A life-extending blood transfusion is taken by Tom Horvath of DeWitt at Clinton Memorial Hospital recently as Mrs Barbara Bandt, RN, adjusts the flow of packed red blood cells from a plastic bag.

## Tom Horvath 'living on transfusions'

by Lowell G. Rinker, editor

Blood from about 40 generous people has been keeping Tom Horvath Jr. of DeWitt alive for the past 15 months.

The generosity and a remarkable process of separating the components of blood so he can receive only those parts which he needs has enabled Horvath to carry on a more or less normal life despite having a deadly disease.

The route man for the Oven-Fresh Baking Co. in Lansing is afflicted with a pre-leukemia condition, first diagnosed in March 1966. His body is not manufacturing red blood cells, and Horvath readily admits he's living on transfusions.

The transfusions have come fairly regularly every five weeks, and each time he receives three units of packed red blood cells drawn and processed especially for him during a period of less than eight hours prior to the transfusions.

THE DRAMATIC RESULT HAS been that Horvath is living; the dynamic process of "spinning off" the plasma and leaving the red blood cells in a pint of blood has enabled Horvath to take the necessary transfusion at one time rather than over an extended time with whole blood.

The inspiring thing about it is that maybe 40 people—by donating a pint of blood without knowing exactly who it was for—have had a hand in extending the useful life of a fellow man.

Horvath has received the red blood cells from 40 pints of blood. The other major part of the blood—plasma—is not needed by Horvath, so it is separated from the red blood cells, frozen and used eventually by other needy persons for other purposes.

A pint of whole blood, then, turns out to be about two-thirds of a pint of red blood cells (in volume), making it possible for Horvath to get a transfusion of three units (red cells portion from three donors) at one time.

If he had to take whole blood, it would have to be done at a couple of different times. As it is now, Horvath checks in at Clinton Memorial Hospital about once every five weeks, receives his transfusion in the early evening, stays overnight and goes back home and to work the next day.

IN THE 15 MONTHS SINCE the diagnosis of Horvath's illness was made, the events that lead up to each transfusion have become a life-saving ritual of cooperation between donor, Red Cross, Mrs Horvath and her husband.

The Horvaths can't say enough in praise of the Red Cross and its blood program that make his life possible now. The blood itself is free as it is to all county residents because of Clinton's participation in the Red Cross Bloodbank program. And there's an aura of extra "care" on the part of the personnel at the regional blood center in Lansing which the Horvaths are quick to notice. It takes the place in each transfusion cycle.

The authority for Horvath's blood transfusions comes from University Hospital in Ann Arbor. Doctors there order the transfusions, the blood is drawn at the regional blood center in Lansing and is given to Horvath at Clinton Memorial Hospital in St. Johns.

AS TRANSFUSION TIME nears and Horvath begins to feel the need for it, Mrs Horvath calls the regional blood center to make arrangements. Her husband needs red blood cells that are drawn

no more than 24 hours before he gets them, so this causes a scheduling problem.

At the blood center, calls are put in to prospective donors with Horvath's blood type (A-negative), and they are scheduled as close together as possible in the early afternoon.

The blood is drawn in plastic bags instead of bottles, and in such special cases as Horvath's, a double bag is used. Four hundred thirty cubic centimeters of blood are taken into one of the bags, and it is immediately taken to the laboratory at the blood center for processing.

The bags are weighed so as to balance when placed in a new refrigerated centrifuge where the separation of the plasma and red cells takes place. The centrifuge can handle four such bags at one time.

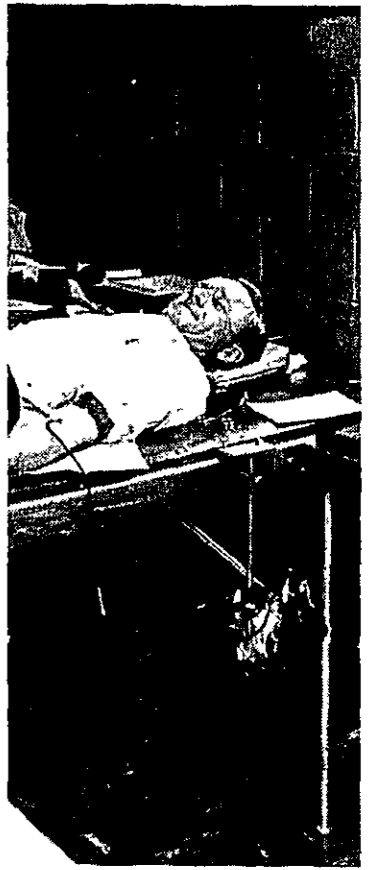

THE CENTRIFUGE—LOOKING FROM the outside something like a top-loading automatic washing machine—sounds like a soft fire siren as it whines at 5,000 revolutions per minute for a 15-minute spin.

The result, as explained by Mrs Mary Lou Sweet, chief technician in the lab at the blood center, is that the heavier red blood cells are spun and "packed" into the bottom of the plastic bag. The lighter (in weight and color) plasma remains at the top of the bag.

After the centrifuge has done its job, the bag of separated blood is placed on a plasma expressor in which most of the plasma is forced through a built-in tube attached to the second of the two plastic bags. The tube is sealed off in three places and then cut.

The plasma—205 grams in weight—is immediately frozen after being labeled and is then good for six months in that form. It is kept at about -30 degrees.

Enough plasma remains in the original bag. See BLOOD DONORS KEEP Page 2-A

Blood for Tom Horvath is taken in these double plastic bags and the plasma then separated from the red blood cells. One of the donors was William F. Butler of Potterville.

## Ovid Register-Union ceases publication

Today (Thursday) is the 23rd issue in the Ovid Register-Union's 101 year history. This will also be the last issue of the Register-Union to be published, according to Editor and Publisher, Robert D. Martin.

The Register-Union ceases publication with this week's issue after serving the Ovid area for more than a century, beginning in 1866, shortly after the war between the states.

THE REASON FOR the ceasing of publication by the Register-Union is the health of its editor and publisher, Robert Martin. After a serious illness last winter, Martin is limited to one hour a day at the newspaper by his doctor. This is not enough time, even on a small weekly, to do the work necessary to put out a newspaper of the quality that Martin has been doing.

For a number of years, the Register-Union has been a four-man newspaper. In addition to Martin, there has been Mrs. Martin, who helped in the many aspects of running the paper, especially the front office.

IN THE BACK room has been Myron Woodruff and his wife, Frances, who have worked for the Register-Union for 17 and 10 years respectively. Mrs. Woodruff has been the linotype operator, while Myron has handled the page makeup and other duties in the press room. Robert Martin has owned and operated the Register-Union since he purchased the business from his father, W. S. Martin when the senior Martin retired in 1950.

PRIOR TO BUYING the Register-Union, Martin published the Elsie Sun which he had purchased in 1927. He published the Elsie Sun until 1945 when he sold to Loyal Hinkley. After selling the Sun to Hinkley, Martin worked for his father at the Register-Union until he purchased the paper five years later.

"The Ovid Register" was the name of the first newspaper published in the community of Ovid.

This was in 1866, three years before Ovid was incorporated as a village. The publishers were many during the first few years: J. W. Wickwire, Jack Leonard, S. H. Egabroad, A. B. Wood, J. W. Fitzgerald, Rich and Rutherford, B. M. Pierson and Reeves and Carrier.

IN 1879 ANOTHER newspaper was started in Ovid, "The Clinton and Shiawassee Union" with J. W. Fitzgerald as editor and publisher.

In the late 1800's, the two newspapers, "The Ovid Register" and "The Clinton and Shiawassee Union" were combined with Reeves and Allen as publishers. (George P. Allen was the grandfather of the present publisher, on his mother's side.)

## July 4th plans at Westphalia announced

WESTPHALIA — Westphalia's annual St. Mary's Parish Festival will be held Tuesday afternoon, July 4th, on the church grounds at Westphalia.

The Dale Hyland Post, American Legion, of Portland will get activities under way at noon with a flag dedication, followed at 1:30 with the children's parade. In the parade for the first time will be the Green Hornet marching band and drill team, of Comstock Park. There will be games, prizes, refreshments and lunches throughout the afternoon.

A band concert by the 36-piece Westphalia band will get under way at 7 p.m. Paul Koster is director of the group. At 8 p.m. the Westphalia Men's German Glee Club under the direction of Gregory Theisen will perform. The group will feature traditional German Folk Songs.

A public dance at 9 p.m. with music by Tonto and His Renegades will top off the day's festivities.

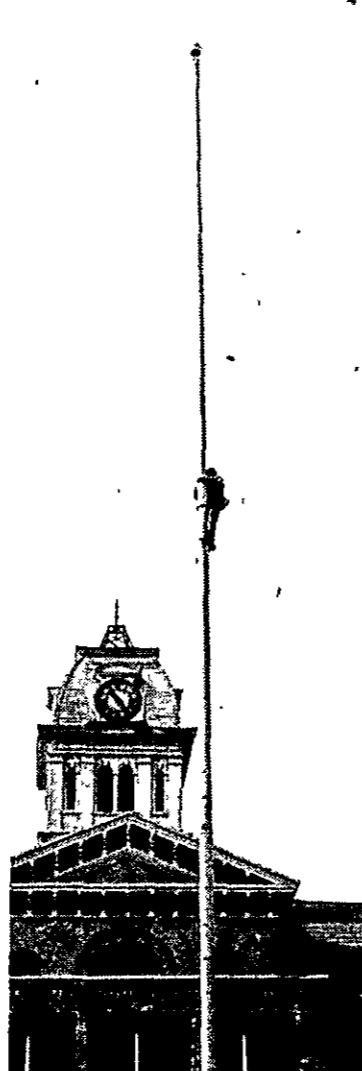

BAKED GOODS SALE—Friday, June 30 at Becker's Appliance Store, 6 to 9 p.m. Sponsored by Royal Arch Masons.

After the death of Allen in 1887, Carrier and Reeves were publishers until they sold to F. A. Bennett in 1889. Bennett was publisher until 1902 when he sold to W. J. Martin, who was editor and publisher for the next 46 years. He retired in 1950 and sold the newspaper to the present editor, Robert D. Martin.

MARTIN IS A lifelong resident of the Ovid area. He graduated from Ovid High School in 1922.

## Rain at fault in accident

The downpour Saturday caused at least one auto accident.

The driver of a car, Keith A. Barker, 22, of 2505 E. 10th Street, Anderson, Ind., was attempting to pass an auto on US-27, one-fourth mile from the Herbison Road intersection, when his vehicle struck a huge puddle of water, causing the car to swerve out of control, off the road where it finally struck a tree.

Both he and his passenger, Elaine Ferman, 18, of Edgewood Trailer Park, Anderson, Ind., were not injured.

## St. Johns, Westphalia set for 4th weekend

Two major celebrations Clinton County this weekend will help Americans celebrate the 191st anniversary of Independence of the United States.

The two celebrations will be in St. Johns and Westphalia. In St. Johns the fire department and Rotary and Lions clubs are sponsoring a four-day program

of events to be highlighted by a huge fireworks display Tuesday evening, July 4.

On Tuesday afternoon, the St. Mary's Parish annual festival will be held at Westphalia. It will feature a children's parade, marching band and drill team, band and vocal concerts and a public dance.

Clare Maier, chief of the St. Johns fire department, which will shoot the fireworks in St. Johns on July 4, stated that the fireworks display will be held as soon after 10 p.m. as darkness permits.

BUT THE FIREWORKS will only be part of the program of events for the weekend in St. Johns. Formally everything will

open Saturday. This includes the food concession stand to be operated by the Rotary and Lions clubs, a dunking booth run by the Lions, a popcorn stand by the Boy Scouts and the Crown Amusement Co. carnival featuring more and bigger rides than last year. Saturday and Sunday evenings will feature a local amateur talent show to be held at the band shell.

The carnival will set up Thursday on the outfield of the baseball field, along the west line of lights and will in all probability be ready to go Friday. The carnival includes 14 rides plus game and concession booths.

TERRY FOSTER, who is in charge of the talent show, said there is still room in the show for anyone who has an act to present. Everyone who wants to will be able to perform on both evenings of the show. Judging of the acts will take place each night, but prizes will be awarded only on Sunday evening. Prizes will be gift certificates from St. Johns merchants.

Persons wishing to enter the talent show are invited to clip the entry blank in this week's issue of the County News and return it immediately to Terry Foster, Box 276, St. Johns.

SATURDAY OF THE weekend celebration at St. Johns will be set aside as "Kiddies' Day". All rides will be 15 cents for children from noon until 6 p.m. A boy's and girl's bicycle will be given away at 6 p.m.

Children can have an opportunity to win a bicycle by retaining half of their carnival ride tickets, writing their name on the back of the ticket and depositing it in a box at a central location on the midway. Children do not need to be present to win either of the prizes.

THE FIRST SHOW of local talent will be at 8 p.m. on Saturday night, with the final show slated for 8 p.m. on Sunday evening.

The fireworks program will begin as soon after 10 p.m. as darkness permits.

ST. JOHNS FIREMEN have been spending many evenings over the past month putting the fireworks into shape for the

# DeWitt youth is Eagle Scout

DeWITT—Daryl Reed, 16, is the first member of Troop No. 77, DeWitt, to become an Eagle Scout there in 17 years. The last Scout so honored at DeWitt was Daryl's brother, Douglas.

Daryl is the son of Mr and Mrs Donald Reed of 303 W. Washington, DeWitt and will be a junior at DeWitt High School.

HE HAS BEEN in Scouting for 11 years and has, as is required to become an Eagle Scout, come up through the ranks of Tenderfoot, Second Class, First Class, Star and Life.

In addition to coming through the ranks, Daryl had to earn 21 merit badges (10 were required). They were cooking, camping, citizenship in the nation, citizenship in the community, water and soil conservation, personal fitness, first aid, swimming, life saving and safety.

AFTER ALL THE requirements are met approval must be received from the Council Board of Review and the National Council. Daryl is a Junior Assistant Scoutmaster.

He has two brothers, Douglas, who became an Eagle Scout in 1950, of rural DeWitt and Dale of DeWitt and one sister, Dorothy Hart of Kansas City, Mo.

THERE ARE 53 Scouts of all ranks in the DeWitt Troop. Lou Haley is the Scoutmaster and Assistant Scoutmasters are Joe Hennigan and Tom Brockway.

Members of the Troop were awarded 20 merit badges, one Tenderfoot, three Second Class, two First Class and three Star for the work they had completed in the past two months.

Mrs Donald Reed receives a pin from her son, Daryl, following his installation as an Eagle Scout Monday evening. Donald Reed, his father, is at the right.

