Six Clinton County men, announce as candidates

Bruce Angell

Robert Dittmer

John Huhn

Don Gilson

ST. JOHNS—Six Clinton County residents have announced their intentions to seek public office during the upcoming elections.

Candidates throwing their hats into the political ring this past week include: DeWitt Township Police Chief Bruce Angell, Clinton County Sheriff; Clinton County Commissioner Robert Dittmer of St. Johns, state representative from the 88th District; St. Johns real estate salesman Don Gilson, Clinton County Commissioner; Elsie merohant Charles Sills, Clinton County Commissioner; John Huhn, a Catholic priest from Eagle who seeks the Democratic nomination for the 56th District state representative seat; and Ovid freelance writer/photographer Kenneth M. Somers, Democratic candidate for the 88th District state representative seat.

The 30-year-old DeWitt Township Police Chief has served in his present post since 1965 and has lived in Clinton County for the past 25 years. A 1966 graduate of Michigan State University's School of Police Administration, he is also serving as Civil Defense Director of DeWitt Township.

Angell has been active in working with the youth during his seven years in police work and has continued his education through graduate study at Michigan State University of Michigan and Lansing Community College. He has also participated in numerous law enforcement seminars.

An active member of the Central Michigan Law Enforcement Association and past trustee, Angell is an American Red Cross First Aid Instructor. He and his wife, Virginia, reside at 2201 Clark Rd. in Bath with a son, Bruce III and a daughter, Kristine.

Don Gilson, a real estate salesman for Houghton Realty in St. Johns, has announced his intent to seek the fifth district county commissioner's seat now held by Dittmer. He retired from his post as personnel manager of Federal Mogul Corporation's St. Johns plant early this year after 21 years with the firm. Prior to working at Federal Mogul, he spent 18 years as manager of the A & P store in St. Johns.

The 59-year-old Gilson and his wife, Muriel, reside at 601 S. Oakland St. and have one son, Kenneth,

also of St. Johns.

An active community leader, he presently is a member of the Clinton Memorial Hospital board of trustees and a member of the Masonic Blue Lodge and Knights Templars. He is also a member of the Lansing Executives Club and the Lansing Industrial Association.

Gilson was president of the St. Johns Area Chamber of Commerce twice, served on the United Fund Campaign as chairman of the Industrial Division and served for six years as a member of the board of trustees at the Congregational Church and is a past chairman of the group.

Another candidate for county commissioner is 52-year-old Charles H. Sills, an Elsie businessman and a member of the Elsie Village Council. He has announced his bid for Republican nomination to the first district seat currently held by Derrill Shinary.

Sills has lived in Elsie for the past 14 years and operated a store in the village. He presently operates a laundromat in Elsie and one in Ashley.

Last year he was appointed to Local Draft Board No. 19 and is now serving as secretary. Sills is serving his third year on the Elsie Village Council.

A member of the United Methodist Church and Elsie Lions Club, Sills also belongs to the Elsie Masonic Chapter and the Bay City Consistory. Other club memberships include the Elsie Order of Eastern and American Legion. He is a World War II veteran.

He and his wife, Esolda, have one son, Ronald who recently graduated from Western Michigan University.

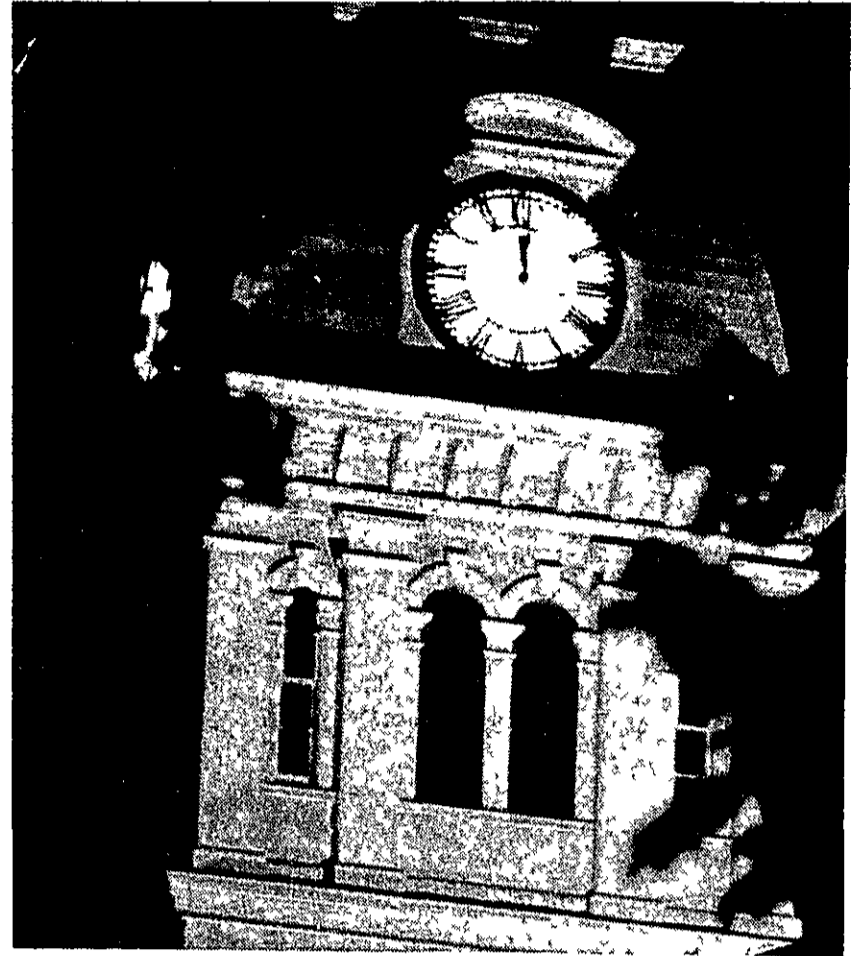

Robert Dittmer, current Clinton County commissioner from the fifth district, is seeking the Republican nomination for the newly created 88th state representative district in the August 8 primary.

The new state house district includes all of Clinton County except the townships of Victor, Eagle, Watertown and a portion of Bath. Also in the district are the Gratiot County townships of New Haven, Newark, Fulton and North Shade; Fairfield Township in Shiawassee County; Carson City and Fairplains Township in Montcalm County and all of Ionia County except Danby, Portland, Orange, Odessa, Sebawa and Campbell Townships.

The 42-year-old Dittmer is president and general manager of Dittmer Broadcasting Company which operates radio station WRBJ in St. Johns. As a Clinton County Commissioner he is a member of the County Finance, Property Management and Building Authority committees. He also serves on the board of directors for the Family and Child Services in the capitol area.

He and his wife, Beverly, reside at 1008 Hampshire Dr. in St. Johns. They have four children: Renae, a sophomore at St. Johns High; Robert II, a freshman at St. Johns High; and twins Judith Lynn and Jeanette Juleen, third grade students.

(Continued on page 16 A)

A clock tower atop the Clinton County Courthouse in St. Johns offers a striking architectural beauty to passing motorists but at night the lighted structure appears even more imposing.

Timeless beauty

Stoplight passes first real test

LANSING — Engineers from the Michigan State Highway Department report no serious traffic tieups developed this past weekend at the newly installed stoplight on the US-27/M-57 junction about 12 miles north of St. Johns.

"We're keeping a close eye on it," Robert Rigotti, a traffic operations engineer said of the stoplight installed last week, and "initial reports from the past weekend were quite favorable."

Rigotti explained a decision to place the stoplight at this intersection resulted from a study on accidents and traffic volume. If either situation reaches a critical point, the Michigan State Highway Department normally installs a light.

"One wouldn't stand alone but the two conditions did justify proceeding toward a stoplight," said Rigotti. He stressed that gaps between traffic was getting fewer and fewer plus accidents at the corner were increasing. However, neither sets of data had yet reached the point where a light is considered necessary.

In discussing how the new stoplight operates, Rigotti stated it "def-

initely favors US-27 traffic" because of the greater volume northbound. "The flashing warning lights are placed two miles ahead of the intersection and detectors placed in the pavement to regulate the signal," he added.

The red light operates around the clock but the detectors will activate allowing traffic on one highway to continue if the other route is clear. Minimum and maximum time limits are set for the green light in all directions plus the left turning slot.

On US-27 the maximum green light time is 120 seconds and the minimum is 45 seconds. Maximum green light time on M-57 is set for 60 seconds and the minimum is 35 seconds. A 10-20 second time lag is set for the left turning slot. Rigotti explained the detectors which gauge traffic volume determine whether the maximum or minimum time limit is activated.

The state highway department engineer expressed an awareness that weekend motorists traveling north and south on US-27 may become distressed at having to stop but he said the present setup seems to have improved traffic control at the intersection.

Chamber plans annual projects

ST. JOHNS—The annual organizational meeting of the St. Johns Area Chamber of Commerce included the induction of five new members, election of officers for the 1972-73 year and an announcement of several projects and events slated for the coming months.

Two of the three officers chosen to head the Chamber were re-elected to posts held this past year. Rollin A. (Ron) Huard, Jr. will continue as president of the organization while William Patton will remain vice president. Huard is supervisor of public relations and advertising at Clinton National Bank and Patton is manager of the St. Johns office of Capitol Savings and Loan Assn.

The third officer elected came from the ranks of the recently chosen board members. Roger Beebee, credit manager for CN&T was elected secretary-treasurer and assumes the work of departing board member Wayne Banner whose three-year term expired June 1.

Other new board members include Barry Dean, Dean's Hardware; Ralph Lebrato, Stylemaster Homes, Inc.; Ranny Briggs, Briggs Realtors and Randy Humphrey, City Zoning Administrator.

Among the announcements of coming events were activities of the retail and general committees. Norb Rehmman of the retail group announced that "Sidewalk Days" would be held on Thursday and Friday July 27 and 28 with a rain date of Saturday the 29th. He, Max Field and Dean will direct the retail committee during the coming year and future meetings and events will be announced by the trio.

The annual Chamber dinner will be held in October and Patton will serve as chairman of the event.

A Chamber "fun day" is being planned for Wednesday August 23 and the event will be open to members and guests. The day's activities will include a "surprise" golf tourney and a cook-out at the Clinton County Country Club. Committee for this event is comprised of Dean, Lebrato and Beebee and complete details on the day will be forthcoming.

Aside from persons named, other members of the Chamber board are Charles Coletta, Bill Swears and Wayne Hicks. Coletta is an engineer with Sealed Power and Swears is in the administrative office of St. Johns Public Schools. Hicks is vice president and auditor of Central

National Bank.

The three officers elected to head the Chamber have been active in community affairs. Huard, a Chamber board member since moving to St. Johns in 1968, is also chairman of the St. Johns Area Development Corp. He is immediate past chairman of the planning and zoning commission and continues as a member of that body and is also a member of the St. Johns Parking Committee, a group named by the city commission to study and plan for long-range parking programs. Huard is also president of the board of St. Joseph Church and was recently elected president of the St. Joseph Home-School Council.

Patton is currently serving as president of the St. Johns Exchange Club and is past chairman of the United Fund. He is a former member of the St. Johns Board of Review and has worked on numerous civic projects and events.

Beebee became an active Chamber member during the past year. He has served on the board of the St. Johns Jaycees and has worked closely with such community youth projects as Soap Box Derby, Pass, Punt and Kick and the Little League program.

Weatherwax outlines plan to check out city sewers

ST. JOHNS—St. Johns City Manager Harvey Weatherwax announces that Thursday workers from his department will be blowing non-toxic smoke into the sanitary sewer system on the city's southeast area to check for points of flooding from ground water.

He explained area residents should

have no cause for concern if their plumbing system is properly trapped. "If you have a floor drain that hasn't been used recently," said Weatherwax, "you should pour a pail of water down it to assure water being in the trap."

The commission reported there were 137,300 men and women employed in non-agricultural wage and salaried jobs, including 38,000 engaged in industry and manufacturing operations. Another 13,400 were working in self-employed operations and 3,700 others engaged in agriculture.

In explaining the reason for this work, Weatherwax said "we have to locate points of storm and/or ground water infiltration into the sanitary sewer system." He stressed that heavy rain in the past has flooded the sewer system causing a backup in some city residences. Weatherwax said the pumping system in the

city's lift station is sufficient to handle the sewage load but has no control over ground water flooding.

No timetable has been set for completion of the program. The St. Johns City Manager said progress in the operation will depend on the success achieved in discovering the points of ground water seepage.

A schedule of the operation includes: THURSDAY — South US-27 between Sturgis St. and Townsend Rd. FRIDAY — West of US-27 between Swegles St. and US-27 and Oak St. east of Swegles, Hampshire and Lincolnshire Dr. MONDAY — Oak St. Interceptor line from Swegles St. to Lansing St. and S. Clinton Ave. from Oak St. to Sturgis St. TUESDAY — S. Lansing St. from Sturgis St. to Oak St. and Sicksels St. west from Lansing St. WEDNESDAY — S. Swegles St. from Baldwin St. to Sturgis St. and Sturgis St. from Swegles St. to US-27.

Smoke blower

St. Johns City Manager Harvey Weatherwax and Chan Woodbury, superintendent of the city's waste water treatment plant, check out the rig being used to find points of ground water seepage in the sewer system.

Week's happenings

Rotary Club

Brian Campbell, right, presents six flags to Charles Coletta, St. Johns Rotary Club president. The flags depict the various clubs Campbell visited while on Rotary sponsorship to the University of Brussels in Belgium. Campbell is presently a student at Wayne State University where he is pursuing a career in medicine.

Blue Star Mothers

Six-year-old Scott Young of Laingsburg buys a daisy from a Blue Star Mother during the group's fund drive held in St. Johns Friday. Handing young Scott his daisy is Mrs. Ruth Barrett of Blue Star Mothers Chapter 88 in St. Johns. Scott is the son of Mr. and Mrs. Randall Young.

Cub Scouts get flag

Outgoing commander of VFW Post 4113, Robert Beebee (center) and the new commander, Roger Dershem (left) presented a flag to Cub Scout Pack 520 during a ceremony held at East Essex Elementary School last week. On the far right is the Cubmaster Alden McBride. Cub Scouts include: kneeling from left, Darryl Greenwood; Dave Kingsburg; Ricky Skaggs and Barr Snyder. Standing from left, Rick Kiel; Dave Becher; Dan Matson; Tommy Cardenas and Bill Brussel. Off camera when the photo was taken was Roger Skaggs.

Allen bids adieu to Clinton County

LANSING—Representative Richard Allen (R-Alma) has announced he intends to seek re-election to the Michigan House of Representatives from the 89th district. This district includes parts of Gratiot, Montcalm, Isabella and Clare County. It does not include any portion of Clinton, Eaton or Midland which Representative Allen is now representing.

In announcing, Allen said, "I have been very proud to represent the 88th District these past four years. It is a fine area with good people. I very much regret losing that portion of Clinton County that I was representing. However, I would like to say to the people of Clinton County that they certainly need not feel they are losing a legislator. They will no doubt be well represented by a new one and certainly can also still call on me if I am successful in seeking re-election."

Allen has a B.S. and D.V.M. degrees from Michigan State University. He is married to the former JoAnn Wright of Alma and has two children. Previous to entering the legislature four years ago, Allen spent nine years as a professor of biology at Alma College. He has spent three years as a full-time veterinarian and twelve years as a part-time veterinarian and owner of the State Road Animal Hospital at Alma. In 1967,

he spent five months studying agriculture and domestic animals in Asia and Africa. He is part owner and has been involved in the management of a family farm at Ithaca. Allen is 38 years old. Some researchers believe there is a relationship between viruses and certain cancers. Help them find out and help wipe out cancer in your lifetime. Give to the American Cancer Society.

Celebrate anniversary Black-Brockway wedding rite read

A weekend cruise to Nassau on board the M/S Sunward of Norwegian Caribbean Lines was part of a recent Florida vacation for Gerald and Violet Pope of St. Johns.

ST. JOHNS—Mr. and Mrs. Rudolph Mohnke of West Parks Road, St. Johns were guests of honor at a surprise celebration which was held in their home recently honoring their 50th wedding anniversary.

Hosting the event were their two daughters and son-in-law, Mrs. Helen Patterson and Mr. and Mrs. Jamey Mohnke.

Mr. Mohnke and the former Mildred Kinley were married on June 6, 1922 in the parsonage of Riley Lutheran Church.

The couple has resided

most of their married life at their farm home on West Parks Road and have five grandchildren.

Many friends and relatives stopped throughout the afternoon to extend their best wishes to the couple.

Guests were present from Angola, Ind., Marshall, Bronson, Ann Arbor and Lansing.

During the celebration they received good wishes by telephone from Glendale, Calif, and special congratulations were also sent from Palos Park and Oak Park, Ill.

MR. AND MRS. THOMAS C. BROCKWAY

Celebrate anniversary

LANSING—Mr. and Mrs. Louis P. Snitgen, 747 Comfort Street, Lansing will be celebrating their 60th wedding anniversary on Sunday, June 25.

The event will begin with a 10:30 a.m. Mass at Holy Cross Church at 1515 West Oakland, Lansing and an open house will be held from

2 to 5 p.m. in the church auditorium.

Hosting the gathering will be their daughters and sons-in-law, Mr. and Mrs. Leo Werner and Mr. and Mrs. Patrick Long.

The couple was married in Westphalia on June 25, 1912 and have five grandchildren and two great-grandchildren.

Open house deadline

Anniversary open house articles accompanied by a photo must be in the News office no later than 5 p.m. on Friday to insure coverage in the next edition of the paper.

Articles brought in later than Friday will be used as time and space allow.

DeWitt — The Redeemer United Methodist Church in DeWitt was the setting for the 1 p.m. candlelight ceremony uniting in marriage Connie D. Black and Thomas C. Brockway Saturday, April 27.

Rev. H. Forest Crum assisted by the Rev. Leslie Nevins performed the double ring ceremony for the daughter of Mr. and Mrs. Richard Black, 13221 Tucker Dr., DeWitt and the son of Mr. and Mrs. Thomas H. Brockway, 1302 Waxwing, DeWitt.

Mrs. Raymond Owens of Clare sang "Thru The Years", "O Perfect Love", "With This Ring" and "The Wedding Prayer" accompanied by Mrs. Richard Garthe of Plymouth, both are aunts of the groom.

Given in marriage by her father, the bride chose a floor-length gown of white dotted swiss, featuring an empire waistline with sheer dotted swiss leg-o-mutton sleeves. The gown featured a high neckline, trimmed in lace and the skirt was accented with daisy and lace trim. Her chapel-length detachable train was of sheer dotted swiss with lace edging. Her finger tip veil of French illusion was held in place by a tear drop cascade of net and ivy centered around a large white orchid.

Jeanne Black, sister of the bride, was maid of honor and Sonja Black, sister of the bride, was bridesmaid. The maid of honor wore green and the bridesmaid wore yellow and both dresses were fashioned after the bride's gown. All were made by the bride's mother. They each carried a cascade bouquet of large white daisies with yellow centers.

Best man was Murray Brockway, brother of the groom and groomsman was John Black, brother of the bride. Ushers were Douglas Black, brother of the bride and Ed Reed, friend of the groom, all of DeWitt.

The reception was held in the church fellowship hall, immediately following the ceremony.

After a northern honeymoon the new Mr. and Mrs. Brockway will make their home at 103 N. Bridge St. in DeWitt.

The bride is a 1970 graduate of Sault Ste. Marie High School and Melba Beauty Academy and is employed by Mirror on the Wall Beauty Salon.

The groom, a 1971 graduate of DeWitt High School, is attending Lansing Community College and employed by Meijers.

Meetings

ST. JOHNS (C) — River Wabwaysin Chapter, Daughters of the American Revolution, met at the farm home of Mrs. George H. Brooks and Marlyse Brooks for their last meeting of the club year, last Tuesday night.

Following a potluck dinner, Dale Calder, speaker of the evening, told the group about his genealogical research into the backgrounds of several French families who settled in Clinton County in the mid-19th century. Much of his research was done in France while he was a student at the Sorbonne in Paris. An informal discussion of French history followed his talk.

At the close of the business meeting the retiring Regent, Mrs. H.M. Bross, presented the gavel to the incoming Chapter Regent, Maralyse Brooks. Other officers are vice regent, Mrs. Bross; secretary, Mrs. Dean Gill; treasurer, Mrs. Harold F. Millman; chaplain, Shirley Pouch, registrar, Mrs. Brooks; historian, Mrs. Leo K. Pouch.

The group will resume meeting in the fall.

Graduates

DETROIT — Martha A. Merritt was among the recent graduates of Wayne State University where she was awarded a master of arts degree in Social Work.

A former resident of St. Johns, she attended school here while her father was pastor of the First United Methodist Church. She is a graduate of Hillsdale High School and received a bachelor of arts degree from Western Michigan University in 1969.

She is the daughter of Rev. and Mrs. Lavern Merritt of 900 Alcala Ave., Lehigh Acres, Fla.

Births

SKORNA — A boy, Paul Hamilton, was born to Mr. and Mrs. George Skorna of 706 Church, St. Johns June 16 at Clinton Memorial Hospital. He weighed 8 pounds, 15 ounces. The baby has 2 sisters. Grandparents are Mr. and Mrs. Joseph Moriarty and Mr. and Mrs. Frank Smith. The mother is the former Carol Moriarty.

What the world needs most is a little time to think it over.

MRS. MICHAEL JOHN WARREN

Curtis Jr. of 8455 West Juddville Road, Elsie and the groom is the son of Mr. and Mrs. Loy Warren of 5317 West Simpson Road, Owosso. Soloist was Pamela Fowler, cousin of the bride and organist was Mrs. Al Canze, sister of the groom. The bride was given in marriage by her father and chose a gown of peau-de-seole designed and made by her mother. The bias cut skirt featured a sheer overlay of chiffon with a built-in train. Sheer sleeves complemented the gown and peau-de-sole and lace formed the cuffs. Turquoise insertions on the bodice were highlighted by lace. A pillbox headpiece secured her long flowing lace veil and she carried a white basket filled with yellow roses, white daisies, small purple mums and baby breath.

Maid of honor was Rhonda Curtis of Elsie, the bride's sister, and assisting as bridesmaids were Susie Warren of Owosso, sister of the groom, Jane Latz, Elsie, Susan Alderman, Ovid, and Virginia Fowler of Ovid. Flower girls were Jacki Canze, Owosso, niece of the groom and Ginger Schultz, Elsie, cousin of the bride. The attendants wore turquoise gowns of chiffon over taffeta with white lace trimming the bodice and the empire-style waistline. The gowns were styled with a mandarin collar and long sheer sleeves. They wore white picture hats and carried baskets of daisies, mums and baby breath with ribbon streamers accenting the baskets.

Best man was Jim Warren brother of the groom, and serving as groomsmen were Al Canze, brother-in-law of the groom, Joe Schroeder, Jim Shipley and Keith Stewart. Seating the guests were ushers, Doug Darling, Neil Darling, Randy Curtis and Dennis Nethaway. Junior ushers were Ron Nethaway and Jim Darling. A reception was held in the church immediately following the services. Host and hostess were Mr. and Mrs. George Fowler. Special guests were Mr. and Mrs. Arthur O. Curtis Sr. and Mrs. Aphra Pixley, grandparents of the bride, and Mr. and Mrs. Earl Tubbs grandparents of the groom. Following a Northern Michigan wedding trip the couple will make their home in Elsie. The bride is a 1971 graduate of Ovid-Elsie High School. The groom, a 1969 graduate of Owosso High School, is a student at Ferris State College.

Graduates

Donald C. Pratt, son of Mr. and Mrs. Don Pratt, 304 N. Traver St., St. Johns graduated from Southern California College at Costa Mesa on June 3. He received a bachelor of arts degree, majoring in sociology. Don is a 1956 graduate of Rodney B. Wilson High School and lives in Corona, Calif. He is employed as a counselor at the California State Youth Center in Chico, Calif.

Church names new officers

Two governing groups of St. Joseph parish, have selected officers for the coming year following annual elections which placed two new members on the church board. Rollin (Ron) Huard and Norman Rademacher were elected as president and vice president, respectively, of the church board and Sheldon Parker was named to fill the expired term of Robert Purtil as president of the St. Joseph School board. New members elected to the church board were Mrs. Clara Howell and William Asher. The two replace Dr. Henry Burkhardt and George French whose three year terms expired June 1. Aside from Huard and Rademacher, other members of the St. Joseph Church board are Jean Vitous, Virginia Eisler, Clara Howell, William Asher and Sheldon Parker. Other lay persons participating in activities of the governing board are Ruth Henning, secretary and Lynn Henning, youth representative.

A special service, honoring the 8th grade graduates of St. Peter Lutheran School, was held Friday evening, June 2. Speaker for the occasion was the Rev. David Voorhees, Institutional Chaplain in Lansing. Rebecca Barz gave the valedictory message and Earl Flegler Jr. the salutation. Other graduates were Mary Bergdoll, Barbara Dilts, James Eaton, Rita Horman, Allen Sehike, Ruth Speerbrecker, and Tim Race. A reception was held in the church hall immediately after the graduation service.

Dean's list

KALAMAZOO—A total of 1800 Western Michigan University students have won recognition as scholars by being named to the university's Dean List for the recent winter semester. To win the honor, students must have taken at least 14 hours of class work and maintained a grade point average of 3.5 out of a possible 4.0 (all A's). Listed from this area were Kenneth Kridner, 7850 Chandler Road, Elsie and Marilyn Sue Simon, 11685 W. M-21, Fowler.

Graduates

Lester J. Thelen, son of Mr. and Mrs. Gerald V. Thelen graduated from Central Michigan University on Saturday, May 13. A 1967 graduate of Fowler High School, he received a bachelor of science degree in special education.

A message for daddies from the American Cancer Society: have a checkup once a year for your sake and the family's.

ter of the bride and Mrs. George Ford, DeWitt. The attendants wore floral print gowns in a pastel color styled with long sleeves, a scoop neckline and a self belt with streamers. They carried a bouquet of yellow roses, orange pompons and baby breath. Best man was Al Van Ness and assisting as groomsmen were Dennis Springer and Cliff Kasmier. Seating the guests were ushers Dennis Every, George Ford and David Hambleton. A 7 p.m. reception was held in the home of the groom's parents for 200 guests. The couple will make their home in Lansing. The bride is a 1967 graduate of Owosso High School and the groom is a 1965 graduate of Rodney B. Wilson High School.

MR. & MRS. ROBERT EDWIN SCHNEIDER

FOWLER-Rev. Ray Rademacher performed the Saturday, June 3 wedding ceremony which united in marriage Diane Virginia Simon and Robert Edwin Schneider. Gladiolus, carnations and daisies decorated the altar of Most Holy Trinity Church for the 2 p.m. service.

The bride is the daughter of Mr. and Mrs. Gilbert Simon of R-2, Fowler and the groom's parents are Mr. and Mrs. Harold Schneider, R-1, Portland.

The bride was given in marriage by her father and chose a floor-length gown of eyelet embroidery organza with a high bonded neckline, full Bishop sleeves with a wide cuff. The A-line skirt was softly gathered at the waistline and a deep ruffle edged the hemline and the chapel-length train. A white satin ribbon outlined the waistline and a bow accented the front of the waistline. Her silk illusion veil was attached to a faceframe lace motif headpiece which was trimmed with an organza bow and small pearls

and she carried a cascade bouquet of white daisies and red sweetheart roses and white carnations.

Maid of honor was Mrs. Susie Thelen, Fowler, sister of the bride, and assisting as bridesmaids were Mrs. Mary Ann Rademacher, Fowler, sister of the bride, Ann Halfmann, friend of the bride and Mrs. Ann Schneider, Portland, sister of the groom.

The attendants wore identical gowns of pastel green, yellow, pink and blue featuring a high ruffled neckline trimmed with lace, short puff sleeves, empire-waistline and an A-line gathered skirt. Lace accented the bodice and a deep ruffle edged the hemline. They wore a lace motif headpiece trimmed with small pearls which secured their veils and carried baskets of pastel daisies and baby breath.

Best man was James Schneider, Portland, brother of the groom and assisting as groomsmen were Tom Schneider, brother of the groom, Don Schneider, brother of the groom and Dennis Simon, brother of the bride. Seating the guests were ushers James Simon, brother of the bride and Doug Schneider, brother of the groom.

A 5 p.m. reception was held at Holy Trinity Hall for 400 guests. Special guest at the wedding and reception was Mrs. Anna Rademacher, grandmother of the groom.

Following a wedding trip to Washington D.C. the couple will make their home at 332 1/2 Grant Street, Portland.

The bride is a 1970 graduate of Fowler High School and the groom is a 1967 graduate of Portland St. Patrick's High School.

The primary Sunday school department at the First Baptist Church in St. Johns sponsored a contest from January thru May using as its theme "Boys and Girls for Jesus". Heading up the activities was Mrs. Alice Bouchey. The participants received points in four different areas which included bringing Bibles, memory verse, preparing lessons, and bringing visitors. Winners were, left to right bottom row, Pamela Smith, Linda Green and Steve Moon and top row, Richard Kingsley, Douglas Brasington and Gregory Kingsley.

Elsie

MRS. NEVA KEYS
Ph. 862-4301

Mrs. Lois Williams presented her piano students in a recital Tuesday evening at the Elsie United Methodist Church.

The following young people participated: Scott and Stacey Schoendorf, Terri, Julie and Gayle Furstenau, Cindy Hehrer, Cathy Plesko, Carrie Miller, Dawn Kias, Jolene McQuiston, Michele Baese, Christopher Jones and Edna Arnst.

Mrs. Williams closed the year with her annual picnic for her students Thursday at Crystal Lake.

The new Mr. and Mrs. Kenneth F. Kiger have returned from a honeymoon in Northern Michigan and will reside at the groom's home on 4932 Sevey Rd., Elsie. The bride is the former Gereta DeVries Thornton of 5361 Island Rd., Elsie.

The wedding was June 12th at the Duplain United Methodist Church with the Rev. David Litchfield performing the double ring ceremony following the blessing of the engagement ring.

Baskets of summer flowers graced the church altar and sprays of flowers marked the pews. Music during the service was played by Mrs. Donald Temple.

The bride wore a basic blue dress with a matching blue lace jacket fashioned with long pointed sleeves and lapels edged in white velvet ribbon. Her pill box hat matched the jacket and was worn with a short white veil. It was trimmed with sequins and oval pearls. She wore an orchid corsage and her only jewelry was a string of pearls, a gift from the groom.

Mrs. Jean Snyder and the bride's daughter, Laura Thornton were her attendants. They wore mint green double knit dresses with white accessories and orchid corsages and carried white Bibles marked with green ribbon streamers of lovers' knots and tiny flowers.

Ronda Sue Thornton served as flower and ring bearer. She wore a light yellow dress with a white pinafore embossed with yellow daisies. She carried a basket of flowers with the rings attached. All gowns were designed by the bride.

The groom was attended by his son, Roger Kiger of Elsie and his son-in-law, Kenneth Milts of Vicksburg.

Following the wedding ceremony, a reception was held in the church basement for the 40 guests. Roma Hamer and Rita Holt of St. Johns and Doris Smith of Owosso were in charge of arrangements.

Both Mr. and Mrs. Kiger are employed at the Ovid-Elsie Schools.

Pewamo

Mr. and Mrs. Arnold Schafer and Mr. and Mrs. Stanley Schafer, their daughter, Lynn, and son, Greg, left at 8:00 a.m. by plane for Albuquerque, New Mexico to visit their son and brother, Mr. and Mrs. David Schafer and family. They expect to be gone a week or so.

Mrs. Clell Bissell is a patient at Clinton Memorial Hospital in St. Johns. She underwent major surgery Tuesday morning, June 6, her reports are good. Also at Clinton Memorial Hospital is Mrs. Bissell's mother, Mrs. Margaret Sturm Lyons, as a medical patient.

St. Johns

MRS. HILA BROSS

Engaged

DeWitt-Mr. and Mrs. Peter M. Rothstein of 10574 Wacousta Road, DeWitt wish to announce the engagement of their daughter, Sharon Kay to Timothy Richard Price, son of Mr. and Mrs. Daniel R. Price of 309 N. Swegles Street, St. Johns.

The bride-elect is presently attending St. Johns High School.

The prospective groom is a 1971 graduate of St. Johns High School and is employed at the St. Johns Egg Station. A June 30th wedding is being planned.

The St. Johns High School Class of 1932 observed their fortieth anniversary of graduation at the First Congregational Church Saturday evening, June 17.

Dinner was served to over 60 alumni, their spouses and former teachers.

Greetings from several were read who were unable to attend and old school pictures and school newspapers were enjoyed.

Four former teachers attended: L. Russell Steffens of St. Johns; Miss Geraldine Dykhuizen of Holland accompanied by her twin sister; Mrs. Charlotte Goodrich Marshall and her husband, Robert Marshall of West Branch; and Nelson J. Budde and Mrs. Budde of Kalamazoo.

Alumni and their spouses attending were Mr. and Mrs. Garrison Hostetler (Arlene Conrad) of Louisville, Ohio; Mr. and Mrs. Reo Anderson of Ashland, Ohio; Mrs. Laura Moss Finch and Miss Lucille Burl of Chicago, Illinois; Dr. and Mrs. J.E. Livesay (Jean Anderson) of Flint; Louis Burl of Lansing; Mr. and Mrs. Wilbert Plankenhorn (Arlene Curren) of Vicksburg; Mr. and Mrs. Don Houlden (Dorothy Curren) of Breckenridge; Mr. and Mrs. Earl Day of Lalgensburg; Mr. and Mrs. Max Hunter of Wayne; Mr. and Mrs. Ivan Risley of Royal Oak; Mr. and Mrs. F. Earl Parks of Grand Rapids; Mrs. Auburn Smeltzer (Mable Vaughan) of Maple Rapids; Charles Pearson of Alma; Mr. and Mrs. Muriel Bond of Midland; Mr. and Mrs. Wendell Brewbaker of Williamston; Mr. and Mrs. Paul Lavendar (Florence

Carland News
by Mrs. Pudge Daming

Durwood (Mike) Schultz of E. M 21 of Ovid, former resident of Carland, is a patient in St. Joseph Mercy Hospital in Ann Arbor, Room 630. He underwent vein-surgery last week, and will be convalescing at his home after this Friday.

