19 get draft call here

Twenty-eight Clinton County men were to leave early Wednesday morning for Detroit under U.S. Army orders. Nineteen of them will be inducted into the Army, and the other nine will undergo pre-induction physicals.

The 19 make up the Selective Service's August draft call for Clinton County. The men are: Kenneth Nobis of St. Johns; Dennis Steffen of St. Johns; Arthur Price of Ovid; Floyd Simmons of Lansing; Terrance Melvin of Fowler; Barry Hallad of St. Johns; Terry Pinkney of St. Johns; Gary Mitchell of Lansing; Thomas Tyler of Ovid; James Peltier of DeWitt; Michael Danes of Lansing; James Taylor of Ovid; LeRoy Martens of St. Johns; Charles Blackmer of St. Johns; Steven Skoczylas of Lansing; John Siedles of Laingsburg; David Pennell of East Lansing; Herbert Hanson of DeWitt.

THE NINE MEN called up for physical examinations included: Lee Ormsby of St. Johns, Matthew Rademacher of Lansing, Alan Miller of Ovid, Walter Letimore Jr. of East Lansing, Dale Hanson of Grand Ledge, Rinaldo Soltz of Ovid, Carlos Vallin of DeWitt, Chester McGonigal of Bath, and Dennis Wieber of Eagle.

The September draft call for the county will be 10 men for induction and 87 for physicals, according to Mrs. Eleanor Lewis, manager of the local draft board office. The draftees will leave Sept. 27 and the physical examination selectees Sept. 20.

PARKED CAR STRUCK

Clare D. Ruechert, 34, of Meridian Road, Laingsburg, was ticketed for failure to have his car under control after he reportedly made a wide turn from Clinton Avenue onto East Railroad Street in St. Johns Friday and struck a parked car on the north side of the street. City police said the parked car was in the possession of Clarence LeVeck, 17, of 8360 N. DeWitt Road, DeWitt. No one was injured.

It was breakfast time for Cathy French's rabbit Tuesday morning as Cathy got her exhibits ready for judging at the 4-H Fair. She is the daughter of Mr and Mrs Lyle French of 504 S. Swegles Street, St. Johns, and is a member of the Happy Hustlers 4-H Club. Cathy won a rosette with this rabbit.

Roads package 'death' cost county \$184,000 in '65, federation says

The cities and villages of Clinton County would have gained about \$37,438 in motor vehicle highway funds during 1965 if a proposed "good package" had been in effect.

And the Road Commission would have been \$147,988 better off.

The "package" was four bills introduced in the state Senate last year which have died in committee. All the major fund-sharing organizations in the state, including the Michigan Good Roads Federation, and other municipal and regional and highway groups, favored the package.

IN ADDITION to changing the schedule for dividing up motor vehicle highway funds among the Department of State Highways, county road commissions and cities and villages, the package would have levied an extra 1 cent per gallon in gasoline taxes. The additional money was the main reason for the increases noted by the Michigan Good Roads Federation, although the changes in the distribution formula would also have an effect.

BY THE federation's figuring, the city of St. Johns would have received \$18,400 more than the

Rain dampens ground, not spirits, at Clinton 4-H Fair

It got wet at the 4-H Fair again this year, but sunshine breaking through the clouds Tuesday noon cleared away fears the big summer event might be ruined by rain.

A heavy shower Monday evening washed out one of two championship 4-H softball games, but that was the only weather casualty.

Tuesday morning 4-H'ers swung into action on their scheduled events under a cloud-laden sky, but by the afternoon the beef judging and showmanship contests were being carried on in bright sunshine.

It's been a most successful and smooth-running fair so far, F. Earl Haas, county Extension agricultural agent, commented Tuesday noon. A record number of 2,700 exhibit entries were scattered through the four main buildings on the fairgrounds, and some 1,200 boys and girls were involved.

HAAS SAID A REPRESENTATIVE from the fair office of the State Department of Agriculture witnessed the opening-day activities Monday and commented that he had never seen such a large group of people operate with so little confusion as took place.

Haas complimented the 4-H leaders and the 4-H'ers themselves for the smoothness of the whole operation. Monday was a big day at the fair, with attendance much greater than it used to be in past years. Credit for this was given to the horse show, which this year drew a record 346 entries and ran from 9 a.m. until after 6:30 p.m.

Just how many horses were involved was not known, since many of them were entered in two or even three classes. The number of entries was up considerably, however, reflecting a surge in interest in horsemanship in the county. The county 4-H Horse Show has been an event of the 4-H Fair only in the past three years.

THE FAIR CONTINUED Monday night under threats of severe weather. Clouds began building up in the warm, humid air late Monday afternoon, and the county was under a tornado "watch" until about midnight. Nothing came of it, however, until shortly after 10 p.m., when a thunderstorm washed out a 4-H softball game.

It was between the Victor 4-H team, undefeated so far this year, and the Stoney Creek Club. Victor was ahead in the game when it was called, and the teams hoped to be able to play it off yet Tuesday.

In the first game of the evening at 7 p.m., Charlie's Gang defeated Victor 23-18 for the White League championship. Charlie's Gang rallied for 10 runs in the last inning; they were held scoreless the first three innings, then exploded for 3, 2, 8 and 10 runs. Victor scored 1 run in the second inning, 6 in the third, 1 in the fifth, 7 in the sixth and 3 in the seventh inning.

THE MONDAY NIGHT rain—which varied from half an inch to well over an inch in various parts of the county—created some problems for the flower gardeners, who didn't cut their

The Cuthbert boys, Dick, Donald and Jack, take their ducks out of their pens for a last-minute inspection Tuesday morning before judging of most of the fair entries got under way. flowers for the 4-H Fair judging until Tuesday morning. But a lot of entries came in anyway. Blue, red and white ribbons began appearing on all the exhibits as judges made their decisions during the morning.

Tuesday afternoon it appeared that the vaudeville acts at the bandshell would go on without a rain problem. The acts were also scheduled for Tuesday evening.

Wednesday's finale included judging of dairy cattle at 9 a.m. and a dairy showmanship contest at 3 p.m. A 4-H parade, style revue, talent show and presentation of awards Wednesday evening at the band shell was the final event scheduled.

EXTENSION OFFICIALS were extremely happy with the quantity of exhibits and the numbers of youngsters participating in the fair this year. Food exhibits increased in number to over 500 this year, with Home Economist Helen Meach noting many outstanding food displays.

As of late Tuesday afternoon, here are the contests in which results had been tabulated:

JUNIOR DAIRY JUDGING: Tom Rivest, first; Kathy Hazle, second; Yvonne Rivest, third.

Bloodmobile here this afternoon

The Red Cross Bloodmobile will be in St. Johns today (Thursday) at the First Congregational Church from noon until 6 p.m.

Previous donors, newcomers to the area, young adults between the ages of 18 and 21 and all other adults are urged by the local Bloodmobile chairman to donate a pint of blood.

Strong support of the Bloodmobile, such as has been the case during the past two years, will not only provide needed blood for accident and illness victims in the near future but will also make it possible for county residents to obtain blood free whenever and wherever they need it.

THE COUNTY is a part of the national Bloodbank program and will remain in it with donor support.

Particularly needed today is type O-negative blood, according to Mrs. Ken Spicer, St. Johns Bloodmobile chairman. Persons with that type are urged to donate a pint to bring the current low supply in mid-Michigan up to normal.

Previous donors were contacted by telephone Monday evening, and Sealed Power, Federal-Mogul and the American Legion are conducting recruiting drives in an effort to insure a good turnout of blood donors. Last July 236 pints of blood were donated, a record that still stands.

Blood will be drawn during the early hours of the Bloodmobile visit for open heart surgery tomorrow morning in Ann Arbor.

HITS PARKED CAR

An auto hit a parked car in front of the St. Johns swimming pool Monday morning. The parked car was owned by Ken Munger of 208 S. Oakland. The other auto was driven by Edward C. Lublow, 16, of 1004 Church Street, who was ticketed for failure to have his car under control.

WESTPHALIA FURNITURE Co. will be closed from Monday, Aug. 22 through Saturday, Aug. 27.

School books are ready . . . again

Mrs. Laurita Allison of 608 S. Clinton Avenue has been re-juvenating and reshuffling the supplies of school books for the St. Johns Public Schools for 20 years.

This year, she said, "the number of students just about staggers the imagination." And the number of school text and workbooks they'll be using this fall does, too.

There are so many books involved, in fact, that Mrs. Allison and her assistants have had to move their summer book mending and erasing headquarters out of the school bookstore into classrooms. And come next Monday when they start distributing the books, they'll be in classrooms and the hallways of Rodney B. Wilson High School.

THE BIGGEST, hardest, longest and most grueling job is all over now. That is the erasing of pencil and ink marks in the books which students sell back to the school each spring. There's also more than a nominal amount of patching torn pages and covers.

Last week Mrs. Allison and assistant Shirley Hale were packing up books to be sent to the rural elementary schools.

They've received order slips from the rural teachers requesting certain numbers of certain books for their students, and those orders are now being filled.

Books have already been sent out to the elementary schools in the city. Books are supplied free to grades one through six in both the city and rural schools; once beyond the sixth grade students have to pay for their own.

TWENTY YEARS AGO when Mrs. Allison began handling the buying and selling of school books to students, none of the books were supplied free. The first six grades got them free now, but Mrs. Allison says she doesn't think it will go much beyond that. In some cities where schools supply books, the students aren't allowed to take them home for homework, because of the high cost of replacing them if they're lost or mutilated.

In the St. Johns Public Schools, the "mortality" rate of books isn't too high, Mrs. Allison said, except for mathematics. In that case, students seem to find the pages and inside covers great places for doing their figuring.

JIM MCKENZIE

JOHN HOPKO

McKenzie buys Hopko agency

The Jim McKenzie Insurance Agency has purchased the John Hopko Insurance Agency in St. Johns. It was announced last week. The sale was effective retroactive to Aug. 1, although details were completed only last week.

Hopko is now on vacation in the Western United States and could not be reached for comment on his future plans.

Jim McKenzie Insurance Agency will now represent the agencies which Hopko served — Travelers Insurance Companies, St. Paul Fire and Marine, Badger State Mutual, and Central Mutual.

HOPKO'S OFFICE in the Steel Hotel will remain open until about Labor Day, after which all operations will move to McKenzie's office at 212 N. Clinton. Customers of both McKenzie and Hopko will receive a letter announcing the changes.

McKenzie said the expansion of his business will mean the addition of another salesman and a woman clerk to his staff.

It will also necessitate a change in the quarters for the St. Johns Chamber of Commerce, which rents an office from McKenzie. McKenzie said the space is now needed for his business.

and the lifetime of mathematics books is relatively short.

With all other books, however, about 92 per cent carry over into the next school year, with the help of erasing, binding and patching by Mrs Allison and her aides.

AFTER A NUMBER of years, however, the supply of used books of a certain subject dwindles, and oftentimes Mrs Allison finds it impossible to get enough new book replacements to fill the

quota; in such cases, that particular edition of the book has to be dropped and a new edition—with all new books—has to be ordered.

Curriculum changes, too, dictate the scrapping of some books and their replacement with new ones. That's the case this fall where new editions and new books will be bought by students in chemistry, junior literature, and second year Spanish.

Some books have a long and useful lifetime. English texts seem to last the longest—most

of them six years and some seven or eight years. Spring after spring students turn them in with comparatively few marks and few mars. It sometimes appears the books haven't even been opened.

THE OPERATION of buying and selling school text books at a school book store is a big one, but it's not really complicated under the system used by Mrs Allison.

At the close of school each spring, students sell their books at the school bookstore, located just off the main office in the high school. Seniors get cash for the books they turn in; the other students who sell theirs get a credit slip for the amount of the books. The credit slip is redeemed in the fall and applied to the cost of the new set of books the student buys.

A record of the book cost is kept on a slip pasted inside the front cover of the text, and any student tampering with that slip may find the school won't buy the book back in the spring.

EACH SPRING as a book comes back to the bookstore, the buying price is reduced about one-third from the previous year, and if it is returned in poor condition the price may be cut in half. In the fall the books are sold at the price they were bought in the spring.

"We sell them at rock bottom cost," Mrs Allison said, Brand new books go the same way; the school doesn't aim to make money on its project.

After school is out in the spring and all the books are purchased from students, the big job begins. The books are gone over with an eraser and tape, and they're inventoried for both price and the number on hand.

From these latter figures, it is determined how many brand new books will be needed to provide enough for the expected enrollment in each class this year.

Bishop M. Joseph Green says his farewell to the parishioners and friends who gathered at the St. Joseph School Hall Tuesday, August 9. At the speakers table from left to right are: Fr John Young, Richard Pung, Fr Edwin Schoettle, Bishop Green, Robert LaBrie, Earl Lancaster and Anthony Kuntz.

DeWitt gets final order on sewers

DeWITT—The Water Resources Commission has set down a schedule DeWitt Township must comply with regarding its sewer problem. The commission's final order of determination was read last week at a meeting of the township trustees, and the order noted that failure to meet the specifications would result in a penalty.

According to the order, construction and specifications plans must be completed by March 1, 1967; final financial plans completed by March 1, 1968; and construction must be started by Aug. 1, 1969.

POLICE CHIEF Bruce Angell II was retained by the township for another year, and the board approved purchase of a shotgun to be carried in the police cruiser.

Sealed bids were opened for 600 feet of 2 1/2 inch hose and 600 feet of 1 1/2 inch hose and two smoke masks for the fire department. Low bid for the hose was \$1,424 by the Fire Fighters Products Co. of Marshall. The additional hose and masks will bring the fire department's classification to "A," the board was told.

Trustees will seek permission from the county to put up school safety signs along State Road. Permission from the board of trustees was sought by Don Helton, PTA safety committee chairman of Valley Farms School. The township board itself has no jurisdiction but agreed to seek permission from the county.

The war with Spain lasted only from April 25 to Aug. 12, 1898, cost us \$250 million, and some 5,000 lives, only 400 of which were battle casualties.

Book distribution begins Monday

St. Johns Public Schools will start distributing school books for junior high and high schoolers next Monday from the bookstore in the high school building. The distribution will be according to the following date schedule, with the bookstore open from 1 to 4 p.m. each day.

- Aug. 22, 12 graders whose last names begin with letters M through Z.
- Aug. 23, 12 graders with names starting with A through L.
- Aug. 24, 11th graders M-Z.
- Aug. 25, 11th graders A-L.
- Aug. 26, 10th graders M-Z.
- Aug. 29, 10th graders A-L.
- Aug. 30, 9th graders M-Z.
- Aug. 31, 9th graders A-L.
- Sept. 1, 7th graders A-Z.
- Sept. 2, 8th graders A-Z.

BOOKS FOR STUDENTS in grades one through six in the city and rural schools have been delivered to the schools and will be distributed by teachers. The books are free of charge to children through the sixth grade.

Workbooks for students through the sixth grades must be purchased from the bookstore. Teachers in the rural schools will no longer handle the sale of the workbooks.

Parents of rural elementary students may buy the workbooks at the high school any time between the hours of 1 and 4:30 p.m. next week or from 6 to 9 p.m. the night of Aug. 26.

School opens here Sept. 7

St. Johns schools will open the week of Labor Day, it was announced last week.

The teachers of the system will meet Sept. 6 for a final pre-school get-together. Registration for elementary students and those in the seventh, eighth and ninth grades will be Sept. 7. Sophomores, juniors and seniors will register Sept. 8. All classes will be in session Sept. 9.

Further details will be announced during the next two weeks.

OVER THE COURSE of the summer, each book is handled by Mrs Allison and her assistant six to eight times.

From this point on, they'll probably be handled only one more time—when they're being passed over the counter to the waiting student next week.

Bishop Green, Fr Young feted at farewell party

Seven hundred and fifty parishioners and friends gathered at the St. Joseph School last Tuesday, Aug. 9, for a farewell dinner for Bishop M. Joseph Green and Father Young.

Robert LaBrie acted as Master of ceremonies and introduced the speakers. Richard Pung, re-

presenting the parish, gave the farewell address to Fr. Young. Anthony Kuntz gave the farewell for Bishop Green.

Representing the St. Johns Public Schools and speaking in its behalf was Supt. Earl Lancaster. Charles Coletta represented and spoke for the City of St. Johns.

THE ST. JOSEPH parishioners presented both Bishop Green and Fr. Young with a purse. In addition, Bishop Green was presented with the large reclining chair that he had become accustomed to in his many years at St. Johns.

As for Fr. Young, upon his arrival in St. Johns two years ago the parish had to buy a extra long bed to accommodate him. This bed and sheets and pillow cases were given to him to take as an additional present. Following the farewells in the social hall, Bishop Green and

Fr. Young adjourned to the school gym where the parishioners were able to extend their best wishes personally.

THE ST. JOSEPH Altar Society served coffee, punch and cookies, with Mrs Marge Koenigsnecht, president of the society, as chairman.

Bishop Green became pastor at St. Marys, Star of the Sea, parish in Jackson, and Fr. Young became pastor of St. Johns parish in Davison, Mich. as of Aug. 10.

Collision sends 3 to hospital

Two cars collided on US-27 at Hyde Road Sunday afternoon, and three persons were hospitalized at Clinton Memorial Hospital as a result.

The accident occurred when Gale A. Tabor, 22, of rural Elsie, reportedly drove from Hyde Road onto the highway and struck a vehicle driven by Gordon L. Mahar, 47, of 1304 S. Oakland Street, St. Johns.

Tabor and his wife, Janet, 20, received bruises and cuts, and Mrs Lela Mahar, 41, had pretty much the same injuries. Tabor was released from the hospital Monday; the two women remained Tuesday morning but were in "good" condition.

8 youths unhurt in 2-car crash

Eight youths in two cars missed injury early Sunday morning in a collision of the two vehicles on Hubbardston Road south of Colony Road in Lebanon Township. The two cars were driven by Thomas F. Brandell, 18, of Wacousta Road, R-3, Grand Ledge, and William R. Childers, 17, of Perrinton.

Sheriff's office reports on the accident said both cars were going north about 1:10 a.m. Sunday. Brandell was making a left turn reportedly at the time Childers was passing Brandell and the two cars collided. Three occupants of Childers' car said they saw no turn signal from Brandell, and the signal did not work when sheriff's deputies investigated it.

Boy hurt in bike fall; girls blamed

Bruce Haas, 11, son of Mr and Mrs F. Earl Haas of 500 E. Higham Street, St. Johns, suffered head, elbow and ankle injuries Friday in a bicycle accident apparently caused by two young girls who squirted a soapy substance at him from a pressurized can.

Bruce's bicycle collided with that of a neighbor chum, Billy Thelen, 10, and both bicycles fell over on Mead street about four blocks south of the Haas home. Young Haas was knocked unconscious. Billy and his brother, Charles Thelen, 9, tried to get Bruce out of the street, and then while Billy stood by Charles ran to the Haas home of summoned aid.

THE HAAS BOY suffered a concussion and an injured elbow and ankle. He was hospitalized until Monday.

Mrs Haas said the three boys were riding their bicycles on Mead Street when the two girls, still unidentified, taunted the boys with the pressurized cans of the soapy material. When they squirted it at the boys, the boys swerved on their bikes, and Billy's and Bruce's collided.

Elsie, Ovid bands at fair

At least two Clinton area high school bands are scheduled to perform at this year's Michigan State Fair.

The Elsie High School Band, directed by Don Thayer, will put on a half-hour concert in the music shell on the fairgrounds at 11:30 a.m. Tuesday, Aug. 30. The Ovid High School Band, also performing under Thayer's baton, will perform for half an hour beginning at noon, as soon as the Elsie Band is finished.

The Elsie band has 53 members and the Ovid band 67 members. All will be guests of the State Fair Authority at many of the fair's attractions and will be given a guest card to one of the food concessions on the grounds.