### Bement Public Library has special certificates available

Application certificates, which entitle the holder to receive a special library card at Lansing Public Library and thus permit the individual the use of the library and all its services, are available at Bement Public Library, St. Johns.

Only residents of St. Johns are eligible to obtain these free certificates. They can be gotten

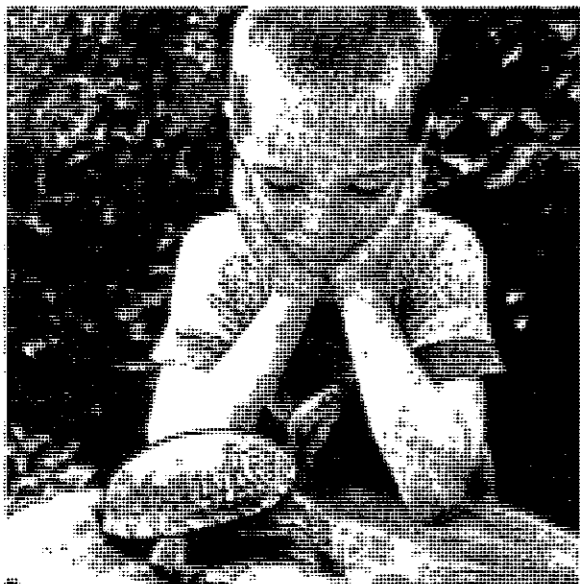

during regular library hours. Books borrowed under this system must be returned by the borrower to the Lansing library.

IN ADDITION to the St. Johns library, the libraries of surrounding communities, all member of the Central Michigan Library System, are partaking in this program. The libraries are: Charlotte, Pottersville, Dimondale, Vermontville, and DeWitt community libraries, the libraries in Ingham county (except East Lansing) and the Michigan State Library at 735 E. Douglas Pardee, St. Johns architect, received a Certified Fallout Shelter Analyst diploma from the Department of Defense after completing a Fallout Shelter Analysis course Jan. 19.

The special instruction, which began Oct. 6, 1966 and which was held at Lansing Eastern High School, was underwritten by the Office of Civil Defense, Department of the Army.

The course involved study of the general principles of nuclear weaponry; shielding analysis and problems of shielding; shelter requirements; shelter environmental control and biological effects on shelters and building modification and site importance in the selection of potential civil defense shelters.

with the packed red blood cells so that they will flow sufficiently during transfusion. In this form, the red cells would be good for 21 days while kept refrigerated at about 40 degrees Fahrenheit.

For Horvath's needs, however, the red cells can be no more than 24 hours old. So as soon as the needed three units of red cells are available, the Red Cross calls Mrs Horvath at her home at 1181 Webb Road east of DeWitt. She drives into Lansing and picks up the blood, which in the meantime has been packed in crushed ice and insulated box.

SHE ACTS AS COURIER, taking the blood to Clinton Memorial Hospital in St. Johns where the usual tests and cross-matching is done and the blood finally given to her husband.

While the plastic bags for taking blood dona-

tions will be used for the first time in St. Johns at the bloodmobile next Wednesday, they won't be the double bags like those used in collecting blood for Horvath. When whole blood is separated, it is necessary to have the plasma in a frozen state within an hour after it is drawn. The element of distance and time from St. Johns to the lab in Lansing will likely eliminate the possibility of breaking down the blood donated here.

All the blood for Horvath is drawn at the Red Cross Regional Blood Center.

The use of just the red blood cells is becoming more common, Red Cross officials say, and many doctors contend about 30 per cent of transfusions should be of just the packed red blood cells. This is particularly the case with aged persons and those with heart trouble where the red blood cells are needed without the volume of whole blood.

### Olive township rejects intrim zoning plan

The Olive township board unanimously rejected the proposed intrim zoning ordinance at 2 special meeting Monday, June 19.

The township board, at a special meeting, on May 1, 1966 had passed a resolution, by a 3-2 vote, declaring the townships intent to adopt a zoning ordinance under the rural zoning act.

ON MAY 23, 1966, the Olive township board appointed a four man zoning board to write the proposed new township zoning ordinance.

But at the special meeting called for June 19, the board unanimously rejected the proposed intrim zoning. Some members of the board felt that the township still needed some zoning, but because of financial reasons, and the fact that they thought the county zoning board was doing a better job, it would be unwise for the township to have intrim zoning at this time.

Another reason for the rejection was the dual zoning, if intrim zoning had been passed for the township, with the county zoning laws.

One member of the township board thought that a township planning committee working with the county planning committee would be a better solution to the problem.

The fireworks will be shot up from the far south end of the football field. This will allow spectators to use the bleachers on both sides of the field, giving them an ideal point from which to view both the set and the aerial displays.

THE BEST PARKING for cars will be in the lot located at the south end of the football field, outside the fence.

Last year an estimated crowd of better than 10,000 people watched the fireworks from varied vantage points. This year's display, according to firemen, will be larger and better than last year's.

### Clinton leads the state with no crossings

Clinton, Gladwin, Montmorency and Oscoda are the only Michigan counties that have no railroad grade crossings on those parts of the state highway system within their borders, reports the Michigan State Highway Department.

Saginaw county leads with 36 crossing, followed by Marquette county with 26 and Kalamazoo and Kent counties, each with 21. Since 1956, when the state had 825 such crossings, the number of crossings on Michigan's 9,200-mile state highway system has been reduced to a total of 688 today.

This reduction has resulted from the construction of overpass bridges and a program to eliminate those tracks no longer used by railroads.

Approximately 70 per cent of remaining grade crossings are equipped with automatic signals or gates in combination with stationary signals. The remainder are posted with stationary signals.

# Bloodmobile to be in St. Johns next Wednesday noon

St. Johns area blood donors are again being asked to help fill the anticipated serious void in blood supplies at the Lansing Red Cross blood center over the coming long holiday weekend.

The Red Cross Bloodmobile will be in St. Johns on Wednesday, July 5, at the St. Joseph Catholic School social hall from noon until 6 p.m. This, if the pattern of past holidays holds true, will be at a time when blood supplies will likely be critically low.

THE BLOODMOBILE committee, headed by Mrs. James Crosby, has set a goal of 200 pints and in keeping with the Fourth of July season, is using the theme of "Spirit of '67" in urging residents to lend a life-supporting pint of blood for the benefit of a fellow American.

The last bloodmobile visit to St. Johns in January collected 232 pints, and two years ago in July the record donation of 236 pints of blood was collected.

"THE FIRST BLOOD program after a holiday, such as this coming long weekend, is really important," according to Mrs. Joanne Newman of DeWitt, Red Cross blood program coordinator. "The long Memorial Day weekend really drained our supplies, as most holiday weekends do. We're usually OK going into a holiday, but so much is used over the holiday period it usually takes the center three good blood programs, right away, in order to catch up with the normal demand for blood."

Local residents who plan to donate a pint of blood are urged to bring along a friend who has never given blood before, thereby doubling the efforts of the bloodmobile. Anyone between the ages of 21 and 60 are eligible to donate. Those between 18 and 21 can donate with the consent of a parent or guardian.

PLASTIC BAGS Instead of bottles will be used here for the first time to collect blood. The process is far from being new, in fact, it is almost universally used now. The plastic bags have been used in St. Johns before, but only sparingly in special cases, usually for blood collected for heart surgery.

According to the Red Cross, the bags are gentler than the bottles. Blood cells, like any other cells, do bruise, and experience has shown the blood stays in better condition in the plastic bags.

"DONORS, ONCE they get used to the new process, like it better,"

the Red Cross stated, and nurses, who draw the blood find they have somewhat less trouble with donors when the blood is drawn into bags. The bags are attached to the tables below the level on which the donor lies, thus the blood can flow by gravity from the arm into the bag. Donors still have to squeeze the short stick, but not as much pressure is needed to force the blood into the bag as it is into the bottle placed at the same level.

Recruiting of donors has been underway and the blood drive challenge issued by Federal-Mogul to Sealed Power and Saylor-Beall has brought forth these comments from the men heading the plant drives.

FROM ROBERT GILL, personnel manager at Sealed Power; "Our drive at Sealed Power has been progressing nicely and we should go over the top on our quota. We expect to give F-M a bloody duel."

Edward Morton, plant manager of Saylor-Beall stated, "We're very happy with the response of our people here at Saylor-Beall and we can whip F-M in the blood duel just like we did in the soap-box derby."

DONALD GILSON, personnel manager at Federal Mogul replied, "Federal-Mogul will stand on its record and let the challenge remain. We at F-M are anxiously awaiting the results from our worthy opponents efforts and can foresee no reason to become alarmed."

Tonight, (Thursday) the annual telethon calling past donors urging them to give another pint of blood will be held at the General Telephone office which has been provided by District Manager Bill Graef. Telephone callers for this telethon will be Mariene "Sam" Hopko, Virgene Henning, Barbara "Bobby" Spicer, Gordon Matter, Mrs. Gordon Matter, Joan Hopko and Wilma Jean "Corky" Paradise.

John Edward Ward, 20, of 12566 Park Lake Road, Bath, pleaded guilty to three charges Saturday before Bath township justice of the peace, Simpson, and was fined \$100 or 60 days in jail.

Ward was charged with having no operator's licence, having improper plates and having defective equipment.

## Clinic a success

The Mid-Michigan District Health Department reported that a total of 307 people received 477 immunizations at the St. Johns immunization clinic, Wednesday, June 21.

Dr Franklin W. Smith was the attendant physician.

He was aided by Mrs Luella Canfield and Mrs Betty Geller, both nurses with the county Health Department; Geneva Cornell, a teacher with the county Health Department; Mrs Marie Redman and Mrs Ann Larner.

Volunteers included Dr. Smith's wife, Louise, and four members of the Gray Ladies—Mrs St Clair Pardee, Mrs Ruby Blakeslee, Mrs Ora Rice and Mrs Joyce Staley.

Mrs Bonnie Geller and Mrs Bonnie Good performed the registered duties.

The next clinic will occur Wednesday, July 12 in the DeWitt Memorial Building, DeWitt, from 9:30 to 11:30 a.m. The next St. Johns clinic will be Wednesday, July 19, in the basement of St. Joseph Catholic Church, from 1:30 to 4 p.m. All Clinton county residents are urged to participate in these clinics. Records of past immunizations should be brought along.

# City of St. Johns to operate on 15 mills

The St. Johns City Commission will be operating on a 15-mill budget as they go into the new year beginning July 1. This is the big problem that faces the commission after last Wednesday's setback at the polls in which the residents of St. Johns rejected the proposed charter amendment.

The proposed charter amendment would have allowed the commission to levy 16 mills which was needed to carry out the new budget approved last May.

Levying 15 mills, as the commission will now have to do, creates some problems. By levying the millage on a 10 - 3 - 2 basis, the city will have to keep three separate accounts for the tax monies. Thus, each department, general fund, water department, and garbage collection will be set up with a specific account and all expenses will have to be charged to these individual accounts.

CITY MANAGER Ken Greer stated, "We will try to maintain all services as long as possible. As for curtailing any service, this will depend upon the demand for such services." If curtailing of services becomes necessary, it will, in all probability, be in the road improvement area first. This does not include road repair.

Another area in which the city is looking as a possible means of saving money is in the sanitary land fill area. Surveys are being checked to see if it is feasible to cut some of the hours in which the sanitary landfill would be open to the public.

A REVISED BUDGET will be submitted to the commission. In as much as the commission has already approved the budget for the coming year, this revised budget is only for upgrading the original budget.

As for the Urban Renewal question, this is still unsettled. The application for Urban Renewal funds was submitted prior to the election and as of yet no word has been received from the Housing and Urban Development agency in Chicago. Although, it seems unlikely that HUD will approve the application now that the charter amendment has been defeated, thus it becomes a wait and see situation.

THERE WILL BE no millage levied for the library fund as this fund has sufficient monies to carry them through the coming year.

## THE NEWS IN BRIEF

Rudolph Masarik has been certified as a class D sewage treatment works operator by the State Of Michigan Department of Public Health. Masarik spent much of his spare time to prepare for the test for certification. This now gives the city of St. Johns a qualified backup man for the sewage treatment plant.

MRS DAVID L. MILLER

### David L. Millers make home in Fowler

Presently making their home on W. Walker Road, R-2, Fowler are Mr and Mrs David Lynn Miller. She was the former Ardith Ann Schomisch. They were married Saturday, June 17 at 10:30 a.m. at Most Holy Trinity Catholic Church of Fowler.

Rev Albert Schmitt officiated at the double ring service. The bride, who is a graduate of Fowler High School and Rachel Beauty College of Lansing, is the daughter of Mr and Mrs Ronald Schomisch of R-2, Fowler.

HER husband is the son of Mr and Mrs Gordon Miller of R-2, Fowler. Miller was graduated from Fowler High School and is presently attending Lansing Community College.

For her wedding, the new Mrs Miller chose floor length gown of Alencon lace over tulle. The gown was fashioned with a fitted bodice, sweetheart neckline, long lace sleeves ending in points at the wrists and a detachable pear shaped train. The full skirt was styled with three tiers of tulle edged with lace. Her shoulder length veil fell from a crown of lace and she carried a cascade arrangement of white carnations and an orchid.

MRS JOYCE Coffman, sister of the bride, of Greenville served as the matron of honor. She wore a floor length gown styled with a white lace over blue crepe chiffon bodice and a crepe skirt. Her headpiece was of matching flower clusters and tulle. Her cascade bouquet was of white and tinted carnations which matched her dress.

The secondary attendants wore gowns of the same style. They were Miss Bette Schomisch, sister of the bride, wearing orchid; Mrs Billie Lou Schomisch, sister-in-law of the bride, of Corunna, in green and in peach was Christine Schomisch, cousin of the bride, of Fowler.

TERI Gladden, cousin of the bride, of St. Johns and Maryann Seleck, cousin of the groom, of Iron Mountain were the flower girls. They were attired in gowns designed like the bride's gown.

For her daughter's wedding, Mrs Schomisch chose a blue lace dress. The mother of the groom selected a silk print dress. Their corsages were of orchids.

Ronald Miller of Fowler was the best man and groomsmen were Steve Miller of Fowler, Ronald Schomisch of Corunna and Mike Fritch of Lansing. Seating the guests were Jack Miller of Pewamo and Jim Coffman of Greenville.

A BREAKFAST for family members and close friends was served at the YFW Hall of St. Johns following the ceremony. There were 400 present for the reception held Saturday evening.

Betty Bertram, Gail Corleski and Linda Kissane served at the bride's table.

The newlyweds honeymooned in Virginia and while there visited with the grandparents of the bride, Mr and Mrs G. W. Bird of Roanoke.

