City reluctant to assess \$4.64 for curb, gutter

Per foot cost jumps

Property owners who wince at the thought of paying \$4.64 per linear foot for that new curb and gutter this year have a sympathetic companion—the city commission.

Commissioners last Tuesday night expressed some reluctance to assess that much to property owners along about 24 blocks of city streets where curb and gutter are going in this summer.

But that's how the costs work out, City Manager Ken Greer told the commission. And even then the city-at-large is picking up about 20 per cent of the total \$80,412 project cost by paying for the curb and gutter at all the intersections and in front of other public property.

ABOUT 13,000 OF THE 17,300 linear feet of curb and gutter will be placed in front of private property. If the city were to continue a policy of paying 20 per cent of the project costs and assessing the other 80 per cent, as it has done with water and sewer assessments, the cost to property owners for the curb and gutter would be \$4.64.

The commission tabled a request by Greer and City Assessor Don Clark last Tuesday for some sort of decision so that Clark could get the assessment notices in the mail. They decided, instead, to "talk this over and vote on it later."

The general attitude of the commission was that \$4.64 per foot was an excessive amount compared to what other property owners had been assessed in the past on curb and gutter projects. One commissioner said he didn't think it would be fair to charge more than about \$1.70 or so per foot, another said maybe half of the \$4.64. Another suggested a ratio of perhaps 60-40 property-owner and city participation.

New look in the downtown area of St. Johns

Workmen took the wraps off the front of the new D & C Store in the center block of Clinton Avenue last Wednesday, and this was how it looked later in the day as the facade signs were installed. There's a lot of work to be done inside, yet, and D & C Manager Ken Dickens said it will probably be sometime in October before the new store opens. It will have between 6,500 and 7,000 square feet of display area, about 50 per cent more than the present store at the corner of Clinton and Walker.

30 new units by first of year

Apartment boom in St. Johns!

St. Johns is in the midst of an apartment building boom which will put 30 new apartments onto the market between the middle of September and the first of the year.

Workmen are already up to the upper floor in construction of a 2 1/2-story apartment building owned by Jud Marzke on Surgis Street just east of Baker Street. Twelve apartments are involved there.

Immediately next door to the west, Darrel E. Jones of 604 E. Walker Street is constructing a half-dozen one-bedroom apartments, some of which he hopes to have ready by the middle of September.

THE LATEST CONSTRUCTION to be started is on a 12-apartment building on the west side of US-27 across from the Wheel Inn and south of the Capri Motel. These apartments are the project of Dr P. F. Stoller, St. Johns physician.

All the apartments are on the city's south-east side.

Dr Stoller detailed his building program Monday evening. Eleven two-bedroom and 1 one-bedroom apartments are planned for a 40 by 96-foot colonial style building being built for him by the Walter Neller Co. of Lansing. It is expected to be ready for occupancy by the first of the year.

They will be "deluxe" apartments, Dr Stoller said, each with carpeting, air conditioning, garbage disposal, with hot water heat and hot water furnished. The 11 two-bedroom apartments will be 44 by 20 feet in size, featuring an L-shaped living-dining area, kitchen, bath,

ample closets and additional storage space in a utility room. All apartments will be wired for phone "jacks" and for TV off a common antenna.

THERE WILL BE THREE living levels, with the 1 one-bedroom apartment to be located on the lowest floor of the 2 1/2-story building. A wide hallway will run the length of the building on each floor at the center of the structure, providing access to the apartments.

Dr Stoller said the building will be called "Centennial Apartments" and will feature a colonial pillared front, with four large pillars.

The entrance side of the building will be finished with brick, fiberglass and aluminum.

Parking space will be provided for all residents and up to four guests. Dr Stoller said he anticipates eventually providing carports at the rear of the building, but this will be several years in the future.

THE BUILDING IS BEING constructed on a wedge-shaped piece of land 260 feet across the front on US-27 by 200 feet deep and 134 feet across the back. This leaves plenty of

The proposed "Centennial Apartments" building on South US-27 will look similar to this, with the addition of white shutters on the windows and a white facing on the building behind the pillars.

DeWitt's big ox roast Saturday

DeWITT — This will be the 18th year for the DeWitt Ox Roast, and the sponsoring DeWitt Memorial Assn. has some real positive results to show from their efforts over the years. Money raised at the ox roast benefits the DeWitt Memorial Building and the DeWitt Library.

The basement area of the new addition to the Memorial Building is now finished and occupied, and the library is beginning its move from previously cramped quarters into the spacious area that formerly housed the meeting rooms of the memorial building.

ox roast, which starts at 10 a.m. this Saturday, will go toward finishing up the memorial building project.

A parade will get things off to a roaring start, and games, rides, dancing and food will be available all day long. Fireworks are also planned in the evening.

A pony pulling contest put on by the Michigan Pony Pushers is scheduled to take place between 1 and 3 p.m. After dark Saturday evening a fireworks display will be shot skyward from the Riverside Park on South Bridge Street.

DeWitt area residents still have time to display their art, flowers, ceramics and old photographs at the library in one of the traditional parts of the ox roast celebration. The displays will be set up at the library in the memorial building between 9:30 a.m. and 9:30 p.m. Mrs Faye Hanson is in charge.

CD wins space in new wing

The proposed civil defense emergency operating center will be included in the new east wing of the Clinton County Courthouse after all.

The board of supervisors, at a special meeting last week, voted 16-3 to approve alternate plan 2—the EOC. It will cost a total of \$34,960, bringing the overall cost of the new wing to \$231,476.

Late in July the board had approved bids for the construction of the wing and some excavation beneath the present courthouse, but the civil defense center was left out.

Last week's approval of the emergency operating center came at a special meeting called

to discuss only that. It lasted only 45 minutes and appeared to clear up some hesitancy on the part of some supervisors concerning the "strings" attached to federal aid for the EOC.

HALF OF THE \$34,960 bids for the EOC will be paid for with federal funds. William Powell, civil defense area coordinator, was present at the meeting along with county CD Director Charles Frost.

"The only string attached," Powell said, "is that the EOC must be used for county government; it can't be leased or rented out. Civil defense must have office space in it, but the rest of the area can be used for other offices."

In fact, he said, "civil defense encourages dual use of these buildings and discourages sole use for civil defense." This is practically an about-face from the policy of three or four years ago, he said.

SUPERVISOR ERNEST Carter of Watertown Township said he couldn't see how "our crowded offices could be thrown out in an emergency." Powell answered by saying that in the event of a nuclear or other civil defense emergency, the desks, telephones and files in the existing offices would be needed by civil defense. This would be particularly true if the health department or welfare department or some such agency were located in the EOC.

Carter further asked whether or not the Mid-Michigan District Health Department had been refused space in the new EOC in Montcalm County. George Moore of Duplain Township, chairman of the civil defense committee, said he understood the Montcalm board had assigned most of the space there and there was not enough left to satisfy the health department.

POWELL SAID he was sure the federal government had not refused permission there, at (See CD WINS, Page 2-A)

L. DEAN STORK

Name new principal at Fowler

FOWLER—L. Dean Stork, an Ohio native, has assumed the duties of principal at Fowler High School. He replaces Richard Thelen who has served in that capacity for the past three years.

Stork was born in Defiance, Ohio, and graduated from high school there. He received his bachelor of arts degree from Anderson College (Ind.) in 1952 and his master of arts degree in secondary administration from Michigan State University in 1965.

He has served as pastoral minister in Indiana, Illinois and Michigan. He has been a member of the Cedar Springs faculty for five years, where he taught English, mathematics, choral music and coached golf.

HIS WIFE, Alice, is also a graduate of Anderson College where she majored in the commercial field and minored in music. Mr and Mrs Stork have six children, Beth 12, Brian 9, Keith 7, Kurt 5, Laura Lee 2 and Barbara 5 months old.

Stork will be moving his family to Fowler in the near future.

PRIVATE elementary school has a limited number of openings for students with Christian background, child must be normal with ordinary intelligence; registration Aug. 30, school begins Sept. 6. Please call 224-4317 or 224-4712 for further information.

room, he said, for future additions or separate building to the rear.
The property will be landscaped in a fashion to be worked out later.

JUD MARZKE'S APARTMENT building on Sturgis Street will be similar in nature. He announced his plans in early March. Workmen are now laboring on the upper floor.

The apartment house is one of four Marzke plans to eventually build in a U-shaped area. The present 2 1/2-story building is at the west or left side of the U. It is 40 by 96 feet in size and will house 11 two-bedroom apartments and 1 one-bedroom apartment. Each will have air conditioning, carpeting and drapes, full kitchen, living and dining area, bathroom

and the one or two bedrooms.
The buildings will be of colonial style. A playground area will be provided at the rear of the property.

THE ONE-STORY APARTMENT building to the west of Marzke's is a project of Darrel E. Jones. That building will house six one-bedroom apartments, some of which Jones hopes to have ready for occupancy by Sept. 15.

Jones said he hopes to attract older people to the apartments, which will be in the "lower price bracket" as far as rent goes. He said each apartment will have 600 square feet of living space, including a living room, full kitchen, bath, and "lots of closet space." The floors will be of tile, and all utilities will be available.

Mrs Bishop retires after working 27 years at Glaspie's

ST. JOHNS — Mrs. Edna Bishop of 205 S. Swegles Street, who has worked for Glaspie Drugs for over 27 years, has retired.

She has made no special plans for the immediate future other than to catch up on her work at home.

Mrs. Bishop moved with her family from Lima, Ohio, when she was 16. They settled in the St. Johns area.

MR AND MRS Bishop were married in 1925. She is the former Edna LaRue.

Mrs. Bishop began working for Glaspie Drugs on a part-time basis when "Uncle Bert Glaspie," her husband's uncle, had the store.

Convalescent center plans still alive

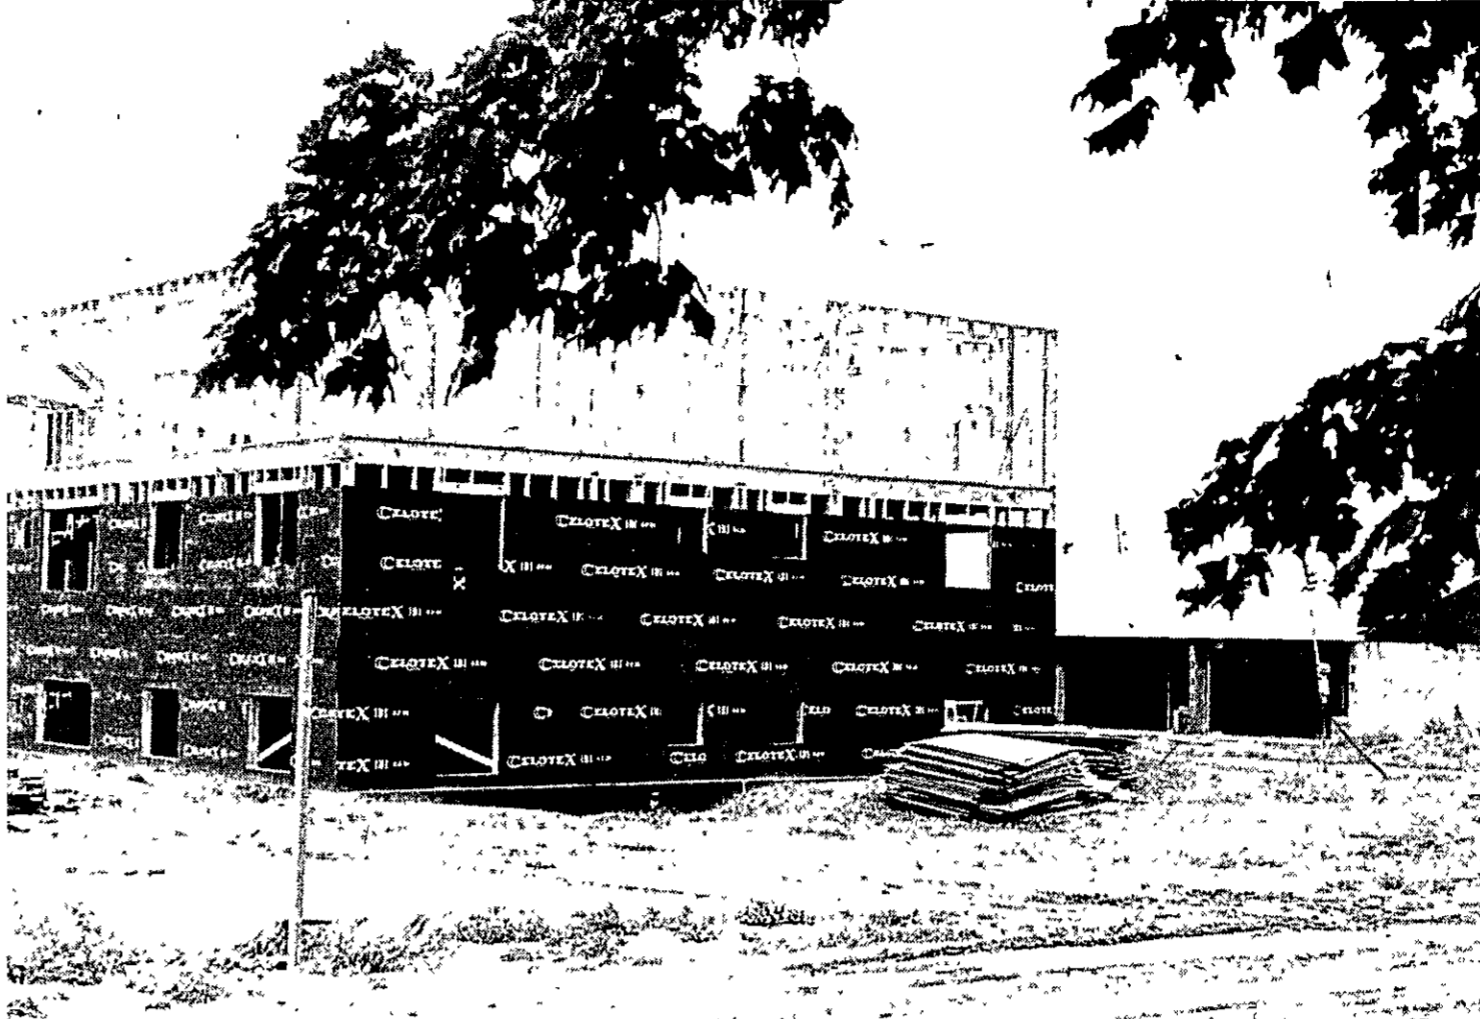

The new proposed convalescent center on the southeast side of St. Johns, announced March 3, is still very much alive, according to Timothy M. Green of St. Johns, one of the five men involved in the project.

"Work is progressing satisfactorily relative to construction plans," Green said Monday.

The 60-bed convalescent center, proposed along Sturgis Street between US-27 and Scott Road, is being promoted by Green, Jud Marzke and Roy Briggs, all of St. Johns, and Rex O'Connor and Floyd Wylie of Ionia.

ANNOUNCEMENTS

Olive Grange No. 358 will have a regular meeting at the grange hall next Friday evening, Aug. 26. A lunch will follow the meeting.

least not through civil defense. "Once your building is finished, we (civil defense) will have no more control over it than we have now," Powell said.

Practically all the debate on the emergency operating center took place during the discussion phase of a motion introduced by Moore at the start of the meeting. His motion was to accept the alternate bids of B. J. Sivek Construction Co. for the general contract, United Piping and Erecting for the mechanical contract and Fox Electric for the electrical contract, on Alternate 2 of the original bid specifications. Alternate 2 was the emergency operating center.

VOTING AGAINST the motion were Supervisors Oliver Angell of DeWitt Township, Walter Nobis of Lebanon Township and Ernest Carter of Watertown. Voting yes were Gerald Shepard of Bath, Raymond Mayers of Bengal, Maurice Gove of Birmingham, William Hunsager of Dallas, George Moore of Duplain, Russel Howe of Eagle, John Senterington of Essex, Derrill Shinabery of Greenbush, Almond Cressman of Olive, George Austin of Ovid, Claude Underhill of Victor, Walter Thelen of Westphalia, Harold Reed and Lorenz Tiedt of St. Johns and Bill Buck and Ray Price of the City of DeWitt.

Absent were Supervisors Willard Krebel of Riley and Don Clark and Charles Coletta of St. Johns.

