Small turnout approves St Johns sewer vote

ST JOHNS—A surge of apathy by St Johns voters Tuesday accounted for

16% of the qualified voters of the city approving nearly \$6 million to be spent for expanding sanitary and storm sewer services in the city.

An estimated amount of \$4,510,000 was approved by voters to update the sanitary sewer system. A total of 75% is to be financed with a federal grant with another \$225,500 coming from a state grant.

Local funding for the sanitary sewer work will be \$902,000 or 20% of the project.

Total cost of the storm sewer project is \$1,449,900 to be financed locally.

To the property owner it will cost approximately 4.42 mills over a 30-year period. The 4.42 mills is a maximum the

City Commission said they would assess to finance the projects. A total of 367 voters voted in favor of the sanitary sewer proposal with 221 voting against the proposal.

Approving the storm sewer proposal were 338 voters with 245 casting "no" votes.

Precinct 1 approved the sanitary sewer proposal (A) 89-57 and the storm sewer proposal (B) 79-69.

Proposal A passed in the 2nd precinct 44-35 with B passing 45-34. The 3rd precinct voted in favor of A

70-39 with B passing by a 69-39 margin. Eighty-seven voted yes for A in precinct 4 A with "no" votes totaling 45. B passed in the precinct by an 80-54 margin.

In the 5th precinct 70 voted in favor of A with 42 opposing the proposition. A close 59-51 margin approved Proposal B.

A total of 10 absentee voter ballots were cast with 7 in favor of A with 3 against and 6 in favor of B with 4 voting "no".

Jaycettes fight cystic fibrosis

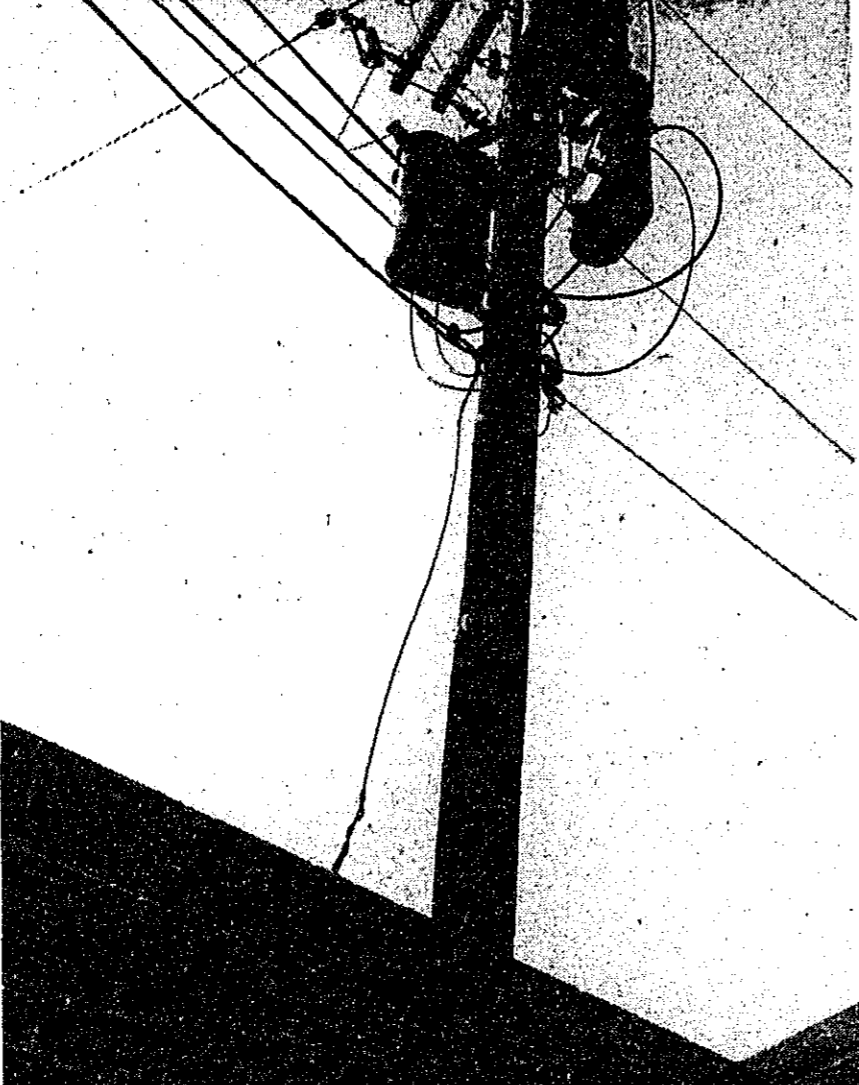

ST JOHNS—The St Johns Jaycettes will be conducting a door-to-door campaign Sept 20 to raise funds to combat cystic fibrosis.

The Thursday evening campaign will be from 6:30 to 8:30 pm. Self-addressed envelopes will be left for those not at home who wish to make donations.

Fowler seeking marchers

FOWLER — The Fowler Jaycee Auxiliary is seeking volunteer marchers to conduct a campaign to raise funds to fight Cystic Fibrosis.

Those wishing to volunteer for the walk to be held next week are asked to call Karen Love 593-2577 or Joanne McNamara 593-2154.

Consumers Power was a bit late and this new addition to DeWitt High School grew up around the power lines and pole. The matter will be taken care of and students will not have the possibility of hiding from the teacher behind the pole.

DeWitt Twp fires Angell

DEWITT TWP—Monday night's DeWitt Township Board meeting began with much vocal clamor from residents crowded into the township's small meeting room, and later developed into something resembling a lynching party. At approximately 9:15 pm Police Chief Bruce Angell was fired.

Rumors flying around the township regarding possible dismissal of Angell apparently were responsible for the unusually large number of residents present at the meeting. Trustee Eileen Corr, a member of the township's police committee, started the action when she briskly moved that the police resolution be passed.

Angell then stood up and told the board he wanted the resolution read aloud for the public to hear. The resolution called for termination of Angell's employment, without stating any reasons.

Members of the audience reacted with statements such as, "He's the only man who ever stuck up for us," and threats of recall of 4 board members.

Benita Palmateer, an especially vocal resident, declared that she was "going to get up petitions," and told members of the audience, "You'd better believe we'll get rid of them."

The resolution was passed 6-1 by the board, Treasurer Oliver Angell voicing the only "nay" vote.

Demands for the reason for Angell's dismissal went unanswered by the board. Supervisor Dale Emerson said he had "no intention of speaking to the press at any time" regarding the matter.

However, in a televised interview, Emerson described the situation as an administrative problem with the township, but said the board did not wish to go into detail.

Emerson was asked if the firing had anything to do with the reported investigation by Angell into the business dealings of board members. Emerson answered, "Not that I'm aware of."

Angell told the audience that he had been asked to resign by the board in an executive session 2 weeks earlier, and

had turned down their request. He said he had been told the reason for the board's action was because he had "bad-mouthed" the board and was hurting their public image.

Angell twice requested a public hearing, but his request was not answered.

"I want the opportunity for a public hearing," he stated. "I'm not afraid to have everything brought out."

Angell told the audience the board's reasons were political. He further stated that some of the police department's officers say he stole township funds, and that he wants the people to know the truth.

He also said he had talked 2 officers, Jeff Wilcox acting police chief, and Wayne Wilcox, out of resignation since he felt the department "could be a decent place to work."

Angell further accused the board of collusion.

Following the action, Angell told the County News he felt the meeting showed there were "no charges of criminal action or wrongdoing," but reiterated his stand that he had been unfairly treated by the board. He said he would be consulting his attorney on Tuesday regarding the status of vacation, holiday, retirement and severance pay he felt was owed him. Angell was with the department for "8 years and 2 days."

In a statement, he said he had "enjoyed to a certain degree" his time with the police department, and further stated that he was "shocked at a couple (board) members, for sure."

"I feel these actions are politically motivated, to a certain degree," he declared.

Circuit judge hits rustlers in pocketbook

ST JOHNS—Keith Louis Mayers and Lyle Riley Mayers, both of whom earlier entered pleas of guilty to larceny of cattle, were sentenced to 3 years probation with some time to be served in jail and assessed stiff fines by Circuit Court Judge Leo Corkin Monday afternoon.

Both were arrested by the Clinton County Sheriff's Dept following an investigation into the theft of several cattle from area farmers.

Prior to announcing the sentence, Judge Corkin said, "I'm not sure prison will do you any good because I assume you stole the cattle for money."

Judge Corkin then said both were fined \$2000 each and assessed court costs of \$200 each.

In addition, the 2 brothers must make restitution in the amount of approximately \$3200. Each brother is to pay half of the restitution.

A jail sentence was delayed until Oct 15 with the explanation by Judge Corkin that the brothers "can't raise the money while in jail."

If the total amount of the fines, costs and restitution is paid by the Oct 15 deadline, the 2 will serve 90 days in jail. If they fail to pay the total amount, they will be ordered to serve 6 months in jail.

Both will also have to pay \$10 a month for oversight on probation during their 3-year probationary period.

City clerk accepts Swartz Creek position

ST JOHNS—Tom Hundley, St Johns city clerk for the past 5 years, has resigned to accept the position of city manager of the city of Swartz Creek.

Hundley came to St Johns from Alma where he served in the assessing department and later as deputy city treasurer.

Two admit 12 county break-ins

ST JOHNS—Clinton County Sheriff's Dept officials said Tuesday that 2 Lansing men are being held in the Livingston County Jail for breaking and entering and have confessed to 12 of the offenses in Clinton County.

Michael Young and Dennis Walters,

both of 3208 N Turner, Lansing, admitted to breaking into 3 homes in Victor Twp, 1 in Riley Twp, 3 in Bingham Twp, 1 in Olive, 2 in Westphalia Twp, 1 in Duplain and another in Ovid Twp.

Total estimated value of the merchandise they admitted taken was set at \$7200.

Police said the two told them they stole the items and later sold them in Lansing area bars to support drug habits.

DeWitt school negotiations hit contract snag

DEWITT — The Western Eight Coordinating Council (WRCC) of the Michigan Education Association announced Tuesday they would seek injunctive relief against James Ritchie, DeWitt school superintendent, and the DeWitt Board of Education.

The action is the 1st time an MEA organization has asked for this type of injunction in Michigan.

If the injunction is granted, the teachers will be working under all provisions of last year's contract.

As of Tuesday, the teachers were working under 5 provisions of the 1972 contract. They learned they were not

working under a complete contract through a letter written to the negotiating team by Ritchie.

Howie Ward, executive director of WECC serving 13 school districts, said, "Teachers in DeWitt have indicated that they might just as well strike if this is the way the school board intends to

reward them for going back to work. That is to say, to expect them to work with a partial contract.

"I personally feel we may head off a strike through injunctive relief, providing no more vindictive actions are taken by the board."

DeWitt Twp to discuss future land use plan

DEWITT TWP -- A public hearing will be held Sept 18 at 7:30 pm to present the proposed DeWitt Township Future Land Use Plan to the public for comment. The

meeting will be held at the DeWitt Township Hall, 780 E. Wieland Road.

A news release from the Tri-County Regional Planning Commission

stated: "Growth is a continually operating factor in the Metropolitan Lansing Area. Freeways are constructed, shopping centers built, subdivisions spring up, industries are located and expanded, and people increasingly cross jurisdictional boundaries which all adds up to an area in flux. With or without plans areawide growth will continue."

The Comprehensive Development Plan contains eight land use categories: low, medium, and high density residential, commercial, industrial, institutional, park and open space, and agricultural.

mapped, community facilities were investigated to determine capacity levels, and the transportation network was analyzed.

possible airport expansion, water and waste water systems, existing development and political boundaries. After all the perimeters were established, a plan concept was derived to focus on future Township development. Formulating a development plan involves meshing together all of these interrelationships.

Bath's sewer: on again

BATH -- The Clinton County Board of Commissioners threw their official support behind Bath Township's proposed sewer project last week by unanimously voting to give the township their "good faith" support.

limiting a township's indebtedness to 10% of its assessed valuation. A new law was passed July 31, waiving limits in cases of public health problems.

Bath's township attorney, Patrick Berardo, anticipates dismissal of an injunction which stopped the project last February, claiming the project was too expensive since it violated a ruling

If the project proceeds, the hookup fee per family will remain at \$2000. Monthly charges would amount to \$9.75 toward debt retirement and \$3 for sewage treatment.

