned with an empire waistline with valenciennes-lace at neck continuing down the front. Her short veil was secured by a headband and worn over a long train of nylon net and bridal bouquet was arranged from white roses, green Fuji mums, and baby's breath tied with satin streamers.

Sharilyn Moore of Swartz Creek was her sister's maid of honor. Her gown was designed with a white sheer bodice with matching royal blue and emerald green was fashioned in empire style

with a matching bow at the back. Pearl buttons and lace featured the front interest of the skirt. She wore a headpiece of blue-green moire and carried a bouquet similar to the bride.

Mrs. Alan Spillner of Des Plaines, Ill., sister-in-law of the groom, and Laura Moore of Elsie, sister of the bride, were gowned identical to the maid of honor.

Lt. Alan Spillner of Des Plaines, Ill. was his brother's best man, while Plas Presnell of Allen Park and James Keller were groomsmen and Joseph Trevino of Cincinnati, Ohio ushered the guests.

A reception was held in the church lounge before the lighted fireplace immediately following the ceremony. Mr. and Mrs. Austin Willson of Saginaw, uncle and aunt of the bride, served as host and hostess to the 250 guests.

The bride is a graduate of Ovid-Elsie High School and Michigan State University and has an Elementary Teaching Certificate.

The groom is a graduate of McClure in St. Louis, Mo. and Michigan State University. He is a mechanical engineer with Proctor and Gamble in Cincinnati, Ohio where the new Mr. and Mrs. Spillner will reside at 5700 Winton Road following a brief honeymoon. Later they plan an extended trip to New Orleans.

MRS. WAYNE K. SPILLNER

Carol Cook bride of George Seidel

St. Johns Lutheran Church was the setting for the double ring ceremony uniting in marriage Carol Louise Cook and George Martin Seidel. Rev. Robert D. Koepfen officiated at the Feb. 6 service.

Parents of the couple are Mr. and Mrs. Clarence Cook of Bannister and Mr. and Mrs. Frank Seidel of Ovid.

For her wedding the bride chose a gown of chantilly lace over taffeta featuring a round neckline with a stand-up collar, long lace sleeves and a bodice trimmed with sequins and pearls. A tiara headpiece secured her elbow-length veil and she carried a large bouquet of red roses and white carnations with white streamers tied in love knots.

Mrs. Janet Spillner was her sister's matron of honor and Sue Cook, sister of the bride, and Beatrice Rodriguez, friend of the bride, assisted as bridesmaids. The attendants wore gowns fashioned with a satin bodice and A-line brocade skirt, trimmed with a bow accenting the waistline in the back. The maid of honor was in gold and the other attendants wore pink and rose.

They carried bouquets of carnations.

Michelle Janette Krull, niece of the bride, was flower girl and her dress was identical to the attendants. She carried a basket of gold and white carnations. The gowns were all made by the bride and her mother.

Best man was Eugene Krull, brother-in-law of the bride and serving as groomsmen were Carl and Walter Seidel, both brothers of the groom. Howard Lee Cook Jr., nephew of the bride, was ring bearer.

A reception for the couple was held at the Slovak Hall in Bannister with special guests being Mrs. Audrey Morris, grandmother of the bride, and Mrs. Henry J. Seidel, grandmother of the groom.

Guests were present from Bannister, Ovid, Brant, Elsie, Cheasning, Owosso, Saginaw, Hemlock, Merrill, St. Johns, Lansing, St. Charles, Detroit, Flint, Bay City, Twining, Ashley, Maple Rapids, Ithaca and Alma. Following a two week vacation to Niagara Falls and the Southern States the couple will reside at 9758 Middleton Road, Ovid.

The March meeting of Eight and Forty was held at the home of Partner Frances Come. In the absence of Chapeau Dolina MacKinnon, Demi-Chapeau, Nelda McWilliams conducted the meeting.

Nationally, Eight and Forty, sponsors drives for money from its members for research on Cystic Fibrosis, a disease of the lungs which attacks children. At the March meeting the local chapter voted to send its yearly donation.

It was moved by Partner Etta Smith that \$15. be sent to the Denver Children's Hospital, the money to go in two funds, bed maintenance and the party fund. The later is used for monthly birthday parties given for children in the hospital suffering from chest diseases. Many of these children are long term patients who would not financially receive help otherwise.

The April meeting will be held April 27, at the home of Partner Evangeline Caudy.

Marriage rites read in Bannister church

MR. AND MRS. PHILIP BAKITA

BANNISTER - St. Cyril's Catholic Church in Bannister was the setting for the Feb. 6 wedding ceremony of Charlene Ann Kus and Philip Thomas Bakita.

Music for the ceremony was sung by Harry Price and organist was Mrs. Carol Slaugh.

The bride is the daughter of Mr. and Mrs. Charles Kus of 1005 E. State St., St. Johns and the groom is the son of Mrs. Anna Drought of 2491 S. U.S. 27, St. Johns.

The bride was given in marriage by her father and approached the altar wearing an empire-style gown of white linen.

The mandarin collar, leg-o-mutton sleeves and high waistline were trimmed with bandings of blue ribbon.

The bride is a 1967 graduate of Rodney B. Wilson High School and the groom is a graduate of Michigan State University.

Matron of honor was Mrs. Chris Holcomb of Lansing, sister of the bride and bridesmaids were Mrs. Peggy Pinter of North Carolina, Mrs. Judy Ackerson of Manhattan, Kan. and Sherril Kus of Lansing, cousin of the bride.

The attendants wore empire-style gowns featuring a navy blue velvet bodice and a light blue linen skirt.

Best man was Jerry Motz and serving as groomsmen were Ed Paseka, Dan Bakita, brother of the groom, and Dave Remenar.

The reception was held at the ZCJB Hall in Bannister immediately following the ceremony for 200 guests.

Following a wedding trip to the Upper Peninsula and Wisconsin the couple will be at home at 1749 Edgewood Blvd., Lansing.

The bride is a 1967 graduate of Rodney B. Wilson High School and the groom is a graduate of Michigan State University.

WE'VE GOT TO FIND that slip of paper that will prove or disprove the bet we made with Earl Frechen. We called the market and Earl thinks he lost but we're sure we broke even. To say that the Shelby-Stockbridge game was a surprise is an understatement. That and the Flint-Kettering game was our

undoing. Oh, well . . . the U.P. will sweep all four next year.

IT ISN'T VERY OFTEN WE ask for sympathy but this past weekend we came up with blood poisoning. Everything is all right now. But the point is we could have been a lot worse, even to the point of going up or down to our reward . . . and the only person to express concern was our Granny.

The Big M did shed a tear, but that was when we were recovering and she had to put the insurance policy away. Ron Huard has the answer tho, he

told us to really show 'em . . . next time go ahead and die.

MEL WARREN REMINDS everyone that that old tax deadline is coming closer and closer. In just two weeks Uncle Sam will expect to be paid in full, as will the State.

We might suggest that if you are having any difficulty to stop by and see Mel, he's the H & R Block man in St. Johns.

THERE IS STILL TIME for the youngsters to color and turn in pictures for the County News Easter Coloring contest. The pictures are in the March 24 edition.

SPRING CLEANING IS THE time you find many items around the house that are no longer used or needed.

Don't throw them away . . . you've heard the expression "one man's junk is another's antique" . . . you haven't? . . . anyway many of those items can be sold, and sold easily with a County News Want-Ad.

And just to make it easier for you, in this week's edition you'll find a self-addressed postage paid envelope . . . especially for Want Ads. All you have to do is have something to sell . . . or rent . . . or want . . . write the ad in the special form on the envelope . . . drop in the cash and mail it.

WE'LL do the rest. We'll "contact" over 7,000 families, . . . over 25,000 potential customers for you.