Chairman Derrill Shinabery of the board announced earlier in the meeting that the contracts for the basic work had already been signed but were still in the hands of the county. He said Alternate 2 for the emergency operating center could be made a separate contract without affecting the basic contracts already signed.

THE CONTRACTS were for a total price higher than that previously announced. Shinabery read a letter from architect St. Clair Pardee, quoting Dean, Fairbanks and Morse, a consulting engineering firm, as recommending that the low mechanical bids of Hendrickson Plumbing and Heating be rejected.

Following the recommendation of the architect, as indicated in the board's motion in July, the low bid was rejected and the second high bidder, United Piping and Erecting, was awarded the contract.

United's bid on the general construction of the wing was \$40,583, some \$2,856 higher than Hendrickson's. (When the board later Thursday approved the bids for the EOC, the total cost included United's mechanical bid of \$6,009, some \$186 higher than Hendrickson's had been.)

HERE, THEN, is how the total cost of the new east wing will break down: General contract to B. J. Sivek Construction Co. of rural Lansing \$131,870 for new wing, plus \$9,750 for EOC, plus \$2,380 for excavation beneath present building. Mechanical contract to United Piping and Erecting for \$40,583 for new wing and \$6,009 for EOC. Electrical contract of Fox Electric Co. for \$21,683 for new wing and \$19,201 for EOC. Total cost of new wing: \$231,476.

The special board meeting was called apparently after the civil defense committee's feasibility study on other locations for an EOC didn't turn up any favorable sites. Supervisor Carter of Watertown questioned Moore on that point, and Moore said it was felt that if the center would get too far from the Sheriff's department, the department's auxiliary power setup could not be used. "Therefore, Moore said, it was felt the basement of the new wing would be the best spot.

Treated water month away

The troublesome and long-out-of-service transformer at the new city water plant was being put in Tuesday, and City Manager Ken Greer said the plant should be providing treated water in about a month, barring any further problems.

But meanwhile, the city will be able to use the tank and facilities as it has wanted for some time. With the transformer in, all controls from all the wells will be tied in at the water plant, meaning all wells can be turned on and off from one place.

With this ability to provide all the water it needs at any time, the city will likely begin a concentrated water main flushing program in the near future.

The clarifier is now being painted. It is one of the last steps to be taken before the plant can be tested.

DENNIS POMEROY

Dennis Pomeroy is now serving as manager of the Eberhard Store at 911 E. State Street in St. Johns. He replaces Wally Parshall, who was promoted to manager of the Shopper's Fair store on East Michigan Avenue in East Lansing. Pomeroy, a native of Eaton Rapids, has been associated with Eberhard's a little more than a year and previously worked at the East Lansing store. He, his wife Shirley and their son Jeffrey, 3, have moved to Fowler and are living at 11244 W. Second Street there.

An AM portable radio, valued at about \$25, was reported stolen Saturday evening from the car of Robert A. Young, 755 1/2 E. Tart Road, Ovid. The car was parked on the east side of the 200 block Brush Street in St. Johns.

199 pints of blood, lowest number in 2 years, donated

One hundred ninety-nine pints of blood were donated by St. Johns area residents last Thursday as the Red Cross made its semi-annual visit to the city. It was the lowest amount of blood donated here in two years, but it was still enough to make local Red Cross personnel happy. Here's how the donations have been received since 1962:

July 196278 pints
December 1962	...168 pints
July 1963202 pints
December 1963	...152 pints
July 1964169 pints
December 1964	...215 pints
July 1965236 pints
December 1965	...224 pints
AUGUST 1966	...199 pints

A SPECIAL APPEAL was made for donors with O-negative blood, and Mrs. Ken Spicer, local Bloodmobile chairman, said there were quite a few of them, although the exact number wouldn't be known until records were returned from the Lansing Regional Blood Center.

Another successful part of the current drive was that a number of young people and newcomers to the community were among the donors. These people were wanted in order to keep the list of active donors at a high number. An additional feature of last Thursday's Bloodmobile visit was that type O-positive blood was collected during the early afternoon hours for open heart surgery Friday morning in Ann Arbor.

THE CANTEEN at the bloodmobile was manned by women of the First Congregational Church, and Mrs. Spicer said there were lots of volunteers helping out.

Although only 199 pints of blood were received, a total of 219 persons registered and offered to give blood. Twenty were rejected for medical reasons. The 219 persons were:

Bill Asher, Lyle Acre, Robert Acken, Elmer Barker, Joe Barrett, Maynard Barrett, Lad Bartholomew, Mabel Beck, Roy Beck, Bill Beecher, Elmer Bell, Bruce Bonghner, Margaret Bon-

New section of freeway to be opened Sept. 8

LANSING—The first section of the Grand Rapids-to-Cadillac Freeway (US-131) will be open to traffic Sept. 8, the State Highway Commission reports. It extends from the south edge of Cadillac to Ashton, a distance of 16.4 miles. Included in the \$6 million project are 4.5 miles of four-lane freeway, 11.9 miles of two-lane highway which eventually will serve as the south-bound lanes of the freeway, one rest area, one scenic look-out and an interchange at M-115. The interchange will eliminate one of the most hazardous intersections in Northern Michigan at old US-131 and M-115.

Road Commission Weekly Report

The Board of Clinton County Road Commissioners held their regular meeting on Thursday, Aug. 18. The Board discussed the Old Island Road bridge with Andy Cobb and Robert Moore, who represented the Elsie Lions Club.

The Commission inspected a safety project at the intersection of Wood Road and State Road. They also inspected a new subdivision in DeWitt Township, and on their return to the office discussed this plat with Oliver Angell, DeWitt Township supervisor.

THE BOARD also met with George Austin on Ovid Township problems. Don Koontz, shop foreman and Orville Jones, construction foreman, came in to talk about equipment problems and replacements needed. Final decision was to take bids this fall on two spreaders, two gravel trucks, two scraper trucks, an asphalt distributor, one grader, an air compressor and a backhoe-loader combination. Total cost was estimated to be more than \$80,000 and delivery time six to eight months.

A SPECIAL meeting of the board was called Monday to consider the acquisition of a brine well.

The seal coating program is ending this week. We do not have final figures as yet but expect this year's blacktopping program to be the largest ever.

Sales tax funds are distributed

Sales tax money totaling \$89,554.92 was distributed to township, city and village treasurers last Thursday by County Treasurer Velma Beaufore. The money represents collections during the second quarter of the year and figures out to \$2.36 per capita based on the 1960 census.

Here are the amounts received by the various units:
Townships: Bath \$8,807.52;

Bengal \$2,107.48; Bingham \$3,167.12; Dallas \$2,525.20; DeWitt \$15,129.96; Duplain \$2,695.12; Eagle \$2,671.52; Essex \$1,637.84; Greenbush \$3,152.96; Lebanon \$1,585.92; Olive \$3,346.48; Ovid \$3,044.40; Riley \$2,317.52; Victor \$2,916.96; Watertown \$4,738.88; and Westphalia \$2,409.56.

Cities: St. Johns \$13,265.50; DeWitt \$2,921.68.

City OKs new lights on Traver, at park

New lighting projects caught the fancy of the St. Johns City Commission last Tuesday night. They approved new lighting for the city park swimming pool and tennis courts and new street lights for the south end of South Traver Street.

Four new lights will be installed at the swimming pool for \$467 plus installation. The present outdoor lighting has been used for some 14 years, and parts for the fixtures are becoming hard to get, City Manager Ken Greer told the commission.

FIXTURES ON THE present tennis court lights are in worse condition than those at the pool, he said, and "we cannot repair those that are presently not lit because parts cannot be found."

Greer said those two lighting projects will probably be late fall or winter jobs. The South Traver Street lighting was a project recommended by Consumers Power Co.

Motorcycle rider bruised in crash. A motorcycle rider, Stephen C. Frechen, 19, of 108 S. Lansing Street, was bruised last Tuesday afternoon in a collision with a car in the 300 block of North Clinton Avenue.

IN OTHER ACTIVITY at last week's commission meeting: Ross Downing of 610 W. Baldwin Street appeared with a complaint about a high water bill and presented detailed figures of his own water usage.

High school proper dress, behavior rules repeated

Rodney B. Wilson High School Principal B. Stanley Pocus has again reminded all local high school students of the school board-approved regulations on proper dress for school and school-sponsored activities.

Pocus points out that for the most part local students have traditionally dressed very appropriately. Many studies throughout the nation have proven that student behavior are definitely affected by how they dress.

FOR THIS REASON Pocus outlines the following guides for proper and business-like dress: GIRLS: Girls should wear skirts and blouses or sweaters, or dresses. Slacks, bermudas, shorts, kilts or shifts that are split on the sides, and such, may not be worn to school.

Adamski will provide the flower decorations for the platform. Leading the St. Johns delegation to the assembly will be Raymond Parker, the local presiding minister.

The theme of this three-day gathering of Christians from 16 southern Michigan congregations will be, "Become Spiritual Men with Everlasting Life in View."

The District supervisor, Mr. H. P. Sandeen, will supervise arrangements for the gathering and also deliver the main public Bible address on Sunday, Sept. 11, at 3 p.m., "Satisfying Man's Greatest Need."

Curb and gutter . . .

(Continued from Page 1-A)

tion concerning the curb and gutter project passed April 5, the commission directed that benefits should be computed on the basis of the contracted cost for the installation of concrete work of curb and gutter only.

It stipulated that the city would, however, from its general fund "pay for the actual curb and gutter involved within the street intersections as well as absorb the cost for engineering, supervision, excavating, catch basins, storm drains and graving."

Computing on this basis, assessments would be \$3.89 per linear foot for the property owners. The \$4.64 figure included \$10,000 for graving and \$7,310 for engineering.

IN A SPECIAL REPORT on the curb and gutter contract, Greer reminded the commission that an 80-20 ratio on all the

YOUDAN REUNION

The Youdan reunion was held Sunday at St. Johns Park with about 80 in attendance. The potluck dinner was at 1 p.m. New officers elected for next year were Mrs. Beulah Waggoner of Laingsburg, president; Harold Krepps of Detroit, vice president and Mrs. Lucille Grieve of St. Johns, secretary-treasurer.

The afternoon was spent looking at the picture album of the Youdan descendants. New pictures were brought to add to the collection. Reunion will meet in 1967 on the third Sunday in August at St. Johns Park.

Mr. and Mrs. Dwayne Cowdrey of Cheasaning called Friday on Mr. and Mrs. Harry Patterson. Mr. and Mrs. Dorrence Patterson of St. Johns were evening callers.

Mr. and Mrs. James Fisher and family attended the wedding and reception for Lynn Samson and William Henderson in Saginaw Saturday.

Mr. and Mrs. Gordon Patterson of rural Ashley were dinner guests Sunday of Mr. and Mrs. Harry Patterson.

costs connected with the contract "is a very liberal approach, as most cities not only assess the entire cost, but they also assess storm-sewers, ditch cleanouts and the actual paving costs."

St. Johns' policy on curb and gutter assessments has been that such an assessment takes care of all future related work on the streets. In other words, a \$4.64 assessment, or whatever the commission decides it will be, will also pay for the storm sewers, ditch cleanouts and paving of the streets a year hence.

ALL THE COSTS of improving the streets that aren't charged to the property owners through the curb and gutter assessments are paid by the public-at-large through general fund taxes.

The total amount of the street improvements contract this summer with the Ken Roberts Construction Co. of East Lansing is \$92,984. About \$72,382 of this is attributable to the actual curb and gutter work, with the remainder involving storm sewers and ditch cleanouts.

Some \$22,561 of the \$74,382 is for excavating and hauling dirt to the city dump; Greer, in his report, figured half of that amount is chargeable to the city dump because of the benefits it (the dump) would get from the dirt. This further reduces the actual curb and gutter cost to \$63,102.

THAT COMPUTES out to \$3.89 per linear foot, with the city picking up all the intersection and public property frontage—about 20 per cent or 4,300 of the 17,300 feet.

The \$4.64 figure was obtained by including graving of the streets and overhead in the total cost.

It appears unlikely any immediate action will be taken by the commission to set an assessment rate for the project. A public hearing on the assessment role will be scheduled after the commission makes a decision.

Streets being curbed and gutted this summer are:

- Ottawa Street from Gibbs to Floral, Oakland Street from Lincoln to Gibbs, Oakland Street from Mead to US-27, Mead Street from Lincoln to Gibbs, Swegles Street from Steel to Gibbs, Lincoln Street from Mead to Swegles, Traver Street from Railroad to Higham, Kibbee Street from Traver to Sturgis, Sturgis Street from US-27 to Scott Road, Elm Street from Clinton to Oakland, Baldwin Street from Morton to the west city limits, McConnell Street from Morton to the west city limits, and Swegles Street from Oak to a point 700 feet south.

Lockwood-Hope vows spoken at Pompeii

MAPLE RAPIDS—Miss Darlene Kay Lockwood of rural Ashley became the bride of James Thomas Hope of Maple Rapids at the Methodist Church of Pompeii July 16. Rev Hutchens of Ithaca officiated at the double ring ceremony.

The bride is the daughter of Mrs Elinor Grace Lockwood of R-1, Ashley and Charles Lafe Lockwood of Grand Rapids. The groom is the son of Mr and Mrs Leslie Hope of Maple Rapids.

Given in marriage by her brother, Thomas Charles Lockwood, the new Mrs Hope wore a lace floor length sheath styled with a waist length cape. She carried a white cascade arrangement of pink and white baby carnations with pink rosebuds.

The matron of honor, Mrs Vivian Kay Bailey, was attired in a floor length gown of pink nylon with a shoulder length veil. She carried a bouquet of white and pink carnations.

For her daughter's wedding,

Mrs Lockwood selected a pale blue dress with a matching hat and white accessories. Mrs Hope chose a powder blue sheath with a matching velvet and nylon hat and white accessories. They both had white carnation and pink rosebud corsages.

The bridegroom's honor attendant was Bing Bradford Bailey.

A RECEPTION for the newlyweds was held at the IOOF hall of Pompeii. Servers were Mrs Thomas Lockwood, sister-in-law of the bride; Mrs Calvin Price, sister of the bride; Mrs Raymond Cook and Mrs Jack LyVere, sisters of the groom and Wanda Brande.

Also assisting were Mrs Douglas Green and Mrs Ron McCormick. Mrs Wayne Underwood had charge of the guest book.

The bride will be making her home with her mother while Hope completes his tour of duty in Viet Nam.

They are both graduates of Fulton High School.

MR AND MRS ARTHUR A. CAUDY

Vows repeated at St. Joseph's Church

Sally Jane Rosecrance of Ionia became Mrs Arthur A. Caudy Saturday, Aug. 13, at St. Joseph Catholic Church of St. Johns. Rev Edwin Schoettle officiated at the double ring ceremony. Mathilda Smith was the organist for the 11 a.m. nuptials.

graduated from Rodney B. Wilson High School. They are both attending Ferris State College in Big Rapids.

They are presently making their home at 610 Linden Street, Big Rapids.

FOR THE WEDDING the bride wore a floor length gown of silk organza fashioned with a lace bodice, scalloped bateau neckline, empire waist and an a-line skirt. A full lace edged court train fell from the shoulders. Her bouffant veil was secured with a lace petal headpiece. She carried a bouquet of daisies and yellow roses.

Miss Kathy Raymor of Ionia was the maid of honor and the bridesmaids were Judith Hughes of Royal Oak and Carole Meyers of Spring Lake. They were attired in maize chiffon gowns styled with empire bodices, sheath skirts and floating wattle panels. Their headpieces were circlets with short veils and they carried bouquets of daisies.

THE MOTHER of the bride wore a pink embossed brocade satin jacket dress with white accessories. Mrs Caudy selected a two piece beige dress with pale green accessories. They both had pale yellow rose corsages.

A reception for the newlyweds was held at St. Joseph's Social hall. Servers were Linda Cooper, Janet Murphy, Marcia Dalton, and Gail Caudy. Gaye Stedman attended the guest book.

THE BRIDE is the daughter of Mr and Mrs Dale J. Rosecrance of 76 Virginia Avenue, Ionia and her husband is the son of Mr and Mrs John F. Caudy of 208 Wight Street, St. Johns.