The county commissioners previously pledged their "good faith" in December of 1972.

"What would DeWitt Township look like after 20 years of uncoordinated growth? Predictable trends indicate that more land would be consumed in patterns that scatter people, services, and jobs. Valuable agricultural lands would be converted to urban uses. Public services would not be readily accessible and their costs would be high. Commercial and residential strip development would abut major thoroughfares making many sections of land unusable."

"What has to be decided is how DeWitt Township should grow. The DeWitt Township Planning Commission has been working with the Tri-County Regional Planning Commission since March, 1972 on formulating policies to guide future development in an economical and logical manner."

Land use policies are statements that provide the means to achieve balanced land use and economical services. Because they serve as guides for public and private decisions, they are the basis for formulating the plan. The DeWitt Township Planning Commission has developed a series of policies for each major land use activity.

Many factors have to be investigated to distribute the classifications. During the planning program population trends were analyzed and projected, existing land use was

Elaine Cincala leaves County Extension Post

Elaine Cincala, Extension Home Economist in Clinton County for the past year and a half has resigned, effective this week.

Mrs. Cincala's husband, George, is a recent graduate of Michigan State University and has accepted a city planning position in their home community of Pittsburgh, Pa.

Before coming to Clinton County, Elaine taught home economics in the high school at Monaco, Pennsylvania.

While in St. Johns she headed the Family Living Program in Clinton County and worked closely with agents in Gratiot and Shiawassee county in developing

ELAINE CINCALA

home and family living problems.

She had a weekly radio program and her own newspaper column. She also participated in an area experimental program that took family living education to the patients at the Ionia State Hospital.

This past summer she worked closely with migrant education in helping with migrant family problems.

Commenting on her leaving newly appointed County Extension Director, Jim Pelham commented, "I haven't known Elaine very long, but have been much impressed with her work, her philosophy and her approach to Extension problems. I am disappointed she is leaving, but fully understand she and George must go where job opportunities are best for him. We wish them every success in their return to Pittsburgh."

an effective area program. There are 200 women enrolled in 13 Clinton county Family Living groups and Mrs. Cincala worked with countless others in meeting

Janet Scott, St. Johns Jaycettes president, and Diana Woodbury, Crown for a Better America project chairman, display the posters and canisters to be used in the project to raise funds for Kidney Foundation of Michigan. St. Johns Jaycettes, as well as Jaycette organizations throughout Michigan, will be raising funds by Collecting Royal Crown Cola and Diet-Rite Cola caps with special liners. Those with special liners are then turned into the company for a cash donation. The campaign will continue through Dec 31 and more information about the campaign will be published in next week's County News.

Time nears for punt, pass and kick

ST. JOHNS -- Local youngsters, will be "dusting off" their footballs and loosening up their throwing arms soon for the 1973 Punt, Pass & Kick competition.

This year the local level of PP&K will be co-sponsored by the St. Johns Jaycees in conjunction with Egan Ford Sales Inc.

Nationally PP&K, now in its 13th year, is co-sponsored by the National Football League and the Ford Dealers of America. Since it was started in 1961, the program has attracted more than 9,350,000 youngsters -- and participation this year is expected to top the 1,200,000 mark.

Participants in the Punt, Pass & Kick program compete only against others their own age. Any youngster eight through 13 years of age, accompanied by a parent or guardian, may register to compete in PP&K at any participating Ford Dealer. There is no entrance fee and no body contact during competition. No special equipment is needed and participation does not impair a youngster's amateur standing.

Scoring is based on accuracy and range with one point added for every foot of punting, passing and kicking distance, and a point subtracted for every foot off a center line.

Twelve national finalists will compete for the National championships in their age group during the halftime of

the Super Bowl Game in Houston, Texas January 13, 1974. Winners will have their names permanently enshrined in the Pro Football Hall of Fame in Canton, Ohio. Their trophies will be presented by Football Commissioner Pete Rozelle.

Barbara Rensch bride of Charles Walker

FENTON -- Barbara Anne Rensch and Charles William Walker were united in marriage Aug 25 at St. John's Catholic Church. The Rev Fr John Hayes performed the double ring ceremony before the altar graced with two bouquets of large white mums.

Parents of the couple are Mr and Mrs Walter H Rensch, 11578 Orchardview

Dr. Fenton and Mr and Mrs Charles R Walker, 7711 Colony Rd, Elsie.

The wedding mass was enhanced by organ music played by David Popovitz.

The bride selected a silk organza gown trimmed with Venice lace featuring a high neckline, Renaissance sleeves and chapel train. Her fingertip veil was held in place by a headpiece

trimmed in Venice lace, and she carried a bouquet of white daisies, pink rosebuds and baby's breath.

Suzanne Rensch was her sister's maid of honor. Mary Kathryn Rensch, also a sister of the bride, was flower girl. They were attired in white voile gowns floored with pink daisies. Each wore a pink velvet bow headpiece with pink-centered daisies attached to

the ends of streamers and carried a white basket containing pink and white daisies.

The bride's mother designed her street length dress of lime double knit lace. The groom's mother wore a turquoise double knit street length dress. Each had a corsage of 2 white cymbidium orchids.

Robert Maron, a friend of the groom, served as best

man, Dennis Long, friend of the groom, and Joseph Rensch, cousin of the bride, seated the couple's 150 guests.

A reception was held at the Fenton VFW Hall, catered by the ladies of the VFW.

The couple returned home Sept 4 following a honeymoon at Niagara Falls, and a tour through New York and Pennsylvania. They are residing at 603 S Oak St, Durand.

The bride, a 1970 graduate of Fenton High School, attended the University of Michigan in Flint, and is presently employed there. Her husband, a 1970 graduate of Ovid-Elsie High School, is currently attending Lansing Community College.

50th anniversary

An open house honoring the 50th wedding anniversary of Mr and Mrs Richard Rossow will be held Sunday, Sept 16 from 2-5 pm at their home, 6340 W Jason Rd, St. Johns. Hosts will be their daughter and son-in-law, Lillian and Robert Law. The family requests no gifts.

Karla Austin weds Theodore Cartwright

ST. JOHNS -- Karla Jean Austin, daughter of Mr and Mrs Leon Austin, Route 6, became the bride of Theodore Lee Cartwright, 209 Park St, St Johns, in a double ring ceremony July 28 at First Congregational Church. The groom's parents are Mr and Mrs Robert Cartwright of Monrovia, Calif.

The Rev Averill Carson officiated before an altar decorated with sprays of rainbow colored gladiolas. Mrs Francis Diebert provided organ music. The bridal gown featured a

fitted lace bodice with long lace sleeves and ruffles threaded with a light blue ribbon. Her veil had a long train border with lace, and a crown of lace was threaded with light blue ribbon matching her gown. She carried a bouquet of pastel carnations and rosebuds accented with baby's breath and white streamers.

Linda Gilson of St Johns was her sister's matron of honor. Her other attendants included Diana Whitmore of DeWitt; Sharon Maxwell, Davison; and Teri Bentley, DeWitt. All wore identical

gowns of blue, pink, green and yellow taffeta, respectively, trimmed in white lace. Wide brimmed hats with long pastel ribbon matched their gowns, and each carried a bouquet of rainbow colored carnations and rosebuds with matching streamers.

Barbara Jo Koschmider of Cadillac, cousin of the bride, was flower girl. She was dressed in lilac, and carried a basket of orchid colored rosebuds with matchint streamers.

Mrs Austin selected an orchid knit A-line gown for her daughter's wedding, and had a corsage of matching color rosebuds. The groom's mother wore a light blue taffeta gown and had a pink rosebud corsage.

Thomas Bentley served as best man. Daryl Peck, Duane Maxwell and Robert Cartwright were groomsmen. Jim Lynch and Robert Cartwright seated the guests.

A reception was held immediately following the ceremony in the church parlors for the couple's 250 guests. Mr and Mrs Edward Moore were host and hostess. Assisting were Marge Suchek, Paula Pettigrew, Chris Johnson, Lois Epkey and Pat Cartwright.

Special guests present included Mr and Mrs George Snater of St Johns, and Mr and Mrs James Mortensen of Laurel, Md.

Following a honeymoon at Niagara Falls and Peoria, Ill, the newlyweds are residing at 209-1/2 Park St, St Johns.

The bride is a 1972 graduate of St Johns High School. Her husband is a 1972 graduate of Monrovia High School, Monrovia, Calif.

MR & MRS THEODORE CARTWRIGHT

MRS RICHARD KEILEN

Newlyweds visit Grand Canyon

FOWLER -- Most Holy Trinity Church provided the setting for the Sept 8 wedding uniting Joanne M Pohl, daughter of Mr and Mrs Linus J Pohl, Route 2, Fowler, and Richard James Keilen, son of Mr and Mrs Leon Keilen, Route 1, Pewamo. The Rev Fr William Koenigsnecht, uncle of the groom, performed the double ring ceremony before the altar decorated with orange, white and yellow gladiolas.

The bride selected a Victorian style gown of sata pea'u featuring Renaissance sleeves and bib decorated with chantilly lace. Rhinestones adorned the edge of the gown's sleeves and Camelot headpiece, which secured her chapel length veil. She carried a white orchid surrounded by orange roses and stephanotis.

Janice Ferguson of Okemos served as her sister's matron of honor. Mrs Steve Feldpausch of Perry, and Judy Keilen of Pewamo, sister of the groom, were her other attendants. They were attired in floor length flowered orange on white voile gowns with bishop sleeves and high necklines. Each had a cluster of flowers in her hair and carried a bouquet of orange roses with yellow and bronze mums.

Mrs Pohl chose a rose pink gown and had a corsage of pink roses and stephanotis for her daughter's wedding. The mother of the groom wore a beige dress with an orange rose and stephanotis corsage.

John Pohl, twin brother of the bride, was best man. Ken Keilen and Dave Keilen served as groomsmen, while Larry Keilen and Don Werner seated the guests. Dale Keilen and Steve Schaefer carried the rings.

A reception was held later in the afternoon at St Mary's Hall in Westphalia for the couple's 400 guests. Waitresses at the bridal table were Mary Lou Fox and Beth Fox, Joy Weber and Cathy Chorley cut the cake.

Special guests included Mrs Rose Pohl grandmother of the bride; and Mr and Mrs Walter Keilen, grandparents of the groom.

Following a 2-week wedding trip to Colorado, the Grand Canyon and western states, the newlyweds will reside at Route 2, Maynard Rd, Portland.

The bride is a 1972 graduate of Fowler High School. Her husband graduated from Pewamo-Westphalia High School in 1971.

Linda Cole, Gregory George wed Aug 3

ST. JOHNS -- United Methodist Church provided the setting for the Aug 3 wedding uniting Linda L. Cole, daughter of Mr and Mrs Robert W Cole, 402 S Emmons St, and Gregory M George, son of Mr and Mrs Albert E George, 103 S Scott Rd, St Johns. The Rev Francis Johannides performed the double ring ceremony before the altar graced with pink gladiolas and white daisies. Barbara Davis played piano arrangement.

The bride made her gown, a floor length empire waisted gown in white with blue flowers. She carried a bouquet of pink roses with a white carnation corsage. The bride also made the groom's navy blue suit.

Beverly Wing of St Johns was the bride's only attendant. She wore a light blue street length dress, and had a corsage of pink roses and a white carnation.

Mrs George White chose a white dress with navy blue trim, while the groom's mother wore a floor length green gown. Each had a corsage of baby pink roses with small carnations.

Gene Burgess of St Johns served as best man.

A reception for the couple's 125 guests was held at the bride's parents' home

in the evening. Assisting were Joyce Bushre, Pat Cole, Phyllis Rhyndard and Jean Dilts, aunts of the bride; Kathy Rhyndard and Kris Klette, cousins of the bride.

For a wedding trip to Lake George, the new Mrs George wore a pink pant suit. The newlyweds are residing at 311 Wight St, Apt 3, St Johns.

The bride is a 1973 graduate of St Johns High School. Her husband also graduated from St Johns High School, in 1972, and is employed by Federal Mogul.

