National recognition comes to Ralph Lynam, St. Johns

By Jim Edwards
County News Editor

Ralph Lynam

ST. JOHNS — By the end of next week, the name of St. Johns, Michigan will have been heard by people from all over the world — heard from Ralph Lynam and the St. Johns Redwing Marching Band.

It's all to take place in Dallas, Tex. where the Lions International Convention is being held.

Lynam plays a large part in the convention this year — seeking election as 3d vice-president of Lions International. If elected he will progress through 2d and 1st vice-president and, in 4 years, would be president of a worldwide organization with over 1 million members.

Also in Dallas with Lynam and supporters from St. Johns and throughout Michigan will be the St. Johns High School Redwing Marching Band.

The band, the only one from Michigan performing at the convention, will participate in the 3-hour parade through downtown Dallas and several members of the band will also perform on the convention floor during election demonstrations.

Lynam's campaign for 3d vice-president of the world-wide Lions organization is the most recent in an outstanding list of accomplishments as a Lion.

He is a Charter Monarch of the St. Johns club, maintains a 25-year perfect attendance record, is charter secretary treasurer, club song leader for 25 years, club chaplain for 25 years and club president

in 1953-54.

He has served as 11C zone chairman for 3-terms, District 11C cabinet secretary-treasurer in 1954-55 and district governor in 1967-69.

Lynam has received 2 distinguished service citations from the Michigan Council of Governors.

A member of the state advisory and finance committee for 3 years, he served as chairman in 1969-70 and 1970-71.

He served as state treasurer in 1969-71.

Lynam is the recipient of the Lions' International Extension Award, Key Member award, 5 International president's awards and the international "Ambassador of Goodwill" award.

He has served with Lions International as a director in 1971-73, treasurer in 1973 and chairman of the international board, headquarters operation and finance.

Lynam is a current member of the Board of Trustees of the Leader Dogs For The Blind in Rochester and also serves on the board of directors of the Michigan Association for Better Speech and Hearing.

Lynam is president and owner of a public accounting and computer systems consulting firm in St. Johns.

He is currently controller of Bobenal Investment Corporation and Broadmoor Apartments Co., both commercial and residential, land and housing developments.

Lynam and his wife, Doty, reside at 207 E. State in St. Johns.

ST. JOHNS REDWING MARCHING BAND

Band ready for Dallas-- after months of hard work

ST. JOHNS — The trip to the International Lions Convention in Dallas for the St. Johns High School Marching Redwings actually began several months ago.

To finance the trip, costing an approximate \$24,000, the band has sponsored several projects and have benefited from monies raised by the St. Johns Lions Club.

Activities began last fall with the Mid-Michigan's largest garage sale held in the high school parking lot.

Also held at that time was a brunch with scrambled eggs fried in Michigan's largest frying pan, supplied by Michigan Farm Bureau.

Another fund raiser was the 1st Annual Clinton County Invitational Marching Band Festival.

Later came the Jan. 31 circus, a sell-out at both performances.

Money was also raised through Varsity Night in November, a pizza and candy sale and jazz concert.

The St. Johns Lions helped finance the trip with a Variety Show and sold 2400 dozen donuts supplied by Pierce Bakery.

Each member of the band will also pay \$100 each.

A total of 135 band members, accompanied by 23 adults, will make the journey to Dallas. In addition to the downtown parade, a 40-piece unit will play at hotels and in the convention hall.

The band leaves June 22 at 5 p.m., following a performance for area residents in the high school parking lot. They will give a preview of what they will perform in Dallas, beginning at 3 p.m.

Families of band members will be informed of the group's arrival time back in St. Johns June 29 when WRBJ will announce the time several times after noon.

Commission not satisfied with progress at Steel

By Jim Edwards
County News Editor

ST. JOHNS — The St. Johns City Commission is not satisfied with the progress being made concerning razing or repair of the Steel Hotel and a letter has been sent to Willard Searles, owner, saying action has to be taken by June 23.

Mayor Roy Ebert moved at last Monday's Commission meeting to send Searles a letter that conditions of an earlier court injunction be met and that renovation be taking place.

The Commission agreed with the action, but Commr. John Arehart disagreed with giving Searles 30 days. Searles purchased

the hotel from the estate of Mary Gors, who owned the hotel at the time it burned March 28.

Arehart labeled the burned structure as a "terrible nuisance and terrible safety nuisance."

The motion was changed from setting a 30-day time limit to establishing the limit as June 23.

In a letter to Searles Construction, Inc., Maples said, "Per the regular City Commission meeting held June 9, 1975, upon advice of the City Commission I wish to advise you that some areas of the Steel Hotel

in its present condition, do not meet the specifications set forth in the engineering report incorporated into the court injunction.

The letter further stated, "... the City Commission has unanimously passed a motion requesting me to advise you that the hotel must be brought into complete conformance, with the engineering report... on or before June 23, 1975 to protect the safety and welfare of the citizens. Further, if substantial progress has not been made on the complete razing of the hotel I will be instructed at the June '23 Commission meeting to commence condemnation of the premises, under the condemnation or-

dinances of the City of St. Johns, to have the building razed or to take the court to allow the city to raze the same."

Saturday morning began with a parade of Cubs, Scouts and Explorers carrying their unit and American flags. Several bands from the Lansing area also participated.

Saturday afternoon and Sunday the Scout Fair was open for the public to observe the hundreds of demonstration booths of Scouting skills and Scouts in Action.

The Scout Fair also included a Council Camporee for all Scout Troops from the five districts. Troops camped Friday night

through Sunday afternoon. The Camporee featured campsite competition, a baking contest and Saturday evening at the giant campfire. Awards were presented to each district.

In district 5, Troop 516, East Olive was presented with the award for Best Campsite and the first place ribbon for best over all troop in District 5.

Middlebury

Mr. and Mrs. Robert Mulder were hosts Thursday to the Burton Farmers Club in the dining room of the Middlebury United Methodist Church. A cooperative supper preceded the business session and program.

Jennifer Church was guest of honor recently at the Middlebury United Church for a bridal shower. The 20 guests participated in games and prizes were awarded to the honoree. The lace covered gift table from which Jennifer opened her gifts were centered with a yellow and white umbrella. Her sister, Joan registered the gifts and made the ribbon corsage. Refreshments were served from the linen covered table centered

with a floral arrangement and lighted yellow candles. The door prize was won by Betty Church. Jennifer has a June 21 Altar date with Tom Van Wormer in the Perry Baptist Church. Hostesses for the affair were Dorothy Jordan, Elizabeth Putnam, Helen Potter and Lorela Warren.

Rev. Beatrice Townsend and her sister, Henrietta Brown, have returned to their home at Ithaca, New York after spending several days visiting friends and relatives in the area.

