The rains came last week, but these boys didn't mind as they put the high water to use in the back yard of their Giles St home. High water made it possible to navigate the 16-foot fishing boat with plenty of neighborhood passengers.

Reappraisal gets green light from county

By Linda Heyboer
 County News Writer

Clinton County commissioners gave the green light Tuesday for county-wide reappraisal of real property—but they left themselves an escape clause.

The controversial proposal could eventually be dropped if assessment bids turn out to be much higher than the \$250,000 tentatively budgeted for the 1975-76 project.

It was a 6-5 vote, with commissioners Chamberlain, Hawks, Henning, Martin, Overway and Shinaberry supporting the motion and commissioners Gilson, Gove, Hugnagel, Reed and Zeeb opposing it.

Supporter Duane Chamberlain said he regretted the expense involved in the project but pointed out most of the township supervisors said at a recent board meeting that it is overdue.

"We want to equalize all the townships," he explained. "With 18 different assessors you get 18 different appraisals."

Other supporters said the county-wide plan would take some of the pressure off individual assessors and probably was the most equitable solution.

But Commr Don Gilson wasn't so sure. "I'm not convinced this is the real answer to the problem," he said.

Gilson said a better solution might be to expand the county equalization staff so it could do a more thorough job. He also noted that the state could still apply a factor after the county spent "all that money" on reassessment.

A state-applied equalization factor happened to be another major topic at Tuesday's meeting, where board members were joined by supervisors from most of the county's 16 townships. The county has been slapped with a tentative 10 percent factor which it plans to protest Thursday in a meeting with the state tax commission.

County equalization director Leon Thelen, board chairman Derrill Shinaberry and trustees Gilson and Doyle Henning will take the matter with the tax commission.

They asked for—and received—input from the supervisors present.

Henning said the question was whether other counties in the area were equalized as well. He pointed to figures showing that real property valuation in the county, according to the state, increased by 61 percent between 1971 and 1974.

By comparison, he noted, of 5 surrounding counties during the same time period, 4 valuations stayed the same and 1 increased by 33 percent.

Olive township supervisor Earl Barks said he was afraid the county's protest would not do much good for residents but would hurt surrounding counties by raising their valuations.

Bath township supervisor Roy Van Sickle agreed, but added protest was "the only game in town."

Most of the township officials seemed to favor Van Sickle's reasoning, many of them declaring the factor was unnecessary and unfair.

Dale Emerson, DeWitt township supervisor, predicted the protest would be ineffective and said the county should start appeal proceedings instead. But Thelen pointed out state courts have consistently upheld the tax commission's equalization power, leaving counties with no real legal recourse.

Shinaberry was optimistic about Thurs-

day's conference, however. "They are reasonable people (at the tax commission)," he said.

REFER FUNDING REQUEST

The board referred to its health committee a funding request from the Capitol Area Comprehensive Health Planning Association (CAHPA), a non-profit corporation aiming at developing a regional health plan for Clinton, Eaton and Ingham counties.

Bud Burgess, a Clinton County representative on the association's 48-member board of directors, said citizen participation in the group had been hurt because of lack of official support from the county board.

However, association director Irving Taylor affirmed that moral support was not all the group had in mind. Stressing the increasing importance of community participation in regional health care plans, he said the group was requesting an appropriation based on 10 cents per capita, or \$5,200 for a fiscal year.

The association, which includes consumers, business people and government officials as well as professionals, receives 40 percent of its budget from local organizations and 60 percent from the federal government.

Second part of series defines millage necessity

Editors note: The following is the 2d of 4 articles explaining the millage situation in the St Johns School District.

By Earl Lancaster
 St Johns Superintendent
 of Schools

After careful deliberation on all aspects of financial and operational problems for the 1974-75 school year, the St Johns Board has concluded that an additional mill in operational property tax is necessary to support the program for the coming year.

Accordingly, the board has resolved to ask the voters to approve 16.5 mills for one year on the ballot in the annual election June 10.

The 16.5 mills in effect will be a renewal of the 15.5 mills in existence the past 2 years plus an additional mill.

The additional mill is required mainly because of the effects of inflation. The extra mill plus a State Aid increase of \$1 per mill per child will yield an additional \$400,000 to the School District.

Since the expenditures for the 1973-74 year will total approximately \$4,270,000, the \$400,000 increase will be less than 10 percent over their expenditures.

SALARIES TOTAL \$3,100,000

The effects of inflation on a school budget are many and varied. Over 80 percent of any school budget is spent on salaries. In the St Johns district there are 430 people on the payroll, which this year totals \$3,100,000.

The employees are represented by 5 separate associations which negotiate with the Board for the next year's salaries and working conditions.

Since negotiations have not yet started with these groups, it is as yet impossible to detail the amounts which will be needed for this purpose.

ADDED COSTS

The introduction and rapid growth of girls athletics has resulted in increased costs for extra-curricular activities. Three years ago there were no girls interscholastic athletic teams. Next year there will be organized girls teams in swimming, basketball, tennis, track, volleyball and softball competing on interscholastic basis.

Other costs which have rapidly escalated the past few months and show no signs of leveling off are gasoline of which over 100,000 gallons are used, over 250 percent, paper up over 75 percent, textbooks and all paper and office supplies up approximately 40 percent.

Utility companies have warned that light, power and heat will increase over 40 percent in the coming year. In fact, every commodity which schools use, labor, materials, and all supplies will cost substantially more.

STUDENT DISTRIBUTION

Another problem is the unequal distribution of students throughout the district. Although the total enrollment of the district (this year 4409) is not expected to increase totally next year, there will need to be adjustments. The birthrates during the early 1960's were unusually high. These children are now in grades 5 through 9 which

results in unusually high enrollments in these grades, particularly in the Junior High. An additional two teachers will be necessary there next year to take care of the increase in enrollment. For the same reason an additional teacher will be needed in the High School program.

At the same time that the enrollments in grades 5-9 are increasing, projections show that there will be approximately 58 less children in grades Kindergarten through 4. Since these children are spread throughout the district in 70 different classrooms, it will be impossible to reduce the number of rooms.

MEETING STATE REQUIREMENTS

In 1971 the Michigan Legislature passed the "Mandatory Special Education Act" which went into effect the 1973-74 school year. Generally, the Act requires each school district to serve the needs of all handicapped children from birth through

the age of 25. And, although the St Johns Schools made adjustments to conform, it is now apparent that three more teachers of Special Education will be needed for the coming year in order to satisfy the requirements of the law.

In spite of these increases and additions, the members of the Board of Education believe that the present program can be maintained by the addition of 1 mill for operation. The increase of the one mill will be off-set by the reduction of 1.2 mill from the 1973 Debt levy of 5 mills to 3.8 mills in 1974.

TOTAL LEVY LOWER

If the June 10 election for 16.5 mills is successful, the total levy for schools in the St Johns district would be 28.3 mills. This would be the lowest millage rate since 1969-1970. The total rate for three years 1970 through 1972 was 29.5 mills. In 1973 it was reduced to 28.5 mills because of a reduction in the debt levy from 6 mills to 5 mills.

Bath Township sewer projects cause discussion

by Linda Heyboer
County News Writer

Bath Twp -- Bath trustees were faced with 2 sewer confrontations Monday, 1 tense and the other good-natured.

Resident Doris Root charged it was unfair that the sewer line stopped just a few lots short of

her property in 15609 Outer Drive (Whoopee Lane), while A. Richard Bos tried to barter for risers on the sewer main on his farm at 5364 Sleight Rd.

Neither dilemma was solved at the 3-hour board meeting, however.

Trustees referred the Root problem to township engineers 2

weeks ago. Sewer plans never called for extension to the property, but Root and her neighbor, Mildred Barnes, said they were led to believe they would be able to hook up.

"If we don't get it now, we're never going to get it," said Barnes, who added she doesn't live on the property full-time

but is concerned about sale prospects.

Township supervisor Roy Van Sickle explained the low elevation of the lots (15, 16 and 17) posed problems because the sewer line would have to extend above the ground. Expense was another factor, he said.

"The sewer project is too expensive already, so everyone tells us," Van Sickle commented. "We had to stop somewhere."

He added at the time sewer plans were made, a 182 acre development was being planned south of Park Lake. If the project had panned out, he explained the Root and Barnes properties would have been able to hook into the development's sewer line.

Van Sickle said he expected such development would eventually materialize, but the women were not consoled.

"It's the whole idea of people in that area polluting the lake," Root said.

"Even if we're not polluting now, we're supposedly potential

polluters," she went on. "And we don't get the sewer, while people on the other side of the township do," she concluded in exasperation.

Bos, in his show-and-tell presentation complete with diagrams, said he agreed to a gravity main across his property because he "wanted to be a good citizen."

But it wasn't purely altruistic, he noted: if he ever sells out to a developer the sewer line will be a definite financial asset.

Then it was bargaining time. Bos, who moved to his farm 6 years ago and also works for the state, said a sewer route change he suggested to engineers saved the township \$18,000.

Suggesting the township owed him a favor, he requested that risers be built into the sewer line.

He lamented he'd been "too naive" before to know risers would be necessary for development, adding he would lose \$15,000 because that's what it would cost a developer to install the risers.

Board members didn't quite follow his line of reasoning. Though they voted to refer the matter to their attorney for consideration, they expressed doubt about the feasibility of Bos's proposal.

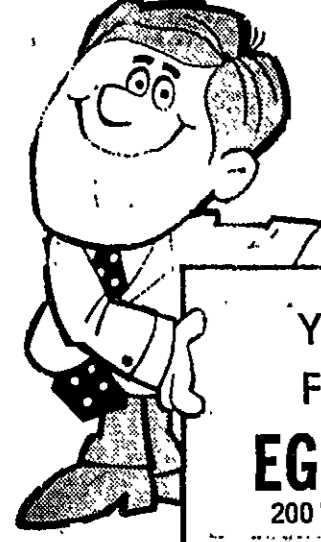

"We can't do it for everyone," treasurer Thomas Woodruff remarked. "Pretty soon we'd have to float another bond."

The board approved \$82,300 worth of road projects for the year, following up on recommendations by the township road committee.

The 14 projects range in cost from \$500 to \$20,000.