SOLDIER OF THE MONTH

FORT RITCHIE, Md. — Private First Class James B. Olin, formerly of Lansing, holds his Soldier of the Month plaque presented to him recently by Colonel Robert E. Dunlap, commanding officer, U.S. Army Joint Support Command. Olin is the son of Mr. and Mrs. Harry J. Olin, Jr., of 2501 Clifton Avenue, Lansing.

Olin named soldier of the month

FORT RITCHIE, MD.—Private First Class James B. Olin, son of Mr. and Mrs. Harry J. Olin, Jr., of 2501 Clifton Avenue, Lansing, has been named Post Soldier of the Month at the U.S. Army Joint Support Command. He received a \$25 U.S. Savings Bond and a plaque last week from Colonel Robert E. Dunlap, commanding officer.

The Soldier of the Month award is made in competition with all Fort Ritchie units and is based on bearing and appearance, military knowledge, knowledge of current events and efforts toward self-improvement.

A 1965 graduate of Lansing Everett High School, Private Olin, 22, received a bachelor of arts degree from Michigan State University in 1970 and entered

the Army last August. He came to Fort Ritchie last November. In that brief span, Olin has become well known on the post as an outstanding basketballer. He plays on both his company and the post teams and is a starter and leading scorer on both. Private Olin and his wife, the former Joanne Thelen of Fowler, Mich., live in Cascade, Md., near Fort Ritchie.

Thompson joins Howell company

KENNETH L. THOMPSON

HOWELL—Kenneth L. Thompson, R.E., has been named to the position of vice-president and general manager of the Brown Drilling Company, Harry R. Brown, president, announced last week.

Thompson, a graduate of Michigan State University with an engineering degree, is a resident of the Wacousta area.

He is a registered professional engineer with seven years engineering experience with the Michigan Department of State Highways, and worked one year with the State Department of Administration.

He has also been assistant director of the Computer Laboratory at MSU for six years. Thompson is married and resides in Wacousta with his wife, Nancy, and their three sons.

Tews, Cole win MVP's in winter show

By TIM YOUNKMAN
Editor

DeWITT—Center Steve Tews won top honors Tuesday (March 23) as the Panther cagers' Most Valuable Player and Mike Cole took the MVP award in wrestling during the winter sports awards assembly at the high school.

Tews also walked away with the Best Defensive player award and the Best Rebounder award. The 6-4 ace grabbed 281 rebounds at a 15-per-game clip which earned him honors as second team all-league (CMAC) center and second team Clinton County News all-star center.

Tews also hit 51 per cent from the field and 68 per cent from the charity line to help the Panthers nail down second spot in the league final standings.

Cole, a scrappy 132-pound division wrestler, won the sport's top honor after winning a state championship title. During one of his final matches, he injured his knee, requiring surgery, and is a doubtful starter for spring sports.

MARK SIMON was awarded the Most Improved Player award during the ceremonies. The 5-9 guard was used as the sixth man on the DeWitt basketball team, coming off the bench in several games to help save a victory.

"I never thought he'd make the team at first," Coach Frank Deak said. But he filled the reserve roll nicely during the Panthers championship bid.

STEVE TEWS

Stoll joins Campbell in Ingham team

BATH—Bath's Paul Stoll is in good company this week.

Stoll was named first team forward on the Ingham County League's all-star squad.

The 6-1 junior joins Stockbridge's cage sensation Jesse Campbell, who was picked for first team center. Campbell is a 6-8 junior.

Others named to the first squad were Jerry Stuart, 6-4 senior from Perry; Ken Klinger 6-foot junior from Leslie and John Backhaus, 6-2 senior from Fowlerville.

Named to the second squad were Gary Allen of Stockbridge, Kendall Lockwood of Williams, Joe Sober of Fowlerville, Craig Collins of Stockbridge and John Flannery of Stockbridge.

Lynn Vietzke and Dave Smith of Bath were named to the honorable mention list.

PAUL STOLL

"He's a good outside shooter and did a fine job," Deak said. The Panther lefty hit an exciting 70 per cent from the free throw line and 36 per cent from the field. "That field goal average is low, but fairly good for an outside shooter," Deak said.

Simon is credited with a 7.9 per game scoring average.

Forward Bob Jackson won the Botke Memorial Award, honoring the player with the most courage and determination.

"Bob was out with a bad knee most of the season," Deak commented. "He had to go continuously for treatments, but he came to the games on crutches."

Deak said that Jackson, a 6-1 senior, had been a regular in the 1969-70 season and was to be a key factor in this year's championship campaign. The coach said that Jackson had worked out with the team when he was able to exercise the injured knee, but the knee "went out again near the end of the season during a pre-game warm-up."

Jackson hurt the knee during the football season and underwent surgery just before the basketball schedule was slated to

begin.

ANDY CUSACK was honored for having the best free throw average, 84 per cent, and Loren Ward won the Field Goal Per Cent Award with a 53 per cent average. Gordon Keck won the Sportsmanship Award.

Those receiving varsity letters were Chuck Berkimer, Pat Botke, Andy Cusack, Dan Davis, Bob Jackson, Gordon Keck, Doug Klaver, Mike Moody, Myrl Pierce and Dan Ruble.

Randy Sellhorn, Mark Simon, Steve Tews, Loren Ward, Ron Wilcox, Tom Kirchen, Ron Kindel and Bob Pingston.

Junior varsity letter winners were Tom Ashley, Gary Bouts, Steve Church, Terry Faust, Doyle Poland, Randy Lankford, Mike McCain and Chris McNelly.

Randy Pitts, Rick Post, Jeff Schafer, Monte Tahvonen, Tim Ashley and Tom Keener.

Freshmen numeral winners were Randy Berkimer, Alan Brown, Randy Brown, Mark Colby, Steve Dalman, Tom Jensen, Mike Klaver, Jack Lenneman and Tim Marriott.

Blake Miller, Rick Moody, Rob

Beck, Ron VanDeusen, Warren Everett and Ron Nottage.

GIRLS' BASKETBALL varsity letter winners Debbie Clisch, Alice Custard, Linda DeLine, Joy Ely, Bev Fowler, Jean Green and Vera Lovell.

Colette Mulford, Paulette Mulford, Debbie Oberlin, Debbie Rice, Roxane Rice and Dawn Graham.

Junior varsity letter winners were Sally Carrigan, Karen Denda, Debbie Hayner, Diane Hayner, Dawn Hiltz, Sue Jackson, Cindy Kelly, Patty Schooltz, Linda Snyder, Cathy Stevens, Kathy Taylor, Tricia Tews, Becky Vetraino, Debbie Young and Charlotte Mulford.

DUANE SHOOLTZ and Kurt Kluge were singled out for outstanding efforts during the wrestling season. Shooltz won the Most Improved Player award and Kluge won the Senior award.

Varsity wrestling letter winners were Mike Cole, Mark Dolby, Chuck Gorman, Brad Hiltz, Kurt Kluge, Jerry Marriott, Kurt Martens, Duane Shooltz, Mike Spagnuolo, Bill Thelen, Tony Vetraino, Dale Young and Larry Young.

Junior varsity letter winners were Dick Albertson, Joe Cavanaugh, Jim Elkins, Ed Mathers, Craig Miller, Jim Tews and Phil Enderle.

The coach of the Panther wrestling team is Gary Roberts.

Outdoor notes

Starvation and loose dogs are starting to take a bigger toll of winter-weary deer in northern Michigan, reports the Department of Natural Resources.

As of March 14, known starvation losses totaled 22 white-tails in the DNR's Gaylord District and 12 animals in the Mio area.

Through that same period, the season's critical conditions above the Straits had claimed 4 fawns in the Baraga District and 8 fawns in the Crystal Falls District (5 from Menominee County and 3 from Iron County).