The Middlebury United Methodist Women met recently in the dining room of Middlebury United Methodist Church with Maud Warren,

Betty Warren and Geraldine Stanton as hostesses. Virginia Mulder conducted the devotions and closed with prayer. Clarice Semans, program leader, read a story from Guideposts, "A Time of Faith," a heart warming story by Dr. C. Everett Kopp, a surgeon, who separated the Rodriguez-Siamese twins.

To close the program she gave a prayer from the book "I've Got To Talk To Somebody, God," by Marjorie Holmes entitled, "To Build Up Faith". Leola Gardner, Vice-president presided for the business session. Routine reports were read and approved. It was decided to discontinue our help to our adopted boy, Larry of Brazil, for the present. There will be one or two young people attending camp this summer with help from the UMW. It is reported that there is \$726 in the Memorial Fund that is designated to the kitchen remodeling fund. The June meeting will be held on Friday, June 27 and will be a picnic with the pupils of Vacations Church as guests. Refreshments were served by the hostesses.

Area graduates were the honored guests recently at the Middlebury Church. The program opened with group singing accompanied at the piano by Karen Potter. Graduates were introduced and told of their future plans. Rev. Kunding gave a short talk and closed with a song by he and his wife, Jan accompanying themselves on the guitar. Elizabeth Putnam gave a reading. Jane and Donna Potter sang a graduation song accompanied at the piano by Helen Potter. The Ovid-Elsie High School Percussion group played two numbers which they had performed at a solo-ensemble festival and received a one-rating. The program closed with group singing accompanied by Jan Deisler. Refreshments were served in the dining room, which was decorated with blue and gold streamers and graduates silhouettes from the linen covered table centered with the decorated cake in blue and gold and lighted gold tapers. In charge of planning the affair were Rita Whitmyer, Helen Potter and Elizabeth Putnam.

Lowe United Methodist Women hold meeting

The meeting was called to order by the president, Al Bast, and led in prayer by Ruth McGuire.

After the usual order of business a report was given by Al Bast concerning her information on carpeting for the dining room of the church. It was moved to have some covering for the floor and the committee of Marbeth Hynes, Mary Kingsbury, and Eileen Plowman was appointed to present samples and estimates at the Aug. meeting.

Bible Study will be at Ruth Ferguson's next time, which will have to be changed to June 17th or July 1st since VBS will be during our regular week.

People interested in VBS will meet at the church from 7-8 on Thurs. to plan the activities. Vacation Bible School will convene from June 23-27, from 9-12 o'clock.

Nominating committee needs to meet and present a slate of officers for 1975-1976, to be voted on at the August meeting.

The School of Christian Missions to which Ruth McGuire is going, to be paid for by the society, will be from July 14-18, with Drive-in Day on Wednesday, July 16, costing \$7 per person. Guernsey Lunch on July 29th will be much simplified and will be served at the sale pavilion or nearby.

It was decided to have a paper shower for Grand Rapids Comm. House at our August meeting.

Louise Dershem urged all members to be working on bazaar items for our Oct. 9th chicken supper.

Dolores Belz presented the program on Elizabeth, a most devout woman who was visited by the same angel, Gabriel, who had visited Mary, mother of Jesus. When Mary came to visit Elizabeth, the child leapt within her, and Elizabeth divined that Mary was to be the mother of the Savior. Zacharias, Elizabeth's husband, was stricken dumb till the birth of

John (name supplied by angle) because of his disbelief in possibility of pregnancy of Elizabeth at her age.

Ruth McGuire presented the worship by first asking "What is a museum". Then, she presented the idea of what would God preserve in His Museum—slingshot, harp, ark, jawbone, cross, etc., and why?

What can God use of ours now — pen, telephone, prayer, car, etc., all consecrated to God's works.

She suggested that our problems cause a refinement of character — and that we should take our burdens to the Lord and trust Him to help. Faith in God is a perfect antidote for the fear of men and the dread of circumstances.

Meeting adjourned until August when we will meet with Bee Cook and Dawn Mercer as co-hostess. Helen Murton will present the program, and Mary Kingsbury will lead us in worship.

Help was appreciated

I would like to express my deep appreciation to Gerald Buggs who went out of his way June 4 to help me fix a flat tire. While delivering "Meals On Wheels," my tire went flat near his business on U.S. 27. With four more meals left to deliver I was quite anxious about it. Mr. Buggs left his own work to help get the meal rolling again and we do sincerely thank him for his help. Sincerely, Shirley Karber

She carried a cascade bouquet of mixed flowers accented with pink rosebuds and trailing green ivy.

A dinner reception for 250 guests immediately followed the wedding service in the school social hall. Mr. and Mrs. Walter Russell served as host and hostess. Donna Harter and Rosemary Remus served the wedding cake. Makayla Good was in charge of the guest book, and Mr. and Mrs. Ted Good assisted with the gifts.

Mayor's veto fails

Combining jobs stirs controversy

By Jim Schmitz
County News Writer

DEWITT — DeWitt has again become a hotbed of political activity with the recent decision of City Council to combine the jobs of city clerk and city treasurer into a new clerk-treasurer position beginning July 1.

None of the 19 citizens attending Monday night's meeting or present city treasurer Marilyn Coin and city clerk Dorothy Keck appeared to be very happy with the council's decision to over-ride Mayor Eastman's veto of the personnel reorganization proposal.

Five of the 6 councilmen voted to over-ride the mayor's veto of the proposal council passed at the last meeting June 2.

Councilman Frank Deak cast the only dissenting vote.

On Friday Mrs. Coin talked to the County News about what she described as, "a complete surprise."

According to Mrs. Coin, the personnel committee made up of James Boyd, Deak and mayor pro-tem Gary Gillespie called her and Mrs. Keck to the main office 5 minutes before the last council meeting and told them about their proposal to combine the present 2 full-time positions.

They also said, according to Mrs. Coin, that a part-time position would be created, but didn't tell her or Mrs. Keck that either one would be retained after July 1.

(The mayor appoints the city treasurer and clerk for 1-year terms, which run from July to July).

Then, Mrs. Coin said, Without giving us much time to respond, the councilmen said it was time for the meeting to start. "They then," she said, "expected Dorothy (Mrs. Keck) to go out and do her job."

"I don't think they handled it right, especially on Dorothy's part."

Mrs. Coin was also miffed, because later, in the meeting when the proposal was brought up by Boyd, there was no

discussion and council adopted the proposal unanimously.

Both Mrs. Coin and Mrs. Keck told the County News Monday they didn't understand the personnel committee or council's thinking. They said their work-load had been increasing and Mrs. Coin said she has had to balance the tax rolls for the assessor and has been working with 170 additional ledger sheets recently.

