Kelley rules

Tape ban illegal

The Clinton County Board of Commissioners was overruled Monday by the state's attorney general when he approved the use of tape recorders by the broadcast reporters.

Frank J. Kelley said that any action taken to bar tape recorders used by the press at public meetings of the county commission was illegal.

North Clinton Avenue traffic control revamped

By TOM McLENEAY
News Staff Writer

A new traffic control order for N. Clinton Ave. highlighted a busy night at Monday's regular meeting of the St. Johns City Commission.

order will go into effect as soon as the proper signs are hung over the street and until the street is re-painted to indicate a left-turn lane in the center.

personally to the owner or manager of the theater before today's showing.

Commissioners agreed that the original traffic control law instituted at their Aug. 24 meeting was not the answer to the traffic problems on the much traveled downtown street. The original order limited traffic on the street to one lane in both directions.

Commissioner James M. Grosz brought up the matter saying that a solution to the existing problem would be to use the now yellow-painted center lane of the street as a left-turn-only lane to alleviate the congestion that has been brought about because of the original single-lane set-up.

Other business at Monday's meeting included: Granting of an easement to the Clinton National Bank of St. Johns to construct a pneumatic tube system underground from their new drive-in facility on the southwest corner of Higham St. and Spring St. to their main building on the corner of Walker St. and N. Clinton Ave.

Fire Chief Clare Maier told the commission that during a fire call Monday afternoon, the light at Higham St. and N. Clinton Ave. changed colors three times before he traveled the one block between Walker and Higham Sts. on N. Clinton Ave.

Group seeks ban on films

The showing of a controversial film in St. Johns has aroused a group of citizens to submit petitions to the theatre management in hopes of allaying further presentation of what the group feels to be offensive and valueless movies.

Clinton County News was informed late Tuesday morning of the aims of the group which are directed against the showing of a film named by three major news magazines as being poor in technical and story qualities.

Commissioners say: 'No recorders'

To allow tape recorders or not to allow tape recorders, that was the question at the Sept. 8 regular meeting of the Clinton County Commissioners.

media representatives introduce their new members to the commission? Are they trying to sneak someone into the meeting?

when the commission reconvenes its recessed meeting of Sept. 8 on Sept. 25 at 8 p.m.

The commission had voted before on the legality of the recorder at a previous meeting but another vote took place at last week's meeting and the recorder was voted down a second time with only six of the eleven commissioners voting for the recorder.

County Prosecutor Patrick Kelly wrote a letter to the commissioners saying that the commission has the right to regulate and determine the management of their meetings and anything connected with them.

An announcement was made that a public meeting of the allocation board would be held at 8 p.m. on Sept. 23 with city and township officials to discuss the set millage issue. The meeting will be in the circuit courtrooms in the county courthouse.

GM suppliers aren't worried at strike start

Two local General Motors suppliers say the strike won't hurt them "too much" if Ford and Chrysler stay in production.

"We supply piston rings to all three of the big car companies, so, we won't be affected as much as if we only supplied GM."

Clinton's merchants offer great Bazaar values

Tenney to oppose Mayor Keck, 8 candidates file for city council

The DeWitt City Council witnessed the filing of four more names for city government spots to be determined by voters on the November ballot.

Stanley Tenney has filed to oppose Incumbent Mayor Lawrence Keck for the chief city post in the general election.

Floyd Fowler, Paul Mulford and Ronald Simon are the new declared candidates for three four year term council seats. They join Raymond DeWitt, Robert Ballard and Duane Zeigler who had already declared.

DeWitt, Zeigler and Mulford are incumbents. Those who have filed for the remaining seat, a two-year term, are incumbent and current Mayor Pro Tem Keith Blizzard and Theodore Ward.

In other action, the council: -Voted to approve the low bid presented by Ace Wrecking Company of Lansing to demolish the old building adjacent to the municipal hall, currently used for storage.

The firm submitted a bid of

\$995 to remove the building, salvage material and level the ground. The council accepted the bid, allowing a one-week time limit for the work.

Company officials had indicated that it would take one or two days to complete the work.

-Approved a capital improvements financing plan for \$8,000 for the construction of a new municipal garage due for completion Sept. 30.

The city officials plan to levy a 1.7 mill tax which will be collected on the summer tax rolls in 1971.

They indicated that an alternate form of taxation would be to include it as part of a general fund levy.

-Approved a one-year extension on a permit issued to Victor Brya to maintain a mobile home on his lot along DeWitt Road. It is located adjacent to an old farmhouse, that has not been maintained for some time, councilmen said.

They indicated that Brya assured them he would begin repairs and renovation in the spring, when he retires from his

current job.

Councilmen, in extending the permit, cited a similar permit issued by the county to Brya. They noted that the grounds had been kept in order and did not present an unsightly nuisance.

-Approved the option for city employees to convert the present term insurance paid by the city into permanent insurance, providing the employee pays the balance of the increased premium.

Part time employees are currently entitled to \$5,000 in life and dismemberment insurance, while full-time employees receive \$10,000.

The city employees 28 persons. -Approved an amended city ordinance establishing stricter controls and limits on a city-wide curfew.

The ordinance stipulates that no person under the age of 21 congregate or loiter in public between the hours of 10 p.m. and 6 a.m.

It further stipulates that anyone encouraging or aiding a minor in violating the curfew hours would also be liable under the act.

Fine and sentence for the violations are spelled out at \$100 and/or 90 days in jail.

The ordinance will become effective Sept. 16.

Councilmen hastily added that the enforcement will be used with discretion and students attending football or basketball games or other legitimate endeavors would not be arrested.

IS THIS YOUR PROPERTY?

If it is, you better get it cleaned off by Oct. 1. That's the date that township police will begin handing out summons to those property owners who persist in leaving junk cars of any description on their property. A 10-day legal notice will be given to the property owner to get rid of the junked motor vehicle, after which a summons will be issued. This ordinance will also include any other junk that is lying around in a decaying situation.

Meet Sept. 22

Clinton's elderly will speak out at White House Forum on Aging

Older residents in Clinton County have been asked to attend a White House Community Forum Sept. 22 to discuss the quality of life for the elderly in America.

Mr. Clarence A. Hill, 604 Meadowlawn, Lansing, forum chairman, said the meeting is the first phase preparing for the November, 1971, White House Conference on Aging called by President Richard M. Nixon.

As part of the conference's overall theme, "Older Americans Speak to the Nation," Clinton County's elderly are encouraged to speak out on their needs, concerns, and possible solutions, Hill said.

The forum will be held at the Episcopal Church meeting room in St. Johns beginning at 1 p.m.

In addition to speaking out, participants will be requested to complete questionnaires relating to the areas of income, health,

nutrition, housing transportation, employment and retirement, education, roles and activities, and spiritual well-being, Hill said.

The questionnaire will be used by a series of task forces composed of experts in the various fields affecting the aging and will be used in preparing Michigan's resolutions and recommendations for the State White House Conference on Aging and the 1971 White House Conference in Washington D.C.

Such data could be used to prove the need for low-cost government housing for the elderly or improvement in the social services programs.

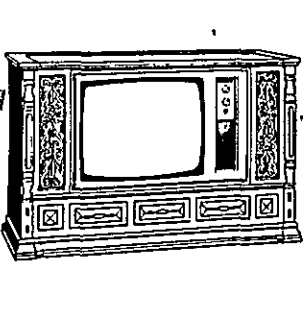

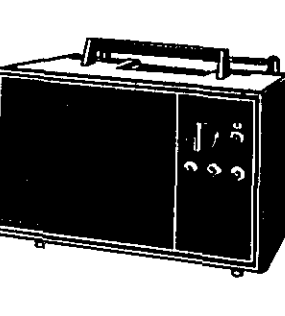

Hill is also serving on an Advisory Committee for the White House Conference which serves as the liaison between the community and the state commission.

Hill said that other people involved in the local community forum are city and county government officials, churchmen and school officials.

Bike check Saturday PWC remind parents

Concluding a week of bicycle safety programs in the St. Johns schools, local bike riders have been invited to participate in a safety checkup Saturday, according to the People Who Care civic group backing the event.

Children have been requested to attend the check point at one of four locations nearest their homes on Sept. 19 from 9 a.m. until noon.

Carol Maples, representing the group, noted that a series of points will be covered during the safety check, especially the presence of a bell or horn on the bicycle.

She said that city ordinance requires that a bell or horn be attached to the bicycle.

All bicycles will receive certification through the city police department for either day-only operation, without a light, or both day-night riding.

Other points on the checklist are an inspection of tires and valves, spokes, brakes, rear red reflector, chain, handle grips, pedals and tightened bolts.

Mrs. Maples also noted that the school check-point with the largest percentage of attendance will be awarded a trophy.

The four locations will be Perrin-Palmer school, East Ward school, Swegles school and the park pool parking lot.

During the week, designated bicycle safety week, Rev. Hugh Banning of the St. Johns Episcopal Church and city police Sgt. Lyle French conducted safety programs in the schools.

They will be at Perrin-Palmer school today with classes for first and second graders at 8:45 a.m. and for third through fifth grades at 9:45 a.m.

A class at the junior high school is planned for 12:30 p.m. They will conduct classes in bike safety at the St. Joseph school Thursday between 8:45 a.m. and 10:25 a.m.

Weekend carnival for dystrophy boy

Saturday is the day for a neighborhood carnival that will be held in honor of David Lundy, a boy stricken with muscular dystrophy.

The carnival will be held at St. Johns Episcopal Church at 404 E. Walker, and will start at 9 a.m. Games at the carnival will include bowling on the green, a marble roll, a pie plate tossing contest, hit the man and a ball roll.

Prizes and refreshments for the carnival are being donated by the merchants of St. Johns. For further information, you may call 224-4013.

Announcement

Fish Creek Sportsman's Club of Carson City will sponsor a Turkey Shoot Sunday, Sept. 20 from 9:30 a.m. to 5 p.m. The event will be held 4 miles west of Carson City.

Events will include trap, skeet, mo-skeet, running deer, small bore rifle and lucky shotgun with prizes of turkeys and chickens to be awarded.

Refreshments will be served by the boy scouts.

3,000 visit Bee's during open house

Over 3,000 persons streamed through the new Bee's Chevrolet-Oldsmobile auto agency last Friday and Saturday during a two-day celebration that marked the official opening of the sales-service complex.

According to owner manager Bernard Feldpausch, registrations in the guest book were made by visitors from such distant points as Detroit, Jackson and Charlotte but the greatest percentage of entries came from counties in the mid-Michigan area.

Highlights of the event were display of Chevrolet's experimental "Astro-vette" and visits to the various departments of the uniquely designed complex. Caping the activities was a dance in the showroom Saturday night from 9 p.m. to 11 p.m.

Monday morning Feldpausch expressed gratitude to area residents who attended the open house and extended a special note of thanks to suppliers and sub-contractors who worked on construction of the buildings.

"This has been a gratifying weekend," Feldpausch said. "We at Bee's extend our appreciation to all who visited us and hope while they enjoy their honey they'll be thinking of 'Bee's'."

Sample packets of honey were given to visitors who attended the open house.

"Hello, This is Carol Flegler, Sue Smith or Linda Devore, calling for the Clinton County Republican Party." This greeting by any of these three girls has raised some misunderstanding among area residents who thought the girls were representing the Clinton County News. 'Desperation' letter wins \$1 bet

"I'll bet you he did!"

"In fact, I'll bet you a dollar he did!"

"Okay, you're on. Now prove he did."

That's the way it started for Edward Robinson Jr. of Ovid. In a good-natured argument with a friend, Robinson bet \$1 that Gen. George S. Patton had participated, early in this century, in the Olympics.

While some friends scoffed, Robinson set out to prove his point.

Not finding the information at hand, he wrote a letter to a Detroit newspaper requesting them to check their files to see if they could come up with the answer.

Unfortunately they did not reply.

Robinson's friend demanded his \$1.

"Not so fast," said Robinson. He checked with the United States Military Academy, "almost in desperation," he recalled.

To his surprise, he received a reply last month in the form of a letter with several magazine articles attached.

The answer: George S. Patton, indeed, participated in the Olympics—1912 at Stockholm.

Robinson pointed to the article in Assembly magazine dated January 1947, and one paragraph near the end of the piece.

"Transferred to Fort Myer, Va. in the fall of 1911, Patton commenced training for the 'Modern Pentathlon' at the Stockholm Olympics in the summer of 1912.

"He was the only American to enter this event, which placed him in competition with many veteran athletes of European nations. The Pentathlon included pistol firing, a 300-yard swim, fencing, a 5,000 meter cross-country ride (horseback) and a 4,000 meter cross-country run, in which exhausted, he finished second to the Swedish champion. In the final score Patton stood 4 among 43 contestants. . ."

The letter from the academy was written and sent by Stanley P. Tozeski, chief of the archives and history section of the USMA library.

Robinson proudly displays the letter and the magazine article to the interested.

Robinson indicated that the argument that started his search was spurred by a recent showing of a motion picture dealing with the life of Gen. Patton.

"But I still haven't received my \$1," he said.

Michigan has hints of autumn

Signs of the Zodiac foretell the advent of Michigan's autumnal face. Slowly, gently the first hint of autumn arrives on the shores of the upper peninsula in a montage of hues and tones, then explodes into a wild array of brilliant color. The landscape of both peninsulas is quickly transformed into a magnificent panorama of eye-dazzling beauty with its rainbow-like foliage.

For the thousands of visitors who come to view nature's unequalled color show, many Michigan communities stage local events built around a changing landscape, according to the September-December Michigan Calendar of Travel Events, just released by the Michigan Tourist Council.

Just as nature changes the face of Michigan, the fall calendar has a new, fresh look. Michigan's four great seasons, reflected in the signs of the Zodiac, appear on the cover of the all new Michigan Calendar of Travel Events. For the first time, too, major professional and university sports events are included among the things to see and do. And, the hunter and fisherman have been given special attention in a new listing of "Sportsmen's Seasons".