Sean Palatka, son of Mr. and Mrs. Frank Palatka Jr. of Carland, was recently a patient in Owosso Memorial Hospital for eye surgery.

Mr. and Mrs. Ken Munson of Carland, visited her brother, Mr. and Mrs. Millard Holton and family in Lansing, Sunday; the Holtons are former residents of this area. They attended the 40th anniversary of Mr. and Mrs. Addison Murry, former residents of the Elsie area.

Couple speak vows in Lansing church

MRS. CHARLES HEINZE

Debra Watson now Mrs. Charles Heinze

BANNISTER — St. Cyril's Catholic Church in Bannister was the setting for the Saturday, June 17 double ring wedding service which united in marriage Debra Sue Watson and Charles Edward Heinze. Rev. Thomas Kowalczyk performed the 4 p.m. service before an altar decorated with arrangements of white gladiolus and yellow mums. Standing hurricane lamps trimmed with yellow bows decorated the aisles.

Organist was Mrs. Geraldine Winkler and vocalist and guitarist was Sue Babcock. The bride is the daughter of Mr. and Mrs. Richard L. Watson of 3123 Carland Rd., Elsie and the groom's parents are Mr. and Mrs. Eugene Henze of 11587 Taft Rd., Bannister.

The bride was given in marriage by her father and chose a Victorian-style empire waisted gown with Bishop sleeves, an A-line skirt and chapel-length train trimmed with Venice lace and white satin ribbon. Her shoulder-length veil was secured in place by a headpiece of ribbon loops and Venice lace centered with a white pearl and she carried a cascade bouquet of white daisies, yellow sweetheart roses and a touch of deep blue starflowers for accent.

Maid of honor was Debbie Morgan, Ovid, and assisting as bridesmaids were Ellen Watson, Elsie, sister of the bride; Louise Heinze, East Lansing, sister of the groom; and Sharon Heinze, Bannister sister of the groom. Junior bridesmaid was Linda Watson, Elsie, sister of the bride.

The attendants wore gowns of white dotted swiss over yellow taffeta in Victorian style featuring an empire waistline, Bishop sleeves and an A-line skirt. Daisy trim was at the neckline, waistline and cuffs. They wore yellow and white daisies in their hair and carried brown wicker baskets filled with daisies.

Best man was Greg Mead, Elsie, and serving as groomsmen were John Powell of Williamston, Bill Heinze, Chicago, brother of the groom; and Lester Heinze, Bannister, brother of the groom. Junior groomsmen were Dennis Heinze, Bannister, brother of the groom. Seating the guests were ushers Pat and Fred Heinze, brothers of the groom.

A 6 p.m. reception was held for 350 guests in the Veteran's Building in Ovid. Serving as host and hostess was Mr. and Mrs. James Besko.

Special guests at the wedding and reception were Mr. and Mrs. C. E. Heinze and Mrs. Zulma Robbe, grandparents of the groom, and Mr. and Mrs. Ellis Watson and Mr. and Mrs. E.L. Brown, grandparents of the bride.

Following a Northern Michigan wedding trip the couple will make their home at 1221 Carland Rd., Owosso.

The new Mr. and Mrs. Heinze are both 1970 graduates of Ovid - Elsie High School.

LANSING — Evelyn Marie Dove became the bride of Lynn R. Maggert April 29 at a 6:30 p.m. ceremony performed in Wesleyan Holiness Church, Lansing.

Rev. Richard Ringle, uncle of the bride, performed the service before an altar decorated with pink and blue mums.

The bride is the daughter of Mr. and Mrs. Harry Dove Sr. of 603 Wilson Street, DeWitt and the groom's parents are Mr. and Mrs. Everett Maggert of Hillman.

Soloist was David Chaffin and organist was Mrs. David Chaffin, aunt and uncle of the bride.

The bride, given in marriage by her father, wore a gown of white bridal satin with accents of Chantilly lace. The high neckline, long sleeves and empire-style bodice were trimmed with ruffles. Rose decals trimmed the full skirt. The bride designed her gown. A 12-foot detachable heirloom

train was attached to her gown and she carried a cascade bouquet of white carnations and pink sweetheart roses with white ribbons and pink lace streamers.

Maid of honor was Peggy Ringle of Lansing, cousin of the bride and bridesmaid was Virginia Castle of St. Johns. Junior bridesmaid was Rebeka Chaffin, Ithaca, cousin of the bride and flower girl was Susan Dove, sister of the bride. Train bearers were Marjorie Dove, sister of the bride, and Rachel Maggert, sister of the groom.

Harry Dove, DeWitt, bride's brother, was best man and Arthur Fritz of Mt. Pleasant served as groomsmen and usher and another usher was John Castle of St. Johns. Daniel Castle, St. Johns, was junior groomsmen.

A reception was held in Bingham Hall in St. Johns following the ceremony for 125 guests.

Special guests at the wedding and reception were Rev. S. E. Chaffin, Ithaca, grandfather of the bride, Mrs. Henry Dove of Coldwater, grandmother of the bride, and Fred Murphy, Coldwater, great-grandfather of the bride.

For travel on their wedding trip to Kansas the new Mrs. Maggert chose a tailored dress ensemble of pink, blue and white with pink accessories. They are now at home in their apartment near DeWitt.

The bride attended DeWitt High School and is a 1971 graduate of the American School. The groom attended Mt. Pleasant High School.

Calling All Ages

Cancer is no respecter of age. It kills both young and old. The dollars you give to the American Cancer Society may help wipe out cancer in your lifetime.

MR. AND MRS. LYNN R. MAGGERT

JCs provide free lessons

ST. JOHNS — Area youngsters are reminded the St. Johns Jaycees are offering free tennis lessons at the city park courts every Monday and Wednesday afternoon.

The first session is held from 3-4:30 p.m. and the second session runs from 5-6:30 p.m. St. Johns High School tennis player Bob Halmo is serving as the instructor. Further information on the lessons is available by calling St. Johns tennis coach Al Werbich at 224-2248.

It cost the nation's 7,000 hospitals more than \$25 billion to provide care to the 32 million persons admitted to hospital beds during 1970 and to the 181 million more who received outpatient care. That's the equivalent of \$127 for every man, woman, and child in the United States.

MR. & MRS. HENRY POHL

Celebrate anniversary

FWLER—Mr. and Mrs. Henry Pohl of Fifth Street, Fowler will celebrate their 50th wedding anniversary June 25 at an open house held in their honor.

Fred Edinger of Marshall and Sister Janet of Racine, Wis.

It is requested that there be no gifts.

The event will be held from 2 to 5 p.m. at Holy Trinity Hall, Fowler. Hosting the open house will be their children, Mr. and Mrs. Robert Harris of St. Johns, Mr. and Mrs. James Pohl of Lansing, Mr. and Mrs.

Mr. Pohl and the former Laura Schaefer were married in Westphalia June 13, 1922 and have lived in the Fowler area for the past 50 years.

They have 16 grandchildren and two great-grandchildren.

Class of 1942 plan reunion

ST. JOHNS—The 1942 graduating class of Rodney B. Wilson will hold its 30th reunion at Daley's Restaurant on Saturday, June 24.

The social hour will begin at 5:30 p.m. with a dinner following at 6:30 p.m.

The class consisted of 85 graduates. Nine are now deceased.

Valedictorian was Jean Black Morgan and the salutatorian was Verna Leucht Marten.

The committee in charge is Edward Mankey, president, Kenneth Blizzard, vice president, Leola Thurston (Rhynard), secretary-treasurer.

Other classes and teachers are welcome to attend the reunion.

P-W FHA wins award

MARQUETTE — The Future Homemakers of America held a statewide workshop in Marquette June 14-16 with four girls from Pewamo-Westphalia attending the activities.

Patty Noaker, chapter vice-president; Sherrie Wood, treasurer; Cindy Pohl, secretary and Jan Halfman, recreation leader brought back the Red Rose Honor award. The girls were accompanied by their advisor, Audrey Casari.

The P-W chapter won the award for being one of the best and most active chapters in the state.

During the workshop the girls learned to become better leaders, how to build a stronger FHA Chapter and how to best fulfill the responsibilities of their office.

Caribbean cruise follows wedding

Jane Alice Atkinson became the bride of Dr. Stanley John Gromelski, Jr. at one-thirty o'clock Saturday afternoon, June 3, in the Shawnee United Methodist Church.

The bride is the daughter of Mr. and Mrs. Ralph G. Atkinson, 1608 Fairway View Drive, Lima, Ohio. Dr. Gromelski is the son of Mr. and Mrs. Stanley J. Gromelski, Sr., Dansereau Road, Haydenville, Mass.

Rev. Larry Hard performed the double ring ceremony. Dr. Werner Sonntag was the organist.

To the left of the altar stood a tall antique brass and copper candle holder which supported a cathedral candle and hogarth arrangement of white snapdragons, white chrysanthemums, blue cornflowers and delphinium. To the right of the altar an arrangement of similar flowers centered with three symbolic candles cascaded over the altar's edge, while gold cording festooned the two arrangements and tied them together. Clusters of gold antique floor stands holding cathedral candles marked either side of the chancel. Arrangements of Oregon fern were placed at vantage points.

The bride was given in marriage by her father. She wore a gown of candlelight silk organza designed with an empire bodice of beaded Peau d'ange lace featuring a scalloped scoop neckline and short puffed sleeves. The skirt was enhanced with medallions of lace and pearls. The softly gathered back of the skirt flowed into a chapel length train and she wore a blue cameo necklace, a gift of the groom. The bride carried a Flemish arrangement of gardenias, plumbed mums, gypsophylla, blue corn flowers and ivy foliage.

The matron of honor was Mrs. Robert Houser, Lakeview, Ohio. The bridesmaids were Mrs. Douglas Taylor, sister-in-law of the groom; Janis Baisel, Denver, Colo.; and Mrs. George Fraunfelder, Gladstone, N.J. The attendants wore gowns designed with bodices of royal blue silk organza with short full sleeves and scoop neckline. The softly gathered skirts were fashioned of gold leaf-design silk sari print. Each attendant carried a grand glabella rose in white affixed to a long, curved, satin-covered stem. George Fraunfelder, Gladstone, N.J., was best man. Dr. Robert Houser, Lakeview, Ohio, and the bride's brothers, Cap. James Atkinson, Ft. Knox, Ky., and Bruce Atkinson, Columbus, Ohio, were ushers.

A string ensemble, provided music during the reception which was held at the Church Fellowship Room. Blue corn flowers, delphinium, gypsophylla and white chrysanthemums wreathed the cake, while an arrangement of similar flowers adorned the top of the cake. Three-branch silver candelabras marked either side of the reception table. Foliage and similar blooms vined the table.

Mr. and Mrs. Atkinson entertained at their home with a buffet supper that evening. Mr. and Mrs. Gromelski entertained with the rehearsal dinner in the Plantation Room at the Elks Club, Friday evening.

Mrs. Gromelski is a graduate of Shawnee High School. She studied at Sprach Institute, Vienna, Austria and received a B.A. degree from Ohio State University. She received a B.S. in Medical Technology this month from Ohio State University.

Dr. Gromelski received a B.S. degree from the University of Massachusetts. He received a Ph. D. in Chemistry from Ohio State University and is a post-doctoral fellow with the Chemistry Department at Ohio State University. After July 1, he will be with the University of Arizona.

After a Caribbean cruise, Dr. and Mrs. Gromelski will reside in Tucson, Ariz. Attending the wedding from St. Johns were Mrs. Allen Cressman and Helen Cressman, grandmother and aunt of the bride.

Engaged

JOYCE ZELL

DIANE L. KRAMER

ST. JOHNS—Mr. and Mrs. Lorenz Zell of 106 North Swegles Street, St. Johns, wish to announce the engagement of their daughter, Joyce Marie, to Howard R. Kimball. He is the son of Mr. and Mrs. Keith Kimball of 404 South Clinton Ave., St. Johns.

MEETINGS

The Ladies Auxiliary to V.F.W. Post 4113 of St. Johns recently held an election of officers. The new officers for the 1972-73 year are Eloise Hambleton, president; Joyce Beebe, senior vice; Ruth Roof, junior vice; Dee Stoner, treasurer; Judy Price, secretary; Leatha Estes, chaplain; Dorothy Salters, conductress; Edith Wilkinson, guard; Leatha Estes, Catherine Prowant, and Anna Trustie, trustees; Leatha Estes, historian; Hazel Worall, patriotic instructor; Matilda Smith, musician; Rose Randolph, banner bearer; Lena Ely, Betty Woodhans, Thelma Devereaux, color bearers; Helen Cornell, assistant conductress.

The auxiliary held a joint installation with the men of the post. Doreen Briedinger, past 9th district president, was the installing officer.

The next meeting of the auxiliary will be July 6 at 8 p.m. at the post home.

One word leads to another, and eventually temper takes over.

Fulton plans band social

MIDDLETON—The Fulton High School's annual summer band social will be held Wednesday, June 28, with serving to begin at 5:30 p.m.

The event will be staged at the high school with a band concert set for 8 p.m. A drawing for five door prizes will be held during the concert. Prizes include: a magic chef grill; two-speed 20-inch fan; lounge chair; ice chest and lawn chair.

Snuff It Out

Approximately 64,000 Americans died last year of lung cancer which could be cut drastically if people stopped smoking cigarettes. The American Cancer Society says if you smoke, quit; if you don't smoke, don't start.

Couple travel north following wedding rite

EAST LANSING—Kathryn Lynn Melvin became the bride of Craig Stuart Gibson Saturday, June 17 in a 6 p.m. service held in University United Methodist Church, East Lansing. Rev. Gary Hawes officiated at the double ring ceremony before an altar decorated with white gladiolus and white carnations.

Church News

Dr. Jack Van Impe, internationally known evangelist and musician is coming to Lansing for an area-wide crusade to be held in the Civic Center Auditorium each night at 7:30 p.m. beginning July 2 and climaxing on July 9.

Several area churches and ministers are bringing this preacher to this area for the purpose of arousing the spiritual awareness of the people.

Dr. Van Impe will perform on the modern invention which includes several built-in instrument sounds, an amplified accordion with electronic special effects called the "accorgan."

His wife, Rexella, will accompany him in the campaign and she serves as crusade pianist and soprano soloist.

A number of St. Johns residents are working in the crusade and Rev. Paul A. Travis, pastor of First Baptist Church, is serving as chairman of ushering.

Soloist was Paul Luzak who supplied his own guitar accompaniment.

The bride is the daughter of Mr. and Mrs. Lunsford R. Melvin of 8401 Island Road, Elsie and the groom is the son of Mr. and Mrs. Clarence E. Gibson of 4611 Dartmouth, Saginaw.

Given in marriage by her father, the bride wore a gown of white organza with full sleeves and high collared bodice applique with re-embroidered Alencon beaded lace. A wide band of scalloped lace formed the hemline and a detachable chapel-length train was decorated with appliques. Her veil was attached to a cap of organza petals, accented with pearls, and she carried a crescent bouquet of white phalaenopsis, stephanotis, baby breath and ivy.

Maid of honor was Pamela Loznak, Elsie, friend of the bride, and assisting as bridesmaids were Darlene Lawson, Niles, cousin of the bride, Mrs. Charles Rose, East Lansing, friend of the bride, and Mrs. William Morgan, Ann Arbor, friend of the bride. Junior bridesmaid was Kerrie Gibson, Saginaw, sister of the groom.

The attendants wore gowns of chiffon over taffeta styled with a high waistline, a ruffled V-neckline and long fitted sleeves banded with

embroidery. The maid of honor was in violet and the other attendants were in orchid. They each carried a colonial-style bouquet of lavender daisies, purple statice, purple carnations, lavender poms and baby breath.

Best man was Dave Flouton of Boston, friend of the groom, and groomsmen were Michael Gibson, Carrboro, N.C., brother of the groom, Melvin Pastula, Detroit, friend of the groom, Terry Bartley, Grand Rapids, friend of the groom and Larry Melvin, Elsie, brother of the bride. Seating the guests were ushers Daryl Melvin of Elsie, brother of the bride, and Steve Melvin, Elsie, brother of the bride.

A dinner-dance reception was held at Highland Hills following the ceremony for 200 guests.

Special guest at the wedding and reception was Mrs. Mildred Melvin, grandmother of the bride.

Following a wedding trip to Mackinac Island the couple will make their home in Whithall Manor Apts., Okemos.

The bride is a 1967 graduate of Ovid-Elsie High School and a 1971 graduate of Michigan State University.

The groom is a 1970 graduate of Michigan State University.

SCHOLARSHIP WINNERS

Nearly 100 homemakers attended College Week for Women, June 14-17, as scholarship winners which is an annual event at Michigan State University. The scholarships are presented each year by local and national organizations. In the group of winners were: (left to right) (seated) Lynda Wycoff, Hall Rd., Clinton (scholarship awarded by the county Extension Service) and Miggie A. Hall, Colony Rd., St. Johns (Extension scholarship). (Standing) Mrs. Ken Chlebo, 1108 Oliver, Durand (Farm and Garden scholarship); Mrs. Johnson Hackney, 6540 Sheridan, Durand (Extension scholarship); and Mrs. Walter Reed, 6571 New Lothrop Rd., Durand (Farm and Garden scholarship).

Riley and Olive

MRS. GOLDIE MOORE
Ph. 689-9061

Mrs. William Fedewa hosted a bridal shower at her home on West Chadwick Road on the afternoon of Sunday, June 8, honoring Margaret Coon of Royal Oak. Several neighbors and friends fathered there for games, visiting and also presented her with numerous gifts she will use in the near future. On July 1 Margaret will become the bride of John Wilson of Lansing, son of Mr. and Mrs. Clair Wilson.

Alden Bunge, of 36 East Chadwick Road, retired May 31 from the Motor Wheel Corporation, Lansing. He had been an employee of that Company for 30 years. Mrs. Bunge retired from Oldsmobile last month also.

Sympathy is extended to Mr. and Mrs. Victor Zischke and family whose mother, Mrs. Ethel Grant, passed away on Friday, June 9.

Mr. and Mrs. Orvest Davis held open house for their son, Randy, on Saturday evening at their home. Mr. and Mrs. Melvin Gibson held open house on Sunday evening for their daughter, Paula. Mr. and Mrs. Valentine Stoy held open house also on Sunday evening at their home for their daughter, Sharon. Mr. and Mrs. Kenneth Ceasar

held open house for their son, Bruce, on Sunday evening. All four were among the St. Johns High School graduates on Sunday.

Mr. and Mrs. Alden Bunge visited their sister-in-law, Mrs. Lucile Preston of Hesperia, last weekend and attended open house at home of Mr. and Mrs. Howard Robinson for their daughter, Kim, a high school graduate and their daughter, Barbara, a graduate nurse of Hackley Hospital, Fremont.

Mr. and Mrs. Ray Moore attended the 40th wedding anniversary dinner for Mr. and Mrs. Herbert Witt at the home of Mr. and Mrs. Dennis Whitlock on Saturday evening. This honor was given them by their children: Mr. and Mrs. Dorrell Witt and family; Mr. and Mrs. Eric Peterson and family; Mr. and Mrs. Dennis Whitlock.

Mr. and Mrs. Richard Wood held open house for their daughter, Colleen, on Sunday evening of June 11. She was a graduate of St. Johns High School.

Mr. and Mrs. Ray Moore visited their brother, Chalmer, of St. Johns on Wednesday evening.

Sharon Stoy was honored with a kitchen shower at the home of her aunt, Mrs. Wendell Bolton of Ovid, on Sunday, June 11. Games were played with a prize to each winner and the bride for every game. Door prize was won by Carole Stoy.

Sharon unwrapped her many gifts which she will use in the near future. Each guest contributed her favorite recipe for Sharon's file also. Guests attending were from St. Johns, Dewitt, Ovid, Grand Ledge and Lansing.

Hosting the party were Mrs. Clyde Peck; Mrs. Karl Schaefer and Kristine; Mrs. Wendell Bolton, Cindy, Kathy, Beth, and Barb Bolton.

Clinton area obituaries

Leonard St. Johns

ST. JOHNS—Leonard St. John Jr., infant son of Mr. and Mrs. Leonard St. John of R-6, St. Johns, died in an Ann Arbor hospital Monday, June 12.

Funeral services were held Thursday, June 15 with Rev. Jerry Thomas officiating at the Osgood Funeral Home in St. Johns. Burial was in Mt. Rest Cemetery.

He was born in St. Johns on June 8, 1972.

Surviving besides his parents are a sister, Ada Marie at home; his grandparents, Mr. and Mrs. George Gomez of St. Johns and Mr. and Mrs. Fred D. St. Johns of Corunna; his great-grandparents, Mrs. Nora M.E. Fleisher of Lansing and Mr. and Mrs. Joseph Gomez of Haslett.

Harley Riggle

LANSING—Harley Riggle, 83, of 3233 Turner died Monday, June 12 at Sparrow Hospital.

Funeral services were held Thursday, June 15 at the Lee R. Rummel Funeral Home in DeWitt with burial in DeWitt Cemetery.

He was born in Winn on July 1, 1888, and had been a resident of Lansing for the past 43 years. He had been employed as a carpenter at one time.

Survivors include a son, Rance L. Riggle of Eaton

Rapids; three daughters, Mrs. Charles Freelan of Dimondale, Mrs. Harry Henderson and Mrs. Peter Zdybel, both of Lansing; 14 grandchildren; 22 great-grandchildren; a sister, Mrs. William Curtis of Winn.

Pearl Sillman

FOWLER — Mrs. Pearl Sillman, 84, of 10705 East Second Street, Fowler died Monday, June 19 at the Jackson Nursing Home in St. Johns following a long illness.

Funeral services will be held Wednesday, June 21 at 1:30 p.m. at St. Paul Lutheran Church, Fowler, with Rev. Herman Rossow officiating. Burial will be in Beech Cemetery. Visitation may be made at the George Chapel of the Osgood Funeral Homes Inc., in Fowler.

She was born in Dodge City, Kansas on Dec. 16, 1887, the daughter of Herman and Cassie Gaddy and moved to this area as a small child. Her husband, William Sillman preceded her in death in 1950. She was a member of St. Paul Lutheran Church, Ladies Aid Society and Lebanon Ladies Aid.

Survivors include one grandson, Marion Sillman of Lansing; three great-grandchildren; a sister, Mrs. Belle Shuman of Vestaburg; a daughter-in-law, Mrs. Eleanor Baxter of Maple Rapids.

Raymond Kowalczyk

HASLETT — Raymond E. Kowalczyk, 72, R-1 Haslett died in Lansing General Hospital June 14 following a long illness.

Funeral services were held Friday, June 16 at the Lee R. Rummel Funeral Home in DeWitt with Rev.

Richard Peters officiating. Burial was in East Lawn Cemetery.

He was born in Bay City on Feb. 25, 1900, the son of Frank and Luse Kowalczyk. He was a member of the Laingsburg American Legion.

Survivors include his wife, Phyllis; three sisters, Mrs. Eugene Cody of Flint, Mrs. Henrietta Carpenter of Port Austin and Mrs. Loretta Coonan of Detroit.

OVID

MRS. OLIVER SMITH
Phone 834-5252

The Women's Fellowship of the United Church held their annual picnic June 14th at the Main Street Building. Charles Warren was the speaker for the afternoon and his talk was interspersed by several songs which he sang. The business meeting followed and was conducted by Mrs. Ann Das. There will be no more meetings until fall.

Mrs. Paul (Amy) Smith was happily surprised on Sunday p.m. June 11th when her friends and relatives helped her celebrate her 80th birthday at the home of her daughter and son-in-law, Mr. and Mrs. Lloyd Peterson.

Guests were present from St. Johns, Laingsburg, Owosso, Kalamazoo, Hastings, Lansing, Grand Ledge, Bannister and the Ovid area.

One of the high-lights of the day was the arrival at night of her granddaughter, Judy Polson, Mr. Poisson and son Pat from the Soo. The Sunday School of the United Church sponsored a picnic at the Gumaer Park on June 11th for all church members and friends.

The regular church service was observed before the meal and there were nearly 100 present.

Bibles were presented to the second grade children. Games were played and many awards given.

Everyone agreed it should be a "must" another year.

Cancer is no respecter of age. It kills both young and old. The dollars you give to the American Cancer Society may help wipe out cancer in your lifetime.

Elsie

MRS. NEVA KEYS
Ph. 862-4301

Elsie Chapter No. 69, Order of Eastern Star recessed for the summer months following the June meeting Friday night. They will resume regular sessions on Sept. 7.

Mr. and Mrs. Robert Baker presided in the East and the following introductions were made: Worthy Matron Arlene Kerr and Worthy Patron Ward Maurice of Swartz Creek Chapter OES; Lella Wilson, Grand Committee Chairman of Fraternal Sunshine, Elsie; and Mrs. Anna Dunay, secretary-treasurer of Clinton County Association, Bannister.

A proficiency class for Patricia Aldrich, Elizabeth Mae Baker, Ruth Ann Baker and Patricia Dunay was held with C. H. Sills, past patron, as examiner.

The initiatory degree was conferred upon Mrs. Florence Ewer, who is the mother of Elsie's Conductress, Mrs. Jeanne Temple. She was presented with a white Bible, as gift from the Chapter.

About thirty members and guests were present. Refreshments of open-face sandwiches, cookies and punch were served with Mrs. Wilson presiding at the punch bowl. The refreshment committee was Rosemary Moore, Sharon Schultz, Anna Dunay, Elizabeth Levey and Doreen Krider.

The second annual Varsity Club golf outing was a big success with all participants receiving prizes. The low actual was taken by Charles Miller (45) with the high going to Robin Leslie (73). The prizes were given on the basis of the hole. The first hole was longest putt by Ted Geiger. The second hole, the longest drive and the third hole, closest to pin in two was Charles Miller. The shortest drive on the fourth went to Robin Leslie and closest chip to the pin on the fifth hole went to Charles Miller.

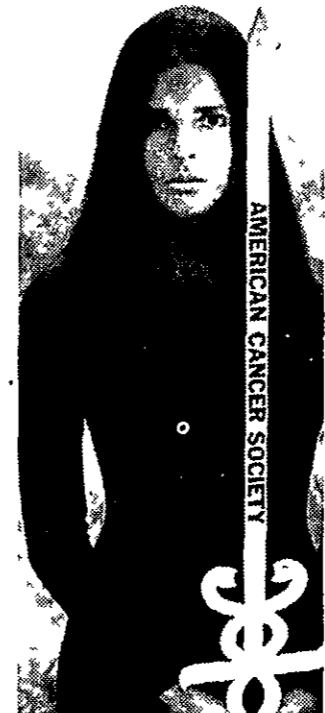

On number eight, closest to the pin in one went to Ron Mead and on number nine Perry Munson won closest to the pin in four. Low hole went to Cayle Woodard and Jan Blunt on number one. The most sixes went to Bill Foran and the most fives to Bob Lawrence. The runner-up actual went to Kirk Baese with a 56.

Graduates

FT. WAYNE, IND.—Gerald Rossow Jr. was among the 170 graduates from Concordia Senior College to receive a bachelor of arts degree at Commencement on June 3 at 3 p.m.

He is the son of Mr. and Mrs. Gerald Rossow Sr. of R-2, St. Johns and a 1968 graduate of Rodney B. Wilson School.

Jerry plans to further his theological studies at Concordia Seminary in St. Louis, Mo. this fall.

Ali MacGraw holds "The Sword of Hope," symbol of the American Cancer Society, to remind everyone to give generously to the ACS Crusade.

Diane Knight was the recipient of a new tape recorder which was presented to her following a drawing at the annual eighth grade banquet. The banquet was held at Rodney B. Wilson Junior High School and presentation was made by Brandon White, eighth grade class president.

We would like to thank Ed Wells, Dick Sturgis and Daale Maier from the District Committee for their help and thanks to all those who help to judge campsites and event stations.

Open Letter from VAN W. HOAG

Dear friends,

It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family. The clergyman should be consulted in matters that concern him before any decisions are made.

Respectfully,

Van W. Hoag

Looking over the new aluminum canoes purchased for the use of the Algonquin 4-H Campers this year are: L to R, Extension 4-H Youth Agents, John Marra-Kent County, Bart Ingraham-St. Joe County, William Kirkpatrick-Barry County, James Franks-Ionia County, John Aylsworth-Clinton County with Marie Kenyon, Summer Health Director of the Algonquin 4-H Camp in the canoe.

Canoes purchased for 4-H camp

Algonquin 4-H Camp will feature several new innovations in 1972 camping. With a rapidly growing interest in canoeing, each 4-H Youth Agent from participating counties decided to seek approval for purchase of a canoe. Seven have been purchased with plans to purchase five more.

Seven counties using the camp have provided funds

for these canoes so the camp cost would not be raised to rent canoes as in past years. The Clinton County 4-H Teen Leaders provided the funds for the Clinton County Canoe.

The Algonquin 4-H Youth Center provides a series of summer 4-H camping dates open to all boys and girls 9 to 18 years of age. Applications may be picked

up at the Clinton County Cooperative Extension Service Office located at 1003 S. Oakland, St. Johns or phone 224-3288.

The cost is \$21.00 per session. Six sessions are offered. A boy or girl may select the week they wish to attend from the following: July 2-6, July 9-13, July 16-20, July 23-27, July 30-August 3 or August 6-10.

Valley Farms-DeWitt

MRS. KEN RICHARDS

Mr. and Mrs. George LaSalle of Boichot Rd. entertained the Clinton County Pioneers Farm Bureau group Thursday, June 8 with 20 in attendance. Election of officers was held during the business meeting. Mr. and Mrs. Walter Schneider, Mrs. Bob Fox and Lennon High School Sunday, June 11.

Lansing attended the Pewamo parish picnic Sunday, June 11.

COMPLETE BODY WORK
AND GLASS REPLACEMENT

BOB'S AUTO BODY

800 N. Lansing Phone 224-2921

NOTICE TO RESIDENTS

The City of St. Johns will be using non-toxic smoke in the Sanitary Sewer System in the Southeast area of the City on the following days, WEATHER PERMITTING:

THURSDAY JUNE 22
South U.S. 27 between Sturgis Street and Townsend Road.

FRIDAY JUNE 23
West of U.S. 27 between Swegles Street and U.S. 27 and Oak Street East of Swegles, Hampshire and Lincolnshire Streets.

MONDAY JUNE 26
Oak Street interceptor line from Swegles Street to Lansing Street and South Clinton Ave. from Oak

TUESDAY JUNE 27
South Lansing Street from Sturgis to Oak Street and Sickels Street West from Lansing Street.

WEDNESDAY JUNE 28
South Swegles Street from Baldwin Street to Sturgis Street and Sturgis Street from Swegles Street to U.S. 27

The reason for this use is to find the points of storm and/or ground water infiltration into the sanitary sewer system. This non-toxic smoke will not enter your home if your plumbing system is properly trapped. IF YOU HAVE A FLOOR DRAIN THAT HAS NOT BEEN USED RECENTLY, POUR A PAIL OF WATER DOWN IT TO ASSURE WATER BEING IN THE TRAP.

CITY OF ST. JOHNS

Pesticides defined

EAST LANSING—Do you know the difference between insecticides, herbicides, fungicides, rodenticides, nematocides, miticides and pesticides?

- Insecticides control insects.
- Herbicides control weeds or undesirable plants.
- Fungicides control plant diseases caused by fungi and prevent decay.
- Rodenticides control mice, rats and other rodents.
- Nematocides control plant-destroying soil eel worms.
- Miticides control mites that feed on plants and animals.
- Pesticides include all of the above. It is any substance that kills or controls a pest.

SPORTS

Business notes

By MIKE PRIVILLE News Advertising Manager

ST. JOHNS - Several Sealed Power Corporation employees at the St. Johns plant participated in a fire demonstration conducted by Inspector Henry Lecats and Fire Marshall Phillip Alber of the Lansing Fire Department.

The two firemen demonstrated the use of various extinguishers and then let Sealed Power workers try their hand at it. An explanation was also given on how to best attack the source of a blaze.

The Sealed Power employees selected to attend the afternoon session were personnel associated with machines and operations located in key areas in the plant.

James E. Cathey, assistant vice president of Clinton National Bank was among the Michigan bankers receiving graduation certificates upon completion of the requirements of the Michigan Graduate School of Banking held on the campus of University of Michigan at Ann Arbor. The two year course, with campus participating totaling four weeks, covers a broad scope of banking activities including accounting, law, business analysis and personnel management. The course is sponsored jointly by the American Banking Assn. and the business administration department of the U. of M.

Cathey, a native of Greenville, joined CNB&T in 1969 as manager of the credit department. He is currently a member of the bank's loan staff working primarily in the installment field. He is a member of the St. Johns Jaycees and Clinton County Country Club. He and his wife, Diane, have four children, and the family resides at 508 S. Traver in St. Johns.

The course is the fifth study program completed by Cathey, covering various phases of the banking profession.

A program of community relations at Clinton National Bank and Trust Co. extended across foreign boundaries recently when the bank joined Clinton County Extension service to host a group of 13 Russian visitors at a dinner in St. Johns. The Russians, accompanied by an American interpreter, were deputies of the Soviet government and came into Clinton county during a four-day visit to Michigan State University. Attending the dinner on behalf of the bank were Mr. and Mrs. Rollin A. Huard Jr.

An exhibit of paintings, portraits and drawings by Margaret (Anderson) Jopke will be displayed this weekend at Jeanne's Beans located off North Lansing Street in St. Johns.

The exhibit will be held in conjunction with the restaurant's opening of the Vagabond Room.

Selected works of Mrs. Jopke can be seen beginning at 10 a.m. Saturday.

LANSING—An open house from 2-4 p.m. on Wednesday, June 14, signalled the formal opening of American Bank & Trust Company's new permanent University Branch at 3395 East Michigan Avenue.

For the past two years, the branch had been housed in temporary quarters at the same location.

Approximately 300 guests visited the new branch during the open house and throughout the day.

