## \$400,000 issue, operation millage due for DeWitt vote

DEWITT — A \$400,000 bond issue and renewal of operating millage will face DeWitt School District voters June 13, in addition to the regular school board member election.

But the whole package won't cost anything for at least three years, and in fact will cost less.

The \$400,000 bond issue revenue would be used to add seven rooms to the Scott Elementary School, refurbish the old high school for use in elementary and junior high and complete the new high school site work, which includes outdoor athletic facilities, parking lot and driveway paving.

THE BOND ISSUES would require a levy of four mills, Asst. Supt. Hobart Jenkins told the board of education last Wednesday evening. But he explained that retiring Supt. Clarence Fuerstenau had been able to build up a surplus in the debt retirement fund sufficient to pay off four mills of the current levied 11 mills for four years.

That means no new taxes above the 11 mills would be necessary for the next four years. By that time, Jenkins said, it is hoped that all the debt can be refinanced into one obligation at a millage rate even lower than the current 11 mills. Voter approval would be needed at that time as a legal formality.

ANOTHER ISSUE for voters to decide on will be a continuation of extra millage for operational purposes. The current 10 1/2 mill extra levy runs out this year, and Jenkins said it would be necessary to ask for only 8 1/2 for the next three years. That would be a decrease of 2 mills if voters approve.

The decrease is possible, Jenkins said, because of an increase

in state aid, particularly to districts comparable to DeWitt in amount of assessed valuation.

The third job for DeWitt school voters June 13 will be to pick two school board members. Five men so far have petitions out; they are Dale Hines, Jake Lenik, William Owen, Willard Reed and Robert Taylor. Incumbents Herbert Hardike, board president, and Marshal Warren have expiring terms this year, and they have not yet indicated if they will seek reelection.

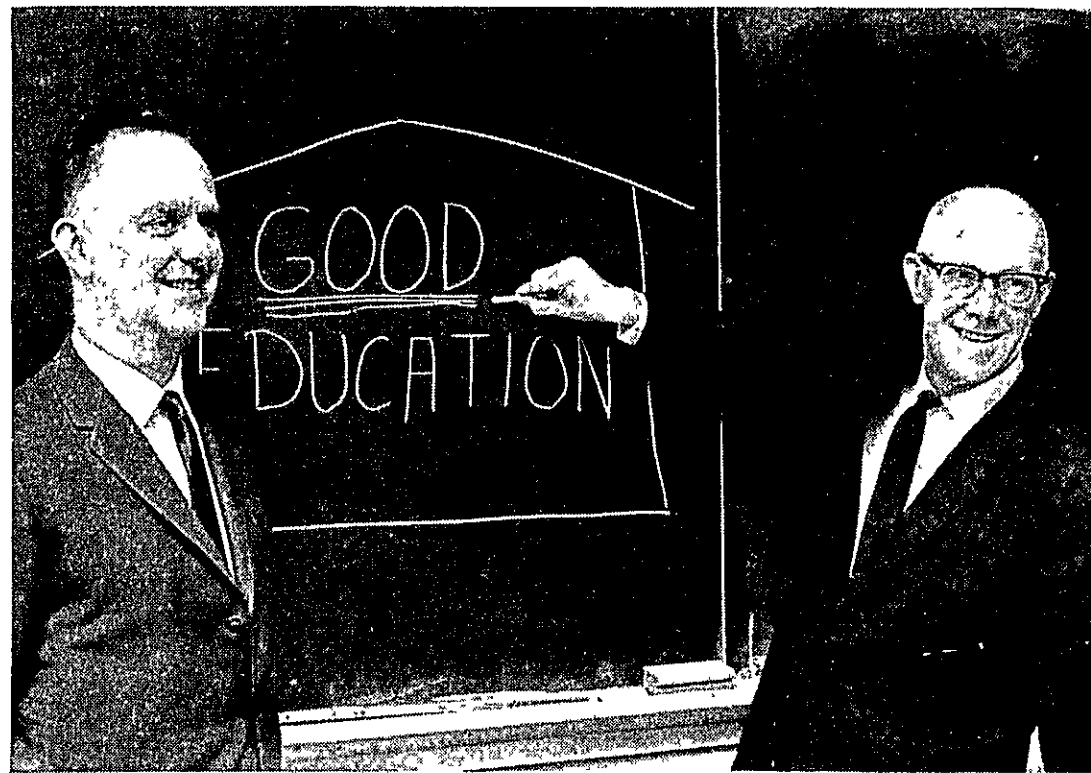

THIS SATURDAY at 4 p.m. is the deadline for filing nominating petitions for a place on the June 13 ballot.

In other business last Wednesday, the DeWitt board adopted the 1966-67 school calendar, which calls for the opening of school Sept. 6 and the closing of school for the year June 9, 1967. They also approved a policy requiring x-rays of all teachers and non-teaching personnel and physical examinations for new high school students.

## Fulton folks to discuss merger

A public meeting will be held at the Fulton School Commons next Thursday, May 19, at 8 p.m., to discuss the Ashley-Fulton merger.

Daniel Mahoney, county intermediate superintendent of Gratiot County schools, will be present to answer any questions pertaining to the "pros and cons" of the merger. Likewise members of the Gratiot County Reorganization Committee will be in attendance to present their findings in reference to the reorganization on a county-wide basis.

St. Johns School District Board of Education President Raymond Parr (left) and Supt. of Schools Earl Lancaster are all smiles as they point out what the passage on Monday's bond issue means to district children.

## Bee's plans move to new city site; 20 acres annexed

Bee's Chevrolet and Olds, Inc., of St. Johns has announced plans to move its complete operation to a new site at the south edge of the city.

The company's used car department is already functioning at the new site on the west side of US-27 across from Daley's Restaurant. Other phases of the business will be moved there as new construction allows.

THE ANNOUNCEMENT of the move was made this week by Bernard Feldpausch, president of Bee's Chevrolet-Olds, Inc. It followed by about a week the annexation of the site to the City of St. Johns.

The city commission last Tuesday night formally annexed 20 acres of Feldpausch's 80-acre site after that portion had been released for annexation by the Bingham Township Board.

The 20 acres is located south of Townsend Road and west of US-27 and is the northeast quarter of Feldpausch's 80-acre tract. It's in Section 21 of Bingham Township.

The other 60 acres will be used for agricultural purposes. A portion of the land has been made available for Little League baseball, and it will also be used for the Mills Brothers Circus here May 26.

There are several reasons for the new expansion plans, Feld-

pausch said. "One is that there is no room for growth or expansion at the present site (110 W. Higham Street). There's also no room for parking there."

"WE WOULD ALSO have more modern service facilities. And one good reason is to have all the facilities of our operation in one area."

In addition to their new-car showroom and service department at Higham and Brush streets, Bee's has a body shop at 2240 N. US-27 and had the used car department at 1002 E. State Street. That has now moved to the new location.

The first new building when erected will be used for new car conditioning, used car conditioning, paint and body shop and truck service.

No timetable for the construction has been announced.

## School bond issue passes by 19 votes!

Architects began work in earnest Tuesday on the St. Johns school building program after district voters gave the \$5.4 million bond issue proposal a slim 19-vote victory margin out of 2,751 votes cast.

The final tally was 1,377 votes for the bond issue and 1,358 votes against.

A companion issue involving assumption of \$40,000 Olive Center building debt was defeated 549-479, a margin of 145 votes.

The school board was expected to take up the Olive Center situation at a board meeting Wednesday evening. The board has told residents of that district the issue would be resubmitted to voters if it lost Monday.

JUST WHEN THE question would be brought up again was something the board would discuss and would probably huddle with their attorney on. The earliest bond issues can be re-voted is six months, but it wasn't known whether this would apply to the Olive Center question.

The Olive Center residents are paying 5.8 mills on their school debt and will now have to continue paying that in addition to the nearly 7 mills on the new building program. They would feel the extra amount with the winter tax bills unless voters of the whole district assume the debt before that. The \$5.4 million

bond issue provides the money to pay off the debt; but legal formalities necessitated the separate proposition.

SCHOOL BOARD members and administrators were jubilant over the bond issue outcome, however slim, and called it a vote for progress in the district. Though the 19-vote victory margin wasn't much, they pointed out that 1,377 people were solidly behind the program.

The 2,751 voters who turned out were without much doubt a record for school elections here. There are about 5,800 registered voters in the district, with some estimates being that 3,500 to 4,000 of them would be property owners and eligible to vote. That would make a nearly 75 per cent turnout.

The polls in all five precincts were busy throughout the day, with the four rural precincts experiencing the expected heavier voting later in the voting day. In the St. Johns precinct there was a steady stream all day and a lineup almost steady from 3:30 p.m.

THE LAST VOTER marked his ballot about 8:45 p.m. in St. Johns, and the election committee worked until nearly 9 a.m. before completing tabulations on the 1,722 votes cast there.

The St. Johns precinct provided the winning margin, but only a 909-803 precinct total. The Olive Center precinct also went in favor of the bond issue by a much narrower margin, 183-172. The bond issue lost by only six votes in the Eureka precinct but was a nearly 3-1 loser in East Essex precinct and a 40-vote loser in the Riley precinct.

The Olive Center precinct was the only one to vote in favor of the assumption of the Olive Center debt. That proposition carried 216-137; the precinct also includes former districts other than Olive Center.

ST. JOHNS PRECINCT was the only one which "changed horses" on the two proposals. While approving the bond issue, the voters turned down the assumption of debt by 70 votes. The St. Johns precinct includes Bingham and

parts of Bengal and Ovid townships as well as the city.

There was talk already Tuesday morning about a recount of the votes due to the slim margin, but school officials pointed out they are not concerned with this aspect of the election and any such action should be taken up through an attorney.

THE BOARD OF canvassers was to meet Wednesday noon to certify the results.

Supt. Earl Lancaster said Tuesday morning the architects — Blinda and Associates of Battle Creek for the high school and C. Douglas Pardee of St. Johns for the rural elementary schools — had been notified of the results and that they were proceeding with final plans for the buildings.

The new high school will be built on a site southeast of the city park. Additions are planned to the schools at Eureka and East Essex, and a new seven-room school built in the southeast part of the district and a 13-room school in the southwest part. Those sites haven't been selected by the school board.

## Clinton County set for biggest Michigan Week in history

Clinton County is getting set to celebrate Michigan Week in a big way—with the biggest effort ever, as a matter of fact.

Highlights of the seven-day celebration next week include the exchange of mayors and village presidents, a district-wide senior citizens gathering at Smith Hall, crowning of Miss St. Johns and a county senior citizens king

and queen, a parade and street dance, and a rural-urban dinner.

County Michigan Week Chairman Robert Purtil and his committee have a full schedule of events planned, although there will be a few days where there is no organized activity.

MICHIGAN WEEK starts Sunday and will run through May

21. It's the 13th annual celebration and will climax a year-long education and promotion program by an army of volunteers selling Michigan to itself and the world.

The observance is intended to involve, directly or indirectly, all of the state's 8 million residents and countless others in all parts of the world. In Clinton County, Purtil said, the aim is to involve everyone possible.

Here's a day-by-day rundown that gives a good picture of the events of Michigan Week in Clinton County:

SUNDAY, SPIRITUAL Foundations Day—Special recognition will be given to the part religion has played in history and development of the state, and every church has been asked to honor its founders and those who have built the particular faith or denomination in Michigan.

At noon Sunday, bells of churches everywhere in Michigan will be joining in a giant bell-ringing ceremony. At that moment, hundreds of thousands of people gathered in churches across the state will join in a moment for a prayer of thanksgiving for Michigan's many blessings. In churches and at special gatherings during the day, tribute will be played to religious leaders and to the religious heritage which contributed to growth and progress in Michigan.

MONDAY, OUR Government Day—All the incorporated communities of the county will be exchanging their chief executives or their representatives with similar officials of other towns across the state. Area communities and their exchange towns are: St. Johns-Augusta, Laingsburg-Forestville, Ashley-White Pigeon, Eagle-Hesperia, Elsie-Big Rapids, Fowler-Stanton, Ovid-Ferrysburg, Pewamo-Whitehall, Westphalia-Deborn Heights.

Miss St. Johns will be announced and crowned Monday evening at St. Johns' Mayor's Exchange Day banquet at the Clinton County Country Club.

At the county level, the offices in the county courthouse will be open especially for visitors Monday, and residents are urged to drop in and see how the various branches of county government operate.

TUESDAY, OUR Heritage Day—This day is set aside for in-depth attention to the proud history and heritage of the state in general and each community specifically. Events of the day will recall early Indian settlement, the exploration work of French and English, and the historic actions of early leaders as they laid the foundations for the Michigan of today.

The libraries of the county will have special displays, with

the Bement Public Library in St. Johns planning a display of old books and records.

WEDNESDAY, MAY 18, Our Livelihood Day—This day will concentrate on the way each family earns its living. Each community will take stock of its own industry, business, agriculture, resorts and institutions

## Rural-urban dinner set for next Tuesday

One of the Michigan Week highlights in Clinton County will be the second annual Rural-Urban dinner, aimed at improving re-

lations and understanding between farmers and city folks—a perfect plan for Michigan Week.

It is also a kind of Cultural Day. In nearby Lansing the Interlochen Arts Academy orchestral concert is scheduled in conjunction with the Michigan School Vocal Assn. Honors Choir. The concert will begin at 8 p.m. at See COUNTY SET, Page 2-A

The affair, which drew nearly 450 people last year, is being sponsored again by the Clinton County Farm Bureau. The program will include a family-style turkey dinner beginning at 7:15 p.m. served by the ladies of the Wacousta Church.

VERNER H. Condon Jr., marketing manager of Ford Motor Co.'s tractor and implement operations in the United States since June 1962, will be the speaker. His topic will be "Agriculture—Backbone of the Economy."

Condon joined Ford in 1951 in the plant controller's office, manufacturing services division. In 1953 he joined the divisional budget analysis section of the

## Augusta vice president to be guest here Monday

The president of the Village of Augusta won't be able to make it over to St. Johns next Monday on the mayor's exchange visit, but the vice president will be here to represent that village of 970 people.

The vice president is Charles McPeck, who has served on the village board two times since 1958. He'll be accompanied here by his wife.

St. Johns Mayor Jack Smit and his wife will travel to Augusta Sunday afternoon and will spend the day Monday visiting that community. Augusta is located centrally between Battle Creek and Kalamazoo on M-90. The principal industries are the Knappen Milling Co. and two basket factories.

JUST OUTSIDE Augusta toward Battle Creek is the Ft. Custer State Home and the Y.A. Hospital and the Job Corp. These

## Area watershed gets County set \$30,600 federal boost

The Soil Conservation Service of the Department of Agriculture has approved \$30,600 in federal funds for assistance in carrying out the Catlin-Waters, Reynolds-Session watershed project in Lebanon Township of Clinton County.

The announcement was made jointly Monday in Washington by Sen. Philip A. Hart and Congressman Paul H. Todd Jr. of the Third District.

The project, to be carried out in three years, is designed to provide watershed protection, flood prevention and agricultural water management in the 2,800-acre watershed. In addition to the conservation land treatment measures necessary to protect and improve the land and water resources of the watershed, the project includes about 4 1/2 miles of channel improvement.

PROJECT SPONSORS are the Clinton County Soil Conservation District and the Catlin-Waters Drainage District. Total cost is estimated at \$161,135.

Construction cost is 75 per cent federal and 25 per cent local.

funds. The estimated construction cost is \$32,250. Engineering cost is \$6,450 which comes from federal funds.

The land rights cost of \$42,830 is a local responsibility and is made up of \$9,250 for farm crossings, \$16,580 for replacement of two public road bridges that were planned by the county road commission, and \$17,000 land rights value to the drain district (the drainage district already has the right-of-way).

IN ADDITION there is \$1,610 in cost for administration of contracts by the county drain commissioner. The total local cost is \$52,340, which coupled with the \$30,600 federal grant means about \$82,940 in total cost of structural measures.

There's also an estimated \$78,195 in local cost to landowners for land treatment measures such as tile, cover crop, grassed waterways, land smoothing and plow planting. The ASC may cost-share on these land treatment measures with individual land operators, it is reported.

## County set

Continued from 1-A  
the Lansing Civic Center. Tickets are available in St. Johns at the Chamber of Commerce office.

The Clinton County Senior Citizens will play host to the District Senior Citizens next Wednesday, with some 250 to 300 persons expected for a dinner to be held at Smith Hall. Senior citizens are anticipated to attend from an eight-county area. The Clinton County senior citizen king and queen—perhaps the oldest folks in Clinton County—will be special guests and will be introduced.

THURSDAY, MAY 19, Education Day—This day is dedicated to the schools, colleges, universities and special training institutions, both private and public, and to the students, teachers and other personnel who comprise them. It is a day when special recognition is given to the entire educational system, to its present facilities and people and to the needs of the future.

FRIDAY, MAY 20, Hospitality Day—This is the biggest day of the week as far as mass participation in Michigan Week is concerned. Industries are invited to display exhibits about their work and products at the Central National Bank during the day, and the Chamber of Commerce will serve free coffee there.

Open houses are set at East Ward, Perrin-Palmer and Central Schools in St. Johns next Thursday and at St. Joseph Catholic School next Wednesday. Judging of Michigan Week exhibits at the St. Peter Riley Lutheran Church will be held by the PTA at that group's meeting May 20 at 8:30 p.m. Holy Trinity School in Fowler held their Michigan Week open house a week early; it was this Tuesday and Wednesday.

The Central School PTA in St. Johns is planning a potluck program at Smith Hall May 19 at 6 p.m., followed by a musical program at 6:45 featuring the seventh and eighth grade bands. The public is invited.

A BIG PARADE and street dance are scheduled for a 6:30 p.m. start in downtown St. Johns. A parade will form at the high school parking lot and will proceed around the courthouse square and down through the business district, disbanding at Railroad Street.

A number of floats and marching units will appear in the parade. They include floats for the St. Johns Chamber of Commerce, carrying Miss St. Johns and her court; a senior citizens' king and queen float; Veterans Honor Guard; a float by WJUD; Lions Club, Woodbury Flower Shop; Lake's Jewelry; Clinton National Bank; and Central National Bank.

OTHERS PARTICIPATING will be the Senior Citizens Kitchen Band, the fire department,

Will you be mine? Candidates for Miss St. Johns wonder and dream as they look at the crown one of them may wear next Monday night when she is named Miss St. Johns 1966. Left to right are: Linda Reeves, Shirley Daman, Shirley Johnson, Dorothy Evitts, and Maurine Parmenter. Absent for the picture was another candidate; Marilyn Farrier.

Robert Purtil, county Michigan Week chairman, and Betty Minsky of the Chamber of Commerce, look over trophies that will be presented at the Michigan Week parade in St. Johns next Friday, May 20. The three large center trophies will be given for the best floats in the parade and the others for best adult and best youth group marching units.

county officers, Michigan Week parade officials, Don Tolles with a snowmobile, the 25-member Fenning Majorettes, the St. Johns High School Band and the junior high bands. There is still room for floats

in the parade, and local area businesses and organizations are urged to consider entering one, which should be done immediately. Contact the Chamber of Commerce office.

THE PARADE will form at the high school at 6 p.m. After the parade is over, attention will shift to the corner of Walker Street and Clinton Avenue, where the new Miss St. Johns and her court will be introduced and scholarships and prizes awarded.

Purtil and Mrs. Betty Minsky, Chamber secretary-manager, will make the presentations of trophies to the float winners and marching units. Three trophies will be awarded for floats and two for marching units, one for the best adult group and the other for the best children's marching unit.

TWO DANCES WILL be held on Clinton Avenue after the presentations are over. One will be for adults at the corner of Clinton and Walker Street and the other for teenagers at Clinton and Railroad streets. Two bands will provide music.

No special youth Day program is planned Saturday, with most of the youth emphasis for the week being placed on the Friday night celebration.

A \$5.00 cash gift to the Senior Graduate with the purchase of any watch at \$39.95 or more. We have a very complete selection of Bulova and Accutron timepieces, the most accurate timepiece in the world. A complete selection of Caravelle watches at \$10.95 up for 8th grade graduation.

## Augusta...

Continued from 1-A  
wife Ethel operate the McPeck Insurance Agency out of their home in Augusta. He has lived in Augusta 43 years and has been employed by the National Biscuit Co. in Battle Creek for 25 years. His present position there is as quality control supervisor. He raises Shetland ponies for a hobby.

McPeck served on the village board two different times, the first time for two years beginning in 1959, and in the second time beginning in 1964. In 1959, McPeck said, he exchanged places with the mayor of Berkeley in the Michigan Week mayor exchange.