In other road-related business, trustees reaffirmed action approved at the last meeting for 2 chloride applications. A second vote was needed because Van Sickle reported that instead of the estimated cost of \$1,558 per application, new county figures indicate each will cost \$2,670 instead.

With \$1,000 in county-supplied funds, the application cost will total \$4,340.

Rock concert 'quiet'

The May 18 Northside Drive-in rock concert some DeWitt residents feared would leave their area in shambles came and went without major incident, police report.

"Over all, everything appeared to be fairly orderly," said township police chief Bill Nash.

Only half of the expected crowd of 6,000 showed up at the event, and that helped, he said.

Traffic--both pedestrian and vehicular--was the biggest problem, according to Clinton County sheriff Anthony Hufnagel.

He said a dozen concert-related arrests were made on charges ranging from drunk and disorderly to driving without a license. But 6 of them involved juveniles, who were turned over to their parents.

No parking or noise complaints were made to police, the men said.

Hufnagel said 15 county officers, 6 township patrolmen and 6 state policemen were on duty for the occasion.

"We were all ready for anything that might have happened," he said.

To the relief of officials and residents alike, nothing much did.

Gas, tools stolen

ST. JOHNS -- The Clinton County Sheriff's Dept is investigating the May 11 theft of tools and gasoline from a tractor owned by George Higgins, Rt 5, St. Johns.

Higgins reported the theft of 25 gallons of gas and \$25 worth of tools from the tractor at County Farm Rd and Townsend Rd.

A trip by words through county's past

It is fitting that during this Michigan Week when the entire state is taking time to point with pride to itself, that Clinton County take a look at itself. A few interesting facts are presented by the Clinton County Historical Society to give a brief account of our county's beginnings.

Although Michigan was visited early by French and English explorers, and it is thought that Vikings visited the Great Lakes area, it was not until Lewis Cass and the Indians made treaties that the great interior of Michigan was opened up. At one time this area was covered with trees and parts of Clinton County were called "a dismal swamp".

A trading post was established in Maple Rapids in 1826. Settlers came at about the same time to Eagle on on their way to Eaton county settlements along the Grand River. David Scott came to what is the present site of DeWitt on the Looking Glass River in 1833. These are thought to be the first settlements of whites in the area.

Pre-historic Indians lived in this area. Mound builders left large earthen structures in the Duplain Township area. Gradual erosion and land use have destroyed visual signs of these Indians. Skeletons found in this area near the turn of the century were sent to the University of Glasgow, Scotland. In more modern times, Chippewa and Sauk Indians brought their battle, for supremacy of the large Saginaw

1974 FORD PINTO

Pinto economy begins where you need economy: in the engine room. Recent tests show Pinto's thrifty 2000-cc engine averaged 28.1 miles per gallon.

But basic economy isn't the only consideration for buying Pinto. Low price is just as important. And, Pinto's got it. Only \$2442. A lot of little car for the money.

*Slicker price for base 2-door excluding destination charges, dealer preparation, title, and taxes.
**Test conducted by General Environmentals Corporation.

February 19, 1974. Pinto averaged 28.1 miles per gallon, equipped with standard engine and transmission broken in to the equivalent of 6000 miles, and driven from Phoenix to Los Angeles using regular gas. Never exceeding 60 miles per hour. The driver was not a professional. Of course, mileage depends on driving conditions, total weight, optional equipment, maintenance and driving habits. The mileage you get may be less or even more than the figure quoted here.

Andy's IGA celebrates 38th year in business

ST. JOHNS -- The presentation of a micro-wave oven, tape recorder and 10 other drawing prizes to be awarded will climax the 2-week 38th Anniversary Sale at Andy's IGA. Andy's history began in 1936 when the store was opened as Anderson's Foodland when Dorr M. Anderson purchased Burke's Foodland. The original store was located in the building at 212 North Clinton Ave now occupied by McKenzie Ins. The store moved in 1943 to the corner of Clinton Ave. At the new location, self-service and increased variety was introduced as well as on-the-premises bakery, a still popular feature of Andy's. Early in 1949, a 2d location was opened in St Johns at North Clinton Ave and US 27. The 3-sided building was opened to the air on the highway side and was 25x50 foot large. In comparison, the back room alone of the present Andy's is 25x60. The operation of the 2 locations continued until 1953 when an addition was made to the highway location and the Clinton Ave store was closed. Since that time, 4 other additions have increased the size of the building to over 12,000 square feet. In the 1969, the most recent addition was completed and the building was reversed to accommodate a larger parking area and to improve the looks of the store. Following the death of Dorr (Andy) Anderson in 1969, the primary-supervision of the store has been directed by Richard Anderson.

Seek man for indecent exposure

WACOUSTA -- Two female juveniles reported to the Clinton County Sheriff's Dept. an indecent exposure incident by a white male in his mid 20s weighing 240 pounds. The 6-foot or over individual has blond hair. It was reported he called the 2 girls, who were riding bicycles, over to his car at the corner of Corrisone Rd and Wacousta Rd and exposed himself. He was driving a late model brown Oldsmobile with a white top.

Anne Kramer bride of Louis Smith

FWLER -- Holy Trinity Church provided the setting for the April 27 wedding of Anne Kramer, daughter of Mr and Mrs Edred Kramer, R 2, Fowler, and Louis S. Smith, son of Mrs Mary E. Smith, Bayer Rd, Fowler. Fr Albert Schmitt performed the double ring ceremony before an altar decorated with roses, carnations and daisies.

Organist Bernita Halfman accompanied Mrs Luke Becker and Mrs Marvin Witgen to provide music.

The bride chose a gown featuring a Venice lace bodice with a square neckline, fitted bishop sleeves, and a flared skirt. She wore a matching floor length mantilla veil of nylon illusion and edged with Venice lace, and carried a cascade bouquet of pink roses, white carnations and daisies, and accented with white ribbon streamers.

Marjorie Rosier-Thomas Gober exchange vows

EAGLE -- On May 18 Marjorie Louise Rosier, daughter of Mr and Mrs Richard Rosier, 10483 Clark Rd, became the bride of Thomas Mark Gober, son of Mr and Mrs E. Thomas

The attendants wore Victorian style gowns featuring an empire waistline, ruffled V-neckline and A-lined skirts. The gowns were in rainbow colored floral print material. They wore picture hats and carried bouquets of roses, carnations and daisies.

The bride's mother wore a floor length dress of brown, white and orange double knit while the groom's mother wore a floor length coral dress. Both had yellow rose corsages.

Richard Smith served as his brother's best man. David Thurston, James Halfman, Kirk Brock and Dennis Kramer, brother of the bride attended as groomsmen. Paul Weber seated the guests.

A reception for 375 guests was held at Holy Trinity School Hall. Serving were Shirley Weber, Sharon Miller, Bev Kramer and LuAnn Feldpausch.

Special guests included Mrs Eleanor Kramer, grandmother of the bride.

Following a wedding trip the couple are at home at R 2 Walker Rd, St Johns.

MR AND MRS LOUIS SMITH

Deborah Feldpausch weds Jerome Schafer

MR AND MRS JEROME SCHAFER

FWLER -- Deborah Feldpausch, daughter of Kenneth Feldpausch of 531 N Main, became the bride of Jerome Schafer, son of Mr and Mrs Norbett Schafer of Parks Rd, St Johns on May 4. Fr Albert Schmitt performed the double ring ceremony at Holy Trinity Church. Soloist Cheryl Fedewa and organist Mrs Herm Motz provided music for the occasion.

The bride chose an empire waist gown covered with chantilly lace. It featured chantilly lace sleeves and a stand-up collar. She had a floor length veil and carried a bouquet of white carnations, orange sweetheart roses, yellow mums and daisies.

Mrs Tom Feldpausch of Fowler attended as matron of honor. Bridesmaids were Debbie Pline of Fowler, Joyce Miller of Perrinton, Marie Schaefer of Lansing, and Ellen Feldpausch of Fowler. Attending as flower girl was Nancy Braun of Fowler.

The attendants wore orange empire gowns with long sheer sleeves and white stand-up

collar. Each wore a large white hat with orange trim and carried bouquets of orange and white carnations, yellow mums and daisies.

Mrs Schafer wore a long pink gown and had a corsage of pink sweetheart roses.

Denny Schafer of St Johns was best man. Groomsmen were Stan Feldpausch of Fowler, Dick Miller of Perrinton, Dick Halfman of Fowler and Terry Thelen of Fowler. J.J. Feldpausch served as ring bearer. Bob Schafer and Tom Feldpausch seated the guests.

A reception for 300 guests was held at Holy Trinity School Hall.

Following a trip to Niagara Falls the couple are at home at 4908 Wright Rd, Fowler. Both the bride and groom are 1971 graduates of Fowler High School.

Lois Sheren-Steven Thornton united

ST JOHNS -- Lois Jean Sheren, daughter of Mr and Mrs Robert T. Sheren, 311 E. State, became the bride of Steven J. Thornton, son of Mr and Mrs Harvey A. Thornton, 2312 W. Walker Rd, on March 17 at the Church of Christ. Rev John Phipps performed the double ring ceremony before an altar decorated with vases of red roses and white carnations. Organist Julie Thornton provided music for the occasion.

The bride chose an empire waist gown featuring an A-line skirt of Peau de Soie and a lace bodice and sleeves. She had a detachable lace train and a headpiece trimmed with forget-me-nots secured her finger-tip length veil. She carried a cascade bouquet of red roses and white carnations accented with red mountain star and white ribbon streamers.

Candy Cain of Middleville attended as maid of honor while Cindy Thornton, sister of the groom was bridesmaid. The maid of honor wore a pastel polyester pink gown, with an empire waist and a scoop neck accented with ruffles. The bridesmaid wore an identical

gown in pink. They carried colonial bouquets of roses and white carnations.

The bride's mother wore a floor length royal blue gown and had a corsage of red roses and white carnations. The groom's mother selected a floor length turquoise gown and had a corsage of pink roses and white carnations.

Rod Thornton of St Johns served as best man. Groomsman was Kevin Sheren, brother of the bride of St Johns. Gary Sheren of St Johns and Ralph Bailey, also of St Johns, seated the guests.

A reception was held at the Municipal Building in St Johns for 225 guests. Serving were Ruth Gregory, Marsha Bradley, Marie Thompson, Mrs Carl Hills who made the wedding cake, Mrs Judy Lietzke, and Debbie Willet.

