## City sets \$1 million budget

ST. JOHNS—A proposed general operating budget in the amount of \$1,146,249 for fiscal 1972-73 was presented Monday night at the regular city commission meeting. A public hearing on the budget will be held at the next meeting, May 23.

In another major action taken by the commissioners, a proposal by City Manager Harvey Weatherwax was adopted which will allow smoke bombing of city sewers in an effort to locate cross connections in the system which is placing surface water in sanitary sewers. This action was taken following complaints of several residents two weeks ago. The city proposes to obtain a blower which will be used this summer for the sewer survey. Residents will be given instructions and notification when the smoke bombing will be implemented.

In addition to the smoke bomb proposal, the city manager further recommended that a complete study and master plan be done for both the sanitary and storm sewer systems. He suggested getting cost estimates from engineers. Weatherwax commented, "This study would not only help us solve some of our present problems, but I believe would help the planning commission in future zoning decisions by knowing proposed sewer sizes, etc."

Also in the proposal submitted by the city manager was passage of an ordinance making it illegal for anyone to rake, throw or place anything in the gutters of city streets. "This is one of the quickest ways our storm sewer catch basins get filled up," Weatherwax said.

He is also in favor of adoption of an ordinance which would make any person or contractor responsible for cleaning up deposits of mud and dirt on paved streets. Weatherwax told commissioners, "This spring I have had quite a few complaints of this, caused by cement trucks, dump trucks and other vehicles leaving a muddy construction site and the mud from and between the wheels falling onto the street."

The city manager concluded his report by saying adoption of these measures in addition to construction of a new larger lift station and interceptors in the south end of the city he believed "will go a long way to solving this problem."

In submitting the proposed budget for next year, the city manager said it was a full two mills below the allotted millage. "This will make the second year in a row we have been two mills below our allotted millage and four years that we have been at least a quarter of a mill under," Weatherwax said.

The present year's budget was adopted in an amount of \$8,460,308.

The balanced document is based on a tax rate of 10 mills on real and personal property, one mill levy on general obligation bond retirement, and a two-mill levy for garbage and landfill operation.

Highlights of the proposed budget include setting aside funds to start a fire hall building fund, a slightly expanded recreation program, replacing some worn out street equipment, a much larger expenditure for street resurfacing and for the first

time some sidewalk replacement monies. Included would also be monies for storm sewer improvements and again some special assessment monies so some asked for improvements can be made.

Also submitted for consideration was the proposed operating budget for the water fund, which does not contain a rate increase. This will be the fourth year of operating within the income of the present rate structure.

Weatherwax said in his water fund message, "In this budget are funds for re-doing two more wells to bring them back to normal production, monies for modest water and sewer mains in existing sections of town, monies funded for part of our share of the applied for grant on the State ordered improvements in the wastewater treatment plant, monies allowable for the continuation of the study and the hopeful solving of some of the problems in the sanitary sewer system."

Neither of the two budgets contains funds for additional fulltime employees, the city manager pointed out.

When bids were scheduled to be announced for a city insurance program, City Clerk Thomas Hundley said only one bid had been received, that from Farm Bureau Insurance Co. Letters from three other local insurance agents were read, all indicating they were not allowed sufficient time (30 days) for complete bidding requirements. Following considerable discussion, it was voted to accept the Farm Bureau bid at a premium of \$14,395.

Street improvement bids were announced for work planned for Morton, White and Oak streets. Low bid for the entire project was from the W.L. Arnold Co. for \$76,874. Commissioners delayed taking action until the next meeting.

The proposed zoning ordinance was

accepted and a public hearing set for June 12 at 8:15 p.m.

The first reading of a proposed sub-division ordinance was made.

A public hearing on a proposed vacation and release of street right-of-way of two feet of Railroad Street is scheduled for June 12 at 8 p.m.

Commissioners accepted a bid of \$2,286.70 for a three-wheel police vehicle and also accepted the high bid of Junior Hettler of \$345 for the old vehicle which is to be replaced.

The same arrangements and contract for operation of the concession stand at the city park was approved.

Inasmuch as the annual Mayor's Exchange Day activities are scheduled on May 22, the regular meeting date, the commission voted to change the regular meeting to Tuesday, May 23 at 7:30 p.m.

## Westphalian seeks county board post

WESTPHALIA—Harold L. Martin of Westphalia has thrown his hat into the ring for District Three representative on the Clinton County Board of Commissioners.

District Three, composed of Riley, Westphalia and Bengal townships, was organized under the new reapportionment plan recently approved by the state.

William Hufnagel and Claude Underhill currently represent parts of the new district.

Martin has been a lifelong resident of Clinton County and is a veteran of World War II. He also operated a gravel business in the area for 25 years.

The district has 4,366 residents with nearly half in Westphalia Township.

## Giving road money away? It's possible, says commission

By LARRY R. LIMBERG  
News Special Writer

ST. JOHNS—Are you giving money away for Ingham County roads instead of the ones you use in Clinton County? Many Clintonites are and don't even know it, according to Paul Nobis of the Clinton County Road Commission.

Those people who live in Clinton County but purchase license plates elsewhere are cheating local road funds if they don't have number 19 on their registration form. That code identifies the county and tells the highway department where to send road funds.

The primary source of revenue for the road commission, said Nobis, is the Motor Vehicle Highway Fund (MVHF). This fund is composed of money from the state gasoline tax and weight tax (license plates), he said.

From this fund deductions are made

for the Mackinac Bridge Authority, collection costs and the Waterways Commission clerk. The remainder of this fund is split between the state highway department (46 per cent), the cities of Michigan (20 per cent) and the counties (34 per cent), he continued.

The 34 per cent of the money that goes to the counties, is distributed on the basis of 75 per cent of the funds for primary roads and the balance for local road systems.

Of that money used for primary roads, 60 cents of every dollar collected in the county makes-up the 75 per cent weight tax, Nobis said. Ten per cent is distributed by road mileage in the county, and the remaining 15 per cent is divided equally among all 83 counties in Michigan.

This means 75 per cent of the money allocated for primary roads in Clinton County is based on what county code number appears on the car registration.

"Therefore it is of paramount importance that each person living in Clinton County have the correct number on his registration," Eldridge said.

Unfortunately, Nobis said, these funds have not been enough for the county to do the road work necessary, therefore the board has been engaged for the past three years in raising the funds needed.

The first attempt was made in 1969, when the commission tried to get a 1.5 mill tax increase. Meetings were scheduled and the commission ran a vigorous campaign, but the tax was defeated.

The commission then felt it would be wise to wait until the property taxes decreased, but after a year of waiting they didn't go down, Eldridge said.

With the roads getting worse, the commission then went to the state highway department in hopes of getting funds for the project, Nobis said.

## Blaze hits Elsie

ELSIE — The Elm Street Elsie elevator was destroyed Wednesday evening as fire swept the 33 year-old structure owned by Ithaca Roller Mills.

Townpeople and employees combined to "save sacks" of seed stored in the blazing building, carrying them off to a warehouse. Firemen were able to salvage the warehouse and elevator office.

An employee said there was no sign of fire when he left the building at about 5:30 p.m. but Elsie Police Chief Russell Bouck spotted the blaze at 7 p.m. and notified the Ovid and Elsie fire departments.

He said the St. Johns Fire Department was alerted but was not called to help.

The fire was a serious loss to the community since it was the only storage elevator in the area since a fire claimed another one three years ago.

The Elm Street structure was built as a replacement elevator for one that burned to the ground in 1939.

The cause of the Wednesday blaze was not determined but was believed to have started in the head house, where grain is distributed. A gear slipping caused a leg nail to rub against the wood and the friction started the fire.

Officials have declined to give a cause officially until insurance adjusters investigate the scene.

Pat Foran is the manager of the elevator complex.

## St. Johns site of junior rally

ST. JOHNS—The Michigan District of the Church of the Nazarene held its Junior Rally in the Rodney B. Wilson Junior High School gym Saturday with 1153 juniors, age five to 12, registered.

Participants arrived from 115 churches located from Sturgis on the south, to Sault Ste. Marie on the north, Bay City on the east and Grand Haven on the west. The largest group arrived from Corunna and St. Johns had representation numbering 52.

Director for the program was Rev. James Brillhart from the First Church of the Nazarene in Battle Creek.

Highlight of the day's activities was a parade through the downtown section of St. Johns led by Rev. Wesley Manker, pastor of the local Church of the Nazarene and "Deputy Dave" of local T.V. Channel 6 who later performed in the junior high

auditorium with his puppets.

Following the parade the participants returned to the school for a sack lunch.

During the finals for the Junior Quiz and program, some 250 teens were present at the St. Johns High School auditorium for the finals of the "Ensemble Groupings" that featured zone winners in competition.

## Derby paper

ST. JOHNS—Local Derby officials have announced that a special commemorative newspaper will be published this year, the tenth anniversary of the Clinton County Soap Box Derby.

Proceeds from the sale of the paper will be used to finance various derby activities, including sending several local racers to Akron, Ohio for the All-American Soap Box Derby.

## Elsie hosts annual Woman's meet

By LUCILLE SPENCER

ELSIE—The 68th Annual Meeting of the Clinton County Federation of Women's Clubs was held on Thursday May 4 at the Elsie United Methodist Church. Roll call of Clubs showed that 81 people had registered, including four special guests.

Promptly at 12 noon all went into the beautifully decorated dining room where a delicious luncheon was served by the Elsie WSCS. Part of the program was presented in the dining room during the remainder of the lunch hour.

All the clubs reported their activities during the year.

The nominating committee reported the following list of officer candidates for the coming year: Mrs. Kenneth Winsor, Maple Rapids Sorosis Club, president; Mrs. James Whittemore of the Ovid Crescent Club, vice president; Mrs. Ray Miller, Ovid Duplain Library Club, secretary; Mrs. Erwin McMasters of the Victor Civic Club, treasurer; and Mrs. Harold Millman as chairman of nominating committee from the St. Johns Club.

A recess was called to enable the delegates to vote before the remainder of the program was presented.

To open the afternoon session Mrs. John Spencer presented a story on how the Pledge to the Flag originated, then all repeated the pledge.

Mrs. John Rumbaugh presented an impressive memorial service for the departed members of the Elsie and Maple Rapids Clubs. Girls town will be given a monetary gift in their memory.

Rev. Litchfield sang three numbers "O What A Beautiful Morning," "Trees," and "Edelweiss."

Mrs. Bartelle Fries and Mrs. John Gobel were introduced as incoming district president and treasurer, respectively. The County Historian gave a brief resume of the County Clubs.