At Monday night's council meeting, the audience and the council debated for nearly an hour and a half on council's decision.

Councilmen Boyd argued that

it would be more efficient with 1 full-time and 2 part-time employees (One of the part-time employees would be Janet Abbott, secretary to Wendell Myers, police chief) and that possibly the new situation would save the city some money.

When asked by members of the audience to show how much the city would save, Boyd responded that he didn't know at this time. Gillespie pointed out that actual figures would be discussed in the June 24 budget meeting.

Boyd also said he didn't know how much more efficiently the city would run under the new system until they tried it.

He added, "Dual positions are unique for a city this size."

Mayor Eastman, who was on vacation when the personnel committee came up with its proposal, was rather displeased with council and the personnel committee for not informing him of their plans.

Eastman told the council, "Frankly, I'm a little disgusted this thing hasn't been mentioned to me."

Whatever their reasons, Gillespie emphasized that council wasn't acting on any kind of personal vendetta against Mrs. Coin or Mrs. Keck. "We are looking toward the future and thinking in terms of

reorganization," he said.

He said the new clerk-treasurer would be akin to an office manager, which, he said, is necessary because the city doesn't have a city manager.

CORRECTION: The County News incorrectly reported in the last issue that DeWitt was going to be receiving \$11,500 in Comprehensive Employment Training Act (CETA) funds for the police department. The city will be getting \$11,500 in federal revenue sharing funds for the police department, not from CETA.

DeWitt announces summer programs

DeWitt School system has announced a summer swimming and gymnastics program. Beginning and advanced swimming classes will be taught at the DeWitt High School pool on a Monday through Friday basis for 2 week periods beginning June 9, 23, and July 7. The cost of enrollment is \$10. There will also be open, adult and family swims throughout

the summer in the afternoon and evening for a minimal fee.

A gymnastics workshop is also being offered in 2 week sessions. The sessions will be June 16 to June 27, June 30 to July 11 and July 14 to July 25.

The class is being taught by Mike Watson and will meet in the high school from 1 to 2 p.m. and 2 to 3 p.m., Monday through Friday.

The students will learn the use of mats, parallel bars, the trampoline and balance beams. Good sportsmanship and getting along with other will be emphasized.

The cost of enrollment for this program is also \$10. For more information call the Superintendent's office, 669-2240.

A mystery with a smile

Whodunit? That was the question everyone in DeWitt was asking last week about the "non-conforming" sign on Round Lake Road near the DeWitt boundary.

Police Chief Wendell Myers said he thought the sign was pretty clever but, he had to take it down because the party that put it up didn't have official approval.

Myers also said he didn't know who was responsible, but, even if he did know, he wouldn't arrest anyone unless they put up a series of signs.

Graduate of Bob Jones University

DEWITT — Alan Lee Cropsey, son of Mr. and Mrs. Harmon Cropsey, 5833 W. Howe Rd., DeWitt has received his bachelor of science degree in mathematics education from Bob Jones University, Greenville, S.C.

While attending Bob Jones University, Cropsey was a member of Chi Alpha Pi Literary Society and was selected to appear in the 1974-75 edition of "Who's Who Among Students in American Colleges and Universities."

Driver ticketed after accident

James Brininstool, 40, 302 Wilson St. DeWitt, was hit from the right side while he was driving north on Bridge St. by a car driven by Betty Lou Keener, 43, 2113 Clark Road, DeWitt.

Keener stopped for the stop sign and then proceeded to go through the interchange and claims she did not see Brininstool.

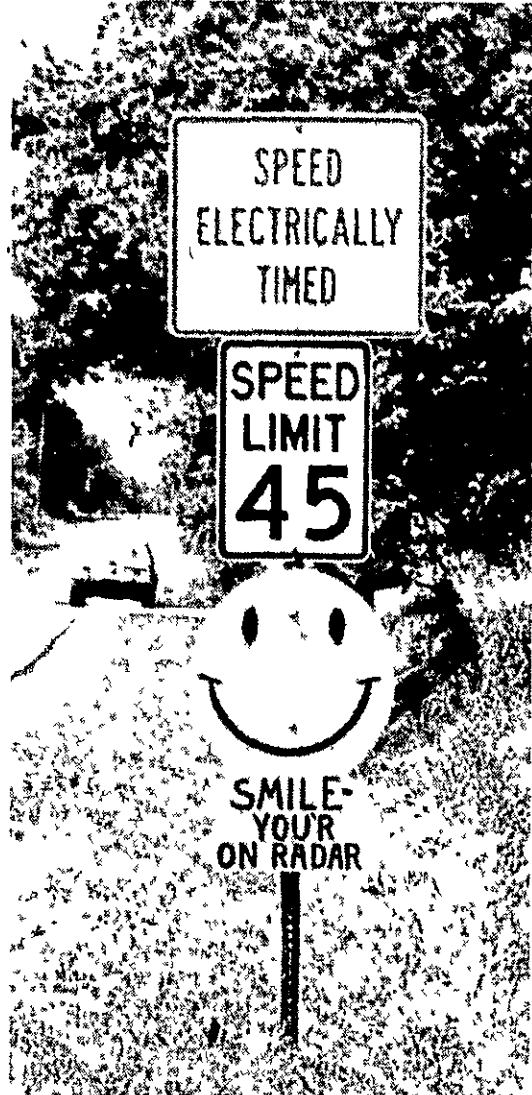

Keener was ticketed for failing to stop for oncoming traffic and neither of the two were injured.

PUBLIC HEARING CITY OF DE WITT

The DeWitt City Council will hold a public hearing Tuesday, June 24, 1975 at 8:00 p.m. in the Council room at 414 E. Main, for the purpose of discussing and adopting the City Budget for fiscal year 1975-76.

A copy of the budget is available for public inspection at the City offices, 414 E. Main, DeWitt, Michigan.

Skills Tournament

Dear Editor,
On April 19 (Saturday) the Junior Girl Scouts of Area 10, Clinton County, held a Skills Tournament at Sleepy Hollow State Park. Much time was involved in the preparation for the tournament by the girls and leaders to do their best in outdoor skills of firebuilding, knots, lashing, first aid, carving, Nature Awareness and compass. Adults in the community gave their time to judge the skills in their expertise or volunteer their assistance to the coordinator. Prior to this event our area publicity chairman requested the Clinton County News to give us press coverage which they very willingly did, at this time the information and pictorial record has not been printed. We as Girl Scout Leaders feel our girls deserve recognition for a job well done. The knot team went on to win the Council Skills event which put the best teams in the Tri-County area in competition. Congratulations girls!