The Michigan State Fair, the 117th annual event, will be held in Detroit Aug. 26 through Sept. 5.

Didn't report accident, youth gets 10 days in jail

A Fowler youth was sentenced to 10 days in the county jail Monday for failing to report an accident which occurred Sunday evening.

Also assessed a fine of \$50 plus \$19.30 court costs was Louis S. Smith, 17, of Bauer Road, R-2, Fowler. Sheriff's officers said Smith's auto struck one owned by Gary Lucas of R-2, Fowler, which was parked off the road on Main Street south of Fourth Street in Fowler about 9:15 Sunday evening.

Lucas' car was hit in the left rear. Police said Smith didn't stop or report the accident. He was located Monday morning by investigating sheriff's officers. He was arraigned before St. Johns Municipal Judge Alba Wert.

Farm group wants no throw away bottles

Twelve members of the Parker Center Farm Bureau and two visitors were guests of Wilbur Bond at his cottage at Crystal Lake for their August meeting.

A picnic lunch and wieners roast was held at noon, followed by a business meeting presided over by William Fox. Reports were given by Mrs. Wilbur Brandt and Robert Kissane.

Two resolutions were adopted: one asking for refinancing of the Straits Bridge and lowering of the bridge toll and the other urging a ban on throw-away bottles because of the hazard to farmers and machinery.

A discussion on community farm bureau groups was led by William Kissane. The following officers were elected for the coming year: William Fox, chairman; Wilbur Brandt, vice-chairman; Mrs. Lee Ormston, secretary; Mrs. Anna Kentfield, assistant secretary; Lee Ormston, discussion leader; Robert Kissane, assistant discussion leader; William Kissane, minute man; William Ondrusek, package reporter; Mrs. Wilbur Brandt, women's committee; Mrs. William Ondrusek and Mrs. Clarence Kaltrider, recreation leader and Byron Kissane, new reporter.

At the conclusion of the afternoon bond, assisted by Mrs. Kentfield, served watermelon to the group.

NFO makes plans for picnic Aug. 28

Final plans for the Aug. 28 picnic at the St. Johns City Park were made by the Clinton County NFO Saturday evening.

Kris Gage reported on his trip to Washington, D. C. While in Washington, Erhard Phingston, national NFO vice president, informed the people that with full cooperation from the present members they could sell every ounce of production under contract. About 30 people from Michigan were among the 400 NFO people in Washington Aug. 1 and 2.

The next county NFO meeting will be Sept. 10.

Trailer smashed as it, car overturn

An Adrian family, northbound on vacation with a travel trailer behind them, escaped without significant personal injury Friday evening when their car and trailer overturned on US-27 about 150 yards north of Centerline Road. The trailer was smashed and torn apart, as this picture shows. Mr and Mrs Walter Zook of Adrian and their son escaped after the left front tire of the car blew out, the car and trailer swerved onto the median and then back on the road where both overturned. Mrs Zook was thrown out of the car. Other northbound traffic bypassed the scene by driving on the median.

Pewamo-Westphalia schools open Sept. 6

PEWAMO - WESTPHALIA— The schools of the Pewamo-Westphalia District will open their doors for the new school year on Tuesday, Sept. 6, according to Supt. William Stelke.

School buses will run the first day on about the same schedule as last year. Due to the closing of the Matherton Elementary School, a new bus route will be added in the Pewamo area. A new 66-passenger Ford bus has been delivered and a second one is on order.

The school will be in session in the forenoon only on Tuesday, and buses will leave the high school at approximately 11:30 a.m. to return the students to their homes. Regular full-time sessions will begin on Wednesday.

KINDERGARTEN classes will begin on Wednesday, Sept. 7. One hundred and twenty-five students are registered for kindergarten this fall. There will be four sections of kindergarten classes with two sections in each of the elementary schools. The morning section in Westphalia will consist of students who live in the village limits of Westphalia. The afternoon group will include students living in the rural area in the south and east

part of the district. The Pewamo morning group will consist of all students living in the village of Pewamo and a few in the area between the villages of Pewamo and Westphalia. The afternoon group will be made up of students

P-W budget approved; it's up 19%

PEWAMO-WESTPHALIA— An operating budget of \$279,060 for the 1966-67 school year was approved by the board of education for the Pewamo-Westphalia Schools at the public hearing of the budget last week. This represents a 19 per cent increase over the 1965-66 budget.

Increases in both elementary and secondary instruction and teachers' salaries account for the greatest increases in the budget, with an advancement of \$34,704 over the same items last year.

Transportation costs represent the second largest increase with an advancement of \$8,582.00 over last year.

ITEMS WHICH WILL be down next year include administration, down \$2,000, and maintenance, down \$3,250 from last year's budget.

A tax rate of 11.5 mills for school operation and 5.6 mills for debt retirement was approved for the 1966-67 school year.

Three mills of the 11.5 mills represents extra-voted tax which is to run for two more years. The other 8.5 mills was previously allocated to the schools by the Clinton County Allocation Board.

In other business transacted at the meeting, low bids were accepted for the following items. Coal, Barker Coal Co., Ionia, \$14.50 per ton; gasoline, Standard Oil Co., Pewamo, 14.5 cents per gallon delivered in Pewamo, and Pohl Oil Co. 14.1 cents per gallon delivered in Westphalia; fuel oil (No. 2) - Pohl Oil Co. 11.4 cents per gallon; milk - Harold Henke, Grand Rapids, 5.75 cents white, 6.25 cents flavored per half pint; fuel oil (No. 5) Clem Schneider 8.74 cents per gallon. The bid of \$1,114.44 by the Kiebler Insurance Agency of Portland for general insurance was accepted.

Police cruiser, car tangle

All parties escaped without injury when a police cruiser and another car tangled on Wood Road south of Stoll Road Friday afternoon.

The police car was driven by Bruce E. Angell II, 24 of 2201 Clark Road, Bath, who is DeWitt Township police chief. He was passing a car and two-wheel trailer being driven by Raymond A. Patterson, 52, of R-4, Lansing when Patterson's car reportedly pulled across the center line of Wood Road.

Angell swerved to the left to avoid hitting the other car and wound up in a yard along the side of the Road.

Renewal program called means of preserving city as urban center

At the Thursday noon meeting of the St. Johns Exchange Club, last week, Terry Foster, Assistant urban renewal coordinator, was introduced by program chairman Les Jenkins. Foster spoke on the current proposed urban renewal project in the downtown business district.

He pointed out that the citizens of St. Johns must cooperate in selling this program as the

only means of preserving the city of St. Johns as a center of urban activity. He said the leadership of service clubs and business organizations interested in furthering the growth of the com-

munity is necessary to add weight to proposed changes in the marketing areas of the city.

"Citizen participation is only possible if community leaders show the way," he said. The tremendous change in attitudes on the part of local business since the start of the project survey is most heartening, said Foster.

"The local merchant has come out of the back room to see why the customer doesn't buy. If nothing else were to come of this project the change in attitude and the determination to do something about it will more than repay itself in the long run."

"The City of St. Johns has a decision to make—remains they are or start taking drastic action to correct what is wrong."

If St. Johns is to continue going forward, Foster said, it must make some decisive decisions now. Foster concluded that the people of the city want to be looked at as a forward moving community in which they can take pride. The proposed urban renewal project under study could be a giant step in the right direction, he said.

Collister district annex vote set

The last remaining independent rural school district in Clinton County is in its last days of existence.

The Collister (Bath 6 frl) School District in Bath and Victor Townships is included in the Shiawassee County School District Reorganization Plan, and an election has been scheduled for Sept. 15.

Collister voters will join those in the Octagon and Walters districts in Shiawassee County in balloting at Laingsburg High School on one proposition—shall they and Laingsburg be joined as one school district.

Andy's buys 5 FFA sale cattle

Andy's IGA on North US-27 in St. Johns purchased five of the beef cattle sold at last week's FFA Market Livestock School at the Wolverine Stockyards. The store will have meat from the animals on sale this weekend.

The cattle were purchased from Tim Spitzley of R-2, St. Johns; Marlon Jokx of Fremont, James Stauffer of Caseville, and two from John Robinson of Fremont.

The five animals represented the largest purchase of FFA sale animals by Andy's IGA.

Several meetings set to prepare for start of school year in DeWitt

DeWITT — Meetings of both parents and students are scheduled in the next two weeks as the DeWitt School District prepares for the opening of the 1966-67 school year.

The first of the meeting will be Aug. 22 and will be for parents interested in the new bus schedules for the school year. The meeting will be at 7 p.m. in the DeWitt Senior High School. Ford Schavey will discuss the bus routes, pick-up points and time schedules.

The schedules and routes will be published prior to the opening of school Sept. 7.

REGISTRATION day for all new pupils of the DeWitt Public Schools will be Aug. 29. "Pre-registration is a great help in planning class schedules and class sizes," Supt. Hobart Jenkins said. "If you can possibly register your child on that day from 9 to 12 and from 1 to 4 in the respective schools, this will be a tremendous help."

Registration for kindergarten through grade 4 will be held at the Scott Elementary School, 804 N. Wilson Street; grades 5 through 8 at the Fuerstenau Junior High School, 205 W. Washington Street; and grades 9 through 12 at the high school at 2957 W. Herblison Road.

ON TUESDAY, Aug. 30, books and supplies that are to be used in kindergarten through grade 4 may be purchased at the Scott Elementary School from 9 to 12 and 1 to 4. Supplies and books for grades 5 through 8 may be purchased Aug. 31 at the junior high office of the principal. Books for high schoolers may be purchased Thursday, Sept. 1, at the

high school. All times are 9 to 12 a.m. and 1 to 4 p.m.

The first day of school for all grades will be Sept. 7. School will be in session only a half-day on the 7th but will begin a full schedule Thursday, Sept. 8. Complete information will be forthcoming in a parents newsletter to be mailed to all residents of the district prior to the start of school.

3 persons hurt in DeWitt crash

Three vehicles were involved in a collision last Wednesday afternoon at the State Road intersection with US-27 in southern DeWitt Township. Three persons suffered injuries, and one was ticketed.

A truck driven by George K. Schrom, 29, of Lansing, and a car driven by Paul H. Dean, 34, of Lansing, were southbound on US-27 and were stopped for a red light. Their vehicles were both struck in the rear by a car driven by Robert W. Kirkey, 25, of Ithaca, who said he tried to stop but skidded.

Kirkey suffered bruises in the crash. Sharon Dean, 9, and Betty Parrish, 10, of Austin Road, Ovid, both passengers in the Dean car, suffered cuts and bruises. All were treated at Ingham Medical Hospital.

Kirkey was ticketed by sheriff's officers for failure to stop in assured clear distance ahead.

An estimated 30.7 per cent of the female population over age 14 in Clinton County are employed either part time or full time; this is somewhat below the national average.

Kathleen Cornell and DeAnn Gill compare notes on their trip to the National Youth Convocation of the Evangelical United Brethren Church held at Estes Park, Colo.

2 from St. Johns at Colorado meet

Over 2000 Evangelical United Brethren youths attended the Youth Convocation held July 21-25 at Estes Park, Colo.

Among them were Miss Kathleen Cornell, a delegate from Bingham EUB Church, the daughter of Mr and Mrs James Cornell of 1201 W. Centerline Road, St. Johns and Miss DeeAnn Gill, daughter of Mr and Mrs Robert Gill of 3331 N. Parks Road, St. Johns. Miss Gill was the delegate from Bengal EUB Church.

THEY LEFT Lansing a day earlier in one of the two scenic

cruiser buses loaded with the other delegates from Michigan. On their return trip the two buses traveled the Trail Ridge Road through Rocky Mountain National Park. It is the first time so far as known, that such large buses had made the trip.

Their days at the convocation were busy. The mornings were spent with a meeting of the whole group which later would break down into smaller discussion groups, they attended a five act drama (two acts each day) and during the free time in the afternoon they could attend other meetings, movies or take part in any number of athletic activities.

ONE AFTERNOON during the stay in the Rocky Mountain National Park, DeeAnn's brother, Gary, who is working on a masters at Colorado State, took them to the town of Estes Park where they took in all the sights. After their return home they were both to attend a retreat but due to an accident Miss Gill was only able to attend a portion of it.

Coward comedy, 'Private Lives,' next at Ledges

One of the greatest comedies of this century opens at the Ledges Playhouse in Grand Ledge Aug. 23 for a week's run. Noel Coward's "Private Lives" will feature Nancy Cole and Jay Davis in the roles written originally for Gertrude Lawrence and Coward himself.

The play has been produced hundreds of times since its smash London opening in 1932 and has always been enthusiastically received by both critics and audiences.

The opening situation is amusing enough itself, and Coward's clever variations as the play progresses make it infinitely more amusing. Amanda and Elyot, divorced from each other, meet on the balcony of a hotel where each is spending his honeymoon with his new spouse.

THOUGH MUTUAL antagonism is the first reaction, things get a little complicated when they find themselves still very much in love with each other and relatively indifferent to their recently acquired mates.

These unlucky new mates, played by Jerry Mayer and Kate Wenger, are understandably confused and a trifle miffed by the ensuing developments.

Adult education classes enroll 16,000

The State Department of Education reports that 75 school districts in the state are expected to conduct basic education classes for 16,000 adults this year.

The adult basic education program was conducted in 62 school districts last year, serving 10,000 adults who had completed less than six years of school.

Michigan began the program in 1965 with 26 school districts and 4,000 adults participating. Michigan was one of only five states at that time which conducted basic education courses for adults. Now, all 50 states have such classes which are financed with federal funds.

Michigan hospitals have more than 500 foreign interns and resident physicians on their staffs.

Lloyd Welch with 'worm'

How'd you like to meet up with that big, healthy-looking "tomato worm" in your garden. Lloyd Welch of 904 S. Oakland Street did, and he said he "jumped 20 feet backward" when he first saw it on a sweet corn plant. Actually, it's not even a worm. It's common smut, which grows on corn and oats and when it dries becomes powdery. It's a kind of fungus. Welch said he's never seen it in that shape before and doesn't hope to again. The "worm" was in Welch's garden on the William Simmons farm on Faragher Road northeast of town.

BLOWER HITS CAR A farm blower fell off a passing vehicle and damaged a car driven by Elliott Berkhausen, 36, of 605 W. McConnell late Monday morning. He was stopped at the intersection of Lansing and Lincoln streets when the blower fell off a vehicle driven north on Lansing by Wayne Salo, 38, of Grand Ledge.

DRIVER BRUISED Michael J. Burnham, 19, of Scott Road, R-3, St. Johns, suffered bruises when his auto went into the ditch after he tried to miss a pheasant on the roadway last Friday evening. The mishap occurred on Maple Rapids Road at Williams Road in Greenbush Township.

Driver in crash going too fast, police say

A two-car collision at Clinton and Gibbs streets in St. Johns Saturday afternoon resulted in no injuries, but Thomas W. Welsh, 21, of 801 E. McConnell was ticketed for driving too fast.

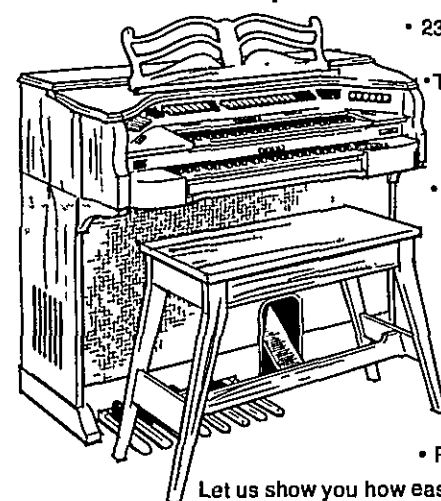

He was going north on Clinton and reportedly skidded 144 feet before striking a car driven by John M. Hardy, 61, of 800 N. Clinton, who was making a left turn onto Gibbs from the north.

MR AND MRS GARY SPELLMAN

Spellman - Lucas vows said July 16

ROCHESTER COLONY—Gary Spellman claimed as his bride the former Miss Sharon Kaye Lucas July 16 at the First Congregational Church of St. Johns. Rev Gerald Churchill officiated at the double ring service.

The new Mrs Spellman is the daughter of Mr and Mrs Audley Lucas of 109 N. Lansing street, St. Johns. Her husband is the son of Mr and Mrs Joseph Kobylarz of 3503 N. Krepps Road, St. Johns.

For the 8 p.m. wedding, the bride selected a floor length sheath gown of Venice lace fashioned with fitted sleeves slit in the back, a scalloped portrait neckline adorned with seed

pearls. A sleeveless coachman style cape of silk organza over taffeta extended into a full chapel train. Her imported English silk illusion veil was secured with a multiple rosette headpiece of white silk organza trimmed with seed pearls and aurora borealis and Venice lace leaves around the forehead. She carried a lace covered prayer book with two butterfly orchids and streamers attached.

MISS SUE Humphrey was the maid of honor and the bridesmaids were Mrs Douglas Boak and Miss Diane Elytt. They were attired in teal blue gowns fashioned with brocade bodices and coachman style capes. Their headpieces were of teal blue rosettes and white seed pearls covered with matching netting. They carried gladioli in round bouquets sprinkled with blue baby's breath.

For her daughter's wedding, Mrs Lucas was attired in a Copenhagen blue suit with white accessories. Her corsage was of white carnations and pink roses. The mother of the groom wore a mint green sheath dress with white accessories and a corsage of white carnations and pastel roses.

WILLIAM SPELLMAN was the best man. Groomsmen were

MRS JAMES C. CAIN

Kathleen S. Lanterman is recent bride

Now making their home at 1808-1/2 Donora Street, Lansing, are Mr and Mrs James C. Cain, who were married Friday evening, July 22, at St. Joseph's Church of St. Johns.

Rev Vincent Delorenzo of St. Thomas Aquinas parish, a friend of the bride, officiated at the double ring ceremony and was assisted by Rev Edwin Schoettle of St. Josephs.

The new Mrs Cain is the former Kathleen Suzanne Lanterman, daughter of Mr and Mrs Bruce Lanterman of 210 W. State Street, St. Johns. Her husband is the son of Mr and Mrs Charles Cain of 320 E. Illinois Avenue, Mount Pleasant.

FOR HER WEDDING, the bride, wore an empire styled floor length gown of peau de sole, fashioned with pearl studded lace appliqued bodice and round neckline. The wrist length sleeves were of matching lace. The skirt and train were trimmed with lace appliqued bouquets. She carried a single red rose attached to the Bible her grandmother, Mrs Paul Lanterman of Orlando, Fla., had carried when she and Mr Lanterman repeated their vows at their golden anniversary in 1963.

MISS NANCY Jo Gerou of Munising was the maid of honor. She was attired in a yellow floor length empire styled gown of crepe featuring a detachable lace train. The matching net headpiece was topped with tiny flowers. She carried a bouquet of white snowdrift daisies centered with a garnet rose.

The bridesmaids, Miss Mary Cain, sister of the groom, of Mount Pleasant and Miss Betsy Lanterman, sister of the bride, of St. Johns were identically costumed in light green. They carried bouquets of yellow snowdrift daisies.

For her daughter's wedding, Mrs Lanterman selected a frosted pink two piece ensemble with a corsage of red carnations. Mrs Cain chose a light blue sheath with a matching stole. Her corsage was of pink roses.

ROY HAUCK of Mount Pleasant was the best man. Groomsmen were Pat Cain of Mount Pleasant, brother of the groom and Paul Smith of Beal City. Seating the guests were Edward Coletta of St. Johns, Maurice Lybeer of Mount Pleasant and Jerry Booth of Lansing.

One hundred and twenty-five guests attended the reception for the newlyweds at St. Joseph's Social Hall following the ceremony. Assisting were Mrs William Marsh, cousin of the bride, of Mount Pleasant; Miss Barbara Dean, Miss Janet Martin and Miss Diane Martin, all of St. Johns and Mrs Jerry Jones and Miss Sue Snyder.