Mrs. William Escher of the St. Johns Club read the essay that won the Club Woman's Award for the St. Johns Club. The topic was "My Faith in America." She brought out the fact that America was a melting pot for

Clinton County Federation of Women's Clubs elected new officers at its 68th annual meeting which was held in Elsie last Wednesday. Seated from left are Mrs. John Spencer, historian; Mrs. Kenneth Winsor, newly elected president; and Mrs. Lawrence Hess, outgoing president. Standing from left, Mrs. Ray Miller, secretary; Mrs. Erwin McMaster, treasurer and Mrs. Harold Millman, nominations chairman. Not pictured is Mrs. James Whittemore, vice-president. Dr. Dena Cederquist was the speaker for the afternoon. She was introduced by the program chairman, Mrs. Andrew Cobb whose topic was "Nutrition—Fact or Fraud."

A humorous and interesting speaker, she introduced her talk by saying that pickles were to blame for many things, most of which were frauds. Facts brought out were from 40-42

nutrients are essential for every one; Food fadists can tell you just exactly what you need; frauds are based mostly on myths; one way to lose weight is to eat fewer calories, to gain weight eat more calories than you really need and dieting is all right as long as it isn't dangerous.

The 69th Annual Meeting of the Clinton County Federation of Women's Club will meet next spring in Maple Rapids.

The meeting closed by all repeating the Club Collect.

## LETTERS TO THE EDITOR

Dear Editor:

In reading last week's editorial, "We Support the President," it is obvious that your support for Nixon is sincere but your reasons for this encouragement are poorly based. In your opening paragraph you state, "one individual however, and only one, must bear full responsibility for consequences of actions taken." However, you close by contradicting your thesis by writing, "but let's not always point the accusing finger at Uncle Sam and the President." I ask then, who do we point at for our policy in Southeast Asia? Obviously, President Nixon must bear the consequences of what is happening.

The war is not "winding down" even though troop withdrawal continues, for the newly-developed electronic battlefield makes it possible for the United States to systematically destroy a country with almost no loss to American lives. The distance at which the killing takes place protects policy-makers and soldiers alike from witnessing the destruction they have caused. If the public is informed of the bombing (in the case of Laos they were not), they are assured that only military targets are being struck. The Press is refused first-hand observation.

You point to the North Viet invaders for the cause of great destruction and loss of life, this is true but the United States is to blame for the damage by their air attacks in Viet Nam. Our bombs kill 300 Indo-Chinese every day, 200 tons of bombs are dropped every hour, 24 hours a day, and about half the population of Viet Nam has been killed, wounded, or driven from their homes. The tonnage of bombs dropped in the three years of the Nixon Administration exceeds the tonnage dropped in the four years of Johnson's term of office.

The environment in Southeast Asia has been brutally damaged and about 60 per cent of the land will be unfit for growing food for the next forty years and over one-third of South Viet Nam forests are defoliated. The bombing that started in 1965 is equivalent to two Hiroshimas a week on Indochina. Who are we trying to fool at Paris?

North Viet Nam has agreed to take steps to end the fighting only when we stop the bombing and agree to withdraw all of our forces. If President Nixon sincerely wanted "peace for future generations" in Viet Nam, he would take these steps without hesitation instead of taking political moves only to assure his reelection.

Isn't this mass destruction of life and property cause for great concern? You criticize student riots for flaring up "with so little provocation" and that they leave only "disruption of classes and damage to property." It is sad to say that thoughts such as these lead only to greater anger and even to brutal murder such as at Kent State two years ago.

In 1968 Republican candidate Richard Nixon promised to end the war in Southeast Asia. He has failed. We therefore must turn to someone who will end the war immediately and stop the bombing. The only candidate who will is Senator George McGovern of South Dakota, who has the support of millions of people across the country.

I'm sure he has the support of Southeast Asia, too bad they can't vote, they might want to live.

Sincerely,  
Quentin Kuntz

### Letters to the Editor

Dear Editor:

It doesn't take visitors long to realize when they are in Clinton County. One hears from everybody who comes out this way, "Boy, you can sure tell when you hit Clinton County."

One has to dodge mufflers, as well as holes up to more than a foot deep in spots. Roads have washed right out and farmers in the territory have fixed them themselves. They bought gravel, hauled it and did the labor themselves. Also they've graded the roads themselves, using their tractor, gasoline, time and scrapers. For a time it was only the gravel roads. But now nothing much is done to the black top either.

Clinton County says they haven't the money. Why? Where does all the taxpayers' money go? It certainly hasn't done much good to the citizens toward the outskirts of the county. The tax money must be going somewhere. They don't even have the time to fill in the holes very often.

A large part of Clinton County has hazardous road conditions. We hope that there are enough concerned citizens to look into the situation and find out just what is happening.

Thank you,  
Lyn Rosler

**PONDER THESE INTERESTING FACTS THAT WILL SUPPORT OUR BELIEFS:**

Q. How much time will a G.E. Dishwasher really save me?

A. More than an hour a day... or 450 hours each year.

Q. What about pre-rinsing or scraping dishes before loading?

A. The built-in soft food disposer makes pre-rinsing or scraping dishes unnecessary.

Q. How much does it cost to operate a G.E. dishwasher?

A. Only about 3¢ per load... including electricity, detergent, and hot water.

Q. Will the G.E. dishwasher get dishes cleaner than hand washing?

A. Your G.E. dishwasher will clean dishes five ways better than hand washing.

Q. Does a G.E. dishwasher use much water?

A. A normal washing cycle used less than two sink bowls full of water.

Q. What other advantages does a G.E. dishwasher have?

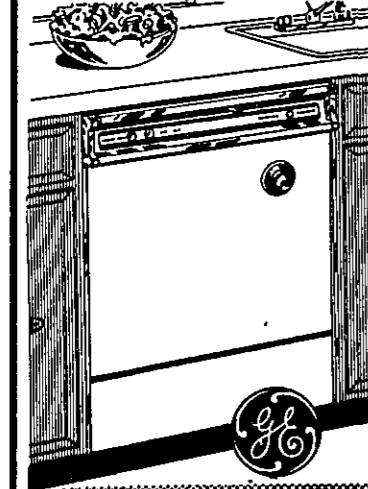

A. It keeps the kitchen neater, protects hands, dishes, glasses and makes the entire family happier.

This program turned out to be too expensive for the county, he continued. The state highway construction regulations require many added extras that Clinton County can not afford.

The county has now derived a means of raising the needed funds for the project by putting up a \$725,000 bond issue. The program is still in the planning stages, Nobis said, but if things go well, the county will borrow the money for the 72 mile construction project, with a ten year period to repay it. This transaction is legal under the Motor Highway Vehicle Funding Act, Section 143.

The entire construction will cost the county about \$775,000, said Eldridge, the remaining funds will come from county operating revenues.

# Carol George bride of Bernard Simon

MRS. BERNARD A. SIMON

PEWAMO — Carol E. George, R-2, Fowler and the son of Mr. and Mrs. Leo Simon, R-2, Fowler, exchanged wedding vows before an altar decorated with yellow mums, orange Fuji mums, blue carnations and white gladiolus at St. Joseph Catholic Church in Pewamo Saturday, April 29 at 1 p.m.

Msgr. Thomas Bolger performed the double ring ceremony for the daughter of Mr. and Mrs. Joseph

George, R-2, Fowler and the son of Mr. and Mrs. Leo Simon, R-2, Fowler.

Wedding music was played by organist, Mrs. Ernest Schafer.

Given in marriage by her father, the bride chose a white gown of silk organza over taffeta with an empire waist, white satin ribbon around the waist formed a bow. The gown featured an over skirt edged with Chan-

illy lace flowing from the waist into a chapel-length train. The bodice, with short puff sleeves, and the train were trimmed with green rosettes. A finger-tip yell of satin illusion tulle was secured by a rose petal headpiece and she carried a colonial bouquet of Phalaenopsis orchids, orange sweet hearts, white pom pon and baby's breath.

Connie Vance of Lansing, a friend of the bride served as matron of honor and Norma Schrauben of Pewamo, cousin of the bride and Rosie Simon of Westphalia, sister of the groom served as bridesmaids. Julie George of Pewamo, niece of the bride was flower girl. The attendants wore floor-length gowns of orange floral print styled with a princess waistline, full Bishop sleeves and a slightly ruffled oval neckline. The flower girl was gowned similar to the bride. Each wore a headpiece of many multi-colored flowers with orange veiling and carried parasol baskets of yellow daisies, blue stephanotis, pink daisies, orange sweet hearts and baby's breath. The flower girl carried a nosegay of pink, lavender and blue.

Bill Simon of Westphalia brother of the groom, served as bestman. Groomsmen were Bruce George of Pewamo and Glen George of Lansing, both brothers of the bride and serving as ushers were Luke George of Fowler, brother of the bride and Edward Simon of Lansing, brother of the groom.

Following a reception for 350 guests at St. Mary's Hall in Westphalia the new Mr. and Mrs. Simon departed for a wedding trip to the Bahamas.

The couple will make their home in Fowler.

MRS. JERRY MCGRAW

# Miller-McGraw wedding rite held

OVID—Susan Marie Miller and Jerald Robert McGraw exchanged wedding vows before an altar decorated with white glads and pink mums, at the First Baptist Church of Ovid, April 22 at 7 p.m.

Hurricane candles with pink roses and baby's breath flickered in each window of the dimly lit church as Rev. Earl C. Copelin performed the single ring ceremony.

Parents of the couple are Mr. and Mrs. Robert L. Miller, E. M-21, St. Johns, and Mr. and Mrs. Jerald O. McGraw, Trails End, Lake, Mich.

Given in marriage by her father, the bride chose a Victorian-styled gown of silk organza and hand-clipped Chantilly lace, high neckline, and long puffed sleeves. The bell skirt was adorned with lace motifs. A tiered imported illusion veil of chapel-length, edged with lace, formed the train to her gown. She carried an open Bible with a cascade cluster of pink sweetheart roses, pink starflowers, and ivy.

Mrs. Sally Long of Elsie was her sister's matron of honor. Bridesmaids were Dee Johnson, Jan Crosslan, and Laura Green, all friends of the bride.

The attendants wore floor-length gowns of pink chiffon, styled with high neckline, long sleeves and floating skirts. White lace, interlaced with pink satin ribbon, trimmed the neck, sleeves, and bodice. They wore matching headpieces of pink motifs that secured the veils and each carried a white lace parasol filled with miniature pink carnations, daisies, starflowers and fern.

Best man was Richard Lee of Lansing, friend of the groom. Groomsmen were Jere Gelsenhaver, Larry French and Roger Peltier, friends of the groom. Robin Miller, brother of the bride and Dave Long, brother-in-law of the bride, served as ushers.

Mrs. Harold Beardslee, organist, played the traditional Wedding March and also "Just A Closer Walk

With Thee" after the lighting of the Unity Candle.

Mr. and Mrs. Joe Mesh hosted the reception for the 150 guests at the Veterans Building in Ovid, immediately following the ceremony.

