St. Johns \$156,000 short of efficiency, committee claims

St. Johns is short \$156,000 in revenue of being run efficiently. That's the opinion of the Mayor's Finance Committee which this week made its final report to Mayor Charles Coletta.

Ross Downing, chairman of the committee that has been working five months, noted that St. Johns as a governmental unit "currently needs an additional \$156,000 in total annual revenue if it is to operate its several departments efficiently and provide the type of service which a progressive city should offer to its residents . . .

"It is not within the scope of our assignment to recommend the source or sources from which this additional revenue should be derived," he said. "It is of interest to note, however, that an increase of more than 7.5 mills in the city's current levy on real and personal property would be required to meet this financial need."

THE COMMITTEE RECOMMENDED that the additional revenue should be spread among the several city departments in the following manner:

Mobile equipment \$50,000; police department \$22,000; parks and recreation \$24,000; department of public works \$50,000; and administration \$10,000.

Here are the recommendations of the committee concerning the various departments:

WATER DEPARTMENT—Our committee has already submitted to you an interim report covering this department and we note that our recommendations for a new rate structure to provide additional needed annual revenue are being implemented by a city ordinance now in process of adoption.

FIRE DEPARTMENT—Our study of this department convinces us that cost of its operation and new equipment should be shared with the rural areas served on a basis of 60 per cent for the city and 40 per cent for adjacent townships.

The 1968-69 proposed operational budget figure of \$34,000 appears to be adequate, but it does not take into consideration the purchase of a much-needed new pumper unit to replace the 1947 model now in use. Cost of a replacement unit is estimated at \$25,000 to \$30,000.

We are informed that a period of 12 months will be required for delivery of the new unit. It is our recommendation that the new unit be ordered as soon as possible and that its cost be absorbed over a two-year budgetary period.

POLICE DEPARTMENT—Although we realize that the current (Story continued on Page 3-A)

Water treatment may be resumed under new rates

Resumption of water treatment for St. Johns is being tentatively planned by the city commission now that new water rates are going into effect July 1.

The new water rate ordinance, passed by the commission last Tuesday night and reaffirmed at a special meeting Monday night, will provide an additional \$69,100 in new revenue.

City Manager Ken Greer told the commission last week that "with passage of this ordinance there is no reason total treatment, including softening, shouldn't begin at the water plant."

Softening has been curtailed since the February defeat of the city income tax and a millage limitation increase election. Water has been merely filtered and chlorinated since.

MAYOR CHARLES Coletta said the complete treatment of water will be possible with the new rates. To operate the water plant will be only a filtering operation, as is now being done, eliminates most chemicals but still requires at least four men and part-time help from other departments. The savings by not treating is only about \$16,000, he said.

THE NEW RATES WILL ALSO PROVIDE for repayment of part of the money (about \$125,000 accumulated) owed to the general fund by the water fund.

The water fund budget of \$286,100 for 1968-69 is based on the new water rates. Water charge (including sewer charges) revenue for next year is figured at \$268,600, with the other \$17,500 being "miscellaneous income," including assessments.

Expenditures included \$228,100 for operations and \$58,000 for capital improvements and loan repayment. Broken down, the expenses are:

Revenue bonds \$53,000; sewage plant \$30,100; water plant \$76,500; sewer main repairs, \$8,000; water main repairs and distribution, \$22,500; administrative expenses \$38,000; and capital improvement and/or loan repayment, \$58,000.

Water plant operation for 1968-69 is anticipated to cost about \$76,500, compared to \$73,000 budgeted for 1967-68. Water distribution costs are expected to be down about \$8,000 to \$22,500; sewer repairs should be off \$2,000 to only about \$8,000; and sewer plant operation is expected to go up from \$27,000 budgeted last year to \$30,100 budgeted for 1968-69. Only \$6,000 in capital improvements is budgeted for '68-69, compared to \$28,000 planned last year and \$32,265 actually spent through 1967.

Here's a summary of new water rates

Here's a summary of what the new water rates will mean to St. Johns residents:

If you use only up to 10,000 gallons of water per quarter, your new rate will be \$16 for sewer and water, compared to \$9 previously.

If you use between 10,000 and 30,000 gallons the rate will be \$16 plus 85 cents per 1,000 gallons or part thereof over 10,000 gallons.

If you use 30-50,000 gallons, your rate will be \$33 plus 75 cents per 1,000 gallons or part thereof over 30,000 gallons.

If you use 50-300,000 gallons, your rate will be \$48 plus 65 cents per 1,000 gallons or part thereof over 50,000 gallons.

If you use between 300,000 and 500,000 gallons, your rate will be \$210 plus 55 cents per 1,000 gallons or part thereof over 500,000 gallons.

If you use between 500,000 and a million gallons, your rate will be \$320.50 plus 40 cents per 1,000 gallons or part thereof over 500,000 gallons.

If you use a million gallons or more, your rate will be \$520 plus 30 cents per 1,000 gallons or part thereof over a million.

If you do not use city water but are hooked to city sanitary sewers your rate will be one-half that of whichever consumption category above into which you would fall.

Mrs Shipley heads Blue Star Moms

Mrs. W. H. (Grace) Shipley of St. Johns has been elected president of the Department of Michigan, Blue Star Mothers of America, Inc.

Mrs. Shipley is past president of Chapter 88 of Blue Star Mothers of St. Johns and has been treasurer of the National Blue Star Mothers. She is at present national legislative chairman.

Mrs. Shipley was elected to the state's top post June 4 in Grand Rapids. The Blue Star Mothers are mothers of veterans of World War II and the Korean and Viet Nam conflicts. They service patients at veterans' hospitals throughout the state and nation.

Mr. and Mrs. Shipley's son, William, was killed during the Korean conflict, and Gordon is in the Navy, now at school in Great Lakes, Ill. The couple have another son, George, who lives with his family at Saginaw, and a daughter, Mrs. Wilda Jones of Ovid.

Mrs. Myrtle Tolles of St. Johns was appointed to serve as state historian and was also elected to be president of Big Dipper. Mrs. Chloe Bartholomew is corn card chairman. Also attending the state convention last week were Mrs. Edna Eldred as delegate, Mrs. Rose Wilkie and Mrs. Pearl Teachout.

The national convention of the Blue Star Mothers will be at the Sheraton Cadillac Hotel in Detroit in October.

The American Red Cross Bloodmobile will make its semi-annual visit to St. Johns June 26. It will be set up from noon to 6 p.m. in the municipal building.

A telephone for the bloodmobile will be conducted June 25.

Mary Crosby is bloodmobile chairman for St. Johns, while Nancy Puetz is in charge of recruitment. Jane Idzkowski is handling publicity and Corky Paradise is in charge of the telephone.

St. Johns millage gets OK

St. Johns' 12.8 mill tax levy proposal for school operations next year was approved by district voters by a 241-vote margin Monday. The final tabulation was 1,645 in favor and 1,404 opposed. Incumbents Raymond Parr and Fred Meyer were reelected to the school board in a close race with Richard Root and Clayton Sharick. Parr received 1,577 votes, Meyer 1,455 votes, Root 1,335 votes, and Sharick 1,409 votes.

The millage issue was turned down in four of the five voting precincts, but a 412-margin in the first precinct, predominantly St. Johns city, was enough to carry the issue. Opposition in the four rural precincts however, was not as strong as in the earlier election this spring.

St. Johns precinct voters approved the millage 1,191 to 779, while it was turned down 79-40 at East Essex, 174-165 at Eureka, 229-160 at Olive Center and 143-89 at Riley. There were 24 spoiled ballots.

HERE IS HOW the candidates fared in each precinct:

Parr, 1,073 in St. Johns, 42 at East Essex, 186 at Eureka, 167 at Olive Center and 107 at Riley. Total 1,577.

Meyer, 996 in St. Johns, 47 at East Essex, 153 at Eureka, 159 at Olive Center and 100 at Riley. Total 1,455.

Root, 807 in St. Johns, 66 at East Essex, 131 at Eureka, 216 at Olive Center and 115 at Riley. Total 1,335.

Sharick, 885 in St. Johns, 73 at East Essex, 168 at Eureka, 180 at Olive Center and 103 at Riley. Total 1,409.

Supt. Earl Lancaster said the board was extremely pleased with the result of the millage election, and he will now proceed in hiring of some 40 teachers for the next school year.

The voter turnout was one of the best in recent years. Some 3,073 of the districts 5,500 registered voters cast ballots.

Fulton passes 2 millage issues

From the Fulton School District, two separate millage proposals were passed.

A vote of 204 yes and 60 no approved a proposal for 4 mills and a renewal of an operational levy approved for one year by voters last June.

On a different ballot voters passed an additional amount of 2 mills for paving the driveways and parking lot at the Fulton High School by a vote of 170 yes and 95 no.

To fill the two board of education positions John Rosencrans polled 161 votes and Duane Windsor, 168. Charles Zelinski totaled 150.

WAITING IS HALF THE BATTLE AT SOAP BOX DERBY

Tension grew by the minute early Sunday evening as Soap Box Derby enthusiasts waited their turn, nervously rechecked their cars and watched as boys ahead of them made the three-block run down Clinton Avenue. The cars were launched from ramps in the background; several can be seen going downhill in the distant background. Cars identifiable here are those of Luke Schneider (79), Gene Pederson (80) and Mark Jones (82). Kris Patterson of St. Johns won the sixth annual derby. O-E voters OK 14-mill proposal

OVID-ELSE — Ovid-Else School District voters overwhelmingly approved a 14-mill operational tax levy for next year as 1,542 voters turned out Monday.

The final tabulation showed the millage passed 938-594, with 10 ballots being spoiled. In the Elsie precinct, the issue passed 358-320, while it carried by more than 2-1 at Ovid, 580-274.

Incumbent Raymond Stewart was reelected to the board of education with 870 votes. Richard DePond drew 921 votes to win the other vacant seat, and Gilbert Boyan received 787 votes in a losing cause.

By precinct, Stewart received 541 votes at Elsie and 330 at Ovid; DePond drew 279 votes at Elsie and 642 at Ovid; Boyan got 189 votes at Elsie and 588 at Ovid.

The 1,542 persons turning out was a much better showing at the polls than during an earlier special millage election

Patterson wins Soap Box Derby as field of 84 race

Kris Patterson, 13, of St. Johns is probably still floating on cloud nine today, reliving his five races downhill on the way to the Clinton County Soap Box Derby championship Sunday evening.

The 13-year-old son of Mr. and Mrs. Robert Patterson of 605 W. Cass won the derby by edging out Ron Droste of Westphalia by about two feet in the final heat of Sunday's sixth annual derby. As winner, he received a \$500 U.S. savings bond, a handsome trophy and a trip Aug. 24 to Akron, Ohio, to participate in the All-American Soap Box Derby sponsored by Chevrolet.

The 86 heats of racing Sunday afternoon and evening were run in about three hours, and the derby awards program was concluded before dark. Temperatures downtown during the late afternoon and early evening ranged between 92 and 97 degrees, according to the bank clock.

FIFTEEN OF THE 85 boys participating shared in prizes offered by the sponsoring St. Johns Jaycees and Bee's Chevrolet-Olds. Nine of the boys were from St. Johns, five from Westphalia and one from Fowler.

Runner-up Ron Droste of Westphalia received a portable television set as second prize, and Ron's brother, Ken, was third and won a Polaroid 220 Land camera. Another Westphalia lad, Dan Schueller, was fourth and got a Sting-Ray bicycle.

Other prize winners were: Kim Patterson, brother of the winner, fifth, Wyler wrist watch; Bruce Kieffer of St. Johns sixth, portable radio; Bruce Eisler of St. Johns seventh, Polaroid Swinger camera; Bruce Schomisch of Fowler eighth, Caravelle wrist watch; Tom Hattis of Westphalia ninth, Johnson rod and reel; Gary Rademacher of St. Johns, 10th, baseball glove; Roger Harris of St. Johns 11th, model airplane; Mike Paradise of St. Johns 12th, portable radio; Drew Carpenter of St. Johns 13th, Zebco rod and reel; Steve Martin of St. Johns 14th, slot car; and Kevin Thelen of Westphalia 15th, football.

AN ESTIMATED 5,000 persons braved the heat of Sunday to witness at least parts of the derby day program. It included a 43-unit parade, a powder puff derby, crowning of queens and, of course, the races.

The derby winner, Kris Pat-

terson, was participating in his third Soap Box Derby. In the previous two years he didn't place in the top 15. This year, driving a car sponsored by Woodbury's Flower Shop, with psychedelic lettering, he won all five heats he participated in.

Kris has been working on his car for about three months. He said he changed the wheel base,

A page of pictures concerning the Soap Box Derby appears this week on Page 2-B.

put on a new front, side and back. He was proud of the fact he built the car himself with no special help from his father. "And I had a good pit crew helping me spin my wheels," he commented.

Kris also received the John Lynam Memorial traveling plaque as an award for sportsmanship and adherence to the Soap Box Derby ideals. The plaque, and a personal trophy, was presented by Ralph Lynam; it's a memorial to his son, John, who was struck and killed by a car in Akron, Ohio, after watching the All-American derby the first year of the racing here.

PRETTY GAIL FOSMOE, 13, was named Clinton County Soap Box Derby queen during the awards ceremony following the derby races. She is from St. Johns and was named St. Johns derby queen prior to the start of the parade. Representing Westphalia in the final queen judging was Carol Fox, while Sandra Foersch was the representative from Fowler.

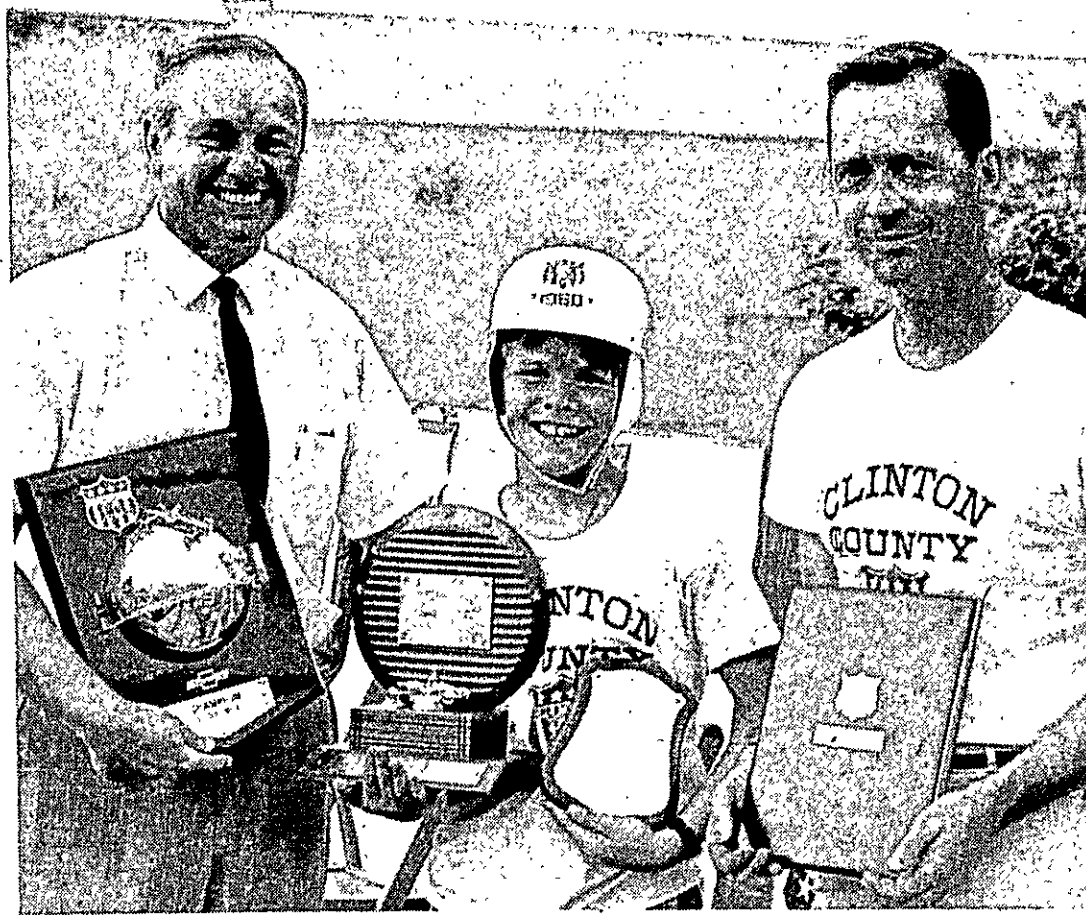

Six girls participated in the Powder Puff Derby, and Becky Conley emerged the winner. She was awarded a trophy at the final ceremony.

A special plaque was given to Mrs. Mabel Maier for her role in handling paper work during most of the six years the derby has been run. She's employed at Bee's.

Riding in the parade and staying for part of the derby was Olympic silver medal winner Terry McDermott of Essexville. McDermott personally autographed the registration cards of each of the derby boys.

TOOLS STOLEN

A tool box and five gallon of oil were taken from a tool house at the St. Mary's Cemetery near Westphalia last Thursday, the cemetery sexton reported.

Soap Box Derby winner Kris Patterson proudly holds the John Lynam Memorial trophies, while Marv Streit, Chevrolet regional derby director, and St. Johns derby Director Bill McCarthy hold Kris' big trophy and \$500 savings bond.

Baptist Church Bible school to begin June 17

Vacation Bible School begins June 17 at 9 a.m. at the First Baptist Church of St. Johns. It continues through June 21. Sessions will be held for 2 1/4 hours each day with Rev. Mel Stadt of Union Grove, Wis., in charge. He and Mrs. Stadt use illustrated Bible messages, scene-o-felts under "Black Light", electronic accordion-organ and large visuals in presenting Gospel truths.

The theme for the school is "Treasures That Last", and each child will make a treasure chest. There will be prizes and awards from "the treasure box". All youth entering kindergarten this fall through those entering eighth grade this fall may attend.

Other leaders in the school are Mrs. Nelson Showers, Mrs. Frank Winter, Mrs. Willard Goldman, Mrs. Vernon Wood, Mrs. Gary VanOrsdol, Mrs. Gary Kingsley and Pastor Roger Harrison.