PRECEDING AUTUMN'S outburst are two traditional events scheduled for the Labor Day weekend. A re-enactment of the landing of Father Marquette, "The Black Gown Tree Pageant", will be performed at St. Ignace, September 4-6, and on September 7 is the annual five-mile walk across the Mackinac Bridge spanning Michigan's two peninsulas. Pedestrians are permitted to walk the bridge on only one day each year—Labor Day.

Among the color-oriented activities included in the calendar are the Autumn Color Festival at Bellaire, October 9-11; the Gladwin County Color Tour beginning in Gladwin on October 11 and a Color Cruise at Charlevoix, October 11.

Michigan communities have scheduled a wide variety of activities for September travelers. There is the Parade of Nations Fall Festival in St. Louis, September 9-12; an Oktoberfest at Mt. Clemens, September 11-27; the Historic Home Tour in Marshall, September 12-13; and Snowmobile Drag Races in Ishpeming, September 13.

The colorful month of October is teeming with local events offering something for everyone. Included in the calendar are Red Flannel Day in Cedar Springs, October 3; the Marquette County Harvest Festival at Marquette, October 8-10; the Winter Sports Show at the Artillery Armory in Detroit, October 17-25; and the Fine Arts Festival in Lansing, October 25-November 1.

IN NOVEMBER, Michigan vacationers can choose from such events as the Red Coat Round-up in Grayling, November 14-16, and the Automobile Show at Cobo Hall in Detroit, November 21-29.

Michigan's December activities are imbued with an aura of the impending joyous holiday season. The entire family can participate in such events as Christmas Trees Around the World at the Nature Center in Kalamazoo, December 8-27, and Christmas in Greenfield Village, Dearborn, December 11-31. For those who crave excitement in the great outdoors, the place to be is Harrison on December 26 for the Snowmobile Races.

More than 100 community events are on tap in Michigan from September through December. For information about these activities, write for a free copy of the Michigan Calendar of Travel Events, available from the Michigan Tourist Council, Stevens T. Mason Building, Lansing, Michigan 48926.

New nylon on the local scene

By LORRAINE SPRAGUE
Extension Home Economist

"Quilana" nylon appeared on the fabric scene several months ago and has made its local debut.

Advantages listed for this newer fabric include wrinkle resistance, shape retention, colorfastness, and water spot resistance with the option of either dry cleaning or laundering. Sounds quite wonderful, doesn't it?

Sewing techniques for "Quilana" seem to be quite similar to those for other synthetic fibers with only a few changes suggested. In general interlinings, linings, tapes and bindings of nylon or other polyester fiber are recommended since they do not shrink under normal conditions. If cotton zipper tapes are used, they should be preshrunk before they are sewn into the garment. Should findings that are commonly used for tailoring wool dry cleanable jackets, coats and suits be used with Quilana, these should be preshrunk.

Small, smooth pins and needles

should be used to prevent permanent holes in the fabric. Pinning and basting should be done outside the stitching lines to further prevent permanent holes from developing.

Tailors chalk is recommended for marking as wax marking materials are very likely to leave greasy stains. It is advisable to test any marking techniques before using them to be sure they will perform satisfactorily on this nylon fabric.

A small round hole in the sewing machine throat plate should be used to prevent puckering. A fairly good substitute, if a round hole throat plate is not available, is to use strips of paper between the fabric and throat plate. Slight puckering during stitching may further be eliminated, or at least reduced, by applying just a little tension to the fabric both behind and in front of the needle. Care must be taken not to pull the fabric through the machine, however.

Testing for correct machine pressure is important to prevent stitching lines and the shifting of the two layers of fabric. This

may mean adjusting of the presser foot weight until correct pressure is obtained.

As with any fabric, proper pressing is important to a professional looking finished garment. Each seam should be pressed before it is crossed with another seam. Steam, a silk-to-wool setting, paper inserts under seam and dart lines and pressing on the wrong side all help in giving such a professional appearance. If necessary to press on the face side of the garment, a press cloth will prevent a "shine."

Experienced sewers will recognize these suggestions as being not too different from those for most synthetic fibers. Some "know-how" plus a willingness to "test-before-doing" will result in lovely, easy to care for clothes.

Ballenger aids top GOP brass to draft platform

State Rep. William S. Ballenger (R-Ovid) displayed three "hats" during the Republican State Convention in Detroit. He arrived as a delegate, then represented the central committee on the platform committee, and helped write the party's 1970 platform. His drafting efforts were approved by a near-unanimous vote and one amendment. During the deliberations, Ballenger seconded the nomination of David Diehl as a party candidate for the Michigan State University Board of Trustees. Ballenger, 29, is vacating his House seat this year to run as the GOP candidate for the state Senate.

Insurance group offers dividend

Auto dividends for policy holders, amounting to \$300,000, effective Sept. 1, was announced last week by the Farm Bureau Insurance Group of Lansing. The new dividend, 10 per cent of each insured's semi-annual premium, is the fifth auto dividend declared by the firm in less than three years, during which \$1,500,000 in dividends have been paid. Company spokesmen indicated that it is the 14th dividend in the firm's 21 year history, and this year's return will benefit more than 35,000 auto policyholders. The Farm Bureau Insurance Group operates through 47 Michigan offices with 330 representatives servicing about 220,000 policyholders.

LET US HELP YOU PLAN YOUR COMPLETE HOME

PLANS AND PRINTS:

When it comes to prints and plans we have a variety of models and types of homes to select from that you can inspect.

BUILDING SITE:

If the building location is a problem we can help you find the right lot for your home.

FINANCING:

Bank and Government financing available.

COMPLETE HOME:

We can have you into your completed new home in just a few weeks.

A new home is in your budget with monthly payments that are often less than your rent payments. If you have a lot or enough cash to get some property, we can build you a 3 or 4 bedroom home, with around \$100.00 closing costs and interest rates you wouldn't expect with no penalty for advance payments. Also, the payments are set up so most any budget can live with them. For more information call FEDEWA BUILDERS, INC., 6218 Wright Rd., Fowler, 587-3811 or stop in at our office located 5 1/2 miles South of Fowler.

Should be good year

Over million coho await fishermen

Although the Chinese Calendar lists 1970 as the "Year of the Dog," Michigan fishermen will find this is definitely the year of the salmon.

And what a year it should be. For the first time since salmon were planted in Great Lakes tributaries four years ago, more than one million adult coho and chinook will be available for catching in Lakes Superior, Michigan and Huron.

If Department of Natural Resources officials are correct, approximately three-quarters of these adult salmon will become prized trophies or sumptuous meals before coho and chinook runs are completed.

"The major attraction for anglers will be giant chinook that will weigh up to 50 pounds," explains Jerry E. Fisher, Automobile Club of Michigan touring manager. "Early reports of chinook weighing 80 to 90 pounds being sighted show salmon fever is spreading quickly, if not accurately."

COHO FISHING pressure once again will be heaviest along Lake Michigan, where over three million fish were planted in the spring of 1969 compared to only 500,000 in both Lakes Superior and Huron. In all, 24 streams will have coho runs this fall.

Mature chinook runs will be heaviest in five streams—the Big Huron River and Cherry Creek along Lake Superior, the Ocqueoc River along Lake Huron and the Muskegon and Little Manistee rivers along Lake Michigan.

Lake Michigan salmon will be larger than those in the other

lakes because of the abundance of their food supply—alewives and smelt. Although some chinook will run between 35 and 50 pounds, most will be between 15 and 35 pounds. Coho will be in the eight to 18-pound range.

THE LARGEST chinook was caught earlier this month; it weighed 35 pounds and was taken in Lake Michigan off Muskegon. The biggest coho weighed 21 pounds and was taken in 1967 from Lake Michigan near Manistee.

This year salmon fishing activity began to peak in July on Lake Michigan, with activity on all three lakes expected to be highest later this month and into September as coho and chinook gather for spawning runs at the mouths of streams in which they were planted. The runs extend through early November.

Salmon season ends December 31 on most small streams while it is allowed year-around on major rivers and the Great Lakes.

Among more liberalized rules approved by the Natural Resources Commission is the raising of the legal size of salmon fishing hooks for inland waters to three-quarters of an inch, that measuring between the point of the hook and shank. The larger hook size is considered better for taking the large chinook. Last year's limit was one-half inch.

Salmon still may only be taken by conventional hook and line fishing. Anglers who foul-hook salmon under this type of fishing may again keep these fish as part of the daily creel limit of five.

Wayne's 1971 Capri tops Clean Air race

A 1971 Mercury Capri entered by Wayne State University in the 1970 Intercollegiate Clean Air Car Race was named the winner Wednesday night (Sept. 2) from among 42 entries representing 28 American universities, two Canadian colleges and two high schools.

Object of the 3,000-mile seven-day race from Cambridge, Mass., to Pasadena, Calif., was to spur interest among students, automakers and the public in the search for a feasible, practical low emission automobile.

Wayne State, located within 10 miles of the administrative offices of the Big 4 automakers, was judged by a panel of experts in Pasadena to have come closer to that objective than any other university.

The four Wayne State students driving the modified car were Brian J. Geraghty, of Farmington, a candidate for a master's degree in industrial engineering; Michael J. Riley, of Southgate, who is working toward a master of business administration degree; Alden Raquepau, of Warren, and John S. Karol, of Royal Oak, both seniors in mechanical engineering.

The Capri, furnished by the Ford Motor Co. and powered by a modified 302-cubic inch V-8 engine burning lead-sterile fuel (more lead-free than unleaded gas) compiled this record while

on the road: —Topped all entrants with 797 of a possible 1,000 points in a performance test covering acceleration, braking, noise level and simulated urban driving conditions.

—Scored 943 of a possible 1,000 points on fuel economy, averaging more than 23.5 miles per gallon while being tested between Ann Arbor and Oklahoma City.

—Earned 997 of a possible 1,000 points for driving each of the seven legs very close to the allotted time specified by the CACR rules committee.

—Tied with two other entries for best and lowest overall emissions in a test at Cambridge, and did exceptionally well in subsequent tests in Detroit and Pasadena.

Modifications made by the students to the big winner included installation of an electric "in-tank" fuel pump, an exhaust gas recirculation system, a spark delay valve, a controlled engine environment carburetor air cleaner and dual Englehard catalytic converters, in addition to stabilizing the air-fuel ratio of the standard two-barrel carburetor.

All modifications made by the team were, of course, aimed at reducing emissions and at winning the rally-tape race. The students succeeded admirably.

Shepardsville

By LUCILLE SPENCER, Correspondent

Dane Flegle has returned home after six months training in the National Guard at Fort Bragg. He expects to attend Michigan State University this fall.

Lee Ann Flegle has obtained a teaching position in Grand Rapids and moved there Sept. 6.

Mrs. Hilma Steljes and Mrs. Esther Rula of Lansing called on her brother, Spencer Barlett and her uncle, John Spencer.

Mrs. Kenneth Scott and infant daughter of Phoenix, Ariz., spent Labor Day weekend with her parents, Mr. and Mrs. Dale Squiers. Church School classes resumed on Sunday, Sept. 13 at the Shepardsville United Methodist Church.

Mrs. Margaret Kelly is still in the intensive care unit at the Memorial Hospital in Owosso. Her family reports that she is slowly improving.

The Annual Charge Conference for the Shepardsville and Price United Methodist Churches will be held on Sept. 20 at the Price Church at 3 p.m.

19 children and grandchildren from Rogers City, Detroit and the Ovid area spent Sept.

6 at the Ralph Bakers. The occasion was to observe the birthdays of Ralph and his son, Keith.

24 members of the Ovid-Duplain Library Club met at the home of Mrs. Charles Walker on Friday, Sept. 11. A book was presented to the Ovid Library in memory of Mrs. Lynn Durward. Rhonda Woodbury of St. Johns showed pictures of the Alps. She was an exchange student sponsored by the St. Johns Lions Club and spent six weeks in southern France near the Swiss border. The next meeting will be on Oct. 1 and will be a trip to the Martha Dixon Show at the WJIM Studios in Lansing.

Don't forget the public supper and bazaar sponsored by the Shepardsville United Methodist Church on Sept. 24. Serving will begin at 5:30 p.m. A free will offering will be asked for the benefit of the building fund.

During the Worship Service on Sunday morning, Sept. 13 Bibles were presented to Mary Pitt, Bruce Davis, Donald Miller, and Brian Hettinger. These children were promoted into the junior department of the Church School.

NOTHING'S SACRED BUT WHO CARES?

With the help of a female on the team, Clinton County's 4-H softball team won the runner-up spot in the state softball junior tournament Aug. 27. Rita Horman (kneeling, right) helped spark the team at Michigan State University's 4-H Youth Exploration Days. Team members are, from left, William Horman, Ricky Dunigan, Earl Flegler, Jr., James Eaton, Allan Sehke, Charles Sillman and Miss Horman. Standing are Mark Martens, Mark Witt, Jim Schumaker, Ron Dilts and coach Charles Silm.

Two corrections are needed in a story that appeared last week in the News. The story concerned the public use of the swimming pool at St. Johns High School. The story indicated that the cost for groups on Monday nights would be 25 cents for people in the school district and 35 cents for those outside. The price for groups is actually \$25 per group inside the district and \$35 for groups outside the district. The other oversight is that families may only swim on Thursday nights instead of both Tuesdays and Thursdays.

Outdoor Notes

Michigan's Department of Natural Resources this week extended its fishing information "hot line" in Lansing to an around-the-clock combination of live and taped reports open to angler phone calls 7 days a week. The expanded service is designed to field the hot line's increasing phone load, now heavily filled from fever-pitched interest in this state's salmon fishing prospects. Under the new change 2 hot line "answer men" are making live reports on all phases of fishing from Monday through Friday between 8 a.m. and 5 p.m., EST. Up to now, the DNR has

had one man "on the hook" who has been able to handle about 100 calls on peak days. He estimates that for every call answered there have been 2 or 3 more not getting through. During weekday hours between 5 p.m. and 8 a.m. when he and his back-up man are off duty, the hot line service provides short taped reports on salmon fishing only.