The branch, a one-story brick structure, features five inside teller stations and three drive-in teller windows. All customary banking services are offered by the branch as well as night depository and safety deposit facilities.

KURT'S ANNIVERSARY

Rich Snyder, an employee of Kurt's Appliance Center in downtown St. Johns erects a banner proclaiming the store's anniversary sale which will be held Thursday through Tuesday. The store will be giving away five table radios and one dishwasher during the sale which marks the seventh anniversary of Kurt Becker's business.

The Fight Goes On
Since 1945 the American Cancer Society has spent more than \$250-million to support cancer research. Many gains have been made. There are still many leads to follow. "We want to wipe out cancer in your lifetime. Your dollars will help," the ACS says.

Lifesaver Radials

FREE 10-DAY TRIAL

Test drive our finest tires

Prove to yourself that Lifesaver Radials are unmatched in cornering... unmatched in traction... unmatched in all-around dependability!

We'll put a set of brand new Lifesaver Radials on your car free, for a 10 day trial.

No cost. No obligation. With approved credit. All we ask is that your car be in good mechanical condition.

Let your decision ride for 10 days. You can have your old tires back at the end of the trial period, but we're betting you'll want the Lifesaver Radial for the rest of its tread life — all 40,000 guaranteed miles of it!

Stop in before July 4th for the tire you can test drive before you buy. Once you've tried the American Radial, you'll ride on nothing else.

40,000 MILE GUARANTEE

In normal driving, you'll get at least 40,000 miles of treadwear from the Lifesaver Radials on your car. If you don't get 40,000 miles, take the guarantee back to your BFG retailer. He'll allow you credit for the difference toward the going trade-in price of the new ones. And add a small service charge.

MR. LIVESTOCK FARMER: When Alfalfa silage or Haylage is the protein source in the ration you are using the best yet. Especially so when treated with inexpensive IM-PRUV-ALL and fed in a balanced ration that is guaranteed to perform. Alfalfa silage can be stored safely in bunkers if treated with IM-PRUV-ALL. For details contact Fowler Farmers Co-op, Westphalia Milling, Ovid Farmers Elevator, Boughton Elevator, DeWitt; Zeeb Fertilizers and Klein Fertilizer, Perrinton. 5-4-nc

BOOMS RED AND WHITE top silos. Newly designed stave now being manufactured on our new stave machine giving us a stave with extreme strength and durability. Red and White colored metal roof now standard on all new silos. 43 yrs. of experience means the best possible job for you. We do the complete job including the foundation. Write or call today and get all the facts about the silo with the heaviest and best inside finish. We probably put on twice as much material on the inside for a seal and remember this is applied with a cement gun for better adhesion and this is the only part of a silo that wears out. Silo-Matic and VanDale unloaders and feeding equipment. Also dealers for Harley field stone pickers. Some choice areas open to dealers or salesmen. EARLY ORDER DISCOUNT NOW IN EFFECT. Order now and save \$\$\$\$. Booms Silo Co., Inc., Harbor Beach, Mich. 48441, Ph. (517) 479-6654. 31-tf

Card of Thanks

GRIFFITH - I would like to express my thanks and appreciation to Doctors Grost and Russell, nurses, aides, Grey Ladies, and candy strippers and the entire staff at Clinton Memorial Hospital for the excellent care I received while a patient there. To all my friends, neighbors and relatives who sent flowers, cards and gifts and to those who took time to call on me, I would like to thank also. I appreciated it all very much. - Mrs. Nella Griffith. 8-1p

HENGESBACH - I wish to express my sincere thanks, to my family, grandchildren, nieces, nephews, relatives, neighbors and friends and Christian mothers for the many cards, masses, gifts and flowers on my 90th birthday. - Mrs. Anna Hengesbach 8-1p

THELEN - Many thanks to my family, relatives, friends, clergy, doctors and all Clinton Memorial Hospital personnel for their acts of kindness and care during my illness. - Leon E. Thelen 8-1p

MEAD - Many thanks to my relatives, neighbors, friends for the gifts, flowers, visits, cards, phone calls while at the hospital and convalescing at home. Also I would like to thank Dr. MacGregor, nurses and aides for my care at Owosso Memorial Hospital. Many thanks to Rev. Homer for his visit and prayers, the W.S.C.S., Esther Circle, for flowers and cards. I surely appreciated them. A big thanks to our parents for their help while I am recovering. God bless you all. - Diane Mead. 8-1p

SMITH - Sincere thanks to friends and relatives who helped celebrate my birthday. Thanks for cards, gifts, and flowers. Also to the people who prepared and served refreshments. - Mrs. Paul R. Smith. 8-1p-nc

WALDO - The family of Pearl M. Waldo wishes to express sincere thanks to their relatives, neighbors and friends for the many acts of kindness during her illness and at the time of her death. Special thanks to the Jerry Morgan family, the Chet Borton family and Dorothy Sauber for their help in our time of need. Thanks also to the Woman's Fellowship of the Ovid United Church for their donations of food. - Glenn S. Waldo, Theodore L. Buehler, Mr. and Mrs. Theodore A. Buehler, Mr. and Mrs. Stuart Brunger, Marilyn Buehler. 8-1p-nc

In Memoriam

IN LOVING Memory of Larry Durbin, a dear son and brother who passed away three years ago June 22. Death is but a stepping stone, To that eternal life. In which there's no unhappiness, No suffering or strife, And so our loved one is at peace! And lives on in a place. Where there is light and gladness, And he sees God face to face. - Mom and Sisters. 8-1p

Carland News

The Women's Society of Christian Service of the Carland United Methodist church held their monthly meeting at the home of Mrs. Don Taylor Sr, with 17 members present. Mrs. G.M. Wait of Ovid, guest for the evening, orated the 23rd Psalm in details. The traveling apron was opened with a nice collection to be put into the treasurer's fund. An ice-cream social is to be held at the Carland church house in July, with a bake sale combined; the date to be announced later. Mrs. Glade Darling read a poem and gave the devotions. The school of missions in Adrain was discussed, and plans made for anyone attending. Mrs. Taylor's three daughters, Mrs. Dale Du - mond, Mrs. J. Stewart, and Mrs. Lois Bowen, served the refreshments. Mrs. Leo Deming (Pudge) broke her toe while spending a week taking care of her daughter, Mrs. Richard Mead in St. Johns who is convalescing from recent surgery.

Hospital gets addition

ST. JOHNS—A \$110,000 construction project will begin around the end of July which will add a third floor to a portion of Clinton Memorial Hospital known as the Fehling Wing.

The addition is a continuation of a project started in 1968 when the first two floors were constructed. At that time funds were not available to complete the structure.

Since that time funds have been secured and with the aid of two primary donors, Mr. and Mrs. Louis

Novak of Ovid and monies donated from the Mary Whitaker Estate the addition will be started.

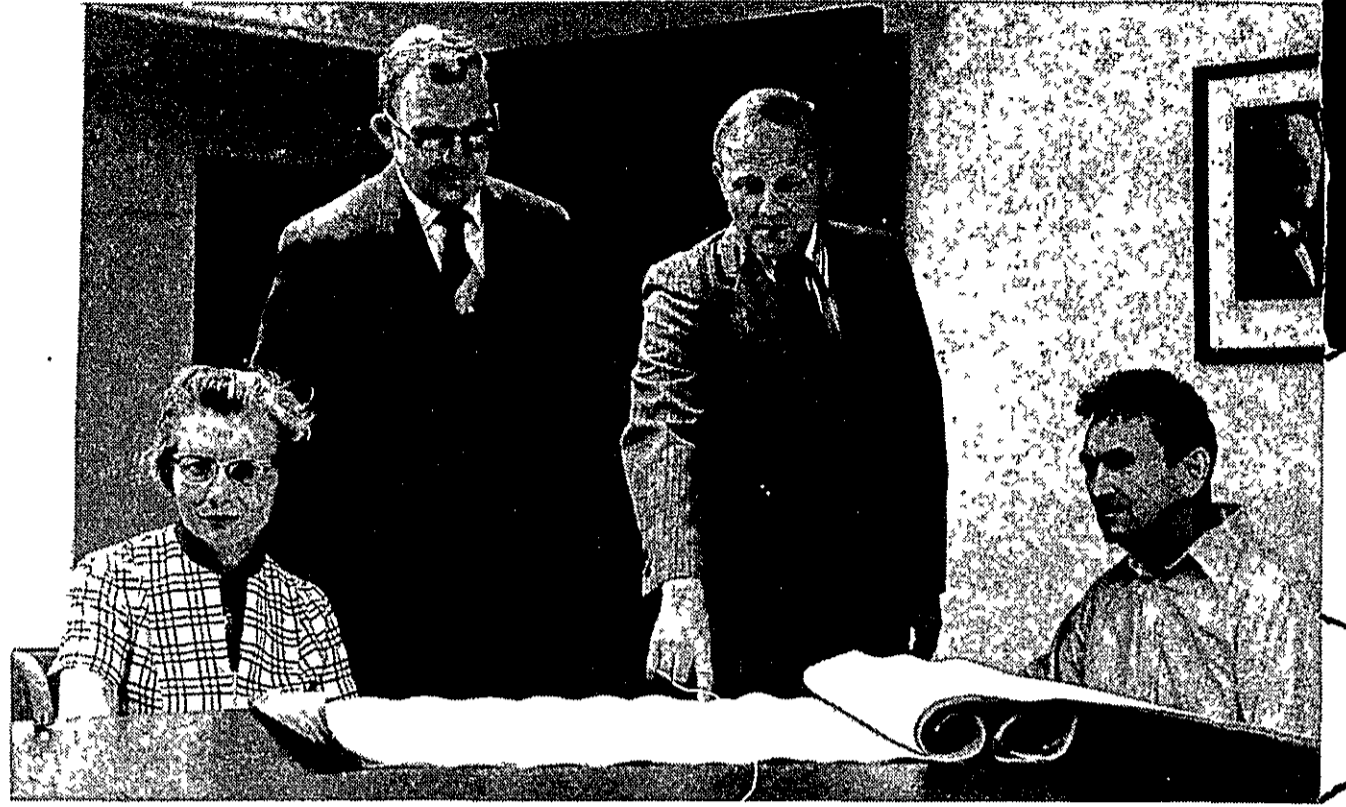

"The plans include a patient service area. However when first completed will be used more specifically as a materials control center," said Paul McNamara, hospital administrator.

Fraser MacKinnon, chairman of the hospital building committee, stated several plans had been reviewed and final plans were approved several months ago by the building committee.

The final plan revision effected a savings of \$19,000.

He further indicated the architectural firm of Wakely-Kushner-Wakely Associates had been retained to initiate the plans and bids were accepted on March 22. The final bid was awarded to the Greenville Construction Company on June 5. The project should be completed around Nov. 15.

The third floor addition will add approximately 7,700 square feet to the facility.

Hospital donors Mr. and Mrs. Louis Novak of Ovid, seated, look over the final plans of the third floor of the Fehling Wing of Clinton Memorial Hospital with Bruce Fowler, board of directors president and Fraser MacKinnon, building committee chairman. Construction is scheduled to begin the end of July.

DeWitt plans building

DeWITT—Last week voters in the DeWitt Public School District approved a \$2,605,000 bond issue for major expansion and remodeling of the high school.

A tentative date for the construction to be completed has been projected for the fall of 1973. Presently the bond sale and letting of

bids is being handled by school officials and legal counsel.

Passage of the ballot proposal increases the school district's debt retirement levy from seven to eight mills. According to Supt. James Ritchie, the average tax hike to property owners in the DeWitt School District is about one dollar a month depending on assessed value.

An A to Z list of what the building package contains is:

REMODELING

- A. Two additional science rooms plus preparation and storage area for independent study.
- B. One additional math room, math office and teacher work area.
- C. One additional foreign language room adjacent to the existing language learning laboratory.
- D. Adds fifty per cent more area to the Homemaking room.
- E. Creates a guidance/counseling suite and removes counselors from the office.
- F. Creates a new office area for the administration.
- G. Adds a student store for selling tickets, supplies and student-made products.
- H. Adds an additional business education room.
- I. Adds 750 seats to the existing gym with a raised balcony section.
- J. Adds an instrumental music room for band-orchestra.
- K. Adds additional music practice rooms.
- L. Removes two temporary rooms not attached to the building.
- M. Adds additional locker space for athletics and boys' physical education classes.

NEW AREAS

- N. Five additional English rooms, an English office and work area with provisions for team teaching.
- O. Four additional social studies rooms, a social studies office and a work area.
- P. Adds a new Instructional Media Center (library) with space to accommodate 1,000 students located adjacent to the social studies and language teaching area.
- Q. Adds two rooms and a work area as a resource center for students with learning difficulties.
- R. Doubles the industrial education area with new space for electronics and auto power shop.
- S. Adds an auditorium with permanent seating for 300 and expandable to 770 for school and community use.
- T. Adds a second gym for expanded physical education, intramurals and community use.
- U. Adds a room for wrestling and physical education classes.
- V. Adds girls' locker room space.
- W. Adds a swimming pool for school and community use. (Labeled in the sketch as a natatorium).
- X. Adds outdoor athletic facilities.
- Y. Improves the parking lot and drive.
- Z. Adds another art room.

Doctors cite legislators

DETROIT—The Michigan State Medical Society has formally expressed appreciation to State Senator William S. Ballenger of Ovid and State Representatives Richard J. Allen of Ithaca and R. Douglas Trezise of Owosso, for voting in favor of repeal of the law requiring a basic science examination for graduates of foreign medical schools seeking to practice in Michigan.

In a letter to Senator Ballenger; Sidney Adler, MD, of Detroit, president of the 8,000-member state medical society, praised action by the Michigan State Legislature, which in late May voted to eliminate the 35-year-old requirement.

Since 1964 the medical society has urged repeal of the rule which required physicians trained in other countries, including Canada, to pass a basic science examination in addition to the regular licensure examination required for all new medical graduates.

Respectfully submitted,
DONNA B. SYVERSON,
Clerk

MILTON J. KING
Supervisor

Continuation of migrant education underway

ST. JOHNS — Michael O'Connor principal of St. Johns Central Elementary School, is formulating plans to direct a school for children of migrant workers this summer at St. Joseph School.

Last week the St. Johns Board of Education assumed sponsorship of the program and Monday O'Connor's staff will attend a week-long training session at the Montcalm Intermediate School District Office in Stanton.

This is the third year such a program has been held in St. Johns and O'Connor has served as director since it began. As in the past, the program consists of two phases—an infant day care center and regular classroom work for youngsters 2 1/2 to 18 years old.

"The main thrust of our program is to enable these youngsters to converse in English," said O'Connor. "We offer courses on how to speak, read and write English."

Classes begin July 3 and run until August 18. Twenty infants are expected for the day care center and this program is funded by the Michigan Department of Social Services. O'Connor said about 75 youngsters are anticipated to attend the classroom sessions which is financed by federal funds under Title I of the Elementary and Secondary Education Act.

Clinton County is a member of the Region Six Michigan Migrant Education Program which includes several counties. Montcalm County's Intermediate School District serves as the administrative agency for the pro-

gram.

The program rents bus transportation from the St. Johns School District to bring youngsters to class. Breakfast and lunch are served to the children while at the school. A registered nurse is on duty throughout the school day and O'Connor said health care will also be offered.

O'Connor's staff includes Joe Gonzales, St. Johns High School Spanish teacher who will serve as a liaison man between the school and parents; Ann LeBlond, a certified teacher in charge of the infant day care center; Linda Freisen, a recent graduate of Alma College and Angellita Gutierrez, a guest teacher from San Juan, Texas. Miss Freisen and Miss Gutierrez both speak Spanish fluently and will teach the older youngsters.

Teacher aides will also be hired but O'Connor explained the number required depends on how many youngsters attend the school. He said one adult is needed for every three infants and one adult is required for every five of the older youngsters.

In other action the board:—approved the placement of a portable classroom at Perrin Palmer School to house an extra class of third graders. Last year the school had two second grade sections but only one third grade. There will be two sections of second grades again this year so additional space was needed.

—voted to continue Title I ESEA for 1972-73 year with a preliminary appropriation set at \$43,510.

DeWitt Township Meeting

Synopsis of the regular meeting of the DeWitt Township Board held on Monday, June 12, 1972 at the Township Hall, 780 E. Wieland Road, Lansing, Michigan.

The meeting was called to order by Supervisor King at 8:02 p.m.

Board Members present were Powell, Johns, Purves, King, Syverson, Zeeb and Pline.

The meeting was opened with the Pledge of Allegiance.

Approved the minutes of the regular meeting on May 8th and the special meeting on May 22nd.

The results of the May 16th election were mailed to the Board members.

A request for storm drain service was received.

Petitions for 25 MPH limit in Northdale Farms Subdivision were received. Voted to recommend that this speed limit be established.

Approved a disability policy for the Police Department and set new vacation and sick leave for all employees.

Fire Committee and Department reports were given by Purves. Checking into up dating the insurance policy on the equipment. A new fire ordinance is being reviewed by the officers of the department. Volunteers are still needed for the Department. Contact the Chief or one of the Officers if you would like to join the Department.

Planning Commission minutes were given by Johns. Recommended approval of rezoning of DE 170A and DE 170C voted by the Board.

Police Committee minutes and the police report was given by Pline. Approved 4 weeks vacation time for the Chief for the time that was lost when his contract was cancelled.

Approved paying the bill of \$6,773.00 for the paving of State Road. Discussed the cost of blacktopping some of the roads in Phase II of the sewer system.

Discussed Gordon Long's development at Herblison and Shavey Roads.

Parks and Recreation report was given by King. The picnic tables will be ready soon; playground equipment will be ordered this week. The Township attorney should look into regaining a portion of the treatment plant site for a park.

The storm drain report was given by Purves. Approved engineering for the storm drains. Duan's request is already in the plans.

The engineer now has the cost of oversizing the area of Phase II for Bath Charter Township's project. The agreement should be amended to \$64,294.23.

Accepted bids for air conditioning the Township Hall and blacktopping the parking lot.

Tri-County future roads plans were given by the Supervisor.

An engineering report should be gotten for the Gerald Shoultz property before a decision is made to extend the sewer to his property. Tabled any action on the request for sewer to the Township park.

Voted not to pay an additional 10% to MTA for Townships defense fund.

Approved all vouchers.

Discussion on the unit factors for the commercial places. The Supervisor is instructed to use the guidelines for the sewer system that have been set by the Board.

Announcements: Planning Commission meeting: Wednesday, July 5th at 7:30 p.m. Regular Board meeting: Monday, July 10th at 8:00 p.m. Special Planning Commission meeting: Monday, June 26th at 7:30 p.m. Adjournment at 11:29 p.m.

Fowler heads hospital board

ST. JOHNS—The names of two recently elected officers of the board of directors at Clinton Memorial Hospital were released this week following a meeting of the board.

Elected chairman for the coming year was Bruce Fowler while serving as vice-chairman and assistant secretary-treasurer will be Fraser MacKinnon.

Fowler has been involved in hospital affairs for the past two years and MacKinnon has been an active member for the past eight years, starting his third term as a director.

Other directors are John Rumbaugh, Lorenz Tiedt, Earl Lancaster, Paul Nobis and William Richards Sr. Committee assignments for the coming year were made and listed on the administration committee are Richards, chairman; MacKinnon and Rumbaugh.

BRUCE FOWLER

Candidates

(Continued from page 1)

John P. Huhn, a 34-year-old Roman Catholic priest from Eagle, has announced his bid to seek election on the Democratic ticket as state representative from the new 56th District.

He has served parishes in Flint, Battle Creek and most recently, St. John's parish in Albion with missions in Olivet and Bellevue.

A lifelong resident of Eagle, he graduated from Grand Leage High School in 1956, attended Michigan State University and later transferred to Athenaeum of Ohio in Cincinnati where he earned a bachelor's degree in philosophy.

Huhn was ordained in 1966 following theology studies at St. John's Seminary in Plymouth. His post-graduate studies include sociology at Western Michigan University and courses at the International Center of the Movement for a Better World in Italy.

The reapportioned 56th District includes all of Eaton County except a part of Delta Township; the townships of Eagle and Watertown in Clinton County; a part of Campbell, and all of Danby, Odessa, Orange, Portland and Sebawa Townships in Ionia County.

Kenneth M. Somers, a 46-year-old freelance writer and photographer from Ovid, is seeking the Democratic nomination as state representative from the newly apportioned 88th District.

In making the announcement, Somers termed himself "a grass-roots candidate" and noted his election as a Democratic precinct delegate during the May primary.

He resides at 112 Park St., Ovid, with his wife of 27 years, Virginia. They have five children, Ronald, Marie; Kay Ann; Kenneth Jr.; and David Wayne. The Somers also have six grandchildren.

Somers is a 1944 graduate of Ovid High School and served with the U.S. Army during World War II. He is the former publisher of several small newspapers throughout the state and has worked for the East Jordan News Herald and Charlevoix Courier.

lowing the facilities of the first floor of the old nurses' home to be used by the Center for the second consecutive year.

—the board heard a report on the physician recruitment efforts. It was indicated that during the last month, the hospital board and members of the Doctor's Search committee entertained a physician team, husband and wife, from the Detroit area that are considering locating in this area. The board indicated a definite interest in continuing discussions with these physicians in hopes they will choose to locate in St. Johns.

O-E may seek vote recount

OVID—The Ovid-Elsie Board of Education is expected to consider making a recount of the one mill request for construction of a bus maintenance garage which was defeated by a narrow 442-441 margin in last week's election. Three ballots were spoiled on this question.

According to Supt. Donald Kenney, the matter will certainly come up during the regular board meeting set for Monday, June 26.

Kenney said in talking with several citizens he has discovered that a confusion existed on this proposal. "Many people thought it was for a building to house buses," he explained, "when actually the plan was to construct a structure where vehicle maintenance and repair could be performed."

The typical public reaction according to Kenney was that people could see no necessity using tax money to build a bus garage simply to protect vehicles from the weather. He expressed the feeling that if voters had been aware of the building's use as a mechanic's workshop the proposal may have passed.

Not it is up to the O-E board of education to explore the possibility of a ballot recount or make a decision on when the proposal will be presented to voters again.

Jaycees elect officers

Eleven new officers were installed along with several award presentations during the Fowler Jaycee Awards Banquet held Sunday June 11 at the club's meeting room in Fowler.

Top award for the year went to James W. Koeligs-knecht who was honored as Jaycee of the year and presented appropriate mementos in the form of a plaque and certificate. John C. Rademacher, last year's top award winner, was selected recipient of the Key Man award.

In addition to being named Jaycee of the year, Koeligs-knecht was installed as president of the Fowler Jaycees for the 1972-73 year. Ken Hungerford, Louis Koeligs-knecht and Rademacher were all installed as vice presidents.

Other officers for the coming year are: Stu Fitzpatrick, secretary; Dave Feldpausch, treasurer; Frank Hufnagel, board chairman; Don Martin and Roger Cook, state directors and Ken Bertram and Dan Fedewa, local directors.

Arraignment set in murder case

ST. JOHNS—Two suspects being charged in connection with the May 22 shooting death of a Round Lake store owner will be arraigned in St. Johns Circuit Court Monday at 1:30 p.m.

Preliminary examinations on 39-year-old Richard David Collins of Lansing and 30-year-old William Franklin Graves have been completed. Four separate warrants are issued against each man on charges of first degree murder, assault with intent to murder and two counts of armed robbery.

The pair are charged in connection with the shooting death of 62-year-old Ivan Hempstead and his 53-year-old wife, Marjorie. Hempstead died in a Lansing hospital several hours after being shot during a holdup at his gift shop on Round Lake west of Lansing. His wife is still recovering from a bullet wound in the head suffered during the robbery but she has been released from the hospital.

Circuit Court Judge Leo Corbin will ask the suspects for a plea on the charges Monday and a trial date will be set. St. Johns attorney James Moore is the court-appointed counsel for Graves and Fred Lewis of St. Johns has been assigned to defend Collins.

Voters support school millage

The public view on education is changing if we interpret the results of Monday's election correctly.

In the past years, voters had the tendency to regard a millage proposal as an increase in taxes. This automatically created a "no" on the ballot and the reasoning seemed to rest with an objection to higher taxes.

Last week millage renewal requests in five county school districts gained voter approval by a 2-1 margin or better. This promoted one school official to describe the vote as "the widest margin we've ever passed a millage by".

In St. Johns, approval was also given to one mill for building maintenance. This will allow restoration work to deteriorating areas in the elementary schools and junior high. It insures against the structure decay exceeding beyond the point of acceptable building standards. Also paramount we're sure in the reasoning of school officials is the desire to provide youngsters with an atmosphere more conducive to learning.

In the other school district no request for millage renewal of operations (DeWitt) was on the ballot but a \$2,650,000 bond issue for a building package to double square footage of the existing high school received voter endorsement.

Bond issues are noted for poor showings with the public, especially on the first time out. However, DeWitt school officials now have the go ahead on construction plans after the proposal's first presentation at the polls.

Another bond issue in the Bath Community School District went down in defeat by only 17 ballots on the first time out. The proposal called for a \$2,500,000 building package for a new high school, a swimming pool which appeared as a separate question but was linked to the overall plan and remodeling of the existing high school for use as middle school.

Bath school officials were encouraged by the narrow margin of defeat and feel next time voters may endorse the proposal. Renewal of 18 mills for operating at Bath was passed by a solid 343-165 margin.

What does it all mean? To us, it means a re-thinking by the public on the value of education. Last week's election results seem to indicate a "yes" vote cast for better schools and NOT a "no" vote opposing higher taxes.

A good education is becoming increasingly important for building the framework of a society undergoing rapid change and progress. Competition for jobs gets rougher each year and without a good education youngsters face a real uphill struggle to find their "spot" in the social structure. They need public support through providing better schools to help them.

Apparently citizens in Clinton County are aware of the problem and their "yes" votes last week seems to indicate they are willing to help.

K.C.

Washington Reports

U.S. Rep. Garry Brown

WASHINGTON, D.C. — The House gave final legislative approval to the omnibus Higher Education legislation last week, and the measure, with its controversial anti-busing amendments, now goes to the President for signature. While the President has expressed some dissatisfaction with the busing amendments, it is nevertheless expected that he will sign the legislation into law. Kalamazoo is affected in the Third District by one of the anti-busing amendments in particular, the so-called Broomfield amendment, which would stay, pending all appeals, any Federal district court order requiring transfer or transportation of students to achieve racial balance. The exact meaning of the language of this provision, however, is uncertain and will probably have to await a test in the courts. The controversy and debate over the anti-busing provisions of the Higher Education legislation has hid from much of the public's view the comprehensive innovative nature of the major portions of this legislation. Among other things, the bill will establish a new program of grants for needy college students, based on a

\$1,400 yearly maximum, minus calculated family contributions. At the same time, present student loan and work-study programs will continue to be funded at their guaranteed minimum levels. To further alleviate the financial burden of the cost of a college education, the legislation establishes a student loan marketing association, designed to expand government-backed private loans to students by buying up loan paper from banks and other lending institutions. New College operating subsidies tied partially to a college's enrollment of federal grant recipients and partly to the overall volume of federal student aid funds it receives will be provided. Also, the legislation makes provision for the spending of \$40 million over the next two years to aid those colleges in the worst financial distress. Other provisions provide new aid for desegregating school districts totalling \$1 billion a year for two years, funds to finance reforms in higher education, and the creation of a national institute of education to finance research at all levels of schooling. This week the House takes up the State and Local Fiscal Assistance Act, the revenue

sharing measure which would provide to local governments \$5 billion a year in financial relief with virtually no strings attached. The House will first vote on the conditions under which the measure is to be debated, and a strenuous floor fight is expected. The Rules Committee, which determines the recommendation as to the terms of the floor debate, approved after a heated session by a 8-7 vote a rule which would prohibit the measure from being amended on the floor unless done with the approval of the Ways & Means Committee, which considered the legislation. Further, and more importantly, it is recommended that no points of order can be raised against the measure. This is considered crucial by Ways & Means Chairman Wilbur Mills, because the measure combines an authorizing and an appropriating measure in one bill, which is a violation of the House rules. If a point of order can be raised, the bill could not receive House approval in its present form. The Chairman and members of the Appropriations Committee are strongly opposed to this provision of the legislation and will likely lead the opposition to the rule.

Back Through the Years

From the Clinton County News files of 1971, 1962, 1947

1 YEAR AGO

Leo Burnett, the world famous advertising executive, born and raised in St. Johns, founded the Leo Burnett Company in 1935 and watched the firm grow from a \$600,000 agency into the fifth largest ad company in the world. At the time of his death on June 7, his agency had billings of more than \$400 million.

Harvey A. Thornton has been promoted to Assistant Postmaster, according to Keith Mishler, Postmaster.

Jack E. Hackett, 60, 207 Traver, St. Johns was sentenced Friday to one year in the Ingham County Jail and five years' probation. He was found guilty last month in the fatal shooting of Jerome A. Geller of St. Johns, June 7, 1970.

For the second consecutive year, Mrs. Homer Lyster of Saginaw, a graduate judge of the Women's Farm and Garden Association will supervise the judging of Clinton National Bank's seventh annual flower show. After hearing two days of testimony in district court, County Prosecutor Patrick Kelly has reissued a warrant charging William T. Dexter with manslaughter in connection with the death of William Joseph Herrman May 29.

A joint installation of officers and awards night was held by St. Johns Jaycees and Jayettes Saturday night marking the 24th year of Jaycee activity in the city.

10 YEARS AGO

A thunderstorm at Houghton Lake Sunday night probably saved the lives of Gerald Jones, DeWitt tavern owner, and his wife and three children, Jones and his family, who had spent the weekend visiting his mother at her cottage at Houghton Lake, returned to Detroit Monday morning and found his place of business, Gerry's Bar, a pile of smoldering embers.

Stuart R. (Bud) Kirvan, director of public information for Michigan's Constitution and a former associate editor of the Republican News, has been appointed public relations manager of the Dundee Cement Company at Dundee, Mich. The announcement of Kirvan's appointment—which is effective immediately—came from Raymond S. Chase, vice president, marketing.

Five St. Johns people are spending the next 30 days in Europe in conjunction with the annual convention of Lions International which is scheduled at Nice, France, from June 19 to 22. Taking part in the European tour

are Mr. and Mrs. Alba F. Wert, their son James and Mr. and Mrs. L. Russell Steffens. Wert and Steffens are long time active members of the St. Johns Lions Club.

This week 400 hourly rated employees at the St. Johns Plant of Federal-Mogul-Bower Bearings, Inc., will receive vacation checks totaling \$135,000.

The State Tax Commission has refused to upset a decision of the Clinton County Tax Allocation Board dividing millage for the coming year.

No Democratic candidates had filed for nomination to Clinton County offices as the deadline passed Tuesday at 4 p.m. It marks the first time in more than a decade that Republican nominees for county posts have been unopposed in the November balloting.

25 YEARS AGO

Clinton County 4-H Clubs will dedicate their camp in Lebanon Township to County Agent and Mrs. Roscoe G. Smith at special ceremonies at the camp this coming Sunday, June 29. The camp will be named Camp Smith as an expression of appreciation to the Smiths for their leadership of rural youth in the county.

Clinton County farmers fear this week that the shortage of gasoline and tractor fuel here may seriously hamper harvesting operations this summer. S.W. Smith, local agent from the Standard Oil Co., announced today that deliveries from his company has been cut 15 per cent and other local oil distributors told the Republican News that their companies may be forced to reduce deliveries in the near future.

Twenty-two persons were fined in St. Johns justice court during the past week, 20 paying fines to Justice Charles A. Speer for traffic violations. Offenses were varied, with the greatest number of violators ticketed for parking violations.

The Clinton County Infantile Paralysis chapter held its annual meeting in the parlors of the Congregational Church last Friday evening. Reports presented revealed that there were nine cases of infantile paralysis in the county during the past year which is regarded by the National Foundation as epidemic proportions.

Dick W. DeGroot retiring president of the St. Johns Rotary Club, hands the gavel and bell to J. Ivan Neirgarth, newly elected president, at Tuesday noon's meeting of the local organization.

Village of Fowler Council Meeting

FOWLER, MICHIGAN

The Regular Meeting was called to order by Pres. Pettit at 7:30 p.m.

Roll call was taken: Present—Rademacher, Smith, Koenigskecht, Thelen, Braun. Absent—McKean.

Motion by Koenigskecht to accept the minutes as read. Supported by Braun. Motion carried.

Current bills in the amount of \$3,453.44 were presented. Motion by Rademacher to pay all bills with the exception of Julius A. Hanslovsky. Supported by Braun. Motion Carried.

Carl Koenigskecht reported that all applications mitted to the Dept. of Natural Resources for the Recreation Grant.

Motion by Koenigskecht to have Pres. Pettit be authorized official to sign for the Village concerning agreements and official business with the Dept. of Natural Resources for the Recreation project. Supported by Rademacher. Motion carried.

Motion by Koenigskecht to have Water and Sewer Committee authorized to negotiate an offer for the 2 lots adjacent to the water tower for a well site. Supported by Rademacher. Motion carried.

Motion by Rademacher to have the Hicks Co. do all

street repair and seal coating listed on the proposal, dated May 8, 1972, as recommended by the Street Committee. Supported by Koenigskecht. Motion carried. This includes:

New Streets: Railroad St., North Drive—\$1,427.25.

Streets to be done in full blocks:

No. Bath-M-21 to Railroad St.

So. Bath-M-21 to E. Third.

E. Fifth-1 block.

W. Fifth-1 block.

W. Sixth-1 block.

So. Maple-Sixth to Fifth.

Fourth-So. Main to So. Maple.

E. Third-So. Victor to end.

"If It Fitz . . . I have these dreams

Editor, Lapeer County Press

By Jim Fitzgerald

People keep saying that aging crows like me can't do what we did when we were kids. Nonsense, Last night I fell out of bed.

My wife immediately turned on the bedlight.

"Turn out the damn light," I told her from my prone position on the floor, among the wilted socks and candy wrappers.

"Why?" she asked.

"Because I don't want to see what a dumb clown I look like lying here on the floor with no clothes on and my head bleeding," I explained.