The new Mrs Caudy is a graduate of Ionia High School. Caudy

Say new Ovid—Elsie millage needed to fulfill 'dictates' on curriculum

OVID—The Ovid-Elsie Area Schools Board of Education says the extra four mills operating taxes it is asking for Sept. 12 is the result of a feeling of obligation by the board "to follow the dictates of the people of the district in expanding the curriculum as proposed by the curriculum study committee."

"We are making every attempt to provide the services requested as soon as it is possible to do so," the board said. "Increased costs of living have increased the overall cost of operating schools. Teachers, custodians, secretaries and all other service personnel must receive increased salaries in order to fill positions."

No. 5 in a series on Complexion Care especially written for teenagers. Special skin care and make-up scoops.

Why Blemishes? Why You?

Q. What is blemish? A. A blemish is one of the most common of all skin afflictions which affects both men and women during their adolescent or early adult years. Q. What constitutes a blemished condition? A. Blemishes may range all the way from a few scattered blackheads in one person's complexion to a severely infected, scarring eruption in another's. Q. How do blemishes start? A. Blemishes usually begin when the hair canals into which the oil glands open become plugged and the oil cannot escape to the surface. During the active years of growth and maturity there is an over-production of oil due to excessive amounts of hormone produced by the endocrine glands. Darkening of the surface of these plugs by oxidation leads to the formation of the familiar blackhead. Q. But how do pimples form? A. Inflammation around these minor plugs cause pimples, whiteheads and pustules. Q. Is a blemish serious? A. With proper hygiene and proper skin care most blemished conditions do not become serious enough to warrant medical attention. Q. Is it dangerous to squeeze blackheads and other blemishes? A. Yes. Squeezing blackheads may cause damage to surrounding tissues, narrowing the openings and lead to an additional clogged pore condition. Proper washing and the mild abrasive action of certain commercially available beauty grains can be very effective in the removal of dead tissues and blackheads and prepare the skin for a more thorough cleansing.

Q. Do cosmetics help or hinder the situation? A. Ordinary cosmetics do little or nothing to help the blemishes. However, there are some medicated preparations specifically designed to be used, not only to cover these blemishes, but to help reduce the oily condition and retard the growth of blemish-causing bacteria. These preparations, applied as directed, should be conscientiously used in a daily program. Ordinary non-medicated cosmetics such as powder, lotions, and make-up are not only of little use but may, in some cases, even aggravate the situation. Q. What about diet? A. Blemishes are not always caused by faulty diet but certain foods can aggravate an already existing condition. Some dermatologists believe too much fat and carbohydrates—especially chocolate—may contribute to a blemished complexion so they recommend cutting down on starches, sweets, fried foods and other fatty foods in general. So it's wise to avoid chocolate, nuts, peanut butter and similar foods. Q. How about soft drinks? A. Those with a high sugar content have a tendency to cause a flareup in an existing condition. The low calorie soft drinks may be substituted. Q. Can an excessively oily skin lead to blackheads and other blemishes? A. Yes, an excessively oily skin is usually found underlying these conditions. For this reason it is important to pay special attention to the removal of excessive surface oil when this oily condition exists.

No oil, but lots of brine

There was no oil at the bottom of this well shaft, as was hoped, but some good may yet come of it. The well is on the property of Paul A. Henning of East Wildcat Road and is located south and east of M-21 and Krepps Road. The Sun Oil Co. had the well drilled, seeking oil, but they gave up at the 3,500-foot level. The Clinton County Road Commission has made arrangements with the drillers, the North American Well Drilling Co., to continue boring for brine. If the volume and percent of solids in the brine is high enough, the road commission will exercise an option to lease the well site from the Hennings, and install a pump and storage facilities. The brine would be used on Clinton's rural roads for dust control.

Mrs Ray Bennett of Outer Drive and Mrs Beryl Dadds of Circle Drive visited their father, E. Huff, at a hospital in Flint Thursday.

The Lakeside Chapel will hold a reception Sunday, Aug. 28, at 3 p.m., to officially welcome Rev James Sprayberry and his family.

Rev Sprayberry accepted the pastorate at the chapel in May and is now living at the parsonage at 5956 Park Lake Road. Rev Doyle McDaniels and Rev John Crabbe will be guest speakers for this occasion.

Mrs Doris Root and Sheryl are on vacation in northern Michigan. They will be stopping at Bass Lake to visit her sister and some friends.

If you expect to be liked you can't do just as you like.

Maple Rapids

By MRS. WILBUR BANCROFT, Correspondent—Ph. 682-3553

A star is born at Maple Rapids

A new star shines in Maple Rapids in the form of Miss Becky Upton, the 12-year-old daughter of Mr and Mrs Robert Upton, who portrayed Helen Keller as a child in "The Miracle Worker." The three-act play was given by the newly formed "Maple Valley Players" theatrical group, Friday and Saturday nights the past two weeks.

A novice at acting, Becky, captivated her audience with her understanding of the feelings of the blind-deaf mute. She seems to have the ability to make the audience feel that they were in her place. It was difficult to remember that Becky can see, hear and talk.

The whole cast did a remarkable job with a very difficult play, handicapped with a small stage, no curtains and limited props. The use of colored spot lights and recorded voices, helped to create the feeling of actually being there, feeling their frustrations and enjoying their accomplishments.

MRS DON WISEMAN, as the young Annie Sullivan, who having been operated on to restore her sight, was sent to teach the pampered, spoiled untaught and undisciplined child, was both heart warming and heart breaking.

The Keller family was played by Mrs Robert Upton, Becky's mother in life and on stage, David Swanson as the father and Eric Halstead as the half brother. Others in the cast were Amy Lowe as Martha, Mrs David Swanson as Aunt Bev, Glenn Kendall as the doctor, David Swanson as Anagnons, Mrs Wendell Elmester as Viney and the three blind girls were Cathy Halstead, Cheryl Hancock and Denise McDonald, all of whom acted their parts very well.

The play is staged at the family home, with flash backs to the school for the blind and the railway station accomplished by the use of the spot lights, minor prop changes and the ingenuity of the director, Jack Schnepp.

Mr and Mrs Floyd Coppernoll of Jackson and Mr and Mrs Perce Upton are spending the week at Drummond Island. Mrs Flore Upton from the Masonic Home at Alma was a weekend guest of Mr and Mrs Perce Upton and attended the Upton reunion at the St. Johns Park. Mrs Maud Upton of Farmington, 92, was the oldest member of the family there.

Mr and Mrs Lewis Teft left on a business trip to Tennessee Thursday and expect to return Sunday night.

Mrs Keith Palmer of Long Beach, Calif., was a guest of Mr and Mrs Auburn Smeltzer and family Wednesday. Mrs Palmer was the former Audrey Hanratta of St. Johns.

The Fulton School starts Tuesday, Sept. 6. Mrs Kathleen Boling will be the assistant cook in place of Mrs Robert Antes at the Maple Rapids School.

Mrs Ruth Cludy entertained her sister and her husband, Mr and Mrs Vern Miller of Jackson, for the weekend. Sunday they all helped another sister, Mrs Alfred Ranft, celebrate her birthday at their home in Ionia.

MISS CAROL LEE MORGAN
Mrs Asa Morgan of Maple Rapids announces the engagement of her daughter, Carol Lee, to Ronald D. Page, son of Mr and Mrs Harold Page of rural Ithaca. No wedding date has been set.

Mrs Selma Bailey is visiting her brother, Mr and Mrs Ivan Clark at Houghton Lake.

Mr and Mrs James Bancroft of St. Johns and four children spent Sunday evening with his parents, Mr and Mrs Wilbur Bancroft.

Mr and Mrs Gary Snyder, Mrs John Schmidt and sons and Mrs Selma Bailey went to the sand dunes at Silver Lake Wednesday. On the way home they were supper guests of Mr and Mrs Rodney Schmidt at Spring Lake.

In the process of moving from Spring Lake to Alma Rickie Schmidt, son of Mr and Mrs Rodney Schmidt, visited his grandparents, Mr and Mrs John Schmidt and aunt, Mr and Mrs Gary Snyder, Wednesday evening until Monday.

Mrs Inez Schultz was a house guest of Mrs Letha Wyman of Ionia the past two weeks and returned home last Saturday.

Mr and Mrs Preston Corson attended the Hiller-Gurdie wedding at Greenbush Church Saturday evening. The bride is the granddaughter of the Corsons, Sunday, they with their son, Fred, of St. Johns, attended the Corson reunion at Wacousta.

Dr and Mrs Dee N. Allen left this weekend with their daughter, Virginia of Kalamazoo, for a trip around Lake Superior. They expect to return about August 30.

The Fulton School starts Tuesday, Sept. 6. Mrs Kathleen Boling will be the assistant cook in place of Mrs Robert Antes at the Maple Rapids School.

Mrs Ruth Cludy entertained her sister and her husband, Mr and Mrs Vern Miller of Jackson, for the weekend. Sunday they all helped another sister, Mrs Alfred Ranft, celebrate her birthday at their home in Ionia.

300 watch swim show at park

St. Johns' youthful swimmers put themselves in the public eye for the second time in a week last Wednesday night when they performed in the annual swim show.

About 300 persons were on hand at the city pool to watch on a clear warm evening as swimming students and instructors put on pool-side entertainment. The show was sponsored by the St. Johns Recreation Department and co-sponsored by the American Red Cross, which had a mobile safety unit on location.

RECREATION Director Ron Dugas gave a short welcoming talk, and introductions were made by Karen Beach. The evenings' program consisted of the following acts:

A water pageant, "How Swimming Grew Up."

Basic swimming strokes, with Diane Biled doing the elementary back stroke, Kay Urie the breast stroke, Karen Beach the American crawl, Billie Huntley the side stroke, Glenna Huntley the back stroke, and Scott Munger the trudgen crawl or butterfly.

Life saving techniques by Barb Cartwright and Jean Peterson. Competitive swimming by Billy Muckle, Brad Huntley, Tonette Masarik and Cathy Stoddard.

SYNCHRONIZED swimming by

Kam Meyer, Jeanne Muckle, Diane Biled, Billie Huntley, Glenna Huntley, Kay Urie, Karen Beach, Scott Munger, Don Hungerford and Tom Harper.

Synchronized diving by Kam Meyer, Jean Muckle and Debbie Meyer.

Small craft safety demonstrations by Don Hungerford, Tom Harper and George Spicer. They used a canoe and demonstrated the improper way to fish.

Two pantomime acts, one the "Beathes" by John Bond, Gilbert Martinez and Paul Butler, and the other the "Supremes" by Toni Masarik, Pat Mabi and Anita Martinez.

Muckle, Butler set Alma pool record

Bill Muckle and Mike Butler, who tied for first place in the 30-yard freestyle swim at the Alma Invitational swim meet Aug. 13, set an Alma pool record with their time of :22.1. St. Johns Recreation Director Ron Dugas was notified of the record time this week by D. Jake Roberts, director of the Alma Municipal Pool.

Michigan's program for screening children for defective vision and for improving visual environment was the first of its kind in the country to be undertaken on a state-wide basis.

Football practice Monday

Football equipment was scheduled to be issued to 100 boys at St. Johns High School Wednesday, and they'll begin practice Monday in preparation for a football season that starts for the varsity Sept. 16.

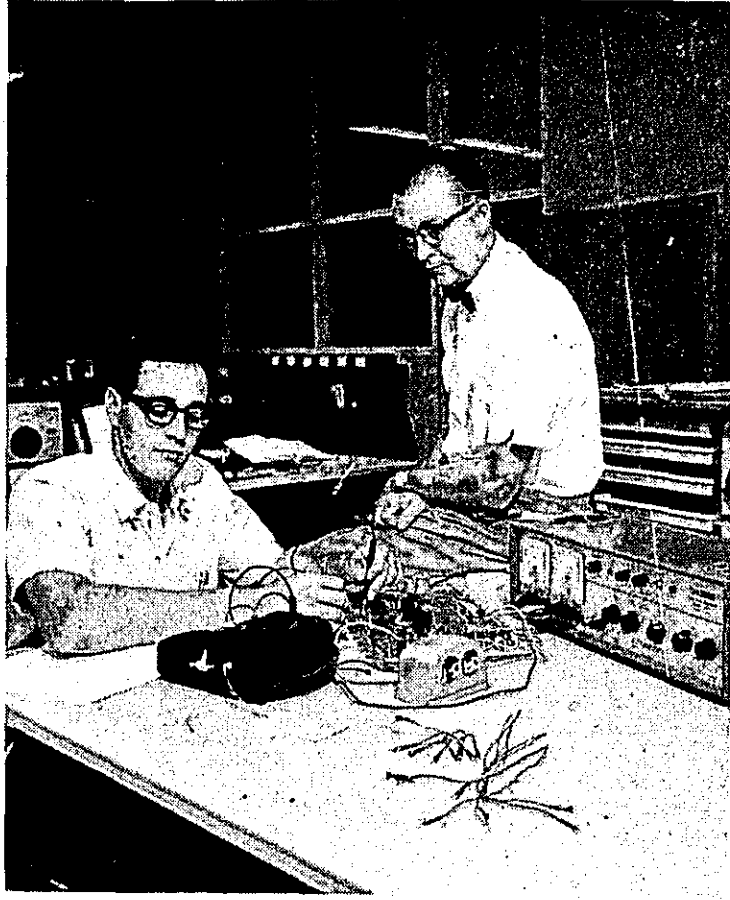

Practices next week will be twice a day and will include even Saturday, Head Football Coach Bill Smiley said.

Boys out for football will be expected to hit the field at the city park at 8:30 a.m. each day with a two-hour morning practice scheduled. Boys should be off the field and showered between 11 and 11:30 a.m. They'll report back to the high school gym at 1 p.m. for an hour of chalk talk after which they'll dress and go into practice again at the field.

THEY SHOULD BE finished around 4:30 and be showered and dressed by 5 p.m. each day, Smiley said. Practices twice a day will run Monday through Saturday.

There will be no practice session Sept. 5, Labor Day, Smiley said, in order not to conflict with family outing plans. The practice schedule of Labor Day week will be announced later.

The football staff at St. Johns this year includes Smiley as head coach and Frank Rosengren as assistant coach for the varsity; Doug Japiga as junior varsity head coach, with Bill Brown, Tom Wilson and Hub Walte as assistants.

Dean's plays 6 times in district, loses finale

Dean's softball team of St. Johns battled down to the wire before losing out for the district Class C recreation softball championship at Sunfield last week. Host Sunfield came out as champions.

Dean's played six games in the tournament, three times against Sunfield. Two of those games were played Sunday, with Dean's winning the first game 1-0 to qualify for the final game, but they dropped that one 11-1.

Jerry Sharick pitched in all six games the local boys played and was the winning pitcher four times. Both his defeats were at

the hands of Sunfield.

LAST TUESDAY evening to get the tourney started, Dean's whipped by Hastings 5-0 as Sharick pitched a one-hitter. The big offense blow for Dean's was a three-run home run by Jeff Martin in the sixth inning.

Sunfield slipped past Dean's last Thursday night by a 2-0 score on the strength of a two-out, two-run error by St. Johns in the top of the sixth inning. Sharick was the loser this time, giving up six walks and four hits.

Friday evening Dean's played Grand Ledge. Grand Ledge

scored three runs in the first inning to knock starter Dick Pung from the mound, but Sharick came on in relief and shut the door. Dean's won the game 4-3 in the seventh inning.

IN THE SEMI-FINALS Dean's played Lansing's Branch 122, with Sharick on the mound again. This time he scattered six hits in a 4-3 victory.

In the first game of the finals Sunday, Sharick allowed only four hits as Dean's won it 1-0 in the seventh inning to set the stage for the second and deciding game. Denny Morrison had a base hit in the top of the seventh, moved to second on an error and to third on a walk. He then scored on a long sacrifice fly by Jeff Martin.

Dean's lost the championship game 11-1 as Sunfield's Ron Elliot pitched hitless ball for 5 1/3 innings. Jeff Martin got a single at that point, went to second and third on wild pitches and scored on a bunt. Sharick was the losing pitcher.

STATE FOREST TIMBER SALES HIT RECORD

For the first time in history, state forest timber sales in northern Michigan topped the \$1 million mark during the last fiscal year which ended June 30, the Conservation Department reports. The period's receipts, which totaled about \$1,005,000, are about \$176,000 above the former record set during the 1963-64 fiscal year. They eclipse

the 1964-65 fiscal year figure by some \$239,000.