Thank you

Dear Editor,
As my year of President of the American Legion Auxiliary #153 - I would like to take the opportunity to thank the Clinton County News for the cooperation we received during the past year. You were most gracious printing our articles and pictures. A special thank you for the Poppy Days coverage. Thru the efforts of the news media and our able Poppy Chairman Mrs. Jack Walker - we enjoyed a successful campaign with the monies to be used for Veterans and their families. Sincerely,
Jean Bartholomew

Secretary Bracey reported that the Clinton County Allocation Board allocated eight (8) mills to schools for operational purposes.

Correspondence was received by B. Stanley Pocus, Superintendent of Clinton County Intermediate School District, informing of an action taken by the County Board of Education to implement a county-wide millage study for a county operated Vocational Education Program.

President Hill read correspondence from the architects, Vander Meiden & Koteles, regarding the high school athletic field lights. No solution to the problem of moisture in fixtures has been attained however, continued efforts are being made.

President Hill read a letter of appreciation from Miss Aldine Lantis, second grade teacher at North Ovid Elementary, for allowing her to teach an additional year to give her ten years of teaching for retirement.

An excerpt from a letter from State Representative Spaniola was read by President Hill stating that he will be working through every means at his command to retain the funding level for school aid and the statement of priority the compromise formula represents.

Mr. William Struck of East Elementary was present to discuss the possible transfer from North Ovid Elementary of two teachers: Miss Aldine Lantis and Miss Katherine Behrens. Both of these teachers were present to help present their case. A good discussion ensued presenting points of view in support and against. The discussion sometimes strayed to other matters such as discipline and math programs. Among those speaking were: Alvis Dickens, fifth grade teacher at North Ovid and President of the Ovid-Elsie Education Association; Miss Aldine Lantis, second grade teacher at North Ovid; Miss Katherine Behrens, first grade teacher at North Ovid; Reverend Richard Gleason, Pastor of Ovid Free Methodist Church; Mrs. Ann McDougall,

third grade teacher at North Ovid; Howard Hess taxpayer from Elsie; Mrs. Brenda Strieff, parent from Ovid; Mrs. Sally Coohon, sixth grade teacher at North Ovid; Harold Strieff, parent from Ovid; Genaro Longoria, parent; Terry Johnson, taxpayer from Ovid; Mrs. Donna Cudney, parent; Mrs. Saddy Case, school secretary at North Ovid; Mrs. Jean Daniels, teacher aide at North Ovid; and William Price, parent from Elsie. The Board was to later discuss at an executive session all the pros and cons. The teachers were to be notified later on the administrative decision.

Mrs. Luella Canfield, School Nurse, was present to talk about an increasing concern over the use of drugs and medications by students. She expressed a need for a few rules in compliance with the law SB-261, Section 378.

It was moved by G. Webster, supported by C. Bracey to adopt the following policy:

- When it becomes necessary for your child to take medicine during the school day:
1. Parents will bring the medication to school and give it to the teacher or the principal or a staff member.
 2. The container of the medicine must be clearly marked as to:
 - a. Content (name of drug)
 - b. Dosage (such as properly labeled)
 - c. Direction for giving (prescription container)
 3. A written request must be signed by parent to permit a staff member to give the medication to the child.

4. The giving of the medicine by the staff member must be witnessed by another adult. Motion carried.

A motion by R. DePond, supported by M. Green, to cash the 115 shares of preferred stock (at \$25.00 per share) received from Citizens Insurance Company and apply the cash to the purchase of the new hand uniforms. Motion carried.

Superintendent Kenney reported to the Board that the Estate of Bion L. Bates has named Ovid-Elsie Area Schools as recipient of \$1,000.00.

A motion by G. Webster, supported by T. Winkler that the Ovid-Elsie Area Schools' Board of Education resolve that the ESEA Title I should be continued and expanded to include remedial reading for the Ovid Junior High School and the Elsie Junior High School during the 1975-76 school year. Motion carried.

Miss Carol Noe, second grade teacher at E.E. Knight, mentioned the covered-walkway project at the E.E. Knight building. Superintendent Kenney stated that the Michigan State University Engineering Department was near completion with drawing of the plans. Superintendent Kenney said that the project would be completed before next winters inclement weather.

Also in attendance was Mrs. Merle Green. President Hill expressed the Board and Superintendent Kenney's appreciation for the interest shown by all those in attendance.

At 10:15 p.m. President Hill called for an executive session.

The meeting reconvened at 11:45 p.m. Motion by C. Bracey, supported by T. Winkler to adjourn meeting at 11:45 p.m. with executive session to follow. Charles Bracey, Secretary

Art show attracts 560

By Neva Keys
Elsie Correspondent

The fifth annual Art Show by Mrs. Nida Dunham, instructor and her students, drew an attendance of 560 during a recent weekend show. It was held in the Historical Room of the Elsie Public Library.

Perfect weather allowed the overflow of guests to enjoy visiting with old friends after viewing the exhibits. Mrs. Dunham's brother, Leo Benninger and his wife, Ruby assisted with arrangements of the displays and a few students helped register the guests.

There were approximately 200 paintings and 500 pieces of china and porcelain paintings displayed by 30 of Mrs. Dunham's students, who range from an 11-year-old girl to an 80-year-old woman, with several young teen boys and men among them.

There were large oil paintings on canvass, others with unusual frames and special frosted pictures, charcoals, a few water colors and many kinds of porcelain china paintings and pastels. A new addition to the schedule. Many were hung from the ceiling, folding screens,

and displayed on long tables, occasional stands and window casements. A few potted flowering plants were arranged with pastel colored nylon net draped between them as background for several displays.

Mrs. Dunham said that landscape scenes were the most popular with her students as well as seasonal scenes but the young people liked to paint animal pictures as was noted with horses, dogs, deer and cattle. There were many bird pictures with the eagle, owls, bluebirds and pheasants.

Mrs. Dunham noted that there has been no desire for modern painting but there were many beautiful china plates, cups and saucers, vases, plaques, figurines, jewelry and miniatures. She also pointed out an interesting fact that the art of china painting was almost dead from 1911 until 1951 when interest began to pick up as groups visited near Kalamazoo to start classes.

Mrs. Dunham and Mrs. Fern King were two of the local people to become interested first in antiques and later, Mrs. Dunham branched out in china painting and Mrs. King into cake decorating. Then there were adult education classes in

Lansing and through efforts of the Mott Foundation of Flint, trips were scheduled to Detroit Institute of Arts. As Mrs. Dunham became more interested in the painting, she visited many Art Centers such as the Chicago Art Museum and the Ringling Brothers Museum in Sarasota, Florida.

Soon others wanted instruction so she has been teaching since 1951 and sometimes has as many as 40 to 50 students. She loves people and has had much fun meeting and working with them.

This summer Mrs. Dunham will vacation for a change but already has signed up several for the September classes which are held at her home at 418 W. Main St., Elsie.