Special guests were Mr. and Mrs. George B. Mesh, St. Johns, and Mrs. Martha B. Miller, Fowler, grandparents of the bride.

Upon their return from a wedding trip to Fort Walton Beach, Fla., the new Mr. and Mrs. McGraw will reside at 1100 W. Rundle, Lansing. Mrs. McGraw is employed at the Bank of Lansing and her husband by Butterfield Theatres.

## Rochon, Seger complete course

ST. JOHNS—George Rochon, a switchman for General Telephone, St. Johns, has completed a course in basic carrier systems at the company's training school in Owosso, William Graef, St. Johns district manager, announced.

In addition, Rochon is presently enrolled in a two-weeks' advanced course in type 46B carrier at the same school.

These service training courses, part of more than 120 offered by Gen Tel as part of its continuing craft employee training program, provides students with the basic and specialized theory necessary to maintain "carrier systems" a means of

superimposing additional current and voice channels on existing long distance voice circuits.

Rochon and his wife Sharon live at 601 S. Kibbee, St. Johns, with their two children, Shelly and Scott.

Gil Seger, a St. Johns switchman, recently finished a course designed to provide the employee with knowledge and skill in adjusting "step-by-step" equipment, including instruction in timing and pulsing, analysis of equipment failure and adjustment of rotary switches.

Seger lives with his parents Rex and Georgia Seger, R-2, Springport.

Mrs. William Stewart, president of the local Woman's Christian Temperance Union congratulates winners of a recent poster contest, sponsored by the organization. Winners, from left to right, are Janie Thrush, first place; Jill Guernsey, second and Kathleen Beagle, third place. The contest was in conjunction with Youth Temperance Education Week which is held each year in April. The 17 students participating in the contest displayed a positive approach in their original creations suggesting positive advantages of abstinence rather than destructive results of drinking and smoking. Besides Mrs. Stewart, judging the contest were Mrs. Gordon Salisbury, Mrs. Oliver Beck Jr., other local officers and Mrs. Carl Bare, member of the art department at the school.

## Open Letter from VAN W. HOAG

Dear friends, It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family. The clergyman should be consulted in matters that concern him before any decisions are made.

# O-E stops Lancers - first MMB win Warriors top Redwings

By TIM YOUNKMAN

MIDLAND-The Ovid-Elsie Marauders held off a seventh-inning Bullock Creek rally to get back on the winning track 6-3.

The Marauders picked up their first run in the second inning when Norm Smith singled, stole second and went to third on a deep fly out. Smith scored when Russ Shively tapped the ball to the pitcher who threw to first without checking the runner.

They scored two more in the fifth inning on singles by Dan Hoshield and Gary Groom a sacrifice by Pete Garcia, a ground out and wild pitch.

The lead went to 4-0 in the sixth inning as Rob Leslie singled and went to second on an error. A wild pitch sent him to third and came home on a squeeze

bunt by Shively. The game turned into a near rout in the seventh. After one out, Jack Bashore walked, Bill Foran was safe on an error and Leslie was safe on another error to load the bases. After Smith struck out, Dan Egbert squeezed in Bashore with a suicide bunt.

On the play, Lancer pitcher Brian Marquardt threw the ball away and Foran scored.

The Lancers picked up their only runs on a towering home run blast by Jeff Walters after Brent Eastman singled and Roger McIntosh doubled.

Groom went the distance for the Marauders for the win allowing seven hits, while striking out five and walking two.

Marquardt pitched six and one-third innings for the Lancers giving up six hits, three walks and struck out

five. Jim Stone came on to pitch the final two outs in the seventh inning, picking up one strike out.

A combination of heads-up baseball by the Marauders and Lancers errors cost Bullock Creek the game,

O-E Coach Jack Nutter said. The Lancers committed eight errors.

"We picked up our runs instead of leaving them on base," he said. "We squeeze bunted in two of our runs and Dan Egbert and Russ

Shively did an excellent job of bunting.

"We got the breaks and took advantage of them."

He said Groom pitched a good game but was tired during the last two innings. The win was Ovid-Elsie's

first Mid-Michigan B Conference win and Bullock Creek's first MMB loss. Ovid-Elsie now holds a 2-2-1 mark and 1-2 in the league.

# Warriors top Redwings

LANSING-The Waverly Warriors continued their dominance over the St. Johns Redwings by dropping them in baseball Thursday 12-7.

The Redwings started off with a two-run jolt in the first inning at Warrior field here. Jim Harte ripped a single with one out and Greg Lundy powered a two-run homer to give St. Johns the lead.

But the Warriors came right back with two of their own on three singles and two walks.

St. Johns pushed across a run in the top of the third inning to take a short-lived lead on a triple by Lundy and an error. Waverly exploded for five runs in their half of the inning on a three

walks, an error and a grand slam home run by third baseman Bob King. That made the score 7-3.

The Warriors put the game away when Jesse Gallegos slammed a two-run homer in the next inning.

The Redwings fought back for four runs in the sixth on four walks, an error and a triple by Dave Rademacher.

The Warriors added one more in the fifth and two in the sixth to win the West Central Conference contest.

Dean Eberhard took the loss and had relief help from Jim Schumaker. Gallegos was the winner and went the distance for Waverly.

The Wings fared better Tuesday (April 25) when they shutout the Grand Ledge Comets behind the one-hit pitching of Jim Schumaker, 5-0.

The Comets, playing on the Redwing diamond, scratched out their lone hit in the third inning when Ray

Knapp hit a double but was left stranded.

St. Johns picked up two runs in the first inning when Lundy tripled and scored on a dropped fly ball that allowed Rademacher to reach base. He scored on a single by Bob Elliott.

They scored three more times in the fourth inning on a single by Kevin Hayes, a double by Bruce Irish, another single by Schumaker and a walk to Rick Longoria.

Schumaker picked up the win for St. Johns.

The line scores:  
St. Johns 201 044 0 - 7  
Waverly 205 212 x - 12

Grand Ledge 000 000 0-0

## Green Tee

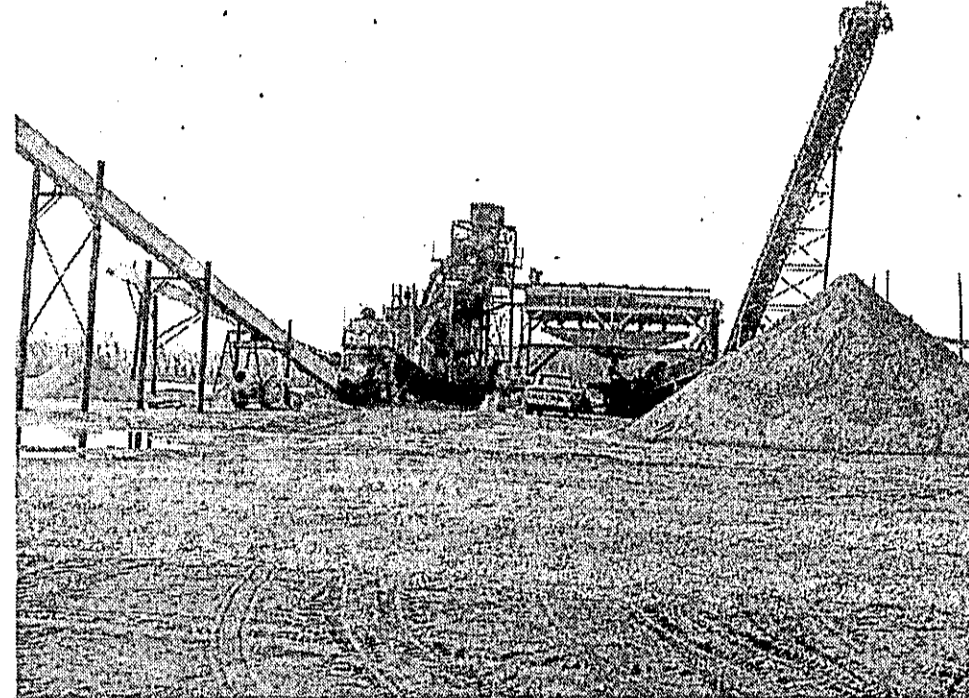

The Green Tee board members of the Clinton County Country Club entertained 43 members at the opening breakfast last Wednesday.

Spring was only evident inside, with the tables decorated with daffodils and forsythia, however some of the harder golfers braved the cold conditions and headed for the greens following the meeting.

Margaret Stachel, Green Tee president, introduced Kenneth Munger who presented updated golf rulings. Golf Chairman, Billie Gutshall outlined the summer events taking place throughout the season.

Golf prizes were won by Jane Beach, Wanda Fox and Bev Bovan.

The girls will be out each Wednesday at 8:30 a.m. and would like more members joining the fun.

SAND CLASSIFIER

Karber Gravel Company has recently installed a sand classifier which grades sand for the controlled production of concrete and mortar sand. The classifier separates the sand into eight different gradations and automatically blends pre-set amounts of the grades for the specific sand mixture needed. The sand then travels on 60 foot and 120 foot conveyors and is stacked for future use. The company also produces 6A gravel, block sand, fill sand, pea stone and oversize stone.

# O-E Wins despite weather

**OVID-ELSIE** — The cold wind and drizzle that swept across the Ovid-Elsie all-weather track Monday night didn't hinder the Marauders' spirits a bit as they won their third consecutive Clinton County track meet.

The meet, sponsored by the Clinton County News, was won easily by the Marauders who gathered 96 points, well ahead of second place Bath with 63.

It was a good showing for the Bees who made their first appearance in the all-county event in several years. Before the meet, a poll of the coaches indicated the Bees had the best chance of toppling heavily-favored Ovid-Elsie.

DeWitt placed third in the meet with 46 points, followed by St. Johns with 39, Pawamo-Westphalia with 23 and Fowler with 13.

The poor weather took its toll early in the meet when Gordon Baker, running well ahead of his foes in the third leg of the 880-relay, tripped and dropped the baton. That slip allowed DeWitt's anchorman Mike Snider to jump ahead in the final sprint.

Tim Bouck of Ovid-Elsie fell during the low hurdles and cost the Marauders some cushion points.

Despite the weather, two meet records were established in the high jumps and

the 440-yard relay. Bath's Paul Stoll jumped 6-0 in the high jump event beating the old record of 5-9 set in 1968. Bath also set the mark in the relay with a 47.4 time, but it was the first time the event had been run in the county meet.

In that high jump event, Bath's Roy Dobson and Mark Graham came in second and third and DeWitt's Tom Ashley and Jim Tews landed fourth and fifth spots.

In the 440-relay, DeWitt trailed Bath, followed by St. Johns, Ovid-Elsie and Pawamo-Westphalia. Bath's team included Brad Schably, Dobson, Ed Osenga and Steve Baese.