Conservation Department foresters estimate state forest logging operations generated about \$95 million in direct income payments to workers engaged in all phases of the timber industry. At the same time, the cuttings produced additional food to support an estimated 100,000 deer during last winter and for the next several years.

MICHIGAN GUIDES ASSOCIATION

An organizational meeting for this organization was held at the Department of Conservation's training school on Higgins Lake. Lee Hunt was elected president, John Pestrupe, vice president, Andy Domke, secretary-treasurer, and a six-man board of directors was appointed. In our opinion this association will assist sportsmen who have a yen to run bear, coyote, fox, fish in a new territory, and will receive professional services for fees expended. Carl Johnson, conservation commissioner, stated that he will hunt or fish with each one to see what kind of guide they are.

TURKEY SHOOT

The first shoot of the year was held by the Sleepy Hollow Conservation Club, Inc., Sunday, Aug. 14. Dick Cortwright stated it was the best shoot the club had ever experienced.

Aug. 28 will be the next shoot. The first round will start at noon and will continue till dark and will be held 5 1/2 miles north, 1 1/4 miles west of St. Johns on Mead Road. Prizes of turkey, ham, or cash will be awarded.

Ice Land stock sale hits 62% of \$80,000 goal

The sale and pledges to buy \$50,070 in stock in Ice Land of Greater Lansing, Inc., was reported Monday evening at a meeting of authorized solicitors, according to a report by John R. Barnes, Ice Land president. Barnes said achieving the \$50,000 mark put the indoor rink's supporters at 62 per cent of the announced goal of \$80,000 by Aug. 15. Funds from the sale of stock are held in escrow by American Bank & Trust until the goal is met.

ICE LAND OF Greater Lansing, a newly-organized corporation, was formed to build a multi-purpose indoor ice arena on an eight-acre tract midway between I-96 and Okemos.

"Public support of our project has been little short of amazing," said Barnes. "Literally hundreds of people have contacted us and indicated moral as well as financial support of Ice Land." Barnes said many persons are making tax deductible contributions to Greater Lansing Amateur Hockey Assn., which in turn is buying stock in its own name. Most are buying stock on a pure investment basis, or because they agree that the community needs an ice arena.

"OTHER PEOPLE are buying stock in the names of their children because they want them to have a financial as well as physical interest in ice hockey, ice and figure skating, or curling," Barnes added.

"Ice Land, which we hope to have completed by late fall or early winter, will fill a great need for an additional facility in the Lansing area," Barnes said.

"There just is not enough ice time available at MSU's ice arena to take care of all the people in the area who want to play hockey and skate.

"OUR BUILDING will be 180 feet by 260 feet, and have a rink 85 by 200 feet. Included in the facility will be a pro shop, four locker rooms, showers, first aid and meeting rooms, and an audience capacity expandable to 4600 seats," Barnes said.

He added that anyone wanting information on Ice Land could obtain it by writing P. O. Box A-1 in Okemos.

★ CALF STARTER

LARRO CALF RAISE now better than ever. A calf pre-starter that takes calves through critical first 29 days of life. One 25-lb. bag mixed with water will make 270 pounds of milk replacer solution; a solution that contains the same solids as Holstein milk, plus antibiotic vitamin, mineral and growth stimulant fortification. Larro Calf Raise costs only \$4.38 for a 25-lb. bag. Makes a milk replacer solution for only \$1.59 per 100 pounds.

LARRO CALF BUILDER TASTY TEXTURE—A course, tasty mixture of appetizing mash and pellets. Combined with Calf Raise, supplies important nutrients to speed early growth. Calves love its flavor and aroma and they get on low cost roughage sooner. Cost only \$2.90 for a 50-lb. bag.

Ordination service slated for Sunday

ELSIE - A Service for Ordination to the Christian Ministry for Gary L. Hawes will be held Sunday afternoon, Aug. 28, at 2 p.m. in the Duplain Church of Christ. The call to worship will follow a prelude of Martin Luther's "A Mighty Fortress is Our God" with Mrs Earl Dunham at the organ.

The Rev. Ralph Woodard, pastor of the church will give the invocation. The Rev. Don Stiffler of University Christian Church, East Lansing, will give the Statement of Purpose and Rev. R. D. Marmium, former pastor of the Duplain Church will offer the Prayer.

Elders Roy Thornton and Luman Hall of the Duplain Church will give the responsive reading. The sermon will be delivered by Dr. Lewis Foster, Dean of the Graduate School, The Cincinnati Bible Seminary.

SPECIAL MUSIC will be furnished by the Rev. Stiffler and his wife. Presentation of Need will be given by Rev. Jack Haun, First Church of Christ, Owosso. Questioning of the candidate and Ordination Vows will be led by Jack Hawes, father of the candidate and chairman of the elders of the Duplain Church of Christ. The Act of Ordination will close the questioning with elder and ministers all participating.

After the prayer of consecration, the Charge will be given by Dr. Foster and the congregation will sing the hymn "Take My Life and Let It Be" following the candidate's response.

REV WOODARD will give the benediction and Mrs Dunham will play the postlude "O Master Let Me Walk with Thee" while all those participating move to the rear of the church to greet the congregation.

Gary Hawes is the son of Mr and Mrs Jack Hawes of Elsie. He was born here in 1941. At the age of twelve, he confessed his faith before the Duplain Church of Christ and was immersed into Christ by Brother R. D. Marmium.

New bandsmen at Ovid-Elsie

Twenty-five bandsmen have passed auditions for membership in the new Ovid-Elsie Senior Band. These new members have been participating in the Orientation Program for new bandsmen this week in both Elsie and Ovid.

The new members of the Ovid-Elsie Senior Band include Theresa O'Donnell, Sharon Ashmead, Pat Bashore, Connie Smith, Bryon Green, Rosella Howard, Vicky Palus, Anne Viecek, Mike Swender, Hal Smith, Rosemary Remenar, Monica Gasda, Lysie Smith, Bill Farr, Rick Stammersky, Glenn Halteman, Donella Powelson, Richard Acre, Mike Chapko, Ted Schultz, Leon Buchele, George Nicholson, Craig Darling, Bruce Dennis and Charles Heinze.

GARY HAWES

His public school education was completed when he graduated from Elsie High School in the class of 1959.

He felt the Lord calling him into the ministry during his senior year at Michigan State University. Sp, after being graduated in June 1963, he married the former Carole Mort and they moved to Lexington, Ky., where he began his graduate studies at the College of the Bible. While in Lexington, he became a part of the Southland Christian Church.

IN THE fall of 1964, Gary continued his studies for the Christian ministry at Cincinnati Bible Seminary. He expects to be graduated from there in May 1967.

For the past two years, he served as minister of the Metamora Church of Christ in Metamora, Ind.

Busy band members

The members of the Ovid and Elsie, and the Ovid-Elsie Bands have been busy this summer. The Elsie Band members have been preparing for their performance in the Michigan State Fair Band Shell. The Ovid Band has rehearsed for programs at the Shawassee County Fair, Ovid's Pop Concert, and the State Fair in Detroit.

A number of Ovid-Elsie students have taken private lessons during the summer. The drum major, assistant drum major and two majorettes attended a five-day camp at Alma College. Five bandsmen attended the three-week Youth Music Program at MSU. Ten drummers attended a one-day clinic in Chicago. The drum section has rehearsed Monday nights and the majorettes Tuesday mornings most of the summer. The School Song Committee has been meeting on Wednesday nights. There were three evening Stage Band rehearsals. Two bandsmen will perform with the State Fair Honors Band next week in Detroit.

Miss Helen Bennett spent a few days with her parents, Dr and Mrs G. W. Bennett, before returning to her work in Detroit. Miss Bennett had just returned from a vacation in Puerto Rico for 10 days.

2 Ovid bandsmen in Honors Band

Cornetist David Bates and Oboist Dan Kusenda, members of the Ovid High School Band, will be in Detroit Aug. 31 to Sept. 4 as members of the Michigan State Fair Honors Band. Membership in this band is determined by tape recorded auditions which were forwarded to Detroit in June.

Both bandsmen have studied privately for two years or more with professors of music at MSU. Both have performed as soloists and members of ensembles for the past four years in district and state solo and ensemble festivals. Last winter, Dan and Dave held first chair positions in the District V All Star Band. Dan has just returned from the three-week Youth Music Program sponsored by MSU. He attended the same program last year also.

THIS IS THE FIFTH year in a row that Ovid has been represented in this fine organization. In 1962, Lucella Warren, a bassoonist, was selected from Ovid. In 1963 and 1964 Dennis Borton, percussionist, represented Ovid. Last year, Dan Kusenda was selected. This year marks the first time that Ovid has been honored by having two members in this band.

Honors Band members are the guests of the State Fair Board, their only expense being their transportation to and from Detroit. They will be housed and fed in one of Detroit's finest hotels.

The Honors Band will present five concerts in the State Fair Music Shell following a rehearsal schedule exceeding four hours each day.

Ovid band plays last time at Ovid

This Friday evening, Aug. 26, Moore's lot will be the scene of the last Pop Concert presented by an Ovid High School Band. This program scheduled for 7:30 p.m. will also be the final appearance of an Ovid High School Band in Ovid.

This will be free, come as you are and bring the whole family type program. It has been many years since the Ovid Band has played a Friday evening concert downtown. The Ovid Band Boosters Association will be selling ice cream, popcorn, Ovid Band records and Ovid Roman decals. Proceeds from these sales will go toward the purchase of the new Ovid-Elsie Senior Band uniforms.

Elsie-Ovid bands in State Fair

The Elsie High School Band and the Ovid High School Senior Band will appear at the State Fair in Detroit next Tuesday, Aug. 30. The Elsie Band will perform in the Music Shell at 11:30 a.m. followed by the Ovid Band at noon. This will mark the final appearance of an Ovid High School Band and an Elsie High School Band. Two days later a new organization, the Ovid-Elsie High School Band, will have its first rehearsal. The Elsie Band will be making its first appearance at the fair and the Ovid Band will be performing there for the tenth time. The bands will be traveling

together in school buses with morning roll call as follows: Elsie 7 a.m. and Ovid 7:15 a.m. Following the concerts, both bands will be the guests of the State Fair Board for the noon meal. The remainder of the afternoon the band members will be free to take in the professional shows in the shell and elsewhere, the Grandstand Show, visit the exhibitions and tour the midway.

The bands will leave the fairgrounds at 6:30 p.m. and stop, while still in the Detroit area, for an evening meal. Buses will return to Ovid and Elsie between 10:30 and 11 p.m.

Fulton Schools swing into activity Sept. 1

MAPLE RAPIDS — With preliminary preparations almost completed, Fulton Schools of Middleton, Perrinton and Maple Rapids will begin its school-starting activities a week from today, on Sept. 1.

A full day of teacher orientation meetings and activities will be held both Sept. 1 and Sept. 2, from 9 a.m. to 3 p.m. Student participation begins Tuesday, Sept. 6, when all students in grades one through seven and high school juniors and seniors will be enrolled between 9 a.m. and 11:30 a.m. Students will return home at 11:30. Buses will travel their regular routes at the usual time as in previous years.

WEDNESDAY, SEPT. 7, all elementary grades will be in attendance and grades eight, nine and 10 will be enrolled and receive textbooks at the high school building.

Kindergarten children who have not previously enrolled are to enroll with their teachers on Wednesday, Sept. 7. All kindergarten children are required by law to have immunization shots by their local physician previous to entering school or a form verifying, because of religious beliefs, that they are unable to be immunized. A law was passed a year ago by the state Legislature whereby all children entering school for the first time must undergo a test to determine if they are free from tuberculosis. Parents are mandated to consult their local phy-

sicians and have their child tested before entering school.

ON THURSDAY, Sept. 8, classes will be in session for a full day and hot lunches will be served. Maple Rapids elementary school will have two sessions of kindergarten this year. The rural children south and east of Maple Rapids will attend morning sessions and the village children and those living north and west of Maple Rapids will attend afternoon sessions.

Rural kindergarten children in the Middleton-Perrinton area are to attend morning sessions and village kindergarten children are to attend afternoon sessions.

Textbooks for all elementary pupils, beginning with grade three, will be furnished for a deposit of \$3 plus a workbook fee depending upon the number of workbooks needed. Textbooks for high school students will be \$8 including an activity fee.

THE OLA elementary school will operate this year, with the kindergarten children being transported from the former Washington Center School. All grades from the first through the sixth from the Washington Center school area will be transported to Middleton and Perrinton elementary schools.

Floodlights are being installed at the present time on the new athletic field and the work should be completed in time for the opening home game at the Fulton field.

A great deal of work has been accomplished by the maintenance crew this summer. The locker rooms in the old Middleton gym have been lined with gypsum board and painted according to the fire marshal's regulations. The ceiling has been painted with a fire retardant paint so that it can be put into use this school year. Painting has been done in all the schools along with some minor remodeling.

BECAUSE OF THE large expected kindergarten class this year, it has become imperative for the board of education to purchase a relocatable or portable unit to accommodate the kindergarten children at the Middleton school. This unit has not arrived yet but should be in readiness when school opens Sept. 6.

One vacancy still exists in the teaching staff, that of an early elementary, Type A teacher in special education.

Hot lunches will be served the students at a cost of 27 cents for all elementary children in

grades one through seven, if tickets are purchased on a weekly basis. Single lunches on a daily basis will cost 30 cents. Students in grades eight through 12 can purchase lunch tickets at a weekly cost of \$1.75; if purchased on a daily basis, the fee of 40 cents will be charged.

TEACHERS and their positions are as follows:

Middleton building: Mrs. Burniece Fickle, kindergarten; Mrs. Essie Fugate and Mrs. Lonna Williams, first grade; Mrs. Edith Rudd and Mrs. Berdella Deitrich, second grade.

Perrinton building: Mrs. Hilda Perdue, remedial reading; Mrs. Isabelle Slinko and Mrs. Doris Loudenbeck, third grade; Mrs. Beulah Burnes, third and fourth grade combination; Mrs. Alice Kilean, fourth grade; Mrs. Ruth Wright and Mrs. Helen Poling, fifth grade; Mrs. Mozelle Peters and Jesse Powell, sixth grade; Mrs. Ruby Gray and Richard Knapp, seventh grade; Jack Schnepf, elementary supervisor.

Saylor-Beall plant burglarized Friday

About \$136 in cash, \$40 of it in change, was taken from Saylor-Beall Manufacturing Co. early Friday by a thief who pried open the employees' door, a tool box and candy and cigarette machines. The theft was reported to city police by Richard Robbins, night foreman; he said the burglar took place between 12:30 and 4:21 a.m. The tool box rifled belonged to "Curly" Burk and reportedly had an undetermined amount of cash in it.

'WHEELS' STOLEN

A set of four fake chrome wheels was taken from his car in the A & P parking lot Friday, Jim Smit of 503 S. Lansing Street told St. Johns Police. The set was valued at \$66.

GOP convention turnout sets record

Clinton County Republicans turned out in record numbers for the county convention last Wednesday night to choose delegates for the state convention of the party in Detroit this Friday and Saturday.

Over 100 persons, including 71 delegates, attended last Wednesday night. Bernard Cain, chairman of the Clinton County Young Republicans, served as permanent chairman of the convention and Marjorie Karker of DeWitt was named secretary.

Delegates from the county representing the Third District at the state convention will be Ernest Carter, Mrs. Margaret Thingstad, Rodney Tulloch, Willard Krebel, Lawrence Sexton, John Hannah and A. T. Allaby. Alternates named were Claude

Underhill, Harmon Cropsey, Olive Beck, Henrietta Prince, Ed Rose, Mrs. Lawrence Sexton and Mrs. John Hannah.

REPRESENTING the Sixth District in the county will be Mrs. Virgaine Zeeb and Gordon Willoughby. Alternates are Al Johns and Reginald Nelson.

The Sixth District includes only Bath and DeWitt townships in Clinton County. The rest of the county is in the Third District.

Mrs. Thingstad was named to head the Clinton delegation at the state convention in place of County Republican Chairman Andrew Cobb, who will be unable to attend.