### Fete couple wed 60 years

About 60 guests helped Rev and Mrs William G. Martin celebrate their 60th wedding anniversary recently at an open house held in the Fellowship Room of the Church of the Nazarene.

The serving table motif was white, pink and gold with a floral arrangement disclosing a large "60". A surprise card shower was arranged on white ribbons cascading from under a pink "Happy Anniversary" bow.

The couple was married in Pontiac May 15, 1907 and have lived in St. Johns nearly 30 years. They reside at 604 E. High m Street.

### Gives \$50 for coronary care unit at hospital

The June meeting of Edwin T. Stiles Unit No. 153, American Legion Auxiliary, was held Tuesday evening, June 20, following a potluck supper. It was decided to contribute \$50 to the Clinton Memorial Hospital Auxiliary for the coronary care unit being purchased for the hospital. Ann Walker, poppy chairman, reported \$627.60 was received from poppy sales.

Frances Conn and Evangeline Caudy were elected as delegates to the department convention to be held in Grand Rapids July 20-23, with Marjorie Pardee and Mabel Mater as alternates.

ANNUAL REPORTS were given by officers and chairmen, outlining the various activities and accomplishments for the year.

Officers for the 1967-68 year were installed, with Elsie Bancroft acting as installing officer. The next meeting of the Unit will be held Sept. 19.

### Class of '42 has reunion

Sixty class members and their mates gathered at the Country Club at 5 p.m. for their social hour, which was followed by a lovely dinner catered by Daley's Restaurant.

Invocation was given by Irvin Walker. The class of '42' was welcomed by Robert Law, Master of Ceremonies, Dale Robinson, awarded prizes to the member who traveled the most distance, and the winner was Dorothy Hansen Price of Canoga, Calif. The "most children award" was won by Daune Hefty of Grosse Pointe. The "most grandchildren award" was won by Barbara Bennett Parson of Fowler. The centerpiece won by Vincent Geller of St. Johns.

Dale Robinson introduced the speaker, Aden Manly, of Lansing who gave an interesting and humorous talk.

B. Stanley Pocus showed movies taken during our school years. Jerri Tobin took class pictures of the officers for the next class reunion five years from now.

The officers are: President Edward Manley and Secretary-Treasurer, Leola Thurston or Mrs Wilber Thurston.

MRS DONALD N. DUQUETTE

**Duquette - Loudenbeck vows repeated June 17**

Now honeymooning in Holland, Mich., are Donald N. Duquette and his bride, the former Miss Kathy Jo Loudenbeck, daughter of Mr. and Mrs. Max Loudenbeck of rural Maple Rapids. They were married Saturday, June 17, at Saint John Student Parish of East Lansing with Fr. Thomas McDevitt offering the mass. He was assisted by James Bjorum and Dennis Dalton, friends of the groom.

The bride chose a gown designed with a seed pearl beaded empire bodice of Belgium lace, with oval neckline and mid sleeves. Her peau taffeta A-line skirt featured a cathedral train secured at the bodice. The shoulder length veil was secured with a small pill box matching the bodice of the gown. Her bridal bouquet was a cascade arrangement of white carnations and yellow roses.

The couple will reside at 177 West 11th Street, Holland, this summer. They will return to Michigan State University this fall where they will resume their studies.

MISS Ann Sievert of rural Ashley was maid of honor and Miss Betty Jo Duquette, cousin of the groom, was the flower girl. They both wore empire dresses of light blue crepe. Miss Sievert carried a semi-cascade arrangement of white carnations and yellow roses, while the flower girl carried a basket of yellow rose petals.

The bridegroom, son of Mr. and Mrs. Donald Duquette, of 531 Mar-

cia Lane, Holland, chose G. Thomas Derwin of Manistique, as his best man. Timothy Duquette, cousin of the groom, carried the bride and groom's wedding bands.

SPECIAL guests at the wedding were Mr. and Mrs. Percy Upton and Mr. and Mrs. E. H. Loudenbeck, grandparents of the bride and Mr. and Mrs. Robert Rice and Mr. and Mrs. Henry Duquette, grandparents of the groom.

Following the ceremony was a wedding breakfast served at Fred Eyer's Steak House with the reception following.

**Rev Churchill leads delegation**

The Rev. Gerald Churchill is heading a delegation of the local Congregationalists who are at Racine, Wis., this week attending the thirteenth annual meeting of the National Association of Congregational Christian Churches.

They include Dr. and Mrs. Clyde H. Wilcox, Mrs. Kenneth Jones, Mrs. Clarence Waltz, Mrs. Manning Bross, Mrs. John Warstler, Jack Guthrie and David Waltz.

SESSIONS ARE being held at Carthage College, near Racine. Mr. Churchill was invited to conduct the Morning Worship Service on Thursday, June 29. At the conclusion of the meetings he will become a member, for 3 years, of the National Missionary Society of the Congregational Churches and Dr. Wilcox will begin a four-year term as a member of the Executive Committee of the National Association.

While the Association is in session, Jack Guthrie and David Waltz will attend the annual meeting of the National Pilgrim Fellowship which will be meeting at nearby Dominican College. The local delegates will return to St. Johns Friday night.

**Marsha Parsons feted at shower**

A miscellaneous shower was given in honor of Miss Marsha Parsons of Fowler Wednesday, June 21. Hostesses were Mrs. Dennis Bauer and Miss Pam Woodbury both co-workers of the bride-to-be.

The shower was held at the home of Mrs. Dennis Bauer of Krepps Road, St. Johns. Friends and relatives were present. A special guest was the great-aunt, Mrs. Daniel Lowe of Farmington, of the bride-elect.

Miss Parsons will become the bride of James O. Koeligschnecht Aug. 5.

**Maureen Parmenter given scholarship**

Miss Maureen Parmenter, 18, has been selected as the recipient of a \$50 scholarship awarded to her by Olivet College in the name of St. Johns mayor, Charles Coletta.

The scholarship grew out of the participation of the college in this year's Michigan Week, more specifically, the Mayor's Exchange Day.

In commemoration of these two state events, Olivet College gave to some of the participating mayors scholarships to be presented to the student of their choice.

THE SCHOLARSHIPS are specifically for the summer workshop program the college is sponsoring again this year.

With the assistance of John Furry, Mayor Coletta named his choice, and Sunday, Miss Parmenter left to attend Olivet College for three weeks of study.

Miss Parmenter, a 1967 graduate of Rodney B. Wilson High School, is interested in art and as such, will be taking her course study in the art program the workshop provides.

She selected as her prime interest, sculpturing, then oil painting, and lastly, drawing.

AN ART EXHIBIT, which won for Miss Parmenter first place honors at the Clinton County Youth Talent Show, also captured a second place ribbon at the Youth Talent Exhibit at the Lansing Civic Center last year.

Miss Parmenter also plays the guitar and has sung professionally.

THE OLIVET COLLEGE campus is not new to Miss Parmenter. Last summer she attended a similar workshop and studied vocal music. To aid her financially, she used the \$50 she

MAUREEN PARMENTER

received as a runner-up in the Miss St. Johns contest. While at the college, Miss Parmenter will be living in one of the campus dorms. She will return to St. Johns July 15.

**Green Clovers have meeting**

The Busy Green Clovers' last meeting was held at the home of Mr. and Mrs. Donald Bearup, Monday, June 19, from 6:30 to 8 p.m.

It was decided to put some artificial flowers in the urn by Nixon's grocery store in Banister.

THE CLUB was invited to a wiener roast, July 13, in Colony Park, by the Four Corners 4-H Club.

A special meeting and garden tour was held Monday. The next regular meeting of the club will be held July 17, at the home of Mr. and Mrs. Raymond Stewart.

MR AND MRS PRESTON CORSON

**Golden Anniversary**

Mr. and Mrs. Preston Corson of Maple Rapids will celebrate their golden wedding anniversary with an open house at the Congregational Christian Church of Maple Rapids Sunday, July 2. Hosting the affair scheduled from 2 until 5 p.m. are the children of the honored couple, Fred Corson, Mr. and Mrs. Bert Hiller, Mrs. June Benjamin and Mr. and Mrs. James Keeland.

**Treachler-Washburn vows said at Duplain**

Freeman Treachler of Dexter and Mrs. Zelma Washburn of Elsie were united in marriage June 17 in a double ring ceremony at the Duplain Methodist Church.

Rev. Elwin F. Washburn, son of the bride, officiated at the 2 p.m. service.

The new Mrs. Treachler was given in marriage by her son, Jay D. Washburn. She wore a pink brocade princess style jacket dress and a matching hat. The dress was made by her granddaughter, Mrs. Dee Holley. She carried a bouquet of red roses and white chrysanthemums.

MRS GEORGE Huntington of Sidsell, La., was her mother's only attendant. She was attired in a pink silk sleeveless dress. Her hat was white and her flowers matched the bride's bouquet.

Richard Treachler served as his father's best man and seating the guests were Ivan L. Washburn and George Washburn Jr., sons of the bride. A reception followed the wedding ceremony in the church parlors. Serving were daughters-in-law of the couple, Ann

Washburn, Joan Washburn, Sharon Tressler, Sylvia Treachler and Patricia Treachler.

THERE WERE 125 guests present.

Mrs. Treachler changed to a green suit, made by her granddaughter, Mrs. Holley, before she and her husband left for the wedding trip through Western Canada and the Dakotas.

Mr. and Mrs. Treachler will make their home in Dexter.

**Joint summer worship for two local churches**

Again this summer, the congregations of the First Congregational and First Methodist Churches will join forces in Family Worship Services Sunday mornings at 9:30. During July, both congregations will worship at the Methodist Church with the Rev. Gerald Churchill, minister of the Congregational Church, officiating. His sermon at the first service in the 1967 series, Sunday, July 2, will be "Our date with Destiny."

During August and September 3, the two congregations will worship at the Congregational Church with the Rev. Keith Bovee, minister of the Methodist Church, officiating.

Nursery care will be provided on Sunday mornings for children of pre-school age. Older children will attend church with their families.

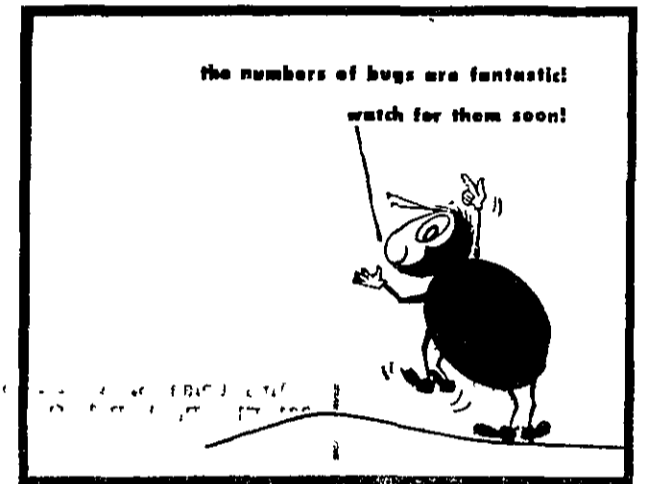

The program of Summer Union Services, initiated several years ago, is hailed by both congregations as a fine expression of the ecumenical spirit.

**180 at anniversary celebration June 22**

Over 180 attended the open house celebrating the fortieth wedding anniversary of Mr. and Mrs. Gerald Starling of R-1, Eagle, Thursday evening, June 22, at the Wacousta Community Methodist Church.

A red and white color scheme was used for the affair, hosted by Mrs. Starling's brothers and sisters.

Refreshments were served by relatives of the honored couple.

# Clinton Area Deaths

## Ethel M. Hicks

Funeral services for Mrs Ethel M. Hicks, a former St. Johns resident, were held Wednesday, in the Gorsline-Runciman Funeral Home Chapel, East Lansing.

Mrs Hicks, 80, who died Sunday in a Lansing hospital, was buried in Evergreen cemetery, Lansing.

Mrs Hicks was born in St. Johns, April 12, 1887, to Mr and Mrs Anson Clark. She lived most of her young life here, attended the St. Johns High School and Clinton County Normal.

SHE AND WILLIAM Hicks, who preceded her in death, were married in Lansing.

Mrs Hicks was a member of Central Methodist Church of Lansing.

She was a teacher and had taught in Clinton county rural school, at Big Rapids and Jackson.

Survivors include 2 sons, William and Jack, both of Okemos; 3 sisters, Mrs Elmo Snyder of Lansing and Mrs Florence Newton and Miss Marian Clark, both of St. Johns and 3 grandchildren.

## Rosina Williams

Mrs Rosina Agnes Williams, 87, after an illness of one week, died Tuesday, June 20, at Clinton Memorial Hospital. The immediate cause of death was listed as a stroke.

The Shaw-Rivett-Hull Funeral Home, Muir, handled the funeral arrangements. Funeral services were held Thursday, June 22, at 2 p.m., in Pewamo Methodist Church, with burial in East Plains cemetery, officiated by the Rev Stephen Beach.

## Duplain-Rochester Colony

By Mrs James Burnham Phone 224-4045

DVBS Program. DVBS closed at the Duplain Church of Christ Sunday evening with a program at 7:30 p.m. following a week of evening sessions

with the theme, Walking Jesus' Way. Following the opening with the theme song, pledges to the American flag, the Christian flag and the Bible were led by the boys and girls, one verse of America was sung. Mrs Jack Schwark, music director, led the children in songs they had learned during the week. Mrs Jack Hawes gave the devotional talk. The director, Mrs Jack Hawes, introduced the teaching staff. Mrs Elwood Hott, gave the secretary's and missionary report. An average attendance of 65 students each evening was reported with an offering of \$80 which will be sent to the William Rowland family in India.

A demonstration program of the week's lessons followed with nine narrators and four scenes as each class participated in the program. An offering of \$59.73 was taken to help defray the expense of the school.

Mrs Oren Goodrich read the scripture for the Bible school hour at the Church of Christ. Miss Connie Burnham sang the special song for the worship hour entitled, "He Broke the Chains," accompanied by Mrs Earl Dunham on the organ. Ralph R. Woodard, minister, brought the message for the morning. The Junior and Senior youth groups met at the parsonage for the evening and Tim Bunce brought the message on faith. The groups voted to send their money to the Christian camp at Rock Lake to help pay for new mattresses for the beds. Mr and Mrs Luman Hall at-

tended the reunion of the 1917 high school graduating class held Saturday evening at the country club. Six members of the 1917 graduating class were present out of the 39 that graduated. Lawrence Ward of Florida was one of those attending. The reunion also honored the 1927 and 1928 graduating class so there were about 150 in attendance. A program of old time songs and a talk filled the evening.

Mr and Mrs Jeanne Burnham of Carp Lake were Thursday night guests of their son and his family, Mr and Mrs James Burnham. Jimmie Warren of Owosso spent the past week with his grandparents, Mr and Mrs Luman Hall of Hall Road.