Special guests included Mr and Mrs Howard D. Walker, grandparents of the groom.

The couple are at home at 2054 S Sheridan Rd, Lot 5, Lawton, Okla.

The bride is a 1973 graduate of St Johns High School while her husband graduated from St Johns in 1971.

Couple wed in afternoon ceremony

PEWAMO -- On April 20 at St Joseph's Catholic Church, Joyce Hafner, daughter of Mr and Mrs Roman Hafner, R 1, Pewamo, became the bride of Kenneth Heckman, son of Mrs Joseph Heckman of Pewamo. Monsignor Thomas Bolger performed the 1:30 pm double ring ceremony before an altar decorated by white mums and orange carnations.

Organist Cornelia Schafer accompanied soloist Robert Ladiski at the service.

The bride selected a Victorian style gown featuring an empire waist, A-line skirt accented by lace, and a sheer bodice yolk. She had a floor-length mantilla veil and carried a cascade bouquet of yellow sweetheart roses and white carnations.

Bernice Hafner of Lansing attended as matron of honor. Bridesmaids were Theresa Ladiski of Pewamo, Marie Fernelz of Warren, Linda Luna of Westphalia and Judy Martin of Portland. Tam Hafner of Pewamo was flower girl.

The attendants wore orange and white floral print gowns featuring empire waists and

baby doll sleeves. They wore headresses of orange straw flowers and carried colonial bouquets of yellow daisies and orange sweetheart roses.

Mrs Hafner chose an aqua floor length gown and the groom's mother also had an aqua floor length gown. Both wore corsages of pink sweetheart roses. Joe Heckman attended as best man. Groomsman were Carl Schrauben, Dan Hafner, Steve Smith and Robert Hafner. Gary Heckman was ringbearer. Carl Hafner and Merv Klein seated the guests.

A reception for 350 guests was held at St Joseph Catholic Hall. Serving were Diane Smith, Linda Pung, Laurie Pohl, Shirley Bierstetel, Anne Bengel, Marcia Motz and Chris Motz. Special guests included Mrs Mary Smith, grandmother of the bride.

Following a trip to the western states they will reside at R 1 Nickelplate Rd, Pewamo.

The bride is a 1972 graduate of Pewamo High School and her husband is a 1968 graduate of Pewamo.

Hospital Auxiliary elects new officers

The annual meeting of the Clinton Memorial Hospital Auxiliary was held on May 15, in the Community Room of Central National Bank.

Officers for the ensuing year were elected. Mrs Roger Feeman was chosen chairman; Mrs Allen Anthes, 1st vice-chairman; Mrs J.E. Crosby, 2nd vice-chairman; Mrs Edgar McLoughlin, secretary; Mrs Esther Hendershot, treasurer; and Mrs Bruce Fowler, corresponding secretary. Four new Board Members

were also elected: Mrs Paul Wakefield, Mrs Donald Roesner, Mrs James Pelham and Mrs William Chalmers.

Annual reports for the year were given.

The Tail Waggers 4-H Club of St Johns presented a program on the work of "The Leader Dog for the Blind" under the direction of Mrs Glen Webster. Don Block, Lions representative, spoke to the group. A film on the training center at Rochester was shown.

The meeting was followed by the annual tea.

Weather doesn't stop the Green Tee golfers

ST JOHNS -- Despite a cloudy sky and strong winds, 30 members of the Green Tee Club at Clinton County Country Club met to play golf on Wednesday morning, May 15.

Rules for the morning allowed any 2 shots to be played over without penalty, and the worst hole was subtracted from the total score.

Mary Jane Schoendorf won a golf ball for the morning's low score. The prize for closest approach shot on hole 6 went to

Pauline Meriam, and Ricki Dean received a prize for best golf poker hand.

After golf, president Joann Gentry conducted a short business meeting. Plans were made for a style show to be held on Guest Day, June 26.

Members will play at home again on May 22, and a Family Potluck will be held on Memorial Day, May 27, at 1:30 pm. It was also announced that the new Thursday morning ladies league will start play on May 23 at 9 am.

Two pledge Phi Kappa Phi

Two Clinton County students were recently initiated in the MSU chapter of the Phi Kappa Phi May 7. They are Janice Seibel of Eagle and John Steigerwald of Maple Rapids.

Phi Kappa Phi is a national honor society which recognizes and encourages superior scholarship in all fields of study. There are chapters at 151 institutions of higher education throughout the US.

Reports were given by Mrs Don DeWitt, Mrs Winchell Brown and Mrs Maurice Witteveen on the activities sponsored by the club and the program for next year.

Jean Woodbury, president, presented a recording of four women American composers to Hila Bross as a gift to the Bement Public Library.

Mrs Roy Briggs introduced the program for the day which included notes on the lives and works of Paul Hindemuth, Bela Bartok and Arnold Schonberg given by Del DeWitt.

Examples of Schonberg's twelve-tone melodic form for piano were played by Mrs Jack Stenberg.

Ellen Witteveen, pianist, played two selections from Six Miniatures by Bartok and Diantha Witteveen played the Bearn Dance by Bartok.

Two recordings by Schonberg and Hindemuth were played to represent a movement by individual composers to indulge in the expression of their own sensitivities in order to create

new forms. Mrs Norbert Rehmann played two selections, Chopin's Nocturne Opus. 42 and Malagueria by Ernesto Lecuona a Cuban composer.

Jean Woodbury, Evangeline Caudy, Joann Mortis, Frances Deibert, and Esther Jacoby were installed as officers of the

club for the year 1974-75 by Hila Bross, past president of the South Central District of the Michigan Federation of Music Clubs.

The collect used by the National Federation of Music Clubs was ready by Adele Jones as a benediction to close the meeting.

Tim Knaus goes to state track meet

Tim Knaus will represent St Johns High at the state Class B track and field championship June 1 at Michigan State University.

Knaus captured the regional high jump at 5-10 Saturday at Ovid-Elsie High School. Mason won the team championship. Doug Merignac, St Johns' school record pole vaulter, was hampered by a strained shoulder and was able to vault only 12-1, well below his recent efforts. He finished 6th in a loaded vault competition. Earlier in the week, Merignac had just missed at 13-0 during an 86-37 dual meet loss to Alma. While Knaus scored the only points for St Johns in the regional, Coach Ernie Becker who was happy with some of the Redwings' performances that did not score.

The 880 relay team of Kalem Latimer, Harold Wellman, Marty Brewbaker and Bob Pettigrew turned in a time of 1:37.5, virtually meeting the goal of 1:37.5 set by Becker for the quartet. Brewbaker is the only senior.

Sophomore Pettigrew turned in a 54.0 in the 400. Junior Wayne Fedewa ran 4:45 in the mile and soph Jeff Massey just missed 6th place in the 2-mile in 10:13.8.

The mile relay, with 3 underclassmen, ran 3:42.8 (senior Ralph Shinevar low with 54.0). Sophs Bob and Curt Pettigrew ran legs of 55.4 and 55.3 each after freshman Mark Barrett's leadoff leg.

Against Alma, Becker also found some positive notes despite the wide scoring difference. Alma, one of the team title contenders in the West Central league, captured 13 of the 15 events on the schedule. Massey and Merignac were Redwing winners.

Kalem Latimer came within a shoelace of taking the 100 yard

dash by turning in the best time in 3 or 4 years (10.75), said Becker. Winner was Dave Thee in 10.7. Thee also took the 220 yard dash in 24.8 while St Johns challenger Marty Brewbaker slipped to 3rd with a pulled leg muscle.

Another close finish came when Alma's 440 relay team nipped St Johns at the tape for a win in 47.4 (St Johns 47.45).

Becker praised Steve Suttin for his 10:41.0 in his 1st 2-mile run of the year. It was good for 3rd place. The mile relay team ran its best time of the year before regionals with a 3:43.9, while the usual 2-miler, Jeff Massey, turned in a 4:50 mile run and Wayne Fedewa finished in 2:07 in the 880 (3rd place). Brad Cell of Alma and Knaus each high jumped 5-10, but Cell won on fewer misses.

Cell was one of 3 Alma double winners. He took the long jump in 19-10. Don Hendon was 880 winner (2:04.7) and tops in the 440 (54.8). Thee was the other double champ.

Two St Johns tennismen qualify for state competition

Bob Halmo and Kevin Knight of St Johns earned a trip to the state championship tennis tournament at Kalamazoo College, beginning May 31 by reaching the semi-finals during regional play at Holt High over the weekend. Hastings beat Belding for the team title.

Doubles teams provided the firepower for St Johns in a 5th place finish among the 12-team field. While singles players went scoreless, each of the 3 doubles pairs won at least 1 round.

Halmo and Knight, the 1st and 2nd singles players until last week, reached the semi-final round, where they were edged in a long dogfight by Holt basketball star Jeff Troft and partner, 4-6, 6-3, 7-5. The St Johns duo had scored triumphs over Ionia 6-1, 6-2, Okemos 6-3,

3-6, 6-4, and Hastings 6-1, 7-5 enroute to the semis.

St Johns coach Al Werbish had switched Halmo-Knight to the top doubles spot for a dual meet against Lansing Sexton last Tuesday. Lansing won 5-2, but Halmo-Knight tuned up for the regional with a 6-3, 6-1 triumph over Larry Gaffey-Jeff Burt, 6-3, 6-1.

Ray Schneider and Rick Pardee played at 2nd doubles and topped the Sexton pair (Dave Thomas - Mike Szafranski) 6-1, 2-6, 7-6 before splitting a pair of regional matches.

Schneider-Pardee did not qualify for state competition, but impressed Werbish with their play. "They played their best match in a long while when they beat Brighton 6-2, 7-6," he said. He also praised their performance against the 2nd

place appearances for the Pirates. Theis hit 4 for 5.

St Johns girls defeat DeWitt in track and field

DEWITT -- St Johns staved off DeWitt 49-42 in the 1st meeting between the 2 in girls track and field competition last Monday.

St Johns, in its 2nd year of the sport, won 6 events, leaving 5 for the 1st-year DeWitt crew.