DNR warns: Don't shoot hawks, owls or eagles

LANSING -- Before drawing a bead on that hawk, owl or eagle, consider the trouble that shooting one of these birds can bring you, caution Department of Natural Resources law enforcement officials, who note that a 1972 treaty between the United States and Mexico grants the birds federal protection.

This means a fine of up to \$500 and a year in jail for anyone convicted of shooting one, and that fails to take into account the 90 days in jail and \$100 fine violators face under state law, which has protected these birds for a number of years.

State law also prohibits taking of these birds for use as pets or for falconry.

Blue Star Mothers make fall plans

ST. JOHNS -- The Blue Star Mothers Chapter 88 met for a pot luck supper Tuesday, Aug. 28 at the Congregational Church.

The business session followed with reports from the knitting chairman that 94 pair of mittens are knit and ready for the Christmas project.

The hospital chairman was instructed to complete plans for the chapter to go to the Grand Rapids Facility on Nov. 7 to entertain the Veterans there at a party with refreshments.

Plans have been completed for the North East District meeting with Alice Brooks of Saginaw in charge and chapter 88 as hosts.

A luncheon will be served at noon by the Greenbush Ladies Society.

An impressive memorial service was held with Grace Shipley and Chloe Bartholomew assisting the Chaplain Rose Wilkie to honor the National President who passed away in June and the Charter was draped in mourning her passing.

the State Officers will be the Chapter's guests.

Billy Pierson won the mystery prize.

The committee for the Sept. meeting is Myrtle Tolles, Chloe Bartholomew, Jeannette Durbin and Ana Barnhardt.

A special silent prayer was held to honor the Gold Star Mothers, the women who gave a son to the service for their country because Sunday Sept. 23 was Gold Star Mothers Day.

The next meeting will be Sept. 28 with special plans for the October meeting when

Open house honors Elsie resident

By Neva Keys
Elsie Correspondent

Mrs Myrtle Tillotson was honored at an open house August 26 when 129 friends and relatives gathered in the Fellowship Hall of the Elsie United Methodist Church to

celebrate her 90th birthday anniversary. The hall was decorated in green and white, with beige lace over green cloths on the serving table and 2 baskets of white glads and deep pink sweet peas on small tables as a background. The cake which centered

the serving table and decorated with a red and gold rocking chair was made by Mrs Nancy Hehrer with extra cakes made by Mrs Mary Lou Porubsky.

Mrs Porubsky along with her brother, Bill Tillotson assisted their parents, Mr and Mrs Leonard Tillotson in planning the open house.

Tresa Hoskins from Lake Odessa registered the guests, while Mrs Ruby Jean Dunham, Mr and Mrs Charles Kridner, Mrs Mildred Whitaker and Mrs Agnes Korienc served the cake, ice cream, punch and coffee.

Guests were present from Flint, Owosso, Midland, Sandusky, Ithaca and Lake Odessa as well as the local area with grandson Bill

Tillotson and great grandson David Mark flying in from Mohrsville, Pennsylvania for the special event.

Mrs Tillotson has been a resident of the Elsie area all her life. She was born Aug 30, 1883 to David and Ann Maynard. She worked in the Post Office as a clerk for many years, has been a member of the Elsie United Methodist Church for 75 years and a life member of Elsie Chapter OES.

Her late husband was William Tillotson, a rural mail carrier. She has one son, Leonard; one grandson, William; one granddaughter, Mary Louise Porubsky and 3 great grandchildren, David Mark Tillotson and Stephen and Gregory Porubsky.

Ronald Risley chosen for Who's Who

OVID--Ronald R Risley, recent graduate of Ovid-Elsie High School and son of Mr and Mrs Robert Risley, 2914 Birmingham Rd, has been selected to be featured in the 7th annual edition of Who's Who Among American High School Students. Less than 2% of junior and senior class students nationally are awarded this recognition.

Risley has been active in 4-H for 7 years, Ovid-Elsie stage lighting crew, O-E Chorale, KHi Rho Club, Science Club and received an honorary Michigan State Scholarship, and honorary Michigan Competitive Scholarship. He was also senior home room representative, a member of a church youth group, senior youth choir and was

student production manager for several school concerts. He was named student of the Week by the Argus Press and participated in 4-H trips to Yankee Springs and Barry County. In addition to having his biography published in Who's Who, he will also compete for 1 of 10 \$1000 scholarships funded by the publishers. He plans to attend Michigan State University this fall.

St Joseph School sights vision

St Joseph school year officially began Thursday, August 30, with orientation day for teachers. Orientation began with a Mass which had for its theme "Uniqueness in Oneness." Father William Hanker was the celebrant. Sister Lucy Schneider, said, "Since the purpose of Christian education is to teach the message as revealed by Jesus, develop ways to make and live community and live a life of service within the Christian community and entire community, much thought and discussion went into deciding goals for this school year. It was decided that Christian community could best be initiated by developing four related goals (acceptance, caring, giving, loving), one for each quarter of the school year.

These goals will be integrated into the total educational program especially through religion classes and worship. A slide presentation on the philosophy and activities of St Joseph School was presented, by Miss Janet Sipkovsky and Mrs Tomi Ann Schultheiss. They developed it during the summer by using pictures taken during the previous school year. Many sectional meetings were also held. The school is continuing a non-graded program for the first through fourth year students in the subject areas of reading and math. "The

from VAN W. HOAG

Dear friends,

It deserves emphasis that the time, the place, the character of the funeral service, the merchandise used, the cemetery selected - these are decisions of the family of the deceased. The funeral director acts only as a representative of the family. The clergyman should be consulted in matters that concern him before any decisions are made.

Respectfully,

Becker begins 3rd season

ST JOHNS -- St Johns football coach Ernie Becker begins his 3d season at the helm of the Redwings Friday night in Mt Pleasant against the Oilers.

The Redwings are coming off a 2d place finish in the West Central Conference

with a 4-2 record.

Becker has 13 lettermen returning from last year's squad, but only 6 were starters on either offense or defense.

Again the Redwings will be very small in the line, but hopes are high that the

Redwing pride will carry them through a very tough schedule.

Linemen who have shown promise so far are Brian Downing, senior center; Brent Coffman, senior tackle; Ray Schueller, co-captain and has looked good at strong end; Chris Slamka, senior tackle; Jeff Thornton, junior guard; Dick Parker, senior guard; Jeff Hazle, junior tackle and Jim Lynch, senior end.

Showing promise in the backfield have been Brian Pertler, junior quarterback; Harold Wellman, junior up-back; Kevin Knight, junior tailback; Mark Barz, senior swingback; Rusty Waggoner, senior tailback; John Hayes, senior cor-

JOE GONZALES, ERNIE BECKER AND BOB TISSOT

nerback; Marty Brewbaker, senior linebacker and Mark Green, junior linebacker.

Becker indicates the schedule is very tough with Mt Pleasant, Holt, Waverly, Grand Ledge, Alma and arch rival Ovid-Elsie as being potential powerhouses.

In the West Central, Becker sees Grand Ledge

and Waverly as the pre-season favorites with Alma and Hastings as darkhorses.

Becker has made some switches in positions that he hopes will strengthen the team. The most significant has been the change of Kevin Knight, last year's number 1 quarterback to the tailback position.

GOOD LUCK REDWINGS!

Fowler looking to gain experience

FOWLER -- Fowler football coach Steve Spicer sees the key to the Eagles' 1973 as the 1st couple of games to see how several new players progress and get experience.

The team will be rebuilding this year after a 1972 season of 6-1. Fowler's only loss came at the last game of the season when they fell to Springport 6-0.

Gone from that team are 15 starters who graduated. Of the several returning lettermen, Spicer says only about 6 played a lot during the 1972 season.

Among those 12 players who will not be back this year, were 5 All-Leaguers on defense.

Spicer said 5 of his defensive players will be returning however, but added that only 2 of the offensive starters remain from last year's squad.

Returning to the squad this season are Dave Halfman, center; Glen Thelen, tackle; Bill Feldpausch, linebacker; Frank Koenigskecht, defensive end; Bob MacKinnon, defensive halfback; Russ Nowach, defensive halfback; Ken Halfman, tackle; Steve Mueller, tackle; Roger Thelen, quarterback and Pat Feldpausch, guard.

Spicer is depending on the rest of the roster to gain experience quickly. They are Dean Schrauben, end; Andy George, end; Terry Thelen, fullback; Brian McKean, fullback; John Pung, halfback; Lee Feldpausch, halfback; Steve Fox, guard; Louie Martin, tackle; Julius Koenigskecht, end; Brad Miller, end; Mark Koenigskecht, center; Keith Feldpausch, halfback; Jerry Armbrustmacher, tackle; Ron Johnson, tackle; Mark Kramer, guard; Glen Simon, guard; Mike Graff, quarterback and Jim Schneider, halfback.

Coach Spicer sees the Central Michigan Athletic Conference as a balanced league.

(Front, from left) Steve Fox, Lee Feldpausch, Glen Simon, Mark Kramer, Bob MacKinnon, Roger Thelen, John Pung, Frank Koenigskecht, Brian McKean, Keith Feldpausch, Jim Schneider, Terry Thelen, Pat Feldpausch, Steve Mueller, Julius Koenigskecht, Louie Martin, Bill Feldpausch, Ken Halfman, Mark Koenigskecht, Jerry Armbrustmacher, Dean Schrauben, Ron Johnson, Glen Thelen, Dave Halfman, Mike Graff, Andy George and Brad Miller.

In addition to expected strong contests from teams such as Pewamo-Westphalia, DeWitt, Potterville and Bellevue, Spicer said Laingsburg has the entire squad back from last year.

Ovid-Elsie Marauders to rebuild

OVID-ELSIE -- After finishing the past 3 seasons with 8-1 records the Ovid-Elsie Marauders are now in the proverbial "rebuilding" process.

Coach Mark O'Donnell said, "The 1973 season will be a complete turnaround. We are rebuilding with only 2 regulars returning, compared to many regulars in years previous."

"I predict that Corunna, Ithaca and Chesaning should be the teams to beat in the next season, but we are not going to lie down and die just because we have so few lettermen."

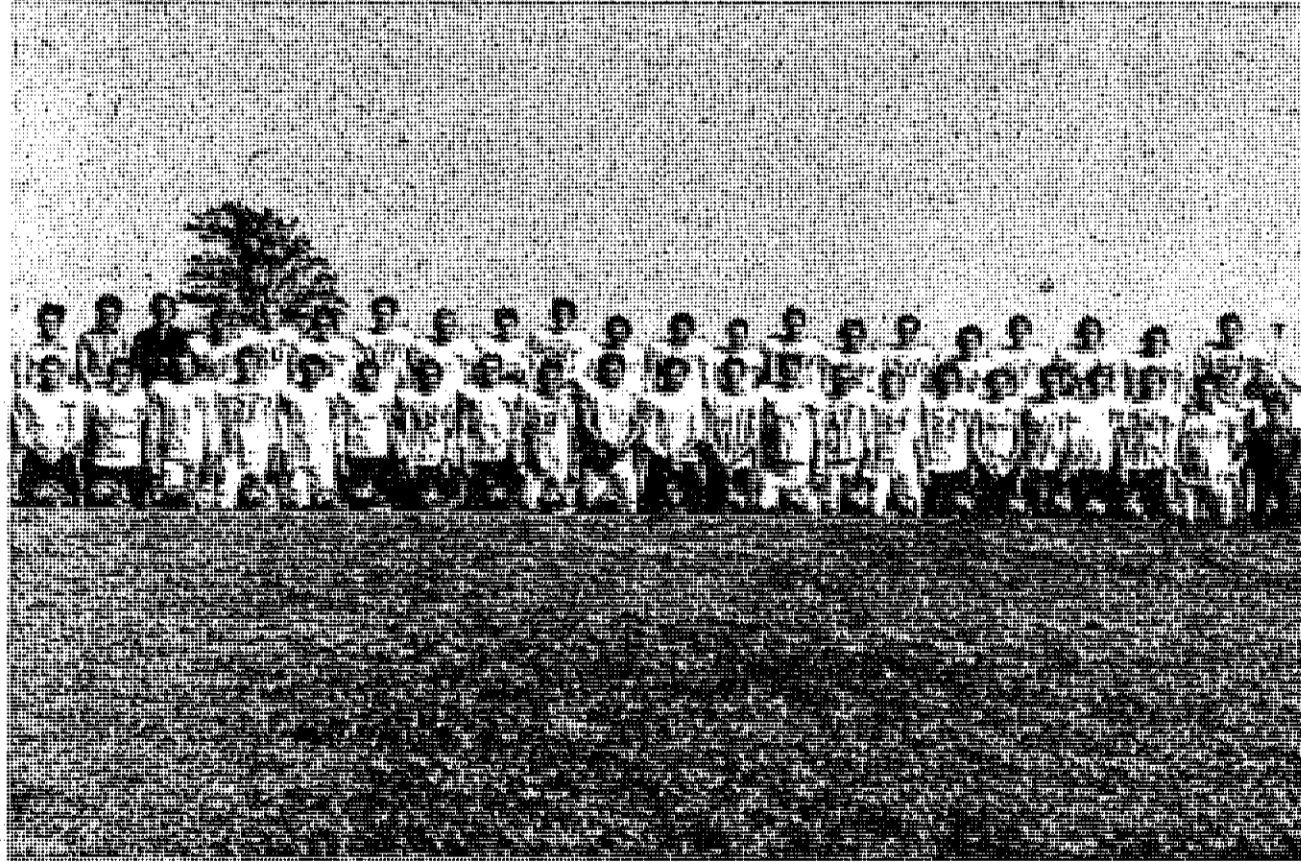

"If our junior varsity, who incidentally, had a 7-1 season, could come through with success, I believe we should be right in the thick of the battle for the championship, or at least we will be a deciding factor in who wins the championship. Even though this is a rebuilding year, I look for a winning season."