7 persons draw jail time, fines

Municipal Court Judge Harold Reed and Justice of the Peace Gordon Willyoung handed stiff fines or jail sentences to seven persons during the last week.

Three youths appeared before Judge Reed Saturday on charges of being minors in possession of beer. They were each fined \$20 plus \$21.30 costs and sentenced to three days in jail. They were Al J. Sheldon, 17, of 5598 Shepardsville Road, Elsie, Charles A. Stewart, 18, of 507 S. Lansing Street, St. Johns and Stanley N. Marten, 19, of Pratt Road, R-2, DeWitt.

Two brothers, Cliff D. McNamara, 32, and John F. McNamara, 41, both of Lansing, were fined \$25 plus \$25 costs by Willyoung Monday on charges of being drunk and disorderly.

Two persons were fined on assault and battery charges. Robert F. Olson, 31, of Lansing was fined \$50 plus \$25 costs Thursday and was sentenced to five days in jail. Joseph C. Christler, 20, of Lansing was fined \$25 plus \$23 on that charge Friday and also was fined \$50 plus \$24.90 costs for malicious destruction of property.

'Positive' idea meet Wednesday

A Wednesday night meeting to form some progressive plans for getting the City of St. Johns back on a sound financial basis was scheduled for 8 p.m. in the municipal building auditorium.

Alan R. Dean, St. Johns hardware dealer, called the meeting, the second one in a series. Dean is hoping the meetings will develop a positive approach and outlook toward municipal government.

Open Letter from VAN W. HOAG

Dear Friends,

In the event a doctor was not attending the deceased, the statutory authority of the Coroner or the Medical Examiner's office takes precedence. It is his legal responsibility to determine the cause of death and to certify it in the public records. Neither the Coroner nor the Medical Examiner have authority to call a funeral director. This choice remains the right of the next of kin.

Respectfully,

ST. JOHNS

St. Johns \$156,000 short of efficiency, committee claims

(Continued from Page 1-A)

reduction in police department personnel was made necessary by lack of available tax funds, we are of the opinion that the city faces serious difficulties from this cutback in local law enforcement.

Police work is a 24-hour-per-day chore. It is unrealistic to assume that a city of this size, located at the intersection of two major highways, can be properly policed by a five-man department.

Our study of the department and its potential workload leads us to recommend an increase in personnel of three officers—bringing the department to a total of eight men.

Estimated cost of employment of the needed additions to the police force is \$22,000. We think that a part of this additional cost can be recovered through an increase in the present 25-cent token penalty for overtime parking in the business district and by better policing of parking meters. Consideration should be given to replacement through lease-purchase of worn-out meters. It is possible that parking could be efficiently policed at less expense by a woman officer rather than a man.

PARKS AND RECREATION—Your committee recommends that full operation and maintenance of the city park be restored as soon as funds are available.

If the new arrangement with the Lansing YMCA for swimming pool operation works out satisfactorily, we estimate that at least an additional \$24,000 annually is required currently to restore park operation and maintenance to a level to which St. Johns people have become accustomed.

DEPARTMENT OF PUBLIC WORKS—We are most concerned about forced economies effected in this department. Terminating employment of four men and the resignation of the department superintendent places the city in what we regard as a desperate situation.

It is totally unrealistic to assume that proper year-around maintenance of streets, sidewalks and storm sewers can be continued with five fewer men than the city has previously employed. There is also a continuing need for new street and storm sewer construction.

Our study of the department's average annual requirements indicates that the city should budget an approximate \$50,000 over the \$107,100 figure proposed for 1968-69. A real necessity in this department is the purchase of a new street sweeper at an estimated cost of \$20,000.

ADMINISTRATION—We are unable to evaluate properly the total prospective financial requirement in this area. Much will depend upon the cost of replacements for the city clerk and city manager who have tendered their resignations in recent months.

Fringe benefits for city employees represent a substantial portion of the administrative budget and appear to cost an approximate 23 per cent of total city payroll. These benefits include retirement pensions, workmen's compensation insurance, hospital insurance and social security. These amount in total to \$46,000 annually even with the city's present curtailed payroll.

Obviously, if the city is to return to a near-normal complement of employees, fringe benefit costs alone will amount to an additional \$10,000 annually.

MOBILE EQUIPMENT—We are pleased to note that your 1968-69 budget provides for the replacement of the city's two old police cars. It is our recommendation that, when possible, the city replace police cars each two years and that the replacement program be arranged so that no more than one car need be replaced each year.

Earlier in this report you have our recommendation for the purchase of a new fire department pumper and a new street sweeper at a total approximate cost of \$50,000.

THE MAYOR'S FINANCE Committee was composed of Ross Downing as chairman and A. T. Allaby, Roy F. Briggs, Max E. Field, Edward Idzkowski, Kenneth Munger, John A. Rumbaugh, Brandon C. White and Ink White.

City to live \$160,000 cheaper in 68-69

The City of St. Johns is going to try to live \$160,000 cheaper during its 1968-69 fiscal year, but the city commission cautions residents that cheaper living will mean reduced services.

The commission's austerity budget for the fiscal year beginning July 1 is for only \$888,300, compared to \$1,048,854 during the past year. Loss of revenue from proposed millage limitation increase or city income tax necessitated the reduction in spending.

Of the total, \$802,200 will be spent from the general fund, including \$90,000 in notes to be repaid this summer on money borrowed to meet 1967-68 requirements. The water fund budget is for \$286,100 and is based on new water rates adopted last week and reaffirmed by the commission Monday night.

The budget generally followed

the lines recommended by Ken Greer, city manager who resigned a month ago but who is staying on for the time being until a successor is appointed. The proposed budget, however, called for two less police officers, but the commission is apparently not going along with this.

MAYOR CHARLES COLETTA said the \$15,000 to \$16,000 involved would be cut from fixed expenses if possible. Fixed expenses account for about 67 per cent of the total budget, he estimated. The commission has discussed this cut in general terms but has reached no decision yet as to where the cuts should come.

"Where we're going to cut we don't know yet," Mayor Coletta said. "We can't take it all out of one department (referring to the

police department). We'll have to decide early in the budget year or else borrow some more money."

The police department budget as adopted is for \$59,680, but if the two officers are not cut from the force it would be about \$16,000 higher, Coletta indicated.

The general fund budget of \$802,200 is practically \$94,000 short of last year's budget of \$896,004. Here are the budgeted expenses:

General obligation bonds, \$55,000; fire department \$34,180; police department, \$59,680; municipal court, \$25,480; administrative \$144,080; garbage department, \$40,500; municipal building, \$2,480 (other municipal building costs are charged to five departments and appear as part of their individual budgets); mobile equipment \$33,700; street department \$107,100; parks and recreation \$10,000;

repayment of tax note, \$90,000. Receipts needed to balance the general fund budget include \$15,824 from the water department toward the repayment of a deficit now more than \$125,000. Other estimated receipts are:

LOCAL TAXES for 1968-69, \$287,000; state collections, \$145,600; fines, fees, assessments, etc., \$131,978.

There will also be available residue in Act 51 (highway) money and government general obligation tax money totaling \$22,000.

In speaking of the city budget, Manager Greer told the commission that "both of these budgets (general fund and water fund) are to meet an austerity program and will require new financial approaches to many city

problems. "St. Johns as a city is growing and must continue to grow in an orderly fashion. Our problems are not unique or unusual in

these times of social unrest. "We must curtail our services so that we can live within the financial limits our citizens have directed."

Bath voters OK extra 6 mills

Results of the Bath school election Monday were 154 yes and 113 no on a request for 6 mills in additional operating revenue.

Incumbent Richard Ross was reelected to his position on the board of education. Filling the other open position will be Robert Zeeb. Ross received 168 votes and Zeeb, 149. Other vote totals were 129 for Benard Black and 112 to Ezra Schably.

Thieves start to strip stolen automobile here

St. Johns police are looking for thieves who started to strip down a Volkswagen car belonging to Willard Studer of 706 S. Lansing. The thieves stole the car from the front yard of the Studer home during the night Monday and had begun stripping it down on West Park Street when they were apparently frightened off. They had gotten the hood off and were in the process of removing the fender and bumper bolts when they left.

DRIVER TICKETED

Lawrence P. Thelen, 17, of Grange Road, R-2, Fowler, was ticketed Sunday for failure to yield the right-of-way after he allegedly turned in front of an auto driven by William C. Werner, 24, of Westphalia. The mishap occurred at the intersection of M-21 and Main Street in Fowler. No one was hurt.

Pool opening delayed again

Opening of a county-wide swimming program at Veteran's Memorial Swimming Pool in St. Johns had originally been scheduled for the week of June 17. Now, according to Dr. Herbert Oatley, the pool will not be opened until the week of June 24.

The opening is depending on the arrival and installation of necessary equipment. With luck the pool should be ready for operation within the next two weeks, Dr. Oatley said. After the pool is in operation, the YMCA from Lansing will be giving lessons.

Local areas set clinics

Free immunization clinics have been scheduled in several Clinton County localities by the Mid-Michigan District Health Department.

The Bath Township Hall is the site of 9:30 to 11 a.m. clinics June 12 and July 10.

A June 19 clinic will be held from 1:30 to 4 p.m. in the basement of St. Joseph's Catholic Church in St. Johns.

They are held for immunization shot (including measles vaccine), vaccination and tuberculin skin tests.

Fowler bond issue, millage proposal win

"A willingness of the people to provide a good educational system for the children," was Fowler Supt., Donald Smith's comment after Monday's election when voters passed both a bond and millage issue.

Voters approved the \$700,000 bond issue by a vote of 299 to 170. The request for 12.5 mills in operating funds for one year was ok'd by 320 yes votes to 177 in opposition.

Trustee Gerald Wieber and Andrew Lutting defeated Mrs. Marion Jordan and Mrs. Winifred McKean for the two seats as board of education members.

The approval of the bonding measure will allow the Fowler system to begin work on a new elementary school building which will include 14 classrooms, library, all-purpose room and kitchen. The school district has an option on a 7 1/4 acre site in the northwest section of the village.

Trierweiler, Droste win

In the Pewamo-Westphalia election, Francis Trierweiler and Thomas Droste were elected to fill the posts of the retiring board of education members.

Trierweiler had 119 votes and Droste drew 96. Other candidates on the ballot were Donald Bengel who received 58 votes and Mrs. Marie Bengel who had 82.

DeWitt approves bonds, millage

A bond issue to permit the building of a new middle school for sixth, seventh and eighth graders and an addition to the senior high school at DeWitt was passed by a vote of 331 to 161 Monday.

The voters also accepted a proposal to add 6.5 mills for school operation by 325 yes votes and 183 no votes. The additional millage will be for a three-year period. According to Supt. James Ritchie, this will enable the school to avoid putting the additional millage issue on the ballot each year.

There was no competition for the board of education seats. The vacant seats were filled by Dale P. Farhat and Mrs. Merry Sellhorn for four-year terms. Roland Lewis will fill a position for a two-year term.

Petitions out on liquor vote

Petitions are being circulated to bring a vote on permitting sale of liquor by the glass in Olive Township and DeWitt.

If sufficient signatures are obtained the proposal will be on the ballot in the November general election.

**SPECIAL CHAIR A BIG HELP**

Young Joseph Irer, 8, is making the best of a physical handicap, and when it comes to schooling he has gotten some help this year from the special services team serving Central and St. Joseph public school students. The special chair is equipped so Joey can raise leg supports by moving a lever on either side. A kitchen chair, donated by Central Principal Sam Serrell, was designed by counselor Ralph Conine into this workable unit; St. Johns Furniture donated some piping, and Garold Kindall of rural Ashley welded it. Joey is shown with his second-grade teacher, Mrs Helen Gaffney, at St. Joseph School.

People who live within their income today find it a very effective way to reduce.

St. Johns Mayor Charles Coletta presents a large gold key to the city to David Feldpausch to be given to the mayor of a European city during this student group's governmental study tour of Europe. Left to right are Rick Warren, Bob Cartwright, Cathy Nuser, Doug Barker, Jane Allaby, Dave Feldpausch, Kurt Hildorf, Mrs Beatrice Barnum(chaperone) and Pete Allaby. Missing for the picture was John Salemi.

8 local students to leave June 19 for 6-week study tour in Europe

Nine St. Johns High School students and one from Grand Rapids will be leaving June 19 for a six-week study tour of Europe under auspices of the Foreign Language League Schools.

Mrs Beatrice Barnum, elementary teacher at Swegles School, will be their counselor-chaperone for the second year in a row.

The students are: Cathy Nuser, daughter of Mr and Mrs James Nuser of 902 E. State Street.

Jane Allaby and Pete Allaby, daughter and son of Mr and Mrs A. T. Allaby of 410 E. Baldwin Street.

Bob Cartwright, son of Mr and Mrs Robert Cartwright of 407 E. Higham.

Douglas Barker, son of Mr and

Mrs Elmer Barker of 307 S. Mead.

David Feldpausch, son of Mr and Mrs Bernard Feldpausch of Sevey Road.

Rick Warren, son of Mr and Mrs M. E. Warren of 307 E. Clark Street.

Kurt Hildorf, son of Mr and Mrs Robert Hildorf of 405 Meadowview Drive.

John Salemi, son of Mr and Mrs Robert Dlanda of 207 E. Baldwin.

The Grand Rapids student will be Deborah Cady.

THE ST. JOHNS group will join forces with other students from Muskegon and Saginaw June 19 and will fly from Detroit to Philadelphia where other groups from all over the United States

will join to make up a charter flight of about 180 people.

The purpose of the trip will be to study various governments and compare them. The students will reside on campuses in London, Rome, Florence, Munich and either Holland or Belgium. Due to the strife in France, the League is in the process of making alternate arrangements for the 12-day stay in Paris.

Many excursions and field trips are planned, including Windsor Castle, Stratford-on-Avon, an opera at Caracalla (ancient baths of Rome, turned into an open-air theater), a visit to Pisa, Salzburg (scene of filming of "Sound of Music") and a visit to the famous Bavarian castle of Neuschwanstein.

The last 10 days will be spent in a picturesque Bavarian village high on a hill above the Inn River Valley with some of the world's most impressive Alpine scenery serving as a backdrop. The facility is a converted castle which is now a boarding school. The location is only a short distance from Munich, Salzburg and Oberammergau.

David Feldpausch will represent the St. Johns group on the Foreign Language League Schools student council and will have an opportunity to present a key to the City of St. Johns to a mayor in one of the cities visited.

The students will return to the United States by jet from Munich on July 31 and will fly home from Philadelphia the following day.

Plan Salute to Servicemen

Do you have a son, daughter or husband serving in the armed forces?

A special section saluting Clinton County men and women serving in any military branch of the armed forces will be published in The Clinton County News in the near future.

In order to ascertain who they are and secure correct information, you are asked to fill out the questionnaire below and submit it, with a picture, for inclusion without obligation in this special section.

The picture should be a black and white portrait type, in uniform if possible. If you do not have such a picture but have others, bring them to The Clinton County News and let us tell you whether the picture is suitable for publication.

Pictures will not be returned by mail but can be picked up at The Clinton County News after the section has been published. The name of the service person MUST be on the back of the picture with your name and address. This is vitally important in order that the picture will not be misplaced or mis-labeled.

The service persons MUST be a son, daughter or husband of a resident of the Clinton County area to be considered for inclusion in this special section.

She also received the Pi Gamma Mu National Social Sciences Award. Mildred will return to St. Johns in August after her work with Northlands Regional Medical Program in St. Paul is terminated. Mildred is a graduate of Rodney B. Wilson High School, St. Johns.

Wins sales award trip to Florida

Dennis Fox, an Electrolux Sales representative in the Central Michigan area, has earned the Firm's high production award and will enjoy an all-expense paid trip to Miami, Florida. Fox and his wife will be leaving the middle of June to attend this Central Region Electrolux Convention.

With accommodations at the Doral Hotel and Country Club, for five days, the couple will enjoy deep sea fishing, golf, sight seeing tours and evenings of entertainment.

Fox has been with the company for four years and has earned the convention trip each year. Mr and Mrs Fox and their three children reside at 310 S. Clinton Ave., St. Johns.

Picnic ends WSCS year

The WSCS of the St. Johns' United Methodist Church held their annual potluck picnic June 4 on the lawn at the home of Mrs John Rumbaugh, 425 Meadowview Drive, with 21 members present. After the outdoor dinner the group went inside for the worship and program.

Mrs Edmund Tucker conducted the worship service, Mrs Allen Anthes and Mrs Glendon Fitzpatrick presented a most interesting play, "Two In A Trap" followed with group discussion. A short business meeting was conducted by President Mrs Charles Hazle prior to the worship and program.

33 achieve perfect attendance

Central School of St. Johns recorded 33 students in grades one to eight with perfect attendance for the past school year. The students names were released.

First grade: Douglas Kuripila and Patty LeDuke; second grade: Craig Boling, Linda Burns, and Cynthia Schneider; third grade: Lorraine Bishop, Lorraine Lorraine, and Julie Murray; fourth grade: Dave Cook, Janie Hinton, and Christina Wilson; fifth grade: Karen Lee Foo and Dorella Marten; sixth grade: Deborah Elsler and Steven Price.

Seventh grade students were: Linda Cole, Sharon Foster, Suzanne Isbelle, Edwin Jorae, Tom Stauffer, Dennis Stevens, and Patricia Wilson; eighth grade: Kathleen Beagle, Linda Cornell, Penny Ettinger, Richard Guy, Jacqueline Heuer, Sharon Mazzolini, Scott Patterson, Diane Peterson, Rudolph Rosner, Colleen Wood, and Robert Gregory.

Auto thefts in the United States doubled in the 10 years from 1957 to 1966, according to the Insurance Information Institute. The number of cars stolen rose from 265,000 in 1957 to nearly 557,000 in 1966.

David-Grubaugh nuptial vows said

MRS PHILLIP L. GRUBAUGH

Miss Nancy Lee David of Owosso Pleasant Valley Trailer Court became the bride of Phillip L. Grubaugh of R-1, Elsie at a 7 p.m. service at the First Church of the Nazarene in Owosso on Saturday, June 8.