In other action recently, St Johns took a 71-20 loss at the hands of Alma last Wednesday and freshman Keela Yount provided DeWitt's brightest spot in the recent Bath Invitational by taking a 3rd place medal mile run with a time of 6:14.

The St Johns-DeWitt encounter saw the visiting Redwings capture the 3 field events before pulled the reigns in the running events.

There DeWitt won 5 of 8 races and narrowly missed getting another -- the 880 medley relay -- that would have won the meet. The hosts were disqualified on a faulty exchange and finished a couple of strides behind the Redwings.

Gina Mazzolini of St Johns was the only double winner of the day. She took the high jump at 4-2 and the 400 yard run in 70.95. DeWitt's Hayners provided 2 of the host victories -- Carol easily taking the 80-yard hurdles in 13.0 and Diane setting a school record of 12.4 in winning the 100 yard dash.

Other St Johns triumphs came from Terri Daggett in the

P-W girls softball squad beats Bellevue, falls to St Pats

A split of 2 softball games brought Pewamo-Westphalia's season record to 3-2 before last week's rains. The Pirates lost to Portland St Patrick 18-13, but came back to down Bellevue 18-9.

Sophomore Maureen Thelen was winning pitcher Friday at Bellevue. She was supported by a 23-hit attack and relatively clean fielding. P-W committed 3 errors to the 8 of Bellevue. The Pirates fell behind 3-2 in the 1st inning, but never trailed after taking a 7-4 2nd inning lead. The score was tied at 9 in the 4th before P-W socked the game away with a 6-run rally in the 7th.

Freshman shortstop Diane Theis hit her 3rd home run of the game in the 4th inning to bring the scoring total to 18. Theis also had a 1-run triple in the contest. Sharon Hopko slammed a 2-run homer in the 7th.

St Patrick roared out to a 10-2 lead in the 1st inning earlier in the week with each player scoring at least once. Maria Cook homered in the 3rd inning; Schell Schrauben also homered for the winners.

P-W played without 4 starters. Sharon Hopko and Luanne Simon each collected 3 hits in 5

Other St Johns triumphs came from Terri Daggett in the

shot put (28-6 1/2), Melanie Escher in the long jump (13-9 1/2), Martha Rosner in the 880 yard run (2:44.9), and the 880 medley relay in 2:07.1. Members were Cindy Gladstone, Lisa Burns, Julie Hoskins and Escher.

St Johns scored a 1-2 finish in the shot put (Annette Eberhard 2nd; and the 880 (Myra Ostrander 2nd).

DeWitt got 1st place efforts from the Hayners, Yount in the mile run (6:12), Robin Hobbs in the 220 yard dash (30.15) and the 400 yard relay (school record time of 56.7). Members were Dana-Rice, Carol Hayner, Robin Hobbs, Diane Hayner).

DeWitt went 1-2 in the mile run (Sonya Black 2nd).

Yount's best time of the season, and thus a school record, is 6:15.15 in the mile run, a fine time for a freshman runner.

DeWitt was to entertain Shepherd Monday in another dual meet and went into the date with a 1-2 record.

St Johns capped its schedule with the Alma meet and the regionals (no results reported).

Mazzolini won the high jump at 5-1 against Alma, with Excher taking 3rd at 4-7. Ruth Speerbrecker and Eberhard went 1-2 in the shot put; Escher and Rosner nailed down 2nds in the long jump and 880, respectively.

It's a scramble for 1st in MMB

Big blow at the plate came on Jack Bashore's 3-run double in the 4th inning. The Marauders had scored twice on a single by Doug Goodrich (driving in Gregg Martin) and a bases loaded walk by Salyer (scoring Goodrich).

Brian Welton, Jim Quine and Salyer all scored on Bashore's 2-bagger.

Quine doubled in the 5th inning, took 3rd on an error and tallied on a long sacrifice fly by Tim Bolton.

Sharks scores came in the 4th on an error and double by Bruce Gardner and in the 7th on an error and a single by Gardner.

The win left O-E at 7-5 for the season.

Rain knocks out St Johns baseball games

SCHEDULED game, the contest also was doubled as a qualifier for pre-district tournament play.

The winner will travel to Holt Saturday for a pre-district encounter (11 am). At stake is the right to advance to district competition in the Michigan High School Athletic Association tourney.

Other rainouts to be made up this week by the Redwings include Ionia, set for Wednesday at 1:30 pm and Alma, 1:30 pm Friday. Today the Wings were to meet Charlotte in a regularly scheduled contest.

St Johns took a 6-3 West Central league mark into the game against Ionia, which is tied with the Wings for 2nd place behind Waverly.

St Johns coach Joe Gonzales expressed optimism that the Wings still could be in contention for the league title. "We're 2 games back, but Waverly still has to beat Grand Lodge twice and Hastings once to finish their schedule."

Those opponents were considered to be the most challenging in addition to St Johns, which has handed Waverly its only loss.

Haslett's Sue Bouck leads track victory over Bath

HOLT -- Haslett's Sue Bouck swept 4 events and totaled 24 of her team's 34 points in a narrow victory over Bath (30 points) in the Class C-D girls track and field regional here Friday.

Bouck topped the long jump (17-0), high jump (5-1) 80 yard hurdles (11.3), and 400 yard dash (60.5) to virtually hand Haslett the team triumph.

A trip by words through county's past

platted in 1837 but this passed before the settlers actually came to the area.

It is interesting to note that William Russell, who had come with J.C. Sever to the area to find a proper spot for the colony, made it to the land office only a few minutes before a land speculator intent on buying the same land walked into the office. Russell and Sever had spent the night in a tavern on the way to the Bronson land office, and overheard the speculator discussing his find along the Maple River. Russell was determined to win the prize and rode several horses to exhaustion. He made the last ten miles in 45 minutes.

Elsie was platted by the Sicksle Brothers who had moved there from Craven Mills. At the turn of the century the area boasted a large banking concern, a flour mill, hotels and a newspaper, "The Elsie Sun," and a grain elevator on the Ann Arbor railroad line.

Greenbush township was at one time a manufacturing center. David Sevey operated a factory which made chairs and spinning wheels. The Davies brothers, who by-passed St Johns because it was "full of stumps and fires", operated a fanning mill and milk safe company. These products were known all over the state of Michigan. At one time their factory produced 500 fanning mills and 200 milk safes a year. A foundry that made plows, cultivators and drags was operated by Steven Pearl.

Eagle township was among the first townships to receive settlement but the village itself was not platted until 1873, when George McCrumb platted his land, even building a railroad depot at his own expense to assure prosperity for the community.

Westphalia was platted in 1883, but long before that it was the heart of a thriving and prosperous community. The large Church of St Mary which could seat 1500 people was completed in 1869. It was considered one of the finest churches in the state and quite rare for a congregation outside a large city to have such a magnificent edifice. It was said that it was not uncommon for

registered, lots were sold before the settlers actually came to the area.

The Wacousta settlement owes its name to an Indian girl, Chief Pontiac's rebellion threatened settlers in Michigan and an Indian girl named Wacousta knowing of Pontiac's plans sought out Major Gladwin at the Detroit garrison and saved the settlers. For her bravery, she was remembered by Clinton County settlers naming the area for her.

The city of St Johns covers a portion of Bingham township. It can be noted that Bingham township was not considered a sanitary location because of the large swamp and marsh areas. In the year 1853 a party of four state officials examined the line of the Detroit and Milwaukee Railroad for the purpose of purchasing land along the line for land speculation. These men were: John Swegles, Porter Kibby, E.C. Whittemore, and H.S. Mead. This company of buyers enlisted Robert Higham, chief engineer of the railroad in their enterprise. The land was purchased and later Swegles added to the tract. Men were hired and the clearing of lots and the surveying of land began. One of the first ventures was the erection of a sawmill in 1854. Just prior to that a frame house was built by Cornelius Vrooman known as the "Whittemore House". This structure served as "home" to the men who worked at clearing the land and starting the city. Others followed and the city flourished. In 1857 it was made the county seat. The railroad and business area as well as the county transactions brought settlers to the area very quickly.

CHEVY PICKUP OWNERS, HERE ARE 8 GOOD REASONS WHY YOU SHOULD BUY DODGE:

1. Dodge pickups have the money-saving Electronic Ignition System, standard. (Chevy doesn't even offer it.)
2. Our Dodge half-ton pickup models have a greater standard payload capacity than the half-ton Chevy.
3. Dodge offers you a choice of 52 pickup models. (That's more than Chevy has.)
4. Dodge has the Club Cab pickup with 34 extra cubic feet of storage space, inside the cab, behind the seat.
5. Dodge has the smallest standard six-cylinder engine of any American-built pickup (and it still gets the job done).
6. Dodge pickups have a larger standard fuel capacity than Chevrolet pickups, as well.
7. Only Dodge pickups offer you optional automatic speed control. (It's great for long-distance runs.)
8. And last, but not least, Dodge has no exposed bolt heads in the cargo box. A little point? Treat yourself to the joy of working without having them in the way.

What a difference a Bilco Door makes!

Here's the way to add new beauty to your home. Replace that wooden hatchway with a modern, all steel Bilco Door. It's ruggedly built, weather-tight, and so easy for everyone in the family to use! What's more, it will make your basement more secure against intrusion. And it will pay for itself many times over by saving repair and replacement costs.

If your home was built without the convenience of a direct basement entrance, ask us for Bilco's new handbook "How to Add Valuable Living Space to Your Home."

Stop in and see our display. We'll give you free literature on how to do it. Or, we can suggest a man to install it for you.

This St. Johns youngster readies to dock the craft at the fire hydrant as his mates bring into shore a 16-foot fishing boat. The nautical jaunt took place in a local back yard as heavy rains brought high water in many parts of the community.

There's more rain than drain here as water levels reach road level in this Morton St. ditch in St. Johns.

What goes in must come out as this little girl observes as water is pumped out of a St. Johns basement. A dry basement may have been the exception as heavy rains last week poured down on the area.

Bannister

The Bannister United Methodist Women held their annual Mother and Daughter banquet at the church recently. Approximately 130 Mothers and Daughters enjoyed a banquet served by the men and boys of the church.

A prelude of music was given by Mrs. John Schlarf and Mrs. Walter Miller on the piano and organ respectively. Mrs. Ken Swanson, president of the UMW, gave the welcome and invocation before the banquet. When the meal was concluded, the women and girls retired to the sanctuary.