"Don't bleed on the bedspread," she said, turning out the light, rolling over, and leaving me for dead.

I was feeling particularly foolish because I hadn't actually fallen out of bed. I had rolled out on purpose. And I hadn't had a drop of booze in several days.

You see, doctor, I have these dreams . . . Some brutes are always chasing me. Usually, they corner me cowering in a corner. My defense is brilliant. I lie on my back and strike out with my feet, bicycle fashion. As long as I keep kicking, the brutes can't get at me. I have no idea why they are after me. Their motive is certainly not robbery because I am nude and am carrying no money in my mouth. It is hard to believe they covet my body.

The mystery is never solved because at this point my wife always wakes me up. "You are kicking me again," she says. "If you don't stop you are going to be very embarrassed because I will call the police." "Were you attacking me?" I ask.

"You must be kidding," she says.

The dream changed a little the night I rolled out of bed. The brutes were coming, as usual but this time they had me trapped in bed. Someone (who, doctor?) whispered in my ear: "If you get out of this bed quick you will escape."

I thought to myself: If I roll swiftly to the left I will hit the floor hard and it will hurt. But it won't hurt as much as being murdered by these brutes. So I bravely rolled, CRASH! And I had been right. I did hurt . . .

What does this dream mean?

My wife has a simple explanation. She said the brutes represent the legions of readers I have offended through the years. I dream about them, she says because I have a guilty conscience. She says this with obvious satisfaction, because she often misunderstands the sweet things I write about her.

If her theory is correct, I am sleeping with the chief brute. But I can't buy it.

My brutes don't look like readers. I have the impression they are soldiers. The enemy? Maybe. Or maybe they are a Pentagon patrol, sent to wash my brain.

My wife says I sometimes whimper during these dreams. That doesn't surprise me. When I'm awake, I am continually stifling sobs, and substituting laughs. This world is full of things to cry about.

If anyone out there likes to interpret dreams, help yourself.

In the meantime, I'll have a guardrail put up on my side of the bed.

Onward and Upward?

View from the Senate

By SEN. WILLIAM S. BALLENGER

Just as things moved into high gear in the State Senate last week on "no-fault" auto insurance, backers of the idea were given a big shot in the arm by the latest news of the successful operation of "no-fault" in Massachusetts.

Within the last few days, the Massachusetts State Supreme Court ruled that insurance companies would have to reduce their 1972 auto insurance rates by 27.6 percent and refund the difference to the insured motorists.

It is estimated that Massachusetts drivers would receive between \$30 million and \$40 million in refunds on their current premiums as a result of the court ruling.

Two years ago, when the nation's first "no-fault" insurance statute was put into effect in Massachusetts, rates were ordered reduced by 15 percent on the basis of expected savings resulting from the new system of insurance.

AFTER ONE YEAR of operation, the state insurance commissioner found the savings were much more than anticipated, so he ordered the compulsory rates cut by 27.6 percent for this year.

The industry appealed the insurance commissioner's order but the Supreme Court upheld it and the refunds will be made next month.

If "no-fault" insurance passes the State House of Representatives here in Michigan, motorists undoubtedly can expect rather substantial reductions in their premiums. On the other hand, legal lawyers who have been making millions on accident insurance fees probably will find a lot of their income substantially reduced.

Turning to another hot issue, the question of providing narcotics addicts with free "fixes" as a means of combating the state's growing drug problem is being studied by a State Senate committee.

The proposal, made in a bill introduced in the Senate recently, is patterned after a system being tried in Great Britain based on the theory that addiction is an illness rather than a crime.

THE ARGUMENT behind such a program is that if addicts are able to get shots when they need them they will not have to resort to serious crime to obtain sufficient funds with which

to purchase hard drugs surreptitiously at exorbitant prices.

While hearings are being held in Michigan on the proposed law, word from the British Isles has it that that nation already is on the verge of abandoning its experiment with providing shots of real heroin for those "needing" them.

Dr. Richard Phillipson, now with the National Institute of Mental Health in Washington, was one of the founders of the British system for treating narcotic addicts and he reports that Britain now is moving toward increased use of methadone, a synthetic drug, instead of the "real McCoy".

If the system were to be tried in Michigan on the basis of the British experience, some consideration would have to be given to the fact that Great Britain has only 1,430 narcotics addicts while it is estimated that Michigan alone has 60,000 — 30,000 of whom are in the Detroit area.

It wouldn't take long for the state to go broke trying to provide heroin for 60,000 addicts.

From the state house

By DICK ALLEN 88th District Representative

Victory at last! When the subject of abortion law reform first became a political issue in Michigan, many people asked the same question. Isn't birth control a better answer?

There are some problems with a direct answer to this question since contraception and abortion address basically different problems. But without getting picky, I think the question can be answered with an enthusiastic yes! For all kinds of problems from excess population to spacing of children for health or economic reasons, birth control or contraception is the best answer.

IN TALKING with church groups it seemed to me that even if the official position was against contraception, most individuals were willing to agree it was appropriate, if not for themselves, at least for those who chose it. So about two years ago I began introducing legislation to help prevent unwanted pregnancies. The Public Health Department was strongly involved and most of the bills were written, or at least supported, by them. One bill struck the present

Michigan prohibition of teaching about birth control in sex education courses, another eliminated the restriction on sale of certain contraceptive devices to drugstores, another would require insurance companies to include sterilization costs in health policies and one would allow physicians to treat minors for birth control.

Each of these measures garnered strong opposition from two groups; those who believe contraception is unnatural or immoral, and those who believe its wider availability would increase promiscuity. We were coming towards the end of the session with success definitely doubtful in all these areas.

So a month ago when I first began to devise a strong family planning amendment for the social services bill, success seemed unlikely. But succeed I did! And now those receiving Michigan welfare payments will be encouraged to use family planning services with the costs picked up by State and Federal governments. If the program is even mildly successful, it should save millions within the first few years and after that it is almost impossible to

estimate. In my opinion, even more important that the money saved is the human misery prevented when poor families are overburdened with too many children.

BUT IT'S EASIER to face providing birth control for a welfare mother than for young people in general. Birth control for these is not easy to support. The statistics tell us we have a problem. Last year over 500 Michigan girls fourteen and under had babies. Move up to sixteen and the figure is 5,000. If you have a solution for these tragic, hard to face problems of society, let me know.

A Guide to cigarette Ads read the small print!

Evils of anger

By REV. HUGH BANNINGA

In the 5th chapter of Matthew's gospel are a number of teachings. This week I want you to think about one of those teachings. It is the new law on murder. But first I want you to read it for yourself. Turn to Matthew, chapter 5, verses 21-26.

The law courts are concerned with the end result called murder. But Christ is concerned with the beginning of the process—the anger that leads to killing. Christ knows what anger can do. He knows its evil and destructive power. So He wants to stamp out anger in the hearts of people, because it goes against the law of love.

This new law on murder is an exhortation to all of us to see ourselves as children of God who ought not to be quarreling with one another. Quarreling is wrong—anger and hatred toward another person is wrong and the only way to maintain right relations with God is to be at peace with others.

So, as verse 23, chapter 5 says, "if you are offering your gift at the altar (if you are worshipping), and there remember that your brother has something against you (that you still bear a grudge against someone), then leave your gift before the altar and go and be reconciled to your brother."

The proposal is that a man with a grudge should quit his worship, because a heart full of a grudge cannot offer complete adoration to Almighty God.

This new law on murder or anger hits you and me right between the eyes! It tells us to get up and leave the worship service if we are still harboring anger toward someone. Now isn't that ridiculous! Jesus wants you to get up in front of everyone and admit that you have a lousy relationship with somebody! "Not on your life!" you say.

But that's exactly what Jesus tells us to do. He is saying that if we come to worship with a grudge in our heart and we remain at the service, it is just plain wasted time. Jesus says we must worship the Father in Spirit and in truth, but we can't do this if we have something evil on our minds. We can't worship Him properly if we have a grudge in our heart.

So who's going to be the first one to leave a worship

service and go to be reconciled with the person at whom the grudge is directed? Who's going to be the first one to get rid of his grudges? Remember Jesus' words, "that everyone who is angry with his brother shall be liable to judgment."

So what are you going to do? Are you still going to bear grudges and be angry at others? Or are you going to swallow your false pride and make steps to be reconciled with your neighbor?

Next week we'll talk about the new law on revenge.

MSU cites lawn disease controls

EAST LANSING — Little purple spots, rings of dead grass and lawn areas speckled with white powder are indications of lawn diseases, says Dr. J.S. Vargas, Michigan State University turf-grass pathologist.

Little purple spots on grass leaves are the first symptom of Helminthosporium leaf spot — a fungus disease that attacks Kentucky bluegrass and red fescue during cool, moist weather.

Insecticides go 'internal'

EAST LANSING — Insecticides can kill harmful insects and spare the "friendly" ones.

If they are "systemic," this kind of insecticide is applied to the soil at seeding or transplanting, is absorbed internally by the plants' roots, and dispersed throughout the plant. When an insect feeds on the foliage, he literally gets food poisoning!

According to Michigan State University entomologists, beneficial insects such as lady beetles that feed on aphids and certain scale insects—not on the plants—are not affected by the systemic insecticides, but they may have to go elsewhere in search of food.

Systemics have other advantages. They cannot be washed off by rain, blown away by wind, destroyed by sunlight, or become a hazard to the environment.

Systemic insecticides are marketed under various trade names. So read the fine print on the label for the ingredients of Thimet or D-D System. Also read the label carefully for those plants that systemics may be used on.

Eagle

Mrs. Charles Higbee and Mr. and Mrs. Herbert Patrick spent last week in the U.P. at Seney. They tell us they had a frost there the first day of June and a snowstorm the second day. They enjoyed five days of nice weather than on Saturday it turned real cold again before they left for home.

Mr. and Mrs. John Brailey went to Plymouth last weekend to visit the former Margaret Kerr.

Mr. and Mrs. Fred Van Amburg attended the graduation of their niece, Janet Short at Battle Creek, Friday night.

Mrs. Bertha Higbee and Gilda Higbee attended the wedding of Jane Rose Holland and William Monroe Anderson at St. Michael's Church in Grand Ledge Saturday morning.

The Eagle Methodist Church was the scene of a wedding Friday, June 9 at 7 p.m. when Judy L. Kurenberg became the bride of Ray R. Altherton. After a reception in the church basement, the newlyweds left for a short trip to the North Country. They will make their home on Grand River Hwy., west of Eagle.

Letters to the Editor

St. Johns fire department

I am just an ordinary citizen of St. Johns, not any better or any worse than any other citizen. But I wish to express my sincere thanks to OUR "ST. JOHNS FIRE DEPARTMENT."

In the past year that I have lived in St. Johns, I

Fowler

Mr. and Mrs. Arnold Miller, Mrs. Agnes Fox, Mrs. Ed McCloy went to Flint Sunday afternoon to attend the open house graduation of Larry Fox, son of Mr. and Mrs. Donald Fox.

Mrs. Nora Braun attended the graduation party Sunday afternoon of her grandson, James Conley, son of Mr. and Mrs. Edgar Conley of St. Johns.

Mrs. Lula Boak spent Sunday with Mr. and Mrs. Carl Boak and family of St. Johns. The occasion was that their son, Richard Boak, will leave for National Guards training June 13.

The families of Mr. and Mrs. Arnold Miller and Henry Leoffert attended the open house graduation party of Larry Fox of Flint Sunday afternoon.

Mrs. Anna Spitzley, Mrs. Nora Braun, and Mrs. Caroline Geller were Friday evening visitors of Cecilia and Amelia Thelen.

have heard these men criticized and run down by other people. One man said "Oh they are just in it for the money." That's a laugh. I'd like to see that man fight a fire for seven hours straight until 3 in the morning only to be awakened again at 4:30 that same morning and fight fire for another hour, and then be able to say that these men are in it for the money.

I'm sure the money our firemen make fighting fires helps out a little. It probably pays for the numerous amount of clothes that are ruined while fighting fires, the extreme wear and tear on their cars, trying to get to the fire on time to save some one else's house, and their Life Insurance.

After all they are laying their life on the line for you, me and everyone else every time they get in a truck to go fight a fire.

Let's give our firemen a hand. If you feel the same as I do, write about it or just tell them how proud you are of them.

Thankful

Storm Safety Practices

The insurance Information Institute warned people who live in tornado-prone areas to know what to do before a storm strikes. It offered tips that may help to prevent deaths and to reduce bodily injuries.

1. Have a reliable portable battery operated radio; one that is strong enough to receive emergency broadcasts.
2. Keep several flashlights with fresh cells in strategic locations in your home and business. Power lines and transformers are often struck by lightning or lines are "downed" by high winds, not necessarily, tornadoes, and falling trees or power line posts snap the power lines.

3. Recognize the tornado warning signals! Many communities use their air raid or fire sirens.
4. If threatening weather is evident, listen to a radio or TV for weather warnings.

5. Have a storm cellar or haven in yours or in a neighbor's basement. Usually the safest spot, according to experts, is the southwest corner. IMPORTANT: If you live in a mobile home or a travel trailer, even if it is anchored, arrange to go to a spot as mentioned above.
6. Keep water or sealed

The American Cancer Society wants every woman in America to have a Pap test. Why? It can save lives from uterine cancer.

7. If you have trash cans out of doors, bring them into the basement or garage.
8. If you expect a tornado, open windows to the north and east. This will equalize pressure indoors with that outside.
9. Time permitting, turn off appliance, the cook stove and any equipment using electrical power.
10. If the tornado warning is sounding, head for your shelter!

11. Have a first-aid kit in your "shelter" and hope that you'll never have to use it.
12. Roll up awnings, put lawn furniture where it cannot be blown about, drive the car into the garage.

Department of Public Works Employee

The City of DeWitt is accepting applications for an opening in the Department of Public Works.

Individuals interested should have some experience in operation of heavy equipment, trucks and in street maintenance. Salary will depend upon qualifications. Apply at the City Clerk's Office Monday through Friday from 8:00 a.m., until 5:00 p.m.

Ledges announce schedule

Summer and the Ledges Playhouse open on the same day this year, the 18th season of the Strawhat Theatre in Fitzgerald Park, Grand Ledge. Three musical comedies and three comedies are on the schedule, beginning Wednesday, June 21 and each will run two weeks.

To open the season producers John Peakes and Richard Thomsen chose "Anything's Legal" (if you don't get caught), the American premiere of the French farce by Eugene Labiche, the author of Italian Straw Hat, one of the most popular plays ever staged on the Ledges' unique thrust stage. As usual, the plot of "Anything's Legal" is so complex it defies description. One thing certain, it's funny and then some.

Three musical comedies follow over the next six weeks, beginning with Once Upon A Mattress, the play that pushed Carol Burnett to stardom and proved that Richard Rodgers' daughter Mary could write music as well as her father. Based upon the fairy tale The Princess and the Pea, Once Upon A Mattress has delighted audiences from Broadway to Los Angeles and promises to entertain everyone from five to 95 at the Ledges.

July 19 is opening night for that Roman musical comedy romp A Funny Thing Happened On The Way To The Forum with John Peakes in toga leading the crazy band of slaves, soldiers, and star-crossed lovers through the streets of Rome. The oldest/newest comedy of them all, A Funny Thing Happened On The Way To The Forum opened on Broadway ten years ago, and now it's back here, more popular than ever.

And then Aug. 2 and Sandy Wilson's nostalgic hit musical comedy of the roaring 'twenties, The Boy Friend, everybody's favorite inside look at the flapper and flapper era. Hit tune tumbles in after hit, the dancing fills the stage, as the Ledges' goes back to everyone's favorite decade.

King Henry II prowls the Ledges' stage for two weeks beginning Wednesday, Aug. 16, in James Goldman's comedy The Lion In Winter. An unusual play, the King is the Lion, nearing the end of his reign, with three sons and two Queens all poised to take over the territory. Henry is equal to the threats, but the working out of his problem creates on stage a delightfully comic view of the trials and power.

The season will close with a two-week run of a comedy as modern as tomorrow, The Owl And The Pussycat. Definitely not children's fare, the "Owl" is a dead serious writer and the "Pussycat" a 'lady of the night' who happens to end up sharing the same apartment. The dif-

ference between life-styles leads to laughter and a strange kind of love in a hectic world.

As for the past two seasons performances are scheduled from Wednesday through Sunday each week, all performances beginning at 8:30 in the barn theatre in Fitzgerald Park. Additional information about the season and season tickets is available from the Ledges, Grand Ledge.

Fowler

On Sunday, June 4, an open house, honoring Mr. and Mrs. Howard Pung on their golden wedding anniversary was held at Holy Trinity Hall. Guests were present from Lansing, Fowler, Edmore, Lake Odessa, M.L. Pleasant, Huntington Woods, Pewamo, St. Johns, Westphalia, Carson City, Portland and Lubeck, Maine.

Sister, M. Olivia and Sister M. Petrina from Chaska, Minn and Sister M. Annella from Steger, Ill. spent last week with Mr. and Mrs. Howard Pung. They also attended their golden wedding celebration.

CLINTON COUNTY ZONING COMMISSION MEETING

The regular meeting of the Clinton County Zoning Commission will be held on Tuesday, June 27, 1972 at 8:00 p.m. in the Courthouse, St. Johns, Michigan. At that time the following applications will be heard by the Commission:

GREENBUSH TOWNSHIP
Rezoning from B-1, Local Business to A-1, One-Family Rural Residential on the following described parcel of land:

NE-1/4 of the NE-1/4 of Sec. 29, Greenbush Twp., T8N-R2W, Clinton County, Michigan.

DEWITT TOWNSHIP
Rezoning from B-1, Local Bus. to R-1A, One-Family Rural Residential on the fol. desc. par. of ld:

E-1/2 of the NW-1/4 of the NW-1/4, Sec. 10, T5N-R2W, Clinton County, Mich.

DEWITT TOWNSHIP
Rezoning from R-1A, One-Fam. Rural Residential to B-2, Gen. Bus. on the fol. desc. par. of ld:

Com. at a pt. which is 2054' S0°53' & 70' N 89°08' E of the Sec. cor. com. to Sec. 3, 4, 9 & 10, T5N-R2W, DeWitt Twp. Clinton Cty., th S. 0°53' E 167', th N 89°08' E 22', th N 0°53' W 172.01', th S 89°08' W 89.9', th S 86°55' W 131.2' to the pob.

EAGLE TOWNSHIP
Special Use Permit to operate a gravel pit on the fol. desc. par. of ld:

40 Acres of ld. off the S. side of the NE frl. part of the NE frl. 1/2 of Sec. 30, T5N-R4W, Eagle Twp., Clinton County, Mich.

BATH TOWNSHIP
This item is being referred back to the Zoning Commission by the Board of Commissioners for further consideration.

Rezoning from R-1A to M-1 on the following described parcel of land:

That part of the SE 1/4 of Sec. 25, T5N-R1W, Bath Twp., Clinton County, Mich., beg on the N-S 1/4 line at a pt N0°32'24" W 2237.19' from the S 1/4 cor thereof, th continuing alg sd 1/4 line N0°32'24" W 400.57' ft. to the cen of sd Sec. 25, th alg the E-W 1/4 line N89°32'16" 403.65' to a pt 456.5' W 1/4 of the NW 1/4 r/o/w line of Hwy M-78 as measured alg sd 1/4 line, th S 10°22'16" E 411.17' to the survey c/1 of the W bd roadway of Hwy M-78, th alg sd c/1 S49°17'56" W 358.34', th // with sd N-S 1/4 line N0°32'24" W 236.21', th perpendicular to sd N-S 1/4 line S80°27'36" W 200' ft. to the POB. Subject to the r/o/w of Peacock Rd and Hwy M-78 and any other rights or easements of record.

The text of the Zoning Ordinance as proposed to be amended and a map showing the Zoning Ordinance as proposed to be amended may be examined at the office of the Clinton County Zoning Administrator at the Courthouse, St. Johns, Michigan between the hours of 8:00 a.m. to 12 noon and 1:00 p.m. to 5:00 p.m. of any day Monday through Friday.

Arnold R. Minarik
Zoning Administrator

MARTHA FOX, Deceased It is Ordered that on Wednesday, July 19, 1972, at 9:30 a.m., in the Probate Courtroom in the Courthouse in St. Johns, Michigan a hearing be held on the petition of Alvin Fox to determine the heirs at Law of said deceased.

Publication and service shall be made as provided by Statute and Court Rule. TIMOTHY M. GREEN, Judge of Probate

Dated: June 13, 1972 Robert H. Wood Attorney for Estate 200 W. State St. Johns, Michigan 8-3

NOTICE OF MORTGAGE SALE

WHEREAS, Roy Speldel and Harriet Speldel, husband and wife, made and executed a mortgage bearing date of February 16, 1971, to The Genesee Merchants Bank & Trust Co., a Michigan Corporation, of Flint, Michigan, recorded in the office of the Register of Deeds for Clinton County, Michigan, on February 23, 1971, in Liber 260, on pages 222, 223 and 224; and

WHEREAS, the amount claimed to be due on said mortgage on the date hereof for principal, interest, and taxes is the sum of \$16,082.01, and also an additional sum of \$75.00 statutory attorney fees as provided for in said mortgage, and no suit or proceeding have been instituted at law or in equity to recover the debt secured thereby or any part thereof; and

WHEREAS, default has been made in the conditions of said mortgage in the payments on principal and interest when the same were due and payable; and

WHEREAS, the same have remained unpaid for a period of more than 30 days, whereby and account whereof in pursuance to the provisions of said mortgage, the said mortgagee elects to and hereby does declare the principal sum, together with all arrearages of interest and taxes due and payable forthwith; and

WHEREAS, default has been made in the payment of the money secured by said mortgage whereby the power of sale contained therein has become operative.

Now, therefore, notice is hereby given, that by virtue of said power of sale and in pursuance thereof, and under the Statute in such case made and provided, the said mortgage will be foreclosed by a sale of the mortgaged premises as public vendue to the highest bidder at the front door of the Courthouse in the City of St. Johns, Clinton County, Michigan, that being the place of holding the Circuit Court in said County, on Thursday, July 6, 1972, at 10:00 in the forenoon of said day, the description of which said premises contained in said mortgage and which will be sold as aforesaid, is as follows:

The North 1/2 of the Southwest 1/4 of Section 8, T7N, R3W, Bengal Township, Clinton County, Michigan, the 3 acres in Southwest corner described as the Southwest corner described as the South 430 feet of the West 304 feet of said North 1/2 of the Southwest 1/4 of Section 8.

The period of redemption is six months from the date of sale.

Estate of ELLA E. LECLEAR, Deceased

It is Ordered that on Wednesday, Aug. 23, 1972, at 10:00 a.m., in the Probate Courtroom at St. Johns, Michigan a hearing be held at which all creditors of said deceased are required to prove their claims and heirs will be determined. Creditors must file sworn claims with this Court and serve a copy on Frank B. LeClear, 7204 Coleman Rd., East Lansing, Mich. 48828, Admin-

istrator, prior to said hearing. Publication and service shall be made as provided by Statute and Court Rule.

TIMOTHY M. GREEN Judge of Probate Dated: June 6, 1972 Allison K. Thomas Attorney for Estate 1108 Mich. Nat'l. Tower Lansing, Mich. 48933 7-3

NOTICE OF MORTGAGE SALE

Default having been made in the terms of a mortgage made by RUSSELL F. SODERBERG and ELIZABETH J. SODERBERG, his wife, by and through their guardian Robert G. Soderberg and Robert G. Soderberg and Marjorie M. Soderberg, his wife, co-mortgagors to CAPITAL MORTGAGE CORPORATION dated December 1, 1970, and recorded December 7, 1970, in Liber 259, Page 735, Clinton County Records, on which mortgage there is claimed to be due at the date hereof for principal and interest the sum of \$14,448.29.

Under the power of sale contained in said mortgage and pursuant to the statute in such case provided, notice is hereby given that on the 30th day of June, A.D. 1972, at 10:00 o'clock A.M. Local Time, said mortgage will be foreclosed by a sale at public auction to the highest bidder at the north front door of the Clinton County Court House in the City of St. Johns, Clinton County, Michigan that being the place where the Circuit Court of said County is held, of the premises described in said mortgage, or so much as may be necessary to pay the amount due with interest at 8 1/2 per cent per annum and all legal costs and charges.

Said premises are located in the Village of Eagle, Clinton County, Michigan, and described as: Lots 7 and 8 of Block 6, Village of Eagle, Eagle Township, T. 5 N., R. 4 W., Clinton County, according to the recorded plat thereof as recorded in L. 52 of Deeds, P. 453, C.C.R.

The redemption period is six months from time of sale.

MSU graduates 24 area students

EAST LANSING — Michigan State University conferred 5,500 degrees during two spring term commencement exercises Sunday, June 11.

The candidates include 4,345 for bachelors, 907 for masters, 152 for doctoral, 23 for educational specialist, 43 for veterinary medicine and 30 for medical degrees.

The commencement speaker for the afternoon ceremonies was Osborn Elliott, board chairman and chief executive officer of Newsweek, Inc. Honorary degrees were awarded to Elliott, to Percy Julian, director of the Julian Research Institute near Chicago, to Russell Mawby, president of the W.K. Kellogg Foundation and to Henry L. Caulkins, president of Waterways Navigation Company of Detroit.

Clinton County students receiving degrees were: DeWITT—Kenneth J. Boudia, 11565 Airport Rd., BS Landscape Architecture; William F. Brown, 3851 Tumbleweed, MA Secondary Education; Sandra L. Custard, 540 Mill Rd., BS Child Development and Teaching, honors; Patricia M. Drouin, 814 W. Main St. Ct. BA Journalism; Louise E. Green, 4180 Herbison Rd., BS Mathematics, high honors; Lynn R. Green, 4180 Herbison Rd., BA Accounting, honors; David P. Harp, 18455 Dawn Dew Ln 3, BA Accounting, honors;

David A. Lietzke, 11409 Airport Rd., PhD Soil Science; Thomas L. Wilson, 3440 W. Chadwick Rd., BS packaging; EAGLE—John E. Hunt, R-1, BA Sociology; ELSIE—Millard H. Holton, R-2, N. Warren Rd., BS Crop Science, honors; James F. Horn, 202 W. Main, BS Fisheries and Wildlife; Susan H. Steward, 8348 Maple Rapids, BS Physical Education; FOWLER—Luke P. Schafer, R-2, Dexter Trail, BA Journalism honors; John E. Wieber, Box 224 R-1, BA Financial Administration, high honors; Ovid—Kathleen G. Beach, 215 E. High St., BFA Art Practice, honors; Laura A. Green, 310 W. Williams St., BA Elementary Education; ST. JOHNS—Cynthia L. Buck, 207 N. Mead, BS Medical Technology, high honors; Jane L. Coffman, 5120 E. Parks Rd., BA Elementary Education; Bruce R. Harte, 2378 W. Price, BS Food Science, honors; Michele L. Hunter, 4400 Wildcat Rd., BA Art Practice, honors; Andre M. Lewis, 304 E. State, BA Social Science Law Democracy, honors; James J. Rehmann, 306 N. Whittemore, BS Social Science Teaching; Margaret B. Williams, R-5, MA Secondary Education.

Correct your faults! It's easier than trying to cover them up.

WATERTOWN CHARTER TOWNSHIP

June meeting called with all board members present. Also Commissioner Montgomery, Lawrence Maier, Mr. and Mrs. Dyle Henning, David Abbott, Jim Doll, Ken Walsh, Mr. and Mrs. Louis Myszak, Josephine Husted, Mr. and Mrs. John Wicker and Neil Pingel.

Agenda approved after several additions. Minutes and Treasurer's report approved as submitted. Bills allowed.

Don Lowell re-appointed to another term on the Board of Directors for Lansing Metropolitan Development Authority.

Commissioner Monty Montgomery gave a brief report. Mr. and Mrs. Wicker made their presentation relative to a request for a special use permit to operate a gravel pit on Corrisson Rd. on the Husted property. Board accepted Planning Commission recommendation to approve the request, but with several stipulations added to protect the citizens in the area.

Several matters came up for discussion on the Cemetery:

1. Cost of interment of cremations to be \$25.

2. Cost of burial spaces for residents to be \$75 each, and for non-residents \$200 each, as of this date.

3. Look into cost of building a pole barn to store cemetery equipment.

Much discussion was had about the public road meeting held at Wacousta School, Saturday, June 10. Motion made that we put on the Aug. 8 ballot the questions of three mills for three years for the upgrading of Watertown Township roads.

Board agreed to hire the services of an architect for landscaping of Park No. 2 under the Recreation Bond monies.

Motion made to engage Tri-County Regional Planning Commission to carry out their proposed program through Phase IV (Landuse study).

Motion made to join with DeWitt Township in contesting the Airport Annexation granted by the Boundaries Commission.

Motion made to purchase a No. 209 Three-M copying machine and a Singer Friden Calculator for use at the Township Office.

Board granted Clerk permission to buy another registration register at a cost of approximately \$120.

Meeting adjourned. HERMAN OPENLANDER, Supervisor. MILDRED McDONOUGH, Clerk.

The bugs are here

EAST LANSING — To help you keep ahead of insect problems, Michigan State University entomologists offer these tips on lawn, garden and tree pests that appear this time of year: APHIDS: Aphids are small, soft-bodied insects of all sizes, shapes and colors. They don't often kill plants, but they do reduce plant vigor and cause damage by sucking juices from the foliage, twigs and small branches. They can also carry diseases.

Aphids can ruin the appearance of ornamentals by secreting a clear, sticky liquid that sticks to leaves and twigs. A sooty, mold fungus lives on the liquid and makes the plant appear blackened. This sticky liquid also adheres to cars parked beneath aphid infested trees, and many people mistakenly blame "plant juices" for these sticky globs on the family sedan's wax job.

Aphids appear in the spring and their population continues to grow until winter approaches. They are commonly a major problem when weather is cool and damp.

The control of aphids is a spray containing Malathion or Diazinon. When spraying make sure that all parts of the foliage are covered. Some trees, bushes and plants may need to be re-treated if the aphids re-colonize.

Dr. William Walner, MSU extension entomologist, says, "While ladybird beetles can reduce aphid numbers, they often fail to limit aphid populations before serious damage occurs."

LECANIUM SCALES: Woody plants are the targets for these insect pests. The oval, mahogany colored insects suck the plant juices, reducing vigor and causing leaves to yellow and wilt. A heavy infestation of scale insects can kill small or immature plants.

For control in late spring or summer, use a spray containing Malathion, Sevin or Diazinon. Make sure all plant parts are covered and repeat the spray 10 days later.

OYSTERSHELL SCALE: This pest is one of the most common and troublesome scale insects in Michigan. It attacks a wide range of woody plants, causing retarded growth and yellowing of leaves. Its presence is shown by grayish-brown scales — about 1/8 inch long — attached closely to the bark.

At about apple blossom time the eggs hatch and the small "crawlers" come out from under the scale coverings. The crawlers then suck plant juices throughout the summer.

Oystershell scale can be controlled with sprays of Malathion, Sevin or Diazinon. Spray the entire plant. Apply first sprays about the end of May.

ROSE CHAFER: The rose chafar is especially fond of rose buds — but it can also do serious damage to grapes, cherries and a number of other plants.

This insect is about 1/2 inch long and has a reddish-brown head and body with a black underbelly. Its whole body is covered with short yellow hairs that give the beetle a fawn colored appearance.

For control, apply two

Social Services bill

Rep. Douglas Trevisio
87th District

Last week was a big one in the House of Representatives and it's a little difficult trying to select what to stress in this report. We might well discuss the extension of the present income tax rate which effectively put a ceiling on state revenues -- and thus expenditures -- for the coming year. In the face of pressures on us to increase spending during the coming year, I felt that extending the present tax rates effectively said "no" to some of the big spenders.

Or we could discuss the Local-State Revenue Sharing bill which adopted a new formula for allocating state-collected revenues to local governmental units. This bill, which we discussed in detail last week, was passed by the House and sent on to the Senate for further consideration.

But probably by far the most significant action last week was the passage by the House of Representatives of the 1972-73 Social Services bill. The thing that is newsworthy about this action this year is that it was passed by a majority of Republican votes with only a few Democrats supporting it.

And this is unusual. Historically, welfare bills have been passed by a strong Democratic vote. But this time Republicans, with the help of some Democrats, were successful in amending the bill in many significant ways which should produce some significant changes in our welfare programs in the years ahead.

Probably the most telling amendment affecting the coming fiscal year is one which put a maximum on the amount of money appropriated for Aid to Dependent Children. In the past this has been a blank check. The amount per person was fixed, but as the number of cases increased, the total cost grew without control and the legislature was obliged to appropriate,

from some source, the money to cover the bills. Under this year's bill, if adopted by the Senate, there will be a fixed amount of money budgeted for this service. If the caseload exceeds that for which budgeted, it will be necessary to cut subsistence levels so that total expenditures stays within the budget.

Another series of amendments to the bill could have far-reaching consequences. These involve a direct challenge to the federal government and its control over welfare programs.

As you know, we have frequently complained that we in Michigan have very little to say about the management of our social service operations. The federal government, through congressional actions, administrative rules and court decisions, has long decreed eligibility rules, conditions of payment, residency requirements and other circumstances of welfare services. They do this on the basis that the federal government is footing half the bill.

We in the State House amended our bill to say to Washington, in effect, "Since

we are paying half the bill for these services we want to have something to say about how it is administered and if you object you pay the whole bill!"

This was followed by two amendments directly challenging present federal regulations concerning welfare. One of these is a work requirement which was put into our bill. The other would allow for payment for services being made directly to the provider of that service. In many cases, welfare recipients have been sent checks to pay for rent, dentist and doctor bills and other legitimate charges but that money has never reached the proper person.

These kinds of amendments have my support. I think they are what is wanted by a majority of the people who are paying taxes to support this system. I know from my recent questionnaire, they are supported by most of you in the 87th District.

So, with this kind of significant improvement in the program, I voted for the bill. I hope the Senate will accept these ideas and perhaps we can start down a new road of responsible welfare service in Michigan.