O'Donnell says the Marauders are working and facing the season with "a lot of enthusiasm." He said there will probably be a lot of mistakes in the 1st game, but added, "We'll get better every game."

Although the squad lacks experience overall, O'Donnell describes the team as young and eager. "I enjoy coaching them," he said, "they're a great bunch of kids who are really devoted."

He says the Marauders will be depending on the 3 team captains to handle the job of leading the squad.

Those captains are Paul Tomasek, Rob Nethaway and Randy Bowles. O'Donnell said Nethaway should be All-State. "Nobody should be able to take him out on defense," O'Donnell said.

(Front, from left) R Leslie, T Quine, D Rehea, D Heheler, D Baese, Bancroft, F Heinz, G Kellogg, D Cross, R Nethaway, P Tomasek, R Bowles, G Pontack, G Martin, P Munson, D Mibbler, W Bowen, K Baese, J Jorne, J Hubbard, M Rummell, manager M Pillard, T Gowney, R Doven, R Harrington, L Smith, P Case, B Welton, D Goodrich, T Bolton, C Woodard, P Heinz, L Cox, D Dietrich, D Maag, D Latz, R Valentine, E Helleman, T Bracey, J Quine, J Bashore, T Gelger.

Also expected to carry a large share of the 1973 action are Tim Quine at halfback; Kirk Baese, defensive back; Rod Leslie, guard; Mike Rummell, tackle; Gator Pontack, center; Greg Kellogg, end and Greg Bancroft, a back and capable punter.

Listed as former junior varsity members who should be a key in the rebuilding program are Greg Martin, guard; Tim Bolton, guard; Brian Welton, tackle; Dennis Cross, tackle; Dug Goodrich, tackle; Ted Geiger, end; Jack Bashore, halfback; Tim Quine, halfback; Rex Ballentine, halfback; Dean Hibbler, halfback; Perry Munson, quarterback and Paul Case, halfback.

(Front, from left) Greg Kellogg, Rod Leslie, Gator Pontack, Rob Nethaway, Paul Tomasek, Mike Rummell, Tim Quine, Kirk Baese, Randy Bowles, Greg Bancroft and Perry Munson.

DeWitt Panthers plan on speed

DEWITT -- Although the DeWitt Panthers will be facing CMAC football foes with a team small in size and depth, Coach Tom Isanhart hopes to use the speed of such a squad against opponents in the well-balanced conference.

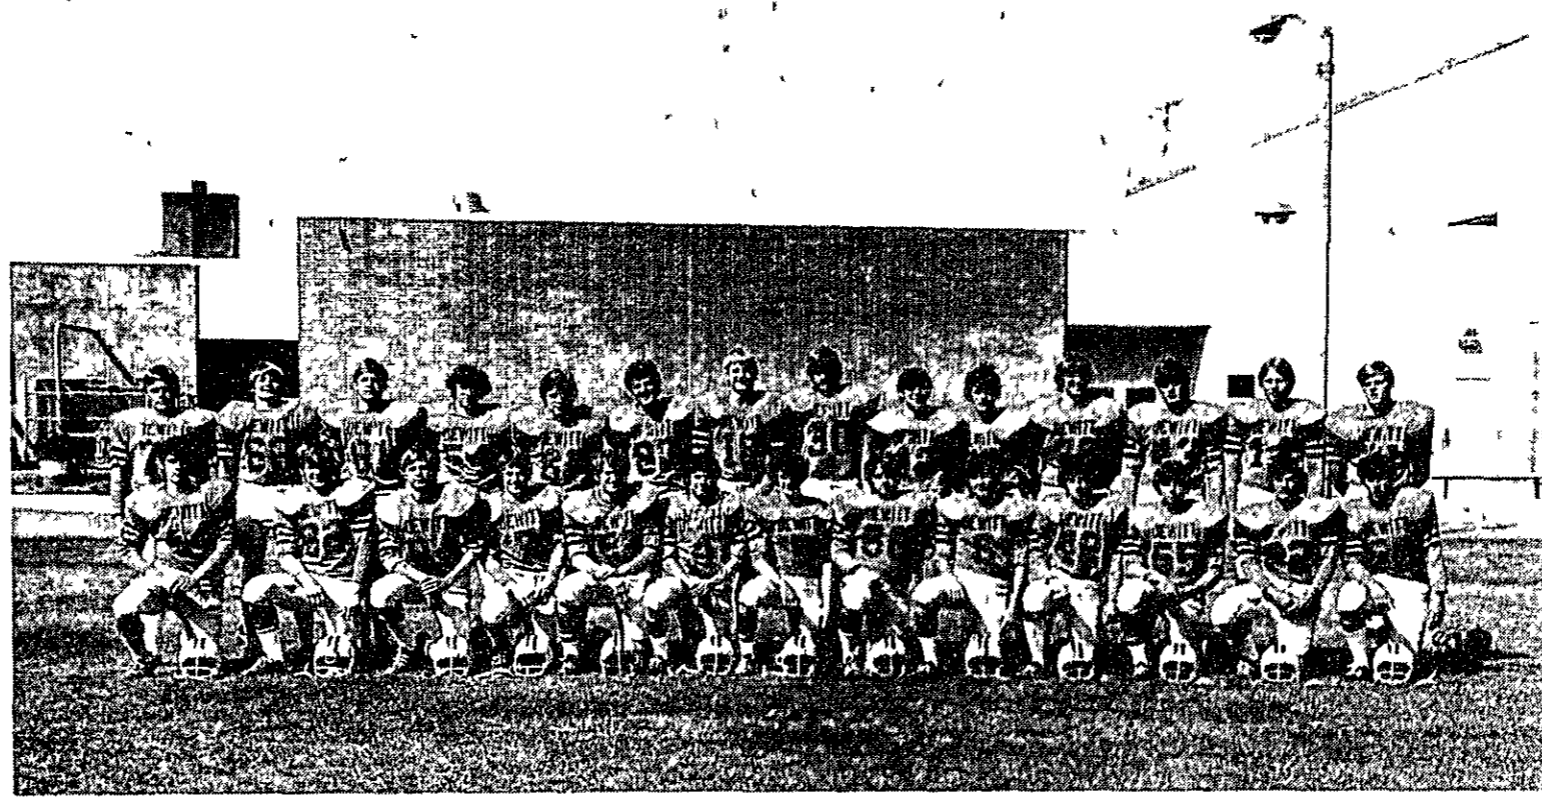

Because of the relatively small offense, averaging 160 pounds, Isanhart said the Panthers "will have to open up their passing game."

The Panthers have 2 quarterbacks in Bob Rice and Warren Willits who have proven they can throw the ball. Rice started the last 4 games of the 1972 season and took to the air to score many of the Panther points in those contests.

Defensively DeWitt will average about 155 pounds. Although small, Isanhart plans on using the speed of such a defense and pursuit may wind up being the name of the defensive game for the Panthers.

Joe Cavanaugh, a 2-year veteran, will lead the defense and Isanhart is expecting strong performances from Bruce Brown and Doug Black who both have experience.

Lots of action is expected for Bob Wicke, a versatile competitor who can be used as a tailback, guard or backup quarterback.

teachers are better able to meet the different social, mental, and physical abilities among the children within the school," Sister Lucy said. It eliminates grade level labels, permits flexible grouping, allows continuous progress, and permits the utilization of meaningful individualization. The fifth and sixth year students are continuing a departmentalized program. There is much individualization within each classroom.

The program benefits from having a centralized resource library, a central fiction library for fifth and sixth year students, an audio-visual room, and a gym. A hot lunch program is also provided under the direction of Mrs. Mary Cornwell.

Our faculty for the 1973-1974 school year is: Sister Rita Schafer, Sister Romayne Pajot, Sister Marlene Lammers, Mrs. Schultheiss, Miss Sipkovsky, Mrs. Patricia Snyder, Mrs. Shirley Rasmussen, Mrs. Edwina McDowell, Mrs. Hilda Hufnagel, John Briganti and Sister Lucy Schneider, principal.

BLACKMER — The family of John D. Blackmer extend their sincere thanks to relatives, friends, and neighbors, and the Little League for the flowers, cards, gifts of remembrance, prayers, and food given at the time of the loss of our son, grandson, and brother. To Rev. Robert Prange and Rev. Willard Farrier for their comforting words; Osgoods Funeral Home, Herbert Brown, Dr. Grost and pallbearers.
Also to the ladies of Grove Bible Church for the lovely meal prepared.

Memoriam
In our hearts your memory lingers always tender, fond, and true. There is not a day, dear dad, we do not think of you. The family of Joseph L. Toth, Sr. who passed away August 24, 1971.
20-1-p-31

Now you can insure your pick-up or panel truck just like a private passenger automobile!
That's right. As long as you own it as an individual and don't use it for commercial purposes — you can now have the identical altogether coverage we provide for private passenger cars at no extra cost. Moreover, there's no limit on using your utility vehicle on the farm and to and from work. The only other limitation is that it cannot have a load capacity over three-quarters of a ton. Why not give us a call to see what altogether protection can mean in savings for you? Do it now.

Give blood into others. As you would have them give unto you and yours.

its better altogether

John Jeffrey, Chippewa BSA District executive, presents State Sen. William S. Ballenger with a badge the lawmaker said he never obtained while a Cub Scout. Ballenger told Scouting leaders Thursday evening he earned his 1st badge as a Cub Scout, but his mother sewed it on the wrong side of his uniform. Suffering such embarrassment he left the Scouting program. Now back in the fold as leader for Scouting in Michigan, Ballenger was on hand in St Johns to participate in the Boy Scout Recruiting Kick-off.

August claims 28 less highway lives than August '72

Michigan traffic accidents in August caused 182 deaths, 28 or about 13% less than the 210 charged to that month last year, according to provisional figures of the State Police traffic division.

The toll also was 44 less than the average of 226 for August in the 5 years 1968-72. High mark for August was set in 1968 with 254 while the low of 67 was recorded in wartime 1943.

August was the 4th month this year to show a decrease in deaths compared with corresponding months of 1972. Other declines were noted in February, April and May.

The accumulated deaths for the first 8 months this year number 1476, which is 6 more than the total of 1470 counted in the same period in 1972.

Labor Day weekend deaths provisionally number 24, compared with the final count of 33 for the holiday period in Michigan last year.

Over a thousand acres of peppermint are grown by Michigan farmers each year, producing around 30,000 pounds of peppermint oil.

Reports of delayed deaths will increase somewhat the counts for August, the accumulated period and the holiday weekend.

Farewell Summer,

What's In Store For '73 Fall?

The final days of summer are biting the dust and the cool nights (what we wouldn't have given 2 weeks ago for the cool nights) signal the end of 1 segment of our year and the beginning of another.

What's in store for us this fall?