SPECIAL GUESTS attending were Earl Steinhoff, grandfather of the bride, of Munising; Lea Henchey, aunt of the groom, of Oscego and Belle Henchey, aunt of the groom, of Detroit.

Mr and Mrs James Cain attended Northwestern Michigan College. Mrs Cain also attended Lansing Community College and is presently employed by Meridian Mutual Insurance Company. Cain attended Lansing Business University and is employed at Motor Wheel of Lansing.

Prowant families entertain relatives from S. America

The Rev and Mrs Harold Bohr and children, Ganine, Steven, Rebecca and Hattie, residents the past eight years of Caracas, Venezuela, South America, were Saturday, August 13, guests of the Edward W. and Robert Prowant families.

The Bohrs, missionaries of the Seventh Day Adventist churches, were previously stationed in Bogota, Columbia, South America for seven years. Mrs Bohr is a niece of Edward W. Prowant.

The Rev Mr Bohr was guest speaker at the St. Johns Adventist Church at Saturday morning services. He used colored slides to illustrate his sermon.

A LUNCHEON at the L & L Restaurant followed the church services, and the Edward and Robert Prowant families hosted the affair. The guests were then entertained during the afternoon at the Edward Prowants' home on North US-27.

Guests at the luncheon included the following: the Rev and Mrs Bohr and four children, Dr and Mrs Robert Wohlers (college classmates of the Bohrs) and daughter Mary K., Mr and Mrs Robert Prowant and children, Bobby, Lu Ann and Barbara, and Mr and Mrs Prowant Sr.

Double wedding vows said Saturday

WESTPHALIA — St. Mary's Catholic Church of Westphalia was the scene of the double wedding ceremony Saturday when the former Miss Suzanna Fedewa of R-1, Pawamo, became the bride of Charles Pamment of Lansing and her sister, Shirley Frances Fedewa, married Charles' brother, Roger J. Pamment of 251 E. Randolph Street, Lansing.

Rev Duaine Pamment and Rev Gary Pamment, brothers of the grooms, officiated at the double ring ceremonies.

Mr and Mrs Celester Fedewa of R-2, Pawamo are the parents of the brides and the bridegrooms' parents are Mr and Mrs Harold Pamment of 251 Randolph Street, Lansing.

FOR THE 10 a.m. weddings, the brides were identically costumed in floor length gowns of silk organza with scalloped lace fronts and chapel trains. They wore shoulder length veils and carried white carnations and ivy.

The couples were honor attendants for one another

THE BRIDESMAIDS, Miss Sharon Fedewa, sister of the

brides and Miss Linda Pamment, sister of the bridegrooms, were attired in floor length gowns of yellow chiffon styled with moss green lace tops. They carried arrangements of yellow gladiol and ivy.

Groomsmen were Clyde Hoerner, cousin of the grooms and Kenneth Fedewa, brother of the brides. Ushers were Mark Witgen and LaVern Hoerner.

A reception following the Nuptials were held in St. Mary's Hall, Westphalia.

THE CHARLES Pamments are now on a wedding trip in the Upper Peninsula and will reside in Lansing. Mr and Mrs Roger J Pamment will make their home in St. Louis, after a wedding trip to northern Michigan.

The brides are both graduates of Pawamo - Westphalia High School and the grooms are graduates of Resurrection High School of Lansing.

Many of Michigan's major highway routes follow generally the course of the trails of Indians who roamed the state wilderness hundreds of years before the white settlers arrived.

MRS JEFFREY L. COY

Lawn reception follows Schumaker-Coy rites

Following the July 30 wedding of Jane Louise Schumaker and Jeffrey Lawrence Coy wedding guests dined and danced under a white canvas, fringed marquee, on the lawn of Mr and Mrs Leon Schumaker of DeWitt, parents of the bride.

The bridegroom is the son of Mr and Mrs F. Lawrence Coy of Owosso.

THE SATURDAY wedding was solemnized in the St. Peter Lutheran Church of St. Johns. The brides brother-in-law, the Reverend Eugene A. Beyer of Lincoln Park, officiated.

For her wedding, the bride wore a classic empire gown of organza with a detachable cardinal coat which swept to a circular train. Her long veil of rose points, hand-cut lace was bordered with tulle and secured by a close fitting, floral head band centered with a white velvet bow. She carried a European cascade of white cymbidium orchids, snowdrift pompons, stephanotis and traditional ivy.

MRS EUGENE BEYER, matron of honor, and sister of the bride, wore a deep lemon yellow, floor length, linen gown featuring an empire waistline, bateau neckline and bell sleeves. A softly draped back panel fell from a bow at the center back waist.

The bridesmaids wore identically styled gowns of buttercup yellow with large picture hats featuring a daisy motif and long velvet ribbon streamers. Each of the attendants carried a crescent shaped arrangement of white daisy pompons and ivy with moss-green satin ribbon streamers.

THE MAID OF HONOR was Miss Kay Hendershot of St. Johns, cousin of the bride. Other bridal attendants were Mrs Benson Munger of East Lansing, Miss Cynthia Jordan of Teaneck, N.J., Miss Deborah Dean of Ann Arbor and junior bridesmaid, Ellyce Beyer, niece of the bride.

RODERICK S. COY was groomsmen for his brother. Other attendants for the bridegroom were David L. Dean, Welton Hunter II, Dean Irish and George Enoch. Master Paul Beyer, nephew of the bride, served as junior groomsmen.

For her daughter's wedding Mrs Schumaker wore a gown of deep turquoise silk chiffon with a softly draped back panel caught at the back waist with a bow. She wore matching accessories. Her corsage was of white cymbidium orchids, Mrs Coy, mother of the bridegroom, chose a gown of oriental moss-green brocade lace cut in princess lines, with a matching mandarin coat and accessories. Her corsage was of yellow cymbidium orchids.

THE WEDDING MUSIC was played by Mrs Allen Drake of Lincoln Park, who was also the soloist.

Mrs Gary Hyde, lifelong friend of the bride, attended the guest book.

Special guest at the wedding was Mrs Alwilda Jeffords, the bridegroom's maternal grandmother.

BOTH MR AND MRS Coy are graduates of Michigan State University. They will teach in the Owosso and St. Johns school systems this fall. Mrs Coy is a member of Delta Gamma and Coy is affiliated with Alpha Alpha Sigma, honorary.

After a trip through the Eastern states the new Mr and Mrs Jeffrey Coy will reside in Ovid.

The Dobson reunion will be held Sunday, August 21, at the City Park with a potluck dinner at 1 o'clock.

Baptists plan showing of Chinese film

Heralded as a new dimension in free-world strategy, "Something to Die For", dramatic sound motion picture produced in Singapore, will be shown Aug. 21 at 8:15 p.m. in the First Baptist Church of St. Johns on South US-27. The film's appearance in this area is being sponsored by the Senior Youth Fellowship with Charles Stockwell as president.

"Something to Die For" tells the story of Kim Sun and Mel Lei, two Chinese high school students, and their desperate search for truth. When they find it through the mediation of an Indian boy who introduces them to a unique Christian club in their high school, both willingly accept expulsion from home in preference to recanting their convictions.

Astros are Pony League champs

The Astros, piloted by Don Ott (standing left) and Louis Eisler (standing right) finished first in the new St. Johns Pony League this summer, compiling a 6-2 record despite a middle-of-the-summer start for the league. Left to right are: front row, Joe Kus, Pat Hilley, Tom Warstler and Eddie San Miguel; standing, Ott, Roger Davis, Dean Eisler, Danny Matice, David Ondrusek, Larry Wakefield, and Eisler. Absent for the picture were Luane Lumbert and Gary Burk.

Cubs win Little League title

Here are the Cubs, who won the championship this summer in the third season of the St. Johns Little League. Left to right are: front row, Mark Jones, Brian Pertler, Scott Smith and Tim Mitchell; back row, Manager Roger Heathman, James Smith, Dick Brunner, Jim Conley, Mark Heller, John Estes and Manager Sonny Estes. Absent for the picture were Eddie Harr, Ted Cartwright, Dan Zuker, Fred San Miguel and Dave Bradley. The Cubs compiled a 9-1 season record and then posted an after-season win over Fowler.

Marathon Co-Op team wins softball tourney

Co-Op won the St. Johns city softball tournament last Thursday night with three victories in consecutive games that ran until 1:45 a.m. Friday.

They defeated Benson's 5-1 in the first game and then took a pair of wins from defending champions Burton Corners (Ovid) 5-2 and 9-7.

The three games were necessary because of a Wednesday rainout and the fact the local winner was to play Friday night in the district tournament at Hastings. The three games may have been too much for Co-Op, because they lost 9-5 to Lansing Strohs in that district contest.

IN THE FIRST game last Thursday, Co-Op banged out eight hits to hand Snyder the loss and eliminate Benson's from the tournament. Norm Love was the winning pitcher, allowing only four hits, including two by Dave Guy. Gene Rademacher had two hits and Les Warner two doubles for Co-Op.

Rademacher picked up the victory over Burton Corners in the second game, though he had to be relieved by Love. Dennis Blakeslee had three hits and Rademacher a two-run triple as Co-Op got six safeties to pin the defeat on Jerry Herbel. Rademacher and Love allowed Ovid only two hits.

into the third game of the evening, which turned out to be a slug-fest. Each team got nine hits, but Co-Op pushed across 9 runs to only 7 for Burton Corners. Norm Love was the winning pitcher and Larry Darling the loser.

FOR CO-OP, LEE HILL and Gene Rademacher had two hits each, including a triple each, and Norm Love and Les Warner had two hits. Lee Darling and Bob Mulder had two hits each for Burton Corners.

The Co-Op wins over Burton Corners were sort of a revenge for a 7-0 defeat they suffered last Tuesday night in one of the earlier games of the tournament. In other games Aug. 9, Benson's beat Becker's 7-4 and Bee's 8-3.

AFTER THE LOCAL tournament, four teams represented the city in district tourneys around the state.

At Sunfield Sunday, Dean's beat Belding 9-2 in the Class C district softball tournament as they banged out 14 hits to give Jerry Sharick the victory. Don Rademacher had two hits and Morris Sharick three hits for Dean's. Dean's was to meet Hastings Tuesday night.

Co-Op lost to Lansing Strohs 9-5 Friday night in the Class D district tournament at Hastings.

Stroh's had 10 hits to Co-Op's 7. Norm Love was the losing pitcher. Monday night in the consolation round, Co-Op blasted Sunfield 8-3 on nine hits, two by Al Werblish and including a triple by Tony Lyman and a double by Dennis Blakeslee. They'll play again Thursday at 8:30 in Hastings.

WONER BAR DOWNED Roadhouse 5-2 Monday evening in the Class B district tournament in Charlotte. Wonder Bar had four hits and Roadhouse five, including a home run by Bob Fakis. Roadhouse was to play again Tuesday night.

In the senior boys baseball recreation tournament in Detroit Sunday, St. Johns lost to Plymouth 3-1 as Plymouth's pitcher struck out 10 of the first 11 men to face him and 16 before the game was over. Dennis Springer, the losing pitcher, got two of St. Johns' three hits; he yielded six hits on the mound and fanned 11 Plymouth batters.

Is the heat wearing you down? If so, says the American Medical Assn. stay out of the sun as much as possible. Wear light, loose clothing, the less the better. Drink more liquids than usual, but take extra salt only on your physician's advice.

Swimmers do well at Alma

DeWitt

VIRGINIA ACKERMAN

Thirteen of the top swimmers in the City Swim Meet last Thursday participated in an invitational meet at Alma Saturday with swimmers from Alma, St. Louis and Frankfurt. Twelve of them placed.

St. Johns finished third in the 11-and-under age group, fourth in the 12-13 age group and third in the 14-15 age group.

Jean Muckle had a second in diving, second in the 30-yard free style and third in the 30-yard breast stroke. Cathy Stoddard was second in the free style and tied for second in the breast stroke, both for 30-yard distances. Barb Cartwright was third in the 30-yard backstroke. All three girls and Kathy Muckle tied for first place in the sprint relay.

For the boys, Bill Muckle was third in diving, he and Mike Butler tied for first in the 30-yard free style, with Bruce Geller placing fourth in the event. Muckle, Butler, Dan Downing and Bruce Geller were first in the sprint relay with a good time of 1:29.5. Mike Lewis was fourth in the 30-yard free style, and he, Brad Huntley, Gavin Sanders and Jeff Geller were third in the sprint relay. Jeff Geller was fifth in diving.

Dear Joe:

We read with interest the article in the May 3 edition of the Lansing State Journal, stating that you are resigning as Chairman of our ASC Gratiot County Committee to be a candidate for State Representative.

I believe that you and I have had the opportunity to work together in ASCS during your entire ASCS experience. During that time, Joe, I have noted that you have always sought to provide "service to Gratiot county farmers." I think that you should be commended for always having this as your foremost objective.

I am sure that the Gratiot county farmers have benefited by and appreciate your efforts on their behalf.

Sincerely, yours,

10 records set in swim meet

Despite cool and chilling swimming conditions from start to finish, 10 new records were established last Thursday night at the annual St. Johns City Swim Meet.

But the weather did take its toll. A number of events were "scratched," particularly in the relay events that took place toward the end of the meet. And the total number of youngsters participating in the races and diving events was down somewhat over last year, due in part because of the chill and part because of the one-day postponement by rain.

JEAN MUCKLE AND Brad Huntley were named as the outstanding girl and boy swimmers of the meet, Jean for the second consecutive year. They were presented with engraved plaques presented by the St. Johns Jaycees. All first-, second- and third-place winners in the races received ribbons for their efforts.

Jean Muckle set three new swim meet records last Thursday and now owns or shares all the event records in the girls senior division and two that are still holding up in the girls junior division.

She swam the 100-foot free style last week in 19.2 seconds, breaking her own mark of 21.3 of last year. In the 100-foot back stroke, she was timed in 26.4 seconds, breaking Gall Pautke's record of 27.0 seconds established in 1964. And she scored 150.7 points on the high dive to best Gall Pautke's 122.3 points of last year.

BROTHER BILL MUCKLE set three records in the boys junior division and was in on a fourth new mark. In the 100-foot free style, he swam the distance in 22.2 seconds; that broke a record of 22.6 seconds set by Mike Green in 1963 and tied by Dan Schueller in 1964. Bill swam the 100-foot breast stroke in 31.2 seconds, breaking Vince Pouch's mark of 31.5 set in 1964. In diving, Bill was scored with 111 points, beating Doug Nickelson's score of 92.8 points last year.

A new free style record was set in the boys junior division by Muckle, Ken Schueller, Gavin Sanders and Mike Butler. They were timed in 1 minute 45 seconds, breaking the mark held by

Berk, Muckle, Jorae and Schueller a year ago when the event was first established.

Cathy Stoddard set a new time record in the 100-foot free style swim for junior girls. She was clocked at 21.0 seconds, and that beat the old record of 21.3 she set last year.

TONI MASARIK SCORED 111.5 points in the diving events of the junior girls, and that was a new record. The old record was 88 points set last year by Sandy Harris.

Jeff Geller set a new record with 146.6 points in the diving events for the boys' senior division, beating Scott Bennett's old record of 109.1 points set last year.

In addition to all the new records, several youngsters came close to tying old marks. Dan Downing swam the 200-foot free style in 54.0 seconds in the boys junior division, just .3 seconds off Brad Huntley's 1965 mark of 53.7. Cathy Stoddard came with 1/10th of a second of tying her own record of 30.5 in the 100-foot side stroke in the girls junior division, and she was .4 second slower than her last year's mark of 51.8 seconds in the 200-foot free style.

JEAN MUCKLE was .5 seconds off her 27.1 pace of last year in the 100-foot breast stroke.

There was some confusion at the start of the race concerning the times the race judges were turning in. It turned out that the stop watches used were calibrated in 100ths of a minute rather than 60ths, but all the times were easily recalculated to come up with the correct times.

All contestants were treated to ice cream by the sponsoring St. Johns Jaycees following the meet. Jaycee members and pool personnel served as judges, starters and recorders. Scott Munger, assistant pool director, was in charge of the staff, and Ernest Tooker was chairman for the Jaycees.

Here are the results of the swim meet:

GIRLS JUNIOR DIVISION — 100-foot free style, Cathy Stoddard 1, Toni Masarik 2 and Kathy Muckle 3; time 21.0 (new record). 100-foot breast stroke, Cathy Stoddard 1, Kathy Grost 2, Kathy Muckle 3; time 30.0. 100-foot backstroke, Cathy Stoddard 1, Jill Radke 2, Kathy Muckle 3; time 28.8. 100-foot side stroke, Cathy Stoddard 1, Toni Masarik 2, Jill Radke 3; time 52.2. Diving, Toni Masarik 1, Anita Rositas 2, winning points 111.5 (new record).

GIRLS SENIOR DIVISION — 100-foot free style, Jean Muckle 1, Mary Pat Sirlrine 2, Barb Cartwright 3; time 19.2 (new record). 100-foot breast stroke, Jean Muckle 1, Mary Pat Sirlrine 2, Barbara Cartwright 3; time 27.6. 100-foot back stroke, Jean Muckle 1, Mary Pat Sirlrine 2, Nancy Sharick 3; time 26.4 (new record). 100-foot side stroke, Jean Muckle 1, Mary Pat Sirlrine 2, Barbara Cartwright 3; time 30.6. 200-foot free style, Jean Muckle 1, Mary Pat Sirlrine 2; time 52.8. Diving, Jean Muckle 139.3 points on low board, 150.7 points on high board (new record).

Jean Muckle and Brad Huntley were awarded plaques last Thursday night as the outstanding girl and boy swimmers in the annual St. Johns City Swim Meet. They are flanked by Scott Munger (left), assistant pool director, and Ernest Tooker, swim meet chairman for the sponsoring St. Johns Jaycees.

There were several close races at the swim meet last Thursday. Judges Roger Feeman (near camera), Jack Downing and Roger Hammtreee of the St. Johns Jaycees snap their stopwatches as the contestants touch the pool's end.

PP & K set here Oct. 8

The 1966 edition of Punt, Pass and Kick, non-contact football competition for boys aged 8 to 13, is scheduled for Oct. 8 in St. Johns, according to an announcement this week from Egan Ford Sales, Inc., local sponsors.

Registration will begin Sept. 1. Bill Swears will be competition director; Gene Downing is chairman of the event for the St. Johns Jaycees, who will co-sponsor P & K again this year.

This is the third year for local Punt, Pass and Kick competition. Boys punt, pass and placekick a football and are judged for distance and accuracy. Local prizes and plaques are awarded, and the winners' scores are compared with those in other Ford dealership zones, with those winners advancing to regional and national competition prizes.

St. Johns football players to report

All St. Johns varsity and junior varsity football players should pick up uniforms on Wednesday, Aug. 24, from 1 to 3 p.m. and from 7 to 8 p.m. at the high school gym.

Practice begins at 8 a.m. Monday, Aug. 29, Coach Bill Smiley said. The first game will be against Mason at St. Johns on Sept. 16.

Fulton football coach issues call

Fulton High School boys planning to play football this fall should report to the high school gym next Monday, Aug. 22, at 7 p.m. for physical examinations and issuing of equipment. The announcement was made by football Coach Barney Schulthels.

Pin-pointing the target is the average man's aim in life.

Ladiski-Fizzell vows spoken at Bannister

ELSIE — Miss Mary Ann Ladiski became the bride of Richard Duane Fizzell Saturday morning at the St. Cyril's Catholic Church in Bannister. The bride's parents are Mr and Mrs John J. Ladiski of Henderson Road, Elsie and the groom's parents are Mr and Mrs Keith Fizzell of Island Road, Elsie.

The Rev. Fr. Clarence Smolinski officiated at the nuptial mass in a double ring ceremony and the wedding music was played by Mrs Earl Slagh assisted by Joe Beno. The altar decorations were California Pom poms.