North Bengal

MRS. WILLIAM ERNST
Ph. 582-5391

On Tuesday, June 6, Mrs. William S. Ernst and daughter, Kathy, of Battle Creek were dinner guests of their uncle and aunt, Mr. and Mrs. William Ernst and Maxine. Kathy began her summer term of college at Kellogg Community College at Battle Creek on Monday, June 12.

Mr. and Mrs. William Ernst and Maxine spent Sunday evening, June 11, with Mr. and Mrs. Herman Noller of rural Hubbardston.

Sunday, June 11, Marian Sturgis returned to her home in Detroit after spending the past two weeks with her mother, Mrs. Edna Watamaker. Mrs. Watamaker's other daughter, Bernice Sturgis, of Detroit is visiting her mother for several weeks.

Mr. and Mrs. J.D. Bancroft and son, Jo, of S.W. Dallas spent Monday evening, June 12, with Mr. and Mrs. William Ernst and Maxine.

Tips to youth going abroad

Each year, thousands of young Americans travel abroad for study, work or kicks. For most, it's great. But for an increasing number of travelers, it's a "bust."

To help young Americans avoid the problems of foreign travel, the U.S. State Department has just published a pamphlet which offers some helpful suggestions on planning a successful trip abroad.

The pamphlet, on sale by the U.S. Government Printing Office for 20 cents, provides useful information on passports and visas, travel in Eastern Europe, vaccination requirements, charter flights, study and work programs, and the role of U.S. embassies and consulates in protecting the rights of U.S. citizens overseas. A handy pre-travel checklist and a bibliography of selected contacts for further information also are provided.

Entitled "Youth Travel Abroad: What to Know Before You Go," the 19-page pamphlet is designed to help travelers, especially young Americans, avoid the "hassles" that can turn a trip abroad into a frightening experience.

Too many travelers get stranded abroad because they haven't thoroughly checked their travel, particularly charter flights, before leaving the country. The State Department's pamphlet warns of this and such other problems as the strict enforcement of drug laws in foreign countries which has resulted in a large number of Americans jailed overseas, (now over 900), arrests for currency violations and the loss of money and time by students who are taken in by misleading "educational" study tours abroad.

The booklet won't answer all the questions, but it provides travelers with a good start in planning an overseas adventure. Even for Americans who have traveled abroad before, its

checklist and general information, such as visas regulations for foreign countries, will be useful.

To obtain the pamphlet, send 20 cents (check or money order) to the Superintendent of Documents, U.S. Government Printing Office, Washington D.C. 20402. Ask for "Youth Travel Abroad: What to Know Before You Go", Department of State Publication 8656, Stock No. 440-1416. Be sure to identify the pamphlet by stock number when ordering copies.

Raymond Lynde of Lansing is spending some time with his grandmother, Mrs. Ed Fuhr.

Darcy Wells is spending sometime with her grandparents, Mr. and Mrs. Donald Dumond and Roy. Mrs. Gusta Wirth and Mrs. Tillie Hooker of Grand Ledge spent all day Tuesday with Mr. and Mrs. Don DuMont.

Mr. and Mrs. Lee DuMont and children of Lansing visited Mr. and Mrs. Don DuMont and Roy, Saturday. Mr. and Mrs. Stu Heber visited Mr. and Mrs. Don DuMont and Roy Sunday. Richard Volz of DeWitt visited Mr. and Mrs. Don Potts and Mike Sunday evening.

Wednesday, Mrs. Elmer Hardenburg, Mrs. Don Potts and Mike were dinner guests of Mrs. Howard Sargent.

Mr. and Mrs. Harold Hoerner visited Mr. and Mrs. Howard Sargent, Sunday evening.

Harvey Hoerner and girls visited Mr. and Mrs. Howard Sargent, Sunday afternoon. Mike Potts spent Friday afternoon with Mrs. Harold Hoerner.

Mrs. Harold Hoerner visited Mrs. G.V. Pyle and Mrs. Gary Clark and children.

Sunday morning, Harold Hoerner and Howard Sargent flew to Sandusky with the Dawn Patrol.

Ask the Governor

By Governor William G. Milliken

State of Michigan

Q: Governor, I really want to sign the MEA property tax relief - education reform petition which you are backing, but I don't know anyone who is circulating them. Is there any way that I can find out who the petition circulators are in my community?

A: At the present time, there are many thousands

of copies of the Michigan Education Association's petition being circulated throughout the state by members of a number of statewide and local organizations, as well as by concerned individual citizens. There are several ways to locate petition circulators in your area, one of which is to check your telephone directory for the local or zone office of the Michigan Education Association or the local office of the Michigan Farm Bureau. Another way is to contact your local pharmacist and member of the Michigan Pharmaceutical Association, any elementary, or secondary school principal, or your child's teacher. All of these persons and organizations are either petition circulators themselves, or can put you in touch with someone who is.

Mrs. Porter C. Parks

Charmain Fisher of Okemos spent the weekend with Mr. and Mrs. Charles Fisher and Kevin.

Dell Schmidtman's grandmother, Mrs. Ethel Schmidtman of Bath passed away and Mr. and Mrs. Dell Schmidtman and sons attended her funeral, Saturday afternoon.

Scott and Seth Schmidtman attended a birthday party for Rachel Will in Lansing, Saturday afternoon.

Mr. and Mrs. Roger Balmer spent the weekend with Mrs. William Ettes of Versailles, Ohio. Mrs. Ettes was a victim of a bad fire in her home recently.

Friday night, Mr. and Mrs. George Balmer attended the races at the Sparton Speedway.

Thursday, Mr. and Mrs. George Balmer attended the races at the Owosso Race Track.

Harvey Hoerner and girls visited Mr. and Mrs. Harold Hoerner Sunday afternoon.

Mr. and Mrs. Harold Morrow of Lansing visited Mr. and Mrs. Harvey Hoerner and girls, Sunday.

Mrs. Raymond Sherman and Kevin of Grand Ledge were dinner guests of Mr. and Mrs. Don Sullivan and family, Saturday.

Monday evening, Mrs. Don Sullivan visited Mrs. Lula Janes at Grand Ledge.

Jim Foster of Eagle visited Garry Sullivan this week.

Tuesday, Mrs. Grace Sullivan baby sat with Kevin Sherman while her daughter played on her ball team.

Mrs. Lillian Rodgers of Flint visited Mrs. Ed Fuhr for the weekend.

ional Frisbee Tournament in Copper Harbor July 4; the National Cherry Festival in Traverse City July 10-15; Railroad Days in Boyne City July 27-30; the Alpenfest in Gaylord July 19-23; the Lowell Showboat July 20-22; the Ionia Free Fair Aug. 1-6; the Upper Peninsula State Fair in Escanaba Aug. 15-20; the Howell Melon Festival Aug. 25-27; and the Michigan State Fair in Detroit Aug. 26-Sept. 10. A complete calendar of Michigan's travel events for June through October, 1972, can be obtained by writing the Michigan Tourist Council, 300 S. Capital Ave., Lansing, Mich. 48933.

Q: We bought our son a motorcycle for his 17th birthday and want to impress upon him the importance of operating it safely. Do you have any suggestions?

A: While there has been a downward trend in the death rate of motorcycle riders since 1968, statistics compiled by the Michigan State Police indicate that motorcycles are still involved in significantly more fatal accidents than other motor vehicles. The State Police estimate that between 30 and 40 motorcyclists are involved in a fatal accident for each 100 million miles of vehicle travel, as compared to 3.9 deaths per 100 million miles for all motor vehicles.

However, motorcycles, like any other type of mechanical equipment can be operated safely. Michigan law requires that all motorcyclists wear a helmet when operating their vehicle, and that statute, along with driver licensing and an increased awareness of cycles by the rest of the motoring public, have contributed greatly to the decreasing death rate. Additional protective clothing, traveling at a sensible speed with other traffic, realizing that stopping distances are greater on cycles than automobiles, and the use of common sense all contribute to the safe and enjoyable operation of this vehicle.

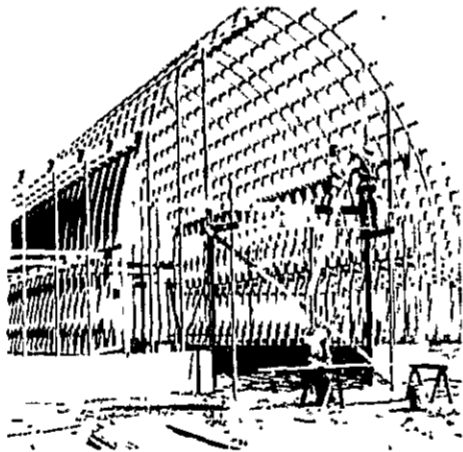

I cannot emphasize strongly enough the urgency of this coalition petition effort. In order to get the question of property tax relief on the November ballot, we need 300,000 signatures on petitions by July 1. Little more than two weeks remain before that deadline, and we still have a substantial distance to go to achieve our goal. We need the help of all Michigan citizens in securing property tax relief and opening the door to true equity and quality in our educational system. Each signature on an MEA petition brings us one step closer to achieving that goal.

Q: Our family likes to attend festivals and exhibits that take place in communities during the summer months. Could you tell me some of the major events that will take place in Michigan through the summer?

A: Included among the more than 300 special celebrations, fairs, exhibits, and events which are scheduled to occur in communities throughout the state during this coming summer are the Miss Michigan Pageant in Muskegon June 21-24; the Unlimited Hydroplane Gold Cup Race on the Detroit River June 25; the Tri-State Fair in Okemos July 13-17;

And the place most successful farmers go for the long-term working capital they need to invest in their future is their nearby Land Bank.

Because it is theirs. And because it is the only place to profit from these money-saving advantages: Longer terms, with lower annual payments, at the lowest interest rate around. Plus, the advantage of prepayment privileges, without penalty.

There are other advantages. Like payments

arranged to match peak earning periods. A future payment fund which earns interest and protects your credit rating in an emergency.

So when you need money to grow, consider all these advantages. Then go see the long-term credit specialists at your farmer-owned Land Bank Association office. One last thing. Once you take advantage of all these advantages, you become a part owner of the Land Bank, too.

That's another advantage.

FRESHMEN
 Tim Baker, Rex Ballan-
Shepardsville
 By Luille Spencer
 There will be no church school on June 25 due to a potluck dinner to honor Mr. and Mrs. Ed Schultz on their 64th wedding anniversary which occurs on July 3.
 Garance Mitchell has returned home and is continuing along as well as can be expected.
 Mark Pollard has been a patient in the Owosso Memorial Hospital for corrective surgery.

Shepardsville News

MRS. JOHN SPENCER
 PH. 834-2615

Morning Star Chapter No. 279 OES of Ovid, met in regular session on Tuesday evening June 13. A potluck supper preceded the meeting. There were the usual reports.
 A short memorial service was held for Cleo Steadman, Anna Alderman, and Merle Love.

Correspondence was read from the office of the Grand Secretary.
 Fifty year pins were given to nine members. The only one present to receive hers in person was Majel Miller. Mrs. Miller is still very active in the chapter and is presently serving as secretary.

Nine county residents graduate from Ferris

BIG RAPIDS - Ferris State College granted degrees and certificates to a class of 1,870 students at Commencement Exercises Sunday, June 11.
 Graduates included students who had completed their programs of study in the summer, fall and winter terms as well as in the spring quarter.
 Joseph P. Cosand, Deputy Commissioner for Higher Education, U.S. Department of Health, Education, and Welfare, gave the commencement address praising the type of career-oriented programs Ferris offers and urging the graduates to involve themselves in community activities.
 Honorary degrees were given to Stanley J. Byington, owner of a pharmacy retail outlet, Bess Rose Fishman, civic leader, and Clare Jarecki, industrialist, all of Grand Rapids; and Gerald McKessy, Kalamazoo attorney. All are alumni of Ferris.
 Approximately 7,000 persons attended the event held in the Top Taggart Field stadium.
 Among those receiving degrees and certificates were nine Clinton County residents. They are:
 Dewitt: B.S. Pharmacy - Wayne R. Tabberer; A.A.S. Dental Assisting with High Distinction - Kathy L. Davis.
 Elsie: A.A.S. Heavy Equipment Service - Arlo E. Knouson.
 Ovid: A.A.S. Heavy Equipment Service - Timothy V. Hudson; B.S. Marketing - David R. Woodruff.
 St. Johns: B.S. Accounting with Distinction - Mark A. Ott; B.S. Pharmacy - Terraloe Glenn; A.A.S. Auto

North Bengal

David Rossow returned from Ferris State College at Big Rapids to spend his summer vacation with his parents, Rev. and Mrs. H.E. Rossow, and his grandmother, Mrs. Herman Rossow.
 Mrs. William Ernst and Maxine visited Mrs. Edna Watamakers and Marain Sturgis on Thursday evening, June 8.

An ounce of prevention
 By Joseph J. Linas, M.D., Director of Clinton County Mental Health for Clinton, Eaton and Ingham
 When we try to help people out of emotional difficulties, they often complain to us about money problems. In fact, a number of couples and individuals who could benefit from counseling are deterred at times, because they think it would cost too much.
 This is not so in the out-patient services sponsored by our mental health board. People pay for their treatment on a sliding scale, according to their income and number of dependents; if the family has special financial problems, this is taken into account, and nobody is ever denied service on the basis of inability to pay.

FOR YOUR CONVENIENCE AND PERSONAL SATISFACTION...
 We do all in our power to have all our Advertiser Specials on our shelves when you shop for them. Sometimes, due to conditions beyond our control, we run out of an advertised special. If this should happen to you, stop at the store office for a RAIN CHECK which entitles you to the same advertised special at the same special price any time within 2 weeks.

LEARNING FROM PARENTS
 The lessons about the value of money, and how to use it as a tool for a satisfying life, rather than as an end in itself, have to be learned from the parents. A person who is responsible about the use of money, is usually responsible about many other things too. There is no way of teaching a child to be reliable only in certain areas. The important thing is for him to develop an overall sense of responsibility about himself and others.

PRACTICAL STEPS
 There are many different ways of helping children become more and more responsible for their acts as they grow older. Some practical steps are necessary, however, to teach them specific skills.
 A mother I know, whenever she goes shopping with her children, gives them a few pennies to spend on their own. She lets them make their own purchase, and if they are dissatisfied, she allows them to return it. The allowance itself should not depend on the child's chores, but the child can be permitted on occasion to earn additional money by doing extra jobs.
 He can be encouraged to save for more expensive things he wants. One should start, however, with small items within his range of anticipation, working up to higher items as he gains maturity.

THE OUNCE OF PREVENTION
 In learning to handle money, children need encouragement, supervision, and the freedom to make mistakes. If his parents are responsible and he takes responsibility for himself, the youngster will show the same kind of behavior, as he sharpens his ability to deal with finances.

Eagle
 Mrs. Charles Higbee
 Phone 626-6331
 Mr. and Mrs. Lynn Volk held an open house party in honor of their son Leon's graduation from Portland High School Saturday afternoon from 2 until 5 p.m. Gilda Higbee accompanied her brother, Arthur, on a business trip to Durand Saturday.
 Mr. and Mrs. Loyd McCrumb are entertaining relatives in their area. They are Mr. and Mrs. Joe County and nine-year-old grandson, Todd and Mrs. Mertie Craig.

Cigarette smoking can rob you of years of life. Nobody likes a quitter, but we do say the American Cancer Society.

4-H CHATTER

By JOHN AYLSWORTH

The Clinton County 4-H horse clubs will be sponsoring a C.M.H.A. (Central Michigan Horse Association) point approved show Sunday, June 25 at the Fairgrounds in St. Johns. Registration is open at 8:00 a.m. with the show to begin at 9:00 a.m. The show is open to anyone who has a horse and pays the entry fee. There will be a total of 26 classes from the usual fitting and showmanship, horsemanship and pleasure to eight speed and action classes. There will be a trophy and six place rosettes given in each class. The entry fee is \$1.00 for youth 17 and under while the entry fee is \$2.00 for those participants 18 and over. Stu Hinkins of Bay City will be the judge.

37 Clinton County 4-H members will be attending the 4-H Exploration Days at Michigan State University June 22-24. Along with 3600 other Michigan 4-H'ers, they are participating in some of the 96 action learning options coordinated by MSU specialists, Extension 4-H Youth Agents and adult leaders.

Two of Clinton County's top talent acts have been asked to perform on Thursday, June 22, 7:30 p.m. at the Fairchild Theatre at MSU. They are Chris Howelov number from Olive 4-H Projects and Denise and Darlene Cerny-of the Nimble Fingers doing their acrobatic Slave Dance. 14 Clinton County 4-H District Award winners will be interviewed Friday evening by their project area committee to see who is selected as the State 4-H winner in each project area.

The three day affair, sponsored by the Co-operative Extension Service will climax on Saturday, June 24 with "4-H in Action Day". This event will feature action exhibits, demonstrations, live performances and other activities depicting the 96 option areas. Held at the MSU Spartan Stadium Concourse, this event is open to the public from 8:30 a.m.-3:00 p.m.

A committee of 4-H members and leaders from Clinton, Gratiot and Shiawassee Counties met Thursday evening to make plans for the Minnesota 4-H Exchange to the three counties on August 8-12. The committee planned a get together of the total group for Thursday, August 10 with a possible swim and evening of recreation. As-

signments will be made soon for the Minnesota 4-H'ers. The June 3 glass collection amounted to 15,130 pounds of glass collected for recycling bringing the total to date of 324,270 pounds of glass bottles collected and recycled instead of going into the landfills or roadides. The next glass collection will be Saturday, July 1.

The 4-H horticulture members interested in the Identification Contest held a practice session Wednesday evening. The top scorers included Rose Oberlin, Helen Blakely, Sheri Harte, Gerlynn Favior, and Randy Cross. They plan to participate in the State 4-H Horticulture Identification Contest Friday, June 23 at MSU.

25 Teen Leaders enjoyed a two-day trip to Sandusky, Ohio visiting the Cedar Point Amusement Park. The next activity for the Teen Leaders is their canoe weekend, July 8 and 9 near Grayling. The cost of the weekend is \$6.00 with reservations and money due by June 23 at the County Extension Office in St. Johns.

Results of the first week of 4-H softball are as follows: Green League: Kountry Kousins I over Olive 4-H Projects; Fowler Busy Bees over Prairie; Bengal Community over Victor; Charlie's Gang over St. Johns FFA; Kountry Kousins II over Green Clover Community; and Teen Leaders over Victor. In the White League: Fowler Busy Bees over Victor Boys; Olive 4-H Boys over Bengal Community; Olive Girls over Green Clover Community and Jolly Green Giants over Kountry Kousins.

Dan Washburn of the Elsie Four Corners 4-H Club has been selected as a district winner in the Commodity Marketing Award Program. Dan will be interviewed Friday, June 23 during the 4-H Exploration Day Programs for the opportunity to represent Michigan in the National 4-H Grain Marketing Conference in Chicago next January.

The Olive 4-H Projects members voted to take money out of the treasury to cover the cost of softball equipment. A committee of Mike Louth, Lance Williams and Kathy Thurlow was appointed to work on the club's litter barrel entry for the County Fair. The food members 10-13 years of age will be participating in a County 4-H Food Activity July 25 at Smith Hall.

Charlie's Gang 4-H members discussed a merger with the Willing Workers 4-H Club but decided to keep separate clubs. The members took a horticulture test prepared by Becky Barz and Mary Lou Bergdolt. The club policy was adopted where members missing the club meeting could not start the next club ballgame. The new softball rules were covered

Ag in Action

Farmers, basically, have been the type of businessmen that like to do things by themselves, for themselves. They have been able to take the three basic inputs for agricultural production—land, labor and capital—and produce an abundant crop sufficient to feed our nation and others.

Until now, most farmers have generally taken the price that was offered them for commodities they sold. Now, just as any good businessman will, they are looking for better ways to market their products. Some of the new avenues they have sought for marketing have been blocked by the established practices of the past. So farmers, through their own efforts, are seeking "marketing rights."

Self-help legislation known as the Agricultural Marketing and Bargaining Act is in the Michigan Legislature. The proposed legislation will enable farmers to have a voice in the pricing and marketing of their commodities through their own organizations. It also defines farmers' rights to organize, commodity by commodity, into associations for the purpose of bargaining and requires processors, buyers, etc., to bargain in good faith.

The act is based on the concept of majority rule and provides a legal system of rules and procedures wishing to use its provisions. An accredited association with a membership of over 50 per cent of all producers of the commodity and 50 per cent of the quantity grown would represent, for marketing purposes, all the producers of the commodity, members and non-members, in the production area covered.

Referendum upon petition, organization discreditation, mediation and arbitration that is fair to all are also parts of the act. This type of marketing tool, in the hands of modern farmers could assist them in keeping us the best fed people of the world.

In a number of recent court cases across our land, the courts have held, in effect, that reliance on local property taxes to finance public education is unconstitutional under the federal or state con-

stitutions. The most common agreement in such cases is that a system which makes the level of spending for public education dependent on local wealth violates the equal protection clause of the 14th Amendment of the Constitution of the United States.

Nothing in any of these court decisions indicates that the property tax is an unconstitutional tax; or that spending per pupil must be the same in all school districts. The real thing that is in question is the basing of local school expenditures on taxes.

Put this together with the decision of the Michigan Supreme Court on capital outlay projects, such as county and township buildings, etc., where the "sky is the limit" on the amount of property tax that can be levied to pay off indebtedness. This can be done without a vote of the people.

The citizens of Michigan may find themselves faced with a double barreled shotgun in the future if action is not taken. Presently, petitions are being circulated to place on the November 1972 ballot a meaningful and lasting tax reform program through a basic Constitutional change.

The reform program would put a limit on property tax and set forth a breakdown as to amounts that can be levied for various purposes. The petitions also will solve, as nearly as possible, the problem created by the Supreme Court decision.

The citizens of Michigan can not afford to get into a bind on how our public education will be financed. We still have the opportunity to do something about it by signing these petitions and then let it be decided at the polls in November.

Carland News

By Mrs. Pudge Deming

Mr. and Mrs. Floyd Lindauer were hosts Sunday at their home in rural Carland to many friends and relatives in honor of their son, Bruce, who graduated from Ovid-Elsie high school with the class of '72. The graduation cake was decorated in the class colors of green and gold.

Bruce's grandparents, Mr. and Mrs. Trumble of Laingsburg, and Mr. and Mrs. Carl Lindauer were honored guests.

New law requires pesticide license

Licenses have been issued to 125 restricted use pesticide dealers by the Michigan Department of Agriculture, according to B. Dale Ball, director.

The restricted use pesticide law, which became effective this year, requires any dealer handling such products to obtain a state license. A license is issued only after he has demonstrated, through written examination, his knowledge of the law and rules governing the sale of pesticides.

"During the short period of time since implementation," Ball said, "we have established testing procedures, printed tests and licenses and have authorized 125 dealers to sell restricted use pesticides."

As established in MDA Regulation No. 633, the person in charge of each sales location or outlet must be licensed. Pesticides covered under the regulation are those formulations determined after public hearing to be serious hazards to man, warm-blooded animals and to the environment, when applied under normal accepted conditions of use. There are thousands of sales outlets for pesticides in Michigan. They

may still sell non-restricted materials, but only the newly-licensed dealers may handle products on the restricted list.

"Selling restricted pesticides without a license," Ball added, "is a misdemeanor punishable by a fine of up to \$200 and up to 60 days in jail."

Copies of Michigan's economic poisons law, Regulation No. 633 and a list of restricted use pesticides are available by writing Michigan Department of Agriculture, Plant Industry division, Lewis Cass building, Lansing, Michigan 48913.

Wacousta

Mrs. Edward Kraft—626-6944

Hugh McGivern and son of Lantana, Fla., arrived last week to visit Mrs. Almeda Spencer and Mrs. Opal Bancroft and family.

WCS Guest Day Wednesday, June 21, for a noon luncheon at the Wacousta Church.

Adult Fellowship Class will meet Sunday eve June 25, with Mr. and Mrs. Forest Wesseler.

Wacousta United Methodist Church will hold its church picnic June 25, right after church at Looking Glass Valley Park.

Mr. and Mrs. Ed Kraft were Sunday dinner guests of their daughters in Grand Rapids.

Spray now. Rotate later.

Introducing Outfox, a broad spectrum, post-emergence corn herbicide from Gulf. It's just what your corn needs to stand up to pigweed, lambsquarters, smartweed, morning glory, burdock, cockspur, sunflower, limon weed, velvetleaf, ragweed, green foxtail, giant foxtail, yellow foxtail, barnyard grass and crabgrass.

While Outfox is very effective in controlling troublesome weeds, it doesn't hang around to affect next year's crops. If you want to rotate to small grains, soybeans or other legumes you can, Outfox won't be there to stunt your crops.

Outfox is conveniently packaged, safe to handle, easy to mix, easy to use, easy to apply. It's already formulated with oil; you just mix with water and spray.

Outfox is new. But it's not unproven. Gulf tested it at 500 locations over a 6-year period. It's proven itself on all types of soils under all types of conditions—light sand to heavy clay. The reason, Outfox is a post-emergence herbicide so it is applied to the weed, not to the soil.

Gulf has also found, in testing, that wet conditions do not affect the activity of Outfox, nor does it matter if it rains after application.

You spray it only where you need it—on weeds that have emerged. Try Outfox this season.

It's the corn herbicide that does only what you want it to do.

The home economist

By: ELAINE CINCALA
County Extension Office

Barbecues are high on the list of summer eating fun because of the casual atmosphere they create. You can spend a little or a lot just as you please; and the ideas are numerous and appetizing. Don't short-change your family on health-giving proteins, vitamins and minerals by just serving hot dogs, potato chips, pop and marshmallows. Make some careful plans and include some vegetables, fruit and milk to go along with the hot dogs and buns.

When choosing equipment for outdoor cooking ponder these few questions:

1. Is it portable?
2. Is it easy to clean?

3. Is it sturdy?
4. Is it the right size for your family needs?
5. Is there some way to control the heat?
6. Is there some way to collect the drippings?

On barbecue day grease the rack or grid to help prevent food from sticking.

Light the fire 30-45 minutes ahead of time so coals will be the right temperature. When coals are covered with a fine gray ash, spread them about 1 inch apart. No two coals should touch.

To cut down on drippings, that cause flames, trim fat from edges of meat to one quarter or one third inch

thickness. Slash the fat remaining around the edges to prevent curling of the meat.

To help prevent flames and smoke, drain marinated meat, poultry and fish thoroughly before you cook them. If you're using a sauce, add it to each side after cooking.

To grill, put meat, poultry or fish 3-8" from the heat. The thinner the meat and the rarer you want it, the closer you should put it to the heat. But meat will dry out if cooked close to the heat for more than a few minutes.

For a garlic flavor add a few cloves of garlic to the coals.

When using a rotisserie, pile coals to the side of the revolving meat.

For more information and recipes on barbecues call the Extension Office at 224-3288, or write to 1003 S. Oakland, St. Johns, Michigan 48879. The title is Outdoor Cookery for the Family.

Have a safe, enjoyable summer.

Self-confidence has always been the first secret of success.

BAREBACK RIDING--ONE OF THE MANY THRILLING RODEO EVENTS

Ithaca welcomes Posse Rodeo this week

Friday is the day -- the Gratiot County Sheriff's Posse Rodeo and Ithaca Wild Frontier Days are coming to town.

After years of planning for their own rodeo arena, Friday night's 8 p.m. rodeo performance will inaugurate the new Gratiot Community Arena in Ithaca.

Ithaca merchants join the three-day western action with Wild Frontier Days and customers will be served by businessmen and employees dressed in western garb.

Friday kicks off the activities with Posse members on horseback riding into town in the morning to officially open Wild Frontier Days.

THE FIRST RODEO performance is Friday evening at 8 p.m. Rodeo-goers will be the first spectators to use the new arena facilities.

"Just like daylight" is how Posse members term the lighting which illuminates the arena surrounded by chain-link fence.

Refreshments will be served at the cook's "shack," a completely remodeled building which also includes the Posse office and meeting room.

A full day of activities are planned for Saturday, starting at 9 a.m. with the Ithaca Jaycee bicycle inspection, licensing and races.

Bicycle inspection starts at 9 a.m. in front of the Ithaca Fire Department, with races to follow. A separate story on the Jaycee bicycle races is on Page 3A of this week's Herald.

WILD FRONTIER DAY action Saturday continues at 1:30 p.m. with the Sheriff's Posse Rodeo Parade.

Western fans will be treated to some wild action when a shoot-out following the parade will take place in downtown Ithaca.

An antique show and flea market continues throughout the day Saturday under Ithaca's canopy. Free space is provided to all exhibitors.

Another rodeo performance begins at 8 p.m. Saturday and, on Sunday, hungry cowboys and rodeo fans may start off the day with prairie breakfast of hotcakes, sausages, hash browns and coffee. Serving starts bright and early at 6:30 a.m.

The final performance is Sunday afternoon at 2 p.m. Rodeo tickets are \$1.50 per adult and 75 cents for children.

STOCK CONTRACTOR for the I.R.A. approved, championship rodeo is J-Bar-J Rodeo, Inc. of Clare. The Gratiot Community Arena is located on Pine River Street, one mile south of the traffic light in Ithaca.

NEW FULLY AUTOMATIC UNIVERSAL "Builder's Special" WATER CONDITIONER MODEL U-640

fully automatic
This remarkable water conditioner was specifically designed to give the housing project market soft water at a modest price. Automatic controls let you pre-set the time and frequency of recharging based on a seven day "family need" cycle. Automatic recharging assures a constant supply of soft conditioned water at all times.

manual recharge switch
When temporary soft water demands exceed the prescribed level, this unit can be manually recharged without interference to the automatic cycle.

efficient brine system
Dial-type salt control saves up to 40% on salt... minimizes waste... permits fast adjustment to fit requirement. Large 300 lbs. capacity, rust and corrosion proof cabinet means minimum refills and maintenance.

simple, trouble-free design
This unit has obsoleted the solenoid valves, brine valves, sliding pistons, and other costly high maintenance items that are found on other so called "deluxe models" costing several times as much.

Compact space saver unit combines fiberglass softener tank in a plastic brine cabinet—only takes less than 2 square ft. of floor space. Sparkling white accented with silver trim blends into utility rooms. Automatically recharges whisper quiet while you sleep.

Ecology experts list top problems

WASHINGTON, D.C. -- The 10 most serious environmental problems facing the world today have been named by 18 internationally-known ecologists from throughout the world. The list was compiled ecologists from throughout the world. The list was compiled for use during the National Wildlife Federation international symposium, "Uniting Nations for Biosurvival, Stockholm, Sweden, June 10-12.

The ecologists, representing 16 different countries, are part of the program for the NWF symposium for public citizens being held in conjunction with the U.N. Conference on the Human Environment. Subjects schedules to be discussed range from marine mammals to pollution around the globe.

"The problems cited certainly make up the most definitive list of world resource problems ever compiled," Federation Executive Vice President Thomas L. Kimball said. "Not only will they be discussed at the National Wildlife Federation non-governmental symposium, they should also certainly be focused upon during the U.N. Conference.

The 10 major world problems named are as follows:

1. TOO MANY PEOPLE, creating impossible demands on all natural resources.
2. POLLUTION OF WATERS of the world with far-reaching effects on human health, marine and freshwater fisheries, economic and esthetic values.
3. POLLUTION OF THE AIR, with resultant diseases and maladies for man and for animals; as well as pollution of atmosphere as far as damaging noise levels are concerned.
4. ABSENCE of really significant, long-lasting research in food production to feed the hungry people of the world.
5. LACK OF WORKABLE PROGRAMS to preserve and protect the endangered wildlife species of the world.
6. INABILITY TO LIMIT INDISCRIMINATE USE OF PERSISTENT TOXIC SUBSTANCES affecting vast resources and peoples in all climates, in all parts of the world.
7. INABILITY TO RECYCLE VALUABLE RAW MATERIALS EFFECTIVELY, which will be forever lost to the world's future people.
8. Failure to research and plan for alternative sources of ENERGY to improve living conditions for the world's people.

Governor approves plan to aid farms

State Rep. Richard J. Allen (R-Ithaca) has announced that the Counties of Clare, Isabella, Midland, Gratiot, and Clinton are among counties approved by Gov. Milliken to have hay and pasture acres released from the "Long-term Cropland Adjustment Program" for harvesting as hay and pasture.

Allen had urged the Governor to take this action because of the shortage of hay and forage for grazing caused by the severe winter ice storms of this winter and because of a continuing drought during the months of May and June.

"I am pleased with the speedy action of the Governor in recognizing the plight of these areas and others where without the hay and grazing, the livestock numbers would have to be greatly reduced," Allen said.

Other counties given the same ruling by the Governor include Wexford, Missaukee, Iosco, Lake, Osceola, Gladwin, Arenac, Mecosta, Bay, Huron, Tuscola, Sanilac, and Shiawassee.

The original request to the Governor to release the lands from the "Long-term Cropland Adjustment Program" came from county emergency committees and the Michigan Agricultural Stabilization and Conservation Service.

Any farmers interested in utilizing CAP lands for hay or pasture should check with their local ASC office.

Rep. Allen is a Gratiot County veterinarian and a member of the House Consumers and Agriculture Committee.

East Victor

By Mrs Ray Ketchum

Mr. and Mrs. Howard Dennis spent Saturday and Sunday with his sister, Mr. and Mrs. Edgar Dean of Saginaw.

Mr. and Mrs. Elwin Ketchum held open house Sunday for their son, Steven, who was one of the graduates from Laingsburg High School.

REMEMBER . . .

Simplicity

April Showers bring May Flowers—
And also bring the Grass.
Flowers Bloom, then fade away—
They're not supposed to last.
GRASS is quite another thing—
We think it's here to stay.
To keep it looking at its best—
Cut it the "SIMPLICITY WAY"!

WE WILL OFFER YOU A GOOD DEAL

Summer theater offers culture to tourists

More than a dozen established summer theaters in Michigan will offer stage plays, and musicals this season, with many featuring professional actors, according to Automobile Club of Michigan.

However, there are other towns which offer community theaters featuring local talent operating during the summer.