On weekends, taped information on salmon action is available day and night to anglers who dial the hot line. The hot line's working number for all calls remains 373-0908 under Area Code 517. Collect calls cannot be accepted. The DNR plans to operate its expanded hot line service through October to cover the peak period for salmon fishing.

Former St. Johns aviatrix seeks win in women's air race

Mrs. Kathleen Gerhold of Corunna and a former St. Johns resident, will be among 60 female pilots entering the Oct. 3 Small Plane Race at Coldwater.

Mr. and Mrs. Preston Corson of Maple Rapids and is a former employe of the zoning administration and veterans counseling. A private pilot, Mrs. Gerhold has logged over 100 hours in

single engine aircraft working on commercial and instrument ratings. She is a member of the Flint Aviatix Club and a member of the 99's, an international organization of licensed women pilots founded by Amelia Earhart.

The 15th annual race is officiated by the Michigan Aeronautics Commission and is sanctioned by the National Aeronautics Association.

Former St. Johns aviatrix Mrs. Kathleen Gerhold of Corunna, with co-pilot Elden L. Chambers, will attempt the 200 mile race Oct. 3 from Coldwater, competing with 59 other women for the traveling trophy and prize money.

A round-robin event of about 200 miles, the race will start and end at Coldwater and includes at least two check points enroute. The exact course will be revealed after all contestants' planes have been impounded the night before the race.

Women pilots may fly solo or be accompanied by co-pilot in a stock model single or multi-engine aircraft of not more than 420 horsepower and the engine must have been manufactured since Jan. 1, 1954, of U.S. design and build.

Prizes totaling in excess of \$1,000 in cash and trophies for first through fifth place will be awarded.

The Paul Bunyan Traveling Trophy will go to the first place winner.

Accompanying Mrs. Gerhold as co-pilot will be Mr. Elden L. Chambers, a commercial pilot with multi-engine and certified flight instructor ratings. They are sponsored by the Owosso Aviation Inc.

City musicians begin rehearsal

St. Johns string musicians will prepare for new symphonic season Thursday as rehearsals start at 7:30 p.m. in the St. Johns High School music room.

The orchestra, billed as the community orchestra, is composed of St. Johns High School students, past and present.

A five-week summer orchestra program proved to be worthwhile according to a spokesman for the group.

About 35 students participated in the program.

Four St. Johns students attended a music camp during the summer and were awarded valuable scholarships.

John Eldrich attended Michigan State University for four weeks while Ann Davis, Barb Idzkowski and Kim Thrun attended the National Music Camp at Interlochen for two weeks.

The St. Johns Orchestra has ensembles which are available to area groups and organizations to perform at meetings, luncheons and other gatherings.

Information about the orchestra can be obtained from William Tennant at the St. Johns Schools.

New Michigan deer laws restrict antlerless hunting in north region

Deer hunters will find limited action this year in the Upper Peninsula according to recent state hunting legislation.

The U. P. will be restricted to bucks-only hunting during Michigan's 1970 firearm deer season set for Nov. 15-30.

The major change honors a legislative resolution calling for a moratorium on shooting antlerless deer with firearms above the Straits.

Licensed archers may still take antlerless deer in that part of the state during the bow and arrow season.

In other notable changes from last year, antlerless deer hunting permit quotas have been cut 44 per cent for the northern Lower Peninsula and increased slightly for southern Michigan.

The sharp permit reduction for northern Lower Michigan is designed to promote a buildup of whitetails in those areas where there are good signs that the animals have been balanced within their range as the result of past antlerless harvests and commercial timber cuttings.

That region's total permit quota for 1970 is about 69,000 compared with 119,000 last year. For southern Michigan, this year's permit level has been raised to 19,795, which is about

1,000 more than last year. The reason given for the increase is to prevent the rising crop damage and possible car-deer collisions on the roads.

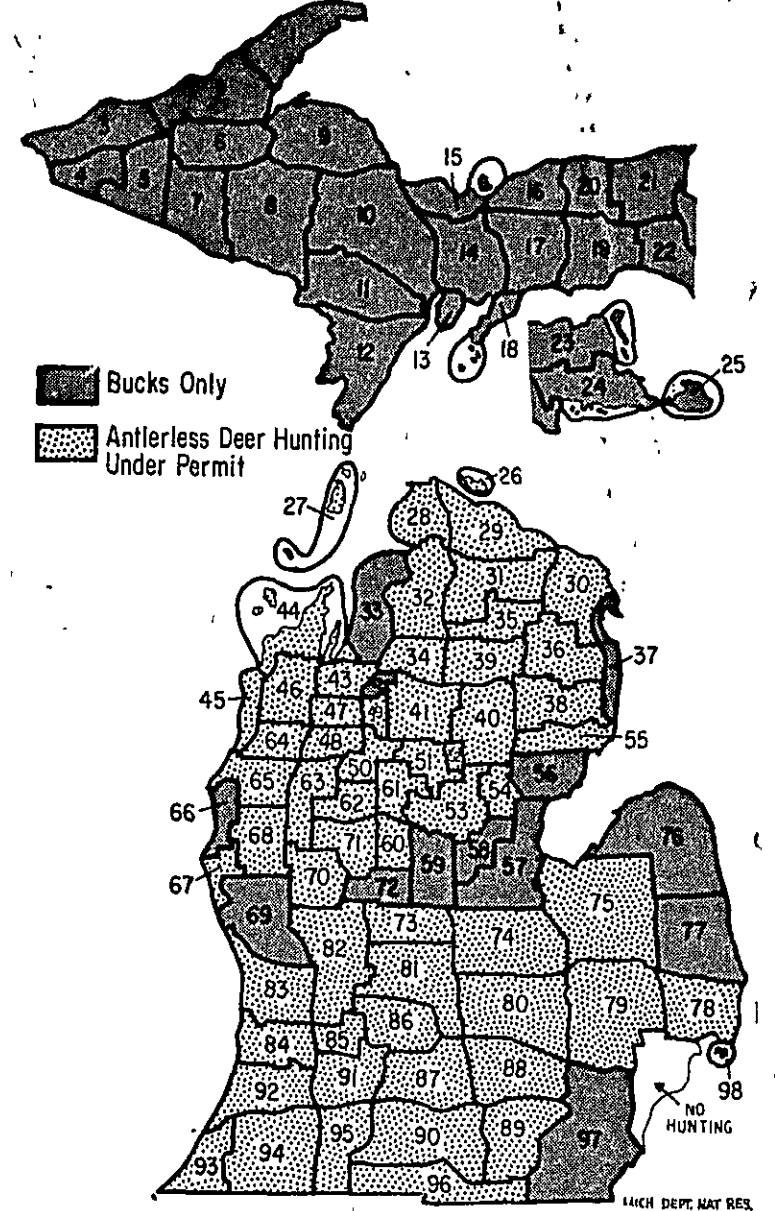

Hunters planning to seek this season's antlerless deer permits should do so as soon as the application forms and 1970 firearm deer licenses reach local dealers in September.

Instructions for filling out applications appear in copies of

Michigan's 1970 deer and bear hunting rules which hunters may pick up when they buy their licenses.

Sept. 30 is the deadline for postmarking applications. Sportsmen are not required to apply through the mall for permits covering the Beaver Island Wildlife Research Area. They may hunt antlerless deer without permits in that area this season, according to the state department of natural resources.

Quarterback, Solid Defense Highlight Redwings Grid Season

JEFF SMITH

Quarterback depth and a stalwart defense seem to shine through this fall for the Redwings of St. Johns High School and their head coach, Jeff Smith.

Randy Atkinson and Ken Schueller have been vying for the coveted position of starting quarterback ever since practice sessions got underway a few weeks ago.

Defensively, the Redwings are strong! They displayed this fact Thursday at Atwood Stadium in Flint during their scrimmages with Flushing, Bay City Central and Flint Northern High Schools. Both the varsity and junior varsity teams made the trip to Flint.

Atkinson quarterbacked for most of the night Thursday and seemed to have a good foothold on the starting berth. Schueller won't be sitting on the bench, though. He doubles as a quick, scrappy defensive back.

Defense is the Redwing's second forte. They began proving this Thursday when they held both Bay City Central and Flint Northern to their least offensive yardage of the night.

In a solid gesture of respect, the entire Flint Northern squad congratulated the Redwings on their play against the strong Flint school. The final outcome of the scrimmages won't be known until Friday when the Redwings take on Mason there at 7:30 p.m. for their first game of the 1970 season.

Weaknesses do prevail on the Redwing team. Head Coach Smith said they were in both the offensive backfield and line. The line doesn't seem to block when it has to. It was lax Thursday at Atwood Stadium. Atkinson got rushed frequently during the night.

Twenty senior lettermen are on hand to bolster the squad. The majority are linemen and they include Eddie Boettger, Dave Flermoen, Larry Vitek, Larry Wakefield, Thomas Rasdale, Roy Pederson, Dan Stockwell, Randy Atkinson, Luane Lumbert, Brad Huntley, Buddy Barnes, Jim Findlay, John Smit, Gary Burk, Steve Mead, Boyce Maynard, Kent Murton, Larry Hayes, Gary Rademacher and Greg Crawley.

The St. Johns Redwings boast a wealth of experience in 21 returning lettermen ready to face their first grid contest of the season Friday at Mason. First row from left are Kent Murton, Buddy Barnes, Roy Pederson, John Smit, Gary Burk, Tom Rasdale, Larry Hayes and Greg Crawley. Second Row, Gary Rademacher, Boyce Maynard, Larry Wakefield, Steve Mead, Dave Flermoen, Jim Findlay, Larry Vitek, Dan Stockwell and Jim Wierman. Last row, Luane Lumbert, Ed Boettger, Randy Atkinson and Brad Huntley.

son and what place he thought his Redwings would finish, Smith said, "They will finish in the top eight." He was more specific about his opponents and what they should have to offer. Smith said, "Mason has much of their defense returning but hardly any offense. They do have an experienced signal-caller and should give us the battle that usually occurs."

"Charlotte and Lakewood will be the weakest teams in the West Central Conference. Lakewood has a new coach of untold experience and a team of untold strength but they have been improving steadily over the past two years. We shouldn't have that much trouble with either team if the boys play up to their potential."

"Ionia also has a new coach but they finished third in the conference last year and their junior varsity took the league title. They have experience at every position and will be extremely tough."

"Waverly goes along with Ionia as being the two conference championship - contenders. They have 12 returning lettermen and a few battle-hardened players from O'Rafferty High School. Their JV squad finished second in the conference last year. They have a 6 foot 8 inch, 220 pound quarterback and are hoping for an unbeaten season if they get by Lansing Catholic High School."

"Hastings has acquired Lakewood's old coach and has many returning lettermen including Larry Heath, a 6 foot 2 inch, 185 pound back. They always have a strong team."

"Grand Ledge was the conference champ last year but they've lost quite a bit of their defensive line to graduation. That alone could keep them from returning to the top two spots in

It wouldn't be Fall or football season without some pretty cheerleaders chanting their teams to victory. Here typical cheerleading beauty is exemplified by Shirley Eisler, left, Mary Pat Serrine, Carol Yurbe, Alice Villarreal, Cathy Grost, Coleen Rademacher, Kim Hopko and Anita Stigar, this year's Redwing gals.

Panthers sharpen claws for title defense, take on Fighting Bees in Friday opener

The DeWitt Panthers, flying high with memories of their 9-0 conference championship last year, clawed their way through class B Harper Creek and Grass Lake Saturday in their only pre-season scrimmage.

Taking on a third team, Union City, proved a more difficult task.

"They gave us a rough time," Head Coach Gary Roberts said. "They had a good quarterback."

He noted that the strong competition and fine showing presented by the Panthers Saturday was a good indication of the upcoming season.

The one gloomy spot was the loss through graduation of Mike Ashley the all-state guard and fullback who was instrumental in holding the opposition to practically zero the entire season, last year.

"Losing Ashley really hurt us," Roberts said. "But we are hoping to have a strong offense this year."

"We look better than last year at this same time," he noted.

In a way, Roberts and the Panthers didn't lose Ashley at all. Instead they gained two of them.

Mike's two brothers, Jim and Tom, senior and sophomore respectively, will help bolster both the offense and defense for 1970.

Jim Ashley is a 5-foot 7-inch, 149-pound halfback, who will draw one of the defensive-offensive starting assignments against Bath Friday night. Brother Tom is a 6-foot-2-inch, 175-pound offensive end.

Other strong halfbacks who may get the call are Ron Brown, a 5-foot 6-inch, 151-pound junior; John Black, a 5-foot 9-inch, 142-pound senior; and Tony Vettraino, a 5-foot 7-inch, 149-pound junior.

Fullback talent can be found with Kurt Kluge, at 5-foot 11-inches and 160-pounds and Dan

Davis, at 5 feet 11-inches and 172-pounds. Kluge is in his last season while Davis is a junior.

Linemen are quick and strong, according to Roberts with Steve Shooltz (6-1, 160 pounds) and Art Nottage (5-7, 165 pounds) at senior centers.

Guards include Bill Thelen (6-0, 171 pounds) Chuck Gorman (5-10, 185 pounds), Randy Sellhorn (6-0, 167 pounds), Tom Brockway (6-0, 168 pounds) and Clayton Church (5-11, 154 pounds). Gorman is the only junior among the senior guards.

Tackles include Bob (Bubba) Hudson (6-1, 181 pound senior), Roger Wardelle (6-0, 195 pound senior), Bob Jackson (6-1, 175 pound senior, Tom Keener, (5-11, 180 pound senior) and Tom Brockway, (6-0, 168 pound senior).

Roberts boasts four good ends in Steve Tews (6-4, 181 pound senior) on defense, Dan Ruble, (6-0, 143 pound senior), Tom Ashley and Loren Ward (6-6, 177 pound senior) on defense.

The Panthers have discovered a fine passing quarterback this year in Ron Wilcox (5-11, 177 pound junior).

The Panthers have three team managers this year in Stan Lenneman, a senior, Ron Kendel, a senior, and Rick Post, a sophomore.