Ralph Woodard visited his wife at University Hospital in Ann

Arbor Thursday afternoon. Mrs Woodard returned to Ann Arbor Tuesday to have her cast removed after being home for three months. She will be at the hospital for therapy for two weeks and cards will reach her at Ward 8 East, University Hospital, Ann Arbor, Mich.

Ronny Thornton, son of Mr and Mrs Roy Thornton, returned to his home Thursday after undergoing heart surgery at Ford Hospital.

Conde Burnham, daughter of Mr and Mrs James Burnham, Carol and Marsha Buck, daughters of Mr and Mrs Raymond Buck and Dennis Schultheiss, son of Mr and Mrs Dale Schultheiss, are attending Senior I week of Rock Lake Christian Service camp this week.

A funeral is a symbol of religious faith. It serves as a reminder of God's promise of life everlasting. It provides time for the clergyman to lend spiritual guidance and strength, and for the family to realize that they are not alone... even in their loneliest hour. We always serve with proper respect for the reverence of the occasion.

Driver training set

The summer driver-training program is now in progress. The first group of students are in the midst of their instruction. A second group will begin training after the Fourth of July weekend.

After the fan is placed over the open manhole, the smoke will be released into the sewer system. City employees, Rudy Yurco, Rollie Ordway and Robert Harris (kneeling) get the equipment ready for the testing program which will begin within the next few weeks.

Sanitary, storm sewer systems study to begin

At the present time the St. Johns sanitary sewer system is overloaded during storms because of inter connections between the sanitary and storm sewer systems.

THE PROBLEM of locating a leak or an improper connection is difficult. The city plans to test with smoke and special apparatus designed for the job.

During a rain storm, a large quantity of storm water enters the sanitary system and is sent to the waste treatment plant. This intermittent overloading causes damage and costly waste.

The smoke will be introduced into the sewer after specific areas of the system have been isolated. As soon as the smoke is applied, it can be seen to appear from the vents of buildings and will, of course, discharge from breaks, storm sewer connections and damaged plumbing.

Until the interconnections are detected and eliminated, there are possibilities of basements flooding and other unsanitary conditions in addition to the expense of treating the storm water.

A portable generator, a fan, a special manhole cover and the smoke source make up the testing equipment. The smoke will

leave no residue and will not corrode metal. The source of the smoke is non-toxic and contains no dangerous explosives.

IT IS POSSIBLE for some smoke to enter a building adjacent to the testing area if there are plumbing defects. These defects must also be noted and corrected to insure the safety of the residents because if smoke can enter a building, sewer gas can also enter and endanger the health and lives of its occupants.

Through the smoke testing project, the city hopes to serve the people of St. Johns by eliminating the health risk of defective plumbing and by improving the efficiency of the waste water treatment plant.

Summer recreation starts

Over 400 boys and girls have signed-up for and are now participating in the St. Johns summer recreation program, director of the program, H. Blake Douglas reported.

The schedule of hours under which the playground, tennis and baseball programs will operate have been set, and the necessary personnel needed to direct them have been hired.

THE PLAYGROUND hours are from 9 a.m. to noon and from 1 to 5 p.m. every weekday.

The supervisors and the playgrounds they are in charge of are: Marilyn Motz and Jim McCausey, Perrin-Palmer; Linda Phinney and Cheryl Weber, East Ward; Virginia Bertram, Swegles and Jane Taylor, City Park playground.

The tennis program, supervised by John Salemi, takes place Monday through Friday 9 to 11:30 a.m. for the girls and 1 to 5 p.m. for the boys.

Every weekday, from 9 a.m. to noon, baseball is held at the City Park. The supervisor is Gary Boyce.

THE PLAYGROUNDS opened Friday to permit the children to become acquainted with their playground supervisors. Reports of last week's activities in the various programs have been given by the supervisors.

Linda Phinney, East Ward, reported the children played softball, kickball, dodge ball and educational games (checkers, chutes and ladders, etc.).

She also said that more games will be added to the agenda this week and that starting mid-week, the arts and crafts program will begin.

VIRGINIA BERTRAM, Swegles, also reported a successful beginning of the summer fun program at her playground.

Marilyn Motz, Perrin-Palmer, praised the first-day activities there. She said that in addition to games, the children have shown an interest in coloring and drawing. By mid-week at her urging, a leather ball will be installed at Perrin-Palmer.

Jane Taylor, City Park, and her charges took a hike through the park Friday morning, identifying the different kinds of trees and flowers.

In the afternoon, they went to the zoo. The children also played games.

JOHN SALEMI, supervisor, reported that the tennis program began successfully Tuesday, June 20, at the city park tennis courts.

Beginners are being taught the fundamentals of the game, such as the grip, forehand and backhand strokes and court position, while the advanced players are learning such things as the smash, net play and different types of serves.

Gary Boyce, supervisor, stated that the baseball program began Tuesday, June 20, instruction of the fundamentals of the

game was the first order of business.

NOW THERE ARE five teams - Phillies, Orioles, Yankees, Red Sox and Athletics—engaged in competition. There are 16 boys on each team, and every boy is getting a chance to play every game," Boyce said.

Each team has been designated a number which is used to identify it in the baseball schedule.

The Phillies are 1; the Yankees are 2; the Athletics are 3; the Orioles are 4 and the Red Sox are 5.

THE BASEBALL schedule decided upon is as follows: Wednesday, June 28, 3 vs 5, 9 a.m. and 1 vs 4, 10:30 a.m. July 10, 2 vs 3, 9 a.m. and 4 vs 5, 10:30 a.m. July 12, 1 vs 4, 9 a.m. and 3 vs 5, 10:30 a.m. July 14, 4 vs 5, 9 a.m. and 2 vs 3, 10:30 a.m.

July 17, 1 vs 5, 9 a.m. and 2 vs 4, 10:30 a.m. July 19, 2 vs 5, 9 a.m. and 1 vs 3, 10:30 a.m. July 21, 3 vs 4, 9 a.m. and 1 vs 2, 10:30 a.m. July 24, 1 vs 3, 9 a.m. and 2 vs 5, 10:30 a.m. July 26, 1 vs 2, 9 a.m. and 3 vs 4, 10:30 a.m. July 28, 2 vs 4, 9 a.m. and 1 vs 5, 10:30 a.m.

July 31, 4 vs 5, 9 a.m. and 2 vs 3, 10:30 a.m.

A DOUBLE elimination tournament will begin Aug. 4 and will continue Aug. 7, 9 and 11.

Last week, in the first baseball games played, the scores were: Phillies 8, Yankees 5; Orioles 5, Athletics 4; Phillies 7, Athletics 1; Yankees 7, Red Sox 6.

Thus the standings at week's end were: Phillies leading the pack with a 2 and 0 record; then the Orioles, 1 and 0; the Yankees, 1 and 1; the Red Sox, 0 and 1 and the Athletics, 0 and 2.

DURING THE WEEK of July 3-7, all parks and the baseball program will be closed Monday and Tuesday. The City Park and baseball program will remain unoperative Wednesday, but the school playgrounds and the tennis program will again resume. The same will be in effect Thursday.

The Friday schedule calls for all playgrounds to be open, the tennis program to be ongoing, but the baseball program to be closed until Monday, July 10.

### 92 attend alumni banquet

The St. Johns High School alumni banquet honoring the classes of 1917, 1927 and 1928 was held last Saturday evening at the Clinton County Country Club with 92 persons in attendance.

The Rev. J. Lawrence Ward, class of 1917, of Sanford, Florida gave the invocation.

MRS LESTER LAKE of St. Johns asked for a roll call by classes. Present were six from the class of 1917, 18 from the class of 1927, and 18 from the class of 1928.

The earliest class represented was the class of 1903 with Ethel Bishop of St. Johns present. Betty Hodge represented the class of 1904, the youngest class to be in attendance.

CREDITS FOR sending invitations to class members went to Orpha Drake VerPlanck of Lansing and O. B. Moore of St. Johns. Frances Pouch Martin handled flowers and table decorations. For the songs that were popular in the years of the honored classes, credit was given to Mrs Basil Delbert, Mrs Laurita Allison and Mr and Mrs Alden Livingston, all of St. Johns.

Audrey Grubaugh Frucht, class of '27, conducted a short memorial service for deceased classmates and introduced Hazel Crowell Allen, class of '27, as program chairman.

MRS ALLEN CALLED on the Rev Lawrence Ward, class of '17; Evelyn Ward Parr, class of '27 from Evanston, Ill.; and Orpha Drake VerPlanck, class of '28 to relate newspaper headlines from their graduation years. Miss Alice Jumper of St. Johns did the research on newspaper headlines.

Songs of the honor years were sung under the direction of Alden Livingston, accompanied at the piano by his wife, Doris.

THE SPEAKER OF the evening was Dr. Kent Ellis, class of 1927, who is now at Purdue University. Dr. Ellis reminisced about their high school years and on the "Pride of Our Heritage."

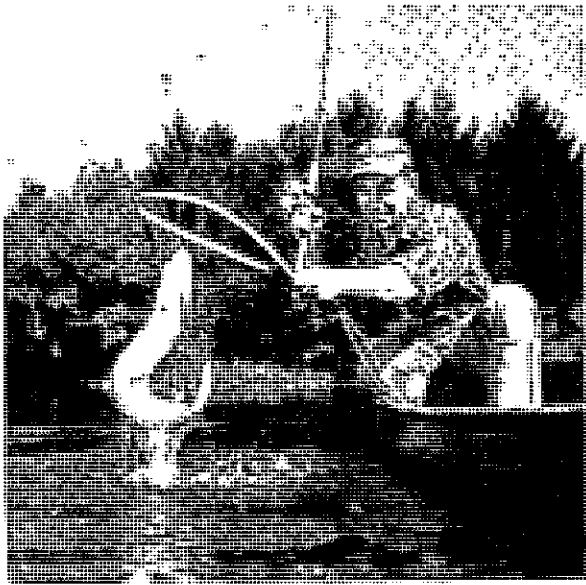

The Women's Society of the Greenbush Church served the dinner.

### 23 at St. Johns TOPS meeting

Twenty-three members answered roll call Thursday night at the St. Johns TOPS club to hear a weight report of 27 1/2 pounds lost and a 4 1/2 pound gain. There were 11 TOPS, 4 Pigs, 4 Turtles and 4 KOPS present.

Each member was asked to bring one washcloth to the next meeting, to present to the best loser for the week.

### Action...Cameras... Vacation Memories

You can bring back better pictures from this summer's vacation if you remember these simple tips: 1) the natural look—avoid posed group shots, and get as close as your camera and subject matter permit. 2) tell a story—let your camera look at a day's adventure as you do. 3) check the background—choose something plain. 4) don't punch it—press your shutter release gently. And don't forget, make us your source of picture taking supplies. We're always ready to help you.

## 4-H Club Chatter

By JOHN AYLSWORTH  
Extension 4-H Youth Agent

The Clinton County 4-H Saddle Horse Clubs held a very successful 4-H horse show, Saturday, at the fairgrounds, St. Johns. Sixty-one different 4-H members participated in the 18 different classes held. The largest class was the junior fitting and showing with 32 entries.

A number of the members entered six or seven different classes, while some of the newer members entered only a couple. For many of the members it was their first horse show experience and the training received should be very helpful to them in preparing for the fair as well as other shows. Leaders commented that they were quite pleased with the turnout of members and the cooperation of everyone who helped to make it a success.

This was the first combined county 4-H horse show put on by the leaders. Proceeds from this show will go into a fund for future 4-H horse barns at the fairgrounds. Interest in the saddle horse project has increased greatly this year as the saddle horse projects jumped from 121 in 1966 to 166 in 1967.

IN THE DISTRICT State 4-H Awards Program, Clinton county was very fortunate to have seven award winners out of a possible thirty-seven areas in region five, composed of 15 counties.

The winners are: Carol Sibley in Home Economics; Brenda Flegler in Foods and Nutrition; Ginger Simpson in Entomology; Dana Sue Hazle in Dairy; James Nichols in Community Beautification; Douglas Brook in Grain Marketing and Sharon Rossow in Health.

These members will now compete with the four other district winners for the opportunity to represent Michigan at the National 4-H Club Congress in Chicago for their project area. The winners will be selected by a committee, after reading their report forms and interviewing the delegates at the State 4-H Show, August 23. We wish the members the best of luck in further competition.

4-H members and leaders have the opportunity to attend an Entomology field training school, July 10-14, held at the Woodmar Farm on the west side of Lansing. The older members and leaders will receive an intensive

study of entomology under the guidance of two professional resource people. In the afternoon the younger members will attend sessions each day from 1-4 p.m. and receive training in the entomology project.

Anyone interested should contact the county Extension office for further details. This field school is limited to Clinton, Eaton and Ingham county people.

The County 4-H Talent Show will be held this Friday, at 7:30 p.m., at the high school auditorium, St. Johns. There will be about 15 different talent entries entered in the competition for the opportunity to represent the county at the District Show, July 10, at Mount Pleasant.

Don't forget the reservations and money are due Friday, at the Extension office, for the 4-H day at Detroit Tiger Stadium, Saturday, July 8, when Detroit plays the Boston Red Sox. The cost per member is 50 cents each, and an adult ticket can be purchased at the same rate at the ratio of one adult per five members.

Saturday morning, 28 County 4-H Service Club members left for their annual weekend canoe trip on the Manistee River. They paddled 50 miles over the two-day trip. I understand several of them upset and found the water a little chilly. It might cure a few of them of future canoe trips.

Judy Whitlock of St. Johns and Ed Johnson of DeWitt have been selected as the Clinton County delegates to the 31st Annual 4-H Club Conservation Camp, July 17-22, at Camp Shaw, Chatham, in the Upper Peninsula. They will be learning about conservation in the areas of land, water, forests, fish, minerals and wildlife. They will be representing Clinton county's 150 members in conservation.

Scores in the 4-H softball league turned in from last week show Olive over Bengal 26-5 in the Green League, while in the white league, Fowler Busy Bees won over the Olive Girls 15-5.

members. Mr Hazle discussed the responsibilities of the members to the club and to their projects. Members reported on their projects being taken this year.

Officers elected included Kathy Hazle, president; George Rosner, vice president; Mary Pino, secretary and Susan Bracey, news reporter. The club will be meeting Monday evening, with a discussion on fitting and feeding of livestock.

Future activities of the club include attending the County Dairy meeting, July 7, Area Beef meeting, July 22 and touring the Michigan State University Dairy and Stock farm, August 4.

The Stoney Creek 4-H club boys plan to attend the first Michigan State University football game. In July, the club will hold a family potluck dinner and go swimming.