THE ST. JOHNS mayor-for-a-day will have a full schedule of activities Monday. In the morning there will be a tour of the St. Johns city building, offices and other facilities. After time out for coffee, McPeck and his wife will be shown the city park, the swimming pool and other features of the community.

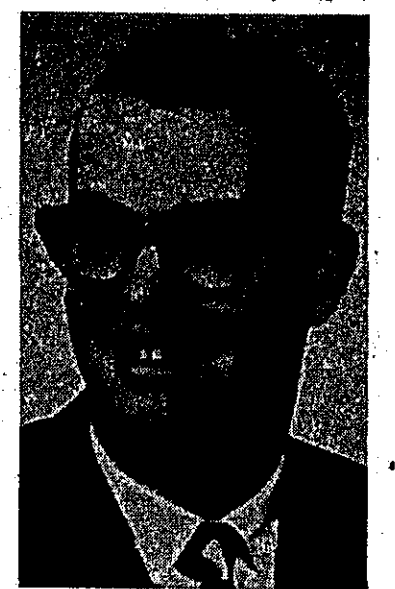

There'll be a noon luncheon at the L & L Restaurant for the visiting official and the heads of the departments of the City of St. Johns. In the afternoon, the mayor will be shown the sewage disposal plant and the new water treatment plant nearing completion on North Ottawa Street. Mrs. McPeck will be shown around town further by Mrs. Betty Minsky, secretary-manager of the Chamber of Commerce.

MONDAY EVENING about 80 persons are expected for the Mayors' Exchange Banquet at the Clinton County Country Club beginning at 6:30 p.m. Special guests will include the six candidates for Miss St. Johns and their parents.

The mayor and his wife will be presented with gifts from the city and Chamber, and then McPeck will name and crown Miss St. Johns, who was chosen several weeks ago by out-of-town judges.

## NEWS IN BRIEF

More than 250 bank executives from banks in Clinton, Shiawassee, Genesee, Eaton, Ingham and Livingston counties are expected for the annual spring meeting of Group Seven of the Michigan Bankers Assn. at Walnut Hills Country Club in Lansing May 17.

Jay W. Sexton, son of Mr. and Mrs. Lawrence Sexton of 105 N. Swegles Street, St. Johns, received his master's degree in business administration from the University of Michigan April 30. He is a 1960 graduate of Rodney B. Wilson High School.

## Revive Yule light contest

Since the weather has continued cold, it might not be out of line to report on plans made so far for next winter's Christmas lighting contest in St. Johns.

The Jaycees and Chamber of Commerce have held meetings to lay the groundwork for the contest, which will offer a total of \$100 in cash prizes. The contest is being revived after a one-year lapse.

Prizes of \$25, \$15, and \$10 will be offered in two categories, religious and non-religious. Out-of-town judges will make the decisions as to winners, and their decisions will be final.

NOT ALL RULES have been formulated by a study committee from the two organizations, but general terms have been spelled out. The lighting displays must be completed and lighted by Dec. 15, and everyone within the city limits of St. Johns will be eligible.

Winners will be announced the week prior to Christmas. Judging will be done on originality in carrying out a theme; theme; effective use of lighting; use of materials; and adaptation to the display; and the overall effect of the lighting.

## Garbage rate hike approved

The city and individual customers will be paying a little more for their garbage and refuse collection starting July 1. The city commission last Tuesday approved changes in the contract and franchise agreement covering that service.

Beginning July 1 with the Mead Dry Service's quarterly billing, individuals receiving garbage pickup service will pay \$2 per month instead of the present \$1.75.

The commission also approved a change increasing the city's payment to Mead for trash pickup from \$460 per month to \$500 a month. Gordon Mead represented his firm at the commission meeting, and his request was granted with little discussion.

IN OTHER BUSINESS during the relatively short one-hour meeting, the commission took this action:

—They approved a plan allowing the fire department, Rotary Club and Lions Club to use the softball outfield to within 20 feet of the base paths on the infield. The action was taken after word was received that carnival men had turned down the blacktop road area between the field and the swimming pool because it was too narrow.

The resignation of Timothy M. Green as associate municipal judge was accepted. Apparently no move will be made to rescind the ordinance creating the associate judgeship post; commissioners, in talking over their previous policy of doing just such a thing, pointed out to each other that the associate judgeship post requires an attorney status and offers no pay, so there was not much chance anyone would be seeking the position were it placed on the ballot.

—A HEARING ON the proposed new city budget is scheduled for the May 17 meeting.

—June 21 was set as the date for a public hearing and review of a list of all properties in the city and their apparent uses. The hearing is set up in the city's young zoning ordinance. Within a month or so after the hearing, the city commission is to issue a "quasi-judicial determination" of the uses and properties involved, and in the form of a resolution it would make the list the official list as prescribed by the zoning ordinance. The public hearing is set up so the list may be reviewed, amended, annulled or changed.

Williams 'stumping' in St. Johns

Former Michigan Gov. G. Mennen Williams, now campaigning for nomination as U. S. senator from Michigan, stopped in St. Johns last Friday morning for coffee with local residents at Walker's Cafe. Here Williams, at center with the familiar polka dot bow tie, chats with county Democratic Chairman LeRoy Vincent of Elsie (right) and Williams' aide, Mike Murray.

## George Ford wins LCC scholarship

George Ford, a 1963 graduate of Rodney B. Wilson High School in St. Johns, has been named the recipient of the Ronald B. Garlock Scholarship at Lansing Community College.

The scholarship is awarded annually to an outstanding student in marketing. Ford, the son of Mr. and Mrs. Lloyd Ford of 15135 Chetwyn Drive, Lansing, and formerly of R-3, St. Johns, attends LCC days and works nights at Oldsmobile. Last term he completed three A's and three B's. He plans to transfer to Michigan State University this fall.

Tom Roof, Terry Smalec, Kathy Smith, Danny Somers, Mary Temple, Alan Thornton, Vicki Valentine, David Vostziansky, Calvin Woodard.

## State board OKs P-W, St. Johns annexation to community college

WESTPHALIA — The State Board of Education has approved a request for Pewamo-Westphalia, Portland and St. Johns school districts to annex to the Lansing Community College.

Petitions to call for a vote are presently being circulated in these school districts by Jaycee members and interested citizens.

The state school law permits school districts to vote on annexing to a community college district only at the regular annual school election, the second Monday in June.

BY ANNEXING TO the college, citizens become residents of the college district and their admission is assured. Then tuition fees are less, and resident citizens are permitted to vote for trustees to the college board.

Enrollment in the college has steadily increased from 222 students in 1967, when the college was founded, to over 3,900 students last September. In 1964, the college district was expanded to the Ingham County Intermediate School District on the recommendation of a Tri-County citizens study committee. In June 1965, Bath, DeWitt and Grand Ledge joined the college to form the present community college district.

TO MEET THE DEMAND for increased enrollment, the college sold bonds for a new building. Plans call for construction of this new building to begin this summer.

The present building facilities are being renovated and expanded to keep pace with an anticipated 600-student increase next fall.

Residents of Pewamo - Westphalia, Portland and St. Johns will be asked to vote on these issues to complete the college annexation proposal: "Shall the school district annex to the College; will they assess a total of 1 mill tax levy for capital outlay and operation; and will they accept their pro-rata share of the bonded indebtedness?"

Each school district will vote separately; however, all three issues in each must be approved before annexation can take place.

## State's chief justice to address P-W grads

Thomas M. Kavanagh, chief justice of the Michigan Supreme Court, will give the commencement address at the Pewamo-Westphalia graduation ceremonies at the high school on Wednesday, June 1, at 8 p.m.

Sixty-four seniors will receive their diplomas from Phil Vance, president of the board of education.

## THE NEWS in Brief

Dr. A. N. Saunders will represent St. Johns at the 34th annual convention and educational seminar of the Michigan State Chiropractic Assn. May 17, 18 and 19 in Grand Rapids. Certification of professional seminar attendance for two or more days is an annual requirement of the Board of Licensing Examiners; 800 or more members and guests are expected. The major theme of the 1966 seminar will be "The Role of Chiropractic Orthopedics."

Michigan highways are busier than ever this spring. Vehicle counts at 54 continuous counting locations during the first three months of the year showed a 12.9 per cent increase in traffic over the same period in 1965. Highway M-57 is closed in two spots for construction. A detour around the area from Greenville west to US-131 adds 14 miles to the normal route; a detour around the area from Chesaning to I-75 in Saginaw and Genesee counties adds about 25 miles to the normal route.

For the 10th successive year the Michigan State Police will hold their annual open house at each post Friday, May 20, Hospitality Day of Michigan Week. Visiting hours at the East Lansing post will be from 10 a.m. to 7 p.m., according to Sgt. Harold Simmons, commanding officer.

Poppy Days in St. Johns are scheduled for May 19-21. The St. Johns City Commission has approved a request of Headquarters, 2nd Battalion, 113th Armored of the Iowa Army National Guard for permission to spend the nights of July 23 and Aug. 5 at the city park while the Guard unit is enroute to and from Camp Grayling.

Wives and mothers of servicemen are invited to a social hour at the Red Cross chapter of-

fice in Lansing Sunday from 2 to 4 p.m. A feature will be an opportunity for the women to record 15-minute tapes to be mailed to their relatives in the service. The Red Cross will furnish tapes, recording equipment and mailing boxes. Sgt. Ernest E. Rushing, a Vietnam veteran, will speak. Persons wishing to attend should call the Red Cross office.

The recent Ovid PTA Carnival grossed \$2,156 and gave the organization a net profit of \$1,049.17. Almost 200 parents worked with Chairmen Mr. and Mrs. Robert Hubbard and Co-chairmen Mr. and Mrs. Larry Martin. Prize winners included Mary Jane Warfle and Jane Applebee, grocery baskets; Gwen Kelley, toy poodle; and Helen Bocek an outdoor grill.

## Top Ovid, Elsie students named

TOM BAKITA

OVID—This is the last year that Ovid and Elsie will have separate graduating classes, and the school administration this week announced the two top students in each community. The four with the highest grade-point average are:

Thomas F. Bakita (3.97) is valedictorian at Elsie. He is the son of Mr. and Mrs. Steven Bakita of rural Bannister. In addition to his academic honors he has been active in sports, playing football four years and on the track team three years. Tom had the lead part in the senior play, was a member of the Future Teachers Ass'n., on the annual staff and member of the National Honor So-

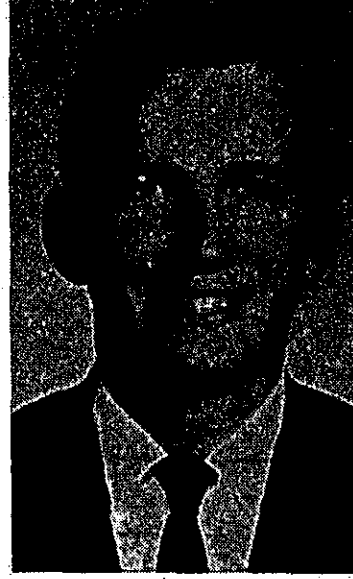

SYLVIA SURIK

clety. He will participate in the A-U weight lifting contest May 7. Tom will enter CMU next fall in a pre-dental program.

Sylvia Surik (3.92) is the Ovid valedictorian. She is the daughter of Mr. and Mrs. John Surik of rural Ovid. In addition to her high academic record, she has been an outstanding musician in the Ovid school program, in band, orchestra, and as accompanist to choral groups and soloists. She is presently organist at St. Joseph's Church in Owosso.

SYLVIA HAS BEEN president of the National Honor Society, a member of the Future Teachers

DEAN SCHULTZ

Ass'n.; was on the debate team; participated in Forensics; also on the annual staff; in the French Club, and is senior class president. She plans to attend MSU where she will major in music and minor in math and foreign languages.

Dean O. Schultz (3.83) is salutatorian of the Elsie Class. His parents are Mr. and Mrs. Albert Schultz of rural Henderson. Dean has been active in basketball for four years, lettered in baseball and track; and was chief statistician for the football team. He has been a member of the National Honor Society for two years and active in many other school projects. He worked at the Elsie bank for a year on a cooperative plan. Next year he plans to attend Gen-

RONALD DARLING

eral Motors Institute and is being sponsored by Ternstedt of Flint.

RONALD DARLING (3.68) is salutatorian for the Ovid senior class. His parents are Mr. and Mrs. Harvey Darling of 312 S. Main in Ovid. Ron has been a member of the National Honor Society for two years; on the track team two years; member of the French Club, the Future Teacher's Ass'n.; participated in Forensics and debating; was student director of the Christmas play and was in both the junior and senior play casts. He attended Boy's State last year. He plans to attend MSU next fall and will major in biochemistry where he hopes to be either a teacher or technician.

## Teen auto Road-e-o is Sunday

Local youngsters who think they are good drivers have a chance to prove it this Sunday in the first annual Safe Driving Auto Road-e-o sponsored by the Jaycees and Stan Cowan Mercury Inc.

The contest will be conducted Sunday at 1 p.m. at the high school parking lot. Entry forms are available at the high school or at the Cowan dealership on North Clinton Avenue.

THE CONTEST WILL consist of a written examination covering local and state traffic regulations and codes and a driving test to determine the contestant's ability to park, back safely, maneuver through a marked course and to drive through congested areas.

The high scoring boy and girl driver will each win a \$25 savings bond and the right to compete against other local contest winners at the state Road-e-o at Coloma, Mich., June 4.

The state champion will represent Michigan at the National Jaycee Safe Driving Auto Road-e-o Finals in Washington, D. C., Aug. 8-11. At stake will be \$4,500 in college scholarships, a 1967 Comet Cyclone GT convertible and the opportunity to tour the United States as a youth safety spokesman for Lincoln-Mercury Division of Ford Motor Company.

ANY BOY OR GIRL who has a driver's license and has not reached 19 before Aug. 11 is eligible to participate. Contestants must not have committed a traffic violation during the preceding six months or have an offense pending.

Robert Gladstone has been heading up the arrangements for the Jaycees, with assistance from Leroy Hansen, Albert LeFevre and B. Stanley Pocus have been cooperating to make rooms and equipment at the school available for the written part of the contest.

## Derby inspection day Saturday

A Soap Box Derby inspection day, the first of three to be held between now and the June 5 race day, is scheduled for Saturday morning from 9 a.m. until noon.

The inspections will take place in the depot parking lot area on East Railroad Street. Other inspection dates will be May 21 and May 28. Boys should bring their derby driver license and a list of materials and prices.

Roger Feeman is inspection committee chairman.

## News sponsoring traffic safety poster contest

Clinton County youths will have an opportunity to promote traffic safety in Michigan this summer and at the same time compete for \$225 in money prizes through a poster contest sponsored by this newspaper as a public service.

This contest is open to all students 6 through 19 years old in the Clinton County circulation area of the Clinton County News.

The County News is sponsoring the contest in cooperation with the Michigan Press Assn. to emphasize the need for placing increased attention on traffic safety throughout the local area.

ALL ENTRIES will be judged in state-wide competition, and the top poster is slated for reproduction and distribution throughout Michigan this summer.

Persons submitting posters—which must depict the theme of summer travel in Michigan along with traffic safety—must have the words "Bring 'Em Back Alive!" printed on the poster.

Rules for competing in this contest can be found on page 6-A

of today's Clinton County News.

IN ADDITION to competing for cash prizes on the state level, students from the Clinton area which are judged to have top posters locally will receive a certificate from the News.

All entries submitted to this newspaper will be forwarded to Detroit for judging by a panel of safety experts supervised by the Michigan Press Assn.

The student who produces the poster judged best in the state will be awarded a \$100 United States savings bond; first and second place runners-up will receive \$75 and \$50 savings bonds.

All entries must be submitted to the Clinton County News no later than June 15. Local winners will be notified by this newspaper as soon as judging is completed.

JAILED FOR NON-SUPPORT Richard White of R-6, St. Johns, was arraigned before Circuit Judge Leo Corkin Monday and was sentenced to 30 days in the county jail for being delinquent in his child support payments.

DONALD A. GRINDE JR.

## Donald Grinde wins \$10,000 fellowship

Donald Andrew Grinde Jr., 19, grandson of Mrs. C. W. Shellenberger of St. Johns and Mrs. Grace Grinde, has been awarded a Hagley Fellowship valued at about \$10,000 and sponsored by the DuPont Foundation.

He is the son of Mr. and Mrs. Donald A. Grinde of Savannah, Ga., and is a senior history major at Georgia Southern College in Statesboro, Ga.

Young Grinde is an honor student at Georgia Southern, where he will complete four years of college in three years Aug. 11. He will report Aug. 22 to the University of Delaware for his work at the university covering the field of American economic history.

THE HAGLEY Foundation, in cooperation with Eleutherian Mills, sponsors a two-year program leading to a master of arts degree in American history. Hagley fellows are required to take a month-long orientation in research technique and opportunity before the first semester begins. In addition, they take a program of supervised, individual research reading and study during the summer between the first and second academic years.

Grinde will do his research in the Eleutherian Mills Historical Library.

## FFA's field demonstration day is Friday

Future Farmers of America of the St. Johns chapter are planning a field crop demonstration day this Friday, with 48 acres at the proposed high school site southeast of the city park being put into crops.

Several pieces of Massey Ferguson and John Deere farm equipment from Clinton Tractors and Westwood Implement, respectively, have been donated for use during the day, and it will be demonstrated all day for any persons interested in watching.

ELEVEN ACRES will be planted to oats and 37 acres to corn. A number of local businesses have cooperated to make the FFA field crop project workable, according to Don Munger, ag teacher and FFA advisor.

Daveco Fertilizer donated \$10 worth of fertilizer and Zeeb's Fertilizer, Smith-Douglass, Ovid Roller Mills and Fertilizer Supply Co. all donated \$50 worth.

Seed has been furnished by Nell Harte of Wolverine Seed Co., Roy Dershem Edward Funk's supercross, Warren Swanson of Lowe Hybrids, James Jorae of Kingrow Seed Co., Funk's and Son G. Hybrid, Dekalb Seed Co. and Stanton Seed Co. of Alma.

THE FFA BOYS have over \$750 of their own tied up in this year's project. The profit (last year a loss was recorded) will be used to finance chapter activities which may include: cost of two days of leadership training camp for new officers; cost for the state FFA convention; cost of participation in the state FFA livestock sale in St. Johns; exhibits cost at Farmers Week; cost of leadership training contest for the parliamentary, demonstration, farm forum and public speaking teams.

## Seek participants for Memorial parade

Officers of any local organizations which would like to participate in the Memorial Day parade in St. Johns are asked to contact Clair Feneis, commander of VFW Post 4113, at 808 E. Cass Street. The parade will be on Monday, May 30, Memorial Day.

### ON TARGET

with the St. Johns Chamber of Commerce

By BETTY MINSKY  
Secretary-Manager

One evening last week I decided to "sort out" some of the many pages of information I'd been receiving as a member of the Michigan Week Committee and in doing so I found myself amazed at the many interesting facts and figures the committee had dug up as pertain to "Michigan." It appears that we here in this state have everything from soup to nuts, plus the kitchen sink.

It really makes one proud to be a part of this great state, when you get to reading this material.

BUT, THAT IS THE purpose of Michigan Week isn't it?—to acquaint our own residents with Michigan's great assets, advantages, attractions, communities and areas.

So today, I'm going to flinch a few of the facts from the Michigan Week Handbook and pass them along to you.

And, as the slogan said—"SELL MICHIGAN."

GROWING A GREAT variety of foods and leading the nation in many, Michigan comes closer to completely setting the family table than any other state.

Michigan leads all the states in per capita support of higher education.

Michigan is the vacation wonderland. Bordered by four of the Great Lakes and containing more than 11,000 inland lakes, 19 million acres of forests, 68 state parks and major recreation areas, more winter sports centers than any other state—all set in some of the most magnificent scenery in the world—Michigan is truly a water wonderland and a winter wonderland.

MICHIGAN IS THE hub of the Great Lakes region, the world's greatest market for consumer and industrial goods. In these five states, 21 per cent of the people of the United States produce 33 per cent of the dollars added by manufacturing.

Michigan makes just about everything from automobiles to xylophones.

Michigan is the state whose shoreline is longer than the nation's Atlantic or Pacific coastline.

Looked at as an independent nation, Michigan would rank 11th in the world in terms of gross national product.

Pilgrims landing at Plymouth Rock generally are credited with being America's first real settlers, but at the same time—between 1619 and 1621, Etienne Brule reached what is now Michigan's Upper Peninsula.

FOUR FLAGS have flown over Michigan—French, English, Spanish and U. S.