THE BRIDE was gowned in a white silk organza sheath designed with lace appliques of rose pattern. A full length train was attached at the waist by a large bow, also appliqued with lace. A short bouffant veil was secured by a rose pattern headpiece glistening with sequins and a bridal bouquet of sweetheart yellow roses and white daisy poms with stephanotis and ivy in a cascade completed the ensemble.

Mrs Tony Rosales of Lansing was her sister's matron of honor wearing silk organza over taffeta in shimmering icy blue and fashioned floor length, with a draped chiffon bow from the shoulders. She carried a cascade bouquet of pale yellow carnations surrounded with ivy and long ribbon flowing from the bouquet.

The bridesmaids, Judi Jensen of Lansing and Pauline Ladiski, sister of the bride, of Elsie wore gowns identical to the matron of honor's.

CHRISTINE ANN HOES was flower girl and wore a pale yellow taffeta covered with silk organza. The floor length gown was accented with lace ribbon and chiffon train. She carried a basket of yellow rose petals.

The bride's mother wore a two piece turquoise whipped cream sheath with jacket of matching lace. Her corsage was pale yellow cymbidium orchids. The groom's mother wore a pink silk sheath with matching accessories and a corsage of pale pink cymbidium orchids.

Philip Fizzell of Elsie was his brother's best man while James Caswell of Lansing and James Brooks of Edmore were groomsmen.

The guests were ushered by Richard Ladiski and Tom Cerny.

FOLLOWING THE ceremony, the bridal party greeted the 250 guests at a dinner reception in the Slovak Hall at Bannister.

Both bride and groom are graduates of Elsie High School and the bride, also from Northwood Institute. The groom is a senior at Michigan State University.

The new Mr and Mrs Fizzell are spending a honeymoon in northern Michigan and will reside in East Lansing upon their return Aug. 22.

Mrs Charles Fizzell was hostess to the fourth annual Your reunion at her home Sunday. There were 31 of the immediate family present for the picnic dinner. Following a short business meeting, they spent the afternoon visiting and taking family group pictures. The guests were present from Flint, Flushing, Gladwin, Breckenridge, Ithaca, Charlotte, Oakley and Elsie.

The next meeting will be Thursday, Sept. 8, at the home of Mrs J. O. Schumacher with Miss Pearl West as co-hostess.

Several local people attended the ground-breaking ceremony for the new Church of Christ at Duplain Sunday morning.

Mrs Ward Lewis was honored Tuesday evening by her family, the occasion being her birthday anniversary. Ice cream and cake were served. Guests included Mrs Bradley Grenlund of Flint, Mr and Mrs Elmer Thornton and Mr and Mrs Lonnie McCullough of the Colony, Mr and Mrs Henry Howard of Eureka and Mr and Mrs Dennis Flegel.

Mrs Arvilla Robinson is now able to get about in her home following several months illness. She would appreciate callers at this time.

Mr and Mrs S. J. Keys attended a dinner Sunday evening honoring Mr and Mrs Kenneth Jones at their home on their fortieth wedding anniversary. The affair was planned as a surprise by their children, Mr and Mrs John Jones and Miss Cynthia Jones.

Mr and Mrs James Hall of Detroit spent a few days with Mr and Mrs Ward Lewis. The Lewises were weekend guests of Mr and Mrs William Fickles at Looon Lake.

Mrs C. S. Goodrich has been vacationing in the Northwest this summer. She visited her son, Sidney Goodrich and wife and her grandson and family, Mr and Mrs Larry Goodrich in Montana. She expects to arrive home this week. She has visited six national parks including, Lake Louise, Banff, Glacier and the National Bison Range. Also, there have been many after-supper drives to see the mountain scenery of Montana, where she saw 32 deer on one occasion.

She wrote that her son, Sidney, and his son Larry, both former Elsie residents were on a weekend "trek" to a mountain lake. It was necessary for them to carry their packs three miles from the end of the trail.

Dr Kenneth O. Turner and wife of Palos Verdes Estates, Calif., were luncheon guests of their uncle and aunt, Mr and Mrs Alton Fizzell at the Village Inn Friday. Dr Turner, a retired captain in the U.S. Navy is now a professor at the University of Southern California in Los Angeles. He is an official in the U.S. Figure Skating Association and a member of the executive committee of the association.

Mr and Mrs Louis Moritz and family were at Greenfield Village at Dearborn, a week ago Sunday.

Mrs Lloyd Nequette of Lansing was a Sunday dinner guest of her father, John Foerch and her brother and sister-in-law, Mr and Mrs Floyd Foerch and Sandra.

Callers during the week at the William Ernst home were Mr and Mrs Herman Noller of rural Hubbardston and Mrs Edna Wata-maker.

Mrs Louis Moritz attended a bridal shower in honor of Miss Joyce Wirth Sunday afternoon at the home of Mrs Paul Graf Jr. of Lebanon.

Miss Peggy Sturgis returned to her home in Detroit Sunday after spending her vacation with her mother, Mrs Edna Wata-maker.

Sunday afternoon visitors of Mr and Mrs Edward Moritz were Mr and Mrs Albert Moritz of Essex, Mrs Lloyd Nequette of Lansing, Miss Ann Mohnke of South Bengal and Clare Moritz.

Mr and Mrs Edmund Falk spent Wednesday evening with Mrs Arthur Martens and Mr and Mrs Melvin Argersinger and daughter, Tammy of St. Johns.

Mr and Mrs William Ernst and Maxine were Tuesday visitors of Mr and Mrs Fred W. Pasch and Mrs J. D. Bancroft.

It takes a lot of money to make some friendships last.

Far East trip recalled

SOUTHEAST EAGLE — Mrs Victor Clark has just returned from a five week tour which originated at Central Michigan University and was composed for the most part of people engaged in all fields of education. The Grand Ledge teacher read background materials and studied for the past year preparing for the tour.

The first stop on the flight was in the Hawaiian Islands, where the tour visited the three largest islands, Hawaii, Maui and Oahu. Japan was next on the itinerary. Highlights there were visits to Tokyo and Kyoto where Secretary of State Dean Rusk and many prominent officials, both Japanese and American were gathered for the recent negotiations with Japan.

Mrs Clark particularly enjoyed watching the Japanese and American press at work on this conference. An especially proud moment for Mrs Clark was meeting the visiting teacher greeting her with, "Good Morning, fellow countryman."

Two blocks from the Miyako Hotel, where the tour was having dinner, was a student demonstration. Guests were taken up to observe the street fighting from the rooftop of the hotel, shots were heard and waiters explained that these were only blanks, the guests weren't scared.

Famous Mt. Fuji-jama was wreathed in a fog, so the group of travelers were denied the pleasure of seeing this beautiful landmark. They did, however, enjoy the well known mineral baths nearby.

A FEW OF the other stops included Hongkong, China, Bangkok, Thailand where the tour was grounded here due to typhoon warnings and Taipei, Taiwan.

Two delays enroute awaited the group when they returned stateside due to the airline strike. At San Francisco the tour spent two days with hundreds of other passengers waiting round the clock on standby for another two days, but at this time they were allowed to stay at motels. In spite of the inconvenience of the strikes the passengers had nothing but praise for the courtesy and cooperation given them by the available airline. The tour graphically expressed both the variations and similarities of the East and the West. Each one was happy to return home after a wonderful tour.

The regular meeting of Horton Grange was held at the Grove Church Friday evening. During the business meeting officers for the Michigan State Grange were nominated. It was also voted to entertain Pomona Grange at the church Sept. 8.

A bridal shower was given by Mrs Dale Austin and Mrs James Austin at their home in Owosso honoring Pamela Byam whose wedding will take place at the Congregational Church in Owosso Aug. 27. The groom to be is Casimer Jene Jr.

Members of Horton Grange have been invited to the annual district meeting and picnic, to be held in Pavilion No. 2 at Flushing Park, Aug. 21. Dinner will be served at 1 p.m. sharp.

Members of the St. Johns Senior Citizens Band are requested to meet for practice at the Drop-in-Center Thursday evening promptly at 7. All those playing harmonica's in key of C are urged to attend and bring your harmonica. The group will put on the afternoon program at the Owosso Civic Hall Aug. 23 and practice is necessary.

Mr and Mrs Floyd Upton spent several days last week at Town Line Lake near Harrison.

Mr and Mrs Elmer Cutler are spending several days at their cottage on McGilvery Lake. David Beecher of the U.S. Navy spent the weekend at his home here.

Mr and Mrs Edwin Berlin and Judy, Louis Berlin, Luellen and Donna of Inlay City were Friday evening supper guests at the Exelby home. Mr and Mrs T. M. Fast of Owosso were Sunday visitors.

The Grinding reunion was held Sunday at the Bruce Parrot home with 43 members present.

Don Saxton has been enjoying a few days vacation and he and his family spent the weekend at Lobell Lake.

Mr and Mrs Randy Phelps are enjoying a trip in northern Michigan and Canada.

★ CALF STARTER

LARRO CALF RAISE now better than ever. A calf pre-starter that takes calves through critical first 29 days of life. One 25-lb. bag mixed with water will make 270 pounds of milk replacer solution; a solution that contains the same solids as Holstein milk, plus antibiotic vitamin, mineral and growth stimulant fortification. Larro Calf Raise costs only \$4.38 for a 25-lb. bag. Makes a milk replacer solution for only \$1.59 per 100 pounds.

LARRO CALF BUILDER TASTY TEXTURE—A course, tasty mixture of appealing mash and pellets. Combined with Calf Raise, supplies important nutrients to speed early growth. Calves love its flavor and aroma and they get on low cost roughage sooner. Cost only \$2.90 for a 50-lb. bag.

Break ground for Duplain Church of Christ

Members of the Duplain Church of Christ broke ground Sunday for their new \$115,000 church building, with about 100 persons attending an outdoor service at 11 a. m. The Rev Ralph Woodard, pastor, and members of the building committee and young peoples group took turns with the spade and part in the services. Left to right are Luman Hall, Jack Hawes, Rev Woodard, Ron Thornton, Dawn Burnham, Jim Burnham, Jack Schwark Jr. and Roy Thornton. Roy Thornton gave the invocation, Jack Hawes read the scripture, and Luman Hall pronounced the benediction. Construction on the new church is expected to start next week.

Summer in Sweden ends for David Bates

David Bates, son of Dr and Mrs J. W. Bates, has been in Falun and Swardsjo, Sweden, since June 18. His host family is Dr and Mrs Anne Wallfelt and their son, Chris. Dr Wallfelt is a dentist, specializing in oral surgery. He is assigned to the hospital in Falun.

Falun is a city of 20,000 and is located on a large lake. Swardsjo is a small resort town, about 10 miles from Falun and is on a river. The Wallfelts reside in Swardsjo during the summer months, where they have a home which was built over 300 years ago. Chris and Dave have stayed in the guest house on the property.

Dave and Chris had an enjoyable 10 day trip to the Swedish mountains, near the Norwegian border. There they were guests of Chris' grandmother. The boys did much fishing, swimming, hiking and mountain climbing. They climbed the highest mountain (6,000 ft.) in Sweden south of the Arctic Circle. They also hiked to a mountain just over the Norwegian border.

Chris' grandmother, 79 years young, lives in her mountain home only for the summer months and she takes a daily swim in the icy waters of the river which flows by her cottage.

exclusive use of 1200 students. This includes some summer US students as well as exchange students from various European countries who will be spending the coming school year in the United States. The ship will stop in the following ports to take on students: Bremerhaven, Germany; Amsterdam, Holland; London, England; LeHavne, France and Cobh, Ireland. The ship will dock in Quebec Aug. 25 and in Montreal Aug. 26. At the latter city, the students will board buses and will be driven to Northville.

David has had a wonderful summer and is loathe to leave his Swedish family who was so hospitable and made him a part of their close family unit. However, he is looking forward to his sea voyage home, and his senior year in high school.

Ovid woman attends Doll Club exhibition

Mrs Irvin Reed spent the weekend in Dowagiac visiting her mother, Mrs Herbert Austin and her sister, Mrs Fred Young. Saturday Mrs Reed and sister, Mrs Young, attended the 17th annual United Federation of Doll Clubs of America held at the Conrad Hilton hotel in Chicago. Tickets admitted them to the Exhibition Hall where ribbons had been awarded dolls in every phase of competition.

The Beverly room had commercial exhibits where every accessory and doll was on sale. Most interesting was a room of American doll artists exhibiting their rare and choice reproductions. Many of these noted people had their own publications on exhibit and for sale. It was a rare privilege since the next meeting will be in August in Boston, Mass.

Prof. and Mrs E. C. Volz of Ames, Iowa and Misses Frieda and Martha Volz of Saginaw are spending this week with their sister, Mrs B. R. Elliott.

1912 CLASS REUNION

Seven members of the 1912 graduating class of Ovid High School, with members of their families, met Sunday, Aug. 7, at the Middlebury Church. Those coming from a distance were Mr and Mrs Vern Christensen of Newaygo, Mrs Hazel Blackman of Zephyrhills, Fla., Dr. and Mrs Archie Squiers of Detroit. Thirty guests enjoyed a potluck dinner. A business meeting followed and officers for 1967 were elected. Mrs Harold Beardslee, pres; Miss Ada William of Owosso, sec-treas. It was voted to meet at the same place and the same date next year. A social hour followed.

Mrs Vern Binger returned home Tuesday from Owosso Memorial Hospital.

Sam Banagis entered Owosso Memorial Hospital this week for extensive therapy.

Mr and Mrs Dale Crossian were at the home of Mr and Mrs Ray Crenshaw (Marlene Stambaugh) at Union Lake recently to celebrate the 25th wedding anniversary of Mr and Mrs Duane Stambaugh, former Ovid residents.

Pvt. 1-C William T. Coe, MP, who was home on a two-week leave left Monday for Ft. Lewis Wash., from where he will soon leave for overseas duty.

Mr and Mrs Dale Sheldon arrived home Monday from a five weeks trip to Alaska.

Pvt. 1C Leroy Vincent, MP, left Monday for Ft. Lewis, Wash., after spending two weeks with his parents. He will leave soon for overseas duty.

Mrs George Fowler and Pamela were Sunday guests of Mr and Mrs Leon Hooker in Livonia.

Mr and Mrs Keith Sheldon and family left this week for San Manuel, Ariz., where he has accepted a position as coach.

Mr and Mrs George Austin were Sunday guests of Mr and Mrs George Sillaway at Cedar Springs.

She teaches the 'unteachables'

Former DeWitt woman gives retarded new start

DeWITT—The daughter of a DeWitt couple is finding great joy and satisfaction in teaching "unteachable" children in the Midland area to be self-sustaining, useful citizens.

She's Mrs John L. Hardy of Midland, daughter of Mr and Mrs Percy Carris of West Webb Road, DeWitt. She will be opening up for the third year this September the Emmanuel Children's Center in a previously abandoned school house on Flajole Road north of Midland.

hands is now feeding himself. Nine "unteachable" children were learning last spring under Mrs Hardy's guidance.

"Emmanuel means 'God Be With Us,'" Mrs Hardy said in an interview last spring, "and He's all we had to start this center with."

The school is self-supporting with no aid from public sources or service organizations. Teaching is provided on a volunteer basis. Nominal tuitions cover the cost of light, heating and equipment.

unteachable. In 1963 she learned of a method at the Rehabilitation Center in Philadelphia, Pa., for teaching the retarded; it impressed her and gave her new hope. She searched for several months around Midland before finally getting the red school house for a token sum.

Mrs Hardy, aided by her husband, opened the Emmanuel Children's Center in September 1964. Since then she has returned to Philadelphia to learn even more about the systems needed for teaching in her school. She gets first-hand assistance in the teaching program from Mrs James Pollack and other volunteer parents from Midland.

the "Domap-Delacato" approach to perceptual motor development in evaluating each child, reaching for the point at which the child's development was first arrested.

She then takes the child back to that point and stimulates natural motor reaction through the use of "original patterning."

Some children start crawling on their stomachs; others restart their development on their hands and knees.

AS THE CHILDREN progress in physical control and gain more natural movements, they learn to walk on balanced, wooden beams and eventually learn to skip rope. The children are taught how to use pencils, crayons and scissors.

IN THE RED SCHOOL house some "miracles" are taking place. A five-year-old who couldn't talk a little over a year ago is learning to read. Another youngster who couldn't use his

A visitor to the center once remarked that it must take a lot of patience to teach the children.

"Oh, yes," Mrs Hardy said, "It takes a lot of patience, a lot of hard work—and a lot of prayer."

MONEY BAG STOLEN
 Ed Sulka of 307 W. State Street told city police last Thursday someone had entered his home through a kitchen window while he was away between Aug. 3 and Aug. 8 and had made off with a bank money pouch containing some cash. The pouch was not missed until last Thursday. The thief had removed a screen, opened an unlocked window and had replaced the screen in entering and leaving the house.

It's surprising how many people live on such a narrow margin in this wide world of ours.

You Have a Choice at Clinton National . . .

What type of Checking Account best meets your needs?

Clinton National provides a choice of personal checking account services to meet the specific needs of the many customers we serve. Feel free to come in and discuss your individual situation with us. We'll be glad to advise you on the type of checking account which will give you the service you want at the lowest possible cost. For instance—

1. If You Maintain a Minimum \$300 Balance, Checking Service is FREE

If you can conveniently keep a checking account balance that does not fall below \$300 each month, this is the most advantageous type of account for you. If the balance falls below the \$300 minimum, checks paid against the account for that month are charged at 10c each.

2. A ThriftiCheck Account Requires No Minimum Monthly Balance

A book of 20 checks, printed with your name, costs you only \$1.50. There are no additional charges for checking services. A statement of your account is sent to you each three months.

3. FREE Checking Service for Persons Over 65 Years of Age

Clinton National makes no checking service charge on accounts for persons over 65. Just notify us that you're 65 or over and we'll extend this FREE service to you.

Deposits Up to \$10,000 Insured by the Federal Deposit Insurance Corporation

Specialized driver training aid

Part of the instruction of driver training takes place in the classroom, and part of the classroom instruction includes outside speakers who talk on specialized topics. John Lynch of Farm Bureau Insurance represented the insurance industry last week for 15-year-olds in the third session of driver training at St. Johns High School. He talked about how the students can get insurance and how they can lose their insurance. He also spent considerable time talking about the dangers of motorcycles and something about how to handle them.

Road Commission Weekly Report

The Board of Clinton County Road Commissioners held a special meeting on Tuesday, Aug. 9. Discussion was on procedures for township contributions for road purposes and on a request from the Elsie Lions Club to preserve the old Island Road bridge at Elsie as a historical and recreational site. The commission met with attorney Tim Green to discuss this noteworthy project and ways and means to accomplish this purpose.

The next regular meeting of the board will be Thursday, Aug. 18. The labor meeting scheduled for this meeting has been postponed until Sept. 6.

YOUR ROAD clerk attended the Southern Michigan Road Clerks Assoc. meeting held at Monroe last week and gave a report on the accounting seminar held earlier this year. The meeting was devoted to accounting subjects such as inventory controls, handling charges for road signs and depreciation on yard and storage equipment.

The dust control program had the calcium chloride spreaders back in the county last Friday. They spread 12,000 gallons on scattered areas.

Latest construction project to start is Watson Road near the north county line in Duplain Township.

Herds classified

Two area Holstein herds were recently classified for body type by a staff classifier of the Holstein - Friesian Assn. of America. Duane and Velmar Green of Elsie had 837 animals classified; 13 were rated excellent, 134 very good, 370 good plus and 309 good. Floyd H. Koerner Jr. of Laingsburg had 38 animals classified; 3 rated very good, 17 good plus and 17 good.