Coaching the team behind Roberts are assistant varsity coach Tom Isenhart, who was an all-state selection at DeWitt in the early 1960's and junior varsity coaches Frank Deak and Doug Kostal.

Roberts picks the toughest games to be against Pewamo-Westphalia Oct. 16 and Portland St. Patrick Nov. 6.

"But you can't count out Potterville," Roberts added. "All of them will be improved over last year."

Looking to Friday, Roberts

The DeWitt Panthers hope to extend their win streak to ten games with the opening round against Bath at home on Friday. First row from left are returning letterman, John Black, Mike Cole, Ron Wilcox, Jim Ashley, Tom Keener, Kurt Kluge and Dan Davis. Second row, Randy Sellhorn, Clayton Church, Chuck Gorman, Tom Brockway, Bill Thelen, Dan Ruble and Bob Jackson. Third row, Roger Wardell, Steve Shooltz, Loren Ward, Steve Tews, Tom Ashley and Bob (Bubba) Hudson.

said Bath has some big players this year and a fine quarterback.

He said he plans to begin bringing up the junior varsity players mid-season to give them some experience for the following year when the Panthers will lose 18 seniors.

"There will be about 12 returning that year," Roberts said. "So we will have to bring up about five or so from the junior varsity."

With that old record on the line Friday, the Panther claws will have to be sharp against the Bees to avoid a stinging debut this year.

Reflecting happiness in the September sunlight, preparing for a new football season, are DeWitt Panther cheerleaders, from left, Cheri Fineis, Debbie Clisch, Dawn Sharp, Cindy Gilbertson (above), Karla Courtland and Mona Theroux.

O'Donnell says:

Vet Marauders could maul league, must stop Portland win streak first

The Marauders of Ovid-Elsie High School will be boasting a potent, veteran offense when they tangle with their first rivals, Portland, there on Sept. 18 at 8 p.m.

Head Coach Jeff Smith of St. Johns said that if the Marauders get by Portland, they could have an 8-0 record when his Redwings meet them on Nov. 13 for the last game of the season for both teams.

Marauder Head Coach Mark O'Donnell laughed at this remark but did seem to agree with Smith saying that if his squad did beat Portland, it might be the impetus they would need to go unbeaten. Last year's record at Ovid-Elsie was a 2-7 disaster but O'Donnell said their quickness

ference fullback last year and Seybert received honors as an all-conference defensive end. Woodard is a 6 foot 3 inch split end and a keg of dynamite as far as I am concerned. He could go places."

Concerning the upcoming season, O'Donnell went down the schedule and pointed out the deficiencies and proficiencies of each team his squad has to face during the 1970 season.

O'Donnell said, "Portland, of course, will be our biggest contest of the season, seeing that it's against a very strong team that, if defeated, could give us a big psychological boost. They will be carrying a 21 - game winning streak into this game which stretches over the past two and one-half years.

"Saginaw St. Stephens is going to be another tough customer. They have acquired several starting players from a cross-town high school they merged with at the start of this current school year. With this in mind, though, we should still emerge victorious at our first home contest of the season.

"St. Louis shouldn't be as bad. They lost heavily by graduation last year and should be doing quite a bit of rebuilding.

"Ithaca also lost men through graduation and their junior varsity team wasn't too strong last Fall.

"Midland is an average team this year but they always seem to be tough on their home field, no matter what past performance indicates.

"Corunna is going to be the league nemesis because they are going to be tough from the word go. Both their varsity and junior varsity took the Mid - Michigan B League championships last year and are being honestly looked at for a repeat performance.

"Chesaning will also be strong because of the fact that practically their whole team will be

returning from last year. I believe that Corunna, Chesaning and ourselves will be vying for the league championship.

"Swartz Creek's head coach said they would end the season on a winning note if injuries don't befall many of his players during the season. They have grown to a school of 1,600 pupils in just the past few years.

"St. Johns has always been tough and this year won't be any exception. They have a quarterback by the name of Atkinson that

I think is really going to shine this season. They also have a good, in-depth backfield. This one will go either way with no prediction possible now."

Assistants to O'Donnell are line coach Russ Pope, backfield coach Bob Foreback, JV Head Coach Joe Thering, asst. JV coach Tom Bartel, Head Frosh Coach Bill Fuerstenau and asst. Frosh Coach Dennis Bartono. The team manager is junior Mike Hry - mecki.

Game time is at 8 p.m. throughout the entire season.

Warming up for their opening night performance when the Ovid-Elsie Marauders visit Portland are cheerleaders (from left) Mary Ellen Sinicropi, Wendy Munson, Francie Marton, Linda Sheldon, Kathy Smith and Kathy Hawley.

'Dark horse' Bath plans strong air attack

An experienced quarterback and a veteran defense is what Head Coach Ron Skorich of Bath has to rely upon for the upcoming football season.

"If our backs come through, we could have a tough team," Skorich said. "As of now, it looks as though our passing game will be our strong point."

Bath's Fighting Bees finished their 1969 season with an even 4-4 record and a third place finish in the Ingham County League. It was their first year within the league.

There will be standouts on the 30-man squad, according to

Skorich, but depth will be a problem at almost every position.

Skorich is picking senior defensive tackle Don Adams as a strong all-state possibility. Adams was all-state honorable mention in 1969. Other bright spots are senior linebacker Rick Smith who measures 5 feet 7 inches tall and weighs 160 pounds senior fullback Dan Baker at 6 feet 1 inch tall and 185 pounds and junior quarterback Paul Stoll at 6 feet 2 inches tall and 175 pounds. Stoll ranked third in passing in the Ingham County League last fall.

Junior halfbacks Doug Sage and Joe Mitchell are being tabbed by Skorich as his speedsters.

Asked about league contenders, Skorich said, "Fowlerville and Williamston should be the two title contenders and I would rank Perry and ourselves as the league's two dark horse candidates."

Homecoming on Oct. 30 pits the Bees against Fowlerville. Bath opens their season at DeWitt, on Sept. 18 at 8 p.m. All other varsity games, home and away, begin at 7:30 p.m.

A New Season

This is where it all started for the thousands of high school hopefuls in Michigan football programs. Where it ends, depends on determination, coordination, intelligence, skill and some luck thrown in for good measure. It started here too for these Redwings and coach Jeff Smith. What the future holds depends on what was accomplished here.

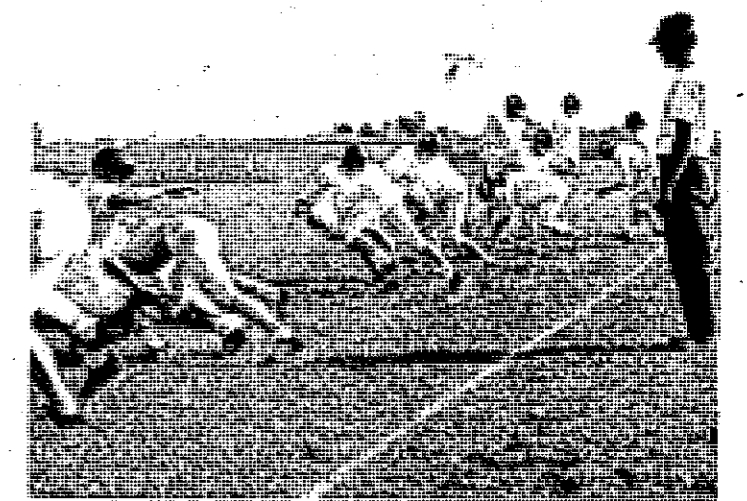

Under the watchful eyes of an experienced coach, this rugged Fowler Eagle squad gets down to the basics of hitting and conditioning.

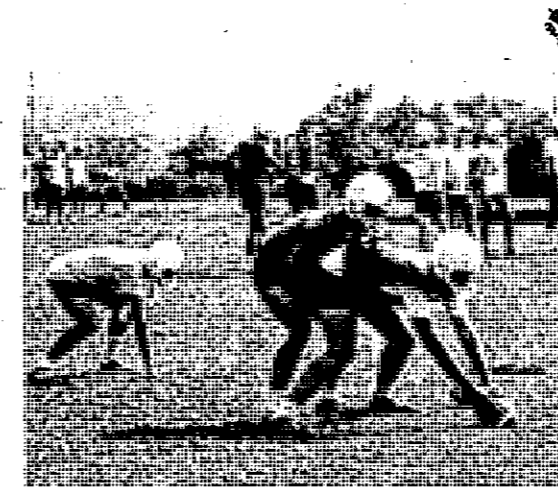

. . . . A New Game

It may appear to be mere child's play, but this exercise is no barrel of fun to the fellow assigned to lugging a buddy around the field. Here Redwing candidates tug and pull during a "foot race."

Practice and more.....

"HUT ONE, HUT TWO..."

The Redwing defense is set as Flushing High School's offensive squad prepares another test for them. Throughout the entire night at Atwood Stadium in Flint last Thursday, the Redwing's first defensive team showed a great deal of promise as they held Bay City Central and Flint Northern High Schools to their least offensive yardage of the night. Each team scrimmaged the other during the evening.

Muscle on lines

Eagle's 4-year squad : Three yards and dust

Experience thrives in the camp of the Fowler Eagles.

This year's seniors started playing varsity ball when they were freshmen and have played together every year since.

According to Head Coach Blaine Douglas, the Eagles will be depending on size and strength to overcome their lack of speed on both sides of the line.

Douglas has been a running coach for the past ten years and he says he's not about to change. His offensive team runs and runs and runs and his defense keeps stopping the running plays. They boast a defensive line average of over 200 lbs. and an offensive line average of 180 lbs.

Talking to Douglas makes it self-evident that both passing offense and passing defense are the teams' weaknesses. They do pass but the aerial attempts are limited to a maximum of 20 to 30 yards. Pass defense practically isn't there. The defensive line will force many running teams to take to the air early in any given game.

Team standouts Ken Schmitt and Steve Feldpausch will lead the team through the upcoming season.

Schmitt is a quick, husky senior who can play a variety of positions. Feldpausch was the 2nd-leading ground gainer in the Central Michigan Athletic Conference last fall and also captured honors as the 3rd leading scorer in the league.

Blaine Douglas

Douglas was very adamant when he spoke of taking players off his JV squad for use on the varsity during the season. He said, "I have never taken players off the junior varsity because I believe they are on the JV squad to become a team and I consider that a very essential part of the whole football program."

Fourteen lettermen are returning to find themselves going two ways in many cases on offense and defense. They will be trying their best to improve on a 2-6 season record from last year.

Looking over the coming season game by game, Douglas said, "Fulton beat us in the last few seconds last year and I think we can take them this year. They are a big, strong squad but they are

too unpredictable at this point. "Portland St. Patricks has a fine coach and a potent passing attack with speed. They had the best JV team in 1969 and have contenders for the title for the past three years. They'll be rough to get by.

"Pewamo will be a tossup in the strictest sense of the word. They are our biggest rival year in and year out. They have a speedy back in Kenny Weber and employ a solid 4-4 defense.

"Owosso St. Paul is another running team and they posted a 28-24 defeat on us last year. This year, the scene could be reversed. It's our homecoming game.

"Potterville had a down year last season with a 5-3 record. I wouldn't call them a real league threat this year.

"Laingsburg has speed and quickness but they didn't win a single game in 1969.

"DeWitt will surely be my pre-season choice for league honors again. They are big and much intact from last year. We do play them at home and should play a good game.

"Webberville is going to be in the middle of a rebuilding year and won't be much of a threat to anybody."

Backing up Coach Douglas with their knowledge of the game is Asst. Varsity Coach Gary Schray, JV Coach Steve Spicer, Asst. JV Coach Jim Wetmore and Gary Pung, an injured player acting as team manager.

Douglas summed up the forthcoming season by saying that if the Eagles play to their capability, they are going to be tough. But, if they don't, it's going to be a long season.

P-W boasts 'best qb in league'

With "the best returning quarterback in the league," Pewamo-Westphalia Head Coach Bill Marks is hanging his hopes on a fast opening against Carson City Friday to take the title.

Once past the tough Carson City defense, Marks is looking forward to a head-on clash with new arch-rival and defending champ DeWitt.

"We should have won last year," Marks said. "We gave them a scare, but those are the breaks."

That they did. It was the closest game all year for the Panthers, 18-16, and only pulled it out in

the final quarter.

With momentum and revenge in mind, the Pirates will be gunning for the Panther aces.

But Marks pointed out that other teams in the Central Michigan Athletic Conference won't be pushovers this year.

They clash with Fowler on Oct. 2, homecoming, extending one of the oldest rivalries in the county.

"The Eagles are improved over last year," he said, "and should finish in the top division, possibly with a 5-2 record or so."

Another hurdle for the Pirates will be the Portland St. Patrick

contest Oct. 23.

"They'll probably finish in the top division," Marks said, indicating a tough game.

Marks said that in future years he would like to see Fulton admitted to the conference once St. Patrick leaves at the end of this season.

"Although, the Saranac team would be better for us since we already have a rivalry in other sports," he said.

"We play in one of the finest class C-D leagues in the state," Marks noted. "We have one of the best C and D teams in the

state and one of the toughest," he added.

In checking out his team roster,

BILL MARKS

Marks said that he has several players who could be nominated for all-state honors this year.

He named John Bengal as the "best returning quarterback in the league," and an experienced lineman in Charlie Theis, and Dan Weber, the all-conference back who gained about 1,000 yards and 14 touchdowns for the Pirates last season.

The lineup is loaded with seniors.

At the halfback spots will be Danny Weber (5-7, 150 pounds) and Randy Schafer, (5-9, 165 pounds). Pete Smith (5-10, 160 pound senior) will also be ready.

Rounding out the backfield with quarterback Bengal (5-11, 175 pounds) will be fullbacks Roger Luna (5-11, 160 pounds) and Jim Thelen (6-1, 205 pounds).

Theis (6-2, 187 pounds) and Junior Larry DeMarco (5-11, 185 pounds) will play at tackle, along with Dennis Pung (6-2, 225 pound senior).