One of the first boundary disputes between states resulted in Michigan receiving most of the Upper Peninsula in exchange for a few miles of Ohio territory where Toledo is now located.

Michigan was the first state to name counties for a President and his entire cabinet—Jackson, Barry, Eaton, Ingham, Livingston, Van Buren, Calhoun, Berrien, Cass and Branch.

Michigan became the 26th state when it was admitted to the Union Jan. 26, 1837.

In land and water area combined, Michigan is the largest state east of the Mississippi and ranks 10th in the nation. Its area includes 57,022 square miles of land area and nearly 40,000 square miles of water surface—a total of 96,791 square miles.

MICHIGAN'S Upper Peninsula contains 16,538 square miles of land area, 30 per cent of the total state area, and is equal to the combined areas of Connecticut, Delaware, Massachusetts and Rhode Island.

Marquette is Michigan's largest county, measuring 48 miles from east to west at the farthest point and 63 1/2 miles from north to south. It embraces 1,841 square miles, an area almost twice the size of Rhode Island.

Michigan ranked seventh among the states in population in

the 1960 census with a total of almost 8 million people.

Michigan's land area, 36,494,080 acres, is larger than Greece, larger than Switzerland and Portugal combined, and nearly five times the size of Belgium.

Ironwood is as far west as St. Louis, Mo.; Hancock is farther north than Montreal, Canada; and Port Huron is a far east as Greenville, S. C. or Asheville, N. C.

IT IS NEARLY as far from Ironwood in Michigan's Upper Peninsula to Detroit as it is from Detroit to New York City. With Detroit as the center, a circle that includes Ironwood also includes Ottawa, Canada; Philadelphia, Pa.; Richmond, Va.; Knoxville, Tenn.; St. Louis, Mo. and parts of Iowa.

Detroit is closer to Europe via the St. Lawrence Seaway than it is by land to New York and then by water.

Michigan rivers and streams would reach one and a half times around the world.

MICHIGAN HAS MORE than 112,000 miles of public roads and streets, enough to go around the equator four times.

One of the biggest lake trout ever caught in the world, weighing 88 pounds, was taken at Grand Haven in 1864.

Geologists have estimated that under Michigan, the nation's No. 1 salt producer, still lies a salt deposit of 71 trillion tons.

## Trailer Club set for St. Johns visit next month

The Michigan Division of the National Holiday Rambler Travel Trailer Club is progressing with final plans for their June 17-19 summer rally in St. Johns. Over 100 trailers are expected in town over the weekend.

The trailers will be set up in an orderly street-forming pattern on the parking lot south of the football field at the city park. During their three-day stay they'll have their own queen contest, with Chamber of Commerce people acting as judges.

THE CHAMBER will provide some local entertainment at the bandshell one night. The trailer people, who will come from all over the state, will have open house so that St. Johns people can inspect the trailers and see how trailer life is.

They also plan to have a trailer rodeo in which the Holiday Ramblers will maneuver their trailers through a course and various contests. A teen dance is being planned for the pavilion that Saturday evening, and area teens are welcome to attend.

A milk and bakery delivery route to the park is being planned for the visitors each morning.

MR AND MRS GEORGE A. FORD

## Workman-Ford vows repeated April 30

George A. Ford, son of the Lloyd Fords of 1935 Chetwyn Drive, Lansing, April 30 claimed as his bride the former Jo Ann Workman, daughter of Mr. and Mrs. Arthur Workman of 1207 S. Oakland Street, St. Johns.

The wedding took place at the First Congregational Church with Rev. Gerald Churchill officiating.

For the double ring ceremony the new Mrs. Ford selected a floor length empire A-line gown of dulcified satin and alencon lace. It was styled with long sleeves and a detachable wattleau train. Her elbow length bouffant veil was held in place with a headpiece of jeweled fabric flowers. She carried a cascade bouquet of white butterfly roses, daisy pompons and hyacinth floretes.

MRS. WHITTEMORE

## Teacher for 35 years retiring

OVID—Mrs. Edna Whittemore is retiring from teaching in June, after 35 years in the Ovid Public Schools.

Mrs. Whittemore has lived in the Ovid area most of her life and was graduated from Ovid High School. She received her life certificate from Eastern Michigan University. She taught at Sterling and Ypsilanti before coming to Ovid.

She spent the first four years as librarian, junior class sponsor and study hall teacher. She introduced the J-Hop to the Ovid student body over the old type junior-senior party. Following her teaching experience in high school, she taught in the Ovid Elementary schools. For the past 22 years she has been the kindergarten teacher.

MRS. WHITTEMORE plans to pursue some of her many hobbies upon her retirement, as well as to have time to enjoy her three grandchildren.

Mr. and Mrs. Whittemore were married June 22, 1928 and have made their home in Ovid since 1930. They have one son, Lee, who is married and living in Grand Rapids.

The teachers and PTA will hold an open house to honor Mrs. Whittemore on Thursday, May 19, from 7 to 9 p.m. at the Ovid Elementary kindergarten room. Former students, parents and friends are urged to attend.

MISS GLORIA De Laere was the maid of honor and the bridesmaids were Mrs. Wanda Workman, Mrs. Pat Eldridge and Miss Fran Elrschele. They wore pink empire styled crepe gowns which featured pink lace wattleau trains extending from the shoulder to the floor. Their bouquets were semi-cascade arrangements of white pompon chrysanthemums and pink shasta daisies.

Robert Every was the best man and the groomsmen were Pete Wittig, Gary Pierce and Terry Nolph. Seating the guests were Don Workman, Ed Workman, Frank Black and Jeff Wittig.

FOR HER daughter's wedding, Mrs. Workman selected an off-white knit dress with a jacket. Mrs. Ford wore a turquoise and gold ensemble. They both had cymbidium orchid corsages.

A reception at the church for 350 guests followed the ceremony.

After a wedding trip to Niagara Falls the newlyweds will make their home at 721 N. Chicago Avenue, Lansing.

MR AND MRS Ford are both graduates of Rodney B. Wilson High School and he is presently attending Lansing Community College and will transfer to Michigan State University in the fall.

## Miss Dexter hosts St. Elizabeth's guild

St. Elizabeth's Guild of St. Johns Episcopal Church met May 2 at the home of Miss Florence Dexter. There were 11 present. Devotions were led by Mrs. Lynn Woodbury.

Mrs. Gerald Danley reported on the Cana Party held April 25 in the undercroft.

The ECW will meet May 19 in the undercroft and will serve a smorgasbord.

MAY FELLOWSHIP Day sponsored by the United Church Women of Clinton County will be May 6. The First Methodist Church will act as host.

The meeting was turned over to Miss Florence Dexter, program chairman. The program consisted of the playing of "The American Folk Song, Holy Communion," written by Rev. Jan Mitchell, a young Episcopal priest from Chicago and sung by the Canterbury Choir of Northwestern University.

## Mrs. Marik was TOPS queen of week for April

The regular meeting of the St. Johns Tops Club was held Thursday at the Senior Citizens Drop-In Center with 23 members present.

The queen for the week was Mrs. Mae Marik and she was also the queen for the month. It was decided to celebrate the club's birthday by going to Middleton for a chicken supper May 19. The queen will be honored then.

Mrs. Helen Eldridge won the mystery prize and Mrs. Violet Paksi won the door prize for the evening.

There will be an auction sale this week to help with the trip to Toronto. Members may bring a guest this week.

## James Richardson takes Florida bride

James Alexander Richardson, Jr., former Pewamo and Portland resident, now of Howey-in-the-Hills, Fla., claimed as his bride the former Miss Maurine Janet Vaillancourt April 30. Rev. Eugene McCarthy of St. Joan of Arc Church, Florida, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Maurice J. Vaillancourt. The groom is the son of Col. (Ret.) and Mrs. James A. Richardson of Howey-in-the-Hills, Fla. He is the grandson of the late Dr. Alton and Mrs. Alton, formerly of Portland and now of Pewamo.

For her wedding the bride selected a gown of peau de sole and re-embroidered chantilly lace. The bodice was beaded with seed pearls and sequins and the bell-shaped skirt ended in a full chapel train. Both the skirt and the train featured wide bands of chantilly lace. Her elbow length veil was caught in a three-tiered rose crown of lace, crystal and pearls. She carried a bridal miscal with a white orchid and stephanotis.

THE SISTER of the groom, Miss Mary Ann Richardson, was the maid of honor. Bridesmaids were Mrs. Norman Cloutier, a cousin of the bride and Miss Paulletta Brooks. They wore matching floor length gowns of blue peau de sole with matching chantilly lace bodices. Their dresses were fashioned with bell-shaped skirts. Short illusion veils were attached to rose petal clusters. They carried bouquets of pink and white glameillas.

The best man was Maurice J. Vaillancourt, Jr., brother of the

bride. Ushers were Klaus Geyer and Gary Robinson.

For her daughter's wedding, Mrs. Vaillancourt selected a three piece pink ribbon knit suit and she had a lavender cymbidium orchid. Mrs. Richardson wore a powder blue crepe dress and a lace coat. Her corsage was a gold cymbidium orchid.

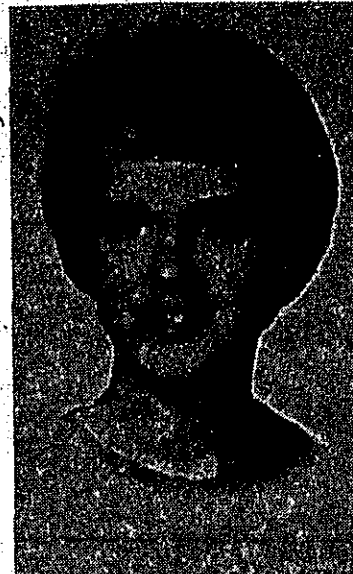

A RECEPTION at the Tamarac Yacht and Tennis Club followed the ceremony.

The new Mrs. Richardson is a graduate of Seacrest High School, Palm Beach Junior College and Florida Atlantic University and has a degree in secondary education, social science. Richardson is a graduate of Manahel American High School, Manahel, West Germany; Frensbord College, Frensbord, Denmark; Lake Sumter Junior College, Leesburg and Florida Atlantic University and holds his degree in secondary education, physical education.

## Patrol boy, service girl of month named

Teachers and fellow squad members at Perrin — Palmer School selected for the month of April Lynn Bearndt as service girl of the month and Mark Munger as patrol boy of the month.

The children were selected for their attitudes toward others and their willingness to spend their own time and effort for the good of the pupils at Perrin-Palmer. Lynn is the daughter of Mr. and Mrs. William Bearndt of 406 W. Higham Street. Mark is the son of Reed Munger and the late Mrs. Munger of 603 N. Ottawa Street.

MISS CONNIE DEAN

Mr. and Mrs. N. G. Dean of Fural Maple Rapids announce the engagement of their daughter, Connie Ann, to Eldron Lee Whitford. He is the son of Mr. and Mrs. Gene Whitford of rural Ashley.

They are both graduates of Fulton High School.

## Newlyweds will live in Lansing

After a honeymoon in Canada and Niagara Falls, Mr. and Mrs. Larry Schueller will make their home at 519 N. Pine Street, Lansing.

The former Miss Nancy Manning, daughter of Mr. and Mrs. Don J. Manning of 212 N. Lincoln Street, Portland and Larry Schueller, son of Mr. and Mrs. Edwin Schueller of R-1, Pewamo, were married at St. Patrick's Church, Portland.

For her wedding the former Miss Manning selected a gown of silk organza and rose point lace. It was styled with lace sleeves and a chapel length train. Her veil fell from a pillbox headpiece. She carried a prayer book with an orchid.

MISS JUDY Fitzpatrick was her cousin's maid of honor. The bridesmaids were Misses Darlene and Bernice Schueller, sisters of the groom and Connie Feldpausch of Eagle.

They wore floor length empire styled gowns of Nile green dotted swiss over taffeta with matching

headpieces. Their bouquets were white gladioli and green pompons.

EUGENE Schueller of Westphalia was his brother's best man. Groomsmen were John and Michael Manning, brothers of the bride and Joseph Nuremburg, cousin of the groom, of Westphalia. Ushers for the wedding were Jack Manning and Joseph Rademacher.

A reception was held at the Portland American Legion Hall, Portland.

The new Mrs. Schueller is a graduate of St. Patrick's High School and Lansing Business University and is employed by the Michigan Department of Social Services. The groom graduated from Pewamo-Westphalia High School and is employed in Lansing by the state of Michigan.

Mrs. Frances Smith and her daughter, Mrs. Norman (Jeanette) Hage with her 5-year old son Alan, arrived Sunday from Glendale, Calif., to spend a month with the former's sister and brother-in-law, Mr. and Mrs. Sam Mohnke, and other relatives and friends.

Fowler Jaycees President Carl Koenigsnecht, left, and Secretary Francis Schaffer hold awards which the Fowler club received Saturday at the state Jaycee convention in Lansing.

## Fowler Jaycees win 2 top state awards

FWLER — The Fowler Jaycees received two top awards in state Jaycee circles at the state convention of the group Saturday at the Civic Center in Lansing.

In addition there were a number of other awards received.

The coveted milestone Award given to the outstanding first-year chapter in the state, regardless of size, was given to President Carl Koenigsnecht Saturday evening at the state organization's inaugural banquet.

THE FOWLER CLUB, chartered Nov. 17, 1964, competed with all clubs in the state for that particular award.

Their sponsorship of the Clinton County oral polio vaccine program was cited as the project of the year among Jaycee chapters in communities of less than 5,000 population. Secretary Francis Schaffer was chairman of the project, which also placed a

close second to Coloma in the community health and safety category among clubs in their population division.

OTHER awards received were for: first place in publications category; first place in youth and sports category; second place in religious and Christmas category; second place in civic improvements category; second place in agriculture and conservation category; and second place in ways and means category.

Koenigsnecht and Schaffer were delegates to the state convention from the Fowler chapter, and about 10 other persons attended the Saturday evening banquet.

## Miss Deibert accepted for vocal institute

BARBARA DEIBERT

Barbara Deibert, daughter of Mr. and Mrs. B. A. Deibert of 204 Church Street, St. Johns, has been accepted for the Oakland University six-week choral and vocal institute July 11-Aug. 20.

The announcement was made by Walter S. Collins, dean of Meadowbrook School of Music at Oakland University (at Rochester, Mich.). Miss Deibert auditioned April 9.

The group will perform during the Meadowbrook Music Festival, featuring the Detroit Symphony Orchestra under the direction of Sixten Ehrling.

MISS DEIBERT takes private voice lessons from Gordon Vandemark of St. Johns. She is a student at Lansing Community College and is a member of the Tudors (madrigal group), the Lansing Girls Glee Club directed by Dr. David Machtel. She's also a member of the First Congregational Church choir of St. Johns.

At Lansing Community College's spring concert June 18 she will sing two soprano solos, "My Lover is a Fisherman," by Strickland, and "Verdant Meadows."

She is a 1965 graduate of Rodney B. Wilson High School.

## City mechanic badly hurt as tire rim pops

Bob Harris of 209 S. Emmons Street, a mechanic for the City of St. Johns, is reported improving at St. Lawrence Hospital in Lansing where he has been since last Tuesday noon when a truck tire rim blew off into his face.

Harris suffered severe facial injuries and was in surgery for six hours last Tuesday afternoon and evening. He had been allowed no visitors as of Monday, but Monday he was moved from a private room to a ward, indicating improvement in his condition.

Harris was removing the outer wheel on the rear of a dual wheel truck when a "snap rim" on the tire blew off and struck him in the face. He was attempting to reach the inner wheel, which was flat, in order to take it off and make repairs.

## Bath FFA boys keeping busy

BATH — Bath FFA members have been busy the last week getting machinery ready for the corn planting season. On May 4 boys who were in charge of certain fields at the Rose Lake Wildlife Experiment Station started their projects. The chapter will put in only 20 acres of corn this year because of a nursery project.

President Dave Allen and Treasurer Skip Losey are in charge of a 7 1/2-acre field at Rose Lake and have put in Funk's corn seed. Secretary Douglas Brook and junior Treasurer Bill Harris are in charge of a 6.2-acre field and are planting DeKalb corn seed. Vice President Gary Derke is planting a 4-acre field with Pioneer seed corn. Helping out on the projects have been Dan Churchill, Vaughn Vondrasek, Don Allen and Mike Esch-truth.

Dennis Smith is in charge of a hay project at Rose Lake. The FFA will keep the first cutting and cut and bale the second cutting for the Rose Lake station so wild stock can be fed in the winter.

Reporter Jeffrey Allen and Gary Risdon have been getting a new nursery project under way with assistance from freshmen Terry and Jerry Christmas.

## Ex-Russian baroness spoke

At the mother-daughter tea held at the First Baptist Church last Tuesday evening the 150 there heard Mrs. Leja de Torenoss Messinger, a former Russian baroness, now of Grand Rapids tell of her life in Russia.

She was born in Russia over 70 years ago and raised in a wealthy home containing 300 rooms and several hundred servants. She was married to a Russian baron and her home was confiscated by the Germans in early World War II. She later fled to the U.S.

The program began in the main auditorium with Mrs. Marilyn Goldman, the Women's Society president, in charge.

There were special numbers by the Women's Ensemble and a group of 4- and 5-year-old girls sang. Mrs. William Dodway gave a special talk for little girls.

Baskets of artificial flowers were presented the oldest and youngest mothers, Mrs. Dart Parr and Mrs. Viola Sharick respectively.

Refreshments were served in the basement from tables decorated with sewing items and flowers.

## OES Chapter 79 met May 4

O.E.S. Chapter 79 held their regular meeting Wednesday, May 4. Jean Mary Bartholomew won the May birthday gift. Following the meeting, refreshments were served in the dining room by Violet Pope and her committee.

There will be practice Sunday, May 15, for initiation to be held May 18. All officers are asked to attend.

Friday, June 3, the chapter will celebrate its 75th anniversary by honoring the Grand Family of the O.E.S. of the State of Michigan. It is necessary for all members to be present and wear gowns of the fashion of the 90's.

Due to commencement exercises June 1 the next regular meeting will be held Tuesday, June 7.

## 87 attended Green Tee Club spring party

Eighty-seven members and guests of the Green Tee Club attended the annual spring bridge party held at the Clinton County Country Club Tuesday, May 3. Dessert was served followed by 21 tables of bridge.

White milkglass bud vases filled with spring flowers centered every table and were given away as table prizes.

The five door prizes were won by Mrs. Lena Bunday, Mrs. Vira Montague, Mrs. Emily Boyer, Mrs. Margaret Anderson and Mrs. Wilma Allread.

The social committee had charge of the party and was headed by Mrs. Ann Walker and assisted by Mrs. Audrey Fruchti, Margaret Bushman, Mrs. Irene Zeeb and Mrs. Eunice Marzke.

## DeWitt PTA netted \$1000 at carnival

About \$1,000 was cleared at the DeWitt PTA carnival and outdoor chicken barbecue held Saturday, May 7, making it one of the most successful events ever staged by the organization.

At the peak of the show there were 2,000 in attendance even though the weather was cool and the sky cloudy.

JACOB LENIK, PTA president, said the gross income from the entire effort was over \$1,700 and a net profit of about \$1,000 was realized. A check will be presented to Assistant Superintendent of Schools Hobart Jenkins at the next PTA meeting earmarked for the library.

At the meeting slated for Wednesday, May 18, at 8 p.m. in the new Senior High School, there will be many items of interest presented, Lenik said.

THERE WILL be an explanation of the proposed \$400,000 bond issue which will be decided on in the June 13 balloting.

The meeting is open to the public, Lenik said, and the entire community is urged to attend.

## NEWS in Brief

Mild weather throughout Michigan during the winter sports season may have cost the state tourist industry as much as \$3.5 million, according to the Michigan Tourist Council. A survey for December-March business indicates that overall winter recreational business was about 15 per cent off the record pace set in the winter of 1964-65.

Virgil Zeeb of Zeeb Fertilizer Co. in St. Johns has been elected treasurer of the new Michigan Plant Food Council, an organization of manufacturers and distributors of commercial fertilizers. Aim of the group is to form an industry-wide council for unified research and training efforts, and they'll also work closely with the Michigan Department of Agriculture on product labeling and analysis.

Franklin Piper of 207 Spring Street, St. Johns, and Terry L. Wilson of R-2, DeWitt, will be among the more than 300 delegates attending the 16th annual Michigan State Employees Assn. general assembly May 13-15 in Lansing. MR AND MRS KENNETH R. BYRA

## Salters-Brya vows repeated April 23

St. Joseph's Catholic Church of St. Johns was the scene April 23 of the marriage of Miss Cathy Diane Salters of St. Johns and Kenneth Robert Brya of St. Johns.