Paula Barrett on outdoor foods, Gary East on Conservation and Donna Smith on foods. Phyllis Dershem was elected as the club's new vice president.

The Happy Hustlers 4-H club will construct a float for the county fair in August. The committee of Kathy Schaefer, Martha Mihalyi, Dorene Bauer, Dale Rennels and Kathy French with Mrs Peter Kurnez, will be in charge of the construction.

Illustrated talks were given by Denise Makara on pollination; Patsy Fox on vegetable garden; Ann Kurnez on flower reproduction; Gloria Kurnez on a safe garden; Nancy Zuker on parts of

## 4-H'ers, their parents told they must think for themselves

Teen-age 4-H'ers and their parents were told last week at MSU to think for themselves rather than "go with the crowd."

Following a theme of "Teen Citizenship" during the 49th annual 4-H Club Week, more than 1,200 teen-agers from all over Michigan heard Dr Owen Morgan and Morley Fraser, among other speakers.

Dr Morgan, Director of the Skillman Center Program at the Merrill-Palmer Institute in Detroit, said teen-agers must have the courage to challenge the "they" concept, and live their own lives.

DR MORGAN SAID teens must learn to take over their own lives, and live them responsibly, "basically on their own steam." This must be done in a responsive way, Dr Morgan said. "Too many people sit around, waiting for someone else to give them their life, and fulfillment for that life."

He and Morley Fraser, head football coach at Albion College, challenged teens and parents to make their own decisions based on what is right for them, and not influenced by others.

Challenging the concept of "they" — that vague, undefined force of "everyone else," is essential to becoming an individual and living one's own life in this mass society, Dr Morgan said.

FRASER DISCUSSED the parents' role in making mature, responsible citizens of their teen-agers.

Fraser said parents also have a responsibility not to follow the crowd. Parents who always say "yes" because other parents do, don't really love their children. "Right now 'no' is the most important word in the English language, but many parents don't know how to use it," Fraser said.

## WCTU has all-day meeting

The June meeting of the Mary Smith Union of WCTU was an all day meeting held at the Church of God last Monday.

Research is the key for tomorrow as the theme selected by Mrs Raymond Bursley of the third district, who conducted the meeting. What is prayer around the world was discussed during the morning session. Prayer was offered by Mrs Gordon Salisbury and Mrs Lillian Sanders of Ovid accompanied the group singing at the piano.

### Celebrate fortieth anniversary

Mr and Mrs Harold Platte of Westphalia celebrated their 40th wedding anniversary with a family dinner at the home of their daughter and son-in-law, Mr and Mrs Frank Koentgenknecht, of 508 Nugget Drive, Lansing, Sunday afternoon.

The couple has 11 other children, Mrs H. A. Miller of Lansing, Jerry Platte, Mrs Herman Genterblum and Armon Platte of Portland, Mrs Joseph Esch of Pawamo, Bernard Platte of Wacousta, Mrs Paul Thelen of Fowler, Edward, Ellen and Delbert of Westphalia and Miss Beatrice of Fisherville, Va.

During the past week Sr. M. Roselina, SCC, called on her brothers, John and Herman Leneman during her four day visit with her brothers and sisters.

Wednesday evening Sister Roselina was honored at an open house at the home of Mr and Mrs Urban Fox of Fowler. Attending from this community were Mr and Mrs John A. Thelen and Mrs Elizabeth Fedewa.

Recently Mr and Mrs Frank Smith and family moved into the home formerly owned by Mr and Mrs Larry Spitzley. Their son, Mr and Mrs Alvin Smith and family, are now occupying the home left vacant by his parents.

Sunday afternoon Mrs Bernita Thelen was guest of honor at a birthday dinner at the Fowler Hotel. Following the dinner, members of the Thelen family spent the remainder of the afternoon at the home of Mr and Mrs Charles Hallman.

Sister M. Joanna, SCC, spent from Wednesday through Sunday visiting her brothers and sisters.

Miss Dorothy Beachna, daughter of Mr and Mrs Esten Beachna, accompanied Mrs Peter DeMarco and daughter Patricia to New York where they called on several relatives of Mrs DeMarco.

Mr and Mrs Edwin Schueller and daughters, Bernice and Karen and Mr and Mrs Larry Schueller

### Wedding

The deadline for wedding information in the Clinton County News is 5 p.m. on the Thursday preceding publication. The News cannot guarantee immediate use of stories submitted after that time. This deadline is necessary to insure fairness to all parties and to all types of news. No wedding stories will be delayed more than one week.

If publication of a wedding story is desired in the first publication after it takes place, information should be submitted prior to the wedding and by the established Thursday deadline. Wedding information blanks are available at the County News office.

ATTENTION ALL FARMERS!

The new Workmen's Compensation Law regarding farmer-employee, becomes effective July 1, 1967. This will affect all farmers using hired help and nullifies the coverage you have been carrying under your regular farm policies. If you hire even casual help during hay time you need this insurance. I can provide adequate coverage for this exposure along with your regular farm insurance at very attractive rates.

## ★ IN MEMORIAM

In loving memory of our husband, father and grandfather, Arthur Martens, who passed away one year ago June 30: BEYOND THE SUNSET Should you go first and I remain, to walk the road alone; I'll live in memory's garden, dear, with happy days we've known. In spring I'll wait for roses red, when faded, the lilacs blue; In early fall when brown leaves fall, I'll catch a glimpse of you. Should you go first and I remain, for battles to be fought; Each thing you've touched along the way will be a hallowed spot. I'll hear your voice, I'll see your smile, though blindly I may grope; The memory of your helping hand will buoy me on with hope. Should you go first and I remain, one thing I'll have you do; Walk slowly down that long, long path, for soon I'll follow you. I want to know each step you take, so I may take the same; For someday down that lonely road, you'll hear me call your name. 10-1p

## ★ IN MEMORIAM

In memory of our mother, Patience Devereaux, who passed away one year ago June 27th. She will always be dear to us. —Her sons and daughters, and family. 10-1p

## ★ CARDS OF THANKS

We wish to thank Al Brunner, Fire Chief, and the Maple Rapids Fire Department for the splendid co-operation and the many hours they gave in burning down the old Homemaker's Building; To clear the land for our new Mobile Unit Chapel. God bless you all. —St. Stephen's Episcopal Mission. 10-1dh

I wish to thank my relatives and friends for their prayers, visits and cards I received while I was in the Ingham Medical Hospital. Also, Rev and Mrs Green, and Rev McLaughlin for their calls and prayers; and the ladies of the St. Johns Baptist Temple for the plants. —Mrs Fern Hainer. 10-1p

We wish to express our sincere thanks for all the acts of kindness shown to us in our recent bereavement. A special thanks to the Bingham and Bengal ladies for preparing and serving the meals for us and for the food brought into the home. Thanks also to Dr Grost, Clinton Memorial Hospital and staff, and the Osgood Funeral Home for their help. —The family of Rev A. L. Spafford. 10-1p

I wish to thank Drs Grost, Russell, Stephenson, nurses and nurses' aides for their wonderful care while in the hospital. Also thanks to my relatives, friends and neighbors for their visits, cards and gifts. They were all deeply appreciated. —George French. 10-1p

I wish to express sincere thanks to all my friends, relatives and old neighbors for their prayers, cards, gifts and visits during my recent illness and confinement in Central Michigan Community Hospital in Mount Pleasant. —Mrs Helen Stephens. 10-1p

## ★ CARDS OF THANKS

I wish to thank the staff at Clinton Memorial Hospital and Dr Grost for the care and concern while I was in the hospital recently, also thanks to my neighbors, Mrs Ganton and Mrs Conklin and daughter who rushed me there in the emergency. —Birdaline Smith. 10-1dh

I wish to express my thanks to my family, neighbors, friends, the D. of I. for cards, foods, and gifts I received during my illness. —Mrs Donald Schafer. 10-1p

We wish to thank our relatives, neighbors and friends for their kindness shown us at the time of illness and death of our beloved one, Ida Schafer. To Dr Grost and nurses at Clinton Memorial Hospital, to our relatives and friends for preparing and serving lunch, for all the beautiful flowers, memorials, and cards of sympathy. Also to the pallbearers, Osgood Funeral Home, and to Rev Moeller for his visits and comforting words. —Mrs Leonard Race and family, and Mrs James O'Connor and family. 10-1p

We wish to thank the hospital staff, Drs Russell and Stephenson for their good care. We wish to also thank those who sent flowers, cards and fruit. —E. W. Trumble. 10-1p

We wish to express our appreciation and say thanks to our relatives and friends, for making the observance of our 40th wedding anniversary such a happy occasion. Thanks again. —Deone and Gerald Starling. 10-1p

I wish to thank Dr Grost and hospital staff for their thoughtfulness and care; Pastor LaDuke and the Elsie Bible Baptist Church; relatives and friends; for their prayers, visits and cards during my stay in the hospital and since I've been home. God bless each one. —Mrs Marian Orweller. 10-1p

# County Head Start program begins third year

Clinton county's Head Start program began life anew Thursday, June 22, for the third straight year and will continue for eight weeks until Aug. 11. Head Start, a summer course for those pre-kindergartners who would otherwise be deprived of needed educational growth, is designed for children of low-income families.

For the third year, the county coordinator will be Mrs Ethel Huot, principal at St. Johns-Sweiges Street School. She will direct the program with funds that will come through the office of the county school superintendent, Carl Bates. This year's appropriation is slightly more than \$52,000.

To aid her in her duties, Mrs Huot will have two social work-

ers, Mrs Ruth Wesner and Mrs Ruth Cowan, and a nurse, Mrs Ann Lerner.

THIS YEAR'S COUNTY program has a total enrollment of 172 children. They will receive instruction Monday through Friday, from 9 a.m. to noon. Eleven classrooms in seven centers have been provided for their use, meaning an approximate total of 15 students per class.

The centers and the number of classrooms in each are as follows: St. Johns, 3; Bath, 2; Ovid, 2; Elsie, 1; Fowler, 1; Pewama, 1 and DeWitt, 1.

Teachers and their aides for each center are as follows: St. Johns—Mrs Laura Mosher, Miss Evelyn Putnam and Miss Barbara Stiffler, teachers; Mrs Margaret Davis, Miss Marsha

Mizga and Mrs. Cathy Brya, aides.

Bath—Mrs Lura Clife and Miss Dorine Gamble, teachers; Miss Elaine Kuntz and Mrs Mary Delamarter, aides.

Ovid—Miss Marianne Behrens and Mrs Mildred Zimmerman, who will be relieved by Miss Catherine Behrens, after two weeks, teachers; Miss Judy Rivest and Miss Joellen Wonsay, aides.

Elsie—Mrs Berthanne Nicholas, teacher; Miss Barbara Horak, aide.

Fowler—Mrs Marcella Edinger, teacher; Miss Ann Matthews, aide.

Pewama—Mrs Marie Blauwlekel, who will be replaced by Mrs Lucille Kramer, teachers; Mrs Mary Dellar, aide.

DeWitt—Mrs Marcla Ames, teacher; Mrs Don Dabis, aide. Daily, the children will be fed a meal at noon and a snack in the forenoon. Cooks have been hired and the preparation of the food will take place at each center.

The cooks are: St. Johns, Mrs Betty Hicks; Bath, Mrs Josephine Miller; Ovid, Mrs Alice Miller; Elsie, Mrs Orlo Mead; Fowler, Mrs Helen Fox; Pewama, Mrs Eileen Trerwielier and DeWitt, Mrs Fern Wellington.

Another feature of the local program is the medical examinations the students will undergo. To facilitate them, two technicians have been retained; Mrs Geneva Cornell and Mrs Merceda Harper.

Not a nursery school, Head

Start has as its aim to acquaint the child with classroom procedures, so that when he begins his formal education he will be better equipped mentally to cope with the competitiveness that he will encounter.

## Summer wardrobes need extra care

By HELEN B. MEACH  
Extension Home Economist

The first day of summer has come and summertime living can be hard on hot weather wardrobes. Bright sun, sand, lake water and oily or chlorinated fresh water all constitute hazards to bathing suits. Just rinsing under running water won't wash away salt deposits, chlorine, sand crystals sharp enough to cut fabric and other foreign matter. Also, some zippers rust if over-exposed to treated water. These are all good reasons why suits should be swished through warm soap or detergent suds after each swim in river, or pool.

bleach on white fabric. Then wash promptly in clean suds.

JUVENILE SNEAKERS will come cleaner quicker if you apply thick suds with a stiff brush and let this coating "set" half an hour to loosen the dirt. Then put the footwear into the washer along with a load of towels to serve as buffers.

Scarves — which catch summer dust and absorb hair oil and lacquer — need to be washed often. Try the "paste up" trick with scarves and handkerchiefs. After sudsing and rinsing, press the wet piece against a tile wall or over the side of a bathtub and spread it flat with your palms. It will cling and dry over the rim of a tub.

To make your summer wardrobe give you the best wear spend a little extra time for care — it pays.

Add food coloring to plastic starch to make fingerprint that washes out of clothes easily.

### Canning tips from an expert

If you're canning this summer, avoid future disappointment by heeding these words of caution from Extension food specialists at Michigan State University.

Mrs. Portia Morris recommends that when canning with glass jars, be sure jars are out of drafts when removing them from the canner. If they do not have self-sealing lids, complete the seal immediately. Don't keep jars from cooling. Put them on a rack or folded cloth, but do not cover them! Be sure the jars are top side up.

If you're using tin cans, you can stop the cooking and speed cooling by plunging the cans in cold water as soon as they are removed from the canner. If you remove cans from the water while they are still warm, they will air dry.

To speed final cooling when you slack cans, stagger them to allow air to circulate them.

After the containers have cooled, it is wise to wipe them and then label each jar or can with date of canning and contents. If several lots are canned in one day, you can ease your labeling job by marking them by lot number.

Store canned products in a cool, dry place away from sunlight. Also, protect them from heat and freezing, the specialist recommends. Dampness also may cause cans or metal lids to corrode or leak.

DONALD TUNMORE

## Returns to England after 20 year absence

By SANDI RATHBUN

It was 20 years since Donald Tunmore of 3200 S. DeWitt Road, St. Johns, had been back to his native country. So May 23 he boarded a plane for England.

He spent three weeks there seeing the places he knew as a child. While there he stayed with his brother, George Tunmore, who lives in London and his sister, Mrs. George Bishop. Mrs. Bishop makes her home at Hickling-Norwich England, which is about 20 miles from the area Tunmore grew up in.

While visiting England, Tunmore celebrated his 82nd birthday. He says if he feels as well as he does he plans to be there for his 92nd birthday.