In other business at the convention last Wednesday, County

Republicans passed five resolutions, endorsing Lt. Gov. William G. Milliken and the Romney-Milliken team for reelection, and supporting the election or reelection of Robert P. Griffin to a full six-year term in the U.S. Senate; Charles Chamberlain as U.S. representative from the Sixth District; Garry Brown as U.S. representative from the Third District; Emil Lockwood as state senator from the 30th District; Blair Woodman as state representative from the 87th District; and Lester Allen as state representative from the 88th District.

THE FIFTH resolution pledged the support of the Clinton County Republican Committee for the Governor's Commission on Crime, Delinquency and

Criminal Administration and urged that the committee "take the lead in encouraging a non-partisan citizen participation in this effort."

The keynote speaker at the convention last week was Jerry D. Roe, director of organization for the Republican State Central Committee. He spoke on the value of organizing precincts and the value of winning elections. Roe, 30 years old, has a bachelor's degree in political science from College of Great Falls (Mont.). He has served on the staffs of the Minnesota Republican Party and was director of the Young Republican National Federation in Washington, D.C., prior to accepting his Michigan position in October 1963.

ABOUT THIS QUESTION

"I fell for this cut-rate auto insurance from a direct-writing insurance company with no independent local agent. When I had a collision loss, I found their adjuster trying to cut every corner on repairs to save the company money. Does anyone really think he saves money when he by-passes his independent local insurance agent?"

By MRS. JOSEPH FEDEWA, Correspondent
Box 147, Westphalia—Phone 587-3682

Recently Mr and Mrs Harold Fedewa, Art and Leon Fedewa, Mrs Florence Wieber and Louis Pung attended a family gathering at the Isadore Fedewa Home in Portland.

Many from the area enjoyed the country style chicken dinner at Fowler Sunday afternoon. Several also attended the picnic Sunday evening.

Mr and Mrs William Hanes Jr. and family returned home Thursday afternoon after spending several days at Houghton Lake.

Saturday Mr and Mrs Bob Pohl and family and Mr and Mrs Gus Pline and family left for a weeks vacation at Chippewa Lake. While the Pline family is at the lake the Westphalia Furniture Company will be closed until Monday, Aug. 22.

Sister Marie Dennis, the former Carol Platte, spent the week-end visiting her parents, Mr and Mrs Roman Platte.

A new home is being built for Mr and Mrs Charles Jegla and family approximately six miles south of Westphalia on Price Road.

The Bob Roach family spent from Monday to Friday at Houghton Lake.

Mr and Mrs Anthony Thelen accompanied Mr and Mrs Donald Schneider and family to Higgins Lake where they spent the weekend at the Schneider cottage.

Sunday Mrs Florence Wieber and Mrs Joseph Fedewa attended a luncheon at the home of Mr and Mrs Ernest Gaybrick in Lansing in honor of Miss Janet Pasch, bride-elect of Earl Gleason.

Mr and Mrs Jerome Smith and family are spending several days this week at Rainbow Lake.

Make plans now to attend the annual K of C picnic this Sunday, Aug. 28, starting at 12:30 p.m. There will be free pop and ice cream for the kids if accompanied by their parents. Three free prizes will be given away. Children under seven can register for a tricycle and children seven through 14 can register for a bicycle. The children's prizes will be given away at 5 p.m. and you must be present to win. Members, wives and lady friends can register for a portable TV which will be given away at 9 p.m.

IT'S A GIRL
A girl weighing 7 pounds and 12 ounces was born to Mr and Mrs Stanley Wieber (Linda Trierweiler) at St. Lawrence Hospital August 13. The little girl was named Shelly Lynn.

August 21 Mr and Mrs Carol Platte (Genevieve Thelen) became parents of a girl weighing 9 pounds and 12 ounces born at Clinton Memorial Hospital.

A girl weighing 8 pounds and 8 ounces was recently born to Mr and Mrs Joseph Lemmema (Julianne Schafer) Aug. 15 at St. Lawrence Hospital.

Mr and Mrs Charles Ray Myers (Phyllis Bengel) are parents of a daughter born at St. Lawrence Hospital Aug. 19 weighing 5 pounds and 12 ounces. She will answer to the name of Donna Rae.

IT'S A BOY
Mr and Mrs Albin Arens (Alberta Sanders) of Flint are the parents of a son born at St. Lawrence Hospital on August 12 weighing 6 pounds and 15 ounces. He will be called Steven.

Mr and Mrs Hilary Koip and family spent last week vacationing at Houghton Lake. Vacationing with them were Mr and Mrs Ed Thels and family of Portland.

Saturday evening Fr. Matthew Fedewa, Mr and Mrs Joseph Fedewa and family and Mrs Florence Wieber were supper guests of Mrs Elizabeth Fedewa and Leo.

Sister Ann Terrance, the former Phyllis Wieber, recently spent several days with her parents Mr and Mrs Melvin Wieber and family.

Sister Julianne S.S.J., the former Rita Schafer, is spending several days with her parents Mr and Mrs Otto Schafer and family.

Mr and Mrs Dennis Thelen and family and Miss Linda Thelen left Saturday to visit Sister Norma, the former Jane Thelen, at Niles, Ill.

DO I ENJOY OUTING
Thursday morning 35 members of the Daughters of Isabella left Westphalia for a day's outing. The first stop the group made was at Boysville and later enjoyed a lunch at Ypsilanti. Mystery Hill, Pre Historic-Forest and Irish Hills were also some interesting places seen by the sight-seers. After enjoying a tour through Frontier Village they were dinner guests in Jackson. After seeing the Cascades, the bus, driven by Isadore Schmitt, headed for home. Among those on the trip were Mrs Ann Knoop, Mrs Millie Droste, Mrs Shirley

Smith, Mrs Hilda Bengel, Mrs Marlan Belen, Mrs Rosie Tiedt, Mrs Audrey Riley, Mrs Hope Fox, Mrs Rita Witgen, Mrs Aggie Stump, Mrs Adeline Platte, Mrs Bernita Fedewa, Mrs Anita Belen, Mrs Dorothea Smith, Mrs Jean Pohl, Mrs Laura Pline, Mrs Caroline Trierweiler, Mrs Dorothy Platte, Mrs Mary Pohl, Mrs Judy Pohl, Mrs Tillie Thelen, Mrs Alma Thelen, Mrs Regina Pohl, Mrs Esther Thelen, Mrs Marilyn Smith, Mrs Marie Thelen, Mrs Leana Witgen, Mrs Gertrude Hajman, Mrs Verena Witgen, Mrs Virgilia Platte, Mrs Evelyn Hengesbach and Mrs Mary Ann Hengesbach.

Scouts involved in Aquatics Week at Northwoods

Sixty Boy Scouts and Explorers from the Chief Okemos Council, Boy Scouts of America, Sunday launched "Aquatics Week" at Northwoods Reservation near West Branch. Aquatics Week will run from Sunday, Aug. 21, through Saturday, Aug. 27.

"The Scouts and Explorers are from troops and posts throughout the council," said William Carter, general chairman of the event, "and each boy has signed up for participation in one of the three areas of water activities being offered. They will learn skills that will increase their enjoyment and safety in the many aquatic sports available in Michigan."

THE THREE AREAS being offered are aquatics, which includes life saving and scuba diving; small craft, which includes sailing, motor boating, rowing, and canoeing; competitive swimming; and diving.

Jack Teegarden is the professional Scout staff advisor working with the group.

Carter also pointed out that every boy will attempt to earn the Scout One Mile Swim Award in addition to his elected activities. A campfire council each evening will close the day's activities.

Northwoods Reservation is the camp operated by the Chief Okemos Council. The council is comprised of Ingham, Eaton and Clinton counties. Arrowhead Lake is located entirely within the 600 acre reservation and is the scene of Aquatics Week.

ON TARGET

with the St. Johns Chamber of Commerce
By BETTY MINSKY
Secretary-Manager

This past week we had an unfortunate occurrence when a resident inquired about a Chicago firm. A check with the National Better Business Bureau in New York revealed a number of complaints against it. Upon reporting this to our resident, we learned he had already signed a two-year franchising contract and had invested \$1,000 in products. He began investigating the firm after he had signed and paid—and this was too late.

Because franchising is a way of doing business and because many people consider it from time to time, this week's column will present some facts compiled by the NBBB as an aid to inquirers about franchise operations. Anyone considering a substantial investment in a franchise offer is advised to thoroughly understand the licensing procedures; to make a thorough check on the firm (we'll help, working through the NBBB); and have an attorney explain any contract before you sign it.

THE NBBB STATED that franchise marketing is basically a licensing system by which the owner of a product, method or service identified by a brand name usually obtains distribution at the retail level through affiliated dealers, while retaining control over how the branded product or service may be merchandised.

While franchise contracts vary widely in terms, the main distinguishing characteristic is that they provide a continuing relationship. In general, the applicant for a franchise must have his location and operating plans approved by the parent company in advance of contract. Almost all contracts require payment of some cash by the applicant, either as a franchise fee or as a deposit on equipment and supplies which he must agree to purchase from the parent company. Contracts also specify the percentage of sales, if any, which the

franchisee agrees to pay the parent company on a continuing basis.

WHILE THE NBBB report revealed a number of advantages a franchise operation offers to both the parent company and the franchisee operator, they also listed some of the disadvantages, for the dealer. They are:

- 1) Royalty payments may be out of proportion to sales volume;
- 2) Cost of initial durable equipment bought through the franchise company may be higher than if bought independently; this, some say, is offset by the professional guidance secured;
- 3) In some franchise fields, contracts with franchisees are not uniform within an area; one operator may pay more than another for the same services.

"Small Business Reporter," published by Bank of America, Small Business Advisory Service, sometime ago published some guidelines for prospective investors in franchise opportunities. This is a portion of what they stated:

HOW ARE FRANCHISE offerings made? Initially through advertising, often the blind or unsigned box number type. A response to the ad generally brings an initial flood of literature, which, in some cases, still does not reveal the name of the product or service. But, it does speak in glowing terms of the many success stories which the company has on file and almost always includes reproductions of laudatory letters to the company.

Sometimes the entire offering is made by mail, with additional literature following in successive mailings. Usually, however, a company representative appears on the scene to do the selling job in person. He shows his portfolio, argues the ease of the operation, quotes convincing profit stories and tries to get a signature on a franchise agreement, initial merchandise order and check.

What should the interested prospect do? Investigate before you invest! is a good rule to follow.

The publication then went on to state that in checking out the company, the interested party should learn from other sources the integrity of the concern, the ability of its management people and its financial stability. This includes finding out: 1) how long the firm has been in business; 2) what its financial strength is; 3) what bank references it offers; 4) what its policies and plans are for development; 5) what the Better Business Bureau says about it; 6) how selective it is in choosing franchise dealers; and 7) how successful its franchisees have been.

IT IS WITH THIS latter portion—the checking out of the firm—that we in the St. Johns Chamber of Commerce will be able to help you. A simple request for information from us will get us an up-to-date Better Business Bureau report, detailing the firm's history and how successful its franchise operations have been.

The National Better Business Bureau continues its report from "Small Business Reporter," as follows:

How is the franchise offered? This is an important clue to the intentions of the franchiser. The way in which he advertises and the general feel of the ad tells a lot about the kind of person he is and the type of holder he desires to attract. The use of blind ad that gives only a post office box number and does not tell the name of the company or spell out the details of the offering in a clear and forthright way may be a warning signal.

The report continues and goes into detail on such topics as: What is the franchiser's representative like? What about the product? What about the territories? What about the contract? What assistance does franchiser provide for holder? What advertising is product receiving? What about you?

A CHECK LIST for evaluating a franchise offer is also included in the report listing 50 vital points a prospective franchisee should check out.

And, the last final words are: "Investigate first. Don't sign papers or put up money until you have discussed entire franchise offering with your lawyer, banker and family."

It cautions that verbal promises should not be accepted—that everything should be put in writing.

The 10-page report in a permanent part of this Chamber's reference library. We have it for the convenience of our residents. Anyone who desires to read it may stop by at the Chamber offices and do so.

Immunized!

Things got rather hectic at the county health office in the board of education building in St. Johns last Wednesday as 115 families kept this line this long all afternoon at the first of a monthly series of free immunization clinics. Some 304 individuals got shots, and 458 immunizations were given. This included 221 measles vaccine, 100 DPT shots, 65 TB skin tests, 42 oral polio vaccines, 1 polio shot, 26 small pox vaccinations, and 3 tetanus shots for adults. Dr. E.W. Newitt, acting as advisor to the Mid-Michigan District Health Department, handled most

of the vaccinations. At left, Sheila Davey, daughter of Mr and Mrs Dorrance Davey of R-2 DeWitt reflects on the situation before breaking into a smile, believe it or not. At upper right, Donald Russell, 2 years old, yelled for a couple of seconds and then smiled, too. Sisters Glenda 4, and Brenda 5, watch while Mommy, Mrs Donald Russell of R-1 Bath tries to keep things calm. Similar free clinics were held in Gratiot and Montcalm counties earlier last week, with 45 and 76 families, respectively, taking advantage of them.

Can serve ready to cook turkey anytime

By HELEN B. MEACH
Extension Home Economist

Keep your family happy by talking-turkey! It's a symbol of healthy, hearty eating and belongs in your August menu plans.

Traditionally, these plump, tender birds were reserved only for gala feasts. But that's history, now! Today, Americans enjoy the savory goodness of ready-to-cook turkeys year 'round.

Turkey's reputation as a delicious main dish, whether it be roasted, broasted, fried or barbecued has been firmly established in the minds of Americans who enjoy good eating. It is used as the leading ingredient in salads, casseroles, soups, stews and as hot d'oeuvres. In sandwiches, it's great.

PLENTIFUL SUPPLIES available now assure the modern homemaker of a variety of weights to choose from. If you need just four servings, a four pound bird is best. An eight pound gobbler will adequately provide for 10 servings. A 12-pounder guarantees generous portions for 20 persons. As you can see, the larger the turkey, the more meat you'll have when the bird is cooked. There are two reasons for this: First, the larger the bird, the more meat develops in relation to the bone.

Second, a larger bird shrinks less when cooked.

Before cooking, however, it is necessary to properly defrost a frozen turkey. Here are several suggestions. 1) Thaw in original wrapper and place in refrigerator. Allow two to four days for defrosting, depending upon the weight. 2) Never thaw turkey at room temperature, for the exposed surfaces, which thaw sooner than the rest of the bird, may develop harmful bacteria. 3) Never attempt to defrost in warm water. However, frozen or partially thawed turkeys may be placed under cold running water—still in original wrapper. 4) As soon as turkeys are pliable enough to handle, remove neck, heart, liver and gizzard from the cavity. Rinse the organs with the turkey under cold running water. Pat dry.

ALTHOUGH THE organs must be cooked immediately because they spoil, the turkey itself may be refrigerated for 24 hours, if covered with foil or moisture proof paper. Never re-freeze because it reduces quality.

So with turkey priced right—right now—get out those holiday recipes and give your family a treat.

Major changes made in school bus routes

3 get church assignments

Three area people have received assignments to Mennonite Central Committee voluntary service units in California and Kenya.

Miss Miriam Stoltzfus of Elverson, Pa., who has been teaching the past two years at Rodney B. Wilson High School, has been assigned to the Tumu Tumu Girls Secondary School at Karatina, Kenya, in Africa, for the next three years.

She graduated from Eastern Mennonite College at Harrisonburg, Va., in 1964, and since then has been a teacher in St. Johns. She is a member of the Zion Mennonite Church at Beckersville, Pa. Her parents are Mr and Mrs Moses Stoltzfus of Elverson.

College in Indiana, with Mrs Smith graduating from Michigan State University in June.

Smith is a member of the Bethel Mennonite Church of Ashley; his wife belongs to the Science Ridge Mennonite Church of Sterling, Ill. Their parents are Mr and Mrs George E. Smith of St. Johns and Mr and Mrs David Ebersole of Sterling.

THE MENNONITE Central Committee is a relief and service agency for the Mennonites of Canada and the United States. Five hundred fifty men and women of all ages are serving in the organization in North America and 30 countries abroad as teachers, nurses, doctors, agriculturists, social workers and in numerous other capacities.

MR AND MRS Donald Smith of R-5, St. Johns have been assigned to the MCC voluntary service unit in Hoopa, Calif., for two years. Smith has been an employee of the Oldsmobile Division of General Motors and will do community service work at Hoopa. Mrs Smith (Janice) will serve as an elementary school teacher. Hancocks—new residents

The Denzil Hancocks of 712 N. Oakland Street, St. Johns, are all natives of south Wales except for their youngest, Robert, who was born in Lansing.