Parents of the couple are Mr and Mrs John S. David of the Pleasant Valley Trailer Court and Mr and Mrs Loren E. Grubaugh of R-1, Elsie.

Rev Paul K. Moore officiated while Mrs Lois Davis served as organist and Mrs Fay McCully of Owosso sang "I Love You Truly" and "The Wedding Prayer".

The bride's gown was elegance of lace and nylon organza. A touch of elegance accented the Sabrina neckline that was embellished with iridescent sequins. Long lace sleeves and de-

tachable wattleau train added the final finishing touches. She wore a fingertip veil with a jeweled crown and carried yellow sweetheart roses with white carnations and white streamers.

Mrs Darwin Parkes of Flint served her sister as matron of honor. She wore a yellow crepe floor-length gown with a ruffled V neck with full-length sleeves. Her flowers were yellow sweetheart roses with white carnations and ivy-green leaves in cascade style. Bridesmaids were Mrs Larry David of Owosso and Miss Rita Tabor of R-1, Elsie. Their gown and flowers were identical to the matron of honor's. Miss Laura Davis of Owosso was flower girl wearing a floor-length dress of white lace over satin and carried yellow and white flowers. Lynn Grubaugh, brother of the bridegroom, was ring bearer.

Larry David, brother of the bride, was best man. Grooms-men were Bruce Bashore and Lee Grubaugh, both of Elsie. Ushers were Gary Bashore of Elsie and Jerry Haynes of Chesaning.

A reception was held at the Owosso YMCA for approximately 250 guests, after which the newlyweds left on a three-day tour of the Upper Peninsula.

The bride graduated from Cornum High School in 1966 and her husband graduated from the Elsie High School in 1960.

Many a good thought has been wasted because too many words were used expressing it.

Graduates

Judith M. Phillips will graduate from Central Michigan University on June 8. Miss Phillips is the daughter of Mr and Mrs Cliff W. Phillips of 12827 Rambler Road, DeWitt. She will receive her Bachelor of Science in Education degree and an elementary teaching certificate. She plans on teaching in Colorado in the fall.

To teach in Detroit

Miss Marsha Jastram, daughter of Mr and Mrs Leonard Jastram, was graduated from Concordia Teacher's College, River Forest, Ill., May 24. In her honor her parents held a graduation open house for her at their home Sunday evening where a buffet supper was served to about 60 guests.

Marsha has accepted a teaching position at a Lutheran School in East Detroit this fall.

Announcements

Clinton County Republican Women's Club is sponsoring a GOP picnic Thursday, June 20 at the city park pavilion. Bring own service and dish to pass. Tea and coffee will be furnished.

French's Corners 4-H Club will have a general meeting Tuesday evening, June 18 after ball practice at 9 p.m. at French School. All members are requested to be present.

The annual Memorial Service for IOOF and Rebekahs will be held at the IOOF hall at 7:30 p.m. All Odd Fellows and Rebekahs are urged to attend and bring your friends.

Mrs. Robert Young, McNeil Road, will be hostess to the Mary Smith Union, WCTU, Monday evening, June 17, at 7:30 p.m. This will be election of officers.

Pohls married 45 years

Mr and Mrs Julius M. Pohl of Westphalia will celebrate their 45th wedding anniversary with a Mass of Thanksgiving at 10:00 a.m. at St. Mary's Church, Westphalia, on June 23.

There will be an open house for them at St. Mary's Hall from 2 to 5 p.m. hosted by their children, Mr and Mrs Gerald Piggott and family of Westphalia and Mr and Mrs Harold Pohl and family who came from Los Angeles from the occasion.

Mrs Pohl, the former Mary A. Platte, and Julius M. Pohl were married on June 19, 1923 in St. Mary's Church and have lived in the Westphalia community all their lives.

WRC last meeting of season June 18

THE W.R.C. held a regular meeting and thimble party, Tuesday, June 4, at the Beebe home on Welling Road. Following the business session, cards were in play, high prize going to Katie M. Woodruff, and low to Inez Bray.

The next regular business meeting, and thimble party, will be at the home of Inez Bray, 207 West Railroad St., June 18.

There will be no more meetings until Sept. 3.

The Bellant Brothers, professional painters from St. Johns, donated their time last Wednesday to put 30 gallons of white paint and 10 gallons of aqua on the St. Johns swimming pool as their contribution to opening it this summer.

WHAT SIZE AIR CONDITIONER DO YOU NEED?

Confused about cooling?

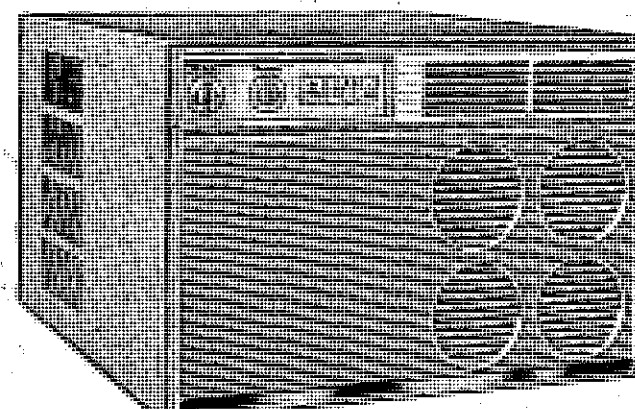

That's exactly why you should refer to the chart at right and THEN SEE US. We will guarantee your comfort on the hottest days. We have the broadest range of General Electric Room Air Conditioners to fit every cooling need.

IMPORTANT! Measure your room-area's square footage, then use the chart to further narrow down your search for the right room air conditioner.

Areas up to 120 sq. ft.	5,000 BTU/HR
From 120 to 170 sq. ft.	5,000 to 6,500 BTU/HR
From 170 to 250 sq. ft.	6,500 to 8,500 BTU/HR
From 250 to 400 sq. ft.	8,500 to 11,000 BTU/HR
From 400 to 600 sq. ft.	11,000 to 15,000 BTU/HR
From 600 to 940 sq. ft.	15,000 to 19,000 BTU/HR
From 940 to 1470 sq. ft.	19,000 to 24,000 BTU/HR

NOTE: Because there are so many factors (building construction and usage, individual customer preference, climate variations, etc.) this is a guide, rather than an absolute rule, toward selecting your room air conditioner. Your GE Dealer can pinpoint the one that fits your need. Here are some in this area:

Eirschele-Sharky nuptial vows said

MRS WILLIAM R. SHARKEY

The former Francine Mary Eirschele and William R. Sharky were united in marriage at 12 p.m. June 8 at St. Joseph Catholic Church in St. Johns. Rev. James Barrett of Three Oaks officiated at the double ring ceremony.

Mr and Mrs Reuben V. Eirschele, 302 East Gibbs, St. Johns and Mr and Mrs Francis T. Sharky, 1809 Alpha Street, Lansing are the parents of the couple.

Given in marriage by her father and mother, the bride was attired in a gown of silk organza over tulle and Venise lace. The bodice had a wide portrait neckline, short sleeves of the Venise lace in lattice pattern finished with daisies on the bottom. Her skirt was A-line and fell in a wide chapel train. The bottom of the skirt was banded with lattice patterned lace and daisies, that continued around the train. A plaited of overlapping daisies trimmed with Aurora Borealis crystals secured her tripartite veil of French illusion. She carried a cascade of white daisies, gypsophylla, stephanotis blossoms and ivy.

MRS GWENDOLYN Christopoulos of Lansing was her sister's maid of honor. Bridesmaids were Mrs. Robert Dawkins, sister of the bride, Miss Susan Sharkey, sister of the groom, and Mrs. Douglas Eldridge of St. Johns. They were attired in blue gowns similar to the bride's. Their headpieces were shoulder length veils secured with blue daisies, pearls and Aurora Borealis tear drop. They carried bouquets of white daisies with light blue stephanotis blossoms.

Thomas Sharkey served as his brother's best man. Groomsmen were Michael Sharkey, brother of the groom, Robert Sinko, uncle of the groom, and Wayne Eirschele, brother of the bride.

Timothy Dawkins, nephew of the bride was ring bearer. Patty and Penny Eirschele, nieces of the bride, were flower girls.

Seating the guests were Virgil Eirschele, of Jones, Michigan, brother of the bride, and Ronald Burgess of Mason.

For her daughter's wedding, Mrs. Eirschele chose a blue dress with a lace coat, white accessories and a corsage of white carnations and pink roses.

The mother of the bridegroom chose a pink dress with white accessories and wore a corsage of white carnations and pink roses. Mrs. Herman Smith was the organist. The altar flowers were white mums.

Cutting the bride's cake were Mrs. Robert Sinko, aunt of the groom, and Mrs. Virgil Eirschele, sister-in-law of the bride. Mrs. Paul Drost attended the guest book and opening gifts were Mrs. Joseph Weiler and Mrs. George Ford.

Following the ceremony a reception was held at St. Joseph Social Hall. On returning from a northern honeymoon, the newlyweds will make their home in Lansing.

The bride is a graduate of L. C. C. and employed at American Bank and Trust Company. The groom has recently completed service with the navy and is employed with Western Electric.

Plowman family annual reunion

The 54th annual reunion of the James E. Plowman family was held at the home of Mr and Mrs Carl Hicks of East Lansing Sunday, June 9. About 25 members enjoyed the potluck dinner.

William Burnham from Pompano called the general business meeting to order. Officers elected for 1969 are: president, Don Hicks of East Lansing; vice president, Arlo LeClear of Lansing; secretary and treasurer, Robert Plowman of Holt.

A short history of each year's reunion was read by Betty LeClear.

Prizes went to Vicki Plowman, the youngest and the oldest, Carl Hicks. Next year prizes will go to the youngest member, having the most children and the oldest member with the most children present; also a prize to the one bringing the best joke.

The date has been changed to the fourth Sunday in June 1969 to meet with Mr and Mrs William Burnham and family of Pompano.

Thelen - Veasey Vows Spoken

Baskets of yellow and white mums decorated the altar of St. Mary's Church in Westphalia last Saturday, June 8 for the double ring ceremony that united in marriage Miss Arlene Marie Nureberg and Robert James Thelen. Rev. Aloysius Miller officiated at the 10 a.m. ceremony in the presence of about 450 wedding guests.

The bride is the daughter of Mr and Mrs Arnold E. Nureberg of R-1, Pawamo and Mr and Mrs Robert L. Thelen of R-2, Portland are the parents of the bridegroom. Joseph Martin presided at the organ and singers were Miss Celene Martin, Mrs. Frederick Martin, Mrs. Ronald Nureberg, Mrs. Donald Thelen and Mrs. Gregory Thelen.

Miss Nureberg approached the altar, escorted by her father, wearing an A-line floor-length gown of silk organza. The elbow-length sleeves and bottom of the dress were trimmed with Alencon lace and the off-the-shoulder train was trimmed with lace medallions. Her shoulder-length veil was secured to a large bow headpiece clustered with miniature bows trimmed with pearls, sequins and crystal. She carried a cascade arrangement of yellow roses with pompons and fern.

MRS PAUL PUNG of St. Johns was matron of honor for her sister while bridesmaids were Mrs. Jerome Pung of Portland, Mrs. Philip Simon of Fowler, both sisters of the bride, and Miss Gail Thelen of Portland, sister of the bridegroom. They wore yellow linen floor-length A-line styled gowns with back panel trimmed with lace and headpieces of matching color half star shaped, trimmed with miniature pearls and orange blossoms. They carried white daisies with fern and white streamers.

Miss Judy Thels, niece of the bride, acted as flower girl. Ring-bearer was Jeffrey Nureberg, nephew of the bride.

Donald Thelen, brother of the bridegroom, served as best man. Groomsmen were Wayne Thelen, David Martin, brother and brother-in-law respectively, of the bridegroom and LeRoy Nureberg, brother of the bride. Serving as ushers were Wayne Dick, the bridegroom's brother-in-law and Gerald Nureberg, the bride's brother.

FOR HER DAUGHTER'S wedding Mrs. Nureberg chose a sheath type dress of aqua lace over tulle with beige accessories. The bridegroom's mother wore a three-piece pink and white knit suit with white accessories. They each wore a corsage of red roses.

A special guest was the bridegroom's grandmother, Mrs. Elizabeth Blundy of Portland.

A dinner was held at St. Mary's Hall at 12:30 and the reception followed. Serving at the bride's table were Carol Supina, Janice Schafer, Sharon Fedewa and Mrs. Jeanette Pung. Serving at the family table were Kathy Simon, Judy Drost and Ruth Schmitt. Mrs. Judy Martin and Mrs. Jan

MRS ROBERT JAMES THELEN

Nureberg served the wedding cake.

WHEN THE NEWLYWED couple left on their Western states honeymoon, the new Mrs. Thelen wore an A-line moss green dress with mock front pockets accented by gold buttons with which she wore beige accessories.

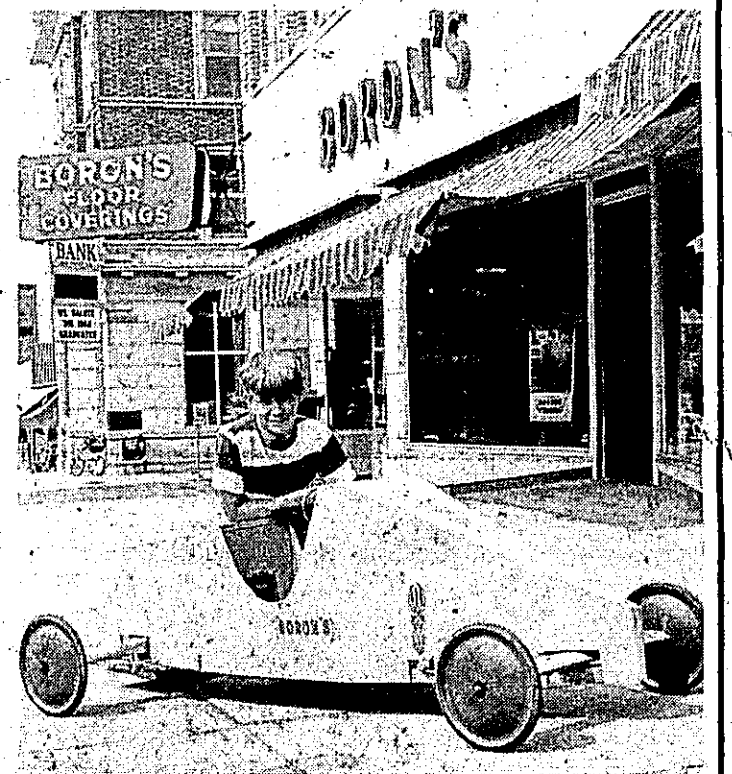

After two weeks they will be

at home to their friends on Divine Highway, Portland.

Mrs. Thelen graduated from St. Mary's High School with the class of 1961 and Mr. Thelen graduated from St. Patrick's High School with the class of 1956.

8 records fall as Ovid-Elsie wins county track meet title

DeWitt wins 9 firsts, sets 5 of new marks but finishes second; St. Johns edges Bath for third

OVID-ELSIE—Eight new meet records were set last Tuesday evening as the host Ovid-Elsie Marauders won the annual Clinton County Track Meet.

The meet, sponsored by the Clinton County News, drew four teams. Ovid-Elsie won the St. Johns Lions Club Traveling Trophy by scoring 84 points. DeWitt, this year's Class C state track champions and defending champs in the county meet, finished second with 74 points.

St. Johns edged out Bath in the run for third place, 27-25. New records were set in over half the events. Five of them came in running events on the new all-weather track at the Ovid-Elsie High School Athletic Field. DeWitt individuals or relay teams set five of the new records, while Ovid-Elsie had two and St. Johns one.

DeWitt's Fred Mazur was in the winner's spotlight more than

anybody. He placed first in the shot put, 100-yard dash and 220-yard dash and was anchor man on the record-setting 880-yard relay team.

OLD RECORDS BEGAN toppling almost from the start. Jim Bouts of DeWitt broke the first one by leaping 11 feet 10 1/2 inches in the pole vault to break a mark of 11-8 set by Bill Watson of DeWitt in 1966.

Then DeWitt's Roger Kaminski went 5 feet 9 inches over the bar in the high jump to surpass his old record of 5-8 which he set last year.

Daryl Melvin of Ovid-Elsie flew 20 feet 8 1/2 inches to set a new long jump record, scuffing out the old mark of 20-7 1/2 set by Gazda of Ovid in 1964 in the first running of the county meet.

Jim Miller's steady pace won the two-mile run for Ovid-Elsie and it set a new record of 10:50.8,

knocking 8.4 seconds off the old mark of 10:59.2 established by Armando Rositas of St. Johns last year. This was only the second year for the two-mile run event in the county meet.

DeWitt's 880-yard relay team was next in line for gold medals and a new record. Brian Wood, Lynn Green, Roger Kaminski and Fred Mazur took turns with the baton twice around the track in a time of 1:34.7, underlining the 1:38.4 mark set last year by Plowman, O'Donnell, Melvin and Seybert of Ovid-Elsie.

There were still more new records. George Mehney of St. Johns broke the 120-yard high hurdles record of :16.6 set by Knoop of Pewamo-Westphalia in 1964 and tied by Gazda of Ovid in 1965. Mehney covered the distance in a time of :15.6.

ED FOSNIGHT of DeWitt was next with a new record. His

2:03.0 time in the 880-yard run beat the old mark of 2:04.2 set by Al Koenigsnecht of St. Johns in 1966.

The DeWitt mile relay team of Jack Faught, Mike Dolby, Steve Markham and Fosnight set a new record of 3:36.6 eclipsing the 3:40.0 timing that's held as a record since 1966 when Hynes, McKenzie, Downing and Koenigsnecht of St. Johns set it.

The defending county champions, DeWitt, led only once in accumulated points during the meet. They took a 15-12 lead after the pole vault, but then Ovid-Elsie took over and built a lead of as much as 18 points at one time before DeWitt cut the final margin to 10 points.

The Clinton County Track Meet was held on a perfect day for running—warm, sunny and no wind—and that may have accounted for the records. The new running track at Ovid-Elsie High was

probably a big factor, too.