Also relayed to the DNR's Lansing office but not confirmed were reports of a winter-killed fawn near Northland in the Escanaba District, and 5 starved deer along the Little Muskegon River in Newaygo County.

Besides showing signs of their most serious starvation threat in recent winters, deer in some northern Michigan areas are also being helplessly attacked and killed by loose dogs. In the Gaylord District, marauding dogs have victimized 18 deer, a figure which nearly matches that area's known starvation toll.

Field men in the DNR's Mio District Office have also received "numerous" reports of free-ranging dogs stalking and killing deer.

"The only solution to this growing problem is for dog owners to keep their animals tied up until deer get through this critical period," explains DNR deer specialist David A. Arnold.

He adds that deer, already weakened by the long, hard winter, are "easy prey" for fast-moving dogs on the attack.

IN AN IRONICAL twist of problems for deer this winter, Arnold notes that some of the animals in northern Michigan are being literally "fed to death" with surplus federal corn.

He points out that 3 deer in the Upper Peninsula have been found dead from "stuffing" themselves on emergency corn supplies.

The latest such victim was located last week along the Whitefish River in Delta County. Wildlife biologists from the DNR's Mio District report that a number of deer in that area have also died after overeating corn put out by volunteer citizens.

"It may sound unusual, but it is common for deer even in fairly good physical condition to die if they eat too much corn," observes Arnold.

"When deer gorge themselves on corn, a certain type of bacteria forms in their stomachs which disrupts digestion and often causes the animals to die in a bloated condition."

In an effort to hold down losses from this so-called "overeating disease," Arnold urges people cooperating in emergency deer feeding not to be so generous in rationing surplus federal corn

allocated by the DNR. "We'd like to see them scatter the corn over larger areas rather than dumping it in big piles where the animals can stuff themselves."

Looking ahead to the end of this long, hard winter for northern Michigan deer, Arnold continues to see a tough pull. Last week's thaw lowered snow depths in that part of the state but, as he puts it, "one thaw doesn't make a spring in northern Michigan."

As a matter of fact, that thaw and rains cut off an important lifeline for deer in the Upper Peninsula. "They made an impassable mess of backwoods roads and brought commercial timber cuttings to a temporary standstill," explains Arnold.

WITH MICHIGAN'S upcoming spring season on steelhead starting to spur angler interest, fishermen are reminded that the Department of Natural Resources' "hot line" is at their finger tips, offering the latest in hook-and-line information both day and night.

Under this year's expanded service, anglers may phone in for live reports on all phases of fishing by dialing 373-0908 from Monday through Friday between 8 a.m. and 5 p.m., EST. At all other times, including around the clock on weekends, they may dial that same working number for short taped reports on fishing action.

The hot line's call numbers are listed under Area Code 517. Collect calls cannot be accepted through this angler service outlet.

WITH

checkmate

Check-Mate is not a credit card. It is a check guarantee-automatic loan program. It assists you in cashing checks where you are not known and it allows you to write checks for more than your balance with payment of the loan credited by small monthly installments of a lump sum, if you desire. Only you and your bank know that you are creating a loan when you write the check.

OR

Use Check-Mate to institute a loan at the time of purchase. No delay or red tape when buying items at a time when your account is low or the convenience of delayed payment is desired. The amount used can be repaid in total or in installments to fit your budget.

Perhaps you have no intention of making a loan but by merely completing a Check-Mate contract you can assure yourself of a savings in the event of an accidental overdraft. The usual overdraft charge is \$3 but with the protection of Check-Mate, a three-day checkmate loan of \$100 would cost you only 10¢. Let us explain these and other advantages of a signed Check-Mate contract on file at Clinton National Bank.

Michigan BankAmericard, unlike Check-Mate, is a credit card. It allows you to obtain a cash advance in over 300 banks throughout Michigan. It also allows you to charge purchases in more than 17,000 businesses and service establishments throughout the state.

St. Johns 'out-wrestles' Lions 80-74

BATTLE

St. Johns' Larry Slade (51) battles Detroit's Chuck Walton (63) under the board for a rebound during St. Johns victory over the Lions Thursday night. Monies earned from the game will go to Jaycee youth activities. Other players are Paul Naumoff (50), Nick Eddy (40) and Altir Taylor (42) of Detroit and Al Werbish (43) of St. Johns.

GETTING TOUGHER

The action was fast and furious as the Detroit Lions saw their St. Johns opponents jump into the lead and positioning under the baskets became a bit rugged at times. Here Jaycee's Al Werbish tries to outreach Craig Cotton as St. Johns' Dale Knight (45) and the Lions' Wayne Walker (55) and Mike Weger (48) set up.

About the farm

Spring -yesteryear

Spring fabrics are coming through with a look of yesteryear.

Bright wildflower prints, some small and some not so small are springing from dark backgrounds of black, navy, brown or green.

Yesteryear's look once more is appearing in the denim. This long popular fabric today comes in stripes, dots, stripes mixed with dots, prints and checks. Even tweeds show up now and then.

All are quite a change from the old plain blue, grey or black. Of course today's denim is also made from synthetic fiber or treated cottons making them much more adaptable to a gal's wardrobe.

KNITS STILL play an important part in the spring 1971 fabric field. You'll find cotton, linen and a variety of synthetic fiber in this area.

Leather and suede accents

carry on into spring fashion. Bindings and piping of these popular materials are very evident.

Laces should not be overlooked when you are planning for new blouses, skirts and dresses. Wide or narrow, they combine beautifully with many, many fabrics, both plain or printed designs.

Laces are growing in popularity for those many "under" garments also. They are evident in applique, border and hems and add a touch of femininity that today's styles call for.

(OMITTED LAST WEEK)

The Bannister WSCS met Wednesday evening with their families and friends at the Bannister United Methodist Church. Approximately 50 persons attended to view slides taken by Marcie Moore, Gloria Swanson, and Cathy Ensign on their trip to New York and Washington.

Special music was provided by a group of girls of the Methodist Youth Fellowship, accompanied by Mrs. Walter Miller. Mrs. Kenneth Swanson gave scripture reading and devotions for a time of worship. Following the slides, the hostesses served a potluck luncheon.

Friday evening, the Bannister WSCS gave a bridal shower for Frannie Vanek. Mrs. Wayne Peck, Mrs. Ray Peck and Mrs. Raymond Stewart served as hostesses. Games were played and a mock wedding was performed with Mrs. Elmer Leydort as the bride, Mrs. Robert Valentine as the groom, Pauline Vanek as maid of honor, Mrs. Ken Swanson as best man, Mrs. Donald Hinkley as father of the bride and Mrs. King Terrell as mother of the bride. Two nieces of Miss Vanek also took part. Gifts of money were put in a large grocery bag upon which were pictures of various grocery needs. Refreshments were served and a time of fellowship enjoyed.

Following Church Services Sunday morning, the students of the Adult Bible Class of the Bannister Sunday School enjoyed a potluck dinner in Wesley Center. They were joined by their families and about 30 attended. Mrs. Kenneth Swanson is the teacher of the class.

Many from this area attended the Lenten Services at Ovid Sunday evening. The Earl Nelson Singers drew a large crowd from the area. Bannister United Methodist will be in charge of the April 4 service.

The Chippewa Chippers 4-H Club held a family night potluck supper at the Bannister United Methodist Church Saturday evening. Following the meal, Elizabeth Ensign showed slides of her stay in Sweden.

Mr. and Mrs. Robert Valentine and family spent the weekend in Ohio. Sunday they attended services at the Cathedral of Tomorrow near Akron, Ohio where Rev. Rex Hubbard is pastor. Following the services, they were taken on a guided tour of the huge cathedral.