The Interlochen Arts Academy and National Music Camp are located at Interlochen. The Music Camp, now in its fortieth year, was the first of its kind in the world and each summer has in attendance some four thousand young musicians from the junior high through university levels. In 1966, the annual meeting of the International Music Educators Conference will be held at the camp in August bringing some two thousand music educators from around the world for a week of conference and study. The Arts Academy is the only one of its kind in the United States. Here, gifted students in all arts may pursue their specialty at the same time as they complete their high school education.

As a rule the man who follows the primrose path is inclined to yield to the alluring rather than the assuring.

THE TIME OF JOY

There's happiness and ice cream all over her face! It takes so little to delight a child, and we sometimes wish that we could be satisfied as easily.

As we grow older, we acquire expensive new possessions but tire of them. We try costly new entertainments until they bore us. Even though our lives are full of small pleasures . . . the fragrance of fresh-cut grass, the soothing sound of rain, the silent beauty of stars . . . we somehow aren't really aware of them any longer. Even life itself, the greatest gift we have, can seem bleak and fruitless. What can restore our awareness of the joy and privilege of being alive?

Jesus knew about this problem, and He had the answer for all who need it. He has promised life . . . more abundant life . . . to those who will follow Him. And He will help, every step of the way.

THE NUN'S STORY
By Kathryn Hulme

In many of us the need cries out for more privacy, for a less distracted, more dedicated life than circumstances permit. This need for inner renewal so beautifully certified by Mrs. Lindbergh's Gift from the Sea is illuminated for us by a new witness, The Nun's Story by Kathryn Hulme.

This book actually happened; it is true in its essentials. It is the portrait of Sister Luke, a Belgian girl who turned aside from marriage to enter a famous nursing order. In the trials, medical and spiritual, which Sister Luke must pass as she moves from novice nun and thence out to a hospital in the Belgian Congo, she makes us feel the humility of the true religious—she makes us admire her superiors—what rare women are the Superior General and Mother Mathildal! She makes us realize as never before what a voice the conscience must be in such a life.

THE CHAPTERS on Africa are the heart of the book; the spirit of Dr. Schweitzer walks through them, and when at the end of her assignment Sister Luke takes her touching departure in her compartment banked with flowers and the little ebony statue in her lap, our love for her is like that of the natives. "Yet it is in her obedience that Sister Luke is most vulnerable. For she is more nurse than nun. When in 1940 her hospital on the Dutch border is caught up in the Resistance, her abhorrence for the Nazis cannot be subdued. So begins the deciding struggle within herself.

The author, Kathryn Hulme, who won the Atlantic Nonfiction Award in 1953, is writing about a woman immeasurably dear. To read "The Nun's Story" is to be brought within the radiance of a noble, deeply felt experience.

To shoot straight we must aim straight—to aim straight we must think straight.

An afternoon of storytelling . . .

The Children's Story Hours at the Bement Public Library this month are drawing large numbers of youngsters in the first through third grades. And their interest in the stories read to them is intense, as these pictures show. That's Mrs. Maurice Barbour who read to 39 children last Tuesday. The story hours are being held each Tuesday throughout August at 1:30 p.m. in the children's library in the basement of the municipal building; the readers have been or will be Mrs. Manning Bross (librarian), Mrs. Barbour, Mrs. Mark DeBoer, Mrs. Robert Merrill, Mrs. Raymond Torpey and Mrs. Marlon Walling.

Costs, curriculum require extra mills, Ovid-Elsie says

OVID—The increased cost of living and the addition of new educational services to the curriculum were cited this week by the Ovid-Elsie Area Schools Board of Education for the need of four additional mills for operating expenses during the next school year.

A special election has been called for Monday, Sept. 12, for voters to make the decision. "Everyone is aware of the fact the cost of everything purchased today is much more than it was even a few months ago," the board said this week.

"WAGES ARE RISING all over the state and nation. Teachers wages have also increased. The starting salary for beginning teachers in Ovid-Elsie school system for this year is \$5,450. This is less than beginning factory workers wages and considerably less than the wages paid in the building trades. Four years of college preparation must be considered when setting teachers salaries."

The board of education has authorized the addition of art into the curriculum. This was one of the recommendations of the curriculum committee during the time of the merger. An art teacher has been hired, allowing for an art program to be started in high school where enough students have shown an interest to make up five classes in Art I.

A GIRLS' PHYSICAL education teacher has been hired, allowing an expansion of the physical education program for the girls. Electricity and electronics have also been added to the curriculum. These important expansions to the curriculum also add to the increased cost.

At the present time, the Ovid-Elsie Area Schools has two voted mills for operation. A comparison of schools in the area and the number of voted mills they have for operation are as follows: St. Johns, 4.5 mills; Owosso, 7 mills; Corunna, 3 mills and voting for 4 more on Sept. 12; St. Louis, 5 mills; Ithaca, 6 mills; Fowler, 5 mills; Bath, 6 mills; Durand, 5 mills; Perry, 7.3 mills; Haslett, 14 mills; Okemos, 13 mills; and Lansing 17 mills.

THE BOARD of Education is asking for four mills for one year. One year was selected because the two mills now authorized will expire this year. Having both issues expire at the same time should be less confusing in the future.

A public meeting to explain the need for the millage will be held in the Ovid High School gym on Wednesday, Aug. 24, at 8 p.m. and in the Elsie High School gym on Monday, Aug. 29, at 8 p.m.

No. 4 in a series on Complexion Care especially written for teenagers. Special skin care and make-up scoops.

Complexion Care is not a "Sometime" Thing!

A plant won't thrive without constant care. Nor will a clear complexion stay lovely all by itself. It follows, then, that a troubled complexion needs extra care. So never neglect a blemished complexion—not even for a day! Go the ALL CLEAR way with this beauty ritual:

DAILY ALL CLEAR BEAUTY RITUAL:

MORNING: Splash some warm water over face and neck. Pour about a teaspoon of ALL CLEAR MEDICATED FACE WASH into the palm of your hand, and smooth it over your face and neck with upward motions until Face Wash becomes a creamy foam. Rinse off thoroughly with warm water. Pat dry. Then apply ALL CLEAR MEDICATED ASTRINGENT over face and neck with a cotton pad. Allow to dry. Now you're ready for your MEDICATED MAKE-UP. Using your fingertips, blend Make-up evenly over your face and neck. Add the finishing touch to your make-up with ALL CLEAR MEDICATED COMPRESSED POWDER.

DURING THE DAY: Touch up when necessary with COMPRESSED POWDER but, better still, have a "change of face" at least once during the day, using ALL CLEAR MEDICATED ASTRINGENT.

(Keep a small bottle of Astringent in your purse, your locker, your school bag, along with a supply of clean cotton pads.) For a complete change of make-up, repeat morning routine and start with ALL CLEAR MEDICATED FACE WASH.

BEFORE BEDTIME: Wet your face and neck with warm water. Pour about a teaspoon of ALL CLEAR CLEANSING GRAINS into the palm of your hand. Add enough water to make a thin paste. Apply while wet with gentle massage, covering your neck and face (but not too close to the tender area around eyes). Allow about 5 minutes to dry and rub off with dry cloth to promote circulation. (If skin is sensitive, however, remove with wet cloth). Rinse residue away with warm water. During the first week of treatment use ALL CLEAR CLEANSING GRAINS every night. Then, once or twice weekly to keep skin clear of surface blackheads.

ON TARGET

with the St. Johns Chamber of Commerce

By BETTY MINSKY Secretary-Manager

Just today I had an opportunity to glance at a large map depicting the proposed Sleepy Hollow State Park to be located near St. Johns in the not too far future, thanks to the State Conservation Department.

As one views this huge recreational complex, it is hard to believe that it will be "man made."

Take for instance that big lake. Some 550 acres of water, ideally laid out and positioned in the over-all plan so as to provide the ultimate in recreational use.

AND, SCENIC too, what with a bridge and all that will sort of divide it into one area for boating and another for fishing.

And, if the lake looks as good when it is finished as it does now on paper, it will be a real achievement, what with its curves and inlets. When you talk about man-made lakes people so often think of round or oblong

puddle like holes. But not this lake. For its shape would cause one to believe it was truly a work of nature itself.

Adding to its character are two islands to be located in the main portion of the lake, providing additional scenic benefits and convenience.

AND, THOSE FELLAS in the Conservation Department have thought of everything. There are several nice boat launching sites planned, what looks like more than ample parking space scattered throughout the park area, a 20-foot-wide scenic road curving around the east lake shore which will quickly get visitors into all park facilities easily and without congestion.

Then, there's an abundance of naturalistic areas, including the entire west lake shore which has deliberately been left void of development. This will be preserved in a natural state.

Another area, located south of Price Road, is slated to be left as a wildlife refuge and for anyone who has visited these in other state parks, a real treat is being offered area residents and other visitors who will come to Sleepy Hollow.

AND, OF COURSE, there's the campground. Planned is a 210 site campground to handle tents and trailers. These will be served by the modern sanitary facilities including running water and electricity, that we have come to expect and appreciate in Michigan's state parks.

Although there will be eight miles of shoreline, two special areas are being set aside for beach purposes and will have beach houses and rest room facilities available.

And, of course, no state park would be complete without its picnic areas. At Sleepy Hollow three separate areas are planned, with two of them to be incorporated with the beach developments. All will have sufficient parking area nearby.

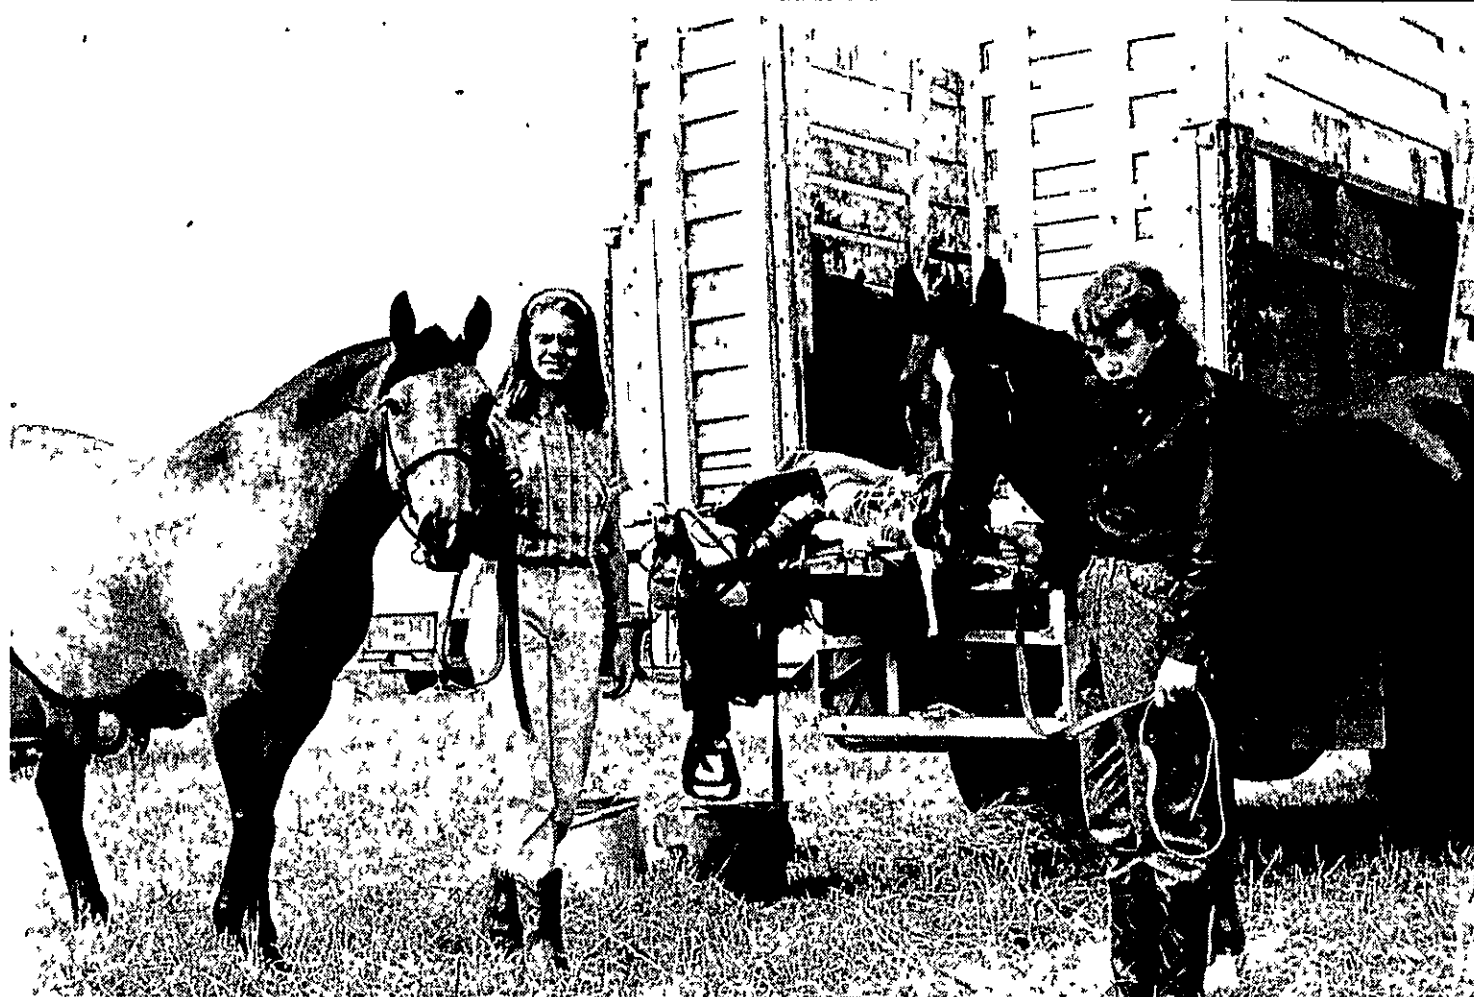

PARKING HAS been considered, and spacious spots are being reserved near the two boat launching sites, too, so that cars and trailers can be quickly parked close by.

As one enters the park, the control station and park office will be located nearby. Here information will be available about the park facilities.

In the naturalistic areas, miles of winding trails and paths will be laid, with interpretive devices along the wayside calling attention to the attraction.

That this park, when completed, is going to be of importance to St. Johns can hardly be disputed. And while it may, to some extent, attract residents from St. Johns and other surrounding metropolitan areas, it will in no way be limited in scope to area residents. Instead, tourist authorities and conservation department officials feel that it will bring a large number of new people into the area, with many anticipated from Indiana and Ohio, who will stop off here rather than continue north.

AND, A LARGE number of people from the general central Michigan area may utilize the park, rather than travel north. This, of course, will add to the economy of the area as these people spread out into surrounding communities to do their shopping.

Monday was horse day at 4-H Fair

Monday was chock full of horses at the Clinton County 4-H Fair, and two of the fair sex who brought their steeds for competition in the horse show were Betty Moots (left), with Dusty, and Elena Tobias, with Tammy. Both live on R-4, Lansing and are members of the Trail Blazers 4-H Club.

Pair wed July 9

WESTPHALIA—Patrick John Quigley of Portland claimed as his bride the former Miss Maureen Ann Manning of Westphalia July 9 at 11 a.m. Nuptial Mass at St. Mary's Church. Rev. Aloysius Miller officiated at the double ring ceremony.

The new Mrs. Quigley is the daughter of Mr. and Mrs. Clarence T. Manning of Westphalia and her husband is the son of Charles Quigley of Muir and Mrs. Wilma Quigley of Portland.

For her wedding, the bride selected a floor length sheath of tulle with a row of tulle and tulle sleeves and a raised waistband. The detachable cape court train was of silk organza edged and accented with appliques of lace. Her bouffant French illusion veil fell from the center of her crown of crystals and ice pearls. She carried a cascade arrangement of English ivy, carnations and stephanotis centered with a white orchid.

MISS DIANE Manning was her sister's maid of honor. She was attired in a floor length gown of pink silk organza over tulle with a row of tulle and tulle sleeves and a raised waistband. The detachable cape court train was of silk organza edged and accented with appliques of lace. Her bouffant French illusion veil fell from the center of her crown of crystals and ice pearls. She carried a cascade arrangement of English ivy, carnations and stephanotis centered with a white orchid.

TOM KEUSCH, Jr. was the best man and groomsmen were Gene Densmore and Douglas Kilsane. Seating the guests were Roger and Russell Manning, brothers of the bride.

For her daughter's wedding, Mr. Manning chose a rose pink lace dress with white accessories. Mrs. Quigley wore a pink and yellow floral sheath. They both had orchid corsages.

The wedding dinner and reception for the newlyweds were held at St. Mary's hall. Assisting at the reception were Mrs. Susan Brya, Mrs. Marie Shuerer, Mrs. Roger Manning, Sharon Jean Manning, Joan Bohr and Mrs. Adelaide Anderson.

AMONG THE 300 guests attending were Mrs. Ed Manning, Sr. and Mr. and Mrs. John Bohr, grandparents of the bride and Mrs. Rose Hopper and Mr. and Mrs. Russell Quigley, grandparents of the groom.

Guests were present from Detroit, Lansing, Muskegon, Kalamazoo, Portland, Chesaning and Westphalia.

The new Mrs. Quigley is a graduate of Pewamo-Westphalia High School and is employed by Oldsmobile of Lansing. Quigley, a graduate of St. Patrick's of Portland, works in Portland at TRW.

Shepardsville

By LUCILLE SPENCER, Correspondent

The Shepardsville Woman's Society of Christian Service will resume its activities on the second Thursday in September with a general meeting at the Church.

The Berean Circle will be in charge of the program. At a recent meeting of the stewardship and evangelism commission and the finance committee, it was decided to have an Every Member Calling Day, tentatively set for the first Sunday in October.

There are several problems to be worked out as to how it should be done. The stewardship and evangelism commission, at a recent meeting, elected Dale Squiers as vice-chairman and Mrs. Russell Klooski as secretary. Mrs. Charles Swendell is chairman.

At the Official Board Meeting last week that the work on the new addition had been started. The contractor reported on the way over the wheel broke but they expect to resume work in a day or so. Rev. John Huhtala had read an invitation to his wedding to Miss Karen Krietzer Aug. 20 at Constantine Methodist Church. (This same invitation was read to the congregation at the church service Sunday morning.)

The altar rail of the church Sunday morning had some beautiful gladioli and dahlias from the garden of Mr. and Mrs. Ralph Baker. They helped to brighten up a rather drab-looking day.

During the church service Sunday morning, Mrs. Karl Smith, Mrs. Chandler Gleason and Robert Henderson sang "Life is Like a Mountain Railroad." Henderson played the guitar accompaniment. Your correspondent hopes they will do it again sometime.

Despite the rain last Thursday afternoon, the MYF had a big turnout for their Ice Cream Social. The showers turned out to be showers of blessing. The social netted them over \$215.

Larry Wittenbach will be the speaker for the next two Sunday mornings at both the Shepardsville and Price Churches while

Rev. and Mrs. John Huhtala are on their honeymoon.

The Ovid-Duplain Library will resume its activities on the second Friday in September, at the home of Mrs. Wilmet Ridsdale. The program committee has a very interesting year's work for the Club. There will be several speakers, a trip, a Family Fun Night, and the Annual May Coffee. Mrs. Charles Walker is president; Mrs. Ralph Baker is 1st vice-president; Mrs. Harold Smith, 2nd vice-president; Mrs. Harold Frisbie, secretary and Miss Loretta Lang is treasurer.

Mr. and Mrs. Robert A. Spencer of Lubbock, Texas and Ricky Barker of Lansing were dinner guests last Wednesday of their grandfather, John Spencer and Mrs. Spencer. Robert Spencer is a graduate of Texas Tech. Mr. and Mrs. Spencer are on their way to Newport, R. I., where Spencer is to enroll in the Naval Officers Training School.