The bride, who graduated from Rodney B. Wilson High School and attended Michigan State University, is the daughter of Mrs. Caroline C. Vorase of 200 E. Buchanan, St. Johns.

Mr. and Mrs. Louis Brya of R-5, St. Johns, are the parents of the bridegroom, who graduated from Rodney B. Wilson High School and attended Lansing Community College.

THE BRIDE GIVEN in marriage by her godfather, Robert Prowant, made her silk-ribbon and imported Swiss lace a-line gown fashioned with short sleeves. She wore a short silk illusion veil. Her bouquet was of white daisy chrysanthemums.

Miss Peggy Salters served as her sister's maid of honor. The bridesmaids were Mrs. Betty Hale, godmother of the bride; Shirley Steinhardt and Rosemary Motz. Kim Vorase, sister of the bride, was the flower girl.

They wore gowns made by Mrs. Walter Thompson of sereno in rainbow hues of green, pink, blue and yellow. The dresses were sleeveless and had an embroidered border near the hem of the skirt. They all carried bouquets of daisy chrysanthemums matching their dresses with the exception of the maid of honor who carried a bouquet of green and white daisy chrysanthemums.

BROTHER OF THE groom, Jim Brya, was the best man. Groomsman were Jerry Sharick, Jim Kurnez and Richard Cressman. Ray Vittek and Mike Galvach, cousin of the bride, were the ushers. Ricky Vorase, brother of the bride, was the ring bearer.

For her daughter's wedding, Mrs. Vorase wore a blue lace coat over a sleeveless crepe sheath. Mrs. Brya selected a two piece blue matelasse dress.

A RECEPTION was held at the Ovid Veterans Hall. Assisting at the reception for 300 guests were Lorraine Anderson, Carol Jacoby, Pat Helbeck, Sherry Jalls, Mrs. Dorothy Bertram, Mrs. Bruce Pope, Miss Betsy Hufnagel, Mrs. Bonnie Pohl, Mrs. Elouise Pohl, Mrs. Kathy Prowant, Mrs. Jeanette Henning, Mrs. Susan Brya and Mrs. Karen Brya.

The newlyweds are now at home at 2002 N. Lansing Street, St. Johns, after a wedding trip through the South.

Life-like representations of trees, cultivated fields, grasslands and other features are produced by a new "photomap" technique, said to be remarkable for its detail and clarity, combines the best qualities of aerial photographs with conventional mapping symbols.

### Begin heart disease prevention in young

Resist pushing "seconds" at Junior, discourage his overeating and you may be preventing his getting a heart attack when he reaches middle age. This is the health note from the American Heart Association (AHA), which urges parents to take the following commonsense steps to protect their children's health:

Accustom your children to a healthful diet rich in fruit, vegetable, milk, meat, fish, fowl, cereals. But avoid animal or saturated fats (butter, cheese, bacon), substituting unsaturated fats, such as vegetable oils. Serve lean rather than marbled meats. On such a diet, you may be safeguarding against hardening of the arteries, which, the AHA points out, sets the stage for heart attack.

Set an example for your children by cutting down on cigarette smoking or cutting it out entirely. Cigarette smokers, AHA spokesmen point out, run twice the risk of non-smokers of having a heart attack; and

Encourage youngsters to take part in sports.

★ IN MEMORIAM

In loving memory of our dear husband and father, Nelson C. Jolly, who passed away six years ago, May 10. When evening shadows have fallen, and we sit here all alone, To our heart there comes a longing, if you could only come home. No one knows the silent heartache, only those who lost can tell. Of grief that comes in silence, for the one we loved so well. So our family chain is broken, our hearts left sad and sore. Through Gods promise we will join you, to meet alone and part no more.—Your loving wife, son and daughters. 3-1p

★ IN MEMORIAM

In loving memory of our mother, Clara M. Hettler, who passed away on May 7, 1958. Gone is the face we loved so dear. Silent is the voice we loved to hear. Too far away for sight or speech. But not too far for thought to reach. Sweet to remember her who once was here. And who, though absent is just as dear. 3-1p

A human mind and a check-book (bank account) are surprisingly similar. As long as one is putting in more than he takes out (or either), he's happy. Both are very important. The value of each drops quickly when one quits making deposits regularly, and starts taking out more than is put in.

'Bill box' improvement week

Seventeen million postal customers' mailboxes will be the target of a Post Office Department nationwide beautification drive this month, Postmaster General Lawrence F. O'Brien said this week.

"Mailbox Improvement Week" will be held May 16-21 to promote the best possible appearance for about 10 million mailboxes on rural routes and 7 million others on city residential "curbline" delivery routes, the postmaster general announced.

More than 1.8 million miles along the nation's highways and byways are dotted with the rural mail receptacles, served by approximately 32,000 rural carriers, O'Brien noted.

### Podolaks hosted Duo Decum Club

Duo Decum Club met at the home of Mr and Mrs Milo Podolak Saturday evening, May 7, with nine couples present.

"Shoot the Moon" was played, with high score prizes won by Mr and Mrs Mike Humphrey, and low score prizes going to Mrs Orrison Bailey and Jim Lowe. The traveling prize went to Mrs Humphrey.

The annual business meeting was held and new officers for next year were elected. They are Mrs Milo Podolak, president; Mrs Orrison Bailey, secretary; and Mrs Gail Williams, treasurer. Meetings for the next year were selected, as well as co-hostesses for each.

Refreshments were served by the hostess, assisted by Mrs Maurice Paine.

The next meeting will be June 4 at the home of Mr and Mrs Orrison Bailey.

### Mother, daughter program held Thursday

The mother-daughter program was held in the Methodist Church Thursday evening, May 5.

The invocation was given by Mrs Grace Voss, following which group singing was led by Mrs Gene Dutton, with Mrs Dee Allen at the organ. The toastmaster, Mrs Robert Upton, introduced the program. Toast to mothers was given by Miss Brenda Ble-master, and the toast to daughters was by Mrs Duane Winsor. Miss Brenda Allen sang two solos honoring mothers and grandmothers.

Guest speaker was Mrs Austin Regier of Carson City, who spoke of her native land, Japan. She dressed in her native costume and told of the educational customs, among other interesting things.

Plants were presented to Mrs John Setterington, as the oldest mother present; Mrs Robert Belinger, the youngest mother present, and to Mrs Lyman Van Sickle, the mother with the most daughters present.

Refreshments were served by the WSCS following the program.

Mrs Minnie Nielsen was a guest of Mr and Mrs Al Abshagen and son Sunday.

Mr and Mrs John Schmidt and sons and Mrs Selma Bailey were Sunday dinner guests of Mr and Mrs Gary Snyder.

Mr and Mrs Robert Holland entertained for Mothers Day, Mr and Mrs Milo Podolak and Mr and Mrs James Holland.

## Episcopal missionary to Zambia here Sunday

Dr James C. L. Rawes, missionary to the Episcopal diocese of Zambia from the Diocese of Michigan, will speak this Sunday morning at St. Anne's Episcopal Church in DeWitt and St. John's Episcopal Church in St. Johns.

Dr Rawes, 36 and born in Great Britain, has been serving at St. Francis' Hospital in Katete, Zambia, in Africa since last year. He has had previous overseas service in hospitals in the Diocese of Matabeland in Bechuanaland from 1960-63; the Diocese of St. John's in South Africa in 1964; and the Diocese of Basutoland in Basutoland in 1964-65.

HE WILL SPEAK on his experiences Sunday at 9 a.m. at St. Anne's and at 10:30 a.m. at St. John's.

Dr Rawes received his education at English "prep" school at Chestnut Hill Academy, Pa., in 1940-41, St. Andrew's School in Middletown, Del., from 1941-43 and at Marlborough College (British public school). He received his medical training at Cambridge University, with clinical training at St. Thomas' Hospital in London, graduating in 1954. He received post-graduate diplomas in obstetrics and pediatrics.

DR RAWES HAD hospital resident appointments at St. Thomas' Hospital in London and at St. Peter's Hospital, Chertsey Surrey as well as the Royal United and St. Martin's hospital at Bath, Somerset.

His future plans include returning to general practice as a "family doctor" in the United Kingdom.

George Smith of St. Johns, sales representative for Investors Diversified Services, Inc., has returned from a career recognition conference conducted by the company in Minneapolis, its home base, from April 18-20. He qualified on the basis of his sales record and service performance during the past 12 months.

## Open house Sunday for Lloyd Latchaw

BATH—An active educational career, spanning 37 years, five communities and thousands of students, comes to a close July 1 when Lloyd H. Latchaw, Bath Community Schools superintendent, retires.

The board of education of Bath Community Schools, in cooperation with the Bath Community Schools PTA, student body and Bath community people, is honoring Latchaw at a community open house this Sunday, from 2 to 5 p.m. in the Bath High School cafeteria.

AN INVITATION is extended to his friends throughout the state to attend this event.

Latchaw was graduated from Allegan High School in 1920 and spent several years in college

and in travel throughout the West. He graduated from MSU with a bachelor of science degree in 1929. In 1942 he was granted a masters degree from the University of Michigan.

His professional experience began in 1929 at Coldwater, where he taught vocational agriculture. In 1937 he moved to Lawrence, Michigan, as superintendent and vocational agriculture teacher. From 1946 through 1956 Latchaw headed the Sand Creek, Michigan schools. In 1956 he came to Bath Community Schools where he has been employed as superintendent for the past 10 years.

Latchaw served as President of the Lenawee County M.E.A. during the 100th anniversary year of M.E.A.

He supervised the building pro-

LLOYD H. LATCHAW

gram at Sand Creek and at the Bath Community Schools where a new high school and an addition to the elementary school was built

Latchaw's wife, Iva Adel, is a teacher in the Bath Elementary School, having taught second grade for the past 10 years. They have three children Saradel Parker, an M.S.U. graduate and teacher living in California; Harold, a student at MSU in education; and Raymond, recently completing a tour of duty with the Peace Corps in Asia and currently attending Lansing Community College. The couple have four grandchildren.

The Latchaws reside on a 21-acre fruit farm east of Bath. Their future plans include operating the farm and lots of travel.

## News About Clinton County Service Personnel

Seaman Recruit **ROY P. HAMILL**, 20, USN, son of Mr and Mrs Clarence P. Hamill of 5599 Slight Road, Bath has completed seven weeks of Navy basic training at the Naval Training Center here.

In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station.

Upon completion of his recruit training, he was assigned to a school, shore station or ship, according to the results of his Navy classification tests, his own desires, and the needs of the Navy.

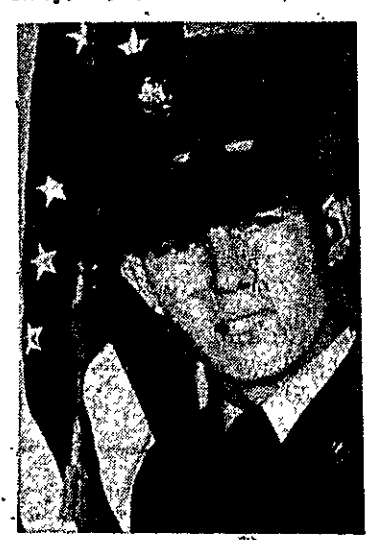

Pvt. **JOHN L. SUTFIN**, son of Mr and Mrs Louis S. Sutfin of 307 E. Higham Street, St. Johns has been assigned to Fort Leonard Wood, Mo., for advanced individual training in combat engineering following a recent leave which he spent in St. Johns. Sutfin graduated from Rodney B. Wilson High School with the class of 1964. He finished basic training April 27 at Fort Knox, Ky.

Fireman Apprentice **FRANK D. PROCHAZKA**, USN, son of Mr. and Mrs Frank J. Prochazka of 2211 N. Lowell Road, St. Johns, has begun the basic Interior Communications Electrician school at the U.S. Naval Training Center, Great Lakes, Ill.

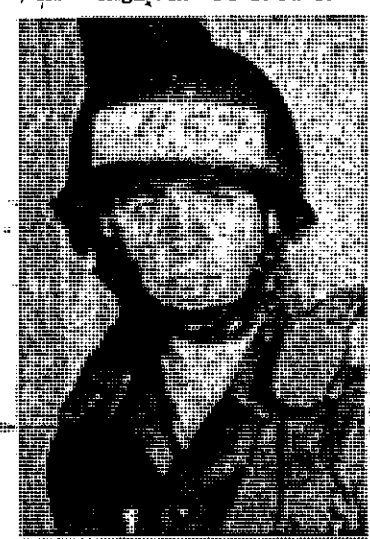

As he progresses through the 17-week course, he will learn the values of resistance, capacitance, inductance, current and voltage in AC and DC circuits, and the use of electrician's hand tools and electrical testing equipment.

After graduation, he will be expected to set up, maintain and repair public address systems, and tent and repair such units as sound-powered telephone circuits, gyrocompasses and related equipment.

Senior Chief Electronics Technician **CLINTON S. FALCH**, USN, son of Mr and Mrs E. J. Falch of 530 Euclid Street, St. Johns is in Long Beach, Calif., aboard the world's only nuclear-powered guided missile cruiser the USS Long Beach.

PVT. **RONALD G. ANTES**, son of Mr and Mrs R. G. Antes of 1500 S. Lansing Street, St. Johns, is stationed at Fort Polk, La., for further Army training after having completed basic training at Fort Knox, Ky. Pvt. Antes, starting a two-year hitch with the Army, graduated from Rodney B. Wilson High School last June.

The Long Beach is the first of the nuclear-powered missile ships to arrive in the Pacific. She will join the nuclear carrier USS Enterprise and the nuclear frigate USS Bainbridge for duty in the Pacific.

Second Lt. **WALTER L. MORRILL** of Park Lake is now stationed at Gennhausen, Germany, with the 3rd Armored Spearhead division. He flew to Frankfurt Easter Sunday. His address is: 2nd Lt. Walter L. Morrill 05536776 / Hq. Co. 1st Bn. 48th Inf. / APO New York 09039.

**RICHARD R. CHALMERS**, former St. Johns High School student, is taking further combat training with the 82nd Airborne Division at Ft. Bragg, N. C., after recently graduating from Ft. Benning, Ga. His "wings" as a paratrooper were pinned on by his father, a former paratrooper himself.

Japan prohibits possession of firearms by the public. This law has led to smuggling of pistols into the country for criminals. According to the Associated Press, a good pistol will bring up to \$500.

Chalmers, the son of Mr and Mrs Robert Chalmers of 609 N. Morton Street, St. Johns, enlisted in the Army in November 1965 and completed basic training at Ft. Knox, Ky., and advanced training at Ft. Ord, Calif.

## Women's groups give time to hospital

Many volunteer organizations from the area donate their time at Clinton Memorial Hospital.

This being National Hospital Week is a good time to take a look at a few of them.

There are several groups working at the hospital that are frequently overlooked.

THE PUBLIC IS quite familiar with the groups seen working in the hospital but there are groups working behind the scenes.

One of these groups is the Sewing Ladies. They work 4 1/2 hours every Wednesday after-noon. Their membership is made up almost entirely of members of the Hospital Ladies Auxiliary.

The chairman of the group is Mrs. Gilford Pease. Others who work regularly are Mrs. Elizabeth Smith, Mrs. Edwin Price, Mrs. William Elliot, Mrs. Edgar McLaughlin, Mrs. Maude Eaton, Mrs. Ernest Exelby, Mrs. Edith Ormes, Mrs. Cerelda Hicks, Miss Evelyn Putnam, Mrs. Geraldine Niergarth, Mrs. R. W. Sleight, Mrs. Forrest Root, Mrs. Joseph Matthews and Mrs. Della Corkin.

SO FAR THIS year this group has made more than 807 new articles and repaired many old ones.

Another group is the puppet committee. This group meets once a month on the second Tuesday. Mrs. Oliver Montague is the chairman of the committee. Since last July they have made 506 puppets for pediatrics plus three dozen Santa Claus puppets for Christmas.

Other members of the committee are Mrs. Floyd Robinson, Mrs. Della Root, Mrs. Lewis Wolf, Mrs. Della Corkin, Mrs. Elizabeth Smith, Mrs. Lucille Bailey, Mrs. Cerelda Hicks, Miss Evelyn Putnam and Mrs. Geraldine Niergarth.

ANOTHER little-noticed group working at the hospital is in charge of the tray favors for the holidays throughout the year.

Miss Martha Duffer and Mrs. Esther Tiedt are responsible for the organization of the groups and schools preparing the favors for the different holidays.

Mrs. Beatrice Kelley of Elsie, an office employee of the Ovid-Elsie Area Schools, attended the 25th annual convention of the Michigan Association of Educational Secretaries in Grand Rapids April 29, 30 and May 1. The theme of the convention was "Keys to Progress in Education."

### Off to Washington, D. C.

John Kruger, 12-year-old safety patroler at Perrin-Palmer School in St. Johns, was to leave today (Thursday) for a four-day trip to the nation's capital with 131 other patrolers from around the state. He is the son of Mr. and Mrs. Lawrence Kruger, 1850 E. Alward Road, DeWitt, and will represent 155 St. Johns patrolers at the AAA National Safety Patrol Rally in Washington.

### 3-county home economics bus tour set for May 24

"A touring we shall go" is the theme of Extension Home Economics Study group members of Clinton, Gratiot and Shiawassee counties for Tuesday, May 24. Planned by the Extension staff of the three counties, a circle bus tour will highlight points of interest in Area 9. Likes and dislikes of the area will be seen. Agriculture, business, new housing, both planned and unplanned, man-made lakes and recreation areas, land use and mis-use in both town and country will be included with other interesting locations being visited.

The tour offers an opportunity for Study group members to become acquainted with those from other counties also.

BUSSES WILL LOAD at designated places in each county, meeting at the Green Meadows Dairy Operation, Elsie, Michigan, at 9 a.m. for the first highlight of the day. From there an "on-the-go-story" will be told by the county agricultural staff members throughout the trip. They are Earl Haas, George McQueen, John Baker, Harry Wilt and Conrad Search of Clinton, Gratiot and Shiawassee counties.

Women joining the tour must

send their pre-paid reservations to the Council treasurer in their own county by May 18. Reservation blanks have been mailed to every study group member. However, additional blanks and information are available in each county Extension office.

SACK LUNCHES, carried by each tour member from home, will be eaten at Smith Hall, St. Johns, with the Clinton County Home Economics Council furnishing coffee.

This is the first area 9 activity planned since the Extension re-organization became effective last fall. The get acquainted day offers fun plus knowledge to all those extension Home Economics Group members participating.

Miss Carol Rich of St. Johns is a new Red Cross volunteer, completing a training period May 1 with a capping service and reception at the Alumni Memorial Chapel at MSU. She and 52 other new Red Cross volunteers will now serve their various Red Cross programs in such fields as office work, blood program, motor service, food service, hospital service and service to military families.

## Senior Citizen . . . valuable citizen

May is Senior Citizen Month and a time to congratulate as well as to give consideration to these very important people.

The older person can be one of the communities' most valuable citizens. Their leadership abilities don't stop at that sixty-five mark nor does their creative ability. These folks often act as a community stabilizer, promoter of benefits for all age levels as a resource person. They may be one of the few persons in the community who has time or is willing to take time for community programs and development.

### Spring vocal concert is Tuesday

Those "Bye, Bye Birdie" vocalists from Rodney B. Wilson High School will be back next Tuesday. The vocal music department of the local high school is preparing for its annual spring concert May 17 in the high school auditorium.

Sets are being built and music being polished for what looks like one of the most elaborate concerts in years. Appearing during the evening will be the concert choir, the training choir, the Wilsons, the Wilsonettes and the male ensemble. The concert will start at 8 p.m.