WSCS MEET

The Afternoon Circle of the Shepardsville WSCS met at the church on Thursday afternoon, March 11. Part of the afternoon was spent in mending the choir robes.

Three of our ladies attended World Day of Prayer Services in St. Johns and brought back an interesting report.

It was voted to have a birthday project in May.

Horticulture

By JOHN AYLSWORTH

Clinton County 4-H Horticulture leaders and teen leaders will have the opportunity to attend a leaders workshop Saturday, April 3.

The workshop will be 9:30-3:30 p.m. at 107A Horticulture Building at Michigan State University.

The overall theme will be container gardening with participants bringing their own containers. Soil will be furnished. Containers will be planted with seeds, small plants or take cuttings to root.

Other items will include working with grape cuttings, tour of teaching greenhouse and horticulture gardens, and careers available in horticulture.

SIX CLINTON County 4-H youth and leaders will be attending the 2nd Vet Science and Health Understanding Day at Kalamazoo on April 14 at the UpJohn Company.

They will tour the pharmaceutical plant, tour the research farms, discuss careers in Vet Science, and exhibits. The program will start at 9:30 a.m. and end at 7:30 p.m.

THE TOP FIVE 4-H Poster Contest entries have been sent to Washington, D.C. for competing in the National 4-H Poster Contest. The top five entries were selected by the 4-H Council and received \$5.00 each from the Council.

The winners were Danny Rademacher, Melvin Rademacher, Colleen Yanz, and Jeff Crandall from the Green Clover Community Club, and Shawn Bertan of the Riverside Riders 4-H Club.

The entries were on display at the 4-H Open House Sunday, March 21.

THE NEXT 4-H glass collection day will be on Saturday, April 3 between 10-2:00 p.m. at the fairgrounds.

People in St. Johns are urged to set their glass containers out on the curb by 10:00 a.m. for pick-up while people outside of St. Johns are urged to bring the glass to the fairgrounds. On March 6, 19,190 lbs of glass was collected for recycling.

"LET'S GO to 4-H Camp" is the new brochure now out on 4-H camp this summer near Hastings.

The name of the Camp is the Algonquin 4-H Youth Center or known as the old Barry County Camp. The camp program for 1971 starts on Sunday after supper and concludes with supper.

Election of officers resulted in the following: Mrs. Charles Walker, president; Mrs. Ralph Baker, vice-president; Mrs. John Spencer, secretary; Mrs. Warren Gutschall, treasurer.

The ladies of the church will be serving a luncheon at the Wilson Auction on March 20.

Mrs. Robert Hebelier had charge of the devotions. She used as the scripture reading from the book of Hebrews 12:1-3. The Meditation was on "Thy Will Be Done" from a devotional booklet.

Mrs. Karl Smith had charge of the program. Her topic was "Faith Through Struggle". She read from an article by Martin Luther King telling of the bus boycott in Montgomery. The bus boycott was declared unconstitutional by the United States Supreme Court. Although he was unsuccessful in that effort, he never gave up his efforts for the negro to be treated as other people.

Hostess for the meeting was Mrs. Charles Walker, assisted by Mrs. Ray Jones. Light refreshments were served.

The next meeting will be the General meeting in April.

Born to Mr. and Mrs. Jerry Rankin on March 10 at the Saginaw General Hospital a six pound, eight ounce baby boy, Michael Thomas is the name of the young man. He was nineteen inches long. The proud grandparents are Mr. and Mrs. Clara Alderman of the Shepardsville area. It is their first grandchild.

Mrs. Russell Cavanaugh is a patient at Clinton Memorial Hospital. She is there for treatment and observation.

The Berean Circle of the Shepardsville WSCS will be meeting at the home of Mrs. Don Dietrich on Thursday, March 18 at 8 p.m. Mrs. Victor Higgins will have charge of the program and Mrs. Leona Swender will present the devotions.

Thursday. There will be seven weeks of camping beginning June 27 and ending August 12. The cost will be \$21 which includes meals and accommodations and insurance.

Youth may sign up for whatever week they wish to attend. Members who wish to camp with their friends are urged to send the applications in the same envelope. It is not necessary to be in 4-H to attend this camp.

Youth from 16 counties in the area will be participating in this camp. Brochures will be available soon from the 4-H leaders or now from the Extension Office.

THE TAIL Waggers 4-H members will visit the Leader Dog School for the Blind at Rochester, on Thursday, April 8 where they will tour the facilities and observe the training of the leader dogs.

The members saw the film "She'll Never Walk Alone" showing a blind girl receiving a leader dog and the training they both went through at Rochester.

The election of officers for the club was as follows:

Jeanette Seeger, president; Mark Bruin, vice-president; LuAnne Thelen, secretary-treasurer; Debbie Webster, news-reporter; and Ann Graham as Historian.

The members voted to have dues 25 cents at the next meeting with 10 cents per meeting thereafter. The members cleaned their dog's ears for mites, weighed and measured them, and worked them individually to sit down, heel, come, and stay.

Several members had their dogs through their paces for the public's benefit at the 4-H Style Revue Friday, March 26.

THE 4-H TEEN Leaders will be meeting on Thursday, April 1, 7:30 p.m. Smith Hall in St. Johns.

Business includes discussion on the beautification roadside program, 4-H Exploration Days June 29-July 1 at MSU, possible projects for the Teen Leader.

Club, details on the Minnesota 4-H Interstate Exchange July 8-16, National 4-H Citizenship Short Course July 4-10, and float for the Soap Box Derby Parade on May 23.

THE BENGAL Community 4-H members held their local Club Achievement with each member showing what they had made this past winter.

The members voted to participate in the County roadside clean-up on Saturday April 17. Greg Hazle reported on the officers exchange with the Kountry Cousins 4-H Club.

Marie Thelen gave the members the time of their project evaluation and final reports to be completed before the end of March.

THE HAPPY Hustlers 4-H Clothing and Knitting members held a meeting to practice modeling and styling.

Then the leaders and members gathered in small groups for self evaluation. The members will hold their spring organizational meeting on Monday, April 26 at the Central National Bank.

THE EAGLE Beavers 4-H Club members discussed their project evaluation time and open house of winter projects.

Jeanette Beachman served as the narrator for the local club style show as the girls modeled and styled their clothing outfits. Jean Bennett served as organist.

The members discussed the litter clean-up project and voted to participate in this beautification activity on April 17.

MEMBERS OF Charlie's Gang 4-H Club enjoyed the 4-H Roller Skating activity at the Ranch Roller Rink in St. Johns on March 16.

The club members are working hard to become an honor club this winter. Charlie Slim reported that all reports were due back to him by March 28.

The members will participate in the roadside beautification projects for the Teen Leader project on April 17 in their area.

Holsteins classified

ST. JOHNS—Dana Sue and Kathy Hazle of St. Johns report that their registered Holsteins were classified for body conformation on March 13.

The scoring was done by an official classifier of Holstein-Friesian Association of America, Brattleboro, Vt.

Dairywomen enrolled in this herd improvement program receive a numerical score for each animal evaluated.

The True-Type Holstein represents theoretical perfection and has a value of 100 points on the classification score card. Each animal is scored, receiving a rating of Excellent (90 points or more), Very Good (85 through 89), Good Plus (80 through 84), Good (75 through 79), Fair (65 through 74) or Poor (64 points or below).

Including animals previously scored, the Golden-Knob Holstein herd has one Excellent, four Very Goods and five Good Pluses.

To provide a more complete image of each animal, the classifier also uses comparative terms to describe twelve major parts of the animal's physical characteristics. This "word picture" serves as a guide for planning a breeding program to improve the herd.

The information from the classification of the herd will be summarized by the Holstein Association on its high speed computer. Returned to the breeder, these reports provide useful information for selection in the herd. The data is also published and available as reference for the herd improvement programs of Holstein dairywomen everywhere.