Mrs. Robert Valentine served as toastmistress for the evening. Rev. Miriam DeMint gave an opening welcome to the guests. The Toast to Daughters-in-law was given by Mrs. Elmer Leydorf with the response from Mrs. Jeffrey Leydorf. A message in song was given by the Green girls, Wendy, Vicki, Tracy and Lisa Green.

The speaker for the evening was 11 year old Susan Yallup from St. Johns and her sidekick, with a ventriloquist act. Another message in song was given by Mrs. Elmer Leydorf, Mrs. John Schlarf and Brenda Miller. Mrs. Ray Peck made the presentation of gifts with the oldest mother being Mrs. Lucy Grubaugh at 88. The youngest mother and daughter gift went to Mrs. Thomas Bradley and daughter Annmarie Bradley. Mrs. Edward Batora received the honors for having the most daughters present and the youngest grandmother was Mrs. Robert Byrnes. Pam Coon came from England to attend the banquet with her mother and received the gift for travelling the farthest. The benediction was given by Mrs. Ivan Hofferbert.

Mr and Mrs Robert Valentine spent Mother's Day with their daughter, Vicki, at Grand Valley State College. Brian, Jim, and Bruce went with their parents.

Mr and Mrs Walter Miller and family spent Mother's Day in Holland where the Tulip Festival will be held soon.

FOWLER

Mr and Mrs Vern Benjamin and daughter Lorie and Mrs. Lula Boak were Wednesday evening visitors of Mr and Mrs Charles Spaulding of Lansing. Mr and Mrs Edward Wallace and family of Lansing were Mother's Day dinner guests of Mrs. Opal Miller.

Mr and Mrs Donald Simon and family of Mt. Clemens were Sunday visitors of Mr and Mrs Martin Schafer and Mr and Mrs Carl Wieber and family.

Mrs. Lula Boak was a Mother's Day guest of Mr and Mrs Charlie Boak.

Mr and Mrs Carl Boak were Sunday visitors of Mr and Mrs Vern Benjamin and family.

Mr and Mrs Donald Fox and daughters of Flint were Mother's Day visitors of Mrs. Agnes Fox. They took his mother out for dinner on Mother's Day.

Shown above are the members of the 1974 graduating class at DeWitt High School. A total of 116 graduates are scheduled to receive their diplomas during the upcoming commencement exercises.

Public to hear class findings

An MSU class in techniques in Community Resource Development has been gathering information on Clinton County in general, and more detailed information on St. Johns and Dallas Township.

On Thursday evening, May 30 at Smith Hall they will be reporting back to the community on what they have learned and what the implications for community action might be. The class is taught by

Dr. William Kimball assisted by Dr. Pearl Aldrich and Dr. Manfred Thulen.

Although enrollment in the class includes only 8 students, they came from as far away as Persia, India and Ethiopia.

It has been indicated they will reveal some interesting and possibly surprising facts at the meeting to be held in Smith Hall in cooperation with the county extension service. The public is invited to attend this presentation.

Reach tentative agreement at Gen Tel

General Telephone negotiators and the bargaining committee of the International Brotherhood of Electrical Workers have tentatively agreed on contract terms at Grand Rapids according to Jack Reitze, president of the company. The agreement was reached at noon Friday. The agreement includes new basic wage rates, an improved pension plan and group life insurance benefits. In addition, the contract which was terminated by the union on May 5 has been reinstated. Union officials indicated to the company that a series of eight ratification meetings will begin at Alpena on Monday, May 20. Results of the ratification meetings are not expected to be available until June 3 or 4. The agreement between General Telephone and the IBEW covers about 3,000 of the company's 3,900 employees. The company provides telephone service in 61 of the state's 83 counties.

RIGHTS-RESPONSIBILITIES

Bicycle drivers have the same rights and responsibilities as motor vehicle drivers on Michigan streets and roads. This means they must obey the same traffic laws and signs as motor vehicle drivers. Even though bicyclists do have the same right on roads and streets, the safe approach is not to go on heavily traveled roads and highways.

Synopsis of the regular meeting of the DeWitt Township Board held on May 13, 1974 at the Township Hall, 780 Wieland Road, Lansing, Michigan.

Board members present: Emerson, Syverson, Angell, Purves, Pline, Corr and Kzeski. The meeting was opened with the Pledge of Allegiance.

The agenda was approved with some additions.

The minutes of the regular Board meetings were approved.

The Supervisor explained the history of the Rock Concert as far as the Township is concerned. The permit that Clinton County Zoning issued was read. There was a lengthy discussion. The citizens would like any further concerts stopped if possible. There was a discussion on the County Board of Commissioners approval of a county-wide reappraisal.

The Planning Commission minutes were read by Purves. There was a discussion on the Looking Glass Meadows. Approved a lot split on State Road for Clayton Corp. Recommended to deny the rezoning request at 11867 N. US 27. Voted

DeWitt twp minutes

to charge \$2 for copies of the comprehensive plan.

Voted to remove the Tri-County Planning resolution from the agenda. Voted to pay the Melerson billing. We still haven't heard anything on the school crossing guard. Voted to pay one half of the health insurance for the employee and the family.

Voted to instruct the Township attorney to start legal proceedings on the sewer system. We will give the County another two weeks before this is filed. The attorney will also check the Township Ordinance on tap-fees. We still do not have a schedule of the cleanup for the sewer system. Because of the legal opinion and the memo from the Health Department Mr. Forrest will not have to hook into the sewer system at this time.

Because of the action taken at Annual meeting, the part-time officers will be sent a letter terminating their employment and thanking them.

A model ordinance on outdoor gatherings was given to the attorney for review. He will

report on this at our next meeting.

Approved signing a contract for three applications of chloride this year. Approved signing the 1973 fire contract with the City of DeWitt. Voted to send a billing to Milton King for the fire run made on May 1st because of the violation of the Fire Ordinance. Voted to have the fire duty crew stay at the fire barn during the hours of the Rock Concert.

The Police Department will make a study on how to prevent vandalism in the park.

Voted to have the Supervisor approach Kyes Engineering as to the cost of their reviewing the plans for the expansion of the treatment plant.

Approved all vouchers.

Not Brag, Just Facts?

Texas currently leads the nation in annual production of rice, onion, cotton, grain sorghum, sheep, goats, beef cattle, and wool. It also harvests substantial amounts of peanuts, vegetables, citrus fruits, honey, cereal grains, soybeans, turkeys, and dairy products.

Voted to send Rev Bretz a letter regarding his retirement. There will be a meeting on May 24th regarding adult foster care. The recall election will be held on August 6.

Adjournment at 11:55 pm. Respectfully submitted, Donna B. Syverson, Clerk Approved by Dale S. Emerson, Supervisor

VFW Auxiliary holds state confab

GRAND RAPIDS -- The annual State convention of the Michigan Ladies Auxiliary to the Veterans of Foreign Wars will be held in Grand Rapids, June 27 - 30, with headquarters at the Panlind Hotel. Members of the Ladies

Auxiliary to Bannister Post VFW Post 6403 of Bannister who will attend the state convention are president Pat Devereaux, Gladys Herron, Vickey Heppner, Lois Johnson and Candace Heppner.

State President, Mrs Carl (Edith) Pickard of Muskegon will preside at what is expected to be the largest convention in the state organization's history. Approximately 1,000 officers and delegates are expected to attend.

National Chief of Staff Mrs James (Bessye) Evergates, Clinton, Massachusetts will be the national organization's representative.

Nationwide the auxiliary has a half-million members in more

than 6,750 local units. Membership is open to qualifying women who are close relatives of men and women who serve overseas in wartime.

Included in the convention program will be presentation of awards to auxiliaries and chairmen for outstanding promotion of the auxiliary programs. During the past year members have devoted many volunteer hours at the state's five VA and four state hospitals. Bringing cheer and comfort to hospitalized veterans is an important auxiliary program.

Other convention activities will include a downtown parade, banquet, Pageant of Drums, memorial services and the election of officers for 1974-1975.

LIVING AMONG THE NAVAJOS

A perfect May day, an early brunch with approximately 90 women making new friends and renewing old acquaintances, and a very interesting program was shared during a special meeting in Fellowship Hall of the Elsie United Methodist Church, Wednesday morning. Guests present from the following area Methodist Churches of St. Johns, Ovid, Shepardsville, Bannister, Ashley, Duplain, Greenbush and Chapin were seated at attractive tables decorated with green and yellow streamers, spring flowers and miniature Maypoles as centerpieces. The flowers were all furnished by Mrs. Rose Slovak of Bannister and the Blakely family of Elsie.

Mrs. Duane Green, president of the Elsie United Methodist Women welcomed the guests; "Happy Birthday" was sung to Mrs. Mary Waitte; all joined in singing "Good Morning, Friends"; and Mrs. Ethel Wells of St. Johns received the door prize.

Table grace was given by Mrs. Ethel Stull and brunch was prepared and served by the local church activities committee with a hostess at each table. Announcements and roll call by churches were followed with devotions by Mrs. David Litchfield.

As program chairman, Mrs. Margaret Grubaugh introduced the Rev. and Mrs. Harold Homer of Portland, who presented their own story of "Working Among the Navajos" with colored slides to elaborate their remarks.

The Rev. Homer and his wife, former St. Johns residents, took a sabbatical leave for the Conference year 1972-73 and traveled and worked in 5 mission areas of the United Methodist Church.

They were in Anchorage, Alaska and worked for the Alaska Children's Services and also experienced a month at the Florida United Methodist Children's Home. They spent 2 weeks at the Red Bird Mission in the Appalachian region of southeastern Kentucky and later on John's Island just off the coast of Charleston, South Carolina, where they worked with the Rural Mission Inc. with the depressed black people.

They chose the new Navajos Methodist Mission School in Farmington, New Mexico for their talk and prefaced it with colored slides of favorite scenes depicting the 104th Psalm with Mrs. Homer as the reader.

They both greeted the audience with "Ya ta hey" the Navajos' "Hello". Rev. Homer related some of the history of the Navajos who were a roving and predatory people settling in the Southwest during the 16th and 17th centuries. They became agricultural people raising herds of sheep, goats and cattle for sustenance and also adopting Pueblo arts such as weaving rugs and blankets, pottery, basketry and silver and turquoise jewelry.