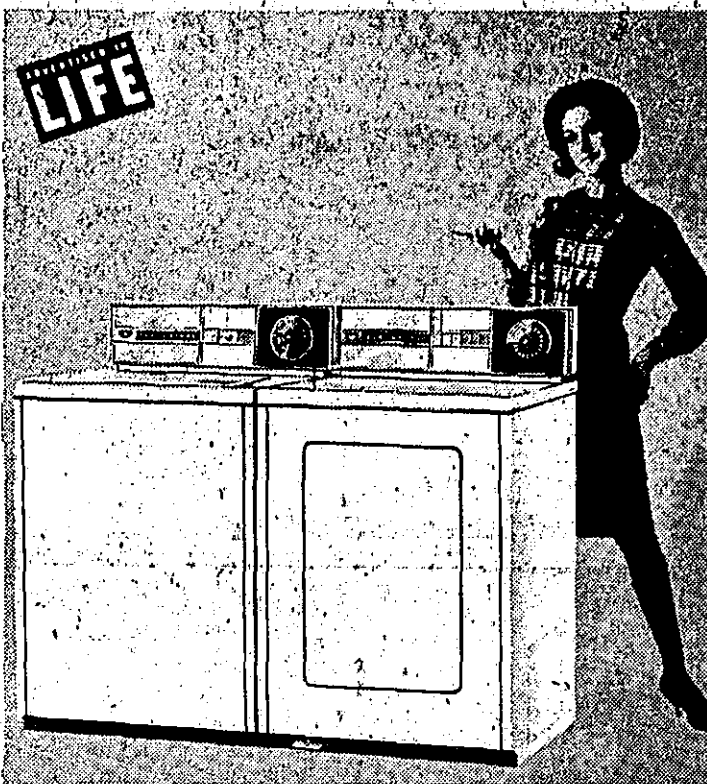

The theme for the concert will be "With a Song."

THE CONCERT CHOIR, which is performing the largest portion of the program, will be singing music from such famous Broadway shows as "The Sound of Music," "Stop the World—I Want to Get Off," and "Oklahoma."

The 65-voice choir will also sing two Negro spirituals, the Swingle Singers Bach arrangement, a Bobbie Dylan folk song and their two festival numbers. The other groups will also be doing a variety of show tunes and serious music. The evening is designed to be light, enjoyable and worthwhile.

James Barger, art instructor at the high school, announced that the school's second art exhibit of the year will be held Tuesday evening in conjunction with the vocal concert. The art room, down the hall east of the auditorium, will be open for persons to browse and see the work of the students.

## Around the halls of RODNEY B . . .

By SUE DURNER  
St. Johns High School

The results of the general elections April 24 and 26 are as follows: Student council president, Chuck Stockwell; vice president, Kathy Bashore; Stockwell the first male president of the council since Al Werbish two years ago; Kathy is the first girl vice-president the council has had.

Jon Tatroe will head the senior class of 1966-67. Carla Motz was elected vice-president Judy Williams was again elected as secretary; Marilyn Motz is treasurer. The representatives to the student council from the senior class are Gay Bond, Bill DeGroot, Elaine Curtis and Monica Hatt.

THE SOPHOMORES selected Ed Lublow to lead them during their junior year. Andre Lewis will assist as vice-president. Sandy Kramer will serve as secretary and Sandy Masarik will take over the job of treasurer. Janean Geller, Jeff White, and Sandy McQueen will serve the class as representatives to the student council.

Chuck Romig was again elected to fill the office of the presidency for the coming Sophomore year. Jane Wieber will serve as vice-president. Sharon Howe will fill the position of secretary and Lexa Swatman will handle the money matters of the class. Theresa Cornwell, Mike Lewis, and Richard Vitke will be the representatives.

RODNEY B. HAS four students who will spend their summer in Europe. They are Gay Bond, Karen Rumbaugh, Marcia Parr, and Jerry Lewis. They are part of the Youth for Understanding Exchange program through which they experience the family life of countries.

Gay will be staying with a family in Sweden, Marcia will be staying in Finland, and Karen is staying in Germany for the summer. Jerry is going to Europe on another program in which he will tour a group of European countries. These four students will leave soon after school is over and will return sometime in August.

ON APRIL 25, the Future Teachers of Rodney B. presented their annual Mother's Tea. The affair consisted of a play, the installation of new officers and refreshments.

"Two Million Heroes" was the name of the play, which is about a teacher whose sister comes to spend one day in the classroom. At the end of the day the sister realizes that teaching is not a waste and that all teachers are heroes. Those in the play were Margaret Cortright, Val Bartholomew, Mike Lewis, Jeff Geller, Janean Geller, Jim Salisbury, Dee Ann Gill, Rhonda Lewis, and Cayle Beagle. Nancy

Ann Locher was the student director, and Robert LaBrie was the director.

Mrs Esther Graham was presented with the flower center piece in appreciation for her many years of service to the club. Mrs Graham is retiring at the end of the present school year. Next year Miss Miriam Stoltus and LaBrie will take over the responsibility of guiding the club.

A regional picnic is being planned with other FTA clubs in the Clinton County area. This is the last big club event of the year.

CAYLE BEAGLE, Judy Fowler, Cathy Zuker, and Phil Anderson were selected as members of the Honors Choir. This choir began its schedule of appearances on the stage of the high school auditorium April 30. On May 7 the choir performed at Oakland University for the Michigan Music Educator's Convention; on May 18 they will be at the Lansing Civic Center and on May 21 they will be at Interlochen.

The Wilsonettes performed at the Clinton County Church Seminar that was held at the Methodist Church May 6. Later in the day, they traveled to Wacousta to perform.

THE SPRING CONCERT presented by the vocal section of the Music Department will be somewhat different this year. The scenery will be done by the art department and special lighting effects will be handled by Chuck Stockwell. The purpose of this scenery and lighting effects is to try and develop the feeling of the outdoors that is felt by all in the spring. (See separate story for further details.)

"MUSIC IN THE AIR" is the title of this year's orchestra spring concert. This is sponsored by the St. Johns Morning Musicals through the American Federation of Music Clubs.

The full orchestra will be featured in this concert. May 12 is the date for this performance, and tickets are available from any orchestra member. It will be in the high school auditorium.

ON MAY 14 THE Redwing Marching Band will travel to Holland Tulip Festival at Holland. This is the first time the band has gone since 1960.

The band is required to present a 10-minute marching exhibition. For this, the band has chosen the "Sounds of the Tijuana Brass" for its theme. The marching competition is held in the morning. But, before the band is allowed on the field, they must pass a tough inspection. The judges look over the

musicians front and back. They check the uniforms, the length of the boy's hair and the appearance of the instruments.

A parade at 4 in the afternoon will conclude the day's events.

THE COMMITTEES for the Junior Prom are busy with meetings to plan the activities for the evening. Gay Bond and Bill DeGroot are the general chairmen of the prom. They have chosen "Theme From A Summer Place" as the theme and have picked the materials they will be using from LeVans in Lansing.

The juniors are planning something different in the way of food. It will be worth going just to eat, is the general comment from the juniors on the refreshment committee. The prom will be held in the gym on May 21 from 8:30 until 11:30.

THE GAA SPONSORED all-girl track meet on Thursday, May 5. The times and records established at this meet are going to be sent into the state competition to determine the state winners.

A party May 13 is being planned to present the GAA awards and to wind up the year's activities.

On April 26 and 27, the Sophomores ordered their Class Rings. The rings that were selected will arrive sometime next fall.

ON APRIL 23, the 1967 yearbook staff attended a workshop with Mrs Dorothy Bates. This will prepare the staff for the work that is ahead of them in the coming year.

The high school seemed awfully bare last Friday, May 6, as the seniors were excused from all classes. This day is looked forward to by all seniors, as it is a legal skip day. Many of the students left Thursday night and went up north to spend the weekend.

ON FRIDAY, April 29, the high school gym was the scene of the Hawaiian Surf Dance. The dance was presented by the cheerleaders to raise money for their canoeing trip to be taken later in the year. As the students entered the gym, they were presented with a lei. Many of the students wore a type of grass skirt.

MARILYN MOTZ and Tom Smith were awarded scholarships to a summer drama workshop at Olivet College in June by the First Nighters. These two winners were chosen from a group of 11 candidates selected by the school officials as most deserving.

The scholarships were presented on Friday and Saturday evenings after the First Nighter performances of "Everybody Loves Opal."

TOM MCKENZIE was given an award of excellence by the State Journal on May 5. Tom was given the award for his writing of sports stories. Mary Beth Sexton, Diana McQueen, and Chuck Stockwell were given hon-

orable mentions for their editorial writings and the Wilson Torch, the high school publication, was also given an honorable mention. The awards were presented on May 5 at a dinner held at Dines in Lansing.

On Friday, May 13, the Dramatics Club will present an "Oldie but Goodie" dance. This is where records out of the past are played in place of the favorite hits. It will be held in the high school gym and it will begin at 8 p.m.

## West Hubbardston

Clara Hogan

The friends of Miss Helen Smith were saddened to hear of her death last Wednesday. Miss Smith, a former resident of Hubbardston, had resided in Lansing for 17 years. She was a successful teacher, having taught in Hubbardston, Lyons, Maple Rapids. Her funeral was held at the Methodist Church in Lansing and graveside services were held at the Westside Cemetery, Hubbardston.

Mr and Mrs Ed Dwyer had as their Mother's Day guests, Mr and Mrs Dale Bliss and family and Mr and Mrs John Dwyer and family of Grand Ledge.

Mr and Mrs Gordon Towne and Darlene of Saginaw and Mr and Mrs Claude Salter of Orionville were Sunday guests of Mr and Mrs Lyle Bennett.

Mr and Mrs Jack Schineman and family of Lansing were Mother's Day guests of Mrs Anna Hogan.

Mr and Mrs Frank McHenry of Detroit were Monday guests of Miss Clara Hogan.

Mrs Larry Cunningham entertained her mother and father, Mr and Mrs Virgil Slocum Mother's Day.

Mr and Mrs Ronnie Sheaffer of Lansing visited their parents Sunday, Mr and Mrs Keith Clark and Mr and Mrs Philip Sheaffer. An impressive ceremony took place last Saturday night at St. John the Baptist Church, during May devotion, when Mary Beth Donahue crowned the Blessed Virgin.

The following were guests of Mr and Mrs Thomas Donahue Mother's Day, Mr and Mrs Ray Donahue and family of Grand Rapids, Mrs and Mrs Robert McKenna and family of Carson City, Mr and Mrs Will Roka and Karen of Owosso, Miss Catherine Donahue of Ann Arbor and Dick Donahue of Grand Rapids.

# George Washington's advice - I

(EDITOR'S NOTE: The River Wabwaysin chapter of Daughters of the American Revolution sponsored an essay contest in the schools of St. Johns in February in observance of American History Month. Here's one of three winning essays on "George Washington's Advice." The others will be published in succeeding weeks.)

penings of a free country. "...since history and experience prove that foreign influence is one of the most baneful foes of republican government." He expressed that the United States should have mutual association with all nations and not show favoritism with any one country when he said "...It is our true policy to steer clear of permanent alliances with any portion of the foreign world."

THIS INTELLECTUAL esquire helped to influence our country

and lead us to the path of democracy and freedom. He understood that no one man can completely alternate the customs of a powerful nation when he closed his farewell address to the land he loved so much:

"In offering to you, my countrymen, these counsels of an old and affectionate friend, I dare not hope they will make the strong and lasting impression I could wish... But if I may even flatter myself that they may be productive

of some partial benefit, some occasional good, that they may now and then recur to moderate the fury of party spirit, to warn against the mischiefs of foreign intrigue, to guard against the impostures of pretended patriotism, this hope will be a full recompense for the solicitude for your welfare by which they have been dictated."

## Road Commission Weekly Report

At the regular meeting of the board of Clinton County road commission last week the Gulf Oil Co. was low bidder on May and June requirements for gasoline and was awarded the contract.

The board examined and discussed plans for seven new subdivisions. Two were final acceptance and five were preliminary.

inary. All were rejected. The two final were rejected because of inadequate roads. Four of the five preliminaries were turned down pending proof of adequate road drainage and the other was held up on road alignment.

THE COMMISSION discussed drainage and ditch problems, but most of the day's meeting was taken up by the proposed plots.

We have had several inquiries about dust control. The program will be the same as last year and will start in about two or three weeks. The cost is the same as last year, which is

\$100 per mile per application. It takes two applications and the Road Commission will pay one-half the cost. This is a 38 per cent solution calcium chloride brine spread with a 5 ton spreader on full miles or more. Some townships are going into the program on a township wide basis, and the county intends to take care of the primary system.

While the U. S. population increased more than 50 per cent from 1930 to 1962, the number of homicides by firearms decreased about 30 per cent.

There were no pineapples in Hawaii until about 1885, when they were imported from Jamaica.

### Ovid MMPA plant open house Sunday

OVID —The Ovid processing plant of the Michigan Milk Producers Assn. will be open to the public for tours from noon to 5 p.m. this Sunday, it was announced today by Francis Johnson, plant manager.

The plant, a major employer in the Ovid area as well as a vital link in the MMPA marketing-bargaining system for Michigan dairy farmers, contains complicated equipment for making all kinds of dairy products from

ington, and his work with hamsters to fight hepatitis in Vietnam, after spending a short leave with his parents, Mr. and Mrs. Bernard Balon.

Mr. and Mrs. Don Bush and family of Eaton Rapids were Sunday callers at the David Hodges home.

The Starr Aid Society will meet at the home of Mrs. Floyd Ackerson, Thursday, May 19, with a 12:30 p.m. dinner. "Dolls for Democracy" will be presented with Miss Helen Lowell as program chairman.

milk.

INCLUDED IN guided tours of the plant will be explanations of plant operations, Johnson said.

The open house is being held as part of MMPA's 50th anniversary observance, and in conjunction with Michigan Week, 1966. It was 50 years ago this month that MMPA, the nation's largest and strongest milk marketing-bargaining co-operative, was founded.

MMPA members have been issued a special invitation to attend the open house.

### Clinton SCD enters contest

Clinton County Soil (and Water) Conservation District has entered the 20th annual Good-year competition to select the nation's top 53 conservation districts, according to Robert Moore, of R-2, Elsie, district chairman.

Activities of the district will be weighed against the performance of other districts in the state in determining the outstanding district in the annual event sponsored by the Good-year Tire & Rubber Co. of Akron, Ohio.

Key agricultural leaders will serve as judges and will select the state winner. Soil conservation efforts from Jan. 1, 1966, through Dec. 31, 1966, will be considered.

GRAND AWARD FOR the 53 districts selected nationally will be an expense paid, work-study trip to Arizona in December 1967 for one member of the district governing body and the outstanding farmer-cooperator in each winning district. The 106 men selected will be guests at Goodyear Farms, a 14,000-acre general farm operation near Phoenix.

Clinton County Soil Conservation District has taken part in the competition six times in the past and was named the state's first district in 1962-63. District supervisors are Keith Wright, R-1, Fowler — vice chairman; Clarence Manning, R-1, Eagle — secretary; Robert Moore, R-2, Elsie — chairman; William Mayers, R-2, St. Johns — treasurer; and Stanley Baird, DeWitt — director.

MOORE SAID THE district's outstanding cooperator will be selected from over the 750 farm operators enrolled in the district program. Nationally, over 2,000,000 farmers in over 2,950 districts have signed cooperative agreements with local Soil Conservation Districts.

Mrs. Raymond Huhn is a surgical patient at the Tonia County Memorial hospital.

William E. Simon was taken to the Carson City hospital by ambulance early Friday morning, May 6.

Mrs. Andrew Fox spent the weekend with Mr. and Mrs. James Fox of Gladwin.

### 97 youngsters finish aid course

Ninety-seven children of sixth grade age in the St. Johns city schools have completed a Red Cross first-aid course taken over TV.

Final examinations were given to the students last Tuesday and Wednesday by James J. Mosher, a Red Cross instructor, and the youngsters were also drilled on their knowledge of splinting.

The course has been taught over WMSB-TV, Channel 10, and students filled out worksheets as the course progressed. Their classroom teachers graded the worksheets. The drill on splinting last week was necessary because that part of the course could not be checked other than first-hand, Mosher said.

THE FINALS WERE given to those students who were doing well on their worksheets, and junior first-aid cards were given to those who completed their "finals" successfully.

Mosher visited Perrin-Palmer School Tuesday and was at Central School Wednesday morning and Swegles Street School Wednesday afternoon. Thirty-eight completed the course at Swegles, 97 at Central and 22 at Perrin-Palmer. In addition, four adults took the course and passed the finals.

The first power-driven printing press was constructed in 1811 by a Saxon called Frederick Koenig.

How wonderful to see God through the eyes of a child. The wonder of bright blue eggs in a nest of twigs, the path of the wind through tossing treetops, moonlight dancing on a lake. All these are to him the fingerprints of God.

Too often we are caught up in a world of worry and concern. Worrying how to make ends meet, we forget to stop and see God in the world around us. Jesus said, "Whosoever shall not receive the Kingdom of God as a little child shall in no wise enter therein."

## Republican Brown to seek Todd's seat in Congress

GARRY BROWN

State Sen. Garry E. Brown of Schoolcraft has announced his candidacy for the Republican nomination for representative in the United States Congress, Third District. The district includes Barry, Calhoun, Clinton, Eaton and Kalamazoo counties, and is presently represented by Paul Todd Jr., a Democrat.

A partner in the Kalamazoo law firm of Ford, Krickard, Brown and Stalon, Brown has served both the judicial and legislative branches of government. He was elected to the Michigan State Senate in 1962 and again in 1964. He was selected Republican minority floor leader in 1965, and is presently a member of the corporations, labor, Senate business and administrative rules committees in the Senate.

HE IS ALSO CHAIRMAN of the Republican Senate policy committee. As a senator, he helped enact such laws as the Civil Rights Act of 1963 (the only sponsor of this legislation), Municipal Tort Liability Reform Bill, Uniform Securities Act, and the Industrial Development Acts. Sen. Brown is recognized as the legislator most responsible for the implementation of the new State Constitution, including the

### 1 hurt slightly in US-27 crash

One person suffered bruises, but refused immediate medical treatment, in a two-car crash late Sunday afternoon on US-27 north of Hyde Road.

She was Janet Griesinger, 42, of Lansing, who was riding with her husband, Richard V. Griesinger, 41. The other car involved was driven by Richard L. Chase, 40, of Webberville.

Chase told sheriff's deputies he was in the passing lane when traffic in front of him stopped. He slowed and pulled to the right, hitting the Griesinger car, which he didn't see. Griesinger said he attempted to also turn right to avoid the collision but couldn't in time.

The FBI's Uniform Crime Report for 1964 shows that of the 92,869 offenders processed in 1963 and 1964, 76 per cent were repeat offenders.

issues of the campaign to be: "The Great Society" programs, including anti-poverty and the Job Corps; water resource conservation and water pollution control; taxes and fiscal policy; traffic safety; education; crime and delinquency; and the Johnson administration's handling of Vietnam.

"Although there is little need for argument about the reasons for an anti-poverty program or water resources planning and pollution control, there is a great need for argument and criticism of the management by the administration of our efforts to resolve these problems," Brown said.

Brown is a native of Schoolcraft and resides with his wife, Frances, and four daughters at 321 W. Eliza Street. He is a member of the American Legion, B.P.O. Elks, Kalamazoo County and American Bar Assns. and the Presbyterian Church.

### Apple Blossom Time came Saturday night

ELSIE — The peak of "Apple Blossom Time" arrived Saturday evening at Elsie High School when the long-dreamed about Junior-Senior Prom became a reality. The white fern-lined entrance to the gymnasium found the dancers in a beautiful garden centered with a wishing well. Tall boulevard light lighted the garden where flowers, shrubbery, small trees and rocks formed a background against the blue and white wall covering. A wall mural depicting the apple blossom theme set aside the bleachers which were filled with family and friend observers. The mural was drawn by Keith Thornton.

GARDEN BENCHES placed among the scenic spots provided resting areas for the dancers, while the adjoining cafeteria room was arranged with small tables and a serving table from which they received lunch and cookies.

The gym stage featured the dance band and an old-fashioned flower - entwined swing where pictures of the dancing couples were taken.

Later there were post-prom dinners in various places and several breakfasts in the homes.

DOTTIE BLOOMER and Dave Showers were co-chairmen of the prom and also the Junior-Senior banquet held Thursday. The apple blossom theme was also carried out for the banquet which was held in the American Legion Hall with mothers of the juniors preparing the menu.

The tables were lighted by tall tapers in pink and white and decorated with apple blossom arrangements. A portion of the large mural used for the Prom was also featured in the wall decorations.

The invocation was given by the Rev. Gordon Showers, while Principal Blaine Lentz served as master of ceremonies.

ART DAVIS played background organ music for the dinner hour when the menu included such delicacies as love apples, juice, apple blossom special, fleecy clouds, seasoned buds, garden greens, whipped apple blossoms, springtime fantasy and blossom juice.

The program opened with a vocal "Graduation Days" by Kathi Kindel accompanied by Jennifer Keys.

Mike Seybert, junior class president gave the welcome and Ken Spert, senior class president, responded. Dawn Baese danced and sang "Hey There". Gene Stouffer entertained with "Trick Shots and Short Jumps".