In the Shotput, the Marauders captured the first two spots as Lynn Webster tossed the weight 47-7, followed by Rob Nethaway. Third place went to Dave Speerbrecker of St. Johns, Chuck Thelen of Ovid-Elsie and Chuck Bengel of P-W.

O-E's Tim Bouck won the long jump with a 19-1/2 effort. Second went to George Rosener of St. Johns, followed by Brad Hiltz of DeWitt, Bob Hunter of St. Johns and Jim Lawrence of O-E.

The team of Rich Albertson, Tim Farr, Randy Pitts and Mike Snider captured the 880-relay for DeWitt with a time of 1:39.8. They were followed by teams from Bath, O-E and P-W.

DeWitt's Doyle Foland took the two-mile run with a time of 10:29. Others, in order, were Dan Fedewa of P-W, Wayne Fedewa of St. Johns, Tom Townsend of Bath and Mark Hanson of Bath.

Jim Lawrence of O-E took the 220-yard run with a 24.65 time. He was followed by Steve Hanses of P-W, Gordon Baker of O-E, Doug Kesson of Bath and Randy Simon of Fowler.

The O-E team of Rick Gruesbeck, Ralph Lockwood, Curt Baese and Jim Kelley took the mile relay event with a time of 3:40.6. They were trailed by DeWitt, Bath, St. Johns, and P-W.

In the 440-yard run, Lawrence of O-E topped the competition with a 53.6 time, followed by Lockwood of O-E, Joe Green of Bath, Steve Flegel of St. Johns and Ted Day of Bath.

Bob Hunter took the low hurdle event with a time of 22.55, with DeWitt's Brad Hiltz placing second. Others were Jeff Smith of Bath, Gary Simon of P-W and Mike Snider of DeWitt.

Rick Gruesbeck topped the field in the 880-yard run with a time of 2:05.1. Marc Flegel of O-E was second and Jim Kelley of the Marauders placed third. Dan McKenzie of St. Johns was fourth and Gary Shaw of Bath was fifth.

In the high hurdles, John Peters of O-E downed the competition with a time of 15.7, followed by Dobson of Bath, Bouck of O-E, Gelger of O-E and Hiltz of DeWitt. Fowler's Bob MacKinnon won the Mile run with a time of 4:52.9. Others finishing, in order, were Tom

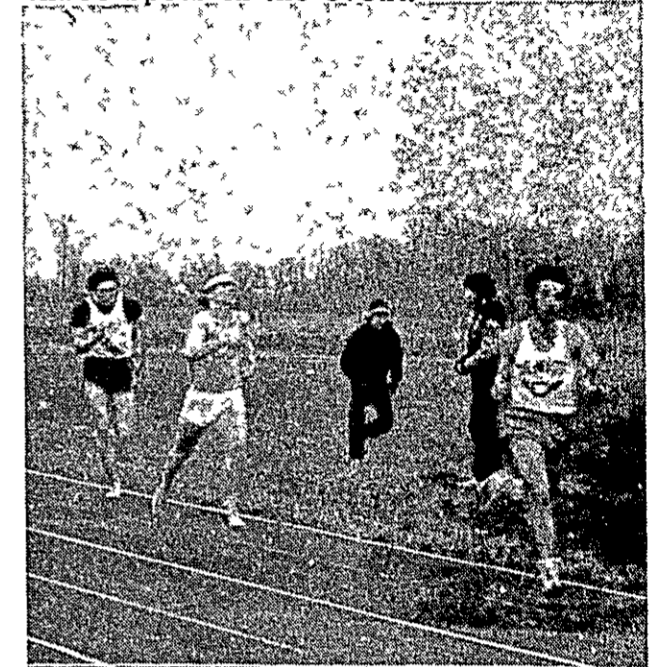

Reed, of DeWitt, Kurt Baese of O-E, Dale Miller of O-E and Glen Tarrant of Bath.

With the third straight win, the Marauders can put the News traveling trophy in their showcase for keeps and a new one will be the featured prize for next year's event.

of Bath and George Rosener of St. Johns.

Bath's Mark Graham is a blur as he streaks over the bar in the high jump. The Bees took the top three spots in the event.

DeWitt's Mike Snider sprints across the finish line with a win for DeWitt as part of the 880-relay team

O-E's Jim Lawrence leaps long for points during the long jump competition Monday night. He finished fifth in the event which was won by teammate Tim Bouck.

Gary Rappuhn of St. Johns flies high in the opening round of the pole vault. He landed a fourth place spot and teammate Ron Jones won third.

## Good shepherd

By REV. HUGH BANNINGA

The third claim that Jesus, the good shepherd, makes is that his heart goes out to other sheep who need him. He said, "And I have other sheep that are not of this fold; I must bring them also, and they will heed my voice." Jesus was saying that there were others who were not within the fold of Judaism, and these people needed him. These were men and women scattered throughout the Gentile world. These were people who, when they heard his voice, would give heed to him; and He would

gather them also into the fold.

Speaking to this point, one writer puts it this way: "How well for us that our Lord's heart was so catholic; that he broke through those national limitations of which he sometimes spoke as if he felt that he was confined within them; that he reached out in yearning for those dim masses of the Gentiles—each one of them an immortal soul; each one of them facing the difficulties of his lot, and often puzzled and perplexed by what life

had brought on him; each one, of them betrayed by his own foolish heart into unworthiness and sin; all of them strayed and lost, and in desperate need of someone who could shepherd them."

— Jesus had a heart that was catholic — universal — concerned with all mankind. This catholicity he instilled in his disciples. He told them, "Go, therefore, and make disciples of all the nations, baptizing them in the name of the Father, and of the Son and of the Holy Spirit."

His disciples did just this. Tradition tells us that Thomas went to India as a missionary. As a result, the ancient Mar Thoma Church of South India bears his name. Other early writings say that St. James went to Spain and that St. Mark made his way to Egypt as a missionary. Yes, because Jesus' heart went out to other sheep who needed him, His gospel of love has been spread all over the world.

Yes, His gospel of love has been spread everywhere — even here in St. Johns. We have Christians here who are responding to the needs of the poor. We have Christians who are responding to the special needs of the sick.

Yes, there is an ecumenical spirit of Christian love being expressed in St. Johns that is simply beautiful! You can't describe it any other way.

Because Jesus' heart went out to other sheep who needed Him, His gospel of love has been spread all over the world.

**ELSIE**  
Mrs. Cereta Thornton was honored by a bridal shower at the home of Mrs. Max

Hott on Walker Road, St. Johns, Tuesday evening. A garden theme was used in the decor.

Gifts presented to the guest of honor included straw garden hat, gloves, small tools, bulbs, rose bushes and numerous necessities for the garden.

The thirty guests were served punch and cake after a social period of games. Mrs. Thornton's marriage to Kenneth Kiger of Sevey Road, Elsie will take place June 12 at the United Methodist Church in Du-plain.

Linda Sheldon was honored Tuesday evening with a personal shower with Roxie Pearce as hostess at the home of her parents, Mr. and Mrs. Roy Wilson in Du-plain.

There were 36 girl friends and schoolmates present from Ovid and Elsie.

After several games, the hostess served refreshments using a white, pink and blue color theme for the bride's cake.

Miss Linda Sheldon will become the bride of Jim Miller next month.

Mrs. Lella Wilson of Elsie Chapter No. 69, as chairman of the Fraternal Sunshine committee of the Michigan Grand Chapter attended several OES events the past week.

They included a reception to honor Ernestine Manchester, grand organist at Clinton; reception for Betty Clark of General Grand Chapter in Jonesville; 75th anniversary of Mattawan Chapter OES; and reception honoring Evelyn Brunner, Special Grand Committee on Membership, at Burr Oak.

Among Elsie patients at the Owosso Memorial Hospital are: Amy McAninch of Lusk Road; Mrs. Heppner, 110 Cedar St. and Ford Stinebower, 451 N. First St., Elsie.

## Carland News

by Mrs. Pudge Deming

Walter Kusnier, son of Mr. and Mrs. Mike Kusnier of rural Carland, spent the weekend home from the Houghton Engineering College in the Upper Peninsula. Walter's roommates, Greg Greetis of Barryton, Illinois, and Tom Walent of Salamanca, New York came with him as his house-guests.

Walter is majoring in electrical engineering and they all enjoyed the Michigan spring-like weather, as they still have snow-banks in the Houghton-Hancock area.

Mrs. Amby Gould has returned to her home from spending many weeks in the Owosso Memorial Hospital.

## Bands in Review program this week

ST. JOHNS - The ninth annual bands in review concert will be held in the high school auditorium on Tuesday and Thursday evening this week at 7:30 p.m. The program culminates the concert season for the several bands in the music department starting with the beginning band to its ultimate development with the high school concert band.

Guest conductor for the evening will be Irvin Van Sluyters, president of the Lansing Conservatory of Music. A former music teacher, he has been directing bands and orchestras for the past 15 years in Michigan's public schools. He has served as president and vice-president of the Michigan School Band and Orchestra Association. In 1953 he left teaching to organize the Lansing Conservatory.

James Bargar, of the high school art department, will be the master of ceremonies for the evening and Lois Toth, a student teacher at Michigan State University will be conducting both evenings.

During the evening performances several awards and scholarships will be presented including the freshman award, outstanding musician, John Phillip Sousa award, Donald Tatroe Memorial award and a service award.

Both evening concerts will have a variety of musical arrangements designed to

## Carland News

The Carland Extension Club met at the home of Mrs. Paul Darling this week with seven members present with Mrs. Ina Woodworth giving the lesson.

Officers were elected as follows: Mrs. Edith Oberlin, chairman; Mrs. Fran Nethaway, secretary and treasurer.

Mrs. Clara Horn, Mrs. Linda Austin and Mrs. Edith Oberlin were among the expansion personnel who flew over Shlawassee County, Wednesday, to study the terrain and the planning of the future park of Sleepy Hollow.

Mr. and Mrs. Leo Deming and her parents, Mr. and Mrs. Lew Walling of Elsie, attended a birthday party for their grandson and great-grandson, Brian Richard Mead's 2nd birthday, Saturday evening held at the home of his parents, Mr. and Mrs. Richard Mead in St. Johns.

by Mrs. Pudge Deming  
May 17 was the date set for the Mother and Daughter banquet to be held, with Mrs. Edna Horn as the general chairman.

"Does The Family Have A Future," was the topic chosen by Mrs. Louis Goodrich for the lesson and group discussion. A silent auction will be held at the next meeting which is to be held at the home of Mrs. Ruby Taylor. Mrs. Horn's three daughters, Mrs. Joan Parks, Mrs. Pat Chamberlain and Mrs. Thelma Goodrich served the refreshments.