Mr. and Mrs. John R. Bartlett and children of Rochester, N.Y., came last Friday to visit their parents, Mr. and Mrs. Spencer Bartlett. Mr. and Mrs. Spencer Bartlett accompanied Mr. and Mrs. John R. Bartlett to Mackinac Island, where the younger Bartletts will spend a week. Mr. and Mrs. Spencer Bartlett will return with the children. Mrs. Bartlett has taken this week off from her duties at the local bank.

Mr. and Mrs. Steve Komives spent the middle of the week at Houghton Lake. The William Buehlers of Detroit have been guests of the Komives recently. Komives daughter, Jullanna and two children were Sunday guests and his sister and her husband of Battle Creek also were there.

Mr. and Mrs. Jerry Rankin of Saginaw spent Thursday and Friday with Mr. and Mrs. Clare Alderman.

Mr. and Mrs. Howard Malitz and family have returned from spending some time in northern Michigan. Malitz has resigned from the Ovid-Elsie School System to accept a position as principal of the Laingsburg Elementary School. The Malitzes still will be making their home in Shepardsville. Malitz has just attended a meeting in Cadillac this week of elementary principals.

If any one in the Shepardsville area has any news that they wish to have in the paper, please call me. My telephone number is 834-2615. Thank You.

Dr. Mario Chase and Mrs. Fay Chase of Kalamazoo were dinner guests Sunday of Mr. and Mrs. Clare Alderman. Mrs. Anna Alderman returned to Kalamazoo with them to spend a few weeks.

Several from the Shepardsville Church attended the Colony Methodist Church for their service of worship and song. Some stayed for the picnic that followed.

Terry Hughson returned home last Wednesday. He is improving a little bit every day.

6 represent P-W at FFA leadership camp

PEWAMO - WESTPHALIA—Region 5 of the State Association of the Future Farmers of America had its leadership camp Aug. 11 and 12 at Camp Kott near Cadillac. Six boys, accompanied by their ag teacher, James Gibson, went as the Pewamo-Westphalia representatives.

The two-day camp included several workshop and discussion groups where many ideas were exchanged. Three general sessions were held where boys elected new regional officers and regional business was brought up to date. Nearly all of the 31 chapters in the region had representatives present. Members of the P-W delegation were Tom Huhn, Dave Smith, Bill Simon, Tom Keilen, Mike Pung, and Keith Rademacher.

On Aug. 9, 30 members of the P-W chapter went to the Ionia Fair in a group as a recreational meeting. This trip has become an annual event for our chapter.

THOUSANDS OF people passed through the Children's Barnyard at the fair. The chapters of Ionia County are cooperating together by sending one member each day to care for the animals and barn. The barn was stocked with pens containing various farm animals, mainly young ones, for children who otherwise would not see small farm animals. It was complimented by many who visited it. The barnyard was visited by Governor Romney on Governor's Day.

The P-W chapter's members exhibited over 30 samples of grain at the fair and many received red ribbons and several got blue ribbons. The chapter's exhibit followed the theme of Slow Moving Vehicles and it received a white ribbon award. SMV signs are available from any member of the P-W chapter.

Million teens have taken driver ed

A record 160,000 teen-agers will be taking driver education courses in Michigan this year.

More than a million Michigan boys and girls will have completed driver education courses since 1956 when the Driver Education Law took effect.

The law requires a teen-ager to complete a driver education course in order to be licensed before they reach the age of 18. Last year, 144,000 students were enrolled in driver education classes. About half of them took the course during the summer months.

Every year since the driver education Law was passed, Michigan has won awards for providing driver education for at least 90 per cent of its eligible students.

Modern teaching aids help 4-H'ers learn to sew

Just about every 4-H girl at some time or another has tried her hand at sewing, observed Miss Mary Ann Dean, home economist for the National 4-H Service Committee. And in the process, a sewing machine has been used.

"The difference between turning out a garment with ease or with difficulty," said Miss Dean, "is often the difference between knowing and not knowing how to use the sewing machine."

New manuals explaining Your Sewing Machine have just been published by The Singer Company for 4-H clothing leaders and members. For the last 12 years, Singer has sponsored the national 4-H clothing leader course on proper use of the sewing machine.

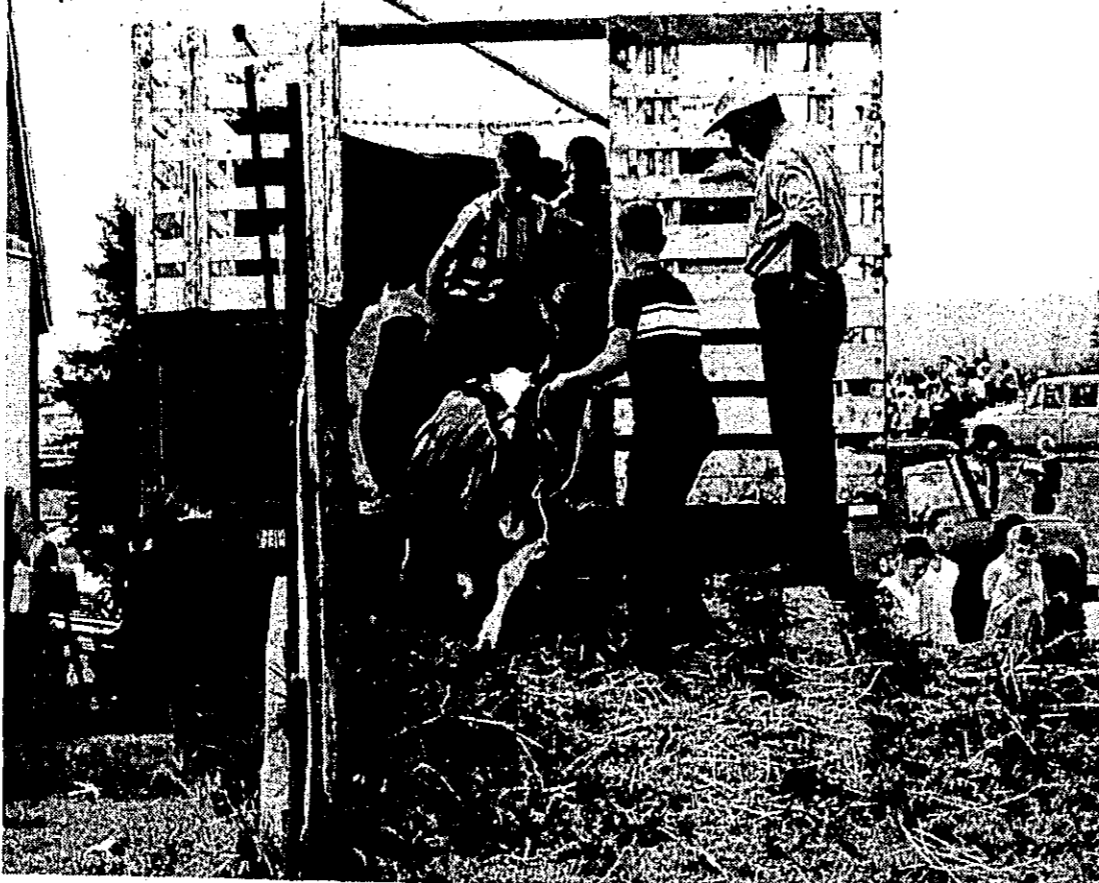

SPECIAL ATTENTION is given to teaching beginners from 9 to 11 years old. Mothers are urged to observe the progress made by their young daughters in the club project so that they will confidently permit them to use the precious sewing machine. More experienced 4-H members serve as junior leaders and help younger members learn the basic steps in using a sewing machine at home.

"Sewing requires far more than manual dexterity; it demands technical knowledge and discipline to progress step by step toward a goal," states the leaders' manual.

It is this knowledge and discipline, points out Miss Dean, that has enabled thousands of 4-H girls to make and model prize-winning ensembles and to help refurbish their homes with new curtains, draperies, slip covers, pillows and other decorator items.

HIGH COST Progress is just a matter of trade—trading old problems for new and bigger ones.

Michigan ranks third behind California and New York in the total number of foreign students and overseas faculty.

Animals arrive reluctantly at 4-H Fair

Farm animals were frequently rather hesitant about leaving their trucks and stepping down onto the concrete dock at the 4-H Fairgrounds, but these boys, like many more before and after them, were firm and strong, and the animals stepped down, however reluctantly.

4-H'ers get their cattle bedded down

One of the first jobs a 4-H'er has to do after getting his animals to the 4-H Fair is to see they are bedded down and comfortable. Bryon Green (right) pitches hay in for his cattle while Charles Green looks on at the left. Both are members of the Brush and Halter 4-H Club.

County Democrats endorse Todd; Cheney chairman

Only 45 of the 59 elected delegates attended the Clinton County Democratic Convention last Wednesday evening in the circuit courtroom of the courthouse, but a number of resolutions were adopted.

One supported Paul H. Todd Jr. for reelection to the Third

Congressional District seat in Congress. Other resolutions coming from Secretary of State James M. Hare were supported, excepting the drunk driving test or implied consent rule.

GLENN T. CHENEY, former county chairman, was elected permanent chairman of the convention, and Mrs Lee Howard was named permanent secretary.

Three delegates elected from Bath and DeWitt townships, comprising part of the Sixth Congressional District, were John F. Barnes of East Lansing, Jay G. Bundenthal of East Lansing, and Robert W. Niblock of Lansing. Alternates were Kenneth McCreech and Barbara McCreech of East Lansing and Edward M. Dodge Sr. of Bath.

Six delegates were elected from the Third Congressional District. They are: James Pino of Laingsburg, Joe R. Kurka and Mary C. Kurka of Ovid, Josephine Smith of Laingsburg, and Leroy E. Vincent and Gladys Vincent of Elsie. Alternates are Ruth Pino of Laingsburg, William Morriss of St. Johns, Al Walker of St. Johns, John Valko, Robert Sterba and Charles McGraw of Ovid.

THE STATE convention will be held in Grand Rapids this Friday and Saturday, Aug. 19 and 20.

Keynote speaker for last week's county convention was Joe Kurka Jr. He labeled the Democratic Party the action party and outlined the advances in labor, education and agriculture made by the predominantly Democratic-controlled Michigan Legislature.

Kurka put forth a platform, which was endorsed by the convention, to halt corporate farming and to establish a revolving fund to stop appropriations waste in the state budget.

REGARDING FARM income, Kurka said the income is \$900 million but the annual net profit to the farmer is only \$200 million. "I intend to find out what has become of the \$700 million in between that never reaches the farmers' pockets," he said.

Kurka is the Democratic candidate for state senator, opposing incumbent Emil Lockwood in the 30th District.

A hassle over parliamentary procedure delayed the start of regular business of the convention for about 40 minutes.

August - "in season" for produce freezing

by Helen B. Meach Extension Home Economist

August is the "in season" for good eating. For many this is also the "in season" for freezing of fruits and vegetables for future good eating.

Strawberries win the freezing popularity contest with homemakers, to be followed closely by raspberries, blueberries and then blackberries.

Our freezers are popular these days, for surveys show that half of all homemakers use a home freezer for some food preservation.

FREEZING IS not necessarily recommended as the preferred way for preserving all products from your orchard or garden. What to freeze must be decided on the basis of family needs and desires or available freezer space as well as the other food storage space in the home.

It may be more economical, for example, to store some fruits and vegetables in a cellar than to freeze them. But to some homemakers, freezing may be worth the extra cost because of the convenience of having the products so they can be readied quickly for serving.

Foods such as berries, asparagus, green lima beans and corn make a choice product when frozen. A vegetable which is to be eaten raw is not satisfactory when frozen. Pears and tomatoes do not freeze well. Green beans and peaches will freeze but the quality of the frozen foods varies widely.

HOMEMAKERS CALL our office asking, "What is wrong with my frozen green beans?" They are tough and have an off flavor. Then Mrs Homemaker assures me that she has been following the blanching and freezing directions just as she always has. Well, selecting the proper variety of food at the right stage of maturity is one of the first steps in fruit and vegetable freezing. Not just any fruit or vegetable can be put into the freezer.

Additional area winners in the state Black and White Show of Holstein cattle at Allegan July 29 were announced this week and can be added to the names of 4-H winners announced earlier.

Green Meadow Farms at Elsie had a number of winners, including a first-place and junior champion bull calf, first-place senior yearling bull, first-place and reserve grand champion two-year-old bull, a second-place aged bull, first-place and junior champion senior heifer calf, first- and third-place senior yearling calf, first-place two-year-old cow, fourth-place four-year-old cow, and second-place aged cow. The owners also had a first-place senior get of sire, and second place daughter and dam.

Leon Miller of St. Johns had a second place junior yearling bull in the state-wide competition.

and come out after months of storage tasting and looking good. Some varieties freeze more successfully than others.

RIPENESS in food is of prime importance. Under-ripe fruits may develop a bitter off flavor during freezing. If vegetables are over mature, freezing may toughen their texture and change their flavor.

Freezing does not improve flavor or texture of any food, it does prevent the food from spoiling while retaining most of the fresh product quality.

IF YOU HAVE doubts as to how well a fruit or vegetable will freeze, it would be well to test freeze three of four packages and sample the food after freezing. This will show the effects of freezing but not the effect of storage.

For up-to-date information on home freezing of fruits and vegetables, write or call your Home Economist at the County Courthouse in St. Johns. Ask for the bulletin HOME FREEZING OF FRUITS AND VEGETABLES or lists of suggested varieties of fruits and vegetables to be frozen.

Think about Snow!

Rain, hail and wind, too! Timely thought when you're in the market for a farm building. But you can forget about it if you buy a Moriarty Building. One reason is our exclusive Hydro-Mat roof truss system. It equalizes snow and wind loads, increases load bearing strength, rigidizes the entire structure. Something to think about. Especially since you can't control the weather. Control the kind of building you buy to withstand it.

Catholics have new pastor at Laingsburg

The Rev Paul J. Cummings has been assigned as new pastor of St. Isidore's Catholic Parish at Laingsburg. He succeeds the Rev John E. Martin, St. Isidore's pastor for 25 years as of last Wednesday.

Fr Cummings, 40, one of 12 children, entered Sacred Heart Seminary, Detroit, in 1947, following two years in the Navy. Prior to that he had graduated from St. John's Elementary and High School in Jackson.

The new Laingsburg clergyman completed his philosophical and theological studies at St. John's Provincial Seminary in Plymouth. He was ordained in Lansing by the late Bishop Joseph H. Albers on June 4, 1955.

His first assignment following ordination was as an assistant at St. Robert's Parish in Flushing. He has filled similar assignments at St. Joseph's in Battle Creek, St. Therese's in Lansing, St. Mary's in Mt. Morris and St. John's in Davison.

The Laingsburg assignment will be his first pastorate.

The Rev Michael D. Murphy, ordained in June, has been serving the needs of the parish on temporary assignment for the past two months. Father Murphy has been assigned to Holy Redeemer parish in Flint.

No problem

Hot summer weather imposes no special dietary requirements for healthy infants and children, except for increased water intake, the American Medical Assn. says. Children need more liquids in the summer to offset water lost through perspiration; parents should see that they quench their thirst most often with plain water and not overdo high-calorie drinks.

Local youth one of volunteer laborers on Alaska church

BY JUDGE JOSEPH J. BREWER District Court, State of Alaska Third Judicial District

ANCHORAGE, Alaska—A St. Johns youth is at the end of his six-week stay in this city, where he is helping to erect the First Congregational Christian Church structure known as the "Church of the Northern Light." (The new building is located on Northern Lights Boulevard.)

The young man, who arrived by air July 5, is David Waltz, son of Mr and Mrs Clarence Waltz, of R-4, St. Johns. He attends Rodney B. Wilson High and is affiliated with the First Congregational Church. The Rev. Gerald Churchill, pastor there served as pastor of the Congregational Church in Anchorage before accepting the St. Johns assignment.

THE PROJECT in which Waltz is participating is the Alaska Work Camp—1966, sponsored by the Missionary Society, National Association of Congregational Christian Churches, with the Anchorage church serving as host church. The St. Johns youth is one of an even dozen persons recruited by the Missionary Society for the summer's Alaska activity.

Aim of the project is completion of the church edifice itself by mid-August, with some interior work to be finished later by members of the Anchorage congregation. The building, designed by M. J. (Mike) Pendergrast, A.I.A., of the McEntire-Pendergrast architectural firm here, was inspired for its sweeping lines by the towering Chugach

Containing more than 8,000 square feet of floor space, the sanctuary itself is 55 by 55 feet, with a full daylight basement, plus a smaller rectangular wing, also with full basement. The roof rises from its lowest point of 10 feet to a height of more than 31 feet. Seating capacity per service will be 250 persons.

glaciers. (There have been numerous warm, sunny days during their time in Alaska, too). "ALASKA IS GREAT!" Waltz exclaimed. The steering committee of the local church specially formed for the project and chaired by Rev. Carmen, has provided programs for the young men by way of lectures, films, color slides and tours, providing a general historical and modern background. Some all-church activities have been held so the visitors could get acquainted with local Alaskans, and vice-versa.

One of the weekends was spent in the historic City of Fairbanks before the volunteers scattered to their respective hometowns, which include, besides St. Johns; Port Orchard, Mich.; Minneapolis; Marshalltown, Iowa; Racine and Wauwatosa, Wis.; Chicago, Santa Ana, Calif.; and Middletown, Conn.

SUPERVISING the project generally is the Rev Donald Brownell of Racine, Wis., whose son is one of the work campers. Rev Brownell also is a member of the Missionary Society. He is assisted here for the project by other adult Congregationalists who are spending most of the summer in Alaska and who hail from Racine; Boise, Idaho; Sitka, Alaska; and Cheyenne, Wyo., as well as by local residents.

"New friendships have been made in this cooperative effort," says Rev Carmen, "and we have enjoyed meeting and working with these young men. Also, thanks to the considerable help from Congregational churches all over the country—in the past and still to come—and to those sending the volunteers up to Alaska, the First Congregational Church is to have a brand new home. High labor costs in Alaska would prevent our having a church built without volunteer help."

THE CHURCH members have been meeting in rented quarters since formulation as a church in 1960.

The Rev Churchill, now of the St. Johns church, was instrumental in getting plans underway for construction of a new church building in Anchorage, although he had to leave Alaska without seeing the initial plans come to fruition. Congregationalists in Anchorage remember their indebtedness to him with fondness.

Congregationalism is not new in Alaska, there having been churches established of that faith in Nome, Valdez and Douglas during the early decades following Alaska's purchase 99 years ago. Today the mission at Metlakatla is partially supported by Congregationalism, but the Anchorage church is the only full-fledged Congregational Church in the 49th state.

WHILE NOON meals are provided at the building site for the volunteers and they take their evening meals at nearby Alaska Methodist University's cafeteria, local church families have opened their homes to the visitors for breakfasts and quarters. Waltz, stayed with the Jack Harris family.

School buses to log 80 million miles

School buses will log an estimated 80 million miles in Michigan during the 1966-67 school year.

Nearly 8,200 buses will be used to transport 720,000 public and non-public school students to and from schools throughout the state at an estimated cost of \$33 million, the State Department of Education reported.

"The number of children riding school buses has been increasing each year," State Superintendent of Public Instruction Ira Polley said. "High school enrollments, enlargement of school districts, and provisions for transportation of non-public school students have been responsible for the increase."

Last year, an average of 670,000 students were transported 76 million miles on 7,700 school buses.

The Michigan Department of Agriculture estimates the value of the state's annual agricultural exports at \$134 million. This represents employment of 13,500 farm workers.

Big saddle horse show set at Saginaw Fair

Some 350 to 400 handsome saddle horses are expected to take part in one of Michigan's largest saddle horse shows when the 1966 Saginaw Fair begins its eight-day run Saturday, Sept. 10, at the Saginaw Fairgrounds.

The saddle horse exhibit, under the supervision of E. B. Snider, attracts fine horses from all over the state of Michigan plus Ohio, Minnesota and other nearby states. According to Snider, this year's show will set a new fair record. Prospective exhibitors may obtain full details by writing the Saginaw Fair. Entries will be accepted through Aug. 30.