For starters, we won't have to worry about nail biting our way with the Tigers through the American League Playoffs. It seems no miracle will be capable of catapulting the Bengals past regular season play. With the fading of the Tigers, we also lose one of the more colorful sports figures in Michigan since the days of Bobby Layne, Rocky Colavito, and, yes, Denny McLain. Billy Martin, we'll miss you, but remember, Being A Major League Baseball Manager Doesn't Always Mean Never Having To Say You're Sorry.

Fall also brings us from 1 sports season, baseball, to another, football.

The Lions have a new coach and they'll win a few and lose a few. The Wolverines behind Bo will either beat Ohio State or lose to Ohio and that's the story of the Big 10 this season.

We can't see much sparkle for the Spartans this year, but it's the 1st for Denny Stolz and it will probably be a successful prediction of the good years to come under his direction.

On the local level, high school football season will provide a weekly outing for many, starting out as a brisk couple of hours in the fall air and finishing as unbearably cold or exhilarating, depending on the win-loss record of the home team.

Enough of the sporting side, there are other matters greeting us in the fall.

As the leaves fall so will the folks phrases from the lips of Sen Sam as the Watergate hearings resume. Unless startling concrete evidence against the president comes forth, there's a good chance the hearings will die along with the falling leaves of autumn.

Fall also means the beginning of a new television season and the anguish of many when 13 or 26 weeks later it is learned the "favorite program" fell to the rating axe.

For those still in school, fall means homework and back to getting to bed early. It also means taking home that 1st "bad" report card of the year and knowing you've been "grounded" for the next 100 years.

For others, fall could mean another several weeks off the job as auto talks seem to reach a stalemate with Chrysler. This year's effort at the bargaining table may reach to Lansing and those many jobs held by Clinton County residents.

While speaking of employment, and employment means money, there are those in the northern portion of the state who will follow the summer tourist boom with a couple of lean months and then start the cash registers ringing again to the tune of Michigan snowmobilers.

The story of transitions in the fall could go on and on, but we'll end it here while the population mainspring starts ticking with renewed energy after a hot, lazy summer.

25 YEARS AGO

Sept 9, 1948
Draft board questionnaires are being mailed to Clinton County young men who registered for the peace time draft during the first 6 days of the 20-day period from Aug 30 to Sept 18, it was announced Wednesday by Mrs Myrtle Zavitz, local draft board clerk.

Clinton County reported no fatal accidents in county highways over the extended Labor Day weekend just past. With autos jammed bumper to bumper on US-27 and M-21 during many hours of the day, this was considered a minor miracle by local law enforcing bodies.

The support price for navy beans in Clinton County has been set at \$8.10, according to an announcement today from George W. Kridner, County AAA farm program chairman.

Donald Davis of St Johns R 4 and Donald Swagart of St Johns R3 represented the Clinton County Junior Farm Bureau last week at the State Leadership Training Camp at Waldenwoods, Livingston County.

The city's 3 elementary schools opened at 9 am Wednesday with 671 grade school children in attendance — the largest first day public school enrollment in the elementary grades on record here.

10 YEARS AGO

Sept 12, 1963
The justice court trial of Mrs Raymond DeYoung, owner of the Alward Lake resort in Olive township, ended without a verdict here Tuesday evening after a 6-man jury had deliberated 2-1/2 hours.

A fire in a small chicken coop resulted in the death last Friday of Frank Cox, 84, of R1 Bannister, who was the third fire victim in the Clinton area within a period of less than 2 weeks.

Burglars helped themselves to meat, cigarettes, wine and groceries at Beck's Farm Market on N US-27 sometime Sunday night, making an estimated haul of

at least \$1,000.00 according to Ben Berk, owner.

A \$29,000 goal for the 1963 Clinton County Communities Chest drive, which begins Oct 1, was approved last Thursday evening at a meeting of the chest's board of directors here.

David G. Patrick, 20, of R1 Ovid, was listed as somewhat improved Wednesday morning by authorities at Clinton Memorial Hospital, where he was taken early Saturday morning following a one-car accident on Hollister Road.

Funeral services are to be held from St John's Episcopal Church here Thursday at 10:30 am for Henry Whiting Raymond, 82, 404 S Oakland Street, who died Monday evening at Clinton Memorial Hospital. He had been in failing health for several months.

ONE YEAR AGO

September 13, 1972
Sparks flew again Monday night between St Johns City Commissioners and local volunteer firemen during the commission's regular meeting. This time a report by Mayor Robert Wood on his meeting with firemen triggered discussion which led to a motion by Commissioner Roy Ebert that Fire Chief Clare Maier be asked to resign.

Plans for a new Kroger store and a senior citizens housing complex remain uncertain following last week's action by the St Johns Planning Commission to decline approval of re-zoning changes necessary for both projects.

Joseph Mazzolini, son of Mrs Bruno Mazzolini of 204 E Walker St, St Johns, has been chosen to sing the leading tenor role in Verdi's opera "La Traviata," being produced by the Opera Association... of Western Michigan at the Fine Arts Center in Grand Rapids.

The Ovid-Elsie Area School District officials gained voter approval on a one mill levy for the purpose of the construction of a bus maintenance garage.

County reps attend MAR meet

LANSING -- Almond Cressman, vice-chairman of the Tri-County Regional Planning Commission; Roger Overway and Gerald Shepard, Clinton County Commissioners; Gordon Swix, Ingham County Commissioner and TCRPC chairman; and Herbert Maier, executive director of TCRPC, recently attended a 2-day meeting of the Michigan Association of Regions.

The organization of planning and development regions met to study and discuss problems of mutual concern, and to work to solve them in a mutually beneficial way.

Guest speaker, Lt Governor James H Brickley stressed the importance of local government. "If

anyone should do things well," he stated, "It's local government." He also asserted that there is an American feeling for community involvement.

Because of a move toward regionalism, he added, the layer upon layer of officials "allows you to come to grips with the problem through centralization and coordination of planning."

"The umbrella concept," he said, "has also helped bring individuals from both sides of the regionalism issue together."

Other topics discussed included manpower planning, law enforcement and criminal justice planning, water resources, and the newly organized Office of Intergovernmental Relations.

TODAY'S Real Estate

by HANK FURMAN

A new home, or for that matter any piece of property, can be a real investment for you and your family. Most experts say that the land and home market cannot do anything but improve, and this is generally true. As our children grow, land and ownership of land become more and more important. Luckily for many of our young people, this, more than anytime in the future, is the best possible moment to invest in land and in houses in need of renovation.

Let the experienced salespeople at FURMAN REALTY CO. 1515 North U.S. 27, 224-3236 knowledgeably advise and assist you in home buying or land investment. A member of the Lansing Board of Realtors, we urge you to call us with your listing for the broadest exposure to qualified buyers through MLS. Open: 8:30-5 Mon-Fri; 9:30-3 Sat; & by app'l.

HELPFUL HINT:

If you are into buying an old farmhouse, be sure to take into consideration the funds needed for remodeling.

New homes are nice... but they don't have porches. Our home has no porch. I was pointing that fact out to my wife the other night.

She disagreed and said, "It's got a porch. Whaddya call that thing by the front door?" "It isn't a porch," I explained. "It's a yuppee-skippee big deal slab of cement. That's no porch. How can we think of raising a family in a home with no porch?"

"What's the having a porch got to do with raising a family?" she asked.

"FOR CRYING out loud," I whined, running short of patience. "If you don't have a porch you can't have any steps. A very important part of a kid's life is spent sitting on the porch steps."

"In your case," the wife answered, "that part of life was spent pouting." Ignoring the fact that she obviously had been comparing notes with my mother again, I went further into the explanation of the need for a porch in a happy home.

"A porch," I explained, "holds the chair in which you sit to read the paper on Sunday mornings."

"No problem there," she sneered, "your eyes haven't seen a Sunday morning since the day I fooled you into getting out of bed by screaming the sheets were on fire."

AFTER EXPLAINING my belief that her sarcastic humor wasn't going to put Don

Rickles out of work, I told her, "When I was a kid (shushing her before she made another snide reference to my current maturity status) a porch was as good as a playground."

"When you played Cowboys and Indians (Sorry about that, Marlon), the porch was a ready-made fort."

Recalling childhood differences of opinion, I added, "It was also a wonderful place to reach 2 strides ahead of the neighborhood bully. They'd pound you all they wanted right on your front yard, but the porch was sacred. No kid committed foul deeds on another kid's porch, because you always knew the kid's old man would come out and turn your whole body inside out... and on top of it all — he'd tell your old man."

Rainy days are also solid reasons for having porches. You look pretty silly sitting on an uncovered chunk of cement while it's raining. But, it was always fun sitting on the porch watching the rain or leaning out while holding onto the post to see how far you could lean without getting wet.

After listening to my colorful remembrances of the beauty of porches, the conversation came to an end with my wife's remark, "Well, don't worry, Jim, if you keep putting on weight, you'll be able to have a porch you can carry right with you everywhere you go."

WATCH OUT Don Rickles.

"If It Fitz . . . He forgot to wet his whistle

Editor, Lapeer County Press

By Jim Fitzgerald

And then I wrote. . . . For me, life began at the age of 5 as I was walking home from Jefferson School with some other kid's galosh on one foot.

That is my earliest memory. All which occurred before that day is a blank. And there are countless gaps in the years since then — I can't remember what happened last Saturday night — but I've never forgotten the reckless abandon with which I got mud on that strange galosh. I hopped through every puddle.

THIS MEMORY was revived last week by a sad picture in the Port Huron Times Herald. It portrayed the dying gasp of Jefferson School. They have torn it down. Zounds. I must quit reading that paper before I run out of nostalgia. That town, as I remember it, is crumbling in the face of dratted progress.

Gone is the marvelous pavilion in Pine Grove Park where a kid could find a zillion hiding places. . . and prance grandly while the Kiwanis band played Sousa spinetingers.

I delivered mail in Port Huron and, so help me, they have leveled my entire route. The same fate flattened most of my newspaper route. Urban Renewal, that gigantic bruiser of boyhood memories, has replaced dozens of worn but warm homes with a few cold office buildings. I wonder where all the people went, and if they are getting their mail and papers all right.

Now they're done away with Jefferson, my first school, and I will soon run out of places to drive by and point at and bore my kids talking about.

I ATTENDED Jefferson for only 1 year, kindergarten. 2 things, besides the wrong galosh, I remember most. One is what I had to wear. Short pants and long, lumpy stockings held up by a garter belt. Remember? I can close my eyes and see again my long underwear bulking out between the tops of my stockings and the bottom of my pants.

The other thing I can remember most is out kindergarten band. I played the water whistle in it. Is there such a thing today as a water whistle? I don't think so. My whistle was shaped like a bird and you filled it with water and then blew through the tail and a shrill, gurgly noise came out the beak. I have always thought that Lawrence Welk must have played a water whistle in school.

Our band had a recital for parents, of course. My dad attended and complained for years after. He swore that I blew and blew but no noise came out. He was right. I was nervous that day and I forgot to put water in the whistle. When you are 5 years old, this is a terrible thing. But it makes a lovely memory.

When you write a column like this you can write about yesterday, today or tomorrow. When I write about today I am usually angry about something. For tomorrow I am hopeful, but leery.

YESTERDAYS are the best. The memories make me smile, and sometimes hoot, and sometimes my eyes get damp. And almost always I go back to that first day, hopping through the puddles, and I wish I could remember if that other kid ever got his galosh back.

Travel Tips

There's a heap of flowin water
That has tumbled o'er the dam,
Since we old folk wuz youngsters
With fingers in the jam,
'N it's somehow most apparent
As we recall with the rest,
How much we've come to countin
On a family medicine chest.

Time wuz we roamed real reckless
Minus liniment or pill,
Now there's a pet prescription
Fer each fancied ache or ill;
We somehow took for granted
In our youthful flow of zest
Needed neither friend or favor
From the family medic chest

Now if we decide to travel
Though we scarce get out of sight,
Countless pills 'n aids 'n tonics
Need to be stacked in just right;
Never know what we'll be needin

Which pet mixture answers best,
So we stuff each box 'n bottle
In the family "cure-all" chest.

Can't imagine rhyme or reason
Fer such a drug store display,
But in case of sudden needin
Have to pack 'em anyway;
Use more vitamins 'n med'c'n,
On the road or in home nest,
So we pack the family flivver
With our potent medicine chest.