They have been in the United States for about two years now.

Mrs Hancock (June) is employed as the cook at the Clinton County infirmary and her husband has the Sinclair gas station at 3029 E. Kalamazoo Street, Lansing, where he specializes in foreign car repair.

DURING THEIR first year here they had many troubles and in most cases, Mrs Hancock said the thing they were most in need of was advice.

They came to the United States to give their children a better opportunity and during that first

year it seemed as though they might have made a mistake. They had made plans to return to Wales the February after Robert was born.

Mrs Hancock's parents, Mr and Mrs Leslie Nowell, made the trip over on the Queen Mary with the Hancocks and had become discouraged with America and had already returned to Wales.

About a month before the Hancocks were scheduled to leave for Wales, an uncle of Mrs Hancock who was in the Merchant Marines and lived in Lansing returned home from sea. He asked them to live with him in Lansing and wait a year before returning.

"AND I AM NOT sorry we

decided to wait," Mrs Hancock said.

A short time later her parents returned to the United States for a second try. They are now employed as the superintendent and matron at the Clinton County infirmary.

They came from Tonyrefail in southern Wales. Mrs Nowell, the mother of Mrs Hancock, owned a gas station there.

SOUTHERN WALES is a coal mining area and Denzil Hancock worked in the mines before he began working for Mrs Hancock's mother as an auto mechanic in the garage.

After living in the Lansing area for about 18 months, they moved to St. Johns and are living at 712 N. Oakland Street.

They came to St. Johns in July with their three children, John, who will be 8 in October, Christine 5 and Robert almost 2.

THE CHILDREN go to work with their mother every day from 6 a.m. until 1 and 4 p.m. until 6.

"I wouldn't work if I couldn't take them with me," Mrs Hancock said.

Mrs Hancock prepares the meals for the 24 residents of the infirmary.

IN COMPARING their native

MRS DENZIL HANCOCK

land with the United States, the Hancocks have found the standard of living to be better in many ways. Here they find it not at all unusual for a family to have two cars, but here they also have doctor bills.

Things such as electric can openers in Great Britain are luxuries.

They will wait several years before they apply for their citizenship papers and all become "Yanks" like Robert.

Music club weekend at Interlochen

Mrs George H. Brooks and Miss Maralyse Brooks attended the National Federation of Music Clubs Weekend at Interlochen when the executive board of the Michigan State Federation were guests.

After registration and the board meeting, a reception for guests was held at the Maddy Building. In the evening a concert was given by the scholarship winners of the National and Michigan Federation and the Reader's Digest Foundation.

THOSE WHO PLAYED were from Virginia, Delaware, Wisconsin, Georgia, Indiana, Hawaii and three from Michigan.

Another board meeting was held Saturday morning. It was followed with a luncheon at 1:15 at which Mrs Frederick Marlin of Lansing was the speaker. She is the national treasurer of the Music Clubs and Michigan representative to the national board.

Another concert was given in the afternoon by scholarship winners from Maryland, Michigan, Missouri, New Jersey, Ohio, North Dakota, Kansas, Illinois, two from New York and three from Missouri.

SATURDAY EVENING the operetta, "The Yeoman of the Guard," by Gilbert and Sullivan, with score, was presented by the High School Orchestra and the High School Operetta workshop under the direction of Kenneth Jewell.

During the Sunday morning church service, a memorial for Dr. Joseph E. Maddy was held. Later in the morning an organ recital given by three students from Ohio and Illinois were given.

On their way home Mrs Brooks and Miss Brooks spent Sunday night with Mr and Mrs James H. Whittaker, Sr., former Fowler residents. They also called on Mr and Mrs Herbert Spiane. He was a former linotype operator at the Clinton County News.

Demo candidates to offend corn roast

Mr and Mrs Warren Hall of Eaton Rapids will hold their annual corn roast Saturday, Aug. 27, beginning at about 7:30 p.m., at their home on Holloway Lane. This corn roast is celebrated as a fun night when the public is invited to eat as much corn as they can consume.

Each year the attendance at this popular event has been greater than that at the corn roast the previous year. Michigan Secretary of State James H. Hare will be the guest of honor, and many other local Democrat candidates will be present.

O-E bandsmen at MSU program

Matthew Courter, John Craig, Dan Kusenda, Juva Lea Wilkins and Don Wilson, members on the new Ovid-Elsie High School Senior Band, have returned from East Lansing where they attended the three-week Youth Music Program sponsored by Michigan State University.

Matthew is first chair baritone horn in the White Band and a member of the chorus. John is first chair in the percussion section of the Concert Band, a member of the chorus and the drummer in the "A" Stage Band. Dan is first chair oboe in the Concert Band. Juva

Lea is second chair clarinet in the Concert Band. Don is first chair 'tenor sax in the White Band. Membership in each band was determined by auditions held the first day. Each of these bandsmen receive private lessons of their major instrument. Juva Lea is taking a double major, piano and clarinet.

INCLUDED IN THE course of offerings are music theory, music literature, conducting, composition, orchestra, chorus, band, vocal sight reading, accompanying, piano techniques and sectional rehearsals.

Youth Music Students also have

the opportunity of performing on radio or TV as soloists or members of small ensembles. These musicians have many of the concert, lecture and recreational privileges and opportunities afforded regular University students. All classes are held in the immediate vicinity of the University Music Building and students are housed in University dorms.

Each of the students received financial grants from either the Elsie or Ovid Band Booster organizations.

4 at twirling, majorette clinic

Four members of the new Ovid-Elsie High School Band attended the "Thurman's College of Baton Twirling and Cheerleading Clinic" at Alma College Aug. 8-12. These clinics have been conducted on 12 college campuses for 20 years.

Drum Major Bruce Foerch and Assistant Drum Major Rick Warren included classes in drum majoring, verbal commands, whistle signals, baton signals, military strutting and fire baton in their schedule. Majorettes Sharry Seward and Cathy Robinson studied the techniques of fancy strut, twirling, corps work, contest work, ensemble work and dance and twirl.

Students attending this clinic had the choice of living on campus in the dorm or driving to classes from home.

Each bandsman received some financial assistance from either the Ovid or Elsie Band Boosters.

Wanted: for a big band sound —

If you will be enrolling in the Ovid-Elsie School system this fall for the first time; if you will be in grades 9-12; if you play a band instrument and if you would like to join the big, new Ovid-Elsie High School Band, please contact Mr. Thayer, the High School Band Director as soon as possible in person, by mail or phone (862-5102 or 834-6686).

This band will have a membership of more than 100!

Cars collide at US-27, State; driver ticketed

Pearl A. Palcsak, 46, of Waterford was ticketed by city police Sunday afternoon after she turned left in front of an auto driven by J. J. Regino Quiroz, 36, of Manistee. The two cars collided at US-27 and M-21 about 3:25 p.m. The Quiroz car was going north and Mrs. Palcsak south on US-27. Police ticketed Mrs. Palcsak for failure to yield the right-of-way.

Pedestrian record wins city award

St. Johns is announced as one of 34 Michigan communities receiving a special safety citation in the 27th annual AAA National Pedestrian Safety Program.

The citation is awarded to those cities competing in the program which record no fatalities for at least one year, according to Automobile Club of Michigan.

In addition to the no death requirement, cities must have an effective pedestrian education program.

AUTO CLUB presented St. Johns' citation to city and police officials at 10 a.m. Tuesday in the city manager's office for going four years without a pedestrian death.

Among cities in Michigan which entered the AAA Pedestrian Safety Program in 1966, 13 were cited for going a year without a pedestrian fatality; eight for two-year periods without deaths; three for three-year periods without deaths, six for four-year periods without deaths, one for a five-year period without a death, two for six-year periods without deaths, and one for an eight-year period without a death. Riverview was awarded a Pedestrian Safety Achievement award for 20 years without a pedestrian fatality.

Bicycle hits side of car; boy hurt

Eight-year-old Danny Iacovoni, son of Mr and Mrs Gordon Iacovoni of 104 N. Swegles Street, was released from Clinton Memorial Hospital Friday after overnight treatment for injuries received when his bike hit a car.

Danny reportedly rode out of a driveway in the 100 block North Swegles and hit the side of a northbound auto driven by Mrs. Rhea E. Lancaster of 204 N. Whittemore. The boy suffered cuts and bruises, according to the police report.

DeWitt hears sewer proposals

DeWITT — The DeWitt City Council will study three alternatives for a sewer line to the new DeWitt High School, alternatives suggested last Monday night by a joint committee from the board of education and the council.

The city authorized the hiring of a legal consultant to assist in making a decision. The alternatives were that the city annex the high school property, or

that a third party own the right-of-way between the school and city, or that the city and school share the cost.

The city announced it would hire another full-time man to work on streets and in the cemetery. In other action, a request from Mr and Mrs Arthur Burns for extension of Scott Street two blocks north and one block east for possible residential building was referred to the planning commission.

The council also discussed a municipal water system, but made no decisions.

Don't fight your problems—work to find a solution.

Capt. DAVID D. ANDERSON (left), son of Mr and Mrs Dale W. Anderson of R-1, St. Johns, receives the U.S. Air Force Commendation Medal at Travis AFB, Calif. Maj. Gen. George B. Dany, commander, Twenty Second Air Force, Travis, makes the presentation. (U.S. AIR FORCE PHOTO)

**Anderson gets
Air Force medal**

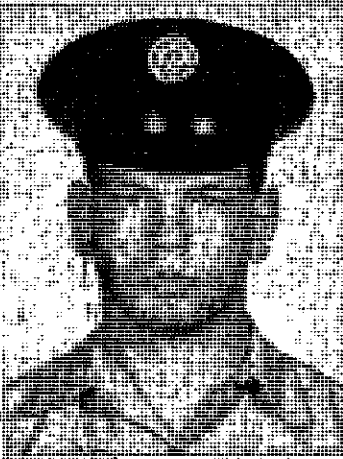

Capt. DAVID D. ANDERSON, son of Mr and Mrs Dale W. Anderson of R-1, St. Johns, has been awarded the U.S. Air Force Commendation Medal at Travis AFB, Calif.

Captain Anderson received the medal for meritorious service as aide-de-camp to the commander, Twenty Second Air Force, Travis. He was cited for his outstanding leadership and executive ability which contributed to the efficient operation of the administrative function.

HE IS A MEMBER of the Military Airlift Command which operates a global airlift system for U.S. forces employing more than 1,000 modern aircraft.

The captain is a graduate of Rodney B. Wilson High School. He received his commission in 1959 upon graduation from the U.S. Air Force Academy, where he also received his B.S. degree in general engineering.

Captain Anderson's wife, Robin, is the daughter of Mr and Mrs Robert L. Tracy of 168 N. Piedmont, Arlington, Va.

Airman WILLIAM B. NEMANIS, formerly of 201 E. Clinton Street, Ovid, has been selected for technical training at Sheppard AFB, Tex., as a U.S. Air Force aircraft maintenance specialist.

The airman recently completed basic training at Lackland AFB, Tex. His new school is part of the Air Training Command which conducts hundreds of specialized courses to provide technically trained personnel for the nation's aerospace force.

Airman Nemanis was graduated from Ovid High School in 1966.

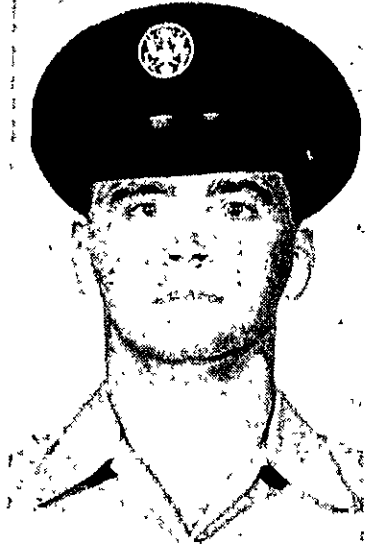

Army Pvt. LARRY VAUN GRUEBECK, 20, son of Mr and Mrs Vaun O. Gruesbeck, 9043 Hibbard Road Ovid, completed advanced infantry training, including a week of guerrilla warfare training at Fort Polk, La., Aug. 3.

During his guerrilla training, he lived under simulated Viet Nam conditions for five days, fithing off night attacks and conducting raids on "enemy" villages. He was taught methods of setting booby traps, setting ambushes, and avoiding enemy ambushes.

Other specialized training included small unit tactics, map reading, and mine warfare, communications, and firing the M-14 rifle, M40 machinegun, and 3.5-inch rocket launcher.

Seaman Recruit HAROLD G. BEHL, 21, son of Mr and Mrs Arthur W. Behl of 454 Oak Street, Maple Ridge, is undergoing nine weeks' basic training at the Naval Training Center at San Diego, Calif.

He is receiving instructions in Navy customs, courtesies and organization, ordnance and gunnery, seamanship, damage control, first aid, swimming and survival shipboard drills and sentry duty.

Airman EUGENE LIETZKE

Airman 3 C. EUGENE E. LIETZKE, son of Mr and Mrs Ezra Lietzke of R-1, DeWitt, has completed his basic Air Force training at Lackland Air Force Base at San Antonio, Tex. He was transferred to Sheppard Air Force Base near Wichita Falls, Tex., where he is completing a course in aircraft maintenance.

PVT. WILLARD CURTIS

Marine Private WILLARD E. CURTIS JR., son of Mr and Mrs Willard Curtis of 3198 S. Krepps Road, St. Johns, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

Under the supervision of veteran noncommissioned officer drill instructors, he learned small arms marksmanship, bayonet fighting, and methods of self-protection. He also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

He will now undergo four weeks of individual combat training and four weeks of basic specialist training in his military job field before being assigned to a permanent unit.

Seaman Apprentice KENNETH C. FEDEWA, USN, son of Mr and Mrs Arthur Fedewa of R-4, St. Johns, is a crew member aboard the destroyer USS Beale, which is presently deployed with Destroyer Squadron Thirty-Two in the South China Sea. The initial assignment of the Beale is to provide naval gun-

fire support to Army, Marine and South Vietnamese forces in the Republic of South Viet Nam.

P. F. C. LYLE WITT writes that he expects to start back to the States about Aug. 24. Lyle went into service Dec. 7, 1965, took his basic training at Fort Knox, Ky., followed by an eight week course at Fort Leonard Wood, Mo., in care, maintenance and driving light vehicles. Immediately after finishing the course he was sent to the Dominican Republic where they have been stationed just outside Santo Domingo with the 47th Engineering Company.

There were 2,700 automobiles in Michigan when the state highway department was created in 1905. The state now has approximately 3.5 million registered automobiles.

PVT. PERRY PATTERSON

Marine Corps Pvt. PERRY PATTERSON, son of Mr and Mrs Clinton Patterson of Elsie,

has returned to San Diego, Calif., for further Marine Corps training in radio and telegraph communication. He joined the Marines in April and completed boot training at San Diego. His current address is: Pvt. Perry Patterson 2245953 / C & E Bat., Co. B, RT-11 / MCRD / San Diego, Calif.

**County DAV plans
'Forget-Me-Not' drive**

Disabled American Veterans Chapter No. 64 of Clinton County is making final plans for its annual "Forget-Me-Not" drive, which will be held in St. Johns Friday and Saturday, Sept. 9 and 10.

All money received is used in Clinton County to aid needy wartime service-disabled veterans and their dependents.

CADET MOTZ

Army Cadet WILLIAM F. MOTZ JR., whose parents live on R-1, Ashley, participates in bayonet training at Fort Riley, Kan. He underwent six weeks Reserve Officer Training Corps summer training.

He received instruction in military skills which will qualify him for acceptance as a commissioned officer in the Army Reserves.

His training included weapons handling, leadership, small unit tactics and counter guerrilla warfare. Instruction in logistics, exercise of command and Army administrative procedures were also part of the program. The summer encampment ended Aug. 5.

Cadet Motz is a student at Michigan State University.

Airman TREMBLAY

Airman GARY L. TREMBLAY, son of Mr and Mrs C. E. Tremblay of 314 W. Clinton, Ovid, has been selected for training at Keesler AFB, Miss., as an Air Force communications specialist.

The airman, a 1966 graduate of Ovid High School, recently completed basic training at Lackland AFB, Tex.