Quarter horses and Appaloosas will be shown Saturday, Sept. 10, through Tuesday, Sept. 13. Morgans, Palominos and Arabians will be shown from noon of Wednesday, Sept. 14 through Saturday, Sept. 17. The quarter horse show is approved by the American Quarter Horse Assn. which will award trophies to the grand champions.

AMONG THE COLORFUL performance classes to be presented are reining, Western pleasure and clover leaf classes in the quarter horse show for which riders will wear Western outfits. Palomino performance classes include the Spanish fiesta with riders dressed in exotic Spanish garb. The silver mounted parade class features richly decorated saddles and tack. The Appaloosa parade features Indian warpaint and costume since the Appaloosa breed was originated by the Nez Perce tribe of America's northwest. Riders in the Morgan performance classes will be attired in traditional formal riding clothing. Arabian riders will wear authentic Arabian costume for their parade.

The Ladies' sidesaddle competition in the Arabian class is new to Michigan horse shows, and driving exhibits of Morgan and Arabian horses will also be of special interest to spectators.

'Country Cousins' to perform at 4-H State Show

The Country Cousins, who were to perform Wednesday evening at the Clinton County 4-H Fair, also will go on stage at the State 4-H Show next Wednesday, where they'll be one of only a few acts selected to appear with a 4-H choral program. Posed at a practice session are Mike Nichols and Bob Newman in front with the bamboo poles; Kathy Davis, Colleen Wood and Randy Davis in the center of the circle; and at the back, Sharon Wood, Linda Davis, Chad Newman, Kathy Nichols, Mike Wilson and Lenore Wood. Jim Nichols, who narrates this Caribbean-style musical act, was not present for the picture. The Country Cousins tied for first place in the large acts grouping at the county 4-H Talent Show and won a blue ribbon in the district contest July 14.

4-H State Show climax of full year's preparation

A year of industrious enthusiasm on the part of more than 3,500 4-H club members from Michigan will be highlighted by the 51st annual State 4-H Show at Michigan State University Aug. 23-26.

Outstanding 4-H members from all over Michigan will compete for the state's top honors through participation in demonstrations, judging and exhibits. Of the second year, the 4-H staff is attempting to move

toward more personal evaluation instead of objective competitive judging. Exhibitors will receive certificates of participation and evaluation as well as the traditional blue, red and white ribbons.

A MARKET LIVESTOCK show will be held for the first time in many years. All classes will be represented, but no sale will be conducted. Competition will be kept with many county champions present.

Also new will be a flower arranging session for 4-H leaders. Conducted by National Farm and Garden Club members, the session will be the first operated especially for leaders, and will be critiqued upon completion of arrangements.

Other special events of this year's State Show will include several field trips, including a design tour to Detroit for participants in the arts and crafts division.

BESIDES INDIVIDUAL competition, county softball teams will vie for top place in the state 4-H play-offs.

In the evening, 4-H'ers will display their entertainment talents during "Share-the-fun" programs at the MSU auditorium. The youths will be housed at the Brody dormitory complex while they are on campus. Parents are encouraged to visit the State Show exhibits and competition in the intramural stadium complex, the judging pavilion and the Union building on MSU's campus.

Deaf Man Perfects Midget Transistor Hearing Aid

If you can hear people talk and can't make out the words clearly, then this will be your answer. An extremely small hearing aid using a tiny energized unit, has been perfected by a man who himself is hard of hearing and has been for over 10 years. With his new aid, even whispers are crystal clear. If interested it is suggested you write HEARING, 32 E. 9th St., Erie, Pa. You will receive full information at no cost or obligation whatsoever.—Adv.

Dairy cow records reported

Milk and butterfat production levels established by Registered Holstein cows in this area have been reported by Holstein-Friesian Association of America. The individual lactations were tested under official supervision.

Vicinity cows listed in the Holstein report are:

Eaton Acres Shi F R Della, a four-year-old, produced 20,040 pounds of milk and 632 pounds of butterfat in 365 days; Eaton Acres Roburke Ann, a three-year-old, had 17,170 pounds of milk and 564 pounds of butterfat in 360 days; Eaton Acres Roburke Ina, a four-year-old,

had 14,720 pounds of milk and 556 pounds of butterfat in 305 days. All are owned by Mark A. Eaton of St. Johns.

Island Road Angel, a four-year-old owned by Wesley Erickson of Elsie, produced 14,970 pounds of milk and 592 pounds of butterfat in 337 days.

LIZA VILLAGE Dale, a five-year-old, produced 21,900 pounds of milk and 851 pounds of butterfat in 365 days; Hillmac Snowball Royal, a six-year-old, had 19,370 pounds of milk and 846 pounds of butterfat in 365 days; Ormsview Margaret Ajax, a six-year-old, had 26,010 pounds of milk and 817 pounds of butterfat in 365 days; Innescroft Jan Ideal, a four-year-old, had 19,620 pounds of milk and 739 pounds of butterfat in 305 days; Green Meadow Venus Glenny, a four-year-old, produced 17,170 pounds of milk and 730 pounds of butterfat in 305 days. All are owned by Duane and Velmar Green, Green Meadow Farms, Elsie.

Island Road Spunky, a three-year old, produced 16,480 pounds of milk and 743 pounds of butterfat in 283 days; Island Road Joy Lass, a four-year-old, had 19,380 pounds of milk and 738 pounds of butterfat in 365 days; Island Road Jeep, a three-year-old, had 15,650 pounds of milk and 649 pounds of butterfat in 329 days; Island Road Stardust, a five-year-old, had 20,010 pounds of milk and 735 pounds of butterfat in 365 days; Island Road Empress Lannen, a three-year-old had 15,170 pounds of milk and 664 pounds of butterfat in 365 days. All are owned by William H. Knight of Elsie.

Rainbow Constant Flower, a four-year-old owned by Floyd H. Koerner Jr. of Laingsburg, produced 16,910 pounds of milk and 578 pounds of butterfat in 329 days.

Bliss Acres Alcartra Shwana, a five-year-old, produced 18,490 pounds of milk and 761 pounds of butterfat in 331 days; Familea Rag Apple Pearlyn, a five-year-old, had 20,360 pounds of milk and 712 pounds of butterfat in 365 days; Re-Vall Insignia Ann, a three-year-old, had 15,970 pounds of milk and 612 pounds of butterfat in 365 days; Adema King Ada, a five-year-old, had 20,690 pounds of milk and 710 pounds of butterfat in 363 days; Jimbodav Pabst Lady, a five-year-old, had 20,120 pounds of milk and 707 pounds of butterfat in 365 days. All are owned by Leon Miller of St. Johns.

These new production figures may be compared to the estimated annual output of 7,880 pounds of milk and 285 pounds of butterfat by the average U. S. dairy cow, notes the national Holstein Association.

BUYS ANGUS COWS
Leg Murphy of Eagle recently purchased five registered Angus cows from Kenneth Granger of Lansing.

A three-ring circus, complete with clowns and animals and aerial artists, will be staged in front of the grandstand and will be free to patrons of the Michigan State Fair. The fair opens Friday noon, Aug. 26, and runs through Monday, Sept. 5 (Labor Day).

Dr Ralph Morrow, left, deputy director of the Michigan Department of Agriculture, presents the George Brown Memorial Trophy to Mike Dale, president of the Merrill FFA chapter, at last Tuesday's Market Livestock School in St. Johns. Richard Barnes, vo-ag teacher at Merrill, looks on at the right. It was the fourth consecutive year Merrill has won the coveted award. Ovid-Elsie was third in the running and St. Johns fourth.

120 FFA'ers consign 428 animals at school

The 32nd annual FFA Market Livestock School and Sale Program was held last Tuesday, Aug. 9, at the Wolverine Stockyards in St. Johns. Some 165 students, teachers, parents and friends attended a forenoon educational program in the sales pavilion and the afternoon sale of the FFA members' beef, swine and lambs.

The program marked the close of a year-long experience by FFA members in livestock marketing. At this one-day event some 120 students from 19 schools consigned 206 beef animals, 134 hogs, and 28 lambs.

AN EDUCATIONAL program was held before the sale. Professors Graydon Blank, Harlan Ritchie, and Ed Miller of the Animal Husbandry Department, Michigan State University, conducted demonstrations of market grades using the FFA animals. Grading contests were held on beef and swine. Mike Rasedale and Douglas Witt of St. Johns were winners of the beef grading contest. Mike Dale of Merrill won the swine grading contest.

Management practices in feeding livestock were stressed, and a presentation of livestock economics was given by Dr Dore Cole, Agricultural Economics Department, Michigan State University.

The top award of the day, the George Brown Memorial Trophy, went to the Merrill chapter for the fourth consecutive year. The award was presented by Dr Ralph Morrow, Deputy Director, Michigan Department of Agriculture, to Mike Dale, president of the Merrill chapter. The Merrill teacher of vocational agriculture, Richard Barnes, shared in the award presentation. The next top ranking schools in order were: Fremont, Ovid-Elsie, St. Johns, Hemlock, Hamilton, St. Louis, Chesaning, Marshall, and Cornuna.

DURING THE afternoon the sale of the 206 beef animals was

conducted following regular commercial marketing procedure. This has been the characteristic of this program since it began in 1935.

The summary of the beef sale showed the grades to be prime 4, choice 74, good 92, standard 30, and utility 6.

The beef sale grossed \$47,234.31, with a total weight of 189,945 pounds, averaging 922 pounds per head. Prices averaged for prime and choice \$25.76, good \$24.90, standard \$23.45. Choice heifers averaged \$24.31 and good heifers \$23.76.

THE 194 HOGS totaled 39,910 pounds, averaging 206 pounds per head. With the exclusion of seven light hogs averaging 176 pounds, this resulted in 187 market hogs averaging 206 pounds at \$27.08 per hundredweight.

Choice and prime lambs averaged 93 pounds at \$25.40 per hundredweight.

The high beef animals were a 1,055-pound steer consigned by Phil Santana of St. Louis, bought by Merritt Packing Co. of Carrollton, at \$27 per hundredweight; a 1,065-pound steer consigned by Dale Mulder of Ovid, bought by Thriftway Markets of Lansing, at \$26.70 per hundredweight; and a 1,045-pound steer consigned by Leonard Brensols of Merrill, bought by Ed Gerding of Davison, at \$26.70 per hundredweight.

THE TWO PENS of hogs bringing the high price of \$27.40 per hundredweight were consigned by Jim Thelep of Ovid and Melvin Nelson of St. Louis, and both purchased by Crown Packing Co. of Detroit.

Top lambs were consigned by David Smith of Carson City, bought by Wolverine Packing Co. of Detroit for \$26 per hundredweight.

The sale of steers went as follows, with the figures representing numbers, average weight and average price:

Prime steers, 3, 1083, \$26.29; prime heifers, 1, 915, \$24; choice steers, 64, 955, \$25.74; choice

heifers, 10, 879, \$24.31; good steers, 87, 904, \$24.90; good heifers, 5, 818, \$23.76; standard steers, 30, 942, \$23.45; utility steers, 6, 822, \$22.80.

The 206 animals sold averaged \$22 pounds each and brought an average price of \$24.87.

Home preservation of food is just a homemaking practice of grandmother's time. According to specialists at Michigan State University, studies made during the last 10 years reveal that canning and home preservation of food are still important.

Even with the popularity of the freezer today, more homemakers are canning than freezing fruits and vegetables, but over half of all homemakers use a home freezer for some food preservation.

THE STUDIES also showed that the peach is the most popular fruit for canning, while the tomato is by far the most popular vegetable for freezing purposes, strawberries led the way, followed by raspberries, blueberries, and black berries.

Geographically, home canning was most popular in the east

south central, west north central, and mountain states.

Its popularity also seems to be influenced by the family income. Those in the lowest income group (under \$3,000) do the most can-

ing and those with the highest incomes (over \$10,000) do the least.

Home canning is also somewhat more popular among rural families than city dwellers.

ASC PROGRAM

Wheat allotments get new hike of 15 per cent

W. M. SMITH County ASC Manager

Secretary of Agriculture Freeman on Aug. 8 increased the 1967 national wheat acreage allotment of 8.9 million acres to a total of 88.2 million acres. With the 7.7 million acre increase announced May 5, the allotment for 1967 is now 16.6 million acres greater than for 1966.

We have received authorization to start computing this increase for wheat allotments in our county. It may be some time before we receive allotment notices to mail to wheat producers.

WHEAT PRODUCERS can multiply the 1967 wheat allotment they received in July by 115

per cent; this will give them their revised allotment for 1967. I want to remind wheat producers there will be no diversion requirements for the 1967 wheat program as there will be no payments made for diverting any of the 1967 wheat allotment under the wheat program.

Producers must plant wheat within their allotment to be eligible for certificate payments. Forty per cent of the wheat acreage allotments mailed in July were eligible for certificates; this percentage may be changed due to the last 15 per cent increase.

ON JULY 26, Secretary of Agriculture Orville Freeman announced that a wool referendum would be held for wool and lamb producers Sept. 12-23. The purpose is to obtain their approval or disapproval of a new agreement with the American Sheep Producers Council Inc. to withhold a part of producers wool payments on 1966 through 1969 marketings.

These payment deductions would be used by the council to finance advertising and promotion programs for wool and lambs. Anyone may vote who has owned sheep six months old or older for at least 30 days since Jan. 1.

THIS AGREEMENT must be approved by two-thirds of the total number of producers, or two-thirds of the total volume of production. If it is not approved by producers, no deduction will be withheld from payments on 1966 marketings. I will have more information around Sept. 1 regarding ballots and voting during the

period of Sept. 12 through 23. Aug. 4 we sold 6,600 bushels of corn from our Elsie bins. High bid was \$1.39 per bushel and low bid receiving corn was \$1.37 1/2 per bushel. Corn will again be offered for sale on Aug. 18. Bids must be in our office before 3:30 p.m. on Thursday.

1965 dairy farm income was low

Michigan State University farm account records show Michigan dairy farmers would have made \$2.33 an hour for labor in 1965 if they were getting today's wholesale price of milk.

Instead, at \$1 a hundredweight less, they earned but 49 cents an hour for their work. L. H. (Hi) Brown, MSU extension agricultural economist, says records of 281 southern Michigan dairymen in MSU's Tel-Farm record program showed dairymen worked an average of 64 hours a week for a wage of less than \$32.

RECORDS FOR 26 northern Michigan dairymen showed they earned only 26 cents an hour for their labor.

Brown thinks it may take even more than the recent price rise to maintain a stable and healthy dairy industry since operating costs have continued to rise. Much will depend on weather, crops, and what happens to the rest of the economy, he said.

Biggest farms are in Thumbs

The most recent census data for Michigan's agriculture shows that there were 6.7 million acres of cropland in Michigan in 1964. The average farm had 101 acres of cropland. The biggest farms, averaging 114 acres of cropland were found in the Thumb area - Arenac, Bay, Saginaw, Tuscola, Huron and Sanilac counties.

Michigan State University scientists expect the total harvested cropland to drop to 5.8 million acres by 1980. But average farm size will increase by about 60 acres of cropland, since the number of commercial farmers is expected to drop from a little more than 60,000 in 1964 to 37,000 in 1980.

It's easy to be liberal when we're spending another man's money.

New ideas for potato growers at Spudtacular

Potato growers of Michigan and other mid-western states will find Montclair County the center of new ideas and developments in the fast-changing potato production business on Aug. 30-31.

It will be Michigan's second Spudtacular in the Greenville area.

Sponsors are the Michigan State University Extension Service, Michigan Potato Industry Council and local growers, processors and businessmen in this expanding potato growing area.

DEMONSTRATIONS and research plots on the Beus-Peterson farm near Greenville will be featured on Tuesday, Aug. 30. On Wednesday, interest will move northeast a few miles to the Ferris Christensen farm near McBride and Edmore.

There will be conducted tours of the Ore-Ida processing plant at Greenville on Tuesday afternoon. Visitors will also see modern equipment for grading and sizing which has been installed to handle the 1966 potato crop.

Field demonstrations at the Beus-Peterson farm the first day will include aircraft and

ground application of agricultural chemicals on potato plants. Helicopters, conventional aircraft and ground equipment will be used. Potato harvesting equipment will be demonstrated, including the new vacuum stone separators which reduce potato bruising at harvest.

A CHICKEN BARBECUE banquet, plus speakers and entertainment, is set for the Greenville Armory on Tuesday night.

Wednesday's program at the Christensen farm will feature tours of research plots and a demonstration of irrigation equipment. At least six different types of irrigation systems will be displayed and demonstrated through cooperation of distributors, manufacturers and MSU agricultural engineers.

Irrigation demonstrations will be of interest to all farmers considering watering systems. MSU ag. engineers believe the exhibit and demonstrations of irrigation equipment will be the most complete of any shown in the Midwest in 1966.

Economic information on the value of irrigation to the quantity and quality of potato production will be provided to visitors.

4-H speakers try out for 3 state awards

"Believe in your message and others will believe you." This is the advice given 4-H Club youth striving to become effective public speakers. From numerous reports, it seems that the young speakers do talk about things they believe in such as democracy, citizenship, 4-H, family and community life.

In this state and 25 others, nearly 100,000 boys and girls have researched, written and delivered speeches. They are enrolled in the 4-H public speaking program supervised by the Cooperative Extension Service.

THERE IS KEEN competition among members not only for the awards offered, but for the personal satisfaction of being able to stand up before an audience and communicate. Awards given annually by the sponsor are: medals of honor for county winners; an engraved wrist watch for the top boy, and a chest of silverware for the top girl in the state.

Beef cattle day Sept. 2 at MSU

Results of research with more than 750 beef cattle in nine different experiments conducted at the Michigan State University Beef Cattle Research Center will be reported Sept. 2 at East Lansing.

Animal Husbandry Department specialists at MSU are planning an all-day program of interest to cattlemen. The morning will be devoted to viewing the research at the center and hearing results of these experiments. A noon lunch and program will be held in one of the campus dormitory buildings.

You don't have to own thousands of acres of forest land to be in the lumber or pulpwood business - and to be able to certify them in the American Tree Farm System. Small acreage or large, the important thing for the businessman is to agree to protect his woodlands from destructive elements, and to harvest his land for repeated timber crops.

AMONG 4-H SPEECH making tips given are: 1) Go before your audience rested; eat sparingly. 2) If you are nervous, breathe deeply several times before being introduced, and relax. 3) Smile. 4) Be natural, friendly. 5) Know your subject and talk in terms your audience will understand. 6) Never talk about stopping; Stop.

Boys and girls enrolled in the public speaking program say that even limited experience has helped them immensely. The 1966 projects are just about wrapped up, but any one between the ages of 9 and 19 interested in starting a 4-H public speaking project for next year should contact the county Extension office, or agent in charge of 4-H work.

All marched out!

The "march" has worn itself out, and in that condition it is a menace to the navigation of society.

For many years now the protest march has been a means of voicing discontent, particularly in racial problems but also with labor movements.

The racial protest marches through the white neighborhoods in the Chicago area incited violence, and still the leaders of the march promise they'll return again.

We sympathize with the Negro cause and agree that in many, many cases they

are and have been wrongfully treated. But certainly there are better and more peaceful ways than the protest march to bring these facts into the open.

Negroes have become almost pushy in their demands, and this has incited contempt from the whites, just as the whites' pushiness in the earlier days of our nation incited the contempt of the Negroes.

Pushiness has resulted only in contempt, and this is not the answer that will bring about racial justice. The "march" has marched itself out, and it must now be replaced by a firm, friendly, individual effort at desegregation and inter-racial understanding.

State should put clamps to the two-wheel menace

Anyone challenging the rapid rise in registrations of motorcycles and motor scooters would have to be both blind and deaf. The streets and highways are full of them.