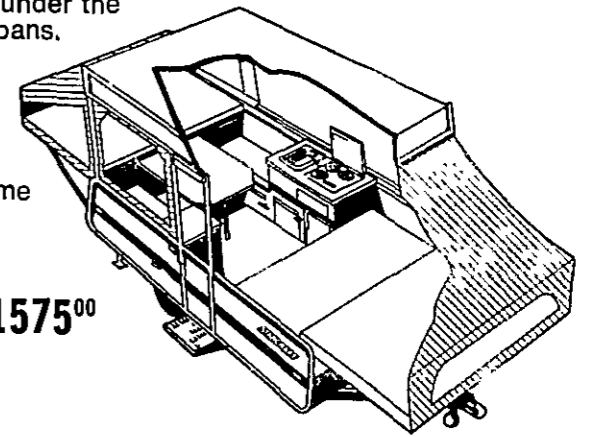

Students in Vera Austin's primary special room at East Essex School will be having a weiner roast soon with money they earn from a candy sale. The sales are designed to aid the students in learning to make change and also in how to meet the public. Involved in the project are, from left, Deborah Phillips, Lisa Cox, Billy Rhynard, Alfred Bolles, Jim George and Michelle Low.

Card of Thanks

CARROLL - How do you say "Thank you" to wonderful people like you? "Thanks" isn't enough, but yet words could never express our deep appreciation to Reverend Litchfield for the touching, beautiful service and comforting words, to Carters, to Reverend Cope-land and Pastor Gassman for their words of comfort, to the Pallbearers, to MMPA for the beautiful flower arrangement and to the United Dairy Workers Local No. 86 for the beautiful Bible we shall always treasure, for the beautiful flower arrangements, plants, cards, gifts of money and food from our Ovid-Elsie neighbors and friends, friends from Universal Electric Company, friends from Strawline Company, friends from Dowther Jarvis in Grand Rapids and Hastings, friends from Petoskey, to the Elementary and Junior High schools of Ovid for the beautiful plants, to Tammy's sixth grade class for the beautiful rose and gift of money, her Girl Scout Troop No. 74 for the beautiful flower arrangement, to the First Baptist Church for the beautiful plant sent to her and lastly to everyone who in any way helped to make our grief a lot easier to bear. Here is our best way of saying "Thank you" in memory of Lyle who loved all my poems, and was my favorite critic. May God smile down and bless you, Each day the whole year through, The world's a better place for me, Because God made friends like you, God bless you all.-Bonnie Carroll and children and the family of Lyle Carroll. 2-1p-nc

WIEBER-We would like to take this opportunity to express our sincere thanks for the many acts of kindness extended us during the loss of our loved one. ### On common ground

By: CHRIS RIDDLE  
Clinton County Common Ground

Much is said about drugs today, but little constructive action is taken to insure against dangerous misinformation.

This column is intended to provide the citizens of Clinton County with up-to-date, accurate information on the effects of drugs on the individual and society. This service is provided by the Clinton County Common Ground through the Community Mental Health's Comprehensive Drug Treatment Program. The Common Ground is a crisis intervention and drug information center staffed with trained volunteers from the community.

May 1 was the opening day of this telephone and walk-in service located at 201 1/2 N. Clinton Avenue in downtown St. Johns. Questions concerning drugs may be called in (224-6711) or mailed to the center and may be answered in this column.

The office space for the Common Ground has been donated by Mr. Raymond Parr.

The following services are offered by the crisis center: TELEPHONE HOTLINE (Monday-Saturday; 3 p.m.-7 p.m.) residents may call from anywhere in the county collect. Service is anonymous, so the caller need not give his name. The phone service offers drug information, personal crisis intervention, someone to talk to, and when necessary, emergency first aid for drug overdose on location. Referrals are made to and from existing agencies.

WALK-IN SERVICE: (Monday-Saturday; 3 p.m.-7 p.m.) This provides anonymous drug analysis, crisis intervention and a place to talk to someone who will listen. Drug overdose emergencies may also be handled at the center.

A speaker bureau is also coordinated through the center with access to up-to-date films and literature available. In the area of education, the Common Ground is able to coordinate drug education programs for implementation in the school system and for adult organizations seeking this.

The staff is composed of community volunteers, one half-time paid supervisor and a psychologist for eight hours each week. All volunteers are required to attend a 36 hour training program in listening skills, empathy training, methods of referral, handling of specific crisis situations and observing a similar operating center in Lansing or East Lansing.

Due to the non-judgmental approach of the volunteers, listening skills are sought more than specific problem solving techniques. Therefore, the larger part of the training will deal with developing these skills.

Resources for training are from the Governor's Office of Drug Abuse and Addictions and Community Mental Health. Funds are needed from the community to train volunteers in order for extended operation of the Common Ground to begin.

### Letters to the Editor

Dear Editor:  
It's "that time" again, when the dirtiest word in Michigan language, "millage," crops up and our legislators wait to see if property owners will pick up the check again so they won't have to stick their neck out and put the school load where it belongs.

As one farmer once put the problem to me, he is getting fed up with irresponsible kids moving out in the country while holding good paying jobs in town, building little "cracker boxes" on the corner and then voting

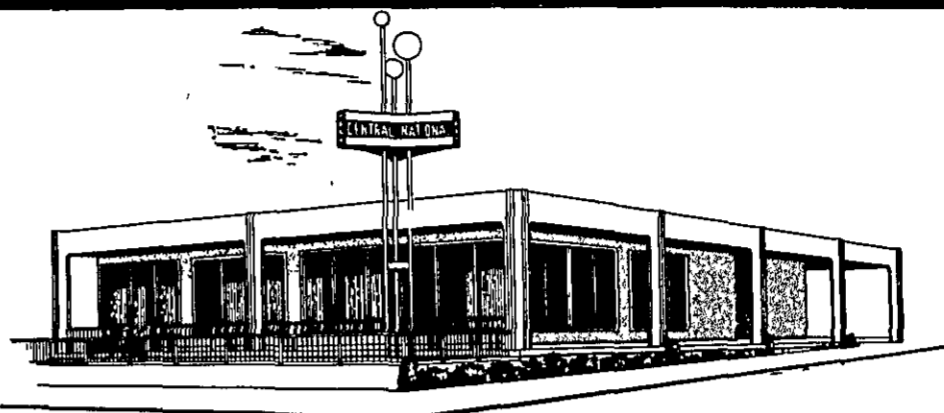

taxes onto him.  
But all taxes have become too high due to runaway costs of schools and government services demanded by those who still think they can get something free, and this farce has reached such a ridiculous stage that even irresponsible young parents in cracker box houses should begin to learn that taxes can become confiscatory and that any loss of, or even major reduction in their jobs can cause the loss of their homes through tax sale.  
And if we place confiscatory taxes on business

property, how much longer can business provide jobs? Rejections of millage proposals appear to be the only tool we have left to convince apathetic parents and those in government who represent them, that when we breed like rats, and insist like rats on living on something taken from others, sooner or later we are going to meet the usual fate of rats, which is either to be killed off by some force outside our communities, or starved down to the level where sufficient means of subsistence, be it school, welfare money, or perhaps even food, is available. If

one wishes to dance, one must pay the fiddler!  
This year a new wrinkle has been added in the eighteen year old, so-called "young people's vote." It is disheartening to note that the same old warmed over slumgullion soup is being dished out to our new voters as has been used to pull the wool over the eyes of their parents and grandparents for so many years. A recent example was the gloating by the head of Lansing Community College that this "youth vote" aided his "extra mill" program. Of course one mill doesn't hurt much.

But laid end to end for "education," as they have been for too many years now, the burden finally becomes impossible for farmers who haven't had a real raise for years and senior citizens on retirement incomes to bear. In fact it has become like the "humane" practice once popularly attributed to the kindly little old lady who had her dog's tail cut off an inch at a time "so it wouldn't hurt so much."

### Hail to the firemen

The volunteer fire department is one of the important local arms of government which you don't hear much about, or for that matter, give much thought to until time of need. Then, you're surely glad they exist and for the most part perform with dedication and skill.

It has been said volunteer firemen are a breed unto themselves, and we're inclined to believe it. For instance: Whoever heard of a man who is willing to be on a 24-hour duty with little financial remuneration for the dubious privilege of protecting his neighbor's property?

Whoever heard of a man who will dash from his desk and ride a "fire wagon" to the scene of the alarm ruining his suit, neglecting his business, risking his life and exhausting himself physically, not for money but because he believes in serving his community?

It is a good feeling to know these guys are around our communities; men who have learned the value of caring for another man's property, and not destroying it. They have learned to function as a volunteer servant in behalf of his fellowmen.

Hail to the volunteer fireman.

-MacD.

### Political myths

In this much too long political year, there are myths. One is that Michigan is going to have an enormous "cross-over" of Republicans voting in the Democratic presidential primary. Supposedly these GOF votes will go to George Wallace, thereby weakening the showings of the other Democratic candidates.

The other thought is that Teddy Kennedy really doesn't mean it when he says he's not running for President. Some scripts have him emerging from the wings, taking over and crushing President Nixon in the general election.

Let's start with No. 1. Lifetime Republicans (who are in a definite minority in Michigan) aren't going to change in my opinion and vote for spite in a race in which they have little personal interest.

The United Auto Workers Union, which gives its full clout to the Democrats, is out in force this time to defeat Governor Wallace. Had Senator Muskie stayed in the race, I'd wager the UAW would have won Michigan for him.

Now for the Kennedy bit. No one questions the accuracy of the Gallup Poll these days. The Wall Street Journal hired the Gallup organization to make a survey on this matter. It found these things:

1. The people believe Kennedy when he says he isn't a candidate this year. And 63 per cent hope he sticks to his vow - that is, they don't want the Democrats to nominate him.

2. If the Democrats nominate Kennedy, only 43 per cent of the people say they would seriously consider voting for him; 48 per cent say no, and nine per cent are undecided.

There are more interesting statistics.

For instance 40 per cent of those polled think he is destined one day to be President. Another 37 per cent think not, and 14 per cent don't know.

But only one in six Americans who rule Kennedy out this year feel they would be more likely to support him four years from now.

-D.S.

### An ounce of prevention

## Public wants to know about mental problems

By Jose J. Llinas, M.D.  
Director of Community  
Mental Health  
for Clinton, Eaton and Ingham

How justified this publication was in opening its pages to the dissemination of knowledge on mental health issues, has been demonstrated by a recent Harris poll commissioned by the Blue Cross Association.

An important finding of the study, which presents the results of a national cross section of respondents, is that 1 person in 4 had someone close to them suffer from some form of mental illness.

#### POSITIVE REACTION

The public, according to the survey, supports attempts to identify and prevent emotional troubles.

Sixty-eight per cent believe "it is possible to spot potential mental illness when children are young".

Seventy-six per cent believe "each school should have a psychiatrist available for consultation and testing of children".