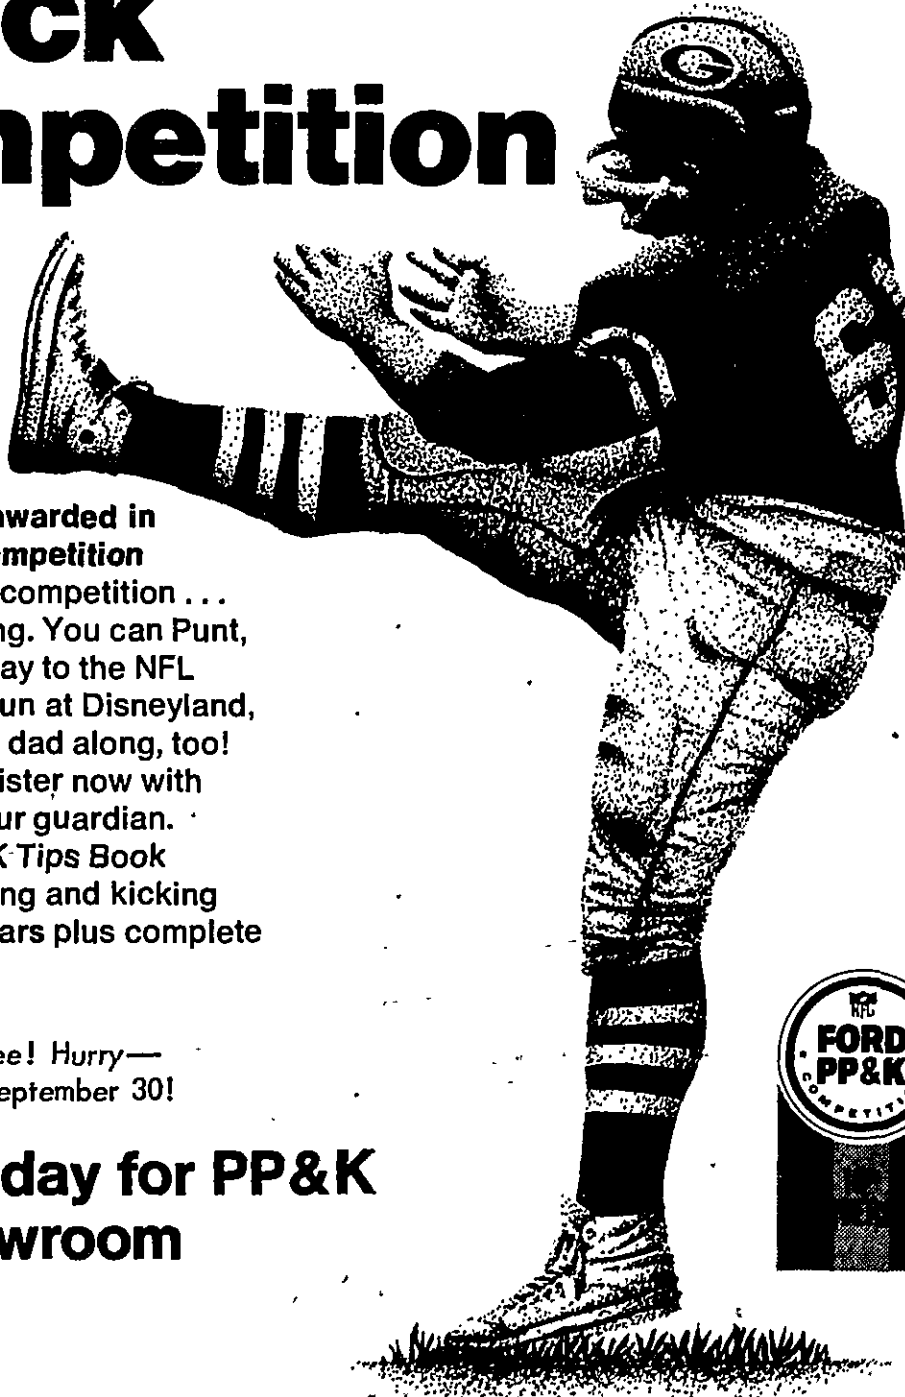

Guards will be Tom Meyers (5-10, 165 pound junior) and Gary Roach (5-10, 175 pound junior). Rounding out the team at end will be Dave Roach (6-2, 170 pound senior), Mike Trieweller (6-0, 180 pound senior) and Roger Davern (5-10, 165 pound senior).

Coaching assignments this year go to Doug Kilbourne, assistant varsity, Harry Peacock, junior varsity, Ron Warner and Harry Prusce, assistant junior varsity.

SPARTAN SPORTS SHORTS

All-American

Michigan State's total of 18 consensus All-America football selections in the first 100 years of the sport is surpassed by only 13 other schools.

A record

Former Michigan State football All-America end Gene Washington averaged 18.2 yards per pass reception in his Spartan career—an all-time NCAA record.

Smile . . . you're on television

The first Michigan State football team to appear before television cameras was the 1947 unit in its game against Michigan at Ann Arbor. Detroit station WWJ originated the telecast.

Brown retires

Retiring as manager of Michigan State University's Printing Service is Lauren Brown, who served as Spartan cross country coach from 1931 to 1946. His teams won five consecutive IC4A titles in the 1930's.

Long string

Michigan State's string of five straight Big Ten wrestling championships won is the longest in conference history.

Questions & answers on Social Security

QUESTION: My husband died last year and I cannot work. I'm only 53 and have never had a social security number. Will social security do anything for me?

ANSWER: There is a program for widows over 50 years old who are disabled. You must be disabled within 7 years of your husband's death or when you last were entitled to social security benefits. Your disability must be a severe one which will keep you from working. Your benefits based on your husband's earnings and the benefit is reduced for each month you are under age 62 when you start receiving. You should go into your nearest social security office to apply. Please take your marriage certificate, your birth certificate, and the social security number of your husband. Also take any record you may have of dates of medical treatment you have received since you became disabled.

QUESTION: I applied for Social Security as a widow six weeks ago because I can't work. I'm 57. When will I expect a check?

ANSWER: Normal processing on a disabled widow's claim is about four months. This time is necessary because we have to secure medical evidence from hospitals you have been in and from your doctors. After this evidence is received, it is necessary to have a medical determination made by a staff of medically trained personnel. This decision is then reviewed by another medical staff. This insures a careful decision but it does add to the processing time. When a decision is made, you will be notified by mail.

Business notes

By MIKE PREVILLE
News Advertising Manager

We scared Big Mama last weekend. Really shook her up. We were swimming in Loon Lake and decided to explore along the drop-off on the north shore. . . so we did. We swam and dove and floated the length and took about a couple hours to do it. We waded ashore on the west end and started to walk back when Phil Phillips came along and hollered that Alice was worried. Then the Big M came driving toward us. She claims she was worried and came looking but we know she was on her way home to mail that insurance premium.

And then Big Mama scared us. We thought picking our own apples would be fun for the kids so Saturday we loaded the Big M and our two boys into the car and headed for Beck's Orchard. We had the camera with us and decided that even though the Big M age-wise is closer to being a grandmother than a Miss America, a nice cheesecake shot of

her picking an apple would be worth some space in the family album.

We directed her up the ladder into the tree and told her to reach way up for a nice fat McIntosh. She did. We shot the picture. Then we heard a "whoops", "oh no" and a "help". Yup, dainty and co-ordinated as she is, the Big M fell out of that tree. Landed right on her pride. We didn't dare laugh and bit a chunk out of our tongue not to. And our youngest summed it all up with "Cripes, Mom fell out of a tree she can't do nuthin' right."

Mrs. Joyce Halfmann of Fowler is a \$10.00 winner in the County News' Bazaar of Values promotion this week. Mrs. Halfmann's winning sales slip came from Frechen's Market. We called out to tell Earl to pretty up for a picture and learned he's off on a vacation. Either that or he just hid because he knows what kind

And then Big Mama scared us. We thought picking our own apples would be fun for the kids so Saturday we loaded the Big M and our two boys into the car and headed for Beck's Orchard. We had the camera with us and decided that even though the Big M age-wise is closer to being a grandmother than a Miss America, a nice cheesecake shot of

Wagering is of course illegal but Editor Tim Younkman is a never-say-die Lion fan and keeps insisting they will finish on top in their division. Now we don't wager or even believe in it. . . but there's nothing unethical about accepting money from Editors who insist on giving it. It's just like finding money.

Fame is not measured by what a fellow gets out of it, but how he lives his life.

Let's debate--Ensen, no reply from Brown

Richard A. Ensen, of Kalamazoo and Democratic candidate for the Third District U.S. House seat, last week called U.S. Rep. Garry Brown (R-Schoolcraft) to a public debate on statewide television.

Brown had declined an earlier invitation to make joint public appearances with Ensen in St. Johns and seven other cities in the Third District citing "time conflicts."

Ensen indicated last week that he had received no reply to his proposal to debate through television station WKZO-TV in Kalamazoo.

In his letter to Brown, Ensen stated that "only with your cooperation, only with our mutual consent and request can this come about."

Ensen cited "an obligation to provide the citizens of this district every opportunity to distinguish between us" as a major reason for the continued efforts to bring about the TV debate.

Brown indicated earlier that he would decline public debates unless arrangements would be made for weekend appearances to insure a larger audience.

Adjutant Kouri of state Legion dies in Oregon

Thomas A. Kouri, 46, Department Adjutant of The American Legion, Department of Michigan died in his sleep September 3, at the Roosevelt Hotel in Portland, Ore., on the closing day of the 52nd annual National Convention.

Kouri, a World War II veteran, had been Department Adjutant of The American Legion of Michigan since July 1961. The Legion executive was a graduate of the University of Detroit with a degree in business administration. An experienced comptroller, Kouri was assistant office manager and sales manager for a safety equipment company before joining the Legion State Headquarters Staff in 1958.

He held membership in the Frederick Alger Post No. 86, Detroit.

He is survived by his wife, Mary and six children who reside on Detroit's East side.

Open Letter from VAN W. HOAG

Dear friends,
The funeral director, as well as the clergyman has a responsibility to ease the grief of the bereaved family. His counsel can be relied upon in the difficult time from the hour of passing to the final service.
To relieve the sorrow of the distraught survivors and to add a comforting memory picture is the funeral director's sincere concern.

Respectfully,

Van W. Hoag

MRS. TERRENCE EDWARD PIGGOTT

Christine Wieber weds Terrence Piggott

Christine Eileen Wieber became the bride of Terrence Edward Piggott Friday, Sept. 11 in St. Mary's Catholic Church in Westphalia. Rev. Aloysius Miller performed the double ring ceremony before an altar decorated with pink and white gladiolus scattered with purple statils.

The bride is the daughter of Mrs. Melvin A. Wieber of Westphalia and the late Mr. Wieber and the groom is the son of Mrs. Leo Piggott of 303 West Street, Portland and Leo Piggott of 107 South Pennsylvania, Lansing.

The bride was given in marriage by her brother, Louis Wieber and chose a Victorian-style gown of silk organza scattered with venice lace daisies. The gown featured a high neckline, the bodice front and long full sleeves were edged with lace and the bell skirt front ended in a full attached chapel-length train. Her elbow-length imported bouffant illusion veil was attached to a lace and bead trimmed Juliet cap and she carried a cascade bouquet of white carnations, pink rosebuds and Queen Anne's lace.

Matron of honor was Mrs. Douglas Casari of Westphalia, friend of the bride and serving as bridesmaids were Cindy Trierweller of Westphalia, niece of the bride, Wendy Trierweller of Westphalia, niece of the bride, Mrs. Dan Totten of Lansing,

friend of the bride and Shelly Wieber of Westphalia, niece of the bride. The attendants wore identical gowns of lavender crepe with purple trim featuring floor-length sheath skirts, slightly gathered, high neck lines, and bonded long full sleeves. As a contrast, purple venice lace was vested over the bodice and used as trim on the cuffs. They wore purple violets in their hair and carried baskets of pink carnations, purple violets and baby breath.

Best man was Fred Scrauben, friend of the groom and serving as groomsmen were Richard Keusch and Daniel Simon, both friends of the groom and Daniel Trierweller, nephew of the groom. Ushers were Dale Piggott, brother of the groom, and Michael Trierweller, nephew of the groom.

The couple greeted 400 guests at the reception which was held at St. Mary's Parish Hall in Westphalia.

Following their wedding trip to New York City the new Mr. and Mrs. Piggott will make their home in Westphalia.

MRS. JOHN GRETZINGER

Dorothy Jenkins weds John Gretzinger

The United Methodist Church in St. Johns was the setting for the Saturday, Sept. 12 double ring ceremony uniting in marriage Dorothy Jane Jenkins of St. Johns and John Herbert Gretzinger, formerly of St. Johns. Rev. Harold Homer performed the 2 p.m. ceremony before an altar decorated with white gladiolus and blue mums.

Mrs. Duane Davis was the organist for soloist, Mrs. Robert Sirrine.

The bride is the daughter of Mr. and Mrs. C. Lester Jenkins of 701 South Baker Street, St. Johns and the groom is the son of Jack Gretzinger of Houghton Lake and Mrs. Shirley McMahon of Saunderstown, R.I.

The bride was given in marriage by her father and chose a gown of white organza and Chantilly lace, accented with venice lace motifs and trimmed with blue ribbon. The gown featured bellowed sleeves with a wide lace cuff, a stand-up collar and sheath skirt. A crescent shaped band of Venetian lace flowers secured her French illusion tulle veil and she carried a cascade bouquet of white sweetheart roses, accented with blue stephanotis and ivy.

Mrs. Charles Corwin of Cadillac was matron of honor and Tanya Gretzinger of Houghton Lake was flower girl. The attendants wore blue dotted swiss gowns, accented with white lace featuring Bishop sleeves, a high lace collar and a high waistline, accented with a ribbon bow in the front. They wore blue stephanotis in their hair and carried bouquets of blue and white stephanotis and ivy.