ALTHOUGH TUNMORE came to the United States when he was 29, he still retains traces of a British accent.

His first home in the United States was in Marquette. He later lived in Pontiac before coming to Clinton county in 1930. He and his wife, the former Cora Stockwell of Pontiac, lived on a farm on Maple Rapids Road until 1960, when Tunmore retired from farming. They then moved to rural St. Johns.

He found England changed since his last trip there. There seem to be fewer small farms, much use made of American farm machinery and during "tea" breaks, some even drink coffee.

English wages are lower than American wages but prices for goods are about the same.

Tunmore found the weather typically English—cool and not very much sun.

Few frame houses are built in Great Britain but some homes still have thatch roofs. A thatch roof can last for 30 years. Most houses there are built of brick and have tile roofs.

Mrs. Tunmore visited with friends and relatives in Pontiac while her husband was in England.

TUNMORE, SINCE he retired from farming, does a little bit of everything including carpentry to keep himself busy.

Every Thursday morning he teaches a Bible study class at Rivard Nursing Home, Inc. Mrs. Tunmore plays the piano for hymn singing which follows every study period.

### Must women wait until 1980?

Homemakers will be able to buy "instant," convenience foods of all kinds by 1980, according to Michigan State University scientists.

Among those available will be an acceptable whole milk powder, sterile aseptically packaged whole milk, instantized dried beans, freeze-dried cottage cheese, pre-fried canned irradiated bacon (that needs no refrigeration), freeze-dried meats and pre-packaged boneless frozen meat cuts.

Some meat substitutes will be commercially produced by 1980, say the researchers, but unless manufacturing costs go down they will be too expensive for general use. They say these substitutes will likely be consumed by persons requiring special diets.

"GIVE UP?"

"A FAST-RECOVERY ELECTRIC WATER HEATER, SILLY!"

Save \$25 ON THE INSTALLATION OF A FAST-RECOVERY ELECTRIC WATER HEATER

This offer applies only to residential electric customers of Consumers Power.

A water-heater that keeps water piping hot but is cool to the touch — one that does a vanishing act to a place under the stairs or in a bathroom linen closet — that gives an abundance of hot water so that your dishwasher and washing machine have all the cleaning power they need... that's a riddle full of reasons for choosing a fast-recovery electric water heater!

Fast-recovery electric water heaters have lots of other advantages... they're easy to install, economical to run (with Consumers Power Company's SPECIAL LOW water heating rate for fast-recovery electric water heaters), completely automatic and absolutely silent. Make your next water heater a fast-recovery electric water heater, and live better... ELECTRICALLY.

### Mrs Phelps hosts Christian Union

The Longcor-Dennis Christian Union met Wednesday, June 13, at the home of the president, Mrs Florence Phelps.

The meeting was called to order with hymn singing, followed by the pledge to the flag and a poem entitled "Michigan Week" was read.

The program theme for the month was United Fellowship, however, owing to the several items of business, the program was dispensed with.

Election of officers was held and it was moved the officers be re-elected for another year. During the afternoon a silent auction was held, the proceeds to be sent to the Michigan Temperance Foundation.

The Aaronic benediction closed the meeting. The July meeting will be held at Gumaer Memorial Park with a potluck.

Robert, 13, son of Mr and Mrs Robert Burns, entered Owosso Memorial Hospital Sunday for treatment.

Mr and Mrs Harold Fink and Mrs Clara Somers were weekend guests of relatives at North Bay, Canada.

Seventy members of the Catholic Order of Foresters, St. Mary's Court, attended the June meeting, Tuesday evening, at which the 50-50 drawing was held. Fr Walter Spillane, assistant spiritual director, was also present and drew the lucky winner.

St. Mary's Court presented St. Mary's School Library Fund with \$335. Fr Spillane expressed his gratitude in the name of St. Mary's School. Special thanks are due to Bruce Thelen, Louis Hengesbach and the members of their committees for the excellent way in which they worked the affair.

Thirty-Six hopeful juvenile members of St. Mary's Court left Westphalia at 9 a.m. to attend the Catholic Order of Foresters Baseball Day at Tiger Stadium, Saturday, June 17. At the time of their departure, it was raining intensely in Westphalia. However, their day was completed since the rain had ceased by game time in Detroit and their idols, the Tigers, won the first of the double-header. Chaperones for the event were Mathias Schuller, Bruce and Ken Thelen, aided by Isidore Schmitt.

The Anthony Thelen family held a Father's Day gathering at the home of Mr and Mrs Donald Schneider. Present for this occasion were Mr and Mrs Tom Simon and family, of Portland, Mr and Mrs Donald Thelen and family and Mr and Mrs Bob Hengesbach and family.

Mr and Mrs Stanley Fedewa and family of Plymouth spent the weekend with his mother Mrs Margaret Fedewa.

Mrs Elizabeth Fedewa had as Sunday guests Mr and Mrs Joe Lipinski and daughters of Temperance, Mr and Mrs John VanAcker and family and Mr and Mrs Jim Fedewa and family.

On Saturday evening, the immediate families of Mr and Mrs Simon Smith gathered at their home to honor them on their 20th wedding anniversary. Following an evening of card playing, a potluck lunch was served. The guests presented the honored guest with a lovely group gift.

Present for this gathering were: Mr and Joseph Smith, Miss Marie Pohl of St. Johns, Mr and Mrs Leo Rockey of Portland, Mr and Mrs Bob Barker of Pawama, Ambrose Smith, Mr and Mrs Joseph Hanes, Mr and Mrs David Hanes, Mr and Mrs Reynolds Hanes, Mr and Mrs Robert Spitzley, Mr and Mrs Reese Hattis and Mrs Mary Smith of Fowler.

### Life With The Rimples

### By Les Carroll

### Elsie

By MRS. NEVA KEYS, Correspondent

(Omitted last week)

**CLASS OF 1917 MEETS**  
 The 50th anniversary of the 1917 graduating class of Elsie High School was held at the home of Mr and Mrs Manley Engbreton with eight members of the small class present. The members were: Thelma Chamberlain Mixer of Englewood, Fla.; Vivian Waldron Menter of St. Louis; Hazel White Green of Mantou; Mabel Tillotson Tompkins of Lake Ann; Miss Ruby Gibbs and Gerald Bates of Saginaw and Linda Carter Schumacher and Bethel Dodge Engbreton of Elsie. Others present were Leigh Mixer, Mrs Gerald Bates and Manley Engbreton. They spent the afternoon in reminiscing and viewing old school pictures and taking new ones. Mrs Mixer re-read the class prophecy she wrote a half century ago. Dinner was served at the Village Inn.

Carolyn Tribelner was honored at the home of her parents, Mr and Mrs John Tribelner of rural Elsie, Sunday afternoon following graduation from the Ovid-Elsie High School. Classmates, relatives and friends were present from Mr. Pleasant, Shepherd, Flint, Lansing, Owosso, St. Charles and Elsie area towns. Carolyn plans to attend Ferris State College at Big Rapids.

Thelma Dunham, daughter of Mr and Mrs Dean Dunham of Elsie, a member of the Page 4 Corners' 4-H Club, was a delegate to the 1967 State 4-H Club Week held at Michigan State University last week.

**MSU GRADUATE**  
 Lotta Stewart Kidas of Elsie was among the graduates from the College of Education of Michigan State University Sunday afternoon.

In the audience were her husband, Stanley, and their four children, Ronnie, 14; Sue, 12; Diane, 10 and Dawn, nearly 8. Her parents, Mr and Mrs Asa Stewart, of Elsie, were also in the audience.

Next week Mrs Kidas, who has been teaching third grade at Knight Elementary School, will complete her duties in directive teaching at the Red Cedar School, East Lansing. She will teach in the Elsie area next fall.

Long before graduation from Elsie High School in 1951, Mrs Kidas dreamed of attending col-

lege, but marriage and the arrival of four children interrupted this dream. It was not until 1962, when Mrs Kidas, through a course from the Television Classroom of the Air, was given impetus to continue her education. From then on, it was a series of summer schools and night classes, driving daily to her classes; until the realization of her dream on Sunday.

All members of her family felt a pride in the part they had played during this achievement.

**VACATION CHURCH SCHOOL**  
 A sharing program at the Methodist Vacation Church School was part of the Sunday morning worship service.

About 70 boys and girls participated in the week-long program under the direction of Mrs Duane Green and Mrs Harold Hehrer.

Mrs Gene Stouffer and Sharon Dunham assisted with the music, while volunteer instructors (previously announced) and these student helpers—Dottie Bloomer, Janice Hibbler, Pam Loznak and Cindy Lentz—directed the lesson topics.

Mrs Bill Moore was in charge of refreshments and Mrs Merle Baese and Mrs William Baker directed the nursery activities.

The offering was donated to five worthy projects: Jessie Lee Home, Anchorage, Alaska; New Hope, Sioux City, Iowa; Mobile Medical Clinic materials; literacy supplies and Tranco, television's ministry, which is particularly for children.

**NOTICE OF MORTGAGE FORECLOSURE**  
 Default has been made in the conditions of a certain mortgage dated January 25, 1962, made by Roe Edward Cortright and Geneva C. Cortright, husband and wife, of DeWitt, Michigan, to J. S. Gleason, Jr., Administrator of Veterans Affairs, Veterans Administration, Washington, D.C., said mortgage being recorded in Liber 233, pages 491, 492, 493 and 494, Clinton County records.

Wherefore, the entire unpaid balance is declared due and payable in the amount of Nine Thousand Six Hundred and Twenty Five Dollars and Sixty-Seven Cents (\$9,625.67), and no suit or proceeding at law or in equity has been instituted to recover the debt or any part thereof, secured by the mortgage, and the power of sale contained in the mortgage having become operative.

Notice is hereby given that on Monday, September 25, 1967, at 1:00 P.M. in the afternoon, at the front door of the Courthouse in the City of St. Johns, Clinton County, Michigan, there will be offered for sale and sold to the highest bidder at public auction, for the purpose of satisfying the amount due and unpaid on said mortgage, together with all legal costs and charges of sale, including attorney fees, as provided by law in said mortgage, the premises described in said mortgage, to-wit:

Lot 18 and the East 7 feet of Lot 17, Evelyn Cutler Replat of Lot 21 of Viewcrest River Addition to the Village of DeWitt, Clinton County, Michigan.

Default has been made in the conditions of a mortgage made by Gerald J. Neely and Yvonne Neely, his wife Citizens Mortgage Corporation, a Michigan corporation, Mortgagee, dated June 18, 1965, and recorded on July 28, 1965, and recorded on July 28, 1965, in Liber 243, on page 871, Clinton County Records, Michigan, on which mortgage there is claimed to be due at the date hereof the sum of Eighteen Thousand One Hundred Forty-Seven and 70/100 Dollars (\$18,147.70), including interest at 5 1/4% per annum.

Under the power of sale contained in said mortgage and the statute in such case made and provided, notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises, or some part of them, at public vendue at the entrance of the Courthouse in St. Johns, Michigan, at 10:00 o'clock A.M. Eastern Standard Time, on Friday, September 22, 1967.

Said premises are situated in the City of Lansing, Clinton County, Michigan, and are described as:

Lot No. 12, Clinton Village, a Subdivision of the E. 1/2 of the S. 1/2 Section 27, T. 3 N., R. 2 W. DeWitt Township, Clinton County, Michigan, according to the recorded plat thereof as recorded May 21, 1951 in Plat Book 2, page 31, said Clinton County Records.

The length of the period of redemption from such sale will be six (6) months.

Dated: June 22, 1967.

ASC-PROGRAM

Winter cover crops are valuable practice

The Winter Cover Crop practice is a conservation practice to assist farmers in the establishment of vegetative cover for winter protection from erosion. Cover crops also help build up the soil. Therefore, we encourage the use of this practice.

consistent with good management may be permitted but none of the growth may be harvested for hay, silage, or seed; Volunteer stands will not qualify for cost-sharing.

ELIGIBLE SEEDS are sweet clover, domestic ryegrass, annual brome, winter barley, rye, and wheat. Sweet clover must be seeded by Aug. 31, domestic ryegrass and annual brome by Sept. 15, winter barley and wheat by Oct. 15, and rye by Nov. 1.

W. M. SMITH County ASC Manager

THE COST-SHARE assistance varies with the kind of seeding used.

There are different methods of seeding winter cover. Many use tractor grass seeders, or a hi-boy seeder while others have the winter cover applied by airplane.

THE COST-SHARE assistance for seeding by airplane or hi-boy is seventy-five cents per acre. Cultivation and seeding, \$1.50 per acre. Disking and seeding, \$1.50 per acre.

Farmers interested in earning assistance for the conservation practice or any other conservation practices should come to our office at 100 South Ottawa Street, St. Johns, Michigan where we will be glad to discuss your conservation problems and explain the different conservation practices available for farmers in our county.

FARMERS WHO wish to sign up to receive cost-share assistance, and are unable to come to our office, may phone our office (224-3720) and make their request, we will then mail out an application and practice requirement sheet to them.

Remember, you must make a request for cost-share before you start a practice to be eligible for assistance.

It takes about 70,000 blue corduroy jackets each year to satisfy the demands of FFA members throughout the nation.

Ormston farm on management tour

Fourth-generation farmer R. Lee Ormston of Clinton county will be one of four hosts for the State Farm Management Tour Tuesday, Aug. 1.

Ormston lives four miles northeast of St. Johns at Chandler and Walker Roads. His 324 acres are devoted, primarily to producing feed for 65 high-quality Guernsey dairy cows, although he grows some wheat and soybeans as cash crops.

The Ormston farm is a family operation, with the father, Frank H. Ormston, owning part of the land and the dairy herd in partnership with his son.

Ormston planned "from his boyhood" to farm, and was active in 4-H and Future Farmers of America activities in his high school days at St. Johns. He attended Michigan State University, where he studied agriculture in the short course program.

THE ORMSTON FARM is one of two alternate morning stops on the State Farm Management Tour. The other is the combination beef and mint oil farm of Robert Halsey and Richard Woodhams, a mile north of St. Johns. Both programs begin at 9:30 a.m.

The noon program and lunch will be at the Green Meadow Farm, Michigan's largest dairy farm, at Eisle. The Moore seed farm, northeast of Eisle, will be the afternoon stop.

Until Lee Ormston's marriage in 1954, he farmed with his father, Frank, on an informal wage arrangement for ten years. Then a formal partnership was set up between father and son. When Frank Ormston reached 65 years of age in 1959, he retired and the partnership was dissolved.

Ormston, 40, now rents his father's share of the farm's real estate and the dairy herd.

ONE OF MICHIGAN'S finest dairy calf housing units was built in a corner of an old barn on the Ormston farm in 1965. The 300-square-foot area has insulated walls and ceiling with electric heaters holding the temperature at 52 degrees in the winter.