Life seems ever to grow more hectic
Simple remedies get complex —
Aches and pains seem ever with us
Erstwhile happy hours to vex;
Hope that memory never fails us
When we put it to the test,
'Ere we take that final journey
Got to pack the old pill chest!

88th District Report

by Stanley Powell

State Representative

Industrial economics problems

REP DOUGLAS TREZISE
87th District

A couple of weeks ago we gave a rundown of what the new state budget looked like and now it is changing already as Governor Milliken starts using his veto power to trim it.

The Governor got his start on the capital outlay bill striking out from the original \$131.9 million, \$614,000 which would have provided armories in Kalamazoo and Saginaw and a Marine Patrol building in Macomb County.

Deleted by the Governor's veto was \$280,000 for an armory in Kalamazoo, \$250,000 for the one in Saginaw and \$84,000 for the Marine Safety facility.

The Governor said neither of the armories was recommended in his budget and that long-range construction plans by the Department of Military Affairs did not request construction of the Saginaw armory until 1977-78. No plans for either building had been provided to the Governor's staff and the Department of Military Affairs had not provided any programmatic justification for the need for the new facilities.

About the Marine Safety Facility, the Governor said, "The State has never participated in building sheriff's marine safety facilities."

Milliken said he took the veto action to keep expenditures from increasing more rapidly than revenues.

The Governor also vetoed an appropriation of \$302,000 to equip the Heart Institute of Michigan facility located at St. Mary's Hospital in Flint. He left in \$5,000 for a feasibility study which the Governor said he wants to see completed first.

LAND USE HEARINGS SCHEDULED

The House of Representatives Towns and Counties Committee of which I am the Republican Vice Chairman, has scheduled some very important public hearings on the proposed State Land Use Act (HB5055).

The bill would establish a State Land Use Commission which would be charged with the formulation of a state land use plan. It also seeks to protect scarce land types, such as prime farmland and to regulate major private and governmental developments.

The first hearing was held August 15 in Lansing and the remaining hearing dates are:

- Thursday, August 16, Pontiac, 2:00 pm.
- Wednesday, September 5, Bay City, 2:00 pm.
- Thursday, September 6, Jackson, 2:00 pm.
- Friday, September 7, Grand Rapids, 2:00 pm.
- Tuesday, September 11, Traverse City, 2:00 pm.
- Thursday, September 13,

Alpena, 10:00 am.
Monday, September 17, Sault Ste. Marie, 2:00 pm.
Tuesday, September 18, Marquette, 2:00 pm.
Wednesday, September 19, Houghton, 2:00 pm.

Thursday, September 20, Escanaba, 2:00 pm.
Friday, September 28, Detroit, 10:00 am.

Specific locations for the hearings will be announced later by the committee. I would urge as many people as possible to attend these hearings on this very important piece of legislation.

SUMMER RECESS
While there is no formal legislative session until October 16, we House members are busy with committee work, district speaking engagements and meeting with the people of our districts.

Several House members are involved in public hearings that are being held throughout the state while other committees are talking with local government officials about such things as election law reform.

Special committees have been formed to study the energy crisis; the North-western Highway Project; use of behavioral control drugs in school; land use; tourist industry problems; Neighborhood Youth Corps; the effectiveness of the Fair Housing Act; among other things.

The Republican caucus also has task forces in six areas of concern that are meeting this summer.

The schedule of State Representatives contradicts the belief by many people that legislators simply take a long vacation during the summer recess.

MILLIKEN SAYS PLENTY OF GAS FOR MICHIGAN TOURISTS

Michigan vacationers should find plenty of gasoline available for their summer trips, at least for the month of August, Governor Milliken announced last week.

Milliken said studies by his Task Force on Fuel Supply show that more gasoline will be available for retail sale in August than was sold in either June or July of this year.

Allocation levels for several major petroleum retailers are set at more than one hundred percent of 1972 levels. Four companies that had allocated less than last year's levels quite recently announced allocation increases for their retail outlets in Michigan.

"In short, there appears to be no shortage of gasoline for energy-efficient Michigan vacationers," Milliken said.

He advised vacationers to minimize their gasoline consumption, but to go ahead

with their plans. "Tourists from Michigan and other states can get to know our state instead of driving many miles throughout the Midwest."

"A Michigan vacation can be an enjoyable, energy-efficient alternative," Milliken said.

The task force advised travelers in Michigan's two peninsulas to keep their automobile's gasoline tank at least one-half full, in order to avoid possible local shortages and early closing hours.

Governor Milliken also last week made a public plea for positive federal action to halt the Reserve Mining Company's dumping of taconite tailings into Lake Superior.

Milliken, who in a telegram to President Nixon in November of 1971 urged firm federal action on the matter, noted that the Minneapolis federal district court began receiving testimony on the case this week.

The Governor said: "This case is of enormous importance to Michigan. The use of Lake Superior for dumping taconite tailings by the Reserve Mining Company is a deplorable situation. I am hopeful the court will respond positively to the federal government's request for a permanent injunction against the dumping and that a long-term, on-land disposal solution will be mandated by the court. This state has devoted considerable technical, financial and legal resources to the study of this problem and the pursuit of the court case, because we think the interests of our citizens, present and future, are deeply involved. Lake Superior must be protected from further degradation."

WILL WE ALL WORK FOR THE GOVERNMENT IN 2261?

I noted with interest last week a report on spending and taxes from the Michigan State Chamber of Commerce which predicts that if the growth rate of government continues at its present pace, at "precisely 9:23 am on June 6, 2261 the total labor force will be government employees..."

According to the Commerce report, during the 1960's government employment (federal, state and local) increased from 11 percent to over 14 percent of Michigan's total labor force (which includes the unemployed).

In Michigan, State government has grown the most rapidly with a 38% increase from 1965 to 1971. Local government employment increased 32% during the same time span and federal employment increased 8.5%. The figures indicated that total govern-

ment employment has increased at a rate (31%) two and one-half times faster than our total labor force that increased 12.7% during this same period.

The report provides more statistics but I think you've gotten the general gist from those repeated here. I mention these only because as a member of that growing bureaucracy, I'm also extremely concerned about where it's all leading to. As a caucus, House Republicans demonstrated during the recent budget consideration their concern over government growth by trying to hold down the level of spending for this fiscal year.

Governor Milliken also held steadfast in his determination that the tax reductions would not be jeopardized by unnecessary spending and is vetoing items that he does not believe are essential in the coming year.

Often, however, we find ourselves criticized because we are not willing to provide "a couple hundred-thousand more" here or there for someone's project.

Head into the sun—that way the shadows will fall behind you.

Last week in this column we got involved in a discussion of what you might call "industrial economics" and how Michigan's future depends on the resolution of some basic problems in that area.

I'd like to continue along those lines and try to define the part the Legislature must play in finding these solutions.

To me, the biggest single fallacy put out by today's economists is the claim that we have a mobile labor force. It is my contention that today's labor force is much less free to move from one place to another than it was 50 years ago. And, a lot of non-labor institutions -- banks, utility companies and commercial establishments among them -- are a big part of the reason for the change.

For example, more than 50 years ago there were thousands of people employed in the copper mines and lumber mills of the Upper Peninsula. When the mining operations and logging practically stopped, that labor force literally moved to Detroit where it was needed in the expanding automobile business.

There was nothing to keep the people in the copper

country. They lived in mining company houses and had no investment of their own to leave behind.

Today, a shift of labor of such magnitude could bankrupt an entire community. The workers now own their own homes and would have to sell them. But, because of there being no market, financial institutions would have a lot of repossessed houses with no value on the market. Utility companies would have a lot of poles, wires and pipes leading to empty buildings. Stores would have unsold merchandise piled on the shelves.

In addition, the trend of industrial operations today is to diminish the worker's flexibility to change jobs even within his same community. Pensions, vacation rights and other privileges of seniority almost preclude a person leaving one job for another relatively few years of service.

On the other hand, investment funds are under no such restrictions. In our free market, an investor can move his money from one end of the country to the other in a few minutes. He may take a loss on the sale

but his purpose is to move those funds to a place where he can get his best return in the form of interest, dividends or growth in value.

I think it is our legislative job to assure that neither segment of the industrial world -- capital or labor -- is forced into the position of having to move elsewhere. Only in an atmosphere where both get their equitable share of the fruits of the industrial enterprise can we have a healthy government, capable of providing the needed public services to a growing population.

Many bills before us in the House would affect this delicate equity. I approach these bills cautiously, hesitating to place the law between the two parties except in the most critical circumstances. I still firmly believe labor and investment in our society have more in common than they have differences and recognition of this by both can bring settlement of most problems without government interference.

It is in the interest of the investor that the people who contribute their energy to the enterprise are properly paid and free from concerns

over injury or unemployment. These factors contribute to productivity and the business' ability to compete in the sale of its product or service.

The worker should be concerned about the return to the man who furnished the buildings and machinery he uses. As we have shown, capital can be moved a lot easier than the worker can but neither has much to gain from a factory that is closed.

It's government that ends up holding the bag when that happens. The workers who are left behind must fall back on government support; but, because of the reduced industrial activity, that government has a shortage of money to meet the costs. The result is an increase in taxes which further burdens the remaining taxpayers and tends to drive still more investment out of the state.

It's a vicious circle and must be stopped.

View from the Senate

By SEN. WILLIAM S. BALLENGER

With the question of the constitutionality of a recall drive against the 2¢ gas tax still in doubt, the newest target of tax protestors is the 4% sales tax on food.

This is nothing new. The cry "Take the sales tax off of food" has been heard repeatedly down through the years but in recent years, at least, the state was always short of money and a cut of many millions in income was too much to think about.

Now, however, with reports of a burgeoning state surplus and with the cost of food rising precipitously week by week, it appears this latest drive might gain sufficient momentum to get the proposal on the ballot.

The organization spearheading this drive is a group called the Michigan Citizens' Lobby, a non-profit consumer-oriented organization in the Detroit area. Two State Senators have already announced they intend to introduce legislation backed by the Citizens' Lobby designed to eliminate the sales tax on food and drugs.

Just how potent this organization is or what route

it expects to take in its drive to remove the sales tax on food remains to be seen. As appealing as the issue is to the average person, the problem is an extremely complex one.

In the first place, how much revenue would the state lose if the tax were taken off of food? Well, it's difficult to say because grocery stores these days sell a lot more things than food.

Jam-ups at grocery store check-out counters would be monumental if the tax on food were removed as either the customer or the checker had to stop to set the food in one pile and the bug spray, dog food, toilet tissue, mops, washing powder and hundreds of other items in another pile so the tax wouldn't be totaled on the food.

Some backers of the current drive contend that repeal of the tax would cost the state about \$110 million. But tax experts contend that is much too conservative a figure.

Preliminary figures show that Michigan took in about \$970,979,300 in all sales taxes

last year. It is estimated that about 25 percent of that was on food sales.

So, conservatively, the statisticians say, Michigan would lose an estimated quarter-billion dollars a year if the sales tax were taken off of food.

Such a cut, of course, would cripple state services unless one of 2 things were to happen. If the recently passed reduction in income and property taxes were rescinded, much of the expected loss would be made up, but that's not likely to happen since most people appear to be more concerned about property tax reductions than sales tax cuts.

The only other alternative would be a sharp increase in some other existing taxes or imposition of some new ones. Backers of the proposed drive mention supporting the "raising of other taxes based on families' ability to pay." That's the general parlance for a graduated income tax, a move which a large majority of Michigan voters have overwhelmingly rejected several times in the past.

Diabetic teenagers

By Jose J Llinas, MD Director of Community Mental Health Clinton, Eaton and Ingham

Both during my training at the University Hospital in Ann Arbor and throughout the years in the practice of psychiatry I have come across diabetic children whose disease is very difficult to control. Some of these situations end in tragedy, because despite intense efforts by family and physicians, it is impossible to convince the afflicted teenager of the need for following the admittedly strict rules of treatment.

summarizes some approaches to this serious problem. Families with a diabetic child may profit from the insights and understandings of this experienced and kindly physician. Why is diabetes so difficult to manage in patients of adolescent age? "Youngsters at this time of life," Dr Cole explains, "feel a special need to emulate their peers, and diabetic teenagers even more so - to eat the same foods, to lead the same kinds of lives as their friends. They rebel against doing things that set

them apart, such as testing their urine, injecting themselves with insulin, eating set amounts at set time." He adds that this combination of rebellion and despair leads them to in fact ignore the disease, and reject its appropriate treatment. This is always a problem in children with chronic diseases, but in diabetes it can be disastrous, especially when it leads to the failure to take insulin. The first thing we have to do to help a teenager in these circumstances is to promote an acceptance and understanding of the disease by the child and by his parents. Secondly, the entire family should be involved in the management program set by the physician. Thirdly, it is far better to emphasize the positive aspects of treatment, not the "don'ts."