Best man was Gary Berger of Kingsford and serving as ushers were John Stevens of New Jersey, Gary Randall of Saginaw and Phillip Parmelee of St. Johns. The couple greeted 200 guests at the reception held in Niles Hall following the ceremony and later at a buffet held in the home of the bride's parents for close relatives.

Special guests were Mr. and Mrs. Frank Jenkins of Hart,

grandparents of the bride and Mr. and Mrs. Herbert Knowlton of Ithaca and Mr. and Mrs. John Gretzinger, grandparents of the groom.

The bride chose an off-white dress, trimmed with gold buttons and a brown coat for travel on their wedding trip in Northern Michigan. Upon return they will make their home in East Lansing where they will both be students at Michigan State University.

They are both graduates of Rodney B. Wilson High School.

MR. AND MRS. STEPHEN PAUL LIETZKE

Margaret Cortright weds Stephen Lietzke

Alumni Memorial Chapel at Michigan State University was the setting for the Aug. 30 wedding ceremony uniting in marriage Margaret Ellen Cortright and Stephen Paul Lietzke of DeWitt. Rev. Daniel G. Dallas performed the single ring ceremony before an altar decorated with white carnations, yellow mums and yellow daisies. Organist was Paul Eickmeyer of St. Paul's Episcopal Church.

The bride is the daughter of Mr. and Mrs. Maynard Cortright of 3252 East Chadwick Road, DeWitt and the groom is the son of Mrs. Mary Lietzke of Mt. Pleasant.

The bride was given in marriage by her father and chose a gown of organza over tulle featuring a high neckline trimmed with appliques extending down the front of the bodice and also on the train. Light blue organza accented the neckline, waist, elbows and hem of the gown as well as around the bottom of the train. A cluster of lace appliques secured her shoulder-length veil and she carried a bouquet of white stephanotis with blue baby breath.

Matron of honor was Mrs. Lois Hawk of Akron, Ohio, sister of the bride and serving as bridesmaid was Mrs. Marilyn Rice of St. Johns, sister of the groom. The attendants wore identical long A-line gowns of blue whip creme crepe with rounded necklines and elbow-length sleeves. Their headpieces were lace caps fastened with a bow of material matching their gowns and they carried bouquets of white carnations and yellow cascading ribbons.

Best man was Alan Lietzke of Oakland, Calif., brother of the groom and serving as groomsman was Richard Fenner of Ann Arbor. Ushers were Jonathan Cortright of Warren, brother of the bride and David Lietzke of DeWitt, brother of the groom.

A reception was held following the ceremony in the reception room of the chapel for 150 guests. Special guests at the wedding and reception were the grandmothers of the bride, Mrs. Ethel Welter and Mrs. Eva Cortright.

Guests arrived from California, Arizona, New York, Maryland, Ohio and Michigan.

Following their wedding trip to Northern Michigan and Wisconsin the couple will make their home at 400 Gunson Street, Apt. 2, East Lansing.

The bride, a 1966 graduate of Rodney B. Wilson High School, is a 1970 graduate of Michigan State University and is working on her master of arts degree at MSU. The groom is a 1964 graduate of Rodney B. Wilson High School and received his bachelor of arts degree at Michigan State University in 1968. Matthew 16:24-28 was the scripture reading for the worship hour Sunday at the Church of Christ. Special music was presented by Coni Burnham with Mrs. Earl Dunham at the organ. Greeters for the day were Mrs. Nellie Spiegel and Mrs. Harry Beery.

Friday evening at 7 p.m. the first "family night" of the fall season will be held at the Duplain Church of Christ. Following a potluck supper Coni Burnham will show slides taken while she spent eight weeks in Europe this past summer.

At their September meeting the Women's Fellowship elected Church of Christ elected the following officers for the new year beginning in October. Mrs. Jack Hawes, president; Mrs. Joe Bancroft, vice-president; Mrs. Luman Hall, treasurer; Mrs. Velmor Oakley, secretary; Mrs. Roy Thornton, corresponding secretary and Mrs. Dale Schulteis, missionary reporter.

Mrs. Justin Shepard and Mrs. Harry Beery served refreshments to the 24 ladies present.

★ IN MEMORIAM

BRADLEY—In loving memory of my father Leonard C. Bradley who passed away 3 years ago Sept. 19, 1967. What would we give if we could say Hello Dad in the same old way. To hear your voice and see your smile, to sit and chat with you a while. So many times you seem so near. Your loving voice we seem to hear. We go on with memories, no can feel. Death is a heartache that will never heal. Some may forget you now that you have gone. But we will remember no matter how long. Sadly missed by your daughter and grandchildren Sharon and Jerry Reha, David, Chris and Jodie. 20-1p

Is A.A. For You?

Only you can determine whether the A.A. program—the way of life—makes sense for you and can help you.

It is a decision you have to make for yourself. No one in A.A. can make it for you.

We who are now members joined A.A. because we recognized that drinking had become a problem we could not control by ourselves.

We faced up to the facts of this particular illness just as we would if we faced any other serious health problem.

Here are some of the questions we had to face. Our own experience indicates that anyone who answers YES to FOUR or more of these twelve questions has definite alcoholic tendencies.

Why not try these questions yourself? Remember, there is no disgrace in admitting that you have a health problem.

Q—Have You Ever Tried to Stop Drinking for a Week (or Longer), Only to Fall Short of Your Goal?

A—Most of us went "on the wagon" many times before we turned to A.A. We made serious promises to families and employers.

Q—Do You Resent the Advice of Others Who Try to Get You to Stop Drinking?

A—Many people try to help problem drinkers. But most alcoholics resent free advice on their drinking.

Q—Have You Ever Tried to Control Your Drinking by Switching from one Alcoholic Beverage to Another?

A—We were always looking for a "safe" drinking formula. We changed from distilled spirits to wines or beer.

Q—Have You Taken a Morning Drink During the Past Year?

A—Most of us are convinced (from our own experience) that the answer to this question provides an almost certain tip-off on whether or not a person is on the road to becoming an alcoholic.

Q—Do You Envy People Who Can Drink Without Getting Into Trouble?

A—It is obvious that many millions of people can drink socially (sometimes heavily) without seriously hurting themselves or others.

Q—Has Your Drinking Problem Become Progressively More Serious During the Past Year?

A—All the available medical evidence indicates that alcoholism is a progressive illness. Once a person's drinking gets out of control, the problem gets worse, never fades away.

NEW 1971 model MF SKI WHIZ
350 SS

- New automotive-type instrument panel and glove compartment.
- New dual tail lights.
- New rear storage compartment.

Looks, rides and handles smooth. Heavier torsion springs cushion the ride. Curved ski design insures better steering control. Torque-sensitive drive delivers instant power. Springs and track adjust to all snow conditions. Lower center of gravity for extra stability. Smoothest ride in Snow Country — and all the zip you can handle.

SHOP BAZAAR OF VALUES

WIN \$200⁰⁰

Its Easy . . . Here's How To

WIN CASH PRIZES

During the eight-week Bazaar of Values, The County News will give away \$200 in cash to shoppers who patronize merchants participating in the Bazaar of Values. During the first four weeks \$10 will be given away a week, during the next three weeks \$20 a week will be given away and at the end of the 8th week there will be a \$100 prize given away. All entries stay in the box for the entire eight weeks. You have a chance to win each week. You may deposit as many entries as you wish. The more entries you make, the better chance you have of winning. Just write your name, address and phone number on any sales slip, cash register tape, charge slip receipt or other business form from any business displaying the BAZAAR OF VALUES posters or advertising in this section of The County News. Or you can use the free coupon at the right. Bring or mail these entries to The County News, 120 Walker, St. Johns. Each week a ticket will be drawn and a photo of the happy winner taken. This is a bonus opportunity for you because you shop in Clinton County . . . nothing extra to buy . . . just enter your sales slip or coupon!

LEGAL NOTICES

NOTICE OF MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by Oliver A. Gilson and Dorothy I. Gilson, husband and wife to International Homes, Inc., a Delaware Corporation, 3939 East 48th Street, Minneapolis, Minnesota, dated March 26, 1968, and recorded in the office of the Register of Deeds for the County of Clinton and State of Michigan, on April 15, 1968, in Liber 252 of Mortgages, on page 357, on which mortgage there is claimed to be due at the date of this notice, for principal and interest, the sum of Eight Thousand Seven Hundred Ninety and 55/100 (\$8,790.55) Dollars, and no proceedings having been instituted to recover the debt now remaining secured by said mortgage, or any part thereof, whereby the power of sale contained in said mortgage has become operative;

Now Therefore, Notice is Hereby Given that by virtue of the power of sale contained in said mortgage and in pursuance of the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises therein described or so much thereof as may be necessary, at public auction, to the highest bidder, at the North front door of the Court House in the City of St. Johns, and County of Clinton, Michigan, that being the place of holding the Circuit Court in and for said County, on October 13, 1970, at 10:00 o'clock local time in the forenoon of said day, and said premises will be sold to pay the amount so as aforesaid then due on said mortgage together with legal costs, Attorneys' fee and also any taxes and insurance that said mortgage does pay on or prior to the date of said sale; which said premises are described in said mortgage as follows, to-wit: Property situated in the County of Clinton, State of Michigan, described as: One (1) acre of land out of the Southeast corner of Section One (1), Town Six (6) North, Range One (1) West, of Victor Township, Clinton County, Michigan. Also described as Ten (10) rods North and South by Sixteen (16) rods East and West out of the Southeast corner of Section One (1), Town Six (6) North, Range One (1) West, Victor Township, Clinton County, Michigan.

The redemption period as determined under Section 27A, 3240, of Michigan Statutes, Annotated is six months from the time of such sale.

LEHMAN COUNTY DRAIN

Notice of Letting of Drain Contract and Review of Appointments

Notice is hereby given, that I, Dale R. Chapman, County Drain Commissioner of the County of Clinton, State of Michigan, will, on the 5th day of October, 1970, at the County Courthouse in the City of St. Johns, in said County of Clinton at 11:00 o'clock in the forenoon of that day receive sealed bids. Bids will be opened and publicly announced for the construction of a certain Drain known and designated as "Lehman County Drain," located and established in the Township of Westphalia in said County.

Said drain will be let in 1 Section commencing at the outlet. All stations are 100 feet apart.

Beginning at station number 0+00 at the lower end of said drain and extending to station number 128+01, a distance of 12,801 feet, and having an average depth of 4 feet and a uniform width of bottom of 4 feet, of open drain.

Total estimated cubic yard of excavation—40,500.

Total estimated linear feet of clear—164.

Total estimated acres of seeding—10.0.

Also required is the installation of a road and 4 farm culverts.

The construction of the following culverts and bridges having the location and of the type and size stated, which will be let in 1 Section, to-wit: 10 ft. of 10 gauge 66" C.M.P. or equal.

6" x 6" in. ft. of 12 gauge 54" C.M.P. or equal.

30 ft. in. ft. of 12 gauge 42" C.M.P. or equal.

12 ft. in. ft. of 16 gauge 18" C.M.P.

The contract will be let in five days or sooner after bid opening, in accordance with the terms of the contract to be filed in the office of the County Drain Commissioner of the County of Clinton to which reference may be had by all parties interested, and bids will be made and received accordingly.

Contracts will be made with the lowest responsible bidder, who shall give adequate security for the performance of the work, reserving to myself the right to review for one day, and to adjourn such letting to such time and place as I shall publicly announce.

The date for the completion of such contract, and the terms of payment, hereof, shall be as announced at the time and place of letting. Any persons desiring to bid on the above mentioned work will be required to deposit with the Drain Commissioner a certified check to the amount of 5% of total bid as a guarantee that he will enter into contract and furnish the required bond as prescribed by law. The checks of all unsuccessful bidders will be returned after contracts are awarded.

The payments for the above mentioned work will be made as follows: Drain orders payable April 15, 1971.

Notice is Further Hereby Given, that on Monday the 28th day of October, 1970, at the office of the County Drain Commissioner in the Court House in the City of St. Johns in the Township of Westphalia, County of Clinton, or at such other time and place thereafter, to which I, the County Drain Commissioner aforesaid, may adjourn the same, the appointment for benefits and the lands and premises within the Lehman County Drain Special Assessment District, and the apportionments thereof will be subject to review for one day, from nine o'clock in the forenoon until five o'clock in the afternoon. At said review for one day, the computation of costs for said Drain will also be open for inspection by any parties interested.

The following is a description of the several tracts or parcels of land situated within the Special Assessment District of said Drain, to-wit:

Clinton County Commission Proceedings

TUESDAY, April 14, 1970

NOTE: P.A. 1969 No 137 changes the name of County Supervisors to County Commissioners effective March 20, 1970. Accordingly, this Board will be referred to from now on as County Commissioners.

The Clinton County Board of Commissioners met Tuesday, April 14, 1970 at 9:00 a.m. Prayer was offered by Ernest Carter. A pledge of allegiance was given to the flag. Roll was called and a quorum reported. All members were present.

Minutes of the March 16 meeting were presented. Corrections were made. It was moved by Shepard, supported by Chamberlain to approve the minutes as corrected. Voted and carried.

An invitation to the Board from the St. Johns Rotary Club to attend a noon luncheon was read. The Board will plan to attend.

A letter from John Ames, submitting his resignation (due to business reasons) as a member of the Zoning Commission, was read. It was moved by Shepard, supported by Gove to accept with regret Mr. Ames's resignation. Voted and carried.

A letter from Herman Openlander, Supervisor of Watertown Township, submitting the name Lawrence Maier for appointment to the Zoning Board was read.

A letter from State Senator Emil Lockwood acknowledging a communication on impending legislation and expressing his thanks for the same was read.

A letter from William S. Ballenger, State Representative of the 87th District expressing his thanks for the Board views on proposed legislation. He will give the matter his consideration.

A communication from George Eberhard, Director of Social Services, states that his department has been relieved of all responsibility for in-patient psychiatric services. Both eligibility determination and payment will be the responsibility of the Act 54 Board.

It was moved by Shepard, supported by Gove, to authorize payment of quarterly payments of appropriated items if within the budget limitations. Voted and carried.