The year before Ormston started in the new calf housing facility, he lost 17 of 46 calves.

In the first year in the new heated and well-ventilated unit, only 1 of 43 dairy calves died.

The housing system has four individual calf cribs for newborn calves. These have raised, expanded metal flooring. From individual pens the calves "graduate" to a larger pen where they are kept for several weeks. Then are moved into a third pen and kept until they are large enough to be vaccinated and turned outside.

Ormston keeps only his heifer calves and sells bull calves soon after their birth.

IN 1966, ORMSTON divided his 270 acres of crop land as follows: corn grain, 32 acres; corn silage, 30; oats, 40; alfalfa hay, 74; wheat, 19; soybeans, 69. A modified minimum tillage program is used with some fall plowing.

Alfalfa is not pastured but is dry-lot fed. Grass silage is made in a tower silo early in June for summer feeding and lasts until September when corn silage is available. Hay is field-chopped and blown into the hay barn for self-feeding. He prefers chopped hay to baling because of labor savings. Since Ormston purchased a field hay conditioner, he has not found it necessary to use the mower dryer.

After corn silage and soybeans are harvested the land is drilled to rye for a winter cover crop.

THE ORMSTONS HAVE had an all-registered Guernsey herd since 1912. The 65-cow herd averaged 4.8 per cent butterfat and just under 10,000 pounds of milk per cow last year.

Until 1956 the herd was housed in a conventional basement barn with 18 stanchions. Then expansion began, and a modern milking parlor with five stalls was built. The dairy herd expansion has been steady since that time and loose housing was added. An 80-foot auger bunk was built in 1962 to provide automatic silage feeding. Older heifers are housed in a converted 30-by-80-foot barn and fed chopped hay and some corn silage, but are not pastured.

In 1965 a freestall barn 50-by-105-feet with 108 stalls was added. Ormston hopes to gradually build the herd to near 100 head, and will do so by raising his own heifer calves.

Ohio finds potash is necessary

Potash hunger can creep up on you in today's high-yield agriculture, Ohio State University agronomist Harold Shoemaker warns the Midwest.

Ohio got "caught with its potash recommendations down," Dr. Shoemaker reports, and what they did to remedy it may give other states helpful tips.

TEN YEARS AGO Ohio State Extension emphasized phosphorus because so many soil tests were lower in phosphorus than in potassium. Then came high-N use, improved hybrids, minimum tillage, and earlier planting to siphon more and more potash from the soil.

Today the number of high-potassium soil samples has declined 15 per cent while those testing medium-low potassium have increased around 20 per cent. Plant tests show 35 per cent of the corn, 33 per cent of the soybeans, and 25 per cent of the alfalfa testing low potassium.

"WE LEARNED WHAT rota-

ORMSTON IS ABLE to operate the \$175,000 investment with an average of 1.8 men throughout the year, by employing a 14-year-old neighbor boy after school and in summer, by adding some other help during ensiling and haying time, and by having his father handle the dairy calf feeding.

Michigan State University agricultural economists point to the high efficiency of the operation. Machinery investment per tillable acre is \$68 and the value of production per man is approximately \$25,000. The farm sells \$543 worth of milk per cow annually and the total investment per cow is \$2,682.

soil test values on loam and silt loams. For example, a soybean grower seeking 40 bushels on a soil testing 100-149 pounds potassium (K) per acre should apply at least 50 pounds potash (K2O) yearly. Free copies of the Shoemaker report, giving recommendations for different yield goals of corn, alfalfa, and soybeans, can be secured through Dept. N, American Potash Institute, 1102 16th Street, N.W., Washington, D. C. 20036.

AGRICULTURE in ACTION

by M. L. Woell MICHIGAN FARM BUREAU

It is only natural that consumers want lower food prices, but what will happen to the price of food if prices continue to stay too low for the farmer to make a profit?

The chairman of the National Live Stock and Meat Board, C. O. Emrich, a livestock farmer from Norfolk, Nebraska says:

"Should the farm price situation fall to improve in keeping with the rest of the economy, more farmers will leave agriculture. This could cause a jump in food prices far beyond any this country has ever experienced; because, despite the efficiencies of modern agriculture, a steady exodus of farmers will eventually mean less food. And scarce items cost more money."

PRICES RECEIVED by farmers in 1966 were two per cent below the 1947-49 average. At the same time, farm costs reached a new all-time peak of \$33.2 billion. Farmers last year were still about \$900 short of equality with the rest of the economy, on a per capita income basis, despite a 76 per cent increase in per-acre productivity since 1920.

Current agricultural thinking indicates a trend away from government payments to farmers and recognition of the concept of farming as a progressive business operation rather than a traditionalized "way of life." To stay in business, farmers must have an adequate return on their investment and labor. Otherwise, they are forced to leave the farm, which many already have done.

In 1910, 35 per cent of total U. S. population lived on farms. Now, less than seven per cent live on farms and feed the rest of the nation, as well as a good part of the world. By 1970, it is estimated that only five per cent will live on farms.

MAX E. BRUNK, professor of marketing, Cornell University, declares that farmers are "no longer captives of an agrarian economy which offered only the opportunity of farming or starving. Farmers today have alternative employment opportunities. Either the farmer will get a price that will more than cover his input costs or he will shift to other more profitable pursuits."

## Elsie cows are high producers

Two Elsie farms were cited in a report by the Holstein-Friesian Association of America in connection with milk and butterfat production levels established by registered holstein cows at both places.

Michigan State University supervised the sampling, weighing and testing operations of each individual lactation in cooperation with the Holstein organization's herd and breed improvement programs.

The cows listed in the Holstein report are:

Lloydbank ArabSusie 5796776, a five-year-old, produced 17,010 pounds of milk and 699 pounds of milk and 315 pounds of butterfat in 305 days; Green Meadow Sovereign A Peg 574-8707, a three-year-old, produced 20,240 pounds of milk and 619 pounds of butterfat in 305 days.

Grau Rook Way Frieda 53962-77, a seven-year-old, had 18,280 pounds of milk and 611 pounds of butterfat in 305 days and May

Shady Spruce Souvenir 5648991, a five-year-old, produced 19,240 pounds of milk and 607 pounds of butterfat in 305 days.

All five are owned by Duane and Velmar Green, Green Meadow Farms, Elsie.

Two cows owned by William H. Knight, Elsie, were also mentioned in the report—Island Road Alena 5510604, a four-year-old, produced 18,220 pounds of milk and 644 pounds of butterfat in 305 days and Island Road Alantie 5667893, a three-year-old, had 16,970 pounds of milk and 601 pounds of butterfat in 305 days.

These new production figures may be compared to the estimated annual output of 8,513 pounds of milk and 315 pounds of butterfat by the average U.S. dairy cow.

## Relax loan requisites

Frank Light, Chairman of the Michigan Agricultural Stabilization and Conservation Committee, announced today that in the very near future eligibility requirements for producers wishing to borrow money from the Commodity Credit Corporation (CCC) to finance the purchase of farm storage structures and drying equipment will be relaxed. With the relaxation of these eligibility requirements, many farmers will be able to secure low interest loans to purchase and erect additional storage space and drying equipment.

All indications point to a bumper crop of all feed grains this fall, which will mean that the market price farmers will receive for their crops will be the lowest at harvest time. Producers who have their production stored on the farm and do not have to sell at harvest time will be able to take advantage of any price increase that occurs later in the marketing year.

LIGHT ALSO stated that producers who are eligible for price support loans will be able to secure storage payments at the rate of approximately 13 cents per bushel per year from CCC for any crop under price support stored on the farm after the first year in storage.

Producers needing additional storage space and wanting to borrow money from CCC should contact their local county ASCS office to determine their eligibility immediately. If they are eligible, they will have ample time to erect any storage facility needed prior to harvest time.

## Cropland retired from production

Since the opening of the 1966 Cropland Adjustment Program, the U. S. Department of Agriculture has accepted 5,200 agreements from Michigan farmers to retire 250,000 acres of cropland from production.

Mr. Frank Light, Chairman of the Michigan Agricultural Stabilization and Conservation Service points out that the Cropland Adjustment Program was enacted to retire land that was producing surplus or potentially surplus crops for not less than 5 years or more than 10 years. The annual payments to producers that comply with this program amount to approximately \$5 million. A producer cannot harvest any crops from this land and must maintain a vegetative cover to protect it from wind and water erosion.

Anyone wishing to make use of the areas open for public use may find out the location of these lands by inquiring at the local ASCS county office.

PRODUCERS MAY receive an additional payment for allowing

## 4-H offering six scholarships to college students

Six scholarships worth \$8,000 are among more than 300 4-H educational grants offered this year to former and present 4-H Club members, according to the National 4-H Service Committee.

Two are for \$800 each to be awarded to college sophomores or juniors majoring in agricultural courses that apply to crop protection and production. Donor is Chevron Chemical Company, Ortho Division, of San Francisco.

Four scholarships of \$1,600 each are provided by Homelite, a Division of Textron Inc., Port Chester, N.Y. These are available to college freshman who plan to major or minor in forestry.

All six scholarships are based on 1967 college enrollment. Winners will be announced by the Cooperative Extension Service during the National 4-H Club Congress in November.

TO BE ELIGIBLE, the candidate must have completed three years of 4-H Club work and submit a 4-H scholarship application form available from the State 4-H office. Scholastic standing, need for financial assistance and record of 4-H activities are considered by the judges.

Applications are processed through the State Extension office, and forwarded to the Na-

tional 4-H Service Committee by October 20. It is recommended that any college student wishing to apply should do so immediately.

More information can be obtained by contacting the county Extension office in the county court house, St. Johns, or by calling 224-3288.

**New county plat book available about July 1**

The new Clinton County plat book, sponsored by the 4-H clubs of Clinton County, has gone to the printers and should be available about July 1, the Extension office reports. Publishers are the Rockford Map Publishers.

The new books will be sold at the Extension office, treasurer's office and at various business places around the county. Profits from the sale of the books will be used to support 4-H activities.

The trend in Michigan egg production is toward large flocks of laying hens concentrated in modern "egg factories," according to the Michigan Department of Agriculture. Some Michigan farms have more than 40,000 laying hens in production at one time.

A newspaper ceases publication, an era ends

An era ends this week as Robert D. Martin, editor and publisher of the Ovid Register-Union, puts his last newspaper to bed.

The closing of the Register-Union leaves the Clinton County News as the only newspaper remaining within the county.

For everytime a newspaper closes, especially small weeklies, a bit more of history is lost to posterity.

Perhaps a few people can realize what a newspaper can mean to a community, but a local newspaper is the reflection of a community.

As the Register-Union leaves the scene, it is entrusting the Clinton County News with taking care of its area.

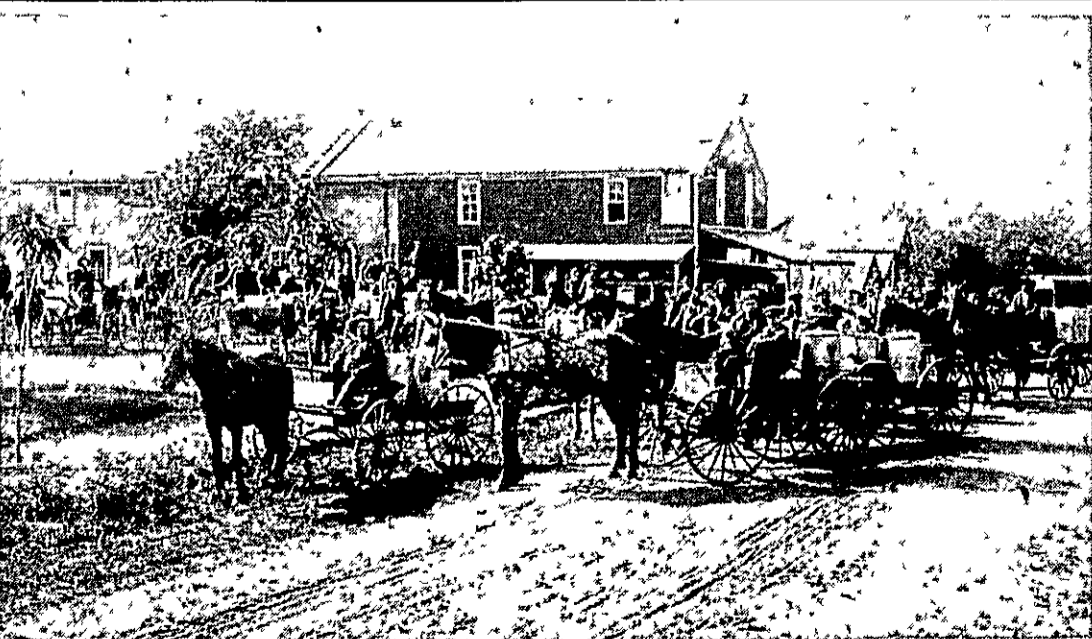

A simple method of fighting unborn crime

A recent report of the Federal Bureau of Investigation says, "Serious crime in the United States increased 11 per cent in 1966 when compared with 1965."

Legislation has been introduced in Congress which would provide for a \$25 million program to combat juvenile crime.

One simple "untried method" to help correct juvenile delinquency is never mentioned, probably because it would not take a large appropriation of money.

Five minute illustrations could be given from the daily newspapers showing what happens to individuals who fail to keep their hands off other people and other people's property.

AT THE OLD ELSIE CHEESE FACTORY

Here's another picture of activity around the old Elsie Cheese Factory, taken sometime prior to 1910, according to Mrs Hazel Beebe of Welling Road, R-3, St. Johns, who contributed the picture.

responsibility to fulfill the needs of this area with the things that only a newspaper can do, and this we will endeavor to do to the best of our ability.

We will increase our efforts to give the people of the Ovid area, and all of Clinton County, the news coverage that will be to their advantage, and to the merchant we offer the best advertising medium in the county to exhibit his wares.

The Ovid Register-Union has also entrusted the Clinton County News with carrying out its subscription obligations.

We regret the loss of the Ovid Register - Union, and a man, such as Robert Martin, from the newspaper industry.

RAMBLIN' with Rink

By LOWELL G. RINKER

Here's a contribution from a friend, and it's entitled "It's Later Than You Think" (must be I'm showing my age):

Everything is farther than it used to be. It's twice as far to the corner, for instance, and they've added a hill, I've noticed.

I've given up running for my bus; it leaves earlier than it used to. Seems to me they are making staircases steeper than they used to make them in the old days.

AND HAVE YOU noticed the small print they are using? Newspapers are getting farther and farther away when I hold them, and I have to squint to make out the news (Not so with us, fellas!)