Committee of junior mothers in charge of the banquet were Mrs. Lundford Melvin, Mrs. Lucas Marton, Mrs. Bill Moore, Mrs. Don Huguette and Mrs. Stanley Loznak, with all junior mothers assisting in preparation of food and service.

Mrs. Robert Bloomer and Mrs. George Keck presided as hostesses in the dining room. Sharon Stewart, Pamela Loznak and Rosie Saxton were in charge of the prom decorations.

## County convention at Elsie attended by over 100

ELSIE — More than one hundred clubwomen attended the 62nd annual convention of the Clinton County Federation of Women's Clubs at the Elsie Methodist Church Tuesday with the Woman's Literary Club as hostesses.

County president, Mrs. Howard Peltier, presided for the all-day session that was highlighted with two speakers, club activity reports and music.

Mrs. Marion Sagendorf of Greenville, West Central District president, had just returned from the State Federation at Grand Rapids and related the features of the program. She stressed the progress of such federation projects as Girlstown, Congressional Medal of Honor Grove, Korea Village, Arthritis Foundation, education, conservation and community improvement programs.

Mrs. Clarence Hansen of East Lansing, Michigan State University department of home management and child development, was the afternoon speaker. "Changing Role of Women in Our Times" was her theme which she illustrated with colored slides of family life taken during a recent European trip with her professor-husband. They visited Norway, Sweden, Denmark and the Netherlands.

MRS. CLARENCE CORNWELL of Lansing provided organ music as a prelude to the morning and afternoon sessions. David Showers, EHS junior sang several selections with Sharon Dunham as accompanist.

During the opening of the afternoon session the Elsie High School mixed voice choir presented a concert of music with student director, David Showers, taking over when Director Don Thayer was suddenly called away by the death of his mother. Jennifer Keys served as accompanist.

An early morning coffee was hosted by members of the Woman's Literary Club and noon luncheon was served by the Methodist WSCS in Fellowship Hall.

Mrs. Erwin McMaster of Laingsburg led the memorial service for members who passed away last year.

THE INVOCATION given by Mrs. Muri Stedman of the Ovid Crescent Club was followed by greetings from Mrs. Paul Platner of Elsie WLC, and responses from Mrs. Keith Wright of Maple Rapids Sorosis Club.

There were brief reviews of the year's activities by presidents of the seven clubs. They were given

by Mrs. Van W. Hoag, St. Johns Woman's Club; Mrs. Kenneth Farmer, Ovid Crescent; Mrs. Wilbur Warren, Victor Civic; Mrs. Ray Jones, Ovid - Duplain Library; Mrs. Donald Upton, Maple Rapids Sorosis; Mrs. Harold Mead, Ovid Acme; and Mrs. Paul Platner, Elsie Woman's Literary Club.

Reports were given by county departmental chairmen on International Affairs, Mrs. Donald Upton of Ovid; public affairs, Mrs. Joel Goodrich of Ovid; scholarships, Mrs. Richard DePond of Ovid; education, Mrs. Marion Walling of St. Johns; home life, Mrs. Clarence Mead of Ovid; conservation, Mrs. Elmo Giffels of Victor Civic; legislation, Mrs. Robert Bloomer of Elsie and historian, Mrs. John Spencer of Ovid-Duplain Club.

MRS. HOWARD PELTIER, in her annual report, related visitations to other club meetings in the county and district.

Following the noon luncheon there was a style show by several girls modeling their own clothing made in 4-H work. They were Mary Temple, Marsha Buck, Rita Washburn, Patty Sperry, Jill Tabor, Susan Crosson, Kathy and Connie Smith. The accompanying descriptions were given by program chairman, Mrs. A. W. Cobb.

The election held at noon resulted in the following: president, Mrs. Keith Wright of Maple Rapids Sorosis Club; vice president, Mrs. Don Warren of Ovid Acme Society; recording secretary, Mrs. James Dorman of Elsie Woman's Literary Club; treasurer, Mrs. Porter Martin of Ovid Crescent Club and nominations, Mrs. Kenneth Jones of St. Johns Woman's Club.

The 1967 convention will be held in Maple Rapids. Mrs. Cobb closed the meeting with the club collect.

## METHODIST CHURCH NEWS

All mothers were presented with red or white carnations when they entered the Methodist Church Sunday morning for the worship service. Representing the youth of the church, Jackie Moore and David Showers presented the flowers. Bryon Green and Jack Keys are now serving as altar candle attendants. The Carole and Junior choirs sang special selections for Mother's Day. Mrs. Gene Stouffer is director with Janice Kelley as accompanist for the Carole choir while Jennifer Keys is director of the Junior Choir and Sharon Dunham, organist.

A special offering for food for India was received Sunday morning at the Methodist Church. It will be given to Church World Service to help the country that is facing its worst famine in half a century.

The Methodist Men's Club will meet Sunday morning, May 15, at 8 a.m. in Fellowship Hall for breakfast. Their wives will be guests.

Members of the Methodist Church are invited to attend a service at Ovid May 15 at 7 p.m. at which Daniel Kasambira of Rhodesia will speak. He is the son of a minister and presently doing graduate study at the University of Michigan. He will show slides of his work in Rhodesia.

The members of the Methodist Youth Fellowship are reminded to turn in registrations for camp as soon as possible. Camp registration cards are available from Rev. Gordon Showers. One half of the camp fee is paid by the MYF group for those members wishing to attend. The Junior High Camp will be held at Wesley Woods July 10-16 for those Junior MYF who have completed grades 7 or 8. Senior High Camp (for completed grades 9, 10, 11, 12) will be June 28 to July 2 at Lake Louise near Gaylord.

Following the May 22 Sunday morning service at the Methodist Church, there will be a Quarterly Conference in Fellowship Hall. At that time a vote will be taken as to whether the church proceeds with plans to build.

## Dreams, realities presented to WSCS

ELSIE — "Dreams and Realities" was presented at the May (Wednesday) meeting of the Methodist WSCS in the home of Mr. and Mrs. Donald Whitaker. It was the annual pledge service and enabled each member present to gain greater concern and deeper understanding of the challenges and opportunities facing the church. Mrs. Merle Green served as leader and urged a fresh commitment of self in service, prayers and gifts. She led the women in reading the Purpose of the WSCS, which is to help women grow in the knowledge and experience of God as revealed in Jesus Christ. She said that it is our job to provide the necessary opportunities and money for this purpose.

She was assisted by Mrs. Howard Peltier, treasurer of the society, who discussed the budget in its three parts: money for missions; money for local church and community activities and money for cultivation or promotion. She also led the devotional service in connection with the lesson.

MRS. SIDNEY J. KEYS told of many dreams that had become realities in selected missions throughout the United States. Among them were Atlantic Street Center, Oregon; work of Senior Citizens in California; Alma Mathews House, New York City; Cookson Hills Center, Oklahoma; Homer Toberman Settlement House, California; Wood Junior College, Mississippi and Tyndal Parish, West Virginia.

Mrs. L. W. Burdick told how a battlefield in Korea became the Wonju Union Christian Hospital to serve the people and train the doctors and nurses and is supported by the Methodist church and United Church of Canada. She also gave information on Ewha University in Korea.

Mrs. C. S. Goodrich, who directed the hymn singing for the program also gave a preview of the world mission study for 1966-67 "Famine Stalks India". She stated that India's 1966 food grain requirements are 85 million tons and at present estimates the people of India will have only 60 percent of the food required. By summer, India's 480,000,000 people will face the worst famine in half a century, she added.

PLEDGE CARDS were signed and returned to Mrs. Green.

Mrs. Woodrow Bashore presided for the business meeting. It was voted to provide beverage and cookies for the Vacation Bible School which will open June 13.

There were many sick calls and cards sent by the members. Plans were made for the Family Night supper and program to honor the church's members of the graduating class of Elsie High School Wednesday, May 11, in Fellowship Hall.

The next meeting will include the installation of WSCS officers in the church. The date has been changed from June 1 to June 8 because of graduation.

At the close of the program, Mrs. John Hibbler, Mrs. Robert Justice and Mrs. Harold Hehrer served refreshments.

## SURPRISE BIRTHDAY PARTY

Mrs. Marlan Sturgis was guest of honor at a surprise birthday dinner at the Village Inn Sunday. The occasion was her 75th birthday anniversary. All of her children were present including Mr. and Mrs. Milo Sturgis of Fruitport, Mr. and Mrs. Ralph Hobart (Helen) of Laingsburg, Mr. and Mrs. Vincent Ackles (Anna) of Elsie, Mr. and Mrs. Jim Johnson (Dorothy) of Lansing, Mr. and Mrs. Leslie Sturgis of Elsie, Mr. and Mrs. Wayne Hovey (Laura) of Elberta, Mr. and Mrs. Richard Sturgis of Elsie and Mr. and Mrs. Bruce Walton (Rose) of Ovid. Also, all of her grandchildren and great-grandchildren were present except three grandsons, two of whom were in the service and one granddaughter who lives in New Mexico. Mrs. Ralph Hobart cut and served the birthday cake.

Mrs. Raymond Thornton, chairman of the Duplain township Cancer Crusade, was hostess to her corps of workers at the Village Inn Monday morning. Those present turned over their collections at that time. They were Katie Thornton, Helen Fabus, Mildred Whitaker, Helen Peck, Mary Horak, Florine Peabody, Anabel Peck, Dorothy Ballantine, Corrine Erickson, Eva Libey, Kathryn Chapko, Bernice Walker, Marge Staley, Evelyn Kiger and Mrs. Hubert Hilton.

Mrs. Dorothy Kaspar of Detroit is spending a few days with her sister and family, Mrs. S. J. Keys. Another sister, Mrs. Margaret Edwards of St. Johns had spent a few days in Detroit.

There are several Elsieites confined to hospital care. Among them are Mrs. R. C. Parks and Mrs. Clark Ostrander at Owosso Memorial Hospital; Mrs. V. M. Lockwood, Lansing Sparrow Hospital; Mrs. Pat Foran, Lansing St. Lawrence Hospital; Mrs. Max Eslick, Hurley Hospital in Flint and Walter Sigfoose, Carson City Hospital.

## Dr Crane at Everett high Friday

Dr. Philip Crane, professor of history at Bradley University in Peoria, Ill., and a nationally known conservative speaker, will deliver an address on U. S. foreign policy since World War II, with particular emphasis on the Viet Nam situation, Friday, May 13, at the Everett High School auditorium.

Sponsored by the Conservative Club of Ingham County, Dr. Crane's address is open to the public without charge.

In 1962, DR CRANE was employed by the Republican party as a public relations expert. In 1964, he served as research director for the Illinois Goldwater-Miller organization and is presently on the Illinois Committee of Government of the People, in support of Senator Dirksen's reapportionment amendment.

Since 1965, Dr. Crane has served as president of the American Public Affairs Educational Fund. He is also vice president of the Educational Foundation for Human Rights and a charter member of the American-African Affairs Association. He was recently elected to the National Institute of Social Sciences.

IN ADDITION, the Illinois conservative is on the national advisory board of Young Americans For Freedom, the advisory committee of the College Conservative Council and the advisory assembly of the American Conservative Union.

In 1964, Dr. Crane published a book, "The Democrat's Dilemma," which sold over 200,000 copies. His Lansing appearance is described by Mrs. Lange, acting president of the Conservative Club of Ingham county, as "an opportunity for the people of Greater Lansing to hear a discussion of often neglected factors in the Viet Nam situation."

## JAILED 60 DAYS

Walter L. Klingbehl Jr., 18, of Lansing was assessed court costs of \$19.90 and was ordered to jail for 60 days as of Wednesday by Municipal Judge Alva Wert. Klingbehl was arrested on a charge of simple larceny. He was reportedly on probation in Ingham County.

## The Pirates' Den

By BRUCE SCHAFER  
Pewamo-Westphalia High School

There are 64 members in the Pewamo-Westphalia graduating class of 1966. Twenty-eight of them have applied to colleges for admission, and all have been accepted.

Kathy Wolfert, Dorothy Bengel, Richard Arens, Larry Vance, Ted Noeker, Dale Kohagen and Bruce Schaffer have received more than \$5,000 in the forms of scholarships, grants, loans and work opportunities. The rest are seeking their position in the world through the

knowledge they have already acquired in their four years of high school. Many have taken civil service tests and are pursuing occupations in this field for the future.

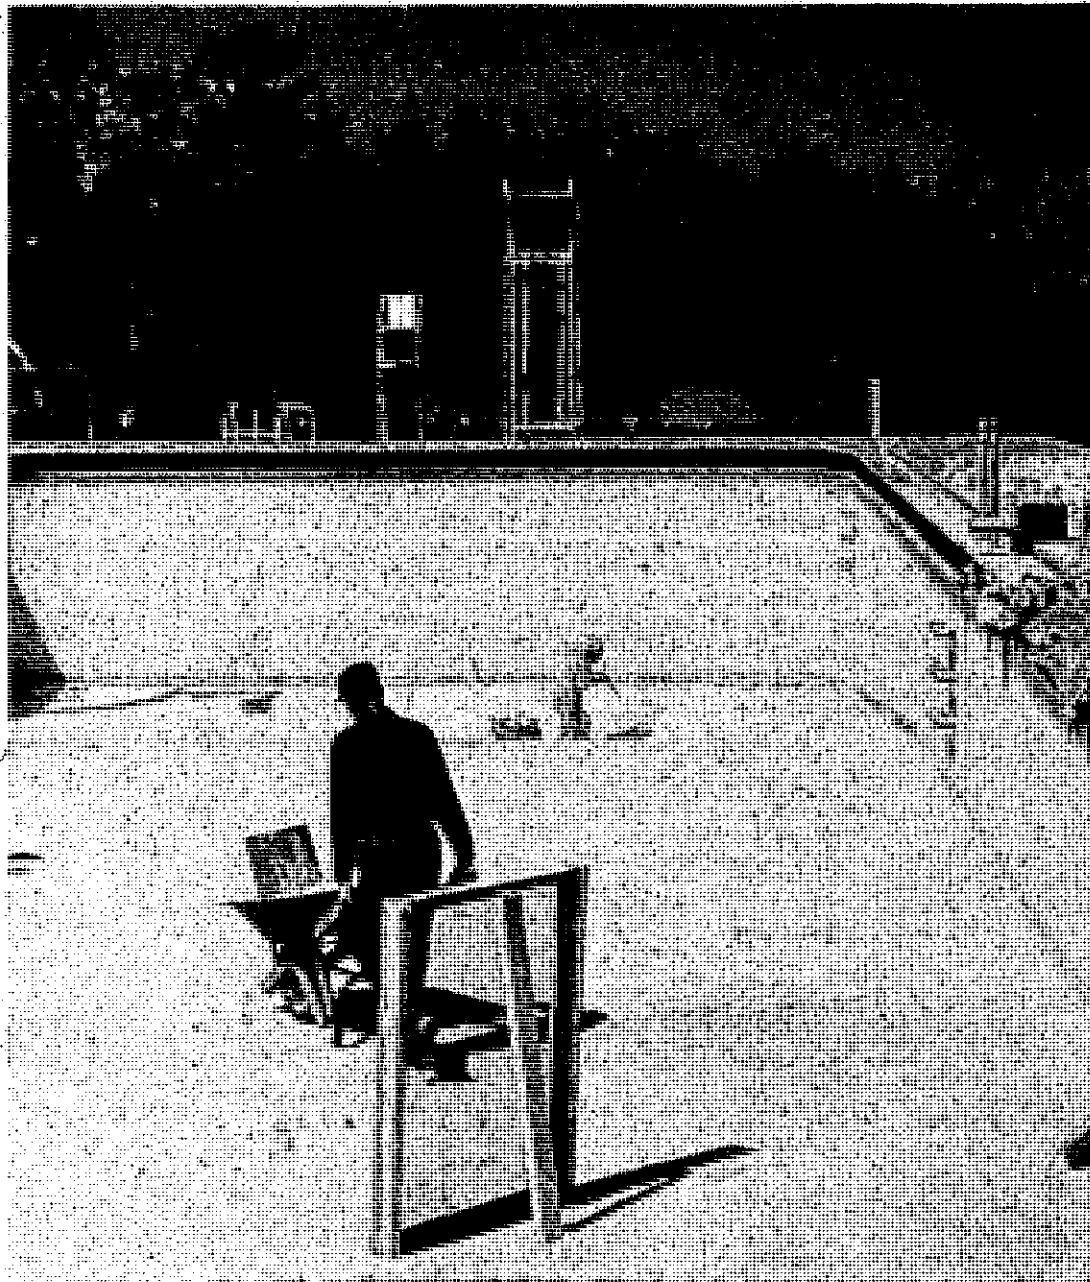

In any case, members of the class of '66 are proud to have the privilege to challenge the world with their knowledge and abilities. The class motto is "Determination, self-confidence and effort make dreams come true."

## MICHIGAN TRAVEL EVENTS

As warmer weather comes on there are more and more travel events listed for area folks who like to get on the road once in a while and see our state. Coming up in the next week are these events:

National Mushroom Contest at Boyne City Saturday and Sunday; Clothesline Art Exhibit at nearby Portland Sunday through May 21; Frontier Days starting next Thursday and running through the 21st at Albion; and the Village Fair at Birmingham May 19-22. And of course there are Michigan Week programs in almost every community of the state next week.

The two best days to abstain from worrying about seem to be yesterday and tomorrow.

Swimming pool undergoing sandblasting, repainting

Sandblasting of the floor of the St. Johns swimming pool was in the final stages last Wednesday in one of the phases of work leading up to smoothing out of the cement of the pool and a complete repainting.

## Rural Ashley man Demo candidate in 88th District

Joe Hanus, rural Ashley resident and member of the Gratiot County Agricultural Stabilization and Conservation Committee, will seek the Democratic nomination as state representative from the 88th District.

Hanus has resigned as chairman of the ASC committee, a post he has held for the past four terms. He had served three years on the Hamilton Township com-

mittee prior to being elected to the county committee in 1961.

HANUS WAS APPOINTED by the Gratiot County Supervisors to fill a vacancy on the County Welfare Board in 1965. He is secretary of the State Democratic Committee on Agriculture, serving the 10th Congressional District which is comprised of 19 Michigan counties. This committee works very closely with all

and was delegate to the Lions Convention.

HANUS IS OWNER and operator of a 240-acre farm and rents another 120 acres. He lives with his wife Pauline at 5286 McClelland Road, Ashley. He is 53 years old and is the father of five children. Mrs. Nancy Bancroft of Minneapolis, Philip Hanus of Ashley, Mrs. Jeanne Papoi of Lansing, and Linda and Douglas at home.

Hanus has served on the St. Cyril's Catholic Church Committee for three years as Bannister.

He regards professionals, business, educators, agriculture and labor, interrelated and dependent on each other, requiring full-time representation in state Legislature to keep the economy strong in the 88th District and the state.

Hanus is a member of the National Farmers Union.

## Mrs Babbitt elected chairman of Bureau Committee Women

The District 5 spring meeting of Farm Bureau Committee Women was held May 2 at Benington Methodist Church in Shiawassee County. The business meeting was conducted by Mrs. Edna Tiedeman, vice-chairman of the district.

Eaton County won the plaque by having the largest attendance of the visiting counties. Clinton County had 17 Farm Bureau Women present. Of the possible 50 voting delegates, 42 were present.

Mrs. Lewis Babbitt of Clinton County was elected district chairman and Mrs. Clifford Bristol of R-2 Durand, vice-chairman.

MRS. LEWIS BABBITT

May as Michigan Week promotion, and committee women's responsibility in spreading information of Farm Bureau services.

The afternoon speaker was E. B. Stoddard of the General Telephone Co. He used slides to explain Norad's purpose. By special equipment of General Telephone Co., the group was

connected by telephone with Norad in Colorado. A man on duty there explained how Norad operates in connection with communications and national defense for Canada and United States. He could hear the group's questions and by Stoddard using the amplifying system his answers were heard by all.

NORAD CAN PICK up in the air on any side of North America any object, even as small as a pencil. It can tell anything flying to or from Cuba. Norad has just recently moved into new headquarters 1/2 to 3/4 mile underground in the Cheyenne Mountain in Colorado. There has been 6,310 such audiences with Norad from June 1965 to January 1966.

Lethal and dominant mutation of the genes of the sweet potato weevil resulting from bombardment with cobalt rays may save farmers about \$5 million annually in lost crops, say Louisiana State University entomologists. "Radiosterilization" of adult weevils causes eggs fertilized by treated males to reach hatching stage without the embryos' surviving.

## Farm Bureau joins in Mich. Week plans

"Wherever you are, if you are a citizen, a native or a sometime-visitor to Michigan we urge you to give expression through Michigan Week of your interest in Michigan and its future, loudly so all will hear and visibly so all will see."