They live in windowless hogans (cornical houses of logs covered with earth and often came with only a stone wall or brush shelter to protect them from the wind.)

Rev. Homer stated that the Navajos have 16 million acres surrounding the Hopi lands with 133,500 people in their tribes. The federal government instituted a rehabilitation program but there is still much to be done for the people in addition to the mission work of the churches.

The Indian Mission Schools at Farmington accommodate 200 students from the 6th through the 12th grades. The children are allowed to visit their parents occasionally and during the 2 month summer vacation. Some are taken by bus, but there are no good roads in most of the area.

The Homers had many colored slides to illustrate much of the history. Among other points of interest they showed were: Aztec ruins, built between 800 and 900 years ago; Ship Rock, former headquarters for the Navajos Indian Agency until their consolidation at Window Rock, Arizona; cliff dwellings with temples and farms at the top lands; the awesome Grand Canyon of the Colorado River; the school buildings at Farmington, N.M.; the Ryder Memorial Chapel on the campus where students are required to attend and also the Sunday services; and churches in the desolate and barren parts of the reservation that serve their cultural and religious needs but also serve as distribution centers to help the needy.

There are educational facilities for only a small fraction of the young people, but they take home from these schools some of the customs of the new life but retain many of their own culture and beliefs.

Through the efforts of the children who may attend school, they have improved their sanitary problems and water supplies, Rev. Homer concluded.

At the close of the program, large bowls on each table were filled with donations for the Navajos. The choral benediction was "God Be With You Till We Meet Again" with Mrs. Grace Fizzell at the piano.

The Homers had previously arranged a table with displays of handmade articles by the Indians, many booklets concerning the Navajos, the year book of the Mission School, scrapbooks and pictures of the school grounds.

While at the brunch tables, each guest received complimentary gifts, courtesy of Dick Halstead Ford, C&D Chevrolet, Carter-Melvin Insurance, and Osgood Funeral Home, Ovid.

The guests were registered by Mrs. Richard E. Bates; greeters were Mrs. Charles Holcomb and Mrs. Gordon Jones; nursery, Jan McCullough; and table decorations, Mrs. Harold Hehrer.

LAY WITNESS MISSION

What is a Lay Witness Mission? Many members and friends of the Elsie United Methodist Church are at work in the planning of one at the local church Friday through Sunday, May 17, 18 and 19 and interest is mounting at each committee meeting.

A Lay Witness Mission is more than a program. It is a weekend experience in which a team of lay persons from various places in Michigan come to a local church to share their faith in Christ with witnessing, fellowship and prayer.

They are ordinary people who share with others through personal experience of trying to live the Christian life, listening to others and taking time to search for new ways to live in this complex society.

The leader or coordinator of this Mission is William Frost of Wayland and Mr. and Mrs. Pete Montague of Hastings, in charge of the youth week, while working closely with the Rev. David Litchfield and the chairman of evangelism, Lyle Dunham and his wife, of the local church and several committees within the church.

This series of meetings will open Friday evening with a congregational supper. There will be witnessing by team members and sharing in small groups such questions as: "What person has influenced your life now?" and "What is one specific need in your life about which you feel free to invite your Christian friends to pray for you?"

Brief reports from the small groups will be presented at the general session at the close of the evening.

The guests from away will be housed in homes of church friends who will also host them for breakfast. There will be coffee hours and luncheon Saturday focusing on "How Christ is improving my

relationship with my family, my neighbors and my fellow workers".

In the afternoon, there will be visitations to shut-ins and others and a tour of the village community.

Witnessing by team members again in the evening after congregational supper will focus on "How Christ is leading you into ministries of loving service with persons around you; problems you face as you seek to live a truly committed life on a daily basis."

Dividing into small groups again Saturday evening, they will consider such questions as: "What needs in your community are you concerned about?", "What ministry carried on by your congregation would you like to see strengthened?", and "How can your Christian friends best support you in your new commitment?"

Sunday morning, the team members will share the pastor and local leaders in church school classes and the morning worship.

Sharing and evaluation by the congregation will close the weekend mission focusing on "Our next step for ministry - Personally and Corporately".

The committee chairpersons for the Mission are: housing, Mr. and Mrs. Philip West; visitation, Mr. and Mrs. Manley Engbreton and Mr. and Mrs. Milford Clark; coffee hosts, Mr. and Mrs. Merle Baese; food, Mrs. Mildred Whitaker; attendance, Mr. and Mrs. Harold Hehrer; welcome and transportation, Mrs. Bea Kelley; prayer, Mrs. Ethel Stull; publicity, Mrs. Sidney Keys and Mrs. Emerson Dunham; literature, Mrs. Everett Rule and Mrs. Howard Peltier; correspondence, Mr. and Mrs. Robert Hardaker; nursery, Mrs. Diane Bates; children, Miss Janice Kelley; and youth, Mr. and Mrs. Jim Carroll.

The public is invited to attend any or all of the dinners and meals.

With the late June or early July deadline fast approaching, the Legislature has been "making tracks" coming down the home stretch in recent weeks.

With most of the behind-the-scenes committee work done except on major appropriations bills, floor action has been completed, or nearly completed, on several important bills, some of which need only the Governor's signature to become law.

Meantime, however, several other major measures are experiencing difficulties of one kind or another as the Legislature nears the finish line.

One bill sent to the Governor for signature after several years of hard work by its backers is known as the "green belt" bill. It is designed to save much valuable farm land in Michigan from being sacrificed to unduly high taxes based on its potential, rather than actual, use.

The measure would grant special tax credits to farmers contracting with the state to keep their land in agricultural production for at least 10 years. The credit on a farmer's state income tax would equal the amount by which his property taxes exceed 7 percent of his household income.

The bill is intended to encourage farmers to stay on their land rather than sell to commercial interests such as shopping malls, parking lots and apartment complexes.

Penalties are provided for farmers wishing to cancel their contracts with the state before their 10-year contract ends.

Another major piece of legislation sent to the Governor would revise the state's unemployment compensation law to increase jobless pay benefits by 15.2 percent to help meet the increasing cost of living.

The bill also would allow the Governor to extend the maximum benefit period from 26 to 39 weeks by executive order and to extend unemployment compensation benefits to employees of school districts.

Another provision would bar unemployed workers from collecting benefits from a second employer unless he worked for him at least two weeks in a row and his wages were at least equal to his potential benefits.

The Governor's proposed tax reform package received a shot in the arm when House Democrats abandoned their own proposal and joined with many Republicans to send it to the Senate, which passed it quickly.

The bill should provide \$5 million in tax relief for big industry, small business, and poor and low income individuals. It does not provide relief, however, to families with incomes of \$15,000 or more.

The income tax credits for individuals are intended to be rebates for state sales taxes paid on food. The rebates would amount to about \$10 per person in families of less than \$5,000 income and scaled down to \$6 per person in the \$11,000 to \$15,000 income bracket.

Industry would be given tax relief by a reduction in the corporate franchise tax from 5 to 4.75 mills and credits against

business liability under the local property tax inventories. Work on appropriations bills is so complex that some believe they may not be voted on before the Legislature returns after the November general elections. In the meantime, it is expected that a bill will be introduced which automatically continues the present appropriations, which would normally end June 30, until separate bills can be handled in the fall.

Meanwhile, some major proposals appear to be facing a muddy track and their fate is not considered very favorable at present. One is the "super agency" bill to combine the Departments of Social Services, Public Health, and Mental Health into one gigantic "human resources" department of 26,000 employees and a budget of almost \$2 billion.

Another is a campaign reform bill which Democrats have temporarily stymied in the State House of Representatives with amendments that would make any new law less effective than the heavily-criticized statute we have at present. Two other prominent measures that may—or may not—have a change of passing would extend the emergency energy powers of the Governor's office and the public service commission and would establish regulations for auto mechanics and garages.

Garden safety--a must

By WILLIAM LASHER
Extension Agriculture Agent

An untimely accident can take all the joy out of gardening. The four biggest hazards are carelessness, hurrying, overwork, and ignorance. A good way to eliminate hazards is to pick up after yourself. Rather than leaving garden tools laying on the ground, store them in a wheelbarrow, cart or shed. In addition to preventing falls, time will not be wasted in looking for mislaid tools.

If you are making lines for a planting row with string and stakes, stretch the line, mark the row in the earth, and remove the string immediately. If you decide to leave the string up, tie strips of cloth at regular intervals to increase the visibility.

Carrying bulky loads can prevent the gardener from

seeing and can cause falls. Carry all bulky loads to one side so you can see where you are going.

Be on the lookout for holes in the ground, even shallow ones. Don't forget to look when you are stepping backward -- there may be a hole behind you.

A two-wheeled cart that tilts down to let you judge your load into it is better than a wheelbarrow. If you do use a wheelbarrow, be sure to put the bulk of the load directly over the wheel.

Even the least dangerous pesticide can irritate the skin and sinuses. Skin-pesticide contact is dangerous and should be washed immediately with a gentle stream of water for several minutes.

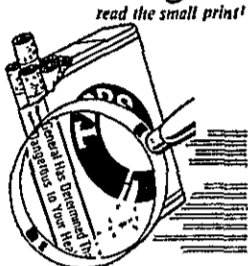

Always keep pesticides in their original containers and out of children's reach. Before using a pesticide, read the label thoroughly -- it will carry some warnings as to use.

Keep a set of measuring spoons just for measuring pesticides. When spraying or dusting, wear long sleeves and gloves and possibly even goggles. After spraying, wash face and hands well with soap and water and wash clothing in hot soapy water.

If you cultivate good safety practices this year, gardening will prove pleasurable.

Linda Bapert entered her afghan in the Rotary Talent Show and won a Savings Bond for being the best exhibit in her age group. The certificate and pins were passed out.

Something to moo about

ST. JOHNS - A cow owned by a St. Johns dairyman has qualified for listing among the Michigan Dairy Herd Improvement Association's exclusive "Top Twenty" high producers for the month of April.

Dennis Thelen's 50 month old Holstein cow, with the barn number 287, has completed her 305 M.E. lactation record with 24,910 pounds of milk, 742

pounds of butterfat and a 3 test. This is compared to the statewide Holstein Breed average of 13,629 pounds of milk and 493 pounds of butterfat.