An overwhelming eight per

cent "would favor education in the schools on ways to recognize and care for mental illness". A majority of respondents indicated they would personally like to have more information about these problems.

A request came recently to our Mental Health Board offices, from a Lansing fifth grader, requesting information on "sanitariums".

The answer was that we do not think of the treatment of mental and emotional problems in terms of "sanitariums" anymore. It is true we still put people in hospitals, usually for short periods of time; but most of the help we give nowadays, and most of the people who come to us, receive it on an outpatient basis.

#### MORE DISCHARGES THAN ADMISSIONS

Even with the old system of state hospitals, throughout the country, the direction is clear.

Last year there was a 9% drop in the number of people in institutions, and this trend, which started back in the 1940's, will accelerate

in the near future, 1970 was the 16th year in a row in which a decline of this size occurred.

In our own State of Michigan, at one time we used to have upwards of 14,000 people in institutions. Just a few years ago, today, there are only about 8,000 patients in state hospitals for the mentally ill, and we continue to reduce that population by leaps and bounds.

#### PRACTICAL KNOWLEDGE

The Harris poll also showed that seven in ten people who had close contact with mental illness would like to know more about it, while only 5 in 10 of those who have had no contact, expressed the same interest.

What this apparently means is that the desire for information that can be used to prevent trouble is not as strong as the desire for information that can be used to help correct a problem once it has occurred.

But we shouldn't be discouraged about it. It is an old story in medicine that

## Back Through the Years

ONE YEAR AGO

## View from the Senate

As the old adage goes, sometimes the cure is worse than the disease.

Because the State Senate so far has refused to buy a passel of "pig-in-a-poke" anti-pollution laws, it has come under fire from environmentalists and metropolitan newspaper editorial writers, who often shoot first and look afterwards.

Laws to clean up the environment are fine, but care must be taken to see that they don't compound the felony - that they don't result in a situation even worse than the one they are designed to correct.

When the Senate counsels for some restraint on these proposals, journalistic character assassins often wear their knives and yell "conflict of interest" even though it is only common sense to be sure of the solution to the problem.

The U.S. House of Representatives Public Works Committee recently was given a graphic picture of what actually could happen if environmentalist "extremists" had their way completely.

U.S. Rep. Clarence E. Miller of Ohio said a chemical company in his state was being impounded to totally eliminate waste water discharge from its plant.

To do this, it would have to use 9,000 tons of chemicals, 1,500 kilowatts of continuous electric power, and steam that would require 19,000 tons of coal to produce.

Officials estimated it would take 15,000 tons of natural resources to produce the chemicals and 6,000 tons of coal, to generate the electric power needed.

Production of 1,500 kilowatts of continuous electric power would foul the air with 300 tons of fly ash, 350 tons of sulfur oxides, 60 tons of nitrogen oxides, and billions of BTUs in waste heat each year.

Rep. Miller said about 9,000 tons of waste chemical sludge would result annually at one plant, which would create a separate solid waste disposal problem.

The Ohio Congressman said it would take 40,000 tons of natural resources to remove 4,000 tons of pollutants from the water and 20,000

## Keep it meaningful

By TIM YOUNKMAN

Since this is my last column for the Clinton County News, I would like to use some of this space to thank all of those who have helped me along the way.

In particular, I must thank DeWitt Supt. James Ritchie and board of education Pres. Willard Reed and DeWitt Mayor Lawrence Keek for their assistance in my first assignments as a reporter for the News.

There are many others who have been helpful, but I would like to use this final column to present a parting thought.

Often there is criticism of a newspaper when it changes news emphasis to a broader comprehensive county-wide journal. It hasn't been easy since the population is

divided between suburbanites and rural residents. It isn't always easy to keep pace with the times either.

There are always areas of improvement in any business and the newspaper field is no exception. But the Clinton County News has done an honest job, with a limited staff, to report the events in the county.

With 50,000 people, each in a group or organization that needs recognition plus county, city, township, police and school coverage, there is a need for closer contact between the writers and the people.

My successor will require the aid of at least one spokesman from each group to help publicize interesting and timely events. Too many

groups depend on a single phone call a month ahead of time as adequate notice, but with each club or organization doing this, there is room for confusion.

I've noticed that there is no formal link between the communities in the county, except through the newspaper and it's time people realized that the News can be a valuable asset to their community.

So in parting, I urge spokesmen for groups, clubs, school associations and those in government to keep a steady contact with the local paper.

Keep it meaningful. Instead of criticizing it, help it out. Use it as a voice of local sentiment and a platform for new ideas.

## "If It Fitz . . .

## He wants to see Nixon

Editor, Lapeer County Press

"By Jim Fitzgerald

This father was serious. He has 2 sons fighting in Vietnam and he wants to talk personally to President Nixon about getting them out alive. He thought maybe I could pull the strings to get him inside Nixon's office.

It is to laugh. I explained to the father that he was vastly over-rating the influence of a country editor-columnist. If he didn't mind standing in line, I told him, I might be able to get him into the mayor's office in the back of the hardware store. That is the extent of my clout.

The father shrugged and left. And now I'm feeling lousy for having laughed in his face. Sure, he should realize the President talks only to Kissinger and the TV cameras. But that father is afraid he'll never see his sons alive again. He wants to talk to the man who is risking their lives. Is that really so irrational?

I remember when I had a solution for ending the U.S. involvement in Vietnam (I love that word "involvement." When you say it real quick, you don't get a bit of blood on your teeth). My suggestion was a constitutional amendment requiring the President to attend the funeral of every U.S. citizen killed in Vietnam. I figured he'd prefer bringing the boys home to sitting down with their parents and explaining how Junior died for the Bay of Tonkin.

I expounded that brilliant idea many years ago. Egad, I should be a Democratic candidate for President. I've been a dove longer than Senator McGovern. I was against this stupid war way back when the French thought it was a good idea. But, of course, I cheat. I'm even against fist fights.

Lyndon Johnson was chief honcho when my

funeral column somehow leaked into the White House. The general in charge of screwball newspapermen immediately wrote me a stuffy letter explaining that the President didn't have time to attend all those funerals (the fatality count was about 30,000 then, with thousands more accurately penciled in by Pentagon prognosticators). But, the general assured me, the President was certainly concerned with the suffering of survivors. To prove it, he sends them all medals.

I then wrote another column suggesting what the general might do with his medals. And I haven't heard from the White House since.

Some people will tell you things are better today. Nixon is "bringing the boys home" (in time to vote for him) and the U.S. casualty rate is so low, the President could almost find time for the funerals.

For the United States, the war has become an impersonal, automated event. We fly out and drop tons of bombs and return home in time for a hot dinner. Of course we kill thousands of people, including women and children, but they're just "gooks."

But those slant-eyed people bleed as they die; the same as Johnny. Their families cry. And a child with no parents is an orphan, in Thanh Hoa the same as in Toledo.

So I would expand my constitutional amendment to include funerals of the enemy. The President, through an interpreter, could explain to a mother that he killed her son in Cambodia to keep the Communists out of New Jersey.

That'll be the day. That'll be the same day I get that father in to see Nixon.

## From the state house

By DICK ALLEN  
88th District Representative

Allen is at it again.

As a member of the minority party in the House, it is somewhat difficult to get major bills passed as chief sponsor. However, as much and sometimes more can be accomplished with amendments to major bills.

I have told you before about my property tax credit amendments to the Income Tax Bill, agricultural amendments to labor and other bills, bicycles and trails in the Transportation Package, etc. Dropping for the moment my usual modesty, I would admit to being the House's amendment expert. Few major bills go through without an "Allen amendment".

The Social Services Appropriation Bill is now before us. This includes programs from crippled children to old age assistance with ADC a large and controversial slice of the pie. The total Bill including federal matching funds is well over one billion dollars. I have a modest little two million dollar amendment.

UNDER current law welfare mothers can get family planning services (birth control). However, "caseworkers may inform welfare recipients of the availability of such services ONLY UPON REQUEST".

Last year only 11 per cent of recipients took advantage of these services. In a recent New York study, 70 per cent of the births to ADC mothers were illegitimate. Probably Michigan statistics would be similar.

Many people believe women have these children

in order to get more welfare. I do not. At less than \$5 per day, this would be ridiculous. They could make more than that taking care of someone else's child and only have it 40 hours a week.

They have these children because they do not use birth control. Many of them do not know much about birth control and do not know about the availability of family planning services. Because their caseworkers CANNOT tell them unless they ask!

My amendment would REQUIRE that each recipient be informed of the availability of such services and encouraged to use them. It does provide that "such encouragement shall not be coercive".

THE COST would be about two million dollars. About half of this would supply caseworkers for a half hour interview with each recipient. The other half would be for services.

The program would break even in the first year if one percent of the recipients prevent an unwanted pregnancy. Certainly the potential first year success is much higher than this.

Since some of these children would receive aid until they are eighteen, the long run potential savings are astronomical. But even more important than the dollars are the lives of welfare mothers and the children. Much public comment to the contrary notwithstanding this way of life is far from a bed of roses. Each additional unwanted child makes the situation more hopeless for the mother and all her

children. As you know, birth control is a very controversial political subject. I have failed as the chief sponsor of a number of bills in this area. Will I succeed this time? Well, on my initial amendment effort I only got 19 of 56 needed votes. But don't count me out yet. I don't proclaim myself "House Amendment Expert" without cause.

**LETTERS TO THE EDITOR**

**Nixon not realistic, News reader claims**

Dear Editor:  
Should Clinton County's voters sit back and show satisfaction with the job Richard Nixon has done as our president, they will be engaging in some dangerous political thinking.  
For only when a person looks at the facts do they realize what a critical state of affairs our country is in. In spite of all the celebrated economic policies that the president has instituted, the dollar is now worth 14 cents less than it was when Nixon took office. Unemployment has increased 65.7 per cent since January, 1969. The war in Vietnam still drags on eating up our tax dollar and affecting all of us in numerous other ways.

quality education rather than raising property taxes.  
McGovern very simply wants the adoption of policies that will start America in a new and better direction. His programs, while a retreat from the old style politics, are geared to the betterment of the average citizen and his way of life.  
And in order for these hopes to be realized, men with a new approach must be elected before our country's magnificence is confined to history books.  
A vote for Sen. George McGovern in the May 16 primary is the first step toward that realization.  
Lynn Henning

**What's happened**

Dear Editor,  
In response to your editorial of last week (May 3, 1972) "we support the President."  
Two months ago, President Nixon, on one of his national television withdrawal announcements of our troops in South Vietnam, stated that the Army of South Vietnam was now capable of holding their grounds against the enemy from the north. A few days later, Secretary of Defense, Melvin Laird, made a similar announcement, saying that our military advisers, have all the confidence in the military of South Vietnam, in handling the situation of holding the enemy. (They should be, for our advisers and military leaders have been there for sometime, now.)  
Yet, what has happened? The enemy have pushed themselves inside South Vietnam. The army of South Vietnam have been deserting their post, and running away. Now I ask you, is it worth all our tax money and loss of lives of our Airmen, to continue this bombing?  
Senator George McGovern has, always been against our involvement in Vietnam. Talk is cheap, but maybe George Romney was right, that we all are being brainwashed, by our military advisers and national leaders (Republican or Democrat) on our involvement in South

**New low**

You should and will get plenty of kudos for the leading editorial in the last News. When a leading aspirant for President criticizes the present occupant of running affairs of state purely to get re-elected it is a new low in name calling.