"Then on through the year contributing to Michigan's progress as opportunity enables!" Quoted from a message by the general chairman of Michigan Week, Paul L. Penfield.

ANNOUNCEMENT WAS made last week of the second annual Rural-Urban Banquet, being sponsored by the Clinton County Farm Bureau as part of the county's Michigan Week activity. The affair, which is open to the public, will take place at Smith Hall in St. Johns on Tuesday, May 17, beginning with a

family-style turkey dinner at 7:15 p.m.

The menu will consist mainly of foods grown in Michigan and will be served by the ladies of the Wacousta Church.

Highlighting the evening's program, which will include vocal numbers by a quartette from Fowler, will be a talk given by Vern H. Condon, marketing manager, U.S. Tractor Operations, Ford Motor Co. Condon comes

highly recommended and will talk on "Agriculture—Backbone of the Economy."

TICKETS FOR THE banquet available at the county Farm Bureau office at 109 W. Higham and throughout the county from the board of directors and community groups. A sincere invitation is extended to all Farm Bureau members, non member farmers and city folk to attend.

## 21 groups joined in joint meetings

During the months of March and April over three-fourths of the community Farm Bureau groups in the county participated in one of 10 joint meetings held in the county office. More than 250 persons were involved totally.

The purpose of the joint sessions was to acquaint members with the county office program and with groups from other areas of the county. Also, members were given the opportunity to express their views on future programming.

ONE OR MORE directors was on hand to welcome the groups at each meeting, and after introductions the regular monthly business of the group was attended to, with members sharing in the responsibility of the officers. Discussions were held on workmen's compensation at the March meetings and on vertical integration of agriculture, in April.

On April 20 Blair Woodman, state representative of the 87th District, was present to discuss current legislative matters with the Parker Center, Country Dudes and Progressive Farmers groups.

TO CLOSE EACH meeting general discussions were held on county programming and future ways in which FB can serve Clinton County agriculture.

The county board of directors wishes to thank all who were involved in any way to make these meetings such a success. Plans for repeating the joint series and possibly an excursion to the state Farm Bureau offices in Lansing will be programmed for next year.

Although my typewriter is an old model, it works quite well except for one of the keys. I have wished many times that it worked perfectly. It is true that there are forty-three keys that function well enough but just one not working makes the difference between an organization to be effective and the active participation of every member.

SO THX NXXT time you think you are only one person and that your efforts are not needed or appreciated, remember this typewriter and say to yourself, "I am an important cog, a key person in this organization, and am needed very much."

## 22 women hear of Project 80

Clinton County Farm Bureau Committee Women met May 3 at Farm Bureau office with 22 present for business meeting and dinner. Tickets were given out for committee women to sell for the Rural-Urban Dinner May 17 at Smith Hall. The turkey dinner will be served by the Wacousta Church women.

Mrs. Helen Meach of the Cooperative Extension Service for Clinton, Gratiot and Shiawassee counties talked to the group on Project 80 (Rural Michigan Now and in 1980), a research report from MSU Agricultural Experiment Station and Cooperative Extension Service.

THE FIRST question posed by the Project is "What will rural Michigan be like in 1980 in the natural course of events?" assuming: 1) no major war, 2) no major depression, 3) inflation of about 1.5 percent per year in consumer prices. One alarming fact to Farm Bureau women is the urban sprawl and diversion of good farm land for highways, parks, and housing plots which will reduce the land in farms by 20 per cent between 1964 and 1980. Project 80 is an early warning device designed to spark action to change some of the projections before it is too late.

A foreign student from Argentina will be on the program for the June 7 meeting.

## Watershed development still making headway

Watershed development under the Watershed Protection and Flood Prevention Act continues to make headway in Michigan, despite below average precipitation in recent years.

Since the 1954 Act was passed, a total of 73 communities in the state have requested technical and financial assistance. This will establish improved controls and management of surface water. The State Soil Conservation Committee, acting for Governor Romney, has officially approved 34 applications.

DR E. T. VANIEROP, soil and water conservationist for the Cooperative Extension Service, observes that proper management of our water resources is imperative to meet rapidly expanding needs. In addition to controls, watershed projects provide for land treatment measures. These reduce excess surface run-off and promote delivery of controlled volumes of sediment-free water to the stream channels, Vanierop notes.

The watershed program is administered by the U.S. Soil Conservation Service. Operation and maintenance after completion rests with local communities.

A MAJOR PART of a development was recently completed in the watershed of the South Branch of the Cass River in Sanilac and Lapeer counties. The main stream of the river was improved over a length of 27 miles. This should result in considerable reduction of flooding of farm lands, roads and bridges. Floods have been frequent in the area for many years. While construction is underway, landowners are carrying out soil conservation practices with plans prepared by the Soil Conservation Service.

A flood water retarding structure in the 46,500 acre watershed of the North Branch of Mill Creek in Lapeer, St. Clair and Sanilac counties has been completed. Progress has also been made during the year in Misteague River watershed. The area covers more than 100,000 acres in Saginaw, Shiawassee and Genesee counties.

IT HAS SUFFERED from water management problems common to many watersheds, including considerable flooding of agricultural land in the lower reaches of the stream and inadequate drainage in the head water areas. The project calls for three flood water retarding structures, six miles of levees and 27 miles of channel improvement in combination with extensive land treatment measures.

Before work began on the Misteague project, uncontrolled water caused an estimated annual damage of more than \$200,000. Most of these losses will be eliminated when the program is completed. As in all projects carried out under the Watershed Act, communities in this watershed will receive more than a dollar in benefits for every dollar expended.

EARL FENTON, assistant state conservationist for the Soil Conservation Service, said work on the channel of the Middle branch of Cass River in Sanilac county will begin next summer. Work has progressed on the watersheds of Farm creek in Gladwin County, Fowlerville drain, in Livingston County, Sturgeon River in Dickinson County and the Jo drain in Midland County. Residents in the Pinnebog River watershed in Huron County have recently submitted a formal application for assistance.

The watershed and flood prevention program by local people is an important phase in community development efforts. It will also contribute significantly to the much-needed protection and development of our precious water resources.

## More family farm partners

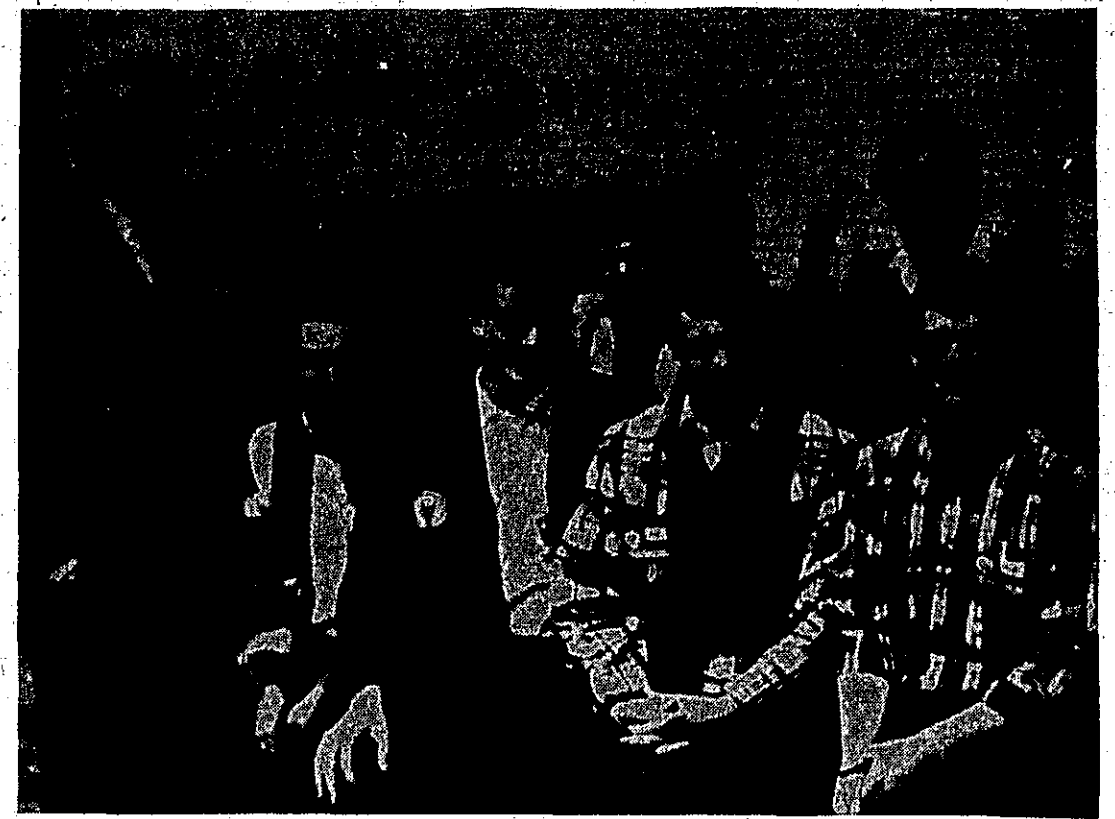

Family partnerships will become more common in the future, according to Myron P. Kelsey and John R. Brake, Michigan State University agricultural economists.

They say this type of setup will often be used as a means of "starting young farmers into a going and profitable business operation."

Another type of farm organization seen for the future is incorporation. "This may be an answer for many families who want to keep an established farm business as a unit and prevent the withdrawal of funds off the farm through inheritance," the economists point out.

"INCORPORATION could also provide a means of bringing off-farm funds to the farm in the form of equity capital, especially in situations where the unit is large enough and well enough known to have established a name for itself as a going concern."

The shooting sports are among the fastest growing forms of employee recreation, according to Recreation Management magazine. Many industrial firms, both large and small, now sponsor such activities as rod and gun clubs, and pistol, rifle, skeet and trap teams.

## 4-H milk marketing tour participants

The modern approach to milk marketing was studied by nearly four dozen 4-H youngsters from throughout the state recently at the annual 4-H Milk Marketing Tour sponsored by the Michigan Milk Producers Assn. Among those on hand were, left to right: front row, MMPA President Glenn Lake; DeLane Ruess of R-1, Owosso; James L. Nichols of R-2, DeWitt; David Butcher of R-2, Owosso; Mike Rivest of R-1, Elsie; back row, Advisers Ray Thatcher of R-1, Laingsburg; and Dick Taylor of R-1, Perry.

The Cropland Adjustment Program is a program which helps farmers divert cropland to protective conservation uses under long term agreements. Land may be taken out of crop production for periods of five to ten years.

Participants will receive adjustment payments calculated at a portion of the value of the crops which otherwise would be produced on the land. They will be eligible for conservation cost-share payments on the diverted land. Those who agree to permit free public access for hunting, hiking and trapping may get an additional per acre payment.

## Dairy farm water heaters discussed

Agricultural engineers at Michigan State University recently completed a survey of 1,260 Grade A dairy farms to determine whether hot water heaters were supplying sufficient quantities of properly heated water for cleaning and sanitizing dairy equipment.

The engineers found that a 30-gallon heater is a desirable size for herds with automatic cleaning methods, but a 50-gallon heater is necessary for herds with automatic cleaning and/or pipelines. Further variance in heater capacity is necessary as herds increase in size. Methods of cleaning also dictate water temperature.

A COMPLETE discussion of capacities, heating abilities, temperature controls and different types of water heaters for dairy farms is available in a new Michigan State University publication. Copies are available to all interested persons from the MSU Bulletin Office. The publication is entitled "Electric Water Heaters for Dairy Farms."

In 1964, the number of juveniles arrested for liquor law violations increased 34 per cent; stolen property offenses, 42 per cent; narcotics laws violations, 69 per cent. During the same period, juvenile arrests for weapons laws violations increased only 2 per cent.

ment Program is designed to fill a need not quite met by annual acreage allotment and diversion programs in achieving and maintaining supply - demand balance for farm products.

Under another provision, the Cropland Adjustment Program will help local, state and other government agencies to acquire cropland for non-farm uses such as wildlife development and recreation. The program will share the cost with these agencies to establish conservation practices on the cropland.

WITH THE PROGRAM'S flexibility it will be especially helpful to farmers who want to shift from production of surplus crops to other activities, or if they want to retire gradually from farming while continuing to live on the farm.

To date, we have had 104 farmers request to participate in the program. Thirty farmers have completed agreements to participate.

May 13 is the final date to file a request for the 1966 Cropland Adjustment Program, and agreements must be signed by June 10. I urge anyone interested in this program to come to our office as soon as possible for details.

April 28 we offered 6,000 bushels of corn for sale at our Elsie bin site; we sold 4,400 bushels. The high bid was \$1.26 1/8 and low bid accepted was \$1.24 1/2. May 5 we have 5,000 bushels for sale; bids must be in our office by 3:30 p.m. Thursday, May 5. If you wish to inspect the corn, contact Clifford Dunham at Elsie.

# BEAN GROWERS ATTENTION! Davco Di-Syston Fertilizer Is Now Available

## WHAT IS IT?

It is Davco 10-20-10 Wonder Gro fertilizer with 2% Manganese, 1% Zinc premixed in a homogenous granule. This fertilizer is then impregnated with 0.5% (10 pounds of actual 100% Di-Syston per ton.) IT IS MANUFACTURED EXCLUSIVELY BY THE DAVISON CHEMICAL DIVISION to meet Michigan bean growers needs. Di-Syston is a systemic insecticide which enters the plant by absorption through the roots. The insecticide placed near the roots is translocated to all parts of the plant and kills sucking insects feeding on the plant. The active ingredient is released slowly giving long protection during the plant's susceptible early life.

## WHAT INSECTS WILL IT CONTROL ON BEANS?

It will control aphids, leafhoppers, Mexican bean beetle larvae, mites and thrips.

## HOW LONG CAN I EXPECT CONTROL?

Up to the first 6 to 7 weeks after planting. This varies according to weather conditions.

## WHAT IS THE RATE OF APPLICATION?

Side dress at time of planting with 200 pounds of Davco Di-Syston fertilizer per acre. This complete one time application will furnish your proper Di-Syston needs plus needed manganese and zinc requirements, with an ample supply of nitrogen, phosphorous, and potash.

## WHAT ARE THE ADVANTAGES OF USING DAVCO DI-SYSTON IMPREGNATED FERTILIZERS?

- Safer and easier to handle.
- Faster and more accurate placement than using separate applicators.
- No drift or dust.
- Weather cannot wash it off.

## Buschlen named manager of new Bureau affiliate

Michigan Farm Bureau, the state's largest farm organization, has become "parent" to another affiliate service company, the Michigan Agricultural Services Assn.

The new association will serve the labor needs of members as a recruiting and clearing-house in procuring and placing farm workers for "production, harvesting, processing and transportation of agricultural commodities."

NAMED OPERATIONS manager of the organization is M. J. Buschlen, Lansing. In making the announcement, Clarence Prentice, secretary-manager of both the Michigan Farm Bureau and the new association, reported that Buschlen has nearly 20 years of experience within the state in dealing with temporary farm labor and the growers who employ them.

A native of Michigan's Thumb area, he is a graduate of Michigan State University's School of Agriculture, and most recently has been director of retail sales with Farm Bureau Services, Inc., another Farm Bureau affiliate company.

IN COMMENTING on the appointment, Michigan Farm Bureau President Elton Smith said, "We are pleased to find a man within our own organization with the experience and ability to handle this job." He cited Buschlen's Spanish-speaking ability as an added advantage in the labor placement business.

The farm labor problem in

Michigan, which apparently will cost the state its "number one" spot among cucumber growing areas of the nation, and caused millions of dollars in fruit and vegetable crop losses, prompted the Farm Bureau to form the new association, which Smith called "the most important break-through in farm labor management in many years."

Farm Bureau officials feel that the shortage of farm labor will present problems of growing intensity for years to come, and that growers will come to depend upon the Michigan Agricultural Services Assn. for a dependable supply of qualified workers.

### Recommend harvesting alfalfa at 'bud stage'

Don Hillman, extension dairyman at Michigan State University, says cattle consume 20 to 30 per cent more "bud stage" alfalfa forage and produce an equivalent amount more milk than when alfalfa harvest is delayed to the full bloom stage of maturity. Harvesting alfalfa in the bud stage (May 20 to June 1 in southern Michigan) allows cutting of a second crop by mid-July and a third crop by late August. This increases the total yield and forage quality over mere cutting of only two fields, each at a more mature stage.

Dairy herd specialists at Michigan State University are currently experimenting with a longer lactation period. Experiments are based on a 14-month calving cycle, and a 365-day lactation period. About 40 heifers are involved in the study.

There's something about the ground at DeLong's

There's something about the ground behind the Wayne DeLong home at 604 S. Clinton Avenue that's conducive to raising vegetables. Last fall, you will recall, Mrs. DeLong displayed the cabbage plant at left, weighing 12 1/2 pounds, standing 28 1/2 inches high, measuring 42 inches across and having a good, solid 9-inch head of cabbage. Last Tuesday a 36 1/2-inch-long parsnip was dug up after wintering in the soil, much longer in length than a lot of other long ones that grew with it. Mrs. DeLong says the ground is fertilized each year, and at one time it had muck soil put on it. But she figures last year was just a "freak year" in their garden.

## Says milk price hike necessary

Further advances in milk market prices will be necessary to provide incentive for dairymen to expand output, a Michigan State University agricultural marketing specialist claims.

John Ferris commodity specialist with MSU's Cooperative Extension Service, said that con-

cern about the dairy supply situation is reflected in several actions of the USDA. The Department of Agriculture has made a modest increase in dairy price supports and changed the Federal Order Class I prices.

THE ECONOMIST noted, however, that these increases in price probably will not be sufficient to reverse the present downward trend in milk production in the near future. Production in the southern Michigan milk marketing area was off 6 to 7 per cent over last March figures, and down 6 per cent for the state as a whole. The number of cows has shown marked decrease, too, Ferris noted. The January decline of 7 per cent in cow numbers is one of the sharpest year-to-year reductions on record.

As long as the labor situation remains tight and slaughter cattle prices attractive, milk prices will likely move to higher ground in order to slow down the exit of dairy cows. At the same time we are not likely to get into an acute shortage of fluid milk. It won't take long to step up milk production once the incentive is there. This is because the increase in milk production per cow each year is more than adequate for expansion demand, the economist said.

IN 47 MILK MARKET areas around the nation, including the northern Lower Peninsula and the Upper Peninsula of Mich-

igan, Federal Order Class I prices will be 22 cents above the normal operational pricing during the April to June period. The economist said this is an effort by USDA to prevent the usual seasonal decline in minimum prices paid to producers in those markets where prices vary seasonally.

Southern Michigan is part of 27 other milk marketing areas where no seasonal spring drop in prices occur. Ferris points out that essentially there will be change in Federal Class I prices for these areas. He said, however, that even though there is to be no change in federal prices, the MMPA has established a Class I (bottle milk) of \$5.40, for April through July, up 40 cents over last year's price for the area. Base prices increased this month, reflecting much of the increase in the Class I price, Ferris said.

## 2 Lansing girls injured in crash

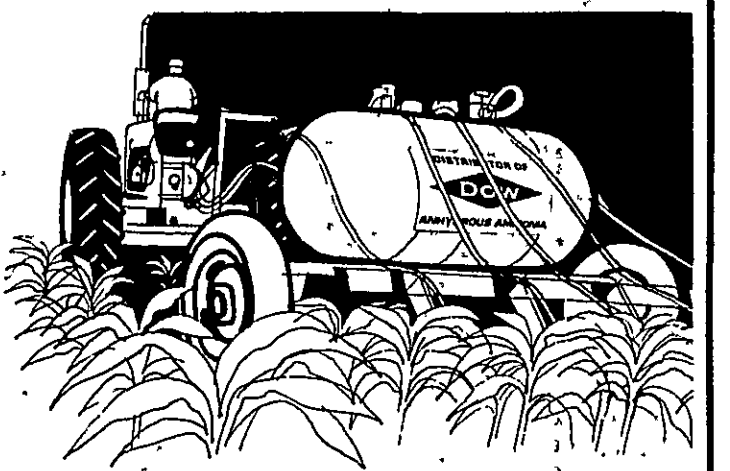

Two Lansing girls suffered injuries early Sunday morning that put them in St. Lawrence Hospital. They were hurt in a one-car crash on Hollister Road in Duplain Township as they were returning from a wedding reception at Bannister.

Linda S. Niver, 17, of Lansing,

the driver, suffered a fractured right leg, fractured left arm and cuts and bruises. Her passenger, Patricia M. Drake, 17, suffered cuts and bruises.