It was moved by Hufnagel, supported by Gove that communications be received and placed on file. Voted and carried.

The Board recessed for committee meetings at 9:45 a.m.

Upon again coming to order, the Road Commission appeared. (Paul Nobis, Don Haske and Robert Eldridge) Robert Eldridge, Clerk of the Road Commission, presented the Commission's Annual Report. He answered questions concerning it. It was moved by Hufnagel, supported by Lankford, to accept the report and place on file. Voted and carried.

Dale Chapman, Chairman of Department of Public Works, called attention to an amendment to SB 291. He recommends that this bill be opposed.

Mr. Chapman asks direction from the Board on joining with other political units through Tri-County Regional Planning Commission in establishing sanitary land fill or solid waste disposal for the Tri-County area. He personally feels that such a plan encompasses too large an area and could be better solved by the individual units involved. Discussion followed.

Mr. Chapman, Mr. Haske, Paul Nobis, Duane Smith, Bath Township Supervisor and Walter Nobis all voiced dissatisfaction with Tri-County Regional Planning Commission procedures.

It was moved by Montgomery, supported by Lankford, that Clinton County proceed through its Department of Public Works and Planning Commission with the study and establishment of a solid waste disposal plan and that they co-operate as much as possible with other units within the area, primarily through their Department of Public Works.

All information from Solid Waste Disposal Study be made available to Tri-County Regional Planning Commission for Tri-County area study for solid waste disposal. Voted and carried.

The meeting was recessed for lunch at 12 o'clock noon.

P.M. SESSION

Upon again being called to order, William Coffey, Zoning Administrator, appeared and presented the action taken by and the recommendations of the Zoning Commission at the March 24, 1970 meeting.

Item II - Greenbush Township (Dale Randolph) Boat Storage. It was moved by Andrews, supported by Cobb to approve the action of the Zoning Commission. Voted and carried.

Application for a Special Use Permit for seasonal storage of boats, trailers and airplanes on the following described parcel of land:

SW 1/4 of NW 1/4, Section 2, T8N-R2W, 36.85 acres. Comments and action taken: Mr. Randolph wants to store airplane, snowmobiles, etc. Has two buildings for storage. Has recently rejuvenated the barn. Has a concrete floor. Says he feels his neighbors have no objections. Storage will be inside buildings. Trailers would be of travel type. Storage will mostly be an overflow from Beck-Hyde Marina.

Letter from Greenbush Township Board in favor. Bruce Amos, who is building a new home across from Randolph, has no objection.

A motion by Earl Barks to grant a Special Use Permit to Dale Randolph for storage of recreational vehicles. Any outside storage, other than airplanes, shall be screened or put behind buildings.

Motion supported by Max Loudenberg. Motion carried.

Item III - Greenbush Township (Dale Randolph) Air Strip. It was moved by Cobb, supported by Underhill, to approve the action of the Zoning Commission. Voted and carried.

An application for approval and recommendations to operate and maintain a private airstrip on the following described parcel of land:

SW 1/4 of NW 1/4, Section 2, T8N-R2W, 36.85 acres. Comments and action taken: Approximately 1,600 feet long airstrip running from one corner of farm to another. No power lines in the way of this strip.

He has to comply to some F.A.A. restrictions so this can be used by other planes as an emergency landing field. There is approximately a two (2) mile approach to runway. This will not endanger homes.

Mr. Coffey, Zoning Administrator, says he has checked with Aeronautics Board and they will approve this if certain requirements are met.

A motion by Max Loudenberg to grant approval and recommendations to Dale Randolph to maintain this private airstrip. Motion seconded by Earl Barks. Motion carried unanimously.

Item I - Watertown Township (Maguire) It was moved by Montgomery, supported by Sirmine, to approve the action taken by the Zoning Commission. Voted and carried.

Approval and recommendations for additional spaces to existing Country Village Mobile Home Estates Trailer Park on the following described parcel of land:

Com. at the NW cor. of Sec. 33, T5N-R3W, Watertown Township, Clinton County, Michigan, thence South 660 feet, thence East 1670 feet, thence North 660 feet, thence West 1670 feet to the place of beginning, containing 25 acres of land, more or less, hereafter called Parcel "A".

Comments, and action taken: A motion by Earl Barks and supported by Max Loudenberg to remove from the table. Motion carried.

The Maguires now have a mobile home park at I-96 and Grand River. 75 lots at the present time. Are now asking for an additional 68 lots. They are zoned properly at this time, but need further approval and recommendations. Maguire has met with the Watertown Township Planning Commission and Township Board. Letter in file from Twp. Would adhere to same restrictions as required for original development.

The present lagoon system is not adequate for the addition. The size of the lagoon will have to be increased. Present system is functioning well. Two (2) additional cells would probably be added. Lift station and well are adequate for addition. Addition will be on both sides of existing park. Lots will be 4,500 square feet or more. Traffic flow will probably remain the same, however Maguire plans to put cul-de-sacs at the end of streets.

Township Board concurred with planning commission on approving Phase II of Maguire's Trailer Park. They want performance Bond of \$5,000.00 and approval from Drain and Health Departments. Also, letter from Drain Commission to Fishbeck and Thompson, Engineers, for trailer park.

Maguires are willing to comply with all requirements and requests. Maguires want \$5,000.00 performance bond to start when building permit is issued.

Mr. Loudenberg, Zoning Commissioner, says he is well pleased with present park.

A motion by Max Loudenberg to grant approval and recommendations for addition to Country Village Mobile Home Estates, Inc. subject to same requirements as Phase I and subject to requirements set by Watertown Township and Drain Commission. Motion seconded by Earl Barks. Motion carried unanimously.

Item V - DeWitt Township (James Gordon) Sand and Gravel Operation (denied)

It was moved by Lankford, supported by Hufnagel to concur with the action of the Zoning Commission. Voted and carried.

An application for approval and recommendations for a sand and gravel operation on the following described parcel of land:

The S 1/2 of the NE 1/4 of Section 20, T5N-R2W, DeWitt Township, Clinton County, Michigan, except the West 665.8 feet of the South 1020.56 feet, together with driveway rights over the South 30 feet of the North 497 feet of said exception.

A motion by Earl Barks that this request be denied. Motion supported by Max Loudenberg. Motion carried unanimously.

Mid-Michigan Health Department, Lawrence MacLaren and

Darwin Root appeared to discuss and answer questions about the proposed amendment to the county building code. Point 6.1, Section VI came up for discussion. It was moved by Lankford to delete the last sentence. Motion died for lack of support.

It was moved by Gove, supported by Cobb, to change the word (openable) to the word (open). Voted and carried.

It was moved by Montgomery, supported by Shepard, to approve as corrected the amendment. On a roll call vote, those voting aye were Commissioners Gove, Montgomery, Andrews and Shepard. Nay votes were Commissioners Cobb, Nobis, Sirmine, Chamberlain, Underhill, Hufnagel and Lankford. 4 ayes, 7 nays. Motion declared lost.

It was moved by Lankford, supported by Shepard to refer the above matter to the Health Committee for consideration and to report back with a recommendation at the next monthly meeting. Voted and carried.

Commissioner Lankford presented a committee report. General discussion with village councils of Fowler and Westphalia was held on proposed sheriff's contracts.

General discussion on working hours, fees, and conditions of contract.

It was agreed that Patrick Kelly was to draw up contracts for the village of Fowler and Westphalia and forward same for signatures of village authorities and Sheriff Patterson.

Commissioner Shepard reports a meeting of the 6th District of State County Commissioner's Association to be held at Smith Hall on April 30, 1970. Chairman Nobis appointed Commissioners Gove and Andrews to make the necessary arrangements for lunch.

The chairman then declared a short recess. Upon again coming to order, Commissioner Chamberlain presented a committee report:

1. A new adding machine was approved by the Treasurer's Office at a cost of \$249.50. This was in the budget.

2. A wide carriage electric typewriter was approved for the Clerk's Office. The used one is to go to the Switchboard to replace a manual machine. This item is including in the budget. The cost is \$472.50.

3. R. G. Becher's request for a power broom for the lawn tractor was approved at a cost of \$325.00. This also was a budgeted item.

4. The Agriculture Extension Office got our approval to purchase a Bell & Howell Projector at a cost of \$454.68. This item is in the budget.

5. This committee recommends to the Board of Commissioners that an Owner's Protective Liability policy be obtained to protect the Department of Public Works, County of Clinton, its offices, agents and employees; DeWitt Township, its officers, agents and employees. The A. T. Allaby Insurance Agency offers this for \$275.00 for 300,000/500,000 coverage. This covers us until the job is completed. This should come from the contingency fund and it is possible that we will be reimbursed.

6. The committee approved rental of a 3M Model 209 Copier Machine for a month at a cost of \$40 plus paper.

7. Approved change of bookkeeping system for the Friend of the Court. Additional cost to start up \$112.50.

Commissioner Chamberlain moved, supported by Lankford, to approve the committee recommendations. Voted and carried.

He then presented a report of the Fairgrounds Property Committee.

Item I - After discussion, the committee approved 21 lights for the Quonset Building at a cost of \$1,380.00 of which \$690.00 would be reimbursed by the state.

Chamberlain moved, supported by Andrews, to approve the committee's recommendations. Voted and carried.

He then moved, supported by Andrews to approve Item II. Voted and carried.

Item II - Other improvements approved were semi-permanent boys and girls dressing quarters in the east end of the Quonset, new wash rack facilities for the livestock, waste water pits around eight water hydrants, put a concrete slab about 10 x 30 along one wall in the beef barn for hog exhibits, do some grading and put concrete slab for better loading area. These items would be done at no cost to the County, if Commissioners grant approval.

County Equalization Director, Lorenz Tiedt presented the County Equalization Report. Discussion followed. It was moved by Shepard, supported by Gove, to table the report until Tuesday, April 21, 1970 at 9:00 a.m. and to invite the township and city assessors to attend the meeting. Voted and carried.

Commissioner Cobb states that larger tires for the Sheriff's cars are recommended. He moved, supported by Gove, to authorize the larger tires at a cost of \$450.00. Voted and carried.

Commissioner Underhill moved, supported by Shepard to approve additional equipment on the Zoning Department car at a cost of \$112.50. Voted and carried.

Commissioner Shepard presented a tentative budget for the year of 1971. It was moved by Cobb, supported by Chamberlain, to approve the budget as presented. Voted and carried.

all units in the county should have been studied by the State Tax Commission in submitting a report.

Supervisor Duane Smith also expressed his belief that taxing units in the southern edge of the county are being unduly affected by Lansing influence and also speculation. He concurs with Openlander.

Tom Hundley, City assessor of the City of St. Johns is unhappy with the city's factor. They are undecided as to what action to take but he does feel that present procedures are inequitable and discriminatory.

The Board recessed at 10:00 a.m. Upon again coming to order, discussion was resumed. Supervisor Angell of DeWitt Township states that he too feels that the studies conducted by the State Tax Commission are not entirely adequate but he thinks that each taxing unit can do a great deal to correct inequities.

Supervisor Austin of Ovid Township feels that the State Tax Commission study was not entirely satisfactory.

Supervisor Barks of Olive Township expresses dissatisfaction with the State Tax Commission studies. He stresses lack of uniformity in their appraisals.

Commissioner Gerald Shepard states that assessors within the County have tried hard to effect uniform assessments and are to be commended for their work and efforts.

It was moved by Shepard, supported by Hufnagel, to adopt the Equalization Report as presented. On a roll call vote, those voting aye were Cobb, Nobis, Chamberlain, Underhill, Hufnagel, Lankford and Shepard. Nay Gove, Sirlrine, Montgomery and Andrews. 7 ayes, 4 nays. Motion declared carried.

Equalization Committee: Gerald Shepard (Chairman); William Hufnagel; Gerald Lankford; Duane Chamberlain.

Commissioner Montgomery reporting for the Tri-County Airport Authority study commission states that the bill is progressing satisfactorily. Several amendments are being considered and will be reported on at a later time.

Commissioner Shepard announces meeting dates for the Tax Allocation Board. The County Budget will be reviewed on April 28, 1970 at 1:00 p.m.

Commissioner Montgomery placed in nomination the name of Lawrence Maier, supported by Shepard, as a member of the Clinton County Zoning Commission.

Commissioner Lankford nominated Virgil Zeeb. It was moved by Cobb, supported by Hufnagel, that nominations be closed. Voted and carried. It was then moved by Cobb, supported by Gove, to table the above matter. Voted and carried.

RE: Commissioners expense accounts. It was moved by Cobb, supported by Hufnagel, to approve Commissioners expense accounts as presented. Voted and carried.

Commissioner Chamberlain suggests that the Board should consider sending a representative to the Legislative breakfasts or meetings to present the County's viewpoints on impending legislation.

The Board recessed for lunch at 11:45.

P.M. SESSION

Upon again coming to order, Commissioner Lankford reported on several Resolutions:

1. President's omission of the word, county. It was moved by Lankford, supported by Hufnagel, to receive and place on file. Voted and carried.

2. Sanilac on voting (Paper precincts - 400 registered voters). It was moved by Lankford, supported by Chamberlain to receive and place on file. Voted and carried.

3. Hillsdale County - County Assessor. It was moved by Lankford, supported by Sirlrine, to receive and place on file. Voted and carried.

4. Kalamazoo County - Taxation (6 Items). It was moved by Lankford, supported by Montgomery, to receive and place on file. Montgomery then withdrew his support and restated the motion, which was supported by Lankford, to concur and place on file. Voted and carried.

MAJOR TAX REFORM RESOLUTION

WHEREAS, with increasing frequency, representatives of local government and school districts are being confronted with the dilemma of rapidly increasing costs of operation through primarily one source, increased taxes on real and personal property, and

WHEREAS, existing property tax laws, assessing and taxing procedures place an excessive, and seldom equitable, financial burden on residential and business property alike, and

WHEREAS, the ever increasing costs of owning a home are contributing significantly to both local housing problems and

the difficulty of financing needed community services and facilities, and

WHEREAS, State-wide tax reform is needed to alleviate the foregoing problems,

NOW, THEREFORE BE IT RESOLVED by the Clinton County Board of Commissioners, that the legislature of the State of Michigan be urged to take active steps toward State-wide tax reform in the resolution of the present and increasing crisis as follows:

1. Amendment of State income tax so as to provide all required operating and capital improvement funds for schools and welfare functions from a State-wide income tax.