Thelen has his herd enrolled in the DHIA testing program and is supervised by Ray Koenigsnecht of Fowler. They work in cooperation with James Pelham, Clinton County extension agent, and Michigan DHIA, Inc.

Michigan forage production and harvesting field day

Jim Pelham
Clinton County Extension Director

Michigan dairy and beef farmers will have the opportunity to see the latest in alfalfa varieties and related harvesting machinery May 29 and 30.

At the Michigan Forage Production and Harvesting Field Day at the Michigan State University Kellogg Farm in northeastern Kalamazoo County.

Between 3,000 and 5,000 farmers are expected to attend the two-day event.

To be seen will be more than 50 pieces of forage harvesting equipment highlighted by the new big balers and long hay stackers plus the results of 21 alfalfa varieties.

Stuart C. Hildebrand, MSU extension specialist and associate professor in crop and soil science, said the tour will be comprised of seven stops.

"We will be showing the results of varieties seeded last year compared to established plots. One of these, a four-year old plot, will demonstrate the effects of wilt on the stand compared to those which are wilt-resistant," Hildebrand related.

Weed control methods to be seen and discussed include application of simazine, Princep or pre- and post-emergence, 2,4-DB for no-till and paraquat for all vegetation control.

"All of these test plots will be within walking distance of the parking area - we call this a walking tour," Hildebrand said. Several MSU personnel will be speaking at each of the tour areas.

The first stop will feature Dr. Milo B. Tesar, professor, crops and soils, speaking on the four-year varieties of wilt and wilt-resistant alfalfa.

The second will have Dr. Clinton Meadows, dairy genetics and breeding, talking about the economics and feeding of forage in dairy.

At the third stop, Conrad W. Search, Tel-Farm agent and Sherill B. Nott, assistant professor agricultural economics, will discuss forage economics.

Hildebrand will discuss no-till seeding and the variety of available vegetation control chemicals at the fourth site.

Speaking at the fifth stop about fertilizer and lime application on alfalfa planted last year will be Dr. Lynn Robertson, professor, crop and soil sciences.

The sixth stop will feature the 21 varieties of alfalfa in drill-width plots. The speaker will be Dr. Milton Erdmann, professor, crop and soil sciences. He will talk about the results of the varieties sown and the availability of seed.

About noon during each of the two days, there will be an aerial demonstration on the control of insects and weeds. Hildebrand said that the demonstration will depend upon favorable weather conditions.

"There will be no chemical used during the demonstration, only water and dye to show the effects of aerial application. I think this should be quite interesting. Robert F. Ruppel, professor of entomology will talk briefly about insect control while this is going on," Hildebrand said.

The seventh stop will include the machinery demonstrations. "I think this is going to be one of the things the farmers are really going to be interested in. The new equipment we will have will be a good drawing card," said Robert White of MSU's Department of Agricultural Engineering.

The line-up of equipment is as follows: Mower-conditioners; side delivery and wheel mounted rakes; forage harvesters (pulled and self-propelled); forage wagons; blowers; conventional and new

hay handling systems. "A new item in the rakes will be one which is front-mounted on the tractor. This concept will windrow the hay directly into the chopper pulled by the tractor, which is a step-saver in the field," Mr White related.

He said that the long hay stackers to be demonstrated will be in the one and one-half, three and six ton sizes.

The big balers, which roll the hay into rolls, will be seen in the 900 and 1,200 pound classes.

Asked what he thought would be the probable utilization of such equipment by Michigan farmers, Mr White believes the one and one-half ton long hay stackers and 900 pound big balers would probably be used in the near future.

Due to the capacity of the balers and stackers along with the available acreage at the Kellogg Farm, only two demonstrations of this equipment will be held.

Mr White said the first would be the twilight demonstration May 29 at 6:30 pm and on May 30 at 1:30 pm.

He added that farmers will have an opportunity to inspect all of the equipment on the grounds during the two-day session.

The schedule of events during the field day are as follows:

Wednesday (May 29), tours to demonstration plots, 10:30 am; irrigation demonstrations, 1:30 pm; harvesting demonstration (standard equipment) 2 pm; twilight tours, 7:30 pm.

Thursday (May 30), tours to demonstrate plots, 10 am; irrigation demonstrations, 1 pm; harvesting demonstrations, 1:30 pm.

Probably your county agents will be attending one of the two-day sessions. Additional riders are welcome until the car is filled. If you would like to go, give us a call at the Extension Office.

College Week for women

Chloe Padditt
Clinton County Home Economist

Where can you have an enriching educational experience, get a sample of dormitory life and have a chance to explore some of your interests or develop new ones? This and much more await you at College Week for Women.

It's a major event of the Family Living program of Michigan State University Cooperative Extension Service. Many different women's organizations are involved in it. Classes are taught by authorities from both on and off the MSU campus.

Who can attend? All women regardless of educational background are welcome to come. It's for the woman who is not content to sit and let the rest of the world go by; the woman who likes to meet others and find out what others are thinking and talking about today; the woman interested in life-long education and

realizing her full potential. It's fun, challenging--and for you! The theme of this year's program will be "This Is Your World: Chance or Choice." College Week will be held June 25-28 at Hubbard Hall at MSU. Pre-registration is not necessary to attend. You may attend the whole week or just one day. Several people from Clinton County will be commuting daily to the sessions, rather than staying overnight.

There are classes for all ages and interests. A young mother might select a course in "Interaction Between Parent and Child," "39 and Holding" or "Estate Planning" may interest a more experienced woman. "Metric System," "Self Help Approach to Weight Control" and "Dollars and Decisions in the Supermarket" are just a few of the 27 offerings. Each participant may elect to attend three classes.

General assemblies will be held each afternoon. A variety of special evening programs will also highlight the week. For a complete program and a list of cost, just contact the Extension Office. We will be glad to send this information to you.

I hope you'll be able to go to College Week - even for just one day.

Fowler's Spicer on Ferris board

BIG RAPIDS -- John Spicer of Fowler has been chosen, along with 5 other Michigan residents, to serve 3-year terms on the 20-member board of directors of the Ferris State College Athletic Associates.

The announcement was made at the sports boosters' group annual meeting at Ferris last Saturday.

The Athletic Associates contribute to the support of all athletic programs at Ferris, chiefly by means of a book program. They also sponsor a number of special activities throughout the year.

FOR BETTER WEED CONTROL ON VARIABLE SOILS

USE **LOROX + Lasso**

Time was when soils varied so did your weed control. But no more. Now you can mix LOROX linuron weed killer and LASSO* together and get consistent, uniform weed control, even if soils vary 1% to 2% in organic matter.

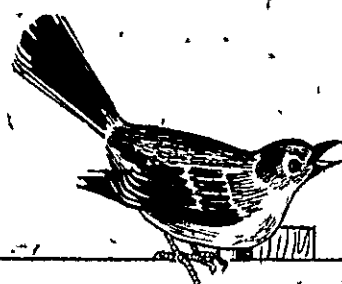

You'll get better control of • barnyard-grass • crabgrass • foxtails • lambsquarters • pigweed • ragweed • smartweed and • fall panicum. And the cost is low too.

For the best weed control at least cost in uniform fields of light-to-medium soil use LOROX by itself.

With any chemical, follow labeling instructions and warnings carefully.
*Registered trademark of Monsanto Company.

88th District Report by Stanley Powell State Representative

The last couple of weeks have been quite profitable legislatively. Most of the committee work has been completed on the major bills sprang for consideration this spring and I understand that at long last the budget bills are about ready to be submitted to the House floor. A number of important bills were approved by the House last week and sent to the Senate.

One of Spring's priority bills, campaign reform, as I write this still appears to be stymied. A number of us joined Governor Milliken last week in calling for action on this bill in time for the November elections. Less than four weeks remain before candidates must file for office and unless action is taken within the next several days, you can pretty well bet that we will go into the 1974 elections without meaningful campaign reform. Republicans still intend to hold firm on their insistence that the loopholes must be removed from the present version of the bills before they will vote yes. In its present form the bill would actually weaken campaign law rather than strengthen it.

Meanwhile, Governor last week signed into law a bill improving unemployment benefits; the House on a nearly unanimous vote approved the "open meeting" bill; and colleagues of mine introduced a bill that would extend the present "Code of Ethics" to the legislative branch, including legislators. A number of other significant bills received action in the House, (19 bills were actually passed in one day last week). A summary of the week's major action follows:

EMPLOYMENT SECURITY ACT REVISION SIGNED INTO LAW
Governor Milliken, last week, signed into law a bill which provided for several amendments and additions to the Michigan Employment Security Act. This bill (SB 741), introduced by the Republican Senator from Muskegon, Oscar E. Bouwma, does "several things" its supporters say will bring it into line with current economic conditions and "extends" coverage of benefits to employees who were not previously eligible for unemployment compensation.

This bill, according to an analysis provided by the Michigan Department of Labor, makes 13 major changes, plus other amendments which fall into the category of clarifying language and updating.

One of the most significant changes is the increase in benefits to unemployed workers which represents the inflationary trend that has affected all of us. The bill increases the maximum weekly rates from \$67 for a person with no dependents to \$106 for a person with four or more dependents.

THE BILL EXTENDS unemployment benefits to include employees of school districts, community colleges and state-owned educational facilities and units of local government unless the local governmental unit has an employment compensation system of its own. Employees of colleges and universities are not covered under this bill.

Local school districts, community college districts and local governmental units may elect to become either contributing employers or reimbursing employers. This means the local could contribute to the unemployment compensation fund on a regular basis or reimburse the fund for monies paid out to its employees.

Under the section covering school employees, community college employees and workers in state-owned educational facilities, vacations, recesses, term breaks and sabbatical leaves do not constitute unemployment and employees are not eligible for benefits during such periods.

However, if an employee of one of these institutions is severed from employment more than seven days prior to a vacation period, term break or summer recess, he is eligible to receive benefits.

THE BILL ALSO allows pregnant women to receive benefits; whereas under the former act they were not eligible for unemployment compensation.

While the bill extends coverage to employees that were not covered before it also exempts certain employees from eligibility.