This year the new pastel painting was made a hit with their softness, then the oil painting came on. When students reach the stage where they can paint roses and grapes and showing height in pictures they are ready for subjects of their own creativeness, Mrs. Dunham pointed out.

Asked how the students decide on their subjects, she said that in traveling they see a landscape, a building, a snow scene, or wildlife and take

camera shots to study later or make a design.

Often the students get discouraged with their attempts but more often their love of painting will take them through to completion if they set them aside for a while.

Also, some artists choose antiques or pictures of the past for their subjects and made pencil drawings or designs for their own colors and accent, she added.

Presenting their art work at the show were: Annette Andrus, Cathy Freeman, Sue Harrah, Adeline Dershem, Helen Kitchen, Lea Smith, Darlene Lawrence of St. Johns; Brenda Parker, Georgia Goscinski, Tim Doyen, Joyce Hugston, Barbara Darling, Rellie Lentz, Esther Collins, Mable Carson, Jerry Serr, Nora Lee Conova of Owosso; Mark Latz, Mary Ann Peters, John Peters of Chapin; Emma Kent, Sophie Chovojka, Donna June Crumbaugh of Ashley; Kay Lawrence, Pauline Maurer of Ovid; Jessie Lecreux and Michael Schultz of Corunna; Zajede Allan of Flint; Evon Goscinski of Lansing; and Kathy Crumbaugh of St. Louis.

Visitors registered from West Branch, Muskegon, Traverse City, Dearborn, Flint, Ionia, Lansing, Grand Ledge, Owosso, Corunna, St. Louis, and all surrounding towns. There were also tourists from Kansas City, Missouri, Florida and Indiana. Comments heard at the Elsie Exhibit described it as "wonderful, delightful, fantastic, enjoyable, interesting" over and over again. They were amazed to find the talent of many of their friends. There were large groups of people from the Grove Bible Church and Duplain Church of Christ who came after church services.

Mrs. Dunham and her students were more than satisfied with the crowd's fine attendance and the acceptance of their art work.

St. Johns police report

There's a possibility that a bicycle - theft ring is operating in St. Johns according to Police Chief Lyle French. Three more bicycles were stolen this past week (5 were stolen the week before) and all of them were 10 speeds.

French said some group could be snatching the bikes and selling them, though, they are probably being taken by unconnected thieves.

In other incidents this past week, Carl Tatrue, 800 W. Baldwin, told police that

someone took a spare tire and wheel from his parked car. On June 11, Phillips Implement Co., 401 N. Lansing, had their tractors vandalized. Bee's Chevrolet reported to police on June 12 that 2 batteries

and a spare tire and wheel were taken out of the repair garage. Winfred Mayble, owner of the Bay gas station on N. Clinton and U.S. 27, told police \$116 was taken from his gas station on June 13.

Judy Van Belkum reported on June 15 at 1:43 a.m. that someone broke a glass window and got into her parents home, though nothing was found missing. Also on June 15, Mrs. Pifer told police that someone stole a purse containing \$4.00 and some personal papers from her home at 709 N. Clinton St.

Fowler girls open 1975 softball season

Another softball season has arrived and the Office Girls of Fowler have started their season off with victory over the Eagle Inn from Eagle by the overwhelming score of 20-11. On June 9, 1975, the office girls traveled to Eagle to prove that even though the team was new and young, they could compete with the best of them.

The Eagle Inn team never did improve their potential strength against the Fowler girls. Hit after blistering hit stunned their defensive barrier bringing Fowler that much closer to their first victory.

From the first inning on, the game showed little competition. The score at the end of five full innings spotted the Office Girls ahead 8-3. In the third and fourth innings, however Fowler began cold by going down in order but came back with unending power in the final three innings by scoring eighteen, solid runs.

Jane Thelen's grand slam homer added nicely to the already devastating lead with Linda Fenilla pitching a super game with one strike out and no walks. Karen Brown pounced out six for six to stack up the excitement while Janice Simmon poured on the defense by nabbing three difficult hard lined drives to second base. All of the girls played with continual agility, accuracy and speed, both at the plate and on the field. This game truly marks an all-around team effort.

A lobby for John Q.

What taxpayers need is a stronger lobby in Washington and Lansing. We've got to enforce the idea that taxpayers are getting fed up with the cost of government.

It seems like every new spending project that comes along gets passed, because it carries with it a label of "progress", and nobody wants to derail the progress train.

Meanwhile, here's John Q. paying the ticket. John Q. can hardly stand straight anymore because of the tax pressure on his shoulders. If the weight doesn't bother him, then the lack of incentive for personal advancement does. Why should he work hard and why should he make improvements to his property when higher taxes reduce his gains to mere receipts for tax payments.

John Q. is for progress. That's why he's working hard and making the improvements he does. But John Q. knows that he can't have everything he wants, that life is a practical matter first and a place for ideals second. He can forego the ideals in favor of a little extra spending money.

John Q. realizes that money has to be spent for highways, city planning, schools and other basic services, but from a practical standpoint he's not going to say yes to every demand presented. Many demands are only harsh sounds of desire and not need. John Q. wants government spending on the basis of needs, not desires.

What John Q. wants is a stronger lobby in Washington and Lansing to tell them that.

"If It Fitz . . ."

For the sake of beauty

by Jim Fitzgerald

Editor, Lapeer County Press

When Betty Ford went to Europe with Gerry, she took her hairdresser with her. Which is a lot classier than a black Ace comb in your hip pocket.

My wife Pat always travels with a wig so, she says, she can swim underwater and still look nice for dinner. She has never been underwater in her life. She never goes into a pool above her toenails. At the ocean in Miami, she spreads her blanket in Georgia and worries about the tide coming in.

So the wig, which travels on a phony head in a wicker basket, is never used. It just takes up space in the car trunk and gives me 1 more bulky item to load and unload and scream about.

"ALL THIS DUMB thing does is take up space," I screamed. "Marcia would take up more space," my wife answered. Marcia is her hairdresser. My wife years for class, like the First Family has. She wants me to learn how to fall down without getting drunk first.

Pat was suggesting I should be grateful I don't have to rent 2 rooms at the Holiday Inn, one for Marcia and her drier. After a few years, husbands learn to be properly grateful for such windfalls. The first time I complained about the money Pat spent on shoes, she said I should be grateful she wasn't a centipede. Incredibly, I had never looked at the shoe situation that way, even though in high school I went steady with a centipede.

The relationship between a woman and her hairdresser is a fascinating thing, I always said this, even before I saw the movie "Shampoo." In case you missed it, this film stars Warren Beatty as a stud hairdresser who puts the make on all his pretty customers. This doesn't worry me. Even if Marcia were Marvin, I'm certain my wife would never be unfaithful during her noon appointment every Wednesday. It is at this time she learns what's happened in town during the past week.