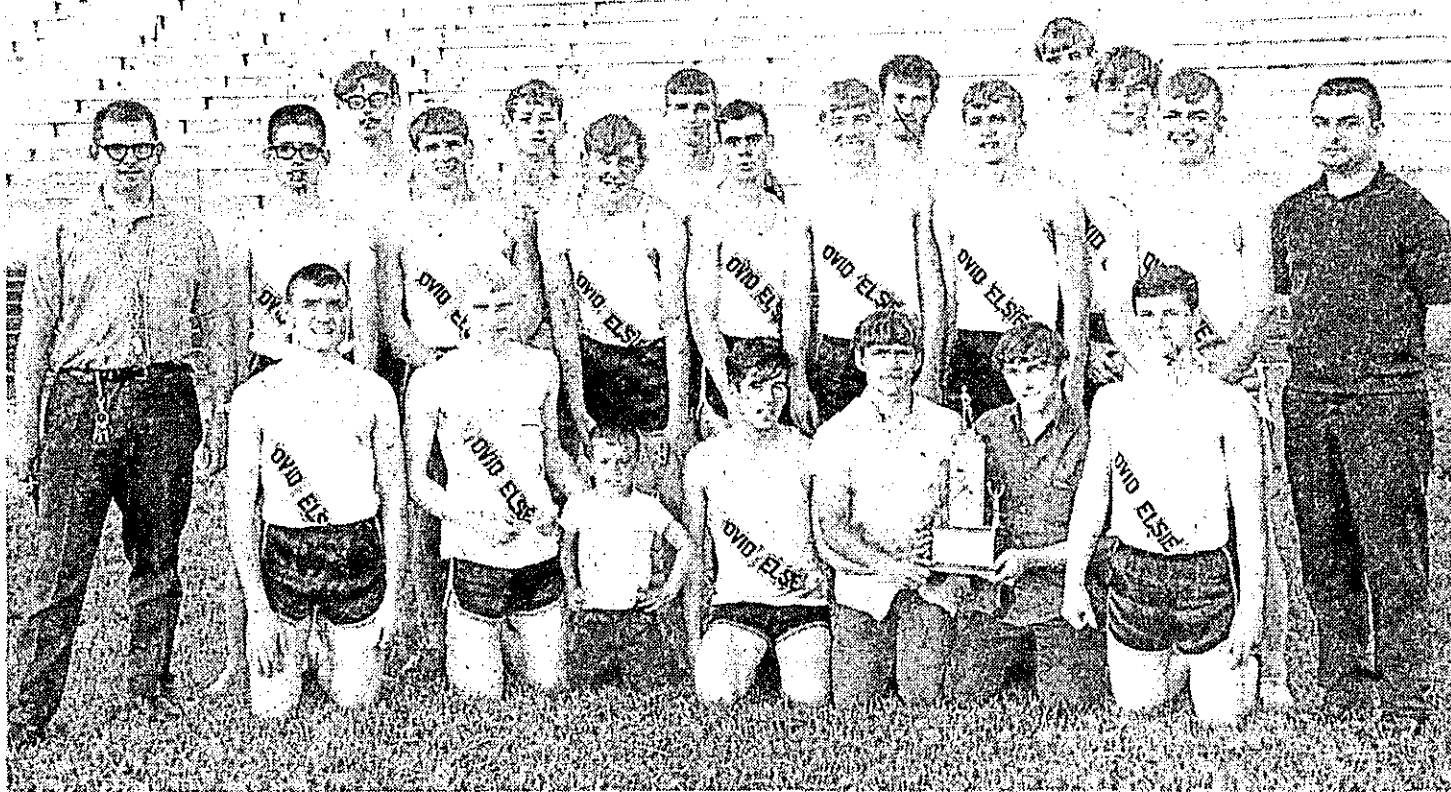

THE CONDITIONS were far different from those a week earlier on the day when the meet was originally scheduled for St. Johns. The meet was postponed because of bad weather following three days of steady rain. Spectators numbered about a hundred last week.

The Clinton County News sponsors the county track meet every year and provides the medals which are awarded for the first five places in each event. Lowell Rinker, editor of the County News, presented the medals and also the St. Johns Lions Club trophy.

Frank Rosengren, St. Johns High track coach, was the meet manager, with assistance from Mark O'Donnell, Ovid-Elsie athletic director, and coaches and teachers from participating schools.

Little League roster set

Managers and coaches of the St. Johns Little League formed two new teams last week and filled out the rosters of six existing teams in preparation for the start of the 1968 season next Monday night.

Sixty-six boys were drafted following two nights of tryouts for spots on the teams left by Little League "graduates" last year. One hundred twenty boys are now involved in the Little League.

The two new teams formed for this year are the Cougars and the Spartans. Here are the complete team rosters for this year:

COUGARS: Arnold Woodhams, Larry Brown, Ricky Atkinson, Tim Fox, Wayne Larson, John Bond, Dave Bender, Charles Sillman, Brian Stork, Joe Gombosi, Mike Jorae, Jim Molinet, Dave Marlis, Doug East and Dave Cole. Managers are Randy Atkinson,

Mike Brown and Stuart Salter. **SPARTANS:** Chris Slamka, Mike Beaufore, Doug Beaufore, Nick Koenigsnecht, Carl Bashore, Jack Surdenic, Jerry Bashore, John Swanchara, Glen Pline, Eric Black, Ben Swanchara, Ken Swanchara, Pete Kurnez, Kurt Black and Vince Vitek. Managers are Tony Slamka and Wayne Beaufore.

ORIOLES: Bob Boettger, Tim Knaus, Tom Butler, Ken Perry, Mark Sheldon, Alex MacKinnon, Kevin Knight, Doug Roof, Rod Henning, Steve Bissell, Art Brown, Joe Hallenbeck, Mark Barz, Tony Helms and Dave Talaga. Managers are Marvin Bissell and Dale Knight.

YANKEES: Drew Carpenter, Marc Hufnagel, Jim Eaton, Gene Pederson, Tom Hollis, Dick Parker, John Hayes, Dave Isbell, David Lundy, Marc Hurst, Bill Glosowski, Steve Dietrich, Mitchell Hollenbeck and Rick Vorase. Managers are Elton Hufnagel, Don Isbell and Sheldon Parker.

INDIANS: Phil Liszewski, Bob Molinet, Ed Riley, Tom Becker, Kalem Latimer, Ron Prosocki, Greg Harrison, Ken Jorae, Norm Gove, Tom Villarreal, Keith Stork, Ryan Pertler, Rick Springer, Drew Downing and Wayne Fiermoen. Managers are Gerald Latimer and Dennis Springer.

CUBS: Jim Smith, Dave Bradley, Mark Jones, Brian Pertler, Tim Mitchell, Scott Smith, Al Sehlke, Paul Wood, Steve LaDuke, John Chmiko, Jeff Hettler, Earl Flegler, Mark Wood, Bill Nelson and Bob Dimer. Managers are Chuck Wood and Don Matice.

TIGERS: Leonard Malland, Al-

len Bice, Scott Downing, Kurt Hettler, Ed Gursky, Eric Bond, Scott Malland, Duane Morlarty, Tom French, Brian McCarthy, Terry Tucker, Charles Thelen, Mike Stratton, Dave Devereaux and Jeff Livingston. Managers are Dick Wood and Roger Beebe.

SOX: Ray Schueller, John DeWitt, Bob Welber, Bill Thelen, Bruce Kelter, Randy Eberhard, Brad Bolling, Bill Perry, Rick Bolling, Ron Baillinger, Jim Lynch, Pat Thelen, Keith Haske, Jerry Morlarty and Larry Frasure. Managers are George Eberhard and Roger Shutes.

2nd LL circuit may be formed

A second circuit of Little League teams may be formed this summer and play on the new Jaycee-Little League diamonds on the south edge of St. Johns.

Jack Downing, president of the Little League, made the announcement after coaches and managers of the eight teams in the original league made their draft selections last week.

The new league of possibly four teams would be formed from players who tried out the existing teams but were not selected for them. Those boys, Downing said, should report to the St. Johns City Park diamond next Tuesday night, June 18, for further tryout and division into teams.

The new Little League would play on the new diamonds south of Townsend Road on property owned by Bernard Feldpausch. Downing said the stand of grass is not in the best of condition but he thinks it will be good enough to play on this summer. The season will start several weeks after

the original league.

The tryouts for the new league will start about 6:30 p.m.

At 7:30 all boys interested in playing in a Pony League on Tuesday and Thursday evenings at the city park diamond are asked to meet.

Downing said assistance is still needed from adults in the form of managers, coaches and umpires, especially in the Pony League.

THURSDAY NIGHT LEAGUE—
T. Lewis 43 and S. Sipkovsky 37 beat M. Richards and S. Richards; G. Schoendorf 40 and P. Schueller 39 beat B. White 68 and P. DeCamp 44; L. Slim 47 and D. Strouse 49 beat G. Meredith 50 and P. 20th CLARK REUNION

Mr and Mrs Don Clark hosted the 20th Clark family reunion Sunday at their home on Ridge Road. There was a potluck dinner at 1:00 after which there were games for the children and visiting among the adults. There were 49 in attendance from Houghton Lake, Ohio, Montrose, Alma, Eureka, Maple Rapids and the Elsie area. Those from this area who attended were Mr and Mrs Earl Clark and family, Mr and Mrs Ivan Clark and Mr and Mrs Milford Clark of Elsie.

West Elsie extends congratulations to the 1968 graduates of the Ovid-Elsie High School.

Mr and Mrs Marshall Lowrey of Barryton were callers of Mr and Mrs Judd Jackson and Mr and Mrs Frank Watson of Shepardsville Road Thursday evening.

Mr and Mrs James Shepard arrived from Des Moines, Ia., to attend the wedding of her brother, Phillip Grubbaugh. The Shepards plan to make their home now on Maple Rapids Road, R-1, Elsie.

Mrs Nora Clark and Miss Irma Clark of DeWitt were Monday morning callers of Mr and Mrs Donald Whitaker of Ridge Road. Mrs Clark, mother of Mrs Whitaker has just recently returned to her home after a ten day stay in the hospital.

Mr and Mrs Raymond Thornton and Margaret of Shepardsville Road and Mrs Charles Franke of Durand attended the graduation exercises at Central Michigan University Saturday morning of their daughter and sister, Betty Jane Thornton. She received her Bachelor of Science degree.

T.C. Thornton of Colony Road has returned to Clinton Memorial Hospital St. Johns after being home one week. His room number is 205.

Mr and Mrs David Peabody of Shepardsville Road spent the week-end at Torch Lake. They visited Mr Peabody's uncle, Lee Wheeler, and other relatives.

Mr and Mrs Robert Oberlin and family of Maple Rapids Road spent the week-end at their cottage at Chippewa Lake and attended a fortieth wedding anniversary party for their neigh-

2 SCHOOL CUSTODIANS RETIRE

Two long-time custodial men with the St. Johns Public School are retiring this year, and many of their co-workers honored them last Thursday with a dinner at the L & L Restaurant and presented them with retirement gifts. Charles Stevens (standing second from right) with 20 years of service and Bill Puetz (third from right) with 16 years were the honorees. Others at the head table were Administrative Asst. Steve Bakita (left), Supt. Earl Lancaster, Custodial Supervisor Lawrence Fish, Mrs. Puetz, Asst. Principal Duane Wirrick, Principal B. Stanley Pocius, and Mrs Stevens.

Miss Nancy Thornton, daughter of Mr and Mrs Norval Thornton of Shepardsville Road was promoted to her Senior year at the St. Joseph School of Nursing at Flint Saturday evening where she received her Black Band. Nancy has returned home for the summer.

Master Johnny Hill son of Mr and Mrs John Hill of Elsie spent Saturday and Sunday with his grandparents, Mr and Mrs David Peabody.

Mr and Mrs Robert Oberlin and family attended open house Sunday afternoon for their nephew David Bernath son of Mr and Mrs Joe Bernath of Bannister. David is a 1968 graduate.

Open House was held Sunday from 2 to 5 o'clock for Richard Eastlick son of Max Eastlick of Hollister Road. Among those attending were an aunt Mrs Ann Code and daughter Shirley who flew in from Mt. Prospect, Ill., to attend the event. Richard is a 1968 graduate of the Ovid-Elsie High School.

Proceedings of the Clinton County Board of Supervisors

TUESDAY, APRIL 16, 1968

The Clinton County Board of Supervisors met on the above date at 10:00 a.m. Prayer was offered by Supervisor Setterington. A Pledge of Allegiance was given to the Flag. Roll was called and a quorum reported. Minutes of the last meeting were read and approved.

Communications were read. A request for increased contribution from East Michigan Tourist Association was read. A letter from William Nicholas, Justice of the Peace, concerning a claim for pigs killed by dogs, a claim previously denied, was referred by the Chairman to the Agriculture Committee to consult with the Prosecuting Attorney on legality of the claim.

Gordon Wilyoung, Friend of the Court, presented and explained his Annual Report. Moved by Shepard, supported by Norman Thelen, to take from the table for consideration the Friend of the Court's Report. Voted and carried. Moved by Shinabery, supported by Walter Thelen, to accept the report as presented and to place on file. Voted and carried.

1967 ANNUAL REPORT, FRIEND OF THE COURT'S OFFICE

The following is a report from the Friend of the Court's Office, for the year of 1967, compiled for the Clinton County Board of Supervisors. This report is only a part of our operation, which deals in the collection of child support monies for the minor children involved as a result of divorces.

A full time Friend of the Court's Office was opened in October of 1963. The total collections for that year were \$164,000.00, an increase of \$33,000.00 over the previous year. In 1964, collections totaled \$215,000.00; in 1965, \$299,000.00; in 1966, \$309,000.00, and in 1967, \$343,048.00.

The increase in collections since this office opened is in the amount of \$212,000.00. This has been due largely to our rigid enforcement of the Court's Orders.

During 1967, this office issued 8,706 checks and a like number of receipts, giving us an average of 726 per month. This is an increase of 2,621 checks since this office was established.

There were 165 Show Cause Orders issued, also a sizable number of Bench Warrants. During the past year, many cases were settled by this office without formal Court hearings, thereby saving the County additional expense of Court proceedings.

In each case, an Annual Fee is collected by this office and transferred to the County General Fund to help provide enforcement of the Court Orders. This fee amounted to the sum of \$2,590.00.

I'd like to call the attention of the Board of Supervisors to the following changes in the new laws which are in effect this year:

1. The Annual Friend of the Court Fee has been increased from \$10.00 per year to \$18.00 per year, payable semi-annually.

2. It is now the duty of the Friend of the Court to review divorce cases every two years in regard to the father's income, to ascertain if there has been an increase sufficient enough to petition the Court for an increase in child support payments.

At the present time this is impossible to do with the present staff.

Respectfully submitted,
GORDON L. WILLYOUNG
Friend of the Court

Donald Haske, County Road Engineer-Manager and Robert Eldridge, Road Commission Clerk, appeared and presented the Board with the Annual Report of the Road Commission. Mr. Eldridge, explained the report and answered questions on the same. He commented favorably on the Township contributions to the road program and also the prompt payments thereof. Mr. Haske, then spoke briefly on progress and plans for road improvements for the current year. He stated that increased cost and wage increase would offset any increased revenues.

Moved by Gove, supported by Underhill, to accept the report and place on file. Voted and carried.

To the Honorable Board of Supervisors of Clinton County, Michigan.

Pursuant to Act 51 of the public acts of 1951 as amended, we respectfully submit to the Board of Supervisors and the people of Clinton County this 48th annual financial report for the calendar year of 1967, showing monies received and disbursed and statements of maintenance and construction on roads under jurisdiction.

COMMENTS ON THE 48th ANNUAL REPORT FOR 1967 CLINTON COUNTY ROAD COMMISSION

Although Motor Vehicle Highway Funds received this past year were up slightly over \$22,000.00, total revenue receipts were lower than a year ago. This drop in income is accounted for by a greatly reduced Federal Aid Secondary program and by a decrease in Township Contributions. Had we been able to better keep our local road construction commitments to the Townships, this latter decrease would undoubtedly not have occurred.

An increase over 1967 of just under ten per cent is anticipated in our Motor Vehicle Highway Funds for 1968. Our labor cost hike of over 11 0/0 for this year will take a substantial portion of this increase and rising material costs will probably offset the balance so there really will be no effective increase in funds.

It is the hope of management that we can materially change the ratio of construction and maintenance costs in the future from this past year's 25% - 75% to the desired proportion of 50% - 50%. If this can be accomplished, the available money will show results more nearly in line with that expected of the Commission by the public.

Supervisor Shepard, reporting for the Equalization Committee, presented the Equalization report. Moved by Shepard, supported by Sirrine, to adopt the report. It was then moved by Norman Thelen, supported by Walter Thelen, to table the report. Voted and carried.

Supervisor Shepard, reporting for the 6th District meeting and a tentative date of June 26 was established. The meeting to be held at Smith Hall.

The Chairman referred making arrangements for the same to Public Relations Committee.

Supervisor Hufnagel, reporting for the Civil Defense Committee, stated that the Director report a probable expenditure of about \$2,000.00 to put into operation a Civil Defense Center.

Moved by Shinabery, supported by Nelson, to take from the table the matter of a supplementary appropriation to Tri-County Planning Commission. Voted and carried. Moved by Coletta, supported by Nelson, to pay Tri-County Planning Commission the additional sum of \$5,880.00. It was then moved by Norman Thelen to amend the motion to pay Tri-County Planning Commission a total amount of \$18,000.00, which motion did not receive the necessary support. Discussion followed. Voting on the original motion on a roll call vote. There were 14 ayes and 4 nays, 3 members were absent. Motion declared carried.

Supervisor Shepard, reporting for the Health Committee, moved that the County pay an additional \$980.00 to complete the Budget request for Mid-Michigan Health Department. Supported by Howe. Discussion followed on a roll call vote. There were 14 ayes and 3 nays, 1 abstained, 3 members were absent. Motion declared carried.

Supervisor Howe, reporting for the Resolution Committee, moved the adoption of the following Resolution which was supported by Nelson.