Of more concern, though, is the booming increase in the number of accidents involving these two-wheelers.

According to figures for May released by the Michigan state police, 16 deaths resulted from accidents involving motorcycles and motor scooters.

In 1965, 46 persons were killed in accidents involving the two-wheelers. This is not the complete story on fatalities of this nature, because these figures do not include fatalities in cities of 25,000 or more.

The 1965 accident count involving two-wheeled vehicles is 91 per cent greater than 1964.

If you think there are, more of these motorcycles on the road, you are right. Motorcycle and scooter registrations jumped 66 per cent from 1964 to 1965.

1965 figures on accidents indicate that 50 per cent of the accidents involving two-wheelers had drivers under 20.

Most frequent violations noted were excessive speed, following too closely, improper overtaking and failure to yield the right-of-way.

As the popularity of the motor bike increases, so does the need for stronger licensing laws, better enforcement and safety education.

It is too easy for an inexperienced motor bike enthusiast to climb aboard a rented bike and take off down the highway. A good place to begin on making this fast-growing sport safe is to tighten the licensing restrictions—even make a special license necessary, as is the case where truck drivers need a chauffeur's license.

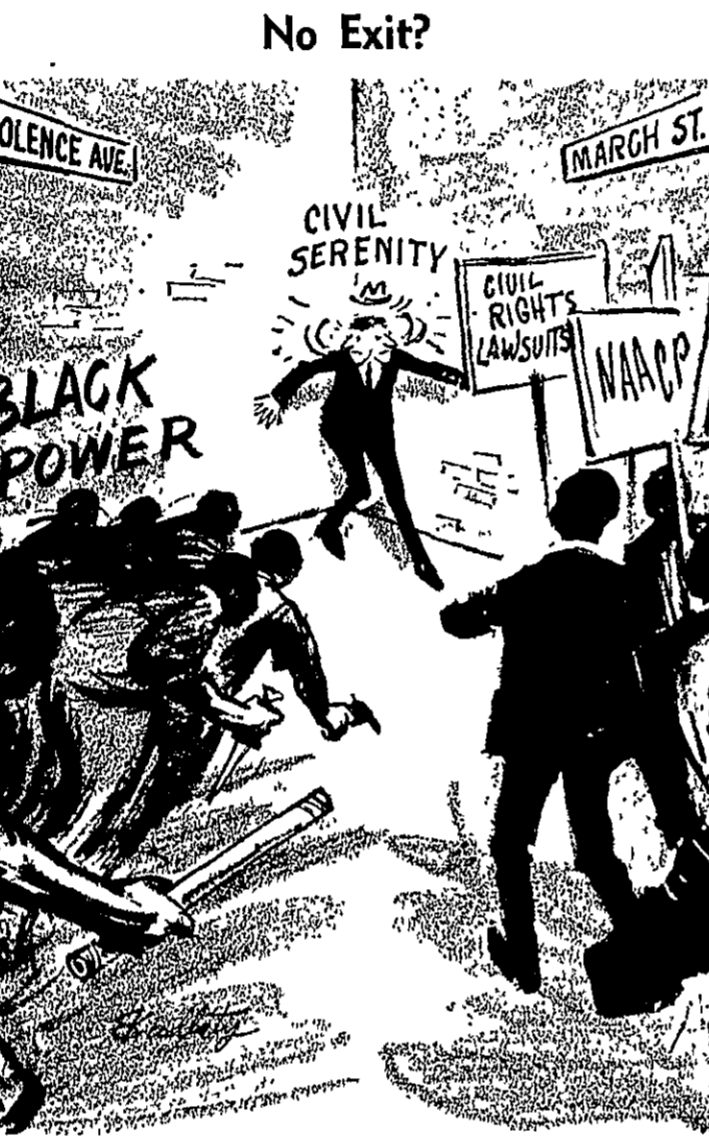

Making cars safe has kind of a hollow ring unless we do something about the two-wheelers, too.

Warn bank customers of 'examiner' swindle

A new wave of this type of crime aimed at bank customers is now sweeping over the state and as a result comes a warning from the Michigan Bankers Assn.

There have been several instances in which the person or persons representing himself to be a bank examiner or bank officer makes contact with bank customers, convincing them there is a crooked bank employee they are trying to catch.

Every Clinton citizen should be alert to this type of swindle and if contacted should call a law enforcement agency at once.

RAMBLIN' with Rink

By LOWELL G. RINKER

Let's just ramble around again this week.

Each month the Clinton County News sends out to its 38 out-county correspondents a small-format 16-page magazine called "Folks," which gives writing tips and information for correspondents.

One of the monthly columns in it is entitled "Leaves from the notebook of Cathie Crabb." It always has some good home-spun yarns and phrasings, so I pass some of the stories on to you (with apologies to our correspondents who will be reading them for the second time).

"HAVE YOU noticed," Doc Thorne said to Pa, as they lazed on the back steps in the September sun, "how in election year the speeches get longer as the days grow shorter?"

"They're sewing the seams in women's slacks better lately," our Sally observes. "I haven't had a seam split in .. well, not since I lost that 10 pounds."

"Leo is a good barbecue cook," Lottie Martin said as we folded up the patio furniture after the season's last cook-out. Fervently she added, "But, God help me with the dishes!"

AT 83, GRAMPA Hawes says, he didn't think he had slowed down until one day he was

walking to the post office and something bumped his heel. "A turtle was nudging me to move over and let him pass."

Wonder how many flat-thumbed housewives there are in the U.S.A. from ironing their thumbs while watching television as they work.

Grandma Willetts was so thrilled with her new all-electric kitchen that we all went home with her from club to see it. "After lunch," she explained as we trailed her through the house, "I transferred a finished load from the automatic washer, to the drier, reloaded the washer and loaded them into the dishwasher. All I had to do was push buttons, and now when I come home the work is done, like magic."

"SOMETIMES WE forget that all gifts are not shiny," the Rev John Hopgood says. "The child who learns 'please' and 'thank you' as magic words rather than as duty words receives a gift for life."

When Pa is working on our budget, he reminds me of a cat with a short tail. He has such a time making ends meet. Grandfather Crabb used to say, "Your criticism may be the chip on the other fellow's shoulder."

LETTERS TO THE EDITOR

Exchange student sends her thanks

Dear Friends, Now that I'm back in Argentina and so far away, I want to drop you a note to thank all of you for the kindness you had towards me during my stay among you.

I still remember the day I came to Detroit without knowing who my family would be and where I would be staying during the next seven months. But everything turned out excellent. I met the family and I can say that I was so happy to live with Sulka and share their customs and activities.

I WAS ALSO lucky to get to St. Johns, a small town that will always remain in my heart. You, whom I'm speaking to now, were the nicest people I've ever met. I never felt alone; I gained so many friends for today and tomorrow.

All of you were always willing to help me. I was always invited somewhere, and perhaps you don't realize it, but I was very busy. I enjoyed speaking in front of different groups of very interesting people, and going out and meeting different people, too.

I SPENT THE nicest moments in Rodney B. Wilson High School. The teachers showed lots of interest and tried to help me a lot. The kids were so friendly. And all the principals were real nice. I enjoyed walking along the halls and greeting everybody. I traveled a lot, and I can thank that to my foster parents, but nevertheless I learned a lot in school, too.

I also enjoyed the church life a lot. Going downtown, the library, post-office and other places were also nice because everybody tried to show me what I needed or would explain several things.

Now back here, I realize everything I've learned and experienced. It was a useful time there and I want to thank all of you again for the nice time you made me have.

For the moment I hope you'll all have a nice time, and as you'll be hearing from me I hope I'll also hear from you.

Now I say good-bye and as I said in some of the first lines, you are all welcome to visit my country and my home.

Thanks for everything and good luck Patricia Blumgrund

Capsule comments

THE LOVINGTON, N. M., Daily Leader recently made this comment: "Did you know there's a limit to how much the federal government can go into debt? Really, there are three limits. One is the legal limit. Congress decides that. The second might be called 'the sky' because it's up there somewhere out of the sight of all. The third limit is the economic limit, which, unfortunately, no one can know we have reached until it is too late."

IT'S A SHAME that with all the advance notice of last week's city swim meet, two of the four lights over the pool were burned out (putting the east end in darkness when the sun went down), the globe on one of the others was broken, the bottom of the pool was liberally coated with dirt and there was broken glass on the ground just off the sidewalk outside the fence.

THE CURRENT MOTORCYCLE CRAZE has caused more than a little concern over the safety and well-being of pedestrians who use the central portion of our city park. Motorcycles, and bicycles as well, have been making a raceway of the large dirt pile in the center of the park. The city attorney has been drafting a document making that out-of-bounds as a roadway, but it would seem the cyclists caught up there could also be tagged for reckless driving.

Following the assassination of President John F. Kennedy and recently after the antics of the sniper at the University of Texas, there has been much talk and a few bills introduced in congress concerning gun legislation.

This latest round of talks and discussions are similar to others of the past. A crime of great magnitude has been committed and our congressmen would like to stop it with new legislation. A noble gesture! But, their cure will not stop what they are intending it to do.

When a criminal commits a crime with a gun, many in public office seem to think that the only way to stop crimes in which guns are used is to forbid, in one way or another, the right of the people of this country to possess firearms.

They talk of the great number of firearms owned by the people of this country and how they are so easily obtainable. This is true. In the United States we have millions of sportsmen who own and use firearms. But, they use them for the sole purpose for which they acquired them, to use in the sport which suits their taste.

WHAT OUR congressmen seem to overlook, is the fact that of the number of people using firearms to commit a crime, this is only a small percentage of the people who own firearms.

Senator Dodd, who was one of the first to offer a bill to congress that would restrict the sale of firearms to the public is also of the opinion that disarmament and the restricting of firearms sale to the public is not the answer to our problem of men using these weapons for adverse reasons.

THIS GREAT rush to pass legislation following the assassination and the sniper is a normal reaction of a human being who is shocked at a catastrophe such as these. But, rushing in and passing legislation that will not help curb this type of thing is useless to the public.

In one day, a sniper in Texas killed fifteen people. This shocked and outraged many people and many congressmen. Any

holiday weekend, or just any weekend, we can expect at least this many to be killed on our highways. Still, we as a nation do not seem overly concerned about the destructive power of the automobile.

BUT, LET someone take a firearm and do the same thing, either deliberately or accidentally, and these deaths become a great concern.

Personally I can see no difference in being killed by a gun or a car. The end result is the same.

WHY THEN do we single out the firearm to be so concerned about. A man can commit a crime of great magnitude with a car just as easily as with a gun. This happens every day.

A gun or a car are both objects that in themselves are completely harmless. These objects can never hurt anyone if they are not used by human beings. It is only when used by people that both of these objects can become either a thing to

THE "CRYING OF LOT 49 is the zany-sounding title of a zany type novel with a strong appeal to non-zany-type readers.

It is the story of a young woman who has been appointed executrix of a former lover's estate, and finds to her mystification that he was connected with a secret postal system.

This situation naturally leads to all kinds of complications. The young author, Thomas Pynchon, won the Faulkner First Novel Award in 1963 for a book entitled simply "V." His second entry into the rarified atmosphere of the world of fiction bids fair to be equally well received.

Outside work for prison inmates working out well

An innovation started just six months ago by the State Corrections Department will soon begin paying at least part of its own way.

Some 57 inmates are involved in a program in which they work outside the prison compound during the day and return to their penal home at night.

Earnings of the men reached \$30,000 at the six-month mark. One third of each inmate's earnings is set aside to support his dependents. The bulk of the remainder is put into savings for the inmate's start when he finishes his prison term.

THE CORRECTIONS Department also assesses a small portion of the earnings to help defray the operating costs of the work-pass program. This amount is returned to the state's general fund.

Department Director Gus Harrison says the plan is working exceptionally well. Both the employers and the inmates involved are pleased with the arrangement.

Harrison said a number of employers participating in the program have indicated they would like to maintain their inmate-workers after parole. The department chief said offers of this type would not be included in the plan because the department does not want to place large numbers of parolees in any given community.

MOST INMATES in the program indicate they appreciate the confidence placed in them and the opportunity to help support their families.

Under the program, no inmate convicted of a sex offense or assaultive crime is allowed to participate. Inmates are placed in jobs only if the regular labor supply is short.

DESPITE THE reams of newspaper copy written in the past three years when accidents have been on a steady rise, Michigan's death toll on the highways continues to skyrocket.

High weekend counts and a rising rate of multiple-fatality crashes this year recorded a boost of 10 per cent over the 1965 rate. In the first seven months of the year, July count was 1,203, compared to 1,092 in the same period last year.

Many study groups work year-round to seek ways to better inform the public to the need for awareness of highway safety.

STATE POLICE increased road patrols on weekends and put airplanes in the sky to spot traffic violators who pose highway hazards. Still the toll climbs. Highway officials work constantly to determine effective mechanical safety features. Nearly \$5 million will be spent in the current fiscal year for overhead sign illumination, pavement edge-marking, median

guard rails, bridge pier reflectors, skid-proofing and other devices believed to enhance driving conditions.

Truckers, bus drivers and many motorists drive with their vehicle lights on in the daytime to serve as a reminder of the need to keep safety in mind.

ONE YEAR AFTER the issuing of colored photographs on driver's licenses, state employees were serving the bulk of Michigan's population, but full takeover of this operation by the state was not in sight.

Local police or sheriff's offices previously processed the sale of new and renewed licenses, but many balked at the extra work involved in getting out the new style licenses in mid-1965.

Secretary of State James M. Hare indicated a willingness to have his department take over the entire process. Funds were not provided for this, so instead it is taking place gradually.

AGENCIES WHICH process the license applications are paid on a straight fee basis per license. Most of the units which changed said it no longer was a paying proposition.

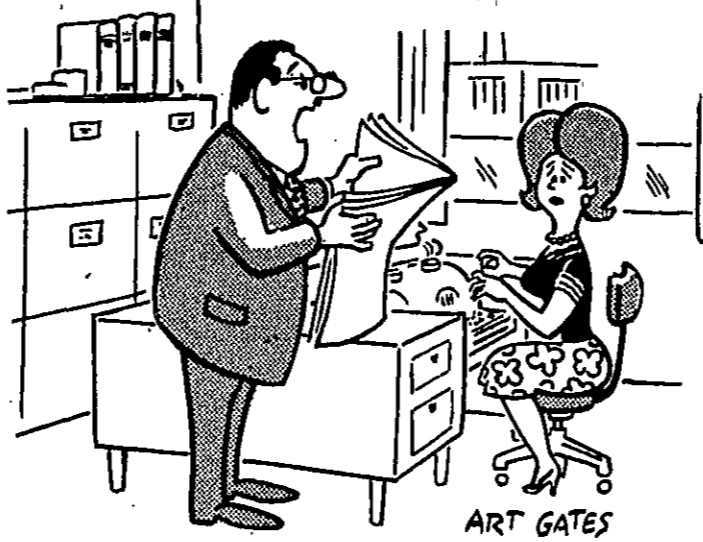

Hare said recently the state is now serving about 60 per cent of Michigan's licensed drivers.

Although the state has taken over only 23 stations out of 150 in Michigan, many of these are in the heavily populated areas.

Central administration of this major licensing function has been urged by several official organizations, but without specific funds for it, Hare's office can only accommodate the function when it becomes necessary because the local agency refuses to continue.

'Inflation' would no longer be dirty word

Rep. John W. Byrnes (Wis.)

"I am today introducing a bill to provide automatic increases in social security benefits whenever the consumer price index has risen 3 per cent or more since the date of the last increase. This proposal is patterned after similar 'escalator provisions' contained in the civil service pension and military retirement laws. These provisions are also very prevalent in labor agreements.

"As soon as possible after the beginning of each calendar quarter, the secretary of health, education, and welfare is directed to determine the amount by which the average consumer price index during the preceding calendar quarter exceeds the average consumer price index during the base period. If the average consumer price index has increased 3 per cent or more over the base period, social security benefits will be increased by a corresponding amount . . .

"CONGRESS HAS always been guided by the philosophy that when the cost of living increases significantly, social security benefits should be raised. Congress has periodically increased benefits through the years to maintain the purchasing power of social security beneficiaries. In view of the increasing congressional workload and to insure prompt adjustment of benefits, I propose that Congress provide for these periodic increases through an 'escalator provision' such as we have already provided in the civil service and military retirement laws . . .

"Actuaries for the social security trust fund have advised us that the revenue received from the social security tax increase in relation to increases in the wage structure and the cost of living index, are sufficient.

two old friends in new clothes. Edgar Allan Poe's PURLOINED LETTER and MURDERS IN THE RUE MORGUE are all decked out in a glamorous purple cover, subtly designed to make one's scalp tingle a little just from looking at it. Inside the covers are several sinister illustrations and page after page of easy-on-the-eye type. This will come as a blessing to anyone who has ever tried to read these classics in the old Victorian editions. In the trappings of modern-day publishing, Poe comes through even louder and clearer as a master of suspense.

We hear so much about what is wrong with the youth today that it is like a breath of fresh air even to read the title of this next book. WHAT'S RIGHT WITH OUR YOUNG PEOPLE is the result of a questionnaire worked out by Grace Nies Fletcher, a writer whose work appears from time to time in The Saturday Evening Post, Ladies' Home Journal, McCall's, and Reader's Digest. Mrs. Fletcher took her questionnaire to all parts of the United States, asking questions and recording the answers.

Based on research among 400 young people, this book sheds a very bright light on the thoughts of the younger generation and predicts the future far more favorably than most adults believe possible. A surprising sidelight is the almost universal complaint of the young people interviewed, that adults so seldom ask them what they think.

THE SUMMER STORY begins at 1:30 each Tuesday in August for children entering the first, second, third, and fourth grades. There is no charge, and all children in these grades are urged to attend these sessions in the children's library.

Sound of plank bridges echoes yet from steel spans

HAYDN PEARSON

Remember the reverberating rumble of loose planks as you sped over the old plank bridge with Belle, the Morgan roader, and the democrat wagon. Remember the weather-beaten logs at the sides and the splintery path in the center where iron shoes had scuffed the wood?

A plank bridge is part of the nation's history. In pioneering times the town's pathmaster laid out a road along the contours of the hills and decided the location for a bridge. First settlers brought their grain by horseback to the grist mill in the village. As land was taken up and farms established, a road was needed and a bridge where men and ox-carts had previously forded the stream.

ON A GIVEN DAY men and oxen gathered to place the stone abutments. Men laid stringers hewed on one side; they placed sawed planks on the stringers. It was a magic spot beneath the bridge to a lad on the way home from school. It was fun to climb along the slippery, mossy stones in bare feet. Water bugs skittered on the surface and minnows dashed from side to side. Sometimes one saw a big water snake go slithering away.

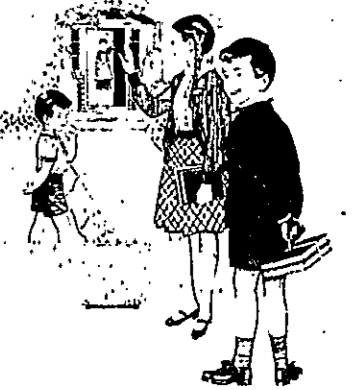

Southern Michigan has grown animals larger than elephants. Not in recent centuries, to be sure, but fossil remains of mammoths and mastodons tell us so.

Motorists should be especially vigilant for the first 50 miles during holidays. Most holiday accidents happen in the first 90 minutes of driving when drivers are preoccupied with trip details, are trying to beat the rush or are tired on the return trip and press to get home.

Gone are most of the old plank bridges. This is an age of hard metals. But there are men who look from office windows these days and remember the fun they had long ago. Old bridges are part of our history. They served their purpose well as a nation was growing. And sometimes, when the countryman drives to town behind the wheel of a mechanical contraption and crosses the stream with its metal bridge, he thinks he can hear the echo of old planks that rattled long years ago.