For example, if a family has a business, members of the faculty who work in the business are not eligible to receive benefits.

Elected and appointed officials of the state or local governmental units, school districts and community colleges are not eligible to receive benefits.

ANYONE WORKING for a school district, community college district or local governmental unit whose salary is made up of 50 percent or more from federal funds is not eligible for benefits until December 31, 1976, after which he would be eligible.

Seasonal employees who work 16 weeks or less in a local governmental unit are not eligible unless the employee works longer than 16 weeks, or returns to the job within a 30-week period following the end of the 16-week period.

It also requires that an employee work 12 hours a week in the same school district or community college district in order to qualify for benefits and it provides for a cutoff of the extended benefit period when the Federal share of the unemployment compensation funds are stopped.

Another major change permits the Governor to extend the benefit period by executive order to assure additional payments to the unemployed in the state during a period of high unemployment.

OPEN MEETING BILL ADOPTED
The House may be skirting the campaign reform issue, but it is addressing the public's demand for better accountability through other measures. One of the more notable bills of this session will undoubtedly be the "open meeting" bill passed by the House last week. The measure was endorsed by the Governor and received unanimous Republican support. It now goes to the Senate for consideration.

The object of the bill is to put teeth into the concept that it is essential to a democratic society that public business be conducted in an open and public manner and that the citizens be provided with notice of the time, place and subject matter of meetings of governing bodies so that they might attend and be advised of the performance of public officials.

The law is applicable to all governing bodies in the state, including boards of education of both local and intermediate school districts; and governing bodies of institutions of higher education and any other bodies performing an essential governmental function.

The bill does provide for a limited number of instances in which a governing body may conduct deliberations in executive session. However, at no time can final action or votes take place in executive session. These exceptions grow out of a practical recognition of a need to allow a forum in which delicate matters concerning individual rights of privacy, or community economic interests can be discussed candidly, without compromising the action of the body, or of the individual concerned in the matter. However, the requirements for meeting in executive session are sufficiently stringent that they cannot be called easily and the vote calling for one must be taken in public.

The bill also establishes procedures for giving notice of meetings; providing minutes of what occurred at meetings; and invalidating decisions made in violation of the act.

The penalty for an intentional violation of the act is a misdemeanor for which a fine of up to \$1,000 may be imposed. The bill has an effective date of January 1, 1975.

Seasonal employees who work 16 weeks or less in a local governmental unit are not eligible unless the employee works longer than 16 weeks, or returns to the job within a 30-week period following the end of the 16-week period.

It also requires that an employee work 12 hours a week in the same school district or community college district in order to qualify for benefits and it provides for a cutoff of the extended benefit period when the Federal share of the unemployment compensation funds are stopped.

Sex life of the Polish Frog

Is it worth \$6000 to you to know about the bi-sexual behavior of Polish frogs?

If not, how about \$20,000 to get more information on the blood groups of Polish pigs . . . or \$20,424 to have some college professor study the mating calls of Central American toads.

Try a few more and maybe you'll find something that you'd be willing to spend money to know.

Like \$121,000 to find out why so many people say "ain't" . . . \$19,000 to find out why kids fall off of tricycles . . . \$70,000 to classify and determine the population biology of Indo-Australian ants.

BELIEVE IT or not, this United States government of yours has appropriated funds for the above studies. This isn't an Art Buchwald column. It is a list of appropriations approved by Congress for various bureaus and agencies.

There's one tucked away you might approve . . . if you're going to live with the Australian aborigines. The government spent \$70,000 to conduct research on the smell of aborigines. We'd guess the conclusion for all this money was that . . . like all other perspiration . . . it stinks. We figured all that out for nothing.

OUT IN Los Angeles, the government is spending \$203,979 to extend travelers aid to migrants who get lost on freeways. If you're not a migrant, it appears, you'll just have to take up residence if you can't find your way off.

An Arizona congressman sent this list of actual government expenditures to his constituents asking for help in getting things like this under control.

One congressman, we'll grant, can't do much. But there are 435 congressmen and 100 senators down there who should be able to do something.

YOU HAVE to wonder if Congress really has any control left over this gigantic government of ours.

Worse than that, you wonder if Congress really even cares. If it did, something would happen. At election time they make great speeches but apparently do nothing about it when they get back to the big city.

Men getting \$100,000 worth of salary and benefits apparently spend more time, using these benefits and seeing that no boats are rocked than getting down to the business of cutting this sort of nonsense out of government.

Of course this is peanuts. But a pile of peanuts make a bag and a pile of bags make a truckload.

SHOULD ANY congressional committee really want to make progress, it could pick one department, scrutinize its budget, slash it to the bone and say to the rest of government . . . Watch Out! You may be next.

Might ask Congressman Al Cederberg about this next time he's around. Then ask him what he's really done about curing any of this terrible waste.

Amway president addresses P-W grads

Richard M. DeVos, President of Amway Corporation, is scheduled to be the speaker for the 1974 graduation exercises to

be held May 29 in the Pawam-Westphalia High School gymnasium at 8 p.m.

DeVos formed the Amway Corporation with his partner Jay VanAndel in 1959, and the company has grown to the point where it has sales of \$210 million in 1973. Amway operates in the United States, Canada, Australia and England.

DeVos is a well known speaker, having appeared before thousands of groups from coast to coast. His talk, "Selling America", a free enterprise address, has received many awards, including the Alexander Hamilton Award for economic education from the Freedoms Foundation.

Central Michigan University researcher George Blackburn is looking for clues to help him trace the life of Allen Maxson, a Michigan Civil War soldier who escaped from imprisonment the day before President Abraham Lincoln suspended his execution.

Back Through the Years

From the Clinton County News files of 1973, 1964, 1949

ONE YEAR AGO

May 23, 1973
In the first Clinton County Soapbox Derby run without the sponsoring help of Chevrolet Division of General Motors, the St. Johns Jaycees carried on in the tradition of the local derby without a hitch.

DeWitt City Police arrested 2 men May 16 on charges of selling phenylcyclidine (PCP), a horse tranquilizer, following an investigation by the city police and Tri-County Metro Narcotics Unit.

Earl Lancaster was named new president of the Clinton Memorial Hospital Board of Trustees at the annual meeting of the Board recently. Lancaster, superintendent of the St. Johns Public School system, succeeds Lorenz Tiedt who was named vice president.

Jim W. Koenigsnecht, president of the Fowler Jaycees was named as one of the Five Outstanding Local Presidents in Michigan at the Michigan Jaycee Annual Convention.

TEN YEARS AGO

May 21, 1964
The fate of the proposed consolidation of the Ovid and Elsie School districts will be decided Monday when registered voters in the two districts go to the polls for a special school election.

Three St. Johns boys, two aged 11 and one aged 7, found an old flashlight containing \$350 at the base of a tree south of the Hoag Funeral Home last Thursday.

Local police believe the money may be part of the \$400 that was taken from the home of Marie Metrasat 908 Hampshire Drive April 30.

Clinton county records its fourth traffic fatality of 1964 last Sunday morning when Mrs. Louise Tompkins, 77, of 1030 Cleveland street, Lansing, was killed in a head-on collision on U.S. 27 near Coleman Road at the outskirts of Lansing.

25 YEARS AGO

May 19, 1949
George G. Hunter, St. Johns attorney, was chosen as president of the Clinton Memorial Hospital Association for the coming year at the annual meeting of the association's board of trustees at the hospital nurses' home last Thursday evening. Hunter succeeds J.G. Matthews who was not a candidate for reelection.

Representatives of the two warring factions in the Essex township school district dispute went into conference with their attorneys, the school district board, and Judge Maurice K. Davis at the conclusion of a three-day hearing Wednesday on an action to detach property owned by 91 rural landowners from Essex district.

John G. Zabelka, 47, highly-regarded editor of the Sault Ste. Marie Evening News and a former St. Johns resident died at his home at the Soo early Wednesday from a sudden heart attack.

Highland Festival this week at Alma

ALMA -- This wee bit of Scotland, nestled in the quiet farmlands of mid-Michigan, will again blossom into one of the top 10 festival attractions in the United States Saturday and Sunday, May 25-26, with the opening of the Highland Festival and Games.

The 7th annual celebration and tribute to Scotland and Alma -- known as Scotland, USA -- is expected to bring thousands of visitors from throughout the country and Canada to witness and participate in the pageantry of brilliant colors, stirring music, and the various athletic contests.

Bagpipe and drum will sound the call to killed lassies and laddies for the Festival, said to be one of the second largest events of its kind outside Scotland. Officials here report that 40 pipe bands, 126 pipers, 60 drummers and over 300 dancers from all over the US and Canada will vie for prizes.

The competition begins at 9 am Saturday at Alma College's Bahkle Field and continues again on Sunday.

Highlighting this competition will be the US Open Pipe Band Championship on Saturday, beginning at 2 pm at Bahkle Field.

Cederberg liaison to visit

Congressman Elford A. Cederberg's liaison man, Ronald W. Stolz, will be visiting the Clinton County Courthouse in St. Johns Tuesday, May 28 from 3 pm to 4 pm.

Cederberg reminds those who might have a problem with a Federal agency to take any documents that help to identify his case to Stolz.

The Highland Festival Parade through downtown Alma to the college is scheduled to begin at 11 am Saturday. The parade of some 115 units includes pipers and drummers, high school and junior high school bands, floats, marching units, and equestrians.

Opening ceremonies Saturday for the Festival will follow a massed bands performance beginning at 1:30 pm at the college stadium. Governor William G. Milliken is expected to participate with local dignitaries in the ceremonies which have become so much a part of the annual Michigan Week calendar.

With the sounds of music at the Festival will be the tarted athletes on the field, pitting their brawn in such centuries

old games as tossing the cabre and sheath, putting the stone and other field events.

To add to the enjoyment of visitors, officials also have prepared a Highland Festival Art Show at Alma College, an international soccer match between the Alma Soccer Club and the Ingersoll (Ontario, Canada) Flyers, and a special entertainment program at 8 pm Saturday featuring Hank Williams Jr and Tommy Cash.

Traditional Scottish ceilidh-pub and dance have been scheduled for both youngsters and adults. The Festival offers visitors the opportunity to move freely about the stadium for close-up views of dancers, handmen, and athletes for purposes of photography or sound recording.