**Rural growth**

Dear Editor:  
I would like to use this method to thank John Glowacki for his letter to the Editor, the week of May 4th, entitled (Some Gem).  
I was beginning to think the proceedings of the Board was a waste of money and weren't read. I am glad to find they are read.  
To explain why this happened, we have heard so much about planning, orderly growth, rural living etc. and it seems no one had any answers. Now what we really wanted is beginning to happen.  
We wanted publicity on this rural building growth, in the hopes someone would have an answer on just how it should be managed.  
We knew this motion had no chance whatever of passing and had it passed the board it still would have had to be accepted by the zoning commission and get the blessings of the state. So we knew we were safe in proposing the change. It was made with one thought in mind. Make People Think!  
We know it is the great American Dream to have a home with a small acreage in the country. We also know that when enough of these homes are built in any given area it will be mandatory, sooner or later, to have sewer service.

No, we are not suggesting all houses be built in a platted area. Do you have a better idea? More homes demand more and better roads, more and better police protection, more adequate fire protection and so on. This all costs money, lots of money, and only one source to get it from. From past history, the same farms that are selling these building sites will be required to pay a good portion of this.  
The question of whose interests do we have in mind when we do things like this? It is the majority of the people and their welfare that deeply concern us.  
We want and welcome suggestions as to how to handle this growth for the eventual benefit of all. If you have any suggestions, please feel free to contact your commissioner and talk it over with him. I know it will be appreciated.  
Respectfully,  
Walter Nobis  
Derrill Shinabery

**Wallace stand**

To the Editor and Mr. Schmaltz Article,  
I am enclosing "The Wallace Stand" to be published in answer to your "Frankly, I think" paragraph of "Bits & Pieces" in Clinton County News, April 26, 1972.

How can anybody damage the party structure of either Democrats or Republicans as the program and policy has steadily robbed us of our freedoms for the last six Presidents regardless of the party they were identified with when elected.

Why don't you expose the Council on Foreign Relations that holds such a "whipland" in Washington that President Nixon nominated and appointed 110 members to Government Posts spreading them into as many departments for influence to destroy our U.S. Constitution and promote World Government. I think, with a Government Constitution For The People, By The People and Of The People of U.S. The People will make a wise choice when they have facts to decide with. They were sure let down in 1968. Who can forgive those elected for spilling American blood on foreign soil to let Communism thrive and furnish arms and materials to the enemy and our boys the target. Who wants anymore proof we need a change. As a subscriber, I will be expecting "The Wallace Stand" in the next issue to help readers to take courage.

Gov. Wallace has no part with the C.F.R.

In case you didn't know about the appointees, I have the list and title each carry and would be glad to send them to you.

**Property tax**

Dear Editor:  
I do not live in Clinton County, but I own 40 acres of land in it. I tried to develop this land, which will add more tax base to the county.

I got cheers from many people who own homes in that neighboring area, but I got fights from the people who own the land close to it. Some of those people who oppose the development, work in your county agencies, and they have the power to stop any development and they proved it to me.  
In my opinion, those land owners do not like their

taxes to be increased as a result of such development.

So, I advise the citizens of Clinton County to revise their thoughts and not forget the Road Commission needs money to improve their roads. This money comes from the property tax, and your county should encourage any good development to increase the tax base.

**Sen. McGovern headquarters**

Dear Editor:  
I would like to call attention to a group of Clinton County people who have begun a "grass roots" movement to nominate Sen. George McGovern for President.

They have opened a headquarters in St. Johns. It was begun by two young people, Mrs. Carla Kurncz of St. Johns and Miss Doreen Radke of DeWitt.

They have a candidate whom more people every day believe will meet all issues with experience and integrity. His personal life and record in public service will stand examination and comparison.

An active campaign is underway to enlist support in the coming primary. A large number of persons of various ages and backgrounds have pledged and given personal time and money.

Stop in the office in the Steel Hotel and examine his stand on issues or call the headquarters St. Johns 224-6330 or Lansing 485-8998.

### EXTENSION REPORT

## Good crop of hay

By GEORGE McQUEEN

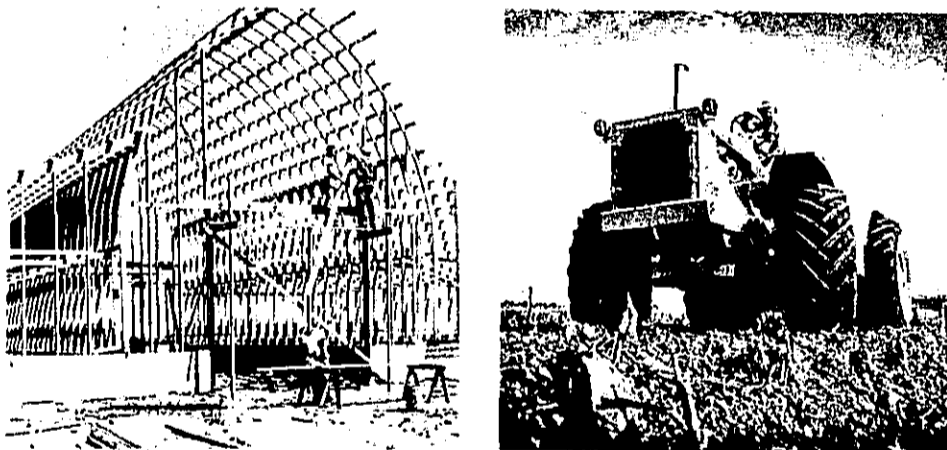

Farmers in Clinton County can still get a good crop of hay from alfalfa severely injured by last winter's low temperatures. But they must act now. Recent field checks showed that some alfalfa in the county was badly injured by a combination of wet conditions and cold temperatures. Where injury was severe as indicated by brown plants with little or no life, "clear" seed alfalfa without a companion crop as soon as possible but before May 20. Use a herbicide to control annual weeds and get a good yield this year. Seed 8 to 10 pounds per acre to insure a good stand. By following the right procedures you can get 2 1/2 to 3 1/2 tons of hay on good productive soil. Next year's

Yields should be similar to regular stands of alfalfa seeded in oats this spring. Michigan State University crop scientists Milo B. Tesar and Milton H. Erdmann advise that winter-injured fields be plowed, tilled and seeded as soon as possible. They also recommend band seeding and cultipacking after seeding. Three pounds of eptam (active ingredient) per acre should be applied before seeding and worked into the soil immediately after application. Eptam will control most annual broadleaved weeds and grasses and permit a harvest of 1/2 to 3 1/2 tons of hay from cuttings made in mid-July and September or early October. Another method is to apply 3/4 pounds 2, 4-DB (Butoxone or Butyrac 118) when

alfalfa seedlings are in the 2-to-3-leaf stage, about four to five weeks after seeding and while broadleaved weeds are less than 1 to 1 1/2 inches tall. Fertilizer should be applied according to soil test recommendations when the seeding is made. Usually this will be around 300 to 500 pounds of high analysis fertilizer such as 0-20-20. Use Saranac or other wilt-resistant Flemish alfalfa varieties. These will give top yields when two, or possibly three, cuttings are taken during the seeding year. Where alfalfa was winter-killed in combination fields of bromegrass and alfalfa or timothy and alfalfa, the bromegrass or timothy can be topdressed with 100 pounds of nitrogen per acre (Continued on page 10B)

And the place most successful farmers go for the long-term working capital they need to invest in their future is their nearby Land Bank.

Because it is theirs.

And because it is the only place to profit from these money-saving advantages: Longer terms, with lower annual payments, at the lowest interest rate around. Plus, the advantage of prepayment privileges, without penalty.

There are other advantages. Like payments

arranged to match peak earning periods. A future payment fund which earns interest and protects your credit rating in an emergency.

So when you need money to grow, consider all these advantages. Then go see the long-term credit specialists at your farmer-owned Land Bank Association office. One last thing. Once you take advantage of all these advantages, you become a part owner of the Land Bank, too.

That's another advantage.

# Green grass instead of trash--success

ST. JOHNS—"Green Grass Instead of Trash" was the theme Saturday, April 29 as Clinton County youth were out in force to beautify our county roadsides and rid the area of trash, litter and junk thrown there by thoughtless people.

A record number of 54 groups including 35 4-H Clubs, three Boy Scout Troops, nine Girl Scout Troops, two Brownie Troops and four Cub Scout Packs and one high school group participated in this beautification project. The clean-up project was coordinated by John Aylsworth, Extension 4-H Youth Agent.

A summary of 40 groups reporting to date showed 571 youth and 140 adults worked a total of 3113 hours

in cleaning 270 miles of county roadsides of over 112 pickup loads of trash. The groups found 1854 returnable bottles that were returned to the stores. The youths separated glass bottles from the rest of the trash and brought in between 8 to 10,000 pounds of glass for recycling instead of going into our limited landfills. A number of groups that did not finish last Saturday will be finishing up this week.

Other items found included old culverts, couch springs, log chain, Consumer Power Gas Main marker, car mufflers and motor parts, a few snakes and an old model T tire and wheel.

A few notes from the leaders stated the Green Clover Community members stopped and helped a person put out a grass fire that was getting away from him, Jolly Knitters members found boxes and bottles that stated "Dispose of Properly—Do Not Litter" and one group leader said "Pabst wins again" according to the number of throwaway bottles and cans found.

Out Wacousta way, the Wacousta Order of Eastern Star No. 133 and the Wacousta Neighborhood Society furnished the lunch for the 92 youth and 30 adults who

their trash. He would like to thank the officials of Duplain township, Greenbush township, Essex township, City of St. Johns, Vector's landfill and Frederick landfill for making their landfill areas available for disposing of this trash and litter collected.

The 4-H Youth Agent would like to thank all the youth and adults who helped with this cleanup project, the County Road Commission for providing trucks for

hauling trash, Clinton County News and WRBJ for publicity of the project, St. Johns Jaycees for providing the plastic litter bags, the Soil Conservation Service for doing the map and some pictures, and to the many adults who donated their pickup trucks or tractors and trailers to haul the trash.

US-27 and M-21 were not picked up because of the heavy traffic involved but people sure see a lot of litter as they pass through the county.

It is discouraging to the youth who clean up the roads and the next day find bottles and cans thrown out along the road.