Conservationists attend seminar

Lloyd B. Campbell, district conservationist, and Orville L. Beachler, soil conservation technician of the St. Johns Work Unit office of the USDA Soil Conservation Service attended a radiological monitoring refresher training meeting in Davison March 25.

The course was conducted by Robert W. Cassidy, Training Specialist, Civil Defense Education and others from the Michigan Technological University. H. Raymond Sinclair, Jr., assistant state soil scientist of the reviewed recent memorandum regarding radiological responsibilities of service personnel, and correlated the training

development of these human resources.

This training was a part of the USDA and service policy to provide regularly scheduled radiological monitoring refresher training in order to maintain the SCS capability to function in an emergency.

The Soil Conservation Service has trained monitoring personnel in each Work Unit in the United States.

The service is responsible for radiological monitoring of agricultural lands and waters, farm commodities stored or harvestable on farms, ranches, and at bin sites, and advising on safety for livestock.

Tomasek wins G-Hybrid award for corn harvest

CHICAGO, Ill.—Ron Tomasek, 1775 St. Clair Road, St. Johns, has been named to receive a special award for his excellence in corn growing.

Announced by Merrill Eady, Grant, representing the producers of Funk's G-Hybrids, the award is in recognition of Tomasek's production of a 143.6 bushel corn yield.

This high yield is being officially entered in the nation-wide record books of Project: 200.

Project: 200 is a high yield corn growing project aimed at increasing corn yields and per-acre profits. Corn growers throughout the U.S. and Canada are participating.

Tomasek's high yield was made with Funk's G-4444, a high capacity hybrid variety specially suited to this area. He planted his Project: 200 field on May 4, 1970, in 28 inch rows. Plant population at harvest was 24,000 per acre.

TOMASEK APPLIED a total of 400 pounds of fertilizer per acre as starter. He harvested his Project: 200 yield on October 28, 1970, at which time the grain had reached 23.0 per cent moisture.

Under the national Project: 200 rules, a minimum of two acres must be harvested from, not less

than four adjacent rows running the full length of the field. All figures must be validated by a disinterested witness.

The information gained from

Feed premix for needed vitamins

ST. JOHNS—To meet vitamin requirements of pregnant and lactating sows, feed a premix that supplies three to four million units of Vitamin A per ton of complete feed.

Michigan State swine specialists recommend adding six million I.U. (International Units) of Vitamin D per ton of complete feed.

Michigan swine producers should include Vitamin E supplements in the rations of pregnant and lactating sows and growing pigs as a routine matter, say the specialists.

Their conclusion is based on increased recognition of Vitamin E and/or selenium deficiency in Michigan swine herds. The deficiency seems associated with the increase in confinement rearing of swine.

Green pasture plants have long been known as a good source of Vitamin E. Cereal grains, especially those grown in Michigan soils, tend to be lower in the vitamin.

Chevy trucks come back strong. (double strong!)

Select from a big stock of better-than-ever buys on totally tougher '71 Chevrolets. The buys have never been better—the trucks have never been tougher. Double-strong pickups. You get two walls of steel where they do the most good. In the cab roof, cowl, body sills and rear wall panel. And all the way up on the cargo box on Fleetsides. More power. Nobody can top Chevy's 400-cu.-in. V8. And they don't come any bigger than Chevy's standard 250 Six, either. Standard front disc brakes. They give you fade resistance and longer brake life. At no extra cost. Super Suspension for smoothest ride. Absorbs bumps and road shock at the source. Lets you ride smooth and level, even when the road's not. Get our deals on the truck that works harder, lasts longer and costs less in the long run.

Stop the brain drain

The decisions of several Clinton County School boards last week may prove to be quite costly to area residents starting with the 1971-72 school year.

A large number of untenured teachers, between 75 to 100 of them, may not have jobs next year.

In fact, they have been told that they will not have jobs waiting for them next year if the millage vote goes against the school boards' request.

The financial status of the various school boards involved is precarious indeed without a successful millage vote and we cannot take issue with the need for more monies to operate the schools.

We cannot agree with the methods used by the board members in preparing for a teacher cutback.

The boards took formal action last week under a state law requiring boards of education to give 90 days notice of a teacher's dismissal. The law was established to allow the teacher to have ample time to seek employ-

ment elsewhere.

However, that step can be bypassed if the board had previously adopted a formal layoff procedural policy, which could be initiated in case of insufficient funds to operate the system. It would not necessitate laying off all untenured instructors, only those in the areas of the specific cutbacks.

Therefore, those districts that had such a policy made a mistake, and a costly one. These teachers will be out looking for positions in other districts, and we will lose some of the finest prospects in years.

Those districts that didn't have a policy should have one, to avoid such trouble in the future.

While we urge a positive vote on the millage proposals, we urge the district superintendents to reevaluate the actions taken and correct them.

Our growing school districts cannot afford the consequences of a massive "brain drain" or educational exodus that these decisions would allow.

T. J. Y.

Voice your opinion

If there ever was an opportunity, and a responsibility, for citizens to contact their elected officials on current proposed legislation, the time is here.

It is important that your elected officials -- and we emphasize "your" -- know how you think on such issues as the 18-year-old vote, and the other "of age" aspects of the 18-year-old status as was recently presented by Governor Milliken; legislators should know how you feel about a new capitol building in Lansing.

They should get your feelings on welfare expenditure -- how much or how little, and changes

you think are important.

Sure it takes time. Some legislators send out questionnaires which can make personal expression easier, but many times the questions are loaded -- or slanted -- toward the feelings of the one seeking your opinions.

It is always easier to complain about legislative action if you have first expressed your personal opinion.

There are some citizens who think it a waste of time to contact their legislators. Perhaps this is true in some cases.

We would hope the instance would not be common place, however.

—MacD.

Let's take some pride

We think it is time communities tightened up enforcement of public nuisance regulations.

If you'd care to take an hour or so and drive down the streets of your town, you'd probably get quite a shock as to what some property owners, or tenants, have created in sub-standard surroundings of their dwellings.

In most cases, it isn't a result of insufficient finances. In the majority of instances it is pure laziness. We realize that all of us on occasion let junk accumulate and the start of a mess faces us as well as our neighbors.

But the real problems are created by those people who couldn't care less about the exterior condition of their property, and to heck with what the neighbors think.

In communities or neighbor-

hoods where there exists a certain amount of pride, this lackadaisical attitude can't be allowed to continue.

We all know of families with small incomes who are unable to paint or remodel every time it is needed. But these families have pride in what they possess and, money or not, will make the best of what they have. Their kids may not have the newest fashion clothing, but they are clean and neat, and a pride to their parents.

A lack in pride in one's home is difficult for most people to understand.

If it takes law enforcement to get your community looking prouder, then that's the way it must be accomplished.

Spring is a good time to get started, so let's be about it.

—MacD.

ZION, Ill., NEWS: "The Power of Words: They sing. They hurt. They teach. They sanctify. They were man's first, immeasurable feat of magic. They liberated us from ignorance and our barbarous past. For without these marvelous scribbles which build letters into words, words into sentences, sentences into systems and sciences and creeds, man would be forever confined to the self-isolated prison of the scuttle fish or the chimpanzee."

Back thru the years

One Year Ago

10 Years Ago

April 1, 1970

March 30, 1961

For the fifth time in three years St. Johns voters turned down a proposal designed to provide additional revenue to the city's general fund.

A charter millage amendment was downed by 183 votes in a 656-733 count. Mrs. Dorothy Merignac, Mrs. Orval Rice and Mrs. Edward Prowant receive Red Cross Service awards.