Miss Niver told deputies her car ran off the road and when she brought it back it went into a skid, left the road again and hit a tree. The accident occurred a half-mile north of Kitley Road about 1:05 a.m. Sunday.

Members of the armed forces donated more than 200,000 units of blood through Red Cross.

You may save \$6 to \$8 per acre with Dow Anhydrous Ammonia: lowest cost nitrogen in the field.

The reason is, anhydrous ammonia gives you far more nitrogen per pound than any other nitrogen fertilizer. Which means it takes far less Dow ANHYDROUS AMMONIA to do the job than it does with any other form of nitrogen fertilizer. If you're planting corn on corn, it will take 150 to 200 pounds of nitrogen per acre to decay the old stalks and still have the nitrogen you need for high yields. Supply this nitrogen with Dow ANHYDROUS AMMONIA and you may save as much as \$6 to \$8 an acre. And boost crop yield quality and feed grain protein content while you do it. It's so long-lasting, one application is all you need. See us today for details. And save some money for a change.

NINETEENTH in turkeys raised.

TWENTY-SECOND in chickens on farms.

TWENTY-FOURTH in all cattle and in eggs.

ABOUT WITHHOLDING TAX

Q-How can the new system reduce withholding for some people when the lowest rate is still 14 per cent?

A-The new system has been designed to take the minimum standard deduction into account. This was not done under the old system. Also, the new system makes a distinction between separate and joint returns so withholding is lower for married taxpayers than it is for single taxpayers.

A sow is a pig factory. She has the big job of producing and nursing two litters of pigs every year. Like any other factory, she has to have raw ingredients to produce the product (pigs) and maintain the factory (her own body).

If she doesn't get proper nutrition she may actually resorb some pigs into her system, causing you to lose pigs you'll never even see; or she may farrow weak, unthrifty litters.

## EDITORIAL PAGE

## Let's stick to the issues!

We have watched with a certain amount of regret in the past month or so the development of a couple of controversies that have gotten out of hand.

A little controversial topic for people to chew on once in a while is a good thing. It awakens their interest in their community, their government and the problems of life itself. Most people come out of participation in a controversy a little better prepared for life and many times a little better.

THE ALWARD LAKE trailer park and zoning hassle in Olive Township and the Fourth of July raffle situation in St. Johns have progressed a bit too far already for a healthy controversy.

## Voter foresight means a big step forward

The people of the St. Johns school district are to be commended on their foresight and their concern for the educational opportunities needed by the children in their area.

The big step forward was taken Monday when they approved the school bond issue, providing their children and future generations with the modern facilities needed to enhance their ability to learn.

BY APPROVING THE bond issue, the people of the St. Johns school district are also providing their educators with the tools by which the children of the area will receive a direct benefit—the type of education they know they will need to fulfill the destiny of our area.

To many who voted for this, it will mean a sacrifice. But they are to be commended for their look to the future. They realize that their future is their children, and what they have done will show its rewards many times over as this generation passes on and those who are now in school follow in their footsteps.

THE VOTERS OF the district realized that their schools needed updating as much as their homes, farms or businesses. They made a decision; we think they made a wise decision.

AN AMERICAN will work hard on a farm so he can move into town where he can make more money so he can move back to the farm.

## Fireworks fund for 4th deserves your support

It is good to see the Fourth of July plans back on the drawing board again, and we would hope the firemen get good public response from their effort to raise the money through donations for the fireworks show the night of the Fourth.

The initial response has been heartening, and if the donations continue to come in like they have been, firemen believe they could have a better show than last year.

The public donation method of raising the funds for a fireworks show is probably the best way to do it. The raffle method previously used is against the law. By seeking the support of the people through donations, everyone is going to have a better feeling about the whole thing.

LET'S ALL GET BEHIND this celebration and make it one we can be proud of. The Lions Club and Rotary Club are pitching in to share in the actual work of putting on the celebration, and the least the rest of us can do is help out with a little cash.

Firemen have to know by May 20 how much money they have to buy their fireworks with, so get your donation in before then.

MOST OF THE WORLD is itching for what America has, but they'll never have it until they start scratching for it the way Americans did.

The real issues are being overlooked and personalities are being dragged in. It could be called character assassination, in both cases. The character of the people involved is being attacked by many. Their right to believe in a cause is being slandered. This is called mud slinging, and it's a dirty business.

IT'S NOT FUN TO be on the receiving end, and it's not much fun to watch, either. A man's character is a man's life. Killing his character kills him. And, pitifully, those who attack a man's character reveal their own.

Let's stop this type of wrangling and get back to the real issues, which you may find are already solving themselves.

AS WE GET further into spring and the beautiful days begin to outnumber the bad, it is said that at this time of year a young man's fancy turns.

I'm a little too far past that age to know where their fancy is turning to (I'm kidding, of course) but I do know about those who fall into the middle age group and up.

THOSE IN THIS group, at this time of the year, their fancy usually turns to golf.

I wrote about a letter my mother-in-law sent me a few weeks ago, and ended it wondering whether she was trying to tell me something. Al Pink from over Westphalia way stopped in and told me that he thought she got her point across very well.

SO MUCH FOR my mother-in-law and Al Pink, and back to golf. For a number of years now I have been carrying a card on the subject of golf. Seeing that this is the season where the golf bug bites the hardest, I thought it would be worth passing along.

Two lots of garden seeds had I  
One new, one lot marked "old";  
And old seeds do not grow as well—  
By gardeners I'm told

Two plots of garden planted I—  
The old seed thickly sown,  
The new used much more sparingly  
For proper space when grown.

Two kinds of growth I now report,  
The new too sparse, I swear;  
The old, so much discounted,

As I turn another page,  
Garden seeds resemble people—  
Both at times forget their age.

Most of us would prefer to remain anonymous, but we would hasten to point out that don't believe ourselves to be any great threat to democracy as many secret organizations are.

I HAVE STEPPED forward in an effort to organize the mechanically aimless hoards. However, I certainly do not consider myself the Grand High Duce of the organization, since I have certain proven, yet dubious mechanical abilities that would leave many people in a puzzled swim, myself included.

## About this Michigan:

Michigan is one of the nation's leading camping areas with more than 17,330 public campsites in 350 state parks and recreation areas, state and federal forest campgrounds, and county, township and city parks, according to the Michigan Tourist Council.

Lake Superior is the world's largest fresh water lake, according to the Michigan Tourist Council. It is 31,200 square miles in area and its greatest recorded depth is 1,180 feet.

Two Michigan waterways, the Detroit River and the shipping canal at Sault Ste. Marie, rank first and second, respectively, as the world's busiest waterways. Great Lakes freighters and cruise ships can be easily viewed from the shores of both waterways.

The 58,000-acre Porcupine Mountain State Park in Michigan's Ontonagon County is the largest state recreation area in the nation, according to the Michigan Tourist Council. A focal point is Lake of the Clouds nestled high in the peaks overlooking Lake Superior.

Michigan has perhaps the only state highway in the nation on which there has never been a motor vehicle accident, according to the Michigan Tourist Council. The highway rims historic Mackinac Island and is reserved for bicycles and horse-drawn carriages.

Virgin pines in Michigan's Hartwick Pines State Park near Grayling tower as high as 150 feet, according to the Michigan Tourist Council. A walk through the pines will lead visitors to a restored lumber camp.

## Hospital lauds city for new street lights

REALIZING THAT the City Administration gets little appreciation for what it does right, and much criticism for what it does wrong, I would like to take the time to express the appreciation of the hospital board and myself for the new lights recently installed in the hospital area.

I have been very much concerned for the safety of our employees and visitors, and the hospital has spent quite a bit of money in providing adequate lighting around the hospital perimeter to provide safety for our visitors and our employees.

THE NEW LIGHTS are very good and provide good illumination of the street areas. Aside from the safety factor, the new lights make it much easier for strangers to St. Johns to find the hospital.

We appreciate very much the cooperation received from the city in this matter.

Very truly yours,

as we do with the weather. I would propose (again NOT as Grand High Duce of the organization) that a membership drive be started at once. People in all walks of life who feel inferior in any sort of mechanical prowess should be welcomed.

Membership applications should be accompanied by a torn, rumpled, spotted, dart or bullet-marked instruction sheet which you have used in vain in attempting to install or put together some mechanical contrivance (If you don't have such a sheet, I have a large supply on hand and would be happy to lend you one until you can have such an experience).

INITIATION INTO the club would take place at the organizational convalesce. In front of witness by other members of the club (don't be afraid; there's comfort in numbers), each new member would further tear up his instruction

sheet into confetti-size pieces and then burn them in a metal tool box. This must be done with cool deliberation and not in a fit of anger.

Membership would be signified by a pin designed and botched by one of our own members. A contest will be conducted among members to see who can do the worst job.

ONCE THE DOUBTFUL mechanics of organization are dispensed with, Mechanical Idiots Anonymous should have as its purpose a program of instruction aimed at alleviating members of embarrassment over their inabilities. Various classes in general mechanics will be arranged, with the aim of returning the members to general society better equipped to handle themselves in a complex, mechanical world.

Mechanical Idiots Anonymous is the only known organization with its goal as self-destruction.

## MICHIGAN MIRROR

## Highway traffic tolls getting worse . . . or better?

BY ELMER E. WHITE  
Michigan Press Assn.

Figures don't lie, it is said, but it has been shown time and again that for every situation a given set of figures can be found to "prove" almost any point.

Such is the case with traffic accident rates in Michigan. The bare figures record 310,698 traffic accidents in Michigan last year with 155,258 injured and 2,129 killed.

Taken alone the figures represent record highs.

MEASURING THE TOTALS against the number of miles driven in Michigan, however, suggests the accident situation is not as bad as it seems.

Official statistics in this area of record-keeping show a death rate of 5.2 per 100 million vehicle miles driven. This was down from 5.5 the previous year, and below the 5.6 national rate.

Michigan's traffic death rate has shown general decline constantly since 1935 when the rate was 16.8 per million vehicle miles.

ANOTHER WAY TO look at it, the 2,129 persons killed count has been topped only twice.

And while the number of vehicles on the road increased 20 per cent in the past five years and mileage estimates show a 27 per cent boost, the casualty count shows an astounding in-

crease of 66 per cent. The accident count has grown by 55 per cent.

The year 1965 was the second consecutive in which more than 2,000 persons died on Michigan roads. Every death is a great personal loss and economic loss. Everything possible should be done to improve this record.

A POISON - CONSCIOUSNESS drive by the Michigan Pharmaceutical Assn. got a legal, if tardy, boost when a new law took effect regarding labeling of household products.

The association conducted an educational program during National Poison Prevention Week in March. It was highlighted by the distribution of kits containing two vital antidotes for poison.

In April when the bulk of the 1965 laws took effect, a new labeling law was among them. It requires the labeling with "Keep out of the reach of children" on many potentially hazardous substances commonly found in the home.

INCLUDED ARE AMMONIA, cleaning materials, flammable materials, poisons, paint thinners and many other toxic substances.

Hundreds of children are killed or seriously injured each year because of their curiosity and the carelessness of adults.

in storing such items. Keeping all such dangerous substances under lock and key would be the best protection against injuries, of course, but this would be difficult to legislate.

Next best things, it is believed, is a visible word of warning and periodic reminders of the dangers often found in constant presence in the home.

The association's campaign also included a check list for making the home poison-proof. Medicines should be stored in a locked place, flushed down the drain when no longer usable, and never referred to as candy.

In addition, all cleaning supplies should be stored out of a child's reach and kept in their original containers.

CAMPING, WITH OR without electricity and hot-and-cold running water, continues to gain sharply in popularity each year.

In an attempt to meet the increased demand for campsites, the State Conservation Department reports some 1,700 spots have been opened in the past year. This brings the total now available to more than 17,300.

The sites are located in 65 state parks and recreation areas, 139 state forest campgrounds, 86 national forest campgrounds, and 60 county, township and city parks.

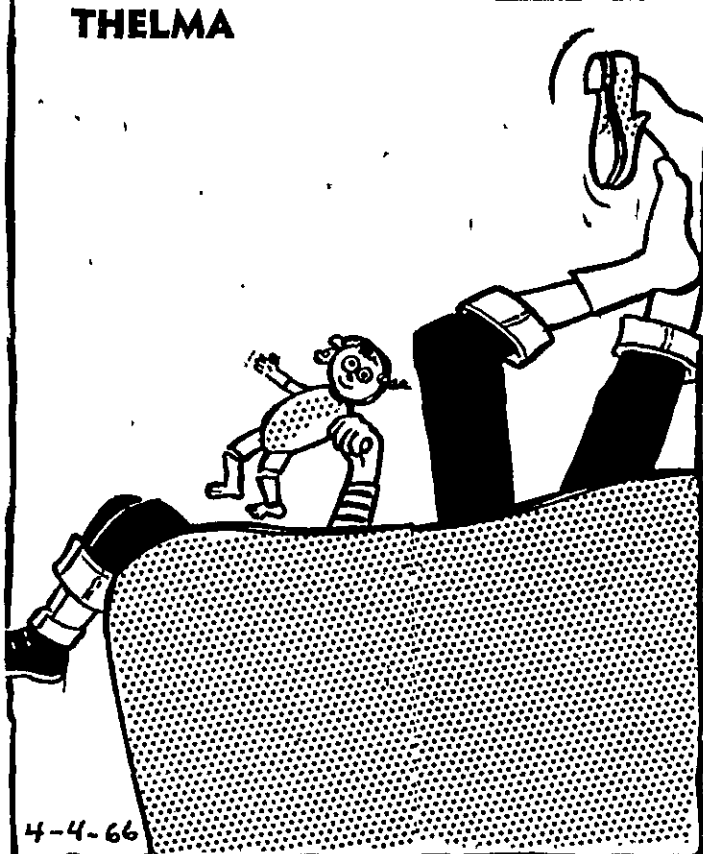

CAMPERS' TASTES VARY. So do types of sites available throughout the state.

State parks generally offer the most complete facilities: bath houses, flush toilets, electricity and concession stands. At the other end of the convenience scale are the state and national forest campgrounds with pit toilets, picnic tables, fireplaces and a water supply.

Many find camping to be the most inexpensive form of vacation travel once the initial equipment investment is made. Some of the campgrounds in Michigan and other states are free. Even the most expensive spots in Michigan involve only a nominal fee, such as the \$2 annual state park permit, plus \$1.50 a day per campsite and the optional 50 cents per day if electricity is used.

The number of accidental deaths involving sporting arms has dropped a third in spite of the growth in population and the doubling of licensed hunters during the past 30 years.

## THELMA

"Now I'll read to you on - 'How To Act Like A Lady'."

The "Low Down"  
From the  
Congressional Record  
By Joe Crump

Says CIA didn't 'use' Michigan State

Senator Leverett Saltonstall (Mass.) . . . As a member of the subcommittee of the Armed Services Committee following the activities of the Central Intelligence Agency, I inquired of the CIA regarding the criticisms directed by certain professors of Michigan State University concerning certain activities of the university with relation to a contract with the CIA and the employment of secret agents of the CIA within the university. I believe it is in the interest of accuracy to make public the facts as I get them.

"On Dec. 21, 1954, President Eisenhower directed the Operations Coordinating Board to have prepared a report on the status of the US programs to develop foreign police forces to maintain internal security and to destroy the effectiveness of the Communist apparatus in free world countries vulnerable to Communist subversion."

"UPON COMPLETION of the report on Dec. 8, 1955, the National Security Council directed Mr. John Hollister, then chief of what is now the Agency for International Development (AID), to assume leadership of US efforts to improve the internal security capability of police in a number of foreign countries. At the same time, the NSC (National Security Council) with the President's approval, instructed the Director of Central Intelligence and other government agencies to lend all possible assistance to this effort to include assignment of qualified personnel to effect the needed improvements in foreign police forces. The urgency of the situation in Vietnam, which was one of the countries the President had in mind, and the non-availability of adequate personnel, resulted in AID contracting this responsibility to Michigan State University. It was in this connection that CIA officers with specific MSU agreement participated in the MSU program in Vietnam, a program designed to improve the effectiveness of the police services of that country as a part of the overall effort to preserve that nation's independence.

"The CIA representatives worked specifically in the training of Vietnamese police services, not in clandestine CIA activities."

## A GRASSROOTS COMMENT

As early as June, 1963, The Hon. Leverett Saltonstall, senator from Massachusetts, endorsed this column's efforts to present unsalted and accurately

If you were "true blue" in the 1600's, you were a loyal Presbyterian. The expression "true blue" originated after the Scotch Covenanters chose blue as their emblem, in opposition to the red of royalty.

## COUNTRY FLAVOR

## When the merry month arrives, look for spring

HAYDN PEARSON

Experts tell us that spring arrives with the vernal equinox, but the countryman knows it is a rough drawbridge from that day in March until true spring blesses the countryside. April can be tantalizing with a mixture of sunshine and showers, warmth and cold. But when May arrives, it is logical to look for spring.

Perhaps it is partly psychological that man labels May the merry month. He knows that this is the month when the dawn chorus swells and lilting music is in the air. There are flashes of bright color as warblers return and join orioles, bluebirds and song sparrows in tossing gay arias to blue skies and white clouds.

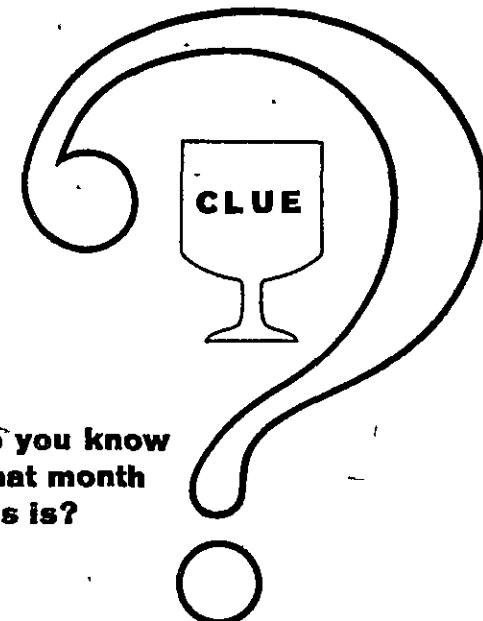

IT IS A SHINING world as the green deepens on meadows and upland fields. As the green glows in the sun, the tempo of activity increases. The urgency of the new season pulses in stronger heart beats. While birds make music through mellow hours of daylight, the trees open full leaves and the grass carpet grows thick.

When a man crosses the yard to the barn for morning chores, he feels the mood of May. The dawn chorus is rich and full; the fragrance of warming soil is pun-

A mile-deep well that will convey liquid waste 5,896 feet into the ground for "storage" in a huge sandstone reservoir is nearing completion at the Holland-Suco Color Co., Holland, Mich. Acid waste from color pigment production will be pumped at a rate of 36,000 gallons a day into the porous, sponge-like sandstone. Deep-well disposal protects ground and surface water from contamination and eliminates the need for expensive neutralization of the waste.

gent and satisfying; a gold platter sun in a deep blue sky gives promise of a good day for plowing. Through the hours of golden light and a green tide rolling to its height, the whistling of the orioles and the calls of the song sparrows match the music in the heart.

MONTHS OF growth, fruition and harvest are ahead. Man lives by hope and perhaps that is why May is the merry month. For a new season, like a new year, gives a man a chance to write a better record and that makes him feel better.

Do you know what month this is?

## MAY IS NATIONAL TAVERN MONTH

This is National Tavern Month—the time when America's brewers pay special tribute to the friendly folk who serve the friendly brew. So why not stop by your favorite tavern, enjoy the great refreshing flavor of a nice cool beer, and mention casually to the tavern-keeper that you're glad he's there. We are.

# The low-priced high-price car.

Low-priced because it's a Catalina with a sticker that's within reach of a lot of low-priced car buyers. High-priced because it has the Pontiac name and everything that goes with it. Like a full 121 inches of road-leveling wheelbase. And 60 more standard horsepower than those low-priced cars offer. And steady Wide-Track ride and handling. With luxurious

interiors you practically sink up to your knees in. (And, of course, standard safety items like a padded dashboard.) All backed up by Pontiac's legendary resale value that makes such exciting reading in the record books year after year. Makes you wonder why anybody would buy a low-priced car when you can get a Pontiac Catalina for the same money.

Wide-Track Pontiac Catalina  
(A big, powerful Pontiac for less than \$3000\*)

\*Manufacturer's suggested retail price for Catalina 2- and 4-door sedans and 2- and 4-door hardtops are all less than \$3000. These prices include excise tax and suggested dealer delivery and handling charges. Transportation charges, state and local taxes, accessories and optional equipment additional.