However, Aylsworth states that the youth have a lot of pride in their community and continue to help keep it neat. If more people, both youth and adult, took a little more pride in their community and county these county-wide projects wouldn't be necessary.

to increase hay yields from the grass. These fields could be plowed later in order to make a summer seeding of alfalfa in early August.

If alfalfa is not desired in the injured field next year and later, sorghum-sudan grass can be planted. It should be planted about May 15-20 on a seedbed prepared as for the "clear seeded" alfalfa. If fertilized like corn, sorghum-sudan should yield four to seven tons hay or pasture equivalent this year.

If feed is needed this summer, harvest oats for silage from oat fields seeded to alfalfa, or plant oats alone this spring for silage in July. Oats should be harvested for silage when in the late milk or early dough stage (normally about July 1 in central Michigan). Direct cutting with a field chopper works best.

Alfalfa could be summer seeded in early August after the oats are removed for silage. The stubble can then be plowed under and prepared for a summer seeding.

## The home economist

Comfort has a price; and the price is your responsibility for using kitchen appliances safely!

Refrigerator, range, garbage disposal, blender, mixer, toaster, electric frying pan, waffle iron, bun warmer, can opener, trash compactor — each might cause electric shock or burn injury unless you realize the importance of proper installation, power supply and maintenance.

The delivery man should understand the installation specifications for your large appliances. But it's a good idea for you to know them too.

Be sure there is clear-

ance on all sides of a refrigerator or electric range. This allows air circulation which will cut heat buildup. Also, remember that gas appliances must be vented.

Install smaller appliances where they aren't likely to be bumped or dropped.

An adequate power supply is a matter of common sense. Most household circuits can carry 15 amperes safely—that means only one major appliance on a circuit. Plan on a larger-than-normal current for the new large freezer refrigerators and portable appliances.

Ground all circuits, and don't overload appliances or use them in ways not in-

tended.

Good repair is an essential part of maintaining your appliances. Replace worn cords and plugs, and check oven thermostats for accuracy.

Kitchen fires may occur because of spills, accumulated grease or carelessness with potholders, paper towels, etc. Don't panic!

If a fire breaks out in the oven, turn it off and do not open the door. Smother fires on the range surface or in small appliances with a pan lid or baking sheet.

Many kitchen accidents can be avoided with common sense precautions, like these:

—Wipe up grease or water spills immediately to prevent falls.

—Keep handles of cooking utensils turned to the center of the range. If they extend over the side, they can be easily bumped, spilling hot liquids.

—Don't leave small children unattended in a kitchen when you're cooking.

—Keep a multipurpose dry chemical fire extinguisher near an exit in the kitchen. If a fire extinguisher isn't available, baking soda is next best for smothering a grease fire.

—Be aware of the fire hazard of long, flowing sleeves and synthetic fabrics when cooking.

## AG in ACTION

We in the United States enjoy a very high standard of living. An abundance of high quality food products, fiber for manufacturing goods and building material to meet our construction needs are readily available. We go to our retail outlets and expect to purchase our needs and wants with no delay. We desire the highest quality at the lowest price possible.

Modern agriculture depends on the rise of agricultural chemicals and drugs providing sufficient quantities of high quality food and fiber to meet this nation's needs.

The problems involved in the use of agricultural chemicals and drugs as they relate to our environment have been clearly recognized by farmers. They have spoken out loud and clear for safe and sound use of farm chemicals and drugs. Agriculture has also promoted additional responsible research to determine specific dangers of farm chemicals and drugs on human life and the total environment.

Considerable progress has been made in reducing livestock and poultry diseases and parasites, but they continue to be a serious problem. Great strides have been made in controlling noxious weeds to increase productivity of crops. All through the use of farm chemicals and drugs.

Our government needs to cooperate with the governments of other countries in controlling livestock and plant diseases in order to prevent them from spreading to our nation.

Many cries are heard for the complete ban of agricultural chemicals and drugs. This could have a serious effect on how we eat, dress and live.

In evaluating chemicals and drugs, possible detrimental effects must be considered in relation to the benefits derived. Only through this means can a balance between environmental control and chemical control be effectively attained.

## P-W window

By VAL HILL

The 26th annual state convention of the Michigan Association of Future Homemakers of America was held at Western Michigan University, Kalamazoo, for the three days, April 26-28. Twelve girls, one advisor and one chapter mother from P-W attended; also, one advisor and two girls from Fowler High School.

A get acquainted hour was held from 9 p.m. to 10 p.m. called "Howdy Doody Time." It drew most of the girls together for what would be the first of many meetings, in large groups and small.

There were four general sessions, three on Thursday and one on Friday at 10 a.m. The overall theme was, "Prepare For Progress." Each session had a theme which were: "Learning to Grow," "Business for Progress," "Growing to Reach out," and "FHA - Reaching out to Become."

The speaker for the first general session was to be Miss Kathy Garver, actress, and National Chairman of youth activities. Due to an extension of her Dallas, Texas play, she could not attend.

Sharon TenBrink, president of the Michigan Home Economics College Clubs, Central Michigan University, and former state FHA secretary, of Portage Central, filled in very nicely.

The second session's speaker was Albert G. Issac, Consumer Protection Division, Attorney General's Department, Lansing.

Speaker for the third session, the last session on Thursday, was Henry Schriver, Farmer-Philosopher, of Grafton, Ohio. In his witty, rhythmic way, he put his message across very well.

Also introduced in this session was the immediate past FHA state president, Lorrie Jackson of Bad Axe. She in turn introduced Joe Fabian, FFA state president, Coopersville; DECA past state president, Steve Forrest; OEA state president, Ruth Azar of Grosse Pointe High; and FHA outgoing president, Vicki Hashbarger of Mt. Morris Senior High.

Also announced in this session were the 1972-73 officers. Kay Bailey ran unopposed and is the new FHA state president. Only one of the 1971-72 officers ran for an office again, Lou Ann Muir of Brown City was past plantist, and is now first

## CNB&T announces contest winners

ST. JOHNS—Two Clinton County women divided top prize of \$25 for submitting winning suggestions in a contest conducted to select a name for a new senior citizen free checking service offered by Clinton National Bank and Trust Co.

Mrs. Pearl Haught of Route 5, St. Johns and Mrs. George Foster of Clark Road, Lansing, each received \$12.50 for their suggestions to name the service "Golden Years Checking." Final selection of the winning name came from a panel of CNB&T staff employees by ballot from entries submitted by area residents eligible to use the free checking plan.

Among the serious entries were sprinkled some lighter suggestions that brought chuckles from the judges. In this group were such proposed names as "The Methuselah Account," "Everything for Nothing Checking," "Free-N-Ezy" and "The Bald Eagle Account." Judges interpreted the latter suggestion to be a compliment to CNB&T's free checking service for those at the opposite end of the age scale, The Red Eagle Club, which accommodates young adults through age 25.

## Shepardsville News

MRS. JOHN SPENCER  
Ph. 834-2615

Sunday evening, April 30 at 7:30 The Master's Gang of Spring Arbor presented a Folk Musical entitled "Show Me" at the Shepardsville United Methodist Church. They are a group of 30 teenagers directed by Prof. Darrall Moore. The group was organized about two years ago. A free-will offering will be taken.

The General Meeting of the Shepardsville W.S.C.S. was held on Thursday evening, April 20 at the church. Mrs. Karl Smith opened the meeting with a short prayer.

It was voted to send a donation to CARE. There will be a used summer clothing pick-up in the very near future. A box will be placed in the ladies' cloak room for that purpose.

Mrs. Esther Dietrich was in charge of the devotions. She read the 19th Psalm from the New English Version of the Bible. She also had three clippings about children, one of which was on St. Francis of Assisi. She closed by reading the prayer of Black Elk, chief of the Sioux.

The program was in charge of Mrs. Clarence Mitchell, assisted by Mrs. Karl Smith. She showed a

filmstrip entitled Light in the Hill, filmed in the Cumberland Mountains of Kentucky. The strip showed pictures of the work in the Cumberland and Red Bird Districts. The center of the work in the Cumberland District is located in Barrett and Bear Hollow is one of the oldest congregations in the area. There are several country churches in the district. In the Red Bird District Beverly is the center. The pastor of the church has a radio ministry. The bookmobile covers about 300 miles a month covering all the schools and mission centers in the area. All of the Mission centers are brought together by short wave radio. The high school offers a full curriculum and the hospital contains 24 beds and is very well-equipped. Handicrafts are taught in both districts and they help the income of the hill families. These mission centers and churches are supported by the missionary and evangelistic commissions of the United Methodist Church.

# O-E wins FFA soil contest

The annual FFA Soil Judging Contest sponsored by the Clinton County SCD was held Wednesday on the Duane Chamberlain farm on Hollister Road in Ovid Township.

This contest is held to help Future Farmers become aware of the different characteristics of soils, and how they should be used safely and to the best advantage. Also, this year a new category of land use was added to the contest. The contestants were asked to rate each soil type for its suitability for other purposes than farming, such as building sites, airports, pond sites, parks, wildlife areas, and woodlands.

The contest was won for the second year in a row by the Ovid-Elsie Chapter with the St. Johns Chapter second.

The Ovid-Elsie team was composed of Lynn Webster, Gwyn Nethaway and Fred Enos. Webster was also the high individual winner.

The second place St. Johns team was composed of Dennis Smith, Bruce Seyfried and Don Cuthbert.

The rotating loving cup will stay at Ovid-Elsie for another year and Webster received a desk pen set. The

prizes are donated by the directors of the Clinton S.C.D.

# Voter registration campaign planned

Republican State Chairman William F. McLaughlin has announced the start of a massive campaign of selective registration designed to identify and register favorable voters to insure a record-breaking Republican vote in Michigan in November.

"Heading up the Statewide drive as its chairman will be Lee Clark of Grosse Ile," McLaughlin announced. "He will be assisted full time by Dick Posthumus, who will serve as Registration Coordinator."

Clark, a long-time Republican leader, is a former secretary of the Republican State Central Committee and chairman of the Sixteenth District Republican Committee. Posthumus, a senior at Michigan State University, currently serves as Vice-Chairman of the State Central Committee.

In announcing the start of the drive, McLaughlin called upon each and every Republican to rise to the challenge. "The key to the project will be the volunteers who will devote their time and energy to this important campaign," he stated. "President Nixon has given the Republican Party the

mandate to perform this vital task. I am confident that the Republican Party in Michigan will be equal to the occasion."

McLaughlin called on each county and district chairman to name their local registration chairman by May 1. He pledged the complete facilities of the Republican State Central Committee to get the job done.

"In the final analysis, a job thoroughly done now will reap large dividends on November 7, not only for President Nixon and Senator Griffin, but for all candidates on the tickets," McLaughlin predicted.