Deane of the summer theater circuit is the Barn Theater near Augusta, between Kalamazoo and Battle Creek, now open for its 27th season with 12 plays scheduled through early September.

Located west of Augusta on M-96, the theater is concrete-and-wood roof of Jack and Betty Ragotz's success story. In 1949, after three years of operating in Kalamazoo, they obtained band moved to their present site, a never-completed dairy barn.

Today's Barn Theater, an impressive red structure, is surrounded by a complex of other production buildings, acres of green grass and white fences.

One of the most colorful summer theater productions is in downtown Coldwater, near the junction of US-12 and I-69. Seven Broadway plays are offered through August in the Historic, 600-

seat Tibbits Opera House. Built by Coldwater Mayor Bart S. Tibbits in 1882, the Opera House for nearly 30 years presented some of the big names of the theater. Converted to a movie house in the 1920s, the theater later was slated for demolition but was purchased by local citizens to restore as a community enterprise.

The Tibbits Opera Foundation, a non-profit organization, was organized in 1963 and nearly \$170,000 has been invested so far in the continuing restoration program.

Since 1955, Ruth Bailey Swigart, a Cincinnati housewife, has been the energetic organizer and manager of the successful Cherry County Playhouse in Traverse City, one of the state's best-known summer theaters.

Now in its 18th season, the Cherry County theater traces its beginnings to tent performances which nonetheless attracted some of the big names in show business - Joe E. Brown, Andy Devine, Reginald Gardiner, Edward Everett Horton, Pat O'Brien and Cesar Romero among them.

The 1972 season, which runs from July through early September, will include Frank Sutton, Buddy Ebsen and Pat Paulsen among its performers.

The Traverse City Playhouse is part of the multi-million dollar Park Place Motor Inn, at East State and Park Streets, two blocks south of US-31.

Another feature of the Cherry County Playhouse is the children's plays on Friday mornings presented by the Cherry County Junior

Players. If you have shopping or errands in Traverse City, it's a safe place to leave your youngsters, according to the theater management.

For 12 years, the Grand Rapids Circle Theater operated in hotels, but in 1964 arrangements were made with the Grand Rapids Department of Parks to

lease the pavilion in John Ball Park. The theater opened in its new home a year later.

The 1972 season is now underway and continues through the end of August. The Lollipop Theater, with a separate director, presents plays for children. The Circle Theater also awards an annual scholarship to a college student pursuing a theatrical career.

Another theater housed in a barn is the Red Barn Theater, three miles south of Saugatuck. Eight plays are offered through early September. The management also offers puppet shows for children on Wednesdays and children's theater, daily workshop and classes.

The Ledges Playhouse is in Grand Ledge, west of Lansing, in Fitzgerald Park. Picnicking facilities are available. The theater, which calls itself mid-Michigan's only professional company, features a raked

auditorium with 380 plush seats. Plays run through early September.

At Houghton Lake, in the center of a scenic region surrounding Michigan's largest inland lake, is the North Central Playhouse, also sometimes called the Pioneer Playhouse. It is east on M-55 in Prudenville and is open through Labor Day.

Among other summer theaters in Michigan: The Crosswell Opera House, Adrian.

The Clark Lake Playhouse, Clark Lake.

The Stone Village Theater, Jackson.

Manistee Civic Players, Manistee.

Community Barn Theater, Okemos.

Sister Lakes Playhouse, Sister Lakes.

For brochures describing each summer theater and its schedule of plays, write or call the manager of the theater in which you may have interest.

Bannister
MRS. ROBERT VALENTINE

The Kozy Corner Hobby Club met at the home of Mrs. Giles Coon for their June meeting.

Election of officers was held. Mrs. King Terrell is the new chairman of the club. Mrs. Howard Halteman is the secretary-treasurer.

Following the election a discussion on gardening problems was held and a name game was played.

The hostess served refreshments.

Bannister United Methodist Church assisted Rev. William Cox with a worship service at the Maple Valley Nursing Home Sunday afternoon. Rev. Cox served the Sacrament of Communion to the patients at the home. Mrs. John Schlarf served as organist.

Mr. and Mrs. Floyd Glowney held an open house for their son, John, Sunday afternoon. John is a 1972 graduate of Ovid-Elsie High School.

Woodhaven residents receive free checking

A program of training retarded persons to live useful and happy lives was furthered recently when four members of the Woodhaven "family" were introduced to the mechanics of maintaining a checking account.

The four are part of a dozen persons who live at Woodhaven and are undergoing special rehabilitative training. As part of that training, checking accounts for the four were opened at the Wacousta office of Clinton National Bank and Trust Company and under the supervision of Woodhaven staff members the group will conduct their own transactions through their accounts.

Like other Woodhaven residents, the four receive

small monthly checks from the Michigan State Department of Social Services amounting to approximately \$20 monthly. Mrs. Pat Jones, a staff member, explained that the opening of the accounts is to teach and acquaint residents with the procedures of banking and handling money. She pointed out that each person will write checks totaling about \$4 per week for lunches, coffee break money and church donations. The remainder of the money will be saved and CNB&T is providing the banking services free of charge.

Woodhaven is the home of twelve retarded persons located on N. Grand River in Watertown Township, northwest of Lansing.

Study will check value of satellites June 21 is longest day

EAST LANSING - The stranger who knocks on your door this summer and asks if he can wander around in your corn field or bean field isn't craxy, suffering from the heat, or anything like that.

He's an expert participating in a statewide experiment to find out if satellites can provide an easier, cheaper way of keeping track of Michigan's agricultural and natural resources.

According to Dr. Gene Safir, remote sensing specialist at Michigan State University, the most intensive studies will take place in the southeastern part of the lower peninsula.

"The reason for looking at fields in areas getting intensive study is that satellites and computers aren't as smart as we might think," says Safir. "Before they can tell what they are looking at they have to be 'taught' to recognize corn, beans, woodlots and all the other major plants and land forms.

"Fields that fool us will get special attention," he says. "When we can't tell what's there, using the information provided by the special airplanes and the Earth Resources Technology Satellite (ERTS) that will cover the test areas, we will go out and take a look at the field to see what really is there and find out why we couldn't tell what it was."

In this way, the MSU scientists and their colleagues at the University

of Michigan hope to perfect a system for measuring resources by satellite.

"The research will help NASA build better satellites. When these are built and launched, the payoffs could be tremendous," says Safir.

"For example, crop diseases might be detected before they are noticed from the ground. Potential trouble spots could be treated before disease epidemics build up, and diseases could be stopped with lower amounts of chemicals and less hazard to the environment.

"Accurate yield estimates of food crops could be obtained on a worldwide basis. This could mean fewer food shortages in some countries and more stability in world food trade. On a national level, crop reporting by satellite could save a lot of tax dollars too.

"Satellites could also be used to spot water pollution problems, survey areas for potential recreational uses; help local, state and national government with land use planning problems; map soils; count wildlife, and help answer a lot of other environmental questions.

"It's a new tool that shows promise of helping everyone to make better decisions about how to use the land," says Safir. "But before all this comes true, we have to find out the best ways that the tool can be used."

Shepardsville

Mr. and Mrs. Kenneth Scott and children of Phoenix, Ariz. are visiting her parents and other relatives and friends in this area for the next few days.

Mr. and Mrs. Russell Cavanaugh of McBain, former residents of this area, were guests at the Shepardsville United Methodist Church on June 11. They have been visiting their son, Ronald in the Sparrow Hospital where he has been recuperating from surgery. They say "thank you" for the prayers offered and the cards sent him. They expect to take him home within the next few days.

AN ORDINANCE to amend in its entirety the "Zoning Ordinance" of the City of DeWitt, being Ordinance No. 25 of May 26, 1958.

BE IT ORDAINED by the City of DeWitt in the County of Clinton, in the State of Michigan, as follows:

The aforesaid Ordinance, including every amendment thereof heretofore passed, is hereby amended in its entirety so that the same shall read as follows:

ZONING ORDINANCE
OF THE
CITY OF DE WITT, MICHIGAN

ARTICLE I — TITLE AND PURPOSE

1.1. TITLE. This Ordinance shall be known as the Zoning Ordinance of the City of DeWitt.

1.2. PURPOSE. In their interpretation and application the provisions of this Ordinance shall be held by any administrator, court or Board of Appeals to be the minimum requirements acceptable to the City of DeWitt to promote the public health, safety, morals and general welfare. Among other purposes, such provisions are intended to provide for a adequate light, air and convenience of access to secure safety from fire and other dangers; to lessen congestion and danger on streets and parking areas; to avoid undensity and use of land, the height, location and bulk of buildings and size of open spaces; to separate incompatible land uses and conserve the value of property and structures; to preserve and enhance the character of like land uses and structures; to create a convenient and harmonious environment; to control the expansion of new uses to facilitate the logical extension of public sewer and public water, and; to encourage the most appropriate use of land throughout the City in agreement with the City Master Plan.

1.3. SCOPE. Where this Ordinance imposes greater restrictions than those imposed by other laws or ordinances or by private restrictions placed upon property or covenant, deed or other private agreement, the provisions of this Ordinance shall control.

ARTICLE II — DEFINITIONS

2.1. **APPLICATION OF DEFINITIONS.** For the purpose of this Ordinance, certain terms are herewith defined. When not inconsistent with the context, words used in the present tense include the future, words used in the singular number include the plural, and words in the plural number include the singular; the word "person" may be taken for persons, associations, co-partnership or corporation; the word "structure" includes buildings; the word "occupied" includes designed or intended to be occupied; the word "used" included designed or intended to be used; and the word "shall" is always mandatory and not merely directive. Other words and terms shall have the following meanings.

2.2. **ACCESSORY BUILDING.** A detached subordinate structure on the same premises with a principal building.

2.3. **ACCESSORY USE.** A use naturally and normally incidental and subordinate to the main use of the premises.

2.4. **ALTERATION.** A change in the supporting members of a building, an addition, diminution, change in use or conversion of a building or the removal of a building from one location to another.

2.5. **AUTOMOTIVE REPAIR SHOP.** A garage, building or area used for the repair of unpowered vehicles, motor vehicles of all kinds, boats, trailers, farm equipment or mobile homes.

2.6. **AUTOMOTIVE SALES AREA.** A parcel of land used for the outdoor display, sale or rental of new or used vehicles, motor vehicles, boats, trailers, farm equipment or mobile homes in operable condition where no repair work is done.

2.7. **AUTOMOTIVE SERVICE STATION OR FILLING STATION.** A place where gasoline, kerosene or any other motor fuel or lubricating oil or grease for operating motor vehicles is offered for sale to the public and deliveries are made directly into motor vehicles, including greasing and oiling on the premises, the sale of customary accessories and vehicle tuneup.

2.8. **BASEMENT.** A room or any part of a room having a floor level more than 30 inches below grade and which; has no doorway opening directly to ground level or upon a hallway with such doorway, or; has no sash windows, or; contains laundry, heating or similar mechanical equipment.

2.9. **BOARD.** The Board of Appeals.

2.10. **BOARDER OR ROOMER.** A person who is provided with lodging by the family occupying a dwelling.

2.11. **CURB LEVEL.** The grade elevation, as established by the City, of the curb in front of the center of the building, or proposed building, or the elevation of the traveled street in case no curb exists.

2.12. **DWELLING.** A building or portion thereof designed or used exclusively as the residence or sleeping place of one or more persons, including one-family, two-family and multiple family structures, apartment hotels, and boarding and/or rooming houses, but not including hotel, motels, tourist cabins or trailers.

(a) **DWELLING, ONE FAMILY.** A building used exclusively or designed for one-family occupancy.

(b) **DWELLING, TWO FAMILY.** A building designed for or occupied exclusively by two families living independently of each other.

(c) **DWELLING, MULTIPLE.** A building or portion thereof used or designed as a residence for three (3) or more families living independently of each other, including apartments and/or condominiums.

(d) **DWELLING, ROOMING OR BOARDING.** A dwelling having one kitchen only and used for providing lodging and/or meals for pay or compensation of any kind to more than three persons other than members of the related family occupying such dwelling.

2.13. **DWELLING UNIT.** "Is a building, or portion thereof, designed for occupancy exclusively by one (1) family for residential purposes and having cooking facilities and separate sanitary facilities."

2.14. **ESSENTIAL SERVICES.** The erection, construction, alteration or maintenance of public utilities including gas, electrical, steam, communication, safety or water systems, supply or disposal systems, including equipment and accessories in connection therewith necessary for furnishing utility services for public health, safety or general welfare.

2.15. **FAMILY.** Is one or two persons or parents, with their direct lineal descendants and adopted children together with not more than three persons not so related, living together in the whole or part of a dwelling comprising a single housekeeping unit. Every additional group of two or less persons living in such housekeeping unit shall be considered a separate family for the purpose of this Ordinance.

2.16. **FLOOR AREA.** The area of all floors computed from the outside dimensions of the exterior walls of a building excluding porches, patios, terraces, breezeways, carports, verandas, garages, unfinished attics and basement areas as herein defined.

2.17. **GARAGE-PRIVATE.** An accessory building to a residence or portion of a main residential building used only for the storage of passenger vehicles, boats, trailers or household effects of the occupants of the premises and/or not more than one (1) truck of a rated capacity not exceeding 1-1/2 tons and/or one vehicle not owned by said occupants.

2.18. **GARAGE-COMMERCIAL.** A structure or portion thereof other than a private garage used for the storage, sale, hire, or repair of self-propelled vehicles or trailers.

2.19. **HEIGHT OF BUILDING.** The greatest vertical distance from the highest point of a building to the ground below.

2.20. **HOME OCCUPATION.** Any occupation carried on by a member of a family residing on the premises and in connection with which not more than one-fourth of the floor area of one story of the dwelling is devoted to such home occupation; further, that such occupation does not require internal or external alterations of a non-residential character, involves the use of no mechanical equipment not customary in dwellings, and displays no sign relating to such occupation which is greater than one hundred forty four square inches in area and attached to the building, other than as permitted in Section 6-1.

2.21. **HOTEL OR MOTEL.** A building in which lodging is provided to the transient public where such lodging accommodations do not have separate cooking facilities of any kind.

2.22. **INSTITUTIONAL OR PUBLIC USE.** Churches, schools teaching academic subjects, hospitals, convalescent or nursing homes, child care centers, parks, recreation buildings, civic centers, libraries and similar public or quasi-public non-profit uses, but not including uses by such institutions or public agencies for material storage, vehicle or equipment repair, clerical processing or similar activities of an industrial or business nature.

2.23. **JUNK YARD.** An open unscreened area used for the collection, storage, dismantling, dumping, display, resale, exchange, baling, cleaning or handling of second hand salvaged, used or waste materials, machinery, vehicles, trailers, equipment or furnishings but excluding automotive sales areas, uses carried on in completely enclosed buildings and uses screened from view of the public and adjoining properties.

2.24. **KENNEL.** Any lot or premises used for boarding, breeding, sale or treatment of dogs, cats or other household pets.

2.25. **LOADING SPACE.** A space at least 28 feet in length and 12 feet in width designated for the parking, loading or unloading of a truck or bus in an off-street loading area.

2.26. **LOT.** A parcel of land in single ownership, exclusive of any adjoining street, separated from other parcels by legal description or by a subdivision of record, or survey map. A "corner" lot is a lot bounded by two intersection streets. A lot other than a corner lot is an "interior" lot.

2.27. **MOBILE HOME.** A one family dwelling unit of vehicular, portable design built on a chassis and designed to be moved from one site to another and to be used without a permanent foundation.

2.28. **MODULAR HOUSE.** A factory-fabricated, transportable building unit designed to be incorporated at a building site in to a permanent structure to be used for residential, commercial, educational or industrial purposes.

2.29. **NON-CONFORMING USE.** A use which lawfully occupied a structure or land at the time of adoption of this Ordinance, or any amendment thereto, and which does not conform with the use regulations of the district in which it is located.

2.30. **NURSING OR CONVALESCENT HOME.** A structure where more than three (3) persons are

housed or lodged and furnished with meals and nursing care for hire.

2.31. **LANDSCAPING.** Improvement of the natural appearance of designated areas by grading and/or planting of grass and/or shrubs, flowers, and trees so as to produce the best aesthetic effect considering the use to which the parcel it to be put.

2.32. **OCCUPIED.** The use of any structure, parcel or property for human endeavor, but not including the preparation of any structure or land for occupancy.

2.33. **OFF-STREET LOADING AREA.** An open area, other than a street or other public way, used for the parking, loading or unloading of trucks, semi-trailers, buses or similar vehicles of a rated capacity of more than one ton.

2.34. **PARKING AREA-PRIVATE.** An open area for the same uses as a private garage.

2.35. **PARKING AREA-PUBLIC.** An area used for the parking of motor vehicles for a fee or as an accommodation for clients, customers, residents or employees.

2.36. **PARKING SPACE.** A space at least 20 feet in length and 9 feet in width designated for the parking of motor vehicles in a parking area.

2.37. **PRINCIPAL USE.** The primary or predominant use of the premises.

2.38. **SCREENING.** A strip of land designated as a buffer strip and planted to shrubs, trees or other approved obscuring material so as to effectively carry out the requirements of this ordinance.

2.39. **SIGN.** Any announced, declaration, illustration or insignia used to advertise or promote the interest of any person, product, or project when the same is placed, painted, or displayed out of doors in view of the general public.

2.40. **SIGNBOARD ON BILLBOARD.** Any structure or portion thereof on which lettered, figured or pictorial matter is displayed for advertising purposes, not related to the premises or the nature of the business conducted thereon or the products primarily sold or manufactured thereon. This definition shall not be held to include any sign used for official notices issued by a court or public office.

2.41. **PLANNED UNIT DEVELOPMENT.** A land area of at least 20 acres having both building sites and common property such as a park and which is developed by one proprietor as a separate neighborhood or community.

2.42. **SINGLE OWNERSHIP.** Ownership by one person or by two or more persons jointly, as tenants by the entirety, or as tenants in common, of a separate parcel of real property not adjacent to land in the same ownership.

2.43. **SITE DEVELOPMENT PLAN.** A print from a reproducible ink or pencil drawing, drawn to scale, which shows the intended and/or existing location and dimensions of improvements or structures upon a parcel or property including buildings, driveways, parking areas, parking spaces, landscaping, landscaped areas, sidewalks, signs, drainage facilities or similar physical improvements.

2.44. **STREET.** A public right-of-way of 50 feet or more in width which has been dedicated for the purpose of providing access to abutting private lots or land, including the space for pavement and sidewalks.

2.45. **STRUCTURE.** Anything constructed or erected which requires permanent location on the ground or attachment to something having such location. The term "building" shall mean the same. The following shall not be deemed a structure: youth recreation equipment, signs of a type permitted in the residential districts, outdoor laundry accessories, pet housing, fences or walls of 42 inches in height or less, campers, trailers or other mobile recreation facilities, recreational pools not defined as a swimming pool, flagpoles, lamp posts, mail boxes or vent piping.

2.46. **SWIMMING POOL.** A constructed basin or structure, located either in or upon the ground, for the holding of water for swimming and aquatic recreation. Swimming pool does not include plastic, canvas or rubber portable pools temporarily erected upon the ground, filled to a depth not exceeding 15 inches and having a water surface area not exceeding 50 square feet.

2.47. **TRANSITIONAL USE.** An intermediate use of a residentially zoned lot or of a structure upon such a lot which has a side yard abutting an unscreened non-residential zone so as to provide a transition between two zones with disparate character.

2.48. **YARD.** An open space which is unoccupied except for certain structures as specifically permitted by this Ordinance.

(1) **Front Yard.** A yard extending across the full width of a lot and lying between the front street property line and the nearest foundation or wall of any roofed part of a building on the lot.

(2) **Rear Yard.** A yard extending across the full width of a lot between the rear lot line and the nearest foundation or wall of any roofed part of a building on a lot.

(3) **Side Yard.** A yard extending from the front yard to the rear yard lying between a side lot line and the nearest foundation or wall of any roofed part of a building on the lot.

(4) **Side Street Side Yard.** A side yard on a corner lot which abuts the side street right-of-way.

2.49. **ZONE OR DISTRICT.** Any part of the City of DeWitt as designated on the Zoning Map, for which the regulations governing the use, location, height, area or size of structures and premises are the same.

ARTICLE III — ZONING DISTRICTS

3.1. **DISTRICT CLASSIFICATIONS.** For the purpose of this Ordinance, the City of DeWitt is hereby divided into eight zoning districts known as:

- R-R Rural Residential District
- R-S Suburban Residential District
- R-80 One-Family Residence District
- R-65 One-Family Residence District
- R-A Apartment Residence District
- B-C Central Business District
- B-G General Business District
- M-1 Manufacturing District

3.2. **MAP.** The map entitled Zoning Map — 1971 delineating the above districts is hereby declared to be part of this Ordinance. Except where references by dimensions are shown on said map, the district boundary lines follow lot lines or the center lines of streets or alleys as they existed at the time of the adoption of this Ordinance.

3.3. **LOT DIVIDES BY ZONE LINE.** Where a district boundary line of the Zoning Map divided a lot, the least restricted use shall not extend beyond such line.

3.4. **ANNEXED AREAS.** Where property is annexed into the City, such action shall automatically zone or rezone the property as shown upon the Zoning Map.

ARTICLE IV — GENERAL PROVISIONS

4.1. **APPLICATION.** Except as hereinafter specified, no building, structure or premises shall be used or occupied, and no building or part thereof or other structure shall be erected, raised, moved, placed, reconstructed, extended, enlarged or altered, except in conformity with the regulations herein specified for the district in which it is located.

4.2. **GENERAL PROVISIONS FOR ALL ZONES.** The following regulations shall apply in all zones:

(1) **Accessory Buildings.** All accessory buildings shall conform to the following requirements:

(a) Accessory buildings which are accessory to a permitted principal use of land may be erected if located in accordance with the yard requirements for principal buildings. No other accessory building may be built on any lot on which there is no principal building.

(b) Accessory buildings are prohibited in any required yard other than the rear yard.

(c) Accessory buildings in the rear yard shall not be located closer than three feet to any lot line provided that where said lot line is a side lot line of an adjacent lot or is an alley right-of-way line no accessory building shall be located closer than six feet thereto unless a greater distance is required by other provisions of this Ordinance.

(d) Where an accessory building is located within 25 feet of a front yard on an adjacent lot it shall meet the front yard set-back requirement.

(e) A breezeway, roof or other physical connection between an accessory building and another building shall be deemed to make both structures one.

(2) **Animals.** Any other provisions of this Ordinance notwithstanding, the keeping, housing, raising, use or medical care of fowl or animals, other than house pets of an occupant of the premises, is prohibited in any R-80, R-65, R-A or B-C District. Where such activities are pursued in any other district, a minimum lot area of one-half acre, exclusive of the lot area required for any dwelling thereon, shall be required. Such area shall permit the keeping of 10 fowl, 6 dogs or cats, or one other animal. An additional one-half acre shall be

required for each additional 10 fowl, 6 dogs or cats, or one other animal, provided that a commercial kennel, an animal hospital or riding stable need not provide other 4 acres for such use and further provided that any other aforementioned activity need not provide over ten acres for such use. Where animals other than house pets of the owner of the premises are kept or allowed outside, a fence so constructed as to keep said animals from leaving the premises at will shall be provided and regularly maintained.

(3) **Area or Space Required.** No lot, yard, court, parking area or other space shall be so reduced in area or dimension as to make said area or dimension less than the minimum required under this Ordinance. If already less than the minimum required under this Ordinance, said area or dimension shall not be further reduced.

(4) **Basement Dwellings.** The use of any portion of a basement excluded from the total floor area computations as a dwelling or as sleeping quarters is prohibited in all zones. The use of the basement of a partially built or planned building as a dwelling unit is prohibited.

(5) **Change of Use or Alteration.** Any change in the basic use of an existing structure or any alteration of an existing structure shall be deemed to be the erection of a new structure requiring the issuance of a Building Permit and the compliance to all provisions of this Ordinance.

(6) **Corner Lot.** Where a lot is bounded by two intersecting streets the front yard requirements shall be met on one abutting street only, provided that no portion of the lot within 25 feet of the side street right-of-way may be utilized unless the front yard requirement for the adjoining property is met. Either street frontage may be designated by the owner as the front street lot line, irrespective of the location of the building entryway.

(7) **Dwelling in the Rear.** No dwelling shall be constructed, altered or moved in the rear of a building situated on the same lot, nor shall any building be constructed in front of or moved in front of a dwelling situated on the same lot.

(8) **Essential Services and Institutional Uses.** Essential services may be located in any zone upon approval by the City Council. Institutional uses are permitted in any zone following the review and approval of a site development plan by the Planning Commission prior to the issuance of a Building Permit, provided that in any residential zone all such uses except schools shall be located only on a major street as designated on the adopted Master Plan of the City. Before approval of such plan the Planning Commission shall determine that the physical layout and relationship of improvements will not adversely affect existing or potential adjacent primary permitted uses. If the Planning Commission determines that an institutional use may have an adverse effect upon adjacent conforming land uses or that it conflicts with the intent of the Master Plan, it may refer the matter to the Board of Appeals for determination as a variance request.

(9) **Existing Platted Lots.** Any parcel of real property of record in single ownership at the time of adoption of this Ordinance that fails to comply with the area and lot size requirements of this Ordinance may be used for a permitted use provided two thirds compliance with each yard requirement is effected. Any such parcel of record, in common ownership with adjacent parcels of record on or before the effective date of this ordinance, may be used as separate lots if each such parcel contains two thirds of required lot area. Where two or more such parcels in common ownership do not each comply with the required lot area, they shall be combined or otherwise redivided to conform to this Ordinance. Where 40 percent or more of the lots in a block have been built upon at a smaller lot size, the Board of Appeals may grant a variance to this provision to conform to established neighborhood character.

(10) **Height Exceptions.** The height requirements of all zones may be exceeded by parapet walls not over four feet in height, chimneys, silos and farm barns, television and radio antennas, cupolas, spires or other ornamental projections, or water towers. In the Industrial Zone chimneys, cooling and fire towers, elevator buildings and bulkheads, roof storage tanks and other necessary appurtenances are permitted above the height limitations provided they are located the same distance as their height from any adjoining property line.

(11) **Lighting.** All light sources of more than 100 watts used to illuminate any structure, parking area or premises shall be diffused or shielded so as to not project onto adjacent premises and so what the direct source of such illumination is not visible from any public street.

(12) **Major Street Lot Requirement.** Any other provision notwithstanding, the following additional requirements shall apply to any lot or parcel of land which abuts a major street as shown upon the Master Plan of the City of DeWitt.

(a) **Lot Area.** The lot area requirements of such lots shall be computed exclusive of any area within 50 feet of the center line of said major street.

(b) **Setback-Yards.** The front yard setback shall be provided on said street, any other provision for side street side yards notwithstanding. Further, said front yard setback shall be measured from a line which is 50 feet from and parallel to the centerline of said street.

(c) **Setback-Corner.** Where two said major streets intersect, no structure or planting of any kind over 20 inches in height above the curb level shall be erected on a corner lot within a triangle having its apex at the intersection of the rights-of-way lines and having equal legs of 77 feet along the rights-of-way.

(13) **Minor Street Requirements.** Any other provisions notwithstanding the following additional requirements shall apply to any lot or parcel of land which abuts a minor street not designated as a major street upon the Master Plan of the City of DeWitt.

(a) **Lot Area.** The lot area requirements of lots shall be computed exclusive of any area within 33 feet of the center line of any street.

(b) **Setback-Yards.** The front yard and side street side yard shall be measured from a line which is 33 feet from and parallel to the centerline of any street.

(c) **Setback-Corner.** Where two streets intersect; no structure or planting, except deciduous trees, more than 24 inches above the curb level shall be erected or maintained on a corner lot within a triangle having its apex at the intersection of the rights-of-way lines and having equal legs of 20 feet along the rights-of-way.

(14) **Mixed Occupancy.** Before issuing a building permit for any premises intended or used for a combination of dwelling and commercial occupancy, the Building Inspector shall request a report from the Fire Chief and the Health Officer as to any hazards that exist or, may be expected to exist and their recommendations as to additional provisions necessary in the interest of safety or health. Such recommendations shall be complied with before issuance of a permit.

(15) **Mobile Homes and Camping Dwellings.** The use as dwellings of campers, tents, mobile homes of less than 40 feet in length or similar camping dwellings is prohibited in all zones. The use of mobile homes of 40 feet in length or more as dwellings is also prohibited except under the following conditions:

(a) As a permitted Temporary Use

(b) As an accessory use in a licensed Mobile Home Court

(16) **Occupancy.** No new building, new portion of a building or portion of a building vacated to permit alterations shall be occupied or reoccupied until an Occupancy Permit is issued. No building declared unsafe or unfit for human habitation shall be occupied or used.

(17) **Open Unoccupied Space or yard.** No required open unoccupied space shall be occupied by any structure other than the following and then only as regulated by the provisions of this Ordinance: Anything excepted from the definition of a structure, landscaping, driveways, sidewalks, walls, fences, lighting standards, signs, or unroofed structures which do not exceed three feet in height, cantilevered reef eaves not to exceed three feet of overhang into any such space and projections as permitted by subsection (19) below.

(18) **Principal Use.** No lot shall contain more than one principal use. Where permitted, groups of buildings of the same use shall be considered as one principal use of the premises.

(19) **Projections.** Retractable awnings may be erected in any zone. Permanent awnings, canopies, marquees, raves, balconies or decorative architectural projections may extend up to 28 inches into any required yard, or over a public right-of-way where there is no yard required, provided that all such projections must be at least 8 feet above the ground immediately below. In the B-C District the City Council may approve other projection structures over the public rights-of-way. Before granting such approval the Council shall ascertain that any such structure extends not more than 8 feet over the public sidewalk, provides clearance of at least 8 feet above the ground immediately below, and that the design and construction of said structure will provide a harmonious appearance with other similar existing structures.

(20) **Refuse.** The storage, collection or placing of discarded material inoperable equipment, unlicensed or inoperable vehicles or other refuse is prohibited in any required yard in all zones. Any such storage, placing or collection shall not constitute a junkyard as defined herein.

(21) **Restoring Unsafe Buildings.** Nothing in this

Ordinance shall prevent the strengthening or restoring to a safe condition of any structure declared unsafe by the Building Inspector.

(22) Row Dwellings: Attached single family dwellings may not be erected sold as individual units except as follows:

(a) Condominium units forming a legal entity may be sold as individual units.

(b) Zero Side yard units may be erected and sold as individual units in the R-S and R-80 Zone Districts after Planning Commission review and Board approval when two separate single family dwellings are constructed at the same time, provided that the remaining side yard shall be increased two times the minimum side yard required in the Zone District.

(23) Sewer and Water. No Building Permit shall be issued for any building to be occupied by human beings wherein water is to be supplied or liquid wastes of any kind are to be disposed or unless the building is either served by a public sewer and public water system or has been issued a Septic Tank Permit and/or a Well Permit in lieu of one or both of the unprovided public utilities.

(24) Septic Tank and Well Permits. No Septic Tank Permit or Well Permit shall be issued unless the Building Inspector has approved plans showing the location of any existing or proposed buildings, wells, septic tanks, drain fields or deep wells and, for private disposal systems, the location of soil test borings together with soil test percolation data. Before issuing a Septic Tank or Well Permit, the Building Inspector shall determine that the proposed plans and submitted data meet State, County and City standards, that they do not pose a health or sanitation hazard and that the following provisions are complied with:

(a) Any use of septic tanks, drain fields, or similar disposal systems is prohibited where the water table is closer than four feet to average ground level. This section shall apply to parcels of any size, County or State Regulations notwithstanding.

(b) There shall be a lot area of at least 15,000 square feet for any Septic Tank Permit unless a larger lot area is required by district regulations.

(c) The County Health Department or the Building Inspector may impose such additional requirements for the location of buildings, wells, septic tanks or drain fields necessary to insure the health of intended occupants of the premises and to protect adjacent properties. Any County regulation to the contrary notwithstanding, test borings and soil percolation data shall be provided in any area intended for drainage fields of sewage disposal systems.

(25) Site Development or Plot Plan. The general and intensive use of the automobile requires careful study of the relationships between buildings, parking areas, driveways, streets, alleys, pedestrian walkways, traffic movements and visual obstructions or land uses or structures which generate or attract automobile or truck traffic or which require the accommodation of automobile or truck parking. To fully insure the safety, convenience and well-being of the citizens and of the intended occupants of a particular use, the Planning Commission is hereby empowered as an administrative body to review a site development plan of any such use hereafter referred to for such review prior to the issuance of a Building Permit. Approval shall be subject to the following procedures and conditions.

(a) The Planning Commission shall ascertain that the proposed development is arranged:

1. To provide convenient and safe automobile circulation and parking in relation to streets, pedestrian walkways and adjoining properties or parking areas,

2. To insure adequate visual sight distances,

3. To minimize conflicts of traffic movements on public streets and upon the property involved.

4. To insure the safety, convenience and well-being of adjoining property owners and other citizens.

(b) To these ends the Planning Commission is empowered hereby to designate entry ways and exits, the directing of traffic flow on off-street parking areas and drives, to limit the number of drives onto a public street, to designate their location of intersection with a public street and, where feasible, to require the use of existing drives on adjacent properties to decrease traffic conflicts on the public streets.

(c) Upon approval of said plan, the Chairman of the Planning Commission shall sign three copies thereof. One signed copy shall be returned to the applicant, one shall be made a part of the Planning Commission's files and one shall be forwarded to the Building Inspector for issuance of a Building Permit.

(26) Swimming Pools. Swimming Pools are permitted in all districts, provided the Swimming Pool Ordinance and the following regulations are complied with:

(a) The pool shall be maintained in a clean and healthful condition in accordance with County and City health requirements.

(b) No swimming pool shall be emptied in any manner that will cause water to flow upon another lot or be emptied on any adjacent land if a storm drain or

storm sewer is readily accessible to the premises.

(c) Every swimming pool shall be completely enclosed with a permanent substantial fence, with gates, at least five feet in height above the ground level. No opening shall be designed or maintained as to permit access to the pool except under the supervision of the possessor or by his permission.