RESOLUTION OF CLINTON COUNTY BOARD OF SUPERVISORS

WHEREAS, the State of Michigan Administrative Board has been designated and authorized by the House of Representatives to negotiate the transfer of the Capital City Airport facilities as specified in the recently enacted substitute Bill for House Bill No. 4129, and

WHEREAS, it is anticipated that the Senate of the State of Michigan shall pass a concurrent enabling Bill, all in the interest of having the State of Michigan divest itself of said airport business and operations; and

WHEREAS, it is deemed in the best interest of region wide land planning, and for the overall regional needs of the entire community served by the Capital City Airport, that its continued operations and ownership should be by that regional community, namely, Ingham, Eaton and Clinton Counties; and

WHEREAS, it is understood that the Michigan legislature will consider passage of certain amendments clarifications to Act 206 of the Public Acts of 1957 enabling this Act to be the structure under which such a Tri-County Airport Authority shall be formed, and

WHEREAS, should our County not meet this obligation to our respective community, leaving this to any one or more of our neighboring municipalities, this would greatly limit the growth of Capital City Airport. The stifling of this growth would be at the expense of our future needs for increased development, possible only in conjunction with the offering of a first rate air transportation facility; and

WHEREAS, the existing air transportation problems and needs covers all Mid-Michigan airport facilities, and not just the Capital City Airport; and

WHEREAS, committees from each of the respective Board of Supervisors of said Counties have studied and recommended, and have made known the desired intentions of said Boards that such ownership and management of the regionwide aeronautical facilities be conducted through a COMMUNITY AIRPORT AUTHORITY; and

WHEREAS, such COMMUNITY AIRPORT AUTHORITY should be formed of Ingham, Eaton and Clinton Counties; requiring all three of said Counties strength and, full faith and credit, to provide adequate tax base for bond sale support, and to meet the immediate needs of the Capital City Airport expansion facilities required for jet aircraft services to these communities; and

WHEREAS, no one of said communities and/or counties can alone provide enough strength, support or required interest in the long range needs of the Capital City Airport, or for its surrounding airport facilities by the total community served and benefited, and that no single community segment, and or County should have majority control or vote thereof, THEREFORE, IT IS HEREBY RESOLVED, that subject to the enabling legislative amendments to Act No. 206 of the Public Acts of 1957, as deemed required, and subject to adoption of a like resolution by the respective Boards of Supervisors of Ingham and Eaton Counties, Clinton County Board of Supervisors does agree to join with said Counties in the formation of a Tri-County Community Airport Authority for the purpose of taking the ownership, control and management of Capital City Airport, and to promote improved aeronautical facilities throughout the three county area in conjunction with that of Capital City Airport,

AND, IT IS FURTHER RESOLVED, that the Airport Board members to be chosen shall and are hereby authorized to negotiate with the State of Michigan Administrative Board for the transfer and assignment of all existing Capital City Airport facilities, including all of its owned land easements, options, rights of way, and the operating equipment thereof,

Dated, April 16, 1968. The Board of Supervisors for the County of Clinton, Michigan By Walter G. Nobis, Chairman

Ernest E. Carter, County Clerk

Voted and carried by a unanimous vote.

Clerk, Ernest Carter, requesting direction on use and rates for the use of the Xerox machine. The Chairman referred the matter to the Records & Equipment Committee to check and make a recommendation.

Judge of Probate, requests two new desks for the Probate Office, also a request to investigate and to report on replacing the addressograph machine. Both were referred to Records & Equipment Committee to check and make a recommendation.

There being no further business to come before the Board, it was moved by W. Thelen, supported by Kemper, to adjourn until May 6. Voted and carried.

CITY OF ST. JOHNS

Notice of the Passage of An Ordinance ORDINANCE NO. 218

AN ORDINANCE TO AMEND ORDINANCE NO. 141, AS AMENDED PREVIOUSLY BY ORDINANCE NO. 174, ORDINANCE NO. 188, ORDINANCE NO. 189, ORDINANCE NO. 205, AND ORDINANCE NO. 217, REGULATING CHARGES FOR WATER AND SEWAGE DISPOSAL.

THE CITY OF ST. JOHNS ORDAINS:

Whereas, Ordinance No. 217 was enacted on June 4, 1968 and a question has been raised concerning possible invalidity of publication thereof; and

Whereas, The City Commission of the City of St. Johns desires and endeavors to comply at all times and to the fullest extent possible with all the procedural requirements of the applicable laws; and

Whereas a revision of the charges for water and sewage disposal is essential to the continued fulfillment by the City of St. Johns of its commitments under the applicable water and sewer bond ordinances; and

Whereas the City Commission is satisfied that it has validly enacted Ordinance No. 217 and that it has and will have substantially complied with the procedural requirements for publication thereof and with the intent and purpose of the publication requirement, but nevertheless is desirous that all doubt, question and speculation be removed from the enactment of said revised water and sewage disposal charges and this matter be put at rest.

Now, Therefore, Ordinance No. 141, as amended previously by Ordinance No. 174, Ordinance No. 188, Ordinance No. 189, Ordinance No. 205, and Ordinance No. 217 is hereby amended as follows:

SECTION 1. AMENDMENT. Subsection 1 of Section 10 of Ordinance No. 141, as amended, is hereby amended to read as follows:

Most departmental budgets cut sharply by city austerity

The sharply curtailed city budget of \$888,300 for 1968-69 will affect all departmental budgets, and all about equally. Here's a summary of each:

ADMINISTRATIVE EXPENSES: The new budget anticipates \$199,080, including \$55,000 for general obligation bond expenses. The other administration is \$144,080, compared to \$135,640 on the listed budget for 1967-68. The new amount includes not only salaries (\$48,000) but such things as office equipment, workmen's compensation, social security, elections, publications, supplies, etc.

FIRE DEPARTMENT: The new budget allows for spending for \$34,180, compared to \$39,040 on last year's budget. Salaries are anticipated at \$14,800, equipment rental at \$7,800, hydrant rental \$5,000, and other expenses such as supplies, repairs, utilities.

STREET DEPARTMENT: \$107,100 is budgeted for 1968-69, compared to \$180,196 for 1967-68. Almost \$70,000 of the new amount is for street and road work "which must be done to continue getting Act 51 moneys" from the state, City Manager Ken Greer said. The budget calls for at least four less employees than last year. "To further reduce this department by two men would

curtail it to the point it couldn't do the necessary work, and we would thereby be reducing our revenue (from the state) in proportion," Greer said.

POLICE DEPARTMENT: This budget of \$59,680 was based on a cut of two officers, which the city commission said will not be done. Last year's budget was for \$66,740. Both budget figures include one-fifth of the cost of operating the municipal building. Of the \$59,680, \$1,800 is figured for school guards, \$4,500 for meter and equipment repairs, and \$1,000 for uniforms.

MUNICIPAL BUILDING: These costs, figured to be about \$12,400 for 1967-68, are divided among five departments and charged equally to all. One employee listed under this department will work three days a week at the municipal building, and one day each at the DPW and water

plant. Last year \$14,700 was budgeted for municipal building expenses.

PARKS AND RECREATION: This budget has been pared from \$48,400 in 1967-68 to only \$10,000 for 1968-69 under the austerity program. Much of the cost is in charges to the account for utilities and repair work necessary. A salary figure of \$3,000 is listed for one employee, but he is only part-time and works the rest of the time for the DPW.

GARBAGE AND RUBBISH DEPARTMENT: Costs are expected to climb a little bit here in 1968-69. The new budget calls for \$40,500, compared to \$39,629 in the last budget.

MUNICIPAL COURT: Here, too, the budget is up—\$25,480 compared to \$20,240 in last year's budget. Included are increases of \$2,000 for salaries, \$1,000 in supplies, \$700 for mis-

cellaneous and \$2,000 figured for jury duty costs. Municipal court also pays one-fifth of municipal building costs. The municipal court may be abolished by Jan. 1 in favor of a district court, but revenue would also stop, City Manager Greer pointed out.

MOBILE EQUIPMENT: This budget is for \$33,700, compared to \$48,000 last year. New mobile equipment this year will include only two new police cars, estimated at \$4,000; last year \$13,000 was budgeted for new mobile equipment. Cuts are also made in new shop equipment, supplies, equipment repair, building repair and gas, oil, etc. Concerning the new police cars, City Manager Greer said "These are safety vehicles used daily, and we cannot postpone their use or replacement until the 1969-70 budget year. These most definitely should be replaced this summer."

Torch wins scholastic press prize

The Wilson Torch, student newspaper at Rodney B. Wilson High School in St. Johns, has been awarded another "first class honor rating" by the National Scholastic Press Assn.

The rating is comparable to an "excellent" rating, according to advisor Mrs. Dorothy Bates, head of the English Department. Mrs. Bates was notified of the award last Wednesday.

It's the second year in a row the paper has won a "first class honor rating." Editor this year has been Sue Warstler, with Mike Galvach and Pat Allan as co-editors.

"I'm real pleased about the award," Mrs. Bates commented. The Wilson Torch was judged on several facets of newspaper work, from headlines to make-up to writing, to content and other areas of production. Mrs. Bates said the paper was judged "very good" or "excellent" or somewhere between in almost all judging categories.

Sub-editors of the paper this year have been: Lorinda Lumbert, features; Don Palmer sports; Sandy Masarik, JV; Sandy McQueen, music; Janet Pewoski, clubs; Jan Leonard, classes; with John Salemi and Terry Harthandling advertising. Junior reporters have been Debbie Witgen, Terry Maier, Patil Zuker and Judy Whitlock.

The production staff included Paul Fox, mimeograph; Pat Fox, sales manager; Dee Ann Gill and Judy Ripple, mimeoscope, and Nancy Ann Locker, treasurer. Head photographer was Ted Loomis, with Jim Parr as junior photographer.

Be a Michigan Minuteman. Take a minute to tell someone about the most famous factory in the world. It's in Michigan.

—It is the Ford Motor Company's giant manufacturing complex along the Rouge River in Dearborn, a factory two miles long and a mile wide, where more than 30,000 people go to work every day.

—Its first buildings were built atop a forest—200,000 piles, each 60 feet long, driven into the marshy bottomland. The piles are still there.

—Steadily from early spring to late fall, the company's own boats bring in 3 million tons of iron ore, coal, limestone, taconite and other raw materials from the Upper Great Lakes.

—Three blast furnaces smelt 4,000 tons of iron daily.

—The Ford Rouge complex in Michigan is the most popular industrial tourist attraction the world has ever known.

While telling someone about the Rouge, invite him to visit it. Free Rouge tours leave the east lobby of the Ford Central Staff Building, Michigan Avenue at Southfield Avenue in Dearborn, between 9 a.m. and 3 p.m. Monday through Friday.

A hot time in the old town

It was plenty hot for everybody Sunday during St. Johns' sixth annual Soap Box Derby. Spectators found the temperature too hot in its meandering between 92 and 97 degrees. The 85 boys who participated found the heat of excitement was worse than anything. But through it all came Kris Patterson, winning five times and edging out runner-up Ronald Droste by two feet in the final race to become the 1968 Clinton County Soap Box Derby champion. He was instantly a hero to all the other boys.

Despite a record number of cars, the derby race went unbelievably smooth and 86 heats of races were run in about three hours time. There was a little bit of everything going on during those three hours, as this page of pictures shows.

On his triumphant approach to the seating area in front of the awards platform, Derby Champ Kris Patterson was hoisted onto a friend's shoulder and given an enthusiastic ovation by the other derby boys.

While boys were on the starting ramps getting ready for the downhill run, other youngsters got final check-ups from sponsors and parents.

Kris Patterson was lifted onto a pickup truck to begin a ride up Clinton Avenue so the thousands of derby spectators could get a look at him.

THOSE WERE HIGH TEMPERATURES . . .

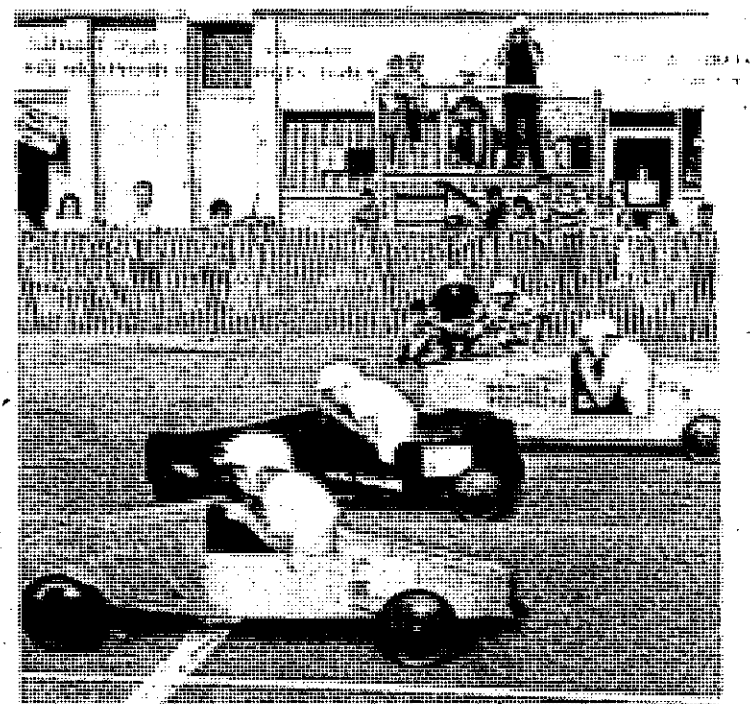

Starter Roger Beebe waves the green flag giving the signal to Lee Pertler (far left) to open the gates on the starting ramp for another heat. Three boys boys raced down the hill in most of the heats, and in all, 86 plus three Powder Puff Derby heats were run in three hours time.

Gail Fosmoe, 13, (center) of St. Johns, was named Miss Clinton County Soap Box Derby Queen Sunday evening during the presentation of awards. Bernard Feldpausch, dealer director, makes the award. Carol Fox (left) was Westphalia's Soap Box Derby queen while Sandra Foersch represented Fowler.

Powder Puff Derby Champ Becky Conley was all smiles when she got her trophy.

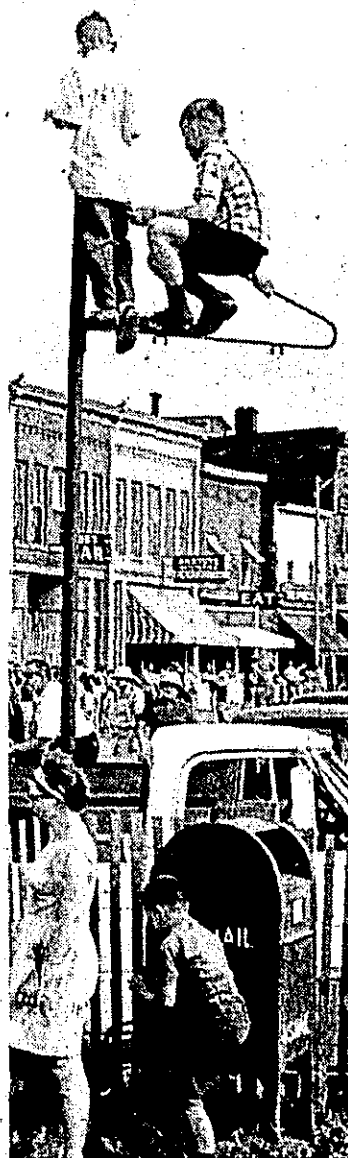

... CLOSE RACES

These are the "spoils," a still-impressive array of Soap Box Derby racers which were larked on the lawn of the railroad depot as each young driver lost out in the races of the day. Only one—Kris Patterson's—survived without a defeat.

Mrs. Mabel Maier, who works in the office at Bee's Chevrolet and has handled derby details for most of the six years, was presented with a plaque Sunday night by the derby committee. Bill McCarthy, derby director, presented it to her.

People watched the derby races from every conceivable angle.

COMMENCEMENT IN 1879 WAS LATER IN MONTH THAN CURRENT CUSTOM
Commencement ceremonies for the St. Johns High School graduating class of 1879 were held much later in the month than is the custom nowadays. Mrs. Henry (Treva Merrill) Smith, now of Pleasant Ridge, Mich., submitted this old commencement program, printed in blue and red, telling of the commencement at the opera hall on June 27 1879. There were seven members of the graduating class: Hattie I. Boyd, Cora Stout, Charles T. Babcock, Mary L. Davies, Alice A. Nichols, James E. Smith and F. Richard Stansell. The last five were on English courses, while Cora Stout had a scientific course and Hattie Boyd a modern language course.

Don't let carelessness spoil your water fun

By HELEN B. MEACH
Extension Home Economist

June is here—school is out and now it's time for some family fun. But wait a minute—don't let an accident spoil the fun at your swimming pool, your farm pond, local lake or favorite recreation spot.

Think safety! The truth is that water carelessness is often overlooked until disaster strikes. There is proof that nearly 7,000 people die from drowning each year; proof enough that safety planning is necessary.

Learning to swim is important, but a conservative

estimate of swimming ability is the best way to cut down on drownings. Although half of those who die from water mishaps are nonswimmers, the other half consider themselves "good" swimmers. Even strong swimmers are subject to error.

The home economists and MSU safety specialists have put together a list of "safety cues" for families planning to build pools and ponds:
—Build a child-proof fence around the water;
—Locate your pond so it will not get drainage from barnyards or sewers;

Pet show and picnic at S. Riley School

South Riley school children with their teacher, Mrs. Tenny, had a pet show on June 4. Kathy Valentine brought her tiger kitten, Joanna Nichols, two yellow kittens, Debbie Lipps, her turtle, Wendell Parkhouse, his pet calf, Pat Turcotte his pony, Tracy, Tom, Jannie Speers, their two horses, Lonnie, Lannie Nemety their dog and Lise Parkhouse her baby kitten. All the children enjoyed a horse back ride later.

The school picnic was held in the evening of June 6 at the school. The older children and fathers played ball and the younger ones enjoyed games. It was an enjoyable evening for everyone who attended.

—Stay away from water during lightning storms;
—Have constant adult supervision for toddlers and small children near water;
—Always have a companion or someone nearby when swimming;
—Think about depth, boat traffic, tides and currents, water cleanliness and lifeguards when deciding whether to swim;
—Be on the lookout for other boats, swimmers, obstructions and bad weather when you're in the water;
—Load a boat no more than the rated capacity and distribute the load evenly;
—When boating or skiing, have everyone wear a life jacket;

—Learn mouth-to-mouth method of artificial resuscitation.