Name division heads for 1973 United Way

Richard B Foster, Jr, campaign chairman for the 1973 Capital Area United Way fund drive, has named James F Anderton IV, Don C Shepard and David H Brogan to lead major campaign divisions. Anderton will head the major firms and labor division in the fall campaign. He is president of Simon Iron and Steel Corp, treasurer of Universal Steel Co, an instructor at Lansing Community College and a director of the YMCA and the Lansing Metropolitan Development Authority. Brogan, a United Way campaign worker for the last 16 years, will serve as chairman for professional and social agencies for the

second year in a row. He is an agent for Ohio National Life Insurance Co and has served on the budget panels of the Boy Scouts, the Girl Scouts and the Boys' Club of Lansing. The metropolitan division will be directed by Shepard, a Lansing shoe retailer. He was a section leader in the metro division last year, is a director of the YMCA, and is past president of the Downtown Business Division of the Greater Lansing Chamber of Commerce. Mrs Gilda Richardson and Henry Pratt will assist Shepard in the metro division, serving as vice chairmen. The 1973 Capital Area United Way campaign is scheduled to begin Oct 9.

1973 coho season should be best ever

Despite the smallest number of coho and chinook in the Great Lakes in three years and stricter snagging regulations than a year ago, Michigan's 1973 salmon fishing season should be the best on record, according to Automobile Club of Michigan. "The reason for this optimism is that Michiganians now rank among the best-equipped and most-skilled sport fishermen in the world," explains Auto Club Touring Manager Joseph Ratke. "The average Great Lakes angler has between \$3,000 and \$5,000 invested in equipment, including the most sophisticated gear on the market, and he has learned how and where to catch coho and chinook," states Ratke. "When salmon were first introduced into the Great Lakes seven years ago, coho and chinook were a mystery and few anglers knew what was needed or how to go

about catching them," he adds. Auto Club points out that the early salmon fisherman attempted to navigate the Great Lakes in a 12- to 14-foot boat with wire line and lead sinks as his main fishing tools. "Today, 18- to 22-foot crafts, depth sounding devices to locate fish, thermometers to find the proper salmon feeding temperature and downriggers that allow fishing to exact water depths are the rule rather than the exception," Ratke points out. "Proof of the salmon fisherman's prowess in Michigan is evidenced by the fact that nearly two million coho and chinook have been caught in state waters during the past two years." But in spite of this success, the salmon angler will be severely tested to prove his ability this season since fewer salmon will be available for catching than during the past two years. There are three reasons for this reduction. The loss of nearly 3.5 million coho in two separate disasters at the Platte River Fish Hatchery forced large cutbacks in plantings the last two springs. Selective plantings-initiated last year to eliminate unsuccessful salmon fishing and spawning areas-have reduced the number of salmon stockings in the Great Lakes and tributaries from a record 34 locations in 1971 to 28 in 1972 and 22 this year. Egg collections for future plantings at several Lake Michigan harvest weirs dropped by more than 60 percent in 1972 as compared with the previous year because of too liberal snagging regulations in Michigan streams. In all, approximately 1.4 million mature coho and chinook (salmon that are at least three years old) will be available for catching in Lakes Michigan, Huron, Superior and tributaries, a drop of about 300,000 salmon from 1972 and 150,000 from 1971. Lakes Huron and Superior have been hit hardest by reduced salmon plantings. Lake Huron, which received 1.2 million coho and 900,000 chinook in 1971, had only 250,000 coho and 514,000 chinook planted this year. Lake Superior went from 500,000 coho and 250,000 chinook in 1971 to 150,000 coho and 470,000 chinook in 1972, a total drop of 130,000 in 1971. Even Lake Michigan and tributaries, which yielded 77 percent of the 932,000 salmon caught in Michigan last

year, were cut from 2.8 million coho and 1.9 million chinook plantings in 1971 to 2.3 million coho and 1.4 million chinook last year. "Selective plantings also are being used extensively on Lakes Huron and Superior to phase out unproductive fishing and spawning areas," explains Ratke. Along Lake Huron, only five locations received salmon in 1972, compared with 10 the previous year. Lake Superior plantings were cut from six to four during the same period. "These areas have not been nearly as popular for salmon fishing as Lake Michigan," states Ratke, who points out that salmon fishing facilities (marinas, boat launching sites and the number of fishing guides) are far superior along Lake Michigan than on the other two Great Lakes. Only 212,000 salmon were hooked on Lakes Superior, Huron and tributaries in 1972 compared with 720,000 coho and chinook on Lake Michigan and environs. To make up for the reduction in salmon plantings in Lakes Huron and Superior, additional lake trout, steelhead and brown trout are being introduced into these waters. Department of Natural Resources officials believe these areas are better suited for trout than salmon, especially Superior which does not have the abundant salmon food supplies available in Lake Michigan. Because of the reduction in egg gatherings at harvest weirs last year, snagging rules have been stiffened for 1972 so that limited areas of only seven streams will be opened to snagging, including:

Manistique River from Paper Mill Dam (US-2) to the mouth during September and October; Manistee River, Tippy Dam to signs one mile downstream, September, and October; Muskegon River, Croton Dam to signs one mile downstream, and US-31 to mouth, excluding Muskegon Lake and channel, September 1 through November 15; Grand River, Weber Dam in Ionia County to mouth, September 1 through November 15; Kalamazoo River, Allegan Dam in Allegan County to mouth, September 1 through November 15; St Joseph River, Berrien Springs Dam and US-31 Bridge at Berrien Springs, September 1 through November 15; Cass River, Tuscola Dam in Tuscola County to mouth, September 1 through November 15.

continue through the first two weeks of October. Heaviest activity in streams will be in October and November. Salmon catches on the Great Lakes will come mostly by trolling with flutter spoons, plugs, flatfish, daredevils and flash-fles ahead of lures to attract the fish. In the streams, snagging where it is legal and stillfishing with flatfish and tadpollies will be most popular. With 300,000 chinook released in the Detroit River in June, the first significant number of salmon will be available for catching in Lakes Erie and St Clair. Those caught this year will be jacks weighing about two pounds with mature salmon running 10 to 20 pounds next season. No salmon runs are expected in the river this fall. A limited number of Atlantic salmon will be hooked for the first time along Lakes Huron and Michigan. A total of 10,000 each were planted in the Boyne and Au Sable rivers in 1972. Catches will run in three to eight pounds. When the Atlantics mature, they will run to 40 pounds. Their chief value is that they begin spawning runs in August, more than a month earlier than coho or chinook. The fish were planted to take the place of early spawning Alaskan salmon since runs of this strain proved erratic after the 1971 fishery. While Atlantics hooked in the Au Sable may be kept, those caught in the Boyne River must be returned to the water unharmed. Only artificial flies may be used in the Boyne until October 1.

Nick Blauwiekel son of Mr and Mrs Lawrence Blauwiekel, returned late Friday evening Aug 10 from a 5-1/2 week trip to Europe. During the time he visited Spain, Italy, Switzerland, France and England. Although Nick says he enjoyed the trip immensely, he would like to return soon to visit his favorite countries Switzerland and England. Mrs Dolly Cook spent the weekend in Durand with her daughter Mr and Mrs Al Fuja and family, the occasion being Mrs Fuja's birthday which was celebrated with a birthday dinner. Mrs Pauline Cook after staying a few days with her daughter, Mr and Mrs Virgil Pung of Ionia when she was discharged from Ionia County Memorial Hospital came home Friday. She had been a medical patient. Marcella Schueller, Mrs Irene Smith and Mrs Laurine Schafer were visitors at the home of Mrs Alberta Fedewa of Westphalia Thursday. Frank Heckman and Carl Schafer left Friday August 17, from Grand Rapids by plane. They expect to be gone 17 day enjoying a tour of European countries. Arnold Schafer was discharged from Carson City Osteopathic Hospital Saturday August 18. Baseball Sunday August 26 Portland at Pewamo. Mrs Crystal Ormston of St Johns and Mrs Laurine Schafer were visitors of Mrs Ormston's sister at Alma Thursday.

4-H Chatter

By JOHN AYLSWORTH

The 4-H Fair Livestock Sale Buyers Appreciation Dinner Sept 5 at Smith Hall in St Johns was very successful with approximately 170 members, parents, buyers and spouses attending. The group was treated to a barbecued steak supper. This dinner was financed by the Fair sale exhibitors and gave them a chance to become better acquainted with the buyers of their animals.

Production Credit Association and Federal Land Bank of St Johns were presented the permanent trophy as supporter of the Fair Livestock Sale by purchasing the Grand Champion Steer for the past 4 years. A new trophy will be secured for the buyer of the Grand Champion Steer in 1974 which will be rotated each year until retired.

Checks were presented to the exhibitors for the sale of

their animals which amounted to \$35,330.04 for 1973, which was a record high. The prices received for all their animals were the highest ever received at the Clinton County 4-H Fair Livestock Sale.

The youth and parents were very appreciative of the support shown by area businesses and individual buyers. Jim Pelham, County Extension director, gave a few remarks on the purpose of the livestock project and of the livestock sale at the fair.

Special entertainment was provided by Chris Howe of the Olive 4-H Projects who sang 4 songs.

4-H members planning to have beef projects for 1974 need to have their animals on feed and registered at the County Extension Office in St Johns by Jan 1.

In my earlier column about State 4-H Horse Show winners I forgot to mention that Karen Munson — Bath Lucky Riders 4-H Club — won a silver medal in Registered Quarter Horse Reining Class for members 15 years and older. Karen also placed 4th in horsemanship and received honor rating in her other classes. Our congratulations go to Karen on this award.

Horticulture leaders and teen leaders are reminded of the State 4-H Fall Workshop Saturday, Sept 22, 9 am - 3:30 pm Room 204 in the Horticulture Building on the Michigan State University Campus. The day's program will feature sessions on plant science, indoor plants, terrariums and cornhusk dolls. There is no registration cost and the people are urged to bring their lunch, terrarium and woodland plants.

4-H members raising pumpkins and sunflowers for their 4-H projects are reminded of the County Contest on Thursday, Sept 27, when they are to bring their biggest one to Smith Hall in St Johns between 7-8 pm for weighing and measuring.

There are prizes for the biggest ones. Something new this year will be a contest for the best tasting items made from pumpkins. This food contest is open to any 4-H member who would like to enter it.

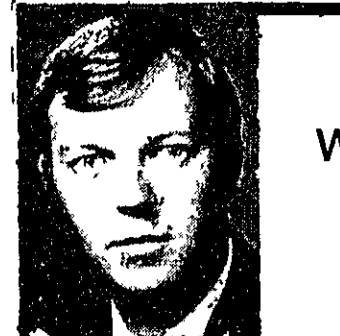

The Green Acres 4-H Club winter program sign up open house will be Sunday, September 15 from 1-5 pm at the home of Mrs Bruce Irish at 4040 East Taft Road St Johns. Anyone interested in signing up and cannot attend should call Mrs Irish at 224-4766.

The club monthly meetings will be held at the Olive Center School from 7:30-9:00 pm the first Monday of each month. The youth interested in joining the Green Acres 4-H Club are urged to contact Mrs Irish or before September 15 to find out what projects will be offered and to know how many will be in the club this year.

Silo gas can kill. And almost every farmer who puts up silage will be faced with this deadly threat.

Dead birds around these areas are clues that the gas is at dangerous levels. But many times the gas will be toxic and you won't be able to see these signs.

Don't take the chance. Even if the gas doesn't kill you, it can damage your lungs and cut down your oxygen supply for the rest of your life.

Safeguards against silo gas --

A. Stay out of the silo for a week, preferably 2, after the silo is filled. Never go into the silo alone during the danger period.