St. Johns volunteer fireman and their wives gathered at a dinner in honor of Jim Karber who announced his retirement from the volunteer ranks after 15 years service.

Gary Boyce, two-sport letterman from St. Johns, was named to make the spring training trip with Michigan State's varsity baseball team.

Federal - Mogul captured the top spot in two team division during the city tournaments held at Redwing Lanes. Comprising the championship squad were Jim Lowe, Stan Wassa, Paul Heller, John Thrush and Ted Silvestri.

A First Class rating was awarded the Torch, student newspaper at St. Johns High School by the National Scholastic Press Association.

DeWitt High School names Michelle Keck, valedictorian and Bette Soule, salutatorian and also names twelve others as honor students. Among them are David Alger, Shirley Savage, Beckie Bouts, Alan Cropsey, Mike Dolby, Layne Fisher, Pam Albertson, David Reed, Joan Ely, Pete Morris, Tom Shaver, Brian Wood and Rita Pelkey.

Four Redwing basketball regulars receive commemorative honors during a school assembly. Receiving honors were Dan Rademacher, Dean Elsler, Dave Gaffney and Bob Rehmann.

Carolyn Nickel, a junior at St. Johns high school, is scheduled to appear with the Lansing Symphony in a youth concert held at Sexton High School.

Plans have been completed for the 1961 Cancer crusade which gets underway in St. Johns and Clinton County. Dr. R. L. Wohlers will serve as campaign chairman.

George H. Chapman, prominent St. Johns merchant and builder died at Clinton Memorial Hospital following a long illness. As a residential contractor, he built 43 homes here, many of them in the South Oakland Street area.

U.S. Senators McNamara and Hart were advised by the Post Office department's regional office in Chicago that the department is now asking for bids to build and lease to the department a new post office for Elsie. The proposed new building will replace the present post office and will provide expanded service for the community.

Dennis Koenigsnecht and Lois Howe won the second awards at the 4-H Achievement exhibit at Smith Hall for their excellence in 4-H work.

Edward Gray, St. Johns insurance man and Ralph Precious, new city manager were inducted as new members in the Rotary Club.

Long term weather?

By WARREN E. DOBSON

Talk about unhappy research! In deep snow and heavy ice, How about that M.S. wise guy Dishing out such cold advice! "Thirty years more of cold weather," He makes bold now to predict, Just when we had dared to wonder, If the winter had been licked.

Thirty years is just too many Of more cold to contemplate, While we're shiverin' in a huddle Tryin' new heat to create! All our "woolies" gettin' ragged, 'N us beggin' a reprieve, This dude speaks of year two thousand As the date the cold will leave!

Balmy climes are overflowin'! Hot air leases we'd extend-- But the places we'd adjourn to Tell us that game soon must end; Thirty years yet of cold weather! Is the gent "bug-house" or "stewed?" With the bite of income taxes-- Must we face it semi-nude?

Tell us you are only foolin'! Be an optimist instead! Do you have to make us fearful For full thirty years ahead? With such agonized predictions We'll take chances on the moon, Now at last we get the message "Born just 30 years too soon."

Red scare

By TIM YOUNKMAN

Inconceivable. Simply ridiculous.

These phrases may sum up the mood and reaction that Middle Americans displayed over the revelations that the United States government, and the Army in particular, has been "spying" on its own citizens.

These charges are not new. Rumors of such intelligence operations have been filtering across the country for years, and critics were dismissed as "alarmists."

As it turned out, the alarmists were correct.

The terrible irony is this whole nightmarish mess is that the government insists the spying is necessary to protect the country from Communists and radical-leftist troublemakers. So it has employed the very same tactics that have become the cornerstones of Communism as we know it—monitoring the citizens for "subversion."

Government officials insist that files compiled by undercover agents are not used in any subsequent criminal trials, a point that could be debated by several dozen Chicago peace demonstrators.

What items of interest the Army wouldn't reveal to the Senate, a national weekly maga-

zine managed to uncover.

HIGHLIGHTS OF the Army files revealed that a new Red Scare is brewing on the political horizon—but it is taking a new and more terrifying form.

In the past, the scaring has been accomplished by a band of reactionary Senators as in the early 1950's with Joe McCarthy. Now, it is being directed by either the President or the Pentagon or both.

The reports range from assignments to infiltrate so-called radical elements of black and student groups to starting files on persons overheard to be "sympathetic to anti-war attitudes."

To most of us, this cloak-and-dagger business is something that has happened to other people. Some have commented, "If we have nothing to hide and are not mixed up with any of these groups, then we have nothing to fear."

Logically, I suppose, that's true enough. But you can't help recalling the attitude of the general German population as the Nazis began arresting Jews and Jewish sympathizers. It amounts to the same attitude.

IT IS NOT unique to history, either. A purge of "undesirables"

was always preceded by a great public relations snow-job.

It was with the same zeal and state admiration that young children turned over their parents to Russian or German secret police for uttering remarks deemed traitorous to that state. They even gave the kids medals for loyalty.

I'm not saying that things are anywhere near that point. Those were the days when Fascism was at its worst—when you couldn't tell if your wife, husband, son or daughter was an agent of the state waiting to pounce on an indiscreet word.

I doubt that, with taxes, inflation, pollution, unemployment, crime and war, any of us could get through the day without some sort of criticism of the state of human affairs in this complex society. However, just such criticism, the Senators discovered, have led to a massive paranoia and a scrambling for file space at the Pentagon.

This is the precise point in history that we should cut off the new Red Scare before it gets out of hand. This Senate investigation may be the answer.

Thank the Lord we have a Senate with guts enough to stand up against the military machine before it runs roughshod over our freedoms.

Nader for president

By JIM FITZGERALD

I ordered ham on white bread but the waitress brought rye bread.

I don't like rye bread but I eat it anyway, without a murmur. And I left a tip. I like to think I'm a sweet guy who doesn't want to cause any trouble.

But Ralph Nader is right, I'm really a cowardly ass and it would serve me right if I woke up tomorrow with rye bread growing out of my ears.

Nader says the consumer should assert himself. Ralph would have sent that rye bread back.

In fact, he would have investigated the waitress and subsequently written a book revealing that her father is a rye-bread mogul whose products unsafe to chew at any speed.

I wish I could be like that, I am always paying people to stomp on me.

I never complain. I tell my wife I don't want to create a scene. The whole truth is, I'm afraid of the whole thing. I might be socking me in the nose. Or some

woman throwing a hysterical fit because she has 16 starving children and I won't tip her \$1. I'm not nearly so sweet as I am chicken.

RALPH NADER is my hero. He complains about everything. When he walks by, GM pulls down the shades.

I'd like to see him elected President and I think it could happen. Nader's bag is to insist that consumers get their money's worth.

I'd sure like to get my money's worth out of the federal government. We've been paying for Cadillacs and getting scooters.

Nader is just the guy to cut the nonsense and take in paying boarders at the White House.

As I type nice words about Ralph Nader, I keep glancing fearfully over my shoulder.

I know a lot of car salesmen. I don't know why this is, but I suspect it has something to do with my life style. If I hung around libraries, I might be chummy with professors. But I

have always been partial to murky poolrooms and dim bars.

The kind where you can't see who you've sat down next to until it's too late. It's incredible how many car dealers I've met this way -- all of them nice guys with a healthy disdain for wise-guy newsmen who would dare to write something nice about a jerk like Nader.

SO THIS COLUMN could mean I have to start paying for my own drinks. But no sacrifice is too great if it furthers Nader's noble cause.

He wants the customers to yap; to read the fine print on the warranties; to insist on quality and safe performance; to refuse to accept everything the salesman says as Gospel truth.

Marvelous. If enough people would speak up like Nader, the waitress would stop bringing me rye bread.

And then I wouldn't have to say anything to her about it.