(d) The swimming pool basin shall not be closer than 10 feet to any side or rear lot line and no part of any pool shall be constructed within a required front yard or required side yard.

(27) Subdivision Plats. After the effective date of this Ordinance, and except as provided in Sec. 4.3 (5), fifty percent of all lots in a new subdivision plat shall exceed the minimum lot width and lot area of its zone district by at least five percent. Another 25 percent of all lots shall exceed said minimum lot width and lot area requirements by at least ten percent. All corner lots shall exceed such minimums by at least 10 percent.

(28) Temporary Permit. The Building Inspector may issue Temporary Use Permits for the following uses after determining that such uses will not be detrimental to adjacent conforming uses during the permitted period of use. A second Temporary Use Permit may be issued by the Building Inspector at the end of such time limit for good cause shown. The Building Inspector may attach such conditions and requirements deemed necessary to meet the intent of the provisions of this Ordinance. A third temporary use permit may only be authorized by the Board of Appeals:

(a) Trailer Homes. An individual mobile home or other temporary structure may be used as temporary living or working quarters for up to 90 days while a dwelling or structure is being constructed or reconstructed on the same premises.

(b) Signs and Supplies. The storage of building supplies and machinery, temporary storage buildings, the assembly of materials and customary trade, contractor, architect and identification signs in connection with a construction project may be authorized by the Building Inspector for a period of up to 12 months.

(c) Seasonal Uses. The Building Inspector may authorize a Temporary Permit for up to 30 days for seasonal or unusual non-recurrent temporary uses and signs.

(d) Migrant Homes. A Temporary Use Permit may be issued for up to 4 months for the temporary occupancy of trailer homes or licensed migratory housing for migrant farm workers on farms of 20 acres or more in area, provided the provisions of Subsection (23) above are complied with.

(29) Transition Zoning. The following transitional uses are permitted on premises in an R District where the side yard adjoins a B or M District:

(a) The first such lot or lots in single ownership or the first 150 feet thereof, whichever is the lesser, may be utilized in accordance with the R-A zone requirements.

(b) The first 150 feet thereof may be utilized for off-street parking.

(c) Any single principal structure location or built completely upon the first 150 feet thereof may be used for offices, funeral homes, or a business permitted in the B-C District, provided:

1. Yards must meet the district requirements in which such lot is located.

2. The building shall conform to the residential character of the neighborhood.

3. Sign requirements of the R-A District shall be complied with except that sign area limitations may be increased 100 percent.

(30) Unclassified Uses. Where a proposed use of land or use of building is not contemplated or specified by this Ordinance or where the Building Inspector has a question as to the appropriateness of a use which, although basically permitted, involves other accessory features which were not contemplated or specified by this Ordinance, the Building Inspector shall request a determination by the Board of Appeals. The Board, without notification, shall meet at its earliest convenience to rule on said proposed use, deciding whether it falls within the intent of this Ordinance or violates the intent thereof. If the Board determines that the use falls within the intent of this Ordinance it may authorize the Building Inspector to issue a Building Permit. If the Board determines that the use falls within the intent of this Ordinance but is of such a nature as to require special consideration as to location, setback, area, screening, operation or other features necessary to protect the value and use adjoining conforming uses, it shall order the Building Inspector to instruct the applicant to submit a request for a Land Use Variance.

(31) Walls and Fences. Except where repugnant to Subsections (12) and (13) above, retaining walls located on a property line and fences not more than three and one-half feet in height area permitted in the required yards of all zones provided that such fences are not more than 25 percent solid. Solid walls and fences up to six feet in height are permitted only in

back of required front and in side or rear yards in all zones, provided that such walls or fences on corner lots must meet the side street side yard setback requirements. Walls and fences of more than six feet in height are prohibited in any R District. Chain link protective fences not more than 20 percent solid may be permitted of any height in any yard in a B or M District.

(32) Yards. Every lot must provide one front yard, a rear yard and side yards as required by its zone district. All front yards must face upon a dedicated public street and shall be at least 36 feet in width at the street right-of-way line provided that any lot less than 50 feet in width at the street right-of-way line shall have an average width of not less than 65 feet.

4.3. GENERAL PROVISIONS FOR RESIDENTIAL DISTRICTS. In addition to the provisions of Section 4.2, the following provisions shall apply in residential districts:

(1) Accessory Buildings. No accessory building shall exceed a height of sixteen feet except that the guyed free-standing section of a radio or television antenna may have a height above the ground or structure upon which it rests equal to the distance to the nearest lot line.

(2) Accessory Storage. The limited convenience storage of materials and goods used by the owner of the premises in his occupation or hobby is permitted on accessory building or garage, provided that not more than one-half of the floor area of said garage is devoted to such storage, that no activity other than convenience storage shall be carried on therein and that such use shall not in any way adversely affect or cause a nuisance to an adjoining conforming use of land.

(3) Front Yard Variation. If forty percent or more of all the frontage on one side of a street between two intersection streets has been developed with residences, the front yard so established shall prevail in the case of one and two family houses, but nothing in this section shall be construed to permit any new house to be located closer than 20 feet to the front street line. Where adjoining home owners set backs are 150% of the minimum, or more, it will be necessary for the property owners to seek written permission of the adjoining home owners to build at other than an averaged set back. If agreement is not reached the matter will be referred to the Zoning Board of Appeals.

(4) Non-Residential Uses. All non-residential uses or accessory buildings thereto permitted in any residential district except the R-A District shall provide front, side and rear yards which are twice the height of the building wall facing thereon or the distance required by the zone, whichever is greater. Where such use provided residence or temporary care of human beings such as nursing homes, hospitals, convalescent homes or similar institutions, the minimum lot area of the zone shall be provided for each five persons so accommodated.

(5) Planned Unit Development. The problems of intensive urbanization in our metropolitan areas have produced a need for an economical development of land at urban densities which retains many of the attractive features of suburban living. It is the purpose of this section to encourage a more creative and imaginative approach to the provision of livable housing environments within the residential districts of the community by permitting a planned reduction, or averaging, of individual lot area requirements for each zone district, provided that the overall density requirements for each zone shall be maintained. To these ends, the Planning Commission is hereby empowered to approve such planned development subject to the following conditions:

(a) The Planning Commission shall consider the following objectives in reviewing such development proposals:

1. To preserve and/or enhance the natural character of trees, brooks, ponds, hills, flood plains and similar natural features.

2. To encourage the provision of open spaces and/or recreation facilities at generally central locations and within reasonable distance of all living units.

3. To encourage variety in the physical development of the community by providing a mixture of housing types.

(b) Such development shall only be permitted when a landowner, or a group of owners acting jointly, can plan and develop a tract of land as an entity and thereby qualify for regulation of said tract as one complex land use rather than an aggregation of individual structures located on separate unrelated lots.

(c) The development shall be not less than 20 acres in area.

(d) Public sewer facilities and public water facilities shall be available or shall be provided as part of the site development.

(e) For each square foot of land gained through the reduction or averaging of lot sizes, at least an

equivalent amount of land may be dedicated to the City of DeWitt or shall be set aside for the common use of the home or lot owners within the planned unit development under legal procedures which may also give the City a covenant or interest therein, so that there are assurances that the required open space shall remain open. Each and all of such open spaces shall be not less than two (2) acres in area.

The Planning Commission may hold a public hearing, or hearings, upon any such application after publication of notice of the time, place and subject of such hearing in a paper of general circulation in the City of DeWitt at least fifteen days prior to the date of said hearing.

(6) Truck Parking. The outdoor parking or storage of trucks of one ton or more is prohibited except for a truck used personally by the owner of the premises.

(7) Yards. The following uses of land are prohibited unless complying with the provisions herein:

(a) The outdoor storage, parking, displaying, accumulation or placing of material, waste, machinery, vehicles in inoperable condition, unlicensed vehicles or trailers, equipment, furnishing, or the parts thereof whether new or used, is prohibited on any residential lot unless in a rear yard and totally screened from the view of adjacent property or a public street.

(b) The outdoor parking for more than 2 weeks in any month of trailers, boats, campers, tents or other mobile housing or recreational housing facilities is prohibited in any front yard or required side yard and, further, must be located as an accessory building if placed in a rear yard.

ARTICLE V — PARKING AND LOADING

5.1. RESIDENTIAL OFF-STREET PARKING. Provisions shall be made for at least one off-street parking space for each new one family dwelling unit in an R-District, provided that two-family and multiple dwelling units shall provide at least two off-street parking spaces for every dwelling unit. Parking in R Districts is only permitted as an accessory use or as a transitional use.

5.2. NON-RESIDENTIAL OFF-STREET PARKING. Provisions shall be made for a minimum of one square foot of total parking area for each square foot of floor area for all new non-residential principal building or additions to such buildings in all districts. The conversion of an existing use to any other use shall be deemed to be a new use which must meet all provisions of this Article.

5.3. MIXED OCCUPANCIES AND USES NOT SPECIFIED. In the case of mixed uses, the total requirements for off-street parking areas shall be the sum of the requirements of the various uses computed separately. Parking areas for churches, theaters or other uses in which the primary parking demand occurs out of normal work and business hours may be jointly used where adequate space is available for each function. Uses participating in a public parking program shall be deemed to comply with these provisions.

5.4. SIZE AND ACCESS. The following provisions shall apply:

(1) Each off-street parking space for other than a one family or two family dwelling shall have ingress from a driveway at least 20 feet in width where only one driveway is provided.

(2) All paved parking areas with more than four parking spaces shall have such spaces legibly designated on the paved surface.

(3) In non-residential districts, driveway access to adjacent properties in the same district shall be provided and maintained in a manner providing for safe and harmonious traffic circulation between parking areas.

(4) Driveway openings into major streets shall not be closer than 60 feet to the intersection of the rights-of-way of any major or secondary streets. Driveway openings into major streets shall not be closer than 60 feet to another such driveway in the B-G or M-1 Districts, provided that the Planning Commission may require a greater separation of such driveways when feasible. No parking area shall have more than two access drives onto any major street.

(5) The Planning Commission may require all access to a parking area to be from an adjacent parking area to limit the number of driveways onto a major street.

5.5. UNITS OF MEASUREMENT. For the purpose of this Article, "Floor Area" shall mean the gross floor area of all floors of a principal building or an addition to an existing principal building excluding basements. The total parking area includes drives within, but not leading to, the parking area.

5.6. LOCATION OF OFF-STREET PARKING FACILITIES. Required off-street parking facilities shall be located on the same lot as the principal use in all zones. In B and M Districts additional off-street parking is permitted as a principal use on a separate lot.

5.7. PARKING AREAS IN NON-RESIDENTIAL ZONES. Every parcel of land hereafter established as a parking area in a B or M Zone or hereafter enlarged or altered in a B or M Zone shall be developed and maintained in accordance with the following requirements:

(1) Parking areas shall be effectively screened on any side which adjoins premises situated in a residential zone by an evergreen hedge or other natural landscaping. If owners of adjacent residential properties agree, this screening may be a solid uniformly painted fence or wall. No part of any parking area shall be closer than 5 feet to any residential property in a residential district nor closer than 5 feet to any street right-of-way. No access drive shall be wider than 24 feet nor closer than 25 feet to any minor street corner.

(2) Every parking area shall be surfaced with asphalt, concrete or similar durable material and shall be graded and drained to dispose of all surface water to the nearest drain. Any lighting shall be arranged to reflect the lights away from all adjoining residential buildings, zones or streets. All drainage plans shall be approved by the City Engineer.

(3) A site development plan of the parking area, driveways, signs, lighting and landscaping shall be subject to the approval of the Planning Commission prior to the issuance of a Building Permit.

(4) At least five percent of all parking areas shall be landscaped areas and said areas shall be regularly maintained. The Planning Commission may require additional landscaping where deemed necessary to maintain the desirability of adjoining property.

5.8. PARKING AREAS IN RESIDENTIAL ZONES. Any person desiring to establish a parking area for more than four automobiles as an accessory use or a transitional use in a residential zone other than for a one-family structure, shall submit plans to the Planning Commission showing the size, design, landscaping, curb cuts and other features of the parking lot. Such parking areas may be authorized by the Planning Commission subject to the following conditions:

(1) All parking areas shall be landscaped, screened, surfaced and drained as provided in Section 5.7. No part of a parking area shall be closer than five feet to an adjacent property nor extend into the required front yard. All areas not occupied by the parking area or access drive shall be landscaped.

(2) All parking areas shall be used solely for the parking of passenger automobiles, and no commercial work, sales or service of any kind shall be conducted thereon. No sign other than entrance, exit and condition of use signs shall be maintained and the aggregate area of all such signs shall not exceed 12 square feet.

(3) Each entrance to and exit from a parking area shall be at least 25 feet from any adjacent property and shall not be wider than 20 feet. The Planning Commission shall ascertain that surrounding properties are fully protected from detrimental effects.

5.9. REQUIRED OFF-STREET LOADING AND UNLOADING SPACE. In all districts every building erected which is to be occupied by manufacturing, storage retail store, wholesale store, warehouse, market, hotel, hospital, mortuary, laundry or uses similarly requiring the receipt or distribution of materials or merchandise shall provide and maintain on the same premises at least one off-street loading space. Each loading space shall be at least 12 feet in width, 23 feet in length and have a clearance of 14 feet above grade. Such space may occupy all or any part of any required side or rear lot.

5.10. PARKING VARIATION. Where it can be demonstrated that the requirements of this article would provide an unnecessary amount of parking area for the peculiar needs of a particular use, the Planning Commission may approve a plot plan with lesser area provided all the conditions are present:

(1) Said use does not attract or provide services to the general public.

(2) The maximum number of employees and visitors during any one eight hour period can be demonstrated.

(3) An agreement to provide additional parking is legibly stated on said site development plan if an increase in employees or visitors shall occur at a future time.

(4) The parking area proposed accommodates one car for each stated employee or visitor plus ten percent more than such number.

(5) An open landscaped area meeting the required area of this section is shown reserved for future parking.

(6) Said plot plan approval of lesser requirements shall be valid only for the stated use. An Occupancy Permit for a new use shall not be issued unless a new plot plan is reviewed and approved.

5.11. PERMITS. No parking area may be constructed or enlarged before the issuance of a Building Permit. Before issuing a Building Permit the Building Inspector shall be presented with a site development plan approved by the Planning Commission. No parking area shall be occupied or used as a parking area prior to the issuance of an Occupancy Permit nor shall it be used or occupied if an Occupancy Permit has been revoked. The Building Inspector is hereby authorized to revoke an Occupancy Permit for a parking area whenever the conditions or requirements of the approved plot plan, this Ordinance, or any special conditions imposed by the Board of Appeals are not complied with. Such use or occupancy shall cease within 60 days following such revocation. The Building Inspector may issue a Temporary Occupancy Permit with special conditions stated thereon where the full improvement of a parking area would not be warranted due to settling ground, adverse weather conditions, contractor scheduling or similar reasonable circumstances. A Temporary Use Permit may be issued for up to 12 months and may not be renewed except by direction of the Board of Appeals.

ARTICLE VI — SIGNS

6.1. SIGNS IN THE R DISTRICTS. In the R Districts only the following signs shall be permitted:

(1) One accessory professional or nameplate sign not more than 144 square inches in area which must be attached to the building.

(2) One temporary sign pertaining to the lease or sale of the premises upon which it is placed, not exceeding 100 square feet in total area.

(3) A sign or signs aggregating not more than 12 square feet in accordance with Article V, or which are deemed necessary to the public welfare by the Governing Body.

(4) A sign of not more than 12 square feet advertising the name and activities of a permitted non-residential use or apartment.

(5) Temporary signs for not more than 30 days.

(6) Customary farm and crop signs on active farms.

6.2. SIGNS IN THE B AND M DISTRICTS. In the B and M Districts signs as permitted in Section 6.1 are permitted as well as those permitted herein. No sign shall be permitted which is not accessory to the business or operation conducted on the property except for permitted billboards. Such signs may only be erected, painted or placed on exterior walls provided all of the following requirements are met:

(1) No business establishment shall have a total of more than three signs facing upon any one street or parking area. The total sign area for all signs permitted shall not exceed 15 percent of the area of the face of the building to which they are attached or stand in front of.

(2) All signs attached to a building shall be flat signs, parallel to the face of the building wall. The maximum width of any single sign shall not exceed 90 percent of the width of the wall to which the sign is attached or related.

(3) Part or all of the total sign area permitted in Section 6.2 (1) above may be a free-standing pylon sign. Such sign shall not exceed one square foot in area on a side for the sum total of each linear foot the sign sets back from the front property line plus one square foot for each foot the building sets back from the front property line. The illustration background of a pylon sign shall be at least 8 feet above ground level. A free-standing sign closer than 8 feet to the ground or larger than 200 square feet in area is prohibited.

(4) Except where greater requirements are stated for a district, no sign shall be closer than 10 feet to any property line and, in addition, a pylon sign shall not be closer than a distance equal to its height to any side or rear property line.

(5) No sign shall be lighted by flashing or intermittent illumination. All lights used for the illumination of signs, business buildings or areas surrounding them

shall be completely shielded from the view of vehicular traffic using the road or roads abutting such business properties, except for diffused lighting within translucent signs. No illumination or sign shall be so placed or designed to be confused with, appear similar to an official traffic safety device nor in any manner obstruct the view of a public street or driveway.

(6) Gasoline service stations, automotive sales areas and automotive repair shops may display, in addition to the foregoing signs, the following signs which are deemed customary and necessary to their respective business:

(a) Two temporary signs located inside the property line advertising special seasonal servicing, provided that each such sign does not exceed 9 square feet in area.

(b) Directional signs or lettering displayed over individual entrance doors or bays.

(c) Customary lettering insignias which are a structural part of a gasoline pump and non-illuminated credit cards sign.

(d) One pylon sign of up to 52 square feet in area, regardless of the area provisions of 6.2(3).

(7) Signboards or billboards are permitted as a principal use on unoccupied lots in the B-G District at a ratio of 2 square feet of area for each foot of lot frontage. No billboard shall be erected on a lot with less than 100 feet of frontage or exceed 300 square feet in area. The same yard requirements as those required for a principal building shall be met.

(8) No sign shall exceed a height of 30 feet.

6.3. SIGNS IN THE INDUSTRIAL DISTRICTS. In the M-1 District the following signs are permitted, provided that all of the following requirements are complied with:

(1) Signs are regulated in Section 6.2.

(2) Directional signs of up to three square feet each, designating entrances, exits, parking and loading areas, shipping docks or similar traffic control signs. Such signs may be located five feet from the front property line.

(3) Ground signs up to 10 feet in height located in the rear half of the required front yard.

6.4. PENNANTS AND BANNERS. Temporary pennants, flags or banners may be permitted in any business or industrial zone for a period of not more than 30 days without a permit, provided they are kept in a state of good repair and meet the provisions of Section 6.2(5) of this Ordinance.

ARTICLE VII — THE R-R RURAL RESIDENTIAL DISTRICT

7.1. PRIMARY INTENDED USE. The R-R Rural Residential District and its regulations are designed for those lands where an urban density would be contrary to the logical development of the community and would cause unwarranted expenditures of public funds for urban utilities and services. The R-R District is primarily intended for farming, animal husbandry, dairying and similar agricultural activities as well as residential dwellings in a rural environment. Only the following uses are permitted:

(1) Farms for both generalized and specialized agricultural activities, including one-family accessory dwellings, seasonal farm employee dwellings conforming with Federal, State and City regulations, and the processing and sale of products produced on the premises.

(2) Animal husbandry, hatcheries, poultry farms, apiaries, kennels and dairying, including the processing and sale of livestock and products produced on the premises, and one-family accessory tenant dwellings.

(3) Greenhouses and nurseries including the outdoor display and sale of products grown on the premises together with commercial products customarily essential to the growing and care of products grown on the premises but not including the sale of machinery or power implements.

(4) One-family dwellings.

(5) Essential services, institutional or public uses, country clubs, golf courses, commercial riding stables and private recreation areas.

(6) Accessory parking areas and signs as regulated by this Ordinance.

(7) Transitional, temporary and exceptional uses, and home occupations.

(8) The Board may permit an accessory structure located entirely behind a dwelling of the owner to be

used for the storage of equipment and supplies and for essential fabrication or repair work associated with the occupation of said owner, provided: the lot is at least 4 acres in area; the floor area of the accessory building does not exceed the floor area of the dwelling; the valuation of such accessory structure shall not exceed the valuation of the dwelling; such use does not constitute a retail business or service open to the general public; such building is located at least 50 feet from any lot line, and; the Board determines that such use will not be detrimental to permitted uses on adjacent property.

(9) Accessory uses and structures normally incidental to any permitted use as long as such accessory use or building does not constitute or create a nuisance which adversely affects a permitted use of adjoining property.

7.2. PROHIBITED USES. Any use or structure other than those permitted in Section 7.1 is prohibited. The keeping, housing, raising, use or medical care of fowl or animals which does not comply with Section 4.2(2) is specifically prohibited, as well as any use which would, by its nature or intensity, be likely to create a need for public utilities or services or which would be likely to create conditions of pollution or health hazard. Mobile homes are also prohibited.

7.3. HEIGHT AND AREA. The following requirements are the minimum permitted in the R-R District:

(1) Height: No principal building shall exceed a height of 35 feet and no accessory building shall exceed a height of 16 feet unless excepted by Section 4.2(10).

(2) Front Yard: There shall be a front yard of at least 40 feet for one-family dwellings and at least 60 feet for all other permitted structures in accordance with the provisions of Sections 4.2(12), 4.2(13), and 4.3(4).

(3) Side Yard: There shall be two side yards and no side yard shall be less than 30 feet or any greater distance required by Section 4.2(3).

(4) Rear Yard: There shall be a rear yard of at least 30 feet or any greater distance required by Section 4.3(4).

(5) Lot Area: There shall be a lot area of at least 40,000 square feet for any principal one-family dwelling or accessory farm employee dwelling in accordance with Sections 4.2(12) and 4.2(13). For all other principal uses a minimum lot area of four acres shall be provided unless a greater lot area is required by Section 4.2(2) for the keeping of animals or by Section 4.3(4).

(6) Lot Width: Every lot shall have an average width of at least 150 feet, provided that parcels of 4 acres or more shall have a lot width of not less than 250 feet.

(7) Floor Area: There shall be a minimum floor area of at least 1000 square feet for every dwelling and at least 800 square feet thereof shall be on the ground floor.

(8) Site Plan: Site development plan approval is required for all off-street parking areas with more than four parking spaces, for seasonal farm employee dwellings, permitted processing or sales buildings or uses permitted in Section 7.1(5) other than essential services.

ARTICLE VIII — THE R-S SUBURBAN DISTRICT

8.1. PRIMARY INTENDED USE. The R-S Suburban Residence District and its regulations are designed for those lands where full urban utilities and urban services are contemplated as part of the logical development of the community, but are not yet available, as well as for those lands where a spacious character of residential development is planned to meet community needs. Only the following uses are permitted, and then only under the provisions herein:

(1) Farms for both generalized and specialized agricultural activities, including accessory one-family dwellings.

(2) One-family dwellings.

(3) Essential services, institutional or public uses, country clubs, private recreation uses, golf course, transitional uses and temporary uses.

(4) Accessory uses and structures normally incidental to any permitted use as long as such accessory use or building does not constitute or create a nuisance which adversely affects a permitted use of adjoining property.

8.2. PROHIBITED USES. Any use or structure other than those permitted in Section 8.1 is prohibited, as well as any use prohibited in the R-R District. Buildings for the sale or processing of farm products, seasonal farm employee dwellings, commercial

animal husbandry or animal raising, dairying, kennels, greenhouses or nurseries, exceptional uses, home occupations or multiple family dwellings are specifically prohibited.

8.3. HEIGHT AND AREA. The following requirements are the minimum permitted in the R-S District:

(1) Height: No principal building shall exceed a height of 35 feet and no accessory building shall exceed a height of 16 feet unless excepted by Section 4.2. (10).

(2) Front Yard: There shall be a front yard of at least 40 feet in accordance with the provisions of Section 4.2(11), 4.2(12) and 4.3(4). Accessory buildings for agricultural uses, country clubs, golf courses and private recreational uses shall be at least 60 feet from any street right-of-way.

(3) Except as provided in Section 4.2(22) there shall be two side yards and no side yard shall be less than 15 feet, or any greater distance required by Section 4.3(4).

(4) Rear Yard: There shall be a rear yard of at least 30 feet or any greater distance required by Section 4.3(4).

(5) Lot Area: Minimum lot areas within the R-S District shall conform to Section 4.2(12), 4.2(13), 4.2(27) and 4.3(4), and shall be varied in relation to the provision of public sewer or water facilities as follows:

(a) Where no public sewer or public water is provided, there shall be a minimum lot area of at least 15,000 square feet for one-family dwellings.

(b) Where either public sewer or public water is provided, there shall be a minimum lot area of at least 12,500 square feet for one-family dwellings in accordance with Section 4.2(27).

(c) There shall be a minimum lot area of 4 acres for farms and 40,000 square feet for all non-residential uses, unless a greater area is required by Section 4.3(4).

(6) Lot Width: There shall be a minimum width of 250 feet for lots of 4 acres or more and 150 feet for lots of 40,000 square feet to 4 acres. Lots of 15,000 square feet to 39,999 square feet shall have an average lot width of 100 feet or more. Lots of 12,500 square feet to 14,999 square feet shall have an average lot width of 90 feet or more in accordance with Section 4.2(27).

(7) Floor area: There shall be a minimum floor area of at least 1,200 square feet for all dwellings and at least 900 square feet thereof shall be on the ground floor.

(8) Site Plan: Site development plan approval is required for all non-residential principal uses other than farms and for all parking areas more than 4 parking spaces.

ARTICLE IX — THE R-80 and R-65 ONE-FAMILY RESIDENCE DISTRICTS

9.1. PRIMARY INTENDED USE. The R-80 and R-65 One-Family Residence Districts and their regulations are designed for lands where urban growth of the community is desirable and logical and where urban utilities and urban services are already provided or are contemplated by the Community. Only the following uses are permitted, and then only under the provisions herein:

(1) One-Family dwellings.

(2) Essential services, institutional or public uses, country clubs, golf courses, transitional uses, home occupations and temporary uses.

(3) Where a dwelling is built on a lot facing upon a Major Street as shown on the adopted Master Plan of the City of DeWitt, it may be used as a two-family dwelling provided that such dwelling has the exterior appearance of a one-family dwelling, not more than one entryway on any front or side wall of the dwelling, a two car garage and public sewer.

(4) Accessory uses and structures normally incidental to any permitted use as long as such accessory use or structure does not constitute or create a nuisance which will adversely affect a permitted use of adjoining property.

9.2. PROHIBITED USES. Any use or structure other than those permitted in Section 9.1 is prohibited as well as any use prohibited in the R-S District unless permitted in Section 9.1, above.

9.3. HEIGHT AND AREA IN THE R-80 DISTRICT. The following requirements are the minimum permitted in the R-80 District:

(1) Height: No principal building shall exceed a height of 35 feet and no accessory building shall exceed a height of 16 feet unless excepted by Section 4.2(10).

(2) Front Yard: There shall be a front yard of at least 30 feet in accordance with Section 4.2(12), 4.2(13) and 4.3(4).

(3) Side Yard: Except as provided in Section 4.2(22) there shall be two side yards and no side yard shall be less than 15 feet, or any greater distance required by Section 4.3(4).

(4) Rear Yard: There shall be a rear yard of at least 30 feet or any greater distance required by Section 4.3(4).

(5) Lot Area: There shall be a minimum lot area of at least 10,000 square feet for any one-family or two-family dwelling. Non-residential uses shall have a lot area of at least 20,000 square feet. All lot areas shall comply with Sections 4.2(12), 4.2(13), 4.2(27) and 4.3(4).

(6) Lot Width: Lots shall have a minimum average width of at least 80 feet in accordance with Section 4.2(27).

(7) Floor Area: There shall be a minimum floor area of at least 1,100 square feet for all dwellings and at least 900 square feet thereof shall be on the ground floor. There shall be at least 650 square feet of floor area in each unit of a permitted two-family dwelling.

(8) Site Plan: Site development plan approval is required for all non-residential principal uses and for all parking areas with more than 4 parking spaces.

9.4. HEIGHT AND AREA IN THE R-65 DISTRICT. - The provisions, conditions and referrals set forth in Section 9.2 shall apply in the R-65 District except that:

- (1) The minimum front yard shall be 20 feet.
- (2) The minimum side yard shall be 8 feet.
- (3) The minimum lot area shall be 8,700 square feet for any use.
- (4) The minimum average lot width shall be 65 feet.
- (5) The minimum floor area shall be at least 900 square feet for all dwellings and at least 720 sq. feet thereof shall be on the ground floor provided that two-family dwellings shall contain at least 550 square feet of floor area in each dwelling unit.

ARTICLE X — THE R-A APARTMENT DISTRICT

10.1. PRIMARY INTENDED USE. The R-A Apartment District and its regulations are designed to accommodate the community need for medium density apartment dwellings in a safe and attractive living environment. The following uses only are permitted and then only under the provisions herein:

- (1) Any use as permitted and regulated in the R-65 District except new one-family dwellings.
- (2) Apartment buildings of not more than 12 dwelling units each, provided that where an unpierced firewall is constructed and approved by the Fire Chief, up to 8 dwelling units may be located on each site thereof, and further provided that no apartment building shall contain more than 16 dwelling units.
- (3) Groups of apartment buildings in a single ownership on one parcel of land, and condominiums forming a legal entity.
- (4) Renewal apartments and renewal office buildings as set forth under the provisions of Exceptional Uses.
- (5) Office buildings for professional, medical, realty, insurance, data processing, clerical, institutional or organizational establishments are permitted on lots which face upon a Major Street as shown in the adopted Master Plan of the City of DeWitt.

10.2. PROHIBITED USES. Any use or structure other than those permitted in Section 9.1 are prohibited as well as any use prohibited in the R-S District unless permitted in Section 9.1 above. New one-family dwellings and attached dwellings in separate ownership, known as row houses, are specifically prohibited.

10.3. REQUIRED CONDITIONS FOR APARTMENTS. The following requirements shall be complied with for any apartment:

- (1) Access: No principal building entrance shall be located more than 200 feet from both a public street and an off-street parking area, provided that the Planning Commission may approve an off-street parking area which affords adequate direct access to said building entrances. In such cases, building entrances must be located within 100 feet of such parking area without regard to the distance from a public street. No such access parking area shall extend more than 300 feet from a public street. No building shall face upon a one-family residentially zoned street nor

have its principal means of access through such a residential zone.

(2) Group Dwellings: Where there is more than one apartment dwelling located on a lot, no building shall be located in front of the main entrance wall of another unless separated by a landscaped yard of at least 50 feet, nor shall any building be located in back of the rear entrance wall of another unless separated by a common yard of at least 100 feet. Every group apartment dwelling shall have a landscaped rear yard of at least 30 feet unobstructed by any accessory building, provided such space may be located across a driveway leading to a garage within the dwelling. No group apartment dwelling shall be located closer than distance equal to its total height to any other building.

(3) Refuse: For all group apartment dwellings or apartments there shall be provided an area or enclosure for the collection of garbage or waste so that such refuse shall not be visible from any dwelling unit, adjacent property or public street.

(4) Public Street: All streets in a group apartment dwelling development shall be dedicated to the public and improved in accordance with City specifications.

10.5. HEIGHT AND AREA. The following height and area regulations shall apply:

- (1) Height: No building shall exceed a maximum of two and one-half stories or 35 feet in height, whichever is the lesser unless excepted by Section 4.2(10).
- (2) Front Yard: No building shall be located closer than 25 feet to any street right-of-way in accordance with Sections 4.2(12) and 4.2(13).
- (3) Side Yard: For two-family dwellings, two side yards of at least eight feet each shall be provided. For all other uses, no building shall be closer to a side lot line than a distance equal to the height of the wall facing thereon.
- (4) Rear Yard: There shall be a rear yard of at least 30 feet.
- (5) Lot Area: For each two-family dwelling there shall be a lot area of at least 7,800 square feet. Multi-family apartments or group apartment dwellings shall have a lot area of 4,000 square feet per family exclusive of any existing or proposed public street in accordance with Section 4.2(12) and 4.2(13). Non-residential uses shall have a lot area of at least 12,500 square feet.
- (6) Floor Area: Two family and multiple-family structures shall have a minimum average of 650 square feet of floor area per dwelling unit, provided that no dwelling unit shall contain less than 480 square feet.
- (7) Lot Width: No lot shall be less than 60 feet in width.
- (8) Zone Separation: Where an R-A District abuts another R District, any permitted use shall provide an additional 20 feet of landscaped yard area next to such R District over and above the minimum requirements of the R-A District.

(7) Lot Width: No lot shall be less than 60 feet in width.

(8) Zone Separation: Where an R-A District abuts another R District, any permitted use shall provide an additional 20 feet of landscaped yard area next to such R District over and above the minimum requirements of the R-A District.

10.6. BUILDING PLANS. No Building Permit shall be issued until a complete site development plan of the proposed use has been reviewed and approved by the Planning Commission. Building construction plans must be submitted to the Fire Inspector and approved prior to issuance of a Building Permit. The Building Inspector shall not issue a Certificate of occupancy and Compliance until he has ascertained that all the requirements of this Ordinance and the approved plans have been met, to assure compliance with the provisions of this district.

ARTICLE XI — THE B-C CENTRAL BUSINESS DISTRICT

11.1. PRIMARY INTENDED USE. The B-C Central Business District and its regulations are designed to provide a compact and compatible grouping of retail sales and personal service establishments to serve the community and the surrounding area. The regulations are also designed to provide for the logical expansion and augmentation of these services as community needs increase. Only the following uses or uses similar in nature thereto are permitted:

- (1) Retail sales of goods and merchandise such as a drug store, food store, hardware store, variety store, clothing store, dry goods store, jewelry or gift shop, retail bakery shop, appliance and/or furniture store.
- (2) Personal service uses such as a flower shop, restaurant, barber shop, beauty salon, offices, music or dance studio, photographic salon, shoe repair, household appliance service, bank, post office, dry cleaning pickup service, self service laundry or cleaning establishment, drinking establishment or pet shop.