EVERY WEDNESDAY evening, after editing that week's newspaper, I go home and Pat tells me the good stuff I didn't publish. I sob in frustration and tear the newspaper into little pieces as she reveals all the news the editor missed.

There is no way my wife would give up her weekly gossip session in favor of mere lust. Sorry about that, Warren.

On extended trips, when my wife complains about the condition of her hair, I often suggest she visit the fancy hairdresser just off the hotel lobby. But no, only Marcia can be trusted with Pat's hair. At noon on Wednesdays, wherever she is, she bows her head toward home — and cups her ear.

What are they saying at Marcia's home? There was a morning at home when Pat was so ill she couldn't get out of bed. At noon I made a special trip home to see if she were still breathing. I'd forgotten it was Wednesday. She'd gone to the beauty shop in a coma; she came home in an ambulance.

IT IS CHISELED in granite somewhere that it is against law and nature for a woman to miss a hair appointment. In cases of extreme emergency it is permissible to trade appointments. It usually takes 56 phone calls to locate a woman who will trade an 11 o'clock on Thursday for a noon on Wednesday. Sometimes it is necessary to make multi-cornered trades in which Pat gets Sue's appointment and then trades it to Shirley for Dawn's appointment which Shirley got in exchange for Laura's. It is no wonder Warren Beatty was sometimes surprised at who he woke up next to.

And after all that, she comes home and says: "I'll look a lot better once I comb it out." Once she combs it out, it looks like it did before she went. I wonder what that centipede is doing?

Back Through the Years

From the Clinton County News Files of 1974, 1965, & 1950

25 YEARS AGO

JUNE 15, 1950
A Lansing and a rural Eagle resident were killed when their plane crashed in bad weather, 30 miles northwest of St. Ignace, late Friday afternoon. The victims were Paul Brozany, 31, 4509 North Grand River Avenue, the pilot, and Leon E. Price, 38, of R.1, Eagle.

Theodore M. Gibson, 317 South Magnolia Street, Lansing, is being sued for knocking down a bridge. A \$15,000 damage suit has been filed in justice court here against the Lansing man by John Setterington, Essex township supervisor, and John Jolls, township highway commissioner, charging Gibson with "negligence".

St. Johns is probably the only town in Michigan that can boast of having its city dump right in the front yard. The city is rapidly gaining notoriety throughout the state for the beauty of this spot that is seen daily by the thousands of motorists who journey along US-27 on their way to the north or south. In addition to being mighty attractive, the smoldering dump exudes a distinctive odor that has excited considerable comment from the traveling public. City officials are considering the possibility of discontinuing use of the dump in October — after the tourist season is over.

The new Family Drive-In Theatre on US-27, a quarter-mile north of St. Johns will have its grand opening next Tuesday evening.

Workers for the Granger Brothers of Lansing, contractors for the new courthouse wing construction, have squared up the building with the completion of outside brick and block work, and the outside appearance of the building is pretty much finalized. The roof is yet to go on, of course, and windows and doors are not in place. A granite exterior base and granite window trim enhance the appearance of the building.

Dr. Howard A. Smith, pastor of the First Methodist Church of St. Johns for three years, has received the appointment of district superintendent of the Grand Traverse District of the Michigan Conference and will be leaving St. Johns by the end of next week.

Following a long illness, Mrs. Clara Fish died Friday, June 11, at 6 a.m. at the home of her son, Lawrence, at 407 South Baker. She was 96.

ONE YEAR AGO

JUNE 20, 1974
Seven cents spelled success Saturday at Twin Oaks Golf Course as the Memorial Cancer Golf Day brought \$1000.07 to meet the goal of \$1000 previously announced.

Clinton Memorial Hospital is participating in a voluntary statewide program to equip themselves to handle emergencies involving radioactive materials.

Many young men are still being classified 1-A (available for service) following the annual lottery during the year of their 19th birthday, according to Mrs. Ethel M. Cassell, supervisor of the Lansing Selective Service office.

An open house will be held June 23 at the new 65th District Court Building, located in the former Hoag Funeral Home on U.S.-27. The public is invited to view the facility between 4-6 p.m.

10 YEARS AGO

JUNE 17, 1965

Elliott, former superintendent of schools at Ovid and now retiring president of Eastern Michigan University and his wife, will be given by E.M.U. alumni in the Lansing area from 3 to 5 p.m. this Sunday. The reception will be held in the Y.W.C.A., 217 Townsend Street, Lansing.

The meeting closed in regular form. Refreshments were served in the dining room.

The Afternoon Circle of the Shepardsville UMW met on Thursday afternoon, June 12 at the home of Flora Hall. There were 11 members and one guest present. The usual reports were read and accepted.

The Berean Circle will be furnishing the treat for the last day of Vacation Church School. The Afternoon Circle will have charge of the program at the September General meeting.

The business meeting adjourned and the meeting turned over to the program chairman for the day, Rosetta Becker. She read an article from Farm Wife Magazine about Father, You Come, Too, was a tribute paid to a daughter to her father. Several verses of Scripture were read; all referred to our Heavenly Father.

Light refreshments were served by the hostess.

A PERSONAL LOOK AT THE NEWS

Between the lines

with Jim Edwards

Some thoughts worth repeating

... Apologies to General Telephone. I received a call last week from the General Telephone Co. about a remark I made in a recent column, stating, "General Telephone is not a working number." Honest, fellas, it was just a gentle poke about trouble I had direct dialing recently. Next time I have trouble, I'll give your service department a call instead of complaining in print. But, are you sure you want to hear from me that often?

... Non-hitting first baseman Nate Colbert in Joe Fall's Detroit Free Press column Saturday discussed his slump and said he hoped the Tigers didn't give up on him. Monday, the Tigers announced they had sold him to Montreal in the National League. You're always the last to know, huh?

... Who the heck is Clyde Buckley?

... Nobody can hide from that new-fangled sign hanging from Clinton National Bank and Trust. Bright and early Monday morning, it proclaimed, "Mel Warren has the mumps." What do you want to bet somebody's golf score will be on it before the summer is over?

... This quote, read over the weekend sounds,

unfortunately, a lot like me. "Whenever the urge to exercise strikes me, I lie down until it passes."

... Good luck, Ralph Lynam -- He is running for election for 3d vice-president of Lions International, with the election to be held in Dallas, Texas, June 25-28. Joining him and Lions Club members from all over the world will be the St. Johns Redwing Marching Band. They'll be the one and only band from Michigan at the Lions International Convention. Between Ralph and our band, you better believe Lions Clubs from all over the world won't be able to say they never heard of St. Johns, Michigan.