Aviation Electronics Technician 2C EDWARD P. MICHALEX, USN, son of Mr and Mrs Steven Michalek Jr. of Oakland Street, St. Johns, is serving with Reconnaissance Attack Squadron Nine, whose homeport will soon shift to the U.S. Naval Air Station, Sanford, Fla., following an extended deployment as a unit of attack carrier Air Wing 14, embarked in the USS: Ranger.

The Ranger is a part of the U. S. Seventh Fleet in the Western Pacific.

A.S.C. DANIE L. VEJCIK, a June graduate of Bath High School, has the following new military address: A. S. C. Danie L. Vejck / AF-16879466 / CMR No. 1, Box 8247 / Chanute AFB, Ill.

Army Pfc. DOUGLAS D. ANGELL, 21, son of Mr and Mrs Bruce E. Angell, 2211 Clark Road, Bath, was assigned to the 30th Artillery Brigade on Okinawa Aug. 10.

Pvt. Angell, a gas turbine and generator repairman in Battery B, 1st Missile Battalion of the brigade's 65th Artillery, entered on active duty in November 1965 and was last stationed at Fort Belvoir, Va.

He is a 1962 graduate of Eastern High School in Lansing, and was employed by Campus Barber Shop in Traverse City.

Airman VEJCIK

Airman DANIE L. VEJCIK, whose guardians are Mr and Mrs Bernard N. Ballentine of 6684 Cutler Road, Bath, has been selected for technical training at Chanute AFB, Ill., as a U.S. Air Force aircraft maintenance specialist.

The airman recently completed basic training at Lackland AFB, Tex. His new school is part of the Air Training Command which conducts hundreds of specialized courses to provide technically trained personnel for the nation's aerospace force.

Airman Vejck was graduated from Bath High School in 1965.

Army Pvt. DAVID F. GELLER, 19, son of Mr and Mrs Stanley F. Geller, R-4, St. Johns, completed a radio relay and carrier operation course at the Army Southeastern Signal School, Fort Gordon, Ga., Aug. 5.

During the 12-week course, Pvt. Geller was trained to operate different types of field telephone, telegraph and radio relay equipment.

His wife, Bonnie, lives on R-3, St. Johns, Mich.

Marine Corp. DONALD J. SHEPARD, son of Mr and Mrs Marlie J. Shepard of Ashley, is serving as a member of the ground defense force at the Guantanamo Bay U.S. Naval Base in Cuba.

A member of the Second Battalion, Second Marine Division, he is normally home-based at Camp Lejeune, N. C. His battalion is undergoing a four-month tour at the vast naval complex.

While at Guantanamo, his unit is undergoing extensive infantry training in addition to manning defensive positions along the base's perimeter fence line.

A rather small but famous man once attended a meeting with several extra large men. When twitted about his smallness, he said — "yes, I feel like a dime in a bunch of pennies."

Don't feel sorry for the gal who comes down with a terrible coughing spell in church. Likely, she has a new hat.

WITH AN EYE TO PERFECTION

An artist takes a strip of glass with flaws and imperfections (something you and I would carelessly discard), and transforms it into stained glass of unbelievable beauty.

And God makes possible another transformation... although our souls are scarred, He can help us develop into creatures of inward beauty and usefulness.

Through Him we can learn to overcome weakness with newfound strength. We can learn to have faith because we know the anguish of despair. We can learn to love—both God and man—because we know the emptiness of living without love.

Through regular church attendance and prayer, we too, can transform our flaws and weaknesses into beauty of character and fitness of purpose.

THE CHURCH FOR ALL
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Driving Licenses Revoked in County
(As reported by Secretary of State)

Marvin Breedlove Jr., 6090 Park Lake Drive, Bath, for unsatisfactory driving record, effective through Sept. 10.

15-minute parking next to post office

The St. Johns City Commission has authorized a trial run for a new 15-minute parking time limit on the east side of Brush Street next to the post office.

The angle-parking zone along the street has previously carried a two-hour parking limit, but some cars are left on the street all day. About seven parking spaces are involved in the change area between the corner of State Street and the post-office driveway.

The 15-minute limit was requested by St. Johns Postmaster J. D. Robinson for the benefit of postal patrons. Since the no-parking ban was placed on State Street in front of the post office, patrons have had to park on Brush Street or other nearby streets.

City officials said they saw no great existing parking problem there, but the commission authorized the police chief to establish a 15-minute limit there for 90 days to see how it works out.

Thousands of ribbons awarded at 4-H Fair

Over a thousand Clinton County youths wound up a three-day adventure at the 29th annual 4-H Fair last Wednesday by taking home blue, red and white ribbons with their exhibits.

There were in excess of 3,000 exhibits that judges looked over and marked. Some 1,200 boys and girls in the county 4-H program exhibited at the fair.

F. Earl Haas, county Extension agricultural agent, said the fair was the biggest in the history of the event.

There was some rain Monday night which washed out one softball game by 4-H'ers, but other than that the weather cooperated and all the events took place on schedule.

LARGE CROWDS sat on the lawn in front of the band shell Tuesday for the vaudeville show professional acts sponsored by the Communities Chest and the Chamber of Commerce, and Wednesday night it was much the same way for the 4-H parade of floats and livestock, the style revue and talent show.

The float built by the Victor 4-H Club, with the theme "4-H Builds Youth" was judged the best of a number of good ones. Second place award for floats went to the Olive Projects 4-H Club and third place to the County Club Corners 4-H Club.

Large and small-act winners from the 4-H Talent Show performed on stage for the crowd.

IN SOFTBALL championship games Monday night, Charles Gang won the White League championship, and Victor was conceded the winner in the rained-out Green League game on the strength of a large lead at the time the game was called.

Here are the results of judging of the various events and exhibits:

Potato growers to see latest work, equipment
Michigan's commercial potato growers are growing smaller in number but have larger acreages, census reports show. Most of them will gather on Aug. 30 and 31 in Montcalm County to learn the latest in research at the Michigan Spudcultural. Demonstrations on planting management, new varieties, weed control, disease and insect control, irrigation, plant population varieties will be shown. Perhaps the largest demonstration of harvesting equipment in Michigan will be held on Tuesday, Aug. 30, on the Beus-Petersen farm near Greenville.

STORAGE AND handling demonstrations and exhibits will be shown at the Ore-Ida Foods processing plant at Greenville in the late afternoon and evening of the first day.
Activities on the second day will be on the Ferris Christensen farm between McBride and Edmore. At least six different types of irrigation equipment will be demonstrated in the afternoon.
A chicken barbecue and program is being planned for the first night by Greenville's Chamber of Commerce. Speakers will be nationally known potato growers.

STORMOR DOES MORE

"OXYGEN-FREE GRAIN STORAGE WITH STORMOR FIBERGLASS TANK"
Rugged, corrosion-resistant STORMOR Fiberglass Tanks mean efficient, low-cost storage of high moisture grain. They allow you to harvest early when feed value is high, before yields dwindle due to field losses. In addition, they do a superior job of preserving feed value of high moisture grain until the moment you're ready to feed it. Choose from eight sizes—1,000 to 7,200 bu. Come in today. Let us show you how little it costs to add the efficiency of a STORMOR Fiberglass Grain Tank to your farm. For larger sizes, ask about STORMOR Oxygen-Free Steel Tanks.

ASC PROGRAM

39 varieties of wheat 'undesirable,' USDA says

W. M. SMITH County ASC Manager

Thirty-nine varieties of wheat were designated on July 20 by the U.S. Department of Agriculture as undesirable for price support purposes under the 1967 crop wheat price support program.

All are listed as "undesirable" because of inferior milling or baking qualities, either in general or because some may be grown in areas where a variety is not compatible with other predominant varieties, such as Gaines when grown east of the Continental Divide.

ANNOUNCEMENT of undesirable varieties is being made now so farmers can plan their 1967-crop year operations. Such varieties will not be eligible for premiums and will be discounted .20 cents per bushel in the price support loan and purchase rate for 1967 crop wheat.

White varieties named undesirable for our county are: Gaines, Fiftyfold, Florence, Greeson, Rex, and Sonora. Soft red winter varieties are 'Kan Queen, Kawvale, Nured, and Seabreeze.

These varieties and exceptions were designated by USDA's Agricultural Research Service after consultation with State Agricultural Experiment Station personnel, agronomists, cereal chem-

ists, and others on state and federal staffs.

REPRESENTATIVES of crop improvement associations support this action to help improve the overall quality of U. S. wheat production.

The USDA urges farmers to seed only those varieties recommended by state Extension services on the basis of experimental station results and practical experience.

Program regulations for 1967, as in the past, will continue to require the producer to certify production of undesirable varieties based on his knowledge of the varieties seeded and harvested. Because wheat varieties are difficult to determine from threshed samples, USDA in certain instances may require additional information in support of the certification.

WHEN THE DEPARTMENT of Agriculture recently announced an increase in the 1967 wheat allotment, it was also announced that there would be no diversion program for 1967.

With the early planting season upon us, we'd like to call your attention to what this means to wheat producers. Under the 1966 program, a producer became eligible for program benefits only if he diverted an acreage representing a certain percentage

of his allotment for which no diversion payment was made.

But, in 1967, a producer can plant his entire allotment—without any diversion—and be eligible for certificates and a price-support loan.

SINCE THERE'S no diversion program for wheat for the 1967 crop, it is important for farmers with small wheat allotments who have been diverting all or a part of their wheat allotment for payment to remember that diversion payments are no longer available and no income can be derived from the wheat program in 1967 unless the crop is planted.

Further details on this and other program provisions of the 1967 wheat program are available from your ASC county committee.

On Aug. 18 we offered for sale 8,400 bushels of corn from our Elsie binsite. The lowest bid that could have been accepted on this corn was \$1.44 1/2 per bushel.

Hunting accidents in Utah dropped 71 per cent after the introduction of mandatory hunter-safety courses for licensees.

More than one million firearms are in the possession of police and allied professions for the preservation of law and order.

A covered bridge for Clinton

Lovers of covered bridges find the pickings rather slim in Michigan. The Michigan Tourist Council lists only six, five of them to the west and south of Clinton County.

The bridges have proven to be great tourist attractions, and some still serve their original purpose of providing a means of crossing a river. Those are still open to traffic; others are closed to vehicle traffic but are still used by pedestrians.

The magic of a covered bridge involves more than just historical significance. True, they represent an era of civilization that also had the horse and buggy and the flivver, and the reason many hundreds of tourists stop and photograph the covered bridges is purely historical.

Others like to visit the covered bridges purely for the scenic and photographic aspect they provide. The bridges are quaint, and often they're located in less-traveled areas that have retained the beauties that nature provides. There's always a river involved, too.

The Grand, Maple and Looking Glass rivers in Clinton County are all beautiful streams, and they flow under a number of old bridges that have served their time and will soon have to be replaced for safety's sake. The current bridge study being conducted under auspices of the Clinton County Road Commission is turning up a number of inadequacies on bridges, and the commission has been making long-range plans for a number of years regarding replacement of bridges. It would appear that now would be the time to give some consideration to even BUILDING a covered bridge. This has been done before in recent years, and only a couple of weeks ago news stories told of a community that was going to build a covered bridge.

The type of structure of a covered bridge is admittedly not the most practical in these modern days of pre-stressed

COVERED BRIDGE over the Thornapple River in the Village of Ada east of Grand Rapids.

concrete bridges. And besides the difference in construction, there's also the cost of upkeep on the walls and roof.

A new covered bridge probably wouldn't be practical from a dollars-and-cents point of view. But it would have other value, not the least of which would be as a tourist attraction in a county that has a great lack of tourist attractions.

There's also a rustic beauty and value for the local folks, too, even with a "new" covered bridge. We think there's enough value in something like this that such a proposal should not be immediately tossed aside but should be considered. We'd like to hear other opinions, voiced and written.

Incidentally, if you do have a yearning to see a covered bridge, here are the locations of Michigan's six: Langley Bridge over the St. Joseph River near Centreville in St. Joseph County; the E. M. Morris farm bridge two miles northeast of Niles in Berrien County (private bridge open by appointment only); White's Bridge across the Flat River near Smyrna in Ionia County; Fallsburg Park Bridge across the Flat River in Kent County; the Ada bridge across the Thornapple River in the village of Ada in Kent County; and the Ackley Bridge at Greenfield village at Dearborn.

Storm recalls need for CD siren system

That was a smashing good storm Clinton County went through last Monday night, but fortunately we escaped with little damage. Not so with some areas north of here, where wind took down trees and power lines.

The county was under a tornado watch most of the afternoon and evening, one of the comparatively few times this summer when the possibility of severe storms and tornadoes has arisen.

It recalled a question we asked early last spring: Why doesn't St. Johns have a working civil defense alarm system? The answer hasn't been resolved yet. The Jaycees made some inquiries during the spring and early summer and uncovered the basic problem: an argument between the county civil defense office and city hall about who is going to maintain the local CD sirens and who's going to push the button when the time for it comes.

The Jaycees plan to probe deeper into this issue by obtaining both facts and public opinion concerning the CD sirens in St. Johns. It is our hope they'll come up with something that will break the stalemate between county CD and city hall and give us an alarm system we need.

WITH OUR SUPERHIGHWAYS making travel to any part of the state quick and convenient, it seems a shame to see the oppressive tolls on the Mackinac Bridge. Even lower crossing fees would spark increased travel to the UP and bring more UP travelers into our part of the state.

Understanding your

HEALTH

By ALBERT E. HEUSTIS, MD
Director, Michigan Department of Public Health

The lure of out-of-door living gets very strong this time of year for many Michigan folks. They are packing up right now, to head out into the woods to get some welcome relief from the daily grind of earning a living. They will return home after their vacation with a fresh outlook on life - that is if they have prepared for the pitfalls of "roughing it."

Now, it's no fun to be sick, and it's especially miserable if it occurs on your vacation. So I'm going to suggest a few tips that might come in handy when you and your family are out in those beautiful woods.

NEARLY EVERY camper suffers minor cuts and bruises at times during his outing. The most important thing for you to remember about treating these cuts is to TREAT them. Even a small skinbreak can be dangerous because it can allow the entrance of disease-producing organisms. You can treat ordinary cuts with a number of effective antiseptic ointments that are generally available; however, such treatment does not always prevent the ever lurking danger of tetanus infections. So be sure your tetanus immunization is up to date at all times and especially when you leave for the woods.

Another common ailment among vacationers is digestive upset, or just plain stomach-ache. This may be caused by excitement, eating too fast, eating different foods, the change in drinking water, and erratic meal schedules. If it is severe enough you may find yourself with stomach cramps and diarrhea. Several remedial drugs are available and you should be sure to take them along on your trip. If the pain persists, see a doctor as soon as possible; it may be a case of food-borne poisoning which can be extremely serious if not treated.

I WOULD ALSO like to caution you against two plants that can make a wonderful vacation into a time of sheer torture - namely, poison ivy and poison oak. You should learn the characteristic leaf structure of both plants; if you are going to avoid them, Poison ivy and poison oak leaves both grow in clusters of three on each twig.

Poison ivy grows as a woody vine or shrub trailing along the ground, or an erect shrub. The stems look like fuzzy ropes and the leaves are either smooth or have notched edges. Poison oak grows in the form of a low shrub, and its slender branches often have a downy look. The center leaflet has an "oak-leaf" appearance, although the plant is actually a variety of poison ivy.

BOTH PLANTS cause a burning and itching sensation, followed by a rash and swelling, and sometimes blisters. If you suspect your hands or any part of your body has come in contact with either plant, wash the areas with strong soap. Leave the lather on for several minutes. If this does not prevent infection, a calamine lotion will help to ease the itching sensation. Do not use water, oily ointments or alcoholic solutions - they won't do a bit of good.

If you follow the foregoing tips, and take along a well stocked first-aid kit on your camping trip, the chances are you will spend a delightful time in the woods. And that's how it should be.

STRICTLY FRESH

Today's riddle: How do they manage to make shoe laces that never seem to break until you're in a hurry?

Weathermen can make it rain or snow - with the help of science - but no one knows the formula for a bright, summer's day.

A bank cashier had the names of 25 girls in his little black book, but was only short \$2,000 at the bank. What a cheap skate!