THESE ARE COMMON warnings of water safety, but they can keep fun from turning into disaster. Other precautions are: not diving into shallow water, avoiding going into water when you are extremely tired or hot, calling for help only when you need it, and checking for rocks broken glass and harmful objects in the water before swimming.

Prospective pond or pool-builders should check local and state laws regarding building restrictions and liability, so needed insurance may be arranged before the season starts.

Don't let an accident spoil the summer fun for your family. Today many a politician's train of thought turns out to be an unlimited express.

Hubbardston history 'relives' in pages of new booklet

HUBBARDSTON—The 100-year-old history of Hubbardston is being "relived" these days since publication of an 88-page historical booklet in advance of the community's 100th anniversary celebration June 21, 22 and 23.

"Hubbardston—Yesterday and Today" was authored by Helen A. Cusack, a native of the Hubbardston area, former teacher in rural schools near here and assistant librarian of the Belding Library for the past 20 years.

The booklet reflects on the early settlement of the area in the mid-1830s and then follows through to the early 1850s when Hubbard, Taylor and Co. bought a small sawmill and dam erected on Fish Creek. The town itself was named for Thomas Hubbard, one of the owners.

"The first buildings were erected in 1857, the first post office was established as "Plains" in 1858, and the following year it was changed to "Hubbardston". By 1867, the tiny hamlet had grown to an incorporated village of 1,200, and in 1868, Wilson Homer was elected its first president.

MISS CUSACK'S booklet contains 10 chapters, telling the separate and homogeneous stories of the community's buildings, people, churches and schools and what the community is today.

The booklet is liberally sprinkled with old pictures, as well as a few current ones. Each page is sponsored by various people and businesses in the Ionia, Montcalm, Gratiot and Clinton area. The program for the three-

day anniversary celebration is in the back of the booklet. The celebration will include carnival rides, concession stands, beard judging, games, donkey softball, dancing, fireworks, parade, anniversary queen's ball and a field mass at 1 p.m. on the 23rd.

Miss Cusack's booklet is being sold for \$2. Mrs. Don Martin is in charge of the sales; Harold Cunningham was in charge of printing. General chairmen for the anniversary celebration are Harold Cunningham and Harvey Allen.

LEWIS PLUMBING & HEATING
EUREKA 224-7189

MOSTLY For MEN by CHUCK FLYNN

The word barbecue has a number of meanings and the sensitive stomachs of the American public have long been inured to the chef's interpretation of what "to barbecue" actually stands for. The transitive verb "barbecue" is to:

- 1) Roast or broil an animal whole;
- 2) Prepare meat or fish by broiling, cutting into thin slices and putting into highly seasoned sauce made from the drippings; or
- 3) Prepare sliced or chopped meat with barbecue sauce.

Please note that no definition calls for the application of barbecue sauce during the cooking process. In my experience, basting during cooking and applying sauce after cooking brings forth real barbecue. Sometimes no sauce is needed and that rule is followed in today's cooking adventure, barbecued chicken.

SELECT PLUMP FRYERS (2 1/2 pounds is the ideal size) and have your butcher cut into halves. In planning for guests, you'll be wise to provide a half chicken per person. Prepared in this fashion, the chicken will be consumed at about this rate.

Wash the chickens in cold water and allow to stand while you prepare the baste.

Squeeze six fresh limes and add to the juice enough pepper vinegar to make 8 ounces. In a sauce pan melt two quarters of butter (also 8 ounces). When the butter is melted turn off the heat and add the lime juice and vinegar plus a generous dash of Mei Yen seasoning.

Prepare your charcoal fire and allow it to be well burned down. One of the worst mistakes you can make is to try to broil chicken quickly. It just doesn't work.

Salt the chicken halves lightly on both sides and when the fire is ready, place the chicken cut side down first.

Let the chicken cook for about 15 minutes, then turn and brush on the lime-juice-butter combination. Baste each time you turn the chicken about every 15 minutes. Cooking time should be one hour with your grill about 4 inches from the fire to start.

In the last quarter hour you may wish to lower the grill and turn the chicken more often to assure even browning and to get on as much of the baste as possible. The lime and Mei Yen lend a piquant taste to charcoaled chicken and bring out all the flavor of the fowl.

If you have apple wood available and like a light touch of smoke then place some wood around the edges of the fire while cooking. In my opinion you won't need a barbecue sauce and I don't recommend it for chicken cooked this way.

Serve the chicken with tossed salad, with oil and vinegar dressing, and chunks of french bread.

THE CONQUEST OF FEAR

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

CLINTON COUNTY NEWS
120 E. Walker St. ST. JOHNS Phone 224-2361

One of the earliest emotions a child experiences is fear. And from the first loud noise that awakens him until the moment of his death he knows no day without the recurrence of some foreboding danger.

From the beginning of time religion has been our tested antidote to the poison of fear. In the dark forests of antiquity, on the boiling seas of exploration, in the foxholes of modern strife, men have calmed the body's trembling with the soul's faith. We have faced the unknown, the hostile, through trust in the Known, the Faithful; we have challenged the insurmountable, confident in the power of the Almighty.

How essential, though, that each generation passes on our Faith to the next! Who dares deprive a child of the chance to conquer fear? Who would rob his son's soul of the Christian heritage martyrs died to preserve?

Bring your children to God's House every Sunday.

EUREKA CHURCH HONORS GRADUATES

The 12 and 8th graders of our church were honored Sunday, June 2, at the Eureka Congregational Christian Church. Superintendent Robert Lewis presented each of the honored graduates with a gift. The seniors are: Larry Randolph, Ovid-Elsie; Rhonda Lewis, Sally Dush, Linda Dush and Connie Wakefield, all of St. Johns. Others not present were Joy VanEtten, St. Johns, and Retha Hankey, Litchfield. Eighth graders are: Rita Wickwire, Shelly Amos and Wayne Bishop, all of rural schools. Also Dan VanEtten.

The guest speaker Sunday was Pat Hartley, student of the Owosso Bible College. The Rev. William Moore took part in the services at the Owosso Bible College Sunday. Mrs. Lela Clark, Cheryl Clark and Marlene Snyder sang for the special music.

GRADUATION PARTY FOR LARRY RANDOLPH

Mr and Mrs Dale Randolph entertained at an open house Sunday in honor of their son, Larry, who graduates from the Ovid-Elsie High School June 6. His sister, Terrie, was in charge of the guest book. His cousins, Linda Waggoner and Marlene Moore, registered the gifts, with Gloria Waggoner refurbishing the refreshment table. Serving the graduation cake was Mrs. Elmer Leydorf; ice cream, Mrs. Richard Moore; and the punch was poured by his aunt, Mrs. Gordon Waggoner. One hundred fifty relatives and friends came in to congratulate Larry.

Mr and Mrs Claude Conklin Jr. of Elsie were callers of her cousins, Mr and Mrs Dale Randolph and family on Memorial Day.

Mrs. Blanche Suttin and son, Orrin, and Mrs. Ethel Peterson, all attended the baccalaureate services Sunday at Charlotte. Linda Waggoner spent from Wednesday evening through Saturday evening with her aunt and uncle, Mr and Mrs Dale Randolph, and cousins Terrie and Larry.

Mr and Mrs Gordon Waggoner and Gloria, and Marlene Snyder all spent the Memorial weekend at Houghton Lake with her parents, Mr and Mrs Milford Clark at their cottage. They also visited with cousins from Ohio, at their summer trailer, Mr and Mrs Earle Behner. Also with his brother and wife, Mr and Mrs Howard Waggoner.

Mrs. Hartley Holmquist of Detroit was a Sunday guest of her mother, Mrs. Ethel Randolph. Company during the Memorial weekend at the home of Mr and Mrs LeRoy Hyke were her uncle, Wilber Price of Dearborn, her aunt, Mrs. Charles Whitehead of Detroit, her aunt, Mrs. William Crossley of Webberville, and a cousin, Mrs. Jennie Britten and friend of Lansing.

Miss Barbara Waggoner of Ann Arbor spent the weekend here with her family, Mr and Mrs J. D. Robinson.

Keep It Beautiful

If America hired people for the job, it would take the largest sort of army to keep our country free of litter.

But there's no need to hire anyone. It's a job we can do for ourselves. All of us. Every family that spreads a picnic lunch. Every boatman who cruises the lakes and waterways. Every motorist who uses our roads and highways.

It is the pleasure of the U. S. Brewers Association each year to give its fullest support to the Keep America Beautiful Campaign. Remember: Every Litter Bit Hurts. This is our land. Let's treat it right.

Protect bees; they're valuable

Many pesticides can be just as toxic to honey bees and other beneficial insects as they are to harmful insects.

Since honey bees play a major role in pollinating Michigan crops valued at more than \$80 million annually, it is necessary that we do our utmost to safeguard them from hazardous sprays and dusts, says Dr. Bert Martin, Michigan State University entomologist.

To avoid contamination he suggests that pesticides not be applied during periods of plant bloom. Treatment when bees are foraging in the field may also be dangerous because of wind drift. Bees sometimes forage as far as two miles from the colony, so beekeepers in the vicinity should be notified before spraying hazardous materials, Dr. Martin recommends.

Caution should also be taken in dumping pesticides when spray operations are concluded, he warns.

Certifying deadline June 14

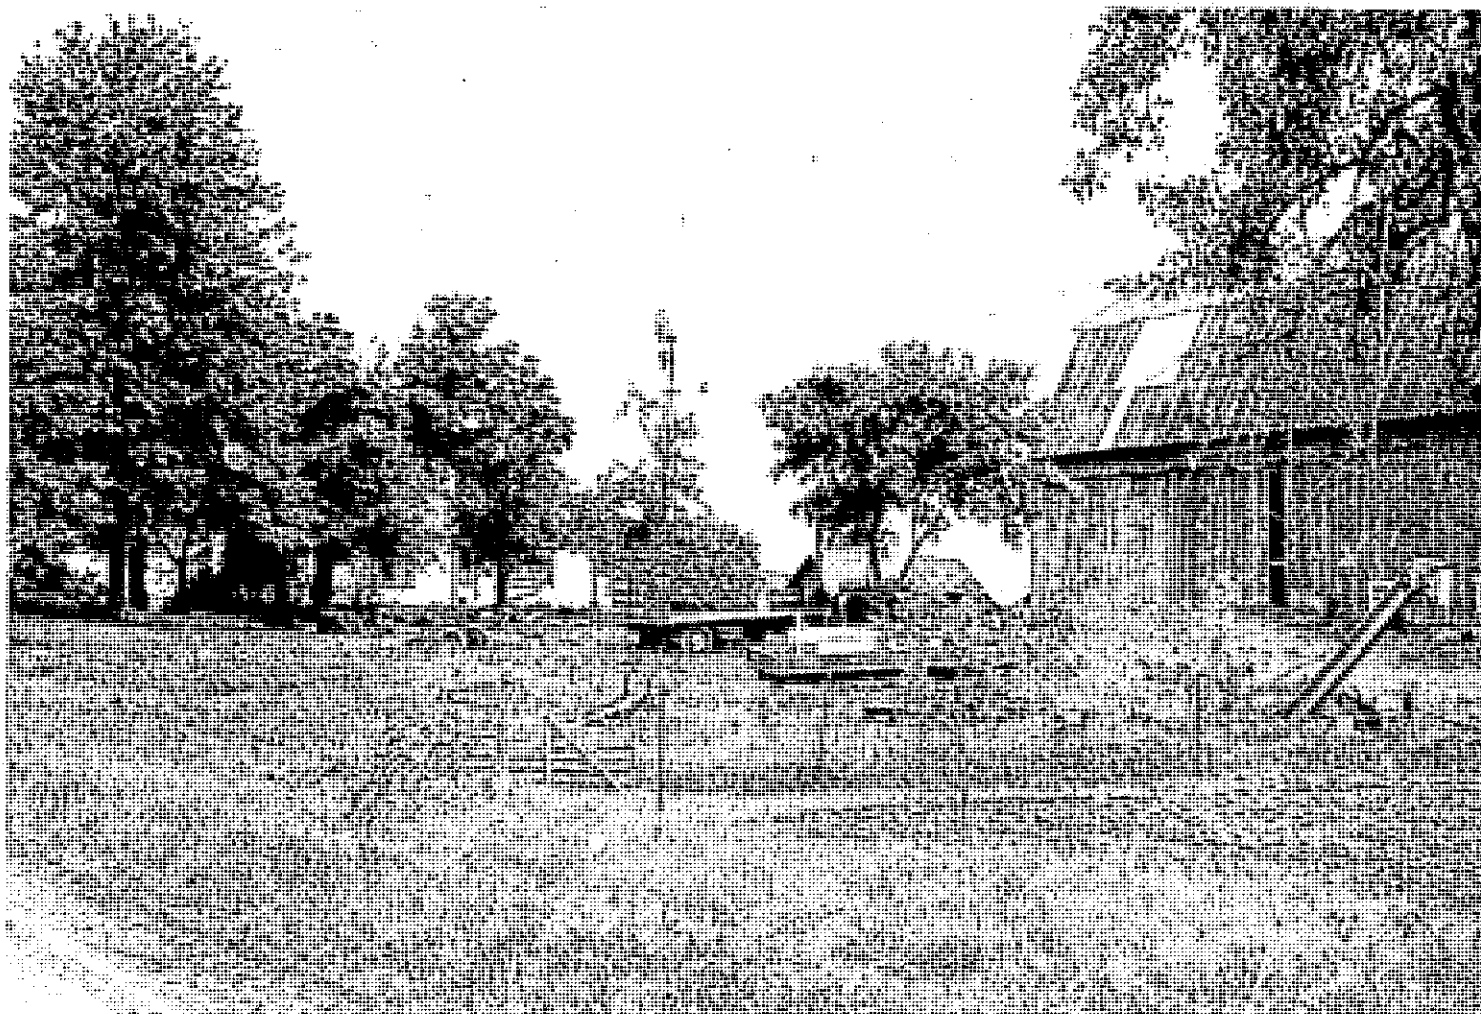

By WILLIAM SMITH
ASC Office Manager

June 15 is the final date for wheat producers who are participating in the 1968 wheat program to certify to their acreage. Failure to report acreage and certify will mean a loss of certificate payment.

Last year the certificate payment was \$1.36 per bushel in our county. July 1 the value of the certificate payment per bushel for 1968 wheat will be announced. We think it will be close to last year's value.

Postcards were mailed out last week to wheat producers who must certify by June 15. Monday morning there were 132 yet to certify. I urge wheat producers to be sure they have certified.

Feed grain producers have until July 15 to complete their certification; however, they can certify feed grain acreage the same time they certify their wheat acreage if feed grains are planted.

NEW CENTENNIAL FARM DESIGNATED IN RILEY TOWNSHIP

A farm owned by Charles M. and Vera I. Rose of 9650 Cutler Road, Eagle, has been designated as a centennial farm by the Michigan Historical Commission. The farm, located in Riley Township, has been in the possession of the family since 1868. It was originally purchased in 1868 by Edward P. Rose, great-grandfather of the present owners, from Edward Dillingham and wife.

Tractor safety can be learned

OVID — The farm tractor is involved in 85 per cent of all fatal farm power accidents, Calvin Moore, president of the Ovid-Elsie Chapter of the Future Farmers of America noted this week.

"When you consider the number of hours that tractors are used as compared to other machines, this is not too surprising," Calvin said. "But it does emphasize the need for learning and obeying safe operating rules."

The Ovid-Elsie chapter is taking part in a nationwide program to prevent accidents with farm tractors. The program is sponsored by the Farm Equipment Institute and the National Safety Council.

As part of the safety program, members of the chapter will try to visit every farm family in the community. They will review the safety precautions necessary for safe operation of tractors and point out that safety is a family responsibility. Safety materials will be left with each family.

CALVIN MADE these recommendations for safe tractor operation:

- * Keep children, and others not working, away from the tractor and other machines.

- * Adjust your tractor speed to conditions and avoid sudden starts and stops when working on hillsides, rough ground, in turns and in most field work.
- * Pull only from the draw bar. Never hitch to the axle housing or other part or the rear of the tractor.
- * Disengage the power take-off before unclogging tractor-driven machinery. Put transmission in neutral and lock the brakes when hitching implements.
- * Keep all safety shields in place.
- * Avoid steep banks. Cross ditches only where the banks are sloped gradually.
- * Use extreme caution in farming hillsides.
- * Fill the fuel tank only when the motor is cool.
- * Carry a fire extinguisher and a first aid kit on the tractor at all times.
- * Always display proper identification to alert motorists when moving farm equipment on roads and highways.

Dr. James Beard, MSU turfgrass researcher, explained that high temperatures can reduce or stop leaf growth during mid-summer. This results in a brown, weak turf incapable of resisting injury from insects, drought, and disease.

Many scientists had believed that growth stoppage of northern cool season turfgrass was caused by exhaustion of carbohydrate reserves. But Beard's research suggests the actual cause involves heat deactivation (breakdown) of one or more enzymes involved in protein synthesis.

"Our ultimate objective is to identify these enzymes which could then be used as 'biochemical markers' in a turfgrass breeding program to help plant breeders select for heat tolerance," said Dr. Beard. "By using these 'markers' as guidelines, we would be able to more quickly determine whether or not a potential new variety has heat tolerance."

Mrs. Anna Alderman is spending some time with her son, Clare Alderman and family. Mr. and Mrs. Jerry Haskins of Saginaw were also guests of her parents.

Mr. and Mrs. Keith Baker and children of Detroit, Lynn Baker and children of Rogers City and Mr. and Mrs. Rex Baker and children of this area helped their parents, Mr. and Mrs. Ralph Baker, celebrate their 50th wedding anniversary. There were 23 for supper and most of them attended church with their parents on Sunday morning. The anniversary supper was on June 1.

Ralph Baker's iris are just beginning to come out. By the end of this week they should be in full bloom. It really is a sight to see. They are a veritable rainbow of colors. Drive by and take a look. He lives on South Shepardsville Road.

Bible school begins at the Shepardsville church next Monday morning. It is a combined school with the Price and Duplain churches. There are classes for children from kindergarten through junior high. Mrs. Donald Temple of the Duplain Church is in charge. There will be more next week about the line-up of teachers, etc. The hours are from 9 to 11:30, Monday through Friday beginning June 10 through the 21st.