Because I really don't want to create a scene.

Heartstoppers

By SEN. WILLIAM S. BALLENGER

Before the current session of the Legislature reaches final adjournment, it may well go down in history as the "Year of the Heartstopping Decision."

Normally, three or four back-breaking decisions—exclusive of taxes, which always constitute a tough decision—are par for the course. But this year the agenda is filled with several of those emotional issues bound to generate hard feelings no matter which way the vote goes.

The Senate already has taken action on at least four "toughies". These include liberalizing the abortion law, a proposed cut-back in state employees' raises, lowering of the legal alcoholic content of a driver's blood, and repealing the coyote bounty.

The bill to liberalize the state's abortion law passed by the slimmest majority—20 votes—after heavy pressure from both sides on this highly emotional issue. Because of the make-up of the House leadership, the bill is expected to encounter formidable procedural roadblocks, which may even prevent a House vote on the issue.

When the people of Michigan adopted the 1963 Constitution in 1963, they made it virtually impossible for the Legislature to do anything but accept Civil Service Commission recommendations on pay raises for state employees.

They did this by requiring a two-thirds vote of the Legislature to over-rule the Commission. Despite demands by the Governor that the Commission's

recommendations be overturned, the proposal to slash pay increases for state employees received far fewer votes (10) than the required number (26) to override in the Senate.

LARGELY BECAUSE of pressure from northern areas of the state, a bill to end coyote bounties in Michigan failed by three votes to pass despite strong backing from the Department of Natural Resources, most conservation interests in the state, and your State Senator.

State safety and law enforcement officials were pleased at Senate passage of the bill to lower from .15 to .10 per cent the alcoholic content of a motorist's blood on which legal assumption can be made of driving under the influence of intoxicants.

This is expected to result, if approved by the House and signed by the Governor, in more effective enforcement of laws involving drinking drivers.

I supported this bill, as did all 18 of my Republican colleagues, plus four Democrats.

Many other issues of importance lie ahead, several of which may be expected to generate much "heat" before they are settled.

They include: —Legalizing dog racing and off-track parimutuel betting in Michigan;

—Increasing the gasoline and diesel taxes to help provide money for a mass transit system in southeastern lower Michigan and to speed highway con-

struction in other parts of the state;

—Tightening regulations governing operation of snowmobiles in response to many complaints from people about property damage and excessive noise;

—Forcing motorists to strap themselves in seat belts and shoulder harnesses;

—Lowering the voting age and age of majority generally to 18 years to coincide with federal regulations;

—Permitting 14-foot wide mobile homes to be transported on highways, which would permit them to extend two feet over into the second lane of a normal two-lane highway;

—Protecting farmers from confiscatory assessments on property in urban areas that is assessed at potential use, such as industrial or housing developments, instead of actual use, such as farming;

—Increasing the income tax starting next January to meet the rising costs of state government; and

—Meeting pressures of teachers' organizations for vast increases in school funds, which now are almost \$1 billion a year.

These are just a few of the knotty issues looming on the horizon. As the session progresses, other "hot potatoes" are almost certain to surface.

Wage-price control

The House of Representatives voted 381 to 19 last week to continue Presidential standby authority to regulate wage-price controls until March 31, 1973.

The legislation would give the President what Dr. Arthur Burns, chairman of the Federal Reserve Board, has termed "dictatorial authority" to "issue such orders and regulations as he may deem appropriate to stabilize prices, rents, wages and salaries."

At a time when the Congress is criticizing the President for usurping its authority in international affairs, it is almost unbelievable that the Democratic leadership would urge unlimited discretionary authority in the President to set wage-price controls at home. Unbelievable, that is, unless viewed as a partisan maneuver.

When the proposal was before the House of Representatives, I sought to amend it to require Congress to be involved in any decision to impose a freeze on wages and prices.

This action was totally consistent with the Administration position as stated by Secretary of the Treasury Connally when he said that the Administration would not consider the imposition of such controls without first obtaining further authorization and a formal approval by the Congress.

EFFECTIVE UTILIZATION of wage and price controls can only occur if there is substantial public acceptance of such controls.

Public acceptance of such action will only occur when there is unanimity in the Congress and Executive Branch with respect to the necessity for it.

Under the amendment offered, the President could ask a Joint Committee to adopt the resolution invoking a freeze, selection or general, on wages and price. A determination by the Joint Committee that such action should be taken would provide the kind of support necessary for effective control action.

I urged my colleagues to retain for Congress this very important policy decision by adopting my amendment.

Since there are still more in the Congress who talk about responsibility rather than accept it, my amendment was not adopted... a fate it also suffered last year.

THE SENATE'S ATTENTION this week was focused on two votes that failed to end a five-week filibuster, thus preventing a vote to ease the Senate rule on continuing debate.

Under the present rule, debate can be cut off only by a two-thirds vote of the Senate. The

proposed change would have reduced the requirement to three-fifths.

A filibuster to prevent a vote on the change had been going on since January 26, and three previous attempts to cut off the debate fell short of the two-thirds mark. Last week, when two more votes failed to produce the necessary number, Majority Leader Mike Mansfield (D-Mont.) moved to put aside the controversial filibuster issue and move on to other legislative matters.

Thus, the two-thirds rule will continue for another two years since changes in Senate rules can only be considered at the beginning of each Congress. Reformers in the Senate vow that by 1973, they will have mustered enough support to alter the troublesome filibuster rule.

A NOTE TO THIRD DISTRICT veterans:

—Veterans who wish to continue their education should contact the Regional Office (P.O. Box 1117-A, Detroit) to see if the training they desire is covered by the GI bill. Few people realize the wide variety of educational programs which are covered.

In addition to high school and college classes, cooperative programs, flight training, apprentice or on-job training in various fields and even some correspondence courses qualify for GI bill funds.

Pewamo

By Mrs Irene Fox

(OMITTED FROM LAST WEEK)

Recent services at the Pewamo United Methodist Church were conducted by the youth group featuring the service of Holy Communion and the Lord's supper. Following the communion service the day's message was delivered by a visitor from Pakistan, India, Abdul Quyyan Bhatti of Khanewal. Mr. Bhatti is married and the father of four children, and lawyer by profession. He is an active layman of the Indus River Conference, and also serves on the board of the Methodist Hospital in Khanewal. Mr. Bhatti is one of twelve missionaries traveling in the United States for the general board of the church of Pakistan, which is a coalition of the Anglican Presbyterian and Lutheran churches in that area.

The community wishes to thank Carl Geller for his services as an active volunteer fireman. Carl Geller has resigned after 24 years of service. David Bierstetel will succeed him.

Mr. and Mrs. Kenneth Parks and Mr. and Mrs. Lawrence Parks were visitors of their daughter and sister, Mrs. Larry McQuillan at Butterworth Hospital in Grand Rapids Saturday, March 13.

The following attended the pedro club Tuesday afternoon March 9: Mrs. Grace Bissell, Mrs. Clara Caston, Mrs. Freda Davarn, Mrs. Mildred Fox, Mrs. Irene Fedewa, Mrs. Katherine Geller, Mrs. Cornelia Schafer, and Mrs. Hilda Schafer, playing for Mrs. Ethel Gee, who was spending several days visiting her son and daughter-in-law, Mr. and Mrs. Clifton Gee at Hamilton. First in pedro was Mrs. Katherine Geller second high Mrs. Grace Bissell and consolation to Mrs. Freda Davarn. Hostess was Irene Fox.

Power politics

Not since the days of Michigan's 18 year-old "boy Governor", Stevens T. Mason, back in the 1830's, has Michigan youth figured so prominently in state government as which occurred this past week.

This was the week of the 18 year-old vote and the Age of Majority.

The granting of voting privileges to 18 year olds has been the subject of previous discussion in this column.