2. Retention of State income tax credit for property tax paid and encouragement of the Federal government to adopt a Federal income credit for that portion of the State income tax which is allocated to the operation of schools.

3. State legislative assurance that the only tax burden on property would be that necessary to finance local governmental operations and capital improvements.

4. Enactment of requisite legislation, designed to provide authority for local governmental entities to impose fees or "user charges" for such services as water, sewers and airport facilities and parking fees as a possible further easing of the property tax burden in those instances where direct beneficiaries of these services can be clearly identified.

5. Provide that residence of a given locality be accorded the prerogative to financing local governmental operations and improvements by millage levied by a vote of the people.

6. Return assessing authority to local governmental units as the result of elimination of the need for major equalization of property taxes, other than at the County level, and which assessments should be based upon presumed cash valuation arrived at on a mandatory basis of present actual use.

5. Washtenaw (Sheriff being called to act with no compensation). It was moved by Lankford, supported by Sirlrine to receive and place on file. Voted and carried.

6. Hillsdale County - (Revising School system). It was moved by Lankford, supported by Sirlrine, to receive and place on file. Voted and carried.

7. Allegan County - House Bill 3975 (Annexation). It was moved by Lankford, supported by Montgomery, to concur and place on file and to forward copies to the proper governmental bodies. Voted and carried.

TO THE HONORABLE BOARD OF COMMISSIONERS

Gentlemen:

Your Committee on Taxation and Equalization does hereby recommend that the County Board of Commissioners go on record as favoring the passage of House Bill No. 3975 and wish that a copy of this resolution be sent to our two State Representatives and our State Senator, the Governor and all Boards of County Commissioners in the State of Michigan.

Respectfully submitted,
RESOLUTIONS COMMITTEE
Gerald Lankford, Chairman
Andrew Cobb
Robert Montgomery
Maurice Gove

Valma Beaufore, County Treasurer, appeared. She requests Commission approval to pay delinquent out-county school taxes (Intermediate, Special Education and Community College only) in the amount of \$13,364.00. (She now has 4,500 in the delinquent tax fund).

Commissioner Shepard moved, supported by Montgomery, to transfer from the General Fund, the budgeted amount \$10,000 into the Delinquent Tax Fund. Voted and carried.

RE: Child care funds. It was moved by Montgomery, supported by Shepard, to transfer the juvenile home appropriation \$36,450.09 to the Child Care Fund. Voted and carried.

PROCLAMATION

It is the purpose of this proclamation to further the welfare of all bicycle riders in the City of St. Johns during the week of September 14, 1970, which is hereby officially declared to be BICYCLE SAFETY WEEK.

I earnestly call upon all citizens of St. Johns to join in a vigorous and organized effort to promote greater safety to all bicycle riders in the City.

I seek the cooperation of all owners of bicycles in having their vehicles inspected to assure proper operation of their wheels while in motion. I urge them to make the necessary adjustments upon discovering any defects.

I further urge Police and School authorities to support this effort to make every street in the City of St. Johns as safe as humanly possible and thus add to the happiness and enjoyment of all members of the community.

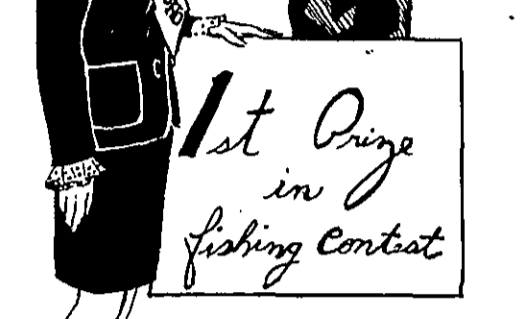

It is only thru the alertness, vigilance, and interest of every citizen of St. Johns that Bicycle Safety Week can achieve its worthy end, and I therefore call on every citizen to give their voluntary and whole hearted support to this collective effort.

A mini-center?

For some time we have thought how great it would be if the St. Johns railway station could be converted to some community use.

But recently a paper crossed our desk carrying a feature story of a rural community which did just that.

Why not in St. Johns? Why not a mini-community center where local artists could display their work or historical relics of the county could be displayed in museum fashion?

It would be good if the idea could be pursued. We'll lend our support.

Autumn again

As the days of summer wane and the sun dips below the horizon a little earlier each evening, we know that nature is sending out its first gentle warning of the approach of a new season.

In the "South 48," Jack Frost treads softly bringing color and briskness to the scene. Since Alaska has been added to the roster of states, it is fitting to note that autumn steals across the north with sharper but equally fascinating changes.

TAKING FIVE A big problem

By RON HUARD

There's a whole lot of concern these days over a drug problem among young people and I'd be the last to deny it's a tough deal. In addition, there's all kinds of speculation as to the reasons youngsters take to stuffing themselves with reality escaping concoctions and probably all of them, to some extent, are valid.

The central point in the controversy has been ignored. This isn't New York or Chicago. Things that are discussed in the meetings will have little national significance.

CHEVY'S VEGA

Chevy's Vega 2300 lower, wider than foreign imports

Chevrolet revealed details of the Vega 2300—the new "small car line" it expects to become a leader in the economy market. "Vega 2300 is unlike any other Chevrolet ever built," John Z. DeLorean, General Motors vice president and Chevrolet general manager, said.

"It meets the growing desire for an American-built car which—besides being small in size—is fun to drive, safe, comfortable, economical to own and operate, easy to maintain and long lasting in both construction and styling," DeLorean said.

"Vega sets a new standard of customer value in the economy market with performance and handling far superior to any car in its field," he added.

DeLorean said the full line of four Vega 2300 models goes on sale in dealerships on Thursday, September 10th.

They include a 2-door sedan, a 2-door hatchback coupe and a sporty 2 door "Kammback" wagon—all four-passenger models. There is also a unique one-passenger Vega panel express truck available with a second passenger seat.

With a wheelbase of 97 inches, an overall length under 170 inches and a sedan weight of 2190 pounds, the Vega is generally the same size as other economy cars but offers significant differences.

It is nearly eight inches lower and over four inches wider than the best selling foreign car. It has greater passenger room and trunk space. Its lower center of gravity and wider tread helps the Vega hug the road in American freeway driving.

Vega's excellent handling is due to a specially designed front suspension and steering system that

gives high cornering ability, responsive steering and less driver fatigue on long trips. A new custom tailored braking system includes standard front disc brakes.

Computer-selected full coil springs at each wheel plus extensive body sound deadening give a smoother, quieter ride than the usual economy car.

Vega's most innovative feature is its new lightweight overhead cam four-cylinder engine. This engine—specially designed and built in this country for the Vega—meets performance needs of American drivers while giving impressive fuel economy and low emissions.

The 140 cubic inch engine (or 2300 cubic centimeters as indicated in the Vega 2300 name) develops 90 horsepower. There is also a 110 horsepower optional version. Both are designed to operate efficiently on the new lead or low-lead gasolines. A new open combustion chamber design contributes to more complete burning of fuel and improved emission control.

The Vega engine is the first in the industry to use a new high-silicon aluminum alloy and a recent breakthrough in aluminum casting technique in its lightweight engine block. The result is a large piston displacement engine with high torque output at moderate speeds and good fuel economy.

In Chevrolet tests thus far, the Vega has been getting about 25 miles per gallon with a standard engine and 3-speed manual transmission.

Vega's unitized body by Fisher contains a number of "firsts" in the economy car market including:

—An exclusive new power-flow ventilation system which con-

stantly provides a controlled supply of outside air to the passenger compartment. The system is in operation whenever the ignition is on and uses functional louvers at the rear of the car to exhaust air.

—Steel side-guard beams in the doors. Vega also has the other Chevrolet safety features for occupant protection, accident prevention and anti-theft (see complete list).

—Advanced double-panel roof construction for added strength and greater sound isolation.

—New, more comfortable full foam molded seats front and rear with all-vinyl trim.

—Flush, lift-up door handles and a radio antenna in the windshield add to Vega's aerodynamic body design.

Here are details of the four Vega models:

2-Door Sedan—This model establishes the clean, individual styling of Chevrolet's newest car.

High output Power Beam headlamps flank a silver finish, grid pattern grille. Doors are wide for easy entrance and exit. Full door glass is part of the exceptional visibility offered Vega passengers. Wrap around bumpers give front and rear body protection.

Chevrolet has promised American auto buyers that Vega 2300 models will maintain a continuity of styling for at least four years with "no change for the sake of change."

Hatchback Coupe—The Vega coupe has a swept back roof and rear deck styling. Its "hatchback"—a wide combination rear window and rear deck extending from roof to bumper—swings up for easy access to the rear compartment. It is counterbalanced and needs no prop for support.

The coupe's rear seat folds down to give a full cargo floor and a total of 18.9 cubic feet of luggage area. There is a concealed storage area below the load floor for spare tire and small articles, a feature also on the wagon.

Kammback Wagon—Here is a completely new type of 2 door sports wagon. It blends the cargo carrying utility of a station wagon with improved handling stability.

Because it incorporates significant theories on auto streamlining of the late Dr. I.A.M. Kamm, the Vega Kammback is named in his honor.

This responsive, fun to-drive vehicle has a rear window-door that lifts for maximum accessibility and a fold-down rear seat that allows a total of 50.2 cubic feet of load capacity.

2-Door Panel Express—This trend-setting vehicle brings to Chevrolet's truck lineup the first domestic small economy truck with a fully enclosed commercial body. It has a 68.7 cubic foot cargo capacity and carries a 650 pound payload.

Few changes visible on first mini Gremlin

The Gremlin, first of the new breed of U.S. subcompacts, was introduced by American Motors in April, 1970. For 1971, the car has undergone modest interior styling refinements and received a 135 horsepower, 232 CID Six as the new standard powerplant. The new engine replaces the former 199 CID Six and results in a net gain of seven horsepower. The new standard Six is offered with a choice of either floor or column-mounted manual transmission.

A new optional powerplant for the Gremlin is a 150-horsepower, 258 CID Six, which includes a three on-the-floor, full-synchromesh transmission. Shift-Command automatic transmission is available with either engine.

The uniquely styled Gremlin continues to be offered in two and four-passenger versions, the latter including a rear liftgate as standard.

For 1971 the four-passenger model is available as the Gremlin X, which includes special custom trim and equipment.

The Gremlin X is marked by hood and body stripes, and a grille painted the same color as the body. The Gremlin's unusual slant back bears a large rectangular decal in the same color as the stripes, available in black, white and red.

Gremlin X models include three-on-the-floor transmission, bucket seats in pleated vinyl, interior appointment package, slot-style wheels, D70 x 14 tires and a Space-Saver spare tire.

Dimensions remain the same as in 1970—161 inches overall

on a 96 inch wheelbase. The Gremlin presents a low, wedge-shape side profile of less than 52 inches in height.

A custom roof rack and wide side rally stripe are options available to add to the Gremlin's utility and appearance.

Eleven of 14 exterior colors are new for the Gremlin—eight available on the Gremlin X custom package—and contrasting dual pin stripes are standard. Three new shades of blue, green and red are offered in interior pleated vinyl upholstery patterns. Black continues as a fourth choice.

Interior door panels bear new embossed patterns and armrests are redesigned and re-located for added comfort. All Gremlin interior trim and appointments are color coordinated.

An instrument panel package tray is included with air conditioning or the custom interior appointment package.

New custom wheel covers are available on the Gremlin, as well as new options of Turbo-Cast and wire wheel covers, or spoke-style wheels.

Pollution action

By REP. WILLIAM S. BALLENGER

Governor William G. Milliken signed several important bills into law recently. Of prime importance was a measure (HB 4021) which provides for the prohibition, monitoring, and regulation of wastes discharged into our state waters.

Under the leadership of Governor Milliken, and through the almost total recognition of the seriousness of our pollution problem by the legislature and the general public, this has surely been the first year in which Michigan has really taken dead aim at its pollution problems.

There is no question that Michigan must be considered the leader among all 50 states in the fight against pollution—and with good reason! With our vast natural resources, including the waters in the state and surrounding it, we have perhaps a greater need to take the lead. As Governor Milliken put it: "Michigan has done more than any other state in controlling pollution and with the passage of this bill sets a precedent for our nation."

THIS BILL, coupled with another bill which allows citizens to sue polluters, should provide Michigan with the foundation it needs to reverse the devastation of our environment.

In other action, cities, villages and townships will be able to establish police cadet training programs for persons between the ages of 18 and 22 years under the terms of HB 4197. Governor Milliken called this bill "Another important part of Michigan's effort to improve the professionalization of our law enforcement agencies," and added, "It (the bill) represents the most important action ever taken by a Michigan legislature to up-

grade police services in this state."

In addition to the new bills on pollution signed by Governor Milliken this week, the Michigan Water Resources Commission announced that it had drawn up a proposed regulation that would ban all uses of mercury within the state except of essential medical and research purposes. The proposed regulation calls for the ban to go into effect on January 1, 1971. The Commission has asked Attorney General Frank Kelley for an opinion on whether it has the legal power to take this step. If the ban is imposed it will affect a number of agricultural and industrial enterprises.

The Rt. Rev. Bernard J. Sheil Catholic Bishop once said: "If a Non-Union worker in a partially organized industry is receiving a good income, it is quite probably because his Non-Union employer, in order" to keep the Union out, "meets, or nearly meets, the higher wage and hours standard of Union establishments. Clearly such Non-Union employees are eating the fruits of others sacrifices. The workers in the Union shops perhaps risked their jobs to get their Union recognized, and pay monthly dues to keep it going. It is a categorical injustice for Non-Union employees, enjoying the common benefits, to refuse to carry their share of the common burden."