... Another apology -- this time to the St. Johns Veterans of Foreign Wars and the American Legion. The County News recently published a photograph of the Marching Redwings in a parade. However, the outline failed to mention one thing -- that it was the Memorial Day Parade sponsored by the Legion and VFW. Sorry.

... Note to the person who drove through my front lawn. Let me know when you're coming again and I'll have my Corvair parked out there. That way it'll be true when they say it looks like a wreck looking for a place to happen.

88th District Report

State Representative

Legislature than to have a lump-sum bill put up for approval or rejection by the voters.

But now that the bill is in the Legislature I would hope that it will receive the same objective treatment that any other bill should receive.

DOES SMOKE GET IN YOUR EYES?

Two anti-smoking bills have now been reported out of the House Public Health Committee for consideration by the full House.

One bill, HB 4158, would outlaw smoking in grocery stores and would require store owners to post non-smoking signs in the stores. The other bill, HB 4453, would require smoking and non-smoking rooms in hospitals for patients.

Although testimony was offered to show that the effect of smoking on non-smokers, minimal in terms of smoke inhalation, I don't think there's any disputing the fact that many non-smokers are irritated emotionally if not physically by people smoking around them. These bills attempt to deal with that aspect of the problem as well as with health considerations.

Questions were raised about the enforceability of 4158, inasmuch as it would be impossible to check all grocery stores for compliance. But if some of the non-smokers I know go shopping, and the law is in effect, I'm sure this is one measure that would generate

citizen involvement in law enforcement!

DEFICIT SPENDING

Many people have complained to me about the increasing number of public programs and public employees, and I have often wondered about the ratio of public-versus private-sector expenses in our economy.

Now, however, some economists at Ford Motor Company have come out with a study which has confirmed some of my wildest nightmares -- there are more people being supported by tax dollars than there are workers in the private sector to support them!

Adding up government employees, the military on active duty, the disabled and the unemployed, the retired and those on welfare, the Ford economists found a total of 80,655,000 tax dependents vs. 71,650,000 non-government workers.

Which group do you belong to? Which group would you like to belong to?

HART THROBS

No doubt you've read of the virtual avalanche of candidates, declared or otherwise, for the seat of U.S. Senator Philip A. Hart, who has announced he will retire after the end of this term next year.

Well, just in case you've been wondering, I am most definitely not a candidate for the U.S. Senate!

Library seeks school yearbooks

Bement Public Library currently has on display a sizable collection of yearbooks from St. Johns High School. Many years' books are missing, however, and Librarian Hila Bross is appealing to the community for annuals of the following years: 1950, 1951, 1952, 1954, 1955, 1957, 1961, 1962, 1963, 1964, 1965, 1966, 1968, 1969, 1970, 1971, 1972, 1973, and 1974.

Although the first class graduated in 1875, 100 years ago, it was not until 1898 that an annual was published, under the name of "The Sibylline Book." Sibylline books came out yearly (with one exception) until 1906.

Apparently such a publication was discontinued until 1922 when one called "Le Cid" was published. It made another appearance in 1923, and perhaps again in following years. In 1927, an annual called "Paeon" came out, but for one year only.

In the year 1927-28, a High School newspaper entitled "The Wilsonian" was first published. Named for Rodney B. Wilson High School, it was printed bi-weekly at the Republican News Office, carried commercial advertising, and received several journalistic awards.

No yearbooks came out again until 1943 when, in spite of the war-time paper shortage, a thin paper-covered book appeared, carrying the title of "The Wilsonian." Yearbooks continued annually under this name until the high school moved to the present St. Johns High School building. Since then each year's book has borne a different name. "Seasons in the Sun" is the 1975 yearbook title.

The librarian urges that people look around their houses for yearbooks of the years listed above. If you have one to donate, call 224-4702.

NEW DYEING TECHNIQUE
A new commercial dyeing technique has added a whole new dimension to colored cotton fabrics.

Developed by the Agricultural Research Service of the USDA, the new technique makes it possible to dye one side of a fabric one color and the other side an entirely different color.

One side of the fabric is treated with a dye "resister." Then the fabric is dyed with a reactive cotton dye. The dye colors the untreated side but doesn't affect the treated surface.

A special bath to remove the resister prepares the fabric for a second dye bath to color the second side.

With this technique, an almost unlimited number of combinations of colors is available. Weaving treated with untreated yarns or making designs on the fabric with the dye resisters offer still more possibilities.

FABRICS OF THE FUTURE
According to a new American Chemical Society study prepared with National Science Foundation backing, consumers will see:

- ***Fabrics that heat or cool the way space suits do;
- ***Fabrics that change color to suit the background of the wearer;
- ***Truly no-care apparel and household fabrics;
- ***Textile that can be recycled easily and on a short-term basis;
- ***Custom printing of fabrics at the retail level.

Among other ACS conclusions are:

- ***The chances of developing new fibers are now slight but the industry will have more than its hands full improving those now in use.
- ***For the foreseeable future much research and development will continue along lines already established... chemists will seek new ways to develop fabrics that weight less... are more comfortable... improve resistance to soiling, static buildup and wrinkling.
- ***Flame retardant chemicals will be a priority item. Use of flame retardant textiles (and plastics) "may well grow" 35 to 45% a year from 1970 to 1975, rising from 800 million pounds in 1970 to perhaps 4.5 billion pounds in 1975.
- ***Use of disposable non-wovens may return -- but in a limited high-service-cost market. "The hospital supply field -- bed linen, gowns for professional non-professional personnel -- is the best bet for now."

The study cautions that its projections for color changing and temperature changing fabrics are strictly for the future. But they are not beyond speculation as longer-range possibilities.

FLAME-RETARDANT JEANS
Flame-retardant jeans for boys are expected to appear on the market before the end of the year. The problem has been developing jeans with fire-retardant fabrics or finishes without losing the strength and comfort jeans wearers expect.

Fabric mills have taken several approaches. One has been to make all-spun polyester twills for jeans. Other companies have combined cotton and polyesters and applied a flame-retardant finish. Still others have stayed with all-cotton satens and twills but applied flame-retardant finishes.

Textured woven polyester fabrics with special finishes and blends of polyester and inherently fire-resistant fibers are also available. The price of flame-retardant jeans will probably be \$1 to \$2 above the cost of standard durable press jeans.

4-H Chatter Beef members prepare for Fair show and sale

By JOHN AYLWORTH

Fifty-three 4-H members, parents and leaders interested in the 4-H beef cattle project attended a 4-H beef clinic June 11 at the home of William Ashley of St. Johns. Nancy Diuble of Ann Arbor showed them how to clip and fit their animals for show. She gave them many tips on how to improve their animals appearance for showmanship and exhibit.