This time the subject came to us by way of a proposed amendment to the U.S. Constitution which was proposed and accepted by both houses of the U.S. Congress.

It must now be ratified by 38 of the 50 state legislatures before it will be effective. To my mind, this is the proper way to treat this subject. It will impose uniform age qualifications in all states simultaneously and is much preferred over the federal legislation which got us into a very inconsistent position last year.

Ratification of what could be the 26th amendment to the U.S. Constitution began last week in Michigan with approval in the House of Representatives by an 82-22 vote. The Senate must also act before Michigan's ratification is final.

BUT, I WANT TO stress that no change in voter qualifications will be effective here or in any other state until at least 37 other states have acted.

It is appropriate, too, that while

this historic action was being taken, Governor Milliken also made known his recommendations on the "Age of Majority".

Basically, the Governor recommended changes in our laws which would make 18 years the age of legal adulthood in the State of Michigan. In addition to the voting franchise, this would mean an 18 year old could enter into contracts, make a will, seek medical attention, and even purchase alcoholic beverages.

It is strange that under our law anyone over 17 years of age must be tried as an adult in criminal matters but he cannot start a civil suit for any cause without a parent or guardian.

Our young people marry earlier and raise families and are required by law to support these families; but, legally, a young father cannot execute a will to provide for them in the event of his death.

CERTAINLY, THERE are controversial aspects to this proposal. Yet, my feeling from association with young people over the years is that they are ready to accept the responsibilities of adulthood long before their 21st birthday and I joined with over 50 other representatives in sponsoring the legislation to make these changes.

This subject will be discussed a great deal in the next few months. I don't think we should rush in and make the changes hastily but should take time for a thorough review of the proposed legislation and all its implications.

present conditions or a proposed change are much more likely to respond than those satisfied.

On the above question an important and biased opinion group will almost certainly be left out of everyone's results. Eighteen to 20-year-olds will not get questionnaires mailed to lists of currently registered voters and would get few if just mailed to postal patron.

A LARGE COMPLAINT received on returned questionnaires goes like this, "How can I respond yes or no to such a complex question? I am for contract rights and treatment as adults in courts, but against drinking for 18-year-olds."

People resent being held to a yes or no response on so complex a question. But after a moment's reflection, please realize that legislators are put in the same position.

The 18-year-old majority bill has been introduced. There may be attempts to amend it by adding or deleting, but I expect the bill to finally be before us in essentially its total form.

And we will have to vote yes or no.

How will I vote? Well, I, among 55 others in the House, co-signed the bill. But before I make a final decision, I am waiting to see two things. Do most of my constituents feel 18-year-olds would gain or lose by this added responsibility? Are 18-year-olds mature? Will they become mature?

Secondly, what will the reaction of 18 to 21-year-olds be to the proposed changes? Will they just sit back and say, "Yes, we deserve that. It is our right."

Or will they get out and work for it. Hit the bricks, in the union parlance. Will they make a hard, sincere effort to win the support of adults in their area? Door to door campaigns, appearances at service clubs, etc.?

In our system of government, no one is handed his "rights" just because of justice. Generally they have to earn them in grass roots political action.

There's no place like home if the place is homelike.

Reconciliation

By REV. HUGH BANNINGA

At the end of each month many of us go over our checkbooks to see if they agree with the bank statement.

Assuming the bank statement is correct and our balance does not agree with it, then we adjust our figures to conform to the bank's figures. When we do this, in the Biblical sense of the word, we are reconciling our accounts.

The word "reconciliation" in the Bible means to cause to conform to a standard or to be adjusted to a specified standard.

My theme this week is concerned with reconciliation. In St. Paul's second letter to the Corinthians we read, "All this is from God, who through Christ reconciled us to himself and gave us the ministry of reconciliation; that is, God was in Christ reconciling the world to himself, not counting their trespasses against them, and entrusting to us the message of reconciliation."

According to the Bible the world is out of balance. The world does not conform to the standard which God has set for it. In other words you and I are out of balance. We don't conform to the standard God has set for us.

As St. Paul has said, we are

helpless, we are sinners, we are enemies with God, and therefore we are objects of His divine wrath.

IT IS IMPORTANT that we realize that God Himself is the standard by which He tests men. He has not set up a standard apart from Himself, from which He is detached and to which He asks men to conform.

Not at all! God Himself is the unalterable, unchangeable standard by which men are tested.

There is the story of the factory which every morning telephoned a certain bureau for the time and set their clocks to conform to that information. Then, when the noon whistle of the factory blew, the head of that certain bureau changed his clock to conform to the noon whistle.

So, it was no wonder the two were in endless confusion when each was accepting the other as the norm for the correct time.

This story points out the confusion that results when man tries to set himself up as the standard of conformity. The problem is that every man becomes a standard within himself, and so there is no absolute and inflexible standard. That's why man must be conformed—reconciled to the divine standard.

"God was in Christ reconciling the world to himself." Now the "world" does not refer to this globe on which we live, but rather to those of the world who are (according to Romans 5) weak, ungodly, sinners and enemies who are under God's wrath.

WHAT THIS phrase means is that God has so changed the relationship of the world to Himself that He can conform the world to Himself and His standards. Now I want to make one thing very clear—this does not mean that God has saved all men, nor

that all men ultimately will be saved.

What this phrase means is that the Lord Jesus Christ has laid a foundation upon which God may take his stand to reach out to sinners and bring them to Himself.

God could not arbitrarily bridge the gap between Himself and sinful men. There had to be some basis upon which divine grace exercised itself and made itself manifest.

So God, through Christ, changed the relationship of the world to Himself so that men in the world are now savable. Yes, you and I are in a position to be saved (but that doesn't mean we are, in fact, saved).

When God placed Adam and Eve in the Garden of Eden, they enjoyed a face-to-face fellowship with their Creator. It was God's custom to come into the garden in the cool of the evening to talk with Adam and Eve. For a while they enjoyed a close communion with Him, but then they turned their backs on God willfully and deliberately.

So the fellowship was ended. God was a holy God and Adam and Eve became sinners.

So the world was plunged into a state of sin in which it remained until Jesus Christ came to reconcile the world to God.

Until the coming of Jesus, there was no basis upon which God could adequately receive sinners. Until Jesus came, God could not reach out toward man in the most meaningful way. The death of Jesus gave God the basis for receiving people to Himself.

It was because of the death of Jesus that the world was brought into this reconciled relationship with God. Because of Jesus Christ, the world has been put into the position of salvation.

Boy! This is good news! Wouldn't it be great if all men could see it?

Watch the "wet look"

Check carefully before buying a dress trimmed with vinyl plastic that looks like shiny patent leather or coats or jackets having the currently popular "wet look".

Check to know exactly the care specified by the manufacturer. If there are no care instructions, or if instructions do not cover the entire garment, perhaps you'll be wise not to make the purchase.

By LORRAINE SPRAGUE Extension Home Economist

There are, on today's market, dresses, coats and jackets that can be neither dry cleaned nor washed.

There are instances in which the fabric of the garment itself can only be drycleaned while the vinyl trims become stiff as a board when coming in contact with the drycleaning solution.

But there are also types of vinyl trims that dryclean very well.

THE SAME PROBLEM is found with the "wet look" coats. In some cases the glossy outerparts of the coats will stiffen when drycleaned while the linings cannot be laundered. Sound ridiculous? It is, but it's the truth.

This once more leads us to say "read labels". If there is no indication that the entire garment can be cleaned, and cleaned by the same method, whether drycleaning or laundering, it seems foolish to buy such an article.

Then after making the purchase, keep those hangtags for ready reference.

It's the unusual homemaker who can actually remember the specific care for all the garments in her entire family's wardrobe.