(3) Essential service, accessory parking areas and accessory signs.

(4) Other uses permitted by the Board of Appeals which would strengthen the economic and customer drawing power of the district and enhance existing conforming uses.

(5) Uses normally incidental to a permitted principal use, including incidental minor repairing, assembly or fabrication thereto, but not including detached accessory buildings.

11.2. PROHIBITED USES. Any use not similar to the above permitted uses or any use similar to the following uses are prohibited.

- (1) Dwellings, motels or cabins except for apartments located above a permitted use.
- (2) Automotive repair shops, automotive sales areas, automotive service stations.
- (3) Public or institutional use and accessory buildings.
- (4) Animal hospitals, outdoor storage of materials, junkyards or operations for the sale, collection or processing of used materials or equipment.
- (5) Manufacturing, processing, assembly or other industrial or semi-industrial uses as primary uses in any manner or degree, including the use of machinery associated with such uses.

(6) Any use which would constitute or create a nuisance or otherwise adversely affect an existing or potential permitted use or which would adversely affect the economic or customer drawing power of the district.

11.3. SPECIAL CONDITIONS. Because adequate parking, safe and convenient pedestrian and vehicle movements and the future logical expansion of the Central Business District is of direct consequence to the well-being of all citizens of the community, and since the inadvertent and uncoordinated location of new buildings, parking areas and vehicular drives is detrimental to these needs, Site Development Plans shall conform to the general location, arrangement and development policies set forth on the Central Business District Development Plan of the adopted Master Plan of the City of DeWitt, any other minimum regulations of Section 11.4 notwithstanding. It is not the intent herein to disallow a permitted use on land designated for other purposes without due process of acquisition. Upon receipt, at a regularly scheduled meeting, of a Site Development Plan which is in conflict with said adopted plan and policies, the Planning Commission shall review said Site Development Plan in accordance with the provisions of Section 4.2 (25).

11.4 HEIGHT AND AREA. The following requirements are the minimum permitted in the B-C District:

- (1) Height: No building shall exceed a height of 35 feet.
- (2) Front Yard: None, except as provided in Sections 4.2(12) and 4.2(13).
- (3) Side Yard: None required.
- (4) Rear Yard: A 25 foot minimum rear yard is required, provided, however, that where 40 percent of the buildings in a block have established a common facade or a common distance from rear property lines, all other buildings may extend to said line.
- (5) Lot Area: No minimum required.
- (6) Lot Width: No minimum required.

ARTICLE XII — THE B-G GENERAL BUSINESS DISTRICT

12.1. PRIMARY INTENDED USE. The B-G General Business District and its regulations are designed to provide areas along major streets and highways which are accessible in a safe and convenient manner and which provide generalized business services to the motoring public of the community and of the surrounding area. Only the following uses or uses similar in nature are permitted:

- (1) Any use permitted in the B-C District.
- (2) Other retail or convenience services as well as wholesale and distributing business warehousing.
- (3) Essential services, public and institutional use and temporary uses.
- (4) Automotive sales areas, automotive repair shops and automotive service stations, subject to Section 12.3.

(5) Motels, tourist accommodations and drive-in food establishments.

(6) Animal hospitals or kennels, amusements and billboards.

(7) Printers, warehouses, building construction trade and fuel supply storage and buildings and incidental fabrication therefor.

(8) The collection, dismantling or resale of used material within a completely enclosed building.

(9) Accessory buildings and uses normally incidental to a permitted use, including incidental fabrication, processes of assembly and repair work.

12.2. PROHIBITED USES. Any use not similar to those permitted in Section 12.1 above are prohibited. Dwellings, junk yards as defined by this Ordinance, the collection, dismantling or resale of used or salvaged materials outdoors, manufacturing, fabrication or assembly operations as a principal use or any use which emits odors, fumes, gases, vibrations or excessive noise beyond the confines of a building are expressly prohibited.

12.3. SPECIAL CONDITIONS. The following special conditions shall apply:

(1) Automotive repair shops, automotive sales areas or automotive service stations may not store, park or collect inoperable or damaged vehicles, boats, trailers, mobile homes, farm or construction equipment or parts thereof out of doors unless the same is located behind a solid fence or wall at least six feet in height, in a rear or side yard of the premises and further provided that any such storage, parking or collection shall be removed from the premises after 30 days so as not to violate the terms of Sections 12.1(8) and 12.2.

(2) Automotive sales area and permitted areas used for outdoor storage of equipment, vehicles or supplies shall conform to the provisions of Article V where applicable, except that such areas need not be paved.

(3) In order to avoid undue congestion and hazard upon the public streets, the Planning Commission shall require that off-street parking areas of adjoining property be physically connected by aisles or drives and shall further limit the number of driveways upon Major Streets as shown on the adopted Master Plan by requiring the joint use of entry and exit drives in accordance with Section 5.4. The Planning Commission may require written agreements or covenants to this effect between owners prior to approving a site development plan.

12.4. HEIGHT AND AREA.

(1) Height: No building shall exceed a height of 35 feet unless excepted by Section 4.2(10).

(2) Front Yard: No building shall be closer than 70 feet to any major street right-of-way nor closer than 25 feet to any minor street right-of-way in accordance with Sections 4.2(12) and 4.2(13).

(3) Side Yard: One side yard of at least ten feet is required provided that any other side yard, if provided, shall be at least 10 feet. If a building on an adjoining lot has been constructed on the lot line, any new buildings shall abut said building.

(4) Rear Yard: There shall be a rear yard of at least 25 feet, provided that, where practicable, a greater rear yard may be required by the Planning Commission.

(5) Lot Area: There shall be a lot area of at least 20,000 square feet in accordance with Sections 4.2(12) and 4.2(13).

(6) Lot Width: Every lot shall have an average width of at least 100 feet.

(7) Site Development Plan approval is required for all uses.

ARTICLE XIII — THE M-1 MANUFACTURING DISTRICT

13.1 PERMITTED USES. The M-1 Manufacturing District is intended primarily for industrial uses and processes of manufacture, fabrication, assembly, packaging, printing, reproduction, equipment service, transportation, storage, and warehousing, meeting the Performance Standards of Section 13.4. Accessory retail sales, connected with a permitted principal use, farming, public uses, essential services, billboards and accessory uses are also permitted.

13.2. PROHIBITED USES. No building, structure or premises shall be used in whole or in part for any of the following types of uses:

(1) Residential construction, conversion or use of any kind, including hotels, motels, or the use of trailers as dwelling units.

(2) Schools, hospitals and other institutions for educational purposes or for human care, except when incidental to a permitted or principal use.

(3) Retail business or service establishments except as accessory uses permitted in Section 13.1.

(4) Junkyards as defined herein and every use which does not or would not conform to the Performance Standards of this Ordinance.

(5) The following uses are specifically prohibited:

(a) The manufacture of glue or gelatin, acids, acetylene gas, celluloid or cellulose, pyroxilin plastics, chlorine or bleaching powder, creosote, explosives, fireworks, matches or fertilizer.

(b) The processing of fish or animal offal, of pulp into paper or cardboard, or the refining of potash.

(c) Primary metal reduction or smelting, steel furnace, blooming or rolling mill, or uses creating a public nuisance.

13.3 REQUIRED CONDITIONS. The following conditions are required:

(1) Parking: Off-street parking shall be provided in accordance with Article V.

(2) Signs: Signs and billboards shall conform to Article VI.

(3) Enclosure: All operations shall be conducted wholly within the confines of a building, provided that necessary accessory outdoor processes or the outdoor storage of coal, equipment and material may utilize required side yard or rear yard space if screened from any public street or residential zone by either a 6 foot uniformly painted or preserved fence or wall at least 50 percent solid, kept in good condition or by planting of evergreen trees or hedges. Said storage shall not exceed a height of 10 feet.

(4) Landscaping: All unpaved areas of any yard not fenced for storage shall be landscaped and regularly maintained.

13.4. PERFORMANCE STANDARDS. Before the issuance of any building or occupancy permit the applicant shall sign an agreement stating that the use of the property will meet the following Performance Standards and that any violation of these standards in subsequent operations will be corrected, the costs of inspection by experts for compliance to be borne by the applicant.

(1) FIRE AND EXPLOSION HAZARDS: All activities shall be carried on only in buildings conforming to the Building Code. The operations shall be carried on in such a manner as required by the Fire Prevention Code and with such precautions as to produce no explosion hazard, as determined by the Michigan Department of Labor, to a use on adjacent property. Flammable liquids or explosive chemicals or materials, other than fuels used for heating, shall be stored in a separate building or tank, provided said building or tank is no closer than 80 feet to any building occupied by more than one human, nor closer than 40 feet to any property line. Every manufacturing building or other building permitted only in the industrial zone shall be equipped with automatic sprinklers or other automatic fire extinguishers approved by the Chief of the Fire Department as being sufficient in view of the nature and extent of fire risk.

(2) SMOKE, FUMES, GASES, DUST, ODORS: There shall be no emission of any smoke, atomic radiation, fumes, gas, dust, odors, or any other atmospheric pollutant which will disseminate beyond the boundaries of the lot occupied by such use in such a manner as to create a public nuisance, cause damage or inconvenience to other buildings or properties or imperil the health of animals or human.

(3) LIQUID OR SOLID WASTE: No industrial operations shall directly discharge industrial waste of any kind into any river, stream, reservoir, pond or lake. All methods of sewage and industrial waste treatment and disposal shall be approved by the Michigan and Michigan Department of Public Health.

(4) VIBRATION: There shall be no vibration which is discernable to the human sense of feeling beyond the immediate site on which such use is conducted.

(5) NOISE: There shall be no noise emanating from the operation which will impair the use or value of adjoining conforming property.

(6) GLARE: There shall be no direct or sky-reflected glare which would be damaging to the human eye at the property line of the lot occupied by such use.

13.5. HEIGHT AND AREA: The following height and area regulation shall apply:

(1) Height: No building shall exceed a maximum of 35 feet in height unless excepted by Section 4.2(10).

(2) Yards: Every building shall be set back at least 20 feet from any side or rear lot line and at least 60 feet from any street right-of-way in accordance with Section 4.2(12) and (13), provided that no building shall be closer to a residentially zoned lot than a distance equal to two times the height of the building.

(3) Lot Size: For each principal use there shall be provided a lot having a minimum width of 200 feet which is at least 3 acres in area.

ARTICLE XIV — EXCEPTIONAL USES

14.1. EXCEPTIONAL LAND USES. Certain uses of land have proven to be detrimental to a community or to the rights of property enjoyment of other citizens. At the same time, requests for said uses have been recurrent and, through proper agreement and regulation, have proven that they can be a desirable asset. This Article grants the Board of Appeals, City Council and Planning Commission review and regulatory powers, in conjunction with all powers set forth in Article XVII, to properly allow and control such uses.

14.2. REMOVAL OF NATURAL RESOURCES. The removal of natural resources such as sand, gravel, soil, rock or minerals is prohibited as a principal use in all zones. The processing of such natural resources is prohibited in all zones except the M-1 District. The removal of natural resources is permitted in all districts but only as a temporary transitional use which will ultimately prepare the land for the primary intended principal uses permitted in such zone. In all cases where natural resources are to be removed as a temporary transitional use, an application for a Removal Permit shall be made to the Planning Commission for examination and report to the City Council. If the Council finds that all the conditions specified in subparagraph (2) hereof are met and will be complied with, it may issue a Removal Permit for a 6 month period. The Removal Permit may be renewed by the Council upon review of all plans, progress, conditions and sureties. No removal operation shall be begun until such Removal Permit is issued.

(1) Applications: The application to the Planning Commission for a Removal Permit shall be accompanied by the following:

(a) A five foot contour interval topographic map of the parcel including the locations of all streets, buildings and existing drainage facilities within 200 feet of the property line.

(b) A two foot contour interval topographic plan of proposed final elevations, including the proposed locations of access drives, parking areas and loading equipment.

(c) A written estimate of the time such removal will require and an agreement to conform to the provisions of this Section.

(d) A written statement describing the proposed use to be made of the premises after removal operations are finished.

(e) A subdivision sketch plat or a Site Development Plan of the intended final use of the land.

(2) Required Conditions: No removal permit shall be issued unless all the following conditions are complied with:

(a) The final grade elevations shall not be in excess of five percent and shall be graded to meet the existing elevations of all abutting property, provided that grades in excess of five percent may be permitted where the applicant can demonstrate that greater grades in such location are essential as a part of the permitted future development plan for the site.

(b) No permanent depressed areas which will fill with water shall be created as a result of any filling or removal operations. Adequate provision shall be made to dispose of all storm run-off into existing drainage systems.

(c) The creation of artificial lakes or artificial channels on lakes is hereby found to present threats of pollution and infestation and can effect a sterilization of land and adversely affect the public health, safety and welfare of the City of DeWitt. No artificial lake or channel shall be created as a result of filling or removal operations unless the applicant demonstrates that:

1. On the basis of engineering and geological studies of the site, there will be a positive source of unpolluted underground or stream fed water supply in adequate amounts to produce a positive flow of water through such artificial lake or channel at all times.

2. Plans for the proposed artificial lake have been examined and approved by the Clinton County Drain Commissioner and/or the Michigan Department of Natural Resources as meeting their standards for such a project.

3. A Sketch Plan of the proposed future development of the property after completion of the removal operation has been approved by the City Planning Commission.

4. Such artificial lake will not contain any

lagoon or channel projecting beyond the main body of water more than two times the width of said channel or lagoon unless there will be a demonstrable flow of water through such a lagoon or channel.

(d) No removal of natural resources shall be made or any driveway, access, parking area or loading equipment be located within 150 feet of any existing principal structure located on abutting properties. All unpaved driveways or accesses shall be regularly maintained so as to be kept in a dust free condition.

(e) No building may be constructed and no rock crushing or gravel processing machinery shall be located on the site of any such removal operation.

(f) The access and travel routes of trucks shall be only on streets designated by the Council and then only under such conditions and sureties as imposed or required by the Council to protect the condition of such streets and safety of the public.

(g) A surety bond in an amount determined by the Council shall be provided by the applicant to insure compliance with the submitted plans and with any special conditions set by the Council.

(h) No excavation or removal of natural resources shall be permitted below the grades of the final topographic plan unless the Council is given adequate assurances that the final grades of the plan will be complied with by the expiration date of the Removal Permit.

(3) Revocation Permit: The Removal Permit shall be summarily revoked by the City whenever the operation fails to comply with any of the above conditions or with any special conditions required by the City Council. The Removal Permit so revoked may be reinstated by the City if such conditions are corrected. The City Council may revoke a Removal Permit if, after public notice is given and a hearing held, it determines that the operation is creating an unreasonable nuisance in fact to the occupants of nearby properties or the general public.

14.3. DUMPS. Public or private dumps for the discarding of wastes, garbage, material or similar disposed matters shall only be permitted as a sanitary landfill which will ultimately prepare land for a primary intended use. All dumps shall conform with State and County regulations and shall be located only in an R-R, R-S, or M-1 District. Applications therefor shall meet the provisions of 14.2 above.

14.4. PRIVATE RECREATION. Private or institutional recreation areas such as summer camps, gun or hunting clubs, winter resorts, golf courses or country clubs are permitted in any R District provide the Board of Appeals finds:

(1) A site development plan has been reviewed and reported on by the Planning Commission.

(2) Such use will not create a health or pollution problem from over-intense use of the land or improper sewage disposal or unsafe water supply.

(3) Not more than one family is to reside on the premises.

(4) Any store, drinking establishment or other customary accessory business structure is at least 75 feet from any street or property line.

(5) The intended accessory uses, keeping of animals or location of structures will not adversely affect adjoining permitted uses or adversely affect safety of the intended occupants of the premises or of adjoining premises.

14.5. RENEWAL OF BLIGHTED LOTS. The City of DeWitt declares private and public endeavors which will remove obsolete, blighted or non-conforming structures to be for the general well-being of the community and further declares that it is necessary to provide land use incentives for the replacement thereof with new structures. Any other provision of this Ordinance notwithstanding, the following uses may reduce the requirements of this Ordinance as follows:

(1) On any lot in a B District upon which a deteriorated building or a non-conforming building is razed and removed, a new permitted use may reduce the parking lot area and yard requirements of this Ordinance by one-fourth. Where additional land is used which is not occupied by such prior uses, the provisions of this Ordinance shall stand on any new use of that additional land.

(2) On any lot in the R-A District which has a deteriorating building or a non-conforming building razed thereon, an apartment may be erected if said building is removed. The lot area density, floor area and parking requirements may be reduced by one-third for the new use provided that where any additional land is added to the site which is not occupied by the prior use, the provisions of this Ordinance shall be met for any use on that additional portion.

(3) On any lot in an R-80 or R-65 District upon which a deteriorated building or a non-conforming building is located, a new two-family home may be erected if the deteriorated or non-conforming building is demolished or rebuilt to City Building Code specifications, provided that the resulting building has the exterior characteristics of a one-family dwelling and does not have more than one entry on any front or side wall of the building.

ARTICLE XV — NON-CONFORMING USES AND BUILDINGS

15.1. CONTINUANCE OF NON-CONFORMING USE OR STRUCTURE. The lawful use of any land or structure exactly as such existed at the time of the enactment of this Ordinance may be continued although such use or structure does not conform with the provisions of this Ordinance. Structures or uses which are non-conforming by reason of height and area, parking and off-street loading provisions only, may be extended, enlarged, altered, remodeled or modernized, provided that no additional encroachment of the height and area provisions are occasioned thereby.

15.2. UNLAWFUL USE NOT AUTHORIZED. Nothing in this Ordinance shall be interpreted as authorization for or approval of the continuance of the use of a structure or premises in violation of the zoning regulations in effect at the time of the effective date of this Ordinance.

15.3. CHANGE OF USE. The use of a non-conforming building may be changed to another non-conforming use if the Board of Appeals finds that such new use would markedly decrease the degree of non-conformance and would enhance the desirability of adjacent conforming uses. This shall not be construed to permit the conversion of non-conforming use to a prior non-conforming use nor waive the other provisions of this Article.

15.4. RESTORATION AND REPAIRS. Such repairs and maintenance work as are required to keep a non-conforming building or structure in a modern or sound condition may be made. A non-conforming building or structure which is damaged or destroyed by fire, flood, wind or other calamity may be restored and the occupancy or use of such building or structure, or part thereof as it existed at the time of such destruction may be continued or resumed provided that such restoration is started within a period of one year of the time of such damage and diligently prosecuted to completion.

15.5. EXTENSION, ENLARGEMENTS, MOVING. No non-conforming use of any land or structure shall hereafter be enlarged or extended. No non-conforming building or structure shall be moved in whole or in part to another location unless such structure or use conforms to all regulations of this Ordinance.

15.6. NON-CONFORMING USE DISCONTINUED. Where a non-conforming use has ceased for more than one year it shall not again be devoted to a non-conforming use except as provided in Section 15.3. Where a non-conforming use has been changed to a permitted use it shall not again be devoted to a non-conforming use.

15.7. PLANS ALREADY FILED. In any case where plans and specifications for a building or structure have been filed which would conform with zoning regulations effective at the date of such filing but not with the regulations of this Ordinance, and where a building permit for such a building or structure has been issued and construction work started at the effective date of this Ordinance, such work may proceed provided it is diligently pursued.

15.8. ELIMINATION OF NON-CONFORMING USES BY ACQUISITION. In accordance with Act 207 of the Public Acts of 1921 as amended, the City Council may, from time to time, acquire properties on which non-conforming uses or structures are located by condemnation or otherwise, and may remove such uses or structures and resell the property for a conforming use or develop it for a public use. The next cost of such acquisition may be assessed against a benefit district, or may be paid from other sources of revenue.

15.9. NON-CONFORMING DUE TO RECLASSIFICATION. The foregoing provisions of this Article shall also apply to buildings, structures, land or uses which hereafter become non-conforming due to any reclassification of districts under this Ordinance or any subsequent change in the regulations of this Ordinance.

15.10. NON-CONFORMING USES ELIMINATED. Notwithstanding the provisions of Section 15.1 and 15.8 junk yards as defined herein shall be discontinued or so altered as to not constitute a junk yard within two years from the date of notification by certified mail by

the Building Inspector. All non-conforming signs shall be permitted to continue until such time as the sign structure, sign background or sign support is replaced, changed or strengthened. At such time the non-conforming sign shall be changed to a conforming sign or removed.

ARTICLE XVI — ADMINISTRATION AND ENFORCEMENT

16.1. BUILDING PERMITS AND PLANS. No building or part thereof shall be erected, moved, enlarged or altered until a Building Permit has been granted by the Building Inspector. Application shall be filed by the owner or his agent and it shall state the intended use of the structure and of the land. The application shall be accompanied by building plans and specifications, a plot plan or site development plan and such other information as may be necessary to provide for the enforcement of the Ordinance.

(1) Plans shall be drawn to scale and shall show dimensions in figures. Building and plot plans shall be signed by the person preparing them and by the owner of the property or building involved. A fee as set by the City shall accompany any plans or applications to defray the costs of administration and inspections.

(2) No Building Permit shall be issued unless the plans and intended use conform in all respects to the provisions of this Ordinance. All Building Permits shall expire one year from their date of issuance. A copy of all approved Building Permits shall be sent to the Assessor.

(3) No Building Permit shall be issued if the lot involved has been created in violation of State or City subdivision regulations.

16.2. DUTIES OF THE BUILDING INSPECTOR. This Ordinance shall be enforced by the Building Inspector, who shall in no case issue any Building Permit nor grant any Occupancy Permit where the proposed building, alteration or use would be in violation of any provisions of this Ordinance except under written order of the Board of Appeals, the City Council or a court of competent jurisdiction.

(1) Violations: The Building Inspector shall investigate any alleged violation of the Zoning Ordinance coming to his attention. If a violation is found to exist, he shall serve notice upon the owner to cease said violation as provided by law. If said owner fails to act diligently to correct said violation 14 days after notification, the Building Inspector shall serve notice upon the owners, notify the governing body and prosecute a complaint to terminate said violation before the court of proper jurisdiction.

(2) Inspections: The Building Inspector shall inspect all new construction or alterations at the time footings are placed and at the completion of the construction or alterations authorized. He shall make such additional inspections he deems necessary to insure compliance with the provisions of this Ordinance. The Building Inspector shall make periodic inspections of the City to ascertain that all the requirements of this Ordinance are being complied with.

(3) Records: The Building Inspector shall keep records of all inspections, applications and permits issued, with a notation of all special conditions involved. He shall file and safely keep copies of all plans, other than for one-family houses, and records of all fees submitted with applications. The same shall form a part of the records of his office and shall be available to the governing body and all other officials of the City.

16.3. CERTIFICATE OF OCCUPANCY. No land shall be used and no building hereafter erected or altered shall be occupied or used for any purpose until a certificate of occupancy shall have been issued by the Building Inspector stating that the premises or building complies with the provisions of approved plans and all Ordinances of the City. Where any special use conditions are applicable, said conditions shall be stated on the certificate of occupancy. A record of all certificates of occupancy shall be kept on file in the office of the Building Inspector. Where a building permit is not involved, a fee as established by the City Council, shall be charged for each permit. A copy shall be sent to the Clerk and Assessor.

16.4. VIOLATION AND PENALTY. Any owner or agent, and any person or corporation who shall violate any of the provisions of this Ordinance or fail to comply with any of the requirements thereof or who shall erect, alter, enlarge or move any building or who shall put into use any lot in violation of any detailed statement or plan submitted hereunder, or who shall refuse reasonable opportunity to inspect any premises, shall be liable to a fine of not more than \$500.00 or to imprisonment for not more than 90 days, or to both such fine and imprisonment. Each and every day such violation continues shall be deemed a separate and distinct violation.

(1) The owner of any building or land where anything in violation of this Ordinance shall be placed or shall exist, and any architect, builder, contractor, agent, person or corporation employed in connection therewith and who assists in the commission of such violation shall each be guilty of a separate violation and upon conviction thereof, shall be liable to the fine or imprisonment, or both, specified in this Section.

ARTICLE XVII — BOARD OF APPEALS

17.1. MEMBERSHIP AND APPOINTMENT. Pursuant to Michigan Revised Statutes, there shall be a Board of Appeals, consisting of 7 members appointed by the Mayor, with the approval of the Council, for overlapping terms of three years running from January 1 of the year appointed. Vacancies shall be filled by appointment for unexpired terms. One member shall be a citizen member of the Planning Commission. The Board shall elect its own Chairman, Vice-Chairman and Secretary from its membership.

17.2. GENERAL GRANT OF POWER. The Board of Appeals shall perform all the duties and have all the powers prescribed by the Revised Statutes of Michigan. It shall adopt Rules of Procedure consistent with the provisions of the Revised Statutes of Michigan and local ordinances as it may deem necessary to the proper performance of its duties and the proper exercise of its powers.

17.3. EMPLOYEES. The Board may employ clerical or other assistance as may be necessary, provided that it shall not at any time incur any expense beyond the amount made available for that purpose.

17.4. MEETINGS. Meetings of the Board shall be held at the call of the Chairman and at such other times as the Board may determine for the efficient conduct of its business. All meetings shall be open to the public. A quorum shall consist of four members.

17.5. APPEALS. Appeals to the Board may be taken by any party aggrieved by a decision or order of the Building Inspector or by an officer or agency of the municipality affected by such decision or order. A written notice of appeal, specifying the grounds thereof, shall be filed with the Clerk of the Board within 30 days after the date of the action appealed from. A copy of the notice shall promptly be served upon the officer from whom the appeal is taken who shall forthwith transmit to the Board all records upon which the action appealed from was taken. An appeal shall stay all proceedings, decisions or orders unless said officer certifies to the Board that a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed except upon a restraining order by the Board or by the Circuit Court.

17.6. VARIANCES. Subject to the provisions of Section 17.7 of this Ordinance, and in addition to other duties and powers specified herein, the Board, after public hearing, shall have the power to decide applications for variances:

(1) Where it is alleged that there is error misinterpretation in any order, requirement, decision or refusal made by the Building Inspector or other administrative agency of the municipality in the carrying out of the provisions of this Ordinance; or

(2) Where it is alleged that by reason of the exceptional narrowness, shallowness or shape of a specific piece of property or by reason of exceptional topographic conditions or other extraordinary situation of the land or building or of the use of the property immediately adjoining the property in question, the literal enforcement of this Ordinance would involve practical difficulties or would cause undue hardship, provided that the Board shall not grant a variance on a lot if the owner or members of his family own or owned adjacent land which could, without undue hardship, be included as part of the lot; or

(3) Where it is alleged that there is practical difficulty or unnecessary hardship in carrying out the strict letter of this Ordinance and a request is made to vary such regulations so that the spirit of this Ordinance shall be observed, public safety secured and substantial justice done.

(4) Where it is alleged that the condition or situation of the specific property or the intended use of said property is not of so general or recurrent a nature as to make reasonably practical a general regulation as part of this Zoning Ordinance.

17.7. VARIANCES PROHIBITED. No variance in the provisions or requirements of this Ordinance shall be authorized by the Board unless the Board finds from reasonable evidence that such variance will not be of substantial detriment to adjacent property or to the public health, safety and welfare, and will not materially impair the intent and purposes of this Ordinance, and further, that two or more of the following facts and conditions exist:

(1) That there are exceptional or extraordinary circumstances or conditions applying to the specific property that do not apply generally to other properties in the same zone.

(2) That such variance is necessary for the preservation and enjoyment of a substantial property right similar to that possessed by other properties in the zone, provided that increased financial return shall not be deemed sufficient to warrant a variance.

(3) That the condition or situation of the specific property or the intended use is not of so general or recurrent a nature as to make reasonably practical a general regulation as part of this Zoning Ordinance.

17.8. LAND USE VARIANCE. The Board shall not schedule a public hearing on a land use variance for a use not permitted in a zone for a period of 30 days after receipt of the appeal. The Board shall notify the Planning Commission of the appeal and request a study and report. No decision shall be made by the Board until the report of the Planning Commission is received, provided such report shall be made within 30 days of the next regularly scheduled Planning Commission meeting.

17.9. SPECIAL CONDITIONS. The Board shall have the power to hear and decide applications for special exceptions, conditional uses or temporary uses and shall have the power to decide interpretations and other special matters on which the Board is herein authorized to pass. In considering such applications the Board shall review the case within the intent of the Ordinance. Before authorizing a use, the Board shall determine whether the proposal would be unduly hazardous, harmful or a nuisance to the surrounding neighborhood by reason of noise, atmospheric pollution, vibration, glare, fire potential, parking traffic, aesthetic effect, devaluation of property values or psychological effects. For such purposes the Board may impose such additional requirements and conditions necessary to preserve the intent of this Ordinance.

17.10. PUBLIC HEARINGS. When an application for hearing or appeal has been filed with the required data, in proper form and the fee paid, the secretary of the Board shall immediately place the said application or appeal upon the calendar for hearing and cause notices stating the time, place and object of the hearing to be served. Such notices shall be served personally or by mail at least 72 hours, exclusive of Sundays, prior to the day of such hearing upon the applicant or the appellant and building inspector, or other administrative body from which such appeal is taken. A like notice shall be sent at least 72 hours, exclusive of Sundays, prior to the hearing to all occupants of property with a 300 foot radius of the premises involved, and to all owners of property as shown by the City Treasurer's office within 300 feet of the premises involved by regular U.S. mail, postage prepaid with proof of posting, addressed to the last known address of such occupants and property owners as shown by said records. Any interested party may appear and be heard at such hearing in person or by agent or attorney. Upon the date for hearing any application or appeal, the Board may adjourn the hearing in order to permit the obtaining of additional information, or to cause such further notices it deems proper to be served. In the case of an adjourned hearing, persons previously notified and persons already heard need not be notified and persons already heard need not be notified of the resumption of said hearing unless the Board so decides.

17.11. DECISIONS. The Board shall render its decision upon said application within 30 days after the hearing thereon and upon failure to do so, such application shall be deemed to be decided adversely to the applicant in the same manner as though the Board had rendered its decision to that effect.

17.12. FEES. Upon the filing of any appeal or application to the Board, the applicant shall pay the following fees to defray the cost of publishing notice of the hearing and the Board's decision thereon and of hearing and recording the matter.

For interpretations, rulings, temporary permits-No Fee

For yard variances. \$15.00
For land use or non-conforming variances..\$30.00
For all other variances and matters.....\$20.00

The required fees for a hearing before the Appeal Board are a part of the cost of any building permit and are in addition to other building permit fees. Said fee, where required, shall be paid to the City Clerk before any action shall be taken on said petition. Monies so received shall be retained whether the requested relief is granted or not, and shall be used as provided by law. Fees may be changed by the City Council at any

meeting, which change shall be effective 30 days from the date of publication of such change.

17.13. TIME LIMIT. If the variance is granted or other action by the applicant is authorized, the necessary permit shall be secured and the authorized action begun within three months after the date the variance is granted, and the structure or alteration shall be completed within 12 months of said date.

The Board may, upon application stating the reasons therefor, extend either the 3 or the 12 months periods, but if the Board finds no good cause for the failure to act or complete within such periods and if the Board further finds that conditions have altered or changed in the interval since the action was granted, the Board shall revoke or rescind its approval. Should the applicant fail to obtain the necessary permit or fail to commence work within such 3 month period, it shall be conclusively presumed that the applicant has waived, withdrawn and abandoned his appeal and all permissions variances and permits shall be deemed automatically rescinded.

17.14. VOTE NECESSARY FOR DECISION. The final disposition of any matter of the Board's proceedings shall require the concurring vote of not less than four of its members, except that a concurring vote of at least five members shall be required to reverse a Planning Commission recommendation on a Land Use Variance.

17.15. MINUTES AND RECORDS. The Board shall keep minutes of its proceedings showing the vote of each member upon every question, or if absent or failing to vote indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be filed promptly in the office of the City Clerk and shall be a public record.

ARTICLE XVIII - AMENDMENTS, VALIDITY AND CONFLICTS

18.1. AMENDMENTS. All proposals for a zoning change or amendment to this Ordinance shall be made to the Planning Commission. Any interested person or public agency may make written application to the Commission for such change or amendment, provided that the Planning Commission may initiate a zoning amendment without such application. If such application shows just cause for consideration, the Commission shall, after making such changes in delineation or language as it may deem advisable, forward said proposal to the governing body for action. Any applicant may request that a proposal not be modified. In such event, the Planning Commission shall forward the application, together with its recommendations to the governing body. If said request shows just cause for consideration the governing body shall:

(1) Set a time and place for public hearing and provide for the legal publishing of notice of such hearing as provided by law.

(2) Give not less than 15 days notice of the time and place of said hearing by registered or certified mail to any public utility or railroad company owning or operating any utility or railroad within an area affected by the zoning request.

(3) Collect a fee from the applicant in the amount established by the City Council as sufficient to defray the costs of publications and proceedings. No fee shall be charged a public official or body.

(4) Hold said public hearing, receiving all comments and reports requested or noting the absence of such.

(5) The Council may: adopt such amendments with or without changes provided such changes are decided upon at the public hearing; or refer the same for further report; or deny said amendment. Where said action is contrary to the recommendation of a full majority of the Planning Commission, such amendment shall be passed only by a full two-thirds vote of the City Council.

18.2. SEPARABILITY. Should any section, clause or provision of this Ordinance be declared by a Court of competent jurisdiction to be invalid, the same shall not affect the validity of the Ordinance as a whole, or any part thereof other than the part so declared to be invalid.

18.3. REPEAL OF CONFLICTING ORDINANCES. Any and all ordinances or parts thereof in conflict with or inconsistent with any of the terms of this Ordinance are hereby repealed to the extent they are so in conflict or inconsistent, provided, however, that the adoption of this Ordinance shall not prevent or bar the continuance or institution of any proceedings for offenses heretofore committed in violation of any existing ordinance.

18.4. WHEN EFFECTIVE. This Ordinance shall become effective as prescribed by law.