Mrs. Marian Orweller and Shirley, Mrs. Pat Greenfield and Todd of Owosso, Mr. and Mrs. Robert Orweller and family and Mr. and Mrs. Eugene Bellenger and family of Elsie, and the Joe Orwellers of Walker Road visited the Hudson Cemetery, then went through the Irish Hills near Jackson. Mrs. Orweller is having a basement sale all this week.

Mr. and Mrs. Carl Bowles and daughter, Jayme Lee and Mrs. Raymond Bailey of Owosso went to Wall's Supper Club in Flint on Sunday for Jayme Lee's 10th birthday. Jayme was presented a birthday cake by the management. Congratulations, Jayme!

Scientists find clues to lawn heat tolerance

Peat and muck crops need 'air conditioning'

Many Michigan crops grown on peat and muck soil have to be "air conditioned" to get best yields.

The reason: surface temperature of the soil can be as much as 25 degrees above air temperature.

Dr. Robert Carolus, Michigan State University horticulturist, helped to develop a system of "mist irrigation" in which tiny crops, reducing the rate of water sprays of water "air condition" loss through the leaves.

"The evaporation of the water from leaves absorbs considerable heat, literally 'air conditioning' the plant cool," explains Dr. Carolus. "Mist irrigation may have to be used daily during hot weather periods, especially when humidity is low and the air temperature gets above 80 degrees."

To prevent water logging of the soil, Dr. Carolus recommends

about 1/10th of an inch of water per hour.

This system of "air conditioning" is especially effective for growing bluegrass sod, carrots, head lettuce, celery and potatoes. Mist irrigation equipment would be used early on small seedlings to prevent burning off, and then late in the growing season to increase yield and quality of produce.

Mrs. Edmund Falk visited her sister, Mrs. Arthur Martens and her niece, Mrs. Melvin Argersinger and family of St. Johns on Wednesday. Mrs. Martens left by plane from Detroit on Decoration Day for California where she will spend a month visiting her two sons, Lloyd and Willard Martens and their families.

Mr. and Mrs. Marvin Evitts, Mr. and Mrs. Erwin Tiedt, and Mrs. Edna Watamaker spent a week ago Sunday with Mr. and Mrs. Fred W. Pasch.

Friday dinner guests of Mr. and Mrs. William Ernst were her sister, Miss Agnes Bearndt and Peggy Lee Mowhatt of rural Lakeview. Friday evening visitors at the Ernst home were Mr. and Mrs. J. D. Bancroft.

How much extra nitrogen does corn need?

This is one of the most important questions you have to answer. It can determine your profits.

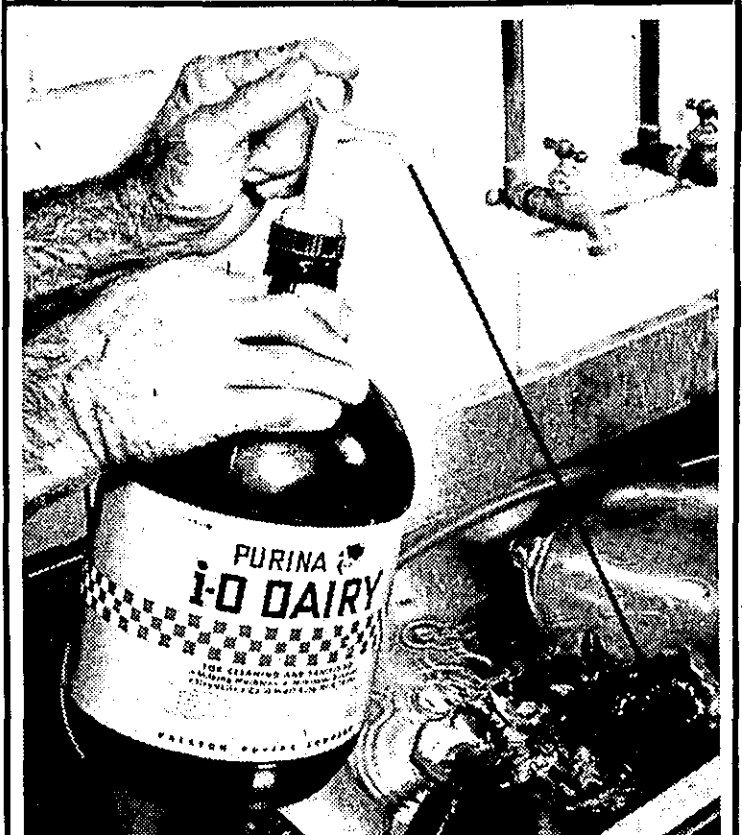

Your Mobil crop specialist is trained to help you come up with the right answer. He looks at your yield goal... your plant population... your previous applications. Then he makes a recommendation for your specific needs.

And, of course, he has all the nitrogen products and applicators you need to do the job right. Why not put his know-how and experience to work on your farm? You'll be glad you did when you see your results at harvest!

Extension 4-H Youth Agent

County 4-H camp reservations are being received for the 4-H Camp at Barry County from June 24 to 28. A new state law requires all campers to have a TB skin test within 90 days prior to camp time. 4-H members who plan to attend camp should stop by the county health office on Monday, June 17, between 10 a.m. and 12 noon or on Wednesday, June 19, at the St. Joseph Church from 1:30 to 4 p.m. These tests will be given by the county health clinic personnel at no charge to the youth; they take only a couple of minutes.

Members 14 and over taking the food projects should plan on attending the area food project tour on Friday, June 21, starting at 9:30 a.m. at the television station WJIM in Lansing. They will observe a food program being televised, then visit the Case dormitory at MSU and the food receiving facilities for the MSU campus. If the members and leaders have not made meal reservations yet, they can still attend and secure their meal at other university food facilities.

This Friday, June 14, the 4-H softball league games will start at 7:30 p.m. with the following schedule:

White League—Bengal vs Olive 4-H at Harper School; Olive 4-H Girls vs Victor Girls at Al's Field; Charlie's Gang vs Prairie at Umbra Pierce's; Fowler Busy Bees vs Victor at the Fowler Athletic Field. Green League—Stoney Creek vs Prairie at St. Johns main field; Olive 4-H vs Charlie's Gang at St. Peter & Paul Lutheran Church Field No. 1; French's Corners vs Victor at Victor.

On Tuesday, June 18, the Teen Leaders will play French's Corners at the French School Field.

The Olive 4-H Club officers attended the Victor 4-H Club meeting on June 11 as part of the club exchange. The Victor Club officers attended the Olive meeting on June 4. Twenty-one members helped clean up the softball diamond at Al's Field for the coming season. Project meetings held so far in June include: gun safety on June 6, Frank Plaza's, rabbits on June 7 at Virginia Davis', and beef on June at Orvest Davis'. Other meetings to be held include rocks and minerals, 7:30 p.m. on June 12 at Dan Haviland's, dairy on June 15, 4 p.m. at Dale Haviland's, and vegetables on June 25, 8 p.m. at Simmons school.

The Nimble Fingers 4-H Club members discussed the County Conservation Fun Day as well as other county activities. "Swish, Swoosh and Oop!" was the title of an entomology demonstration by Lori McQueen. Illustrated talks were given on "How to Plant Flowers", by Diane Kanaski; "Preparing to Bake a Cake" by Donna Birdsey; and "How to Buy Fruit" by Julie Pung. A safety program was given by Joann Kanaski on "Safety in the Water"; and Bonnie Pung on "Safety in the Car".

Apply weed killers when soil is moist

Chemical weed controls are most effective when soil is moist at the time of application. Robert E. Lucas, Michigan State University soil scientist, says this is especially true of chemicals such as CIPC, Vegelex, Sinbar, Dinitros and others. "In fact," he says, "instructions in the weed control folders often state, 'Irrigate after application.' Some report, 'only effective when applied to moist soil.'"

FFA plans crop demonstrations on land lab

Numerous crop demonstrations are scheduled this summer by the Pewamo-Westphalia FFA. The land laboratory is located near the high school.

Fifteen experiments are planned with corn and soybeans. New corn varieties to be tested on six acres are Garbo, Pioneer Funk's, PAG, Northrup King, Wolverine and Acco. Primaze, 2-4-D, Ramrod, Horox and Atrazine will be the herbicides to be used in tests against cultivation. In the soybean trials, inoculated soybeans will be tried against non-inoculated soybeans. The soybean plot consists of two acres.

All corn and soybeans were planted in 30-inch rows with about 30 pounds of 6-24-21 starter fertilizer applied.

When the corn rows are at least one foot high, 110 pounds of anhydrous ammonia will be knifed in between the rows.

6 Hillsdale farms on state tour

HILLSDALE—Six farms have been selected for the 1968 State Farm Management Tour in Hillsdale County Aug. 1. Albert T. Hall, Hillsdale County Extension agricultural agent and tour chairman, reported that these farms would be open for inspection during the morning of the tour.

Charles Ames dairy farm; Frank Green orchard; Charles Zeller poultry farm; Walgustree farm, managed by Glen Wonders; William Haywood cash grain farm; and Robert Cooper's Lake Merry recreation farm. A livestock farm may also be included. Special programs will be held at each of these farms to explain the operations.

At noon, all tour visitors will

converge on the Hillsdale County fair grounds in Hillsdale for a luncheon and to view machinery exhibits.

In the afternoon, discussion sessions will be held at the fair grounds on several phases of farming including the different farm operations visited during the morning.

A special afternoon session is being planned at the fair grounds for the women visitors.

Hall said several committees are at work making preliminary plans for the tour; an annual event sponsored by the Cooperative Extension Service of Michigan State University.

Tornadoes and winds which buffeted Topeka, Kansas, and vicinity in June, 1966, resulted in the year's costliest insurance catastrophe, according to the Insurance Information Institute. The storm inflicted \$58 million in insured property losses, damaging or destroying 3,755 dwellings, killing 16 persons, and injuring 406.

Gehl 72

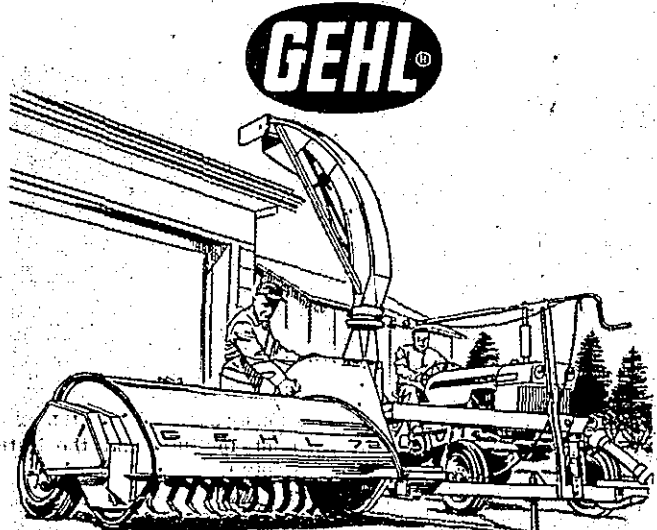

never quits till you do!

The Gehl FC72 Flail Chopper out throws 'em all... even in heavy, wet crops. Right now thousands of FC72s are out there cutting a big 72-in. swath — close and clean — in the heaviest crops. Throw power? The Gehl 72 breezes right through rain soaked, dew laden forage. Here are some of the reasons why:

39 Reversible Flails give you a full 6-ft. cut. Razor-edged, double-edged... for double chopping life. Mounted in gangs of six and seven for quick switching.

Powered Double Chopping lets you cut short and fast. Your crop is flail cut, then augered to the unitized fan and knives... cut again against an adjustable shear bar and blown to the wagon.

Easy-Swing Drawbar adjusts from your tractor seat. Change to any of four positions... three offset and one for transport, with the pull of a rope.

A kid's got a right to some privacy too.

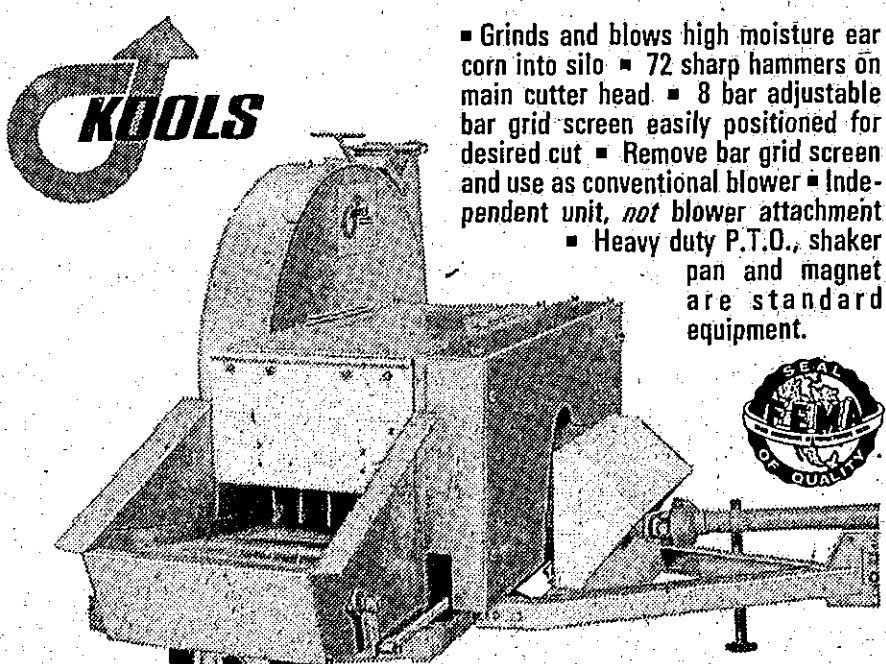

If your kid's been hiding out lately when he gets on the phone, take the hint. There are probably some things he'd rather discuss without an audience around. And he's entitled. After all, asking a girl out at his age is hard enough. But when the whole family's listening in, a guy could freeze. Help loosen young Don Juan's tongue. Get him an extension phone for graduation so he can have his tête-à-têtes without feeling self-conscious.

Extension phones for graduation by General Telephone.

One call to your General Telephone business office takes care of the whole thing. We play up the gift idea by sending out a miniature toyphone with a gift card first. That's just to let him know the real phone is on its way. When a kid feels you don't want to listen in on all his private conversations, he's more apt to tell you about them. An extension phone gives him that choice.

Meter suggestion deserves some study

We have always been a firm believer in using correctly what you've got. Don't buy something unless you're going to use it. The same applies in lawmaking; if you're going to pass a law, make sure you enforce it.

St. Johns has had parking meters on its streets for a number of years. A lot of them are getting old and are not working properly. The city, in its current financial crisis, says it's costly in both money and time to fix these up and to enforce the parking ordinance.

At last week's city commission meeting, Cliff Minier, a resident of the city, suggested a means of making these meters do the job they were intended to do. It's a logical suggestion and one which deserves more commission consideration.

The suggestion is that the city hire a retired person or persons to work on the enforcement of metered parking and even on the repair of faulty meters. High wages would not be a problem because these people don't usually want to make very much or it would cut into social security benefits. The time factor would not be too much of a problem, either, because a lot of retired people would have ample time to spend just to have something to do.

Minier believes the low investment in cost by the city would be greatly overcome by increased revenue from parking meters and parking fines and would produce some much-needed funds. It would also keep traffic more fluid so that parking space would not be so difficult to find.

Wage increases are out-of-hand

Keeping up with the Joneses has always been an American way of life, but anymore we seem to be always trying to go one up on the Joneses. That's where the "grab-what-you-can-get" philosophy is developing.

Skyrocketing costs of doing anything today have gotten Americans in a real bind—individually and collectively. That's why schools are asking for more money, and that's why city government can't provide the same services for the same tax rate.

We're no economics genius, but it would appear that a lot of the cost increases can be traced back to wage demands by workers, either directly or indirectly. If the cost spiral upward is ever to stop, some brakes are going to have to be placed on wage demands.

Huge increases in pay at every turn can't be justified anymore. The time has come for laws to slow this spiral down to a crawl, along with a freezing of prices. America could use this breather. We're getting winded trying to keep up with the Joneses and the ever-increasing costs that go with it.

Letters to the Editor . . .

Must all help regain national sense of balance

Dear Editor:

On Thursday, May 30, I accompanied a Cub Scout den in the St. Johns Memorial Day parade. Many participants and other citizens gathered at the cemetery for the Memorial service. As the wreaths were placed, the rifles fired and Rev. Church III spoke, I was greatly moved and felt a deep sense of pride in my town and country. Remembering, as the sacrifices of my forebears were mentioned, I acknowledged the challenges facing our nation and took heart, feeling a sense of confidence in our ability, as a people, to solve the gigantic problems facing us in the area of race, education, government and freedom.

Then, last Wednesday and Thursday, the confidence, pride and spirit was replaced by agony as I heard the unbelievable story of the murder of Senator Robert Kennedy. My mind recalled only too painfully the murders of President John F. Kennedy and Dr. King.

How in the name of God can these things be happening in what we sing of as "Sweet Land of Liberty"?

Indeed, how can we have any pride in our land so long as men are not free to walk the streets of every city in safety; when men, age denied their rights as ordained by God because of their skin, language, region or religion; when groups and sects arm themselves and openly practice techniques of combat to be used against their neighbors; when the rights of an individual are held supreme over any responsibility he has to his fellow men?

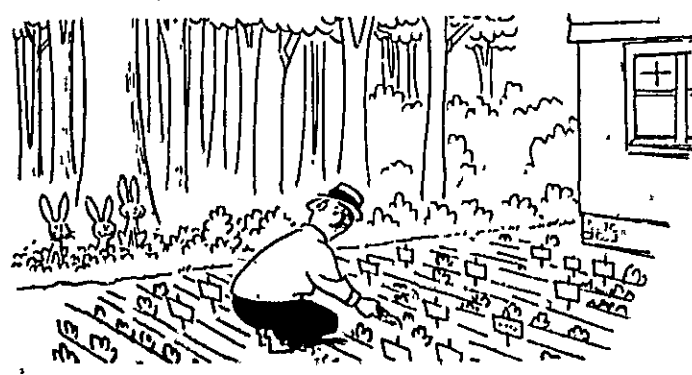

When our sons ask us what it all really means, we have been taught to answer something about personal character, integrity and a Christian attitude toward our fellow men, but these days, the degeneration of our society is almost measurable. The bickering, negativism and just plain hate are so often openly and defiantly expressed.