No sense in asking to have them read aloud; everyone speaks in such a low voice I can hardly hear them. The barber doesn't hold a mirror behind me any more so that I can see the back of my head.

ON THE OTHER hand, people my own age are so much older than I am. I ran into an old classmate the other night and he had aged so much he didn't recognize me.

I got to thinking about the poor old fellow while I was shaving this morning, and while doing so I glanced at my own reflection in the mirror.

Confound it! They don't even use the same kind of glass in the mirrors any more!

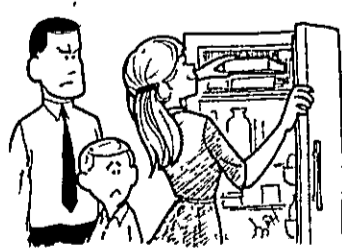

One of my pet peeves is probably one of your pet peeves. Frequently on holidays, and more and more on weekends, automobile drivers turn on their headlights to remind others to drive safely.

BUT THE thing that irks me is the driver who turns his headlights on to show he is safety conscious but who has the lights on high beam.

I have no argument with turning lights on, or with having automobile running lights, but, please, keep them on low beam.

STRICTLY FRESH

Do you remember when Mother's meals were carefully thawed-out?

One way to be popular is to listen to a lot of things you already know.

One robin doesn't make a spring, but one lark is often responsible for a fall.

A woman can be scared to death by a mouse, but she is usually willing to take her chances with a wolf.

If you want a place in the sun, you must expect to get some blisters.

The world is getting so fast and crowded that a fellow can't entertain a new idea without an appointment.

LETTERS TO THE EDITOR

Grange commends News

At our regular Grange meeting on Friday June 16, 1967, the following resolution was presented and passed:

"THEREFORE BE IT RESOLVED that we, the members of Olive Grange No 358, commend you for your fine editorial tribute, which you published in the Clinton County News, to the Grange organization."

We too are proud of the 100 years of accomplishments which our Order has achieved. At the same time we are fully aware that we will need to continue in our efforts to promote good sound legislation which will not only benefit agriculture, but, the entire country as well.

A.J. THELEN, SECRETARY Olive Grange No 358

Ovid-Elsie Jaycees send thanks

On behalf of the Ovid-Elsie Jaycees, I would like to thank the Clinton County News for the publicity we received on our charter banquet.

We would like to give special thanks to Lowell Rinker for the time he spent taking pictures.

Our banquet was a real success and from the way our chapter is getting started, we know it will be a success also.

RAYMOND POPE, JR. Secretary, Ovid-Elsie Jaycees

Election actions, remarks disheartening

As a young citizen and voter of St. Johns, I can't help but feel disheartened by not only the outcome of the recent election, but also of some of the actions and remarks made prior to Wednesday, June 21.

While talking with an elderly woman on Tuesday, June 20, she remarked, she was going to the lake that night but would be back to vote the next day. She then stated that no one was going to raise her taxes and that "they" had enough votes to make sure it didn't happen.

I THEN ATTEMPTED to explain how a yes vote on the charter amendment did not mean an increase in taxes and that actually her taxes for the next fiscal year had been lowered from 16.2 to 16 mills.

This particularly bothered me because I had planned on building in St. Johns in the near future and she left me with the feeling that it's all right as long as it doesn't cost her anything.

HOW SHORTSIGHTED can a person be not to see that the many years of education she, and her children, received were not fully paid for by the taxes she paid while she used the educational system.

I was told by many that they could not support the amendment because of "that Greer".

This should not have ever been considered in deciding this issue. But, since it was and now that the amendment has been defeated, perhaps these same people would like to write a want ad to attract a new city manager to St. Johns. In my estimation it would read like this:

Water Wonderland could be more wonderful

BY ELMER E. WHITE Michigan Press Assn.

MICHIGAN MAY BECOME even more a "water wonderland" if a proposal by John R. Snell is undertaken by the state.

Snell, former dean of MSU's College of engineering and now president of a Lansing engineering company, proposes that a 300 foot-wide channel connect a series of lakes to give Michigan an inland trans-state waterway.

Water from Lake Huron would be pumped into the channel inlet, somewhere near Port Huron. Using many available lakes and streams, the waterway would connect with the Looking Glass River near Lansing.

Water from Lake Huron would be pumped into the channel inlet, somewhere near Port Huron. Using many available lakes and streams, the waterway would connect with the Looking Glass River near Lansing.

Channels would be deep enough to handle cruisers up to 50 ft. in length.

AMPLE WATER SUPPLIES for much of the state would be one of the major benefits such a waterway would bring to the state. Many communities which now suffer water shortages would be provided with an endless supply from this sparkling, fresh resource.

He points out that, over a longer period, sale of water to municipalities, industry and agriculture could turn the project into a profit-making venture.

The state could net some \$20 to \$50 million annually, he estimates.

NO ESTIMATE OF TIME needed to complete such an undertaking has been given, and Snell hastens to point out that all of his studies have been preliminary.

The first step in undertaking such a venture would be through the legislature's authorization of more detailed engineering studies.

UNINSURED MOTORISTS who

pay \$35 each year in lieu of automobile insurance leave themselves wide open to financial hardship, notes Secretary of State James Hare.

The \$35 fee is not for their own protection. It is for the protection of the driver who suffers loss due to an accident caused by the uninsured. Victims are reimbursed by the state a maximum of \$10,000 per person for bodily injury with a limit of \$20,000 per accident.

TROUBLES HAVE JUST started for the driver and owners of the vehicle. They immediately lose their driver licenses. License plates from all vehicles registered to the owners of the uninsured vehicle are removed.

The law holds driver and owners "jointly and separately" responsible. Neither plates nor licenses are returned until total reimbursement is made, or until "financial responsibility" is proven and a "realistic payment plan" is reached.

Financial responsibility can be proven by: depositing \$25,000 with the state treasurer; posting a \$25,000 bond; by purchasing expensive financial responsibility insurance.

Once financial responsibility is proven, the state will agree to a repayment plan as long as the amounts are paid on a regular basis and are large enough to guarantee total reimbursement within a reasonable period of time.

VICTIMS CAN TAKE action against the uninsured driver to collect the \$200 the state does not pay. The state will refuse to

return license and plate until it is paid.

If the accident is severe and the judgment exceeds the \$15,000 maximum, the uninsured motorist is still responsible for the balance.

Headaches and hardships which could result from not having liability insurance are so great that the cost of proper insurance seems small.

GRASSROOTS OPINION

ROSSIAN, IOWA, BEE: "The American culture, or lack of it, our society in general, is so diverse and many splendored it is often hard for our boys and girls to know who to admire."

SANTA PAULA, CALIF., CHRONICLE: "The President can halt strikes against the public interest for a cooling-off period while strikers and management reconsider their situation and, hopefully, reach a meeting of minds."

But what about local strikes that impede the economy, or deprive large areas of transportation that might choke off supplies and put masses of people at the mercy of the strikers.

The law halting strikes against the public interest should be extended to the states to enable governors to halt them when they are obviously causing distress to innocent third parties."

Why?

There's reason for most everything Upon this good old earth. Some help us economically, Some and some produces mirth.

Some list as current curios, Of a forgotten age, Some rate experimental, With research all the rage.

Some serve as counter-irritants 'n some are mere decoys. There's multiples of usage By divers girls 'n boys.

But what in thunder is the use By name—or incognito— Has anyone one kindly word For a blanket—blank mosquito?

## The "Low Down"

From the Congressional Record  
By Joe Crump

### Should stop pork barrel spending

Senator William Proxmire (Wis.) "... The prospects for a gigantic Federal deficit in the coming fiscal year loom larger every day. The chairman of the House Ways and Means Committee indicated a few days ago that we face a potential deficit in the fiscal year beginning July 1 of \$29.2 billion. This is a frightening figure. . .

"Surely, this alarming figure will jolt the Congress into recognizing that in this inflation-prone economy in which we have been living recently the priority need is for a reduction in expenditures. . .

"The reductions that I am proposing will not give rise to any irreparable deficiencies or to any serious dislocations in the economy. These reductions are as follows:

"Public works is certainly a category inviting reductions and stretching out of expenditures. . .

As a matter of fact, on the basis of our experience in past wars, in the Korean War and World War II, here is where Presidents have either completely suspended Federal spending or sharply cut it back; but I think this is the highest expenditure on nondefense public works in the history of our Nation by far. Over a billion dollars is recommended for the Corps of Engineers and \$3.6 billion for the highway program. I think much of this is political "pork barrel" and should at least be postponed until the economic and military demands are reduced.

"A second area where expenditures could be postponed is the space program. I feel that post-Apollo funds can be cut by over a billion dollars. This would postpone such projects as a soft landing on Mars, which has nothing to do with our present goal of a Moon landing.

"A third area which invites reduction is in the development of the supersonic transport. The Federal Aviation Administration is requesting \$198 million for fiscal 1968. If this amount is approved it would raise our total appropriations for the SST to \$729 million. At a time when we must carefully scrutinize the priority of our expenditure, we certainly

can forego this expensive frill. "Finally, I think we can curtail military costs by further reducing our troop strength in Europe. I have welcomed the administration's decision to cut our forces there by 35,000 as part of the recent agreement reached with West Germany and the United Kingdom. This is an encouraging start, but will still leave about 225,000 troops there. There will still be nearly 1 million American citizens there, including dependents. I think we can make further substantial reductions which would materially help our balance of payments as well as our budgetary deficit.

"I think that the expenditure decreases that I am advocating would have a selective impact upon the economy, particularly since it would involve a postponement and not a cancellation of the programs for the most part. It would, I believe, have a less depressing effect on business than an across-the-board tax increase. . .

A GRASSROOTS COMMENT  
It is easier to go deeper in debt, than to take the pressure that goes with declaring, "We can't afford it."

"The administration would add greatly to its stature if it laid the cards on the table" and stated, "National defense comes first. As long as we have to spend these large sums for the Defense budget, other programs will, of necessity, have to be curtailed."

The walling would come largely from the lobbyists and their public relation retainers. The public would understand the need, and applaud. —J. C.

### Letters . . .

Continued from page 12-B

"WANTED —CITY manager, must be graduate engineer skilled in labor relations, public relations and child psychology. Must be willing to take pay cut because current tax limit is 10 mills while operating costs are 16 mills. Must be willing not to undertake any programs that would require bonding because the credit rating of St. Johns has been severely impaired."

A group calling themselves the "Urban Renewal Property Owners Association" sent out

"Our mothers wouldn't let us have our picnics in our own yards because of the mess we make!"

cards saying to vote not to stop your taxes from being raised, to curtail the current administration and to stop urban renewal. These people have made an issue of urban renewal and possibly caused St. Johns to lose better than one million dollars in available tax monies, taxes paid by the people of this area. This money could have gone toward making the downtown area of St. Johns a better place to shop. Lt. Governor Milliken said not long ago that towns don't grow old gracefully.

OVER \$75,000 dollars has already been spent in many studies, one of which determined that over 70 per cent of the buildings in the downtown area were substandard structurally. Maybe these people feel that the Steel Hotel and the large number of wood frames and vacant buildings are an asset to St. Johns.

The woman who does not care if I pay 100 per cent for curb and gutter is the same one, who tomorrow, will tell me that she has to go to Lansing because she can't find what she wants in St. Johns.

AFTER URBAN renewal possibly she would be able to find what she wanted. New buildings and a progressive outlook would attract new businesses and wider

merchandise lines by those here now. This city's cost of urban renewal would have been taken out of the general fund and no additional tax would be necessary. The values to the taxpayers are threefold: First of all, new business would be attracted to town, plus the improvement to the ones already here. Those who have pushed their walls to the limit could change merchandising methods and/or build a larger building. Secondly, the downtown area of St. Johns will be a more pleasant place to shop, with modern stores and convenient parking. Thirdly and most important, figures indicate that modern buildings in the downtown areas would bring two to three times as much tax revenue as is presently being collected.

There is also an advantage for the present store owner who wants to progress. He can borrow money for his new store at two per cent interest from the federal government.

I HOPE THAT you as the editor of our only paper will print the name of those individuals calling themselves the Urban Renewal Property Owners Association so that 10 years from now all will be able to look back and see who had a big part in preventing the progress of St. Johns.

B. DEAN

### Understanding your HEALTH

By Albert E. Heustis, M.D. Director  
Michigan Department of Public Health

If you heard the word "mononucleosis" would you immediately think "kissing disease," or something to that effect? Well, if you did you would be wrong. Many folks, unfortunately, have associated the disease in this way and it's an impression I would like to correct.

MONONUCLEOSIS is thought by most scientists to be caused by a virus. It may be spread by kissing, but as far as that goes, colds can also be transmitted by mouth to mouth contact. And we don't say the only way to catch a cold is to kiss someone who

is infected. Perhaps we also need to understand that sneezes and coughs may possibly spread the disease in much the same manner as colds.

Although there is much that can be done to alleviate the extreme discomfort of the disease, there is no actual cure. Doctors advise plenty of extra rest, perhaps even hospital-bed rest, to speed recovery.

At present we do not have any immunization that can be administered for mononucleosis. However, evidence seems to indicate that natural immunity is developed by people who have had the disease, making it a once-in-a-lifetime proposition. Because of this, the prospect of a vaccine being developed in the future is good.

Kissing may be one of the ways the disease is communicated between people — but it is probably not the only way. And, perhaps, it is not even the most common way. The precise cause of mononucleosis and the way it spreads is still open to question.

The disease, in its milder forms, is surprisingly common among the general population. Practically anyone can get it, and most people do at one time or another. However, its severity may vary from practically no symptoms to symptoms requiring hospitalization. The people most susceptible to catching mononucleosis are between the ages of 15 and 30 years old, although it can be contracted at any age by almost any person.

AS I SAID, the symptoms vary, but they usually include a tired feeling, irritability, sore throat, headache, chills and sometimes nausea, and swollen tender glands in the neck. The fever, and general symptoms of the disease may last one to three weeks, and the swollen glands may not return to normal for several months in serious infections.

The famous sink hole on the DeWitt road in Olive has at last been drained, the dredge reaching there Saturday. Water had stood there nearly all summer. Owing to the danger of serious accidents to foot passengers on Clinton Avenue, when large crowds are in town, the city authorities will begin next Saturday, when the street is crowded, to require pedestrians at the corner of Clinton Avenue and Walker Street and Clinton Avenue and Higham Street to cross each street at right angles to the streets. No one on foot will be allowed to cross diagonally as has been so common.

Wilbur Hart, Maple Rapids, stage driver, says he saw three automobiles smashed up in the ditch between Carson City and Maple Rapids. One machine smashed up at Round Lake and another had the top taken off it by the limb of a tree.