B. If you must enter the silo within 2 weeks, run the blower 15 to 20 minutes before going in. Keep the blower running while everyone is inside. Best bet is to wear a gas mask also.

C. If you experience the slightest throat irritation or coughing, get into fresh air right away. Immediate treatment by your doctor may reduce lung damage and keep pneumonia from developing later.

D. Keep children and animals away from the silo base during the filling period and for at least 2 weeks afterward. Keep the door closed between the silo room and barn to protect livestock.

E. Ventilate the silo room for at least 2 weeks after filling by opening outside doors and windows to carry away fumes. Remove the chute doors on the silo down to the level of the settled silage, this will permit natural ventilation at that point where gas tends to be concentrated.

CARLAND is small in number, but not to be outdone when it comes to giving to our fellowman. Our population is under the size of a village.

Four young teenagers had big ideas and started out with a 4 quart pail to collect for the Jerry Lewis-Teleton for Muscular Dystrophy, in Carland; to their great joy and amazement of adults, the boys collected \$75.00, which was later taken to the County's fish-bowl in Owosso. We thank the Wahlstrom and Gilbert boys for thinking big.

Carland United Methodist Women's Society of Christian Service met at the home of Mrs Richard Sloat in Carland this week with 17 members present to plan a ham or chicken-pie supper, which will be held October 13 at the Carland church house. Serving will begin at 5:30 pm, and tickets must be purchased in advance and will specify your preference of chicken-pie or ham. The donation accepted for the tickets is set at \$2.50 for adults, and \$1.25 for children under 12 years of age. The overall chairman of the supper is Mrs J. C. Bowen, and she may be phoned for reservations at 834-2353, or you may phone any of the other members of the WSCS.

Mrs Eva Munson was in charge of the evening's program, which was entitled, "Changes, Changes, Changes", and related our forever changing world of today; it relates to our young people and the society of the world.

Mrs Glen Brown, who is the Missionary chairman, read of the shortage of hospital beds and care of patients in Bangladesh; the population is so great there that they cannot supply the needs of the people.

"Made Rich, By A Poor Man", was read by Mrs Earl Darling; the poor man was and is Jesus, who gave and still gives life eternal.

The hostess was assisted by Miss Alta Mitchell in serving a buffet lunch before the meeting adjourned.

OUR GOAL

"To preserve our Heritage — The American Way of Life." is the goal of the Farm Bureau Committeewomen and the Farm Bureau women of Clinton County for the coming year.

The Program planning committee of the Farm Bureau women met at the County office on Tuesday afternoon and with the help of the District vice-chairman and the Regional Representative, planned the program for the coming year.

Included in our program, we aim to involve more young women (both group and non-group Farm Bureau members); promote our Michigan products; stress Safety and Health; Legislation; Roads; Marketing.

In our September meeting of September 4th, the business meeting starts at 10:30 am; picnic dinner at noon; afternoon program will bring Bill Kissane and his pictures of the Kissane Trip and visit to Ireland.

The October meeting should also interest most of the women as they will go by bus and visit the Kellogg Cereal Factory and also the Bird Sanctuary with a sack lunch at the Sanctuary. That will be on October 2nd.

The meeting closed with a snack of cupcakes and coffee. This meeting was attended by the county officers: Mrs Don Swargart, Mrs Wilbur Brandt, Mrs Ray Peck; Mrs Ray Moore; district vice-chair; Mrs Harold McMichael of Mason

and regional representative; Winston Ingalls of Lansing.

Mr and Mrs Lloyd Brocker were among the guests of Mrs Hattie Stocks of Owosso on Monday and helped her celebrate her 84th birthday. It was a surprise affair which delighted her very much. She said this was her second birthday party that she had ever had.

Mr and Mrs Ray Moore visited Mr and Mrs Tom Johnson of Price Rd on Monday evening and helped Julie celebrate her birthday.

Mr and Mrs Valentine Stoy and family attended the Baker Family Reunion Sunday held at the home of Mr and Mrs Clyde Peck of St Johns.

Mr and Mrs Ray Moore attended the Retirement Open House Sunday afternoon at Smith Hall, St Johns, honoring Earl Haas, Ag Agent of Clinton County. Mr and Mrs Ted Piotrowicz and family of Novi were Sunday visitors of their parents, Mr and Mrs Lloyd Brocker. Their daughter, Linda returned home with them after spending a week with her grandparents.

Mr and Mrs Fred Sehlike of Fowler, Mr and Mrs Lew Silm of Price Rd, Mrs Valentine Stoy and Carole were visitors of Mr and Mrs Ray Moore on Friday and helped Goldie celebrate her birthday.

On Wednesday Mr and Mrs Lloyd Brocker visited their brother-in-law, Ben Wolbers at Butterworth Hospital, Grand Rapids.

Pave waterways with grass will help control erosion

EAST LANSING--"Seed waterways by Sept 15 to prevent gully erosion," advises Russell Hill, soil and water conservation extension specialist at Michigan State University.

"Unprotected waterways speed up loss of top soil, gully formation and siltation pollution of lakes and streams," Hill warns.

Protection of these natural drainage ways is essential to allow them to help move water from the land without forming gullies or causing excess erosion.

Waterways must be wide enough to carry runoff water, have gradually sloping sides with the center slightly lower than the sides and covered with a thick stand of grass in order to be effective, Hill states.

Lime and fertilizer should be added after shaping. Plenty of plant food, especially nitrogen, is needed to form a quick dense sod.

"Creeping red fescue, domestic ryegrass, smooth bromegrass and redtop are recommended for waterway seedings as these grasses provide a thicker mass of root growth to hold the soil," Hill points out.

There were 18 members and 2 guests present when the Ovid-Duplain Library Club held its first meeting of the Club year on Friday, September 7, at the home of Mrs Ina Woodworth, assisting Mrs Woodworth were Mrs Fannie Call and Mrs Clayton Sherwin.

The Invocation was given by Mrs Ralph Baker. The Pledge of Allegiance and Collect were repeated in unison. The usual reports were given. Roll Call was Can you remember your first doll? All present did.

A letter was read from Girls Town. The members are asked to save Betty Crocker Coupons to help the Administrative Board purchase a van for the home. In gathering will be on October 6 at Bellevue. The new home will be dedicated at this time.

Mrs Ethel Bishop, of Fenmore was the speaker for the day. Her topic was Dolls around the World. The most interesting doll was one that she had made from a pattern that her mother made many years ago. The head was china. The doll was dressed in the style of the early 1900's. She makes all the clothes for the many dolls she has. She also had dolls that people had given her. These were from England, Ecuador, Switzerland, Czechoslovakia, Israel, Greece, Taiwan, Japan and Korea. Among others were a corn husk doll, a doll dressed by Eskimos, and American Indians. Also there was a doll dating back before 1880. After that time there was some kind of mark put on to signify the date.

Mrs Bishop was employed for several years by the School for the Blind in Lansing. She was presented with a gift from the Club.

The meeting in October will feature a luncheon at the home of Mrs Clarence Day in

Owosso. After the meeting the host for the Club will be Mr George Getman who will take them on a tour of a 102 year-old restored log cabin.

Middlebury News

There will be a family dinner reception at the Middlebury United Methodist Church Sunday, Sept 16, to welcome the return of Pastor and Mrs Brian Kundinger for another conference year and the honor of Pastor Brian's being Ordained. The affair is being sponsored by the Laingsburg and Middlebury churches. There will be a cooperative dinner at 12:30 pm followed by a short program. Those attending are asked to bring their own table service and sand-

wiches and passing dishes according to the size of your family. All interested are cordially invited to attend. Sunday, Sept 9, Jennifer Lynn and Mrs Kaye Potter and Carmelita Marie, infant daughter of Mr and Mrs Wayne Austin received Christian baptism during the morning worship service at the Middlebury United Methodist Church. Mrs Clarence Semans is a patient at Memorial Hospital in Owosso for observation and treatment.

The Burton-Carlend Farm Bureau group will meet Thursday evening, Sept 13, at the Middlebury Church with Mr and Mrs Charles Warren, Mr and Mrs George Warren and Mr and Mrs Vaughn Gruesbeck as hosts. A cooperative supper at 8 pm will precede the business session and program. The program topic will be "No Fault Insurance".

Ionia plans centennial

IONIA - Plans are being completed for the Ionia Area Centennial to be celebrated in Ionia, Sept 19-23. Attractions include medicine shows, husband and cow calling contests, a historical pageant, ox roast, dances and a parade.

This will actually be the 2d centennial celebration in the community, the 1st occurring in 1933 in observance of the settlement of Ionia by the Samuel Dexter pioneer colony. The upcoming centennial will be in recognition of the incorporation of the city of Ionia in 1873.

Although the celebration officially gets underway on Sept 19, events have also been scheduled for Sept 17 and 18. They include Old-Fashioned Bargain Days sales, a carnival and coronation ball.

Any Age

Cancer doesn't respect birthdays, it can strike young and old. But, explains the American Cancer Society, folks over 40 should especially remember to have an annual checkup including cancer tests. One of the important tests is called a "procto" and it's used to detect a very common form of cancer, colon-rectal cancer.

These people helped with migrant clinic

ST JOHNS - Each Monday night this summer from July 9 - Aug 27; a clinic for migrant farm workers was held at the St Johns Episcopal Church. The clinic has been a combined effort of many community organizations including the Clinton County Department of Social Services, United Migrants for Opportunity, Inc.; the Michigan State University Schools of Human and Osteopathic Medicine, and the Lansing Family Planning Center.

Over 100 migrant children and adults received various types of medical services at the clinic including medical histories, labwork, complete physical examinations, family planning, medication, and further medical and dental referrals when needed.

Many residents of St Johns and Clinton County volunteered their services to help make the clinic a success. The Rev Hugh Banninga made available all Episcopal Church facilities and Mrs Banninga and neighbors provided hungry medical personnel and migrants with coffee, cookies and sandwiches.

Dr George Bennett of Elsie and Dr W M Steigerwald of Maple Rapids worked in the clinic and helped in obtaining other medical assistance in the county. X-Rays and other analysis

were done through the Clinton Memorial Hospital.

Barbara Thelen of St Johns volunteered her services as a nurse and Howard Kremer, also of St Johns, organized and dispensed medications from the clinic pharmacy. Medicines and vitamins were donated for the clinic by the First Christian Reformed Church of East

Michigan's public enemy No 1 today is inflation the by-product of War.

Government is getting out of agriculture

The Government is very rapidly getting out of agriculture, according to Walter Wittenbach, Chairman of the Michigan State Agricultural Stabilization and Conservation Committee.

For the first time since 1940, the Government has no wheat in storage and for the first time since 1948, it has no corn in storage. Today we have an honest market governed by the law of supply and demand which the public and press have been demanding for many years.

Most of the CCC bins have been dismantled and sold. More than ever before farmers are storing their grain on their own farms. By doing so they can sell their grain when the price reaches its peak rather than at harvest time when the price is normally much lower.

WITTENBACH STATED

that as supplies of grain have tightened, it has become somewhat common for some to discredit and denounce agricultural exports. We have had a record growth in our shipments to other countries. This is very important to every US citizen. We are still in a very serious payment deficit with other countries. We have to export if we are to continue to import the foreign goods that the people of our country demand. This includes such things as foreign automobiles, electronics, photographic equipment, specialty and regular foods and fuel. We are highly dependent on other nations for fuel as we are for many other goods and services.

With the increase in demand abroad for food, we will probably have to pay higher prices for food if we want gas to power our automobiles.

SMART MONEY GOES TO COLLEGE

AND EARNS 9% INTEREST!

There are few sure things in this world, but at John Wesley College you can be sure your invested dollars will earn you a full 9% interest, plus a lot more.

Your invested dollars will provide the much needed additional housing for our rapidly expanding student body. Your invested dollars will mean we can renovate some of the existing buildings, and perhaps build some new ones.

Your invested dollars will grow. But growing right along with them will be the lives, skills, and futures of hundreds of young people at John Wesley College.

One thing for sure, it's a good investment and a worthwhile cause, plus the enrichment of young lives can be your dividend forever.

For complete information on our 9% investment program, please mail the coupon below or call us collect now.

Yes! Please forward complete information on how I can earn 9% interest by investing in the students of John Wesley College.