In my opinion, there is just a matter of degree between the murder of a U.S. senator by a Jordanian inflamed over a speech favoring Israel and one person hating and defaming a neighbor over his position on a school bond proposal or city government policy.

Is there still time for you and me to do what we must to save our republic from disaster and chaos, or shall we set our sails for the islands of Nirvana, in hopes of leaving our problems behind? I'll cast my lot on doing what I can to help regain our national sense of balance. I hope that for the sake of my children I am not making a terrible mistake.

Supervisors position to change greatly

For the first time since Michigan statehood, the county supervisors will be elected this fall directly to the county boards from their own districts.

Dr. Alvin E. House, agricultural economics extension specialist at Michigan State University, says the new supervisor position is going to have new characteristics and prestige.

The authority on public policy and local government from MSU explains: "The board will not be made up of members who are also township board chairmen, tax assessors or city officials. The make-up of the boards will probably hasten the trend toward handling over administrative details of county government to specialized administrative officials."

"Boards will spend more time considering alternative parts of comprehensive development plans for their areas. This should make the position more attractive to local leaders who desire to serve their community, but heretofore have not had the time or interest to serve under the old system."

"State and federal government agencies are increasingly looking to county govern-

as the key local programming link in the chain of governments," adds House. "County government is taking on functions of true area government. It is the only government jurisdiction we have which collectively covers the entire area of Michigan."

"This is vitally important to problems of regulating and serving communities which spill over boundaries of dozens of local government jurisdictions within the county." The MSU specialist says, "It has been almost impossible to get all cities, townships and special districts to work in concert to solve urgent total community problems that cover several counties. Under the new setup, county boards, working individually and in groups, can become full partners with state and federal agencies in developing the kinds of communities the people desire."

Under the present timetable candidates for the new position must file by mid-June unless some extension of time is granted, House explains. Some counties may be held up by legal questions, but the courts could allow the majority of counties to proceed to carry out their board reorganization plans.

Put the Brake on Careless Driving

'IF IT FITZ . . .

No progress report

Who cares if I can't put the two dots over the o, I will write about Wort anyway.

Wort is a dinky village in Germany, just across the Rhine from France. I was there for awhile 23 years ago. On a village limit sign, Wort was spelled with a prone colon (:) over the o. There is no prone colon on my typewriter. I suppose I could use two periods but how would I get them decently above the o? And even if I did accomplish the prone colon with my typewriter, how would the linotype and IBM operators reproduce it in newspaper type?

It boggles the mind. It is better that I simply ask you to imagine a prone colon over the o in Wort. OK? If your imagination is weak, feel free to use any of these . . . Just cut them out and paste where needed. Now let's get on with it. . . . (Don't use those)

What I want to say about Wort isn't much. I was there toward the end of World War II as an inadequate replacement in the 12th Armored Division. I was an asst. half-track driver which meant I washed it. I was supposed to be a clerk typist, and later I became a chaplain's assistant, so you can see what kind of a fighting tiger I was. To become one of the boys, I compensated. I swore a lot and swiped eggs from farmers and was careful how I walked. The first time I got drunk was in Wort, but why not? My home there was in a tavern.

CONQUERING soldiers moved in where they pleased and worried little about where the displaced enemy might go. My company took over the town's only beer garden. Up stairs it was a make-shift garment factory where women had made uniforms. Two dozen sewing machines were lined up like school desks in one big room.

The tavern keeper and his family had lived on the job. There were five nice bedrooms scattered about the building. I remember clearly because, as one of the new guys, I didn't get a bed. I spread my sleeping bag behind the bar which, honest, was bone dry. Thirsty troops had preceded us.

Thirsty troops who had done their job—killing and destroying. The evidence of their skill could be seen in the occasional charred German tank and in the ruined city of Munich not far away. This evidence could also be seen in the eyes of the people of Wort. I avoided their bitter glances, but I felt them. I kept wondering which of them had to move out of the tavern building because I had moved in.

There were almost no young men in Wort. Just old men and women of all ages. And little children who snatched your butts and stood beside the garbage cans and silently begged you to scrape your mess kit into their tin cans.

I thought of Wort the other day while reading about the town of Ben Tre in South Viet Nam. It was 85 per cent destroyed by America's big guns, bombs, rockets, and napalm. Our officers admitted the heavy attack "probably contributed to the deaths of at least 500 civilians and possibly 1,000."

How many children? I wondered. And how many bewildered, frightened kids survived the vicious attack and are now wandering, wondering what happened to their parents?

In my darkest moments, I can wipe from my mind the thought of the young soldiers dying, our and theirs. While siding with the doves, I can almost hope the hawks are right so there might be some justification for the terrible losses.

But at no time can I forget the children, the children. Dead, hurt, bleeding, abandoned, orphaned, hungry. I read about the children of Ben Tre and I think about the children of Wort.

The dots over the o in the Wort village sign might not have been a prone colon. They may well have been bullet holes. Such a thing couldn't happen today. Civilization has made great progress since I was 18 years old. Our weapons are much more sophisticated.

On the edge of the village of Ben Tre, there is probably no sign left at all.

RAMBLIN' WITH RINK

The mow-mow philosophy

By LOWELL G. RINKER

The mower clattered to a stop at the end of a long sweep down the length of the back yard. I flicked a few drops of perspiration from my forehead.

I felt uneasy. Ann was sitting in the lawn chair sipping down a knickknack self-preparatory to rehashing it. But I had a feeling someone else was watching me, and that was what made me feel uneasy.

As I turned to face the evening sun and begin another swath through the back yard grass I saw the culprit. Our dog, Button, was sitting rather dejectedly on the concrete patio next to the garage eyeing me rather disapprovingly.

Her eyes seemed to say "What an utterly silly thing to be doing on a hot evening. Why struggle back and forth through the grass when you'll be doing

the same thing again in a couple of weeks?"

I felt compelled to put the dog's mind at ease, so I set the mower aside, flopped on the ground and called the dog over. She seemed anxious to hear an explanation.

"YOU SEE, Button, Ann and I try to keep the grass trimmed and looking neat for a number of reasons," I began. "First of all, for yourself, the short stubs of grass make great back-scratchers when you feel like getting out here and rolling around. And if it was tall grass you couldn't have a good run around the yard without getting tangled up and getting lost in the high weeds."

The dog lowered herself gently into sitting position, still gazing intently into my eyes. I knew I had captured her attention.

COMMENTS FROM OTHER PAPERS

TOWANDA, PA., REVIEW: "Millions of Americans who expected to become millionaires have not made it, to the disappointment of the income tax collector."

PORT GIBSON, MISS., REV-ELIE: "There is one thing in this country that hasn't changed, for which we can be truly thankful, and that is an elector can go in a voting booth, and mark his ballot without anyone having to know for whom he voted. Let's be sure we keep this most important phase of our democratic process."

OCALA, FLA., STAR-BANNER: "When the American Bar Assn. starts tampering with the free press of this nation, it is imperative that the press speak out in strong protest. Defense attorneys obviously are concerned, and should be, about the constitutional rights of their clients. They do not want anything printed that conceivably could prevent a defendant from receiving a fair trial. But then neither do the newspapers. Dedicated newsmen are just as anxious to assure a fair trial for all defendants as are their attorneys. An important factor is that once the Bar succeeds in telling the news media just what information it can and cannot have for the public's use, the

next step could be a complete blackout of pretrial information, including the arrest of an individual. The free press of this nation has done more to achieve and preserve democracy than any other element of society. It is determined that there shall be equal justice for all with a fair trial. It is also determined to oppose those who would restrict the people's right to know what is going on at the jail or in the courtroom."

GILLESPIE, ILL., AREA NEWS: "If there is anything the federal government cannot stand, it is efficiency, therefore they are proposing Electric Power Reliability Act, under the Federal Power Commission. The name itself is a misnomer, as once it is under government jurisdiction it becomes anything but reliable. We expect much from power companies in our everyday living, at home or at work, without giving much thought to what makes them so efficient, their necessary ability to plan ahead for growth over a span of years without an interruption or letup in service. The engineers responsible are area men, who know their territory and its potentials. Could it be handled better by a bunch of bureaucrats from Washington, who could care less whether we had electricity or not?"

"Besides," I continued, "keeping the grass trimmed has certain community values for us humans. If everyone let their grass get tall and go to weeds, they probably would let other aspects of their homes and lives go to weed, too. "The national morale would decline. Crime and corruption would become commonplace, and no one would care. The nation would go to pot. Businesses would not give a hang about their customers, and soon they would go out of business. And some of those businesses, Button, would be the dog food manufacturers."

I PAUSED TO see if the dog was still with me. She was beginning to glance around, looking for something else to do. I decided to try the positive approach.

"If on the other hand I kept the yard mowed and looking halfway decent, others would do the same. And we would take some of the pride we created and use it in other phases of our lives."

"We'd work hard and be proud

of our achievements. We would all work for quality in the things we do, and our family, community, state and nation would benefit from the effort. Business would flourish, not from the quantity of items sold but from the quality and the higher prices people were willing to pay. Even dog food would be better, because the manufacturers would care about their customer-eaters."

"AND BUTTON, this could be directly attributable to the fact that those people kept their lawns mowed; they CARED, cared to keep up with the Joneses, who kept up with the Smiths, who kept up with the Rinkers. So you see, this mowing tonight is not just time-wasting; it has national importance that could be keeping this nation together."

But I was talking to thin air. The dog was rapidly departing, her tail between her legs. It seems that some kinds of logic just goes over the heads of dogs.

Legislator's license

By W.E. DOBSON

Here's to the life of the legislator
He hasn't much to do,
He gets up when he's ready
And he eats till he is through;
He helps to mold the traffic laws,
Which he tries to obey,
Until some clumsy citizen
Contrives to bar his way.

A legislator's line of work
Involves grandiose details
Like who necked all the nectarines
And love lives of the whales;
The junkies he's obliged to take
Call him frequently far off,
But never too far to manage
Feed at the public trough.

A legislator's stipend
Has side benefits these days,
Should poverty concern him,
He votes himself a raise;
No city tax shall fret him
So long he can pre-empt,
He calls the boys together
And votes himself exempt.

The crux of all his worries —
To keep so circumspect,
His voters will do justice
And regularly re-elect;
To find good and true successors
For these gentle we now berate,
Is not my present purpose,
I am not a candidate!

A look into the past. . .

EAST WALKER STREET AS IT USED TO BE

This picture is blurred, but it shows the east end of the 100 block of East Walker Street as it used to look. The picture was contributed by Bill Karber of St. Johns and was taken from a glass-plate negative. The building on the extreme left used to be the post office; next to it is the fire hall and next to that the old Clinton News building. Then there's a gap and then the Earl boarding house. On the right side of the street is the old Newton Hall, where the Legion parking lot is now, and then Harmony Hall and the Clinton Republican office. There was no indication of just when this picture was taken.

MICHIGAN MIRROR

A lobbyist is probably watching out for you

You may not know it, but chances are good that your interests in government are represented by at least one lobbyist. This thought comes as a shock to many, especially those who consider a lobbyist to be a little bit evil.

Lobbyists, who prefer to be called legislative agents — perhaps to avoid the sinister aspect of the older title — are like any other group. Most of them are honorable, hard working gentlemen, trying hard to get their job done. And most of them suffer to some degree because of the reputation of a few.

A very strong lobby, for example, is maintained by educators. Teachers, school boards, school administrators and colleges all have lobbyists at the state capitol to look out for their interests. So do doctors, lawyers, nurses, insurance men. Farmers are well represented; big labor and big business too. Retail merchants are well represented. Funeral directors, food dealers, churches, movers, wine makers, real estate people bankers; you name the group, and chances are you'll find it has a lobbyist. Even state employees have lobbyists. The only group which doesn't have a lobbyist among the 200 registered with the state might be the lobbyists themselves.

MAIN RESPONSIBILITY of a lobbyist is to protect the interests of the group he represents. He does this by counseling with legislators when legislation is proposed which affects his group. He is expected to supply information about the proposal and the effect it will have. In other words, he states the reasons his group supports or opposes these proposals. Sometimes he can suggest changes which eliminate the damage to his group while permitting other changes to become law.

Because government is somewhat ponderous and confused at times, the lobbyist is expected to trace the progress of each proposal affecting his group and keep the group informed.

Legislators depend on lobbyists to reflect attitudes of voters in their own constituencies and to supply information which helps them make wise decisions. Woe comes to the lobbyist whose reputation is blemished by trying little tricks which mislead legislators.

The lobbyist's most important tool is his own integrity. Each one guards this carefully, for once he is labelled as less than dependable, his effectiveness is lost.

Lobbyists, or legislative agents if you prefer, perform an important function in the law-making process. If you don't know

who your lobbyist is, think about it awhile. You probably have several whom you didn't realize existed.

WHETHER OR NOT motorcycleists can be forced by law to "keep their hats on so they won't lose their heads" may be settled by the state supreme court.

Atty. Gen. Frank J. Kelley is appealing this question following a decision from the appeals court that a 1966 law requiring helmets for those riding motorcycles is unconstitutional. In the meantime, at least one county prosecutor (Ingham) has ordered policemen to arrest anyone riding a motorcycle who is not wearing protective headgear.

The legal point may be decided by the high court. The logic of the law is found in safety figures.

According to state police, there were 8,200 more motorcycles in 1967 than in 1966 and more accidents. But since the law was passed, there have been fewer deaths. In 1966 one death was registered for each 12.8 registered cycles. In 1967, this dropped to one death per 10.4. In 1966, there were 104 killed

in cycle accidents; in 1967, when there were more vehicles, the death toll dropped to 86.

ARRESTS FOR drunk driving increased 78 per cent the first four months of 1968 over 1967. Michigan State Police report. Law enforcement agencies throughout the state, from January through April, asked 5,154 drivers to take the test. Seventy-six per cent of those tested exceeded the presumptive level of intoxication, and 12 per cent were in the "impaired driving" bracket. Police said 1,214 drivers refused to take the test.

Under Michigan's "implied consent" law, refusal is cause for suspension of an operator's license. Secretary of State James M. Hare reports that of 1,236 drivers cited for refusing to take the chemical test, 631 persons appealed the license suspension. Licenses were restored, after hearings, in 95 cases and denied in 524; 12 cases were awaiting hearing dates.

There are now 850 breathalyzer operators in the state, and another 100 will be trained before the current school is completed,

18 to attend 4-H Youth Week from Clinton

"Teens Pledge—Thinking, Living, Service, Loyalty," is the theme of the 1968 State 4-H Youth Week being held at Michigan State University June 12-15.

More than 1,000 Michigan young people—including 18 from Clinton County—are attending. "This is one of 'life's highlights' for those participating," points out John Aylsworth, Extension 4-H youth agent.

Each of the four days will give emphasis to different areas of citizenship as indicated by the theme. The delegates will discuss their goals and dreams, take a look at how all people can get to know each other better, investigate the use and abuse of drugs, and seek ways of improving themselves.

Delegates attending State 4-H Youth Week from Clinton County include: Barbara Harte, Chris Cornell, Cindy Davis, Norma Brya, Marlene Snyder, Judy

state police say. Instruments have been placed in 40 sheriff offices, 39 city police departments, three township police departments and 59 state police posts. Forty-seven more will be installed in the near future. The slogan "If you drink don't drive," may soon be obsolete. The replacement seems to be, "If you drink and drive, be prepared to walk!"

Simple questions make you wonder

By BOB CLOCK
Petoskey News Review

The other day I was seated in Great Grandpa Mallard's 80-year-old overstuffed rocking chair when four-year-old Katie climbed on my knee with a recent issue of Time magazine.

We started leafing through it together, but Katie stopped short when we came to a section picturing the down-and-out living conditions which gave rise to the "Poor Peoples March" now under way in Washington, D. C.

One picture, taken in a backyard at Marks, Miss., caught her eye in particular.

"Who are those kids?" Katie asked, pointing to a group of well fed and well dressed youngsters.

"I don't know who they are," I answered. "The magazine says they are very poor and they want help from the government."

"They are not very poor," Katie said, examining the photo closely. "Look, they've got a swing set like I've always wanted."

I GAVE A DOUBLE TAKE, and sure enough she was right. Over to one side was a very nice looking swing set—something Katie has been eyeing in the Sears' catalog all winter.

"The government probably gave them the swing set," I hedged. "It was probably government surplus and so they just gave it away."

"Did they give them the bike, too?" Katie asked.

"What bike?" I exploded.

"That bike behind that kid. It has a banana seat and looks like a Silver King," she said, and I could hear the tears developing in her voice. "You said you were going to get me a bike some day," she sobbed, "but you never did."

"But your birthday is pretty soon," I said, trying to placate her. "Maybe you'll get a bike for your birthday if you're good."

"And a tree house," she added, brightening suddenly.

"A tree house," I laughed.

Minutes of the board and planning commission were read and placed on file.

Board approved the replacement of the spot light at the Township Hall with Mercury flood lights at the cost of \$245.00.

Board approved the purchase of a duplicator for the Township Hall at a cost of \$495.00.

Fire Chief Nelson was granted an additional 90 day leave.

Board approved the purchase of 5 additional pair of boots for the Fire Department and Trustees Morrill, Trotter and Brook were appointed to review and study the fire department rules and regulations.

The board is studying the Blank

ket Bond Policy now available through our insurance agent.

The wording of the fire ordinance was discussed at great length by the acting Fire Chief, Mr. Kennedy of Clark Rd. Bath and the township board. The discussion was tabled for one month and the supervisor to get legal advice from the Township attorney.

Clerk presented the report of audit for 1967 as audited by Lyle P. Hepler and Company of Lansing and it was accepted by the Board.

Supervisor was instructed to contact the Clinton County Health Department about getting the City of Lansing to provide sanitary toilet facilities at their park located in Bath Township.

Trustees to have new job, "Fence Viewers".

They will be appointed as needed by the supervisor.