Today we run into too many situations where children are having problems because they began doing too many grown up acts at too early an age. Why then make the situation worse by making the same mistake?

I think our children should be pushed out of their nest when they are ready to fly, but I can't see pushing them out before they have their wings.

Get Me a Lawyer--I Want to Make an Arrest

RAMBLIN' with Rink

By LOWELL G. RINKER

Recently I have had an insatiable desire for orange-pineapple ice cream. It has always been my favorite flavor among many delicious flavors, but during the last two weeks I have found myself clutching at every minute chance to buy the stuff.

I'll eat it on a cone or in a dish. Either way the flavor is out-of-this-world and oh so cooling. This passion for ice cream during the summer is actually rather strange for me. I generally develop a taste for it during cooler weather and during the winter. When I was in high school and working part-time as a printer's devil at the Hart Journal, I would make it an every-Saturday ritual to stop at Doc Corliss' store on the way home at noon and buy an orange-pineapple ice cream cone.

I OFTEN GOT strange looks from him when I would come swirling in with the winter wind and order a double scoop ice cream cone. And I'm sure more than one person did a double take when he saw me trudging through a snowstorm knee-deep in snow eating an ice cream cone.

People are different concerning their liking of ice cream. Some like only certain flavors and not others. Some like it best when it is about as hard as a rock; on the other hand my daughter likes it best after she's played with it for half a meal and it is practically melted.

Some like it plain, and others like it with all sorts of toppings.

Some like it best after it has partially melted and then been refrozen. Some don't eat it at all but instead prefer ice milk or sherbet.

PERSONALLY, MY tastes are simple. I have a few basic flavors: vanilla, orange-pineapple, butterscotch revel and sometimes chocolate. I like my ice cream medium hard, with no topping on it. I like to eat it while sitting in my recliner chair, with the TV on and with more ice cream standing by in the freezer.

We have probably eaten more ice cream this summer than we have in a long time. It has been a delicious summer.

Several times in past months people have jumped me about not sticking to my oaths of some time ago about swearing off TV. I must admit that as a new year's resolution or what have you, that promise has fallen woefully by the wayside.

I FIND IT VERY relaxing, sometimes entertaining and most of the time enjoyable watching TV. My promise should be rephrased to state that I will watch TV faithfully only as long as it doesn't interfere with anything else I want to do.

That shouldn't nail me down too tight.

Dance combo played in 1889

This bunch of boys was photographed about 1889 by O. G. Plunkett, photographer, who had an office at 31 Clinton Avenue. The boys played at dances, parties, shows, etc., according to Mr and Mrs O. A. Wilson of 303 S. Clinton, who donated the use of the picture in this series. MICHIGAN MIRROR

Restoration of revoked drivers' licenses is high

Can some traffic deaths be blamed on the state's circuit courts? A check of last year's records makes this a pertinent question.

Under Michigan law a driver with a series of violations within a certain time can be called in for re-examination by the secretary of state's office. If facts warrant it in the view of these examiners, the driver's license can be suspended or revoked.

THE MOTORIST can appeal to a regular appeal board. If he is not satisfied with the result, he has the right to appeal to the circuit court.

During the first five months of 1966, nearly 11,000 drivers who had their licenses suspended or revoked by the driver improvement section took their cases to appeal boards. About 4,400 were not successful in regaining the privilege to drive

legally. But the boards restored the right to drive in 51.8 per cent of the cases.

Some 71 per cent of those who appealed to circuit judges last year were successful in regaining their licenses. (Records for 1966 are not yet available.)

THIS MEANS that circuit judges have considered evidence against drivers who have been ticketed frequently and which has been reviewed by a body which specializes in such considerations. Then, in nearly three-fourths of the cases, the judges restored the driving privilege.

It also means that something is wrong either with the arresting and reviewing procedure or that circuit judges have been very lenient.

The public has an interest, and it isn't watching out very well for itself. Mr. Citizen should ask himself: How safe are our roads if more than half the drivers with records bad enough to warrant suspension or revocation can have the privilege of driving restored?

Because auto insurance rates are concerned with the kind of drivers on the road, statistics cited here can be considered one of the several factors influencing higher rates.

But if the "average" man does not care about the quality of drivers enough to make a fuss about it, it is hard to see how the situation will be improved.

TIGHT LABOR supply dictates changes to attract the help that is needed, the State Civil Service Commission has learned.

An increase in available jobs and a boost in personnel turnover

have coupled with the generally good national economic situation to make placement difficult in many areas.

The problem continues to exist despite a generous pay boost averaging six per cent and a pay-for-overtime policy recently adopted for civil servants. These have helped relieve some of the personnel problems, however.

FACING THE NEED to attract more people to state job vacancies, the Civil Service Department has taken several steps of a semi-temporary nature.

Direct recruiting in high schools and colleges has been sharply increased. Citizenship and other minimum requirements have been waived in some job classifications.

Another change has been the almost unheard-of hiring of people at above the minimum rate in certain job classes where severe shortages of personnel existed.

STILL ANOTHER effort aimed at getting more applicants for state jobs was the opening in Lansing of a recruiting office half-days on Saturday. By this change, the department hopes to reach people who would not be inclined to take time off from present jobs, but might be seeking new employment on their off-day.

It will be some time before the trial of Saturday hours shows results, if any.

Ultimate hope is that this and other measures will enable the department to fill its critical vacancy areas, such as male attendant nurses, institution workers, supervisors and house-mothers at the boys' and girls' training schools, and correction officers at Jackson Prison.

Demo delegates were busy at state convention

Clinton County's delegates were among those conducting business at the Democratic State Convention in Grand Rapids last weekend. Joe R. and Mary C. Kurka of Ovid, Josephine Smith, James and Ruth Pino of Laingsburg and Leroy and Gladys Vincent of Elsie attended as delegates from the Third District.

James Pino worked on the pre-platform committee and represented the Third District as a member of the committee on organization and order of business at the convention.

LEROY VINCENT, county Democratic chairman, said the outstanding event at the state convention was the ovation given by Jerome Cavanagh when he pledged his full support to G. Mennen Williams for U. S. senator.

Joe Kurka Jr., Democratic candidate for state senator from Clinton County, attended the convention as did Joe Hanus and Sanford Volker, Democratic candidates for state representatives; the later two were delegates to the convention from their counties.

Democratic candidates on this November's ballots include these at the state level, as nominated at the state convention: governor and lieutenant governor, Zolton Ferency and John B. Bruff; secretary of state, incumbent James M. Hare; attorney general, incumbent Frank J. Kelley; U.S. senator, G. Mennen Williams; University of Michigan Board of Regents, John J. Collins and incumbent Irene L. Murphy; Michigan State University Board of Trustees, incumbents Warren M. Huff and Nathan G. Conyers; Wayne State University Board of Governors, Jean McKee and Leslie R. Schmier; State Board of Education, incumbents Donald M. D. Thurber and Dr. Leon S. Fild.

Entertainment plus!

By WARREN E. DOBSON

We have done some entertainin'
In the past, grandma and me,
With results in a mixed pattern,
We must candidly agree;
But for bony-fide reaction,
Few removed from farm or mold,
We could recommend the grandson,
Who is all of seven years old!

If you've feared being guest conscious
When an extra one appears,
Just you house a healthy youngster
Of about those tender years;
There's no-time or room for boredom—
Never wonder what to do,
Rest assured he will take over,
And be entertainin' you!

Chances are you're somewhat rusty,
On some pages of your past,
And you stall before you answer
All the questions you are asked;
Long before the day is ended,
You are sure the little clown
Has perpetual motion conquered—
And he never will run down.

Quite a jump from seven to seventy—
And he keeps me jumpin' too,
As I try in vain to follow
All the things he wants to do;
One thing we still have in common
Is capacity to dream,
But I do my dreamin' minus
His high-powered head of steam!

COUNTRY FLAVOR

Fiddling of the cricket brings year near autumn

HAYDN PEARSON

There are differing opinions concerning the friendly little cricket. Along in August the fiddling begins in earnest as males rub their wings together. A file on one wing rubs against the scraper on the other. We say the crickets chirp, but technically it is stridulation. On the 2,000 known species, the one we commonly hear is the blackfield cricket.

The countryman enjoys the cheerful chirping. On a coolish evening toward the end of the month when the chirps begin in his study, he welcomes the visitor although the women folks are not in favor. Dickens' "Cricket on the Hearth" strikes a responsive chord in a man. The optimistic little insect bespeaks home and comfort. The English have long thought that a cricket in the house is a sign of good luck.

SINCE ANCIENT DAYS the Chinese have staged cricket fights, and records of celebrated cricket fighters have been kept as meticulously as the records

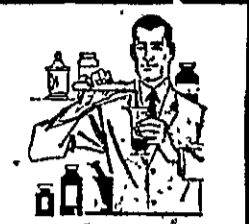

of famous horses. Men have made reputations as breeders and trainers. In both Japan and China crickets are kept in cages as household pets.

If you are so inclined, you can use the chirpers as thermometers. Count the number of chirps in 14 seconds, add 40, and you will have the correct temperature. That is what some authorities say, although the country-

man's crickets do not seem to conform. It is only the male that chirps, but now as summer is wearing on the little black fellows sound off. Perhaps we can call him a chirpometer if he is trying to tell us the temperature. All we know for certain is that on August evening, when he fiddles from behind the sofa or beneath the bookcase, year is nearing autumn.

The "Low Down"
From the Congressional Record

By Joe Crump

College draft deferments defended

Rep. Robert L. F. Sikes (Fla.) . . . "Lt. Gen. Lewis B. Hershey, long-time director of the Selective Service System . . . has expressed himself in . . . an article entitled "Viewpoints on Fairness" . . . I request that it be reprinted in the Record." (The condensed article follows):

A democratic society can only be of value to its members if it survives. If it fails to survive, that certainly would be unfair to all its citizens.

Because democratic societies must be maintained, many things must be done by the citizens. These things constitute duties. Age, sex, health, and capacities, all are factors as to whether some citizens can perform certain duties of citizenship at a given time, or if they ever can.

THE AGED HAS been cared for because of what they have contributed to their offspring and to society in general. Children are protected for what they may do in the future. The males have, through the ages, generally gone forth, especially the younger ones, to keep the enemy from the homes where the women guarded and cared for the children.

Society has given preferences of many kinds to veterans to try to redress this over-giving of the serviceman. Many times the individual veteran believes his reward unfair because it was too small. At the same time the non-veteran believed it unfair because it gave too much.

THERE ARE MANY times when an enlisted man feels he is discriminated against by officers even though he would not want to assume the responsibilities that an officer carries.

Everywhere in life, individuals feel that life has been unfair to them when they compare what they have with what some other person has. There is no question that individuals vary more widely in their talents than they do in their desires.

Certainly the fit can believe he is discriminated against because he must serve, and those who are not permitted to serve can rightly contend they are being unfairly treated because they are not permitted to serve.

SOCIETY, in general, and the support of the armed forces, in particular, require a wide-range of specialists. The numbers of the specialists at any one time

depend on the foresight used in training these individuals during the 10 or 15 years before the need. The reason for college students' deferment lies in this need.

Students are deferred because a college graduate is considered to be a more valuable citizen to his nation. His capacities should be developed to a degree that permits him to do much more than a high school graduate. If this is not true there are tragic mistakes being made around campuses by representatives of corporations bidding for the services of these young men.

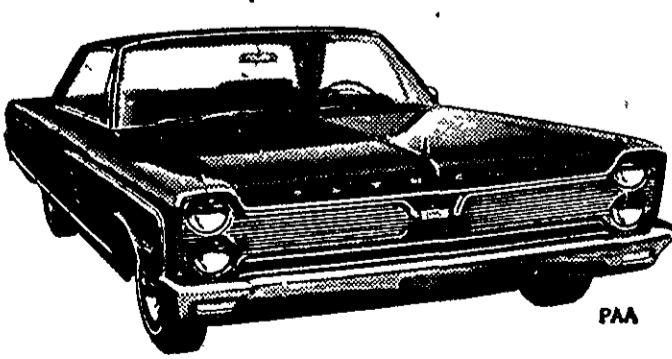

A GRASSROOTS COMMENT

In peace time every effort should be made to encourage citizens to further their education. The end result might be a corporation bidding for the services of these young men.

In a shooting war, however, when friends and neighbors are being killed, many people are of the opinion that to continue peace time selective service regulations is to show discrimination. The G I bill was passed to en-

13-year-old kept diary of trip

ELSIE—Debbie Fett, 13-year-old daughter of Mr and Mrs Gilbert Fett of rural Elsie, kept a diary during a month-long camping vacation with her family. Here are a few highlights gleaned from her day-by-day travel record.

First, they were impressed by Lincoln's Tomb and his home where he lived with Mary Todd Lincoln in Springfield, Ill. In St. Louis, Mo., they stopped at the Steel Arch which represents the "Gateway to the West" but were unable to go up into the arch as it wasn't yet open to the public.

After a night at the Lake of the Ozarks, they saw the Will Rogers Memorial in Claremore, Okla. They found it interesting to watch the jets landing and taking off from the large Air Force Base at Amarillo, Texas.

A three and one half mile walk down into the Carlsbad Caverns in New Mexico didn't seem long until they had to climb an 80-foot hill. They had lunch 750 feet underground but came back up by an elevator.

SHOPPING IN Mexico was of special interest as they toured two glass factories and saw many beautiful glasses, vases and bowls made. Returning to the United States they visited Tombstone, Arizona with its several museums, OK Corral and Boot Hill Cemetery.

A scenic trip through Oak Creek Canyon brought them to the Grand Canyon in the evening where it was raining but they were fortunate to see a beautiful rainbow over the Canyon.

The next day they drove through Zion National Park, Las Vegas to Hoover Dam in Nevada, which was a thrill to the entire family as they went down into the structure.

FROM THERE they drove into California where they spent several days. They were at the doors of Disneyland when they opened in the morning. As Debbie wrote "It was just fabulous. We walked for 12 hours and saw everything."

They all agreed after seeing the many attractions at Disneyland that "Great Moments with Mr Lincoln" was the outstanding experience. After an autobiography of Lincoln, they were seated in a large room and as velvet drapes opened, Lincoln was seen sitting in a chair.

Debbie wrote: "All of a sudden he stands up and starts to talk about the meaning of liberty. He looks so real, moves his head, hands and also his eyes and lips. It's like you've really been talking to him personally in the 1860's."

THAT NIGHT they saw the fireworks display before leaving Disneyland. The next morning they went to Knott's Berry Farm before going to San Diego to meet former classmates of the parents. The Fetts were guests of their friends at supper in Mexico that evening.

The Fetts returned to Los Angeles and saw Marineland and the Wax Museum. They drove through Sequoia National Park before reaching San Francisco and crossed the Golden Gate bridge.

Another point of interest was the beautiful Crater Lake in Oregon and then a stopover at Paul Bunyan Amusement Park in Minnesota.

Mrs Minarik gets IMA scholarship

Mrs Arnold J. (Dolores) Minarik has been selected to receive an I.M.A. Scholarship for the Flint College of the University of Michigan. Her selection is an honor beyond the monetary value of the award as it is a recognition of her scholastic achievement.

These scholarships are awarded on the basis of academic performance, record of good citizenship, participation and leadership in school and community activities and potential for success in a four-year Flint College program of study.

Preference is given to those who show the greatest promise of success in future college and community activities, and appear to have the greatest potential for effective citizenship throughout life.

Mrs Minarik is the former Dolores Hinkley, daughter of Mr and Mrs Loyal Hinkley, of Elsie. She is a graduate of Elsie High School, attended Central Michigan two years and Flint College the past year.

Debbie closed her trip memoirs with "We reached home at last and had a wonderful time—but there's no place like home," she added.

Mr and Mrs Oliver Darling and Mrs Agnes Korlenek were in Decatur, Ind., last week to attend a Hardware and Houseware Show. Darlings will soon be displaying some new and beautiful items.

Mr and Mrs Gilbert Stiff of Clearwater, Fla., Mrs Floyd Melsner and Dawn of Burt, Mrs Alton Howard, Rosella and Regene and Mrs Lewis Walling were Sunday guests of Mr and Mrs R.C. Conklin. Mr Stiff is Mrs Conklin's brother.

Mrs Lawrence Peterson underwent major surgery Tuesday morning at the Clinton Memorial Hospital. She will be confined there for ten days.