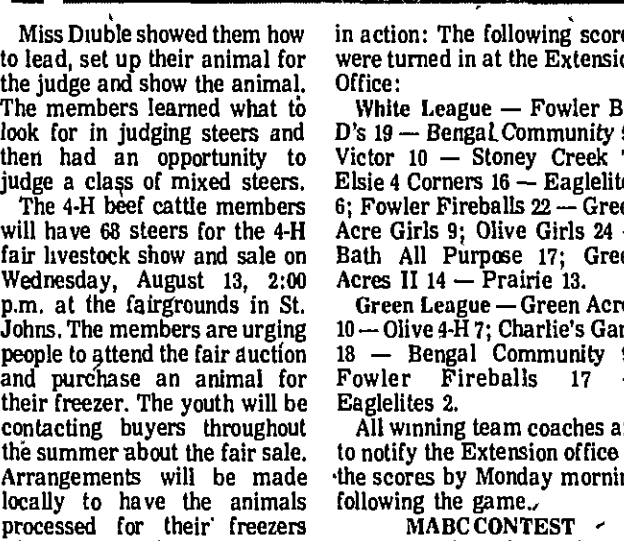

Ross's Restaurant near Chesaning for all delegates from Clinton, Gratiot, Shiawassee, Bay, Midland, Isabella and Saginaw Counties who will be attending the National 4-H Citizenship Short Course July 20-26 at Washington, D.C.

SOFTBALL ACTION
The 4-H softball season got under way June 6 with 24 teams

Mary Brockmyre on Ceramics. Denise Cerny showed slides on Vegetable Gardening.

LEARNING ABOUT BRAZIL
The Happy Hustlers 4-H members were treated to a special program as Angie Courtlinks told about her native country, Brazil, her family, foods with similarities and differences between America and Brazil. The members learned about 4-H Action Day June 21 at Michigan State University, fair litter barrel contest and project progress. Demonstrations were given by Mike and Ann Fox on pickles; Carol Fox on "yeasts"; and John Fox on "planting corn". Kris Aylesworth and Mary Ellen Deveraux gave a talk on their trip to Yankee Springs. Following the business meeting, the new members went through a club initiation.

FUN IN SANDUSKY
Thirty-five 4-H members and chaperones enjoyed their two day award trip to Sandusky, Ohio visiting the Cedar Point Amusement Park. The group stayed over night at Sandusky. They spent the day at the park visiting the Frontier Village Crafts, recreation rides and the new Cedar Point Cinema theater where the film "Man Belongs to the Earth" is being shown.

Miss Diuble showed them how to lead, set up their animal for the judge and show the animal. The members learned what to look for in judging steers and then had an opportunity to judge a class of mixed steers. The 4-H beef cattle members will have 68 steers for the 4-H fair livestock show and sale on Wednesday, August 13, 2:00 p.m. at the fairgrounds in St. Johns. The members are urging people to attend the fair auction and purchase an animal for their freezer. The youth will be contacting buyers throughout the summer about the fair sale. Arrangements will be made locally to have the animals processed for their freezers when they purchase an animal from the 4-H fair livestock sale (August 13). The sale provides the buyer with an opportunity to bid on the animal of their choice.

A buyers appreciation dinner will be held on September 3 for all the buyers and their spouses so they can become better acquainted with the 4-H members whose animal they purchased.

ORIENTATION MEETING
An orientation meeting will be held Tuesday, June 24, 8 p.m. at

By knowing the wildlife value of the plants you now have, and carefully planning additional plantings, Dudderar says a broad diversity of food producers and shelter plants is possible. "Many common shade trees and ornamental shrubs are useless as food producers and shelter plants is possible. "Many common shade trees and ornamental shrubs are useless as food producers," he points out. "Autumn-olive, cherry or fruitbearing shrubs, however, are excellent additions."

The proper plant in the right place can enhance the appearance of a yard as well. Dudderar makes the following suggestions:

- Green screens can cut off unpleasant views and reduce traffic noise from streets. Hedges and rows of trees, a mixture of conifers and autumn-olive, dogwood or cotoneaster, for example, offer backyard privacy while attracting birds year after year.
- Open areas attract meadowlarks and bobolinks and many kinds of birds that favor fields with few if any trees or shrubs. It need be nothing more than a part of the yard that is seldom mowed. If you are more ambitious, plant a variety or two of native grasses. They protect the soil and attract many mammals as well.

Planting trees, shrubs and vines can beautify your yard as well as attract birds. Birds often feed on berries, and many of their favorites are decorative and colorful throughout the year.

Glenn Dudderar, Michigan State University extension wildlife specialist, says a mixture of trees, shrubs and vines can enhance the appearance of your yard and provide birds with places to feed, cover, rest, nest and hide.

"Birds like variety, so any planting scheme designed to attract them should provide a variety of intermingled species, sizes and shapes," says Dudderar. "This gives the birds a choice of places for their life activities and a choice of food sources."

Dudderar explains that birds are quite restricted to various types of cover and feeding location. "It's startling to some people, but some common birds are not often seen because they spend most of their time in the very tops of the trees," he explains. "Baltimore orioles are an example -- they feed and rest near the tops. Others spend the majority of their time close to or on the ground. The brown thrasher prefers low undergrowth. To attract the widest possible variety of birds, a yard should include both tall trees and low-growing flowers and grasses."

On Tuesday evening, June 3, Mr. and Mrs. Fred Selhke of Fowler visited Mr. and Mrs. Fred W. Pasch.

Mr. and Mrs. William S. Ernst and son, Ronald of Battle Creek were Sunday, June 8 dinner and supper guests of Mrs. William Ernst and Maxine Ernst.

Fowler Jaycees sponsor magic show

Dean, Master Magician and his SHOW OF WONDERS will be brought to Fowler High School, Fowler, June 21 under the sponsorship of Fowler Jaycees.

This professional performance will feature in person, on stage, famous magical illusions as shown on top T.V. shows. Doves, ducks, rabbits and girls will appear and disappear.

"We are going to blow up a balloon and produce a dove in the balloon," Dean promises. "And we may levitate a girl in the air. I call that my weight-

reducing compound." He will also put his wife Irene in a box, run swords through it and she will disappear in a puff of smoke." Dean declines to reveal his secrets. "It's strictly unethical" for a magician to admit the tricks of his trade, he says. After 25 years of performing, Dean said "Any five-year-old child can do this -- with 25 years of practice."

The audience is just as important as the magician to the creation of magic: "The audience has to react to the tricks to help create the illusions," Dean enlists children

in his audience to help him perform his tricks and they become official members of the Guild of Helpers.

His own children take his magic very seriously. One of them, frightened by a noise in his room, took Dean's advice and effectively used "Abracadabra" to banish the noise from the room. Irene says Dean is "the envy of all husbands -- he can vanish his wife at will." Show times are 2 p.m. and 7 p.m.
